RIDERS PUBLICIZING Highway 60 make the cross-country trip sound more like an extended summer vacation than serious work...

Smith County Chamber of Commerce, greeted the cavalcade when it arrived in Hereford. Shown from left are: Mrs. Lloyd Davis, Guy Lawrence, Shirley Dahart, Lela Waddell, Francis Lewellen, Bryce Waddell, Jack Messer, Lloyd (Red) Davis, Jerry Couch and Ralph Sears.

Funeral Services Held Monday For Mrs. Ella Wilson

Funeral services for Mrs. Ella Wilson, 56, mother of Gerald Wilson, 130 Star Street, were held Monday afternoon at the Southern Presbyterian Church in Amarillo...

Born in Gainesville September 12, 1897, she married O. G. Wilson, December 24, 1914, in Oklahoma City...

Survivors include: four sons, Gerald Wilson of Hereford, Howard Wilson of Amarillo, Loren Wilson of Lubbock and Jack Wilson of Alhambra, Calif.;

Burial was in Rest Lawn Cemetery under the direction of Gilliland Funeral Home.

Around Town

Dr. and Mrs. John H. Channer, who were injured in an automobile accident near Pryor, Okla., have now been moved to Oklahoma City...

Tonight 20 lucky people who have registered at the Star Theatre are going to get one pound of coffee each.

Elna Faye Bishop, daughter of Mr. and Mrs. Dean F. Bishop, was one of 19 students at West Texas State College who compiled a perfect record of A in all subjects during the spring semester.

The Stamps Ozark Quartet and the Imperial Quartet will appear at 8 o'clock Friday night in the High School auditorium under the auspices of the Assembly of God Church.

Cowboys Traveling Highway 60 To Publicize Route To Nation

Highway 60 carries a motley stream of traffic, and people traveling the road these days may think that the West is reverting to its former ways and they are seeing saddle tramps...

Far from being tramps, the three—two men and a boy of 11—are on a mission. Their purpose is to advertise U. S. Highway 60, and their ride will take them all the way to New York...

Just to make sure that the trip goes smoothly, the riders have backed their horses with horsepower, so to speak, for they have three extra horses in a truck, and their luggage is traveling in a separate car.

When the group does reach New York, which they believe will be about September 22, Lloyd (Red) Davis and Bryce Waddell will enter roping and bulldogging events in the rodeo at Madison Square Garden...

It was Jerry's dad who dreamed up the Highway 60 Cavalcade to promote the road, which connects Phoenix with the East, and is claimed to be a far better highway than 66 to the north.

Peggy was originally the queen of the caravan, but she married Red Davis, so Shirley Dahart, who is Mrs. Waddell's sister, stepped

Tenth Anniversary Being Observed

The Hereford Creamery this week observes its Tenth Anniversary under present management and, according to Elton Malone, will feature ice cream specials in connection with National Dairy Month.

The firm was founded in 1930 as a co-operative and in 1934 was purchased by S. B. Walker, who increased the facilities to include ice cream manufacture in 1935.

"Keeping abreast with modern improvements," Malone cites as one of the difficulties of modern creamery management. He says, however, that it is most important and has been one of the primary policies of the Hereford Creamery during the past 10 years of operation under the present ownership.

He also extended special invitation for interested persons or groups to visit the creamery during the occasion.

to the title, as she was runner-up for the post. On Road 60 Days By the time they reached Hereford, the group had been on the road more than 60 days, including stopovers at various towns for special events which were held in their honor.

In Arizona and New Mexico, they found that windmills were more plentiful than towns, and water for the horses was a necessity.

Hereford gave them a far better welcome than merely furnishing water for the horses, though. The advance agent, Francis Lewellen, was put up at the Elm Courts with out charge for several days, and all six members of the caravan were put up Monday night at the Green Hedge Motel.

Jack Bradley and the Hereford Grain Corp. furnished feed and hay for the horse, supper Monday night was at the Green Hedge Cafe, and

breakfast Tuesday morning was through the courtesy of the Delano Cafe. Coffee Pot Replaced Urlin Streu, who heard that the cavalcade had lost its coffee pot out around Vaughn, N. M., contributed a big granite coffee pot which, the riders said, would be "just perfect" as soon as it had time for seasoning.

In addition, Phillips and Lawrence Service Station serviced their truck, and the Elmside 66 Station, operated by Cass Anderson, serviced their car.

Members of the Hereford Riders Club went out to welcome the cavalcade, and they had an evening of fun Monday night with Ye Olde Fashioned Square Dance Club.

Those who went out to see the Cavalcade when the riders came into Hereford included Mrs. Woodrow Ireland, Riders Club president Walter Johnson, Wiley Roberson, Jack Messer and Ralph Sears. Tomi Mathies, who recently attended the National Highway 60 association in Poplar Bluff, Mo., also went out, as he felt that he had

All-Star Selections Are Set For Friday

The all-star teams, who will play in the Hereford all-star game the night of June 29, will be chosen at a meeting Friday night in Hotel Jim Hill.

All Hereford Softball League managers and committeemen are being asked to attend the meeting, which will open at 8:30 o'clock.

In addition, those attending the meeting will work out the second half of the summer's softball schedule, which will begin early in July.

Plans For Open Canadian Bridge To Be Completed

Final plans for the formal dedication of the Highway 51 bridge across the Canadian at Tascosa will be made at a meeting of the Texas Highway 51 Association Friday in Hereford, according to A. J. Schroeter, local director of the association.

Schroeter, who will open the business session of the meeting following a luncheon scheduled to begin at noon in Hotel Jim Hill, said that Kim McAbee of Dalhart, association president, will preside.

County representatives will be expected to give a report on their progress in raising the money the group needs for advertising and other expenses, and Cal Farley and other Boys' Ranch representatives will be present to discuss their part in the dedication day program.

As tentatively planned, a barbecue at Rowe's Ranch will be held in connection with the opening of the bridge, which is expected to take additional thousands of visitors to the ranch each year.

The Highway 51 Association is a branch of the International Parkway Highway Association, conceived by T. S. Sweeney, District Director. Opening of the bridge will remove one of the major obstacles in a proposed international route which will go from the Big Bend of Texas to Regina, Canada.

Mr. and Mrs. W. J. Wilson and son Mike of Albuquerque, N. M., left Tuesday for their home after a week's visit here in the home of her parents. Mr. and Mrs. C. R. Smith, 410 North Jewell Street, and his sister, Mrs. W. F. Gillis, 803 North Miles Avenue, Wilson is recovering satisfactorily from an injury in a car accident which occurred April 28.

CofC Manager Resigns Position

Mullins Joining Water Company

G. E. (Moon) Mullins, manager of the Deaf Smith County Chamber of Commerce, has submitted his resignation, to become effective July 15, to become general manager of the Hereford, Texas Water Co.

Manager of the Deaf Smith County Chamber of Commerce since approximately June 1 last year, Mullins submitted his resignation last Saturday after making a trip to California.

He went there to discuss with Theodora Lynch and Associates, who now have an exclusive, worldwide franchise with the Deaf Smith County Chamber of Commerce for the distribution of Hereford, Texas water, the possibility of putting a concentrating plant in at Hereford.

"It was after discussing the problems connected with the handling of Hereford water, and their apparent belief that my connections with Hereford and my knowledge of the valuable mineral content of the water here would be of value to them, that they offered me the position of general manager of the water company," Mullins said.

At the present time, the water company has just one distribution point in Hollywood, but franchises for distribution of the water in other cities are expected to be worked out within the next few months. A franchise for the distribution of the water to Dallas

G. E. MULLINS

has already been signed. Mullins came to Hereford from Socorro, N. M. His previous experience has included Chamber of Commerce and teaching work in Illinois, and service as an officer in the Army Transportation Corps during World War II.

He came to Hereford to take the place of Cecil Massey, who resigned from the Chamber of Commerce position to become Hereford's city manager.

Wednesday the Chamber of Commerce board of directors did not have any definite plans about hiring a successor for Mullins as Chamber manager. However, they will probably begin working on the problem soon, T. W. Alderson, president of the Chamber's board of directors, said.

Barrett Drives 309 Yards In National Contest

Stan Barrett made his bid for the amateur driving championship of America Sunday at the Hereford Golf Club with a drive of 309 yards.

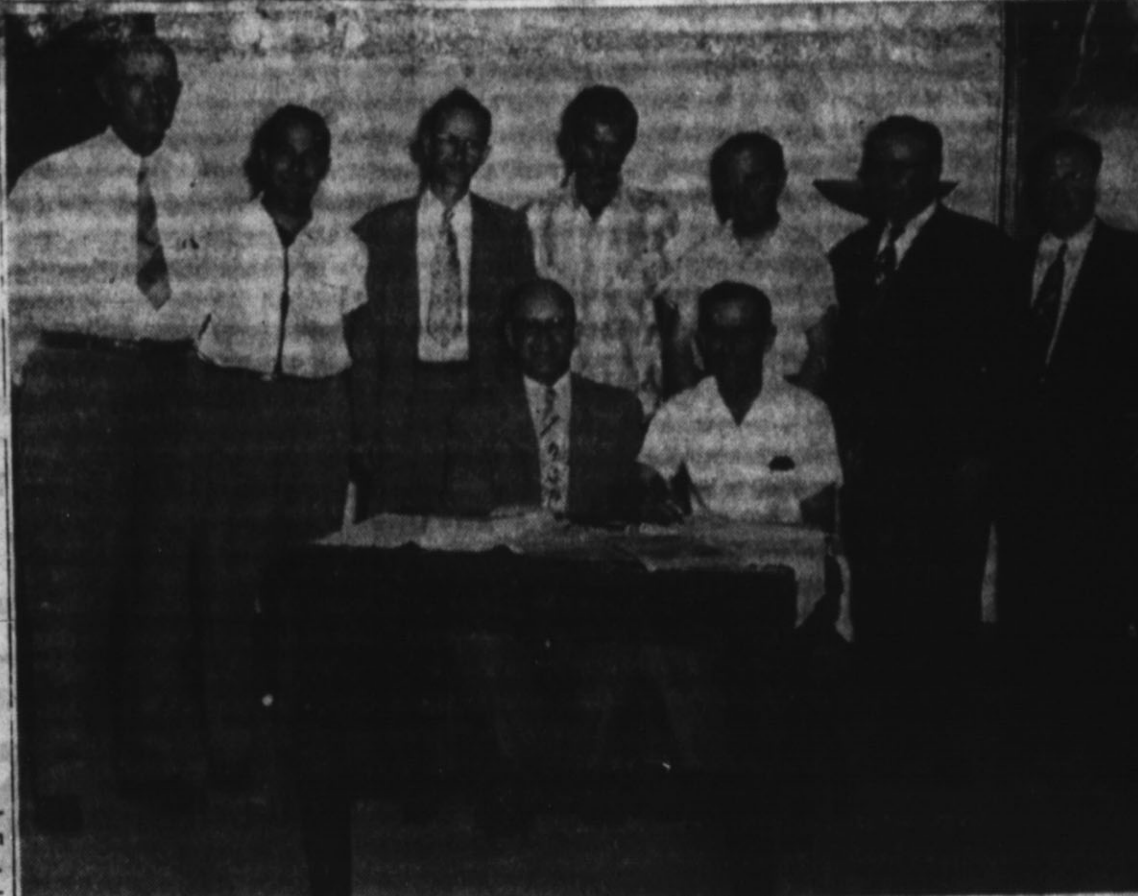

One of 50 finalists in the National Drizzler Driving contest, sponsored by McGregor sports-wear, to discover the longest driver in the country, Barrett was given a 30-yard handicap in the opening drives. However, no handicap was allowed in the finals.

Barrett's distance and that of the other 49 finalists has been forwarded to the contest rules committee, which consists of Sam Snead, Gene Sarazen and Cary Middlecoff, who will announce the winner.

Prizes in the contest range from an all-expense one week vacation for two in West Virginia through a number of items of interest to sportsmen.

Barrett will receive a Drizzler jacket and another prize, which will be based on his position in the contest.

Mrs. Leta Barnett of Wichita Falls, formerly of Hereford, is spending a week or 10 days here with Mrs. Helen Pipkin.

CROP Asking Donations Of Wheat, Dairy Cattle

A double-barreled program to obtain wheat and cattle in Deaf Smith County for shipment to the needy in foreign lands through the Christian Rural Overseas Program (CROP) was outlined at a meeting at the First Methodist Church Saturday.

Goal for the present is set at 10 head of dairy cattle and one carload of wheat, according to H. M. Thomas, 110 Kibbe, who was named county chairman for CROP.

As planned at the meeting, the wheat will be collected through Hereford elevators, which will, when authorized, take one bushel of wheat from each truckload brought in.

used to ship 20 carloads of wheat out of U. S. surplus stocks," Thomas said.

For German Families Dairy cattle, all of which must be scheduled to freshen soon after they are sent overseas, will be given to German families, who will in return, give the first heifer calf which the animal produces back to CROP, helping spread the aid program to other families.

In this county the program will be worked through all the churches that will help with the program, and the Hereford Junior Chamber of Commerce.

ment. Some beef is being sent to a refugee camp in Greece, while some is also being sent to Pakistan and Greece. Rice and some wheat is being sent to Korea.

Other officers chosen for the county organization include John Aiken, vice chairman; Ira Scott, secretary; J. R. Allison, treasurer; and Berry Green, publicity. County Agricultural Agent Hugh Clearman is an ex-officio member of the group.

Todd also mentioned that any organization which gets 10 head of dairy cattle and \$20 in cash together can name a man to accompany the cattle on the trip to Germany.

Last year CROP collected a plans load of pigs on the South Plains and flew them to Central America, where they were distributed to San Salvador's equivalent of 4-H boys as breeding stock.

Troop 51 Scouts Spending Week At Don Harrington

Eighteen exuberant Boy Scouts, all members of Troop 51, went to Camp Don Harrington Sunday afternoon to begin their six days of camping.

Their program at camp includes just about everything that most of the boys like — swimming, hiking, three meals a day, and the companionship of numerous other boys.

Scoutmaster Bill Wells accompanied the boys to camp, but a camp counselor is working with them there. They will leave Camp Don Harrington Saturday afternoon to return to Hereford.

Friday night the boys will hold their bonfire and stunt night, to which all parents are invited. The camp is two miles east of Canyon.

Producers Market Plans Completed

Two members of the Producers Market Committee, Mrs. R. C. Childers, chairman, and Mrs. W. R. Scarth, met with Bonnie Brumley Saturday night at the Milk Jug to make final arrangements for the opening of a Producers Market for the Home Demonstration Women of Deaf Smith County.

Bonnie Brumley has leased the building known as the Beach Grocery and is letting the HD women have half of that building. He will move to the new location about June 20.

The market will feature quality

products, such as garden vegetables, fresh dressed fryers and hens, country butter, cottage cheese, fresh baked light bread and rolls, pies, cakes and fresh frozen foods.

This market will be operated under strict sanitary conditions with competent help. It is to be a co-op, owned by HD women of this county. It is not a money-making project. Its only purpose is to help the HD women with the marketing of their surplus foods in seasons.

The committee hopes to make it a year round project by urging women to specialize in one certain product and keep the market supplied with that. Plans for a gift section are being made of unusual things priced to sell. Other members of the committee are Mrs. Ray Lee Wilson and Mrs. Leon Coffin. Evelyn Bell has also helped the committee along with Argen Draper and others.

The official name of the market is "The HD Market and Gifts."

a special interest in the proceedings. Mathies has reported that a new brochure on Highway 60 is being planned, and it should help spread the word of this route over a much larger area.

If plans work out, one of the highlights near the end of the long trip will be the delivery of a message of introduction from the governor of Arizona to President Dwight D. Eisenhower in Washington, D. C. And, whatever happens, the riders are certain they will have done a good job of publicizing their favorite highway into the Southwest.

Northwest Hereford News

By Mrs. R. C. Childers
 Out of town guests in the home of Mr. and Mrs. J. T. Richardson recently were Mrs. Loflin Little and daughter from San Antonio and Mrs. Edwin Ledbetter and Clara Shelton of Compton, Calif. The group are old friends of the family.
 Mr. and Mrs. J. O. Clark and son Beaton of Hereford and Wanda Block of Canyon were visitors in the home of Mr. and Mrs. R. C. Childers Sunday afternoon.
 Mr. and Mrs. Carlos Vaughn and Mrs. Lida Mae Vaughn of Hereford were guests at the family reunion of the R. L. Doss family, which was held in the Pat Robinson and J. T. Richardson homes this weekend.
 Pat Childers spent Sunday visiting in the home of Patsy Jackson. Mr. and Mrs. T. B. Cox spent

the weekend with their daughter, Mrs. Everett Cox, and family in Plainview.
 T. B. Cox and his son Doyle went to Floydada Monday and worked on the cabin on the new summer camp grounds the Baptists are building near Floydada.
 Mr. and Mrs. J. L. Stevens of Amarillo visited in the home of Mr. and Mrs. A. C. Hershey and family over the weekend.
Complete Crop Loss
 Edgar Telchik reports complete crop loss from the two hail storms. The first was about a 50 percent damage and the second finished it up. He is planting it all in maize as soon as it dries up enough to get into the field. He reports 3 1/2 inches of rain Thursday night.
 Mrs. J. D. Vaughn of Santa Ana, Calif., and Mrs. J. P. Jordan, Mrs. Ray Neurd and children Johnnie, Connie and Sherrie of Circle are visiting in the J. T. Richardson home this week. Mrs. Jordan and Mrs. Neurd and children will be here a month the last of this week. They plan to leave for their home in Montana this weekend.

House Warming Held For J. D. Gilberts

Mr. and Mrs. J. D. Gilbert, 1209 Park Avenue were given a house warming Sunday when they came home from church and found about 27 relatives and friends there.

Those present were: Mr. and Mrs. H. S. Gilbert and two daughters, Mr. and Mrs. Wilborn Bagton, and Mr. and Mrs. Bob Lane, all of Floreat; Mr. and Mrs. J. D. Gilbert Jr., of Hereford; Mr. and Mrs. Claud Couch and children of Antio; Mr. and Mrs. Auther Couch and children and Earline Couch of Olton; Mr. and Mrs. Gene Bumpus and son of Plainview; Mr. and Mrs. Finis Edwards and children and Mr. and Mrs. Doyal Gilbert and children of Weatherford.

Women Marines Accept Shirley Montgomery

Shirley Anne Montgomery, daughter of Mrs. Jennie A. Montgomery, has been accepted and sent to Parris Island, S. C., where she will undergo eight weeks of recruit training at the Marine Corps "Boot Camp."
 A graduate of Sagnonwood High School, Shirley enlisted in the Women Marines for a period of three years at Amarillo, recently.

Walcott News

By Mrs. Ernest Brown
 A chicken supper was held at the S. N. Thweatt home Saturday night by the Messenger Home Demonstration Club members and their families. There were 32 present.
 Mrs. G. E. Pinkerton of Elk City, Okla., visited with her daughter, Mrs. J. R. Coleman, last week.
 Mr. and Mrs. Ernest Brown had Mr. and Mrs. S. B. Pulliam as dinner guests Sunday.
 Mr. and Mrs. Byron Morgan of Houston and Mr. and Mrs. J. T. Guinn Jr., and family of Pampa, and the Owen Harveys of Shamrock are visiting in the home of their parents, the J. T. Guinns.
 Sunday visitors in the N. A. Brown home were Mr. and Mrs. Roy Potts and family of Bellview, N. M.; Mr. and Mrs. H. W. Roberts of Floydada, Mr. and Mrs. Johnny Roberts and family of Rye, Colo., and Mr. and Mrs. J. A. Tapp of Clovis, N. M.
 Mrs. Josie Busby and son Doyle of Lubbock visited with Mrs. Busby's daughter, Mrs. Bruce Coleman, last week.
 Mr. and Mrs. Frank Baker le Monday for El Paso where they will teach during the coming year.
 Friday night the Bakers were honored at a steak supper at the N. A. Brown home. Others present included Mr. and Mrs. Eldred Brown and Tommy, Mr. and Mrs. Floyd Brown, Earl and Roger, and Mr. and Mrs. Ernest Brown, Barbara and David.
 Rain and hail hit the community last Thursday from 3 o'clock until about 8:30 o'clock that night, destroying and damaging wheat and crops which had been sown.

Gezald Says: Just came back from a very interesting trip to Detroit to see the New V-8 Dodge Pick-up being built and road tested, and believe me, I don't ever want a job roadtesting anything. They really put those pickups through the mill.

Boasting a 145 horsepower V-8 Power Dome Engine, the new Dodge is about the fastest and most powerful thing on wheels. I've never seen a pick-up run so fast... and as soon as I saw this remarkable "speed-demon" I knew right away that it was just what the Amarillo Jaycees needed to chase down those Texas Jack Rabbits that we've been hearing so much about. Think I'll drop the boys a note about it. Anyhow folks, if you want to see the "World's Most Powerful Pick-up," just watch this paper for it's arrival.

CARD OF THANKS

To the many friends and neighbors who helped in our time of sorrow, words can't say how much it was appreciated. To all, we wish to say thanks.

 Mr. and Mrs. Myles Funk and Family

Pappa Tries PTA
 DES MOINES (AP) — Parent-Teacher Assn. groups used to be almost exclusively composed of women. But all that's changed. Mrs. E. O. Tweet of Cedar Falls, Iowa, exhibits chairman of the Iowa PTA says.
 "For a long time," Mrs. Tweet says, "it seemed as though there was only one parent for each child. Now fathers are becoming more interested all the time."

A normal human ear can distinguish about 333,000 different tones. Nitroglycerin will burn quietly if ignited in small quantities, but explodes if heated or jarred.

So you want to go camping? You want to relax in the mountains for a few days and let the rest of the world roll by? No telephones, no salesmen to bother you. Not even any bill collectors. Besides, you get free water, free fuel and no electric bills.

It's a wonderful story when you hear it from old camping hands like Jack Kirksey and Owen Stagner. They can sit and spin yarns by the hour about the warm glow of the campfire and the music of rippling brooks throughout the night: Abe Martin warned me, but

I wouldn't listen. Some people have to learn the hard way. What really got me, though, was Marlin Gilliland and his double-talk about the tingling odor of pine smoke as it wafts through the crisp morning air. Besides, I figured if "Nature Boy" Gilliland could take it, so could I.

I talked with a lot of these outdoor men and really got the fever. They gave me a lot of good advice. They said take along plenty of food, plenty of this and plenty of that. The list finally got so long that I had to build myself a trailer — and that turned out to be such a rough job that I really needed a vacation when it was finished. Furthermore, it had to be a cheap one. Robert Veigel, Jim Bob Allison and Don Zimmerman were even handing me advice. They said to be sure and take along plenty of eggs. Robert and Jim Bob, it seems, ate nothing but eggs three meals a day for three days and, upon getting into town, sat right down and ordered ham and eggs. They tasted so good that they placed a second order for more ham and eggs. Don Zimmerman still calls Robert "Egghead" Veigel. Yes, Sir, I had a lot of good, sound advice. Jim Lipscomb, Bob Wilson

and R. C. McGilvary warned me against taking "too much bread." Dubb Reeves said not to take along any tea — just coffee. Dubb learned this the hard way when he went out one time with Will Graham and Pete Cowart.

Somehow or other, they forgot to mention how much water you had to carry — and they forgot to tell me how to put up a tent in pitch dark after I had been forced onto the side of the road with two flat tires. I guess I did the wrong thing, too, because I dropped the gasoline lantern — and broke those little mantle things. This left us completely in the dark, which is a pretty fair description of the whole deal. My camping partners didn't fuss about it, though. In fact my brother-in-law wouldn't even speak to me until around noon the next day and my 10-year-old daughter, Sara, was mumbling something to herself that sounded like: "Who invented Father's Day in the first place?"

Yes, Sir, we had plenty of everything — except tires. We even wasted some money on magazines which we were supposed to read in our spare time. The only trouble was that we spent so much time carrying water, cooking and washing dishes that we didn't have any time left to even fish.

I have to admit that camping out in Colorado this time of year has its advantages, though. You don't mind getting up at 5 o'clock each and every morning. In fact, it is sort of a relief to get out of those rocks and stand up for a while. Another thing, you don't have to worry about ice. You just take a sharp knife and chip it out of the water bucket before you make coffee each morning. All of this happens a long time before you smell the odor of pine smoke and burned hot cakes wafting in the gentle breeze.

I also figured out why they say the food tastes so good out on camping trips. It dawned on me after we had spent three hours overhauling one of those sputtering little stoves. This trouble wasn't really serious, though. Just as we got the fool thing working, we discovered that I had forgotten to buy any white gasoline before we left the last town. My camping partners started giving me the old silent treatment once again. It went on all of the 40 miles back into Chama, where we got the gasoline — and some hamburgers. Like I said, they really tasted wonderful.

The three of us caught one fish during the three day period and were consoling ourselves with the fact that "they just weren't biting" when along comes Earl Springer and a friend from Canyon. They were showing off a three and one-half pound Rainbow trout. A monstrous beauty. Well, Sir, I know just how those outsiders feel when they hear us brag about Texas. The only other trouble we had was a mere 27 holes in the tent, which we borrowed from Cecil Massey and, on the way home, we took the road from Tucuman through Raglan and Rosedale (another of my bright ideas) only to get water-bound on Harrison Highway.

Anyway, it was quite an experience. There is nothing else like it — thank goodness!

The silliest thing, though, was the fact that we talked all of the way home about going back. I guess it must be one of those queer quirks

of human nature — but we decided we had a pretty good time. We were even on speaking terms when we parted, and I think that Sara may even weaken and charge a new tie to my account for Father's Day. We also agreed that there would be some changes in our camping methods on our next trip. Quite a few, in fact.

I was just visiting with Moon Mullins, who is leaving pretty soon for a post with the Hereford Water Company. Moon will be general manager. He is all enthused over the deal. He says that some of the big movie stars gather frequently in Hollywood for "Hereford Water Parties." Moon says he will send us a picture. Theodora Lynch, it seems, has a swimming pool filled with Hereford water and after the guests swim for a few hours, the butler serves Hereford water with all of the pomp and ceremony you could ever imagine. He said he was really surprised at the seriousness with which the water is dispensed. I asked him if they used it for other purposes, but Moon says "No." He says the parties are "dry" — except for Hereford water. It's quite a deal, according to Moon. Hollywood is probably the only place people ever wake up with "Hereford Water Hangovers."

Roy Oswald was also telling me about a local deal that seems to be causing considerable trouble. Someone, probably youngsters, is filling the keyholes of store doors with chewing gum. It happened to Roy, to Don Zimmerman and to Ansel McDowell. Maybe some others, but those are the ones he mentioned. It sounds like quite a prank, but also one which is causing a lot of trouble for the businessmen. They are asking for mercy.

Despite all of our regular troubles, woes and hail storms, crops in the area north of Westway are looking good, at least if you compare them with New Mexico and Colorado. The potatoes and onions were striking and some of the wheat looks fair, to better. We toured quite a bit of this area dodging the flood waters Monday — and it was the best agriculture we saw during the brief trip.

It is also striking to compare the improvements. This includes quite a few large barns and machinery sheds. People in this country are getting more and more like Wisconsin and Minnesota when it comes to taking care of equipment. The contrast between Deaf Smith County is striking after you leave the New Mexico line. I don't know why, but it is most noticeable.

Meanwhile, these rains are right in line with my predictions for 1954. They are paving the way for the big, bumper grain sorghum crop. We are already way ahead of the average rainfall for the area — and things are looking good. Yes, Sir, '54 is looking good on all fronts — except for campers.

Not Convicted, Just Mixed Up NEW YORK — An absent-minded bailiff slipped handcuffs on a woman turned over to him outside Coney Island Magistrate Court and led her off to the court cell. Twenty minutes later she was turned loose when word got to the judge, who had ordered her out of his courtroom for interrupting during a hearing.

Back in court she cried hysterically, "Now I'm a convict — and I came here to have somebody arrested who hit me in the eye!"

Pie With Cottage Cheese, Apples As Different Dish

Mrs. Anna Holman, Hereford Rt. 2, has sent in a recipe for a cottage cheese pie which is unusual and which she says is very good. Mrs. Holman writes that she makes her own cheese but any kind could likely be used with good results if it were put through a sieve first as cottage cheese has a tendency to get tough when heated unless it is a very fine texture.

For a pie with a different flavor try Cottage Cheese Pie.

Cottage Cheese Pie
2 eggs well beaten
1/2 cup sugar
1 cup sweet milk
1 cup cottage cheese
1 cup sliced apples
1/2 teaspoon nutmeg
1/2 teaspoon salt

Mix beaten eggs, sugar and milk. Pour into nine inch unbaked crust. Add cheese sprinkled evenly over the top, sprinkle with nutmeg, then place apple slices around in the mixture. Bake at 350 degrees until crust edges are brown and filling is set.

For those who think an oatmeal cookie can't be made without raisins a real surprise is in store when they sample cookies made from a recipe used by Mrs. H. C. Bowsher.

The coconut called for may be shredded, fresh grated or frozen, any of which will give a delightful flavor that is different from the usual spices associated with oatmeal cookies.

Oatmeal Cookies
1 cup shortening
1 egg unbeaten
2 teaspoons baking powder
1 1/2 cups uncooked rolled oats
2 cups brown sugar
1 teaspoon vanilla
1 teaspoon soda
2 cups flour
1 teaspoon salt

Mrs. Mullins Resigns As Choral Club Director

Mrs. Clay Ridgway was chosen as new pianist for the H. D. Choral Club when it met in the home of Mrs. Taft McGee on June 14.

The resignation of Mrs. G. E. Mullins as director was accepted with regret. Mrs. Steve Clements will be the new director.

Members attending were: Mrs. Paul Hoff, Mrs. Tom Draper, Mrs. R. C. Childers, Mrs. John Draper, Mrs. Roy Lee Wilson, Mrs. N. D. Bartlett, Mrs. Ridgway and Mrs. McGee.

1 cup coconut
1 cup walnuts chopped
Mix all dry ingredients together except oatmeal. Cream shortening and sugar and stir in unbeaten egg. Add dry ingredients and vanilla. Stir in the oatmeal, coconut and nuts and mix well. Shape into walnut size balls on ungreased baking sheet and bake in moderately hot oven for about 12 minutes.

Makes five and one half dozen cookies.
Mrs. Ida Mae Vaughn has submitted a recipe for another cookie which she says is not an ordinary cookie like the usual homemade kind but is a real ginger snap, crinkly and crisp as ginger snaps are supposed to be.

Al's Ginger Snaps
1 cup sugar
1 cup shortening
1 cup molasses
1 cup flour
1/2 cup hot water
2 eggs
1 tablespoon ginger
1 teaspoon cinnamon
1/4 teaspoon cloves (optional)
1/4 teaspoon salt
1 teaspoon soda
Mix dry ingredients, blend in shortening, add molasses, then eggs. Mix thoroughly, dissolve soda in hot water and add to mixture, then work in enough flour to make a soft dough you can handle and roll. Roll thin, cut and bake. (Brittle).

Another order for the consumers bulletin is being sent today. Mrs. W. A. Springer sent most of them in. Mrs. Springer and Mrs. Owen Andrews have always been good consumers and have done a lot to help themselves and their neighbors in being good buyers. Mrs. Jake Boydston at the Library has subscribed for both the consumer bulletins that are the most used here. Both the Consumers' Reports and Consumers Research are at the Library.

Mrs. Springer also sent me a leaflet about having wool blankets and wool jackets made from wool from your farm flock. Those with sheep will like these blankets. You may have the address and the information from the office or by calling Mrs. Springer.

The club meetings on Frozen Foods have been very interesting as we've had time for everyone present to add something to the discussion. Until the last three or four years about all the information we had on freezing foods were the things we had learned from experience. Now we have reliable information from the Experiment Stations and from the research done by major equipment companies.

The two things that are overlooked that often cause poor quality in frozen foods is freezing the varieties that are not recommended for freezing and not cooling vegetables sufficiently after they are blanched.

Mrs. Sam Henderson, and Mrs. W. R. Scarth both served refreshments from the freezer. The sponge cakes they had frozen were good. Also the ice cream and the fruit salad kept well frozen.

One of the guests we had at the Homemakers Club was Mrs. T. E. Baldrige from the Claude Community over in New Mexico. She has done a lot of club work and has good ideas about freezing foods. She is one of these economical cooks and homemakers. She says that if she has only a few spoons full of vegetables left over that she puts it in a jar and when the jar is full she uses the leftovers for stew or soup.

Mrs. Cruse Richardson says she freezes heavy cream for whipping. Our directions for freezing cream are to pasteurize the cream and then add sugar to it. Mrs. Richardson froze the cream without pasteurizing and adds nothing to it. When taken out of the freezer it is whipped before all the ice crystals are melted.

The club women's market is progressing. A notice will be given soon where the market is to be and the best date of selling. We hope this will give people who are wanting to freeze and can fresh vegetables a chance to buy them. Mrs. R. C. Childers, Mrs. W. R. Scarth, Mrs. R. L. Wilson and Mrs. Bert Coffin can answer your questions about the market.

Women Exchange Experience Notes On Frozen Foods

Preservation of foods by freezing has a special appeal for the modern homemaker because it is quick, convenient and easy. Less watching is involved in the heating and only a small portion may be frozen where it would not be practical to take the time to process only one or two jars in a pressure cooker.

Argen Draper, County Home Demonstration Agent, has started a series of demonstrations on frozen foods. Clubs to which she has already given this phase of the program are:

Westway
Mrs. J. C. Morrison was hostess to the Westway H. D. Club on June 9.

Mrs. Draper showed slides and talked on how to freeze vegetables and fruit with particular emphasis on the newer methods which have proven more satisfactory in food preservation by freezing.

A new date was set for the chicken fry that had been scheduled for June 17. The new date for the event, which will include the families of the club members will be June 24.

A make-up meeting will be held at the home of Mrs. P. B. Sowell on July 24.

The club was glad to have Mrs. T. J. Parsons as a guest and to welcome Mrs. W. L. Cook and Mrs. S. T. Loerwald as new members.

Members attending were: Mesdames P. B. Sowell, Merlia Kaul, Abraham Draper, Jimmy Thomas, Joe Landers, Bernice Paul Rudd, George Turrentine, Charles Owen, R. L. Wilson, Bess Werner, and Mrs. Morrison.

The next meeting will be with Mrs. Floyd Walton on June 23.

Dawn
The Dawn H. D. Club met on

June 4 with Mrs. Walter Galley. Mrs. Draper gave a demonstration on frozen foods, using slides to show the proper handling of fruits and vegetables to be frozen and the best varieties to freeze.

Mrs. H. S. Fuller, president, presided at the business meeting and Mrs. J. M. Carathers acted as secretary in the absence of Mrs. Orval Galley.

Refreshments were served to Mesdames Walt Beavers, W. J. Stewart, Zed Stewart, Marion Russell, H. S. Fuller, J. M. Carathers, Tom Draper, Miss Lula Botsford, Mrs. Evans and a guest, Wainline Beavers.

West Hereford
The west Hereford H. D. Club met with Miss Evelyn Bell on June 8 with 10 members and two visitors present.

The program on citizenship was given by Mrs. Carlos Vaughn. Mrs. John Jacobsen Sr., Mrs. Ida Mae Vaughn and Mrs. Vern Witherspoon.

Visitors were Mrs. Ed Dziuk and Ann Rose and Mrs. Minnie Walker. Club members present were: Mesdames Ulys Pierce, Wes Bradley, Ida Mae Vaughn, Carlos Vaughn, N. B. Hood, E. M. Cox, Vern Witherspoon, Mrs. John Jacobsen Sr., Miss Mary Bradley and the hostess Evelyn Bell.

The next meeting will be at the home of Mrs. P. H. Luck on June 22.

Cultural
Cultural H. D. Club met in the home of Mrs. A. C. Hershey on May 10. Roll call was answered by 10 members with 4-H girls as guests.

Mrs. R. C. Childers, citizenship leader for the club, introduced four of the members who gave the program.

Mrs. Wilson Given Credit On Program

"EVERYBODY INVITED" were the words taken from a full page ad in the Hereford Brand February 27, 1930.

Mrs. Bob Wilson, who for several years has served as HOME DEMONSTRATION AGENT elsewhere, will present practical demonstrations of farm household problems and their solutions. This was likely a forerunner of the recent cooking school. It was sponsored by the McCormick - Deering dealers - Buchanan & Rosson.

By this was only a small part of the service Mrs. Wilson had given to the women of the community since she married and came to make her home in Hereford some years earlier. R. O. Dunkle, county agent, was doing his best to assist the rural women asked her to help, and Mrs. Wilson went all over the county to the homes and showed the women how to can food which was so desperately needed.

Mrs. Wilson remembers one day when some of the women met at one home to can corn and she helped them run four cookers all day on a range stove using cowchips for fuel. They canned over 100 cans of corn.

The commissioners failed to make an appropriation for an agent for several years and Mrs. Wilson was sponsored for a while so she could carry on the work by Streu Hardware, and The First State Bank when Harry R. Fritz was president.

County Fairs were an annual event from 1927 on for a number of years and Mrs. Wilson put in many long hours serving as superintendent of the Women's Department. There were four booths—one each on clothing, foods, canning and floral—which were open to every woman in the county. Prizes offered required more than a column to list.

Mrs. Wilson's assistance brought a renewed determination to have the services of a home demonstration agent and she attributes the plea by Mrs. Nollie Elliston before commissioners court and the interest of Mrs. Pink Gilliland and Mrs. S. A. Miller as the determining factors in getting an agent.

Miss Emma Gunter received the appointment in 1930. In a recent letter she adds a finale to Mrs. (Continued on Page 2)

MRS. BOB WILSON, 307 Union Ave., who teaches at Shirley School, has a warm spot in many a woman's heart for the assistance she gave when Deaf Smith County was without the aid of a Home Demonstration Agent for a number of years. Mrs. Wilson has two children, Marion Jo and Dick. She received her Masters Degree from West Texas State College this spring. (Staff Photo)

Martha Heard Honored By Club With Gift Shower

The Happy Homes 4-H Club met May 26 in the home of Martha and Gene Logan.

The meeting was called to order by Martha Heard, president. The group sang the 4-H Trail. Roll call and minutes were read by Pat Dawson. A bake sale was planned with place and date to be decided at the next meeting.

A demonstration on preparing material, marking pattern and correct layout was given by Mrs. Loyce Avant, assistant Home Demonstration agent.

Martha Heard, a high school

graduate, was honored with a gift shower by the group.

Those present were: Kay Owens, Martha Heard, Pat Dawson, Carolyn Williams, Barbara Brummett, Glenna Gandy, Beatrice and Cecelia Wilhelm, Miss Avant, Mrs. Ira Ott leader, Mrs. T. J. Parsons, Mrs. George Heard, Mrs. Ralph Smith, Jane Heard, Janie and Charlotte Logan, Mrs. S. H. Logan and Martha and Gene Logan.

The next meeting was to be June 10 in the home of Beatrice and Cecelia Wilhelm.

Two New Teams Of Old Wrestlers Will Grapple Saturday In Hereford

Two new combinations, but not "new" wrestlers, will square off in a tag-team match to feature Saturday night's grappling games at the Hereford Bull Barn.

South Africa's greatest contribution to international wrestling scenes, an agile athlete known only as The Mask, and Con Bruno, husky, heavy-set Greek from Brooklyn, comprise one of the teams.

Dory Detton, successful promoter of wrestling at Amarillo and former world's light heavyweight champion, teams up with a buddy of long standing, veteran Billy Weidner, formerly of Boston, now of Amarillo, on the other side.

Three of the quartet — Detton, Weidner and The Mask — were extremely popular in the South

west Territory as middleweights several years ago under the promotions of Cal Larley and the late Dutch Mantell. Weidner and The Mask have continued to wrestle regularly in the appropriate weight divisions. Detton, who serves the National Wrestling Alliance as booking agent for the West Texas-New Mexico territory, emerges more or less infrequently from semi-retirement to take an active hand in the game. His official duties preclude a steady ring competition, but he definitely can set a pace for any wrestler now in the territory.

The main event will be approached through two warm-up duels. The Mask will resume an old rivalry with Dory Detton in a one-fall or 15-minute scrap which promises to be exceptionally fast and rugged.

Weidner and Bruno start the program with a one-fall event. Bruno, youngest of the four, has made rapid strides since arriving in the territory. The short but powerful Greek from Athens, by way of Australia and Japan, recently earned a shot at the area title.

Free Meals Protested
SAN DIEGO, Calif. (AP)—Three bachelors share an apartment and the job of planning and cooking meals. When one of them served rabbit for Tuesday dinner, four weeks in a row, the other two objected. They found he had been dating a laboratory technician who works in a medical clinic that specializes in maternity tests.

New Minnesota Park
ST. PAUL, Minn. (AP)—Minnesota has received a deed for 3,320 acres to be used as a park in the lower Manitou River valley on Lake Superior's North Shore. Conservation Commissioner Chester Wilson says, the property contains some of the wildest and most picturesque scenery in the area.

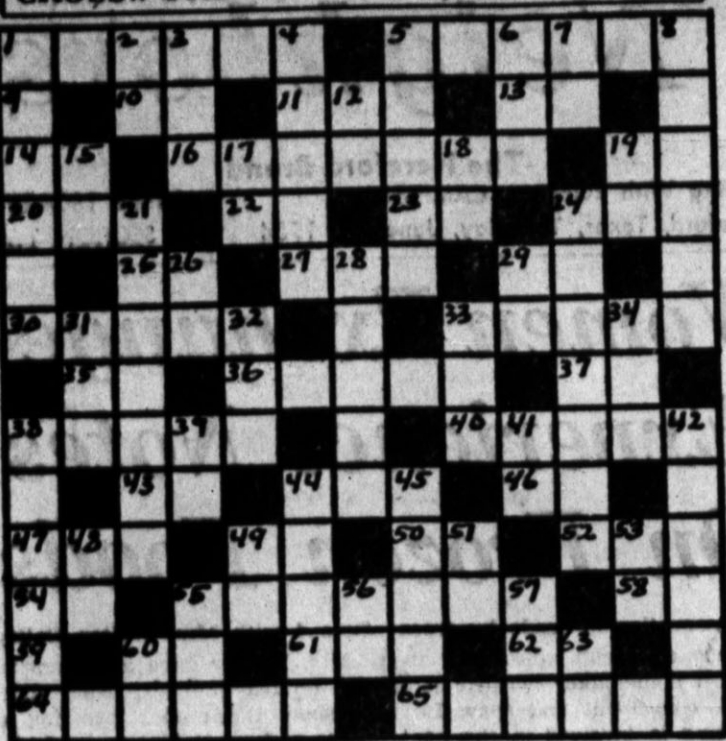

A Patient Search
OMAHA (AP)—The visitor walked into the hospital and asked to see patient McMorris. Nurses gave him a room number, but neither of the men in the room was the one he sought.

Back in the office he gave a first name. The nurse exclaimed: "Oh, you mean McMorris No. 1. He went home."

Seems McMorris replaced McMorris in the same room, same bed and same name. No relation.

River Cowboys
CHATTANOOGA, Tenn. (AP)—John W. Cummings, assistant vice president of Pioneer Bank here, and some guests cruising down a river near Lake Okechobee, Fla., saw a calf thrashing about in the water. They flipped a rope around the calf's neck and towed it to shore.

A turtle with two heads, kept as a curiosity by the Fish and Will Life Service often staged fights between the two heads for food. Rice is the basic food of more than half the world's population.

Air Raid Classes
STOCKHOLM (AP)—Pupils in the top class of Stockholm's public schools have air raid defense classes—first aid for the girls, fire fighting for the boys. The state pays the cost.

Family Crutches
PORTSMOUTH, Va. (AP)—On a wall of his general store John J. Kirchmier hung a pair of crutches to be loaned to any customers who might need them. First user was John J. Kirchmier Jr., who broke a leg in a high school football game.

Housebreaker | Rent
NEW LONDON, Conn. (AP)—Police investigating a report that a beach house had been broken into found two one dollar bills weighted down with a can opener. They theorized that the intruders left the bills as rent money.

Initial Success
BRUNSWICK, Maine (AP)—When their first child was born six years ago, Mr. and Mrs. Doue Albert Gagne named him Doue Albert. As their other babies arrived, they stayed right with the initials D.A.G. Now they also have David Alfred, 5, Dennis Armand, 4, Daniel Arthur, 3, twins Doris Ann and Donald Anthony, 2, and Dominic Andre, 8 months.

Vision Tests Urged
MINNEAPOLIS (AP)—The Minnesota Optometric Assn. says old drivers should pass a vision test each time their licenses are renewed. "It is preposterous to assume a driver's vision is the same at age 60 or 70 as it was when he got his first license as a young man," Dr. Samuel Brown, first vice president of the American Optometric Assn., said.

Student Exchange
LONG BEACH, Calif. (AP)—Esther Beckstead, a student at Wilson High School, and Janine Vertanian, of Paris, France, have exchanged schools, but their switch has produced more than travel and education. Janine has become engaged to an American surgeon, Dr. Harold Peters of Los Angeles. They'll honeymoon in France. Her mother reports Esther may marry a lawyer she met in Europe.

Postmasters Of District Will Report To Amarillo

Congressman Walter Rogers, of Pampa, has announced that, under the decentralization program of the Post Office Department, postmasters in the 28 counties of his district will report directly to a district manager nearer their communities, rather than to Washington.

When the plan is made effective June 14, 1954, postmasters in Armstrong, Borden, Carson, Castro, Childress, Collinsworth, Cottle, Dalhart, Deaf Smith, Donley, Gray, Hart, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Motley, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher and Wheeler Counties will report to the district manager at Amarillo.

Officers call for six district managers in the two state regions of Louisiana and Texas, operating under a Regional Manager in Dallas. "This is intended to eliminate a major bottleneck in the Postal Service and to enable our own local personnel to solve local problems at the local level," Rogers said. "The result sought is better service, greater economy, and quicker solutions to problems."

Shower Takes Energy
OMAHA (AP) — It takes four times as much energy to take a shower as a bath says Dr. Howard A. Rusk, chairman of the department of physical medicine and rehabilitation at New York University.

That's important to two million Americans crippled by heart disease, Dr. Rusk told a University of Nebraska medical college audience. Taking a bath instead of a shower is one way cardiac victims can conserve their overtaxed hearts.

Dr. Rusk also confirmed something many a bed-ridden patient has suspected: It requires twice as much energy to use a bed pan as it does to walk to a bathroom.

Regional offices were opened November 24, 1953, and April 30, 1954, respectively. According to Postmaster General Summerfield, the success of these operations has prompted the decision to move ahead on the decentralization program. Additional regional offices will be established at Portland and Minneapolis as soon as possible. Subsequently, other regional offices will be established covering the remainder of the nation.

Rogers pointed out that, in decentralizing its operations, the Post Office Department will be adopting a procedure employed by many large business organizations in the country, as well as recommended by the Hoover Commission. He added that, under this plan, field personnel will be delegated authority equal to their responsibility.

Bottle Has Long Trip
NEW BRITAIN, Conn. (AP) — Carl E. Manthey Jr., a sailor, tossed a bottle into the ocean while his ship was five days out of Liverpool. He enclosed a note promising to send \$2 to the finder. The \$2 has been claimed by Milmar E. Svendsen. He wrote that he found the bottle in Stor Linessjord in the Bay of Altasjorden Timmarte, Norway Jan. 27, 1954. Manthey had thrown it into the ocean Dec. 3, 1952.

Private Eyes Controlled
HARRISBURG — It's getting tougher to be a "private eye" in Pennsylvania.

It used to be under state law that anybody with an anti-crime bent could pay a \$265 fee, get a \$2,000 bond and take off after criminals.

Under a recent law, however, the would-be detective is required to put up \$200 in fees and post a \$10,000 bond. In addition he must supply his photographs and fingerprints.

Black News

By Altha Presley
Mr. and Mrs. Ellis Tatum received an emergency phone call from Fort Worth Saturday that his brother, Ben Tatum, and family had been in a serious car accident. Their car swerved off a bridge, drowning their four months old baby and seriously injuring the mother.

Mrs. George Brock returned to her home in Lubbock Wednesday. She has been staying with her mother, Mrs. R. E. Barnett, who has been ill.

Mr. and Mrs. Pete Braxton were in Amarillo on business Friday. This community suffered a severe wind and hail storm Thursday night. The clouds looked so bad that many families left their homes and came to the highway. Some drove into Hereford.

New Grain Bins
The Black Grain Company is building 12 new bins on the elevator.

Barbara Deaton and Mary Tatum returned home from a vacation with the Future Homemakers of America girls. They went to the mountains in New Mexico. All report a fine trip.

Mrs. Pete Braxton's mother and sisters, Mrs. Southall, and Jo Ann were visiting the Braxtons when the storm struck here Thursday. They started for home by way of Hereford and on Harrison Highway their car drowned out. Erick Russian came along and picked them up and brought them back to Black. They had to leave their car until the next day.

Mr. and Mrs. Howard Elmore returned from Los Angeles, Calif., this week. They had been visiting his brother, Joe Elmore.

Don and Suvern Dillingham and Ben Shelton are visiting in the Tatum home.

Mrs. Kermie Deaton is entering Deaf Smith County Hospital for major surgery Monday.

The Tri-State elevator at Black, with Pete Braxton as manager, is being remodeled. The offices are being repainted and airconditioned. Mary Tatum left for Albany Sunday for an extended visit.

Visitors From Los Angeles
Mrs. Ira Steele and son Loyd Steele and family of Los Angeles, Calif., are visiting in the Ralph Price home this week.

Mr. and Mrs. Fern Barnett and Mr. and Mrs. Vernon Christian are fishing at Conchas Dam this week.

Mr. and Mrs. Loyd Pruitt and Mr. and Mrs. Tom Presley are the owners of new television sets. R. C. Burnett and family of Amarillo visited in the Clyde Hays home Monday. Mr. Burnett is a brother of Mrs. Hays.

Miss Lois Marie Deaton, daughter of Mr. and Mrs. Leslie Deaton of Black, was married to Ray Strickland, son of Mr. and Mrs. Red Strickland of Friona, June 6 in the Lee Campbell home. They traveled a few days in New Mexico and Colorado and are now at home in Friona.

Mrs. S. J. Greeson has been ill at her home this week with a heart ailment.

W. H. Flippin is very ill in the Friona Community Hospital.

Gains \$2
MUSCATINE, Iowa — Police Patrolman Robert Getz went out on a call to pick up a "wounded dog" found that the "dog" was a fox and turned the scalp in to the county auditor collecting the \$2 bounty.

Twins Pay Twin Tax
NEWARK, N. J. — The cashier at Newark's Internal Revenue Office got a bit of a shock when a middle aged man paid \$129 in additional taxes and then returned a few minutes later to make the same payment over again.

It turned out to be identical twins, with identical taxes due.

Tire Pressure Warning
DETROIT (AP) — A Chicago concern has developed what it calls a "tire alarm." A switch is mounted on the brake plate and turns on a red light on the instrument panel when a tire becomes under inflated. The light flashes until the trouble is corrected.

Stork Advance
FREDERICKSBURG, Va. (AP) — Mrs. Carl Joseph LaMonica picked up a newspaper and read to her amazement she had become the mother of a girl. The next day she lived up to advance notice — went to the hospital, became the mother of a girl.

The hospital explained it wasn't in the habit of giving out such announcements ahead of the stork. In this case it was a mixup of records. The lady who had the first girl was another Mrs. LaMonica — Mrs. Guida Louis LaMonica.

Petty Grand Larceny
WALHALLA, S.C. (AP) — A thief who steals \$20 is being cheated, inflation considered, a prosecutor told a court session here.

"The dollar," said Fant, "is not worth a full dollar now and the thief who takes \$20 actually doesn't get his money's worth, but still can be sentenced for grand larceny."

Legal Notice

TO ALL PERSONS INTERESTED IN LOTS NOS. 1 AND 2, BLOCK 3, AND LOTS NOS. 1, 2, 3, 4, AND 5, IN BLOCK NO. 4, OF WOMBLE ADDITION TO THE TOWN OF HEREFORD, DEAF SMITH COUNTY, TEXAS, AND ALL ADJACENT OWNERS OF SAID WOMBLE ADDITION AND ALL ADJACENT OWNERS ABUTTING UPON FULLER STREET, LYING BETWEEN LOTS 1 AND 2, BLOCK 3, AND LOTS 1, 2, 3, 4 AND 5, IN BLOCK NO. 4 OF SAID WOMBLE ADDITION.

GREETING
Notice is hereby given that Carl Moutz did on the 10th day of May, 1954 file in the Commissioners Court of Deaf Smith County, Texas, his petition for authority to close that portion of Fuller Street lying between Lots 1 and 2, Block 3, and Lots 1, 2, 3, 4 and 5, in Block 4, Womble Addition to the Town of Hereford, Texas, which said street although being platted, has never been opened or used by the public.

The Petitioner, Carl Moutz, alleges that he is the owner of all of the above described property; that said street has never been opened and has never been used as a street, road or right of way, and that closing of said street and the cancellation of the plat thereof designating said street, will not interfere with the established right of way of any party owning any portion of such Subdivision or any adjacent land owner.

WHEREAS, the Commissioners Court of Deaf Smith County, Texas, has directed that a hearing be had on said petition in the Commissioners Courtroom of Deaf Smith County, Texas, at Hereford, Texas, on the 12th day of July, 1954 at 10:00 A. M., at which time all persons interested in the above matter may appear and contest said petition if they so desire.

Brighten The Home!
WASHINGTON, D.C. (AP) — John Allen, of the Union Methodist church preached on the four dimensions in living — Height, depth, length and breadth.

In discussing length he said many people would like to stay as long as they can on concrete sidewalks rather than rushing to the streets of gold in heaven and would rather continue living in stuffy apartments than hasten to the heavenly mansions.

Following the service Allen was approached by a woman who thrust a bouquet of flowers into his hand and said, "Here's something to brighten up that stuffy apartment of yours."

They are, from left, front row: J. W. Sirkel, Roy Beaver, and Rex Cowart. Back row, from left: Buddy Rogers, Nelson Pierce, Joel Newman

and Doyle Guise. Jackie Rhodes, another new member, is not shown. The entire company will fly to San Diego, Calif., late in July for their annual two weeks of active duty. The Hereford delegation, largest out-of-town group in the unit, is aiming toward a full platoon at San Diego.

CHIP SHOTS

By Bud Posey

The inter-city match with the Clovis Country Club scheduled for Sunday, June 27, has been postponed until July 11 at the local course.

There will be a putting tournament Friday night beginning at 8 o'clock. There will be a ladies' division, mens' division, and boys' under 16 division. It will be a 36 hole medal play affair with an entry fee of 50 cents with golf ball prizes being awarded the winners in each bracket.

All first round matches in the city tournament have been given an extra week to be played. All first round matches must be played by Saturday night, June 19. The course is being put rapidly back into shape after the flood waters caught us last week.

Matches that have been played and pairings for this week are:

CHAMPIONSHIP FLIGHT
Stan Barrett defeated Charles Seed, 2 and 1; J. M. Posey beat Wright Williams, 3 and 2; D. B. Roberson versus Wayne Phillips; Dr. R. E. Lingenfelter defeated John D. Pitman 1 up; John Renner whipped Jeff Minton, 6 and 5; Bob Lindsey beat Earl Stagner 3 and 2; Don Martin outlasted J. A. McWhorter 1 up; F. M. Cogdell beat Wendell Burdine 2 and 1.

Vintage Car Approved
NORFOLK, Va. (AP)—Thomas E. Moody appeared in traffic court to answer a summons for failure to have an inspection sticker on his automobile. Moody told the judge that after he received the summons the car passed the inspection with "flying colors."

The judge imposed a \$5 fine but suspended payment.

Moody's car is a 1914 model.

Bear is a Bird
SAULT STE. MARIE, Mich. (AP)—A black bear was discovered in Michigan's Blaney Park making like a bird.

Unlike brother bears hibernating in dens in the ground, this bear slept in a pine tree 53 feet above the ground. The bear came wobbling out of a hole near the top when the giant tree was felled. It lumbered off, unhurt.

Blue Fire Trucks
SIDNEY, Neb. (AP)—Sidney Rural Fire District No. 1 has come up with a color which may be altogether new to civilian fire wagons: blue.

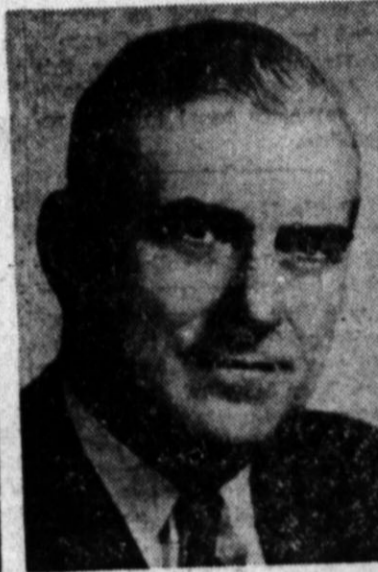

The color picked out by the firemen has been dubbed "smoke blue" by the truck's manufacturers. It won't be new for long, apparently. Other places already have expressed interest.

Dinner Takes Off
WINDSOR, Ont. (AP)—A hen crashed through Mrs. Raymond Pare's kitchen window. She later told a Windsor Star photographer she planned to eat the bird. With that, the pheasant squawked, flapped its wings and flew out the window, breaking another pane of glass.

Law Takes to Air
FAIRBANKS, Alaska (AP)—Law enforcement is being flown from village-to-village through the remote regions of interior Alaska.

In past years, persons accused of misdemeanors were flown to Fairbanks for prosecution. Now, the territorial police and a United States district attorney, fly from place to place to prosecute cases before the U.S. commissioner in each community.

Wasted Money
BEATRICE, Neb. (AP)—A letter from a motorist told the police to "credit" his past parking tickets with 20 cents he "squandered" in the meters on a day when the police weren't checking cars because it was a state holiday.

Mr. and Mrs. H. V. McCabe visited with their son and family, the Bill McCabes, at Berger Sunday.

This is chigger season and means a lot of trouble for many people. A five percent toxaphene or chlor-dane dust applied at the rate of one pound per 1,000 square feet of area will control the pests in the lawn or on other areas where they are a problem.

All bins which will be used for storing small grains should be thoroughly cleaned and sprayed with a residual insecticide before the harvest seasons begin. There is no place in the storage bin for insects — they not only destroy the grain but cause it to grade lower or even be classified as unfit for human consumption if allowed to multiply and go merrily on their way.

Coal seams are the buried remains of massive jungles which grew millions of years ago.

Help Wanted
PASADENA, Calif. (AP)—When P. H. Hammond, a manufacturer, found it necessary to lay off a few men he advertised in the local paper to get the men new jobs.

Scores of persons who read the ad called Hammond to commend his action.

And 19 employers called to bid for the men's services. All but one were hired by a competitor who tanked Hammond for the experienced help and promised to hire the last man too, when he returned from sick leave.

Conference Beefed Up
DES MOINES (AP)—Iowa Gov. William S. Beardsley, concerned over the growing traffic death toll in the state, wanted Iowa teenagers to develop their own highway safety program.

He called a state conference of teen-agers to discuss traffic problems. To make sure the conference would be a success, the governor fed approximately 50 teen-agers barbecued beef from his own Iowa farm.

Why America's sold on Ford!

With the most modern engines in the industry... the newest ride in 20 years... the best looks on the road... and all the power assists you want*, Ford is America's "Worth More" Car.

There's a big reason why more and more price-conscious buyers are swinging to Ford. It's because Ford's just plain worth more. What other low-priced car, for instance, offers a deep-block, low-friction engine? Ford's new Y-block V-8 and I-block Six are America's most modern engines. And what other car in Ford's field has Ball-Joint Front Suspension, a long, low Crestmark Body and such extra-cost driver assists as power on all-four wheels and a 4-Way Power Seat?

Ford is worth more when you sell it, too!

No other cars in America are returning a greater percentage of their original cost than year-old Fords... another big reason why Ford owners stay Ford owners.

Hereford Girls Win At Odessa Assembly

Three Hereford girls won awards at the annual Theta Rho Junior Odd Fellows Assembly held in Odessa last week.

Mary Ruth Strange won a medal with a perfect score in individual contests of work presentation, and Margie Ford won a certificate of merit in the vice president's charge presentation. Nona Marie Strange was awarded a certificate of merit for her presentation of the chaplain's charge.

Pfc. Woolery Returns To San Diego After Leave

Pfc. Joe Max Woolery, son of Mr. and Mrs. Vernon C. Woolery, 241 Avenue I, left for San Diego, Calif., Saturday morning after spending about 10 days in the home of his parents.

Pfc. Woolery recently completed 20 weeks of basic training and four weeks of advanced training at the Marine Corps Base at Camp Pendleton, Calif.

Woolery, who first enlisted in the Marine Corps in Amarillo in January, will report to San Diego, Calif., where he will attend Se. School. Upon graduation from this school, he will be assigned to a Marine Detachment aboard one of the capital ships of the U. S. Navy.

Perils of Teaching
STORM LAKE, Ia. (AP)—When the leading man in the class play fell ill, School Supt. Charles Waterbury of Nemaha filled in.

The roll called for him to spend considerable time on stage minus his trousers. The play title was "Let Me Out of Here."

Waterbury was voted a smash hit by the audience.

FARMINGTON, Conn. (AP)—State Rep. W. Sheffield Cowles, on a tour of Europe, sent a postcard from Seville, Spain, to his fellow Connecticut legislator, Erving Pruyn of Colebrook.

When he returned home, Cowles found a postcard from Pruyn in the mail that had accumulated while he was away. Pruyn had sent it to Cowles from Seville.

It Takes a Bird
CINCINNATI (AP)—Starlings for many years have been the plague of downtown Cincinnati. The city council is studying the possibility of importing falcons to get rid of the pests. Every other means has failed.

Production Booms
RALEIGH, N.C. (AP)—In 1939 the U.S. Census Bureau reported there were only 50 people employed in North Carolina in the manufacture of electrical products.

Ben Douglas, director of the state conservation and development department, reports that by the end of 1954, more than 20,000 people will be so employed in the state.

Discharges Greater Than Service Entries

AUSTIN — For every 100 Texans who pulled off armed forces uniforms in May, 83 others put theirs on.

A total of 895 Texans were drafted into the armed services in May, 2,239 were reported as enlisting, and 3,758 were separated, according to an official report mailed to Washington by the office of Brigadier General Paul L. Wakefield, state director of Selective Service.

Separation of Texans from the armed forces has exceeded entries over the past several months, Lieutenant Colonel Morris S. Schwartz, deputy state Selective Service director, said Thursday.

The same report showed that local draft boards in the state had 1,123 men examined for possible service in the armed forces during May. Of this number, 55 were found unacceptable by the armed forces.

Colonel Schwartz pointed out that acceptance or rejection of men for the armed forces is the

responsibility of the armed forces under the law, and not the responsibility of Selective Service.

"Over the entire period of Selective Service experience in Texas," Colonel Schwartz said, "about one third of the men are rejected for service by the army examining stations."

Get the facts before you buy— FIND OUT WHY SO MANY PEOPLE ARE SWITCHING TO MERCURY

SEE WHAT YOU GET IN... ① YEARS-AHEAD STYLING No fancy chrome tricks or bulges to date it—just clean, far-advanced lines.

② 161-HP PERFORMANCE

With Mercury you get far more than high horsepower, you get an entirely new overhead valve V-8. New features like a 4-barrel vacuum-controlled carburetor and high-turbulence combustion chambers make it the smoothest, most responsive engine in Mercury's history.

③ GREATER ECONOMY

With Mercury you enjoy the advantages of high horsepower without sacrificing economy. For this 28% more powerful Mercury is also the most efficient in our history. You save on upkeep, too. New deep-block gives you a V-8 unmatched for sheer ruggedness.

④ TOP TRADE-IN VALUE

Mercury consistently beats all other cars in its class for trade-in value! This fact is proved by authoritative national reports of used-car prices. No wonder Mercury is called the "smart money" car. No wonder Mercury sales keep climbing fast. Better see us for your trial drive soon. How about today? Come in—or phone.

SEEK YE FIRST THE KINGDOM

OUR FATHER

Like the great God of all the earth, "FATHERS" are responsible toilers, giving their strength to daily tasks that provide food and shelter and the comforts of life. History alerts us to the significance of GOOD FATHERHOOD. In the memory of every child is enshrined the thoughtful and devoted, self-sacrificing, happy comradeship of a GOOD FATHER. It makes little difference whether you are a minister, laborer, or salesman, you are all the FATHER your child knows. Whether you live by way of the lunch pail, portfolio, or the Bible—FATHER'S DAY will be more commemorative, more complete, if you'll take your family to church.

CONGRESSMAN WALTER ROGERS SAYS

Water Facility Loans Helping Increase Irrigation In Texas

DITTO
I used the word ditto as the heading for this part of the newsletter because my heading last week was "Gagged. Again." I could use the same heading again, because the same thing has happened again. I have just returned from the Floor of Congress, where H. R. 9474 was being considered. This bill is a law to extend the authority of the President to enter into trade agreements under Section 350 of the Tariff Act of 1930, as amended. The law extends this authority in the President for a period of one year. Eisenhower had requested that the extension be for three years, but after much agitation, confusion, and debate behind the scenes, it seems that the White House put the stamp of approval on the one-year extension. In any event, that was the bill that was brought before the House for passage. It was brought in under the closed rule or, as I said last week, the "gag rule." The duly elected representatives of the people did not have a right to change one word in the bill as it was written by the Ways and Means Committee. I repeat that this is steam-roller politics. Under the democratic form of government, it makes little difference whether a man is for or against a piece of legislation, as long as he is a Member of Congress he is a representative of the people and should be entitled to be fully heard on these matters and to have an opportunity to seek such changes

in them as to him may seem pertinent and to the best interests of his constituents.
WATER
The irrigation program in our district has been moving along at a pretty good pace and we hope that it will be continued. I have obtained some figures from the Farmers Home Administration, of the Department of Agriculture, that I think will be of interest to you. They are as follows:
"For the current fiscal year, \$6,500,000 was available for making loans under the water facilities program. Of that amount, \$600,000 was allotted to the State of Texas. The President's Budget request for the fiscal year 1955 provides for an appropriation of \$6,500,000. If that amount is appropriated by the Congress, it is likely that the allotment to Texas for the fiscal year 1955 will be about the same as in 1954.
"If Senate bill 3137 should be enacted into law, additional funds might become available under the insured loan features of that bill. To the extent that lending institutions participate in the insurance loan program under the Water Facilities Act, considerable expansion of the loan program could take place in Texas in the fiscal year 1955.
"As of June 1, the Farmers Home Administration had made 142 loans, totaling \$585,660, from regular water facilities loan funds allotted to Texas. In addition, 57 loans, totaling \$344,315, have been

ONLY FISH WOULD have been able to cross this bridge to get to the golf course Friday morning. made or are in process of being made for water facilities purposes from economic emergency loan funds. Under these two programs, the total number of loans made or in process is 199 for an amount of \$929,975.
HEARINGS IN THE SENATE
During my years of law practice in the Panhandle, I have heard many people, especially prospective jurors, complain about the slowness of court proceedings. I, of course, agree with them that there are many things that can be done to speed up the court proceedings. The judge is usually bending over backwards trying to see that no one's rights are infringed upon, and that the law is followed to the letter so that justice may finally prevail.
However, one look at the Senate hearings would make a so-called slow court proceeding look like a jet-propelled plane. The reason the headway has been so slow in these hearings is that no one wants to answer questions and everyone wants to make a speech over television. The questioner usually makes a speech instead of asking a question. When a question is asked that could be answered and throw some light on the subject, the witness usually makes a speech as his reply.
I had a chance to listen the other morning and was reminded of the story of the old darkey who turned up late to work. His boss asked for his excuse and the darkey told him that he had stopped down at the corner to hear a politician make a speech. The boss asked the darkey what the man talked about. The darkey replied, "Not much, except he sho did highly recommend himself."
I still say that a good West Texas grand jury could have separated the chaff from the grain and had the facts thoroughly documented

in not more than two weeks.
THREE PRETTY GOOD QUALITIES
A commencement speaker at one of the schools here in Washington told a graduating class recently that three qualities were necessary for human success, a wishbone, a backbone and a funnybone. First, an ideal to work for; second, the perseverance to carry it out; and the last, a saving sense of humor about human frailty.
THE CHANGE IN THE PLEDGE OF ALLEGIANCE
I have received many letters requesting early action on the Resolution to insert the words "under God" in the Pledge of Allegiance to the Flag. I am happy to report that the House and the Senate have passed a Resolution to insert these words in the Pledge of Allegiance and the Resolution is now in the White House awaiting the President's signature. As soon as he signs it, the official Pledge of Allegiance will be as follows: "I pledge allegiance to the flag of the United States of America and to the republic for which it stands: one nation under God, indivisible, with liberty and justice for all."
Word from the White House at nine o'clock this morning was that the President had not yet signed the measure. However, it will be the law long before this letter reaches you.
VISITORS
Visitors in Washington this week were Mr. and Mrs. Carl Dupriest and sons, Robert, Richard and Tommy, of Amarillo; Howard Bramlette, of Canyon; James M. Scott, of Borger; and Dick Gilford, R. W. Henry, Deane Watson, and Dwight Elliott, "The Four Hearsemen," famous barbershop quartet from Amarillo. We are all pulling for them to win the national championship in the finals tomorrow evening.

Use Water Resistant
TITEKOTE
Rain, wind, frost action and temperature extremes are natural enemies of unprotected masonry surfaces. Penetration of water into the masonry causes disfigurement and permanent damage to the structure. Under prolonged exposure, moisture will penetrate to the interior of the structure, producing dampness, discoloration and damage.
TITEKOTE has been especially developed as a protective coating for brick, stucco, all types of block and other masonry surfaces.

- ★ RESISTS RAIN
- ★ RESISTS WIND
- ★ RESISTS ICE
- ★ RESISTS SUN

TITEKOTE No. 1 (Base Coat) is unexcelled for filling and sealing the surface of Cinder Block, Haydite Block, Pumice Block, Superblock, Slag Block.
TITEKOTE No. 2 (Finish Coat) to be used for protecting and beautifying all masonry surfaces. Has same water-resistant qualities as Titekote No. 1 but does not have the ability to span large voids.

For the farmer... who wants the finest

The CASE DIESEL

For the man who knows tractors... and wants one that will match his exacting requirements... the Case Diesel qualifies on every score. It has smooth, quick-stepping power... sure-footed traction and lugging ability... to do amazing amounts of actual work. It has more than good design and major features. Like a fine watch or a fine car, it embraces quality, character and precise craftsmanship that make it today's finest diesel.

For example, the Case Diesel is quick-starting, directly on diesel fuel, at the touch of a button. "Power" controlled combustion prolongs pressure on power strokes, burns clean at all loads. Six-point fuel protection guards against dirt, dust, and water. Seven-bearing crankshaft adds endurance to six-cylinder smoothness. Power Steering puts this mighty tractor in perfect control of a gentle hand. Come in—see it, try it.

NEW CONOCO Super MOTOR OIL

America's First Double-Duty Oil!

Protection 1
OIL-PLATING*
conquers friction wear... because this exclusive discovery actually fastens a thin film of lubricant to moving engine parts for full-time protection.

Protection 2
ACID-PROOFING
conquers corrosive wear... because this exclusive new discovery gives Conoco Super up to twice the cleansing power of other premium oils!

Automotive engineers have long known that friction and corrosion are the two major causes of engine wear. Now, from the laboratories of Continental Oil, comes America's first Double-Duty motor oil. It combines two exclusive discoveries (Oil-Plating and Acid-Proofing)* to conquer both major causes of engine wear.
The unique Oil-Plating additive conquers friction wear by actually fastening a thin film of protective oil to engine parts. Unlike ordinary motor oil, this film won't drain down even when your engine has been stopped overnight. Thus you get full-time protection against damaging wear due to friction.
Exclusive Acid-Proofing additive conquers corrosive wear three ways—it neutralizes acids, prevents rust, and gobbles up tiny particles of dust, dirt, and water and seals them safely in spheres of oil until the oil is drained. ACID-PROOFING actually gives new Conoco Super twice the cleansing power of other premium oils!
New Conoco Super Motor Oil is on sale at Conoco dealers everywhere. Drive in and ask for it today!

Your Conoco dealer will recommend the right grade of new Conoco Super Motor Oil for your car, your climate, your driving conditions.

 Engineer Hawley of Fort Worth has been employed to submit plans for the waterworks system. Mr. Moore who had charge of the sewer installation will be here in a few days to lay out the work and determine the best and cheapest way of doing the work. It is proposed to sink a big well or several small wells, put in a stand pipe and to pump the water with a powerful gas engine.

Tuesday afternoon an auto party was out on the Tierra Blanca fishing when the rainstorm came up. They sought shelter till after the rain, but were unable to cross the draw three miles east of town on account of the high water. George Kerr ran his car into the water which came up into the bed and killed his engine, there he stuck. Six other cars were stranded on the beach, the only one able to stem the breakers was a Buick belonging to Dr. A. L. Taylor. This ship tackled to the north, rounded the head waters of the draw and came down the beach with water up to the hubs and landed in town in time for supper. The rest of the crowd "hoofed it" into the city.

Fred Baird met with a very painful accident a few days ago while riding a wild horse. The horse became unmanageable throwing him on a barbed wire fence which inflicted several deep cuts from which he is confined to his room. The horse also was quite badly cut.

 Commenced two months ago, the elevator being erected at Black, 15 miles west of Hereford, by the Black Elevator Co., Inc., is completed and will be given a test run Saturday. Equipped with the most modern and up-to-date machinery obtainable, the elevator, which has a

capacity of 25,000 bushels, will be able to load a car of grain from the elevator in 40 minutes. A Delco lighting plant has been installed which will furnish light for the building and will allow loading of grain at night. F. H. Oberthier of this city is manager of the new elevator and will be assisted by two experienced men who will be on duty day and night.

During the past few days the Santa Fe railroad has become one of the most active industries of the city. Work on the installing of the block system is progressing rapidly with two crews of signal workers, totaling thirty men, working both east and west from the city. A carpenter crew is engaged in moving the section house from the west side of the city to the east side. Two new rooms will be added to the structure and other improvements made. Early this week a surveying crew commenced running a line for the re-locating and extension of one of the industrial tracks west of the depot. New rails will replace those which have been in use for years and the trackage extended west of the Gulf oil tanks for 600 feet, providing greater facilities for loading and unloading freight.

That's The Title, Not The Play
 NEW HAVEN, Conn. (AP)—A Yale University lecturer told an audience that back in 1594, a play with this title (try it on today's theater marquee) was produced in England.

The First Part of the Contention
 Betwixt the Two Famous Houses of York and Lancaster, with the Death of the Good Duke Humphrey; and the Banishment and Death of the Duke of Suffolk; and the Tragical End of the Proud Cardinal of Winchester, with the Notable Rebellion of Jack Cade; and the Duke of York's First Claim Unto the Crowne."

It Didn't Count

WINSTON-SALEM, N. C. —A defendant appealed a civil case to the Supreme Court asking that the judgment be declared "null and void."

But somewhere along the line something happened. A transcription of the trial asked the Supreme Court to declare the judgment "null and void."

Why GMC's make other trucks out of date

Be careful—drive safely

The GMC light-duty truck does more because it has, as standard equipment, a full 125-horsepower engine—the most powerful 6 in its class.

The GMC light-duty truck saves more because its Truck Hydra-Matic Drive* ends repairs caused by shock-loading strains—ends all clutch costs—uses less gas—saves the tires.

The Hydra-Matic GMC light-duty truck performs better because it always is in the correct gear for the need—regardless.

The Hydra-Matic GMC light-duty truck handles easier because you never have to shove a clutch or shift a gear.

The GMC light-duty commands respect with its dashing smartness—its look of quality—its spacious luxury cab, that make you and your wife proud to take it anywhere.

The GMC light-duty truck costs less to own—less to run—than old-style trucks. Come in and we'll demonstrate it!
