## Audit Resolution Accepted By Court

A resolution that all county books and records be audited was presented by Commissioner J. T. Guinn at the Commissioners' Court meeting Monday, and the resolution has been ordered printed in The Brand.

Under Texas law, such a resolution must lie over until the next regular term of the commissioners' court, and be published in one issue of a newspaper of general circulation published in the county.

Monthly fee reports of the various elective officials were also received and read by the commissioners, and the monthly reports of the County Agent, County Home Demonstration Agent, and assistant County Home Demonstration agent were read.

**New Office Deputy**  
Sheriff, Tax Assessor-Collector Lowell Sharp informed the court that he had hired Mrs. Melba Gros, with their permission, as a deputy in his office effective February 1, and asked the court to set her salary. This was done on a motion made by M. T. Rutter.

Mrs. Homer Brumley, Don Zimmerman and Dick Barnard appeared before the Commissioners' Court to discuss the matter of a location for the County Fair. The matter was discussed, after which the commissioners passed the matter for the present.

Copies of correspondence concerning Ethel Hairgrove et al vs. Deaf Smith County were presented and read by all members of the court. These included copies of letters from attorneys representing Mrs. Hairgrove, whose husband, Dee R. Hairgrove, died following an accident December 3, 1953 at the intersection of two county roads. A county pickup was involved in the collision.

**All Parties To Appear**  
The company with which the county had insured the county vehicle involved has requested that the court not take any action on the matter until all parties in the case can be heard at the same time.

Bruce Woodell's resignation as Hide and Animal Inspector for the county was accepted by the com-

missioners. On the motion of Commissioner Rutter, Loyd Neill was appointed as Inspector of Hides and Animals for Deaf Smith County to serve for the remainder of Woodell's unexpired term.

Those attending the meeting included County Judge Horace L. Schloss, and commissioners M. T. Rutter, Precinct 1; J. C. Morrison, Precinct 2; J. T. Guinn, Precinct 3; and C. G. Richardson, Precinct 4.

## Junior Livestock Schedule Released

Schedule for the Rotary-sponsored Junior Livestock and Poultry Show, which will be held February 19-20, shows that poultry will be received at the barn next Thursday afternoon, and sheep and calves the morning of February 19.

Poultry will be judged on Friday morning, and the judging of sheep and "sifting" of calves will take place on Friday afternoon. Calves are to be judged on Saturday morning, February 20, the last day of the show, and an auction sale will climax the show that afternoon.

This is not the forced-type auction, however, for only those animals which the owners wish to sell will go in the ring, regardless of the prizes won.

**Parade Saturday**  
Saturday morning at 11 o'clock the annual Junior Livestock Show parade will take place, it has been announced. Those who wish to participate in the parade, either individually or as organizations, should call either 27 (days) or 1070-W (at night) to let Ernest Wade, parade marshal, know whom to expect.

"Next Wednesday night is the final deadline for parade entries," Wade said, "for we must have some time to make final plans for the parade."

## DeMolay Sweetheart Presentation Planned

The Sweetheart of DeMolay will be presented Saturday night at a dance sponsored by the Hereford chapter, according to Jimmy Lady, Master Counsellor.

Lady said the dance in Hotel Jim Hill ballroom will start at 8:30 o'clock Saturday night, and end at 11 o'clock. Music will be furnished by the West Texas State College Collegians, which includes several Hereford musicians who are attending school at WTSC.

Tickets for the dance may be purchased from any DeMolay member or at the ballroom door.

## Stark Recuperating From Overwork

Wayne Stark, coach of the Hereford High School basketball team, is recuperating at his home from what was originally diagnosed as a slight heart attack. The doctors have since said that his condition was caused by strain and overwork, but was not a heart attack.

Coach Stark had the trouble Saturday night while visiting in the home of his parents, Mr. and Mrs. W. B. Stark Sr., in Friona. He had stopped there on his way home from a basketball tournament in Muleshoe in which the Hereford freshman team had participated.

Stark went to the High School Tuesday night hoping that he would be able to sit on the bench with the basketball team that he has worked so hard with. On arrival at the school, however, he did not feel up to going inside and remained in the back seat of his car where events of the game were relayed to him.

It is believed that he will be on his feet again in a week or so.

## Perry Announces For Election As Commissioner

W. F. Perry this week authorized The Brand to announce his candidacy for commissioner, Precinct 4, Deaf Smith County, subject to the action of the Democratic primary.

A resident of the Simms community for eight years, and a county resident for 20 years, Perry has been living in this area since 1918. He has never run for a public office in the county before.

In announcing his candidacy, Perry said: "I take this means to announce to my friends that I am a candidate for commissioner, Precinct 4, Deaf Smith County. Any help or support will be greatly appreciated."

"If I am elected, I pledge myself to give honorable and efficient service to the best of my abilities."

"Now a resident of the Simms community, I have lived in Deaf Smith County for the past 20 years, and have been living in this area since 1918. I feel that I understand the problems of the area, and am qualified to handle the duties of the county commissioner in my precinct."

## About \$150 Damage Done In Collision

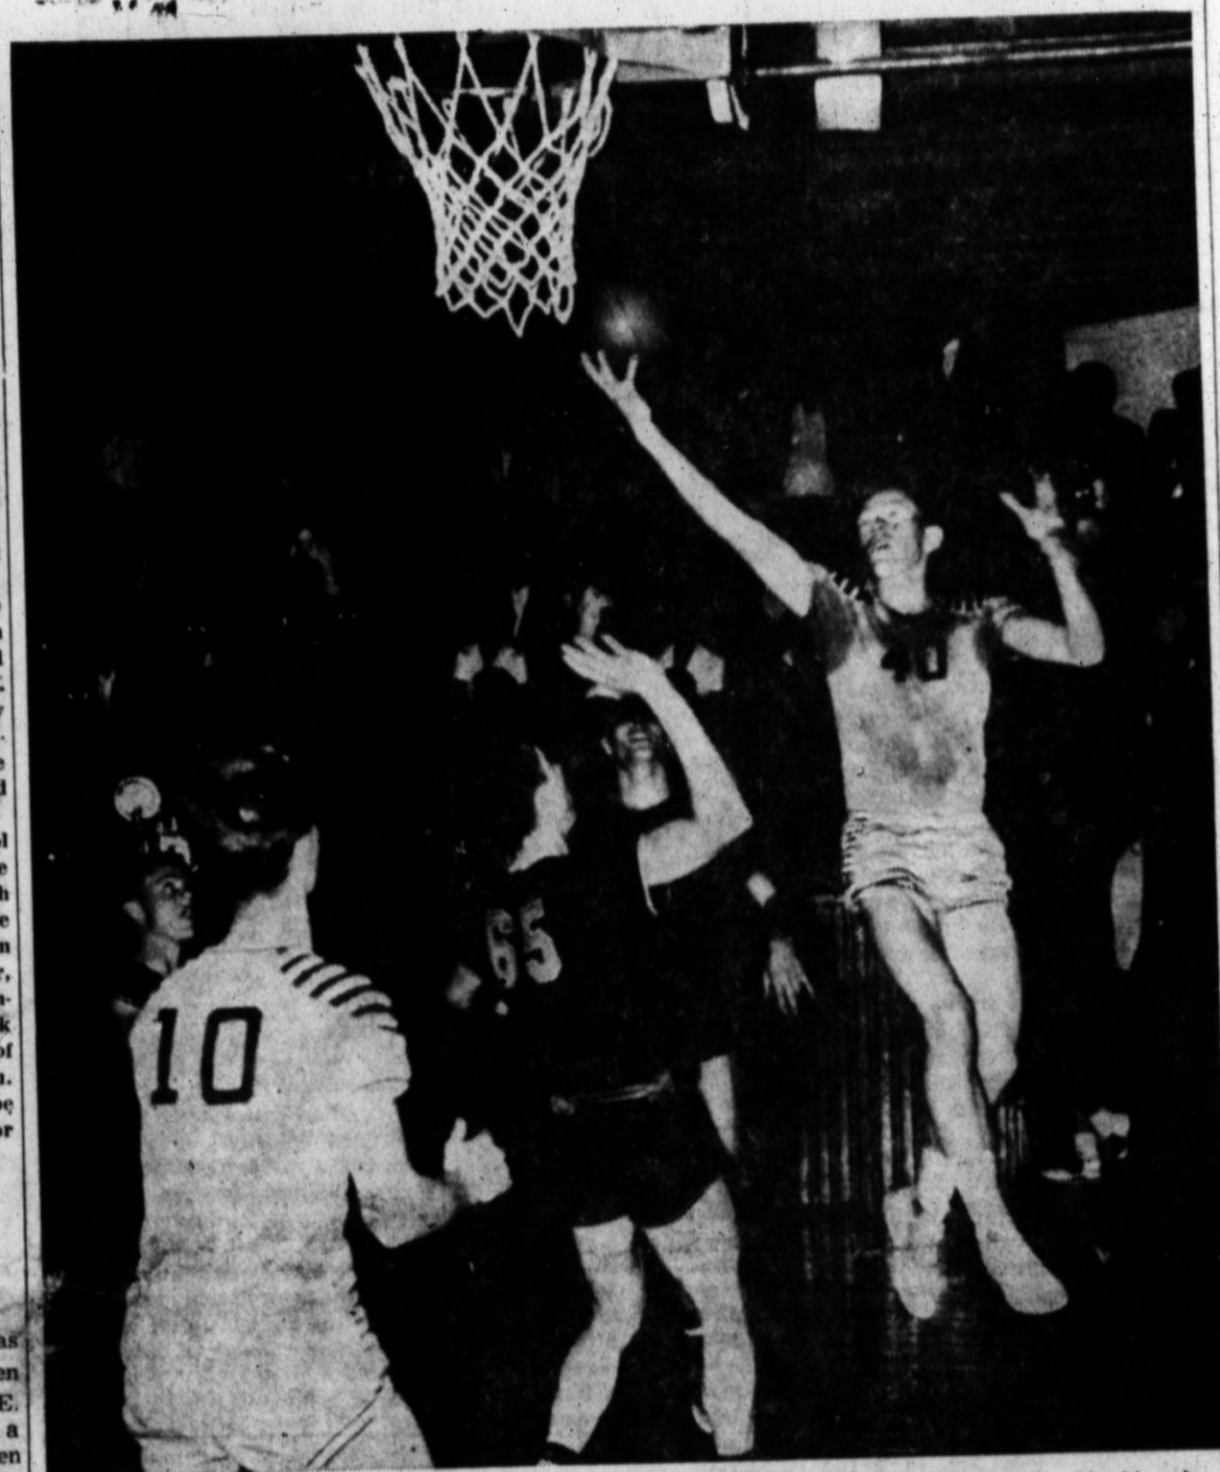

Approximately \$150 damage was done to a 1953 Plymouth driven by Sylvia Mae McCracken, 602 E. Fourth Street, Tuesday night in a collision with a 1953 Ford driven by Billy Lloyd Lookingbill of Sumnerfield.

Both cars were going south on Main in a lane of heavy traffic when the light at Fourth and Main turned red and the cars in the lane of traffic stopped. Lookingbill was following Miss McCracken and apparently did not notice the cars ahead of him came to a stop. The front of the Ford struck the rear of the Plymouth almost in the center.

Lookingbill was given a ticket for following too closely.

When a recipe directs that vegetables be cut "julienne," just slice them into thin lengthwise strips.

## Herd Clips Blackhawk Wings Tuesday, 69-63

A HIGH TRY for a basket was made by Boyd (40) as Everett Allen (10) back up but other Hereford shots kept the Blackhawks busy trying to even the score all during the game Tuesday night. (Staff Photo)

By "Pat" Knox  
An overflow crowd filled Whiteface Gymnasium to watch the Whitefaces roll to a 69-63 victory over the Phillips Blackhawks Tuesday night. The victory practically clinches the district title for the Herd, who have won 23 and lost only 2. A win over Canyon Friday night would send Hereford into a bi-district clash against the 2AA winner.

The lead changed hands continually throughout the first quarter until the Herd steadily pulled away in the second quarter. The Whitefaces were never headed from this point.

Hereford enjoyed a 17-15 margin at the end of the first quarter. The lead changed hands not less than five times during the first quarter.

**Turning Point**  
The turning point of the game came in the second quarter when Hereford built up a lead of 16 points. The 21 points scored by the Whitefaces compared to the 7 points scored by the Blackhawks meant the difference. The half-time score was 38-22.

Big Joe Streun led Hereford at half-time with a total of 14 points. Phillips was led by Jack Germany, who had 9 points.

Although the Herd enjoyed a 16 point lead at half-time, their shooting was off compared to their normal percentage. The same may be said for the Hawks.

The third quarter was a completely new ball game. The Blackhawks came out strong, using a man-to-man press. Phillips scored 22 points, compared to 19 scored by Hereford, to bring the third quarter score up to 57-44.

**Smaller Gap**  
The Hawks maintained their strength in the fourth quarter as they began sinking shots from way out. They capitalized on Whiteface fouls and bad passes to close the gap to within 7 points of the Whitefaces midway through the fourth quarter. Phillips out-scored the Herd 19-12 in the final period.

In spite of the absence of Coach Wayne Stark, the boys played inspired ball throughout the game. George Graham and Don T. Martin did the coaching job.

Joe Streun came through with 22 points to lead the Whiteface scorers. Woodford was next with 18 points. Leading Hawk scorer was Don Smith. He had 14 points.

Hereford's next game will be played against Canyon Friday at Canyon in West Texas State's huge gymnasium. The Whitefaces possess an earlier 89-43 victory over the Eagles. If the Whitefaces win this game they will be champions of district 1AA.

## Hardwick Wins Speech Contest

Francis Hardwick won the annual Toastmasters Speech Contest Tuesday night when he spoke on "Sound Off."

George Heard placed second with the topic of "Truth."

Hardwick will represent the club at the area Toastmasters Speech Contest to be held in Dalhart March 13. All of the speeches made Tuesday night and all future speeches are extemporaneous speeches. Topics for the speeches are given out by 9:30 o'clock on the morning of the day that the talk is to be given.

Others participating in the speech contest were: Jim Kirby, Grant Fuller and Curtis Trawick. Bruce Miller, scheduled to be one of the contestants, was unable to attend.

There were 35 persons, including members, ladies and other guests, present at the contest.

## Around Town

Mr. and Mrs. R. B. Miller and Mr. and Mrs. Mark Benefield left Tuesday morning for Guaymas, Southern California, on the mainland side, for a fishing trip. They plan to be gone from 10 days to two weeks.

The regular meeting of the Hereford Riders Club will be held Thursday night at 7:30 o'clock in the Riders Club House. All members are urged to attend.

Tanda group of the Camp Fire Girls are having a Dad and Daughter Valentine box supper Friday night at 6:30 o'clock at the Camp Fire Hut. There will be a theatre party following the supper.

Both the First National Bank and Hereford State Bank will be closed February 12 and 22. They will observe Lincoln's birthday Friday and Washington's birthday February 22.

Chief of Police Leo Box, Mary Francis Pittner, day dispatcher, and Marvin Boever, night dispatcher attended a radio school in Dumas Wednesday. Communication personnel from the Department of Public Safety offices in Amarillo and Austin were the instructors.

Cecil Massey, who is having to order that all dogs, even those with tags, be picked up if found wandering far from home, has his own private problem about the situation. His dog is practically a champion fence climber, and has an absolute phobia against collars and leashes. Massey is considering installing an electric fence on top of the regular one at his home, to see if that will keep the dog home.

TWO PIECES OF PLAYGROUND equipment donated by Mrs. James W. Witherspoon were installed by members of the Hereford Junior Chamber of Commerce in Joyce Park Sunday afternoon. Those installed are the overhead bars, shown here, and a slide. Kenny Gear is constructing a swing and a see-saw, which are being partially paid for with funds the Jaycee-ettes had raised for the project. Working on the project Sunday were, from left: Don Fudge, Bill Howard, Dennis Lomas, who is almost hidden behind Howard; Gerald Kirkland, and Sam G. Nelson. (Staff Photo.)

## Cats Need Shots, Too

## Further Warning Issued On Rabies

News of further outbreaks of rabies in Texas, and the continuation of the near-epidemic in Clovis, brought a further warning from local authorities Wednesday.

"Dogs which live outside the city limits and do not have to have a license, and cats, which likewise do not require a license either in or out of Hereford, should both be vaccinated against rabies."

City Manager Cecil Massey said after consulting with the Health officer. The vaccination costs \$2, and a city dog license is \$1.

"Farm dogs can get rabies from rabid foxes or polecats which they fight, and an unvaccinated dog does not even have to be bitten in order to contract the dreadful disease," he continued.

**Vaccination Clinic**  
"Our vaccination clinic is still scheduled for next Monday and Tuesday afternoon from 4 o'clock to 6 o'clock, and after Tuesday, all stray dogs will be picked up as soon as possible," Massey warned. "Even now, if there is a stray dog staying around some home,

the police should be notified, so the animal can be picked up."

"When the pickup campaign is started, even tagged dogs will be picked up if they are found wandering at large, though their owners will be notified, however, it will still cost the owner \$3 if the dog is kept overnight."

Anti-rabies shots which are given when a person is believed to have come in too close contact with a rabid animal are not only costly, but are said to be the most painful shots that human beings are ever given. However, if a person has been infected by a rabid animal, the anti-rabies shots are the only sure way of preventing a horrible death from the disease.

## Air Reserves Plan Unit In Hereford

Air Force reservists, and former Air Force members who might be interested in joining an Air Reserve unit, are being asked to attend a meeting tonight in the High School auditorium.

Invitations have been sent to all Air Reserve members in the Hereford area by the 983rd Air Reserve Squadron in Amarillo, asking them to be at the High School at 6:45 o'clock tonight, for an explanation of the reserve program, and an organizational meeting for a reserve flight in Hereford.

This does not mean that every Air Reservist who attends the meeting will be put in the unit, but each reservist will probably have the opportunity to join.

Reserve officers whose commissions may expire unless they get more active duty time in, can keep their commissions active by joining such a reserve unit, it has been pointed out.

## Course In Public Speaking Planned

A public speaking course will be given by the Toastmasters' Club starting February 16 in the Hotel Jim Hill.

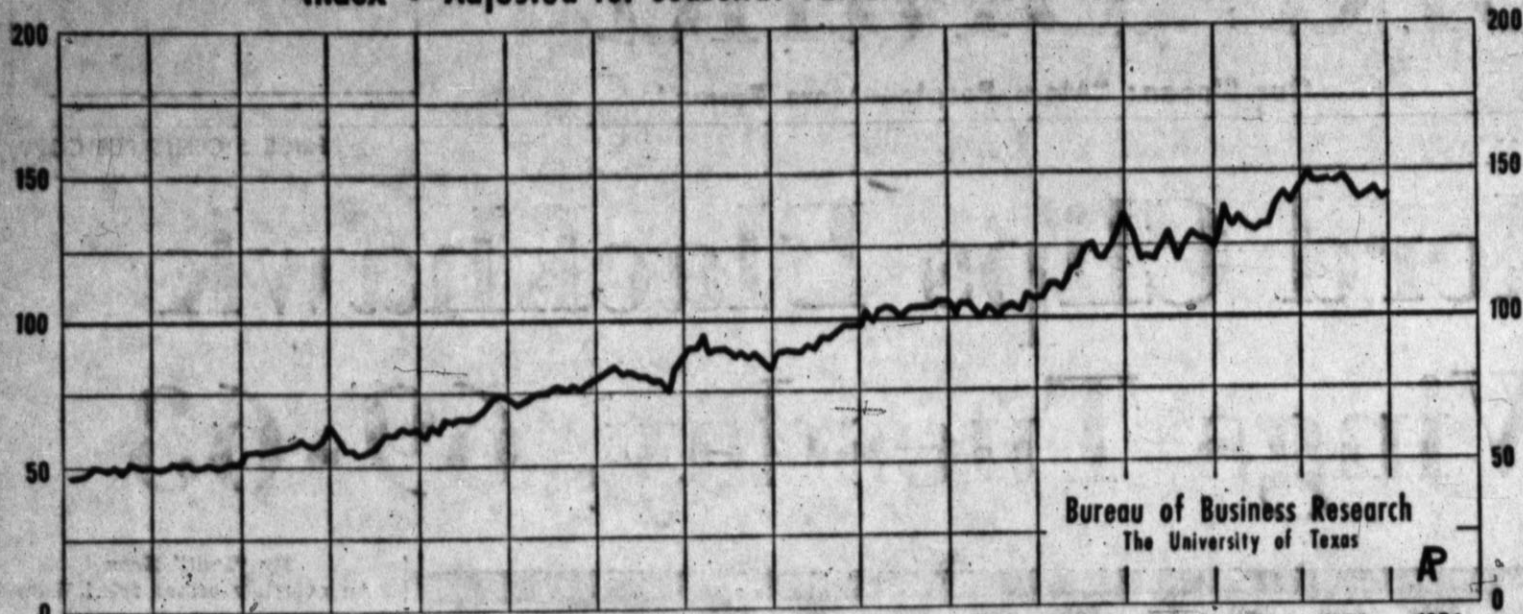

The course, for both men and women, will last eight weeks. Entire cost of the course is \$3. Meetings will be held each Tuesday night from 6:30 until 8:30, it was reported by G. Heard, Toastmaster president.

Instructors for the course will be present members and ex-members of the club.

Persons wishing to take the course may eat with the club members or just attend the meetings.

### Texas Business Activity Index • Adjusted for seasonal variation • 1947-1949 • 100

**TREND OF TEXAS BUSINESS**—The above chart, compiled by The University of Texas Bureau of Business Research, indicates the trend of Texas business during 1953. According to Dr. John R. Stockton, director of the Bureau, 1953 established an all-time record for business in Texas, although certain phases of economic activity, notably farm income, failed to surpass the level of previous years. Dr. Stockton stated that the second half of the year was below the first half, but at the end of the year, this decline still lacked any pronounced momentum. (AP Chart).

### Appliance Cord Needs Proper Care, Handling

Electric repair shops often report their biggest business is in repairing damaged appliance cords. Yet, it's easy to keep these "lifelines" of electrical appliances in good condition. Many cord casualties result from the unfortunate practice of pulling on the cord rather than the plug, says Bernice Clayton, extension home management specialist. This eventually loosens the wire from the plug and sometimes causes a short circuit. Here's how to disconnect for

safety and for longer cord life: If there is a switch at the outlet, Mrs. Clayton says, turn it off before you pull the plug. This prevents sparking between metal prongs and outlet which damages metal and in time causes a poor connection.

#### Pull Straight

If there's no switch, disconnect the plug from the wall outlet first. Grasp the plug — not the cord — and pull straight. If the plug sticks rock gently from side to side as you pull to loosen one connection at a time.

It's a good practice, too, she adds, to disconnect electric cords from the outlet each time you finish using an appliance. When cords are not in use, keep them in a clean, dry, cool place. A permanently attached cord may be wrapped around the appliance loosely, but make sure the appliance is cool first.

Keep cords free from kinks, knots or sharp bends which break fine wires or insulated covering. Mrs. Clayton concludes, Cords may be coiled loosely on a shelf or in a drawer.

### Methodist Plan Dedication Week

Members of the First Methodist Church and the Wesley Methodist Church will join with fellow Methodists throughout the Nation in observing the week of Dedication, February 28 to March 7, pastors of these two churches announced today.

The purpose of the week of Dedication, according to the local pastors, Rev. S. M. Dunnam and Rev. Eugene Naugle, is the deepening of the spiritual life of members of the congregations as the Lenten season begins. A free-will offering will be received for urgent needs in the church's mission fields at home and overseas, with special priority being given to a fund to bring Crusade scholars from other countries to study in the United States.

Each church will arrange its own program for this Week of Dedication, but every Methodist is being urged to participate in the program.

#### Fur Coats

If the fur coat begins to look shaggy, hang it over the bathtub, close all windows and door, turn on the hot water to produce steam, and let it remain for about half an hour. Then shake the coat and hang on a line to dry.

#### Warts

A remedy for warts is to wash in water in which a quantity of washing soda has been dissolved. Let the hands dry without wiping. Repeat this frequently, or until the warts disappear.

#### Salt

To keep salt so it can be easily

shaken from the shaker, mix one teaspoon of cornstarch with each cup of salt. This will prove effective even during damp weather.

#### Whitewash

If color has been destroyed by using whitewash it can often be restored by washing it immediately in strong vinegar.

#### Cleaning Greens

When cleaning spinach or kale add a handful of salt to the second water and the sand will sink to the bottom of the pan. Another rinsing will then make them thoroughly clean.

#### Frost Bites

A good remedy for frost bites is to bathe the parts in cold water and rub vigorously until the blood circulates freely, then follow by rubbing with mutton tallow.

#### Spilled Water

If water or other liquid is spilled on the hardwood floor, quickly spread a few layers of newspaper over it, and see how readily it absorbs the moisture.

#### White Paint

Use spirits of ammonia in sufficient quantity to soften the water, and ordinary hard soap and the paint will be white and clean with half the labor of any other method.

#### Pecans

The kernels of pecans will come out whole if boiling water is poured over them, allowing them to stand for 30 minutes before cracking.

#### Frenchman Sails Alone

TOULON, France (AP) — Piloting a 1908 fishing boat equipped only with sails 40-year-old Rene Chabas has just completed a two-year voyage of 14,500 miles alone in the Mediterranean.

Chabas sailed his tiny boat, the 18-foot "Papillon" from Algiers in September, 1951. He lost his rudder in a violent storm soon afterwards. He narrowly missed death on that occasion. Another time he rode out a storm which sank three cargo vessels nearby.

He was becalmed for 18 days and menaced with dying of thirst as his fresh water supply ran out. A passing vessel saved him.

A voyage from Algiers to Cannes took 32 days. Steamboats make it in two.

### CONGRESSMAN WALTER ROGERS SAYS New USDA Publication Tells Many Ways To Cook Brer Rabbit

Peter Rabbit is coming into quite a prominence. The U. S. Department of Agriculture, Bureau of Human Nutrition and Home Economics, has recently issued Home and Garden Bulletin No. 35. Its title, "Ways To Cook Rabbit." This is a sixteen-page booklet for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C., at the price of ten cents per copy. It is, no doubt, intended to appeal to all nationalities, as it contains recipes, among which we find rabbit Chop Suey, Creole Rabbit, Curried Rabbit, and Hassenpfeffer, not to mention the old American stand-bys of Rabbit Pie, Rabbit Hash, and Plain, Stewed or Fried Rabbit, with or without scallops. It not only gives points on cooking, but also on buying and thawing rabbits. I was somewhat amazed, because the researchers who prepared the booklet overlooked the main item. They should have at least had a paragraph on "How to Catch a Rabbit." I have eaten a lot of rabbit in my day under quite a few aliases. Most church cook books carry a pretty good run of recipes for preparing the animal after it is caught. I never experienced any trouble in the cooking. It was always the catching that seemed to be the most trouble.

Not some poor Oklahoma cowboy. They are unknown, as far as the publication shows. In fact, the ones who make the profit out of these filthy publications are hiding behind some corporate name or other type of name that does not disclose their identity. If the Oklahoma cowboy's activities caused such an uproar, the publication that I sent them should make the lid go off; that is, if it's decency instead of politics that some of the bureaucrats are interested in. These publications should not only be taken out of the mails, but they should be taken off the news stands and completely out of circulation.

**The Texas Delegation**  
I have just come back from an open meeting of the Texas Delegation in the Speaker's dining room at the Capitol. The delegation meets each Wednesday. Some of the meetings are closed and others are open. Today we had as speaker Sir Roger Makins, Ambassador to this country from Great Britain. He expects to make a trip to Texas in the near future, but will probably confine his schedule to the eastern and central parts of the state. I extended to him an invitation to visit the Panhandle, but he advised me that he had already seen the Panhandle and would take advantage of the invitation at a later date. There were quite a number of visitors at the meeting.

**The Hydrogen Bomb**  
The President made public the other day the fact that this country had exploded a thermo-nuclear bomb at the Island of Eniwetok in the autumn of 1952. Since that announcement, Members of Congress have been given further information on the subject. I have just returned from viewing films of this operation. The information conveyed to us by these films is, of course, strictly classified; therefore, I can give you no information as to anything that I saw or heard. I can tell you, though, that you should never underestimate the progress that this country is making in this field.

**VISITORS**  
I had a nice visit with Arthur Glover and his wife, from Amarillo. Other visitors were James Scarborough and Jim Henson, of Pampa. Whalebone once was worth \$10,000 a ton.

Car Is News Office STATESVILLE, N. C. (AP)—Mrs. Mary Hill Long, 60, worked for The Statesville Daily for 20 years. It was sold last spring, leaving Mrs. Long jobless. Using her savings only to buy stamps, she packed her typewriter into the back seat of her car and started publishing the weekly, four-page "County News."

The back seat serves as news room, office and mailing department. The paper is printed in nearby Mocksville.

"I'm not competing with anyone," she said. "I just felt there was a place for a newspaper of this type."

Her readers agreed. Now Mrs. Long, who has hired a business manager, plans to expand her newspaper on wheels.

Twins Plentiful CHICOPEE, Mass. (AP)—Chicopee public school children often see double although there is nothing the matter with their eyesight. There are 46 sets of twins plus twin teachers in the city's classrooms. Chicopee's population is about 50,000.

Valentine Motif The tea table was done in a Valentine motif with red gladioli and white carnations surrounding a large red heart forming the centerpiece. Mrs. Guy Walser presided at the tea service.

Old Bailey Goes Human LONDON (AP)—London's grim Old Bailey (the Central Criminal Court) is going human.

Rebuilding of the war damaged building, at a cost of more than 1 1/2 million dollars, has included suite of rooms where jurors can relax while awaiting their call. Additionally, a basement restaurant has been opened and, for the first time, jurors, witness and spectators can eat inside the building.

Consumption of vodka in France increased about 50 per cent in 1953.

## LaMaster, Former Democrat Is GOP Congressional Candidate

Perryton-LeRoy "Pete" LaMaster today announced his candidacy to become Representative in Congress for the Eighteenth Congressional District. Furthermore, Mr. LaMaster, who has been a life-long Democrat heretofore, also announced that his candidacy will be subject to the Republican Party primaries in July.

"When I ran for Congressman in 1950 it was as a conservative Democrat. In 1952 I supported President Eisenhower. Since then I have studied his administration's program carefully; and am now in thorough general accord with it. Thus my candidacy now is properly as a Republican. If elected, I

shall be a full member of the administration team, assist in organizing a Republican Congress and be in a position to serve the Panhandle to utmost advantage.

In the Congressional election four years ago, Mr. LaMaster ran third, only failing to achieve the run-off by some 700 votes. He accomplished this result with little organization and modest funds of his own.

"Pete," as he has been known since childhood, plans to take specific positions on the important Panhandle ad national problems requiring solution. Thus he is vitally interested in agriculture; all

## Guest Day Program Held By Summerfield Study Club

Summerfield Study Club held a guest day program Thursday afternoon in the home of Mrs. Clara Blakemore, with Mesdames L. B. Lookingbill, Earl Lance, and C. R. Walser serving as assistant hostesses.

Mrs. Ella Counselman gave a demonstration of how to pack a suit case and Mrs. J. B. Noland introduced the guest entertainer, Mrs. Earl Springer, who showed films of a recent trip to Canada. Small booklets, "Travel a la car" were distributed.

The tea table was done in a Valentine motif with red gladioli and white carnations surrounding a large red heart forming the centerpiece. Mrs. Guy Walser presided at the tea service.

Guests included Mesdames Jan Story, Earl Springer, O. B. Robertson, Carlye Sargent, Roy Botkins, Clifton Harper, Henry Behrend, Jack Streun, Floyd Coker, Melvin Rainey and Miss Mable Cannon.

Members of the club attending were Mesdames L. L. Cannon, LeCurry, K. W. Neill, L. H. Lookingbill, Charles Noland, Mack Noland, Guy Walser, Carl Lee and the hostesses.

No one can be quite so hostile as a woman who has carefully followed a complicated recipe to completion (including utter failure) only to discover that there was a misprint in directions. I don't blame them in the least, but it is reflex action for me to dodge when a woman mentions a recipe. This week was different, however. Quite a few ladies tried Mrs. Zerrill Thomas' recipe for "Funny Cake"—and they are all happy. One said, "It was out of this world." Their only complaint is that the cake should work out like it does. It looks like pie, tastes like cake—and worries them to death. If you haven't tried it, look for the February 4 Brand and give it a try. It is definitely good eating.

In this regard, June Neel also deserves a pat on the back. June checks these recipe proofs—and, brother, she double checks them. We haven't had a recipe mistake in a long time. It is absolutely wonderful. Mistakes of this sort are one of the hazards of the newspaper business.

Meanwhile, the candidates are throwing their hats into the ring. Looks like quite a political year. We now have someone for every office except Commissioner of Precinct 3. Two of the offices are already contested and, in all likelihood, others will be contested before the smoke clears away. I'll bet 2,807 people are plenty glad they paid their poll tax. This is all part of the "more in '54" campaign.

I don't like to brag, but I guess you have already read how Hereford trounced Phillips for the district basketball championship Tuesday night. That was part of the prediction I made away last October about 1954. I definitely said "Even the ball team will snap out of it! They will beat Phillips—and probably for the championship in 1954." I still say that you "Doubting Thomases" had better get on the band wagon. The prediction was so accurate that it surprises even me a little bit. However, I told you all of the time it was strictly a hunch. Not a fact to back it up. I also said, "Wait and See." Now you see. This month we will get some rain, too. Then I am sure a lot more people will be less critical. Wait and see.

Ernest Wade is chairman of the parade division in the Rotary Club Junior Livestock Show this year. He stopped me the other day and said, "Tell 'em to get on the ball." I tried to find out what people were supposed to do, but Ernest insists that they will know. He even left the impression that not everyone was so thick-headed as newspaper men. Therefore, if you want to put a float in the parade, maybe you'd better give Ernest a ring. His number is 27 in the daytime and 1070-W at night. Please call him at night. He will take it during the day, but I am sure he will appreciate your calling at night. He will always be at home by midnight, so don't take any chances. Call him anytime after midnight. This is a free-gratis job on Ernest's part and maybe we should bother him while he is working.

Recently Hereford had an old boy who refused to pay a parking ticket. He said he would just "lay it out in jail." The magistrate said, "OK," and settled for a half day in the pokie. The old boy wanted to go to church Sunday morning, so they figured Sunday

afternoon would be the best deal. He showed up on the dot, but the clink was full of people—and he didn't like the company. I don't know what finally happened, but I think he reneged. Anyway, the idea has possibilities. Just one criticism. If the old boy had been on the ball, he would have insisted on being in at mealtime. I'll admit that four hours of peace and quiet has its points, but why not pick up a free meal in the process?

A most pleasant surprise occurred when Doc Kirby took time off Sunday to call and pass a few marks of praise concerning the Bull Column. Doc is an old newspaper man, having spent quite a few years on the Pampa advertising staff and later published his own newspaper at Portales, N.M. Well, Sir, old Doc laid it on pretty thick. He had me riding high—then he said:

"I remember a speech Gene Howe made one time. He said that every publisher should write a column—and no matter how bad it was, it would, sooner or later, acquire a following."

We both laughed real loud. However, after he hung up, I got to thinking about it. The statement is true. Columns are based more on consistent effort than upon quality. Honest, I have tried to analyze the Bull Column and I never could figure out why people want to read it. To my way of thinking, it has maybe two good points. One is regularity and the other is sincerity. Of these two, I considered sincerity the greatest virtue. If you are wrong most people will forgive you—provided you shoot square and remain sincere and fair in your opinions. Regardless of how smart you are, on the other hand, you just can't hoodwink and mislead the public. Maybe it has no connection, but for some reason the whole thing reminds me of an old saying: "I'd rather be lucky than beautiful."

Doc also says to please, please get a new heading. He says the one I have is terrible. "Even you don't look that bad," he pointed out, "and besides, it has far, far too much hair." Doc says I have to get rid of the heading or get a toupee.

I don't know which would be the cheapest. A new drawing, a new engraving, etc., would cost about \$35. What does a toupee cost? I'll bet Lee Benefield knows. He may not have one, but I'll bet he has priced them somewhere along the line. There's another point, too; if we got a new column heading would everyone like it? Someone would probably protest. However, we are open for suggestions. Does the present heading irk everyone? Is it really obnoxious? Does anyone like it at all? If there are enough protests, we will change it. Maybe we can talk Sam Nelson or Ilene Young or Mrs. Charles Newell or Glenn Boardman into drawing one. I really mean it. Doc is not the only one who has complained. Homer Fox used to say that the column had enough hurdles without extending a handcap like the maladjusted heading. Several have complained, so maybe it does need changing.

How about a heading where the old fellow is turned out to grass? That's the way I feel sometimes.

Mr. and Mrs. Roy Peet of the Western Flower and Gift Shop attended the design school for florists in Childress over the weekend. Mrs. Tom Bates of Tulia Florists attended the school with them.

**French Politics Tangled**  
PARIS (AP)—The French National Assembly, now has 12 political parties.

They are: Socialists; Communists; Catholics (MRP); Union of Republican and Social Action (De Gaullists); Republican and Social Action (ex-De Gaullists); Radical Socialists (moderates); Socialist Democratic Union of the Resistance (close to the Radical Socialists); Republican Independents (right wingers); Overseas Independents; Progressists (allied with the Communists); Independent Peasants (right wingers) and Peasants (right wingers, but more agricultural).

**Minnesota Records Broken**

ST. PAUL (AP)—Minnesota had a record 834,359 nonfarm jobs, on the average, in 1953. Officials said, however, that the number dropped off at the end of the year.

A study of the records showed personal income about 8 per cent higher than 1952—at 4,800 million dollars. At the same time, record iron ore production earned nearly 50 million dollars in taxes for the state and its political subdivisions.

**Votes Guarded From Liquor**

ST. PAUL (AP)—A village hall can house a municipal liquor store, but only if it is partitioned from the part used for voting purposes, Atty.

Gen. J. A. J. Burnquist ruled in answer to a question from the West Concord village attorney. The liquor store must have a separate entrance, too, Burnquist held.

## At The Movies

THE VANQUISHED

Friday and Saturday at the Star Theatre.

Starring John Payne, Jan Sterling, Coleen Gray, Lyle Bettger, Willard Parker.

The story of a Damsynee in a Southern town during Reconstruc-

tion Days, the story concerns a Confederate officer who returns to Galveston to find Lyle Bettger as Civil Administrator. Practically all of his former friends, except his sweetheart, turn against him.

It is a story similar to that which happened in many Southern cities after the War Between the States. Characterizations are believable, which doesn't always happen in these Technicolor dramas.

Djakarta, capital of Indonesia has a population estimated at three million.

Friends reported this week that Mr. and Mrs. Joe Beyer expect to be back in Hereford within a few days. Mr. Beyer, who underwent a minor operation recently, was reported to be improving. The couple has been visiting relatives in Hutchinson, Kans.

### Mary Miller Sharing In Home Ec Scholarship

Miss Mary Lou Miller, daughter of Mr. and Mrs. Roy Miller of Friona, is one of eight Home Economic Division students at Texas Tech that is sharing in a new \$1,000 scholarship fund set up by Miss Ethel Foster of Sterling City.

Miss Miller, a junior in Texas Tech, graduated from Friona High School with the 1950 class. She has exceptionally high scholastic averages and made the honor roll with 2.70 average this semester.

### Pruning Program Given At Bud To Blossom Club

Members of Bud To Blossom Club met in the country home of Mrs. J. R. Hickman Friday afternoon.

The club project, beautification of the grounds at the Negro school, was discussed, and plans were made to plant the shrubs this week.

Arrangement for the day was made by the hostess, who used shasta daisies in a log container, with an old-man-of-the-woods figurine as a colorful accessory.

**Program on Planning**  
A program on "Spring Pruning" was presented by Mrs. R. N. Yarbrough, who suggested that pruning be done now in order to give the cut place time to heal before spring growth started. She told the group that most shrubs need pruning year after year in order for the new growth to replace the old, and that evergreens need shaping now. "Roses need to be lightly pruned, and when pruning trees, cut back at least a third of the top," she stated.

Mrs. J. M. Wood spoke on "Sick Room Cheer," telling of the importance of flowers to the sick, the very old or the shut-in. She suggested, when making a choice of flowers, to select those just beginning to bloom so that the patients can watch the flowers unfold. She recommended dish gardens, especially for children, and bird feeding stations for the shut-in or patient in a prolonged illness.

Attending the meeting were Mesdames R. A. Daniel Jr., Preston Hagans, H. A. Haseloff, C. R. Higgins, Ray Howell, E. R. Kendall, O. F. Long, Don Martin, W. H. Patton, Lloyd Sharp, Delmo Williams, Jim Wood, and R. N. Yarbrough.

### Letters To The Editor

Hereford, Texas  
February 8, 1954

**"LETTER TO THE EDITOR"**  
I read with great interest your Editorial regarding a regular County Audit by a thoroughly screened competent C.P.A. suggested by our very able and efficient County Judge, Horace Schloss. It is indeed astonishing to learn that our present county commissioners as a whole would let such an important matter to the taxpayers as this, and it is the taxpayers who employ them, go by without even complete and thorough discussion, and further refusing to offer a "Second" to this proposal or motion by the County Judge.

A bank examiner or auditor is as much a part of the banking institution as is the president of a bank, and the banks never know when the examiner or auditor is coming. But there is one thing certain that they do know and that is that the Examiner will come, and he will audit their records.

I worked for The Texas Power & Light Company, for 10 years doing office and book work, ranging in capacities from Storekeeper, to Chief Clerk and Office Manager, our company auditor was as regular every year as the clock, and sometimes he would come twice within a year and audit the books of the entire system.

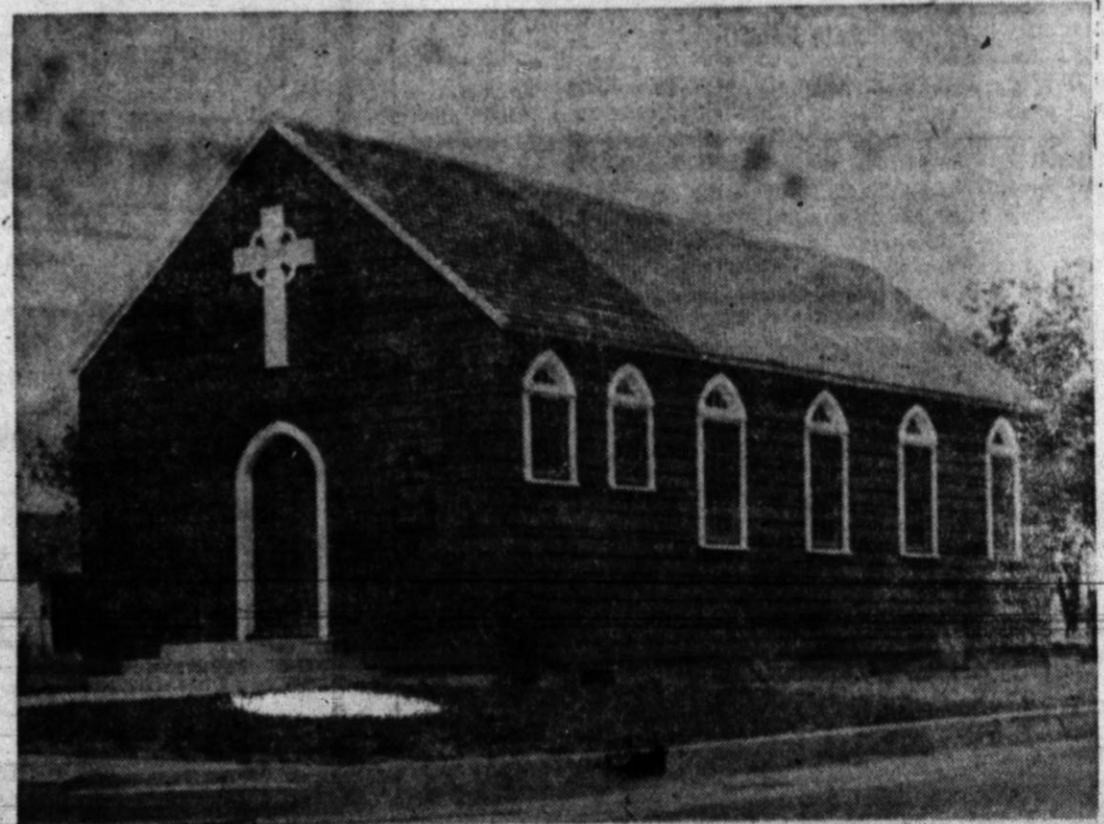

As you have mentioned in your Editorial, with a county with a 12 million dollar tax valuation, certainly this is big business and it needs efficient, competent and sincere officials to administer its affairs, both from the standpoint of the County Judge and the County Commissioners as well, and I think too, that regardless of the amount of salary the taxpayers pay these officials, if they are competent, honest and sincere in their administration to the taxpayers they certainly earn every cent of their salary, because after all, if we do not elect and maintain efficient and competent county officials, we certainly will not have a healthy and prosperous county very long. An audit would serve as good insurance to both the county administration and the taxpayers.

Signed, Leo V. Gallagher

A Mother Goose theme was carried out at the Future Homemakers of America Sweetheart Banquet Saturday night in Shirley School Cafeteria.

The girls came dressed in aprons and their beaus wore overalls. However, when it came time for the refreshments, the beaus wore the aprons and served the girls.

Dorothy Veigel presented a bracelet to Earleen Plank and a bow-tie to G. W. Suggs as the sweetheart and beau of 1954. A piece of sterling silver was also presented to Mrs. Frank Prowell, sponsor of the group. Later in the evening, Mrs. George Graham presented Mozelle Telchik and Joel Newman with a box of Valentine candy as the cutest couple at the party.

### Group Singing

Barbara Winget led the group in singing "Let Me Call You Sweetheart," while Mary Ann Young accompanied the group on the piano. They also led the closing song of "Tell Me Why."

Games were under the direction of Pat Sullivan.

### Cards Take Training Trek

ST. LOUIS — The Cardinals, who annually do their spring training in St. Petersburg, Fla., will take a cross-country trek this year. The Redbirds will play their first five exhibition games in Florida, then hop to California where they will meet the Chicago Cubs in two contests at Los Angeles, and one at Fresno. Both squads will play a game at Mesa, Ariz.

Following this series, the Cards return to St. Petersburg to resume their Florida schedule.

### New Foes for Wolfpack

RALEIGH, N. C. — North Carolina State's 1954 football schedule includes four new opponents—Virginia Tech, Furman, Richmond and Maryland. Dropped from the schedule were Davidson, Army, Pittsburgh and George Washington.

The Wolfpack will take the field under a new head coach, Earle L. Edwards, former end coach at Michigan State. Edwards succeeds Horace Hendrickson who resigned.

Spread thin slices of veal with bread stuffing, then roll the meat around the stuffing and fasten with toothpicks. Pan fry in hot fat, then add a little liquid, cover and simmer for about three-fourths of an hour. The gravy in the pan may be thickened, if desired, before serving. Add any seasonings you prefer at the time you add the liquid to the stuffed veal rolls.

Try seasoning bottled clam broth with tomato catchup, celery salt and Worcestershire sauce.

Serve as a first-course beverage with crackers.

If you don't have some other cold dry place to store a bottle or can of olive oil, put it in your refrigerator. The oil will solidify, but if it is placed at room temperature a short time before it is to be used, it will melt.

Use bread at least half an inch thick, for best results, when you are toasting sandwiches in an electric sandwich grill.

## MEMO TO ADVERTISERS

## A Guide to the Point of Sale

Our local stores are the display rooms and warehouses for the world's finest products. Efficient banking, insurance, real estate and other business services are also available to the people in our community. The readers of this newspaper find our advertising columns a dependable guide to the point of sale—a useful source for up-to-date news and information about these goods and services.

In order that advertising expenditures may be made with us on the basis of known values, as required for any sound business investment, this newspaper is a member of the Audit Bureau of Circulations.

Every advertiser should know about A.B.C. The Bureau is a cooperative, non-profit association of 3,450 publishers, advertisers and advertising agencies. Working together, these buyers and sellers of advertising establish standards

for paid circulation, rules and methods for auditing and reporting the circulations of newspapers and periodicals.

At regular intervals one of the Bureau's large staff of experienced circulation auditors visits us to make a thorough audit of our circulation records. The FACTS established by his audit are published by the Bureau in A.B.C. reports which are available to you, our advertisers. These reports tell you how much circulation we have, where it goes, how it is sold and other FACTS essential to the profitable use of newspaper advertising. Ask us for a copy of our A.B.C. report.

THE GIANT BIRTHDAY CAKE, shown above, weighed 618 pounds in the 1953 observation of Piggly-Wiggly's eleventh anniversary. Mrs. Ansel McDowell guessed the weight to the very ounce to win first place. Gayle, Marilyn and Carol Ann

Newell, daughters of Mr. and Mrs. Gaylord Newell, are shown above cutting the 1953 cake and will again do the honors next Saturday. This year five prizes will be awarded on the weight guessing contest. (Staff Photo.)

# Piggly Wiggly To Give \$750 Worth Of Prizes

## World's Biggest Birthday Cake To Be Cut Saturday

The "World's Largest Birthday Cake," along with more than \$750 in prize awards and special favors for those who attend, will headline the Piggly-Wiggly's twelfth anniversary party here Friday and Saturday, February 12-13, according to Gaylord Newell, owner.

Slight changes will be noted in anniversary plans this year, however, as compared with past years. Whereas, the big Birthday Cake has previously carried only one prize to the person guessing closest to the correct weight, it will include five prizes, totaling \$236.40 in value. The man who estimates nearest the correct weight will receive a \$62.50 Benrus wrist watch and the lady who estimates closest

will receive a \$62.50 Benrus wrist watch. The next closest estimates will each receive an Artin clock radio, \$39.50 value, with the next two nearest estimates receiving a \$25.95 automatic electric toaster each.

**50 Baskets of Groceries**  
In addition, 50 baskets of groceries carrying a total value of \$500 will be awarded during the event, according to Mr. Newell. Piggly-Wiggly balloons, pencils and candy will be awarded both days as favors. Free Coca-Cola will be served in the store all day Friday. The big birthday cake will

be cut Saturday and served, along with free coffee, throughout the day.

In addition to these attractions, Mr. Newell said that several distributors have arranged for demonstrations during the two-day celebration and will serve various foods in the store. These demonstrations will include coffee, canned biscuits, cheese products, special salads, cookies, crackers and canned foods.

**Open To Everyone**  
"This is open to everyone," said Mr. Newell. "Just come in and estimate the weight of the big birthday cake. Write down your name, address, phone number, and your guess. No purchase is required. There is no obligation to buy. All you have to do is be 16 years of age and sign the slip." All prizes will be awarded Saturday afternoon. After the cake prizes have been awarded, the same registration slips will be used for drawing other prize awards, including the 50 baskets of groceries. Slips will be issued to persons winning the baskets, which will be delivered next week.

### TWELVE YEARS OF SERVICE

## Hereford Piggly Wiggly Has Outstanding Record

Hereford's Piggly-Wiggly store this week closes 12 years of service in the community with an outstanding record of achievements. It is classified as one of the most modern and most complete food markets in the Panhandle, regardless of town size and population.

From its very beginning, the store has been associated with Panhandle Associated Grocers, a co-operative buying organization with central offices in Amarillo. Mr. Newell is also a past director of the organization. He attributes much of the store's success to the buying power afforded through PAG membership which, along with the Piggly-Wiggly franchise, affords large-scale buying on all items.

calls, was delivering groceries. "I will never be prouder than I was driving that new Model A Ford delivery wagon," he says. "It was really a honey."

**Now Sole Owner**  
Later, Mr. Richards sold his store to Glenn Weir and Newell continued with the store under Mr. Weir, except for a few months when he sold automobiles. When Mr. Weir moved the store from the location now occupied by Hereford Shoe Store to Highway 60, he went right along with the move. In 1949, Mr. Weir decided to sell the store and Newell became a partner. In a few years, he purchased other interests, and became sole owner.

The store was established in 1942 as a successor to Glenn Weir's food market and was originally located on highway 60, under active management of Gaylord Newell, present owner and manager. In 1949, the store had grown to such an extent that Mr. Newell constructed the present building, affiliated with Piggly-Wiggly and moved into the present location.

**Lifetime Of Experience**  
"You never get anything perfect," says Newell, but the present Piggly-Wiggly was planned with what might be literally called "a lifetime of experience." Mr. Newell began his grocery store career back in the days before refrigerated foods and packaged flour.

**Variety Of Foods On Plentiful List**  
A wide variety of foods—more than 20 in all—are noted for penny-wise shoppers on the USDA's February plentiful foods list. For the first time in many months, supplies of pinto beans, lettuce, fresh and processed oranges and cranberry sauce are large enough to rate a place on the list, says J. J. Slaughter of the Agricultural Marketing Service.

Winter pears, Irish potatoes, broilers and fryers have been singled out for special attention during the month because supplies are unusually large. Excepting pecans and frozen fish, plentiful foods carried from January on to the February list are eggs, beef, large dry lima beans, fresh and processed grapefruit, cabbage, onions, raisins, dairy products, peanuts and peanut butter and food fats and oils.

**Consistent Additions**  
The store, strictly modern in 1949, has since consistently added new equipment and modern improvements in order to keep abreast of the times. Today, it boasts a total of 148 feet of refrigerated display cases, including 36 feet of produce cases and 22 feet of help-selves meat cases, 20 feet of frozen foods cases. The remainder is taken up with the cream, cheese and other items.

**RESOLUTION**  
The following RESOLUTION was introduced by Commissioner J. T. Guinn:  
At its regular meeting of the February, 1954 Term, on the second Monday in February, 1954, the same being February the 8th, 1954, all Commissioners being present, the following RESOLUTION was presented:

**BE IT RESOLVED:** that it is the judgment of the Commissioners' Court of Deaf Smith County, Texas, that it is expedient and necessary that an audit be made of ALL the books, records and accounts of Deaf Smith County, Texas, including the Deaf Smith County Hospital, whereby the Commissioners' Court may be better informed to enable it to determine

and fix proper appropriations and expenditures of public moneys and to ascertain and fix a just and proper tax levy.

In Portales, N. M., Sunday afternoon to attend a concert presented by the Westminster Choir of Princeton, N. J., under the direction of Dr. John Finley Williamson, were Mr. and Mrs. Ray Conaway, Miss Mattie Mae Swisher, Mrs. Jeff Gilbreath, Mrs. Cliff Estee and Miss Thornton Shirley.

## Northwest Hereford News

**By Mrs. R. C. Childers**  
Dinner guests in the home of Mr. and Mrs. Edgar Telchik Sunday were Mr. and Mrs. J. L. Stevens of Amarillo and Mr. and Mrs. Arnold Hershey, Marvin and Patricia.

Mr. and Mrs. C. S. Barclay and sons Larry and David, were dinner guests in the home of Mr. and Mrs. Britch Hopson and girls Sunday.

Pat Childers accompanied the high school choral group to Portales where the group participated in the choral clinic which was held at the college Saturday. The group was accompanied by their instructor, Don Moore.

C. S. Barclay was in Amarillo on business Saturday.

**Moved To Pueblo**  
Mr. and Mrs. Ralph Hayes and daughters, moved to Pueblo, Colo., last week. Mrs. Hayes has been with her parents, Mr. and Mrs. E. Walker, on the Paul Corbett farm since before Christmas.

Mrs. Paul S. Corbett, Paula, Beth, Ronald and James left Friday at noon to spend the weekend with her parents, Mr. and Mrs. N. A. Greer in McLean.

**Choral Club Plans For THDA Meeting**  
The Home Demonstration Choral Club met Monday afternoon in the Cecil Massey home.

During the short business session, Mrs. N. D. Bartlett was voted a new member of the club. It was announced that all club members should wear black dresses to the next meeting. A photographer will be present to take pictures of the group.

**Songs For THDA Meet**  
The group are working on a selection of songs to be used at the District THDA meeting in Panhandle in April.

Members present were: Mesdames Roy Manning, Tom Draper, Franklin Miller, N. D. Bartlett, Roy Lee Wilson, S. S. Williams, T. J. Parsons, Clara Shore, R. C. Childers, Miss Augustine Gregory and Mrs. Cecil Massey.

The next meeting will be held February 22 in the home of Mrs. G. E. Mullins, 505 Union Street. The newly appointed telephone committee are Mrs. T. J. Parsons, Mrs. Clara Shore and Mrs. Roy Lee Wilson. Mrs. R. C. Childers is publicity chairman.

They returned Sunday evening. An out-of-town guest in the Marti Mason home this week was Mason's brother, A-le Grady Mason, who is now stationed near Wichita Falls. He has been stationed there since his return from Germany.

Grady spent the weekend with his parents, Mr. and Mrs. R. L. Mason.

Mr. and Mrs. Marti Mason, Dickey and Tommy spent Sunday in Lubbock visiting parents, Mr. and Mrs. Dick Tomlinson.

Mrs. R. C. Childers attended the Home Demonstration choral practice session in the home of Mrs. Cecil Massey Monday afternoon.

Mr. and Mrs. Melvin Raney and Mrs. C. S. Barclay went to Canyon Sunday to visit their grandmother, Mrs. James Barclay.

**District WMC Leader Speaks At Council**  
Mrs. E. R. Foster, district Women's Missionary Council leader, spoke on "Sowing Seeds" at the meeting of the Women's Missionary Council of the Assembly of God Church last Thursday.

Mrs. Harry Schultz, president, presided and plans were discussed for a chili supper to raise funds for missions. Following the business meeting, the members presented Mrs. Foster with an apron and a corsage.

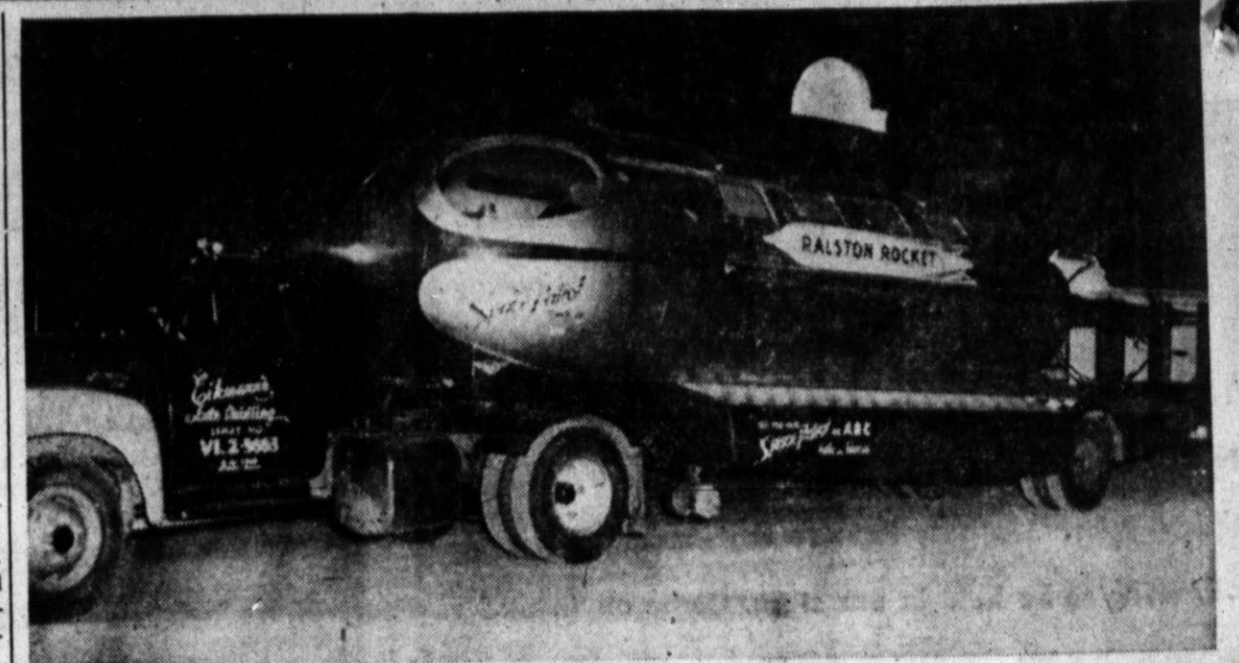

Refreshments of gingerbread and whipped cream were served to the guest and about ten members.

Rev. Wade of the Friona Assembly of God Church will be guest speaker at the next meeting, which will be tonight at 7:30 o'clock in the WMC room.

**Giant Runway**  
MURCO LAKE, Calif. — A runway 15,000 feet long — almost three miles — and 300 feet wide is being constructed at Edwards Air Force Base here for the planes that are steadily pushing back the frontiers of flight.

The slab of concrete is 19 inches thick and is flanked by earth shoulders 300 feet wide. Pouring of concrete, with two giant paving machines in operation, is well under way. Completion is scheduled for November, 1954.

The runway is a major phase of the expansion program that is transforming Edwards Field into a permanent flight test center.

CONSIDERABLE COMMENT was caused around Hereford Saturday night when this "visitor from outer space" was parked at Smith Motel on Highway 60 while the truck driver spent the night nearby. The "rocket," which is actually fixed up as comfortable quarters for several people, was given as first

prize in a contest sponsored by Ralston and Weatherbird shoes. Johnny Wear, 11, son of Mr. and Mrs. Bob Wear, 205 E. Sixth St., won a wrist watch and a compass with the name "Lumenarius," which he entered in the "name the planets" contest. (Staff Photo.)

**MEET THE TEACHER**—Mrs. Floyd Walton, 621 Irving Street, has been teaching in Hereford schools for five years. At the present time she is a second grade teacher at Shirley School. Mrs. Walton received her Bachelor of Arts Degree at West Texas State College and she will receive her Masters Degree this spring at WTSC. She is shown here with two of her

pupils as they feed the fish and look at the cocoons that the children have brought to school for a science project. From the left are: David Holstead, grandson of Mr. and Mrs. R. T. Adams; Diane Wilson, daughter of Mr. and Mrs. Gerald Wilson; and Mrs. Walton. (Staff Photo.)

**Mrs. Caroline Sigmon Is Buried At Bowie**

Mrs. H. M. Benefield and her sons Mark and Lee were in Bowie Monday to attend funeral services for Mrs. Benefield's mother, Mrs. Caroline Mahala Sigmon, who died Saturday at the home of her daughter, Mrs. G. P. Whitely, in Fort Worth, where she had made her home since 1943.

Many relatives and friends joined in the celebration of her 100th birthday last October 12.

Mrs. Sigmon was born in Katowha, N. C., in 1853, and was married to the late William P. Sigmon in 1873. They moved to Stoneburg, Tex., in 1892 to Bowie a year later. Sigmon died in 1904.

To this union were born 11 children. The eight surviving include six daughters and two sons.

Rev. C. A. Tucker conducted the funeral services in the First Pres-

byterian Church, where she was a very active member during the 50 years she lived in Bowie.

**District Supervisor Entertained By Rebekahs**

Members of the Rebekah Lodge attended a school of instruction Sunday afternoon at the IOOF Hall. The school was under the direction of the district supervisor, Mrs. Babe Mastin of Pampa.

In conclusion a Valentine party honored the district official. The refreshment table was laid with a lace cloth over red, and appointments carried out the Valentine motif. Mrs. Pauline Lady and Mrs. Ella Cockrell presided. Twenty-five members attended.

Those serving on the arrangements committee were Mesdames Ella Cockrell, Bobby Meacham, Ruth Smith, Leora Massie, Leola Turner, Viola Woodson, Lucile Olson and Ada Hollabaugh.

There were no major earthquakes in the United States in 1953.

**Pictures For Classrooms Planned By Walcott P-TA**  
Mrs. Kyle Baker, Miss Lillian Fisher, Mrs. Eldred Brown and Mrs. Hershall Burris were appointed to see about pictures for each classroom at the Parent-Teachers meeting held at Walcott Friday night.

During the business session, plans were made to get ball suits for the girls, and a safety talk was given by Highway Patrolmen J. R. Kirkwood and Joe Culp.

Refreshments were served following the talks.

Mr. and Mrs. Harold Thomas and baby of San Antonio are visiting his parents, Mr. and Mrs. J. W. Thomas.

## CHIP SHOTS

**By Bud Posey**

Twenty-eight Hereford golfers journeyed to Amarillo Sunday, February 7, to play Ross Rogers Municipal Golfers at the Ross Rogers site.

Amarillo won the match 60-23, which wasn't so bad considering we were a little overmatched in some matches. Bob Siese, Amarillo City Champion had the low amateur score of the day—a one under par 71. J. M. Posey of Hereford

was the low amateur for the local club with a 2 over par 74. Vern Farquhar, Amarillo pro, defeated Bud Posey 2½ points to ½ point.

Amarillo will return the match this Sunday weather permitting. Matches are scheduled to start with those who want to play early at 11 o'clock with other matches following from 11 o'clock to 1:30 o'clock. All golfers desiring to play are urged to turn in their names to the Pro Shop by 9 o'clock Sunday morning.

Members of the club attending were J. B. Wills, president; Carol Jones, Gary Southern, Lewis Biggers, Lynn Jones, Lavera Head, Freda Inman, Loy Gene Smith and the sponsor, Mrs. Roy Calvert.

Edward II of England established the inch as the length of three barley corns laid end to end.

**Buses Are Hobby**  
CINCINNATI (AP) — Television is not as entertaining as a bus ride, according to Calvin Beam, 86. His hobby is riding buses.

He is not particularly interested in the kind which travel coast to coast. He merely likes to ride from his home to downtown Cincinnati. He then takes another cross-town.

It's not an expensive hobby. For working 55 years with the Cincinnati Transit Co., he was presented a lifetime pass upon his retirement in 1947.

**Marathon Cribbage Game**  
WHITINSVILLE, Mass. (AP) — George Williams, a machine shop foreman, retired nine years ago and has been playing cribbage with his wife ever since.

They have played 27,000 games, counting holes rather than games in scoring. The lead has shifted alternately from 700 to zero. The latest count gave Williams only an 18 hole lead over his wife.

# Mental Health Problems Are Latest HD Club Study

Mental illness is a family affair and Home Demonstration club women are finding out that not only insanity, but all those minor upsets with mental angles, can work havoc in a family unless something is done to solve the mental health problem.

Prejudice has been described as a moral cancer and people must be educated to feel right about themselves, to feel right about others and to meet the demands of life.

Clubs having programs on mental health last week were:

## NORTH HEREFORD HD CLUB

Tomorrow, injections of specific medicines may drive the fog of confusion from sick minds," Mrs. Fred Barrett told members of the North Hereford Home Demonstration Club who met with Mrs. R. A. Fullwood last Thursday for a program on mental health.

Continuing with an article from Better Homes and Gardens, Mrs. Barrett said, "You may worry less, have fewer ulcers, family upsets, and nervous breakdowns, thanks to the startling discovery that mental illness is all in your body and gets going when your chemistry's out of kilter."

Mrs. Fullwood also gave a craft demonstration on the use of native materials such as yucca and Johnson grass for weaving mats. Buttons and costume jewelry she had made from various things usually found around the house were shown.

Mrs. Otto Olson presided at the business meeting.

Mrs. A. E. Hodges gave the council report. Committee recommendations were read and approved.

Roberta Campbell was elected as the club's nominee for the THDA district meeting at Pando on April 22nd, and Mrs. Hodges was chosen as nominee for THDA chairman.

Miss Campbell, the retiring chairman, is serving her second term.

Others present were Mesdames Frank Brinkman, O. C. Williams, O. L. Williams, Paul Hoff, Tony Hoffman, and a visitor Mrs. George Mark of Santa Monica, Calif.

## FORD HD CLUB

Mrs. Willa K. Williamson and Mrs. LeRoy K. Williamson were hostesses at the Ford Home Demonstration Club meeting February 3, with Mrs. Earl Dyer presiding.

The program subject was mental health. Emphasis was on educating the public to better understand this problem. Mrs. H. M. Harrison and Mrs. Dyer reviewed articles, with Mrs. LeRoy Williamson adding a few incidents from her experiences while working in a mental hospital.

Refreshments of hot chocolate and chiffon cake were served to the following: Mesdames H. M. Benson, R. H. Hale, Bill Black, Henry Browning, H. M. Harrison, Elmer Ayres and the hostesses, Mrs. Hale and Mrs. Black are welcome new members.

School let out in time for the members' older children to finish off the cake.

## WYCHE HD CLUB

Meeting the needs of physical ailments without hesitation, and ignoring mental ailments seem to be something we are all guilty of doing, was brought out by Mrs. W. P. Axe, when the club met with Mrs. C. C. Ellis Thursday.

Helping others and doing a few of the many good things there are to do, to help regain self-respect is a good cure for mental illness, was the main thought in talk by Mrs. E. C. Hewett Jr.

Mrs. W. R. Scarth, club president, was elected as delegate for THDA meeting.

The club planned a Valentine party for their families to be held

Friday in the home of Mrs. Ira Ott.

Other members attending were: Mesdames Bob Baird, Edwin Flood, G. W. Newsom, Carol Newsom, Charles Packard, J. V. Pickens, Ira Ott, H. L. Ward and H. L. Ward and a visitor, Mrs. Robert Jennings.

## PROGRESSIVE HD CLUB

The Progressive Home Demonstration Club met February 2 in the home of Mrs. Leon Coffin.

Mrs. C. C. Billingslea, club president, presided at the business meeting. The recreation games were led by Mrs. Virgil Dodson, recreation chairman.

Mrs. Dennis Lomas, council delegate, read the council report and recommendations. The council recommended.

Mrs. Joe Wagoner called to tell me that Mr. and Mrs. Ruel Ford, who now live in Lubbock, will be here for the Livestock and Poultry Show on February 19-20. Their friends will be glad to see them and many of us remember the fine community work they have both done. I think they are two of the people that we should have tried to keep in Hereford.

This past week the Joe Storys have started their landscape work. They have such a good beginning with the yard perfectly level from east to west and with a very gradual slope from the front of the homestead to the back. This will make the watering so much easier. Too, they have the kind of

## Two Popular Desserts Are Noted From All-Day Singing Luncheon

Some of the best food ever cooked up is that spread for "dinner on the ground" at a revival or an

all-day singing.

The recipe this week is for one of the most popular of the desserts which finished off the meal brought in by women of the Bippus community and visitors for their Fifth Sunday Singing recently.

Raydene Mason, a high school student in Amarillo, made Nut Bars and had a number of requests for the recipe.

### NUT BARS

- 1 can Eagle Brand milk
- 2 packages of chocolate chips
- 2 cups nuts
- 24 graham crackers (crushed coarsely)

Mix all together. Grease baking dish. Line baking dish with wax paper. Grease wax paper. Pour mixture into dish. Bake at 250 degrees for 30 minutes. Cool in pan 10 minutes, take out, cut into squares and allow 24 hours to be hard.

Mrs. Charles Banks, who lives in Bippus community, graciously copied her recipe for a delightful congealed salad.

### YUM-YUM SALAD

Dissolve 1 package gelatin in 1/2 cup cold water. Heat 1 cup pineapple and 1 cup sugar (do not boil). Add gelatin to heated mixture and add juice from 1/2 lemon. Whip 1 cup cream stiff. Add pineapple mixture to cream and fold in 1 cup grated cheese. Let jelly and serve plain or with mayonnaise.

Production of the eight major grains in the United States during 1952-53 season totalled 155 1/2 million tons.

# Pet Raven Likes To Pester Pets

By ROBERTA CAMPBELL

There ought to be a law that applies directly to Jim Crow the raven. That would be the decision of the cats and dogs in the neighborhood of Mrs. R. A. Fullwood who lives at 206 McKinley Street.

The pet crow which has been amusing Mrs. Fullwood with his antics for about six months delights in pulling the cat's tail and then carrying off all the feed to "bury" while kitty retires to sympathize with herself over such treatment. Rachel, the puppy who lives next door, doesn't have to worry since nature came to her rescue and stymied Jim in one of his pranks. She was born without a tail.

### Too Much Curiosity

The black rascal's activities are not limited to wrestling with the other pets and satisfying his appetite, because he has a curiosity that will outdo the one that killed the cat.

As soon as the author parked her car, Jim was attracted by the raven's tail waving from the radio antenna, and tried to pull it off. He next tried the windshield wipers and when they wouldn't give either, he strolled over to the front end of the hood and peered into the headlight.

A spot on the inside of one of the front windows at the Fullwood's was something he was so determined to get at that he has pecked away until he has finally pecked a tiny hole in the pane.

As an entertainer, Jim Crow never fails to put on some sort of an act but in time maybe even the owner may be in favor of locking him up somewhere.

JUMP JIM CROW! This puppy seems to be able to hold her own at the grub box and she isn't worried about getting her tail pulled as the cats do, because she was born without one. Jim is a pet of Mrs. R. A. Fullwood. Rachel the pup belongs to Mrs. Bill Schaeffer. (Staff Photo.)

## Bindweed, Johnson Grass Controls Suggested At Frio

Bindweed, blue weed, and Johnson grass are not like the itch. You can't control them by scratching, people in the Frio community were told at their neighborhood progress meeting at the community center on Thursday evening.

T. L. Sparkman Jr., who spoke to the group on the control of bindweed and blue weed, believes that deep plowing is not the answer, but rather intensive culti-

vation to a depth of about three inches for a two-year period to control top growth.

Sparkman explained the extensive root system of bindweed, which make it so hard to control, and which excavations have shown sometimes reach a depth of 25 feet. Lateral roots which make little top growth the first season will reach out to a distance of seven feet in a 90-day growing period.

The March of Dimes party held at the community house last Thursday night turned out well, with a total of \$119 taken in.  
Mr. and Mrs. Ted Bush of Hereford were guests of her parents, Mr. and Mrs. Sam Greeson, Friday evening.  
Mrs. C. D. Greeson was a Hereford visitor Monday.

Mr. and Mrs. Bud Dillingham and daughter Janice, and Mr. and Mrs. Dick Shelton, Dickie Ben and Sherrie of Albany were here over the weekend visiting with the Elms Tatums.  
Mr. and Mrs. Dick Rocky were in Amarillo Thursday to visit the Toby Elmore. Mrs. Rocky will remain with her brother until Sunday.

Mr. and Mrs. Glenn Robinson and Marie were in Hereford Sunday visiting with Dr. and Mrs. R. H. Nobles and family.  
Mr. and Mrs. D. C. Allmon and family are moving to Hereford this week. The J. R. Braxtons will move to the Allmon place here. Community members regret very much to lose this family but hope they will enjoy living in Hereford.

Mrs. Jewell Fields has been in Oklahoma City this week to be with her father, who is quite ill.

**No Swimming Allowed**  
CHATTANOOGA, Tenn. (AP) — A swimming meet here had to be called off because of too much water.  
The Chattanooga and Nashville YMCA's were scheduled for a dual meet, but the Nashville team couldn't travel because of flooded highways.  
**Liquor Well Hidden**  
WHITEVILLE, N. C. (AP) — Deputy sheriff are becoming experts in the art of finding liquor caches. On one raid they had to move a dresser and raise a board in the floor to find 60 bottles of bonded whisky. On another, they found 11 half-gallon jars after raising a window and removing the widow sill.

Refreshments were served to the following members: Christine Braxton, Mildred Barnett, Lucille Rocky, Altha Presley, Anna Mae Hays, Beulah Mae Deaton, Eleanor Prewett, Jessie Douglas, Maxine Price, Louise Robason and Mrs. Ross Latham was a guest.

**Firemen Get Cold**  
AKRON, Ohio (AP) — Brave fireman of Minerva dedicated that village's new outdoor swimming pool in midwinter.  
Before a cheering crowd, a dozen volunteer firemen discarded topcoats they had placed over their swim suits and took the icy plunge. The thermometer read 32 degrees.

The volunteer fire fighters who built the 450,000 gallon circular pool during evenings and weekends had promised to dedicate the pool when it was complete.

**Mitchell Is Second**  
CLEVELAND (AP) — Dale Mitchell, hard-hitting outfielder for the Indians, holds the second-best lifetime batting average in the American League. Dale owns a .315 mark for 956 games. The 32-year-old left-handed swinger has been with the Indians since 1946.

The top lifetime mark in the league, of course, belongs to Ted Williams of the Red Sox. His average is .348 in 1,464 games.

(Continued from Page 1)  
put out more laterals and horizontal roots, and for that reason, shallow plowing, maybe as many as 20 times the first season and up until July the next year to destroy top growth, seems to be the best method of control.  
Several different kinds of chemicals have proved to be effective, including sodium chlorate, 2-4-D, 2-4-5-T and salt, but all leave the soil sterile for several years afterward and some cannot be used where cotton and other broad leaf crops are grown.  
Frequent plowing also destroys the plants that come from the seed which will lie dormant a long time, but under favorable conditions will sprout all during the season.

**Same For Johnson Grass**  
C. N. McClure recommended much the same method of intensive plowing as the only effective means of killing Johnson grass, and suggested that the irrigation farmer start at the well first.  
To emphasize the fact that it will grow from either end, McClure told the story of a soap salesman who proved the merits of his product by cutting a dog's tail off. The salesman rubbed the stub with some of his soap and grew a new tail. Then he rubbed the tail, and grew a new dog.  
McClure does not sanction deep plowing as a means of control on the theory that when you work it works, but County Agent Hudson of Castro County said some farmers had been successful in plowing deep in the winter and shallow in the summer. This method turns many of the roots up to freeze during cold weather, they believe.

**Ways of Spreading**  
Hudson pointed out that Johnson grass, as well as bindweed and blue weed, may be spread by imported seed, combines, commercial feeds, animal manure and even the wheels of machines carrying it from one field to another.  
It is soil fertility rather than water that limits production, and it is up to the individual to control bindweed, blue weed and Johnson grass if our farms are to continue to produce.

The club was given a treasury report by club secretary Miss Augustine Gregory, and suggestions for raising funds were accepted at that time.  
Mrs. T. J. Parsons asked to be withdrawn from THDA nominee because of conflicting duties, and the members elected Mrs. C. C. Billingslea to that position.  
Club members were given a demonstration by Miss Augustine Gregory, landscape demonstrator. In her demonstration, Miss Gregory transplanted a coleus, stressing the importance of drainage and the use of vermiculite. Then she told how to transplant trees, stressing time of year and preparation of soil. Miss Gregory then took orders from club members for evergreen trees.

A dispatch from Austin under date of February 4 gives out the information that citizens of Floydada do not propose to wait any longer for a railroad. A few of its most able and enterprising citizens have joined in a charter for a road from that place to Hereford. The dispatch says:  
The Attorney General today approved the Charter of the Lano Estacado Railway Company of Floydada, Floyd County. The Railroad proposes to build a line from Floydada to Hereford in Deaf Smith County, a distance of 175 miles. Its capital stock is \$200,000. The road is incorporated by a number of citizens of the territory through which it will pass.

The Commissioners Court in session this week refused the petition asking for an election to determine whether bonds should be issued for the purpose of erecting a courthouse for the county. NEW YORK (AP)—Deans of Columbia University's Undergraduate College have decided that courses aren't tough enough. In their annual report, the deans said about a fourth of students really get their teeth into subjects, but the others get a "gentlemanly grade" without "undue mental exertion."

Recommended: stiffer requirements that force the easy-going student "to perform at his optimum capacity."

Third Teeth Troublesome

ORLEANS, Ind. (AP)—Orange County's oldest citizen, 98-year-old Rev. Isaac Morris, is cutting his third set of teeth. They are pressing against his false plates and are making eating difficult.

Car Starts Fire

HAMDEN, Conn. (AP)—A can on the loose started a fire. Filled with gasoline which ignited as it spilled over leaves along the highway, it rolled off a truck.

Dog Is Witness

ATLANTIC CITY, N. J. (AP)—Every dog has his day—even in court. Laddie, a brown and white collie, was called as a witness in a damage suit to prove that he wasn't a vicious dog.

Polish Is Fatal

MINNEAPOLIS (AP)—A drink of liquid silver polish was fatal for Gary Hagelbert, 13. Cyanide in the polish caused the death, the coroner said.

Firemen Are Movers

LINCOLN, Neb. (AP)—Don Dneez tried to carry a burning sofa from his home and got it stuck in the front door. So he called firemen. The firemen tilted and jiggled it out the door like expert movers.

Wanted: Garbage Cooker

PEABODY, Mass. (AP)—Owners of the city's pig population (the latest official registration was over 4000) must cook all garbage fed to the porkers. Enforcement of the new law comes under state supervision through the division of livestock.

Hippo Bows to Age

NEW YORK (AP)—Rose, one of Central Park zoo's two hippopotamuses, is dead, apparently of old age. She was 28, the equivalent of 70 for a human.

Country Mistake

DALLAS (AP)—Mrs. J. W. Ireland is a treasurer of a Choral Club. She prides herself on knowing every one of the 150 members.

At a party she spotted a woman she couldn't place.  
"I don't believe I know you," said Mrs. Ireland.  
The woman beamed and replied: "Well, I know who you are. You're Mrs. England."

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get relief but gentle relief—without pills, without harsh drugs. Take Dr. Caldwell's Sensa Laxative contained in Syrup Peppin. The extract of Sensa in Dr. Caldwell's is one of the finest natural laxatives known to medicine.

Dr. Caldwell's Sensa Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's Sensa Laxative if you are satisfied. Mail bottle to box 280, New York 18, N. Y.

# Plans For Paving Program Made By City Commission

Hereford's City Commission is making definite plans for a Spring paving program, but homestead owners on each street will have to petition the Commission for the paving.

"At least 85 percent of the property owners on each street must sign the petition for the paving before the work will be approved," according to plans approved by the Commission.

When the work is done, the property owners will be assessed for 90 percent of the cost, while the

remainder of the cost will be paid from city funds.

Water Line Approved

The commission also approved the laying of an 8-inch water line from the McKinley Street water pumping station to tie in with a 6-inch line near Pitman Grain Co. Work on the line will be done by city workmen.

The new line will help equalize water pressure up Main Street, City Manager Cecil Massey told the commissioners. Plans for the line were made by the city engineer several months ago.

Water meters to check on the various pump lines which serve the city water system were also discussed, but it was decided to consult with the city engineer before final action on purchase of the meters was made.

Those attending the meeting included Mayor J. H. Sears, commissioners Wayne Edwards and Raylan Evans, and City Manager Massey.

Name Provided

SAN FRANCISCO (AP)—Two partners needed a name for their new Lombard St. tavern. While they were obtaining the many necessary legal papers to open the tavern, an official kept telling them to sign "Once again, please."

The tavern thus became the "Once Again."

Phone Girl Is Detective

SANFORD, N. C. (AP)—A telephone girl on the hook led to the arrest of two men in a burglary at the Lee County High School Miss Frances Fore, a telephone operator, saw a signal and plugged in. Nothing happened, so she listened. She heard someone say:

"There's nothing in this drawer. Let's open the other one."  
It was 5 a.m. She called police who arrested the two men at the school.

Retires in Style

ABBEVILLE, France (AP)—Locomotive engineer Henry Frein figured that you only retire once in a lifetime.

When he took the throttle for his last run, he replaced his overalls with an ensemble of black tie, full dress suit, and pearl gray hom-burg.

Chief's Gun 'Idle

IDA GROVE, Iowa (AP)—Some day when M. A. Jensen, 63, retires as chief of police of Ida Grove, he hopes to be able to say he never had to fire a shot in carrying out his police duties.

Jensen has found it unnecessary to use his gun on anybody during his 17 years on the town's two-man police force.

"Oh, I've had to shoot a mad dog or two," he explained, "but I never did use the gun on a human."

Cows Worry India

NEW DELHI (AP)—India has officially warned state governments against imposing a total ban on cow slaughter as a religious move.

A government circular explained there are nearly 40 million unproductive cattle in India which causes a severe strain on available fodder supplies.

# Legal Notice

NOTICE TO BIDDERS

Sealed proposals addressed to The Honorable Mayor and City Commission of Hereford, Texas, will be received at the office of Cecil Massey, City Manager, until 10:00 A. M. February 19, 1954 for furnishing one Centrifugal Type High Service Water Pump with Electric Motor and Starting Equipment, as detailed in the specifications. Pump shall have a capacity of approximately 750 g.p.m. when operating against a total head of approximately 175 feet.

Prices shall be for the equipment complete f.o.b., Hereford, Texas.

Each bidder shall furnish with his proposal the name of the manufacturer of the equipment he proposes to furnish, together with complete specifications and descriptive literature covering all the equipment, including characteristic curves on the pump.

Each bidder shall state the time required for delivery of the complete pumping unit from date of award of contract.

The City reserves the right to reject any or all bids, to waive formalities and to accept the bid which seems most advantageous to the City's interest.

Copies of the specifications for the equipment to be furnished may be obtained from Cecil Massey, City Manager, Hereford, Texas, or from Parkhill, Smith Cooper, consulting engineers, 1414 Avenue J, Lubbock, Texas.

# Senator Johnson Is Heavy User Of Capitol Recording Facilities

Washington — Sen. Lyndon Johnson of Texas appears to be the Washington legislator most impressed with the benefits of spots on homestate radio and TV — at least he makes the most use of the Capitol's recording facilities.

Johnson sends tape recordings for broadcast to 80 Texas radio stations and film to 7 television stations to lead an ever-expanding field that began in 1935 when the late Sen. Arthur Capper of Kansas made the first recording for radio at the Capitol.

Capper's production was made for his own station in Kansas, but now a pair of "adopted Texans" operate 17 radio and 5 TV studios in the Capitol and the senate and house office buildings for legislators to record material for stations back home — which usually broadcast them free as a public service.

**Given Free Space**  
In charge of this operation are Mr. and Mrs. Robert Coar, originally New Yorkers, but Texans at heart. They were given free space in the Capitol in 1936 to explore the possibilities of making recordings for all congressmen, on a self-supporting basis.

Operating their facilities on a strictly non-partisan basis, the Coars got firmly established largely through the backing of Texas Reps. Sam Rayburn and Wright Patman, when the former was Speaker of the House. When each of the Coars' four children was born, the Texas congressional delegation gave them a \$25 U. S. saving bond.

**Adopted Texans**  
"We consider ourselves adopted Texans," says Mrs. Coar, a bright-eyed brunette who as a 2-year-old in 1910 was one of the movie industry's first infant stars. She was the former Helen Badgley, she was billed as the "Thanouser Kidlet" and played in films made in New Rochelle, N. Y.

Coar, now 48, was a pioneer in the sound film business. He worked in Hollywood in the early days of "talkies," and now supervises the newly-installed television recording facilities at the Capitol.

**Tape Recordings**  
The tape recordings for radio which have supplanted records, initially cost a legislator \$3.30. The cost of making a 5 to 15 minute recording on it is \$1.50. The same tape can be used over and over again, by "washing" off the old

magnetic sound etchings. By keeping the mails busy between Washington and local radio stations, the lawmaker can hold down the cost to \$1.50 per tape.

A 15-minute TV recording costs \$55.86, with two cameras used so as to get both full-face and profile views. Copies can be turned out for \$15 each.

**Second Most Active**  
The second most active Texan in making recordings for broadcast back home is Rep. Clark Thompson of the Galveston district. He usually makes about a half dozen weekly, and has recording machines of his own which he uses unless he has guests on his program. Then he uses Coar's studios.

Although the other members of the Texas delegation make only occasional recordings for use back in their home districts, most of them appear from time to time on two radio discussion panels recorded weekly when Congress is in session. The forums are sponsored by various radio stations in Texas.

Coar figures that about 80 percent of the 96 senators and 60 percent of the 435 House members made use of his facilities last year.

Recording fees are levied on a basis estimated to make the operation pay the total cost of salaries, equipment and supplies. The set-up is available only for the legislators, and saves them considerable money. It is estimated that the \$55 TV program in commercial studios would cost at least double that amount.

**Building Is Shrunk**  
LOS ANGELES — Engineers are squeezing a four-story, million dollar building to give it greater strength and load-carrying qualities. Scheduled for completion by December, 1954, it is said by the architect-engineers to be the first multi-storied structure in the nation employing prestressed concrete.

The big squeeze is done by running quarter-inch steel wires across the width of the beams and along the length of the floor slabs. As the concrete sets these wires are tightened by special jacks, thus squeezing or shrinking the concrete and getting rid of the pull-apart tendency in advance.

The structure, 46 feet wide, the shrinkage will be about one-eighth of an inch.

**Confession Is Voluntary.**  
LINCOLN, Neb. — A Lincoln woman telephoned police headquarters with her "confession." After a short consultation, police decided all would be forgiven — this time. The offense was running a red light.

**King Size Losses**  
HARTFORD, Conn. — The growing popularity of king sized cigarettes is cutting into the tax receipts in Connecticut which collects two cents on each package, king sized or regular. Tax Commissioner William F. Connelly anticipates a \$100,000 reduction in cigarette tax receipts for the current year. One of the reasons, he says, is that more smokers are buying king sized packages and getting more tobacco for their tax money.

**Collects Cigarettes**  
NAPLES — Andrea Capasso, Neapolitan smoker, has collected 470 different brands of cigarettes.

**Reds Expanding 3-D**  
MOSCOW — The Soviet Union, which claims to have had the first three-dimensional movie process not requiring polaroid glasses as early as 1911, is now planning expansion into the provinces. Moscow has a 3-D theater. The plan calls for a network of them.

Prof. P. Koslov, director of the Research Cinema Photo Institute, says, the old screen had shortcomings. "Now we not only have a new screen but a new system of shooting and projecting 3-D films which greatly improve their quality."

Americans who have seen Russian 3-D in Moscow find it good. Soviet Film production faces no stiff competition from television. Theaters are still overcrowded and any foreigner with a ticket to spare is besieged by Russians who want to buy it.

**Rural Dangers Stressed**  
NACOGDOCHES, Texas — Insurance man Marvin McBride has been telling his friends about the perils on his farm.

McBride stopped his car on his farm to move a log that blocked the road. He almost touched a rattlesnake. The snake crawled into a hole in the log.

McBride punctured a yellowjacket nest while trying to poke the snake out with a pole. The moving snake attracted the yellowjackets. McBride got away from there.

**Q. What is a good treatment for a blackhead-infested skin?**

**A. You must cleanse the skin very thoroughly and very often—at least three times a day. Twice weekly, use a grainy cleanser to help dislodge those blackheads. And very important, include plenty of vitamin-A foods in your diet, especially the green and yellow vegetables, and yellow fruits, such as apricots and peaches.**

**Q. What is an easy and effective way to remove persistent grime from under the fingernails?**

**A. Put some cuticle remover on the grime with an orange stick, then after a moment, scrub with a nail brush and soap and water.**

**Q. How can I make a facial mask that is good for an oily skin?**

**A. Fuller's earth, mixed to a smooth paste with witch hazel.**

**Q. How should I mix a vinegar rinse for use after the shampoo?**

**A. Four tablespoons of vinegar to one quart of lukewarm water.**

**Q. What is the best way to apply my eyeshadow?**

**A. Lightly on the edge of the upper lids, and blended upward and outward. Don't put any on the lower lids, because it shows up there and has a tendency to make you look older.**

**Q. What is a good exercise for streamlining waist, hips and abdomen?**

**A. Lie on the floor on your back, legs straight and arms resting on floor, extending straight out from the shoulders, palms down. Cling to the floor with fingertips as you roll from side to side. After a time, lift your heels just off the floor, and continue rolling.**

**Q. What is the best way to**

**squeeze pimples on the face?**

**A. I don't recommend squeezing the pimples. But if you really must, first soften them by applying pads of cotton dipped in hot water. Then gently press out the secretion without bruising the skin. Finally, dab on some disinfecting lotion.**

**Q. My hair has become dry and brittle. What can I do?**

**A. Frequent and regular massage are in order, being sure to move the scalp with the fingers. Rub a little warm olive oil into the scalp at least twice weekly, and be sure to brush the hair at least twice daily — more if you have the time.**

**Q. How can I treat a skin that is excessively oily?**

**A. One way to help is to sponge the face with equal parts of cologne water, witch hazel and rose water. Cutting fatty foods from the diet is a big aid, too.**

**Q. What's a quick, easy way to correct a too-shiny nose?**

**A. You can blot up the shine with a piece of cotton squeezed out in cold water.**

**Pocket Monkey**

DENVER — Gabby is a pocket full of monkey. A vest pocket, that is. A year old and only four inches from the top of his head to the base of his tail, Gabby lives with the George L. Moore family in Denver.

Mr. and Mrs. Moore and their three children—Jane, 16, Jo Ann, 14, and Spike, 11—brought Gabby, a marmoset, home to Denver from Colombia, where they lived four years while Moore was an engineer on an irrigation project in the South American republic.

**Ancient Flying Saucer**  
ARRAS, France — Think flying saucers are new? Found in archives in this northern French city was the report that on a November night "was seen in the sky a brilliant object somewhat like an iron bar, long and large as half the moon. It was clearly seen for 15 minutes then suddenly the strange object began to rise in spirals, to twist and writhe like a watch spring and disappear in the sky".

The report was written in 1461.

**Unorthodox Delivery Team**  
ROCHESTER, Minn. — In this world medical center, a cigarette salesman, cab driver and three policemen teamed to deliver a girl, born to Mrs. James Reiland, 26, in the Reiland-home. Mrs. Reiland

phoned her brother-in-law, cigarette salesman. His cab driver summoned the three policemen and all were on hand for the birth.

# How Can I?

By Anne Ashley

**Q.** How can I clean suede shoes without injuring the suede?  
**A.** An ordinary rubber sponge, such as can be bought at any ten-cent store, the tight sort that has a good resistance, is excellent for keeping the suede shoes clean. It will remove all the dust and soil without harming the fabric, as so many of the stiff brushes are inclined to do.

**Q.** What can I use as a substitute for olive oil?  
**A.** When your supply of olive oil is running low, when making salad dressing, melt butter and add it to the oil. It makes a good substitute.

**Q.** How can I easily remove a stamp?  
**A.** A stamp can be easily removed from an envelope by placing a piece of wet blotter on it for a few minutes.

**Q.** How can I make an attractive garnish with cranberry jelly?  
**A.** Slice the cranberry jelly and cut into fancy shapes with a cookie cutter or a knife, and you will have an unusual and attractive garnish for salads during the holiday season.

**Q.** How can I relieve a headache?  
**A.** A home remedy that often brings relief is to place a pinch of salt on the tongue and allow it to dissolve. In about ten minutes, take a drink of cold water.

**Q.** How can I avoid the unpleasant smoke that sometimes arises when cooking hot cakes?  
**A.** By tying some salt in a bag and rubbing the griddle with this instead of greasing it. It is quite satisfactory.

**Q.** How can I prevent cracks in the enamel of a stove?  
**A.** Never try to wipe off the enameled range with a wet cloth while it is still hot. The fine enamel surface may become marred by unsightly cracks.

**Q.** How can I protect the wall paper over the couch from pomade that men use on their heads?  
**A.** By placing a tapestry over this place. This is much easier to

clean than the greasy spots on the wall paper.

**Q.** How can I prepare something different in the way of a dessert?  
**A.** Try a combination of chocolate ice cream and orange sherbet. It makes a very colorful dessert, and a delicious one.

**Q.** How should buttons be saved on lace?  
**A.** Instead of sewing buttons on lace, tie them on, using a needle with doubled thread. The ends should be tied under the buttons and on the wrong side. If they are tied carefully, the buttons are easily taken off when the lace is refreshed.

**Q.** How can I prevent brass articles from discoloring?  
**A.** Brass is inclined to lose its polish rather easily. Clean it very thoroughly, removing every particle of grease and stain. Then paint over with a coat of clear copal varnish; applying very smoothly with a fine, soft brush. When dry, the brass will look just the same, but will withstand dampness and will not discolor.

**Q.** How can I clean gold or silver lace?  
**A.** Brush over the gold or silver lace with alcohol. If it is removable, it may be cleaned by boiling in salt water. Use two tablespoons of salt to one pint of water.

**Q.** How can I preserve paint that has been left over?  
**A.** Pouring plain paraffin over paint left in the can will preserve it and prevent it from hardening.

**Q.** How can I remove a corn very easily?  
**A.** It is claimed that a corn can be loosened by binding a piece of lemon around it, changing the application daily for about three or four days. Then soak the corn in warm water and it can be removed very easily.

**Q.** How can I remove ink stains from white material?  
**A.** They can be removed by covering them with sour milk and allowing to stand until the stains begin to disappear. Then rinse in clear water.

**Q.** How can I make the meats of nuts come out whole?  
**A.** Soak nuts, which are to be cracked, in salt water over night, and this will cause the meats to come out whole.

**Q.** What is the best way to wash rice?  
**A.** The easiest way is to place it in a sieve and let the cold water continue to run through until it comes through clear and free

from starch. Rice should always be washed before using.

**Q.** How can I retain the softness of chamois skin?  
**A.** Make a habit of washing the chamois after each time used in warm water to which a pinch of soda has been added.

**Q.** How can I make use of the handle of a discarded broom?  
**A.** Whittle it to a sharp point, and it will make a handy tool for use in planting spring bulbs.

**Q.** How can I renovate a shabby or shiny serge skirt?  
**A.** Sponge it with boiling hot vinegar until the stains and grease marks disappear. Then thoroughly press on the wrong side with a fairly hot iron. For spots on blue serge, rub with a cloth wrung out of coffee.

**One Stop Costly**  
**ATLANTA** — All Mrs. Marie McKenzie did was stop her car on the street. Here's what happened:  
 1. A car driven by Thomas Williams banged into the back of the McKenzie car.  
 2. A tractor-trailer and two cars in the opposite lane stopped when the accident occurred.  
 3. But a bus behind didn't stop and smashed into the rear of the second car, driven by C. J. Vaughn.  
 4. The Vaughn car was knocked into the one in front, driven by Mrs. Effie Jarrett.  
 5. The Jarrett car smashed into the rear of the tractor-trailer.  
**Final Score:** three injured, damage amounting to upward of \$1,000.

**Horse Beats Car**  
**LITTLE ROCK, Ark.** — A stray horse caused several hundred dollars damage when it ran into the side of a moving automobile. The horse was unhurt when his owner reclaimed him at the city pound.

**Consul Named**  
**ROCHESTER, Minn.** — A full-time consul has been named in Rochester. He is Ignacio Amaris, who will assist Colombians who come here for medical attention.

**Youth Is An Idea**  
**LEE, Maine** — Ira Gifford goes skating with the "rest of the kids." He's 83 years young.

**Prisoner Is Obliging**  
**MIAMI, Okla.** — Anything to oblige, said T. H. (Tab) Bluejacket to state crime bureau agents who had just raided his night club near Afton.  
 Agent Ray Page asked Bluejacket for the use of his truck to haul in whisky and gambling equipment seized in the raid. Bluejacket not only loaned his vehicle but drove it to the courthouse.  
 He pleaded innocent to charges of illegal possession of liquor and gambling devices and was released on \$1,000 bond.

## GOVERNMENT PROFESSOR SAYS

### Presidential Elections Alone Won't Make A Two-Party State

Austin, — "Hatred for the vanished regimes of Roosevelt and Truman and enthusiasm for Eisenhower" are not the stuff from a two-party political system can be built, says a University of Texas government professor.

Dr. O. Douglas Weeks analyzes Texas' chances of becoming a two-party state in his book, "Texas Presidential Politics in 1952."

**One-Party Record**  
 The book also gives students of Texas public affairs a factual, one-party record of the doing in Texas politics since 1944.

The chairman of the university's government department weighs all two-party factors, including the basic situation in which many Texas voters prefer to be Democrats in local and state politics, but Republicans in their national activities.

He also believes the most immediate obstacles to development of a two-party system are legal, pointing to revisions in the election code which he suggests would help.

The grey-haired, energetic Dr. Weeks is a familiar figure at political gatherings — even meetings of Texas presidential electors that seldom attract spectators. He likes to get his information first hand. The professor utilized personal observer at meetings which he could not attend, and drew heavily on newspaper and wire service accounts of the hectic factional battles that have characterized Democratic and Republican politics here in recent years.

**Interesting Reading**  
 His book makes interesting reading, although Dr. Weeks discusses his subject with scholarly sobriety and academic objectivity. His county-by-county analysis of the presidential vote in history-making 1952 should be useful to practical politicians as well as students of government.

"Texas Presidential Politics in 1952" was published under auspices of the university's Institute of Public Affairs. Copies may be obtained for \$1.25 in the paper cover, \$2 cloth.

Republican organization," Doctor Weeks says.

**Long, Rough Road**  
 "No doubt a two-party system would improve the politics of Texas, and probably economic and social change will eventually bring about the full development of such a system, but the road is long and rough and has many turnings before the destination will be reached."

Dr. Weeks believes that a two-party system can not be solidly built here if Republican leaders "prefer merely to co-operate with conservative — moderate Democrats with a view to winning presidential elections."

**Bolling Eagerly Awaits 50th Year**  
**MOBILE, Ala.** — Mill Bolling, 23-year old shortstop for the Boston Red Sox, is looking forward eagerly to his second year in the majors. He's not worried about any sophomore jinx, either.

"I didn't have a good enough season to worry about the jinx. I'm just hoping I can improve some in my hitting this year," said the boy from Mobile.

Appearing in 109 games for the Red Sox in 1953, Bolling batted .263. Among his hits were 12 doubles, one triple and five homers.

The handsome Bolling — he was selected by Boston scribes as the best looking member of the club — is happy he received his big chance last season under Boudreau.

"I had no idea I would make it," he said with a grin. "I thought they would send me to Louisville. This year I guess I'm the only shortstop on the roster. But I'll give it my best again at Sarasota."

"When asked who were the toughest pitchers he faced in the big time he mentioned the names of Allie Reynolds and Witey Ford of the Yankees, and Virgil Trucks and Billie Pierce of the White Sox."

**Happy Golfer**  
**ATLANTA** — Many a golfer has thrown a club when things went wrong on the course. But T. C. Mann astounded his companions by tossing his five iron toward the green immediately after he had sunk a hole-in-one on the Bobby Jones Municipal course. He was so excited about making his first ace that he forgot himself and threw his club into the air.

**Butter Chews**  
**Butterscotch Crust**  
 1-3 cup butter or margarine  
 ½ cup brown sugar  
 1 cup sifted enriched flour  
 Cream butter or margarine. Gradually add brown sugar, mix-

ing until light and fluffy. Stir in flour. Mix until blended. Pat in bottom of 8-inch square baking pan. Bake in moderate oven (375F) 15 minutes. While Butterscotch Crust is baking prepare Crunch Topping.

**Crunch Topping**  
 1 egg  
 2-3 cup brown sugar  
 1 teaspoon vanilla extract  
 2-3 cup chopped walnuts  
 ½ cup shredded coconut  
 2 tablespoons enriched flour  
 Dash salt  
 Beat egg. Add brown sugar, mixing until smooth. Add vanilla extract. Combine walnuts, coconut flour and salt. Add to brown sugar mixture, mixing until well blended. Spread on top of Butterscotch Crust. Continue baking 15 minutes longer. Makes 16 2-inch squares.

**Timely Tips**  
 1. The homemaker will get more for her money by planning menus in advance. Menus should be flexible enough, however, to make use of leftovers easy.  
 2. Use little "glamour" touches, such as green pepper rings, paprika, parsley, and sliced hard cooked eggs to make simple, inexpensive dishes something extra special.

**Tip To Hunters—**  
**Caribou Are Plentiful**  
**ST. JOHNS, Nfld.** — Caribou are steadily increasing in Labrador, even though every hunter averaged at least two kills last year. Local hunters say they never saw Caribou so plentiful. Some of the herds sighted along the coast had as many as 150 animals.  
 The odd note about the Caribou increase is that this animal was almost extinct in Labrador a few years ago when herds were slaughtered wholesale.

**One More Shantz**  
**PHILADELPHIA** — Bobby Shantz, ace lefthander of the Athletics, will have a kid brother in training camp at West Palm Beach, Fla. But the younger member of the Shantz family doesn't resemble Bobby at all.  
 Wilmer Shantz, up from Ottawa in the International League, is a catcher. He stands 6-1 and weighs 170. Pitcher Bobby is 5-6 and tips the scales at 138 pounds.

The new 1954 Chevrolet has Air 4-door sedan. With three great series Chevrolet offers the most beautiful choice of models in its field.

New style... New power... New economy... and yet

# Lowest-priced line in its field!

That's why people are calling the new 1954 Chevrolet the outstanding motor car value of this new year!

Men and women everywhere are deciding that Chevrolet for 1954 gives more for the money than any other car in its price range.

Here are the reasons why...

New style—more beauty of line, contour and color—with stunning new bodies by Fisher and luxurious new modern-mode interiors.  
New power—more pickup, more passing ability, more smoothness and quietness of operation with either of Chevrolet's new ad-

vanced 1954 engines—the thoroughly proved "Blue-Flame 125" engine teamed with Powerglide (available on all models at extra cost) or the thoroughly proved "Blue-Flame 115" engine!

New economy—yes, even stronger gasoline savings—because both of these great high-compression engines are designed, engineered and built to wring more power from every charge of fuel.

Moreover, these new Chevrolets remain the lowest-priced line in their field, again this year.

Come in... see and drive the new 1954 Chevrolet... and place your order now!
