

Around Town

Things were humming around Hereford schools this week. Final exams were slated Friday and Monday.

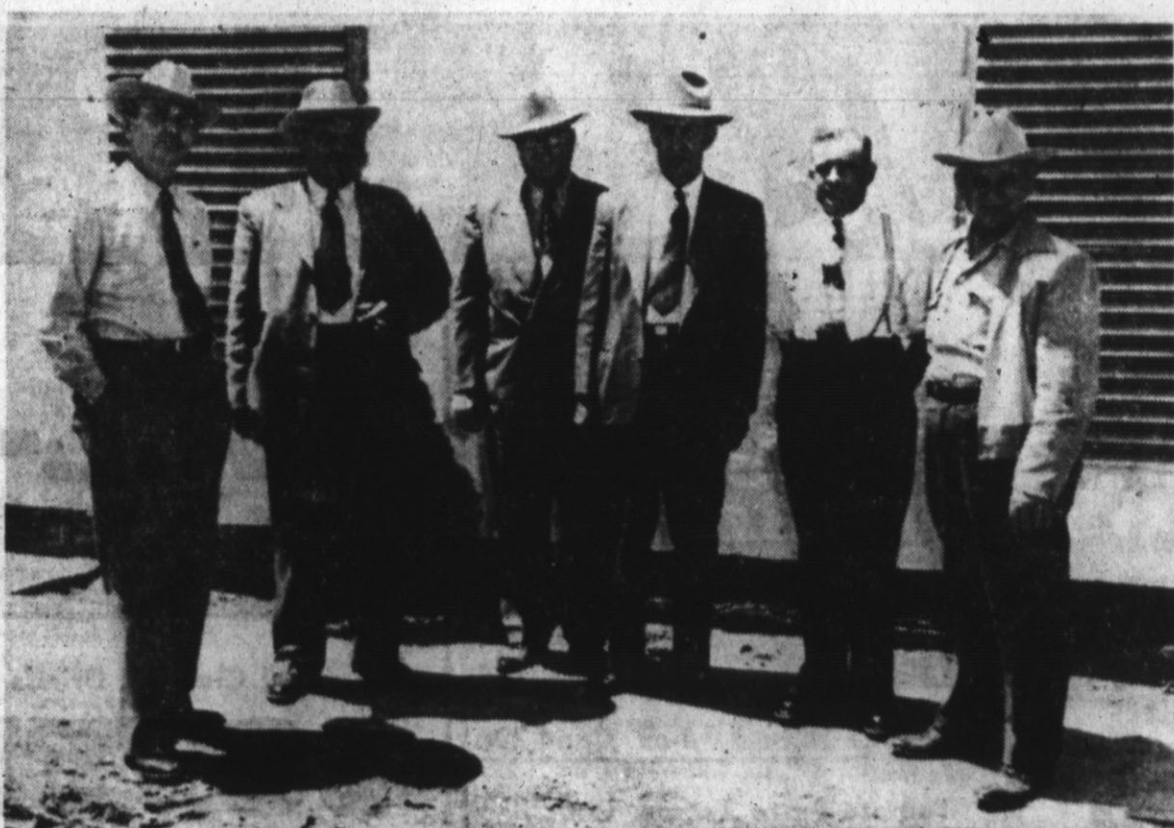

Alton Fraser, confined in the Bantan Memorial Methodist Hospital at Albuquerque, N. M., following an automobile accident last Tuesday was reported Wednesday as "coming along fine."

Here's a good deal for someone, Mrs. Wallace Cox reports that an unknown couple got into her iris bed and says to tell 'em: "The man who lost that good leather glove while he and his lady companion were stealing the gold and yellow iris Monday night may call at 410 Union and I will gladly return the glove."

Mrs. Albert Farris got quite excited Monday when her home, 703 Knight, began quaking and was reasonably sure that Hereford underwent a slight tremor Monday morning.

The Hereford baseball club called-off the game with Dimmitt for Friday, according to Manager Andy Anderson today.

Parkman Bob Bailey reported today that the Jaycee Park on South Main is now cleaned up and in good shape, including trash cans and other necessary items.

First Baptists To Hear Prospective Pastor Next Sunday

Members of the First Baptist Church will hold a conference Sunday to act on recommendation of the Pulpit Committee following a trial sermon to be presented Sunday morning by Rev. Howard E. Scott of Clarendon, according to announcements this week.

Rev. Scott was recommended by the committee, which has visited numerous churches over the area following resignation of Rev. R. H. Cagle on March 25, when he accepted a call to the Ballinger church.

Meter Increases Reflect Growth

Is Hereford still growing? You hear the question often, and the answers vary sharply. Actual figures released by the gas company Monday, through their monthly magazine, "Gas Employee's News," definitely say, "Yes."

Table showing gas meter connections for Hereford, Canyon, Dimmitt, Friona, Bovina, Amarillo, Lubbock, and Plainview from 1943 to 1953.

The Hereford increase shows almost two and one-half times as many meters as the town boasted in 1943—with a net gain of 1,120 connections during the 10-year period.

Averaging the increased connections over a 10-year period, the figures show 112 new meters each year. From 1943 to 1953, second five years of the 10-year period, the total was 650—an average of 130 per year. The increase from 1952 to 1953 was 123 connections.

Boy's Ranchers To Invade Hereford All Day Saturday -- Just For Fun!

Boys Ranch will invade Hereford Saturday, May 23—just for fun! This new plan was received enthusiastically by the boys and they insisted on a visit to Hereford, since the town has been so wonderful in helping the Ranch in the past years.

The announcement, made today by Cal Farley, stated that the visit is part of a new policy through which the boys will visit all Panhandle towns on recreational trips.

Potato Outlook Good, Damage Slight

The potato picture, once painted as drab for this area due to over-planting, this week transformed completely. Prospects for a fair to good market and price appeared probable following current shortages over the nation as the result of heavy rainfall and freezing temperatures.

City Zoning To Be Discussed At Meeting June 1

Zoning, a long-time problem for Hereford, was discussed by the City Commission at their meeting Monday night and City Attorney Ray Cowser was instructed to investigate and outline procedure on creating a City Planning and Zoning committee.

A zoning plan of some sort, commissioners felt, is becoming an urgent matter as Hereford increases in size. The proposed plan, which will probably be discussed at the meeting Monday, June 1, will cover industrial, commercial and residential construction for the future, citing bounds and locations. Present establishments will probably remain "as are."

The Commission also moved to incorporate the Dickey Sub-Division, consisting of 12 lots with 62-foot fronts each. The area lies to the immediate south of Harrison Highway and to the immediate west of Bertram Street, which at present bounds the city limits on the west.

Following announcement that the Canadian Bridge would be constructed, and an improved highway required through the city limits from Park Avenue south to U.S. 60, the Commission authorized City Manager Grady Bowdry to survey the area intensively with the idea of improving the road toward a manner acceptable to the Highway Department and incurring the least possible inconvenience to property owners on the route.

Pioneer Program Offers Variety Of Entertainment

Hereford took on a holiday appearance this week as store fronts were decorated and plans neared completion for the annual Mid-Plains Pioneer Day and Rodeo, May 29-30-31.

25 Mile Avenue Is Big City Headache

Citing the fact that the State Highway Commission failed to approve Hereford's plan to widen Highway 51 to 70 feet, Mayor Henry Sears spoke before the Hereford Jaycees at noon Tuesday and pointed to the strip as Hereford's No. 1 headache.

The old commission tentatively approved a plan for submission to the department, calling for 70 feet instead of the customary 80 feet, and pointing out hardship cases incurred by the additional 10 feet. The plan was OK'd in the Amarillo office for submission to the state, but was frowned upon by the State Department, which asked for 80 feet, but indicated that 80, possibly even 76, would be considered.

Hereford's proposed plan, in general, would have taken an additional 10 feet of right-of-way along the present east side of Highway 51, thus providing the required 54-foot, four-lane road bed for traffic and space for parallel parking on the west side of the road. No parking would have been provided on the east side under the proposed plan. The City also proposed to replace curb and gutter and to clear the east side of improvements, running an estimated expense of around \$15,000.

Would Cost \$75,000 Up. Failure of the Highway Department to approve the plan, however, put the City officials back where they started with additional footage necessary from the west side of the street. Estimated minimum on the improvements would likely run more than \$75,000 expense to the City.

Services Monday For Mrs. B. T. Bell, 98, Long Time Resident

Funeral services for Mrs. B. T. Bell, 98, high plains resident for nearly 60 years, were conducted Monday afternoon, May 18, at 2:30 at the First Presbyterian Church. Interment was in West Park cemetery under the direction of Gilliland Funeral home.

might be acceptable to the department, but that they preferred a 90-foot road with 80 feet as the approved minimum on new construction. Due to the absence of Commissioner D. C. Kinsey at the meeting Monday, no action was taken. The Commission will, in a probability, appear before the State Highway Commission in an effort to work out the problem.

**Two DWI Cases
On Docket Here**

Two DWI cases appeared in
 court this week. One pleaded guilty
 and drew the minimum fine of \$50
 in county court; the other, a sec-
 ond offense was heard in examina-
 ing court, released on a \$1,000 bail
 and bound over to the grand jury.
 Lloyd J. Baker, 18, was assess-
 ed the \$50 fine by Judge Horace L.
 Schloss, following the recommenda-
 tion of officials for leniency in
 the case, due to the youth of the
 defendant. The youth pleaded guilty.
 He was arrested around Jan. 3,
 and since that time has been em-
 ployed half time in Amarillo,
 where he attends school.

Questioning by the court brought
 tears to the eyes of young Baker
 who, in a broken voice, said that
 he had "learned his lesson." Testi-
 mony developed the fact that he
 had been drinking beer. After a
 sharp reprimand, Judge Schloss
 advised the boy to return to Am-
 arillo to finish his education. The
 boy's father testified that he had
 refused his son the use of the
 family car since the incident and
 his driver's license was suspended
 for a period of six months from
 date of conviction and surrendered
 to the court.

In the examining court Monday,
 Clarence Carnahan was released
 on a \$1,000 bond until the next
 session of the grand jury, the case
 becoming a felony due to previous
 conviction. He was arrested here
 Sunday, May 17.

O. Thomas, Southwestern Bell
 telephone District Manager of
 Amarillo Wednesday addressed the
 Hereford Lions Club and reviewed
 his collection of Texas bills, in-
 cluding a \$5 note bearing the pho-
 tograph of Deaf Smith.

Gary Ohlig, who suffered the
 most severe burns in the recent
 explosions at the Ohlig home, is
 reported to be in good condition.
 At first it was thought that he
 would have to have extensive
 grafting done but Wednesday, Mr.
 and Mrs. Leo Ohlig learned that
 he would only require grafting on
 the back of his hands, on several
 patches on his arms and plastic
 surgery on his ears.
 Billy, the younger brother is do-
 ing fine as is Leo, who was burned
 getting the boys out of the burn-
 ing bathroom.

Out On \$1,000 Bond
 Arthur Jordan was released this
 week on a bond of \$1,000, set by
 the grand jury on charges of child
 molestation. Sheriff Lowell Sharp
 said that Jordan was picked up
 on the charge, made bond, and
 will be bound over to the next
 term of district court.

Someone Stole His Wine Jug, But That Was Only A Starter For Local Wetback

This story started when someone copped a bottle of wine from Midel Hernandez, Spanish American laborer, at the migratory labor camp south of here last Sunday evening. From this point on things went from bad to worse. Hernandez didn't like the treatment, so he called the police to report his loss. He wound up talking with the sheriff's department and, when they finally got in a word or two, they wanted to know what he was doing with the wine in the first place. Things wound up with Hernandez lodged in the "pokeny" on a drunk charge.

This was bad enough, but when Deputy Neil Young ran

a routine check with the Border Patrol boys in Lubbock, they came to Hereford for investigation, classified the workman as a "wetback" and promptly carted him off to be returned to his native Mexico. The moral to the story, if any, would probably be: "If someone steals your wine, just keep your trap closed." Anyway, it would have been better for Hernandez. He never did find out who copped his bottle in the first place.

Rouse Funeral Is Held Monday

Funeral services for John Edward Rouse, 75, were conducted from the Methodist Church in Frio, Monday May 18, following his death around 5:30 Saturday afternoon.

He resided 25 miles northwest of Frio and was the father of Dwight Rouse, operator of the Hereford Shoe Store. He was born at Shelbyville, Ill., Mar. 27, 1874, and moved to Cloud Chief, Okla., in 1906. On March 19, 1910, he was married to Miss Jessie E. Buie.

Mr. Rouse spent 18 years in the employ of Western Union and for the C. B. & D. railroad, working in the construction department. In 1914, he moved to a farm near Cloud Chief and in 1928, brought his family to Deaf Smith County and settled on the place where his death occurred.

In addition to his widow and the one son, he is survived by three grandchildren, Dwight, Jr., Michael and Wendell, all of Farmington, N. M.

Interment was made in the Frio Cemetery.

Pall bearers were: J. L. Smith, Hub Homer, Arthur Drake, Elmer Northcutt, Hoyt Smith, Ernest Brown. Honorary pall bearers, E. M. Jack, Eldred Brown, Henry Lewis, Orville Houser, Henry Irbeck, and Bruce Coleman.

Mr. and Mrs. Carlton Dobbins and Robert went to Winters Friday, where they visited their folks. The Edgar Vinsons went down there on Saturday; both the Dobbins and Vinsons planned to return home Monday.

Virginia Brock of Hereford, spent Saturday night with Frances and Veradelle Andrews.

Austin Mobley was honoree at a birthday dinner in the G. E. Adams home Wednesday. Others present, besides the Adams, and Austin, were Mrs. H. M. Mobley, Mr. and Mrs. Lee Renfro, Mr. and Mrs. Raymond Mobley.

Mr. and Mrs. Raymond Mobley and children visited their relatives in Kansas during the week end and planned to return by way of Oklahoma City, where Kent was to receive medical attention.

The W. H. Thompson family visited relatives in Oklahoma, and attended a family reunion of Mrs. Thompson's relatives.

Taking Sunday dinner in the Robert Simpson home were Rev. and Mrs. D. W. Ward, Judy and Linda, and their nieces, Karon and Sharon, who are staying with the Wards, while their mother, Mrs. Jean Ward is in the Deaf Smith County Hospital.

Young People who enjoyed a picnic Sunday after church at the Palo Duro Park were Eva Jean Woolbright, Frances Andrews, Nell Simpson, Sue Ewton, Veradelle Andrews, La Nelle Mobley, Sammie Lu McLellen, Nora Jo McLallen, Clark Andrews, James Dobbs, Billie Gene White, Clark Dobbs, Glenn Andrews, Dan McLallen, Frank Woolbright, Russell Miller, Don Mobley, Joe Ed Andrews, Doyle and Karen Johnson. Adults going with them were Mr. and Mrs. A. D. Johnson, Mr. and Mrs. Owen Andrews, Mr. and Mrs. Sam McLallen, Mrs. H. M. Mobley.

From this community in the graduating class at Dimmitt, is James Dobbs. In the Hereford graduating class, are Sherry Benson, Nell Simpson and Glenn Andrews.

Clean-Up Week, May 17-23, Finds Town-Wide Cooperation This Year

Clean-up week, May 17-23, is now in progress and reports today through the Chamber of Commerce said that town-wide cooperation is being given the movement.

"The C-C has taken orders for 23 trash barrels which will be delivered by the Jaycees this week," Cecil Massey, C-C manager, said. "The service clubs have been asked to assist the city with trucks to gather extra trash during the week."

Peggy Jacobs

Peggy Jacobs Was Last Seen At Home Around April 8th

Sought by her parents and by local officers, Peggy Jacobs, 17, daughter of Mr. and Mrs. Raymond Jacobs, 212 Kibbe, was reported today as "still missing" by Sheriff Lowell Sharp.

The girl, a sophomore in Hereford High School was reported to have been missing since the night of April 8, when she was last seen by her sister leaving home around 9 o'clock. She was with a boy at the time last seen and came home to get her clothes. Her parents were absent at the time.

Whether she eloped or, met with foul play is the question which bothers the family and officers who are seeking information from anyone knowing her whereabouts.

When last seen, she was wearing a red velvet jacket, a green and blue scarf, brown riding pants and black shoes. She was described as five feet, five inches tall, weight around 140. She has brown eyes and light brown hair.

Lady Ball Club Wants Support

The women's softball team "Hereford Ramblers" are scheduled to play each Monday night at Veteran's Park. Games are called for 8 o'clock.

Mary Martin, manager, was also protesting lack of public interest in the games. She said: "For those who haven't seen or heard of us, this team is made up of local girls. We are self-supporting, although we are backed by the business men of Hereford. We contracted the field just as the men did. We love to play ball and have a good team. You'll enjoy watching, I know. This is our third season, and we think we deserve some recognition and support at our games. It's easier to play if you know your home town is behind you. So come on out every Monday night and see a good game. We really need and want your help."

Daniel News

By Mrs. W. R. Moore
 This community welcomed a nice shower Friday. There was also some sleet and snow on Tuesday. The farmers are very busy irrigating their land for row crops and several have planted cotton. Mr. and Mrs. Ted Richardson and children visited in the home of Mrs. Richard Henshaw in Littlefield Saturday night and Sunday. Mr. and Mrs. E. O. Dweese of Vega were visitors in the C. W. Cogdell home over the week end. Mr. and Mrs. W. R. Moore made a business trip to Amarillo Friday. Mrs. Lynn Axe from Hereford visited in the home of Mrs. Zelma Axe Friday. Mr. and Mrs. Cecil Waters from Canyon were visitors in the C. L.

McBroom home Sunday. Zane Axe is in the hospital in Canyon where he had an operation on his knee Saturday. Mrs. Gale Higgins is visiting in the home of a sister in Amarillo for a few days. Mr. and Mrs. Bruce Wheeler and little daughter from Plainview called in the W. R. Moore home recently. Mrs. Belton Finney and son, Dickie and Kenneth Davis from Plainview visited with friends in this community recently.

GOOD NEIGHBOR CONTEST

Miss Hilda Straffuss Aids Neighbors In Times of Sickness and Distress

By Faye Howard
 Miss Hilda Straffuss is the second entry in the Good Neighbor Contest. We found her reluctant to have her picture taken but ready to sit down and visit a while across coffee cups. Miss Straffuss came from Kansas to Deaf Smith County with her parents in 1928 and settled on a farm sixteen miles north of Hereford on Highway 51. She began nursing's training in St. Anthony's Hospital in Amarillo, but had to give up that career when her mother became ill and died in 1930. She stayed on the farm to help her father through the dust-bowl years and, since his death, has managed the farm alone. Through the years her nursing skill has been given freely to neighbors who needed it, though she does not talk freely about it. She dismisses the idea lightly, saying, "I haven't done anything to get my picture in the paper." Mrs. Hardy Benson is one neighbor who

firmly believes that her two children are alive today, because of help Miss Straffuss gave. In nominating Miss Straffuss, Mrs. Benson says, "The Carl Straffuss family have been our good neighbors ever since the first Sunday afternoon we visited them. Dad Straffuss and Miss Hilda helped us to carry our son to Amarillo and secure the best doctors, nurses and hospital. His appendix had ruptured. He was nine years old and doctors gave us no hope. But today, he is enjoying good health, thanks to them. "My mother, at 72 years, was in a similar condition and considered hopeless. She got well with the help of these good neighbors, and lived about ten years after that," says Mrs. Benson. "When our baby girl was two years old, she was near death with measles and scarlet fever. Miss Hilda helped us to nurse her back to good health. We feel that our loved ones' lives were spared because of the help our good neighbors and friends gave us all through the years. "She has helped many others—among them, Mrs. Donald Hicks, daughter of Mr. and Mrs. Mal Stewart of Vega, who was once County Judge of Deaf Smith County." Miss Straffuss is an active member of the Church of the Immaculate Conception in Vega, and is active, also, in Red Cross and home demonstration work. She likes these diversions from the work of the farm, but she says she really could not leave for a whole week, even for a trip to Drowsy Water Ranch in Colorado. At least one of her neighbors is willing to help with the work if she is chosen as Good Neighbor of 1953. After chatting with Miss Straffuss about everything from recital dresses to irrigation wells, we finished our coffee, spoke to her collie dog, and left feeling that we had made a new friend.

Poppy Day Set Here Saturday

Preparations for Poppy Day were occupying the women of the American Legion Auxiliary through out the country this month as the organization got ready for its annual distribution of the little red flowers of memory to be worn in honor of America's war dead on May 23, according to Mrs. Clarence Savley, Poppy Chairman of Unit of the Auxiliary in Hereford. "We are all ready for Poppy Day here," Mrs. Savley said. "Our women have responded splendidly to the call for volunteers to distribute the flowers on the streets. Teams have been organized and locations assigned. You will meet us bright and early on the morning of May 23 with our bright red poppies which symbolize the lives sacrificed in defense of America. "The poppies have been made for us by disabled veterans at the various Veteran's Hospitals. They are made of crepe paper, with wire stems, and resemble as closely as possible the wild poppies of France and Flanders which bloomed in such profusion on the battle fields and war cemeteries there. The work of making them has provided interesting and beneficial occupation for many disabled veterans through the winter and spring. "When we offer our memorial poppies on Poppy Day, we will ask for contribution for war's living victims, the disabled veterans and needy children of veterans. Most of the money we receive will remain right here in Hereford, filling our Unit rehabilitation and child welfare funds so that we will be able to extend emergency help to veterans and their families here during the coming year. "We hope everyone will catch the spirit of Poppy Day, will wear a poppy proudly in honor of those who have given their lives for America, and contribute generously to help those to whom the three wars of the last 35 years have brought suffering and hardship."

WOLVES IN PARIS -- J. T. Rbinson, left, and E. W. Blackshear of the Tigertown community near Paris created quite a stir in downtown Paris when they brought these seven young wolves into town to be turned over to the federal wolf trapper. The two Lamar County farmers, who estimated these tiny critters to be about eight weeks old, found them in a hollow log while searching for lost cows. (AP Photo).

Dawn moved into a tie for first place with Hereford Hardware Tuesday night.

They defeated Summerfield 7-5 behind the tight 4-hit hurling of Roy Barton. This game, the nightcap of a twinbill was by far the best softball game played thus far in the young season.

The opener was directly in contrast. REA walloped Piggly Wiggly by 31-16. Both of these teams are new league members. It was only last week that REA was defeated by Hereford Hardware 21-8. But this week, REA took the aggressive and scored eleven runs in the first inning.

The five inning rule took effect at the end of the fifth. Forty-seven runs were scored, twenty-seven hits batted out and 20 errors committed in the five innings.

Fifteen of the errors belonged to Piggly Wiggly. Nine walks also added to the confusion.

The victors were again paced by Frances Hunt, who collected four hits. Sam Woodie was next with three. Ed Johnson, Jim Russell and Richard Pickens had two safeties each.

Dewey Wallace paced the losers with three bingles, of which two were fourmesters. He was the only Piggly Wiggly boy to collect more than one hit.

Raymond Dement, who pitched the first inning for Piggly is the loser. Ogal Riddle is the victor. Only three errors were committed in the Dawn-Hereford contest. The fielding was above par for both squads.

Dawn took a four run lead in the first inning and was never headed.

Summerfield came back to score three in the second but that's as close as they could get. Four scoreless innings went by and Dawn scored three more in the last of the sixth.

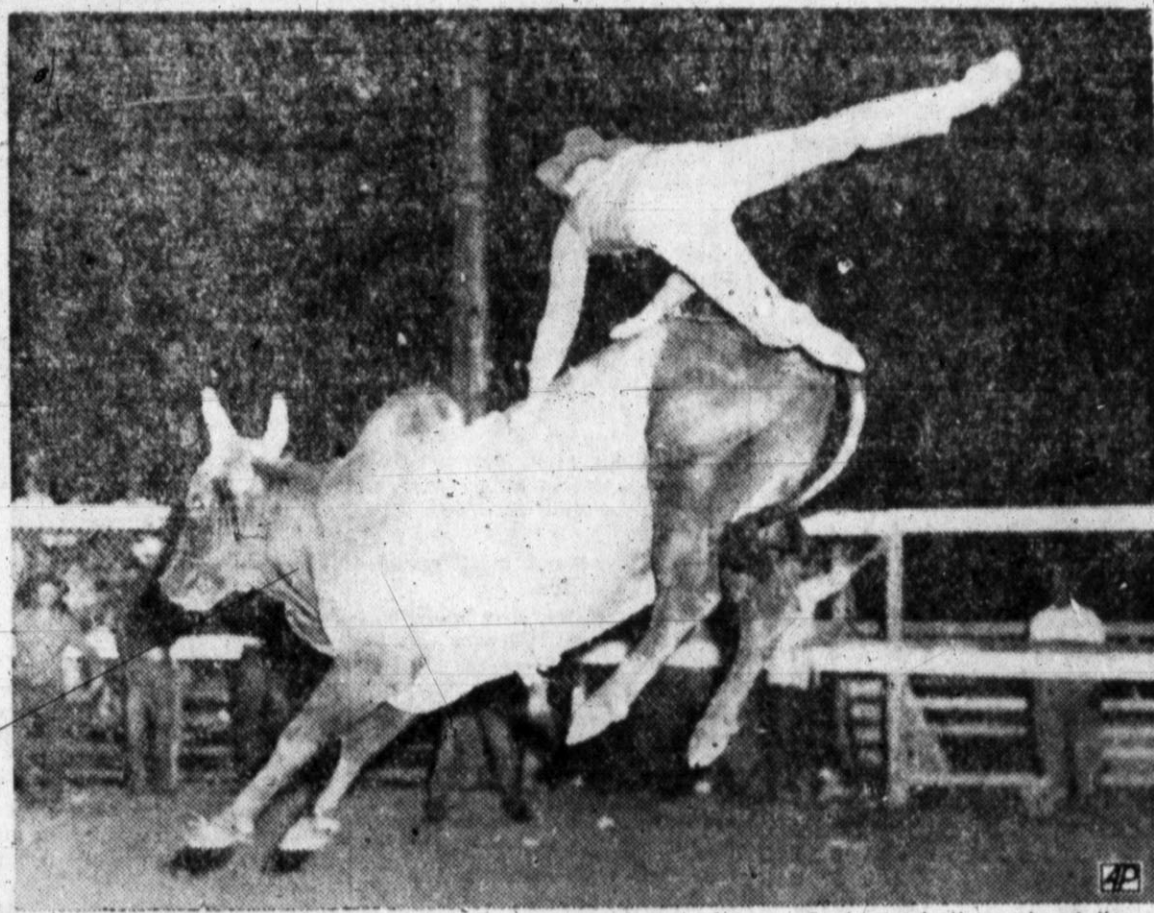

The pitcher, Baiez, who had replaced Jack Clark in the sixth slammed a home run with a mate aboard in the seventh but the rally died two runs short.

Thursday night the Knights of Columbus meet Phillips 66 and Hereford Hardware is pitted against Piggly Wiggly.

Hereford Downs Umberger Nine, 8 to 3, Sunday

By Shelby Whitfield
Hereford defeated Umberger 8-3 in an Irrigation League game Sunday in Vets park.

Johnny Renner pitched a crafty 6 hitters as he and his teammates banged out 10 hits to win. It was the second victory of the season compared to one loss for Hereford. It puts the team in a good position to knock Springlake out of the league leadership.

The locals took a 2-0 lead in the last of the first inning. Dick Posledoff with a walk. Duane Albracht was safe on a fielder's choice and an error by second baseman Joe Artho kept Ross alive at second. Raymond Lueb then cracked a single, producing two runs.

In the third frame, Umberger tied the game. Renner walked Hiny Gerber and he stole second. Johnny tried to pick him off and threw into centerfield allowing the runner to score. Two doubles followed and the tying run came in. Umberger took the lead in the top of the fifth. Gerber again started the rally by singling. Jack Brandt drove in the visitors last run with a bingle.

Hereford broke the game wide open in the sixth inning, scoring four runs on six hits and an error. Renner's triple, the only extra base rap for Hereford, was the big blow. Hereford added 2 insurance runs in the eighth inning.

Renner struck out seven men and walked only 2. His record is now one win and one loss. Lueb, Renner and Jackie Burrus paced Hereford's hitting attack, each contributing two safeties.

No one was surprised when the Southwest-Confederation mixed a motion to invite Texas Tech and Oklahoma U. into their membership. Unofficially only Texas U., Texas A & M and TCU were favorable. There was a quirk or two which emerged from the meeting that will bear mention. The de-emphasis of the De-Emphasis campaign of the NCAA was continued, as evidenced by the extension of the number of basketball games allowable from 21 to 24, and by a verdict, not to count the Easter holidays against the number of days allowed for spring training in both football and basketball. Another quaint was the rewording of the Cotton Bowl measure. Now it reads, "The Southwest Conference champion shall appear," in the New Year's day game in Dallas. Previously, the rule stated that the conference champion would appear in the Cotton Bowl. If it played in any bowl game at all, it played in any bowl game at all. I noticed where Jimmie Demaret shot a 65 Saturday in the Meadow Brook Round Robin golf tourney, while attired in dashing clothes, including a cerise flying saucer cap and mink covered gloves. Nothing less than a 65 would support raiment of that ilk, would it? Franny Murray, who led the fight against the NCAA control of TV program, is out as Athletic Direc-

Tag Match Slated Saturday On Lions Club Grapple Card

An Australian tag team match in which the junior heavyweight champion of Australia appears as a strong contender, highlights the double main event at Hereford's wrestling arena Saturday night.

Jack O'Reilly, who may be partly responsible for the "invention" of the tag team match, pairs with another rough and tough athlete, Burly Buck Lipscomb of Eugene, Oregon. The two tough guys face a team of "gentleman" grapplers, Johnny Henning of St. Petersburg, Florida, and Luigi Macera of Rome, Italy.

The tag match should bring out the best and the worst in each individual as well as in each combination. Henning and Macera will wrestle "clean" as long as Lipscomb and O'Reilly let them, which will be something like a fraction of a minute.

The rules say that only two antagonists may be in the ring at the same time, but Hereford fans probably will see all four in there at once, much to the embarrassment of the referee.

In the first section of the twin main, two qualified veterans who know their ways around the ring will compete in a two out of three falls or one hour limit match.

They are Gene Blackley, the "mavor of Buffalo Gap," and Billy Weidner, popular-strong man from Amarillo. These veterans know most of the tricks of the trade, clean and otherwise. The match is expected to provide a lot of scientific grappling, with illegal punches and holds thrown in for good measure.

Lipscomb and O'Reilly have formed a friendship and a team which they hope will come out first in matches to determine the tag team championship of the Southwest States Territory. The title now is held by Dory Funk and Cowboy Carlson, but unless they return to this area to defend it within the next few weeks, it is likely that the championship will be declared open.

Our next inter-city match will be with Clovis, N. M. at Clovis on Sunday, June 7.

This Saturday, May 23, is National Golf Day, giving every golfer in the United States a chance to beat the National Open Champion, Julius Boros. Each golfer pays \$1 and then plays 18 holes, using his full handicap (ladies receive their full handicap plus 7 strokes) while Boros plays from scratch. Each golfer defeating Boros will receive a medal inscribed, "I beat Boros, National Open Golf Champion." All proceeds will go to the U. S. O., and national golf funds.

er to the heights, but paunchy has eclipsed many a promising hand or at best, has trimmed some laps from his playing career. Yogi Berra seems overfleshed and frequently, out of the line up recently. Jackie Robinson has avoirdupoised himself from a roving second baseman to an almost stationary third baseman. Conversely Roy Campanella, who made a fruitful, nearly, effort to eat himself out of the Brooklyn's last lap, has acknowledged the handicap of weight and made the spring season in trim, downed style and has been amazing all hands and the cook with his playing this term. He's laying the league low with his bat, as of last Thursday's averages he was hitting .372, had clapped 11 homers and driven in 41 runs. With all his hitting the Bums are having trouble, including Saturday's tussle, they were barely in 3rd place, in a race they were supposed to spread eagle. The Chisox showed no noticeable awe of the Yankees and bearded them in the stadium with two successive wins on ninth and tenth innings. The last one must have been a bitter gall and worm-wood type of pill for Stengel to absorb, for Tommy Byrne, a Yank cast-away and a pitcher at that, fired a bases loaded homer at his ex-mates and wrapped them up therewith. The Yanks have some problems besides the Chicago's too, it seems, for they have Don Bollweg on first; How the 31 year old Cardinal chain gangster got away is a mystery, as he was in the St. Louis wrap up for 30 years, here and there, mostly with Columbus, Houston and Rochester, although he put in brief spasms at the home club's beck and call. The Cards had good first basing for a long time with the likes of Bottomley, Rip Collins, et al, but since their era they have tried seeds of gateway guardians with small success

except when they exposed Musial to possible mayhem there, Waicott and Co., is demanding a recount on the heavyweight debacle of last Friday, what should happen is a recount of the leftheads that let Joe back in the ring, ostensibly to fight.

Double KO In Lions Matches

A double knock-out brought the Lion's wrestling matches to an abrupt end Saturday night.

Roger Mackey and Jack O'Reilly got their heads together in the middle of the ring—result both out cold for five minutes.

The preliminary bout in the matches, Saturday night was a 1 fall 20 minute affair between Billy Weidner, Amarillo strongman and George Bruckman of Washington, D.C.

Weidner won out in 15 minutes with a full nelson.

The first of the twin main was between Whitey Whittler of St. Louis and John Henning, St. Petersburg, Fla. frogman.

The first fall went to Whitey Whittler in 14 minutes when he downed Henning with a body press.

Henning came back for the second fall and took it in 12 minutes with a back slide.

Whittler was disqualified in 11 minutes for throwing Henning out of the ring and not letting him back—which gave Henning the match.

Now to the knockout of the evening.

Roger Mackey of Salt Lake City and Australian Junior Heavyweight champion Jack O'Reilly both know just how hard headed the other is after the bout Saturday night.

Mackey took the first fall in 11 minutes with a body jackknife. O'Reilly came back for the second in 11 minutes with a combination reverse toe hold and face bar.

Eight minutes later both men were stretched out on the mat for the count.

The match was called a draw and neither contestant complained about anything but a headache. Gene Detton refereed.

VALLEY'S ENTIRE WATER SUPPLY -- The water supply of the Rio Grande Valley is shown in this aerial photo of Esoteritas Drain, upper center, which is emptying 100 cubic feet of water a second into the practically dry Rio Grande, low foreground. This water was released for a period of 12 days that ended May 7, from Marte Gomez Dam and Reservoir, located a few miles below the Rio Grande and across one of its largest tributaries, the Rio San Juan in Mexico. Mexican irrigation authorities specified that water should be released for domestic uses only. (AP Photo).

CONG. WALTER ROGERS REPORTS:

Appropriations Bills Indicate Slow Down In Government Expense

Food, Fiber, Fuel and Firepower: You will hear and read much in the next few months about economies, proposed economies, budget balancing, tax reduction, the elimination of waste and graft, and other incidental items. It presently appears from the recent announcements of congressional leaders that the proposals to balance the budget and reduce taxes will be confined to talk for about two years. These announcements are confirmed by the action that is being taken by Congress on the appropriations bills. These bills are coming to the House floor and sailing through after relatively short debate and with too little time for the entire House membership to study them. Most of them still provide for a substantial portion of the services that the federal government has been called upon to perform in the last two decades, the big cuts being in the construction and not the administrative field.

A good example is the appropriations bill for the Department of Interior, which includes the Bureau of Reclamation. The Department of Interior is the caretaker of the real property of the Government and has the responsibility of developing the natural resources. The Appropriations Committee slashed 202 million dollars off the budget estimate of 607 million dollars. 98 million dollars out of the 200 million dollar cut came out of the Bureau of Reclamation funds. 90 million dollars of the 98 million dollar cut represented a reduction in construction, rehabilitation, and matters incident thereto. General administrative expenses were reduced one million dollars. The nature of this cut simply means that there will be a sharp curtailment in maintenance, operation and rehabilitation of existing facilities in this country and a sharp curtailment in the development of our natural resources. At the same time, the taxpayers of this country are being asked to contribute approximately six billion dollars in foreign aid. Much of this money will be used for the development of natural resources in the countries to which it is sent. Some may take issue with me on this point and say that the dollars are not used directly for that purpose. Such a statement would be true, but is only theoretical. What happens is this: The recipients of

foreign aid in many instances use their own funds, called counterpart funds, to develop their natural resources. They use the funds furnished by this country for the purposes for which they would have had to use their own funds had this country not sent the foreign aid. It is sort of a merry-go-round. No one objects to helping other countries who are our allies. However, I cannot reconcile the development of the natural resources in other countries at the expense of permitting ours to go unattended. Many of these foreign countries are under a continuing communist threat. Should any of them capitulate, we know that the assets we have provided for those countries would not only be lost to us, but would be used against us.

The cold hard facts that we must face are simply these. The survival of this country from a material standpoint is going to depend upon food, fiber, fuel and firepower. This means that agriculture, the development of our natural resources, and the strengthening of our defenses should be among our top level considerations. The fat should be cut from all of these, but the muscles should not be damaged.

SUBSIDIES: I expect to introduce a resolution within the next few days requesting a full investigation and a definite earmarking of the subsidies enjoyed at the expense of the American taxpayer. One of the most difficult problems at present is to find out the exact amount of subsidies being paid, who gets them, and why. It is high time that the American taxpayer had this information boiled down to a dollar and cent standpoint. It can then be determined which are justified and which should be reduced or abolished. I feel that if definite and concrete information can be gathered together on this subject, tremendous savings can be effected.

VISITORS: I had three most pleasant experiences this past week. First I had dinner with D.T. Northcutt, from Briscoe County, and several of his friends, who were here concerning the new farm credit proposals. Another was a luncheon and visit I had with Gene Phillips, the son of J. C. Phillips, editor of the Borger News-Herald. Gene is presently stationed here with the Navy. Then, Bill Glidden, with the Cabot Company at Pampa who is moving to Boston, came by for a visit, and we had lunch together.

By Vern Sanford

Texas Press Association
Austin, Tex. — The Legislature worked this week on compromise plans to give public school teachers more pay.

Those who wanted more money for teachers seemed ready to accept something less than the \$600 per year they had originally demanded.

The House lagged behind in committee action on new tax bills to provide the money for teachers. It would take about \$33 million per year to give the school people an additional \$600 annually.

At the same time, the administration kept up its pressure against new taxation.

The governor asked the legislature to wait and see what would become of a natural gas tax, passed during the last session and being tested in the courts.

Meanwhile, the State supreme court declared the tax valid. But the issue was not finally settled. The gas companies could appeal to the U. S. Supreme Court.

Representative Douglas E. Bergman of Dallas suggested that teacher pay be hiked \$306 per yr., starting next September, if the state wins its fight for the "natural gas tax."

Representative D. H. Buchanan of Longview wanted to pass a new tax on natural gas, to bring in \$15 million per year for teachers. This tax would become invalid if the present tax is found to be constitutional.

And Representative Lamar Zivley of Temple recommended financing a \$360 per year raise for teachers with a tax on natural gas.

The session passed its 120th day Tuesday, and the pay of legislators automatically dropped from

\$10 per day to \$5 per day.

The House passed on second reading a bill to change the Gilmer Aikin minimum foundation fund by revising the economic index annually, instead of every four years.

Under the bill, no district's dues can be changed more than 10 per cent in any one year.

The annual \$45 million contribution of all districts would remain the same.

After a 26-hour filibuster, the Senate finally passed a bill to create a statewide toll road authority.

As originally passed in the House the bill created a Dallas-Fort Worth turnpike authority. The bill went back to the House for approval of Senate amendments.

Dead or dying was a bill to tighten regulation over the practice of optometry.

A motion in the Senate to suspend rules and bring the bill up for debate failed of the necessary two-thirds majority.

Other measures also became lost

causes, unless the Legislature should hang on for a long session.

The Senate passed, 17 to 13, a proposed constitutional amendment that would boost the salaries of legislators from \$10 to \$25 per day.

But the vote was insufficient to give the resolution, already passed by the House, final approval.

Senator George Parkhouse of Dallas lacked two votes to bring up the Ford bill—one that would prohibit payment of unemployment benefits to union members off the job in one plant of a corporation because of a strike in another plant of the same corporation.

This one is called the Ford bill because the Ford plant at Dallas closed because of a strike at another Ford plant.

A so-called loan shark bill took a rugged punch in the House, but refused to lie down and be counted out.

The bill, by Representative Reagan R. Huffman of Marshall, would authorize courts to assess jail sentences against any lender whose charges exceed 36 per cent.

Huffman asked the House to order a report on the bill from the Judiciary committee.

The motion failed. Thereupon, Representative Ben Atwell of Dallas, head of a subcommittee studying the bill, set about to revise it.

The subcommittee's report promised a report to the full committee next Tuesday.

Atwell said his proposal would require all lenders to be licensed by the State Banking Commission, but would not limit charges.

The House passed a bill requiring cities to hold, when petitioned, an election on reducing the work of police and firemen.

As amended the election would be held at the next city election, general or special. Originally, the bill called for the election to be held within 90 days after submission of the petition, which would have to carry the names of 25 per cent of those who voted in the last preceding election.

Official public business should be conducted publicly, according to a

resolution passed by the House.

The Senate had already passed the measure.

The affairs of the federal government, the states, counties and cities were included in the resolution.

Representative H. A. (Salty) Hull of Fort Worth said, while discussing an amendment, that, "I think there are certain instances—and I think the press recognizes it—when committees may need privacy."

Executive sessions are customary in certain instances, such as, for example, when the Senate is considering whether or not to approve appointments made by the governor.

During the present session, legislators closed the doors to reporters while considering the general appropriations bill.

Representative Horace B. Houston, Jr. of Dallas added his name to the list of candidates for Speaker of the House at the next session.

Houston said he had withheld his announcement until late in the present session because he wanted the House to get its main work done before turning attention to the speaker's race.

Prospective candidates for Speaker, in addition to Houston, include Representatives Jim T. Lindsey of Texarkana, Waggoner Carr of Lubbock, Joe Pyle of Fort Worth and Dolph Briscoe, Jr. of Uvalde.

Short Snorts: The House approved and sent to the Senate a bill that would increase the automobile travel expense of state employees from six to seven cents a mile.

The House also voted to outlaw cross-filing by political candidates—that is, running as candidate of more than one party.

Passed by both houses, but with different provisions, is a proposed constitutional amendment to permit Texas members of the armed services to vote.

A conference committee will have to adjust the differences before the measure can be finally passed.

"COMMUNIST BUNK" — W. R. Smith, nationally known coach at the small Orange, Tex., Negro High School, shows his disdain for a Communist Party pamphlet that is being circulated widely in Texas, by using it to light his cigar. Smith, whose work among young people, has prompted Orange citizens to present him with a new station wagon, called the booklet "Communist bunk." The Texas Attorney General has said he will investigate and prosecute the persons who mailed the literature. (AP Photo).

Q. What makeup precaution should the girl who wears eyeglasses observe?

A. She should not permit the rouge to outline the lower rim of the glasses, but should blend it up under the lenses.

Fresh Plants
Plants can be kept fresh while the house is closed by placing as many bricks as there are flower pots in a zinc tub. Then put enough water into the tub to cover the bricks and stand a plant on each. The bricks will absorb enough water to keep the plants in good condition for several weeks.

Long Time Ago

45 Years Ago
Last week, The Brand inaugurated a new department under the caption of "Hereford Society." This department will be under the supervision of a competent and accomplished lady editor, whose modesty forbids the management printing her name in the caption. The many favorable comments that have come to the ears of The Brand in giving more complete society news show that a responsive card has been touched in the hearts of The Brand readers.

Sam H. Morris and Alex Thompson have had their office in the Garrison building fitted up in red top style, all the woodwork having been painted in red. They are preparing to do an extensive real estate business.

The new courthouse for Castro County will be a first-class brick building and all work of the latest designs.

Construction will begin in the near future. Cost of the courthouse will be \$30,000.

The Mammoth Dry-Goods Company under the management of H. Miller and Company, recently of Iredell, Texas will open a general notion and dry-goods store in the Bogard building soon. Last Monday local sign painters strung a big sign across the building announcing the advent of the new firm.

The local weather bureau gives out the following report for the month of April. Rainfall at Hereford 1.10 inches; average maximum temperature 72 degrees; average minimum temperature 38 degrees; number of clear days 8; partly cloudy, 5; cloudy, 17; lowest temperature 22 degrees on the 22nd.

REAL ESTATE BOARD REPORT

War or peace vitally affects all of us, farmers, merchants, professional people or laborers. Since the beginning of time, there have only been two causes for war, one is religion and the other is economics. When one nation controls more trade than any other nation in the world... then that nation is the most prosperous and has the highest standard of living during that period. Such has been our position in the United States for the past 75 years. We have never fought a Religious War.

Where are we today... we have long called the dance to the tune of a dollar in China and now Russia wants it. We have done the same in the Middle East thru the expansion of the Oil Industry in the Arab States and now Russia wants that. I remember that in 1836 we were selling 4 tube radios for \$9.95 yet in Havana and the Panama Canal Zone I saw German, Italian and Japanese radios of comparable values sell for \$2.98. To maintain our standard of living thru the control of world markets, we had to chop them off. This led to World War I just as our struggle with Russia will lead to World War III. What to do about it?

But right now we are faced with a period of overproduction here in the United States which is the main concern of every producer, whether he is a farmer, business man, Auto manufacturer or what. When we overproduce prices go down and there is unemployment. Here in Deaf Smith County the PMA office is checking past seed acreage of wheat so we can arrive at a base by which wheat acreage can be allotted in the future. Crop allotment is man's effort to control overproduction.

"So then neither is he that planteth any thing, neither he that watereth; but God that giveth the increase."

Let's Talk Livestock

By Ted Gouldy
Fl. Worth — Sam Harris of Georgetown, (Williamson County) Texas, told us a tale about a string of steers he sold on the Fort Worth market last week that gives about as graphic an account of the cattle price skid as you'll ever hear.

Harris, a veteran livestock man, reported that about two years ago he bought about a hundred steer yearlings at \$41 per hundred. He wintered and caked them and was bid \$38 the following Spring.

This offer he turned down but later he did sell the cattle at \$34. However, this was not the end of the story by a long shot. Harris later bought the cattle back — at \$22 per hundred. Then this week he sold on the Fort Worth market the 104 steers at \$21.50 with 24 head at \$19.

Said he might just buy some of 'em back, just to see what would happen.

his home at 122 Star Street to Wayne Wallace. Wayne is the new Buick Dealer and Wayne... your new neighbors will be Lee and Helen Kent on the north and Paul and Mrs. Mathers on the south.

Wayne also bought Jo Ed Cuppell's house at 220 Ave. H. which is just across the street in front of Shirley School.

We won't say a word about the freeze on the spuds.

Q. How can I safely treat freckles on my face at home?
A. You might try lemon juice. This should be removed from the skin with a little milk after about five minutes, the milk relieving any irritation that might occur. Butter-milk is good, too.

We had a visitor last week from the VA office in Lubbock. We have been so very proud of the improvements that have been made to our town for so long that we couldn't refuse when he asked us to drive him around and show him the new construction that has gone up since the war. We would drive up to a string of new houses and, proud as a pup, point out the new streets, new homes, happy families etc. He would immediately reply... "Yes but look at that horse lot across the street." We would move on to another new area and he would point out the chicken lots and the cow lots, or, maybe he would point out a bunch of new homes surrounded by "shantys" as he called them. It's all in your point of view... are you looking at the good or the bad.

However, we do have home rule now... next will be a zoning committee... then a building code.

Before the largest audience which has ever witnessed a graduation exercise in Hereford, Dr. Paul W. Horn, President of Texas Tech College, Wednesday night delivered the commencement address to the largest class ever graduated from this school. There were 42 seniors received their diplomas from Superintendent C. H. Dillehay.

The eight honor students were: Lorene Wherry, highest girl, Howard Eberle, highest boy; Thelma McMinn, Almada Witherspoon, Edgar Ireland, Molly Ray Cronin, Mary Clayton and Theopal Heffner.

Smiles and perhaps a frown or two from baffled mail clerks accompanied the progress of a letter received this week by Dr. W. F. Gabbert from Hartford, W. Va. Different from other letters, the inscription on the front of it was written in a poetical vein.

Odd, unusual, this was the address: "Please carry me at a rapid gait to Hereford, Texas State. In Deaf Smith County, the abode of the famous whitefaced cattle and the horned toad. When Dr. W. F. Gabbert happens in, hand me to him and watch him grin."

The doctor it is reported, grinned.

Q. Do you think earrings should be worn with an upswept hairdo?
A. Yes, I like them very much. They give a balance and beauty to the contour of the head, highlight the eyes, add to your glamour.

Q. What exercise will help smooth out my hip contours?
A. First, lie stretched on right side on floor. Pull both knees up to chest, then stretch out legs until the knees are rigid in front of the body; swing downward until the body is in straight line, then bend knees and begin semi-circle all over again. Do this ten times, lying on each side.

Q. How should one rouge a short, broad type of face?
A. Place rouge under the eyes and near the nose, and blend it out no farther than the outer corners of the eyes.

Had a tornado in the Panhandle Friday... hit down at Tulla but out in the country and the only damage was to nerves and an old abandoned barn.

Never underestimate a timid woman. Been married to a gentle person for one hundred and sixteen years and never heard her raise her voice until she sudden came out with a petition to the School Board to do something about the dirt at Shirley School. She was a raging tigress protecting her young... she was a tornado as intense as the Waco wind. Result—a pie supper at Shirley last Friday night which raised enough money to plant the whole town in Bermuda grass. P. S. Mama's quiet again.

This Is The News That Got Around Fast!

The New Packard CLIPPER

Each year word gets around that this or that car is "the buy." This year it's the Packard CLIPPER.

You are reading about an automobile that has been in the news since the first day it was introduced. And the news traveled fast!

Say you've got a new car in mind. You have a certain sum of money you can afford to pay for it. Maybe you're thinking that a small, low-priced car is good enough, or one of the other medium-priced cars. All right,

Keep your convictions, but also keep an open mind.

Then, before you sign an order—pay a visit to your Packard CLIPPER dealer and give this new car a careful going-over, including a ride of your choosing!

You'll find that this CLIPPER by Packard is practically in the same price league with dolled-up, low-priced cars!

So why not see your CLIPPER

dealer and learn for yourself why the men who know motorcar values best say the CLIPPER is "the buy" of the year!

In addition to the Clipper, PACKARD is building today a car so beautiful and fine that it is applauded everywhere as "America's new choice in fine cars." Ask the man who owns one—today!

CONSIDER HER WAYS

"Go to the Ant,

thou sluggard; consider her ways, and be wise," Prov. 6:6.

Jesus condemned the man who buried his talent. He said, "Six days shalt thou labor and do all thy work." When skies are clear the ant stores up food for wintry days while the sluggard sleepeth on. If the ant

must make preparation for her future, then it is all the more important that man do so. Jesus said, "the Father worketh hitherto and I work." Paul said, *If a man will not work, not to let him eat.* Fruitless trees must be cut down. The greatest work is work for God. *Are you a worker or a drone in your church?* This is the day of salvation. God says, "Son, go work today in my vineyard, for the night cometh when no man can work." The ant is industrious, the true Christian is that way, too. Consider Her Ways and Work.

Beauty at Home

By Lynn Carter

Q. What is the best way to use perfume during the summer months?

A. You can try spraying the perfume with an atomizer on the hair more than on the skin. The skin perspires freely, and the air evaporates the perfume with the perspiration.

Q. What are some good tips for nail polish application?

A. To make the nails look long and slender, apply pale polish to the entire nail. To make them look

shorter, apply dark polish, leaving the moons and tips white. For the older hand, light polishes are more becoming and call less attention to wrinkles and spots.

Q. How can I perk myself up with my makeup on an evening when I am looking rather washed out and pale?

A. Apply a dab of a lighter shade of rouge of the same tone as the rouge you use on your cheeks to the center of your upper eyelid and blend it out nearly to the eyebrow.

Also dab the same shade of rouge over the end of your nose, chin, and ear lobes. Then put some powder over the rouge and see how much more refreshed you look.

Q. What is the proper way for a woman to remove her makeup?

A. Usually with cold cream. Apply first coat of cream lightly, being careful not to rub it into the skin. Remove with tissue so that makeup comes off and is not pressed into the skin. Then apply a second coat and let stay a few seconds before removing in same gentle manner. Then wash face with complexion soap and warm water, rinse skin well. Cold water is a good nighttime astringent, unless you have an oily skin.

Q. Please recommend a good foot deodorant I can use.

A. Add a scant teaspoon of powdered alum to two ounces of pow-

GASSER ROARS INTO FLAMES -- Flames from a wild gasser at White Deer, Tex., shot 40 feet into the air when this gas well suddenly burst into fire while it was being cleaned. dered boric acid. This also remedies excessive foot perspiration.

Q. What is a quick, easy way to add gloss to the hair?

A. Try adding the beaten white of an egg to the regular shampoo.

Q. How can I bleach and soften my skin easily?

A. Lemon juice, added to your cleansing cream (and kept in a cool place so as not to turn rancid; is good. Some women like to keep it in their hand lotions, too.

Q. How can I exercise to help flatten and strengthen my abdominal muscles?

A. Lie on floor on back and stretch arms out at shoulder level. Bend knees together and pull them up to chest. With knees still bent, touch right knee to floor on right side, then pull them along the floor until the right knee touches your right elbow. Both shoulders must be kept flat on floor and arms extended while doing this. Do same exercise on left side, then alternate for 15 or 20 times.

Q. Rather than shave off the superfluous hairs on my legs, how can I bleach them quickly and easily?

A. Use peroxide of hydrogen, or a mixture of one part ammonia to six parts of hydrogen.

Q. What are the best measurements for the average girl who is five feet six inches tall?

A. Weight between 118 and 125 pounds. Bust 35 inches. Waist 27 inches. Hips 37 inches.

Q. How can I avoid pimples and other such blemishes on my face?

A. Just by following these simple health rules: Eat lots of fruits and vegetables. Eat meat or fish rather sparingly. Drink 10 glasses of water daily, and lots of milk. Drink orange juice, with lemon juice added. Avoid candy, jellies, pastry, hot breads and cake, and starchy or fried foods. Avoid alcohol and spicy foods. Get lots of exercise and sunshine, lots of hot baths, followed by brisk toweling.

Q. What can I do about wrinkles on my forehead?

A. This should help: After a good cream cleansing, massage some more cream gently into this area. For wrinkles across the forehead, smooth the skin upward and outward. For wrinkles that are perpendicular between the eyes, hold the skin smooth and stroke upward and outward.

Q. How can I increase the size of small eyes with my makeup?

A. Draw a fine line with the eyebrow pencil just below the lashes on the lower lid. Then rub with the fingertip until it becomes just a shadow. Use mascara on the upper lashes.

Q. Is there a way to "rejuvenate" my makeup without removing it and putting on new?

A. Just pat lightly over the makeup with a cotton pad dampened with skin freshener or astringent. This removes oil and grease.

GENERAL MOTORS LOWEST-PRICED EIGHT!

Good Drivers Drive Safe Cars
Check Your Car—Check Accidents

When it comes to value in a car, look no further than Pontiac—A General Motors Masterpiece!

Here's a brilliant performer with a high-compression eight-cylinder engine full of eager pep for traffic, wonderfully economical on the open road.

Pontiac is a striking beauty! No car is more distinctively styled than a Dual-Streak Pontiac.

And what a buy it is! For all its size, roominess and 122-inch wheelbase, Pontiac is priced right next to the lowest. It's not only GM's lowest-priced eight, but is also offered with a remarkably economical six at even lower cost.

It all adds up to this: As an eight or as a six, dollar for dollar you can't beat a Pontiac. Come in and see for yourself!

To Slip Geraniums
When it is desired to slip geraniums, cut a branch three to six inches long. Then carefully remove the lower leaves and place the branch in water to cover it half-way up. Do not change the water, but add just enough each day to keep it at the same level. Roots will soon appear, and the slips may then be planted in earth.

Bolled Eggs
See that the water is boiling before placing the eggs in the pan and it will prevent the egg yolks from darkening.

Silver
Try using common lump starch for cleaning silver. Rub it on with a damp cloth, allow to stand for a few minutes, then rub dry with cheesecloth. The results will be gratifying.

How Can I?

By Anne Ashley

Q. How can I prevent water from getting inside rubber gloves?

A. When wearing rubber gloves, if a rubber band is fastened tightly around the glove at the wrist, it will prevent water from getting inside. When not in use, the gloves should be lightly dusted with talcum or starch and turned wrong side out.

Q. How should bed sheets be ironed?

A. It is not necessary to iron the entire bed sheet. Fold it in fourths and press only the top fourth. If desired, it can be turned and the part which was against the board ironed.

Q. How can I make whipped cream go farther?

A. An egg white beaten in for each cup of whipped cream will make it go farther. Beat the cream separately and combine both when ready to serve.

Q. How can I make a good paste?

A. Take one-half teaspoonful each of starch and flour and add a little boiling water; let stand for a moment, add more water, and stir and cook until thick. This paste will spread smoothly, stick well, and will not mold or discolor paper.

Q. How can I avoid watery eyes when peeling onions?

A. Dip the onion for a moment into boiling water and then begin at the root and peel upwards. It will be found that this method does not affect the eyes.

Q. How can I preserve window screens?

A. Painting the screens with linseed oil will preserve them from rust and make them look like new.

Q. How can I keep apples from breaking when paring them?

A. Core the apples before paring, as they are then less likely to break. Always pare the apples thin; a broad surface causes much waste because of the rounding surface of the apple.

Q. How can I get rid of ants that have infested pantry shelves?

A. Sprinkle the pantry shelves with a mixture of red pepper and sage.

Q. How can I make use of bacon rinds?

A. They can be saved for the flavoring of soups and dried peas and lima beans. They can be spread over the top of Boston beans when baking, and will take the place of the usual piece of salt pork, imparting flavor to the dish and protecting the top layer of beans from burning.

Share And Care New 4-H Theme

One of the state's most famous former 4-H Club members, Governor Dan Thornton of Colorado, has made his contribution to the Texas 4-H Share and Care program. He was the featured speaker at the 50th annual Texas A & M College Musteh recently.

Governor Thornton was an outstanding Lubbock County 4-H Club member and a delegate to the first National 4-H Club Camp at Washington, D. C. in 1927. In 1925 he was a delegate from Texas to National 4-H Congress at Chicago and is a former president of the Texas 4-H Clubs. He also was the first president of the United Club Boys of Texas organization and winner in at least two statewide 4-H judging contests.

The herd of registered Hereford cattle he developed on his ranch in Arizona and later in Colorado won for him a national reputation as a cattle breeder. He has likewise won recognition as a businessman and business leader.

While at A & M he visited with his lifelong friend and fellow 4-H'er Assistant Extension Editor J. W. Potts who also made an outstanding 4-H record in Lubbock County. The work of both was supervised by D. F. Epton who was county agricultural agent during the time they were active in 4-H work. Epton, now retired, resides in Wise County. Governor Thornton also visited George W. Johnson, chaplain for the 1927 National 4-H Camp trip and now retired, and the administrative offices of the Extension Service.

Reports from the counties also indicate that local 4-H Clubs are busy at the job of getting their part of the Share and Care Program going. The Sacul 4-H Club of Nacogdoches County is an example. County Agricultural Agent B. F. Gray reports that the Nacogdoches County 4-H Council in its regular meeting on April 11 approved the Share and Care Pro-

gram as a worthy project and asked the local clubs to actively support it. Johnny Halbert, recently named as a delegate to the 1953 National 4-H Camp, is chairman of the council.

The Sacul 4-H Club started the ball to rolling two days later. The local parent-teachers association was asked for permission to sell one box in the box supper auction which the group was sponsoring. Permission being granted the girls in the club agreed to make a 4-H box and fill it with 4-H goodies. Gray says the boys in the club got their nickels together just to make sure the box brought the necessary \$2.40. The story has a happy ending for the box sold for \$10.00 and that means their Share and Care donation is ready for the council and there's money left for the local treasury.

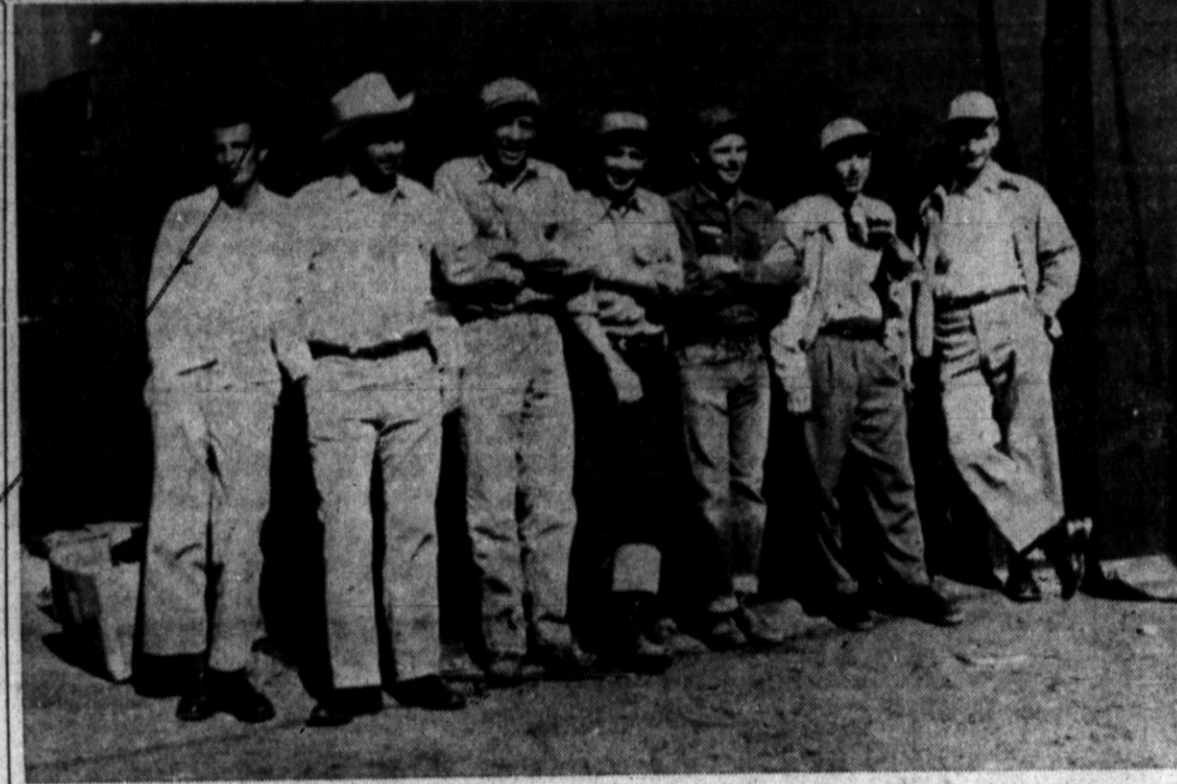

The Share and Care Program is national in scope and is the means through which 4-H club members, their parents, leaders and friends are raising the funds for paying off the mortgage against the National 4-H Club Center in Washington, D. C., together with necessary repairs and additions to the facilities purchased by the National 4-H Foundation in 1951. Among other things, the Center is to become the permanent home of National 4-H Camp.

Alesia Circle Organized Here

A new circle of the WSCS was organized last Wednesday afternoon. The first meeting was held in the home of Mrs. Bill Stanford. The group chose the name Alesia meaning One Who Helps. Officers chosen for the coming term were: president, Mrs. Bill Stanford; vice-president, Mrs.

Richard Ireland and secretary-treasurer, Mrs. Morris Easley.

During the afternoon the group planned to take two study courses during the year—"Spanish Speaking Americans in the US" and the book of Jeremiah.

A Bible study will be held throughout the year taught by Mrs. E. W. Solomon.

It was decided that the new circle would meet each 2nd and 4th

Wednesday afternoons.

The next meeting will be held with Mrs. Richard Ireland on May 27.

Those attending were: Mesdames John Estes, Don Little, L. B. Russell, Hilton Higgins, Grant Hanna, Herschel Miller, Glen Wilson, Richard Ireland, Glen Hopson, Bob Lindsey, Morris Easley, George McLean, Bill Stanford and a guest, Mrs. Leroy Aven, president of the WSCS.

Rugs
The rugs will be brightened if a mop wrung out of warm water, to which a little ammonia has been added, is used. Turpentine will also brighten dark colors.

The Bird Perch
The bird will not catch cold or contract rheumatism if, instead of washing the perch, it is scraped with sandpaper or a knife.

with more great

new features than all other makes of cars combined

- First 4-Wheel Hydraulic Brakes...** revolutionized stopping safety, later adopted by all cars. POWER BRAKES—since 1932, still not available on many makes.
- First High-Compression Engine...** pioneered far greater drive efficiency. First V-8 with Hemispherical Combustion Chambers—stands alone today in drive power per horsepower.
- First Power Steering...** introduced new, safer car control that removed the work and strain of driving, still unequaled by imitators.
- First Waterproof Ignition...** gives owners of Chrysler-type cars a tremendous "wet weather" starting and anti-stalling advantage!
- First Safety-Rim Wheels...** a new way to keep punctured tires from slipping off the rim; enjoyed only by owners of Chrysler-type cars!
- First Fluid Drive...** changed America's driving overnight with a revolutionary way to transmit power from engine to rear wheels more smoothly!

First....

again today with the 4

most remarkable developments of modern times...

Firepower V-8...revolutionary new-type engine, practical "fit" now only in European sports cars and aircraft where cost is no factor. Delivers more "drive" to rear wheels from every drop of gasoline!

Safer, easier driving control...with the first Full-time Power Steering in any passenger car that does all the hard turning and parking work for you—absorbing all "wheel light" over the rough going, too!

More power for safer, faster stops...big Chrysler Power Brakes (standard equipment) multiply your lightest-foot pressure into instantly effective stopping action. New Cycle-bond linings last far longer!

America's smoothest ride...with new double-strength shock absorbers. See your dealer for a thrilling Chrysler "Power Ride"...in the car that gives you far more for your money today than any other!
