

Around Town

The men's fellowship breakfast got off to a flying start Wednesday morning with 54 present and, believe it or not, they got out on schedule at exactly 7:45. In addition to bacon and eggs, the group heard an eight-minute talk by Jesse Stanford. Wayne Edwards served as master of ceremonies. The next meeting will also be at the Methodist Church, following which the group will meet at the Christian Church for two weeks. Representatives from various denominations were present. The meetings are strictly non-political and non-denominational, and are scheduled each Wednesday morning from 7 to 7:45 o'clock.

Fred Dines, wheat marketing specialist with Texas A & M this week completed a survey in the Hereford area and reported that he could find no indication of damage from recent freezing weather. County Agent Hugh Clearman gave a like report after an inspection tour in the west part of the county.

Some people, it seems, like to see automobile accidents occur. They are abetting them, at least, by bending and damaging the new "Stop Signs" at city street intersections. One sign has even been completely removed during the two weeks the new signs have been erected.

Bicycles also appeared to be valuable items, and police warned all bike owners to put up the bicycles at night. Two have been reported stolen with only one recovered.

A film on the new method of artificial respiration will be shown for all Red Cross first aid instructors and people who have taken first aid courses, or plan to take. (Continued On Page Two)

Salinas Appeal In Liquor Case

A county court jury Tuesday found Jose Salinas guilty of "Selling Intoxicating Liquor in a Dry Territory", bringing to a close a two-day trial which opened Monday morning in county court.

Salinas, on recommendation of County Attorney Ed Line, was given a fine of \$50 and costs, along with a six month jail sentence. His attorney said, however, that the case would be appealed to the Court of Criminal Appeals in Austin. An appeal bond will also be sought.

The charge was alleged on sale of liquors in this county on March 26, when he was arrested by the Sheriff's department.

The jury included Jay Fortentberry, foreman; Dalton Criswell, T. W. Perrin, Jack Weaver, Alton Monroe and Ernest L. McGee.

Police Benefit Show April 24

A police benefit program, scheduled in the high school auditorium for Friday night, April 24, beginning at 7:30 o'clock was announced this week. Proceeds from the program will be used to defray general expenses of the departmental organization.

Appearing in the program will be mostly high school students who have volunteered to help the department, and entertainment will be headlined with a play, "What Husbands Don't Know." Cast of the play includes: Shelby Whitfield as Aunt Sally; Robert Miller, Mrs. Peterkins; Lynn Bybee, Mrs. Jasper; Marshall Wilson and R. L. Layman as Jackie and Jackie Jasper; Richard Tucker, Mrs. Wilbur; Virgil Coanougher, Mrs. Frost; Jackie Allman, Mrs. Uppington; Duwayne Wallace, Mrs. Meredith; Carl Strauf as Mrs. Spaulding; Loyd Brooks, Mrs. Sweetman; Burt Fish, Jane Barlow; Lon Cardinal, Mrs. Pryor.

With the all-male cast portraying all-female roles sponsors said it would be safe to judge that the play is a comedy.

Second on the program will be skits featuring Martha Jean Brown, Nancy Milford, Darrell Hershey, Joe Easley and Gene Dickson.

Third feature will be "Riding with the Jones" featuring Reader, Lajean and Lathan. The Westway singers and the Hudson band will also perform, followed by a film which will be optional to the spectators.

YES WE'LL MEET HIM if there is any delay in his getting home, Mrs. Gerald Neighbors tells daughter, Cindy, when the VFW tells her of money they had raised to finance her trip and stay. Staff Photo.

GERALD NEIGHBORS FIRST MESSAGE HOME SAYS:

"Nothing Wrong With Me Your Cooking Won't Cure"

"Dear Shirley: "Getting excellent care. Nothing wrong with me your cooking won't cure. Am in pretty good shape. Each day brings me nearer to you. Get out my civilian clothes, now I'm on the right side of the bamboo curtain. Love, Jerry."

The above cablegram was received by Shirley Neighbors from her husband, Sgt. Gerald Neighbors released POW. The message was sent from Tokyo.

Furthermore, Mrs. Neighbors and daughter, Cindy, will have an opportunity to see Gerald as soon as he hits the States, thanks to the Hereford VFW.

The boys in the VFW know better than anyone what it is to be separated from their loved ones and this knowledge prompted them to raise money to send Shirley and Cindy. Neighbors to meet Gerald.

"Will See Dad" Mrs. Neighbors says that she has heard that the prisoners will be shipped to the nearest base to home. When she finds out where that is, she and Cindy will go to him.

Sgt. Neighbors had been a prisoner of the Reds for two years, and five months when he was released Sunday night about 11:30, with the first group of prisoners to be exchanged.

Two and a half year old Cynthia Kay, has never seen her daddy but she is glad he is coming home. Her reaction to the good news Sunday night was to say, "Daddy is

Sgt. Gerald Neighbors

coming home to watch me ride on Joe Bob" (her hobby horse).

Neighbors was only a little past 15 when he entered the Army nearly seven years ago. Five months after he married on February 14, he was shipped to Korea in July, 1950, and was taken prisoner by the Reds in December 1950 while in a replacement camp.

During the time that Neighbors was a prisoner, Shirley received between 15 and 20 letters from him. At first the letters came every two weeks but during the last year they have been about three months apart.

Mrs. Neighbors, who has been living with her parents, Mr. and Mrs. Les Thompson while her husband has been gone, was not sur-

prised when she heard that Gerald was out.

Knew He Was Out

"I heard over the radio Sunday morning that a Sergeant that had been hurt while playing football in a game was going to be released. I knew that had to be Gerald because he had written me he had been playing football," was Mrs. Neighbors' reason for knowing he would "come out."

Neighbors' mother, Mrs. J. L. Russell, who lives in Roswell was in California on vacation at the time her son was released and has not been contacted.

The Hereford Red Cross chapter has been helping Mrs. Neighbors in every way possible to get in contact with her husband and find out where he will be sent when he gets to the States.

New City Officers Delay Decision On Golf Course

Hereford's first elected Mayor and Commissioners under the new City Charter form of government took office Monday night, April 20, rolled up their sleeves, and went to work. The meeting started at 7:30 o'clock, continued until 11:30 and, instead of adjourning, was recessed until Thursday, April 23, when the group will again convene to complete the session.

Foremost among the questions discussed was that of furnishing free water to the golf course. The question still remains to be answered, however because after extensive discussion it was tabled for further consideration. Since meters will not be available to the city from 45 to 90 days, the commission decided to give the matter further consideration before taking definite action.

The meeting opened with retiring Mayor S. O. Wilson in charge and a commission composed of Don Zimmerman and Wayne Edwards. A delegation from the golf course, including Earl Hendricks, Bill Waldrip, Deward Roberson, Raylan Evans, Frank Cogdell and John Aiken appeared in behalf of the golf course. They pointed out that the course was operated at a loss in behalf of the general welfare of the community and that it was also a means of curbing juvenile delinquency in that it provided recreational facilities for youth. "We are not mad," said Hen-

dricks. "We are just anxious to sit down and work out some way to get water to keep the golf course operating. He also referred to City Minutes of Feb. 2, 1949, in which the City Council recorded that the City would furnish water for the course."

Mayor Wilson assured the delegation that the City had no ill feelings regarding the course, then read a letter which stipulated in selling City Water Revenue bonds that no free service would be allowed.

"We are in the position of violating our agreement with the bond holders," said Mr. Wilson. He also pointed out that in case of a severe depression and failure to meet bond payments that the officials could be personally held responsible for failure to meet the agreed specified terms.

Ideas regarding the establishment of the golf course as a city park, digging of irrigation wells, subsidy from general funds in the form of reimbursements, and actual operation by the City were discussed by the group.

New Group Sworn In Following departure of the delegation of golfers, a prayer in behalf of the officials was said by D. C. Kinsey, following which Henry Sears as Mayor, D. C. Kinsey and Wayne Edwards as commissioners were sworn in by Mayor Wilson. The new group took charge

of the meeting.

Low Cost Housing Project After approving bills for payment, they went into a discussion regarding a proposed addition to the city known as "Sunset Terrace." The property owned by Sandy Fluit, located south of Packard Milling Company, was presented as a plat for dedication with restrictions of houses being five feet from property lines. Parallel sidewalks were also specified. The commission tabled this addition to investigate the availability of sewer lines. It was specified in the dedication that it is a low cost housing project.

The commission moved to

put into effect special city irrigation rates as maintained here in the past. The new rates will start May 1.

Dedication of Dameron Park (formerly Lake Park) originally considered for Pioneer Day (May 30) was delayed, due to the fact that grass has not yet been seeded in the park and that damage would likely result. No date was set for the dedication, but the Commission indicated that it would probably be in 1954.

The commission declined an invitation to attend a special West Texas Chamber of Commerce meeting regarding exchange labor from (Continued On Page 2)

Hearing On City Budget Thursday

Public hearing of the City of Hereford budget, May 1, 1953, to April 31, 1954, will be continued to Thursday evening, April 23, at which time the budget will be reviewed by the City Commission and interested citizens may also review or protest various items. The hearing will be technically a part of the Monday night meeting, since the session was recessed rather than adjourned in view of the fact that no one appeared at the hearing Monday—and to allow the new commission to familiarize themselves with the contents. The Thursday session will open at 7:30 o'clock.

Bus Line On 51 South May Be Suspended Soon

Possible 12-month suspension of the bus line between Hereford and Lamesa this week brought protest from several towns along the route in a movement spearheaded by Dimmitt.

The bus, operated during recent months by Texas-New Mexico Transportation Company, filed a plea with the Texas Railroad Commission seeking suspension of the line on grounds that it is "losing money" due to lack of passenger traffic and shipments. The company also pointed out that the route travels over undesignated roads.

The Dimmitt Chamber of Commerce has written all other chambers of commerce along the route, protesting the suspension in view of service rendered the communities. Their letter likewise pointed out that many bus companies operate one or more routes at a loss. It was signed by Robert M. Cur-tain, Dimmitt C-C manager.

Hereford Joins Protest The Hereford Chamber of Commerce also joined the protest Tuesday, filing letters with the bus company and with the commission. Chief complaint from the Hereford C-C rested in the fact that the bus line can, when the Canadian River bridge is finished, extend the route into Dalhart, thus making the run a profitable venture by connection with U. S. 66 and Highway 51.

The City Commission of Hereford also discussed the proposed suspension at their meeting Monday night, but tabled the discussion until Thursday in order that more information could be secured regarding the route before definite action was taken by the group.

While the line provides the only available public transportation south out of Hereford and offers an important link to the north, Dimmitt was judged as the community which would suffer most in case of suspension of the line. Dimmitt, without daily railroad service, can point to the bus line as their only means of daily transportation to and from the commu-

Local Ball Club Will Compete In Cottonbelt Loop

Hereford will have a ball club this year.

Such was the announcement which emerged this week as arrangements were completed for entering the Cotton Belt League, and the purchase of new uniforms for 29 players.

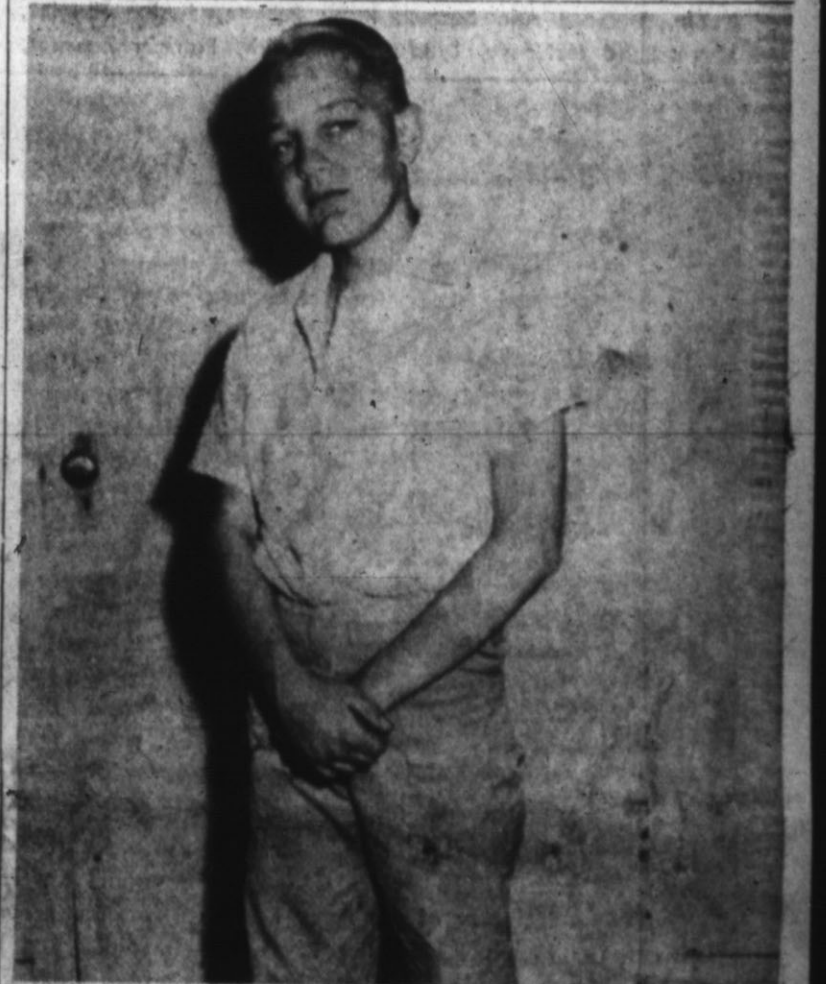

The team will be sponsored by 20 Hereford merchants and will play their first game on May 3, when they meet Tullia in the VFW park in Hereford.

"The team roster has not yet been completed," said "Andy" Anderson, who with Onias Carroll, will manager the 1953 squad. They also said that the Cotton Belt schedule remains yet to be rounded out. Other teams in the league will include Umbarger, Nazareth, Dimmitt, Silverton, Spring Lake, and Tullia.

Dub Reeves and Blue Turpin have been assigned as business managers of the squad. Mr. Brock will handle the gate and Berlie Northcutt will be official umpire. Admission charges have been tentatively set at 50 cents for adults and 25 cents for children over 10 years of age, under 10 will be admitted free.

When the player roster is submitted the club will have 20 days to make alterations.

"We will have the same old bunch of regulars we carried in 1950," said Anderson. "In addition, we will have 10 younger boys—and I think we will be able to get up a creditable roster of players."

COUNTY WINNER, Billy Paul Knox, admits he was surprised when he outspelled all the other entrants in the county run-off Tuesday afternoon. Knox will compete in the West Texas Spelling Bee in Amarillo May 2. Staff Photo.

Billy Paul Knox Is Named Hereford Spelling Champ

It's aggravating not to know how to spell "aggravate." If you don't think so, just ask James Drerup, who lost the right to represent Deaf Smith County in the West Texas spelling bee May 2, by misspelling "aggravate."

Billy Paul Knox, son of Mr. and Mrs. Bill Knox, spelled the word correctly and will represent Deaf Smith County at the bee next week end in Amarillo.

The run-off for the county was held Tuesday afternoon.

Billy Paul Knox represented Hereford junior high school and Linda West was an alternate.

James Drerup was the representative from St. Anthony's school and Susie Loerwald was the alternate. Donna Sue Guseman represented

the Walcott school and Billy Johnson was the alternate.

Jeanette Rayburn won over the fifth and sixth grades of Walcott, Dawn, Central, St. Anthony's and Shirley school, to be the honorary guest from the county at the spelling bee in Amarillo.

Miss Rayburn is a fifth grade student from Central.

Competitors from Walcott were: Gary Guseman, fifth; and Margaret Burrus, sixth; from Shirley were: Ruby Fay Brewton, sixth; and Gladys Beckham, sixth, from Central, Rosalee Strange, fifth; and Jeanette Rayburn, fifth; from Dawn, Gail Miller, fifth; and Lucy Beth Miller, sixth; and from St. Anthony's, Betty Lou Walterschied, sixth, and Janet Huseman, fifth.

TRIPLETS ARE UNUSUAL but according to Harry Cannon of Summerfield it can happen, especially when cattle prices are way down. Cannon plans to keep the three little black calves even though he has had lots of offers to sell. Cannon said that he has never heard of an Angus or Hereford cow having triplets though they are not too uncommon for dairy cattle. Staff Photo.

ANOTHER NEW BLUEBIRD GROUP was organized Monday afternoon at the Camp Fire Hut. The girls, from Central, are shown above. They are front row from left: Nita Darlene Houle, Barbara Ann Barrett, Patty Schulte, Janice Higgins, Joyce Rene McNeese, Lynda Jean Smith, Patricia Ranspol,

REA members and consumers were reminded of the big annual meeting scheduled in the bull barn at noon Thursday, April 30. Manager Leo Forrest said in addition to an interesting program, elections and other entertainment, the occasion will feature a Baby Beef barbecue and door prizes.

Unlike the shoemaker's children, who never have shoes, the Carl McCaslin Lumber Company this week is taking up some of their own lumber. West side of the office building is being extended several feet and alterations on the inside of the present building are planned before the construction program is finished.

The Hereford Garden Club will meet Friday afternoon in the home of Mrs. J. P. Slaton at 3 o'clock. It was announced today. Members were requested to bring plants for exchange.

The Hereford Kiwanis Club will observe their anniversary in Hereford with a ladies' night banquet beginning at 8 o'clock Thursday night, April 23.

Scotch foursome matches are scheduled at the golf links here Sunday, April 26, it was announced today by Manager Bud Posey. The matches are scheduled to begin at 2 o'clock.

Set Damages At \$675 Sunday In Collision Here

Lloyd Graham Prewett received a ticket for failure to grant the right of way in an accident Sunday at the corner of Jackson and Sixth streets. Richard Pickens was charged with having no drivers license.

Prewett, who was driving a 1948 Pontiac was going south on Jackson and Pickens, driving a 1949 Ford was going east on Sixth when the accident occurred. The cars collided in the middle of the intersection.

Damage to the Prewett car was set at \$300 and to the Pickens auto at about \$375, by investigating officers.

Two DWI Cases Here This Week

Two DWI cases, one a woman, occurred in Deaf Smith County this week. The woman, Mrs. Maxie Ray Avila, plead guilty and charges were filed Monday against Nicholas Joseph Dieter.

Mrs. Avila was charged with DWI on April 16, when the car which she was driving was involved in a minor accident 27 miles west of Hereford. Mrs. Avila was not arrested immediately, however, but plead guilty in court last Saturday, when she was assessed the minimum fine of \$50 and costs by County Judge Horace L. Schloss.

On written application of Mrs. Avila, however, a deferred judgment by "recognizance" was allowed by

the judge. The deferred judgment, similar to a bond, allowed Mrs. Avila to remain free until July 18, at which time she is bound to appear in court and settle on a basis of double the amount of the fine and costs. She is at present employed in a Friona Cafe.

On Left Side of Road
Dieter was charged DWI by the State Highway patrol after he was picked up east of town on US 60. Patrolmen said that he was driving on the left-hand side of the road and had forced several cars off the pavement. They also reported that he was speeding. Dieter gave his address as Lindsay, Texas, but said that he has been working on an oil rig in the Hereford area.

Wool Loans Set 53.1c This Year

The U. S. Department of Agriculture loan rates on wool have been announced for the 1953-54 marketing year, according to Faust Collier, local PMA secretary.

The rates are based on national average support price at 53.1 cents per pound, grease basis, Mr. Collier said. Shorn wool loans will be available from May 1, 1953, through March 31, 1954. Advance loans at not more than 70 per cent of the estimated appraisal value will be made on a recourse basis.

Second Annual "Family Fun Night" Is Scheduled

Plans for the second annual "Family Fun Night" were this week nearing completion, according to Mrs. Argen Draper, Home Demonstration agent, who said Wednesday that the program will be presented at the high school auditorium Friday night, May 1, beginning at 8 o'clock.

The program this year will include stunts by seven clubs of the area, plus "fill-ins" which will add variety to the event. The 1953 presentation will be the second annual Fun Night sponsored by the 117 Clubs. Proceeds will be used to defray club expenses, but chief aim of the occasion is to provide fun and entertainment for people of the community. Most of the stunts will be of a humorous nature, some along satirical lines. Approximately 450 attended the presentation last year and the group plans to take care of 750 this year. The fun night is open to the public.

Included in the program this year will be:

- "From Dawn to Sundown," Dawn Music Club;
- "Anything Goes in Dress Parade," Dawn Home Demonstration Club;
- "A Train Ticket for Magnolia," and "A Country Boy Goes Calling," Cultural Home Demonstration Club;
- "Baby Show," West Hereford Home Demonstration Club;
- "Banana Bandits," Westway Home Demonstration Club;
- "Family Meets the Wife," North Hereford Home Demonstration Club.

Fill-ins — "Western Hits," Gordon Shaffer; Skit, Cecil Massey; Skit, "Cotton John" Garland Smith; "String Trio," Raymond and Bobby Zellner, Wesley Brown.

Duet, "Too Old to Cut the Mustard," Mrs. Paul Hoff and Mrs. Wesley Brown; "Hereford Belles," John Alken, commentator; Westway Singers; "Jumbo Jag," Mrs. Bill Simpson, commentator; Song by 4-H Girls.

By Vern Sanford
Texas Press Association
Austin, Tex. --The Legislative spotlight centered this week on the question of whether or not public school teachers are going to get an increase in pay.
The teachers won an advantage when the Senate passed a bill giving them an increase of \$60 a year.
Senator A. M. Aikin, Jr. of Parris sponsored the bill, which has the support of the Texas State Teachers Association.
In passing the bill, the senators heard a warning that it will force a tax increase of about \$30 million a year.
In the House, meanwhile, the teacher pay bill bogged down last week in a mass of technicalities. Representative Lamar Zivley of Temple, sponsoring the bill in the House, ran into trouble from the economy-minded members every time he tried to make progress with it.
For example, when Zivley attempted to get the bill transferred from the house appropriations committee to another committee which he considers more friendly, Representative Joe Kilgore of McAllen brought up the point of order that no such transfer may be made.
Speaker Reuben Senterfitt sustained the point of order.
Zivley could not muster enough votes to suspend the rule. Nor could he get a motion passed instructing the committee to report immediately on his bill.
Representative W. C. Smith of San Marcos, chairman of the House appropriations committee, rose to deny that his group is unfriendly to the teachers bill.
"I know from talking to some of the members that they are willing to vote out some kind of teacher pay raise bill," Smith said. "I don't know which one. It is possible that we could vote out a bill that wouldn't require a new tax."
Zivley's bill, said Smith, was delayed pending certification by the state comptroller that the money will be available for the general appropriation of \$166 million for the next two years.
Shortly thereafter, Comptroller Robert S. Calvert said the appropriations bill is within anticipated state revenue.
Smith, mentioning a bare possibility that teachers could be given a raise without an increase in taxes, said it might be done by passing Representative Kilgore's bill, which reallocates some taxes and puts a greater burden of school costs on the local districts.
Governor Allan Shivers had recommended a plan of this nature. But after last week's legislative skirmishing on the measure, the governor commented that a teacher pay increase bill without new taxes would look "like an empty gesture." The only other recourse apparently is settlement of the pending gas tax suit in favor of the state. This would provide \$45 million dollars. Shivers' stand is definitely against any new taxes.
The governor, however, said that this legislature is, so far, "one of accomplishment." He expressed hope for passage of these measures:
1. Seven propositions dealing with water conservation.
2. A judicial redistricting bill.
3. Submission of Senator George Moffett's constitutional amendment to use the Confederate Pension fund surplus for new state buildings.
4. Co-ordination of higher education.
5. Action on a toll road program.
6. Classification of state jobs, and provision of higher pay for professional and technical employees.
Before the House went a judicial redistricting plan, aimed at the political organization of George Parr of Duval County.
The house judiciary committee approved a bill for redistricting without a dissenting vote.
The bill would reshuffle the strife-weary, four-county 79th judicial district of South Texas.
Affected in the changes would be Duval, Webb, Starr, Zapata, Jim Hogg, Jim Wells, Nueces, and Brooks counties.
Charges against Judge C. Woodrow Laughlin of the 79th District were aired in the Senate.
Judge Laughlin, a friend of Parr, was summoned on a resolution by Senator William H. Shireman of Corpus Christi. The resolution calls for an investigation of Judge Laughlin's conduct in office.
The judge had previously appeared before a House committee on the redistricting bill, and before a State Bar Association committee which was probing charges seeking to remove the judge from office.
A bar committee member reported "a very nice hearing."

The judge commented: "Now I know how an innocent man feels when he goes to trial."
A House bill by Representative Bert Hall would increase the permit fees of beer and liquor dealers and set up a fund to fight alcoholism.
The bill has the support of the Texas Committee on Alcoholism. Half a dozen witnesses appeared for the bill at a session of the house committee on revenue and taxation.
Art Stein, director of the New Mexico Commission on Alcoholism, testified that his state is providing clinical treatment for alcoholics at a cost of \$140 per patient, and is effecting cures or rehabilitation in 80 per cent of incipient cases.
Former Speaker Homer Leon representing the beer industry, raised the objection that the tax would fall on wet counties, while much of the state is legally dry.
In the House is a bill that would bring about changes in the election code passed by the Legislature two years ago.
Passed by committee was the bill, which would repeal cross-filing, remove the requirement that counts, and provide for polls to remain open until 8 p.m.
Visitors at the capitol the other day were the Ferricore quadruplets of Beaumont, the only male quads in the world.
The 23-year-old brothers, Anthony, Bernard, Carl, and Donald (ABCD) are on duty with the Air Force Reserve. They have just completed a tour of duty in Korea.
SHORT SNORTS: The Senate has a bill, already passed by the House, that would cut off salaries of state employees refusing to testify about their communist connections on the grounds that such testimony might incriminate them. . . . Dual control of state hospitals -- administrative and medical -- is provided for by these salaries in the appropriation bill: executive director, \$15,000 a year; mental hospital director, \$12,500; tuberculosis hospital director, \$12,500; administrator, \$8,000; educational director, \$7,500; and design engineer, \$7,500. . . . Texas is going to have an official duck-calling champion, to be selected at Beaumont during the South Texas Fair. Making it official is a proclamation by the governor.

Dual control of state hospitals -- administrative and medical -- is provided for by these salaries in the appropriation bill: executive director, \$15,000 a year; mental hospital director, \$12,500; tuberculosis hospital director, \$12,500; administrator, \$8,000; educational director, \$7,500; and design engineer, \$7,500. . . . Texas is going to have an official duck-calling champion, to be selected at Beaumont during the South Texas Fair. Making it official is a proclamation by the governor.

ing Representative Kilgore's bill, which reallocates some taxes and puts a greater burden of school costs on the local districts.
Governor Allan Shivers had recommended a plan of this nature. But after last week's legislative skirmishing on the measure, the governor commented that a teacher pay increase bill without new taxes would look "like an empty gesture." The only other recourse apparently is settlement of the pending gas tax suit in favor of the state. This would provide \$45 million dollars. Shivers' stand is definitely against any new taxes.
The judge commented: "Now I know how an innocent man feels when he goes to trial."
A House bill by Representative Bert Hall would increase the permit fees of beer and liquor dealers and set up a fund to fight alcoholism.
The bill has the support of the Texas Committee on Alcoholism. Half a dozen witnesses appeared for the bill at a session of the house committee on revenue and taxation.
Art Stein, director of the New Mexico Commission on Alcoholism, testified that his state is providing clinical treatment for alcoholics at a cost of \$140 per patient, and is effecting cures or rehabilitation in 80 per cent of incipient cases.
Former Speaker Homer Leon representing the beer industry, raised the objection that the tax would fall on wet counties, while much of the state is legally dry.
In the House is a bill that would bring about changes in the election code passed by the Legislature two years ago.
Passed by committee was the bill, which would repeal cross-filing, remove the requirement that counts, and provide for polls to remain open until 8 p.m.
Visitors at the capitol the other day were the Ferricore quadruplets of Beaumont, the only male quads in the world.
The 23-year-old brothers, Anthony, Bernard, Carl, and Donald (ABCD) are on duty with the Air Force Reserve. They have just completed a tour of duty in Korea.
SHORT SNORTS: The Senate has a bill, already passed by the House, that would cut off salaries of state employees refusing to testify about their communist connections on the grounds that such testimony might incriminate them. . . . Dual control of state hospitals -- administrative and medical -- is provided for by these salaries in the appropriation bill: executive director, \$15,000 a year; mental hospital director, \$12,500; tuberculosis hospital director, \$12,500; administrator, \$8,000; educational director, \$7,500; and design engineer, \$7,500. . . . Dimmitt Seniors Plan Play

The Dimmitt Senior class will present a three-act play, "Hangman's Noose," on April 30 and May 1, 8 o'clock in the high school auditorium at Dimmitt, according to announcements today.

The play is a mystery story revolving around surviving members

of a strange and shallow family. The characters gather on a damp March night at the remote estate known as "Hangman's Noose," for reading of the family will. At this point begins a sequence of events which even give the cast the "jitters" after practice sessions.

The cast includes Katy Coke as Martha; Bobby Jones as Oliver Keep; Mitzl Wilson as Caroline Keating; Yvonne Bearden as Gail Keating; Billy Gregory as Phil Lassiter; Dalia Twiner as Polly Moore; Kay Bearden as Ella Norris; Braunita Cole as Lorna Keating; John Gilbreath as Henry Gordon and Jesse Burch as Gareth Keating.

The play is directed by James W. Bates, assisted by Decimae Dennis and Paul Stanford.

Jim Hamby Rites Held Tuesday

Funeral services for J. M. (Jim) Hamby were conducted Tuesday afternoon at the St. John Methodist Church in Plainview.

Mr. Hamby died in the Deaf Smith County Hospital on Sunday, April 19.

Born on April 20, 1871 at Waxahachie, Mr. Hamby, was married to Ida Crumpton on January 13, 1907 at Files Valley, Texas.

He entered the Army in 1917 and served during World War I. He was stationed in Maryland. Mr. Hamby received his discharge at Bonham Texas in 1918.

The Hambys moved to Plainview in 1919. They came to Hereford, April 10, 1952. He is an uncle of J. M. Hamby, Hereford Real Estate dealer.

Survivors include: his wife, one daughter, Mrs. Marie Seago of Plainview, one brother, W. A. Hamby, Logan, N. M. and one sister, Janett Dies of Las Cruces, N. M.

Q. How can I keep neckties from curling when washing them?

A. Before washing neckties, buste the linings in place, so they will not curl and become lumpy. Then remove the busting before ironing.

Q. How can I soften glue that has hardened?

A. Glue that has become hard and dry in the bottle can be softened with a few drops of glycerine.

Summerfield NEWS

By Bobbie Walser
The Jumbo community will present a three-act comedy "The Campbells Are Coming" Saturday night, April 25, at the Summerfield Community house. Curtain time is 8 o'clock. Admission is 60 cents for adults and 35 cents for children.

Wayne Lee, son of Mr. and Mrs. Carl Lee, brought the morning message Sunday at the Summerfield Baptist Church. Wayne, a former resident of this community, was preaching his second sermon. Around 125 attended the morning services.

Joe Streun, Bill Lookingbill, Nan Longbottom, and Bobbie Walser, all juniors of Hereford High School and Wanda Carter, a senior, attended the junior-senior banquet Friday night.

Nan Longbottom returned Thursday from Fort Worth where she had been visiting relatives.

Mrs. Mamie Beckett of California and Mrs. Leona Scott of Clovis have been visiting in the home of Mr. and Mrs. A. F. Blakemore. Mrs. Beckett and Mrs. Scott are both sisters of Mrs. Blakemore.

Mrs. Clifton Harper and children have been visiting her parents, Mr. and Mrs. Larry Walker of Peecos, Texas.

Mrs. G. W. Mills and Eva Blakemore of Amarillo spent the week end in the home of Mr. and Mrs. A. F. Blakemore.

Harry Cannon has a cow that is getting a lot of attention. When he bought her two years ago, the man told him she always had twins. Last year she only had one calf but had triplets this year to make up the difference.

Johnny Fields, who leaves this week end for the Army was a guest of his grandparents in Lubbock Monday at a barbeque. Mrs. Fields also attended the barbeque.

Card of Thanks

We would like to thank every person who helped in any way during Mr. Lambert's stay in the hospital. We appreciate all that the doctors and nurses did for him. Thanks to Rayburn, who donated the blood.

God bless you all.

Ceramics Art Club Will Sponsor Exceptional Children's Project

The Hereford Ceramic Art Club announced this week that they have taken as their project the Exceptional Children's class in the Hereford public schools. Action of the club followed an investigation in which the group reported needs of the class to be unusual with no fund in the public treasury for such items as Mexican clay, tempera paints and similar needs.

Proceeds from the silver donations at the Ceramic Art Show, which is to be held May 1-2, will be given to the class. This is the third show of its kind the club has sponsored. The last two years the club has purchased wash cloths for the hospital with the silver donations.

There are thirteen members in the club this year. During the first few years of organization the club had as many as 50 members on the roll, but China Painting has taken the place of ceramics and many have changed to work on China. Present members are Mrs. V. E. Dodson, who is the Art Director, Mrs. E. M. Cox, secretary; Mrs. R. C. Childers, reporter; Mrs. Phil Radovich, president; Mrs. F. M. Kester, vice-president; Mrs. W. S. Fluit, Mrs. Carl Gilliland, Mrs. Franklin Miller; Mrs. John Robinson, Mrs. Don Roots; Mrs. Carlos Vaughn and Mrs. O. H. Culpepper.

"Kiddies", Theme Of Friona Band Meeting April 17

The Friona high school band held their annual banquet Friday night at the Friona cafeteria.

The theme for the banquet was "Kiddies."

The invocation was given by Raymond Cook and Carol Blackburn gave the welcome address.

Glenn Reeves gave the response. A quartet composed of Wanda and Zelma Beaty, June White and Clea Rea Sovers entertained with some numbers.

Mrs. Edelman Is PTA President

Mrs. Claude Edelman was elected president of the Friona Parent Teachers Association Thursday night.

Other officers were: Miss Rangeland Hanson, vice-president; Mrs. Ray Landrum secretary; Mrs. Hadley Reeve, treasurer; Mrs. Claude Osborn, parliamentarian; Mrs. Forrest Osborn, historian.

Rev. Stanley Lockhart gave a talk on homes.

Members of the first and second grades gave a short program of songs and a short play.

The rhythm band also entertained with a number.

MANK W. GOLLIHAR, son of Mr. and Mrs. Chess Gollihar, is now serving with the Navy in Guam. Gollihar took his basic training in San Diego, and graduated from electronic school in Oak Harbor, Wash. Pole Planter in Action

THIS VERSATILE NEW TELEPHONE TRUCK can dig a hole, pick up a 20-foot pole and plant it in position faster than a man can set a fence post. This is one of many new technical developments that are helping us push telephone lines out into farming areas at a record-breaking pace. In just seven years we have set 256,000 poles in a construction program that has increased the number of Southwestern Bell rural telephones in Texas six times. And this year we hope to extend service to many more families and businesses in rural areas.

SOUTHWESTERN BELL . . . A TEAM OF 28,000 TEXAS TELEPHONE PEOPLE . . . AT YOUR SERVICE.

Gal Wrestlers To Be Here Saturday

Two of the more glamorous and gorgeous of the gal wrestlers come to the Hereford arena Saturday night and share top billing with two of the toughest male grapplers.

Ida May Martinez, rated as leading woman wrestler of Mexico, meets golden blonde Mary Jane Mull of Toledo, Ohio, in the extra special event. They wrestle two out of three falls or 45 minutes.

Black-haired Martinez, from Mexico City, and the winsome blonde will present a sharp contrast in looks but they wrestle somewhat alike. They are pleasant persons outside the ring, but very "unlady-like" when the gong sounds. They are fast and active, strong and capable, and they keep the action going from start to finish.

Topping the Saturday night card are Judo Jack Terry of Santa Monica, California, and Johnny Henning of St. Petersburg, Fla. Henning, born in the British West Indies, has become one of the most popular grapplers in the Southwest States territory. Powerfully muscled, tall and wiry, Henning developed great strength while serving as "frog man" in the U. S. Navy's under water demolition crew during World War II.

Wide Interest In Wrestling Matches

A double main event was the feature of the Lions' Wrestling matches here Saturday night.

Judo Jack Terry was the winner of the first event over Ben Davidson.

The second match of the double card went to a draw when the hour ran out.

Terry won the first fall of the first event in 14 minutes with a submission hammerlock.

Davidson came back in five minutes and won the next fall from Terry with an inside step over toe hold converted to a leg jackknife.

The deciding fall went to Terry in 19 minutes. He took it with a semi-sleeper.

The non-title, two out of three fall bout, between Dory Funk, Southwestern States Junior Heavyweight Champion and John Henning came to a draw when the hour limit ran out in the third fall.

Funk took 42 minutes to win the first fall from Henning with a spinning toe hold.

Henning came back in 12 minutes to win the second fall with a body press.

Gene Detton refereed the matches.

This Is The New Medium-Priced Car

For Folks Who Want a Lot of Car for Their Money

The New Packard CLIPPER

If you've reached the point where you want more car... a larger car, a smarter car, a finer car... here it is!

Maybe you're saying: "Wait a minute! I've got to keep it around twenty-five hundred dollars. Why isn't a dressed-up, low-priced car about what I want?"

We're glad you said "about what you want" because you'd soon discover that a low-priced car dressed up like a "big car" is still a lighter, smaller car by a good deal than a Packard CLIPPER.

And besides, a Clipper gives you the choice of adding power steering, power braking or power shifting . . . all three, if you want them. These are real big-car features really needed for today's tough, teeming traffic.

"Is this Clipper really big?"

Well, check the dimensions: 122-inch wheelbase, 213-inch over-all length. Big as it is, it's still perfectly parkable in tight places. And out on the open highway,

you'll find that it's a big-car riding dream!

You ask, "Has it got a good engine?" Yes, sir!—the most famous engine in automotive history—a Packard engine.

Has it got big-car feel on the road? Why not try a ride for yourself—with you at the wheel, and over a road of your own choosing.

So, if you've reached the point where you want more car . . . be sure to see and drive the new Packard CLIPPER and compare it with other medium-priced cars. The Packard dealer nearest you is listed below—see him soon!

New Packard CLIPPER

In addition to the Clipper, PACKARD is building today a car so beautiful and fine that it is applauded everywhere as "America's new choice in fine cars."

National Affairs Are Reviewed By Lyndon Johnson

By Lyndon B. Johnson

Tidelands: Senator Price Daniel did Texas proud when he opened Senate debate on the tidelands bill. His presentation was the best and most effective I have ever heard on this subject. Senators of both parties, including even some who oppose the Texas claim, praised Senator Daniel's grasp of the question.

I hope the Senate will have passed the tidelands legislation by the time you read this. A vote was delayed by what Senator Taft called the "long-winded speeches" of Senators opposing the legislation.

Reciprocal Trade: President Eisenhower has asked Congress to renew the Reciprocal Trade Act for one year. This program was originally established under a Democratic Administration and has been renewed from time to time. I believe the Democrats in Congress will give almost solid support to the President's proposal for a renewal of the act as it stands.

German Chancellor: When I attended a White House luncheon for Konrad Adenauer, Chancellor of the Federal Republic of Germany, he informed me he has relatives in Texas. I asked if he wished to send a message to them and the many other fine American citizens of German descent living in Texas. Chancellor Adenauer told me to say the German people are very happy with the relationship between their government and ours. He said the American aid programs have been very helpful to Germany. He declared the friendship between Germans and Americans cannot be destroyed by communist propaganda.

Rural Electrification: Several Texas REA leaders were here for an appointment at the Agriculture Department and I met with them for a discussion of REA problems. The Texas-told Department representatives local co-ops cannot continue to function properly and repay their loans unless they have the power to build their own generation and transmission facilities. Even if they don't use the authority, their having it enables them to make reasonable contracts with private power companies.

Included in the group were Elmo J. Osborne, Austin, general manager, Texas Electric Power Reserve; William A. Brown, Austin, the organization's attorney; William A. Lewis, also of Austin, editor of the Reserve's official paper; C. M. Wagner, Robstown; Leo Forrest Hereford; John Ammons, Roby; T. R. Qualls, Denton; Pratt Spence, Kaufman; and W. W. Cardwell, Bandera.

Mohair Support Price: Agriculture Department has announced a national average support price of 60.7 cents per pound of mohair for

the current marketing year. Last year's support price was 57.2 cents per pound.

Congressman Clark Fisher and I helped to get mohair included under the support price program in the 1949 Agricultural Act. Mohair prices have been above support levels ever since then, so no support action has been necessary.

Air Force Secretary Harold E. Talbot will speak at dedication of Greater Fort Worth International Airport on April 25. A very able Texan, M. D. Bryant of San Angelo president of Texas Independent Producers & Royalty Owners Association, has been named by Secretary of the Interior McKay to National Petroleum Council. I was present when President Eisenhower administered the oath of office to Oveta Culp Hobby as the Nation's first Secretary of Health, Education, and Welfare. Mrs. Johnson and I gave a reception last Friday night for Governor and Mrs. Hobby and for Navy Secretary and Mrs. Bob Anderson. Among the guests were many Texas newspapermen, in town for a meeting of American Society of Newspaper Editors.

Went down to Virginia Saturday afternoon and bought a dog for Lynda Bird and Lucy, our daughters. I'm enjoying the new addition to our household as much as the children are. Every dog needs a man, I guess. President Eisenhower and I were the only speakers at the famous Gridiron Dinner here. The Senate Interstate and Foreign Commerce Committee adopted my amendment to a pending bill, the amendment enabling Palestine to keep the I&GN Railroad shops.

"Long Session" Of Congress Is Expected By Rep. Walter Rogers

Alaskan Statehood; The Subcommittee on Territories and Insular Possessions, of which I am a member, has been holding extensive hearings on the Alaskan statehood bill. These hearings are more extended, more informative and a great more in detail than were the hearings on the Hawaiian statehood bill. The committee has heard numerous witnesses during the past several weeks. These witnesses come from all walks of life in Alaska and their testimony has been most interesting. Many of the witnesses went to Alaska because of the opportunities offered in a new and undeveloped section and for the chance to grow up with the country. They are certainly to be commended for the manner in which they have taken advantage of these opportunities and made the most of them. Several of the witnesses outlined their personal histories, and it developed that when they went to Alaska, they hardly

had the price of a meal on which to start. The last witness to testify was former Governor Gruening, who was as interesting as he was able and eloquent. The witnesses no doubt made out an excellent case for their proposal. Much politics was injected into the hearings, which I feel was definitely unbecomingly for. Whether or not Alaska or Hawaii should be made states of the Union should not be considered or determined on the question of political party affiliation. Political party affiliation, standing alone would not even be an excuse, much less a justification, for statehood. The basic question is simply whether or not the best interests of the United States of America would be served by changing the territorial status of Hawaii and Alaska and creating two additional states. It presently appears that the Alaska bill will not pass the Congress this year. The Hawaiian bill has encountered considerable

opposition in the Senate. Unless this opposition can be measurably dissolved, Hawaii may find it difficult to see the passage of her bill during this year. The tidelands bill is presently being debated in the Senate and it looks as though a slight filibuster is shaping up. This may die aborning as Senator Taft is doing his best to force the bill to a vote. I hope that a vote is taken on it before this letter reaches you, as we certainly have the strength in the Senate to pass the tidelands bill by a good majority. The debate in the Senate has engendered very little interest on the part of the public in fact, much less than the debate on the confirmation of Bohlen, the new ambassador to Moscow. The public apparently thought that Senator McCarthy would have a fight on the Senate floor with someone about the Bohlen appointment. They crowded the galleries and lined up in queues from the Senate chamber to the rotunda of the Capitol waiting to get in for a short glimpse of the show, which never took place.

When will Congress get through? Predictions as to the possible adjournment of Congress are beginning to crop up all over Capitol Hill. Actually, the Congress has done very little this session on legislation. Outside the tidelands bill, the Hawaiian statehood bill, the Re-organization Plan No. 1, raising the Federal Security Agency to cabinet status, there has been very little important legislation or controversial legislation before the House. The first of the appropriations bills is scheduled for this week. The chairman of the appropriations committee has predicted that he will have one of these appropriations bills up each week, and possibly two or three some weeks, until they are completely finished. The appropriations bills are considered separately, that is, the appropriations for each of the several departments of government are considered separately. In view of the turn of events in Korea, it is probably safe to say that there will be the need for legislative measures that otherwise would not be necessary. What these will be of course will depend upon the suc-

cess of the truce talks and the turn of events in other sections of the world outside Korea. All in all, it seems that Congress will probably follow one of two courses. It will either recess during the summer months and come back in September or will continue in session through the summer and try for adjournment early in the fall.

The Easter Recess: As most of you know, Jean and I together with the six little Rogers' drove down to Florida during the Easter recess, and the kiddoes enjoyed it immensely. Our stay was very short as the trip down and back consumed five days. We all learned a lot, and I am sure that the children got much more out of the trip than Jean and I, for which I am duly thankful. I discovered why the oil companies build so many different and vari-colored filling stations. It is to serve people traveling with their children. No two children ever want to stop at the same filling station, so that you can appreciate that, with six, we inspected every filling station from Washington to Daytona Beach. I got to the point where I was afraid to buy more than two gallons of gasoline at a time. We stopped for a while in St. Augustine, Florida, to view some of the points of interest. We started to visit the Fountain of Youth but discovered that each occupant of the car had to pay 80 cents a piece. A quick calculation reflected that we had to dig up \$6.40 so I decided there was al-

ready enough youth in our family, and backed out. I am sorry that I am not in position to either recommend or disapprove of the Fountain of Youth. From the outside it appeared to be very pretty, but not \$6.40 worth, when the children would much prefer a hamburger with onions.

Visitors: We had the following visitors from the District last week: Mr. and Mrs. Robert Ricks, Gerald Fairbanks, Herb Conner and Porter Oaks, from Amarillo; and George Saied, from Childress. Wesleyard, Amarillo, is also in town attending the ASNE, but he has been so busy that I haven't had an opportunity to visit with him. I hope to see him before he gets away.

DOLLAR FOR DOLLAR YOU CAN'T BEAT A

Pontiac

A GENERAL MOTORS MASTERPIECE

A Very Proud Car—At A Very Modest Price!

According to Webster, one of the important meanings of the word *proud* is this: "Worthy of admiration; deserving praise." That definition fits the 1953 Pontiac like a glove. Pontiac's distinctive Silver-Streak beauty is certainly worthy of admiration—and gets plenty of it everywhere. And when you sit behind the wheel and feel the effortless surge from Pontiac's famous power plant you'll know that you're driving a mighty proud performer.

As a matter of fact, the only modest thing about a Pontiac is its price—for this wonderful car which gives you the engineering quality and the best features of the costliest cars is priced just above the very lowest!

And when you're figuring price, be sure to remember Pontiac's remarkable resale value—the sure test of long-lasting quality. Why not come in and see how easily you, too, can become the proud owner of a new Pontiac?

- HIGHLIGHTS OF PONTIAC QUALITY AND VALUE!**

Texas has 34 professional baseball clubs in seven leagues this year. It is the same as last season. In all other states that have had multiple leagues, there has been a big slump. North Carolina, for instance, lost eight clubs. Two years ago North Carolina led the nation. This season it will have only 21.

Minor league baseball is taking a drubbing virtually everywhere except Texas. What's the reason? To hear Howard Green, youthful president of the Big State League, explain it you'd say that chain baseball is dying a natural death.

"Independent operation under which baseball is made a part of the community life is the reason," says Green, organizer of several of the leagues in Texas and president of three since he got into the

diamond game by owning part of the Abilene club in the West Texas-New Mexico League.

"There are few clubs in Texas owned by major league clubs—that is outside of the Texas League which is 50-50. In the Big State League Waco is owned by the Pittsburgh Pirates and Wichita Falls has a working agreement with a big league club. The other members all are independents. In the West Texas League Abilene has an agreement with Washington but all others are independent. And so on.

"In most of the other states baseball goes according to the big league clubs. When they trim on their farm system, clubs and even leagues drop out.

"In Texas baseball is being operated as a business and civic proposition and made a part of community life. It will continue to lead

CREOSOTE FEEDS MILLION DOLLAR BLAZE NEAR TEXARKANA -- Damage estimated at \$1,000,000 at the \$2,000,000 International Creosoting and Construction Company plant near Texarkana resulted from a fire which broke out early on the morning of April 2 and was still smoldering 30 hours

later. Explosion of a giant treating cylinder added fuel to the blaze six hours after it began, already fed by 400,000 gallons of oil and other chemicals. Three major buildings were gutted. Also destroyed were a locomotive, box cars and gondola cars of the Texas and Pacific Railway. (AP Photo.)

Plant Exchange Featured By Bud To Blossom Club

A plant exchange was featured at the Bud To Blossom Club meeting Friday afternoon in the home of Mrs. Herbert Haseloff. Mrs. J. A. Daniel, Jr. was in charge of the exchange.

The arrangement for the day was made by Mrs. Fred Higgins who used fragrant-lily and fruit blossoms.

Guest speaker was Mrs. A. O. Thompson who spoke on "The Iris—its Growth and Care."

Recommending the iris for the amateur or the expert, Mrs. Thompson told how it got its name from the Goddess of the Rainbow, and of the thousands of varieties now on the market. "One hundred new varieties are available each year," she said.

Iris is the ideal perennial, it requires a minimum of care, is hardy, dependable, easy to plant, easy to grow and is almost disease resistant. Iris will do well in any sunny, well-drained spot and will withstand drought and neglect. It responds bountifully to care and culture and provides amazing color and beauty in wonderful tints and

tones at prices to fit any budget, she concluded.

Members in attendance were Mesdames: Preston Hagans, R. A. Daniel, Jr., Roger Brumley, J. H. Hickman, C. R. Hickman, Ray Howell, C. B. Hudson, Ernest Kendall, W. H. Patton, Lloyd Sharp.

R. N. Yarbro, and the hostess. The next meeting on May 1, will be in the form of a garden pilgrimage with club members meeting at the home of Mrs. Preston Hagans.

Miss Mary Lou Benson and Hardy Benson Jr., of Dallas, arrived home Friday night for a visit with their parents, Mr. and Mrs. Hardy Benson. They returned to Dallas Sunday afternoon.

the country until the other states adopt the same plan."

Another welcome feature of baseball in Texas is the fact that there now is a surplus of ball players. It is caused by the upsurge of high school, junior and little league baseball. "There are many boys who might develop into pro stars but the big league clubs won't take a chance on them," Green explains.

The Big State League prexy said he had been watching high school baseball for a number of years and that the strides made by it were unbelievable.

And that's why he's planning to organize a class D league in North Texas next year. He's already working on it and has plenty of prospects for places in the circuit. Cleburne and Corsicana definitely are interested, Green says, and Vernon undoubtedly would like to come into such a league. Brownwood, Ballinger, Sweetwater, Stephenville, Waxahachie, Denton, McKinney and Sulphur Springs are other likely prospects.

There isn't a class D league in the State outside of the fact that two Texas clubs—Gainsville and Sherman—belong to the Smokey State League, six of whose clubs are in Oklahoma.

Green feels that such a league is needed to give the youngsters a chance to play baseball and develop. There is no place to put them now.

The North Central Association of Colleges and Secondary Schools that encompasses 19 states and includes the Big Seven, Missouri Valley, Big Ten and Skyline Conferences within its scope has cracked down. There can be no athletic scholarships or the schools will be removed from the accredited list. That would be a blow too hard to bear so you can rest assured the athletic scholarships will be ban-

But don't worry too much about such colleges as Oklahoma, Oklahoma A & M, Missouri and Kansas quitting the big-time, something they would have to do if they had no way to attract the star athletes. There still is the "job" plan that can be used—a plan that caused all the restrictions on athletic recruiting in the first place. A school still can give a boy a job and let him work his way through college. He won't have to do much, if any, work and there'll be quite a few "ring, doorknobs, watching the team to see that it doesn't burn down, handing out towels in the locker room and winding an eight-day clock.

Just how there can be anything just in a rule that penalizes the educational standing of a college because it has boys on athletic scholarships is beyond us. But that's the way it apparently is going to be.

Loyal Miller At Kingsville Base

Loyal W. Miller, aviation machinist's mate airman, USN, son of Hugh C. Miller of Hereford, Texas, has been stationed at Kingsville, Texas, widely known as the Naval Air Jet training center for D-545 Navy fighter pilots.

Miller attended Sunray High School.

The U. S. Naval Auxiliary Air Station is located in Southern Texas a few miles inland from the Gulf of Mexico, and trains pilots in jet trainers, Bearcat and Hellcat fighters, and the TBM torpedo bombers.

In addition to training Naval cadets and student officers, many foreign students from nations participating in the North Atlantic Treaty Organization receive instruction here.

Law of the Lord

- I
Thou shalt have no other gods before me.
- II
Thou shalt not make unto thee any graven image, or any likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water that is under the earth: thou shalt not bow down thyself to them, nor serve them: for I the Lord thy God am a jealous God.
- III
Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh His name in vain.
- IV
Remember the sabbath day, to keep it holy. Six days shalt thou labor, and do all thy work: but the seventh day is the sabbath of the Lord thy God: in it thou shalt not do any work, thou, nor thy son, nor thy daughter, thy manservant, nor thy maidservant, nor thy cattle, nor thy stranger that is within thy gates: for in six days the Lord made heaven and earth, the sea, and all that in them is, and rested the seventh day: wherefore the Lord blessed the sabbath day, and hallowed it.
- V
Honor thy father and thy mother: that thy days may be long upon the land which the Lord thy God giveth thee.
- VI
Thou shalt not kill.
- VII
Thou shalt not commit adultery.
- VIII
Thou shalt not steal.
- IX
Thou shalt not bear false witness against thy neighbour.
- X
Thou shalt not covet thy neighbour's house, thou shalt not covet thy neighbour's wife, nor his manservant, nor his maidservant, nor his ox, nor his ass, nor anything that is thy neighbour's.

Northwest Hereford News

By Mrs. R. C. Childers

Mrs. Raymond Palmer of House, N. M. and formerly a resident of this vicinity, has been in the local hospital since Wednesday of last week. She was temporarily released Sunday afternoon, for a period of ten days, at which time she was to come back for more tests and examinations.

Mary Milhore, daughter of Mr. and Mrs. M. M. Milhore of Wildorado became the bride of Tommy Cates, son of Mr. and Mrs. Tom Cates also of Wildorado in a ceremony in Amarillo recently. Mary is a sister of Mrs. Fred Inman of this vicinity.

Mrs. Dora Inman, mother of Fred Inman, submitted to eye surgery in the Northwest Texas Hospital in Amarillo Wednesday morning. Inman did not return to his work at Seminole last week due to the illness of his mother. Mrs. Inman hopes to be able to come home by Sunday, reports Mrs. Fred Inman.

Sunday guests in the R. C. Childers home were Mr. and Mrs. A.H. Inman of Plainview, and Mr. and Mrs. C. S. Barclay and boys, Larry and David.

Mr. and Mrs. Raymond Higgin-

botham and Landis left Friday to spend the week end visiting their daughter, Anne. They returned Sunday night.

Dickey Bob Mason, son of Mr. and Mrs. Marti Mason, accompanied the Raymond Higginbothams to Dallas this week end.

Mr. and Mrs. Edgar Telchik and daughter, Mozelle, were week end visitors with friends and relatives in O'Donnell this week.

Mr. and Mrs. W. E. Holcomb have been vacationing at Lake Buchanan the past week.

Cortez McNeill and his mother, Mrs. Allie McNeill of Wayside were in this vicinity on business Friday. The McNeills have 20 acres of onions on their farm near Wayside, which is causing quite a bit of excitement for that community, as this is a new venture for folks in that part of the country. Their main crop is wheat, and most of the country is dry land farming. The Jack Renfro onion crew were at their farm Wednesday and Thursday of last week.

Mrs. R. C. Childers attended a stork shower for Mrs. Ulys Pierce at the home of Mrs. Chester Wiggins Friday afternoon.

WHAT WOULD YOU RATHER DO OR GO FISHING? Fishermen have been asking each other this peculiarly-worded question for years without ever getting a grammatical answer, largely because sometimes fishing trips end like the one pictured above. Buster Spencer of Dallas, a Remington Arms representative (left) and Max Eggleston of Denison, dean of Lake Texoma anglers, recently brought back this string of black bass, three of them weighing more than six pounds each. They didn't have to talk about the ones that got away -- but you may be sure they'll return to the same spot again and again with such encouragement. (AP Photo.)

Camp Fire To Sponsor Tests

A group of women met with the Wahampta Camp Fire group Thursday afternoon to determine which girls of the group were eligible to pass Trail Seekers Rank.

Those attending the meeting were Karen Williams, Jenny McCathern, Betty Walser, Shelia Williams, Jane Pool, Rosa Strange, Kay Cole, Ann Lance, Bonnie Craig, Judy McGee, Sandra Roberson, Judy Coffen, Marilyn Newell, Sheryl Patterson, Margaret Boomer, Verna Brown, Lusia Christman, Mary Thompson, Mrs. Louis Woodford and a guest, Nancy Parsons.

Housewarming

Friends and neighbors and their families gathered at the new home of Mr. and Mrs. J. B. Sneed, 125 Ave D, Friday night for a housewarming affair. Gifts were presented.

FOIBLES

By Kent Snore

I understand that one of the radio announcers, at the Sandie Relays last Saturday, evinced much concern about an interloping canine, who allegedly intercepted and bothered, the third lap man of the Amarillo mile relay team. This incident, according to the gasper, supposedly was responsible for the evaporation of a commanding lead which Amarillo enjoyed, at that state, over the Capitol Hill High School quartet of Oklahoma City. Two factors influenced me to formulate an adverse opinion to the effect, that what happened to the Sandies shouldn't be charged to a dog, on account they wuz' flat out footed. The other pertinent factor which tends to corroborate my premise, being the elapsed time in which Capitol Hill negotiated the eight involved furlongs, a total of 3:27.7, establishing a new meet record. This mark compares very favorably to the National Scholastic record of 3:21.4, same being achieved on May 4, 1929 by Hollywood High at Los Angeles and is the oldest marker extant in the school boy record roster. Oddly enough, the second oldest record, year, 1933, holds three ascriptions, all traceable to one Jesse Owens, then winning for East Tech High of Cleveland, the reason for the trite taste being that he rarely, if ever, lost, as the late A. Hitler ruefully acknowledged. These three marks, worthy of mention anytime, are the broad jump at 24-11 1/2, established June 3 and the other two on June 17, the 100 at 9.4 and the 220 at 20.7. However, Jesse Doesn't own the world marks at these distances. Mel Patton, while at USC, established both, the 100 at 9.3 and the furlong at 20.2. How that character could go, a slow starter, he fairly exploded at the tape and did it smoothly, if you can so conceive. I recall at Salt Lake City in 1947, overhearing a plaintive wail from dusky Bill Mathis, then of Illinois U, and a swifty in his own right. Squalled Bill, "Ah doan kno' why I runs agin dat man, Ah cain' beat him. Fo 90 yards, Ah has de lead and den-whoosh, cum dat Patton man and the wire. Me, Ah is second at mos." Up until Saturday I

leaned in the direction of friendly timing in the case of Olton's Frank Daugherty and his outstanding dash marks this spring, remembering many a 9 plusser, or so publicized chasing an authentic 10 flat man in vain. But that leaning is obviously an injustice to the Daugherty lad, for 9.6 and 9.8 100's on successive days, capped by a 21.4-furlong on the second day, have to be acknowledged and not scoffed about. The lad's outside, too, being 6-2 and 220, so they say. Apparently, his only deterrent to qualifying as a first water footballer is a collapsible knee. Speaking about dash-men footballers, there have been a legion of them. Cy Leland of TCU; Orv Matthews of Oklahoma; Buddy Young of Illinois; Ollie Matson of San Francisco; Davis of California; Whizzer White of Colorado; Roland Locke and Noble of Nebraska, et al. That Dave Noble, he played fullback for the Huskers and shredded many a line before the opposition was quite sure of the direction whence he came. He weighed about 225 and if I am not completely out of date, one of his 50 yard dash marks is still in the books, safe for posterity, since the indoor meets now wheel 'em at 60 yards. . . What's with Odessa's Joe Childress?? Nowadays he's running for the Texas U, frosh as Joe Peugh. . . The Sunday Dallas News carried a squib on the SWC's Letter-Of-Intent which is being inaugurated this spring and is of interest to one and all, particularly to high school athletes with enough ability to entertain some thought of assistance to a collegiate education. Listed too were the violations, but I noticed that the old ducat angle escaped unscathed, naturally you have to be on a ball club good enough for them to sell advantageously. . .

AMERICA'S NEW RAILROAD

"I want
a ticket on the
Atomic Super Chief!"

Well, sonny, just hang on to that dream. By the time you're a full fare, it might come true!

Of course there is no "Atomic Super Chief" . . . yet.

But, don't sell American ingenuity and progress short. At the rate things grow new for you on the Santa Fe, you only need to squint your mind's eye just a little to see tomorrow streaming toward you down the track!

You can almost feel the future of Santa Fe in the quickened tempo of its progress in the recent past.

Just count the growing number of Santa Fe diesels that speed your freight and smooth your ride today.

Nineteen years ago there weren't any. Today there are 1422 units. By year's end there'll be 97 more. Steam is disappearing fast. And more than 250 coaling and watering stations have bit the dust.

Santa Fe folks just don't dally when it comes to building new.

For today the Santa Fe is America's new railroad. And it's going to stay that way by growing newer every day—in every way that can mean new safety, better service, new comfort and dependability for you.

It costs millions of dollars to serve you so. But it doesn't add a penny to the taxes you pay. Santa Fe folks are proud of that, too—proud that the newness of the Santa Fe is a part of American progress that pays its own way.

Canadian River Dam Bill, Altered To Benefit Farmer, Gains Support

Austin —(Special)— West Texas state representatives have high hopes that Senate Bill 126, allowing the construction of the Canadian River Dam Project, will perhaps now sail through the State Legislature without opposition. Last week the \$85,000,000 project made its way through the House Conservation and Reclamation Committee—but only after it was amended by four South Plains representa-

tives. Senate Bill 126 drew fire in its original form from West Texas farmers after it passed the Senate. The Senators failed to notice that the bill allowed the Canadian River Dam Water Users Association to control the underground water in cities along its 12 city route. For example, if the dam didn't come up to par, member cities could have been forced to supply water to the project from their own underground water systems.

This would have meant that one city could have been imposed upon to furnish water on a large scale basis to the project, and thus defeat the purpose of the entire project. Farmers in the area along the Canadian River route voiced heavy opposition to this part of the bill—explaining that this measure would virtually cause an acute shortage of water in irrigated districts.

Committee Accepts Amendments

Representative Jesse M. Osborn of Muleshoe, was one of the South Plains representatives that opposed the bill in its original form, and with Representatives Saul of Kress, Reeves of Matador, and Gillham of Brownfield, offered five amendments to the bill—taking away the powers of underground water control from the water pact. Members of the House committee consented to adopt the amendments and passed the bill through its meeting as amended.

"Now we all are satisfied with S. B. 126", Osborn pointed out. Our farmers and ranchers certainly realize the need of more water for municipal purposes—but we must watch every source of conservation of water in our area.

If the bill had passed as originally set up, farmers in the irrigated region would have been hurt, and the Canadian River Dam Water Users Association would have hindered our area's progress instead of being all we hope it to be in helping us."

Osborn stated that he and the other West Texas lawmakers, who worked on the amendments, certainly favored the Canadian River Dam Project as amended.
