Commissioners Approve Budget For Fiscal Year

Hereford's city budget for the fiscal year 1956 shows that estimated expenditures and revenue will total \$275,500. The budget, largest in the city's history, was approved by city commissioners Tuesday night.

Prepared by City Manager Cecil Massey, the budget's estimated expenditure and revenue totals \$35,100 more than did estimates in the 1954 budget. Biggest increase is expenditures will be in capital improvements, while revenue increases will come mainly from increased property valuation.

The city's fiscal year begins May 1.

In presenting the budget to the commissioners, Massey said, "The careful expenditure of the available anticipated revenues as outlined in this budget will keep this city operating on a sound and con-

structive basis." Several pay increases for city personnel were authorized in the budget. Massey termed the pay increases "fully justified." The budget calls for adding to the reserve set up last year for the widening and improving of Highway 51, as well as for additional water and pump station improvements "that might come up this year."

Expenditure Estimate
A breakdown of estimated expenditures shows the following: General, \$21,940; fire department, \$7435; sanitary department, \$20,534; parks department, \$4747; police department, \$28,475; street department, \$16,793; water and sewer department, \$37,825; engineering department, \$7675; interest and sinking fund requirements, \$38,259; reserve and reserve build-up for utility extensions, \$31,426.08,

including \$24,300 from general fund and \$13,958.92 from water and sewer fund; and capital improvements \$61,091, including \$41,010.60 from water and sewer fund and \$20,180.40 from general fund.

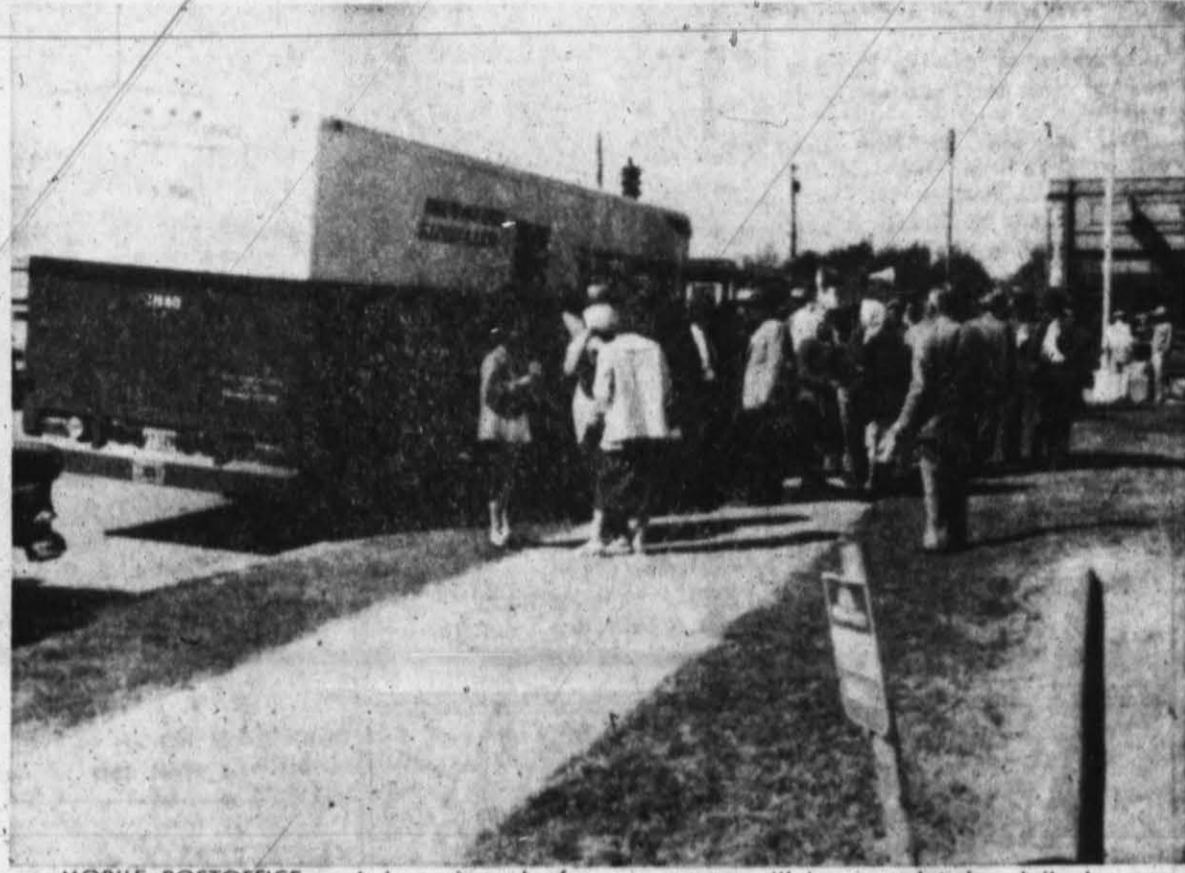

Revenue Estimates
Here's where the money will come from: Ad valorem property tax, \$109,350; ad valorem delinquent taxes, \$5000; penalty and interest, \$700; garbage and trash fees, \$20,800; water and sewer, \$100,000; corporation court fines, \$7500; licenses, \$350; water taps, \$7500; building and zoning fees, \$150; services rendered, \$1000; miscellaneous income, \$1500; two percent gross receipts tax on utilities, \$10,300; parking meters, \$11,000; and inspections, \$350.

Total bonded indebtedness for the city is now \$618,000. The city has estimated assets of \$16,683 available for interest and principal requirements during the year and will need a total of \$40,635.37. Total tax levy for all bond issues is 30 cents.

Salary Increases

Salary increases included upon the tax collection bookkeeper's pay from \$2640 a year to \$2880; the tax deputy from \$2220 to \$2280; the city attorney from \$1200 to \$2400; fireman from \$3240 to \$3300; sanitary department drivers from \$2520 to \$2700; sanitary department laborers from \$2400 to \$2520; dump ground attendant from no salary to \$144 a year; park department manager from \$2400 to \$2640; park department laborers from \$1408 to \$1500; four patrolmen from \$3180 to \$3240 each; police radio operator from \$2400 to \$2520; police clerk from \$1680 to \$1980; street department maintainer operator from \$2760 to \$2880; operator of sweeper from \$2640 to \$2760; superintendent of water and sewer department from \$4800 to \$5220; assistant water superintendent from \$3780 to \$3960; pumper from \$2280 to \$2520; water department clerk from \$3000 to \$3120; and water department laborer from \$2820 to \$3000. Salaries of the mayor, commissioners and city manager were unchanged.

In addition to the pay increases, \$2180 was written into the budget for a police meter patrolman. "I am of the opinion that we can carry on operations with the same number of employees as we have had this past year, with the exception that perhaps one additional employee should be added to the police department. Regarding our discussion in the past, this employee might or may be a woman employee to handle all the parking meter problems." Massey showed in the budget an estimated tax levy of \$121,500 on (Continued on Page 2)

MOBILE POSTOFFICE -- A large crowd of interested people turned out to see the new bus on wheels, which made a trial run through Hereford Saturday. Beginning today, this area will be served twice daily by one of the large red, white and blue busses. The High School band was on hand to provide music for the occasion. (Staff Photo)

Polio Shots Given 515 Students Here

Five hundred and fifteen Hereford first and second grade students filed through a line in less than three hours Thursday to receive their first of two shots of the recently approved Salk polio vaccine. Students will receive their second shots in two weeks.

Students who were sick or absent for any reason whose parents still want them to receive the shot, are to take their children to the office of Dr. R. R. Willis.

The inoculation of students here went off much more quickly than

had been expected. It was believed at first that it would take two days to complete the task, but cooperation from the students made the job easier than expected.

Students were taken from Shirley and Central schools to the high school building where they went to the home economics room. There they turned over their permits from their parents and were sent to one of four medical personnel who were actually giving the shots. The whole thing was through before most of the children had a chance to get afraid, but there were a few tears.

After affects from the shots apparently have not caused any problem. Few if any students got sick.

Dr. Willis is in charge of the program here. An estimated 600 students were eligible for the free vaccine shots. Vaccine was made available by money contributed through the March of Dimes.

Mrs. Park Rites Sunday Afternoon

Funeral services for Mrs. Cassie Park will be held Sunday at 4 p.m. in the Church of Christ of which she was a member. Bob Weas will conduct the services.

Mrs. Park, who was 75, died April 22 in the Deaf Smith County hospital after an illness of several months.

Born Dec. 12, 1879, in Missouri, she was married to J. L. Park in December of 1899 in Bardwell, Tex. Having come to Texas in 1885, she came to Deaf Smith County in 1902 from Bardwell, and has lived here since then. She was living at her home northeast of Hereford.

Interment will be made at West Park Cemetery.

Survivors include her husband, J. L. Park; five daughters, Mrs. Mable Henrey of Coolidge, Ariz., Miss Edah Park of Denver, Mrs. Paul Cavender of Amarillo, Miss Lucille Park of Dumas and Mrs. Ruth Donovan of Tulsa; two sisters, Mrs. Ben Cave of Lubbock and Miss Carry Lindsey Bardwell; one brother, Charley Lindsey of Red Mountain, Calif.; 13 grandchildren, and four great grandchildren.

Merchants Ask Printing Claims Court Judgments

A motion calling for printing small claims court judgments "in the paper" was approved by the Merchants Committee at their regular weekly meeting held Friday in the Jim Hill Hotel ballroom.

The motion came from Don Zimmerman after a talk by Justice of the Peace E. W. Solomon on the workings of the court. Zimmerman said he believed that "it would do a lot of good" to have the judgments printed. The group went on record as approving such action.

Justice Solomon said about 75 cases had been filed in the small claims court since the first of the year. Out of that number, he said 30 claims had been paid in full. He estimated that merchants had gained about \$800 by action of his court.

The court, the JP explained, can handle any claim which does not total more than \$50.

In other action, the merchants voted to drop their safety program "until such time that the city comes up with some definite program."

Twenty-eight persons were present.

Around Town

The big post office bus drew a lot of attention and a lot of talk Around Town this week. Folks were busy comparing it with the old railway mail cars—some favorably and others unfavorably.

G. W. Brumley, 73, is telling this story on himself. He says that several days ago he ran over himself in his own automobile. Seems that Brumley left the car running when he got out to open a gate. The car rolled forward and pinned him down. The well known Hereford man suffered injuries on his left leg.

County Judge Homer Henslee and county commissioners are to attend the Amarillo meeting of county officials Monday and Tuesday. (Continued on Page 2)

Hereford Choirs Receive First Division Ratings

Hereford High School and Stanton Junior High choirs, which went to Canyon Wednesday and Thursday with their director, Don Moore came back with first division ratings for both groups.

Wednesday the High School mixed choir sang, winning the "sweepstakes" which was the only mixed choir to win one. In winning the sweepstakes, they were given firsts in both concert singing and sight reading.

The girls choir received a second in singing and third in sight reading. (Continued on Page 2)

Brannan, White To Speak At Farmers Union Meeting

Two outstanding farm leaders will be featured speakers at a High Plains farmers' meeting, sponsored by the Deaf Smith County Farmers Union, Friday night at the high school auditorium.

Charles F. Brannan, former secretary of agriculture, and John White, Texas commissioner of agriculture, will deliver principle addresses at the Hereford meeting.

Brannan, who is now general counselor for the National Farmers Union, will speak on "The Administration's Plan to Liquidate Traditional American Agriculture."

Jay Boston, president of the Deaf Smith County Farmers Union terms Brannan as "possibly the best informed man in America on agricultural economics and farm programs." According to Boston, the former agriculture secretary will discuss "the effective measures that must be taken in order to halt this program of destruction and return our National agricultural policies toward a program of prosperity instead of a program leading to poverty."

Members will vote on irrigation rates. T. E. Seigler, president of the Board of Directors said. He urged all members to be present. Other important business will be the election of three new directors and the auditors report.

A lunch served by a Fort Worth catering service will be served to members and their families at noon.

Bible Recording Available To Sick

A full recording of the Bible has been purchased by Hereford Lions. The 26 record album will be available free of charge to the blind and the sick in approximately three weeks.

Lion President Cecil Massey said the records would be added to the collection of 20 or 30 books which can be used with the Lions' ceiling projector, which is also available to bedridden persons.

'Mother Goose' Production Set Tuesday Night

The Shadow Players' production of "Mother Goose" is to be given Tuesday night at the High School auditorium beginning at 8:15.

Under the direction of Doris Landers Hess, the program will feature the high school A capella Choir, a group of Mrs. J. R. Fowlkes' kindergarten students and a cast of 3 local players, all in costume.

The cast is composed of Kathleen Cayler as Mother Goose; Pat Loerwald, Little Bo Peep; Jack Winget, Little Jack Horner; O. D. Lowry, Simple Simon; Bartley Dwell, the Pie-man; Tom Mathies, Little Black Sambo; Blue Turpin, the Tiger; Don Moore, Little Tommy Tucker; Jan Forrest, Mary Had A Little Lamb; Keith Blanton; Little Lamb; Bob Fore, Wee Willie Winkle.

Ethel Womble, Mistress Mary; Mrs. Jim Whelan, Mother Kitten; Gayle Potter, Mary K. Huckert and Doug Womble, kittens; Billie M. Buck, Red Riding Hood; Cecil Massey, the Wolf; Bessie Patterson, Little Girl with a Curl; Billie Johnson, Old Mother Hubbard; Bartley Dwell, Farmer in the Dell; Betty Hendrick, farmer's wife; George Lewis, Snowwhite.

Joe Landers, Happy; Pat Sullivan, Grumpy; Wiley Quantlebaum, Doc; Dan Trew, Sneezy; Clarence Duvall, Harold Loerwald, Dooper; Will Harris, Bashful; Deanna Brown, Old Witch; Margaret Aven, Old Woman in the Shoe; and Joyce McLean, pianist. (Continued on Page 2)

IT DID TOO, one of the youths getting the shot exclaims. O. Z. Golden is giving the shot, assisted by Jo Hardy. The youngster "next up" braces himself for the ordeal, but he, like all of the 515 who received their first inoculation, didn't give much trouble. (Staff Photo)

LUBBOCK OR BUST — There was much optimism among this group of Hereford Lions when they left Friday for Lubbock by, to say the least, unusual means, to attend the District 27-1 Lions Club convention. Least optimistic of the seven pictured above were the two mules on the left. Others pictured include Homer Brumley, in the drivers seat; Cecil Massey on his left; Harold Close, left and Ray Cowser, kneeling; Neil Cooper, on the back of the wagon. The local Lions hope to arrive in Lubbock in time for some of the convention, which begins Sunday. (Staff Photo)

The Hereford baseball team, members of the Central Plains Baseball League, will open their season today against Nazareth at Nazareth. Almost the same team placed second in the Irrigation

League last year, and according to acting manager Wendel Burdine the team may have been made stronger with the addition of more youthful players.

Damage to a few timbers resulted from Friday's fire. A house under construction caught on fire from a short in a plumber's drop cord. The fire call took firemen to the corner of Harrison Highway and Texas Avenue.

Lloyd Sharp and Calvin Edwards have purchased the Gulf service station just north of city hall. Wayne Huff will manage the station.

An estimated 50 Deaf Smith County farmers are expected to attend the five-county meeting in Friona Tuesday night to hear J. Walter Hammond, Texas Farm Bureau president, and others speak. Hammond will also speak to Hereford Lions next Tuesday noon at their regular weekly luncheon to be held in the Jim Hill Hotel. All persons interested have been urged to attend the Lions Club meeting. Tickets can be purchased at the Farm Bureau office or at the door Tuesday.

West Texas State College ex-students will meet next Friday night at 8 p.m. in the Fellowship Hall of the First Methodist Church. The program will be presented by the Ex-students Association at the college, headed by Milton (Buff) Morris.

Extremely high winds and blowing dirt caused postponement of the Hereford-Dalhart baseball game which was scheduled to be played in Dalhart Friday. Instead, the two coaches decided to play a doubleheader here May 4.

Two Guilty Pleas Are Heard Here

Two pleas of guilty were heard in District Court this past week.

Carl Mayberry plead guilty to assault with intent to murder and received a two year penitentiary sentence. Pete Encinas entered guilty pleas to charges of burglary and second offense driving while intoxicated. He was given a 10 year sentence on the burglary charge and a two year sentence on the DWI complaint.

Mayberry was charged with assault upon his wife. The burglary charges against Encinas came following an unauthorized visit to the county jail, where he took a number of things being held by officers as evidence.

MISS ROSALIND GILES, of the State Welfare office, explains the operation to Cal Farley at the meeting of the 69th Judicial District at Boys' Ranch. An experimental program has been set up in this district by Judge Harry Schultz, upper left and directed by Jerry Chapman, upper right.

Hereford Welfare Workers Attend District Meeting

Judges and welfare workers from six counties met with Miss Rosalind Giles, director of Child Welfare Division in Austin, at Boys' Ranch, Tuesday night to discuss an unusual program which is in operation in this district.
Miss Giles made the trip to West Texas to discuss with the officials the services that the 69th district has rendered to child welfare in the past 10 months.
Boys' Ranch was selected as the meeting place. Cal Farley and the boys were hosts to the group. Bobby Price welcomed the group to the Ranch and all the boys were very enthused over the guests. After showing them around the Ranch the boys prepared the entire meal themselves and then because they did such a splendid job from raising the beef, butchering it and serving the meal, the kitchen crew was introduced to the visitors.
The judges and welfare workers of the 69th district have carried on an experiment the past few months which has gained state recognition. When a case comes up before the court involving a child, a judge usually finds that he does not have adequate information regarding the case and the child in order to give his best judgment. District Judge Harry Schultz felt that if he had help in getting all the information before the case comes up before the court he could do a better job in helping the child.
He felt that in divorce cases the children are the ones who are being damaged and a judge owes more responsibility to a child than simply signing his name to a document which affects the child's life.
The program has worked so successfully and helped the court so much that it came to the attention of the state office. Miss Giles said of the 69th district that it is doing one of the best jobs in the state. She felt that all districts could benefit from the service and the idea will soon spread to other districts.
In the 69th district, Jerry Chapman does the field work and each problem is discussed before a board who tries to solve as many problems as possible before the case comes up.
The Welfare Board Members of Deaf Smith County are Neil Cooper, Mrs. O. G. Hill, Earnest McGee, W. G. Albracht, Mrs. Henry Hastings, Mrs. Earl Springer and Mrs. Bert Boomer.
Attending the meeting from Hereford were Mr. and Mrs. Earnest McGee, Mr. and Mrs. W. G. Albracht, Mrs. Springer, Mrs. Ellen Gray, State Welfare worker, Mrs. Jewell Smith, county welfare worker, and Mrs. J. W. Terry.

Thirteen Attend Bluebird Meeting

The Joyful Bluebirds met Wednesday afternoon at 2:15 for their regular meeting at which the girls did handwork.
There were three girls absent. Lawjana Morris, Wanda Mitchell who had the chicken pox, and Ronda Jean Snodgrass, who had the mumps.
Refreshments were sent by Mrs. LeRoy Price and by Mrs. Maxwell. Thirteen girls attended: Candy Aiken, Virginia Clark, Barbara Dearing, Nancy Gripp, Mary Edni Jones, Linda Sue LaPlant, Patricia Maxwell, Janis Sue Medley, Linda Kay Morris, Dixie Pace, Patricia Price, Linda Joyce Scott and one new member, Ruby Martin.
Mrs. Berry Bennett helped the leaders, Mrs. Archie Scott and Mrs. P. T. Clark.
TV DISPUTE ANSWERED
FAIRBANKS, Alaska — Television, still new to the north, always drew a faithful—but not a peaceful—audience around the set in the Nordale Hotel lobby.
Tempers were prone to grow short and arguments long over which of the two available channels should be tuned in.
The hotel management solved the problem.
It removed the set.

What's This

By Chris

Howdy Folks! Well, say, what do you think of that crazy mixed-up choir winning sweepstakes? Believe me, it was mixed up Friday. Somebody had this brainy idea to mix the sections, and you should have heard what we came out with!

Wonder why Georgia got sick Friday in American History? Do you suppose it would have anything to do with sunburns and knives and Charles and Bill? Ask her why Bill took off his shirt!!

You know that Barbara Allen has a picture of a sailor boy tucked away all nice and snug in her billfold; what's more, she won't even let anyone get close to it. Wow! Should I—No, I don't think I'll tell you his name, but I imagine you all know him.

Mrs. Patterson just isn't nice at all! She's always shocking our modesty second period. And do you know, she and Elmer were actually holding hands after the Junior-Senior Banquet!

Carroll S. is really moon-eyed these days! Could it be the uh... sand? I don't much think so...

I know some jokers who are going to get their hair pulled out by the roots if they don't stop stepping on Mr. Stark's toes—translation: (talking). What about that, Shari, Betty, and Turk? Of course I never talk—I just listen. I thought he was trying to play

stare-down the other day, but he was just "glancing" at them.

Is it ever fun watching all those "proxies" rant and rave when the black and brown roots start showing. Of course some of them just took the short cut like Don Vinton, for example. He told me the other day that his hair was coming. He will learn!

Well, since all things must come to an end, I "gotta" be going. See you later.

Accident Causes \$340 Damages

An accident occurring Wednesday caused an estimated \$340 in damages.

The accident occurred when a 1954 Chevrolet driven by Edwin Henry Flood collided with a 1948 Chevrolet, driven by Morris Hacker.

The two cars were going east on Park Avenue when Flood tried to pass Morris Hacker in his car. The car skidded and hit Hacker's car. Flood was charged with speeding and trying to pass at an intersection.

Mrs. Eugene Naugle left Friday for Flagstaff, Ariz., to attend the funeral of her brother, who died Thursday.

B. Higgins.

The mothers of the Singing Blue Birds also met at a called meeting Wednesday at 2 o'clock. Mrs. A. B. Higgins, leader of the group, presided and discussed with the mothers problems about new costumes, summer camp and the Flying-Up ceremony. The date of May 7 was set for a train trip to Clovis.

Mothers present were: Mesdames Pat Ranspot, Iley Barton, Carl Schroeder, Paul Woody, Tony Encinas, Don Houle, George Heard, Frank Huckert, Joe Story and the sponsor, Mrs. Luther Lesly.

surer; Mrs. K. W. Neill, parliamentarian and Mrs. Guy Walsler, historian.

A meeting of the club was held in the home of Mrs. C. R. Walsler Thursday afternoon with Mrs. K. W. Neill as co-hostess. Mrs. Harry Cannon was welcomed as a new member.

Members of the speech class of Hereford High School and their sponsor presented a program of readings. Included were "Futurist Love" by Wayne Daily, "But I Am One" by Jean Chapman, "Frank in Texas" by Eddie Morrison and "Tulips" by Mrs. Elmer Patterson.

Members present were Mesdames Ky Lawrence, J. B. Noland, L. L. Cannon, Chas. Noland, L. J. Counselman, Lee Curry, K.W. Neill, L. H. Lookingbill, Mack Noland, Ray Johnson, J. R. Euler, D. C. Walsler, and the hostess.

Mrs. Prowell Is LaPlata Club Program Leader

"Haiti and the Dominican Republic" was the subject for a program presented at the LaPlata Study Club meeting held with Mrs. N. D. Bartlett Jr., Tuesday evening. Mrs. Frank Prowell, leader, gave the program using as her theme "The Good Neighbor Policy at Work."

"Hispanola, which includes Haiti and the Dominican Republic, is made up, for the most part, of French speaking Negroes who are very proud of their heritage. While voodoo practices are legally outlawed, certain ceremonies are still in existence. Mshogany is the chief export," Mrs. Prowell said. She also told of the fabulous light house now being built in the bay at Cuidad-Trujillo of the Dominican Republic, where the remains of Columbus will be transferred.

Members attending were Mesdames Milton Adams, F. L. Alexander, Leroy Aven, Homer Brumley, W. W. Buck, Dalton Criswell, Emil Dettman, S. S. Dodson, J. R. Johnson, Don Little, Elmer Patterson, Frank Prowell, A. J. Schroeder, Urlin Stree, Jay Boston, T. E. Seigler Jr., and the hostess.

CEMENT SHORTAGE!

Due to the Cement Shortage we may be out of cement at times during the coming months, but we hope to be able to take care of our many customers without too much delay.

It will be a great help to us, however, if you will let us know in advance on any construction that you are planning. If we can get our orders in early enough, we will be able to get commitments from the Cement Companies.

We will endeavor to take care of our customers to the best of our ability.

Thank you,

BETTER EGGS FROM YOUNG HENS

Old hens just don't have a chance against pullets when it comes to laying top quality eggs. Surveys show that more AA grade eggs come from hens under 12 months of age than from hens in any other age group.

Tests show that the percentage of AA grade eggs from a hen under one year old runs about 87 percent; for a hen 12 to 15 months, 72 percent; for one 16 to 18 months, 61 percent; and for a bird 18 to 21 months old, only 43 percent.

HEALTH HINT

SAVE TIME, SAVE MONEY WITH PURINA PIG WORMER Merely feed Purina Pig Wormer in place of usual ration. That's all there is to worming pigs this new way. No starvation period; no set back. Costs only 4 cents to 6 cents per pig over feed cost. Stop in tomorrow and get complete details.

WHY IT PAYS TO CREEP FEED CALVES

Here are 6 good reasons why it pays to creep feed calves:

1. Calves gain faster when grass and cow's milk are supplemented.
2. Many feeders report 60 to 80 lbs. of extra body weight by creep feeding.
3. Creep fed calves dress out higher, often bring a market premium.
4. Creep fed calves sell 1 to 2 months earlier. Rests the cow, helps her condition.
5. Creep feeding helps uniformity of calves. Poor milkers eat more, keep weight up.
6. Creep fed calves usually put on enough extra weight to pay for feed and show more profit than non-creep fed calves.

Your supply of grain determines which creep feed ration is best for you. Ask us to advise you. SHOWING OR SELLING?

Onion, Fertilizer Tests Underway Near Hereford

The Texas A&M Experiment Station has leased approximately 13 acres of land on Harrison highway, one mile west of Hereford and experiments on onion varieties and fertilizer tests are already underway.

Don Newson, who is in charge of the experiments, said that seven varieties of onions are being tested and that 32 combinations of fertilizer with potatoes are under study.

Newson said A&M would probably have more work, possibly with grain sorghums, later this year.

April Yard Of The Month Features Texas Springtime

Springtime in Texas — Wild March and moody April breed tension—buds are tight, afraid to trust the weather—its storms, its moods and mists.—Then along comes bright sunshine, warm, soothing winds, April showers. Buds find release and gardens are soon brightened by flowers. The lovely array of color in spring flowers blooming in the east yard at the Wallace Cox home prompted the Hereford Garden Club Yard of the Month committee to choose the yard as the April "Yard of the Month."

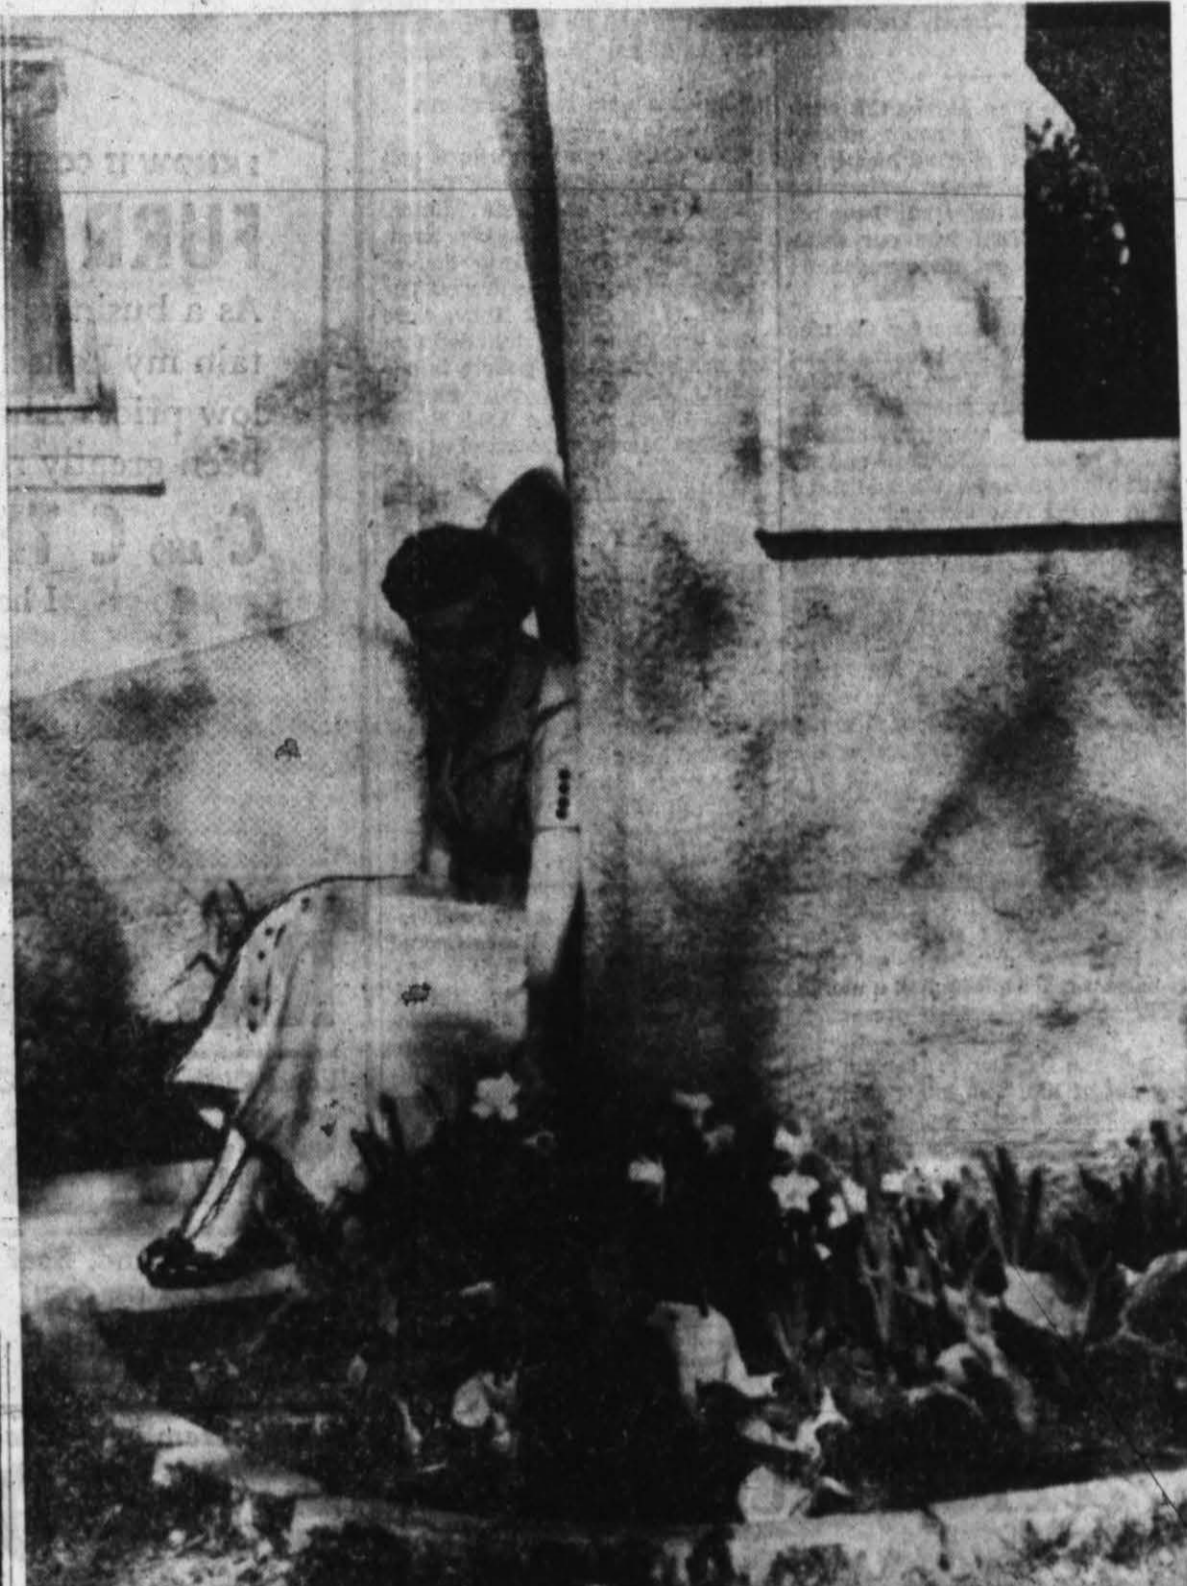

Mrs. Cox is one of Hereford's greatest garden enthusiasts and the opening of each garden season presents her with a challenge to plant and tend a finer garden than ever before. But growing beautiful flowers to maturity is not easy—nor does it just happen—so even though you possess the proverbial green thumb, or like Mrs. Cox, a whole handful of green

fingers to work beauty magic. Growing beautiful flowers takes careful planning, wise buying of bulbs and other plant material, proper planting, the right kind of cultivation and a constant study of the nature of different plants, as well as honest-to-goodness hard work. While gardening is Mrs. Cox's hobby, the term is all inclusive because each variety becomes a hobby flower. The results of her point of view in viewing flowers for their beauty rather than scientific specimen, and her knowledge of what and when to plant, can be found in her yard one year round. Every month from April onward will have its own special harvest of bloom.

When the iris and roses come into bloom, the Cox yard is a riot of color and perfect specimen is the rule rather than the exception. For not only does Mrs. Cox plan and plant for effect, she grows for perfection and from her garden has come some of the finest specimen shown in the Hereford Garden Club flower shows. She keeps up with new horticulture introductions and plants new introductions every season.

During the years she has adopted a slogan which has paid off in results. "Don't buy bargains—buy named quality plants—Always get the best."

Here are some of the varieties of spring blossoms found in her bulb garden; mixed crocuses; hy-

Trumpfitor, King Mauve, golden yellow, Beatrix and Irene, a new one with orange falls.

New roses in her garden are Queen Elizabeth, Taffany and Jimmy Cricket. Her garden includes a large variety of roses. They are her first love and mark the beginning of her hobby. Sewing was her hobby until she began to grow roses and then, like Topey, her love for growing things just grew and grew until it has now become her main interest.

You may be wondering what prompts a gardener to let himself in for so much hard work. With Mrs. Cox, it was a great love for the out-of-doors, and an innate desire to create beauty. She does all the work herself, including the lawn, and likes it. She also likes to hunt and fish, but most of her time during the growing season is spent in her yard and the resulting beauty of her handwork is her own reward.

YOU ARE INVITED TO HEAR CHARLES F. BRANNAN

Former Secretary of Agriculture

AND

JOHN C. WHITE

Texas Commissioner of Agriculture

Speaking at

A PUBLIC MEETING

HEREFORD, TEXAS HIGH SCHOOL AUDITORIUM

FRIDAY, APRIL 29, 8:00 P. M.

On the Subject:

"The Administration's Plan to Liquidate Traditional American Agriculture"

Mr. Brannan will discuss:

- Reduced Grain Sorghum Price Supports, and "Why."
- "Who and What" is behind the present policy of "Sliding Scale" price supports.
- The chances of defeating the "Sliding Scale" in this Session of Congress.

Mr. Brannan, who was Secretary of Agriculture under President Harry S. Truman and Assistant Secretary of Agriculture under Franklin D. Roosevelt, is one of America's greatest authorities on Agriculture problems. All citizens of this area, farmers and businessmen alike, are fortunate to have a leader of his stature discuss our very grave farm problems. The answers to these problems mean the economic life or death of farming as we know it.

You and your family, and your neighbors and friends are urged to attend this important meeting. You will also hear an address by one of our foremost Texans, and a great leader in Texas agriculture, John C. White, Commissioner of Agriculture for Texas.

If you grow grain sorghum, wheat, cotton or cattle, you cannot afford to miss this meeting. You are entitled to KNOW THE TRUTH about the present farm program and what must be done to defeat it.

"Smart Clothes for Smart Women"

Everyone has a small streak of insanity hid away somewhere in his make up. Occasionally, this streak crops out to cause quite a bit of trouble. This is what happened to several members of the Hereford Lions Club this week. I am specifically referring to Ray Cowser, Cecil Massey, Neil Cooper, Homer Brumley and Harold Close. These characters left Hereford Friday in that old Lions Club "ice wagon" affair, and were headed in the general direction of Lubbock for the district convention. The general idea is to make the trip "Pioneer Style," arriving in Lubbock around noon Sunday. They had a bunch of signs and

were operating under the false impression that they were going to have a lot of fun.

What made me mad, though, was the fact that they called up and asked me to go along with them. Such an invitation is definitely a reflection on even my limited mentality. Besides, I probably know a lot more about mules than these five neophytes.

From where I sit, the automobile is here to stay. However, I did take some pictures of the bunch just as they were leaving—and I never saw five people who knew less about handling a pair

of mules. Henry Williamson and Ralph Sears were also on hand, and they are the boys who should have made the trip. Ralph Sears is an old mule skinner from way back. Henry is also well versed in the art. Henry says they will be doing good if they made 25 miles a day. I had it figured at 35 miles, but Henry insisted that I was 10 miles too fast. My personal opinion is that they are going to wind up loading the rig on a truck and transporting it to the city limits of Lubbock. Sunday morning, they may even be ready to take it right up to the hotel.

What's more, they are going to be plenty hungry when they arrive. They plan to camp out along the way and to do their own cooking. This, absolutely won't work. Not with an appetite like Massey possesses. J. W. Robinson went to Chicago with Massey a few years back and J. W. says they passed only one Dixie Queen stand on the trip without stopping. He says that was in St. Louis—and that Massey complained all the rest of the trip about missing that one stand. No sir, this is an ill-fated expedition. Even Homer Brumley doesn't know how to harness the mules. Cooper thought you fed them "Muleena" cubes—but Harold finally convinced him that "Muleena" was something women put in their eyes. Last time I saw the quintet they were figuring on feeding the mules oats. Ray Cowser said they had an extra box at home, then he and Homer Brumley got into quite an argument about the merits of feeding rolled oats to a span of mules.

Anyway, the boys will have plenty of time to reflect during the trip—and I am sure that they will feel quite different about my refusal after they get to know just a few of the things I already know about mules.

About the rain. Maybe this coming week. This is not a money-back offer—but it could happen. It sure could. However, remember that Lipscomb and I still have until May 15. That was our deadline, so don't get discouraged.

Thanks to everyone for the nice things you have been saying about our new comics. Even Elmo Fridley hasn't made an official complaint. Besides, we ran flat-footed out of papers last Sunday—and we naturally attributed the additional sales to the new comics.

I was congratulating Francis Hardwick on his current showing of "On the Waterfront" this weekend, and Francis says that he was plenty lucky to get the film. It is the one which won all of the recent "Oscars" and created such a national stir. He was also telling me that they had a terrific time getting anyone to make the picture. Brandt, who won an oscar for his performance in the same film, is said to have turned thumbs down on the part—but later changed his mind. However, I still say Francis was "on the ball" to get such a jam-up release less than a month after the awards were presented.

Someone is always taking the joy out of life. The latest thing is this Credit School, sponsored by

the Chamber of Commerce. It was hard enough for me to get credit before the school. What we really need is some classes on "How to get More Credit." I asked the man about this and he said, "The best way is to pay your bills promptly." Oh, well. I was figuring on going on a cash basis, anyhow.

How about this high school golf team? Keith Hodges, Dale Taylor, Charles Seed and Jeff Minton. These boys deserve a big hand. Keith and Dale used to deliver papers and do odd jobs around The Brand. I knew that they were good boys, but never dreamed that we had any budding golfers in our midst. Anyway, I am mighty proud of them. Also Bud Posey and Don Martin, who coached the kids.

Peggy Erdman Becomes Bride Of Richard Oakes

Miss Peggy Erdman, daughter of Mr. and Mrs. A. J. Erdman, was married to Richard Oakes, son of Mrs. Maudie Linville, at 8 o'clock Saturday morning in St. Anthony's Catholic Church.

Rev. Father Bartholomew Paytas read the ceremony as the couple and their attendants stood before the altar. Lilies and white gladioli banked the high altar and bouquets of white stock flanked the satin covered kneeling bench.

Mrs. A. H. Reinart, organist, and Edward Dziuk Jr., soloist, provided the music. Mrs. Reinart played the wedding marches and accompanied Mr. Dziuk who sang "Ave Maria" and "On This Day O Beautiful Mother."

Miss Billye Jane Smith attended the bride as maid-of-honor, wearing a navy woolen suit with white accessories and a white carnation corsage. Gene Griffin was best

man and ushers were the bride's brothers, Jerome and Wilfred Erdman. Altar boys were David and Albert Erdman, brothers of the bride.

Bride Wears White

Mr. Erdman escorted his daughter to the altar and gave her in marriage. She wore a white woolen suit with a white lace blouse. The jacket featured a deep flared collar and the skirt was patterned on slim straight lines. A white beaded straw hat completed her costume and her corsage was a single orchid. She carried her mother's silver Rosary and an heirloom white handkerchief.

Following the wedding a reception was held in St. Anthony's School Hall. Those in the house party were Mrs. George Paetzold, Betty and Dolly Paetzold, Mrs. Harold Pettyjohn, Vendelle Edwards, Mrs. Tom Carroll, Mrs. Kenneth Squires and Mrs. Joe Paetzold.

A dinner at the Erdman home honored the couple with members of the immediate families and out of town guests attending.

Mrs. Oakes graduated from Hereford High School and received her nurses training at St. Anthony's School of Nursing in Amarillo.

She received her degree in social science at Amarillo Junior College. For the past five years she has been employed as a registered nurse at the Hereford Medical Clinic.

Mr. Oakes attended Hereford schools and served in the Marine Corps in 1946 and 47 and served in the Army from 1950 to 1952. He is presently employed at the Kemp Lumber Company and the couple will make their home at 803 N. Lee Ave.

Out-of-town guests at the wedding included Mrs. Kenneth Squires of New Castle, Wyo., Mr. and Mrs. Herman Schilling, Mrs. Louise Steffens and Mrs. B. H. Bolinger of Slaton, Mr. and Mrs. W. J. Lueb and son of El Paso, Miss Alice Albus and Mrs. Elizabeth Straub of Amarillo.

Mr. and Mrs. J. M. French of Del Norte, Co., left Thursday morning for their home after attending twenty-fifth wedding anniversary celebrations held by the O. L. Clicks here Wednesday night.

Lippard-Lee Wedding Vows Are Exchanged In Roswell

Miss Charlotte Marie Lippard, daughter of Mrs. Jake Moore formerly of Dimmitt and now of Hereford, became the bride of David Lee, son of Mrs. Edith Lee of Vaughn, N.M., in a ceremony read April 16 in the First Methodist Church of Roswell, N. M.

Rev. Austin H. Dillon, pastor, conducted the marriage service. Miss Johnnie Bice of Dimmitt served as the bride's attendant. She wore a navy faille dress featuring white accessories and a white carnation corsage. Mr. Frye of Roswell was best man.

The bride was attired in a pastel blue nylon ballerina frock fashioned with fitted bodice with jacket covering from collar to waist and very full skirt. She wore a veiled hat of white straw and carried an arm bouquet of white gladioli.

Immediately after the wedding the couple left on a honeymoon trip to points of interest in New Mexico. For traveling the bride chose a brown cotton two-piece dress with tangerine accessories.

Upon their return they will make their home on West Seventh St., in Roswell where both are employed as teachers in the Roswell public schools.

Mrs. Lee is a graduate of Dimmitt High School and received her degree from NTSC, Denton.

Mr. Lee is a graduate of Southern Methodist University and was released from service last May.

Mr. and Mrs. Jake Moore and son Mike, and Miss Johnnie Bice of Dimmitt attended the wedding.

Shower is Given

Preceding the wedding, the bride-elect was honored at a shower given in Dimmitt in the home of Mrs. Tom Bice. A yellow and white theme was carried out in decorations for the home and for the tea table where a spring motif was emphasized. Members of the house party included Mesdames Clarence Hance, Raymond Hance, Lawrence Buckmaster, Sybil Bunker.

Mrs. Bill Stanford and children of Lufkin are visiting her parents, Mr. and Mrs. E. W. Solomon, and her husband's parents, Mr. and Mrs. W. J. Stanford.

Dr. and Mrs. E. O. Nichols of Plainview were here for a visit in the home of his sister, Mrs. Wm. McGehee, Sunday.

Silver Anniversary Is Celebrated By Clicks

Mr. and Mrs. O. L. Click celebrated their silver wedding anniversary Wednesday evening with an open house from 6 to 9 p.m. at their home, 505 North Roosevelt Street.

The refreshment table was laid with a cutwork linen cloth and featured an arrangement of yellow roses and gladioli. Mrs. Tom Robinson and Mrs. Grady Rogers poured and cakes were served by Mrs. Maurice Tannahill and Mrs. N. D. Bartlett Jr. The hostess was also assisted by Mesdames Cleo Meharg, A. N. McRight and Mesdames Opal Dixon and Jim Mc-

Mahon of Lubbock.

Approximately 99 guests attended the open house with others out of town including Mr. and Mrs. J. M. French of Del Norte, Colo., Mr. and Mrs. Lindsey Dennis of Olton, Mr. and Mrs. B. R. Dixon of Amarillo and Nancy Dixon of Lubbock.

Mr. and Mrs. Click were married in Hereford on April 20, 1930 and have made their home here since that time. They have one son, Jesse Click who is serving on the Caroline Islands with the Coast Guard. Mrs. Jesse Click and small son are making their home here with

the Clicks.

Mrs. C. G. Smith of Abilene and Mrs. N. L. Denis of Greenville are spending the week in the home of Mr. and Mrs. H. L. Hershey. They are the cousin and the mother of Mrs. Hershey.

Sunday dinner guests in the home of Mr. and Mrs. P. L. Carmichael were Mr. and Mrs. Dean LaFever, Jimmy West and Bill Carmichael. They are the group that put on the program at the Christian Church.

Rev. and Mrs. Glen Ricketts, Douglas and Mike spent Saturday through Wednesday with their parents Mr. and Mrs. Ira Ricketts. Rev. Ricketts and family are going to Albuquerque where he will be the assistant pastor at the Monte Vista Christian Church.

Bride-Elect Is Honored With Gift Shower

Miss Elizabeth Cocanougher, bride-elect of Mr. Nola McGehee Stockett of Claude, was honored at a lovely shower-courtesy Wednesday afternoon in the home of Mrs. Colby Conkright. Other hostesses for the party included Mesdames Phil Barkley, H. M. Benefield, Fred Muller, Homer Brumley, W. F. Gillis, Billy Graham, S. S. Williams and Miss Ona Hamner.

The bride-elect's chosen colors of yellow and aqua were featured throughout the house in decorative appointments. Arrangements of forsythia and sprays of fruit blossoms in urn containers were placed about the entertaining rooms and the refreshment table carried out an April Shower theme. As a center piece, clusters of yellow blossoms smiled from an upturned umbrella, its dainty color matching nosegays and streamers scattered over the table.

Presiding at the table were Mrs. M. T. Rutter, Mrs. Jackie Lisenbe, Mrs. W. F. Gillis and Miss Ella Marie Williams.

In the receiving line were the bride-elect's mother, Mrs. Clyde Cocanougher, the honoree, the future bridegroom's mother, Mrs. A. F. Helms of Claude, his aunt, Mrs. W. R. Stockett of Wayside and a sister-in-law, Mrs. Roy Stockett of Tulsa. Mrs. H. M. Benefield secured signatures in the bride's book of names.

Approximately 100 guests were registered during the calling hours of 3 to 5 with out-of-town guests including Miss Elizabeth Ann Cocanougher, student at W.T.S.C., Canyon and Mrs. James Roy Gore of Amarillo.

Miss Jowell To Be Bride

Mr. and Mrs. George Jowell are announcing the engagement of their daughter, Kay, to Walter Kirkland, son of Mr. and Mrs. J.D. Kirkland of Perryton formerly of Hereford.

The marriage will be solemnized on May 21 at the home of the bride's uncle, Mr. and Mrs. Richard Jowell.

Miss Jowell is a senior in Hereford High School and will receive her diploma with the 1955 graduating class. She is a member of Tri-Hi-Y, F.H.A., and Pep Club.

Mr. Kirkland attended Hereford schools before moving to Dumas where he is employed with the Kirkland Pump Company.

Film Shown For Young Mothers

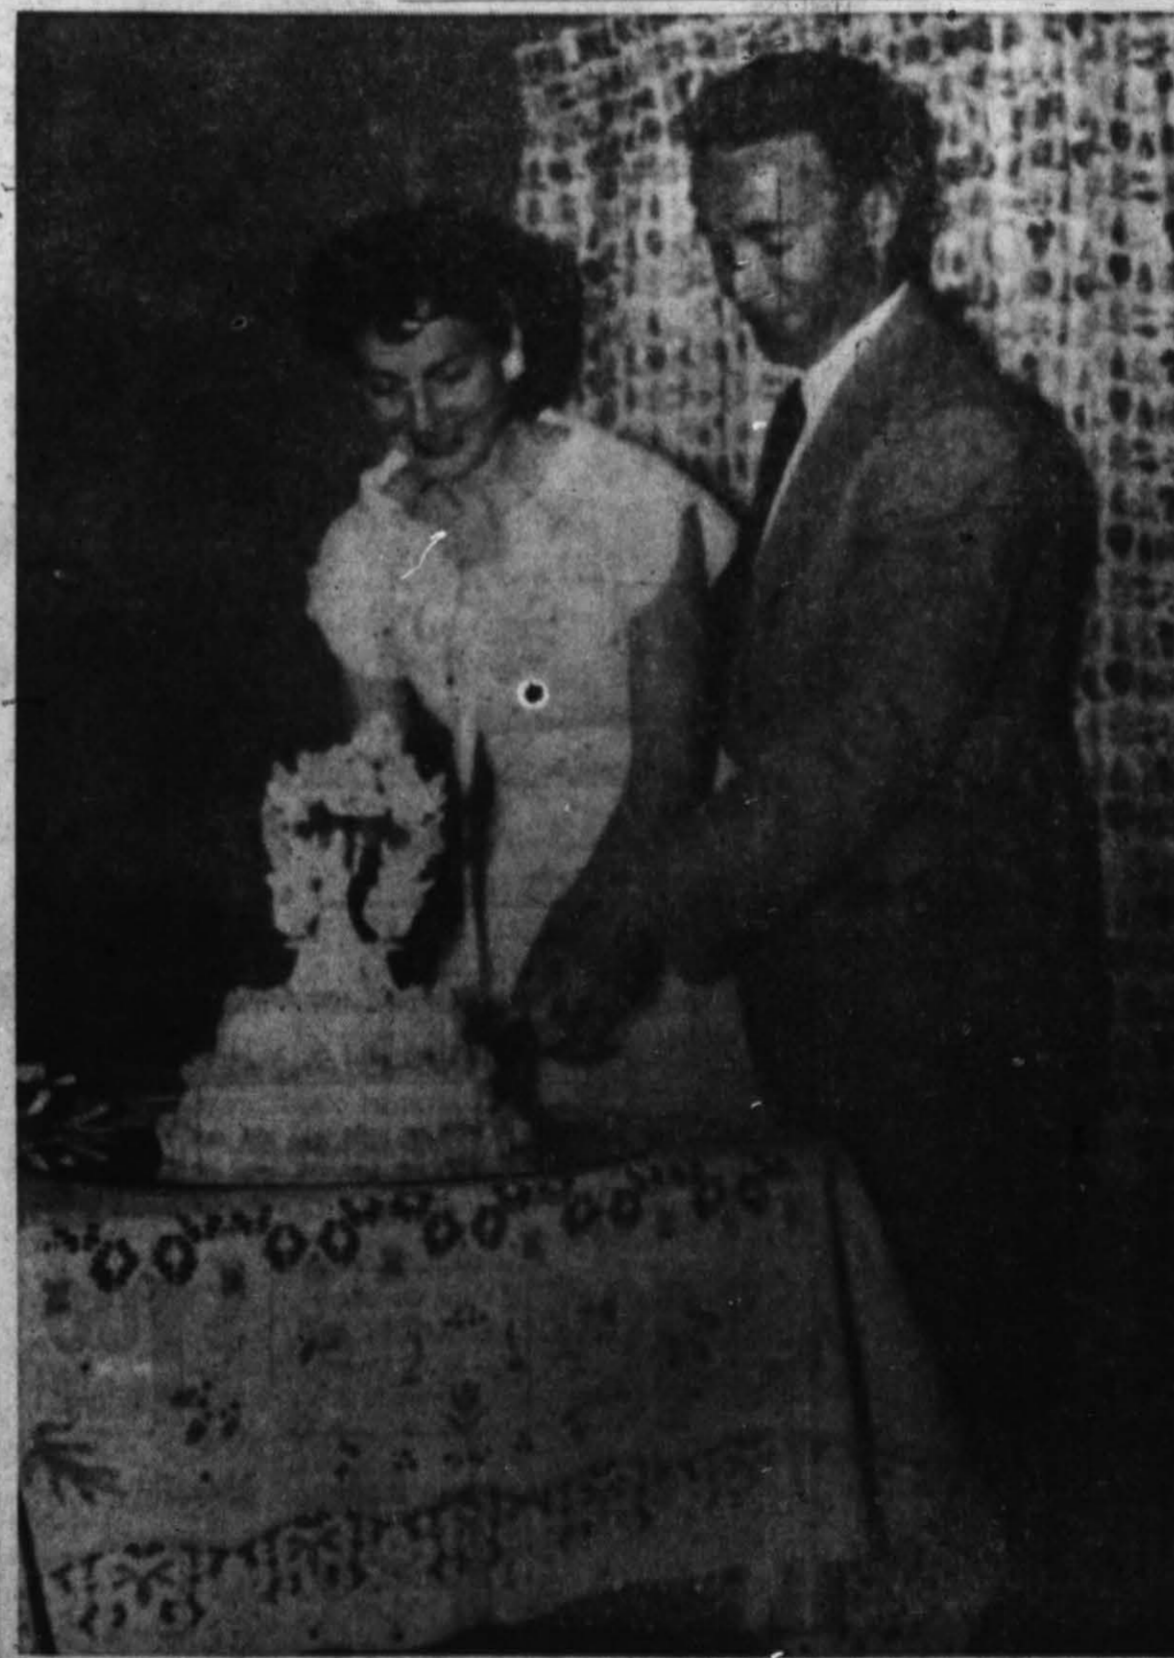

Members of the Young Mother's Club saw a film entitled "Children Living With Other People" shown by Mrs. Don Martin at the meeting held Tuesday night with Mrs. Craig Johnson. The film depicted scenes showing problems some children have in getting along with other children and their lack of ability to become adjusted to their surroundings.

A short business session was held when a discussion of plans for the annual installation dinner on May 3 was conducted. The dinner will be held with Mrs. Clinton Massie.

Members of the club attending were Mesdames Bill Brady, Hugh Clearman, Gerald Hale, Rex Lee, L. H. Lookingbill Jr., Don Martin, Wayne Wallace, C. C. Hayes, Sam Albright, Jimmy Bownds and the hostess, Mrs. Bill Stanford, a former member who now lives in Lufkin, was a guest.

At The Movies

"BEAU BRUMMELL"

A star studded and lavish M-G-M picture in color opens Wednesday and Thursday at the Star Theatre. With the showing of "Beau Brummell," story of the famed Englishman, who rose from a modest captaincy to become adviser and influential friend of the Prince of Wales in England's Regency period, then lost everything he possessed and the girl he loved on a daring gamble for fame and fortune.

Starring Stewart Grainger, Elizabeth Taylor and Peter Ustinov, it was filmed in England, with its action taking place against spectacular backgrounds of royal palaces, including the opulent throne room of Windsor palace.

Stewart Grainger plays the title role of the Dandy, fashion arbiter and reckless gambler, in love and royal intrigue. Elizabeth Taylor is cast as the wealthy and aristocratic Lady Patricia with whom he falls hopelessly in love. Peter Ustinov offers another vivid characterization as the weak and impetuous Prince of Wales, and Robert Morley plays his insane father, King George III.

Showing Sunday and Monday at the Tower Drive-In Theatre is "The Stooge," starring Dean Martin and Jerry Lewis. Tuesday and Wednesday is "Ivory Hunter" starring Anthony Steel and Dinah Sheridan.

SALT LAKE FOOD

SALT LAKE CITY — America's "dead sea," the Great Salt Lake, is a source of food for humans and tropical fish.

Table salt is obtained by pumping lake water into shallow basins and allowing it to evaporate.

Food for tropical fish comes from tiny brine shrimp which grow in the salty waters, mostly around the shoreline. These are gathered and shipped to many parts of the world.

The type of boomerang which returns to the thrower is believed to have been used in ancient Egypt.

Interference With Juries Demands Indictments, Along With Statements

With some degree of misgiving we read the report of the Deaf Smith County Grand Jury in which the group openly protested the fact that 'pressure' was used against the individual members in their homes and other places while the jury was not in session.

Frankly, the disclosure was a strutting one in view of the fact that such tactics are more often thought of in connection with the gangster heyday of Chicago, rather than in small communities such as Hereford, Texas. Perhaps it is old-fashioned, but we still like to think of our courts as being free and unhampered to render fair and just verdicts from evidence presented to the body according to the laws of our state and of our nation.

Such people who might have information or evidence to present before the grand jury or any other court should have the unquestioned privilege of appearing in due form and of presenting that information. We will go a step further. It is a duty, rather than a privilege. On the other hand, we see no reason why jurors should be plagued at their homes—unless someone is attempting to interfere with the right of a fair and honest trial provided for every American citizen under the constitution of the United States of America.

We do not, of course, know the circumstances which lead to such a bold statement by the grand jury members. However, we feel sure that it must have been highly

questionable or they would never have made such a statement—and at this point, we feel that the grand jury lays itself open for censure.

If the interference with individual jury members was such as to warrant an open statement of this type, then the offenders were definitely open to prosecution. It is the object of a grand jury to indict offenders of the law. When the grand jury made their open statement, they were also bound by oath to likewise return charges upon the person or persons who attempted to interfere with the discharge of duties of a jury.

Our courts are the last stronghold of our democracy. We have always considered American jurors as being just and equitable to the best of their ability. We hope they continue in this fashion.

If the time comes when the average American cannot depend upon a fair and honest trial, then we have lost our heritage as Americans. We have discarded the efforts of George Washington and his little band of men, whose blood turned the snow red at Valley Forge. When that time comes, the men who sacrificed their lives at the Alamo died in vain, as did those at Pearl Harbor and Corregidor.

We are not concerned with the jury decision on any particular case, or cases. We do feel, however, that the grand jury should hear its evidence in due form, behind closed doors, as provided by law. Furthermore, especially following the recent warning, we feel that any grand jury which encounters sufficient interference to justify a public protest, is necessarily bound to return court indictments along with such statements. Only through pursuit of such a policy can we expect to continue with the type of courts for which we pay our taxes—and which we have every reason to expect as Americans.

Federal Insurance Plan Is Confusing

Recent announcement that Deaf Smith, along with 15 other counties, has been dropped from the Federal Crop Insurance program comes as rather a surprise, more especially in view of the fact that the reason cited was "Heavy losses suffered in these counties during the past six years." All of which brings up the question, "Why do people buy insurance in the first place?" We always thought the chief excuse for having insurance was to offset losses—and more especially so in view of the more or less mutual set-up involved under the government plan.

In addition, we notice that the insurance companies, government operated FCIC included, willingly take the premiums when no loss is involved. This happens year after year, running in some cases into scores of years without losses. By the same token, it appears that the insurance companies should pay legitimate losses just as consistently. Again, the policy would appear ever more greatly emphasized in case of any government operated, tax subsidized plan.

We can well understand any company's wishing not to pay out money on losses. Viewed from the insurance buyers standpoint however, we are also prone to wonder why anyone would want to buy insurance from a source which takes such a dim view on the paying of losses. Under the circumstances, it is entirely possible that the average person will be better off without such connections.

Meanwhile, it appears that we will have to alter our entire opinion as to why a fellow should buy insurance—in the first place.

I have frequently thought it would be satisfying to own an island homesite, except for the inconvenience of borrowing a lawn mower.

One of my first impulses to use profanity came when a buggy horse stepped on my bare foot. The pain drove me to tears and I couldn't see the horse until after I had forgotten the words that seemed most appropriate.

QUESTION OF THE WEEK:

Dry Land Farmers Need Insurance, Most Agree

Deaf Smith County is one of the 16 counties to be dropped from the 1956 Federal Crop Insurance program. Do you consider the FCIC action fair?

C. D. AKIN:

"I don't believe it should be dropped as I believe that all farmers are entitled to the same consideration."

CARL WIMBERLEY:

"If the government is going into the business of crop insurance, it should consider the whole United States."

MRS. J. C. MORRISON:

"I don't believe it is the thing to do. Because we have irrigation here in this area, it doesn't mean that they don't need it especially in the part of the country where they do not have irrigation."

MRS. PAUL RUDD:

Even though we don't use the insurance, it seems like they would go ahead with it as there are many who have use of it. Also, we pay taxes which support it, so it seems like we should be able to have it, if we should need it."

ORVAL GALLEY:

"For the irrigation farmers it would seem to be alright, but the dry land farmers in the West part of the county seem to have need for it as that is what has helped them for the past few years."

ANDREW KERSHEN:

"It isn't fair to those out in the country who need it but I guess if it isn't going to work they might just as well drop it."

MRS. W. C. OSBURN:

"The insurance is definitely beneficial to the farmers and if we are dropped and were to be hauled out or something like that, we would lose everything."

CHARLES PACKARD:

"I don't believe it is a good thing because there is too much dry land acreage in Deaf Smith County. It isn't bad on the irrigated farms, but the dry land farmers need it."

CHARLIE NOLAND:

"I think that it should have held on as the dry land farmers need it even if the irrigation farmers do not."

After a feller struggles with a shovel and an irrigation motor for a few days, his brain certainly isn't very alert and full of bright ideas. When there isn't anything else to write about one can turn to lambasting the weather man, but the situation is getting so bad that the language that would do justice to the occasion could not be put into print.

Buster has been feeling sorry for the little first and second grade youngsters who go in smiling to take the polio shots. However, he still thinks it is better to have them than polio. He feels like every one of them will come out as uncomfortable as he did when a booster shot for diphtheria had to be put deep into the muscle of his arm to keep it from abscessing as the first shots did.

He is also having trouble working himself into a state of bliss over the closing of school this year because he has taken a more enthusiastic attitude toward his education than he usually does. He also hates to see Cliff leave this year as we won't be having him back to go to school as we did last year. Things will be pretty quiet without the muscle men around vying for a record with the barbells.

Most of them will likely find more remunerative ways of building big muscles during vacation.

Worrying about little things is largely a result of having nothing important to worry about.

Most men take themselves pretty seriously, which is all right if they are really serious.

Never brag about something you expect to do; wait until it is accomplished and then let others pass judgement on it.

Community Builders

By MARGARET ALSTON
Of all the places Bill Hunter has been and lived in, he says that Hereford is the finest, like all the rest of the community builders tell us.

When Bill and his family came to Texas they did not have the modern conveniences of travel, but they came in a covered wagon. When they got here they didn't have a fine house, or any house at all. Instead, they lived in a dug-out but were not ashamed of it because in those days, that was just about all there was.

Born April 27, 1873, he lived in the mountains of Arkansas from the time his parents died when he was three years old, until he was 10, when he went to live with his sister near Sidney, Ark. A year later he left his sister's place and has been on his own ever since. What Mr. Hunter knew he had to learn for himself as he only went to school about two months in the spring and winter of two or three years. When he was 13, he worked for three years at \$15 per month. Saving it, he was able to attend school for a complete term. It didn't cost him much to live since his board and room was only \$6 a month.

At the age of 16, Bill became ill with tuberculosis. He went to live with his sister in Texas for a year and after soon recovering, went back to Arkansas where he began farming again.

On Dec. 6, 1893, Bill Hunter married Cora Nunn of Sidney, who had been his sweetheart ever since he had lived with his sister when he was 10 years old. They now have five boys, Kenneth, Sam, Finis, Ullman and Addison; one daughter Mrs. M. L. Simpson; 19 grandchildren, and 23 great grandchildren.

After they were married, they lived on her 40 acre farm for three years. In 1896 they then moved to Hill County, Tex., where Mr. Hunter rented a farm. The crop was a good one with prices at 15 cents for oats, 20 cents for corn and 3 cents for cotton. He traded for a herd of cows and drove them to Childress County where he rented another farm. Having lived there for a while, they moved to Wellington in 1901 where they stayed for 15 years.

In Wellington, they were able to start their children in school, of which Mr. Hunter was a director on the school board for seven years. Bill operated a real estate office and had a well stocked farm while there. In 1916 they again moved, this time to Hereford where they have lived ever since.

When they came here they bought a farm in Castro County of three sections. They lived on the farm for 20 years then moved to town in 1936 when one of their sons married, letting him live on the farm. Nine years ago he retired and sold the farm to his children.

Bill Hunter has always been a wheat farmer but his main interest is in livestock, which he traded in for 60 years. His chief interest was among commercial cattle, which he started dealing with when he bought his first Hereford bull. He has continued raising them ever since.

At one time, Bill belonged to the Odd Fellows and the Woodmen. He is a baseball fan from away back; although he is not an active player any more. He is an active domino player.

His opinion of Hereford? He thinks it is "a wonderful place to live." Bill believes that Hereford will really be fine when the work is completed on Highway 51 and the intersection of Highway 51 and 60.

SUN HEATS STOVE

BEIRUT, Lebanon — Poverty-stricken people in the Arab world soon will be able to take advantage of their most abundant natural resource — sunshine. Dr. Adnan Tareci, has invented a cooking stove which uses the sun's rays. An Egyptian firm has contracted to turn out 15,000 such stoves yearly.

"One third of a worker's salary often is spent for fuel," Dr. Tareci says. "While from eight to nine months a year the sun shines all day."

Forests on any extensive scale disappeared from the Arab world before the dawn of history. Deposits of coal are rare. Peasants have had to pay dearly for kerosene, charcoal, or plain wood for cooking. Dried animal manure is the chief cooking fuel. Use of manure for cooking in turn deprives the land of natural fertilizer.

At birth a human brain is about 12 percent of the body weight.

Although the use of "clipper" ships in the 1850's gave Americans an advantage on some ocean routes, America's brilliant era in merchant shipping already had begun to decline at this time.

MEMORIAL PLAQUE PLANNED

Last week the move was started to collect the money for a memorial honoring the Randall County men who gave their lives in the service of their country during World War II. A total of 29 Randall County men paid the supreme price in this conflict and their names are the ones that will be on the Memorial Plaque.

The Memorial is to be placed in the most conspicuous spot of the new park which Canyon is now constructing. The Memorial is to be six feet tall and 12 feet across the base. The bronze plaque, with the names on it, will be set in the memorial slab. Dedication of the memorial is to be made at the same time the park is dedicated. This will be possible if the necessary funds, \$600, is made possible by April 30.

Dr. Loyd, "Doc" to his many friends throughout the countryside, had been associated with the Red Cross since 1890, when he became a member of the American Association of the Red Cross, the name first given the organization. Although he was very interested in this movement and gave it his support, his active participation in its work did not begin until 1916 when the Red Cross offered the aid of its trained personnel and contributions of hospital supplies to the countries involved in the World War I.

The BOOTLEG —Philosopher

Editor's Note: The Bootleg Philosopher claims he's behind in his work, a point we certainly wouldn't argue about.

Dear Editor:

While I was out here yesterday checking up on how far behind I am with my work, there's one thing you can say about a farm, the only way to run out of something to do on one is to move to town, I walked over to a tree and sat down in the shade and pulled out a newspaper and read a couple of hours to rest my mind. I understand some people claim dressing work is worse than the work itself, but I've never found it to be that way, it's not the thought of work that bothers me, it's going up one row and down another.

At any rate, I got to looking over this paper and ran across an item that struck me as odd.

According to it, a man in Washington had just been fired from his government job and, when some reporters asked him what he was going to do next, meaning what other government job he would take, he said he was too tired to be thinking of a job and was "going back to my farm."

I tell you, that man was tireder than he realized.

Anybody who is too tired to work and decides to go back to the farm, just ain't got the same kind of farm I'm used to. No doubt, he needs a rest, but most people, confronted with a similar situation, would figure out the place to rest would be another government job.

I know a lot of government officials work hard, but ordinarily you just don't hear many government workers saying they'd like to swap their swivel chair for a tractor seat. It's not that there's anything wrong with a tractor seat, they make 'em now with hydraulic springs and foam rubber cushions, but the atmosphere is different. They just ain't equipped with venetian blinds to shut out the sun and half the time the air conditioner won't work.

When government jobs get to the point where they're harder than farming, I aim to hire me a tractor hand. Up to now, though, they're still hard to get.

Yours faithfully,

J. A.

Let's Cook Something Spring Best Time For Light Salads

Spring weather and light salads go hand in hand, and that means wonderful eating, especially if tuna fish souffle salad is being featured.

This salad suggestion is one especially prepared by Mrs. Charles Newell who included it with other recipes we had requested. It's as light as a breeze, yet has enough substance to make it filling enough for a light lunch. Serve it with salad greens, french fries or chips and hot coffee or iced tea.

Tuna Souffle Salad

- 1 package lime Jello
- 1 cup hot water
- 1 to 2 tablespoons vinegar or lemon juice
- 1/2 cup cold water
- 1/2 cup mayonnaise
- 1/2 teaspoon salt
- dash of pepper
- 1 small can tuna fish, flaked and drained
- 1 cup diced celery
- 1/2 cup pimento
- 1 tablespoon finely chopped onion

Dissolve the Jello in the hot water and add cold water, vinegar, mayonnaise, salt and pepper. With a rotary beater blend well and pour into refrigerator freezing tray.

"You get
Push-Button Starts
with a HUFFY
Electric ROTARY
POWER MOWER"

Forget starting troubles—mossy fueling—annoying fumes and noise. If you want a clean, easy-to-use, safe, cheap-to-run power mower, buy the HUFFY ELECTRIC. Here's why:

1. Instant, push-button starting!
2. Quiet—you hardly hear it run!
3. Two-Way Mowing. You mow a row—flip over the handle—mow the next row without turning mower!
4. Cord Control. Only HUFFY has it. Cord can't interfere—can't be cut—when you mow the HUFFY way!
5. Smooth, "Swinging-Four" Blade-and-Disc cutting that levels tall grass or tough weeds with ease. Trims to within 1/2 inch.

And you'll stay sold on a HUFFY Electric. We'd like to show you why by giving you a free-trial demonstration.

"I like my water heater because it's ELECTRIC. And

since it's ELECTRIC

it's completely SAFE!"

...says Mrs. R. L. Crider of East Grand Plains, New Mexico

"Even with two electric water heaters in our home, we never worry about the children playing around them. We have even considered building a linen closet over our table top model. To me, the table tops are the best to have because they are so easy to place. Electric water heaters are so quiet, and they have never given us a bit of trouble."

"Of course, we have an electric dishwasher, and we always have instant hot water. With our two electric water heaters I think we are really a true electric family."

Yes, and a true modern family, for in water heaters, as well as all appliances, if it's modern, it's electric.

"Running a farm is not what you would call the cleanest occupation, and, therefore, we must have plenty of hot water. Besides the three baths, we have an electric laundry, and we just never seem to run out of hot water."

Electric water heating is safe, dependable, and more economical than you might think. Ask about Reddy's special water heating rate, a big bargain in convenience, safety, and dependability.

Don't Leave Baby Alone With Those Candy Pills

By Dorothy V. Whipple, M.D.

Little Mike didn't feel well. He was hot and feverish and generally miserable.

The doctor had been there earlier in the day and prescribed some medicine for Mike. It was time for another dose and Mother had the two little pills in her hand. Mike didn't really want to be bothered with those pills, but Mother was patient and urged him to take them.

Finally he did. They really tasted pretty good. Mother was greatly pleased and told Mike he was a very good boy.

Next day Mike was much better. He was sitting up in bed playing. Mother was busy in the kitchen trying to catch up on all the work she had let slip when Mike was so very sick.

Mike became bored with what he was doing and stood up on his bed. Then he saw the little box of pills on his bureau. Mother had said he was a good boy when he ate those pills.

Mike climbed over and got the box. There were quite a lot of pills in it. He ate one; it tasted good; then he ate another and another and another until he finished them all. Mike was quite pleased with himself. Mommy would think he was a very good boy now!

Presently Mother came into Mike's room. She saw the empty medicine box on Mike's bed. In a flash she sensed the danger.

"Mike, where are the pills?" she almost screamed.

Mike absorbed his mother's terror.

He had felt so good the minute before, but now he was afraid. He just shook his head.

"Did you eat them?" Mother was trying to be calm, but not succeeding very well.

Mike nodded.

"All of them?"

Again Mike nodded.

Mother pulled the bedclothes apart, hoping he had spilled the pills, but she couldn't find a one.

She dashed to the phone and called the doctor.

"Better get him to the hospital quick," said the doctor. "I'll meet you there and we'll pump out his stomach."

It was very fortunate Mother discovered the empty pill box as soon as she did. Mike had taken enough of a powerful drug to have killed him. Two or three hours more between the taking of the pills and the stomach pumping and the outcome for Mike might have been very different.

Candy-coated medicine is easy to get children to take, but don't leave the box where the child can get it.

Mrs. Phillipp Presents La Madre Study Club Program

Mrs. Vernon Wilson served as hostess for La Madre Mta Study Club Tuesday evening. Mrs. Glenn Wilson was co-hostess.

Mrs. Stanley Phillipp presented the program on "Foundations For Self Reliance" taken from "The Child's World" and "The Mother's Guide."

"Parents should not forget that toddlers like to struggle with something that challenges their physical powers, and they should remember that when they tell a child to run and play, they are depriving him of the guidance which will lead to self reliance," she concluded.

Current events of interest were given in answer to roll call and during the business session the president appointed a nominating committee to select new officers for another year. Named to serve on the committee were Mesdames R. V. Hale, Don Fudge and John Hampton.

Named to the decorating committee for the benefit dance to be held in May, were Mesdames R.V. Hale, Stanley Phillipp and Glenn Hopson.

In attendance were John Hampton, Don Fudge, Carroll Goss, Glenn Hopson, R. V. Hale, Dean Herring, Dennis Lomas, Hershel

Final Session Of Year Planned By L.A.E. Members

Plans for the final session of the year were made by L.A.E. Club members Tuesday when a meeting of the club was held in the home of Mrs. B. A. Reddell. The meeting will be in the form of a luncheon in the home of Mrs. Luther Lesly.

Roll call was answered by members naming programs most enjoyed during the past year, and why.

Subject of the program for the day was "America Tomorrow and Conservation" with Mrs. Guyeth Bogle reviewing Raymond D. Fosdick's "The Atomic Age and the Good Life." She quoted "To call our age the atomic age is to oversimplify the picture. The atom bomb is a symbol of the vast social complexity which confronts us rather than the cause of it. Danger and hazards mark today's age, but it can be a great age like other ages that have been born out of fear and challenge."

Mrs. Altus Higgins, speaking on "Conservation," said in part "Conservation is the golden rule of our lives do unto us, applied to our others and the resources which for a time, we are the custodians."

Those attending were Mesdames C. E. Beauford, Guyeth Bogle, Harvey Brock, Gordon Elliott, Ebery Hargis, Altus Higgins, Luther Lesly, Jim Loving, Jessie Radovich, T. W. Roberson, Sondford Smith, George Suggs, Jim Whelan and the hostess.

HOTTEST-SELLING BUICK IN HISTORY
 No wonder you see so many '55 Buicks on the highways—they're rolling up bigger sales than ever before in history—topping the popularity that has already made Buick one of the "Big Three" of America's best sellers.

Less than some models of the well-known smaller cars!

UNLESS we miss our guess, a lot of surprised people are going to do some new back-of-an-envelope arithmetic when they see the low delivered price of the Buick shown here...

Because we know that many folks still don't realize how little a Buick really costs—that the dollar difference between this big Buick SPECIAL and the leading smaller cars has virtually disappeared.

Buick Sales Are Soaring As Never Before

But more and more of them are finding it out. And that's a major reason why Buick production and Buick sales are soaring to all-time highs today—and why Buick again is outselling all other cars, regardless of price range, except two of the well-known smaller cars.

Big reason, too, for this soaring popularity is Buick's full line of automobiles, giving you a choice in any price class—the rock-bottom-priced SPECIAL, the high-powered CENTURY, the supremely spacious SUPER, and the custom-built ROADMASTER.

But above all, more and more people are discovering that the price you pay for a Buick buys more sheer automobile than the same money buys elsewhere.

More advanced styling, more deep-down comfort, more pure power thrill, more ride steadiness and handling ease and solidity of structure.

More spectacular performance, too, from the modest extra cost of Buick's automatic transmission.

For here you get Variable Pitch Dynaflo†—the new wonder drive born of modern aeronautics to give you instant full-power getaway and acceleration when needed—and far better gas mileage when cruising.

Why not come see us this week, for sure? We'll be happy to have you test-pilot a new Buick, just for the sheer thrill of it—and show you quite clearly that if you can afford any new car, you can afford a Buick.

†Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.
