Hospital Board Breakfast Panel

Deaf Smith Countians will be climbing out of bed early again Wednesday to attend the monthly Deaf Smith County Chamber of Commerce Community Breakfast.

Board will serve as moderator for the group. Members will explain how the hospital operates, give a resume of the past year and announce future plans.

Bill Davis, president of the

The breakfast, which will begin at 7 a.m., will be another in a series which began last September. City and county officials have already appeared on such panels.

Davis reminded those who plan to attend to phone the Chamber of Commerce office for reservations not later than Tuesday noon so that the hotel can know how many to expect.

Latham To Attend Red Cross Camp

Johnny Latham, chosen for his interest and activities in the high school Junior Red Cross Council during the past year, has been selected as delegate to attend Camp Petit Jean, a summer training camp near Morrilton, Ark.

Johnny will be able to take courses in counseling through the Red Cross, health and safety, water safety, leadership training and others. He and Dorothy Faye Daniel, who went to the camp last year, will use their training during their remaining years at high school to further and better Red Cross work within the school and with the adult Red Cross.

Other trained workers are Betty Buse and David Self, Council members include Carla Sue Crosthwait, Jackie Brown, Bob Ramey, Sue Suggs, Bill Albracht, Verdelle Andrews and Keith Hedges.

Around Town

Number one topic Around Town this week has been horses. One of the chief debates in town is how many of the fine animals were in the parade.

Word was received in Hereford Saturday that Noll, Elston Jr., son of Mr. and Mrs. N. G. Elston, was injured in a car wreck near Littlefield.

The Road Knights of Hereford will hold their annual Motorama Saturday evening through Sunday at Hereford Motor Co. Miss Pat Dawson is their candidate for queen.

All boys between the ages of nine and 15 who are interested in playing softball this summer are invited to meet at Dameron Park Tuesday at 6 p.m. If you haven't yet filled in a permission slip, you can get them at Hale Motors.

Mrs. Eloise T. Johnson, extension specialist in family life education, will be in Hereford Monday night. She will make a talk at the

Pioneer Celebration Is Attended By Hundreds

Hundreds of pioneers, attended the annual Pioneer Day celebration held in Hereford Friday. The men and women who acted out the county's early day history watched the rodeo parade, elected officers, enjoyed a basket lunch on the courthouse lawn and talked over old times.

Mayor Henry Sears welcomed the pioneers, telling them the city was theirs. Members of the Business and Professional Women's Club were in charge of registration and old timers who were here at least 40 years ago were guests of the Deaf Smith County Chamber of Commerce during the day-long celebration at the Jim Hill Hotel ballroom.

Matt Gilliland was elected president of the Mid-Plains Pioneer Association during the morning business session. Re-elected as vice president was E. S. Ireland, and Mrs. Brucie Rose was selected as secretary-treasurer. Named as honorary presidents were Mrs. L. R. Brady and Mrs. Minnie Walker.

OUTSTANDING Home Demonstration woman of the year is Mrs. Earl DeHart of Route 5, Hereford. Mrs. DeHart, a member of the Cultural Club, was selected to receive the honor by judges Saturday. The contest is sponsored by The Brand, and according to Mrs. Argen Draper, county home demonstration agent, is the only one of its kind in the state. The award will be presented Monday.

Pat Ferguson Is Awarded Scouting's Highest Rank

Hereford Scouts added Pat Ferguson to the impressive list of boys who hold the rank of Eagle Scout in this community, when a Court of Honor was held at the Wesley Methodist Church here Thursday night. The occasion also included advancements in rank for several boys and the awarding of an extensive list of merit badges.

The ceremony opened with presentation of colors by Ed Morrison, Jimmie Fowkes, Lisle Patton and Richard Ward. Invocation was given by Rev. R. H. Delancey.

Four second class badges were awarded by Bill Patton, going to Jackie McNeese, troop 50; Richard Ward and Jimmie Fowkes, troop 51; R. A. Wederbrook, troop 52.

Lowell R. Sharp awarded two first class badges, which went to Clint Conaway and to Eddie Skypala, both of troop 52.

The Eagle Scout award to Pat Ferguson, Explorer Post 55, was awarded by Milton Adams, district commissioner.

W. M. Teague, district Scout leader, presented merit badges to the following: George Davis, troop

50, Public Health, Citizenship in the Home and Business, Albert F. Maxwell, troop 50, First Aid, Athletics, Soil and Water Conservation, Business, Cycling, Seamanship, Salesmanship, Safety, Painting and Plumbing; Ed L. Jones Jr., troop 59, Weather, Zoology, Botany, Home Repairs and Cycling.

Edwin Morrison Jr., troop 52, Home Repairs; Richard Ward, troop 52, Home Repairs; Carl Zimmerman, post 55, Citizenship in the Nation, Citizenship in the Community, World Brotherhood, Hiking, First Aid; Pat Ferguson, post 55, Personal Fitness, Cooking, Citizenship in the Nation, Safety; Don Zimmerman, post 55, Personal Fitness, Swimming, Life Saving, Firemanship, Camping; Milton Adams, Public Speaking.

Camp Field Day ribbons were presented by Bert Boerner and Service Stars by Paul Conway; Eddie Skypala, 52; David Green, 50; Glen Nelson, 50; Jimmie Fowkes, 51; Edwin Morrison 51; Richard Ward, 51; Lisle Patton, 51; Billie Krumbine, 52; Clint Conaway, 52.

Opening Night Rodeo Times And Crowd Both Rate Good

A large crowd turned out to see the opening night performance of the Hereford Riders Club's annual RCA rodeo, Friday night, and were awarded with a series of good times turned in by top notch rodeo performers.

Hockley County Sheriff's posse took home top honors in the rodeo parade Friday afternoon. The Hale County Sheriff's posse was rated second best and the Cocker County Sheriff's posse third.

Following are complete results of Friday night action. Listed first is the rider's name, his home town and his time or points:

Hereford's Exchange Student Found New Customs, Friendly People Here

Jean Chapman, exchange student from England who attended high school in Hereford during the past 12 months under sponsorship of the Future Homemakers chapter, will leave around the last of June on a bus trip for points of interest over the United States before arriving in New York, where she will sail for England.

Her plans after arriving home are to return to high school for two more years of math, history and geography.

Miss Chapman says that she found many customs in this country which were unusual to her, including our high school graduation exercises.

"There is nothing like this service in England," Miss Chapman said. "There, certificates are mailed to finishing students, and there

Labor Camp Day Center To Open First Week In June

Day Center at the Labor Camp will be opened the first week in June with a one day a week program. July 1 will find the program on a full time schedule.

Miss Shirley Root, daughter of Rev. and Mrs. Root, will be the over-all director. Miss Root, who receives her degree at T.C.U. this week, will leave Hereford around the sixth of June to attend a training conference, sponsored by the United Council of Church Women, at St. Joseph, Mich. This conference is for the purpose of training persons for migrant work. Miss Root's expenses to and from the conference will be paid by the National Council, however her salary for the months of July, and August will be paid by the local organization.

Mrs. Jimmie Gillentine will act as chairman for the financial committee for the Day Center this year. Mrs. R. P. Conway is treasurer for the organization. Anyone wishing to contribute to this project may do so by contacting either of these ladies or Mrs. Jack Winget who will act as general chairman for the Day Center this summer, a spokesman said.

Better health habits in the home will be stressed in the program for women. Mrs. Ed Cox will assist in this work. Classes for teenage boys and girls will play an important part in the program and the class for small children will be conducted by Mrs. J. R. Fowkes. The Center is planning on using a great many visual aid programs, which are furnished by the State Health Department.

The women of Hereford feel that the Day Center is a most important work as the Labor Camp has

The Day Center had a "very successful program" last year under the direction of Miss Barbara Murry of Chicago, and gained national publicity for Hereford. Rev. S. and he thought the community should be commended for the cooperation which it had given to the project.

Hotel, Summerfield Teams Post Softball League Wins

By BILL KNOX
John Winkler pitched the rejuvenated Hotel Jim Hill crew past Piggly Wiggly's members row 15-4 in the feature "All attraction Thursday night. In the other game Summerfield demolished
unexpected competition but still walked by Coopers 34-25 in a "typical" league game.
Summerfield's victory lofted them into undisputed possession of first, and Hotel's win over Piggly Wiggly put them in a second-place tie with the KC's. Piggly Wiggly's loss, their second against three wins, left them in fourth, a game and a half in front of Rutherford's.
The game started out to be tight and was fast developing into a pitcher's duel, but the big bats of Jim Hill began booming, and shaky fielding in the Piggly Wiggly infield also aided the Hotel. John Renner blasted two homers for Jim Hill, and Raymond Dement accounted for Piggly Wiggly's first run with his solo homer in the fourth inning.
Johnny Winkler gave up only seven hits to Piggly Wiggly, walking seven and striking out two. Morgan was pounded for 12 safe hits, struck out four, and issued five free passes.
Hotel never was behind from the beginning to the end. The Pigs were held scoreless in four innings and never got more than two hits in one frame. A fast double play got Winkler out of a jam in the second, and they displayed alert fielding throughout the contest.
Piggly Wiggly put nothing across in the top of the first, but Jim Hill tallied three to take a very quick lead. Burdine walked to lead off, and after Carroll had sacrificed him to second, Bill Howard singled for the first run. Howard pilfered second, and Stan Barrett scored him with a single. Renner walked, and after reaching third on a combination of passed balls and wild pitches scored on Leroy Suttle's ground out.
Lueb singled to lead off the second for Piggly Wiggly, but Tom Corbett hit into a quick double-play. Pickens got another single, but Taylor Sims grounded out to end the inning.
Hotel failed to make hay in the last half of the inning, yet they didn't lose any ground as they again blanketed Piggly Wiggly in the top of the third; but the ice was broken in the fourth, the Pigs plating a run on Raymond Dement's bases empty homer. Pickens' double was wasted as no more runs were scored.
Jim Hill made it worse in the last of the fourth, however. Eight big runs crossed the plate to completely ice the game and make it essential that Piggly Wiggly score a run in the top of the fifth, which they did—two in fact. After Joe Evans, Hereford, 1895.

"SUICIDE" SIMON GIVES FREE ACT NIGHTLY ON MIDWAY AT LEGION CARNIVAL

"Suicide" Simon is the feature of the Alamo Exposition Shows which will exhibit at the Veterans Memorial Park in Hereford under the auspices of the American Legion all week starting Monday May 30. Each night as a free act on an elevated steel platform on the midway, he crawls in a small wooden box with three sticks of dynamite and explodes them.
"Suicide" Simon, a former high diver has played tag with death for years. Since he developed the dynamite explosion act seven years ago he has shown only at Coney Island and other large eastern parks. "I'm safe," Simon explains, "because my head is only six inches away from the dynamite. At that distance I'm in the center of a vacuum but if I were three feet away I would be blown to bits with the wooden box. The air rushing back into the vacuum bounces me 5 to 10 feet away but by that time most of the danger is past. Once in a while I am tapped by flying pieces of the box."
The first time Simon tried the stunt he used a half stick of dynamite. The blast blew "Suicide" 20 feet in the air and he almost decided to go back to high diving but he discovered that the more dynamite he uses the less shock he gets. Now he works with three sticks and everything happens as calculated usually. Audiences hold their ears during the loud dynamite explosion, but the noise does not bother "Suicide" who has been deaf all his life.
A search for some way to improve his hearing led "Suicide" into the stunt business in 1928. Someone told him that a parachute jump might help his hearing defect. The jump did not improve the hearing but the flirtation with death fascinated "Suicide" and he got a job walking on airplane wings for a circus. He then joined the Alamo Exposition Shows and learned to make 100 foot dives into a small tank of water. To add interest to the act Simon would set fire to his clothes before he jumped and an assistant would light gasoline which had been poured on the water.
After breaking his neck three times; on one occasion lying in the hospital for days in an unconscious condition, he decided to find a less hazardous job and developed the dynamite explosion act, and since then has been working at a salary which he figures is more than \$4500.00 an hour. His dynamite stunt takes only a half minute for the blast to occur.
"Suicide" has just finished a trip of several weeks playing largest parks in South America and his regular engagements in eastern parks starts about July 1st. He knows that no carnival could afford to pay the salary he gets for the dynamite stunt. He says the Alamo Exposition Shows, one of the largest Southwestern carnivals, is where he learned to be a high diver and where he worked for years and the show he left to become an explosion artist. It's his "home" show and he and his wife wanted to visit with their friends so he made a price for six weeks that Mr. Ruback, the owner can pay. You will not see "Suicide" with any other carnival. He says the Alamo is the largest carnival to ever play Hereford.

ARE OUR CARS

By D. C. Kinsey

In a New York junkyard of old cars not so long back, a man with a sharp eye for antique autos found a delapidated hulk that appeared to be of European vintage.
He paid the unsuspecting junk dealer \$350 for it -- and thereby got the world's rarest and most valuable classic car. It was a Bugatti Royale, made around 1927 by a strange feudal sort of auto maker in French Alsace-Lorraine. Every piece of the intricate, 130 mile-an-hour beauty was hand made and to antique car collectors the \$350 junk was priceless. It is to car collectors what a rare stamp is to stamp collectors.
Originally the car cost \$40,000 -- for the engine and chassis, and King Alfonso of Spain, its original owner, paid extra for the coachwork.
This car, in the language of car dealers, was a "clunker." Most dealers run across clunkers now and then, although few ever have the thrill, or the misfortune, to acquire a hidden gem like the Bugatti Royale.
But the "as is" car can be a godsend for the man with a little mechanical knack, or the time and interest to patch and mend. An old car though, is a problem for the car dealer -- he knows that the car is basically sound, but the price it would bring even in top shape isn't worth turning skilled mechanics loose on it.
We often have good "as is" models, older cars that need the do-it-yourself touch of someone with a greasy thumb. Or, quite often, we get a car that can be run for a year or a summer without fixing and then tossed on the scrapheap, offering transportation that's almost cheaper than shoe leather.
We can't offer you a Bugatti Royale (I just ran out and checked) but we've some old timers that can be good transportation.
We also have a good selection of late model used cars, from which to choose. Why not drop by tomorrow... our sales room will be open all day for your shopping convenience.

Paper Plates Make Being Sick Much More Fun

Anyone who has had to entertain a sick child who must spend a week or so in bed will appreciate any new ideas on how to do it. Since mealtimes are more important when a child is confined to bed, try to make them as festive as possible. Gaily colored paper plates and cups will give the tray a festive party air, and in addition will help prevent the spread of infection to the rest of the family. Paper plates also can provide hours of fun to keep the small patient busy and happy. Let her cut out pictures from old magazines and paste them on the plates, which form a frame. The decorated plates can be attached with doll clothespins to a cord strung between the bedposts, alternating with get-well cards. She'll have fun making dolls from large paper drinking cups. The inverted cup can be used for the body of the doll, with a lollypop covered with plain paper stuck through the end for a head. After a face is drawn on the paper, and enclosed yarn is pasted on for hair, a hat can be made from a milk bottle cap, decorated as the young artist sees fit, with flowers, feathers or sequins.

Let's Cook something

Hot Weather Foods
Favorite of Mrs. B. F. Cain
Springtime mood is being re-
d in the kitchen as well as
at parties where crystal swans,
beautiful flowers and satin stream-
ers foretell romantic events just
ahead. Hostesses find themselves
preparing springtime delicacies
that satisfy without last minute
cooking, and yet have an appeal
for both the eye and the taste.
Mrs. B. F. Cain has a nice way
of heating the heat on those hot
days that ate on the way. She
makes a delicious pie with a mer-
ingue crust and a ready mixed
filling which isn't any trouble at
all and has a wonderfully refresh-
ing flavor.
We have had several requests
for this recipe and here it is:
Lemon Meringue Pie
Meringue Pie Shell Beat 2 egg
whites stiff with 1-5 teaspoon of
cream of tartar. Add 1/2 cup sugar

1 teaspoonful at a time, beating
all the white. Butter a nine inch
pie pan generously and cover bot-
tom and sides of pan with the
meringue. Have oven pre-heated
to 450-F degrees, then put pie shell
in oven and immediately cut off
the heat. Let set in oven until
oven is completely cold. (Mrs.
Cain puts it in the oven at night
and lets it remain all night).
Pie Filling:
1 box Lemon Jello Pie Filling
Juice of 1/2 lemon
Sugar to taste
1 cut of butter
Whipped cream
Follow directions on box in pre-
paring filling, adding other ingredi-
ents. Allow to cool and pour cold
filling into cold crust. When set,
top with whipped cream. Do not
place in refrigerator or the crust
will become soggy. Room temper-
ature is just right.
Another way Mrs. Cain uses the
meringue shell is to fill it with
ice cream which has been al-
lowed to thaw out enough to
spread, topping each serving with
a spoon of crushed fruit. Of course
it must be served immediately.
Note—If you have kept the pie
shell a day or so it may be re-
crisped by preheating the oven to
200-F degrees, immediately turn-
ing off the oven and then placing
the crust back in the oven. Let
set until the oven is cool.

Visitors from Falls over the weekend are Mrs. Nellie Wiltshires, Joe Ellis Wheeler, Mrs. Nilda Lominech, Margaret, Dale and Johnny.

Mr. and Mrs. Reuben Knox and family of Lubbock were in town Friday visiting his parents, Mr. and Mrs. Bill Knox. While here he attended his class reunion.

Rev. and Mrs. S. M. Dunnam have been in Lubbock the past week attending the Northwest Texas Conference of the Methodist Church. They also attended graduation exercises at Texas Wesleyan College in Fort Worth where their son Harrel was a member of the 1955 graduating class.

READ THE CLASSIFIED

When Mayor Henry Sears hands out "Keys to the City," he really goes all the way. At least, that's what he did with the old timers here for Pioneer Day Friday. "The town is yours," said Henry. "Do whatever you please—and don't worry about the consequences." He even promised to void all parking tickets for the folks who registered at the big celebration.

"There was a time when most of these old boys and cals would have really given the mayor a run for his money on such a deal, too. Friday they were content mostly with visiting, though, and talking about happenings of years past. Most of them had a swell time—and are looking forward to the 1956 Pioneer Days.

Purr Food's youthful manager, Bill Shore, has been in for a lot of kidding since the big opening this weekend. J. B. Lynn and Weldon Bright, TV and radio comics, were down from Amarillo for the opening—and got to talking about Bill on their program at noon Friday. J. B. mentioned how young; Bill looked, but Weldon interrupted to say: "He's a good manager though, and when he gets out of high school he'll be able to devote full time to the job."

Speaking of radio reminds me that Hereford is losing some good citizens in Mr. and Mrs. Chris Clark, who will be moving to Lubbock in about a week. Chris has been with KPAN and Mrs. Clark has been with Southwestern Public Service. Chris had an offer from KILL in Lubbock the other day and sums it up by saying, "It was too good to turn down."

Here are some more Davy Crockett entries: "Went off to Deaf Smith and served a spell, Fixing up Old Hereford and dug the first well; Planted some 'taters so I heard tell, Went off a telling folks the cattle wuz swell." —Buz Gillentine.

"Davy never heard of the Golden Spread So he went to the Alamo instead; There he died, never having read Of stopping cracks in teeth—with flour in bread." —Mrs. Henry Browning.

"When he left Hereford, his gun at his side He went out huntin' until he died. He died at the Alamo with all the rest Bowie and him were the best." —Johnny Whitesides.

"The Plains would 'a rung with a shout of glee Had Davy 'a spied Deaf Smith County. This is the place to settle, I can see— There's nothing on the horizon to tantalize me. Chorus: Davy, Davy Crockett Looking for a home was he." —Naomi Hopson.

"He came to Texas in the Good Old Days To Deaf Smith County where the Herefords graze; If he lived here now, he'd be raising maize Or else he'd have the vegetable craze. Davy, Davy Crockett! His was a great career." —Dale Minor.

"This next one should prove something or other: It's from my daughter, Sara—and she shouldn't even get a show ticket, but probably will: "The Hereford Bull was famous from east to west Davy came to Texas cause he thought it to test. Finally he headed for the Alamo to get some rest. Davy, Davy Crockett He knew when he was whipped." —Sera Gillentine.

Mr. and Mrs. J. W. Robinson Jr., left Friday for a 12 day vacation in Banff, Canada, as guests of Southland Life Insurance Company. The trip, all expenses paid, was awarded as a result of insurance sales and is the second awarded to J. W. this year. The couple went to New Orleans in February on a similar trip. They also had a trip into Mexico a while back. All in all, it looks as if the life insurance people are trying to steal the Navy Slogan and change it to: "Sell life insurance and see the world." I never tried either one, but I believe I would take the Navy—every time.

Jiggs Hudson says he was in a quandry all day Friday. Somehow or other, they switched opening dates on the swimming pool and notified us to change the free swimming time from Friday to Saturday. We got everything changed except the headline over the article and Jiggs says everyone must have read the headline, then grabbed their bathing suits. Anyway, he is sorry and The Brand is sorry to have caused so many people so much trouble. Next time we will try to change the headline, too. And don't blame

Long Time Ago

45 Years Ago
The college committees reported yesterday at a meeting at the courthouse that \$12,500 had been raised toward an endowment of \$25,000 for Hereford College. The canvass being made is on condition that enough be raised to put the institution on a firm basis. The pledges being taken are for a period of five years, one fifth being payable each year.

The first and second days of June were unusually hot for this section of the Panhandle. On Wednesday the thermometer stood at 101° and everybody thought it "much hot" but on Thursday the mercury took another jump and stuck at 105 degrees as reported by the local observer. The highest for June in 1909 was 98 on the 5th. And during the extreme heat of August in Texas last year, a record of 103 degrees was made at Hereford. This extreme temperature on the Plains may be the result of a warm wave from the Arizona and Mexico deserts as the wind has blown continuously from that direction.

25 Years Ago
Predictions all the way from 300 carloads from the Hereford station to 1,000,000 bushels of wheat for Deaf Smith County are being

Look for some warm weather. It's on the calendar.

made, as continued dry weather prevails, and one banker is quoted as saying there will be more money in the Hereford bank at the end of 60 or 90 days than there was at the same time last year. One local man who has traveled extensively throughout the county within the last several days reports a few fields of wheat that will make from 35 to 40 bushels to the acre, and he asserts that in the short-yield sections the grain is of a high order in quality, even though shortened in quantity.

Following the highway meet a few weeks ago in Erid, Okla., in which it was decided to request the national highway department to extend the No. 60 through Oklahoma, Texas, and New Mexico, and on to California, the Abo Pass Association has been notified that its petition has been granted to as far as Amarillo.

A concerted effort is now on to absorb U. S. Highway No. 636 from

Amarillo through Hereford to Clovis and other points into the extended No. 60, making it a transcontinental highway, having the origin at Virginia Beach, Virginia, and its ultimate destination at Los Angeles.

Engagement of Lotus Root, Jay Ricketts Is Revealed

Nuptial plans for Miss Lotus Root, daughter of Rev. and Mrs. Don Root, and Jay Ricketts, son of Mr. and Mrs. Jim Ricketts, were revealed at a tea given by the bride-elect's mother at their home Friday afternoon.

The couple will exchange vows June 17 at the First Christian Church with the future bride's father reading the ceremony.

Miss Root's chosen colors of pink and white were used throughout the entertaining rooms and an arrangement of pink roses in a crystal bowl centered the refreshment table which was laid with a white organdy cloth over pink. Appointments were in crystal and silver and the names "Lotus and Jay" reflected in silvered letters against a mirror background, revealed the romance.

Assisting in the house party were Mesdames Robert Veigel, S. O. Wilson, Louis Woodford, J. E. Kirby, Virgil Dodson, John Alken, Dale Henson and Misses Dorothy Veigel, Sue Kirby and Wanda Kirby.

The bride-elect was graduated from Hereford High School and at-

Witherspoon To Head USO Drive

J. W. Witherspoon of Hereford has been named as Chairman of District Three on the Texas United Defense Fund, the state-wide group which will sponsor USO's campaign for \$640,000 in Texas this year. This district includes Deaf Smith, Oldham, Randall and Potter counties.

Witherspoon was appointed today by Lawrence R. Hagy of Amarillo who is regional campaign chairman of the forthcoming fund appeal to carry on the familiar services of the USO to the young men and young women of the nation's armed forces. A major portion of the Texas goal, as in 1954, will be included in Community Chest and United Fund campaigns throughout the state this fall.

Guests of Mr. and Mrs. Dean Bishop over the Memorial Day weekend are her parents, Mr. and Mrs. C. W. Sharp, and her sister, Mrs. Miller Hitchcock and children Danna and Jean, of Enid, Okla.

Art Guild's Oil Painting Course Is Completed

The oil painting class of the Hereford Art Guild held its final session at the home of Mrs. DeWard Roberson Friday afternoon. Classes have been conducted by

Prof. Keiselbach, of the art department of WTSC since February and credits may be obtained by the group on the semester's work.

Plans were made for a showing of work done in the classes at a picnic-affair to be held in Dameron Park next Friday evening at 7 o'clock. Paintings done in class work will be hung for inspection

and works of other Guild members will also be shown.

Those attending the Friday afternoon session were Mesdames Lisle Woodford, E. L. McGee, Ray Sutt, Henry Veems, Vivian Major, Jim Higgins, Alice Cox, Earl DeHart, M. C. King, Bess Werner DeWard Roberson, and Prof. Keiselbach.

Gay Malone Is Honored With Shower-Tea

Miss Gay Malone, bride-elect of Gene Lewis of Dimmitt, was honored at a lovely shower-courtesy given in the home of Mrs. Louis Woodford Thursday afternoon. Hostesses were Mesdames Roy Calvert, H. E. Wester, O. J. Remling, Melvin Sumner, Clarence Strange, A. N. McRight, George Jowell, S. B. McAllen, H. B. Stanfield and Louis Woodford.

A May-Pole theme was used for the party with 125 red and white flowers carrying out the bride-elect's chosen colors of coral, green and white. Tea parties carried out the colors with dainty cake squares topped with coral love-knots in sugar spun icing. Mrs. Roy Calvert and Mrs. H. E. Wester presided at the table with Bonnie Axe securing names for the bride's book. Susie Woodford and Phyllis Sumner provided informal piano music during the afternoon's calling hours of 4 to 6.

Mrs. Woodford, the bride-elect, her mother, Mrs. Elise Malone and the future bridegroom's mother, Mrs. Tom Lewis of Dimmitt, made up the receiving line.

MR. AND MRS. WALTER KIRKLAND

NEW OFFICERS of the LaPlata Study Club who will assume duties at the beginning of the fall club season. They are (left) Mrs. Ansel McDowell, recording secretary; Mrs. J. R. Johnson, treasurer; Mrs. W. J. Krumbain, president; Mrs. Milton Adams, vice-president; Mrs. F. L. Alexander, re-

porter; Mrs. Frank Powell, corresponding secretary; Mrs. Dalton Criswell, parliamentarian; Mrs. Lynn Kester, historian; Mrs. A. J. Schroeter, seated at the piano, and Mrs. S. S. Dodson, installant.

Miss Kay Jowell Becomes Bride Of Walter Kirkland

Miss Kay Jowell became the bride of Walter Kirkland, son of Mr. and Mrs. J. D. Kirkland, formerly of Hereford and now of Perryton, in a ceremony read by Rev. Don Root, pastor of the First Christian Church, at 6:30 a.m. Saturday morning May 21 in the home of Mr. and Mrs. Richard Jowell. The bride's parents are Mr. and Mrs. George R. Jowell, 213 Park Ave.

Vows were exchanged as the couple and their attendants stood before the fireplace banked with greenery and flanked by double-candelabra holding wedding tapers. Mantel arrangements were of white gladiol and chrysanthemums. Alice Kirkland and Leldon Womble held the wide satin ribbons that marked the bridal aisle. Barbara Sue Rogers, pianist, played the traditional wedding marches and accompanied Miss Martha Jean Brown who sang "O Promise Me". She also played soft background music while Jo Hall and Louise Wester lighted the candles.

Royda Boyd was the bride's only attendant. She wore a dress of hyacinth blue silk broadcloth made with long fitted bodice and full skirt caught at the back with a bow of the material. Her flowers of pink roses were fastened into a nosegay to match the bride's bouquet. Jon Fraser served the bridegroom as best man.

The bride, who was given in marriage by her father, wore a gown of white lace over silk taffeta, made with long sleeves torso with scooped neck and full-flared ballerina length skirt. She wore a small white matching lace

hat trimmed in rhinestones and pearls. Her only jewelry were matching pearl necklace and earrings. The wedding bouquet was a nosegay of pink rosebuds and white stephanotis showered with white satin streamers.

The bride's mother wore a navy faille with white pique trim, and the bridegroom's mother wore a dress of ivory silk faille with white accessories. Both wore white carnation corsages.

Reception is Held

The house party at the reception which was held in the Richard Jowell home following the ceremony, included Barbara Rogers and Martha Jean Brown who served cake and punch, and Royda Boyd who presided at the bride's book of names.

When the couple left on a short honeymoon trip to points in Colorado and Brownwood-Lake for some water skiing, the bride was wearing a gray and white checked suit featuring white pique trim and white accessories. She wore the pink rosebuds lifted from the wedding bouquet as a corsage.

The bride graduated from Hereford High School with the class of 1955. She was a member of T-H-Y, F.H.A. and Pep Club and served as DeMolay Big Sister the past year.

Mr. Kirkland attended Hereford High School until he moved to Perryton. He was a letter man on the Hereford High School Football Team in 1954. He is associated with his father in the Kirkland Pump Company in Dallas where the couple will make their home.

Byrd-Mauck Wedding Read Recently In Clayton, N. M.

Mr. and Mrs. Frank Byrd have announced the recent marriage of their daughter, Margaret, to Charles Mauck, son of Mr. and Mrs. S. H. Mauck of Welling, Okla.

The wedding took place Saturday April 30, in the First Baptist Church at Clayton, N. M., with the Rev. O. L. McCallum, pastor of the Lincoln Street Baptist Church of Dalhart, officiating. Music was provided by the bride's sister, Mrs. L. W. Phillips of Dalhart.

Bouquet arrangements of spring flowers accented with blue tapers in candelabra, were used at the altar. Mary Lue Payne and Elveyne Turner of Dalhart lighted the tapers.

Linda Joyce Byrd, niece of the bride, and Ralph Turpin served as attendants. Miss Byrd wore a frock of pastel blue taffeta with white accessories and a corsage of white carnations.

The bride chose a navy orlon with white coin dots. She wore a white straw hat with veil and a shoulder corsage of white leathered carnations.

Following the wedding the couple returned to Hereford where her parents entertained in their honor with a small reception.

The couple plan to make their home in Dalhart where he is engaged in farming.

YARD OF THE MONTH

Comfortable Living Is Seen At Slaton Home

The landscaped yard of the home of Mrs. J. P. Slaton, 602 S. 25-Mile Ave., is the Hereford Garden Club's choice for the May Yard of the Month. Selected for its attractive public area, and service and living areas, its variety of materials and beautiful color display at the south side of the house which is created by literally hundreds of scarlet amaryllis and vivid yellow and gold of Ola Kala Iris. The beauty bush, also on the south, with its pastel blend of blossoms catches the eye and the thick carpet of grass ties it all together until passers-by find it impossible to be anywhere near without stopping to get a better view.

The axis of the informal living area at the back is the bird bath with flowers and shrubs arranged to form an ever changing frame from early spring to late fall. Her cutting garden is planted so that there will be blossoms from January to November, and cleverly interspersed among the flowers are her favorite vegetables whose bright colors harmonize with the flowers. Comfortable benches extend an invitation to all who enter for restful relaxation.

Mrs. Slaton's yard was also selected because it shows what the love of gardening can do for the gardener as well as all who see its rewards. Beginning in the ear-

ly 40's, the overall plan has been kept in mind, but changes have had to be made over the years as she would find some plants difficult to grow. Her favorite flower is the rose and she has been disappointed that roses will not grow on her soil. She was among the first to develop the growth of amaryllis outside, and has given great care to their cultivation, and keeps up with new developments through study. Her entries in the club flower shows were nearly always first place winners.

Mrs. Slaton was the first honorary member of the Hereford Garden Club and has taken many courses offered by the state organization. Her co-workers in the Hereford Garden Club say she has been a source of inspiration in her untiring efforts to make Hereford a more beautiful place in which to live. But she is far too civic minded to consider gardening her main hobby, although it is her great love.

When she was asked if she thought all gardeners had green thumbs she replied "No—gardening is a matter of willingness to work." And she heartily recommends growing beautiful flowers and attractive yards to relieve ten-

Mrs. McCullough Gets State Office

Mrs. Ralph McCullough was chosen third vice president when new officers of the Texas Federation of Garden Clubs Inc., were elected at the state meeting held in Corpus Christi recently. This office carries with it the State Civic Beautification chairmanship.

Mrs. McCullough has held many offices in garden clubs, and while living in Amarillo she was Park Chairman of the Amarillo Garden Club, and won the \$500.00 Better Homes and Garden Award. She has recently completed a term as foliage chairman of the Texas Garden Clubs Inc.

She served as president of the Hereford Garden Club in 1942 and again in 1951. She served as treasurer of the Amarillo Garden Club while there and has served as the District 1 treasurer.

Since moving back to Hereford she has landscaped new home premises featuring her much loved hobby of rose growing.

She is a member of the Pioneer Study Club and is an active member of the First Baptist Church.

"BOTANY BAY"

An adventure-filled tale of romance and intrigue on the high seas blossoms forth in Paramount's "Botany Bay," technicolor film which shows Wednesday and Thursday at the Star Theatre. Starring Alan Ladd, James Mason and Patricia Medina with Sir Cedric Hardwicke, "Botany Bay" is one of the most stirring sea dramas ever unfolded on the screen. The action-packed story opens in England's Newgate prison in 1787, where a group of prisoners are informed that their death sentences have been commuted by the king to transportation to the new settlement at Botany Bay, Australia. They begin their 287 day voyage on a convict ship commanded by James Mason, as cruel a nautical figure as has been served up since Captain Bligh. Aboard the ship are Alan Ladd, an American unjustly accused of highway robbery, and Patricia Medina, a beautiful actress victimized by an English lord.

Tower Drive In

The much honored, multiple-award winning true live adventure series which Walt Disney has presented to delight screen audiences achieves a new high standard of entertainment with "The Living Desert," the first feature-length production in this category. Showing at the Tower Drive In on Sunday and Monday, the Disney film reveals some of nature's most closely guarded secrets, and offers a variety of sequences dealing with the drama, humor, and loveliness of the great American desert in color by Technicolor.

Showing Tuesday and Wednesday, is a cartoon carnival that the kids will sure want to see. All of their favorite cartoons will be showing.

PAN AMERICAN ROAD RACE FILM TO BE SHOWN HERE

The first public showing locally of the 1 1/2 hour color sound film of the 1934 Pan-American Road Race is scheduled for the New High School Auditorium Tuesday, June 14th at 8 P.M.

The movie, covering the entire 5-day race, was made by K & W Products, Inc., automotive chemical manufacturer. K & W sent a 9-man crew to Mexico to cover the race from start to finish. Included in the film are starts, finishes, dangerous intermediate points, aerial views and a number of thrilling spins, skids and accidents. Cameras mounted in several of the race cars afford the audience the opportunity of 'riding' in a race car at speeds up to 150 miles per hour.

The 1934 race was run over a distance of 1,908 miles, starting at Tuxtla Gutierrez, near the Guatemala border, and finishing at Ciudad Juarez, across the Rio Grande River from El Paso, Texas. In its fifth running, the race has truly become an international classic, with 154 entries representing 14 countries.

Admission will be free, but due to the limited seating capacity, it will be necessary to have an invitation. These are obtainable from one of the local automobile dealers, garages and service stations who are making this local showing possible. A list of the co-sponsoring dealers will be published June 9th and 12th.

STAMPEDING With the Putter

By BILL KNOX

Crowds haven't been too good for the Hereford Softball League this summer. Likewise for the baseball league. Bad weather, rain and dust (mostly the latter), probably accounts for the poor turnout, but the type of games played had had a lot to do with it. Generally a crowd turns out to see a good game, not a mass slaughter such as frequently occurs here. A crowd likes to see both good hitting and good pitching, but not when both are in the hands of the same team and neither in the possession of the other.

Of course, some very good games have taken place here. Two I think. Summerfield seems to have the right idea. They took a 7-6 thriller from Piggly Wiggly and lost a tough 6-5 decision to Hotel Jim Hill, but two good games out of 12 isn't enough to attract a good crowd.

Usually the annual All-Star Game draws well, but even that backfired last year, not at the gates but in the games. Both were long drawn out and high scoring affairs which doesn't make for the best crowds.

A good sports promotion for Hereford would be Little League Baseball. It has met with unexpected success in other towns and probably would here. It's quite a thing with the boys who play, and it would certainly improve high school athletics. A lot of Phillips'

wide spread success in school athletics can be attributed to their excellent program in the lower grades says L. B. Russell, Hereford coach.

A few old timers will remember, no matter how hard they try to forget, back in 1920 when Hereford played Amarillo. Anyway they were on the field. The score, 103-0, is, as you might not think, a good indication of what the game was like. Joe Elliston, captain of the team, was the only smart one. He didn't play that day. Onias Carroll, the Satchel Page of Hereford, played end that year. And he did a good job from what I've heard. Only favorable report I've heard so far has been from Earl Wood. He didn't go either.

Dance Recital Is Held On May 24

Troy Shields' School of Dance presented their annual spring recital, May 24, at the High School auditorium.

The theme of the recital was "Time Marches On," with a different dance for each month of the year.

Those assisting Mrs. Shields in the production were: student director, Christina Sikes, student assistants, Mary Katharine Huekert and Ann Smith, wardrobe mistresses, Mrs. Joe H. Smith Jr. and Mrs. Forrest Gruener and sound engineer, Ronnie Jones.

Participating in the program were: Sally Jones, Suzy Link, Linda Taylor, John Harper, Becky Elliot, Bob Gruener, DeLynne Bellah, Cindy Jones, Ricky Wilson, Penny Warren, John Gilliland, Carl Stapp, David Grubbs, Van Smith, Jo Shields, Jo Hubbard, Christina Sikes, Ann Smith, Mary K. Huekert, Carolyn Kirby, Donna Caskey, Carolyn Upshaw, Barbara Clements, Susan Stupp, Sally Jones, Linda Clark, Candy Akin, Jane Messick, Huella Taylor, Jean Robinson, Katie Upshaw, Barbara Langley, Cindy Gruener, Carol Sanders, Linda Scott and Meredith Hooper.

Neldean Flowers, daughter of Mr. and Mrs. A. C. Flowers of Hereford, arrived home from West Texas State Teachers College in Canyon, for the summer, Thursday, May 26.

Pat Hardwick is coming home from Roswell, N. M., to spend the summer with her parents, Mr. and Mrs. Wm. F. Hardwick of Hereford.

Q. Please suggest a good method for shampooing the hair.

A. First brush thoroughly to loosen dirt and any dandruff. Then wet the hair, unless directions specify otherwise. Apply shampoo, and be sure to reach every part of the scalp. Use a little brush to rub suds around the hair line, behind the ears, or wherever dandruff might be prevalent. Rinse, and then suds hair again, after which rinse very thoroughly, preferably under a shower or strong spray. Rub with towels, brush with a scrupulously clean brush, and dry.

Hereford Trounces Olton 17-10 In Wednesday Game

By BILL KNOX

Even if Olton did encounter a major player shortage, it is to deny anybody the promised evening of baseball, the Hereford semi-pros solved that problem quickly and went on to trounce Olton 17-10 here Wednesday night.

Due to the belief that weather conditions were bad here also since the wind and dust were creating a fury at Olton, only six players turned up to play the contest, a Central Plains League game. But Hereford promptly and good-neighorly furnished the needed three players, and the game was played as an official league game.

In one respect, the game might be a paradise for McCarthy Legionists. Don McNeese, one of the Hereford players lending his talents to Olton, dropped two fly balls, but the result of these two errors did not influence the game in any way. The other two players playing for Olton were Bobby Clark and Lynn Bybee, and both did a commendable job in the field.

The game was not what you might call a "pitcher's duel" in the sense of the word, but if you wish to be original, a new angle to the term might fit. It was a "pitcher's duel" in the sense that each pitcher had a contest to see which one walked the most. At

any rate it appeared that way. It looked more like a "walkathon" than a baseball game.

It never was a "game," the term used somewhat loosely, but back to the "walkathon," it was close all the way. It finally wound up a tie, each team walking 12 men.

Probably the most interesting point of the "game" was Olton's last pitcher, Fred Roberson. Roberson showed Hereford hitters something they hadn't seen thus far this year. His curve was fantastic. Just before the ball got to the batter it debated which way to curve, zig-zagging back and forth. Then it decided to drop, and when you swung at it the ball hit the plate.

But don't let that fool you. Hereford is undefeated in "walkathons" this year.

Lacing Shoes

There will be fewer accidents if, when lacing children's shoes, upon reaching the top eyelet the shoes are laced from the outside in instead of from the inside out. The ends should be tied and tucked well down inside the shoes.

Care of Ferns

A fern should not be moved from place to place, and should not be kept in very strong sunlight. Do not water it every day, but soak it thoroughly every third day.

New Tinware

To prevent rust, rub the new tinware with a good coating of lard and then heat in the oven.

Tomato Skins

Rubbing the back edge of a silver knife over the ripe tomato is an effective way of removing the skin. The method of heating a ripe tomato to remove the skin generally leaves it too soft.

Painted Walls

If the nails that are used for hanging kitchen towels are painted with white enamel the tapes will not become discolored with rust.

Polish

Linseed oil rubbed into clean linoleum makes an excellent polish. The floor will not be slippery.

Cleaning the Hair Brush

Put a small amount of household ammonia in warm water and dip the brush in this solution several times, back of brush upwards. Do not rinse it. Lay the brush on its back to dry.

The Umbrella

If the hinges of the umbrella are oiled occasionally they will not rust nor break.

Here's what the Nelsons say:

"When we remodeled our kitchen, one of the first things on the list was a new water heater. We were tired of running short of hot water and we felt we could remedy our trouble with an electric water heater. Also, with an electric water heater, we could use the top as extra counter space next to our new electric range. So, of course! . . . it had to be electric. We saw a Reddy Kilowatt dealer and he helped us select just what we would need. We have never had as much hot water nor water as hot, with no fumes, fuss, muss, or bother."

Junior Softball Meeting To Be Held Here Saturday

Plans are now being completed for the Jaycee sponsored Junior Softball League according to Gerald Hale, president.

The program is open to all boys between the ages of nine through 15 and is planned to take up where the school Physical Education stops when school is out.

"It is our aim to have as many boys as possible participate, and if necessary we will have more teams than the six now planned," stated Hale. The only equipment needed will be some kind of shoes, preferably tennis shoes, and a glove. No spikes will be allowed, and the kind of glove is strictly up to the boy. Jerseys, caps and all other equipment will be furnished to the boys.

All games and practices will be under adult supervision, thus eliminating any chance of injury.

WORK ON 25 MILE AVENUE -- You can call C. W. Gresham, left, and Carl Stafford the upper men and Arthur Stafford, pictured in inset, the lower man in this operation. Gresham and Carl Stafford are busy on top of the ground preparing and lowering cement and bricks to Arthur Stafford, who is in the hole Gresham is standing over. Actually the hole is a lot deeper than it looks and is far over Stafford's head. (Staff Photos)

Games and practices will probably be around 6 or 6:30 in the afternoon. Players will be expected to attend and support their team when games and practices are called.

All boys interested are urged to meet at Dameron Park 10 o'clock Saturday morning. All boys who play must have the application blank signed by their parents. They can be secured from Gerald Hale at Hale Motors.

Q. How can I soften hard water?
A. Hard water can be softened with washing soda. Borax is also good.

Q. How can I keep the green color in peas?
A. Green peas will retain their own perfect color when done if a little bit of soda is added to the water in which they are cooked.

KC's Nose Out Tie In Softball League

The Knights of Columbus jumped into a first-place tie with Summerfield ball league with Summerfield, by unseating the once high riding Hotel Jim Hill crew in a short five-inning contest Tuesday night. Summerfield mauled the Popular Store 22-0 in the other game.

The KC's took advantage of one of the Hotel's very ineffectual nights. David Miles, Jim Hill pitcher, was hit heavily, being clouted for 15 safe blows. Kenneth Walterscheid gave up only three singles for the Knights, one of his better performances.

The game started off to be very close and was a tight pitcher's duel until the KC's exploded in the third inning. However, a tight Jim Hill infield prevented the Knights from fattening their run-total even more. A fielding lapse by the Hotel outfielders probably contributed more to their cause than anything else.

Three batters were very quickly disposed of in the first for the Hotel, the KC's, having little more success in their half of the inning. Terry Peters, the lead-off hitter, walked, but the next two hitters flied out, and he was thrown out trying to tag on a fly ball to left field.

Walterscheid struck out two men as the Jim Hill crew once again went down in order in the second frame, but the Knights came up with a somewhat mild threat, still being unable to score a run. The first batter was retired, but Tony Urbanczyk grounded a double to centerfield. Bill Stengel flied to

Larry Walterscheid. Jim Hill was retired with ease in the top of the fifth, ending the game.

The KC victory was their third of the season against only one loss. Summerfield, who is now tied with the Knights for first place, also won their third game of the season, annihilating the hapless Popular Store team 22-0. Their only loss is a 6-5 decision to Hotel Jim Hill.

The second game was never in reasonable doubt. Summerfield never letting up with a constant barrage of base runners, rallies, and safe blows. It was the Popular Store's third loss. They have yet to win.

A. Pour a few drops of cologne over a piece of gauze and pat the face lightly with it. A bath of tepid water, without soap, followed by a dash of cold water helps call the color back to the face.

Q. What is a good way to brush the hair when one has a dry scalp?

A. Separate the hair into sections, brushing one section at a time thoroughly. Use a stiff-bristled brush, rubbing through the hair with stiff, firm strokes that permit the bristles actually to touch the scalp. This increases the blood circulation in the scalp and encourages the oil glands to function properly.

Q. What is a beauty mask that will also bleach?

A. Add the juice of a lemon and enough powdered oatmeal to the beaten white of an egg to make a

paste. Apply in the usual manner.

Q. What is the best type of rouge for a dry or normal skin?

A. Cream rouge, exactly the same shade as your lipstick. Incidentally, your lipstick makes a perfect rouge for your cheeks.

Q. My eyebrows almost meet. How should I pluck them?

A. If one's eyebrows are too close together, one has a frowning expressing. Pluck the hairs over the nose first, and then carefully, hair by hair, pluck until the

eyebrows begin over the ideal spot—just over the inner corners of the eyes.

Q. How can I exercise to reduce the hips and upper thighs?

A. Kneel down, resting weight on hands and knees. Raise right knee, straighten leg in midair and raise it up above hip joint as far as possible—then slowly lower leg to floor; bend knee and return to starting position. Repeat with each leg at least 10 times.

GHOST TOWN COMEBACK

RICO, Colo. —This town, whose gold and silver mining history began in 1869 and faded in the early 1900s, is staging a comeback. Sulphuric acid, an important ingredient in processing uranium ore soon will be produced at the rate of 150 tons a day in a plant being constructed here.

Uranium mills within a 100-mile radius of Rico now depend on supplies from Utah. Most of the workers in the town's 400 population help mine iron pyrite from which the sulphuric acid is made.

Farming Achieves

(Continued from Page 4)

the farmer is far, far ahead of his previous station. He has traded in his old, beat up car for a new 1955 model; he has electric lights, T-V and dial telephones in his home. What's more, when all is said and done, he is the fellow who pays the big income taxes in the area, because he is the fellow who is financially doing well.

People who frown on farming as a profession generally come out of past generations. What's more, they have a lot to learn about modern agriculture, as dozens of

Deaf Smith County youths can point out. Farming is a great profession. Successful farming is actually the backbone of America for, therein, lies the greatest difference between the United States and most of the less fortunate countries scattered around the world.

It is gratifying, indeed, to see the farmer take his rightful place along side the manufacturer, the professional and business man. Furthermore, present indications are that the shift will continue with even greater emphasis on the farmer in the years to follow.

What's This

—By Chris

Well folks, this will be my last weekly column for a while, but you keep looking for me, I'll still be around when some juicy tid-bit happens along. This is only a temporary change of plans.
Did you know we have a teenage ring of racketeers in Hereford? We do! Carolyn, Morris, Jack, and Ronald know all about it. They're pretty slick operators too. It's more or less a chain reaction deal I guess you might say.
Glen and Allan have really rigged western man! You wouldn't know them, all spruced out in those get-ups. It seems that some crazy mixed up characters, namely, Glen, Allan, Louis, Ronald, Jack, and Edwin, took a little trip to Friona, Dimmitt, Black, Bovina, and Vega, to advertise for pioneer day. That was right nice of them wasn't it? Of course, they were uh—looking out for their own interests at the same time. You know?
Well, Walter and Kay finally tied the knot. We knew they'd do it all the time didn't we? Gay and Gene committed themselves, and for one, really wish them happiness and the best of everything. They will be making their home in Dimmitt, so maybe she'll be back once in a while. By the way, for those of you who don't already know, Kay and Walter are living in Dumas. Take some advice from one isn't it?
Do you know what advice is? I'll give you my definition. Advice is that abominable little irritation which fat and self-satisfied business officials give so freely to lesser people, who don't take it, and who, if they do, more than likely, wish they hadn't. Do you follow me?
Rumor had it that Martha Jean was planning to spend the summer at Drowsy Water Ranch with the

Malones, but she stayed here and Emmett went instead. It's pretty obvious that the third finger of her left hand was the reason. What about that?
Isn't it nice to see all the old faces again? Nearly everyone is home from college for the summer now, and they certainly look well. You'll be hearing more from me, so don't go-away. Just look for me around the corner—and if you've done something scandalous, look out!
Buttons
If button molds are to be covered with silk, cover them first with wool or soft flannel and then with the silk. They will look much better.
Pies
After taking a pie from the oven, place it on a high wire rack to cool, instead of a flat surface such as the table. It will help make the crust crisp, preventing it from becoming soggy. An inverted wire dish drainer will serve this purpose.
Tea Towels
Add a little ammonia to the water when washing tea towels. Cooking odors will be removed and the ammonia will help loosen the dirt.
