Increase of the capital stock of the First National Bank from \$100,000 to \$200,000 was announced this week by V. O. Hemen, executive vice president.

Milo producers we've contacted recently appear ready and willing to contribute a fraction of their gross profits to further work of the Grain Sorghum Producers Assn. The producers group has asked for a quarter-cent per 100 pounds as assessment to further and expand its work. New legislation and a better support price were gained through its first year's lobbying effort. Now, the association wants to launch research and marketing work to expand sales of grain sorghum.

The 1957 version of the Lincoln goes on display Tuesday, Oct. 16, at Dale Zant Motor Co., located east on Highway 60.

Reflector tape message noted on the rear of an Arizona car parked on Main St. advised: "DIM DEM DAM LIGHTS."

R. L. Thompson and Owen Bybee of Hereford, and J. S. Bridwell of Wichita Falls are members of the Jim Hill Estate who will be honor guests at 2 p.m. today when the young Ranchers of Boys Ranch dedicate their new Jim Hill Dormitory. All residents of Hereford and of Borger—the community that provided furnishings for the modern, 40-bed dorm, have been invited by Cal Farley to attend the ceremonies.

Latest agricultural oddity to cross our desk: A dumbbell shaped egg, produced by a hen in the flock maintained by Mrs. T. L. Sparkman Jr., three miles east of Hereford. "Oddest egg we've seen," she declared. Having a soft shell, however, it will be hard to keep. It had one normal-appearing egg, connected by a narrow "neck" to a smaller, round egg.

Mr. and Mrs. Roy Grubbs Sr., of Selma, Ala., and Mrs. J. B. Parham of Eutaw, Ala., have returned to their homes after a 10 day stay here in the home of Dr. and Mrs. Roy Grubbs.

Mr. and Mrs. C. A. Patterson of Corsicana were recent guests of Mr. and Mrs. H. R. Patterson and other relatives here.

Farmers Selection Of Crops Is Wide; Most Returns Good

The diversity that contributes to the stability of an agricultural community was apparent at every turn in the Hereford area this week with at least a score of farm crops being harvested. And the marketing situation for a number of the products shows a marked improvement as irrigated farmers here profit from the misfortune of their dryland fellows across much of the Southwest.

With about 25 per cent of the area's traditional "big crop"—maize—already in storage, the open market price continues to be from 6 to 11 cents and more above the loan price. Figuring on bigger "spreads" ahead, many farmers are holding their grain. But many more are accepting the \$1.80 to \$1.85 cash price being offered at local elevators, or even higher prices from itinerant truckers.

Lettuce Market Good
The lettuce market is nearly as

bright as that enjoyed earlier in the season when Hereford's potatoes and onions moved at record-shattering prices that ranged upward to \$8.75 for spuds and \$5.50 for fancy onions. Cartons of lettuce were moving from fields at week's end at around \$3—comparable to \$6 per crate and grossing about \$800 per acre. But lettuce acreage this season is estimated at about 1,000 acres, a major reduction from plantings in some past years.

A great many other vegetable crops are being marketed now, including late white potatoes from a limited acreage. Prices on potatoes reportedly fluctuate considerably between varieties now, and are generally less than half that realized during the peak of the season.

Small Turnip Acreage
Turnips from a limited acreage are "a real money maker," ac-

(Continued On Page 2)

Democrats Slate Fund Drive For Adlai And Estes

Democrats of Deaf Smith County will join in the party's fund-raising campaign on "Dollars for Democrats Day," Tuesday, Oct. 16, Louis Woodford, county chairman, announced today.

"Dollars for Democrats Day" is a nation-wide drive designed to raise television and radio funds for Adlai E. Stevenson and Estes Kefauver, Democratic candidates for president and vice president.

This political fund drive will be concentrated in one day, Oct. 16, during which Democrats will ring every doorbell in the United States to raise money to keep Stevenson and Kefauver on television and radio, Woodford said.

He added, "Our opponents can call on big business for big contributions. In the Democratic way, we are calling on the Joe Smiths of the nation to support democracy with contributions of only \$1 and \$5. A national poll showed us that the Joe Smiths have more than \$85 million to spend for democracy if they're asked for it. That's what we will be doing on Dollars for Democratic Day."

BANK DEPOSITS UP NEARLY \$2 MILLION

Need Leaders For Scouting Program Expansion Here

A survey taken in the elementary schools of Hereford has revealed that an additional 110 boys would be enrolled in Cub Scouting here if the necessary leaders were available, according to a report presented by Bruce Miller to the Organization and Extension Committee of Llano Estacado Council, Boy Scouts of America. Miller is the organization chairman for the Deaf Smith District of the Council.

District and council executives met at the Herring Hotel in Amarillo Thursday night to discuss a new training program for district chairmen. S. G. Stockton of Amarillo acted as chairman for the discussion program. Miller attended as representative of the Deaf Smith District.

Explain Program

Council Executive W. J. Hiatt presented a talk, "How We Do Business," outlining the relationship and set-up of the Boy Scout program. Walter Black, district executive from Dalhart, pointed out the duties of the organization committee and the charter review program was outlined by W. M. Teague, district executive of the Deaf Smith District.

New unit organization was presented by Harry DeLashmett Jr., district executive from Amarillo who told of the group organization of Boy Scout units, rather than taking each group separately. Four more volunteer workers are essential to the Scouting program in Hereford, the discussion revealed, with a total of at least 50 needed in the work of the entire council.

Mrs. E. M. Rice left Wednesday afternoon for Salt Lake City, Utah, to visit in the home of a sister. Two sisters from Canada and one from Nebraska will meet there where they will enjoy being together for about two weeks.

Thursday night supper guests in the home of Mr. and Mrs. Ray Neel and Lilith were Riley Grison of Alamogordo, N.M., and Mr. and Mrs. Ron Crist, Cathy and Carla of the Progressive community.

MERCHANTS ACCEPT NOV. 29

Clamor Ends Over Thanksgiving Day

The state-wide confusion concerning the date for the 1956 observance of Thanksgiving was the main point of discussion at the regular weekly meeting of the Merchants Assn. held at the Jim Hill Hotel on Friday.

After again considering both the national holiday date of Nov. 22 and the Texas date of Nov. 29, the merchants agreed to observe the latter date here because of the closing of the Hereford schools. Earlier, they had agreed on Nov. 22.

Superintendent of Schools Fred Cunningham was invited to attend the meeting in order that the merchants might submit a request that the school holidays be changed. Cunningham explained that a hardship would be created by such a change because of the state teachers meeting to be held in Houston on the last weekend in November. All state workers, including the Hereford faculty, were included in the holiday plans which were announced in March by the state agencies, he said.

Order Christmas Lights

Bill Howard of the Jaycees reported to the merchants that the lighting equipment for the annual Christmas decorations have been ordered and will be received sometime next week. The order included 4,500 feet of wiring with sockets—enough to light the highway, all of Main Street and the side streets which adjoin Main.

The order also included enough foil to cover the 4,500 feet of wiring, plaques for the decoration of Main Street light poles, a Christmas scene for the courthouse lawn, decorations for the large trees on the lawn, a Star of Bethlehem and a Rudolph the Red-nosed Reindeer figure. Other decorations will be planned as funds are made available, Howard said.

Plan Program

A committee was appointed by Chairman W. B. Wilson to make plans for a downtown program on the night that the Christmas lights are turned on, marking the opening

October Report Shows Results Of Crop Market

The annual October bank call for the two Hereford banks revealed deposits increased \$1,713,380.46 over the total reported at the same time last year. Assets of both banks also increased.

The deposits increase reflected increased receipts by farmers and processors for this year's vegetable harvest, bankers noted.

And the Hereford banks deposits were far above—a million dollars and more—increases reported in banks at Muleshoe and in Lamb County. Those areas are expected to show their biggest increases on the December bank call, which will follow the peak of the harvest for their major crop, cotton.

Increase Near 16 Per Cent

While the total deposits here of \$10,721,160.11 were nearly 16 per cent above the 1955 total of \$9,007,779.55, the October call reports show that a lot of money has been put back into circulation following the receipt of potato and onion crop returns. Hereford bank deposits on Aug. 10, 1956, were reported by The Brand to be at one of the all-time high figures with a combined total of \$12,245,837.89.

Total assets of the two banking institutions in October, 1956, were \$9,719,640.64. The total assets listed in last week's report read \$11,494,138.11, showing a gain of \$1,774,497.47.

Bank Totals

First National Bank deposits increased from \$5,826,309.11 in 1955 to \$7,090,294.22 for this year, a gain of \$1,263,985.11. The total assets have mounted from \$6,307,832.65 in 1955 to \$7,617,417.62 for this year.

Hereford State Bank reports an increase in deposits from \$3,181,470.54 in 1955 to \$3,630,865.89 in 1956, marking an increase of \$449,395.35. Their total assets have increased from \$3,411,807.99 in 1955 to a new figure of \$3,876,720.49 in 1956.

Loans and discounts listed by both banks in the 1956 report total \$5,445,535.63, compared with a figure of \$4,144,632.92 for 1955.

Farmers Loan Position

One banker noted that farmers will be in a much better position this year following maize harvest than was the case in 1955. (Continued on Page 3)

Bulldogs And McGuire Chew Herd To Shreds

By BILL KNOX
Plainview's purebred Bulldogs, behind the brilliant direction of quarterback Jessie McGuire, ran and passed and did much as they pleased with the Hereford Whitefaces to rack up a high scoring 57-32 victory Friday night in Whiteface Stadium.

It was the first victory in five starts this year for the Bulldogs, and it may have brought them out of a prolonged slump. A Plainview team hadn't scored that many points in one game since 1953. The game was Hereford's third loss against one win.

The versatile McGuire, being hailed as one of Plainview's finest all-around athletes, scored three touchdowns and passed for two more while guiding the Bulldogs to the easy win. He had splendid help, however, from his forward wall led by tackles Arlie Daniel and Robert Dalton.

Fast Opening
The Dogs hit quickly, making the game a rout in the first quarter and threatening to make a farce of it. The game was far out of reach in the first quarter before the Whitefaces realized what was happening. Then it was too late.

Plainview rolled to four touch-

downs and 12 first downs in the first stanza. They scored at least once in each of the remaining quarters.

The Whitefaces were plainly out-classed. Plainview coach Buzz Warren alternated three teams, throwing a ~~fresh~~ team against the Whitefaces time after time. The Whitefaces were hurt badly by injuries, but these probably failed to influence the outcome of the game.

First Touchdown
The first touchdown of the game came with only 2:26 seconds gone. McGuire had run the kickoff all the way back to the Hereford 29. Six plays carried to the two where McGuire passed to Larry Rogers in the flat for the touchdown. The point was no good.

Only three minutes later, after Bobby Veigel had punted out of bounds on the Plainview 10, the Dogs struck again. Don Stone raced 65 yards to the Hereford 30 before being hauled in. Ray McCown and Larry Gould carried to the 21. McGuire then went over standing up. This time Ray McCown ran the extra point over to make the score 13-0.

Blocked Pass
In only two more plays the score was 19-0. Bill Callaway carried the kickoff back to his own 47. Then

Dick Hamilton, Plainview center, blocked one of John Bryant's passes and caught it in the air. He raced unmolested 62 yards for the touchdown.

The waning moments of the first period saw the score go to 25-0. Starting on their own 20, Plainview marched down the field, climaxing the drive when Ray McCown crashed over from the two. The point again failed.

Hereford's Stars
Early in the second quarter the Whitefaces scored their first touchdown but saw it matched only seconds later. Halfback Bill Callaway and John Bryant were the only bright spots for the Whitefaces' offense. Callaway scored on a 70-yard jaunt after the Bulldog kickoff.

But Gene White took the Hereford kickoff and ran it back 75 yards for a touchdown. Robert Dalton kicked the point to make the score 32-6.

Plainview scored once more before the half ended to make the halftime score 39-6. The score came when McGuire heaved a 56-yard pass to Larry Gould who went (Continued on Page 3)

Lost Tot Tale Has Happy End

By CAROL INMAN

And a happy ending to the story! The lost toddlers were found. Friday morning two year olds Joey Mudroch and Judy Pellam decided to go exploring — by themselves — without their moms following and watching them.

About 15 minutes later, Mrs. L. L. Pellam and Mrs. Harold Mudroch, neighbors at 420 and 422 Ave. J, discovered their two youngsters were missing, and began to look for them.

In minutes, the complete neighborhood, and says Mrs. Pellam — "the whole police force" — were touring the neighborhood in a frantic search for the children. By chance, Louise Blakley happened to look in a small house that had recently been moved into the block.

There the toddlers were — very upset and very, very unhappy! They had been playing in the house and a pipe rolled against the door, making it impossible for them to open.

The children were soothed, kissed, and hugged and probably after a big handful of cookies and a glass of milk, had a nap, and in their little minds, vowed that from now on, where they go — mother goes!

Mr. and Mrs. John Torbit visited Miss Edith Childre of Amarillo on Thursday evening. She is a former resident of Hereford.

Bowl Ticket Appeal

The football score entry contest is rating with folks all over the Panhandle! I. L. Whitfield, of Plainview, is a weekly contestant for the prize of the Cotton Bowl tickets. The Brand is giving away, each Friday afternoon, his entry blank arrives with all the scores predicted.

Whitfield is a former resident of Hereford. He taught in Hereford schools for several years before moving to Plainview.

True Christmas Spirit
Sponsors of the Christmas Card

project have been busy this week reminding the people of Hereford to make their "Christmas Card" deposits instead of spending money of that amount for stamps and Christmas cards to be sent locally.

Near the holidays there will appear in the Brand a greeting to all with the explanation that the subscribers are participating in the Christmas Card project instead of sending personal greetings, and a list of the participants will follow.

Purpose of Project
This fund, to be created in a new and unique Christmas spirit, will be used to furnish the new Children's Wing of the Deaf Smith County Hospital. The cost of the furnishings will be approximately \$8,000, and it is hoped by the 115 women of the clubs that this card project will take care of the complete minimum furnishings.

If this goal is reached, Hereford can well be proud of the fact that the wing is being built and furnished completely without tax assessment.

Those who are not acquainted with this Christmas Card project will find further information on posters at either bank. The project is being sponsored jointly by six women's clubs of Hereford, according to Mrs. M. W. Nobles, publicity chairman.

Mrs. Ray Smith visited her daughter, Mrs. Alan Younger, in Amarillo Sunday. Mrs. Younger is staying with her sister-in-law for several weeks.

Rates Starting Line-up
Congratulations to Walter Kaul! He is now on the first string of the freshman team at Oklahoma A&M in Stillwater, Okla. G. C. Merritt, another 1956 graduate, is on the second team. Larry Kaul, a sophomore there, returned last week from Columbia, Mo., after attending a convocation of his fraternity.

Farm House, which is rated as the first in the nation on scholarship. Larry is also a member of the Rodeo Club there. The fourth Hereford boy attending Oklahoma A&M is Ross Joe Landers, who is majoring in commercial art.

Visiting in the home of Mr. and Mrs. John Hamby over the weekend were Mr. and Mrs. E. E. Sparks and son, Rocky.

Mr. and Mrs. E. J. Reynolds left Saturday night for Brownfield to spend Sunday with her parents, Mr. and Mrs. A. E. Tate.

Return From Colorado
Mrs. Obed Caraway and two daughters returned home to LaJunta, Colo., Monday, after spending several days visiting in the homes of Mr. and Mrs. E. J. Reynolds and the W. P. Caraways. Mrs. Caraway is a daughter of the Reynolds.

Mr. and Mrs. Arthur Thompson were in Littlefield on business Wednesday.

Visiting in the home of A. E. Hodges this week is M. H. Bell.

Join Birthday Celebration
The Easterwoods and Moads are going to have a grand time this weekend. The J. E. Moads left Saturday morning bright and early — about 4 a.m. for Tipton, Okla., to visit with Mrs. Moad's parents, the O. M. Easterwoods. The special occasion? To help celebrate "Mom's" birthday!

Teachers like to go to ball games too! Miss Linette Smith, a new teacher at Hereford High, left Friday evening by plane from Amarillo to attend the Oklahoma U.-Texas U. game. She will return Sunday evening and will no doubt have an exciting account of the game to give to the high school football fans.

Company for the Joneses
Visiting in the John Paul Jones home Thursday were her parents, Mr. and Mrs. L. L. Thornton of Littlefield.

Happy Birthday to D. W. Allmon! He was honored Tuesday evening with a party on his 59th birthday. Lots of folks, ice cream, and a cake with a tall, tall, candle on it helped to make the party a grand success.

Farmers...

(Continued From Page 1)

According to farmers whose fields are being harvested. The price is quoted at \$1.75 for 50-pound sacks with demand good but shipping confined to limited quantities by truck. Tonnage is reported running high, with a 60 acre patch near Dawn being harvested, and other area acreage estimated at 75 acres.

Beets, bell peppers, cabbage, tomatoes and onions are being picked, processed and sold.

Carrots from the largest planting in the history of the area are continuing to move, with prices reported to be at a level affording a small margin of profit.

Certified Seed Harvest

Certified seed producers are busy gleaning planting seed from well over 1,000 acres which includes hybrid and standard grain sorghums, forage sorghums, millet and sudan. Prices received for the extra care afforded these crops are expected to be very good — especially on hybrid sorghum.

Harvest of one of the forage sorghum seed crops resulted in the center picture above, when Harold Head and a crew of workmen turned time back at least two decades for the harvest of 100 acres of first year certified Atlas Sargo in the Westway community this week. They substituted an old-

NEW CHAIRMAN CONGRATULATED—Jim Lindsey, left, of Texarkana, Speaker of the Texas House of Representatives, is congratulated by Price Daniel, after being unanimously elected chairman of the Democratic State Executive Committee of the meeting in Austin. (AP Wirephoto)

Benefit Show Set For Nov. 3, Says Red Cross Group

The date for the Red Cross Benefit Table Show has been set for Nov. 3, according to Mrs. Corrine Neely, executive secretary, Deaf Smith County Chapter of the American Red Cross. The show will be held in the Jim Hill Hotel ballroom and will be open to the public from 10:30 a.m. to 7 p.m.

First, second and third prizes of \$25, \$15 and \$10 will be awarded. Judging will be done by the viewers.

Fourteen clubs have sent in entries and others desiring to arrange tables are requested to submit their entries by Oct. 27. No entrance fee will be charged and club members may vote for their club entry if they desire.

Mrs. C. O. Wilkins is general chairman of the show. Mrs. W. Glenn Williams and Mrs. A. L. Manjeet will be in charge of stag-

fashioned maize header for combines.

Exceptional Return

"It looks like the yield will justify the effort," said Head, who anticipates 2,250 to 3,000 pounds of certified seed to the acre. The grain, grown with Ira Scott, is bringing \$4.50 to \$5.00 per hundred. In addition, it is producing between 10 and 15 tons of ensilage to the acre, which has already been contracted to Don Anderson of Crosbyton at \$3.50.

Head started out bundling the crop, but heard about the elevated header which stands some seven feet above the ground and made a deal with Reese McNeill of Spur to use the machine in gathering the crop.

Wheat Pasture

Fields of bundled forage sorghums are a common sight in the irrigated areas, and beef cattle on newly sprouted winter wheat fields are frequently seen. Hand-pulling of cotton has begun on much of the 9,300 acres planted in Deaf Smith County. Cotton harvest, however, will not hit its seasonal pace until frost strips leaves from the plants to make-way for the mechanical strippers.

Dollars for DEMOCRATS DAY HAS BEEN DESIGNATED TUESDAY, OCT. 16

Because the Democratic Party represents the best interests of the Farmer, the Craftsman, and Small Business man, it must necessarily expect its financial support from these people which it represents. No Donation is too small—and when we get them all together we will have the foundation for a Democratic victory in 1956.

You can help by sending your contributions to E. S. IRELAND, Treas., Box 151, Hereford, Tex.

Friendly Debates Fun For Everyone

IT'S HER POINT OF VIEW

By **PARDY LINER**
A while back I said, for the benefit of J. Gillentine, that I would mention his column in return for his mentioning mine; and at a later date I did just that. However, what I wanted to do was to wait until there was something over which I could do some verbal sparring with him. You know... a friendly debate type thing.

As it happens, there hasn't yet been any issue on which I've disagreed with him. I know what you're thinking, but I do have the nerve to disagree with him. (It just might be the finish for the Pardy Liner, but that result would be no great disappointment for some subscribers.) Anyway, it does take disagreement for even a "friendly" debate, and so far there hasn't been any between us. In fact, I'd probably support his "third party" idea that popped up in the Bull Column Thursday. Well, that's the way it goes, but maybe one of these days something will come up that I can

fuss at him about.
swamped with calls Thursday night after Tennessee Ernie closed his TV program with "Why don't you call your Ford dealer and say 'hello?'". "Would be real funny if everyone had followed Ernie's suggestion. Something which wasn't so funny was what happened down at the Ford place shortly before the formal showing of their '57 models. Somebody (not employed by the firm) got into one of the new cars and without thinking, pushed a button or something that made the car back up... smashing into another new '57.
Johnny Blocker witnessed the accident, but remained amazingly calm, considering the fact that he had already sold one of the damaged cars. Damage to both cars was sufficient enough to prevent their being exhibited; and this is the reason that when we went by to look over five beautiful 1957 Fords, as advertised, we got to

Scouts Open Solicitation Drive With Thursday Morning Breakfast

Preliminary organization for Hereford's annual Boy Scout solicitation drive got underway on Thursday morning when 18 Scout leaders met at a special planning session at 11:00 a.m. at the Hereford Junior High School.
Fred Cunningham, chairman, reviewed the organizational plan which calls for approximately 100 solicitors who will collect donations. W. J. Hiatt, Amarillo executive, and W. M. Teague, district executive, attended the meeting and made brief talks in which they estimated approximately \$12 per year, per boy for administrative and operating expense.
Teague said that approximately 400 boys are enrolled in Scouting in the Deaf Smith district. Hiatt also pointed out that no quota is set for districts or counties, and that funds were used in operating the entire Llano Estacado council.

"I am as anxious for my sons-in-law to have Scout training as my sons," said Cunningham. He stressed the fact that money matters are in the hands of local people; rather than those of the district officials.
He also listed the following lead-

ers:
D. C. Kinsey, special gifts; Jimmie Gillentine, publicity; Dick Ross, arrangements; Dub Reeves, general solicitation; J. T. Carroll, auditing; J. W. Robinson, prospects and rating. Majors in the drive, who will each appoint 10 captains, are: Tom Alderson, Albert Maxwell, Wayne Phillips, Lloyd Sharp, and Wayne Edwards.
The actual drive will open with a kick-off breakfast Oct. 25, and is scheduled to close within one hour, according to present plans.
The Boy Scout donation dollar was broken down as follows: camping 18 cents; organization and extension 8 cents; activities, 11.5 cents; training of leaders 12.5 cents; travel and service to units, 30 cents; miscellaneous, 2 cents; office service 18 cents.

Bulldogs...

(Continued From Page 1)

over for the score. Dalton kicked the point.
Hereford outscored Plainview, 26-18, in the final half, but the first half deficit was far too much to overcome.

Jessie McGuire ran the opening kickoff of the second half back 75 yards for a touchdown to run the score to 45-6. The point was no good.

Then the Whitefaces caught fire for a brief spell, scoring 13 points while holding Plainview scoreless. Pete Plank recovered a fumble on the Plainview 32 to set up the first Hereford score. Malone, Veigel, and Callaway carried to the nine in four plays, but Bryant lost back to the 15. One pass failed, but on the next play Bryant hit Danny Elliston in the end zone for the touchdown. Bill Drake kicked the extra point.

The third quarter ended with the score 45-13.
The third Hereford touchdown came early in the fourth quarter. Late in the third stanza McGuire punted and Bryant brought the ball back to his own 17. The Whitefaces began to roll, but the Plainview defense stiffened. On the first play of the fourth quarter, Veigel dropped back into punt formation but instead tossed a screen pass to quarterback Bryant who carried to the Plainview 35 for a first down.
Veigel broke through to the Bulldog eight and Bryant went over from there for the score. Callaway's kick failed.

After the kickoff, however, Plainview marched, and with 6:29 left in the game McGuire went over from the 14 for a touchdown to make the score 51-19.

On the first play after the kickoff John Bryant rolled around right end for 70 yards and a touchdown—Drake kicked the point. Again, with less than a minute remaining, the Whitefaces scored their last touchdown. Plainview lost the ball on their own 16 and after three plays carried to the 31, Bryant hit Danny Elliston for a 62-yard aerial completion to the Plainview eight. Bryant went over from the one for the score.
Only 17 seconds remained on the clock, but the Dogs were not to be denied. An onside kick went to Plainview on the Hereford 49. McGuire ran on the first play to the 17 and Ray McCown went over from there. The kick was no good and the game ended 57-32.

Bank...

(Continued From Page 1)

had many loans then of \$15,000 and up, while this year the same men have cut their loans down to \$5,000. And the increase in price for milo is going to be a big help, too," he added.

While deposits in Hereford are up \$1,713,380.46 for the October bank call, down in Lamb County, an increase for six banks that totaled just under \$750,000 won headlines.

At Muleshoe, an increase of \$598,815.03 in deposits during the past year to a total of \$5,857,079.68 was noted in the Muleshoe Journal.

Family Surprises Mrs. McMinn With Birthday Dinner

Mrs. J. B. McMinn was honored by her children and grandchildren

at a surprise birthday dinner given at her home Wednesday in observance of her 70th birthday.

Attending were Hial Wither- spoon of Amarillo, the honoree's brother, Mrs. J. F. Ward, Britt Clark, Mr. and Mrs. L. J. Clark and son, Mrs. C. O. Brown, Col-

leen Brown, Mr. and Mrs. R. L. Layman, Mr. and Mrs. Harold Loerwald, Mr. and Mrs. Perry McMinn and daughters, and Miss Thelma McMinn.

Unable to attend the family get-together were Mr. and Mrs. Charley Roberson, Mr. and Mrs. John

Hiels, and Mr. and Mrs. Calvin Goodin and family.

C.

A. Shawl-collared wrap coat to complement your most sparkling party dress. Lustrous lining and rimestone touches accent the festive mood. In sizes 6 to 18 and 5 to 17.

B. Something extra brightens your favorite box suit in gleaming Peau de Soie. That something is a color coordinated print pongee blouse and jacket lining. Link buttons at the split cuffs plus its own belt. Sizes 8 to 18.

C. The waltzing lines of a princess coat are perfect for Fall evenings. Curving seams and dipped waist back flatter and mold the figure. Detachable collar of corded ottoman. Sizes 8 to 16.

WANT AN EMPIRE?
(5) Five irrigated sections with
8, eight inch irrigation wells,
natural gas, land so level it
hurts the eye. One ditch from
west to east would run four
miles. Fair improvements. We
will sell all together or split
off in sections, pick and choose.
Small cash payments. Will ac-
cept no trades. Long pay out
period.
\$10,000.00 CASH
Will make the down payment
on this beautiful 240 acres right
up against Hereford. We can
cash lease this land for enough
to pay principal and interest on
the loan. Good improvements.
Just like living in town.
\$7,000.00 CASH
Will give you possession of
this lovely brick home at the
edge of Hereford, plus enough
irrigated land to pay out the
balance.
NEARLY PERFECT 140 ACRES
Right at town and ready right
now for subdivision. Two ir-
rigation wells and very nice im-
provements. Will take \$15,440
cash down payment. All specu-
lators and quick-money men
take notice of this.
HOMES—HOMES—HOMES
We have dozens and dozens
of homes—and one to suit your
needs from \$3,000 to \$30,000.
Many trades available.

FINISH COURSE—Mrs. T. G. Higgins, left, and Mrs. H. H. Hair, center, placed a splint on the arm of Mrs. W. C. Davis as they finished the first aid course taken by employees of Southwestern Public Service Co. of Hereford. Employees attended the last session Thursday night. (Staff Photo)

Single Ring Ceremony For Miss Hyde, Troy Fowler

Miss Patricia Hyde became the bride of Troy Fowler, son of Mr. and Mrs. Lester D. Fowler, in a single ring ceremony held in the home of the bride's aunt and uncle, Mr. and Mrs. Billy Wall on Oct. 6.

Attendants were Lajuan Presley and Roy Fowler, who served his brother as best man. The ring bearer was Johnnie Wall and candles were lighted by David Sellers and Gerald Fowler.

Wedding music was provided by Mrs. Willis Dufur, pianist and Mrs. Billy Wall, soloist.

Bride's Attire
Given in marriage by her father, J. W. Hyde, the bride wore a pink and gray plaid suit with a small pink lace hat. She carried a white Bible topped with pink and white carnations.

Following the ceremony which was read by Rev. E. H. Harper, retired Baptist minister, a reception was held in the Wall home. Iris Hodges presided at the punch bowl and Dora Fern Goldston served the wedding cake. Alice Kirkland was in charge of the guest register.

After the reception the couple left on a short wedding trip and are now making their home at 503 Jackson St.

Fowler is employed at the Farmer's Drive in filling station. **Bride is Honored**

Before her marriage the bride was honored at a miscellaneous shower given in the home of Mrs. R. G. Price. Other hostesses included Mesdames Davie Grimes, and David Farmer. Approximately 30 guests were in attendance.

There are about 10,000 sailings a year from New York harbor. Hurricanes always start at sea. Records indicate that buckwheat was not introduced into Europe until the 10th century.

Streu's Diary

October 12, 1956

DEAR DIARY:

Those people in Hereford who own RCA Victor Big-Color TV will be able to enjoy 10½ hours of color shows the week starting the 15th of October. Color TV is beginning to sell, and we anticipate accelerated sales from now on—because color TV is here—it is good, and it is here to stay. Phone 48 for an appointment for demonstration—no obligation!!!

The autumn leaves are starting to fall, and we would suggest that one of those ever-hardy Handicarts with a new lawn broom will save you lots of time and effort in handling same. This is also a very good time of year to fertilize and water your lawn—see Streu's for everything for your lawn care.

For fall football enjoyment, may we suggest folding stadium seats with a back rest—thermos bottles and kits for hot coffee or lunch—and RCA Victor 3 way portable radio for listening to other games—you can triple your football enjoyment with these items—and you can get them at Streu's.

We have been trading TV's like mad, and have a whole bunch of used TV in a variety of models, brands, and styles—prices are more than reasonable—terms will be arranged—if you need a used TV—see Streu first. Several models of the '57 RCA TV's have arrived—they are truly beautiful—and the '54' portable jobs are moving like hot cakes—this is an ideal

Modern Pied Piper, Bill Leslie, Provides Sunday Fun To Children

By JUDY PINNELL
A modern-day Pied Piper of Hamlin can be seen around our town on Sunday afternoon. He isn't much taller than his little charges but his influence is greatly felt. This fellow, Bill Leslie by name, and his mighty Palomino charger, Cachita Jane, can be seen pulling up to the front door of his children in a modern day aluminum stock trailer. The horse is unloaded and the children bounce on top of her oak. Bill drives to the home of four or five families each afternoon. The children ride and then the horse is again loaded and moved on to the next place.

On the face of it, this doesn't seem quite as much except that Bill has no small children of his own. He does have a new one month old grandson, Michael Wayne Briggs, but his own three daughters are grown. He has to go to his farm three miles south of town to get the horse, saddle her up and bring her in. The parents of these children wish to express their heartfelt gratitude to Mr. Leslie and can think of no more fitting way to do so than "Thanks Bill!!"

Kansas Visitors
Mr. and Mrs. Babe Wade and La Nita of Hugoton, Kan., were visitors in the Earl Brown home Tuesday night and Wednesday. Mrs. Wade and Mrs. Brown are sisters.

Mr. and Mrs. Earl Dodson of California spent the night in the home of Mr. and Mrs. M. H. Zaring Sr., Wednesday en route to California from Arkansas. The Dodsons are parents of Mrs. Jimmie Zaring, formerly of Adrian, and had attended the funeral of a relative in Arkansas.

M. H. Zaring Jr., is in Farmington on business.
Mr. and Mrs. Loyd Heaton went to see their doctor in Hereford on Tuesday when the cast was taken off Mr. Heaton. A brace is to take its place for several weeks. This is good news, indeed. Mr. Heaton is foreman of the George Porter Ranch and was injured when his horse fell on him and broke his back in the early part of the summer.

Granddaughter Visits
Mr. and Mrs. T. O. Woody had their granddaughter, Lois Corlon of Amarillo, visiting with them this past week.

Visit New Home
Mrs. Walter Loveless and Mrs. Nannie Fortenberry were in Amarillo Friday. Mrs. Fortenberry remained for a visit with Mrs. Ida Bee Fortenberry and family in their new home. Mr. and Mrs. Jake Fortenberry and family also spent the night with them Friday.

Hereford Church Group Presents District Program
Members of the local Women's Association of the Presbyterian Church attended the Fall Presbyterial of the Plainview district held in Littlefield Thursday. The afternoon program was presented by the Hereford group.

Those attending were Mesdames D. C. McWhorter, M. W. Nobles, J. T. Guinn, Ronald Babione, J. T. Gilbreath Jr., Henry Hastings, Lloyd Pool, Vern Witherspoon, N. E. Millburn, R. B. Miller, M. L. Simpson Sr., C. C. Ferguson, D. H. Alexander and Will S. Kerr. Mrs. Kerr who is Presbyterial district secretary of foreign missions also attended Presbyterial in Memphis on Tuesday and in Canyon Wednesday.

Business Women Install Officers
The Hicks Business Women's Circle of the First Baptist Church met Thursday with Mrs. Lowell Sharp.

New leaders were installed with Mrs. Freeman Curtis, circle chairman, in charge of the ceremonies. Others assuming duties of office were Mrs. Sam McLallen, co-chairman; Mrs. Jim Clark, program chairman; Mrs. Oma Lee Dickson, secretary; Mrs. Jewell Cassels, Bible and mission study; Mrs. Fritz Christman, young people chairman; Lavada Shannon, prayer chairman; Mrs. Frank Prowell, community missions; Mrs. Otis Lee, publicity and social chairman.

Mrs. Jim Clark presented the program on "Sowing Beside All Waters." Mrs. O. G. Hill Sr., and Mrs. Howard Scott were special guests.

Club Program Lists Contributions Of Emigrants, Pioneers To Music
"Professional Emigrants and Native Pioneers" provided an interesting theme for study at the Music Study Club meeting held Monday afternoon in the home of Mrs. J. T. Sims.

Mrs. Dick Godwin, program director, gave a brief outline of the contributions made to American music by the emigrants and pioneers. She said "The professional European emigrants to America brought their musical culture and polished techniques of the old masters to the colonies. Aspiring young American musicians who were unable to attain European training gave expression to their musical feelings through folk tunes scripture set to music and singing schools.

The gradual combination of these two groups, the European Professionals and the musically untrained pioneers, have given America a rich, broad musical heritage," she added.

Musical selections on the program included "Shepherd Boy" (Wilson) played by Mrs. A. J. Schroeter. "Retreat" (LaForge), and "The Statue" (Cui) were sung by Mrs. W. C. Parker with Mrs.

Ellis Coombes as accompanist. In conclusion the hymn of the month "When Morning Gilds The Sky" was sung by the club chorus. During the business session, it was announced that Mrs. G. N. Allison, vocalist, will sing on the Fine Arts Program of the Seventh District, Texas Federation of Music Clubs convention to be held in Quanah on Oct. 25-26-27. She will be accompanied at the piano by Mrs. J. T. Sims who will also serve as the club delegate to the convention.

An invitation to attend a McDowell program presented by the Amarillo Music Club in Amarillo on Nov. 15, was read by the president, Mrs. Earl Phillips.

Members attending were Mesdames G. N. Allison, Bill Brady, W. T. Carmichael, Ellis Coombes, R. P. Conaway, B. Y. Crosthwaite, W. E. Dameron, Cliff Estes, C. C. Ferguson, H. K. Fox, Dick Godwin, Ed Line, J. C. McCracken, C. W. Parker, Earl Phillips, T. W. Roberson, A. J. Schroeter, Howard Scott, S. O. Wilson, Miss Mathe Mac Swisher and Miss Frances Dameron.

CHILD STUDY CLUB MEETING FEATURES TWO DISCUSSIONS

Child Study Club held its regular meeting in the home of Mrs. Chas. Coffman Thursday evening.

A short business session preceded the program with the president, Mrs. Clinton Jackson, presiding.

Announcement was made that the next meeting will be held at the Western Wheel Inn following a scheduled P-TA meeting earlier in the evening. Mrs. Merlin Kaul will serve as hostess.

Members were reminded of two constitutional amendments to be voted upon concerning teacher retirement funds and trial by jury for the mentally ill. They were urged to study both amendments before voting.

Mrs. Tommy Braddy, welfare chairman, reported the club project of placing tissues in all first grades of the public schools here.

Mrs. Townsend Douglas gave the first of a two-part program with a discussion of the subject "Where Are Your Manners." She said, "Children need to be taught good manners to become good citizens. Manners are more important than laws because if children know good manners they automatically obey the laws." She suggested that parents practice good manners with their children and provide good reading, not outdated literature, for the teen-agers.

Mrs. Maurice Tannahill presented the second half of the program on "What I'd Teach My Child About Alcohol" which appeared in a recent magazine.

She quoted the author "Be sure to teach the truth about alcohol. Do not just forbid or leave any mystery about it. Provide sensible literature and try to protect your child with an environment of love and understanding, and help him acquire rudiments of faith which

Past Matrons Are Honor Guests For OES Anniversary
Hereford chapter of the Order of Eastern Star observed its 50th anniversary at a regular meeting held at the Masonic Hall Tuesday night.

Hostesses for the social hour were Mesdames W. C. Hromas, W. S. Fluit and J. R. Baker. Appointments and decorations for the anniversary carried out a golden occasion theme and past worthy matrons were given a special tribute.

In reviewing the history of the local organization, it was noted that the group operated under the name of the Tierra Blanca Lodge for the first 25 years, the name being changed in 1931.

Mrs. James Higgins and son went to Friona Friday to visit with her parents, the B. F. Markhams.

Mr. and Mrs. Lewis West had all of their children as supper guests on Thursday night. They were: Mr. and Mrs. Bill West of Indianapolis, Mr. and Mrs. J. C. Claborn, Jobie, Johnny and Jackie of Friona; Mr. and Mrs. Robert Lloyd, Billie, Beth and Vickie of Knox City; and Mr. and Mrs. Sammy West, Joe, Jon and Jay of this community.

Mr. and Mrs. J. Townsend and girls called in the Gerald Townsend home in Hereford Thursday night.

Shoppers in Amarillo Saturday included Mrs. Lewis West and Dixie.

Mr. and Mrs. Lewis West had all of their children as supper guests on Thursday night. They were: Mr. and Mrs. Bill West of Indianapolis, Mr. and Mrs. J. C. Claborn, Jobie, Johnny and Jackie of Friona; Mr. and Mrs. Robert Lloyd, Billie, Beth and Vickie of Knox City; and Mr. and Mrs. Sammy West, Joe, Jon and Jay of this community.

Mr. and Mrs. J. Townsend and girls called in the Gerald Townsend home in Hereford Thursday night.

Shoppers in Amarillo Saturday included Mrs. Lewis West and Dixie.

CHILD STUDY CLUB MEETING FEATURES TWO DISCUSSIONS

Child Study Club held its regular meeting in the home of Mrs. Chas. Coffman Thursday evening.

A short business session preceded the program with the president, Mrs. Clinton Jackson, presiding.

Announcement was made that the next meeting will be held at the Western Wheel Inn following a scheduled P-TA meeting earlier in the evening. Mrs. Merlin Kaul will serve as hostess.

Members were reminded of two constitutional amendments to be voted upon concerning teacher retirement funds and trial by jury for the mentally ill. They were urged to study both amendments before voting.

Mrs. Tommy Braddy, welfare chairman, reported the club project of placing tissues in all first grades of the public schools here.

Mrs. Townsend Douglas gave the first of a two-part program with a discussion of the subject "Where Are Your Manners." She said, "Children need to be taught good manners to become good citizens. Manners are more important than laws because if children know good manners they automatically obey the laws." She suggested that parents practice good manners with their children and provide good reading, not outdated literature, for the teen-agers.

Mrs. Maurice Tannahill presented the second half of the program on "What I'd Teach My Child About Alcohol" which appeared in a recent magazine.

She quoted the author "Be sure to teach the truth about alcohol. Do not just forbid or leave any mystery about it. Provide sensible literature and try to protect your child with an environment of love and understanding, and help him acquire rudiments of faith which

Past Matrons Are Honor Guests For OES Anniversary
Hereford chapter of the Order of Eastern Star observed its 50th anniversary at a regular meeting held at the Masonic Hall Tuesday night.

Hostesses for the social hour were Mesdames W. C. Hromas, W. S. Fluit and J. R. Baker. Appointments and decorations for the anniversary carried out a golden occasion theme and past worthy matrons were given a special tribute.

In reviewing the history of the local organization, it was noted that the group operated under the name of the Tierra Blanca Lodge for the first 25 years, the name being changed in 1931.

Mrs. James Higgins and son went to Friona Friday to visit with her parents, the B. F. Markhams.

Mr. and Mrs. Lewis West had all of their children as supper guests on Thursday night. They were: Mr. and Mrs. Bill West of Indianapolis, Mr. and Mrs. J. C. Claborn, Jobie, Johnny and Jackie of Friona; Mr. and Mrs. Robert Lloyd, Billie, Beth and Vickie of Knox City; and Mr. and Mrs. Sammy West, Joe, Jon and Jay of this community.

Mr. and Mrs. J. Townsend and girls called in the Gerald Townsend home in Hereford Thursday night.

Shoppers in Amarillo Saturday included Mrs. Lewis West and Dixie.

CHILD STUDY

By Jimmie Gilentine
It must be the weather. Anyway, about this time every year the papers and magazines declare an open season on Satchel Page's recipe for keeping young. Satchel is the Negro ball player who was still pitching when everyone con-

Hereford

ceded that he was more than 75. He is coaching a minor league ball team now.

We have printed his formula before, but just in case you missed it, here it is again:

1. Avoid fried meats which angry up your blood.
2. If your stomach disputes you, lie down and pacify it with cool thoughts.
3. Keep the juices flowing by jangling around gently as you move.
4. Go very light on the vices, such as carrying on in society. The social rambles ain't restful.
5. Avoid running at all times.
6. Don't look back. Something might be gaining on you.

This is also the season for multiple calf births. Understand that J. Crawford has a cow with three new baby calves. It is also the turnip season and Dan Finlan is again making the best of the situation. Dan pioneered the turnip business in this area and has consistently made the crop a profitable one with good markets in the Ft. Worth-Dallas area.

N. D. Bartlett says I sure got him in a mess writing about his bus. "I said it carried 75-to-100 gallons of water," he declares—"not 7,500 gallons."

Several individuals have been asking how they could contribute to the Christmas Decoration Fund. One lady says it isn't fair for the merchants to have to stand all of the expense. I haven't talked with them, but I am sure that any contributions would be appreciated. Just send your check to W. B. Wilson, Hereford Credit Association, or to the Chamber of Commerce—and mark it for Christmas decorations.

Bill Nunn recently moved to Friona, where he is associated with the Carl McCaslin yard. While I was glad to hear of his nice promotion, I sure hate to see Bill move. He is a fine young man.

Kenneth Coker entered another band-aid contest recently—and won a bicycle. He wants to sell it, but doesn't want to pay 36 cents for an ad. If you are interested in buying a bicycle, see Kenneth. Also, please remember that it didn't cost him one thin dime. Anything he gets out of the deal will be all profit. Therefore, he should sell it real cheap! Better still, maybe his wife or daughter will decide that they need it at home. He won a radio in the same deal a few years back. He thinks he wins because he is unusually smart, but I checked up and found the real reason: The judges are from Oklahoma!

Slim Wester, the old boy who sometimes lets his concrete work interfere with his fishing, has a new boat. It's a 16-foot Lone Star—and if you don't have at least two hours to listen, don't mention it to him. I believe he takes his boating more seriously than the teenagers take Elvis Presley. Anyway, I sure am glad I don't need any concrete work in the next day or so.

Things are pretty quiet, according to most merchants. This is good, however, in view of the fact that everyone is busy harvesting

EASTER NEWS

Mrs. Epperson To Head Easter Club For Coming Year

By MRS. L. B. WORTHAN
Mr. and Mrs. James Moss and daughter, Debbie, of Memphis visited in the William Moss home last weekend.

Mrs. Bessie Schultz visited in the Jim Brooks home on Thursday of last week.

Mr. and Mrs. Nation from Amarillo and sons—Jimmie, Timmie and Roger—visited their grandparents, the D. M. Raes.

Here from Tulsa
Billy Rae Epperson from Tulsa is visiting his uncle, W. A. Epperson, this week.

Beulah Smith of Albert, Okla., grain sorghum. Charles Skelton says you can even notice it around the jail. He has been with the sheriff's department for three years and last Thursday was the first time they have gone a whole day without someone in jail. They picked up a bootlegger Friday afternoon around 3:30 p.m., but almost made it two full days. The last time the jail went a full day without an occupant was back in 1949 or 1950 and, like this time, it broke a long, long record of continuous patronage.

The VFW boys are yelling for more toys. The few that came in have already been repaired, painted and are waiting to make some kid happy on Christmas Day. They are hoping for a big turnout at the toy show Oct. 27—and are hoping for a lot of donors like they had last year. This is a good deal. Take a look in the basement, garage and attic; surely you can find something worth repairing.

Littlefield has a new wrinkle on band and pep squads, which is creating even more talk than the 14-6 upset win over Canyon Friday. In support of their team, the "Wildcats," the Littlefield high school band has a real, sure-enough live and ferocious wildcat. His name is "Sid Jr." They took him to Dallas last weekend and created considerable excitement. Not without a few troubles, however. None of the hotels and motels seem to have adequate accommodations for wildcats. Sid Jr. finally wound up spending the night at the Dallas zoo, where everything went along OK. He rides in a cage mounted on the truck which hauls the Littlefield band instruments. Hereford fans will probably get to see him when they travel to Littlefield Nov. 2 for their first conference game.

The Kiwanis pancake supper was a right nice affair. Besides the food, it was worth 50 cents to see Lovel Invel and Ewene Naele work. These two old boys sure were really swiping tables. Jack McCracken was the boy who made the real mistake, though. Jack was back there flipping and turning out hotcakes by the dozen. As soon as word gets around that he can cook, the girls will really be after him. It sure looks like his bachelor days are numbered.

About 60 percent of Americans are home owners compared to 40 percent 15 years ago.

One whale weighing a ton had a heart beating 12 to 20 times a minute.

A 200-pound hog has 10 pounds of pork chops.

The horns of the African Rhinoceros are not attached to its skull.

visited with the W. A. Eppersons this week. Mr. and Mrs. Bill Wahl of O'Keene, Okla., Mrs. Beulah Smith, Bill Epperson and Mr. and Mrs. W. A. Epperson visited Palo Duro Canyon Sunday afternoon. Mrs. Ruby Terrell gave a Coke party Friday for Mrs. George Betts who had surgery Saturday at Hereford. Close neighbors attended and presented her with a gown.

Sunday Sightseeing
Mr. and Mrs. D. R. Johnson and daughter, Joyce Ann, and a girlfriend, Kay Neill, visited the Palo Duro park and the museum in Canyon on Sunday.

Mrs. John Smith entertained her daughter Diane with a birthday party Tuesday. Those attending were Mrs. Charles Fry, Mrs. Ruby Terrell, Sandy and Kay, Mrs. Gene Noel, Mike, Debbie and Lynn, Mrs. Clifford Johnson, A. C. and Jay, Debbie, the hostess and the honoree.

L. B. Worthan made a business trip to Lubbock Thursday. Mr. and Mrs. Ancil Worthan and Terry were Sunday visitors of the L. B. Worthan family.

New Club Officers
Easter Club met Thursday, Oct. 11, for the election of officers. The new officers include Mrs. Emerald Epperson, president; Mrs. Helen Johnson, vice president; Mrs. Ann Mae Burnett, secretary; Mrs. Jim Brooks, reporter; Louella Johnson, finance chairman; Mrs. R. C. Baily, flower chairman; Mrs. Ann Carthel, recreation chairman. Two visitors attended the club meeting. They were Mrs. Lonnie Shultz of Hereford and Mrs. Jas. Moss of Memphis.

Touring Pilgrims To See Ranch-Style, English-Type And Modern Homes

From Ranch Style to contemporary English and modern houses range the five homes to be opened for the seventh annual Garden Beautiful Club Tour of Homes which will be held Friday, Oct. 19. The homes will be open from 2 to 6 p.m. and tickets will be sold at the J. D. Williams home, 101 N. Texas Ave., the first stop scheduled on the tour.

Originating as a tour of homes to finance landscaping Deaf Smith County Hospital grounds at the request of a local physician, the tour now has developed into a civic project of the club.

Tour Theme
"Variety Fair" is the theme for this year's tour with each home chosen as an expression of its owner's individual tastes in furnishings and decor. Flowers will be arranged in each home by members of the Garden Club to blend with and complement the style of home and type of furnishings.

Members of the club will serve as hostesses at each home to greet and welcome the touring guests.

Arrangements for the tour have been made by the ways and means committee consisting of Mesdames B. E. Roberson, chairman, Wayne Edwards, Lloyd Pool and Robert Veigel. Mrs. Ansel McDowell is president of the club. Mrs. Howard Armstrong and Mrs. J. B. Mulkey, press and publicity committee.

Four homes to be viewed are in the west part of the city.

Williams Home

A golden anniversary theme will be used at the J. D. Williams home, 101 N. Texas Ave., the first home to be visited. A pink Roman brick exterior with white ornamental iron around the windows, marks this ranch style home. The interior is equally impressive, carpeted throughout in soft canyon-

mist colored, deep-piled carpeting. Sandstone walls are used in the living room and den which are divided by back to back fireplaces. The south wall of the living room is papered in a scenic mural in shades and tones of walls and carpets, and furnishings are in eighteenth century mahogany with soft greens and egg shell upholstery and draperies. Point of interest is a gold Arabian antique floor lamp at the end of the fireplace.

Ranchwood wainscoting is used in the eating area of the kitchen which features a vivid shade of turquoise. The eating area opens off the den and is furnished in Early American fruitwood.

The master bedroom has pale gray walls with aqua drapes and spread, with antique white French Provincial furniture. Bath has pink walls with brown trim and pink fixtures. Red walls and charcoal woodwork with blue drapes and gray oak furniture are found in the boy's room. Bath is also done in gray and red.

Wilson Home

The second home is the Liston Wilson home, 106 Beach St. Many unusual plants and flowering shrubs combined with perennials create a beautiful setting for this modern construction of concrete blocks in dark gray with white wrought iron trim, which suggests the theme, "Hunters Delight." Inside, the living room has the two inside walls done in charcoal and outside walls in pink. The kitchen

and adjoining living room are divided by pink walls with planter box filled with bright blossoms in the living room, and cabinets on the kitchen side. Large picture windows in the living room and kitchen look out on an attractively landscaped living room and patio.

Gray carpeting has been used throughout the house with modern furniture. Striking colors and rough textured upholstery were combined with pink drapes at the big picture windows in living room and kitchen. An unusual modern shadow box filled with dogwood blossoms adorns the wall over the divan.

The two bedrooms have a large connecting dressing room and a bath. The front room has one white wall with remaining in turquoise with this color carried on into the dressing room which features a long table top of white ceramic tile. The entire wall over the dressing table is formed by a plate glass mirror reflecting a mural of a tree in bloom on the opposite wall. The back bedroom is done in sandalwood.

McDougal Home

The third home to be visited is also in the modern mood. It is the Claude McDougal home on Harrison Highway and carries the inviting theme "Let's Get Acquainted." The red Roman brick house features mahogany woodwork throughout. The entrance hall is divided from the living room by a large planter box. Soft rose-beige

carpeting, light blue walls and dusty pink figured draw drapes are used in the living room. A heavy gold-framed mirror hangs above the fireplace reflecting a jeweled gold watch belonging to Mrs. McDougal's grandfather, hanging in a gold dome-shaped case on the mantel. A pair of ceramic vases in pink are interesting accents.

The living room has a pair of Victorian chairs covered with antique tapestry. Balancing the mahogany breakfront, with its display of beautiful china, is an inlaid mahogany desk. Against the opposite wall is a blue brocade sofa. French Provincial furnishings are used in the eating area just off the living room.

The kitchen walls are blue with pink ceramic tile-wainscoting with maroon trim and floor covering toned to walls and trim.

Bleached mahogany furniture, soft rose-beige carpet and figured drapes of dusty pink and green mark the master's bedroom while the guest bedroom features aqua carpet, shell pink walls and figured aqua drapes. Milk glass lamps make attractive accessories. The bath repeats the pink and blue colors in walls and dressing table.

Ireland Home

Another modern type home to be visited is that of Mrs. Meredith Ireland north on Highway 51. It is built of red brick featuring white trim. The house is filled with

H. D. Club Will Host Cultural Guest Tea

By MRS. IRA RICKETTS

Hart Rea of Huntington, W. Va., and Mrs. Elizabeth Rea of Amarillo spent Tuesday night with Mr. and Mrs. Jay Fortenberry. They are brother and mother of Mrs. Fortenberry. Mrs. Rea had visited her son and family in W. Va., the past two weeks and he brought her home.

Mr. and Mrs. Sam Hershey of Midland are the proud parents of a daughter, Rhealyn, born Oct. 10. Congratulations Sam and Evelyn! Also to the grandparents, Mr. and Mrs. H. L. Hershey.

Mrs. Ira Ricketts visited with Mrs. Ray Hershey Monday.

Mr. and Mrs. Clyde Russell hosted for an afternoon visit with Lee Renfro Sunday.

Released From Hospital

C. V. Burges came home Wednesday afternoon from the hospital where he spent Tuesday night and Wednesday for medical care.

H. W. Briscoe left Tuesday for his home in Eldorado, Kan., after spending several weeks here helping his son-in-law, Harold Beauchamp, in the grain harvest.

Mrs. Dorce Nivens and three children accompanied Mr. Briscoe home for a visit with her parents, the H. W. Briscoes.

Mr. and Mrs. Al Virgin and Mr.

How to Keep Others From Thinking You Are Deaf...

Now! Stendergal Maico HEARING GLASSES with Nothing in the Ear

No bulky bows, thick frames, or dangling cords to advertise your hearing loss. Ideal for conductive type deafness. Come in now and see these new Stendergal Maico hearing glasses.

To see this new type hearing aid, meet

GEORGE D. HOLLAND,
Certified Hearing Aid, a diologist from Lubbock, at the Jim Hill Hotel in Hereford on TUESDAY, OCT. 16, from 3 p.m. to 5:30 p.m., or call the hotel and he will come to your home.

Children's Party Plans Presented To El Nino Club

Mrs. Darrell Blanton led the program on "Party Entertainment for Children" when El Nino Study Club met with Mrs. Wayne Thomas on Monday evening.

Mrs. Blanton told of the importance of playing with children and recommended games suitable for the tiny tot as well as the school age children. She listed several games for indoor entertainment when the weather is bad, but advocated the outdoor games when weather is at all suitable. In conclusion she discussed playground equipment for the large or small yard.

The next meeting will be in the form of a Halloween party for husbands on Oct. 29 in the home of Mrs. Sam Nunnally.

Members attending the meeting were Mesdames Darrell Blanton, Ivan Block, Jim Bookout, T. J. Clay, R. A. Daniel Jr., Byron Durham, O. G. Hill Jr., John Jacobson Jr., Sam Nunnally, W. J. Reeves, Bill Waldrep, and the hostess.

Autos are used to go to work by 84 percent of Americans who live more than 10 miles from their jobs.

The Forrester, new aircraft carrier has an air conditioning system big enough for two Empire State buildings.

Rhode Island claims that the first jail sentence for a speeding auto driver was imposed in that state—1904.

More than 160,000 National Guardsmen were called to active duty during the fighting in Korea.

Remembers Another Birthday
Mr. and Mrs. Joe Neely visited with her parents, Mr. and Mrs. Clyde Russell Wednesday evening to help Mrs. Russell remember she had another birthday Tuesday.

Mrs. Ira Ricketts attended the B&PW group of CWF Tuesday evening in the home of Mrs. L. Z. Oldham.

Mrs. Troys Riddle and daughter visited Thursday afternoon in the home of an aunt, Mrs. W. P. Caldwell.

P. L. Carmichael spent several days on his farm near Sudan, N. M., putting in a wheat crop.

Young Matrons group of CWF with Mrs. Harold Beauchamp Wednesday evening with seven young matrons present.

Informal Coffee Fetes Guests In Roy Grubbs Home

Mrs. Roy Grubbs was hostess at an informal coffee honoring her mother-in-law, Mrs. Roy Grubbs Sr., of Selma, Ala., and an aunt, Mrs. J. B. Parham of Etawah, Ala., recently at her home. Mesdames Ray and Paul Coneway presided at the coffee service.

Close friends and neighbors attending were Mesdames J. W. Kirby, W. A. Gearn, W. E. Darnell, Dick Barnard, W. J. Stanford, Ray Coneway, Paul Coneway, C. W. Fisher, D. H. Alexander, C. C. Ferguson, Paul Mathers, O. Z. Golden, T. E. Seiger Jr., J. W. Barnett, L. B. Barnett, D. C. McWhorter, Don Little, H. A. Cavness, Bill Lawrence, Bill Waldrep, A. T. Mims, M. W. Nobles, M. Nobles of Amarillo, Earnest Langley, Jim Kirby, Grant Fuller, Sidney Fuller, Ralph Wills, Edith Sheppard, Kenney Gearn and the honorees.

Touring...

(Continued From Page 1)

furnishings collected from many parts of the world. The soft gray entrance hall is furnished with an antique mahogany chest overhung by a mirrored white cast-iron hat rack. The living room and dining room have wall to wall carpets in African-melon color with walls of gray. Over the spinet piano in the living room hangs an oil painting, "The Lady in Blue," by Kimball and Taylor. Rare antique art objects are displayed in the mahogany secretary. Louvred shutters mark the windows over the drop leaf Duncan Fyfe dining table with chairs covered in needlepoint. Little satin-wood tables appear as accessory furnishings and in the dining area an outstanding carved antique sideboard has an oval mahogany framed mirror hanging above. On the sideboard are large pieces of antique glassware and cake stand in the horseshoe pattern.

White wrought iron lighting fixtures give accent to beautiful antique lamps, and unusual objects like a mahogany mantle clock, old handpainted German china globes and many other collector's items. Many rare old paintings are found in other rooms.

Mulberry carpeting and mauve walls with floral drapes and bedspread are used in the bedroom. French Provincial furniture with inlaid design is used and the picture "Curiosity" hangs over the chest of drawers. Adjoining is the bath done in soft gray.

Draft Board Here Adds 25 Youths To Service Roll

The Deaf Smith Selective Service Board has announced the registration of 25 youths who reached their 18th birthdays between Aug. 1, and Oct. 1, 1956. Eleven of these boys are residents of Hereford.

Registrants listed are as follows: Larry D. Rutherford, Hereford; William S. Reinauer, Hereford; Theodore S. Peters, Hereford; John C. Beckman, Canyon;

The guest room has pink walls and pink floral carpeting. Antique brass and copper chandeliers blend with the traditional carved oak furniture. Louvred shutters cover the adjoining bathroom windows where pink walls blend with pink ceramic tile.

Here the table is laid for a formal afternoon tea which carries out the theme for the home "Formal Afternoon Tea."

Nannally Home
"Autumn Patio Entertaining" themes the Sam Nunnally home, 311 Park Ave., where refreshments will be served and Mrs. King's fruit cakes will be sold.

The English type house is of red brick with white trim. In the living room the walls are suntan and carpets are in nutria tones with cornice and drapes of brown fabric, accented with gold threads. Furniture is Victorian in mahogany. The carved frame of the sofa upholstered in rose-beige, matches the pair of wine velvet chairs, as do odd tables and lamps. A spinet piano completes the room. The main point of interest is the grandfather clock, a family heirloom and an antique picture dating back to the year 1500. Oil paintings from the Hamlin collection are also used.

The den just off of the living room, is adapted to modern living on a split floor level plan. The entire east wall of glass is covered by wall drapes. Driftwood wainscoting and blue walls give interesting accent to floors of Quarry tile.

The kitchen, divided from the den by an aquarium of tropical fish, is done in the same suntan color used in the living room. Cabinets and breakfast bar are in mahogany with copper pulls.

The master bedroom has lemon yellow walls with nutria carpet and dark brown draw drapes. The four-poster antique bed is a family heirloom. Adjoining bath is done in tones of tan and brown.

The little girl's room has pink walls, nutria carpet and blue draw drapes. Furniture is white French Provincial.

Ruben G. Fabela, Hereford; Joseph O. Ramirez, Hereford;

Omer L. Crum, Dimmitt; Ladie J. Evan, Dimmitt; Edward L. Vaught, Hereford; John R. Hamilton, Friona; Jose Diaz, Hereford;

Jerry D. James, Springlake; Martin R. Mills, Amarillo; Alva B. Berry, Canyon; Ronald L. Sherman, Hereford; Darrell L. Stine, Dimmitt;

WMU Circles Install New Official Slates

By BETTE JEAN NOLAND

Mrs. Bob Noland accompanied her mother to Amherst Wednesday to visit friends and relatives and on business.

Kay Lynn Scott spent Wednesday night visiting in the home of Bette Walsler.

Ann Lookingbill, a student at Wayland College in Plainview spent Saturday in the home of her parents and family, Mr. and Mrs. L. B. Lookingbill. She returned to college Saturday night.

Kenneth Christie and family and Bill Lookingbill returned Friday from Plainview after they had finished harvesting maize for W. J. Thomas. Mr. Thomas is Mrs. Christie's father.

Attend District Federation
Mrs. Ray Johnson, Mrs. Guy Walsler, and Mrs. L. H. Lookingbill were in Littlefield last Thursday where they attended a Federation Workshop. Mrs. Lookingbill is district chairman of Christianity.

Mrs. Walsler is district chairman of wills and investments, and Mrs. Johnson is district chairman of water and soil conservation. They reported a very interesting meeting.

Rev. Neil Record, pastor of the First Baptist Church of Tulsa, was here for Brotherhood organization Tuesday night. He showed a film of Jerusalem, Jericho and other Biblical points of interest to members of the Brotherhood and their families.

Mrs. L. B. Lookingbill visited Wayland College in Plainview last Monday for the Parents' Day occasion.

Extend Sympathy
We extend our deepest sympathy to Mrs. Bob Noland because of the death of her grandmother, Mrs. Agnes Knox of Amherst. Mrs. Knox died last Thursday at the Deaf Smith County Hospital after a week's illness. Mr. and Mrs. Bob Noland accompanied her parents, Mr. and Mrs. Debbis Knox, and family to Amherst last Saturday for the funeral.

Mr. and Mrs. J. B. Noland have returned home after a short vacation in Colorado. They visited in Rocky Ford and Colorado Springs.

Circles Install Officers
Both the Blanche Grove and the Lottie Moon Circles of the WMU of the Summerfield Baptist Church met Tuesday in the Educational Building for the installation of officers for the coming year. Mrs. Bob Allison of the Avenue Baptist Church was in charge of the installation.

The G. A. organization of the Summerfield Baptist Church met Tuesday with their leader, Charlene Lee, at the church.

Mrs. Ray Johnson and Mrs. Lee Curry attended the meeting of the Nettie Price Slaton Circle at the First Methodist Church in Hereford Wednesday.

Wisconsin Visitor
Mrs. Chas. Noland and Mrs. D. C. Walsler went to Amarillo Friday to meet their brother, Ed Hillwood, who was arriving by TWA for a short visit. He and his family live in Madison, Wis.

Mrs. L. L. Cannon and Mrs. Don Jarkin accompanied Mrs. Guy Walsler on a trip to Canyon Thursday for a district WMU meeting.

Rev. Don Jarkin and Guy Walsler were in Oklahoma Lane Thursday night for a Brotherhood meeting.

Hear Patrolmen
Summerfield Study Club met

last Friday in the home of Mrs. Guy Walsler for a program on "Safety." A film was shown by two members of the Texas Highway Patrol, Joe O'Rear and Joe Maxwell. Refreshments were served to the following members: Mrs. L. L. Cannon, Mrs. Lee Curry, Mrs. J. R. Euler, Mrs. Ray Johnson, Mrs. Earl Lance, Mrs. L. H. Lookingbill, Mrs. K. W. Neill, Mrs. Charles Noland, Mrs. Mack Noland, and the hostess, Mrs. Guy Walsler.

Harvest is in full swing in this community at the present time. Some of the maize is still a little green and will not be harvested until after frost, but a large percent has moved to the elevators in the past two weeks. Also, many of the farmers are gathering their cotton. Other crops that are being harvested are sugar beets, lettuce, carrots and soybeans.

Mrs. J. A. Noland accompanied Rev. Fox of Amarillo to Hobbs, N.M., Friday to attend a church association meeting. They returned home Sunday.

BLACK NEWS
Student Nurse Is Visiting Parents And Friends Here

By MRS. DICK ROCKEY

Miss Anna Jo Southall of Dallas is spending her vacation in the home of her parents, Mr. and Mrs. P. O. Southall, Anna Jo is a student in nursing training in Dallas. She is also visiting her sister and family, the J. R. Braxtons.

Mr. and Mrs. W. G. Crow and family of Hereford spent Sunday in the home of Mr. and Mrs. Leslie Deaton.

Mary Tatum of Lubbock spent the weekend at home visiting her parents, Mr. and Mrs. Ellis Tatum.

Nelson Coon spent the weekend at Throckmorton visiting his father, who has been ill. At the time Coon was there, his father was feeling much better.

Surprise Birthday Party
A surprise birthday party was given Jo Carlisle in the Bruce Parr home last week. Those present to enjoy the party were Janice Bock, Charlotte Bock, Dolores Elmore, Pat Cranfill, Jimmie Patton, John Miller, Bruce Parr and the honoree. The boys planned the party completely, even to baking the cake.

Weekend visitors in the Lloyd Prewett home were her sister and family, Mr. and Mrs. R. L. Bray of Lubbock.

Sunday dinner guests of Mr. and Mrs. Dick Rockey were Mr. and Mrs. Bill Stewart and Mr. and Mrs. Howard Elmore.

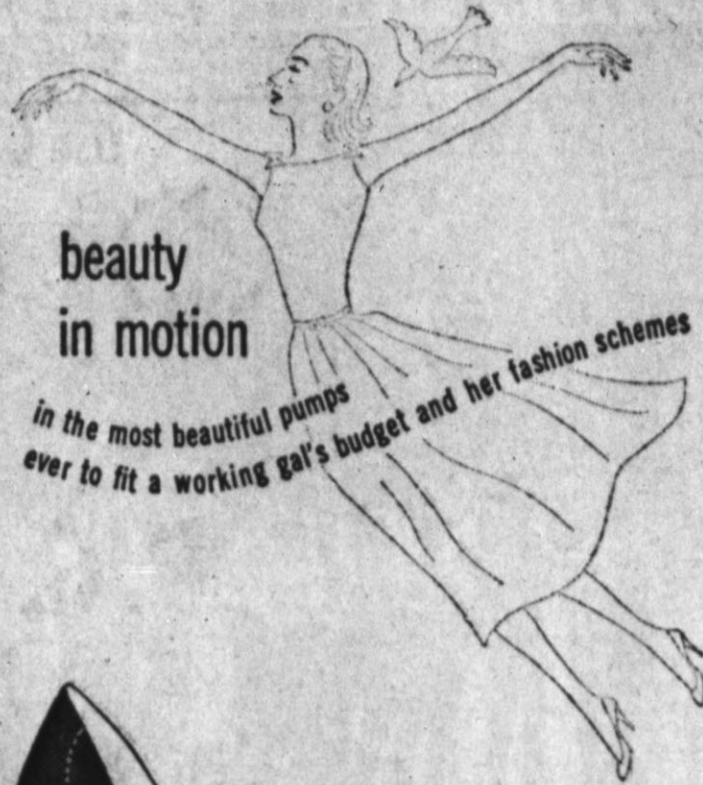

Mr. and Mrs. Bonger spent the weekend in Amarillo visiting her father, who is in the hospital there.

Weekend Guests
Mr. and Mrs. Howard Johns and Mrs. Rose Wolf of Quinlan, Okla., arrived Tuesday for a visit in the Howard Elmore home.

Visitors in the Bruce Parr home this weekend was Louis Hoffill and daughter of Wichita Falls.

A Swedish engineer has designed a special camera to photograph the Northern Lights as a part of a proposed extensive study of the phenomena.

EVENTS AND FEATURES

The Sunday Brand Grade School Sports Plan Extends Benefits To Boys

Several years ago there was instituted in the Hereford school system a physical education program whereby the older boys of the elementary schools might participate in supervised activities after school hours.

This year in the three elementary schools of Hereford, there are 96 boys enrolled in the after-school PE classes. At present, the students are concerned with tag football, but they will follow the sports season with basketball, base ball and track as the year progresses.

Junior Red Cross To Name Officers

Activities of the year were planned at the first meeting of the Junior Red Cross Monday, Mrs. W. W. Buck, sponsor, said the club will elect officers this year to conduct business meetings from time to time. They also hope to have each homeroom elect a representative for the meeting discussions.

Homeroom Officers Named; To Officiate At Meetings

Most of the homerooms in high school have been organized. They now have a president, secretary, and reporter to conduct homeroom meetings.

In Miss Sadye Rigler's room, the president is Nancy Godwin; vice president, Dolly Paetzold; and Molly Price is secretary - treasurer.

President of Claude McDougal's room is Gene Meacham; vice president, Twyla Springer; reporter, LaNell Short. J. C. Reese's class has as president Benny Dement and Carolyn Shirley as secretary.

The homeroom officers of Mrs. Charlotte Calvert's class are Joe Sherman, president; vice president, Doris Willoughby; secretary-treasurer, Bonnie Craig, program committee, Richard Leggett, Ruth Powell, and Dean Hudson. President of Mr. Groves' class is Taylor Sims, and Betty Cates is secretary.

Dwayne Cassels is president of Frank Jones' homeroom with R.C. Welby as vice president and Linda Shaffer as secretary and reporter.

In Mrs. Neill's room, Larry Edwards is president; Alice Kirkland, vice president; Mary Thompson, reporter. The class of Robert Thompson has as president Dorothy Williams, Linda Phillips as the vice president, and Shirley Schulte as secretary.

In Jiggs Hudson's class, Robert Kinsey is president, and Martha Bookout is vice president. Dale Carter is the president of Miss Mary Smith's homeroom with Virginia Brown as vice president and Bill Powder as secretary. Nancy Parsons is president in Mrs. J. J. Durham's homeroom.

Other officers chosen for the year's work are: Jimmy Bradley, membership chairman, Linda Hair, social chairman, Sue Sowell, secretary - treasurer, Buddy Sparks, sergeant-at-arms, Oscar Rameriz, critic, and Mrs. Charlotte Calvert, sponsor.

Others attending the meeting were Eugenia Alexander, Burke Inman, Ruth Dierup, Cleland Me-harg, Mary White, Ronald Corbett, Jimmie Head, Raymond Allen, Joe Sherman, Dale Taylor and Don Hamilton.

Shirley Class Is Publishing News

Sixth graders of Shirley School are now in charge of their own newspaper publication, "The Shirley School News Bulletin." They try to cover all the school events, and print contributions from the students and teachers.

Officers for the publication are Larry Hair, editor-in-chief, Sandra Vaughn, Jan Story, and David Dowel, sports; Randal Long, art editor; Ann Gentry and John Willoughby, copy readers; Charles Mims, make-up editor; and Connie Kent, Patti Skypala, and Dwight McGee, reporters.

school education. The main objective of the instructors' teachings, however, is the gift of being a "good winner," and most important, being a "good loser."

Other Benefits
Several things taught the boys in order for them to adjust themselves to situations they encounter out of school are sportsmanship, muscular coordination, fair play, and learning to work and cooperate with a group as a whole.

Last year, only students who lived in town or close to town were

allowed to enroll in the after-school activities because they could walk home after the period was over. This year, any boy who wishes to take the PE classes may stay, but it is necessary for them to present a note from their parent or guardian indicating that their permission has been granted for the youngster to stay and participate in the activities.

Instructors at the schools are: Charles Duvall, Aikman; Ray Hartman, Central and Shirley School physical education instructor.

Band Members Compete For Weekly Marching Awards

Whiteface band members will probably get more "snap and pep" into their marching in the future, in order to win the honors of being named "Rank of the Week," by band director Charles Bell.

Each week, the ranks will be given the award of free passes to the show by the management of the Star Theatre. The best rank will be chosen each Friday night after the football game, for their performance during the halftime program. They will be selected for outstanding showmanship and precise marching.

Rank leaders are the members mostly responsible for the condition of the ranks. They are allowed to drill the ranks in practice whenever they think it is necessary.

Charlotte Moore, Nancy Godwin and Jane Newsom spoke on letting your light shine in the home, the school, and the community.

Lynda Phillips played the prelude and Elaine Wagoner gave a prayer. Mildred Paul read the scripture.

The meeting was closed with the Lord's Prayer.

Many of the muck areas in Ohio are so heavily infested with the northern root-knot nematode that it is impossible to grow a marketable carrot crop.

Until recently a quarter of the people of India had malaria.

Americans will consume some eight billion frankfurters this year. Linked up, the hot dogs would reach 600,000 miles, more than the distance to the moon and back.

Fire Drill Gets Attention From Student Council

Fire Drill leaders were appointed by Lynn Boomer, president, at the meeting of the high school student council last week.

Lynn Boomer will serve as fire marshal, and floor captains are Terry Higgins and Danny Elliston.

Lieutenants for the second floor are Barbara Jacobs, with Kay Lynn Scott as alternate, for the north stairs; Ella Marie Williams, with Susie Loerwald as alternate, middle stairs; Margaret Burrus, with Gene Meacham, alternate, south stairs.

First floor lieutenants are north door, Beth Scott with Martha Bookout as alternate, middle door and east entrance, Sylvia Wiman with Beth Walser as alternate, and south door and east door, Reid Green with Bill Woodford alternate.

Lieutenants for the gym and the band hall are Larry Edwards and Joe Reimauer.

Members of the council decided, after conferring with the football boys, that the football team will elect the Football Queen this year.

Beth Scott was appointed to represent the student council on the health advisory council.

There are no mountains in the interior of Australia, which cuts rainfall in that vast arid region to a minimum.

About 500,000 aged persons are now being cared for in institutions, even though most older people live at home.

On the average, tugs and trucks lose 10 days' annually for repair.

Tri-Hi-Y Session On Tuesday Night

"Let Your Light So Shine" was the theme of the Tri-Hi-Y meeting Tuesday night at their regular meeting in the band hall. Sue Kirby, president, and Sadye Rigler, sponsor, conducted the meeting.

Charlotte Moore, Nancy Godwin and Jane Newsom spoke on letting your light shine in the home, the school, and the community.

Lynda Phillips played the prelude and Elaine Wagoner gave a prayer. Mildred Paul read the scripture.

A survey made in 1934 indicated that erosion had badly damaged more than 280 million acres of crop and grazing land.

CENTRAL SCHOOL students observed flag raising ceremonies Wednesday morning with three sixth grade Boy Scouts assisting with the ceremonies of raising the flag and giving the pledge of alliance. Preceding the ceremonies, the students of Central School held fire drills. (Staff Photo)

Drills, Posters And Rides Are Fire Prevention Week Highlights

Regular school activities in safety and health gave way to fire prevention emphasis during the past week as National Fire Prevention Week was observed.

Posters prepared by students in class projects appeared on bulletin boards, along with safety slogans and mottoes children submitted to their teachers.

Fire Drills Held
Special fire drills were held in the schools as a part of the week's observances, and school authorities said that drills will be held once a month throughout the year.

In their practice drills, held on Tuesday, high school students cleared the building in a minute and 45 seconds. Assistant Principal Bill Phillips complimented the students on their performance but pointed out that time could be cut down through complete cooperation on the part of all students.

All other Hereford schools also held the fire drills during the past week.

Many Rode Fire Trucks
Many of the school projects were carried out in cooperation with the local fire department. Firemen made the week memorable for the first and second graders in all Hereford schools by giving them rides on fire trucks. About 550 students from Central, Shirley, Aikman, Parkview and St. Anthony's rode on the truck during the rides Tuesday, Wednesday and Thursday.

Supt. Fred J. Cunningham pointed out that the instructional program in fire prevention in the local schools meets the standards of

the State Fire Insurance Commission. Mrs. Sherrod, a representative of that commission, was in Hereford this week and conferred with school officials. It was emphasized that fire prevention and safety drills are taught throughout the year.

NOTES OUT OF SCHOOL

Report World Series Fever Gripped Students, Faculty

AS SOME SENIORS SEE IT

Wonder how much work the teachers got from the students last week? The World Series seemed to have their attention. Every day during the game the teachers allowed it to be broadcast in their rooms. Lucky for the students—most of the teachers are baseball fans.

Don't pay attention to the moans and groans of the student body. They probably just received their picture proofs. Kids, don't take it so hard. Not all pictures tell the truth.

Fun In Class
In speech studies this week are studying the body movements of a speaker. They brought pictures of different speakers and audiences and showed them on the opaque machine. Have you ever seen a machine like this? It makes studying a pleasure, and you don't want to miss class.

JOTS FROM A JUNIOR
Remember students, Monday is the last day to buy the 1957 year-books!

We think the annual pictures are exceptionally good this year. Especially Gene Waits with his checked coat, dotted shirt, and printed tie!

Chick Weemes and Buddy Jowell ought to be more careful with the things they pass around in speech class! And, in general, Buddy Jowell ought to be more careful on the draw!

SOPHOMORE SCRIBBLINGS
There is a rash of football injuries going around now. Among the injured are, Ron Cook who

suffered a broken bone in his foot, Danny Martin who is on crutches from a broken ankle, Bobby Burus who broke his knee cap and is also on crutches, Jerry Malone who walks with a cane because of a foot injury, Buddy Jowell who renewed an old injury in his leg, Richard Leggett and Richard Jesko who have broken arms, while Bobby Shelton and George Heard have suffered misplaced shoulders.

Classes will probably settle down now that the World Series are over. Mrs. Buck surely did talk and plead with the Dodgers, but it didn't do much good. Lots of Yankee fans made a lot of money from the games.

The speech club has been organized this year, and the members are reading plays to suggest for the All School play. Everyone is interested and we hope to have a very good production again this year. Present temporary officers are Nancy Cockrill, chairman and Carolyn Shirley, secretary.

FRESHMAN FINDINGS
As freshmen, we think we do a pretty good job of yelling at the football games, but oh — those lazy upperclassmen!

They're always telling us to "get on the ball" . . . well, why don't they practice what they preach?

Be on the lookout for a new fad that several of the girls have gotten up. It's a real cute idea that will be especially nice when it gets colder.

After Game Activities
Several of the churches have planned after-football game activities for the young people. We think this is a real good idea, and we really appreciate this effort the churches are putting out.

Don't you think it was nice of the faculty to let us listen to the

"series," even if some of us did come out in the 'hole, financially speaking?

Fifteen RAHS for the Whitefaces! Let's get behind them and — on to Victory!

A STUDENT'S VIEWS

School Spirit Best Defined At Graduation

By KEE SKYPALA
What is school spirit? I've often wondered about this question. We read articles about school spirit, but do we really grasp the meaning of it?

To me, school spirit is the friendliness of the students, the way they cooperate with teachers and each other, and their feeling toward their school, whether at ball games in the hall, or in ordinary conversation. It is the thing that determines their actions whether they win or lose in anything they undertake.

Until you are a senior and are ready to leave high school, you'll never realize what these four years have meant to you. We should try to make these years the very happiest. Whether or not they are happy depends upon the school colder.

Do you feel that these are your happiest years? If you don't you had better do something about the school spirit now.

The low point in total farm income and in percentage of national income occurred in the depression years of 1932 and 1934.

School Lunch Menu

The following menus are published each week by The Brand as a public service. The head cooks of each cafeteria and Supt. Fred J. Cunningham plan the menus for students. The following menus are for Oct. 15-19.

MONDAY
Meat Balls and Spaghetti
Green Beans
Sliced Tomatoes
Bread
Milk
Ice Cream Sticks

TUESDAY
Beef Steak
Buttered Potatoes
Green Vegetable Salad
Pineapple and Apricot Cobbler
French Bread
Milk

WEDNESDAY
Irish Stew
Potatoes
Onions
Apples
Bread
Milk

THURSDAY
Roast Beef and Gravy
Buttered Potatoes
Sliced Tomatoes
Peach Cobbler
Bread
Milk

FRIDAY
Hamburgers
Milk
Cookies
Potato Chips
Fruit Jello

JUNIOR CLASS OFFICERS of Hereford High School are Charlotte Moore, left, president; Wade Douglas, vice-president; Joan Brown, secretary; and Joann Fowlkes, treasurer. Among these busy students many activities this year will be the planning of the Junior-Senior banquet, which is held in the early spring. (Staff Photo)

81 Attend Speech Club's First Meeting Of Season

Eighty one students attended the first meeting of Hereford High's new Speech Club in the auditorium during activity period recently.

Mrs. Elmer Patterson, sponsor, explained that the purpose of the club will be to give interested students more practice in speech activities, such as Interscholastic League events, including declamation, one-act plays, debate, poetry reading, and extemporaneous speaking. She said plans will be made for participation in the an-

nual speech day at Texas Tech in November.

Nancy Cockrill was named temporary chairman and Carolyn Shirley was elected temporary secretary.

Following the meeting, the temporary officers and Mrs. Patterson named the following committees: Constitution and By-Laws, Bill Woodford, chairman, LaVera Head, Norma Hamby, Douglas Womble and Virginia Cox.

It's Your AMERICA

LIBERTY REGAINED

A PENNSYLVANIA PUBLISHER, THOMAS COOPER, AND A VERMONT CONGRESSMAN, MATTHEW LYON, WERE FINED AND JAILED UNDER THE ALIEN AND SEDITION ACT OF JULY 18, 1956, FOR CRITICIZING PRESIDENT JOHN ADAMS. TWENTY-FIVE OTHER AMERICANS WERE ARRESTED AND PERSECUTED UNDER THE SAME ACT, WHICH FOR A SHORT TIME THREATENED TO DESTROY AMERICAN LIBERTY.

THOMAS COOPER FOUGHT AGAINST THIS "LAW OF TERROR" AND WHEN ELECTED PRESIDENT IMMEDIATELY PARDONED THOSE CONVICTED.

...OVER 60 YEARS LATER, CONGRESS AUTHORIZED PARDONMENT OF THE FINES, WITH INTEREST, TO THE HEIRS OF COOPER AND LYON.

AMERICA STANDS FOR THE INALIENABLE RIGHTS OF INDIVIDUALS TO CRITICIZE, TO DEBATE, TO ASSEMBLE FREELY AND BOLLY - FUNDAMENTAL RIGHTS IN A FREE SOCIETY - HARD-WON RIGHTS REQUIRING CONSTANT VIGILANT PROTECTION.

MISS WOOL BEGINS TOUR—"Miss Wool of 1956," Earline Whitt, 21, of Austin, is shown as she made her first official reigning appearance in New York. She will visit style centers in the U. S. modeling her \$4,000 all-wool wardrobe. (AP Wirephoto)

SOIL CONSERVATION NEWS

Easy Way Proves Best For Returning Land To Grass

By JIM WIMAN

In talking with Faust Collier of the ASC, we find that interest is running high in the conservation reserve phase of the soil bank program. When a man has gone for five years without enough rain to make a harvest, it's not hard to provide a return for his investment in the land.

We overheard Cecil Guseman say yesterday that he had only received four inches of rain since Jan. 1. A lot of people haven't received any more. Nine dollars per acre as promised in the soil bank may not be a big return but it's a whole lot more than nothing.

Need Patience

To be eligible for the nine dollars a farmer must agree to return the land to grass and leave it there for a period of five or 10 years. Returning land to grass is not the easiest thing in the world but takes more patience than it does effort. In fact there's not a lot of work involved.

A lot of people with good intentions have worked too much at grass planting and as a result their plantings have been, for the most part, failures. The seedbed we fix for most of our field crops would be most undesirable for grass. Of course no cultivation can be used after the planting is made so there is not a lot of work to do.

Develop Seeding Plan
The Soil Conservation Service, working through Soil Conservation Districts all over the country, has developed a simple procedure for planting grasses under dryland conditions in the southwest that has proven very successful. Of course there are failures regardless of the system used but these failures will be kept at a minimum if the system outlined here is followed:

Drill sudan or one of the sorghums in the last half of July. This is to serve as a cover crop and is planted late so that it won't make a seed crop. Don't graze, plow, harrow or do anything to this cover. The following spring, not later than April 15, using a grass drill made for the purpose, plant a grass or mixture of grasses suited to the conditions we have here.

Need Exact Information
There's no way to prescribe the best grass or mixture without

knowing exactly what kind of soil it will be planted in.

The SCS, as in past years, is glad to furnish whatever help it can in selecting grasses, to cooperators of the Soil Conservation District. The native grasses such as blue grama, sideoats grama and buffalo grass for the most part will be used. However such grasses as weeping lovegrass or blue panic grass will be alright for some conditions. When you get beyond these, you are experimenting and are more apt to have failures.

Weeds Prove Problem
The dead cover of sudan or sorghum will furnish protection for the small grass plants without competing with them for moisture. Of course weeds will come but by getting the grass in early, it has a chance to compete on equal terms with the weeds for the moisture.

Mowing for weed control is important the first year and will help the second. If mowings are not given, we will see some wonderful tumble weed patches. After two years the grass, with reasonable conditions, should be far enough along to pretty well take care of the weeds.

Every Woman Wants Glamor Department

By VIVIAN BROWN
AP Newsfeatures Beauty Editor

If you're re-decorating your home, make room for a vanity table.

Put it in bathroom, foyer, bedroom or in its own special powder room, and be prepared to use it.

TENDER TOUCH—Her cleansing tissues are soft, kind to her face. The attractive gold and white striped box looks smart on a well-stocked vanity table.

The new look of elegance, with emphasis on beauty treatment, coiffure and makeup in the lady-like manner that is the mode of the moment, requires careful appraisal of grooming aids.

What are the important things to have on your beauty table this season?

Beauty mask is one requirement, because the skin must be kept clear for the new translucent look.

A clear and unclouded foundation cream that offers pearly luminance is another must. Clear lipsticks and pale powder are two essentials. Ditto eye makeup.

Keep your cleansing cream handy. All makeup must be removed to get that all-clear effect. Cleansing tissues should be handy so you will not be tempted to sluff off the important job of removing every vestige of makeup. New tissues are softer, more lint-free than before, available in a decorative gold and white striped box, a complement to any dressing table.

A chignon and chignon hair pins are other items that will probably be kept handy at the dressing table. The chignon is effective, too, for the short-haired girl who desires hurry-up glamor even though her hair is not the right length for the new hairdos.

You'll keep finger and toenail implements handy. Hands need to be graceful and well-groomed. The trend to sandal shoes for dates, and sheer hosiery that puts toes in the peek-a-boo category requires just as good care of toenails as fingernails.

Telephone Tricks Program Is Heard By Young Mothers

Roll call was answered by members telling of telephone tricks experienced by their children at the regular meeting of Young Mother's Study Club Tuesday night in the home of Mrs. Bill Stanford.

The program, dealing with the telephone problem, was presented by Mrs. Craig Johnson, who advised parents to make telephone calls while their children are preoccupied or watching television. She also stressed the importance

of training children to answer the phone courteously and to relay a message correctly.

During the business period, Mrs. L. H. Lookingbill Jr., president, appointed a committee to make plans for the club's participation in the Red Cross table show benefit to be held on Nov. 3. Those named were Mesdames H. A. Cavness, Jess Robinson, and Bill Brady.

Attending the session were Mesdames Jimmy Bownds, Bill Brady, H. A. Cavness, Hugh Clearman, Gerald Hale, Craig Johnson, Rex Lee, L. H. Lookingbill Jr., Clinton Massie, Gwynne Owen, Jess Robinson, Arthur Dean, Kenneth Weaver and the hostess.

Ceramic Art Club Issues Invitation

A tea will be held in the home of Mrs. W. H. Awtry Sr., on Nov. 14, for members of the Hereford Ceramic Art Club, it was decided at a meeting Wednesday. The meeting was held in the home of Mrs. Leon W. Denton, president.

Mesdames Carl Gilliland, J. R. Hickman and Glenn Boardman were appointed to prepare the yearbook.

Anyone interested in china painting or ceramic arts is urged to join the club. Dues are \$1 a year.

The 938-million-bushel U. S. wheat crop in 1955 was the smallest since 1943.

Try Hearty Spaghetti Sauces

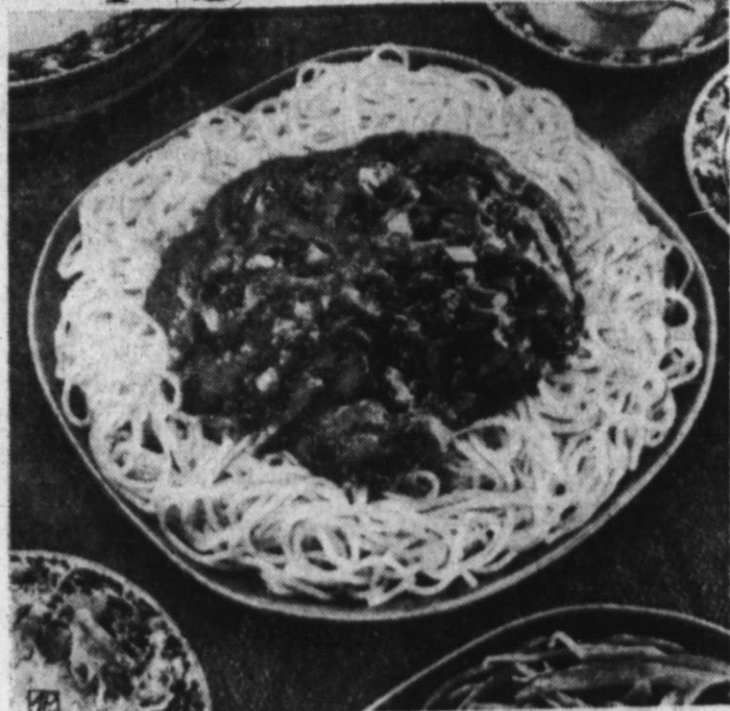

By CECILY BROWNSTONE
Associated Press Food Editor

Try these spaghetti sauces now. Then, if your family likes them, you'll have them to bank on for economical and quick main dishes all winter long.

One of the recipes combines tomatoes and clams—a combination that has been favored fare in many coastal towns and cities for years. But now that there are excellent canned minced clams available, this combination is bound to win inland praise. Put this sauce together quickly and let it cook over low heat for about an hour and a half; you can go about other household chores during this time because the sauce will need no more attention than an occasional stir.

The other recipe is the good old tomato-meat combination—brought up to date with a time-saving canned spaghetti sauce and ground beef. We find that several brands of these meatless tomato spaghetti sauces are very good indeed; shop around and try several until you find the one your family likes best.

Again, when you are shopping for the spaghetti to serve with the sauces, remember that you can get

TOMATO SAUCE WITH CLAMS . . . for spaghetti

the regular or the thin variety.
SPAGHETTI WITH CLAM SAUCE
Ingredients: 1 can (1 pound) to-

matoes, 1 can (6 ounces) tomato paste, 1/4 cup chopped onion, 1/3 cup chopped green pepper, 1 clove garlic (minced), 2 teaspoons salt, 1 teaspoon dried crushed oregano, 1 can (10 1/2 ounces) minced clams, 3 quarts boiling water, 1 tablespoon salt, 8 ounces spaghetti.

Method: In a saucepan, thoroughly mix the tomatoes, tomato paste, onions, green pepper, garlic, 2 teaspoons salt and oregano. Cook over low heat about 1 1/2 hours, stirring occasionally. (Use an asbestos pad under the saucepan if necessary to keep heat low.) Add clams, including liquid in can; heat but do not boil. About 10 minutes before sauce is done, add 1 tablespoon salt to the rapidly boiling water. Gradually add spaghetti so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Serve sauce over spaghetti. Makes 4 to 6 servings.

Note: To keep spaghetti long and unbroken, do not push top ends down into boiling water until bottom ends are flabby.

SPAGHETTI WITH SPEEDY MEAT SAUCE

Ingredients: 1 tablespoon olive oil, 1/2 pound ground beef chuck, 1 can (10 1/2 ounces) meatless tomato spaghetti sauce, salt, pepper, 3 quarts boiling water, 8 ounces spaghetti.

Method: Heat olive oil in saucepan or skillet. Add beef and cook until it loses its red color, mashing with a fork to crumble. Add sauce and salt and pepper to taste; simmer about 10 minutes, stirring a few times. Meanwhile, add 1 tablespoon salt to rapidly boiling water. Gradually add spaghetti so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Serve sauce over spaghetti. Makes 4 servings.

There is an average of 1.9 police officers for every 1,000 persons in the population of the U. S.

WALCOTT NEWS

Birdwatching Is A Natural-Bird Invades Class

By MRS. T. L. COLLINS

Mr. and Mrs. Chester Minyen and family made a trip to Wayne, Okla., this weekend to visit with their parents and other relatives. They found his mother in fair condition, but his father is very ill.

Mr. and Mrs. Melvin Henderson, Sidney and Billy made a business trip to Loveland Tuesday. They also visited his parents and other relatives. Keith spent the night with John Perrin, while Ronny enjoyed being with John Hall.

Elizabeth Burrus was in Deaf Smith County Hospital Monday. She is recovering from an intestinal infection and will soon be back in school.

Jimmy Monroe received a broken jaw and teeth Monday while helping brand cattle on the Guseman Ranch. He is recovering very well.

Visit With Parents

Mr. and Mrs. J. M. Payne, Darla and Larry of Hereford spent Wednesday evening in the home of her parents, Mr. and Mrs. Joe Rader.

Walcott School News

Assembly was held in Walcott School auditorium on Wednesday

morning. A short film was shown, "Seconds Count," which showed the "back pressure-arm lift" method of artificial respiration.

Fifth and sixth grade boys and girls gave the program. "Early American Flags" were presented in model-form with a description of each given to the audience. Carl Myers told of the Continental Flag, Lily Hutson of the Fort Molyer Flag, Diana Bias, Liberty Tree Flag, Leo Roberson, Oliver Perry Flag, James Burrus, Bennington Flag, Kathryn Burrus, Culpepper Flag.

Group singing of "Work for the Night is Coming," "Old Black Joe," "John Brown's Body," and "Long, Long Ago," was enjoyed by all the student body, with Mrs. A. L. Shelton playing the piano.

A short skit with a noisy ending was enjoyed. Clyde Lockhart was the Indian whose land was being covered. Steve Patton and David Hutson were uranium hunters, who bumped into trouble from the gun of Nevada Bill, played by George Steward.

Bird-watching Students

A lone road-runner came around our school building Wednesday afternoon. He walked proudly, stepping lively, and all of us got a good look at him. He sure left some boys behind who thought they might catch him. We have also seen a covey of quail, walking about the school yard this week.

P-TA will meet for its regular meeting on Friday night, Oct. 19,

At The Movies

MAN IN THE GRAY FLANNEL SUIT

"The Man In The Gray Flannel Suit," opening today at the Star Theatre, is a picture about a man in a gray flannel suit, a fairly universal figure in mid-twentieth century America, it is also about the Rath family, the impact of World War II, big business and the broad, casting industry.

Men, who carry home brief cases every night in their struggle to keep up with the terrific pace of life as most business men live it today, will find in Gregory Peck, a bond of sympathy. For women, Gregory's wife, Jennifer Jones, will exemplify the life of many a suburbanite, and for the business tycoon, Fredric March, the broadcasting company president who works 20 hours a day, neglects his family and carries the burden of the company single-handed, will touch a responsive chord.

The picture tells how Tom Rath, a paratrooper who killed 17 men in the war, returns home to live in Connecticut with his wife and three children; how he becomes a junior executive in a broadcasting

at 8 p.m. the purpose is to make final plans for the Halloween Carnival.

company and relives in memory the romance he had with an Italian girl in Rome which resulted in the birth of a son. He finally reveals his secret to his wife in this story of the struggle of a man to adapt himself from the relative security of an olive drab uniform to the insecurity of gray flannel. This picture shows Sunday, Monday and Tuesday at the Star.

HILDA CRANE

Jean Simmons plays a modern sophisticate of highly questionable morals, in "Hilda Crane," showing Wednesday and Thursday at the Star Theatre. Returning to her home town after a fruitless effort

to find happiness in the big city which was distinguished by two broken marriages and a number of affairs, she seeks to start afresh.

Miss Simmons gets strong support from Guy Madison as the loyal suitor and from Jean Pierre Aumont, as the paramour who plays upon the weaknesses in Hilda's character.

U.S. farms had less than 1,000 motor trucks in 1910; 2 1/2 million in 1953.

The first model railroads were manufactured around 1830.

Section Three

Until A New System Comes Along

Careful Planning Is Best Alternate On School Ills

The school board, according to recent reports, once again faces a dilemma as regards housing.

The situation is certainly nothing new. It is so constant, in fact, that it might even be classified as a sore spot with students, faculty, taxpayers and, more especially, with members of the school board.

Cause of the situation has been attributed to just about everything imaginable. Some people blame the school system, others term the faculty, administrators and board members as "spendthrifts." Most people, however, attribute the situation to "growing pains." A few are beginning to wonder "when and if" a saturation point will ever be reached. In fact, there seems to be about as many answers as there are people.

On the other hand, we have long maintained and at the present time have a school system of which we can well be proud. In our opinion, the trustees, administrators and faculty are operating the system in a practical manner and as economically as possible in meeting Texas' minimum requirements.

Schools all over the nation are facing the same troubles. Some in a more acute degree, others on a lesser scale. Hereford is no exception among the growing communities in the United States. Basically, the situation might be traced back to the factor of "mass education." If we continue with the plan, we can certainly expect to pay for it.

Hereford, in addition, is peculiar to most other schools in the nation in view of the fact that it is providing educational facilities for a large portion of the entire county, rather than the town. This plan was adopted (even against the wishes of some of the communities) several years back—and from the standpoint of economy and efficient operation, it appears to have worked out very well. However, in looking at the problem it is well to recall that Deaf Smith County is the fifth largest county in the vast State of Texas—and that it is one of the few counties in the state with only one high school.

The situation is generally a result of geography and sparse population. At the time, there appeared to be no better plan of handling the situation and, apparently, none has appeared during the intervening years. Nevertheless, the rural high school plan was not formulated primarily to handle city schools, and it is bound to present complications.

Present indications point toward a need for additional school facilities for next year, and most certainly in 1958. Location of another high school in the county, despite pres-

ent long-distance transportation woes, is definitely impractical—even if current district indebtedness would permit such a move. The logical step, therefore, appears in the form of adding to our present building to handle the larger volume of students. This also means that the situation will, sooner or later, demand a new junior high school and another elementary school. When you heap this burden upon an already heavily taxed district, you are bound to have complaints. Furthermore, experience has taught us that federal administration of funds would be far more costly than our present form of school taxation and operation. Anything, in our opinion, would be better than federal control.

While it cannot provide a panacea for our troubles, it does seem practical to institute some large scale, long-range planning committee on the subject of schools. If a planning committee, touching and representing all parts of the rural high school district, joined with the trustees, administration and faculty, doubtless a more thorough understanding of conditions and needs would result. Such a committee could also help determine types and cost of construction, which sooner or later become problems of general scope.

Meanwhile, we can rest assured that this will not be the last of our school problems. The cost of buildings is small, compared with the cost of employing people and operating school systems. As the number of buildings increase, the operations budgets will also soar to new heights.

There is only one answer in the United States of America in 1956: If you have children, you must have schools! If you have schools, you must pay for them!

Our 'Rock Hunters'

Among the unsung heroes of the present generation are the "rock hunters" of the Southwest.

Hereford, for instance, has a half-dozen or more men who enjoy nothing better than digging in ruins to recover relics of centuries past. To these people, hunting relics is a hobby. Instead of hunting, fishing or golf, they pack up and go out on "rock hunts."

Due to their superior numbers, personal study and intense interest, these individuals have come to possess treasures which are often the envy of colleges and museums. It is indeed a case where the amateur more often outdoes the professional.

In recognition of their achievement, the community might well sponsor an exhibit of such relics. Generally speaking, these amateurs are rendering a distinct service to humanity which, in years to come, might well overshadow other accomplishments of the times. In addition, they usually ask no greater reward than showing off their finds to interested fellowmen.

A New Dormitory

Dedication of the new Jim Hill dormitory at Boys Ranch today marks an event of interest to every man, woman and child in the Panhandle.

To the people of Hereford, it should hold added significance in view of the fact that money to build the structure was made possible by the estate of the late Jim Hill, a resident of Hereford and Deaf Smith County.

Several times we have lauded various endeavors of the Hill Estate, including the local cemetery perpetual care plan and the new wing to the county hospital. The new dormitory at Boys Ranch ranks with these endeavors in long range philanthropy.

The Hill Estate is also to be commended on the fact that it apparently is making a serious effort to intelligently put some of its wealth back into the community and the area which made the estate possible. Too often, assets are whisked away to downstate institutions or out-of-state places, while those at home go destitute and are completely ignored. The situation might even be compared with soil conservation. If you continually take from the soil, but never care for it or return any elements, it is bound to suffer seriously. The same is true of communities.

BRAND CORRESPONDENTS

Dawn News Is Gathered By A Newcomer To Community

One of the younger Brand correspondents, Della Ruth Dow, likes to make most of her news contacts by personal calls in the homes of folks in the Dawn Community.

In this way, she is able to meet people and learn to know them better. She is also able to meet relatives and friends of the folks in the community.

Only five months after moving to Dawn Community, Della Ruth began writing the column. In January of this year, the former correspondent turned the column over to Della Ruth. She has been writing regularly since then except for the month she and her mother spent in California on vacation this summer.

Born in Dumas, Tex., on Sept. 16, 1937, Della Ruth has attended schools in Waynoka, Okla.; Bovina,

DELLA RUTH DOW

Dumas, Dawn, and she graduated from Hereford High School this spring. She is now living at home

with her parents, Mr. and Mrs. H. C. Dow. She has two sisters and one brother, none of whom live in this area.

"If my column isn't in the paper, community folks always ask me about the news," states Della Ruth. Her family likes to read the column in the paper among the first articles.

Hobbies of Della Ruth are huck weaving and sewing. She also enjoys going visiting, which is very important in her job, and going to church.

Work on the Dawn News column takes the young correspondent about two hours a week, and she enjoys covering the social gatherings in the community.

"Although I can't get to see all the people I'd like to," says Miss Dow. "I enjoy making personal contacts rather than using the telephone."

QUESTION OF THE WEEK

Atomic Power Most Often Cited Scientific Advance

What do you consider the greatest scientific advance of the past half century and why?

MRS. ROBERT L. THOMPSON: For the good of mankind, the miracle drugs are the greatest advancement rather than the atomic bomb.

MRS. HOWARD DAVENPORT: Electricity, because of the improvements in living that have been brought about as the result of electricity and because there are so many things that could not be done without the help of electricity.

JIM CONNELL: The atomic bomb because it is going to revolutionize our lives. Our way of life is changing daily because of the bomb's influence.

MARVIN KEARNS: Atomic energy because it is so versatile and is so much cheaper than other sources of power. So many things will soon be operated by atomic power.

MRS. ELMER MATHIES: Atomic energy, but for the good of men, women and children, the most useful advances have been made in the field of medicine, particularly in the cure of cancer and polio.

BOB MANNING: Atomic energy because science has already done and will do lots of things with it.

EARL STAGNER: The advancements have been made in the field of electronics, and particularly nuclear weapons and jet airplanes. Since World War II, the weapons and airplanes used have become obsolete. The domestic uses of electronics such as the development of television and stoves have included improvements. Great advancements have also been made in the medical field with the development of the miracle drugs and a possible conqueror of polio.

W. H. GOETSCH: Farm tractors. If we didn't have agriculture, what would we eat? Farmers have to have tractors to carry on their work.

'Harmless' Boric Acid Can Poison Your Baby's Blood

By Dorothy V. Whipple, M.D.

AP Newsfeatures

Boric acid is a poison and capable of making babies sick. Boric acid has been used for years. It is only recently that science has traced certain cases of serious illness and even death in babies to poisoning with boric acid.

Boric acid used on a healthy skin case on a baby, but used on an injured skin enough can be absorbed to cause trouble.

A baby gets a diaper rash, mother applies generous amounts of pure powdered boric acid, or a boric acid ointment to the inflamed skin. The baby wets his diapers, and the combination of urine and the boric acid makes it easy for the drug to go right through the injured skin and into the baby's blood and cause symptoms of poisoning. One of these symptoms is a rash. With the appearance of more rash not only in the diaper region but elsewhere on the baby's body mother redoubles her efforts, puts on more and more boric acid.

After four or five days the baby is really sick. He has not only a bad diaper rash but the skin on the rest of his body is inflamed too. He has prob-

ably developed diarrhea and vomiting.

Unless the boric acid treatment is stopped immediately that baby will get worse and worse.

Two doctors from Montreal have recently reported the stories of four infants brought to their hospital suffering from boric acid poisoning, one of them died. All four had had a diaper rash treated with boric acid.

Another doctor in New York reported three cases of boric acid poisoning in young infants. One of his cases died.

Recently the chief medical examiner for the State of Maryland reported the deaths of six infants due to boric acid poisoning. The cause: powdered boric acid repeatedly applied to an area of diaper rash.

It's only recent that doctors have been sure that boric acid is the cause of these deaths. Probably a great many more cases of illness due to smaller amounts of boric acid have occurred and have not been recognized as caused by boric acid.

This knowledge about the dangers of boric acid is so new that any number of busy doctors may not yet know about it. It takes time to get old habits changed. Doctors, mothers, grandmothers, have used boric acid for years. Most of the time it has done no harm. In those cases where it has caused illness nobody realized just what it was that made the baby sick. Now the facts are clear and it's high time to stop using powdered boric acid or a boric acid ointment on a baby's skin.

Bible Words for Today

LUKE 9:20—"He said to them, 'But who do you say that I am?' And Peter answered, 'The Christ of God.'" (R.S.V.)

God sent His Son into the world so that every man would some day respond to this question as did Peter. For only as every man answers this central query concerning his life and destiny will the day come when "every knee shall bow and every tongue adore Him."

The great affirmation of Christ as Savior and Lord of life was made first by a man like we are. As Peter lived out his days in obedience to the belief he here put into words he became a witness, an apostle and at last a martyr—all for the sake of Christ and the Gospel. For this fisherman who became a fisher of men, Christ was all in all. His great confession of faith was not made with his lips alone, but with the whole of his life. To this same great affirmation and to this same great commitment each of us is called.

The Rev. Sheldon E. Mackey, D.D., Administrative Assistant to the President, Evangelical and Reformed Church Philadelphia, Pa.

Panhandle Paragraphs

CABBAGE INCREASES AS TOMATOES DROP

With the cabbage crop ready to begin moving in considerable volume next week, a spokesman of Floydada said it appeared growers would have a fairly good market for their crop. He also said \$20 to \$25 per ton is in prospect as a price. He operates a grading and sorting plant at Barwise. The market demand for cabbage in the north and east is amply cared for by fields nearer to those markets and none of the Floyd county product is likely to go in that direction, the spokesman said. Meanwhile, the tomato crop is being harvested on a salvage basis. Most of the crop the last two weeks has gone to canneries in South Texas and Arkansas.—THE FLOYD COUNTY HESPERIAN.

NEW FRIONA HOSPITAL MOVE SLATED

D-Day is over for the Farmer County Community hospital. It was Saturday when equipment, patients, and "the works" were transported a block north to the shiny new building in the final stages of construction. "Everyone on the hospital staff was just about delirious over it," says Jimmy Baxter, hospital manager. He has been one of the primary workers in making the new building a reality. The Friona Lions Club assisted in the moving, and ladies of the Hospital Auxiliary served breakfast and dinner to the workers.—THE FRIONA STAR.

—pp—

GOOD CITY CONSTRUCTION IN DIMMITT

Construction in Dimmitt, while considerably off last year's comparable averages, is still moving along at a healthy clip. During the first nine months of this year, a total of \$562,242 was spent on construction within the city limits. In addition to this figure, taken from carbon copies of building permits issued at the city hall, one grain elevator was constructed this year just outside the city limits which would have swelled this figure to around \$800,000. Last year, Dimmitt, for the first time in its history, passed the \$1,000,000 mark in October. This year the end of October should see something like \$590,000 spent on residential and business construction.—THE CASTRO COUNTY NEWS.

—pp—

FARWELL TAX RATE INCREASED

Tax rate for the City of Farwell has been increased from 60 cents to 84 cents per \$100 valuation. The increase will go into effect on the 1956 taxes, which are now payable. The reason for the increase is for retiring bonds which were approved in the amount of \$25,500 in a recent election. The bonds are being sold for purpose of acquiring a new fire station and adding extensions to the city's sewer system.—THE STATE LINE TRIUNE.

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm discusses sitting down as opposed to working this week, one subject on which he must be an authority.

Dear editor:

I made a special trip into town yesterday to get hold of a newspaper to find out what my economic index was for this week. As I understand it, the government in Washington now knows more about whether a man is well off than he does himself and about every two weeks issues a set of figures showing whether the prosperity index is two points up or down, holding its own, etc., and while I have never been able to get a bank to honor my checks on the strength of a jump upward in the economic index, I like to get these reports.

According to this one, the country is now at its highest peak of prosperity in history, and while the figures have the same meaning to me that the figures showing the nation was at its healthiest peak in history would have to a man in the hospital, still I've always contended there was an advantage in being busted during prosperity instead of a depression. Even if you aren't inside the stadium watching the game, there's some satisfaction in hearing the cheers of the crowd and imagining what's going on.

But don't get the idea that I'm complaining. I know there are people in Washington who say if I'd get up and go to work, I'd be better off, but that's because whoever said that doesn't know how much pleasure there is in sitting under a shade tree watching the month of October unfold, and if anybody in Washington thinks I'd be happier if I leaped on my tractor and started stirring up the dust, he either likes dust better than I do or he hasn't got a calendar. Furthermore, there are people who also say if a lot of government people would get up and go to work, they'd be better off, or at least the country would, but I want it understood I'm perfectly neutral in this.

Whether a man gets up or sits, is a matter for him to decide, doesn't make any difference whether he's sitting out here on my farm or in a swivel chair in Washington. And as far as the country is concerned, it's about as well off with some people sitting. There's nothing personal in this, but where were you when you read this?

Yours faithfully,
J. A.

ATTENTIVE AT HEARING—Assistant Attorney General Davis Grant, standing, listens with Elbert L. Morrow, another assistant, seated, and Judge Otis T. Dunagan as an attorney for the NAACP asks a question of John H. Minton Jr., Assistant Attorney General, left, during the hearing in District Court at Tyler. (AP Wirephoto)

Garden Beautiful Club Makes Final Home Tour Plans

Garden Beautiful Club made final plans for the annual Tour of Homes scheduled for Oct. 19 at the regular meeting held Friday, afternoon in the home of Mrs. V.O. Hennen. Mrs. B. E. Roberson is general chairman. Committees were appointed and decorative plans for the homes to be visited were discussed.

Following the business session, the entire group visited flower gardens at the Gaston Baer home and at the home of Mr. and Mrs. Robert Veigel.

Those attending were Mesdames Howard Armstrong, Tom Carter, Ray Cowser, S. L. Easley, Wayne Edwards, E. W. Harrison, Charles Hood, D. C. Kinsey, F. P. Lyons, Ansel McDowell, Dick Miller, Joe Reinauer, B. E. Roberson, D. B. Roberson, Mary Seigler, Roy Smith, Robert Veigel, J. L. Woodford, Miss Frances Turrentine and the hostess.

THOUGHTFUL HEN DES MOINES — When Mrs. Morris Lanche was cutting up hard boiled eggs for a wedding "brunch" preceding the marriage of her niece, Shirley Shapiro of Des Moines, the first egg she cut in half had a yolk in the shape of a heart.

TEEN-AGED DRINKERS

WHITE ROCK, B. C. — RCMP Announced a summer-long crackdown on teen-aged drinking parties in the White Rock area just south of Vancouver, following the arrest of 22 juveniles, including four girls under 17 years of age, on charges of drinking in a public place.

NEW WEAPON BERLIN, Conn. — The Connecticut Light & Power Co. has added a weapon resembling a sawed-off shotgun to the equipment of its linemen. It's not to repel wild beasts, few of which are found in Connecticut's hinterland anyway, but to fire a half-pound brass rod attached to 550 feet of nylon line. The company said it learned the value of the line throwing device during the 1955 Connecticut floods when it was used to get lines across streams at spots where bridges had been washed out.

MODEL T SERVICE DECATUR, Ill. — Rural mail carrier Goston F. Dixon figures he has put more than 350,000 miles on his little 1934 model Ford coupe. He has used it for 22 of the 33 years he carried the rural mail. Besides seven motors and many sets of tires, the car has had several new rear ends and several new transmissions. He prefers the old model Ford for his 43-mile Rural Route 1 delivery, which he figures takes 450 starts and stops, because it is light and easy to handle. It requires only a short reach to a mailbox from the driver's seat and besides, two or three men can push it out of a mud hole or a snow drift. When he's off duty he uses a late model car with "power equipment on everything."

WANT RESTRICTIONS EASED ANN ARBOR, Mich. — The men trying to make a living in Michigan's failing commercial fishing industry say the state tells them when, where and how to catch fish. They want the restrictions eased. Some relief is expected in a decision to re-establish state hatcheries for yellow pickerel, white fish and lake trout. Commercial catches of those fish once amounted to 90 percent of Michigan's total. Now it is only 10 percent.

Former Kamikaze Flying Aces Still Ready To Defend Japan

By FRED SAITO

KANOYA, JAPAN (AP) — Hundreds of young Japanese left this base 11 years ago flying "kamikaze" planes to plunge headon against American carriers around Okinawa.

This famed Japanese airbase of World War II has shrunk. But strong is the morale of 200 Navy fliers based here to defend Japan from possible Red aggression—this time with all-out cooperation from their former enemy, the United States.

Kanoya, on South Kyushu, 600 air miles southwest of Tokyo, once based seven air wings and 20,000 troops. Now it has only one new Navy air wing with 200 fliers and 1,000 ground personnel.

Cmdr. Heijiro Abe, 44, deputy wing commander, however, says, "The morale of my men, without flattery ourselves, is extremely high and is soaring further."

Abe is a seasoned imperial Navy dive-bomber pilot, credited with sinking the U. S. Battleship West Virginia at Pearl Harbor in December 1941.

This reporter, who has seen many other outfits of Japan's new armed forces, found that morale was perhaps the highest when he was shown around in the base and talked with Navy fliers and maintenance men.

"To be very honest," said Cmdr. Kazuo Yakushiji, 38, "We received a morale-booster shot in the arm when the U. S. gave us our newest model planes, P2V-7 Neptunes, in March."

Yakushiji's 14 fellow pilots flew two Neptunes — twin-jet, twin-engine anti-submarine bombers — from Alameda, Calif., to this base.

Yakushiji also is a veteran dive-bomber. He scored one of two aerial torpedo hits on the U. S. aircraft carrier Hornet Oct. 26, 1942 in the South Pacific. Then Yakushiji came back with a new torpedo to finish off the crippled but the Hornet was sunk by an American destroyer after evacuation of the wounded.

Lt. Cmdr. Junichi Goto, 38, who sank the battleship Oklahoma at Pearl Harbor, said, "I think the morale was ebbing after we flew around here for one year in out-moded American planes lend-leased. Especially harried were the mechanics. Because they couldn't obtain parts for the planes on which Americans stopped production long years ago."

Lt. Cmdr. Koji Yaita, 35, took part in many savage losing (for Japan) battles of the Solomons, Philippines and Okinawa. Modestly declining to account for his feats Yaita offered this reporter a ride in one of the 16-PV2 planes based here.

The PV2 is a twin-engine anti-submarine patrol plane the U. S. Navy stopped using and producing several years ago.

"Mechanics say this is the best plane here except for the brand-new 'Neptunes,'" Yaita said. "But

"THE BLASTING OF THE HORNET was an easy job," says Cmdr. Kazuo Yakushiji, 38, at left. Behind is Lt. Cmdr. Junichi Goto, who sank the Oklahoma at Pearl Harbor.

don't loosen your 'chute strap, and be ready to jump any moment. It is an ancient plane."

Lt. S. G. Mikimatsu Sakaibara, 32, hurriedly added, "I should think the maintenance has been doing a magnificent job considering all handicaps."

Sakaibara, also a veteran pilot, has a little different background from those of his colleagues.

His father, Rear Adm. Shigematsu Sakaibara, was hanged by the Americans as a war criminal in 1946. The Admiral, commander of the Japanese occupation of Wake Island, was accused of mistreatment of American prisoners of war.

Asked how he felt about the war crimes trial, Lt. Sakaibara quietly answered: "Honestly speaking, my mother and I were dazed for six months after my father's death — but now we have no remorse. Let bygones be bygones."

"When I volunteered for the Navy again last year, my mother wholeheartedly supported my decision. She told me:

"You are a son of the Samurai (warrior) family for many generations; you must defend our country. You have lived at least 19 years longer than many of your Kamikaze friends."

UNHAPPY C. OF C. SANTA FE, N. M. (AP) — Folks who know the city weren't very surprised, but the Chamber of Commerce was a little unhappy with a recent New Mexico State Traffic Safety Commission report.

The survey showed that chances of being hit by a motor vehicle are much greater in Santa Fe than any other city in the state.

MEMO FROM REDDY KILOWATT

SUBJECT: ELECTRIC WATER HEATERS

I'm glad I can type. It makes it easy for you to understand what I'm going to say about electric water heaters. Of course, they're modern... you'll agree that anything electric is modern. But, what's very important to you is how practical they are, what they cost to operate and what they'll do for you. Let's see about the practicality:

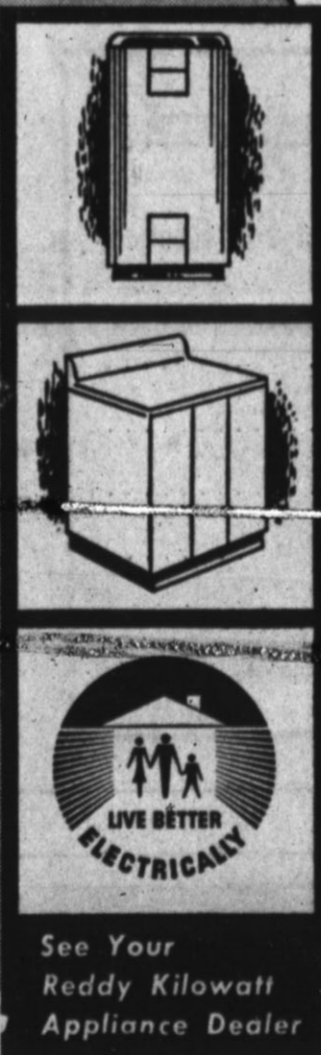

First, you can put them any place. No worry about vents, flues or chimneys. Electric water heaters are COMPLETELY insulated on ALL SIDES. A kilowatt needs no air to operate, gives off no fumes, so no need for vents. That eliminates a major item of installation cost. All an electric water heater needs to operate and give you hot water is the electric wires and the water connections. You can put an electric water heater in a closet, in the attic, in the garage, in an alcove, even in the kitchen or bath to make cabinet top space... they even LOOK good.

Second, the safety, convenience, dependability are worth far more than the small cost of operation. Let's examine what it costs to run an electric water heater. The Public Service Company gives you a special water heater rate—only 1 1/4 per kilowatt hour. Here's what you get then. Plenty of hot water at any hour of the day or night, at an average cost of approximately a dime a day; roughly, three dollars a month. Now, think a minute. What else can you buy that costs as little and gives so much benefit? Fact is, three dollars wouldn't keep most folks in cigarettes for a month.

Well, I've tried to correct some of the misconceptions some of you have had about electric water heating. Now it's up to you. Any questions you may still have, I'll be glad to answer... through your Public Service Manager. Just ask him, he'll be glad to help you.

PAINT TROUBLES

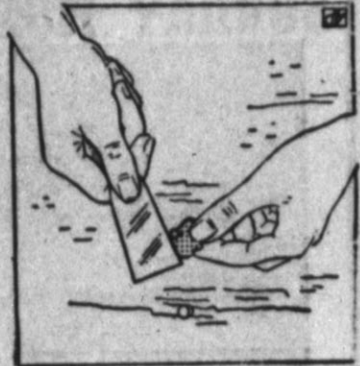

DO... know that paint troubles occur when fundamentals are ignored, either unknowingly or because the painter does not take the time and trouble to heed them.

DO... prepare surfaces properly by scraping off loose, scaly paint, sanding glossy spots and filling holes and cracks with wood putty or plastic wood.

DO... seal knots and sap streaks with shellac, aluminum paint or a special preparation made for that purpose and be sure all mildew and fungus growths are washed off.

DO... use a priming coat when the directions call for it, remembering that this sometimes is the difference between an excellent result and an ordinary one.

DO... select the right paint for the job, keeping in mind that there are many special-purpose paints on the market and more being in-

FILL HOLES with putty.

roduced all the time.

DON'T... apply too thick a coat, either indoors or outdoors, since this causes the common paint failure known as wrinkling.

DON'T... do any outdoor painting too soon after a rain or when the humidity is high or at early-

morning hours when there is heavy dew.

DON'T... be in a hurry to put on the second coat, allowing at least as much time between coats as the manufacturer recommends—and more time, if possible.

DON'T... forget that paint simply will not "take" on a waxed surface; most waxes can be removed easily with turpentine or, if necessary, a special waxremoving mixture now available in hardware and paint stores.

Legal Notice

THE STATE OF TEXAS

TO: H. H. BURKS, and the unknown heirs and legal representatives of H. H. Burks, if deceased; their unknown heirs and legal representatives, if deceased; and the unknown spouses of each and all of said persons, their unknown heirs and legal representatives, if deceased,

DEFENDANTS, GREETING:

YOU are hereby notified that at or before 10:00 A.M. on the first Monday next after the expiration of forty-two (42) days from the date of the issuance of this Citation, same being the 19th day of November, 1956, at Hereford, Deaf Smith County, in the County Courtroom, the undersigned, Special Commissioners, appointed by the Judge of the County Court of said County to assess the damages occasioned by the condemnation of the following described property, to-wit:

The North Ten (10) feet of Lots 46, 47, 48, 49 and 50, of Block No. 3 of Burks Subdivision of Block No. 17, Mabry Addition to the Town of Hereford, Deaf Smith County, Texas,

in this Cause, numbered 1786 on the Docket of the County Court of Deaf Smith County, Texas, and styled in the Matter of Proceedings by the City of Hereford, Texas for the Condemnation of Certain Property of H. H. Burks; and the unknown heirs and legal representatives of H. H. Burks, if deceased; their unknown heirs and legal representatives, if deceased; and the unknown spouses of each and all of said persons, their unknown heirs and legal representatives, if deceased; for the purpose of building, construction, maintaining and operating of a certain alley, all of which more fully appears in a certain written statement filed by the said City of Hereford, Texas with said Judge on the 5th day of October, 1956, to which reference is here made, having heretofore duly selected such time and place for hearing as required by law, will proceed to hear said parties and said written statement and do act thereon in the manner directed by law.

WITNESS our hands on this the 5th day of October, 1956.

Ralph Smith
County Clerk, County Court
Deaf Smith County, Texas
By Abie Crute, Deputy S-15-4c.

IN A LATHER
MOUNT STERLING, Ky. (n)
To the motorist, Montgomery County Jailor E. H. Swope looked like a madman on the loose.

White foam fell from the jailor's chin as he hopped the passing car to chase two fleeing prisoners.

The escape occurred while the jailor was shaving and he went after them in a real lather. He caught 'em too.

From 1900 to 1950, the average annual increase in the number of U.S. people was 1.4 percent a year, but since 1950 the increase has been 1.7 percent a year.

Although 73 percent of retired people with incomes over \$5,000 a year like retirement, only 38 percent of those with less than \$1,000 like it.

Household Tips

Shredded coconut and currants are delicious added to a rice stuffing for a roast chicken.

Try adding chunks of tuna to a tossed green salad and serve as a main course for lunch. Slices of radish or pimiento strips will add color.

Add salt to the water when you are cooking cabbage; it improves the color and flavor and helps to retain Vitamin C.

Ever add ground cooked ham to mashed potatoes for croquettes?

To test whether a syrup is at the hard-crack stage, drop half a teaspoon of it in cold water. If the syrup separates into hard brittle threads it's at the specified stage.

Decorate fruit gelatin with daisies. Use blanched almonds for petals, bits of orange rind for the centers.

Watch a fish and potato chowder when you prepare it with milk. Overcooking will curdle it!

Add a dash of turmeric to a cream sauce for a lovely golden color.

Garlic powder is the ground dehydrated product of garlic cloves. Garlic salt is a mixture of garlic powder and table salt; sometimes a starch is added to help prevent caking during storage.

Ever serve browned pork sausage links with sauerkraut? The two make a good main supper dish.

Boil tiny new potatoes in their skins, then peel, douse with butter and turn into a serving dish. Spoon cooked buttered green peas over the potatoes. Good with hamburgers or meat loaf.

Old-fashioned candle snuffers are a good idea. Blowing out candles scatters softened wax on table tops or table linen.

No flour sifter in the house? Use a fine wire sieve.

Delicious addition to a fruit salad: chill five ounces of soft cheddar cheese. Next step is to take up teaspoonfuls of the cheese and roll into small balls. Last step: roll the balls in a half cup of finely chopped toasted nuts.

Canned crushed pineapple makes a delicious preserve when combined with dried apricots or fresh pears. Add an orange to the pineapple-apricot mixture and a lemon to the pineapple-pear combination.

You can give wonderful and different flavor to old-standby creamed chicken by adding minced fresh dill to the sauce.

Good partners for smoked tongue: Mustard mixed with currant jelly and chill sauce mixed with horseradish.

Keep your baking-powder can tightly covered or there will be a gradual loss of leavening strength caused by the action of air moisture on the baking-powder ingredients.

Your brown sugar lumpy? Sieve it before measuring when you are baking cakes or cookies.

Fill cake pans one-half to two-thirds full to allow for rising of the batter.

A wire rack with feet that hold it up from the table is recommended for cooling cakes and cookies because it allows the air to circulate under the baked products.

'100 Years Ago' Column Relates Demo Party Boltings By Texans

By Tex Easley
AP Special Washington Service

Washington, Oct. 12 (n)—Some Texas Newspapers have been bolting the Democratic party on presidential election, on occasions, for at least a century.

This was disclosed in the "100 Years Ago" column of the Alexandria Gazette. The paper was established in 1784 across the Potomac River in Virginia, where a great number of Texans working

and keeps them from becoming soggy.

Quick cake frosting: A package of semi-sweet chocolate pieces melted and mixed with a half cup of commercially prepared sour cream.

Quick soup: grated raw carrot simmered with thin white sauce that has been flavored with onion juice and celery salt.

Use your swivel-blade vegetable peeler with its razorlike sharpness to pare off paper-thin rounds from a cucumber.

Make sure that your roll of see-through plastic wrapping isn't kept in a counter-cupboard near your range. Heat makes the wrapping adhere more than usual; keep the roll in a cool place if you want to be able to tear off portions easily.

Doll-size baking pans around the house so small fry can bake their cake and eat it, too? Then remember that a little round layer-cake pan (about 5 inches across and 1 inch deep) will need 1/4 cup of batter.

in the nation's capital reside, and calls itself "America's Oldest Daily."

On Oct. 5 the Gazette published in this column an article headed "Mr. Buchanan in Texas." It referred to the then Democratic presidential nominee, James Buchanan "an erstwhile Federalist from Pennsylvania who has served in Congress." Buchanan won the election and took office March 4, 1857.

The article, taken verbatim from the 1856 files of the Alexandria Gazette, follows:

"Within the past month the Jefferson Herald, of Eastern Texas, has repudiated Mr. Buchanan on account of his 'squatter sovereignty' doctrine.

"The Herald is an old and influential Democratic paper, never before did it bolt any nomination. And now on the heels of that, the Franklin Patriot, published in Paris, heretofore a neutral paper, has hoisted the names of Fillmore and Donelson.

"So we are informed by a letter from Clarksville, Tex., published in the Memphis Eagle."

It was interesting to note in the same "100 Years Ago" column of that edition that folks back in this area, like those today in Texas, were beset by drought. They, too, worried about the adverse economic effects of the dry spell. But from an oddly different standpoint.

A main artery of commerce from this tidewater area to the mountain area near Cumberland, Md., more than 100 miles away, was the Chesapeake & Ohio Canal. The C&O Canal Co., organized by George Washington, hauled goods

taken off sailships which had crossed the ocean and come up the Potomac. Here the cargo was loaded on to mule-drawn barges to go immediately through a series of locks as the westward journey began.

After noting that barges arriving at the Georgetown terminal here from the west during the first week of October (1856) were carrying greatly reduced loads, the reproduced account of the situation added:

"This was necessary on account of the continued low water." "Three boats came to Georgetown laden with flour, six with wheat, and several with limestone and other freight. The week's receipts did not run but a trifle over \$1,500.

"Low water is still the complaint, and must continue till a copious fall of rain. This every interest seems now in demand."

Although no longer used as a regular means of commerce since about the turn of the century, the C&O Canal is still in fair condition, especially the first 15 miles leading out of Washington.

It is now the property of the government, and during the summer the Interior Department operates a mule-drawn barge several miles as a sight seeing craft for tourists. It parallels the Potomac and at intervals taps the river to drain off water needed to fill the canal channel and locks.

A special project by Dr. Vladimir Walters, sponsored by the Office of Naval Research, at the American Museum of Natural History, will investigate the metabolic efficiency of large, fast-swimming marine fishes.

Russia, with 50 million bushels annually is the world's leading producer of buckwheat, says the National Geographic Society.

The word "magnet" derives from Magnesium, ancient Turkish city where the magnetism of a lodestone was observed.

THE MODERN BUILDING UNIT
HAYDITE BLOC
LIGHTWEIGHT
Year-Round Insulation

CROWE-GULDE

HAYDITE BLOCS*

have 10 Bonus Building Advantages
no other block can equal:

- LIGHTER WEIGHT—Makes possible reduction in dead load without sacrificing strength. Easy to handle—quick to lay.
- STRENGTH IN EXCESS of normal requirements and local building codes. An average HAYDITE Bloc can support the weight of a loaded railway freight car weighing 72 tons.
- FIRE RESISTANCE—Will withstand temperatures well in excess of 2,000 degrees F.
- UNIFORMITY—Permits pattern work of unvarying accuracy and beauty.
- MORE PAINTABLE—HAYDITE Blocs take paint perfectly with no possibility of rusting or other blemishes bleeding through.
- MORE ATTRACTIVE—Pleasing texture and natural gray color or blend in beautifully for either modern or traditional architecture.
- INSULATES ACOUSTICALLY—The unusual cellular structure absorbs noise to such a high degree that other sound insulating materials are usually unnecessary.
- AVAILABLE—You can nail right into a HAYDITE Concrete Block to save real time and money on many jobs.
- DURABLE—HAYDITE Blocs are concrete and multitude of tiny air cells in HAYDITE Blocs are excellent insulators in summer and winter.
- DURABLE—HAYDITE Blocs are concrete and naturally are impervious to rodents, termites, rot and corrosion.

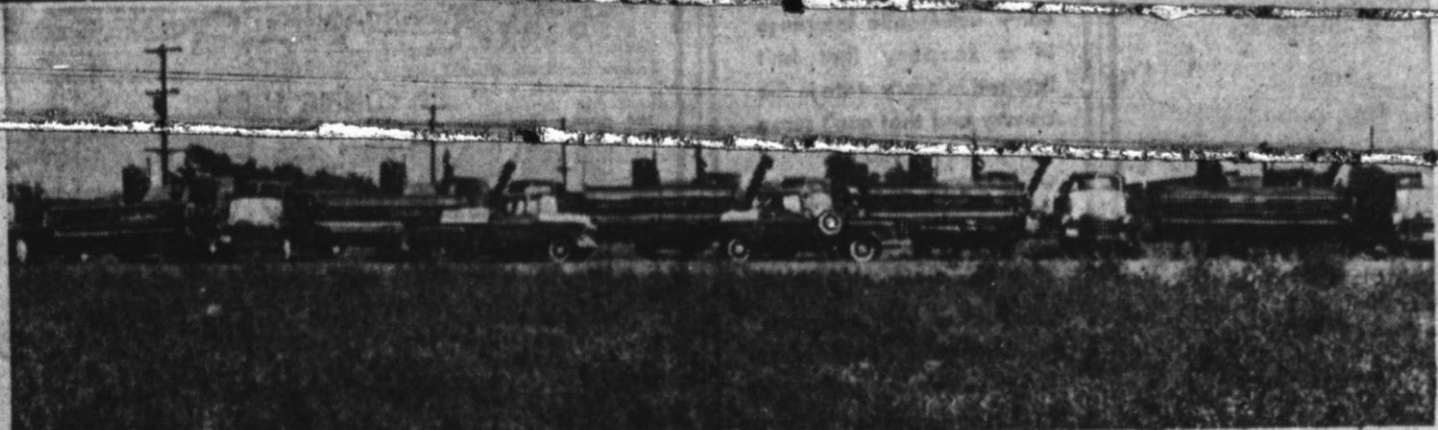

For details before you build, call or write for brochure.

* Remember—No Other Concrete Block Gives You

All of These Bonus Advantages

SINCE 1826.

Leather Coats Feature Hoods

AP Newsfeatures
The sports car fad has ushered in a whole new set of fashions for fall and winter. Tops among them are hooded leather coats in all styles.

The leather coat long has been a favorite with sports-minded women of all ages. Now that new tanning techniques make leather a breeze to clean, the vogue is growing by leaps and bounds.

This fall, shops around the country are showing a record crop of leather coats and complete costumes in all styles and colors. The hooded short coat is top choice with the younger set and those who like to ride in open cars. And if it is trimmed in fur it is strictly 1957.

Designer Bonnie Cashin has recently turned out some hooded leather outfits that are making fashion news all around the country. One is a reversible three-quarter coat in red kidskin lined in raccoon with attached pointed hood. The use of raccoon, remembered in college coats of the flapper era, adds new interest to this current fashion. The fur also is used in a hooded cape and as collars on black or brown suede jackets with matching skirts.

Another striking sports outfit consists of a red leather jacket with attached horseblanket plaid hood and skinny pants to match.

For girls who take their sports seriously there are black leather coveralls with knit sleeves and a hood.

HOODS AND LEATHER GO TOGETHER—For sports car fans—the reversible hooded red leather coat lined in raccoon, and the horseblanket plaid pants and hooded jacket, designed by Bonnie Cashin for Philip Sills.

September Births Brought Total For Year To 217

The stork race was won easily by the boys during the month of September with 14 new boys born here and only nine new girls. This total of 23 brings the year's figure for births in Deaf Smith County to 217.

These statistics contrast with the figures for the month of August when the 33 babies born consisted of 18 girls and 15 boys.

September babies, their parents, and their birthdays are as follows: a daughter, Dianna Kay Zellner, Mr. and Mrs. Donald W. Zellner, 9-1; a son, Frank Luevano Jr., Mr. and Mrs. Frank Luevano, 9-2; a son, Omar Peralez, Mr. and Mrs. Jose Angel Peralez, 9-3;

A daughter, Alicia Hernandez, Mr. and Mrs. Santos Hernandez, 9-4; a son, Pete Gonzalez Jr., Mr. and Mrs. Pete Gonzalez, 9-6; a son, Michael Lewis Vinson, Ray Reed Vinson Jr., 9-6; a son, Dale Eugene Johnson, Mr. and Mrs. Hollis E. Johnson, 9-6; a daughter, Vicki Renne Heck, Mr. and Mrs. John Matsy Heck, 9-6; a daughter, Roseita Frios, Mr. and Mrs. Juan Frios, 9-7;

A daughter, Deborah McAllen, Mr. and Mrs. Millard Daniel McAllen, 9-8; a daughter, Delma Perez Gomez, Mr. and Mrs. Trinidad Minjerez Gomez, 9-10; a son, Edward Eugene Stacey Jr., Mr. and Mrs. Edward Eugene Stacey, 9-20; Kevin Dale Nixon, Mr. and

Mrs. Fredric Thurman Nixon, 9-12; a daughter, Sandra Kay Fulk, Mr. and Mrs. Julious Von Fulk, 9-13; a daughter, Penelope Kay Scott, Mr. and Mrs. Ernest Eugene Scott, 9-14;

A son, Robert Taft Lomas, Mr. and Mrs. Walter Dennis Lomas, 9-18; a son, Wood Lynn Goforth, Mr. and Mrs. Andrew Walton Goforth, 9-18; a son, Menter Ray Clayton, Mr. and Mrs. Curtis Clayton, 9-19; a son, Billy Charles Cargo Jr., 9-20; a son, Ricky Bob Northcutt, Mr. and Mrs. Bobby Joe Northcutt, 9-29; a daughter, Melody Ann Buck, Mr. and Mrs. J. W. Buck, 9-20; a son, Alfredo Luis Valdez, Mr. and Mrs. Julio Alfaro Valdez, 9-30.

Change Basis For Filing Returns

Farmers are no longer required to file Social Security returns on a quarterly basis, according to Mr. James Z. Pearce, administrative officer of the Amarillo Internal Revenue office.

During 1955 farmers were required to file a quarterly Social Security return with the District Director of Internal Revenue. Due to a change in procedure, farmers now file one return in January covering all taxable wages paid to farm employees during the preceding calendar year.

A farmer must file a Social Security return during the year when he quits farming before the end of the year and has paid taxable wages during the year.

Jaycee-Ettes To Install Officers At Supper Affair

New officers were elected at the Jaycee-Ette meeting held in the Jaycee Clubhouse Wednesday evening. Included were Mrs. Don Fudge, president; Mrs. Gerald Hale, vice president; Mrs. Buddy Pickens, secretary; Mrs. Jimmy Bownds, treasurer; Mrs. Wayne Pitman, reporter. Mrs. Dennis Lomas, state director.

Installation rites will be conducted at a supper affair to be given at the Western Wheel Inn on Nov. 14.

Plans were made for a covered dish supper with husbands as honor guests, at the clubhouse on Oct. 30. Mrs. Don Fudge was named chairman of the food committee and Mrs. Buddy Pickens and Mrs. Stanley Slagle will be in charge of entertainment.

Hostesses for the social hour that followed the business meeting were Mesdames John Aiken and Don Fudge.

The average worker bee will gather enough nectar for a teaspoonful of honey in its six weeks of life.

Legal Notice

STATEMENT REQUIRED BY THE ACT OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946 (Title 39, United States Code, Section 233) SHOWING THE OWNERSHIP, MANAGEMENT, AND CIRCULATION OF

The Sunday Brand published weekly at Hereford, Texas for Oct. 1, 1956.

1. The names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, James M. Gillentine, Box 673, Hereford, Texas. Editor, Roy Clark, Hereford, Texas. Managing editor, Roy Clark, Hereford, Texas. Business manager, Melvin Young, Hereford, Texas.

2. The owner is: James M. Gillentine, Box 673, Hereford, Texas.

3. The known bondholders, mortgages, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: None.

4. Paragraphs 2 and 3 include, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting; also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner.

5. The average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above was: 2445.

James M. Gillentine, publisher. Sworn to and subscribed before me this 1st day of October, 1956. Atha McIver (My commission expires 6-1, 1957. (Seal)

It's a dear bargain when you buy from a company that isn't licensed in every state in the country and that can't serve you wherever you go.

We have a hunch you'd rather

BUY FROM AN AGENT

who places your insurance in companies that have facilities all over the country so that you can have "home town" treatment no matter where you may be.

That's how this Agency conducts its business.
