## Around Town

Folks Around Town are about decided that Earnest Langley, Hereford's city attorney, knows as much about the United States constitution as anyone in town. At least that's what members of the Kiwanis and Lions Clubs think after hearing Langley talk on the subject.

Frio's Homemaker's Club is having a rummage sale at the Hereford Locker and Cid Storage plant all day Saturday.

The rumor that got around town last week about the swimming pool going to close is nothing more than that—a rumor. That's what city authorities tell us. They really haven't figured out how the rumor got started, but they were sure of one thing. The Hereford pool isn't going to close.

The Soil Conservation Service has now moved their offices from the courthouse to 236 West Third, in Apartment 1 in the Fullwood Apartment building.

Rides for the Lions Club carnival have arrived in town. The carnival will be held all next week.

## Local Delegates To Attend Legion State Convention

Two delegates from Hereford will attend the thirty-seventh annual state convention of the American Legion and Auxiliary in San Antonio Friday through Sunday.

Representing the Legion will be Horner Logan, Mrs. Ethel Logan will serve as Auxiliary delegate. State Commander E. L. (Stonewall) Jackson has announced that among Legion speakers will be National Adjutant Henry Dudley of Indianapolis, Ind.; General Graves B. Erikine, U. S. Marine Corps, retired and now director of the Office of Special Operations; and Department of Defense and State Land Commissioner Earl Rudder of Austin.

The annual convention parade will be held Friday morning with Col. Henry Lee Taylor of San Antonio as marshal. The annual musical organization and color guard contest will be held Friday afternoon.

Special events will include the annual child welfare breakfast on Saturday morning, the 100 Member Club luncheon Saturday noon and the annual Past Commanders' Dinner Saturday evening.

Charles L. Downey of Pleasanton now serving as division commander, is unopposed for state commander. The 40 and 8 has two candidates for the job of Grand Chief of Cops (commander). These are Walter Koehler of San Antonio and Mel Kingeald of Houston.

## Hereford Guard Boxers Winners

Two Hereford boxers did all right in the 36th Division boxing matches at North Fort Hood.

Pvt. Eugene Waits won the Division championship in the light-heavy division and Cpl. Charlie Martinez won the Division fly-weight crown.

Both Waits and Martinez were awarded trophies. They, along with seven other local men, are taking two weeks summer training with the National Guard at Fort Hood. The men are to return next week.

**A SERIOUS PROBLEM** -- Like hundreds of other mothers in Deaf Smith County and throughout the nation, Mrs. E. D. Hopson faces the problem of whether or not to give her daughter Randy, pictured in the background the second Salk polio shot. She received no help from Dr. R. R. Willis, county health officer, who said he could not recommend that the shot be given or not given. After days of trying to make a decision, Mrs. Hopson told The Brand Wednesday that "... I'm going to let Randy take the second shot because the first ones in this area were apparently successful and I have faith in the National Foundation."

*(Staff Photo)*

## School Contract Is Due To Be Let In September

Contracts on Hereford's new elementary school will probably be ready to let sometime in September, B. R. Cantrell, architect, told

Hereford Rural High School District trustees Tuesday night at their regular meeting. Cantrell made the statement after

trustees had approved a drawing of an outside plan for the school. The plan features unusually small windows and a combined heating and ventilating system.

## Hereford Potatoes Get Spotlight At Big D C-C Managers Institute

Hereford potatoes will invade Big D in style Saturday. That's the day Chamber of Commerce Manager Bill Lenderman will distribute some 1000 two pound bags of the Deaf Smith County spuds to other chamber of commerce managers from throughout the state.

Lenderman, in a telephone conversation with Virgil Cocanougher, C-C secretary, earlier this week said all was in readiness for the event. The potatoes arrived in Dallas Wednesday in good shape. Lenderman plans to have a booth set up in a downtown Dallas hotel to hand out a two pound bag of the spuds to each manager present.

Written across the front of the bags will be the words, "Grown in Hereford, Deaf Smith County."

The potatoes were donated to the Chamber of Commerce by Howard Gault, local packer. Lenderman says he plans to prove for once and forever that you just can't beat Hereford potatoes for quality.

The C-C manager is attending the annual United States Chamber of Commerce Southwestern Institute. It is his third year to attend the school and he will receive a certificate of award upon completion of the course.

He spent all last week in Dallas, Fort Worth and Mineral Wells contacting prospective industrialists. His trip was planned by the C-C Industrial Development Committee. He took several copies of Hereford's recently completed industrial survey with him to show prospects, and reported that several were impressed with the report.

Lenderman is to return to Hereford the first of next week.

Mrs. C. H. Hale and daughter Monte Dean have returned from California where they visited with relatives. Monte Dean spent the past six weeks with her grandmother, Mrs. E. A. Harrell of Visalia, and Mrs. Hale spent a couple of weeks there before returning home.

Mr. and Mrs. James Alston of Bryan where he recently graduated from Texas A&M College, are here for a visit with their parents. Mrs. Alston is the former Miss Shirley Sha-p.

## Optimist Charter Petition Is Here

Hereford Optimist Club's charter petition has arrived and is now ready for signatures, Bill Phipps, acting presiding officer, said Wednesday.

Phipps said prospective club members are urged to meet at the Western Wheel Inn at noon Friday. He said, "We need to select a permanent meeting place and day for meetings. If you cannot be with us Friday, contact Dale Martin or myself and we will be happy to do this for you."

Memberships blanks are available now at Buy-Rite Furniture store. Phipps said charter membership would be held open until July 29 if possible.

## Junior High Lighting

President Robert Wagoner named a committee made up of Ira Scott and Mrs. Earl Plank to study lighting problems at the Junior High School. Scott and Mrs. Plank were told to decide what improvements were needed and to arrange for them to be made.

In other action, trustees set Sept. 6 as the date for opening school, and approved regular monthly bills.

All members were present except H. H. Miller.

# Highway 51 Contract Letting Due Sept. 15

## Which Shoe Was It Mr. Wagoner?

Talk got around to windows at the school board meeting Tuesday night. The debate was on advantages and disadvantages of large windows in the new elementary school.

President Robert Wagoner finally said, "It reminds me of the story about the old man who couldn't sleep because all the windows in the room were down. Finally he picked up his shoe, tossed it at the window and smiled broadly when he heard a resounding crash. He slept like a baby the rest of the night. Next morning, though, when he woke up, he found all his windows still intact, but his mirror broken."

Wagoner hadn't more than gotten the tale out of his mouth when Don Zimmerman sounded off, "Which shoe did you throw Robert?"

## Right-Of-Way Must Be Ready By First

The City of Hereford and the Episcopal Church have apparently settled their differences over the amount of damages to be awarded to the church for right-of-way needed for the widening of Twenty-five Mile Avenue.

City Attorney Earnest Langley told City Commissioners Monday night at their regular monthly meeting that the church has agreed to accept the city's offer, which was made more than a month ago. Widening of the state highway will necessitate moving the church from its present location.

Commissioners were told that the State has indicated that they plan to let contracts for the widening of the highway about Sept. 15. Everything is supposed to be out of the way at least two weeks before the contracts are let.

## Total of Six Appeals Filed

A total of six appeals to the special jury commission's awards have now been filed by property owners along Highway 51.

Two other appeals closely followed four filed earlier by owners. Annie L. Vincent and Henry A. Turner joined Frances Dameron, Bertha D. Witherspoon and Johnnie Helen Estes in objecting to the awards of curb, gutter and sidewalk. Miss Dameron had filed two appeals.

## Block Resigns

The resignation of Ivan Block from the Board of Equalization was accepted and Ed Warren was appointed to fill the vacancy.

A petition for the annexation of Block 43 of the Evans Addition was presented, but no final action was taken due to the fact that the petition must be filed 20 days before commissioners can make a decision.

The possibility of installing parking meter violation pay boxes downtown was discussed, but commissioners decided not to do so.

Commissioner Wayne Edwards was absent.

## \$100 Fine, Five Day Jail Sentence Given For DWI

A Latin American was fined \$100 and court costs and given a five day jail sentence in Judge Homer Henslee's County Court Tuesday on a charge of driving while intoxicated.

Fined was Simon Compas. Officers said Compas was arrested Saturday night on Highway 51. He entered a plea of guilty. Highway Patrolmen said Compas was "just wandering around" in his car when arrested.

Compas' license was suspended for six months.

Mr. and Mrs. A. L. Manjeot left Monday for a 10 day vacation in Colorado. Mr. Manjeot expects to get in some fishing while away.

The two new appeals were worded almost like the ones filed earlier, charging the award proposed taking the defendants' land without monetary compensation, that the award was unliquidated and uncertain in amount, and that the award insures primarily to benefit the public and the City and not the defendant.

## Heavy Rains Fall At Summerfield

**BULLETIN**--Two inches of rain were reported to have fallen at the J. E. McCathern Jr. farm near Summerfield since Wednesday morning, bringing the total rainfall in that area to 2½ inches in the last three days.

According to all reports rains over the Hereford area Tuesday were apparently light but general.

However, the small amount of rain received was beneficial. J. E. McCathern Jr., who lives near Summerfield, reported the heaviest rainfall. McCathern got approximately one-half inch over a three day period. He reported that his crops were all helped considerably.

V. E. Dodson, who lives eight miles northeast, got "less than a fourth of an inch," but on the H. L. Hershey farm, 10 miles northeast, one-fourth of an inch fell. J. T. Gilbreath Jr., received "only a small shower."

Henry Andrewa of Frio was benefitted with about one-fourth of an inch. Andrews said his "feed" crop was also helped considerably.

**SOME PRIZE** -- Beverly Jean and Butch Roberson cautiously admire the small donkey won by their grandmother, Mrs. Lela Jowell, at a Furr Food Store Saturday.

The two children were certainly not unhappy over their inheritance of the donkey. *(Staff Photo)*

**DRAWING OF NEW SCHOOL** -- Pictured above is the architect's drawing of Hereford's new elementary school. The drawing, prepared by Cantrell and Co. of Pampa, was approved Tuesday night by Hereford Rural High School District trustees. It was one of two presented for the Board's consideration. The building will feature smaller windows (approximately four feet) than most school buildings have and a combined heating and ventilating system, which will always supply fresh air. The building will face west. Board members selected the plan after being told it would be more economical to build than another plan, which featured more windows. They were also told the building would be more dust-proof than the other.

# How Can I?

By Anne Ashby

**Q** How can I get rid of mosquitoes?  
**A** If bothered by mosquitoes, use insecticide with an insect gun and spray the ceiling and upper walls. They will collect there before biting.

**Q** How can I remove mildew from linen?  
**A** Wet the article with soft water and rub it well with white soap. Then scrape some fine chalk into powder and rub thoroughly into the linen. Lay it out in the sunshine, keeping moist with soft water.

**Q** How can I clean white straw hats?  
**A** Mix lemon juice and powdered sulphur to a creamy paste and apply to hat with an old toothbrush, scrubbing well; dry in the sun.

**Q** How can I clean the stains of tea or milk from glass straws?  
**A** Use pipe cleaners. Keep a package on hand and your straws will be bright on the inside as well as the outside.

**Q** How can I prevent that strong taste in turnips?  
**A** When preparing turnips, peel them, then cut just as if there were a core in the center. Discard this part, and the turnips will not have that strong unpleasant taste.

**Mrs. Robert Bell and sons of Dallas, formerly of Hereford, are guests of his mother, Mrs. A. G. Bell, while Robert Bell is at Fort Sill, Okla., with the reserve Corps.**

**Mrs. D. H. Sigman and Mrs. Lee Benefield and Mr. and Mrs. C. J. Jones of Ft. Worth left recently to attend the funeral of Mrs. Sigman's aunt in Chickasha, Okla.**

## Merry Maidens Study Grooming

Merry Maidens 4-H Club met in the home of Polly Ann Monroe Friday and saw a demonstration on good grooming, and skin care, given by Donna Lovel and Polly Monroe.

The meeting was called to order by Ann Rose Dziuk, vice president. Songs were led by Polly Monroe and the ritual by Emily Pavlicek. Roll was called by DeLourdes Buck. Business was discussed and a picnic planned for Saturday, July 23 at Veteran's Park from 6 until 8 p.m. Each girl will bring a friend.

Girls answered roll call by giving a hint on good skin care.

Present were eight members and one visitor, Lillian Davis. Members present were Donna Lovel, Sue Minor, Mildred Wester, Emily Pavlicek, DeLourdes Buck, Ann Rose Dziuk, Deanna Kriegshauser, Mrs. J. Parsons, Mrs. Monroe and the hostess.

Next meeting will be held July 22 in the home of Emily Pavlicek.

Jerry Coody, Baylor University football star, is the evangelist for the Grace Gospel Church during their revival services. The services are being held this week and next, and meetings are at 10 o'clock each morning and 8 o'clock in the evening.

The pupil of your eye enlarges in near darkness until it lets in 50 times the proportion of the available light that it does in bright light.

## Household Scrapbook

By Roberts Lee

### The Food Chopper

If the food chopper is dull it can be sharpened by running a piece of sandsoap through it, just as though the soap were food. Both cutters will be sharpened and it will remove any grease that may be on them. Rinse the chopper thoroughly in boiling water.

### Ink Stains

If ink is spilled, wash it up immediately with lukewarm soapy water. If this method fails to remove the stains, wash thoroughly with sweet milk.

### Fly Specks

A soft cloth that has been dampened with alcohol will prove effective in removing fly specks.

### Curtains

If curtains are sunburned and yellowed from the summer's sun they can be made ecru by dipping in a coffee solution. The sunburned spots will be covered and the room will have a softer tone than when the curtains were white.

### Custard Pies

When making a custard pie, bake the crust about half done before filling in the hot custard. Then the under-crust will not soak up the custard.

### Laundry Hint

It is well to remember that soap combined with bluing will cause rust spots.

### Care of Stove

Sometimes the steel fittings on the stove become discolored with brown stains. This is caused by rust. A cloth dipped in vinegar will often remove these stains.

### Ready for Preserving

Wash all the jars and bottles thoroughly before putting them away for preserving time. Then all that is needed before using them is a boiling hot water bath.

### Piano Keys

One of the best cleaners, and whiteners for piano keys is the juice of a lemon. Rub briskly over the keys.

### Crickets

Sprinkle a little quicklime near cracks where crickets might enter. Chloride of lime and powdered tobacco are also effective.

One third of the 50 million cars in the United States are more than 10 years old.

German folklore is responsible for the idea that storks gather babies from ponds, wells, marshes and springs where the souls of unborn children were supposed to dwell and took them to favored families.

## INSECTS CAN VACATION IN UNTIDY HOMES

RALEIGH, N. C. — Leave your house untidy when you go on vacation and you may invite an army of insects to occupy it, says Mable Whisnant, home management specialist at North Carolina State College.

She urges that the whole house be clean, but the kitchen is especially important. Soiled dishes and unemptied garbage can attract roaches and ants. In other rooms, soiled woollens can attract moths and carpet beetles.

If you can arrange for a neighbor to open a window occasionally while you are gone it will prevent the house from becoming musty. It is also wise to arrange for a check every day or two on the home freezer and refrigerator to make sure they are in good order.

If you disconnect the television and radio set, it can help reduce lighting dangers, says Miss Whisnant. She also suggests use of a household surface spray on rugs, in closets and along baseboards.

New Mexico has 2475 miles of railroad.

don't DO that!

DON'T GOSSIP . . . You can do incalculable harm by spreading malicious rumors which may not be true, but are sure to be embarrassing to someone.

### Walcott News

**By MRS. T. L. COLLINS**  
 Jack Weaver was taken to Veterans Hospital at Amarillo Wednesday. Mrs. Weaver said he was undergoing several tests Thursday when she visited him.  
 Mr. and Mrs. D. B. Roberson and Sandra moved from this community about a month ago. They are living on a ranch about 12 miles from Canyon.  
 Mr. and Mrs. C. H. Hammock took their nine-year-old grandson, Bill Barnett, back home yesterday. He is the son of Mr. and Mrs. Pete Barnett of Clovis.  
 Mr. and Mrs. Herschel Barry and family and Mr. and Mrs. Glenn Burrus and daughters were in Tulsa Saturday visiting relatives. The entire group had a picnic.  
 Mr. and Mrs. A. J. Ashburn have a cousin of his and family visiting in their home. The visitors are Mr. and Mrs. J. A. Bates and daughter, Faye Ann, of Stanford Jackson Ashburn is driving a tractor these days.  
 Mr. and Mrs. T. L. Collins, Raymond and Bruce, spent Tuesday and Wednesday near Floydada visiting Mr. and Mrs. Henry Price. Mrs. Price is recovering from an operation performed in Lubbock.  
 Mr. and Mrs. C. H. Hammock had his niece, Elizabeth Ham of Seminole, visiting their home last week.  
 Charles McClure will accompany his uncles and aunt, Mr. and Mrs. W. J. Lumpkins of Tulsa and Pete Lumpkins of Happy to Utah. They will leave early Monday morning, taking a combine and following the harvest along the way.  
 Mr. and Mrs. Willis Dufur returned home Saturday evening from their wedding trip. They visited

points in Colorado and Colorado Caverns.  
 Things have been a little more rushed than usual around the Jameron Ranch. Two new irrigation wells have been put down late in the year, one just back of the house.  
 Mr. and Mrs. S. O. Perkins and Mr. and Mrs. Tom Oliver and daughter Connie of Hereford were in Amarillo Sunday. Sunday evening Mr. and Mrs. Joimny Perkins and son Steven were in this community visiting with others.  
 Mary Dufur went from church Sunday to visit in the home of Kay Lynn Scott.  
 Mr. and Mrs. Bill Churnatt of Vernon, friends of the Cliff Patton family, have been here visiting in the Patton home.  
 Bob Perkins went to church on Sunday night with the T. L. Collins family. He was guest in their home for dinner. In the afternoon Carl McClure took Bruce and Raymond Collins, Randy Jorgensen and Bob Perkins to the "breaks" with him. Later that evening the boys returned to Collins' home, where they had a game of croquet. Each had a ride on Bob's motor scooter, too.  
 Mr. and Mrs. W. L. Harkrider and sons have changed their plans some. They plan to be here until about August 1, when they will move to near Big Spring. Later they plan a trip to San Antonio.  
 Walcott's school board and principal met again in special session Monday night, July 18. Mr. and Mrs. A. L. Shelton of Amarillo were hired as teachers for the coming school term.  
 Mrs. V. V. Thweatt and son, Spain, have been visiting here with another son, S. N. Thweatt and wife, for two weeks. They returned to Amarillo Sunday.

**Sunshine Club Meets In Home Of Mrs. Watts**  
 The Sunshine Club met Thursday night with Mrs. C. E. Watts and plans were discussed to have an ice cream supper with Mrs. Alton Kemp in August.  
 The meeting was called to order by the president and roll call was answered with singing.  
 Game winner was Myrtle Cavthon. Mrs. J. C. Mays and Mrs. Jeff Davis received gifts from their secret pals, Edith Sheppard was in charge of recreation.  
 Those present for the meeting were: Mesdames Clois Kemp, Alton Kemp, F. N. Higgins, Jeff Davis, Billy Wells, Geo. Miner, Earl Pittman, Clint Landry, H. Teague, Edith Sheppard, Myrtle Cavthon, Nell Pittman, and J. C. Mays. Mrs. Sorrows and Mrs. F. S. Smith were visitors.  
 The next meeting will be with Mrs. Billy Wells.

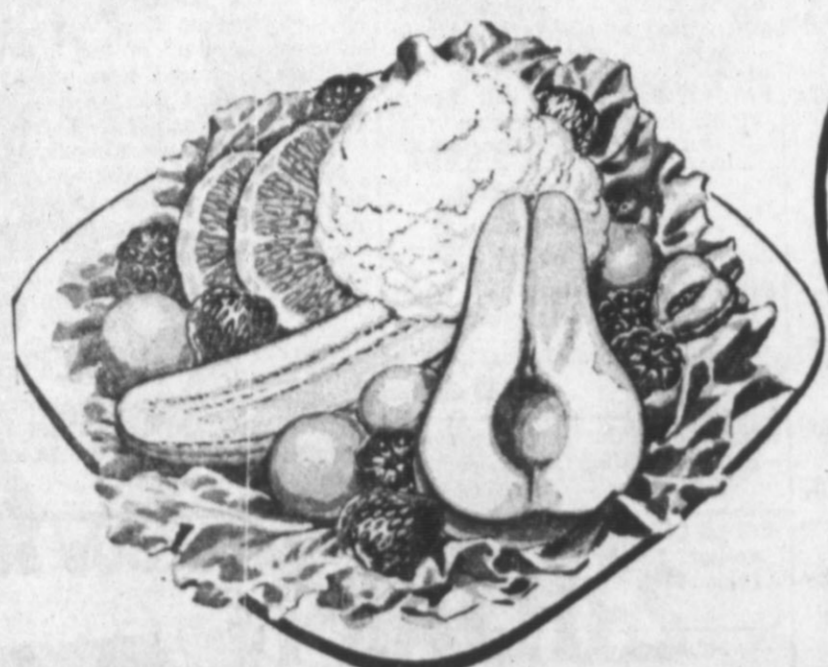

**FAMILY REUNION**  
 Eighteen members of the J. E. Cockrell family gathered for a reunion here last week. On Sunday the group attended the First Baptist Church and other highlights of the week were fishing trips to Buffalo Lake and a days' visit in Levelland at the home of Mr. and Mrs. Edgar Russell.  
 Those here for the occasion were Rev. and Mrs. Vernon Chambliss and children of Quincy, Wash., where he is pastor of the Baptist Church, Mr. and Mrs. J. W. Cockrell and sons of El Monte, Calif., Mr. and Mrs. L. R. Frost and sons of Munday and Mr. and Mrs. Edgar Russell and daughter of Levelland.  
 Rev. and Mrs. Chambliss have gone to Fort Worth and Dallas for short visits before returning to Washington, and Mr. and Mrs. J. W. Cockrell are visiting her parents in California.

**RETURN FROM TRIP**  
 Mr. and Mrs. Geo. Graham and daughter Peggy, and Mr. and Mrs. Pat Sullivan have returned from a two weeks' sight-seeing trip. They visited Ray Graham, son of Mr. and Mrs. Geo. Graham, and his wife, who live in a look-out tower on St. Joe Baldy Mt., near St. Mary's, Idaho, and on the return trip they visited Glacier Park, Yellowstone National Park, Waterton, Canada and Denver, Colo.

**CARD OF THANKS**  
 We want to sincerely thank all of our friends and neighbors for their kindness shown us during the death of our wife, mother, and grandmother.  
 May God's richest blessings fall upon each of you.  
 John Geer  
 Mr. and Mrs. Wallace White and family  
 Mr. and Mrs. Walter White and family  
 Mr. and Mrs. H. H. Biss

**PET PARADE** -- Jim Manning shows his pet crow and two ground squirrels which he acquired a few weeks ago. He obtained Heckle, the crow, from Wallace Woolsey about three weeks ago. The ground squirrels, which aren't named, came from the golf course. Jim is the son of Mr. and Mrs. Roy Manning. (Staff Photo)

(Editor's Note: It took three years—and a camping trip—but we finally talked Abe Martin into doing another column. Abe says his family will have him in the doghouse as a result, chiefly because most of the incidents really happened. However, after reading the column, it sounds to us as though he may have been in the doghouse just a little bit—before he started.)

By ABE MARTIN

Why do people go camping? Why will they leave a comfortable home and go to the mountains to freeze, to chop wood with a dull axe, and carry water up hill at a 90-degree angle? Even bust their toe three or four times on the rocks? This, I will never understand.

Did you ever try to put on your britches while standing on an inflated rubber mattress? Well, I have—and I don't like it. Your britches are always wet the next morning after you sleep in a tent all night, from dew that is. Then you get up at 6 o'clock, because you are so dang miserable you can't sleep. You try to start a fire with wet wood, and wet matches. I wore out a good hat fanning a slow fire. I also cut enough cord-wood to run me all winter. I carried enough water to put out Pitman Elevator—if it gets on fire. What's more, as soon as the fish head I was there, they took the lookjaw. I wore my right arm off whipping the stream with a fly rod. I offered them everything I had, but they didn't want any part of it.

I fished one whole day and didn't catch a fish, but my son-in-law, James Edmondson, caught his limit. This burned me up for sure, because he isn't supposed to know how to fish—and he caught more fish everyday than I did. This is bad enough, but he bragged about it all the time. He even still rubs it in. I got even with him one morning, though. I caught a 16-inch trout and he didn't catch a fish.

We had everything going along pretty normal until about midnight one night when my wife had a blowout on her rubber mattress. I didn't hear the noise when it blew out—but I did hear her when she hit the ground. I offered to change beds with her, but she said she didn't want to be indebted to me.

The thing that I hate the most is that you never can find what you are looking for in your grocery box. I would make me a cup of coffee the first thing in the morning to sort of help warm me up, and by the time I could find the cream and sugar, the dang coffee would be cold. If you take

too many groceries, it just causes you more misery. All you want to take is a pound of coffee, a dozen eggs, a pound of bacon and a loaf of bread. Then it won't be hard to find what you are looking for.

Folks, don't ever camp out in a tent. It was my job to close the tent up every night and, by the time I got the tent laced up and changed to my night clothes, I was completely fagged out. High altitudes are hard on old birds my age. It is hard on your nerves. You get mean and grouchy. The only ones I could get along with were my two grandchildren, Jammie and Cheryl Ann, and a family of squirrels (a mother and her two half-grown children). They were the only bright spot in the whole vacation. Even if they did mess up my water bucket every night, they were a source of amusement all of the time.

The fellow who invented the rubber mattress was really a sneak. He is the one who, in the first place caused you to camp out. Anyone knows the ground is too hard to sleep on, so you figure the rubber mattress is just what you need. Next, you spend enough money on a mattress to rent a cabin. What a chump you have been—but you won't admit it. You say, "Oh, yes! We had a wonderful time," and you try to sell everyone else on the same old hoax.

We were about 40 miles beyond Creede, Colo. Camped at Lost Trail Camp Ground, on Lost Trail Creek, right under old Chimney and Pole mountains. On these mountains is one of the two flocks of Bighorn Rocky Mountain sheep still found in Colorado. At one time there were 130 head. They are decreasing all the time. The Ranger told me that they are dying with a lung disease. I can see why, too. They stay at 12,000 foot altitude all of the time. Brother, it almost got me in less than a week.

On the way home we visited historical old Creede of the gold-rush days. I was on the spot where Wild Bill Hickock killed two-quarts in one night.

I also invented a coffee bucket for camping. You punch three

holes in the top of the bucket, then you take one of Gleave Owens' coat hangers and make a handle on top of the bucket. This keeps you from getting burned on the handle, instead. I tell you, there is nothing like a campfire. You can sit there with a glow on your face and let smoke filter through your eyes. It creates beautiful dreams. You can sit there and dream of home and a good comfortable bed, of hot coffee, of water that you don't have to tote; wood that you don't need to cut. Then you will start griping—and will swear that you will never go camping again.

But you will, Brother, you will. You will be right in the same predicament next summer. The worst punishment is when you try to shave in a camp. That is when I really got in the doghouse with

my wife and Lonidene. I didn't want to make a fire, so I shaved in cold mountain water... out in the wind, using a mirror that wasn't true. That is when I really lost my temper and said some things that weren't nice. The razor pulled so hard that it even pulled the hair on my legs. I finally had to put a running W on myself to keep from running off.

Old Slat Gilliland was at Pagosa Springs, Colo., at the same time, and we were supposed to have come back by his camp to visit him, but we came back another route—just to miss him. I felt so bad that the last person I wanted to see was an undertaker.

Folks, I am so disgusted with camping that I don't intend to do it again. That is, not until next summer. I think everyone should

camp for at least one week every summer. It is a good way to punish yourself for not appreciating your home.

There are supposed to be no flies in Cool Colorado. But they're there, Brother, they're there. If you are camping out they will follow 500 miles just for the pleasure of tormenting you. I wouldn't dare eat blackberry pie when I am camped.

Now, folks, I've tried to warn you about the discomforts of camping, so if you do go camping, don't blame me. Just don't do it—unless you get a chance.

—Abe Martin.

Rev. Akers, pastor of the Church of the Nazarene, was in Amarillo last weekend attending a Weekend Youth Revival at the Grand Avenue Church of the Nazarene.

## Beauty At Home

By Lynn Carter

Q. Just how should I go about giving my hair a hot-oil treatment?

A. Use castor oil, olive oil, or a mixture of both in equal parts. Warm the oil, and apply with a medicine dropper or cotton pad, parting the hair and applying, then rubbing well in. Massage it roughly to distribute the oil, apply a towel wrung out of hot water, and wrap the head turbanwise, so that the oil penetrates the scalp. Follow this treatment with the regular shampoo.

Q. Please suggest a good, stimulating skin-treatment.

A. One of the best is a honey over face and throat in a thin film. Af-

ter 15 minutes, remove with a damp cloth.

Q. What treatment will discourage hangnails?

A. Massage each cuticle gently with hot nail oil every night before retiring. Wear thin, washable gloves to bed while treating the nails.

Q. What are the proper proportions of a good figure?

A. A waistline 7 to 9 inches smaller than your bust. A hipline no more than 2 or 3 inches bigger than your bust. Upper arms no more than an inch and a half bigger around than your ankles. Calves 4 inches bigger than your ankles. Thighs 7 inches bigger than calves.

Q. What is a good toilet powder I can prepare at home?

A. Two parts boric acid mixed with eight parts of starch.

A. Follow the natural lipline, keeping a bit inside of it. Apply lipstick more heavily in the center, tapering off and stopping just before the corners. Cut the width of the mouth by curving the upper lips lightly at the corners of the mouth.

Q. What is a good astringent lotion I can use on a too-oily skin?

A. A bit of lemon juice, squeezed into a bowl of ice water, and splashed on the skin after it has been thoroughly washed and massaged, is very good. Do this before the powder foundation or makeup.

Q. Is there a paste I can apply to my skin to correct whiteheads?

A. After applying a thick paste of fuller's earth and witch hazel, rub some gauze over the face to keep this in place. After awhile, wash off with cool, then cold, water.

Back row: Connie Renfro, Susan Peters, Linda Renfro Merle Carmichael, and Diane Krall. Helping with the party were Mrs. S. L. Calloway and Mrs. Emerson Roland. (Staff Photo)

### Brand Writer Discovers Folks In Canada Friendly,

(Editor's Note: Miss Campbell is in Canada on her vacation. She gives her version of that nation.)

**By ROBERTA CAMPBELL.**  
CALGARY, Alberta—West Texas has a reputation for having the friendliest people but we would say that Calgary, 150 miles over into Canada, comes next.

Some of the natives say the people are money mad but when the residents open up their homes and put on their coffee pots for a week each summer, even for a price, we feel that there must be an element of graciousness behind it.

We wonder what the results would be if a poll were taken to determine how many of our townspeople would be willing to take in vacationists from all over the world—even whole families—at the price of \$2.50 per day, per person, and have them sharing the bath and wandering through the house at all hours.

One thing that interests us is the way those in authority curb profiteering off a weary traveler. Visitors are urged to report any over charge made for accommodations and the party reported will not be allowed to offer his rooms another year.

Attraction for over a half million people who have gone through the turnstiles this week is the Annual Calgary Exhibition and Stampede which is celebrating its Golden Jubilee from July 11-16.

Every yard and drive around the ground, for the greatest outdoor show on earth, is open for parking and one may leave his car all day for a dollar. He may leave anything he wishes in the car and it will be watched, which of course is a break for those lugging a lot of excess baggage as most tourists do.

These thoughtful natives, who take over the automobile, also insist the visitor go into the house for a drink and rest room facilities and in our party's case they even kept the fish caught early in the morning in their refrigerator until after the program was over and we had a chance to cook them for supper.

Alberta is happy over the record attendance of Friday when 102,703 passed through the gates which is 2000 more than the high mark last year.

The midway is much the same as those we see at the Tri-State every year but the entrance into the gates is only a quarter and once you are inside you can certainly get your money's worth even if you don't attend the Stampede.

A whole Indian village has been set upon the grounds with the red skins in native costume and many of the Indians compete in the rodeo events.

Along with the usual livestock, commercial and industrial exhibits which fill big buildings there is an outstanding ice show at the arena and of course the highlight of the entire day's program is the Rangeland Derby which, each evening finds chuckwagons from all over the area competing. Each time the wagons reach the finish line we marvel at how they were ever able to make it. There are spills of course, and sometimes serious casualties among both wagons and the cowboys that ride behind the wagons but it seems incredible that the whole thing isn't a wild jumble of wheels, and horses and men.

Food near the grounds is also reasonable and good and when it comes to accommodation, the Canadian people haven't forgotten a thing. Two buildings are required to house the administrative head-

quarters where one may get information and find banking facilities. No three o'clock closing hours for these boys at the cashier's window either—the bank remains open hours after our usual closing time for cashing checks and exchanging money.

American money is accepted at the same valuation at the Stampede as Canadian but it is more fun to jingle a few of Canada's coins and carry the strange looking bills. United States silver dollars always seem to be plentiful where change is made, too.

We were much impressed by the Post Office near the entrance into the grounds. As in our own country one uses the native postage for mailing out of Canada but the rates are different in the various provinces instead of being nation wide as in the States.

Rates in Alberta are five cents for the first ounce and three cents for each additional ounce. Postal cards are four cents.

A surprise came when a little card explaining postal regulations was handed out with the stamp purchase and the visitor was then asked to sign the guest register for the postmaster.

If this year's Stampede has been a record breaker for the Canadians then it has certainly been entertainment and education for the visitors and Chamber of Commerce officials can pick up some worth while suggestions from the friendly people of Calgary.

They make one come a long way to see their show and once he has seen it he will always have warm feeling for our neighbors to the North.

### Hospital Notes

**Patients in Hospital**  
Carroll Elliott, Mrs. Joe Rico, C. F. Finley, Reba Giffey, Julia Gasa Mungia, Mrs. Rogie Longarri, Carl Lee, Mrs. J. A. Poole, John H. Ross, Mrs. John Burns, Mrs. Evel Luce, Mrs. Wanda Reynolds, Mrs. Grany Fuller, Mrs. Stella Jaramello, Mrs. G. A. F. Parker, Mrs. R. H. Martin, Mrs. Grace Little, J. M. Posey.

**Patients Dismissed**  
Mrs. J. R. Braxton, 7-12; Mungog Faustine, 7-13; Jane McBeth, 7-16; Mike Cardozo, 7-17; Mrs. Bruce Albers, 7-17; Mrs. Rudolph Mitchell, 7-17; Ester Maceringill, 7-18; Ruth E. Bartlett, 7-18.

**Births**  
A son to Mrs. John Burns, July 18.  
A daughter to Mrs. Rogie Longarri, July 19.  
A daughter to Mrs. Willard Jones, July 19.  
A daughter to Mrs. Evel Luce, July 19.  
A daughter to Mrs. Joe Rico, July 19.

Mr. and Mrs. Rayford Ricketts of Levelland and Mr. and Mrs. L. H. Ricketts and children Larry and Nancy of Arlington spent the weekend with Mrs. Ida Ricketts.

Mrs. Bill Knox is visiting in the home of her son and daughter-in-law, Mr. and Mrs. Reuben Knox of Lubbock. She went to Lubbock to attend the birth of a grandson and plans to return to Hereford around August 1.

Mr. and Mrs. J. M. McClure of Tulsa where he is manager of KTUL radio Station, were guests of Mr. and Mrs. Sam Albright in Hereford Monday.

### ATTEND CARRIERS CONVENTION

Mr. and Mrs. E. Ramey returned Saturday from Fort Worth where they attended the State Rural Carrier's Convention last week.

Mrs. Ramey and Mrs. Grover Forbes of Claude were delegates representing the Palo Duro Auxiliary. Grover Forbes and Nelson Smith of Farwell represented the Palo Duro Local Rural Carriers. Ramey served as delegate from the 18th Congressional District.

After the convention the Rameys visited relatives and friends in Bonham, Edinburg, Denison and Electra. At Bonham they attended a family reunion at the home of Mrs. Ramey's brother, Ernest Stone.

Mrs. Jack Gehlan and children of Levelland are visiting her mother, Mrs. Nora Russell.

Mrs. Harry Caylor and daughter Donna, and Georgia Lewis spent the past weekend in Perryton with Mrs. Caylor's relatives.

Recent guests in the home of Mr. and Mrs. Wm. McGehee were Mr. and Mrs. J. W. Dines of Kress and their daughter, Mrs. R. O. Stark, of O'Donnell.

Mr. and Mrs. Otto Massie have returned from Boyce City, Okla., where they visited in the home of their daughter, Mrs. C. E. Grenard.

Mrs. Virgil Bennett who has been attending ACC in Abilene for the past six weeks, has returned home and will spend the remainder of the summer here with her parents, Mr. and Mrs. Elmer Patterson. She will return to the Abilene school to complete work on a degree in September.

Lt. Col. and Mrs. Chas. Bell and children left Hereford Wednesday for Biloxi, Miss., where he will be stationed with the Air Force, after a two weeks' stay here with his mother, Mrs. A. G. Bell. Lt. Col. Bell is being transferred from Sheppard Field, Wichita Falls, to Mississippi.

The U. S. Bureau of Mines was founded in 1910.

The average American family uses 788 tin cans a year.

Q. What kind of after-shampoo rinse is best for blonde hair to help keep it light?

A. The juice of a lemon to a pint of water.

Q. How can I keep my eyelashes and brows sleek looking?

A. Have you ever thought of trying ordinary mustache wax? This also may be used to keep the hair-line sleek. Brush on the stray hairs that will not stay in place when combed.

Death or divorce disrupted 1,076,000 U. S. families in 1954.

It takes 65 to 100 mink skins to make a coat.

# Pigs Smash KC's In Extra Inning

## Walterscheid Stops Pigs Until Eighth

**By BILL KNOX**  
The Piggly Wiggly Pigs exploded for six runs in the eighth inning after being almost - successfully handcuffed for the first seven to stop the Knights of Columbus 11-5 and notch their fourteenth win against only two losses.

It was also Don Morgan's fourteenth win against two losses. Morgan was not as effective as usual, giving up nine hits, walking two and hitting two, but he came through with fine clutch pitching. Kenneth Walterscheid of the KC's pitched probably his best ball game of the year until the eighth inning. He had given up only four hits until that time. He walked seven and struck out nine. Morgan fanned nine also.

Kenneth Brock got the Pigs off to an early start by giving them a one-run lead in the first on his tremendous home run with the bases empty. It was his fifth of the year.

They strengthened their lead with three runs in the third. Morgan walked to lead off, but McNeese popped out. Sims fished a double and after Brock struck out Dement walked to load the sacks. Lueb fluked a triple to unload the sacks and drive in three runs.

The KC's narrowed down the lead to two runs with a pair in the last of the third. Billy Albracht tripled, and Bill Stengel singled him in. Bud Stengel was hit by a pitch. When Albracht was forced at second Kershen was safe at first and Fangman fanned. Urbanczyk drove in the second run with his two-out single.

Still fresh from their third inning outburst, they picked up three to take a precarious one-run lead in the fourth. Ken Walterscheid was hit by Morgan to lead off. Pe-

ters was safe on Sims' error. Both came around on Albracht's hit and Albracht scored on a succession of groundouts.

But bad fielding on the part of the KC's may have cost them the game in the fifth when Raymond Dement walked and came all the way around on two throwing errors to tie the game.

Neither team scored again until the eighth when the Pigs cut loose in a big way. Corbett was out to lead off, but Wilson walked. Pickens sliced a double to put runners on second and third. Don Morgan started the rally which won his own game with a sizzling double over second to score two runs. McNeese got a scratch single, sending Morgan to third and Morgan was safe at home when Stengel tried to get him on Sims' grounder. Brock drove in another run with a single and also loaded the bases. Dement clouted a single to right for two more and complete the rally.

Walterscheid pitched his best game of the year, but in the end the Pigs' power overcame him. Don Morgan was wild but still fanned nine, the duplicate number that Walterscheid fanned.

Raymond Lueb, league RBI leader, boosted his total to 53 by driving in four runs, on a bases loaded triple and a single. Raymond Dement, second behind Lueb, collected two RBIs with his bases loaded single.

In the second game, surprising Popular Store extended second-place Hotel Jim Hill to seven innings as they came nearest to victory they have this year. Jim Hill finally managed to walk off with an 18-14 victory, but the Popular Store showed what they are worthy of.

Good fielding on the part of outfielders Ed Bridges and Ronnie Barnes prevented many base hits from going for extra bases. Also the Popular Store hit the ball better than they have at any time this year. Fields Layman and Hutcheson all connected for home runs, and Bridges and Barnes both got three hits. It was the Popular Store's twelfth straight loss.

## Newcomer Meets Columbo Saturday

A rough-acting newcomer bounces into the Hereford wrestling arena Saturday night as a main event.

He is big Mike Gallagher, brother of the vicious John "Doc" Gallagher of Bayonne, N. J., who campaigned in the Southwest States territory last winter.

## Pigs Plan To Attend Meet

According to Debbs Knox, manager of Piggly Wiggly, the Pigs are presently planning to enter the National Softball Congress' State Tournament in Amarillo beginning August 12.

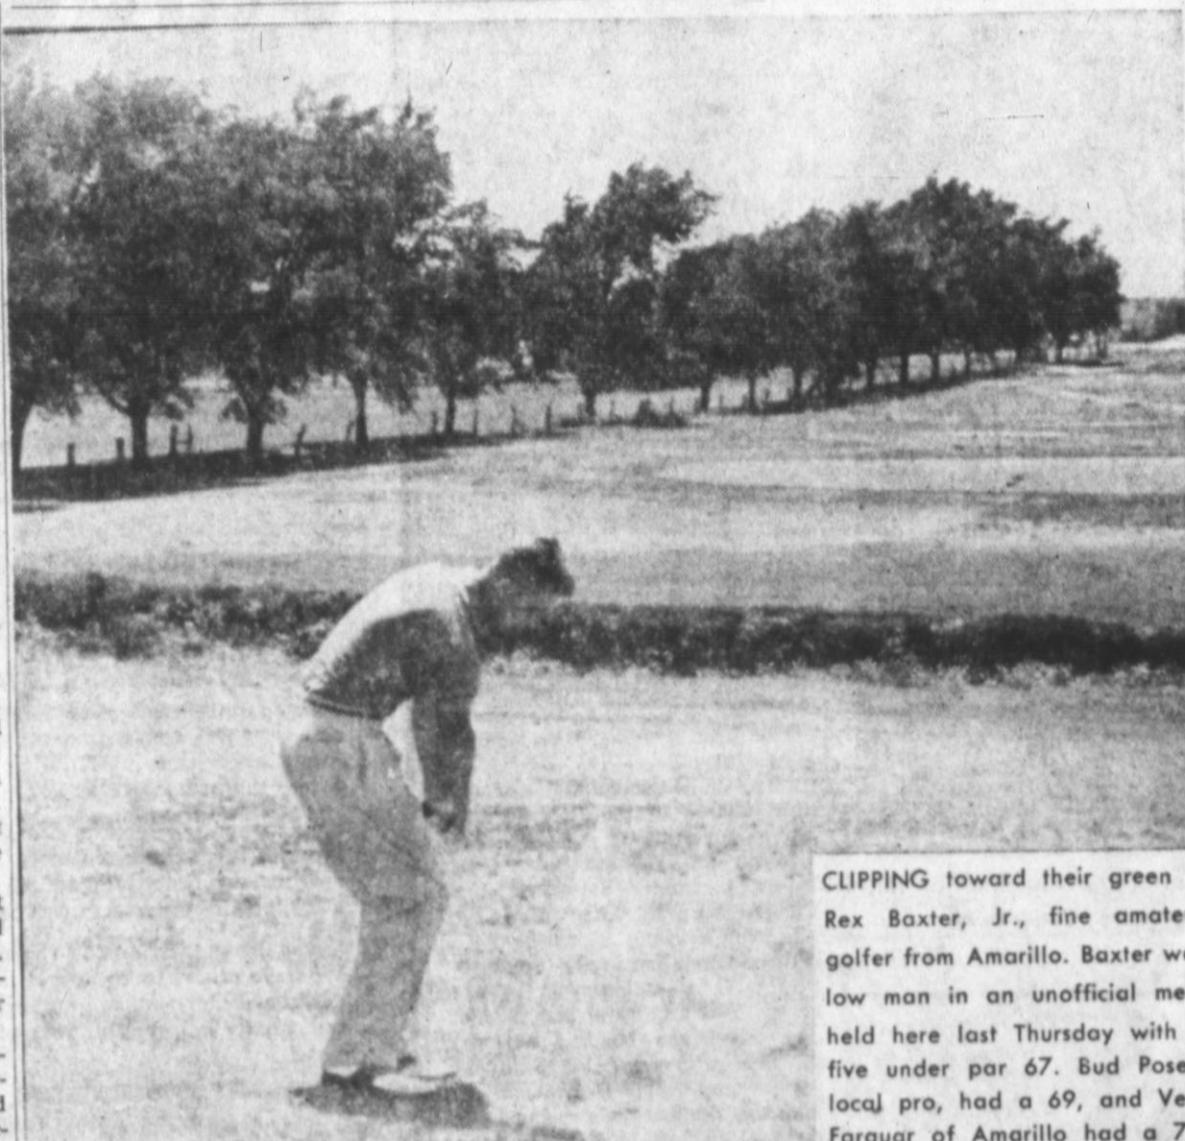

No definite arrangements have been made as of yet, and Knox states, "Of course, we will be rated low in a big tournament such as that, but the experience will be very valuable to us."

Peradventure the Pigs do win the tourney they will be furnished an expense paid trip to Tulsa where the world tournament is being held this year. The state tournament was held at Shamrock last year.

Piggly Wiggly is presently riding high on the top rung of the ladder in the Hereford Softball League. They were runner-up in the Dimmitt Softball Tournament. They took fourth in the same tournament last year. The Pigs boast the best pitcher, Don Morgan, in the Hereford Softball League and have an array of sluggers which may prove to be a peck of trouble for somebody.

RAY LUEB leads Pigs to victory

## Baxter's 67 Is Tops In Exhibition Golf Match

Six Amarillo and Phillips golfers invaded the Hereford Golf Course Thursday for an unofficial match with five Hereford golfers.

Rex Baxter Jr., one of the nation's finest young amateurs, led the Amarillo delegation. Other members of the group included Vern Farquar, pro at Ross Rogers Course in Amarillo. Ken Hulien, assistant pro at Ross Rogers, and Orville Reynolds, a leading amateur at Tascosa Country Club.

From Phillips came Bud Abbott, one of the Panhandle's finest amateurs, and Bill Prince, Abbott's brother-in-law and also assistant pro at Dallas Athletic Country Club.

Hereford golfers entertaining the visiting players were Bud Posey, local pro, Bud Lindsey, club champion, J. A. McWhorter, John D. Pitman, and Joe Butler.

Low scorer for the day was Baxter who had a fine 33-34 for a five under par 67. Posey was two strokes behind with a 69, and Farquar had a 70. Hulien and Abbott both had 71's to tie for fourth. Other scores were: Orville Reynolds (74), Bill Prince (74), Bob Lindsey (74), John Pitman (78), Joe Butler (79), and J. A. McWhorter (79).

## League Playoff Berth Rests on Sunday Tilt

A Hereford victory over Bovina Sunday would place Hereford in the play offs of the Central Plains League. Bovina has previously stopped the Pink Sox 6-4 in a very close battle and will probably be a very slight favorite again.

Last week Hereford took an 11-9 victory from Olton behind the slugging of Raymond Lueb. Terry McRight was the winner and may be selected as the starter once again by manager John Winkler.

## KNOX'S KNOTHINGS

**By BILL KNOX**

Had the privilege of watching a very fine golf match here last Thursday. Some of the finest golfers in this area were present, and they gave a very fine exhibition.

Rex Baxter Jr., National Junior Amateur champion of a few years back, walked away with top honors with a very fine five under par 67 in the 11-man meet, but Bud Posey, local professional, wasn't very far behind with a 69.

Baxter certainly proved his prowess as a golfer to this writer, and we're inclined to believe that others disagree. Baxter is a fine driver, and had it not been for some very unlucky putts he would have had an even lower score.

Bud Abbott, fine golfer from Phillips, apparently wasn't playing up to par. He had a 71, which is certainly not bad, but which is probably considered bad for him. One stroke ahead of him was Vern Farquar, pro at Ross Rogers in Amarillo, with a 70.

The style of play of the Hereford Softball League has definitely improved since the halfway

# Lueb Threatens To Make Runaway Of Batting Race

Raymond Lueb, Piggly Wiggly third baseman, has all but run away with the batting lead in the Hereford Softball League. Lueb raised his average 56 points last week to boost it to the almost unbelievable .609.

Lueb is not being pressed hard, either. His nearest rival, John Winkler of Jim Hill, is 81 points behind with an average of .528, dropping 23 points during the last

week. Behind Winkler are Marshall Wilson, Bill Callaway, and Duane Albracht. Wilson, also of Piggly Wiggly, boasts an average of .486 which is 12 points ahead of Bill Callaway who is presently hitting .474. Callaway led the league until about two weeks ago when Lueb's bat began unloading base hits by the dozen.

All other departments except one also put Lueb at the top. He took over the runs batted in supremacy from Raymond Dement by racking up five while going five for five against Rutherford and running his total to 34. Dement now has 30. Tony Urbanczyk of the KC's has 24.

In the runs scored column, Lueb is fighting it out with two other teammates, Ken Brock and Raymond Dement. Lueb has 20 to be three ahead of Brock who has 27.

Dement is pressing Brock with 26, but he is only two ahead of Duane Albracht who has 24. Wendel Burdine of Jim Hill has 23.

Lueb also continues to open up a wider lead in the hits bracket. He is eight ahead of Raymond Dement and Duane Albracht with 28.

Both Albracht and Dement have 20, while John Winkler has 19. Dement leads in home runs, however, with seven.

## Hereford Brand... SPORTS

The Hereford Brand, Thursday, July 21, 1955 Section 2

# Sox Take Win On Lueb's Home Run

Raymond Lueb climaxed an uphill drive by belting a three-run homer in the sixth inning to give the Hereford Pink Sox a hard-fought 11-9 victory over rejuvenated Olton Sunday afternoon at Olton.

Hereford first took a lead in the second but failed to keep it for long. Olton got only three hits while registering nine runs, but they got their hits at opportune times. Terry McRight, starter and winner, gave up 14 bases on balls

and the Sox were guilty of six miscues to help matters a bit for Olton.

The first inning did not produce any evidence as to the type of ball game which was to follow. The first stanza strictly belonged to the pitchers, but after that the sluggers took over. McRight had no trouble at all in whiffing Max LaDuack, R. V. Allcorn, and Charlie Sholly, while only an error kept Hereford from going down in order.

After the quick first inning things started out to be the same for Hereford in the second. Callaway struck out to lead off, but after taking a pitch, Leroy Suttle parked a pitch over the left-centerfield fence to give Hereford a one run lead.

However, Olton scored three in their half of the second to gain a two run advantage which they also did not hold long. Hall was hit by one of McRight's pitches, and Gerald Alcorn smashed a home run to right field for two runs. Mecon walked, and after Stephens and Prestest were retired, Mattox singled. When Callaway fumbled the ball in right field Mecon came all the way around.

## Hereford Riders Walk Away With High Honors in Santa Fe Tourney

The Hereford Riders Club walked away with the trophy for outstanding club and took runner-up honors in the palmetto polo tourney last week at Santa Fe.

The Hereford palmetto polo team

defeated Claunch before losing to Spur, who went on to win the tournament. The Hereford riders were not pressed hard in defeating the young Claunch team. But Spur's decision over Hereford was not hard either. Santa Fe, the host team, conceded to Hereford to give them second place honors.

But the Sox regained the lead by scoring thrice in the top of the third. McRight drew a base on balls. Taylor Sims banged out a single, and Corbett walked to load the bases. Brock walked to force in a run, and Raymond Lueb lined a scorching double to left to drive in the second and third runs of the inning.

## Pigs, JH to Meet In Crucial Game

Piggly Wiggly will tangle with Hotel Jim Hill Friday night in a game which probably won't decide first place but may be an indication of things to come. The Pigs are presently riding high in first place, and Jim Hill holds down the second spot.

Thursday may afford just as good a ball game. In the first game Coopers and Popular Store meet, and Summerfield and Rutherford have at it in the nightcap. In the second game Friday night Coopers and Rutherford will tangle.

The Claunch game was played in a driving rain, and this definitely proved to be a handicap for both teams. Harold Beauchamp and Davenport again paced Hereford. The victory might have been more decisive except for the fact that Floyd Walton's fine horse "Dusty" was absent.

Olton got no hits in the fourth inning, but Hereford made three errors and McRight walked four enabling them to push across three runs to take a 6-1 lead. Olton opened up a 7-4 lead with one in the fourth.

The Riders brought back probably the finest trophy at the meet for being the outstanding club. Other awards went to Amarillo for being the most colorful and Spur who traveled the farthest distance to be present.

Hereford still holds down second place in the palmetto polo district, having lost only to Dalhart, one of the finest mounted teams in this area. They have previously defeated Dimmitt by a very substantial margin.

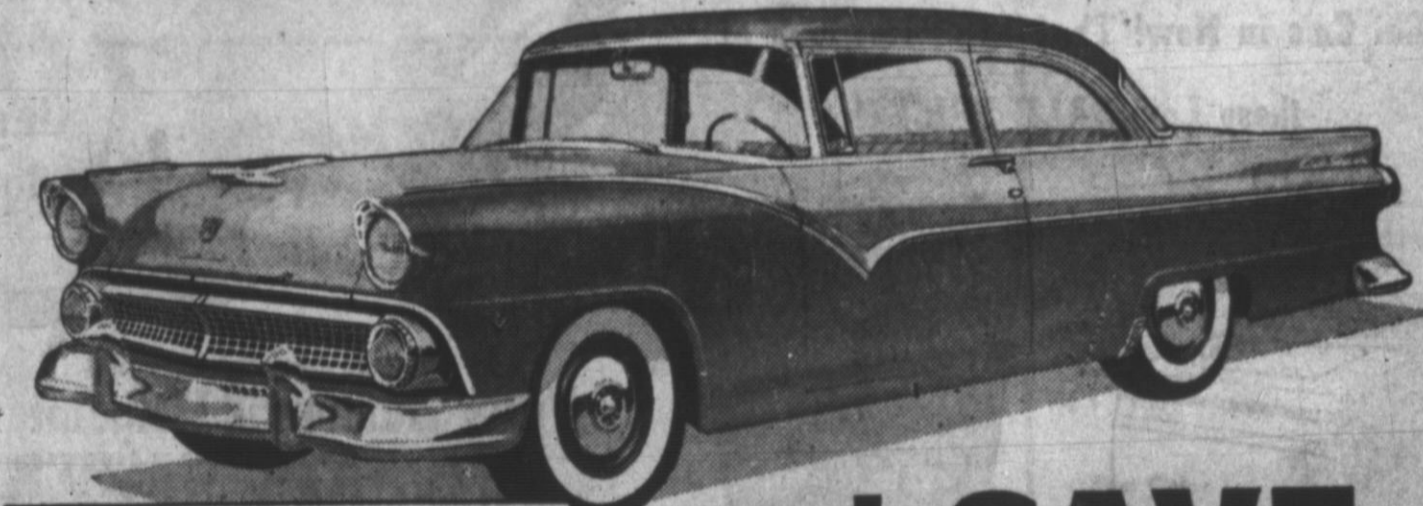

Hereford threatened in the fifth but didn't score until the sixth. LaDuack erred on Albracht. Sims drew life on a fielder's choice, and Corbett singled for a run. Brock fanned, but Lueb blasted a homer to put Hereford in the lead for good.

## Putting Tourney Will Be Held Here Friday

A putting tournament will be held at the Putting Green of the Hereford Golf Course Friday night July 22, commencing at 8 o'clock. It will be a 36 hole medal play affair with a mens' and ladies' division. Entry fee is 50 cents.

## Adrian News

By ANNIE LESLIE

Peggy Leslie returned Sunday morning from a two month vacation in Belmont, Calif., with her aunt and uncle, Mr. and Mrs. A. G. Love.

Visitors in the Ernest Frank home Sunday were Mr. and Mrs. F. T. Triplet and children of Claude.

Mr. and Mrs. R. D. Sisk and Suzette went to Isabel, Kans., last Wednesday for a visit with Mrs. Sisk's sister, Mrs. Lee Thompson. They returned home Friday.

Mrs. J. A. Leslie, Mr. and Mrs. Jimmy Leslie of Childress and Mr. and Mrs. Chester Tires of Wellington visited in the Bill Leslie home Sunday evening. Mrs. James Leslie is staying for a long visit.

Mr. and Mrs. Elmer Weidner and children, Calvin Jackson, Freddy Harris, and Jack Shaw left Tuesday for Monte Cello, Utah, where they will be harvesting for about four weeks.

Mr. and Mrs. Bobby Banks are the parents of a son born Saturday, July 16 at 1:30 p.m. The baby, Albert Lee, weighed 6 pounds and 13 ounces.

Mrs. J. R. Cullender and children visited in the R. L. Pinnell home Monday.

Moran Pounds and Bobby Allen returned home Saturday from Farmington, N. M., where they had been working. Moran and Neil returned to Farmington Sunday.

Mrs. E. E. Allen was taken to St. Anthony's hospital last Wednesday when she became seriously ill. She returned home Saturday.

Finis and Davis Brown and Mr. and Mrs. Frank Watson and Douglas of Hereford left Friday for a vacation in Colorado. They will be gone about two weeks.

Paul Pounds of El Paso is visiting in the home of his brother, E. B. Pounds.

Mrs. L. W. Rowland and friends of Tucumcari visited Sunday in the home of Mrs. Rowland's sister, Mrs. W. C. Briggs.

Mrs. Abb McCullar and children returned home Sunday from a vacation in Reedy, Calif.

Mr. and Mrs. Homer Faulkner and family of Ft. Worth are visiting in the Fred Taylor home. The Faulknors arrived July fourth and plan to leave next week.

### LICENSED MEMORY

HARTFORD, Conn. (AP) - A motorist asked the state motor vehicles department for the number of his old and discarded 1954 driver's license. He said he had forgotten it and needed it to get into his safe. The license number and the safe combination, he explained, were the same.

### SCARY COMMUNICATION

CHICAGO (AP) - The package flicked ominously and rang in nerve shattering intervals, so the railroad mail clerk summoned a post office inspector who sent for the police bomb squad.

Sgt. Drew Brown and Frank Grady Jr., opened the package and found a harmless battery-operated intercommunication system. They rewrapped it and sent it on.

NO. 1 BEST SPECIMEN -- Mrs. Jack Roberson (left) and Mrs. W. C. Hromas display winning specimen in the cultural division of the summer flower show. (Staff Photo)

WINNING ARRANGEMENTS -- Mrs. R. L. Criswell (standing) and Mrs. O. H. Herring show the prize winning arrangements in the artistic division of the flower show. (Staff Photo)

# Summer Flower Show Is Held By Garden Club

A wide variety of midsummer flowers shown at the Hereford Garden Club's Summer Flower Show held in the home of Mrs. W. C. Hromas Friday, pointed up the overall picture of what can be grown in Hereford and surrounding area. In the horticulture division there were 11 sections and 34 classes with varied specimen and collections. In the Artistic division there were two sections and 12 classes including arrangements and compositions for various placements.

Members attending the midsummer session were Mesdames E. E. Fridley, John Jacobsen Jr., J. P. Slaton, J. H. Lomas, Frank Brinkman, Jack Roberson, C. D. Kelton, O. H. Herring, M. V. Rutter, O. G. Hill Sr., Rex Tynes, A. L. Manjeet, John Haeker, Glenn Boardman, Ralph McCullough, F. M. Kester, R. L. Criswell, C. C. Ferguson, A. O. Thompson and the hostess.

Prize winners in the artistic division were: a breakfast table with an arrangement of miniature roses, larkspur, feverfew and honeysuckle, a mantle arrangement of red barberry and red roses in a Mohave wood container. Mrs. R. L. Criswell (standing) and the club president, Mrs. O. H. Herring, are pictured with Mrs. Criswell showing her coffee table arrangement of French marigolds in a miniature pottery turkey.

**STUCCO FINISHING**

Your 40c back at any drug store if not pleased. Try easy-to-apply ITCH-ME-NOT for the itch of eczema, ringworm, insect bites, foot itch or any other surface itch. Today at Rogers Drug.

Rating first in the horticulture division was a group of Elsie Polson, Pink Picardy and miniature Garnet roses, combined with two hemlock (the daylily), and a triple Rivonia grown by Mrs. O. H. Herring. Mrs. Jack Roberson grew the miniature Garnet and Picardy roses. Mrs. W. C. Hromas (seated) and Mrs. Jack Roberson are shown with the specimen.

The show was featured by a buffet luncheon at the noon hour and the afternoon program consisted of a discussion period on point scoring led by Mrs. A. L. Manjeet.

## Your Congressman Reports

The cancellation of the Dixon-Yates contract by the Federal Government was no doubt a pretty stiff blow to the Dixon-Yates combine. One of the clouds had a silver lining for Dixon. There is a founding home in Washington that was raffling off an automobile. Chances were being sold for one dollar each. Several Members of Congress who have adopted children from this home were helping to sell these chances. Someone sold a chance to Dixon, who was no doubt in town trying to defend his contract. On the day of gloom when the contract was cancelled, the drawing at the founding home was held and the winner of the Mercury auto turned out to be Dixon. One fellow told me that they had hoped Dixon would turn the car back to them so that they could not be the case according to this spokesman. Dixon traded his new Mercury in on a plush Lincoln, according to reports. We are glad that Dixon won the car, and certainly think he is entitled to keep it or trade it, as he might desire.

**LABORIOUS THEFT**  
DETROIT (AP) -- Burglars broke into the Borin Transit Mixed Concrete Co. to get a heavy safe. They dragged it through an office, across a yard, into a garage, and hoisted it into a company truck with a company crane. They used a crowbar to pry a chain off a gate and drove off. That took at least half the night. In the safe was an old, outdated deed to a house. That was all.

The story is that the telephone rang in the office of Congressman Yates, of Illinois, and was answered by his secretary

who said, "Mr. Yates office." There was a pause for a moment, and then the voice at the other end of the line said "I'm sorry, I

was trying to get hold of Congressman Dixon."

**The Gas Bill**  
The proposal to free producers and gatherers of natural gas from federal control continues as one of the hot issues on the Hill. Although the bill does not solve the problem in the same manner as I would have preferred, it nevertheless has my wholehearted and unqualified support. The bill frees the independent producer and gatherer from federal control. This is what I wanted to see done. Other provisions of the bill provide a somewhat indirect federal control that is intended to protect the consumer. I certainly do not object to the consumer being fully protected and therefore do not oppose these additional provisions. My personal feeling is that the best protection the consumer can have is the non-regulation of the producer and gatherer. This is undoubtedly true for the following reasons: There are three stages in the gas business. Number one is production and gathering, which has not been federally regulated. Number two is the interstate transmission, which is and has been under federal regulation. Number three is the distribution of gas to the consumer, which is and always has been regulated by a local government regulatory body. The Washington, D. C., for instance. The consumer pays an average price of \$1.37 per cubic foot. Out of this amount the Washington, D. C., distributor gets 96 cents; the interstate pipeline company gets 29 cents, and the producer gets 12 cents. The point is that the two segments of the industry who get the big chunk out of the consumer's dollar are regulated by gov-

ernment agencies and always have been. The one segment that has not been regulated up to date (the producer) gets the disproportionate small amount.

**Civilization Too Much For Wild Animal**  
Recently an ocelot (wildcat that weighed about 30 pounds) escaped from a Washington pet shop, killed two dogs, and disappeared in the tall timber of the Naval Observatory grounds. Everyone joined in the hunt, but no results. One fellow brought in his hounds, who picked up a scent, and charged off through the woods at full bay. The scent turned out to be that of an over-ripe halibut instead of the ocelot. Nothing further has been heard from the hunter nor the hounds. After several days searching with no results, the ocelot meekly surrendered, weighing less than half its former weight, and with one broken leg. He has been properly hospitalized and is no doubt now regaled to civilization.

WALTER ROGERS

ments of ice cream and cake were served after an evening of games was enjoyed by the group. Sponsors of the evening were M. S. J. C. Clearman, Mrs. Goulshy and Rev. and Mrs. Don Larkin.

Mesdames Earl Lance, Ray Johnson, J. B. Noland, and L. H. Lookingbill Sr., were hostesses on Friday afternoon for an open house and Coke party in the new home of Mrs. Chester Wiggins. Those calling were Mesdames Chas. Noland, Lenard Latham, C. L. McGowen, O. B. Roberson, Guy Walser, Mack Noland, W. B. Boston, Frank Huckart, Johnnie Henderson, H. J. Kuper, Jack Clark, Gene Purcell, C. J. Lance, Reese Dawson, Kenneth Christie, Calvin Waites, Sandra Fields Delbert Bainum, K. U. Neill, J. R. Euler and Misses Bette Noland, Lawanna Lookingbill, Linda Noland, Ann Lookingbill, Patsy Madlen and Mary Forward from Chico, Calif.

Visitors in the home of Mr. and Mrs. J. C. Clearman over the weekend were Mrs. Clearman's mother and brother, Mrs. J. A. Stanford and Neal Stanford of Amarillo. Mrs. J. U. Cowan from California also was visiting.

Patsy Madden and Mary Forward of California left Saturday morning to visit relatives in Amarillo. They plan to return in about two weeks before going back to California.

Mr. and Mrs. Carlyle Sargent, Dennis and Donna and Jackie Lee visited in the home of Mr. and Mrs. J. F. Cheatham Saturday night in the Frio Community.

Mrs. E. V. Hartman, Mrs. Jackie Lean and Janice visited their daughter and sister, Mrs. Elmer Northcutt, in the Garcia Community Wednesday afternoon.

Mr. and Mrs. Earl Lance are driving a new Buick.

The regular Baptist Youth Rally met at the church in Oklahoma Lane Saturday night. Attending from our church were Rev. and Mrs. Don Larkin and Steve and Gary, Mrs. Jack Streun and Joe and Gene, Kenneth Clearman, Lin-

**RECEIVES KOREAN MEDAL** -- Mrs. Hazel Sparks, 340 Schley Avenue, Hereford, has received word that her son-in-law, Chief Warrant Officer Jack H. Marshall, (above), has been presented with the Korean Government's Wharang Medal with Silver Star. The 30 year-old career soldier, who is married to the former Virgie Sparks, was cited for heroism in Korea on May 8, 1952. After enemy fire had destroyed communications and fire direction instruments of the forward observer post of his 1st Cavalry Division on the 8th ROK sector, Marshall volunteered and was successful in re-establishing contact, moving under heavy enemy mortar and small arms fire to the vital needed post. The much decorated soldier now lives with his wife at Fort Hayes, Army Post, Columbus, Ohio. He's assigned as the assistant administrator in the office of the Senior Army Advisor, Army Reserve. (U.S. Army Photo)

da Noland, Betty Walser, Dale Carter, Charlene and Carolyn Lee and Lawanna and Ann Lookingbill. Mrs. Ross Baker of Amarillo accompanied her sister and brother-in-law, Mr. and Mrs. Lee Curry, to Walsh, Colo., last Saturday to attend a reunion of the Pracher family. Mr. and Mrs. Frank Pracher and family were present. It was the first time he had visited with his family for 13 years. Other relatives from Dallas and Clayton, N. M., were Mr. and Mrs. Luther

Foust and Walter of Plainview. Mr. and Mrs. Curry and Mrs. Baker returned home Sunday afternoon.

Mr. and Mrs. Lenard Latham went to Midland Saturday to visit Mrs. Latham's parents, Mr. and Mrs. T. J. Hudgins. They returned Sunday afternoon. Mr. and Mrs. Hudgins returned with them for a visit until Thursday.

The showers we have been receiving this week are helping the small feed to grow.

L. F. Carter went to Lubbock Saturday where he was helping his father with some extra work. He also visited with his sister, Mrs. Pendergrass in Lubbock. He returned home Sunday afternoon.

Bette Noland and Lawanna Lookingbill attended a birthday party for Judy Patterson Friday night. Lawanna returned to spend the night with Ann Lookingbill while Bette spent the night with Judy.

Farmers who had wheat are nearly finished with the harvesting.

Mrs. Calvin Wartes is visiting her brother and sister-in-law, Mr. and Mrs. Kenneth Christie.

Mr. and Mrs. J. B. Noland, Linda, Jerrie and Larry, Patsy Madden, and Mary Forward had a backyard supper at the home of Mr. and Mrs. Clinton West of Hereford last Friday night.

Mary Hartman and children of New Mexico, Mrs. Orval Houser of Friona, and Mrs. Bill Simpson and children of the Jumbo community were visitors last Friday in the home of Mrs. E. V. Hartman.

Mrs. Delbert Bainum helped to celebrate her daughter Gevendall's birthday Thursday by entertaining friends and taking them to a movie. Those present were Sharon Rose Hagar of Hereford, aty Huckert, Susan Neill, and the honoree Gevendall Bainum.

There was a large group of girls who left Wednesday morning to attend Baptist Girl's Camp this week at Floydada. Mrs. Roy Botkin, Mrs. J. B. Noland, Rev. and Mrs. Don Larkin took their cars. Mr. Clearman took his pickup to carry the tent and bedding. Those who went were: Charlene and Carolyn Lee, Ann Lance, Betty Walser,

Diane and Nannetta Clearman, Juanita Sims, Cheryl Neil, Merina and Nelda Botkin, Fayrene and Anna Evans, Patsy Campbell, Jerré Bea Noland and Mary Lou Riley.

Mr. and Mrs. Henry Kuper and family attended the Golden Wedding Anniversary of Mr. and Mrs. Joe Hoffman Tuesday afternoon. Mrs. Henry Kuper made and decorated the cake for the occasion.

Mrs. Harry Cannon, Jean and Barbara, Mrs. L. L. Cannon and Mabel were in Amarillo Thursday.

Shirley DeLozier and Ann Lookingbill went to Plainview Thursday morning. They spent the night with the Bradley Lookingbills and returned home late Friday afternoon. Mrs. J. A. Noland returned home with them. She has been visiting relatives in Floydada, Lockney and Plainview for the past week.

Mr. and Mrs. Shorty Purcell and son Bill from Cheyenne, Okla., came in Thursday night to visit their son and brother, Mr. and Mrs. Gene Purcell and Mac. Bill is serving with the Marines and is to leave Saturday morning for California.

**TRUST IN GOD**  
 BALTIMORE (AP)—Catholic War Veterans, crusading for more recognition of God in American life, are encouraging Marylanders to sing the last stanza of the National Anthem.

In that stanza are the words "in God is our trust."

Dan Ogelsand, first vice commander of the CVW Department of Maryland, said specially-cut 4 RPM records of the "Star Spangled Banner" will be distributed to all posts. Some posts plan to present the records, by the Boy's Town Choir, to schools, he said.

**ATOMIC VAGRANT**  
 LOS ALAMOS, N. M. (AP)—At long last, this atomic center had a vagrancy case.

A \$100 fine on the charge was levied by Justice of the Peace Joseph Conner and the fine suspended on condition the arrested man vagrancy case in Los Alamos' more-than-10-year history.

The Hereford Brand, Hereford, Texas, Thursday, July 21, 1955

**CASH DEAL**  
 MILES CITY, Mont. (AP)—Justice of the Peace Herbert Abel was sympathetic with John Swanson, 68. He was shabby and there were holes in his tennis shoes.

Abel Fined Swanson \$25 after Swanson pleaded guilty to stealing a 35-cent package of figs. Swanson reached into his shabby jeans, pulled out \$890, paid the \$25 fine and went on his way.

**AMERICA'S NEW RAILROAD**

Quarter-mile lengths of welded steel rail curve around a foothill like wire cable.

**Santa Fe**

**Not a "clickety-clack" in a carload**

It's Santa Fe's new continuous welded rail...  
 Fewer joints mean a smoother ride for you

An occasional little click—that's all you'll hear of the old "clickety-clack" as you glide over stretches of new continuous welded rail on the Santa Fe.

And these stretches will be growing longer and more frequent on Santa Fe. For we're laying more all the time—103 miles of it this year.

In fact, we're using a new electric welding process (for the first time by an American railroad) to help bring Santa Fe's new smoother ride to more people, more goods.

But, that's only part of the story.

Just as a railroad is no better than its track, track itself is no better than what's underneath it—the roadbed, the ties, the ballast. So we've been busy with new improvements here, too.

For instance, our own specially-devised ballast "dry cleaner." This unique machine cleans our ballast, keeps it more resilient so the track lies flat and even.

And today we're replacing old ties with longer and stronger new ones—specially treated to stay strong and sturdy for 30 years and more.

Day after day, something new is being done to make "America's New Railroad" even newer and better. Santa Fe is spending many millions of earned dollars every year for new roadway and new equipment. And not one penny comes from the taxes you pay.

**SANTA FE SYSTEM LINES**

What about expansion in these quarter-mile rails?  
 Near Newton, Kansas, where yearly temperatures vary from 50° below to 114° above, we laid a 6-mile experimental stretch of welded rail. Here we found that anchoring the rail to every other tie restricted expansion to the area between anchors. Thus, overall expansion was reduced to the merest fraction of an inch between rail ends. In other words, expansion is no problem whatsoever.

**Never a greater Oldsmobile**  
 Never a better time to deal!

You've got every reason in the world for wanting this Oldsmobile! Everybody does! # HD Chatter

**By ARGENT DRAPER**

Analysis of several surveys show that 42 percent of all homemakers can vegetables and fruits every year. In rural areas the proportion of homemakers jumps to 80 percent.

A very interesting item to us was the fact that more tomatoes are home canned than any other single item. The popularity of tomatoes, we suppose, can be attributed to the reasonable cost, ease of growing, high Vitamin C content, and the many ways that tomatoes are canned. Foods containing Vitamin C are usually high in price and Vitamin C foods do make up a large percent of the food budget.

Other favorite canned foods are beans, peas, beets, corn, peaches. The Experiment Stations are recommending the coldpack method of canning vegetables. Some of pears, berries, and applesauce, you homemakers have been canning by this method all along. The vegetables are washed and prepared in the size you prefer, salted, packed within half an inch of the top, covered with boiling water, and sealed. Process in the pressure cooker at 12 pounds and use the length of processing time that is given in your canning book.

You will like this method of canning better as it does save time. Whether the flavor is better or not comes up for a lot of discussion, so you decide which flavor you prefer.

To Council Delegates - If there are additional club members who are interested in the Beginner's Dress Making Course, let me know as soon as possible as the first meeting will be Friday.

Jeannie Logan and Maxine Wiseman did a good job of selling lightbulbs at the "Milk Jug" Friday and Saturday. We appreciate the fine cooperation that you folks give to 4-H Club projects.

Final plans have been made for the Educational Tour. It sounds like the Tour is going to be a lot of fun as well as educational.

Several calls have come to the office in regard to silverfish. Damage from these insects increases during hot weather. Silverfish thrive on vegetable foods having a high starch or sugar content and are very fond of moist wheat flour. They feed on sizing in paper, book bindings, wall paper, and starchy insulation materials. Also, thin fabrics as rayon curtains and starched clothing is often damaged by silverfish. To control these insects use 5 percent DDT or 2 percent

# Long Time Ago

**45 Years Ago**

Last week through the Snyder-Evants Land Co. a local realty concern, a deal involving the sale and exchange of four leagues of land on the Plains of Texas was consummated. The purchasers, all from Henderson, Kentucky, were Messrs. Fred Haug, and G. W. Posey.

The tract of land lies in the Western half of Lamb County, and contains 17,712 acres. It is three miles wide by 12 miles long. This body of land is practically all level, smooth plains land, the soil of a rich chocolate loam and sandy loam, suitable for all kinds of crops. The water is abundant and is obtained at shallow depths.

The purchasers of this land have in view a definite plan, which if followed, will make this county one of the best in this section.

W. H. Wheeler is the champion bean raiser so far reported this season. On two rows, each 60 feet long, Mr. Wheeler has harvested 20 bushels of beans. At this rate, one acre of ground would produce 2400 bushels, and this would be some beans. The variety grown by

Chlordane, household sprays, or dusts with 5 percent DDT or Chlordane.

# One look tells everyone you've graduated from the low-price field

**Yet you can own a big super-powered Mercury for less than 13 models of the low-price 3\***

The neighbors will think that you got a raise—when actually you'll be saving money!

For example, on first cost. You can buy a big 188-horsepower Mercury Custom 6-passenger Sedan for less than 13 models in the so-called low-price field.\* And that's only the beginning of what you save . . .

Record sales let us give you a top allowance for your present car. Mercury is one of the year's hottest cars. Our quick turnover, high volume, lets us give you more for your present car.

You get back more of your investment with Mercury's top resale value. Mercury consistently leads its field for resale value according to independent market reports of used-car prices.

Remember, too, that Mercury's famous economy and stamina keep operating costs low—help make Mercury one of the lowest-cost cars in its class to own.

In Mercury's lowest-cost Custom series you've got 4 models to choose from. For a few dollars more you have a choice of 7 more models in the Monterey and 198-horsepower Montclair series. (The smart, low-silhouette Montclair hardtop coupe is shown above.)

We invite you to stop in at our showroom to see and try the model that fits your needs and budget best.

**NO OTHER CAR OFFERS YOU BIGGER REASONS FOR BUYING IT**

- Exclusive styling shared by no other car
- New SUPER-TORQUE V-8 engines on every model (188 or 198 horsepower)—backed by Mercury's record of producing V-8 engines exclusively
- 4-barrel vacuum carburetor on every model at no extra cost
- Dual exhausts at no extra cost on all Montclairs and Montneys
- Ball-joint front suspension for easier handling
- Unique anti-fouling high-compression spark plugs
- Consistently highest resale value in its field

**Engine Wear Reduced 40% with Trop-Artic Motor Oil**

(THE DIFFERENCE IN WEIGHT IS A DIFFERENCE IN WEAR!)

**IT'S PERFORMANCE THAT COUNTS!**

The difference in piston ring wear, illustrated above, proves an important point about the performance of motor oils:

Most engine wear occurs when you first start your car or under stop-and-go driving conditions with an engine that hasn't warmed up. It takes a very special kind of oil to flow quickly and protect your motor when you start, and then to protect moving parts from sludge and varnish after the engine heats up. TROP-ARTIC All-Weather Motor Oil gives you this double protection. Compared to older types of oils, it can even double engine life.

In a motor oil it's performance that counts. And TROP-ARTIC gives super performance! You'll get easier starting . . . save gasoline . . . and you can save 15% to 45% on oil consumption. Get TROP-ARTIC from your Phillips 66 Dealer.

### At The Movies

A thrilling story of the H-bomb life-and-death battle waged between Atom Age men and a primordial creature with the super strength of another world is told in "It Came From the Sea," showing Friday and Saturday at the Star Theatre. The ocean terror appears in San Francisco harbor where it makes a shambles of the Golden Gate Bridge, crushing skyscrapers, lifting boxcars like toothpicks and invading the land with its gigantic tentacles probing for fleeing San Franciscans to satisfy its voracious appetite for humans. Kenneth Tobey, as a confident submarine commander, is sturged in this picture with Faith Demergue, who portrays a marine biologist. Also showing is the Columbia picture "Creature with the Atom Brain," starring Richard Denning and featuring Angela Stevers. This is the thrilling story of dead men brought back to life by atomic power, to stalk the streets on blood

**HEREFORD BUTANE, Inc.**  
Veteran's Park Road Phone 1300

curdling missions. Sunday, Monday and Tuesday The booming Yukon gold-rush days will be on the screen of the Star Theatre Sunday, Monday, and Tuesday. James Stewart, a cold-blooded tough man who shoots a couple of riders that try to make off with the herd of cattle he has ticketed for the fabulous Yukon beef prices, finds that bullets cost him a life-long pal and a newfound lady-love. As the lawless Klondike laughs at his efforts to go it alone, Stewart emerges into a man of warmth and understanding. Filmed on location in the far northern Canadian mountains, this movie also stars Ruth Roman, Corinne Calvert, and Walter Brennan.

**Tower**  
Many of the famous Glenn Miller hit songs are performed in "The Glenn Miller Story," which shows Thursday and Friday at the Tower Drive In Theatre. The real-life story of the celebrated musician recreates the exciting time in which the band-master built his renowned orchestra and features the songs he made famous, played in the Miller manner. Seven of the original members of the orchestra actually took part in this movie. James Stewart and June Allyson are in the starring roles, with Charles, George Tobias, Henry Morgan also having chief supporting roles in "The Glenn Miller Story."

**Saturday**  
An action-drama full of hard-

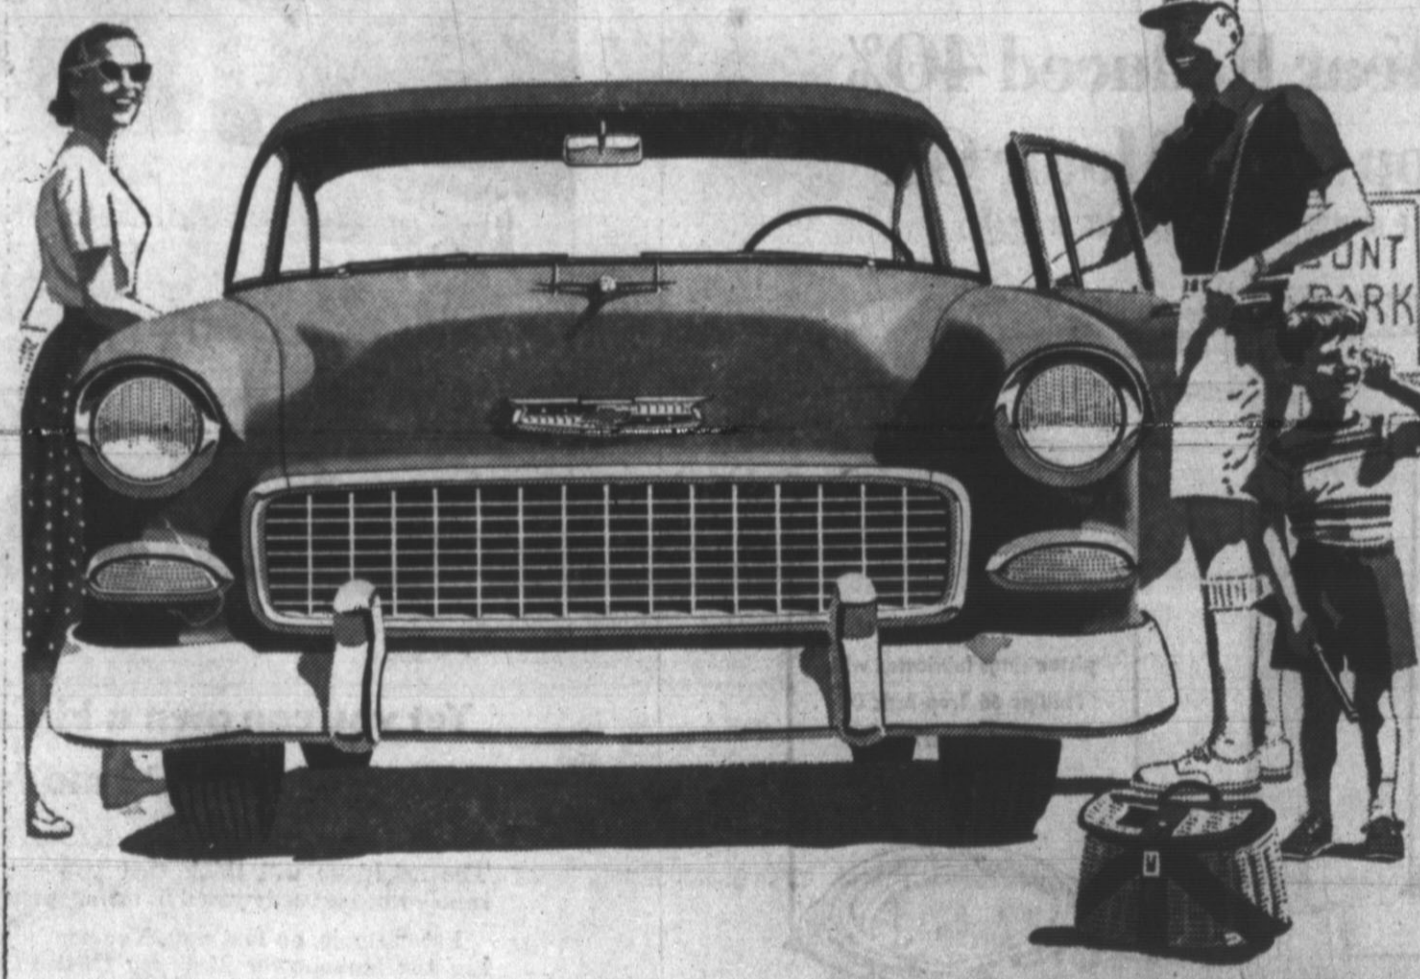

fisted violence and tangled love, is Republic's "Hell's Outpost," which shows Saturday at the Tower Drive In Theatre. It is the story of a rugged Marine Corps pilot, Rod Cameron, who shows an interest in Joan Leslie, a beautiful girl whom John Russell, wealthy banker and mine owner, considers his own personal property. Cameron gets money to operate a mine in a western mining town, but Russell sabotages it and when he real-

izes he is trapped, sets massive dynamite charges on the road, but Rod catches him at it and the two men clash in a thrilling climax.  
**EGGHEADS NEEDED**  
NORFOLK, Va. (AP) — Kenneth Harris, local artist, says Norfolk needs dreamers and eggheads (intellectuals). He described Thomas Jefferson as a "real egghead."

The U. S. Office of Education estimates that there will be a 12,293,000 increase in public school enrollment in 1960 compared with 1950. Harris told the Lions Club that civilization as we know it is based on the reveries of dreamers but that in the last hundred years "We have decided it is not safe to place our trust in a band of dreamers." He spoke of anti-intellectualism as a basic defect in American society.

# FUN

in the large economy size!

Surprising, how little it takes to put this big dreamboat in your driveway for keeps. And your dollars couldn't begin to buy more pure pleasure anywhere else. Here's beauty that's putting the high-priced cars in the shade. Here's action that'll have you driving the long way home just for the fun of it. You owe yourself this new Chevrolet. Come in and see how easily you can swing it!

**You in The Church...**  
**The Church in You**  
Form a combination for good. Every man, woman and child needs the influence of the church. Be a faithful worker. Attend every service.

Each day we do something toward the making of habits and habits become our binding ways of life. Even the morning cup of coffee becomes a demand... punishing with headache the woman or man who omits it. Little by little we fashion our characters, our persons, our habits. *He is wise who makes habits which keep his feet free to walk.* Self-indulgence, dissipation, prejudice, become entanglements of soul. But church going, good companionship, self discipline in personal conduct, will keep one's feet free for good walking. *The really free man lashes himself to the mast of good purpose.* To love good robs evil of its power... attend church regularly.

Wednesday night prayer meeting is held at 8 o'clock.  
Friday night prayer service is at 8 o'clock.

### Three From Here Attend Swisher County Reunion

Following the custom of the past several years, Mr. and Mrs. Joe G. Evans of Hereford were the hosts at a breakfast at the Tullia Grill in Tullia on July 17. Pioneer friends and relatives gathered together for a breakfast in commemoration of Swisher County's birthday.

James Hule of Tullia gave the welcoming address after breakfast and asked who of those present had been in Swisher County when it was organized in 1890. Jim Scott and Joe L. Cantrell were the only ones present at the breakfast who had been in Swisher County when it was organized.

Hale went on to speak of the celebration between the pioneers and how the farmers and cattlemen helped each other during the harvest and roundup and branding.

He also stated that the rate of population in the county from 1890 to 1910 increased from 100 people

to 2785 people. At the breakfast, many of the oldtimers recalled many happenings of the years when the county was young.

Those present included: Mr. and Mrs. Joe Evans of Hereford, Mrs. Lee Lambert of Hereford, Mr. and Mrs. James T. Hale, Mr. and Mrs. Jim Ward, Mr. Joe Cantrell, Mr. and Mrs. Dennis Zimmerman, Mrs. Jim T. Scott, Faye Scott, Mrs. Viola Loftin, Mr. and Mrs. Joe Raymond, all of Tullia.

Mrs. Anne Harris and son Tony, Mrs. R. B. Evans, Miss Odessa Evans, Mr. and Mrs. J. Scott Ford, Mrs. J. S. Christian, all of Amarillo.

Mr. and Mrs. Chas. Smith of Weatherford, Mrs. Kenneth Read of Little Rock, Ark., Mrs. Arma Waite of Glendale, Ariz., Mr. and Mrs. Charles Evans, Mr. and Mrs. A. S. Wilkes, Mrs. A. W. Montgomery, all of Happy.

Mrs. Daisy Burson of Silverton, Mr. and Mrs. Fred J. Mulkey and son Fred J. Jr., of Hart, and Mrs. Grace E. Dutton of Colorado.

AUSTIN (P) Second-round polio shots for Texas first and second graders will be begun this week.

Enough Salk vaccine for 299,700 inoculations arrived in Austin last Wednesday and was put in the State Health Department's refrigerated vaults. Local officials began arriving at once to pick up their portions.

Only those who stated they were prepared to use the vaccine were given allotments, said Dr. Henry Holte, head of the Department.

El Lilly Company of Indianapolis, the same company which supplies

plied the shots given Texas school children in April, sent the shipment. Preparation was reportedly under the rigid new safety standards which went into effect May 26.

Half a million Texas school children received first shots last spring. Summer vacation absences are expected to cut the figure on the second round.

Polio cases over the state had risen to 618, the Health Department reported last Thursday.

**Bank Deposits Held Taxable**

Taxation of bank deposits and cash has apparently been forced on state and local taxing agencies by a Texas Supreme Court decision.

In a Harrison County case, the bank accounts, cash registers, personal safes or safe-deposit boxes must be assessed right along with other property to avoid discriminatory taxation.

Two lower courts were overruled by the decision. New trial was ordered for the defendants to grant them the lower taxes they sought on their property because taxing agencies had failed to assess the County banks.

Presumably the same complaint would be good elsewhere in the state where bank deposits are not being assessed for property taxes.

**Giles Trial Drags On**

Testimony in the Bascom Giles theft trial dragged so monotonously at one point last week it became necessary for the judge to caution jurors against dozing.

In its third week, the trial appeared headed for a fourth unless the defense should cut short presentation of its side of the case.

Only one indictment is involved. It charges Giles with theft and abetting theft of \$9800 in a Kinney County land deal under the veterans land program. Testimony has nevertheless touched on many other aspects of the program and its transactions.

One witness testified he heard Giles was to get a \$75,000 cut in a \$358,000 Kinney County deal.

Another testified he heard Giles say in a telephone conversation he would take \$15,000 as his share in a transaction in Dimmit County.

Giles originated the \$100,000,000 program and until Jan. 1 administered it as chairman of a three-member board that included also the governor and attorney general.

Names of the other two officials have come in for frequent mention in examination of witnesses, particularly in cross examination by the defense.

At one point, defense counsel charged a witness had made a deal with the attorney general to smear Giles. The witness denied it.

**Shivers Shuns Conservatives**

Gov. Allan Shivers declined to participate in a meeting of conservative Democrats last week in Dallas.

Vacationing in Woodville, Shivers released through his Austin office the text of a telegram to Fort Worth attorney Hamilton Rogers, chairman of the gathering.

Declaring himself opposed to "splinter political parties," Shivers asked the group to work with him to strengthen the Democratic party.

Rogers denied any splinter party plans. He also denied the meeting had anything to do with recent criticism of the governor for his moves toward replacing Wright Morrow of Houston, Democratic national committeeman, with some one acceptable to national party leaders.

Purpose of the Dallas meeting, said its leaders, was to "solidify

conservative thinking." One result was a sweeping denunciation of desegregation plans for the University of Texas El Paso public schools.

**Parr Tax Trial Postponed**

Date of the Austin trial of George Parr on an income tax evasion charge was changed last week from July 16 to Sept. 6.

Postponement was because one of Parr's attorneys was busy with another case.

Parr had petitioned the Fifth Circuit Court of Appeals at New Orleans for a dismissal, contending the trial should be held in Laredo instead of Austin. The appeal was denied.

**Johnson Hearing Delayed**

Hearing on an application to take additional water from the Pedernales River to irrigate U. S. Sen. Lyndon B. Johnson's farm has been postponed. August 8 is the new date set by the State Board of Water Engineers.

Twenty-four downstream ranchers protested the application when it came up last week. They said water already being diverted to the Johnson land deprives them of stock water and leaves so little natural flow that fish are dying and polluting the stream.

Martin Harris, attorney, asked for the later hearing. He said Johnson's wife desired to be heard personally if there were objections. She is now in Washington where the senator is recuperating from a heart attack.

ing vesper services are at 5 o'clock.
