Around Town

SIGHTS, FACES SEEN

The honking of wild geese flying south, the chill mornings and the calendar all indicate strongly that fall is upon us.

The late grain harvest, farmers report, will be "duck soup" for ducks, and too many of the birds could wreak havoc in a good crop.

Paul Dishman, who has just graduated from Texas Tech in Lubbock, plans to spend one year in Hereford between medical school and pre-med.

Back to the grain field—farmers this week are answering over and over the question "Have you begun cutting yet?"

Cattlemen all over the county have almost completed branding and dehorning.

Pastries are sometimes considered the most attractive foods on earth, and citizens of Hereford may be inclined to agree after next Saturday.

A beautiful large head of lettuce which Mrs. C. A. Sauley of Westway brought to the Brand office, has caused many comments this week.

Jaycees Outline Lighting Program

Plans are almost complete and work already is underway for an extensive Christmas lighting program being sponsored by the Hereford Junior Chamber of Commerce.

Besides decorating the principal business streets of the town with brilliant Christmas lights, the Jaycees plan a visit to Santa Claus and his real reindeer, a community carol singing project, a Christmas pageant and community-wide party for Santa Claus and the children of the town.

Santa is scheduled to make his appearance with his reindeer November 30 and December 16. Jim Terry, general chairman of the program said Santa is slated to be on hand again Friday, December 22, to hand out gifts, including candy and nuts to the children.

The pageant, hoped by the Jaycees to become an annual project of their club, will be staged in front of the courthouse, according to still indefinite plans.

MODERN BETSY ROSSES—Five modern Betsy Rosses, all members of the Fairview Home Demonstration club, smiled when their picture was snapped as they put finishing touches to the United Nations flag which will be flown October 24 (United Nations day) at the Daniel Community house.

HD Ladies Prepare Flag For UN Event

Members of the Fairview Home Demonstration club Monday morning put the finishing touches on the United Nations flag which will be flown October 24, United Nations day, at the Daniel Community house.

The flag, for which the center-piece design was shipped to the club will be flown alone throughout the day, the ladies announced.

Those present for the final touches added to the flag were Mesdames Wayne Higgins, president, Joe Gill, vice president, LaMoy Tooley, week simplification demonstrator, Byron Campbell, secretary and Jack Higgins, clothing demonstrator.

Plans for flying the flag alone were made Monday morning. Had both the American and UN flags been flown, the ladies stated the Stars and Stripes would have been given the top position.

The decision to do so came after the new UN flag-flying issue became controversial when the National Veterans of Foreign Wars protested it on the grounds that the American flag was being displaced by that of the United Nations.

A tentative hour—7:15 p. m.—has been set as the starting time for a United Nations program to be held under the sponsorship of the Home Demonstration club and with the cooperation of the Daniel community.

The program, which will feature a basket supper and a prominent guest speaker and guest singer, will be held at the old Daniel school building, located 18 miles northeast of Hereford in the northeast part of the county.

Corn Harvest Is Well Underway

A good many farmers have started harvesting corn in the county, according to F. G. Collier of the Production and Marketing Administration.

Collier said the present rate on corn is \$1.11 per bushel.

Last Chance For Free Shots Fri.

Hereford school children will have their last chance Friday from 2:30 until 5 p. m. to receive the whooping cough and diphtheria shots being administered free of charge under the sponsorship of County Health Officer Dr. L. B. Barnett and the Hereford Parent-Teacher Association.

Children may take the shots by appearing at the east entrance of Deaf Smith County hospital Friday afternoon. It was announced this week by Mrs. M. T. Rutter, chairman of the P-TA health committee.

The shots also will include booster shots for both whooping cough and diphtheria, Mrs. Rutter said.

Dr. Barnett said, "If more than two years have elapsed since children were given shots for either of the two maladies, booster shots are recommended."

The program for giving shots began August 8, when 1,000 students were immunized. The second group of 250 students received inoculations September 10. Mrs. Rutter said she did not expect the number to be as great Friday as it has been in the past.

All parents of school-age children inoculated once, and who need booster shots were urged to be present for the final immunization.

Those who reported from the Hereford area include Bob Axe, Jim Lowrie, Raymond Williams, Johnny Jones, Carl D. Kiemen, James Hutson, Lloyd Oswald, Pete Fischbocker, Lloyd Lust, Doyle Cox, Ben Plummer, Nollie (Pat) Elliston, Robert Hoplin, Gardner, Walter Kern, David F. Smith, Martin Juarez, Jim Delashaw, Virgil LaPlant, Duane Williams, Wayne Newsom, Max Ford, Irvin Curry, Bill Smith, Henry Lueb, James Robertson, Melvin L. Fickenschmidt and Norman Jones.

Rev. R. H. Cagle Main Speaker At State Convention

Rev. R. H. Cagle, pastor of the First Baptist Church, will preach the Convention Sermon at the annual meeting of the Texas Baptist General Convention in Ft. Worth. Convention dates are November 7 to 9, and Rev. Cagle's sermon is scheduled at 11 o'clock on Wednesday morning, November 8.

Ten thousand people are expected in Ft. Worth for the convention at the Will Rogers Coliseum. Rev. Cagle states that several from Hereford will attend, including himself, Mrs. Cagle, and Mr. and Mrs. Bob Lawrence.

Rev. Cagle was selected as alternate last fall at a convention in El Paso when Dr. Jesse Northcutt was selected speaker. It was learned last week that Dr. Northcutt will be unable to deliver the address.

Tom Bourland Assumes Post At Farm Employment Office

Thomas Bourland, formerly of Lamesa, is well underway with his duties as farm labor representative of the Texas Employment Commission, at his office in the basement of the courthouse here.

Since October 2, when he assumed his new post, Bourland says business has been heavy as a result of the harvest and the large amount of farm labor being used in the county.

The new representative relieved another Tom, Tom McFarland, who recently became manager of the Hereford Chamber of Commerce.

Bourland's position calls for the contacting of farmers and farm laborers for the purpose of aiding farmers secure employees for harvests and other agriculture work.

"I'll be glad to help all farmers and everybody else I can secure laborers for temporary or permanent employment," Bourland said.

Mr. and Mrs. Bourland moved to Hereford October 1, and are making their home at 402 West Fifth.

Lettuce Harvest Is Fluctuating

The lettuce market is fluctuating this week according to the grade of the lettuce, states Jeff Thomas of the Atterbury-Beasley Company.

Price on the five-dozen size crates was from \$2.50 to \$2.75, while four-dozen size crates were \$3 to \$3.25, depending on the quality.

Thomas said the quality has slipped some, but it is expected to be better in the later fields.

Parmer County Pioneer Dies Here Monday

A pioneer resident of Parmer County, Mrs. Gertrude Sherrieb of Friona, died at Deaf Smith County Hospital here Monday following an illness of several months. If she had lived 10 more days, she would have been 70 years of age.

Funeral services were held yesterday afternoon at the First Baptist Church in Friona with Rev. Joe Wilson of Floydada in charge and Rev. Tommy Allen of Friona assisting.

Mrs. Sherrieb was born October 27, 1880, in Van West, Ohio, and she was married to E. M. Sherrieb in 1899 in Van West. The family moved to Texas in 1910 and settled in Parmer County. She was a member of the First Baptist Church in Friona.

Two sons and one grandson survive Mrs. Sherrieb. The sons are Harry W. Sherrieb of Barrozeet and Clyde Sherrieb of Friona.

Palbearers were E. E. Taylor, George Messenger, J. A. Wimberly, George Baker, D. H. Meade, and A. S. Curry.

Interment was in the Friona cemetery with Gilliland Funeral Home of Hereford in charge.

Dry Weather Speeds Up Grain Sorghum Harvest

Perhaps the biggest news in this part of Texas this week is the weather. The farmers are now optimistic about yields for the year since the warm weather has made crops mature faster.

Harvest has just started in milo and corn fields throughout the county, and farmers are still bringing in lettuce, sugar beets, and cotton.

All the grain elevators have reported they are receiving some milo, and one company stated it had been running steady for a week. Others described the milo harvest as "spasmodic" at this time of year, and all agreed the bulk of the harvest will not be until after frost.

J. A. Pitman of the Pitman Grain Company stated their first load was received from Mack Jackson, who lives north of town.

At the Fraser Milling Company, Alton Fraser reported "quite a little bit of milo coming in." L. B. Worthan brought in their first load.

Although most farmers are cutting only small acreages, Jack Bradley of the Bradley Grain Company said several farmers have cut over 300 acres, and Bradley himself has cut a 500-acre field.

He added that the farmers are "pretty well satisfied with the yield", especially since the warm weather of the last few days has speeded up harvest. H. E. Lindley brought the first load to the Bradley Grain Company.

Yields are varying from 50 to 100 bushels per acre. Various

farmers reported that moisture content is running 11 and above. Some grain men predict local storage facilities will not be overcrowded this year, since some grain is already being shipped to outside storage centers.

TOM BOURLAND, recently appointed farm labor representative for the Texas Employment commission at Hereford, looks up from his work in his office in the basement of the courthouse. The new citizen of Hereford moved here after completing a year in Texas Employment work at Lamesa.

Mr. and Mrs. Bourland moved to Hereford October 1, and are making their home at 402 West Fifth.

A native of Matador, Bourland is 28 years old and a former student at West Texas State college at Lubbock. He is a veteran of three years in the Air Force, one and a half of which were spent overseas.

He was stationed at Lubbock for more than a year as representative for the Texas Employment commission. During that

time he worked in several outlying towns, including Childress and Marlin, Texas.

The new Hereford citizen said he likes his assignment very much and that Hereford is "a pleasant town."

Kiwanians To Hear Dr. Hill Today

Work of the United Nations will be discussed today at the regular luncheon meeting of the Hereford Kiwanis Club by Dr. J. A. Hill, president emeritus of West Texas State College in Canyon. The meeting is held at Hotel Jim Hill.

Dr. Hill has been present for sessions of both the General Assembly and the Security Council of the United Nations.

Question OF THE Week

Do you believe, in view of the present intensified interest in oil exploration here, oil will be discovered in Deaf Smith county? If discovered, would you welcome its development?

Mrs. Bill Brady:—I haven't the slightest idea if they will strike oil or not. It's completely out of my line, but I would like to see it happen, and I

LARGEST GROUP—Pictured above is the largest group of men called so far for induction physicals since the Korean war began. Mrs. A. Petersen, secretary for the local board, said the 25 men above represented all but two of the men who left from the Hereford area for preliminary physicals. The two missing men are Melvin L. Fickenschmidt and Norman Jones, both of whom reported a few minutes after the picture was snapped early Monday morning.

**LT JAMEC WOOD Inside
Lt. James Wood
Reports For Duty**

It will be Lt. Wood for James Wood, a senior accountant at the E. C. Eubanks office after October 26. Lt. Wood has received his orders to report at Ft. Sam Houston on that date for active duty.

During World War II, he served two or three years overseas, participating in much of the heavy fighting in Europe with the infantry.

Lt. Wood has been employed by the Eubanks office for more than a year, and had done some work for them prior to that time.

He will be succeeded by T. Blackburn of Amarillo, who was

formerly a deputy collector of the United States Treasury.

MYSTERY FARM—Although at least one person came very near identifying last week's mystery farm, it still remains a mystery. The first person identifying the place will be awarded two free tickets to the theatre. A pair of tickets will be received by the first person living in the city limits who identifies the mystery farm (below) for this week. A similar award will be made to the person living outside the city limits who identifies the place.

Round Town

(Continued from Page 1)
Harvest in the Sauley field is scheduled to start Monday or Tuesday. This is the second crop to be harvested from the same land this year, the Sauleys having had a good crop of early potatoes. The lettuce was sprayed with insecticide by airplane once, and Mr. Sauley did some spraying with a tractor attachment. The Sauleys also have good crops of corn and wheat.

Farmers and all other citizens of Deaf Smith county probably will have occasion to meet Tom Bourland, farm labor representative of the Texas Employment Commission, who relieved Tom McFarland of the job when the latter Tom became manager of the Chamber of Commerce. When he said Hereford was "OKAY", Tom Bourland put an exclamation point in his words. He reflected this week from his office in the courthouse basement moving to Hereford wasn't altogether easy thing. In fact, he broke his toe in the process and now moves around with his foot in a cast. "But it was worth it. Hereford is a good town," he added.

The first of a series of Bingo events sponsored by the Hereford Rotary club will begin at 8 p. m. Tuesday, October 24, at the Jim Hill hotel.

Question

(Continued from Page 1)
I would really be eager if I had some land.

Mrs. Charlene Wilder:—Yes, I think it will be. The question should be considered in many different ways. It would be good for the town—building it more, but at the same time there are many disadvantages, including rowdiness and inflated prices. However, the good points would outweigh the bad.

Odice Bullis:—I don't think so. Sure, I'd like to see it happen, but I'm afraid it isn't there.

John Hall:—I think they will, but not very soon. Why, sure I would like to see it happen. We need something like that here.

Mrs. J. T. Lowe:—I believe they will someday. Yes, I would like to see oil developed here.

John Torbit:—I think they'll discover it. I think there's something here pushing this water up. Sure, I would like to see it developed.

C. W. D. Gibson:—I haven't the slightest idea, but I hope they do.

Mrs. C. W. Frye:—I wouldn't know what to say about that. I guess so. It would be another step of progress, and I think we will all be glad.

of several floats through the streets.

The Retail Merchants association has agreed to co-operate 100 percent in the lighting program, Terry said, and donations already have begun coming in to finance the project. The majority of the merchants owning frontage on the streets to be decorated have agreed to donate 75 cents per running foot.

Donations from any individuals wishing to co-operate in the project will be gladly accepted by the Jaycee Christmas program committee, Terry added.

Dub Reeves said he earnestly solicited and urged "all people interested in securing additional information about the Christmas pageant and caroling project to call me."

**Harvest Begins
For Sugar Beets**

Many farmers in the county have begun their sugar beet harvest. Beets have been coming in at the dump since it opened on October 3.

Farmers with large acreages, especially, are taking advantage of the good ground conditions now; however, many farmers will wait until the weather is colder as the sugar content of the beets will increase then. The present content is running about 14 per cent.

Yields over the county are averaging about 15 tons.

**First Christians
Attend Convention**

"Cooperation and Beyond to Brotherhood in Christ" was the theme for the International Convention of the Disciples of Christ at Oklahoma City last week. Fifteen delegates from the local First Christian Church were present for the meeting Monday through Sunday, which was attended by 8,000 delegates.

Among the featured speakers were Dr. Kagawa of Japan, Dr. Ralph Sockman of New York and Dr. James Clark of St. Louis. About 30 nationals from foreign fields were in attendance.

A 10-year program for the Disciples of Christ was launched. The 1952 convention will be held in Chicago jointly with the American Baptist Convention.

Those attending from Hereford were Rev. and Mrs. Roy Ford, Mr. and Mrs. E. M. Thomas, Mr. and Mrs. Virgil Dodson, Mr. and Mrs. Troy Moore, and Mesdames Roberta Dyer, B. F. Cain, Lena Bell, Bill Russell, A. M. Jones, Ira Ricketts, and F. S. Smith.

**Birthday Dinner Honors
G. C. Hartman Sunday**

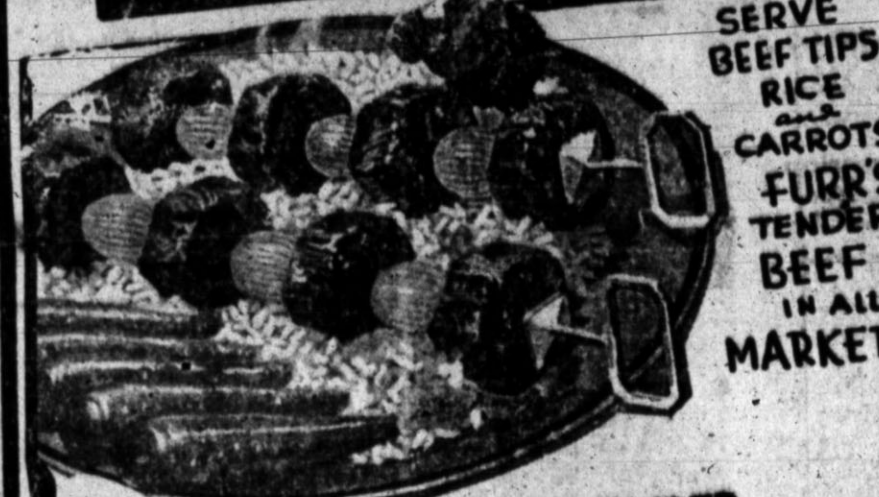

G. C. Hartman of Dove Creek, Colo., was honored by his children at a birthday dinner in the home of his daughter, Mrs. Gordon Witherspoon, Sunday.

Present were Mr. and Mrs. Bill Simpson and daughter, Mr. and Mrs. Elwyn Hartman, Mr. and Mrs. Jiggs Hartman, Mrs. Roger Hartman and children of Santa Fe, N. M., Mr. and Mrs. C. O. Hosker and daughter of Friona, and Mr. and Mrs. Witherspoon and son, Neil.

Church Notes

(Editor's Note: All churches are invited to have their copy in the Brand office before noon on Monday if it is at all possible.)

Speaking on "Wisdom and Knowledge" from Proverbs 2: 6-10, Elder G. A. LaGrone spoke at the 11 o'clock hour to the Seventh Day Adventists.

"The God whom we serve is no respecter of persons," he said. "He who gave to Solomon the spirit of wise discernment is willing to impart the same blessings to His children today. If any of you lack wisdom, His word declares, 'let him ask of God, that giveth to all men liberally, and it shall be given him' James 1:5.

"Disobedience has closed the door to a vast amount of knowledge that might have been gained from the scriptures. Understanding means obedience to God's commandments. The scriptures can be understood only by those who are humbly seeking for a knowledge of the truth that they may obey it.

"The knowledge of God as revealed in Christ is the knowledge that all who are saved must have." It is the knowledge that works transformation of character. This knowledge received will re-create the soul in the image of God. It will impart to the whole being a spiritual power that is divine.

"God intends that even in this life the truths of His word shall be ever unfolding to His people. There is only one way in which this knowledge can be obtained. We can attain to an understanding of God's word only through the illumination of that Spirit by which the word was given," concluded Elder LaGrone.

Sabbath School—10 A. M. Church—11 A. M. M. V. meeting, October 21, 2:30 o'clock.

A near record crowd attended Sunday School at the First Baptist Church last Sunday, states Rev. R. H. Cagle. Sunday was the final day of the meeting, conducted by Rev. J. D. McDaniels of Claude.

During the meeting, 11 were added to the church by letter, 10 by profession of faith, and 15 were rededicated.

Of special interest during the meeting was the fact that 133 was the lowest attendance record at the 7 o'clock A. M. services at which time coffee and doughnuts were served. The highest attendance at this meeting was 151, and the average for the week was 143.

"My Sunday-School Superintendent and I Are Partners" was the subject of Rev. Cagle when he addressed the Sunday School conference Tuesday afternoon at the First Baptist Church in Amarillo. Alex Thompson is the local Sunday School Superintendent.

Rev. S. E. Eldridge announced this week that the Sunday services are as usual, and work groups are meeting every night at the Assembly of God Church to work on the new annex to the building.

Expansion is being made on both the front and the back. When completed the auditorium space will be doubled and five more classrooms will be available. A great amount of donated labor is being used in addition to some hired help.

The appearance of the building will be greatly changed due to the fact the front annex is a two-story structure. All of the new building will be stucco to match the present one.

Bob Wear, minister of the Church of Christ, stressed the daily radio program over KPAN

at 9:30 each morning in making announcements for the week. The Sunday morning broadcast is at 9:15.

Attendance is still unusually good at the Wednesday afternoon Ladies Bible Class at 3 o'clock and at the 8 o'clock Wednesday evening meeting, which includes 30 minutes of singing and 30 minutes of class study with classes for all ages.

The Sunday services are: Bible study, 10 o'clock; worship service, 11 o'clock; young people's meeting, 7:15; and evening worship service, 8 o'clock.

Rev. Edgar Irvine, manager of the Methodist Camp Grounds at Ceta Canyon, was the guest speaker at the First Methodist Church last Sunday morning, in the absence of the pastor, Rev. Don Davidson, who was holding a meeting in Skellytown. Pictures of the camp grounds were shown in the Sunday evening services.

Rev. Don Davidson attended the Board meeting of the Methodist Camp Grounds Monday at Ceta Canyon.

The Wednesday evening prayer service is held each week at 7:30 in Ward Hall. Choir practice will be held Thursday evening at 8 o'clock in the Sanctuary of the Church. All choir members are urged to attend.

The Wesleyan Guild will have its first fall meeting on Monday evening at 7:30 in Ward Hall. All members are urged to attend this meeting.

The pastor will be in the pulpit Sunday morning.

Sunday School and Bible Class at Immanuel Lutheran Church convene at 10:30 on Sunday morning. The children will study the story of Elijah's Ascension and will view a film-strip on the entire life of the great prophet. The Bible Class is currently studying the Gospels of St. Mark. The morning worship hour begins at 11:30. The sermon text is Matthew 22:1-14.

The adult class meets each Wednesday evening at the church for "Discussion of Christian Doctrine" based on the explanation of Luther's Small Catechism. Visitors have been extended a welcome to take this opportunity of learning the fundamentals of the Christian religion, said Rev. Lichtsinn.

A weekly radio program sponsored by the church and heard over KPAN each Wednesday afternoon at 1:30 with Rev. Lichtsinn as the speaker. The Lutheran Hour may be heard over two Amarillo stations each Sunday afternoon: KAMQ at 1:30 and KPDA at 4:00. Dr. L. Acker of Omaha is the speaker.

Pastor Lichtsinn attended the conference of Lutheran pastors which met at Lubbock from Tuesday until Thursday of this week and delivered the sermon for the communion service on Tuesday evening.

Christian Science Services are held each Sunday morning at 11 o'clock in the Star Theatre. All who are interested are invited.

"Probation After Death" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, Sunday.

The Golden Text is: "Blessed is the man that endureth temptation: for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him" (James 1:12).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For this corruptible must put on incorruption, and this mortal must put on immortality"

Lynnton Allred Has Birthday Party

Mrs. Jimmie Allred entertained Saturday afternoon with a birthday party for her son, Lynnton, on his seventh birthday. Favors were miniature guitars. County Attorney Lamb County, Texas

DO YOU KNOW what "bail" is? Generally bail or bond refers to criminal matters.

Bail is the security given by the accused that he will appear and answer before the proper Court the accusation brought against him. Bail Bond is an instrument which evidences this security.

In all cases, except two or three extreme situations, when a person has been arrested for violation of the criminal law, he is entitled to make a bail bond, and be released from jail until his trial is held. This bond must be signed by the Defendant, and usually two other persons, who will guarantee that the Defendant will be present for his trial, or that they will pay into the Court the amount of the bond. When this bond

(I Corinthians 15:53).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Good demands of man every hour, in which to work out the problem of being. Consecration to good does not lessen man's dependence on God, but heightens it" (page 261).

Rev. H. V. Fields of the Avenue Baptist Church made the usual church announcements this week including: Sunday School, 9:45 A. M.; morning worship, 11:00; Training Union, 7:00 P. M.; evening worship, 8:00; W. M. Y. meeting, Tuesday, 2:30 P. M.; prayer meeting, Wednesday, 7:30 P. M.

Rev. Henry Seaman will be here tonight for the 8 o'clock adult class at the Episcopal Church and for the 7 o'clock boys' confirmation.

Charles Carter of Lubbock, District Lay Leader of the Episcopal Church, was here Tuesday evening with a film and audio equipment, explaining the church in the district and in the United States. Following the program, refreshments were served at the Joe Smith home.

The women's auxiliary met with Mrs. Roy Crutchfield Wednesday afternoon at 3 o'clock.

Next Sunday evening those who attended the International Convention of the Disciples of Christ will give detailed reports at the regular meeting of the First Christian Church, announced Rev. Roy Ford.

Sunday morning services last week were conducted by the Layman's League with Dr. Clyde Rugh and Pat Sullivan speaking.

A group of young people from the local First Christian Church conducted the morning services in Tulla last Sunday.

Rev. Ford will be in Pampa all next week, conducting evangelistic services at the First Christian Church.

is approved by the Sheriff, the Defendant is released. Before approving the bond, the Sheriff must be satisfied that the parties signing the bond have sufficient property, over and above their exempt property, to pay the bond.

If at any time the bondsmen get uneasy that the Defendant may be about to leave the country and not be present for trial, they may deliver him to the Sheriff, and be relieved of their liability under the bond.

FOR FURTHER INFORMATION ON THIS SUBJECT, SEE YOUR LOCAL ATTORNEY.

RECIPE OF THE WEEK
By Mary Lee Taylor
Thrifty Peach Bavarian
Broadcast October 14, 1950

Ingredients: 2 1/2 cups sliced peaches, 1/2 cup sugar, 1/4 teaspoon grated lemon rind, few grains salt, 1 pkg. lemon gelatin.

Directions: Chill milk until ice cold in a 2-qt. bowl. Drain peaches; save juice. Rub with vegetable oil a deep 8 or 9-in. round pan. Arrange 6 peach halves, cut side down, in pan. Chill. Heat peach juice to boiling. Stir in gelatin until dissolved. Remove from heat; stir in rest of ingredients. Chill until slightly thicker than unbeaten egg whites. Whip chilled milk with cold rotary beater until stiff. Beat in gelatin gradually. Pour over peaches. Chill until firm. Turn out; garnish with Maraschino cherries, if desired. Makes 6 servings.

If there's not enough juice, add water.

You Will Need: Pet Milk, Canned Cling Peach Halves, Lemon Gelatin and Lemons.

Cowgirl Band To Appear November 1

The Hardin-Simmons university Cowgirl Band, under the direction of Bryce Jordan, will present a program in Hereford at the high school auditorium Wednesday, November 1 in the afternoon.

The all-girl musicians of 45 members will present a variety program including semi-classical, popular and novelty numbers. Featured attractions are Mary Jane Smith, Houston, accordion solo; Genora Brown, Midland, Master of ceremonies; Doris Curdington, Breckenridge, vocalist; and Norma Kniffen, Chicago, national VFW twirling champion.

Having developed the characteristics of a showband, the colorful group has attracted much attention through West Texas and New Mexico. It has also gained popularity as entertainment at assemblies in high schools.

Appropriately attired in western costumes, the girls will wear purple skirts and blouses with gold ties and brown boots.

Towns included on the itinerary are Albany, Seymour and Wichita Falls, Monday, October 30; Lawton, Okla., Altus, Okla., and Childress, Oct. 31; Plainview and Hereford, November 1; and Levelland and Lamesa, November 2.

The band was reorganized in 1946 after having been merged with the University orchestra during the war years. It has

been termed as an asset to the Hardin-Simmons School of Music as it offers opportunities in band work. Its director, Bryce Jordan, has acquired recognition through his academic ac-

complishment and experience in the music field. He participated in the Austin Symphony Orchestra and was flute soloist of the University of Texas Symphonic Band.

The band is one of a number of musical organizations of the School of Music at Hardin-Simmons. Its male counterpart is the world-famous Cowboy band directed by Marion B. McClure. Other musical organizations include the cappella choir led by Euell Porter; the university orchestra, conducted by Prof. Herbert Preston; and stringed ensembles.

The tour through West Texas will be made in a chartered bus.

By JIMMIE GILLENTE

What with lettuce harvest in the process and a tremendous grain harvest, only a few days away things seem to be really humming around Hereford. This, of course, does not include the oil leasing activities. Around 500 leases were recorded during the past six months.

I was talking with Nester Gass last Saturday. Nester has been here a long, long time—longer than he likes to think about—but lately he has been making a lot of trips over the country. He says that Hereford is still the "Garden spot of the U. S. A." to him. We also got to talking about what big business farming has become. Once upon a time a fellow could take a couple of mules, a plow, a little energy, and become a farmer. Now, it takes a lot of dough, according to Nester, who says that it not only takes plenty of capital to get started, but plenty to operate. Farming, once a hap-hazard occupation, has truly become a "big business" proposition on the Panhandle Plains.

It is surprising how many farmers buy printed stationery now days, all of which is just another trend in putting the occupation on a par with other businesses. Back a few years ago this was almost unheard of in printing circles.

Oliver Streu says even a college boy can have his troubles, especially regarding weddings. Slated as one of the ushers at Ted Hardwick's wedding last Sunday, Oliver sent his clothes home by a friend and planned a close-connection schedule for the wedding, due to previous engagements at Lubbock, where he is attending Texas Tech. He got on the airplane, as per schedule, landed in Amarillo at 12:30, as per schedule, and was met by his parents, Mr. and Mrs. Ullin Streu, who drove like mad getting him to Hereford at 1:30, also as per schedule. In fact, he ran into the house feeling mighty good about his schedule—until he started to dress. The "buddy" had failed to deliver his clothes. Turnout resulted. He finally wound up wearing his father's suit which, incidentally, was too short in the trouser legs—and just a wee bit too large in the waist.

However, you've got to hand it to the lad. He went right about his job and no one knew the difference, except Father Ullin, who remained at home. And if Oliver turned a little pale and

frantically grabbed at his waist band occasionally, it can certainly be attributed to nervousness which, according to Oliver, is exactly what it was.

Oct. 16-21, is National Business Women's Week, according to Cecil Williams, who says that the business women's clubs were organized in 1928 and now boast 150 thousand members. The Hereford B. and P. W. Chapter was organized in 1938 and now has 35 members. Only two of the original members, Bessie Smith and Cecil Williams, are still active in the local club. Among other activities, the club will be host to the District Conference here Oct. 21-22.

Let's give these gals a big smile and a kind word all week. They deserve a lot of credit for their accomplishments and I shudder to think what would happen if the women quit the business world—especially around The Brand office. Bob Thompson's office, too. Even Alex Thompson's office, not to mention the P. M. A., Elizabeth Womble's office, Jim Witherspoon's upstairs retreat—and practically every other business in town.

Just think. Back in 1918, when the first World War ended, very, very few women were employed in the business world. Today they are doing everything—even showing unusual proficiency in various trades, such as welding, mechanics and barbering. Yes, Sir. Pulling all of the women out of business would sure mess things up. Guess the bakeries would just about go broke and the doctors would lose a lot of ulcer cases. The government, too, would lose a lot of income taxes.

Things are beginning to look up around The Brand office. Jim O'Hair, our new shop foreman, comes here from Borger. He also worked at Clovis for a number of years. He is originally from Wellington, where finished high school. Anyway, Jim is a fine fellow—and he hopes to make Hereford his permanent home. Says he is 38, and this is just the sort of town he has been looking for all his life. Looks like we can't get along without these old Wellington boys. Stansell Scott, Brand foreman for 10 years, was a Wellington boy and Melvin Young, who recently went back into the Marines, was another. We always have one or two besides me. Funny thing, too, I did not even know either of

these three boys back during high school. Some were younger and others a lot, lot younger.

Lillian Blevins, sister of Bessie Patterson, is with us in the news department. Lillian is going to be exceptionally good and will work with Bert Steele in this department. She took journalism at West Texas for four years, then worked four years on the Canyon News. Among other things, she is going to work hard to get a lot of personal items. If you know of any visits, etc., just call 30 and ask for Lillian. She sure will be happy to get them.

Lee Rogers, formerly with Johnny Poole, is also getting a try out on the front. Gwenn Torbit, our ace office supply girl, is back on the linotype machine. She sets all of the news matter in type, a trade she picked up during the war. She is very good, too, but we miss her in the front. Gwenn is just about tops anywhere she works.

Maybe you will get straightened out some day. This help situation, all over the country, is going to get worse. Nothing but worse. The armed forces are just beginning to take out people. Monk Johnson tells me that he got a four month deferment, due to his store removal. Anyway, this will give him time to get things sort of worked out; his No. 1 man, Larry, is showing off pretty soon, though. This is tough, really tough on a fellow who just moved and expanded his business.

NORTHWEST HEREFORD NEWS

Milo Harvest Has Started Northwest Of Hereford

Some milo is being harvested in this vicinity. Combines are running on the Bearden place one mile west of highway 51, and on the T. E. Seigler farm where Grady Parsons lives.

Others are working feverishly to repair combines in preparation for the grain harvest.

It seems that the season was just right for wheat this year, and there will be lots of good wheat pasture. Paul Corbett has some real pretty wheat, and so does T. E. Seigler on the Grady Parsons farm.

Mr. and Mrs. W. W. Palmer from Bovina were visitors in the home of their son and family Mr. and Mrs. Raymond Palmer, Tuesday.

Mrs. C. O. Houser, G. C. Hartman, and Mr. and Mrs. P. M. Houser were guests in the home of Mr. and Mrs. Vondyl Houser this week in San Angelo.

Mr. and Mrs. Cortez McNeill from Wayside were Sunday guests in the home of Mr. and Mrs. R. C. Childers. They drove from Wayside in time to attend church services at Hereford. Mr. and Mrs. McNeill have two children, both of them boys. One is 21 months and the other 17 days.

The Cultural Home Demonstration Club met in the home of Mrs. R. C. Childers Friday. The program was on flower arrangements, so a flower theme was carried out throughout the program.

The program opened with a flower quiz, and the winner was given a corsage. Mrs. Childers introduced Mrs. Lillian Wilson who was the guest speaker

for the evening and presented her with a corsage.

Mrs. Wilson spoke to the group on the proper arrangement of flowers, stressing the use of containers to complement your arrangement rather than attract attention. She also gave the proper care of flowers to be used in arrangements, and not to use too many flowers.

Refreshments were served from a crystal laid table. Small pink dahlias surrounded the crystal punch bowl, from which Mrs. G. W. Witherspoon poured for the group.

Guests attending were Mesdames M. G. Caywood, Nobles Willier, Joe Watson, F. G. Witherspoon, Jack Renfro, G. T. Malone, Grady Parsons, Raymond Palmer, George Parker, R. N. Cooke, A. F. Hargett, J. I. Finley, Wayne Johnson and the hostess.

Club will not meet with Mrs. R. N. Cooke Oct. 27, but with Mrs. Grady Parsons. Club women advised members to check yearbooks and change that meeting.

Cpl. Glen Willier and wife are here from Colorado Springs spending a few days with his parents, Mr. and Mrs. Nobles Willier. Another Colorado Springs couple visiting in the Willier home are Mr. and Mrs. Eddie Boles.

Mr. and Mrs. George Parker, Mrs. Clinton Jackson and girls, Patsy and Becky, Mrs. Jerry Albracht and children spent Saturday evening with Mrs. Nobles Willier.

Two boys from this vicinity participated in the Amateur Hour sponsored by the Progress-

sive Home Demonstration Club Friday night at the high school auditorium. Both of them won cash prizes. Clarence Caywood sang "Shortening Bread" and did it so well that he carried off the money for the first prize. Raymond Childers played a piano selection and was a third place winner in the Song and Piano division.

Mr. and Mrs. C. V. Burgess, Jr. and son Roy Lynn from Quinton, Okla., spent last week with her parents, Mr. and Mrs. Nobles Willier. They also visited in the C. V. Burgess, Sr. home.

Miss Mary Bearden is her from Lamesa for a few days to oversee her farming interests here. They have started combining milo on her place.

Pfc. Leland Jones spent Monday evening with Mr. and Mrs. Nobles Willier. He was on his way home which is at Plainview, Texas. He is from the Air Corps in Fairbanks, Alaska.

Patricia Childers returned to school Monday afternoon after a short vacation trip to visit with her grandparents who live at Pampa.

Mr. and Mrs. Leroy Burgess were Sunday guests in the home of Mr. and Mrs. Nobles Willier. Peggie Willier was an overnight guest in the home of Lee Eula Morton Saturday night.

Mrs. C. S. Barclay is spending a few days with her parents, Mr. and Mrs. R. C. Childers, while her husband is away from home. Mr. Barclay has gone to Colorado deer hunting.

Mr. and Mrs. J. B. Snead and children were guests of his parents in Littlefield Sunday.

Mr. and Mrs. Glen Smith of Childress and Gerald Smith of McLean visited Mr. and Mrs. Ralph Smith, parents of Glen and Gerald, during the week end.

Training Union "Spooks" Spook

Who was scaring who may still be a debatable issue, but a group from the First Baptist Church went "spooking" a little early. Monday evening seven members of the Baptist Training Union dressed in witches attire and did a little spooking, visiting homes of several members inviting them to attend the regular meetings of the Training Union each Sunday evening at 8:45.

Members of the group were so well disguised that Ray Downey mistook them for teen-agers, and joining the fun, turned his lawn sprinklers toward them as they approached his house. At another home the group was served orange juice, and two members of the party rolled on the grass in pretended agony.

The tour was termed "successful" by the group, who visited 18 homes. The "spooks" were Mrs. George Graham, Mrs. Jimmy Alford, Mrs. J. B. Sneed, Jr., Mrs. Clarence Schultz, Mr. and Mrs. Gandy, and Floyd Tucker.

"New Generation" Of Pilots Assured

Perhaps the answer to what will happen to local former Air Force officers can be found in the announcement that "a new generation of Air Force pilots is in the making" made by Major George B. Potter here Tuesday.

Major Potter visited here as part of the advance buildup program for the Aviation Cadet selection team scheduled to be on the West Texas State college campus next week. He said the team will be able to completely process an applicant in Canyon.

They will be in the WTS Administration building from 8:30 to 4:30 on Monday through Friday. Men interested in becoming pilots, navigators and non-flying officers in the Air Force can apply.

Qualifications for the two cadet programs are similar. A man must be single, between the ages of 20 and 26 1/2, citizen, have completed two years of college and have high physical and moral qualifications.

Graduates in either training program receive Reserve commissions as second lieutenants. Women can apply for Air Force Officer Candidate school as well as men. Qualifications are somewhat similar with the chief difference being applicants can be married.

Although Major Potter could not elaborate on the question concerning the recall to active duty of reservists who are pilots he did point out that expansion at this time seems to be based on obtaining young men and women for the "new generation."

Meters Bring Work With 12,000 Coins

More than 12,000 coins could be a lot of money, but in this case, it isn't. The city collects an average of more than 12,000 coins per week from the parking meters at the present.

City policeman Hollis Rainey, who collects the coins weekly, states that the meters are now bringing in an average of \$180 to \$220 per week, and about half of that is in pennies. The weekly average did run approximately \$250, but Rainey believes there are fewer people in town on week days now because of the busy farm season.

The city employees say that sorting the pennies and nickels is the biggest job, and that is done by Mrs. Zula Gilliam, who also wraps the money, but that part isn't so bad. The city owns a coin wrapping machine. Still, 12,000 coins per week mean 824,000 coins per year, and that could mean a multitude of work!

B. & P. W. Club Completes Plans

Business meeting of Business and Professional Women's Club was held Monday evening at the club room in the City Hall. Plans for the 9th District Conference which will be held at Hotel Jim Hill October 31st and 22nd were discussed.

A new member, Ethel Williams, was introduced to the club, and a most interesting movie, "Fashion Fabrics", was enjoyed by all.

Those present were Alma Hilton, Ellen Carter, Wilma Hill, Lucille Posey, Dyalthis Bradley, Bruce Rose, Leona Blood, Ursalee Jacobsen, Catharine Moore, Lillian Smith, Ethel Llewellyn, Pauline Howard, Della Stagner, Jewel Malone, Skeeter Hall, Velma Hodges, Opal Garrison, Hazel Wilhelm, Pearl West, C-Ora Cockrell, Leta Curisinger, Cecil Williams, Louella Cowsett, Nadine Wade, Frances Parker, and Ethel Williams.

WHITEFACE CENTER—Randy Thomas, 17, son of Mr. and Mrs. J. W. Thomas, has lived in Hereford six years and has played football since the first grade. His favorite sport is the sport in season, and he plays basketball, track and baseball. With three years of high school experience behind him, Randy looks forward to playing college football at Boulder, Colorado. Kyle Kote of S. M. U. is his favorite football player right now, and T. C. U. is his favorite team. He is a junior.

WHITEFACE GUARD—Jerry Reese, 142-pound lineman for the Hereford Whitefaces, alternates between two positions—offensive guard and defensive end. A native of Pampa, Texas, Jerry has lived in Hereford 10 years, four of which he has dedicated to football. He played two years in Junior High school and two in high school. Football is his favorite sport, and Texas University is his favorite college team.

Diggin Divots

Frank Latimer of Dimmitt took first honors and two golf balls at the week-end golf sweepstakes Sunday at the Hereford course. Frank hit a straight 77 gross score and the low net of 63, when his 14 handicap was subtracted.

Next to him was Wright Williams of Felton, who hit a gross of 76 and came out with a low net score of 66 with his handicap of 10. Other winners, in order of scores included Alvin Shirley of Hereford with a gross of 87, 19 handicap and 68 net; Dale Tinnin, 85, 16, 69; Homer Lee Owens, 86, 16, 70; Dr. John Channer, 78, 7, 71; W. W. Gilbreath, Dimmitt, 83, 12, 71; Stan Barrett, 75, 4, 71 (best golf score of the day); and Bill Howard, 82, 10, 72.

All of the golfers above won one golf ball apiece.

Others who participated in the sweepstakes include J. M. Posey, who hit a net of 81 when the handicap of three was subtracted from the gross score of 84; Ted Young's handicap of three gave him a net score of 74; Urlin Streu hit 80 gross, 4 handicap, 76 net; Henry Lewis 84, 10, 74; Oscar Lang, 90, 8, 82; Edward Young, 100, 16, 84; Bruce Waddell, 96, 19, 77; Tom Howard, 90, 15, 75.

Plans are underway for several new improvements on the golf course, Jim Terry, local pro has announced. The improvements will include trees and hedgerows. The hedgerows will be grown along the fences, Jim said, and will add very (Continued on page three)

TEEING OFF—One of Hereford Golf club's youngest players, 16-year-old Homer Lee Owens, is in position for a long drive from the tee. Homer Lee has been a steady golfer since the course opened more than a year ago. On the average, he usually shoots between the low and the middle eighties.

Herd Gears For Perryton Clash Here Friday Night

"We expect a good hard ball game with Perryton Friday night," Coach Dalton Criswell said this week when asked about the grid match between the Hereford Herd and Perryton's Rangers slated to begin at 8 p. m. Friday at Whiteface field.

Coach Criswell added that even though the Rangers have suffered defeat at the hands of five teams this year, their defensive game is outstanding and a sudden offensive attack could easily wreak havoc against any team.

"The Rangers are hustlers," the coach said, "and don't quit 'till the final gun."

After a victory over Muleshoe and a two-week rest, the Whitefaces will take the field with all original first-stringers, except

Bill Kelly, whose thigh injury will keep him out of action for the contest. Both Leonard Walterschied and Duane Walker will be back in play for the game, having recovered from injuries sustained in earlier games and in practice.

The Herd will meet a split T formation originated by Don Faurot, Missouri University coach, when they take the field Friday. Coach Lewis Emerick's Rangers gave McLean "lots of entertainment and hard playing" before McLean belted them 26-6 in a game this season.

Verle Downey, 148-pound Ranger right end, and Dickie Haar, 180-pound right tackle, are expected by Hereford gridmen to sparkplug the Perryton

defensive and offensive forward wall.

The probable starting lineup includes Bill Johnson, left end; Ed Melvin, left guard; Don Cooper, left tackle; Laurel Lovett, center; Harr, right tackle; Bill Melvin, right guard, and Downey, right end. Slated to fill the left half slot is Alfred Carter, while Roy Vaughn, quarterback, Micky Houston and J. B. Longwell are billed for other carrier positions.

Bill Engman has been selected to start in the fullback slot for the Herd. He will be joined by Left Halfback Harold Morton, Right Halfback Duane Walker and Quarterback Jack Stanton.

Probable starting linemen are Walterschied, left end; Janssen,

left tackle; Reese, left guard; Thomas, center; Witherspoon, right guard; Dement, right tackle; and Brock, right end.

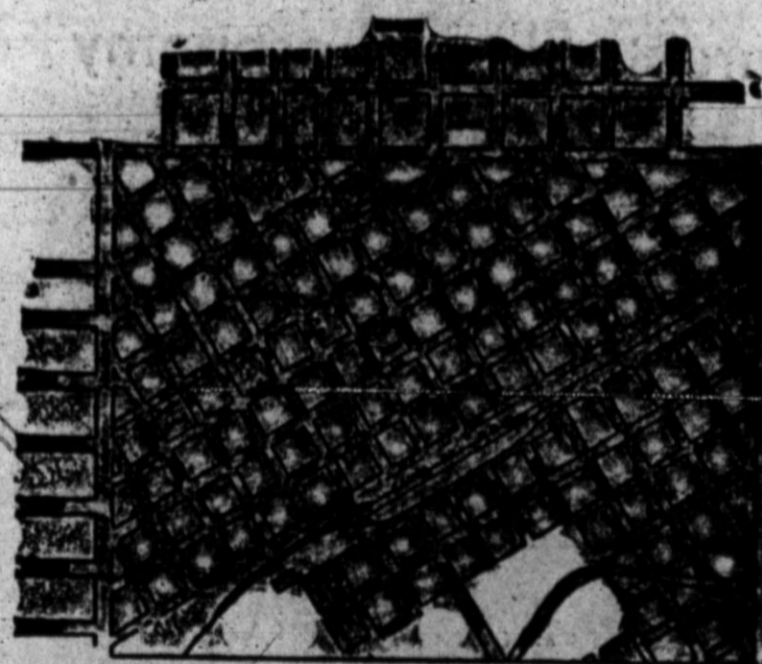

Although the Herd's strategy for this game has not yet been announced, fans are predicting attacks will be made both from the air and on the ground against the Rangers.

The passing attack beginning with signal caller Stanton's hurling left arm and connecting with backs Walker, Morton, Engman and ends Brock, Walterschied and Boyd probably will be used in the clash.

The Whitefaces will wear white jerseys again in the Friday night game. They used maroon jerseys at Muleshoe to avoid confusion with the white-shirted Mules.

Most Bound Feed Already Gut, Shocked In Dry Days

Farmers in the Westway community have most of the bound feed cut and shocked and quite a number have this week begun combining.

Most of the combined feed goes a freeze before harvesting. The wind and warm days the past two weeks have done a lot toward ripening and maturing much of the late feed, according to farmers in the area.

Sunday School Party
The Young Married Couples Class of the Sunday School were entertained with a Halloween Party Friday night at the home of Mr. and Mrs. James R. Coleman. The evening began with

a Weiner roast and all the eats that go with it. The guests were served buffet style from a long table that had been made in the big granary. Halloween decorations in the granary carried out the seasonal theme.

Various games were played by the group.

Those present included Mr. and Mrs. Coleman, Mr. and Mrs. Marilyn Pierce, Mr. and Mrs. Clifton Combs, Mr. and Mrs. Merlin Kaul, Mr. and Mrs. Mayo Phipps and son, Mr. and Mrs. Bill Jackson and girls, Mr. and Mrs. Waldron Melton and Adair, Mr. and Mrs. Glen Williams,

Beverly and Jerry, and Mr. and Mrs. Bill Roberts and daughters. Mr. and Mrs. Vernon Wilson and sons Michael and Rodney of Hereford were visitors Sunday afternoon in the home of his parents, Mr. and Mrs. Roy Lee Wilson.

Helen Jo Wilson is home from her school teaching at Idalou. School has been dismissed a month there for cotton picking. Helen Jo teaches English in high school.

Mr. and Mrs. Tom Welch, Ruby, Roland and Junior Welch and Leland Derron of Portales, New Mexico, were dinner guests Sunday in the Bernie Northcutt home. Tom and Roland Welch assisted Bernie Northcutt and Moody Smith in singing for the Westway Baptist Church program. Mrs. Welch played the piano.

Mrs. R. J. Coleman and Bruce and Miss Norma Jo Busby were dinner guests Sunday of Mr. and Mrs. James Ray Coleman. They attended church services here.

Mr. and Mrs. E. J. Duncan of Pampa and Bobbie Boyd of Hereford were visitors Saturday night and Sunday in the Robert Boyd home.

Mr. and Mrs. Joe Wagoner and family went to Groom Saturday morning where they visited until Sunday night with his mother, Mrs. E. J. Wagoner.

There were several visitors attended at Sunday School and church services Sunday including Mr. and Mrs. E. J. Duncan of Pampa, Mr. and Mrs. Van Col-

throp and Pamela of Hereford, Mrs. R. J. Coleman and Bruce and Miss Norma Jo Busby of Messenger and Mr. and Mrs. Collins and children of Walcott.

Moody Smith filled his appointment here and had charge of the Westway Baptist Church radio program in the afternoon.

Bill Thomson, pastor of the Methodist Church will be present to preach next Sunday.

Mrs. Paul Rudd was hostess at a breakfast last Wednesday morning honoring Mrs. Grady Wilson of Faith, South Dakota, former resident of this community.

Those present included the hostess, the honor guest Mrs. Wilson, Mrs. C. A. Sauley, Mrs. Joe Wagoner, Mrs. Kenneth Rudd, and Mrs. Harold Rudd. The Wilsons left Friday afternoon for their home in Dakota after visiting in this vicinity for the past two weeks.

Mrs. George Turrentine and baby daughter have returned home from the hospital. Both are doing nice.

Mr. and Mrs. Bert Kerschen have the foundation laid for their new home which is being built on their farm on Harrison Highway.

Merlin Kaul attended an IOOF meeting at Amarillo Monday night.

Visitors of Mr. and Mrs. Robert Peterson during the week end were his brother and family, Mr. and Mrs. Richard Peterson and son, Gary, of Lubbock.

Most Farmers Are Busy In Daniel Community

By WILMA MOORE
Taking advantage of the good weather, most of the farmers are busy in the Daniel community with combines, row binders, and drills running in nearly every field.

Personals
Mr. and Mrs. E. Tomlinson from Hereford have moved to one of the W. H. Moore farms. Eston Breiding from near Umbarger is combining for L. W. Tooley.

Mr. and Mrs. W. R. Moore and Billy attended the State Fair in Albuquerque, N. M.

Lonnie and Margie Tomlinson and Bill Cocanougher of Hereford called on Mr. and Mrs. E. Tomlinson Thursday night.

Mr. and Mrs. Bruce Wheeler and little daughter of Plainview spent the week end in the W. R. Moore home.

Lyman Evans of Alice was a visitor in the E. Tomlinson home Monday morning.

Donald Clark of Vernon visited in the home of his aunt, Mrs. J. F. Matthews Monday.

Billy, Wilma, and Harold Dean Moore attended a football game in Lubbock Saturday night.

Mrs. C. T. McBroom called in the J. T. McClain home Tuesday.

Mrs. E. Tomlinson was called to Hereford Tuesday by the illness of her daughter-in-law, Mrs. Lonnie Tomlinson.

Corn Educational Program Is Held

An educational program on DeKalb Hybrid Seed corn and Hybrid chicks was held at the Jim Hill hotel Thursday evening.

Phases of the process of making hybrid seed corn and chicks were covered in the program. Also discussed were other workings of the company.

The meeting, held for dealers of the Panhandle area in and around Hereford and Deaf Smith county, was under the sponsorship of Lester Shick of Colorado Springs, Colorado, new district manager for this area.

Those who attended the meeting and enjoyed the dinner served there were Mr. and Mrs. Grant Hanna, Hereford, and Mrs. and Mrs. William Pitner, representing Deaf Smith county; Mr. and Mrs. Noble Howard of Cas-

tro county, Mr. and Mrs. Rudolph Friemel and Mr. and Mrs. A. R. Friemel, all of Randall county; John B. McFarland and William G. Kennedy of Farmer county; Frank Mooney and Bill Millen of Muleshoe; and Mr. and Mrs. W. E. Hill from Hale county.

Guest Speakers Entertain Guilds

Guest speaker for the meeting of the St. Anthony's Guild and Antonian Circle Wednesday evening was Miss Agnes Kelly of New York, and guest soloist was Mrs. Agnes Furic of Detroit, Mich. The meeting was held in the school auditorium. Miss Kelly spoke on the foundation and function of the St. Margaret of Scotland Guild, which was founded by Father Coleman of Hereford.

Following the speech was a social hour with refreshments being served to the following: Rev. Father Nathaniel, Rev. Father Coleman, Mrs. Andrew Kushen, Mrs. Ed Loerwald, Mrs. V. O. Hennen, Mrs. Gene Loerwald, Theresa Koelzer, Mrs. E. C. Reinauer, Mrs. Melba Hershey, Mrs. Ed Jesko, Mrs. Bill Warren, Mrs. G. W. Hund, Mrs. F. J. Walterschied, Mrs. W. J. Albracht, Mrs. A. C. (Continued from page one) announcement by Jim Terry, local golf pro.

Terry, who will conduct free class lessons for beginners every Wednesday at 4:30 p. m., said Junior High school boys also were urged to turn out for the sport. The free classes will be conducted, he said, if weather permits.

Clubs and balls for the boys will be furnished without charge and beginners of school age were expected to be encouraged by the fact that there will be free green fees during week days and Saturday mornings. The golf team is scheduled to

play Clovis, Plainview, Amarillo, Pampa and possibly Childress on a home-and-home basis. Members of the team are eligible for a school letter under Interscholastic League rules.

Mary-Martha Class Has Meeting Friday

Mary-Martha Class of the Methodist Church met Friday afternoon in the home of Mrs. M. T. Sparkman with Mrs. Orin Russell presiding over a business session. Members voted to send a letter to Mrs. A. B. Christian, a former member who has moved to Abilene.

Mrs. Lucy Reed gave the devotional lesson based on famous Bible characters. Mrs. E. O. Billingslea conducted games and contests during the social hour.

Those present were Mesdames: E. O. Billingslea, Homer Henslee, R. I. Dowell, Don Davidson, Orin Russell, Harry Lomas, Tom Alderson, Frank Terrell, J. C. Cummings, Miss Lucy Reed and the hostess.

In conclusion Mrs. Sparkman played a recording of "The Lord's Prayer".

Mr. and Mrs. Bill Patton attended the Texas A. & M.-V. M. I. football game at College Station Saturday.

Dawn Music Club Meets Recently

Dawn Music Club met recently in the home of Mrs. E. C. Reinauer featuring a program on television. The lesson on "The New World of Television" was presented by Mrs. Zed Stewart.

Musical selections on the program for the afternoon were "Carry Me Back To Old Virginia" sung by Mrs. Gayle Neal, "C-Minor Sonata" played by Mrs. Carl Wimberley and "The Anniversary Waltz" (vocal) by Mrs. J. B. Caraway.

Mrs. E. T. Stewart played "Perfect Day" and "Melody of Love" to conclude the program. Members attending were Mesdames: Zed Stewart, R. T. Stewart, Ray Kerschen, J. B. Caraway, Carl Wimberley, Gayle Neal, J. A. Carothers and the hostess.

Mrs. Vaughn Hostess To H. D. Club

West Hereford Home Demonstration Club met Tuesday, October 10, in the First Christian Church parsonage with Mrs. Ida Vaughn as hostess. Miss Ara Lewis assisted.

Mrs. J. W. Witherspoon, president, presided and opened the meeting with group singing. Roll call was answered with pleasing color-combinations in flowers.

Mrs. Howard Gore and Mrs. Carlos Vaughn gave talks on arrangements of flowers in the home stressing color combinations to carry out a given theme. Arrangements for growing flowers in the yard were also discussed. The next meeting will be held in the home of Mrs. Wes Brady on October 24.

CORRECTION

The annual Pioneer Study Club guest-day affair will have members of the LaPlata Club and the Lone Star Club, both clubs organized by the Pioneer Study Club, instead of clubs listed in year-book schedules.

The program will be held in Ward Hall of the Methodist Church on Tuesday evening, October 24, and plans call for Loula Grace Erdman, author, to be guest speaker.

Matches and Fire - Friend? Or Foe?

By Gerry Patterson
 You may think this is a strange title I have given this article but it could stand some thought.
 Last week, October 8-14, was the week set aside for special precautions to be taken against fire.
 On October 13, in high school a film called "The Frying Pan and the Fire" was shown. This film showed what carelessness will do.
 Here are a few facts I would like for you to know: Three out of four fires are caused by: (1) Matches and careless smoking habits cause nearly 30 percent of all fires, (2) faulty wiring and apparatus cause one in ten of known fires of electrical origin, (3) one out of every four or five fires is caused by faulty chimneys, cooking or heating stoves, furnaces and carelessness with fireplaces or hot ash-

es, etc., (4) and one in ten is caused by incautious use of kerosene, gasoline or other inflammable fluid.
 Fire, alone, takes 10,000 lives in the United States annually.
 In Texas in 1948, the holocaust amounted to more than 24 million dollars. There were more than 2600 fatally burned. Fire takes the lives of ten children every day. Women and children lead the list of casualties suffered from fire. In addition to 1,000 home fires a day, there are 6 school fires a day. Children playing with matches and fire cause more than 75 tragedies each day.
 These facts may make chills run up and down your spine but remember this: If we want Texas to be the largest state in the union and have a large population, fine homes and schools to go with it, we will have to stop fire from killing and destroying our state.

 Tomorrow night Hereford opens district play against the Perryton Rangers. Perryton lost to Spearman last week while the Whitefaces were idle. Perryton has suffered several one point losses this season.
 This afternoon the Calves engage the Perryton "B" team at Perryton. If the Calves can function as well against Perryton as they did against Tullis there should be no doubt about the outcome of the game. The Calves will be woefully short of rosters as it is a long journey to Perryton.
 The Herd had light workouts last week. This should give the injured a chance to recuperate. Hereford has been lucky in the injury department compared to some of their district competitors.
 The track team of Hereford may be on the upgrade as several boys have been working out this fall. In many portions of the country track and field are major sports. Most teams in the Panhandle merely use it as a means of conditioning their

Senior... Who's Who

Barbara Smith
 Kenneth Brock is another senior who likes all kinds of sports and friendly people. He dislikes people who think they are better than others. Kenneth's pet peeve is 'people who always act silly'. He plans to be an accountant and attend Texas Tech. While he is working toward this goal he enjoys eating fried chicken. Kenneth said, "I think H. H. S. is a swell school and I don't know of any other school I had rather attend." He is also a member of the Whiteface football team.
 Another of our ever smiling senior girls is Nellie Jean Brown. She likes a certain tall person and she dislikes nosey people. Her pet peeve is 'people who talk too much'. Nellie Jean is an active member of M. Y. F. and she is treasurer. She likes football teams. It is a rare thing for more than two or three non-football players to go out for Hereford's track team. Of course a great many of the football players are all around athletes, but many students do not realize the benefits to be gained from track and field.
 Hereford High's golf team is in the process of organization. The rules of eligibility are just like those in other sports. Jim Terry will act as coach for the golf team. The players have to furnish their own clubs, but they may play free and they receive one free lesson a week. The players also receive a new ball at each match. Every position on the team is still open. Those who are interested can see Jim Terry, the local golf pro.

to eat salads and her ambition is to be a housewife. Her hobby is music and when asked her opinion of H. H. S. she said, "It is a pretty good place but I'll be glad to get out."
 Pat Kerr is always smiling too and he likes sleep, food, and math. He dislikes English and Civics. His pet peeve is conceited people. He plans to go to Texas A. & M. and to be an engineer. After he eats a big meal of fried chicken which is his favorite food he likes to improve his hobby, golfing. He has decided that H. H. S. is a "Pretty good school".

Buzz Box

What is going on around here now that people are curious about? Well this is the place to look for it whatever it might be. Mr. Sullivan, please do not blame all the incomplete sentences that are in the paper each week on the paper staff. We only make that many in English assignments.
 Duane Walker, we all know that the first of the two initials you have on all your book-stands for Sue but that "B" could make it the initials of several different Sues.
 Who would Betty Henry like if she did not let fancy convertibles away her judgment?
 Patsy and Stanley were very popular steadies last year, may be they will be again this year. There were other steadies last year that haven't lost interest yet either. Maybe you all remember the way Bill Engman looked forward to the four minutes between classes last year. Now he only gets that look in his eyes when he goes to the mailbox.
 It's time to go, but we will all be together tomorrow night, yelling, . . . BEAT PERRYTON!!

Physics

LEORA WILHELM
 Physics is an old subject that is being revitalized by recent discoveries in the fields of atomic energy, radioactivity, radio and television, and radar. Physics is primarily the science of matter and energy. It is a comprehensive study of the uses and transfer of energy whether it be in the form of electrical, mechanical, physical or chemical energy. Physics comprises a unit on mechanics, heat, sound, light, magnetism, electricity, and the structure of the atom.
 A study of some of the units above would give a Physics student a definite answer to such questions as: What causes the colors of the rainbow? Why do you see a lightning flash before you hear the thunder? What holds up an airplane? Why does a steel ship float? How is a weather forecaster able to predict changes in the weather with a degree of accuracy?
 Engineering is largely applied Physics. All branches of engineering are based on three sciences; namely, Physics, chemistry, and mathematics.
 Television, air-conditioning, hydrogen and atomic bomb researches are in the news headlines at the present time. The plan of development in each of these fields is guided by physicists. As a vocation it is a field that is not crowded and it offers unlimited possibilities to any person with a creative scientific mind.
 In Hereford High School Mr. Cupell is the Physics teacher.

News Corner

Goodness, there is bound to be some news around this school. Surely something has happened this week that would be considered "news".
 Oh, yes, there was that fine Southern Assembly Program on Wednesday. We certainly do enjoy these programs. You can watch "Coming Events" for the date of the next one.
 The Seniors ordered their calling cards last week and also decided on their invitations although they will not be ordered for a while yet.
 There was a show on Fire Prevention last week, too. Everyone seemed to enjoy the F. F. A. Hayride a great deal Friday night.
 There may have been some

What Goes On In Grade School

If you have the opportunity to visit your child's room in grade school just to see what goes on, then you might want to do that, but if not, suppose we visit a room or two each week in this column just to see what the elementary school children are doing.
 A few days ago I went into Mrs. Kaul's first grade room at Central. There was a circus atmosphere all about. Pictures of elephants, tigers, lions, and even clowns, tents and balloons adorned the walls. That the children were enjoying this unit of work was made evident; when Gabriel, Judy, Gene David, Vlekie, Marcus and Carolyn to-

FACTS ABOUT MONEY!

THE ORIGIN OF THE DOLLAR SIGN!

In the early American days, when the Spanish dollar was still in common use, the coin was designated by the symbol "P. S." meaning pesos. Although the American dollar gradually replaced its Spanish predecessor, the custom of using "P. S." continued, and the transition of this symbol to our present dollar sign is shown by conclusive historical evidence.

These days you can't tell from the price tag how much quality a car holds. Ford, for example, is still priced with the lowest . . . yet in other respects it's in the fine car class. Take its styling, for example; for two years in a row Ford has been the recognized fashion leader.

Like America's finest cars Ford offers you a V-8 engine. No other low-priced car does. Nor does any other car at any price offer you a choice of V-8 or Six engines. And remember, Ford's V-8 costs hundreds less than most sixes—Ford's Six costs even less.

School Activities Feature Programs In Adrian Area

The seventh and eighth grades, with their teachers and room mothers, went to Amarillo Wednesday, October 11, leaving immediately after school.

First they went to the San Jacinto Youth Center to swim, but were not allowed because a group of Boy Scouts were taking lessons. Skating was the next suggestion, but Mrs. Chilton called only to learn that the rink was not open. Everyone was ready to go home by 9:30. The teachers and mothers furnishing transportation were: Mrs.

Will Chilton, Mrs. Bill Leslie, Mrs. Ernest Frank, Mrs. E. A. Edwards, and Mrs. E. H. Mosteller. Students were June Leslie, Nancy Johnson, Barbara Pinnell, Doris Story, Dorla Betts, Joan Paschell, Erma Faye Bronnman, Angela Heiselman, Jean Finley, Mary Snyder, Twilla Story, Marvalene Allen, Chester Oldham, Freddie Harris, Larry Schauf, Alvin Safford, Clarence Finney, Arlis Edwards, Jimmy Shaw, Finis Brown, Nell Pounds, and Kenneth Homfeld.

Adrian P. T. A.
The Parent-Teacher Association program Tuesday evening was excellent. M. W. Blankenship, in charge, presented the first portion of the program as being rendered by our 1961 and 1962 graduates. This proved to be the first and second grades in their Rhythm Band, under direction of Mrs. Weidon G. Reno. The audience especially appreciated the rendition since it was very good, especially in view of the short time for preparation. Twenty-six of the 29 members in the band were present and we are expecting even greater things from them later in the year.

The second portion of the program was presented by Joe Smith, a teacher in the Hereford schools. His subject was, "Where Do School Children Get Their Ideas?" This talk was enjoyed by all.

A business meeting followed in which Mrs. E. L. Brown was selected to represent the association as delegate at the annual State Conference in Min-

eral Wells, Nov. 8, 9, 10. Mrs. Ernest Frank volunteered as an alternate delegate.

Mrs. C. W. Edwards reported on her investigation into the needs and costs of equipment for the lunch room. Immediately following the business meeting the group was served cookies and drinks; hostesses were Mrs. Anna Witt, Mrs. W. C. Briggs and Mrs. E. H. Mosteller.

Hallowe'en Party
Hosts and hostesses for the Baptist and Methodist Sunday School entertaining with a Hallowe'en party Thursday night, October 12, were Mr. and Mrs. C. L. Murray and Mr. and Mrs. Weldon Reno.

The group met at 8 o'clock in the Fellowship Hall of the Methodist church, where each person was fitted with a small hat featuring Hallowe'en designs. The room was gaily decorated to further spirit of the occasion; games of "42" were enjoyed by adults while the children played in Junior classrooms.

Refreshments of apple pie, coffee, and orange pop were served to the following class members: Mrs. G. S. Gruhley, Mr. and Mrs. R. E. Caldwell, Mr. and Mrs. Robert Wingate, Rev. and Mrs. J. E. Young, Mr. and Mrs. P. H. Gruhley, Mr. and Mrs. C. A. Perrin, Mr. and Mrs. H. S. Betts, Mrs. E. E. Whitten, Mr. and Mrs. Lorin Creitz, Mrs. R. A. Gruhley, Jean Finley, Mrs. E. H. Mosteller and the hosts. Children present were Linda and Ricky Gruhley, Terry and Paula Madeline Creitz, Jerry David and Dale Whitten, Robbie Neil and Tommy Wingate.

Sunday guests in the home of Mr. and Mrs. Jimmie Allred were her parents, Mr. and Mrs. W. C. Hogg, and her brother and his wife, Mr. and Mrs. W. S. Hogg, all of Claude.

Miss Elaine Thompson, a junior at West Texas State College in Canyon, visited her parents, Mr. and Mrs. Robert Thompson, during the week end.

Four students from Hardin-Simmons University in Abilene spent the week end here with their parents. They are Nancy Cagle, Mary Estelle LeGrand, Mary Lou Benson and Carl Hutchison.

Long Time Ago

45 Years Ago

One of the most exciting scenes in the late history of the Panhandle was that viewed in this city on last Thursday evening by a crowd of Missourians as well as a number of local citizens, the principal and only feature of the hour being a genuine "Texas Badger Fight", given in honor of the Missourians, who had never seen a badger fight.

The badger was imprisoned at the livery stable of Carter Bros., and it was arranged to match him against the shepherd dog belonging to Joe Carter. Betting ran high, the odds being two to one in favor of "Shep". F. L. Miller, the genial live stock commission man, was master of ceremonies, while the honor of pulling the badger was conferred upon Mr. J. H. Van Hoose of Webb City, Mo.

In this connection it is but justice to Mr. Van Hoose to mention the graceful and easy manner in which he performed his part of the work, under the great nervous strain through which one must necessarily pass in undergoing his first experience. A moment later, the ferocious animal came forth and soon the cruel conflict was begun, the victory being plainly in favor of the badger, notwithstanding the fact that the animal was slightly crippled. So far as the BRAND editor could ascertain, Mr. Van Hoose did the square thing in the management of his charge and all parties concerned seemed to be well pleased with the results.

C. R. Moreman informs us that the yearling steers which he recently sold from his ranch north of town brought the fancy price of \$22 per head. This, so far as our information goes, is the highest price paid for year-olds this season anywhere in the entire Panhandle and goes to prove that attention is a valuable asset in the cattle business the same as in other lines.

25 Years Ago

The Chamber of Commerce took action this week to curtail activities of peddlers of vague and doubtful advertising. President Black named A. O. Thompson chairman of the Advertising Committee to pass on the merits or demerits of such advertising, and Walter Dunlap and N. E. Gass were chosen to help him.

The new Hereford High school is nearly completed and will be

ready for use by Christmas time.

Mr. and Mrs. Joe Hastings of Dimmitt are the proud parents of a boy born October 15, 1925, and named Robert Dixon.

WSCS Circles Hold Meetings

Circle groups of the Woman's Society of Christian Service of the Methodist Church met Wednesday afternoon.

Carrie Black Circle met in Ward Hall with Mrs. Leo Forrest leading the first of a series of programs on a World Christian Community. Mrs. E. L. Adams discussed the rural community church which she said is fast being abandoned. "Modern ways of farming and better transportation facilities have brought about this condition," she said.

Mrs. E. W. Bowman gave the devotional lesson for the day using the first chapter of Genesis as a basis for her talk.

Emma Wheeler Hawkins Circle met with Mrs. J. W. Thomas and members began the study of the book "A Christian and His Work", with Mrs. Homer Brumley serving as leader. Related discussions on the lesson subject centered around the thought that "To be a Christian today, man must be a world Christian". Mrs. E. W. Harrison gave the devotional program.

Theta Rho Girls Have Busy Week

Theta Rho Girls have been busy during the first two weeks in October raising funds for their account at Grand Assembly in Ft. Worth. Their projects have included a bake sale last Saturday at the Piggy Wiggly store and the sale of pillow cases.

The girls put on their floor work for the Dimmitt Rebekah Lodge on Thursday, October 13.

Refreshments of cake, sandwiches, and soda pop were served to Kathleen Tucker, Margie Ford, Doris Russell, Myra Jo Sowell, Donna Cayler, Mary Ruth Strange, Ginger Owen, Sandra Hembree, Melba Chism, Jane Mariana Smith, Margaret Scott, Patsy Hamby, and Rosemary Young.

Dr. and Mrs. C. D. Kelton attended the Texas State Chiropractic Association convention in Corpus Christi last Thursday through Saturday and returned home Sunday evening. Before the convention, Dr. and Mrs. Kelton made a sight-seeing tour of San Antonio and into Old Mexico as far as Monterrey.

(Continued from page four) gether with all the others sang JUMBO, THE ELEPHANT lustily.

Then just as eagerly the small groups read from their experience charts, their vocabulary cards, and even from their new books, WE LOOK AND SEE. The expression on their happy young faces is good to see when they are able to call several words and realize they are reading. If happy contented children help make a good school, then this room is surely doing its part in that direction.

Let's go now to Mrs. Walton's second grade room at Shirley. If you think boys and girls in the second grade can't write good letters, you should see some of these children writing telling about their aquarium. If you don't know what makes a balanced aquarium then just try asking James or Pam or Judith or Tommy Kay, or better still see their aquarium.

This room is a good example of "democracy in action". Each boy and girl there feels that he has a special job to do towards the success of the whole class and that what he does is just as important as the next fellow's so long as he regards the other person's rights and does something constructive. In such a situation, children are happy and busy.

If you're looking for someone to read for you, you could surely find at least one in this room. Lynn Thompson read us an entire story that we thought was rather difficult for a second grader, and Mrs. Walton said several others could do the same thing.

Teacher's Who's Who

TEACHER'S WHO'S WHO
By Evelyn Tucker
To get an interview with Mr. Walter L. Thompson, a person must write fast and ask their questions in a hurry for he seems to be a very busy man. He is teaching arithmetic and science in Junior High.

W. T. S. C. and Tech are the colleges he attended. He didn't say which one he thought was the best, but he did say he liked fried chicken. "No way I can think of to improve fried chicken." Mr. Thompson dislikes smart-alecs.

His hobbies are farming and raising cattle, Aberdeen Angus particularly. This also happens to be what he plans to do after retiring from the job as a school teacher. Hope he has the best of luck with his Aberdeen Angus cattle.

Dry Weather Brings About Beehive Of Farm Activity

By MRS. R. C. CHILDERS
The whole community is a beehive of activity since the dry weather set in. The winds have dried out the fields and grain so that combines are able to run in a place or two. Grain is being combined on the T. E.

Seigler farm where Mr. and Mrs. Grady Parsons live. R. N. Cooke is baling some Johnson grass; R. C. Childers is cutting insilage and almost has his pit full. M. G. Caywood is binding feed. He, too, has an insilage pit and is in the process of filling it. E. L. Adams is cutting feed—the shocks are going up nearly as fast as it is being cut. Shocks make us think of Halloween and it won't be long until it is here. I noticed a patch of

pumpkins ripening on the Wayne Evans place just west of town. Art Lewis has drilled one new irrigation well and is in the process of drilling another. Robert Kershen is building a home on his farm four miles west of town on the Harrison Highway. The Harrison Highway is getting lots of new houses to its credit. The folks are sure enjoying the use of it after so many years of rough travel. It really is nice.

As yet the flag material has not arrived so a meeting can't be arranged for a few more days. It is reported that all the clubs are having the same trouble, but I do hope it arrives in time to make our flags for United Nations Day, Oct. 24.

Mrs. R. N. Cooke, Sue Coleen, Jan and Carolyn spent Saturday in Canyon with her sister-in-law, Mrs. Gladys Dixon. Mrs. Dixon came home with them and spent Saturday night and Sunday in the Cooke home. Mrs. Dixon teaches in the public school at Canyon. She teaches the underprivileged children.

4-H Club Work
The Workers 4-H club met at the home of Mrs. R. C. Childers Tuesday. Mrs. R. N. Cooke sponsored the group and gave part of the program. Each girl is to keep her room, and instructed how to arrange their dresser drawers to get the most use of them, and how to have their closets arranged so as to make the most room. They also have a bedroom demonstrator and a canning demonstrator. Mrs. Cooke also said their scrap books were to be completed and in next month. Those attending the meeting were Mary Duffer, Patsy Caywood; Jan, Coleen Carolyn and Sue Cooke; Jeanne Palmer, Patsy Childers, Paula Beth Corbett; Dora, Fredia, Alice, and Margaret Inman;

Legal Notice

THE STATE OF TEXAS
TO: Andy Mouser Defendant,
Greeting:

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 20th day of November A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 5th day of October A. D. 1950, in this cause, numbered 3262 on the docket of said court and styled Florence Mouser Plaintiff, vs. Andy Mouser Defendant.

A brief statement of the nature of this suit is as follows, to-wit: for divorce on the grounds of mental cruelty, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same, according to law, and make due returns as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 5th day of October A. D. 1950.

Attest:
R. L. THOMPSON Clerk,
District Court, Deaf Smith County, Texas.
