Water Use High, Ask Saving; No Further Danger

Hereford had a critical day for the municipal supply for one day only this week—Tuesday.

A radio appeal was made to residents, according to S. O. Wilson, mayor pro-tem, to go easy on lawn watering and general water use for the day to build up the city's supply.

Mr. Wilson said that water use was greater than was being pumped on Monday and Monday night. He attributed the temporary shortage to the extreme spell of hot weather and to the amounts being used by potato processors.

The spud sheds will be through with their major need for water by the week-end, they have assured Mr. Wilson.

On Monday night, the water supply was so low that it wouldn't even flow in some areas of the city, he said, so the appeal over KPAN to conserve water.

"There is no shortage, no breakdown in equipment," Mr. Wilson told The Brand. He added that Hereford would have to drill more wells in the fall to take care of the expansion demand.

A six-inch line is being laid south of the railroad tracks at the new N. D. Bartlett building. There will be increased vegetable activity in that area, Wilson said.

The city had a rough time of it Monday, but the emergency has passed and there is no further danger, the city assured the community.

The members of the awards

Deaf Smith county's tax rate for the coming year was set at \$1.35 per \$100 valuation by the Commissioners Court on Monday.

This is an increase of 3c over the 1952 rate. The difference is due to a new 3c taxation by the newly-created High Plains Water District No. 1, which the county will assess and collect.

County Judge Leonard H. Foster said that the estimated county property valuation would be about \$12 million. Actual property valuation in 1952 was \$11,891,478, when the \$1.32 per \$100 tax rate raised a total of \$156,967.51 for the county.

The tax roll is not yet completed by the office of the tax assessor-collector, Judge Foster said, so the \$12 million estimate was the basis used in allotting money for the various funds.

Taxes will be broken down into 98c for general purposes and 37c for the county road bond fund.

Walcott District
Included in the county tax structure, although not a part of the overall levy, is the tax levy for the Walcott school district, \$1.20 per \$100 for the school and 30c for interest and sinking fund.

On a property valuation of \$1,726,528 in the district last year, this levy raised \$25,897.19. Judge Foster said the levy would not be increased and the property valuation would "not change much."

The new tax structure will need money for an allotted 1953 budget of \$127,210, including the water district funds.

The tax levies and amounts budgeted for each fund are as follows:

- Levies, Yields**
Jury fund, 3c—\$3,300; Road and bridge fund and road and bridge special, 30c—\$32,800; General fund, 36c—\$39,390; Hospital maintenance, 6c—\$6,560; Hospital interest and sinking fund, 15c—\$16,400; Permanent improvement warranty fund, 4c—\$4,370; General improvement fund, 1c—\$1,100; County road tax, 37c—\$40,900; and High Plains Water District, 3c—\$3,300.
- Poll tax of 25c will be added when collected.

DAWN NEWS

Dawn Soldier Is Stationed 20 Miles From Suwon, Korea Port

By Bertha Frye

The H. H. Millers received word from their son, Pat, saying he arrived in Japan on July 3, and is now 20 miles from Suwon, Korea. He is an air compressor operator attached to the Far East Air Command.

Johnny McBroom of the Daniel community spoke at both morning and evening services at the Dawn Baptist church Sunday, while the regular pastor is on vacation. A group of young people from Dawn attended the 50th anniversary of the Palo Duro church in the Daniel community Sunday. They were: Dora Airhart, Wanda Sue Wimberley, Emma Jernigan, Irene Galley, Manuel Beavers, James Airhart and Rod York.

Reverend and Mrs. Paul McClung and son, Kenneth, are vacationing in California. Mrs. McClung's brother, who has been visiting here returned to California with them.

Visiting in the home of Mr. and Mrs. Lloyd Bentley last week were Mrs. Inez Chandler, and daughters, Fern and Shirley, of Dumas.

Mr. and Mrs. Alfred Smith and children spent Sunday at Hale Center visiting the W. C. Huffs, who formerly lived at Dawn.

Jim McCabe made a recent trip to South Dakota and Wyoming.

Miss Bertha Frye spent last week in Amarillo.

H. S. Fuller spent several days last week in the Neblett hospital at Canyon, due to a bad throat.

Miss Vera Crawford of Canyon, who is spending some time in the H. H. Miller home, had as callers Sunday, Dr. and Mrs. E. J. Cundiff of Canyon, Claude Crawford and daughters, Mrs. Bob Brooks, Mrs. Clarence Gelman and son, Clarence, of Amarillo.

Miss Camilla Olsen of Amarillo and Marvin Olsen of Gruver were Sunday visitors in the H. H. Miller home.

Mr. and Mrs. C. C. York and son of Amarillo were Sunday guests in the Walter Galley home.

Mrs. E. Thurman Sr., who has been visiting in the home of her son-in-law and daughter, Mr. and Mrs. Glenn Caraway, returned to her home in Dublin last Sunday.

Mr. and Mrs. Baker Womble, Mr. and Mrs. H. E. Miller and Mr. and Mrs. Jim Block of Hereford made a week-end trip to Trinidad, Colo., where they visited the Fred Fain family, who formerly lived near Dawn.

Miss Wanda Sue Wimberley returned home after visiting her uncle and aunt, Mr. and Mrs. Aubrey Wimberley, in Wichita Falls. Returning with her was her cousin, Marilyn Wimberley, who

Lose Recruiting Office Here As Funds Slashed

Hereford—along with seven other Panhandle towns—is losing its "permanent Army and Air Force recruiting officer in an economy drive brought about by a Congressional cut in all service recruiting.

The Amarillo station, of which the Hereford office is a branch, faces a cut of more than 50% in personnel before August 31. Sgt. R. A. Bills, local recruiter, moved his office this week and will be assigned to the Amarillo office.

Offices facing similar closings are at Littlefield, Plainview, Borger, Dalhart, Spearman, Perryton and Tuscumbia.

All recruiting for the Army and Air Force in this district will be done directly through the Amarillo main station.

Three Hereford youths were the last recruits sent by the local office to the Army. They left on Monday.

They were:

Virgil Kelley, son of Mrs. Verla Kelley, who enlisted in the Airborne for a three-year period. He left Amarillo on Monday for Fort Riley, Kans.

Billy Parvin, son of H. C. Parvin, enlisted in the Army for three years and left Amarillo on Monday for Fort Sill, Okla., and further assignment.

Ebb W. Martin, son of Mrs. Bonnie Martin, left Amarillo Monday for Fort Sill and further assignment. He enlisted in the Army for a three-year period.

Three Students From Hereford At H-SU Camp

ABILENE—Three persons from Hereford are enrolled in the 13th annual music recreation camp at Hardin-Simmons university, Director Marion B. McClure has announced.

Lewis Biggers, a student at Hereford high school, is the son of Mr. and Mrs. A. G. Biggers; Joe Bill Wills, a student at Hereford high school is the son of Dr. and Mrs. R. R. Wills; Gall Biggers, a student at Hereford high school, is the daughter of Mr. and Mrs. Alton G. Biggers.

Earl O. (Pat) Arsen of San Antonio is chief clinician for the school. Nearly 100 persons have enrolled from Texas towns ranging from Uvalde to Plainview and Pecos.

Butler, Neill Win Putting Tourney Friday

Joe Butler and Loyd Neill took first place in the Scotch putting tournament last Friday in a nine-hole medal playoff after having tied for first with Dr. J. H. Chaner and J. H. Brooks. Both twosomes were tied with scores of 73.

Joe and Loyd received two golf balls each as winners and Runners-up Chaner and Brooks one ball each.

J. M. Posey and Joe Kerr took the third place and prize of one ball each by defeating Urlin Streu and Bob Tilson in a nine-hole playoff. They, too, tied with 74's. Streu beat Tilson for the ball for fourth

place.

Other players and their scores were:

F. M. Cogdell and Pat Kerr, 76; Truitt Johnson and Joe Roland, 80; H. A. Lamm and John McClesky, 76; J. A. McWhorter and Bill Miller, 76; Lewis Wilkerson and Robert Lamm, 85.

In the ladies' division, there turned out to be one lady too many and one man too many in the men's division, so Ray Hardy and Helen Ann McWhorter teamed up. A coin was flipped to see whether they played in the ladies' or mens' division. The ladies' division won.

Hardy and Mrs. McWhorter took first place with 76. Ray forfeited his ball to another of the lady contestants and Mrs. McWhorter won a ball for her half of the winning duo.

Second place went to Lucille Posey and Jean Streu with an 85.

Each received one ball. Third place was won by Mrs. Marie Cogdell and Mrs. Ruth Tilson with an 87. Each received one ball.

Other ladies and their scores were: Mrs. Genevieve Guseman and Rowena Posey, 89; Mrs. Pat Loerwald and Mrs. Ray Hardy, 92.

Pro Bud Posey said the next putting tournament, to be held Friday night, will be a 36-hole medal play affair, starting at 8 p.m. with a ladies' and mens' division. Entry fee is 50c.

Miss Beverley Barkley and her brother Dale left Monday for Seattle, Wash. Miss Barkley plans to make Seattle her home and Dale, who is on leave from the U. S. Navy, will visit his mother, Mrs. Phillip Barkley, who is spending the summer in Seattle, before returning to his base in California.

Stanford To Voc Ag Meet August 4-8

Bill Stanford, vocational agriculture instructor for Hereford high school, will attend a bi-area Summer Vocational Agriculture Teachers conference in Lubbock August 4-8.

Five West Texas counties will be represented. Stanford said there will be speaking, panel discussions, committee work as well as setting up the policies and plans for the organization during the coming year.

Mr. and Mrs. W. E. Hawkins of Lamesa were visitors with his mother, Mrs. B. A. Atchley, last week-end.

Will Undergo Serious Operation

FRIONA—Mr. and Mrs. J. C. Knight and Junior left Friona Sunday for Dallas where Junior will undergo a very delicate operation.

It is understood that the doctors will go near his heart, remove an artery and replace it with one from an accident victim.

The Knight girls, Mary and Martha, are staying with Mr. and Mrs. Eugene Bandy, while Gail and Vickie are with Mrs. Knight's sister and her family near Hereford.

Mrs. Pearl Kinsley and Mrs. Mary V. Heitzman, her cousin of San Jose, Calif., spent 10 days at Hot Springs, N. M. White Sands and Ruidoso, N. M. They visited Carlsbad Caverns enroute home.

Just a word of thanks to the people of Deaf Smith County for the opportunity to serve as your County Treasurer, and tell you I shall continue to give my best to this job.

A Word Of Appreciation

I wish to say "Thank You" to every person who voted in the primary Saturday. To those who voted for me, I am deeply grateful and promise you that I will do my best to merit your confidence. To those who did not, I am sure that you acted according to your best judgement which is an American privilege.

I hold no malice or ill feeling toward anyone and I now want to tell you that it will be my purpose to serve the entire county to the best of my ability, without favor or prejudice... and that I will do my best to make the kind of Sheriff and Assessor-Collector you want and deserve to have.

I have enjoyed seeing and talking to the people very much and know that I can count on your cooperation, which in many cases, makes the difference in how well a public servant can do his job.

Again, may I say Thanks to each and every one of you, who have bestowed upon me, your trust and confidence.

Sincerely, LOWELL SHARP

By JIMMIE GILLENLINE

There has been a lot of talk during the past three months about "cleaning out the courthouse"—and that's just what happened. J. T. Guinn was re-elected commissioner in Precinct 3, and he was the only incumbent who won a contested race.

Hear a lot of folks saying the same thing is going to happen all over the country, but it sure didn't in the state office. Allen Shivers retained a strong plurality for Governor and former Attorney General Price Daniel stepped away ahead in his race for the U. S. Senate. As to what will happen nationally, only time will tell.

The boys at Amarillo are worried, but plenty. Potter county polled around 7,000 votes last Saturday as compared with almost 3,000 for Deaf Smith. Some of the boys are beginning to wonder if this vast difference is going Republican and chose not to vote in the Democratic pri-

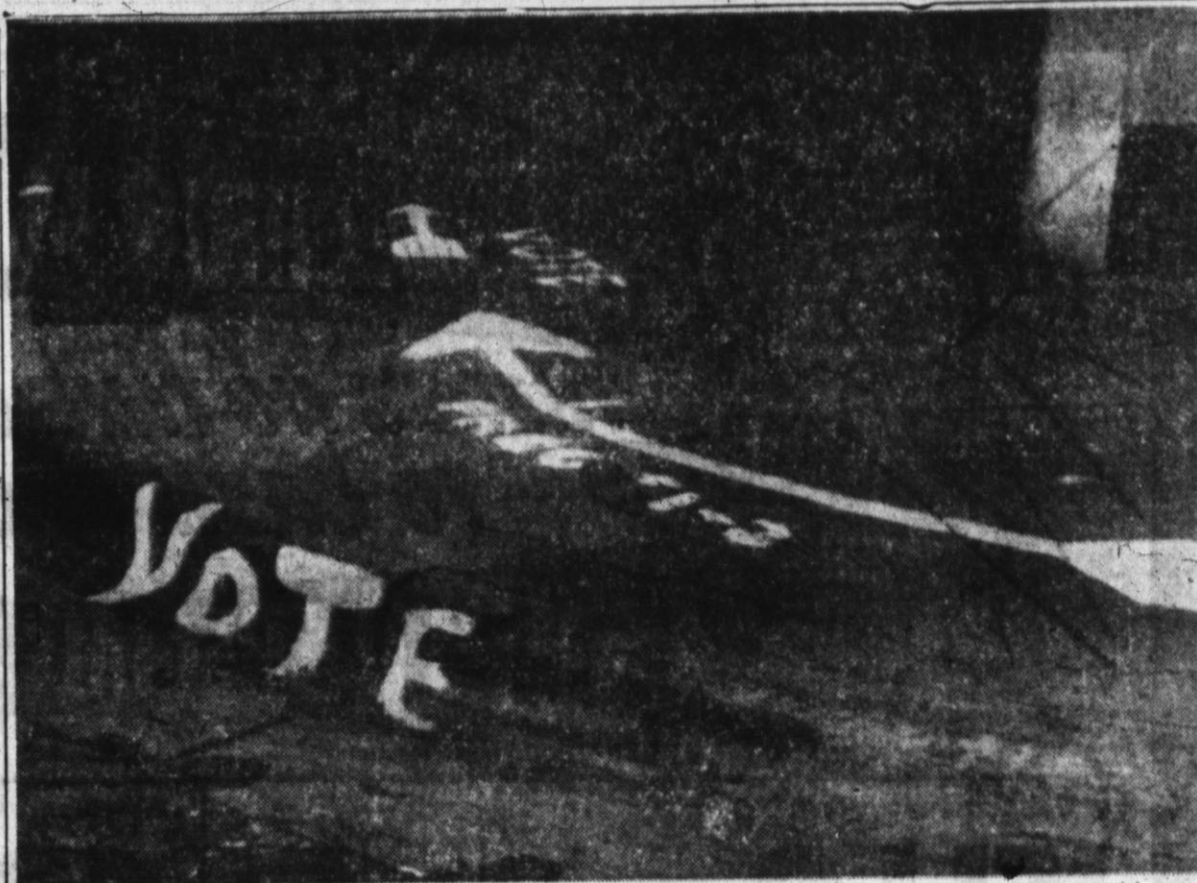

mary. Texas, incidentally, is in much the same "shape"—over a million votes failed to be counted in the Democratic primary last Saturday. What has Amarillo Demos on edge is the fact that the State Democratic meeting is slated there, and if the county went Republican their faces would be a shade red.

Grapevine rumors have it that the Republicans may put out a local candidate ticket for judge, clerk, sheriff, etc., in Hereford on the general election in November. Understand that the county committee can do this, if they desire. It is probably a lot of talk, but it could happen. It sure could.

F. J. Axe has established a record of some sort. At least, it seems to me that it should be a record. Mr. Axe voted at the Frio box in Castro county last Saturday on his 75th birthday. Furthermore, he has voted at that very same box every election for the past 50 years. Once before he cast his vote on his birthday; 1912 it was to the best of his recollection. He cast his first ballot at Frio in 1902 in the old school building and, although a new building has been constructed, it is on the same old tract of land. The same goes for J. E. Andrews, the election judge at Frio. Mr. Andrews has been election judge right there in that same precinct for 25 years and for the past quarter of a century has handled Mr. Axe's vote.

The Brand salutes both of these fine men. They are typical of the foundation which made America the world's leading country. For over half a century Mr. Axe has seen history unfold: war, pestilence, drought—high prices, booms and intervals of peace. He has seen presidents and kings step into mighty roles, then fade to oblivion. Yet, he always voted and spoke his piece, right or wrong, for an ever-growing nation and its democratic way of life.

On the heels of this news came a brief visit from Lt. Clifford

VOTE-VOTE-VOTE-VOTE was written all around Hereford on Saturday as the Jaycees and the "Ballot Battalion" got out the vote drive. They did, too, with a record 2900 plus casting their ballots. Staff Photo.

Estes, who is recently back from a long overseas station in Germany. Clifford holds a warm place in our hearts because he used to be a Brand delivery boy. He has helped to make a lot of history since 1937 and 1938 when he trudged the streets with his paper sack. I remember that John used to tag along behind Clifford on the route, and sometimes it made Clifford a little bit sore. Much like modern times, however, was the breakfast food top deal. John saved sufficient tops and sent them in to Orphan Annie with a dime and got a "pedometer" to measure how far he walked. One day he came into the office all out of breath and said, "I figure Clifford oughta get a raise." We asked him why and he took the gadget off his leg, showed the mileage he accumulated while following Clifford around the route.

As I recall it, we held a council of war and Mrs. Seth Holman, then publisher, gave Clifford and all the rest of the boys a slight raise. In fact, it started a spiral that still hasn't stopped. So when you get mad about high prices, just blame John Estes and his box top deal back in 1939.

Clifford was always interested in fishing and he was telling me the other day what a swell time he had fishing for trout while

stationed in Germany. Clifford says it is nothing to snag 16 and 17-inch trout and that the Germans literally fish for sport almost always releasing the big ones. He says just before he left he got into one of Hermann Goering's private streams and caught some three and four pound trout, mostly German Browns. Goering, he says, was quite a fly fisherman and was responsible for bringing the Rainbow trout into Germany. Clifford says they are doing well, too.

An apology. If you called The Brand office for election returns Saturday night and someone happened to be curt, please forgive us. It was a terrific strain—and we were trying to keep the phone lines open to collect calls from county boxes and from over the district. Time after time, people turning in vote counts reported they had to call 10 or 12 times to get through to The Brand office. Everyone was under tremendous pressure. We sponsor these returns at considerable expense as a public service and we want to help get them—and I sure hope no one got their feelings hurt. Next time please, please look at the election board and don't call before 12 o'clock. It sure messes up things for everyone, including 600 or 700 people who are standing out in front watching the board.

Sam Nelson, Dick Lucas and Bill Patton helped us—and without them we never could have handled the returns. These boys did a wonderful job. We just provided the facilities—and I think they deserve a big hand and a pat on the "back." The Jaycees volunteered all the help we needed, but too many people sometimes add to the confusion. The Brand staff also did a good job. It was close to 4:30 Sunday morning before the last paper rolled out—and there was not one single complaint or grumble. Lee Rogers did not get through with distribution until well after 12 the next day—and he never did go to sleep Saturday night.

Jack Bradley says plowing is a lot easier than sitting in the national convention in Chicago. Jack says the taxi drivers were quite talkative and they told him that the Democrats were OK, but that they dodged the Republican delegates after the first day or so. He said it was because the Republican tips were so small, but the Democrats were much, much more liberal. The tips were good and the taxi drivers were satisfied. Jack said that the drivers almost demanded a 20 percent tip on every ride. He said he gave one a quarter on a long \$2.00 ride and the driver said, "Bud, if you need it that bad, just keep it. Maybe you're worse

off than me." Jack said he just stuck the quarter back in his pocket and walked off. He figured maybe the driver was right.

After listening to some of the antics during both conventions I was most curious as to whether they sold beer in the convention hall. Jack says, "Yes, sir, and plenty of it, too." No hard liquor, though, the delegates have to walk across the street to buy hard liquor—and he says lots of them did, but they were probably in the minority. He is still mad about the morning he decided to splurge and eat breakfast at the Conrad-Hilton hotel. Finally he got served and as the waitress put the plate down he saw two big flies light on his eggs. All in all, he sounded mighty glad to get back home.

FFA Boys Plan Colorado Trip

Hereford's Future Farmers of America chapter members will take an extended educational tour into Denver, Colo., area during the week of August 11, according to Bill Stanford, chapter advisor.

The group held a meeting on Monday night, voting to make Denver the site of their fourth annual excursion.

Twenty-five indicated they wished to go on the trip at Monday's meeting, their advisor told The Brand. The group will leave by truck, visit Colorado Springs; tour the U. S. Mint in Denver; spend a few days in the mountains camping at Estes park. The boys will prepare their own meals, Stanford said.

"Aside from having an enjoyable trip," Stanford commented, "anytime the boys see something of educational value, we will make it a point to go through."

Democratic Convention Delegate Reflects On His Experiences

By Jimmie Witherspoon
Convention Delegate

I am sure of one thing and that is that the delegates are happy that the conventions are over. The delegates pay their own expenses and in addition pay the Texas headquarters expenses at the convention.

To keep up with everything that is going on at a convention is a 24-hour a day job. The caucuses are held during recess times, which on a good many occasions is between 2 until 11 in the morning when the convention is in recess.

One of the interesting things of this convention was the fact that the North was determined to not over in its platform the FEPC and the national ownership of the Texas tidelands. The questions concerning the seating of the Texas and Mississippi regularly elected delegates involved these principles. Virginia, South Carolina, Georgia and some of the other Southern states were on the side of the regularly elected delegates from Texas and Mississippi. They had no contested delegates and therefore were not involved in the first fight for the seating of the Texas and Mississippi delegates except on general principle, which was behind the scene and was the real issue.

Texans Hold Together

If it had not been for the Texas delegation, all of these Southern states would have either walked out or been kicked out of the convention but it was the consensus of opinion of the majority of the members of the Texas delegation that these states should stay in and do the best that could be done in connection with these principles and the result was that in the end the platform of the convention was watered down considerably and was not in near so strong language as it started out, although it is interpreted by New York and the Northern states as being a platform in favor of FEPC and the national ownership of the tidelands.

Winning their fight to stay in the convention by compromises on the demand for the pledge which New York and the Northern states insisted upon in addition to obtaining some concessions on the platform at least in the language, it also defeated Harri-man and Kefauver, both of whom were strong liberals and New Dealers and Fair Dealers, for the nomination and resulted in a compromise candidate in Governor Stevenson.

Texas and the Southern states did not sign the pledge which New York and some of the Northern states, including Tennessee were requiring. They only agreed that the nominees at the national convention would be on the ballot some place some way so that all the people would have the chance to vote for whomever they wanted to vote for. The Democratic party in the Southern states is still in control of the Democrats in those states without their having to give up the principles which they stand for and believe in and this same thing is true with New York and all the

states. I believe that with the advent of television that we are going to have a lot more accurate newspaper reporting and that the people will know what is going on more than ever and with this knowledge they can and will be more likely to determine the national policies than they have been able to in the past.

Rayburn Influence

There is no question but that Sam Rayburn had a lot of influence at the convention in keeping the North from kicking the Southern states out of this convention. The rumor was that President Truman favored the Maverick delegation, Franklin D. Roosevelt Jr., had a lot more influence in this convention than anybody realizes and he will certainly be an individual to reckon with in the future. Jim Farley had little, if any, influence with the New York delegation while Roosevelt apparently had the New York support solidly behind him. He is a good trader and when he sees he has lost, he can jump on the other side quick.

The influence of the Texas delegation and of the other Southern states was by virtue of their solidarity within the respective delegations and their solidarity with each other. The fact that they were not defeated enabled them to exercise this influence.

The convention unquestionably had that the speeches of Vice-President Barkley and Governor Stevenson's acceptance of the nomination were the two outstanding speeches made. One reason, however, that they went along with Barkley was the fact that he was not running for anything at the time he made his speech and of course for Stevenson was the fact that he was the nominee at the time he made his speech.

Speeches Don't Sway

There was not a great deal of boozing at any time. But, one thing that is outstanding is that no speech at a convention is going to convince anyone of anything. The only way that you could convince anyone of anything would be to talk to some one individually and personally and at least you could have an audience and a listener.

I don't believe really that the individual delegates from the delegates from the North and West understand what is involved in the Tidelands legislation and neither do they really understand what is involved in the FEPC and other planks. Television may enable the speaker to make an appeal on an individual basis and may bring about a better understanding of what is involved in these as well as all principles. It is a lot easier for an individual sitting in his home to be influenced by the reason and logic of a speaker that he can see and where uninfluenced by a desire to argue and carry his point for a group seated with and around him with whom he has already predetermined something without the facts, which is the condition under which most delegates approach a convention.

warming the bench

By Wally Knief

Sitting up with election returns Saturday night kept this oracle from attending the weekly Lions club wrestling matches, so any observations from that quarter of Hereford's sporting world will have to take a back seat for this week.

Maybe it'll be a welcome rest. We'll see what the public says about it.

SOFTBALL—

We wrote this week to another season of organized softball play in the hands of the Hereford Softball league. A good year it was, too.

There were many fine teams entered in the league, lots of breaks, good and bad, for all the teams. One of the biggest mysteries to the fans who watched the Hereford Softball league this season was the mediocre record of the Knights of Columbus, who have one of the FINEST ball clubs in the league, bar none.

Even Manager Hub Homer is at a loss to explain it. While keeping what we called official score for the games this year, we have had an opportunity to weigh the mechanics of these teams more than the average fan. A strange fact was that the KCs, a fifth place team in the league, had MORE ERRORLESS games than any other team in the league. They also hit a lot. We predicted great things for them—greater than fifth place, certainly.

Going down their roster, there are two places—at the most—where a change in personnel with any team in the league would make the KCs stronger either defensively or offensively.

This isn't opinion, it's fact. They had a smooth infield and an outfield that made the hard ones look easy. They had two of the finest pitchers in the league in Walterscheid and Tommy Albracht. Albracht, with confidence and control, could whiz 'em by ANYONE in the league. If he works at it, no one will be able to touch him in the league in 1953, and the Knights of Columbus will be THE TEAM to beat.

At the beginning of the season, we made a LOT of predictions, but they were about as accurate as our political predictions. Team

by team, here are our views after the close of the season:

HEREFORD HARDWARE — Overpowered all the teams in the league. They hit and hit hard. Their favorite strategy was to jump off to an early lead—which they usually did—and then keep them on edge throughout the game. They usually did that, too. They could explode at any time. Hereford Hardware went through the entire year without using their star pitcher, Dub Hair, who really set them down in 1951.

Blue Turpin did a fine job on the mound for the HH team. The league winners were the proud owners of probably the best infield in the entire league. The outfield was solid at all times, too.

SUMMERFIELD — Should've given Hereford Hardware a lot of trouble. They have an excellent infield, fine pitching and a good outfield, anchored by Leroy Suttle. They gave HH the most trouble of all. Could've easily been the league winners. Perhaps the answer to their trouble was that too many of their players worked too long and hard on the farms during the day and then tried to play a strenuous game after dark.

DAWN — Another good team that could explode at any minute. They proved to be the thorns in the side of the leaders and second-runners. Good pitching, good infield, good outfield. Why didn't they win? They all three can't be in first place.

ROCKY'S — Had quite a few personnel changes this year, but still ended up a hard team to beat. The biggest fault in the race was "blowing up" once they got off balance. Were troubled by a lot of errors. David Miles developed into one of the steadiest pitchers in the league. Burdine fit in good with the Rocky team, filling in at short or outfield. Dub Sparks played spottish ball in the outfield and was also a terror at bat. The Rocky outfield was good. The infield was, too.

They played a lot of good ball, one of the best bunting teams—next to Hereford Hardware—in the league. A team of many good players that didn't weigh up into as good as they should as our political predictions. Team

Funk, Gardini Thumbed In Wild Bout Saturday

A catch-as-catch-can judo match between Umberger's Dory Funk and Kinji Schibuya, the world's second-ranking judo wrestler, proved to be quite a crowd-thriller at the Bull barn on Saturday night.

Dory, before the night was over, injected a little of that famous American ingenuity in trying to get his man and was thumbed out, but not before he brought the crowd to its emotional pitch with some good alley-brawling.

Main Event
Dory and Kinji were the main eventers of a three-bout card that pitted Chris Balkes of Logan, Ohio, against the "Little Flower" Benito Gardini of Milan, Italy, in a one-fall, 20-minute affair. The second match, the semi-

windup, was a two-out-of-three fall event for 45 minutes between Johnny James of Los Angeles and Ace Freeman, popular Bronx Bouncer.

In the first match of the evening, the rotund "Little Flower" wilted 10 minutes into the bout by disqualification. He got too energetic and tried to slam his way through the match with the newcomer, Balkes. Benito would slug, choke and run, never coming to a solid wrestle.

Referee Gene Blackley finally

gave the nod to Balkes.

Clean Match

Johnny James and Ace Freeman, both popular wrestlers here, met in the second event to a draw, each with a lone fall. The bout was good and clean, with never an illegal blow being struck.

The first fall of the bout went to James in 20 minutes after he put Freeman out of commission with a two-legged crab.

Freeman took the second fall to even the match but putting a (Continued on page 2)

HH Cinches Top Spot In League

Hereford Hardware copped the Hereford Softball league title for 1952—the second year in a row—by downing the Dawn nine at Vets park Monday night, 12-3. The league winners ended the season's play with an 11-3 record.

In the first game of the night Monday, the Knights of Columbus swamped Rocky's, 20-3, on a neat one-hitter turned in by Tommy Albracht.

The nightcap gave Hereford 12 runs, 12 hits and a pair of errors. Dawn had three runs, eight hits and four errors. Blue Turpin toiled on the mound for the winners—turning in a good job—and Bill Howard was behind the plate.

Dawn sent their old standbys, Walt Lemons on the hill and Edd Lemons behind the plate, into the battle.

Hub Homer sent KC battery Tommy Albracht to the mound and Vince Walterscheid behind the bat. Albracht yielded a lone hit—a double to Burdine in the fourth—throughout the entire five-inning contest. Albracht, a speedy lad, struck out nine and was plagued with 10 walks. Most of his wildness came when it didn't hurt, but he walked in his only run given up.

Burdine, managing the Rocky nine, used three pitchers—Starter David Miles, Carl Hutchinson and Rocky Lee. Albracht went all the way for the KCs.

The winners in the first game got two in the first, eight in the third, nine in the fourth and a loner in the fifth. Rocky's picked up its trio of tallies in the fourth.

Hereford Hardware, in their nightcap contest, got three in the first, two in the fifth and seven in the sixth. Dawn's runs came in the sixth.

State Asks Federal Zoning For Waterfowl, Recommends Season

AUSTIN—The Texas Game & Fish commission Friday voted to renew its efforts to persuade the United States Fish & Wildlife service to zone Texas for duck and goose hunting.

The commission recommended that, should the zoning plea fail, the waterfowl season in Texas open October 31. It is recommended that, if the state is zoned for waterfowl, the season open in the north zone October 31 and in the south zone on November 21.

The commission, in considering hunters' preference for the seasons, reported "a surprising amount of sentiment" in South Texas for an early November waterfowl opening.

The executive secretary of the commission pointed out that while the duck bag limits may not be increased from the five a day and 10 in possession of last year, that the improved, waterfowl conditions might warrant a longer season. Texas had a non-zoned 50-day waterfowl season last year, beginning November 9 and ending December 28. He will personally take the Texas zoning appeal before the Fish & Wildlife service at a meeting in Washington August 5.

The commission recommended that the federal authorities who also set dove hunting regulations designate the opening in the north zone of Texas for September 1 as last year and designate the opening in the south zone for October 1, with shooting restricted to 10 afternoons only. The south zone season opened November 15 in 1951.

The commission recommended a white-winged dove season for the Rio Grande Valley for September 12, 14 and 16. Regular shooting hours of 4 p.m. to sunset would prevail with a 10-bird limit. It decided not to open the antelope season in the Big Bend country because two dry years have reduced the herds.

Other seasons in the 9-county area west of the Pecos, over which the commission has regulatory authority, were authorized on the same basis as last year. The hunters were allowed to take one male deer, blacktail or whitetail, from November 20 to November 25, inclusive, and to take 12 quail a day or have 36 in possession during the month of December only.

The commission made only one change in the 28-county Pan-

 two-legged crab on Johnny in nine minutes.
 Both men were picking themselves off the canvas when the final bell ended the fight after 45 minutes.
 In the main event, Schibuya won the toss and chose to wrestle the first fall with judo jackets. The world's second ranking judo expert took the first fall from Funk in five minutes via a Japanese arm bar.
Funk Wins Second
 The second fall went to American catch-as-catch-can grappling. After 10 minutes of exciting wrestling, Funk used his specialty, the spinning toe hold, to take the fall from Kinji. To set the Jap judo expert up for the spinner, Dory weakened him with

head blows, body slams, knee lifts and the works.
 Under the rules, the winner of the toss for the first fall has the choice of the method of wrestling in the first and third falls, so Kinji had his jacket judo once again.
 The jacket bothered Dory, who took it off in the course of the third fall, threw it over Referee Gene Blackley, and proceeded to use his judo belt on Kinji. Funk was disqualified for illegal tactics in the judo match.
 Schibuya's manager is the world's foremost judo expert and Kinji, pulling into second place behind his teacher, gave a good showing.
 Plans are still being made for the world's championship women's wrestling match here sometime in August, Matchmaker Guy Lawrence said.

LESLEY-VAUGHN — Lesley-Vaughn was truly a "hard luck" team throughout, winning only one ball game against 14 losses. They had their share of good players. Personnel changes—a great number of them—hurt the L-V squad.
 One thing about them that made them potentially dangerous was that you could NEVER TELL when they would explode. They had good hitters. They hid lots of hits. But they didn't all come when they did the most good.
 The entire team wasn't the strongest in the league, but there weren't ever nine fellows in the league that ever tried any harder than they did.
 After all, that's what we like to see out there. If any of the players were whizzes they wouldn't be playing sandlot, they'd be making their living at it.
 We said it before, though, and we'll stand on it, that we saw some mighty fine ball playing here this season.
 Come on out this week for the play-offs and you'll see a few more good ball games.
 With that off our chest, we'll look forward to a better league next year. Fan support was good, but it can always be better.

 handle area over which it has regulatory power. It left deer and turkey hunting regulations as they were last year but closed the hunting of both deer and turkey in Cottle and Motley counties. The Panhandle big game seasons will be from November 15 to November 24, both dates inclusive.
 The commission acted on recommendations of sportsmen and ranchers who explained that both counties lacked both deer and turkeys and that some hunters merely used the area as a means of illegally taking deer from adjoining counties outside the regulatory area. The usual deer, turkey and quail seasons under state law will be open this fall.
 The commission took under advisement an engineer's report on Yarbrough pass dredged across Padre Island last winter. The action came on suggestions that maintaining the pass might prove excessively costly.
 The commission voted to confer with the Fish & Wildlife service about whether Pittman-Robertson funds would be available to purchase for refuge purposes a 702-acre goose refuge now maintained privately by the community and the owner, J. C. Gambill of Paris.
 The group also decided to make a compromise offer of \$275,000 as its price for the site of the present Lake Dallas fish hatchery which will be flooded by the United States government after the new Garza Little Elm dam is built. The state would receive land for a new hatchery site below the dam as well as all available salvage from the present hatchery.

Adlai Stevenson Is Nominee Of Democratic Party
 Adlai Ewing Stevenson, governor of the state of Illinois, was named presidential nominee by the Democratic national convention on the dramatic third ballot at Chicago late Friday night.
 John Sparkman, senator from the state of Alabama, was named by the convention by acclamation to be the Illinois governor's running mate, following the nomination of several candidates.
 Following the third ballot, Stevenson had 613 delegate votes, with 615½ needed for the nomination. His former opponent for the nomination, Estes Kefauver, came into the convention hall about halfway through the polling on the third ballot and was recognized after the completion of balloting when he signified that he was releasing his delegates.
 Senator Richard Russell of Georgia did the same thing from the convention rostrum.
 It remained for Utah, however, to take the floor following Russell's speech and announce that its 12 votes were being switched to Stevenson, thus officially assuring the Illinois nomination of the nomination.
 Sparkman was chosen his running mate shortly before the convention adjourned at 1:30 CST.
 The Democratic ticket selection followed three ballots, six days of convention activity which culminated in the nomination of 12 candidates.
 More information on Stevenson and the Democratic convention inside this issue.

"Live" TV Cable Here September 1

An Oklahoma City-to-Amarillo coaxial cable which will bring "live" television network programs to this area of the Panhandle will be completed by September 1 of this year Hereford Rotarians were told Friday by W. R. McKinney, representative of the Southwestern Bell Telephone Co.
 McKinney's discussion of what the coaxial cable will mean to Hereford T-viewers was made possible through the efforts of Oran Thomas, district manager for Southwestern Bell.
 The cable, which will be laid underground to prevent damage from the elements and to reduce interference, will contain not only TV cables, but "standby" and "message" tubes also. Six tubes will be laid with the underground cable from Oklahoma City to Amarillo, two each of TV and the other two mentioned above.
 McKinney said that other than for reasons of economy of maintenance, the underground cable was laid because of interference with above ground installations. If the cable were strung above ground, the radio sets would pick up the speaking voice on the phone lines between 550 and 1600 kilocycles on the radio band.
 The two phone circuits carry 600 separate speaking channels between them.
 Other improvements by SW Bell in the area include raising the number of speaking channels between Amarillo and Hereford from the current seven to a pro-

posed figure of 13; Amarillo to Dallas, from 22 to 40; to Lubbock, 25 to 42; to Clovis, 11 to 13; to Roswell, 11 to 15.
 Long distance facilities in the area will be doubled by the latter part of 1953, he told Rotarians.
 In explaining the necessity or importance of the coaxial cable, McKinney pointed out that "live" TV performances depended upon the cable. Films are used for the other types of transmission.

Mr. and Mrs. John Harris and daughter have returned to their home in Austin. They have been visiting in the home of Mr. Harris' parents, Mr. and Mrs. G. E. Harris for several days.

Following their remarks, the speakers will join a panel to answer questions from the audience.

W. O. Fortenberry of New Deal, a director-at-large of the West Texas Chamber of Commerce, will preside. He is a farmer president of both the state and national associations of cotton ginners.

BIG BANG for the Bored Car Owner

Have you ever driven a Buick SPECIAL?

Do you know how it feels to touch off the most powerful engine you'll find in any car of its pounds and price?

Do you know that it almost steers itself—holds its course like an airliner on the beam—even comes back on course after taking a turn?

Do you know that there's silken magic in its Dynaflo Drive*?

Do you know how many miles it can get from a gallon of gas?

Do you know that it has a Million Dollar Ride?

Mister, if you haven't found out such things, you're missing a lot of fun every mile you drive.

You're missing the fun of bossing around a big hoodful of high-compression, valve-in-head Fireball 8 Engine.

You're missing the fun—and comfort—of riding on four big, soft, easy-acting coil springs.

You're missing the fun of feeling daisy-fresh with half-a-thousand thrilling miles behind you.

You're missing, in short, the fun of owning a Buick.

And it's nobody's fault but yours because—at the prices we're asking for this beauty—you can afford a Buick if you can afford any new car.

How about checking up on what you've been missing?

Helén Ann McWhorter won the ball for the most number of like figures on nine holes, with five sixes on the nine holes.

Lucille Posey and Meridith Ireland won one ball each for four's on the ninth holes, a 262-yard hole.

Other ladies participating in the golfing event were: Mrs. Sybil Nell Gilbreath, Mrs. Ray Hardy, Mrs. Wayne Phillips, Mrs. Genevieve Guseman, Mrs. Marie Cogdell and Mrs. Pat Loerwald.

Paul Fortenberry Named Commander Of Friona Legion Post

FRIONA — Paul Fortenberry was elected commander of the Friona American Legion post at the counting of mail ballots there Monday night, July 21.

Other officers named by the mill balloting were: Roy V. Miller, first vice-commander; C. L. Lillard, adjutant. Officers re-elected were: Allen Stewart, finance; F. O. Griffith, service officer; Forester Rector, child welfare; Forrest Osborn, chaplain; Charles Allen, historian; and Joe Brummett, sergeant-at-arms.

All officers will be installed at the next meeting to be held on August 4.

Long Time Ago

45 Years Ago (July 26, 1907)

The big grandstand at the ball ground in Canyon City, filled with nearly 2,000 people, fell with a crash last Wednesday afternoon while the crowd was witnessing the game. There were several people pinned under the fallen timbers, but none of the Hereford people received serious injury, though many were on the stand at the time. Misses Nannie Jowell and Essie Bourne reported to have received slight bruises.

Clarence Smith, the newly appointed postmaster, took charge of the affairs of the office Monday morning and has been acquainting himself with the routine of the work.

On account of the great increase in the business of the postoffice, it has become a passing necessity that more room be provided for its use. Accordingly, plans have been drawn and the contract let for an extension of the present building 25 feet back. This will give double the room now in use and will give space in front for a large lobby.

In talking with E. C. Elrod, who will have the management of the new opera house, The Brand was informed that arrangements had been made for the regular lyceum course for the first season. The talented and eloquent Governor Bob Taylor would dedicate the new play house with his latest rhapsodies of Divle. The entire course will be of high order and the patrons of the house will receive every attention and courtesy of the manager. He will have something to say for himself in the future.

W. Seed. William Patton, small son of Mr. and Mrs. John Patton, was slightly injured Saturday when his bicycle collided with a car on Main street.

It now appears possible that there will be a change of location of the postoffice for next year.

It is rumored that a new building will be erected to house the postoffice, but Mr. Wear, postmaster, is unable to substantiate such a report. The postal inspector will send his report and recommendations to Washington, D. C., within a few days but no definite announcements will be made by the authorities for some time.

In an effort to provide a service in Deaf Smith county that is rendered in many counties by cow testing associations, C. W. Humble, vocational agriculture teacher at Hereford high school, and County Agent R. O. Dunkle, are making arrangements to officially test dairy herds of local breeders where such tests are desired.

Legal Notice

Notice is hereby given that the Board of Equalization of the Hereford Rural High School District will meet in the School Tax Office in the court house at 10:00 a.m. on Monday, August 4th, 1952, for the purpose of making adjustments of any inequalities in the taxable values of properties rendered for school tax purposes.

All persons believing that adjustments should be made in their taxable value of any of their property which is located within the Hereford school district, are invited and urged to appear before the Board on that date and present their request and reason for such adjustment.

The survey of farm improvements throughout the school district has been completed and each owner has been notified of the increase in the taxable value of his property by reason of the inclusion therein of such farm im-

provements. These property owners are especially invited to meet with the Board of Equalization in their judgment, the taxable value of their property as indicated by the survey and as stated in the notice received by them seems excessive.

Also many new homes and additions to existing homes a business properties have been built during the past year. Survey and assignment of taxable value have likewise been made on this property. If you have not ready rendered this new property with the tax assessor for school taxes for 1952 we invite you to meet with your Board of Equalization on August 4th and get them all the assistance you can in arriving at an equitable value of your property for school tax purposes.

Robert Veigel, President, Board of Trustees Hereford Rural High School District.

Eye-Dropper Religion

A MAN with an eye-dropper may be respected when he has a small bottle of medicine to be applied in small doses. But it is not proper in the realm of religion. "The mercy of God is an ocean divine, A boundless and fathomless deep," an eye-dropper is a poor conveyor of such richness and abundance. We are heirs of infinite goodness and grace; the everlasting God seeks to pour into our souls His lavish gifts of grace and goodness. How poor and how unfortunate is that life that will take the Father's bounty only by the eye-dropper method!

BUT isn't that the way too many of us accept our religion? The great Book with its eighty volumes (including the Apocrypha in the Pulpit Bible) lies before us for our reading, our enjoyment and profit. How much time do we take out of the twenty-four hours to dedicate to its reading? The great Father God seeks to talk to us through the varied ministries of the world of beauty, through the noble living of saintly souls, through the rich services of the Church. How faithfully and well do we listen for the divine Voice? The best thoughts of earth's truest citizens have been inscribed in great books and placed near us in the libraries of our towns and cities. How much of our thought has been taken from these fountains of inspiration?

ARE you and I only 'eye-droppers' in the field of education and culture and religion? Are we too easily satisfied with good things which God has offered us in such abundance? Let's live greatly and richly. Why not make the whole world our home, attend our church and be citizens of the kingdom of God?

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

Bradley Tells Of Convention As Spectator

"I wouldn't be a politician for anything in the world - they have to work too hard and can't take sides or vote opinions", commented Jack Bradley of Hereford who returned late Friday night from the Democratic convention at Chicago as a spectator, he reminds people.

Bradley reported he had a nice trip and had really good seats in the convention hall, thanks to Lindley Beckworth, who gave him a reserved seat five rows back in the mezzanine.

"It's a big show and I'm glad I went, but I wouldn't give 10c to go again: Oh yes, it's the experience of a lifetime, but they surely have their days and nights mixed.

"I would say it is a horse trading proposition, but I think after all is said and done, the best man ordinarily gets nominated. Best man in the party is Stevenson, I think, and Stevenson made the best speech up there.

"Barkley's speech, withdrawing from the nomination, is the speech I enjoyed the most, for I believe it did more to unite the party than anything else.

"It's amusing to watch grown people the way they act at the convention. Bartenders are very dissatisfied with the television, for the delegates don't know when they will appear before television and they are afraid to drink there at the hall. They say the last two conventions, due to the television, there has hardly been any liquor consumed."

"Reserved seats sold for as much as \$30 per night. The gallery, for some reason, was never filled. I would suspect they kept those seats reserved in case they wanted demonstrators for Truman. There were about 2,000 people in the streets constantly and

FIFTY-ONE 4-H girls from Deaf Smith county took part in the annual achievement day Friday and Saturday. They are shown above in a short session set aside for a group picture taken Friday night during their games program. They are, first row, from left: Geneva Logan, Cecilia Burrus, Kay Lynn Scott, Mary Dufur, Mary Lynn Morrison, Sandra Townsend, Ettie Evelyn Walker, Carolyn Diller. Second row: Martha Logan, Peggy Browning, Ann Wagoner, Janett Higgins, Norma McMillan, Patricia Caywood, Merry Kay Pruitt, Twyla Springer, Nancy Parsons, Royce Lee Pruitt, Patricia Grider,

Janell Weaver, Margaret Burrus, four girls unidentified. Third row: Sharon Flood, Pat Dawson, Carlyn Williams, Mary Lou McCullough, Marilyn Russell, Stella Hunter, Gayle Wagoner, Betty Lou Walterscheid, Kay Kerchen, Marie Hunter, Paula Beth Corbett. Fourth row: Martha Heard, Mary Cayton, Jo Eddy Scott, Helen Dillar, Patsy Townsend, Ann Dyer, Sue Springer, Barbara Dameron, Mozelle Telchik, Betty Lou McGoughey, Lillian Drager. Fifth row: Mrs. C. any of them would have been happy to have carried a placard for Truman to get in.

"I am sure that the demonstrators were not delegates."

"I would prophesy that before Truman's term is out, he will resign in order to give Barkley an opportunity to serve this country as president for two or three weeks, for courtesy and to soothe the party, too."

"For my part, I think the best looking man at the convention

was Shivers."

"The name Roosevelt is like magic to the Democratic convention. I appreciate the fact I am an American and live in a country where two young men of the younger generation could influence a national convention to the extent that Moody of Michigan and Franklin D. Roosevelt, Jr., of New York, did at this convention."

"From a spectator's point of view, Harriman double-crossed

Kefauver. They were practically sleeping in the same bed—they breakfasted together and came to the convention together."

"I am much indebted to Lindley Beckworth for the seats he gave me and to Walter Rogers and T. E. Johnson for the courtesies they showed me."

"I would not want to be a delegate at all. Why, I'd rather plow all day than to sit up there one day."
