## Fires Since 1912

Hereford's fire losses since the 1932 to 1941. beginning of record-keeping in 1912 have totalled \$298,213, according to information furnished The Brand by the State Firemen's and Fire Marshals' associ-

Fire insurance premiums during that 38-year period were \$967,081.47, the report stated.

Yearly fire insurance premi-ums have grown from \$7,023.79 in 1912 to \$85,390.47 in 1950. Premium payments have grown annually since the beginning with the exception of a period from

Frank Miller was toastmaster, Leo Forrest was topic master, and Paul Coneway was general evaluator for the evening at the Monday night meeting of the Hereford Toastmasters club.

Basic training speeches were given by Bill Patton and Bob Wear. Bruce Miller gave a practice speech on the Deaf Smith

The largest loss years in Hereford fire history since the keeping of records have been in 1946 and in 1948. Loss in 1946 was \$53,812.88 and in 1948 the loss was \$53,906.

Smallest fire loss reported over the period covered by the records was in 1917 when fire damage of only \$27.50 was reported. Damage in 1915 was-only \$66.70, according to the report.

Highest premium credit ratings for fire insurance policies was 25% from .1940 to 1946. Hereford also had a 25% credit rating in

All the information covered in the above article was presented in carbon copies to Fire Chief Earl Phillips, Mayor W. E. Da-meron, and The Hereford Brand. In submitting the report, Olin

Culberson, secretary of the State Firemen's and Fire Marshals' Association, said: "This statement shows what a tremendous investcounty research foundation.

All members who were not on the prepared program took part in a parlimentary drill led by Ben Childers.

ment the fire department is to your city and I am sure your citizens will be justly proud and apprecative of what has been done by the department."

## Three Draftees Leave Tuesday

The Deaf Smith county-draft board's September quota of three men left Hereford Tuesday for induction into the Army at Am-

They were: Freddie Close, hama, Japan, Schroeter was in of Dimmitt; and Anthony R. San Francisco.

Paschell, son of Mr. and Mrs. Fred Paschell of Hereford.

The local board's quota for October is nine men, according to Mrs. A. Peterson, clerk. Names of these inductees have

not been released as yet. This selective service district's October quota is part of the increased Texas quota for the coming month, which was raised this week from 742 to 807 men.

The Texas increase 65 men-

receive a slight adjustment in their October calls.

Boards to receive an increase are located in San Antonio, Ennis, Galveston, Baytown, Beau-mont, Port Arthur, Lubbock, Waco, Bowie, Sweetwater, and Orange. Adjusted calls are scheduled to be mailed today by state headquarters.

General Wakefield explained that such a small increase in a call cannot be equitably divided among 137 local boards and that adjustments have to be made la-

"Receipt of small calls over a period of time becomes a series of adjustments and readjustments," the state draft director

## Gas Rate Hike Approved Pending Unanimous OK

other cities where the proposition If accepted, the rate increase

will take effect October 1. There are only, four towns which have not yet ratified the rate proposal. There were no objectors or no supporters from the citizenry at the public meeting called for Tuesday at 10 a.m. to discuss the

Mayor W. E. Dameron, the City Commission and City Attorney Ray Cowsert, met with C. I. Wall, president of the firm, and his district supervisor from 10 a.m. to 12:30 p.m. on the question.

The increase in rates was company-the first increase requested since 1940 - because of ever-increasing costs of material,

al loads.

A public hearing on Deaf 909.85, Judge Foster explained. Smith county's \$503,270.57 budget proposal will be held at the coming fiscal year was figure court house on Monday, Sept. 24, according to County Judge Leonard H. Foster.

The budget proposal will be submitted to the Commissioner's Court at that time for it approval or revision and will then be submitted to the public.

Estimated expenses for the current fiscal year (January 1, 1951 to December 31, 1951) are

The budget proposal for the coming fiscal year was figured on an estimated valuation in the county of \$11,750,000. Estimated valuation for the year 1951 was \$11,500,000 and actual valuation for the 1950 budget was \$11,263,-

At its meeting on Monday of this week, the Commissioner Court authorized the calling of bids for a new road maintainer in Commissioner's Precinct Four.

FOURTEEN-YEAR-OLD Jack Pinkert, above, son of Mr. a Mrs. Chub Pinkert, is shown with the first antelope he has ev killed, bagged near Douglas, Wyo. on September 2. The spound antelope was felled with a .257 Roberts. The trip was first big-game trek Jack had ever been on. The Pinkerts st two antelope on this trip, one for Jack and the second for heather.

## NOT A "BANANA WAR"

## Korean Vets Feel Real Enemy is Russian Bear

who have found out that the "police action" in Korea is a airborne Leathernecks to use as "we could see the strikes from is Capt. Paul Schroeter, Group a base for their close support the close support and even see Communications Officer for Marine Air Group 33.

Schroeter is the son of Mr. and Mrs. R. Schroeter of Hereford. At the present time he is spending his 30-day leave with his parents here after returning from more than a year of Korean duty. The 36-year-old veteran of World War II action in the Pacific theater returned August 25 from Korea, leaving his group at

ply port of Pusan. Schroeter had just graduated from Woodbury college in Los Angeles, one of seven magna cum laude graduates of a class of 620, when the Marine Corps beckoned and he left his new position with a California oil company to help fight the Communists in Korea.

Pohang, just 80 miles north of

the United Nations Korean sup-

"They gave me plenty of time to report," Schroeter laughed, "because I had six days to wind up my personal business.

He actually graduated from Woodbury in June, but commencement exercises were held August 12. "I graduated in a uniform," the young captain smiled.

Schroeter joined his outfit, "MAG 33" in Osaka, Japan on August 28, 1950. The first action for his outfit was the masterful Inchon landing which cut the Communist forces off near the 38th parallel after they had advanced recklessly down to the

One of thousands of reservists on September 15, Schroeter's Schroeter recalled that at the

unit took over Seoule's Kimpo time, the actual lines were only at Kimpo as the officer in charge airport on September 20 for the | five or 10 miles from Kimpo and of all group telephone, telegraph,

MARINE CAPT. PAUL SCHROETER, who just returned to the states from more than a year in Korea, is shown above with his nine-month-old daughter, Lora, whom he had not seen until the latter part of August. Schroeter is visiting in the home of

radio communications and "top secret stuff", were close brushes with a Communist "Bed-Check Charlie" who would fly over nightly and throw 80 millimeter mortar shells from the cockpit of his plane rather than drop

On one of these visits by 'Bed-Check Charlie", Schroeter went diving for a foxhole and bounced right back out. Someone else had beat him to it!

Qn October 15, the MAG 33 went back to Japan with standby orders to go to Hungham. Some of the group went, but Schroeter was among those who did not. He went to Korea again, later, this time to Pohang, where MAG 33 was attached to the Fifth Air Force for close support

Schroeter spent the rest of his returning to the United States. Ten days after boarding the Hereford, son of Mr. and Mrs. transport John Walker in Yoka- Fred Close; Nelson Stephenson

There he met his wife and his nine-month-old daughter, Lora, whom he had never seen!

He received a 30-day leave and came east to visit his par-ents. While in Hereford, the en-tire Schroeter family will be together for a family reunionheir first in 26 years!

Captain Schroeter was probed for his observations about the services, the war, and the enemy during his interview with The Brand. His replies carried essen-(Continued on page 6)

NORTHWEST HEREFORD NEWS

### Three County Delegates Give Reports on THDA State Meetings

By Mrs. R. C. Childers

Mrs. R. N. Cooke gave a report of the THDA state meeting she and two other women from this county attended at a dinner held in their honor, at the Shirley school building, Friday night. The other women giving reports were Mrs. Frank Wilde, T.H.D.A.

was a great need for 4-H leaders all over the state. She said that 4-H members needed to be recognized more, and have more opportunities to enter bake shows, fairs, and show their poultry. She also said that each person should sponser a 4-H boy or girl. Mrs. Cooke also stressed the point of adult leaders needing to know, the proper parliamentary porceedure when instructing a 4-H group.

Another worshop attended by Mrs. Cooke was that of recrea-tion. She stated that the recommendations will call for more community gatherings, skits, folk dances; and other means of entertainment that will draw the mmunities closer together. These entertainments, should also include the young folks, and that more recognition be given to the young folk of our communities. Mrs. Cooke also stated that Deaf Smith county needed a chorus. There was no reason why we couldn't have one, she told returned from a week's visit at

CHERRY CORDIALS

PECAN DELIGHTS

MINT PATTIES

ROSEBUD MINTS

Others of the community attending the luncheon were Mrs. Earl DeHart, Mrs. A. C. Hershey, Mrs. Paul Corbett, and Mrs. R.

A surprise coffee was given for Mrs. Earl DeHart in honor of her birthday, Saturday morning and Mrs. Herbert Hoover from the Simms community.

Mrs. Cooke gave a report on the 4-H workshop that she attended there, stating that there bett, Mrs. R. N. Cooke, and Mrs. Louie Olson.

Mr. and Mrs. Jack Renfro and his father and mother, Mr. and Mrs. J. Renfro of Fredrick, Okla. returned Saturday night from Oregon, where they had gone for a vacation of fishing and resting. Their plans were hampered when Mr. Renfro's father was bitten by posionious spider and had to be hospitilized for several days.

Mr. and Mrs. F. Woolworth of Stillwater, Okla., are visiting their daughter and family, Mr and Mrs. Stan Nelson. The Nelsons are the proud parents of a son, born a week ago Saturday. An El Paso resident has been visiting in the Wayne Johnson home. He is David Kolb and is an uncle of Mrs. Johnson's. He spent from Wednesday, until

Mr. and Mrs. R. N. Cooke and it was requested that each club family attended the annual picmake a game sheet and send it nic in Canyon Sunday for friends to council so that a variety of and relatives who were formerly games can be compiled into a of Oklahoma and now living in booklet. She also stated that this vicinity. There were about

Whitney, Texas, where they visited Mr. Owen's mother, Mrs. Nena Owens.

A business trip was made to Panhandle Monday by Mr. and Mrs. Pat Robinson. Mr. Robins sor is having to take care of his father's business since the latter's death about six weeks ago.

Oklahoma visitors in the Art Mrs. Lewis' father and mother, Mr. and Mrs. C. H. Marlatt-of Ringwood, and a brother, O. F. Marlatt, from Enid, Okla.

Mr. and Mrs. Earl Dehart attended a dinner given in the hons or of Mrs. DeHart on her birthday in the home of her parents, Mr. and Mrs. W. E. Robinson of plan the programs for the groups Claude, on Sunday.

Mr. and Mrs. Fred Wolfington were in Amarillo last Sunday. They met Mrs. Wolfington's sister and husband, Mr. and Mrs. Jim Mayfield, from Eric, Okla.

JeerSmith is the new bus driver in this vicinity. He is driving bus No. 12, which is a larger bus than the one used here last year. The route has been enlarged. Many first graders are riding. The number of pupils have increased, making it necessary to use a larger bus.

Three-fourths of an inch of rain fell in this vicinity Friday night. It was certainly appreciated by the dry land farmers especially. Wheat farmers can get their wheat sown while they have the moisture.

The Cultural Home Demonstration club served lunch at the Jack Renfro Sale Monday. Mrs. Paul Corbett was in charge of the sale. She had appointed different ones to serve. On coffee were Mrs. R. C. Childers and Mrs. Louie Olson; sandwiches, Mrs. Wayne Johnson and Mrs. Packard; pies, Mrs. J. T. Richardson, and Mrs. Earl DeHart; hotdogs, Mrs. Art Lewis and Mrs. Corbett; and Mrs. A. C. Hershey on "Cokes," Mrs. Fred Wolfington was cashier.

The Cultural Home Demonstration club will meet in the home of Mrs. Art Lewis Thursday, Sept. 13 at 2:30 p.m., at which time we will have a guest speaker on heart disease. Every member is urged to attend and bring some one with him.

Mrs. R. N. Cooke attended a Sunday school party Thursday night at the Baptist church.

The lettuce in this vicinity was sprayed for insects last week. The insects are worse this year than any previous year. Most people think it is due to the excessive spraying, and the killing out of the ladybugs, which are the only protection against insects. The lettuce has been thinned out and plowed several times, and really does look good. This land was in potatoes and as soon as they were dug, lettuce was planted so two crops will come off the land in one season.

Many from this vicinity attended the Hereford-McLean football game in the rain Friday night. Among those attending were Mr. and Mrs. Art Lewis, Bonnie, and Georgia, Patsy Childers and Sue Cooke.

Mrs. Earl DeHart and Mrs. R. C. Childers attended the board meeting of the federated Women's clubs Saturday at the county court room at 2:30. Mrs. De-Hart was appointed to serve on the committee which is to submit to the clubs of the county plans of building a clubhouse in Hereford. This report is to be given at the next board meeting and anyone interested in attending this meeting is urged to do so. It will be held November 24 at the county court room at 2:30.

Mr. and Mrs. Fred Wolfington went to the Boys' Ranch rodeo Monday. They took pictures of Boot Hill remetery and many other pictures while there. They reported a good time and that the boys at the ranch had a good

show for the people.

Mr. and Mrs. Pat Robinson and family attended a birthday din-ner in Panhandle Sunday honoring Mrs. Bill Hammock.

Joe Watson reports that he thinks that he will have to leave for the armed forces about Oct. 20. He has already taken his physical and is awaiting instructions. He doesn't have any idea of where he will be sent.

Mr. and Mrs. Bill Martin of Canyon were among the visitors at the Jack Renfro sale Monday. The Martins are special friends of the R. N. Cooke family here.
Others attending the sale were Mr. and Mrs. Dick Fisher from

Mr. and Mrs. C. S. Barclay were guests in the home of Mr.

were guests in the home of Mr. and Mrs. Bill Simpson in the Jumbo community Sunday.

Mr. and Mrs. Johnnie Johnson and daughter Mary were weekend guests in the R. C. Childers home. Mrs. Johnson was a visitor in the C. S. Barclay home Monday. Johnson attended the Jack Renfro Dairy Sale with Mr. and Mrs. Childers Monday. They returned to their home at Pampa Monday afternoon. Johnson is a brother of Mrs. Childers.

Mrs. J. D. Clayton spent several days last week visiting in the home of her son-in-law and daughter, Mr. and Mrs. Curtis

### Jolly Teens Horizon Club Elects Officers

president of the Jolly Teens Horizon club at a recent meeting Lewis home the past week were held in the home of Mrs. Urlin Streu.

> · Chosen to serve with her were: Marian Jo Wilson, vicepresident; Nellie Jor Simpson, secretary, Cecelia Wilkins, treasurer; Nancy Patterson, historian; and Betty Culpepper, reporter. A committee was appointed to

because an estimate of the num- Stovall.

September 30.

Clearman said all interested where these steers have been in attending who want to notify grazing all summer will also be him must do so by this weekend.

Mr. and Mrs. Frank York of Lingo, N. M. visited in the home of her sister, Mrs. Mary Stoval, Those farmers and ranchers Sunday. Also visiting in the interested in attending the Field Stovall home was Mr. and Mrs. Day are asked to call Clearman Mrs. Payne is a niece of Mrs.

## Best way to get a move on

Ask any GMC owner about hauling performance.

For when it comes to packing home a pay load - he's got a lot of solid experience.

He knows what the right kind of horsepower can do for trucking profits. Whether he powers his load with a gasoline.pickup model - or requires one of the sensational new GM-Diesel "Million-Milers" - he's right in the driver's seat for performance unexcelled by any other carrier in its class.

But he's not just "riding an engine."

He'll tell you the way his GMC shoulders the load, year after year, is proof of perfect teamwork of axle, chassis and frame-truck-engineered to outlast anything on the roads today.

Want to profit by the same long-time benefits of GMC's truck-building experience? Let us recommend the right combination of hauling performance to fit your particular needs.

Your key to greater hauling profits PALO DURO SALES

### Not a Banana

(Continued from page 1)

tially the same information volunteered by other Korean vets, On the matter of cooperation,

Schroeter lauded the work of the forces, especially in the Air Forces, where the Navy, Air Force, and Marine Air Force have a joint operational control coordinating body. It's a new method and there will naturally be a few mistakes, he said:

One of the most pointed remarks of his entire interview on the Korean situation was the statement by Schroeter that "this is a real war, not a police action that can be consummated

in a hurry." "We tried to get it over with in a hurry before, but now the effort is organized and run like it should be done - on a long-

term basis," he observed. Delving further into the feelings of the men actually fighting the Communists, the captain explained, "Most of the officers over there are World War II veterans with families and they feel that somehow, we're not fighting a real war, just a 'half a war." They think we should either make a decision one way or another to go all-out or not at all.

He had high praise for the military leadership in the Pacific theater and in the Korean conflict. "Don't undersell Van Fleet," he cautioned, "He's very good. So is Ridgway."

On the enemy, Schröeter opin-ed that the Chinese were not as good on the battlefield as the Japanese. Contrary to events at the beginning of the war, lots of prisoners are being taken now. Especially during the last big push by the United Nations for-

The guerrilas are die-hards, "but whether or not they're Communists is open to question," Schroeter stated. "We have sympathetic guerrilas behind the North Korean lines, too."

In the opinion of the fighting men, the abortive peace talks in Kaesong were just a "stall for time" on the part of the Com-

They feel the Communists have used the time advantageously to build up their supply system and move in more Russian equipment.

Schroeter said the main problem with a Communist offensive potential is that the supply lines have broken down within about

"They lose their steam very quickly," the Marine officer told The Brand, "but during the peace talks they have had lots of time to build their logistical supply."

Tenor of feeling among the officers in Korea is that the war can go on for 10 years-or long-- under the present circumstances, because they believe that the real enemy is Russia.

American weapons are better in many respects than those of the Communist armies. American artillery is "vastly superior". Intelligence reports indicate that the Commies have about 1000 airplenes of all types, but that is not necessarily all they have.

"Talk about the primitive methods used by the Chinese," Schroeter said, "we could perhaps adopt some of their methods for transporting their equipment forward over rough terrain as in

America's best airplane for close support in the opinion of this Korean combat veteran is the Douglas Navy AD-1, a post-World War II aviation development. The ship carries a tremendous load and can stay at its station more than any other

American jets are coming into their own after a rough start in the Korean fighting, Schroeter said.

Making a sweeping observation on the Korean "real war", the returned combat veteran said, "If we want to confine the war, we can hold out indefinitely". Asked about the role of Japan

### Farmers Urged To Plant Quality Wheat Varieties By Specialist

producers are reminded that the wheat they plant this fall should be a variety that yields well and produces a quality product.

According to Ferd T. Dines extension wheat marketing specialist of Texas A. & M. college, the strongest wheat markt is for the high quality varieties which are suitable for flour production.

Dines points out that approximately 85 per cent of Texas produced wheat flour is used by commercial bakers and the quality, therefore, must be good.

The Texas Agricultural Experiment Station variety tests show that the better quality varieties are also among the highest yielding varieties. The varieties ecommended for the principal wheat areas of Texas are Comanche and Westar for ' highest yield and quality. Wichita and Triumph are earlier maturing varieties of satisfactory quality. Quanah, a new variety, of excellent quality is specifically recommended for the Rolling Plains, North and Central Texas areas. Quanah is not winter hardy enough for Panhandle conditions.

Comanche, says Dines, is more widely adapted than any other variety and is of the highest quality. It also does well under irrigation in the Panhandle and

South Plains areas. Seed wheat is scarce in some areas of the Rolling Plains, North and Central Texas but is ample and Central Texas but is ample FIRST FLIGHT: G. ## How

By Anng Ashley

Q. How can I test jelly most efficiently when making it?

As Jelly is done when a very little poured from a spoon forms a single large drop and breaks away quickly from the spoon. This is a more satisfactory way of testing than the common way of pouring Jelly on a cold plate and waiting to see whether it will "jell," because during the of waiting thejelly may

### Fire Monday at Potter Place

Damage estimated to be more than \$2000 occured on the old Potter place five miles south of Hereford on the Old Dimmitt road last Monday.

The fire, which started at about 10:30 p.m., was believed to have been caused by a light Mr. and Mrs. Henry Hastings switch on the back porch. The tenant on the farm, Mr.

Mr. and Mrs. Newt Gililland and son Jimmy of Dallas were in Hereford the past week to visit his parents, Mr. and Mrs. J. M. Gililland and other relatives. They were accompanied home by their daughter Jean who had

neath the fingernails and kills such odors as fish and onion.

#### Oil Stains

To remove oil stains from a rug dampen a cloth with gasoline and rub around the edge of the stain, working towards the middle. Change to a clean part of the rag as soon as one part is

Thick Ink If the ink in the bottle has become thick, add a little vinegar to it and it will be usable again.

Car Sickness If one is inclined to become sick on a car or train, this can be

prevented by beating the white of an egg stiff, adding the juice of one lemon, and one teaspoon sugar, and taking this before starting on the journey. It is usually an effective protection against that nauseating feeling. More Juice

When extracting juice from oranges or lemons, warm the fruit and roll briskly with the hand until soft. It will be surprising how much more juice will be obtained from the fruit. Cleaning Hands

Grease and grime may be removed from the hands by adding a little sugar to the soap lather.

#### Texas Land Prices Rose Average of 12 Per Cent in 1950

COLLEGE STATION - Texas farm and ranch land prices rose an average of 12 percent during 1950, according to a study made by the USDA and the Texas Agricultural Experiment station.

An average increase from \$44.44 per acre to \$49.95 was mists with the Bureau of Agri- 34 percent; and the North-cenagricultural economics and soci- occurred in seven other areas. ology with the experiment sta-,

transfers had increased by 20 has been noted in most areas of percent during 1950, and the acreage changing hands increas-

ed by more than 50 percent. A substantial decline in the average selling price occurred in the Panhandle wheat area, the Edwards Plateau and Central Basin, and the Northeast sandy lands, and a slight drop occurred in the High Plains and Trans-Pecos grazing area.

The largest increases occurred cultural Economics, and Joe R. tral grazing area, with 31 per-Motheral, associate professor of cent. Gains of 20 percent or more

The economists report that

found that the number of land "best" and the "poorest" land the state.

In a special study made of the 1950 land market in Jones, Ellis and Nacogdoches counties, South ern and Motheral found that farmers who owned other land were the chief buyers of land, as has been the case throughout the World War II and postwar peri-

The number of sales increased 60 percent in Ellis county over the 1949 level and acreage sold found in a survey made by John in the Grand Prairie, with 49 nearly doubled in Jones and H. Southern, agricultural econo- percent; the Rolling Plains, with Nacogdoches counties there was little difference in the number of sales and acreage sold during 1949 and 1950.

The average price of land in Jones county increased \$21 per since 1949, the begging of the acre over 1949, an increase of From studying 24 representa- rise in land prices, a narrowing about one-third. A slight drop in tive counties, the economists of the price spread between the the average price occurred in Nacogdoches county, while prices in Ellis county continued a steady increase that has been underway since 1942.
"Two factors dominating the 1950 land market in Texas were

threat of war and the proram administered by the Vet-rans Land Board," said the conomists. "Land prices were quick to respond to the influence of the sudden outbreak of hostilities in Korea, and they continued to climb for the second straight year."

Under the program administer-

Control of seed-borne stinking smut or bunt, scab seedling blight, seed decay and root rot can make a lot of difference in the stand and yield of wheat. In the photograph are shown the plants produced from both untreated seed and seed which was properly treated with seed disinfectant to control these

FOR

BETTER

CROP

The wheat seed in this test showed a laboratory germina-tion of 74%, but when 100 treated seeds and 100 untreated seeds were planted, the treated seed produced 86 plants and the untreated produced 32 plants.

The effectiveness of seed treatment in reducing losses to seed diseases has resulted in differences in yield of several bushels to the acre in some years. That's why the Texas-Oklahoma-Wheat Improvement Association and state extension services urge farmers to plant only cleaned and treated seed. For information on the locations of cleaning and treating plants, farmers are advised to contact their county agent.

### Field Bindweed Control Method Is Outlined

ough cultivation of uncropped land every two weeks to a depth of four or five inches throughout the bindweed growing season was the fastest and most reliable method of controlling field bindweed on a large scale in experiments conducted at Amarillo experiment station during 1949 and

R. D. Hamilton, formery as-

ed by the Veterans Land Board, approximately 4,000 farms were bought, and more than \$20 million were spent for land by the

The results of this study are given in Progress Report 1389, available from the Publications bindweed. Office, College Station, Texas.

sistant agronomist at the Amarillo station, reports that the stand of bindweed increased faster on uncropped land than it did on land cropped either to wheat or closerowed sorghum in the experiment. Sorghum in narrow rows materially retarded the growth of bindweed and prevented the setting of bindweed seed.

The stand of bindweed was materially reduced by applying one pound acid equivalent of the ester of 2, 4-D per acre at the bud to first bloom stage in the spring and summer and at the rosette stage in the fail. Better results were obtained with 2, 4-D under favorable fall conditions of high moisture and excellent growing weather than at other times of the year.

Hamilton suggests frequent cultivation supplemented by fall application of 2, 4-D in a wheatfallow rotation as a fairly rapid and economical method of controlling large scale infestations of

## Attend the Church of Your Choice This Week

"Come Unto Me, All Ye That Labor And Are Heavy Laden And I Will Give You Rest." That is an invitation; that is a promise. Rest for the toilers... what a boon that is! Some of us scarcely expected rest until we get to Heaven, but "Home We Go." It is the charm of Jesus that He gave to men in toil the surance and the fellowship that lifted the uncommon and the ordinary into the precious. In His company men found glory and great living. They toiled as did their fellows but found renewed strength for the task. The difference was not with the road but with the company. Your task may be heavy and your toil all too trying, but if you know where you are coming out... that makes a difference. You may be weary with the day-in and day-out responsibility, but if good company is added... that makes a difference.

God glorified work... we are workers together with God. To know that one's work really counts is to find new joy in the task. The men who toiled with the Carpenter of Nazareth, found their labor "was not in vain in the Lord." Now our nation declares a holiday in honor of our working men. May our acts, as we pause for rest, be honorable, may our respite be earned. As we turn our backs on our plow for a day may we find rest of soul, joy of heart and refreshment of spirit for tomorrow as "Home We Go."

## This Week's Calendar at Your Hereford Churches

### Assembly of God

Revial meeting begins at the Assembly of God church, Wednesday, Sept. 12, at 7:45 p.m. and will continue at least two weeks at the same time each evening. There will be no services on Saturday.

Evangelist will be Morris Lefkovitz, Christian-Jewish evangelist from Oklahoma City.

The Assembly of God church has the following regular meetings scheduled for Sunday, Sept. 9; Sunday school, 9:45; morning preaching, 11 o'clock; young peoples and junior children's church, 7 p.m.; evening worship, 8 o'clock; Wednesday prayer meeting and Bible study will be at 8 o'clock.

Thursday afternoon at 2:30 there will be a meeting of the Women's Missionary council.

#### Avenue Baptist

Revival services at the Avenue Baptist church are held at 10:15 a.m. and 8 p.m. Services are conducted by Rev. Jack Sisemore of the Line Avenue Baptist church in Amarillo.

Regular services for the Avenue Baptist church are: Sunday school, 9:45; morning worship, 11 o'clock; training union, 7 o'clock; evening worship, 8 o'clock.

Visitors are always welcome.

#### Christian Science

Christian Science service are held at 11 o'clock each Sunday morning in the Star Theatre. Visitors are welcomed to attend these services.

That the enduring substance of Spirit, God, far outweighs the seeming substantiality of matter is brought out in the Lesson-Sermon entitled "Substance" to be read in all Christian Science churches on Sunday, September 16. The everlasting quality of God's creation is seen in this citation from Psalms, "The works of the Lord are great, sought out of all them that have pleasure therein. The works of his hands are verity and judgment; all his commandments are sure. They stand fast for ever and ever, and are done in truth and uprightness."

Continuing in the same vein, Mary Baker Eddy writes, "The substance, Life, Intelligence, Truth, and Love, which constitute Deity, are reflected by His creation; and when we subordinate the false testimony of the corporeal senses to the facts of Science, we shall see this true likeness and reflection everywhere" (Science and Health with Key to the Scriptures, page 516).

The Golden Text, from Hosea, states, "Turn thou to thy God: keep mercy and judgment, and wait on thy God continually."

#### Church of Christ

The Church of Christ has the following regular meetings scheduled for this Sunday: Bible study 10 o'clock; morning worship, 11 o'clock; young peoples, 7:15; and evening worship, 8 o'clock.

Ladies Bible study will be on

Wednesday morning at 9:45; and prayer meeting will be at 8 p.m.

You are cordially invited to listen daily at 9:30 to the Church of Christ broadcast over station KPAN.

### Church of the Nazarene

Regular services for the Church of the Nazarene are: Sunday school, 10 o'clock; morning worship, 11 o'clock; evening worship, 8 o'clock; Wednesday night prayer service, 8 o'clock. Roy Bickford is pastor.

#### First Baptist

Sunday's schedule at the First Baptist church is: Sunday school 9:45; morning worship, 10:55; training union, 7:15; and evening worship, 8:30.

Wednesday evening at 8:30 there will be a prayer service followed by choir practice at 9:15.

#### First Christian

Regular services for the First Christian church for this week are: Sunday school, 9:45; worship service, 10:55 and 7:30. Youth groups will meet at 6:30.

Other meetings which are scheduled are: Young Matrons group, 8 o'clock, Monday, Sept. 17, in the home of Mrs. Walter London, Jr. On Wednesday the Christian Womens Fellowship groups will meet at 3 p.m. Group 1 will meet with Mrs. Sid Barclay and group 2 will meet with Mrs. Roy V. Smith.

#### First Methodist

Rev. Don R. Davidson, pastor of the First Methodist church, concluded a series of revival services at Hale Center Wednesday night Sept. 12. He will be in his pulpit at both worship hours Sunday.

Sunday.

On Sept. 19 the Dorcas circle will meet in Ward Hall at 9:30 a.m. The Carrie Black and the Emma Wheller Hawkins circle will meet together at 3:00 p.m. in Ward hall. Mrs. Carl Perrin will direct the study, "Churches for Our Country's Needs", at both the morning and afternoon meetings. All Methodist women are urged to participate in this vital

study.

Rehearsals for the senior choir are held each Thursday evening at 8:00. New members are invited. The junior choir will con-

tinue to furnish the music for the Sunday evening services.

Other regularly scheduled services are: The Wednesday evening prayer and Bible study in Ward hall at 7:30; The Korean Prayer band at 3:30 Sunday afternoon in the Sanctuary; The Senior and Intermediate MYF groups at 6:30 p.m. Sunday.

#### First Presbyterian

Regular services for the First Presbyterian church are: Sunday school, 9:45; morning worship, 11 o'clock; evening services, 7:30.

#### Immanuel Lutheran

Two services will be held at Immanuel Lutheran church Sunday in observance of the annual Mission Festival. The Rev. J. A. Birnbaum, pastor of St. Paul's Lutheran Church of Vernon, Texas will deliver the messages at both the 11:00 A. M. service and again in the afternoon service which begins at 3:30 P. M. The offerings for the day will be devoted entirely to the world mission program of the Lutheran Church-Missouri Synod.

Both noon and evening meals will be served to the congregation and its guests in the church basement. The public is invited to attend.

Listen to the church's weekly radio program, the Saturday morning devotion over KPAN at 8:45 A. M. The Lutheran Hour is heard on Sunday evening at 6:00 P. M.

Yesterday the ladies of the congregation held a household shower for the Elmer Wheeler family, whose home and possessions were destroyed by fire.

Each Saturday morning the

Each Saturday morning the pastor conducts a class in religious instruction for young people in the church office. The class begins at 9:00 A. M.

A former member of the mission board of the Texas District of the Lutheran Church-Missouri Synod, The Rev. J. A. Birnbaum of Vernon, will be the guest speaker at the Mission Festival to be celebrated at Immanuel Lutheran church Sunday, Sept. 16. Speaking on the text, Acts 16:30-31, Rev. Birnbaum will address the congregation on the question, "What must I do to be saved?" in the morning service at 11:00 A. M.

In the afternoon Pastor Birnbaum will speak on the theme, "Be witnesses for Christ". This service begins at 3:30 P. M.

All the offerings are for home and foreign missions supported by the Lutheran Church-Missouri Synod. It is used to help establish and support new congregations in Texas, and to send missionaries to new fields in Japan,

#### For Best Results Fertilize, Innoculate Winter Legumes

COLLEGE STATION - Legumes can literally become nitrogen factories if they are properly inoculated. The inoculation must either be done by the planter or else the legumes must be planted on land where nitrogen-fixing bacteria of the type needed are present, says W. B. Coke, an extension agronomist of Texas A. & M. college.

· To be on the safe side, he recommends the use of the commercially available cultures. The label on the inoculant container pounds per acre of 0-14-7, 0-12-12 lists the legumes on which the culture is effective.

Here's why inoculation is so important. Above every acre of land surface there is about 35,-000 tons of free nitrogen. In this state it totally useless to plants but nature has given certain plants the power to take this nitrogen from the air and put it into the soil. These plants are the legumes and they get their power from the nodules formed on their roots by the nitrogen fixing bacteria. The plant furnishes the necessary energy for the bacteria and the bacteria use this energy to fix the free nitrogen from the
