A forum of the Citizens Committee will have a panel discussion of the school bond election at the luncheon meeting of the local Kiwanis Club Thursday at the Jim Hill with T. E. Seigler as the moderator. Club members are urged to attend.

The 1953 Plymouths will be on display at local dealers Thursday.

Hereford Garden Club members will hold a rummage sale Saturday November 22 in the Norton Building on Main Street.

Five persons have tied for first, second and third places in The Brand's football guessing contest. Mrs. George L. Olson, O. Z. Golden, Jack Clark, Billy Miller and Arthur Tinsley all picked 13 correct games and if they will come into the Brand office they will receive their awards.

Paul Harvey, manager of C. R. Anthony's says that the baby contest pictures made at his store just came in and that a group of local judges will be on hand Friday afternoon around 4 p. m. to pick the winners, which will be announced immediately after the judging.

J. W. Robinson Jr., underwent thrill upon thrill this week end. He received his discharge from the Army and arrived home Saturday, Nov. 15. Exactly 45 minutes after arriving, he took off on a hunting trip in New Mexico. He returned Wednesday with his first deer -- which outweighed the one killed by his father this season and had two more points. He will be associated with Southland Life Insurance Company following his discharge.

Mr. Leithhead of the Terra Blanca Soil Conservation district is giving a series of talks on local problems and is acquainting the people with the operations of his office and the aids available to cooperators. This program is sponsored by a Kiwanis Club and Radio Station KPAN, and can be heard at 7:45 a. m.

Noland Found Not Guilty On Charge

Otho Noland, Hereford appeared in County Court Monday before Judge L. H. Foster on a charge of Possession of liquor for the purpose of resale (12 pints) and was found not guilty by a jury.

The defendant did not take the stand but was stated in testimony that the liquor had been purchased in Amarillo for an anniversary celebration.

Records in the office of the Deaf Smith county clerk show that charges have been filed against Clay E. Flowers on swindling with a worthless check.

Jose Salinas pled guilty to selling intoxicating liquor in court Tuesday and was fined a total of \$225 including costs. Henry A. DeYoung arrested on the same charge, was fined \$200 and cost of \$29.30.

MAKES RECORDINGS FOR BBC... J. E. Morpurgo, seated on left, representative of the British Broadcasting Company is shown interviewing Buryl Elliston, seated right in a series of recordings that were made here in Hereford and five other U. S. cities. Chamber of Commerce manager Cecil Massey, standing, helps with the recording. These recordings are to be used in a series featured on a program planned for this coming year by BBC. Five other U. S. cities will be included in the special program recordings.

Dodson Resigns At Baker Company; Vernon Man Takes Job Temporarily

Virgil Dodson announced his resignation with the Baker Castor Bean Company effective as of Nov. 15th. He has been connected with the company for some time and has made many friends, but his health requires a change he feels.

Mr. Dodson expressed his thanks to the farmers of the area for their fine cooperation and their help in setting up a plant here.

Mr. C. C. Churchill of Vernon, Texas, has assumed the temporary post as Area Superintendent of the Hereford and the surrounding section. He has been with the Baker Castor Bean Co. in Vernon as Area Superintendent. He is married and has three children of school age.

Mr. Churchill assured the farmers of his full cooperation and said that the same policies would be carried out as was under Mr. Dodson's administration.

Mr. Dodson said that in leaving the company he would still be in Hereford and expected to continue in his farming operations.

Votemobile Will Be Available With Baby Sitters

The government class of the Hereford High school will have a votemobile on Saturday and everyone wishing a ride to the polls and back or a baby sitter while they vote or both are urged to call 714-J for this special service.

Remember the number if you need a ride to vote. 714-J.

Santa Claus Parade Set For December 5

The Santa Claus celebration and parade sponsored by the Hereford Jaycees is definitely in the 'Bag' and plans for Santa to be here are complete.

The Santa Claus parade will be held on December 5th at 4:00 p. m. according to Dean Herring chairman of the Jaycee Christmas project.

Sacked candy will be distributed by Santa Claus to all attending the parade. The line of march and assembly point will be at the Bullbarn and will proceed down Main street to Park Ave. and disband in front of the High School.

Business solicitations will be made and the Jaycees are asking for the full co-operation of everyone as they have received in the past years.

The house decoration contest will be held again this year. (WATCH FOR THE ENTRY BLANKS IN THE PAPER) There will be cash prizes for first, second and third places.

Among those invited to participate in the Hereford Santa Claus parade are the Hereford High School Band, The Friona High School Band, the Hereford Riders Club will be there in full regalia. The Fire and Police department and all the Civic Clubs of Hereford.

The decorations for the streets have been put into shape at the Jaycees work parties held every week and response at the party

have been good.

The committee chairman for the parade are: Finance, Clint Formby; Parade, Dick Lucas; Decorations, Bill Howard; Advertisement, Melvin Young; Santa Claus, Sam Nelson.

The sacking of the candy will take place on the evening of December 4th at the Jaycees Clubhouse at 7:00 p. m. and all Jaycees and their wives are urged to be present to help with the work.

School Bond Election To Be Held Saturday

The election for the proposed \$850,000 school bond election for the construction of a new high school building here will be held at the County Court House Saturday, November 22. The polling place will be open at 8 o'clock Saturday morning and will remain open until 7 o'clock in the evening. There will be only one place to vote and that will be located on the main floor of the Deaf Smith County Court House.

Local Volunteer Firemen Assist Police Department

Mayor S. O. Wilson said Wednesday that he and the City Commissioners would like to express their appreciation to the fine bunch of men on the Hereford Volunteer Fire Department who came to the rescue and helped in the carrying out of the duties of the police department after the entire squad had resigned last Saturday.

Wilson said that these men helped in the patrolling of the city and with acting Chief Hollis Rainey the city was with police protection despite the absence of a regular force of officers.

Up until Wednesday only three officers were on the force and one of these at that time was on a temporary basis. Assistant appointed acting Chief of Police Hollis Rainey was Jack Anders, former law enforcement officer at Anton and Level-land. Anders was the first man to be hired to help Rainey. Anders has lived in Hereford for about two months and has been employed by O. G. Hill, Sr., local rancher and has had about 16 years experience in police work, Wilson said.

The City Commission is taking applications for jobs on the police force and expects to have a full quota of four men at work within the next few days.

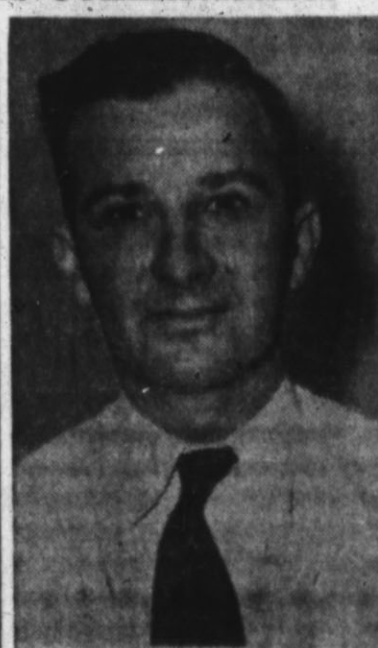

S. O. Wilson Is Named Mayor With Wayne Edwards As Commissioner

Hereford's City Commission named S. O. Wilson as mayor Monday morning to serve out the unexpired term of Mayor W. E. Dameron who died last week. Wilson, who was a member of the City Commission had been Mayor Pro-Tem for quite some time before Dameron's death.

Wilson has served two terms as commissioner and has been acting mayor for about six months.

The commission also named a new commissioner to succeed Wilson. Wayne Edwards, local druggist, will fill his place on the commission. Both were sworn in by City Attorney Ray Cowsert and will serve until new commissioners take office in April.

Edwards is the owner of Edward's Pharmacy here in Hereford.

Funeral Held Here Wednesday For Bill Creed, Killed On Duck Hunt

Funeral services for Raymond C. (Bill) Creed, 29, of 3602 N. E. 15th St. Amarillo, who was killed in a duck hunting accident early Sunday morning, were held Wednesday afternoon Nov. 19 at 2:30 from the Grand Avenue Baptist church with Rev. H. V. Fields of the Avenue Baptist church, Hereford, officiating, of which he was a member.

Creed, who was an employee of the Amarillo Air Force Base as a ground mechanic was formerly employed at Hereford with a local motor company.

Bill Creed was attempting to kill a crippled duck with the butt of his gun. The gun discharged striking him in the groin. He died within a short time of the accident.

The tragedy occurred about 15 miles northwest of Hereford on the Brumley place shortly after eight in the morning.

With Creed at the time of the fatal accident were his brother-in-law Charles Knight of Hereford and Arnold Wald, also of Hereford.

A native of Quil, he entered the U. S. Army in February, 1943, a few months after graduation from Quail High School. He received his discharge from the service in January, 1946.

He was married to Miss Elizabeth Knight, of Louisville, Ky., at Salisbury, Ind., Feb. 22, 1946.

Palbearers were David Shee-gro, Milton Wayne Turley, John Franklin Farrar, Furn Steakley, C. M. Pyron and Arnold Wald.

Burial was in Llano Cemetery, under direction of Gilliland Funeral Home, Hereford.

Survivors include Creed's wife, Mrs. Elizabeth Creed; two daughters, Barbara Ann Creed, 5 1/2, and Wanda Creed, 3; and his parents, Mr. and Mrs. H. L. Creed, all of Amarillo; two brothers Harry C. Creed, Whitaker, Cal., and Johnie Creed, Aspermont; three sisters, Mrs. Robert Goswelle, Wellington; Mrs. L. D. Johnson, Douglas, Wyo.; and Miss Ruth Creed, Fort Worth; and his grandfather, George W. Creed, Wellington.

Local B&PW Club Honors Miss Lillie Hostetter At Special Membership Dinner At Jim Hill On Monday

Miss Lillie Hostetter of Borger was honored as a "Woman of Achievement" Monday night at the B & P W Club membership dinner at the Jim Hill Hotel. Miss Hostetter was a charter member of the Hereford Club organized in 1934 and served as its fourth president. She was a former librarian here and did much to promote not only the library but Adult Education. She also took part in many civic projects.

It was through a program she presented that the Hereford Texas Federal-Credit Union got its start, which is now carried on by Mrs. Dyalitha Bradley. Miss Hostetter now heads the Borger Library and one at Phillips with seven helpers to take care of the circulation. She had planned to resign in 1938 but is still working -- and harder than ever.

democracy, the power that woman wields in the world today -- the last election proved that in politics -- and it has long been known that she handles a bigger percentage of the money in the nation than do the men.

Highlighting the talk, even causing her to omit some of her notes, was the information of a project now being carried on at Lubbock Tech, which should interest the people of Hereford, as it includes a two hundred mile radius of Lubbock.

Election.....

(Continued from page one) Service clubs have had members of the Citizens Committee give panel discussions of this proposed building program for the school. Such a discussion is to be held at the Kiwanis club meeting today (Thursday).

The Brand has received letters for and against the issuing of the bonds for the school. The entire thing has caused almost as much talk and excitement as the Nov. 4 election. Results of the election won't be available until late Saturday night or possibly Sunday. Two other such proposed bond issuances for the building of a new high school have failed here. On March 3, 1951 a proposed bond issue of \$1,000,000 failed by a 611 to 449 vote and on November 17, 1951, another such program for \$950,000 went down before the voters by a 613 to 491 count.

Letters To The Editor

Dear Editor:
I served as a board member of Hereford Independent Schools for a period of some 12 years and therefore feel that I am qualified to make the following statements and conclusions:

1. The pay of a school board member is paid generally in criticism and the loss of a number of his friends, if he sincerely carries out his oath of office and devotes his time and energies to the job.

2. Members of the school board are elected handle the business affairs of the school district in hiring teachers and handling finances of the schools, and they spend much time in discussing the various angles of any problem before making a final decision. They are given a "blank check" on the school funds and spend that money, some \$300,000 to \$400,000 on the blank check basis each year. I personally feel that if I could not trust the men I helped elect to fill the job on a construction project, on a blank check basis, that I should try to elect some men I could trust to handle it wisely.

3. The primary purpose of a school system is for the building of future citizens, equipped to lead useful lives, and each year that you postpone a building program, you are depriving those children that year in their rights to these facilities and it cannot be made up in the future. I feel that the school children this year should have those facilities.

4. If you are against the bond issue because of the dislike of the administration of the schools, it is at the school board election and not a bond election to make that change.

5. Each member of the school board, I consider as a friend of mine and I would not discredit their opinions or convictions, but this is a democratic country and even the schools should be operated by the minority cooperating with the majority and it is my opinion that the majority of the board is for approval of the bond issue.

I am going to vote for the bond issue for the construction of an adequate plant and I have confidence in our board utilizing every dollar for the best interests of all.

W. S. Kerr.

The following item, submitted to The Brand by Wayne Evans, member of the Citizen's School Committee, indicates that Hereford is not alone in that its school system faces growing pains. The items appeared in the Stinnett "Bulletin Board" and Mr. Evans feels that they afford an area comparison of a general situation.

"Phillips Dedication"
"On the night of Nov. 5, 1952, dedication exercises were held in the Phillips High School Auditorium commemorating the completing of the new million dollar high school and auditorium in Phillips."

"Stinnett Votes Bonds"
"Voters in the Stinnett Independent School District went to the polls on Oct. 25 to vote a new \$150,000 bond issue for the improvement of the rapidly growing school system. The vote was 56 to 25 in favor of the proposal."

Funds from the sale of the bonds will be used to build six elementary classrooms and a shop building for the teaching of such subjects as welding, electrical and plumbing courses and vocational agriculture.

"Pringle Building"

"The construction of a new combination gym-auditorium and classroom unit being added to the Pringle District school will be finished soon. Work done also included the conversion of an old gymnasium into shop and cafeteria facilities that make Pringle a really up-to-date school. These improvements were made possible as the result of a \$90,000 bond issue passed earlier this year."

"Borger Begins Building"

"Supt. C. A. Cryer of Borger says five building projects were begun in Borger this week. A 22 room elementary school is being built on the site of the old football field, and additional classrooms are being built at Coronada, Gateway, Weatherly and Booker T. Washington Schools. The Borger School District was recently given federal aid of more than \$200,000 which is being supplemented with funds from a bond issue to finance the building of these greatly needed improvements."

Hereford, Texas
November 18, 1952

To the Editor:
I am happy that we are being given another opportunity to vote a bond issue for the purpose of providing a much needed high school building.

I am for this bond issue for the following reasons:

1. We need the proposed building, and we need it badly.

2. I am interested in the well being of our boys and girls.

3. Adequate school facilities will make our community a more desirable place to live, and will increase the value of our land and other real estate.

4. We are not keeping pace with our neighboring communities, and we are not bringing our school plant along with our other community developments.

5. We have an outstanding school faculty, and I want to do what I can to give these people the things they need in order to do a first-class job of helping train our young people for good citizenship.

6. Our school board is made up of men in whom I have complete confidence. They are men of honor, and are successful business men. We elected them to the office they have, and I believe we should back them in their efforts to do the job that needs to be done.

7. I appreciate the honesty and frankness manifested by the board of education in giving us so much information and in presenting the general plan they have in mind for meeting our needs.

8. We must have more school building, and the sooner we get started the better, it will be for our children ourselves, and our school district.

The passage of the bond issue will mean an increase in my taxes, but I believe that the increase will be one of the best investments I can make.

Let us remember our boys and girls when we go to vote Saturday.

Sincerely,
L. M. McGee

Hereford, Texas
November 18, 1952

Dear Editor,

As a voter and a member of the Hereford citizens school committee, I am asking for space in The Brand for a message to voters of the Hereford Rural High School District. It is my sincere belief that they will support the proposed school bond issue if they are informed.

You and I, Mr. and Mrs. Voter, have an opportunity in this election to demonstrate American democracy in action. Our democracy is based on two fundamental principles; the intelligent participation of the individual citizen and faith in those we elect to public office.

The interest being taken in public affairs as evidenced by the land-slide vote in the recent general election is a healthy sign. But the voter must assume the responsibility personally, of knowing the facts in any given issue. His vote must not be based on rumor or prejudice!

Any thinking person knows that there is no other way for three to four thousand patrons of a school district to handle its problems than through a board elected by and responsible to the district. How would you, Mr. Voter, like to be a member of a committee of 3000 charged with the responsibility of planning a school building program? Would each of you be willing to spend the hours necessary to make intelligent decisions on the exact size of the building, the materials to go in it, the architect to draw the plans? Would a decision ever be reached?

Members of the Hereford citizens school committee have made a sincere effort, through an independent study, to understand the issues facing the district. We feel that we do understand the situation better. But in every instance we found that the school board had delved more deeply into the facts of each case considered than we were able to do. We are willing for the final planning and decisions to be made by the school board, which is responsible to you. Their majority vote will represent the thinking of a group of successful, informed business men.

It has been charged that by voting the \$850,000 bond issue you would be giving a blank check to the school board. Is that true? The board has specified that the bond issue would be used to build a high school building. The citizen's committee recommended, and the board agreed in joint session, that a building be provided for 600 students. (This decision was made in view of the jump in high school enrollment from 396 in 1951-52 to 482 soon after the beginning of the 1952-53 school term.)

If we are not allowing our vision to be clouded by unsubstantiated rumors, we will assume that any building contracted by the board to serve that many students would include sufficient class rooms for their instruction! What of the rumor that previous plans submitted by the board contained only 10 class rooms? That is simply a matter of misinformation.

The Citizen's committee found that those plans included 18 instruction rooms. The board received favorably the committee's suggestion that a building to house 600, instead of 500, students should include 20 or 21 instruction rooms.

The committee's conferences with school men outside the district led to the conclusion that both a gymnasium and auditorium were vital parts of a modern school plant and not added frills to waste the taxpayer's money. Why, I'm told that our basketball coach is finding it almost impossible to arrange a schedule this year because of the inadequacy of the gymnasium. And the inter-scholastic competition is only a small part of the total use of the gymnasium, which is occupied continuously with physical education classes. In like manner, the auditorium is in almost constant use by school classes.

While the board recognizes the fact that the primary purpose of a school auditorium is for use of the school, modern school plans

are providing for some public use of auditorium and gymnasium facilities when they are not being used by the school. The plans discussed in the board and committee meetings indicate this trend would be followed in that either of those facilities could be used independently of the instruction area.

What of the plan to move the football field? Would that cost up to \$70,000, as rumored? The citizen's committee was assured that the board had had a tentative contract for moving the football field at a cost of only \$3,500. Members of the committee suggested that the board might be wise in considering moving the field to the edge of town, since that move probably would become necessary eventually.

In a published statement and in conference with members of the citizen's committee the board has

assured the voters that will consider carefully recent developments in building materials and methods before letting any contract for a building. Their conference last week with architects of the much publicized lift-slab method proves that that promise was made in good faith. They have been told that new materials released within the past eight months may save 10 to 15 percent on a building. They have made plans to investigate, first hand, those claims.

I am convinced that anything or anyone standing in the way of the passage of this bond issue is impeding not only the adequate education of Hereford and Deaf Smith County's boys and girls but also the future development of our community.

I want to make a personal plea to each of you voters to learn the facts, take a stand for the is-

me, and vote. After I have cast my vote on Saturday, I will be able to look our school children and others considering moving to our community straight in the eye, knowing that I have had their welfare at heart.

I am willing to take my convictions to the polls. Are you?
Sincerely,
Mrs. Emer (Bessie) Patterson

Miss Marian Borden, Daughter Of Former Residents, Is Married

Miss Marian Borden, daughter of Mr. and Mrs. L. F. Borden, former Hereford residents was married to Mr. Richard Wright of Seattle at the country home on Bainbridge Island, Wash., the evening of Nov. 14.

The double ring ceremony was read before the large wood burning fireplace banked with white chrysanthemums, with about 50 assembled friends and relatives present. Mr. and Mrs. Hal Kester, brother-in-law and sister of the bride were best man and matron of honor.

The bride wore a champagne beige short frock fashioned with fitted bodice, three quarter sleeves and tucked bouffant skirt. On her head she wore a circlet of lace and tulle to match the dress. She carried brown orchids on an antique lace fan, one of her collection of unusual fans.

Mrs. Kester wore a red coat style dress trimmed with black velvet. Her flowers were tiny red carnations worn in a crescent just above her chignon.

Mrs. L. F. Borden, mother of the bride wore a plum colored afternoon dress trimmed with pink taffeta at the neckline. Her corsage was of pink carnations.

Mrs. W. H. Wright, the groom's

mother, wore a grey cashmere suit with white carnations.

Mrs. L. M. Brubacher played pre-nuptial music and accompanied Mrs. Burns McCoskrie who sang "Serenade" by Romberg and "I Love Thee" by Grieg.

At the reception following the ceremony, Mrs. John Leeman poured and Miss Dzidra Lenman cut the cake.

After a short wedding trip to the Olympic peninsula, the new couple will be at home in Seattle.

Scouts Receive Awards At Noon Rotary Meeting

Three Scouts were given awards at the Rotary luncheon meeting last week, by W. M. Teague, District Scout executive.

The awards were presented under the NRA, under which the three boys qualified this past summer at Camp Don Herrington.

Those receiving the citations were Lonnie Jones, of Troop 52, who was presented with the pro-marksmanship medal and certificate. Explorer Scout Bob Miller of Troop 51 was presented with the pro-marksmanship certificate and Explorer Scout L. Wilkins of Troop 52 was presented with the pro-marksmanship medal.

Sgt. Carl Chisholm Gets New Assignment

Sergeant, First Class Carl L. Chisholm of 211 North Sixth St., Hereford has been assigned to the Personnel Management Section of the New York Military District, at 70 East 10th Street, New York.

Sergeant Chisholm entered the service in March 1941 and during World War II he participated in the Normandy, Ardennes, Northern France, Rhineland and Central Europe Campaigns, and also served in the Asiatic-Pacific Theater.

He holds the Silver Star, Bronze Star, Purple Heart and the Good Conduct medals.

Sergeant Chisholm is married to the former Viola Phipps of Hereford, and they have one child, Lynn A, age 20 months.

He attended UCLA and Texas Christian University.

Mr. and Mrs. B. E. Brumley have been to Denver where they visited their son, Calvin and family.

The 46th star was added to Old Glory last Saturday when the President affixed his signature and the Great Seal of the United States was attached to the proclamation making Oklahoma a state of the Union.

This is the first state to come into the Union with a prohibition proviso in the constitution.

The state officers are all Democrats, which fact is due largely to the action of Texas people.

They moved into the territory, Governor-elect Haskell took the office in the presence of a large number of citizens from Kansas and the Indian

band, composed of Indian boys, played the "Star Spangled Banner" and a great shout went up for the birth of a new state.

The new governor appointed R. L. Owen of Muskogee and P. T. Gore of Lawton as United States Senators until the legislature

could meet.

The latter is the famous blind populist of Texas, but who on account of going to the territory changes his faith to the Democratic party.

He will be the first blind man ever to enter the Senate of America as a Senator. Mr. Gore is well known to the Brand and a brilliant career is predicted for him.

The Brand has a new sign on the plate glass window in gold leaf -- Not Now, but 45 years ago

Workmen break ground on the new City Hall with a large crew at work in a rush to complete the new Municipal building so no time will be lost in beginning actual construction, as the money is received from the buyers of the city's \$25,000 bonds.

Bonds for the erection of the building which were voted by the taxpayers of Hereford were approved and sent to the buyers in Wichita last Friday. The money was received here on that day and work started at once.

Geo. F. Parr and company of Amarillo is the contractor in charge on construction. This is the same company which built the new Hereford High School building a few years ago.

The new City Hall will be 60 feet wide by 72 feet deep and two stories high. The building should be completed by the first of March.

Demonstrations on making Christmas gifts more attractive were given by Peggy Browning and Ann Dyer.

Miss Clara Redman, assistant HDA, instructed the club members in the proper way to wrap and address a breakable package for mailing.

Refreshments were served to 4-H girls, Arlene and Linda Cupell, Wynona Roberts, Ann Dyer, Mary Clayton, Peggy Ann Browning and Fern Coursey.

The leaders and visitors served included, Miss Clara Redman, Mrs. Earl Dyer, Nancy Browning, Mrs. Browning, and Mrs. Cayton.

Jolly Girls Meet With Fern Coursey

The Jolly Girls met with Fern Coursey last week and president Mary Clayton opened the meeting and secretary Arlene Cupell read the minutes and called the roll.

Peggy Browning led the ritual and Ann Dyer had charge of the recreation.

Mark Allen Tiefel Is Honored On Birthday

Mark Allen Tiefel was honored on his 4th birthday at a party given by his mother Mrs. Arthur Tiefel Sunday afternoon.

The children were entertained by popping corn and playing games and reading comic books that were given as favors.

Birthday cake and ice cream cones were served to Ronnie Downy, Mike Harvey, Jake and Cherry Tiefel, Larry Wilkie, Beverly and Ricky Roberts and Mark Tiefel.

The hostess was assisted by Mrs. Orland Newell and Mrs. Paul Harvey.

There is probably no place in the world so homesome for a country boy as being in a big city. Since I returned from the National Editorial Association in Chicago Sunday quite a few people have wanted to know how I liked the trip. I always tell them I was mighty glad to get home -- and they look disappointed. It is the truth, though, despite the fact that everyone I met was unusually nice.

The fact that all 48 states in the Union were represented -- and people were generally introduced as "Mr. So and So" from California, Wisconsin or Florida -- as the case might be. It reminded me of the national political conventions over the radio. Pretty soon, however, I did run into the Charles Claybaughs from Brigham City, Utah. The Claybaughs are close friends of Mr. and Mrs. Harry McCauley -- and they were definitely interested in news from this area. People were there from all over the country -- and they were unanimous in proclaiming bad conditions due to the drought. I had never fully realized how extensive in scope has been the dry weather this year. You heard it on every hand.

It's a long way from the Chicago airport into town and my taxi driver explained in detail how Ike carried Illinois and Cook County. He figured that Stevenson is a really good man. That the people hated to vote against him, but that they were basically ready for a change. Like several other

people in Chicago, the cab driver thinks that Adlai may run again for president -- and that he might be elected. He definitely discounted a lot of the campaign stories which were circulated against the Demo candidates. He says most people he knew felt the same way. They think Stevenson may be a candidate again eight years from now -- and things may be different.

One of the nicest things on the trip was running into Mr. and Mrs. A. P. Frye of Dawn at the Amarillo airport. I sat across the aisle from them from Amarillo to Kansas City. They were on the way to visit relatives in New York. Also on the plane was Monty Rosenwald, Amarillo's "Man on the Street" commentator. His wife handles most of the plane reservations out of Amarillo and had all of them in good shape that day -- except Monty's reservation. He faced a long wait in Kansas City. He said it reminded him of the cobbler's kids who never had shoes.

I don't know if it has any connection with Hereford's lack of a police department these past few days, but Mr. and Mrs. Harold Close's black Cocker Spaniel, "Junior", has gone on a rampage. Junior turned up the other night with a large package which he placed on the back steps. The package, when opened, contained

around three pounds of fine loin steak. The Closes called all of their neighbors and even a food store or two, but no one admitted losing the steak. Things today were still the same. The steak is still in their ice box. This happened one time before, Harold says. Junior has been trained to bring in the newspapers, but they are wondering if he is maybe carrying things a little bit too far.

Bessie Patterson just blew in with a "Letter to the Editor", which recalls the \$850,000 school bond election scheduled for Saturday. H. H. Miller had a letter Sunday on the same question, although different in outlook. A lot of folks seem to think that people are not fully informed as regards the question of schools. With this I do not agree. I think that people are well informed on the subject. This is certainly true if compared with other bond issues or political elections.

In addition to details released through the mails, through The Brand and over KPAN in this and two previous bond issues, considerable information has been dispensed through the Citizen's Committee during recent months. I believe that people will vote "for" or "against" the proposed \$850,000 bond issue with a definite reason in mind. This, after all, is an American privilege. A

duty, if you want to look at it that way. Most of our School Board members are comparatively heavy tax payers. This is also true regarding most of the Citizen's Committee members. Opinions vary among individuals even within these groups.

It would make me irate if I knew some individual were intimidated or unable to vote as he or she chose. On the other hand, I feel that so long as we have a free, open election people are obligated to vote their sentiments and true feelings. It is the one and only way the people of America can speak -- and be heard. I hope it continues to exist long after I am gone.

Frio Homemakers Meet With Mrs. Glenn Gripp

The Frio Homemakers Club met in the home of Mrs. Glenn Gripp last Wednesday Nov. 12 and next years yearbooks were discussed during the business session.

Mrs. W. A. Springer and Mrs. Owon Andrews gave parts on the program of the meeting. There were 14 present at the session.

Mary-Martha Class Enjoys Program

Mary Martha Class of the Methodist church met Friday afternoon in the home of Mrs. R. L. Dowell.

A Thanksgiving program was featured with Mrs. T. Edgar Neal presenting the devotional lesson.

Mrs. C. E. Williams was in charge of the program with Mesdames W. J. Stanford, Adam Flowers, Lee Curry and Frank Terrell taking parts. Mrs. J. H. Lomas concluded the program with a prayer of Thanksgiving.

Refreshments were served to Mesdames: T. Edgar Neal, W. J. Stanford, Lee Curry, Adam Flowers, J. H. Lomas, J. C. Cummings, C. E. Williams, Frank Terrell and the hostess.

Liquid Petroleum burns cleaner, reduces carbon deposits and practically eliminates crankcase dilution.

The Massey-Harris 44 L.P. is custom designed and factory built for efficient operation on L.P. fuel. And because it is built as a complete L.P. unit, the 44 LP gives you the same high-power rating as the 44 Gas—the same belt and drawbar efficiency.

In addition you get the economy of operating on low-cost fuel, and the low engine upkeep that results from the use of clean-burning, high-octane L.P.

Ask for a demonstration of the 44 L.P. . . . let us show you the tractor that gives you lower operating costs and maximum power in its class.

T. B. Cox Entertains Adult Union Of Baptist Church At Steak Fry

By Mrs. R. C. Childers
T. B. Cox entertained the Adult Training Union of the Avenue Baptist church with a steak fry at the Veterans Club house Friday evening.

There were 38 adults and eight children making a total of 46. Others from this community attending were Mr. and Mrs. Marv Southward and Mr. and Mrs. Fred Wolfington.

Fred Wolfington entertained his Sunday School class with a weiner roast at his home Thursday evening, assisted by his wife, Mr. Wolfington teaches a group of intermediates at the Avenue Baptist church. A total of 38 attended.

Mrs. H. L. Alexander and two daughters from Tulsa, Okla., were week end visitors in the Fred Wolfington home. Mrs. Alexander is a sister of Mr. Wolfington.

Elaine and Doyle Cox visited their parents, Mr. and Mrs. T. B. Cox over the week end. Elaine is attending Wayland college at Plainview and Doyle is working in Amarillo.

Mr. and Mrs. M. G. Caywood left Sunday to visit Mrs. Caywood's parents, Mr. and Mrs. L. W. Luginbyhl in Stinnett.

Mrs. Leona Packard is home again after a long seige of illness. She spent a week in the co-op hospital at Amherst and was home a week and then was taken to the local hospital where she stayed two weeks. She was then taken to the home of her son Charles, where she has been recuperating for the past two weeks.

Mike Cramer spent Saturday afternoon in the R. C. Childers home playing his violin with Raymond Jr., accompanying him on the piano.

Mr. and Mrs. Marti Mason and son Tommy returned Friday from a vacation which included points of interest in Oklahoma, Arkansas and Missouri.

Dickey Bob, the Mason's eldest son stayed with his grandparents, Mr. and Mrs. R. L. Mason of this community while his parents were away. The R. L. Masons are new residents in our community.

Jack Renfro had a heifer missing for two days this week. She strayed from the R. C. Childers farm Sunday morning. She was seen by Robert Kerschen early that morning. He sent word by the milk man to Childers that she was last seen going west. Both

Renfro and Childers searched all day Sunday and most of Monday for her and finally found her bedded down in a lettuce patch on Highway 51.

The high winds of Monday delayed the harvest of castor beans in this vicinity, but started up again Tuesday morning according to Wayne Johnson.

Leroy Packard hopes to get his castor beans combines in his field this week.

The Dick Conleys are moving to Utah this week. Conley has been employed on the Jack Renfro farm for the past two years. Earlene, the Conley's teen-age daughter was a 4-H girl, a member of the group that meets in town.

Hereford Boys Working In College Printing Shop

A \$15,000 a year job printing business at Wayland College is headed by Milford Grisham, senior, who has on his staff another Hereford student, M. J. Layman, a freshman.

Milford, who was the only one of seven seniors, recently presented with a certificate from the American Who's Who in Universities and Colleges, to receive a unanimous vote from the eight faculty and students serving as the nominating committee, has headed Wayland World Press for three years. M. J. has been working for it since September.

The printing needs of the college come first but 15 per cent of the volume was done for outsiders last year. Among the services offered the general public are printing club yearbooks, church minutes, letter heads, form letters, posters, and revival literature in any language.

Milford is a member of the Publications committee made up of students and teachers, and will head the Publications float for homecoming, Nov. 22. He has been a member of the Volunteer Mission Band, Ministerial Alliance and Baptist Student Union Greater Council. He is the son of Mr. and Mrs. A. G. Grisham, Hereford.

M. J. is assistant editor of the Bible and BSU section of the Traveler, college yearbook, and a member of the Volunteer Mission Band. He is the son of Mrs. Ethel Layman.

SEASON MOST OVER

The Whitefaces are about to wind up their 1952 football schedule with the game here this week with the Tulia eleven. Hereford has had a hard time this season, coming out on the short end of too many games to suit local fans probably. But the Whitefaces have been up against some mighty fine teams and should have lost them . . . but they have made a few mistakes that cost them a game or two. The Whitefaces will lose several regulars for next season due to graduation but the Herd has some fine, up and coming players for its 'A' squad next year . . . and they will need all they can get if they expect to come out on top of the pile with the conference flag. The conference is changing next year . . . there will be more conference games to play . . . and there won't be one easy one on the list. Just take a look at them: Canyon, Dumas, Dalhart, Phillips and Perryton. Due to a new interscholastic ruling no con-

ference can operate without at least five teams and Hereford was in one with only four. The Whitefaces have played all these teams above with the exception of Perryton and lost to Dumas and Phillips and tied Dalhart 0-0. Anyway you look at it, the Whitefaces will have a time of it next season . . . but we ought to see a lot better brand of ball than we have been.

COTTON BOWL BOUND

The Texas Longhorns put the clincher on their Cotton Bowl invitation this week when they dumped the TCU Horned Frogs in a wild game in Fort Worth Saturday. Texas has the title in its hands but could have SMU sharing it, provided the Mustangs win the rest of the games on their schedule. Texas would get the bowl bid if SMU did share title honors for the Longhorns won over SMU. The Tennessee Volunteers will be the opposing team in the annual game.

BASKETBALL TEAMS OUT

The Whiteface basketball squad is now working out here but the schedule for the season is not complete as yet. The first game will be on the first week in December probably. A schedule of the 1952-53 season for the club will be announced in The Brand just as soon as it is completed. As of today, the Whitefaces will play only four home games, due to the size of the seating capacity of the gym here.

PROUD OF KILL

Jim Robinson brought in some venison steaks to the office the other day from the giant buck he killed last week in New Mexico. I believe that this 8 point buck was one of the largest I have ever seen and it was in fine shape. Jim was pretty proud of him, too, and he should have been for it was a dandy. It was only one of the 12 taken from the Sewell Ranch near Raton.

Tag Team Match To Top Card At Bull Barn Here Saturday Night

Jesse James and Tommy Martindale team up against Jack O'Reilly and George Overalls in a tag match that should leave Hereford wrestling fans gasping Saturday night.

That's the main event of a three-

match program at Hereford's Bull Barn. Alex (Toro) Perez of Amarillo and busy Buck Weaver of Terre Haute, Ind., tangled in the semi-final which runs two out of three falls or for 45 minutes, and which might just seal the show. A bit of a grudge between Tommy Martindale, the Milwaukee Mauler, and George Overalls of Amarillo will start the program. They battle for one fall or for a 20-minute time limit; then return for the main event on opposite sides of the tag team match.

FOIBLES

By Kent Snare

Tulia at Hereford — This is the last lap on the foibles and the Whiteface 1952 season, neither was a rousing success.

Arizona over Texas Tech — Mostly an account of the near sea level pressure and comparative scores, did you see what the Arizonas did to the Texas West-erns, 55-7 or nearabouts.

Hardin-Simmons over West Texas — Some more come up-pance, past due and collectible as of now.

Trinity over Midwestern — In order to maintain their preponderance over the Pacific Coast Conference in the 1953 Rose Bowl.

TCU over Rice — Mayhap the Western Conference should, at that time call on their newest member (as of that date) Michigan State, to represent them.

SMU over Baylor — Have you looked at the Big Ten picture as of now, it's tangled up no end, like a den of rattlesnakes in December.

Temps over Texas Western — Michigan State wins . . . not- . . . Saturday . . . plays Ohio State and Wisconsin tries Minne-

Fancy and Plain

Tulsa over Arkansas — Should both of them lose, that would leave Minnesota to worry about Purdue, who should take the old Oaken Bucket and Indiana.

Utah State and Denver — In spite of their party-waist schedule Maryland couldn't take Mississippi, losing their first in many a go. They, in addition, take on Alabama this week, which should be no insecure for them, mad though they be.

California over Stanford — Oklahoma may be just another ball club to the Irish but in their own league, they is double salty, latest reference Missouri.

Colorado Aggies over BYU — They ran up a 47-7 tally, employing all hands and the cook, even using one of the lads I had accused them of hoarding, Juel Swe-atte.

Illinois over Northwestern . . . Phillips at Dumas next Satur- day p.m. that will be one to travel to and enjoy. Understand that Chuck Bennett, dislocated elbow and all will be ready to have a go at Dumas.

Hereford's Whitefaces will end their 1952 football season here Friday night in another conference game with the Tulia eleven and game time for this final game at Whiteface Field is set at 7:30 p.m.

Hereford and Tulia are both out of the running for the conference flag for the Floydada club took that honor by spilling the Tulia club Friday night 31-0.

Tulia and Hereford will be playing on just about equal terms and it could be anybody's game. Hereford dumped a slightly favored Canyon eleven here Friday night as the Whitefaces found a new star in their backfield in A. W. Short, who transferred here from Olney a year ago and played his first full game this past week for the local club.

Coach Russell says the Whitefaces will be running full strength and that, unless someone is injured in scrimmage sessions before Friday, all players will be physically fit for the visit of the Tulia club.

The Whitefaces are due some tough games for the 1953 season due to the change up in this conference and fans are due to see a lot better brand of football. Other teams in this conference next year will be Canyon, Dumas, Dalhart, Phillips and Perryton.

The Whitefaces have had a tough season and have won only one of their conference games . . . losing one to Floydada in their conference opener.

Fans are reminded of the new time for the game here Friday night . . . that's at 7:30 instead of 8 o'clock.

Jesse James Is Winner In Main Eventier At Barn

James, one of the most colorful and capable wrestlers in the game, received a great ovation in Amarillo last Thursday night when he defeated Iva Kalmikoff of Russia in the main event. It was a non-title match, Kalmikoff

NEW FIRE WAGON
Coach Wayne Stark put his twin sons in a state of confusion the other day when he brought home a brand new fire-red Pontiac station wagon. The boys liked the new car fine but wanted to know where the whistle was...

and that isn't surprising... for the car would make a nice addition to any fire department. We'll all have an easy time keeping up with Wayne from now on.

Phillips, Dumas To Play Saturday At 2:30 For District 1-AA Title

Two non-defeated teams, Dumas and Phillips, will play for the District 1-AA championship Saturday afternoon at Dumas starting at 2:30 in a game that ought to be worth the money to see.

Both are undefeated in nine games and the winner of this game will meet Floydada probably for the bi-district. Floydada is the favorite to take the title for they play Canyon Friday night. Should Canyon beat Floydada and Hereford beat Tulia then this District could have a e-way tie. Floydada is highly favored to take Canyon and the championship in 2-AA.

Both Dumas and Phillips have been winning their games by big scores and both teams have a host of stars and fine players and are well coached on offense and defense.

That game will be the top one on the Plains and it will be held at 2:30 Saturday afternoon.

Grand Cross Of Color Banquet

Members of the Grand Cross of Color of the Order of the Eastern Star held the annual banquet at the Masonic Hall Saturday night.

As a branch of the Order of Rainbow, the rainbow colors were carried out in decoration throughout the hall. The table featured flowers and ribbons in the rainbow colors. Mrs. W. C. Hromas was in charge of decorations.

Robert Thompson, as master of ceremonies, conducted the ceremonial rites with two new members, Mrs. L. C. Thomas and Mrs. Lynn Kester, serving as attendants.

For the business session Mrs. B. E. Roberson served as chairman with Elaine Thompson as secretary.

New officers elected were Mrs. O. R. Sanders, chairman; Mrs. Lynn Kester, vice-chairman; and Elaine Thompson (re-elected) secretary. Attending the banquet were Mr. and Mrs. Robert Thompson, Mr. and Mrs. B. E. Roberson, Mr. and Mrs. W. C. Hromas, Mrs. L. C. Thomas, Mrs. Lynn Kester, Mr. and Mrs. Horace Hershey, Mr. and Mrs. O. R. ENMU Is Co-Champ In Conference With Panhandle A&M

Eastern New Mexico University Greyhounds are co-champions of the New Mexico Conference after downing New Mexico Military Institute 13-6, Saturday. The Hounds share top spot with Panhandle A & M, Goodwell, Okla.

The Greyhounds of Coach Al Garten stuck to their usual ground-eating offensive, rolling up 227 yards on the ground. NM MI's Broncos took to the air 32 times to complete nine passes for 164 yards. Eastern managed only 39 yards on completed passes... one of them for a touchdown. The Hounds passed only five times.

It was the final game of the season for the Greyhounds, winding up a ten-game series of which was marred only by one tie and one loss. Humboldt State of California forfeited a scheduled game. The tie was with McMurry College of the Texas Conference. ENMU lost to Adams State, Alamosa, Colo., 19-12.

Tanda Camp Fire Group Plans Party

Tanda Camp Fire Girls met at the Camp Fire Hut Monday afternoon with 13 members attending. Betty Culppepper, Mrs. Homer Brumley and Carolyn Brumley were guests.

A program on parliamentary law was presented by Donna Wooddell, Mary Lou McCullough, Joan Fowlkes and Glenda Robbins.

Plans were made for the annual Christmas party which will be held this year on December 15.

Foibles....

(Continued from page one)

Iowa State over Kansas State — I noticed a smiler in print that was accorded to Herman Hickman with an assist to Glenn Davis, however it originated long before their advent and is a rerun by them and here too...

Kansas over Missouri — Particular if Hoag is home. The way I heard it was: A coach had placed at his disposal a highly promising running back...

Michigan at Ohio State — The big fear of the mentor was that adulation and hero worship might inflate his new boy to unuseable proportions...

Washington State of Oklahoma Aggies — To obviate this occurrence, the Simon Legree put the bee on the boy at every opportunity, one day he stuck the lad in against the vassity, much to their chagrin...

Pittsburg over Penn' State — Among other indignities of running over and around them, this upstart slid thru them 95 yards for a touch-me-down...

Tennessee over Kentucky — The coach immediately accosted the lad and treated him to prevent a big head, thusly: "You might have thought that was a good run, but it wasn't!"

USC over UCLA — "You looked to the right, pointing your run. You didn't make your fake hand-off... You cut back wrong, when you got near the goal line you let up. What have you to say for yourself?"

Wisconsin over Minnesota — Scuffling the turf and looking bashfully at the mepitor, the running back queried: "How was it for distance? ? ?"

Tag Team....

(Continued from page one) still retaining his Southwest States championship belt, but it was a fast, rugged and gory affair, winding up with James giving the Russian some of his own medicine and ramming his head into a ring post. After that it was a fairly simple matter for James ordinarily a "clean" wrestler, to polish off the restive Russian.

Martindale, James' partner Saturday night in the main event, also chooses to wrestle like a gentleman, but it is doubtful that O'Reilly, the Australian junior heavyweight champion, and Overall, a heavy piece of wrestling artillery, will permit the match to be wrestled on a "gentlemanly" basis.

James....

(Continued from Page 1) Reilly with a reverse toe hold. The first event was called a draw in a one fall, 20 minute time limit match. Time ran out on Buck Weaver of Terre Haute, Indiana and George Overall of Amarillo.

In the semi-final event, midgets Farmer Pete of Kentucky and Irish Jackie of Detroit fought a best two out of three with a 45 minute time limit. Pete took the first fall in seven minutes with a body press following a series of flying mares. Jackie came back and took the second in 7 minutes with a jackknife following an airplane spin. Pete grabbed the third and the match in seven minutes with a body press.

Mrs. Fannie Roberson of Amarillo has been a guest in the home of her son, Edward Roberson and of Mrs. B. C. Roberson.

Ray Graham and Wayne Stagner, Student sat WTSC, spent the week end in Hereford with home-folks.

The School Bond Issue

(Published Below is a report of the Citizens Committee, made up of a Cross-Section of Citizens of Hereford, Appointed to Study the issue and report to the people. We feel that these men and women have studied the issue thoroughly and urge you to give your whole-hearted support.)

REPORT OF THE CITIZENS COMMITTEE

Sept. 25, 1952

"We shall remember that to whatever extent we permit prejudices, personalities and selfish interest to govern our thinking, we will be turned from conclusion that will be best for posterity."

RECOMMENDATIONS

1. A high school building would come nearest to filling the needs of the Hereford Rural High School District at the present time.
2. The committee favors building a high school building on the location of the present football field.
3. A building for 600 students could be provided by substituting class rooms for the cafeteria in proposed project, making three extra class rooms to serve approximately 80 more students, bringing the capacity of the building to 605. This would effect a saving of approximately \$12,000 on kitchen equipment plus a saving in plumbing. The building would then include at least 20 instruction rooms.
4. A high school building constructed at this time should provide facilities for at least 600 students.
5. The committee strongly recommends every economy in building practice. We believe there is a point beyond which we can not lower the quality without increasing maintenance and insurance costs to the extent that the original saving was false economy.
6. The committee investigation reveals that the type and size of structure required could be built for a figure not to exceed \$850,000.00.
7. After considering the needs of a modern school program, and of the community, we feel that the inclusion of an auditorium and gymnasium is justified in the school plan. It

should be noted that the proposed plan provides for public use of these facilities, since they could be cut off completely from instruction rooms and used during school or at other hours with out access to the instruction area.

8. We recommend futher study and consideration of radiant heat, both in initial cost, operation, and desirability from the student's standpoint. It is the considered opinion of the committee that radiant heat is preferable from the standpoint of health, economy, and efficiency in the class room area.

9. We recommend that the school board avail itself of advice from local builders in approving building specifications in the interest of economy and assurance of sound construction practice. (For example, local builders would know whether plans are suited to the locality.)

10. We recommend that buildings now serving the junior high school be maintained at the present location and utilized for whatever purpose that present vocational training needs require, or future enrollment increases present. The Committee agreed by common consent that the present high school building should be used for a junior high school without the expenditure of funds derived from the sale of bonds.

11. We recommend strongly that the board consider arranging school finances so that a plan for the future be set up so that future building may be financed on a pay-as-you-go basis.

12. The committee recommends that the board, after thorough investigation, as to which is the most practical and which would save the school district the most money, sell bonds to run the shortest practical period.

The Citizens School Committee appointed by the School Board, June 12, 1952, is as follows: J. C. McCracken, president. Ed Reinauer, vice-president. Mrs. Elmer Patterson, secretary; Mrs. Homer Brumley, L. J. Strafuss, Wayne Evans, Jimmie Gillentine, Mrs. Maurice Tannahill, Leo Forrest, T. E. Seigler, J. E. Andrews, B. E. Roberson, Dr. R. R. "Conservation Of Birds" Is Theme Of Hereford Garden Club Program Here

Mrs. Glenn Boardman was hostess for the Hereford Garden club meeting Friday afternoon. An executive board meeting preceded the regular meeting.

The school bond issue was explained by Mrs. Elmer Patterson who told of the recommendations given by the citizens committee to the local school board.

The program was on the theme "Conservation of Birds" with Mrs. Rex Tynes discussing the winter care of birds, naming many birds that stay in this locality during the winter months. She told how to feed the birds and how to supply needs for them, recommending planting sunflowers so the birds can get them in the winter. She stated that hummingbirds like sweetened water and suggested tying a bit of suet to the branches of trees. Bird houses were described and one suggestion was a hollowed out gourd.

Mrs. E. Ramey read a paper on the etiquette of flowers, explaining when flowers should be sent and how they become a gracious compliment when words fail to express a message. She said that "like music flowers speak a universal language" and mentioned appropriate occasions when flowers may be sent such as: holidays, birthdays, anniversaries, as gifts, as congratulations and as tokens of sympathy. She also stressed the importance of flowers in decorations for the home, weddings and public occasions.

Members attending the meeting were Mesdames; Jim Black, C. Ferguson, O. H. Herring, O. Hill, John Jacobsen Jr., A. Manjeet, Ralph McCullough, Ramey, Jack Roberson, M. T. Ruter, J. P. Slaton, A. O. Thompson, Rex Tynes, E. E. Fridley, Frank Brinkman, and the hostess.

Letter To The Editor

Harlingen, Texas

Editor: On the eve of my departure from your lovely city, I am wondering if you people of Hereford really realize what a wonderful school system you have.

It is with regret that I must take my fourth grader from your school and like many other people associated with your exceptional lettuce crop, return home.

Upon a number of occasions, I have had the opportunity of visiting your schools and observing them first hand. The ultimate cooperation of your teachers is almost unheard of during this day and age; and which is so reflected in your student body.

It is a privilege to walk down your school corridors and announce and watch your happy teachers; no cranks yelling nor pointing to printed discipline regulations. In your school you realize it is still a free country. There is no need for disciplinary measures for the also happy students are cooperating; they are the most orderly I have ever seen.

There must be a reason behind it all; the school board must know their business. They truly have a select group of teachers, principles and superintendents.

These citizens of tomorrow can certainly look back fondly to the grand opportunity you people have given them through your school system.

If you people of Hereford have not been to school recently to see what your money buys, you should.

With a school like yours, you should not complain, stand behind these leaders of yours in the school's interest, give them the equipment and buildings they

need; give the school full support. You cannot possibly realize what a wonderful school system you have unless you have had to move around; more power to you people, it's wonderful to see a job well done.

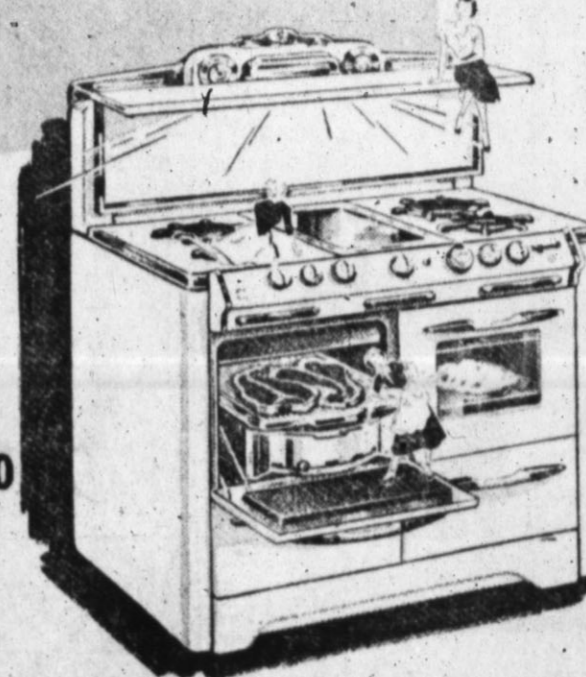

Yours truly,
Mrs. R. J. Whitford

"Conservation Of Birds" Is Theme Of Hereford Garden Club Program Here

Mrs. Glenn Boardman was hostess for the Hereford Garden club meeting Friday afternoon. An executive board meeting preceded the regular meeting.

The school bond issue was explained by Mrs. Elmer Patterson who told of the recommendations given by the citizens committee to the local school board.

The program was on the theme "Conservation of Birds" with Mrs. Rex Tynes discussing the winter care of birds, naming many birds that stay in this locality during the winter months. She told how to feed the birds and how to supply needs for them, recommending planting sunflowers so the birds can get them in the winter. She stated that humming birds like sweetened water and suggested tying a bit of suet to the branches of trees. Bird houses were described and one suggestion was a hollowed out gourd.

Mrs. E. Ramey read a paper on the etiquette of flowers, explaining when flowers should be sent and how they become a gracious compliment when words fail to express a message. She said that "like music flowers speak a universal language" and mentioned appropriate occasions when flowers may be sent such as; holidays, birthdays, anniversaries, as gifts, as congratulations and as tokens of sympathy. She also stressed the importance of flowers in decorations for the home, weddings and public occasions.

Members attending the meeting were Mesdames; Jim Black, C. C. Ferguson, O. H. Herring, O. G. Hill, John Jacobsen Jr., A. L. Manjeot, Ralph McCullough, E. Ramey, Jack Roberson, M. T. Rutter, J. P. Slaton, A. O. Thompson, Rex Tynes, E. E. Fridley, Frank Brinkman, and the hostess.

Ex-Coach Says Football Is Too Commercialized For Good Of Team

A former Pennsylvania high school coach tells, in a magazine article, of the evils that have beset schoolboy football. He cites commercialism, inadequate facilities for the boys, coddling of athletes in the classrooms so they'll be ready for the big Friday night game, and pressure to win on the coach.

The ex-coach, Don Group, explains that he's talking about a minority, but that the minority is growing too big for the general good of football. He ends up by saying he's through with high school football although he still thinks it's a good thing.

Let us examine the Texas high school situation and see if Group's indictment should be confined to Pennsylvania or applied to high school football in general. Texas is a good place to start -- it has the most and the best high school football in the nation. There are 882 schools playing the game.

The high school football player in Texas is well taken care of physically. In the first place he gets the very best equipment as a guard against injury. In the second place 90 per cent of the high schools in Texas carry athletic insurance on the boys. All schools except a few in class B and six-man football carry this insurance. Those that don't just feel they can't afford it with the gate receipts what they are. But the injured boy gets medical treatment from the school even if he is not covered in athletic insurance. There may be a few schools that do not do this, but it would be a very small percentage.

There is little coddling of the athlete in the classroom in Texas. The boy must pass three one-half credit courses each semester and must be passing seven days prior to his participation. The normal load in a high school is four one-half credit courses per semester. The rule seems to be three out of five in Pennsylvania. Group says a boy isn't adequately prepared for college with such a lenient system, especially since he doesn't have to do much studying.

There is pressure on many high school coaches in Texas. Every year some are fired for failure to win. We see no reason why a high school coach shouldn't do a good job just as much as a college coach or a shoe salesman. In

everything you are supposed to produce. What kind of football would we have if nobody cared whether a team won or not? The coach would be the English teacher who was seeing his first game.

There doesn't seem to be much commercialization of high school football in Texas. Not more than 50 per cent of the schools make a profit out of football. And in most cases that profit is much smaller than you hear on the street corners. The larger the gate the more expenditures is the usual story. The profit usually is taken up in paying the expenses of the band, pep club and other allied activities.

Group deprecates the practice of a school having a training camp in the fall before the season opens. In Texas there is a stringent rule against this, thus there are no training camps.

Group talks of the magnificent football stadiums that are built alongside school buildings that are inadequate. I don't believe there is much evidence of this in Texas high schools. The bigger the place the larger the stadium but it is built out of revenue-bearing bonds backed by the school district but paid for out of gate receipts. Anything wrong with that?

The former coach speaks of coaches being paid more than the teachers and of teachers being hired because of their coaching ability. In the first place the coach deserves to be paid more than the teacher because he is both a teacher and a coach. The coach in Texas high schools instructs in the classrooms or has physical education classes. Physical education is just as important and does as much good as English, Spanish, Latin or geometry. The coach is well qualified to teach physical education.

It is safe to say that 95 per cent of the high schools of Texas conduct their athletic programs on a sound, educational basis. A few of them want to win games above all else, which is to be found anywhere there are competitive sports. The others all want to win but only through fair means and if they don't win do not consider it a calamity.

Texas high school football is about as near perfect from all angles as you could hope to find.

 A hearty welcome is extended to all who attend our services.

As the little birds trust the mother bird, so let men trust God. If a sparrow cannot fall without God's attention, if He counts the hairs of our head... why do we fear (Mat. 10:29-31)? Worry about future security? God is the security for those who trust Him. Your Heavenly Father feeds the birds, and you are of far more value than they (Mat. 6:26). "Blessed are they who hunger for God's good things; they shall be filled." In childhood we needed mother and welcomed her... as adults we need God and ignore Him. In prosperity we forget God, the Bible, the church; but when disaster comes we want them all.

As your days so shall your strength be. (Deut. 33:25). He will cover you with His feathers, and under His wings shall you trust (Psalms 91:4). Then why not trust God where you cannot see; the plan is His, the promise yours. "Blessed are they."

Plains Memorial Hospital Meet Attracts Some Sixty Members

By Mrs. C. J. Mapes
The Plains Memorial Hospital meeting held at the high school auditorium last week, had an estimated attendance of 60 members.

President of board members, Thomas F. Bice, presided and stressed the importance of some plan other than present one be

devised now, in order for the hospital to continue operation. After discussing pro and con, it seemed the consensus opinion of membership and board of directors, for the county to take over management and ownership. A resolution was passed authorizing the board to present a petition of the voters to the Commissioner's Court to call an election for the purpose of issuing bonds, sufficient to pay off all indebtedness of said hospital, thereby assuming ownership and management.

An estimated \$70,000 indebtedness is to be assumed in order to clear the hospital of all debts, according to Owen Cox, manager of the hospital. Included in the 200 swine flown from Lubbock to San Salvador, S. A. on November 17, as CROP gifts from Castro County were 10 gilts.

They were trucked to Lubbock by County Agent Edd McElroy and Frank Huseman. According to Mrs. McElroy, the swine will be distributed by missionaries, representing CROP and numerous church workers, where they are most needed.

This good deed is sponsored by the Christian Rural Overseas program. The Castro County gilts, represent the farms of E. L. Hochstein, Albert Schulte, Jay Boston and Frank Huseman.

Mr. and Mrs. J. F. Tate and sons John and Mike spent the week end in the C. J. Mapes home. Mrs. Tate is the former Peggy Mapes.

Goose Ramey and Herbert Hilburn of Plainview spent Tuesday at the J. A. Ranch roundup. Goose is an authority on sourdough biscuits and a roundup calls for a dutch oven rounded up with his culinary masterpiece.

Mrs. E. H. Burk, member of the Jumbo Rural Neighborhood Program reports that they are planning a great day at Jumbo schoolhouse, November 20 at 7-30.

A turkey dinner and all the trimmings for a reasonable sum will be sold to make the dream of a community center being realized.

"42" will be the diversion of the evening. Guests in the W. O. Lawrence home recently were Mr. and Mrs. Bill Elgin of Kansas City, Mo. Mr. Elgin is a nephew of the late Mrs. W. O. Lawrence.

According to Postmaster Thomas F. Bice, the last call for overseas package mailing for soldiers will be November 25 and only by air then. Package weight 25 pounds.

Mr. Harbin, father of Mrs. Robin Vann, Home Demonstration Agent, is critically ill in a Lubbock hospital. Mrs. Vann's mother is also confined to the hospital due to the misfortunes of breaking a hip in a fall recently.

Rev. W. D. Brashears spoke before the Petersburg Lion Club last week. Friends are glad to see him

BUY-WORD in the field of travel

WHEN was the last time you priced the new cars?

When was the last time you matched feature against feature, size against size, horsepower against horsepower—and discovered for yourself which car really tops the value parade?

We'll tell you this—

If you put any Buick—SPECIAL, SUPER or ROADMASTER—against other cars of comparable cost, you'll find it the buy-word in the automobile market today.

Not alone on room, and power, and ride—and equipment included in the list price.

But also—and this is where your senses must be judge—in the thrill per dollar you get in a Buick.

There's no other way to know the lift in spirit you get when a great Fireball 8 Engine is pouring out its high-mileage power, when Dynaflo Drive* is at its silky work, when a million dollars' worth of ride engineering is cradling your travel in ever-level comfort.

We'll tell you this, too—

If you can afford any new car you can afford a Buick. For Buick prices start way down where the so-called "low-priced three" really worry.

Drop in and let us show you the big-thrill buy called Buick.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on the Series.
