SIGHTS, FACES SEEN

Tickets will go on sale tomorrow for the annual tour of homes, sponsored by the Garden Beautiful club for the benefit of improvement of hospital grounds. Mrs. Joe Reinauer, publicity director, said yesterday. With new homes being a highlight of spring interest, the club is conducting the tour of seven homes, including a placement show in connection with the garden club work. Mrs. E. W. Hobson is president of the club, and Mrs. Tom Carter is tour chairman, assisted by Mrs. Lyle Woodford.

Mr. and Mrs. Tom Carroll are preparing this week to move to Oregon. Tom has worked at Cashway grocery for the past 11 years, and Marie, a nurse, has been active in many community activities, including Red Cross First Aid.

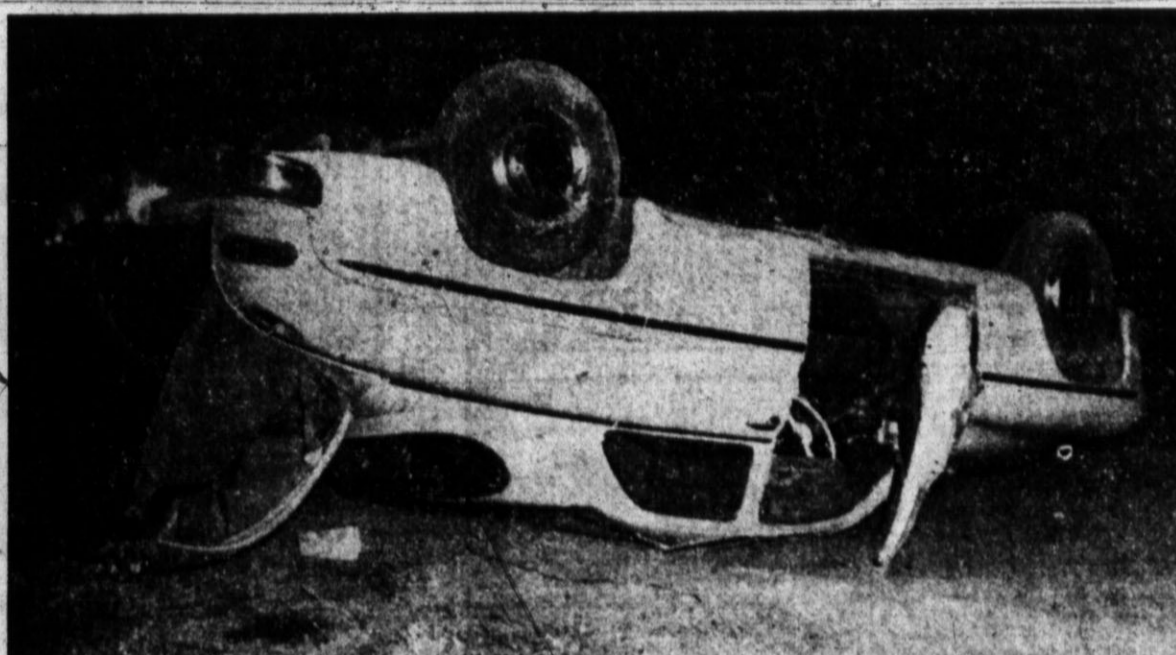

Burl Elliston says 284 different species of birds stop in Palo Duro Canyon at some time during the year. He believes nearly all of these species stop here also. Burl reports recently having observed red birds, blue birds, blue jays and the mountain blue or pinion bird, in addition to the birds ordinarily here. The birds are helping the tree infestation, he reports, by eating bore worms.

Mr. and Mrs. Curtis Traweck, Mr. and Mrs. Lyle Blanton, Mr. and Mrs. Harry Caylor, and Mr. and Mrs. Milton Adams attended the Lion's Club affair last week end at Ruidosa, N. M.

Elmer Patterson, the man who wasn't going to raise a beard until Editor Jimmie Gillentine started his and until the women quit wearing lipstick, gave up this week and has joined the "bearded men's society"—the change of mind came only after he had been challenged by Wilburn Axe who started his beard last week. Elmer says he can beat Wilburn even with the week's start.

Who could it be—that's the question. Last week The Brand received an official Marine Corps photo carrying identification as Tommy D. Carnahan of Hereford. Soon after the

Saturday is Election Day For School Board Trustees

The polls will be open from 8 a. m. to 7 p. m. Saturday, April 7 for Deaf Smith county voters to elect school trustees for the county, for the Hereford rural school district, and for the Walcott school district.

Three trustees for the Hereford school district will be elected out of a field of eight candidates. Voters in the Hereford school election will cast their ballots in the county courtroom at the courthouse.

Candidates on the ticket (in the order of their listing on the ballot) are: Carl McCaslin, Robert Wagoner, A. J. Schroeter, S.

H. Slagle, W. T. Kelly, Stuart Condon Jr., Jack Higgins, and B. M. Wiltshire.

The county courtroom will also be the polling place for the county school trustee from commissioner's precinct 2, in which incumbent Elmer Combs is the only candidate nominated.

Judges for the two elections in the county courtroom will be: S. O. Wilson, Mrs. Frank Marrs, and Mrs. Earl Phillips.

A trustee for the county board from commissioner's precinct 1 will also be elected. Polling for that election will be in the com-

missioner's court, with Incumbent N. R. Miller the only nominated candidate.

Judges for the precinct 1 election are: Mrs. Vern Witherspoon, Mrs. N. E. Gass, and Ivan Bloek.

Residents of the Walcott school district will elect one trustee for a three-year term in balloting to be held in the new Walcott school building. Julian Perjin is the only nominated candidate for the vacancy.

Names of the election judges have not been forwarded to the county judge by the Walcott Board president, Phillip Miller.

VFW Drops League; Will Schedule Night Games

Sunday afternoon Central Plains league baseball games will be abandoned by the Hereford VFW baseball team in favor of night games during the coming season, according to Earl Stagner, manager of the organization's semi-pro team.

Hereford withdrew from the league she led in 1950 by not sending a delegation to the recent pre-season meeting of the loop.

Stagner said non-league

games with outstanding individual teams would be scheduled during the season and games would be played under the arc on the local Veterans Memorial diamond on Tuesday and Friday nights.

No Sunday action on the home diamond is anticipated under the new arrangement, although the possibility of scheduling games for that day was not ruled out.

In announcing the shift to non-league games, Stagner

said it is hoped to provide local fans with better games. Bids for games on the local diamond at night have already come from teams like Spring Lake, Canyon, Amarillo, Vega, Plainview, and Clovis.

"We want games here that people will enjoy seeing," Stagner commented.

The VFW team will play about three games a week under the new plan, two of them on the local diamond.

No Injuries as Auto Rolls on South Main

Four Dimmitt youths escaped injury at about 10:30 p. m. Monday night when the 1951 Mercury in which they were riding overturned several times just outside Hereford on South Main street.

Driver of the car was Roger Lee Buckmaster, 16. Passengers in the vehicle were Elmo Blackwell, Bobby Jones, and Aubrey Poe.

Between \$1000 and \$1200 in damage was done to the car after it rolled end-over-end two or three times. The accident occurred as the youths were driving south on South Main street. They attempted to make the curve at a high rate of speed and hit a chuckhole in the pavement, investigating officers said.

After the car rolled, it came to rest on the pavement, upside down.

Draft Board Has Information on College Test

Bulletins of information regarding the selective service college qualification test, March-June 1951, are available at the local office of Selective Service Board Number 18.

Results of the test will provide local boards with "evidence of registrants aptitude for continued college work." The test will be given on May 26, June 16, and June 30 to registrants who have begun, and plan to continue, their college or university studies, graduate or undergraduate. High school graduates and others who are candidates for admission to their first year of college will not be eligible to take the test until they have entered upon their first year of college work.

The test will be given at examination centers throughout the United States and its territories, nearest of these to this area are West Texas State college, Canyon; Amarillo college, Amarillo; Wayland college, Plainview; Texas Technological college, Lubbock; and Eastern New Mexico university, Portales.

To be eligible to take the qualification test, a selective service registrant must be under 26 years of age, must be satisfactorily pursuing a full-time college course leading to a degree, and must not previously have taken the test.

"All eligible registrants who wish to take the test should apply immediately," the bulletin advises. Post card applications are to be obtained from local boards. Mrs. A. Petersen, local clerk, said the supply should arrive here soon. The application is to be filled out and mailed immediately according to instructions in the bulletin. Educational Testing Service will then assign registrants to the center requested or to the closest possible alternative center.

Tulla Evaluation.

Supt. George Graham and Miss Della Stagner, elementary school coordinator, spent Monday through Wednesday in Tulla as members of the committee to evaluate the Tulla Public Schools as arranged by the Southern Association of Secondary Schools and Colleges. Don Martin, high school principal, observed the procedure Tuesday, and Pat Sullivan, assistant high school principal, observed Wednesday.

Safflower Will Help Replace Wheat in Area

At least 500 acres of safflower—a new oilseed crop for the western states—will be grown in Deaf Smith county this year, if farmers purchase all the seed now available. Alton Fraser said yesterday.

Safflower, a crop which Fraser said requires no extra equipment, using a wheat combine even for harvesting, is grown for the oil it contains in addition to the high protein safflower meal which is used for feeding. Safflower oil is used principally to replace linseed oil in paints and is also used as a regular edible vegetable oil. White paints containing safflower oil will not turn yellow, authorities report.

After the safflower seed is

processed, the 70 per cent of the seed remaining is made into safflower meal which is said to be higher in carbohydrates and digestive nutrients than cotton seed or soy bean meal.

Bill Waldrep was the first local farmer to purchase safflower seed, having obtained 100 pounds, including two varieties, from a California firm. Fraser Milling company this week obtained 9800 pounds of N55 variety which should seed approximately 500 acres. Fraser said he is expecting to receive another shipment of 4400 pounds in the near future. The seed should be sown during the last half of April for harvest in September, its growing season amounting to

120 days.

Fraser said the seed can be used dry land or irrigated, and so far safflower growers in other areas have found no insect that will bother the crop—something the wheat farmers of this locality, who have had two successive wheat crops to greenbugs and cutworms, have been hunting. This year Fraser and others interested would like to see patches of safflower planted in various parts of the county in order to test the crop here. The seed obtained this year should produce sufficient seed for all who wish to grow the crop here next year, Fraser pointed out, adding that so far he has not heard of any certified seed being produced.

Cotton Acreage Will Be From 10 to 20,000

Between 10 and 20 thousand acres of cotton will be planted in this area this season, estimated John McCleskey, manager of the Hereford Gln Company, who says some good cotton seed is still available despite the big rush for seed this year.

With only five weeks remaining before time for farmers to start planting this year's crop—probably the largest ever raised here, farmers are busy preparing their land. Present price of cotton, which is at ceiling top, is \$45.39 per 100 pounds of lint. The ceiling on cotton goes off June 30 and it has not yet been revealed whether a ceiling will be re-established.

McCleskey said the gin has additional cottonseed arriving today, having purchased all the good seed available. The area in which McCleskey described

farmers as being ready to plant 10 to 20,000 acres includes all of Deaf Smith county, 10 or 12 miles in Castro county, west nearly to Friona, and east for numbers of miles, including one farmer who bought seed here to plant near Amarillo.

Last year the cotton crop was unusually small here because of government restrictions on planting. This reason and the failure of the crop in many areas made a cotton shortage, causing the price to jump higher than it has been since Civil War days.

The Texas Department of Agriculture has warned farmers to know their cotton seed or persons from whom they buy seed as some seed has been sold with germination "as low as 63". Varieties of seed should also be checked, they pointed out.

Bicycle Clubs Formed; To Have Inspections, Tests

Plans were completed at a meeting of the Hereford Safety Council Tuesday for the organization of two bicycle safety clubs—one for Shirley school students and one for Central school students.

Bicycle inspections and riding tests will be conducted at the school for members of the Central club on Saturday, April 14 at 1 p. m. and at 3 p. m., the

same tests and inspections will be given for Shirley club members at Shirley school.

This inspection and testing work will be done by members of the Safety Council, a representative of the State Department of Public Safety, Sheriff J. C. Reese, and D. C. Martin and Byron Durham, principals of the two schools.

At this same meeting of the Hereford Safety Council, the group also passed a resolution calling on the citizens of Hereford for more careful observation of traffic rules and regulations. The council says stop signs are being ignored and some of the streets are being used for speedways.

Safety Council President Bob Wear said, "We have been fortunate in not having any fatalities, but if the flagrant disregard of stop signs and speed limits continues death for someone will be the result. We have had several serious accidents during the recent weeks, and we should let these impress us with the importance of making safety our business."

The Hereford Safety Council has been accepted as a member of the National Safety Council. This means that the local organization will be able to render better service to the city of Hereford through its national controls.

"When seedlings emerge they resemble a small beet or dandelion plant, tending to form a rosette for a few weeks from which a strong shoot emerges as the days grow warmer. Young seedlings that emerge during cool weather can stand as much as 20 degrees frost. About four weeks after the first buds appear, flowering commences and continues for two to six weeks, depending on the stand, amount of moisture available and daily temperatures. Each head ripens three to four weeks after it goes out-of-flower," the Western Oilseeds Company of Bakersfield, Calif., reports.

The California company says the crop will yield from 1500 to 3000 pounds of seed per acre on irrigated land of good fertility, the yield depending on the soil and care. When row cropping, two or three cultivations can be given in the early stages of growth.

"Safflower will not become a weed," the company reports.

"Reorganization" of USDA Started Here This Week

That much-publicized reorganization of the soil conservation and agricultural research activities of the Department of Agriculture (Memorandum 1278) became effective here this week with an organizational meeting to form a Deaf Smith county agricultural mobilization committee.

As authorized in the orders setting up the mobilization committee, N. E. Gass, as county PMA chairman, is chairman of the group. The PMA vice-chairman, Paul Mathers, is automatically vice-chairman of the group.

Dope Peddlers Are Not Working At Hereford Hi

"Not a single one that I know of" was the remark of high school Principal Don Martin yesterday when asked if there have been any dope peddlers working among the high school students here as they have been reported to have worked in Amarillo and numerous other places.

"I believe I would know about it if anyone had been here peddling dope. I'm going to keep my eyes open, but I don't believe it's going on here," he continued.

Recent newspaper and radio statements concerning the peddling of dope in high schools have been shocking to the general public.

Faust Collier, secretary of the county PMA committee, was elected secretary of the group by those present.

Members of the committee as set forth in the directive include: A. J. Lumm, district SCS conservationist; Leo Forrest, manager of the Deaf Smith County Electric Cooperative; Walter Johnson, manager of the Deaf Smith Farmer's Home Administration; County Agent Hugh Clearman; Bill Stanford, Hereford high school PFA instructor; and the county PMA committee—Gass, Mathers, Collier, and E. L. Adams.

Five members of the board of supervisors of the soil conservation service are invited to advise the mobilization committee. They are not required to be members of the group as they are not under the jurisdiction of the Secretary of Agriculture.

The work of this mobilization committee is closely allied with the results sought for in Brannan's reorganization plan.

In Deaf Smith county, the reorganization plan will result in the SCS taking over some of the work previously done by the PMA, consisting of technical assistance on PMA's permanent practices. Heretofore, the work has been done by two PMA fieldmen in connection with their other duties of crop insurance adjustment and administering CCC loans.

All of the offices in the mobilization committee, being under the jurisdiction of the Department of Agriculture, will have their work adapted, as nearly as

possible, to the 1951 program that is already in operation, and to formulate a program for 1952. All agencies in the county will be working on the same program.

Under the reorganization program, the SCS will continue to be responsible to their board of supervisors and to give them assistance.

In addition, they will have the added responsibility for rendering technical assistance on PMA's PERMANENT practices.

That list of permanent practices will be determined at the state level and announced at a later date.

The PMA will continue to be responsible for certifying work done for payment. With the SCS doing the PMA's technical work, the procedure will be like this:

The farmer will make application for the work he wants to do at the PMA. The PMA channels the request to the SCS, and the

SCS reports on the feasibility of the work. After the report, the PMA issues a work permit. The SCS lays out the work, reports on the completion of it, and states whether or not it meets specifications.

The SCS had always done the technical work previously for the PMA on SCS cooperators who applied through PMA. Under this "reorganization" plan no identities will be lost by any of the agencies affected.

Another feature sought under the reorganization plan is that all agencies should be in locations easily accessible to each other.

Primary objectives of the mobilization committee authorized in connection with the reorganization will be the question of determining if and when certain farm equipment and fertilizers become scarce and report

Barclays Return; Charley Hodges Have Surprise Family Reunion

By Mrs. R. C. Childers
Mr. and Mrs. S. J. Barclay returned Saturday from Tucson, Arizona, where they have been for Mrs. Barclay's health since the first of the year. They are the parents of C. S. Barclay of this vicinity.

Mr. and Mrs. Charley Hodges were surprised with a visit of Mrs. Hodges's sister, mother and brother. The group met here for the purpose of a brief visit together before their brother, John Billings Jr., enters the service. Her mother, Mrs. John Billings and son are from Ft. Stockton, Mr. and Mrs. Louis Vandergriff from Big Springs, Mr. and Mrs. McDougle and daughter from Odessa and Mr. and Mrs. M. G. Peters and sons, from Rosewell, N. M. The group spent the week end in the Hodges home.

Charlotte Hodges, small daughter of Mr. and Mrs. Chas. Hodges has been ill with a virus throat infection.

Mr. and Mrs. C. S. Barclay were guests in the Bill Simpson home in the Jumbo community Sunday.

Miss Patsy Jackson, daughter of Mr. and Mrs. Clinton Jackson, was a guest in the home of Mr. and Mrs. R. C. Childers on Sunday.

Mr. and Mrs. Joe Lyons were visitors in the home of Mr. and Mrs. C. S. Barclay Tuesday night. Mr. Lyons returned Wednesday from Sheppard Field for several weeks to recuperate from a major operation.

Edwin Axe, son of Mr. and Mrs. Wilburn Axe of the Wyche Community, was a guest in the A. C. Hershey home Sunday.

Among the 80 FHA girls to go to the zone meeting at the Amarillo high school Saturday from this vicinity were Sue Cook and Patsy Childers.

Jack Parsons, son of Mr. and Mrs. Grady Parsons is working for Dale Kelley who lives east of town.

Mrs. Raymond Palmer spent Thursday and Friday with her mother in this vicinity. The schools in N. M. were closed Friday for teachers meeting, so the Palmer children visited in the Hereford schools Friday with their friends. Jeanne Palmer spent the week end with her friends in Hereford.

Mr. and Mrs. Finley who moved to Ft. Worth the first of the year, have purchased a home in Ft. Worth and are moving this week. Mr. Finley's health has improved since he went through the clinic.

Mr. and Mrs. Dusty Bordner have moved a portion of their things to Seminole this week. The Bordners have been in the process of building a home there for the past several months. They hope to get completely moved soon.

Mr. and Mrs. Paul Corbett

were hosts to Mrs. Corbett's brother and sister Sunday. Guests were Mr. and Mrs. Mierkie Greer of Littlefield, and Mr. and Mrs. Henry Benson, and children John, Tony, and Bruce of Hereford. Mrs. Corbett was a Graer before her marriage.

Mr. and Mrs. Grady Parsons, Joe Ella May Childers, Joe

Soil District Receives New Motor Patrol Grader

A new motor patrol grader recently purchased by the Board of Supervisors of the Tierra Blanca SCD has been delivered and is now in use. This machine will make it possible for the district to do more conservation work and more nearly keep up with the demand for such assistance, according to T. W. Robinson, Vice Chairman of the Board.

The Board also has a new drill for seeding grasses which may be rented on a daily, or acreage basis. Anyone interested in using this drill should see Ronald Matthews, Machinery Operator, or the care-taker at the Bull Barn in Hereford.

At the regular meeting of the Board on March 26, the purchase of a slide projector and camera for use in educational

work was discussed.

Applications for conservation assistance were approved for Geo. C. Messenger, Henry Kinsey and Dale M. Coleman.

Three complete soil conservation farm plans were approved for C. W. Buchanan, C. G. Richardson and F. R. Meier.

Daughter of Hereford Resident United in Marriage at Slaton

SLATON — Miss Cora Frances Hunter and Allen Ray Talbot exchanged marriage vows in a double ring service at the Presbyterian Church recently, read by Rev. W. F. Rogan of Lubbock. The bride is the daughter of Mrs. Virgie Hunter, 845 W. Lubbock and Ullman Hunter of Hereford. Mr. Talbot is the son of Mrs. George Talbot Sr., 625 S. 8th St., Lubbock.

The ceremony was performed before an altar banked with baskets of gladioli and palms and an arch of white steel with gates to form a heart which was decorated with a white satin bow and a white dove. Candelabra, baskets of gladioli and white satin bows marked the aisle leading to the prayer bench.

Mrs. Yates Key played traditional wedding marches and accompanied E. D. Cummings as he sang "Tell Me Why" and "I Love You Truly".

The bride, given in marriage by her father, wore a white slipper satin gown fashioned with a yoke and long pointed sleeves of French imported lace and a fitted bodice. The back of the skirt had a scalloped peltum and a cathedral length train. She carried an arrangement of white rose buds atop a white Bible.

The bride's twin sister, Mrs. Henry Murrell, Jr., of Hereford,

was matron of honor. She wore a white taffeta dress with a fitted bodice, full skirt and long lace gloves. She wore a white halo hat and carried a nosegay of white roses. Mrs. Billings as of Odessa, Misses Yvonne Coalsion of Abilene, Norma Hartshorn of Dalhart, and Mary Ann Cudd of Slaton, were bridesmaids. They wore identical dresses in white designed similar to the matron of honor's dress and carried nosegays of carnations.

Jack Talbot of Lubbock, brother of the bridegroom, was the best man. Ushers were Henry Murrell, Jr., of Hereford, Bill Moore of Throckmorton, Bill Dawson and Raymond Brooks of Slaton. Barbara Whitley of Lubbock was flower girl and Derwood Coalsion of Abilene was ring bearer.

A reception was given in the home of the bride's mother with the couple assisted in receiving by their parents, matron of honor, and bridesmaids. The table was laid with a Madeira cloth and decorated with tiered wedding cake and flowers. Mrs. Frank Coalsion of Abilene, and Mrs. Bill Moore of Throckmorton, served the cake, and Mrs. Brian Sartain poured coffee.

For a wedding trip to Monterrey, Mexico, the bride wore

a fitted navy suit with white and navy accessories and a corsage of white roses.

They will be at home at 135 S. 3rd in Slaton. Both are graduates of Slaton high school and are employed by Santa Fe Railway Company. The bride attended Draughon's Business college in Lubbock, and West Texas State college at Canyon.

Out of town guests attending the wedding were from Throckmorton, Dimmitt, Hereford, Abilene, and Lubbock.

The bride is the grand-daughter of Mr. and Mrs. W. A. Hunter of Hereford.

No refunds. No exchanges. That's the deal on auto license plates, according to Alex Thompson who says he overheard Frank Vance trying to get his money back Monday morning. Frank bought the plates Saturday, drove with them Sunday and demolished his car Sunday night, according to Alex. The tax office would not refund a red cent, though.

Speaking of license plates, there was a line a block long in the courthouse Saturday morning. Some people, it seems, wait until the last minute. I was surprised to see Edna Mathis in the line, but she sure was there. In fact, she was just in front of me and we had to dodge to keep from getting in the picture they took for the Brand.

There is probably nothing to compare with the wrath of an angry woman. In the newspaper business, to say the least, you soon learn to listen to them with respect. Furthermore, Mrs. Bob Fotheringham has a chip on her shoulder. It concerns an old, old question. Why doesn't Western Union get death messages to rural residents? This looks like a good deal for the Chamber of Commerce, or the Jaycees; maybe even the Lions, Rotarians or Kiwanians. If Western Union can't handle their business, maybe the people should try to help them. Anyway, and at any cost, I think that death messages to rural areas should be delivered. If some organization will make arrangements to deliver death messages handed them by Western Union, The Brand will give them some special envelopes or cards saying: "We felt that you needed this message, so we volunteered to bring it to you". Followed by name of club or organization. Who will volunteer? What could be a better gesture of friendship and human relations?

Notice where Congress has classified meat as a luxury food and proposed a tax on meats. These boys, as usual, are behind times. At current prices of a dollar-a-pound-and-up, meat has been a luxury in the newspaper fraternity for several months now. However, I am inclined to agree with the cattle boys, the suggestion is downright silly. Even if meat is a

luxury, it is also a basic food and to add to the cost by taxation is asinine—provided such a term can be applied when talking about beef. Surlep they cannot be serious about this proposal. Truman had better watch out. Hitler got away with a lot of things in Germany: ersatz bread, meat and gasoline, but when he came out with ersatz beer, the German people rebelled. You can just push people so far. Taxing meat as a luxury would be the poorest sort of politics in this country.

Understand that "Safflower", a new crop for western states, will be under experimental growth here this year. It is a combination of asters, sunflowers and thistles—and grows about five feet tall. Furthermore, it sounds like an ideal rotation crop for this area. Arid conditions seem preferable. It furnishes vegetable oil, safflower meal and affords a seed market which is now desirable. No support price, to my knowledge, but it is proposed as a good, stable crop for this area. If you are interested in further information see County Agent Hugh Clearman for additional details. Alton Fraser, too, seems quite interested in the crop and has made a study of its possibilities.

Jokes from "Future", official Jaycee magazine: "I'll see you", said our hero as he laid down four aces in a game of strip poker.

Time tells on man—especially a good time.

The difference between a man and a woman is that a man will pay \$2 for a \$1 item he wants, while a woman will pay \$1 for a \$2 item she doesn't want.

Nothing strengthens a man's conscience so much as a witness.

Greta was a little refugee. Rather bedraggled when she came to America, her foster parents put her on a strict bath routine. Greta took it for a week without so much as a whimper. Then one night she looked up through a face full of suds: "You folks don't want a refugee," she calmly said. "What you want is a damn duck".

Two men, Wood and Stone, were standing on a street corner. A pretty girl walked by. Wood turned to Stone. Stone turned to Wood. They both turned to rubber—and the girl turned into a hat shop.

Group Approves Water Conservation District

With only one dissenting vote, the group of 35 farmers who met Saturday afternoon in Hereford to discuss the water conservation program, voted to go on record favoring the organization of the 21-county water district. The voting Saturday is a matter of record only, and will not affect the organization of the district. That question will come before all the voters of each community in the designated area.

The underground water reservoir designated by the State Board of Water Engineers includes all of Hale, Lubbock, Parmer and Swisher counties and parts of Deaf Smith, Armstrong, Bailey, Briscoe, Castro, Crosby, Dickens, Floyd, Garza, Hockley, Lamb, Lynn, Oldham, Potter, Randall, Terry and Cochran counties.

Designation of the reservoir was delivered to the High Plains Water Conservation and Users Association at Lubbock Thursday by James S. Guleke, member of the state board. The official designation clears the way for the High Plains association to petition the Board of Water Engineers to create the district. Petitions, drawn by the association, will be sent to each county represented for signing in order that they may be mailed to the board.

Under the water law of 1949, the proposed district is to carry out a water conservation program through proper spacing of wells, prevention of pollution, educational programs, and recharging.

In making the designation, the board pointed out that the proposed district will be the first of its kind in the world. Embracing about 13,000,000 acres, the High Plains pool is also the largest underground water reservoir in the world.

At Saturday's meeting, John Aikin and Tom McFarland, vice-president and president of the Deaf Smith County Water association, pointed out, advantages and disadvantages of the program, after which a general discussion period was held.

Church Notes

The revival meeting is now in progress at the Avenue Baptist church with Rev. A. C. Hamilton preaching each morning at 7 o'clock and each evening at 8 o'clock. Rev. H. V. Fields, local pastor extends a welcome to visitors.

Services regularly held at the Avenue Baptist church include Sunday school, 9:45; morning worship, 11:00; training union, 6:45; evening worship, 8 o'clock. Prayer meeting is held on Wednesday evening at 7:30.

The Seventh Day Adventists had as their guest speaker at the 11 o'clock service Elder A. L. May, pastor of the Roswell, N. M. church, who used as his subject, "When We Look Into The Face of Jesus," basing his talk on 2 Cor. 4:6.

Elder I. V. Stonebrook of Amarillo, educational director of the Texico Conference, will have charge of the church service next Sabbath.

Thursday, April 12, a program, "Prisoner at the Bar" adapted for presentation by the American Temperance Society of Washington D. C. will be presented in the Canyon High

district would be better than overall state control. The 1949 law provides that districts created must be coterminous—having the same bounds or limits—with the underground reservoirs thus making it necessary that this district, in order to comply with the law, take in the large area.

Most of the farmers present agreed that there is need for conserving the underground water supply and expressed themselves as being willing to work in a good program for conservation.

The law provides a tax of one to 50 cents per acre for carrying out the program. Authorities now believe one cent per acre would be sufficient, but there is nothing to keep the tax from being more than that amount.

School auditorium. The public is invited and there is no admission charge.

Wednesday evening, April 11, the Wayland Pioneer Chorale will appear at the First Baptist church to present a musical program during the prayer service hour.

The worker's inspirational meeting, originally scheduled for last Monday evening, will be held next Monday, April 9, at Summerfield.

Last night the summer time change in time of services became effective at the First Baptist church, with the following services scheduled: Sunday school, 9:45; morning worship, 10:55; Supt. meeting, 7:30; T&O meeting, 7:45; training union, 7:15; evening worship, 8:30; prayer service on Wednesday, 8:30, followed by choir practice at 9:15.

The State-wide Sunday school convention will be held in Amarillo April 16, 17, and 18.

The Layman's league of the First Christian church will meet tonight at 7:30 for a covered-dish supper with the men serving the meal.

A recent check in Sunday school enrollment at the First Christian church reveals a roll of 222 persons about 56 per cent of the resident church membership. Goals have been set for each class or department in order to try and raise the enrollment to 75 per cent of the membership.

Church school begins at 9:45 each Sunday morning, followed by morning worship at 10:50. Youth groups meet at 6:30, and evening worship is at 7:30. Mid-week service on Wednesday evening at 7 o'clock, is followed by choir rehearsal at 8 o'clock.

Rev. Russell A. Wingert has announced the following regular services for the First Presbyterian church, 7th and Lee, church school, 9:45; worship service, 11:00; evening service,

7:30. Choir practice is held at 8 o'clock on Wednesday evening.

Rev. S. E. Eldridge, minister of the Assembly of God Church this week announced that the revival services now being conducted at the church will continue throughout the week with services each evening at 7:45.

Evangelist Eugene Smith of Cheyenne, Wyo., is doing the preaching. The church holds two radio programs on Sunday, 7:45 a.m., and 1 o'clock in the afternoon. Sunday school is held at 9:45, followed by morning worship at 11 o'clock.

Services at the Church of the

Nazarene, Fourth and Jackson, include Sunday school, 10 o'clock; morning worship, 11 o'clock; Sunday evening worship, 7:30, and mid-week service, 7:30 on Wednesday evening. Rev. Roy Bickford is the minister.

Bob Wear, minister of the Church of Christ, is speaker each morning at the church radio program, 9:30 on week days, and 9:15 on Sunday.

Sunday school at the church begins at 10:00; morning worship 11:00; young people's meeting 6:45; evening worship 7:30. Mid-week Bible study and singing begins at 7:30 each Wednesday evening. The ladies meet for Bible study at 3 o'clock on Wednesday afternoon.

God's creation endures forever, says Christian Science in the Lesson-Sermon on "Unreality" to be read in all Christian Science churches on Sunday, April 8. The ultimate destruction of that which God has not made is clearly stated in the Golden Text, "Every tree that bringeth not forth good fruit is hewn down, and cast unto the fire"

dating the subject is this citation from the Bible: "For the Lord knoweth the way of the righteous; but the way of the ungodly shall perish" (Psalms 1:6).

Christian Science Services are held in the Star Theatre each Sunday morning at eleven o'clock. All visitors are welcome to attend.

There is a Christian Science radio program broadcast each Sunday morning at 9:45 over Radio Station KAMQ, Amarillo.

Divine worship is conducted at Immanuel Lutheran church on Sunday morning at 11:30. Sunday school and Bible class convene at 10:30 a.m. The Sunday school lesson is based on John 21:1-19.

On Wednesday evening at 8:00 the Teacher's Training class meets for study in the church office. The class being prepared for confirmation meets each Wednesday and Friday after school.

Each Wednesday at 1:30 p.m. the church presents a quarter hour program over KPAN. The Lutheran Hour may be heard

Guest Luncheon Marks Twentieth Anniversary of Black Study Club

The Black Community Study club celebrated its 20th anniversary Thursday with a guest luncheon at the community club house.

Honoring the three charter members who are still active in the club, the program was also planned to get acquainted with the new residents in the community. The three charter members of the club, which was organized in March, 1931, are Mrs. Emma Elmore, the first president; Mrs. Altha Presley, and Anna Mae Hays.

Mrs. Lucille Rockey, program chairman, served as mistress of ceremonies introducing and welcoming the guests. Several piano selections were played by Miss Zelma Allmon. Mrs. Louise Roberson read several poems by Edgar A. Guest.

Australian Tag Team Match Proves Wild Mat Affair

Everything happened at the Bull barn Saturday night when Bill Sledge and Ted Bell bested Benny Trudell and Al Gets in the two-out-of-three-fall Australian tag team match, which was the featured bout on this week's Lions club program.

The team of Sledge and Bell won the first and third fall in the wild and woolly affair which saw Referee George Bruckman fined \$15 by Wrestling Commissioner Marlin Gilliland for not officiating the meet properly.

In the tag team match, in which the four grapplers crowded into the ring at the same time on several occasions, the first fall was won by Trudell when he pinned Bill Sledge in 17 minutes with a top body press following a back-breaker.

Ted Bell evened things up by taking the second fall from Al Gets in 12 minutes with a top body press after a series of drop-kicks, body blocks, and body slams. At this time, all four of

Sixth Birthday Party For Pamela Sue Coltharp

Pamela Sue Coltharp celebrated her sixth birthday Friday with a party given by her mother, Mrs. Van Coltharp.

Guests enjoying games and refreshments were: SusanBlood, Sandy Nunnally, Judy Stevens, Ann Olson, Joyce Bargeley, Mike Kelly, Bruce Benson, Van Smith, Smith, and Joe Bob Wagener.

Mrs. Joe Wagener assisted Mrs. Coltharp.

Mrs. Z. P. Pilsbreen of Vernon is spending the week here in the home of her daughter and son-in-law, Mr. and Mrs. Herbert Haseloff.

the wrestlers were in the ring slugging it out and Referee Bruckman got disgusted and walked out of the ring and let the four slug it out.

For the second fall, Sledge counted Al Gets out, and the referee came back into the ring. It was then that Gilliland slapped the \$15 fine on Bruckman.

Gets and Bell were wrestling for the third fall when Trudell came into the ring to help Gets. Bill Sledge hopped into the ring and began working on Trudell, pinning him. The referee counted the Canadian out for the end of the match.

In the preliminaries, Sledge and Gets met in a one-fall, 20-minute limit bout with Sledge taking the contest in 14 minutes with a double crab.

In the second event of the evening, Bell and Trudell fought to a draw in a 20-minute limit match.

Herd Ready For District Contest

Coach Dalton Criswell is working with the Herd cindermen this week in preparation for the all-important District 1-A meet Saturday, April 7 at Canyon.

Criswell said he expects all his squad to be in good shape for the event. Bill Kelly, who missed the Panhandle invitational, will be ready for action, and Ted Houston's bad leg, which kept him out of the high jump competition at Panhandle, will be mended by the end of the week.

Hereford will need all the strength that can be added by the boys who weren't up to par for the Panhandle meet. Criswell said he expects the major

opposition to come from Canyon and Phillips and they will be tough 12 events.

The other teams in the district—Dalhart, Perryton, and Dumas—will also provide stiff competition for the local thincads.

Coach Criswell said Canyon is expected to be "the team to beat" in the discuss, 200 relay, high jump and shot put. Phillips is expected to be tough in the 120 high hurdles, 440 dash, 200 low hurdles, 440 relay, the 880 and 220 dash, and the mile relay.

The winner of the district will represent the district in the area meet at Lubbock April 21.

Hobby Show Saturday Will Benefit Nursery

La Plata Study club's third annual hobby show will be open to the public from 1 o'clock Saturday afternoon to 9 o'clock that evening in the ballroom at Hotel Jim Hill. Interest in the show is mounting, as entries come from as far away as White Deer. Proceeds from the show will benefit the nursery fund at Deaf Smith county hospital.

Mrs. Ruth Elliston Barnard of White Deer is entering her collection of more than 100 bells, ranging from camel bells to dainty bell figurines. Perhaps the most interesting of the bells is a water buffalo bell about 100 years old, which was brought to Mrs. Barnard from South Africa. There is an entire section of brass bells, a friendship bell, novelty bells, and one bell sent from France.

Among the varied entries in the collective division are an amethystine glass punch bowl and other antiques belonging to Mrs. Bob Wear, pieces from Mrs. Frances Houston's complete set of "Rose in the Snow" antique glass, Ted Houston's beer steins, and a display of rocks and Indian relics collected by Burl Elliston.

A creative hobby with a collector's angle will be represented by the display of hand finished antique furniture entered by Mrs. Edna Lee Collier. Also shown in the creative division will be a variety of handwork and fancy work, leather and metal craft, ceramics and china painting. In fact, the display will be as varied as are the personalities of the hobbyists.

Tickets for the show will be on sale at the hotel at 50 cents for adults and 35 cents for students. Mrs. Urlin Streu, general chairman for the sponsoring club, extends a cordial welcome to everyone who is interested to attend the show.

Hereford Girls' Volleyballers Beat Plainview

Hereford high school's girls' volleyball teams won their games with Plainview Tuesday evening at Shirley school gymnasium.

The "A" team won their games by scores of 15-4 and 15-10. Plainview took one game, 15-8. The "B" team won by scores of 15-6 and 15-4.

Each Hereford team won four contests and lost three during the season.

The "A" team will compete Friday at Canyon in the four-

FIRST GRANDCHILD ONLY 36 MINUTES OLDER THAN 2nd

The birth of the first grandchild is a big event for any couple—but it was really a gigantic event for Mr. and Mrs. Warren Kopp whose second grandchild arrived in California only 36 minutes after the birth of their first grandchild in Oklahoma.

At 10:49 Tuesday morning, March 27, the first grandchild, Rodney Scott, was born to Mr. and Mrs. Nolan Peck at Hobart, Oklahoma.

Only 36 minutes later, another grandson, Charles Warren, was born to Mr. and Mrs. Richard Kopp of Bakersfield, Calif. Mrs. Peck and Kopp are both former Hereford residents. Richard (Dick) Kopp, who is 11 months younger than his sister, says "she has always been one jump ahead of me", the new grandmother reports.

Mrs. Kopp, owner and manager of the Aristocrat Cafe here, says "two more Marines" were born March 27, both fathers having served in the Marine Corps. Warren Kopp, who farms in Oklahoma, lives in Hereford part of the time. The Koppes have three other children, all of whom are single.

Civic Chorus To Meet Sunday

Plans for entertaining in Hereford the Seventh District Federation of Music Clubs of Texas in the early fall will be formulated Sunday afternoon at the meeting of the Civic Chorus at 3 o'clock in Ward Hall of the First Methodist church. Miss Mattie Mae Swisher, president, said the meeting was necessarily postponed from last Sunday afternoon.

Miss Swisher urged all members of the chorus and other interested persons to attend the Sunday meeting.

The Civic Chorus, Voco club, and Music Study club will be hosts to the Seventh District convention.

Local Masonic Lodge Members Attend Opening of Friona Lodge

Monday night at Friona, the Masonic Lodge there, under a dispensation issued by the grand lodge of Texas, was set to work by W. S. Hromas, district deputy grand master. Twenty-four lodges representing seven states were at the function. Mr. Hromas presided at the opening of the lodge and R. L. Thompson served as secretary.

This lodge will operate under this dispensation granted until the annual meeting of the grand lodge of Texas on the first Tuesday in December, at which time a charter will be presented. Members of the local Masonic lodge attending were:

Charley Noland, S. H. Slagle, Mac Noland, J. E. Kirby, W. H. Patton, M. N. Wiseman, Clyde Hays, O. T. Vardell, J. T. Higgins, D. R. Holt, A. O. Thompson.

Hereford FHA Members To Amarillo Saturday

Many of the FHA members accompanied by Mrs. Don Little, sponsor, attended an Area One FHA meeting in Amarillo last Saturday.

Rosemary Young was runner-up for area reporter, but lost to a girl from Tulsa. Gerry Patterson was elected by the officers of the Hereford chapter as voting delegate.

The morning program consisted of group singing; selections by the Bel Canto Choral; penning ceremony; and invocation by Mary Ann Landers, Clarendon; the FFA Prayer song sung by Earlene West, Margaret Alston, Nancy Patterson, Sue Savage, Shirley Sumner and Francis Pittner. Charles M. Rogers, superintendent of schools

of Amarillo greeted the girls. Mayor Gene Kleia of Amarillo gave a welcome to the group. Helen Hysinger, Area Sergeant at Arms, Olton, gave the response. Lou Dean Cotton, area secretary from Lefors called the roll.

Hereford had the largest number at the meeting. Miss Margaret Scholl, consultant in homemaking education of Austin, gave an address titled, "Leaders, Tell Your Story Right."

Mrs. Camille Bell, Canyon, leader; Mrs. James P. Cornette, West Texas State college, mother; R. B. Norman, principal, Amarillo high school, father; Archie Warren, Amarillo, son; Elizabeth Grundy, Memphis

Junior high school, daughter; Lavonia Fisher, Childress high school, daughter; and Donna Erwin, West Texas State college, daughter, served on a panel discussion on the subject, "To Encourage Democracy in Home and Community Life."

Immediately after the panel, Elma Ruth Peterson, Area Vice President, Plainview, presented (Continued on page six)

HHS Senior Play Will Be Presented April 5, 6

The senior class of Hereford High school will present "Home Sweet Homicide", a mystery comedy in three acts, Thursday and Friday nights at 8 o'clock in the high school auditorium.

Marian Carstairs supports her three children by writing mystery stories. Her children, April, Dianah and Archie decide that they would like for their mother

to get "hand-cuffed" again. They decide to have her solve a real-life murder and to get a lot of publicity. Sure enough, one of their neighbors gets murdered. Polly Walker, an actress, arrives at the scene of the murder shortly after it happened and was the one to find the body. And lo and behold! The police lieutenant in charge

is about their mother's age and is good-looking. All three of the children decide that he would make a good father and begin working on their "project" at once.

Just as it looks as if things are about to clear up and the murderer found, there is another murder! This time it is a shady-looking man named Frankie Riley.

Wallie Sanford, husband of the murdered woman, is suspected because he cannot be found. Wallie comes to the Carstairs' and claims that he did not have anything to do with the murder of his wife.

Another suspicious character named Rupert Van Duesen, arrives at the Carstairs' home in time to be counted among suspects.

Finally, everyone gets everything straightened out. If you would like to know how it is done, come to the senior play Thursday or Friday night, or both.

Tickets will be sold at the door if you do not get a chance to get your ticket from one of the members of the senior class. The adult tickets are 60c and the student tickets are 40c.

The cast includes: Jack Stanton, Mavis Hensley, (Continued on page six)

Why Women Buy

There is only one reason why a man buys something. But with a woman it might be one of eight reasons.

1. Because her husband (or parents) says she can't have it.
2. Because it comes from Paris.
3. Because it will make her look thin.
4. Because the neighbors have one.
5. Because the neighbors can't afford it.
6. Because nobody has one.
7. Because it is different.
8. "BECAUSE".

Meet Hereford High School's Superintendent

By Neida Guy Lawrence

Everyone knows George Graham, our superintendent.

Maybe you do know him but did you know that he was born in Rush Springs, Okla., on March 22, 1911? No, I don't imagine that you did either—neither did I till I asked for this interview.

He graduated from high school in Norman, Okla. and attended the University of Oklahoma and Texas Tech. Even though he attended these schools, he got both his B.S.

and Master's degree from West Texas State college at Canyon. He began teaching in 1930 in rural school in a little Floyd county community called Aikin. After that he taught in the classrooms of the rural schools of Castro county.

He moved from Castro county to Lazbuddy where he coached basketball and was high school principal. When I asked him if he taught anything else there he said, "I taught everything but home economics". Pretty broad scope isn't it?

In 1939 he took the job of superintendent of Plemons schools and from there he went to Dalhart.

In 1946 he took the job of superintendent of Hereford school's and I think everyone (Continued on page six)

"I got the story on
50,000 Miles—No Wear
and changed to New Conoco Super Motor Oil"

says Joe Albertson
Traveling Salesman
Santa Fe, New Mexico

"MANY OF MY CUSTOMERS have actually gone out of their way to thank me for servicing their cars with new Conoco Super Motor Oil, because it has reduced their repair bills by a good margin," says T. S. Young, Young Motor Company, Walsenburg, Colorado. "I know Conoco Super is the finest motor oil on the market."

"I'M ON CALL 24 HOURS A DAY and my car must be ready to roll over the roughest roads in any weather," states B. P. Bryant, Oil Field Engineer, Abilene, Texas. "That's why I changed to new Conoco Super Motor Oil. Never have I had such good gasoline mileage and cost-free operation."

"50,000 MILES—NO WEAR!"—PROVED HERE:

After a punishing 50,000-mile road test, with proper crankcase drains and regular core, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence . . . in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, use less gasoline and oil.

Hereford Fifth in 18-Team Meet at Panhandle Saturday

Hereford high school took fifth place in the eighteen-school invitational track meet at Panhandle last Saturday, bested only by Dimmitt, Wellington, White Deer, and Canyon.

Point totals for the 18 teams in this all-day affair were: Dimmitt, 29; Wellington, 27; White Deer, 22; Canyon, 17; Hereford, 11; Dalhart, 7; Memphis, 5; Friona, 2; Dumas, 9; Wheeler, 5; Canadian, 5½; Panhandle, 5½; Kress, 4; LeFors, 5; Turkey, 2; Amarillo, 3; and Borger, 1.

Hereford took first in one event—the 120 high hurdles with Ted Houston leading the field with a time of 16.6 seconds.

Results of the events were as follows:

100-yard dash: 10.4 seconds — Dimmitt; Wellington; White Deer; Wellington.

120-yard high hurdles: 16.6 seconds — Houston, Hereford; Dimmitt; Dumas; Wellington.

440-yard dash: 56.9 seconds — Dumas; Memphis; Friona; Amarillo.

220-yard dash: 23.1 seconds — Dimmitt; Wellington; Canyon; White Deer.

200-yard low hurdles: 24.6 seconds — Wellington; Dimmitt; Wellington; Shamrock.

440-yard relay: 46.5 seconds — Wellington; White Deer; Turkey; Hereford.

880-yard dash: 2:11 minutes — Dalhart; White Deer; Amarillo; Dimmitt.

Mile relay: 3:49.8 minutes — White Deer; Dimmitt; Memphis and Dumas.

Mile run: 4:56.9 minutes — White Deer; White Deer; Dalhart; Borger.

FIELD EVENTS
Shot Put: 43'8" — LeFors; Canadian; Dement; Hereford; Dumas.

Pole Vault: 10'3" — Wheeler and Canyon tied; Shamrock, Wheeler and Dimmitt tied.

High Jump: 5'11" — Wellington; Canyon; Wellington; Kress; Canadian; Panhandle.

Broad Jump: 18'9" — Dimmitt; Canyon; Canadian; Hereford.

Discus: 140'4" — Canyon; Dimmitt; Hereford (Stanton); Dumas.

in the town. Not only are new residences being erected, but splendid improvements are being made in the business district, chief among which is the erection of a new and commodious livery stable by P. D. Mersfelder, such as is not usually found in so small a town. Should these improvements, together with the rapid settlement of the country, keep up for a few months longer, Bovina will enjoy the distinction of being the county seat of Parmer county.

The little town of Texico now has two banks, the latter having recently been organized by L. T. Lester of Canyon City, and others.

Judging from the numerous gins which are being constructed in all parts of the Panhandle there will be a very large acreage planted in cotton.

The heavy rains of this week make the side-walk question a serious one in our town. A town the size of Hereford can't afford to overlook the existing situation, much longer, we are not finding the wading of mud in the middle of the road very conducive to an even temper or very satisfying to fastidious cleanliness.

The next two enterprises for Hereford are an ice plant and a steam laundry.

ANY RESEMBLANCE to an Indian fakir and T. J. Clay, above, is due solely to the fact that Clay gets that mystic look with a silk bandana wrapped around his head. The whiskers are not the latest from Calcutta, they're for Mid-Plains Pioneer Day.—Bill Patton Photo

Hereford was without the services of their low hurdler and 200 dash man, Bill Kelly. In practice earlier in the week Kelly hit his knee on a hurdle and it swelled up to twice its normal size. Ted Houston went to Panhandle and won first in the high hurdles despite a bad knee. Leonard Walterscheid was another of the Herd tracksters unavailable for the meet. Walterscheid couldn't get off work for the meet.

Call to Action

HAVE you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action.

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample roadweight

magnificently poised on coil springs which individually cushion every wheel.

There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.

And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflow Drive—not as an "extra," but as a standard ROADMASTER feature.

So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!

Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

Equipment, accessories, trim and models are subject to change without notice.
Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

Joe Thompson of Littlefield, Lamb county clerk of court, was elected Saturday as the fourth president of the 38-county Panhandle District and County Clerk's association at the group's annual meeting at Hotel Jim Hill.

Noble Ingram, Paducah, was elected first vice-president, and

Mrs. Ethel Mullins of Canyon, was named secretary-treasurer. Named to the newly-formed advisory committee were: Louie Moore, county clerk of Lubbock county; T. W. Pierce, Martin; and Mrs. Lucille Posey, Deaf Smith county deputy clerk.

Fifty persons attended the business session held Saturday afternoon in the ballroom of Hotel Jim Hill. Eighty-four members and guests attended the banquet in the evening.

Alex O. Thompson gave the invocation. Raymon Childers played piano music during the banquet.

Robert Thompson, retiring president of the organization, acted as toastmaster and introduced the guests.

Bob Wear was the principal speaker for the event. Several vocal numbers were presented by Clarence Caywood, David Goldston and Charles Whitehead.

Three Are Honored On Birthdays Sunday

A family celebration at the home of Mr. and Mrs. Burl Elliston Sunday honored three members of the family on their birthdays, all of which were in the month of March. Birthday honorees were Mrs. Elliston, the Elliston's daughter, Mrs. W. L. Branson of Amarillo and a grandson, John Curry of Pampa. Present were Mr. and Mrs. R. W. Curry, John and Don, of Pampa, Mrs. Branson and son, Bob, of Amarillo, and Mr. and Mrs. Elliston.

Mother of Two Praises Hadacol

HADACOL Supplies Deficient Systems With Vitamins B₁, B₂, Niacin and Iron

Mrs. Elmer Hisei, 3225 2nd Ave., Council Bluffs, Iowa, is a

good mother, and like all good mothers she keeps a careful watch for the welfare of her two young children. And when little four-year-old Lucille Hisei wasn't feeling as her mother knew she should do something about it, Mrs. Hisei gave Lucille HADACOL because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B₁, B₂, Iron and Niacin. It helped her so much that now Mrs. Hisei gives HADACOL to both of her children.

Here is what Mrs. Hisei says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL my daughter complained of her stomach hurting her, and I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

HADACOL is So Effective An important thing about HADACOL is that you get Vitamins B₁, B₂, Niacin and Iron in liquid form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when Iron is needed) to carry these precious Vitamins and Minerals to every part of your body.

Workers Club Meets in Cooke Home; Farmers are Planting Potatoes

By Mrs. R. C. Childers
Held From Sunday Brand
The Workers 4-H meeting was held in the R. N. Cooke home Tuesday afternoon with Miss

Doris Mahaffey, assistant home demonstration agent, present. The girls each were requested to bring the dresses that they are making for the Dress Review to the club. Miss Mahaffey examined each and told them where they could improve them. Girls under 12 are making skirts and blouses.

Girls present for this meeting were: Sue, Colleen, Jan and Carolyn Cooke, Lyla Gayle Rickman, Paula Beth Corbett, Patsy Childers, and Bonnie Lewis, one visitor, Mrs. Paul Corbett, and one club sponsor, the host, Mrs. R. N. Cooke.

The freak weather that was observed by everyone in this part of the country gave very little moisture to the dry plains. Even though the snow was dry the wind was so high that none of it stayed.

Paula Beth Corbett went to the concert given by Wayland college of Plainview Tuesday evening at the Baptist church. Mr. and Mrs. Ernest Layman of Hereford were business callers in the R. C. Childers home Wednesday.

The R. N. Cookes have ordered 100 more baby chicks. They have already raised 500 to be over four weeks old. The Dufers have moved to the Walker place in the Westway community. They formerly lived two miles west on Harrison on the Wayne Evans property. Mary Duffer is a member of the Workers 4-H club.

Greenbugs and Mites Finishing Wheat Chances

Mites and greenbugs are taking up where the cutworms left off in ruining the majority of the Deaf Smith county wheat crop, according to Hugh Clearman, county agent.

Clearman said the farmers are preparing their dead wheat land for grain sorghum, corn, or cotton.

Mrs. Melvin Raney of Sumnerfield was a visitor in the home of Mr. and Mrs. R. C. Childers Sunday afternoon.

Richard Jewel was a visitor in the R. C. Childers home Friday morning.

Potatoes are being planted by a number of farmers in this vicinity now. Jack Renfro was the first to start, as he has had machines running for over a week on his place. Potatoes are also being planted on Dr. Will's place four miles west of town and on the farms of Ernest Hardman and Lyle Rickman. The land was well worked, fertilized and irrigated before the planting started.

Irrigation wells are running all over the county preparing the land for spring planting. Dry feed such as bundles and alfalfa is very hard to find this time of the year. M. G. Caywood and R. C. Childers have been trying to purchase some. Childers finally bought some bundle feed from Ernest Layman of Hereford.

BOOKS ON PARADE

Deaf Smith Library Has Many New Fiction and Non-Fiction Books.

By Corinne Jennings
Many new books, both in fiction and nonfiction, have been published with spring dates and are now available at the Deaf Smith county library, according to the librarian, Mrs. J. J. Boydston.

From well known novelist, Hale, which is a pseudonym for A. B. Cunningham of the mystery writer fame (who is the Lubbock Tech professor) there is "Substance of a Dream"; followers of Slaughter will want to read his new "Fort Everglades"; those who read doctor and nurse stories will find Seifer's "Maid Doctor" as a recent addition.

Baldwin has a new, bigger and better novel titled "The Whole Armour", and Noel Coward has contributed a group of short stories under the heading of "Star Quality". Neville Shute admirers will find a new trend in his latest "Round the Bend".

Much discussed and with high recommendations is James Jones "From Here to Eternity" which will be liked by men, especially those who have ever seen army service, war-time, or the standing army, of which it tells.

Vicki Bamu "Danger from Deer" presents a physiological background with three women in the leading roles; for those who read and liked "The Hucksters" there is now a similar one titled, "The Build-up Boys" by Kirk.

"Kentucky Stand" by Wheelright has had some publicity and James Hilton, well remembered for his "Lost Horizons" has written "Morning Journey" as his latest. With a religious background, Fox has written, "Daughter of Janus."

For those who enjoy the brittle and sophisticated style of Ilka Chase, there is her "New York 22".

Non-fiction, with the easy readability of fiction, in late books covers a wide range. In biography is Ethel Waters' outstanding, "It's Eye Is On The Sparrow", and another which bids to rank high, "Miracle at Carville" by Martha. "The Far Side of Paradise" by Mizener revises a period in which Fitzgerald was prominent as a writer and is being read with interest.

Three popular adventure or travel yarns include, "Out of This World" by Lowell Thomas Jr., the trip to forbidden Tibet; "Kon Tiki" the trip across the Pacific on a balsa-craft by a group of men is told by Heyerdahl, and another sea story, "Without Gloves"—Taylor has one named "Harem Scarem"; Price has cleverly dedicated his new one to himself which is "In One Head and Out the Other".

Railroad history and that of the southwest is told in "Steel Trails to Santa Fe" by Waters; and those who read with so much enjoyment "Stillmeadows Seasons" will want to look over her new cook book called "Stillmeadow Kitchen".

FACTS ABOUT MONEY!

"CURIOUS MONEY"

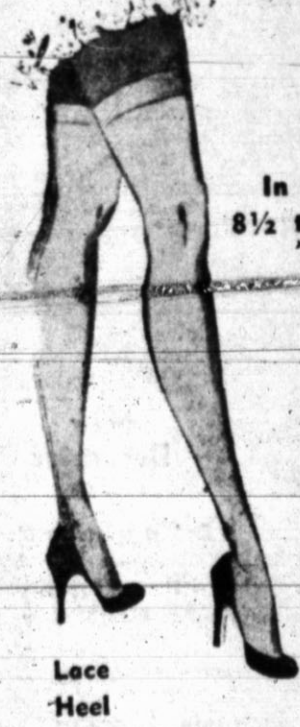

The "scalp" of the red-headed woodpecker served as money in our early American days, having a circulating value of about fifty cents. The Indians, unable to get these birds with their weapons, were eager to trade with the colonists for these beautifully marked "scalps," using them as decorative ornaments. . . . don't be a "worry bird"—worry won't pay bills! Items From 100 Years to 26,000 Are in Collection

Relics hundreds or even thousands of years old are included in the hobby display belonging to Burl Elliston which will be shown Saturday at the annual La Plata club hobby show in Hotel Jim Hill. Burl has been collecting Indian relics and other items of Great Plains historical value for the past 60 years.

Among the unusual pieces is a stone axe, age of which the Bureau of Anthropology says is 26,000 years. Elliston found the item west of Santa Rosa about 20 years ago.

Another of his prize possessions is a beaded bag, made of buckskin and beads, which he obtained by trading arrowheads and hide-scrapers to a Kiowa Indian 20 years ago. The Indian said his grandmother made the bag, which is approximately 175 years old.

Elliston tells the story of another relic, an abalone pendant, which he found in Indian ruins in New Mexico. It is estimated

to be over 500 years old, having belonged to Indians who had to walk from what is now California to Texas before Colorado's time.

In his 60 years of collecting, Burl has found some 20,000 valuable items, some of which are on display at the Panhandle Plains Historical Society Museum in Canyon, some at Austin and others are at Palo Duro Canyon. The Palo Duro and many points in New Mexico, as well as throughout the Panhandle of Texas, have been rich in yielding information and relics tied closely with the history of the country. Burl has consistently recorded the date and place in which each item was found in order that they may aid in history and geological research.

Over 1000 dinosaur and prehistoric teeth, ranging in size from one fourth inch to four inches and an elephant tusk, which Burl found near San John, N. M., are included in the collection.

Burl, who is rated among the best informed on the Palo Duro Canyon, has made the collection for his own enjoyment. As a hobby, he believes this one is hard to beat. Burl really believes in hobbies, remarking that "kids who have hobbies don't get in trouble."

One of Burl's dreams is a day when Hereford will have a li-

District Judge Sets Dates for Three Civil Cases in April, May

Two civil cases to be tried by jury in district court were set for April 23 by District Judge Harry Schultz when he presided in court in Hereford last Saturday.

Judge Schultz also heard the pre-trial in the case of Claire Bradshaw and others vs. W. F. Holmes and set the trial for May 4, without jury on request of both parties.

The two cases set for trial by jury on April 23 are Norman Gray vs. D. E. Harris on a suit for cancellation of notes, and Jack Weldon Boone vs. N. W. Boone on a suit for damages.

Jurors for these trials will be drawn and announced in The Brand on April 19.

Judge Schultz also granted a library museum — "an adobe building, made Spanish style" he says, in which historical material may be preserved. "The kids would get quite an education from such an establishment," Burl points out. He added that he has many items including 80 books on Indians which he would like to contribute to such a project.

in Amarillo where she had made her home for the past several years with a daughter, Mrs. B. M. Prickett.

Funeral services were conducted Tuesday afternoon at 2 o'clock at the Presbyterian church in Amarillo, after which the body was sent to New Lexington, Ohio, for burial. Accompanying the body to Ohio were Bob Fotheringham of Hereford, Dr. and Mrs. Jack Younger, Mrs. B. M. Puckett, and George Puckett of Amarillo.

Mrs. Fotheringham was born in Boness, Scotland, September 7, 1883. She came from Boness to Corning, Ohio, in 1894, and from there to Amarillo in 1919.

Survivors include two daughters, Mrs. Jack Younger and Mrs. B. M. Puckett of Amarillo; and two sons, Bob Fotheringham of Hereford, and Tom Fotheringham of Amarillo, six grandchildren and three great grandchildren.

Mr. and Mrs. Bill McCabe of Canyon visited Sunday evening in the home of her parents, Mr. and Mrs. W. E. Wester. Mrs. McCabe is the former Delores Wester.

PTA Chooses Thompson, Patterson, And Edwards as Official Delegates

President - Elect Robert Thompson, Mrs. Elmer Patterson, and Mrs. Wayne Edwards were chosen official delegates to represent the Hereford Parent-Teacher Association at the district meeting April 17 and 18 in Childress. The selection was made Monday night at the regular PTA meeting in the high school auditorium.

Actually Hereford can have as many as 30 official delegates, one delegate being allowed for each 10 members. There are now more than 300 members in the local PTA. Mrs. Earl Springer, president, urged all members who can to go as official delegates.

Centering their discussion on the parent-child relationship and the teacher-child relationship, Mrs. Art Manjoet and Mrs. D. G. Hill Sr. conducted a forum on "Helping a Child to Like and Be Liked." The American home has lost ground—it is in jeopardy. The American home needs to stay at home more" were among the outstanding introductory remarks made by the women.

The program centered around a child's personality including

such points as consideration, attitudes, courtesy, and sense of humor, and stressing the fact that personality growth in a child is a slow process. "Thinking of others, we shall be liked and shall learn to like others", the women concluded.

Supt. George Graham, in a 10-minute talk, explained the coming school evaluation program, April 16, 17 and 18, when a committee of 25 persons, including school executives and teachers from other towns, will determine the school standing in the Southern Association of Secondary Schools and Colleges.

On Monday and Tuesday, April 16 and 17, the visitors will observe classroom work, pupil activity, guidance service, school plant, and the school administrator. On Wednesday afternoon, April 18, at 4:15 the public is invited to hear the report of the visiting committee.

Hereford has been a member of the Southern Association of Secondary Schools since 1928. The requirements of the association are now more strict than they have ever been.

License Sales During Final Week \$37,152.31

A total of 4,233 license plates were sold up until the April 1 deadline, according to Tax Deputy Worth Covington.

The tax collector's office force was on duty until 8:30 Saturday evening, accommodating last minute license buyers.

Total license sales for the tax collector's office during the final week of sales were \$37,152.31.

Miss Vivian Coons of St. Louis was the guest of her cousin, Mrs. Bess E. Givan on Saturday. Miss Coons was on her way to San Francisco to visit for a week with relatives.

NO RURAL identification was made for the top photo, which was the "mystery farm" for last Thursday. Wayne Lady of Hereford was the first city reader to correctly identify the place as the A. B. Higgins farm. He made his identification at 8:05 a.m., Thursday, March 29. If Lady will stop in at The Brand office, he will be given two free theatre tickets. The bottom photo shows the new "mystery farm." Rural residents have as good a chance as city readers to identify the farm because they compete among themselves, each group of readers having a first prize. If you know the identity of the lower photo, call or write The Brand with your identification.

Tri-Hi-Y Meet Held March 27

Although it was two days after Easter, this sacred day provided the theme for the regular Tri-Hi-Y meeting which was held on Tuesday March 27. Evelyn Benson opened the program with a simple and beautiful piano prelude. After a short business session, the program proper was begun with a prayer. Nan Buckner introduced the various parts of the program. The ever inspiring story of the Resurrection was told by Sharon Moore. Betty Hamilton, Shirley Eharp, Dona Airhart, and Sue Berryman presented a special musical number. The conceptions of Easter that are held by different races and age groups were presented by Evelyn Tucker. After a short closing prayer, the meeting was adjourned.

Band News

By Gladys Thompson
The band played for the Kiwanis club Thursday, March 29. The numbers were as follows: "At The Circus", "His Honor", "King John", "Queen Mary", "Treasure of the Incas", "America", and "No Name". All band members were present. The cornet trio—Purris Williams Jr., Keith Savage, and Wayne Lady—accompanied by Raymond Childers, played for the Rotary club on Friday, March 30. "Three Trumpets", "In Old Vienna", and a group of Southern melodies were the numbers they played. Purris played "Home" as a solo. Watch for more news about the band each Thursday of The Hereford Brand.

Dramatics Group in Contest Presentation

"The Severed Cord", a drama in one act, was the contest play choice of the Hereford high dramatic group. Those in the play were Gene Walker, Sharon Moore, and Rayburn Strange. Mrs. Wilder, speech teacher and dramatic coach, directed the play. Katherine Snare and Bill Engman also accompanied the group to Canyon to give them moral support, if nothing else. Although the play won no honors, valuable acting experience was gained by all those who participated in the production.
