Around Town

A trusty in the City Jail had the policemen in a dither one night recently. Dispatched to a cafe to purchase supper for the one other prisoner, the trusted one failed to return as scheduled. Investigation revealed he had been jailed by county authorities, said Chief of Police Leo Box.

The holiday was an unusually quiet one for law enforcement officials in the city. "Just a few disturbance calls — fire crackers, mostly — and some juveniles swiping hub caps brought investigations. And three persons were booked on drunk charges late on Christmas Day," said Chief Box.

Four applications have been received from persons seeking the Chief of Police position to be vacated today by Leo Box, according to City Manager Dudley Bayne. No decision on the replacement has yet been made. Capt. J. T. Sanderson is scheduled to become Acting Chief. Sanderson has some strong backing to become Box's successor on a permanent basis.

Helping hands have come from all directions for the "Project Christmas Card." The donation from the greatest distance was marked with a return address in Wichita, Kan. Crawford Layton, an employee of Boeing Airplane Co. in Wichita, sent a contribution to aid the worthy cause. Other out-of-town gifts to the fund came from Clovis, Canyon, Amarillo and Narra Vista, N. M.

The Texas Employment Service office in the courthouse will be closed until Jan. 2, 1957, except for the period from 1 to 3 p.m. today, Thursday. J. R. Patterson, manager, is taking a short annual leave in combination with the Christmas holiday.

College students and the high school set are invited to share the fellowship at the First Methodist Church tonight and tomorrow night sponsored by the W.S.C.S. of the church. Games and refreshments will be provided during the fun hours each evening.

LET'S TALK LIVESTOCK Plan Check-Off To Aid Animal Work In State

By TED GOULDY FORT WORTH — Commission Chairman Frank Scofield of Austin has confirmed in a telephone conversation the plan to check-off five cents per head on all cattle, three cents per head on all hogs and one cent per head on all sheep and goats sold through terminal markets and auction rings in the state.

Scofield emphasized the need for the funds to get ahead with the state livestock health program, which has lagged until "we are now standing 48 among the states," he said.

When asked whether the special tax would also apply on livestock sold in the country or direct to packing plants, and which does not pass through either an auction or a terminal market, Scofield said: "We realize these types of selling livestock are competitive with the terminal markets and the auctions and if means can be found to bring these livestock under the program, we certainly hope to do so. We want to treat everybody alike, and not have anyone bearing an unfair share of the burden."

Scofield has gone over the proposed legislation with Senate and House leaders, he said, and they had expressed approval. He hopes to ask for a total budget of \$1,730,000 of which \$400,000 would come from the general fund and the rest from the new check-off tax.

This year's appropriation was \$300,000. Other items in the projected bill include a one-half cent per bag tax on each sack of feed sold in the state. This portion of the bill seems destined for heavy opposition from industry, since the feed makers have strongly opposed suggestions to increase the feed tax.

At present these feed tax fees go to Texas A&M College for administration of the feed control law, which funds in excess of need being used for feed and livestock (Continued On Page 2)

MOUNTAIN TO BECOME MOLEHILL—The "Tin Can Range," Hereford's man-made city dump that for years has been an eyesore on Highway 60, is due to be shaved-down to less awesome proportions when a salvage crew begins work here next month. In another effort to improve the appearance of the city to visitors and residents, the dump is also scheduled this winter to be the scene of decorative and screening tree plantings. (Staff Photo)

Visitors Brighten Holiday In City

"If it doesn't snow on Christmas, how will Santa use his sleigh?" That's what Hereford youngsters were wondering, but Santa Claus made it anyway. And along with Santa, many other folks took advantage of the good traveling weather to visit Hereford relatives for the Christmas holiday.

The Buck Hales were among the Hereford families that had a flock of visitors. Mrs. Hale's mother and brother, Mrs. J. S. McKee and Joe, and Mr. Hale's parents, Mr. and Mrs. J. M. Hale, were Christmas guests. All are from Turkey. Also visiting the Hales was an uncle, A. B. Hickey of Memphis.

Entertain Campus Guests Mr. and Mrs. George Suggs are happy to have their children home from college for the Christmas vacation. Sue, from Hardin — Simmons University and Hendrick Memorial Hospital in Abilene, and G. W., from the University of Texas in Austin. The family gave a party Dec. 22 for several other college students.

Visitors in the Ralph Smith home were their children, Glen and family of Dimmitt, Gerald of Panhandle, and JoAnn and her husband, Mr. and Mrs. J. R. Euler of Sumnerfield.

Holiday Guests from Austin Mr. and Mrs. Leonard Hicks of Austin left this morning after a holiday visit in the home of her sister, Mrs. Walter Seed, and family. They arrived in Hereford on Sunday before Christmas.

Out-of-town guests visiting the George Beams family were Mr. and Mrs. Bruce Beeme and Deborah of Dallas and Mr. and Mrs. Jimmy Lawson, Carla and Pat, of Lubbock. Hereford guests were Mr. and Mrs. George LeGrand.

Mr. and Mrs. Ralph Gragg and family entertained her folks, Mr. and Mrs. Earl Wilson of Amarillo, two aunts, Mrs. Ruby Splawn and Mrs. Pearl Joslin of Dallas, and his mother, Mrs. W. M. Gragg of Portales, N. M.

Henslee Family Reunion A family reunion at the Homer Henslees brought guests from different parts of the United States. Mr. and Mrs. Homer Henslee Jr., Kenneth and Judy, arrived from Darien, Conn. Mrs. Henslee is the former Christine Fincher of Hereford.

Mr. and Mrs. Garrett Fox (she was Betty Henslee), Susan and Carol of Salina, Kan., Mr. and Mrs. Donald Henslee (Rachel Ireland), Don Richard, Martha and David of Albuquerque, N. M., and Capt. and Mrs. Geo. L. Mager (the former Mary Ellen Henslee), Jeff, Andy and Tere of Duluth, Minn., were other guests in the home.

Three Hereford families that ate Christmas dinner together were the Bob Lawrence, J. B. Sneed and Jim Wiman families. The dinner was held in the Wiman home.

Two Special Occasions Sunday guests of the L. H. Hoffmans were her sister and family, Mr. and Mrs. Herman Schuler of Friona and their daughter Lillian of Colorado Springs, Colo. Christ-

ROBERT N. CARNAHAN

Law Student Wins Honors At School

Robert N. Carnahan of Hereford has been named one of the 20 recipients of the Consul Award at the University of Texas Law School for the school year 1956-57.

The son of C. D. Carnahan, 1911 Park, he is married to the former Betty Stewart of Colorado City.

The Consul Award is conferred annually upon from 12 to 20 outstanding members of the law school student body, which this year numbers 900. Recipients are recognized for making the most significant contributions to the School of Law through their active participation in school activities.

City Dump Cleanup Contract Is Made

Junior Fat Stock Show Seen As Record Maker

Deaf Smith County 4-H girls and boys and FFA boys of Hereford High School are busy training calves to lead, calming their pigs' temperaments, blocking lambs and grooming their fowls in preparation for the annual Junior Livestock Show, sponsored each year by the Hereford Rotary Club.

The 1957 show will begin on Friday, Jan. 18, and will continue through Saturday, Jan. 19, according to County Agent Hugh Clearman. Scene of the big show will be the new County Bull Barn. Clearman said that a record number of entries is expected with interest especially good for additional entries from the boys in the poultry division.

Four County Event Clearman will be assisted in management of the show by Jess Robinson and Ed Dwyer, agriculture instructors at Hereford High School, as well as by the county agents and agriculture teachers from Castro, Parmer and Oldham counties. Four-H Club boys and girls and FFA students from these

counties will also participate. Prizes awarded in the show have been secured and will be presented to the winners in each division by the Hereford Rotary Club. The members of this sponsoring group will also work in the show's operation.

Livestock entered will be judged by Douglas Wythe, animal husbandry specialist with Texas A&M College. Wythe is stationed with the A&M Extension Service in Amarillo. The poultry judge has not

yet been chosen, Clearman said. Poultry and lamb entries in the show will be received at the Bull Barn on Thursday, Jan. 17, to be ready for the judging early Friday morning. Pigs and calves will be tagged in on Friday.

The lambs, pigs and poultry will be judged on Friday with the calf judging and sale scheduled for Saturday.

President Henry Benson of the Rotary Club will announce the show committees from the club within the next few days.

Three Accidents Occur In City

Three traffic accidents occurred in Hereford just prior to Christmas. Several hundred dollars in property damage was reported, but no persons were injured.

In the first, on Saturday at Fourth and Main, Bobby M. Griego, 203 Jackson, was the driver of a truck that collided with a parked car owned by Gordon H. Elmore, 206 N. Ave. K. The sedan sustained an estimated \$400 in damages and Griego received a ticket for negligent collision.

On Sunday, Carol Ann Newell, 16, 426 N. Main, was driving south in the 300 block of N. Main when the car in front of her, driven by Joe Russell Kearns, 21, 126 Bennett, stopped for a red light. Miss Newell failed to stop in time and after investigation of the collision she received a ticket for following too close.

The drivers were both teenagers in an accident at 10:15 a.m. Monday at First and Main. Garland Ray Crist, 15, Route 1, driving a car owned by F. B. Crist of the same address, collided with a car owned by Ruby Lee Vaughn of 116 Ave. D, and driven by Randall Ross Vaughn, 14, of 116 Ave. D.

(Continued On Page 2)

Airport Boosters To Solicit Vote

Boosters of Hereford — and particularly of its proposed new airport — will be working to get out the vote during the next few days. The proposal for a \$100,000 city bond issue to be used in obtaining land and constructing a runway for the airport will be presented to voters on Jan. 8.

If the bond issue is approved, the local funds will be matched by an equal amount of federal money, already appropriated for the project but to be granted only on an equal participation basis.

In an election sponsored Dec. 18 by Deaf Smith County and the City of Hereford, city voters approved a \$70,000 bond issue by 341 to 327 votes, while county voters turned down a \$52,000 bond issue by a 631 to 454 margin.

Hoping to see a larger turnout for the election that was scheduled by City Commissioners for Jan. 8, airport boosters see a need to make more of the qualified voters aware of their qualifications.

Here are the qualifications citizens must meet to take part in the election:

Be a citizen of the United States and at least 21 years of age.

Have a 1955 poll tax — the one you used in last year's elections — or meet exempt age requirements. Affidavits will be available at the polling place in the City Hall for voters who have lost or misplaced their poll tax receipt or need to execute an affidavit as to age.

Six Months Residence Residence requirements include at least one year's residence in the state, and residence in the county for the six months preced-

ing the election. In addition, the voter must live within the city limits.

Property ownership requirements are simple: You must have property assessed for taxation on the city's rolls. The property may be either real or personal — an automobile is an example of personal property ownership that can qualify a person for the election. If an article of property is on the rolls in the name of the husband only, the individual's wife is eligible to vote, according to city officials.

Rites For J. Ray, Pioneer Publisher

A former owner and publisher of the Hereford Brand, J. Ray, died in an Amarillo hospital on Saturday after an extended illness. Mr. Ray assumed ownership of The Brand shortly after it was founded and made his home here in Hereford for several years.

Mr. Ray held many property interests in downtown Amarillo at the time of his death and was credited with moving the business center of Amarillo south of 7th Avenue where it is now centralized.

Funeral services were held Monday at the Blackburn - Shaw Funeral Chapel in Amarillo with Dr. Eugene Slater, pastor of Polk Street Methodist Church, officiating. Burial was in Llano Cemetery.

Survivors include his wife; a son, George B. Ray; a daughter, Mrs. Robert N. Williams of Houston; and eight grandchildren.

Sell Tin Scrap At \$1 Per Ton To Salvage Firm

Hereford's tin can mountain range, an eyesore along the eastern approach to the city for the past generation, is going to be moved. City Manager Dudley Bayne announced Wednesday that the city has contracted with a scrap metal firm for disposal of the millions of cans and other small debris that cover many acres along Highway 60.

Jay and Stapleton Co. of Marble Falls, Tex., agreed to pay \$1 per ton for all of the metal they can salvage from the city dump, Bayne said. Work is expected to start about Jan. 15. Negotiations to dispose of the scraps have been underway for more than two months, the city manager said.

Disposing of the towering piles of cans, which are banked up to 30 feet high in windrows several hundred feet long at the dump, will be just one step the city will take to improve the appearance of the dump.

Trees To Screen View Shortly after his arrival here from Canyon, Bayne asked the commissioners about rows of trees that might be planted between the dump grounds and Highway 60 — the most traveled approach to the city. A shortage of water, Bayne learned, had stymied this approach to the problem before.

The water problem has now been fixed. "We've been able to get access to well water and this winter will begin planting a row of trees to screen the dump," Bayne said. The planting project was approved by the commission during its last regular meeting.

Several members of the commission in recent months have expressed desires to see conditions at the dump improved. Their personal views of the matter have been echoed by many Hereford residents and even casual visitors who most generally eye the dump's appearance as "disgraceful."

Similar Project at Pampa The contract for disposal of the tin can mounds through their sale for salvage metal came after Bayne began investigations of a similar project underway at Pampa.

Use of the sanitary fill method of garbage and trash disposal, which has recently been viewed with approval by the City Commission following explanations of the method by Bayne, has been complicated by two factors: The soil structure in the present dump grounds area is unsatisfactory for use of this method. No other site appears to be readily available.

In the sanitary fill disposal plan, all garbage and trash is dumped into trenches and then covered over with dirt. The proper soil types will speedily decompose the debris, and the method has been widely used in reclaiming land. But calciche base soils such as are found at the dump will not work satisfactorily in decomposing the material.

CANINE CUTIE ALAMOGORDO, N. M. — The police sent out the warning to watch for a dog wearing a petticoat.

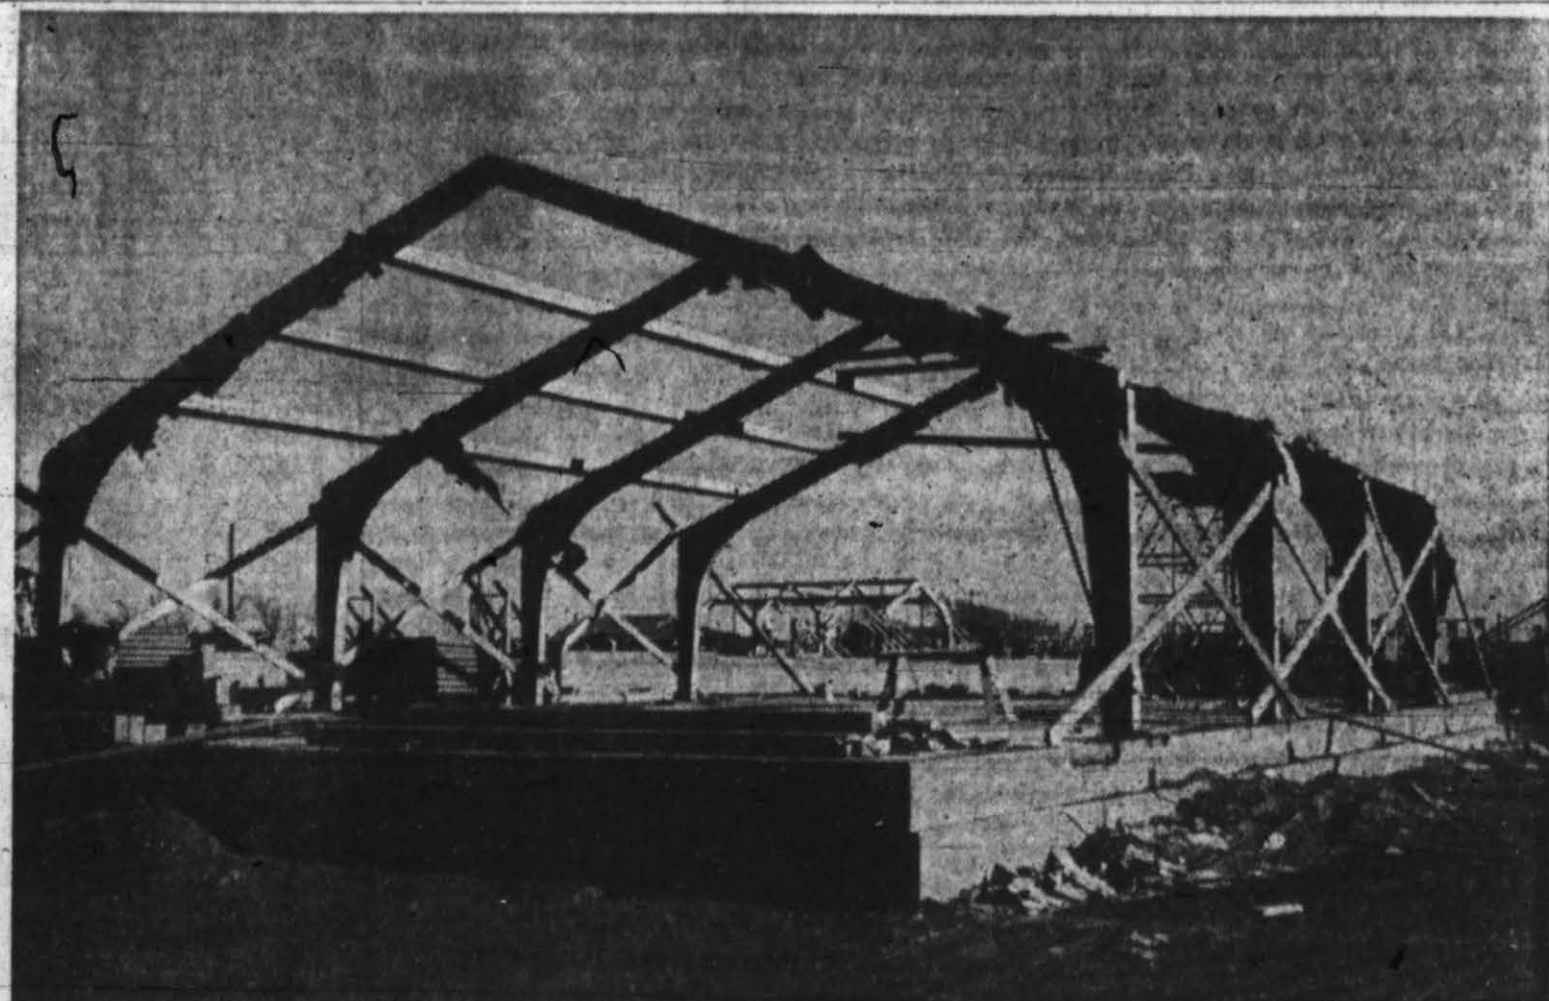

The canine was witnessed stealing newly-washed garments from a clothesline at an Alamogordo home.

REBUKED REPTILE BATESVILLE, Ark. — Dr. George Hollis, a biology professor at Arkansas College, has little hope anyone will take him up on a standing offer. He wants to give away an alligator. The 4½-foot reptile has been living in the professor's bathtub.

WEIGHTY MATTER SANDOWN, Isle of Wight — Of 7,045 weights checked by the island's weights and measures inspectors, 1,020 were inaccurate, municipal officials reported.

Pause And Meditate

The use of profanity reveals the true state of one's heart.—Gladys Miller

BUILDING PROGRESS—Arches have been raised as construction progresses on the new \$600,000 building that will house the First Christian Church congregation on Harrison Highway. The scene is typical of building progress now underway at the county hospital, telephone exchange, and at several other locations in the city where business houses are under construction. Building permits for 1956 have long passed the million dollar mark. (Staff Photo)

GROUND BREAKING FOR SUPREME COURT—Turning the first spades of dirt in the ground-breaking ceremony for the new State Supreme Court building in Austin are, left to right: Attorney General John Ben Shepperd J. M. Patterson; chairman of the board of control; Chief Justice of the Supreme Court J. E. Hickman and Gov. Allan Shivers. (AP Wirephoto)

Standard Tags Mean New Highway Safety

A trend in license plates toward standardization in the interests of safety shows that Texas plates are well-designed for highway safety purposes.

The size of license plates, standardized this year for the first time in 6 inches high and a foot wide, the regular size of Texas plates.

There is also a trend away from the use of promotional legends on license plates. Law officers say that promotional legends on a standard-sized plate take up space that could be used for bigger, easier to read—numbers. Strange as it may seem, Texas is one of the states that do not use promotional legends on their plates.

Including Texas, 27 states issue plates that identify by a special number or letter the county in which the plates were bought. Law enforcement bodies say this aids in catching criminals operating in automobiles by making plate numbers shorter and easier to read.

And there seems to be a trend in the direction of more standardization. For example, five states now are using reflective plates. These plates are hailed as a safety device and several other states probably will adopt them soon. The plates used in four of the states can be seen from 2,000 feet.

Texas 1957 license plates, which will have black numbers on white background, will go on sale in Deaf Smith County Feb. 1 and must be purchased by March 31, according to information received from the County Treasurer's office.

Each year when states are getting ready to issue new license plates, thousands of motorists begin jockeying for special tags for their cars.

Politicians particularly like to get low-numbered plates. The state senators of one eastern state a few years ago refused to confirm a nominee for the job of state licensing commissioner unless he assured them that they would have control of plates in their counties numbered 1 to 9.

The three commissioners who administer the District of Columbia automatically get license num-

bers 1, 2 and 3. And when a new political party takes over control of the Federal government, there is a wholesale switching of license plates in Washington, D. C.

But politicians aren't the only ones who like to get distinctive license plates. Take, for example, the photographer who insisted that his plates suggest his profession: he wanted — and is willing to pay a premium for — plates that have on them only the four letters HYPO.

This type of highway heraldry points back to the Middle Ages when coats of arms were associational and knights in shining armor and horsepower transportation. Maybe highway heraldry will fade out under the new standardization trend, as reflective plates and other safety devices for license plates come into use.

Yule Luncheon Held By South Hereford Club

Roast turkey was the feature of the menu when the South Hereford H. D. Club met recently in the home of Mrs. Evelyn Bell for its annual Christmas party. Newly elected officers of the club were installed by Mrs. Argen Draper, agent.

During the gift exchange, secret pals were revealed and names drawn for next year. Reading of the Christmas story was a part of the afternoon's program.

Mrs. Edna Bove was welcomed to the party as a visitor. Members attending were Wilma Goetsch, Mrs. Bryant, Leora Masie, Ola Hacker, Ethel Layman, Edna Dra-per, Leona Matthews, Mary Blowers, Fay Williams, Louise Craig, Earlene Manning, Clara Shore, Evelyn Bell, Ada Hollabaugh and Myrtle Conyer.

The next meeting will be held in the home of Mrs. Clara Shore on Jan. 15.

home of Mr. and Mrs. D. W. Madlox, Jr., were her sister and husband, Mr. and Mrs. C. E. Starker of Los Banos, Calif., and his parents, Mr. and Mrs. D. W. Madlox, Sr., of Wellington. The two families arrived on Dec. 16, and left before Christmas to visit other relatives.

Eunice Szegedin, Christine Szegedin and Ruth Wittrock of San Antonio spent the Christmas holidays with Pastor and Mrs. Szegedin of 105 Ave. B. Miss Eunice

Szegedin is an employee of The National Bank of Commerce of San Antonio. Miss Christine Szegedin is employed by TWA Communication Dept. in Kansas City, Mo.

Mr. and Mrs. Otto Chitwood of Wichita Falls spent the Christmas holidays visiting in the home of her mother, Mrs. Josie Sunderburg and her sisters and families, the Travis Caraways and the Jimmy Mercers.

Hereford People Stayed Home From all reports it looks as if most of the Hereford folks stayed

home for Christmas. Several families, though, packed up and headed for points north, south, east and west to spend the holiday visiting with relatives and friends.

The D. C. Kinsey family ate Christmas dinner with her mother, Mrs. John Whiteside of Amarillo. J. R. Patterson, manager of the Texas Employment Service office here is in Henderson, today for the wedding of his son, J. R. Jr., and Billy Jo Payne of Henderson.

Young Patterson and his bride-to-be both attend the University of

and other points in the South. They will be gone a month.

Another family that left the state for a holiday visit is the Jack Higgins family, in California visiting relatives.

Mr. and Mrs. R. R. Jackson left Dec. 20 for Florida to visit their son, B. E. Jackson and family of Pensacola, and also to tour Birmingham, Ala., Chattanooga, Tenn.

Literary Gems Get Dusty; Musical Gems Get Encores

By W. G. ROGERS
Associated Press Arts Editor

NEW YORK (AP) — How many times have you read your favorite novel? Perhaps it is "Moby Dick?" or "Picketwick Papers?" "Tristram Shandy?" "The Brothers Karamazov?" "The Charterhouse of Parma?"

There it stands on your shelf, dusting, available at any hour. It has passed the test of time, so it's classic; and as a classic, it's worthwhile. You love reading it, so it's a pleasure.

Before you figure how many times you did actually read it, let us ask another question:

How many times have you heard your favorite musical work?

Perhaps it is "La Boheme?" or "Die Meistersinger?" Beethoven's Third Symphony? Fifth, or Ninth? Tchaikovsky's Fifth? Mozart's 39th or 40th?

They too are classics, a pleasure, worth all your attention.

Yet the answers differ: You probably haven't read your favorite

novel more than two or three times in your life. On the other hand, if you get your music in our usual Carnegie Hall or Academy — and where else can you — you have heard the standard opera and standard symphony over and over and over again.

Now there is one qualification: the technical complexities of music are greater than those of prose. Even so, the intellectual and emotional content of say, "Moby Dick" which is a reading job of many hours, is easily the equal of the comparable substance of a Beethoven or a Mozart, which after all run no more than 45 minutes. The one is as hard to assimilate as the other, and deserves just as much of your time.

But the fact is, we simply put up with the repetition year after year of the same old music, long hair but by this time gray-haired, while we wouldn't dream of depending on the same old unchanged bill of fare in books — or for that matter in theater or movie.

Why was a 7-year-old boy able to conduct Beethoven and Haydn symphonies in Carnegie Hall recently? Because his orchestra, like every other orchestra in the land, could play them both sound asleep — and why isn't the audience asleep, too?

Every now and then someone at a movie cries, "I could sit through this right over again!" But he

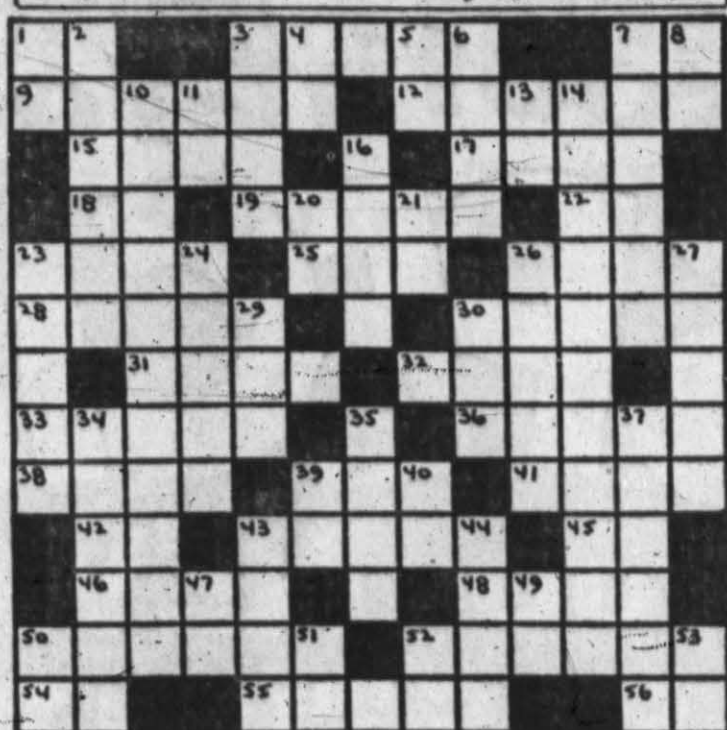

rarely does. After you see "My Fair Lady" and "The Diary of Anne Frank," you want to see something else, you want another experience. After you read a good contemporary book, you want to read another.

The past belongs to the past. There are some creative persons who charge it damages the creative work today. To be sure, nothing is created out of a vacuum, but the weight of precedent and tradition hobbles the creator. Piet Mondrian accused the past of exercising a "tyrannic" influence; and I have been through the Sistine Chapel with a great modern artist whose sole question about the Michelangelo ceiling was: How did the old boy paint it way up there?

"La Boheme" was given at the Met a good many times every single year from 1902 to 1947, and still is given seasonally. "Meistersinger" was on the Met's repertoire some 50 years out of some 65.

Let the publishers keep giving you the old works and you'd take up knitting, or checkers; no matter how great or enjoyable the masterpiece, you want a change. Yet you still listen, timid soul that you are, without any objection to the same old works in the concert hall. Would you ever buy a ticket to Victor Hugo's plays, such as "Ernani" and "Le Roi s'Amuse"? No, but you keep on going year after year to the operas, now getting well along in years, that Verdi made from them. Why?

Legal Notice

NOTICE OF SALE OF SCHOOL PROPERTY

Sealed bids will be received by the Board of Trustees of the Hereford Rural High School District for the sale of school owned property located at the North end of Texas Avenue in Northwest Hereford and described as the West one-half of Block No. 4, Welsh Addition to the Town of Hereford.

This tract measures 620 feet in an East-West direction along Plains Avenue and 600 feet in North-South direction along North Knight Street, and contains approximately 8.54 acres of land. It is surrounded on two sides by fine new homes in a highly restricted area and has 600 feet of 70-foot street paving along its East boundary line already paid for.

Any one interested in buying this property should file their sealed bid with the school tax office in the Court House or mail it to P. O. Box 1542 in time to reach the tax office before 5:00 p.m. January 15th, 1957. Envelopes containing bids should be plainly marked, "BID ON LAND."

The School Board reserves the right to reject any and all bids.

Robert E. Wagoner, President, Board of Trustees, Hereford Rural High School District.

JEANETTE COOK

Tech Student To Mission Congress

Jeanette Cook, daughter of Mr. and Mrs. A. H. Cook of Summerfield, is one of the 20 delegates from Texas Tech and one of the 350 delegates from Texas attending the Student World Mission Congress in Nashville, Tenn., Dec. 27-30.

Miss Cook, a member of the Baptist Student Union Executive

Services Monday For Sam Faith, Veteran Officer

Funeral services for Sam Faith, 83, father of Mrs. Robert Veigel of Hereford, were conducted at the First Presbyterian Church in Plainview on Monday. Mr. Faith died Saturday night at his home after suffering a paralytic stroke a week before. He had been critically ill.

Mr. Faith was a veteran West Texas peace officer and former sheriff of Hale County. He lived at Hale Center at the time of his election to the sheriff's office in 1922 and moved to Plainview that year and was elected to two more terms as sheriff. He was later employed as a city policeman and night watchman.

Married to Miss Flora Jane Avery on May 21, 1911, Mr. Faith is survived by his wife.

Other survivors include four daughters, Mrs. Garland Sorley of Dallas, Mrs. O. M. Smith Jr., of Louisville, Ky., Mrs. Wyman Owens of Downey, Calif., and Mrs. Veigel of Hereford; one son, Paul Faith of Los Angeles, Calif.; 10 grandchildren; two sisters, Mrs. John Hagood of Hale Center and Mrs. Sam Caldwell of Lockney.

BUY HOMES
 SACRAMENTO, Calif. (AP) — California veterans were buying 58,924 homes and farms in mid-1956 under the Cal-Vet plan — the State's GI home loan program.
 The Department of Veterans Affairs said the low-interest loans represented almost one-half billion dollars in property transactions. Men and women who entered the service from California are eligible for loans.

RUSSIANS MAKE NEW MACHINE
 MOSCOW (AP) — Russian scientists have perfected an automatic translating machine which operates on electronics. It was demonstrated at a meeting of the Science Academy on Scientific Problems of Industrial Automation. A text in English was teletyped from the conference hall to a nearby institute, translated into Russian by the machine, and flashed back to the speakers.

CHANGE CATCH
 DANOCHE, Va. (AP) — Samuel L. Sawyer had no luck fishing until his last cast. He brought in a barrel which had been swimming. He took the squirrel home and says he will make a pet of it.

S P O R T S
 The Hereford Brand
 Hereford, Texas, Thursday, December 27, 1956 Section Two

SPORTS GLANCES
 by Bill Knox

The New Year's Day football slate this year should be one of the best ever. All the major games will be nationally televised, so armchair fans have a treat in store for them.

Fortcoming is a preview and a few comments on most of the bowl games:
ROSE BOWL — Iowa vs. Oregon State. This game will feature the split-T against the single wing. We've always liked the single wing, but we're afraid Iowa has a bit too much for the Beavers. Iowa by a touchdown.

COTTON BOWL — Texas Christian vs. Syracuse. Syracuse has a fellow by the name of Jim Brown. He's a 220-pound block of dynamite. Texas Christian has a good backfield led by Jim Swink. Swink was an All-American last year, but Brown was this year. This is still this year, so it'll be Syracuse.
SUGAR BOWL — Tennessee vs. Baylor. Tennessee was one of the few major college teams to wind up its season undefeated. Baylor had a good year but could finish no better than third in the Southwest Conference. The Vols will rely heavily on little Johnny Majors. If the Bears can stop him, they will have taken a giant step. That's a mighty tough assignment so we'll say Tennessee by two touchdowns.

ORANGE BOWL — Colorado vs. Clemson. This one should be a dilly. It could go either way — take your pick. We like the way Colorado gave Bud Wilkinson's Oklahoma Sooners a battle. So we'll take Colorado by a touchdown.
GATOR BOWL — Georgia Tech vs. Pittsburgh. The Panthers may be a bit out of their class. They're mighty tough, mind you, but not quite tough enough for Bobby Dodd's crew. Dodd has a strange knack for almost always winning post-season bowl games. This one should be no exception.

The high school football season is finally over in Texas. It ended Saturday when three state championships were decided in A, AAA, and AAAA.

Two for Three
 We predicted winners for AA, AAA, and AAAA, and out of three tries got two right.
 In AA Stamford won with no sweat at all. We got that one right. In AAA Garland defeated Nederland, 3-0, for the title. We missed out completely on that one. Didn't pick either one of those teams to win — we took Snyder. But that's how it goes. Didn't sweat a bit when we picked Abilene for the AAAA championship, and it surprised nobody when they won it.

1 - AAA conference basketball games will open Jan. 11. Everybody is picking Phillips to win, and why not? They've been wiping out.
 (Continued On Page 2)

Andrews Mustangs To Test Whitefaces

Hereford Wins Two Of Three To Cop Second At Childress

Tough Battle Is Expected

Andrews will test the Hereford Whitefaces in a single game on Thursday night in Whiteface Gymnasium. No "B" game will be played, and the contest will start at eight p.m.

Andrews recently lost the opening round game in their own tournament, but competition was rough there. Seminole, also an A-A school, won the tournament with an easy victory over Odessa, highly respected in AAAA.

Hereford coach Cuby Kitchens has been sending his charges through two hard workouts a day. They skipped Christmas Day before resuming workouts Wednesday.

The Whitefaces are fresh from copping second place in the Childress Invitational Basketball Tournament. They won two of three games, defeating Childress and Quanah and losing to Wellington.

Leroy Morrison sprained his ankle in the Wellington game and failed to see action against Quanah. He resumed practice Wednesday and was expected to play on Thursday night.

However, the Herd's tallest player, Terry Higgins, will be absent from the lineup. He is visiting relatives in California with his parents, Mr. and Mrs. Jack Higgins.

Hereford's Whitefaces finished second in the Childress Invitational Basketball Tournament played Thursday, Friday and Saturday in Childress.

Win Two of Three
 Cuby Kitchens charges won two of three games to run their season record to eight wins and three losses. Hereford's lone defeat in the tourney was to a fine Wellington Skyrocket quintet. Victories were over Childress and Quanah.

The Whitefaces were not hard pressed in winning their two games over Childress and Quanah. It was Hereford in the lead from the beginning. The Herd stopped Quanah; 67-51, Saturday night in the tourney's last game and defeated Childress, 66-55, in first round action. On Friday night Wellington threw a monkey wrench into Hereford hopes, winning, 60-46, over the Herd.

Morrison Sprains Ankle
 Leroy Morrison, second highest Hereford scorer this year, had sprained his ankle in the Wellington game and didn't suit up for the Quanah contest. Kitchens inserted reserves in the latter stages of the game against Quanah, or the score would have obviously been higher.

Against Quanah, the Herd jumped quickly into the lead. Lanky Jim Curtisinger opened with a pair of quick field goals before the Indians had surveyed the situation. Then it was too late to overcome the Hereford margin.

Increase Lead
 The Whitefaces gradually increased the lead throughout the

contest with big Terry Higgins effectively controlling the backboards for Hereford. The Indians were somewhat shorter than the Whitefaces, who average almost 6-3.

Curtisinger was high with 18. Higgins was next with 14 markers.

Wellington Wins Tourney
 Wellington, winner of the tournament despite a last night loss to the Childress Bobcats, defeated Hereford, 60-46, in second round action.

"Our boys didn't play a bit well," said Coach Kitchens, "and Wellington played way over their heads. Against us they played their best game of the tournament."

The affair was nip and tuck with Wellington gaining a small half-time advantage. However, in the second-half the Skyrockets came to the fore to finally win by 14 points.

The Hereford victory over Childress in the opening game was a win for Kitchens over his old alma mater. The win, not so impressive at the time, became more impressive after Childress defeated Wellington, 53-50, Saturday night. This also verified the fact that Wellington was having one of its best nights against Hereford.

Three Men on All-Tourney Team
 Hereford and Wellington each played three men on the all-tournament team to lead selections. For Hereford lanky Jim Curtisinger, Le- (Continued on Page 3)

FUNK, TOKYO RESUME BRAWL

Dory Funk, Southwest States Junior Heavyweight Champion, will resume an old rivalry with rugged Tokyo Joe on Saturday night in Lions Club wrestling at the Bill Barn.

The pair will clash in a best two of three falls or one hour time limit match. In the other main event colored girls will engage in a tag team brawl.

The team of Babs Wingo and Lula Provo will tackle Marva Scott and Ethel Johnson also in a best two of three falls or one hour time limit match.

Funk has successfully defended his championship several times recently after winning the title from Dizzy Davis in a bloody match at Amarillo. Tokyo Joe, the Karate expert, has built a reputation as one of the toughest wrestlers in this area.

Ethel Johnson is tabbed as one of the biggest attractions to hit girl wrestling since it began. The 20-year old, 130-pound gal is described "as little and agile as a puppet on a string. She has played volleyball, softball, and partook in numerous other sports during her schooldays."

A crowd pleaser in the past, she prefers to wrestle a clean style and can hardly be crowded into using rough or foul tactics. She had the distinction of being the first colored girl to be booked as a professional girl wrestler in North America.

Her partner, Marva Scott, is 5-6 and weighs 137 pounds. She is only 19 years old. She has played basketball, softball, volleyball, tennis, and was a cheerleader for the boys football team.

Babs Wingo is a 150-pounder from New Orleans. She has suffered a broken collar bone in her wrestling career, but since that mishap has become one of the roughest in the business.

Lulu Mae Provo is also 19 years old. She stands 5-7 and weighs 135 pounds.

SHE WHO GETS TRAPPED
 MEMPHIS, Tenn. (AP) — When several women asked him to send a police radar speed trap crew to their street, Capt. Charles Rhodes was glad to oblige.
 Among the first to draw tickets for speeding were two of the women who asked for the trap.

LIFE'S DARKEST MOMENT—Three-year-old Robin Rojas bewails the turn of fate which confined him to his home in El Paso with the measles on the day a new tricycle he won in a supermarket coloring contest was

delivered. He sent his younger brother Ricky out to test-drive the trike, but refused to be consoled even when his father placed it under the window where he could keep an eye on his prize. (AP Wirephoto)

Beauty At Home

Q. I am 33 years old, weigh 129 pounds. My bust measures 35, hips 37 inches, and waist 27. Are these proportions right for me?

A. You sound just fine. Your measurements are within the allowable for a lovely figure. Keep exercising for firm muscles, and don't gain any more weight.

Q. What can I do about my skin, which always seems to have a greasy appearance?

A. You can aid this condition by washing in distilled water, to which add a few drops of extract of lavender, or orange, or rose.

Q. I have an oval face, with a forehead that is slightly wider than my chin. What do you suggest as my best hairstyle?

A. Keep your coiffure and hair-line simple. Your hair should be drawn back from your forehead, instead of down over your brow. The width of the hair at the cheekbone softens your facial outline.

Q. What can I do about facial pimples?

A. These are usually caused by rich foods, poor elimination, fatigue, failure to cleanse the face properly, or infection of blackheads—tend to these things. Also, never pick at a pimple, which might infect and spread. Keep the area around it absolutely clean, and apply calamine lotion to it, which will dry it out. Another method is to apply a compress of a piece of cotton soaked with a solution of hot water and epsom salts.

Q. How can I mix myself a good homemade hand-and-arm bleach?

A. Mix cucumber juice with equal parts of rose water and glycerin.

Q. How can I "fix" the color after a coloring job on my hair?

A. A thorough brushing will do this. Waving lotion is apt to affect the hue if applied when the hair is wet. As a general rule, it is better to let the hair dry, at least partially, before waving or curling.

Q. What is a good, effective mouth astringent I can mix myself?

A. Just mix some unsweetened lemon juice with a little water.

Q. What is a good abdomen-flattening exercise?

A. Lie on back, arms at sides or overhead, legs straight out on floor. Pressing knees together, draw them all the way up to the chest, so that the upper legs press down on the stomach. Kick the legs straight out again. Repeat knee to chest, repeating kicking legs out straight. Start slowly, increase the speed and vigor. Then to 20 times.

Q. My complexion is lifeless and pale-looking. Is there a facial mask for this?

A. One of the best and most stimulating is a honey mask. Put a thin film of honey over face and throat, leave on 15 minutes, then remove with a damp cloth.

Q. Does nail polish tend to make the fingernails scale and split?

A. Some persons have the notion that the normal nail "breathes," and that the enamel covering prevents this function. This is not true, and so far as can be determined, properly formulated polish or enamel is not responsible for scaling or splitting of the nails.

CONFER—Governor-elect Price Daniel, left, and Rep. Waggoner Carr, of Lubbock, uncontested candidate for Speaker of the House of Representatives, confer at Austin. Daniel is holding a series of meetings with legislators in preparation for the 55th Legislature. (AP Wirephoto)

NO PARR VERDICT—South Texas Political Boss George Parr, left, and his attorney, Percy Foreman of Houston, smile after a federal district court jury in Houston said it was unable to reach a verdict for Parr and six other defendants charged with mail fraud. The jury had been at work six days, after hearing testimony for six weeks. (AP Wirephoto)

Sports...

(Continued from Page 1)

Just about everybody in sight. Hereford, or Levelland, or Dumas might be darkhorse (very dark) contenders.

The Whitefaces open their slate against the Phillips Blackhawks at Phillips. Playing them at Hereford wouldn't be so bad, but at Phillips it's murder. Even in 1954 when Hereford won the district championship, the Blackhawks won at Phillips.

Of course, when they came to Hereford, the Whitefaces virtually annihilated them. Will be a tough patch for the Herd to hoe.

But at least they get two tries.

A flapper is a male copper worker.

Long Time Ago

25 Years Ago

Dear South County people received a surprise when they awoke Wednesday morning to find several inches of snow on the ground and the air filled with flakes. The fall continued without interruption all that day and apparently all night, according to indications this morning. The down-fall has ceased as this is written at 8:30, but the dark skies threatened to resume operations at any moment.

Various estimates place the amount at an average of 12 inches. There has been very little wind, the snow settling down on the level and bringing the best moisture reserve possible. The temperature has stayed at a high mark, being warm enough for much of the snow to melt as it fell Wednesday and dropping very little, if any, below the freezing mark last night.

No great inconvenience has been caused to livestock interests where even the slightest wind protection afforded. Stock is in excellent condition, and cattlemen have been heard to remark that if a hard winter is in prospect, they preferred its coming early as stock will be in better condition to withstand it. Furthermore, with the most ri-

gorous part of winter passed before its customary time, there is added the prospect of an early spring.

45 Years Ago

December, 1911 will likely be remembered as the coldest month for the Panhandle. All the month the average temperature has been low, but on Tuesday night of this week the mercury stood at the lowest point; 12 degrees below zero at Hereford. The snow that fell 10 days ago still covers the ground, very little having melted. On last Friday night the thermometer read one below, and Wednesday night this week at 4 above. The lowest temperature in 1908, Dec. 19 was 10 above; in 1909, Dec. 19-20, 8 below; in 1910, Dec. 23, 9 above. One time last winter, Jan. 3, the column stood at 12 below. The figures for December will show the lowest general average for years. Old timers say that in 1888 they saw it 18 below once, but the month was fairly open weather.

The American jumping mouse uses its tail as a balance in jumping; turning over and over in the air if it accidentally loses its tail.

Home Repair Notes

By ANDREW C. LANG BRUSHING ON LACQUER AP Newsfeatures

DO... use brushing lacquer when this hard, heat-resistant, water-resistant finish is to be applied with a brush.

DO... mix the lacquer half and half with lacquer thinner for the first coat... a little less thinner for succeeding coats.

DO... apply the lacquer generously in broad, sweeping strokes, overlapping previous strokes very slightly.

DO... know that lacquer dries so fast that several coats can be applied in a single day... but wait a day before polishing and/or waxing.

DON'T... forget that lacquer is highly volatile and toxic and ought to be used only where there is plenty of ventilation.

DON'T... go back over the same spot a second time.

DON'T... be misled by the term water-white lacquer, which is a very clear lacquer for use on very light woods; white lacquer (without the word water) is white as snow.

DON'T... expect to get a perfect job with lacquer the first time you use it; practice on scrap wood.

Letters To The Editor

Dear Sir: I am writing this letter in response to two letters I have seen printed in the Hereford Brand. Both letters were right in a way, but my way of thinking runs with the letter printed on Nov. 22. Why? A story in the paper which came out Dec. 2 tells more or less why I think of Hereford as I do.

The people got together and

started a Little League Baseball Club for the little kids. How about the bigger ones? They don't want to play ball or go to a movie all the time. They want a place (like the guy said) where they can go and dance or just talk. When I was in Hereford I liked to dance. There wasn't any place to dance except at home and by yourself at that. There were never any school dances, which was the sad part of last school I've ever seen that didn't have dances, so why don't the people get together for a youth center and let them dance? It's better to have them dancing there than in Amarillo, don't you think?

Yours truly, Johnny Thomas, USN USS Grapple Pearl Harbor, Hawaii P. S. I have thought of writing this letter for some time, but I wasn't sure the high school kids care much about it.

NO MONKEY BUSINESS ROCHESTER, Mich. (AP) — Lola a monkey in a pharmaceutical company laboratory, snatched a paycheck from a salesman's pocket and ate the signature.

Household Scrapbook

Restoring Faded Upholstery

To restore faded upholstery, beat the dust out, then brush. Apply a strong lather of castile soap with a hard brush, wash off with clear water, then wash off with alum water. On becoming dry, the colors will look as well as ever. When colors are faded beyond recovery, they may be touched up with a pencil dipped in water colors of suitable shade, mixed with gum water.

Stamps Stick Together

If postage stamps have become glued together, lay a thin paper over them and run a hot iron over them. The mullage will not be hurt.

Setting Green Dyes

To set the color in green dyes, use four ounces of alum to a tub full of water.

Frayed Rugs

If a rug is continually fraying out on the ends and will not stay sewed, try glue. Work liquid glue into the rug for about half an inch from the end with the fingers, let dry on a flat surface, and your rug will stay mended.

Summer Clothes

When packing away white summer clothes, wrap them in an old bed sheet or pillow case that has been dipped in stroke bluing water. It will prevent their turning yellow during the winter months.

Cleanse Faucets

To clean faucets, rub with lemon rind after the juice has been extracted. Then wash them and dry with a soft, dry cloth.

Crockery Cement

Here is a good cement for mending crockery. It takes a long time to dry, but will stand heat and water. Mix a little pure white lead with linseed oil and use it very thick. Let it set for a week.

Remove Stains

Paint stains may be removed from linen dresser drawers by the application of peroxide.

Remove Mice

Mice object to camphor. If it is put in places frequented by them, it will drive them away completely.

Grease on Marble

When grease has been spilled on marble, remove it this way — make a strong solution of sal soda and add enough fuller's earth to make a thick paste. Cover the spot with this and let it remain for 24

hours. If at the end of this time the stain has not been entirely removed, repeat the operation.

Stretching that sliced leftover baked ham? Arrange it on a serving dish and ring with watercress (or other salad greens) and deviled eggs.

For an elegant à la king sauce, use cream for the liquid and thicken with egg yolks.

Party snack: wrap bacon around water chestnuts (canned) and then broil; serve with a thin chutney sauce for dipping.

Mail Privileges Aid Education

"Next to the public school system itself," writes Rep. Usher L. Burdick of North Dakota in the January Reader's Digest, "second-class postage is the finest thing Congress ever did for the education of the American public. As one who believes that democracy cannot work without knowledgeable citizens, I should like to express my hope that this service will long continue unimpaired."

Mr. Burdick recalls that he learned his ABC's in the Sioux country of North Dakota from a magazine called Farm, Home and Fireside. It carried exciting stories, described new farming methods and provided tantalizing glimpses of the world beyond the horizon.

"We could get a Farm, Home and Fireside subscription for 25 cents because in 1879, the year I was born, Congress cut down postage rates for magazines and newspapers so more people could afford to buy them. Congress figured that the more the people read and learned, the better government by the people would work."

"And they were right. I finally went to college and got housebroken to books; but for me, as for most Americans, newspapers and magazines remain essential teachers. Many of these publications, so essential to the maintenance and growth of our freedom, simply could not exist without low second-class postage rates."

HOT PEANUTS

KNOXVILLE, Tenn. — Fifty pounds of peanuts were really roasted here recently. Fire broke out in a peanut roasting machine, and firemen had to be called.

Happy New Year!!!

And what will you do with it...365 days with all their clean glorious possibilities??? As the leaves begin to fall from your calendar you must realize you are writing off each one with indelible ink—no erasing!

This New Year is a Divine gift; twelve precious months, 365 glorious days to be gobbled up as you like. As the clock nears the hour, as the church bells toll, and as you make new resolutions—may you resolve to travel nearer to God all the way. As you tear off each old day may you have the consolation of a day well lived for Him

Happy New Year!!!

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that furnish and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we ask Sunday, "You in the church and the church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

Beauty At Home

Q I have heard that personality and mood, rather than ones physical appearance, should determine the type of perfume to be worn. What do you think of this?

A This is true. A girl who is a person who likes to wear perfume, might like a perfume of semi-oriental character, while a soft, feminine type of perfume might prefer florals. Always, the perfume must do what you, the wearer, want.

Q How can I rehydrate my soiled powder pads?

A Wash them in warm soapsuds, scrubbing the bad spots with a fingernail brush. But don't lay them out flat to dry, or they may turn sour. Pin them instead to the sunny side of a window curtain so that the air can circulate through and about them.

Q What should I do about lips when my lips are chapped?

A Better use without lipstick at this time. If you must keep your lips smooth, try to use a lip balm during the winter months. Rubbing them at night with a little vaseline or petroleum jelly will help the lip color is more in position.

Q What is an exercise which is corrective to "swayback" hump, and also will help keep the neck youthful looking?

A Tie an elastic band around the sides of your feet, and place your feet on floor 1 1/2 feet apart. Bend and pull with your hands. You will feel the band pull on your feet and the top of your head. Hold for a few minutes, then lower your torso to the floor. Keep repeating slowly.

Q How can I even the color of my hair?

A Wash it first with a stiff brush, then rub some powdered soap well into the hair. Let it dry, and the hair will take on a lighter look after an hour or two.

Q How can I cover more closely and steam into my skin wearing hair?

A Try adding the lemon juice of an orange to your usual liquid soap suds.

Q How can I make a smoother job of applying my nail polish?

A A good bathing of the nails before applying the polish will do this. It also stimulates the nails and encourages their health and strength.

Q Will you please tell me how I can protect my ears?

A This should be done only by a doctor, but any doctor at all will do this. The attractive, serious and impressive expression on the market, pointing of the ears, seems to be the unnecessary feature.

Q What are some DON'Ts to remember in the use of rouge?

A Don't apply rouge of any color to the nose, as color in this area grows and emphasizes the size of the nose. Don't apply rouge directly under the eyes, as this will "bleach" from the color of the eyes and even make them seem dull and lifeless. Don't try to "blush" your cheeks by rubbing over them, as this is an unattractive plan to find color, and the rouge will only draw attention to the puffiness or circles, instead of minimizing them.

Q How can I mix a good bleach and lotion for my face?

A Four ounces of lemon juice, two of rose water, and two of fine grade glycerin. After washing the face, rub it with this mixture which is both softening and bleaching.

Q How can I remove red blotches from the face?

A A good treatment is to rinse the face for about three minutes at a time in cool water. Also take alternate hot and cold face baths at night.

Q How can I cut cotton fabric than slices for fruit cake?

A Put the cotton in the oven and heat thoroughly. It can then be cut as thin as desired, and it will not stick to the knife.

Q How can I prevent hose from tearing where the supporter is fastened?

A Sew a piece of an old stocking on the underside of the good stocking where the hose supporter is caught.

Q What is the best way to cut button holes in very heavy materials?

A Button holes can be cut in heavy materials more satisfactorily by using a safety razor blade instead of the scissors.

Q How can I remove grit from the eye?

A By applying a drop of castor oil or kerosene to the eye, which will help to remove the grit. Q How can I remove scratched spots from a cloth?

A Wet the spots with water and cover with a piece of coarse, clean fabric. Rub it in well. Let it dry before removing it.

Q How can I prevent the shoulder of a sweater from sagging?

A This can be prevented by taking a piece of ribbon, the length of the shoulder of the person from neck to armpit, and attaching this ribbon at each end to the inside of the sweater.

Q How can I remove petroleum jelly stains?

A About the only agent to remove these stains successfully is ether.

Q How can I make fowl more tender?

A Fowl will be much more tender if a spoonful of vinegar is added to the water in which it is cooked.

CHAMPION MILKMAID—Pretty Texas Tech coed Julia Reed whispers a word of thanks to Tech Design Ann, registered Jersey from the college herd, for cooperating in helping her win the title of Tech's Champion Milkmaid. Julia, a junior government major, has been milking cows on her father's ranch near Meridian in Bosque County for 16 of her 19 years. She milked five pounds in three minutes to defeat 14 other contestants and win the title. (AP Photo)

Wyehe HD Club Is Entertained

Mrs. H. L. Ward prepared the Christmas program and acted as leader for the Wyehe Home Demonstration Club when members met Dec. 18 at 2:30 p.m. in the home of Mrs. Charles Packard for the annual Christmas party and gift exchange.

Mrs. Ira Ott opened the meeting with the singing of carols. Mrs. J. R. Baird played Mrs. W. P. Axe gave the Christmas story, also a game in the form of a quiz.

Mrs. Ward directed several seasonal games. Gifts were exchanged from a beautifully decorated tree.

Present were Mesdames C. F. Newsum, George Olson, Emory Elston, O. B. Sumner, J. R. Baird, H. L. Ward, W. P. Axe, C. C. Ellis, C. R. Dutton, Ira Ott and the hostess.

First meeting in January will be with Mrs. Ott.

How Can I?

Q How can I mend broken china or glass?

A Melt some powdered alum in an old spoon. Before it hardens, rub this over the pieces, press them together and set them aside to dry. They will not come apart even if washed in hot water.

Q How can I make a good perfume for the dresser drawers?

A Get some pumice stone and cut into pieces then pour a few drops of perfume on each lump of the pumice stone.

Q How can I remove stains from unfinished floors?

A Turpentine will remove almost any kind of spot from unfinished floors without making the wood darker.

Q How can I remove red blotches from the face?

A A good treatment is to rinse the face for about three minutes at a time in cool water. Also take alternate hot and cold face baths at night.

Q How can I cut cotton fabric than slices for fruit cake?

A Put the cotton in the oven and heat thoroughly. It can then be cut as thin as desired, and it will not stick to the knife.

Q How can I prevent hose from tearing where the supporter is fastened?

A Sew a piece of an old stocking on the underside of the good stocking where the hose supporter is caught.

Q What is the best way to cut button holes in very heavy materials?

A Button holes can be cut in heavy materials more satisfactorily by using a safety razor blade instead of the scissors.

Q How can I remove grit from the eye?

A By applying a drop of castor oil or kerosene to the eye, which will help to remove the grit.

Q How can I remove scratched spots from a cloth?

A Wet the spots with water and cover with a piece of coarse, clean fabric. Rub it in well. Let it dry before removing it.

Q How can I prevent the shoulder of a sweater from sagging?

A This can be prevented by taking a piece of ribbon, the length of the shoulder of the person from neck to armpit, and attaching this ribbon at each end to the inside of the sweater.

Q How can I remove petroleum jelly stains?

A About the only agent to remove these stains successfully is ether.

Q How can I make fowl more tender?

A Fowl will be much more tender if a spoonful of vinegar is added to the water in which it is cooked.

ONCE IN A MILLION... Lynchburg, Va. ... It has been estimated that one out of every 100,000 people is born with a talent for the circus.

The circus is a great source of entertainment for all ages. It is a place where you can see the best of the best in the animal kingdom.

Happy Holidays!

THREE COUPES... THREE SEDANS... ALL POWERED BY OLDSMOBILE'S ROCKET T-400 ENGINE I

Put yourself in the exciting Holiday spirit with this wide-open, hardtop styling offered in six stunning models! Each is beautifully styled to put the accent on you. Higher, wider Span-A-Ramic Windshield gives you a new slant on style and visibility. Oldsmobile's new Accent Stripe highlights the road-hugging lines... the new Wide-Stance Chassis takes a heavier, wider grip on the road for a smoother, safer ride. And for action, there's the new Rocket T-400* to give economy when you want it—power when you need it. So, come in soon... for an "Oldsmobile" Holiday!

*1957 Rocket T-400 Engine standard on all models, special Rocket Engine, with up to 312 h.p., available at extra cost.
