

Bob Wear Talks To Canyon Club

"The home is a divine institution. It was conceived in the mind of God and by Him brought into being. The home was established for our well-being and for the purpose of procreation. Being a divine institution we find that God has given certain definite laws governing the relationship which make the home possible. Husbands are told to love their wives as themselves, and wives are told to be in subjection to their husbands. Parents are taught to bring up their children in the nurture and admonition of the Lord. Children are instructed to obey their parents in the Lord and to honor their fathers and mothers. These brief references to the law of God give us the fundamentals upon which a home can be established and successfully maintained," said Bob Wear in addressing the Schooner Club in Canyon Tuesday evening.

Mr. Wear continued, "The home is the basic unit of society, it is the foundation of democracy and I think that all of us realize that our nations can be stronger or better than our homes. There has been a shifting of responsibility in recent years. Many people seem to think that the school, the church and the youth organizations should take over the important task of rearing the children of the nation. It does not matter how good these organizations are they cannot replace the home."

"The rearing of children is primarily the responsibility of the home. The home is the place where our children should receive religious instruction, sex instruction and where they should be directed in the ways that are right. 'Train up a child in the way he should go, and when he is old he will not depart from it.' (Prov. 22:6). We must work, diligently, to strengthen our homes. The task of making the home strong is the joint responsibility of fathers and mothers. The task of developing good character in children is a joint responsibility."

Plan To Pave Airport Road From City Limits

County Commissioners' Court Monday night employed an engineering firm, Smith, Parkhill and Cooper, to work out plans and specifications to pave the strip of road from the Hereford city limits out to Clover Airport, according to County Judge L. H. Foster.

The engineering firm is the same which did the city paving Judge Foster said. He said notice for bidders will possibly be published this week. All the commissioners attended the meeting which was, as usual, a light session as are all the last Monday of the month meetings, Judge Foster said.

Entertains Sunshine Club In Sheppard Home

Sunshine Club was entertained in the home of Mrs. C. E. Sheppard Monday afternoon. Mrs. Clint Lundry, president, presided when Mrs. Billy Wells, a former member, was welcomed back into the club and Mrs. Fred Higgins was welcomed as a new member.

Birthday gifts were presented to Mrs. George Minor and Mrs. J. C. May and Ludie Kay Pulliam received the penny gift. Special guests were Mrs. J. W. Thomas, Mrs. Nate Thomas, Mrs. Robert Calloway and Nannette McMurry. Mrs. Clint Lundry will be hostess for the next meeting on April 10.

Refreshments were served to Mesdames J. C. May, Clint Lundry, Billy Wells, Oscar Vaughn, Elmer Mathis, Iris Pulliam, the special guests and the hostess.

Frionans Vote Saturday For School Trustees

Friona Independent School District voters will choose two trustees at the polls Saturday.

Four candidates: G. Cranfill, J. McFarland, Clyde Hayes and Steve Struve are on the ballot. Cranfill and McFarland are up for re-election. Both have served the past three years, Cranfill as president and McFarland as secretary.

William "Bill" Shirley of Lazbuddy is the unopposed candidate for County Trustee at large.

Sanitation is mighty important to the turkey poulter. Brooder houses, brooders and all brooder house equipment should be thoroughly cleaned and disinfected before the poulters are put in the brooder house.

Pasture plants need a rest period to regain their vigor and to allow them to produce a seed crop. Correctly planned programs of deferred grazing will give them this needed rest period.

thers and mothers. The task of developing good character in children is a joint responsibility." The speaker concluded, "We need more home life and better home life."

Round Town

(Continued From Page One)

Home Demonstration Agent, Mrs. Argen Draper and assistant, Doris Mahaffey, were there Tuesday and Wednesday attending a 2-day demonstration agents' meet.

Cluster Quenton Smith, president of Oklahoma City University, was in Hereford Sunday.

Perry McMinn and Earl Wood attended the regional VFW convention in Amarillo Sunday. They heard Charles Ralls, national senior vice - commander of the Veterans of Foreign Wars from Seattle tell the 400 somewhat delegates that "preparedness is vital."

Whiteface Thinclads Place At Panhandle

Hereford High Quarter Mile Charles Gresham placed third in the 440 at the Panhandle High School Invitational track and field meet Saturday afternoon against stiff Class A competition from 17 schools, including State record holder Bobby Crooks, Memphis, who won the event in 53.7 despite a finish in the strong wind.

The Whiteface mile relay team

lost a very close decision for third place to Dimmitt and settled for fourth and perhaps a chance to even the score in competition at a later date. Leonard Walterscheid, Bill Kelly, Dale Oak and Charles Gresham were carrying the baton for Hereford colors.

Dimmitt won third in the meet with 16 points while Memphis stacked up 31 points to win and White Deer had 18 for second. Lefors pressed Dimmitt with 15 and defending champion Phillips had 11. Easley of Dimmitt ran second

in both the 100 and 220-yard dash. Crum won the 220-yard Low Hurdles for the Bobcats. The Dimmitt 440-Relay ran second behind the winning Phillips quartet who ran it in 48.4. The Mile Relay team edged Hereford out for third to wind up Bobcat points. Memphis won the event in 3:46.8.

Reserve commissions are granted for five years in the Army Nurse Corps and appointments to the Regular Army Nurse Corps are given only to Reservists.

Scottish Ritters Hear Speech On Brotherhood

Earle Fisher, principal of Summit School in Amarillo and teacher of the Polk Street Methodist Church Men's Bible Class, spoke to Hereford Scottish Rite members and their wives at Hotel Jim Hill Monday night at the Order's annual Ladies night.

Mr. Fisher spoke on the brotherhood of mankind and also paid tribute to the builders of the community. He said builders of a community are very closely associated with friends of man and that "next to knowing God, being a real friend is one of the greatest attributes of great living, in truth there can be no difference between serving God and

man, the line is drawn so thin." Mike Baird introduced Dr. W. M. Curl, also of Amarillo, who introduced Mr. Fisher and in so doing paid tribute to the builders of the hotel and especially Jim Hill.

Howard Gault was program chairman.

Members heard a report on the DeMolay trip to the 30th Grand Council in Ft. Worth recently and an explanation of the new DeMolay Endowment Fund. The Republic of Mexico and 38 states were represented at the meeting.

Hereford Bull

By "MIMIE GILLENLINE"

Time changes everything—except the way people like to talk about the weather. I got into an argument with Grady Rogers, but never did convince him that the windstorm last Sunday was a mere gale as compared to those of the "dirty thirties."

In addition to the inconvenience and trouble caused by a "duster," there is an intangible something which is depressing. A dust storm creates a feeling of fear to caustrophobia for most people. In a lot of instances people are frequently proud of how bad things can become. You have probably seen parents who were proud of having the meanest kid in town, or maybe some fellow who pointed with pride to how much whiskey he could drink, and quite a few desperadoes are intensely proud of how bad they can appear—but did you ever see

anyone who was proud of a dust storm?
Not even Homer Fox, and he is an old roogie who has seen a lot of them. Remember how he has been jumping all over me about not writing this column? Well, Homer missed last week, and I hope a lot of you drop in and give him just what he deserves. All of which reminds me of a letter, which I hope I can unearth somewhere on my desk.

Ordinarily we do not print unsigned letters. This is based strictly upon the fact that we do not appreciate someone who writes something which he or she is ashamed or afraid to sign his name. However, this one seems to be a little bit off the beaten path, so here goes:
"Sometime ago I read in The Hereford Brand that someone

wrote that the 1942 Hereford Whitefaces was the greatest team that Hereford ever had. I am writing to disagree with whoever wrote it.

"I have been a sports fan of the Whitefaces for some years now. I have seen all the teams play since 1940. It is my opinion that the team of '45 was the best. I have been checking some records and find that the team of 1945 scored 364 points to their opponents' 40 points in 10 games. When the team played Phillips this same year, 1945, I happen to know for a fact that four or five first string men got out of bed to play the game. Otherwise, I feel certain—and so do a lot of other people of this town—that Hereford would have won easily. Even though the boys were sick, the game came out 14-14 and Phillips won on penetrations 3-2.

"Of the first eleven there were eight of the boys who made district teams. So you can see by that, that the team was great, if not better than the team of '42. I believe if you print this letter that you will find many other people agree."

—A 1945 Football Fan

Boy, you can say that again—about his being a 1945 Football Fan. Well, I personally saw both teams in action, and I would not begin to say which one was the best. They were both mighty, mighty good teams. I do remember that they gave Little Joedy Bishop three shots of penicillin to keep him on his feet for the Phillips game in 1945, and that Freddy Close was also a clinical case during the game. It's just one of these things you can argue about a hundred years and

never settle. That '42 team was also a honey. They not only beat down Phillips, but also took Wellington in the regional and since Wellington was my old hometown, I shall always have a warm spot in my heart for this team. I only hope that 1950 will produce a squad of anything like the calibre of either team. I sure believe they could win State under the new set-up.

Harry Caylor is in a dither. It seems he got to arguing with himself about money being concentrated in the East as compared with the West. The Bank of America N.T. & S.A., San Francisco, Calif., has \$5,775,110,629 on deposit, but Harry says California allows "branch banking," which makes this possible through operation of branches all over the state. Second is National City Bank, New York, with \$4,669,251,863 and third is Chase National with \$4,384,572,391. Of the first top ten banks he says six are in New York City, one in Frisco, two in Chicago, one in Los Angeles. Incidentally, Texas has five in the top 100 banks; fifth on the list is Republic National, Dallas; fifty-second, First National, Dallas; seventy-eighth, First National, Houston; eighty-sixth, Mercantile National, Dallas, and ninety-eighth, Forth Worth National. The 100 largest banks showed a combined deposit total of \$65,950,419,802, which is strictly a lot of dough.

Anyway, Harry has convinced me. I don't argue with anyone about money—and least of all, with a banker.

Tom Carter says we have some good news. He says that the Lady

Homer Fox Says:
DID YOU KNOW.....

Monday morning, the many friends over this territory were shocked to hear of the death of L. "Shorty" Reece from a heart attack, Sunday.

Shorty came to this country close to 30 years ago, he was only 5 1/2 years old and sure didn't look it. He was of the old Western type man, a good man, a good friend and a good neighbor. He worked in and around Hereford and Friona, ranching and farming most of these years. The last few years he has been wheat farming and ranching northwest of Hereford and doing mighty good.

Shorty Reece was a hard worker, he'd done his job well. In

the thirty years we knew him, we never saw him when he didn't have a smile on his face and a ready answer to anything you had to say to him. In those thirty years we never heard him say one single hard thing against any man, and during this same time, we never heard anyone say anything hard about Shorty. I never heard a man say that he didn't like him and I don't believe there is a man living that knew him that didn't class him as their friend. The many friends, and he had hundreds of them, will miss Shorty Reece in a lot of ways, and like all of these many friends, our heartfelt sympathy goes out to his good wife and their three boys.

There has been and still is, a lot of conversation about Marlin Gilliland and Jimmie Gillentine in a matched wrestling match at the Bull Barn. Jim has been trying to laugh it off as a joke, and Marlin, better known to his old wrestling fans as "Slats," is serious about the whole thing. Just this last week, Slats, came out flatfooted and said that Jim Gillentine was afraid to wrestle him. We have inquired into the matter pretty thoroughly, and find enough to

believe that Slats is right, and Jim is afraid to wrestle him. Back in the old days when Slats was carrying the old pig-skin for Hereford High, he was a mighty tough "Humbre." He was one of the best blockers we ever had, except when he would turn sideways, he was so thin he would miss his man. But he was always in shape and a mighty well muscled man. He still "totes" those muscles today, look him over sometimes and see how his chest sticks out, where he carries his package of cigarettes in his shirt pocket. There won't be but one fall anyway, Slats has a bet hold of his own, it is called the "POT SPREADER" hold and when he gets that on his opponent, they just can't gather up the pot for a second fall that night. Which is okay, as this match is supposed to be a finished match, and it will, cause Jim has a lot of "POT" to spread.

Abe Martin and I decided that it was time something was done about it, we also decided that we would lay our "chips" (Cow chips that is) on Slats. He (Slats) is ready at a moment's notice for the match, the rest is up to Jim. Three things I would love to see happen pretty quick: First—Every Greenbug in the country get an old-fashioned chronic "Belly ache" and can't eat any more of our wheat; second—a good old-fashioned soaking rain; third—Slats Gilliland spread Jim Gillentine "pot" all over the square canvas; maybe then this summer "sometime" we could beat Vega playing baseball.

Every Texas farmer and ranchman should completely execute census questionnaire when

it is received. Census figures are widely used for many purposes and they need to be accurate.

To the Citizens of Hereford, Texas

WM. McGEHEE

As all of you know that I am offering for the office of Mayor for our little City I thought it necessary on my part to inform you further as to the policies and methods I intend to pursue in event I should be chosen to represent you as Mayor for the ensuing term. I have taken a solemn oath that I am qualified to fill this office of honor and trust. Had it not been so I would not have signed the oath.

All of my adult life has been spent here on these high Plains, and I like all others that live here have made a record not only in private but also in public life where I served in some official capacity or another for well over thirty years. No one so far has questioned the fact that this record is still a good one; any way it has up to this date not been questioned.

The only criticism I have heard that would in any way affect my fitness for this position came from persons unknown to me. It was not worth noticing; however, for your information I will repeat the accusation. This friend whom I had not seen for some time commenced by asking me how I felt. "Fine," I replied. "Well, Well, I must have been misinformed," my friend rejoined. I had just gotten into town a few minutes ago and met some men I knew. One of them told me that your health was failing fast and that he believed should I be elected to the office of mayor that I would have to be carried to the cemetery within six months. You know and I know that the fellow that made that statement had some object in doing so; anyway, I am sure he will not vote for me.

I ask you one question: Does it make sense that anyone who has so conducted his life that at the age of 78 years one of the best qualified Doctors and surgeons on the plain who has examined me in the past few days says that I am as well preserved physically as the average man of 55. Considering the above as authentic, in my opinion I believe my age should be an asset rather than a liability. Why may I ask did our Congress select men of mature years for members of our Supreme Court and appointed them for life, many of whom served with honor and distinction to around ninety years of age. I am referring to this Court from the time Chief Justice Marshall was appointed to the time when President Wilson appointed its last member.

If our lawmakers were to follow the policy suggested by the fault finders; then I suppose our beloved Tom Connally would be retired from the U. S. Senate. Friend Tom I believe stands out as not having an equal in all of the members of our Congressional bodies.

Let's go back to the oldest history we have that relates that Abraham, Moses and thousands of other leaders were practically older than myself. Is not the above a true statement?

I believe and I find that practically all of our citizens believe that the office of Mayor should be a full time job. Hereford is growing and we believe will continue to grow. As it grows the City will necessarily have more business to keep it abreast of the times of the country.

I believe that practically all of our people believe that anyone trying to fill the office of Mayor properly should devote his entire time to the duties of the office. As the City grows anyone to serve the best interests of the community should be willing to devote his entire time to the duties he has assumed which of course would require practically all of the time of anyone assuming the office of Mayor.

As for myself I have sold my business which prospered far beyond my fondest expectations and retired over three years ago, and could if elected give all of my time to the affairs of the office which I had been elected. You see that I am making no sacrifice whatsoever. I merely want to be kept busy with a life of service. I am fed up on this retiring business.

I have contributed cheerfully to all worthwhile enterprises and activities in so far as my limited means and time would permit.

I have dotted the landscape around Hereford for many miles with complete irrigation pumps, at a time when no one else would consider such a task under the conditions that existed at the time I arrived here in 1935. True My old friend, D. L. McDonald, explored this water territory years before and proved that the water was here. When I came along Mr. McDonald had moved away and taken up the task of drilling city and commercial wells. I must say that he done his work well.

In 1939 I took a course in water engineering in California at the expense of the Co. that I represented here in Hereford. I believe that this knowledge alone might if considered might save the City Hereford many thousands of dollars in friction costs and avoid the sand sediments partially filling our water mains. I have found that many men with a water engineering diploma make some unpardonable mistakes. If elected I might be able to save our many dollars by having this knowledge. Anyway, I would try to do so.

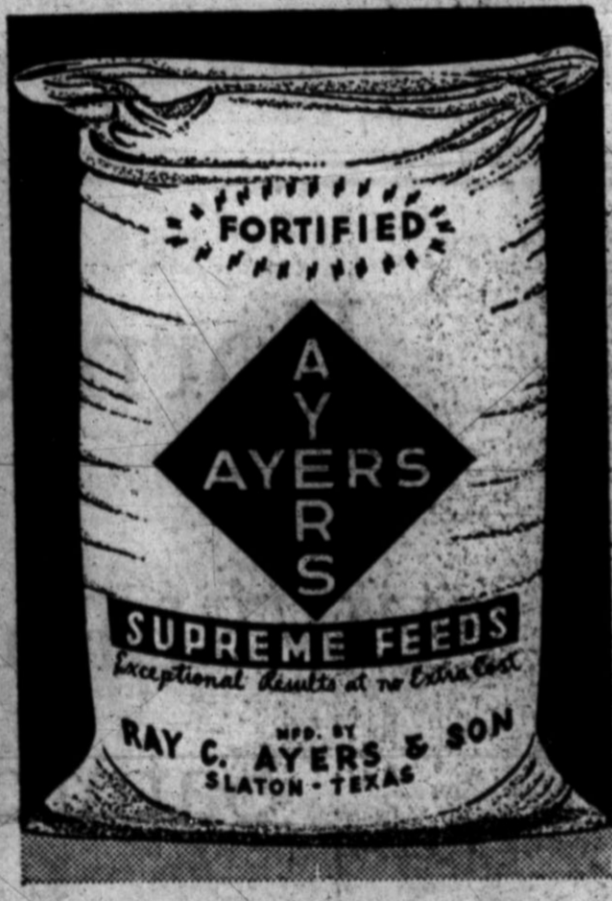

In conclusion I will state that I hope the people of this City will go out and vote their sentiments on election day. I would not be proud of being elected or defeated by a minority vote. If I could be defeated I hope to live in Hereford many more years and the country and City progress surely and soundly. If I am elected I hope to do the same. I leave the question with you. I bow to your will.

Legal Notice

NOTICE TO BIDDERS

Sealed proposals addressed to the Commissioners' Court of Deaf Smith County, Texas, will be received at the office of the County Judge, until 2:30 p. m., April 17, 1950, for furnishing all necessary materials, machinery, equipment, superintendence, and labor for finishing subgrade, constructing caliche base course, and asphalt surfacing, on the Clover Airport Road, being along the east line of Surveys 62, 63, and 64, Block K-3, Deaf Smith County, Texas; beginning about 2055 feet south of the N. E. corner of Survey 62 and extending north approximately 1.64 miles. The principal items of construction are:

- Finishing Subgrade—Approx. 21,200 sq. yds.
- 6" Caliche Base—Approx. 21,200 sq. yds.
- Double Asphalt Surface Treatment—Approx. 19,100 sq. yds.

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of L. H. Foster, County Judge, in an amount not less than five per cent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered.

The Successful Bidder must furnish bond on the form provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "unbalanced") unit prices will authorize the Owner to reject the bid. The Owner reserves the right to reject any or all bids, to waive formalities, and to accept the bid which seems most advantageous to the County's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing rates of wages as established by the Owner.

Said scale of prevailing minimum rates of wages is set forth in the specifications.

Information for bidders, proposal forms, plans and specifications are on file at the office of Judge L. H. Foster, Hereford, Texas, and Parkhill Smith and Cooper, Consulting Engineers, 1414 Avenue J, Lubbock, Texas, and may be secured upon request.

Burk Says Farm Situation Is Our Greatest Problem

AMARILLO — E. T. Burk, who was raised on a farm and has dealt with farmers all his business life, said this week that he considered the farm situation the nation's greatest problem. "I will discuss this problem right up to the day of the election," said the leading candidate for Congress in the 18th District. "Every farmer faces a bad situation. He faces the loss of

price support or else he faces a great tangle of controls that could take management of his farm sailing off to Washington. Only common sense can solve this grave problem.

Agriculture is basic. From it we live, regardless of whether we are city or rural dwellers. A farm depression would spread to every phase of our life and business. It could bring business collapse. And how the Communists would welcome that.

If we were suddenly knocked out all supports, the price of nearly all of our money crops would collapse. That would be nothing less than the govern-

ment turning the farmers out to the dogs. On the other hand, if the government supports this basic industry through price guarantees or loans, there is certain to be a loud howl from Washington for strict controls, even on the home poultry flock that furnishes egg money.

This is a knotty problem. The government cannot afford to plunge agriculture into a depression, but we cannot have an effective profitable agriculture with a Washington bureau running every farm. So what is the answer? We must continue price supports until we are positive that

their removal will not cause a price collapse. But we must also keep the farmers managing the farms. Any measures of acreage or production control voted by the Congress must have local community administration. We must not let agriculture down and we must not place our farmers under the dictatorial thumb of a Washington bureau. When I go to Congress, I'll fight unceasingly for a common sense farm program with common sense local administration."

S-Sgt. and Mrs. Robert Bicknell, Tinker Field, Oklahoma, visited the Hereford home of their parents, Mr. and Mrs. Bob

Bicknell last week end. While here they bought a 1950 Chevrolet from Kinsey-Motor Company and drove it back.

CARD OF THANKS

May I express my deepest thanks to each of you who have been so kind and thoughtful during the past few days. The flowers and other tokens of sympathy were appreciated.

Choose an Automatic Gas Clothes Dryer and Pick Your Washday

There'll be no more worry over rainy weather, no more heavy baskets to carry, no more straining to hang clothes when you dry them the modern way — automatically with GAS.

Clothes will be protected from dust and the fading which comes from long exposure to the sun.

Place your wet clothes to tumble inside the automatic GAS clothes dryer. Set the automatic shut-off for the time you wish. That is all there is to drying clothes the modern way.

You can toss away your clothes line... banish your barometer... and pick your washday... when you choose an automatic GAS clothes dryer.

District Governor Speaks At Friona Lions Club Meeting

District Governor C. A. Cryer of Borger was guest speaker at the Friona Lions Club last week. He talked on Lionism.

Boss Lion J. T. Gee called attention to the dates of the Farmer County Fat Stock Show, April 7 and 8, to be held in Friona at the FFA Show Barn. Classes were also describing. The Lions sponsor the annual event.

Gee also gave a report on the Friona FFA team winning first

in the state leadership contest at Huntsville.

Otho Whitefield was introduced as a new member.

Members are urged to attend the district convention at Childress April 30, May 1 and 2. Friona Ladies' Night will be April 27.

Thirty-nine Lions and four guests were served. The guests were Cryer, "Tex" Hanna, Borg-er coach, Clyde Denton, and Vera Ann Jones, pianist.

Mr. and Mrs. Dexter Schofield left Tuesday for their home in Los Angeles, California. Mrs. Schofield is the daughter of Mr. and Mrs. Jack Roberson.

Mrs. Richardson Is H. D. Club Hostess

Mrs. J. T. Richardson was hostess for the Cultural Home Demonstration Club at her home Friday afternoon.

A demonstration program was presented with Mrs. Raymond Palmer giving a bed-making demonstration and Mrs. Wayne Johnson demonstrating a work simplification program. In answer to roll call members listed jobs to simplify and to report on at the next meeting. Mrs. Richardson gave the hostess report.

Refreshments were served to

Mesdames Grady Parsons, C. S. Barclay, Wayne Johnson, R. C. Childers, Bill Hargett, Raymond Palmer, Ed Adams, E. W. Hobson, Louie Olson, Earl DeHart, Paul Corbett, George Parker, Pat Robinson and the hostess.

Three Teachers Visit In Lubbock Schools

Three Shirley School teachers visited Lubbock schools this week as a part of their Visitation Program whereby they are entitled to visit an outside school each year.

Della Stagner, Mary McInnis and Jewell Malone visited the K Carter and Brown elementary schools in Lubbock. Other teachers from Hereford are scheduled to go to Lubbock this week.

While in Lubbock Mrs. Malone and Mrs. McInnis were interviewed on the Brunched Club program over radio station KSEL, Lubbock, Tuesday morning.

County Farmers Plant Many Tree Windbreaks

According to M. W. Stewart, chairman of the Deaf Smith County Wind Erosion Conservation District, several cooperating farmers in this county are planning protective windbreak tree plantings around their farmstead buildings. Trees and shrubs furnished by the Soil Conservation Service nurseries which are

maintained throughout the country for this purpose.

O. V. Hennan, who is planning on starting a commercial nursery himself on a small acreage just south of Hereford on Highway 51, received 100 Austrian Winter Pine. He plans to have a windbreak of three rows of trees around a building site, but is getting started too late to do much good this year. Additional trees will be supplied him next fall and winter.

Stuart Condon, Jr., received 300 Chinese Elm, 150 Austrian Pine, and 50 Western Yellow Pine. His place is about 2 miles west of Dawn on Hwy 60. He plans to plant a three-row windbreak on the west and north side of his farmstead. He will use the Elm on the outside, the Pines next, and some low-growing species of plant near the buildings.

Mr. and Mrs. Lewis West received 150 Austrian Pine and 50 Western Pine. On their farm 10 miles north and 1 west of Hereford they plan a windbreak on the north and west and also a double row of Elm on each side of the driveway in to their house.

Moody Stephan and his wife are fixing up their farmstead 12 north and 1 east of Hereford. They received 150 Austrian Pine and 50 Western Pine which will be used inside a row of Elm already started. They plan to have a row or two of Popular—close

planted—at the back (or north) side of their house. The garden and orchard will also be protected by a windbreak.

Mr. and Mrs. L. R. Vaughn on the Guggenheim place 12 north and 3 east of Hereford received 50 Chinese Elm and 150 Austrian Pine. They have started a windbreak, which when finished will be several rows wide on the west and north and around the orchard. They have a fine little orchard already in production and plan to prune, spray and protect it.

All of these farmers are supplementing the trees granted them with many other plants, shrubs and flowers from commercial sources. On these flat, endless plains a farmstead is set off beautifully by trees and shrubs. Where water is available, lets have more of such plantings. If applications are made in the fall of the year the Soil Conservation Service, as well as your Home Demonstration Agent, can usually supply you with almost anything in the way of windbreak planting stock which you may desire. Please get your applications in as early after September first as possible.

IS SPEAKER

Mrs. A. L. Manjeot was guest speaker for the Hale Center Pioneer Study Club Saturday. Her subject was "Conservation of Natural Resources." She was accompanied by her sister, Mrs. P. H. Gilliland, and both were guests of Mrs. Roy Dodson, a former Hereford resident.

Mr. and Mrs. George L. LeGrand were in Amarillo on business Friday.

4-H Club Dress Review Announced At Home Demonstration Council Meeting

The March meeting of the Deaf Smith Home Demonstration Club Council was held at the Court House Saturday afternoon. Recreation was led by Mrs. E. W. Womble, Jr. Mrs. Henry Kinsey, president, presided.

Mrs. Dyalitha Brady gave a brief talk concerning Red Cross work stating that a two-thirds report from the rural communities leaves \$60.00 yet to be raised to meet the goal.

Mrs. Tom Draper, CHDA, announced a freezing demonstration to be held in Hotel Jim Hill on April 8 at 2:30 p. m. and Mrs. V. E. Dodson announced the Dress Review date for May 6. The review will be held in the high school auditorium and the 4-H Club Girls will model dresses they have made and the club women will model dresses or suits. Music will be provided by Mrs. N. G. Elliston and Mrs. E. K. Pinnell.

On April 14, Miss Ada May Marshall will present a program for the 4-H Club girls at the high school at 2:30 o'clock and all club members are urged to be present.

It was announced that all clubs will feature a guest day program and are requested to no-

tify the demonstration agent before April 1 if her assistance is desired.

Thirteen clubs were represented at the meeting with six reporting 100 per cent attendance. They were Ford, Heiselman, Progressive, North Hereford, Cultural and Fairview.

Members attending were Mesdames T. J. Parsons, E. W. Womble, Jr., Earl DeHart, F. J. Walterscheid, R. C. Childers, R. N. Cooke, E. L. Brown, Lucille Park, J. E. Dyer, George Eptink, Christine Pettyjohn, W. A. Springer, D. E. Chisholm, V. E. Dodson, Oscar Bronniman, Tom Draper, Hardy Benson and Miss Hilda Both.

Mr. and Mrs. Joe Uken of Davenport, Iowa visited Mr. and Mrs. Carl Sundeen Monday and Tuesday. The Ukens are the aunt and uncle of Mrs. Sundeen. They stopped here on their way back from California where they spent a month. Mr. Uken is in the sign painting business in Davenport.

Mr. C. C. Ferguson will return from an extended visit with her daughter, Mrs. Sam Reid, Jr., at Lake Tawahcher, Hoodville, Texas Friday.

Mr. and Mrs. R. L. Rogers have returned from a month's vacation and fishing trip spent in

Hot Springs, New Mexico. Enroute home they stopped in Bovina for a visit with relatives there.

To prevent soft-shell eggs keep a supply of oyster shell in separate hoppers before the hens at all times.

CHAMP SIGNS—Joe Louis announced signing with a circus to tour Canada, in Waco Saturday night as he wound up his exhibition tour of the United States. The famed Brown Bomber said he didn't want to go through the grind of training into shape for a title bout.

Mrs. Jerry Stoltz and son went to Hobbs, N. M. Wednesday to spend about a week visiting. They made the trip with Mrs. S. G. Stoltz of Hobbs, who spent the first of the week visiting in Hereford.

Second--- -Guessing BY JERRY STOLTZ

Kinda cold for good fishing according to most local anglers. However, Jack Wilkins caught one, and several others have been trying.

The annual Tri-State Senior golf tournament date has been set for July 10-15. Did you know John Patton has made almost all of the 15 of these tournaments held?

The sports scene is beginning to pick up. The kids are rolling along with their softball and attracting quite a bit of attention. Whiteface trackmen are improving and even if they don't show much in the District this year they'll do better next time. Track is one sport that builds up over a period of years and not overnight.

Junior High gridmen will start spring football practice soon.

That brings up the point—did you notice where Pampa dropped track this spring for Spring Football practice. Just another strong point towards keeping Class A schools from turning back to having Spring practice. Another two years without football interference and track will be well established.

Interest continues to pick up in bowling. They had to postpone opening league play a week because so many small items have had to be done. By the way, league keglers will be throwing at new wood instead of the old pins. J. V. Campbell has a whole set of new pins just for that type of competition.

Diggin Divots

The wind blew Sunday, which ought to be enough said for golf, but believe it or not five brave souls braved it to give a try to the old maxim that nothing can stop a golfer.

Frank Latimer, Ted Young, J. M. Posey, John Channer and Jim Terry played. The scores were understandably high. Ladder play during the week found J. M. Posey still in second place after withstanding John Channer's challenge. Dick Lucas moved up to 30th place with a one-up win over T. J. Clay. Bruce Wooddell is now in 34th place.

A couple of Don'ts—Don't use your putter for a crutch when you lean over to pick up your put out of the cup. Denting the greens around the cups like this has things where a short putt is very uncertain, especially for the late starters.

Don't dig your ball out of the cup with your putter. It tears up the sod around the cup, breaks the lip down and makes putting bad. Reach in and take it out with your hand.

Jim Terry reports all the bear grass has been cut out of the fairways and they will start top dressing greens next week.

Five points to be observed as correct in the golf swing according to PGA bigwigs are:

1. A steady head position at the start and throughout the swing. This was recognized as souls weathered the wind, which posture and maintaining correct body balances during the swing.
2. Firmness of the left hand grip and control of the left arm at the start and throughout the swing. This insures the formation of a circular arc with the clubhead and promotes the cohesion of both sides of the body during the swing. It was

St. Anthony Plays Umbarger Nine Today

St. Anthony's rampaging softball team will go out of their way for trouble this afternoon when they journey to Umbarger to play Umbarger Grade Schoolers at 12:30 o'clock.

A former St. Anthony pitcher, Joe Artho, is slated to go against Ken Walterscheid on the mound. Artho pitched for St. Anthony last year.

The St. Anthony team is undefeated this year. They plastered Central 12-1, and Shirley 10-8 in their two early season starts.

Their coach, Father Nathaniel, is trying a shift in his outfield set-up, giving David Erdman a chance at left field and Bob Vinton an opportunity to make good in right. These two rookies will be playing on strictly a try-out basis, according to the coach.

recommended that emphasis be placed upon left arm development to compensate for the natural "right-handedness" of most golfers.

3. Ball placement—that the ball should be placed to the left of center position as regards the feet. This gives a longer arc with which to generate clubhead speed, encourages "hitting through the ball" and also aids in the keeping the player "behind the ball" at impact. This ball placement was emphatically recommended for all except the unusual and special type of shots.

4. A preliminary waggle of the clubhead with the hands and a "forward press" with the legs. This promotes "feel of clubhead" and releases tension, thereby enabling the player to take off with co-ordination and a smooth start.

Kasaboski Is Bounced But Wins Curtis Bout

Just how much can a man take?

Alex Kasaboski was just a man trying to make an honest living Saturday night doing his best to bash in the head of his sworn enemy, George Curtis. The two had a rather heated argument a couple of weeks ago in a Tag-Team match at the Barn. It became so heated that a duel "to

the something or other" was called and last Saturday Kasaboski got some flying lessons through the courtesy of Curtis, the father of all pilots.

It was a no-time limit go. Kasaboski won the first fall with a Half Crab in barely 35 minutes. Curtis came back and threw Kasaboski out of the ring three or four times. He then lifted his sights and started throwing him over the top of the ropes. He ranted and raved and growled and groaned so much he just landed on the referee and knocked him out, too.

All this second fall happened in six minutes. Curtis was disqualified and lost everything. Somebody said he had to hitch hike out of Hereford.

The first match wasn't bad, either.

Herb Parks substituted for Olan Boyton in the Whitey Walbergh tussle. Whitey won the first fall in 26 minutes with a Full Nelson. Herb came back and won the next with a Knee Thrust but used up a lot of precious time doing it.

With a scant minute to go the two had to call it a night with no winner announced. It was a draw.

Army Reservist Here Receives Commission

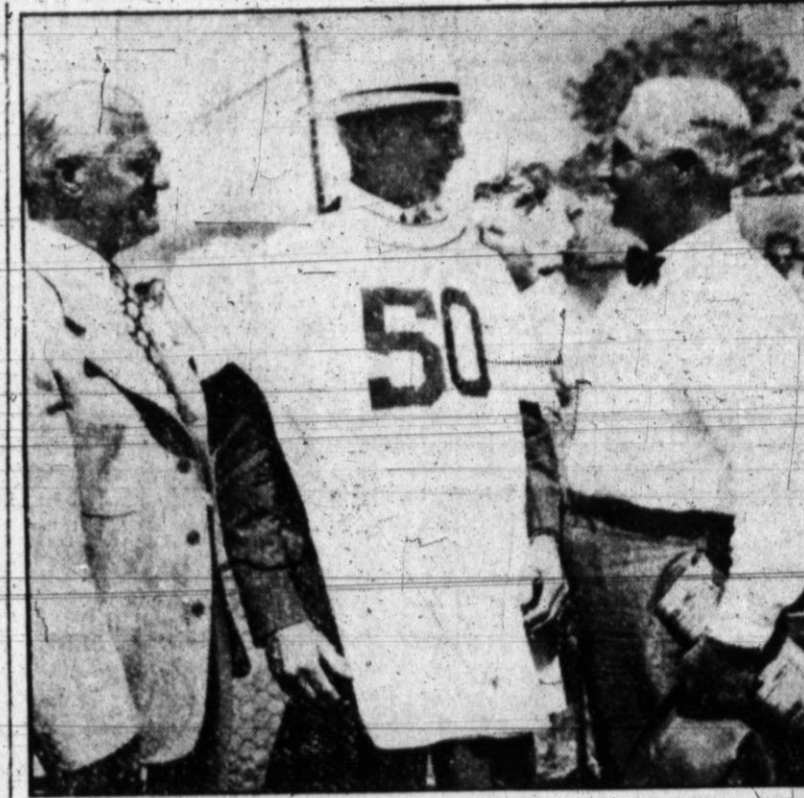

Edwin Flood became the first member of the Hereford Army Reserve Unit to receive a commission since the unit was activated about a year ago, this week. Flood received his commission as a Second Lieutenant in the Infantry.

Lt. Flood received his commission through the Army plan whereby any of the top three graders could apply for a commission, take physical and mental examinations, go before a board and receive it.

He went on active duty in May 1944 during the War, served as an Infantry instructor at Camp Walters and eventually was discharged at Ft. Bliss in May, 1946.

VACATION QUEEN—Anita Tinsley of Detroit, Mich., has been selected by the Phoenix, Ariz., Chamber of Commerce as the "Tourist Queen of Arizona's Valley of the Sun." Anita holds the title during the current winter vacation season.

50 YEARS PILOTING "A'S"—American League President Will Harridge, left, and Brooklyn Dodgers' manager Burt Shotton, right, congratulate the "Grand Old Man of Baseball," Connie Mack, on his 50th anniversary as manager of the Philadelphia Athletics in West Palm Beach, Fla. "Mr. Baseball," who has spent 66 of his 83 years in the game, said his son, Earle, would succeed him at the helm.

TENNIS—WASHINGTON, D. C.—The professional tennis game has an interesting angle. You either make good the first year or you are out of business. Another feature of the professional tennis game is that there's only one or two openings a year. Rookies aren't breaking in all over the country as in baseball. Each year the professional tennis ranks can absorb only one or two amateurs.

But in tennis it is also sudden death for the chosen rookie. If he doesn't whip the pros. Take the case of Pancho Gonzales. He had to win the amateur crown last year to get a crack at the one professional tennis tour in this country which means something. And where does he stand today—on the eve of temporary oblivion.

Something seems to be wrong with such a system. There are no teams playing each other. There are no leagues. There is only one tour. That tour offers the lucky contenders participating in it high reward. If the chosen amateur makes less than a hundred thousand dollars on such a tour, he is falling below average. And that's a lot more than baseball rookies get—even the best of them!

Gonzales couldn't beat the old pro, Jack Kramer. His fans thought he would come around, but Kramer turned him back. Gonzales can't match big Jack in 1950 and that's all there is to it. So what happens to him? He is to be dropped from the next tour. Probably the new amateur champ will be selected to play Kramer. Pancho will have to find something else for a year or so. If he can come back, maybe he can break into the tour again, but it's hard to do.

State Experiments With Business Type Efficiency

By DAVE CHEAVENS
Associated Press Staff
Austin, Tex. (AP) — A new approach to the problem of getting the most out of a tax dollar is being tried in Texas.

The State Board for Hospitals and Special Schools has hired a firm of experts to put big business efficiency methods into a political institution.

The interesting thing will be to see how this experiment works out.

Many times in the past government agencies have employed outside help to make specific studies of some operation. Usually the reports are read and filed to catch dust in the nearest convenient pigeonhole.

But never before in the memory of anyone in Austin has a state agency employed experts to make recommendations, then followed through by hiring those experts to set up the system they recommended. That's what the hospital board did.

The auditing and management studying firm of Ernst and Ernst is known over the nation. It has offices in 47 North American cities. It conducts audits, surveys management procedures and takes on almost any kind of job related to industrial methods.

The hospital board, impressed with the magnitude of the task it faced in analyzing business management of the mental institutions and other hospitals and schools, paid Ernst and Ernst \$3,000 for a quick preliminary study of what was wrong. The industrial engineers, after a three-month look, found plenty and reported back to the board.

Among other things it found the hospitals were not doing as good a job as they might in curing people of their mental ills because the medical superintendents had to spend too much time on business management details. These superintendents are doctors, not business men. In some cases they might be both, but they are not hired primarily to check reports on egg and hog production on hospital farms.

So the hospital board gave Ernst and Ernst another assignment.

They will recommend a man to direct the business affairs of all the institutions in the 20 million-dollar-a-year enterprise. The board's executive committee will

do the actual employing of this man, who will be paid around \$3,000 a year.

He in turn, with the advice of the efficiency experts, will put business managers in each institution. The Ernst and Ernst firm will also continue to use its own men to supervise installation of their recommendations. The pay will be \$1 per hour for each topflight man, and less for others—the exact total amount not yet known.

Chairman Glad Gilmer of the board said that whatever the figure might be, it should be worthwhile. The board expects the new system will result in ultimate savings that will greatly overbalance the money paid Ernst and Ernst.

The firm will continue to supervise until the board considers that its services are no longer needed—in other words, until they get their plan of handling the business affairs of each institution and the entire elementary system going.

Board member H. B. Zachary of San Antonio, who in private life is a big time contractor, said he thought the new plan out to help take some of the politics out of running the institutions.

Just what the reaction of the Legislature will be to this unique method of running a tax-supported agency remains to be seen. Thus far lawmakers have taken it pretty calmly, but the action was taken after the special session ended and they haven't had much opportunity to pop off.

Apparently the board hopes the thing will be so obviously economical that the legislators won't be in a position to say much the next time they meet. Zachary told the board that when business institutions run into problems they hire experts to solve them. He didn't see any reason why it wouldn't work in government.

Wind Gives Henry Dobbs A Hard Time For Awhile

By MRS. OWEN ANDREWS
Brand Correspondent

The wind really blew at Frio Sunday as will be testified by Henry Dobbs. He grabbed for his hat, a second too late and as it took off across the field at about 15 miles an hour, the Dobbs got in the car. They headed the hat off at the Dimmitt road, and all was well, except for a little wear on the hat. The brim is probably a little narrower, now.

Mrs. L. A. Leith and Sandra of Dimmitt, visited the Shannons Saturday afternoon.

Those from Frio attending the Worker's Conference at the Baptist Church at Summerfield Thursday were Rev. and Mrs. R. L. Shannon, Mrs. Bill Dickson, Mr. and Mrs. Henry Dobbs, Mrs. E. B. Berryman, Mr. and Mrs. W. H. Thompson and La Von.

Church Notes

In the "Help Wanted" section of the Leslie Local-Republican, Leslie, Mich., the following advertisement appeared recently: "Look here! Wanted—Men, women, and children to sit in slightly used pews Sunday mornings, 10 o'clock, Leslie Methodist Church!"

Superintendent meeting 7:30
Prayer Meeting 7:45
Choir Practice 9:15
Sunday Trng. Union 7:15
Sunday Eve. Worship 8:30

The Professional Photographers Association of Greater St. Louis has adopted a "code of conduct" to be applied when pictures are being taken in and around churches. Some of the rules are: "We will get in touch with the officiating clergymen before wedding ceremonies, and make inquiries as to their regulations on taking pictures of the ceremony on other occasions. We agree to abide by the rules of each particular church. We will make no unnecessary disturbance and will work as quietly as possible at our duties at all times. We will at no time leave used flash bulbs, empty cartons, or film-pack tabs, or other wrappings on church property."

FIRST METHODIST church is expecting a large attendance next Sunday, Palm Sunday, and provisions will be made to handle the crowd. Sunday night two movies will be shown: "Paul's First Missionary Journey" and "Unto Thyself Be True" are the names of the movies. Sunday evening at 6:30 and 8:30 two adult classes will be shown. At the early class the subject will be "What Jesus Believes" and at 8:30 "Building a Christian Personality" will be the subject. Everyone is invited to these classes which will be held in Ward Hall.

All members of the First Methodist Choir are urged to be present for practice Thursday evening.

CHRISTIAN SCIENCE Services are held each Sunday morning at 11 o'clock at the Star Theatre. All who are interested are cordially invited.

"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 2.

The Golden Text is: "Surely God will not hear vanity, neither will the Almighty regard it" (Job 35:13)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For the eyes of the Lord are over the righteous, and his ears are open unto their prayers: but the face of the Lord is against them that do evil" (1 Peter 3:12)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Ignorance of God is no longer the stepping-stone to faith." (preface vii).

FIRST CHRISTIAN will hold Sunrise Services Easter morning at the new Tower Drive-In Theatre on the Friona highway. No time has been set yet for the services. According to Rev. Roy

MOSCOW GETS BULLISH OVER ELSIE THE COW

(SPECIAL) — According to press dispatches from Moscow, Elsie the Cow has been cited in the Soviet humor magazine "Crocodile" as an example of "The Wild Morals of the Transoceanic Monarchy of the Dollar — The Land of America." "Crocodile" told its Russian readers how Elsie travels around the country in style, published a photograph of her with her holiday hat on and another of her traveling kit, including her famous cow-metics and perfumes. The description of Elsie's whimsical stage props, as if she really used them, showed the usual absence of humor by the Soviets. According to Elsie's spokesman, the famous bovine doesn't give "two moos" what the Russians think of her, and that where the Reds are concerned, "No moos is good moos."

WILL YOU GRADUATE?

The Successful High School Student Stands Judgements

By MRS. AUDINE DETTMAN
People are asking this question now more frequently as the time draws nearer and nearer. As I hear this question, I begin to wonder just how we should de-

termine who should graduate. What does graduation mean to the public? How can a high school graduate be selected from the crowd after he has left school? Does a high school graduate have any distinguishing characteristics? If so, what are they?

After thinking on this subject for some time, I have written down some of the skills and attitudes which I think EVERY high school graduate should have. If you are rather high degree, you should not claim the honor and distinction of the title "High School Graduate;" and you most certainly should be training yourself in the traits you lack if you wish to be a useful and happy citizen.

- These are the essential qualities of a "High School Graduate:"
1. Be able to read and understand any ordinary newspaper or magazine article.
 2. Be able to write a correct business or friendly letter.
 3. Be able to keep an accurate businesslike account of money handled.
 4. Be able to spend money wisely taking care of necessities first, luxuries later.
 5. Know and practice the general rules of etiquette and courtesy including the ability to attend any sort of public gathering giving respectful attention—not causing any disturbance or attracting attention unnecessarily, even if the meeting is not interesting.
 6. Have a knowledge of and an active interest in the workings and problems of our local and federal governments and keep informed on all national and world affairs.
 7. Be able to enjoy several kinds of entertainment such as: sports, music, drama, movies, table games; and be a performer in at least one.
 8. Know and practice the rules for good health. Adopt clean personal habits of body and mind.
 9. Be tolerant of other political and religious beliefs.
 10. Take an active part in some religious organization.
 11. Be able to meet and mingle pleasantly with people of all races and social classes.
 12. Be interested in the welfare of all kinds of people.
 13. Always have an open mind—ready to change with changing conditions or as new evidence is presented.

Go To The Library And See The World Reading Books

"Hey, Jack! Come on into the library with me," shouted Bob from across the gym. "Aw, what do you want to go in there for? I've gotta get ready for basketball practice." "So have I, but I've got to get a book now or the library will be closed." "Oh, all right. Let's hurry." Heading toward the library Jack asked, "Do we have a book report coming soon?" "No, why?" asked Bob. "I thought we must, as long as you wanted a book." "Don't you ever read unless you have to? There are some swell sports stories here and I want that book on basketball. Maybe I can get a few pointers on the game." "Of course there are swell sports stories in that library, and many

other books which make enjoyable reading not only for Jack and Bob, but for you too, girls. Do you think you will ever be able to travel to Europe, Asia, or South America? Books will take you there, first class passage for only the effort and time it takes to read them. "You don't have time? Oh, yes you do. What do you do before lunch, while you are waiting for the bus, and the many other spare moments the most of you have? Why not read? It's fun, relaxing, exciting and educating."

Gossip Is A Awful Old Mean Practice

By EARLENA PHILLIPS
"I am more deadly than the screaming shell from the howitzer. I run without killing. I tear down homes, break hearts, and wreck lives. I travel on the wings of the wind. No innocense is strong enough to intimidate me, purely pure enough to daunt me. I have no regard for truth, no respect for justice, no mercy for the defenseless. You will find me in various places, on the tongues of the thoughtless, in the bosoms of the heartless, in the society of beautiful women, in the pews of the pious, and the haunts of the unholly. "I am something born of hatred, sometimes of idleness, and often, even of a thing called Friendship. I am wily, cunning and malicious. I am never without patrons and I gather strength with age. I make my way where greed, distrust and dishonor are unknown. I feed on the good and bad alike. "I am no respecter of persons. Wherever I go I leave a trail of broken hearts. My victims are as numerous as the sands of the sea, and often as innocent. I never forget and seldom forgive. My name is Gossip."

Bear in MIND

When you sit right down and think about it, there is no difference between shopping for insurance and shopping for a piece of meat. When you drop in on the butcher and ask for a pot roast, you do not expect to unwrap a porterhouse steak when you get home. You have paid for pot roast and that is what you get. Unfortunately for everyone, many people think that insurance is all porterhouse steak. That is why we want every one of our clients to know and to bear in mind what they ordered and paid for—insurance-wise. It certainly saves a lot of headaches when a loss or a claim comes along.

MORE ROOM THAN ANY OTHER CAR—another extra value in "The New Step-Down Ride"

LEADERS IN RESALE VALUE . . .
"step-down", designed Hudsons lead in resale value, coast to coast, according to Official Used Car Guide Book.

ROOM! GLORIOUS ROOM! More room and comfort than in any other car at any price!
That's just one of the wonderful advantages awaiting you in the new Hudsons for 1950!

Your first look inside these beautiful new cars reveals seat cushions in all models, including the lower-priced Pacemaker, that are up to 12 inches wider than in cars of greater outside dimensions—and more head room than in any mass-produced automobile built today!

Door and window controls are nested in recessed panels to give you even greater elbow room!

Hudson's all-around roominess is the result of exclusive "step-down" design with recessed floor. Through this unique design, space wasted under the floor and between frame members in all other cars is brought into Hudson's passenger compartment and skillfully utilized for your comfort.

Your own experience tells you that Hudson's fabulous roominess means greater driving and riding comfort than you've ever known before—comfort in which to loll away the miles—comfort that permits you to drive safely and easily at all times!

You are cordially invited to see these great new cars—to enjoy "The New Step-Down Ride" and discover how Hudson's amazing roominess is combined with gorgeous new interiors—Hudson's new, no-shift Super-matic Drive!—and scores of other fine-car features that add up to extra value right down the line. The A. F. Hargett family moved and are now living at 521 Ave. H in Hereford.

Mr. and Mrs. Walter E. Robinson spent last week end in the home of Mr. and Mrs. Earl DeHart.

Mr. Harry Payne of Gould, Okla. and Jess Richardson of Hollis, Okla. were visitors in the J. T. Richardson home Thursday and Friday.

Raymon Childers, Sr. and Mrs. C. S. Barclay were honor guests at a birthday dinner given in the Raymon Childers home Sunday, March 12. Other guests present were: Mr. and Mrs. Sid Barclay, Mr. and Mrs. Bill Simpson and Betsy Kay, Mr. and Mrs. Gordon Witherspoon and Mr. and Mrs. Wayne Johnson.

Mr. and Mrs. Sam Stanford

and children are new residents on the Sid Barclay farm.

Mr. and Mrs. Fred Wolfington were guests in the home of Mr. and Mrs. Raymon Childers last Sunday evening.

Raymon Childers, Jr. has purchased a new piano. He is very proud of it.

Mrs. Sid Barclay spent the day in the home of Mrs. C. S. Barclay, Thursday.

The Law And You—

By BOB KIRK

DO YOU KNOW that legally you could become your own uncle?

By being adopted by your grandparents, you could become in a legal sense your own uncle. The statute declares that an adopted child "shall thereafter

be deemed and held to be, for every purpose, the child of its parent or parents by adoption as fully as though born of them in lawful wedlock."

DO YOU KNOW the rights and obligations of the parties to an adoption?

The natural parents of the child adopted lose all rights and duties towards said child. They may not thereafter ever lay any claim to their child. However, the child may still inherit property from its natural parents.

The adopting parents stand charged with all the duties and obligations toward the child that they owe to their natural child or children. The foster parents have full custody and control over the child, and said child inherits just as fully as a child born to said parents.

The files and records in adoption proceedings are not such records as are open for public inspection. These papers may be

seen only by the interested parties or their attorneys, or by the authority of an order from the District Judge.

(For information on your particular situation see your local attorney.)

Wetomatchick Group Elects New Officers

Wetomatchick Camp Fire Group met in the Hut Monday afternoon and elected a new set of officers.

Laura Jane Lamm was elected president, Mary Kathryn Huckert, vice-president; Daleine Tinnin, secretary; Dorothy Faye Daniel, treasurer.

The group plans to make costumes for the May festival which will be patterned after their choice of countries, Finland.

One new member, Patsy Ford, was added to the group.

Long Time Ago

25 Years Ago

Some five or ten thousand Deaf Smith and Castro citizens declared a war on the jack rabbits of the two counties on a Wednesday late in May of 1925. All Hereford closed up and schools were let out so nobody could, by chance, miss the opportunity of seeing a real slaughter. It was supposed to be one of the greatest advertising stunts ever pulled in the plains. The plan was to drive all the rabbits in Castro county into a corral near Dimmitt and gallantly club them to death. Thousands of men, women and children walked in the lines on all four sides of the county while others drove old 1925 model cars. But the rabbits outwitted the people from both counties and many an animal was trapped. The alibis were many, some even claiming co-

operation wasn't too good among the "hunters." But all the people met in Dimmitt for a big feast and party to celebrate the end of the "hunt." Whatever the reasons given by the men for their failure one fact remained. The little rabbits showed up an awful lot of big he-men that day.

Grandma LeGrand celebrated her 84th birthday with an informal party in her home. It was a surprise to the honoree.

Mayor E. S. Ireland proclaimed Clean-Up Week in Hereford because Hereford had been long recognized as the most beautiful and cleanest city in the Panhandle.

George LeGrand, son of Dr. and Mrs. G. F. LeGrand, married Gladys Beams, daughter of Mr. and Mrs. George Beams.

While trying to make a whistle

out of a dynamite cap by picking at it with a pin, 12-year-old Junior Orr's hand was mutilated when the cap exploded and blew off the tips of two of his fingers and his thumb.

To the cheers and parade of students, the High School bonds cleared by an overwhelming vote.

Frank Barber, former Hereford citizen who had been living in Lockney for two or three years returned to his first love (Hereford) and decided to enter the insurance business here.

Miss Esther V. Erickson, Red Cross Nutrition Worker, was doing a column in The Brand on various kinds of nourishments and water.

Mrs. G. A. F. Parker played the piano during a Woman's Missionary Society meeting in the home of Mrs. F. T. Rolosen. Mrs. Alvin C. Thompson also played the violin followed by a reading by Miss Aline Hodge.

The Morton Sisters, they held a revival in Hereford, wrote Mr. and Mrs. Jno. C. Hull here to tell about their trip to the city of

50,000 Miles - No Wear!

1. Driven 5 Years in 10 Weeks! For 70 days, six brand-new cars raced over the broiling Mexican-border desert at 60 m.p.h. ... putting amazing new Conoco Super Motor Oil to one of the most punishing tests ever devised. After 50,000 miles of continuous driving, engines showed no wear of any consequence... in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts. Startling proof—factory finishing marks were still visible on piston rings!

2. New-Car Mileage! This rugged road test—equal to 5 years' normal mileage—proved that Conoco Super Motor Oil, with proper crankcase drains and regular care, can keep your new car new! Gasoline mileage for the last 5,000 miles of the test-run was as good as for the first 5,000 miles... actually there was an average difference for the fleet of only 4/100 of a mile per gallon!

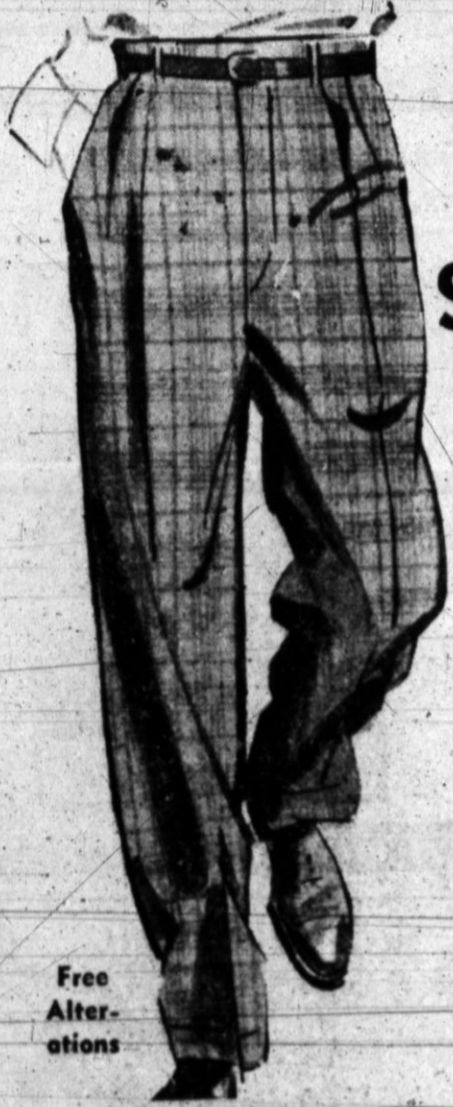

3. New-Car Power! Quicker Starts! Yes—Conoco Super Motor Oil's extra protection keeps that factory flash... that showroom smoothness... year after year! Conoco Super Motor Oil OIL-PLATES metal surfaces to make your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts... keeps your engine new and clean. New Conoco Super Motor Oil is the great new modern wear-fighter!

Work Simplification Leaders Demonstrate

Work simplification leaders from each Home Demonstration Club has given the Agent's demonstration in March. These demonstrations were planned and prepared at the training school held at the rural home of Mrs. Troy Kelly.

Rules the women set up in making any job easier are: 1.—leave out any part of a job you can; 2.—use the best tool for the job; 3.—sit to work whenever you can; 4.—make one job out of two or more; 5.—keep everything within easy reach and 6.—make both hands work.

After having their attention called to keeping everything within easy reach, Mrs. C. C. Billingsley of the Progressive Home Demonstration Club rearranged her kitchen to make food preparation easier. Mrs. Vern Witherspoon of the West Hereford Home Demonstration Club assembled all of her sewing supplies and materials so time could be saved in beginning the construction of garments. Mrs. E. K. Pinnel, president of the Bippus Home Demonstration Club, after studying the jobs that she does every day, planned how to save three trips to the

basement by taking empty jars and food to be stored as she went for supplies in the basement.

One of the most enthusiastic Work Simplification leaders has been Mrs. Clarence Salsy who has already helped five non-club members in making jobs easier. The women she has helped are: Mrs. Mayo Phipps, Box 47, Hereford; Mrs. F. D. Perez, Box 803, Hereford; Mrs. DeWitt Allen, Hereford; Mrs. Noberta Hernandez, Hereford and Mrs. Carl Smythe, Hereford.

The Work Simplification demonstrations have proved very interesting and very beneficial. These leaders are anxious to help club members and anyone else who is interested in making "their head save their heels."

The Stardust Ramblers, were Sunday afternoon guests in the home of R. T. Adams of Hereford. Featured vocalist of the Ramblers is Joanna Halstead.

Mrs. R. T. Adams and David Halstead left for Tulsa Tuesday

to be with Joanna Halstead who underwent major surgery Wednesday. Dr. Fred Richards was the attending surgeon. Mrs. Adams, David and Joanna returned Sunday and Joanna is getting along just fine.
