BULLETIN

Local Option Petitioners Said At Goal

A well informed source said Wednesday that sponsors of the local option election petition have collected more than 900 signatures for presentation today to county officials.

Only 816 qualified voters are required by law to require the scheduling of a county election to determine Deaf Smith citizens' stand on the issue presented on the petition, "For the legal sale of all alcoholic beverages for off premises consumption only" and "Against the legal sale of all alcoholic beverages for off premises consumption only."

A petition circulated here earlier this year was recalled because it was ruled illegal because it called only "for the legal sale of all alcoholic beverages for off premises consumption only."

Deadline for returning the petitions to the county clerk's office is 5 p.m. today. The Brand learned that the petition's backers have spent the past several days in carefully checking signatures on the document against voter's rolls and appear confident that they have obtained an adequate number.

Charley A. Hoover Is Badly Burned In Gas Explosion

With second degree burns on 70 percent of his body, Charley A. Hoover, 63, is reported to be in fair condition at Deaf Smith County Hospital.

Hoover, long-time farmer and rancher in this area, was injured in a gasoline explosion on Aug. 13, at his home northwest of Hereford. He reportedly threw some gasoline into a trash barrel and smoldering ashes caused the gas to explode.

To extinguish his flaming clothing, Hoover leaped into a horse tank. Neighbors brought him to the hospital here.

Hospital officials indicate he will require several weeks' treatment.

Melvina LaRue Harris, Hereford's courteous and very, very efficient Meter Maid, Wednesday denied rumors that she plans to retire from the job. "No foundation to the rumors at all," she declared. City Dads, including Mayor Henry Sears who recently received and paid three parking tickets in one day, have been enthusiastic in their praise of Mrs. Harris' work. "She has boosted meter receipts 40 a week, not counting the revenue from parking violation penalties," says City Manager Dudley Bayne.

Mrs. Harris, whose super efficiency has not yet resulted in even one protest being filed with city officials, notes that parking violations have begun to decrease.

Homemaking girls who took summer project work will meet at high school at 4 p.m. Friday for the final achievement day program, which will be held at the John Paetold home. Mothers of the girls are invited as special guests for the program, which will include swimming, a supper, reports and turning in notebooks. Summer project members will bring either sandwiches or a salad for the supper. Mrs. Joel Hodges and Mrs. J. J. Durham, homemaking instructors, will be in charge of the program.

There were 75 members and guests at the IOOF's annual picnic Tuesday night in Dameron Park. The Old Fellows feasted on watermelon.

Members of the Ground Observer Corps for Hereford received their wings and certificates Monday evening from T. Sgt. William E. Swope of Amarillo. Awarded "wings" and certificates were Clay Angelo, Gerald Wilson, Ogle Riddle, George Davis, Larry Edwards, Mrs. Carlos Vaughn, Gordon Womble, and Jan Wallace. To be eligible for "wings" the members had to have at least 25 hours of duty or meeting time. Mrs. Clarence Sausley, Mrs. Bessie Werner, and Mrs. Alice Cox received certificates for their work in the corps.

School officials remind students entering Hereford schools for the (Continued on Page 7)

Award Contracts For '56 Model Bull Barn

Two local contractors and an Oklahoma City manufacturing firm were awarded contracts for the proposed agricultural exhibit building by county commissioners Monday. The three combined contracts represent a total of \$38,763.82.

The building will replace the old Bull Barn which was gutted by fire March 31.

County Dads plan to finance the county's portion of the 100 by 200 foot new building with funds acquired from insurance, sale of the old Bull Barn, and sale of the land where it was located. The Lions Club has promised substantial financial aid for the project.

Insurance funds totaling \$14,105.75 were collected by the county. The barn was auctioned for \$700. First Street property will be sold later for additional funds needed for the county's costs.

The new building will be used for livestock exhibits, wrestling matches, and other community projects. It will be located on approximately 20 acres of land in Veterans' Park given the county by the VFW and American Legion.

Commissioners let three separate contracts for foundation and floor, masonry and walls, and roof of the new building.

H. E. Wester of Hereford made the low bid of \$8,000 for foundation and floor. Parker Brothers, also of Hereford, had the low bid of \$9,863.92 for masonry and walls. Star Manufacturing Co. of Oklahoma City submitted the low bid of \$30,800 for a steel structural roof complete.

Only four bidders were present at the meeting in the County Courtroom, and a fourth contractor apparently were bunnifuzzled by the low number of bidders. The three contractors present, too appeared to be surprised. Osborne Construction Company of Pampa was the only other firm (Continued on Page 7)

Rites Are Today For W. H. Craig, Retired Farmer

William Henry Craig, 67, died in his home at 233 Avenue E on Tuesday after several months' illness. He was a member of the First Baptist Church.

Born on Jan. 2, 1889 at Garrison, Tex., Mr. Craig migrated to Wellington, He came to Deaf Smith County in 1921 and farmed for many years before retiring.

He was married to the former Gladys Matthews in Hereford on Dec. 22, 1922.

Funeral services will be conducted at 10 a.m. today in the First Baptist Church. Rev. Howard Scott, pastor, will officiate.

Surviving relatives include his wife, Gladys Craig of Hereford; two sons, Billie of Hereford and Charlie of Livingston; two daughters, Mrs. Bettie Lookingbill of Hereford and Mrs. Villa West of Tyler; two step children, Lloyd Sullivan of Torrance, Calif., and Mrs. Loree Walcott of France; three sisters, Mrs. Ruthie Bass of Timpson, Mrs. Obbie Chandler of Hiehland, and Mrs. Rosa LaFour of Liberty; and 11 grandchildren. Interment will be at West Lawn Memorial Park. Gilliland Funeral Home is in charge of arrangements.

Drouth Feed Aid Deadline Aug. 31

Farmers Home Administration manager Walter Johnson this week reminded farmers the application deadline for drouth relief feed is August 31.

Interest Mounting As Election Nears

RAIN BENEFIT SAID LIMITED

Saturday night's rain was no drouth-breaker. But the future loomed brighter for some Deaf Smith County farmers.

Varying amounts fell throughout the county. Some of the grain sorghum growers who missed irrigation last week due to the natural gas shortage were cheered by the "break." Up to two inches fell in the Westway community where farmers were hardest hit by the gas shut-off.

Scattered Reports

On the Jack Renfro farm 70 fell. J. C. Morrison received 25. Rumors of up to three inches in the community were circulating but the two inches which fell on the Fred Wolfington farm is the most reported from that area thus far.

J. E. McCathern said "The rain should just about make up for the pumping we lost. A good rain is always better than irrigation."

Some farmers won't have to irrigate their milo or wheat ground now, says Mrs. T. B. Thomas.

Bootleg Area

Farther west at Bootleg, 50 fell. N. A. Brown reported the same total on his farm, while two inches fell two miles east of Walcott in the same vicinity.

North of Dawa in the Daniel Community W. R. Moore recorded 2.35 inches. Amounts from .70 to three inches fell in the community. Bennie Womble reported the highest total, recording four inches. Womble said the rain "really boosts prospects for fall wheat."

Harvest Continues

The rain apparently failed to slow the carrot harvest. Both Trautman Bros. and F. H. Valising, spokesmen, reported no slowdown.

Jim Wiman, manager of the Soil Conservation Service here, said the rain will help a great deal in some local areas, "but generally it was light and helped just a little bit," Wiman added.

Head of the Farmer's Home Administration here, Walter Johnson said it was doubtful whether or not the rain helped pasture prospects. "It came late," he said, "and it's extremely doubtful whether it helped much."

Mr. and Mrs. Neil Cooper and children are vacationing in Denver and other points of interest in Colorado.

Rigid School Street Patrols Seen As Needed By City Dads

The need for rigid patrol of the streets surrounding Hereford's schools was debated at length on Monday night by members of the City Commission. Action proposed is to be discussed with School officials, before final regulations for drivers are expected to be in effect before school opens Sept. 4.

Commissioners were particularly concerned with the narrow roadway afforded by heavily travelled Ave. K at Eja Aikman school. "With no sidewalks there, the situation is very bad," said Mayor Henry Sears.

Strict speed regulation and regular patrol during the noon hour and just prior to and after school hours was prescribed by the commission after turning down Dr. R. R. Willis' suggestion that all traffic be banned on Ave. K.

City Manager Dudley Bayne presented a request for action to replace two aged and delapidated city owned trucks. The commissioners approved a motion to advertise for bids for a new heavy-duty truck to serve as a third garbage vehicle and in park service, and for a new pickup for the water and sewer department.

Action was tabled on bids of \$510 by J. E. Robinson, and \$485 by F. M. Tucker to repaint the trim on City Hall. Additional bids will be solicited.

TOO LITTLE, TOO LATE

Chief Box Slates New Presentation Of Damron Death

Chief of Police Leo Box stated Wednesday that he plans to present findings in the A. B. Damron death of last April 22 to the Grand Jury at its next session, scheduled to convene on Sept. 6.

Box has been working on the case during off-duty hours since the death occurred last April. Damron was found dead in the wreckage of his car late on the evening of April 22. Death was attributed to two bullet wounds in his head.

Coroner Berry Miles returned a verdict of suicide in the case on April 23. Since that time, Box has been working to uncover new facts and checking reports on the death from the crime laboratory of the Texas Department of Public Safety in Austin.

LADIES TO OFFICIATE

LITTLE LEAGUE'S DADS WILL GIVE ALL FOR BENEFIT CAPER

Enduring aches, pains and sore muscles, two all-star, "professional," talented Little League Dad's teams will take the field at the Little League Baseball Park tomorrow night in a benefit softball contest. Game time is 8 p.m.

The idea for the game had been meditated by the Little League fathers for several weeks. But the plans for the affair actually jelled only last week after the Little League Mothers played a rollicking contest at the Little League park before a capacity crowd.

Deciding that they couldn't be outdone by the women, the Little League dads called a huddle and proposed a benefit game. After the proposal was accepted, the dads hurried home and began digging softball gloves, bats and balls out of closet and garage corners.

Some of the fathers have been holding full-scale workouts on the Avera baseball diamonds this week in preparation for tomorrow's tilt. Several of the "old timers" gave up the practice sessions after one day, claiming that

Absentee Total Bounded High In Final Days

Interest has apparently mounted here in the Democratic Primary runoff election set for Saturday.

Fairly heavy absentee balloting indicated the gain in interest. Friday only 25 absentee votes were reported by Ralph Smith, county clerk. But by the absentee voting deadline, Tuesday, 61 ballots had been cast.

"This is a fairly heavy turnout," Smith said, "in view of the fact that we have only two commissioners' runoffs. Generally, interest in a governor's runoff isn't this heavy."

Over 2,400 of the 3,100 qualified voters in Deaf Smith County went to the polls to vote in the primary election July 28. This was a larger turnout than was expected.

Runoffs Only two county runoffs were made necessary by the first election. Both are for county commissioner.

For the Precinct 1 position, incumbent M. T. (Marion) Rutter will oppose Charles R. Sewell on ballots in Precincts 1 and 7 (Dawn). Rutter polled 226 votes to lead a five-man field in the July 28 (Continued on Page 7)

they wouldn't be able to play the regular game without a recuperation period.

Admiring Age Other fathers came to the conclusion that they wouldn't practice at all. The theory was that "they would have to get over their soreness and strained muscles only once — after the Friday night game."

Women umpires will officiate at the game. With some reluctance, Ora Hale and Marty Gabbert volunteered for the umpiring duties.

Atomic Age Tricks Managing the two "dad teams" will be Tommy Coffman and John Buck for the Yankee-Cardinal fathers' team and Lynton Allred and Ken Loerwald for the Giant-Dodger dads' club.

Both sides are contending that they have some "old-time" tricks plus at least one "atomic age" shennagin up their sleeves for the game. Pitching selections are still a secret.

All proceeds from the benefit game will go into a fund for the Little League Baseball organization.

ry elections. Acting on the resignation of W.J. Krumbeln from the Zoning Commission, the city fathers selected J. W. Robinson Jr., for the position. An appointment to the vacancy had previously been declined (Continued on Page 7)

This Was A Trip That WAS A Trip

Just back from a trip that covered a broad swath of the North American continent, Mr. and Mrs. Johnnie Haberer of Springlake visited in Hereford Sunday and told his mother of the sites they saw between Mexico City and Fairbanks, Alaska.

The trip was planned to show the Haberer's four children, Kay, 17, Ronnie, 14, Tony, 10 and Don, 4, how other people live. Their grandmother here is Mrs. John Haberer.

Leaving their home near Springlake early in June they went to Old Mexico and visited many points of interest including Mexico City, Vera Cruz, and Monterey. On July 2, they started north. In Salt Lake City, Utah, they visited with relatives, went through the Mormon Temples, the capitol building, and swam in Great Salt Lake. They stopped at Yellowstone for fishing and sight-seeing and then on to Canada to view the annual

Calgary Stampede. They visited Glacier and Jasper National Parks, Banff and then drove on to Dawson Creek, gateway to the Alaskan Highway.

They traveled the Alcan Highway 1532 to Fairbanks, Alaska, and on July 29, returned to the U. S.

The Haberes then continued south for sight-seeing trips through the states of Washington and Oregon and on down the coast to Ukiah, Calif. There they visited his sister, Mrs. Ruth Greathouse, formerly of Hereford.

In San Francisco they visited many interesting places including California beaches, zoos, parks, fiestas and fisherman's wharf in the Bay City. En route home they stopped at famous Las Vegas.

The trip was planned for the children who wanted to find out how other people live, but they all agree that nothing they saw looked as good as Hereford.

BETTER OUTLOOK—Farmers charged past this superb field of Plainsmen milo, foreground, to look at Jay Boston's 25-acre field of DeKalb hybrid during a well-attended farm tour in Frio community on Tuesday. Boston—the man who offered to give his farm to Secretary Benson—states the Plainsmen will yield 6,000 to 7,000 pounds of grain per acre at harvest. Most of the 110 farmers present felt he was right when he predicted even bigger yields from the new hybrid milo. The Hereford area's grain sorghum appears headed toward a bumper harvest this season. (Staff Photo)

Cowser Challenges Texas Farmers To Get \$24 Million From Soil Bank

Little League president Ray Cowser told a meeting of Lions and Little Leaguers Wednesday that he thought an "\$8,000 or \$10,000 investment for recreational facilities for all Hereford youngsters" would be worth the money.

Cowser cited the tremendous success of the Little League program here as proof that such a program would be a success.

"Someone told me some years ago that such a program was a failure," Cowser said. "But with proper guidance and sponsorship the program can be a success and a multi-thousand dollar investment would be well worth the money. Those connected with Little League in any way know this is true," he continued.

"What are we going to do about the girls, the boys too young for Little League or Pony League, or those too old?" he asked the group. "We know Little League has been a success, but we don't want to discriminate in favor of the Little Leaguers and forget a-

bout the others," he declared. Worth The Time All Little League players and officials were guests of the Lions Club at their weekly meeting. "I think it would be well worth their time if the City Commission did something about or even considered this problem," Cowser asserted. "The Little League organization here has some \$7,500 invested in the program. We're proud of it, and we feel the city of Hereford would be proud of its investment."

Firemen Awarded More Insurance; \$5,000 Policies

"We sure owe them that!" declared a member of the City Commission on Monday night when the group approved upping insurance protection for firemen from \$3,000 to \$5,000.

The recent tragedy at Dumas which claimed the lives of nearly a score of volunteer firemen from Dumas and Sunray was a strong factor weighed by the commissioners in making the decision.

Premium costs of the insurance for the entire department, has been \$181.50. Increasing the coverage by \$2,000 per man raises the cost to just \$211.50, City Manager Dudley Bayne said.

Plains Insurance Agency handles the policy on the firemen. It is effective only while they are on route to or from a fire, or while actually at the scene of a fire.

The commissioners later discussed the need for expansion of the facilities for fire fighting in Hereford. Mayor Sears noted that we "have the same fire fighting equipment now for a city of nearly 3,000 that we had when we had a population of just 3,000." No action was taken.

College Station—Texas farmers will receive more than 23.8 million acres of payments for land placed in the soil bank acreage reserve program. Bob Cherry, extension economist, says that a total of 63,672 agreements were signed in Texas before the July 27 deadline.

In Deaf Smith County farmers have applied for over \$400,000 in payments. Faust Collier, Agricultural Stabilization and Conservation office manager, said two members of his staff have been working full time making measurements required before payment can be made.

Details of payment on the agreements have not yet been forwarded from state offices to local ASC offices.

Under the acreage reserve program, farmers are paid for each acre of land retired from the production of basic crops up to a specified percentage of their allotments. The program is designed to aid soil improvement and reduce surplus production, points out Cherry.

Farmers of the nation have signed agreements covering approximately 10.7 million acres while the 63,672 agreements signed in Texas cover 1,970,235-3/10 acres. The 3/10 of an acre represents the acreage taken out of tobacco.

Cherry says 14,708 wheat agreements covering 1,066,390 acres and with payments expected to reach \$8,193,574 had been signed in Texas. Texas cotton farmers signed 49,322 agreements put 865,654 acres of cotton allotments into the acreage reserve and if they comply with all program requirements, can expect to receive \$17,020,420 in government payments.

Peat producers of the state signed 3,136 agreements covering 37,800 acres for which they will receive \$395,415. Only 74 acreage reserve agreements were signed by rice growers in Texas on 4,288 acres on which they will receive \$215,387. The single tobacco grower by reducing his allotment by three-tenths of an acre and putting the reduction in the soil bank will (Continued on Page 7)

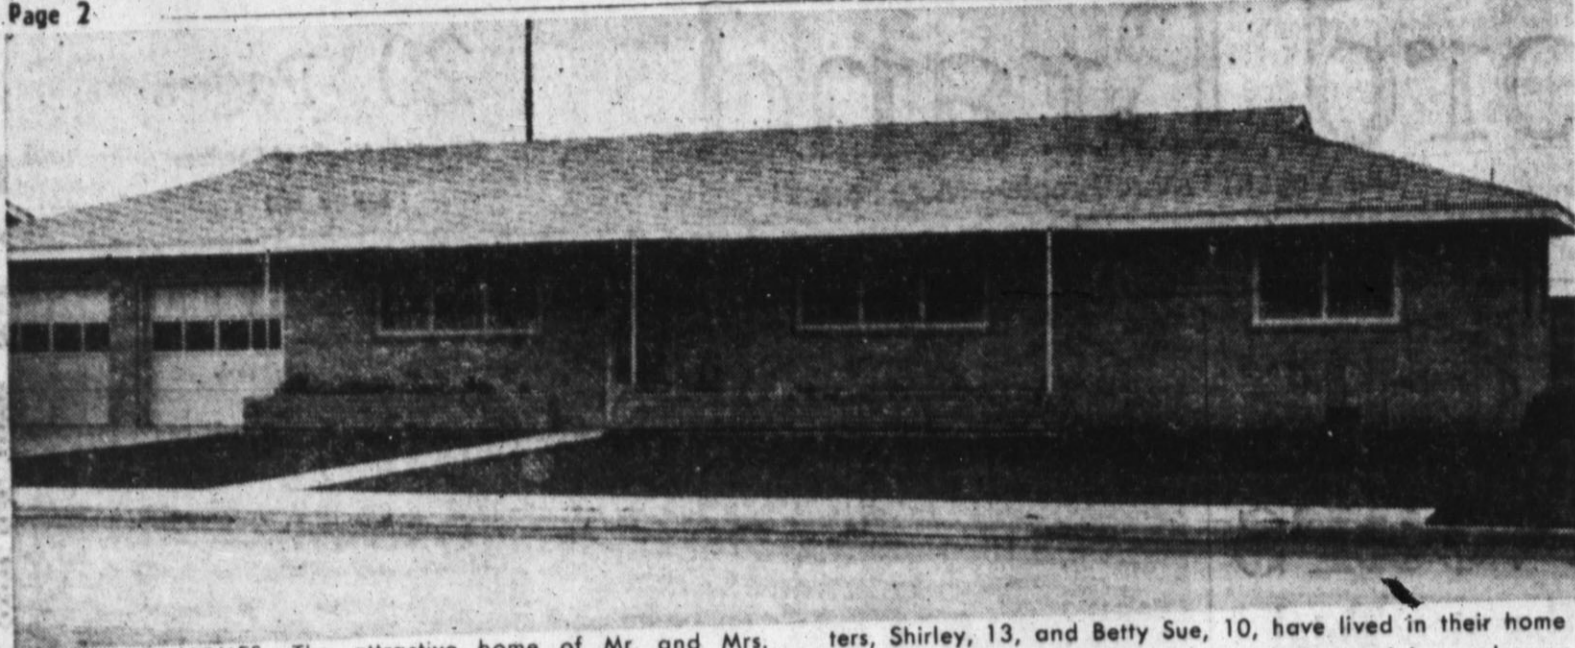

We'll Wait For Totals

The Brand will be late again Sunday!

Just when it will be out depends upon how rapidly the crews are able to tally Second Primary votes. In the First Primary, some crews finished as late as 2:30 a.m., and the Brands were out around 3:15 a.m.

With a short ballot in the Second Primary, however, it is possible that the tally crews may finish early and the Brand be on the streets before midnight.

Mr. and Mrs. Darnell Blanton and children left Wednesday for Belle Fourche, S. D., where they will visit his parents, Mr. and Mrs. Lyle Blanton, on the Blanton Ranch. Mr. and Mrs. Lyle Blanton have spent the summer at Belle Fourche.

HEREFORD HOMES—The attractive home of Mr. and Mrs. F. N. Curtis is located at 712 Blevins. It is white brick, trimmed in light green and beige. The house has three bedrooms, a den, living room, kitchen-dining room combination, utility room, and a double garage. The Curtises, with their daughters, Shirley, 13, and Betty Sue, 10, have lived in their home since March. Curtis is engaged in farming and is a salesman for a local fertilizer company, and Mrs. Curtis is an Avon representative. (Staff Photo)

Legal Notice

TO WHOM IT MAY CONCERN: Notice is hereby given that the zoning commission of the City of Hereford, Texas will convene at the City Hall at 8:00 P.M. on the 7th day of September, 1956, to consider rezoning the following property:

All of lots 3, of the A. O. Thompson Estate and lots 24, 25, and 26 of Block 12, Evans Fox Subdivision, to the town of Hereford, Deaf Smith County, Texas.

The above request has been submitted to the city zoning commission requesting that the above property be rezoned from "C" zone to a "D" zone, which is local retail business zone.

Thelma Jersig, City Clerk

will move to Amarillo next week with her parents, Mr. and Mrs. Lawrence McGee.

The group went to the Star Theater and returned to the home of the hostess, Cynthia Knox, for the slumber party, and breakfast the next morning concluded the farewell party. Others in the party were Linda Pulliam, Sandra Green and Cathy Knox.

HOG HAIR
MUSTANG, Okla. — Sightseers arriving at tornado ravaged Mustang were puzzled about an odoriferous hair-like substance that covered the small farm town.

Holding his nose one resident explained, "That's all that's left of our one claim to fame, the hog-hair processing plant."

LOUISIANA'S

Law To Affect Texas Sports

By HAROLD RATLIFF
Associated Press Sports Editor

Louisiana's interracial law that becomes effective Oct. 15 might well make sports a closed corporation in that state. There can be few visiting teams.

Texas is concerned with it because Shreveport is a member of the Texas League and the way things are shaping up the Southwest Conference may furnish one of the teams in the Sugar Bowl each year.

Louisiana already has seen some disheartening effects of the new law. St. Louis, Notre Dame and Dayton cancelled out of the Sugar Bowl basketball tournament, Pittsburgh removed itself from Sugar Bowl consideration. Wisconsin will

cancel a home and home football series with Louisiana State "if the law has the effect of denying to the University of Wisconsin the privilege of selecting the members of its team without regard to race or color" — which it obviously does. Loyola University cancelled a contract for a basketball game with Marquette in New Orleans and the NAIA (National Association of Intercollegiate Athletics) took away a bowl game that had been awarded to Shreveport and transferred it to Little Rock.

The law — if it stands up — will confine the Sugar Bowl to the Southeastern, Southwest and the Southwest Conference teams in the near future, so that would remove that league.

Of most concern right now is the Texas League situation. Shreveport has said it will remain in the circuit and the league isn't likely to try to put Shreveport out. Under baseball law it wouldn't appear it could be done anyway. There has to be a strong cause — like doing something detrimental to baseball, which Shreveport hasn't done and isn't likely to ever do.

So what's the result going to be? Could be the law itself will force Shreveport out of the league. The first assumption when the law was passed was that the home team — the promoter of the contest — would be the guilty one. In that case, should a Texas League club show up at Shreveport with a Negro in its lineup, Shreveport would have to pay the fine if it allowed the game to be played.

But a copy of the law received in Texas shows both parties would be guilty. It reads: "Any person, firm or corporation violating the provisions of this act shall be guilty of a misdemeanor and upon conviction, shall be fined not less than \$100.00 or more than \$1,000.00 and imprisoned for not less than 60 days or more than one year."

It's extremely doubtful that Texas League clubs would keep their Negroes out of the lineup when they played in Louisiana. A fine for each club everytime a game was played in Shreveport would bankrupt everybody.

The best bet is that Shreveport will sell its franchise and withdraw—that is, unless the law is

tested in the courts and found to be constitutional. Who's going to test the law, however, is uncertain indeed.

YOUNG MODERNS

Girls Learn Dutch Treat Has Limits

By VIVIAN BROWN

It looks like there'll be a new era in dutch treat.

Summer vacations have taught some girls a lesson about money, and they're not going to forget in a hurry. Take the case of Mary B. "I worked weekends and after-school for a long while so I could have a good vacation this year with some new clothes and make-up. So what happens? I met a very nice boy at the lake, and he acted so broke that I decided to treat him to a few parties. One picnic alone cost me \$5. Now I find out he's been saving his money for a new car, and has a steady girl friend at home."

Another girl became a real chippy-ty when she gave some consideration to her role in the dutch treat club, junior style. Kathy explains:

"My parents gave me their old car when they bought a new one recently. Suddenly, I found I was very popular. But I spent all my allowance on gas. Even boys who used to take me out and pay for the transportation never opened their wallets to fill up the old tank."

Kathy's fixed all that though. Now when one of her beaux asks for a date, she merely says "there's no gas in the car." They either put up or walk, she says.

You can't expect the boy to pay for everything, the girls agree, although most students have good paying spare-time jobs.

"A football or basketball game invitation where tickets are involved could be very expensive. Sometimes the boy can't afford to take the girl unless she can pay part of the tab, especially if they plan to eat dinner or lunch out. School dances after the game are likely to run into money too, so the most generous date is likely to need a helping hand," most say.

But maybe dutch treat is created by the female of the species, after all. Joan, an attractive brunette and a popular dater, says she has never spent a soul on a boy and doesn't think it is necessary. She says:

"Chris are so anxious to go out, they'll do anything to get a date. The way I feel about it is this: If the boy can't pay his way and mine too, I'd just as soon stay home. I can do other things with my money and I'm not going to part with it if I don't have to."

Joan says she's never had a boy actually ask her for money or to pay part of the date expenses, although any number of them have hinted. She adds:

"I just ignore them when they hint. Sometimes if I can tell that a young man is low on funds when I'm out with him, I'll invite him to the house for an evening of dinner and dancing. That way he can have another date with me, and we don't need to cope with the dutch treat idea. Girls better get smart or pretty soon when they get married the man will expect them to pay half the household expenses."

FRIO NEWS

Children Honored; Visitors Are Entertained; Group Get Together

By VERADELLE ANDREWS

Gerald Harder and Bonnie Sparkman were honored Sunday in the T. L. Sparkman Jr., home with a dinner to celebrate their birthdays. Both of them are 12 years old—Gerald's birthday being last week and Bonnie's this week. Those present for the dinner were Larry Dobbs, Bobby Don Irwin of Washington, Okla., Lillie Faye Jones, Louise Jones, Janice Roberts, Barbara Roberts, Jana Cole, Carol Robbins, Jerry Roberts, Charles Roberts, Mr. and Mrs. Earnest Harder, J. D. and Norman Dene Harder and Mr. and Mrs. Sparkman, Tommy and Darlene Sparkman and the honorees.

Mr. and Mrs. Vic Talbot of El Cajon, Calif., came last week to visit in the home of her sister, the Leonard Schmidts, and her parents, the Arthur Brocks in Hereford. Mr. and Mrs. Talbot spent Saturday night in the Schmidt home. Friday night, the Talbots, Schmidts, and Mrs. Arthur Brock and Richard, and Mr. and Mrs. Glenn Merritt and family of Dimmitt visited in the home of Mr. and Mrs. Earl Brock of Dimmitt. Sunday, those taking dinner in the Arthur Brock home were Mr. and Mrs. Schmidt and Brent, and Mr. and Mrs. Talbot.

Former Residents
Mr. and Mrs. Lester Irwin, Ronnie and Connie and Bobby Don and Winnie Jo Irwin, came Saturday night to visit in the home of Mrs. Irwin's parents, the W. H. Thompsons. They also visited at church Sunday morning. The Irwins are former residents of this community.

Mr. and Mrs. Glenn Roberts were Sunday dinner guests in the home of Mr. and Mrs. Frank Robbins.

Carol Robbins spent Sunday night and Monday and Monday night visiting Darlene Sparkman.

Mr. and Mrs. Floyd Cole took dinner Sunday in the home of Mr. and Mrs. Jeff Terrell.

Coles Visit
Mr. and Mrs. John Cole and family came Sunday morning to visit in the home of his brother, Floyd Cole, and with other relatives of this vicinity. Two of their children, Johnny and Marilyn remained here for a long visit.

Mr. and Mrs. J. E. Andrews Miss Alma Andrews and Mr. and Mrs. Henry Andrews and Jean have gone this week for their vacation to Colorado Springs and other points of Colorado and New Mexico.

The young married people's class met Friday night at Frio for a wiener roast. The young people played volley ball and the men of the other classes enjoyed the ball game too. Those present for the young married peoples' classes were Messrs. and Mesdames Floyd Cole, Jana, Bill and Cheryl, Clark Andrews and Rocky, Frank Robbins, Carol, Stevie, Jeanie, and Jerry, Jeff Terrell, Sandy and Kay, T. L. Sparkman Jr., Toomy, Bonnie and Darlene, Weldon Stephan and Rhonda, James Dobbs, Ed Clark, Darwin Miller and Mrs. Herb Schmidt, Tommy and Dale.

Those present for the young people's ball game were George Zetsche, Glenn Andrews, Don Mobley, W. H. Patterson, Betty Jones, Frances Andrews, David Patter, Virginia Cox, Veradelle Andrews, Godfrey Baldwin, Robert Baldwin, Eugene Baldwin and Charles, Everett and Jimmy Baldwin of Dallas.

Berryman In Hospital
E. B. Berryman was taken to the Deaf Smith County Hospital, Sunday. Mrs. Clark Andrews and Mrs. Berryman stayed with him Monday, and he seemed to be getting along fine.

TIRED 'TIL IT HURTS?
Just 6¢ a Day Can Help Build Rich, Red Blood... Save You from Being Dragged Out... EASY PREY TO MINOR ILLS.

Cold Pack Canning Subject Of Pamphlet

By ARGEN DRAPER

with them to their home in Dallas. Mr. and Mrs. Carlton Dobbins and Robert Dobbins and Mr. and Mrs. Edgar Vinson, Sammie Ann, Ediana and Carleta went to Winters Friday to attend a family reunion of Mr. Dobbins relatives, which was held on Sunday.

At the office we have received plenty of the bulletins: MP-160, One-Step Cold Pack Method for Canning Certain Vegetables. We have been out of these bulletins for some time but have received a sufficient number for this season. Either write or call the office

and we will be glad to send you a copy.

Club women report good results in improved flavor from this cold pack method of canning. It is not recommended that all vegetables be canned by this method; however, the ones that the Texas Experiment Station feel that are safe

to can by the one-step method are given in the bulletin.

It is a good idea to keep frozen food frozen until you are ready to use it. Thawing and refreezing does not itself make fruits and vegetables unsafe; however, canned fresh foods and may quickly become unsafe to eat.

Both fruits and vegetables may be refrozen if ice crystals still remain on the food; however, refrozen vegetables may become soft and mushy. One suggestion might be to use them in cooking or if there is a large amount, cook it all and then freeze it.

It is considered unsafe to refreeze completely thawed food.

To guard against Botulism poison boil home canned food 15 minutes in an open vessel before serving.

The district dress revue which was held Friday was very successful and we were extremely proud of Pat Dawson in the showing that she made in the style show. Congratulations to Pat on being one of

the five winners in the Panhandle. Twelve people from Deaf Smith County attended the dress revue.

Twenty-two blind people in Newfoundland earned \$73,000 as active workers in 1955.

GARCIA NEWS

Community Welcomes Recent Rains; Report Of Recent Comings, Goings

By MRS. S. N. THWEATT
The rain that fell over the weekend was very welcome. It will keep the very crop but it was late. There were different measurements over the community. We will need more before some of the farmer's can plant wheat.

The S. N. Thweatts spent the week in Stinnett with Mr. and Mrs. W. H. Hagan, brother of Mrs. Thweatt.

Sunday the S.N. Thweatts visited Mr. and Mrs. Harry Bishop at Waka. Mr. Bishop had been to Perryton before they arrived, and he reported Perryton got 1 1/2 inch rain and hail the size of baseballs about 3:30 p.m. House tops were nearly beaten off, tree limbs were torn from the trees, and the wind was 70 miles an hour. High lines and phones were out over the city.

The Frank Fords received news recently that their son, Frank Jr., is getting married in October. The young couple will live on the Ford-Davis Ranch north of Bootleg, after his discharge from the service in two years.

You voters better get out and cast your vote for your man Saturday. The election will be held at Garcia Community house. Doors open at 8 a.m. and close at 7 p.m. Mr. and Mrs. S. N. Thweatt took James McCullar home Thursday afternoon. They visited Mrs. Thweatt's fa-

ther and sister, J. R. and Mattie Lue Hagan. Also a sister-in-law, Mrs. A. P. Hagan, and Mrs. Cay Howard and daughter Terry were visiting Mrs. Hagan so they got to see them. Mrs. Howard is a niece of Mrs. Thweatt's.

Billy Dufur spent last week at Gainesville at a FFA meeting helping make by-laws. He had a very nice trip.

Mrs. Floyd Brown and N. A. Brown made a business trip to Clovis Monday. On their way home they stopped to see Mrs. Brown's sister, Givina King of Rosedale.

Visitors of Mrs. Earnest Brown Monday were Mrs. Brown's twin sister, Mrs. T. J. Broxson and children, Jess and Mike of White Deer and Mrs. Vernon Mulhair and children Peggy and Johnny of Clovis.

Mr. and Mrs. Henry Irlbeck had four little girls visit them all last week. They were nieces of Mrs. Irlbeck. Dinna, Christine, Mary Alice and Rose Lange of Happy reported a very nice visit.

Mrs. G. A. Collier of Friona visited in the J. E. Rouse home recently. Mr. and Mrs. Bobby Norchutt have moved to the Meldon place where A. J. Walker lived. Mrs. Bob Wyley visited Mrs. S. N. Thweatt Thursday morning. She was on her way to Hereford.

Shirley School Head To Borger; Robert Naylor Named Principal

Dale Gants will replace Robert Naylor as physical education instructor at Shirley School, Fred J. Cunningham reported on Tuesday. Naylor replaced Dan Trew as principal when Trew recently resigned to accept a position with Borger Public Schools.

Gants, a graduate of Eastern New Mexico University, is a native of Pampa. He is now stationed at Fort Riley, Kans. He holds the rank of First Lieutenant. Gants and his wife and two year old son will move to Hereford-Aug. 28.

Robert Naylor has been physical education teacher and assistant principal at Shirley School for one year. He taught subjects in high school for the 1954-55 term. Naylor has a bachelor of science and master of education degrees from West Texas State College.

Dan Trew will be elementary principal in the Borger Public Schools. He taught one year in Kirklan, and has taught in Hereford schools for four years.

B. B. Jackson To Train In Florida
Mr. and Mrs. B. B. Jackson and four children left Sunday for Pensacola, Fla., after a two weeks stay here with his parents, Mr. and Mrs. R. R. Jackson.

They have spent the past two years in Vallejo, Calif., where he has served as pharmacist mate at a naval air base. He will attend the naval aviation school of pharmacy at Pensacola for four months before being re-assigned for further duty.

Jackson enlisted in the Navy 10 years ago and after release was a member of the reserves. Two years ago he re-enlisted and plans to make it a career.

By Jimmie Gillentine

Some weeks it seems that business is good—but things are just naturally pretty quiet. That's how it seemed to me last week until I picked up the Sunday Brand and read the "Pardy Liner" column. It soon became obvious that I was the one who wasn't on the ball. It's as simple as that. Worse yet is the fact that things seem pretty quiet again this week.

Frank Barber did come up with a pretty good story, though. It happened down in Houston, reports Frank, when a native son was walking along the top floor of a tall building and noticed that a man was about to jump out the window. The native son entered a plea in behalf of better times being around the corner and, failing to interest the would-be suicide, shouted:

"Remember your old mother."

To which the other said, "She's dead."

"Then remember your wife and children," he admonished, but the man leaned out further and replied, "Ain't married."

Finally, in desperation, the native son plead, "Then, remember the Alamo!"

The desperate one paused and asked, "The Alamo? What's that?"

"Go ahead and jump, you damn yankee!" said the native son as he walked calmly down the hall.

Stanley Phillip, son of Mr. and Mrs. John Phillip and former Brand shop foreman, was here this week as he made plans for permanent removal of his family to Billings, Mont., where Stanley is now employed as a printer. Stan says he likes the country fine. Salaries are tops. He also said he pays 45 cents for a hamburger without onion, pickle, tomato or mustard. He reports that help is

scarce in all lines. Most everything, says Stan is owned or controlled by Anaconda Copper, and is unionized down to the hilt. Stan likes it, though, and plans to make his home there.

Bill Lenderman is bragging all around about a bet he made with R. C. Peeler concerning the voting ability of Franklin D. Roosevelt. It all hinged around 1936, when Roosevelt carried all but two states (and eight electoral votes); the two states were Vermont and Maine. Vermont, the best we would figure, has never voted Democratic.

Remember the shower Saturday night and Sunday morning? Very few Brands got wet, thanks to the astuteness of D. C. Kinsey, featured in the edition as "Personality Profile." Kinsey got on the telephone early and started calling his friends:

"Go out and get your Brand before it gets wet," he told them, "and be sure to, look on the editorial page. Sorry, I gotta go now. Got lots of other folks to call."

ABOUT INDUSTRY . . . the one thing some people say Hereford needs most if it is to become a city. A lot of towns have pulled industries into the Southwest—but most of these towns were going down and had their backs to the wall. The people got out and worked hard, because it was "do or die." Hereford, on the other hand, is prosperous, smug and satisfied. A few small industries may trickle in and settle, but no big deals are probable. On the other hand, those we have are excellent in view of the fact that they fit, like a glove, the agricultural economy of the territory.

Hereford's labor market is another factor. You just don't find an over-abundance of help. An incoming industry would be forced to bring most of its own labor—and that is why many of them are moving in the first place. Otherwise, the picture is good. Hereford qualifies well on most of the other requirements: good schools, churches, recreation facilities, climate and plenty of water.

And speaking of schools, officials are hoping against hope that the contractors will turn over the south portion of the new Aikman school by Sept. 4. This will help a lot but, despite everything, a goodly portion of the 1956 students will start the year in temporary quarters—maybe churches. This is one growing pain we just cannot seem to outgrow.

Something new . . . is Shep's massage center and haircut-by-appointment shop, located across west from Furr Food. He plans to have fancy baths and the like, and reports that shops of this type are going over big in Plainview and other areas.

GOOD NEWS . . . They say that the sand will be cleared from Hereford water in the near future. Probably around Sept. 15. This will be shortly after they cut into the new reservoir. The engineers figure that the sand will settle to the bottom, instead of going out into the lines. Sounds like a good deal. A real good deal.

Grapevine reports say that the "Wet-dry" election petition is near complete and is being rechecked, also that it will probably be filed today which happens to be Aug. 23. If true, things will probably start rolling in a big way. Hereford will be split wide open in the biggest tug of war yet. One thing is for sure, though, we will rack up some record vote counts—and

MISS MORRISON

Fall Nuptials In Plans for Couple

Mr. and Mrs. Edwin Morrison have announced the engagement of their daughter Eddie LaNelle to Walter Harrell Mays, son of Mr. and Mrs. D. A. Mays Sr., of Throckmorton.

The wedding will take place this fall.

The bride-to-be graduated from Hereford High School with the Class of '56. Mays graduated from Throckmorton High School in 1954.

The young couple plan to make their home in Hereford.

a lot of people will be sorry they didn't pay their poll taxes.

Meanwhile, we have an election Saturday. A lot of people have lost interest in the state races, although the Commissioner races in Precincts 1 and 3 are pretty hot. The national conventions have shifted a lot of interest from the state scene, but the big reason lies in the fact that the candidates aren't spending so much money this year as in 1952 and, therefore, are not attracting such wide interest.

Personally, I hope everybody in Texas votes for Will Wilson for Attorney General. Will Wilson is well qualified on his own merits—and his opponent did me a real dirty trick. Without permission and unknown to me, the guy put my name at the top of his Panther handle booster list. He has not explained "why or when," and I hear that the same thing happened to a lot of people. However, I don't feel so bad after thinking it over. The best I can figure, my name on the opponent's list should make a lot of votes for Will Wilson—and that's a conservative estimate, depending upon how much circulation the list got. Anyway, it was a dirty trick. I think there should be a law against it. Meanwhile, about all I can do is vote for Will Wilson, which I already did the first time.

BURLESON HOME FROM JAPAN

W. G. Burleson, who spent the past year in Army service in Japan, visited his parents, Mr. and Mrs. S. E. Burleson here last week. He arrived in the U.S. on Aug. 15. He has reported to Fort Camden, Ky., where he will be stationed until November when he will be released from the Army.

Other guests in the Burleson home during the past week were her sisters, Mrs. Alma Hancock of Cochran, Ga., and Mrs. D. B. Musick of Rodgers, N. M.

The Hallmark

of Circulation Value

In the same way that STERLING on silver signifies a standard of known value, so is the A.B.C. emblem a symbol of integrity for the circulation of newspapers and periodicals. It means that circulation so identified is measured according to the rules and standards of the AUDIT BUREAU OF CIRCULATION.

The A.B.C. is a cooperative and non-profit association of 3,450 publishers, advertisers and advertising agencies. Organized in 1914, these buyers and sellers of advertising brought order out of advertising chaos by setting up standards for paid circulation and establishing rules and methods for measuring, auditing and reporting circulations.

Therefore, the work of the A.B.C., of which this newspaper is proud to

be a member, provides you with a direct and valuable service. You can buy advertising as you would make any other sound business investment—on the basis of well known standards, known values.

At regular intervals one of the Bureau's large staff of experienced circulation auditors makes a thorough audit of our circulation records. The results of this exacting audit show: How much circulation we have; where our circulation goes; how it was obtained; and many other facts that

you need in order to know just what you get for your advertising dollars. This audited information is published by the Bureau in easy-to-read A.B.C. reports which are available to our advertisers on request. Ask for a copy of our latest A.B.C. report.

A.B.C. REPORTS - FACTS AS A BASIC MEASURE OF ADVERTISING VALUE

Summerfield Takes Final Victory For Second Place In League Here

Playing "nip and tuck" for seven innings, Summerfield edged past Piggly Wiggly 14-13 on Tuesday night at Veterans Memorial Park to take the second-place playoff game in the Hereford Softball League. It was anybody's ball game up to the final out.

Gil Carlyle started and finished on the mound for Piggly Wiggly, giving up eight hits, eight walks and striking out three. Going on the pitching hill for Summerfield, Bob Clark allowed six base blows, six bases on balls and struck out six batsmen.

Summerfield went out front in the game 1-0 in the first inning. Then Piggly Wiggly powered across three markers in the bottom of the first to go ahead 3-1.

Battling back in the top of the second stanza, Summerfield knotted the count at 3-3. H. Howell boomed a lofty home run into right field to account for the trio of Summerfield tallies. Piggly Wiggly failed to counter in the lower half of the second as Bob Clark struck out the side swinging.

Seven Summerfield runs spilled across the payoff plate in the top

of the third. With two away, H. Howell struck out with the bases loaded to end the Summerfield scoring spree in the third frame.

With Summerfield leading 10-3, Piggly Wiggly came on in the bottom of the third to score five markers to narrow the Summerfield margin 10-8. In the top of the fourth, Summerfield roared back with four runs to take a 14-8 lead.

Fighting uphill, Piggly Wiggly retaliated for two runs in the bottom of the fourth and three markers in the fifth, the scoring was shut off for the night.

Both teams went down in order in the final two innings. Following the contest, Summerfield was presented with a gold trophy, signifying their second place playoff triumph.

Rigid...

(Continued from Page 1)

by Bill Waldrup, Bayne noted. Progress on city improvement projects was reported on by Bayne. Noting that extension of water and sewer lines along "Mable and George Sts." was stalled by inability to locate the owner of four lots there, the commissioners approved starting condemnation action on the property.

"Sand in the water" complaints were discussed, with Bayne predicting that the situation will improve when the new storage reservoirs are "cut-in" to the water system. Newest estimated date for use of one of the reservoirs, Sept. 15.

After hearing a report from City Attorney Earnest Langley on one matter, the commissioners decided the city would bear the costs of installing curbs and gutters along Highway 51 north of Park Ave. The city previously had advanced its share of the costs to the State Highway Dept. during contracting procedures.

Langley said that a preliminary survey of the property along the roadway showed that about 2,721 feet of the affected property front was "not accessible." Only 2,330 feet was considered accessible and it was noted that hundreds of dollars in costs for this process would be offset by maximum collections of \$3,400 to \$3,500.

Letters To The Editor

Dear Editor:

I'm a native born Texan, and have always been proud of the fact. Although its good name has been tarnished through the neglect and indifference of officials in high position, I'm still proud of my State. Graft and Corruption has been allowed to flourish unhindered by those in authority, in the Veteran's Land Board and in the insurance Department, and millions of dollars have been taken from people over the State and from the Veterans of Texas.

Democrats choose their candidate for Governor next Saturday. It must be either Ralph Yarborough, who has had no connection with past or present Administrations; or Price Daniel, who has been and is now closely associated with the Political Machine that has ruled Texas in the past.

In his ad in the Amarillo News of Tuesday, Price Daniel admonishes the voter to "Be Sure Your Vote is Best for TEXAS." That is good advice; but that raises the question: Which of these two men are most likely to clean up the mess in Austin?

Although he tries to make you believe, Mr. Voter, that as a member of the Veteran's Land Board, he should not be held responsible in any way for the pillage of that Department, yet under the Law, the Board was charged with the sole responsibility for its operation, and were required "to satisfy themselves as to the worth of lands purchased for re-sale to Veterans." Both he and Allan Shivers say they just didn't have time to attend the Board meetings. Will you, by your vote, endorse that excuse as a valid reason for his having neglected a duty imposed upon him by Law? Would you not be saying to future officials: "If you don't have time to fulfill your Oath of Office, that will be perfectly all right." Which one of these two men is most likely to finish the job of cleaning house in Austin?

E. S. Ireland

Texas...

receive \$102.

The economist said the largest number of acres put under acreage reserve agreements was in the Panhandle district and in the districts immediately to the south and east of the Panhandle. Extension district 8 in central Texas and district 10, south-central, were other areas of heavy sign up.

ROOM DIVIDER—A mahogany table hugs the back of the sofa section in this living-dining group designed by Harvey Prober. Adjoining sofa unit is available in various lengths. Sofa arms are cone paneled mahogany, and both table and sofas rest on mahogany doweled legs, brass-tipped.

Furniture For Walls

MODERN HOMES, with their feeling of light, space and informality, have inspired a whole new philosophy of furniture design, says Harvey Prober, designer known for his untraditional approach.

Prober believes that a good piece of furniture should have multiple uses — that it should be adaptable to practically any room in the house and even capable of acting as a room divider. Says he:

"The contemporary room really should not be a stilted stage set; it should reflect the tastes and activities of the occupants."

Typical of his versatile furniture designs is a group consisting of sectional corner divans and lightweight tables which may be backed up to one side of a divan to form a division between living and dining areas. The table is the same height as the sofa back, and is accompanied by upholstered stools instead of chairs, which may be pushed underneath it.

This, points out Prober, is a practical space-saving device for a small home or apartment. In other plans he makes use of long cabinets teamed with sectional sofas to provide storage space as well as partitions between various areas of a room.

Prober started selling furniture designs to manufacturers at 16, while he was still in high school. He planned to study design at college, but never got around to it, being too busy selling his designs, and later manufacturing his own furniture. He is married to a for-

mer actress and is the father of two small sons.

The Prober home serves as a laboratory for trying out new ideas in contemporary furniture, and as a background for the family collection of modern paintings.

Award...

(Continued from Page 1)

present.

County Judge Homer Henslee said specifications of the contract call for work to begin within 10 days of the awarding of contracts. A definite completion date was not announced, but Henslee added, "It will be finished as quickly as possible."

Bids Surprise

The three contracts awarded totaled somewhat lower than the commissioners had previously expected. Earlier cost estimates exceeded \$40,000.

Lions Club president Earnest Langley said the organization hopes to begin wrestling in the new building by October. The Lions Club had told county commissioners they will furnish the building on the inside. Langley said Lions Club officials will immediately go to work on specifications for dressing rooms, bleachers, etc.

Mrs. Grace Alice Casebolt of Carlsbad, N. M., is spending her vacation here with her mother, Mrs. Hugh Witherspoon.

CHILDREN'S HARMLESS TOYS OFTEN CAUSE OF TRAGEDIES

By DOROTHY V. WHIPPLE, M.D.

AP Newsfeatures

THE CHAMBRAYS were out on a pleasant drive on a warm Sunday afternoon. Nancy spied an ice cream store.

"Daddy, daddy!" cried Nancy. "Look, ice cream—let's have some ice cream."

"O.K. I'd like some myself." And Dad pulled the car into the parking lot.

Nancy and Marty each had a plate of delicious fresh strawberry ice cream and Mom and Dad had lime sherbet. When Dad paid the bill the man at the counter gave each child a balloon whistle.

Nancy was delighted with the present. She blew up the balloon and let it whistle its air out. All the way home in the back seat of the car she played with her new toy, blowing it up and squealing

with delight as it shrieked its way flat.

Then she blew it up again but the sound that followed was a strange little squeak. Mother turned around and what she saw terrified her.

Nancy was gasping for breath, she was spluttering, trying to cough but nothing came. In a moment she was blue, then ashen gray. Dad pulled over to the side of the highway and stopped. They dragged Nancy from the car, patted her on the back, turned her upside down—she got bluer and now she was getting limp. Her terrified eyes pleaded with her mother to "DO something."

Dad yelled: "Get back in the car." He remembered passing a clinic that had a big sign "Emergency Room." It was only a few blocks away. They dashed over there—but it was Sunday afternoon and the place was closed.

Desperately, they thumped Nancy and finally she gave a big cough and out popped a small metal cap—the cap that had made the balloon whistle.

Slowly Nancy's color came back to normal, and her limp little body regained its usual strength. It was Mother and Dad who were limp now. Dad was so unnerved he couldn't drive the car and Mother, who had risen to the emergency as good mothers do, collapsed in sobs now that Nancy had escaped sudden death.

While the grown-ups were trying to pull themselves together, little Marty, completely ignored during the excitement, patted his sister and said:

"Never mind, Nancy, you can have my whistle," and he handed her his toy.

That brought Dad back to reality.

"No, no," he almost screamed and he grabbed the balloon.

Next day Dad went around to the store which had so good-naturedly given the children the toy that nearly killed his daughter. He told the story. The proprietor was horrified and instantly took the whole batch of balloon whistles and threw them in the trash—he had a little girl just about Nancy's age.

Mrs. Harry Cayler left Tuesday for Perryton to spend the coming weekend with her parents, Mr. and Mrs. A. J. Kelly.

Congress planned George Washington's tomb in the Capitol, but relatives rejected the proposal.

Japan has a population of more than 88 million, says the National Geographic Society.

Knights Crush Rocky's 11-4 In Playoff Tilt

Palmetto Poloists Will Play Dalhart, Hooker in Twin Go

Hereford's Palmetto Polo team kept their undefeated record under wraps on Saturday night when the rain forced postponement of a scheduled encounter with a strong Dalhart team at Dalhart. The game has been rescheduled for Saturday at the Dalhart arena, beginning at 8 p.m.

After the contest with Dalhart on Saturday night, the unbeaten Hereford poloists will engage Hooker, Okla., riders in a Palmetto tussle on Sunday afternoon at the Dalhart field.

In a previous engagement earlier in the season, the Hereford riders won over Dalhart 15-5. The Dalhart County riders are defending champions from last season. Hereford will be riding for its sixth straight victory in the district tilt with Dalhart under the lights.

If the Hereford riders can get past Dalhart in the Saturday night game, the stage will be set for a real battle against Hooker on Sunday. Hereford won handily over the Hooker team 11-4 in a game at Dalhart on July 29. Hooker once played regular polo before switching over to Palmetto Polo.

At the present time, the Hereford riders claim wins over every team in the district including Dalhart, Hooker and Fritch. After the double-go this weekend, the Hereford poloists will have one remaining district clash, against Fritch.

The chips will be on the table in this weekend's double affair. By winning both contests, Hereford can clinch the district championship.

OUT AT THIRD—Duane Albracht, Knights of Columbus third baseman, waits poised for Monday night's playoff game. Miles was out Rocky's pitcher David Miles who attempts to steal the third island in the third inning of by a mile. (Staff Photo)

Ken Walterscheid Gives Star Hurling Performance

Thundering out of the night like a swift locomotive, the nights of Columbus wheeled to a high-speed 11-4 victory over Rocky's on Monday night at Veterans' Memorial Park field to capture the first-place playoff trophy in the Hereford Softball League.

Walterscheid Superb
Traveling back in the route on the Knight mound, Ken Walterscheid was hotter than the Mojave Desert in July. Walterscheid sent 15 Rocky batsmen down via the strikeout lane. He walked seven and allowed five safe hits.

David Miles went the distance on the hill for Rocky's. Giving up 11 hits and two bases on balls, Miles failed to register a strikeout. Miles paced the Knight hits well but five costly errors by his teammates hampered his pitching efforts.

Knights Take Lead
After a scoreless first frame, the Knights jumped into a 3-0 lead in the bottom of the second inning. Joe Albracht led off for the Knights in the second with a walk. After Ken Walterscheid was safe on an error, Larry Walterscheid flied out to right field. Another miscue by Rocky's on Gerald Diller's infield grounder, allowed the two runners to score. Diller scored when another Rocky fumble was committed on Ronald Kershen's ground ball. With two away, Tom Albracht grounded out third base to first to end the Knight scoring chapter.

Rocky's Scores Two
Batting back in the top of the third, Rocky's suddenly came to life to tally two markers. With two away, Jackie Burris cracked a single into center field. After Wendell Burdine walked, David Patterson smashed a booming double into right field to score Burris and Burdine. Roy Botkin grounded out second to first for the third out.

The Knights added a single tally in the bottom of the fourth. Chuck Diller slashed a one-bagger with two away. Then Kershen followed with a crackling single into center field, scoring Diller to put the Knights out front 4-2.

Rocky's Scoreless
Rocky's failed to counter in the fifth and sixth innings. Chalking up

a pair of runs in the bottom of the fifth, the rampaging Knights increased their lead 6-2. Duane Albracht and Joe Albracht scored for the Knights in the fifth stanza.

Taking no chances on letting victory slip from their grasp, the Knights pumped five big runs across the payoff station in the bottom of the sixth. After three runs had been recorded, Joe Albracht singled. Ken Walterscheid ambled to the plate and slashed an outside pitch into deep right field for a home run. With one away, the next two Knight batters grounded out pitcher to first base.

Rally Falls Short
Rocky's staged a gallant comeback in the top of the seventh, scoring two runs before going down with the bases loaded. With two away and two runs across, Leroy Suttle bounced an infield roller to third base to force out a runner, ending Rocky's rally and the game.

BY 16-5 COUNT

Dimmitt Dumps Hereford Ladies

Dimmitt's Dolls had no hard time in winning an exhibition game with the Hereford All-Stars in Little League Park Tuesday night, 16-5.

A superb mound performance by Missy Pelley was the prime factor in the somewhat easy victory recorded by the Dimmitt lassies. Her sizzling fireball was more than the Hereford women could handle.

Pelley Blanks Hereford

Pelley worked five innings for

Hunting, Fishing Licenses Mailed To State Agents

Austin, Aug. 22 — The new hunting and fishing licenses for the state's fiscal year beginning Sept. 1, were mailed from Austin on Aug. 21, according to the Chief License Clerk for the Game and Fish Commission.

Approximately 350,000 fishing and 350,000 hunting licenses in all were shipped to the state's 2500 licensed agents in 254 counties.

Old licenses will be void after midnight Aug. 31.

Resident hunting licenses cost \$2.15 and include two tags for deer hunting. Resident fishing licenses cost \$1.65.

The consignments will include the special non-resident license for migratory bird hunting, such as ducks, geese and doves. These cost \$5. A special five day non-resident fishing license costs \$1.65.

Dimmitt. She didn't allow one runner to reach first base safely. She struck out 13, and only two batters weren't strikeout victims during her five-inning tenure.

While Pelley was puzzling Hereford with her mound deliveries, the Dolls were mounting a substantial lead. After the first inning, Hereford never came within striking distance.

Dolls Open Scoring

Five tallies opened scoring for the Dolls in the first. A single by Pelley and a pair of walks given to Joe Thomas and Garnett Bruton loaded the bases. Then All Gollehon cleaned the sacks with a triple. Gollehon scored when Martha Logan was safe on third baseman Kathleen Paul's error. Logan scored when Hereford catcher Virginia Kroll's attempted pick-off throw sailed into left field.

Dimmitt fattened their lead with two more in the third. These runs came via a series of errors following a pair of walks and a bingle. One more run crossed in the fifth.

Sense Hereford Rally

Pelley gave way to Mildred Renfro in the bottom of the sixth, but the Dolls must have sensed that a Hereford rally was just around the corner because they scored six runs in the top of the sixth. Highlight of the inning was Martha Logan's grand slam home run, but it was only one of four hits. Hereford made three errors.

Hereford first entered the scoring column in the sixth inning. They scored two runs when Norene Poarch reached second on an

error. Wanda Riddle unloaded a double down the left field line to score Poarch, and she raced home on Virginia Kroll's two-bagger.

Lead Remains Safe

However, the Dimmitt lead remained safe. The Dolls matched these runs with a pair of their own in the top of the seventh.

By this time the Hereford crew had tasted of the softball, and apparently they liked it. They showed indications of power in the bottom of the seventh when they sent three runs across home plate. They needed the aid of one Dimmitt error to score these three runs; but Nanette McMurray, Norene Poarch and Wanda Riddle all connected

WHAT'S THIS!

Lady Wrestlers To Perform Saturday

A feminine "touch" has been added to the Lions Club wrestling agenda scheduled to unfold at the Whiteface football stadium on Saturday beginning at 9 p.m. Two lady wrestlers will take part in the grappling activities.

Featured in the first main event on the card will be Bonnie Watson and Mars Bennett, two gal grapplers. Bonnie is a dream girl that would melt any man's heart. A lover of all sports, her favorite is wrestling. She first became interested in wrestling from watching the sport on TV.

Later Bonnie became a rabid ringside fan, finally going into training for professional wrestling. She is listed as one of the top five girl wrestlers in the world.

Bonnie Watson's heart and eyes are glued on the ladies' world championship wrestling crown, now held by the great June Evers. A former circus performer, Mars Bennett was at one time with Ring-

ling Bros., Barnum and Bailey Circus. She has a wrestling style all of her own. Rushing in and flailing away, Mars is the villainous-type girl grappler.

A graduate of Northeastern High School in Michigan, Mars earned her first sports headline as a swimmer. She was an undefeated breast stroke champion at 220-yards. She was also a member of the girls baseball and tennis teams in high school.

A talk with a lady wrestler on a circus lot inspired Mars to take up professional wrestling. She is not only a top wrestler but a clever exponent of showmanship.

In the second main event of the evening, Dory Funk will tangle with baller student Ricki Starr. Dory will be out for only one thing in his tussle with Starr—revenge. Two weeks ago in the Hereford arena, Starr made a fool out of Funk. Somewhat over-confident, Funk became angry with the

prancing tactics of Starr. Dory was disqualified when he picked Starr up and tossed him over the ropes.

Funk and Star had a real battle in Amarillo a week ago. After Funk had won two consecutive falls over Starr in a scheduled

match, the two wrestlers retired to a dressing room where they continued their ring warfare in private. According to reports, Funk came out on top.

Both main events will be two-out-of-three fall affairs, with a one hour time limit on each.

Hereford Riders Club Has Proud Nine Year History

September will mark the Ninth Anniversary of the Hereford Rider's Club. Organized in September of 1947, the organization has an illustrious history for its nine-year existence.

Steady Growth
From the 12 persons who first originated the club, the Rider's Club has grown until today its membership totals 504. The charter members were Mr. and Mrs. Mal Stewart of Vega, Mr. and Mrs. Wiley Roberson, Mr. and Mrs. Jack France, Mr. and Mrs. Ralph Sears and Neil Spradley.

Hereford Golf Calendar

- Sept. 1-23 — 1956 City Tournament
 - Sept. 5 — West Texas-New Mexico Women's Golf Association monthly meeting and golf match.
 - Sept. 8 — Bi-State Men's Golf Association Inter-City matches.
 - Sept. 13 — West Texas-New Mexico Pro Amateur matches, Hereford Golf Club's Cup Matches, and qualifying for 1956 Invitational Tournament.
 - Sept. 14-15-16 — 1956 Hereford Invitational Golf Tournament.
 - Sept. 26-27-28 — West Texas-New Mexico Women's Golf Association Annual Tournament.
- All events are scheduled at the Hereford Golf Course for the month of September.

All are still active in the club. The Hereford Rider's Club is an official component of the American Association of Sheriff's Posse and Rider's Clubs. This national organization is composed of 79 clubs, reaching from coast to coast.

Versatile Club

The Rider's Club not only excels in parade and rodeo riding, but also donates to charitable organizations and works on special projects at Christmas time each year. In addition, the club sponsors the Palmetto Polo team. The club's special projects include giving to needy families and collecting toys for underprivileged children.

Proud Story

More than anything, two showcases of trophies tell a proud story of the club's achievements. The array of awards are on display at the Rider's Clubhouse, located at the riding arena.

Two of the most coveted awards presented to the Rider's Club in recent years were a Most Colorful Club From Texas trophy received in Albuquerque, N.M. at the New Mexico State Fair in September of 1954 and a Most Outstanding Club From Texas trophy, won in 1955 at the Santa Fe, N.M. Rodeo.

Other Awards
Other trophies gathered by the club include two first-place awards from Dalhart XII Reunions, second and third place statues from the annual Spur Round-Up, two first place awards from the Cas-

TO THE CHAMPS—Wendell Burdine (left), president of the Hereford Softball League, presents First-Place Trophy to manager Gerald Diller of the Knights of Columbus, following playoff game with Rocky's on Monday night. The Knights defeated Rocky's 11-4 to win the coveted award. (Staff Photo)

SPEAKING OF SPORTS

By GIL CARLYLE

Speaking of professional football, grid analysts across the country are picking the Cleveland Browns once again to win the Eastern Division and the Professional Football Championship. The Browns climaxed the 1955 season with a stunning 38-14 victory over the Los Angeles Rams in the championship playoff.

Cleveland will go into battle this season without the services of their incomparable passer and quarterback, Otto Graham. Last year Graham came out of retirement to lead the Browns to the professional title.

After the Browns lost to the College All-Stars last year, coach Paul Brown decided that he must have Graham in order to win. Cleveland suffered four exhibition defeats before Brown finally convinced Graham to rejoin the club. Graham was the sparkplug the Brown offense needed as the great grid general engineered the Browns on to the championship crown.

Graham says he positively will remain retired this season. So—will the Cleveland Browns be able to win without the quarterback who propelled the team to a record of ten championship games?

Big baseball question right now is whether Mickey Mantle will break Babe Ruth's home run record? Mantle has been in somewhat of a slump the past few games, going zero in the home run department. If he is in a "slump," it might be a good thing that it is now. The New York slugger can't afford to go into a hitless trance in September, if he is to crack the homer mark.

Hank Greenberg, who came as close as anyone to breaking the Babe's record, believes that Mantle certainly has a good chance to smash the record. Greenberg believes that Mantle should hit at least 10 more round-trippers before Labor Day. The September grind is the grueling one. Babe Ruth slashed out 17 clubs in September to set the high of 60.

Greenberg pounded out 58 home runs in 1938 with five games to go in the season. Playing with fourth-place Detroit that year, Greenberg failed to hit another homer in the last five games.

Probably the biggest factor is whether the American League managers and pitchers will give Mantle a chance to break the mark. Mantle has been walked more, recently, than ever before. With 42 of the 60 down, Mantle will have to hit 19 more four-baggers to crack the Babe's record.

Qualifying For City Golf Tourney To Begin Sunday

The 1956 Hereford City Golf Tournament will get underway on Sept. 1, running for three days. All men golfers from Hereford, Dimmitt and Friona are eligible to compete for the city championship.

Defending Champ

Charles Seed is the defending champion of the tourney, having defeated Jeff Minton, three and two in last year's finals. Minton is the newly-crowned City Junior Golf champion. In the finals of the Junior tournament last Sunday, Minton downed Seed 7 and 6 to take the junior golfing crown.

Pre-Tourney Favorites

Other pre-tourney favorites include steady Max Dwyer, J. A. Pitman, John Renner, Bob Lindsey, John D. Pitman, Wimpy Walker, Frank Cogdell, D. B. Roberson and J. M. Essey. Entry fee for the three-day tournament will be \$7.50. Deadline for entering the city tourney is 6 p.m., Saturday, Sept. 1.

Eight players will be assigned to each flight. Qualifying rounds for the tournament will be held from Sunday, Aug. 26 through Sept. 1. Any players who do not wish to try for medalist honors or the

championship flight may elect scores by calling 1284.

Qualifying
Qualifying for medalist honors and championship flight will be held Saturday, Sept. 1, all day. On Saturday, Sept. 1, a dinner for all contestants and wives will be held in the Club House, beginning at 7:30 p.m.

First-round matches will begin at 8:30 a.m. Sunday, Sept. 2, for all flights. Consolation matches in the first round will be unreeled Sunday afternoon, beginning at 2 p.m.

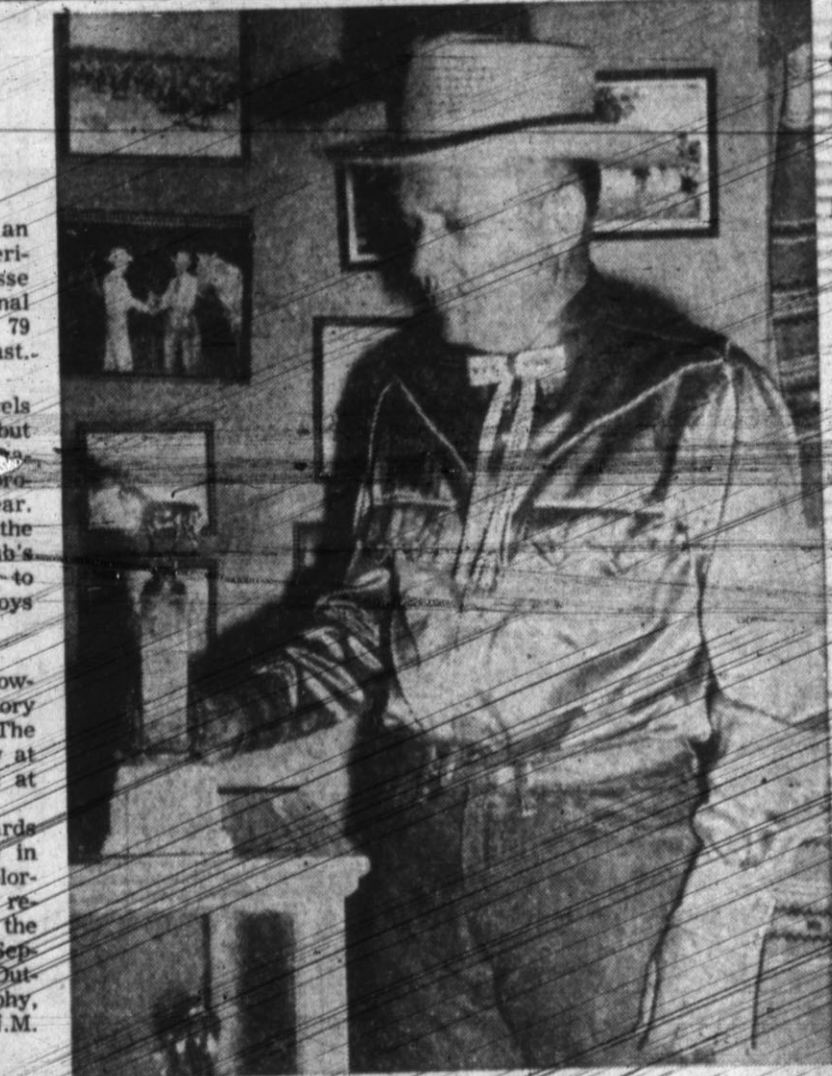

The semi-finals in all flights and finals in consolation flights will begin at 8:30 on Monday (Labor Day), Sept. 3. Final matches in all flights will start at 2 p.m. Monday, Sept. 3. Presentation of trophies will be made at 6 p.m. after all matches have been completed.

Trophies

Medalist of the tournament will get a calendar desk trophy. Large gold trophies will be awarded to the winners of each flight. Receiving medium-size trophies will be the runners-up in each flight. Consolation winners of each flight will be given small trophies.

MARS BENNETT BONNIE WATSON

ADD ANOTHER ONE—Leo Forrest, president of the Hereford Rider's Club, admits First-Place trophy won by the Hereford Rider's Club at Dalhart's recent XII Reunion. This award is only one of many accumulated by the rider's club during the past nine years. (Staff Photo)

BRAND BABIES—"Giddy up horse! Get-a-long there!" exclaims cute Lewis Aven. He is the brown eyed son of Mr. and Mrs. Hilrey Aven, and likes to ride his rocking horse, and play with cars and trucks. Maternal grandparents are Mr. and Mrs. D. C. Allmon and paternal grandmother is Mrs. A. L. Aven of Hart. (Staff Photo)

DANIEL NEWS

Will Dedicate Church Auditorium; Sees Maize Harvest To Start Soon

By MRS. W. R. MOORE

The dedication of the new auditorium of the Palo Duro Baptist Church will be Sunday, Aug. 26. There will be all day services and a luncheon at noon. Rev. L. E. White of Plainview, and Rev. Marvel Upton of Sunray will be among the speakers.

Rev. LeRoy Patterson is the new pastor and has moved into the parsonage at the church. Rev. Patterson and his family are from Allison, Tex.

Mr. and Mrs. C. L. McBroom and daughter Jannie attended the Ware

family reunion in Mobeetie last Sunday.

Mr. and Mrs. Tice Hugg visited in the home of Mr. and Mrs. Marlon Hugh near Amarillo Sunday evening.

Mr. and Mrs. C. W. Cogdell made a business trip to Amarillo Thursday.

The farmers are very happy over the nice rain that fell Saturday night and Sunday. It amounted to 70 of an inch up to two inches and 30 over the community.

The maize crops are fine. Some of the maize will soon be ready

to harvest as it is turning red very fast.

Mr. and Mrs. R. W. Parr and children, Junior and Cordelia of Friona were visitors in the home of Wayne Higgins Sunday.

Mr. and Mrs. Theron Lehr and children Ray and Rue of Irvin were visitors in the home of Mr. and Mrs. Jack Higgins over the weekend.

Mrs. Zelma Axe and Zane Axe attended a family reunion Sunday in the home of a sister, Mrs. George Chambers, in Muleshoe.

Mr. and Mrs. Jack Higgins and children visited in the home of Mrs. Bell Betts of Clovis, N.M. Sunday afternoon.

Mr. and Mrs. B. L. Moore spent the weekend in the home of Mr. and Mrs. Paul Myers in Midland. Mrs. Ky Higgins had a slight accident last week when she got

her hand caught in the washing machine. Her hand isn't injured badly.

Miss Judy Meredith of Amarillo spent several days in the home of her sister, Mrs. Pat Tewell in Berkeley, Calif.

Mrs. Zelma Axe and Zane Axe returned home Thursday from Medford, Ore., where they visited Dick and David Axe, who are working in Oregon. They also visited with a sister in Sandina, Calif.

Clifford Hugg is spending two weeks in the home of James Henry Nelson of Shattuck, Okla.

Mrs. J. M. Ware and granddaughter, Patsy Ware who has been visiting in the home of Mr. and Mrs. C. L. McBroom, returned to her home in Lubbock Monday. Mrs. Ware is Mrs. McBroom's mother.

HALF CENTURY

EMMERTON, Va. (AP)—Packaged groceries have a strong supporter in Mrs. Gertie Hanks, who has tended a store here for more than 50 years.

She says she can wait on her customers far faster than in the days when every store handled fat back and molasses in bulk.

"Miss Gertie" doesn't know any-

thing about the 9 a. m. to 5 p. m. hours some stores observe, however. She arises at 3 a. m., cooks breakfast, cleans her apartment above the store and then opens for business.

There are usually a few early arrivals and she weeds her garden after they depart and before other folks get up. Closing time? It's always sundown.

NEW FURNITURE

SEBREE, Ky. (AP)—The Rev. Ray Thompson, a Baptist minister, and his wife returned from a trip out of town to find their living room furniture had been replaced with spanking new pieces of furniture.

Stunned, but pleasantly so, they soon learned that members of the pastor's church had made the switch on the sly.

FREE SAMPLES

CORVALLIS, Ore. (AP)—Oregon State College students get a free sampling of sherbet and came up with this observation: Those that are sweet and smooth are best.

Roy Stein, superintendent of the Oregon State College dairy products laboratory said the sherbet samples were made sweet by addition of sugar, then were whipped into a one-fourth greater volume. This meant more tiny air cells for a smoother, sweeter taste, he said.

What's more, weight-watchers learned that they were actually getting fewer calories per serving because of the increased volume of air.

GOOD PROPHET

DALLAS (AP)—"Better move my car before someone hits it," said Charles Boles. He had stopped to help an accident victim. He was a good prophet, but a late one. Another car smashed into his as he spoke. Damage was slight.

TURTLE TRAPPING

HARDIN, Ill. (AP)—Turtle trapper Harley Johnson has created a going business. In one week he trapped and dressed 45 turtles, and local fanciers store the meat in deep freezers.

Johnson has developed a sure-fire system for catching turtles. He makes a trap of poultry netting from two to four feet in height and with a shallow, wide throat. The traps are set at the edge of sloughs and ponds and are submerged to about two-thirds of their height, leaving part of the trap out of the water so the turtles can get air. He baits the traps with the carcasses of fresh fish which have been flayed for boning.

President James Garfield was the last President of the United States to be born in a log cabin.

Mauritius, a British island in the Indian Ocean, has a population density of 600 persons per square mile.

Page 4
Riders Club...
 (Continued from Page 1)
 to County Fairs, first and third place awards from Dimmitt Rodeos and a second place trophy from a Littlefield Rodeo. These are only a few of their honors. Quite a record.

Miss Elna Bishop and her brother, Ivan, have returned from a vacation trip to Syracuse, Kan. and Lamar, Colo.

Capt. and Mrs. Bruce Wallace who have recently returned from an army assignment in Germany, have returned to Fort Worth after a short stay here in the home of his sister, Mrs. William S. Dameron.

Mr. and Mrs. G. W. Newsom and daughter, Jane, left Friday for Colorado, where they will spend a week or ten days vacationing.

The total number of married people in the U. S. reached 81 million in 1956. There were only 60 million in 1940.

THAT FOREIGN FLAVOR
Mrs. Kovacs Offers Two Exotic Recipes Native To Yugoslavia

The abundance of food was the largest surprise of Mrs. Ludwig Kovacs when she and her family arrived in America in 1951. They now have many home cooked meals — in American and Austrian style.

Born in Yugoslavia, Mrs. Kovacs was taught the art of cooking by her grandmother. During the war, she was in a prison camp in Yugoslavia, and separated from her husband.

She escaped to Austria and several months later located her husband, Ludwig. They spent six years in a concentration camp, and when she learned they were being sent to America, Mrs. Kovacs bought the children chocolate candy to celebrate!

The family was sent to Texas when they arrived in the U.S. and five years later, they have a home at 709 Blevins and Mrs. Kovacs still enjoys feeding her family stuffed cabbage, apple strudel, and other recipes she brought to America with her.

Kovacs is employed at the Pittman Elevator. The Kovacs have five children, Jacob, 18, who is in high school; John, 10, a fifth grader; and Anneliese, 8½, a third grader.

Two favorite recipes of the family are Guwecse, a meat recipe, and Sarma, which is stuffed cabbage.

GUWECSE COMING UP—Teaching daughter Anneliese the art of cooking adds spice to household work notes Mrs. Ludwig Kovacs. The Hereford mother, a native of Yugoslavia, offers Brand readers her recipes for two of the Kovacs family's favorite dishes, Guwecse and Sarma. (Staff Photo)

GUWECSE.
 1 cup chopped onions
 ½ cup chopped green peppers
 ½ cup shortening
 1½ pounds cubed pork
 1 can tomato sauce
 2 cups water
 ¾ cup rice
 2 bay leaves
 1 teaspoon salt
 1 teaspoon paprika
 a pinch Cayenne (red pepper)

Fry onions and peppers in the shortening until golden brown and paprika, red pepper, meat, salt, bay leaves and half of the water. Cook slowly until the meat is tender. Add tomato sauce and the rest of the water, bring back to boiling and add the rice and cook for another 20 minutes. Serve with your favorite salad. Serves eight.

SARMA
 ½ pound ground beef
 ½ pound ground pork
 ¼ cup rice

PODRES FITCHING FOR NORFOLK TARS
 NORFOLK, Va. (AP) — Johnny Podres, who has finished his boot training at Bainbridge, Md., is looking forward to finishing the baseball season with the Norfolk Tars, a team made up of Norfolk Naval Station and Service Force commands.

The pitching hero of the Brooklyn Dodger World Series conquest of the New York Yankees says: "I feel great, and I know I could have helped the Dodgers this year. The loss of Karl Spooner and the trade which sent Billy Loes to Baltimore makes the Dodgers' chances of repeating all the tougher, but I still think they will make it."

The Dodgers must make up 27 victories, the result of losing Spooner, Loes and Podres. Spooner has shoulder trouble.

Suckers, like other nongame fish may be taken in Missouri anytime of the year using a hook and line.

But standard equipment during a 30-day special season is a casting outfit with a treble hook and a heavy sinker. The method: flip out the hook and retrieve it in short jerks. Sooner or later, one of the prongs snags a sucker and then a boiling battle is on.

That's where the stepladders and trees come in. For each angler seems to have an unusual way of setting himself up as he fishes for the limit.

Free school books are provided on the Magdalen Islands, in the Gulf of St. Lawrence. Parents say it's still expensive as they are assessed for damaged or lost books.

Sullivan County, N. Y., began about 1650 when Charles 2nd, a king who hated his relatives, deeded the land to the one brother with whom he was friendly, the Duke of York.

SPRINGFIELD, Mo. (AP) — Fishing from a tree or a stepladder seems most unorthodox except down in Missouri's Ozarks where almost anything goes when snagging for suckers.

NEW RECORD
 BRIDGEWATER, Va. (AP) — The Rev. Max William Fisher thinks he may have set some kind of record to get a college degree. He drove 30,000 miles during a four-year period to get to his classes at Bridgewater College.

During this period, Rev. Fisher served as pastor of two churches and supported his family of eight, including six children ranging in age from 2 to 12.

Rev. Fisher was pastor of a small church of the Brethren in Pendleton County, W. Va., his first year when he attended Bridgewater three days a week and drove 104 miles each trip. He traveled 9,360 miles that year.

Then he moved to Fulks Run in Rockingham County, Va. From Fulks Run, it was a 64-mile trip. The next three years, Rev. Fisher drove 17,280 miles.

The cash in Algiers, scene of many movies and romantic legends, is still a section of endless alleys and winding steps. It is so narrow that three men cannot pass abreast, but 50,000 Algerians live in its offshooting doorways.

GOLD-PLATED TURBINES

COLUMBUS, Ohio (AP)—Scientists at Battelle Memorial Institute here believe gold-plated turbine blades may increase the life and operating efficiency of jet engines.

The institute reports that experiments show a thin plating of gold helps protect turbine blade metals from deteriorating at high temperatures.

Many turbine blades are made in part from molybdenum, a metal that corrodes at high temperatures. At 1800 F, the institute reports, the molybdenum burns rapidly, forming a gaseous compound.

The discovery was made during a research program for the Navy Bureau of Aeronautics.

Portugal, about the size of Indiana, has a colonial empire 23 times the size of its home country.

It's a dear bargain when you carry automobile insurance in a company that isn't licensed in every state in the country and that can't serve you wherever you go.

We have a hunch you'd rather BUY FROM AN AGENT

who places your insurance in companies that have facilities all over the country so that you can have "home town" treatment no matter where you may be.

That's how this Agency conducts its business.

Advice On Pickling Cucumbers

With pickling-time in full swing and the cucumbers coming in from the garden by the bucketful, Argen Draper, home demonstration agent, comes up with some proven advice on brining vegetables.

First, use fresh, sound, clean vegetables and fruits. Sort and grade for size and age. Immature cucumbers make the best pickles, and fruits should be firm and slightly under-ripe.

Using ingredients called for in recipes and measuring accurately get you on the way to success.

Vinegar Types

Always select a good, clear standard vinegar, either four to six percent acetic acid or 40 to 60 grain, to make good pickles. Cider vinegar is preferred in making all kinds of fruit pickles. White distilled vinegar is satisfactory for all other kinds of pickles and is recommended when making light colored pickles such as white onions and cauliflower.

Bag salt or dairy salt gives better results than refined table salt.

Fresh high quality spices, selecting whole spices for most cooked pickles.

For Hard Water

Unless soft water is available for making brine, boil and let the water stand for 24 hours and then remove scum.

Use enamelware, aluminum or stainless steel for heating pickles. Do not use copper or iron containers.

Your pickles will be firm without the addition of alum if correct methods are followed. The correct color of pickles is olive, not bright green.

Curing Necessary

Pickles of superior quality are made from properly cured cucumbers and other vegetables. The process requires more energy and time, but the high quality of the well-brined product is well worth the extra effort. Six to eight weeks is required for proper brining. Small cucumbers take less time than large ones.

Here, recommended by Mrs. Frank Prowell, is a recipe for 14-day pickles. Mrs. Prowell obtained the recipe from her mother-in-law, Mrs. J. L. Prowell:

CUCUMBER TIME—Ideal for canning, these new hybrid-type slicing cucumbers grow bigger, quicker and retain their light taste even when they reach this size. Seeds are smaller than in ordinary cucumbers. These were grown in a Potter County garden. (Staff Photo)

14-Day Pickles

Split 1 gallon medium cucumbers. Put into stone jar. Cover with 1/2 gallon water to which has been added 1 cup salt. If this does not cover the cucumbers, add more boiling water and salt in proportion. Let stand 8 days. Skim every day.

On 8th day, drain and pour over them 1/2 gallon boiling water and 1 tablespoon alum. Let stand until the 10th day. On 10th day drain and pour over them 1/2 gallon clear boiling water.

On 11th day drain, wash jar and pour over them syrup made of 2 1/2 pints vinegar and 3 cups

sugar, several pieces of cinnamon stick and two tablespoons celery seed. On 12th and 13th days, drain and reheat syrup to boiling point and add 1/2 cup sugar. Pour solution over pickles. On 14th day pack in clean jars, add syrup and seal.

CAN-DO

HAZLETON, Pa. (AP)—A self-improvement agency of this area proved already it has more than lived up to its name.

The volunteer organization set up to bring new industry into the Hazleton section, has collected \$692,524 to date in various enterprises. They call it the CAN-DO drive.

why **CHRYSLER** is your Biggest August Buy!

Let's assume you're one of those smart traders who has waited for August as the best month to buy. You know your present car will be worth much less in a few months, and you know that now is the time to get the biggest deal. Now it's a question of which car to buy.

The box on the right tells you why Chrysler is far and away your greatest value. It has the styling and engineering that many new car buyers won't enjoy even next year.

Motorists are trading in other makes of cars for new Chryslers at a record rate. Come in and let us show you why. You'll like the deal we have ready for you. You'll like the treatment you get. Come in while we still have a variety of models.

THE YEAR-AHEAD CHRYSLER

Right new Chrysler offers you these year-ahead values that most cars won't have even next year!

1. New Flight-Sweep styling... the look that will have most influence on tomorrow's cars.
2. Pushbutton Driving... watch the Johnny come-latties on this one.
3. Revolutionary new centerplane brake system (we predict it will still be brand-new next year).
4. Full-time power steering... only power steering that takes all the work out of driving.
5. Airplane-type V-8 engine with the famous high efficiency hemispherical combustion chamber.

THE POPULAR SUMMER HOSTESS SERVES

Tasty Sandwiches

Delicious sandwiches are so right for carefree warm weather meals and snacks... Those unexpected guests, that ever-approaching mealtime—no problem for you... Fancy breads, tangy cheeses, snappy sauces, spiced meats—your check list for different sandwiches served by the most popular hostess in town.

How to be a Better Cook... and save money too!

BY *Mary Blake*
Home Service Director Carnation Company

Make your sandwiches HEARTY—for lunches, suppers, midnight snacks.

NO. 1—BROILED TOMATO-CHEESE SANDWICH
Toast bread; top with: tomato slice, Carnation Cheese Sauce, crisp bacon slices. Place under broiler until bubbly and lightly browned.

CARNATION LIGHTNING-QUICK CHEESE SAUCE
(Makes 1 cup)

3/4 cup (small can) undiluted Carnation Evaporated Milk
1/2 cup cubed or grated process-type American cheese
Salt and pepper

Dash of Worcestershire sauce and prepared mustard
Heat Carnation in saucepan over low heat to just below boiling. Add cheese and seasonings. Stir until thickened and smooth, or until cheese is melted.

NO. 2—TUNA SALAD FRENCH TOAST

Flake one 7-oz. can of tuna; combine with 1/4 cup diced celery and 1/4 cup diced stuffed olives. Add enough mayonnaise to moisten. Use as sandwich filling (enough for 4). Dip sandwiches in French Toast mixture (2 eggs, 1/2 tsp. salt, 1/2 cup undiluted Carnation Evaporated Milk, 1 tablespoon sugar). Brown on both sides in hot butter.

School Architecture Has Changed With Times

'New Look' Designs Aid The Students

Architecture and design in new school buildings these days is following a definite trend — new ultra-modern plants with only a few new buildings being built in the picturesque old-fashioned style.

Hereford schools have a bit of both the old and the new.

From the not yet completed Ela Aikman Elementary School and Hereford High School to aged Central School, Hereford schools vary in degree of design and architecture.

The newest of Hereford schools of course, is Ela Aikman Elementary School. In fact, the new grade school hasn't reached completion yet. Hereford High School was completed in the fall of 1954, and only two classes have graduated from its corridors.

TIMES AND NEEDS HAVE CHANGED

Shirley Elementary School was built in 1949 to cope with the increasing elementary school population. Stanton Junior High was first built in 1927 as a high school but was converted to a junior high upon completion of the new high school building.

Central School — where several generations of some families have been "schooled" — looms as the oldest school in Hereford.

Technically, Hereford's first school was a two-story four room structure which was built where Central now stands around the turn of the century and was used until Central was completed in 1909.

FIRST BUILDING WAS FUNCTIONAL

A three-story red brick building, Central is typical of the early schools. Wings have been added to the east and west sides of the building, and a gymnasium was built on the north end in 1948.

The interior of the building consists of concrete floors in the halls and wooden floors in the class rooms. A stairway leads to the main offices on the second floor from the main entrance on the south. A cafeteria is located in the basement. The floor of the gymnasium is concrete.

Stanton Junior High is also a three-story red brick structure. It was completed in 1927. The interior resembles that of Central. Occasional modernizing work has been done on it through the years as the need developed. The school does not have a cafeteria, and the gymnasium is quite small — hardly adequate to the needs of Hereford High School athletic teams that used it before moving to the new plant.

Shirley School was first used in 1949. It is a one-story white brick

building and originally contained 12 rooms, but others have been added since then. Included in the Shirley plant is a large gymnasium which is also used for a dining place for students during school.

NEW HIGH SCHOOL TO NEED ADDITION

Hereford High School, one of the most modern and the largest school building here, is a sprawling two-story structure which is already beginning to bulge at the seams with students. School officials are planning additions to cope with the growing needs of the future classes.

Classroom floors are covered with tile, and every room in the building can be reached via an intercommunication system. A gymnasium with folding seats which will accommodate 1,000 and a band hall are also part of the same building. The auditorium is considered to be one of the most modern and finest in this area for a school of its size.

But the modern structures still have hints of the past.

Students still go upstairs via stairs — not by elevators such as the case is in some modern schools in the East. Blackboards used to be black — like the name indicates — but now they've taken on a green hue in Hereford; and many other colors in surrounding schools.

CHAIR STYLES SHOW CHANGE

Instead of old fashioned chairs, students in some Hereford schools now have the convenience of chairs which spin around like the comfortable platform rocker or reclining chair at home.

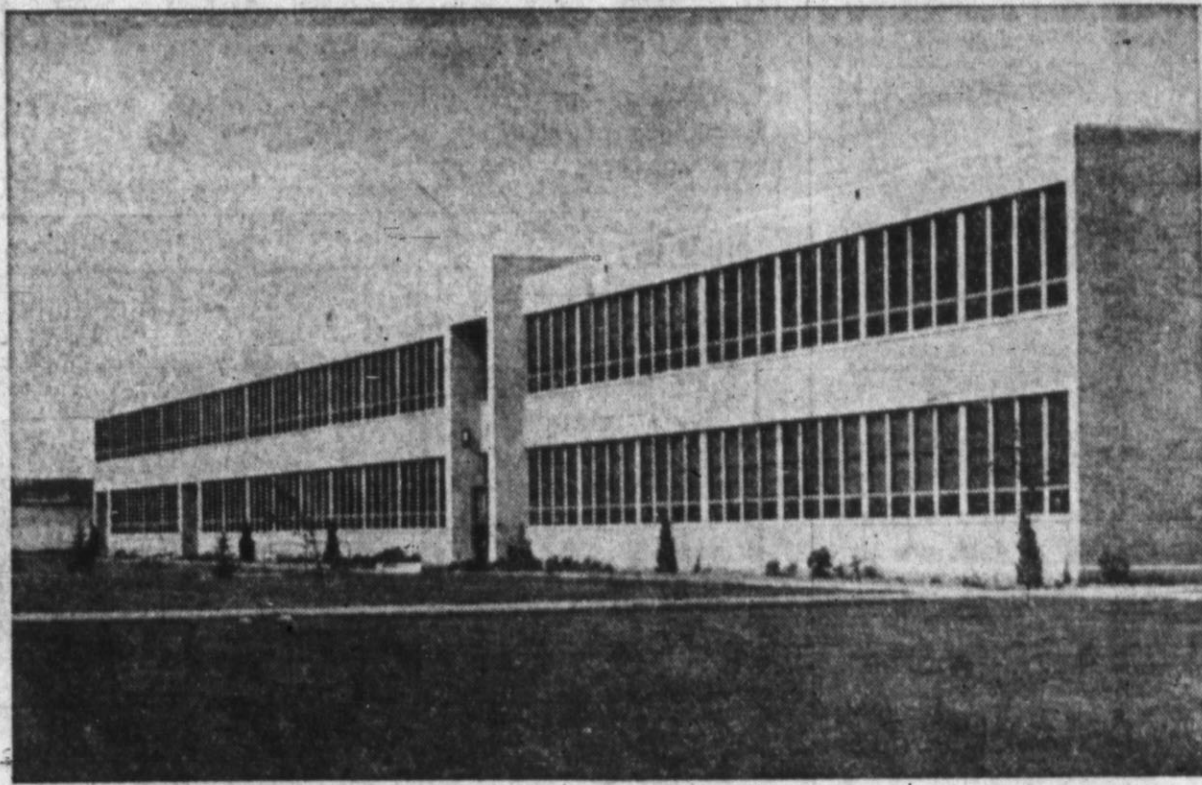

And even at high school ink has gone out of use. Ink, it seems, is almost impossible to wash from the new tile floors. So ball point pens are being used by everybody, teachers and all, now.

All the new modern conveniences in the schools have been added to make studying conditions easier and more comfortable for the students. These new inventions and conveniences have been added also to the older schools as they became practical besides appearing in the new schools.

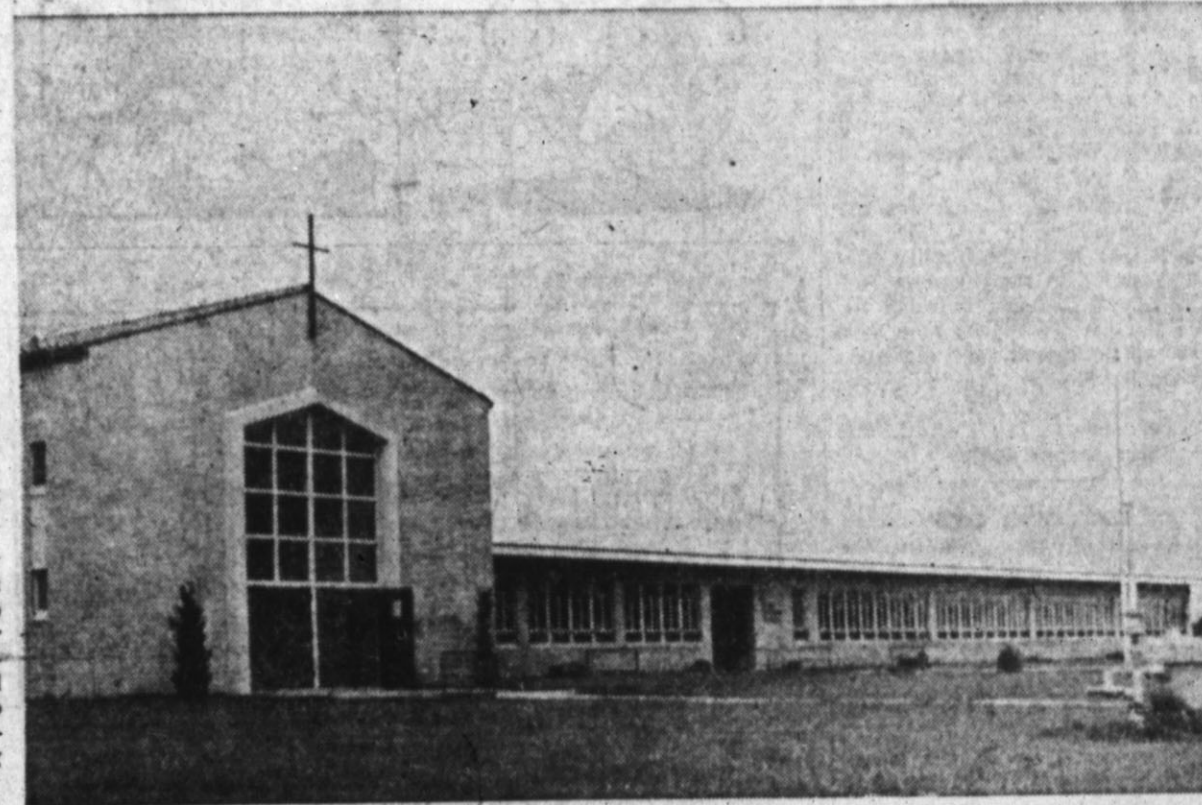

For every new modern church building being built, one of traditional style is also going up, but that's not the case in school buildings.

REASON BEHIND NOVEL 'FRONTS'

New school buildings sometimes appear quite "unusual" in structural design and architecture to many people. These "unusual" designs are not there just for beauty's sake.

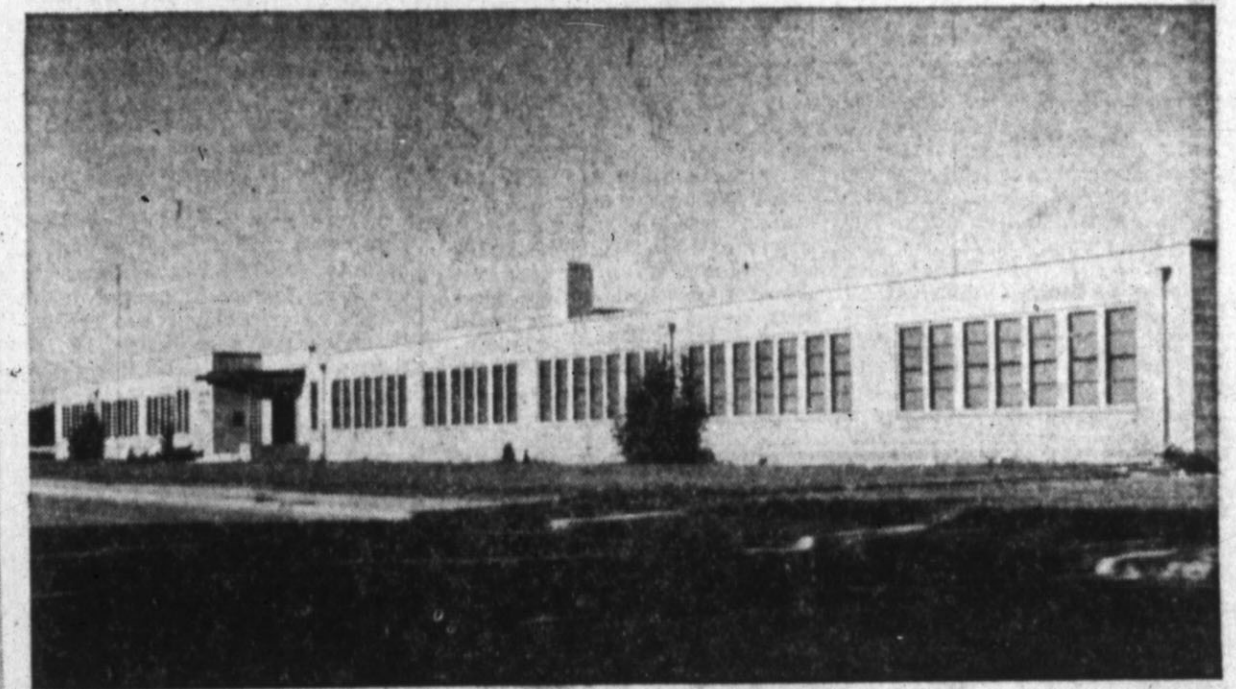

HEREFORD HIGH SCHOOL—New schools in Hereford are taking the modern look as illustrated here by the many windows and simple lines in Hereford High School. The school was finished in 1954.

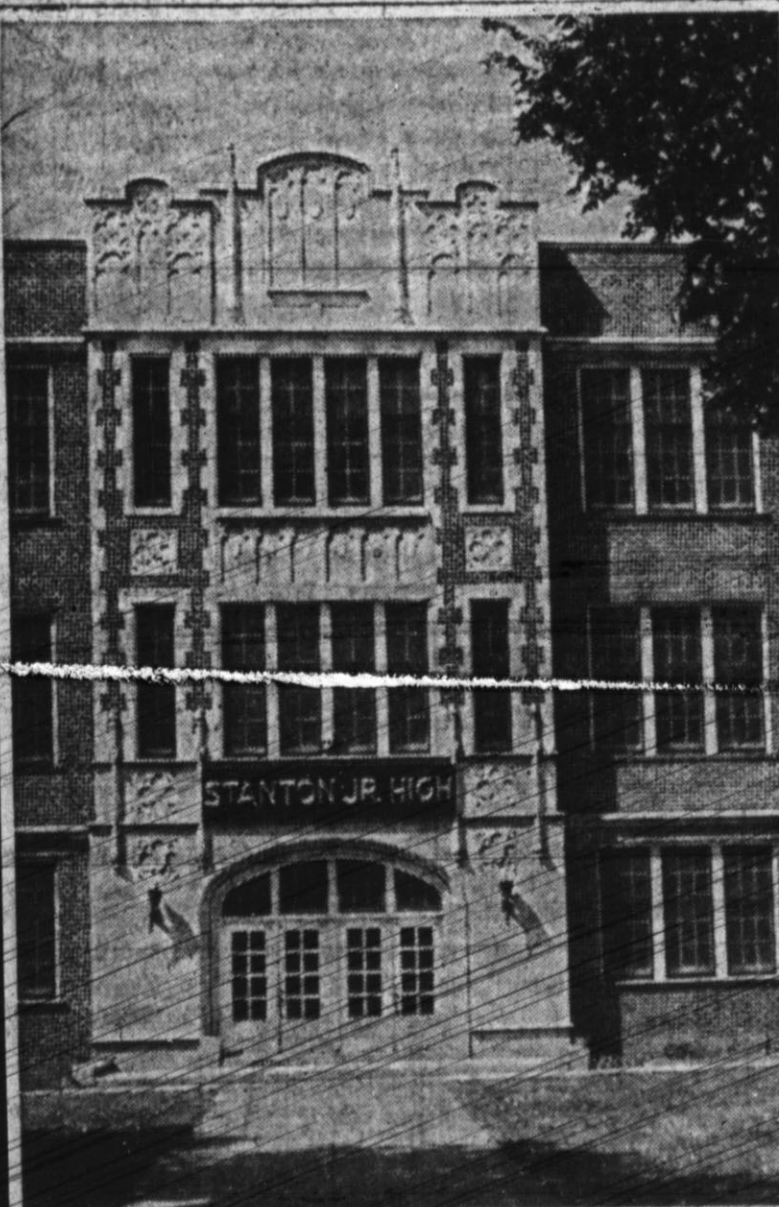

ST. ANTHONY'S—St. Anthony's Parochial School was completed in 1955. It, too, accents long rows of windows and a large auditorium to accommodate many students.

CENTRAL SCHOOL—Central is the oldest school building still in use in Hereford. It is typical of the multi-floor structure with few windows which was popular back in the "old days." It was finished in 1909.

SHIRLEY SCHOOL—Built in 1949 when the Hereford elementary population began to multiply, Shirley School began the modernistic trend in Hereford schools. Playground space is located behind the school on the west.

STANTON JUNIOR HIGH—The old Hereford High School was converted to Stanton Junior High in 1954 when students occupied the present high school building. It was built in 1927 and accents a handsome front with more windows which had a hint toward future design. (All Staff Photos)

New theories in lighting and acoustics account for a great deal of these examples. Indirect lighting is appearing in more and more new buildings in an effort to preserve students' eyes. Indirect lighting is featured in all classrooms at Hereford High School and in the mammoth auditorium.

The walls in the auditorium and band hall at high school are also treated with acoustic tile to kill echoes and for better sound effects throughout.

Modern merry-go-rounds, slides, and even baseball parks are now a part of grade school playground facilities. Playground space has all but faded in the higher grades. It has given way to grass carpeted lawns.

Three Hereford schools have cafeterias in the building proper. Central School, Shirley School and Ela Aikman all contain dining facilities for the students. Stanton Junior High students eat at a cafeteria located north of the building. Some high school students eat there, but most go to the Shirley School cafeteria.

SPECIALISTS PLAN SCHOOL LAYOUTS

Of the most recent structures, two have cafeterias. Hereford High School is the only new school which does not have a cafeteria. School architecture has become so specialized and complicated that many architects draw nothing but school plans. One architectural firm has drawn plans for two Hereford schools.

Roy Cantrell of Cantrell and Co. of Pampa was the architect for both Hereford High School and Ela Aikman Elementary School. Rittenberry drew plans for Stanton Junior High, and Cardor for Shirley School. Both are from Amarillo. School financial secretary Fred Baird said there probably wasn't an architect for Central School.

SCHOOL PLANTS HAVE VALUE OF TWO MILLION

Deaf Smith County citizens spend more tax dollars on schools than on any other thing. Five Hereford school buildings and the real estate on which they are located have cost a total of \$2,079,930. Against this sum there are outstanding bonds totaling \$1,668,000, according to Baird.

THE HEREFORD BRAND

The Hereford Brand, Hereford, Texas, Thursday, August 23, 1956

Section Three

ELA AIKMAN—Yet to be completed, Ela Aikman Elementary School is a sprawling one-story structure. The building, like high school, makes the most of natural light with many windows.

Physical Checkups Advised For Children Entering School

"Children are not really ready to enter school until they have had a complete physical examination," Dr. Henry A. Holle, state Commissioner of Health reminds parents. Children enrolling in first grade classes of Texas schools should be taken to the family doctor for an immediate physical check-up if they have not had the physical examination in recent months.

Mrs. Earl Springer, Hereford school nurse, will be present at enrollment dates of the elementary grades, and she will check the students' eyes and ears periodically throughout the school term.

Watch Eyesight

"It is important to act as quickly as possible if you find your child needs glasses, for his school work may suffer," states Supt. Fred J. Cunningham. No youngster should be permitted to begin a school career with less than the best possible physical equipment.

"At most parents know, vaccination against smallpox is necessary. Those who received this immunization in infancy should be vaccinated again in order to assure a high degree of immunity, and those who have never received this protection should be vaccinated without delay.

Requirements

"The smallpox vaccination and a birth certificate are the two things we must require upon the children's enrollment into school," reports Cunningham.

Most Hereford school children in the first and second grades had the Salk polio shots last year, but parents whose children have not received Salk poliomyelitis vaccine might well consider having the shots administered to the children before they enter school.

Diphtheria immunization is also an important safe-guard for all boys and girls about to enter school. Those who have never been immunized against this disease should receive toxoid shots now. Children who were inoculated against diphtheria when they were

babies should now have a "booster dose" in order to maintain their immunity at a sufficiently high level.

Other immunizations that local physicians recommend protect against whooping cough, typhoid fever and tetanus.

EXTRA RETURN

READING, Pa. (AP)—Mrs. Emily DeLong had six pigeons stolen from a coop atop her house.

She reported the theft to police who soon found the missing birds. Seven pigeons were returned to the woman.

Count it as interest for your mental anguish, detectives told her.

COOPERATIVE COP

MIAMI, Fla. (AP)—Photographer Bill Moeser of the Miami Daily News was hurrying to an accident scene when he was stopped by Motorcycle Officer Summer Spellman.

"I'm trying to get to an accident," Moeser said. "Can't you take my license and let me go?"

"I'm on my way there, too," Summer replied, taking the license and speeding off with Moeser close behind.

After the pictures were made and the intersection cleared, Moeser asked for his license.

He got it—along with a speeding summons.

Will Enter State 4-H Dress Revue

FAT DAWSON

A winner last week in the district 4-H Dress Revue at Amarillo, Pat Dawson, 16, will compete in October for honors at the State Fair of Texas.

Pat—the daughter of Mr. and Mrs. J. M. Dawson, 201 Ross, she earlier this year was acclaimed County Baking Queen.

Her winning entry at both the county and district dress revues was a torso style dress of lavender-hue. Tailored of nylon and wool blend material, Pat modelled the creation wearing a sparkling clip at the shoulder and a matching hat.

At the Amarillo contest on Aug. 17, the Hereford girl was among five chosen to represent the district in state competition.

She was one of 60 4-H girls to enter the county Dress Revue staged in the high school auditorium here early this month.

NAMES WIN

DENVER (AP)—Thirteen-year-old Bobby Peterson won the bicycle first prize for naming two long-horn cattle sent to the Denver Zoo. His suggestions were "She Lohm" for the bull and "Miss Steak" for the heifer.

Something Old and Something New
Something Borrowed and Something Blue

A bride may select "white satin and veil" or a tailored suit, but she always remembers the old adage for good luck, "something old, something new, something borrowed and something blue." When the 1956 bride steps into her modern kitchen, she may be reminded again of the good luck adage, for there she will find a product which also has "something old, something new, something borrowed and something blue." The order might be reversed, however, for this product which served her mother and even her grandmother well, is a household cleanser which now turns blue as the water starts its blue cleaning action. It actually cleans by bluing action without abrasion.

Something old? The forebear of this new Blue Dutch Cleanser was Old Dutch Cleanser, the oldest household-cleanser in powder form on the market, serving homemakers well for over fifty years.

Something new? This household cleanser, in addition to the new bluing action has foaming and bleaching action—and uniquely rinses away instantly. With no abrasive qualities, it is soft on the hands.

Something borrowed? All the housewifely knowledge and Dutch instinct for cleanliness that made this cleanser a byword in American homes for generations, are incorporated in the modern version. Old Dutch girl, listed among America's best known trademarks, was once borrowed by the United States Government to symbolize the armed forces and civilian war-bond buyers sweeping the world clean of Nazism. Today's homemakers have re-assigned her to her happier, traditional job of keeping homes clean.

ENTERS PLEA OF NOT GUILTY—B. R. Sheffield, of Brady, stands in a Lubbock courtroom and enters a plea of not guilty in a veterans land case. Seated, left to right, are his attorneys, W. D. Benson; Bob Howard and Everett Looney. Mrs. Sheffield is seated directly behind her husband. (AP Wirephoto)

College, Weather
Men Will Present
Rainmaking Facts

COLLEGE STATION, Tex., Aug. 18.—A frank and objective discussion of the possibilities of artificial rainmaking by a representative of the U. S. Weather Bureau will be one of the features of the second Water for Texas conference, to be held on the A. & M. College campus, Sept. 17-19, it was announced here today. The conference, to which all Texans interested in the state's water problems are invited, is under the sponsorship of the Water Research and Information Center of the Texas A. & M. College System.

The U. S. Weather Bureau has been making a thorough investigation of the possibilities of artificial rainmaking for the past several years, Gibb Gilchrist, head of the A. & M. water center, said in making the announcement, and the information which it has collected should be of great help to Texans in evaluating many of the proposals made for solution of drought problems.

German Student's
Parents Extended
Best Wishes Here

Helga Thome, exchange student at Hereford High School last year, arrived home recently. While here she stayed in the home of the G. W. Newsoms.

This week Mrs. Newsom received a letter of thanks for the "people of Hereford" from Helga's parents, Helmut and Irene Thome of Forsthaus Dunsberg, Germany.

The letter reads:

"We would like to express our deep gratitude to you for the friendliness and hospitality that you extended to our daughter Helga. She will always remember the time she spent with you as a time of complete happiness and good friendship. Helga regards your town as her second home.

"Best wishes for Hereford and Texas and thanks again!"

HE'S FOR DST
MAYFIELD, Ky. (AP)—In the midst of the agitation for and against Daylight Saving Time, Mayor J. Clifton Boyd received this letter:

"Dear Mayor Boyd:
"I am a little boy, 7 years old. I have a real bad habit of waking up every morning at 4:30 when daylight comes in my window. I am so glad to see the daylight that I begin to crow like a rooster. This seems to bother my mother and daddy, because for some reason they don't like daylight.

"My mother says if you would move up your clocks, I wouldn't wake up until 5:30, and she would be in a better humor all day.

"Thank you, Bobby Suitor."

Bobby's letter no doubt wasn't the only reason, but afterward Mayfield went on Daylight Saving Time for the first time since World War II.

SNAKES ALIVE

HYDEN, Ky. (AP)—Snakes alive, that was the trouble at Greasy Creek.

Sheriff Carl Farmer got a report a man was poking a big rattlesnake in the faces of pedestrians and motorists—reaching inside the car to wave it in the driver's face.

"People were running to the mountain, through the river, and some were leaving their cars on the road," a newspaper account said.

The sheriff said he arrested the gent—who had been drinking considerably and had parted ways with the snake.

LOSES, COLLECTS ANYWAY

AUSTIN, Tex. (AP)—Recently, an Austin man, seemingly in considerable pain, exhibited in a local court how he had to wear a heavy brace for a claimed back injury.

A few days later, having lost his suit for damages, the man sold the brace to a second hand store for \$3.

Gov. Abraham Ribicoff of Connecticut once turned down a TVA executive post because he said he was "a small-town lawyer at heart."

RAIN GAVE COMMUNITY'S MILO GROWERS A BOOST

By MRS. T. B. THOMAS

Billy Don Combs was honored on his 17th birthday on Thursday night. Ann and Gayle Waggoner with surprise party. Games of bingo and Smell and Tell were played. Cream and cake were served to the guests, those enjoying the occasion were Larry and Walter Kaul, Delmon Moll, Ross Joe Laney, G. C. Merritt Jr., Eugene Combs, Mr. and Mrs. Joe Waggoner, Joe Bob, Mr. and Mrs. Elmer Combs, Mr. and Mrs. G. C. Merritt Sr., Cliff Combs, the honoree and the hostesses.

Mr. and Mrs. G. C. Merritt Sr., G. C., Billy Don Combs and Walter Kaul attended an all star game in Childress on Friday night.

Mr. and Mrs. Jack Renfro returned home from their trip to points in Texas and Oklahoma on Saturday. They reported encountering some very hot weather in Oklahoma.

Oklahoma Visitors
Mr. and Mrs. T. B. Thomas and children spent Saturday night in Loydada visiting with an uncle and family, Mr. and Mrs. Hal Thomas and Sue. On Sunday the Thomases visited with Mrs. H. D. Thomas, the grandmother, Mrs. Maud Fister an aunt, Mr. and Mrs. Bill Thomas, another uncle and aunt Albert Thomas of Lubbock, and Mrs. Ed Arsmann of Fort Worth. Other visitors were Mr. and Mrs. Truitt Smith and children of Loydada.

Mr. and Mrs. Fain Cesar and Mrs. of Oklahoma City visited with Mr. and Mrs. Jack Renfro over Sunday. Mrs. Cesar and Mr. Renfro are brother and sister. Mrs. Elmer Combs a member of the Rebekah Lodge has been assisting in Hereford with the census for the new city directory. She worked on Wednesday and Thursday nights.

Anniversary Party
Mr. and Mrs. Harold Rudd and Mrs. were hosts for an anniversary party in honor of Mr. and Mrs. Kenneth Rudd and Mrs. George Turrentine. Those joining the celebration were Mr. and Mrs. Troy Smith and children, Mr. and Mrs. Paul Rudd, the honorees and the hosts.

Mr. and Mrs. C. C. Griffin of Amarillo were Saturday visitors in the home of Mr. and Mrs. Paul Rudd. The Rudds and Griffins have been working on the little house of J. B. Little, father of Mrs. Rudd and Mrs. Griffin.

Mr. and Mrs. L. A. Mullins and children of Roaring Springs visited Thursday night with Mr. and Mrs. C. A. Sauley, Harley Alsop and Bobby Mullins remained here for a longer visit. The two boys spent Saturday night with Leland and Robert Duggan and all four boys went to the lake on the Fred Severance farm fishing.

Mr. and Mrs. Marlin Pierce and children were in Friona visiting with Mrs. Reed, mother of Mrs. Pierce.

See Races
Mrs. Alice Lowe and son Eugene of Dallas visited several days in the home of her brother and family Mr. and Mrs. Ed Blakney. The group went to Raton to visit with friends and attend the horse races. They all journeyed to Eagle Nest before returning to Hereford.

Mrs. T. D. Booker of Bovina and Pete Westerman of Cleburne visited in the home of Mrs. C. A. Sauley Thursday.

Mr. and Mrs. Gus Walker and girls were hosts on Friday night for a double birthday celebration for Mrs. W. W. Cummings and Bobby Jane Walker. The adults played pitch; those enjoying the party were Mr. and Mrs. Perry Lee and girls of Oklahoma City, Mr. and Mrs. C. A. Sauley, Mr. and Mrs. Carl Smyth of the Wyche Community, Mr. and Mrs. Glenn Rutter, W. W. Cummings and Jimmy and the honoree and the hosts.

Vacation in Colorado
Barbara and Bonnie Walker accompanied their grandparents Mr. and Mrs. Glenn Rutter to Flagler, Colo., for a vacation trip.

R. M. Gunn of Hereford was a Thursday dinner guest of Mr. and Mrs. W. B. Nunley and children. Mrs. Joe Landers and Ross Joe accompanied their father and grandfather. R. M. Gunn of Hereford, to Carlsbad on Saturday to visit Mr. and Mrs. Forest Ricketts and to bring Mrs. Guy Lawrence and Melba Gay back to Hereford. They plan to return on Monday.

Mr. and Mrs. S. T. Loerwald and children visited in Hereford on Sunday with Mr. and Mrs. Gene Loerwald.

From Dalhart
Mrs. Luther Thomas and granddaughter, Lee of Dalhart visited with Mr. and Mrs. Ed Blakney before going on to Lubbock to visit other relatives.

Deborah Pierce spent several nights in Hereford with her grandmother, Mrs. A. C. Pierce, so she could finish her swimming lessons.

Elmer Combs and J. C. Morrison were among the persons to visit Charlie Hoover in the Deaf Smith County Hospital. Hoover is a burn victim, the accident occurring at his home in the Bippus Community.

Mr. and Mrs. Perry Lee and girls of Oklahoma City came on Thursday to visit Mr. and Mrs. Gus Walker. The Lees returned home on Monday morning.

Airport Manager
Pete Blakney of Plainview, manager of the airport there, visited in the home of his brother and family Mr. and Mrs. Ed Blakney. Other guests during the week were Tom Pendergraft and J. B. Crain of Lubbock, Charlie Bond of Raton, Mr. Bond owns the courts where the Blakneys stay while in Raton. He was en route home from Amarillo.

Brother Rhea and Mrs. Raines and children of Amarillo were Sunday dinner guests of Mr. and Mrs. J. C. Morrison and girls.

Mrs. Ruby Vaughn of Alamogordo, N.M., was a Saturday guest of Mrs. C. A. Sauley. On Friday night Mrs. Carl Smyth was a supper guest of Mrs. Sauley, on Wednesday night Dora Ruth Inman of Amarillo was a supper guest in the Sauley home.

Mr. and Mrs. G. C. Merritt Sr. were weekend visitors in the home of his parents, Mr. and Mrs. W.W. Merritt of Midland.

Welcome Rain
The rain that fell on Saturday night and Sunday fell so slowly that all the moisture was absorbed. The amount varies with different sections of the community. On the Renfro farm .70 fell, Fred Wolfington reports two inches. J. C. Morrison, 1/4 inch reported. There were rumors that some three inches fell in some places. Regardless of the amount it was a welcome sight to all farmers, some will not have to irrigate their milo or their wheat ground.

The natural gas situation in the western part of the community was a very grave and serious matter. The loss of irrigation time was costly but families who had gas stoves and refrigerators were beginning to wonder. Our neighbors Cleo Wade and Mrs. James Cash appeared on KGNC-TV on the evening news.

Mrs. C. A. Sauley plans to attend the old timers reunion in Roaring Springs on Thursday. She attends the celebration every year.

Mid-Week Services
This is a reminder that there are mid-week services held at the Westway Community House every week. Rev. E. L. Naugle and Rhea Rains of Amarillo take week about. Every one is invited to come and take part in the services. The busy season seems to be over now and families will have time for other activities.

Mothers of school children are busy sewing and shopping getting ready for the fall term of school. Students are getting anxious and some of the new students are waiting, anticipating the new experiences they will be sharing with their friends.

Mr. and Mrs. Ray Haltom of Lubbock are the proud parents of a new son Terry Ray. The Haltoms have another son Roy. The grandparents of the baby are Mr. and Mrs. R. L. Wilson.

Back From Virginia
Mrs. O. B. Southern attended the bridal shower for her daughter-in-law, Mrs. Merle Southern on Monday in the Sumnerfield Community.

Mr. and Mrs. T. D. Alston returned home from Virginia on Thursday. They visited with Lt. and Mrs. James Alston and Linda. The young Alstons plan to be home in September.

Mr. and Mrs. Era Scott and girls spent the weekend in Amarillo, they attended a show and ate out for a break in the everyday routine. Jo Eddy Scott spent the weekend in Amarillo with an aunt Mrs. H. V. Lee.

Mr. and Mrs. Kyle Speed of Amarillo spent Sunday with her parents Mr. and Mrs. O. B. Southern.

Visited Zoo
Mr. and Mrs. Harold Rudd and girls spent Sunday evening in Clovis with Mr. and Mrs. G. B. Corley. The Rudds also took their children to the zoo.

Sunday guests of Mr. and Mrs. Marvin Tisdale and children were Mr. and Mrs. Jerry Morris and babies of Hereford Mr. and Mrs. Ray Fitzgerald and boys, San Jon, N.M., and Mrs. Peggy Rhodes of Hereford.

Mr. and Mrs. Kenneth Rudd and children left Sunday to visit in Odessa with Mrs. Rudd's parents, Mr. and Mrs. W. A. Sims and Ronnie. They plan to visit all week.

Mr. and Mrs. B. B. Jackson and children formerly of Vallejo, Cal., visited on Friday in their former home where the Marvin Tisdales now live.

Attend Melrose Celebration
Mr. and Mrs. Harold Rudd and girls attended a golden anniversary celebration for the First Methodist Church in Melrose, N.M. Rev. L. Menefee is the pastor and former pastor of a church in Estancia, N.M.

Mr. and Mrs. J. C. Morrison and girls attended the Consumers Co-op annual picnic on Monday night, in Dameron Park.

Mrs. Marvin Tisdale has been going to Amarillo to visit her nephew who is ill and in the hospital there.

Coming Time
Monday luncheon guests of Mr. and Mrs. George Turrentine and girls and Mrs. Bess Werner were Mrs. E. W. Harrison, Francis and George Turrentine of Hereford, Mrs. Evelyn Cannon and Mrs. Brooks and children Bobby and Ann of Dequin, Ark.

Mrs. Abraham Drager and Mrs. Henry Batenhorst and Debra were in Ft. Sumner, N.M., on Sunday to purchase fruit for fall canning. They went by Clovis to stay with Mrs. Bert Davis to can their fruit. They remained there for three days before returning home to Hereford.

Little Debra is staying with her grandparents for several days. Mr. and Mrs. George Turrentine took Carol to the skin specialist in Amarillo on Saturday.

Mr. and Mrs. J. F. Cheatham and children spent about 10 days visiting relatives. They visited Mr. and Mrs. Earl Cheatham in Lincoln, Ark., parents of J. F. and then visited with Mr. and Mrs. Theo Lamb and Brother Bob Harris in Marlo, Okla.

Mr. and Mrs. George Turrentine and children were supper guests of Mr. and Mrs. Joe Paetzold in Hereford. The Paetzolds have just recently moved into their new home.

Mr. and Mrs. Art Shafer of Hereford were Sunday afternoon visitors of the Joe Waggoners.

A Perfect Picnic Treat
Tired of making mountains of sandwiches for picnic toting? Foil-wrap a chilled whole leg of lamb, roasted yesterday, slip it into your portable refrigerator or insulated carrier-bag. Add sweet Spanish onions, firm sun-ripe tomatoes, a loaf of your favorite rye bread, and let each one design his own sandwich treat—right on the spot.

Thin slices of tender, juicy, delicately-flavored lamb sandwiched between buttered slices of rye bread, along with whisper-thin onion and tomato slices—ah, here is Eating!

You've never known the delight of cold roast lamb if you link it with the leftover slices from yesterday's dinner roast. Cooked the day before in the usual fashion—moderately slow oven (325°F) about 30 minutes to the pound or, more accurately, until an oven meat thermometer registers around 170°F, and allowed to cool a bit before stowing it away in the refrigerator, all the juices are retained in the uncut roast to add their fine flavor to that of the lamb. Leg of lamb or boned and rolled lamb shoulder may be used, by the way.

When thoroughly chilled—several hours or overnight, slice the cold roast lamb ever-so-thin, and enjoy! For picnic, patio, porch—here is the perfect meat for sandwiching in Good Eating!

Mr. and Mrs. Jim Clements were sponsor godparents for the infant daughter of Mr. and Mrs. Clarence Betzen.

Women of the community are busy canning corn, beans and peas and some are fortunate enough to have grapes for jelly making.

Mrs. James Harris visited in the home of her parents, Mr. and Mrs. Everett McIntosh Monday afternoon.

This GMC has "muscles" unsurpassed in its class!

The simple facts speak for themselves. This new GMC 250-8 has 180 V8 horsepower standard. No other truck in its class comes even close to that.

The extra power delivers 276 foot-pounds of truck-propelling torque. Over-the-road truckers call it "guts" and this GMC's got up to 33% more than the others.

It's at the top of the heap in frame strength, too. In fact, there's as much as 10% more "muscle" in its chassis than you'll find in comparable trucks.

And there's more. For this rugged GMC has 3500 lb. front axles and 7200 lb. rear—unsurpassed in its weight-bracket. It has extra-size brakes and springs.

Add it all up and you can see what GMC Blue Chip stamina really means. Especially when you team it with a GMC's dependable performance and Hydra-Matic* savings.

For here's a truck that not only delivers the goods at lowest cost—but keeps delivering long after an ordinary truck would have faded out.

Come in and find out about having one start work for you! *Optional at extra cost

See us, too, for Triple-Checked used trucks

How far are YOU willing to go? A little way? Half way? Completely around the world??? Have YOU ever heard His command, "Go ye into all the world..." Well, what are you doing about it? Have you answered that call? *This is the moment of decision.* It is a personal decision... a positive act of the will. It must be performed in the lonely solitude of your soul, in the presence of its Maker. *Then, Choose YE this day.* Decide right now just how far YOU are ready to go for Him. Gilder said, "As for me and my house, if Jesus Christ were a man and only a man, I say that of all mankind I would cleave to Him, and to Him would I cleave always. But if Jesus Christ is God and the very God, I vow I will follow Him through Heaven and Hell, the Earth, and Sea, and Air!" How far will you go???

First Presbyterian
610 Lee Street
Rev. Russell Wingert, Pastor
Sunday School is held each Sunday at 9:45 a.m. followed by worship service at 11 a.m.
Morning Devotional 9 a.m. Tuesday.
Choir Rehearsal, 8 p.m. Wednesday.

Temple Baptist Church

Forrest St. and Ave. K.
Rev. Robert Lacey, Pastor
Sunday School begins at 9:45 a.m. and Training Union is in the evening at 6:45 p.m. Worship services are at 10:50 a.m. and 7:45 p.m.
Wednesday prayer service will be held at 8:30 p.m.
The teachers and officers meeting will begin at 8 p.m. Wednesday.

First Christian

Sixth and Main
Rev. Don Root, Pastor
Sunday School is held at 9:45 a.m. Worship service will begin at 10:50 a.m.
Ch-Rho and CYF meets at 6 p.m. Sundays and vesper services are at 8 p.m.
Functional Department's first Wednesday at 8 p.m.
General Church Board, second Wednesday at 8 p.m.
Church Cabinet, third Wednesday at 8 p.m.
Choir rehearsal meets each Wednesday at 8 p.m.
Groups one and two meet on the third Wednesday at 9:30 a.m.
Business women meet at 7:30 a.m. on the second Tuesday.
Young Matrons meet on the second Wednesday at 9:30 a.m.

Beauty At Home

Q. What can be done for unruly eyebrows, with hair growing in several directions?

A. Frequent brushing will help. Use transparent mustache wax or wave-set for control. Brush it into the brow hair, then brush the brow into shape.

Q. What can I do about fingernail polish stains on my dresses?

A. A safe method for all fabrics, including rayon and vinylon, is to moisten the stain thoroughly with carbon tetrachloride, then apply a drop or two of amyl acetate (banana oil) to the stain. Brush with an upward motion, using a soft cloth, to pick up the dissolved lacquer.

Q. How can I exercise to help reduce overly-fat buttocks?

A. If you'll really keep at it, this is the easiest part of the body to reduce! Do this exercise at least 36 times daily for six weeks, and you'll see real improvement. Lie on back, knees bent, feet on floor. Lift buttocks off floor and swing to right. Let weight fall on the left side, bumping it three times as hard as you can. Then repeat this procedure on the left side, bumping the right side.

Q. What astringent lotion is good for the very oily type of skin?

A. Squeeze a bit of lemon juice into a bowl of ice water, and splash this on the skin after washing and massaging briskly — before applying the makeup.

Q. What type of hairdress should the overweight woman wear?

A. A medium - full hairdress. A bush hairdo will add to her size, but cutting the hair all off is even more unflattering. If the breasts are full and forward, dress the hair forward either in a pompadour effect or full-bang effect, to give proper balance to the posture.

Q. What is a good emergency treatment for a newly-acquired foot callus?

A. Nightly cold cream applications are often effective.

Q. What is a good beauty facial mask I can mix easily?

A. Just paint the white of an egg over face and throat, allow to remain for 10 minutes, then remove with warm water.

Q. How can I make myself a

from leather?

A. One of the best agencies for removing mildew from leather is petroleum ointment.

Q. How can I improve the flavor of fowl?

A. Add a pinch of baking powder to the washing water to improve the flavor and to help make it tender. An old fowl should be soaked in vinegar for a few hours before cooking.

Q. How can I prevent food from absorbing odors in the ice box?

A. Covered crockery dishes should be used in the refrigerator to prevent foods from absorbing odors. The crockery should be scalded when washed.

Q. How can I exterminate black ants?

A. Try placing an earthen dish filled with chloride of lime near their haunts.

Q. How can I mark the right place for hanging a picture?

A. After finding the right position to hang a picture, and it is desired to mark the place for the picture-nail, moisten the finger and press it against the place where the nail should go. This does away with awkward reaching for hammer and nail while holding the picture to the wall.

DROUGHT HEARING—Gov. Allan Shivers looks over a proposed drought relief program with Kenneth Scott, director of Agriculture Credit Services, left seated; Harry Frazee, assistant to Scott, left standing and John White, Agriculture Commissioner as the federal and state drought hearing began in Austin. (AP Wirephoto)

good, inexpensive shampoo at my home?

A. Heat together an egg and a teaspoonful of mild skin soap. Apply this to the hair and scalp with the fingertips and rub well in. Now rinse with hot, then lukewarm then cold water.

Q. My lower lip is quite heavy. How should I lipstick my mouth?

A. An optical illusion will be created if you use a lighter, brighter shade of color on the upper lip than on the lower. This makes it appear fuller and calls attention away from the heavy lower lip.

Q. Can you tell me what causes dull-looking hair?

A. Dull hair is usually the result of inadequate rinsing when shampooing, not enough daily brushing and incorrect diet. An egg a day will help keep the dullness away. Include one in your diet for health and for beauty.

Q. How can I remove perspiration odor from one of my garments?

A. Rub over the affected area with a solution of one part ammonia to eight parts of water.

45 Years Ago

The total tax valuation for the Hereford Independent School District for this year is \$2,056,980. The tax rate being \$4.40 on the \$100 the total tax income from that amount will be \$8,272.92. This with the county and state appropriations which is about \$7 per capita will make ample funds for the school.

The city has installed a new pumping outfit and now has plenty of water. A new 15 horsepower engine and pump is doing the work. The outfit draws the water from the well and sends it up to the tower with ease.

The city authorities are expecting a shipment of meters most any day and then all water users will pay according to the amount of nature's juice used. If a man uses 10 times as much as his neighbor, let him pay as much in proportion.

B. K. Nutter, who hails from the old Blue Grass state, takes the cake for raising the biggest melon so far reported this year. It was

28 inches long and weighed 51 pounds.

25 Years Ago

The single matches of the annual city tennis tournament are underway this week with the second round opening Wednesday morning. T. E. Seigler and Hall Kester came through with their

first matches in good shape and at present look like championship possibilities.

The highly-touted Chamber of Commerce baseball team fell an easy victim before the onslaught of the Lions Club in the benefit game at Midget Field last Thursday afternoon. The big guns of the commercial ball chasers could not get to functioning when it was important they should, and the Lions made a runaway of the affair to win 13-5. The Odd Fellows say they have another try coming and will try to cage the Lions today.

Why people who used to buy higher priced cars are changing to Chevrolet

Sales and official registration figures show that the higher priced cars are losing more and more buyers to Chevrolet. And it isn't just because a Chevrolet costs less, either!

If you buy a higher priced car instead of a Chevrolet, what do you get in return for those extra hundreds of dollars?

More room? No, because the difference in room is usually measured in fractions of

inches—often in Chevrolet's favor! Better road-ability? Not with Chevy's wedged-to-the-road stability and sure-footed cornering ability. Better performance? Well, Tom McCahill, automotive expert for Mechanix Illustrated, called Chevrolet "the greatest performance buy ever offered at any time in America!" Result: more buyers are deciding they'd rather drive a sweet-handling Chevrolet even if it didn't cost less! Wouldn't you?

America's largest selling car—2 million more owners than any other make!

Only franchised Chevrolet dealers  display this famous trademark

HOT OUT OF THE OVEN, this appealing baked dish may win \$25,000 for its creator at the 8th Grand National Recipe and Baking Contest in New York December 11.

Teenagers and Brides Can Now Vie for \$25,000 Baking Prize

Weekend in New York, Plus More than \$100,000 in Prizes, Await Winners in Grand National Recipe and Baking Contest

Creation of a special new Brides' Division in the Eighth Grand National Recipe and Baking Contest has been announced by Pillsbury Mills, Inc. Newlywed homemakers will compete for a special series of prizes at the Bake-Off, in addition to being eligible for the Grand Prize of \$25,000. For the first time, teenage contestants will also be eligible for the Grand Prize, the company has announced.

As in previous years, the national baking event will be held in the Waldorf-Astoria hotel in New York where 70 senior contestants, 15 brides and 15 teenagers will vie for more than \$100,000 in prize money and electrical equipment. Bake-Off dates are December 9, 10, 11. Entry blanks will be available in grocery stores throughout the country around August 1. They can also be obtained by writing to Ann Pillsbury, Minneapolis 2, Minnesota. Entries must be postmarked before midnight October 1, 1955.

Baked foods with imaginative twists to their recipes have won fame and fortune for seven

U. S. housewives and six teenagers to date. "Ring-A-Lings", tender, sweet yeast rolls with a filbert filling won top honors for Mrs. Henry Jorgensen of Portland, Oregon last year. The Oregon growers of filbert nuts were so pleased with the fame Mrs. Jorgensen brought to their product that they granted her a lifetime supply of filberts and a six weeks tour of the United States in addition to the prizes she received at the Grand National.

"Open Sesame Pie" won the grand prize in 1955 for Mrs. Bernard Koteen of Washington, D.C., while turtle-shaped cookies hit the jackpot for a Chicago housewife in 1952.

"U. S. housewives have shown tremendous ingenuity in developing recipes for our contest," Pillsbury president Paul S. Gerot said recently. "They have developed interesting new ways of presenting foods without making them too fussy or too difficult. We take great pleasure in this opportunity to honor the woman in the home," he added.

WATER
GRAND JUNCTION, Colo. (AP)—A mountain lion was sighted on two consecutive nights at the edge of the city, far from its usual moun-

tain hideouts. Some residents theorized the big cat may have been looking for a drink, since the mountains had been dry for several weeks.

Household Scrapbook

By Roberta Lee
Fireproofing Materials
One can fireproof clothes, curtains, and other such materials at home by the following method: First, dissolve 10 ounces borax and 8 ounces boric acid in one gallon of hot water. Saturate the garments in this solution, then drain and hang up to dry. The garment may be ironed when it has dried or is slightly damp, but the iron should not be quite as hot as usual.

Apple Sauce
Apple sauce will have a different flavor if stiffly-beaten egg whites are folded into it. Chill and before serving garnish with chopped crystallized fruit.

The Sink Drain
Hot grease should not be poured down the drain pipe of the sink. It will congeal as soon as it strikes the cold pipe and tend to clog it.

Cranberry Sauce
A colorful and tasty topping for baked, sliced ham can be effected by use of cranberry sauce. After the ham has baked for thirty minutes, add one cup of cranberry sauce to a pound and a half slice of ham.

Lumpy Sugar
Brown or powdered sugar will not be lumpy if it is transferred from the paper bag to a tightly covered jar or can.

Washday
A handful of salt added to the last rinse water will prevent clothes from freezing to the line.

Cleaning the Radio
If your radio is an open set, try to keep it as free of dust as possible. The hose of the vacuum cleaner, with the blower attached, can be used by holding it close to the dusty parts.

Milk
When drinking milk for tired nerves heat it to the scalding point, add a little salt and drink it as hot as possible. This is also a sleep producer.

Cracked Lips
Ordinary table butter, without salt, is excellent for cracked lips, having a very soothing effect.

Short Blankets
If a blanket shrinks after it is laundered, buy a strip of unbleached muslin the width of the blanket and the length according to the shortage. Stitch this securely to the

BACK-TO-SCHOOL

Planning Ahead Is Essential For Easy-To-Manage Hairdos

School girls, why not take a soft, easy-to-manage hairdo back to school with you this year? Be sure to get one that's designed for your age, and is best suited to the shape of your face.

The sun, the wind, the sea all combine to give us glorious summer weather — and hair that looks as though it had just come out of a sandstorm! Often it feels that way too. So the first thing to do when you return from vacation is to start putting your head in order!

A lively circulation of blood to the scalp and healthy functioning of the oil glands are the basic essentials for healthy hair. Beauty authorities say that only by vigorous daily massage and brushing can your hair have this healthy condition. So—go to it! And then, your scalp tingling with vitality from this work-out, turn to the wash basin and reach for your shampoo.

But not just any shampoo. Your hair is in dire need of very special attention — of thorough cleaning, softening, conditioning and brightening.

If you want an accent to your natural hair coloring, a color-tint rinse is suggested. The capsules of concentrated color are safe, temporary and easy to use. The color washes out with your next shampoo, which means you can experiment with shades until you find the one you like best.

So far, so good. But how about the coiffure? Try a home permanent. These perfected permanents

end of the blanket and use at the foot of the bed, tucking the muslin in under the mattress in place of the blanket. This will give you just the length you need.

Clocks and Watches
Clocks and watches should be wound at the same time each week or day if they are expected to keep correct time. Do not wind them a little at a time. Have a special time to wind them and see if they aren't more reliable.

Cocoa
It is always better to cook cocoa with a small amount of water before adding milk, in order to cook the starch and give a smooth, well-blended mixture.

Stained Garments
Never press a stained garment, as this will make the stain permanent and almost impossible to remove without professional aid. Always clean off all spots before pressing.

Tough Pastry
If the pastry seems to be too tough, try using less water the next time and see if it isn't remedied.

Handkerchiefs
Few handkerchiefs will be lost in school if the child's name is written in indelible ink in the center of each handkerchief.

HARDEN MUSCLES FOR FOOTBALL
NORTHFIELD, Vt. (AP)—Two Norwich College football players seem to have their summer jobs mixed up.

Little Nick Spagnoli, all of 165 pounds and a quarterback, is shouldering bricks as a hod carrier. But big Bill Engle, 235-pound tackle, is limiting his exertions to a screwdriver and a pair of pliers as a telephone repairman.

contain a new type of instant neutralizer, and keeps the hair soft and natural during the waving process. Except for bleached, dyed or problem hair, no test curls are necessary.

The down line in hairdo is youthful, but too many young girls like to wear their hair pulled back in a severe style that will only add years to their features, explains Ruel, hair stylist favorite of many young people.

Youthful heads are usually not washed or brushed enough, and clips that are often used to set the hair at night may break the hair.

Casual, simple hairdos are the best frames for youthful faces. Verita Sanders, Marlene Alfred, and Mary Lou McCullough wore medium short hairdos during the school months last year. They kept them simple, with bangs, and fluffed down on the sides and back.

But, with a little more simple waving and curling, the girls could manage to look as if they stepped out of a beauty parlor only minutes before the all-important banquet or party.

Once the hairdo has been shaped properly, a young student should be able to set her hair. Professional haircuts are cheaper in the long run even though the young modern likes to "whack" at her own hair.

Hairdos that give you the look of a terrier are just fads. If you have chopped your hair to that shaggy loose-ended look, don't expect to get it back in lady-like shape for those first holiday dances and parties.

If you want short hair, try a simple bobbed trim in the back that can be set in three or four deep waves for those special occasions. Maxine Ware's hairdo is an example of the loose, casual style

which can have the shiny professional touch in it after a beautician works on it for a few minutes.

Barbara Jacobs wears her hairdo long, and can wear it down, in a pony-tail, or pulled back. For those special occasions, she pulls it back in a pony tail, loops it into a chignon, and decorates it with rhinestone pony-tail holders and rhinestone bobby pins.

It is more fun and intriguing, too, to have your hair styled so that the one hairdo will suffice for many occasions. Only a little different treatment in the setting is needed for these "all-occasion" hair styles.

One hairdo can give you a neat, trim, look for school — the "sweet sixteen" look that the family simply adores, and a sophisticated hairdo with a pulled-back style and an updo that is youthful.
