Evangelists for the meeting are Sam Choy and Phil Carpenter. Songleader is Milford Grisham, son of Mr. and Mrs. A. G. Grisham of Hereford and pianist is Rose Stephens, daughter of Mr. and Mrs. Moody Stephan of Hereford.

The meetings are being held at 7 a. m. and 8 p. m. each day.

Home from Korea

Cpl. Eugene (Bob) Renfro, brother of Chris and John Renfro of Hereford, has returned from 18-months in Korea.

Renfro arrived in Hereford on Friday for a two-weeks visit with his brothers. Prior to coming to Hereford he visited with Mrs. Alton Johnson and Mrs. Olie McMinn in Abilene.

Surviving besides his wife are six sons: Lloyd, stationed in Germany with the U. S. Army; Floyd of Friona; Steve, a student at West Texas State college; and Ralph Roy and Johnny at home; three daughters — Mrs. Leonard Larson, Denver, Colo.; Mrs. LeRoy Carter, Amarillo; and Nancy, at home.

Other survivors include his mother, Mrs. J. N. Messenger, of Friona; and two sisters — Mrs. Mae Abbot, Bullhead, Texas, and Mrs. Estes Houliett, Clevis.

Sites For Precinct Conventions Set

Politics in Deaf Smith county is beginning to gather steam as both the Democratic and Republican organizations start planning for their precinct conventions to be held Saturday, May 3.

This year will be the first time in the memory of many that the Republican organization in the county has held precinct conventions to pick delegates for the county convention.

Both parties are urging full attendance at their precinct conventions. The only requirements — under 1952 Texas election law — for attendance at EITHER convention is that you be a qualified voter.

Each party will be allowed one precinct delegate for each 25 votes cast in the preceding general election. Each party will be allowed one county delegate to the state convention for each 300 votes cast for governor in the previous general election.

The Democratic county convention will be held Tuesday, May 6 at 4 p. m. in the county courtroom, according to C. C. Acker, chairman of the county executive committee.

Glen Weir, Republican party chairman for the county, said his organization would hold its county convention on Tuesday, May 6 at 3 p. m. in the county courthouse.

Designations for Democratic precinct convention sites, times and dates as posted by Acker in the county courthouse, are:

- PRECINCT 1 — District court room, county courthouse, 3 p. m. S. H. Slagle, chairman.
PRECINCT 2 — County court room, 4 p. m. T. W. Alderson, chairman.

Local Herds In Top Ratings Of Randall DHIA

The Holstein dairy herd of W. H. and W. T. Johnson of Deaf Smith county was the third highest-producing herd in the Randall county Dairy Herd Improvement Association, according to H. L. Hershey, supervisor.

Three cows from local herds—Holsteins belonging to the Johnsons, and two to Denzil Pullium—were among the top 10 in the association in milk production.

Three Holsteins—belonging to Johnson, Pullium and Herbert Boardman—were among the top

10 in butterfat production. Deaf Smith county herd owners with cows in various butter-milk production classes for the month of February were:

- 60 lb. to 70 lb. Herbert Boardman, Denzil Pullium.
- 50 lb. to 60 lb. Bob Kerschen (2), Geo. Heard (2), Herbert Boardman (5), W. H. and W. T. Johnson (2), H. Kriegshauser, Denzil Pullium.
- 40 lb. to 50 lb. Bob Kerschen (9), W. H. and W. T. Johnson (2), Geo. Heard (7), Herbert Boardman (5), H. Kriegshauser (5), Denzil Pullium (7).

Plans Complete For 14th Annual REA Meeting

T. E. Seigler Jr., president of the board of directors of the Deaf Smith county Electric Cooperative, said today that plans are complete for the 14th annual meeting and barbecue to be held by members of the cooperative at Hereford on April 30.

The business meeting, which is scheduled to begin at 1:30 p. m. in the Bull barn, will be preceded by an old-fashioned barbecue to be served in the Nor-

THE TEXAS ROSE INDUSTRY

California may have the Rose Parade, the Rose Bowl and all the fanfare. But Texas is the leading rose-producing state in the nation.

Texas producers are shipping up to 20,000,000 rose plants a year -- or two-thirds of all roses used in outdoor planting in America. The rose is a field crop, and growers set out ten acres of roses like other farmers plant corn or cotton. In fact, some rose growers also plant other crops, and one of the leading East Texas growers takes pride in his .8 bale-per-acre cotton yield.

During the blooming season one can see some 15,000,000 rose plants flowering 2,000,000-odd roses -- which go to waste as they fade and die and drop off the bush, for it is the plant, not the bloom, that is marketed. Shipments average 200 to 300 cars annually to big cities in the East and Midwest. Up to 14,000,000 plants move in refrigerated cars; the remainder go by parcel post and truck.

Texas producers take as much pride in the development of fine rose stock as our cattle breeders take in their Hereford Whitefaces. Growers are known to have paid as much as 10,000 for a single parent plant.

ton building across the street from the Bull barn.

Seven directors are to be elected at this meeting. Two to serve for a one year term, two for a two year term and three for a three year term.

In order to assure democratic representation, the by-laws were changed to provide that not more than three nor less than two directors shall be elected from any one county.

One feature to be tried at this meeting will be a question and answer session. As each member registers he or she will be given a blank sheet of paper on which to write any questions he may want answered. These questions will be collected and answered from the speakers' stand.

The Hereford high school glee club under the direction of Don Moore, will furnish entertainment.

A good many door prizes have been donated by electrical dealers and local merchants to be drawn for at the close of the meeting.

They grow many varieties developed by cross-pollination by breeders in other parts of the country and Europe. But they also develop their own varieties from "sports" which occur when a plant suddenly develops characteristics unlike those of its parent. One sport may never develop into anything worthwhile. Another may become a valuable new patented variety from which a grower can collect thousands of dollars annually in royalties.

Until recent years, Texas growers shipped their plants to distributors out of the state, but they are now beginning to do some of their own distributing, going in for fancy root packing for department stores. The plant is displayed in colorful moisture-proof packages, and the roots are packed in sphagnum moss--which conserves moisture up to six weeks the sales counter.

Growers now store large quantities and allows the plant to continue growing and even to bloom on ties of bushes for late shipment to retail trade. Cold storage facilities can handle 2,000,000 bushes

In marketing rose plants, much depends on the pull of the name. A few of the most popular varieties grown in Texas are Radiance, Peace, Talisman, Briarcliff, Gay Lady, Big Daddy, Festival, Summer Snow, Texas Centennial and General MacArthur -- an old variety named for Douglas' father. (Para) One of the best-sellers is an old variety which has no place among the newer and finer plants. The secret of its popularity in in the name: "American Beauty."

Rainfall Total Since Thursday In Community Is Four Inches

By Mrs. R. C. Childers

With the ample amount of moisture received already this month, flowers as well as crops and gardens have been greatly benefited. Gardens will spring forth and in a few weeks fresh vegetables will be appearing on tables throughout the community.

An inch and one-half of moisture fell Saturday night and on Sunday and Monday afternoon another half inch with some hail fell about 3 p. m., making a total of four inches since the first rain on Thursday of last week. The rain Sunday fell slow and every bit of it soaked in. The wheat is already looking better everywhere. There is still hopes for a wheat crop this year.

Mrs. Dora Inman of Amarillo, formerly of this community, and of Hereford, spent the Easter holidays in the homes of her children in Hereford and in this community. She has two sons living in this community. They are Woodrow and Fred Inman. Mr. and Mrs. Scott are now living in Mrs. Inman's house which is north on Highway 51 about a mile out of the city limits.

Mrs. Raymond Higginbotham and children, Landis and Ann, spent the Easter holidays with her parents, Mr. and Mrs. Ned Hogan in Spur, Texas. She returned home Monday. Mrs. Hogan came home with her to spend the remainder of the week. Mr.

Hogan and son Pat came this week end to get Mrs. Hogan and spend this week end in the Higginbotham home. They left Monday for their home at Spur.

Mr. Higginbotham, Mr. Hogan and Landis were callers in the R. C. Childers home Sunday.

A shower for Mrs. Don Zeller, the former Glenda Hargett, was held in the A. C. Hershey home Friday afternoon. Other hostesses were Mrs. Joe Pitts and Mrs. R. C. Childers.

Mr. and Mrs. Wayne Johnson left Saturday morning for Possum Kingdom where they plan to spend a week fishing and just vacationing.

Sunday guests in the R. C. Childers home were Johnnie Johnson, Hubert Keahea, and Joe Wheeley of the Bell community near Pampa. Johnson is a brother of Mrs. Childers.

Hal Inman of Plainview was a guest in the R. C. Childers home Friday. Inman had come to Hereford to pick up a pump. He is in the irrigation cleanout business there.

Bill Block who was seriously burned in a gasoline explosion in Plainview several weeks ago,

is reported to be improving very slowly. His burns were so severe that it will take months before much progress can be seen. Block is a brother of B. F. and Ivan Block of Hereford, and a cousin of Mrs. R. C. Childers.

The Workers 4-H club met in the M. G. Caywood home last Wednesday. This was a called meeting in which Mrs. Argen Draper gave the girls last minute instructions on their dresses they are to wear in the dress revue which is to be held Saturday at the Veterans Memorial park.

Dinner guests in the Leona Packard home Sunday were her sister, Mrs. L. N. Blevins, Mr. and Mrs. Wes Caraway and daughter and Mrs. Bennie Gunn of Lubbock. Mrs. Packard's mother, Mrs. C. J. Troxwell, Dorothy and Paul, Mr. and Mrs. R. E. Greathouse and family, Mr. and Mrs. Charles Packard and family all of Hereford and Mr. and Mrs. Ralph Packard and daughters of Spring Lake.

Mr. and Mrs. Jimmie Ray Banks and daughter visited relatives in Spring Lake Sunday. Jimmy Ray plays baseball with the Spring Lake nine.

Mr. and Mrs. Jack Payne made a business trip to Elida, N. M. Saturday.

Rainfall Measures 1½ Inches In Slow Drizzle On Sunday

By Mrs. Owen Andrews

Approximately an inch and a half of rain fell in this community from Thursday through Monday. Much of the cotton land had already been irrigated, but the rain was greatly needed. A slow drizzling rain fell all Sunday morning. Roads were slick and a few people attended Sunday school. Only 22 persons attended services Sunday night.

Miss Glenna Hunt of Los Angeles spent Saturday night and Sunday with Frances and Veradelle Andrews. Miss Hunt was with her parents, Mr. and Mrs. David Hunt and uncle, George Hunt, to attend the funeral Monday of last week of their father and grandfather, Oscar Hunt. They remained last week to be with Mrs. Oscar Hunt, who underwent surgery at the Canyon hospital on Tuesday. She is improving satisfactorily the first of the week but was expected to remain in the hospital several days. Mrs. Hunt's brother, Dr. Reitz of Kansas City, and her father, George H. Reitz were also with her at the time of her operation. The David Hunts and George Hunt were to return home on Monday.

Frances Andrews spent Sunday night with Glenna Hunt at the Hereford home of Glenna's grandmother, Mrs. Oscar Hunt.

Mr. and Mrs. T. L. Sparkman Sr. spent from Wednesday thru Sunday on a trip to visit Mrs. Sparkman's sister, Mrs. R. A. Gilliam and Mr. Gilliam at Menard, Texas. They, accompanied by the Gilliams, also visited other places of interest. Among them were the Alamo, at San Antonio and a Uvalde county drive. They report rain over much of their trip. However, the South Plains section looked desolate from drifted sand and drouth stricken pasture land. The fields are so badly eroded that it looks almost an impossible job to imagine them over level enough around Lubbock and on to Seminole to farm again. Light rains, totaling about half an inch fell in the Menard area, which is also near Junction. Trees and grass have not greened up much there due to drouth conditions, but the rains

as always brought new hope to the people there.

Rev. W. C. Wilson is holding a revival at Summerfield this week. The W. H. Andrews family and Mr. and Mrs. D. Johnson, Doyle Johnson and Larry Dobbs attended services, there Sunday night.

It is reported that Lee Dowdy who has been seriously ill in the Tullia hospital has been taken to his home at Washington, Okla.

The young people had choir practice and played volley ball at Frio on Friday night. Present were George Zetche, Harold Deiter, Clark Andrews, James Dobbs, Clark Dobbs, Glenn Andrews, Dan McLellan, Leonard Schmidt, Mr. and Mrs. Lester Irwin, Misses Velma Irwin, Glenda Robbins, Veradelle Andrews, Nora Jo McLellan. Also present were Rev. and Mrs. W. O. Wilson and Mrs. H. D. Robbins.

Attending the eighth grade banquet at Hereford in the Shirley School gymnasium on Friday night were Genelle Benson, and Frances Andrews. Genelle spent the night with Sammy Lu McLellan, and Frances stayed with Marlene Gilliland both in Hereford.

Mr. and Mrs. H. E. Lindley, accompanied Mr. and Mrs. Jack Shirley and children to Boys Ranch Sunday for the "Queen for a Day" festivities there. They report a good time and that they enjoyed the morning church service and program in the afternoon, honoring Mrs. Bertil Norman, "Queen for a Day," and wife of a Presbyterian minister from Hollywood, Calif. Rev. Norman conducted the morning services.

Judgment Returned In Staats Case

District Judge Harry Schultz adjudged a settlement of \$750 plus interest at 6 per cent from November 15, 1949, in the O. T. Staats et al vs. H. E. Miller suit tried in district court on April 7.

The judge found that upon the verdict of the jury, the plaintiff is entitled to receive \$1000 for the cotton picker involved less \$200 owed by Staats and Woolbright less a commission of \$50 for sale of the machine.

cent tailoring course will model their dresses, suits or coats. In addition to the revue there will be slides on tailoring.

The Hereford Kiwanis club will hold a second anniversary party tonight at Hotel Jim Hill.

Bill Phillips, district commissioner for the Boy Scouts, will fly to Waco Friday for the two-day annual meeting of Region Nine, Boy Scouts of America. The region consists of the states of Texas, Oklahoma and New Mexico. Included on the agenda of the meeting will be training sessions, business sessions and election of region officials. This is the first time a local representative had attended one of the region meetings.

Hereford had an official 1.02 inches of moisture since Sunday, according to the rain gauge at city hall.

There will only be six teams in the Hereford Softball league for the summer. The Magnolia Petroleum company's geophysical crew is leaving Hereford next week and the Southern Geophysical crew didn't enter a team.

Juvenile Cases Probed By Reese

Two different groups of juveniles were at odds with the law this week as the result of a series of petty thefts during the past few months.

At a juvenile hearing held Monday, a 16-year-old boy admitted that he had committed several minor offenses during the past few months, among them a break-in during January where he took three pistols from a home. The boy was paroled to his parents following the hearing.

Other boys are involved, Reese said, but no decision on the degree of guilt has been arrived at.

One of the boys, not a juvenile, is expected to be charged in county court later in the week, the sheriff said.

Authorities sought to question other youths regarding four car burglaries during the past week. Three of the autos were parked at the First Baptist church and one at the Avenue Baptist church. Among the loot was a ladies gray three-quarter length coat, a gabardine raincoat, two blankets and two cameras.

Some of the boys were questioned Tuesday morning and another series of minor thefts were uncovered through this questioning.

Three youths, aged 14, 15 and 16, admitted to county officials that they stole several batteries and "lots of gas and oil." The thefts ranged from the present time to several months ago. Most of the thefts occurred on farms, Reese said.

One of the boys will be charged as a juvenile delinquent and hearing for him will be held Monday. The other two boys were to be given a juvenile hearing Wednesday afternoon.

Reese laid the blame for these petty thefts on parents who allowed their sons to have "old jalopies" and not give them sufficient funds to operate them. That was the main reason so many of the youths were involved in this type of theft, Reese opined.

Friona Announces Summer Water Rates

FRIONA — New city water rates will be put into effect for the summer months, the city commissioners agreed in a meeting Friday evening.

The new rate will begin in May and continue until October. New rates will be: 15,000 through 30,000 gallons, 15c; 30,000 gallons through 50,000 gallons, 10c; and over 50,000 will be \$5.

Among those attending the 29th session of the 8th District P-TA in Canyon Tuesday and Wednesday were: Mrs. Elmer Patterson, vice-president; Mr. and Mrs. Robert Thompson, Mr. and Mrs. George Graham, Mrs. Bob Wilson, Mrs. J. C. Reese, and Mrs. Homer Brunley.

HOME OWNERS' QUESTION BOX

Q—What is the best finish for hardwood veneer furniture?
A—No single finish is best for every species of wood and for all kinds of furniture pieces. If there is a rule to follow it is that a natural-looking finish is always desirable. The only reasons for finishing furniture are to enhance the natural beauty of the wood and to protect it from dirt, grease, liquid stains, and heat. Thick or extra shiny finishes should be avoided.

Q—What preparation is necessary before repainting hot-water cast-iron radiators?
A—First, remove loose particles of rust, paint and dust by rubbing vigorously with a wire brush. Then wash with turpentine to remove all traces of oil and grease. Any oil paint or enamel can be used for the new finish, but flat wall paint usually is more resistant to blistering and peeling than other finishes.

Q—Is it necessary to provide a base for a concrete walk?
A—If there is good natural drainage and the soil is loose enough for the water to sink, the concrete can be poured directly on the earth. There should be a six-inch foundation of clear gravel or cinders where drainage is poor and water is likely to collect under the walk.

Count the number of Internationals you see next time you're on the highway.

Why? Because you'll learn this very simple truth: professionals in the hauling business use more heavy-duty Internationals than any other make truck.

The reason they do is that Internationals give them lower operating and maintenance costs, longer truck life. Why not come in and let us show you how we can give you these truck values on your job?

Only Internationals give you—

- All-truck engines—built in the world's largest truck engine plant.
- The "roomiest, most comfortable cab on the road"—the Comfo-Vision Cab.
- Super-steering system—more positive control, easier handling and 37° turning angle.
- The same traditional truck toughness that has kept Internationals first in heavy-duty truck sales for 20 straight years.
- The truck engineered for your job... 115 basic models, from 1/2-ton to 90,000 lbs. GVW ratings.
- Largest exclusive truck service organization.

By JIMMIE GILLENTE

Things are looking up. The rains have been good over the entire area, although spotted at various times. Saw Jay Boston the other day and even he was optimistic. "These rains are wonderful," says Jay, but he had to add, "I don't see why they couldn't have come a couple of months earlier."

Carl McCaslin is back after a jaunt to Minnesota and then to Florida. Carl says he wouldn't give all of Florida for the country between Lamesa and Hereford. He says the folks in Florida sincerely think they are raising beef cattle — but none of the cattle will measure more than eight inches across the rump. He says the people down in that country will tell you what a great beef coun-

try it is, but the restaurants charge a little more for Northern steaks and happy is the housewife who can serve a Chicago roast. Carl is also trying to take credit for the rains. He says everywhere he went the rain has poured down — even since he got back home.

Understand the specialists advised him to work two hours a day as a maximum. What I can't figure is how in the world they are going to keep him on the job that long. Seriously, though, he seemed mighty happy to be back in Panhandle soil.

Meanwhile, the fishing fever is spreading. Bartlett Dowell jumped me out about the laurels I have been throwing Clarence

Schults. Bartlett says he thinks that H. E. "Slim" Wester is the undisputed champion of this area. He says the only trouble with Slim is that he doesn't know when to quit pulling them out. Even John Pitman has been snagging crapple. Saw him buying hamburgers the other day and he said he was taking them out to some fishermen at the lake. He also said they were catching some fish, but when I asked what they wanted with hamburgers if they had so many fish, he refused to answer.

M. C. Littlejohn is another big time fisherman. He says an angler is entitled to double the size of any fish caught: if the fish actually measures 12 inches, Mr. Littlejohn says it's alright to say he was 24 inches long — but to say 25 would be a lie. Maybe he has something. Maybe he has, at that.

Cecil Massey was just in and he says he believes folks can quit fuming about the Spanish American barber shop situation. Cecil went down to Stamford and found a licensed barber who is definitely interested in moving out here. The barber also has a brother-in-law who may start a cafe. It all sounds good. Very good; except, maybe, the brother-in-law business. That barber had

sure better watch his stuff. Anyway, these boys are interested in locating here and they are coming out to check over the situation. Maybe they will rent one of the vacant buildings in the first block on Main Street. I've been telling you Cecil was on the ball. He sure is, and he deserves our support and cooperation. If you get a chance tell him "Hello." These Masseys are really fine folks.

The experts seem to be confused about the 1952 wheat crop. Some say wheat mosaic, others say freeze and mites. Meanwhile, the average fellow can't figure out anything. The real truth is just what it has always been: you have to lose a wheat crop at least four times before you harvest it. It never fails. It has been so long since this country made any wheat that folks have just forgotten about the hazards. Despite College Station and the insurance experts, I still figure this country will make some wheat in 1952. I started this prediction back in December and January — and even if I wanted to, I couldn't change now. Furthermore, I don't know a thing about wheat. I admit it, and that's more than these experts will admit. My prediction is strictly a hunch. I am still betting on a good year in '52. Wait and see.

Wait and see.

John Estes is complaining because I exposed Streu. John does the Howard Gault "Grass Roots" column every Sunday — and he figures Streu got a raw deal. Actually, John is another College Station expert. If he will throw those text books out the window and start planting by the moon, he will maybe have something. I don't care what you are planting, that's one way to get top-notch results. John has a really good deal on this permanent pasture program, but he needs to use the almanac a little bit more. I know a lot of people think this is strictly old fogie, but I also know a lot of folks who get wonderful results. Practically all of the farmers who planted by the moon down through the years have money in the bank. How about it, John? Let's try some moon planting on one of these permanent pasture tracts and keep comparative records of the results?

Here's some fan mail:

Dear Sir:

In a short time your paper has been lessened to nothing but ads. It used to be very good. Why not have more articles about lo-

cal people and more pictures? Thanks:

Mrs. Ratter

Thank you, Mrs. Ratter. Although the name sounds like a frame-up, we do appreciate constructive criticism. However, there's a lot of news in those ads, you will have to admit. Big savings, too. Shopping the grocery ads just one week can more than pay for a subscription all 12 months, which leaves you 51 weeks of free riding. The Thursday Brand, a sack of Duke's Mixture or Bull Durham are about the only three things you can buy at pre-war prices. They still cost a nickel and, according to some folks, the price is pretty high at that.

Judas, the traitorous, perfidious, faithless Apostle who, under the semblance of friendship, betrayed Christ. How many good, sound, fair appearing persons do you have on your friendship list who are not friends at all but are worthless, deceptive characters... not to be trusted. How many Judases do you know?

What a chance this man had for greatness! What an opportunity for service to a world in urgent need! One of twelve to walk with the Son of God along life's pathway! What would we not give for his opportunity to do and to be! But Judas "blacked out." He failed and wrote his own name in "DEEP BLACK" across the pages of history for all time. He preferred thirty pieces of silver to the fellowship and blessing of Jesus; he failed to appreciate beauty and goodness and gracious companionship with the highest. His "sights" were low... his interests selfish.

Other men counted it an honor to carry a cross for the Master; JUDAS sent Him to Calvary to die in shameful agony. JUDAS might have followed Christ to the end and shared a martyr's death, but he preferred a disgraceful grave in the field of the nameless or shameless dead.

We have but one life to live, and that one life is too precious to be wasted. "What shall it profit a man to gain the whole world and lose his life?" What is it to lose? What is it to gain? Jesus was thought to have lost, but in that self-sacrifice He saved a world of dying men. This man Judas gloated over his gain, but generations have wept for him as a lost soul. Are you and I really winning, or are we losing? Truly we have but one life to give... shall we not write it credibly on the pages of history for ourselves and for humanity? Shall we not hold it high for the service of men and for the worship of God? Attend your church; be faithful. Don't be a JUDAS.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

Garden Beautiful Club Sponsors Bird Program

"Conservation Day" was observed Friday by the Hereford Garden club in a program presented in the Conkright building of the First Baptist church. Miss Sarah Thompson of the extension department of West Texas State college, was guest speaker choosing "The Story of Bird Life and its Preservation in the Panhandle" as her subject. Special guests were members of the science class of Hereford High School and Blue Bird Groups of Camp Fire.

Miss Thompson told of 100 different kinds of birds that visit here and said that Texas has 546 native birds. She said nine different birds winter in this area, including the sparrow which was brought to the United States in 1850. Length of nights and food supply determine migration rather than temperature.

She showed two films, "Birds in Winter," and "Five Colorful Birds in Your Back Yard."

Before viewing approximately two dozen stuffed birds, Miss Thompson told the children in the audience, "If you see a woodpecker digging into a tree, you may know it is taking something out that will harm the tree." Records of songs of birds were played while the children viewed

the stuffed birds.

Attending the program were: Mrs. Roy Calvert and 23 members of her science class, Mrs. Jimmie Gillentine and her group of Blossom Bluebirds, Mrs. Louis Woodford and her Jolly Blue Birds, and members of the club and other guests including: Mesdames O. G. Hill Sr., Ralph McClullough, Ed Warren, Steve Williams, and Gladys Lee and Ella Marie Williams, Camp Fire Girls, A. L. Manjeet, E. E. Fridley, O. H. Herring, W. S. Fluitt, E. W. Young, F. H. Oberthier, Frances Houston, Jeff Gilbreath, C. C. Ferguson, Joe Evans, Homer Fox, J. P. Slaton, Jeff Roberson, T. W. Roberson, Sandford Smith, Dale Kelly, E. Ramey, Jack Roberson, J. B. Brown and Paula, M. T. Rutter, and Clea Kay, and M. J. Clayton.

Name Delegates

FRIONA — The Congregational church at its business meeting following last Sunday's worship service named Mr. and Mrs. Carl C. Maurer as its official delegates to the Central South Conference at Dallas. Clyde Goodwine, lay moderator of the church presided.

Organ Recital

FRIONA — The next church family affair of the Congregational church is scheduled for May 4. It will take the form of a tea following the conclusion of the organ recital which be-

Mrs. J. C. Daly, mother of Mrs. Gladys Medkief, returned home from the Northwest Texas hospital in Amarillo last week. She has been in the Amarillo hospital for about 5½ months, since she fell and broke her hip last fall.

Mr. and Mrs. Blue Turpin visited in Friona Sunday.

gins at 5 p. m. The public in general is invited to the recital. It is to be played on a Baldwin Electronic Organ by Walter M. Renecker.

Two Local Girls With H-SU Choir On Miami Trip

Two Hereford girls — Reba Dones and Jane Welch — will be appearing in concert with the Hardin-Simmons a capella choir when it takes a 3,000-mile trip to Miami, Fla. May 10-23 to sing for the Southern Baptist convention.

Miss Dones, daughter of Mr.

and Mrs. Charles Dones, is a sophomore piano major at the university. She is a member of the campus musical society, Beta Mu Kappa. Upon graduation from college a career in religious music is being planned by Miss Dones.

Miss Welch is the daughter of Mr. and Mrs. Fred Welch. She is a junior Home Economics major. While in college she has studied piano, organ and voice.

The Hardin-Simmons a capella choir is slated to present 16 concerts in five states on its 3,000-mile trip to the Southern Baptist convention in Miami, Fla.

The trip will mark the third appearance of the choir at the convention in four years. Previously, they presented concerts at Chicago and Oklahoma City.

Special appearances are scheduled in Beaumont, Huntsville and Bryan, Tex.; Baton Rouge, Ruston and Shreveport, La.; Dothan and Mobile, Ala.; Laurel, Miss., and Tallahassee, Ocala, Miami, Daytona Beach and Jacksonville, Fla.

The choir, in addition to its concerts to and from Miami, will sing on two different occasions at the Southern Baptist Convention.

They are slated to sing for services Saturday, May 17, at which evangelist Billy Graham will speak.

The H-SU choral group, probably the most widely-travelled undergraduate choir in the nation, devotes itself largely to sacred and generally majestic scores.

Euell Porter, director of the organization for five years, has extensive experience in choir directing.

Paul Harvey was in El Paso this week end taking a degree in the Masonic lodge.

Game Commission, Ranchers Join Fight To Save Bobwhite Quail

The Texas Game and Fish Commission and farmers and ranchers are working together in a project designed to help the bobwhite quail in its fight for survival.

This popular game bird has decreased in numbers because of depletion of food and protective cover on extensively cultivated farms and heavily grazed ranges.

One method which is being used to help restore these vital needs is explained by the Commission's Director of Wildlife Restoration.

The Game and Fish Commission's nursery produced 392,000 plants at a cost of \$3.53 per thousand. The purchase of 200,000 more by the commission at a cost of \$8 per thousand still failed to meet the demand.

However, the nursery was able to increase production from 129,000 plants during the 1950-51 season to 392,000 this year, and there are hopes for further increases next fall.

Persons receiving plants must agree to plant them properly, to fence them against livestock, and to cultivate them.

"Proper game management is never an easy job," the Director of Wildlife Restoration points out. "However, the demand for bicolor lespedeza seems to indicate that there are many Texans willing to work hard in order to keep the bobwhite in our state."

Official of letters for freshmen basketballers is expected in the near future, Coach Dalton Criswell said this week.

Those eligible for the award are: Jamie Albert, Francis Boyd, Jackie Burdett, Darrell Dawson, Buddy Godfrey, Homer Hershey, Keith Hodges, Hugh Bob Tilson, Tunny Wilson and Lynn Bybee.

Team Tourney At Golf Course On Sunday

The first special event for the year at the Hereford Golf course will be held Sunday, according to Dr. John Channer.

On Sunday, a team tournament match will be held with Urlin Streu and Frank Cogdell serving as team captains. Nine or 18 holes may be played. Those wishing to play must be at the club by 1 p.m.

An entry fee of \$2 will be charged with the winning team members receiving their entry fee back and the losers buying the supper — a picnic lunch.

The squad has had two workouts to date and more vigorous sessions are scheduled when workouts are resumed. Coach Dalton Criswell hopes to have either an intra-squad game or a scrimmage session with the senior gridders sometime next week.

Herd Coaches To Texas Tech School Friday

Hereford's three coaches—Dalton Criswell, Wayne Stark and Medford Hammon—will attend the two-day football coaching clinic at Texas Tech in Lubbock on Friday and Saturday.

The annual intra-squad football game will be held as a climax to the meeting.

Team Tourney At Golf Course On Sunday

The bulk of the experience on the 1952 Whiteface squad will be in the line where the aforementioned Janssen is the only casualty.

"It looks like nine or 10 boys have a chance to develop into good backs," the Herd mentor commented when running down the roster of players.

Members of the squad out for the spring sessions are:

JUNIORS
Franklin Boyd, Bill Bookout,

Tim Corbett, Raymond Dement, Gene Dickson, Buryl Fish, Herman Hund, Terry Kirby, Ray London, Pat McCullough, Bill Rose, Kit Sanders, Richard Tucker, Gene White, Marshall Wilson and Dale Winget.

SOPHOMORES

Other topics to be discussed in the program will be:

Split T Line Play by Coach Wade Walker; Split T End Play by Coach Bobby Goad; Split T Offensive Backfield Play by Coach Jack Mitchell; Pass Offense and Pass Defense, by Coach Babe Wood; Defensive Line Play by Coach Wyatt Posey; and Scouting by Coach Polk Robinson.

A barbeque will be held at Jones stadium at 6:30 p. m. Friday followed by a Red Raider round-up and the intra-squad game at 8 p. m.

On Saturday morning, the game of the previous night will be discussed and movies of last year's games will be shown. In the afternoon, players will be on the field to demonstrate all phases of the Split-T offense.

In 1940, on a man-year basis, there were 1308 persons employed by the Farm Credit Administration. By 1951 the number had been reduced to 448, a reduction of 66 per cent.

In 1940 there were 431 employed in the Federal Intermediate credit banks. By 1951, the number had been reduced to 276, a reduction of 36 per cent.

In 1940 there were 294 employed in the production credit corporations. By 1951 the number had been reduced to 175, a reduction of 41 per cent.

The Federal intermediate credit banks loaned 471 million dollars in 1940, and almost 2 billion dollars in 1951, an increase of 908 per cent.

The production credit associations, which are supervised by the production credit corporations, loaned 328 million-dollars in 1940, and almost one and one-quarter billion dollars in 1951, an increase of 272 per cent.

SOCIAL SECURITY: I have received a number of letters lately concerning the Social Security program. Many people who are now reaching the age to receive benefits from this program find that there is an income limitation that prevents them from making money over and above their social security payments.

Until September, 1950, the income limitation was \$15 per month. That is, if you earned more than \$15 per month, you lost your social security payments. The people who were hit hardest by this limitation were widows with children to raise. I had several experiences with this situation, representing some of these widows and contesting this provision at all times.

In September 1950, prior to my coming to Congress, this income limitation was raised to \$600 per year. Many people think that is \$50 per month, but such is not the case. The method of computation used in the law is most involved and it would take about two pages to explain. But it means that you can earn approximately \$600 per year in

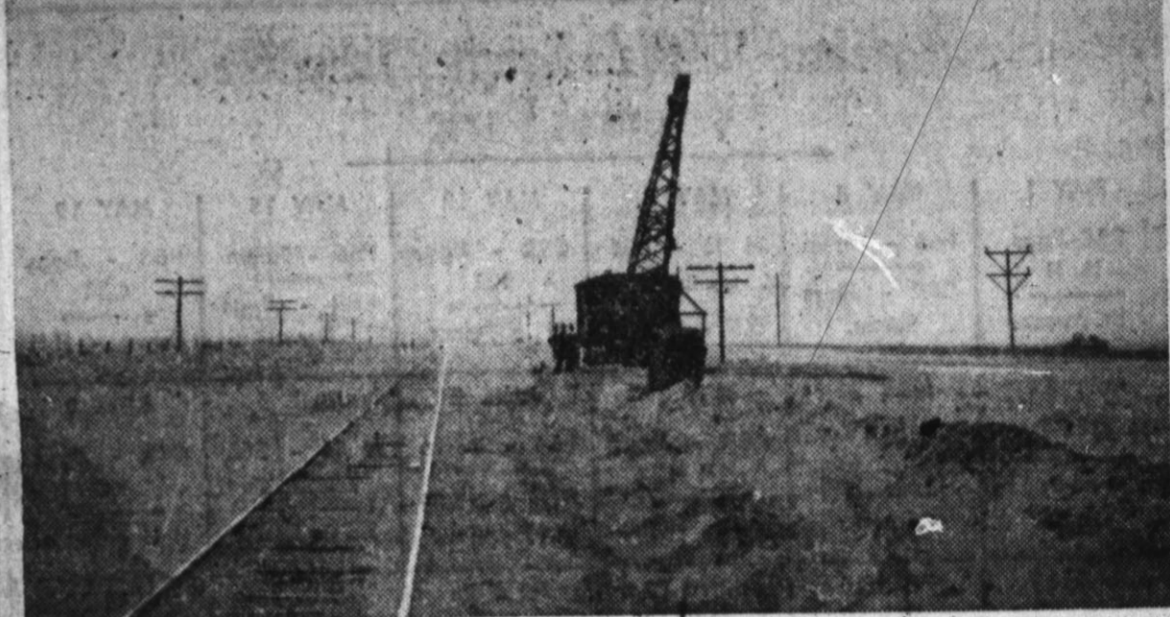

addition to your social security. Many people are deeply concerned about this income limitation, and rightfully so. These social security benefits were paid for at least partially by money of the one to receive the benefits, and it is not right to penalize a man by limiting him to a starvation income just because he has reached the age when he is entitled to receive the benefits that he has paid for. There are several bills proposing to raise this limitation to \$100 per month. It seems to me that it should be completely abolished. People who receive retirement benefits from other sources, both civil and military, are not subject to these limitations, and there is no reason for those receiving social security to be so penalized.

THE DEPARTMENT OF LABOR AND THE CHILD LABOR PROVISIONS OF THE FAIR LABOR STANDARDS ACT: Most of the trouble that was caused by an amendment to the Fair Labor Standards Act concerning children working in the field during harvest time. As most of you know, I introduced a bill to correct this situation shortly after taking the oath of office. Nine other bills have since been introduced for the same purpose.

The amendment to which I refer actually centralized in Washington the power that should rest with each state concerning the child labor problem. The amendment was an innocent looking apparatus and many people have been misled by some of the propaganda that has been put out by the Labor Department. I have discussed this "situation" with the officials of the Department of Labor, from the secretaries down through the ranks. All of them are steadfast in their refusal to relinquish the power that they gained by the trick language in the amendment. They are now proposing to go further and require every farmer to keep records concerning all minors employed during each year by the farmers. This regulation is for one purpose and that is to make it easy as possible for the Department of Labor to exercise the powers that it gained under the trick amendment. No one seems to understand that the farmers and business men can't spend all of their time filling out involved

SCOOPING DRIFTS. A dragline which scoops a cubic yard of sand at one dip has been put into service near Brownfield to keep drifting sand off railroad tracks. The Soil Conservation Service has appealed for a "return to safer us of Texas blow lands," saying that March winds had added 470,000 acres to the total of West Texas acreage undergoing moderate to severe wind erosion damage. This dragline works every day at the job of keeping the tracks between Lubbock and Seagrave clear. The railway hauls the sand away in its own cars. (AP Photo)

Educational Mental Health Forum At Wichita Falls May 1

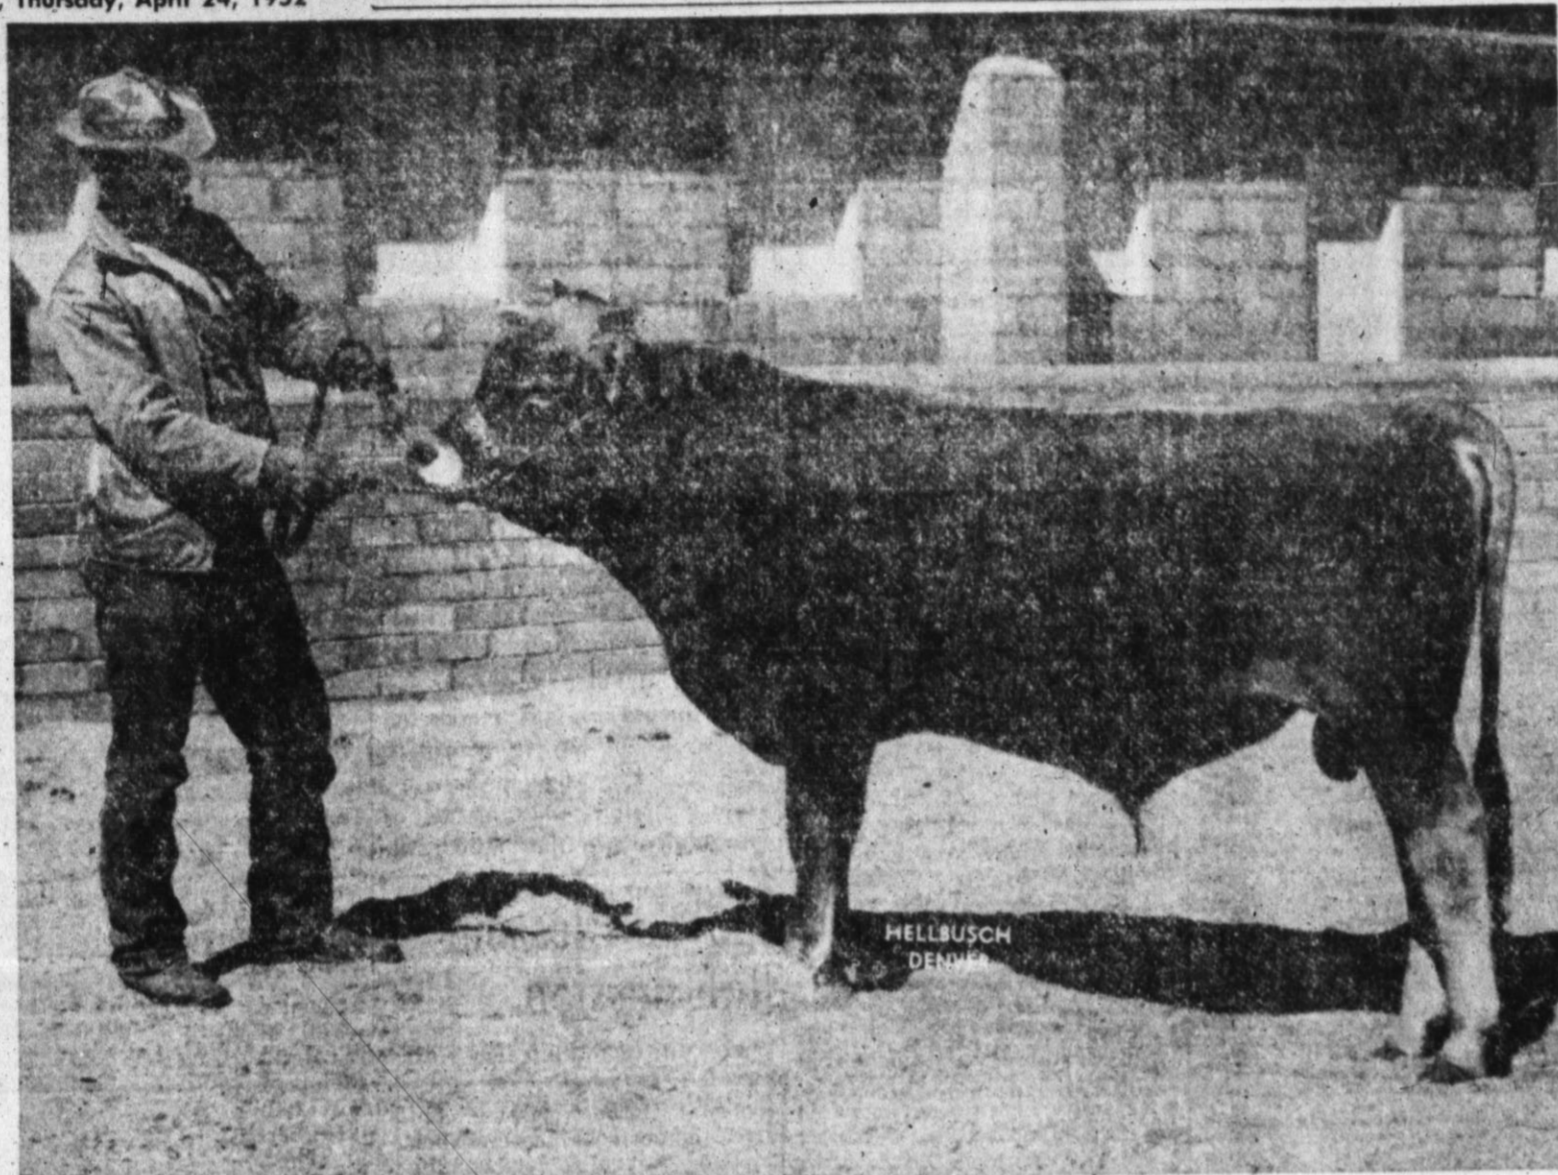

WICHITA FALLS — An educational mental health forum, featuring prominent specialists but designed for the general public in the service area of the Wichita Falls State Hospital, will be held Thursday through Saturday, May 1-3.

For the first time in this area, laymen as well as professional workers in the field of mental health, will tackle problems that chronically fill up state hospitals — the problems of guiding children, of handling the aged, of mental disturbances, of juvenile delinquency, and of mentally retarded children.

To be held at Midwestern University, the three day forum will include addresses by noted speakers and sectional meetings during which films will be shown and the forum attendants will discuss the various problems. Conducted tours of the State Hospital at Wichita Falls will be included.

Speaking and guiding the conferences will be Dr. Paul M. Kersten, staff psychiatrist with the famed Menninger Foundation at Topeka, Kans.; Mr. Charles W. Roberts Jr., dean of students at the University of Texas, an educational leader who has attracted wide attention in the field of counseling the young; Dr. Evelyn Carrington, professor of psychology at Texas State College for Women, Denton, and a recognized authority on mental disturbances in both children and the aged; and Mr. William B. Oglesby Jr., professor of pastoral counseling at Union Theological Seminary, Richmond, Va.

The forum, promoted by the Wichita Falls Mental Health Society, is for the general public — the men and women, who as teachers, religious workers, social workers, parents or just interested laymen, want to know more about the problems of mental health, stressed Louis C. Weber, chief psychologist at the Wichita Falls State Hospital and president of the mental health society. Residents throughout North Texas — the people who supply the patients to the State Hospital here — and the people of southern Ok-

Look who's crowding "the low-priced three"

THE price of a car has a lot to do with the number of folks who can afford to own it.

So the leaders in sales — for almost a generation — have been three cars whose bid for popularity has included a potent price appeal.

But who do you think is right on their heels? Who has led the field, outside "the low-priced three" — ever since 1938?

Well, sir, the name is Buick.

You get more pounds of real automobile when you buy the Buick pictured here.

You get more power. You get "big-car feel."

You get an honest-to-goodness Million Dollar Ride.

You get, in other words, an all-round money's worth of great engineering that makes any Buick — SPECIAL,

SUPER or ROADMASTER — a standout buy in its field.

That's not just our say-so. It's what car buyers have said with their hard-earned dollars, year after year.

We think you ought to find out for yourself what these other folks have discovered.

We think you ought to find out why so many Buick buyers are trading in one of the so-called "low-priced three."

We think you ought to compare the size, compare the performance, compare the price, because we know what you'll find out:

If you can afford a new car, you can afford a Buick.

Why not find out for yourself what's behind this popularity?

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series. †Optional at extra cost on ROADMASTER only.

ONLY BUICK PROVIDES THEM ALL

DYNAFLOW DRIVE* — great boon to easier driving, proved on more than a million Buicks

FIREBALL 8 ENGINE — of valve-in-head design, makes high compression count for more

NEW WIDE-BAND BRAKES — for smoother, more positive control

MILLION DOLLAR RIDE — with 4-wheel coil springing and road-steady torque-tube

TOP-CAPACITY TRUNKS — more luggage room than ever in most models

NEW TWO-TONE INTERIORS — in most models, grace Buick's Body by Fisher

SWEEPSPEAR STYLING — adds gleaming smartness to all models

Plus These, Too, on ROADMASTER:

AIRPOWER CARBURETION — with highest horsepower in Buick history. MORE MILES PER GALLON.

POWER STEERING† — greatly eases parking and turning, without losing that firm feel.

SILENCE — so complete you can speak in whispers under way.

Clubwomen Close District Session In Borger, Hereford Gets 1953 Meet

When the Seventh District, Texas Federation of Women's Clubs convention came to a close in Borger Saturday noon, a total of 423 out-of-town officials, delegates and visitors had been registered, according to the final count, chalking up one of the largest attendance records in history.

Mrs. J. M. McGinty of Spur, district president, conducted the session.

Following the annual board dinner Thursday evening, the formal opening was held Friday morning. John Ben Shepperd, secretary of state, and Ben Guili of Pampa, former congressman, were the principle morning speakers.

Highlight of the day was the address of Dr. Paul Southern, professor at the Hogg Memorial Foundation, minister of the Gospel, and member of the Texas Board of Mental Health, who spoke on the "Emotional Atmosphere of the Home."

Social features, Fine Arts programs and educational workshop programs marked the convention with Saturday's schedule devoted to work programs, parliamentary procedure, year - books, committee reports, club reports and other final business. Addresses were made by Mrs. William G. Dingus,

Lubbock, Delbert Downing, Midland, Mrs. T. M. West, San Antonio, and others.

An awards luncheon at noon Saturday in the Frank Phillips college cafeteria, brought the convention to a close when awards were presented to 30 clubs and individuals in competition in year books, educational department, Fine Arts department and Welfare department.

Hereford Gets 1953 Convention
Hereford was selected as the 1953 convention site, at which time new officers of the district will be elected. Other action taken Saturday was naming Mrs. Walker B. Jones of Tullia to succeed Mrs. W. V. Terry of Sudan as first vice - president of the district.

Archie Dobbins and Mrs. L. S. Jenkins were in Fort Worth over the week end.

Jim Terry, former pro at the Hereford Golf club, now pro at the Childress Country club, was a visitor in Hereford Monday.

Mrs. T. C. Malloy and Mrs. Marion O'Neal of Amarillo visited with Mrs. G. F. Shirley Friday.

J. P. Wood's street grading outfit has been kept busy during the past week. In addition to the other streets that have been graded, the outfit just finished grading the street north of the Presbyterian church. The grading has been done by property holders along the street.

Members of the Christian congregation met Tuesday night and decided to build a new church edifice in the place of the present one. The building is to not cost less than \$15,000.

A team of horses broke loose from the courthouse rack Wednesday afternoon when they became frightened by an approaching automobile. They ran down the street and through the fence at the Paul Barnett place. Both horses were badly cut but no one was hurt.

Jack Garvin and Will Walters have the plans for the construction of a large amusement pavilion near the lake north of the business section of Hereford. The building will be called the Lake View Pavilion and will be 50 by 100 feet. It will be used as a skating rink, opera house or for any other public gathering.

W. T. Carruthers of Amarillo will come to Hereford to help put in cement sidewalks.

A new drug store is being opened by E. T. Woodburn and son in the Webb building on North Dewey avenue.

The Hereford Dramatic company will present the four - act drama, "Because I Love You" on April 30 at the college auditorium.

The Canyon City baseball team and the Christian college team played the first baseball game of the season Monday. The Canyon team won 9-7.

There will be a big automobile excursion from Hereford which will go to Amarillo on April 28. Hereford has 25 automobiles and most of them plan to make the trip.

M. A. Fox, father of W. O. E. D. and Homer K. Fox, died at his home north of Hereford Tuesday afternoon.

A new Piggly Wiggly store will open in Hereford Saturday morning.

The Buffalo calves from Canyon and the Whiteface high school boys fought it out in a tight 6-5 baseball game Friday.

Westway is the first community in the county to install an electric lighting system at the schoolhouse. They are also providing free transportation for the school students.

A life-saving rain came just in time early Monday morning. The wheat in the county is looking good since the rain.

The passenger station of the Santa Fe railway is getting a general overhauling. The decorators are painting and finishing up the interior of the building this week.

Rev. James T. Ross, pastor of the Presbyterian church, will preach the baccalaureate sermon on May 8.

HOME OWNERS QUESTION BOX

Q—What kind of shingles should be used on a roof with a very steep pitch?

A—All styles of asphalt shingles are suitable for a roof with a rise of 4 inches or more to each horizontal foot. Strip and individual asphalt shingles are made in a variety of shapes and colors. The variety of shapes enables the home-owner to pick out the pattern that will add most to the attractiveness of his dwelling. Attractiveness can also be increased by judicious choice from among the many solid and blended colors available.

Q—What makes a plaster ceiling fall?

A—Plaster falls because it gets wet. Water softens plaster, and soft plaster loses its grip on the lath. The water can come from a leaking roof or a leaking pipe. Because water can work its way unseen through the walls, its source is often far from where it appears.

Q—What is the best way to repair the crack where a concrete basement floor has pulled away from the walls?

A—Widen the crack to form a wedge-shaped groove. Pack the groove with a stiff mortar made of one part cement and three parts sand.

Q—How can a crack in cast iron be repaired?

A—With iron cement, which is sold in hardware stores. This comes as a powder and is mixed with water to form a thick paste.

KILLING CARPET MOTHS

A way to destroy moths in a carpet is to lay a wet cloth on the carpet, then rub a hot iron over it.

Maintenance Rule: Inspect Your Roof

A good home maintenance rule is to make a thorough inspection of the roof in the spring. The purpose is to detect any winter damage before it becomes serious enough to cause harm to the rest of the building or its contents.

Patching an old roof is seldom advisable. Most roofing wears uniformly, and the first leak is a sign that others probably will develop soon. In fact, climbing on an old roof to patch it often causes other leaks.

An economical way to reroof is with asphalt shingles, which usually can be put on without removing old roofing. The asphalt shingles are put on top of the worn material, saving the expense of removing the old roof.

IF NOT, bring it in for a free examination today. A simple adjustment or thorough cleaning may be all that is needed to put it in tip-top condition.

Plan Events For Nat'l HD Week April 27-May 3

Texas home demonstration club women will join in the observance of the seventh National Home Demonstration Week, April 27 to May 3, announces Maurine Hearn, state home demonstration leader with the Texas Agricultural Extension Service. The theme, "Today's Home Builds Tomorrow's World," was adopted for the first national week in 1946 and is now accepted as the theme for home demonstration work.

Deaf Smith county will play a great part in the observance of the anniversary, according to THDA Mrs. Tom Draper. Announcements of the local projects will be made in Thursday's Brand.

Home demonstration work in that part of the Extension Service that deals with the home. Of the 3,107 counties in the Uni-

ted States, Alaska, Hawaii and Puerto Rico, 2,565 counties employ one or more home demonstration agents and assistants, a total of 3,600. Of this number, 255 are in Texas.

Mrs. C. H. Hammock and grandson, John Bill and E. A. Edwards and daughter, Pam are visiting in Commerce with Mrs. Hammock's and Mrs. Edward's parents and other relatives.

During the week the more than 41,000 Texas members in 2,023 home demonstration clubs will observe the week by informing the public on the work offered by the organization. Special effort will be made to organize new clubs and secure new members in old clubs. The aims and purposes of home demonstration work will be publicized through editorials, news stories, special newspaper editions, radio programs, educational exhibits and tours of result demonstrations.

Miss Hearn points out that in keeping with the theme, home demonstration agents and club women, are planning to highlight the fact that home demonstration work aids in developing and maintaining those qualities valued in a democracy. A successful home is dependent on a well-informed homemaker who helps his family develop pride in making the home comfortable, attractive and inspiring. A special effort is being made to interest younger homemakers. Rural women through organized planning and action are making a lasting contribution to community improvement and rural living.

SHE'S THE SAFEST LADY ON THE ROAD

With Chrysler POWER STEERING plus Chrysler POWER BRAKES

At the wheel of a new Chrysler, you have quicker, surer control of motion than you've ever had in a car. You can't imagine what it's like till you drive it! With this full-time power steering, hydraulic power does 4/5 the steering work at your gentle pull on the wheel. You also turn the wheel 1/3 less distance. And on rough roads, soft shoulders, snow or sand, "wheel-fight" just doesn't happen. Your hand actually has five times the usual steering control, through every minute of every mile... with the same sure "wheel feel" at all times!

With this safer way to steer, power brakes make stops at all speeds safer and easier, too. Power from the engine "boosts" every touch of your toe. Actually you stop with up to 2/3 less foot pressure than non-power brakes. You can bring your Chrysler to a halt from full speeds in many feet less distance than other cars of comparable size can stop. See your Chrysler dealer soon. Feel for yourself why thousands of owners say Chrysler offers the two greatest advances in many years in driving safety and driving ease!

Social Security Tax Explained For Household Workers Under Law

April 30th is the deadline on which social security payments for household workers for the first quarter of 1952 are due at the office of your Collector of Internal Revenue.

The federal law bringing household workers under the old-age and survivors insurance system went into effect January 1, 1951. However, many persons who employ help in their homes are still in the dark about requirements of the law.

Here are some provisions everyone should know. Household workers covered by the law include maids, laundresses, housekeepers, cooks, nursemaids, gardeners, handymen, valets, footmen, grooms, chauffeurs of privately owned cars, practical nurses and others.

Whether or not a household worker is included in the law depends on how many days she works and how much money she is paid. If the person works 24 days and earns \$50 during any one of the three month periods into which the calendar year has

been divided, a tax report must be filed and payment made.

Only cash wages are considered, which includes bus fare if paid in cash, but does not include bus tokens, clothing, room and board, or other noncash items furnished the employee. A domestic worker does not have to put in a full day to count in the 24 day rule — any portion of the day worked counts as a full day.

The rule is different for domestic workers on farms operated for profit. In such cases the domestic is considered a farm worker and is covered only if he or she meets the test for farm labor.

The tax in all amounts to 3 per cent of the cash wages paid. You, as an employer, must deduct 1 1/2 per cent from your household worker's cash wages if the person meets the 24 day, fifty dollar test. You then include another 1 1/2 per cent which is the employer's contribution. After the close of each specified three-month period you should send the tax, with a report of the

wages paid, to the Collector of Internal Revenue.

These three - month periods, June 30th, September 30th and December 31st. Reports and payments are due by the last day of the month following the close of each quarter. During any quarterly period that a household worker does NOT work 24 days or earn \$50, the employer need not be concerned. You need not consider the work your employee performs for any other employer.

The Bureau of Internal Revenue has a special household report form, printed on the back of a return envelope, which can be obtained from your Collector upon request. Just ask for Form 942.
