Around Town

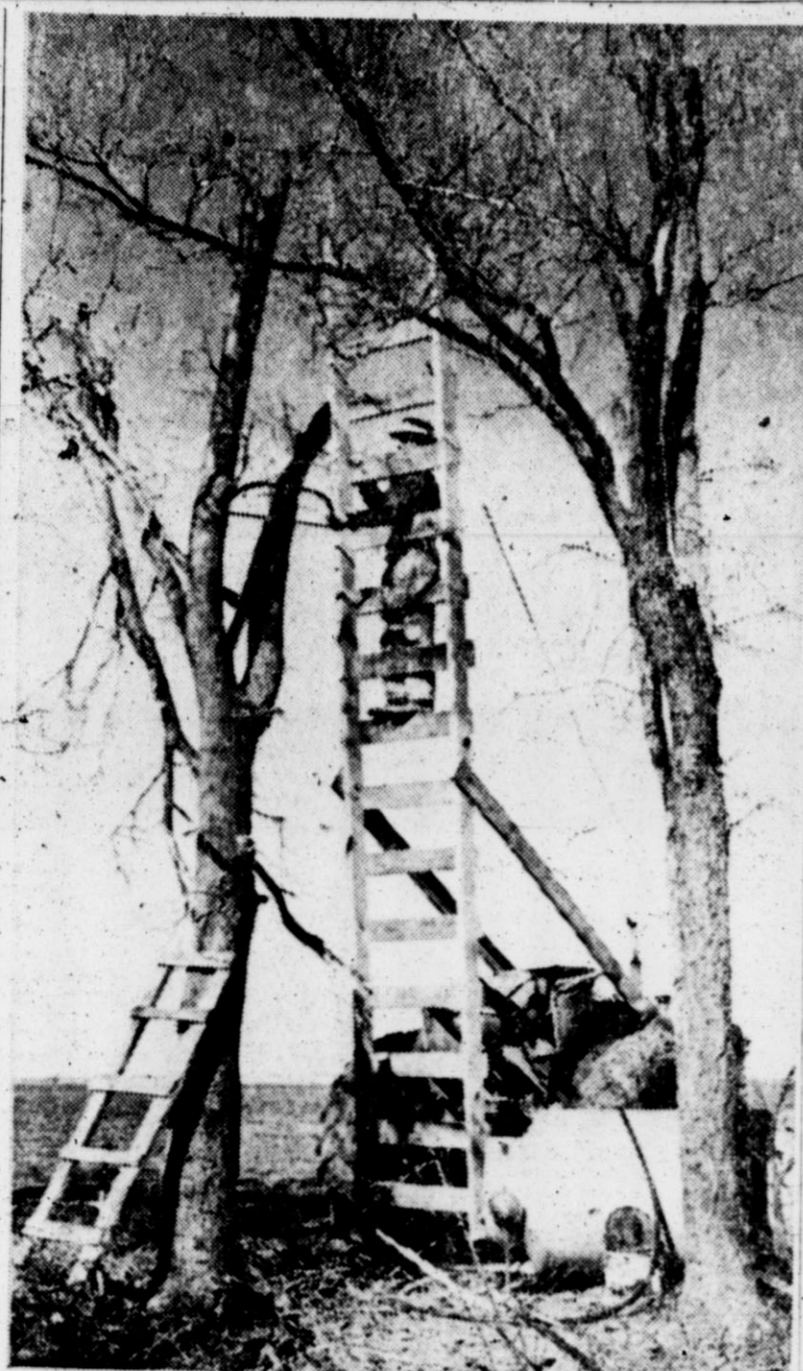

With this day ends the 5th decade of the 20th Century, termed by many as "The Fabulous Fifties". It has been a momentous ten years for the world. Hereford and Deaf Smith County generally have fared well. Despite a seven-year drought, the area has grown and prospered. Although it can be dangerous to make predictions, the next ten years should see even more strides in the development of the Southwest.

How much have we grown during the last ten years? Your guess could be as good as any. The Sunday Brand will carry details of a guessing game about the 1960 census count of Hereford and Deaf Smith County. Get out a post card and start guessing our population.

Brand society editor Mrs. John McLean is taking a well-deserved holiday with her husband. Until her return, club reporters and others with society news are asked to mail, bring or call their news to the Brand office.

About 100 tickets to the annual Deaf Smith County Chamber of Commerce have been purchased since the decals went on sale Monday. Only 867 tickets are available with Chamber members getting first option. The banquet will be held.

A TRACTOR-ANCHORED ladder simplifies a giant task of pruning about 400 damaged trees at the Tom Draper farm, seven miles south of the city on U. S. 385. The "contraption," built by a farm employee, Grady Parsons, can be moved from tree to tree in a few seconds and helps eliminate the danger of falling limbs during the pruning operation. POLICE ANNOUNCE

Order Crackdown On Street Litter

Hereford Police Chief Henry Aycock this week ordered a stepped-up campaign against offenders who discard empty beer cans, other alcoholic containers and empty boxes on streets and lawns in Hereford.

"The recent increase of street littering with these containers is a disgrace to our city," Aycock said, "and I personally will formally request our courts to impose maximum fines against any and all convicted of these offenses."

Aycock reminded that littering of streets and lawns is in violation of a state law, and that offenders are subject to fines as levied by courts.

In connection with the warning, Aycock said that minors who roam streets in automobiles during late hours in the night or morning lead patrolmen to believe the youths may have beer or liquor in their possession. "They should not be surprised if a patrolman should stop the car in which they are riding to determine whether or not they have alcoholic beverages in their possession," he pointed out.

Aycock issued a reminder that possession or consumption of beer or other alcoholic beverages by a minor is in strict violation of a state law, and he advised that youths pattern their activities accordingly.

"The few youths who are partly responsible for littering streets and lawns with empty containers are surely not a sampling of our local youth in general," Aycock said, "but we intend to seek out offenders who continue to break that law."

Arrest Man For Statutory Rape

Indicted earlier this month for statutory rape, Rex Miller, 37, of Woodward, Okla., was turned over to Deaf Smith County Sheriff's Department authorities in Casa Grande, Ariz., Dec. 24. Miller was charged in connection with the reported statutory rape of a 13-year-old Hereford girl earlier this year. Miller waived extradition at Casa Grande on the morning of Dec. 24 and was returned to Hereford the following evening. Arrest and return was made by County Deputy Sheriff L. R. Cherrubino of Hereford.

The Oklahoma man agreed to a polygraph test, which was administered in Canyon Sunday evening. Results of the test were not revealed. Miller was indicted by the 69th District Grand Jury which convened in regular session Dec. 7. Bond was set at \$1,000. Authorities in Casa Grande arrested Miller for local authorities.

970 Poll Taxes Sold; Deadline Will Be Jan. 30

With only a month remaining for the purchase of poll tax, 970 sales were recorded by the Deaf Smith County Tax Assessor - Collector's office Wednesday morning. Deadline for purchase of receipts is Jan. 30. That figure constitutes more than one-fourth of the estimated 2,600 eligible voters in the county, according to county tax assessor - collector Dave Alexander. Purchase of the tax, \$1.75 per person, entitles a citizen to vote in the May 7 democratic primary, in various bond elections and other scheduled and special called elections. Alexander advised county residents to purchase the tax early.

Necessity Spawns Portable Ladder To Fix Broken Trees

By DAN MUDD, BRAND STAFF REPORTER

"Necessity inspires invention. The recent ice and sleet storm in the Panhandle supplied the necessity, and how! Nearly 400 trees with broken branches, a real king-sized pruning job.

And Grady Parsons, an employee on the Tom Draper farm seven miles south of Hereford, supplied the invention.

Parsons and Draper faced the problem of how to get a man and cross-cut saw to the tops of trees scattered over a wide area of Draper's farm.

So with a few 2-by-6's and a little imagination, Parsons attached a 20-foot ladder to the rear of a farm tractor, complete with heavy braces and safety ropes attached to the front of the tractor.

The pruning operation is simple in theory: just back the ladder as close as possible to the

damaged tree, then climb and cut.

"We needed to prune the trees as soon as possible after the storm, and we both knew the danger of a light, man-movable ladder around falling limbs," Parsons said. "Neither of us wanted to get our limbs broken too by having a ladder

knocked out from under us." The tractor-anchored ladder can be moved from tree to tree in a few seconds, and the tree-trimmer can work practically oblivious to danger of falling limbs.

"And it's easier on the back, too," said Parsons. "If you have to move a ladder from one tree to another by hand, it gets heavier and heavier as the day progresses."

Draper, noted for the large assortment of tall trees around his house seven miles south of Hereford on U. S. 385, was practical.

Slate Closings For New Year's

In observance of the new year, most Hereford businesses will declare a one-day holiday on Friday, Jan. 1. With the exception of law enforcement departments, Hereford City Hall and Deaf Smith County Courthouse offices will be closed two days, Friday and Saturday, according to announcements this week.

Both Hereford banks will observe the holiday only on New Year's Day, bank officials said. Generally, only New Year's Day will be observed as a holiday by local merchants, but there may be individual exceptions, said Chamber of Commerce Manager Bill Thompson.

Officials announced that City Hall and County Courthouse would be closed Friday and Saturday, but that buildings would open at the regular time Monday.

Hereford Police Department headquarters will be open throughout the holiday season, and Deaf Smith County Sheriff's Department and the local Highway Patrol unit offices will be open on irregular schedules.

Herd Breaks Losing Streak To Gain Consolation Finals

Hereford faces a strong defensive team in Hereford Friday night as the Tascosa Rebels of Amarillo come in with a neat 10-2 record.

Tascosa uses a deliberate type of offense, rather than the more frequently seen run and shoot. Hereford was the first cage opponent for the school last year, as it opened its doors. The Herd took two wins from the Rebels, 61-36, and 37-23. The second game was typical of the defense and slow offense the Rebels utilized.

Most of last year's Rebel squad is back this year. Their attack is paced by Curtis Waters, Mike Sims, Bert Randall, Lanny McCrary and Joel Low.

Hereford broke a six-game losing streak Tuesday in Lubbock's Caprock Holiday Tournament. It came the hard way, as the Herd knocked off Colorado City 85-82 in an overtime game to advance to the AAAA-AAA consolation finals. They were to play Wednesday afternoon.

With 19 seconds left in the game, Dennis Hodges pumped in a field goal to gain a 77-77 tie for Hereford. Colorado City started the overtime with a free throw, but Hereford's Charlie Thomas, Ronnie Botkin and Thomas Coffman each added a field goal as the Herd pulled away to the three-point win. Hereford was hot in the first two quarters, moving to a 19-17 margin at the end of the first

Youth Arrested On \$159 Theft

Bond for Eulalio Mendina Castillo, 17, of the Labor Camp was set at \$1,000 after he was charged with theft over \$50 by Deaf Smith County Sheriff's Department Monday afternoon.

Castillo was charged in the reported theft of about \$159 in cash from the glove compartment of an unlocked automobile owned by Aristeo Lopez of the Labor Camp on the night of Dec. 20. The vehicle was parked at St. Anthony's Catholic Church at the time of the theft.

Arrest of Castillo was made by County Deputy Sheriff Bill McCarver of Hereford at about 11 a. m. Monday at the Labor Camp. The \$1,000 bond was set by Justice Of The Peace Berry Miles Monday afternoon.

McCarver said \$40.60, believed to be part of the cash reported missing, was in Castillo's possession at the time of arrest.

About 70 area and Hereford boxers are expected to weigh in Sunday in preparation for the third annual District Invitational Golden Gloves Tournament to be held in Deaf Smith County Bull Barn here Monday and Tuesday, Jan. 4 and 5. Fights will begin at 8 p.m. on each night of the two-day tournament, which is expected to draw most of the outstanding amateur boxers in the region.

Invitations have been sent to boxing clubs in Levelland, Plainview, Pampa, Fergert Canyon, Muleshoe and Amarillo. Two Amarillo clubs, D & D Pharmacy and Amarillo Boxing Clubs, will enter fighters.

Nineteen trophies will be awarded to top boxers in high school and open divisions. Ten high school division trophies will be awarded, and eight open division boxers will receive trophies. One sportsmanship golden trophy will be given away on the final night of the tournament.

Hereford Athletic Club coach Don McNeese expects as many or more boxers to enter the tournament than in past years. Last year, 36 fights were held in the second invitational meet

Monday was a red letter day for Bob Brotherton. That was the day he started working in Amarillo after being transferred from Hereford by Pioneer Natural Gas Company. He also made plans that day to move his family to Canyon, where they will live. And finally, he was one of four lucky company employees who won two Cotton Bowl tickets, hotel reservations, travel time and expense money for the New Year's Day extravaganza in Dallas.

Hereford's scoring attack was well-balanced as Hodges and Coffman each garnered 22 points. Charlie Thomas and Ronnie Botkins added 14 each.

Colorado City had three players in double figures, led by Jerry Haley's 29. Ronnie Bassinger added 14, and Kerry Kendrick 22 for the losers.

County Tax Assessor - Collector Dave Alexander this week reminded us that the state attorney general has ruled that it is illegal for any organization or group to sell poll taxes on the street or in a house - to house canvass. Therefore, the taxpayers won't be able to help out this year, and you will have to go to the courthouse to buy yours.

The total now deposited in the Project Christmas Card account stands at \$1,736.40. Sponsored by the Hereford Medical Auxiliary, the project this year was earmarked for donation to the Community Center.

One of the least salable items in the world is a Christmas tree around Jan. 1. I have been trying to trade mine back to Bill Brady and the Optimist Club, but they say their lot is already closed . . . however, if I will

bring the tree back next December they will try to work out something. Usually the Boy Scouts have a big Twelfth Night bonfire, but I haven't heard anything about it this year.

It was a good Christmas for the volunteer firemen, though. They had one little outside blaze. I wonder who has answered the most calls in the department. Some of the boys have been firemen for more than 20 years — and that's a lot of water down the gutters.

Ray Lawrence is becoming a firm believer in advertising. He says they ran an ad in the Milwaukee newspaper urging people to use Highway 60 to the Rose Bowl game — and he has personally run across several

fourists as a direct result. Sam Bell also reported an overnight guest or two as a result of the ad and they met several other people who took the route because some friend read the ad and advised them.

By now most of the papas have gone back to work and the youngsters are finally getting to play with their new electric gains. This, of course, is the reason our schools give such a long holiday period following rather than before Christmas. No kid will ever have any more fun than J. D. Poarch and Wayne Wallace, however. These two old boys were assembling a train unit on plywood a week or so back — and were really living it up.

A lot of youngsters are home for the holidays, which is one of the nice things about this season of the year. Mostly, they are having a big time. However, I heard of an ag student who combined vocation with work and was trying to help his dad get better yields.

"Now, take that tree, pointed out the young man. "You need to prune and spray it. Honestly, I'll be surprised if you get even a half bushel of peaches from it unless something is done."
"So will I," patiently replied the father. "You see, son, that's a pear tree."

Anyway you turn these days, people seem to be talking about the "Fabulous Fifties" and the "Sensational Sixties." It's probably just a matter of age, but I always thought the "Roaring Twenties" were pretty fair. It doesn't seem to make a lot of difference whether they have atom bombs, TVs, jet planes, buggies or automobiles. Folks generally find a way to have fun. This was true, even during the great depression, when things were really tough. Back in the 20's the stock market got a lot of the money, and now we drop most of it in the supermarket. However, we get trade stamps — and that's more than the stock market boys ever did.

Jack Haley of the Canyon News was over this week, and was telling me that Ernest Joiner, famous "Crusading Country Editor" of the Rails Banner, is going to California. Joiner, it seems, will edit a magazine for the veterinarians. The Rails editor spoke here following all of the Life Magazine publicity last summer, and will be remembered by many who heard him. He also appeared later on Dave Garroway's "Today" TV show.

ably one of the most respected and most beloved men in the community. He is an old timer with consistently modern ideas. I haven't seen him in a month or two, but during the past week I have several times heard people refer to him in conversation as one of the finest people they have ever known. He has a knack of coupling dreams with practical action, and out of this same combination came Hereford's first power plant many years ago.

Glen Webb is another old timer I admire. Back when Glen was in the grocery business, he sold me on the idea of eating black-eyed peas on New Year's Day — and I haven't missed in 19 years. They are supposed to bring good luck. This I occasionally have

reason to doubt; however, in my case it's OK, because I really like black-eyed peas — and it always reminds me of a good friend on the occasion of the New Year.
Just in case they do bring good luck, maybe we should send a couple of cases down to the Texas U. Longhorns before they meet the Syracuse team. I figure they are going to need them.

Meanwhile, my weather predictions are working out even better than I dared hope. Those who took my advice and planted their entire wheat crop have unlimited prospects for 1960. There is so much moisture in the fields that even a shower starts the water running. Mr.

father-in-law says we have never had anything like this in the past 50 years. Always, when we have December rains, we invariably produce bumper wheat crops. Prospects, to say the least, are truly bright for 1960 wheat and farm yields.

And for all of the folks who are upset over the new insurance setup in Texas, it could be worse! Jack Rogers brought by a clipping from an insurance magazine telling about the situation in New York. For one conviction on speeding or other moving violation, the New York driver pays upward of 25 per cent on his premium. Many people have to buy burglary or home fire insurance to get liability coverage. Two moving traffic violations can mean a

25 per cent jump in premium cost. Accident-prone people are practically uninsurable and drivers under 25 are accepted only when other insurance business justifies the risk.

All in all, it looks as if the

insurance people are going to do more to enforce the highway laws than the patrolmen. The only thing that worries me is the fact that they still have a heck of a lot of automobile accidents in the state of New York.

By MRS. CARL WIMBERLEY
Christmas has been observed in the community in traditional fashion with family gatherings locally and many attending family reunions in distant places.

Christmas parties for each room at the Dawn School were held Tuesday afternoon preceding the beginning of the holiday season. These were under direction of the mothers and teachers.

Burned Enamel Pot
If food has burned in an enamel pot put three or four raw potatoes, skins and all, into the pot, cover with water, and let simmer until only an inch of

water is left. Refill and repeat the routine three times; then let it stand overnight and scour it with scouring powder. Or, if the burn is mild — and this applies to enamel or aluminum — fill the pan with cold water, set it in a larger pot full of cold water for a few hours; then scour it.

Tile Fireplaces
You can do a nice job of cleaning tile fireplaces by sprinkling some salt over the tiles, then rubbing over this with half of a raw lemon. Follow this with a good scrubbing.

Nails in Plaster
One need have no fear of crumbled plaster when driving a nail into it if the nail is first dipped in hot water or melted paraffin.

Garbage Pail
Pour some melted paraffin into your kitchen garbage pail and allow it to spread evenly over the bottom. This will keep the contents from sticking, and your pail will be much easier to clean.

Bluing Stains
If the bluing has left a stain on white material, soak it in

a strong ammonia and water solution, or in kerosene, and wash with a naphtha soap in lukewarm water, rinsing thoroughly afterwards.

Substitute Wax
Here's a good substitute wax for linoleum: Add a handful of starch to your washing water, and when your floor has dried, it will have a gloss almost as high as if it had been polished.

believe that unless we recognize Red China, we will lose much of these markets. This is a subject that should be thoroughly understood by the American people before any action is taken. It would be a most serious step and principles should not be sacrificed for possible material profit.

DOMESTIC

1. Taxes. The entire tax structure is undergoing a complete surveillance anticipatory of a complete overhaul. As I pointed out earlier in the fall, there is not much possibility of a tax cut in 1960. However, it is expected that the groundwork will be laid to bring about much needed corrective measures in early 1961.

2. Civil rights. The so-called civil rights advocates have again become vociferous and can be expected to push and plan to make it possible for the Attorney General to represent individual citizens in the courts regardless of the desires of the individual citizen involved. This may look good on its face, but it is contrary to the basic law of this country and could do much damage in furthering the centralization of this government.

3. Health insurance. This, sometimes referred to as socialized medicine, will be a subject of great controversy in 1960. It is presently rumored that the Administration will come forward with a measure similar to pending proposals and efforts will be made to push through this type of legislation. Many feel that there are political overtones involved. In any event, the people generally should be on the alert.

There are many other issues which I must wait until later newsletters to discuss, because of the lack of space.

A Happy New Year to all.

other study by a nine-member legislative and layman committee. Particular attention will be directed at property taxes and the new taxes adopted in the recent sessions.

Sen. William S. Fly of Victoria, who was chairman of the tax study committee for the past two years, was named to head the new effort. Rep. Frates Seeligson of San Antonio will again be vice chairman as before. A layman, John McKee of Dallas, will also serve again in his previous role as secretary.

Other members of the committee are Sen. George Parkhouse of Dallas; Sen. Louis Crump, San Saba; Rep. Gordon Bristow, Big Spring; Rep. V. L. (Bo) Ramsey, Beckville; Hugo Lorvenstein, Amarillo; Dr. John R. Stockton of Austin.

Hearings will again be heard over the state as during the past two years. They will begin early in 1960.

TEXAS CITIES SELF-RELIANT - Cities of only four other states are more self-reliant than Texas cities, according to a study by the Texas Municipal League.

State assistance to Texas cities amounts to 3.1 per cent of the expenditures of municipal government. States in which the percentage is lower are Missouri, 3 per cent; Kentucky, 1.3 per cent; Montana, 0.9 per cent; and West Virginia, 0.4 per cent. National average is 16 per cent.

INSURANCE PLAN HIT - You may pay more, or less, for your automobile insurance after January 1. Everything hinges on your driving record. But the new system is being challenged.

Sen. Grady Hazlewood of Amarillo has leveled a barrage of criticism at the merit rating plan. Under the system, drivers are assessed rate increases for accidents and moving traffic violations occurring during the three years preceding the payment of the premium. Drivers with flawless records get a 20 per cent reduction.

Hazlewood complained that the application of the plan to past offenses was unfair. He said lack of uniformity in traffic law enforcement is also unfair to drivers in strict enforcement areas.

Law requires the Board of Insurance to call a hearing within 30 days after a request from any policyholder or insurer. So the Board set a hearing for Jan. 14 at 9:30 a. m. in the State Highway Department hearing room. Insurance Board Chairman Penn J. Jackson said the plan and the new rates will go into effect Jan. 1. Changes could be ordered later.

HOLIDAY VISITORS - Visitors in the Gilbert Davis home over the Christmas holidays were Mrs. Davis' parents, Dr. and Mrs. G. B. Lake of Crockett and Gilbert's mother, Mrs. Zuma Davis of Fort Worth.

HAPPY NEW YEAR

... it is midnight, and the toll of the bells announce a brand New Year. It is time to begin again. God hands us 365 clean, new days and as we accept his proffer we must make valid resolutions to discharge all the responsibilities that automatically come with them. Our world is confused. Seeds of destruction are planted everywhere. It is not a time for indecision. May we resolve, right now, to get a clearer view of destiny... to understand more of the meaning and purpose of life. May we have more time for God, and somehow, may He make us realize, He is in front of all our tomorrows.
 Happy New Year!

CAMPY TURNS AUTHOR
NEW YORK — "It's Good to be Alive," by Roy Campanella (Little, Brown and Co) is the stirring story of a humble Negro who became a baseball hero during his 10 years as a catcher with the Brooklyn Dodgers. While the Dodgers were preparing to move to Los An-

geles, Campanella met with a near fatal automobile accident and became paralyzed from the waist down. Joe Reichler of The Associated Press and Dave Cameron assisted in preparing the book.

Speaking of paying, a JENSEN AUTOMATIC WATER SYSTEM pays, fool in a hundred different ways.

Plenty of water for kitchen and bath. Good fire protection. Ample water for garden and milk shed. Livestock and poultry stay fatter and produce better with all the water they want to drink day and night.

JENSEN JACKS carry a 5 YEAR WARRANTY. Another reason why we believe you'll agree—JENSENS PAYS!
