Around Town

Laden skies, humid atmosphere and occasional flurries of snow, although they produced no moisture, kept residents of this area in good spirits and filled with hope during the past few days.

Meanwhile, the search for rent houses continued as people, some new and some old residents, flocked into various centers looking for places to live. The demand still centered on five and six room houses.

A contract was let this week for remodeling of the Little Fashion Shop. Plans include a new, zig-zag front which will be strictly modern. Mrs. Arthur Thompson, manager, says she hopes workmen get underway while she is gone to markets next week.

Both Hereford banks reported that they will remain closed Wednesday, Jan. 19—on account of Robert E. Lee's birthday.

Of interest to Garden Beautiful Club members will be a change of meeting place on the Jan. 21 meeting which will be at the home of Mrs. E. E. Harrison instead of Mrs. Joe Reinauer, as previously announced.

Mrs. Norman Moore, 209 Avenue C, makes an unusual offer as follows: "The ones who helped themselves to a pink and white bird (Flamingo) statue from my yard at 209 Ave. C, may have the mate if they will come to see me. One statue isn't very decorative for either of us. Or, if anyone knowing the whereabouts of the 'removed' statue will return same there will be a reward."

Local officers report a rash of juvenile cases this week: eight in all. Four were apprehended here on theft and runaway charges. (Continued on Page 2)

Cantrell Funeral Rites Here Today

Funeral services for R. M. Cantrell, 72, are scheduled to be conducted from the chapel in Gilliland Funeral home at 3 o'clock this afternoon, Sunday, Jan. 16. G. L. LaGrone will be in charge of the services.

Mr. Cantrell died at his home, 310 Avenue K, following a long illness. He was born Jan. 1, 1883, in Montague County, Texas, and married Lula Proctor on Jan. 2, 1907, in Decatur, Texas. The couple later moved to Miami, then to Tulsa, and in 1930, moved to Deaf Smith County where they have since made their home.

Mr. Cantrell, a farmer by profession, was a member of the Seventh Day Adventist Church, and is widely known over this community.

He is survived by his wife; one son, George Cantrell of Hereford; a brother, Otis Cantrell of Sunset; two sisters, Mrs. Mattie Nichlis of Bowie, and Mrs. Jane Pedden of Tuttle, Okla.

Interment will be made in West Park Cemetery.

Naugles Injured Friday Night In Highway Accident

Rev. and Mrs. Eugene Naugle, 126 Avenue E, were hospitalized in Lockney, Texas, Friday night as the result of an accident which occurred near Lockney between 7:30 and 1:00 o'clock.

Mrs. Naugle appeared most severely injured with both arms broken, along with lacerations and bruises. Rev. Naugle was reported to have broken ribs and several lacerations on his forehead. Physicians planned to make X-rays of the couple Saturday and indicated that if no additional injuries showed up that the Naugles might be able to return to Hereford in five or six days.

Rev. Naugle, pastor of the Wesley Methodist Church, was returning to Hereford from Dallas when the accident occurred at a road intersection near Lockney. The Naugles had been in Dallas the past week attending a Methodist gathering. They are both in the Crumm Clinic at Lockney.

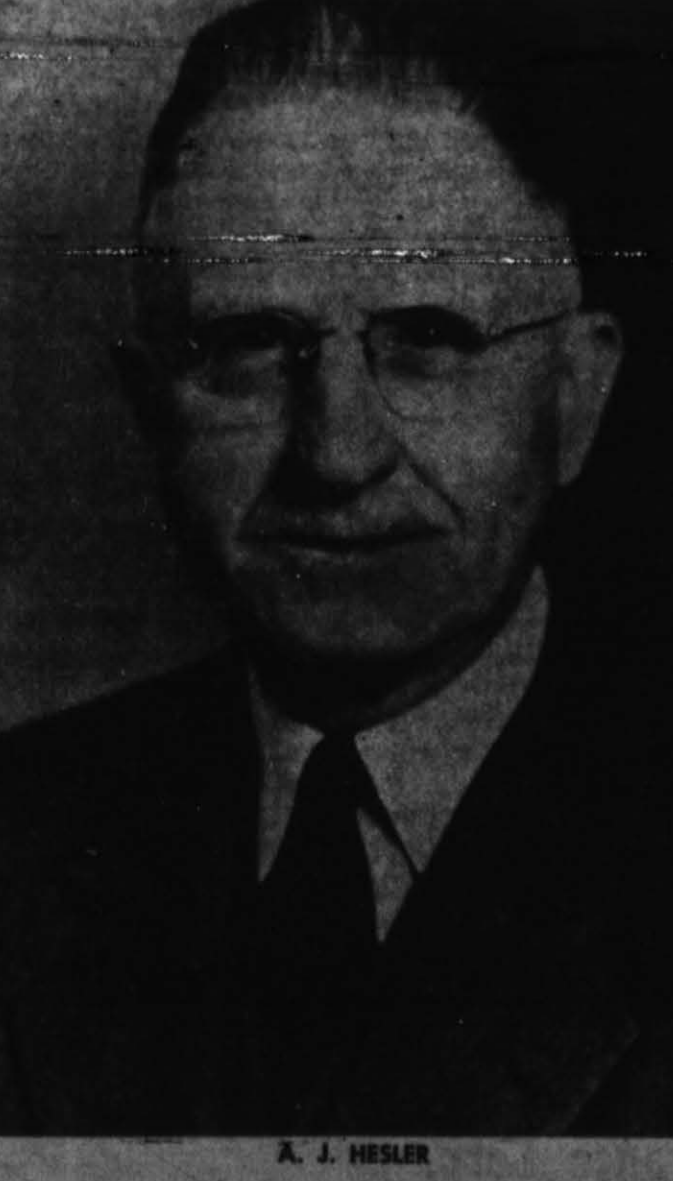

BLANK SPOTS in the above sign are a challenge to the community, according to Rotarians, who have the job of getting five of the big signs filled in with dimes during the current March of Dimes drive. Above are some of the committee leaders, Earl Phillips, Lynn Kester, Bill Davis, Jr., Francis Hardwick, and Frank Bezner. They plan to place the signs at both banks, the theatre and two other places yet to be designated. (Staff Photo)

World Traveler Will Review Life In India At Meeting Here Today

A. J. Hesler, who will appear this afternoon in the old high school auditorium, has served one year as the first Overseas Director for World Neighbors, Inc. In his capacity as Overseas Director, Hesler completed last year (1954) a five-month world tour of World Neighbors overseas projects. He is now making an extended tour through the Southwestern United States giving lectures, using colored slides and pictures to show the work of World Neighbors abroad.

Hesler has had a wealth of agricultural extension service and foreign traveling. He was the agricultural agent for the state of Indiana for the past 2 years. He is a graduate of Colorado College; has been a teacher of Vocational Agriculture; was the Director of 4-H Club activities in Fountain County, Ind.; and is a former Farmers Institute speaker for Purdue University. In his past active professional life he has been instrumental in organizing the following groups: county-wide 4-H Club programs, county-wide vocational agricultural work, county home economics projects, county-wide hobby clubs, and a soil conservation district. Hesler has sponsored Guernsey calf clubs, rural electrification programs, and farmers organization projects.

During the years of 1947 and 1953, Hesler traveled around the world observing extension projects, and agricultural needs in Lebanon, France, Egypt, Turkey, Greece, Italy, Austria, Germany, England, Japan, the Philippines, Hong Kong, Malaya, Thailand, Ceylon, India, Pakistan, and Iraq.

Sam Nelson Named Elevator Manager At Hale Center

Mr. and Mrs. Sam Nelson and family left Saturday morning for Hale Center where Mr. Nelson has accepted the position of manager of the Hale Center wheat growers association, a 675,000-bushel elevator.

Mr. Nelson resigned his position with Fraser Milling Company here a few weeks ago in order to accept the new post, and will assume his duties in Hale Center Monday, Jan. 17.

Mrs. Brumley To Head Camp Fire

Mrs. Homer Brumley was named president of the Camp Fire Leaders council at a meeting held Friday morning.

Other officers elected were Mrs. J. T. Gilbreath Jr., vice president; Mrs. Walter London, secretary-treasurer and Mrs. Jim Roberts, reporter. Mrs. W. J. Gilliland was selected as chairman to handle concessions at the Bull Barn during the annual Jr. Livestock Show in February. The group also discussed plans for the Camp Fire candy sale, Feb. 1-14.

Leaders attending the meeting were Mrs. A. B. Higgins, Mrs. Jim Loving, Mrs. Jim Roberts, Mrs. Dick Barnard, Mrs. J. M. Gillentine, Mrs. Homer Brumley, Mrs. Clinton Jackson, Mrs. Louis Woodford, Mrs. Walter London and Mrs. V. C. Hopson.

DAMAGES \$525 — NO INJURIES

Two Highway Accidents Involve Former Judge, Local School Bus

Two highway accidents occurred this week from making "U-Turns," according to Patrolman J. R. Kirkwood. One of the accidents left Judge Horace Schloss looking at things from "the other side of the bench," while the other involved a Hereford School bus loaded with children. No injuries occurred in either accident, both of which happened Thursday.

The first accident involved Schloss, who served as county judge until Jan. 1, and Herbert Schmidt. It occurred around 8:50 Thursday morning approximately 1/2 of a mile south on Highway 51, when Kirkwood said that Judge Schloss was making a "U-turn."

His car was struck by the Schmidt pickup. Damage to the Schloss car was estimated at \$300, along with \$100 damage to the pickup.

Judge Schloss was charged with making an improper turn and will appear in J-P Court.

School Bus Damaged

The second accident occurred at 2:10 o'clock on the country road

Miller Surprised At Conditions On Mississippi River

Philip Miller says the drought is bad, but this is not the only place.

He made a trip into Missouri a few months back and said that the Mississippi River was so low that they have blasted holes along the route in order for barges to travel—and that the barges still got stuck. One ferry point carries only 12 cars instead of the customary 24, according to Mr. Miller, who said that a capacity load would ground the boats.

He said that Missouri rainfall was around 30 inches below the average normal of 70 inches.

County Records Show 286 Births Here Past Year

Hereford's substantial growth in 1954 must be attributed to newcomers, rather than to "new arrivals." A careful check of birth records in the County Clerk's office this week disclosed a total of 286 births in 1954 as compared with 285 in 1953—a gain of one during the past year.

The child that made all of the difference was Jay Andrew Taylor, son of Mr. and Mrs. Stephen York Taylor, born Dec. 31.

When it came to the months in which babies chose to arrive in 1954, October was by far the most popular. The average was fairly steady throughout the year, however: January, 27 births; February 14; March, 18; April, 29; May, 23; June, 24; July, 25; August, 32; September, 25; October, 33; November, 21; and December, 15.

List For December

The births for the month of December were: Alan Eugene Cornelius, son of Mr. and Mrs. Guy Taylor Cornelius Jr., born 12-1; Anthony Quinn Ohlig, son of Mr. and Mrs. Leo Joseph Ohlig, born 12-1; Nancy Jo Metcalf, daughter of Mr. and Mrs. Donald Ray Metcalf, born 12-2; Cheryl Maxie Sisco, daughter of Mr. and Mrs. Jesse Maxie Sisco, born 12-7; Jani Ruth Duggan, daughter of Mr. and Mrs. Edgar Sim Duggan, born 12-10; David Wiggins, son of Mr. and Mrs. Chester Wiggins, born 12-10; Ricky Frank Williams, son of Mr. and Mrs. John Viola Williams, born 12-13; LaNita Ann Herr daughter of Mr. and Mrs. Raymond John Herr, born 12-23; Carolyn Earnest, daughter of Mr. and Mrs. Earnest Lee Langley Jr., born 12-24; Catarina DeLaRosa Reyna, daughter of Mr. and Mrs. Alex Ortiz Reyna, born 12-27; Baby Alaniz, born to Mr. and Mrs. Albert G. Alaniz, 12-27; Julian Bargas Juarez, daughter of Mr. and Mrs. Eleo Juarez, born 12-27; Jennie Lee Hickox, daughter of Mr. and Mrs. Robert Lee Hickox, born 12-30; John Benjamin Owen, son of Mr. and Mrs. John David Owen, born 12-31; and Jay Andrew Taylor, son of Mr. and Mrs. Stephen York Taylor, born 12-31.

The girls held the stick over the boys with the birth of nine compared to the birth of six boys. The month which included the highest number of births all year in 1954 was that of October.

Water Meters Set City Population Figure At 7,131

Taking City water meters as a yardstick, Hereford population on Jan. 1, 1955, was 7,131. Using the same yardstick, Jan. 1, 1954 showed a population total of 6,624—a gain of 510 during the past year.

The city had 2,015 connected water meters when this year started as compared with 1,871 meters just 12 months before, leaving a gain of 143 meters.

By dividing the total meters into actual census counts of 1940 and 1950, it was possible to establish a figure 3,539 persons per meter. This figure, multiplied by the present number of meters, was used to secure the population count which, according to City Manager Cecil Massey, should be fairly accurate.

The federal census gave Hereford 5,297 in 1950, indicating a gain of 1,924 in the approximate four years—and further indicating a steady growth of around 500 increase each year.

P-TA Meeting To Aid In Dedication

The January meeting of the Hereford Parent-Teacher Association will be replaced with the High School dedication program, which is scheduled on Jan. 20, the regular meeting date, according to Mrs. Homer Brumley, president.

"Everyone will want to attend the dedication ceremonies and, besides, many of the P-TA members appear in various phases of the program," she said. "Therefore, we have adopted the school program as the official P-TA meeting."

Draft Board Has 27 Registrants

A total of 27 new registrants for the month of December were announced by Selective Service Board 15 in Hereford.

Included in the group were: Mike Shields, Gen. Del. Dimmitt; Jas. Taylor, Box 711, Friona; Jimmie L. Golden, 2304 - 5th Ave., Canyon; Joseph Ma. Ramirez, Gen. Del., Hereford; Genaro Castillo, Rt. 1, Farwell; Earl L. Lanning, Bovina; Gerdon N. Shaffer, 503 - 25 Mile Ave., Hereford; Charles K. Jacks, Rt. 3, Summerfield; Thomas A. Duncan, Rt. 2, Canyon; Charles E. Elliott, Rt. 1, Happy; Simon R. Elliott, Rt. 1, Happy; Gilbert C. Morrill, Rt. 5, Hereford; James L. Althart, 1700-2nd, Canyon.

Travis D. Loudder, Rt. 1, Dimmitt; Samuel J. Dickerson, 1001-6th Ave., Canyon; Eddie R. Morton, Box 304 Hereford; Donald R. Barron, Star Rt., Bovina; Eusebio H. Ramos, Gen. Del., Dimmitt; Robert L. Benson, Box 65, Hart; Walter B. Acker, Nazareth; Gene W. Hardacre, Box 94, Farwell; Jacob P. Acker, Nazareth; Carol A. Lindeman, Umbarger; Gary P. Southern, 607 Jackson, Hereford; Kenneth W. Estes, Bovina; J. C. Hjerpebotham, 407 - 6th Ave., Canyon; Gary E. Panzer, Friona.

'HOBO KID' AUTHOR Noted Speaker At School Dedication

"Here was a child that was ridiculed by her family and other, gypsy families because she was going to school, and she was ridiculed by the children at school because of the way she dressed and because she lived in a tent. The only friends she had were her teachers. Going to school wherever she had the chance, despite all the ridicule, proved she had the spirit and the pluck -- the kind that really good American citizens need."

Comment of the type above is typical of that which became the subject of the nation following appearance of Mrs. Billie Davis' article, "I Was A Hobo Kid," in the Saturday Evening Post and later in the Reader's Digest a few months back. Since that time Mrs. Davis has appeared before scores of audiences, telling in person the actual story of her life and, always, the comment again flares up in the cities where she speaks.

MRS. BILLIE DAVIS

Mrs. Davis will make her appearance in Hereford on Thursday evening, in connection with Dedication of Hereford's new high school building. The services will begin at 7:30 o'clock and, according to present plans, will be completed by 9 o'clock. A tour of the new building will be conducted following the program.

While Mrs. Davis gained recognition on a national scale from the Hobo Kid article, she is also recognized regionally for other accomplishments. She is widely known as a speaker for educational organizations, schools, colleges, clubs, churches and Sunday School conventions. Her lectures are generally found especially interesting to students, teachers and parents. As a Christian educator, she lectures on teaching methods, visual aids and child psychology. She speaks with a student's viewpoint of public education.

15-Year-Olds Go On Car Stealing Spree

Two 15-year-old Amarillo boys went on a spree in Hereford Wednesday which landed them in the County Juvenile courts after they stole two cars, damaging both badly—and without apparent motive.

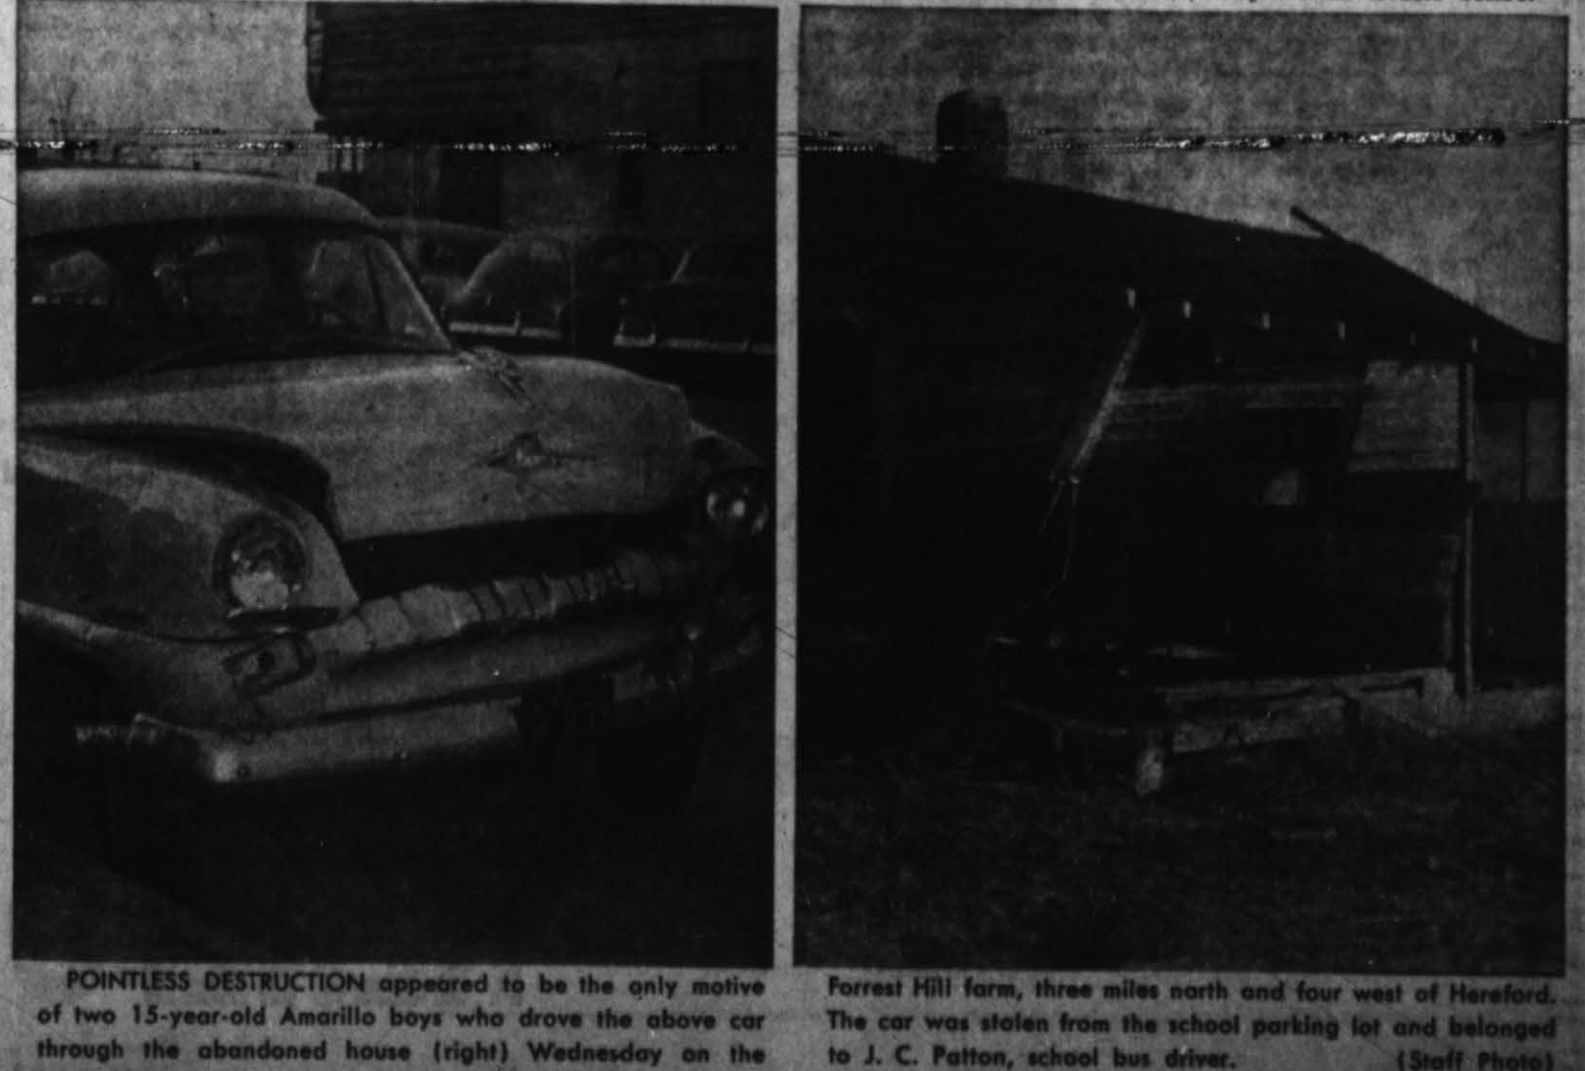

Both of the cars were taken from the parking grounds at the school. One, a 1953 Plymouth, was the property of J. C. Patton, school bus driver, who missed the car when he came in from his bus route. It was later discovered by officers after it had been driven through the back side of an abandoned house on the Forrest Hill farm, three miles north and four miles west of town.

The second car, a 1948 Ford,

belonging to Arol Acton, a high school student, was also taken from the school parking lot. This car was driven five miles west on the Gilbreath road, where it was crashed into a power pole near the Tom Burden residence.

County Judge Homer Hesler, acting according to state regulations concerning security of names in juvenile cases, said, however, that it was a difficult case to understand.

"Both boys come from excellent families, make unusually good grades in school, and attend Sunday School and church regularly. Neither has been in any serious trouble before."

POINTLESS DESTRUCTION appeared to be the only motive of two 15-year-old Amarillo boys who drove the above car through the abandoned house (right) Wednesday on the Forrest Hill farm, three miles north and four west of Hereford. The car was stolen from the school parking lot and belonged to J. C. Patton, school bus driver. (Staff Photo)

Credit Union To Hold Annual Meet Here On Tuesday

The Hereford Texas Federal Credit Union will hold its annual membership meeting Tuesday, Jan. 18, in the new high school auditorium. It was announced today by Dyantha Brady, treasurer-manager.

The meeting is scheduled to start promptly at 7:30 o'clock. Mrs. Brady said, "Business included in the meeting will be voting of dividends, election of officers, and reports, followed by membership participation in prize awards."

All members are urged to be present, Mrs. Brady said.

The credit union in a recent statement reported 1,581 members with shares totaling \$47,248.21. The organization also showed a surplus of \$38,431.88 in undivided profits and reported having loan-

ed a total of \$804,342.92 to borrowers during the past year. Loans since the union organized were reported in excess of \$2 million.

Beyers Attend Kansas Funeral

Mr. and Mrs. J. E. Beyer returned to their home, 431 McKinley this week from Kansas, where they attended the funeral of his sister, Mrs. Annie Elbl of Sterling, Kans.

The Beyers, who spent three weeks during Christmas holidays, with their daughter and family, Rev. and Mrs. Harold Hicks in Little Rock, Ark., were on their way home when they were notified of Mrs. Elbl's death. Following the funeral, they also visited with another son, J. E. Beyer, Jr., and family in Hutchinson, Kans., before returning to Hereford.

while Hereford provided two run-arounds and two sub-teens on failure to remain at school.

Income tax men underwent quite a rush during the week as they met deadlines on revised estimates. Tom Howard was scheduled for jury service in District Court, but got a prompt excuse when he told his troubles to the judge.

Claude Benton, former Deaf Smith County sheriff, was a visitor in Hereford Friday. Mr. Benton, now a resident of Itals, spent the day talking over old times, comparing changes in the community. "One thing that hasn't changed much" said Mr. Benton "is the big topic of conversation. Folks still talk about the weather and wonder when it's gonna rain."

Despite the dry weather, though, most merchants were reporting an unusually good month in January, 1955, with sales well over those for January of last year.

Mr. and Mrs. Darrell Blanton returned earlier this week from Denver, where their son, Keith, was taken for clinical observation. The reports on Keith were encouraging, they said.

Hereford's first showing of Cinemascope is scheduled for today, when the Star Theatre opens with "Prince Vallant." Francis Hardwick says: "Cinemascope is a revolutionary new method of photographing and projecting a motion picture, creating the illusion of being engulfed within the action of the scene." Mr. Hardwick is interested in knowing how people like the local presentation which, he believes, is superior to that of many other towns, due to special lens, extra-large screen and other technical factors. He is already talking about another new-fangled deal he calls "Vista View" or something like that.

Stork Club Sewing Bee

The last few months before the baby comes are the best time in the world to learn to sew. During those tedious weeks of waiting, when you can't do much else, you will get a fine sense of satisfaction from some sessions with your electric sewing machine.

After the baby comes, there will be little time for uninterrupted hours of sewing, so local sewing center experts advise you to make the most of the time before the big event. Even if you have a complete layette ready, there are plenty of other useful items you can make.

For instance, there's nothing to stop you from running up a few items in a 1-year-old size. And there are many toddlers garments that are the same for boys and girls. Pajamas and sun suits are two things you may be sure the baby will need as soon as he outgrows his first little wrappers and nightgowns. Make them in some non-partisan color such as yellow

or green, avoiding the connotations of pink and blue, and they'll be right for either a little son or a small daughter.

If you were a working girl up to the time you went into maternity clothes, you're probably a little short on a wardrobe for around-the-house. Make a couple of gay cotton skirts with big patch pockets. You won't even need a pattern for these. Just gather them at the top, hem them at the bottom and attach a waistband (which probably should be about an inch bigger than your former measurement.) With some fresh skirts and blouses, these will see you happily through your days at home, after the baby comes.

A bath apron is a must for a new mother, and one of these is easy to make from an old bath towel. Line it with plastic to protect your clothes, and you'll be all set for baby's bath.

A pretty robe is a good morale booster. Make one that is warm and washable, for those early feedings. Quilted cotton is one good bet—you can buy it by the yard, already quilted. Or some of the synthetic fabrics also fill the bill. A brushed orlon is warm and soft

and can be tossed in with the family wash.

You might make a robe for Pop, too, while you're at it. He'll be doing his share of night work, too (you hope.) To encourage this idea make him a soft, washable robe that won't be too scratchy against the Baby's cheek. Synthetics can do the job here, too, in masculine plaids or darker colors. If you want to do it up right, add a pocket monogram, using your sewing machine for the decorative stitching.

Other things you'll be needing before you know it include a cheerful crib cover, crib sheets and pillow cases to use as soon as the baby outgrows the bassinet.

And just for frivolity's sake, to celebrate the return of your waistline, why not make yourself a real whopper of a frilly petticoat, to wear under those new full skirts you'll be wearing after the baby comes? You can make it of pella or crinoline, add lots of ruffles of net or taffeta, and be all set to whoop around in gingham clothes again.

FULLER LIPS
If your lips are too thin for your face, buff them up a little bit but be sure to do it carefully.

When you buy a car, even one of the low priced cars on our used lot, it will probably be your largest investment outside of your home, if you own your home. If you don't, then you will have more money invested in your car than in anything else.

That's why it pays to know something about cars, more for instance, than the lady who was driving along the highway last summer in one of those European cars with the engine in the back and the luggage compartment where the engine usually is.

She was purring along when suddenly the car stalled and she had to pull over on the shoulder. She got out, raised the hood and shrieked so you could have heard it two concessions away, "My stars, I've lost the engine!"

"I seem to have lost my engine," explained the stranded one.

"Well, this is lucky," said the Good Samaritan. "I just happened to look in our trunk today and I noticed we have a spare engine in there."

You probably know more about cars than the stranded lady, but if you don't we'll tell you frankly what our cars have and what they haven't in language you won't need a dictionary to translate.

We want you to know exactly what you're buying because you're making your largest, or second largest investment in comfort, satisfaction and convenience. There is no purchase that can bring more happiness than a good, neat car. But a car that takes you through the wringer by depreciating faster than it should isn't going to improve your temper or our good name. That's why we want you to look under the hood, into the trunk, everywhere you want. Road test the car, too.

For the benefit of those who have commented about our "empty showroom," we want you to know that we have received a shipment of new cars, and we're now in a position to offer a good selection. Drop around and look them over.

Whiteface Quint Loses 77-51 To Borger Bulldogs

By BILLY PAUL KNOX
The fierce Borger Bulldogs lived up to their nickname and ripped apart the Hereford Whitefaces 77-51, Friday night at Borger. The game was never in question: the speedy and slick Bulldogs, led by guards Gerald Myers and Mike Kelly, showed speed, height, and great ball-handling ability.

Francis Boyd dropped in 29 points for the Hereford cause, but Borger had four men scoring in the double numbers. The well-touted Bulldogs of Coach Tex Hanna should give the Pampa Harvesters quite a tussle, if not defeat them.

Borger got off to a flying start, scoring 16 points before Hereford started the scoring column, but with about two minutes remaining in the quarter Francis Boyd snuk one from the corner to give Hereford its first two points of the game. However, the Bulldogs did not ease up, and by the end of the first period the score was 24-4.

Hereford found the range in the second quarter, but at that they were outscored by the remarkable Bulldogs. Francis Boyd hit with regularity for Hereford, but so did the whole Borger team. Borger led by 46-22 at halftime.

Francis Boyd scored 16 of the

Whitefaces' 22 points in the first half. Johnny Passons scored 14 for Borger also, and Bill Hatcher and Don Willingham also had 10.

The Bulldogs were hitting exceptionally well from the field, as they always do. Boyd was the only Whiteface hitting very frequently. Borger also had commanding control of the backboards in the initial half, with Bill Hatcher, Don Willingham, and Johnny Passons outstretching the not-so-tall Whitefaces.

Borger roared out for the third stanza and resorted to their first period tactics. They allowed Hereford only six points, while they ran their total up to 64 points. Boyd scored four points, and Jack Burrus accounted for two to give Hereford its six point total.

It was Francis Boyd and Hereford's ball game in the last stanza when Hereford narrowed the lead down by 10 points. The Whitefaces outscored Borger 23-13, but the Bulldogs had built up an unsurmountable lead.

High scorer for the game was Hereford's Francis Boyd who accumulated 29 points to run his season total for 16 games to 345 points. He is averaging 21.6 points per game.

Don Willingham was the leader for Borger, with 16 but the Bulldogs showed all around scoring power. Willingham had 16, Passons had 14, Hatcher, had 12, and Mike Kelly had 10.

The Bulldogs put on a dazzling display of speed and ball handling

ability. Guards Gerald Myers and Mike Kelly were like greased lightning and they hit with great accuracy from long distances. Six foot, four inch Don Willingham and Bill Hatcher topped it off by capturing most of the rebounds. However Francis Boyd of the Whitefaces was outstanding hooper of the game as he dunked 29 points.

California Is Topic For Calliopians

Continuing the course of study on "Adventure in the Western Hemisphere," Mrs. A. T. Mims presented a program on "California" at the Calliopean Club meeting held with Mrs. N. E. Milburn on Thursday evening.

Mrs. Mims reviewed the book "Fabulous Boulevard" by Hanscock, which is the story of Wilshire Boulevard and traces the history of Los Angeles and Southern California through the development of the boulevard, now 16 miles long, but which was first an animal trail, then the explorer's trail—and now the busiest street in the world.

Mrs. Carl Perrin announced the scheduled appearance of Mr. and Mrs. A. J. Hesler, overseas directors, who will show slides concerning their work in India. The meeting is to be held in the old high school auditorium at 3 o'clock Sunday afternoon, Jan. 16.

Members present were Mesdames Richard Barnard, B. F. Cain, J. T. Carroll, Clyde Cave, Paul Conaway, Alton Fraser, Roy Grubbs, J. E. Kirby, D. C. McWhorter, A. T. Mims, Carl Perrin, L. B. Russell, Jas. W. Witherspoon, Elizabeth Womble, M. W. Nobles and the hostess.

Bridal Shower For Joan Sheets

Mrs. C. A. Perrin entertained with a bridal shower honoring Miss Joan Sheets, bride-elect of Wayne Pinnell. The wedding is to be Jan. 15, in the Adrian Baptist Church, the Rev. Darrell Gault officiating.

Mrs. Perrin was assisted by the co-hostesses, Mrs. Phillip Miller and Mrs. C. W. Edwards.

Mrs. Carroll Grubbe poured while Mrs. E. K. Pinnell presided at the bride's book.

A white Maderia cloth, tall crystal sandalabra, and a beautiful white satin bow with the names of Joan and Wayne in gold adorned the tea table.

Dainty refreshments were served to 21 guests.

A beautiful array of gifts were presented to the honoree.

'Water Witch' Uses Sticks To Locate Wells

ENLOE, Tex., (AP)—Marcus Voyles is a 59-year-old barber with a jolly grin.

But he's also a witch—a "water witch."

And he emphatically says being a water witch is a gift, not guesswork.

At any rate, Voyles is one of the last of the "water witches" who use a green, forked stick to tell folks where to dig a well.

When he isn't out witching water, Voyles is a barber at Cooper, Texas.

He said he first found out he had the gift in 1918. Usually, he says, there's one person in every family who's got the touch.

Voyles claims to have "witched" wells throughout Northeast Texas.

He was living in Sulphur Springs when he said he first found out he was a water witch.

"He was watching another witch, when "I picked up the stick. Worked for me stronger than it would for him."

"Then he showed me how to get my depth."

"I can tell you within a foot how deep the water is."

Voyles says a tight grip is necessary, clutching one branch of the fork in the left hand and the other in the right.

He says as the "witch" approaches the underground water, the end of the limb will twist earthward.

"Works with any kind of green forked stick," he says.

"Old timers always banked on peach tree limbs. Smaller the stick the more accurate it is."

Everytime Voyles goes "witching," he attracts a crowd.

"Most people doubt the power of a 'water witch,'" he grins.

But most people take a try with the stick, Voyles said.

Safe 'n Sound

There is no sound so depressing as the sound of breaking glass. Especially when it is the glass that used to be one of your favorite windows. . . A better "hall-a-B-B" shot, a slammed window, an oven explosion, plus a hundred other accidents can cause windows to break. . . The wisest and most inexpensive way to protect yourself against loss from broken windows is to take out one of our Residence Glass policies. . . It covers all the windows and permanently attached mirrors in your home. . . It also pays for damaged frames. . . As for the cost of this coverage I would like to quote one of my satisfied policy holders, "Is That All?" Call Lone Star Insurance Agency, 136 N. Main Street, Phone 424.

APPROXIMATELY 35 CUB SCOUTS were plenty excited Saturday over a train trip to Clovis. The group, in addition to the ride, were given a tour through the Clovis Round-house and made "Junior Conductors" by the Santa Fe. Parents returned the youngsters in automobiles Saturday afternoon.

Lone Star Study Club Leaders Chosen For Coming Club Year

New officers for the 1955-56 club season were announced at the Lone Star Study Club session held Tuesday afternoon in the home of R. G. Blue with Mrs. Ed Warren as cohostess.

Officers to serve include: Mrs. Leo Forrest, president; Mrs. Ed Warren, vice president; Mrs. Glenn Witherspoon, recording secretary; Mrs. H. E. Henslee, corresponding secretary; Mrs. Roger Corbett, treasurer; and Mrs. John Jacobsen Jr., parliamentarian. Officers will be installed at the closing luncheon in May.

Mrs. W. S. Fluit gave a paper on "You and Your Fears" in which she summarized Dr. Peter Steincrohn's book bearing that title. "Dr. Steincrohn writes as an understanding and sympathetic physician of the fears and anxieties that cause much of the world's misery. He describes fear as fright and chronic, insidious fear as anxiety, and points out that there isn't a person living who hasn't at some time some degree of psychoneurosis," she stated and quoted from the book "At no time in history has there been a greater need for the individual to fortify his life with a working philosophy. For life without a healthy philosophy

isn't even on a level with mere existence these days. No two of us are alike because we are what our experiences, memories, and knowledge have made us. Every emotion, good or bad, has been recorded on the sensitive film that is the mind, and has left its indelible impression. When the mind becomes sick, when one becomes fearful to the point of anxiety, then it can only be helped by a psychomatically minded physician who combines the art of medicine with science to cure the mind as well as the body."

Mrs. H. E. Henslee reviewed an article "Never Say Diet" by Chas. Ford. This article gave the practical and informative as well as the humorous side of dieting to reduce weight.

Members attending the meeting were Mesdames O. L. Click, Roger Corbett, V. E. Dodson, W. S. Fluit, Leo Forrest, H. E. Henslee, Jim Higgins, E. W. Hobson, C. D. Kalton, Louie LeGrand, W. C. Meharg, G. W. Newsum, Coy Phillips, Earl Springer, Robert Thompson, L. L. Wemble, Glenn Witherspoon, and the hostesses.

CORRECTION

The Brand this week in reporting the collision at Knight and Norton streets, stated that Mrs. Thelma Daniel, charged with having defective brakes, "pumped her brakes four times" before they took hold. Mrs. Daniel said that statement is incorrect and, in checking with police, it developed that the City Officer—not Mrs. Daniel—was the one who pumped the brakes four times.

The Brand is glad to make this correction, or any other, which does not present a correct explanation of actual happenings.

Raises Crickets For Fishing Bait

TEXARKANA, Tex. (AP)—Arval Manning is landlord to 17,000 crickets.

And he's real proud of it. One day he hopes every fisherman will use a cricket for bait.

Raising crickets is a lot of work, the Texarkana Service station operator discovered.

First, you have to keep temperatures just right. And there's a temperature for the mating season, the growing season, and for adult crickets—the kind that's just right for bream bait, Manning claims.

Manning's crickets are pedigreed Australian Greys. Which, he says, are a lot different from the ordinary kind you've seen all your life.

The 17,000 crickets in two rooms of Manning's house today are the offspring of 300 "breeder" crickets.

They're kept in box-like containers, screened over, and electrically warm.

Hereford Fire Alarms Are Cut By Half In Past Year

Better cooperation from the citizens of this city and their consciousness of fire hazards have greatly aided in the sharp decrease of fire calls for the year of 1954. In 1953 there were 104 fire calls

and a reduction of only 48 calls in the year of 1954. Nineteen of these 48 calls were out of the city limits. Twenty-one out of the 48 were made by Clay Angelo, alone. Out of the 48 calls only 13 fire losses were reported, according to reports received today from Clay Angelo, the Volunteer Fire Department superintendent. The amount of financial loss for the year of 1954 was approximately \$37 or \$38 thousand, with about \$22,000 being consumed in the fire at the Frontier Shop.

Angelo states, "In 1951 and '52 we made trash fire calls at least once to three times each day. But during 1953 and '54 we made hardly any. People are just getting more fire conscious."

What's This

—By Chris

Dear readers, I'd like to start this little gab session by telling you to steer clear of that Glenn Pierce when he makes a U-turn.

You should have seen Gene W. the other day in the corral. Man! Well, well. Dig this little ditty Donnie wrote. To Mr. Sandman??

Please bring me a dream just like peaches and cream. Her hair is golden and very long. Thanks very much Mr. Editor.

Dawayne, what did you call Oscar Thursday? Uh-huh! Hey Moe, what does L.T.A. stand for?

Glenna, where did you get that Navy ring you've been sporting

around? J. W. Sirkel used to have one like it didn't he?

Mid-term is over for another year. We can breathe again. At least some of you can.

Teddy and Dora are still steadily going. So are Martha and Jackie, Dallene and Charles. They've been steadies for quite a while.

Rumor has it that a bunch of you boys are making quite a few trips to Dimmitt. Business?

I saw a honey of a basketball game in Leroy Morrison's backyard Thursday. If you're interested in learning the knack, just speak to Ronald or Jerry. (laugh.)

Chick wants to learn to hap, but he's afraid to. We tried to teach him New Year's Eve, but due to circumstances beyond our control, he was unable to compete.

Junior High must be majoring in the "Bop." How about it Jill? I think everyone should spend as much time learning the Mambo as they spend "Bopping." Speaking of dancing, have you seen the latest? It's called "The New Yorker."

Don't ask Kenneth M. if he thinks a lot of us are crazy. He might say yes.

Didn't Ella Marie make a pretty queen?

Dale and Judy had a ball with Leon and Sue Saturday night. Well—

We hear Mr. Miller has been down lately. We hope he's better. Well, that's it for now, drop around next Sunday.

Children's Literature Topic For Study Club Program

Members of the Child Study Club heard a program on "Children's Literature" when a meeting of the club was held in the home of Mrs. J. C. Reese Thursday evening.

Mrs. Stanford Knox presented the program concerning children's literature and television saying in part: "Nowadays books have tremendous competition in radio and television, comics and movies. These contend for a major place in everybody's time budget. To parents falls the privilege and responsibility of seeing that good books are not lost in the shuffle. Surely this is one of the most worthwhile contributions parents can make to their children's welfare."

During the business session Mrs. Reese, club chairman of the Mother's March of Dimes scheduled for Jan. 31, told of the Wednesday coffee in Jim Hill Hotel when Mrs. R. D. Pearson of Abilene state ad-

visor of the 1955 Polio Campaign, spoke to representatives of the five mother's clubs who sponsor the Mother's March. The next meeting will be held in the J. H. Lomas home with Mrs. J. W. Wither-spoon as hostess.

Members present were Mesdames Charles Coffman, Clyde Denton, Dale Kelly, Stanford Knox, Lawrence McGee, Bill Nunn, Maurice Tannahill, Bob Wear, Chester Wiggins, J. W. Wither-spoon, Townsend Douglas and the hostess.

Hedrick Tells Of New Building For Medical School

Dedication of a \$2,850,000 Basic Science Building for Southwestern Medical School of the University of Texas in Dallas has been set for Jan. 29.

Regents of the University of Texas, state officials, Foundation trustees and national medical dignitaries will participate in the opening ceremonies scheduled for 2:00 p.m. at 5323 Harry Hines Blvd., according to R. R. Gilbert, Chairman of the Advisory Council of Southwestern Medical Foundation.

E. B. Hedrick of Hereford, member of the Advisory Council of Southwestern Medical Foundation, has urged that "everyone interested in medical progress in the Southwest attend the dedication service."

Construction of the new building was begun in 1952 with funds appropriated by the state legislature for that purpose. Construction costs exceeded the appropriation, however, and Southwestern Medical Foundation supplied the difference with an emergency grant of \$100,000.

The land on which the building is located is part of the 86-acre grant for a medical center made by Karl Hobitzelle, Dallas philan-

History Repeated In Jan. 13 City Traffic Accident

History repeated itself Thursday, Jan. 13, when a traffic accident occurred at the same intersection—Schley and Fifth—at exactly the same time of day, the same date of the month, and under almost the same circumstances as in 1954.

The biggest change was a different set of cars and people, Police Chief Leo Box said.

The accident happened at 8:30 o'clock Thursday morning at the intersection of Fifth and Schley Streets, when Richard Williams, driving a 1948 Mercury, and Mrs. Stella Jo Cook, driving a 1953 Ford, collided.

The collision pronounced itself as Williams was going South on Schley and Mrs. Cook was traveling West on Fifth Street, officers said. Mrs. Cook's right rear fender and bumper were hit in the collision when Williams failed to grant the right-of-way. Williams hit the fire hydrant on the Southwest of Schley after the impact and Mrs. Cook skidded approximately 93 feet sideways.

Mrs. Cook was charged with having no operator's license.

Williams was charged with failure to grant the right-of-way and driver's restriction number one, driving without glasses.

And they both say: Be careful when you cross Fifth at Schley, especially on Jan. 13.

If you are a kitchenette cook, you will find it is wise to start and end your meals with a cold course. Then you can use your limited heating space for the main course.

Q. How can I harden the gums?
A. Use salt on the tooth brush occasionally instead of the usual tooth paste. It invigorates the gums, and if used with cold water is an excellent mouth wash or gargle.

Dropist and president of the board of Southwestern Medical Foundation.

Miss Trudy Barrett Weds Lt. John Newsom Sunday

Miss Trudy Barrett, daughter of Mr. and Mrs. J. W. Barrett of Cotton Center, became the bride of Lt. John A. Newsom, son of Mr. and Mrs. G. W. Newsom, Sunday evening at 5:30 in the First Baptist Church of Cotton Center. Rev. F. E. Woolery, pastor of the Sweet St., Baptist Church of Tahoka, read the double ring ceremony.

Background for the chancel was an array of pyramiding wedding tapers placed in front of a lattice screen garlanded with greenery tied with white satin bows. The couple and their attendants stood before an arch of greenery and white blossoms at the altar flanked by baskets of white gladioli and stock and flame tipped tapers in seven branched candelabra.

Mrs. Tom Applewhite, organist, and Mrs. Curtis Hastings presented the wedding music. Mrs. Applewhite gave a concert of wedding melodies preceding the ceremony and accompanied Mrs. Hastings who sang Indian Love Call, Because and The Lord's Prayer immediately preceding the ceremony. The organist also played the traditional processional and recessional wedding marches. Candles were lighted by Darlene Barrett and Jane Newsom.

Mrs. Ed Horsford, sister of the bride, was matron of honor. She wore a dress of aqua net over matching tulle designed with fitted bodice, full skirt and tiny net collar. Bridesmaids were Ann Hopper, Dean Robertson, Mrs. C. W. Barrett and Mrs. Walt Moseley. They wore aqua net dresses similar to that worn by the honor matron and all carried nosegays of white carnations and aqua tulle.

Flower girls were Beverly and Charlotte Barrett, nieces of the bride, and Jody Heath carried the rings in a large white satin flower.

Lt. Darrell Jarvis, roommate of the bridegroom at Goodfellow Air Base, served as best man and groomsmen were Bradley Lookingbill of Plainview, Louis LeGrand and Wayne Newsom of Hereford and Calvin Barrett of Cotton Center.

Bride Wears White Lace
The bride, given in marriage by her father, chose a wedding gown of white imported Chantilly lace and tulle over bridal satin. The lace bodice was designed with a petal collar and long lace sleeves that tapered to deep petal points over her hands. The long bodice which came to a deep point at the center front, was attached to a

State Advisor Speaks To Clubs On Mother's March

Mrs. R. O. Pearson of Abilene, state advisor of Women's Activities, National Foundation of Infantile Paralysis, was guest speaker at a coffee given in the Jim Hill Hotel Wednesday afternoon.

Mrs. Pearson addressed chairmen and members of the five mothers clubs of the city who will sponsor the annual Mother's March of Dimes to be held in Hereford on Jan. 31.

Directions for carrying out the Mother's March as suggested by the Foundation, and information concerning what the funds in the drive will be used for were the

main topics discussed, and she also told of the new vaccine and tests whose results will be known in April.

Robert Thompson showed the film "They Shall Not Want" in which actress Helen Hayes, makes a tour of hospitals to give viewers first-hand information of the crippling effects of polio.

Engagement Is Announced

MR. AND MRS. R. G. ARRINGTON, formerly of Hereford and now of Dallas, have announced the engagement of their daughter, Betty, to Richard Pickens, son of Mr. and Mrs. J. V. Pickens. No definite date has been set for the wedding. Miss Arrington attended Hereford High School during her sophomore and junior years and graduated from a Dallas high school. At present she is employed in the Republic Insurance Company offices in Dallas. Mr. Pickens is a graduate of Hereford High School and attended Texas Technological College, Lubbock. He is engaged in farming with his father near Hereford.

'Family Security' Topic Of El' Nino Study Group

Mrs. Ivan Block presented the program on "Family Security" when El' Nino Study Club met with Mrs. Jim Bookout Monday evening.

A short business session was held preceding the program with the president, Mrs. Ben Childers, presiding. Plans were discussed for the club's participation in the annual Mother's March of Dimes to be held here on January 31.

In presenting the program for the day, Mrs. Block gave a broad definition of security, stating in part: "Security is not necessarily one's financial status. It is the real or personal property or anything that gives a secure feeling. Children can feel security in parents' decisions, and it behooves us to take time to be sure we are right before a decision is made. However, children learn to respect their parents when a wrong decision has been made and the parents' acknowledge that they have made a mistake.

The world is strange to children and they should be taught the way to face life with a security of love and guidance. They should be given the experience of handling money. A good rule to follow is: Allowance to small children for toys, larger children, for needed school supplies and clothes and for amusement. Children can be taught how to spend through family discussion and through the parents' example and the medium of the church, they can be taught the great security that religion can offer."

Special guests attending the meeting were Mesdames Millard Nobles and Bill Hardwick. Members present were Mesdames J. W. Barnett, Darrell Blanton, Ivan Block, Elizabeth Bone-

sio, Ben Childers, R. A. Daniel Jr., Bill Decker, Byron Durham, O. G. Hill Jr., John Jacobsen Jr., Robert Lindsey, Sam Nelson, Edwin Skypala, Wayne Thomas and the hostess.

Chapter Honors O.E.S. Official

The Hereford chapter of the Order of Eastern Star honored Mrs. Aline Tilson of Plainview who is deputy grand matron district-2 section-3 of the Grand Chapter of Texas of the O.E.S., at a buffet supper before the regular meeting held in the Masonic Hall Tuesday night.

White carnations flecked with gold and flanked by white tapers formed the centerpiece for the table and the honoree was presented with a corsage of white carnations flecked with gold. Mrs. Tilson was also presented with a gift of china matching her chosen pattern.

Mr. And Mrs. Jim Ricketts Hold Open House On 25th Wedding Anniversary

Mr. and Mrs. Jim Ricketts, who met in a school fight and who were stranded in a snowstorm on their honeymoon, celebrated their silver wedding anniversary Sunday at an open house held at their farm home south of Hereford. Their six children served as hosts for the occasion, assisted by Lotus Root and Betty Buse.

The wedding was held at the home of Mrs. Ricketts' parents, Mr. and Mrs. Ray Hershey, who lived just across the road from the Progressive School where the couple had gone to school. It was at school that they came to know each other—and in a fight. It was the custom for the boys and girls to stage grass-burr fights at recess time, and in one particular fight when the grass burrs were flying hot and heavy, his hand struck her. Through his immediate concern and apologies, the romance began with the understanding that there would be no more fights. Four years later, after attending Hereford High School, they were married at the ages of 16 and 17.

Snowbound on Honeymoon
The honeymoon was spent visiting relatives in Lubbock, Abertown and Silverton. A sudden snow storm came up and they became snowbound while taking a short cut from Plainview to Silverton. Finally a farm house was sighted and a Mr. and Mrs. O'Donnell gave them shelter for the night.

The couple farmed in Deaf Smith County for three years and then

 voluminous skirt of shirred tulle having wide panels of scalloped lace at each side of the front in redingote effect. The bouffant fullness of the skirt was worn over hoops and fell into a graceful sweep at the back. Her short veil of illusion was edged in lace and fell from a pill box style headpiece encrusted with rhinestones and seed pearls. She carried a white Bible topped with a single orchid showered with flower and ribbon streamers. Her only ornaments were pearl and rhinestone ear rings.

The bride's mother wore a navy blue with lace trim and the bridegroom's mother's dress was of navy crepe. Both wore gardenia corsages.

Reception in Church
 Following the wedding a reception was held in Fellowship Hall

of the church. Appointments for and silver and the floral center piece of aqua and white stock surrounded by the bridesmaids' bouquets. Mrs. R. D. Barrett and the bridesmaids assisted in serving and Mrs. Joe Dell Hosler presided at the guest register.

When the couple left on a honeymoon trip to Colorado Springs, the bride was wearing a pink woolen frock accented with rhinestone and pearl trim. She wore a small white hat and gloves and her bag and shoes were in black suede. When the couple return they will be at home at 1120 West Touting St., in San Angelo where he is stationed at Goodfellow Air Force Base.

Mrs. Newsom graduated from Cotton Center High School and attended Draughton's Business College in Lubbock. At the time of her marriage she was employed in the offices of the Bell Telephone Company at San Angelo.

 moved to Miami, N. M., to try irrigation farming. There they encountered a worse drought than they left in Hereford, and after three years they sold their holdings and moved to Terrero, N. M., where he worked for the American Metal Company. Later they moved to Carlsbad where he worked for the U. S. Potash Company.

They returned to Hereford on a leave from the mines in 1949 and decided to stay. They have farmed near Hereford since that time. Their six children include: James A., Forrest, Albert, Mary Beth, Ralph and Fred. They have one grandchild, Janet Lee, who is the daughter of Mr. and Mrs. Forrest Ricketts.

Open House
 Decorative appointments carried out a silver and white theme. The refreshment table was laid with a lace cloth and white stock with touches of silver, flanked by white tapers in silver holders, formed the center piece. The three tiered anniversary cake was topped with a miniature bridal couple. Assisting in the house party were his sisters, Mrs. L. L. McBrayer of Dalhart, and Mrs. Clyde Russell of Hereford, her sister, Mrs. Arch Conklin of Charleston, Ark., and a sister-in-law, Mrs. Howard Hershey. Mary Beth Ricketts secured names at the guest register.

Out-of-town guests attending the celebration were Mr. and Mrs. L. L. McBrayer of Dalhart, Betty Jean McBrayer of Hartley, Mrs. Lena Jacobs and Mr. and Mrs.

Making cupcakes? Then surprise your family with one of these taste treats. Tuck a couple of drained stewed apricot halves in the batter in each cup before baking. Or sprinkle the cupcake batter with small pieces of semi-sweet chocolate before baking. Use either of these suggestions with white or chocolate cake batter.

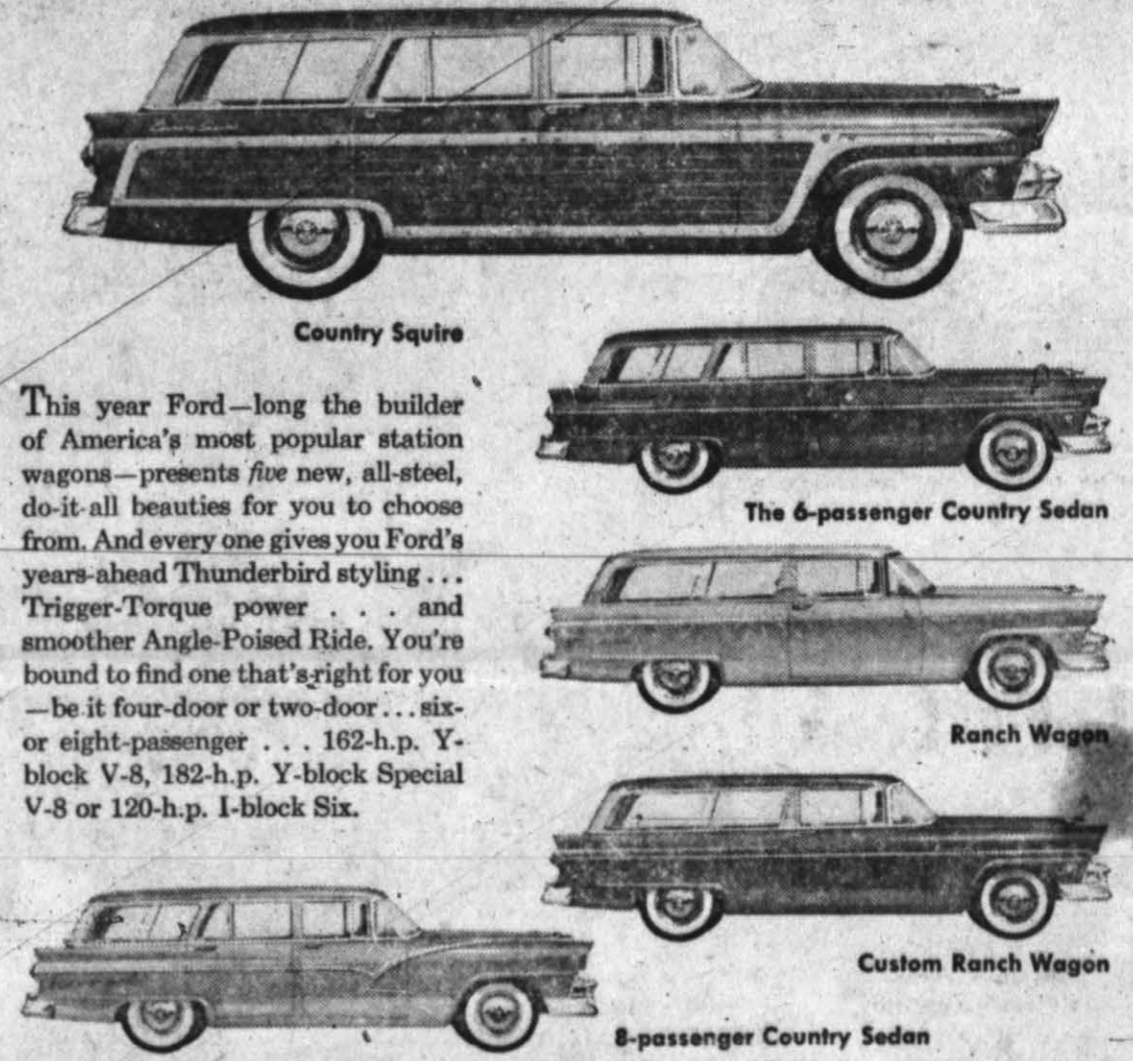

Goldenrod Eggs are easy to prepare and small fry love this dish. Cook several eggs until they are hard, then slice the whites in thin slices and add them to a cup of medium white sauce. Heat and pour over crisp toast; now rub the hard-cooked yolks through a sieve and let them garnish the dish. This amount will be enough for two or three servings.

If you want a coating of flour or crumbs to stick to fish filets to be fried, dip the filets into lightly salted milk before dipping in the flour or crumbs.

"BULL SESSIONS"

Those "Bull Sessions" we used to have back in the days when we gathered around that old pot-bellied stove & discussed farming & livestock, were mighty good at that. A lot of good ideas were exchanged and we believe they contributed much to the evolution of modern farming and livestock practices.

Consider P. G. C. Feeds as an example.

P. G. C. 21% RANGE CUBES

is a proven Range Cube that will give you results at a cost so low it will surprise you. Our line of P. G. C. feeds is complete, a special feed for every feeding need.

Here's Some Seeds You'll Be Needing:

- Trebi Spring Barley Seed
- Certified Mustang Oats Seed

and don't forget we have a complete line of Garden Seed.

Speaking of Seeds -- a word about Fertilizers. Fertilizer is to the soil what food is to mankind. Feed the soil and it will feed you.

Let's Cook Something

Mexican Foods

A Formby Favorite
January's cold wintry days signal Mexican food, the hotter the better. Mexican food is relished throughout the year but obviously it is more appealing when winter winds blow and snow and ice cover the ground. Most restaurants feature Mexican dishes the year 'round.

All Mexican food is, to say the least, well seasoned. A certain amount of toning up or down may be done, however, to suit individual tastes. Good preparation is a must. The cook who does not give her Mexican dishes enough time to mellow in the cooking will spoil

the finest ingredients.

MRS. CLINT FORMBY's parents live near the border and her mother collected many national recipes from experienced chefs in Mexico who made a specialty of preparing certain Mexican dishes. Mrs. Formby inherited many of these recipes and learned to make the most of Mexican cookery. Perhaps her favorite is enchiladas and this recipe is likely to become your favorite too, once you try it.

- Enchiladas**
- 2 pounds hamburger meat
 - 1 cup chopped onions
 - 2 medium cans tomatoes
 - 1 teaspoon salt
 - 1-8 teaspoon pepper

Chili Sauce

Grated cheese
Cook one-half of the chopped onions in 2 tablespoons of fat until onions are clear. Drain on absorbent paper. Brown meat in same fat and drain. Empty excess fat from skillet and put meat, cooked onions, tomatoes and salt and pepper, into skillet. Cover and allow to simmer about 15 minutes. (Add not water if it gets too thick.)

Chili Sauce

Melt 4 tablespoons of fat in skillet, add 4 tablespoons Chili powder and stir (over low fire) until it makes a paste or becomes the consistency of thin gravy. Salt to taste and add more chili powder if you like it real hot. In another skillet put enough shortening to make one-half inch of melted fat. Turn heat on medium under chili sauce and under fat and have the meat mixture hot. Have grated cheese and remaining half of chopped onions ready. (Prepared chili sauce may be used.)

Method

Soften a tortilla in fat several seconds, place in sauce and then in plate. Spread with meat mixture. Top with another tortilla prepared as before and spread again with meat mixture. (Three tortillas may be used). Top all generously with the grated cheese and a little of the chopped onion and serve hot garnished with Dulceto peppers. Bring remaining chili sauce to the table for extra serv-

ings.
Mrs. Formby likes to serve toast-tados, avocado salad and ambrosia for dessert with the enchiladas.

To make toast-tados: early before the meal fry tortillas until crisp and drain on paper towel. Break into pieces and salt, and put into wooden bowl or serving basket. This takes the place of bread or crackers. For the salad she mixes cut avocados and pineapple chunks and serves on a bed of lettuce. Her combination for ambrosia includes pineapple, coconut and bananas or oranges instead of the pineapple.

Serve the ambrosia with a favorite simple cookie and a hot or cold drink as preferred.

Make a habit of setting down the date on which you've bought a spice right on the container. If there is a little left in the container after about a year, discard it and buy a fresh package. The essential oils in spice lose their strength after a time.

Buy only the amount of fresh sweet potatoes or yams that your family can use in one week, since this vegetable does not store well.

It's a good idea to sift dry ingredients, when you're baking, on to a piece of waxed or clean brown paper. Saves washing a utensil!

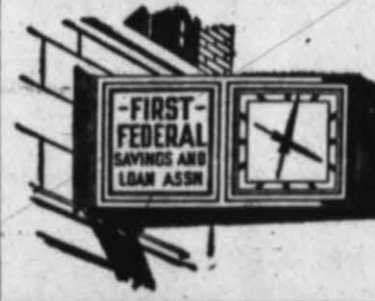

Dry your chopping bowl and board and your rolling pin carefully after you wash them. And remember that wood is porous. Never soak them!

himself with the Lions Club, then the only civic organization in the community. Since then he has successfully filled every office in the club, except that of secretary. He served as president of the organization in 1939.

Working with this group, with the Chamber of Commerce and with other organizations, he spearheaded a drive to erect badly needed football bleachers shortly after his arrival in Hereford. Again, in 1939, there arose a need for a softball field and, once again, Close spearheaded the drive to raise the necessary funds. He also devoted much time to securing the swimming pool in Hereford.

A tireless worker, he also found time to serve as president of the Hereford Chamber of Commerce in 1943-44, during which period Hereford gained nation-wide fame as "The Town Without A Toothache." Back in 1939, during the period he was Lions Club President, Harold Close also organized a Boy Scout sustaining club in the community and served for seven years as secretary - treasurer and chief supporter of the movement. He has been chairman for Red Cross drives, Polio drives, U. S. O. and other community activities.

Harold Close was born Aug. 18, 1903 in Sioux City, Iowa, and is now 51 years of age. He got his first job as a drug store "flunkie" when he was 12 years of age and continued in the profession until 1953. He finished high school at Rawlins, Wyo., in 1920, then entered the University of Nebraska. He graduated in 1924 as a licensed pharmacist. He also holds a pharmacy certificate in Texas.

He married Charlotte Draper in Cheyenne, Wyo., July 29, 1923, and has two sons: Harold Close Jr., Clovis, N. M., and Fred R. Close of Denver, Colo. The Close family moved to Hereford on Sept. 1, 1931, to establish Close Drug Store, which he operated until 1933.

Following sale of his store, Harold Close was appointed District Manager of Financial Industrial funds of Denver, Colo., with headquarters in Hereford.

Some of his other accomplishments include: Secretary of the Hereford Toastmaster's Club, honorary council of the Boy Scouts of America, Elder in the Presbyterian Church, member of the Hereford Masonic Lodge, El Paso Consistory (32 degree) and Khiva Shrine Temple.

his point of view on Hereford's greatest need, Harold Close states, "Well, I think of many things we need but the main thing is a community building, which has already been proposed but should be followed through with and completed. Any projects that would increase, such as facilities for recreations, parks, clubs, golf courts, the like, are also greatly in demand."

Beauty At Home

By Lynn Carter

Q. Is there something I can do to reduce puffs under my eyes?

A. Try making an eye compress of a strip of absorbent cotton, dipping this into cold water, pressing almost dry, icing, and then sprinkling with eye lotion or a very mild skin freshener. Press this gently over the closed eyes, lie down, and relax.

Q. What do you suggest doing for "dishpan" hands?

A. Use pure lanolin oil, or baby oil, butter or milk on the hands. Coffee cream is very beneficial, too, for dry hands.

Q. What is a good dry shampoo for the hair?

A. After beating the whites of two eggs as stiff as possible, take it a handful at a time and rub it well into the scalp with a light, circular movement. Dry the hair for 20 minutes, then brush.

Q. How can I whiten the darkened skin on my elbows and the backs of my heels?

A. Rub this skin with the rind of a lemon.

Q. How can I exercise to reduce overly-fleshy hips?

A. Sit on the floor and walk across it on your buttocks, and without helping yourself with your heels. Another good exercise is to sit cross-legged, hands clutching ankles and keeping them slightly off the floor; rock side to side, as fast as you can, without up-setting.

Q. What makeup will minimize the appearance of a nose that has wide, flaring nostrils?

A. The tiniest bit of rouge, blended along the side of each nostril will make them look smaller.

Q. How can I make a bleach for lightening the hairs on my legs?

A. One part ammonia to six parts peroxide is a good formula.

Q. What is a good, inexpensive lotion which will combat the dryness of my skin?

A. A bottle of lanolin or baby

How Can I?

Q. How can I remove coffee stains from fabric?

A. When the stains are fresh pour boiling water through them, or rub with glycerin and wash in lukewarm water. If the stains are old and dry, apply javelle water and as soon as the stain disappears soak the place in ammonia and water to prevent damage to the material.

Q. How can I give vitality to a canary?

A. If the canary has lost vitality during the molting period, place a rusty nail in the drinking water. It will supply iron to the bird when he is not so active as usual.

Q. How can I prevent new shoes from burning the feet?

A. The new shoes will not burn the feet if talcum powder is sprinkled liberally into them.

Q. How can I avoid ruining a garment by using a spot remover?

A. Try the stain remover first on a section under the hem of the garment. This will avoid the chance that the remover will take the color out of the material as well as remove the stain.

Q. How can I remove scorched spots from linen?

A. If the linen is not scorched very badly, rub a cut onion on the marks and then give the linen a good soaking. The cold water will

oil is excellent for this.

Q. How can I lubricate dry, chapped, or weather-toughened hands?

A. Olive oil, oil of sweet almonds cucumber oil, or odorless castor oil are all good for this purpose.

Q. How can I make myself a good, general-purpose facial mask?

A. Using just enough sour cream to fill the tip of a small spoon, add an equal amount of honey. Mix this together and spread it over the face, under the eyes, and over the eyelids. Leave on at least a half-hour, until dry—then wash off with lukewarm water, followed by cold.

Q. My chin is weak-looking. How can I make up to offset this?

A. Try wearing your rouge high, and powdering your chin several shades lighter than your cheeks.

remove the scorched stains.

Q. How can I brighten aluminum utensils?

A. Use the darkest aluminum pan for cooking rhubarb, apricots, lemons, or tomatoes. These foods contain acid and will brighten the aluminum.

Q. How can I be certain that I am buying a good broom?

A. Choose one with green-colored straws, but avoid the dark reddish straws, and be sure the brush is firm on the handle. Never let it stand on its bristles and give it a bath in soap suds occasionally.

Q. How can I dry damp flour?

A. By sifting it several times in front of the open door of a hot oven. The flour should be cooled before using it or returning it to the container.

Q. How can I give a polish to tinware?

A. Rub a freshly sliced onion over the tinware and then rub vigorously with a dry clean cloth, to give it a high polish.

Gal Blows Up For A Living

By Reinhold G. Enz

DUESSELDORF, Germany — They call her Dynamite Else—the only girl in West Germany who makes a career of teaching off

explosives. Twenty-four-year-old Else Schauf is also the only girl to earn the government-recognized title "Sprengmeisterin" (explosion mistress).

Her future was dubious two years ago when she walked into a state office in Solingen and asked for permission to take the "Sprengmeister" (explosion master) exam.

Bureaucratic heads were scratched and law books consulted. Nothing was discovered which said women couldn't take the exam, so Else—after two years of schooling in the finer points of dynamiting—finally became a Sprengmeisterin. When people ask if she is ever frightened, Else replies:

"Certainly not. Perhaps I have been tainted by heredity—they don't call us the 'Powder Family' for nothing."

By Powder Family she means her 52-year-old father, Peter whom she can thank for her strange career. He was seriously injured in 1949 while clearing away World War II mines, and Else decided to step into the

breach.

He has since recovered, and Else now works under his direction, blasting away the war time ruins still found in almost every German city.

Dark-haired Else enjoys her work, though marriage has so far eluded her.

"When men hear about my profession," she says with a wry smile, "they turn chalk white."

Community Builders

Some Community Builders work one way. Some another. Harold Close is the type who takes the bull by the horns, steps out in front, and leads the way. When he becomes interested in a particular project, he thinks of nothing else. He eats, sleeps, and talks about nothing else, but the particular project at hand.

That's how Hereford got two sets of football bleachers, put across community drive after drive, kept the Boy Scout sustaining club going through the "dark ages" and generally accomplished a lot of other "impossible" things.

Pitching in and doing things that "just can't be done" is a specialty of Harold Archibald Close. What is even more important, though, is the fact that he has soon converted quite a handful of helpers who are just as enthusiastic as himself.

Much of his work has been accomplished through his membership in the Hereford Lions Club. He moved to Hereford on Sept. 1, 1931, and three days later, affiliated

MR. R. R. MURPHY
CITY ELECTRICAL INSPECTOR OF AMARILLO, TEXAS

TESTS FOR PROPER HOME WIRING-----

A Is it Safe?
B Is it Adequate?

R. R. Murphy, city electrical inspector, Amarillo, Texas, recognizes the growing home need for sufficient electric capacity. Mr. Murphy, who is building his new home, says, "I'm making sure of plenty of electrical capacity...my wiring is safe as it complies with the Amarillo city code. In addition, it's adequate and will be for years to come."

NUMBER 12 SIZE WIRE MINIMUM

Mr. Murphy has put large enough wire in his house so that all electric appliances get sufficient voltage for proper operation. He says, "I've used #12 wire as minimum on all circuits with large loads in the heavy duty circuits—#6 for the electric range and #10 for the electric dryer."

100 AMPERE MAIN BREAKER
8 CIRCUITS PLUS RANGE AND DRYER

"Here you see 8 circuits with provision for a future 8 more. In addition, there are separate circuits for the electric range and electric dryer. The kitchen, for example, has two appliance circuits for coffee-makers, waffle irons, toasters, etc."

"All I'll have to do here is plug in my electric range. What's more, the wire used is #6 which means that the range will operate at top efficiency. Wire of the right size is an important part of electric appliance operation."

"This is the wiring for the electric dryer as it appears before the three-wire outlet is installed and the walls finished. It's easier to get the right wiring at the time the house is being built. I've planned mine accordingly."

NOT MORE THAN 6 FEET FROM LAMP TO ANY OUTLET

To avoid a tangle of extension cords, outlets should be spaced not more than 12 feet apart. Mr. Murphy here shows Public Service wiring specialist that his complies with this important provision.

Modern living calls for an lamp, heat lamps, electric shavers and other uses for bathroom outlets. In both of Mr. Murphy's baths, an electric outlet is placed for maximum convenience.

Public Service maintains an Adequate Wiring department. We will be glad to work with your electrical contractor, builder or architect on your home, office or factory wiring or rewiring.

morning and evening services. Twenty-one young people attended training union Sunday night, with the newly elected officers in charge. A program on "Faith" was given by Florine McIntosh, Ted Alsop, Dora Ruth Inman, Gayle Wagoner, Sandra Townsend and Lynn Young.

Mr. and Mrs. Luther Thomas of Dalhart spent the past weekend in the home of Mr. and Mrs. Ed Blakney.
Mr. and Mrs. W. B. Nunley, Jackie, Rickie and Ronny of Hereford called in the Joe Landers' home Sunday.

Ed Baca and his mother and GHI Combs spent the weekend in Plainview.

Mr. and Mrs. Finis Wright of Dawn called in the Elmer Combs home Sunday afternoon.

Mr. and Mrs. Merlin Kaul went to Perryton Saturday night to attend a IOOF Lodge meeting.

Mr. and Mrs. Johnnie Townsend, Sandra, Terrie Jan and Florene McIntosh were Sunday dinner guests of the E. E. Allens of Adrian. The occasion was a farewell dinner for Mrs. Ted Bones, a school teacher at Adrian.

R. M. Gunn, Mrs. W. B. Nunley and children of Hereford called in the Joe Landers home last Thursday.

Bert O'Connor of Plainview spent

the night in the Elmer Combs' home last Wednesday. He accompanied the Combs to Dawn to visit the Finis Wrights.

Of interest to this community is the wedding of Mr. and Mrs. Duane Barrett of Canyon, Mrs. Barrett will be remembered as Carolyn Kiker, who was pianist for the recent youth revival held by Duane Barrett. They are students at West Texas State.

Mr. and Mrs. A. A. Head have moved from their farm into Hereford at 809 Knight Street.

Mr. and Mrs. Ray Parks and family moved recently to the Bippus place west of Hereford.

Mrs. R. L. Wilson was hostess to the Westway Home Demonstration Club Jan. 12. The subject of discussions was "Homestead Improvement." There were 10 ladies present.

Recent dinner guests in the Rudd home included Mr. and Mrs. John Weeks of Denver, Colo., Mr. and Mrs. C. C. Griffin of Amarillo, Mr. and Mrs. Kenneth Rudd, Treasa and Susan and J. B. Little. Mrs. Weeks and Mrs. Griffin are sisters of Mrs. Paul Rudds.

Mrs. W. B. Nunley of Hereford called in the Elmer Combs home Thursday afternoon.

Mr. and Mrs. Elvin Wilson and children were supper guests of the Truitt Johnsons of Friona recently.

The year book program committee met with Mrs. George Turrentine the chairman, last week. The ladies made plans for filling out year books and discussed programs for the coming year. Ladies attending were Mesdames Clarence Sauley, Merlin Kaul and Elvin Wilson.

Mrs. Tom Draper called in the George Turrentine home recently to discuss with Mrs. Turrentine, vice president of the Westway Club, the years work for the club.

This community extends sympathy to the Joe Wagoner family at the loss of Joe's mother, Mrs. Annie L. Wagoner, of Groom. Mrs. Wagoner had been ill for some time, but was taken to Groom hospital a few hours before her death on Jan. 10.

Those of this community attending the funeral of Mrs. Wagoner at Groom were Mr. and Mrs. Elmer Combs, Mr. and Mrs. Preach Merritt and Mr. and Mrs. Jack Renfro.

Mrs. Preach Merritt, Mrs. Elmer Combs and Mrs. Merlin Kaul met at the home of Mrs. T. J. Parsons in Hereford to help prepare the program and menu for the annual football banquet.

Mrs. Joe Landers, Mrs. Roy Lee Wilson and Terrie Townsend have been on the sick list recently.

Mr. and Mrs. John David Owens and son, David Benjamin, have returned to their home in Friona community after spending several days in the Joe Wagoner home.

Mr. and Mrs. Finis Wright of Dawn visited the Elmer Combs Tuesday night.
Mr. and Mrs. Ed Blakney went to Silverton last week to take care of some business at the ranch.

Ed Blakney made his regular weekly trip to Amarillo last week to see his doctor. He has been doing so since surgery on his throat about a year ago, however, he is doing so well his doctor dismissed him for six months.

A correction is to be made in last week's news. The Clarence Sauleys and the Mack Jacksons have gone to Hot Springs, Ark., instead of New Mexico.

LITTLE ANNIE ROONEY

by DARRELL MCCLURE

AH, MISS CALLIE~ I CAME HOME EARLY TO PEEK IN UPON LITTLE ANNIE'S "GET ACQUAINTED" PARTY~ I'LL BET THEY'RE HAVING A GOOD TIME~ KIDS LOVE PARTIES~

NOT THIS ONE, THEY DON'T~ I'D CALL IT THE BIGGEST FROST SINCE THAT COLD WINTER THE CRICK FROZE OVER~

A FROST? BUT WHY?? I ORDERED EVERYTHING OF THE BEST~ FINE FOOD~ MUSIC~ FAVORS~ I INCLUDED EVERY CHILD IN THE VILLAGE~ WHY?

BECAUSE YOU'RE "KING" PRIDE, THAT'S WHY~ AND THEY AIN'T FORGETTIN' IT FOR ONE MINUTE~

YOU CAN SEE FOR YOURSELF WHAT A WILD FROLIC OF FUN AND REVELRY IS GOIN' ON~ THE KIDS ARE PLUMB PETRIFIED BECAUSE THEY'RE INSIDE "KING PRIDE'S PALACE"~

WELL, THE PARTY'S OVER AN' THERE THEY GO~ THEY'RE RUNNIN' LIKE FAIRY TALE CHILDREN ESCAPIN' FROM THE WICKED GIANT'S CASTLE~

THAT SETTLES IT~ OBVIOUSLY LITTLE ANNIE CANNOT STAY HERE!

HUH!! YOU MEAN YOU'RE GOING TO THROW THE POOR CHILD OUT ??

CER-TAIN-LY NOT! YOU JUMP TO CONCLUSIONS THAT DO ME LITTLE CREDIT~ I AM GROWING A BIT TIRED OF THIS MONSTER ROLE~

WHAT I HAVE IN MIND IS A PRIVATE SCHOOL AWAY FROM HERE~ NATURALLY IT WOULD HAVE TO BE A SCHOOL OF THE HIGHEST STANDARDS~ AS MY WARD SHE MUST HAVE THE BEST~

SAY~ THAT'S AN IDEA~ NOW I'D BETTER GO TO LITTLE ANNIE~ I'M PRETTY SURE SHE NEEDS ME AFTER TODAY'S FLOP~

I~I TRIED SO HARD, MISS CALLIE~ B-B-BUT THE KIDS JUST DON'T LIKE ME~ I THINK THEY HATE ME!

NO, HONEY~ THEY DON'T HATE YOU~ TROUBLE IS YOU'RE BUCKING A SYSTEM IN THIS TOWN THAT NONE OF US CAN LICK.
