4-H Gold Star Awards Given To Dick Plank, Nancy Green

250 Attend Annual Achievement Night

Representing the highest honor which can be given on the county 4-H level, Gold Star Awards Monday night were presented to Dick Plank, 14, and Nancy Green, 16, to climax the annual 4-H Awards Program in Deaf Smith County Bull Barn Monday night.

Only one boy and one girl can receive the Gold Star award in the county each year. The award, which is given by the Texas Agricultural Extension Service, symbolizes the highest achievement in 4-H Club work and climaxes several years of work and development in the rural youth program.

The 1959 Gold Star awards were presented by W. W. Grisham Jr. of Amarillo, district agricultural agent.

About 250 4-H members, parents and guests attended the buffet supper meeting, at which more than 150 awards were presented.

Dick Plank, the son of Mr. and Mrs. Earl Plank of Dawn, is a member of the Dawn 4-H Club. At Stanton Junior High, where he is a freshman, he is president of the band, a member of the football club and president of his home room last year, his brother, Pete, won the Gold Star Award in this county.

Miss Green, the daughter of Mr. and Mrs. H. R. Green of Westway, is a member of the Sadie Lee Oliver 4-H Club. She is a Hereford High School junior and has been in 4-H work for six years.

Recipients of 1959 4-H Club alumni certificates were county residents Mrs. H. L. Hershey and Harold Shearhart. The award is presented annually by the Olin Mathieson Chemical Company. Presentation was by Miss Loreta Fowler, assistant county home demonstration agent.

Shearhart is former 4-H Club member and is ex-county agricultural agent. Mrs. Hershey is a Progressive Home Demonstration Club member and is still active in 4-H Club work here.

Gold pins were presented to recipients of state awards and bronze pins were presented in county divisions. County awards were given by the First National Bank of Hereford and Hereford State Bank.

State achievement awards were presented to Sandra Townsend, J. V. Perrin and Joe Reinauer. The Ford Motor Company - sponsored pins were presented by Gerald Wilson of Charlie Seeds Motor Company in Hereford.

State awards for beautification of home and grounds were presented to Caroline Brumley. (Continued on page 2)

Accept Bid On Civic Center's Tables, Chairs

The Joe Toombs Co. of Lubbock submitted low bid to Hereford City Commissioners Monday for supplying about 400 chairs and 20 tables as furniture to be placed in Hereford Community Center.

In other business, the commissioners set lease rate at \$300 a year for a possible site of the proposed Hereford Country Club. The offer, if accepted by the Country Club's Board of Directors, would cover a 20-year term.

The site proposed is just south of Continental Grain Co. and north of the seventh tee box on the John Pitman Municipal Golf Course.

The Joe Toombs Co. was awarded contract for supplying 400 or less Virco folding chairs and about 20 formic-top folding tables.

Price of the folding chairs in the Toombs bid was \$3.73 each, and for the 30-by-72-inch folding tables, \$27.65 each. Six companies submitted bids. Payment for the furnishings will come from Hereford's park department budget of the general fund.

Bids on pipe for installation of a water and sewer line east of the city will be opened at a special meeting of commissioners in the City Manager's office at 2 p. m. Dec. 1.

At a meeting earlier this month, the commissioners gave the go-ahead for construction. (Continued on page 2)

Residents' Relative On Ill-Fated Plane

The relative of two Hereford residents, Frederick H. Oberthier, Jr., 33, of Dallas was reported among the 42 persons aboard a National Airlines plane which crashed in the Gulf of Mexico Monday.

Mr. Oberthier was born in Hereford and is the grandson of F. H. Oberthier and nephew of Mrs. V. O. Hennen, both of Hereford. He was the son of the late Fred Oberthier of Hereford.

Relatives here received word Monday night that he was on the four-engine National Airlines DC7B on the Miami to Los Angeles run on which 42 persons were apparently killed.

Mr. Oberthier was president of Bonnie Maid, Inc., children's clothing manufacturers. A graduate of Southern Methodist University, he had purchased the manufacturing company from his mother, Mrs. Bonnie C. Oberthier, earlier this year. The family had established the company about 20 years ago.

Mr. Oberthier had gone to Miami Sunday for a one-day business trip. His survivors in Dallas, other than his mother, include his wife, Betty, and two children, Betsy and

Becky Oberthier. The giant airliner mysteriously plunged without warning into the fog-shrouded Gulf of Mexico early Monday, apparently killing all 42 persons aboard.

The tragedy left aviation experts mystified as to what happened to the ill-fated flight that took off from Tampa, Fla., shortly after midnight on the over-the-Gulf flight to New Orleans.

At 1:43 a. m. EST, about 30 minutes out of New Orleans, the crew made its last report. The pilot reported visibility was unlimited but that he could see a solid overcast of fog looming up ahead and below the plane.

After it became evident that the plane was down, a search was instituted. In its early stages, pilots flew almost at wave tip in a frantic cross-country search for wreckage.

At least some of the passengers had ample time to put on life jackets before the impact, apparently. The plane's radio working perfectly, giving the pilot time to report an emergency.

When it last reported, the plane was flying a normal course.

Burdine First In Grid Contest

Thanks to a close choice on the score of the Hereford-Levelland game, Wendell Burdine won the ninth weekly football contest sponsored by the Hereford Brand.

He took the \$10 weekly prize with 15 correct choices. Also picking 15 winners for last week end's games were Mrs. Bobbie Kitchens, Mrs. Earline Ross, Mrs. Dixie Murphy and J. R. Patterson.

Two of these, Bobbie Kitchens and Patterson, both picked a major upset when the circled TCU to end Texas' bid for an undefeated season.

Friday afternoon is the last chance to enter the Brand's 1959 football contest.

Report About \$10,000 Loss In Fire At Seed Residence

Around Town

A fire of unknown origin destroyed a bedroom in the home of C. W. Seed, 129 Star, Saturday afternoon. Hereford Volunteer Firemen fought the blaze for more than an hour. Smoke accounted for most of the loss estimated in the fire. Damage was estimated at about \$10,000.

Fire Marshal Clay Angelo said the fire was confined to the bedroom on the southeast corner of the brick home. However, smoke seeped in all rooms of the large home, he said.

Angelo said origin of the fire could not be determined, but that it may have started in the bedroom closet. The bedroom belonged to the Seeds' daughter.

The fire alarm was sounded at 4:30 and firemen fought the blaze for about 1 1/2 hours. Furnishings in the bedroom included a dresser, chest of drawers and a double bed.

Tuesday afternoon, firemen answered a call at the Green Hedge Cafe, 513 E. First. Angelo said the griddle of a stove caught fire and that firemen extinguished the blaze in a few minutes.

The alarm Tuesday was sounded at 4:20 p. m. No damage was reported in the fire.

St. Anthony's Church will again hold its traditional dinner on Thanksgiving day from 11 a. m. to 2 p. m. in the church school cafeteria. Frank Bezner is general chairman for the dinner and the public is invited.

Bill Gentry, president of Deaf Smith County Farmers Union, has announced a meeting of the organization to be held on Tuesday evening, Nov. 24, at 7 p. m. in the Shirley School Cafe. (Continued on page 2)

Robert Welty Comes Back For Knock-Out Win

Robert Welty of Hereford staged a courageous come-back to win one of the most exciting bouts in a Saturday night boxing card in Levelland.

The 155-pound battler was knocked down twice in the first round by hard-hitting Charles Spears of Levelland. But Welty got up at the count of nine both times and came fighting back. He finally knocked out Spears in 1:38 of the second round.

Hereford fighters won five bouts and lost four at Levelland exclusive of a pair of intra-team scraps.

Other results involving Hereford fighters include: 60 pounds: Ronnie Fudge, Hereford, decisioned Tilford Norvell, Hereford. 75 pounds: State Norvell, Hereford, decisioned Freddie Morina, Hereford. 75 pounds: Alfonso Haro, Levelland, decisioned Freddie Morina, Hereford. (Continued on page 2)

Assault Charges Filed On Three

A 22-year-old Latin American man who received knife wounds in a fracas at Hereford Labor Camp Saturday night was reported in "good" condition at Deaf Smith County Hospital Wednesday morning.

Charged with assault with intent to murder by the County Sheriff's Department Tuesday were Rigo D. Garza, 23, and his brother, Joe Garza, 27, both of the Labor Camp. A 15-year-old boy was charged with aggravated assault in connection with the altercation.

Jose Mendosa, a resident of the Labor Camp, received wounds of the back, hand and face in a fight outside a dance hall involving five men Saturday night. He underwent surgery shortly after he was admitted to the hospital, but attending physicians reported there were no internal injuries discovered.

Jesus Mendosa, 17, a cousin of Jose Mendosa, was treated for facial lacerations in the emergency room of the hospital.

The altercation reportedly developed first in the dance hall. The five left the building by request of the dance hall management, and the altercation reportedly continued outside, according to Sheriff Charles Skelton.

After receiving knife wounds in the fight, Jose Mendosa reportedly fled on foot toward Hereford and was intercepted by a Kreig-Marcum ambulance. (Continued on page 2)

Plan Installing UF Booths At Banks

In a project to reach the \$25,000 goal set for the 1959 United Fund Drive in Deaf Smith County, plans are to set up booths in both Hereford and Banks Friday or Saturday for the convenience of persons who would like to contribute and sign pledges.

In a meeting last week, the UF Board of Directors decided to make a study of cards received in the recent drive, make a survey of businesses and individuals who were missed and contact them in an additional canvass.

Drive officials had reported that the Nov. 5 UF Drive fell short of the goal of \$25,000 by

about \$10,000 at the end of an intensive one-day drive of businesses and residences in the county.

At present, the shortage is at about \$7,000 with some funds still being turned in at campaign headquarters, drive chairman George McLean reported. Advance gifts still are not complete, he said.

McLean issued a county-wide appeal to persons who were missed in the drive to contact him or make their donations at the booths in the banks.

He also expressed his appreciation to all those who (Continued on page 2)

Name Wimberley To 'Who's Who'

Bruce Wimberley, Dawn senior, was recently named among the 34 students at West Texas State College for the 1959-60 edition of Who's Who in American Colleges and Universities.

Winners were selected on the basis of scholarship, campus leadership and contributions to the campus community.

Wimberley, son of Mr. and Mrs. C. A. Wimberley, has been cited for outstanding work in the Reserve Officers Training Corps at WT. He has received the Chicago Tribune Award for two years.

The students were honored at a college dinner last week.

Rites Held For W. R. Redwine

Funeral services for W. R. Redwine, 74, of 301 W. Gracey, were held Wednesday at 3 p. m. in the First Baptist Church. The Rev. Robert Lacey, pastor of the Temple Baptist Church, officiated.

Mr. Redwine died at his home Monday at 2:45 p. m. after a long illness.

He was born Aug. 11, 1885, in Comanche County, Tex. He married Sadie Oates in 1906 in Comanche. They came to Hereford in 1922 from Lakeview. He was a retired trucker and a member of the First Baptist Church.

Survivors include his wife, Mrs. Sadie Redwine of the Hereford home; one son, L. B. Redwine, Clovis; one daughter, Mrs. Ruth Wilson of Hereford; three brothers, J. J. Redwine of Muleshoe, Earl Redwine of Ranger and Ila Redwine of Fort Worth; one sister, Mrs. Hute Moore of Goree.

Burial was in Rest Lawn Memorial Cemetery under direction of Kreig-Marcum Funeral Home.

Phillips Invades Hereford Friday For Final Contest

Two also-rans in District 1-AAA will battle it out Friday when Phillips comes to Hereford for the last game of the season for both teams.

The Blackhaws had a skelton of six consecutive victories before losing their first two conference battles. They then upset Levelland two weeks ago to earn a 7-2 season mark and a 1-2 standing in the district to date.

Coach Bobby Williams is expected to have his team "up" for Friday's scrap as he seeks a win over the team for which he played and later was assistant coach. The Whitefaces will be trying to end a 13-game losing streak which started with district competition last year and has continued through nine defeats this year.

Phillips opened the season with a 19-12 win over Ector of Odessa and then smashed Plainview, 38-9; Tulla, 36-0; Perryton, 30-6; Canyon, 41-12; and Vernon, 35-8.

They dropped a 19-22 decision to the Littlefield Wildcats and were beaten for the first time in 20 years by Dumas, 22-24.

Two weeks ago they up-ended the Levelland Lobos, 40-22, and had last week end off. Last year, in Phillips, the

Blackhaws Handed Their Worst Defeat

Blackhaws handed the Whitefaces their worst defeat of the season, a 56-6 shellacking.

Coach Joe Means probably will go with a starting line-up something like this: Mike Caddell, 193, and Bill Vandivere, 166, ends; Bill Frogge, 191, and Bill Malone, 196, tackles; Richard Pannell, 153, and Jim Woods, 166, guards; Kenneth White, 181, center; Ronald Edmonson, 164, quarterback; Rusty Price, 142, and Tommy Carter, 136, halfbacks; and Gary Bullard, 179, fullback.

Carter, a diminutive senior, is Phillips' top point-producer and one of the leading scorers in the district. He is fleet as an antelope, scooting around end with blinding speed.

Bullard, also a senior, provides the power up the middle. He is rated one of the top fullbacks in the area.

Key man up front is senior tackle Bill Malone, a letterman. Coach Williams was in the process of shaking up his team (Continued on page 2)

North Hereford HD Club Meets

The North Hereford Home Demonstration Club met Monday afternoon in the Flame Room of the Pioneer Natural Gas building. Mrs. June Roberts gave the program on preparation of one-dish meals.

The one-dish meal, Deep Sea Delight, was prepared and served to those present. Roll call was answered with "Why I Like One-Dish Meals. Methods I Use in Preparing One-Dish Meals and My Family's Favorite One-Dish Meal."

Reports on committees were heard at the meeting. A pink and blue shower was presented to Mrs. Dorothy Klein. Hostesses for the shower were Mesdames Zeldia Kenia, June Roberts and Charlie Reiger.

Those present were mesdames Nell Hodges, Bell Williams, Zeldia Kendrix, Allie Fullwood, Dorothy Klein, June Roberts, O. C. Williams, Lena Olson, Roberta Campbell, Marie Ward, Frank Brinkman, C. L. Whitehead, J. D. Tyler and Hardy Richardson.

Hold Meeting Of Cultural HD Club

The Cultural Home Demonstration Club met recently in the home of Mrs. Edgar Telchik, who presented a program on skillet and casserole meals.

Members present were served a five-layer dinner, casserole dish and pineapple crisp, which Mrs. Telchik made during her demonstration.

Mrs. Earl Dehart, president, had charge of the business meeting. Mrs. J. T. Richardson gave the last council report.

Mrs. Dehart reminded all committee members to have their written reports ready to give at the next meeting.

The next meeting will be Dec. 1 at 9:30 a. m. in the home of Mrs. Ted Sumner, with Mrs. Argen Draper giving the program on storage of vegetables.

Those present were Mesdames Ralph Packard, J. T. Richardson, Ted Sumner, G. R. Parsons, Earl Dehart, James G. Gandy and the hostess, Mrs. Telchik.

Beauty At Home

Q. What can I do to whiten or disguise scars left on my skin by boils?

A. Mix one ounce of alum, one ounce of lemon juice, and one pint of rose water.

Q. Is there something I can do about a scorch stain on one of my cotton dresses?

A. If the garment isn't too badly scorched, this might work: Wet the spot with water and cover it with a thick paste of laundry starch. After this dries, sponge it off with peroxide, iron the article, and put it in the sun for a few hours.

Q. What is a good, external treatment I can give to hair that is very oily?

A. Shampoo this kind of hair oftener, and also brush it oftener. Brushing carries the oil to the very tips of the hair where it belongs, away from the scalp where it clogs. Treat yourself to a vigorous massage before each shampoo. You have oily hair because the tiny oil glands are working overtime, and massage and brushing helps to regulate them.

Q. What is good normalizing exercise for the calves and thighs of the legs?

A. Sit on floor, with legs wide apart, knees straight, toes up. Raise your arms parallel over the legs, and lift each leg alternately without bending the knee, grasping the toes with the corresponding hand.

Q. How can I mix good dressing for dry and lifeless-looking hair?

A. A little lanolin-containing baby oil mixed with a few drops of water is a good one.

Q. Is massage good for overcoming a double chin?

A. Just about the best. The roll of fat under the chin is produced by fat that deposited just outside the tissues enclosing the muscles. Attack these fat deposits by pinching them gently between thumb and fingers. Then, with the backs of the fingers, draw the skin upward and backward toward the ears.

Hereford Invited To Stock Show

The County Chamber of Commerce has been invited to designate a special day as Hereford Day at the Fort Worth Stock Show to be held Jan. 29 through Feb. 7. This day will then be set up for special recognition. The Hereford High School Big Band is invited to the show to present a concert to show visitors during their special day. Band members will then be guests at the rodeo. All cities invited are to name

a young lady as Cowgirl Sweetheart. Minimum age of the girl is 16. She is to wear Western attire and be introduced to rodeo visitors on that day. Hereford Chamber of Commerce will have a block of tickets to the rodeo sale. The Hereford delegation will then be invited to sit in this block and rise as a body to be introduced. Further information may be obtained from the local Chamber of Commerce, or write to the Publicity Department, Southwestern Exposition and Fat Stock Show, Box 159, Fort Worth.

P-TA Members Hold Meeting

Central and Northwest Parent-Teachers Association met in the Central gym recently with approximately 150 present. Mrs. Chester Wiggins, former president, brought the program on "The Respect For Authority." She said in part, "Children are aware of adult behavior and they learn respect from adults." In closing, she said, "Put Father at the head of the family, and Mother chips a piece of the foundation every time she disagrees with him."

BY JIMMIE GILLENTE
In recent years Hereford has not been overcrowded with rabid football fans, but there are quite a few scattered around the district - and the recent cold weather is posing somewhat of a problem. Down at Levelland, for instance, one couple solved the problem by bringing out an arctic weight sleeping bag; they zipped themselves in the bag, and enjoyed the game in solid comfort. Henry Sheets of Friona also came up with a new wrinkle when he put some batteries in his coat and wired up a special pair of "electric socks" to keep his feet warm during game time. The Friona paper says his invention worked very well, too.

A lot of people still continue to use the old "anti-freeze" method, of course, including thermos jugs of hot coffee or other solutions to be taken orally. Time changes everything, however, and when we get around to another championship squad we may have to completely renovate all of our fans.

I don't know how they are coming along on the Community Center drive, but the building is looking better all of the time. It really is going to be an attractive layout, and the location is "super". I have heard so many rumors about the center that I am anxious to see how it really will be used. Personally, I figure that everyone concerned is going to be pleasantly surprised. We had just about as much discussion over the swimming pool, and I doubt if there is any other one place in town which gets half as much use, or provides anything like as much recreation and pleasure for people in general.

I notice that a new product is on the market, especially back East. Its "Lingenberries", an import from Scandinavian countries, which is being used as a substitute for cranberries since the spray ruckus started. A pound jar sells for around \$1.95 in the specialty shops, which is

more than it used to bring a few days ago.

So far, Slim Wester is the only man I know who claims to have bagged a goose in 1959. Probably there are others, but they don't talk so much as Slim. He says there are a lot of geese in the area, but I run into many other people who say they have not seen many. Nick Milburn is fast following Emmett's tracks as a quail hunter. Nick is only 12, but Doc Wiltshire was telling me that he is one of the most careful and one of the best marksmen with whom he ever hunted. And that's a lot, coming from Doc, who also takes his hunting seriously.

Helen Kent almost put the fire department to shame when she turned up at the Seed house with a pitcher of water Saturday, but she took one look, dropped the pitcher, and telephoned for help. A few minutes earlier, though, and the pitcher might have done the job.

Many people have been asking if Charles Skelton will run for sheriff, so I just asked him the other day. Charles said he doesn't know if he will be a candidate or not. He has a long time, of course, before the deadline, and said the he has not yet decided.

C-C Manager Bill Thompson says he almost got tossed out of a recent Highway 60 meeting. The group voted to hold another session in February, whereupon Bill asked:

"Isn't it possible the roads might be blocked with snow or ice?"

His idea didn't appeal to all of those boys who keep boasting 60 as the "Ideal, all-weather road".

Several people have questioned and called the office wanting to know if The Brand will accept liquor ads, due to the new Castro "wet" area. The answer is "No." We have turned down several of these ads, and some on a national level. Especially so long as this county votes dry, it seems to us that the majority of our subscribers would prefer to have us omit liquor ads from The Brand, which is primarily a family newspaper. Most TV stations follow the same pattern and pretty well for the same reasons.

F. W. Dool says he is one of the few "trusties" on record at the hospital. They let him out at regular periods during the day, but he has to report back at specified times in the afternoon. He is coming along in tip-top shape, but still has some skin grafting before he will be completely released. Dool adds that this area is fortunate to have such a fine hospital and such high calibre surgeons. He says if you will stick around the hospital and observe for awhile, you will be inclined to agree.

SOME JOKES

Undersized husband, intent upon intimidating his wife: "I warn you, Woman! Don't rouse the animal in me."
Wife: "That's all right, I'm not afraid of mice."

Wife: "I'm terribly worried. My husband thinks he is a horse."

Psychiatrist: "I believe I can cure him, but it will be long and take a lot of money."

Wife: "Money is no object, Doctor. He just won the Belmont sweepstakes."

A little boy, lost in a huge crowd, was in the hands of a burley policeman, who asked: "What's your father like?"
And the lad replied between sobs, "Beer and women."

"My razor won't cut," complained the husband.
"Don't be silly," shouted his wife from the kitchen. "Your beard can't be tougher than the linoleum."

WT Student Teachers Begin Duties Here Monday

BILLIE LOU NELSON of Plainview began practice teaching duties at Hereford High Monday in the school's English department. The West Texas State College student will be in Hereford throughout the remaining weeks in the current semester. She will teach under the direction of Mrs. Eloise McDougal. (Staff Photo)

Under a new program initiated this year, five West Texas State College students began practice teaching duties in Hereford schools Monday.

They are James Lanier, 21, of Childress, teaching physical education; LaDonna Burrow, 21, of Tulia, biology teacher; Billie Lou Nelson, 21, English teacher; Evelyn Fillingim of Briscoe, homemaking instructor; and Carolyn Bursey, 21, of Quanah, speech therapy administrator. All the students except Miss Bursey will teach in high school; Miss Bursey will work with elementary school children.

Called the "Texas Student Teacher Center Project," the new program includes only six Panhandle towns, where experimental units have been set up by WTSC.

Hereford High students coordinator Bill Phillips said that

regular teachers have been studying files on the student teachers since the first part of the current semester and already have evaluated some indication of weak and strong teaching methods of the students.

With that advance information, Phillips said, the regular teachers waste less time "getting to know the student teachers," and are able to offer valuable suggestions to them in the first week of their training.

"Purpose of the plan is find out if more careful study of the student teachers and advance planning will produce better teachers," Phillips said.

The new student teachers will be in Hereford until the end of the current semester. The same program will be carried out by WTSC and Hereford High next spring.

EVELYN FILLINGIM of Briscoe is shown during her first day of practice teaching at Hereford High's homemaking department Monday working out a class schedule with her cooperating regular teacher, Mrs. Margaret Ann Durham. Miss Fillingim is a West Texas State College senior. (Staff Photo)

LaDONNA BURROW of Tulia began practice teaching duties in Hereford High School's biology department Monday. For the next nine weeks the West Texas State College senior will observe and teach classes in biology under direction of her cooperating regular teacher, Miss Louise Britten. (Staff Photo)

JAMES LANIER of Childress shows the finer points of volleyball service to high school junior Dick Peagin Monday, the first day of practice teaching here for Lanier. Lanier will practice teach in Hereford High's physical education department, under direction of regular teacher Cuby Kitchens. (Staff Photo)

Pelican Sets No Pattern For Life

ROCKPORT, (P) — Freelance writer Jack Baughman of Rockport says Texas pelicans' home life "is no model for anybody but a pelican."

"Our modern school of child psychologist would be horrified if they ever saw one of the big rookeries that exist every summer on islands in Arkansas and Mesquite-bays near Rockport," Baughman writes.

"According to their way of thinking, every youngster in

such nesting places ought to grow up with untold inhibitions," he says. This is the way Baughman describes pelican homelife:

"It is true that both father and mother pelican take turns hatching the eggs, and that both of them feed the young until they are big enough to fly.

"When the babies are small and naked, they even stand between them and sun with outstretched wings, offering them

the solace of shade.

Baughman says that "perhaps it is because of this care that you never saw a worse bunch of brats."

Then he continues:

"As soon as the little pelicans can walk, they flop out of their nest and totter doggedly along, sprawling flat over the slightest obstacle, getting tangled in vines and grasses from which they extricate themselves only with the most grotesque contortions.

"They have horrible manners at meal time. Unquestionably they can distinguish, even far off, a fish-laden pelican adult, although the difference is undetectable by humans, and when the old bird lands it is besieged by mobs of hungry, demanding youngsters.

The old pelican beats off all but one of the crowd, knocking them on the head with its beak, whereupon they stagger away half dazed, only to repeat the performance on the next arrival.

"The favored nestling plunges its body into the parent's beak up to its shoulders, gulping partially-digested food from the old bird's gullet.

"Once fed, the juvenile pelican falls into a semi-stupor from which it may emerge swinging its head from side to side, and biting its own wings in bad temper and senseless rage."

But regardless of the pelican's homelife, Baughman says you have to take your hat off to the bird as the world's best diver.

He sees them in this beautiful dip as they dive for fish:

"With sudden incredible stops,

HONOLULU (P) — Four years ago, William Drury lived in Singapore, was troubled by sinus and went for treatment to D.R. John Watson.

Since then, Drury has gone to London, Trinidad, Nassau, back to Singapore, back to London, then to Chicago and finally arrived in Honolulu, where he is now columnist for the Honolulu Star-Bulletin.

Recently, his sinus bothering him again, Drury visited a medical center here and asked for a nose and throat specialist. He was referred to Dr. John Watson, the same doctor who treat-

ed him in Singapore four years earlier.

How Can I?

By Anne Ashley

Q. How can I quickly and easily facilitate the starting of a charcoal fire at a picnic or a camp-out?

A. Save your empty two-quart milk cartons and fill these with charcoal. By igniting the waxed boxes, your charcoal will catch easily.

Q. How can I avoid the danger of splitting unseasoned wood when driving nails into it?

A. If you blunt the points of the nails by pounding them against an old wrench or other flat piece of metal, you will minimize the chances of splitting the wood.

Q. How can I remove tar or asphalt stains from cloth?

A. Rub thoroughly with lard and let this lie for a while. Then launder in the usual manner using plenty of hot soap suds.

Q. How can I remove the peelings of peaches easily?

A. Before peeling them, plunge them into boiling water for about a half-minute, then drop them into cold water.

Q. How can I help counteract the effects of a bad bleach job on my hair?

A. What you probably need is a good egg shampoo. This requires from six to ten eggs, depending on the thickness of your tresses. Yolks and whites are beaten well together, and this is divided and rubbed into the hair and scalp in two applications. Rinse well after each shampoo.

Hereford And Dimmitt Golfers Take Turkeys

Hereford and Dimmitt golfers teamed up to win first prize turkeys in a special pre-Thanksgiving tournament at John Pitman Golf Course Sunday.

John Ethridge, Dimmitt; Don Martin, Hereford; Doc Cowan, Hereford; and Gene Seeley, Dimmitt, won the turkeys with a total of 61 points. Second place and a hen for each play went to the team of John D. Pitman, Owen Seamounts, Jim Garner and Earl Springer with a total of 59 points.

Third place was taken by Joe Kerr, Frank Cogdell, Roy Hartman and Meredith Ireland with a total of 56 points. Each member won a frying chicken.

Weiners, for members of the low team, went to Wimpy Walker, Punk Gilbreath, C. J. Albracht and Hap Cavness, who had a total of 44 points.

Other teams and their point scores included: Dale Tinnin, Henry Aycock, Don Little and Lucille Posey, 53 points; Earl Stagner, Wayne Phillips, Bill Davis and Troy Moore, 52 points; and Dr. J. H. Channer, Al Yeager, Dr. Fred Wohlgemuth and Rowena Posey, 48 points.

There were seven teams participating in the event, where a bogey counted one point, a par two points, a birdie three points, an eagle five points and an actual hole-in-one or double eagle was worth 25 points. No aces or double eagles were recorded.

Name Delegates From County To TFU Convention

Seven delegates from Deaf Smith County have been selected to attend the 56th annual Texas Farmers Union convention, which is slated for Dec. 4 and 5 in Fort Worth.

They include Bill Gentry, L. B. Worthan, Louis Woodford, Jay Boston, Clinton Jackson, S. A. McCallister and A. J. Beizer.

Among the top speakers at the convention will be U. S. Senator Ralph Yarborough of Texas and Senator Hubert Humphrey of Minnesota.

Senator Humphrey is said to be the Senate's most outspoken advocate of family farm agriculture.

Other outstanding people appearing on the program will be Alex Dickie Jr., president of Talbott, vice president of National Farmers Union; Jerry Holloman, president of the Texas AFL-CIO, and several Texas congressmen.

Group Attends Aerial Meeting

Four Hereford couples were among 300 persons attending the convention of Texas Aerial Applicator Association held at Orange Nov. 12 through 15.

Attending the meeting in the Orange House there were Mr. and Mrs. Ray Frye, Mr. and Mrs. Duane Pittenger, Mr. and Mrs. O. W. Parris and Mr. and Mrs. Robert Doughman.

Doughman was elected to the Association's Board of Directors. Frye and Pittenger are associated with American Dusting Company and Parris and Doughman work with B & O Spraying Service in Hereford.

OFFER REJECTED

Cline Once Tried To Buy Boom Town Wichita Falls

WICHITA FALLS, (AP) — When this city changed from a peaceful village into a booming oil center Walter D. Cline offered to buy the place from a group of angry taxpayers.

His offer was rejected and as a result Wichita Falls got the parks, water and sewage works and other civic improvements it needed.

Cline, now 76, was mayor of Wichita Falls when he offered to buy the city. It was just one of the things the oil man did that would make the less adventurous shudder.

The discovery of oil 41 years ago in Wichita Falls caused thousands of persons to pour into the city.

"By 1920 the town was bursting apart," Cline recalled. "We had no water, no sewage, and no space for the thousands of people. Ohio Avenue was the oil market and people filled the street buying and selling oil properties."

Cline was approached by a group of Wichitians who asked him to become mayor to help "straighten out their mess."

"I knew what I was against," he said, "the people wanted the things a city has, but I knew they wouldn't want to pay for it through increased taxation. But, I said, I'm just going to be in office for two years so I'm going to do it."

DOG-GONE

PHOENIX, Ariz. (AP) — Joseph R. Vaile told Phoenix police his surplus sales company was robbed.

Stolen were a bolt cutter, some drill bits — and a watchdog.

WEED FIGHTER

GORDONSVILLE, Va. (AP) — Richard Davis says he has found the solution to the weed problem in his vegetable garden. He covers the garden with plastic with a tiny hole cut for each vegetable. Putting it between rows as do commercial growers leaves too much space for weeds, Davis says. Furthermore, his method causes his vegetables to be well watered.

Antonio two months earlier. But San Jacinto was a "much more important battle . . . (the) unlikely climax to the unique and very complex revolution that decided, directly or indirectly, the ownership of almost a million square miles of the American West," Tolbert says.

To back up his claim, Tolbert devotes almost half of his book to a thorough, necessary and interesting picture of the events that led to the clash of 780 Texans under the leadership of famed, flamboyant Sam Houston and 1,500 or so Mexicans commanded by no less than the president (and dictator) of Mexico, Gen. Antonio Lopez de Santa Anna y de Lebron.

Biographical sketches of Houston — hard-drinking, blaspheous Cherokee Indian Chief and former congressman — and Santa Anna — a handsome schemer addicted to opium and beautiful women — are among the most effective sections of the book.

To trace the growth of the revolution, from an attempt to secure better treatment for Texas as a province of Mexico into a full-fledged war for independence, Tolbert draws from historical writings, his own careful surveys of the areas concerned and the diaries of men who fought on both sides.

Texas history buffs probably will consider this one a must; casual readers will find it an interesting, well-told story.

WEATHER SAVES GLORIA

BLACK RIVER FALLS, Wis. (AP) — Thanks to a change in the weather, Gloria, the Gordon Rudkins' cat, is back with the family again.

Gloria was missing for several days after Mrs. Rudkins stored winter coats and jackets in a zippered plastic bag. When the weather turned cool, a daughter, Rachel, opened the bag in search of a jacket.

Sure enough, there was Gloria — thirsty, hungry and happy about the change in the weather.

The mayor found out what the people wanted. They wanted parks, water and sewage works and all the other things a city should have.

"We held a bond election and voted bonds to pay for all the things we wanted," Cline said.

"When the bonds were put on sale, there just wasn't enough collateral in the form of tax redemptions to cover them," he

said.

"The only thing to do was raise the tax valuations. So we sent out a postcard to every property owner telling them that their tax renditions had just been doubled.

"And you should have heard the howling and screaming from every part of town," Cline said.

To make the new valuations legal, Cline had to hold a hear-

ing.

"Well, we had heard about three complaints when Client Woods came into the office and said we had to do something or call it off," Cline said.

Cline replied that they could not call the hearing off, they had to have the bonds. It was then that Woods offered a solution, Cline recalled.

"He said we both had a little money so why not offer to buy everyone's property and double the new valuation and take a chance we didn't go broke."

Cline said.

"You see tax valuations are never as much as the property is really worth, so we had a pretty good idea of what we were doing . . . If the people thought their property was taxed at more than it was worth, then we would just buy it at twice the amount."

When the crowd was told of the offer it left the mayor's office and went home. The city got its parks, and water and sewage works paid for.

The clash on the banks of the San Jacinto River in Southwest Texas won for Texas her independence and put the United States and Mexico at odds not settled until after the end of the Mexican War more than 10 years later.

How and why the battle was fought, what it meant and what happened to the men — and a few women — who were there make up the fast-moving, readable story told in Frank Tolbert's "The Day of San Jacinto."

Tolbert, a Dallas Morning News columnist and author of four earlier books on Texas and the Southwest, concedes that the San Jacinto conflict is less famous than the tragic and futile defense of the Alamo in San

Missionary Society Holds Meet

BY MRS. CARL WIMBERLEY
The Woman's Missionary Society of the Dawn Baptist Church met Thursday afternoon at the church. Mrs. Charles Davenport directed the program. A covered-dish luncheon and mission study, to be directed by Mrs. R. T. Stewart, was scheduled to be held Thursday, Nov. 19 in the home of Mrs. W. H. Gentry.

Mrs. Gentry, president, directed the business meeting. Mrs. Walter Lemons was elected as assistant GA Counselor.

Harvest has about ended in the community. Some milo continues to come in, but potato harvest is expected to be over this week. The freeze ruined the lettuce. Carrots are still being processed at the shed in Dawn.

The Dawn Parent-Teacher Association will meet Monday in the Dawn School at 8 p. m. A panel discussion on "New Reasons for Visiting the Schools" will be held.

Mr. and Mrs. Milton-Newman are the parents of a baby son, born Tuesday at the Nebbett Hospital in Canyon. The baby weighed five pounds and twelve ounces, and was named after his father.

Mrs. Newman and son were brought home late Thursday.

Mrs. A. J. Ramsey visited Tuesday and Wednesday with Mr. and Mrs. David Lee at Amarillo. Mrs. Ramsey brought her grandson, Joe Lee, home

with her for several days' visit. Illness in the community continues. Robert Richardson, son of Mr. and Mrs. Ted Richardson, was brought home from the hospital in Canyon Tuesday. He was there five days for treatment of pneumonia.

Mrs. Reece Stewart had surgery Thursday morning in the hospital in Canyon.

Mr. and Mrs. William Wimberley returned home late Monday from Dallas, where Mr.

Wimberley had a medical check-up. They flew there and back on Monday.

Visitors last week in the home of Mr. and Mrs. Jack Ward Jr. were her sister, Mr. and Mrs. J. C. Lemons and children, Jimmie and Rita of Oklahoma City, Okla.

Ralph Atchley left Saturday for Ft. Sill at Lawton, Okla., after several days visit with his parents, the Reece Stewarts.

Ralph returned by way of Cisco, where he planned to visit friends. He attended the Cisco Junior College one year.

Among the officers of the new Stanton Junior High School Future Home Makers of America are Ann Gentry, parliamentarian, and Audri Miller, Civil Defense chairman.

Attending a family dinner Sunday in the home of Mr. and Mrs. T. B. Cox in Plainview were Mr. and Mrs. Rea Cox and children. Mr. and Mrs. Doyle Cox of Hereford, Mrs. Everett Cox of Farmington, N. M., and Mr. and Mrs. Alvin Nichols of Lockney.

REP. WALTER ROGERS WRITES:

Supreme Court Has Final Power In Veto

To the people of the 18th District:

Because of considerable interest which was manifested in my newsletter of last week and from questions which have arisen therefrom, I am reprinting one of my 1956 newsletters.

Where did it all start?

Few people have taken the trouble to find out the history of the doctrine which seems to be causing so much trouble today. That is, the doctrine that the Supreme Court has the power to declare an Act passed by the duly elected officials of the people, to wit, the Congress of the United States, repugnant to the Constitution and therefore unconstitutional and of no force and effect, thus vesting in the Supreme Court the final veto power concerning the rules, regulations and laws by which our daily lives are governed.

It all started in 1801 immediately after Thomas Jefferson was sworn in as President of the United States. At that time the political parties were the Federalist on the one side and the Democratic-Republicans on the other side. The general philosophies of those parties were in keeping with the general alignments of thought as between Jefferson and Hamilton.

The Jeffersonian doctrine was based upon a distrust of centralized government and the advocacy of confidence in the people's capacity to govern. The Hamiltonian philosophy supported a strong national government by a sort of "royal purple" group who would have full

control of the centralized powers to be able to govern without interference from the people.

At that time President Adams was leader of the Federal-

ists, while Vice-President Jefferson was leader of the Democratic-Republicans. The Federalists had gotten in bad favor with the public and

Mrs. Lee Cocanougher Wins In State Beef Council Contest

By ARGEN DRAPER
What could be more fitting for a ranch woman than to win a recipe contest sponsored by the Texas Beef Council? Mrs. Lee Cocanougher of the Wyche Community won two prizes on two of the five recipes she submitted in the recent contest.

To be eligible for the contest, the contestant's husband must be a member of the Texas Beef Council. And the recipes must contain hamburger, chuck or round steak. The contest included five divisions and was sponsored by the Texas Beef Council with the cooperation of several companies. The five divisions were recip-

es containing:
1. Gebhardt Chili Powder (this is the recipe with which Mrs. Cocanougher won 1st place,
2. Hickory House Barbecue Sauce.
3. Dairy Products - sponsored by the Texas Dairy Farmers through the American Dairy Association of Texas.
4. Texas grown vegetables - sponsored by the Texas Citrus and Vegetables and Shippers.
5. Cornet Rice - the Cornet Rice Mills of Dallas (the Beef Pie with Rice recipe won Mrs. Cocanougher the prize for one of the 15 finalists).

This state-wide contest was conducted this fall with the deadline set at Oct. 20, and Mrs.

Cocanougher entered a recipe in each division.

The Texas Beef Council was organized to promote the sale of beef to Texas homemakers. Dietary standards recommend one serving of meat per person a day for good nutrition. So the Council chose as its slogan: "Texans Eat Beef Every Day."

Mr. and Mrs. Lee Cocanougher live in their ranch home 8 1/2 miles southeast of Hereford. They moved to the ranch in 1935 after their marriage two years before. Twelve years ago their home was almost completely destroyed by a cyclone.

They considered moving into Hereford, but their love of the open range and the short grass

and Hereford cattle made them rebuild at the same place.

During the Hereford Cattle Tour this past summer the Cocanougher Ranch was one of the show places visited. The ranch consists of 10 sections located on the Frio Draw. It is alleged that the Coronado Trail crossed the ranch at the Northwest corner where the Frio and the Tierra Blanca come together.

Lee Cocanougher has been in the ranching business since 1914 and has raised registered Hereford cattle since 1926. Their cattle are of the Anxiety 4th breeding. The herd is one of the best in Texas. Buyers come

(Continued from page 1) realized that they would be turned out of office in the December 3, 1800, election. They were correct. Thomas Jefferson was elected President at that time and prepared to be inaugurated on March 4, 1801. The Federalists, in an effort to perpetuate their power, undertook between the date of the election, December 3, 1800, and the date of Jefferson's inauguration, March 4, 1801, to fill all open offices with Federalist followers. The number one appointment in this plan went to John Marshall, President Adams' Secretary of State and a loyal Federalist. He was appointed the third Chief Justice of the United States Supreme Court. There were a number of other appointments made by President Adams, among them being the appointment of a Justice of the Peace for the District of Columbia.

The recipient of this appointment was Mr. William Marbury, who was appointed on March 2, 1801, just two days before Jefferson's inauguration. In the confusion of the change of Administrations, the then Secretary of State, John Marshall, signed and sealed the appointments, but apparently got busy on other matters and forgot to issue the commissions to several appointees, including William Marbury. Jefferson, upon inauguration, had instructed his Secretary of State, James Madison, to withhold the issuance of these commissions.

Whereupon, Marbury filed suit against James Madison, the new Secretary of State, in the Supreme Court of the United States. This was born the famous case of Marbury vs Madison, with which all students of the law are familiar. Since the Supreme Court's

It is interesting to note that in the 35 years that Marshall served as Chief Justice of the Supreme Court, he never again declared an Act of Congress unconstitutional. It is also well to remember in this connection that as matters now stand, the laws passed by the duly elected officials of this land are in a strange position. These laws can be knocked down by the Supreme Court of the United States as being unconstitutional.

Yet, a treaty between this country and a foreign country, written and entered into by the Executive Branch of the government and duly approved by the Senate, is on a parity with, if not superior to, the Constitution. But in any event, as the law presently stands, the laws passed by the Congress are subservient to such treaties as well as the Constitution, so you can imagine how far down this puts the laws of the several states.

AUSTIN HIGHLIGHTS

Law Enforcement Officer Often Feels Alone In Work

By VERN SANFORD
Austin. - Sometimes the law enforcement officer has the feeling of being alone.

Household Scrapbook

Grainy Honey
If you have some honey that has become grainy, set the container in a saucepan of hot water, with a couple of sticks of wood under the jar to keep the water circulating under it, and let it stand for several hours. Keep the water hot, but not boiling, and the honey should return to normal.

Razor Blade Storage
To keep razor blades out of the reach of children, open the package at one end and tape the package to the underside of your uppermost medicine-cabinet shelf.

Non-Sticking Trays
To prevent your ice trays from sticking in the freezing unit of your refrigerator, rub the outside of the trays with salad or cooking oil.

Powder Puffs
Restore your soiled powder puffs by washing them in warm soapsuds, scrubbing the bad spots with a fingernail brush. Don't lay them out flat to dry, or they might turn sour. Pin them, instead, to the sunny side of a window curtain so that the air can get at them.

Asphalt Shingles
A cracked asphalt roof shingle can be repaired by filling the break with asphalt cement. If the crack is at a point where the shingle can be lifted a bit, put the cement under the crack as well as on it.

Angel Cake Pan
A substitute angel cake pan is set up quickly by inverting a tumbler in the center of a deep pan. The tumbler should, of course, be of metal or heat-proof glass.

Squeaky Floorboards
You can often silence squeaky floorboards merely by pouring some liquid soap into the cracks between the troublesome boards. The soap acts as a lubricant where the boards rub together, and it should be applied hot to assure penetration into the wood fibers.

Rust on Fabric
To remove rust stains from fabrics, first soak the spots in lemon juice, then cover with salt and let stand in the sun for several hours. Rinse thoroughly.

Baby's Bottles
A six-bottle soft-drink carton is a handy receptacle for storing baby's bottles in the refrigerator. It takes a minimum of oil and prevents spills.

Ironing Slips
The wise girl remembers to iron her slips crosswise instead of up and down. This tends to prevent the slip from showing below the skirtline.

Improvised Scrubber
An efficient scrub brush can be made by cementing a piece of corrugated-rubber stair tread to a wooden block. This is excellent for cleaning linoleum and painted floors, acting as a squeegee on excess water.

forcement Foundation's banquet in Austin. It pinpoints one of the reasons for TLEF's existence - to effect a better partnership between the public and the law enforcement agencies.

Public sympathy, it seems, is inclined to go out to the criminal, putting him in the role of "underdog," the hapless victim of hard-hearted policemen and prosecuting attorneys.

"Texas Legislature has a poor record for crime fighting," Gov. Price Daniel charged at the meeting.

"Of 27 law enforcement bills proposed last session, only three were passed - and these were partially crippled."

Governor Daniel warned that crime is increasing three times as fast as the population, and it is the state's most serious social problem. During the first six months of this year, lawlessness flourished at the rate of three murders, three rapes and 125 burglaries each day.

TLEF is a privately financed organization of outstanding citizens from over the state.

Governor Daniel announced he will support Sen. Lyndon B. Johnson, not only for the presidential nomination, but for chairman of the Texas delegation to the Los Angeles national convention.

Senator Johnson and former Gov. Allan Shivers fell out over who should be state delegation chairman in 1956, Johnson won. Daniel says he wants Johnson to be chairman, but that he (Daniel) will take an active part in working for the senator both here and in other states.

State Board of Education has gone on record as being unanimously opposed to spending anything but the income from the \$100,000,000 Permanent School Fund.

Fund has been built up over the years, principally through sales of mineral rights on the school lands. It has been invested in government and municipal bonds which have an income of about \$12,500,000 per year.

This investment income is used for school operating expenses. It is dipping into the principal - the \$100,000,000 - that the Board opposes.

Board resolution compared the school trust fund to seed corn which "our forefathers saved to plant instead of grinding it for use as food."

There has been some talk of tapping the permanent fund to Acidosis

For persons in your family who are subject to acidosis, serve raisins in the breakfast cereals, as they have high alkaline content.

Leaky Flush Tank
The additional weight of a strip of wire solder coiled about the arm of a toilet flush-tank ball often is sufficient to cause slight leakage into the bowl. Solder is crapped several times about the lower end of the arm and allowed to rest on top of the ball.

Tight Bolts
To loosen tight screws or bolts place a few drops of peroxide on them, letting this soak in for a few minutes - and then the job of twisting them out should be easier.

meet current demands for a teacher pay raise.

Board of Education approved the holding of a county-wide election to see if Cooke County residents would be willing to support a junior college at Gainesville.

A study of the feasibility of establishing a junior college in Midland was also approved.

Textbooks in seven subjects were adopted by the Board, including, for the first time, journalism books.

Within the next few weeks Texas optometrists will vote on a proposed new rule prohibiting practice under any name except the name under which the optometrist is licensed.

Before polling the optometrists, the Board of Examiners in Optometry got a ruling from Attorney General Will Wilson stating that the regulation would be legal and valid.

While the board is not bound by the results of the balloting, it was predicted that a favorable response would almost certainly result in adoption of the rule. This, because there are hundreds of individuals engaged in optometry as compared with firms so engaged.

If adopted, the rule would prohibit practice "under an assumed name, corporate name, trade name or any name other than the name under which the optometrist is licensed."

This would mean the end of such firms as Texas State Optical, and Lee Optical, where classes are available at considerable savings to the general public.

State Hospital Board has under way studies aimed at three of its current problems. One is to find a way, other than providing expensive mental hospital facilities, to care for some 2,700 patients whose only ailment at present is old age.

Two plans are being considered. One is state assistance toward the cost of caring for the oldsters in private nursing homes. Other is providing for state nursing homes.

Under law, the state is not responsible for giving institutional care for the aged. But these patients were all admitted on court order as mental cases. Now they're too infirm to be "turned out."

Another problem under study is that of tuberculosis patients who go "awol" from TB hospitals before they are completely cured. Danger is not only that they will relapse, but that they will infect healthy outsiders.

Third matter under study is the facilities needed for present and future care of mentally retarded children under school age.

Named by Speaker Waggoner Carr to the Joint Educational Standards Commission were Reps. C. T. Matthew of

Yoakum, Leon Thurman of Anson and Maurice S. Pipkin of Brownsville. Commission is to search for ways to cut school costs without sacrificing necessities.

Reps. Louis Anderson of Midland and C. W. Peay of Temple have been selected by Carr to serve on a committee to study the state fiscal system.

Four big city solons will serve on a committee to study the possibility of merging some functions of city and county go-

vernment. They are Reps. Raymond R. Russell of San Antonio, Warren C. Cowen of Ft. Worth and Ben Atwell of Dallas County.

Texas Supreme Court justices will sit at their new marble bench for the first time on Dec. 3, rather than Nov. 18, as previously announced. A special ceremony will be held Dec. 3 in the new State Courts Building, with the justices formally attired in black robes for the occasion.

"IT'S CERTAINLY THE MOST BEAUTIFUL CAR OF ITS SIZE!"

FALCON, the New-size Ford, delivers the value and cuts the budget!

Handling that's really a breeze. The all-new, new-size Falcon parks on a dime... turns on one, too! You'll be able to steer with power steering ease... without power steering. You'll be able to stop as though you had power brakes... without power brakes.

Room for six—and all their luggage. No doing without in the Falcon! There's hip, shoulder, knee, and head room galore! Both two- and four-door models are a cinch to enter. Then, thanks to the Falcon's front-mounted engine, there's luggage space aplenty for everyone.

Up to 30 MPG on regular gas, too. And the Falcon actually crossed the country without any oil added. Speaking of thrift, the Falcon's finish never needs wax. Its aluminum muffler normally lasts up to twice as long.

Sweet performance from Ford's most modern Six. A full 90 hp. You'll have to feel the pickup and responsive power to believe it! And each Falcon Six is electronically balanced, while running under its own power, for top smoothness.

New luxury interiors. Upholsteries are truly quality-made... materials you'd expect to find in cars costing twice the money. Seats are chair-high. The front seat cushion is foam padded. And the Falcon rides smooth as silk... corners on rails.

Proved over 3,000,000 miles. To top off 3 years of testing, a fleet of the new-size Falcons has just been proved over every mile of numbered Federal highway. It's without a doubt, the world's most experienced new car.

FALLING LEAVES

...usher in the season of Thanksgiving. The time when white frosts and flaky snows cover the earth. Isaiah 35 speaks of this mirage, but we know the Lord reigneth, and the parched ground shall become a pool as He said. Then, since all must come to judgment and be rewarded according to his personal behavior; and since eternity is so very long ... it is urgent that we approach, with much concern, our rendezvous with death. There is no variableness in God's cause nor in His justice. Support His church regularly and worship God every day.

Let Us Forget: Are we regarding the Blessed Savior and our own immortal souls as though we regarded them not; and suffered our hearts to be totally occupied by the world. We must then reverse our conduct if all is to be well with us. Let even the greatest concern of time and sense make but a light impression on our souls; let the interest in Christ and the Salvation of our souls through him be regarded as the one thing needful. While the fashion of this world is passing away, endeavor to secure the "Incorruptible inheritance in Heaven."

 All members of the club were present and refreshments were served.

How Can I?

By Anne Ashley

Q. How can I treat alcohol stains on furniture, caused by spilled drinks, medicines, skin lotions, perfumes, and the like?

A. When these occur, wipe them up instantly and rub the spot vigorously with the palm of your hand or with a cloth moistened with an oil polish. For old stains, use rottenstone or powdered pumice, mixed to a thin paste with raw or boiled linseed oil. Rub lightly in direction of the grain. Wipe with a cloth dampened with plain linseed oil. Repeat as many times as necessary, then polish. Sometimes refinishing is necessary.

Q. What is a good treatment for a new paintbrush, before using it?

A. Soak the bristles of the new brush in linseed oil. The bristles will then remain flexible and easy to clean after each use, the linseed oil preventing hardening of paint on them.

Q. How can I easily remove lint from dark woolen clothing?

A. Dip a rubber sponge into water, wring dry, and rub this over the cloth.

Q. What is a good and attractive dressing I can prepare for a fruit salad?

A. Whip three tablespoons of currant jelly with a fork and then mix gently but thoroughly with a half-cup of commercially-prepared sour cream. This dressing tastes good on a winter salad of bananas, apples, and oranges.

Q. How can I remove spots from photographs, paintings, or prints?

A. Add a few drops of ammonia to a cupful of warm water. Apply this carefully with a soft cloth that has been dipped into the solution and wrung dry.

Relax Men, It's World For Women

UNIVERSITY PARK, Pa. — A sociologist — and a male at that — says what a lot of people have suspected all along, namely, that women could take over the world if they really wanted to.

Dr. William G. Mather of Pennsylvania State University says the gals could make this a woman's world if they made use of their potentially great power.

He notes that because of a longer lifespan women now outnumber men. Through inheritance they control most of the country's wealth.

Because of their experience in child raising and family living, Dr. Mather believes, women are especially fitted to take on broad community responsibilities.

"Since early primitive times, women have shouldered the responsibility for family living and discipline and have mastered the art of adjusting to other people and cooperating with them," he says.

Dr. Mather, who heads the Penn State department of sociology and anthropology, says women are better educated than men, too. More women finish high school and get better grades than men. He admits more men graduate from college, but declares that the women who go through college usually get a broader education, because they are not as job-conscious as men.

Women, while outnumbering men, also could outvote them, if they took it into their pretty heads, he added.

"Women must use these potentially great powers today," Dr. Mather says. "Women should expand their horizons and apply their skills to the betterment of the community and the world."

Upon women's doing this depends the survival of the species of man. For centuries women have kept the peace in the family. Now they must help preserve it in the world.

But relax, men, relax. When Dr. Mather was asked how women could make their influence felt, he admitted they will probably have to do it through men.

Mr. and Mrs. S. N. Thweatt made a business trip to Amarillo Monday.

TAKES MIND OFF GAME

KANSAS CITY, Mo. — Ned Garver, veteran pitcher with the Kansas City Athletics, has his own way of relaxing on the mound.

"When things get tough (men on bases) pressure is the worst thing for a pitcher," says Garver. "At times like that I try to pick out some fan in the stands and ask myself questions about him. Where did he come from? How did he get to the game? Things like that. It takes my mind off the task for the moment, and helps me relax. That's an important item for any pitcher."

The pineapple originated in South America.

HERE'S CORVAIR WITH ENGINE IN THE REAR WHERE IT BELONGS IN A COMPACT CAR

We could have made Chevrolet's new Corvaire just a "sawed-off" version of a big car. But we knew the engine had to go in the rear if we wanted a compact car with big car ride, big car room, big car performance—and maximum efficiency. And that called for the most drastic revolution in auto design America has ever seen. What does a rear engine mean to you as driver or passenger?

MORE SPACE—The floor is virtually flat. The short "opposed six" engine takes up less space, leaves more for passengers. And the whole car can be lower without sacrificing either road clearance or head room.

FAR BETTER RIDE—A rear-engine car has to have full independent suspension on all four wheels. Every wheel can sop up a bump without affecting any other. So the ride is far softer and the wheels cling to the pavement better.

GREATER TRACTION—Rear wheels carry more weight, get a better "bite." (Try a Corvaire on mud, snow, ice, rain-wet asphalt; you'll be astounded by the difference in road-grip and control.)

BETTER BRAKING—Most front-engine compact cars do up to 72% of their braking with the front wheels. Corvaire is designed to put an equal brake load on every wheel for smooth, straightline stops.

LESS NOISE, LESS HEAT—Engine noise, engine heat, engine fumes are behind the passengers; they're carried away by the wind stream as you drive.

LESS MAINTENANCE—Corvaire's air-cooled engine never needs antifreeze, never boils in the hottest weather. It warms up quicker, so there's much less cold-start wear.

BETTER HANDLING—Corvaire's "flat" engine and lower floor gets the center of gravity way down; it rides rock-solid through

the tightest turns. The front end doesn't pack the dead weight of an engine—so steering is light as a feather.

LESS NEEDLESS WEIGHT—A rear engine pares off so much bulk and dead weight. Corvaire's power plant is mostly aluminum to begin with. And it's air cooled—no need for a radiator, water pump or hoses or even the weight of the water itself.

No need for a long, heavy driveshaft, either. And engine, transmission, and rear axle are all bolted together into one solid power unit.

But real understanding of how wonderfully right a rear engine is for a compact car can only come after you have taken the wheel of a Corvaire. That's something you ought to do soon—how about this week?

There's nothing like a new car... and no compact car like the de luxe Corvaire 700
