## Charges Of Murder Filed After Wreck

Two separate wrecks near Dimmitt Sunday left one person dead, two slightly injured and another charged with murder without malice, and another wreck just south of Hereford Wednesday morning injured still another.

Jose Lugo Torres, 23, of Summerfield, died Sunday morning as the result of an accident in which a 1950 Chevrolet sedan overturned twice. The accident occurred on a county road, three miles north and three and one-half miles west of Dimmitt at 4:30 a.m. Sunday.

Crescencio Espinoza, 42, a resident of the Hereford Labor Camp, was held in Deaf Smith County jail on charges of murder without malice, according to J. R. Kirkwood, highway patrolman, who made the arrest and investigated the accident.

Torres, who came here from San Luis Potosi, Mexico, had been in the Summerfield area for several weeks, where he was employed by M. R. Latham as a farm laborer.

Espinoza, driver of the car, also immigrated into the country recently from Old Mexico. The car was owned by Guadalupe Arroyo, also of the Hereford Labor Camp. Estimated damage to the automobile was \$450, according to the highway patrol.

Officers said that Espinoza apparently lost control of the car, which went out of control and overturned twice on a turn in the road.

### Three Car Collision

The second mishap occurred Sunday afternoon at 5:15 p.m. six miles north of Dimmitt on Highway 51. Charlene Ann Hoelting, 18, of Nazareth and Alfonso L. Limas, 21, of Hereford were both treated for injuries in a Dimmitt hospital and later released.

Miss Hoelting was driving a 1954 Plymouth sedan and Limas a 1950 Ford coach. The third vehicle involved in the wreck, a 1952 Oldsmobile sedan, was driven by Vestor Botkin of Tahoka. Patrolman Kirkwood, who investigated the mishap, said that Limas' car ran into the back of Miss Hoelting's car, throwing it into the Oldsmobile. Damages to the Oldsmobile and the Plymouth were listed at \$500 each and the Ford's damages were estimated at \$180.

### One Injured

Injured in the wreck Wednesday morning was Larry Bristo, 16, who suffered lacerations of the scalp. He was treated at the Hereford hospital. (Continued on Page 2)

## Tierra Blanca Youth Rally Set

The Tierra Blanca Associational Youth Rally is to be held in the Temple Baptist Church Saturday night, August 13, at 8 o'clock.

The youth rally will be the third birthday of the association. The speaker for the evening will be Jamie Tidenburg of Hardin-Simmons University. He is the first president of the youth rally.

Also on the program will be a history of the organization given by Elliot Poage. The songleader will be Harrell Slack of Baylor with special music furnished by the girls' sextet of Friona.

The rally covers the area from Tulla to Hereford and Canyon to Farwell. The supper will be just before the service at 7 o'clock.

MORE THAN 400 SACKS—to the acre is the stalling potato yield harvested this week by Charley Carney, south-east of Hereford. Carney is seen above holding two of the "shoe box size" Pontiac potatoes. The acreage was seeded following two years of alfalfa and, according to Howard Gault is "the best patch of potatoes in Texas in 1955. (Photo by Bill Patton)

### "WATER WILL LAST 187 YEARS"

## Optimistic Report Is Given After Study Of County Irrigation Report

Chamber of Commerce Manager Bill Lenderman issued an optimistic report Wednesday after studying charts and other information released recently by the High Plains Underground Water District concerning an 8.7 percent water drop in the county in the last 17 years.

"According to the District's figures, we can expect to draw from

the underground supply for 137 years even if the drought continues," he reasoned, pointing out that in round figures the 17 year drop represents one eleventh of the total amount of water in the reservoir, and that 11 times 17 is 187.

### Edwards Replacement Not Yet Appointed

No replacement had been named Wednesday for Wayne Edwards, who resigned as City Commissioner last week.

Mayor Henry Sears and Raylan Evans are reportedly considering several men to serve out Edwards' unexpired term.

The County C-C manager also pointed out that the largest drop, approximately 70 percent, has occurred in the last five years. "Those were the years when the underground reservoir was not replenished by rainfall due to the drought," he pointed out. "I was pleased to see," Lenderman said, "that the report shows that there is 13,700,000 acre-feet of water still in storage and available." (Continued on Page 2)

# Voters To Decide Two Issues September 20

## Sheriff May Be Freed Of Tax Assessor's Work

Deaf Smith County voters will decide two issues at an election to be held Sept. 20. County Commissioners Monday set that date for a \$150,000 airport bond election, and also announced that voters would decide whether or not to separate the office of sheriff and tax assessor-collector.

Commissioners called the bond election after a delegation of approximately 25 citizens appeared before the court to present a petition bearing 204 names asking that the election be held. A Civil Aeronautics Administration official only a week before had told a group of citizens that the CAA would in all probability have enough funds to match the \$150,000.

Petitioners had asked that the Court, which had the power of not calling the election, to set the election "as soon as allowed under existing laws."

L. H. Woodford acted as spokesman for the citizen's group. He and others said they believed that the future growth of the county, "will be greatly influenced by available transportation facilities, that are modern and up-to-date in every way."

The other issue involved is one which had been expected ever since voters amended the State constitution last year allowing counties under 10,000 population to separate the sheriff's office from the office of tax assessor-collector. It approved by a majority of the voters, the office of tax assessor-collector will be created and Sheriff Lowell Sharp will be relieved of the duties.

Those in favor of the separation point out that the duties of both offices are great enough to need personal supervision.

## Isbell Services Held Wednesday

Funeral services for Walter Donaldson Isbell were held Wednesday morning at 10 a.m. in St. Anthony's Church with Father Bartholomew Paytas conducting the service.

Mr. Isbell died suddenly in his home at 306 Avenue H, August 7 at 2 a.m.

Born June 1, 1913 in Dodge City, Texas, he married Lucille Hoffman June 5, 1939. In 1943 he came to Deaf Smith County from Borger, Texas, and has since been engaged as a plumber.

A member of the Catholic Church interment was held at St. Anthony's cemetery under the direction of Gilliland Funeral Home.

Survivors of the deceased include: his wife; two daughters, Virginia and Jennett Isbell; two brothers, Charley Isbell of Lake View and Benny Isbell of Fruitland, Idaho; two sisters, Mrs. Oscar Beavers of Spearman and Mrs. Lorine Hall of Phillips; his father, Benjamin Isbell of New Castle; he is also survived by one half brother and two step brothers, and two half sisters.

## Scott Funeral Is Held On Tuesday

After a short illness, Jown W. Scott died Sunday morning August 7, in Truth or Consequences, New Mexico.

Services for Mr. Scott were held Tuesday morning at 10 a.m. in the Vega First Baptist Church with Rev. L. E. Godwin in charge of the service.

Pallbearers were Roy Ivy, John Ivy, Walter Lee Ballard, J. T. Singleton, E. L. McNabb and Charles W. Seaman.

Mr. Scott was born Dec. 5, 1873. His wife died in 1950.

A rancher and farmer, Scott was a member of the Baptist Church. Interment, under the direction of Gilliland Funeral Home, was made at the Vega Cemetery.

Survivors include his eight children: Robert, Joe, and Henry Scott of Vega, Archie Scott of Hereford, Carrie Pritchard of Friona, Lydia Schneider of Lubbock, Marie Grubbe of Adrian, and Mrs. Ola Green of Hereford.

HONORED BY FIREMEN—Mr. and Mrs. Jim Robinson were honored Tuesday night by Hereford firemen and their wives. The Robinsons are moving from Hereford in the near future. He has served on the volunteer fire department here for 28 years. (Staff Photo)

## Rain Generally Heavy Over Area

The rain which dotted the Hereford area Tuesday night and Wednesday morning was generally heavy and beneficial to the farmers.

Reports are that the heaviest rains fell at Westway and Summerfield where over an inch was reported. North of town and at Friso just over 1/2 inch was measured. At Dawn, however, just a light sprinkle, not even enough to measure, was reported.

Others reported that the rain which fell was very beneficial, but that they could have used the rain in more vast quantities. Eighty-seven hundredths of an inch fell in town.

Some of the reports from farmers around the area are:

- HARVEY BROCK, Dawn, just a sprinkle.
- TONY BURRUS, Dawn, not any.
- CARL WIMBERLEY, Dawn, just a light sprinkle.
- HENRY ANDREWS, near Friso, .65 inches.
- CHARLES N. HOLT, Friso, over .5 inch.

## B. F. Fulkerson Is Buried Here

Funeral services for Benjamin Franklin Fulkerson, past resident of Hereford, were held Monday afternoon in Roswell, N. M., with Rev. Anderson of Roswell conducting the service.

After an illness of some time, Mr. Fulkerson died Sunday morning, August 8, in the hospital in Roswell.

Fulkerson was born in Grunby County, Mo., where he lived until he came to Hereford in 1906. In 1934, he moved to Roswell where he has lived since.

He was married to Miss Martha Funk who died in 1931 and was a member of the Methodist Church.

Graveside rites were held Tuesday afternoon at 3 o'clock at the West Park Cemetery in Hereford under the direction of Gilliland Funeral Home.

Survivors include: one son, B. R. Fulkerson of Roswell; two sisters, Mrs. Eva Mitchell of Garden Grove, Iowa and Miss Amanda Fulkerson of Edinburg, Mo.; two brothers, P. R. Fulkerson of Stark City, Mo. and John Fulkerson of Glendale, Calif.; seven grandchildren, and six great grandchildren.

## Lesson Is Given On Honor System

Deputy Sheriff Charles Skelton arrested Sorogosa and at the Labor Camp placed him in the patrol car, telling him to stay there until returned. Then he went to another Latin American who was disturbing the peace.

He returned in time to Deanda getting out of the car and running away. He caught him and returned him to the car. Then Deanda tried to make another break, this time swinging at the deputy. Skelton stepped back and made the arrest.

Deanda was fined \$25 court costs Tuesday morning in County Court for aggravated assault on an officer.

## County's Road Fund Is Boosted By State Refund

Deaf Smith County has received a credit of \$26,551.85 from the Board of County and District Commissioners. The Commission Court was notified Monday at a regular meeting.

The money will be equally divided among the county's four precincts, going into the road bridge funds.

In other court action, commissioners appointed a five-man jury to decide what, if damages will be awarded. Clark, J. J. Boydston and the W. Witherspoon estate for damages caused by the widening of Tierra Blanca Creek bridge Highway 60.

The jury is composed of W. Hodges, T. W. Roberson, E. Norton, Ed Warren and T. Sparkman Sr.

Accept Resignation  
The Court also accepted the resignation of Mrs. Phyllis Deaton as typist in the home demonstration and county agent's office. Mrs. Deaton's resignation is effective August 15. Miss Wanda has been named to replace her.

Commissioners arranged County Judge Homer Hensle take care of Justice of the Peace, W. Solomon's court while JP is on a leave of absence August 20.

Monthly bills were reviewed and ordered paid.

## Kitchens Is New Cage Coach Here

By BILL KNOX

Hubert Kitchens, former West Texas State basketball great and head coach at Groom and White Deer, has been hired as head basketball coach and assistant football coach to fill the position vacated by Wayne B. Stark, Superintendent George L. Graham announced Wednesday.

Stark turned in his resignation Tuesday night to members of the Hereford School Board who voted unanimously to accept his resignation.

Stark, former University of Tulsa and Friona High School foot-

ball player, coached two of the finest basketball teams ever to play in the area and won two national titles. Stark's team went to the regional finals before being upset in bid for a state tournament. Previously they had soundly defeated Coleman, topped to a tournament. The year before also coached his team to a regional final before losing to Mansfield.

The 1953 team won 28 and lost only three, winning tournament they entered the regional. They easily to the regional. (Continued on Page 2)

THEY HAVE PUT OUT LOTS OF FIRES—These 10 firemen were awarded 20 year service pins Tuesday night. Most of the volunteers actually have put in a lot more service than that with the Hereford Volunteer Fire Department, but all of them have at least that many years to their credit. **BORDERLINE CASE**—Workmen who this week began to cut down trees along Highway 51 were probably puzzled about the large silver leaf maple tree pictured above. The tree, located in the front yard of Mr. and Mrs. E. H. Harper, 815 South 25 Mile Avenue, is just on the border line. Workmen left the tree standing. (Staff Photo)

**FAMILY REUNION**

Members of Mrs. J. W. Gatewood's family held a reunion here Sunday. Those attending were Mr. and Mrs. Gordon Gatewood and Betty Lou of Tulsa, Mr. and Mrs. Oren Gatewood of Perryton, and their grandson and two nieces of California; Mr. and Mrs. Nolan Gatewood and sons Wally and Gary of Whittier, Calif.; Mrs. J. W. Birchfield of Dimmitt and her grandsons Larry and Warren Birchfield of Borger, Mr. and Mrs. Curtis Owen and daughters Kay and Patricia of Fort Worth, Ola Black and daughter Donna of

Hollis, Okla., Mr. and Mrs. Bill McCabe and children; Carla, Kent and Keith of Borger, Mrs. Ollie Babb of Amarillo, Mrs. Williams of Anson and Mr. and Mrs. H. E. Wester and children Carol, Lynn, Mildred and Sandra of Hereford. Mr. and Mrs. J. E. Beyer were in Amarillo Tuesday. They accompanied Mrs. Norman Whisenand of Altaventa, Calif., who had been visiting in the Beyer home. They were entertained at a luncheon given by Mrs. Ray Barber of Amarillo, formerly of Hereford, at noon. The Beyers also visited

their son, Mr. and Mrs. P. L. Beyer, in Amarillo. **GET TOGETHER** Five of Mrs. W. H. Russell's eight children were reunited Sunday in a farewell get together honoring Lt. Daniel Russell who will be stationed in France for the next three years. Included were Dr. and Mrs. Jack Russell and sons of Wichita Falls, Mr. and Mrs. Jack Geffkin and two children of Levelland, Mr. and Mrs. Fred Barrett Jr., and three sons of Seminole, and Mr. and Mrs. L. B. Russell and

children of Hereford. Lt. Russell left by plane for New York Monday and from there will go to Moulins, France. He is a purchasing and contracting officer in the U. S. Air Force. Visiting this week in the home of Mr. and Mrs. W. A. McCool, are their two nieces from Claremore, Okla., Judy Ann Smith and Rose Davis, daughters of Mr. and Mrs. Virgil Smith. Also visiting with the McCools indefinitely is Mrs. A. B. Wynes from Seminole. Mr. and Mrs. Peter Grant of

Amarillo spent Sunday in the home of Mr. and Mrs. J. B. Sewell. Mrs. R. A. Tynes returned last week from Albuquerque, N. M., after a two week's stay there with her son, Rex Tynes and family.

# HD Club Women Manage To Keep Busy In Summer

Hereford, Texas, Thursday, August 11, 1955 Section Two

By ROBERTA CAMPBELL

Summer means vacation time for the youngsters, but for many of the mothers who are Home Demonstration Club women it has meant an opportunity to meet in special interest groups for work aside from the regular program of work.

For instance, two of the grade school teachers have turned pupil for the summer by attending sewing classes under the direction of Argen Draper, county home demonstration agent.

Women making up the class will be given about eight lessons which begin with learning how to stretch the material to get the grain line straight and to get the design located.

The women then learn how to adjust and lay patterns on material with special emphasis on pinning the pattern a notches and corners and the advantage of using sharp scissors and holding the hand on the pattern while cutting.

Even those who have sewed before often find what a time saver it is to learn to use a tracing wheel. Many mistakes may be avoided in sewing if darts, tucks, pleats and other tedious points of

construction are marked with a racing wheel used on the wrong side of the material before the garment is put together.

Up-sery is another project the women have been greatly interested in. Almost all of the 11 H. D. Clubs in the county and clubs in neighboring counties have had members attending special meetings where chairs were rejuvenated.

Before the actual work of recovering began the owner had also pulled the finish and reupholstered the chair to be reupholstered.

In the upholstering classes the workers learned how to replace the webbing and follow up with each of the steps which included tying in the springs and padding with lintens cotton, quilting cotton and finally a cloth cover before the top layer of heavy material was tacked into place to complete to overhauling.

In the Westway community the women are interested in a class in personal improvement. Emphasis is on losing or maintaining a

normal weight, but some of the members considered such things as posture and care of complexion or hair grooming to be more of a problem for them, so each chooses a special item to work on improvement on. Time limits have not been set up, but when a woman feels she has accomplished what she aims at she may select something else to work for in improving personal appearance.

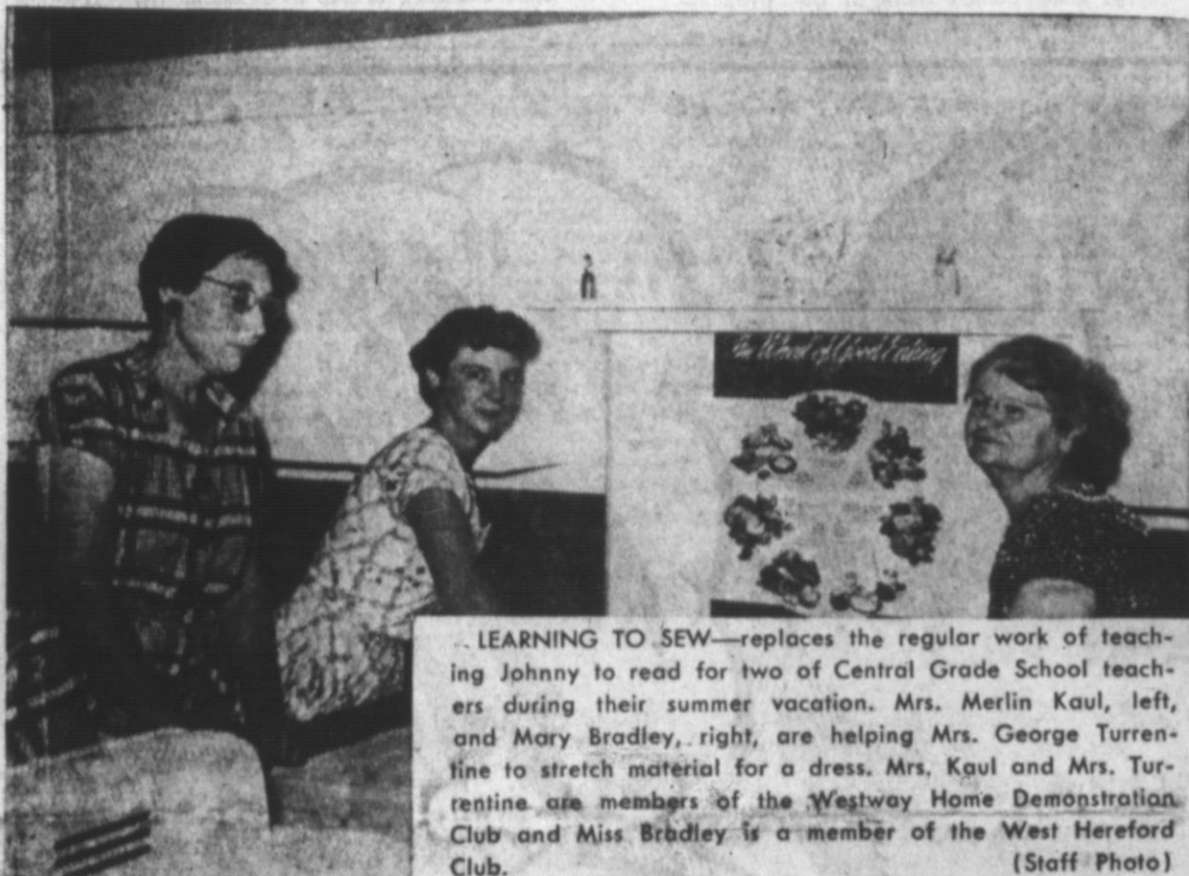

Rather than taking part in group activities, a number of the club women spend a good many hours each week baking or dressing poultry or gathering vegetables for the H. D. Market established to sell surplus farm products the women have available.

The market, which is open the year round, is also operated by the club women who take turns working on Friday of each week.

Although most regular meetings have been postponed until September, Home Demonstration Club women still find many interests to add spice to the monotony of cooking and keeping house.

MRS. GEORGE TURRENTINE—who organized the Personal Improvement Club among club women in the Westway community and others who were interested in pointing out the use of the Texas Food Standard as the basis for proper eating habits to maintain good health. (Staff Photo)

LEARNING TO SEW—replaces the regular work of teaching Johnny to read for two of Central Grade School teachers during their summer vacation. Mrs. Merlin Kaul, left, and Mary Bradley, right, are helping Mrs. George Turrentine to stretch material for a dress. Mrs. Kaul and Mrs. Turrentine are members of the Westway Home Demonstration Club and Miss Bradley is a member of the West Hereford Club. (Staff Photo)

PLAIN ROLLS—and cinnamon rolls are equally in demand when Mrs. LeRoy Williamson of the Ford H. D. Club bring them in on Friday morning for the H. D. Market. The rolls may be eaten as they are baked or frozen and reheated later. (Staff Photo)

MRS. R. C. CHILDERS—specializes in cake baking each week for the H. D. Market, but is shown exhibiting other products offered for sale at the market, located at the Milk Jug on 25 Mile Avenue. The market was established more than a year ago to sell farm surplus plus the club women had to offer. Mrs. Childers is a member of the Cultural Club. (Staff Photo)

## H D Chatter

By Argen Draper

Mrs. Walter Neinst and Mrs. L. L. Cannon have been by the office to get the batter roll recipes. These batter rolls and the casserole bread are still getting a lot of favorable comments from women who are using them. Mrs. F. G. Collier recommends the Cinnamon-Raisin Coffee Cake.

We have mimeographed more of the Speedy Standard Roll recipes which we used at club this spring.

The two master gauges at the office have been kept busy with people checking their cooker gauges. Some of them who have used the master gauge are Mrs. Mark Koenig, Mrs. W. A. Boyd and Mrs. J. M. Carathurs. If you have been

losing canned food it may be that the cooker gauge is low. A cooker gauge that is off no more than two points can be adjusted. However, if the gauge is more than two points it is advisable to buy a new one.

In replacing the present gauge on your cooker, buy a geared gauge rather than a gearless. The salesmen at the hardware stores can tell you the difference.

This week women of the Ford Home Demonstration Club who took the Red Cross First Aid Course under Mrs. J. E. Dyer receive their certificates. In this rural community six women completed the course. They are Mrs. Mary E. Williamson, Mrs. Ada B.

Ayres, Mrs. Willa K. Williams, Mrs. Alpha Browning, Mrs. M. Vel Corley, and Miss Peggy Broiling.

Mrs. Dyer is an authorized instructor of the Deaf Smith County Chapter and is a firm believer in first aid courses. She believes that every farm woman should have this course for the future care of their families since many accidents occur on the farm every year.

The Yearbook Committee is planning two first aid programs next year. They are on "So Bites" and "How to Care for Accident Injuries."

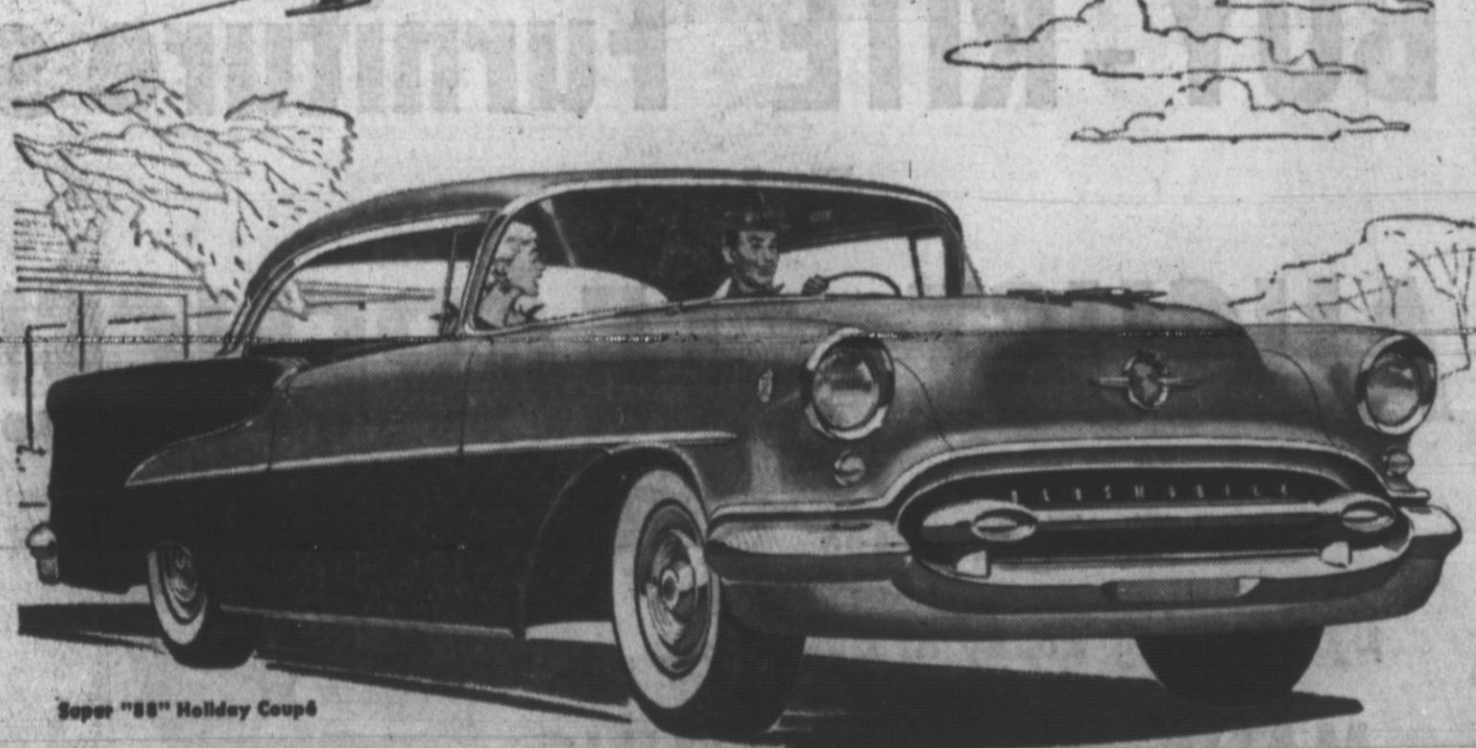

August 11 is a big day for Clubs and Home Demonstration Clubs in the County. The place Saint Anthony's Auditorium. 4-H Dress Revue starts at 2 Mrs. A. E. Hodges, Mrs. Parsons, and Mrs. E. M. Coe give a report on the state week which was held at Fort Worth week. These ladies were delegates. (Continued on Page 7)

## Walcott News

By MRS. T. L. COLLINS

Ettie Evelyn Walker of Canyon came July 28th and stayed until last Sunday as a guest in the Charlie Burk home. On Friday night, Ettie was honored with a "slumber party" given by Mrs. Burk. Those present were Janell Weaver, Mary Dufur, Margaret and Cecelia Burrus.

Sunday, Mr. and Mrs. A. J. Walker and their guest, Miss Elizabeth Dooley of Strawn, spent the day visiting in the Burk home. Ettie went back with her parents to her home that evening.

Mrs. R. P. Miles, mother of Mrs. Charlie Burk, returned here Saturday from Dallas, where she had been visiting. Mrs. Miles is 82 years old and came by plane from Dallas. She thoroughly enjoyed her ride and says now that she doesn't want to travel any other way.

Mrs. Thomas L. Collins spent from Monday, July 25 through Thursday in Canyon as a guest of the M. S. Downings. She attended the Reading Conference held at West Texas College at which there were 450 teachers enrolled.

Mr. and Mrs. W. L. Harkrider and sons, Terry and Gerry, moved from the Dameron Ranch last Saturday. They will live near Big Spring.

Mr. and Mrs. Eldred Brown and Tommy attended church at Bellview Sunday. They were dinner and afternoon guests in the home of Mr. and Mrs. Richard Vaughn.

Mr. and Mrs. S. O. Perkins and son Bob, visited in Plains, Sunday, with their daughter and family, Mr. and Mrs. Jimmy Johnston and Maryette. On their return home, they were involved in an accident near Lazbuddie. The right rear door of the Perkins car was badly mashed in but there were no injuries.

Mr. and Mrs. Norman Minks and three small children of Kansas City, have moved to Dameron Ranch. Mr. and Mrs. Minks arrived Sunday and their furniture arrived Tuesday. Wednesday the children came with their grandparents. We of the Walcott community welcome them.

Thursday, July 28 was an exciting day for many of the Deaf Smith County 4-H girls. They rode a chartered bus from Hereford to Amarillo where they were directed on an Industrial Tour of the city. The 4-H girls and sponsors visited Amarillo Daily News, KGNC (where they were on the 12:30 "Double Trouble" program). A picnic lunch and rest was enjoyed at Thompson Park. In the afternoon they were guests of the Bell Telephone Co., and Taysee Bakery. The group returned home late that afternoon tired, but happy.

Members of the group from Walcott were Margaret and Cecelia Burrus, Royce Lee and Merry Kay Pruitt, a guest, Sandra Hoover, Mary Dufur, Mrs. Glenn Burrus, Kathryn and Elizabeth.

Mrs. J. V. Perrin, Mrs. Eldred Brown and Mrs. Wallace Lumpkins met Wednesday afternoon to plan the programs for P-TA this coming school year.

Mr. and Mrs. S. N. Thweatt have had trouble with their well. Bruce Coleman has been helping Mr. Thweatt with the work of trying to get water.

Jack Weaver is home from the Veteran's Hospital in Amarillo. His legs still hurt but he is improving and working again.

Mr. and Mrs. T. L. Collins, Raymond and Bruce, drove to Hutchinson, Kans., Friday, July 29. Raymond went to the two-day tryout camp of the Kansas City Athletics held at Carey Park baseball diamond. Some 80 young men were present for the camp. Scouts for the KCA kept a work sheet on each player rating on speed a-foot, strength of arms and general all-around ability.

Sunday, July 31, the Collins family attended church in Kingman, Kans., where they formerly lived. A picnic supper was given for them by the people of the Cleveland school where both taught. They visited also in the home of Mrs. Collins' father, Mrs. S. D. Dufur and Mary, Kay

Lynn Scott and Mrs. Willis Dufur, attended the wedding shower in Amarillo for Ruth Hunter, niece of Mrs. S. D. Dufur, Tuesday, night.

Simms Study Craft Club had an ice-cream supper July 24 in the Simms Community building. Several Walcott people attended.

Dr. and Mrs. John Nichols of Ft. Worth visited the S. D. Dufur family two weeks ago. The Nichols are going on up into Canada and Alaska.

Mr. and Mrs. W. L. Collins of Perryton visited here in the home of their son, T. L. Collins. Together they visited friends, Mr. and Mrs. Travis Alston of Westway, Mrs. J. F. Ward, Mrs. F. M. Faulkner, Mrs. O. R. Sanders and Mrs. D. R. Holt of Hereford.

Mr. and Mrs. Phillip Miller have had guests in their home recently.

## Letter To The Editor

Dear Editor:  
 I have been in the Panhandle of Texas 51 years, and saw the cow country grow into a fine farming country and vegetable farms especially near Hereford, through the efforts of good real estate men who encouraged farmers to buy land, and when irrigation was developed into a paying proposition. These old timers had faith in God and in the fine soil especially at Hereford and Plainview.  
 This year's vegetable crop is fine on irrigated lands, but the market could be greatly improved. I am of the opinion that Amarillo, Borger and Pampa need a public market whereby the growers may contact the consumers, and sell direct to the consumers. It is true that about one-half million dollars

should go to the growers. These wholesale houses only buy first grade vegetables and second and third grade vegetables are going to waste, but the high taxes come due and are payable each year, and wages are not any lower than last year, and will be higher next year.  
 I would like to have a few suggestions from vegetable growers who are interested in a public market at Amarillo, Borger and Pampa. It is not too late to start now for next year's crop.  
 Just look at Jay Taylor. He organized a public market for livestock, and many thousand cattle were sold at Amarillo. Small farmers brought their livestock to Jay Taylor's public market and the stock was sold direct to the buyer. Why can't we have a public market for vegetable growers?  
 Mrs. A. Young,  
 Box 351, Pampa, Texas.

## Dalhart Riders Stop Locals, 8-6

"How did he get in the lineup?"

Hereford's Palmetto Polo team lost to Dalhart Sunday, 8-6, to all but give Dalhart the district crown. Dalhart now has undisputed possession of first place, and they need only a win over Dimmitt to be outright winners.

The victory over Hereford was somewhat harder than their previous win. The score was close all the way, but Dalhart outlasted the Hereford Riders.

At the end of the first chucker the score was deadlocked at 1-1, but at halftime Dalhart had a 3-2 advantage. Hereford fought back to again tie the score at 4-4 at the end of the third chucker before Dalhart walked away with the win. For Hereford, Harold Beauchamp scored four points to take top scoring honors. T. D. Davenport scored two. Arch Bailly was the outstanding player for Dalhart.

## Rutherford's And Farmers Battle For Fourth Place

Rutherford's and Summerfield will wage a battle for fourth place next week in Hereford Softball League play. Summerfield presently leads Rutherford's by only one-half game, and Rutherford's has a golden opportunity to take over the fourth slot Thursday when the Farmers will be underdogs against the strong Jim Hill crew, and Rutherford's will be favored to stop the Popular Store.

Friday night should determine the holder of second place. Hotel Jim Hill and the Knights of Columbus are presently tied for that spot, but Jim Hill stands to come out on top if the dope bucket doesn't leak. They will be heavy favorites over the Popular Store in the last game Friday, while the KC's will be only a slight underdog against powerladen Piggly Wiggly.

Piggly Wiggly presently leads the league with a record of 19 wins and two losses and 17 consecutive victories. They haven't been stopped since early in the season when Summerfield and Jim Hill turned the trick.

Judging from the sounds we have heard recently a raving beauty is a girl who didn't win first in a beauty contest.

There is nothing wrong with the younger generation, except that they don't belong to it anymore.

HITS 'EM WITH THE SACKS FULL—Bill Callaway, Rutherford's slugger, has a knack for hitting home runs with the bases loaded. Callaway has clouted two such this year, and both have been instrumental in an upset. (Staff Photo)

## Overstreet Horse In Futurity Race

Tony Beau, racehorse owned by J. R. Overstreet of Hereford, will

be one of 33 two-year-old thoroughbreds which will run in the Futurity trials at La Mesa Park, Raton, N. M., Saturday, Aug. 27, according to announcements today. The event carries a \$2,000 purse

and nominations closed July 1, the announcement said. Horses entered include 13 from New Mexico, 11 from Texas, six from Kansas, two from Oklahoma and one from Wyoming.

## Victory Is Revenge For Earlier Defeat

The Bovina Mustangs killed Hereford's playoff chances with a convincing 8-3 triumph Sunday afternoon at Dimmitt. Led by the pitching and batting of Darrell Read, Bovina gained revenge for a whopping 16-3 defeat handed them earlier by the Sox.

The game was never in question as Read had one of his better days. Read fanned ten in registering the triumph. He walked two men. The Mustang win broke a fourth place tie and gave them the right to meet Frina in the first round of the league playoffs.

Bovina garnered only seven hits off the combined efforts of Terry McRight and John Winkler, but Hereford marked up only six off Read. McRight fanned two Mustangs before leaving, while Winkler chalked up 14 strike outs.

The Bovina triumph was more impressive than the score may indicate. The Sox scored one in the second and didn't score again until the eighth inning.

Hereford errors accounted for a large number of the Bovina runs. The Sox were guilty of committing five errors. Only three of the Mustangs' eight runs were earned. Bovina made seven errors but not when it counted.

Darrel Read, sparkplug of the Mustangs, had a field day at the bat as well as on the mound. He smashed out four base hits in five tries, personally accounting for five of Bovina's eight-run output. Two of his base hits were doubles.

Read allowed the Sox to score in only two innings. Bovina scored in four separate innings, one off McRight and three off Winkler.

Bovina first broke the ice in the second with a pair. With one away Read singled, then scored on Burdine's error after Robert Read had doubled. The latter Read then scored on Burdine's second error.

Then again in the third Suttle dropped Mast's flyed ball allowing him to reach second and Elston walked. Darrell clouted a double to score both.

In the sixth they added three more when Read singled and Robert Read and Hutto both walked. Martin singled in two and the other scored on Burdine's error at second base.

### KNOX'S KNOTHINGS

BY BILL KNOX

Something that should be in the offing in the not-too-distant future for Hereford is a new, modern, and fenced-in softball park.

Nothing has been said about the building of such by any person—and there probably won't be until Veteran's Park is in such a run-down condition that it's impossible to play ball on it. And that may not be very long if the present rate of depreciation keeps up.

If kept properly, and taken care of by everybody involved, Veteran's Park is a nice baseball park. Sure, the adding of additional benches, the shortening of the fences (and made of lumber, not chicken wire), and improvements in lights could be made.

But one of the main things

which is causing the depreciation of the park is the double header softball games played three nights a week. Only about once a week do the Hereford Pink Sox, semi-pro baseball team, play on the field.

A park, fenced in and built especially for softball, would be an improvement for both factions. Then a home run in softball would be earned; not hitting the ball to the right place and seeing how far you can make it roll.

Veteran's Park could also be kept in all around better condition. The building up of a mound, which certainly hinders softball play, would probably be one of the first improvements. Then the

## Pig Slugger Rockets In Batting Scramble

Ken Brock of Piggly Wiggly has all of a sudden rocketed to the top to gain the home run supremacy in the Hereford Softball League. Brock, Pig shortstop, has lived up to his team's nickname by leading homers.

Brock has also raised his average to .333 in about three games. Three weeks ago Brock's batting average was hovering just about the .200 mark.

But Raymond Lueb, also of Piggly Wiggly, still leads the league with a fine .569 average. Lueb was out the past week with an arm injury, but he is expected to return to action against the KC's Friday night. Lueb's only batting role last week was a pinch double which drove in two runs.

Brock's big day was against Summerfield. He smashed out two mighty home runs and was robbed of another by a fine catch by Bob by Clark. He also smashed a dou-

ble to give him three hits in four tries. For the whole week he went eight for 11, hitting four home runs. His average jumped 78 points from .255 to .333.

Lueb's runs batted in leadership is now being threatened also. First by Raymond Dement who has 41 and then Brock who has 37. Lueb's total is 46, an average of over two runs batted in per game.

Brock has also taken over the runs scored leadership from Lueb. Brock ran his total to 41 last week, which is four ahead of Raymond Lueb's 37. Lueb may find it hard to catch the hard-hitting Brock.

The Pigs have only three more games this year, and it may prove a rough task for other league batsmen to overtake them. However, others stand in an advantageous position to take over top stops from Piggly Wiggly players.

Ken Brock ... raises average

## Brock Blasts Another As Pigs Cinch Crown

The Piggly Wiggly Pigs cinched first place in the Hereford Softball League Monday night by smothering Rutherford's 14-4, while the KC's retook second with an easy triumph over Coopers.

The victory was the Pigs' twentieth of the year compared to only two losses, both of which came early in the season. Since then, 17 of the 20 wins have been consecutive. The two losses are credited to the Summerfield Farmers and Hotel Jim Hill.

Ken Brock, league-leading home run hitter, continued his red-hot

pace by blasting another four-master to run his total to 11. He also personally accounted for six of the 14 runs batted in. Besides the home run he clouted a double and a single.

The Pigs started early. They sent across the whopping total of 10 runs in the very first inning on only one less hit. Brock, Dement, Corbett, Wilson, and Pickens' hits were all consecutive.

The Pigs scored three more on Brock's tremendous home run with

two mates aboard, then another when Bud Pickens tripled with one on.

Rutherford's scored in only two innings. They first scored two in the third on a pair of safe raps and bases on balls. Then again in the fifth, in an attempt to prolong the game to seven innings, they scored two but left the run which would have continued the game on third base.

The Knights of Columbus took over second once again with their easy win over Coopers. They lead Jim Hill by one-half game.

UP GOES CHRYSLER'S PRODUCTION MORE THAN 40% Here you see construction work proceeding on the new Chrysler production facilities which will add 667,000 square feet of floor space... including a 14-mile long continuous conveyor system, longest in the industry.

## CHRYSLER'S giant expansion program brings you the greatest new car buying opportunity of the year!

Because of the unprecedented demand for its 1955 models, currently up to a new record high, Chrysler has had to undertake a Giant Plant Expansion Program. When in full production the new plant will provide a 40 per cent increase in Chrysler Windsor V-8 and New Yorker output.

Knowing that building operations would take several months, we have tried to provide enough 1955 Chrysler Windsor V-8's and New Yorkers to meet the demands of our customers through the season. This meant filling our entire year's supply right now in mid-season.

**You Get Year's Widest Selection of Models and Color Combinations**

Since we tried to anticipate your needs, we can show you a wide selection of

color combinations and body styles, but our supply will never again be as great as it is right now! Indicators are that there just will not be enough of all models and body styles to go around.

**Your present car will never be worth more in trade**

Remember that fact! Right now your present car is worth more in trade than it ever will be again.

And we can allow you more for it than anybody else in town. That's not just talk. There's a good reason for it.

**We Need Used Cars**

When these new cars are gone, we'll be hungrier than ever for used cars. That's right—as these wonderful new Chrysler buys move out we will be

needing more and more late model used cars. That's a double reason for you to trade for a brand new Chrysler beauty right now. You have the year's finest selection of the popular 1955 Chryslers... and, we're in a real trading mood to get our used car stocks in shape.

## At The Movies

Randolph Scott is seen as a rancher who has established a cattle empire and hopes to enjoy it in "Ten Wanted Men." His present peace and prosperity are rudely exploded when his fiery nephew's open admiration for a Mexican girl brings the boy into headlong collision with a man who long has nursed his hatred for Scott. Scott's enemy, Wick Campbell, the girl's guardian, imports 10 ruthless killers into the territory. The 10 wanted men gun for Scott; he, in turn must kill them all in order to keep alive. This movie shows Friday and Saturday at the Star Theatre and stars Randolph Scott, Jocelyn Brando, and Richard Boone.

**Sunday, Monday, and Tuesday**  
Kirk Douglas takes the role of a brawling cattle chieftain as he costars with Jeanne Crain, Clarie Trevor, and William Campbell in "Man Without A Star," which shows Sunday, Monday and Tues-

day at the Star.

**Texas**  
The gallant stand at Deibienphu is brought to the screen in "Jump Into Hell," which shows Sunday at the Texas Theatre. Jack Serras, Kurt Kasznar, Arnold Moss, and Peter Van Euck star in the picture. From France, Germany, England and Italy the studio collected an international cast for this picture which presents the stirring action-filled tale of the stand made at Deibienphu, the fortress in Indo-China, and the heroic deeds of the man who fought there.

**Tower**  
One of the newest and youngest stars on the M-G-M lot, Jeff Richards makes his newest appearance as the fighting homesteader in "The Marauder." "The Marauder's," a thrill packed outdoor drama, co-starring Dan Duryea, Keenan Wynn, and Jarma Lewis. This story of an Arizona "sustainer" to protect his homestead from being wiped out by hostile cattle ranchers shows Saturday at the Tower Drive In.

Any time a man opens the door and helps his wife into the car, you can bet that he has just acquired one or the other.

**Stepladder**  
If there is an old worn-out rubber overshoe around the house, cut out a few small rectangular pieces to fit the bottoms of the stepladder legs and tack or glue a piece to the bottom of each leg. It may prevent the ladder from slipping on a wet floor.

**Prune Juice**  
Prune juice can be made by washing prunes, covering with warm water and letting stand overnight. Then heat slowly and cook until tender, but do not boil. No sugar is needed. Strain the juice through a fine sieve.

**Mildew**  
Soak a mildewed garment in buttermilk, then rinse in warm water and wash lightly with soap and water. Rinse again in clear water and hang out to dry.

**Magazines**  
When filing magazines for future use, cut out the page with the table of contents and write the name of the magazine and date at the top of this page. Keep in a convenient place. It will save time when one desires to refer to some old article.

AMONG THE 50—or more musicians attending the West Texas Music Camp for the past two weeks at West Texas State College were these from Hereford High School. They were among more than 300 who received intensive training in band, choral and twirling work from some of the nation's top college bandmasters. The camp ends Friday (Aug. 12) at 7:30 p. m. in WT's Buffalo Stadium, when the three camp bands, the

choir, and twirlers will present for the public a "grand finale" concert. From Hereford High were, front row, Bonnie Lewis, Nancy Story, Clarabeth Holt, Elone Wagener, Sandra Carraway, and Martha Bookout; second row, Verita Sanders, Claudia Green, Jackie Brown, Wanda Kimbrough, Ed Schroeter, and Ronald Zimmerman; third row, Ronald Corbett, Richard Smith, David Wertenberger, and Larry Boston.

the fun of it. The latter probably won't be heeded. At any rate, it was just a mere suggestion.

### Victory.....

(Continued from Page 4)

The Sox scored one in the second when Lueb singled and Corbett was safe when Robert Read missed a third strike, Lueb going to third. He scored on Leroy Suttie's scratch single.

Then in the eighth their final two runs trailed across the plate. Corbet drew life on McCormick's error and Carroll singled, the ball going through Hromas' legs and Corbett legging it all the way home. Winkler sent Carroll to third

with a single, and Carroll scored on Bill Callaway's long sacrifice fly.

The Sox wound up the season with a 7-8 won-lost record. They had previously broken even with Bovina before losing to them Sunday. Bovina will be underdog when they meet Friona in the first round of the playoffs.

Step in... and command the most modern truck power on any job!

# New Chevrolet Task-Force Trucks

Seven new "high-voltage" high-compression valve-in-head engines!

Here's hour-saving, dollar-saving power for your job...  
the biggest choice of engines in Chevrolet truck history!  
And they're the most modern engines in the industry!

You've got it good under the hood with a new Chevrolet Task-Force truck! With two new V8's and five new sixes to choose from, you can pick the power that's tailor-made to do your kind of hauling.

**Shortest stroke V8's in any leading truck!** Both of Chevrolet's new truck V8's have an ultra-short stroke—shortest of any V8 in any leading truck. They're of modern oversquare design, which means that the piston stroke is smaller than the bore. The result is less piston travel per mile... longer engine life. Also, Chevrolet's compact truck V8's deliver ex-

ceptionally high horsepower per pound of engine weight. More power is actually available for hauling your loads!

**Modern 12-volt electrical system!** You get this great development in all new Chevrolet truck engines—both V8's and sixes. The 12-volt electrical system delivers twice the punch for quicker cold-weather starting (up to 30% faster cranking speed). It also provides a hotter, fatter spark for better ignition.

Come in and command the most modern truck power for your job!

**V8 or 6** you get the right power for your job!

goods in warm water.

Q. How can I easily pour catsup?  
A. All that is necessary is to push back the thickened portion that congeals around the top. It will then pour easily.

Q. How can I make a good ironing board cover?  
A. When a new cover is needed, make a slip of unbleached muslin to fit the board, open at both ends. It is far better than using a sheet, or sewing or tacking it to the board.

Q. How can I prevent a burning sensation on the feet caused by being too dry and harsh-skinned?  
A. A good remedy is to rub them thoroughly with olive oil, massaging it well into the pores.

Q. How can I make it easy to cut meringue pie?  
A. Lemon meringue pie will not be difficult to cut if the pie knife is wet with cold water before using. This prevents sticking.

Q. How can I trace ants to their nest?  
A. Sprinkle cake crumbs or coarse sugar on the floor and watch to see where the ants carry it. In this way they can be destroyed at their source. If red ants nest in floors, carbolic solution can sometimes be introduced by use of an oil can with a long nozzle.

Q. How can I keep the sharp edge on knives?  
A. The sharp carving knives should be separated from each other. If kept together they will lose the sharp edge from contact with other blades.

Q. How can I keep celery crisp?  
A. By washing thoroughly and keeping in the refrigerator for a few hours in a pitcher of cold water. Add a teaspoonful of salt.

Q. How can I clean ordinary window shades?  
A. Rub with wall paper cleaner. Hold shades should be stretched tightly on floor or table and tacked down, then scrubbed with hot suds and brush. Rinse with brush and warm water. Wait until almost dry, then iron.

Q. How can I remove ink stains from fabrics?  
A. By covering the spot with a paste made of starch and buttermilk. Allow to dry and then wash in clear water.

## How Can I?

By Anna Ashley

How can I remove mildew from fabrics?

A. In early stages, remove by rubbing into the material a paste of powdered chalk and soapsuds and laying it in the sun. Renew as often as it dries. For advanced stages steep the article in a weak solution of chloride of lime for half an hour, and then transfer to a solution of 1 ounce hyposulphite of soda to a gallon of water to check the action of the lime. Then rinse in clear water.

## Rooster That Was Hen Is Studied By Scientists

ST. CLAIRVILLE, Ohio—University of Ohio agriculture professors are seeking more data on why hens turn into roosters. They have accepted a rooster which Mr. and Mrs. Wilbur F. Fulton say was a hen for a year and a half. They have not announced what studies they plan, but it was explained that such transformations take place often enough to be recognized, although they may not be fully understood.

Mrs. Harlan Flemming who manages a number of poultry farms says such transformation "is not rare and has happened in a number of cases."

She says it is caused by an unusual gland disease "which accentuates the male traits and actually turns the chicken, physically and mentally, into a rooster."

But the change caused considerable excitement on the Fulton farm. Two years ago the Fultons got 50 mall order chicks and, after cutting, had 23 hens and one rooster.

Fulton says: "The hens laid well and the flock was fat and contented. Then I sensed something was wrong. One of the hens turned trouble maker and the rest of the hens would gather in one corner and stare at her. Then I saw that she was growing a large comb, and spurs started to grow on her legs. She would fly at the rooster and fight it."

One morning the hen-rooster crowded 12 times and several times it escaped and visited other flocks. Fulton got in touch with the University of Ohio experts and turned the chicken over to them.

He says that the hen laid at least 100 eggs before the changes started.

Bacon fat is much preferred to lard for shortening corn bread or muffins.

**Oysters**

When frying oysters, first wash and drain them. Season with salt and pepper, dip in flour, egg, and cracker crumbs. Fry until golden brown in hot fat, then drain well and garnish with parsley or lemon.

**PET PARADE**—Eight year old Joyce Cooper, daughter of Mrs. Alice Cooper of Westway, has her share of unusual pets. In the picture at the left she is feeding her two "spoiled ducks," Sweetie Face and Daisy. Joyce says the ducks are always begging for something to eat and chasing the chickens away from their feed. In the picture at right she is looking over a peacock at the John Kalka farm at Westway. The peacock is a busy fellow these days as he struts back and forth in front of the machine shed where five peahens are setting. Four of the hens have made their nests side

by side in one corner of the shed. Mr. Peacock's hollow cry, which is repeated at frequent intervals, tends to warn trespassers that he is not averse to administering a sound flogging to those who venture too close to the nests. Perhaps the fact that he is now losing all his beautiful long tail feathers of which he is so proud may also account for his irritability. The fowls are raised by Mrs. Alice Cooper, who also raises guineas, turkeys, geese, ducks and chickens -- including bantams. (Staff Photos by Mrs. Merlin Kaul)

Q. How should a mouth that is too wide be lipsticked?

A. Concentrate your color toward the center of the mouth, accenting the center with more color and using color lightly at the corners. Re-touching the corners of the mouth with some powder will also help make them less visible, thereby decreasing the apparent width.

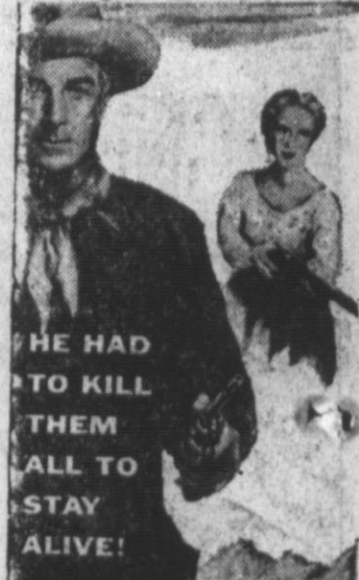

Q. What makeup technique will help "bring out" a rather weak chin?

A. You can highlight it with lighter foundation than you use on the rest of your face, and be sure to blend it in nicely.

**Deadline For Applying For Scholarships Set**

A deadline of August 15 has been set for students applying for two new freshman journalism scholarships at Texas Tech, Dr. William E. Hall, department head has announced.

The journalism grants, both established within the past month, are the \$180 Hereford Brand Scholarship and the \$100 South Plains Press Association Scholarship.

Any entering freshman from the West Texas area is eligible for The Brand scholarship while the SPPA award is restricted to member communities. The SPPA towns include: Lubbock, Abertown, Colorado City, Brownfield, Littlefield, Seagraves, Tahoka, Matador, Slaton, Morton.

Winners will be announced on or about Sept. 1, Dr. Hall said.

public as a benefitting environment in which loved ones may be cared for with the best of skill and under stately surroundings of solemnity and elegance. The funeral home has been built at a cost of \$30,000.

**Long Time Ago**

**45 Years Ago**

It is a fact known to the farmer that it is not an act of wisdom to depend on one kind of grain crop; but a diversity, planted each in its season, gives the best results, and the surest profits. No less true is it, that the farmer who would have a nice little bank account, and ready money by him all the time, should not depend on one class of marketable animals to the exclusion of others. A number of our far sighted citizens of Deaf Smith County have found out that sheep raising in the Panhandle is profitable.

Doubtless it will be interesting to the readers of The Brand to know that Rev. S. T. Shore, pastor of the Christian Church of Hereford, is a relative of Florence Nightingale who died in London August 14, past 90 years of age. Florence's father was an English gentleman, and his real name was William Edward Shore but he assumed the name of a grand uncle, Peter Nightingale—that being the condition on which the uncle's estate descended to him.

There is no better paying investment than a good vineyard. While there are a number of small vineyards in and around Hereford, no one has a large acreage. There is however, a move on foot to plant a large acreage. Two men are planning to set out about 10 acres. Others are thinking of putting out from 10 to 20 acres. Culture of grapes is easy.

**25 Years Ago**  
Campaigning for office in Deaf Smith County is not very expensive judging from the final filing of expense accounts which were due August 6. A total of only \$1,488.44 was spent by the 28 candidates in the first primary race. Only four candidates spent as much as \$100 each; the others accounting for varying amounts on down to the least, a \$3 expenditure by Alex O. Thompson, unopposed for surveyor.
