## Around Town

April fool brought up plenty of tricks among the small fry Wednesday, but all of those folks talking "fishing" meant every word they said. Only trouble was that the fish just weren't biting much. Champion Clarence Schultz spent the afternoon on Buffalo Lake this week and only netted three crappie. Others reported one or two.

Most fishermen figured the water was still "too cold" and were predicting another big season like 1952, beginning within a week or two.

The City election almost hit "bottom" on absentee voting. Only one vote was reported Wednesday. Deadline on absentees is Friday night.

Caprock Easter pageant sponsors were busy preparing for a 10,000-crowd next Sunday morning.

The Camp Fire Leaders and Guardians association will not meet Friday for their regularly scheduled meeting. The meeting has been postponed because of the Easter holidays.

The band and choral students from Hereford high are sporting new sweaters this week. The choral sweaters are maroon and the band sweaters are gray.

Mrs. Clifford Galley, who is a student at West Texas State College, is in Hereford doing practice teaching. She has taken over the bookkeeping, shorthand and typing classes at the high school. Mrs. Galley is the former Gayle Roberson, daughter of Mr. and Mrs. B.E. Roberson of Hereford.

T. J. Carter, old-time Hereford realtor is in a serious condition at the Deaf Smith County Hospital. He was admitted to the hospital last week for surgery.

About 78 Hereford high school freshmen attended a skating party Monday night at the local rink. This was the second semester party for the group, which is sponsored by Mrs. Charlotte Calvert and Purris Williams, Sr.

Mr. and Mrs. George Hudson of Hereford announce the arrival of a daughter on March 31 at the Canyon hospital. The new daughter has not been named yet.

The Conally defense fund swelled another \$9.24 as folks who eat the Little Diner submitted their contributions this week.

## Two Escape Death In Train-Pickup Crash

Leroy Suttle, 26, was released Wednesday and L. L. Cannon, 77, was scheduled to be released Thursday from the Deaf Smith County Hospital, where they have been confined since Sunday as the result of an accident at 11:02 Sunday morning at the Summerfield Railroad crossing.

The two men literally missed death by inches when the fast Santa Fe streamliner, Grand Canyon Limited, hit the rear of their pickup as they were crossing the railroad tracks. Tire marks showed plainly on the railroad ties where the rear tires of the vehicle slid under the impact. Both men were thrown from the pick-up and blood splashes marked the ground where they fell. The bed of the pick-up was wrenched from the frame and landed around 100 feet north of the tracks. One of the rear wheels was found clear across the highway several hundred yards distant.

Mr. Cannon, widely known as a pioneer resident of this area, was driving the pick-up, having gone to the post office across the highway. He was returning to his home which is located around a half mile west of the scene of the accident. Suttle was riding with him. Cannon and Suttle were rushed to the hospital for treatment in an ambulance and the call was later checked by officers. The Santa Fe agent called officers here at 11:07, immediately following the accident. Severe cuts and bruises were suffered by both men. Suttle was reported well improved Wednesday, however, and Mr. Cannon remained in the hospital chiefly because of soreness and bruises.

## Dawn Church To Lead Palo Duro Easter Service

A record crowd is expected for the annual Easter Sunrise Service at Palo Duro State Park this year. Lateness of Easter in the season and announced plans of many to attend are reasons assigned for the expected heavy attendance.

The service will be conducted by the Dawn Community Baptist Church which had charge of the service last year. The Rev. Paul McClung will deliver the Easter message and will be assisted by the Horace Mann Junior High School Choir of Amarillo.

Services will begin promptly at 6:29 a.m. which is the time for sunrise. The program will last exactly thirty minutes. The sermon will be delivered from the top of a hill near the Number One Crossing and will be carried by loud-speaker to the area where parking is available for about 600 cars. The robed Horace Mann Choir will be stationed on the bluff just below the pinnacle of the hill where Rev. McClung and his Board of Deacons will stand, flanked by three rugged cedar crosses.

Gate at the park will open at 5 o'clock and visitors are asked to time their arrival for the twenty mile an hour speed limit in the park from the gate to Number One Crossing area. The usual admission charges will be made. Funds above the Federal Tax and the 90 percent due on the park bond indenture will be donated to the building fund of the Dawn Church. Overnight camping Saturday night will be permitted.

## MONEY TROUBLES

### Annual Pioneer Day Plans Are Discussed Here

Starting out in what appeared to be a fairly rugged session, representatives from the Hereford Riders Club, Junior Chamber of Commerce and Pioneer organization met Tuesday night with the Deaf Smith County Chamber of Commerce directors and made preliminary plans for the 1953 Pioneer Days, scheduled for May 29-30-31. Things finally levelled off, however, and representatives believed that all of the organizations would work together on a unified program.

**Pioneers Get Hungry**  
Vern Witherspoon, president of the Old Timers organization, once flatly offered to "pull out" from the annual celebration. He also cited the fact that many of the former settlers traveled from as far as California to be here for the event, and said that none of them were being fed at the noon hour.

"Coffee and cookies were the only food provided last year," said Mr. Witherspoon.

**Want Kiddie Rides**  
Chief among the troubles presented appeared to be the fact that the Chamber of Commerce signed up several weeks back as sponsors of the "kiddie rides" which show here each year. The Hereford Riders Club, to whom the C. of C. diverted the rides last year, protested because they were not again getting the rides. Jeff Roberson, spokesman for the Riders, along with Jim Neal and Homer Brambley, contended that the

### Five Injured In Accident; Damage \$450 In Another

Charges of aggravated assault with a motor vehicle were filed against Henry Eugene Perry of Amarillo following an accident Saturday afternoon at the corner of Second and Ross when five persons were injured.

Perry, who was driving a 1950 Oldsmobile, was going west or south when he ran into the 1950 Mercury, going north on Ross, driven by Juana Reyna of Hereford. The Mercury was knocked into a 1952 Pontiac, owned by J. W. Buckelew, which was parked at 201 Ross.

Those in the hospital as a result of the accident were: Moses Reyna, 8; Phillip Ladeo, 32; Noem Reyna, 7; Raymana Reyna, 50; and Elizabeth Mendez, 9. They were all occupants of the Mercury.

Damage estimate to the 1950 Oldsmobile was \$300, to the Mercury at \$600 and to the Pontiac at \$200.

**Damage Runs High**  
Damages set at about \$450 resulted from a second accident Saturday night at the corner of Fifth and Schley.

A 1939 Ford driven by Rueben Harrison Martin of Hereford was going east on Fifth and a 1940 Pontiac driven by Larry Don Rutherford of Hereford was going north on Schley. Both cars entered the intersection at the same time and collided.

Damage to the Rutherford car was set at \$250 and to the Ford at \$200.

## Law Enforcement Topic Of Attorney General's Session

County Attorney Ed Line reported 10 recommendations from the Attorney General's Conference in Law Enforcement in Austin March 22-23.

Chief among considerations of the group was establishment of a Department of Justice by the state. The department would be composed of the Governor, Attorney General and Head of Department of Public Safety. Object of the department would be to step into counties where organized politics or crime might result in unfair elections, or in curbing the rights of citizens by other means.

The group denounced DWI vehicle operators, commended the special crime committee, recommended additional funds to curb the spread of drugs and narcotics across Texas' extensive borders, urged passage of laws for punishing loan sharks and favored transferring the "Rule Making Powers" from the legislature to the Court of Criminal Appeals.

More than 200 county attorneys and other interested officials from over Texas attended the session.

### Three Pay DWI Fines; One Out On \$1,500 Bond

Three DWI cases and one case of "Aggravated Assault with a Motor Vehicle" kept things humming in County Court here Monday.

**Maximum \$500 Fine**  
Leonard Leroy Mourning, charged here with DWI in February and released on 1,000 bond to continue with a construction job in New Mexico, appeared in County Court Monday morning and changed his plea to guilty. He was assessed the minimum fine of \$500 and costs by Judge Horace L. Schloss.

**Draws Minimum**  
Eskia Lee Rogers, 17, was also charged with DWI and pleaded guilty to "drinking beer." He drew a lecture from Judge Schloss, who said that he declined to put youngsters in the county jail. He fined Rogers the minimum of \$50 and court costs.

**Aggravated Assault**  
The aggravated assault with a Motor Vehicle charges were filed against Henry Eugene Perry and upon finding that one man was still hospitalized as a result of the accident, Judge Schloss heard the plea of "Not Guilty" and set Perry's bond at \$1,500.

**Draws 15 Days**  
Lee Roy Billington of Hereford plead guilty to DWI charges in which City Officers testified that they chased him on city streets at speeds as high as 85 and 86 miles per hour. They also testified that they finally stopped him on Ave. K after firing shots into the automobile. Billington was fined \$200 by Judge Schloss and given 15 days in jail.

THE LAST MINUTE RUSH accounted for 370 license tag sales between Saturday and Monday morning, bringing total to 2,970 isued to date for 1953. Persons not having licenses prior to midnight, April 1, will be

required to issue sworn statements that the cars have not been driven, Sheriff Lowell Sharp said today. During 1953 a total of 3,909 plates were issued in this county.

## Color Contest Draws 1,392 Entries; Announce Winners

The Easter coloring contest, sponsored Sunday by 14 Hereford merchants, drew a lot of fun for everyone, except the judges. A total of 1,392 entries were reported in the contest, averaging just under 100 for each of the cooperating stores.

Winner of the first prize, \$5.00, was Sharon Alexander, age 10, Adrian, who won on a crayon color of the "Mexico" scene sponsored by Helen's Youth Shop. Second place was Nancy Edwards, age 9, \$3, in cash, for her "Brazil" scene in crayon sponsored by Kester's Jewelry and Gift Shop. Third place, \$2 cash, went to Tommy Green, age 10, for a water color scene of "Holland," sponsored by Hereford Hardware. Prizes may be secured at The Brand Office.

Judges spent three hours making their decision of the winners and said that ages were taken into con-

sideration, along with quality of the coloring. They also eliminated duplication of prizes, except in the subject of the three grand prizes listed above.

Winners of the following store prizes will also come to The Brand Office, where they will receive a letter authorizing them to go to the sponsoring store and receive the following prizes:

Perry Bros. - Sarah Jo Pitts, 606 Miles, Age 9, will receive \$2.50 in merchandise.  
Helen's Youth Shop - Sharon Alexander, Adrian, Age 10, will receive \$2 in merchandise.  
Star Theatre - Ann Caraway, Rt. 1, Hereford, Age 11, will receive a \$2.50 coupon ticket book.

Western Flower and Gift Shop - Beatrice Jaime, Rt. 4, Hereford, Age 11, will receive an Easter novelty gift.  
McDowell Drug - Fred Ricketts, Rt. 5, Dimmitt, Age 6, will receive \$2 in merchandise.

Arme Cleaners - Judy Risher, 227 Star St., Age 10, will have an Easter suit cleaned free.  
Kester Jewelry and Gift Shop - Nancy Edwards, 204 Star St., Age 9, will receive a Spartus Camera.  
Park Avenue Drug - Jimmie Bradley, 1101 Park, Age 11, will receive \$3 in merchandise.  
Cowan Jewelry - Patricia Howard, 227 Star, Age 11, will receive \$2 in merchandise.

## Clint Formby Is JayCee President

The JayCees Tuesday named officers for the following year. They are Clint Formby, president; Dean Herring, secretary and Lilburn Hamilton, treasurer.

Seven new directors were also elected: Travis Hendrick, Dick Lucas, Don Fudge, Bill Howard, Jay Sullivan, Bill Bracher, and Jack Mitchell. Hold over directors are Dean Herring, Melvin Yount, Sam Nelson, Lilburn Hamilton and Bob Owen.

John Aiken is retiring president and Bill Howard is retiring vice-president. Installation of the new officers will be Thursday, April 16, at a banquet scheduled in Hotel Jim Hill.

## Deule of Would-Be Drivers Totals 50; 12 More Detoured To Dimmitt Tuesday

The courthouse was a busy place Tuesday. In addition to the last-minute license plate rush, the Driver's License Bureau was also literally swamped.

More than 50 persons applied for licenses and driver's tests

here Monday morning. The officers called Dimmitt, found things running normal, and sent 12 more applicants there to take tests, according to J. R. Kirkwood, state highway patrolman.

One reason for the rush was an influx of Latin Americans who have been arriving in Hereford without any sort of driver's license. A check last week yielded six drivers without licenses in the Labor Camp it was reported.

Things got so difficult Monday morning that the local officers have asked for two days each week in Hereford in place of the usual one day of driver tests. The application, if granted, will result in a patrolman here Monday and Tuesday, whereas Tuesday is the only day which tests are now given.

## Terry McRight Is Placed On District All-Star Play Cast

Terry McRight of Hereford was named on the 6-man all star cast at the one-act play district contest Saturday in Canyon.

Eight one-act plays were presented at the contest and Dalhart and Dumas walked off with first and second place honors. The other plays were not placed.

McRight played the leading male part in the Hereford play. Mrs. Hartland Caraway is the speech and dramatics teacher for Hereford.

## Three Hereford Men Are Injured In Auto Crash

Three Hereford men and a Dozer man were injured in a two-car collision Sunday morning at the intersection of Highways 87 and 60 north of Canyon.

Injured were: Tiva Fox, 35 years old Hereford; Thomas James Carter, 18 Hereford; W. H. Knipps, 22 Hereford; and Dudley Coleman, 20 Dozer.

Knipps suffered a shattered left arm which he was thrown from the Fox car. Carter has a broken right arm and head injuries. Fox and Coleman suffered only minor bruises and were released from Neblett hospital in Canyon after emergency treatment.

Fox, who was driving a 1946 club coupe north on Highway 87 missed the left turn onto Highway 60 and then slowed to swing off on another road connecting Highways 60 and 87. Driving behind Fox was Carter, who was also headed for Hereford. He missed the first turn and his car crashed into the left rear of the Fox car, knocking it 100 feet down the highway. Knipps was thrown from the Fox car by the impact.

Carter's car spun to the right and Carter was thrown 100 feet from the point of collision.

Carter was dismissed from Neblett hospital Tuesday afternoon and was brought by ambulance to the Deaf Smith County Hospital.

## Trustee Election Interest Slight

Contrary to predictions, the school trustee election scheduled here for Saturday, April 4, seemed to be holding little interest.

Fred Baird, tax collector for the district, said Wednesday that only 36 absentee ballots had been cast when the dead-line rolled around Tuesday night. Most of these votes, Baird said, were due to the fact that Easter holidays are causing numerous people to be out of town, especially teachers in the school system.

The ballot includes four candidates for the office of trustee, two to be elected. They are J. R. Allison, H. H. Miller, Robert Veigel and Mrs. Earl Plank.

## Schedule April Cancer Drive; Need \$500 Here

By Margaret Witherspoon  
Publicity Chairman

Plans have been completed for the 1953 crusade of the American Cancer Society in Deaf Smith County. The month of April has been named as the official month of this crusade. Harry Cayler, County Chairman, has announced that the quota set for Deaf Smith County is \$1,000.00. Nearly half of this amount has already been raised by the local chapter of Beta Sigma Phi Sorority. In the drive for the remainder of the amount there will be no door to door canvassing. There will be no soliciting from the business firms.

"We feel," Cayler explains, "that by April the business men of our town have been solicited to death. All donations will be appreciated. Tables will be set up in both banks to receive donations. The people of Hereford and Deaf Smith County have always responded generously to calls made upon them by worthy causes. We feel that our goal will be attained early in the month."

**Special Gifts**  
Mrs. Cecil Guseman has been appointed as special gifts chairman. If you would like to make a special gift to the cancer fund, you may contact her. Remember, cancer strikes one out of five people—(about two thousand in our own county) in a lifetime.

Out of every dollar that goes into the cancer fund, 26 cents goes for cancer research; 37 cents goes by spreading knowledge about the

## Row of 200 Trees To "Cover Up" Hereford Dump Ground On Highway 60 This Spring

Plans were near completion this week to "cover up" the dump grounds east of Hereford on Highway 60, according to members of the Civic Improvements committee of the Chamber of Commerce. Arrangements have been made with the City of Hereford to plant a row of 200 trees along the strip south of the dump grounds. The REA has, in addition, offered to allow the group to use a pump available on the location.

The 200 trees from the Department of Agriculture or from the forestry service," Cecil Massey, secretary-manager, said. "With these arrangements we believe that the dump grounds can be eliminated as a community eye-sore of long standing."

The committee said that tree planting will start as soon as arrangements have been completed for securing the trees. Garden clubs will be asked to help in selecting varieties.

### Aptitude Tests Reviewed; Local Schools Praised

Shelby Cook, representative of the Texas Employment Commission, reviewed aims, methods and possible results of the aptitude tests recently given to seniors in the Hereford Schools.

He said that the tests were of a general nature, however, and warned against taking them too literally. He cited an accuracy of around 85 percent, and said that they were designed to help the individual locate in the most suitable trade or profession.

In closing, Mr. Cook also paid high tribute to the Hereford schools asking that his remarks not be published in detail since they might affect tests in other areas or reflect on other schools by comparison.

He cited Hereford students as being friendly, with an excellent average in the tests and highly commended their ability of "freedom of expression," declaring that Hereford schools were outstanding in this respect.

President Don Zimmerman paid tribute to Geo. Graham, program chairman, for the program Wednesday, and other programs presented during his service as chairman.

"Doodlesack" is a colloquial name for bagpipes.

for cancer education, to save lives disease; 16 cents is used for service to cancer patients. This includes financial help for 12 cancer clinics in Texas, 9 cents is to supervise and administer the American Cancer Society's work, both nationally and in Texas. The remaining 12 cents is to enable the Cancer Society to conduct its annual educational and membership Texas Cancer Crusade.

During the month of April the Deal Smith Cancer Society will conduct an educational program through the Hereford Brand and over KPAN. Look for these reports in your paper and listen for them on your radio. Read and hear what the American Cancer Society is doing in this fight against cancer, our number one killer. Educate yourself to recognize the danger signals in yourself and in the members of your family. Cancer strikes everyone: men, women and children. Let's strike back at cancer in our county. Not only by donating to the Cancer fund, but by learning. Cancer is curable, if recognized in time. Let's learn to recognize.

### Tommy Woodford In Speech Meet

Tommy Woodford will represent Hereford in the boys' extemporaneous speaking contest at the district contest in Canyon on April 11 and Martha Heard will represent the girls.

Woodford was chosen from three boys who tried out at the high school Monday. Others in the contest were: Dale Winget and Shelby Whitfield.

### Grain Sorghum Loans Closed

Commodity credit loans on grain sorghums expired Tuesday, March 31, according to Faust Collier, PMA secretary, today.

"Warehouse loans not redeemed on this date automatically became the property of Commodity Credit," Collier said. Out of a total of 15 C-C loans on farm stored grain sorghum in the county, nine were reported liquidated, and six had not.

"People holding such farm loans should notify the PMA office where and when they want to deliver the grain sorghum," he said.

Another 30 days will continue before wheat loans are called in a similar fashion.

### Letter To The Editor

Hereford, Texas  
 March 31, 1953

Editor of The Hereford Brand

Dear Editor:

I would like to take this means to clear up a few matters in regard to my running for school trustee.

It seems that certain factions do not wish me to become a member of the school board. They first tried to keep me from filing my petition and since that failed, they resorted to other means: propaganda.

At first I thought I would ignore the situation but when they make a religious and personal issue of it, I feel they have gone too far. Let me quote here one of the ten commandments: "Thou shalt not bear false witness against thy neighbor." Deuteronomy 5:20.

First—It is being said that the Catholics are running me for school trustee. This is indeed false. My petition was signed by 20 protestants of different denominations and five Catholics. I feel that this is a good cross section of our community.

May I ask you to recall the fact that our country was founded on the four freedoms, one of which is freedom of religion. I am a member of the Methodist Church and have worked as a teacher and Supt. of one of our children's depts. for a number of years. I hope that I am enough of a Christian to be tolerant of my neighbors' right to worship as they see fit. Bringing religious differences into a school issue can be classified as but, the rankest kind of discrimination.

Second—I am being accused of

### Pioneer....

(Continued from page one)

Riders should have the concessions to supplement their annual rodeo. They pointed to a \$1,500 advance prize-money guarantee which the club had to post, "Whether it rains or not."

Chamber of Commerce directors N. D. Bartlett and Ben Childers said that the company had approached the C-C and, since the organization had paid out more than \$350 on awards, prizes, advertising, etc., in 1952, the directors felt that the organization should have some means of helping to defray expenses for the occasion.

"We do not want to make any money at all," said the directors. "All we hope to do is partially break even on a heavy expense which drains our treasury and curtails other activities."

JayCees Contribute \$175  
 JayCee representatives John Aiken and Clint Formby reported that in 1953 their organization cleared around \$400 from dances sponsored during the celebration, and said that since the Chamber of Commerce had "carried the ball" in promoting the event—and without any possible revenue to offset expenses—that they had contributed \$175 of their 1953 profit to the Chamber of Commerce.

Cooperative Effort  
 Following general discussion, some heated, the organizations decided that all should cooperate in sponsoring the joint celebration; that if any organization made money, where another lost, they would help each other to break even on the event, operating along the lines that the JayCees operated in 1952. If all lose in sponsoring their events it was decided that losses would be allocated proportionately.

The Chamber of Commerce also moved to sign a contract with Herben Decorating Company for the decorations and street banners for the event. Costs will be the same as last year, they said, with the company furnishing free street decorations, arena decorations, courthouse and city hall decorations in connection with the concession. Merchants, as in 1952, will buy the decorations individually if they desire.

wanting to promote dancing in the school. Let me say that as one individual it would hardly be probable that I could do so against the wishes of the majority.

Third—They are saying that it would be bad policy to change administrations in the middle of this building program. Is it any more of a change that Mr. Herbert Miller and myself be elected, as he has been serving on the board, than that Mr. Veigel and Allison be elected?

Let me state here for what it may be worth to you that Mr. Miller is the only one on the present board who has had the intestinal fortitude to stand up for the rights of the taxpayers.

Have you as a citizen tried to find out anything more about the proposed building program, other than the little that has been made public? If so you've probably learned that secrecy in officials has become a national habit. Today it is routine practice to bar us and our neighbors from community decisions and to make decisions behind closed doors. What are we going to do as citizens when they say, "It's None of Your Business."?

Is it our business when they intend to use the present bond issue as far as it will go on the proposed new building and then ask for another in order to complete and finish it?

Is it our business that they intend to ask for alternate bids, one including a band hall and one without, because they know that the recently voted bond issue will be insufficient to complete and furnish the proposed high school as planned?

Is it our business that the new school will not have any more class rooms than the old?

Is it our business that approx. 40 to 45 percent of the cost of the

building if built as presently planned would be for the auditorium and gym?

Is it our business that for \$100,000.00 we could build a fine gym that would meet all specifications but that certain parties wish to spend \$250,000.00 for a gold plated one?

Is it our business to see that the much needed class rooms, gym and auditorium are built within the present bond issue?

As a woman, I cannot understand how a group of supposedly intelligent men can let one man so hypnotize them into a program of this kind. He has paid no real estate taxes in the years he has been in Hereford and is not apt to pay any in the next twenty years. He will really have the laugh on us when he thinks of the predicament we are in with high taxes and low incomes.

building if built as presently planned would be for the auditorium and gym?

Is it our business that for \$100,000.00 we could build a fine gym that would meet all specifications but that certain parties wish to spend \$250,000.00 for a gold plated one?

Is it our business to see that the much needed class rooms, gym and auditorium are built within the present bond issue?

As a woman, I cannot understand how a group of supposedly intelligent men can let one man so hypnotize them into a program of this kind. He has paid no real estate taxes in the years he has been in Hereford and is not apt to pay any in the next twenty years. He will really have the laugh on us when he thinks of the predicament we are in with high taxes and low incomes.

Mrs. Earl Plank

### Letters To The Editor

To The Editor of The Hereford Brand:

I wish to make a statement regarding school affairs of the Hereford Rural High School District. I had thought for the last several months that I would not stand for re-election, but in view of the fact that so many people have urged me to continue as a member of our school board (if re-elected), I have no withdrawal after my name was placed on the ballot by petition.

Going back to the latter part of November, 1952, we find that the opportunity existed and the way was clear for the school board to have taken the people into their confidence in proceeding with our building program in such a manner that everybody concerned would have been pleased. I am very sorry that they did not do so. I believe that being a school board member is a sacred trust given by the people of the district, and that a school board should not do anything or take any action that its members are not willing to make known to the public.

"As the scale of the balance must necessarily sink under the weight placed upon it, so must the mind yield to evident things." Cicero.

The new school building for which plans are now being drawn will be very little larger than our present high school building, but according to the information we have at the present time, the \$850,000 appropriated will not be sufficient to complete and furnish it.

For the benefit of those who would have others believe that I am opposed to "everything," here state that I am deeply appreciative of the efforts which our teachers so diligently exert in behalf of our children and I shall always do my part in contributing to the provision of adequate facilities pertinent to their task. It is not only our present generation for which we must take thought, but also for those who follow after us.

"This education forms the common mind: Just as the twig is bent, the tree's inclined." Pope.

With this thought in mind, I can sincerely recommend Mrs. Earl Plank's candidacy. She, too, has worked with children and knows and understands their needs.

In closing I wish to say that I have no apology to make for the stand I have taken and I do deeply appreciate the kind recommendations and encouragement I have received from those who have been likewise concerned about our present school situation.

will have to vote a bond issue to finish or furnish the building. Miller is against this. He is against deceit. Mrs. Earl Plank, who is also a candidate for the school board, endorses Miller's stand. They are in favor of building a complete school system within the present bond issue. They are for carrying out the will of the people as expressed by the recently voted bond issue. Miller and Plank are for taking the school architect's suggestion of taking the gold plating out of the plans and building needed facilities.

Miller and Plank believe that the needed classrooms can be built within the bond issue if, in words of the architect, in recent school board meetings quote "Fellows, let's start with the needed classrooms that you think you've got to have—cut out the gold plating which he is referring to as the Teraza tile in the halls and restrooms" and I think we can build the building within the \$850,000 we have."

Plans for the gymnasium changed to something less elaborate yet adequate for school use.

The school superintendent has met with the board at most meetings using his influence to get the present building plans adopted. Miller and Plank are for the school board performing their duties as the school administrators sticking to the job for which they were hired.

We, too, believe like Miller and Plank. To us the issues are clear and clean cut. Straight forward and above board actions of the school board against what some think the people ought to have.

Because we think that Miller and Plank are in favor of the best educational facilities that we can afford and not squander our tax resources by forcing an unwanted bond issue. We ask you for the sake of our children's education to support them for school board members at the election on April 4.

**Hi-Y Club Will Sponsor Easter Service Sunday**

The Hi-Y Club of Hereford high school will sponsor a special Easter dedication service at the First Presbyterian church Friday night, April 3 at 8 o'clock.

Several members of the Hereford high school chorus under the direction of Don Moore will present the music for the service with solos by: Barbara Winget, Lotus Root, and David Goldston. Mrs. Bill Stanford will present some organ music.

The Hi-Y boys will take one of the famous Peter Marshall Easter sermons and read it.

The program will be modeled after a midnight service held by the Amarillo Hi-Y and Tri-Hi-Y.

The service is non-denominational and everyone is invited to attend.

**Blue Birds Hold Easter Egg Hunt**

The Blossom Blue Birds were entertained with an Easter egg hunt Friday afternoon at the home of Mrs. Cecil Boyer.

Those attending were: Cheri Baker, Brenda Beasley, Judy Bradley, Beverly Boyer, Mary Raye Downey, Linda Edwards, Roxie Fawyn, Judy Fowlkes, Mityr Gilliland, Necla Gilliland, Sara Giltine, Judy Hoff, Jan Reese, Sheri Prowell, Joy Storey, Sue Woodford, Suzanne Langley, Sandra Campbell, Helen Sears, Buz Giltentine, Mrs. H. Beasley, Mrs. Jimmie Giltentine and Mrs. Cecil Boyer.

John Wansmaker originated the saying, "The customer is always right."

# Westway News

By Mrs. Merlin Kaul  
And Mrs. Elmer Combs

The Westway singers announce the regular first Sunday singing at the community house next Sunday afternoon. A special Easter message will be brought by Rev. R. D. Evans at 11 o'clock. A basket dinner will follow the morning service.

The young people will present a special Easter program Sunday night. Patsy Townsend and Sue Osborn are in charge of arrangements.

All singers in this area are invited to be present for the afternoon of singing.

The Evans sisters quartet and several quartets from adjoining communities are expected to be present.

J. C. Morrison, who accompanied Marion Rutter of Hereford to Los Angeles, Calif. last week returned home Sunday. He visited his son, Raymond, who is stationed with the Air Force at Riverside, Calif.

Mrs. W. E. Combs returned home Sunday morning from the Deaf Smith county hospital after spending several days there to receive medical care. She is convalescing at the home of her son, Clifton.

Mrs. Don Combs of Munday is here this week caring for her. Another son, W. E. Combs, Jr., and his family of Fredrick, Okla. were here last week to be with his mother.

They returned home Saturday. Mrs. Combs will remain here indefinitely as her husband will undergo surgery at Deaf Smith County Hospital Thursday.

Members of the COC class met for a covered dish supper Saturday night in the home of their teacher, Mrs. Merlin Kaul. Decorations and program were in keeping with Easter.

Those present included: Mr. and Mrs. Glen Williams, Beverley and Jerry, Mr. and Mrs. J. E. McCathern, Jr., Jenny Lynn and Jerry, Mr. and Mrs. Jimmy Thomas, Diedra, Dan and Deborah, Rev. Guy Patterson and Marie of Canyon and Mr. and Mrs. Merlin Kaul.

The James Ray Colemans have

had their house moved back preparatory to starting a new house as soon as potato planting is over. The house on the Perrin section has been moved up to Harrison highway and is being remodeled and enlarged.

Mr. and Mrs. Jack Renfro left Tuesday morning for Alliance, Neb. where he will be guest speaker on Thursday at the annual meeting of the Nebraska Certified Growers Association.

Mr. and Mrs. L. A. Mullins, Lester and Bobby and Mr. and Mrs. Pat Mullins of Roaring Springs were week end visitors in the C. A. Saucy home.

Mrs. C. A. Saucy was hostess at a pitch party last Friday night at her home. Guests included: Mr. and Mrs. Marlin Pierce, Mr. and Mrs. Ed Blakely, Mr. and Mrs. Joe Wagoner, Mr. and Mrs. Pat Ranspot, Mr. and Mrs. G. C. ## FFA Calves Top Market Offering

BY TED GOULDY

Fort Worth—FFA youths had the top fat cattle at Fort Worth Monday at \$23. The top was earned by the Burnet County FFA group and the Frisco group from Collin County. The "commercial" type of feeding project is taking hold and we have seen better than a dozen such climaxed here this year, while a couple of years ago no more than a couple or three existed.

The "commercial" feeding tests teach youngsters how to fit cattle for market, instead of the showing. It teaches how to make a profit, or how to make a loss. This year has been bitter for many young folks because of adverse price trends, high feed costs, and in many cases, feeders that cost too much. These lessons, while hard, are teaching the boys and girls the facts of economics—profit and loss—and may save them from much costlier mistakes in the years ahead.

We simply cannot fail to add our bit in this matter. We think commercial feeding projects are the answer to the farm youth livestock feeding program. A tiny percentage of livestock producers in a adult life fit livestock for shows. Yet every livestock producer fits cattle for market whether on grass or in the feedlot.

It seems to this writer that every town, county and district can solve the headaches of show sales which in many cases were getting burdensome to merchants and local business men. It's certainly worth looking into.

Cattle were steady to strong at Fort Worth Monday. Hogs drew 25 to 50 cents higher prices, topping at \$21.25-21.75. Sows sold \$17.00-19.00 and pigs \$17.00 down. Spring lambs were steady to 50 lower, topping at \$23.50. Old crop shorn lambs were steady to 50 cents higher, topping at \$20. Yearlings and two's sold for \$15.00-18.00. Old wethers \$12. Old ewes \$7.50-9.50. Shorn feeder lambs \$18.50 down.

Good and choice fed steers and yearlings \$19.00-23.00, and lower grades \$13.00-19.00. Fat cows \$12.50-14.50, few higher; canners and cutters \$9.00-12.50. Bulls \$12.00-18.00. Good and choice fat calves \$19.00-23.00; common and medium kinds \$13.00-19.00, culls \$10.00-13.00. Stocker calves \$15.00-23.25; stocker yearlings \$22.50 down; stocker cows \$12.00-22.00.

# Jumbo News

Mr. and Mrs. M. L. Simpson, Jr., attended a "42" party at the Steve Clements' home in Hereford Friday night.

Our Community Club officers met with Sunnyside officers at Sunnyside Friday for a model meeting with several extension agents there both from Amarillo and A. & M. This was the first meeting in the new community center at Sunnyside. The women of Sunnyside served dinner to the extension guests, Dimmitt guests, and Jumbo guests.

Those attending from Jumbo included: Mr. and Mrs. Dean Barden, Mr. and Mrs. Joe Booser, Mr. and Mrs. Bill Simpson, M. L. Simpson, Jr., Harry Smith, and Mrs. W. E. Crowder.

Mr. and Mrs. Bill Simpson, Betsy and Mickey attended a birthday party for Mrs. Simpson's sister, Mrs. Buddy Witherspoon of Hereford, in the home of another sister, Mrs. C. O. Houser at Friona. Those attending from Hereford included Mr. and Mrs. Harold Loerwald, Mr. and Mrs. Vance Hennington, Mr. and Mrs. Leo Hennington, and Susanne, Mr. and Mrs. Jiggs Hartman, Neil Witherspoon, the honoree and her husband.

Mr. and Mrs. W. A. Hunter of Hereford visited in the home of their daughter, Mrs. M. L. Simpson, Sr., late Sunday afternoon. Mr. and Mrs. Joe Booser and family spent the day Sunday in the Roy Hollums home at Lockney. The Hollums are former residents of this community.

**Farewell Party**  
The people of this community had a farewell party for Mr. and Mrs. C. E. White, Charles and Linda, who are moving this week to Sulphur, Okla., where Mr. White has purchased a milk route. Those in the play practiced while the others played "42." The Whites were presented with several nice gifts and the group was served cake and punch. Those attending were: Mr. and Mrs. Addison Hunter, Richard and Mona Delle, Mr. and Mrs. Emory Smith, Mr. and Mrs. M. L. Simpson, Sr., and Louise, Mr. and Mrs. Virgil Lamb, Mr. and Mrs. W. E. Cloudus, and Barton, Mr. and Mrs. Harry Smith, Mr. and Mrs. Joe Booser, Mr. and Mrs. Bill Goodpasture, Mr. and Mrs. George Pope, Mr. and Mrs. Bill Simpson, Betsy and Mickey, Mr. and Mrs. U. L. Lesly, Peggy, Vianne, and Reba, Mr. and Mrs. M. L. Simpson, Jr., Carolyn and honorees.

Mr. and Mrs. Wayne Goodpasture of Lubbock visited in the Bill Goodpasture home Sunday afternoon. Wayne is Bill's uncle.

The U. L. Leslys spent Friday night with his brother, F. E. Lesly and family at Happy. The group went fishing at Buffalo Lake Saturday.

Jimmy Hendricks of Fort Worth was a week end guest in the George Pope home. Jimmy is just out of the navy. He worked last summer for Mr. Pope.

Mr. C. E. White sold out to Mr. J. T. Dodd of Lubbock. The Dodds plan to move here as soon as the Whites move out. Bill Dodd, a son, is already living in the house vacated by Mrs. White's brother, T. L. Denson, who moved to Amarillo.

Mr. and Mrs. Emory Smith spent last week visiting relatives in south Texas and Oklahoma. They visited Mr. Smith's father, R. G. Smith, at Kelline, Texas, a niece of Mr. Smith at Dallas; and Mr. Smith's sister, Mrs. Minnie Berry at Duncan, Oklahoma.

# Summerfield NEWS

By Bobbie Walser

Two men missed death by inches Sunday when the fast westbound train smashed into the pick-up truck at a crossing west of Summerfield store.

L. L. Cannon and LeRoy Suttle were thrown from the cab of the truck by the collision.

They are in the Deaf Smith county hospital in a serious condition.

La. Col. O. L. Councilman and Major William Brown of River Side, N. J. and Mr. R. L. Hatcher and family of Amarillo were visitors in the Councilman's home one night last week. O. L. is the son of the Councilmans and Mrs. Hatcher is their daughter.

Mr. and Mrs. W. C. Quattlebaum and family were week end visitors in Lubbock.

Mr. and Mrs. Joel Nance of Lockney ate dinner Friday in the home of his sister, Mrs. J. A. Noland. Mrs. Noland returned home with them and attended the birthday celebration of Joel and Wiley Nance, who are twins.

Thurman Atchley returned Saturday from a visit in Arkansas with Mr. and Mrs. Ted Statts and family.

Judge Estes of Dimmitt was a dinner guest in the Lee Curry home. County commissioner, Olin Rice, was a supper guest.

Mrs. Ray Johnson is spending some time at the bedside of her aunt, Mrs. Clara Freemount, who is ill in the Hereford hospital.

Mrs. Lee Curry, Mrs. Ray Johnson and Mrs. L. L. Cannon held a hospital bond election for a county hospital in Dimmitt Saturday. The election carried over 100 votes in the county.

Mrs. R. O. Riley of Dodge City, Kans. is visiting in the home of her son-in-law and daughter, Mr. and Mrs. Thurman Atchley.

A dinner was given Sunday in the home of Mr. and Mrs. Guy Walser, honoring C. R. Walser, Mrs. Delbert Bawin, Mrs. C. J. Crump, C. J. Lance, Wayne Walser, Donald Walser, Jerry Lance, Reese Dawson, Jr., Terry Rainey, Charles Walser and Preston Hagan, whose birthdays are in March.

Those attending the dinner were: Mr. and Mrs. Joe Kendall, Mr. and Mrs. S. L. Walser, Mr. and Mrs. C. J. Crump and Zell, Mr. and Mrs. Preston Hagan and family, Mr. and Mrs. Jim Clark and family of Hereford, Mr. and Mrs. C. J. Lance of Amarillo, Sue Osborn of Westway, Mr. and Mrs. Lee Curry, Mr. and Mrs. Earl Lance and family, Mr. and Mrs. Reese Dawson and Reese, Jr., Mr. and Mrs. Delbert Bawin and family, Mr. and Mrs. C. R. Walser and family, Mr. and Mrs. D. C. Walser and family, Mr. and Mrs. Melvin Rainey, and Mr. and Mrs. Guy Walser and family.

Mr. Phil Radovich returned Monday after spending the week end in Lubbock with her daughter, Mrs. Paul Dishman.

Work on the play is progressing fairly well just now and we feel sure we will be ready to present it April 17 as first announced. Anyone wishing to buy tickets in advance just contact anyone from Jumbo.

# Hereford Garden Club Makes Plans For Table Show Slated For May 9

Hereford Garden Club made further plans for the table show scheduled for May 9, at the meeting held with Mrs. C. D. Kelton Friday afternoon. Mrs. Jack Roberson was assistant hostess.

In carrying out the program on "Artistic Portrayals" four arrangements were featured, all repeating the lovely pastel shades of Easter. Mrs. S. S. Williams made the table arrangement, a twin affair for mother and daughter, using yellow jonquils and forsythia and rose hyacinths. The table was set for two.

Corsages were made by Mesdames Ralph McCullough, M. T. Rutter and A. O. Thompson. Mrs. McCullough named her corsage "Mother Goes to Church" and featured American Beauty rosebuds combined with net.

Mrs. Rutter made the corsage "Mother Goes Formal." It was a double arrangement jonquil blades and blossoms combined with maline.

Mrs. A. O. Thompson made "Mother Is Sick" a pillow corsage on a lace dolly base. Rose colored hyacinths surrounded a single rose accented with maline tufts.

Mrs. Wm. F. Hardwick gave "25 Practical Suggestions on Flower Arrangement" taken from a recent issue of Good Housekeeping Magazine.

During the business session members decided to send delegates to the district meet in Lubbock and the state meet in Houston in June. Those attending were Mesdames:

# Double Main Event Slated

It's a double main event for the Hereford wrestling arena Saturday night, and the first section introduces a new competitor in these parts — Johnny Henning, former "frog-man" for the U. S. Navy who toted bombs under water and attached them to enemy ships during World War I.

A native of the British-West Indies, Henning has been wrestling professionally for less than three years, but he is an accomplished grappler and will give the fans of this section a new wrinkle in wrestling. He meets Gene Blackley veteran wrestler from Buffalo Gap, near Abilene, Texas, in the first part of the main event.

The top event for Saturday night finds Whitey Whittler, the ex-iron worker from Roxana, Ill., against Wayne Martin, the Tulsa, Oklahoma, star who is gunning seriously for the world's junior heavyweight title. He hopes to gain a title match with Danny McShain in the near future.

Whittler is one of the roughest, toughest, most capable wrestlers alive. He will give Martin a real test. But don't forget the newcomer Johnny Henning, and his match with veteran Gene Blackley.

Khaki is a Hindustan word meaning "dust colored."

# Accessories Is 4-H Club Topic

"My Choice of Accessories" was the topic of discussion at the meeting of the junior county wide 4-H Club.

The meeting was held Saturday afternoon in the home of Mrs. Ed Dzuick.

Nancy Parsons modeled a dress that she had made.

There were 13 members and 3 visitors present.

### Magazine Sketch Features Former Hereford Teacher

Herman Ford, former Hereford man, was the object of a biographical sketch in the Southland Life magazine this month. The article, in part, reported:

"Herman Ford was born in Commerce, Texas. He graduated from West Texas State College with an A. B. degree and secured his M. A. degree from the University of Colorado. He is a graduate of the Southern Methodist University Institute of Insurance Marketing and also of the School in Agency Management conducted by Life Insurance Agency Management Association.

"Mr. Ford formerly taught school in Amarillo and Hereford and was superintendent of the Panhandle Territory school system for the state department of education.

"He started his life insurance career with Southland Life in 1945, making an enviable record as a personal producer. On July 1, 1948, he was made agency manager for the Panhandle Territory, which position he capably filled until September 1, 1951, when he was named director of sales training and moved to the Dallas home office.

"Mr. Ford is married and has two sons. He and Mrs. Ford are active in church circles. He is past president of the Hereford Rotary Club, and served as a director of the Chamber of Commerce of that city. He is a Scottish Rite Mason and a member of Khiva Temple Shrine."

Hereford friends will remember Mr. Ford as a former high school principal and later during the months which he served as life insurance salesman here.

### Tag Match Ends In Free For All

Hereford wrestling fans got their money's worth Saturday night as the tag team match featuring Herb Parks and Whitey Whittler against Bob Cummings and Wayne Martin drew to a close. All four wrestlers were in the ring when the last fall was called and then they proceeded to have a free for all with the referee, Buck Davidson, getting the bad end of the deal as one of the grapplers threw him over the ropes.

Preceding the tag match were two one fall-20 minute affairs.

The first saw Hereford's Bob Cummings take the fall in 16 minutes from Herb Parks with a knee action leg binder.

The second match between Wayne Martin and Whitey Whittler went to a draw as time ran out.

Two falls was all it took for the Cummings-Martin team to come out on top.

They were given the first fall in 19 minutes when the other team was disqualified for not breaking in the ropes, which came as a climax to plenty of other rough stuff.

Martin took the second fall in 15 minutes over Herb Parks with a double leg full nelson while Cummings stood by to see that Whitey Whittler stayed in his corner.

### Volley Ball Teams Drop Tourney Games

Hereford's A and B volley ball teams played Plainview and Spade at the Plainview Invitational tournament Saturday.

The first set of games played by the A team were against Spade won the first game with a score of 15 to 12. Hereford took the second game with a 15 to 2 score and lost the third with a 16 to 14 score.

In the game with Plainview the Hereford A team lost the first two of the set which gave the game to Plainview. The first game score was 15 to 10 and the second was 15 to 12.

The B played Spade in the first round of the tournament. They lost their first game of the set 15 to 13 but came back to take the second one 15 to 2. They lost the set with the third game which was Spade 15, Hereford 2.

Those playing on the A team for Hereford were: Peggy Tisdale, Lois Thomas, Ardella Frerich, Davine Farmer, Helen Hanegan, Novelyn Wiggins and Margie Ford.

Novelyn Wiggins was high point man on the A team with 11 points to her credit.

Those on the B team were: Daris Stanfield and Evelyn Wilf, who tied for high point man with 12 points each and Bobby Wilf, Wanda Riddle, Delores Tisdale, Mildred Kelly, and Dorothy Thomas. Mrs. Charlotte Calvert is the coach.

## High Plains Water Conservation Unit Employs B. Broadhurst Hydrologist

W. L. (Bill) Broadhurst, now in Austin with the groundwater branch of the U. S. Geological Survey as district geologist, has been named chief hydrologist for the High Plains Water Conservation District No. 1, serving 13 West Texas counties. He will assume his duties the later part of May, according to announcement made March 5 in Lubbock by T. J. McFarland, manager of the district.

Employment of Broadhurst as full-time hydrologist for the 13-county Water Conservation District is of direct benefit to the five-member county committees in each county, as well as water well owners and drillers, and others interested in the best use of underground water supplies. Broadhurst's scientific and practical knowledge of southwest water problems will be brought to bear on the current well spacing problems of the area.

In addition, Broadhurst is to be active in recharging activities for the District. In this field, he has liberal experience.

A 1928 graduate of Oklahoma University, Broadhurst comes to the High Plains Water Conservation District widely recognized throughout the state and southwest. For three years, he worked for major oil companies in Texas and Oklahoma. He knows the farmer's views on water, having been a wheat grower at one time.

Muleshoe, Littlefield, and Plainview were among the West Texas cities Broadhurst served in his capacity as district geologist for the Texas State Board of Water Engineers. This was in connection with that agency's cooperative and combined ground water work performed with the U. S. Geological Survey.

In 1941, Broadhurst was transferred to Longview, Texas, and in March 1942, he joined the actual U. S. Geological Survey. He next moved to Austin in 1943, and later did extensive work with war plants and defense industries as a water expert during World War II.

On retirement of Walter M. White, district geologist of the combined U. S. Geological Survey and

position, in which he conducted an important groundwater program. The new hydrologist, along with his wife and daughter, will make his home in Lubbock, where headquarters of the Water Conservation District are located.

Tom started in the Real Estate business as a hack driver way back when the Emigrant Trains were running into Texas, driving prospects out to the various tracts that were being offered. He has been in the Real Estate business ever since. We were out to the hospital Monday afternoon and he was still under anesthetic. Never will forget the morning got Tom out of bed. He wore his pajamas and cowboy boots to the breakfast table and had served us coffee.

**Johnnie McBroom  
Platoon Leader In  
College ROTC Unit**

Johnnie L. McBroom of Hereford has been chosen for position of leadership in the Hardin-Simmons Reserve Officers Training Corps. He has been selected as Platoon Leader of the first platoon, Company A. His appointment was effective at the beginning of the spring semester.

The Reserve Officers Training Corps of Hardin-Simmons, organized in the fall of 1952, is a four-year course of training for future officers in the United States Army.

Hardin-Simmons ROTC, a general branch unit, is a new-type program created by the Defense Department in 1952. The student receives general army training and when he graduates as a 2nd Lieutenant will be given a choice in which branch he desires to serve, dependent upon the needs of the service and the students' qualifications.

The program calls for two years of basic schooling and two years of advanced training with pay. Students may take any course leading to a degree of their choosing and may be exempt from the draft while enrolled in the program.

Leadership is emphasized by all of the ROTC instructors, since it is recognized that whether the students expect to pursue a civilian occupation or a military career, the essential qualities of leadership required to achieve success are equally desirable. However, the primary purpose of the ROTC training is to produce commissioned officers for the Organized Reserve Corps, and the Regular Army.

### REAL ESTATE BOARD REPORT

I'm beginning to believe some of the farm wives are better farmers than their husbands. Especially when we consider that they are out growing flowers, shrubs and nice lawns in all this wind. Mrs. Charlie Packard mowed her lawn 2 or 3 times before Charlie could get his spuds planted.

Dell Sherman over at the Jim Hill Hotel was just telling me that the Hotel has been full for the past two weeks. Seems like all of New Mexico is over here looking for their farms that have blown away.

Had a young engineer here from Los Angeles last week. We were telling him that this is not a pretty time of year for our country, that all the farmers were busy plowing, planting, running water and in general all the money is going out and none coming in. "You mean they are all busy tooling up," was his reply. Seems like that is manufacturing jargon for 'getting ready'.

Sully and Esther Gleaton are building a new home up on the corner of Star Street and Grand Ave. This will be on the extension of Star Street to the north we mentioned several weeks ago. Jack France and Parker Brothers own the lots on both sides.

We are pretty much impressed with Parker Brothers. They just seem to coast along without any fanfare or stir, building one home after another. They are building a new home now 1 block north of Sully's house for Russell Pogue, the new minister of the new Baptist Church out on the Airport Road.

In talking to the Parkers, I asked them how many houses they have built during 1952 and they didn't know. "Oh—25 or 30" was Monroe's answer.

CONG. WALTER ROGERS SAYS:

### Luncheon At White House Features T-Bone Steak, Tour of Premises

The Cherry Blossoms Are In Bloom: The famous cherry trees that are around the Tidal Basin are now in bloom and it is certainly a beautiful sight. This is an event in Washington that usually heralds the advent of spring. The weather has been cold the last few days but the temperature remained above freezing. We had spring weather for almost two weeks, but a storm blew in the other night and the temperature has been down around 40 and 45 degrees since. I guess this is what you would call the "Easter Spell", and is probably the last cold spell

we will have in Washington this year. It would be nice if some of the rain in this section could be transferred to the Panhandle. I had contemplated introducing a bill to bring this about, but the weather people tell me that it would do no good. Spring in Washington also means the coming of many tourists from all sections of the country. Many of the people in the Panhandle have already started their journeys, some of them coming to conventions in Washington and other cities in the East, while some are out on their second honeymoon or just a sight-seeing trip.

Mr. and Mrs. Horace Smith, of Miami, and their two fine sons were in Washington for a few days attending a convention. Mrs. Smith and the two boys had a nice visit with Mrs. Eisenhower at the White House. Others in attendance at the convention were Mr. Aldon Bell and Mr. Audie Conley, both of Peryton, Mr. J. W. Miller, of Tullia, Mr. and Mrs. Truman Miller, of Wildorado, Mr. J. Frank Triplett, of Amarillo, and Mr. and Mrs. Frank Pharris, also of Amarillo. Mr. and Mrs. H. P. Ward, of Borger, were passing through on their second honeymoon, and we had an enjoyable visit. Mr. Ward says that this is the first vacation he has had in 25 years and he wanted to be sure to see Washington. We also had a visit from Mr. and Mrs. H. B. Lindley, of Tullia, Texas, who are enjoying the sights of the Capital City. Raymond Parker and H. K. Johnson, of Pampa and Mr. and Mrs. G. W. Cox of Canyon spent a few days with us last week and attended to some business along with seeing a few of the interesting sights. Bob Berg, a plebe in the Naval Academy at Annapolis, came by for a nice visit during his Easter holidays. Bob is from Amarillo, and from all accounts, is making a good record at the Academy. We also had a telephone call from Dr. Cornette, who does such a good job as President of West Texas State at Canyon. The doctor was in Washington for a conference on the ROTC units that have been established in the colleges. This was quite an honor for West Texas State and the Panhandle to have Dr. Cornette called in for these conferences. This was a deserved recognition of the fine work of Dr. Cornette and his associates in making such an outstanding success of the ROTC unit at Canyon. It is always like a breath of fresh air to have these Panhandle people come by or call up. If you are ever in Washington, don't fail to come by the office or give me a ring if your time is limited.

Luncheon At The White House: As most of you know, I was in attendance at the White House luncheon last week, which included about 19 other congressmen and two congresswomen. Immediately preceding the luncheon all of the guests assembled in the Blue Room which is the large circular room just beyond the entrance hall. The President, accompanied by Governor Sherman Adams, Assistant to the President, Major General Wilton B. Persons, Special Assis-

tant to the President, and Mr. Homer H. Gruenther, Special Assistant in the White House, came in for a short pre-luncheon off-the-cuff visit. We were then taken to the State Dining Room, where luncheon was served. The menu was barley soup, T-bone steak, cauliflower au gratin (cheese in English), asparagus, tossed salad, and orange sherbert for dessert. Everyone was free to discuss anything they wanted to, and apparently did. The President was in excellent spirits and seemed to have a wonderful grasp of the many questions directed to him. After luncheon, the President personally conducted the group through the first and second floors of the White House. He certainly has acquainted himself with his new home and the complete history of it. He seemed to get great enjoyment out of discussing the many items of interest, both in the building itself and the personal items. He had just received some gifts from Arabia, which were being unpacked. These appeared to be robes or vestments of some sort. I was busy looking at the various medals and awards that have been presented to him, including some of the most amazing swords that I have ever seen. One of these is encrusted with pearls and is valued at a minimum of \$50,000. I feel safe in giving out this information as there are plenty of guards around the White House to keep any burglars from stealing the \$50,000 sword. After this information as there are plenty of guards around the White House to keep any burglars from stealing the \$50,000 sword. After this tour of the White House, we were all joined by the President in having our pictures made on the front steps. We had intended to continue the tour after this picture, but the House of Representatives was in session and word came to us that a roll call was in progress. Of course, when this happens, all other business must be dropped and we all immediately returned to the Capitol. Just before leaving I mentioned to the President that his farm in Pennsylvania had been of great interest to me and that I was looking for a quarterhorse to present to him for use on that farm. He commented that he needed some kind of a fast animal with which to run the farm. This proved to me that he certainly knew what a quarterhorse was. It presently seems that developments are under way for fulfilling this plan. The American Quarterhorse Association which has its headquarters at Am-

## These Trees Will Grow Farm Telephones

IF YOU JOINED ALL THE TELEPHONE POLES we've used to extend telephone service to rural Texas in the past seven years into one big pole it would tower 1,350 miles into the clouds. That gives you an idea of how we've been breaking records in our efforts to meet the demand for farm telephones. Already there are six times as many Southwestern Bell rural telephones in Texas as there were just seven years ago. This year we hope to be able to spend more than \$4 million to push still more telephone lines out to the farms around the communities we serve. SOUTHWESTERN BELL... makers are making very good progress and may finish their business in the prescribed 120 days.

What clouds the picture is the variety of subjects before both houses. First and foremost, there's the appropriations bill. Then there are the subjects of four-year terms for county and district officials, water conservation, stream pollution, preferential primaries, modernization of colleges, and so on at great length.

Let's not forget taxes. —tpa—  
Maybe there won't be any new taxes.

It seems that economy forces are in control of both houses, and that they will keep the appropriations bill down to the amount of revenue the state can expect to receive during the next two years.

The House and Senate differed on the amount that should be appropriated. The House said \$160 million, while the Senate put the figure at \$166 million.

The bill approved by the senate would include pay raises for state employees and college teachers.

When House and Senate failed to agree, the appropriations bill went to a conference committee, composed of economy-minded members representing both houses.

Hope for a quick stack of blue chips faded when three pipeline companies appealed to the State Supreme Court their case against the gathering tax on natural gas.

The tax was passed by the last legislature and has been in the courts ever since. The Third Court of Civil Appeals ruled last month that the tax is valid.

If the supreme court rules against the pipeline companies, it is expected that they will carry the case to the U. S. Supreme Court.

Governor Allan Shivers and others had urged the companies to drop the suit and thereby permit the state to use the tax money already paid under protest, as well

as the million dollars plus that is being collected monthly.

If the pipeline tax should be declared invalid, the Legislature will doubtless pass another one, inasmuch as it has already demonstrated its intention of levying this kind of tax.

Meanwhile, a "committee for a fair pipeline tax" has been organized with County Judge Jim Sewell of Corsicana as chairman. Sewell said here that the members of his committee object to any shifting of the tax burden to the local communities.

Money is needed for many state purposes. For example, state employees are leaving their jobs because of low pay.

Ninety-seven engineers have left the highway department during the last two years. At Austin State Hospital, 77 of 528 new employees hired last year have resigned.

W. P. Watts, executive director of the Texas Public Employees Association, gave these and other figures to show that higher pay is needed to keep state workers on their jobs.

Requirements for highways, teachers, and water conservation have been frequently emphasized. It was hoped that the natural gas tax would stop the gap, or help to.

The Senate passed and sent to the House a bill providing for a presidential preferential primary in Texas.

The bill requires party delegates to cast their first ballot at the convention for the presidential and vice presidential candidates according to the choices expressed by the voters. On all ballots, the delegates would be bound to vote as a unit.

Senator Jimmy Phillips, author of the bill, said it is aimed at the elimination of boss rule and rump political conventions.

Senator Dorsey Hardeman opposed the bill, saying it would not achieve its purpose, but would only create confusion. He urged the senate to wait and see what Congress might do about preferential primaries.

Both houses moved along toward final passage a bill that would give four-year terms to county and district officials, and the house added an amendment that would include state representatives.

Opponents said that only those officials who would benefit from the change are for it, and legislators are being browbeaten by county officials to favor it.

Backers of the bill said that county and district officials ordinarily serve two two-year terms anyway, and elections every two years cost money and interfere with the officials' work.

Recommended to the Legislature is a two-year study of state colleges.

The study, to cost \$200,000, was urged by a committee of college officials, to whom an inquiry had been addressed by the Legislature on recommendation of Governor Shivers.

Dr. J. C. Matthews, president of North Texas State College, replied for the committee. Suggested was a 41-member commission, which would complete the study in time to prepare a bill for the Legislature which convenes in 1955.

Along with his report, Dr. Matthews sent a bill which would appropriate the \$200,000 and freeze the curricula at all state colleges.

The study would bring out ways of avoiding duplication of courses at the various colleges. Also given would be an evaluation of the number and location of present colleges and a plan for future expansion.

Austin engineers asked the Legislature to pass a law curbing stream pollution.

Unless that is done, the engineers said, expansion of industry will have to stop in some sections of the state, or a system of re-use of water must be installed.

The engineers gave as an example of their meaning the fact that Dallas badly needs the 25 million gallons of water that flows daily through the West Fork of the Trinity River, but the water is so polluted that it is useless unless it is purified.

But by now the grand champion steer is in the dining room — as choice steaks and beef roasts. (AP Photo).

Legislators took time out to give an official welcome to Colonel Royal N. Baker, jet ace from McKinney, who came home from Korea after knocking 12 MIGs out of the sky.

"So long as there are Americans, the world will remain free," the colonel said in his talk at the capitol. The governor and the members of both houses stood and cheered.

SHORT SNORTS: An attendant at the Confederate Home was charged with aggravated assault for slapping a 75-year-old invalid. Two other former employees of the home face similar charges. . . . A Senate committee approved a bill which would deny unemployment benefits to Texas workers off the

job because of work stoppage caused by out-of-state labor disputes—Charles H. Tennyson, executive secretary of the Texas State Teachers Association, and Senator Lyndon B. Johnson are new article contributors to the state's press. Governor Shivers' series, begun sometime ago, is still going strong. The House passed and sent to the Senate a constitutional amendment to extend homestead exemptions to single persons.

DEAD LEAVES Always cut the dead leaves from a house plant as soon as they appear.

Mount Everest has never been climbed.

LABELS To remove the labels which are pasted on sheets and pillow slips, place a wet cloth on the wrong side of the article, then set a hot iron on it for a few seconds. Or, hold over the steam from the spout of a teakettle. Ouija Boards get their name from a combination of the French and German words for yes.

# FOIBLES Fancy and Plain

By Kent Snore

At the nonce it looks as if Indiana University will pick the athletic plum of this year's crop. Mill Campbell of Plainfield, N. J., has tentatively selected that school for matriculation therein this fall. In the event you do not place Mr. Campbell, he is the dark hued schoolboy whose 6975 points in the Decathlon of the XV Olympiad at Helsinki last summer, was second only to Bob Mathias' 7887 points which topped the cup. To foresta

any comments of the "so-what" ilk, since who pays to see the scanty clads, let it be known that he is also the All-American school-boy fullback of '52. He is a 60 or 45 minute type of ball player, since there seems no question of his being able to make any or all varsities, and his measurements tend to corroborate this. He is six-three 218 pounds, 19 years old and specializes in 100 yard dashes of 9.7

seconds duration. One stated reason of his leaving to the Hoosiers is that, his brother Tom, now in service, is due at Bloomington this autumn. He's a footballer, too. Last Saturday the West beat the East 91-77 in the annual Shrine benefit basketball game. In addition to a lot of moola being amassed for the crippled kiddies there was another highlight to the contest. They played it sans the one for one foul rule and came up with a noticeably speeded up contest, during which they lost no customers via boredom. Between halves, Bevo Francis, the Rio Grande scoring phenom, put on a shoo

exhibition and surprised the on-lookers who, largely, thought he amassed his scoring totals thru lack of opposition. The 6-9'er hit 48 per cent of his attempts and they were sprayed in from all angles and distances. It may be worth a trip to Canyon if his club shows at the West Texas holiday doubleheader, as hinted. While we are in the vicinity of Canyon, do you recall the rumor that Geor Scott may be inbound there? Well, the Canyon High coach resigned last week. . . . The "silly stiffs" of the spring baseball publicity campaign are thinning out, predicating the oncoming major league season's opening. And these wearing publicity shots are being replaced with the just as tiring predilections of who's to win what. Some of the scribes are even touting the Giants, in spite of their having no established centerfielder or secondbaser, as of now. Dark is still the shortstop, as he had averred earlier, in the face of the written-in rookie Daryl Spencer, but Davey Williams keystoner last lap, is down in the back and that should make the Giants down in the mouth, when they gaze thru an empty second sack and have only Hank Tompson to look at in the middle pasture. He doesn't resemble Willie Mays enough to activate memories even. Speaking of memories, I glanced at a 1945 Cleveland pitching roster, only one present day Indian on it, Gromek and one other familiar name, Allie P. Reynolds. Of the same vintage, the Yankee pitching corps did not have a this year's Yankee thrower listed. The big winners of the AL Champion Browns were Ellis Kinder, 19-6 and Nelson Potter, 19-7. Hal Newhouser had 29-9 and Diz Trout, 27-14 for the Detroit, they were the only 20 winners in that league that round. There are not too many names remaining in baseball from the 1947 overall roster, just a glance. The odds, they say are 76-1, that Stengel can't make it in a row with the Yankees. That spread stems from the fact that in 76 years of OB ball no manager has yet been able to string 5 in a row. They ought to shave the

odds down to the quick, when they consider the mediocre opposition the ball clubs give the Yankees, some of 'em act like it's agin the law to beat the Yanks. I have no brief for Paul Richards, but hi Pale Hose really huff and puff a the Stengels. . . . Manage to wir a few along the route, too.

HEALTHIEST 'PATIENTS' DRAFTED -- The sign, "Reserved for Patients," noted in front of Selective Service Board No. 99, at Perryton, as occasioned considerable comment from draftees in Ochiltree, Hansford, Lipscomb and Hemphill counties. Who's sick? Perhaps some found unfit for military duty--or now and then some reluctant, potential hero. (AP Photo).

### Joint H. D. Club Meet

The Bippus home demonstration club was one of the clubs entertained with a luncheon by the Westway Home Demonstration Club Wednesday at the Westway community house.

Table decorations carried out an international theme.

Part of the recreation was presented by Mrs. Ruby Don Hoover member of the Bippus club.

Those attending from Bippus were: Mesdames C. F. Rickels, Charles Hoover, C. F. Homfeld, Ruby Don Hoover, J. G. Fortenberry and Miss Christine Fortenberry.

### MEAT FRYING

A spoon should be used when turning meat that is boiling, as a fork will prick it and make the meat dry and insipid.

In a 20-mile race, a man would win over a horse because of his endurance.

HONORED AS Family Star-of-the-Year

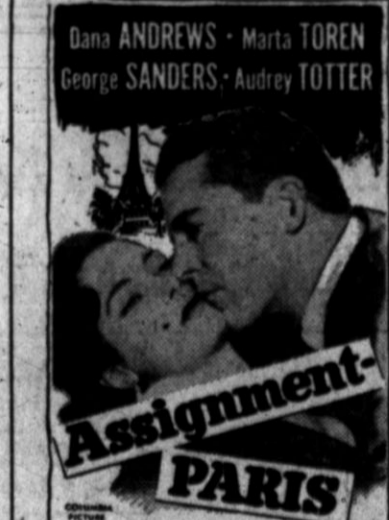

No screen star so richly deserves this honor. Without sacrificing the rugged and exciting ACTION so necessary in great western dramas, Joel McCrea has never appeared in a picture that was not wholesome FAMILY ENTERTAINMENT. His latest picture, "THE LONE HAND," is no exception and we are proud to participate in its SOUTHWESTERN WORLD PREMIERE. Your Theatre Manager
