Hereford Kiwanis Receives Charter

Hereford Kiwanis Club became an official member of Kiwanis International Tuesday evening when Hugh Sandlin, Governor of the Texas-Oklahoma District, presented the charter to Bob Wear, president of the local club.

Mr. Sandlin presented the charter at the close of a talk during which he touched on various points of Kiwanis work. He also predicted great growth in the southwest during the next 10 or 15 years and with regard to the segregation problem, he said, "we need unity among people, not class against class, religion against religion or race against race. Unity at this time is a necessity. The race question is not a legislative problem, but a matter of education and evolution."

He spoke of the challenge and opportunity the new club has, pointing out that Kiwanis is a North American club operating in the United States and Canada and their territories.

Governor Sandlin said Kiwanis is 35 years old and has more than 3,200 clubs with some 200,000 members.

He stressed cooperation with other service organizations and added "where you say there is no room for another service club, you are admitting there is no room for progress."

In accepting the charter President Wear said he felt "the establishment of Kiwanis in Hereford is another indication of the growth of the finest city in the Panhandle."

He continued, saying "a high standard has been set for us by other civic organizations in Hereford."

He continued with remarks on the high standard set by Hereford civic organizations that the new club will try to equal. The president also stressed cooperation and thanked the various organizations groups in Hereford who helped in the formation of the club.

Gifts from the 16 other clubs in Division 6 were presented to Owen Bybee, representing the club, by Bob Selby, Amarillo Kiwanis president.

The Hereford club received a gavel and gong, United States and Canadian flags, a large Kiwanis plaque and a plaque for the hotel lobby saying "Kiwanis Meets Here, 12 noon, Thursday." Song books, lapel buttons and two highway signs that Selby said, "should be placed on the two best highways to Amarillo."

Governor Sandlin also presented

ed a red ribbon indicative of sponsoring the Hereford club to the Amarillo club president.

Johnny Pool, vice-president of the local club, introduced guests including Mayor and Mrs. W. E. Dameron, Mr. and Mrs. J. C. McCracken and Dr. and Mrs. L. B. Barnett as representatives of the city, Rotary and Lions clubs, other guests from Hereford representatives of clubs from Borger, Plainview, Vega, Tulla, Lubbock, San Jacinto Kiwanis, Downtown club and Amarillo club of Amarillo.

Gerald Wilson directed singing of America and God Bless America during the program. Barbara McGee accompanied the singing. Worth Covington led in the pledge of allegiance. H. V. Stanton gave the invocation.

Mrs. Bill Stanford played organ dinner music. Faye Knox, Audrey Hood and Reba Dones sang three selections to complete the planned entertainment.

A Borger woman provided a short unplanned as far as Hereford was concerned — comical moment when she entered as "Cousin Melinda" from Oklahoma to see Bob Wear.

Approximately 145 attended the charter night banquet, including the 33 members of Hereford Kiwanis club.

QUESTION of the WEEK

How many days of growing season do you suppose Deaf Smith County has? Answer according to the Texas Almanac, there are 282 days.

Mrs. E. O. DIXON: I think it would depend a whole lot on the weather. I hadn't given it much thought. I don't believe I will guess. Would you give Mr. Dixon a chance? I'm sure he would know.

Mrs. W. N. Hodges, Sr.: I have not been up and around lately and I don't know if I can give an accurate estimate. But I would guess about six months. We have a place out here on the edge of town.

O. M. Diekey: I say 240. I base my estimate from the time of germination in the spring until a killing frost or the end of the season. I would say about eight months.

Don Webb: My guess is eight and a half months or about 255 days. I am in the feed and stock business and this question is a little out of my line.

D. C. McWhorter: It is hard to say. For wheat and milo, the time from germination until frost will run, I'd say, about 172 days. For garden products, the growing season would be about 30 more days. For an overall estimate for all crops, I would say 202 days.

Kent Snaver: I think if the average farmer were asked, he would say six months. I figure April through September. You might get half of October before frost and you might lose half of April. On the average, I would say six months, or 180 days.

DEAF SMITH REPRESENTATIVE—Grace Fotheringham, on the left, winner of the County Dress Revue early in May, will represent Deaf Smith County in the 1950 State 4-H Dress Revue at College Station Tuesday. Fourteen-year-old Gracie is the daughter of Mr. and Mrs. Robert Fotheringham of the Wyche Community and a member of the Happy Homes 4-H club. Mary Paschel, right, 17-year-old daughter of Mr. and Mrs. Fred Paschel of Ford Community, was second in the Deaf Smith Revue and is an alternate to the College Station trip. Wilma June Wilcox, center, won third in the county show. She will make the trip, although she will not compete in the dress revue. She is the daughter of Mr. and Mrs. W. W. Wilcox of Dawson and 14-years-old.

County 4-H'ers Leave For Annual Statewide Roundup

Deaf Smith county 4-H representatives will leave Saturday night to attend the 4-H Club Round-Up and Annual Extension Conference next week on the campus of Texas A & M College at College Station, June 13 and 14.

County Home Demonstration Agent, Mrs. Tom Draper, will make the trip as will her assistant, Doris Mahaffey. Mrs. T. J. Parsons, a Club leader, will make the trip with the girls on the train according to the CHDA of Deaf Smith.

County Agent, Hugh Clearman also will drive through for the Round-Up. His office said Tuesday, Jackie McCracken and Bill Kelly will probably be the boys to go.

Wilma June Wilcox and Doris Mahaffey were selected to make the trip because of their outstanding work in 4-H clubs, also. Wilma June Wilcox is a member of County-Wide 4-H Club and Doris Mahaffey is a member of Happy Homes 4-H Club. Also from Happy Homes 4-H is Gracie Fotheringham.

The group will arrive at College Station Sunday afternoon, June 11 when the first event is scheduled on the Round-Up calendar. They are to meet in Galton Hall for a Vesper Talk and a 4-H Even Song, Monday, June 12, at 8 p. m. Kyle Field will be the scene of the 4-H production featuring the awards winners and the talent show contestants.

The Kyle Field show will conclude the meeting. The representatives are due back in Hereford Thursday evening.

Indications are that from District 1, Panhandle 4-H Clubs, 75 will make the trip. All expenses will be paid by County 4-H Clubs Miss Mahaffey said.

Local Marksmen 'Roll Own' Ammunition

By John Scott
"Guns are just like people," Wallace Cox says. "If they do good work for the marksman, they have to have good bullets. And every bullet reacts differently to a single gun."

Wallace Cox, who has been blowing targets apart since before 1920, had in mind the people who make their own ammunition.

Several local marksmen such as Patsy Baker, Wallace Cox, Bill Clutter, J. V. Perrin, David Beavers, Delbert Balmun, B. M. Whitshire, V. C. Hopson, and Charles Skelton practice with the skill and precision of a surgeon in making their own bullets. It has to be skill and accuracy if they do any good.

Patsy Clark probably has the most complete line of equipment in town. Wallace Cox says Patsy and Bill Clutter are the best shots in the county — at least in the now small group of gun sportsmen who still use the firing range for fun these days.

The men who make their own bullets usually shoot for practice at a pit on the Fritch high-

way, located across the road north from the canning factory. This location does not meet federal requirements, Wallace Cox says, because it is only a mile from Hereford and shooters fire toward town. However, the embankment is as high as a house, Cox says.

Lack of suitable location for a firing range, one which will meet all Government requirements, is the main factor which caused the Gun Club in Hereford to become inactive last June 1, 1949, according to Cox. There were 60 members in the club.

"There is still some money in the bank belonging to the Gun Club treasury. Although we're inactive now, we still hope to find a good location soon and build a firing range with the money. We had one good place picked out but danger of killing livestock halted the deal," Cox said.

Technical Project
Cox says making bullets is a highly technical project. He says if too much or if not enough powder is put in the jacket, it will throw the accuracy off. If the mold isn't right for the lead

for the bullets, you can't expect to hit the target — no matter how good your rifle is.
Patsy Clark says for \$21 he can set the marksman up with a good powder measure and loading tool. The measure will run around \$12.50 and the loading tool costs \$8.50. However, no molding equipment is included in this figure.
Rather than risk catching one of Patsy's own, home-made slugs for not being technically correct on process of making bullets, they will slide by saying these fellows know their business. They can use the same jacket time after time as long as it is in good condition. It has to have a new cap inserted and it has to be re-sized but the equipment is in Patsy's shop to do it.
Re-Size Jackets
After the jacket has been put in good shape (it expands when it is fired the first time and has to be re-sized so it will slip in the rifle easily and still expand again when it is exploded again) another lead bullet is inserted with still another machine after the powder is measured in with

Farmers Turn Out; Hear Weed Control Specialist

About 60 or 70 farmers and business men attended a meeting and heard a talk at the Court House Monday night on the eradication and control of Bind Weed, Blue Weed, and other noxious weeds and grasses.

The meeting was under the joint sponsorship of The Extension Service and the Deaf Smith County Wind Erosion Conservation District. It was opened by Mr. W. T. Roberson, Vice-Chairman of the Conservation District who gave a brief summary of the weed problems in this District and the importance of controlling them or killing them before they get too much of a head start. He in turn introduced the County Agent, Hugh

Clearman who told of the overall problem of weed control and of the importance of getting something done about them before they become so prevalent that desperate measures, even state laws, have to be resorted to.

Clearman introduced the speaker of the evening, Roger O. Hamilton, Cooperative agent for A. and M. College of Texas and the

Soil Conservation Service Experiment Station at Bushland, Texas.

Mr. Hamilton mentioned the fact that some bind weed and blue weed occur in every one of the Texas Panhandle counties. About 85 percent of the area has small infestations ranging from a few yards to one or two square rods, or one acre, scattered here and there. The remaining 15 percent have large plots, or total infestation on fields of from 30 to 300 acres up to a section or more.

The treatment recommended for the total infestations are mainly CONTROL treatments, since it would not be economically feasible to entirely kill the plants, and thus kill, or render sterile, the whole field, or section, so infested. On the smaller plots he recommends complete kill, by applying a salt-based chemical such as Sodium Chlorate, Borax, Alacide, Polybot Chlorate, and others. But on the large field plots, he thinks it best to treat them, or destroy by frequent cultivations, and raise crops in between. This will afford good control and at the same time allow the farmer to realize some income from the land. For this control treatment Mr. Hamilton is running a number of experiments at Bushland. These include the following:

a. Frequent cultivations, 4 to 6 inches deep all thru the growing season.
b. Crop of Wheat — then cultivate two or three times before sowing wheat again.
c. A Crop of wheat one year and following another year with numerous plowings.
d. A Crop of Wheat, one of sorghums, and then follow one whole year.
e. Spraying with 2-4-d in the spring and again in the fall (for Bind Weed this will keep them under control, but likely will NOT kill them.)
f. Close-drilled sorghums; then after combining in fall spray with 2-4-d and leave without plowing until late in the spring following.

For the small plots which are to be killed outright he is using the following chemicals with results of the test method to be given later: 1. Sodium Chlorate, using 3 or 5; or 7 pounds per square rod of weeds. 2. Borax, using 24, and 30 and 34 pounds per square rod. 3. Concentrated Borax, using 14, 16 and 18 pounds per square rod. The application of either of these will completely sterilize the soil, Sodium Chlorate killing the soil for 3 to 4 years, and Borax, from 4 to 6 and maybe 8 years.

Another new chemical being used is T-C-A. This can be used on Johnson Grass. It is sprayed on wet and should be applied (Continued On Page Six)

Harrison Hiway Should Be Ready By August First

Although rain has slowed up work some, W. V. York Tuesday said the moisture will be a great aid to construction of Harrison Highway in the long run. He added that more water has been used in construction than was anticipated at the outset already. The water is a valuable aid as a softener of the soil.

Half of the asphalt work is finished, York said, and the dirt work is finished all along the highway.

"Weather permitting, we will finish the base work next week. In six more weeks, I think the asphalt work will be done and the highway should be ready by the first of August," York added.

Work is at peak now with over 100 men busy on the \$420,000 road.

York is senior resident engineer. Black topping of two coats of oil and shale has been completed 12 miles west of Hereford on the Harrison Highway.

Stafford Rock Crushing Company has five more miles of the road to haul. This five miles is located two miles west of Bootleg Corner. Traffic can continue through the road construction if care is exerted in driving.

Toastmasters To Have Ladies Night Meeting

Hereford Toastmasters will entertain their wives with a ladies night banquet in Hotel Jim Hill June 20, and also receive their charter from Toastmasters International according to President Robert Thompson.

The meeting will be purely routine, other than the charter presentation, to give wives an opportunity to see how a meeting is conducted.

Francis Hardwick, Sam Nunnally, Ray Conway and Frank Miller made prepared speeches at the Monday evening meeting.

Kerr Meets Channer In 'A' Flight Finals

Joe Kerr and Dr. Channer moved into the finals of the "A" Flight in the Hereford Handicap tournament Tuesday evening.

Kerr ousted J. M. Posey on the 15th hole 4 and 3 while Channer defeated Frank Latimer 5 and 4. Semi-final matches in "B" Flight between Martin Paveltich and Bruce Woodell and John Patton vs. Ed Young haven't been played yet.

Five Hereford Scouts Will Attend Jamboree

Five Boy Scouts from Hereford will make the trip to the National Boy Scout Jamboree at Valley Forge, Pennsylvania June 30, through July 6, it was announced Monday during the Deaf Smith District Boy Scout Council Meeting in Hotel Jim Hill.

Dabney Williams, Lee Drake, Donald Zimmerman, Hubert Godfrey and Norman Bartlett will leave from Amarillo June 24 for Washington and then to Valley Forge, the camping grounds of General George Washington the winter of 1776-1777.

Mrs. J. H. Bowers Died In Houston

Funeral service Friday morning will be held for Mrs. J. H. Bowers, 81, who died Tuesday morning in a Houston hospital. Rev. Don Davidson will officiate.

Mrs. Bowers, one of the pioneers of Hereford and Deaf Smith County, lived in Hereford from 1905 until 1922.

She was born November 22, 1868 at Greenup, Ky., and was living with a son in Houston at the time of her death. Her husband, Deaf Smith County cattleman and farmer, retired and moved to Houston in 1921. He died in September, 1933, and is buried in the Hereford cemetery.

They were married in Forrestburg, Tex., December 1, 1889. Mrs. Bowers was very active in Methodist church work during the time she lived in Hereford. She was one of the early members of the Hereford Mother's Club, which has changed its name now, according to Walter Dunlap.

While her sons were in service, Mrs. Bowers stayed in Hereford with her daughter, Mrs. Walter Dunlap.

Living relatives include two sons, Bob Bowers and Wayne Bowers, of Houston and a daughter, Mrs. Walter Dunlap, of Hereford. Mrs. Bowers had four grandchildren and five great-grandchildren.

Mrs. Walter Dunlap was with her mother in Houston when she died.

Lynch Attorney Asks City To Answer Water Problem

Hereford water "might be only the beginning" according to Ludwig H. Gerber, attorney for Theodor Lynch and company, as he presented another side to the water picture in a meeting with Mayor W. E. Dameron and the City Commission Tuesday afternoon.

Burl Elliston and W. A. Hilton were presented the Hereford Chamber of Commerce.

In saying the water "might be only the beginning," Mr. Gerber explained the Lynch concern does not expect to make money on the water, however the future

Award Bids June 15 For Walcott School

Trustees of Walcott Common School District number 6 hope the new Walcott school will be ready for service by fall.

Located seven miles north of Harrison Highway and 25 miles west of Hereford, the district consists of the consolidation of Bippus, Walcott, Messenger and part of Sims districts.

Bids for the new elementary school building will be opened June 15 by Phillip Miller, president of the board of trustees. O. R. Walker, Lubbock is architect and engineer.

in vegetable juices, breakfast food and various other such enterprises is unlimited, and the Getty backing for such an endeavor would be unlimited.

Mr. Gerber commenced after Mayor Dameron explained the purpose of the meeting was to study the water problem further, with a brief history of Mrs. Getty's association with Hereford Water which is familiar to most Hereford residents.

However he brought out a few facts such as: the company lost upwards of \$25,000 before Mr. Getty withdrew his backing in 1948. At that time Mr. Gerber came associated with the company.

He said they were actually losing from \$300 to \$500 a month, selling the water at \$1.25 per bottle.

They set up a franchising system after he entered the company and one was given to Tarr and McCombe for the western part of the country. He said the only reason was they can afford it, is "taxwise."

When the California distributor gets to where they sell 7,500 gallons a month they figure they will be making money. Today they are selling 6,000 gallons a month. Mrs. Getty's company will make one cent a gallon when

they reach that point, he explained.

He added the company has been at a standstill since February, waiting for a decision from the city.

Plans for Operating
He had never heard of a city in the business of selling water, and doesn't know how they can, short of a communist or dictatorial type of government. And also the Chamber of Commerce is supposed to be the type of organization that assists individual enterprise, and not compete. He also said this Chamber of Commerce does not have the money for this project.

Mr. Gerber went further into general details of the organization and how they plan to operate. He stated he doesn't believe money can be made on water because of the freight rates, and they are trying to get them lowered.

Mayor Dameron, Commissioners O. L. Wilson and Don Zimmerman and City Attorney Ray Cowser and City Law Office asked numerous questions, which were answered by Gerber and Elliston.

The meeting was temporarily adjourned at other matters and was to be resumed late Wednesday if possible.

According to the Soil Conservation rain gauge, 39 inches of rain fell at Garcia Community, 29 miles west of Hereford Sunday. Sunday's rain brought the June moisture total to 1.38 inches.

Tom McFarland, manager of the Hereford branch of the Texas Employment Commission office, is working out of the Amarillo office this week.

When you get your change at City Food or Piggy Wiggy Thursday, don't be surprised at the extra weight. As part of the week-long Silver Dollar Sale, all change will be given in the form of silver dollars. The sale is being participated in by 97 Panhandle Association members and will run from June 8 through June 14, according to Gaylord Newell.

Rev. R. C. Cagle made a flying trip to Dallas this week on a little 10 million dollar matter. Rev. Cagle is a member of the State Board and they are working out a 10 million dollar budget for next year.

Johnny Pool went to Wichita, Kansas for market Wednesday.

Deaf Smith County's biggest baby sitter is expanding according to the Star theatre ad this week. They are offering a free show and story telling hour for the kiddies Wednesday morning from now on.

Scouting Around

Cub Pack meeting was held at the Boy Scout Hut Friday night with a program built around the May theme "Gardening". Mrs. Jason Luck's den presented the flag ceremony to begin and close the meeting and Archie Scott was pianist when the group sang the "Star Spangled Banner".

Following the Pledge of Allegiance Mrs. Ed Cox directed games, and Mrs. Reinauer's den entertained with stunts.

Jason Luck presented Bob Cat awards to Gene Plank, and Gary Paddock. Bruce Miller presented Wolf awards to Jan Wallace, and Jimmie Conkright and arrow points to Jan and Jimmie and Joe Reinauer and Larry Edwards.

Coy Patton pinned blue ribbons on the boys who were members of the tug-of-war team at the recent Palava held in Amarillo including: Gene Plank, Carl Worth Covington, Jimmie Patton, Roger Hamilton and David Brumley.

Cub Commissioner John Hicks announced that during the month of June all dens will meet together at the hut at 4 o'clock each Monday afternoon. He also announced that the next cub leaders round table will be held at the Bruce Miller home at 8 o'clock on June 26.

In conclusion the cub commissioner presented the Webelos award to Jimmie Patton and the group sang "Taps".

Bill Brownlow Wins Hot-Rod Race Sunday
A hoped-up 1932 v-8, driven by Bill Brownlow, and owned by Gene Brownlow, won first place Sunday at the 10 lap hot-rod races at Littlefield. Fifteen cars made the race.

Sponsored by Square Deal Auto Company, the Brownlow owned car has participated the last three Sundays at Littlefield, taking third-place twice and first place once.

Owner Gene Brownlow Wednesday said an effort is being made by him and other in Hereford to inaugurate hot rod races here. He said, as things stand now, chances are "pretty good" of getting them.

We Are Paying 27c dozen for Eggs in trade

D-DAY PLUS SIX YEARS

Six years have passed since American troops stormed the Normandy beaches. The successive campaigns through France, Belgium, Holland and Germany will long be remembered, but time already has erased many of the scars of war. The wartime picture, at right, of Fifth Army infantrymen advancing cautiously through the rubble-littered streets of Frankfurt, Germany, contrasts strongly with the picture below, which shows the same scene today. The peaceful atmosphere in which civilians move quietly about their business is a far cry from the constant rumbling of artillery six years ago. And the clean streets and patched-up buildings bear few traces of the wreckage of the world's costliest war.

DANIEL NEWS

Thursday And Sunday Rains Amount To 31.2 Inches

By Wilma Marie Moore Brand Correspondent

The farmers of this community are continuing to plant their row crops.

The rains Thursday night and Sunday afternoon are proving to be of great help to those farmers whose row crop has already come up, but for some of those whose has not come up there will be replanting. Measurements of rain both nights amounted to nearly three and one-half inches.

Individual Brand news correspondents attended the luncheon in their honor, at the Jun Hill Hotel Saturday.

Mr. Bob Grant, of Sherman, called on Billy Moore Monday afternoon.

Mr. and Mrs. Boyd Scivally and children spent the week end with Mrs. Scivally's parents, Mr. and Mrs. O. L. Carter of near Hedley, Texas.

Billy and Wilma Moore attend a chicken fry at Lake Saturday night. The chicken fry was a going away party for Mattie Jane West and Orlan Fortzberry, who are leaving to attend Draughtons Business College in Amarillo.

Visiting in the J. F. Matthews home for a few weeks are Jo Neli

Matthews, niece of Mr. Matthews and Gloria Sand, a friend of Jo Neli. Their homes are in Childress, Texas.

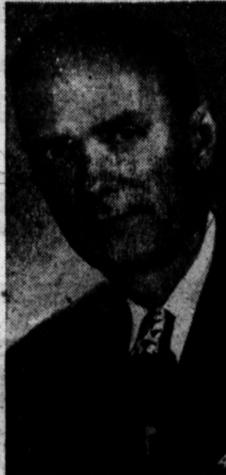

Miss Joyce Moore, daughter of Mrs. J. T. McClain, has returned home for the summer after having attended Wyoming College in Laramie.

Nazareth Moves Up With Win At Tulia

Two of the four Central Plains league games were rained out Sunday. Hereford's one sided whipping of Hart didn't effect the standings very much. But Nazareth edged Tulia 5-4 to move from the cellar to fifth place.

Bill Hoesteln was the winning pitcher for Nazareth. Nazareth trailed 2-4 into the ninth and then pushed three runs across to win.

South Hereford Meets In Frank Miller Home

South Hereford club met in the home of Mrs. Franklin Miller Tuesday with 10 members and one visitor present.

The club went to Canyon to the museum and then afterwards to a roadside park where cookies and cakes were served. The next meeting will be June 20 in the home of Mrs. Oren Russell.

Those going to Canyon included: Mrs. Lowery Walker, Mrs. John Staton, Mrs. Franklin Miller, Mrs. Carroll Hage, Mrs. Ronald Matthews and daughter, Mrs. John Draper, Mrs. Ray Hercheby, Mrs. Ethel Laymon, Miss Evelyn Bell and Mrs. Ark Conklin was a visitor.

Mr. and Mrs. Jake Boydston visited their son and family last week end, Mr. and Mrs. Jack Ecdyston, in Lubbock.

Mr. and Mrs. Luther Birchfield, Monticello, Arkansas, and her mother, Mrs. J. M. Cooksey, Ector, are visiting Mr. and Mrs. E. Ramsey and Mr. and Mrs. H. Caraway. They will leave Friday.

SOME FUNION — This rare publicity photograph is believed to be one of the few ever made in which the queen didn't have a toothpaste ad smile. Miss Charlene Flynn, (above) who has been named **Union Queen**, reigned during Laredo's annual Union Funion, weeps prettily as carves one of the Laredo area's choice examples of the "with" of a "hamburger with." (AP Photo)

Black Club Honors Retiring President

The Black Social and Study club closed the current year with a covered table luncheon at the club house Thursday, June 1. Lovely flower arrangements decorated the serving table and other tables throughout the club house.

There were 13 members present, each answered the roll call with a chosen subject.

The retiring president, Mrs. Maude Allmon was surprised with a shower of gifts in appreciation for her years work.

The new president, Mrs. Helen Fangman appointed her committees for the coming year.

HOTEL CHAPEL — Tiny Meditation Chapel, tucked away on the third floor of midtown Manhattan's Biltmore Hotel, is believed to be the only such place of worship in a hotel. Established in 1924, the chapel was blessed for use by the Catholic, Protestant and Jewish faiths. Its doors are never closed. Although sometimes the scene of small weddings, the non-sectarian chapel is not used for regular services. No collections are taken and no records are kept in the unique place of worship.

5 REASONS WHY

YOUR LONG-TERM FARM LOAN AT THIS BANK SAVES YOU TIME AND MONEY

- YOU GET PROMPT SERVICE** — No red tape. Your loan is made by the bank, at the bank, through our special arrangement with The Equitable Life Assurance Society... a decision on your application in 3 or 4 days... up to 40 years to pay.
- YOU PAY NO EXTRA CHARGES** — You pay only 4% on the unpaid balance. No stock obligations. No fees and no commissions to pay... only the usual abstracting or title policy and recording expense.
- YOU CAN PAY ANY AMOUNT AT ANY TIME** from farm income—Interest is stopped the day payment is received. This famous **FARM INCOME PRIVILEGE** is saving money for thousands of Equitable Society borrowers.
- YOU PROTECT YOUR INVESTMENT** with the **PREPAYMENT RESERVE**—Extra payments on principal not only save you money—they also build a reserve, without cost to you, to pay interest and principal in less favorable years.
- YOU DEAL AT HOME WITH HOME FOLKS** — Make the payments on your loan right here at the bank. Our interest in your welfare continues after your loan is closed.

Whether you want to buy or improve a farm or have a loan that is out-of-date, it will pay you to investigate this new loan plan. Ask for our free booklet today!

RECIPE OF THE WEEK
By Mary Lee Taylor
Strawberry Shortcake
Broadcast: June 10, 1950

1 1/2 cups bleached milk 2 cups confectioners' sugar
1/2 cup Fat Milk 1/2 cup Fresh or frozen strawberries
1/4 cup water

Turn on oven; set at hot (425° F.). Put biscuits into bowl. Stir in sugar. Stir in with fork mixture of milk and water. Turn onto lightly floured board. With floured hands, pat into round. Knead a few seconds, or until smooth. Roll 1/2-in. thick. Cut in 4 rounds with floured 3-in. cutter. Bake on ungreased baking sheet 10 min., or until brown. Break open while warm and put together with strawberries. Makes 4 servings.

You will need:
Fat Milk, Strawberries, Sugar and Biscuit Mix.

(Continued from Page 1) when the plants are about ready to head out. Use one pound T-C-A per gallon of water per square rod. It may be necessary to spray a second time. Mr. Hamilton warned his listeners that they should not expect too much from these chemicals and not to get impatient about the time it takes to kill the plants. Another new chemical being used is Polybor Chlorate which is used as a wet spray, four pounds per gallon of water per square rod. A great deal of interest was manifested in the subject and a round-table discussion of various problems was held after the lecture.

HE DID IT AGAIN—Pablo Rivera waves from atop the nation's first bale of cotton of the 1950 crop as he left McAllen, Tex., for Houston and its auction after it was ginned. He received a record \$2.585 for the 600 pound bale. The same bale would have sold for only \$2.07 on today's regular market. Pablos also set another record. He is the only cotton farmer ever to take two first bales to Houston. In 1948 he arrived with the first bale on June 14, this year May 31. The 48-year-old farmer planted the cotton on his 40-acre farm on the Rio Grande near La Grulla on February 4. (AP Photo)

WESTWAY NEWS

Vacation Bible School Enrollment Reaches 60

Vacation Bible School began Monday with an enrollment of 60. Assisting with the school are Moody Smith, Mesdames Moody Smith, Glen Williams, J. C. Morrison, Billy Jackson, Roy Lee Wilson, Joe Landers, Bernie Northcutt, and Joe Wagner. Revival services are being conducted each night under the direction of Moody Smith. Rev. H. V. Fields, pastor of the Avenue Baptist Church, was the speaker Monday night. There were 58 present for Sunday morning services. Mr. and Mrs. G. S. Solomon and son Stanley were visitors in Mrs. Kaul's class. Mr. and Mrs. Billy Jackson placed their membership in the Baptist Church here and Oma Lee Ranspot was a candidate for baptism.

Mrs. M. G. Cawood was hostess at a party at her home Thursday afternoon. Mrs. N. G. Thomas of Hereford had charge of the entertainment and contests of the afternoon.

Refreshments were served to Mesdames C. A. Saulcy and Larry Peret, James Ray Coleman, Ernest Hardman, Charles Owens, Melin Kaul, Joe Wagoner, Lyle Rickman, I. V. Finley, N. G. Thomas and the hostess.

Tommy Holmes of Shamrock is spending the summer with his aunt, Mrs. B. P. Cain and family.

Delton Cochran of Hereford is working this summer for his brother-in-law, Joe Wagoner.

Among those who attended the Commencement Exercises for the 1950 Nurses' Class of Northwest Texas Hospital in Amarillo were Mr. and Mrs. Robert Boyd, Mary Kathryn, Franklin, and Francis; Mr. and Mrs. Elmer Comb; and Mr. and Mrs. Merlin Kaul Larry and Walter.

Attending the picnic supper at Buffalo Lake Friday night were Mr. and Mrs. Paul Rudd, Mr. and Mrs. Kenneth Rudd, Mr. and Mrs. Harold Rudd, Mr. and Mrs. J. C. Morrison, Raymond, Ralph and Mary Lynn, Mr. and Mrs. Roy Lee Wilson and Norman, Mr. and Mrs. Merlin Kaul, Larry and Walter, Mr. and Mrs. Abraham Drager, George, Lillian, Davis and Paul, Mr. and Mrs. Robert Boyd, Mary Kathryn, Franklin, and Francis, and Mr. and Mrs. G. C. Merritt, and G. C., Jr.

Miss Helen Jo Wilson has returned home after a trip to points in Colorado. She accompanied Madelle Beavers of Hereford. Helen Jo graduated from West Texas College at Canyon this spring.

Mrs. Johnnie Townsend and baby daughter Terrie Jan were brought home from the hospital at Hereford Sunday evening.

Mrs. Merlin Kaul enrolled for summer school at West Texas State at Canyon Friday.

Mr. and Mrs. Joe Wagoner and family spent last week end with Mr. and Mrs. John R. Kimmons at Borger.

Mr. and Mrs. Glen Boardman to Hereford and Mr. and Mrs. Charles Owens were supper guests in the C. A. Saulcy home last Sunday night.

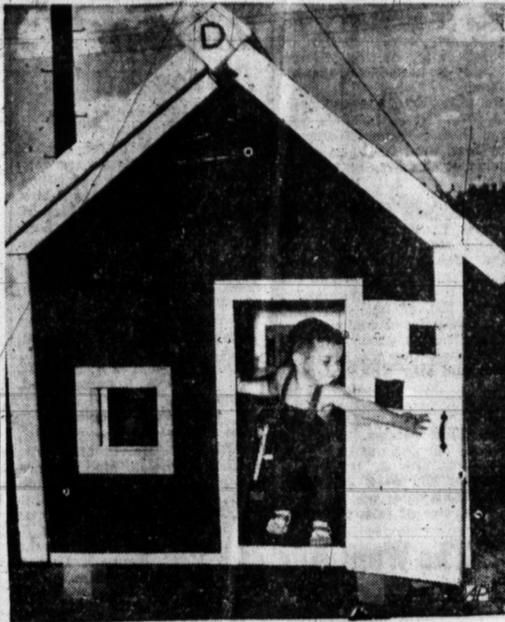

Mrs. C. A. Saulcy went to Spur last week to spend several days with her father J. J. Davis. Mr. Davis has been very ill.

Four tenths of an inch of rain which fell in the immediate area around Westway Thursday afternoon was supplemented by an additional half inch Sunday afternoon. Many, who had an inch of moisture, are busy replanting feed.

Personals

Mrs. Ray Galvert went to Pampa last week where she spent a couple of days with her mother Mrs. Ada Neease.

Mr. and Mrs. Jed Miller and Mr. and Mrs. Bill Howard spent last week end fishing on Conchas Lake near Tucuman, New Mexico. No outstanding catch reported.

PRE-FAB, JUNIOR SIXE—Little David Menaker, son of a Good-fellow Air Force Base flight instructor at San Angelo, prepares to turn in his own prefabricated house. David's grandfather, Will Smith of New York City, built the 800-pound house, shipped it by boat to Galveston and on to San Angelo by truck in time for David's second birthday. The Menakers, incidentally, live in a trailer. (AP Photo)

FRIONA NEWS

Wheat Situation Looks Better In Friona Area

By Mrs. E. D. Day
Brand Correspondent
Rain which fell here Sunday amounted to about a half inch in Friona. Amount of rainfall varied around the town but all the moisture received was needed badly and most of the farmers are preparing to plant as soon as they can. Those who have wheat are getting combines ready. Reports say some irrigated wheat will be fair and some summer till will also be good. An average of expected wheat yield is not yet available.

while the Baptists had 100. Both church schools expect larger crowds by the middle of the week.

Coach Tyre and Cook are having good crowds at the skating rink which is open in the High

Both Baptist and Methodist churches are having Daily Vacation Bible School this week. Methodists are having theirs in the morning from 9 o'clock until 11. Baptists schools are in the afternoon from 3 o'clock until 5. Pastors say the Methodist enrollment totaled 97 the first day

PILGRIM POET—Prayer book in hand and a crucifix on his lapel, Fred Kendall-Husband pauses in Trieste after a 3000-mile hike from his Birmingham, England home, across France to Rome. Called the "walking poet," he was one of the first British Holy Year pilgrims to arrive in Rome on foot. He plans to hike through Greece, Turkey and Palestine before returning home.

School Gym. A morning session begins at 10 o'clock. This session is especially for younger children. The evening session begins at 7:30.

Dr. and Mrs. I. W. Hicks, Lubbock, visited Sunday in the home of their daughter and family, Rev. and Mrs. Tommy Allen.

Mr. and Mrs. Bill Adams, Skellytown, was Sunday a guest of Mr. and Mrs. E. R. Day. Miss Billy Joyce Adams, who had been visiting in the Emmett Day home, returned home with her parents.

Emmett Day, Jr., visited home folks over the week end; He works for the Texoma Natural Gas Company at Skellytown.

Wyche Club Plans Lunch And Tour

Mrs. W. T. Kelly, work simplification leader of the Wyche Home Demonstration Club, gave the last demonstration of a series at a meeting of the club held in the home of Mrs. Raymond Paetzold Thursday afternoon. Mrs. Kelly showed the simple way of sprinkling, folding and ironing a shirt, she also gave other hints on making wash day easier.

Mrs. Paetzold, president of the club, conducted the business meeting when reports were heard. Mrs. Nolle Elliston gave the council report. Year book programs were selected and members voted to meet Thursday June 15, at Hotel Jim Hill for a luncheon at 1 o'clock to be followed by a tour of interesting places in and around Hereford. Members present were Mesdames; Marion Fite, Jr., Truitt Johnson, J. V. Pickens, G. W. Newson, Ira Ott, C. R. Damron, R. F. Self, Mark A. Koenig, Geo. L. Olson, E. H. Flood, N. G. Elliston, Jim Cross, A. E. Jury, and the hostess. Mrs. Michael Tunber of Hollywood, Calif. was a guest.

"RIDE 'IM COWBOY!"—Little Johnny Kidd, son of Mr. and Mrs. J. B. Kidd of Plainview, bravely sets a 955 pound sow bred by Tom Crutchfield of Olton an dhopes he can stay on the big girl without a saddle. Johnny gained his lofty perch with the aid of his father at the Schroeder Hog Barns in Plainview after Schroeder had purchased the large chunk of pork for 15 cents per pound, or a total of \$143.25. The sow, a 1940 model, has averaged about 16 pigs a year. Crutchfield said. (AP Photo)

Mr. and Mrs. Gus Ruiland and sons, Fred and Kenneth Ray, returned Friday from a trip to points in south and north Texas. They left Saturday, May 29, for College Station where they were joined by Mr. and Mrs. J. L. McFarling, Jr. Among other places visited were the San Jacinto Monument and the Battleship Texas. They returned by way of Dallas and Dennison where they visited friends and relatives. White at Dennison, they also visited Lake Texhoma.

ALMOST A FRIED EGG—While mechanics repaired one engine of an R4D (DC-3) transport plane at the Marine Corps Air Station in Santa Ana, Calif., two sparrows worked on the other with this astonishing result—a nest and a single blue egg stop No. 14 cylinder. The nest was discovered when Marines investigated the frantic activity of the parent birds around the nest. High engine temperatures would have burned the nest to a crisp, so Marines moved it to an eave of a nearby hangar.

ADRIAN NEWS

Rains Improve Row Crop Prospects In Community

Mrs. E. H. Mosteller Brand Correspondent
Everyone is happy over the rain that has fallen recently.

Friday night there was only a light shower in town. The rain that fell Sunday was the main one, so far. It will do a lot of good because it was slow, steady rain every drop soaking in.

F. M. Brown reported 70 here in town. The same amount was reported at the Ed Klein farm about five miles south of Adrian. Mr. V. E. Lemke reported a half inch at his home just east of Mr. Klein and Mr. C. L. Bogle says he got about 1 1/2 inch on his farm about 15 miles south. Claude Wells, about 10 miles south, got one inch, while Mike Mosler reported 1 1/2 inch on his ranch near Glen Rio.

So few still have wheat, that it is hardly worth mentioning. However prospects for a row crop are good since the recent showers.

One old timer predicted rain every day of June if it rained the first day of the month. He was right on the first four days of the month.

Attend District Meeting
Mr. and Mrs. V. E. Lemke attended a breakfast and booster meeting for agents of the Amarillo district of the Republic National Life Insurance company in the Herring Hotel in Amarillo Friday morning. The ladies shopped while the business meeting was in progress.

The group who went to Monument Lake in Colorado for fishing reported they had good luck and an enjoyable time. Mr. and Mrs. Joe Speed, Mr. and Mrs. F. M. Brown, Jimmy, Billy, Don and Roger Gruhlkey returned Monday. Mr. and Mrs. John Skaggs and Grady, Mr. and Mrs. Weldon G. Rene and Max and Mr. and Mrs. R. E. Caldwell came home Tuesday.

Bobby Seed, George Worsham and a friend from Canyon, who have been fishing at Conchas Dam for a few days, returned Saturday to say they had good luck.

George and Carroll Gruhlkey and Bob Alcorn left Saturday to try their luck at Conchas.

Visit In Amarillo
Adrian guests in the W. W. Arden home in Amarillo Sunday were Mr. and Mrs. E. N. Jacobsen and Norrien and Grady Skaggs. Amarillo guests were Mr. and Mrs. H. I. Stephenson and Mr. and Mrs. R. E. Jacobsen. Mrs. Arden is a niece of Mrs. Witt's and the Jacobsens. She is a daughter of Mr. and Mrs. Stephenson.

Mr. and Mrs. John Horton and children went to Snyder Saturday night to visit Mr. Horton's brother, Mr. and Mrs. Earl Horton, and to bring his mother, Mrs. Lilly Horton, home with them for an extended visit. Mrs. Horton will also visit her daughter, Mr. and Mrs. F. M. Brown and sons as well as several friends. They returned Sunday.

Robert Jacobsen went to Murray College in Abilene Monday.

Rev. and Mrs. Jesse E. Young left Monday to go to Ceta Canyon where they will work during the week in the Junior Encampment of the Methodist church. Annie Leslie of this community attended the encampment.

Visit Friends
Mr. and Mrs. Floyd (Cotton) Lane arrived Saturday from Las Cruces, N. M. for a few days visit with relatives and friends.

Mrs. Irene Ballard has returned from Haskell. She taught during the last semester in a school near Haskell. She expects to be here for the summer.

Mrs. Hardy Harris and Mrs. M. F. Loveless were shoppers in Amarillo Monday. Mrs. Harris also saw her doctor.

Little Cindy, small daughter of Mr. and Mrs. Bob Alcorn, is ill with the three day measles.

At least four of the community college students plan to attend summer school after being home for a short vacation. They are Grady Skaggs, Bert Speed, Geo. and Jackie Worsham. George and Jackie left Sunday. Grady and Bert left Monday night.

Monday shoppers in Amarillo were Mr. and Mrs. V. E. Lemke and Lee Dean. Lemke and Dean also attended to business affairs.

Mrs. Ernest Frank went to Woodward, Okla. over the week end to get her daughter, Doris and Twilla, who had been visiting their grandparents, Mr. and Mrs. John Story. They brought a cousin home with them for a visit.

Mrs. R. A. Gruhlkey and children have been sick.

Klein Guests
Guests in the home of Ed Klein over the week end were his brother, Mr. and Mrs. W. E. Klein and their son, Mr. and Mrs. Henry Klein and baby, all of Lubbock.

Ed Klein attended to business in Amarillo Monday.

Mr. and Mrs. Jim Voyles visited Mrs. Voyles sister, Mr. and Mrs. Gulleddge who live on a ranch near Endee, N. M.

Mr. and Mrs. Nate Reedy went to Plainview on business Monday. Jimmy Don Voyles started

working for Joe Brown in the new Texaco service station at Glen Rio, N. M. the first of June. He is staying in the Fred Brown-lee home.

Mrs. Calvin Jackson and Mary Jean attended to business and saw a show in Amarillo Friday. Mary Jean went to her home in Tucuman Monday.

Mr. and Mrs. M. H. Zaring, Sr. and Mr. and Mrs. M. H. Zaring, Jr. and children visited Mrs. Ed Morrison in Hereford Sunday. Mr. and Mrs. Zaring, Jr. and children saw a show while there. Mrs. Morrison is one of the old timers of the Adrian community.

Kenie, son of Mr. and Mrs. Kenneth Zaring of Albuquerque, N. M. arrived Tuesday. He will work this summer for Mr. V. E. Lemke and stay with his uncle and aunt, Mr. and Mrs. T. H. Slocum.

Erma Lou Jordan visited Martvalene Allen Sunday. The rain prolonged her visit until Monday.

Guests in the A. H. Jordan home over the week end were Mrs. Jordan's sister, Mr. and Mrs. Claude Kester of Roswell, N. M.

Diggin' Divots

Hereford golfers got back to the ball sweeps on Sunday, now that the tournament has progressed far enough to eliminate a considerable portion of the entries. J. M. Posey put two rounds of even par golf together that coupled with his 6 handicap to give him a 66 and number one position.

Punk Gilbreath broke 80 with a 78-11, 67 for second. Alvin Shirley and Mutt Wheeler tied with 68's in third place. Shirley had 94-26, 68 and Wheeler 88-20, 68. Dale Tinnin and T. J. Clay finished out the ball winners for the day with 70's. Tinnin had 88-18, 70 and Clay 84-14, 70.

Other contestants for the day and their scores were: Paul Conaway 89-13, 76; Dr. Channer 82-10, 72; Ted Young 79-6, 73; John Pitman 84-10, 74; Homer Lee Owens 95-15, 80 and Joe Kerr 91-14, 77.

In spite of threatening rain and the real McCoy, 70 divot diggers played Sunday.

The new number one tee underwent its baptism to fire and withstood the attack. It sure makes a pretty hole and also gives the average length driver a break, plus giving the slicer a chance.

The only golfer it might hurt is long-driving Wayne Phillips.

Jim Terry reports he has a very apt pupil on his hands now. Helen Ana Pitman "is taking to golf like a duck takes to water" in Terry's own words.

Bill Miller and J. M. Posey fired eagles on number nine Sunday.

Terry also reports they are going to try heavier sand in the trap on number two, and if it doesn't blow out, they'll put it in those on nine. He says they are breaking down the slopes some too. Until sand is placed in the traps, golfers can continue laying out backwards without a stroke penalty.

Hereford Jaycees are going to Perryton Sunday the 18th to play a home and home challenge match.

They'll leave the clubhouse at 6:45 and get there in time to play nine before noon. Then the Perryton team will have a luncheon for the visitors before playing the final nine.

Handicap Tourney Narrows Down To Finals In Flights

J. M. Posey, Dr. Channer and Frank Latimer all moved into the semi-finals of the top bracket of the Handicap Golf Tournament with comparative ease this week while Joe Kerr barely squeezed past Stan Barrett, 1 up, to advance to this round.

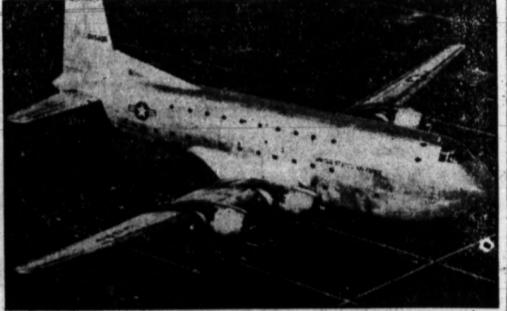

Posey ousted Frank Cogdell 5 and 4 and will meet Kerr this week for a berth in the finals. Posey has an 8 handicap, Kerr 14. Dr. Channer knocked Bill Howard out 7-6 while Frank Latimer was taking care of Loyd Neil 6 and 5. Channer has a 13-stroke handicap and Latimer has 15.

Semi-finalists in the "B" Flight include Bruce Wooddell who bested Joe Butler 1 up, John Patton who beat John Estes 5

and 4 and Ed Young 7 and 5 victor over Duane Baize. Patton and Young play and Wooddell plays the winner of the Whiteside-pavletich match which wasn't over when this went to press.

Consolation is falling back of schedule, but matches played include Owen Jacks beat Paul Conaway 3 and 2. Avin Shirley received a forfeit from Don Martin. Bill Miller won from Erb Jordan 2 and 1. Mutt Wheeler inched by Dale Tinnin 1 up. T. J. Clay romped to a 7 to 6 victory over Jack Ramey and Bill Dameron got a forfeit.

The Blanton - Edelman and McCleskey - Phillips matches hadn't been played.

AIR GIANT DELIVERED — Accelerated service testing of the mammoth Douglas C-124-A "Globemaster II" transport plane, above, began at Dayton, O., following delivery of the first production model to the USAF Air Materiel Command. Largest production transport to enter military service, the giant craft is designed to carry up to 50,000 pounds of payload, including troops, general cargo and mechanized equipment.

Cora Jane Benson won the traveling bracelet Thursday with a low net of 62 minus 36 for a 26 on the nine holes.

Lucille Posey won Lie extra-curricular type of competition where each player could substitute par on any three holes for what they actually shot. She had a 48 and substituted par on the first three holes for a net 41.

Scores were: Mrs. Posey 48-13, 35; Mrs. John McCleskey 74-29, 45; Mrs. Deward Robertson 60-19, 41; Irma Terry 54-18, 36; Zoma Evans 69-31, 38; Marie Cogdell 58-26, 32; Rheta Barrett 66-28, 38; Mrs. Urilin Streu 63-35, 28; Clarice McCaslin 71-44, 27.

Handicaps are being adjusted each week as scores are coming down fairly fast on ladies day.

Comments On Sports

By ED SIMS
WASHINGTON, D. C. — The aviation industry, which boomed during the war, has experienced a disappointing sales record in the five years following the war. It is no secret to government and private officials, and to the armed forces, which would welcome a healthy and thriving commercial aviation industry. Of course, the industry today could be called healthy, but compared to wartime plans and expectations, the post-war market for private flying craft has been a dull thud. (Continued on Page Five)

Section Two

Funk and Murdock Win Good Matches

Usually a rough character, Dory Funk, went through the opposition Saturday night on the up and up to take a decision with no rough stuff but Southwestern States Light-Heavy Champion Frankie Murdock went the road that doesn't pay and was disqualified in his bout — a non-tit fight — and lost.

Murdock, the Waxahachie villain, was fighting George Overhuls in the second event, which was the thriller-diller of the evening. That is, if you call murder thrilling.

Overhuls took the first fall with a full Nelson after groaning along for 21 minutes. They fought only 12 minutes of the second fall before Murdock was heaved. Murdock first tried to bash the brains from Overhuls' head on the sides of the ring. He was cautioned by the referee but he figured out another method of madness. He got the back-breaker on Overhuls and would all but pin him only to let him up just to get more and more torture in.

The referee finally said either to pin Overhuls or he would stop the fight. Murdock evidently didn't believe the law and went on. He was canned and lost his fight.

Funk and Tommy Martindale fought a fairly decent match with almost no rough work being detected.

Funk took the first fall in 15 minutes with his specialty, a Spinning Toe Hold. Tommy Martindale surprised the crowd and Funk by snapping back quickly with a Double Crab to win the second fall in six minutes.

The third and deciding fall was all Funk. He took 20 minutes to shove Martindale around the ring and finally finished him off with a Reverse Body Scissors Hold.

Lions Club Promoter Guy Lawrence said next Saturday night at the E. H. Benn the fights will start at 9 o'clock again.

Second-Guessing By JERRY STOLTZ

JOE SMITH'S American Legion Junior baseball team will play in the Oton Junior American Legion tournament starting today through Saturday. Joe has his early season worries with sore-armed pitchers, but otherwise the team is shaping up with very good fielding prospects and maybe a little weak at the plate.

DELBERT KINSEY, BOB LAWRENCE, JACK KIRKSEY, JIMMIE ALFRED, GEORGE GRAMHAM, MARLIN GILLILAND and OWEN STAGNER brought back their limit in rout from Eagle Nest last week. They fished four days and could have brought a lot more back except for the limit. Buffalo Lake is attracting more anglers each week now, and they are doing pretty good. Seems like fishing is good all over the southwest about now.

Some very odd things happened in that ball game Sunday afternoon. STAN BARRETT got out of a trap between second and third safely for example. And the Hart second baseman missed two pop flies without coming within two yards of them. RAYMOND LUEB made the prettiest catch of the day. Never saw so many errors in my life. They just couldn't hold on to them. But at the same time Haft pitchers were throwing them in so slow and dead. Hereford batters couldn't really lay into the ball.

Wild Comedy Ends With VFW 28, Hart 2 Sunday

Hereford VFW scored 28 runs with 16 hits, all singles excepting one, in an abbreviated seven-inning game against Hart Sunday afternoon on the Veteran's diamond.

Conrad Clark hit a double to right field in the fourth for the only extra base hit of the game. Hereford teed off for seven runs in the first as Burdine walked to start the inning followed by three straight singles down the third base line by Buddy Anderson, Conrad Clark and Stan Barrett. Lueb was safe on a fielder's choice that failed to get the man at the plate. L. J. Clark fanned and then Carroll singled

to bring in more runs. Corbett was safe on a fielder's choice and Winkler grounded out, short to first. Busine got on again with a fielder's choice. Anderson hit safely for the second time in the inning and Clark fled out to left field to end the fiasco.

Hart committed 14 errors in the last five innings and Hereford even got the idea and booted in two unearned runs, one in the fourth and another in the seventh.

Rain threatened to close the game in the second inning, but stopped after a short shower. Johnny Winkler pitched the first five innings, giving up two

hits and striking out four. Winkler turned on the steam in the fourth when a base on balls, an error, single and another walk scored one run and had the bases full with only one out. The next batter fled out to Clark in center and Winkler fanned the last batter with three pitches. Barrett pitched the last two innings, fanning three.

Buddy Anderson hit 4 for 5 and Orlas Carroll and Pat Corbett each bagged out a couple of singles in four trips to bat to lead Hereford batters in the stick-work department.

Anderson also scored the most runs—four.

VFW plays Nazareth at Nazareth next Sunday to wind up the first half of the league schedule.

ECA PAYS BOTH WAYS—These men, harvesting sugar cane in Humacao, Puerto Rico, symbolize a dual benefit in the Economic Cooperation Administration. The U. S. Department of Agriculture's purchase, on behalf of the ECA, of 220,000 tons of sugar to help feed Western Germany has also given this island's economy a big boost. The American order provides an extra 28,000 working hours for the men and brings in another \$20,000,000 to be used in the Puerto Rican industrialization program.

It all adds up to one wonderful car!

1. The right power!

You get the right POWER! With the fleet-footed, V-type, 8-cylinder, made-for-Mercury engine you take the big hills in stride. You enjoy thrilling pickup, too. The steadiest performer in its class—bar none! And, Mercury is "America's No. 1 Economy* Car"!

2. The right roadability!

You get the right ROADABILITY! Not too big to drive easily in traffic! Not too little for rough roads! Mercury's rugged chassis holds the car to the road—on straightaways, curves, too. And "Steeli-Line" steering makes it so easy to handle. Easier to park in tight places, too.

3. The right riding comfort!

You get the right RIDING COMFORT! Stretch out, relax, enjoy yourself—in Mercury. There's room for six big people. And owners say, "Cushion-Coil" springing assures the most wonderful ride they've ever known. Try Mercury yourself today—and see!

Go for a ride... and you'll go for **MERCURY**

The Hereford Brand, Hereford, Texas, Thursday, June 8, 1950

Long Time Ago

25 Years Ago
 At a meeting of the local golf club, called for the special purpose of presentation, Dow Mercer was presented with a new set of golf sticks as a token of gratitude and appreciation of the club members for the magnificent work he had done and was still doing for the advancement of the Hereford Golf Club.

Merchants of Hereford and the citizenship of Deaf Smith County were extending a hearty greeting to their new neighbor, Flagg, Castro county's latest addition to the roster of "live ones". Hereford welcomed Flagg, first, because her people believed in co-operation and good will.

Hereford High School was granted additional credits with the colleges of the state by the State Department of Education. Two units were granted in Spanish and one in general science on the basis of work to be submitted.

Rev. Thurmond Morgan, MA, TCU, preached his first sermon Sunday, June 21, at the First Christian Church. He was accompanied by his bride, also a graduate of TCU.

Miss Pearl Hubbard, RN from Sherman, succeeded Mrs. Nettie Price Slaton as superintendent of Deaf Smith County Hospital. Mrs. Slaton had been head of the institution as well as the old

Sanitarium since the establishment of hospital service in Hereford. She resigned.

Business in Hereford was slated for a simulation when eight new rural roads — leading to Hereford — were due to be opened. The new roads were to be put in first class shape and were to give farmers of this county better access to market. An effort was to be made to establish rural free delivery on most of the roads according to County Judge Earl W. Wilson.

The Dawn Community was organizing a new canning club.

The Eldwoods, Plainview, bought the old Shobe and Harrison place, consisting of 3,725 acres, located 11 miles almost due west of Hereford and had men, teams and tractors at work breaking out hundreds of acres.

Ira Connell, Hereford, married Miss Irene Turner, Canyon, Sunday, June 14, in the Baptist Parsonage of Hereford. Rev. W. R. Hill officiated.

Plans were working to gravel a mile of highway near town. A visiting engineer said the cost would run around \$6,000.

MORE

The Brand said the placing of electric lights on top of the water tower in Hereford would go a long way in service.

They said a light on the tower, which stood 140 feet, could be seen from 40 miles away and could serve as a guide for motorists.

Joe Curtstinger and Miss Leta Ashlock, both Hereford people, were quietly married one Sunday morning in the Baptist church at Canyon. They were accompanied by Andrew Coscaougher and the sister of the bride, Miss Marie Ashlock.

The biggest and swiftest thrill picture of the year was coming to Hereford. "Air Mail", an airplane thriller, starring Warner Baxter, Billie Dove, Mary Brian and Douglas Fairbanks, Jr. was to thrill movie-goers.

Helen Ann Pitman is home for the summer from Texas University.

J. A. Pitman was in Dallas on business of the weekend.

"DIAMOND QUEEN"—Broadway musical comedy star Carol Channing was crowned "Diamond Queen" in New York by the Diamond Council of America. Here, the sparkling Miss Channing illustrates what she means when she sings in her show about diamonds being a girl's best friend.

Sunday School Groups Have Picnic Thursday

Adrian (Special) — Young Adult Sunday School Classes of the Baptist and Methodist churches observed their monthly entertainment Thursday night with a picnic at Roadside Park, 12 miles west on Highway 66. The picnic was sponsored by Mr. and Mrs. R. E. Caldwell and Mrs. Walter Lemke.

During the cooler months, these entertainments are in the homes and usually "42" parties. But in the summer, everyone enjoys getting out in the open for the affair.

The group gathered about 7:15 p. m. and enjoyed the outing until rain drove them in about 9

Present were Mr. and Mrs. Weldon G. Reno and son, Mr. and Mrs. Robert Wingate and children, Mrs. R. A. Gruhkey and son, Mrs. Wilma Smith and son, Mrs. Elona Jackson and son, Rev. and Mrs. Jesse E. Young, Mr. and Mrs. P. H. Gruhkey and son, Mrs. Robert Crenshaw and children and the host and hostess.

Adrian Personals

Guests of Mr. and Mrs. R. E. Glenn, who arrived Friday, were their daughter, Mrs. Dow Doughty and two children, and Mrs. Glenn's mother, Mrs. E. W. Turek. All are from Grand Prairie and will be visitors about two weeks.

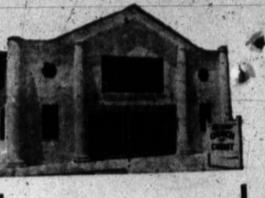

Mrs. George Worsham and daughter, Teena, who live in Canyon, have been visiting relatives and friends in Tucumcari

for a few days. They arrived Thursday to visit the rest of the week with Mr. and Mrs. L. A. Worsham.

Sewing Club met last week in the home of Mrs. Bobby Speed. All members and one visitor were present. There were also nine children present. Refreshments of cake, fruit, jelly and iced tea were served by the hostess.

Adrian shoppers in Hereford Saturday were Christine Fortenberry, Mr. and Mrs. H. A. Guggell and son, Mrs. R. A. Gruhkey, Mrs. E. H. Mosteller and Jean Finley. Mrs. Gruhkey and Mrs. Mosteller also saw their doctor.

Mr. and Mrs. Bill Luedke, Dan and Karen and Mr. F. Willard from LaCrosse, Wisconsin, are visiting their sister and daughter Mrs. Paul Coneway and family for a couple of weeks.

Bud To Blossom President Names New Committees

Bud to Blossom Club met in a final session of the season Friday afternoon in the home of Mrs. Bruce Aldridge. Mrs. DeWard Robinson was guest speaker, giving a lecture on and demonstrating the making of corsages. She listed the essentials for making the corsages and discussed types of flowers suitable for different occasions and different types of clothes.

A short business session was held by Mrs. J. D. Neill, retiring president, and Mrs. Ben Childers, newly elected president who will

take over duties after a summer vacation, named committees for next year's club work.

Committees include: Yearbook—Mrs. J. D. Neill, Mrs. Hilrey Aven, and D. C. McWhorter; Membership; Mrs. J. T. Wood; Mrs. Glenn Williams and Mrs. Ed Skypala; Social and Cheer; Mrs. R. A. Daniel; Plant Exchange; Mrs. Bruce Aldridge; Project; Mrs. John Kelly; Finance; Mrs. John Winkler, Mrs. W. H. Patton, and Mrs. C. W. Parker; Horticulture; Mrs. Richard Lucas and Scrap Book; Mrs. Hilton Higgins.

Those attending the meeting were Mesdames; Ben Childers, R. A. Daniel, Jr., D. C. McWhorter; J. D. Neill, John Winkler, C. W. Parker, Glen Williams, J. M. Wood, and the hostess.

DIDN'T GET AWAY—Billy Brown, of Morehead City, N. C., strains just a bit to hold up this 17-pound mackerel caught in the Gulf Stream off Cape Lookout, N. C. It was the first to be landed by rod and reel during the 1950 season.

Gifts Are Featured At Party For Mrs. Noel

Mrs. Gene Noel was named honoree at a gift party given at the home of Mrs. C. N. McClure recently. A pink and blue color theme was used in decorations and appointments. Mesdames H. F. Benson and Mrs. W. A. Springer assisted with the

afternoon's entertainment of games.

Those attending the party M. J. Noel, Ernest Flood, Nona Zimmerman, Owen Andrews, Edith Zimmerman, Spicer Gripp, E. B. Berryman, Henry Dobbs, Jim Brooks, W. T. Gunstenson, W. J. Dickson, J. E. Warrick, Raymond White, W. C. Lowery, Luther Ellis, H. E. Lindler, H. F. Benson, W. A. Springer, Sam Lindley, Miss Alma Andrews, the honoree and the hostess.

Mrs. Brown Is Hostess To Heiselman HD Club
 Adrian (Special) — Mrs. E. L. Brown was hostess for the Heiselman Home Demonstration Club in her home May 25 for their regular meeting.

Mrs. Walter Lemke, in the absence of the agent, gave a demonstration on making coverages of garden and hot house flowers.

Next meeting will be June 8 in the home of Mrs. Johnnie Doshier. Mrs. Tom Draper, agent, will demonstrate ironing shirts and give hints on making wash-day easier.

Refreshments of cookies and punch were served by the hostesses to Mesdames Walter Lemke, Oscar Bronniman, R. C. Richardson, Robert Wingate, V. E. Lemke, Lorin Greitz and one visitor, Mrs. T. H. Slocum.

Adrian Boy Graduates At Sam Houston State
 Adrian (Special) — John R. Stoneman, son of Mrs. Walter Lemke, was a member of the 1950 graduating class at Sam Houston State Teachers College in Huntsville. Mrs. Lemke and daughter, Maxine Stoneman, attended the exercises May 28 in Huntsville when her son received his Master of Arts degree.

Ringworm Infection Affects Half Of The World Population

AUSTIN—It is a 50-50 bet that you have some sort of ringworm infection. Cheek to cheek. Chances are it will be in your scalp hair, on your groin, or on your feet—either on the soles or between the toes. If you don't find it, you're lucky, because while it persistence is very annoying.

A fungus—the same one that causes food to mold—causes ring worm. It's one of the world's most common ailments, with authorities estimating that half of the world's population is affected. It is more common this time of the year than any other.

Animals get it too. As a matter of fact, cats, dogs, rabbits, mice, and fowls are frequently the source of infection in man. A child plays with an infested dog, the dog's hair brushes the child, and the child stands an excellent chance of ringworm infection.

The scales which are formed can cause new infections on the body, so an infected person has to be careful to keep it from spreading. Advanced cases exude a clear, runny fluid—it "weeps", as doctors say, and the fluid can cause breaking out on whatever part of the body it touches. Children are especially vulnerable to scalp ringworm. Epidemics are usually started in schools or in-

stitutions. Swimming pools, locker rooms, and gyms are potent sources of infection. Everyone has heard of "athlete's foot". It is nothing more than a type of ringworm. So is the so-called "barber's itch."

Preventive measures call for avoiding persons and animals known to be infected. Swimming pools, gyms, locker rooms, and the like can do their part toward ringworm control by boiling towels, swimming suits and their other public facilities for 30 minutes. Foot baths are also worthwhile.

The best thing to do is to keep clean at all times. But if you happen to get ringworm, or if you have it now, it would be better for all concerned if you report to your family doctor immediately. He'll recommend medication designed to shorten the course and lessen the severity of the infection.

Dollar for Dollar - you can't beat a PONTIAC

A Wonderful Performer - at a Wonderful Price!

COME IN AND SEE FOR YOURSELF!

Almost everybody has a good word for the immensely popular Pontiac. The most enthusiastic spokesmen are those who own this great car. The facts behind this admiration of Pontiac are very simple—

Pontiac is America's lowest-priced Straight Eight. Pontiac is the lowest-priced car with GM Hydra-Matic Drive. Pontiac is the most beautiful thing on wheels. And Pontiac is famed everywhere for its dependability and economy.

Those are the facts, and they are impressive. But they are a lot more impressive to the person behind the wheel of a Pontiac. He knows for sure that dollar for dollar, you can't beat a Pontiac!

Hereford Bull

By JIMMIE GILLETTE

How would some of you fellows like to go on a lion hunt? I say, "Fellows", because I am referring to the real, honest-to-goodness type lion — and not to the panty waist, diner club variety over which guys like Lyle Blanton and Wayne Edwards hold sway.

Anyway, that's exactly what Joe Smith, genial commercial arts instructor and coach of the kid baseball team, will do next week. Furthermore, Joe is going with one of the greatest living lion hunters in the Southwest. The hunter's name is Roy M. Snyder and since death of Bill Lilly, Snyder is considered tops; he is employed by the Biological Survey department of the federal government and by the New Mexico Game Department. Snyder's job is ridding certain areas of lions which kill cattle and sheep and which could also be dangerous to humans. Naturally, they will be mountain lions, rather than the old African, long mane type you see in zoo.

Joe is excited about the whole thing, and who wouldn't be? Joe leaves here and goes to Reserve, N. M., where he will meet Mr. Snyder. The two will pack into

the mountains and hunt lions for a week or 10 days, maybe two weeks. Mr. Snyder has three dogs which are insured for \$10,000 each; at least that's what the rumors say. He wrote Joe to bring a saddle, bedroll and chaps — for sure. They will hunt along the Gila River County, and Joe is hoping for a big hunt and lots of lions. Joe has an assignment from one of the big national circulation magazines to go on this hunt and to do an article about one of America's vanishing sports.

Joe doesn't like to talk about this much, because he says he isn't sure they will print his article at all. He asked me not to tell the name of the magazine and promised all of the dope if this article is accepted. I feel sure that it will be accepted. Somehow, this magazine found out about Joe and wrote and gave him the assignment. Joe doesn't make a living out of his writing. These stories, generally based upon history of the Southwest, are strictly a hobby with Joe — but if he doesn't watch out, I predict they will become a vocation. He has done several articles for "The Cattleman," and it was probably through this source the big magazine heard of Joe. In May, he had a piece on "Trail Drivers," and during the past 12 or 14 months he has had articles published on the Maxwell Land Grant, The XIT Break-Up and others. The Ford magazine, "Ford Times" also bought one of his articles recently.

Joe is very modest about all of this. I got the tip on the hunt from a fellow who lives in Armarillo, and who knows a close friend of Joe. I tried to get Joe to take me along, but he just frowned and sputtered something about sissies who swim across the pool the short way. I didn't say any more about it, but I sure do envy Joe. I also hope that he kills a lot of lions.

Bud Brady, head man at the swimming pool, dropped by to say that he agrees with Mrs. C. R. Smith on heating the municipal pool. However, Bud says that her suggested method is not practical. He reports that he checked the set-up with an engineer several weeks ago and that

READY FOR START—Drivers and their crews wait beside their stock cars in Juarez, Mexico, before the start of a 2,178 mile cross-country race to El Ocotil on the Guatemala border.

installing pipes under water would be expensive — probably \$12,000 to \$15,000 — requiring breakage of considerable concrete on the pool, etc. The engineers told him that the best method of heating would be simply to install a boiler between the filler units and return lines into the pool. This is because the pool already has a modern water distribution system, which would distribute warm water over the entire pool.

Furthermore, Bud says a lot of people aren't going to like the warm water. He says it will make everyone sort of sluggish. Besides, a fence would have to be erected on the south and west sides, to keep chill winds from hitting the nice warm people as they got out of the pool. Despite all of this, though, Bud thinks it is a good idea and that many, many more people would use the pool.

Everyone sure had a swell time at the opening of the Sims Community House last Thursday night. Bob Thompson, who is what women like to call "pleasingly plump," started back around the chow line for "seconds" and one of the ladies sitting near me said, "He sure looks like he needs to go back around, doesn't he?" Everyone had a swell time.

Uncle Jay, the radio man, was principal speaker and he is giving me a fit over the radio. Uncle Jay says I violated a confidence in announcing his statement that he will leave KGNC to become an actor. I really don't think this is true. There was absolutely nothing confidential about the deal. Usually, a speaker will make a request that reporters not print part of his speech — and generally, they do not. However, Uncle Jay made no such request. He did not say anything was off the record. He merely said that the people at the gathering were the first to know. He also mentioned that it would be confirmed by "Mr. Tack" and through the press. (Alex Thompson just came by and he agrees 100% that no mention was made of not print-

ing the story.) Had Uncle Jay asked that the information not be printed, we would probably not have printed it. However, I do think a lot of people are running this into the ground. If a person tells you something in confidence, it is one thing — but screaming something out to 250 people in a public meeting is another. I have absolutely no apology to make to Uncle Jay in this matter.

However, I do think he has a lot of ability and I feel sure that he will do well on the stage. He could even make the grade in the big way in Western type movies. The only bad thing about the whole situation is the big, big loss to the Panhandle. Everyone will miss him on the radio. He is a fine, conscientious, capable young man. And even if he is mad at me, I extend him every possible best wish in his new venture.

D. C. Kinsey went fishing last week and came back with a black eye. There are quite a few stories going around town, but

you cannot tell which one to believe. He was with a bunch of Sunday School teachers from the Baptist Church, and each of them has a different story. Anyway, I will guarantee that he had the black eye which (he says) he got for catching more and larger fish than anyone else in the gang.

People are still trying to find out the population of Hereford and of Deaf Smith County. No one will tell. Walter Shaller, Armarillo supervisor, has promised to telephone us as soon as he has a release from Washington. Meanwhile, most people are revising their estimates downward. Notice where Tulla is threatening to sue the census bureau, while Floydada has served notice that their Chamber of Commerce will take a census of their own. Muleshoe's 2,448 also has the Bailey

County people in a dither: wouldn't it be something if Hereford had less than 5,000 population? I am personally down to 6,257 — and I think we'll have it, too.

Comments

(Continued From Page One)

One recalls that thousands of Army and Navy pilots came back to civilian life with the hope that a reasonably-priced, economically operating private plane would soon reach the market. With all the war-time advancements made in aviation, most people expected a sensational value to hit the markets within a few years after the war's end.

Certainly, some good private craft have been offered, but if the average pilot is to get what he really needs — to make an airplane competitive with an automobile — he must pay up to \$7,000. That's why the industry has not experienced a private aircraft boom. The price tag carries too many figures. Few of us can plunk out six or seven grand for another mode of transportation, no matter how much better it is than walking or riding over wheels.

To help bring about wide use of aircraft for private transportation, some government officials and congressmen favor subsidizing the manufacturer. This is already done by the aid of commercial transportation, but the little manufacturer, perhaps another Henry Ford, attempting to develop a light craft for mass production and general use, is left out somewhere along the line.

For all practical purposes, aviation is about where it was when the war began, except for normal progress that was nothing every year even before the war. Few private flying craft if any, have been recognized as a competitor to ground transportation. There is nothing on the market which can act as both land and air

transportation, and which is practical, tested and proven. Yet this country's industry has all the information needed to produce such a craft.

The failure of the industry in this respect is more apparent when one looks into the commercial side of the picture. Much stress and emphasis has been placed on this phase, and commercial aviation is a real threat to other modes of travel. The government has subsidized the airlines, of course, making this possible, and the industry has given the commercial buyer what he wanted, and needed. The industry is yet to offer Mr. and Mrs. John Doe a practical, low-cost family flying machine, and it's past time he was offered one.

The Law-You

DO YOU KNOW what the "assumed name" statute is, and what its requirements are?

This statute refers to businesses conducted under a trade name for their business transactions are required to file in the County Clerk's office of the counties in which they do business a certificate setting forth

their "assumed name," the real name or names of the person or persons conducting said business, together with his or their post office address. Whenever there is any change in the ownership of such a business a certificate setting out the change must be filed with the County Clerk. Any one operating a business in violation of this law may be fined not less than Twenty-Five Dollars and not more than One Hundred Dollars. Each day that such violation occurs constitutes a separate offense.

For further information on this subject, see your local attorney.

AFTER 7-INCH RAIN — These cars find the water a little high as they try to move along this Brownsville, Tex., street following a seven-inch rain. Water seeped into some houses. In two days of heavy rains along the Texas Gulf Coast the weather Bureau reported seven inches at Brownsville and 13 inches at Galveston. (AP Wirephoto)

TRAFFIC SAFETY ARTICLE 4

Highway Traffic Signals; Flashing Beacons For The Motorist's Safety

Do you know the meaning of a flashing red or flashing yellow beacon and the purpose for which they are used? If you do not know, you are in a class by yourself. There are many motorists in this "don't-know" class, who should graduate to a higher knowledge of flashing beacons. By so doing, they could help to insure their own safety, as well as the safety of others. They could perhaps save themselves the sad experience of some day having to explain a traffic violation to the judge.

The flashing red beacon means STOP and then proceed when it is safe to do so in the same manner as you would after stopping for a stop sign. If you run through a flashing red beacon without coming to a full stop, you are just as guilty of a traffic violation as you would be if you ran the red light of a stop and go signal. The flashing red beacon is generally used instead of or in conjunction with a STOP sign where it is especially desirable to emphasize the need for stopping, and for important intersections where the traffic conditions will not justify the installation of a stop and go signal.

The flashing yellow beacon means CAUTION. Drivers of ve-

STANDARD FLASHING BEACON

hicles may proceed through the intersection or past such signal only with CAUTION. Flashing yellow beacons are most frequently used to mark a physical obstruction existing in the roadway, an important intersection hidden by an obstruction or sharp curve in the highway, or a sudden change from rural conditions, where relatively high speeds are safe, to those of an urban district where speed must be reduced.

Flashing beacons have an important part in the scheme of traffic control and a better understanding by motorists of the

purpose for which these signals are erected would increase their effectiveness many times. At the lighter traffic intersections which will not justify the more rigid control of a stop and go signal, the flashing beacon marks the existence of an intersection of more than average importance by either emphasizing the need for stopping with flashing red or proceeding with caution with flashing yellow. When the beacon shows flashing red, be ready to stop; when it shows flashing yellow, be alert and ready for any emergency that might confront you.

ENJOY THIS JUNE

Next JANUARY

How? It's easy! An electric home freezer makes a perfect "food bank" for all the fresh, seasonal delights you gather from your own garden... that you buy from the market at low summer prices. Fruits, vegetables, meats, fowl... pastries... all on hand when you want them. You can cook and bake ahead... have complete meals... stored and ready when you want them... thanks to this wonderful electric store house!

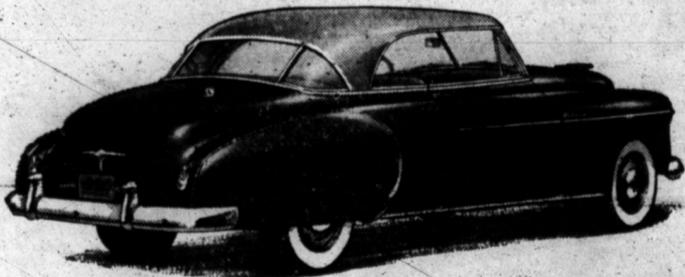

If you haven't invested in an electric home freezer, now's the time to see your dealer. He can show you how food purchased in time-and-money-saving quantity will prove to be a real boost to your budget. So very economical, low cost, dependable electric service makes it so!

Community Gets Enough Rain To Stop Irrigation

By MRS. OWEN ANDREWS
Two rains, one Thursday of last week and one Sunday, have netted from an inch to an inch and a half of moisture in this community. That and the promise by the weatherman of more to follow was enough to stop most of the irrigation wells, at least for a day or two. However, if there isn't more rain, and soon, irrigation will be in full swing again soon. Most all the feed that has been planted was planted on irrigated land, and thus some little green stuff is shining down the lister rows, on quite a few fields, while most people are still planting or getting ready to do so.

The Vacation Bible School got off to a good start, Monday morning, with 63 present. More are expected to enroll Tuesday. Those helping with teaching are Mesdames Henry Dobbs, Henry Andrews and J. N. Hollis, Beginners; Misses Betty Brown and Betty Robbins, Primaries; Mesdames W. J. Dickson, Bill Starry and Floyd Cole, Juniors; Mesdames Lee Renfro, Frank Robbins and Owen Andrews, Intermediates. Mrs. R. L. Shannon

and Mrs. H. M. Mobley are working in the kitchen, with several other women taking turns helping. Rev. Shannon is superintendent. The closing program is planned for Friday night, after which Mr. Alex Thompson, Hereford, has been invited to show some movies. All parents and friends are invited to attend.

While Rev. and Mrs. R. L. Shannon were gone, last week, to take their daughter, Lavada, to school, at Abilene, the men of the community painted the parsonage roof brown and stuccoed the walls white. The paint job plans were kept secret, so as to surprise the Shannons, and they admitted it was a very pleasant surprise. The parsonage was built in 1947. It is a modern four room and bath home with electricity and butane heat and also has a membership in the REA telephone organization.

Mrs. H. D. Robbins, Miss Betty and Lyla Robbins and Mrs. E. H. Little went to Plainview Wednesday, where they made arrangements for Betty to enter Wayland College, next fall. She will room at the dormitory, with Miss Elaine Cox, also from the

HEAVY RAIN FLOODS GALVESTON — This is an air view of a flooded section near the Galveston, Tex., waterfront after an early morning rain of 14.21 inches flooded the city and cut off communications. (AP Wirephoto)

Hereford vicinity.

Mr. and Mrs. Olin Parris and Walker had Mr. Parker the grandfather of Mrs. Parris, visiting them for several days. On Sunday afternoon the Parris family went to Lubbock where Mrs. Parris was to see a doctor, as her health hasn't been so good lately.

Misses Veradelle and Frances Andrews spent Sunday night with the Berrymans, in Hereford, due to the rain late Sunday. No church services were held Sunday night.

Mr. and Mrs. D. O. Benson and granddaughter, Patsy, left Saturday to spend a few days with their brothers, sisters and other relatives, in the vicinity of Comanche, Okla.

Mr. and Mrs. Richard Simpson and children of Floydada spent the week end with Mrs. Simpson's sister, Mrs. Glenn Cruse, and family. On Sunday the Cruse and Simpson families visited another sister, Mrs. Wiley Sims, her husband and children, at Amarillo. Sherry Ellen Simpson remained here this week for a longer visit in the Cruse home, and with her grandparents, the D. O. Bensons when they return from Oklahoma.

Mr. and Mrs. J. B. Thompson moved to a farm about 10 miles south of Amarillo Tuesday. He has been with the Potato Growers Association at Hereford for the past several months and the couple has been living at the

home of his sister, Mrs. Bill Starry. J. B. is Sunday School superintendent and will continue with that office, until the election of new officers, in late summer.

Spending Sunday in the Mobley home were Mr. and Mrs. Lee Johnson of Woodward, Okla. Mr. and Mrs. Raymond Mobley and son, Mr. and Mrs. Floyd Cole and Jane, Mr. and Mrs. Lee Renfro and children.

Those enjoying a fishing outing and supper at Buffalo Lake Friday night were Mrs. H. M. Mobley, Austin and Don, Mr. and Mrs. Lee Renfro and children, Mr. and Mrs. Edwin Mauk and Nancy and George A. Springer.

Mr. and Mrs. Harold Shearhart are announcing the birth of a daughter, Karen Jane, Tuesday, June 6, at Deaf Smith County Hospital.

Mr. and Mrs. F. Y. Moreman had Sunday dinner with their daughter, Mrs. Frank Robbins.

The Shannons had Sunday dinner with the Oscar Hunts.

Hereford, Texas

IN MOWING IT'S
THIS SECOND
CASTER WHEEL
THAT MAKES

The Big
Difference

MASSEY-HARRIS No. "6" SEMI-MOUNTED MOWER
The first time around your field you'll agree that those 2 caster wheels in trailer design mean more efficient mowing... faster, easier cutting that rolls over more acres in less time... gets more of your crop at its nutritional best.

Build up on a husky, all welded tubular-bar frame, the No. "6" is stronger, sturdier, more flexible. Oil bath lubrication assures smoother performance; light, easy-to-pull action that requires less power.

Both your tractor and the No. "6" are protected by quick-acting safety releases. Easy hook-ups save a lot of time even before you get in the field.

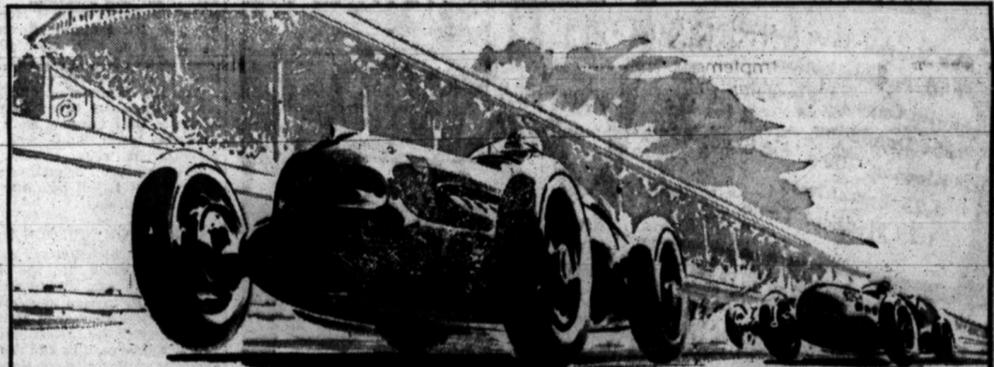

See us today... get the full details on the No. "6."

FRANK CRAIG
STUDEBAKER - MASSEY - HARRIS

With two caster wheels—one on each side of the Mower—the No. "6" holds fast to the contour of your land. Regardless of tractor variations up or down or from side to side you get all of your crop... in the low spots and on the rises. Hilly land or flat you do a cleaner job of cutting... faster, easier. And hook-ups are simple... completely safe.

OPPOSES WILSON—Jimmie Jeffries, veteran radio entertainer, has announced his candidacy for Congress from the Fifth District. He will oppose Rep. J. Frank Wilson, incumbent.

Why every car in the Indianapolis Race has a recessed floor!

It's the only way to get lowest possible center of gravity — maximum road-hugging stability — safety advantages equally vital to motorists who drive at conventional speeds on the nation's highways.

For the lowest possible center of gravity, for stability on turns, for greatest safety, race cars have recessed floors.

For the safest, steadiest way of going over all kinds of roads — Hudsons have a recessed floor ("step-down" design) and the lowest center of gravity in any American passenger car.

Race cars are built for speed on the tracks. Hudsons are built for outstanding comfort and roadability on the highways.

And brilliant engine performance, a traditional Hudson characteristic, is another indication of the sound engineering that goes into these great passenger cars.

Won't you see your nearest Hudson dealer soon?

Church Notes

FIRST CHRISTIAN Laymen's League meeting tonight will be at Harry Seed's at 8 o'clock. The Ceta Glen Young People's Conference began Sunday and will continue through next Saturday. Those planning to attend are requested not to arrive later than 5 p. m.

At the evening service last Sunday, the pupils of the Holy Vacation Bible School presented a Devotional Program. They also exhibited a specimen of their handiwork they had been doing a week previous.

IMMANUEL LUTHERAN Church worship service begins at 11:30 a. m. on Sunday morning. The sermon for the day will be based upon the story of the "rich man and Lazarus", Luke 16:19-31. Sunday School and Bible Class begin at 10:30 A. M. under the direction of George Tiefel, Superintendent. The children will study the story of the "Eunuch of Ethiopia", the first Gentile to be converted.

The Sunday School teachers will meet at the church office on Wednesday, June 14th for lesson study and demarcation.

Happy Homes Meeting Held In Gandy Home

Three committees were named at a recent meeting of the Happy Homes 4-H Girls in the Gandy home.

Joe Eddy Scott, Sue Springer and Gracie Fotheringham compose the finance committee; Gail Albracht, Neil Walker and Jane Newsom are on the recreation committee; Doris Wilhelm, Earle Dean Gandy and Barbara Damron make up the program committee.

Mrs. Ira Ott gave a demonstration on planting annual flowers and named a list of flowers to plant. The 10 members attending answered roll call with the name of their favorite flower.

Refreshments were served Gail Albracht, Earle Dean Gandy, Yvonne Axe, Jo Eddy Scott, Barbara Damron, Kay Lynn Scott, Martha Heard, Gracie Fotheringham, Doris Wilhelm, Glenna Faye Gandy, Mrs. C. Gandy, Mrs. G. Heard, Mrs. Ira Ott and Mrs. R. Fotheringham. Zinnias and petunias were planted in the yard.

Next meeting will be June 21 with Gail Albracht.

Chermyne McCort Has Eight Birthday Party

Chermyne McCort celebrated her eighth birthday with a party given by her mother Sunday.

The vine games and refreshments from 3 o'clock until 5 o'clock Sunday afternoon were given by her mother, Mrs. Marvin L. McCort, Lovella Finley, Helen Duncan, Carl Duncan, Marsha Sowell, Bubba Sowell, Danney McCort and the honoree, Chermyne.

ON RADIO PROGRAM

Mary Helen McGilvray of Hereford, appeared on a local radio program presented by the McMurry College Curriculum Workshop Friday.

Conducted by Dr. Andrew W. Hunt, McMurry Education Department chairman, the workshop is a three-week advanced education course. Class members have heard several local and regional authorities speak on school problems.

Mrs. Hunt is directing the series of broadcasts, entitled, "Children Are People Too." Class members are writing the scripts.

Sadie Lee Oliver 4-H Has Demonstration

Sadie Lee Oliver 4-H-Club met Thursday at the Westway School

with Patsy Townsend, club president in charge.

Mrs. J. C. Morrison gave a demonstration on simple flower arrangements for tables. Roll call was answered by naming a flower the member would like

most to plant.

Members present were Patsy Townsend, Helen Diller, Gayle Wagoner, Ann Wagoner, Lynn Morrison and a guest, Sandra Townsend.

HIGH in Quality • LOW in Price!

Listen to the church sponsored quarter-hour radio program each Wednesday at 1:30 P. M. **FIRST METHODIST** services last Sunday were in charge of the children of the Vacation Bible School. They sang songs they had learned, and each Department told what they had been doing. Their handiwork was displayed after Church. An average of about 100 attended each day. One hundred and ten students were enrolled in the Bible School.

The Wednesday evening Prayer Service is being held at 8 o'clock in Ward Hall each Wednesday evening. Come and you will receive a blessing from this service.

Choir practice will be held tonight at 8 o'clock.

Next week, our Pastor will be the speaker for the Morning Devotions over KPAN at 8:45 each morning. Let's not forget to tune in each morning, Monday thru Friday for this program.

Our Senior Group left Monday morning for Summer Assembly in Abilene at McMurry College. Six students and Counsellors representing Hereford.

Also the Junior boys and girls left Monday for their Summer Camp at Ceta Canyon. Both the Assembly and Camp will last through this week.

Have you been attending your Church lately -- If not, why not start this Sunday.

CHRISTIAN SCIENCE Services are held each Sunday morning at 11 o'clock in the Star Theatre. All who are interested are cordially invited to attend.

"God the Preserver of Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 11.

The Golden Text is: "Whithold not thy tender mercies from me, O Lord: let thy loving kindness and thy truth continually preserve me" (Psalms 40:11).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thou wilt keep him in perfect peace, whose mind is stayed on thee: because he trusteth in thee" (Isaiah 26:3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Step by step will those who trust Him find that God is our refuge and strength, and His presence help in trouble" (page 444).

Ask

JOHN McLEAN

This Question: The other night some friends of ours compared Fire Insurance with a Bill of Sale on their home. Under that basis which sounds only reasonable. I guess my Fire Insurance needs revising. I would never sell my home and furniture on today's market for the value stated in my policy. Can you help me adjust it?

AROUND TOWN SIGHTS, FACTS SEEN

The eight new CCC quonsets south of the tracks will be completed this week...

Henry Sears was in Austin the first of the week as a member of the Governor's economy committee.

O. P. Cowart was going to take Burl Elliston's Deaf Smith county motion pictures to Littlefield today for the Lions Club meeting there.

Hereford Garden Club will meet Friday afternoon at 4:15 in the home of Mrs. A. L. Manjeot where they go by car to Amarillo for a pilgrimage.

Hereford Lions club members are supposed to furnish the program for the American Business Club meeting in Amarillo Friday noon.

Veterans from Ohio, South Dakota and Pennsylvania are reminded by Ralph Smith that deadlines for applying for the bonus each of those states are giving to their veterans are coming up at the end of the month.

Easter Sewing Club is sponsoring a pie supper and candidate rally at the Easter School House Friday night, June 23, at 8:30.

Rotary club members heard two classified talks at their Friday meeting. Grady Rogers of Halle Drug talked on the Drug business today as compared to yesterday.

A winner-take-all (losers don't get paid for their work) match Saturday night will pit Tommy Martindale and George Overhulls against George Bruckman and Benny Truedell in a grudge fight.

County Judge L. H. Foster said paving will begin on the courthouse sides, probably next week, as soon as paving contractors finish up spots on Harrison Highway.

The first free show and story telling hour at the Star Theatre Wednesday morning produced better than expected results. They counted 174 youngsters by the number of free candy bars given away.

Don't forget Saturday is the deadline for filing for a county office.

Hereford Toastmasters and wives will meet for a dinner meeting Tuesday night at 7:30 in Hotel Jim Hill. The club charter is expected in time to call it a charter night.

The Weather Sunday—High 92, low 56. Monday—High 94, low 48. Tuesday—High 99, low 63. Wednesday—High 99, low 67. Total moisture for June—86. Total for 1950—2.39.

Wyche Road Comes Up Again Before Commissioners

County Commissioners met Monday in the courthouse for their first June meeting. Besides routine bills, two farmers, H. H. Boardman and Ed Paetzold, appeared before the commissioners to settle right-of-way problems on the Wyche road.

County Judge Leonard Foster said eight more farmers had indicated they would appear before the court Monday, but failed to appear. The farmers, Foster said, all want more information about Wyche right-of-way.

Before paving can begin on Wyche road, all the involved parties must sign the deeds, Foster said. He urged those who have business pertaining to the deeds to contact either their commissioner or come to the Judge's office in the courthouse at the earliest possible date.

Representatives of County Home Demonstration Clubs presented the commissioners with corsages as their way of showing their appreciation for services rendered. The HDC members were from G. T. Higgins precinct.

Jaycees Elect New Officers Tuesday

Newly elected Hereford Junior Chamber of Commerce officers will take office at the annual installation banquet Tuesday night, July 11, according to President Paul Conaway.

Officers were elected Tuesday night as follows: Jerry Stoltz, president; Dick Lucas, vice-president; directors, John Aiken, Ed Skypala, Dick Barrett, Darrell Blanton, Jim Terry and Bill Howard.

The six new directors will join Kenneth Coker, Gerald Wilson, S. A. Backworth, Leo Hellman, Harold Loperwald and Ivan Block as the twelve club directors.

Outgoing directors are Jiggs Hartman, Sam Nunnally, T. J. Clay, Dub Reeves and Bill Wolfe. The club will attend the Friday night dinner meeting of all local civic clubs.

Elect Charley Noland Worshipful Master

Charley T. Noland was elected Worshipful Master for the Masonic year 1950-51, starting June 24, at the Hereford Lodge meeting Monday night.

Other Lodge officers are: O. P. Cowart, senior warden; J. B. Noland, junior warden; Robert Thompson, secretary; Wes Bradley, treasurer; T. E. Brock, tiler. The meeting was the first, noted meeting of the local lodge in their new building.

Henry Sears is the present Worshipful Master.

Funeral Services For Miss Jennie Miller Were Held Monday

Final rites Monday were read for Miss Jennie Miller, 69, who died Saturday morning at 11 o'clock in Deaf Smith County Hospital. Rev. H. V. Fields officiated at the funeral held at Gilliland Funeral Chapel.

A joint owner of the Miller Hotel, Miss Miller's father was an original partner of the Miller Hotel when it was built in 1909. Her parents, Mr. and Mrs. D. W. Miller, were Hereford pioneers, coming to Deaf Smith County in 1902. Miss Miller has been ill several months.

Miss Miller was born April 19, 1881 in Cooke County, Texas and came to Deaf Smith County with her parents. Her parents died several years ago and are buried here. She was a member of the First Baptist Church of Hereford.

She is survived by a brother, Dr. Charles Miller of Snyder and a sister, Mrs. Stella J. Hall, of Grand Junction, Colo.

A brother of Miss Miller's, John Miller, who was killed several years ago in a car accident, was sheriff of Deaf Smith County. At the time of death, Miss Miller was at home at 136 J Avenue in Hereford.

Burial was in West Park Cemetery.

QUESTION of the WEEK

If you were suddenly notified you could take your vacation in Havana, Cuba, with all expenses paid, when would you go... now or next fall; or when in the next 12 months?

Mrs. Margaret Ryan: I would go the end of this month. I live at Madison, Wisconsin and am in Hereford right now on sort of a vacation. If I were fortunate enough to make such a trip, I would just keep on going south from Hereford. The farther south, the hotter it is, though.

Mrs. J. W. Kirby: Traveling is like a good meal. It should be enjoyed with a good friend. It should be taken slow and easy to get the most enjoyment out of it. If such an offer would come to me I would go probably in February. I would want a close friend or a member of my family with me. I think I would like to go by train or boat.

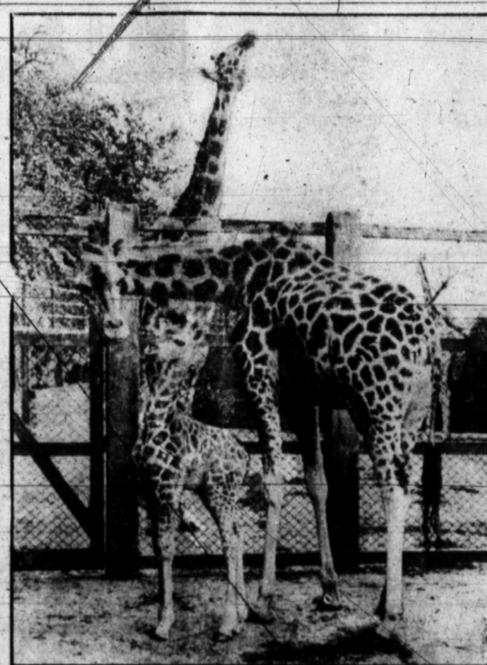

Mrs. J. L. Luck: If I were told that, it would be wonderful. I would really look forward to going. I think I would go during one of the colder months, December or January. I think I would like to fly down. I love to fly.

Mrs. Walter Easter: Oh, I wouldn't know. I think, though, I would be ready to go most any day. I have never been to Havana but I have wondered what it's like down there. I think the trip would be wonderful. If I had the chance I would fly down. The trip would be fine. I think.

George Strange: If I were able to go, I think I would go during one of the colder months—December or January. It sure would be a wonderful trip for someone to make. Personally, I couldn't make the trip. But, if I could, I think I would go by train. I have never been to Havana.

Mrs. J. J. Buckner: When you asked me so suddenly, I can't hardly give a good answer. I think, probably, I would go during the winter season. I think it gets pretty hot in Havana during the summer. I have only traveled in New Mexico, Arizona and Oklahoma and I think I would like it. What little traveling I have done, I like to go. Although I have never been up in a plane, I think I would give the airlines a whirl if I could go that way.

Hereford's Population Is 4,808; Deaf Smith County Is 9,073

HEAD IN THE CLOUDS—Twiga, in the background, giraffe father of week-old "Sambo," seems mighty proud of the attention his offspring is receiving at the Whipsnade Zoo in Bedfordshire, England. The newcomer's mother, "Girle," however, is a bit more down to earth, advising her youngster to rubberneck right back at the curious spectators.

Hereford has a population of 4,808 people Walter Shaller, district census supervisor, announced Wednesday night. Deaf Smith county has 9,073 residents, also according to his release. These figures represent an increase of 3,017 persons in the county and 2,224 in the city of Hereford, during the last 10 years. In 1940 Deaf Smith county had 6,056 residents and Hereford's population was 2,584.

Herefordshire Man Speaks To All Civic Clubs Friday

All Hereford civic clubs will converge Friday evening on the Hotel Jim Hill banquet room to hear Kenneth Brooks, Herefordshire, England, who will be honored guest of the day in Hereford.

A member of Herefordshire City Council in England, Brooks will have letters from his city in Hereford city officials. Betterment of international relations and good will is the purpose of his talk.

Brooks is in America to participate in the Institute of International Relations at Dallas and San Antonio this week. He will leave the Institute a day early in order to stop over in Hereford before continuing to Seattle.

Local civic clubs have agreed to hold their scheduled meetings this week all together on Friday night in order to hear Brooks. Civic club members and wives are invited. Dinner prices will be the same as at regular club meetings—\$1.15 per plate.

Brooks is said to be among the better informed on Russian relations and an excellent speaker. He is secretary of British Friends Post War Service Com-

Firemen Attend State Convention This Week

Hereford Fire Chief Earl Phillips and seven other Hereford firemen left Monday to take part in the State Firemen Convention held in Wichita Falls this week. Estimates are that between five and 10 thousand firemen from all over the state will converge on Wichita Falls for the meet.

Hereford's pumper team which had the water pouring in 41 seconds a few weeks ago here at a district convention, will compete in the contests held at Wichita Falls.

Attending from Hereford are Phillips, J. W. Robinson, Jr., Willard Witherspoon, Glenn Witherspoon, Clay Angelo, Morris Easley, Onias Carroll and Bud Witherspoon. All but Phillips and Glenn Witherspoon are on the pumper team.

STRANGE RELICS OF LONG AGO

Collecting Is Own Reward

By JOHN SCOTT One day, 55 years ago, on an East Texas farm near Frost, a farmer gave his 6-year-old son an old arrowhead which he had been carrying around in his old tool box.

Joe Green, who lives now in the first house west of the Hereford Christian Church not only still has that old arrow head but he has added about 6,000 more to make his collection one of the more complete in West Texas.

Joe Green, from that first time in 1895, became fascinated with the past. He got to asking "why" and "when" about everything he picked up. He found himself taking the rest of life half-way and devoting more and more of his time to delving in the past.

"Why" such things like that in 1895, became fascinated with the past. He got to asking "why" and "when" about everything he picked up. He found himself taking the rest of life half-way and devoting more and more of his time to delving in the past.

There's a real grandfather's clock—owned by Joe's grandfather. It is estimated to be around 70 years old and Joe's mother was just big enough to climb up on a wagon when her father bought it. It is in good shape now, Joe said, if it had the right repairs made on it.

There's some ancient cut-glass and an old sugar bowl one of Joe's aunt sent him recently. The glass has turned slightly purple from the sun hitting it. This, according to Joe, is the reaction the sun has on cut-glass.

There's an old .50 caliber buffalo gun leaning up against the wall in Joe's den. It is in top shape and will still shoot. Joe shot it recently and he still has some bullets. This gun is around 70 years old.

Joe Green has magazines, now but hunt for relics. We sold out our farm several years ago and now there isn't much else to do. Besides, I would rather do this than anything, Joe says.

Joe has some arrowheads made by the Polesum and Yuma tribes which were here long before Columbus arrived. Dates on these relics go back 20,000 years.

We used to get hurried when we would go out looking for this stuff. George Millard used to be the biggest kidder we had. But one day I took George with us and now he's just as bad as I am about collecting. He has a good collection, himself.

Likes It Better "I don't do much of anything

Boy Catches Foot In Power Take-Off While Riding Tractor Mon.

Marvin Kuper, 5-year-old son of Mr. and Mrs. Henry Kuper, who live north of Summerfield, is in Deaf Smith County Hospital after being treated by Dr. L. B. Barnett for a crushed left toe.

Young Kuper, according to Dr. Barnett, got his foot caught in the power take-off of his father's tractor as he was riding on their farm Monday afternoon.

Although his toe was badly mangled, Dr. Barnett said young Kuper is improving. He was still in the hospital Wednesday afternoon.

Accidents Continue Landers Cuts Hand

Joe Landers is in Deaf Smith County Hospital after being treated by Dr. M. W. Nobles for cuts on his hands late Tuesday night.

Dr. Nobles said Landers, who was milking at the time of the accident, was holding a jar and it broke in his hands. He suffered severe lacerations on his right hand and one of the tendons on his thumb was cut.

Dr. Nobles said no serious injury was apparent and Landers is recovering. He was brought to the doctor by Don Combs, Dr. Nobles said.

Stomach Dive Injures Girl At Pool Tuesday

Wanda Franklin, 14-year-old daughter of Mr. and Mrs. H. R. Franklin, was injured Tuesday afternoon at Hereford Municipal Swimming Pool when she landed flat on her stomach in the water after diving off the diving board.

Dr. L. B. Barnett said both the girl's legs are paralyzed and there appears to be hemorrhage along the spine. She is in Deaf Smith County Hospital now. Dr. Barnett said he had consulted with Dallas doctors in the girl's case and that she was resting comfortably Wednesday.

Mrs. Bell Is Buried At Hedley Monday;

Funeral services for Mrs. Anne Elizabeth Bell, 85, were held Monday afternoon at the First Baptist Church with Rev. R. H. Cagle officiating. Mrs. Bell died Saturday morning at Deaf Smith County Hospital.

Mrs. Bell, who came to Deaf Smith County after her husband's death, from Hedley, married William Bell in Bosque County in 1875. She was born June 17, 1864 in Bosque County. She moved to Hedley from Bosque County in 1918 and came to Deaf Smith County in 1928.

One of her daughters, Miss Talley Bell, a school teacher in Hereford, died in 1933 and is buried at Hedley. Another daughter, Miss Madeline Bell, is still teaching school here.

She has four children living: Jim Bell, Everett, Mo., and William Bell of Amarillo, both sons; Mrs. O. B. Hamlin of Placius and Miss Madeline Bell of Hereford.

In addition, 13 grandchildren and 14 great-grandchildren also survive.

Alert Hereford funeral services, interment was at Hedley under the direction of Gilliland Funeral Home.

Hot Check Charges Are Filed Against Three

Three complaints of swindling with worthless check were filed Monday in county court by County Attorney O. L. Bybee.

G. O. Thompson wrote a \$10 check to Triple E Cafe on the Hereford First National Bank. Preston M. Cannon wrote a \$20 check to Halle Drug Store on First National Bank of El Paso and J. G. Smith wrote a \$20 check on the Chickasha First National Bank to Jones Service Station.

"SO LONG, MA"—"Mary," an inmate of the San Francisco Zoo, was a downcast chimp when authorities decided that her 14-month-old offspring, "Little Joe," was big enough to rate a cage of his own. While keeper Bill Wills helped "Little Joe" wave goodbye, "Mary" made no secret of the fact that she felt terrible about it.

Hereford's 2,224 persons increase in population since 1940, represents a growth of 86 per cent during the 10 years. This growth is spectacular when compared to those previously released by the census bureau listed below. Amarillo has a 42.6 increase during this period, less than half of the Hereford growth. Canyon gained 1,727 persons in the decade to total 4,349. This includes the complete West Texas State enrollment. The increase there is 65.1 per cent.

The county population increase of 3,017 people, only lacked 11 residents of being an exact 30 per cent increase. Deaf Smith settled for 49.8 per cent.

703 Rural Increase An indication of the rural population increase is shown by deducting the increase in the city of 2,224 from the county of 3,017. 703 people moved into the rural areas of the county.

Hereford apparently has an average of approximately three persons per dwelling unit, figuring at 1,600 dwellings in the city. The exact number of dwellings will be available later. The average in the district has been 3.9 and Amarillo reported 3.1.

Changing the policy from enumerating college students at home to their college towns probably cost Hereford and the county something near 40 to 60 persons.

Hereford Chamber of Commerce figures show the town had 889 electric meters in 1940 with an average of 2.91 persons per meter. The 1950 census finds the figure at 2,050 meters and 234 persons per meter.

Fewer People Per Meter In 1940 there was 3.37 persons to the gas meter and there are 3.10 today. The number of meters increased from 766 to 1,550.

Water meters number 1,550 today and were 635 in 1940. There were 4.07 persons to the meter then and 3.10 now.

Hereford had 480 telephones in 1940, or 5.38 persons per phone. Today there are 1,750 telephones for 2.74 persons per phone.

No analysis of the total, such as the ratio of native white population to other residents, has been made. Such analysis will be made by the Census Bureau in Washington after all reports of the local enumeration have been checked.

Other figures released in the area to check against Hereford's 4,808 include:
