Coach Dalton Criswell told Rotarians about the 1951 grid prospects for the Hereford high school at Friday's meeting of the organization.

Mrs. C. P. Norton, chairman of the Home Demonstration Council, said the next regular meeting of the council will be held Saturday, Sept. 1 due to the fact that the regular meeting day falls on Labor Day.

The Whiteface Sandwich shop will open August 30 under new management. E. R. Combs has rented the building and will operate the business.

The right-of-way deeds for all the last eight miles of the proposed 21.2-mile Wildroad-Dawn farm-to-market have now been secured by the county, according to County Judge L. H. Foster.

A meeting of the county school board was held at 3 p.m. Saturday in the county courtroom.

James G. Lowt, district engineer of the Texas-Highway department, will be in Hereford Monday to meet with the Commissioner's Court to ascertain where the county's 5 1/2 or 6-mile apportionment of farm-to-market road for 1952 will be built.

The third annual reunion of the Lamb County Pioneers will be held Tuesday, Aug. 28, at the Littlefield Country Club. Judge Otha Dent will be the main speaker. A free barbecue will be one of the main attractions for the homecoming pioneers.

Maflin Gilliland will conduct a standard first aid course for Oldham county residents in Vega beginning September 4.

This 18-hour course is the basic Red Cross course and will last about 4 1/2 weeks if the two-hour lessons are taken semi-weekly.

Gilliland will be assisted in the course by Mrs. George Epting of Deaf Smith county.

Thirty Two Girls Attend 4-H Camp Here

Thirty-two girls and six leaders attended the overnight camp for Deaf Smith county 4-H girls Friday and Saturday at the club house in Veteran's park.

The five winners in textile painting which was taught by Mrs. R. C. Childers were: Sue Cooke, Doris Epting, Sue Minor, Glenda Meeks, and Judy Pinnell. Group singing, party games, textile painting, outdoor games, movies, and a camp fire ceremony provided entertainment Friday evening.

Saturday morning a flag program was presented with talks about United States and United Nations flags highlighting the program.

Leaders and mothers who were in charge of the camp were: Mrs. Ira Ott, Doris Mahaffey, Mrs. T. J. Parsons, Mrs. Roscoe Pinnell, Mrs. George Epting, and Mrs. R. N. Cooke

Galley Injured in Car-Bus Accident

Walter Galley, 45, farmer living six miles northwest of Dawn, is in fair condition in the Deaf Smith county hospital following an auto-bus accident four miles east of Hereford on Highway 60 at noon Saturday.

Galley is hospitalized with a slight skull fracture and an assortment of broken ribs and cuts. His condition is "better than was expected under the circumstances" according to Galley's pastor, Rev. Paul McClung.

Galley's 17-year-old son, Clifford, suffered cuts and bruises on the back of the head and the calf of one leg.

The skull fracture suffered by Galley was described as "not dangerous" by his physician.

The Deaf Smith county farmer was partially drug and partially thrown for 30 feet from his 1950 Buick when it was struck on the left rear side by a

Greyhound bus heading east on Highway 60.

Eye-witnesses of the accident said Galley, who was driving ahead of two east-bound Greyhound buses, was preparing to make a left turn off the highway onto the four-mile road. Galley reportedly pulled off to the right side of the road to allow the first bus to pass, then pulled out in front of the second bus.

The driver of the second bus, Connie Moore of Roswell, tried to pass Galley on the extreme left side of the road to avoid a collision, witnesses said, but the Galley auto continued in a path to the left.

A report of the accident was given by Robert Lee Williams of Hereford, who was driving a pick-up immediately behind the bus that hit Galley. Another report was given The Brand by Rev. Paul McClung, Galley's pas-

tor at the Dawn Baptist church. Rev. McClung said that Galley was carried about 30 feet wedged between the front bumper and the left front wheel of his auto.

Both the bus and the Galley auto went off the pavement to the left and the bus returned to the right side of the pavement while Galley's car came to a stop on the left side of the road.

Investigation of the accident was still underway as The Brand went to press Saturday afternoon.

Damage to the Galley auto was estimated unofficially at about \$850 and about \$100 to the bus.

Visitors in the home of Mrs. Sallie Carter last week were her granddaughter, Mrs. Joe White and husband and great-grandson, Clare of Fort Worth. Mr. White is employed by the Fort Worth Star Telegram in Fort Worth.

Call Meeting To Act On WTRTC Loan

A special meeting for the directors of the West Texas Rural Telephone cooperative has been called for Thursday night to go over the loan contracts for the cooperative's recently-approved \$454,000 loan for a rural telephone network.

If the board agrees on the terms of the loan, the notes and mortgages for the loan will be signed at that time.

Next step in securing the tele-

phone funds will be to submit an area engineering design.

Officials of the cooperative are hopeful of having the entire project ready for bids in November.

A letter of conditions attending granting of the loan to the cooperative was received in Hereford this week.

A budget was set for the funds to be used by the cooperative.

The REA will allot \$363,700 to build the first section of the network, which will serve patrons from Dawn, Hereford, Bovina, Friona, Farwell, and Oklahoma Lane exchanges.

The system will be built to handle 914 patrons at the initial cut-over. At the present time, 608 members of the co-op have paid their \$50 equity and are eligible for service without further equi-

ty payments.

Three hundred and eight more patrons have paid their \$5 and may be included in the initial cut-over upon the payment of another \$45 to complete their equity.

These are still eligible for rural telephone service upon the payment of the remainder of their money.

In building the first section of the telephone network, the government will put up \$363,700 (90%) of the cost and the farmers will put up \$45,700 (10%).

The farmers' 10% represents 914 equity payments of \$50. The sum of \$30,400 is on deposit in the cooperative's account towards completion of the first portion of the phone system.

Deaf Smith USO Quota is \$720

Deaf Smith county's quota for the forthcoming USO fund drive has been set at \$720, according to J. C. McCracken, Deaf Smith county chairman for the drive.

October has been set aside in Texas for raising the necessary funds and the Deaf Smith county drive will start October 1.

"Deaf Smith county has 119 men and women serving in the armed forces and more young people will be called up from time to time as our defense program expands," McCracken told The Brand Saturday.

"One of our most important civic, patriotic, and personal responsibilities is to these young people in uniform," McCracken said. "Through the USO we have a means by which we can assist in keeping up the morale of these young men and women who are giving up so much to protect our freedom."

"Let's make certain that the fund appeal for \$720 in Deaf Smith county is a success," McCracken concluded.

Two Released From County Jail

George Haas, who was fined in county court for selling liquor in a dry area, paid off his \$528.30 fine and was released from the county jail Friday.

Bobby Wilson, who was fined this month for intoxication paid his fine and was also released.

Mr. and Mrs. Harlin Housley of Hayward, Calif. visited in Hereford with Mrs. J. I. Funderburg Friday on their way home after spending several days visiting in Oklahoma with Mrs. Housley's parents.

Burglary Thurs. Night at Streu Hardware Store

Approximately \$10 in cash was stolen from a cash register in the rear of Streu Hardware Thursday night by a burglar or burglars who gained entrance through a rear window in the north corner of the building.

Sheriff J. C. Reese said the work was apparently that of "amateurs" because two other cash registers in the store were untouched.

Nothing was reported missing but the money, Sheriff Reese said. The exact time of the burglary is not known.

Reese said the burglar or burglars might have rifled the other two cash registers at the front of the store had it not been for the fact that the lights in the store were accidentally left on that night.

Entry was gained by ripping loose a galvanized screen covering the window and breaking two window lights.

There are no clues in the burglary, the sheriff's office reported Saturday.

Fourth Alfalfa Cutting Ready For \$35-\$40 Market

The fourth cutting of alfalfa will get underway in Deaf Smith county this week, according to Dean Bishop, manager of the local dehydrating plant.

The three previous cuttings of alfalfa in the county were exceptionally good even though the crop was late because of cool weather and greenbugs. The first cutting started the first of June instead of the first of May as is usually the case with the crop here.

Market prices for alfalfa have increased steadily during the

season from a beginning price of \$25 to \$35 per ton for baled alfalfa to the present rate of \$35 to \$40 per ton.

The local plant, which is leased this year by the National Alfalfa company, started the season paying \$15 per ton and increased this to \$20 on July 19. The last increase was \$25 on August 7 with the farmer paying no harvest expenses.

In many fields, the fourth cutting will be the last full cutting before frost, although some of the first fields harvested in the

fourth cutting will make enough for a fifth cutting with the proper watering.

Because of the lack of alfalfa for dehydrating the local plant is running only during the day. Farmers will sell more of the fourth and fifth cuttings to the dehydrating plant than they did of the second and third since it is so much harder to cure the alfalfa for baling this time of the year.

Increased fall plantings of alfalfa are expected this year, Bishop said.

Local Owners Place Horses At Post Show

Horses owned by O. G. Hill Jr. and Obed Caraway, both of Hereford, won prizes at the Southwestern Championship junior Rodeo Quarter Horse show held at Post, Tex. on August 14.

Taking the grand championship in the mare division was Georgita Brown, a 1950 filly shown by George "Scotty" Sampson of Post. This was the second show in which Sampson had shown the filly after buying her from O. G. Hill Jr. of Hereford.

Hill took the reserve honors with Mayflower Daugherty who stood second to the champion in the 1950 filly class.

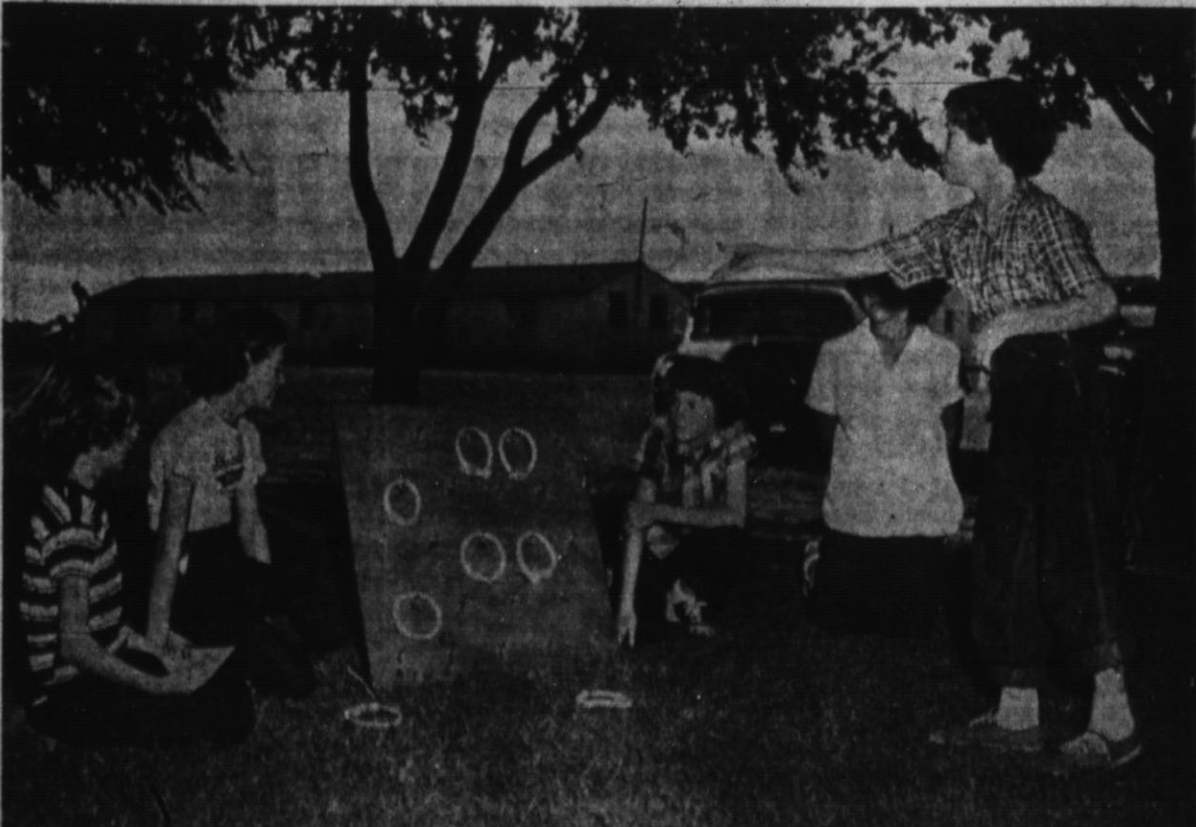

Local winners of the classes were:

Class 1, 1950 fillies: Second—Hickory Ann, O. G. Hill, Hereford, owner.

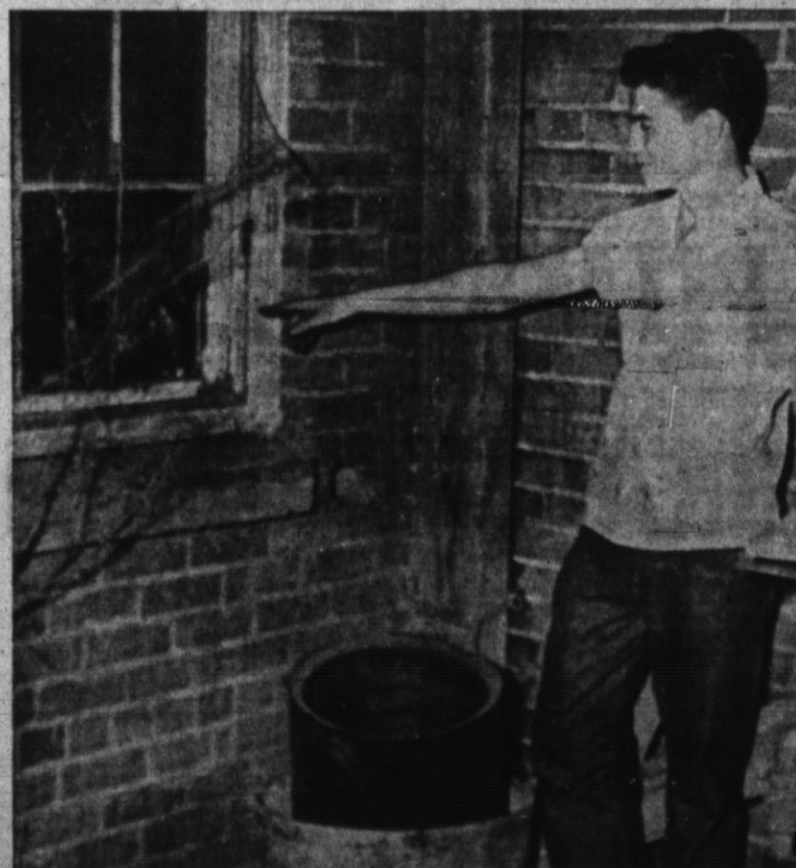

Class 6, 1951 Stallions: Second—Choya, O. G. Hill Jr., Hereford owner.

Class 12, performance class (reigning)—Third—Hot Shot, O. G. Hill Jr., Hereford, owner.

Class 14, produce of dam: First—Records Lady Brown, Obed Caraway, Hereford, owner.

SOME OF THE 32 4-H girls attending the overnight encampment at Veterans park Friday night are shown above during their recreation period. From left in the above picture is Sue Minor, La-rill Short, Martha Logan, Jan Cooke, and Nancy Parsons, throwing the rings. Brand Staff Photo

MR. WHEAT FARMER

We Ask You To Plant These Recommended Varieties Of Wheat

★ COMANCHE

★ WESTAR

★ WICHITA

BECAUSE . . . When Mrs. Housewife reaches for a loaf of bread or any other kind of food that comes from flour she selects that which is most pleasing to the palates of her family. When she comes across that which does not please her she immediately rejects it as inferior merchandise and refuses to buy it. So, it goes from the housewife to the grocer to the baker then to the miller and finally to the grain elevator who must be extra careful in the wheat they buy. That is why we know the above varieties bring the best prices and are the most acceptable.

COMANCHE

Originated in Kansas from a cross of Ora and Tenmarq—5 years old—high yields in all tests—suitable for all winter wheat territory in Oklahoma and Texas—excellent in quality—fairly good straw—good test weight—proving popular with growers who have tried it.

WESTAR

Developed for the Panhandle region of Texas—from a cross of Kanred and Hard Federation with Tenmarq—similar to Comanche but higher in yield in the Panhandle—highly resistant to leaf rust but susceptible to stem rust—excellent bread making properties—extremely popular with Plains wheat growers.

WICHITA

Early—from an Early Blackhull cross with Tenmarq—made by Kansas—similar to Early Blackhull—better straw—higher yields—superior in milling and baking—approved for Texas Plains not for Oklahoma as Triumph has out-yielded it in most tests. Popular with growers from Amarillo south and southeast.

Bride-Elect Miss Katherine Acker Feted At Morning Shower Courtesy

Miss Katherine Acker, who will become the bride of Abel Ruga of Opelousas, La. on Sept. 1, was honored at a shower-courtesy given in the home of Mrs. J. A. Pitman Saturday morning. Assisting as hostesses were: Mesdames E. B. Hedrick, H. A. Close, Clyde Cave, J. C. McCracken, Carl McCaslin, W. L. Davis Sr., and Alton Fraser.

The shower was in the form of a coffee where colors in decor carried out the bride's chosen colors of blue and white.

Arrangements of flowers about the house included white gladioli and pink dahlias used with crystal birds. Members of the receiving line wore gladmalia

corsages. The refreshment table was laid with a white organdy with appointments in silver. At the opposite end of the table from the silver coffee service, was placed an oblong silver tray banked with tufts of blue tulle and centered with triple candleabra holding white tapers. Heavily blue morning glories rose from the base of the tray surrounding the candelabra and floating waterlilies completed the arrangement.

Mrs. Richard Cole of Amarillo and Miss Pearl West poured and Mrs. W. L. Davis Jr. presided at the bride's book. Mrs. C. C. Acker, the bride-elect's mother,

and Mrs. A. C. Rose Jr. and Mrs. J. T. Carroll made up the receiving line.

The invited guest list for calling hours between 10 and 12 a.m. included: Mesdames Richard Cole of Amarillo, A. C. The story of irrigated pastures

in Deaf Smith county, written this summer by Brand News Editor Wally Knief, was given nation-wide publicity through an AP Newsfeature release. A reader brought The Brand a copy of the story as it appeared in the Chillicothe (Ohio) Gazette and Chillicothe News-Advertiser recently. With the story was a picture of A. J. Peters, his son Dennis and PMA Fieldman Charles Newell, kneeling in the pasture grasses on the Peters farm. The story was headlined, "Where Grass Grows Faster Than the Cattle Can Eat It."

The city commission met Friday to discuss tax rates and apportionment percentages of the 1952 budget to various funds.

About 75 farmers and businessmen were at the Family Farm meeting held Friday night at the County courthouse. Proper USDA personnel authorized to give information on the meeting were not available when The Brand went to press.

Dr. C. M. Stapp left Saturday morning for Davenport, Iowa where he will attend Lyceum at Palmer School of Chiropractic. Dr. Stapp will be gone one week.

OPS specialist William Reynolds will be in Hereford Wednesday, Sep. 5 when he conducts a clinic in the Chamber of Commerce office at Hotel Jim Hill.

Mr. and Mrs. Jimmy Jesko made a business trip to Canyon Thursday.

Birthday Is Celebrated

Renfro Dairy Barn Accomodates 115-Head Herd of Top Milkers

THIS VIEW SHOWS the dairy barn on the Jack Renfro farm. Renfro's modern method of operation is described in the article below.—Mrs. Merlin Kaul Photo.

By Mrs. Marlin Kaul

The dairy barn at the Jack Renfro farm is an interesting place to visit. The barn is designed to milk 20 cows at one time. Regular milking time is 3:30 a.m. and 3:30 p.m. The cows are brought in and the udders washed with a disinfecting chlorine solution. Five units of milkers operate at one time with one man in charge. The DeLaval combine system is used. This means the milkers are combined or hooked up in a series. Along with the milking system there is an "in-line" strainer which fits in the stainless steel pipe which carries the milk from the barn to the milkroom. Mrs. Renfro often makes the tube-like strainers which fit in the pipes.

From the milkers, the milk runs through 65 feet of stainless steel pipe and then travels for 64 feet through an "inlined" water cooler. As the milk goes through these eight cooler pipes, the temperature drops from 98 degrees to 46 degrees. A refrigeration system, which cost approximately \$650 to install keeps the water in the pipe through which the milk passes cold at all times. The milk passes from the pipes down to an automatic can filler. As a can is filled, a float auto-

matically cuts off the flow of milk. Six cans are filled at one time after which they are stored in a "walk-in" refrigerator. After the milkers are taken off, each cow is hand-stripped to be sure she is milked out. This strip milk is not saved, Joe Watson, the foreman explained, as it adds to bacteria count in the milk. Since the Renfro dairy sells Grade-A milk, the bacteria count averages 11,000 while the average count in raw milk is 50,000.

The Renfro herd consists of 115 head of cows, of which 95 are Holsteins and 20 Guernseys. The herd is cared for by Joe Watson of the A & M College, Stillwater, Okla., and Stan Nelson, a former employee at A & M at Stillwater. The boys mix their own feed, which includes oats, maize, cotton seed meal, soy bean meal, wheat bran, steamed bone meal, ground or cattle limestone, and deflorinated common salt.

When asked why "deflorinated" salt is used, Mr. Watson explained that fluorine is toxic to cattle in too large amounts as it is accumulative. The cow can't get rid of it and it will eventually kill her. The cows have all the alfalfa hay they want at night and are on permanent pasture in the day

time. They are fed 30 pounds of cull potatoes per head. These take the place of ensilage. And of course, they have clean water at all times.

At present, the cows are averaging five gallons of milk a day. This will vary throughout the year.

One day a month, an official tester from the Dairy Herd Improvement Association, of which Renfro is a member, comes to test the butterfat and the amount of milk produced by each cow.

Joe Watson, who is in charge of the dairy at the farm, graduated from A & M college in the spring of 1947. He was farm superintendent of the new college dairy farm at the time of his graduation. He designed the plans for the Renfro barn and helped plan the installation of the combine and cooler system.

Watson went to Wisconsin, Indiana, and Michigan to buy the cattle. He spent a month on the trip inspecting, buying, etc. and returned with 110 head. He has been at the farm a year now. He is married and has two boys—Tony Joe, who will start to school this year, and Danny Warren, who is three years old.

Working with Joe is Stan Nelson, who is in charge of the milking and acts as assistant herdsman. Stan worked at A & M college with Joe. He grew up on a dairy farm in Pennsylvania and has worked with dairy cattle all his life.

Joe says about Nelson, "He's a number one hand and can turn off more work with less grumbling than anyone I ever knew." Stan is also married. His wife graduated from Hereford high school last spring. Besides taking care of the cows and the milk, the boys do have a little separator washing job twice a week. The 8-foot cooling pipes are completely disassembled and a combination "steel and bristle" brush is forced through them to clean out the milkstone.

But even that must not be so bad, because to talk to Joe, one gets the idea that he "likes" the job and knows how to handle it. Asked about twin calves, Watson replied that in a herd of 25 cows, three of them had given birth to twin calves.

One of the most exciting incidents at the farm occurred last spring when a small twister struck. The feeder around which the cows had bedded down for the night was picked up and

turned over. Almost at the same instant, every cow in the lot vanished over the fences! When the boys went to look for them, there wasn't a cow in the lot.

The next morning, they found the cows in fields all over that part of the country. And the round-up—quite a contrast to that of the days of the Texas Longhorn.

German Expellee Farmers Offered For Work Here

Thirteen hundred German expellee farmers selected by a group of German-speaking American—four county agents—an extension dairyman, and a farmer—are ready for immigration to the United States as soon as they get American sponsors, according to Harry N. Rosenfield, Acting Chairman of the United States Displaced Persons Commission.

"If American farmers seeking help will act immediately, I am sure that we can bring these 1,300 expellee farmers and others now in our pipe line into the United States by October," Rosenfield said.

Rosenfield pointed out that a sponsor in this country must assure a job, housing, and transportation from the port of entry to the place of resettlement in the United States. He must also assure that the expellee will not become a public charge. On his part, the expellee must sign a good-faith oath, under which he agrees to abide by terms of the employment offered.

Rosenfield advised farmers looking for workers to fill their late fall labor demand and to meet future shortages to write or wire the Displaced Persons Commission, Washington, D. C. for assurance forms.

"After these forms are filled out and returned to the Displaced Persons Commission in Washington, we will rush them to our offices in Germany where the processing will be completed, and the expellees scheduled for transportation to the United States," he said.

Johnny Jesko, Johnny Albracht, Tommy Albracht, and Harry Wilhelm spent last week vacationing at Pike's Peak.

Vogel Purchases Half Interest In Giles Motor

FRANK VOGEL

Frank J. Vogel has purchased half interest in the Giles Motor company and will assume his duties Monday, Aug. 27.

Vogel, who came to Hereford this spring from El Reno, Okla., is former general manager of the Hereford Motor company.

Prior to coming to Hereford, Vogel was associated with the Chrysler Corporation as a dealer in Oklahoma.

MRS. RENA RAE NOLAND

Mrs. Rena Rae Noland has assumed her new duties as book-keeper at Giles Motor company also.

Mrs. Noland returned to Hereford from Biloxi, Miss., where she formerly worked as a book-keeper for a motor company.

The daughter of Mr. and Mrs. John Renfro, she and her two children will make their home with the Renfros.

Dawn Plays Into Second Place Tie, Oilers Fourth

Dawn pulled itself into a second place tie with C & R-Jiggs in the Hereford Softball league standing Thursday night with a 15-10 victory over Summerfield. On Friday night, Magnolia knocked Summerfield out of a fourth-place tie by a 9-6 count.

Final standings in the Hereford league now read Hereford Hardware, Dawn and C & R-Jiggs tied, Magnolia, Summerfield, and Knight of Columbus.

Playoffs in the league will start Monday night, Aug. 27 at 7:30 with Hereford Hardware meeting Magnolia in the first game and C & R-Jiggs meeting Dawn in the second game.

In Thursday's game, Dawn did the trick over Summerfield with 15 hits, 15 runs, and six bobbles. Summerfield garnered 10 runs off 15 hits and they committed only four miscues.

Friday's encounter showed Magnolia getting their winning nine runs on only eight hits and losing Summerfield pounding out eight hits good for only six runs.

Sept. Election Holds Water District Fate

The fate of a 21-county underground water conservation district will be decided by Panhandle-South Plain voters in an election tentatively set for late September.

Plans for holding the water district election are being made by five directors who head the temporary district created August 9 by the State Board of Water Engineers following a hearing in Plainview.

The election date will be announced by the directors, E. C. Hutton of Lubbock, A. C. Chesher of Littlefield, Jess Osborne of Muleshoe, Tom McFarland of Hereford, and Tom Bostic of Plainview. Duties of these temporary directors are confined solely to holding the election, at which West-Texas citizens may approve or reject the district proposal.

under the local option system, with municipalities, counties, and segregated irrigation areas voting separately. The vote of one such political subdivision cannot affect the vote of another. Under this system, a town can vote itself out of the water district while the surrounding rural area joins the district, or vice versa. The working district, when created, may thus consist of one or more counties, parts of any of the counties, or the entire area of the 10,649-square mile reservoir.

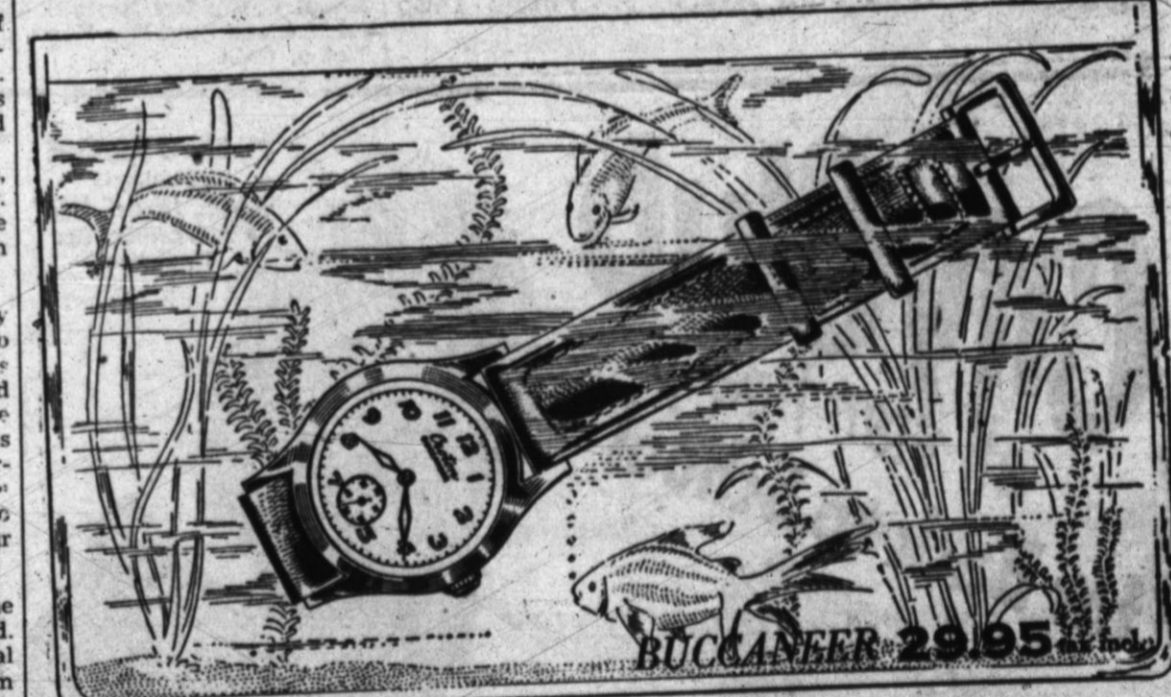

The temporary district includes all of Lubbock, Hale, Farmer and Swisher counties and parts of Armstrong, Bailey, Briscoe, Castro, Cochran, Crosby, Deaf Smith, Dickens, Floyd, Garza, Hockley, Lamb, Lynn, Oldham, Potter, Randall and Terry counties.

Out-of-town guests in the home of Mr. and Mrs. Oliver Rudd Thursday were his mother, Mrs. Slat of Higgins, Mr. and Mrs. Bill Rudd and children and Mr. and Mrs. Raymond Rudd of Spring Lake. Also Mr. and Mrs. Ralph Rudd of Spring Lake. Mrs. Slat returned home with the Spring Lake visitors for a visit there.

Garden Club Leader Sees Successful Year Ahead

(Ed. Note—This is another in a series of articles being written about presidents of the various clubs of the city)

Mrs. Ralph McCullough, president of the Hereford Garden club, was reared in Nebraska. It was in her junior year at the University of Nebraska that she

met and married Ralph McCullough. When they moved to Sentinel, Okla., she became a member of the high school faculty, teaching commercial subjects. She also taught in Lawton, where they

later moved. In 1928, they moved to Hereford.

It was during the depression that the government began an educational project here and Mrs. McCullough became head of the commercial department of the project. Six weeks before the course was completed, the government money ran out, but there were all those students who were anxious to complete the course and obtain jobs. So Mrs. McCullough conducted her classes the last few weeks without pay and members of the class never knew of the shortage of funds.

Wedding Is Announced

Mr. and Mrs. Harold Hawkins announce the recent marriage of their daughter, Melba, to Bill Kee, son of Mr. and Mrs. J. M. Kee of Olney.

Wedding vows were exchanged in the Clovis, N. M., Methodist church with the pastor officiating. Attendants were Betty Bell and Glenn Bell.

After a wedding trip to the Carlsbad Caverns, the couple has returned to Hereford to make their home. Mrs. Kee has been employed at the Southwestern Bell Telephone company, offices for the past year and will continue with her work there.

Those from Hereford attending the wedding were Mr. and Mrs. Harold Hawkins, Betty Hawkins, Peggy Bell, and Mrs. Harry Schulz. Also attending were Mrs. Glenn Kiser and daughter of Fort Worth.

Her experience in the project made her realize just how anxious many young people were to learn typing and shorthand, and she opened private classes in her home and conducted a school of business for 10 years.

Right then she became a collector of things rare and beautiful, altho she was unaware of it, for whether the students had money to pay their course, and few of them did, classes went on. She took anything and everything—nothing—as pay. Her collection of "rewards" is in the lives of scores of students who have gone out into the business world and made good. Her work was not only in the class room. (Continued on page 3)

Shirley-Hamilton Nuptials Read In Avenue Baptist Church Sunday

Miss Lou Alice Shirley, daughter of Jim Shirley and the late Mrs. Shirley, became the bride of Gerald Hamilton, son of Mr. and Mrs. Homer Hamilton, in a double ring ceremony held in the Avenue Baptist church Sunday afternoon at 3 o'clock. Rev. H. V. Fields, pastor, read the marriage service.

Wedding music was provided by Orville Swindell, who also accompanied Ruth Shirley, soloist, who sang "I Love You Truly" by Bond. Background of baskets of pastel-shaded gladioli and lighted tapers in seven branched candelabra provided the nuptial setting as the couple and their attendants stood before the altar to exchange vows.

The bride's only attendant was her sister, Faye, who was dressed in navy blue organdy with white accessories and white straw hat. Her corsage was of red rosebuds. Carolyn Shirley and Don Hamilton were ring bearers. Joe L. Hamilton served his brother as best man and ushers were John

Fields and Charles Gresham. Candles were lighted by Betty Hamilton and Joyce Shirley.

The bride wore a ballerine length frock of white lace over satin, fashioned with high neck and small Peter Pan collar and cap sleeves. Tiny rhinestone buttons adorned the front of the bodice type waist. Her accessories were in navy and she wore a small blue velvet hat. She carried a white Bible topped with orchid iris, and in carrying out the customary something old, new, borrowed and blue, she wore her late mother's wedding band.

Reception is Held

Following the wedding, a reception was held in the home of Mr. and Mrs. John Hall. The refreshment table was laid with a lace cloth and centered with tall white tapers flanking an arrangement of pastel blossoms. Patsy Roberson served the wedding cake.

Following the reception, the (Continued on page 3)

MRS. MAX WOOD

Chicken and Rice Makes Appetizing Combination

When Mrs. Max Wood of Portland, Ore., was visiting in Hereford this summer with her mother, Mrs. G. A. F. Parker, we asked for some of her favorite recipes to be used in this column.

Mrs. Wood spent quite some time in England while a student in Oxford and learned to like the way the English prepared their food and became especially fond of French cuisine. She collects French recipes and never fails to enjoy their special preparation when she is in large American cities where they feature French food.

Explaining that she was a "cook-book cook" and relied almost entirely on its exactness, she promised to send a couple of her family's favorites to be used in the Hereford Brand.

These two dishes can be baked at the same time and Mrs. Wood likes to serve them together. One not only complements the other, but with fruit, cheese, and coffee for dessert, you stay with your guests until time to serve dinner — then bring the baking dishes directly to the table from the oven.

CHICKEN CONDIA (named for the daughter of

Oregon's biggest poultry raiser)

Use breasts, thighs, or other choice parts of fresh or frozen chicken, splitting breasts so all pieces will lie flat. Season with salt, pepper, paprika and garlic salt and place bone-side down in a well-buttered, shallow, baking dish. Do not place pieces on top of one-another. Mix one can of condensed Cream of Mushroom Soup (or Celery Soup) with one cup cream and pour over chicken. Sprinkle over all one tablespoon chopped parsley and place in 250-375 degree oven. Bake uncovered for one and a half hours. This is not only delicious — its easy.

GREEN RICE

(Mrs. Wood says credit for this recipe goes to The Country Kitchen, Littleton, Colo., as reported in "Ford's Treasury From Famous Eating Places".)

Cook 1 1/2 cups rice. Saute 2 tablespoons finely chopped onion and 1/4 tablespoon minced garlic in 3 tablespoons butter or olive oil. Chop parsley fine and measure 1/2 cup. Mix rice, parsley, 1 cup milk, 1 teaspoon salt, 1 teaspoon (Continued on page 3)

MISS KATHERINE ACKER

Acker-Ruga Wedding In Louisiana Sept. 1

Mr. and Mrs. C. C. Acker are announcing the engagement and approaching marriage of their daughter, Katherine, to Abel Ruga of Opelousas, Louisiana.

The wedding will take place in Opelousas on Saturday, Sept. 1.

Miss Acker, who was born and reared in Hereford, is a graduate of Hereford high school and of St. Anthony's School of Nursing in Amarillo. She also attended Mount Saint Scholastica at Atchison, Kans. and the University of Texas at Austin. She has been a member of the nursing staff at Deaf Smith county hospital and at present is office nurse for Dr. R. R. Willis.

Mr. Ruga is the son of Mr. and Mrs. Henry Ruga of New York City. He attended schools in Hereford, Texas, Sunday, August 26, 1931.

Michigan and also attended Pasadena college, Pasadena, Calif. He is connected with a geophysical company in Louisiana.

Mr. and Mrs. A. Peterson left Friday for Lubbock to attend the graduation exercises of their son, Richard. While they are there they will visit in the homes of their sons and families.

Beauty at Home

By Lynn Carter

Q. How can I treat short, broken, or brittle eyelashes?

A. Abstain from lash coloring for a time. Tug them frequently and massage well, and anoint with cream. A little care will help.

Q. What is a good oily skin corrective treatment?

A. Sponge the face with equal parts of cologne water, witch hazel, and rosewater. Cut down on fatty foods.

Q. How can an illusion of length be imparted to a rather small face?

A. By parting the hair in the center, or very high. Wear it

short in a brushed upsweep. Shade the eyebrows in a narrow arch. Color the upper lashes and place shadow high on the lids. Wear rouge high on cheeks toward the outer corner of the eyes.

Q. What is an approved method of "squeezing" pimples?

A. Soften first by applying pads of cotton dipped in hot water, then gently press out the secretion without bruising the skin, and dab on some acid lotion.

Q. What exercise will encourage slimmer hips and fatter buttocks?

A. Lie on back, knees bent, feet flat on floor. Lift hips clear off floor and swing to the right. Then let weight fall on left buttock, bumping it three times fairly hard. Then swing to left and bump right buttock three times. Repeat from 10 to 20 times.

Q. What is a good hot-water beauty mask?

A. Crush a handful of fresh mint; blend it into a half-pound jar of cold cream and beat until fluffy. Leave on the skin for five minutes. This is a wonderfully refreshing mask.

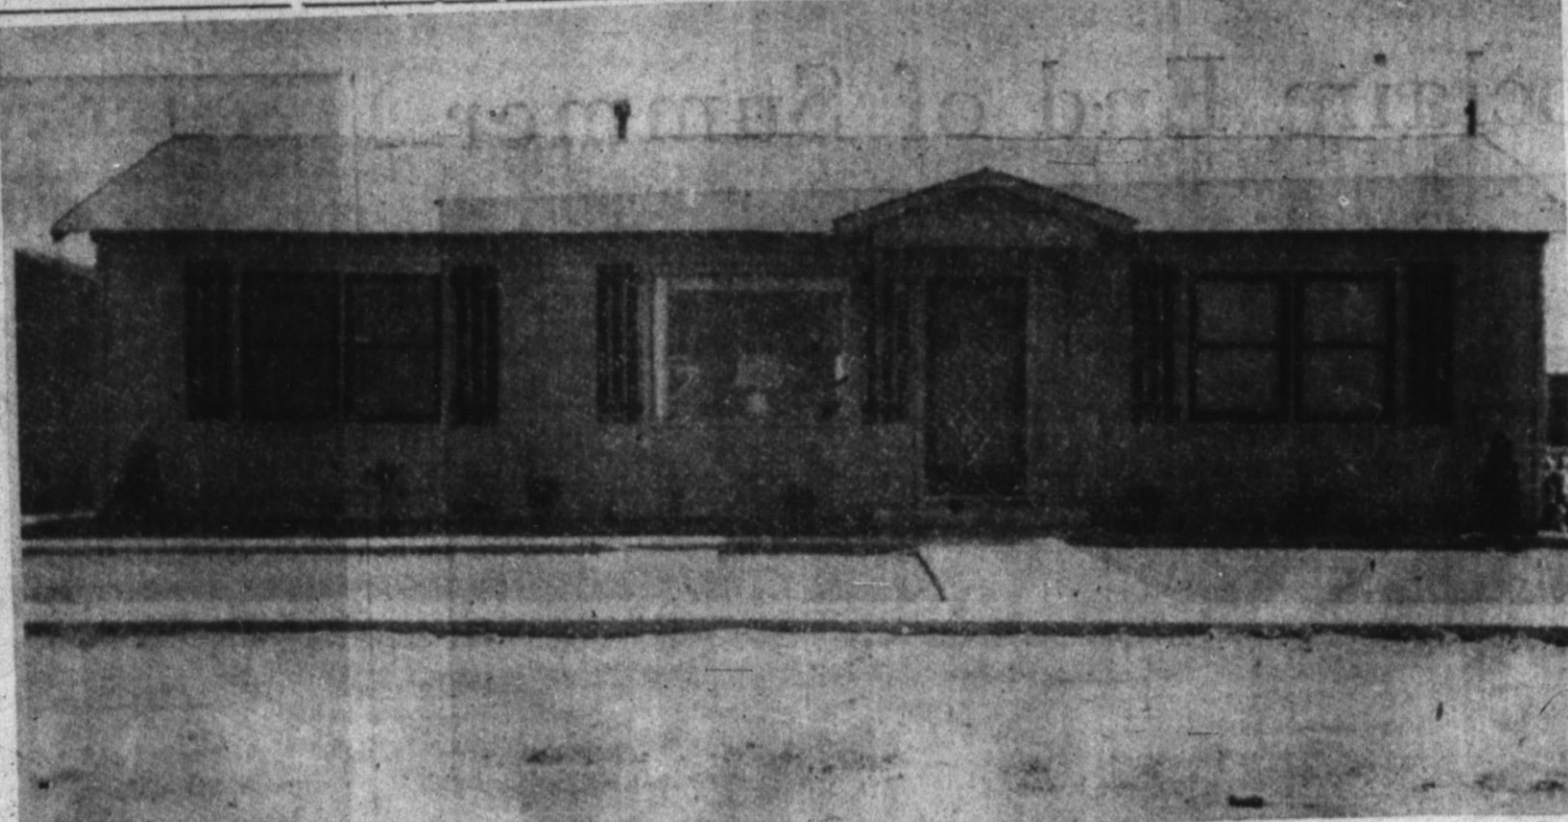

Q. How can I combat dry dandruff?

A. Massage is very helpful, accompanied by shampooing, combing, brushing, and running the fingers vigorously through the hair. One massage formula is: White Vaseline petroleum jelly, 3 ounces; castor oil, 3 1/2 ounces; oil of bergamot, 30 drops.

Q. What is a good trick for "setting" the face powder?

A. Take some very chilled cologne, dampen some cotton with it, wring out almost dry, then press it over the powdered face. When the cotton gets too dry, dampen it again as at first. This sets the powder and removes any pasty effect.

Q. Can you suggest a good

Young people have been one of her chief interests and she encouraged them, gave them confidence, and helped them to develop self-reliance.

Mrs. McCullough's philosophy of life is that each one has a job to do, a private responsibility, and the busier people are the more they get out of life. And she has applied that sense of responsibility in her teaching, in her church work, club work, and in her community interests.

In 1943, the McCulloughs moved to Amarillo, but seven years later returned to Hereford to build a new home on Texas Avenue.

Mrs. McCullough has been active in the work of the Baptist church practically all of her life. She joined the Hereford Garden club soon after its organization in 1937 and served as its third president. She continued with garden club work after moving to Amarillo and served as treasurer for the Amarillo Garden club. It was while she was Roadside Park Development chairman that the Amarillo club won the second prize of \$500 in The Better Homes and Garden "More Beautiful America" contest for improvements made in Thompson park.

She has served as treasurer of District 1, Texas Garden Clubs Inc. is a member of the Pioneer Study club, vice-president of her Sunday school class, and social chairman of the Ivy Miller circle.

In her kitchen, Mrs. McCullough spends hours trying out new recipes. She collects unusual recipes and loves to assemble the ingredients for flavorful and tempting dishes.

She collects antique pieces of glassware and plates and enjoys seeking out heirlooms in her family. Landscaping her home grounds will necessarily be her hobby for some time. She hopes never to leave Hereford again and she also hopes to continue her civic and church activities.

3700-Year-Old Farm Bulletin Gives Sumerians Sage Advice

Just to prove there's nothing new in this world, County Agent Hugh Clearman handed The Brand scribe an excerpt of an extension service administrative letter telling about a 3700-year-old farm bulletin.

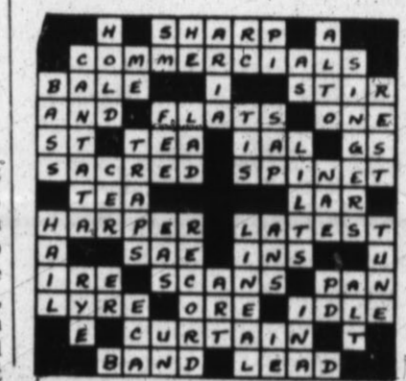

The letter told of the bulletin in this manner:

"Now and then extension agents come across some old stuff in their files, but I don't believe they can equal a report from Iraq where archaeologists have found a farm bulletin 3700 years old near Nippur. It was written in cuneiform script on a clay tablet in the Sumerian language. The Sumerians, who developed the first civilization which rose in Mesopotamia, were principally an agricultural people, with their religious capital at Nippur, 100 miles south of modern Bagdad.

"The bulletin makes some rather practical observations. It said, 'Keep an eye on the man who puts in the seed; have him put the seeds in two fingers deep uniformly.' On the day when the seed breaks through the ground, the farmer was advised to say a prayer to the goddess of the field mice and other vermin that

might harm the grain. Also, it was time to irrigate when the grain had grown so that it filled the narrow bottom of the furrows. The farmer was advised to take care least the grain, when ready for harvesting, bend under its own weight. The bulletin concludes with the words: 'Cut it at the right moment.'

The A. J. Walker family who live northwest of Hereford recently visited in the home of Mrs. Walker's parents, Mr. and Mrs. I. L. Turner of Norton, Texas. They also visited in the home of their daughter, Mrs. Ross

Ladd of Mineral Wells. David Dolyn McKinney returned to Walker remained in Mineral Hereford with her aunt and Wells for a longer visit. Gwen uncle for a short visit.

Canadian Farmer Spearheading Texas Drive for CROP Donations

The age of miracles is far from over. At least that's the story as far as Frank Shaller, Canadian farmer, is concerned. Here's why:

"I owe the Good Lord more than I can ever pay. I want to solicit contributions for CROP in the Panhandle and West Texas. Furthermore, 10 per cent of my 480 acres of wheat goes to CROP." The early freeze came. The greenbugs came. The drouth came. Frank Shaller, along with his Canadian neighbors, natu-

ally assumed that his crop of golden grain was now nothing but a mirage. But two weeks later miraculously enough the Shaller wheat was waving gracefully in the breeze, green and growing stronger. The harvest looked promising.

All across the Panhandle, farmers were bemoaning lost crops. Fields were barren but somehow the greenbugs only hit a few spots on the Shaller wheat. From the Frank Shaller farm,

CROP received 660 bushels of wheat which means life to a large number of children.

That is not all of the Shaller story. The farmers of Hemphill County have come through with enough wheat to fill a car, so Hemphill County is the first to send a car of wheat to the hungry in war torn nations.

Mr. Frank Shaller, now a member of the executive board of the Texas CROP Committee and the "Special Gifts" section, is seeking various commodity gifts—cotton, wheat, cattle, rice, and peanuts from generous farmers and ranchers of the Panhan-

dle and West Texas. These bulk gifts will be distributed to the world's destitute in various sections of the globe by CROP.

Church Women Conclude Series Of Programs

A series of meditations which have been conducted every week during the month of August by members of the Presbyterian Council of Church Women, was concluded Wednesday morning at a program given at the church.

Mrs. M. L. Simpson Sr. gave the program on "Where love is, there is fellowship with God and neighbors."

Miss Dorothy Guinn sang "The Love of God."

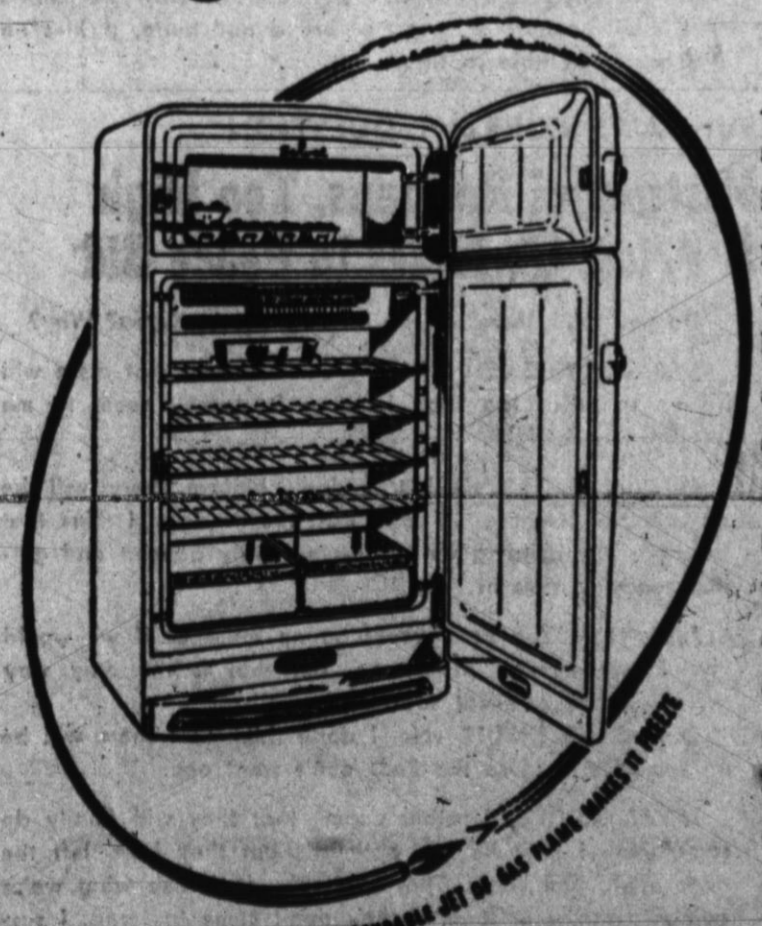

Meditations for the series were built around the theme, "Where Love Is". The first program was given by Mrs. Arch Conklin with special organ music given by Mrs. Clay Ridgeway.

Mrs. Fred Axe presented the second program of the series with Miss Louise Simpson presenting special vocal music.

The third meditation was directed by Mrs. Mary Carter with Mrs. Don Henslee presenting special music. Mrs. C. C. Ferguson served as program chairman for the series.

DEMPSSTER

NO. 21 LISTER TYPE FURROW-SEEDING MACHINE

You can produce healthy, profit-making plants with the newly improved No. 21 Dempster Deep Furrow-Seeding Machine, because it plants your seed deep down in the moist fertile subsoil. The 6 in. wide furrows protect the seed from winter-kill, soil-blowing and drought so it can germinate early into strong, sturdy plants.

You'll find it pays to investigate the lister type No. 21 Dempster Deep Furrow-Seeding Machine before you buy. Let us show you how the new adjustable run, feed box and packer wheels sow your seed for more successful plant growth, especially if you need to penetrate a tough, heavy stubble mulch in the seed bed.

The Dempster No. 21 Deep Furrow-Seeding Machine is an eight hole drill with furrow openers spaced at 14" apart. It is equipped with new adjustable internal run seed cup which combines the even flowing qualities of the double run feed and the adjustability of the fluted feed. This makes the machine a very satisfactory means for planting

small grains such as wheat, oats, barley, rye and all types of sorghum, beans and peas. Rows may be spaced 14", 28" or 42", as desired. When adjusted and operated properly this machine will give satisfactory service for many years.

RUSTY RILEY

by FRANK GODWIN

BOSS, I TOOK IT ON MYSELF TO GIVE RUSTY A SORT OF A LEAVE OF ABSENCE... I THINK YOU'LL PUT YOUR OKAY ON IT WHEN I GIVE YOU THE FACTS.

YOU'VE GOT ME CURIOUS, TEX... WHAT'S IT ABOUT?

YOU'RE GOING TO FIND THIS HARD TO BELIEVE, BUT THE FELLOW WHO'S LIVING IN THAT SHACK AT THE EDGE OF THE WOODS IS ACTUALLY "CATFOOT KENDALL," THE HARNESS RACE DRIVER!

YOU DON'T SAY! EXTRAORDINARY! I DON'T FOLLOW THE TROTTERS VERY CAREFULLY, BUT WASN'T HE INVOLVED IN A NASTY SCANDAL?

THAT'S RIGHT, BOSS... A DRIVER NAMED CORNY BOTTS WAS DRIVIN' A HOSS NAMED "POO-BAH" FOR GRASSY ACRES STABLES... HE AND CATFOOT KENDALL WERE NECK-AN-NECK WHEN A FORK OF BOTTS' SULKY BROKE... BOTTS AIN'T DRIVEN SINCE!

OH, YES... IT COMES BACK TO ME NOW... THEY FOUND THE FORK WAS PARTLY SAWED THROUGH, AND THEY FOUND A HACKSAW IN KENDALL'S KIT!

BUT WHAT'S ALL THIS GOT TO DO WITH GIVING RUSTY A LEAVE OF ABSENCE?

I WAS GITTIN' TO THAT... WE'VE GOT A HUNCH KENDALL WAS FRAMED... SO RUSTY'S GOT HIMSELF A JOB OVER AT GRASSY ACRES TO SEE IF HE CAN PICK UP ANY INFORMATION.

JEST ONE MORE THING, BOSS, AN' YOU'D BETTER HOLD YOUR HAT WHEN I TELL YOU THIS... THAT CUTE LITTLE GIRL OF KENDALL'S HID HIS WHITE MARE, "REINA BLANCA," IN A CAVE TO PREVENT HER BEING SOLD... RUSTY'S GOT HER IN WITH THOSE SADDLE HORSES!

WELL, BY GEORGE! THE LITTLE SCAMPS! BUT SOMEHOW I LIKE THE IDEA... I NEVER QUITE TRUSTED THAT MAN CRUM!

MEANWHILE AT GRASSY ACRES:

RUSTY, GO 'ROUND BACK OF MR. CRUM'S OFFICE AND PUT A COAT OF VARNISH ON THE SHAFTS OF THE SULKY IN THE SHED THERE!!

YES, SIR, MR. BOTTS.

AND... IN CRUM'S OFFICE A FEW FEET FROM THE SHED.

LISTEN, NICK... I'M GETTING FED UP WITH YOUR PANHANDLING... YOU WERE PAID OFF FOR THAT JOB, EVEN THOUGH YOU BUNGLED IT... BY RIGHTS YOU SHOULDN'T HAVE GOTTEN A NICKEL!

IT WASN'T MY FAULT, CRUM... YOU KNOW THEM SULKIES WAS EXACTLY ALIKE... AN' I DON'T THINK YOU'D LIKE ME TO TELL THE ASSOCIATION WHAT I KNOW, NOW, WOULD YOU?

OH, DOCTOR! THANK GOODNESS YOU'VE COME BACK! I-I'VE BEEN DUPED INTO POISONING MY OWN DAUGHTER AND KING!

QUICK! MAKE YOUR DAUGHTER DRINK THIS... I'LL TAKE CARE OF KING!

FATE ARRANGED THAT I SHOULD SEE A BOTTLE OF POISON IN JOHN'S GOWN WHEN I FLUOROSCOPED HIM! ON THE WAY HOME I GOT A HUNCH KING WOULD NEED AN ANTIDOTE FOR IT...

...I DIDN'T DREAM THAT THE INVALID WOULD USE IT ON KING AND YOUR DAUGHTER... LOOK! THEY'RE SNAPPING OUT OF IT!

THAT'S WHAT YOU THINK!

MANDRAKE

THE MAGICIAN

BY LEE FALK & PHIL DAVIS

ON EARTH NARDA'S ON TRIAL FOR HER LIFE, FOR THE MYSTERIOUS DISAPPEARANCE OF MANDRAKE AND LOTHAR --THE JURY ARGUES--

THERE'S NO EVIDENCE AGAINST HER-- NO MOTIVE--

NO TRACE OF MANDRAKE OR LOTHAR--NO WITNESSES--

BUT SHE'S PROVED SANE-- THEN WHY DOES SHE TELL SUCH A CRAZY STORY?

SHE'S INNOCENT!

SHE'S GUILTY!

SHE ISN'T.

SHE IS!

MEANWHILE, ON VENUS, MANDRAKE AND LOTHAR HAVE A SURPRISE, AS THE VENUSIAN PLANT MAN SPEAKS TO THEM.

YES, WE KNOW MANY OF YOUR EARTH LANGUAGES. WE'VE LISTENED TO YOUR SHORT-WAVE BROADCASTS FOR YEARS.

NO!

WHAT'S MORE, WE CAN ALSO WATCH YOU AT CLOSE RANGE FROM HERE.

I'LL BE DARNED! IF WE ONLY KNEW THE SECRET OF THIS!

ENOUGH TALK NOW. I'M HUNGRY. WON'T YOU JOIN ME FOR LUNCH, AS YOU SAY?

EAT?!

SEE THAT, LOTHAR! BEING A PLANT INSTEAD OF FLESH, ALL HE NEEDS IS SUNLIGHT AND WATER! HE DRINKS WITH HIS FEET!

BUT ME NO PLANT. NO DRINK WITH FEET! WANT TO EAT!

Hmm-- WHEN IN ROME, DO AS THE ROMANS DO, LOTHAR.

JOHNNY HAZARD by FRANK ROSS

RELAX, BABE, HE'S ONLY READING SOMETHING! YOU'RE LETTING YOUR IMAGINATION RUN AWAY WITH YOU!

SURE, BUT WHAT HE'S READING IS THE MUSIC SCORE TO THIS CONCERTO... AND I DOUBT IF HE'S THAT MUCH OF A MUSIC LOVER!

JACQUES-JACQUES OPENS HIS CONCERT WITH A CONCERTO THAT BRANDY RECOGNIZES AS BEING FAMOUS FOR ITS CRASHING FINALE! AS SHE TELLS JOHNNY THAT THE FORTIGGIMO WOULD MAKE A PERFECT COVER FOR A PISTOL GUN IT, SHE SPOTS MR. MAJOR IN A BOX, AVIDLY READING...

IF ONLY WE COULD WARN JACQUES-JACQUES! CATCH HIS ATTENTION!

DON'T LOOK NOW, BABE, BUT SEEMS WE'VE JUST CAUGHT SOME ATTENTION!

HOW LONG BEFORE THAT CRASHING FINALE, BRANDY?!

NOT TOO LONG NOW, JOHNNY... OH, WHAT ARE WE GOING TO DO?! WE CAN'T LET HIM BE KILLED!

AS THE COPS CLOSE IN ON JOHNNY AND BRANDY, JACQUES-JACQUES CONTINUES TO PLAY, UNAWARE OF THE DRAMA THAT IS BUILDING UP AROUND HIM...

AND HIS MUSIC ROLLS ON, EVER NEARER THE FATAL FINALE...

AND IN HIS BOX, MR. MAJOR NEVER TAKES HIS EYE FROM THE SCORE! HIS FOOT BEATS TIME AND HIS WHOLE BODY TENSES TO KEEP THE CORRECT RHYTHM OF THE MUSIC...

THE ENTIRE ORCHESTRA RIVETS ITS ATTENTION ON THE SWEEPING BATON OF THE CONDUCTOR AS HE RAISES IT TO SIGNAL THE... FINALE!

JOHNNY! NOW! THIS IS IT!
