AT HOLIDAY MARKET IN PHOENIX

Nancy Milford Named "National Saleslady"

Hereford's Nancy Milford walked off with the title of Miss National Saleslady Tuesday night when she eliminated, in the final round of the contest, Marilyn Burtis of Syracuse, N. Y.

The title-ribbon was pinned across Nancy's chest by Carolyn Lee Annette, a Hollywood specialist in cosmetics and make-up.

For Nancy, winning the contest will mean more than just having a fancy title. With the title goes a \$500 wardrobe, a week's vacation at Desert Inn, Las Vegas, Nev., and finally, the honor of being the official hostess for the National Market when it is held at San Francisco in December.

Final Round

In the final round of the contest, the girls came out first dressed in their formals, and then in bathing suits. Before that, though, each of the girls had been judged for poise, personality and general appearance. Some 30 girls from as many different parts of the country were in the contest, and had paraded in street dresses, bathing suits and formals for the benefit of the judges.

Wednesday night at 9 o'clock, Nancy, accompanied by her mother, Mrs. J. H. Milford, and by Mrs. A. C. Thompson of the Little Fashion Shop, which sponsored her, arrived back at Amarillo Airport from Phoenix where the Holiday Market of the Grand Canyon Travelers Association was held.

Chosen By Leo Newman, Nancy was chosen as Miss Texas Saleslady by Leo V. Newman, president of the Grand Canyon Travelers' Association, after he had interviewed 40 other Texas girls who were vying for the honor.

Tonight at the "Town Inspection Day" banquet, Nancy, who was reported Wednesday morning to be "almost too excited to talk," will be one of the honor guests.

NANCY MILFORD

Saturday Is Rural Youth Day At Fair

Saturday will be Rural Youth Day at the Tri-State Fair in Amarillo, and 4-H and FFA members will be able to get into the grounds and to two special events without charge when they are properly identified, according to Deaf Smith County Agent Hugh Clearman.

"If you don't get a letter from the county agent or the county home demonstration agents, then you should drop by and get some identification," Clearman said for the benefit of all the rural youths in the county.

Or Identify At Gate

The other way for the youngsters to get in is to make arrangements to have a teacher or agent at the gate to identify them, Clearman added.

Saturday morning at 10 o'clock, there will be the crowning of the Wheat King and Baking Queen in the Sports Arena. At 2 o'clock that afternoon the Ice Show will be held, and the rural youngsters can get into that, also, with proper identification.

Massie Infant's Funeral Services Held On Sunday

Funeral services for Joe Bill Massie, infant son of Mr. and Mrs. B. G. Massie, 426 Schley, were held Sunday afternoon at the St. Anthony's Catholic Church with Father Nathaniel Madden officiating.

The child died Saturday afternoon in the Deaf Smith County Hospital after an illness of two days. He was born September 18, 1953.

Survivors include his parents and one brother.

Burial was in West Park Cemetery. Gilliland Funeral Home had charge of the arrangements.

Mr. and Mrs. H. E. Miller and their granddaughter, Charlotte Jean Jacobsen of Channing, visited his mother, Mrs. Lucy Miller, and his sister, Miss Estell Miller, at Fort Worth last week.

Fire Hazard Check Is Being Made Today

Fire Marshall Speaks Tonight

Fighting a big fire with water is a dramatic business. The hissing streams as they gush from hoses, the throb of the big pumper trucks, firemen in helmets and other protective clothing—it all makes an exciting picture that most people like to watch.

By comparison, the work of inspection teams who are going through business houses in downtown Hereford today, which has been proclaimed "Town Inspection Day" by Mayor Henry Sears, is humdrum and without color, but these men—members of the North Texas Division of the Insurance Fieldmen's Association, accompanied by members of Hereford's Volunteer Fire Department and Boy Scouts—will actually be doing more to stop fire losses than the fireman shooting water on a blaze can do.

Schedule Of Events

8:45 a.m.—Parade down Main Street.

9 a.m.—Inspection of Hereford business houses for fire hazards starts.

6 p.m.—Fire fighting demonstration near tennis courts on Park Avenue by Hereford Volunteer Fire Department.

8 p.m.—Banquet at Hotel Jim Hill—the public is invited to attend—for the inspection teams, Hereford volunteer firemen and their wives, and visiting fire chiefs. Grady Burns, Dallas fire marshal, will speak.

Red Tags For Hazards They will do this by finding—and hanging red tags on dozens, and probably hundreds, of "fire hazards," things which could cause a disastrous fire.

An incinerator set too near wooden beams or supports, improper electric wiring, inflammables improperly stored, will be only a few of the items that will be found and tagged.

WORKING UP ON A BUTANE fire then cutting the valve off will be part of the fire fighting demonstration near the tennis courts at 6 o'clock this evening. In a practice demonstration Tuesday night, Dub Reeves and Kenny Wilson were keeping the fire smothered down with spray nozzles as Assistant Fire Chief Glenn Witherspoon reached for the butane tank shut-off valve. The flames were from perforated pipe lying along the sides of the tank. (Staff Photo.)

as they are corrected, then mail the form back in.

Parade Starts Day A parade at 8:45 o'clock this morning will start the ball rolling on the inspection tour. During the day, a clown and "The Fifth Horseman" will both do various things to help make businessmen and other citizens more conscious of the constant danger of fire.

At 6 o'clock this afternoon, in the area near the tennis courts just off Park Avenue, Hereford firemen will demonstrate their techniques for controlling fires of butane, oil and old tires. With special nozzles on the hoses, the firemen will work in on each one of the fires.

In the case of oil, the fire will be "driven off," while with butane it is necessary to fight the fire away from the shut-off valve, then cut the valve off by hand, thereby cutting off the fire's fuel supply.

To Demonstrate The insurance men are the first to say that any town needs a well-trained fire department, no matter how few fire hazards it may seem to have, and Hereford's firemen will be given a chance to demonstrate some of their training.

At 8 o'clock tonight there will be a banquet, to which the business men and the general public are invited, to honor the inspection teams and the volunteer firemen.

It will be there that Hereford Fire Chief Earl Phillips will receive the full report from the inspection teams.

Fire Marshall To Speak Grady Burns, fire marshal for the City of Dallas, will have a talk which should be of interest to every citizen. C. E. Colson, president of the Texas Insurance Fieldmen's Association, will also be on the program.

Special guests at the banquet in Hotel Jim Hill will be the inspection team members, members of the Hereford Volunteer Fire Department and their wives, and fire chiefs from Vega, Dimmitt, Canyon, Friona and Amarillo.

The inspection is being done without charge by the Fieldmen's Association as a public service to help cut down on fire losses. Hereford is one more Texas town which will be safer because of the inspection.

Mrs. Glenn Boardman returned Saturday from visiting with her parents, Mr. and Mrs. W. Boardman of Hollis, Oklahoma. She visited her sisters, Mrs. Jack H. Lund and Mrs. Marvin A. Swanson in Chicago, Ill., and stopped in St. Louis to see Mr. Boardman's sisters, Mrs. Leven D. Gray and Mrs. Richard L. Renz. She was gone about three weeks.

Two \$500 Bonds Set In DWI And Beating

Charges of aggravated assault and driving while intoxicated were filed against H. R. Cole Tuesday after he first beat his wife and then was caught driving his pickup down a road near the farm where they were living.

The incident occurred Monday morning when Cole, allegedly in a drunken rage, beat his wife, and then, she told police later, went in the house for a gun, saying that she was going to shoot her.

Fled From Farm At this point she fled from the farm with the nine children in the family, and was brought into town in a truck, the driver of which saw the group on the road.

Mrs. Cole went first to the police station, and it was thought there that she might have a broken bone in her neck from the beating she had received. However, a check at the hospital later showed that this was not the case. The children were turned over to a county welfare worker at that time. Mrs. Cole has since been released from the hospital.

When Police Chief Leo Box and Sheriff Lowell Sharp went after Cole at the farm, he was not there, but they met him farther down the road, with his pick-up weaving from side to side as he drove along.

Judge Horace Schloss set bond in each of the cases at \$500 Tuesday when he held a hearing on the two complaints. Cole told the court that he wanted time to employ legal counsel.

October 6 Meeting Of Dairymen Set

Dairymen from Deaf Smith, Randall and Castro counties will meet at the Court House in Hereford on October 6 to discuss the organization of a tri-state dairy association, according to Deaf Smith County Agricultural Agent Hugh Clearman.

"This meeting is not to plan a marketing association, but an organization for education and other things," Clearman said.

Jaynes To Speak M. C. Jaynes, organization and co-operative marketing specialist from Texas A&M, will be in Hereford that night to meet with the group, and explain some of the possibilities of such an organization.

All dairymen, whether or not they are interested in joining a dairyman's association, are being urged to plan to attend the meeting.

Around Town

Earnest Langley reviewed the boy Scout program in Hereford at the Lions Club Wednesday, and was followed by Bob Wilson, who said that the present Scout program is, in his opinion, the best that has ever been available in Hereford.

Pete Cowart, representative of Southwestern Life Insurance Company here, is in San Francisco this week attending the company's Golden Anniversary Convention. Cowart earned the trip by his production of quality business during the year which helped the company achieve a billion dollars of life insurance in force prior to the 50th anniversary of its organization. Cowart is accompanied by his wife. They plan to return about October 4.

The Primitive Baptist Ladies are sponsoring a rummage sale at the Huckert Television Service, 143 Main Street, Saturday.

J. N. Harding of Williams Farms, Hereford, was among 15 new directors elected by mail ballot for the Texas Citrus and Vegetable Growers and Shippers Association. Ballots containing the names of new and hold-over directors will be mailed out to Texas Growers and Shippers immediately to be marked for the election of officers.

Among those who received their Senior Life Guard certificates in the Red Cross class taught by Jack Ramey this summer at the municipal swimming pool were Jane Houston, Hubert Wayne Godfrey, Johnnie Francis Boyd, Sylvia McCracken, Jo Bill Willis, Gayle Gault, and Leroy Hemmington.

Bill Engman, a Junior at Eastern New Mexico University in Portales, N. M., and a 1952 All-Conference choice, is among the three prospects to replace Joe Harbert, regular quarterback and letterman who has quit the squad after receiving final induction papers from the Army.

(Continued on Page 2)

Last Rites Held For O. H. Altman

Funeral services for Oscar H. Altman, 60, 826 Knight Street, were conducted from the Avenue Baptist Church at 3:30 o'clock Wednesday with Rev. H. V. Fields officiating, assisted by Rev. Bob Harris.

A widely known resident of Hereford since 1926, Altman died of a heart attack at the Black Elevator in Black, Texas Monday morning about 10 o'clock. Altman, a carter at the time.

Born March 27, 1893 at Blacklin in Van Zandt County, Altman was raised in East Texas. When World War I was in progress, he enlisted in the Army, and went overseas with Co. G, 36th Infantry as a private. He was a member of the American Legion.

Married At Tulsa

On Dec. 15, 1920 he married Miss Ocie Guthrie at Tulsa. It was in 1926 that the family moved to Hereford from Flomot.

Known as a clean-cut man who was square with everyone, Altman had many friends. A hunter and fisherman, he did not go out with just one small group, but was out often with different friends and groups of friends.

In conversation, he never had anything bad to say about anyone, but was known as a man who wouldn't say anything at all about others unless he could say something good.

Proud of Trade

Proud of his trade, he practiced carpentry with skill, believing that any job, whether large or small, should be done properly the first time.

Active pallbearers were Shorty Morton, Clarence Schulz, Art Manjeot, O. D. Britting, Dub Reeves and Bob Lindsey.

Survivors include his wife; one son, Lee Altman of San Diego, Calif.; two daughters, Mrs. Eleanor Brown of San Diego, Calif., and Mrs. Jeanette Poff of Levelland; five brothers, Mike Altman of Lubbock, Walter Altman of Lubbock, Ben Altman of Post, Nathan Altman of Memphis, and Martin Altman of Lubbock; four sisters, Mrs. Julie Williams of Fabens, Mrs. Artie Davidson, Corsicana,

Mrs. Dee Kirk of Austin and Mrs. Myrtle Houston of Austin.

Burial was in West Park Cemetery. Gilliland Funeral Home had charge of the arrangements.

Lions Birthday Party Tuesday

Hereford Lions will celebrate their 25th birthday Tuesday with a banquet and Ladies Night celebration in Hotel Jim Hill, according to J. W. Robinson Jr., president of the club.

Principal speaker for the evening will be C. W. McKee, Lions International director from Hays, Kan. Charter members of the club will also be honored. Robinson said. These are G. W. Brumley, Ray Coneway, Alec Thompson, L. H. Foster, John McLean, J. W. Robinson Sr., and Jessie Stanford.

Former presidents of the club will hold the positions of importance during the evening. Ray Cowart will be toastmaster, Wayne Edwards tall twister, and T. E. Seigler song leader.

Gifts or Ladies

There will be gifts for the ladies, and awards will be presented to Lions who are due to get them. A speech by J. W. Robinson Jr., honoring the charter members of the Hereford Lions Club is also scheduled.

Among the honored guests for the evening will be Mayor Henry

(Continued on page 2)

WITH STEEL AND BRAVN another hole is being punched deep into the earth under Deaf Smith County in the never-ending quest for more oil. Being drilled by Southeastern Construction Company for Gulf Oil Corporation, the hole has reached below 5,000 feet, and drilling will probably reach 10,000 and 12,500 feet. The 136 foot high derrick is located about four miles west of Summerfield. Gulf is reported to have bought mineral lease rights on as much of the land as possible in the area near the well, and has also purchased some royalty. Bill Harris, long-time Summerfield resident, said the area in which the well is being drilled is "Good Prairie." (Staff Photo.)

Congressman Walter Rogers Says Laws For Control Of Production Are Not New In This Country

How old are farm programs? Farm legislation providing for ways to bring agricultural production into line with demand, to provide incentives to increase production of commodities in short supply, and to protect farmers against ruinously low prices, are not peculiar to this generation. As early as 1623 the "Grand Assemblée" of Virginia at "James City" enacted a law to see that sufficiency of corn be planted. By 1632 they required two acres of corn per head to be planted and tended. These laws were repeated many times. Moreover, the "Grand Assemblée" passed laws to control tobacco production.

These laws provided for acreage limitations, which in effect provided incentives for producers to shift from crops produced in excess of requirements to other specified commodities for which demand exceeded supplies. The following wording of part of the preamble to a marketing order regulation before the Grand Assembly in 1666 seems as modern as 1952: "Whereas the quantity of tobacco made in this country by increase of the

number of inhabitants employing themselves wholly to the making of that commodity, and the continuation of their unlimited planting has become so great that all markets have become glutted with it, and the value of it reduced to so low a rate that the planter is rendered incapable of subsisting, and the merchant discouraged in his trade."

Numerous Laws Passed
From 1645 through 1676 the Assembly passed numerous laws providing for export controls and export subsidies. Exports for a time were prohibited on corn, hides, leather, wool, and grain. Export duties and customs were lifted in 1655 on tobacco to encourage export of a surplus.

Price controls were also a part of this earlier legislation. In 1631-32 corn prices were fixed at not less than 16 shillings per barrel. The price of tobacco was set at not less than 6 pence per pound. In 1633 tobacco went under price ceilings, but by 1639 they returned to minimum prices again.

A BRIEF RESUME — Farmers throughout the country have experienced various troubles this year. Most farm products have shared in the decline in farm prices. The index of prices received by farmers as of July 15, 1953, was 259 (1910-14=100), down about 12 percent from July 15, 1952 index of 195. During this same time the index of prices paid by farmers dropped less than 3 percent, from 286 on July 15, 1952 to 278 on July 15, 1953. During this past year the ration of prices received by farmers to prices paid dropped from 103 on July 15, 1952 to 93 on July 15, 1953. This is a decline of about 10 percent. In other words prices received by farmers for their products have declined more than prices paid for items used in production, interest, taxes and wage rates during the same period. To state the problem more simply, farm prices have been falling while farmers' costs in effect have been increasing.

Return To Washington—Mrs. Rogers and the children have returned to Washington and the children have re-entered school. I drove them to Memphis, Tennessee and turned the job over to Mrs. Rogers there. She always does a better job than I do, so they made it back to Washington all right. I came back to Amarillo and will be here until around the 25th of September. I will return to Washington for a short stay and be back in October.

Boys And Girls Warned To Obey Traffic Rules

"Being careful in traffic is good citizenship," Col. E. B. Tilley, president of the Texas Safety Association, and Services Advisor for the Gulf Oil Corporation told the boys and girls of Texas this week.

Col. Tilley was speaking in connection with the September child traffic safety program being sponsored by the Texas Safety Association in cooperation with the National Safety Council.

"A driver who has to dodge a careless child may hit another car or a building, and cause a bad accident," he said.

Hard To Avoid
And sometimes a motorist can't avoid hitting a child who runs into the street without looking, he pointed out.

"Boys and girls are being good citizens when they do their best to prevent such accidents by observing all traffic safety rules themselves, and by helping their friends to remember to do the same," he explained.

He reminded children that, to be safe in traffic, they always should follow five basic safety rules, which are:

- Obey These Rules**
1. Obey all traffic officers, school patrols, traffic signs and signals and pavement markings.
 2. Use roller skates, tricycles, wagons and scooters on the sidewalk only.
 3. Practice the rules they learn in school about crossing streets and playing in unsafe places.
 4. Always take the safest route between school and home.
 5. Walk on the left side of the road, facing traffic, if there are no sidewalks.

Between 1931 and 1951 the number of Scots able to talk Gaelic dropped from 12.4 percent to 6.7 percent.

The U. S. Bureau of Mines says major coal mine disasters—in which five or more men are killed—account for only seven percent of all coal mine fatalities.

State and federal irrigation experiments in the James River valley of South Dakota boosted corn production from about 22 to over 81 bushels per acre.

Stainless Prevents Stains
Chromium-nickel stainless steel is used in the construction of laundry machinery because its corrosion resistance does not cause discoloration.

Thermostatic Metals
A combination of special nickel alloys—one which shows practically no expansion or contraction in hanging temperatures, the other that expands and contracts a great deal in heat and cold—is used widely in thermostats.

There were about 100,000 cigar store Indians in the United States in 1900 but only about 3,000 are left says the National Geographic Society.

About 70 percent of the world's land surface is ocean.

Because of its cellular nature, wood absorbs and deadens sound.

Frank Broyles, backfield coach at Georgia Tech, played for the Yellow Jackets four years and has coached them two years. Each of the six years Tech has played in a post-season bowl game.

Acorn Squash and Sausage ... delicately seasoned squash served in its own shell with sausage balls.
1 large acorn squash, about 2 pounds
1/4 teaspoon salt
Dash of pepper
1 tablespoon butter or margarine
1 teaspoon grated onion
1/4 teaspoon nutmeg
1 egg, slightly beaten
1 1/2 pounds sausage meat
Ahead of time steps: Cut squash in halves lengthwise. Remove seeds and stringy portion. Place cut side down on a rack in a shallow baking pan, add about 1/2 cup water. Bake in a hot oven, 400° F., until just tender, about 30 minutes. Remove from oven, cool a few minutes. Scoop out pulp without piercing shells. Mash pulp; add salt, pepper, butter, onion, nutmeg and egg. Whip until fluffy. Spoon into shells along sides. Shape sausage into 1" balls. Fry in a skillet over moderate heat until lightly browned. Drain. Place the squash filled shells in a greased baking dish. Fill centers with sausage balls. Cover. Store baking dish in refrigerator.
About 30 minutes before serving: Bake stuffed squash in uncovered greased baking dish in a moderately hot oven, 375° F., until squash is heated and lightly browned. Make 4 servings.

IRRIGATED QUARTER SECTIONS IN THE HEREFORD AREA

160 acres located 7 miles from Hereford, one-half mile off pavement. No improvements, land lays perfect, will water either north or east. Has extremely good 8" irrigation well with Chrysler industrial motor. Will sell and give immediate possession if crop now growing is sold with land or will pay rent on crop and give possession after harvest. Land only . . . \$42,000 . . . will take 29% down to right party. 158 acres 7 1/2 miles from Hereford on pavement. Nice two bedroom, modern home. Large new barn and lots of outbuildings. Good 8" irrigation well with electric motor. Land lays perfect. Will pay rent on present crops, give good terms to responsible buyer. Total price . . . \$54,000.

Two nearly perfect quarter sections laying side by side, unimproved but with extremely good 8" irrigation wells . . . one on each quarter. Will sell either quarter at \$32,000 . . . 29% down . . . or will sell both quarters together for \$175.00 per acre . . . same terms. Land has only been irrigated this year and is free from Johnson grass.

NEW LAND . . . we have four quarter sections, one still in grass . . . all lay as level as a table . . . no irrigation wells on any of them but good wells all around . . . wells cost about \$8,000 for turnkey job . . . will sell, any one or all of these quarter sections for \$24,000 and take 29% down, 15 years on the balance . . . The only way you can lose is to say NO.

Let's Talk Livestock

By TED GOULDY

Fort Worth—The largest run of cattle and calves of the season arrived at the 12 major livestock centers of the nation last Monday. Over 158,000 cattle, and over 20,000 calves were reported around the circuit.

While somewhat lower prices were reported at most points, the break in prices was cushioned by the ability of the markets to absorb a heavy beef supply. Low grade slaughter cattle and calves were getting help from increased government purchases, and indications that foreign relief funds would be used to buy millions of pounds of canned beef was a favorable straw in the wind.

Steers Steady
At Fort Worth steers and yearlings ruled steady to 50 cents off. Cows were fully 50 cents lower, some interests bidding additionally lower on fat cows. Bulls ruled steady. Slaughter calves edged downward again by 50 cents per hundred, instances of more.

Stocker trade showed moderate activity on the Monday trade at Fort Worth with higher grades generally steady with last weeks' close. Numerous loads of feeder cattle sold in the \$13 to \$16 bracket, good kinds of steers and yearlings numerous at \$15 to \$15.75. Stocker calves sold from \$10 to \$16.50. Heifer calves and heifer yearlings usually sold from \$1 to \$3 under their steer mates.

Fat steers and yearlings eligible to sell above \$20 were very scarce at Fort Worth Monday, a few from \$20 to \$22, and high choice or prime kinds were quotable to \$23 to \$25. Common and medium grassy kinds sold for \$10 to \$15.50, and cutter grades cashed at \$8 to \$9.

Fat Cows
Fat cows cleared at 9 to \$12 and canners and cutters drew \$6 to \$9.50. Several loads and smaller lots of high yielding cutters in the \$8.75 to \$9.50 field. Bulls drew mostly \$8 to \$12, with some individuals upwards to \$12.50 to \$13.

Good and choice slaughter calves sold for \$12.50 to \$16, with a few choice heavies \$16.50. Common and medium butcher kinds sold from \$9 to \$12, with culls from \$7 to \$9. Good and choice stocker steer calves drew \$13 to \$16.50, and heifer-calves sold from \$14 downward. Stocker and feeder steers and yearlings sold from \$10 to \$16. Stocker cows drew \$8 to \$12.

Lambs Weak
Slaughter lambs were weak to 50 cents lower, and other caisses of sheep and lambs were sold about on a level with the previous week at Fort Worth. Good and choice fed lambs topped

at \$17 to \$18.50, two decks of choice fat lambs at the higher figure. Cull, common and medium slaughter lambs sold from \$10 to \$18. Stocker and feeder lambs bulked at \$11 to \$14.

Fat yearling wethers sold from \$12 to \$13, while old wethers drew \$7.50 down. Feeder yearlings cashed around \$10 to \$10.50. Slaughter ewes drew \$5.50 to \$6.50.

Hogs Steady
Butcher hogs sold steady to 25 cents lower at Fort Worth Monday. Top hogs sold for \$25.50 to \$25.75. Sows were steady to easier at \$20 to \$24. Pigs drew \$20 down. Underweight butchers drew \$21 to \$25.25.

Cattle Moving
It is now estimated that 65 to 75 percent of the Flint Hills cattle have moved out ofansas. Increasing interest is reported at Midwestern markets in fleshy steers suitable for quick-turn feeding.

The better demand for fleshy feeders at Fort Worth has been a reflection of this condition, a good many large and small bunches of feeder steers and yearlings in the \$14 to \$16 field Monday of this type.

THEY WERE ALL AFTER HERI Fire, the Fifth Horseman; the Fire Demon; Stupid Carelessness, the clown; and the character in the barrel who didn't believe in Fire Prevention, but has red flannels bright enough to start a blaze all by themselves. While other insurance men are checking business houses today for fire hazards, these men will be telling the story of fire prevention in a left-

handed sort of fashion. The young lady they waylaid here is Mrs. V. L. (Perry) Wampler. The men, all from Lubbock, are, from left, Hugh Harbert of the National Union Fire Insurance Company; James Hoard of the Yorkshire Insurance Company; Walter Swensen of the Glen Falls Insurance Company, and Frank Dickehut of Founders Insurance Company. (Staff Photo.)

at \$17 to \$18.50, two decks of choice fat lambs at the higher figure. Cull, common and medium slaughter lambs sold from \$10 to \$18. Stocker and feeder lambs bulked at \$11 to \$14.

Man Charged With Desertion Of Child Is Freed Under Bond

A man charged with child desertion is out on bond under orders to pay child support while he awaits the action of the next session of the grand jury.

Rito Maldonado, who was arrested on a warrant issued by County Judge Horace L. Schloss, appeared before the judge, who was sitting as an examining magistrate in the case, and said that he wished to waive examining trial and wanted his bond set.

Bond Set
Judge Schloss set Maldonado's bond at \$100 "with the hope that the defendant could make the bond and begin to support his minor child." The judge informed Maldonado that his case, being a felony, would go to the grand jury at its next session.

It was also ordered by the court that the defendant pay \$50 a month to the County Clerk of Deaf Smith County for the support of his minor child pending grand jury action in his case. The money will be forwarded to the mother of the child or the child's benefit.

Monday Maldonado made bond.

Hereford Motor Co. Purchased By Scott

Buran Scott, recently of Canyon, has purchased the Hereford Motor Company, which has the Ford and Mercury dealership here. A former resident of Hereford, Scott is announcing that he has plans for building better facilities for Hereford Motor Company. This will be both to give them more working space and to allow the company to give better service to their customers.

Mr. and Mrs. Claude Higgins returned home Saturday from a three weeks stay in Hot Springs, N. M.

Four Tie For First In Football Contest

Four people tied for first place last weekend in the annual football contest sponsored by the Hereford Brand and co-operating merchants.

As a result, the prizes will be split, giving each of the four winners \$1.25 in trade at Dush's Man's Shop and \$1.25 in cash from the Hereford Brand. Winners are asked to come by the Brand office to pick up their letters of credit and the money. Winners are: Miss Ruth Loerwald, Mrs. Arthur Tinsley, Mr. Nolan Grady, and Mrs. James H. Bell. Each of the four guessed right on 14 games out of a possible 20.

The season is just beginning. Get your guesses on the various games in before this week's deadline.

Jeff Trigg Buried Tuesday At Friona

Funeral services for Jeff D. Trigg, 55, of Friona, were held at 4 o'clock Tuesday afternoon in the Church of Christ at Friona.

Trigg died Sunday evening in Deaf Smith County Hospital after a short illness. He was born November 23, 1897 in Grapevine, Texas. He moved to Farmer County in April 1930 from Oklahoma.

Survivors
Survivors include five brothers—G. Trigg, Friona; Zac Trigg, Oklahoma City; H. O. Trigg, Amarillo; Steve Trigg, Borger; Jack Trigg, Santa Fe, N. M.; and three sisters, Mrs. Nettie N. Hardin, Granfield, Okla.; Mrs. J. E. King, Lawton, Okla.; and Mrs. Maude Hall, Lawton, Okla.

Burial was in the Friona Cemetery. Gilliland Funeral Home had charge of the arrangements.

Jolly Teen Horizon Club Elects Cecilia Wilkins As President

Cecilia Wilkins was elected president of the Jolly Teen Horizon club Tuesday afternoon when it met in the home of the club's leader, Mrs. Urlin Streu.

Other officers elected were Frankie Culpepper, vice-president; Lotus Root, secretary; Nancy Patterson, treasurer; Janice Craig, reporter; Betty Culpepper, historian; and Gracie Fotheringham, parliamentarian.

Lotus Root was the hostess for the meeting. Refreshments of cakes and doughnuts were served to Cecilia Wilkins, Nancy Patterson, Janice Craig, Gracie Fotheringham and Mrs. Streu.

Pink And Blue Shower Given For Mrs. Porter

Mrs. Jack Porter was honored with a pink and blue shower in the home of Mrs. W. G. White Tuesday afternoon.

Mrs. White presided at the punch bowl and Mrs. Bill Jones led the games. Mrs. Floyd Lowe had charge of the guest book.

Those present were: Mesdames Ralph Gee, Floyd Lowe, Johnny Porter, C. C. New, Henry Weems, Roy Jackson, Marguerite Porter, Reys Weathers, Fritz Christman, Bill Denney, the honoree and the hostesses, Mrs. White and Mrs. Jones.

Personals

Guests in the home of Mr. and Mrs. W. S. Fluitt last week were Mr. and Mrs. Charles Barnhart and Mr. and Mrs. John L. Hicks, all from Santa Rosa, N. M.

ers, Retha Jo Godfrey, daughter of Mr. and Mrs. C. C. Billingslea and Sherry Benson, daughter of Mr. and Mrs. H. F. Benson.

Mr. and Mrs. J. A. Pittman and Mr. and Mrs. Charlie Huston left Sunday for a short trip to California. They plan to return home today.

Save the water in which you simmer a smoked beef tongue and use it in making split pea soup. If there's a small portion of the tongue left over, dice it fine and add it to the soup when you serve it.

Small boys and girls should not be served highly-spiced dishes, but their food should be flavored appealingly. A little onion, parsley, celery, tomatoes or lemon juice will often make a meat or fish dish taste "just right."

Fire Loss Going Up Over State

AUSTIN, TEX.,—Six out of every 100,000 Texans will die in fires during the twelve months ending December 31, Norris W. Parker, manager of the Texas Insurance Advisory Association, said today. Based on figures kept for the last twenty years on Texas fire losses, about 550 Texans will lose their lives in fires in 1953. Last year, the figure was 542, and it will be at least that this year, insurance company statisticians predict.

Fire Consciousness Needed
Unless Texans become more fire-prevention conscious and quickly, the property loss this year also is expected to exceed 1952. Last year, \$33,172,559 worth of Texas property went up in smoke—the highest

in the state's history, excluding the Texas City disaster in 1947. By the end of this year, property loss may approach \$40,000,000, Mr. Parker said.

The figures were announced by the fire insurance trade association to help encourage Texans to participate in National Fire Prevention Week, October 4-10.

Give the children's lunch table a party look by cutting place mats from colored paper with your pinking shears. The shears will pretty up paper for gift wrappings, too, and turn crepepaper into extra special party decorations.

Do your youngsters clamor for snacks when they come home from school? Have a sread-your-own tray ready, with graham crackers, creamy cottage cheese and jelly on it.

Are there dabs and dabs of vegetables and meat or fish in your refrigerator at the end of the week? Put these leftovers together in a well-seasoned cream sauce and serve over split buttered baking powder biscuits. Watch how fast this dish gets eaten up! Occasionally flavor the cream sauce with a little tomato paste or curry powder.

Lamb shanks are thrifty and easy to cook. Just brown them in a little fat in a Dutch oven with a clove of garlic add a small amount of water and simmer until the meat is tender — an hour or two, depending on the size of the shanks. Thicken the gravy if desired and serve over rice.

When you are pan-broiling steak or chops, be sure to pour off any fat that accumulates in the skillet as the meat cooks.

Use a potato masher to flatten drop cookies—you'll discover the baked cookies have interesting geometric designs on their tops.

If the motor of your electric mixer is not permanently lubricated, you'll need to oil it regularly. If you use the mixer almost every day, you'll probably find a few drops of oil once a month does the job.

For a housewarming or hostess present with a homey old-time touch, tie several graduated wooden spoons together with a big bright bow.

Here's a delicious topping for hot gingerbread. Soften cream cheese and beat with a little top milk, confectioners' sugar to taste and grated orange rind.

Tag Champions Headline Event Saturday Night

The two new Southwest States tag team champions, Cyclone Anaya and Tommy Martindale, headline Saturday night's main wrestling event at the Hereford Sports Arena.

Anaya, popular Venezuelan, and Martindale, acrobatic athlete from Milwaukee, recently lifted the title from Dory Funk and Cowboy Carlson. The latter had held it for nearly two years.

Rowdy Buck Lipscomb of Eugene, Ore., and Ace Abbott of Abilene will attempt to throw a scare into the champions in the two out of three falls or one-hour main event.

Considerable Rivalry

Considerable rivalry has been built up between at least two men in the tag team match. Martindale and Abbott. In a recent special event at Amarillo, Abbott went berserk and gave Martindale's handsome features quite a work-over. He cut Tommy's head above his left eye, then raised a big knot just above the cut. Dripping with blood, the two wore sorry sights in the dressing rooms afterward.

On Saturday night they will resume their feud in the opening event, a one fall or 15-minute duel, and continue it in the main event in which they are almost certain to meet on an individual basis again.

Bill Sledge, hard-working ex-Rice Institute athlete from Houston, meets tough Billy Weidner of Amarillo in Saturday night's semi-final. They go for two out of three falls or 45 minutes in a match due to see a great deal of real, strong-arm wrestling.

Martindale Splits Main Event With Carol Carota

Tommy Martindale and Carol Carota were the winners of the double main event of wrestling at the Bull Barn Saturday night. Wrestling can be seen every Saturday night at 8:30 o'clock. The Hereford Lions club sponsors the wrestling.

The first event, two out of three falls or a one hour time limit, was between Tommy Martindale of Amarillo and Billy Weidner, also of Amarillo.

Martindale took the first fall in 18 minutes with a rolling cradle split. Weidner evened up the match when he took the second fall in 12 minutes with a full nelson. Martindale won the third and deciding fall in six minutes with a rolling cradle split.

Carota Wins Event

Carol Carota of Cincinnati, Ohio was the winner of the second event when Millie Stafford of Minneapolis, Minn., was disqualified for tying Carota in the ropes and choking when he would not break the hold.

Stafford won the first fall in 12 minutes with a toe body press following a body slam. Carota took the second fall in 13 minutes with a giant swing and body press.

Carota won the third and deciding fall in seven minutes when Stafford was disqualified.

The Hereford Brand SPORTS

Hereford, Texas, Thursday, September 24, 1953 Section Two

CHIP SHOTS

By Bud Posey

Activities for the annual Hereford Invitational Golf Tournament will get under way on Wednesday, September 30, with Pro-amateur matches commencing at 9:30 o'clock.

Qualifying for medalist prize (a \$35 golf bag) will be held all day Thursday, October 1. Also, at 7:30 o'clock at the Jim Hill Hotel Ballroom, a supper will be served to all contestants and their wives.

Sixteen players will make up each amateur flight. Entrance fee will be \$10 for everyone, which will include green fees. Any player not wishing to qualify may turn in his score to the pro shop prior to 3:30 o'clock Thursday afternoon, October 1. Local golfers may start qualifying Sunday, September 27 for everything except championship flight.

Amateur Prizes

Amateur prizes include: Medalist, \$35 golf bag; winner of each flight, a \$115 set of Hagen Irons; runner up of each flight, a \$57.50, 17 jewel wrist watch; and consolation winner of each flight, a \$25 electric razor.

Matches will commence Friday morning, October 2 at 7:30 o'clock, with one match of 18 holes being played in each flight.

Saturday morning, October 3, at 7:30 o'clock all second round matches and first round consolation matches will be played.

Sunday morning October 3 and 7:30 o'clock, semifinal matches in all flights and consolation flights. Sunday afternoon, October 3, at 1:30 o'clock, final matches in all flights and consolation flights.

habits of fame, such as determining migration, life span, feeding and nesting routine.

The Director of Wildlife Restoration said the band receipts later would be used to help piece together the will include those from doves in the South Zone, beginning October 1, waterfowl, deer, antelope, wild turkey and the like. Persons forwarding the bands receive a formal acknowledgment from the Commission, including a "case history" of the specimen involved.

Presentation Of Prizes
Sunday evening, October 3, at 6 o'clock, presentation of prizes.

A special professional flight has been added this year with 18 holes being played each on Friday, October 2, Saturday, October 3, and Sunday, October 4. Pro's will be competing for \$500, which has been donated by the following merchants: Delano Cafe, Hereford Parts and Supply, Hereford Golf Club, Dib's Mens Store, Hereford News Stand, Star Theatre, City Drug Store, Vaughn's Cafe, Western Wheel Inn, Cafe, Elm Courts, Jim Hill Hotel and Coffee Shop, Ike's Steak House, The Borden Company, McDowell Drug, Rovers Drug, Streu Hardware, Hereford Hardware, J. C. Penn Company, Carl McCaslin Lumber Company, Lindsey Cleaners, Pitman Service Station, Bud Posey Golf Shop, and Henry Benson.

One Hundred Expected
Around 100 golfers are expected, with amateur favorites being John Farouhar, Amarillo; Grover Austin, Pampa; Mel Best, Littlefield; Jack Williams and Jack Garrett, Plainview; Rex Brown, Floydada; Paul Jones, Clovis; and Stan Barrett, Hereford.

Professional favorites include Dick Turner, Amarillo; J. D. Taylor, Clovis; Joe Lopez, Memphis and Kenneth Wright of Littlefield.

Tom Wright, outfielder for the Chicago White Sox, started his baseball career in 1942 as a pitcher.

Walter Ziemba, now starting his 11th season as assistant grid coach at Notre Dame, was the regular center on the 1941 and 1942 Irish teams.

Arthur Prudholm, who won the middleweight boxing title at the 1920 Olympics, now is a cook in training camps in northern Saskatchewan and Manitoba, Canada.

The Detroit Lions have on their roster 15 men who formerly played with other teams in pro football.

CUSTOM CAR SHOW WINNERS Sunday were, from left, Leo Hammond, Howard DeShazo, with Mrs. DeShazo, Jody Coker and Lanny Wilkins. DeShazo won the top trophy for the prettiest point job and the best all-

around car. Sponsored by the Road Knights, the show drew entries from the Amarillo Dusters and from non-club members who have worked their automobiles over in one way or another. (Staff Photo.)

DeShazo Wins Road Knight Car Show Trophy

A dozen cars were entered in the Hereford Road Knights Custom Car Show Sunday afternoon. Held in Wallace Buick Company's service department the show gave the car owners a chance to exhibit both the outsides of their cars, and some of the work which has gone under the hoods of their vehicles to make them faster, smoother operating and better looking.

Howard DeShazo's 1942 Dodge, with the original paint still gleaming, took the cup for the best all-around car and for the prettiest paint job.

Prettiest Motor

Lanny Wilkins 1948 Chevrolet was voted to have the prettiest motor. Jody Coker won a cup with his 1951 Ford for having the nicest car in the 1946 and later class, and Leo Hammond's 1942 Mercury convertible took the cup for the best looking custom car in the 1942 and older class.

Pat Newell, Road Knights president, presented the trophies.

Those who exhibited their cars in the show were Bill Paetzold, Richard Clark, F. F. Sevin, Leslie Fallwell, Jody Coker, Herman Holtman, Earl Nollner, Lanny Wilkins, Gene Johnson, Howard DeShazo, Pat Newell and Leo Hammond.

Methodists Planning Third Quadrennial Meet

"Somewhere in the mid-west" (city not yet chosen) the third quadrennial National Conference on Town and Country Church Work will be held by leaders of the Methodist Church in July of 1955. Previous conferences have been held in Lincoln, Neb. (1947) and in Sioux City, Iowa (1951), and both meetings have made plans that are still being carried on in rural churches throughout the denomination.

The Committee that has charge of the program and arrangements for this Conference, which will draw some 3,000 rural Methodist pastors for a week of exchange of ideas, is headed by Bishop Lloyd C. Wicks, of Pittsburgh, as chairman; Bishop H. Bascom Watts, of Nebraska, vice-chairman; and Dr. Glenn F. Sanford, secretary.

It is believed the Chinese were first to produce an alloy of nickel, copper and zinc which they called "Paktone," but which was later called German silver and is now called nickel silver.

Whitefaces Likely Winners At Tulia On Friday Night

With two games behind them, one a tie with Muleshoe and the second a drubbing from Littlefield the Whitefaces should be able to rack up their third opponent Friday night without too much difficulty.

Tulia, which the Whitefaces took 34-12 last year, doesn't meet many teams that the Whitefaces are familiar with. So far this year, they have played Memphis and Floydada, and have been beaten both times.

Memphis took the Tulia boys 15-6 in the first game of the season, and Floydada added insult to injury by mopping up on them with a whopping 40-0 victory in Tulia's second game of the year.

The only other Tulia game on which there is a ready record

shows that Canyon licked Tulia last year 14-6 and the Whitefaces took Canyon four touchdowns to two.

Though few games are milk runs, the Whitefaces look almost certain to hang Tulia's scalp on the corral fence when they return from their long drive Friday night.

Russell Earl Posseltette, Coach L. B. (Scat) Russell, pretty much of a typically pessimistic coach, is figuring that Tulia will be a tough nut to crack, and has been working the boys hard on the fundamentals of blocking and tackling.

In the opinion of some of the more well-versed armchair quarterbacks, many of the boys are still a trifle young and are, like

a skittish horse, a trifle gun-shy.

A runner with a suddenly clear field is almost as likely to pause from sheer surprise as he is to put on the needed burst of speed.

At the same time, blockers, tacklers and runners seem a bit inclined to hold back from the bone-jarring impacts which take the opposition out of the play as swiftly as possible and sometimes means the difference between a win and a loss.

If the Whitefaces have learned to hang onto the ball as well when the chips are down as they do on the practice field, this is still almost a certain strike for them, but a few bad breaks such as occurred last Friday night might put the touts in the doehouse.

Hunter Co-operation On Banding Is Noted At Game Commission

AUSTIN — Hunter co-operation through forwarding hands from game they harvest is being manifested in specimens reaching Game and Fish Commission Headquarters.

The Director of Wildlife Restoration for the Commission said hands already have been received from mourning doves taken in the north zone where the season opened September 1, and from the white-winged dove season opening in the Rio Grande Valley, September 11.

First Band
The first band received at headquarters was forwarded by a policeman. He was Patrolman H. H. Frye of the Johnson City force.

Dove Reckless
The bird was handed by Game Warden Travis Gilbreath as a nestling on July 23 this year about four miles northeast of Johnson City. It was harvested on the opening day of the north zone season about five miles southwest of Johnson City.

The first white-winged dove band

was sent in by Wayne Frost of Edinburg. The bird was banded September 13 in Hidalgo County in which it was tagged May 29, 1949, thus being more than four years old.

One strange incident in connection with the first batch of mourning dove hands was reported by A. S. Jackson, Wildlife Biologist, stationed at Canadian. Three banded doves were found dead under a fence on the Benton Farm in Gray County, apparently having been killed by reckless flying. The dead birds were found near the place where they were banded.

Jackson's letter of transmittal explained: "In the late summer, doves are prone to fly recklessly from the tree grove and collide with fences, limbs, etc. I have found two with crops cut open from locust thorns."

Bands from wildlife are needed by Game and Fish Commission bio-

New word for } "TT" DYNAFLOW!

The 1953 Buick Super Riviera. Wire wheel covers, illustrated, optional at extra cost.

We'll get right to the point.

The comments we've been getting from new Buick owners about the new Twin-Turbine Dynaflow are terrific.

And the reason is—this fully automatic transmission is, in itself, terrific.

It has a new, firm, solid "take-hold"—gives you instant getaway response.

It has new quiet—you can barely hear the acceleration build-up.

It has unique and utter simplicity of operation. You just move your Selector into Drive range, press the pedal, and go. That's all.

But the sweetest thing of all about TT Dynaflow is its smoothness.

You move from standstill to your legal speed in one progressive build-up of power delivery.

You feel a constant "carry" of forward motion, unbroken in any way—because here no gearshifting takes place, either manually or automatically.

Even your deceleration is infinitely smooth and gradual, with the cushioned control of flowing oil slowing down.

Wouldn't you like to sample this wonderful new getaway and pleasant quiet and immaculate smoothness?

We'll be glad to seat you at the wheel of a new 1953 Buick with Twin-Turbine Dynaflow—and let the thrills come where they may. Drop in soon, won't you?

WORLD'S ONLY CAR with all these features:

- VERTICAL-VALVE FIREBALL ENGINE
- DYNAMIC FLOW MUFFLER
- TWIN-TURBINE DYNAFLOW
- POWER STEERING
- POWER BRAKES
- BALANCED MILLION DOLLAR RIDE
- COMPLETELY NEW SWEEPSTAKE STYLING
- TILT-AWAY SLIDE-AWAY FRONT SEATS
- CUSTOM-RICH INTERIORS
- PANORAMIC ONE-PIECE WINDOWS FRONT AND REAR
- DOUBLE-RAIL FRONT BUMPER
- AIRCONDITIONER

School And Missions Grounds Chosen For Beautification

Bud-To-Blossom Club members adopted their project for the year, "Beautifying the grounds at the Negro school and the Mexican Mission", at the regular meeting held in the country home of Mrs. Ira Scott Friday afternoon. A called meeting of the club was held Tuesday to get plans for the work started.

Mrs. R. N. Yarbro presided at the meeting. Announcement was made that the annual flower show, which was scheduled for October 2, will be held on October 16. Theme for the show will be "Autumn Rhapsody". Mrs. Jim Wood was welcomed as a new member.

Pictures of last year's flower show were shown in discussing arrangements for the forthcoming show. The arrangement for the day was one of dark red dahlias made by Mrs. Pat Robinson.

Flower Show Practice

Mrs. R. A. Daniel presented the program on Flower Show Practice. She discussed the three basic designs to follow in arrangements: the triangle, Hogarth line and the Irie. Design and color were also given consideration along with scale and proportion with regard to location of arrangement. A round-table discussion of the coming flower show was conducted by

Mrs. Glenn Williams.

Members attending were Mesdames Irving Alexander, R. A. Daniel, Preston Hagans, H. A. Haseloff, J. R. Hickman, Ray Howell, C. B. Hudson, E. R. Kendall, O. F. Long, Pat Robinson, Delmo Williams, W. Glenn Williams, Jim Wood, R. N. Yarbro and the hostesses.

Oldest Type Of Dog Is Bred In Egypt

TEL-AVIV —The Saluki, the oldest known kind of tamed dog with which the Egyptian Pharaohs already used to hunt, is now being bred in Israel.

The interesting canine experiment with the progenitor of the modern greyhound, wolfhound or (Russian) borzoi, has been initiated here by Dr. Gershon Steiner, formerly veterinary instructor at the Research Station at Brno (Czechoslovakia) University and for the last thirteen years a resident of this country. He told a "Jerusalem Post" reporter that since his arrival in what was then still Mandatory Palestine, he has been searching for the Saluki which, he declares, is also identical with the dog repeatedly mentioned in the Bible.

While the late King Abdullah of Hashemite Jordan kept a widely known variety of Saluki kennels, it was rather difficult for Dr. Steiner to discover the first full-fledged breeding pair on this side of the Jordan. Now there are an unspecified number of Salukis in Jordan and 13 in Israel against 27 in U.S.A. and 12 each in France and England.

Dr. Steiner—the Tel-Aviv reporter writes—has established his Saluki farm in Mazor, a small immigrants' village in the Israel coastal plain. His study is lined with long rows of books on "dog history". Here, it can be read in black and white that even recent excavations from the period of the Summerian Empire "have produced carvings of striking resemblance to the Saluki."

Personals

Mr. and Mrs. Tommy Pope and son of Amarillo spent Friday with her sister, Mrs. Homer Brunley. They were accompanied here by Mrs. Maude Montfort, mother of Mrs. Brunley and Mrs. Pope, who is visiting her daughter in Amarillo.

Hicks Takes Architecture

Leo Hicks, son of Mr. and Mrs. John Hicks, 208 Ave. A, has enrolled at the University of Houston where he will major in architecture. Leo attended Hereford schools before going into service. During his two years in the Army, part of which was spent in Korea, he completed a correspondence course from the International Correspondence School, Scranton, Pa. He hopes to complete the course in architecture and engineering at Houston, and will also study woodwork and cabinet making.

Police Will Use 3-D In Identity System

OMAHA (AP)—Omaha police, who have already begun using color pictures for identification purposes, are now looking forward to adding a three-dimensional depth system as soon as funds are available. Local officers think the 3-D system may be the first in the nation. The idea of both color and 3-D is to provide more lifelike pictures, when projected on a screen, for identification purposes.

Stick Of Gum Is Used To Help Convict Bookie

CAMBRIDGE, Mass. (AP)—A stick of gum was evidence in a charge of registering bets on the speed of a horse.

Police testified in introducing the piece of gum as evidence that the bookie wrote customers' plays on gum and if approached by police put it in his mouth and began chewing.

He wasn't fast enough, police said, and inspector Duncan MacNeil grabbed the gum before the bookie could do away with the damaging evidence. It cost the bookie a \$50 fine—plus the stick of gum.

Faith will overcome the most miserable circumstances

ANCHORED

Do you have an anchor? Ships without anchors will drift. People without anchors will drift too. Do you know where to drop your anchor? Can you say, "My heart is fixed trusting in the Lord?" Psalms 112:7. Are you an anchor holding family and friends together? Is your anchor imbedded deeply in truth and righteousness? Phil. 1:28.

EVERY MAN must answer to God and to his own conscience. The sins we do by two and two; we must answer for one by one. If God holds your soul, your feet will never be moved, Psalms 66:9. Do right though the Heavens fall. Be true even if all others are false. The Church, the Bible and daily prayer are sure anchors for every man.

FOIBLES

By Kent Snare

The '53 footballers is off and rummin' in actual combat and I'll give 6-2-even, that they is among the mentors, them as is convinced, that their boys were operating in reverse, as of last week end.

Not only was September, 1953, one of the earlier major college inaugural dates, but since the returns have been scrutinized, that same date probably will be black-listed as far as competitive football is concerned, by several and sundry of the biggies, who fared most poorly and even disastrously. No later than last week, Grantland Rice in Look magazine had affixed the number one National rating tag on Alabama. On Friday last, wee Mississippi Southern, affixed another number on the Crimson Tide.

The Tide or more aptly the ripple as it came in, finished number two, at 19-25, and according to the AP ran completely out of zoo in the fourth cant and the South-erners tanned 'em.

The 'Bamas are not alone in their state of woe and whoa, so to speak, for a number of favored ones succumbed. College of the Pacific sank Stanford, 25-20; LSU thumped Texas, 20-7; Texas A&S chased by Kentucky, 7-6; Colorado squeezed Washington, 21-20; Georgia dropped Villanova, 32-19 and Baylor snowed under Cal, 25-0 and there's be more this week and subsequently as the weeks unfurl.

The dearth of ties was amazing and some week this fall the law of averages will level off on that one too. The premise that the two platoon abolition would help the smaller squads proved accurate in many bases. But the teams that have only a handful of good two-way boys will, of necessity, show evidence of wear and tear as the

Fancy and Plain

season progresses, unless they are shot with luch and extra tough ball players. With the initial week out of the way but not out of mind, leave us stagger into the second verse and may it not be as painful as the opening stanza.

Notre Dame comes to Norman to engage the Wilkinsons in a bitter contest that could be the decider for the National gonfalon, even at this early stage of the wrasse. Notre Dame is very deep and very tough, but if the day is hot, and the Okies hotter, don't bet the old homestead, or even the bedstead, on this one. We will see what Mr. Wyatt has been able to weld up at Fayetteville. I am inclined to lean toward the Okie A&S. Hard-in-Simmons should take Midwestern at Abilene. . . North Texas may have enough to edge Tempe, who is sans John Henry this lap. . . Houston may be near enough the big time to handle the Texas A&S, although the fine hand of Mike Michalske showed in the Cadets win aainst Kentucky.

The weather might well be the whether when Villanova invades Austin this week. I'll guess, also, that Mr. Price concentrates on his quarterback this week and might well come up with Charlie Brewer late of Lubbock, who evinced the only offensive flash the steers showed the Tigers last week. Mr. Andrews failed miserably and the touted Pat Tolar barely gleamed. . . Texas Tech will remember well the lesson Dick Shinault and Texas Western giv at 'em last lap and should prevail, handily. . . West Texas was manpowered last week and little light has rested on McMurry to date, but the Buffs should have sufficient to sack this one.

Tulsa and Wichita lost by identical scores last week but to different type opposition, this time

Tulsa. . . Penn State was very tough last year and retains about the same ingredients. Wisconsin still has Ameche the horse, but whether Jim Haluska and Harlan Carl, will be available or not, has not been divulged. Without Haluska, Mr. Ameche may be overloaded. . . Vanderbilt has imported Art Guepe from Virginia as coach and retains Bill Krietemeyer and little else, whatever they have probably will be inadequate. . . You wouldn't believe it but here is a tough one, indeed—West Virginia at Pitt, both are on the upswing and the Mountaineers had hairy ears and et cetera and Pittsburg last lap but not this time.

Tulane at Georgia, looks like Mr. W. Butts and his Ohio plus Pennsylvania contingent may be marching, at least through this one. . . Minnesota at USC. The Gophers will enjoy the ride and USC may not even have that. The Trojans stuttered against Washington State last week and Wesley Fesler may have the Minnesotas beyond the stuttering stage just maybe. . . Kansas State may break their own record and win two in a row. They surprised themselves and everybody else by tallying a total of 50 against Drake. Shades of Charley Bachman, no less. . . Arizona at Colorado, the Buffs, after their win over the Huskies, may not need their well regarded altitude but will have it anyhow. Colorado started the same way last year and finished right there, after scaring Oklahoma into prominence.

Georgia Tech at Florida—The Gators lost one to Rice, but they were coming fast. Bob Woodruff is loaded and nearly took the Wrecks in '52, the time may be ripe now. . . Cornell had a very bad year last go-round and Colgate with an Okie Harold Lahar, at the helm won't be conducive to good feeling this trip, I'm afraid. . . San Jose took Idaho and how, while the Utes

MRS. A. E. ARGO OF PARIS and Mrs. Margaret Hayes of Phoenix, Ariz., were honored with a coffee Saturday morning, September 12, in the home of their daughter and sister, Mrs. A. O. Thompson. Shown in the picture from left are: Mrs. Thompson's sister, Mrs. Hayes, and her mother, Mrs. Argo and three entertainers who are in the country for the study of Christian work with youth. They are from left: Salvador Villa Senor, and Ismael and David Vazquez of Mazatlan, Mexico.

Cake Demonstration Given To Messenger HD Club On Friday

Argen Draper, county home demonstration agent, baked an angel food cake at a special meeting of the Messenger Home Demonstration club, when it met Friday

afternoon in the home of Mrs. N. A. Brown.

Mrs. Draper demonstrated the proper method of mixing an angel food cake. After baking the cake the club members scored its good and bad qualities.

Those attending were: Mesdames S. N. Thweatt, John McCullar, Eldred Brown, Elmer Northcutt, J. T. Guinn, Floyd Brown, Johnny Northcutt, W. D. Howard, and Ernest Brown.

Dogs interbreed fairly readily with wolves.

Slaying Case Suspect Shows Trust For Deputy

CARY, N. C. (AP)—Wake County Deputy Sheriff Wiley Jones' popularity was put to the test recently. Searching for a man wanted for murder, Jones went to the section of the county where the killer lived. He let it be known he wanted to see the fugitive as soon as possible.

A few days later the man, who had slain another in a juke joint brawl, showed up at Jones' office. "I trust Mr. Wiley," he told officers.

Jaywalking Bears Are Traffic Problem

TUPPER LAKE, N. Y. (AP)—Jaywalking bears created a traffic problem at the American Legion Mountain Camp near this Adirondack village.

So many bears began wandering

across the road connecting the Paradise Point and Horseshoe Lake camping areas to get at edible refuse left by campers and motorists that the Legion decided to close the private road.

It will be reopened, the Legion said, after the bears have been enticed away from the Camp premises.

How Mercury's Soaring Sales can mean "Money in the Bank" for You!

1 YOU PAY LESS NOW!
Our higher volume lets us operate at a lower profit per deal. You get the advantage of a far bigger allowance for your present car.

2 YOU GET BACK MORE LATER!
Popularity boosts future trade-in value. Even now, Mercury returns more of the original price than any other car in its class.

Mercury dealers, on an average, now sell more cars per dealer than any of their competition. We are, therefore, in a better position to give you a bigger allowance for your present car.

Ever mounting popularity tends to boost Mercury's trade-in value even higher. A Mercury's true cost (original price minus future resale value) is reduced to a point lower than any other car in its field.

So why not start saving—and enjoying the extra value that Mercury offers: like years-ahead styling, proven V-8 performance and economy, and the widest choice of optional power features available on any popular-priced car. Cash in on this money-saving opportunity. Come in today!

BEST TIME EVER TO BUY A

CHURCH

(Continued from Page 3)

Seventh Day Adventist

Third and Lawton Elder C. C. Balsler, pastor. Morning worship services are at 10 o'clock. Sabbath school is at 10 o'clock.

Wesley Methodist

W. L. Naugle, pastor. Wesley Methodist church, which meets in the District Court Room, will have preaching by the pastor at 11 o'clock and Sunday school will meet at 9:45 o'clock. Evening worship services are at 7:30 o'clock and MYF group will meet at 8:45 o'clock.

Wednesday at 3 o'clock the Woman's Society of Christian Service meets for Bible Study in Ward Hall.

More than 28 percent of the people of Wales speak both Welsh and English and two percent speak Welsh only.

Anger Over Destruction Of Trap Is Unprofitable

POPLAR BLUFF, Mo. (AP)—The native was angry when he saw three men fiddling around with his home-made fish trap on the St. Francis river recently.

But he got hotter than a blister when he got close enough to see they were actually breaking up the illegal contraption. He accused them of stealing his fish, too.

The three conservation agents silently took him before the magistrate. And he lectured the man about illegal fish trapping. Then the judge charged him \$19.50 for the lesson.

Tough Chewing Expected For Washington Police

WASHINGTON (AP)—The commissioners of the District of Columbia agreed that only men with good teeth can join the police force. Two applicants had been rejected because they had partial dentures.

Former commissioner F. Joseph Donohue protested: "We don't expect them to go out and bite somebody."

ONE FOR THE ROAD -- And it will be a long, uphill climb all the way for the Dachsund pup pictured here. The longie-shortie was "adopted" by Dr. and Mrs. E. Aubrey Cox of Wichita Falls, Tex., recently when its mother died bringing four of the pups into the world. Bottle-feeding of the dog has become a routine in the Cox household, every four hours, day and night. (AP Photo).

Grounds At School And Mission Chosen For Beautification Work

Final plans for the Garden Beautiful Club tour of homes to be held October 2, were made at the club meeting Friday afternoon in the home of Mrs. R. B. Miller. Mrs. O. M. Dickey was assistant hostess.

The tour will begin at the Sully Gleaton home at 1 o'clock, and will be concluded at the home of Mr. and Mrs. Frank Bezner.

Appropriate Arrangements Mrs. Leland Abbott of Amarillo, an authority of flower arrangements, was guest speaker for the day, and gave demonstrations of flower arrangements appropriate to the homes to be visited on the tour, and which will carry out the theme of the tour, "The Parade of the Party Months."

All members of the club were present, including Mesdames Ho-

ward Armstrong, Tom Carter, Ray Cavsett, O. M. Dickey, S. L. Easley, George Grahani, J. B. Harlin, E. W. Harrison, E. W. Hobson, Charles Hood, Frances Houston, D. C. Kinsey, J. W. Kirby, R. N. Larmer, F. P. Lyons, D. B. Roberson, G. P. Owen, Helen Pipkin, B. E. Roberson, Mary Seigler, Lowell Sharp, W. J. Stanford, Carroll Whiteside, Robert Veigel, Lisle Woodford, Miss Frances Trentine and the hostess.

Sea otters were once slaughtered into near-extinction, as many as 50,000 being killed in a single year.

The sea otter has been rigidly protected by international agreement since 1910.

PRISONER IN A HUT PITTSFIELD, Mass. (AP)—It may have set a time-record recently for arrests on the same charge. The prisoner was given a six-month suspended sentence to district court for drunkenness. Four hours later, police had him in tow again. The charge: drunkenness.

Damages To Two Cars Result From Accident On Main Street

A two-car collision on Main street Friday night resulted in \$250 damage to the vehicles.

William Skelton Parker of Dawn, driving a 1950 GMC pickup, was going south on Main street and Miss Barbara Sue Rogers, driving a 1953 Buick, was also going south on Main when the cars collided.

Miss Rogers was stopped at the red light when Parker ran into the back of her car, bending the trunk lid and breaking out the right tail light.

Parker was charged with negligent collision and following too closely.

Damages to the Buick were estimated at \$100, and \$150 damage was estimated on the pickup.

Minor Damages In the second accident Friday evening damages were only minor.

J. B. Trazien, driving a 1950 Mercury, was going east on Highway 60 and Carlos Hutcheson, driving a 1949 Chevrolet was going south on Highway 51 and had stopped at the intersection.

Traziens was attempting to make a left hand turn onto Highway 51

Dog-Hatting Horse Gets Wolf Scalp For Owner

CLINTON, Mo. (AP)—A dog-hating horse that can't tell a hound from a wolf earned some satisfaction for itself and \$5 for its owner.

J. H. Mays, a farmer in this vicinity, said the nag chases any dogs that venture on the pasture. Recently one did venture—chasing a young wolf. The horse took out after both of them.

It ended, Mays said, with the horse trampling the wolf to death and then chasing the dog form the pasture. "A grandstand play if ever I saw one," the farmer said. "And besides, I got the five-buck wolf bounty out of it."

The next meeting will be in the home of Mrs. D. Y. Edwards on October 6.

Use Of Flowers Shown At Progressive HD Meet

Flower arrangements was the demonstration given to the Progressive Home Demonstration club when it met Tuesday afternoon in the home of Augustine Gregory.

Mrs. Deward Roberson was the guest demonstrator. She made flower arrangements for a desk, table and buffet.

Mrs. C. C. Billingslea presided in the absence of the president. Those attending were: Mesdames F. L. Carmichael, C. C. Billingslea, Sam Lesly, Robert Lloyd, T. J. Parsons, D. Y. Edwards, Deward Roberson, W. P. Gregory, and the hostess.

Every 3 days a new diesel joins the Santa Fe fleet!

A 10-year record of "building new" on the Santa Fe

Christened with California-champagne, Santa Fe's first multiple-unit diesel locomotive rolled out of Chicago on Tuesday, May 12, 1936.

It powered the first Super Chief. 39 1/2 hours later it rolled into Los Angeles and the new age in railroading was born.

There were 3600 "horses" in that one. Five years later, the first multiple-unit freight diesel rolled on Santa Fe rails.

There were 5400 "horses" in that one. Today, there is more than 2,100,000 diesel horsepower on the Santa Fe—1524 mighty diesel units.

From 1943 through 1952, a total of 1261 diesel units were placed in service. Better than one every 3 days for a 10-year record!

And still they come! 222 in 1953! Every diesel added, every mile of heavier rail, makes America's New Railroad a little more completely new. Why, enough new rail has been laid on the Santa Fe in the last seven years alone to reach from Chicago to Los Angeles!

All new—but always the old pride that all this building new costs you, the taxpayer, not one tax penny.

SANTA FE SYSTEM LINES

They're all talking "best deal in town" BUT WHO'S GOT IT?

Are you really sure that the car dealer who gives you "the best deal in town" really gives you the best BUY in town?

As you well know, the best BUYS are based on value.

Because value lasts longer than any other quality—and, in automobiles, that means longer motoring pleasure, greater safety, lower upkeep, and a better trade-in allowance later on.

"The Buy of the Year!"

The new Packard CLIPPER has made news all year long as "the buy of the year." Way back last winter, the "insiders"—men of recognized automotive experience and instinct—tagged the CLIPPER as the car of the year in the medium-price field. A real, old-time PACKARD value.

You know very well that you never bought an automobile right off the printed page. You bought it ONLY after a demonstration when features either come to life or amount to nothing.

So we urge you: before you take that "best deal in town" . . . take a demonstration in the new Packard CLIPPER and value-check the features with which we challenge all other cars!

We challenge them all on a value check of the following points

- Modern contour styling. Check it for greater all-around visibility, wider doors, more room, more luggage capacity.
- Famous Packard-built engine: Famous Packard ride—"Rides like a Packard" is the highest compliment you can pay any car.
- Famous Packard Ultramuffler, designed and built by Packard for Packard CLIPPER—the smoothest power shifting of all—no whirr, no whirr, no jerk, no jump.
- Famous Packard-built power brakes and power steering.
- Famous Packard CLIPPER back-saver seats.
- Top trade-in value.

PROGRESS THAT PAYS ITS OWN WAY

LETTUCE PACKING, which combines as much machinery as possible with hand labor, has been rolling along at the Chas. Huston sheds west of Hereford, but may be slowed down considerably by Friday afternoon's hail storm. The lettuce is brought into the sheds in special carts, each head is checked, left, then put on a turntable which carries it to the packer, who packs two crates of lettuce almost at the same

time. Crushed ice is added as the heads are packed, the boxes receive a final dose of ice when the packing is completed, and they are nailed shut in another machine before a conveyor belt carries the box to a railroad car or truck. Waste lettuce cut from the heads is carried outside to a truck to be hauled off for cattle feed. (Staff Photo.)

Abacus Is Faster Than Adding Machine

VANCOUVER — A bookkeeper in a West Vancouver business house has a simple adding device which is not conducive to gaining the favor of the adding machine salesman.

In fact, Woldemar Janz showed recently that the modern adding machine is no match for his ancient Russian abacus, which consists of seven horizontal rows of 10 beads. With the aid of his manual calculator, Janz defeated an adding machine in a straight test for speed and accuracy.

At one time Janz used his abacus to compute the payroll for 600 employees in a west coast logging

camp. The Lynn Valley resident says his Russian abacus, which is much simpler than the more famous Chinese abacus, "requires almost no mental effort." In fact, he says: "Anyone with common sense can quickly learn to use it. Speed can be attained very quickly."

The National Society for the Prevention of Blindness predicts that at least 750,000 Americans now alive will become blind before they die.

The metal nickel gets its name from superstitious German miners who called nickel bearing copper ores which they could not work "kupfer-nickel", meaning "Old Nick's" copper.

Long Time Ago

45 years ago

This time for sure, Hereford will have a depot. The bids for the work are to be opened on September 29, the work to be completed by January 1. It will be erected, as stated before in The Brand, just at the foot of Dewey Avenue on the north side of the railroad. When finished it will be one of the finest and most convenient stations on the Santa Fe line. Hereford will have reason to feel proud.

A new barber shop to be known as the Post Office Shop was opened this week by L. E. Thompson. He will have everything in first class condition and will be glad to see his friends at any hour. The first "subject" in the chair was Leslie Smith. He stood the operation well and has sufficiently recovered to be on the streets Wednesday.

25 years ago

Hereford and vicinity was drenched Sunday and Sunday night with the best rain of the season. Begin-

ning about seven o'clock Sunday morning accompanied by the first real norther of the season, the rain continued practically unabated throughout the day and most of the night.

The temperature took a sharp drop, reaching a minimum of 46 degrees during the course of the day.

At last Hereford has an up-to-date, sanitary bakery, well equipped and as good as any in this vicinity. C. C. Wall, proprietor of the Sunshine Bakery, moved his establishment into the Cardwell building next to the post office, where it is now operating as the City Bakery.

Today Prussia does not exist as a geographic or political unit.

Hohenzollern Castle, ancestral home of the former German royal family stands on a 2,800-foot mountain, near Hechingen in southern Germany.

Board Of Texas Garden Clubs Will Meet Tuesday At Presbyterian Church

The Hereford Garden club and the Bud-to-Blossom Club will be hosts to the fall meeting of the executive board, District 1 of the Texas Garden Clubs Inc., next Tuesday, Mrs. A. L. Manjeot, district governor, will preside.

The meeting will be held in the Presbyterian Church with registration beginning at 9:30 o'clock. Highlighting the session will be the lecture-address given by Mrs. A. Randolph Wilson of Waco, president of Texas Garden Clubs Inc., who will speak on "The Forward Look for Texas Garden Clubs".

Annual Flower Show
In connection with the board meeting the Hereford Garden Club's annual flower show will be held in Fellowship Hall of the Presbyterian Church. The general public is invited to attend the flower show between the hours of 10:30 a.m. and 6:30 p.m.

Theme for the show will be "School Days", arranged in four divisions: Artistic Arrangements, Juniors, Educational and Horticulture.

The show will be judged by District 1 national judges, Mrs. J. A. Fortenberry, chairman.

Mrs. J. A. Crofford Gives Program At Simms Club
Mrs. James Cavin was hostess to the Simms Study Craft club meeting Thursday afternoon.

The program, "Glorifying Yourself" was under the direction of Mrs. J. A. Crofford. An open discussion on "Exercises for Figure Control" was led by Mrs. R. L. Pinnell.

Refreshments were served to Mesdames O. A. Alexander, M. W. Blankenship, C. L. Bogle, J. A. Crofford, C. W. Edwards, M. A. Ferguson, H. G. Hetzler, C. R. Holabough, R. L. Pinnell, a visitor, Mrs. Lu Brooks and the hostess, Mrs. Cavin.

Eskimo laborers were hired by the U. S. Fish and Wildlife Service to process government-owned sealskins for the first time in April, 1953.

Many peaks in Kings Canyon National Park in California are from 12,000 to 14,000 feet high.

Tanda Camp Fire Group Selected New Officers

New officers were elected at the Tanda Camp Fire group meeting Monday afternoon at the Camp Fire Hut. Those named were: Sue Channer, president; Joan Fowlkes, vice-president; Linda Phillips, secretary-treasurer; Shirley Schulte, song leader; and Martha Bookout, reporter.

During the business meeting members voted to change the meeting date to Tuesdays and the place of meeting to the home of the leader, Mrs. Homer Brumley.

Others attending were Christine Thomas, Teena Witherspoon, Peggy Bumpass, Betty Kropff, Betty Ferguson, Agatha Malone, and Linda Parker.

Family Reunion Is Held By John Allen Sr. Family

A reunion of the John Allen Sr. family was held last week. All eight of the children were present for the occasion, as well as 32 grandchildren.

Those attending were Mr. and Mrs. Bill Allen and family of Glendale, Ariz., Mrs. Lillian Parson and girls of Rising Star, Mr. and Mrs. Wesley Drake and family of Hereford, Mr. and Mrs. Garland Rhmes and family of Lubbock, Mr. and Mrs. Fred Jackson and family, Mr. and Mrs. John Allen Jr., and boys, Mr. and Mrs. Frankie Allen and Joe Dean, all of Friona.

Fire Chief Uses Oxygen To Clear Sinus Headache

COLUMBUS, Ohio—It's a good thing Frank L. Harrison is a fire chief in Columbus. He has chronic headaches. If that seems a bit mixed up, just remember Harrison doesn't use aspirins to combat the pain of his chronic sinus flare-ups.

He steps into the next room from his office and inhales some oxygen from the department's inhalator. "You don't even need water that way," said Harrison.

U. S. Fish and Wildlife Service planes drop 50-pound blocks of salt to lure elk and other big game to summer ranges.

Personals

Guests in the home of Mr. and Mrs. Ed Jesko last week were their daughter and family, Mr. and Mrs. Robert Kerschen and family of Moriarity, N. M. The Jesko's entertained with a family dinner Sunday honoring the Kerschens. Those present were Mr. and Mrs. Jimmy Jesko and children, Mr. and Mrs. Johnnie Jesko and son, and Miss Annette Berend.

Mr. and Mrs. Eldon Craig, Janice and Bonnie Raie visited relatives in Plainview over the weekend.

Loyce Avam and Argen Draper were in Amarillo Saturday judging the Culinary Department, women and junior division, at the Tri-State Fair.

Mr. and Mrs. Joe Pitts and daughters visited Sunday in the home of Mr. and Mrs. James M. Hawes in Portales, N. M. They attended church in Rodgers, N. M., where Mr. Hawes preached. Mrs. Hawes is the former Lola Pitts of Hereford.

Guests in the home of Mr. and Mrs. Henry Dobbs last week were Mrs. W. O. Wilson of Anton, Roy Wilson, and Dan and Nora Jo McLallen of Hereford.

PERSONAL WORK

HARTFORD, Conn. (AP)—The Connecticut Supreme Court has ruled that the state is not required to pay for work assigned to mental patients for therapeutic purposes. Denying a \$2,000 claim made in behalf of a woman patient for work in a hospital laundry, the court held: "Her labor was required not primarily for the benefit of the hospital, but for her own welfare."

Sequoia National Park in California encompasses some 386,560 acres.

Three-quarters of the Navajo Indians cannot speak English.

All American Indians are legal citizens of the United States.

William Shakespeare had to leave Stratford on Avon in 1585 at the age of 21 under suspicion of poaching deer.

March 21 and Sept. 21—when days and nights are of equal length—are called the spring and fall equinoxes.

Northwest Hereford News

By Mrs. R. C. Childers
Mr. and Mrs. Fred Wolfington of this community, Rev. and Mrs. Russel Pogue and Mrs. Worth Covington of Hereford left Monday morning for Longmont, Colo., to spend six days doing missionary work. Mrs. Covington was met by her husband at Longmont. He had gone to Colorado earlier in the week with friends on a fishing trip.

Mr. and Mrs. T. B. Cox are doing the chores on the Fred Wolfington farm while they are in Colorado.

Released From Hospital
Paul Corbett was released from the local hospital Monday. He is reported to be much improved, and is able to be up some.

Mr. and Mrs. Fred Robinson of Claude spent last week visiting in the home of Mr. and Mrs. Earl DeHart. Robinson is a brother of Mrs. DeHart.

Glen Robinson, another brother of Mrs. DeHart, his wife and their son, James, spent the day in the DeHart home Thursday.

Mr. and Mrs. A. H. Inman and A. J. Gifford of Plainview, and Mr. and Mrs. C. S. Barclay and boys were guests in the home of Mr. and Mrs. R. C. Childers Tuesday.

Patsy Childers visited in the home of Patsy Jackson in Hereford Sunday-afternoon.

Attended Fair
Among those attending the Tri State Fair in Amarillo from this vicinity Monday were Mr. and Mrs. Dwayne Walker, Kenneth DeHart, and Patsy Childers. Patsy accompanied Sue Barnard and Gayle Gault of Hereford. Kenneth went with the band, and was a part of the parade in downtown Amarillo Monday.

Dinner guests in the Earl DeHart home Monday were W. E. Robinson, father of Mrs. DeHart, and her two brothers, Glen and Fred Robinson, all of Claude. The trio has purchased a field of alfalfa from DeHart and are hauling it to Claude.

Hail Damage
Much damage was done by the hail storm and one inch of moisture fell in varied parts of the community late Friday afternoon. The cotton and lettuce stood the heaviest damage, while other crops such as corn, maize and cantaloupe, were damaged, but some of it will go ahead and make a pretty fair yield. However some of the late milo and Atlas sargo are being sold for ensilage.

The Atlas sargo on the Dwayne Walker place was damaged so heavily it would not complete its growth, and was sold for ensilage so it would not be a total loss. The honey dew melons on the Dwayne Walker place were a total loss. The melons had large holes knocked into them by hailstones.

Hailstones as large as golf balls fell in this immediate vicinity, followed by smaller ones which continued to fall for about ten minutes. The ground was white with the mushy ice when it started to rain. The hail extended as far west as six miles, and the moisture falling to the west was very light and varied in many places.

The dust storm ahead of the hailstorm was the worst one reported in this community for a number of years. The winds were so strong that light damage was done to small buildings, and trailers, and television antennae were blown over.

The western tip of Virginia is farther west than Detroit.

The palace of King Minos in ancient Crete was as large as Buckingham Palace in London.

The National Geographic Society says that ashes flew so thick during the 1912 eruption of Mt. Katmai in Alaska that a lantern held at arm's length could not be seen.

Besieging Austrians staged the first aerial raid in history when they sent bombs slung to hot air balloons over Venice in 1849.

The Coachella Valley in California produced the highest acre return of any federal irrigation project area in 1952.

A Continental Army manual written by Baron von Steuben cautioned soldiers against "vexing the inhabitants" near their camps.

A new hand-size non-metallic land mine costs the army only \$2.50.

Coal reserves in the United States account for 40 percent of the world total.

About three tons of bituminous coal per capita are consumed annually in the United States.

Acadia National Park is on Mt. Desert Island, Maine.

Only one-fifth of the cotton acreage in the southern United States is mechanically harvested.

The climate and the average rain fall of the south make it one of the nation's best pasture and grassland farming areas.

The Union of South Africa has three capitals: Pretoria for the executive department, Cape Town for the legislature and Bloemfontein for the national judiciary.

The U. S. Geological Survey now uses helicopters to map glacier-strewn Alaskan terrain that formerly took days to cover on foot.

The National Geographic Society says 80 percent of the once-popular cigar store Indians were squaws.

The word equinox, referring to the spring and fall, is from the Latin meaning "equal night."

The Sierra Nevada forms the eastern boundary of Kings Canyon National Park, California.

Indians do not pay taxes on some restricted land or personal property.

RESIGNS FROM POST - James P. Hart, Austin, Tex., attorney (center), submitted his resignation as chancellor of the University of Texas to the Board of Regents at a special meeting at Texas Western College, El Paso, Tex. With Hart are Dr. Logan Wilson (left), president of the main university of the University of Texas and Dr. Wilson Elkins, President of Texas Western College of the University of Texas. (AP Photo).

Commissions Study American Foreign Policy Questions

What is the responsibility of the U. S. to peoples in underdeveloped areas struggling for national independence? What effect do the Immigration Act, racial segregation in the U. S. and other "domestic" practices have on U. S. influence abroad? What are the dangers, limitations and possibilities of collective security? These are some of the questions concerning American foreign policy now being analyzed by experts in the foreign affairs field at a series of five commissions in preparation for a national conference on The Churches and World Order, in Cleveland, Ohio, October 27 to 30.

Among experts participating in the commissions are Dr. Frank P. Graham, United Nations representative in India and Pakistan; Professor Willard L. Thorp, U. S. Assistant secretary of state for economic affairs from 1946-1952; Wesley F. Rennis, director of the Council for Economic Development; and Dr. A. William Loos, education secretary for the Church Peace Union.

At the Cleveland conference nearly 9 thousand delegates—from national, state and local church organizations—will use documents drawn up by the commissions as background material for their consideration of major policy issues facing the U. S. today from the standpoint of Christian ethics. The conference is under the auspices of the National Council of Churches.

Although Vermont has no seacoast, it has one of the oldest shipyards in the United States—on Lake Champlain. In recent years, nickel has been mined in quantity in Canada, the Celebes, Cuba, New Caledonia, Norway and Russia and in smaller amounts in several other countries.

Beauty at Home

By Lynn Carter

Q. How can I mix my own liquid soap shampoo at home?

A. Merely shave a cake of pure castile soap into a pint of water, and melt this over a low flame. After thoroughly dissolved, strain through cheesecloth, pour into a jar, and seal tightly.

Q. What exercise will improve a rather small bustline?

A. Stand with feet about 20 inches apart, hands on hips. Try hard to keep spine and head in as straight a line as possible. With legs straight, bend upper body from waist well to the right, then swing around to the back, then to the left and return to starting position. Rotate smoothly and in a continuous motion eight to ten times.

Q. I have almost no eyebrows at all. How can I remedy this?

A. Work on the colorless fuzz to bring it out. Take up a very little mascara on a damp brush and see how many hairs you can bring to light. Then fill in with some eyebrow pencil.

Q. How can I soften hair that is rather dry?

A. Try adding a half-cup of vinegar to your last rinsing water, when shampooing. This will soften the hair and impart a nice gloss to it.

Q. My nose is wide in proportion to my face. How should I dress my hair?

A. Keep your hair close to your head and bring forward a little just below the temples. If your hair is bobbed, it should be long enough so that the ends will not be on a level with the base of your nose. Straight bangs are not for you because they make your face look wider. You need some pretty feminine touch near your face, like a dainty lingerie collar, an interesting pin of some sort.

Q. What can I do about dry-skin particles from a fading suntan?

A. Massage skin with a mixture of cold cream and table salt, blended to paste consistency. Follow with an oil massage to soften the skin.

Q. Will you please suggest a good bleach for my skin?

A. Your druggist can prepare one for you made from 10 ounces of rosewater, one-half ounce of borax, one ounce of spirits of camphor, and one-half ounce of tincture of benzoin.

Q. Should the teeth be brushed vigorously?

A. They should be brushed gently—those in the upper gum downward and those in the lower gum upward, with delicate, even strokes. Massage the gums daily with your fingertips, up and down.

Q. Please tell me how I can cause my powder to stay on longer.

A. After pressing your powder on with the puff and wiping off all excess either with a brush or tissues, take a little cold water in the palm of each hand and pat on your face. This should set it.

Remembering Faces Isn't Always Enough

SPRINGFIELD, Mass. — Edward Barton, custodian of safe deposit vaults at Union Trust Co., proved it the other day by remembering 5,000 names and faces. He proved it the other day by remembering the name of a man who had been away seven years.

Barton, 13 years at his job, works his memory trick this way: When a customer comes to the vault room his mind recalls the number or position of the man's box. The name comes by association.

"I started by remembering the numbers and locations of the dozen or so directors' boxes," he says, "and just accumulated the rest."

But Barton is not infallible. Some times on his way home to West Suffield, Conn., he forgets errands his wife asked him to do. And once for the life of him he couldn't remember his automobile registration number.

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

Get sure but gentle relief when you are temporarily constipated. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, one of the finest natural vegetable laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's for the day. Money back if not satisfied. Mail bottle to Box 780, New York 18, N. Y.

Better Leadership Of Youth Called For

"Our mission is to get parents to become teachers," says Dr. Harry Denman, of Nashville, Tenn., leading an evangelistic campaign in the Methodist Church. "In the United States more than 22,000,000 babies have been born during the last six years, and in 1952 more than 3,850,000 babies were born to set a new record. Yet the number of children in the nursery division of our church schools decreased last year.

"We must stimulate every church to become child-centered. . . The Methodist Church now has a four-year youth emphasis program underway because there are 20,000,000 youth in this country who are not being reached by any church—Protestant, Roman Catholic or Jewish. We hope that the World Mission of Evangelism will stir every church to give dynamic leadership to youth.

"We must quit trying to entertain them with recreation and entertain them with the idea of giving themselves to God. Youth will respond to the greatest challenge we can make. Our camps, institutes and summer assemblies must more and more become training centers for youth who will become evangelists for the Kingdom of God."

Translation Of Bible In Navajo Is Completed

The first complete translation of the whole New Testament in the language of the American Navajo Indian has now been completed, and is being published by the American Bible Society. It has taken missionaries ten years to prepare.

The complicated Navajo tongue had been reduced to written form earlier by other missionaries. This Testament will be widely used, not only among the older members of the tribe, but among the younger Navajos who still use their mother tongue.

Contrary to popular belief, the camel's hump is used to store food, not water.

The National Geographic Society estimates there are 370 million Moslems in the world.

Seed Testing Fee In Effect At Texas Seed Laboratories

AUSTIN — A new seed testing fee system was put into effect September 1, by the two seed laboratories operated by the Texas Department of Agriculture in Lubbock and Austin, Commissioner John C. White has announced.

A complete test of all seed will be made for \$2.50 with the exception of chaffy grasses, native grasses, mixtures and trashy seed. This fee can be broken down to \$1 for germination tests or \$1.50 for purity analysis, only.

\$5 Fee On Germination
A fee of \$5 will be levied for purity and/or germination tests of the four exceptions—chaffy, native, mixtures and trashy seed. During a rush season, however, trashy seed may be rejected for testing purposes, White added.

Noxious weed seed will be examined for \$1 per sample.

Analysis of seed by an accredited laboratory is required before Texas Tested Seed Tags can be

issued, White explained. No seed can be legally offered for sale without the tag from the Dept. of Agriculture.

Charge for a seed tag has been increased from 1 to 2 cents. The Texas Seed Law requires that one tag be attached to each container or bag of seed sold or exposed for sale in the amount of 100 pounds or a fraction thereof.

Money Must Accompany
Money for the tests must accompany the samples. Checks or money orders should be made to the Texas Seed Act Fund.

This will be the first year the Texas Department of Agriculture has charged for seed tests. The fees are the result of a new plan to make the department more nearly self-supporting and less dependent on the taxpayer's money.

Commissioner White said he had not asked the Legislature to appropriate tax money for this project for the next two years. The

Heating Element Wire
The majority of electrical heating elements, such as those in ranges, toasters and irons, are made of nickel-chromium wire because it withstands heat so well and possesses electrical resistance to develop the heat.

Better Automobile Parts
By the use of alloys of nickel with iron, steel, aluminum and copper, engineers have been able to produce parts for the modern automobile that not only are lighter and smaller but tougher and longer lasting—parts that stand up under higher temperatures, higher stresses and faster speeds.

Lighter—Yet Stronger
Today sturdier engines and freight and passenger cars are being built, and at the same time their weight is being reduced, through the use of stronger alloys containing nickel.

fee system was initiated so that the expense would be borne by those who benefit from the service.

Kiwanis Club Heard Thursday About Coming Fire Inspection

Members of the Hereford Kiwanis Club learned what has been accomplished by fire hazard inspections in other Texas Communities at their luncheon Thursday.

The speaker was Jack McGuire of Austin, director of public relations for the Texas Insurance Advisory Association and, coordinator of the fire hazard inspection program in the state. McGuire, working with volunteer inspection teams of insurance fieldmen, has arranged more than 25 such checks in Texas during the last three years.

He discussed how these inspections affected fire losses in these communities, and pointed out how Hereford can reap the most benefit from the check made here.

JACK R. MAGUIRE

Native Texan

A native Texan and graduate of the University of Texas, McGuire has been directing the public relations activities for the capital stock insurance industry in this state since 1950. Before that, he was public relations representative of the Missouri-Kansas-Texas Railroad in St. Louis, and later was with the Texas and Pacific Railway at Dallas. He is the author of more than 100 articles in national magazines.

C. E. Colson of Lubbock, president of the West Texas Division of the Texas Insurance Fieldmen's Association, introduced Mr. McGuire.

CARD OF THANKS

We want to thank Rev. Howard Sott and members of the First Baptist Church for their beautiful and impressive service in words and song, and our many friends and relatives for their kindness and floral offerings for us in our recent loss of our mother, Mrs. W. R. Harrison.

The W. R. Harrison family.

In Barranquilla, Columbia, red traffic lights have advertisements on them.

Reds Reprimand People Over Deaths At Railway

HONG KONG—It appears that the people of Red China, as in other countries, fail to "stop look and listen" when they cross railways. The death toll is too high, says the Peiping Peoples Daily.

The Communist paper reports 216 deaths in a five-months span in the Harbin, Manchuria, district and 74 accidents in the Peiping district last year.

"These accidents mostly occur due to the masses lacking common sense about railway traffic," was the paper's sharp comment.

Important Discovery

The huge ore deposits at Sudbury, Ontario, which today furnish the world with the bulk of its nickel, as well as large quantities of copper and the platinum metals, were unearthed about 1883 during construction operations as the Canadian Pacific Railway was being pushed westward from its terminus at the village of Sudbury.

All newborn babies' eyes are blue.

How Can I?

By Anne Ashley

Q. How can I make my French dressing thicker?
A. Keep it in the refrigerator and, just before serving, drop an ice cube into it and stir it well.

Q. What can I do about honey that has become grainy?
A. Set the container in a saucepan of hot water, with a couple of sticks of wood under the honey jar so the water can circulate under it, and let it stand for several hours. Keep the water hot, but not boiling, and the honey should return to normal.

Q. How can I prevent tarnishing of my gold and silver slippers?
A. By keeping them well wrapped in old stockings when the shoes are not in use.

Q. How can I fix a wide-brimmed hat so it will stay on during windy weather?
A. Sew a small comb, teeth upward, inside the front part of the crown. When you put the hat on, the comb goes through your hair without mousing it and holds the hat securely on your head.

Q. How can I make my youngsters' leggings warmer?
A. Try taking the bottom half of

IMPROVES CAST IRON

Scientists have shown that cast-iron can be improved by adding small percentages of nickel. The nickel makes the metal finer and more uniform in texture, and also increases its strength, wear resistance, toughness and resistance to corrosion.

RESIST HEAT

Heat-resisting alloys containing nickel are used in industrial furnaces, gas turbines, jet engines and other applications where they give strength and long service at high temperature.

some discarded pajamas, dye it the correct color, and sew inside the leggings an extra lining.

Q. How can I prevent gum from collecting on my fireplace stones, bricks or tiles, when burning pine wood?
A. After a thorough cleaning of the surface, coat it with boiled linseed oil.

Q. How can I clean plaster of paris statuary?
A. Smear a paste of laundry starch and water over every part of the surface, allow to dry completely, then brush the powder off.

Q. How can I promote more health in my geranium plants?
A. One quick and simple method is just to drop some cigar or cigarette ashes into the soil in which the plants are growing.

Q. How can I obliterate superficial scratches on light-colored furniture?
A. Rub the meat of a walnut or pecan back and forth over the scratches until the nut crumbles and fills the scratches. Put a coat of wax or polish over it at once to keep the nut meat in place. For a more permanent remedy, use beeswax instead of the nut.

Q. What can I do if the "fast" colors in a garment are not so fast as they should be?
A. Add a little ordinary vinegar to the wash water.

Q. How can I avoid having woolen garments turn stiff and hard after washing?
A. Add a few drops of glycerine or a pinch of borax to the water.

Chamber Industrial Committee Planning Vegetable Shed Tour

"Getting acquainted with industry" will be the purpose of an industrial tour to be conducted Wednesday, October 14, by members of the Industrial Committee of the Deaf Smith County Chamber of Commerce.

For this particular tour, the group will visit the vegetable packing sheds, starting at 1 o'clock that afternoon on the west side of town and working eastward.

School Visit Planned
Plans are also being made for business men to visit the schools

as soon as the program can be arranged.

The Industrial tour was planned at a breakfast meeting Tuesday in Hotel Jim Hill. Those who attended the meeting were Cleo Meharg, chairman; G. P. Owen, Jack Kirksey, Darrell Blanton, J. G. Evans, H. A. Lamm and G. E. Mullins.

CARD OF THANKS

We wish to take this opportunity to thank everyone who has been so nice to us after the loss of our child.

Household Scrapbook

By Roberts Lee

Loose Casters
Loose casters in furniture can be remedied by removing the caster, filling the hole with putty, replacing the caster, and scraping off the excess putty.

Stained Linens
Fruit, coffee, tea or chocolate stains may be removed from table linen by placing a bowl on the table, spreading the stained part over it, then pouring water on it from a height so as to strike the stain with force.

New Tinware
First rub grease over the new tinware and keep it in a warm place for a few days. Then the utensil is less likely to rust.

Greasy Pans
Pour a few drops of ammonia into every greasy roasting pan after filling the pan with hot water. If the pots and pans are treated in this way, immediately after using, and are left to stand until time to wash them, the work of cleaning them will be found half done.

Ironing Rayon
Always iron rayon garments on the wrong side while damp. This gives luster to the fabric.

Perspiration Stain
Remove perspiration stains before laundering a garment by dampening the article with lemon juice and salt.

Flannel
Before making up new flannel, put it in a bath and pour boiling water over it. Let it stand until cold, then wring out and dry. Flannel treated in this way will never shrink in washing later.

Furniture
A cloth dipped in linseed oil and wiped over polished furniture will greatly improve its appearance.

Cold Tea
Cold tea is a wonderfully effective liquid for cleaning varnish-

ed paint, window panes and mirrors.

Paint on Glass
Hot, sharp vinegar will readily remove mortar and paint from window glass.

Ivory
When ivory ornaments become yellow, wash them well in soap and water, then place them while still wet in the sunshine. Wet them with soap water for two or three days several times a day, still keeping them in the sun. Wash again, and they should be perfectly white.

Donations Are Asked For Indian Libraries

Any American can be an Andrew Carnegie type of philanthropist for the sum of \$25, says Dr. Frank Laubach, famed world literacy expert. The donation would actually create a working public library in a village of India, he declares.

The originator of the Each-One-Teach-One Literacy program sees his library idea carried a step closer to reality with endorsement of the project by the United Church Women. UCW recommends that local councils of church women back the project to the limit. The portable libraries, as envisaged by Dr. Laubach, would consist of 40 to 60 small, simply-written books, a postcard and a case to hold the books and an oil lamp to read by.

Literacy is making such rapid strides in the rural districts of India, Dr. Laubach says, that these libraries are imperative. Immediate objective of the UCW campaign is financing libraries of 300 villages in the Allahabad area.

Air Force Open House

—Lt. Robert Busjaeger treats wide-eyed Jan Robinson to a preview look into the world of aviation as it will be seen by more than half a million youngsters on National Kids' Day, September 26 when the U.S. Air Force holds open house for youthful visitors.

Churches Working To Help Draftees

Because of "growing concern in American churches for the welfare of young men and women in the armed forces," the National Council of the Churches of Christ has set up a committee "to coordinate denominational and local church council programs for free-time activities of service personnel."

This "Committee on Ministry to Service Personnel" has been constituted with the Rev. Willard M. Wickizer, of Indianapolis, Ind., as chairman. Mr. Wickizer is executive secretary of the United Christian Missionary Society, Disciples of Christ. The Rev. Marion J. Creeger, of New York, is the staff executive of the committee. "The extension of our defense mobilization period demands a new pattern of responsibility on the part of the churches for the spiritual welfare of armed forces personnel," says Mr. Creeger.

"The continued fact of Selective Service has created a new armed services personality—the civilian soldier. He has a 40-hour week, increased pay, possibly an automobile and a family living near the base, and wears civilian clothes outside of camp. Churches within commuting distances of his military base must join his home congregation in making him feel welcome, if his two years in the Army.

Flying Sanitary Squad Stops Typhoid Epidemic

A typhoid epidemic that claimed the lives of four children was stopped when the "Missionary Aviation Fellowship" plane carried a health department sanitary brigade to the village of Santa Ana in the state of Tabasco, Mexico.

Presbyterian missionary Frederick Tinley broke the news of the epidemic to pilot Jim Lomheim, who flew two nurses and a technician to the village. No other means of transportation was available.

The church members called together most of the community. The sanitary brigade vaccinated 232 persons with typhoid vaccine and 282 with smallpox vaccine, treated 18 for malaria, and used their golden opportunity to give lectures on hygiene and sanitation. The brigade returned weekly to continue treatments until the outbreak ended.

Greenland has no full sized trees.

About 23,000 people of the United States go blind each year.

Twenty generations of Hohenzollerns ruled over Prussia across a span of 500 years.

Navy, or Air Force are to count in his spiritual and personal development."

FRIO NEWS

By Mrs. Owen Andrews
 Airman Loyal Miller, who is stationed at Kingsville, is visiting his parents, Mr. and Mrs. H. C. Miller, and other relatives during a 15 day furlough.

Mr. and Mrs. O. Z. Kunkle of Pampa visited his sister, Mrs. A. D. Johnson and family, Sunday.

Pvt. and Mrs. Bill Padgett of Plainview, Ark., visited in the Owen Andrews home Saturday morning. Padgett is stationed at Fort Bliss, El Paso, and they were enroute there after a leave. He has visited here before.

Visited In Abernathy
 Mr. and Mrs. Leo Hall, Ramona, Reba visited his uncle, Leo Hall and family at Abernathy last weekend.

Mr. and Mrs. E. H. Little, Peggy and Becky, visited friends in Abernathy Sunday. They attended a reunion of Mrs. Little's College girlfriends.

Sunday dinner guests in the

Frank Robbins home were Mrs. Robbins' parents, Mr. and Mrs. F. Y. Moremon, and her sister, Mrs. Orville Edwards and family.

Rev. D. W. Ward, J. H. Dobbs and W. H. Thompson attended the dedication Sunday afternoon of the Baptist Student Union Center building at Canyon.

W. H. Andrews Honored
 W. H. Andrews was honored Sunday at a birthday dinner in his home. Those present were Mr. and Mrs. Fred Andrews and Mrs. Ralph Hart of Melrose, N. M., Mr. and Mrs. Roscoe Burris of Texico, Mr. and Mrs. Owen Andrews, Mr. and Mrs. J. E. Andrews, Mr. and Mrs. T. L. Sparkman, Clark Andrews, Glenn Veradelle and Frances Andrews, Lavana Thompson, Winnie Jo Irwin, Mr. and Mrs. Herb Schmidt, Tommy and Dale, Joe Ed Andrews, Mr. and Mrs. J. F. Cheatham, Johnnie and Joy, Mr. and Mrs. T. L. Sparkman Jr., Tommie, Bonnie and Barbara, Mr. and Mrs. Bill Boyd, Houston, Jimmy and Edwin, Mr. and Mrs. Orville Francis of Texico, Miss Alma Andrews, Mr. and Mrs. Henry Dobbs, James,

Clark and Larry.

In the evening, a sister, Mrs. Wiley Littrell of Orange, Calif., called him on the phone to send her birthday greetings.

McClures Visit Daughter
 Mr. and Mrs. C. N. McClure visited their daughter and family, Mr. and Mrs. David Breith and daughter at Midland during the weekend.

Mr. and Mrs. W. A. Springer and Mr. and Mrs. J. E. Warrick visited their relatives, the Carl Parrishes and Phillip Parrish at Carey, Sunday.

Mr. and Mrs. George A. Springer and Dianne visited the Elbert Summers at Dimmitt, Sunday.

Mr. and Mrs. Eugene Noel have announced the birth of a daughter on Monday, September 21. Their young son is visiting his grandparents, the Gunstonsens and the Noels.

The population of Italy is about 47 million.

Helium gas, once valued at \$2.50 a cubic foot, now is produced for less than one cent a cubic foot.

THE HOME OF MR. AND MRS. EARL COLE, 228 Avenue G, was completed on March 10, 1953. This home is complete with a combined living and dining room, a den, bedroom, a master bedroom, breakfast room, kitchen, utility room, and two baths, and has a double garage with a spacious back yard. (Staff Photo.)

The population of the Baja (Lower) California peninsula has doubled in less than 10 years.

La Paz, capital of the Southern District of Mexico's Lower California, was a world-famous pearl fishing center until a blight killed off the oysters in the late 1930s.

CARD OF THANKS
 We desire to thank our many friends who have extended so many courtesies and kindnesses to us since our recent accident. Especially we would like to thank Lyle Blanton, who flew his plane to Beach, N. D., to bring us home. The C. M. Hicks family

Mighty Midget Starts Revolution

THIS IS A "TRANSISTOR"... the most important single invention ever developed by telephone scientists. Now used mostly for military purposes, it promises to revolutionize the design of many everyday electronic devices, from hearing aids to television sets. In telephone equipment it is expected to replace vacuum tubes — doing the same job, but taking up far less space and using far less power. Not all the new ideas developed by telephone research are as exciting as this. But every year an average of 260 inventions and improvements are made to help us keep our telephone service high in value — low in cost. **SOUTHWESTERN BELL... A TEAM OF 27,400 TEXAS TELEPHONE PEOPLE... AT YOUR SERVICE.**

Friona News

Mrs. E. R. Day, Correspondent — Phone 2792

Mrs. Pearl Hammonds of Bovina and her son Glenn visited Saturday with Mrs. Mamie Adams.

Mr. and Mrs. Burtram Jack and family visited her father, W. C. Miller in Floydada over the weekend.

Mr. and Mrs. Edward Hall have been vacationing in California for the past 10 days. Their son Eddie has been staying with his grandmother, Mrs. C. E. Hall.

Mrs. Mamie Adams and Mrs. James Pope were shopping in Clovis Thursday.

Mack Banium visited her mother and two sisters in Clovis, N. M., Thursday.

Baxter Home Guests
 Guests in the J. W. Baxter home Sunday were Mr. and Mrs. Clarence Baxter and family of Memphis, Mr. and Mrs. Charley Baxter and family of Clovis, Mr. and Mrs. Billy Dean Baxter and children, Mrs. Jim Baxter and Patricia, and Mr. and Mrs. L. R. Dilger.

Mr. and Mrs. Arthur Mast of Bovina have announced the arrival of twin daughters September 19 at the Parmer County hospital. The girls have been named Christine Kay and Catherin Gay.

Bridge Club
 Couple's Bridge club met Monday night at the club house with Mr. and Mrs. Steve Struve, Mr. and Mrs. Ralph Miller and Mr. and Mrs. Glenn Reeves as hostesses. Mrs. Nelson Welch won high for the ladies, Bill Stewart won high for the men, and J. T. Gee won the bingo.

Others present were Mr. and Mrs. Bill Stewart, Mr. and Mrs. J. T. Gee, Mr. and Mrs. Casey Dunn, Mr. and Mrs. Weldon Dickson, Mr. and Mrs. Nelson Welch and Mr. and Mrs. Carl Maurer.

Mr. and Mrs. Jim Guinn and girls visited his brother and family, Mr. and Mrs. Allen Guinn in Muleshoe Sunday.

Attended Demonstration
 Jim Baxter, a member of the Friona Motor Crew, went to Denver, Colo., Sunday to attend the showing and demonstration of the new Ford tractor.

Mr. and Mrs. E. A. Day Sr., were in Amarillo Monday attending the parade. Others attending the parade were Mr. and Mrs. Bill McGlothlin and daughter, and Mr. and Mrs. Lloyd Rector.

Morton-Friona Game
 Several from here attended the Morton-Friona game Friday night. Friona was defeated, 13-0.

Miss Timmy Martin visited with friends in Amarillo Thursday and Friday.

Mr. and Mrs. Lloyd Rector were Sunday dinner guests of her parents, Mr. and Mrs. O. C. Jones.

Mr. and Mrs. Oscar Baxter entertained with a wiener roast in their backyard last Thursday night. The Girl Scouts had built the fireplace and the wiener roast was given in their honor.

Those attending were: Mr. and Mrs. Kenneth O'Brian and family, Mrs. Emmett Day and Tila Rue, Phyllis Trider, Merlene Gibson, and Katherine Dunn.

Surprise Party
 Mrs. Dede Page and Mrs. Harrison Gee gave a surprise birthday party Thursday honoring Robert Collier. Refreshments of ice cream and cake were served.

Those present were: Leon and Mary Sudderth, Mr. and Mrs. Harrison Gee and family, Mr. and Mrs. R. E. Collier and family, Mr. and Mrs. Joe Cheever of Wichita, Kans., Margaret Page, Shirley Smith, Weldon Thompson, and Gene Scott.

Mildred Barnett Hostess For Black Study Club
 Mildred Barnett was hostess with Christine Braxton as co-hostess when the Black Social and Study club met Thursday afternoon.

Emma Elmore and Lucille Rockey gave the program on Alaska and also showed pictures of Alaska.

Those present were Jessie Douglas, Bula Mae Deaton, Maudine Edelman, Emma Elmore, Anna Mae Hays, Alta Presley, Eleanor Prewett, Maxine Price, Louise Roberson, Lucille Rockey, Carrie Tatum and the hostess.

World production of coal and lignite exceeds 1.7 billion tons per year, with the United States producing one-third of the total.

Employees of the Interior Department may not hold any interest in lands administered by the department's Bureau of Land Management, except for five-acre homesteads if they live in Alaska.

TUNE IN—Pick the Victor FOOTBALL SCOREBOARD
 Weekly Game 5:30 p.m. STATION KPAN

Rules:
 1. Entry for each week's contest must be postmarked not later than each Thursday, 12 midnight — preceding week's game.
 2. Answer to Question of the Week must be given in order to qualify! Obtain answer from your RCA Victor dealer.
 3. Prize winners will be determined by correct answer to Question of the Week and by nearest correct bid. In case of ties — answer closest winning scores and earliest postmarks will decide.
 4. Decision of judges is final. No entries returned.
