Day Center Finds Paths To Children

(Editor's note: This article was written by Mrs. Jack Winget, who has been working with the Migrant Labor Camp Day Center program, which is sponsored by the Hereford United Council of Church Women, since the program was started.)

To many townsmen, the venture concerning the opening of the Hereford Day Nursery at the Labor Camp last summer was a total failure.

It may be that this was due to our not collecting the money pledged by many of you. We want Hereford to know how much was accomplished with our Latin-American friends from June, 1953 to July, 1954.

We optimistically opened our nursery on June 15, 1953, expecting people to leave pre-school age children with us. No pre-visiting had been done in homes, and the Day Nursery personnel had almost no experience in working with migrant workers or their children.

As a result, we had no children. After all, most parents at the camp go to work before 6 o'clock in the morning, and we opened our doors at 9 o'clock. Also, this was a new thing, and they were not sure that they could trust us.

Golf Pro Charged After Altercation At Golf Course

Clyde (Bud) Posey, Hereford Golf Club pro, is free on \$500 bond pending trial on a charge of aggravated assault which was filed against him Monday by Burke Inman.

The charge was the result of an altercation last Friday afternoon at the clubhouse, when Posey allegedly threw a Coke bottle at Burke Inman Jr., hitting him in the back, and causing bruises according to the physician who treated him.

There has been no date set for the trial.

Hereford Building Seems Headed For New Record

Building work in Hereford, which took a tremendous leap upward last year with the beginning of the new Hereford High School, seems headed for another record year in 1954 as the parochial school and elevator construction add heavily to total construction values.

Construction begun in June is valued at approximately \$698,000, including \$175,000 for the parochial school. This makes construction values for the one month higher than total construction work begun in either 1951 or 1952. In 1951, per-

mits were issued on \$504,250 worth of construction, while the following year the total was up to \$623,000, a sizeable increase but nothing to compare with the present boom. In 1953, construction started was more than double the value of that begun in 1952, reaching \$1,278,281, including more than \$700,000 for the actual construction of the high school building.

Construction began rather slowly this year, with permits for only \$18,500 worth of building issued in January. In February, the

Grand Jury List Released Monday

Names of 16 men chosen as possible members of the grand jury were released Monday by Lucille Posey, district clerk. From these, 12 men will be chosen on August 2 to serve as members of the grand jury for the next six months.

Those on the list are: C. H. Hammock, J. S. Stocks, George Ritter, W. L. Bradley, C. J. Albracht, Roger Brumley, L. H. Benefield, J. L. Woodford, P. E. Sowell, Jay Boston, R. W. Mitchell, M. W. Blankenship, Ira Scott, Leo Gallagher, F. L. Alexander and Darrell Blanton.

Seven Cars Are Involved In Three Minor Accidents

Seven cars were involved in three collisions in the city limits of Hereford the latter part of last week and the first of this week with a total of about \$395 damage done.

First accident occurred Saturday afternoon about 5:50 o'clock about 100 feet south of Fourth Street on Main.

Mrs. Jewel S. Smith, 403 Irving, driving a 1950 Chevrolet, was going north on Main and Mrs. Faye M. Holt, Route 3, driving a 1953 Mercury was backing out from the curb. The Mercury collided with the right back fender of the Chevrolet.

No damage was done to the Mercury and about \$35 damage was done to the Chevrolet.

Mrs. Holt was charged with failure to grant the right-of-way.

Sunday Morning Collision Sunday morning at 10 o'clock the second collision occurred 300 feet north of Park Avenue on Whittier Street.

Antonia Olivares of Laredo, driving a 1951 Chevrolet four door sedan, was going south on Whittier and John E. Conyers of Canyon, driving a 1947 Chevrolet two door sedan, was parked on the right side of the street. According to police reports, Olivares met an oncoming car and swerved the Chevrolet four door sedan to miss it and in doing so, collided with the 1947 Chevrolet two door sedan.

About \$75 damage was done to the 1951 Chevrolet and about \$10

damage was done to the 1947 Chevrolet. No charges were filed. Union and Avenue D was the scene of the third accident which (Continued on Page 2)

New Students Need Birth Certificates

Students who are entering Hereford or Deaf Smith County schools for the first time this year are asked to get copies of their birth record as soon as possible to avoid the August rush, according to Superintendent George Graham.

Those who were born in Deaf Smith County may obtain their birth certificates from the County Clerk's office. Requests for certified copies issued by the state registrar should be addressed to the Bureau of Vital Statistics, Texas State Department of Health, Austin.

"Working with limited personnel, the Bureau of Vital Statistics cannot possibly render the type of service expected by those who wait until the last moment to make requests," Graham said. Children born in other states must get birth certificates from there.

Each application should include the full name of the child, the date and place of birth and the names of parents. The law says a fee of 50 cents must accompany each application.

Election Spotlight On County Offices

Voter Has Choice In Marking Ballot

Voting instructions in Texas give just enough leeway to cause some confusion.

Either of two ways are acceptable for marking the ballot when there is more than one candidate for the same office, according to Ralph Smith, county clerk.

First, a voter may put an "X" in the square at the left of the name of the candidate he wishes to vote for; or, he may scratch out all the names of candidates for that office except the name he wishes to cast his vote for. Where a candidate is unopposed, it is necessary to place an "X" in the square at the left of the candidate's name, or it will be "no vote" as far as that office is concerned.

Precinct Meetings Set For Saturday

Precinct conventions, the first step in Democratic party politics, will be held at 10 places in Deaf Smith County Saturday, according to J. H. Sears, County Chairman.

Precinct meetings, their time, place and chairmen, are:

Precinct 1 — 2 o'clock, District Court Room, S. H. Slagle, chairman.

Precinct 2 — 4 o'clock, District Court Room, T. W. Alderson, chairman.

Precinct 3 — 3 o'clock, Roe Residence, B. B. Jackson, chairman.

Precinct 4 — 3 o'clock, Simms Community House, C. H. Hammock, chairman.

Precinct 5 — 3 o'clock, Fairview School House, C. W. Buchanan, chairman.

Precinct 6 — 3 o'clock, Ford Community House, Ted Rohrback, chairman.

Precinct 7 — 3 o'clock, Dawn School, A. T. Frye, chairman.

Precinct 8 — 3 o'clock, Garcia Community House, S. N. Thweatt, chairman.

Precinct 9 — 3 o'clock, Bippus Community House, C. F. Rickels, chairman.

Precinct 10 — 3 o'clock, Fairview School House, Mrs. C. L. McBroom, chairman.

Precinct 11 — 2 o'clock, Central School, J. J. Clark, chairman.

The county Democratic convention will be held July 31, one week after the precinct conventions, in the Deaf Smith County Court Room at 4 o'clock in the afternoon.

Voting Saturday May Set New Record For County

Politics will hold the limelight in Hereford Saturday as voters go to the polls to cast their ballots in the Democratic primary, where interest is great enough that it might cause a new record on votes, which reached 2,900 in 1952 for an all-time high, to be cast.

As always, the Sunday Brand will carry latest election returns possible, both local and state. In addition, a bulletin board will be maintained at the Brand office, where the results of contested local offices, and the governor's race will be posted as soon as results are available.

With the office of the county judge and all four county commissioners' offices being contested, it is expected that county races will draw lots of attention while, at the same time, many will be greatly interested in the race for governor, lieutenant governor, attorney general, United States senator and U. S. representative.

In the race for county judge and ex-officio county superintendent, Herace L. Schloss, incumbent, is opposed by Homer E. Henslie.

Those who are vying for the county commissioners' posts include:

Precinct 1 — M. T. (Marion) Rutter, incumbent; Charlie Sowell and Carroll F. Newsom.

Precinct 2 — Otto Massie and S. O. Wilson; J. C. Morrison, the incumbent; is not seeking re-election.

Precinct 3 — J. T. Guinn, incumbent; Bernie Northcutt.

Precinct 4 — W. F. Perry and Donald Hicks; C. G. Richardson, the incumbent, is not seeking re-

election. There is some interest, also, in the office of County Hide and Animal inspector, where Loyd R. Neill and V. C. Hopsom are vying for the post.

Another office which is drawing considerable attention is that of justice of the peace, precinct 1, where E. W. (Emmett) Solomon and C. B. (Berry) Miles have their hats in the ring. Incumbent A. L. (Uncle Andy) Thomas is not seeking re-election.

Five Unopposed Five incumbents are unopposed this year. They are Lucille Posey, district clerk, who was elected in the newly-created office in 1952; Lowell Sharp, sheriff, tax assessor-collector; Ralph Smith, county clerk; Velma Hodges, county treasurer; and J. Edward Line, county attorney.

In the governor's race, the main fight has seemed to be between incumbent Allan Shivers, who is seeking a third term in office, and Ralph W. Yarborough, who has used a state-wide political newspaper, radio and television to carry on his fight for the Democratic nomination.

Dudley T. Dougherty of Bee County is attempting to take the nomination for United States Senator away from incumbent Lyndon Johnson, while Walter Rogers, who is now U. S. representative from the 18th Congressional District, is opposed by Michael M. (Mike) Kemp and George W. Crawford.

Those registering from Hereford are: Kenneth L. Bellar, John L. Garrouette, Doyle E. Williamson, Prentiss N. Kirkland, Deciderio R. Soto, Maximino A. Garcia, Ted M. Watson, Jimmy R. Cassels, G. W. WHETHER IT WAS the merry-go-round, pony ride or the fill a whirl, the youngsters, from tots to teenagers, were the ones who seemed to be making the most of the various rides at the Lions Club Carnival which opened Monday night north of the Bell Barn, and will continue there through Saturday night. On the merry-go-round, Betty June Buchanan, daughter of Mr. and Mrs. Porter J. Buchanan of Dimmitt, took her ride seriously, as did Gerald Paetzold, son of Mr. and Mrs. Edward Paetzold, on the pony ride. Above, Gienna Gault and Martha Bookout were getting quite a thrill out of the fill-a-whirl. (Staff Photos)

Day.....

(Continued from Page 1)
 After two days, we realized our need for a trained worker. It was decided to close our doors until one could be obtained.
 During harvest time, the idea of "breaking the ice" by small group contacts was put into practice by means of a sewing class and a rummage sale. Gradually we found that our weekly visits were looked forward to by our Latin-American friends.
 There were kids like Daniel, who mended broken toys and small furniture. He got a new pair of shoes, and could hardly wait to get a used pair, so he could save the new ones.
 There was one housewife, who must have half a dozen girls, who always arrived when our car turned in at the day center, and helped us carry in the "new" used clothing, always hoping to find something for her girls to wear.
 Many children, who were having to go barefoot even though there might be snow on the ground, obtained shoes at our rummage sales and many others, who had been going without any sort of jacket or coats, were warmer after our weekly visit.
 Articles of clothing, sold for from five to 25 cents, brought in enough to pay the rent on the rooms for six months. Clothing was given from many sources, but more is still needed.
 Now, with Barbara Murray here to show us how to best help the pre-school children, our dream is coming true, but she needs help in providing adequate supervision and materials. She needs someone to work with the children in music, in side trips, story telling and crafts, but the biggest need is for those who can show a genuine interest in small Latin-American children. Toys, play equipment and cash are also needed.
 We particularly invite you to our Silver Tea, to be held from 3 to 5 o'clock Thursday afternoon at the Day Center, when you can see what our facilities are and how we can help these neighbors to live in Christian communities.

 Mrs. Eunice Williams, driving a 1951 Mercury was going west on Union and Belgin Trevino, driving a 1948 Chevrolet pickup, was going north on Avenue D. The third car involved was a 1949 Ford owned by J. B. France, 394 East Sixth Street, which was parked. Police reports state that the Mercury skidded approximately 30 feet before colliding with the back fender of the pickup, this knocked the pickup completely around, causing it to collide with the right front fender of the Ford.
 About \$75 damage was done to the Mercury, \$50 damage was done to the pickup and \$150 damage was done to the Ford.
 Mrs. Williams was charged with driving with no operators license and Trevino was charged with driving with no operators license and failure to grant the right-of-way.

WHY

Did The Present Commissioners Court Neglect To Call On Audit Of The County Books Until Summoned Before The Grand Jury?

On Monday, January 25th, 1954 County Judge Horace L. Schloss presented a resolution to the Commissioners Court of Deaf Smith County, Texas that an audit be made of the books, records and accounts of Deaf Smith County. It was further resolved that this audit include the books, records, and accounts of the DEAF SMITH COUNTY HOSPITAL.

THIS RESOLUTION DIED FOR LACK OF A SECOND --- WHY?

The new grand jury was impaneled, sworn and charged by District Judge Harry H. Schultz, February 1, 1954. On Feb. 2, Judge Horace L. Schloss and the members of the present Commissioners Court were summoned before the grand jury!

Subsequently, at the next regular meeting of the Commissioners Court February 8, 1954, the following resolution was introduced by Commissioner J. T. Guinn.

BE IT RESOLVED: that it is the judgement of the Commissioner's Court of Deaf Smith County, Texas, that it is expedient and necessary that an audit be made of all the books, records and accounts of Deaf Smith County, Texas, including the Deaf Smith County Hospital, whereby the Commissioner's Court may be better informed to enable it to determine and fix proper appropriations and expenditures of public moneys and to ascertain and fix a just and proper tax levy.

This resolution was put in the form of a motion duly seconded and carried unanimously - Thereupon, the said resolution as the statute provides was approved by County Judge Horace L. Schloss.

A competent, disinterested and certified public accountant was employed and the audit began in April of 1954.

This Audit Has Not Been Completed!

A well organized attempt has been made by the opposition to circulate the fact that the audit has been completed and that everything is in "apple pie" order.

This Rumor Is Only A Rumor!

It has been stated by competent observers that an audit of this nature SHOULD BE COMPLETED IN A MATTER OF NOT MORE THAN 3 TO 4 WEEKS.

The audit of the books, records and accounts of Deaf Smith County has consumed 3 months time and will probably take several weeks more before a report will be available - Does this prove that everything is in "apple pie" order?

Whose Toes Are Being Stepped On? Whose Faces Will Be Red When This Audit Is Completed?

Why the vicious slander campaign against an honest official? Who is really against Judge Schloss' policy of honest government?

The movement for clean, honest government MUST NOT BE STOPPED whether in Deaf Smith County or in Washington, D. C.

This, therefore, Mr. and Mrs. Voter of Deaf Smith County is your hour of decision — Shall we go ahead with good, honest government or take the road of Duval County politics.

Your Vote For Judge Horace L. Schloss Is A Vote For Honest Government In Deaf Smith County, and Is Honestly Solicited!

Demandments For Living In Modern World Cited At Civic Club Meet

A dozen "demandments" for living in today's world were given by Rev. S. M. Dunnam, pastor of the First Methodist Church, when he spoke Monday to Hereford Rotarians.

Elaborating slightly on each one Rev. Dunnam pointed out that men must take a new look at the world they live in, if they would live happily.

His "demandments" are:

- Revive thy faith in self, man and God — the man who does not trust others will have a very hard time in life indeed.
- Thou shalt not look like a graven image — smile, for it is easier to smile than it is to frown, and a smile can spread cheer to many others.
- Thou shalt not curse the world — do the best with what you have. Remember every day to make it

happy—save Sunday for the great things of the soul.

Honor thy children—play and pray with them, for they are the hope of the future.

Honor Mother Earth — she still produces an economy of abundance.

Thou shalt not kill thyself with worry — worry is a waste of time and energy, accomplishing nothing.

Thou shalt not fear — for the dirge of fear forges the chains of defeat.

Be honest — honest with yourself, and honest with others, that you need have no fear of being

found out in your untruths.

Thou shalt love thine enemies— you made them, and you should learn to love your own handiwork. Dynamic brotherhood is more powerful than the atomic bomb.

Be a part of the universal church — forget about the petty differences of denominations and join with others in the love of God.

Do your part today — tomorrow may be too late. Today's work may save greater labors, or great sorrow, on some future date.

TO THE VOTERS OF PRECINCT 2

I have tried to see all the voters in my precinct. Some have been on vacation or not at home.

I wish to take this means of soliciting your vote and influence and will appreciate any consideration shown me, and if elected to this office I will do my best to give you a good economical business administration as your County Commissioner.

I am in a position to give all of my time to this important office. I am very conscious of the threat of our agriculture economy by Johnson Grass, Bind weeds and other obnoxious weeds. This will take a long range program with all forces working together to control this menace. I will work at the job.

Mexico's Woman Champion Wins Bull Barn Match

One of the largest crowds in the history of the Bull Barn was present Saturday night to see Mexico's woman champion, Ida Mae Martinez, defeat Mary Jane Mull of Toledo, Ohio, in a two out of three fall, one hour time limit match.

Few male wrestlers could hope to match the speed and efficiency the women showed as they tussled out the 22 minutes they were in the ring.

Mary Jane Mull won the first fall in eight minutes with a body

jackknife off the ropes.

Ida Mae Martinez won the second fall in the same time with a reverse body jackknife and body press off the ropes. Ida Mae then came back to win the third and deciding fall in six minutes with a body press following a drop kick.

The other main event was a two out of three fall one hour time limit match between Bob Geigel of Iowa and Ray Stevens of Ohio.

Hafl fought all the way. Geigel won the first fall in 20 minutes with a top body press.

Stevens won the second fall in just half that time with a cross body press following a series of atomic drops. Stevens also won the third fall when Geigel was disqualified for choking and failure to break a hold.

Although the match was over in the sight of the referee, it continued for about five more minutes after time was called. It took half an hour to get the boys separated and out of the ring.

Mr. and Mrs. Ralph Belcher and sons, Tex and Lloyd, and Clarence Clark of Portales, N. M., were weekend visitors with the E. W. Hopsons. Mrs. Belcher and Mrs. Hopson are cousins.

Mrs. Owen Neel of Dumas is spending the week in the home of her mother Mrs. J. W. Vick.

Baptist Girls Attend Two Day Church Camp

Nineteen girls and three sponsors, members of the Girl's Auxiliary group of the First Baptist Church, left Monday for the Plains Baptist Assembly grounds near Floydada for a two day encampment. Classes in missions, evangelistic work and hand work were conducted with swimming and other recreational activities also included.

Sponsors attending the camp included Mesdames Travis Hendrick, Wiman and Warren Owen.

Girls in the group were: June and Kay Owen, Mary Ray Downey, Armatillo, Frances Goldston, Joyman, Norma Jean Warrick, Annes Caddell of Phillips, Betty Pad, Glenda Renfro, Lois Christin, Cheri Baker of Amarillo, Ju-Kay Coffin, Nona Marie and Ma Lee Strange, Carol Sneed, Belle Short, Jeannette Rayburn, Edna Hair, Glenna Faye Gandy, Marilyn Martin.

TO THE VOTERS OF PRECINCT 2

Since I announced for Commissioner of Precinct 2, I have tried to visit all of the voters in the precinct. I am sure, however, that I have missed some of you who were away when I called or who have been out of town.

I want to solicit your consideration and to tell you that I will do my best to do the job like you want it done in case you see fit to elect me to the office.

I also want to say "Thank You" to every one in the precinct. Folks have been unusually nice to me while I made the rounds --and I do appreciate your consideration and courtesy.

Cheddar Cheese Gives Special Dash To Potatoes

Mrs. Eugene Naugle enjoys trying out new ideas to add variety to meals, and the housewife who usually thinks of Irish potatoes as either being creamed, baked, fried or boiled will like her recipe for dressing them up a bit for company, especially for serving with baked ham.

The recipe is original with Mrs. Naugle and is one that can be prepared well in advance of the meal and kept in the refrigerator until a few minutes before it is to be put into the oven, if time is a factor.

Potato Cheese Balls

Mrs. Naugle prepares the potatoes as for regular creamed potatoes. She prefers to cook them in the pressure cooker as it not only saves time but she thinks this method of cooking improves the flavor.

After the potatoes are creamed a stiffly beaten egg white is folded into them. Then dip hands into cold water and shape a part of the mixture into a mound, making a hole in the middle to hold a ball of shredded medium sharp cheddar cheese about the size of a walnut. The cheese may be prepared in advance.

Finish molding into round ball and put on greased baking sheet. Continue until potatoes are all used allowing one large sized mound for each serving. Cross two narrow strips of cheese across the top and set in a 400 degree oven to brown. Serve hot.

If the potatoes have been stored in refrigerator take out early enough to reach room temperature before putting into oven or the center will not be warm enough to melt the cheese inside.

Another recipe Mrs. Naugle has graciously passed on to others, who nearly always have a request to pass it on again, is a quick casserole using tuna fish. The recipe originally came from Mrs. Douglas Meador of Matador, and is well liked by people who ordinarily do not care for tuna.

Tuna Casserole

1 flat can tuna
1 can mushroom soup (thinned with one half can water or milk)
1 15-cent package Fritos
Mix all ingredients and pour into casserole and brown in medium hot oven. May be topped with cracker crumbs if desired.

Market May Have More Vegetables To Offer Friday

The H. D. Market and Gift Shop reported another successful day last Friday and the market which will be open again this Friday at the Milk Jug from 10 o'clock until 6 o'clock, hopes to be able to offer more vegetables as gardens begin to produce a surplus.

Most of the items offered for sale are on display but some vegetables and frozen foods, such as cookie dough, are kept refrigerated and anyone interested in these should feel free to make inquiry about the things they wish to buy.

Mrs. Louie Olson and Mrs. Bonnie Brumley can answer questions if members of the committee in charge are busy with other customers.

Gardens are looking pretty good even with the weather as hot as it is. However, there are a lot of insects and it will probably pay you to spend some time and money on their control. The bug killers that are supposed to kill all insects will probably be sufficient, but if not you should get a leaflet from the office that shows pictures of the insects and what to do for them.

Tomato plants that are dying should be examined closely. If there are insects DDT will be all right, but there are other insecticides that are very effective. If there's no apparent reason it may be wilt or virus — both of which cannot be treated. Know the variety you plant and be sure it is wilt resistant. Our local dealers are good about getting the proper variety of tomatoes.

There are several good bulletins at the office. Call or write and you will be sent one.

The virus might be controlled if the plants have been dusted regularly with DDT. The virus is brought to the plants by aphids, and the aphids can be controlled with DDT. However, after the disease appears there is not much hope of control.

Spray plum and peach tree trunks now to prevent tree borer damage. Get a spray that contains dieldrin, parathion or Lindane. There are sprays of various trade names so read the label. The dirt (Continued on Page 2)

Farmer Gets Caught In Squeeze On Allotments

(An example of a farmer trying to make a living tangled up in some government regulations, was carried on the front page of the Amarillo Daily News last Friday and for those who missed it in the Amarillo paper we are repeating Mr. Embry's letter to the Editor in full along with the Editor's comment.—Farm Editor)

(In Washington, Congress continues to argue the technicalities of a farm program. Fixed supports versus flexible supports, allotments acreage controls and quotas! Almost forgotten is the farmer himself. But along comes a farmer such as Mr. Embry, who wrote this letter-to-the-editor. He's faced with the day-to-day problems of earning a living under the burden of mounting agricultural red tape. He is articulate to the point where he can speak for all farmers. He deserves a good hearing.—THE EDITOR.)

Dear Editor:
I am writing to you concerning our farm program. I know you don't make the laws but I would like for you to let the people know just what kind of a mess we have.

I do not like government supports or controls at all. I've voted against them because they won't solve the problems. However, I am forced to comply because I have to live. No farmer can raise a crop and pay a penalty to sell it.

Here is my problem: Last December I bought a farm. This farm had no cotton base because it wasn't a cotton farm. I could not get a new allotment because I was renting a farm that had 14 acres of cotton. This I took, however, there are farmers who got cotton under the same conditions. I don't know how.

This farm had a 26-acre wheat allotment on it but I got here too late to sow it and it has been too dry to sow it anyway. I could have lied about it and said I sowed it, but I don't like to lie to make a living. Now they are taking it away from me. This wouldn't be so bad but we haven't had enough rain to plant a row crop so I planned to summer till my acreage for wheat but now they tell me I have no base. I know 26 acres isn't much but it's the principle of the thing.

Now that the government won't let me plant cotton or wheat and it's too late for row crop, where do I come in to earn an honest living? Will they pay my notes

and feed my family?
It's too late to apply for a new grower's allotment. Besides I did not know they would take it away from me. Why did they? Am I not as good as any other American. Don't I have rights any more or have we destroyed our freedom for a few dollars?

I gave my country 3 1/2 years of my life in World War II which I don't regret. I thought I was helping preserve the rights of Americans to make a living for themselves. Now it looks as though my government is out to starve me or something. I haven't taken anything from the government or the G.I. Bill because I didn't think I needed it. But now it makes me wonder if I was right.

Mr. Editor, I have tried hard to be an honest man and make a good citizen but I guess I will have to become a liar to make a living. I don't ask any favors just the right to work and earn what I can. If the government is trying to destroy this trait in men, then may God have mercy on our nation and its people!

It's bad enough to miss a crop due to weather but when our government tries to destroy what we have fought and died for, then I can no longer stand by with my mouth closed hoping that some day it will work out.

I pray for the day to come when men will again take upon themselves the responsibilities of working to make a living and not be a parasite on the government. We are destroying our lands because of high supports and as certain as we destroy that we will destroy our nation. We are mining the water in our irrigated sections to build up sur-

Quilting Club Met Friday Afternoon At IOOF Hall

Loyal Workers Quilting Club met in the IOOF hall Friday afternoon and worked on a quilt for Mrs. Henry Teifel and also on two doll quilts.

The meeting was called to order by Ada Hollabaugh, president, and since there was no business the afternoon was spent in visiting while quilting.

Those present were: Ella Cockrell, Nannie Millard, Ethel Fridley, Verna Sowell, Mary Flowers, Edna Draper, Mary Bradley, Ada Hollabaugh, Allie Fullwood and Lora Long.

pluses that no man needs, in this country. We are making people who barely earn a living pay for these surpluses by higher taxes.

Some day I hope we will wake up before we have completely socialized our farming which is the very roots of our great country. Destroy the farm and destroy the nation.

Grooming Demonstration Given At County-Wide

County Wide 4-H Club met July 10 in the home of Gail Bishop. The meeting was called to order by Nancy Parsons, president. Barbara Jacobs led the group in a song. Roll was called by Ann Rose Dziuk, secretary.

A demonstration on grooming was given by Mrs. Wiseman. Mildred Wester and Barbara Jacobs led some games after the business meeting.

Refreshments were served to Bonita Honea, Mildred Wester, Sandra Wester, Judy Hoff, Dolly Loerwald, Nancy Parsons, Ann Rose Dziuk, Connie Denny, Vicky Urbanczyk, Velma Jean Standrick, Barbara Jacobs, Mrs. Wiseman, and Mrs. Bishop.

Personals

Mr. and Mrs. Oscar Reid and daughter, Mrs. John Pharis of Tucumcari, N. M., were weekend guests in the home of Mr. and Mrs. Victor Elliston.

Betty Grimes and her cousin Wayne Nickie Chatfield returned from Texico Junior Camp at Ceta Glen Sunday.

Miss Merle Elliston of Amarillo was a weekend visitor in the home of Mrs. George Cantrell.

Mrs. Nick Chatfield of Crowell, and daughter Sharon have been in Hereford visiting relatives.

Wayne and Evelyn Elliston and Sharon Loraine Chatfield went to Ceta Glen Canyon Thursday and spent the day at the Texico Junior Camp.

MR. GRAIN PRODUCER

Will You Have Sufficient

STORAGE SPACE

For Your Crops!!!

If you want to sell your grain (particularly grain sorghum) for the highest prices you may need storage space.

The nation has more grain and oil seed crops in storage now than ever before -- Texas storage facilities are full in most areas, so YOU will have to be responsible for finding space for your 1954 crops.

If you can't find commercial storage -- and do not provide your own approved farm storage, you will have to sell the crop at harvest time when prices usually are lowest and lose the benefit of government support prices.

Conditions and price supports vary within the state by county. For instance, the support price on grain sorghum varies from \$2.09 to \$2.62 per 100 lbs.

You can store grain sorghum on your farm without loss of grain or quality if it is:

- * Dry enough
- * Stored in approved structures (1. That are protected from outside moisture, insects, rodents, bugs and other hazards. 2. That have adequate turning or drying equipment.
- * Fumigated and ventilated.

You can contact county agricultural agents and county Agricultural Stabilization Conservation officials for more detailed recommendations on storage methods and requirements.

DON'T SELL SHORT -- Check for available storage space from your local commercial elevator.

If space is not available from normal channels, check on cost and feasibility of providing your own "on-farm" storage.

CONGRESSMAN WALTER ROGERS SAYS:

Adjournment By August 15 Is Best That Congressmen Are Expecting

Congressional goings-on have really warmed up and the pressure is on full steam for an adjournment by July 31. However, many of the observers are predicting August 15 as the earliest, and perhaps Labor Day. It will all depend with what speed the Senate moves in getting some of the highly controversial measures back to the House.

THE INVESTIGATION BUSINESS

Hawkshawing appears to be holding its own as a national pastime. From the looks of the House calendar, it appears that Hawkshaws are going to start investigating each other. I have reference to House Resolution 439, that provides for the appointment of a special committee to the House of Representatives to investigate the campaign expenditures of various candidates of the House of Representatives.

THE HEALTH BILL

I was very much surprised when some of the folks around here were surprised because the so-called Health Bill did not pass the House of Representatives. It was quite questionable before this measure reached the House that it would receive favorable action.

Early in the debate, it was brought out in very clear terms that the bill would not reduce the cost of health insurance to the average citizen, that it would not reduce the cost of medical services to the average citizen, and would not make available health insurance to those who could not now afford it.

In the main, it would have created and provided a direct and indirect subsidy to insurance companies. It is my opinion that if there is any business in the United States that does not need a subsidy, it is the insurance business.

BUYING FROM OR SELLING TO UNCLE SAM

You would be most amused at some of the transactions and proposals that are presented to the Congress. Some are to sell items to the government, and some are to purchase items from the government. The same group may want to buy one item from the government and sell some other item to the government.

Texans In Washington

By Tex Easley

Washington — If Joseph Robin Groninger, 26-year-old Kilgore College student, achieves his ambition to remain in this country he can thank Sen. Daniel and Representative, Texas democrats, and Selective Service among others.

Since then he has endeared himself to the people of Kilgore and his fellow students. Backing him with signed statements are Mayor E. C. Elder, the Rev. Deckert Anderson of the Eastview Baptist Church, President Cruce Stark of Kilgore College, Publisher Charles K. Devall of the Kilgore News Herald and President D. H. Walkup of the Chamber of Commerce.

Groninger was a prisoner in a German slave-labor camp from November, 1944, to February, 1945, when he escaped during an allied air raid.

When he jumped ship in this country he headed inland. He said he was looking for a college town where he could work his way.

"He has done every conceivable odd job in order to attend college," Gentry wrote Daniel on February 8, asking him to press for passage of a special immigration bill by the Senate.

"He is industrious, handsome, alert, and interested in everything and everybody. He has been a fine churchman since he has been in America, being a leader in the Eastview Baptist Church of Kilgore."

"He has addressed numerous service club meetings throughout East Texas. He has been a fine student, even though the language barrier was quite a handicap. He is by all means the most popular student at Kilgore College."

"Now there is one serious obstacle in getting your bill passed. Robin jumped ship. There is a long standing prejudice on the committee here in allowing a bill to be reported out for a ship jumper."

The measure got through the Senate all right, on June 1, but ran aground in the House Judiciary Committee. As far as the policy objection because of the policy regarding ship jumpers.

But after things were beginning to look pretty bleak for Groninger, something happened that may alter the situation: Uncle Sam drafted him into the army.

"That may be the lucky break for him that will turn the trick," said Gentry.

"Some of the House Judiciary Committee members have told me that they are willing to override the policy under such circumstances, where the man involved is serving in the army."

Showing Friday and Saturday at the Star Theatre, starring Miltz Gaynor, Keeffe Brasselle and Jeffrey Hunter.

Shattering the cherished tradition of horse operas, Leonard Goldstein, producer, put youth in the saddle and romance in the script, letting the hero embrace the girl rather than his horse at the end of this picture.

"Three Young Texans" is based on a story by William MacLeod Raine, and deals with cattle rustlers, a train robbery, hard riding poses and the efforts of a gang of Mexican bandits to get away with a \$50,000 payroll.

How Can I?

By Anne Ashley

Q. How can I make a good varnish remover?
A. Dissolve thoroughly one quart of good caustic soda in three quarts of lukewarm water and apply with a coarse sponge. Or, try two parts of spirits of ammonia to one of turpentine; apply with a rag.
Q. How can I remove grease spots from wallpaper?
A. By applying a paste made of calcined magnesias and boiled water; let it dry on the spots, then

scrape off carefully with a sharp knife.

Q. How can I stiffen a straw hat?
A. Clean and dry the hat, then sponge thoroughly with the beaten white of an egg and put on a hat stand to dry.
Q. How can I remove oil that has spilled on a rug?
A. It should be absorbed by covering at once with cornmeal; leave two days then brush well. Or, remove by covering with blotting paper and passing a hot iron over it.
Q. How can I make corn more tender?
A. Keep the husks on corn until just before it is boiled. Or, open the husks far enough to get the silks out, then cook the corn in the husks. The corn will be sweeter and more tender.
Q. How can I ease the sting of insect bites?
A. Moisten some baking soda

and apply to an insect bite, or to a burn. It will give relief.

Q. How can I freshen leather and keep it from cracking?
A. Put in a bottle one cupful vinegar and two cupfuls boiled linseed oil. Cork securely and shake until creamy. Apply sparingly and rub into the leather with a soft cloth.
Q. How can I remove warts from the skin?
A. Wash in water, in which has been dissolved a quantity of washing soda. Let the hands dry without wiping. Repeat this bathing frequently, or until the warts disappear.
Q. How can I get rid of ants?
A. Try smearing the cracks and corners of the infested places with balsam of peru. Sulphur is said to drive away red ants.
Q. How can I keep moths out of a fur coat?
A. Moths will not bother fur if

it is plentifully sprinkled with pepper, or tobacco, which leaves no unpleasant odor and can easily be shaken out before wearing. A few whole cloves will also help.
Q. How can I make a good drink?
A. A delicious drink can be made by combining ginger ale and orange juice. This may also be served as an appetizer in cocktail glasses.

Lepers Get Homes
LAMBARENE, French Gaboon — Dr. Albert Schweitzer, the French philosopher, musician and doctor, is spending the money of his Nobel prize on the reconstruction of his leper colony in Lambarene. There are 250 lepers in the group. They live in grass thatched adobe huts. But two new buildings are under construction and three more are to follow. They have brick and cement foundations with light wooden construction with corrugated iron roofs. Each couple of lepers or isolated leper will

have a room with a shady veranda and a kitchen.
Coffee Millions
ROCKY MOUNT, N. C. — Spero Kounoukis is not satisfied with making three million but is working on his fourth million — cups of coffee, that is.
For the last 41 years, Kounoukis, a restaurant operator, has made about 10 gallons of coffee each day or about 200 cups. He has worn out 14 coffee urns.

Summerfield News

By Ann Lookingbill

The Junior boys baseball team from Frio came over Saturday and played Summerfield Junior boys. The score was 6-4 in favor of Summerfield.

Rev. and Mrs. Don Larkin gathered the young people of the community by truck last Saturday afternoon and took off for Tulia where the regular monthly youth rally was being held. They were entitled to both the attendance and mileage banner. Since a church can only have one, they decided to keep the attendance banner. This makes three successive meetings that they have brought it home with them.

Young Mothers Club met Wednesday in the home of Mrs. J. R. Euler. After a business meeting, a program on vacationing with young children was given by Mrs. Carlyle Sargent. Those present were: Mesdames Delbert Bainum, Kenneth Christie, Melvin Rainey, Mike Elliott, Gerald McCatherin, Reese Dawson, and Carlyle Sargent.

Mrs. Lee Curry, precinct chairman of district No. 9, said there would be a precinct convention Saturday afternoon at 2 o'clock at the Community House. All qualified voters of District No. 9 are asked to be present.

Mr. and Mrs. Earl Blanton of Claude and daughters, and Mrs. Jim Vowells and children of Fort Worth were Sunday visitors in the Lee Curry and Guy Walsler homes.

Mr. and Mrs. M. L. Jackson, Naomi and Eugene of Muleshoe spent Sunday with their son and brother, Lawrence Jackson, and family. Sunday afternoon they attended the girls baseball game between Muleshoe and Hereford at Hereford. The A. E. Jacksons were also with them.

Mrs. Carl Lee entertained her Primary BTU Class Wednesday afternoon with a game party on the lawn.

Rev. and Mrs. Don Larkin were in Amarillo Thursday with their son, Steve, when he had his tonsils removed. They returned home Thursday night. Steve is doing nicely.

Rev. Don Larkin and Johnny Fields took the Royal Ambassadors Group to Floydada Monday to attend the RA Camp for Baptist boys. Those going were Donald and Kenneth Walsler, Charles Wall, Harold and Lenard Green, Jack Lee, Lee DeLozier, Jamie and Kenneth Clearman, Donny Riley, Jerry Don Lance and Ronnie Mack Botkin.

Showsers Welcomed
The farmers welcomed the showsers, which came Sunday afternoon. Although they were very spotted, they will be of benefit to the crops. Different amounts have been reported ranging from 1/2 inch to 1.35 inch.

Mr. and Mrs. Henry Kuper attended a family reunion Sunday in Groom of Mrs. Kuper's family.

The election which has formerly been held in the community house will be held this Saturday in the office building at the Summerfield elevator. All qualified voters are asked to be present at 2 o'clock Saturday afternoon.

Saturday afternoon.

The youth fellowship met at the home of Mr. and Mrs. J. B. Noland Friday night to go on a hay ride. The wagon was pulled with a pair of mules, owned by J. B. Noland and driven by Jack Streun. A large number gathered to spend the evening. After the ride they played games on the lawn and then ate ice cold watermelon.

Fred Lookingbill returned home Saturday-morning from the hospital after spending a week there. He is recovering nicely and says he is getting tired of staying in bed.

Dwight Whitaker is on the sick list and is reported to be very ill.

Litterally Annoying
RICHMOND, Va. (AP)—The Virginian highway department is spending about \$500,000 a year cleaning up the beer cans, bottles, garbage and trash thrown from cars. Citizens are forming anti-litterbugging societies to combat the nuisance.

Timely Tips
1. Cook vegetables in as little water as possible. Cover to prevent loss of vitamins and color. Do not stir. Do not add soda.
2. Peel all vegetables thinly. If possible cook unpeeled to retain vitamins under the skin.
3. Sprinkle fruit slices with lemon juice to retain color.

Shavings Make Lumber
TACOMA, Wash. (AP)—One company has announced plans for the first Pacific Northwest plant to convert wood shavings into wood panels. The 3/4-inch boards have been produced previously in England and Germany.

MANILA—Two Filipino movie stars recently negotiated the surrender of a communist Huk "commander" and 11 of his followers. Nida Blanca and Ted Belarmino met the "commander" by accident last December. Their car stalled on a lonely mountain road in dissident-infested country south-east of Manila.

The rebel leader, a man named Amat, said he wanted to give himself up but only to President Ramon Magsaysay. After a month of negotiations, which included several trips to the mountains, the film stars finally persuaded the dissident leader and his men to give themselves up.

"Won't take me more than a minute, Alice"

"When along came this nasty luck."

Seven cars of steel for the railroad now building into Adrian have arrived and work will begin Monday again. The ties are laid a mile ahead of the steel. Within a week's time the rails will be laid into town.

25 Years Ago
Hereford's own farmers creamery operated by the Farmers' Creamery Association, Inc., which commenced operations on July 15, ships today its first car of "Cream O' Plains" butter direct to Chicago Illinois. This shipment of butter, produced in only two weeks run of the creamery, is extremely gratifying to the farmers and business men of Hereford and surrounding territory who own stock in the enterprise. The volume of production already attained by the creamery, states N. O. Bendickson, manager of the plant, is as great as it was hoped to reach by the end of a six months' period. On last Saturday 97 farmers brought their cream to the plant which on Monday when churned produced 2,700 pounds of butter.

Following a heavy shower Tuesday night that brought nearly half an inch of rain, Hereford and vicinity received another rain Wednesday afternoon and night that added a little more than half an inch to the precipitation for the week. Though the rain started in Wednesday night with a steady downpour that appeared as though it might last all night. It only continued until around midnight. Reports from surrounding territory showed that four miles west of the city the precipitation was very light, but on the east of the city was quite heavy. Farmers who shared in the rain are happy because its arrival was badly needed to save the row crops. Records at the gauge in the First National Bank of Hereford showed that 4 inch of rain fell Tuesday night and .6 inch fell Wednesday night.

Dog Wrecks Car
YAKIMA, Wash. (P) — A 200-pound St. Bernard's dash in front of a car has brought a \$10,428 damage suit against the dog's owners here. A man and wife say the dog caused the wreck in which they were injured. The dog was killed.

Smoking Smokehouse
PULASKI, Va. — It is natural for a smokehouse to smoke, but those who cure meat know that there is a limit. Firemen called by neighbors to the property of Roy L. Bevil put out the fire accidentally started by small boys playing in the building.

River Model Keeps Mistakes Toy Size

Every man is a Paul Bunyon at the Waterways Experiment Station near Vicksburg, Miss., which is celebrating its 25th Anniversary on June 18th.

Established by the Corps of Engineers to study methods of stream control and utilization, the Station uses some river basin models on which a man's step represents a mile and a gallon bucket is the equivalent of more than an ordinary elevated water tank. Days are a little over five minutes long.

When the Corps needs to find out what effect a dam or levee system would have during a great flood, Experiment Station technicians flip the switches and run one through. They can reproduce a flood in an hour or two that they might have to wait a hundred years to see on the real river. Far more important is the fact that they can find out the best methods of flood control where project construction expense is toy-size and flood damages and loss

of lives are purely hypothetical. "There are going to be mistakes in any field of endeavor as complex as flood control. Ours will be mistakes in miniature." Brigadier General Herbert D. Vogel said 25 years ago when he set up the Experiment Station. The present Director, Colonel Carroll H. Dunn, says, "We have discovered mistakes before they happened, and we have extended the store of practical knowledge in several phases of engineering. Model studies are reliable and invaluable on certain types of problems."

The Waterways Experiment Station does a wide variety of experimentation and testing in hydraulics, structures, construction materials and equipment in connection with both the civil and military functions of the Corps of Engineers.

Long Time Ago

45 Years Ago
Considerable talk has been going the rounds that Hereford is to be increased in size by a sudden expansion of her limits. This is not a question of "expansion or non-expansion" but a question of growth. There are those outside who want fire and town-cow protection. The council is to purchase an auto fire engine which in connection with a line of reservoirs and the water system will given ample fire protection to all the proposed city limits. The purchase of this modern auto-ble fire engine will

be far cheaper and serve all purposes better than the extension of the water system. Those who want to secure "town-cow" protection feel that it is "love's labor lost" to put out trees and then have some bovine specimen "rubber neck" all over them and tear them up. The proposed extended limits will take a slice on the "west side," several blocks of the Evans Addition and a big corner out of the Mabry. "Baskin Heights" will come in later.

Spiritually Speaking,
 visibility with you may be zero, the fog too heavy to pierce. To find your way may be extremely difficult. But comrade, you haven't looked up. There is a star in the heavens and a cross in the sky. He is the same God in the mists as He is on the sunny day. Why not visit your church? You have only to raise your head in recognition of God. The fog will roll away... you'll have direction again. He can smite you low or raise you high. But He is your friend. Then look up and you'll find things different.

"Be Not DECEIVED, GOD Is Not MOCKED, for WHATSOEVER a man Soweth, that shall he Reap"

"SEAGOING BAMBI"

JACK WILKINSON, Cedar Lake guide at Algonquin Park in Northern Ontario, not only knows the best speckled trout fishing spots in the big park, but he has a way with animals. Jack has trained one of the scores of deer that live in Algonquin to even ride in a canoe as witness above. Jack says his deer friend actually doesn't use the pillow.

Stop Taking Harsh Drugs for Constipation

Avoid intestinal upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get relief but gentle relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. The extract of Senna in Dr. Caldwell's is one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

Perspiration Odor

To remove the odor of perspiration on the body bathe in a basin of warm water, to which two table-spoonfuls of compound spirits of ammonia have been added. This will leave the skin fresh and clean.

Violet Talcum Powder

Violet talcum powder can be made by mixing 14 ounces of powdered talc, 2 ounces of powderedorris root, 1/2-ounce extract of cassia, 1/4-ounce extract of jasmine.

Corks

Reb the cork of a glue or muck-lage bottle with a little lard and it can be removed without the least difficulty the next time wanted.

Renewing Window Shades

Both matting and window shades can be painted to renew them. The secret success in this work is to apply two or three very thin coats of paint rather than a single heavy one.

The Passing Scene by O. Soglow

Sunburn

When the skin has blistered in a severe case of sunburn, scrape raw potatoes, make a plaster on soft sterilized cloth and apply as a poultice. When it dries, renew it.

Squeaks

The swing or other moving article will stop squeaking if a piece of old leather is hung on the hooks on which the swing suspends.

Face Wrinkles

For wrinkles on the forehead try binding with a linen bandage soaked in equal parts of alcohol and the white of an egg allowing the bandage to remain over night.

White Kid

Mix equal parts of powdered alum and fullers' earth. Dip a flannel cloth into this and rub on the soiled spots. When clean, brush with a clean flannel.

Blood Stains

Soak over night in cold water. Then wash in soap and water, to which is added one teaspoonful of kerosene oil.

Varnished Wall Paper

To clean varnished wall paper melt a bar of yellow soap and pour into a pan of warm water. Apply with a soft whitewash brush.

MAKING COURTESY CODE OF THE ROAD!

Commence at bottom and work upward to avoid streaks. Do not have the brush too wet. Never apply or rub with a cloth.

Peas
When boiling fresh peas, add a sprig of mint to the water and it will greatly improve the flavor.

That Epistolic It
POPULAR BLUFF, Mo. (U)—The Poplar Bluff Daily American Republic has been carrying a series of articles on snoring, principally by husbands. And the women folk have recommended treatment varying from outright shooting of the snorer to separate bedrooms.

But the other day a correspondent said the thing to do was to find the cause and she cited the scientific analysis she credited to her father:
"The psychological periphery of the perimeter requires that the larynx, the glottis and the epiglottis shall have all the commitments of the atmosphere. That causes the nasal protuberances to prevaricate. In that way the whizzlemagigary of the candelabrum has to explode through the hydrostatics of the proboscis, thus producing a snore, a snort or a gurgle."
