City Map, New Mailing List Planned By CofC

Plans for publication of a new city map, when it is needed, and possible plans for a complete mailing list for the county, were made Tuesday night at a meeting of the Deaf Smith County Chamber of Commerce board of directors meeting.

Two new committees were appointed. One of these will investigate the possibilities and source of road signs which would advertise to the motoring public that the Deaf Smith County Chamber of Commerce exists and can help them, while the other committee was formed to check into the possibilities of putting in a commercial airport here and getting commercial airline service for Hereford.

Hardwick Is Chairman
Francis Hardwick was appointed as chairman of the road sign committee, to be assisted by Harold Close and Tom Hulsey.

Members of the airport committee are Lyle Blanton, chairman; Edward Paetzold, J. W. Barnett and Lloyd Sharp.

Bringing up old business, the directors agreed that a check needed to be made into the activities of the Hereford Water Co. Action will be taken to see what progress the company is making on the sale of Hereford water.

Pioneer Day Report
In a report on Pioneer Day activities, it was found that the Chamber of Commerce was out \$119.27 on the various activities of the day. Though this was not con-

sidered as being too good, it was considerably better than the same program last year, which cost the chamber about \$500.

Three new members for the Chamber were approved by the board. They are the Wallace Bauck Co., Frontier Shop and the Dan Doe Shop.

A report by the agricultural committee showed that they are compiling a list of growers of cotton, potatoes, onions and lettuce in the county.

Three Year Plan
This committee is advising farmers in the county that under the proposed cotton acreage program, which would substitute a three-year plan for a five-year plan, Deaf Smith County would be entitled to 7,000 acres of cotton rather than 3,500 acres. The total West Texas gain would be 688,900 acres.

"Response to our request for 35 mm color slides, from which we would make our own slides for use in special programs, has not met with a very great response," Chamber Manager G. E. Mullins said. "We still want good color pictures showing the beauties of Deaf Smith County, so we can publicize them in other parts of the state and even out of the state."

Brochures Being Prepared
The highway committee, headed by Earl Phillips, reported that they are getting out two brochures on Highway 60 and Hereford. While the industrial committee report showed that the committee is working toward making an industrial survey of Hereford.

Presentations Given
Two girls, Nancy Boardman and (Continued on Page 2)

"The Survey will be most useful in informing interested industries of the facilities available here," Mullins said. That committee also recommended that the Deaf Smith County Chamber of Commerce affiliate themselves with the industrial department of the Illinois Chamber of Commerce in Chicago, in order to get on their mailing list, which mainly carries industrial inquiries.

Power Unit Installed
A 60-horsepower electric motor has been installed at the well and pipe laid under the street in the direction of the McKinley Street pump station.

All that we are waiting on now is the pipe, and it is due in just any time, now," City Manager Cecil Massey said. "We heard that there was some trouble in getting the pipe across the river at Beaumont, though we don't know what the trouble was."

Former Hereford Doctor Now In Corpus Christi
Dr. Arthur M. Wells, now a lieutenant in the Navy, has reported for duty at the U. S. Naval Hospital in Corpus Christi.

Lt. Wells, who was a physician on the staff of the Hereford Clinic before going on active duty in March of 1952, was with the First Marine Division in Korea before reporting to the post in Corpus Christi.

New City Well Ready To Pump

In case you have heard any rumors that the new city water well is a bust, don't believe them.

When the pump was turned on full force, the flow of water from the new city well was so great the driller did not have gauges big enough to measure the flow.

"About all that I can say is that the flow was around probably about 1,400 gallons a minute," Dub Jones, who drilled the well, said. "That is the best well in Deaf Smith County."

During the test, the well measured only 25 feet of drawdown when the well was pumping at the rate of 1,000 gallons of water a minute, Jones said.

Power Unit Installed
A 60-horsepower electric motor has been installed at the well and pipe laid under the street in the direction of the McKinley Street pump station.

All that we are waiting on now is the pipe, and it is due in just any time, now," City Manager Cecil Massey said. "We heard that there was some trouble in getting the pipe across the river at Beaumont, though we don't know what the trouble was."

Former Hereford Doctor Now In Corpus Christi

Lt. Wells, who was a physician on the staff of the Hereford Clinic before going on active duty in March of 1952, was with the First Marine Division in Korea before reporting to the post in Corpus Christi.

County Drouth Relief Committee Is Forming

INSPECTS DROUTH LAND -- Secretary of Agriculture Ezra Benson, at Lubbock to address the American Cotton Congress, made a personal tour of part of the drought area, examining the farm and pasture land. Benson gets the feel of the dry soil as he inspected some land between the towns of Tahoka and Brownfield, Texas. (AP WIREPHOTO)

Three of the five possible members of a drouth relief committee for Deaf Smith County met Wednesday morning in the office of County Agent Hugh Clearman.

Chairman by N. E. Gass, head of the county Production and Marketing Administration committee, the drouth relief committee will also have Walter Johnson of the Farmers Home Administration, Clearman, a banker and a farmer or rancher.

"We still don't know anything about how the drouth relief money is going to be handled, or what the committee is supposed to do," Clearman said.

Waiting For Information
"Just as soon as we do know what we are supposed to do and can do, we will get that information out to the public."

In the meantime, disaster relief money which is available from the Farmers Home Administration has been called on to some extent.

"We have had a constant flow of applications and inquiries since news of the availability of the money was spread," Johnson said. "We have a number of applications being processed at the present time, and quite a few persons have asked about the plan, and said they might be back if money is not available from present credit sources."

Benson's Visit
Though the drouth situation in parts of Oklahoma and Texas had been serious for several weeks, the government did not move to furnish adequate drouth relief funds in a hurry until last week-end's visit by Secretary of Agriculture Ezra Taft Benson to Lubbock where he spoke at the National Cotton Congress.

Benson talked to several hundred people during his stay in Lubbock and during his visits to the surrounding territory. A petition bearing 47 Deaf Smith County names was given to him by a group consisting of J. R. Allison, O. G. Hill, Bill Decker, O. G. Hill Jr., and Jack Bradley.

Tuesday afternoon a telegram was received by N. E. Gass, chairman of the Deaf Smith County Production and Marketing Administration committee, telling him that he was appointed chairman of the drouth committee for this county. Specific operating instructions are to be sent to him soon, according to B. F. Vance, chairman of the state PMA committee, who signed the telegram.

Feed Expected
Just exactly how the aid program for drouth-stricken farmers and ranchers will be handled was not known here Wednesday, but it seems certain that quantities of cattle feed will be sent in to help hold cattle on the ranges and in the feed lots to bolster the sagging market for beef.

News of the order from President Dwight D. Eisenhower that \$8 million had been set aside from emergency funds to help the drouth hit counties of Texas and Oklahoma came only a few days after O. G. Hill received a telegram from Senator Lyndon Johnson.

Telegrams
"I discussed with President Eisenhower yesterday extremely serious drouth situation in Texas and told him of the pleas I was receiving from Texas cattlemen and farmers who find themselves in extremely critical condition. I urged upon him importance of taking immediate steps to bring assistance. I received the impression that the President expects to confer with directors of Texas and Southwestern Cattle Growers Association seeking to arrive at a clear understanding of what needs to be done."

"Also it is expected that Secretary of Agriculture Benson... will get first hand information from cattlemen and farmers. I have also discussed situation with leaders in the Senate. They agree with me that immediate decision should be made as to necessary measure and then action should be taken at once. The cattle producers and farmers of the drouth stricken areas must have assistance and very soon." Signed: Lyndon B. Johnson.

Didn't "Green-Up"
County Agent Hugh Clearman reports that out of the "irrigation belt" in Deaf Smith County the grass did not even "green-up" this spring.

Beef cattle, bought for high prices, have consumed large quantities of feed, likewise bought at a high price because of the government loan on cottonseed and cottonseed products.

The government life-line may be only lower-priced feed, or it may be that plus a beef purchase program which would help to put a solid floor under the price of cattle, as well as aid for farmers who have been raising row crops.

Around Town

Auto racing in Hereford has been suspended for a few weeks, as the use of out-of-town drivers wasn't working out too satisfactorily. Some of the local boys are purchasing hot-rods, and plan to drive them in addition to their regular jobs when the track re-opens.

One of the minor complaints among the postmen who have to deliver in residential areas these days is that automatic sprinklers have pretty well left them without any place to get a drink of water. We know of one place that has put out a standing invitation for the postman to knock if he is thirsty, and he can have a glass of cold water. Postmen probably wish the idea would spread.

Moon Mullins, Chamber of Commerce manager, is really plugging the Keep Hereford Ahead program. Today he made a speech at the Lions Club about ways to keep our fair city on the map and growing with the times.

Hereford Baseball Club will be called upon to defend its title Sunday afternoon against Nazareth at Veterans Park. Game time has been set for 2:30 o'clock.

Jimmy Cross, 36, who works in the Hereford Bakery had both of his legs broken Monday afternoon when the tractor he was driving turned over. The accident occurred on the J. A. Cross farm southeast of town.

"Orr's Tailor Shop", the sign that has been on the building recently vacated by Wilkins Barber Shop and Acme Cleaner, was finally painted over with the remodeling of the building. The new store will be the Mode-O-Day Shop operated by Mrs. E. F. Drury and Mrs. Hazel Powell. The store will open Monday, July 6.

Park Ave. Drug has added a special General Electric appliance section to the store. Not just a place for waffle irons and electric fans, this is complete with all sorts of nice things, including electric clothes dryers and similar modern conveniences. From what we hear, persons building new homes these days can have a lot of these things installed and pay for them with the house, if they want to.

Frank Daniel, owner of the Quality Food Store, sold all his stock in Cooper's this week and is closing his store. He has not given any notice as to his intentions about a future.

Fireworks And Ballgame Set For Saturday Night

Not only fireworks will be featured Saturday night at Veterans Park.

Softballers from the Clovis Air Base will meet a picked team from Hereford in a double header ball game that will be stopped during the fireworks display.

Softball game time has been scheduled for about 8 o'clock, according to Wendell Burdine. The fireworks display will start some time about dark, according to the Chamber of Commerce.

Both local and out-of-town persons are expected to arrive at Veterans Park in large numbers Saturday night for the culmination of the July 4 celebration.

Most Stores To Close
Most stores in Hereford are planning to close their doors for the day, as will the banks, the Post office and the offices in the courthouse, giving most workers a long week end.

Fireworks will be set off south of the ball park, in about the same location as last year. A light wire will be put up and cars, and their occupants, will be requested to stay behind that point for their own safety.

Both aerial and ground displays of fireworks will be included in the fireworks, which will be set up and set off by members of the Hereford Junior Chamber of Commerce.

Fireworks Display
Aerial fireworks will include bombshells, break shells, and fancy bombshells, as well as a variety of other colorful devices.

On the ground, a large variety of colored and white fireworks will illuminate the scene and provide thrills for the spectators.

Members of the Jaycee committee which will handle the fireworks are Bill Howard, Sam Nelson, Harold Loerwald, Sam Long, C. A. Monroe, Kenny Wilson, Bobby Owen and Liburn Hamilton.

Cost of the fireworks display is being borne by the Deaf Smith County Chamber of Commerce and the Hereford Lions Club.

MORE THAN 60 BUSHELS to the acre were harvested from one 5 1/2 acre plot by Joy Boston, right, who raises wheat eight miles southwest of Hereford. "I lost some from shattering or it should have made 80 bushels to the acre," Boston said. Just before seeding on Dec. 15, Boston put 150 pounds per acre of 16-20-0, and added 200 pounds of more of the same type fertilizer in March, just a little bit late. He gave part of the credit for his high yield to his neighbors, "I'm on

a slope, and they irrigate to," he said. On his home place, he has 105 acres in wheat which he figured would average better than 50 bushels to the acre. All of the land was watered five times. J. A. Pitman went from the elevator office to the truck to take a look at wheat from such a high yield field. Boston said that Floyd Cole, who farms south of the prisoner of war camp, was also cutting 50-bushel wheat. (Staff Photo)

Two Week-End Accidents Damage Four Automobiles

Damages of \$250 occurred in an accident here Sunday night, according to Chief Leo F. Box.

Gerald Martin Banner, driving a 1950 Studebaker, collided with a 1948 Plymouth, driven by Eugene Miles.

Banner was going west on Park Avenue when Miles backed out from in front of Park Avenue Drug Store and started to make a left turn without having seen Banner. Charges were filed against Miles for failing to grant the right-of-way.

There was about \$125 damage to each car.

Minor Damages
Minor damages were caused in an accident Saturday afternoon between Lonzo Lee Chisum, driving a 1951 Chevrolet and Julio Alfaro Valdez, driving a 1946 DeSoto.

Valdez was going north on Main street and Chisum backed out of an angle parking space and hit Valdez.

Damages were estimated at \$50 to the DeSoto by investigating officers. No charges were filed.

Three More Exchanges May Get Service Soon

Hopes that the Dawn, Frio and Westway rural telephone exchanges may offer service into Hereford around July 15 were expressed here today by Robert Bell, assistant REA Manager.

"The equipment and facilities have been installed and are ready to go," Bell declared, adding that the hold up at present is due to completion of negotiations between the rural telephone division and Southwestern Bell operations in Hereford.

REA announced in their monthly billing bulletin that the rural lines would cut into Hereford July 1, but found that actual signing of the operating contract with Southwestern Bell would be required before service started through the Hereford exchange in cooperation with the rural lines.

Directors To Meet
"The telephone directors will meet Monday night, July 6," Bell said. "If any possible agreement can be reached, service into Hereford will follow within a few days."

Contracts hinge upon a 60-cent per month, per customer charge by Southwestern Bell, plus a 10-cent per month, per customer charge for information and checking service. In addition, a traffic agreement covers long distance tolls with proceeds to both organizations.

REA directors had previously set a rate of \$4.75 (plus tax) per month rental charge to consumers, based upon a 20-cent charge through offices like Hereford. Bell said the 20-cent figure was estimated by the telephone division of REA in Washington. A jump from

20 cents to approximately 70 cents per customer, he believes will not allow REA to keep the rental rate at \$4.75 per telephone.

Bell Wants Contract
"It was our original intention to go ahead with the Hereford connection and follow with the negotiations," Bell said. "However, the Southwestern Bell Company wants the contracts negotiated before service begins. Future developments, therefore, will hinge upon actions of the directors of the rural telephone organization and Southwestern Bell."

Connections for local service within their own exchanges is also predicted in the near future for the Frio and Bovina rural telephone exchanges. This service will be limited to the particular exchange in question, according to Bell, and will operate just as the Dawn, Westway and Frio exchanges have operated here since May 1, 1953.

General telephone had scheduled a meeting with REA representatives for this week, but postponed the session. Developments in these areas were still in problematical shape, pending service negotiations with systems serving the town.

Additional Acres
In addition to Mr. Coffin's 50 acres, an estimated 1,000 additional acres of cabbage are being grown in the area this year. Much of the acreage is due to planting by lettuce growers, who expect to market cabbage along with lettuce.

The majority of the cabbage, therefore, will be of late variety. No 1 cabbage runs 2 1/2 to 4 pounds to the head with 15 to 20 heads in a 50-pound bag.

Big Cabbage Acreage May Mean Million For County

If you are ever inclined to get "rabbit food" mixed up with "chicken feed", take another look. The lowly cabbage emerged, as a possible \$1 million dollar crop for the area this week as Hereford's first load of 12 tons went to market to the tune of \$800.

It was sold to Dallas wholesalers, unsacked and in the field, for \$75 per ton by Leon "Red" Coffin, who farms five miles north of Hereford. Coffin expects to deliver two to three loads each week into July from his 50-acre tract. The early load came from a 10-acre patch planted in March.

Planting Staggered
Planting was staggered in tracts of 10 and 20 acres in order to bring the crops off with market demand. Gross income on the cabbage, if present prices hold firm, will be around \$1,500 per acre. Mr. Coffin's lowest yield in the past has been 17 tons per acre, and his highest 23 tons.

CONGRESSMAN WALTER ROGERS SAYS

Drouth Ignored By Washington During Wheat Shipment Debate

On June 26th the first boat load of wheat destined for Pakistan sailed from Baltimore, Maryland. This is the first shipment of one million long tons of wheat being given by this country to Pakistan. The major argument in favor of the bill to make this grant to Pakistan was that Pakistan was in the throes of a drouth and that there was great possibility of a famine in that country.

It was further argued that since India and Pakistan are having difficulties and the United States two years ago gave India a substantial amount of wheat, it was our responsibility to give some wheat to Pakistan. Actually, the wheat to India two years ago was not supposed to be an outright grant. It was sold to India but no one expects payment of the debt, so actually it amounts to a gift for all purposes.

No Present Famine The facts in the present legislation show that there was not a present famine in Pakistan but that wheat was being rationed. The one million long tons in this grant does not go directly to hungry people. It was given to the government of Pakistan and it is anticipated that approximately 30 per cent will find its way to hungry people without cost, while the remaining 70 per cent will be sold by the government of Pakistan to people in Pakistan, the proceeds of such sales to remain the property of the government of Pakistan.

The entire transaction involves approximately 84 million dollars worth of wheat that is presently owned by the Commodity Credit Corporation as surplus wheat. This wheat, however, is an asset of the Commodity Credit Corporation and was obtained by that corporation with tax dollars. When this wheat is removed from the possession of the Commodity Credit Corporation its value must be replaced in the assets of that corporation.

Therefore, under Section 2 of the bill, provision is made for appropriation of such sums as are equal to the corporation's investment in such commodity, including handling costs, plus the cost incurred in making deliveries under the act. This simply means that upwards of 100 million dollars of tax money will be transferred from the Treasury Department to the Commodity Credit Corporation.

Costs The Taxpayers The reason for the difference between the value of the wheat and the amount of money required to be appropriated to replace it in the Commodity Credit Corporation's assets is the fact that under this bill American taxpayers are being required to spend upwards of 20 million dollars in order to give away 84 million dollars; the catch being that we are not only giving the wheat to Pakistan, but we are paying the freight to deliver it

to her doorstep, and in doing this we are not shipping it by the cheapest transportation. The bill requires that one-half of the wheat be transported in American flag ships.

In the debate on the subject, Congressman Poage of Texas offered an amendment that would require Pakistan to assume full responsibility of getting the wheat from this country to Pakistan. His reasoning was very sound and his amendment should have been adopted.

He pointed out that the shipping interests appeared before the committee on this question and testified that the present going rate for wheat from here to Pakistan was \$26.00 a ton in American ships; that foreign ships would carry the wheat for approximately one-half, or around \$13.00 per ton. If all of the wheat is shipped in American ships, it would require 26 million dollars as against 12 million dollars to be shipped in foreign ships.

Subsidize Shipping Dividing the shipments between American and foreign shipping will require approximately 20 million dollars. Now, I do not object to requiring the shipment of all of the wheat to Pakistan in American ships by American business people and American labor. But what I do object to is requiring the American taxpayer to further subsidize the shipping industry by an additional 12 million dollars and to pay an additional 7 to 8 million dollars to foreign shipping companies for the delivery of this wheat.

It occurred to me that it would be much better if this country wanted to throw away an additional 20 million dollars worth of surplus wheat and let Pakistan eat it over there the best way they could. It further occurred to me that Pakistan should be willing to have the wheat shipped over there in American bottoms as the wheat itself was not costing Pakistan one thin dime. I wish that had time to go further into this bill, as I did not like it one bit.

While Country Burned While we were fussing and fuming about Pakistan, the entire Southwestern section of this country was suffering a drouth unprecedented in our history. Like Nero at Rome, we were fiddling while our own country was burning up. Those responsible for the passage of the Pakistan wheat bill are patting each other on the backs because of the great speed with which they got the bill through the House and the Senate, signed by the President, and dispatched the first boat load of this live away of American taxpayers' property. They bragged that this was all done in two weeks.

The entire Southwest has been suffering a drouth that has reached the crisis stage in the last several weeks. This has been called to the attention of every official in Washington time and time again. Yet nothing was done to assist the American taxpayers who grew the wheat that went to Pakistan and who are going to have to cough up the tax dollars to pay the Commodity Credit Corporation and to further subsidize the shipping industry.

During the past several days, there has been some indication of possible action to avert the pending panic in the Southwest. I sincerely hope that the speed that is necessary to cope with this problem will not be spared. The truth is that the delay in trying to cope with this problem is the result of some petty politics.

Playing Politics It is a disgrace to play politics with the destinies of the fine people who have built the great Southwest. Had administrative officials taken the bold action that was necessary even three weeks ago, many small farmers and ranchers would have been saved from disaster and many small businesses would not have been jeopardized. Action at that time would have stabilized the cattle market and saved the government and the individuals many thousands of dollars that will now be required.

VISITORS in Washington this past week included: Mr. and Mrs. L. A. Broxson and children, Louise and Bobby, of Sunray; Mrs. F. A. White and son, C. Thayer White, of Childress; Jay Taylor and T. E. Johnson, of Amarillo; Senator Otis E. Lock, Lufkin; Marion Bruce, Amarillo, accompanied by Harold Matthews, of Arlington, Virginia and the following from Pampa: Jack W. Cole, Mr. and Mrs. Herman Whatley and daughter, Vicki; Mr. and Mrs. Calvin Whatley and sons, David and Bobby and Mr. and Mrs. Newell Odell and children, of Childress.

Parker, med.; Steve Faulkner, surg.; Mrs. Ray Barkley, OB; Edith Ann Hagar, TA; James Cross, surg.; H. I. Nickerson, surg.; Mrs. D. Panther, OB; and Mrs. J. C. Clearman, OB.

Patients Dismissed

Mrs. Calvin Goodin, OB, 6-29; Mrs. Raymond Williams, OB, 6-29; Nick Falcon, med., 6-29; H. Sullivan, med., 6-30; Mrs. C. W. Botts, surg., 6-29; Johnny Uper, Ortho., 6-29; Mrs. T. H. Courrey, med., 6-28; Mrs. Lynn Smith, med., 6-26; Edna Ackerman, med., 6-26; Mrs.

Bonnie Wilson, OB, 6-27; Mrs. James R. Coleman, OB, 6-26; Leonard Click, med., 6-26; Bobby Reddell, med., 6-28; Mrs. Gertrude Probasco, surg., 6-27; Phillip Stengel, surg., 6-27; Mrs. Fred Kuntz, OB, 6-28; Mrs. V. L. McCool, surg., 6-27; Mrs. Don Vaughn, OB, 6-30; Mrs. H. R. Lee, OB, 6-30; and Mrs. Ethel Key, med., 6-29.

Births

Daughters to Mr. and Mrs. Don Vaughn, 6-28; Mr. and Mrs. J. C. Clearman, 6-28; Mr. and Mrs. H. R. Lee, 6-28; Mr. and Mrs. Rudy Gutierrez, 6-30 and Mr. and Mrs. C. W. Bowman, 6-30; Sons to Mr. and Mrs. Ray Barkley, 6-28 and Mr. and Mrs. K. D. Panther, 6-29.

Custard

If custard is curdled when making it, set it in a pan of ice water, and whip it with an egg beater until smooth.

Youngsters... City Map...

(Continued from Page 1)

Sandra Moore, were given passes to the show, and two boys, Paul Hagar and Larry Gene Morris, were presented with fancy cap pistols.

"We were just going to give presents to the best behaved children, but you were all so good that we couldn't do it that way," Mullins said.

The free show will be held again at 10 a.m. next Wednesday.

Darning

If a raveling is drawn from the material which is to be darned, and then used as the thread, it will give the particular shade of thread desired, and the darn will be less noticeable.

(Continued from Page 1)

Membership Campaign

Ray Cowser's membership committee is mapping out a membership program for the Chamber of Commerce, and the merchants committee is planning to promote a shopping survey in Hereford to find out why people do and don't shop in Hereford, including the items they wish could be located here, but are usually bought elsewhere.

With the onion harvest season starting, and potatoes almost ready to find out why people do and don't shop in Hereford, including the items they wish could be located here, but are usually bought elsewhere. Potatoes and onions will be sent to all state grocers. A 10 pound bag of each one is planned by the committee for each of the grocers.

Directors present were Paul Harvey, president; T. W. Alderson, vice president; George McLean, treasurer and directors Ben Childers, N. D. Bartlett, W. L. Davis, Lloyd Sharp, Dick Barnard and Clint Formby.

Legal Notice

School Transfers

If a child is to be legally transferred from one school district to another, an application requesting such transfer must be filed by the parent of the child with the County Superintendent (Horace L. Schloss) of the County in which the child lives on or before the First of August, 1953.

These applications are made out in the County Superintendent's office at the request of the parent,

and after being approved by the County Superintendent are either approved or cancelled by the County School Board of Trustees after due consideration of the desires of the school districts involved in such transfers.

Horace L. Schloss, Ex-Officio County Superintendent, Deaf Smith County, Texas. T-27-1-c.

Dawn News

By B. L. Frye

A pink and blue shower, honoring Mrs. R. L. McAnally, was given Friday afternoon in the home of Mrs. Baker Womble. Co-hostesses with Mrs. Womble were Mrs. A. T. Frye, Miss Mary Frye and Mrs. Alfred Smith.

Those attending the shower were Mesdames Alfred May, H. V. McCabe, Zed Stewart, Murphy White, Weley Cox, Clarence Betzen, Joe Evans, Robert Womble, Mrs. Cummins, Miss Sallie Womble and the honoree and the hostesses.

Visitors in the Alfred Smith home Wednesday evening were Mr. and Mrs. P. L. Carmichael, Bill and Shari Jo of the Progressive Community.

Mr. and Mrs. Robert Oglesby, and twins of Pampa visited last week in the homes of his sisters, Mr. and Mrs. Reece Stewart, Mr. and Mrs. Ray T. Stewart and Mr. and Mrs. J. B. Caraway.

Mrs. Melvin May and Mrs. Zed Stewart attended the Home Demonstration Choral club at the Veterans club house last Monday.

Visitors From Wichita Falls

Mrs. W. D. Jernigan of Sherman her son-in-law and daughter, Mr. and Mrs. Raymond Crouch and son of Wichita Falls visited the weekend with Miss Emma Jernigan in the home of Rev. and Mrs. Paul McClung.

Mr. and Mrs. Crouch spent Saturday night in the home of Mr. and Mrs. Noble Brown, who recently moved back to the Jack Vinson

DEBBIE BEENE was feted at a birthday party given Friday afternoon by her mother, Mrs. Bruce Beene. Outdoor games were played, and favors of balloons and toys were presented to each guest. Birthday cake and ice cream were served to, first row, from left: Diane Krall, Ricky Gyles, Cynthia Leasure, Cynthia Ross, Cynthia Jones, Ray Dale Bartlett, and Debbie Beene. Second row from left: Cynthia Seed, Linda

London, Sande Winkler, Cheryl Edmonson, and Pamela Winget. Third row: Pat Price, Carolyn Simpson, and Paula Ramsey. Fourth row: Bobby Bartlett, "Pumpkin" Bartlett, Bill Jack Gilliland, and Nancy Martin. Three that were not in the picture were: Beverly Barnett, Jennifer Barnett and Patty Simpson. (Staff Photo)

Q. What is a good way for a working girl to refresh herself quickly at the office, if she spends freely on her face and hands?
 A. She can pat her face, neck and hands with a little cologne, which has a fine effect on her appearance and on her morale, too.

and Mrs. George S. Parker.

Mr. and Mrs. W. L. Cook and children, accompanied by her parents, Mr. and Mrs. Luther Isham, visited Sunday in the home of Mr. and Mrs. George Isham and Mr. and Mrs. Dewey E. Isham in Amarillo.

Supper guests Sunday evening in the W. U. Adams home were Mr. and Mrs. Floyd Cole, and Mr. and Mrs. F. M. Leard and son of Amarillo.

Guests Sunday evening and viewing TV in the Ray T. Stewart home were Mr. and Mrs. Reece Stewart and Mr. and Mrs. Zed Stewart who were observing their 41st wedding anniversary.

Brooms

Keep the brooms clean by dipping them for a minute or two into boiling soap suds. If this is done once a week, it will keep them tough and flexible and will prove a saving in both rugs and brooms.

New Mexico Is Reported Hot Place For Vacation

Mr. and Mrs. Franklin Miller, with children Elaine, 12, and Kenneth, 11, returned last week end from Alamogordo, N. M.

Mrs. Miller and the children spent two weeks in New Mexico. They first visited Mr. Miller's sister, Mrs. Fritz Waxler, in Roswell then went on to Artesia where they visited Mrs. Miller's sister, Mrs. Max Johnson.

In Alamogordo, they were the guests of Mr. and Mrs. Scott Kirkpatrick. Miller joined them there, and stayed four days before the family returned to Hereford.

"It was a very nice vacation except for the heat," Mrs. Miller said. "One day in Roswell it was 114°."

Four out of every five jobs in the U.S.A. are now covered by Federal social security.

STATE CHURCH GROUPS HELPING ON PROJECT

New School In Tokyo Getting Much US Aid

The Protestant church people of a number of states have undertaken projects to help support and equip the newly-opened International Christian University in Tokyo, Japan. Church people of Iowa are providing funds for the construction of the University Church; Colorado is raising money for a faculty residence in Iowa; in the process of securing gifts to convert the huge hangar on the ICU campus into a physical education and recreational center. Other states are making plans to accept other specific projects.

In his speech of retirement as moderator of the Presbyterian Church in the U. S. A., Dr. Hermann N. Morse—who still retains the post of general secretary of his church's Board of National Missions—warned fellow Presbyterians to beware of the "high priests of reaction" who look with "jaundiced eye" on those who sought a "truly" Christian nation and world. He said "Anyone who lifts up his voice in the cause of men's highest aspirations incurs the danger, almost the certainty, of irresponsible attacks by those who lack either the insight to distinguish truth or the moral integrity to desire to do so."

Fugitives from the Soviet zone of Berlin are receiving spiritual solace at a newly-inaugurated refugee welfare center in the Marienfelde quarter of the city. The "House of the Open Door," maintained by the World Council of Churches, is situated next to the emergency reception camp for refugees. Buildings for the eccumenical center were donated by the Swedish Relief Committee for German children, and administration of the venture is under the Relief Organization of the Evangelical Church in Germany. A three-member staff was brought from France, Germany and Switzerland by CIMADE, a French committee of young Protestants, which has devoted itself to international refugee relief since 1940.

One of Germany's outstanding church leaders, Bishop Haas Lije, of Hanover, who spent a year in prison in 1944-45 because of the opposition to Nazism, is on a visit to the U.S.A. He is president of the Lutheran World Federation, and vice chairman of the Evangelical Church in Germany. The Lutheran leader is scheduled to address the general convention of the Lutheran Church—Missouri Synod in Houston, Texas, on June 22-24 the annual Lutheran Youth Conference of the Augustana Luther League in Boston, Mass., June 28; and the biennial International Convention of the Young People's Lutheran League of the Evangelical Lutheran Church in Moorhead, Minn., July 1-5.

The New York Archdiocese and the Brooklyn Diocese of the Roman Catholic Church are inaugurating a \$100,000,000 program to extend their already vast citywide parochial school system. The Catholic schools in New York City's five boroughs enroll 300,000 pupils; within the next ten years this is expected to increase to 400,000; and the new plans will provide for this increase. Within the boroughs there are now 438 Catholic-supported schools of which 105 are on the secondary level. A total of 8,485 teachers are employed—7,443 religious and 1,042 lay instructors. Various orders have teachers in the schools. A majority of teachers in the elementary grades are sisters. New York City's public schools now enroll 900,000 pupils, but this is expected to pass the one million mark "with the admission of the "post-depression babies."

CROP (Christian Rural Overseas Program) reports that in 1952 it collected from American farmers, largely through church agency, for the needy overseas, more than 4,085,000 pounds of food. This agency has collected since its start in 1947 more than 200-million pounds of farm produce through annual direct appeals in rural areas. Some of the staples collected and shipped overseas to distress areas are beans, wheat, flour, rice, cotton, milk, lard, sugar, corn. The gifts came from California, Colorado, Illinois, Indiana, Iowa, Kansas, Louisiana, Michigan, Minnesota, Montana, Nebraska, New York, North Carolina, North Dakota, Ohio, Oklahoma, South Dakota, Texas, Virginia and Wyoming. CROP is a program of Church World Service of the National Council of Churches.

Northwest Hereford News

By Mrs. R. C. Childers
Mr. and Mrs. Marvis Southward and son Marvia have been vacationing and visiting in Colorado during the past week.

At Salido they visited Mr. and Mrs. Ray Yates, who are former residents of this community. They have a ranch there and seem to like it there fine. On their return trip the Southwards enjoyed seeing the world's highest suspension bridge stretched across the Royal Gorge Canyon. While there they rode on the railway down the side of the gorge, and reported they enjoyed all of it a lot.

Dickie Bob Mason son of Mr. and Mrs. Marti Mason is spending two weeks in the home of his grandparents, Mr. and Mrs. Tomlinson in Lubbock this month.

Mr. and Mrs. Pat Robinson and family and Mrs. J. T. Richardson attended the Old Settlers Round-Up at Vega last Saturday.

Mr. and Mrs. W. H. Hill from Morton and Mr. and Mrs. Carlton Doss and daughter Darlene from Lubbock spent Saturday and Sunday in the home of Mr. and Mrs. J. T. Richardson this week. Mrs. Hill is a sister of Mr. Richardson, and Mr. Doss is a brother of Mrs. Richardson.

Robinson Visitors
Mr. and Mrs. Halliburton and daughter, Ruth, of Vega, Mrs. Campbell from Pennsylvania, and Mrs. Bartlett from Chicago, were visitors in the home of Mr. and Mrs. Pat Robinson and family Sunday afternoon.

Mr. and Mrs. S. J. Barclay are staying in the C. S. Barclay home and taking care of their sons, David and Larry while their parents are vacationing.

Mr. and Mrs. C. S. Barclay write that they are having a wonderful time. They were at Monta Vista Colorado, making ready to go on a fishing trip up into the mountains.

Mr. and Mrs. Ray Barclay are the proud parents of a boy born Sunday night in the local hospital. He weighed almost seven pounds and was named Douglas Gene.

Stubble Plowed Under
Most of the wheat stubble has been plowed under. Plows in most cases followed the combines, except where lettuce was to be planted, and on this land the stubble was burned and the land flooded with water. The volunteer wheat will have to be plowed under and allowed to come up and plowed under about twice before lettuce can be planted. Sometimes it takes three plowings to get rid of the volunteer. The land in this case will have to be irrigated to bring up the volunteer.

Q. How can I remove gasoline odor from my hands?
A. Rub the hands with moistened salt.

Q. How can I toughen china and glass articles?
A. By placing the new articles in cold water and slowly bringing to a boil. Allow it to boil for three or four hours, and then let stand until cool. If this is done, hot water will never crack it.

Q. How can I prevent food from sticking to a new frying pan?
A. If a few potato peelings are boiled with a little water in the new frying pan for a few minutes, food cooked afterwards in the pan will not be as apt to stick.

Q. How can I make a good salad from leftover cooked ham?
A. Mix with hard cooked eggs, celery, and dressing, and you will have a good salad to serve for luncheon or supper.

Q. How can I remove scorch stains from fabrics?
A. Scorch stains which resist other means will usually yield when rubbed with peroxide.

Q. How can I avoid having sour dish cloths?
A. Never leave the dish cloths in a wet, sodden pile after using, as they will become sour and unfit for use. Wash the cloths in suds after each using and hang them in the air to dry.

Q. How can I mend enamelware?
A. By mixing equal parts of putty, salt, and coal ashes thoroughly. Apply to the hole and heat on the stove until the composition is hard. It will withstand either hot or cold liquids.

Q. How can I make steak tender if it is intended for grilling?
A. Rub it well with olive oil about an hour before cooking. Melted butter may be used for this treatment if you do not care for olive oil, but the latter is more effective.

Q. How can I clean the edges of books?
A. When the books have become soiled on the edges unless they are gilt-edged, close the book

685,000 pounds of food. This agency has collected since its start in 1947 more than 200-million pounds of farm produce through annual direct appeals in rural areas. Some of the staples collected and shipped overseas to distress areas are beans, wheat, flour, rice, cotton, milk, lard, sugar, corn. CROP is a program of Church World Service of the National Council of Churches.

Re-Sizing Rugs
To re-size rugs, dissolve one pound of granulated glue in one gallon of boiling water. Tack the rug down on the floor, face down, and apply the hot glue to the back of the rug with a whitewash brush, taking care that the glue does not soak through the rug.

Furniture Marks
It is often possible to remove the white marks on furniture, that are caused by heat or water, by holding a hot iron near the spots, but not near enough to burn or scorch.

Warning Is Out On Dysentery

AUSTIN — Commenting on the unusually high incidence of dysentery in Texas at the present time, Dr. Geo. W. Cox, State Health Officer described dysentery as being an infectious disease characterized by diarrhea, pain in the abdomen, and toxemia. It is caused by a specific bacteria or germ.

These germs cause inflammation of the lining of the intestinal tract which produces pain throughout the abdomen and the discharge of many loose stools that frequently contain blood and mucus. Toxemia results from absorption of the poisonous substances produced by the germs.

"The germs gain entrance to the body through the mouth," Dr. Cox said, "and then make their way to the intestines in the same manner in which food does. When they reach the intestines they find conditions favorable to their growth, and there they establish themselves at the expense of the person inflicted and produce their harmful effects."

Dr. Cox warned that dysentery affects young children more often and more seriously than adults, frequently resulting fatally; however, he said it may occur at any age.

It is usually more prevalent during the summer season.

"The germ is always expelled with the excreta of persons sick with dysentery and may continue to be expelled for some time after the patient recovers from the disease. These persons who still discharge the germs after they recover are called carriers, and they occur more frequently in this disease than in the majority of other infectious diseases.

"Food protection and adequate sanitary measures are more urgently needed now than ever before if we control the potential possibilities of epidemic dysentery in this State."

tightly and erase the soiled places with an ink eraser.

Q. How can I remove ink stains from the fingers?
A. By rubbing them with a solution of salt and vinegar.

Q. How can I keep candles firm in their holders?
A. Melt some paraffin, pour it into the sockets of the candlesticks, and while hot, set the candles into the holders.

Re-Sizing Rugs
To re-size rugs, dissolve one pound of granulated glue in one gallon of boiling water. Tack the rug down on the floor, face down, and apply the hot glue to the back of the rug with a whitewash brush, taking care that the glue does not soak through the rug.

FRIONA NEWS

Mrs. E. R. Day, Correspondent — Phone 2792

Mr. and Mrs. John Denham of Omaha, Neb., are visiting his sister, Mrs. Jim Smith and Denisee for a few days.

Mr. and Mrs. James T. Guinn Jr. and family of White Deer are visiting her parents, Mr. and Mrs. Benton Luttrell for a few days.

Mr. and Mrs. J. H. Lea of Friona visited with their daughter and family at Borger over the week end. Lea will remain in Borger for a longer visit.

Arrival of Daughter
Mr. and Mrs. Bill Hadley of Borger announced the arrival of a daughter on June 24. The Hadley's are former residents of Friona.

Mr. and Mrs. L. P. Cantrell of White Deer visited over the week end with Mr. and Mrs. E. R. Day Sr.

Mr. and Mrs. Joe Earl Wilson and boys of Lubbock were guests in the home of Mr. and Mrs. Ralph Taylor, Sunday.

Mr. and Mrs. Wallace Rogers of Bovina visited in the John Burrow home Sunday.

On To Colorado
Mr. and Mrs. Lloyd Thompson, who have been in Friona for a few weeks cutting wheat, will leave Monday for the wheat fields in Colorado.

Mrs. Nelson Welch, who recently underwent surgery at the North West Texas hospital in Amarillo returned home the last of the week.

Mrs. Minnie Hall visited Sunday with Mrs. A. O. Drake.

Mrs. W. M. Lloyd returned to Amarillo Wednesday for a check up. Mrs. Lloyd had an operation on her nose a week ago.

Mr. and Mrs. J. G. McFarland had as their guests Saturday their daughter and husband, Mr. and Mrs. Hollis Horton Jr., who were returning to San Antonio after their honeymoon in Colorado and New Mexico.

Miss Barbara Webb of Canyon is visiting this week with her cousin, De Ann Buske of Friona.

Swimming Party
Mrs. Carroll Day took some girls to Hereford Sunday for a swim. Those going were Barbara Edes, La Voyce Burrow, and Geraldine Day.

Vera Ann Jones, who is attending summer school at Canyon, was home this week end with her parents, Mr. and Mrs. Raymond Jones.

A. M. Drake will leave the last of the week for Byers, Colo., to visit with his wife's parents, Mr. and Mrs. Dodge. Mrs. Drake and girls have been visiting with her parents for the past two weeks. The family will return home Monday.

Mr. and Mrs. T. E. Averett of Tucumcari are guests in the home of Mr. and Mrs. Duane Wylie over the week end.

Mrs. Oscar Baxter and girls and Mrs. E. R. Day were in Hereford Tuesday where Carolyn Baxter consulted an eye specialist.

Recalled From South Dakota
Mr. and Mrs. Mack Banium have returned from South Dakota. They were called back because of the illness of his mother, Mrs. Mary Banium, who is in the Farmer County hospital.

Mrs. T. B. Armstrong and Mrs. E. R. Day were in Amarillo Saturday on business. They visited Tila Rue Day while in Amarillo.

Mr. and Mrs. Walter Jasper of Amarillo visited with their parents, Mr. and Mrs. T. N. Jasper Sunday. Mr. and Mrs. Walter Jasper ate dinner with Mr. and Mrs. E. R. Day.

Mr. and Mrs. Dale Rule and son of Farwell visited in Friona Sunday.

Guests in the Mr. and Mrs. C. M. Jones home last week were Mrs. Oba Roberson and daughter, Joan of Farney and Mrs. Everett Wilmon and son of Dallas.

Returns To Scott Field
A-1c Billy Ray Jones, son of Mr. and Mrs. Raymond Jones returned to Scott Field, Ill., Sunday. He had been home on a 15 day furlough.

Mrs. Dortha Tarkington of Hallesville spent the week end with her brother and family, Mr. and Mrs. Weldon Dickson.

Dinner guests in the home of Mrs. Alta Wylie Sunday were Mr. and Mrs. T. E. Averett, Mr. and Mrs. Duane Wylie and Mr. and Mrs. J. A. Wylie and daughters.

Mr. and Mrs. James Pope were in Borger last week.

Mrs. Jack Miller of Ozark, Ala., arrived last week to visit her mother, Mrs. F. N. Welch, her brothers, Nelson and Louis of Friona; and a sister, Mrs. Steve Struve. Mrs. Miller will return home Tuesday.

Those from Friona attending the wedding of Miss Jane Welch of Hereford were Mr. and Mrs. Steve Struve and daughters, Mr. and Mrs. Louis Welch, Mrs. F. N. Welch, Mrs. G. E. Welch and Mrs. Jack Miller.

Mr. and Mrs. L. A. Baxter of Clovis visited Sunday with his parents, Mr. and Mrs. J. W. Baxter.

Time In The Mountains
Mr. and Mrs. J. G. McFarland, Gay Ann, John, Bill, and David, Mr. and Mrs. Hoyt Smith and family, and Mr. and Mrs. Wesley Foster and Patti Jon are spending a week in the mountains at Tresa Retos.

Carmen Fields, Sally Osborn and Glenna Pope returned home Saturday from Huntsville where they

attended a drum major and twirling school. Sally stated that they had a wonderful time.

Several women from the Friona Methodist church attended the Women's Society of Christian service Sub-District meeting at Canyon, Monday.

Those attending were: Mesdames U. S. Sherrell, Roy Slagle, J. H. Boyles, Hadley Reeves, Kenneth Cass, H. L. Outland, and Howard Ford.

FRIO NEWS

By Mrs. Owen Andrews

Preparation Day for the Vacation Bible school at Frio will be next Saturday, July 4 from nine till 11 in the morning. The school proper will be from Monday, July 6, through Friday, July 10, from nine until 12 o'clock each morning, according to Rev. D. W. Ward, who will be the principle. All children, four to 12, are welcome.

The Home Makers club met in the home of Mrs. Frank Robbins, June 24, with a program on "good citizenship." Mrs. Glenn Gripp spoke on qualities of a good citizen and also gave some pointers on proper display of the flag.

Present for the meeting were: Mesdames Henry Dobbs, Leonard Buttrill, Glenn Gripp, Owen Andrews, W. A. Springer, E. F. Vogler, Eugene Noel, E. H. Little, Jack Jones, Miss Alma Andrews and the hostess, Mrs. Robbison.

The next meeting will be on July 8 at the home of Mrs. Sam Lindly. The club decided to have a rummage sale at the Huckert Radio Shop in Hereford on July 11.

Arrived From California
Mrs. Don Cox arrived Sunday afternoon from California to stay with her parents, Mr. and Mrs. W. H. Thompsons while her husband is in overseas duty in the Navy.

Mr. and Mrs. Billy Warrick are announcing the birth of a son, whom they have named Billy Eugene. He was born June 28.

Mrs. Ben Jordan and Mrs. Mac Inkaid of Fort Worth visited Mrs. H. M. Mobley last week.

Mr. and Mrs. Bud Smiley of Roaring Springs visited Mrs. Emley's sister-in-law, Mrs. Mobley on Monday.

Shopping in Amarillo Thursday were Mrs. Mobley, Mrs. Earl Cole, Miss La Nelle Mobley and Mrs. G. R. Adams.

Landed In Japan
Mr. and Mrs. Carlton Dobbins had a letter from their son, Robert, last week. He had just landed in Japan.

Mrs. Frank Dobson underwent surgery for goiter, at the Deaf Smith County hospital last Thursday morning. She was improving and feeling much better.

Misses Nora Jo and Sammie Lu

Beauty At Home

Q. Should a woman adapt the color of her eyeglasses to her own coloring?

A. It is more flattering if she does. For the redhead, brunette or brownette, the amber of "tortoise" shell type of eyeglasses is good. For the blonde and silverette, pale blues and pastels. Certain shades of purple are good, too, for silverettes.

Q. What is an effective bleach for dark hairs or fuzz on my upper lip?

A. One part white henna, one part bleaching peroxide, and one or two drops of ammonia. Make a paste and apply. One or two applications are usually enough. If the hair is very dark, more treatments will be necessary. If the skin breaks out, stop the treatment temporarily. Apply cold cream, and the irritation will soon disappear.

Q. What is a good cleansing and softening treatment for the skin?

A. One simple way is to coat face and neck with a little olive oil, then rub briskly over this with some common table salt.

STREU HARDWARE

If it hasn't rained before this gets in print, don't worry—a real soaker is on the way. This is the straight dope. It is the prediction of Bob Fullwood. Bob has been in this country 43 years and says one of the first things he learned was not to predict the weather. Not ever. This is the first time he has broken over during all of those years, but Bob says he just knows it is going to rain—and plenty. No aching corns or rheumatism. He just has the feeling that a rain is on the way. If there has been a real soaker before this paper comes out, give Bob the credit. If it doesn't rain by now or all this week, blame me. I don't know why but someone has to take the blame and it might as well be me.

Which recalls one of the first remarks I ever heard Dave Alexander make. It was back in 1937 the unjust, I'll take a bucket of water and personally pour it on the just." This is probably as true now as it was then. nyway, the unjust, I'll take a bucket of a rain along Dave's theory sure would help my lawn.

Some of the cattlemen are a little bit encouraged over the government program. Others say it won't help the cattlemen much—only the banks. I guess it all depends upon your point of view. O. G. Hill says he went over to Lubbock and heard Ezra Benson's talk. He figures Benson is sincere and sound. O. G. says big tears came into Benson's eyes as the cattlemen reviewed the things that the Secretary of Agriculture had seen on his tour of parched range land. He also figures that no one is going to sell Mr. Benson "a bill of goods", but that when a situation is real and genuine that Mr. Benson is going to do his best to help the farmer and the rancher. O. G. says he sure changed his opinion of Benson. I might also add from casual observation that Mr. Benson seems to likewise have changed his own opinion and his original policies on some of the points in the farm program.

Lack of complete understanding leads to most of our troubles. Often the fellow who is prone to criticize would, if he had all of the facts,

see things in a different light. People all over the country are talking about the new-city well. Even quite a few around Hereford are talking about it. The City Dads ordered the well—and were praying for 750 gallons per minute. During the developing state, it is kicking out 1,500 gallons per minute. The estimated pumping average is 1,250 gallons per minute—and they say this estimate is conservative. The Canyon City Manager looked it over this week and said he wished that all five of the Canyon wells would kick out as much water as this new well here.

Red Smith, City Engineer for Hereford, is from Lubbock. He saw the well Tuesday, checked the figures, then remarked: "Lubbock would give a cool million dollars for that well."

During the general water shortage, which is showing up all over the Plains country, here are some figures which Mr. Smith released concerning Hereford: Average consumption in Hereford, 3 million gallons daily. This is approximately 500 gallons per day, per person. That's a lot of water. Where does it all go? Take, for instance, the Hereford water sold in California it all go? Take, for instance, the at 25 cents per gallon. It would cost you \$125 a day to use that much Hereford water in California. Hereford is truly fortunate in having an abundance of fine water. Just think—500 gallons per day, per person is a lot. This average gives a family of four a consumption of 2,000 gallons of water each day. It's tremendous. It's overwhelming. Besides, some people are using more than this amount. They have to be. I just know Old Strenu is not that clean—and someone has to bring up his average.

Frank Daniels is closing out his food store at Main, and Fourth. Understand he and Ike Crosthair are thinking about putting in a nice little cafe and sandwich shop in the location. Old timers will recall that both are former restaurant men—and good ones. I tried to talk them into a modern cafe-where with them. I still believe teria, but can't seem to get any-it would be the deal, but Frank says there just isn't enough potential volume. Maybe they are right. Remember when Buck Richardson and Debbs Knox ran a sandwich shop where Bill's Barber Shop is now? They sold hamburgers for a nickel five cents). If Frank and Ike will do this, I'll quit heckling them. It's a promise.

Honestly, though I believe the price of hamburgers has increased more in proportion than any other single item. Jumping from five cents to 30 and 35 cents is really quite a hop. It sure slowed down my own personal hamburger consumption.

Jim Lipscomb took me over to Conchas Lake last Saturday—and I have the blisters to prove it. Boy, it was really hot. However, we had a lot of fun. The lake is down around 35 feet below the spill way. Boat houses formerly anchored out in the water are, in some instances, a good half mile from the edge of the present water. Jim knows the lake like a book. He also knows most of the people around there. The post office near the lake is probably the only one in the United States which also sells liquor. I told Jim if he would start that in Hereford they wouldn't have to worry about the deficit in the postal department. He figured things will probably run smoother and more peacefully as they are, however. Maybe he is right.

We landed three Walleye Pike, two for Jim and one for me. The lake seems to be mostly inhabited by Walleye. They have long, sharp teeth. Pass and crapple catches seem to be declining. Everyone is puzzled and won't venture to stick out their necks as to the reason. Not knowing anything about it, I figure one look at the teeth those Walleyes have should pretty well convince folks about what happens to the other fish. Those pike can bite a line into with one snap. They are rough. How about it, does anyone want to argue

People are running this "Texas Brags" stuff into the ground. Sometimes it is embarrassing. Read the other day about a Texan who was talking with a group of folks in California. "Take away the climate and the scenery from California and what have you got?" asked the Texan. Quick as a flash, someone in the group answered, "D-

Mackay, Weidner Win Tag Match When Opponents Are Disqualified

Roger Mackay and Billy Weidner won the tag team match at the Bull Barn Saturday night on a disqualification when Dory Funk and Cowboy Carlson refused to break an illegal hold.

Up to that point the score was

Local Golf Pro Competing In Artesia Tournament

Bud Posey, local golf pro, left for Artesia, N. M., Monday afternoon. He is competing in the Pro-Division of the Artesia Invitational Golf Tournament Wednesday, today and Friday.

Bud will return on Friday in time to help with the annual City Golf Tournament.

Two Vehicles Damaged In Collision On Highway

A 1950 Buick driven by Mrs. Nan West collided at the intersection of Lake street and 25 Mile Avenue with a 1952 Henry J driven by Betty Serrett, Friday afternoon.

Mrs. West was going east on Lake street and Miss Serrett was going north on 25 Mile Avenue when the Henry J hit the right front fender of the Buick.

Both drivers were driving without an operators license. Betty Serrett was charged with failing to grant the right-of-way.

Damages were estimated at \$150 to the Henry J and \$75 to the Buick by investigating officers.

Stopping Before A Turn Results In \$400 Damage

Damages totaling \$400 occurred in an accident Saturday morning at First and Lawton streets.

C. E. Bedford, driving a 1951 Mercury stopped to make a turn onto Lawton when Archie Frazier Bussey, driving a 1949 Ford, ran into the back of his car.

There were \$100 damage to the Mercury and \$300 damage to the Ford according to investigating officers.

even, with Funk and Carlson having taken the first fall in 14 minutes when the cowboy from Ekalaka, Mont., bulldozed Weidner.

Resorting to football tactics Mackay and Weidner took the second fall in the span of 10 minutes with a drop-kick on the cowboy by Mackay.

Disqualification of Funk and Carlson occurred seven minutes into the third section of the bout.

Weidner Disqualified
Funk took the first event of the evening while he was outside the ropes. Weidner was disqualified when he failed to break a flying mare hold he had gotten on the Umbarger grappler.

A fist fight helped liven up the second event, which ended in a draw.

Both men had resorted to illegal blows in an effort to win, and both had failed in their attempts.

Building Permits In June Total \$45,500

Building permits totaling \$45,500 were issued in Hereford during the month of June, according to City Office records.

Building permits during the same period of 1952 totaled \$4,000, \$41,500 less than this year.

There were five residential permits issued. These were to Mrs. Dora Inmon, \$3,000; N. D. Bartlett, \$8,500; N. D. Bartlett, \$9,500; N. D. Bartlett, \$10,000; and N. D. Bartlett, \$7,500. Other permits issued were: Dr. J. G. Ketchersid, erect dental clinic, \$4,000, and V. D. Powell; remodeled front, \$3,000.

Fire Situation Bad

The continued hot, dry weather is developing a situation which can cause trouble for owners of pasture and woodlands. Vegetation is drying rapidly and fires are becoming a hazard. The Texas Farm and Ranch Safety Committee urges every citizen to be doubly careful with fire.

The Hereford Brand

Hereford, Texas, Thursday, July 2, 1953

Section Two

CHIP SHOTS

By Bud Posey

Golfers have until tomorrow night, Friday, July 3, to qualify for the City Golf Tournament.

Qualifying rounds for medalist honors will be held Friday, all day, July 3 with a deadline of 6 o'clock. Entry fee for the tournament is \$6, which does not include green fees. Eight players will form each flight and players will be flighted and matched at 7 o'clock on Friday evening, July 3. Don Martin is the defending champion and will be a favorite along with Stan Barrett, Pioneer Day champion Frank Cogdell, 1952 runnerup; J. M. Posey, 1951 champion; Earl Stagner, J. A. Pitman, and Bill Howard.

Prizes
An attractive array of prizes include:

Medalist—one pair of new slacks. Winner of each flight—one 9 1/2 inch trophy and one \$29.50 Bag Boy caddy cart.

Runnerup of each flight—one dozen golf balls.

Winner of each consolation flight—one new putter.

Schedule

Schedule of events:
Saturday, June 27 through Friday, July 3.

Eighteen hole qualifying rounds, nine holes may be played one day and nine the next day, but player must state he is qualifying and count only that score.

Friday, July 3, qualifying for medalist honors, all day.

Friday evening, July 3, at 8 o'clock, lunch for all contestants and wives at the Jaycee clubhouse in the Jaycee park. Non-participants may come for the lunch, but must pay \$1.50 each.

Saturday morning, July 4, at 10 o'clock, first round matches in all flights.

Sunday morning, July 5, at 10 o'clock, second round matches and first round consolation matches in each flight. Arrangements can be made to play after 1 o'clock for golfers desiring to attend church.

Sunday morning, July 12, at 10 o'clock, final matches and final consolation matches in all flights.

Putting Tourney
Ed Young won the weekly Friday night putting tournament on June 26 with a sensational nine under par 63 on the 36 holes. Ed had rounds of 16-16-15 and 16, and was awarded four golf balls for his efforts.

John McCleskey took second honors of three golf balls with an eight under 64, after being three over par on the first nine holes but finished the last nine with a five under 13; his rounds were 21-15-15-13. Bill Miller and Frank Cogdell tied for third honors of two golf balls with seven under 65's, but Bill won out in a sudden death playoff on the third extra hole.

Other Winners

Other golfers winning one golf ball and their scores were:

Urlin Streu — 66.

Dr. R. E. Lingenfelter—66.

Ray Hardy—67.

Wendell Burdine—68.

Wendell defeated J. A. McWhorter and Dr. J. H. Channer in the sudden death playoff after all three were tied with 68's.

Lucille Posey took first in the ladies division with a four under par 68 for two balls.

Other golfers winning one golf ball

FOR FFA CHAPTER MEMBERS

Wheat Test Plots Give Fertilizer Usage Data

Five test plots of wheat brought some income in for the Hereford Chapter, Future Farmers of America, and gave the members information on results they might expect from the use of various fertilizers on irrigated land.

On the test plots, 16-22 1/2-0 produced more income and more bushels per acre, at a lower cost per

bushel, than any of the other fertilizers tried.

It was interesting to note, though, that net income from the unfertilized plot was third highest among

the five plots, rather than being the lowest.

Five Plots
The experimental plots were set up on approximately eight acres. Each of the five plots used contained 1 1/2 acres, with a border around the field of the seven test acres.

Certified Wichita wheat was planted on Oct. 16, 1952. On Oct. 18, the first irrigation was started on the plots, and was completed on Oct. 25.

Second application of water was made between Feb. 7 and Feb. 9. The third application was between April 17 and April 20. On plot V, the anhydrous ammonia was put into the water during the first irrigation.

Unfertilized Land
The unfertilized check plot produced 31.89 bushels per acre, and all of the fertilized land produced more than that.

Because a strip of land about 100 x 25 feet could not be harvested on plot I, the per acre yield was lowered on that one.

In spite of this, the ammonium nitrate on this plot, at a cost of \$7.70 per acre for the 300 pounds, on the plot, brought the per acre yield up to 36.91 bushels, or 5.02 bushels above the yield of the check plot.

Cost of seed, fertilizer and water for the plot was \$19.30, for 31.2 cents per bushel of wheat.

Figuring wheat at \$2 a bushel, rather than at government loan price, the net income from this plot was \$54.52.

Second Plot
In the second plot, 300 pounds of 16-20-0 were applied, at a cost of \$9.50 per acre. The yield was 35.77 bushels per acre, or 3.88

Continued on Page 2)

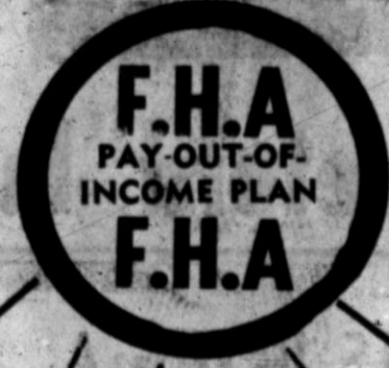

RAMBLER CATCHER Lanelle Oliver was really ready for the ball that was heading her way during practice Monday night just before the game with Dimmitt. The Nash Rambler team took the game with a score of

24-4, starting off with 11 runs scored during the first inning. Dimmitt batted first, but failed to score until the fifth inning. On July 6, the Ramblers will play the Springlake girls team at Springlake. (Staff Photo)

FOIBLES

Kent Snare
As some of you waders, through this unmitigated muddle, will substantiate, for some weeks I have been railing, intermittently, about the standard play of the alleged major progressively worse, to such a low level, that even the gazette to the NE has deigned to comment upon it.

For sometime an able scribe and I have concurred on ideas, scribed separately, but appearing almost simultaneously, and in my case, has overstepped the bounds of patient decor, of which I have little or none, and last week latched onto my gallimaufry idea, which I lean on, more than a little, and I swear, I gone report him to the guild, which, as a result, will no doubt expel me.

To get back to the low water mark subject, the Yankees have dropped six straight up to last Sunday, and there is rejoicing in the land. . . Stengel has been exuding orally until he has bored both the press and the public with his smugness. His present day ball club is the nearest approach to a normal AL team, but even so, only a few of its denizens would have been permitted to carry an old time Yankee's bat, leave alone attempt to put it to batting use.

Rizzuto has been out of the lineup for a week and his fill-in, Miranda, is such a healthy walloper, that they have him hitting ninth, after the pitcher. . . In an ineffectual effort to think about a cooler season and thus reduce the wilting process all of us are facing, leave us talk a bit about football.

Fancy and Plain

Canadian type football has made such inroads on potential American pro-footballers that mayhap we ought to take a peek at their breed of the sport.

I know only a smattering of their rules, just barely enough to enable me to absorb a little squib space in the scribing thereof. . . The first big differences come in the size of the playing field. Whereas the US and A playing space is 160x300 feet, the Canucks cavort in boundaries of 195 x 330. The extended lateral space affords more room for flat skirts of the terminals and for passes of that vien, lateral, that is. . . They allow only 3 tries to pick up the allotted 10 yards and the playing pattern has been a run, a pass and a punt, although rumor has it that some clubs are all arms and hands, as all they do is throw.

This passing proclivity has added years to the football lives of many an American pitcher, such as grey beards, Frankie Filechok and Jack Jacobs, the blanket boy from the jack-oaks. . . They also employ 12 players, simultaneously, instead of the customary 11 in our type game.

This 12th man, not necessarily a Texas Aggie, is yclept a "flying wing." This character serves as a decoy, a slash blocker and a wing-back ball toter, but his main utilitarian value is as a passing target.

Rumorwise, and only that, I get it that their football is smaller, obviously for the aerial advantage. Another bit of football legislation that they lean to, and which helps open up their game, is that the punt receiver is on his own until and if, he regains the scrimmage line, on account he gets no offensive blocking until he attains that demarkation point. This marker pinpoints the demand for scat backs, for which the Canucks consistently outbid the US and A.

They play a regular 16 game schedule, with 2 game playoffs for the finalists and from November on, they are likely to play them jumping to the Rams. . .

From a personal view, most of the teams, city-wise that is, are patterned ala Green Bay and seriously, where could they find a better one, although at this date Dilweg - Herber - Llewellyn - Canadeo - Lambeau tradition. . . and they couldn't be, 'cause they only had one mold and it got broke. . . compro?

Former Red River County Residents Meet Sunday

Plans were made recently at a meeting of officers and committees for the Annual Reunion of former residents of Red River County and their families, to be held at McKinsey State Park, Lubbock, on Sunday, July 5th.

All former residents of Red River County and their families are invited. A large crowd is expected, including some present residents of Red River County.

FAYE KERSCHEN, daughter of Mr. and Mrs. Andrew Kerschchen, took her vows for the sisters of St. Benedict of St. Scholastica's Convent, Fort Smith, Ark., Wednesday morning. Her name will now be Sister M. Faith.

HD Agent Gives Program At Bippus Club Meeting

Lighting the kitchen was the topic used when the Bippus Home Demonstration club met in the home of Mrs. Charles Hoover Wednesday afternoon.

Argen Draper, Home Demonstration Agent, showed slides on good light for the kitchen and talked on "How much is good light" and showed some lamp shades.

Talk About Camp

Donna Sue Guseman talked on her trip to 4-H camp and showed a lamp she had made at camp. Those present were: Mrs. Charles Banks, Ruby Don Hoover, Mrs. C. F. Homfeld, Mrs. J. G. Fortenberry, Mrs. Roy Neaves, Mrs. C. F. Rickels, Mrs. G. V. Hall, Mrs. Labary Ballard, Miss Christine Fortenberry, Donna Sue Guseman, Argen Draper and the hostess.

Personals

Mr. and Mrs. Ed Black and children of Oklahoma City, are in Hereford for a visit with her sisters, Mrs. Dennis Baker and Mrs. Edith Winfrey.

Mrs. Emil Dettman has returned home from a month's vacation spent in New Mexico and California.

Joan Hardwick, daughter of Mr. and Mrs. Francis Hardwick, left Monday for Roswell where she is employed by an insurance company.

The Ben Malones of Borger, formerly of Hereford, were in Hereford looking up old friends Sunday.

Mrs. Don Cox, the former Miss Gladys Thompson, has arrived in Hereford to be with her parents while her husband is in service.

Guests of the Ralph McCulloughs and the Ray McCulloughs last week end were Mr. and Mrs. Don McCullough and their daughter and son-in-law, Mr. and Mrs. Garland Campbell, all of Amarillo. Friday evening the group was entertained at a barbecue supper in the Ray McCullough back yard.

Long Time Ago

45 Years Ago

Last Monday the big new threshing machine belonging to Mr. Stewart steamed into the field of wheat just one mile from the court house, in fact adjoining the town section, belonging to Judge L. Gough and turned out the first coin of golden grain for this season. One piece of eight acres made a yield of 25 1-8 bushels to the acre, another field of 28 acres adjoining gave 30 4-5 bushels. The first field was the Turker Red variety and tested 61 pounds, the second field the Carcoff wheat and tested 63 pounds.

C. T. Dobbins, who has the contract to sprinkle the streets, began work in earnest the first of the month. He went to Dallas and bought a complete outfit—gasoline pump and a fine big wagon that will throw a spray half the width of the street. He is using a well at the rear of the Central Hotel, where he has installed a pump and a 60 barrel tank. The wagon holds 30 barrels.

25 Years Ago

Confirmation of his request that officials of the American Air Transport Company, Dallas, come to Hereford to inspect this city as a possible airport location was received this week by L. Baskin, air and highway commissioner of the Hereford Chamber of Commerce.

Slowly wheat harvest in the Hereford territory is getting under way. Day by day the line of grain trucks from combine to elevator is getting longer as Deaf Smith county sets out once more to shatter wheat production records for all time.

Elevator reports indicate that the harvest has barely started and that little more than one-fourth of the wheat farmers have begun to cut. By Wednesday night Harrison had bought approximately 40,000 bushels and the Great West elevator had purchased between 15,000 and 20,000 bushels at the Hereford elevator and nearly 10,000 bushels at Dawn.

Hard at work on fourteen blocks of Hereford streets to be repaved, workmen of the Jordan Construction Company this week made rapid progress on Main street, scene of their first activities. Curb and gutters have been laid on the three blocks of lower Main and brick is being unloaded preparatory to laying new pavement.

The paving program here calls for streets to be widened two feet on each side and brick to be laid over present pavement. City workmen are taking this opportunity to replace old pipe under Main street with a high grade brass pipe.

Q. How can I treat scratches on furniture?

A. One of the best remedies is a mixture of turpentine and beeswax, the latter being melted into the turpentine until the mixture is as thick as syrup. Pour a little of this onto a piece of woolen cloth and rub well into the scratched parts of the furniture. Then polish quickly with a dry flannel and the marks will usually disappear.

Real Estate Board Reports

Our neighbors down at Friona are sure giving their town a face lifting. Just anywhere you go in town are nice paved streets with curb and gutter and dozens and dozens of new homes. We were down last week looking around and noticed that there has been a new addition to Main Street. . . 3 in fact.

Sloan Osborn has just built a new building on Main and it is divided into two buildings. Sloan and Ralph Roden will open a new Drug Store in one side of it and The Lewis Variety Store will move into the other side. This will leave Glenn-Weir's old building vacant and we hear by the grapevine that Glenn is fixing to spend a wad of money on it to make it completely modern from front to back. . . not allowed to tell who the new tenant will be.

Also on Main Street the new Piggy Wiggly store will soon be open. They are grading up the parking lot now and getting ready to move in.

The new home owners in Friona who are just building or have just finished building are as follows:

M. M. Shirley. . . retired farmer.
Dan Ethridge. . . Operates the Ethridge Spring Insurance Agency and a professional coffee drinker.
Jake Lamb. . . Jake claims he is a retired rancher but we think he just wanted to put in all his time in the future playing 42.

Truitt Johnson. . . Formerly of Hereford and who is now farming down at Friona.
Dalton Chaffey. . . Superintendent of Schools.

Carroll Day. . . Rural Mail Carrier.
C. W. Dixon. . . Farmer and rancher.

F. L. Carson. . . Farmer and rancher.
Jim Gwinn. . . Mechanic at Reeves Chevrolet.

Cason Jones. . . Whaley Construction Co.
A. W. Anthony. . . Farmer.
W. F. Cogdill. . . Farmer.
Leonard Hawkes. . . Farms east of town.

Bob Jones. . . Farmer.
F. S. Truitt. . . Retired lumberman building 2 new rental units.

Wilmont Crow. . . Dairy and locker plant operator.

We are also moving right along here in Hereford with our building program. The City is installing that new water pipe called transite, made of asbestos and concrete. The City of Clovis has been using it for the past 10 years and according to the experts it is better than the old style pipes. The Westhaven Addition being put in by N. D. Bartlett Jr. is getting this new type water lines.

N. D. is really going to town

out there with his new project. . . has Bill Decker, Ray Godwin, J.P. Jones and Austin Rose Jr.'s houses under construction and has 46 applications in the mill and will start construction on them as soon as the loan applications are approved by the lending agencies. These applications are going through the Federal Housing Administration, and the Veterans Administration. By August of 1954 we won't be able to see a trace of the Alfalfa field that the houses are being built on.

Just can't get over Bob Lewis's Hospital Grounds improvement!

An Amazing Statistic. . . Divorce rate for all U.S. . . 4 out of 5 marriages end in divorce. . . Divorce rate for Home Owners. . . 1 out of 10.

Henry Ward Beecher, who was a Civil War period fire and brimstone preacher, writer and brother of Harriett Beecher Stowe who wrote Uncle Tom's Cabin. . . had this to say about Real Estate. . . "If a young man will get married and then get in debt for a piece of land. . . then these two things will keep him straight. . . or nothing else will."

Wheat . . .

(Continued from Page 1)

bushels above that of the check plot. Fertilizer and water cost \$22, and the fertilizer cost per bushel of wheat was 39.8 cents. Net income from this plot was only \$49.54 lowest of all the plots.

Test plot III, on which 16 1/2-20 1/2-0 was applied at a cost of \$8 an acre, had a net yield of 40.77 bushels per acre, or 8.88 bushels over that of the check plot. Cost of fertilizer and water for the plot was \$18.75, or 29.4 cents per bushel of grain. Net income was \$60.79. Net income on the untreated plot

was \$56.03. On the final plot, which was treated with anhydrous ammonia applied in the irrigation water, net income was \$58.35. Fertilizer cost was \$8 per acre for a yield of 38.55 bushels per acre, which was 6.66 bushels above that of the test plot. Cost of seed, fertilizer and water for the final plot was \$18.75, or 31.1 cents per bushel.

More Water Needed
Stanford said that a fourth irrigation was needed on the plots during the month of May to help set the grain, and tide the crop over during the hot, dry, high temperature winds present the week prior to harvesting.

Factors not considered in preparing the land and planting wheat included the equipment, which was furnished free of charge by the Hereford Implement Co.

Fertilizer for the test was furnished by John Paetzold and the Associated Growers of Hereford, but the cost was figured in for the purposes of the study.

Harvesting of Crop
Harvesting of the crop was done by G. C. Merritt, using a Case combine arranged for through the Farm and Home Supply.

No repairs or depreciation was listed on the cost for the irrigation well, as the water was furnished free, except for the actual cost of electrical service used.

Proceeds from the project are to be used at some future date to improve some place near Hereford as feed lots for boys interested in farming, but who are living in the city limits and not able to raise livestock.

In addition to the grain, 250 bales of wheat straw were taken from the field and stacked for use at the Junior Livestock Show next, February.

This work was done, without charge, by Joe Hershel and J. J. Durham.

Chip Shots . . .

(Continued from Page 1)

ball and their scores were:
Rowena Posey, second, 73.
Sybil Nell Gilbreath, third, 74.
Helen Ann McWhorter, fourth, 75.

Jeff Minton won first in the boys division with a nice four under par 68; Charles Saed, second, with a 69 and Steve Lingenfelter third, with a 75.

A total of 22 players bettered par among a field of 45.

The next putting tournament is scheduled for Friday evening, July 10, at 8 o'clock. An entry fee of 50 cents will be charged with golf balls being awarded as prizes.

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

Get sure but gentle relief when you are temporarily constipated. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, one of the finest natural vegetable laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's 30¢ size today. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

Panhandle Counties Are Planting Trees.

College Station.—For the first time in recent years, Randall, a Panhandle county with 108 tree planters, led all Texas counties insofar as the number of tree planters is concerned.

Castro and Parmer counties followed Randall in the number of farmers and ranchers planting seedlings. Seedlings planted in Randall County and other West Texas counties were primarily for windbreak purposes.

Seedlings Planted—Approximately 10,385,000 seedlings were planted by Texas farmers, ranchers and forest industries in the 1952-53 season, extending from December 1952, through March 1953. The distribution of three seedlings for the previous planting season was approximately 11,707,000.

Sixteen different species were planted in Texas, predominantly southern yellow pines. A total of 127,000 acres in Texas have been planted in trees including 11,220 acres set out in the 1952-53 season.

The egg-feed price ratio for the first quarter of 1953 averaged 30 percent higher than for the same period last year.

Texas poultrymen producing eggs in areas where price differences are being paid for quality eggs will no doubt profit from making pullet replacements in order to maintain a uniform production of eggs throughout the year. These replacements are a necessity if Texas producers are to stabilize the state's egg industry.

Demonstration Given On Creamed Ham And Eggs

Mrs. Ed Dzuik gave a demonstration on "Creamed Ham and Eggs" to the Junior County Wide 4-H club when they met in the home of Nancy Parson's Saturday afternoon.

Maxie Wiseman lead the 4-H ritual and Frances Goldston was appointed song leader.

Refreshments were served to Nancy Parsons, La Nell Short, Sue Minor, Maxie Ann Wiseman, Frances Goldston, Vicky Urbanczyk, Ann Rose Dzuik, De Sourdes Buck, Bonita Lynn Honea, and a guest, Eddie Cameron.

FARM SAFETY WEEK

National Farm Safety Week, to be observed throughout the nation July 19-25, is of significant importance to the fire insurance business because farm fire losses now are averaging \$100 million yearly, according to the U. S. Department of Agriculture. Most of the fires, the National Board of Fire Underwriters points out, can be traced to either carelessness or faulty building construction.

Beautiful AND PRACTICAL WOOD SLAT ROLL SHADES

"VENI-SHADE", the practical, inexpensive wood slat roll shade is woven with durable wood, stained in cheerful, permanent colors. "VENI-SHADES" lend that modern touch to your home. May be used at windows, or porches as they are made for both interior or exterior use.

Texas and Southwestern Life---

Partners in Progress for 50 Years

It was on July 4, 1903, that the first Southwestern Life insurance policy, for \$5,000, was issued to a Texan. This business transaction marked the beginning of a partnership between a Texas institution and the people of Texas—a partnership which has continued through five decades of their joint progress.

Fifty years later, one policy has become more than 300,000 policies, \$5,000 has become more than a billion dollars of financial protection on the lives of these policyowners, and Southwestern Life has honored its partnership obligation by the payment of \$173,000,000 in benefits to policyowners and beneficiaries.

Southwestern Life's faith in Texas has been the counterpart of its service to policyowners. The Company has loaned to Texas real estate owners more than \$250,000,000 in this 50-year span. It also has invested substantially in Texas state, county and municipal bonds and in the securities of Texas corporations. Thus, the savings of policyowners have provided not only financial security for hundreds of thousands of Texans but also a reservoir of capital available to help build and develop the State.

On July 4, 1953, the golden anniversary of Southwestern Life's first business transaction, the Company acknowledges, with profound appreciation, the vision and faith of its founders, the conscientious and efficient service of an unsurpassed agency force and home office staff, and the confidence and good will of Texans everywhere—all of which together have made possible the success of the Texas-Southwestern Life partnership.

At The Churches

At The Churches

Seventh Day Adventist

Sabbath school is at 10 o'clock and worship service is at 11 o'clock on Saturday morning.

The Lesson Sermon for this Saturday is "Sacrificial Blood" in the story of Redemption. Memory verse is Psalms 3:16. The lesson helps are Desire of Ages, pages 19 to 26.

Christian Science

Christian Science services are held each Sunday morning at 11 o'clock in the Star Theatre.

The Lesson-Sermon in Christian Science churches this week is entitled "God". The Golden Text: "Lord, God of Israel, there is no God like thee, in heaven above, or on earth beneath, who keepeth covenant and mercy with thy servants that walk before thee with all their heart." I Kings 8:23.

Immanuel Lutheran

Regular Worship services are each Sunday morning at 11 o'clock and Bible Classes and Sunday school are at 10 o'clock.

The church is located at Park Avenue and B street. Harold Keastner is the pastor.

"Make your vacation a Holyday-for the Lord instead of a 'holiday' away from the Lord." Immanuel invites you and your friends to attend all our services.

East Side Baptist

Sunday school will be in the morning at 9:45 o'clock and Training Union is in the evening at 6:45 o'clock. Morning worship services are at 10:50 o'clock and the evening service at 7:50 o'clock.

Teachers and Officers will meet Wednesday evening at 7:50 o'clock with the Evening Prayer service following at 8:00 o'clock.

Choir practice is at 8:40 o'clock, Sunbeams at 2:45, and RA and GA at 4:15.

All are invited to attend each of these services.

First Presbyterian

Sunday school is held each Sunday morning at 9:45 o'clock, it is followed by morning worship at 11 o'clock.

St. Anthony's Catholic

Sunday morning Masses are at 6:30, 8, and 10 o'clock.

Daily morning Mass is at 7 o'clock at the new church and 8:15 o'clock at the old church.

Holy Hour is each Thursday night from 8:30 to 9:30 o'clock. Confessions:

Each Thursday night from 8:30 to 9:30 o'clock.

Saturday afternoon from 5 to 6 o'clock and 8 to 9 o'clock in the evening.

Avenue Baptist

Each Sunday morning at the Avenue Baptist church Sunday school is held at 9:45 and the morning worship services are held at 11 o'clock.

Training Union is held each Sunday evening at 6:45 o'clock.

The Avenue Baptist church has evening worship services on Sunday evening at 8 o'clock.

Mid-week prayer services are Wednesday night at 7:30 o'clock. W.M.U. meets Friday afternoon at 2:30 o'clock.

Church of Christ

Bible school is held each Sunday morning at 10 o'clock, with morning worship at 11 o'clock.

The Young People meet Sunday evening at 7:15 with evening worship at 8 o'clock.

Wednesday evening prayer services are held at 8 o'clock.

The Hereford Church of Christ radio broadcast is heard daily at 9:30 over KPAN.

The nationwide broadcast by the Church of Christ is each Sunday afternoon at 1 o'clock.

Wesley Methodist

The Wesley Methodist church, meeting in the District Court Room will have Sunday school at 9:45 o'clock in the morning and worship services at 11 o'clock. Evening services are at 7:30 o'clock and MYF is at 6:45 o'clock.

First Methodist

Sunday morning services are held at 10:55 o'clock and Sunday school at 9:45 o'clock.

The Sunday evening services are at 7:45 o'clock and MYF groups meet at 6:45 o'clock.

Tuesday evening at 9:15 o'clock the Woman's Prayer group will meet in Ward Hall and at 8 o'clock the Board of Christian Education will meet.

Wednesday evening at 7:30 o'clock prayer meeting will be held in Ward Hall.

First Christian

Junior Camp will be held from June 22 to 26 at the First Christian Church.

Sunday school is held each Sunday morning at 9:45 o'clock and morning worship is at 10:50 o'clock.

The youth meetings are held each Sunday night at 6:30 o'clock and Sunday evening worship is at 7:30 o'clock.

Wednesday evenings choir rehearsal is held at 7:30 o'clock.

Don Root is the pastor of the church which is located at Sixth and Main.

St. Thomas Episcopal

The summer schedule for morning prayer service will commence this Sunday at 8 o'clock.

Sunday school is 9:30 o'clock.

Church of Nazarene

Sunday school hour is at 10 o'clock Sunday morning.

Each Sunday morning worship services are held at the Church of the Nazarene at 11 o'clock.

N. Y. S. is held each Sunday evening at 7:15 o'clock, with evening services at 8 o'clock.

Prayer meeting is on Wednesday night at 8 o'clock.

Mr. and Mrs. Charles Burks and Family.

President Dwight D. Eisenhower was brought up in Abilene, Kansas, which is served directly by three great railway systems. His boyhood ambition was to become a railroad conductor.

Methodist Wemon Go To Canyon Meet of WSCS

Six Methodist women from Hereford attended the Women's Society of Christian Service sub-district meet in Canyon Monday. All members of the group took part in the program for the day with Mrs. E. W. Solomon giving the closing meditation.

During the business session the name of the sub-district group was changed from Joyce Hill to Hill-Hare. The organization was named for Joyce Hill of Canyon, a missionary in Cuba, and the name was changed to include Naomi Hare of Hereford, a missionary to Peru.

Those from Hereford attending were: Mesdames Leroy Aver, O.L. Click, E. W. Solomon, S. M. Dunnam and Homer Brumley of the First Methodist Church, and Mrs. Glenn Watts of the Wesley Methodist Church.

Harral Dunnam To Hold Westway Church Services

Harral Dunnam, son of Rev. and Mrs. S. M. Dunnam, is preaching twice a month at Westway Methodist Church. Rev. Dunnam is the new pastor of the First Methodist Church. A ministerial student at McMurray College, Abilene, Harral will fill the Westway charge during the summer, returning to McMurray College in the fall to complete his work there next year.

HARVEST SHOULD BEGIN VERY SOON, on hundreds of acres of onions in Deaf Smith County and the surrounding area. Onion yield is expected to range from 500 to 800 sacks per acre, and of the best quality ever seen around this part of the country. This was part of about 220 acres of onions on the Jack Renfro farm. The onions have to reach a certain stage of maturity before they will handle and ship well, but the harvest should be going well this week. The savory onions from this area will be used to add flavor to food in many sections of the country. (Staff Photo).

Leaving For California

Mr. and Mrs. Ray McCullough and daughters, Shirley and Mary Lou, plan to leave Monday for San Bernardino, Calif. and other places. They will be joined here

for the trip by her parents, Mr. and Mrs. J. S. Kizer, of Sentinel, Okla.

Rev. and Mrs. R. H. Cagle and Burt were in Hereford Thursday and Friday to attend the wedding of Jane Welch.

Cpl. Dick McDonald, grandson of Mr. and Mrs. C. F. Kerr of Hereford, is now enroute to England where he will be with a Military Police unit.

Personals

Attends Family Reunion
Mrs. W. F. Gillis has returned home from Topeka, Kans., where she attended a reunion which has been held annually for 27 years by her grandfather's family. Enroute to Topeka, she stopped in Prosper for an aunt, Mrs. Lillie Wilson, in Norman, Okla., for an aunt, Mrs. Leg Wilson; and in Oklahoma City for her cousin, Mrs. Vinnie Billingslea, all of whom made the trip with her.

Mrs. Oscar Vaughn of Del City has been visiting Mrs. R. A. Fullwood and other friends here while looking after business interests. Mrs. Vaughn, a former Hereford resident, still owns property here.

Mr. and Mrs. Homer Henslee, Jr. and children of Darien, Conn., have been visiting his parents, Mr. and Mrs. H. E. Henslee here this week.

Mr. and Mrs. Guy Riddle and family of Denton have been guests of Mrs. W. F. Gillis. Mr. Riddle is Mrs. Gillis' nephew.

Mrs. M. J. Calvert of Cheyenne, Okla., is a guest of her son, Roy Calvert and Mrs. Calvert. Mrs. Roy Calvert's mother, Mrs. Ada Neeafe of Pampa, is also a guest in the Calvert home. On Monday Mrs. Calvert and Mrs. Neeafe accompanied Mrs. M. J. Calvert to Clovis where she is visiting other relatives.

Mrs. Maude Montfort has returned from Amarillo where she spent a couple of weeks in the home of her daughter, Mrs. Tommy Pope.

Mr. and Mrs. C. L. Lockmiller of Tyler visited in the home of Mr. and Mrs. Leo Hedge Thursday.

Approximately 4,100 trains are operated daily to and from the city of Chicago. Of these, 1,700 are passenger trains and 2,400 are freight trains.

INSPECTORS CAPTURE STILLS

The Texas Liquor Control Board Inspectors in May reported the seizure of 3 illicit stills. With the stills, which had a cubic capacity of 113 gallons, inspectors captured 493 gallons of mash and made 3 arrests. 1/2 gallon of moonshine liquor was destroyed. 1 still each was taken in the Counties of Harrison, Mills, and Leon.

Estimated fire losses in the United States during April amounted to \$67,362,000, according to the National Board of Fire Underwriters.

Arrests and convictions of adult arsonists in the United States, according to the National Board of Fire Underwriters, have risen 50 per cent in the past year.

New push-button door handles, rotor latches. New insulation and quietness! Gives truck drivers more working comfort than ever before!

The OASIS
on your route

The traveler of ancient times sought rest and refreshment at an oasis on his route.

So does the traveler of modern times... he stops at an oasis that prepares his automobile for another hundred miles or more of driving... at an oasis that provides ice water and a chance to stretch... at an oasis that offers clean and sanitary rest rooms... at an oasis where our traveler can give and get a friendly greeting.

Today's oasis is the service station on the American highway.

It makes your trip. It provides your contact with the country through which you're driving. On its driveway you feel at home; you get the impression wherever you stop, that this is your America.

Not one service station, but thousands of them. All along the highways you'll find them staffed and equipped to give your car the expert care it requires, to make your brief visits on their driveways comfortable and pleasant.

The service station where you buy gasoline and motor oil is your chief contact with the American oil industry. It is probably an individual enterprise; and it competes to give you better service and better products than another station down the street or on the other side of town. No small part of the oil industry's progress in the service of the motorist finds final expression on service station driveways.

An added service to vacationers

Let Humble Touring Service map your trip. Secure a Touring Service request card at the Humble sign in your neighborhood, and use it to tell Humble Touring Service where you want to go. Soon you receive clearly marked road maps to and from your destination, a trip log and other helpful information. Use this service for travel anywhere in the U. S., Canada or Mexico. Humble Touring Service, P. O. Box 2180, Houston, Texas. No cost, no obligation.

WCSA Is Organized At Wesley Methodist

Members of the recently organized Wesley Methodist Church met in the home of Mrs. J. R. Cole last week for the purpose of organizing a new Women's Society of Christian Service. Mrs. Leroy Aven, president of the First Methodist Church WSCS, Mrs. Homer Brumley and Mrs. E. W. Solomon met with the group to assist in organizational plans.

Mrs. Aven explained the work of the society and outlined the duties of officers. Mrs. Solomon gave the prayer and conducted the devotional program on faith and prayer, and Mrs. Brumley explained the financial obligations and distribution of funds.

Officers elected at the meeting were: Mrs. George Terry, president; Mrs. Glenn Watts, vice-pres-

ident; Mrs. Delbert Ruland, recording secretary; Mrs. I. H. Willoughby, corresponding secretary and treasurer.

Secretaries of activities include: Mrs. Eugene Naugle, promotion and publications; Mrs. Vance Crume, missionary education and service; Mrs. J. R. Cole, social relations; Mrs. C. E. Watts, local activities; Mrs. Ralph Smith, student work; Mrs. Robert Sparks, children and youth work; Mrs. Gladys Davis, spiritual life; Mrs. C. E. Williams, supply; and Mrs. A. L. Logan, status of women.

The new president conducted a brief, business session when it was decided to hold regular meetings at 8 p.m. on the second and fourth Tuesdays of each month. The next meeting was scheduled for June 30, with Mrs. Vance Crume as hostess.

NEW MASONIC OFFICERS were installed Friday night at a meeting of Masonic Lodge No 849, AF and AM. Front row, from left, are: B. E. Roberson, senior warden; Ed Dart, Panhandle installing officer and district deputy of Masonic district 99; W. A. Phipps, worshipful master; F. L. Terrell, installing marshal; and Lynn C. Kester, junior warden. Back row, from left: Jim Whelan, senior deacon, J. W. Roberson Sr., senior steward; R. L. Thompson, secretary; T. D. Stambaugh, treasurer; Bruce Wooddell, junior deacon; Eugene D. Knox, junior steward; and C. P. Worham, tiler. Another visitor to the installation was Charles Banium, Friona district deputy of the 100th district. W. H. Patton Photo.

This Is The New Medium-Priced Car For Folks Who Want a Lot of Car for Their Money

The New Packard CLIPPER

If you've reached the point where you want more car... a larger car, a smarter car, a finer car... here it is!

MAYBE you're saying: "Wait a minute! I've got to keep it around twenty-five hundred dollars. Why isn't a dressed-up, low-priced car about what I want?"

We're glad you said "about what you want" because you'd soon discover that a low-priced car dressed up like a "big car" is still a lighter, smaller car by a good deal than a Packard CLIPPER.

And besides, a Clipper gives you the choice of adding power steering, power braking or power shifting... all three, if you want them. These are real big-car features really needed for today's tough, teeming traffic.

"Is this Clipper really big?"

Well, check the dimensions: 122-inch wheelbase, 213-inch over-all length. Big as it is, it's still perfectly parkable in tight places. And out on the open highway,

you'll find that it's a big-car riding dream!

You ask, "Has it got a good engine?" Yes, sir!—the most famous engine in automotive history—a Packard engine.

Has it got big-car feel on the road? Why not try a ride for yourself—with you at the wheel, and over a road of your own choosing.

So, if you've reached the point where you want more car... be sure to see and drive the new Packard CLIPPER and compare it with other medium-priced cars. The Packard dealer nearest you is listed below—see him soon!

New Packard CLIPPER

In addition to the Clipper, PACKARD is building today a car so beautiful and fine that it is applauded everywhere as "America's new choice in fine cars."
