BIKE RIDERS invaded Hereford's business district briefly Friday to pay off a pledge to a church congregation. Jeff Terrell, left, Rev. D. H. Baldwin, center, and Homer West rode bicycles from First and Main to Third, around the courthouse square and back down Main . . . but they were happy. They had promised the members of the Frio Baptist Church they would make the pedal parade when attendance at evening Training Union exceeded the number at Sunday School. The five-year goal was achieved on Dec. 21, with 110 at Training Union and 105 for Sunday School. Terrell is former director of the Training Union. He was succeeded by West. (Staff Photo)

Water District Voting Tuesday

Voting for new district directors and county committee members of High Plains Underground Water Conservation District will be in Commissioners Courtroom in the Courthouse Tuesday, Jan. 13. Previously it had been reported that balloting was to have taken place Saturday.

Four Deaf Smith County residents have been nominated to one district and two county posts of the Water District.

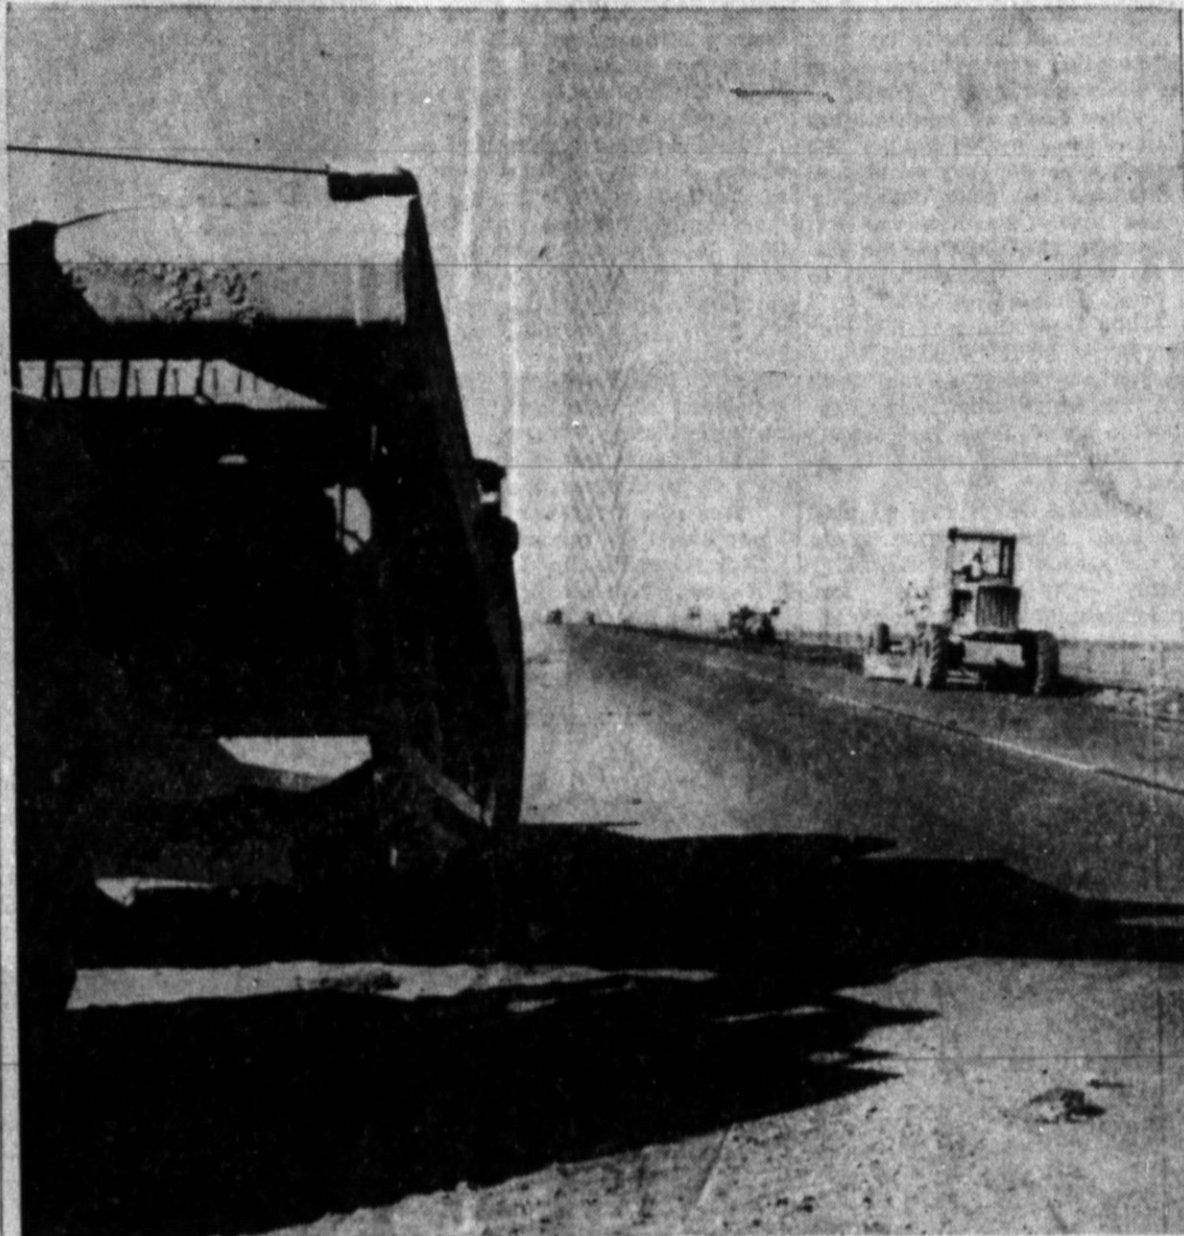

T. L. Sparkman Jr., Route 1, will be matched against G. A. Dietz, Happy, for directorship of precinct 4, which includes Deaf Smith, Armstrong, Potter and Randall counties. Outgoing director is Virgil Dodson of Hereford. Dodson also is chairman of the District.

County committee nominees include Clinton Jackson, Route 5, against Ira Scott, Route 5, for commissioner's post of precinct 3, and Jack Higgins, Route 4, for commissionership of precinct 4.

The five-man district board, which is the governing body of the Water District, will have three of its members whose terms of office expire. District board members serve two-year terms of office.

Two new county committees will be elected, in each of the 13 Water District counties, to replace two retiring committees. The committees each consist of five members who serve three-year terms of office.

Outgoing committeemen are George K. Muse, Hereford, and (Continued on Page 2)

Two major construction projects in Deaf Smith County, which will amount to approximately \$760,000, started this week after weather conditions and the holiday season delayed the operations for more than two months.

The projects include construction and additions to the Hereford Rural High School District and grading, structures and paving of more than five miles on Highway 51.

Orville McElroy, construction foreman for Carl E. Maxey Company of Lubbock, told The Brand Friday that the small elementary school in northwest Hereford, a part of construction work included in a general contract totalling \$487,791, would be ready for use when the 1959-60 school term begins in Hereford.

The company started work at the site of Hereford's new cafeteria and Junior High building Jan. 2. Construction crew was installing foundation piers at the elementary school site Friday.

Dr. Leon Hill provided a real treat for Kiwanians and guests during the annual officer installation banquet Thursday night. He whipped out one joke after another. Altogether he told stories and anecdotes for 30 minutes, and was more serious for another 13 minutes. It would be impossible to remember half of the stories, but one that really convulsed the audience was while he was talking about California. "Why, they don't even expect marriages to last long out there," he related. "In fact, they're even throwing minute rice after the ceremony." Dr. Hill, pastor of the First Baptist Church of Amarillo, reportedly made 211 speeches last year, not counting his radio talks and sermons. (Continued on Page 2)

Tornado Siren Test Scheduled

In connection with a National Civil Defense project, Hereford will participate in a disaster warning tornado siren test Thursday, Jan. 15.

Sometime during that day, City Manager Dudley Bayne said, Hereford's two tornado sirens, one at the City Hall and one between Ave. H and Ave. I, near Union St., will be sounded as a test measure.

"So that Hereford residents will not run for the nearest hole in the ground when they hear the sirens, we would like to emphasize that the project is part of a national defense drill," Bayne said.

The test here will be the first time Hereford has ever participated in the annual national drill. The sirens were installed in April and have been tested only one time.

in Amarillo on Feb. 4, 6 and 7. Weigh-in for fighters will be held in the Jim Hill Hotel Monday between 1 and 5 p.m.

Both open and high school division fighters will be on hand. Teams and fighters from Hereford, Levelland, Plainview, Wellington and Memphis have made advance entries. Two teams from Amarillo, A. B. C. and D and D Pharmacy, also have named entries for the two-day affair.

All weight divisions, from 105 pounds up through heavyweight, will be represented.

A new Hereford boxer is expected to be one of the outstanding battlers in the tourney. He is lightweight Richard Hodge, who will fight in (Continued on Page 2)

Set Bond For Non-Support

Bond for Dario Piaz Sombano, 31, Hereford, charged for non-support, was set at \$1,000 by Justice of the Peace Berry Miles Saturday morning.

Sombano was arrested here Friday by Deputy Sheriff Bill McCarver. He was placed in Deaf Smith County Jail Saturday morning, pending action of the District Grand Jury at its next session Feb. 2.

Hereford State Names Lipscomb, Bybee Directors

The Hereford State Bank named two new directors and boosted capital stock and surplus by a \$50,000 margin at a director's meeting Thursday, Jan. 8, held in the bank rooms.

New directors include Jim Lipscomb and Owen Bybee.

The additional funds give the bank \$125,000 in capital stock and \$125,000 in surplus, according to Townsend Douglas, president. He said that the new structure places the bank in position to handle loans to a \$62,500 maximum.

In addition to Lipscomb and Bybee, other directors include: J. R. Allison, Townsend Douglas, Howard Gault, J. T. Gilbreath Jr., W. N. Hodges, Joel Hodges Jr., and R. G. Peeler.

Officers remain unchanged as follows: Townsend Douglas, president; Joel Hodges Jr., executive vice president; Lloyd Sharp, vice president; Cliff Estes, vice president; Gerald McCaskill, assistant vice president; Wayne Williams, cashier, and Nadine Wade, assistant cashier.

Few C of C Banquet Tickets Available To Public Monday

The 100 remaining tickets for the Deaf Smith County Chamber of Commerce annual banquet will go on sale to the public Monday on a first-come, first-served basis, according to an announcement by John Sims, banquet chairman.

Ticket sales at the C of C office closing time Saturday had surpassed 750 of the 867 available to make up a capacity crowd.

The banquet will be held on Tuesday, Jan. 20, in the Hereford High School gymnasium. H. Roe Bartle, mayor of Kansas City, Mo., and one of the most sought-after speakers in America will give the principal address of the evening. The Walter Jetton catering service of Fort Worth will cater the banquet, featuring a main course of filet mignon.

"Harmony at Its Best" is the title given to the featured musical portion of the program. Bob McDonald, music director of the First Methodist Church of Plainview, and Riley Armstrong will sing, accompanied by organist Mary Jane King. All three reside in Plainview. Mrs.

John Sims will provide the dinner music on an organ.

An annual feature of the banquet is the presentation by the Hereford Lions Club of their Citizen of the Year award. The name of the recipient each year is a closely-guarded secret which is not revealed until the presentation is made.

Tickets may be obtained by calling the Chamber of Commerce office, Emerson 4-3333, or at the Chamber office in the

Jim Hill Hotel. No tickets will be available at the door.

Indict Hereford Man In Amarillo

A 32-year-old Hereford man was one of six persons indicted during a session of the Potter County Grand Jury Thursday.

Bill Warner Cawthorn, 610 W. 2nd, was indicted for forging and passing a worthless check.

Group Selected To Set Holidays

Five men were named to decide on holidays for 1959, during a meeting of the Hereford Merchants' Committee Friday morning in the Jim Hill Hotel.

Chairman of the group is Lloyd Widdifield. He will be assisted by Marshall Wilson, Oliver Streu, J. P. Jones and Raymond White. The committee was asked to make its recommendations to the next merchants' meeting on Friday.

Named as block chairmen of the Hereford merchants for 1959 were Marshall Wilson, Ansel McDowell, Mrs. Bob Lamb, Dale Litsch, Mrs. Maurice Tannahill, Harry Linderer, J. P. Jones, Guy Lawrence, Gwyn Owen and Gerald Hale. They were appointed by committee chairman Gene Moore.

New C of C manager W. T. "Bill" Thompson outlined several activities and projects for consideration. No official action was taken, although some reports are to be made later.

Fire Department Elects Officers

Glenn Witherspoon was elected chief of the Hereford Volunteer Fire Department at the annual meeting of the department Thursday night.

Witherspoon replaces Earl Phillips, whose retirement from the department becomes effective this year.

Elected as assistant fire chief was George Jowell. He replaces Witherspoon, who held the post in 1958.

Willard Witherspoon was re-elected secretary. New treasurer is Bill Howard, who replaces Blue Turpen.

Gerald Hale stepped up the ladder to chairmanship of the pension board. Retiring chairman is Ogle Riddle.

Carry-over member of the board is S. T. Loerwald, and Max Stipe was named new member of the board. Members of the board serve three-year terms, one year as chairman.

Twenty-five members of the department attended the meeting, which was held in Firemen's Hall in the City Hall.

NEW OFFICERS for the Hereford Kiwanis Club were installed during the annual banquet Thursday night in the Jim Hill Hotel. From left, they include Mark Woodall, vice president; Walter Seed, treasurer; Clint Formby, president; and Bill Patton, secretary. (Staff Photo)

Okay Meters For W. 300 Sampson

Parking meters will be installed on the entire block at the west side of the 300 block of Sampson St. in the near future, according to City Manager Dudley Bayne.

Bayne was granted authority to order the installation at the last meeting of the Hereford City Commission. After investigating the present parking situation, Bayne announced Saturday morning that installation had been ordered.

Installation should be completed in about six weeks, Bayne said. City employees will install the meters on the block.

Arrest Man For Laredo Officers

Deaf Smith County Sheriff's officers Saturday morning arrested Jesus Fuentes, 19, Labor Camp, for authorities in Laredo, where Fuentes has been indicted by the Grand Jury for non-support.

Deputy Sheriff Bill McCarver notified Laredo of the arrest and placed Fuentes in Deaf Smith County Jail, pending return to Laredo.

He netted 10 of 12 field goal attempts as he got 22 points in the first half. He ended up with 12 of 18 field goal tries for the night.

Bobby Shelton was second with 18, while Steve Slagle pushed in 17. Milner Duvall added 11.

For depths up to 800 feet

Berkeley SUBMERSIBLE

The answer to your water supply problem

Economy of Operation
Greater capacity and pressure with minimum power consumption.

Lower Initial Cost
Because of high efficiency you can buy a lower horsepower pump to meet your capacity and pressure requirements.

Smaller Well Diameter
You can make a substantial savings on a new well because a Berkeley Submersible can be installed in wells as small as 4" diameter.

Protection from Freezing
All operating parts—pump and motor—are set deep in your well, completely safeguarded against extreme cold.

Berkeley Submersibles will pump efficiently from depths to 800 ft. Capacities range as high as 30 G.P.M.

the ONLY LAND PACKER that does SO MUCH, SO WELL

- Gives uniform compaction
- Eliminates air pockets
- Speeds germination
- Conserves moisture
- Retards erosion
- Eliminates crusting
- Increases yield per acre

This revolutionary land packer works in almost any soil, any field. It thoroughly breaks up clods, yet will not pulverize lighter soils.

Unique "locked in" pattern of tillage ridges stop water run-off and retards wind erosion.

Because of its coil construction, the Flexi-Coil has only half the draw-bar pull of a conventional packer, and cuts dust to a minimum. Can be used independently or with any tillage implement, and is guaranteed to operate under normal conditions without plugging or sidetracking.

Built for long, trouble-free service. Flexible coil, 18 inches in diameter, is made of 1 1/4" square bar mild steel, guaranteed against breakage under all field conditions.

By the end of the third quarter, the point spread had moved to 64-40 and went even higher before the game ended.

Big Steve Slagle saw his first action since becoming ill after a game in Canyon Monday night. He had not worked out with the squad since that time, but showed only minor effects of the illness. He was held out of the third period by Coach Cuby Kitchens.

Shelton had his hottest streak during the third period, when he slammed in ten points.

Clearman's 14 points during the second period thrilled the crowd, particularly as he netted four field goals during the last 2:30. Clearman was left open in mid-court as the Eagle defense ganged up to press Shelton.

Eddie Boydston was high for Canyon with 12, most of them gained on strong drives down the free throw lane. Larry Brotherton added 11 on fast breaks and Jim Brasher netted 11 on short rebounds.

The Herd was slated to play its final non-conference game of the season in Brownfield Saturday night. The Cubs lost Tuesday night in Hereford, 83-41. The Whitefaces will start District 1-AAA cage competition next Friday at Phillips.

In the "B" team contest, Charlie Thomas was high for the Herefords with 12, while Bud Martin added 11. Platt was tops for the little Eagles with eight.

The junior Herd led 12-6, 29-10, and 44-17 at the quarter stops.

Hodge is expected to meet champion Manny Perez of Amarillo during the meet, for what should be one of the outstanding fights in the state Golden Gloves eliminations this year. Perez is an experienced boxer, although Hodge is believed to have a stronger punch.

Another newcomer to Hereford, Donnie Leslie, promises some real thrills when he fights in the 118-pound high school division. A busy, serious puncher, Leslie fought for the Borger team before moving to Hereford. Also expected to show well in the high school class are Hereford battlers R. C. and Robert Welty, who are cousins, and Don Bomar.

Among the Levelland boxing stand-outs on hand will be Gary and Carson Watts, high school fighters and the sons of the Levelland ring squad coach.

Ringside tickets may be purchased in advance from Dick Barnard, Guy Lawrence, Wayne Lawrence, Charlie Martinez or Melvin Young. General admission and ringside tickets will be sold at the door.

The first official Bull Column complaint of 1959 was recorded early Thursday morning when W. B. Wilson called to protest the Dunn & Bradstreet count of 261 business firms in Deaf Smith County as reported in this column Thursday. Woody says they are away off. He says he has also made some personal counts — and we have a grand total of 447 business firms, not including real estate, barber shop, beauty shop and similar personal service institutions. Woody further says his count is conservative. For instance, he only counted the hotel as one business; firms like Lone Star Agency and Robinson-Decker were likewise counted only as one each, although they may include several scopes of activity.

This is quite a variation, but I will go along with Woody, who operates the local credit association — although it does sound like a lot of firms. Just think! If

The Lions Club is in politics again. They announced last Wednesday that they will run Don Zimmerman for District Governor. This means that Don, if elected, will have to personally visit 51 clubs during his term. Ray Cowsert is his campaign manager, and says that Don is lucky because they are splitting the district; otherwise he would have to visit 91 clubs.

Judas Iscariot is probably the most despised man in the entire New Testament but, as I grow older, I am sometimes finding myself feeling sorry for him. One of the hardest things in life is to stand up and be counted on the various things that come along. This does not include Christianity, anymore, but it does include a lot of other things — and I would guess that more people are guilty of failing to identify themselves with their convictions than any other shortcoming among the human race.

Everyone seems to have troubles. The grown folks are trying to get their Christmas bills paid, and the kids are worrying about the mid-term exams due within the next few days. Meanwhile, it's only 355 more days until Christmas, but income tax paying time comes in between.

WARNING! Don't let these pretty days fool you. We will have more cold weather. Raise plenty of heck if mama tries to put your old overcoat in a rummage sale. You'll need it again for sure.

The Kiwanians installed Clint Formby as president this week and had Rev. Leon Hill of Amarillo as speaker. Rev. Hill, they say, is improving with age. He has a lot of new jokes — and really made a hit with the ladies night crowd.

Dy Benson stopped in to leave one of her Credit Union annual reports. It was real fancy, printed with nickels, dimes, quarters and half dollars on the pages. I guess the idea is to remind you how much you might have saved, but didn't.

I notice where Jim Lipscomb and Owen Bybee got elected bank directors. This could be pretty rough on a fisherman like Jim. The directors get a fee for attending meetings — and if Jim goes fishing at a time conflicting with his board meetings, it will be pretty ex-

The local accountants aren't planning any trips soon, however. Their offices are probably the busiest places in town these days. Some of them even have long waiting lines, and quite a few of the boys are burning midnight oil in order to meet the tax deadlines.

Charlie Martinez, former Golden Gloves state champ and contender on a national scale, is helping train some of the boys around Hereford these days. Charlie showed up this week with a big "mouse" on the side of his face which, he allows, indicates that he is an unusually good coach.

"I show this kid how to throw a right, and he does," said Charlie. "He then wants to know if he did it OK. All I can tell him is that he sure did." Charlie tenderly rubbing his face next morning added, "He sure did, too."

Irvin Ward, who leased the Big Burger place from Marvin Coffee, operated it one day, then got wiped out in a fire that night. Irvin says they hope to be back in business soon, however. He will also continue with his Double K spot at the other end of town.

The irrigation boys are trying to get out a big vote Tuesday in the water board election. They figure Deaf Smith has a majority of the wells, therefore deserves the director. Sounds logical, too. Anyone with a poll tax can vote. This includes people in Hereford and other areas of the water district. Remember the time Tuesday, Jan. 13; all votes at the courthouse. T. L. Sparkman Jr. is the Deaf Smith candidate.

The only trouble we've found with money is that it talks too much and buys too little.

Stanton Seventh Grade Dominating Win Column

By RICHARD LEGGITT
In basketball as in football this season it looks as if the Stanton Junior High seventh graders are going to dominate the win column.

The seventh graders are undefeated in four contests, ripping Canyon, 43-24, Littlefield, 30-14, edging Plainview, 26-24, and beating Levelland, 32-17.

While the Stanton seventh grade team is creating havoc among the area's junior high cagers, the eighth graders aren't having it so good. They stand 1-3 after recording their first win of the season against the Littlefield eighth graders, 30-22, Thursday night. The Stanton eighth grade cagers have suffered losses from Canyon, 27-12, Plainview, 35-24, and Levelland,

39-29. Sparking the seventh graders this year are big Jim Honey and Eugene Green. Honey is averaging 16.3 points per game, while Green is close behind with a 14 point average.

Leading the eighth grade attack are Mike Kelly and Royce Turner, with 7.3 and 6-point averages, respectively.

Future Bride Is Feted At Shower

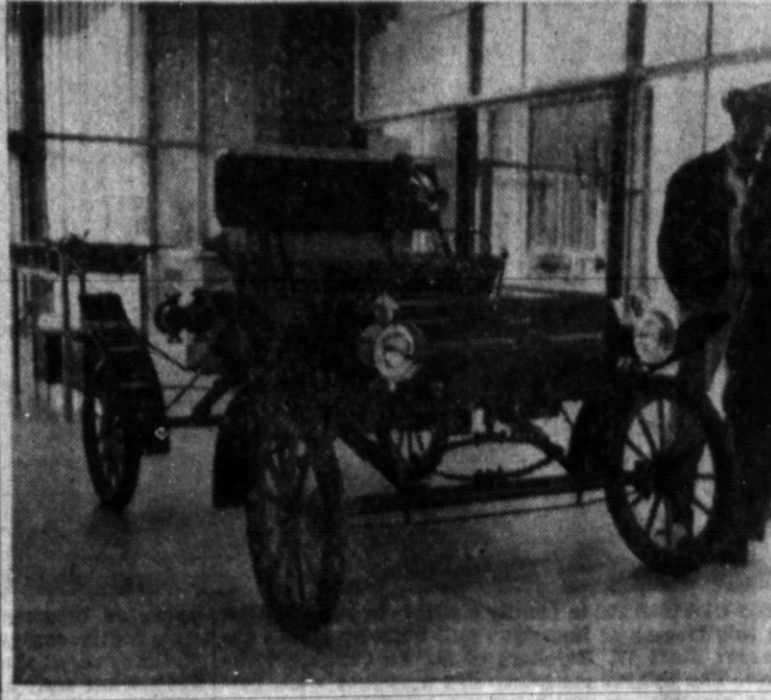

Miss Leanna Hershey, future bride of Kenneth Walterscheid, was named honoree at a lingerie shower given in the home of Mrs. Ed Loerwald, Sunday, with Dorothy Ann Hund and Dolores Loerwald serving as hostesses.

A blue and white theme in decorations for the serving table was used in keeping with the colors chosen by the bride-elect for her wedding. Party cakes were lettered "Ken and Leanna" in blue icing.

Attending were Sharon Brink-

ANTIQUA CAR REPLICAS is being displayed in the First National Bank's lobby this week. The 1903 Surrey replica is owned by Troy Moore of Hereford and has been drawing astonished glances with its sleek black and red color. Films Are Shown At Club Meeting

Mrs. Jesse Click and Mrs. Joe Henry served as hostesses for a meeting of La Madre Mja Study Club Thursday evening at the Friendship Room of the Hereford State Bank.

During the business session, members decided to sponsor a skit in cooperation with a Rotary Club program, and Mesdames Joe Henry, Eugene Sparks and Harold Morton were named to a planning committee.

Plans also were made for a husbands dinner - party to be scheduled sometime in February.

The program for the evening was presented by Dr. Wesley Owen, who showed a film on "The March of Dimes".

Members attending the meeting were Mesdames Harold Morton, Bob Williams, Jesse

Residents Call 'Mama' For Repairs Of Homes

Kirbyville, (AP) — When a repair job or an addition is to be made on homes, or a new one built, the majority of persons either consult a contractor or carpenter or enlist the aid of the men in the family.

It is different in the Davis family, in southeast Texas at Kirbyville. The men and women go to see "Mama", who is 71. "Mama" is Mrs. Ila Davis Herrin, the former Mrs. Jeff Davis, and she has been carpentering for more than 50 years.

Bud To Blossom Club Holds Meet

Bud To Blossom Club held its first session in the new year with Mrs. R. A. Daniel Jr. recently.

During the business session, plans were made for the Jaycees to show a March of Dimes film.

Mrs. Pat Robinson served as program leader. She spoke on the care of lawns, different types of grasses, when to plant, how to water and recommend several insecticides. She stressed the importance of soil being free from contamination if new top soil is to be used.

Members attending were Mesdames Don T. Martin, W. H. Patton, Pat Robinson, Don Steele, Joe Story, Delmo Williams, Ernest Kendall and the hostess.

Back in the days when she started, it was "un-lady-like" for a woman to do anything except quilt, cook, wash, iron and scrub.

However, Mama is an individual who was ahead-of-her-time. So she ignored the criticisms and did as she pleased.

Age has not slowed "Mama" down. She not only helps to plan the repairs or additions but supervises and helps on the jobs. She had graduated from a hand-saw and has her own power saw with which she can cut true rafters, which is considered one of the most difficult skills in the trade.

Even at her age, she finds no difficulty in climbing atop a half-completed house to nail down the rafters or shingle the roof. She also paints houses.

Americans May Need Refresher IT'S: HER POINT OF VIEW

By BETTY BABIONE

About the most excited person in town these days is Mrs. Douglas Kelley.

Last Wednesday in Amarillo she took, and passed with flying colors, the examinations which represented the final qualifying prerequisite for her becoming a citizen of the United States. Sometime within the next thirty days, she'll return to Amarillo to take the formal oath of citizenship.

Those of you who know Betty also know that she came to this country from Germany — hubby Doug brought her to Texas five years ago.

After the thorough study in preparation for the citizenship tests, Betty and her fellow naturalized citizens could probably teach us natives a lot we don't know or have forgotten about our country and its government.

In case you're as curious as I was... the main study source for those preparing to become U. S. citizens, is the D. A. R. Manual of Citizenship (take notice all ye Daughters of the American Revolution who may not have known your organization sponsors such a publication, or that it is used in such a vital way).

Betty relates that about the only question asked her during her examinations to which she couldn't give a definite answer was "What is the money from the poll tax used for?" Well, readers, how many of you can answer that? I bet most of you couldn't give an immediate answer to half the citizenship test questions.

Each individual applying for citizenship is required to have two witnesses — these being substantial citizens, natives of the U. S., and friends of the applicant for no less than three years. Mrs. Freeman Curtis and Edgar Skypala went to Amarillo as witnesses for Betty. And, of course, husband Doug was there for morale support (and Betty says morale support was one thing she couldn't have had too much of!).

There have been quite a number of Herefordites to enter the ranks of the naturalized citizens, and I'm sure they join the rest of us in hearty congratulations to Betty Kelley at this time.

While on the subject, I might mention in passing that I have heard that movie and television actor Peter Lawford is to become a U. S. citizen some time this month. A native of England (and you can sure tell it by his accent) the present "Thin Man" of television fame has lived and earned his income in this country for longer than enough time to be eligible for citizenship — around fifteen years, according to my calculations. Since he has chosen this particular time to take the big step, he is being accused, in good humor, of becoming a citizen just so he can vote for his brother-in-law, Senator Jack Kennedy, should the Senator be the Democratic Party nominee for President in the next election.

To be sure, it does seem that a lot of the foreign celebrities have come to make their fame and fortune in this country but wait years and years and years before becoming U. S. citizens — some of them never do. But I suppose that celebrities are no different from anybody else who is a native of one country and for some reason adopts another — the native ties are always strong and changing one's citizenship is not an easy decision nor an easy procedure.

Among the newer citizens of Hereford are the Jack Rogers family, who moved here from Amarillo early this month. And nicer people you will never meet!

Jack has taken a position with the Hereford Insurance Agency in association with Elizabeth Womble and was in the insurance business for a number of years before coming to Hereford. (Perhaps you saw his picture in last Thursday's Brand).

Although Jack and Sadie lived in Amarillo for a good long while, they are still small-town people at heart, according to them. Jack's hometown is Stillwater, Okla., and Sadie is originally from Hooker, Okla.

Hereford welcomes the Rogers, and all of us former Oklahomans express our welcome with special fervor. (Note to Neil Spradley: no remarks now — you natives are fast becoming out-numbered!).

By now I'm convinced that everyone is aware that, as usual, January is March of Dimes month. Are you also aware that the March of Dimes funds are now used for research in

THE ULTIMATE in family shelters is represented by this large and luxurious unit built by steel contractor Earl W. Reichert of Battle Creek, Michigan. The \$10,000 structure has a 98-foot well, private electric generating plant, electric and hand-operated blowers for the filtered air system. Its steel reinforcement prepares it for use as a blast as well as fallout shelter. However, a small family fallout shelter may be built for a fraction of what this shelter cost. and treatment of arthritis, birth defects, and other diseases which result in crippling or other handicaps? All this in addition to treatment and rehabilitation of polio victims.

One interesting event which is being staged this month on behalf of the March of Dimes, is a duplicate bridge tourney to be held on Sunday, Jan. 18, 2 to 6 p.m. at the Hotel Jim Hill ballroom. Two qualified bridge authorities from Amarillo are donating their time to come to direct the tournament, and Mrs. Francis Hill of Hereford is in charge of preparations and will assist the directors during the affair.

Whether or not you have ever played duplicate bridge, all contract bridge enthusiasts should enjoy taking part in this event. All you need is to pay a nominal fee (all proceeds go to the Deaf Smith County March of Dimes organization) and a partner to play with.

Players will keep the same partners throughout the afternoon and the play will proceed according to authentic tournament methods. Scores will be kept according to duplicate rules (and no need to worry if you don't know them — that's what the directors are for).

They need 120 players to make the event a real success so far as the money contribution is concerned. Everyone has the same chance to be a winner and, more important, your enjoyment is guaranteed! The only thing better than enjoying yourself is enjoying yourself on behalf of a charitable cause.

Keep the date in mind. Next Sunday, Jan. 18. That's the date of the tournament... and also the date I'll be talking again... from my point of view.

Parties Honor Dorothy Hund

Miss Dorothy Hund, bride-elect of Anthony Borman, was favored at two pre-nuptial parties recently.

Delores and Susie Loerwald were hostesses in the home of their mother, Mrs. Ed Loerwald at a personal shower. A New Year theme was used in decorative appointments.

Those attending were Annie Borman, Alice Marie Lueb, Coletta Ann Dillard, Mary Jo Peters, Mary Katherine Huckert, Kay Kershen, Elizabeth Borman, Leanna Hershey, Patsy Loerwald, and Mesdames Morris Hacker, Tom Albracht, Wayne Lady, Raymond Dement, Doyle Vaughn of Farwell, and Ed Loerwald.

A miscellaneous shower was given in the home of Mrs. Carl Luke to honor Miss Hund Sunday afternoon. Assisting hostesses were Mesdames F. J. Walterscheid, A. G. Schlabs, John Henderson, Andy Kershen, Ed Loerwald, Gene Loerwald, and Marvin and Cyril Diller.

The bride-elect's chosen colors of blue and pink were featured in decorative accent. The table was centered with a miniature bride backed by a wedding ring and a wedding bell on which names of the couple and the date, Jan. 14, were revealed. Elizabeth Borman kept the bride's book of names.

Approximately fifty relatives and friends attended.

Meeting Introduces New Programs To Members

To introduce the new study programs for 1959, Mrs. Paul Mathers conducted a program on "The Church" at the monthly luncheon - session held by the Woman's Association of the Presbyterian Church Wednesday in Fellowship Hall. Hostesses were Mrs. R. G. Peeler and Mrs. J. T. Gilbreath Jr.

In preparation for the program, a buzz session marked the luncheon hour as table groups discussed informally "what the church means to me" with a report from each group forming a part of the program. Mesdames Will S. Kerr, D. C. McWhorter and O. Z. Golden

formed a panel to complete the discussions. Mrs. Nancy McCaslin gave the yearbook of prayer. Mrs. N. E. Milburn, president, presided over the business portion of the program when circle chairmen were announced. Mrs. Austin Rose Jr. will serve as chairman for the newly organized circle, Mrs. C. C. Rockwell for the Morning Circle, Mrs. Fred Axe for the Afternoon Circle and Mrs. Dick Miller for the Night Circle.

Seated at the birthday table were Mesdames D. H. Alexander, C. C. Rockwell, and Pat Webb.

57 Attend L. J. McKenzie Holiday Family Reunion

A Christmas celebration, a Christmas program, music from a string band and a sermon were all included in a family reunion held by members of the L. J. McKenzie family at the Friona Club House Christmas Day.

A total of 18 homes were represented among the 57 relatives who attended the Christmas Day dinner, and 100 pounds of turkey with ham and other holiday foods in comparable amounts were prepared for the occasion.

The program consisted of a four-member string band, a sermon presented by a grandson, who is a ministerial student at a Baptist College in Arkadelphia, Ark., and Christmas experiences told by different members of the family.

Most interesting to the young people in the group were the stories told of Christmas experiences of 44 years ago, told by children, when in 1915 the family left Groesbeck on Dec. 1, for the West. Traveling in two covered wagons, they arrived at Newlin on Dec. 24, after three weeks on the road, in a blinding snowstorm. They stopped at a wagon yard where they found a clean little white house and stayed for the night.

The oldest of the seven children, now Mrs. E. E. Kuykendall of El Cereza, Calif., drove one of the wagons, and when they began to unload they found her fingers frozen around the reins. Thawing them out with snow took quite some time but Mrs. McKenzie had brought along a little Christmas tree with gifts for the children, and after the children were all quiet, they put it together and were all ready for Santa Claus the next morning. Mrs. McKenzie recalled that "no one present will ever forget that little Christmas tree".

Attending the reunion were the hosts, Mr. and Mrs. L. J. McKenzie, Mr. and Mrs. Clayton Taylor and family and Mr. and Mrs. Verner and family of Friona, Mr. and Mrs. L. J. McKenzie Jr. and family of Leveland, Mr. and Mrs. E. E. Kuykendall and daughter of El Cereza, Calif., Mr. and Mrs. E. M. Kuykendall and son and Mr. and Mrs. Orbreys Kuykendall of Hereford, Mr. and Mrs. R. A. McKenzie and son of Bronco, Mr. and Mrs. John Mann and daughter of Canyon, Mr. and Mrs. Olin Triplett and family of Farmington, N. M., Mr. and Mrs. Jack Allee and daughter and granddaughter of Amarillo,

Mrs. Lewis of Hot Springs, N. M., the Rev. J. H. Kuykendall and family of Arkadelphia, Ark., and Mr. and Mrs. Bub Shafer and son of Needmore.

Others besides the children attending were Mr. McKenzie's sister, Mrs. W. W. Hulien of Ft. Worth, Odell and Edell McKen-

zie of Portales, N. M., and Mr. and Mrs. Ed Workman and children of Farwell.

Children who were unable to attend the reunion were K. L. McKenzie of Portales, Mrs. Roy Triplett of Cortez, Colo., and Mrs. L. F. Davis of Kennewick, Wash.

Dick Godwin Is Guest Speaker At Calliopean Study Club Meet

Dick Godwin was guest speaker for the first meeting of the new year when the Calliopean Club met Thursday evening in the home of Mrs. Sue James at 201 Ave. B.

Mrs. J. T. Gilbreath Jr., program leader, introduced the speaker who spoke on Communism as outlined by Marx and Engels in their Communist Manifesto, published at the time of the Russian industrial revolution.

He said, "Communism is theoretically based on the worth of the individual but that loses its meaning when they declare that

the end justifies the means". He told of the Soviet Communism today, which varies greatly from the original outlines, being based chiefly on changes made by Lenin and Stalin.

A question and answer round table followed the main discussion.

Members attending were Mesdames B. F. Cain, Paul Conway, J. R. Fowlkes, J. T. Gilbreath Jr., Roy Grubbs, D. C. McWhorter, W. J. Messick, N. E. Milburn, A. T. Mims, M. W. Nobles, Weslie Owen, Carl Perrin, Elizabeth Womble, Ansel McDowell and the hostess.

HI PARDNER—Roy Rogers bends to say hello to a young admirer in New York City. If the youngster grows up to be modern cowboy, he'll find a knowledge of banking more useful than skill with a branding iron.

Junior Wants To Be A Cowboy? Say Yes—Hire Him A Lawyer

By VIVIAN BROWN
There's gold in them thar cowboy hats, pardner. So, don't sneer when Junior cries for a pair of holsters or a complete cowboy outfit. Teach him a few rope tricks and a couple of homey cowpoke ditties, throw in a horse for good measure, and your little fellow may be on the road to prosperity.

Time was when everyone felt sorry for cowboys. The boy liked cattle and horses, they reasoned, and what could his poor folk do about it? But times have changed. Television, big rodeo shows, even the comics books have made cowboy heroes into financial wizards.

Take that amiable favorite, Roy Rogers, who has been around quite a while now, with one or another faithful Trigger.

most as satisfying as playing to standing room only at Madison Square Garden.
"He's underestimating it," says Al Rush, who has been his executive director for some 19 years, "without contract" he adds proudly. "The truth is that Roy is the Western Empire. He is operating in 12 different fields, has one of the most extensive organizations in the country, and is still one of the greatest drawing powers in show business."

Roy's two boat landings at Big Bear Lake, 100 miles from Los Angeles, are fine examples of his business acumen.

"I bought the place for \$60,000 and paid it off in three years," he says with satisfaction. We have 167 boats available to sportsmen, supply fishing services, and other conveniences," he says, beaming, "al-

Top Decorators Dress Up Floors

By VIVIAN BROWN
NEW YORK (U)—The country's leading decorators have decided this is the year to dress up floors.

The ninth annual Home Furnishings Show here, highlighted by exhibits of members of the American Institute of Decorators, amply illustrates that an important floor can set up a room. Floors are waxed and polished, with or without rugs. Area rugs are more popular than ever, used over highly polished floors.

Ellen Lehman McCluskey's white vinyl floor in an elegant dining room is punctuated with a yellow oval rug. High backed chairs are upholstered in a black and white toile print. Walls are yellow and white with Edwardian black iron pilasters at the corners.

The floor in the bedroom shown by Edith Hernandez is white vinyl with turquoise and aqua interliners in abstract, spheroidal lines. The highly unusual room takes its theme from Oliver Wendell Holmes' "The Chambered Nautilus" and only on a tropical sea would there seem to be an excuse for it. The midnight blue fishnet curtain runs in a semi-circle around the blue-green inner sleep chamber, falling to the floor. An abstract painting hangs over the bed.

C. Eugene Stephenson's white vinyl floor has an island area with an authentic patchwork quilt design in yellows, from which he takes the color scheme for his entire room. He uses custom window shades of fiberglass in white, gold and olive green in a provincial design that complements his Early American antique pieces and modern furniture. One novel idea is a lamp base that was formerly an old cheese press.

The floor of L. Raymond Toucher's music room is of simulated Italian marble in 18-inch squares of black, white and saffron. The furnishings are 18th Century French with a balustraded wallpaper dado. The baby grand piano, however, dominates the room.

Guy Rupp shows a chic traditional French bedroom with some fine reproductions of 18th Century furniture. The unusual floor covering is ordinary white broadloom, whose pile has been sheared to accommodate inlays of handsome French needlepoint squares in Paris green and white.

Accessories include a pair of Italian toile wall sconces in a gay yellow-tulip design that is also carried out in the dresser lamp motif. A pair of large 19th Century French Faience pug dogs gives the room added elegance.

He carries out the American Institute of Decorators' color forecast for 1959 — avocado green, yellow and white in a brilliant painting over the bed.

William Fahlmann does a "Spell of the Yukon" room that hardly may be taken seriously. An igloo shaped dining ceiling of materials that resemble jigsawed wood fittings in eye-frightening colors also serves, for no apparent reason, to enclose a Franklin stove.

Elk horns decorate coat hangers and chairs, crude hooved feet are part of an Indian coffee table. Reindeer legs on a small occasional table depress the atmosphere further.

Mary Dunn has selected a charming Directoire wall paper for a feminine French bedroom. It is patterned with swag friezes with a base border of deep blues, pinks, greens and orange. Furnishings include a Louis XV bed and a semainier for gloves, scarves, handkerchiefs, bags. Modern French impressionist paintings are framed in gold glazed gray white.

The studied casualness of John Gerald's bachelor apartment should have man-appeal. The rugged looking sofa cover is in a velvet-printed Bengal tiger pattern, Biedermeier chairs are lacquered red. Two enchanting Mexican primitive paintings, a boy and a girl, find their way on either side of a Franklin stove that lends accent to a lounge chair covered in red felt.

Former Hereford Resident, Husband Living In Amarillo

Mr. and Mrs. Tommy Powell have returned to Amarillo to make their home after their recent marriage in California. The bride was formerly Miss Marion Dene Caple, formerly of Hereford.

The bride's parents are Mr. and Mrs. R. D. Caple, now of Huntington Beach, Calif., and formerly of Hereford. Parents of the bridegroom are Mr. and Mrs. W. P. Spelee of Munday.

The Rev. Everett Auger heard the couple repeat the vows on Dec. 28 in the First Christian Church, Huntington Beach, before an altar decorated with white chrysanthemums, gladioli and greenery flanked by seven branched candelabra holding lighted tapers.

Traditional wedding music was presented on the organ, and Miss Joyce Wigginton sang

"One Alone," "I Love Thee" and "The Lord's Prayer".

Mrs. Robert Greenwood, cousin of the bride, was matron of honor, and Miss Candice Caple, sister of the bride, was flower girl. Mrs. Greenwood wore amber chiffon crystalline, fashioned with Sabrina neckline and harem skirt. She wore a matching headpiece and carried an arm bouquet of bronze chrysanthemums. The bride's sister's dress was white crystalline, styled identically to that worn by the honor matron, and she carried a small white basket of rose petals.

Carl W. Flowers, brother of the bridegroom, was best man and ushers were Bill and Vernon Purdue, cousins of the bride. Candles were lighted by David Caple, brother of the bride, and Steven Purdue, Ring-

bearer was Jon Purdue.

The bride, escorted and given in marriage by her father, wore a ballerina-length gown of white velvet, fashioned with a fitted bodice and flared skirt. The portrait neckline of the bodice was enhanced by velvet appliques embroidered with seed pearls, and her waist-length veil of illusion was held by a reversed crown of seed pearls and iridescent sequins. The bridal bouquet was of white bridal roses and stephanotis.

Following the exchange of vows, a reception was held in Long Beach, Calif. Presiding at the table were Mesdames Bill Purdue and Carl W. Flowers. Guests were registered by Miss Terri Greenberg.

Mrs. Powell is a graduate of Hereford High School and of West Texas State College. While in college she was affiliated with Tappa Tau Phi Sorority, and a member of Alpha Delta Pi, national sorority. She was also a member of the Mary E. Hudspeth, honor society for freshmen and sophomores, and of Alpha Chi, national honor society.

Powell graduated from Munday High School and received his degree from West Texas in 1957. He was a member of the Buffalo football team for four years, and a member of the "T" Club, organization for football lettermen.

Marriage Of Miss Billingslea To Frederic Bel Is Announced Here

Announcement of the recent marriage of Miss Marjo Billingslea and Frederic J. Bel has been made here. The bride is the daughter of C. C. Billingslea, Rt. 1, Hereford, and the bridegroom's parents are Mr. and Mrs. Wayne Bel of Corpus Christi.

The marriage was solemnized in the Annville Methodist Church in Corpus Christi, with the pastor of the church officiating.

The altar was banked with white carnations and gladioli, with wedding tapers burning in candelabra to give illumination.

Attendants were Mr. and Mrs. Charles Coombes. Mrs. Coombes was dressed in a blue knit suit and she wore a pink carnation corsage.

The bride, given in marriage by her father, chose a white knit suit for her wedding and the bride is a graduate of Tuloso-Midway High School. Her husband, who also graduated from Tuloso-Midway, attended Del Mar College.

The bridegroom is in basic training at Fort Carson, Colo. After he completes the training course, he will be stationed at Fort Gordon, Ga., where Mrs. Bel will join him.

White roses for the wedding bouquet. A reception honored the couple in the church parlors immediately following the ceremony.

WHITAKER VISITOR

Marine Sgt. Marion V. Whitaker, son of Mr. and Mrs. Murrell Whitaker, is home on leave from Beaufort, S. C. He will leave Jan. 27 for the Far East where he will serve for two years.

Tuesday Meet Held By Chapter

Exemplar Chapter, Beta Sigma Phi Sorority, held its first session Tuesday evening in the Community Room of the First National Bank. Mrs. Pete Guinn and Mrs. Ray Suit were hostesses for the meeting.

The program on "Nature and Art" was presented by Mrs. Ray Suit, who dealt with "High Moments in Nature and Art." She used Joyce Kilmer's "Trees" as an example of high moments in nature, and quoted Marjorie Greenble's "The greatest of all arts is the art of living, and the greatest of man's creations is himself".

She illustrated with some of Michael Angelo's paintings and she also showed some of Peter Hurd's Western paintings.

Members in attendance were Mesdames Ronald Babione, Paul Harvey, Ed Line, Ray Suit, Norman Moore, J. D. Whitaker, and Pete Guinn.

Bon Voyage Courtesy Honors Holiday Visitor From France

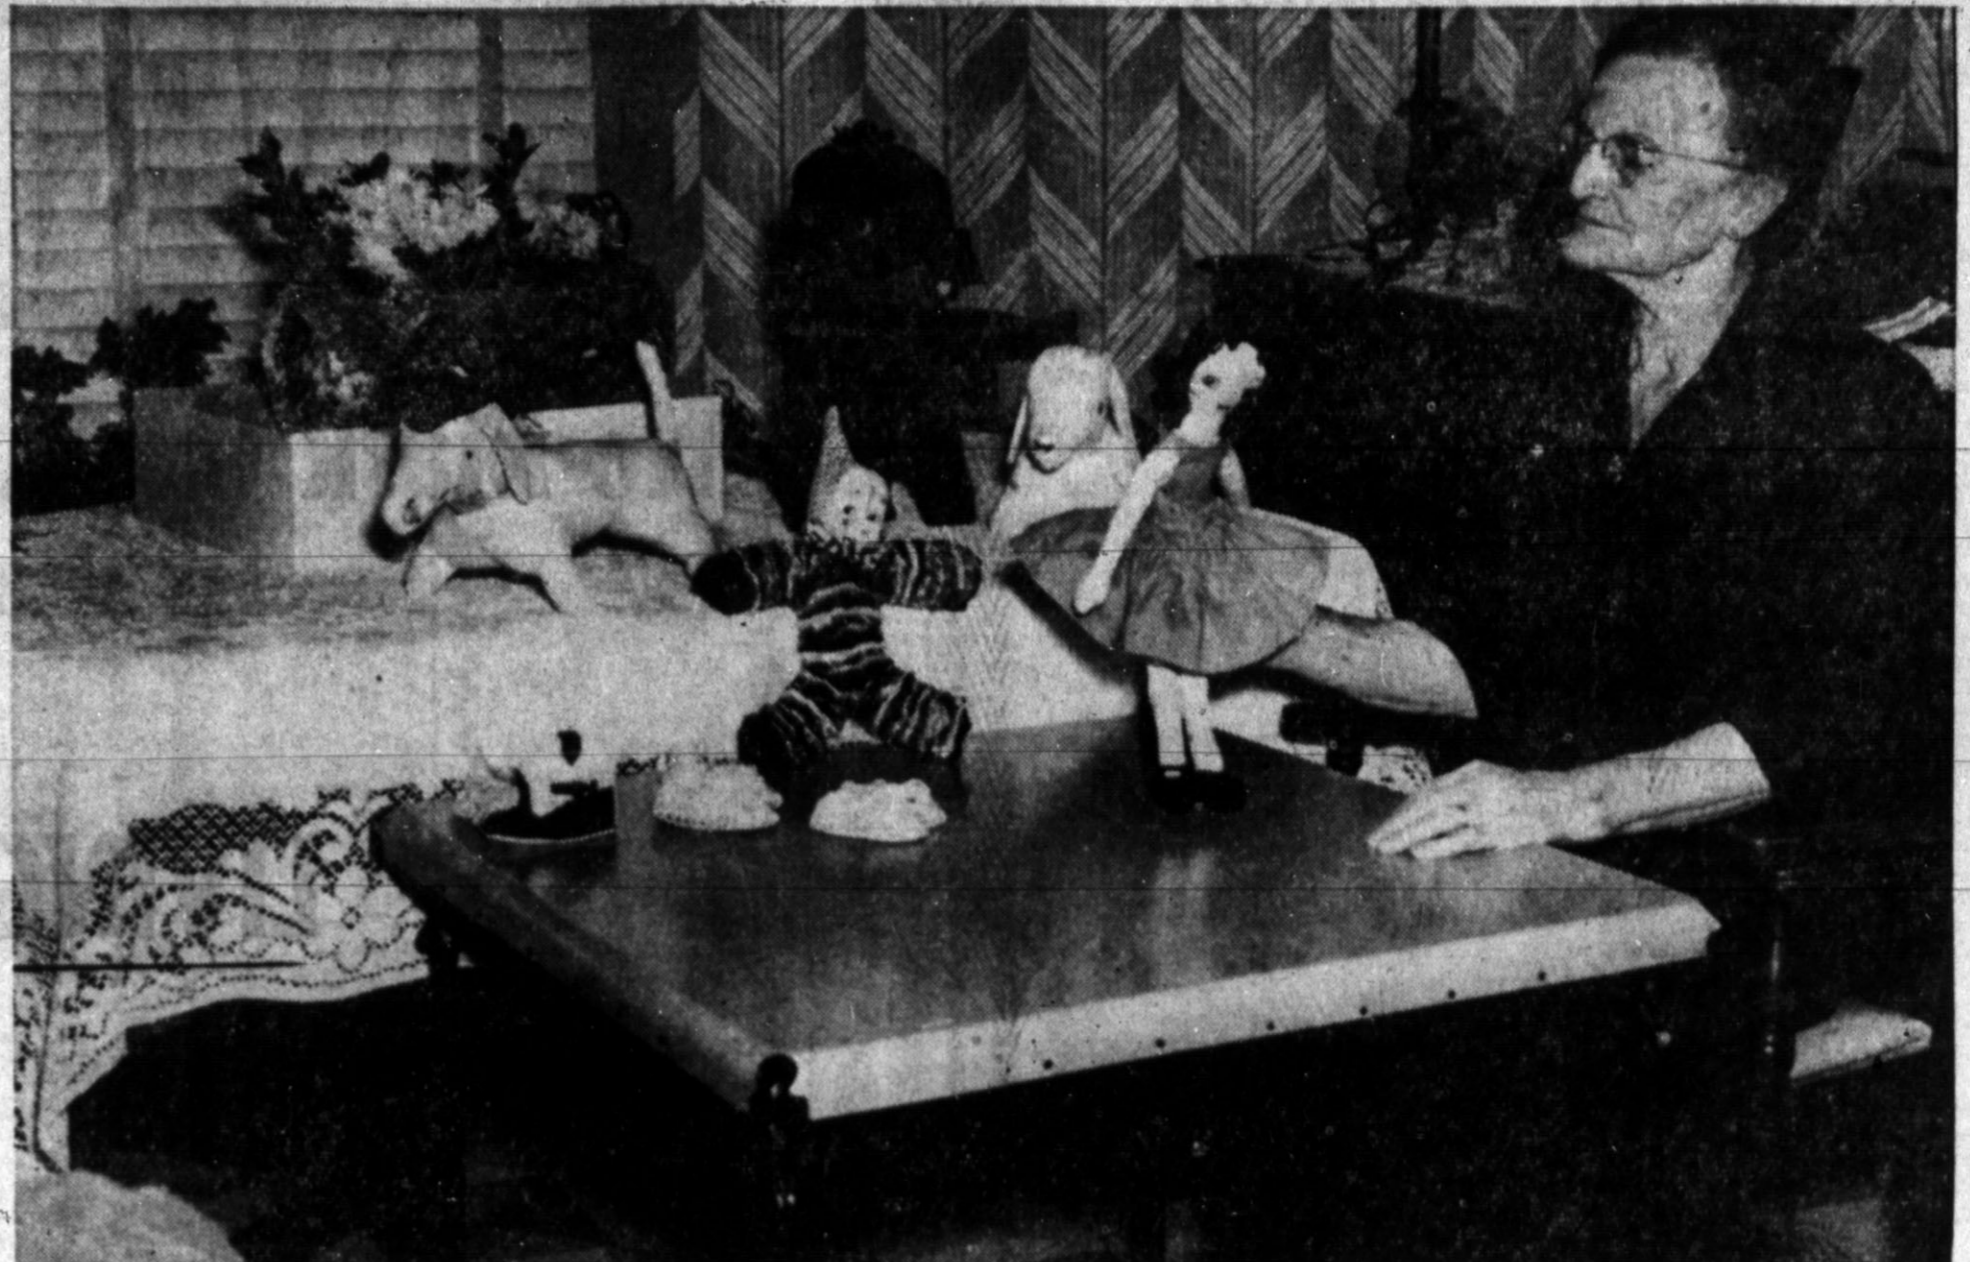

A come and go tea was given Thursday afternoon in the home of Mrs. G. W. Newsom, honoring Mrs. Tillier LaRoche of Royan, France, who left Saturday for her home after spending the Christmas holidays here with her daughter, Joelle Tillier LaRoche, an exchange student at Hereford High School. Mrs. LaRoche has been a guest in the home of Mrs. Elmer Patterson, her daughter's American mother.

Hostesses were Mesdames Newsom, Frank Prowell, F. L. Alexander, J. J. Durham, Bert Boomer and Miss Carolyn Reynolds. The guest list included many friends to get acquainted with the honoree and many desiring to bid her farewell before her departure for her native land.

An arrangement of pink and white sweetheart roses and tinted daisies in French design centered the refreshment table, which was laid with white lace over pink. Dainty accessories, suggestive of the French

people, and Dresden candelabra added to the decorations. Mrs. John Blocker poured.

Those attending were Mesdames A. L. Manjeot, Ed Warren, Wayne Edwards, A. T. Mims, H. L. Benefield, O. M. Dickey, H. C. Williams, H. A. Cavness, L. B. Barnett, M. W. Nobles, Harley Ward, G. R. Hagar, Fred Cunningham, Bill Stanford, M. W. Sumner, Ben Childers, Westley Owen, L. A. Beyer, Bruce Beene, Clarence Hicks, Guy Walsor, T. J. Parsons, J. W. Kirby, Carl Perrin, E. L. Naugle, L. C. Thomas, Martha Sullivan, Jimmie Mercer, J. D. Neill, V. E. Dodson, Roy Calvert, R. A. Wingert, Robert Lemons, L. E. Minor, R. L. Thompson, Earl Springer, Earl Holt, Claude McDougal, Earl Plank, Deward Roberson, Elmer Patterson, Oline Leggett, and the hostesses, Misses Sue Minor, Margaret Boomer, Sandra Childers, Jona Lee Blocker, Twyla Springer, Sandra Roberson, Cherry Holt, Sheryl Patterson and Joelle LaRoche.

HOBBY ENTHUSIAST

At 78, Mrs. Neill's Still Active

Mrs. W. C. Neill, 78, whose age has not dulled her warmth of smile nor the sparkle in her eyes, has apparently solved the problem of growing old gracefully. On the contrary, the years seem to have added to her enthusiasm and feeling for others.

She lives alone from choice, preferring to visit her children when she desires and to enjoy the freedom of her own home in pursuing her many hobbies which multiply from year to year.

Mr. and Mrs. Neill moved to the Panhandle in 1940. He was postmaster at Dawn and at Back before he retired and moved to Lubbock in 1948. After his death in February, 1957, she continued to live in the family home, 2429 22nd, Lubbock.

She is the mother of Mrs. B. E. Roberson of Hereford, Mrs. Herbert Ray of Levelland and Mrs. John Graham of Lubbock. Her sons are Pat Neill of Hereford, William Neill of Abilene, George Neill of Water Valley, T. O. Neill of Sweetwater and Kenneth Neill of Summerfield. One son died in 1937. She is the grandmother of 20 and great-grandmother to seven.

Mrs. Neill has made 354 aprons and crocheted 376 pairs of baby shoes.

Her hobbies also include designing floral pictures and ceramics, and making such popular items as stuffed autograph hounds with mortar boards and own designs in miniature, on ten-inch paper plates which are then covered with a protective glass and framed. Her favorites are gilded designs against an ebony black mounting.

child a "friendship quilt" composed of blocks containing the names of each family member. She is now completing the 27th, which is the last. An accounting covering the past seven years reveals that she has made 354 aprons and crocheted 376 pairs of baby shoes.

"Every time I work with a new material, I find a new beauty that I never saw before. That's how I first discovered the graceful lines of the devil's claw seed pod," she explained, adding that the devil's claw (milkweed) seed pod, has always been more of a nuisance than anything else.

her picture project last May. Mrs. Neill has made sixty of the attractive wall decorations, and for her 1959 project, she is already planning to do some work with feathers. Her daughter's objects made from turkey feathers have intrigued her fancy and she plans to get started creating something of her own in that line, "if she can find the time".

STAY BUSY

Behind those two words stand more than half a century of activities developed from an up-to-the-minute interest in the world about her. Today Mrs. Neill looks to the future instead of the past, as some older folks do, too busy to worry about "problems", perhaps not conscious of acquiring through the years the qualities that lead to a happy and useful older life.

Using dried flowers and plants, Mrs. Neill works out her first question her mother asks is "Now what can I do?"

Mrs. Neill has always liked to sew and her first hobbies began when her children were little. No estimate can be made of the number of garments she made as her family of ten children grew up. She also found time to crochet and make quilts. She remembers one winter, when there were five children, she made 19 baby caps for her own children and relatives. She estimates that over the past 50 years, she has made over 400 quilts - 70 for the homes of her sons and daughters.

Kappa Iota Chapter, Beta Sigma Phi Sorority, held its first 1959 meeting at the Hereford State Bank Friendship Room Tuesday evening, with Mrs. Weldon Roberson and Mrs. Ann Woodward serving as hostesses.

Mrs. Charles Bell, vice president, conducted a business session, when plans for the annual Sweetheart Dance, which will be sponsored by both Beta Sigma Phi chapters, were discussed. Mrs. Floyd Walton Jr. and Mrs. Leonard Watson were named to a committee to serve with the City Council Committee to make plans for the dance.

It was announced that a film, dealing with the March of Dimes, will be shown to the group by the Toastmasters Club on Jan. 20.

A four-part program was presented by Mesdames Jess Roberson, Irving Alexander, J. R. Hickman and Robert Tyler.

Mrs. Robinson gave the lesson on "Our Own Home", using interior decoration as her theme of discussion. She spoke on color schemes, the harmony of colors and showed samples of upholstering materials and drapery. She pointed out that, "It is not the amount of money spent, but the way you use your imagination to make the most of your dollar".

Members present were Mesdames Irving Alexander, Labry Ballard, Frank Barrett, Charlie Bell, Bob Brotherton, Guy Cornelius Jr., Carl Hollingsworth, Ray Johnson, Bill Kendall, Jess Robinson, Max Stipe, Vern Harris, J. R. Hickman, Leonard Watson, Floyd Walton Jr., Robert Tyler and the hostesses.

FAREWELL TEA, honoring Mme. Tillier-LaRoche of Royan, France, was given Thursday afternoon in the home of Mrs. G. W. Newsom. Mme. Tillier-LaRoche, center, has been a guest in the home of Mrs. Elmer Patterson, right, who is the American mother for French exchange student Joelle Tillier-LaRoche, since August. (Staff Photo)

Veteran Pension Fight To Erupt In Congress

By **TEX EASLEY**

WASHINGTON (AP) — A legislative fight over veterans pensions is brewing under the surface and likely to erupt early in the new Congress.

Rep. Olin (Tiger) Teague of the Byran-Corsicana district, chairman of the House Veterans Affairs Committee, is sure to be caught in the middle. And he's no fence straddler.

The issue is expected to arise over the proposal of the fast growing organization chartered last year by Congress — Veterans of World War I of U. S. A. They want a \$100 a month pension for all World War I veterans who reach 60, regardless of financial worth.

This, Teague added, would cost the tax payers of the nation between two and three billion dollars the first year over and above the cost of all present veterans programs. The accumulated total in excess of other programs would reach 27 billion dollars by 1985, when all World War I veterans would have reached 60.

"I think pensions should be based strictly on need," Teague said, commenting on the proposal. "We have plans under study which would actually in-

crease pensions for those with a true need, while eliminating some with high family incomes."

A recent survey disclosed that 20,000 of the 800,000 veterans not getting pensions have family incomes of \$5,000 or more annually — the national average family income.

The present pension program, supposed to be based on need, makes a veteran eligible if he has an annual income of \$1,400 or less if single, or an income of \$2,700 or less if married. What his wife earns is not taken into consideration.

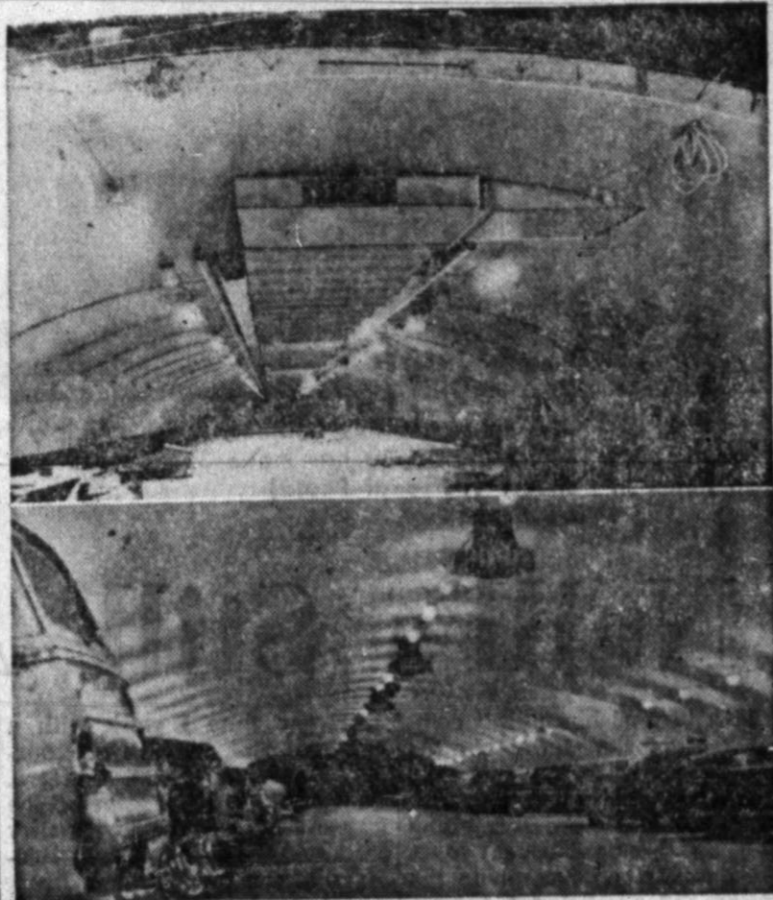

While the World War I veterans group backs the \$100-a-month pension plan, it has been denounced by an organization comprised of veterans of World War II and Korea — Amvets.

National Amvet Commander Winston Burdine called the plan unrealistic and said insistence upon it would simply block passage of legislation providing more help for those in real need.

The prospective fight over the proposal is likely to be reminiscent of that which occurred shortly after World War II.

At that time some congressman advocated veterans benefits which opponents said would cost fantastic sums. The staunchest foes of the extreme plans were several veterans who had heroic war records, including

Teague. Six times wounded in European fighting in World War II, he is one of the most decorated men in Congress.

VAST CAVERNS excavated in granite by Swedish engineers provide Stockholm and other cities with some of the world's best civil defense shelters today. Built for only about 25 per cent more than surface construction costs, they provide up to 20,000 persons per shelter with protection from radioactive fallout, and also the blast from all but a nearby nuclear hit. Many shelters have peacetime uses, too, such as underground parking garages. (Swedish Civil Defense Photos)

Army Announces 'Career Group' Enlistment Plan

Placing the right man in the right job is the intent of the new "Army Career Group" enlistment option, which became available to Regular Army enlistees on Jan. 1, 1959. Colonel Garlen R. Bryant, commanding officer of the Fourth U. S. Army Recruiting District, announced today.

Under the "Army Career Group" option, individuals will be qualified through a battery of tests at the nearest U. S. Army Recruiting Main Station, and a career field within his occupational aptitude area may be selected by the individual.

In effect, this is a choose-yourself vocational training system. The individual can choose the exact career group in which he would like to receive training.

More than 60 career groups, covering virtually all of the Army's occupations, are offered. Qualified men are guaranteed either schooling or on-the-job training in the career field they select, and the guarantee is entered on their Army records when they enlist.

For example, a man who is interested in learning photography as a trade, could enlist for the "pictorial" career field. After completing basic training, he is assured of an assignment to advanced training, either at a photography school or on-the-job.

Officers Elected At Annual Meet

Election of officers and directors highlighted the 22nd annual meeting of Hereford Texas Federal Credit Union Thursday at Stanton Junior High School. A total of 350 members attended.

Re-elected to the board of directors were R. L. Thompson, president, A. J. Schroeter, vice president, Mrs. Dyalitha Benson, treasurer, and O. L. Bybee and Charles Noland, members.

Re-elected as the credit committee were Dick Walker, chairman, H. E. Henslee and Eton Malone, members, Russell Hunter, 1st alternate, and Mrs.

training. Thereafter he may be assigned as a photography helper, a photographer, an audio specialist, a photo laboratory specialist, a television cameraman, a film library specialist or a television production specialist.

Men interested in serving in the Airborne can enlist directly for Airborne duty in addition to choosing an assignment in a career group. More than 30 of the career fields are utilized by Airborne units. Many of the career fields are open also to qualified young women who enlist in the Women's Army Corps.

Details on each of the career fields are described in the catalog, "Army Occupations and You," which is available for study at the nearest U. S. Army Recruiting Station. The catalog summarizes the duties and responsibilities of each career field, lists the necessary qualifications for applicants, shows the training which will be given, and the related civilian jobs for which the individual will become qualified.

Counselor for the applicants under the "Army Career Group" option is SFC. Carl J. Fussell, the local U. S. Army recruiter, whose office is located at 212 E. 7th, Amarillo. Complete information on this and other Regular Army Enlistment options is available without obligation.

Instead of Sending Our Old Folks Away, Why Not Bring Others Here?

No one ever gets any younger! Since the beginning of time this situation has presented a personal problem to people, along with incurring family and community obligations. In our present era of civilization, old age has even become a state and national problem, which we have attempted to solve through such schemes as pensions and social security benefits.

It is not our purpose to criticize any of these methods or efforts, although we do honestly believe that while some forms of limited achievement have been recorded, the problem still remains the most serious unsolved dilemma in our modern way of life. Add to this the fact that people are living longer, that many of them are not too happy and the overall outlook, instead of improving, bids to become even worse. Furthermore, very few large communities and practically no small communities at all are doing anything to help

the situation.

Specifically, we are thinking of a modern, well staffed home for old people. A home where people who draw maximum social security benefits might find haven and security, along with sanitary, healthful conditions, planned recreation and parks. Not a charitable institution, but one reasonable enough in cost to meet the budget of the average man and woman who has spent his life in service to his state and nation.

Because Hereford and Deaf Smith County are known over the entire world for their outstanding benefits in the field of bone structure, there could be no more ideal place to locate such a home. During the past year, instead, this area recorded the death of several persons in rest homes in other parts of the country. Rather than dispatching our own oldsters to other areas, it seems logical that people should be coming to Hereford from all over the country to make their homes here.

Many old people live in horror of spending their declining years with their children. Thousands are seeking just such a haven and, in many instances, are spending more money than it would cost to find care in an efficiently operated rest home of this type.

Every argument advanced in behalf of the proposed Shrine Hospital for crippled children being located in this area can likewise be applied to the location of an old folks' haven for this particular area. In addition, should the Shrine project materialize, the two would work together well with one benefitting the other.

The big question, of course, is how do we build and operate such a project? And this is a question to which we do not have the answer. However, when people become sufficiently interested these particular phases are secondary. The Deaf Smith County hospital stands as a tribute to discovering such an answer; in addition, many foundations are willing to cooperate in practical plans along the proposed lines.

Popular demand and acceptance, along with general enthusiasm in the community, will be the forerunner of any development. It may not happen in 1959 (or by 1965 for that matter) but, sooner or later, this area will have a haven for older citizens. It may be non-profit; it may be private enterprise. Regardless, our modern civilization trends all point in that direction—and the first community to recognize and do something about the ever-growing problem will benefit most.

Needless to say, all of us hope to someday reach the age where the problem will become a personal one with us. Meanwhile, we take care of our mentally retarded, our disaster victims and even our criminals. Why not give a serious thought to the good citizens who have helped make the United States of America the greatest and most powerful nation in the history of the world?

Little Choice On Jail Bonds

Despite its previous failure to pass, the proposed bond election to construct a \$200,000 jail in Deaf Smith County should gain endorsement when it comes up within the next 60 days.

In the first place, we do not have much choice. The State of Texas has passed minimum regulations which make a new jail mandatory. Should the bond election fail, it is immediately apparent that the county will spend for more money boarding prisoners in neighboring counties which are more shrewd and progressive. Hauling prisoners back and forth would be another tremendous cost, which we do not feel that the taxpayers would long tolerate.

As a county seat, it is immediately apparent that Hereford residents should recognize their responsibility. In fact, we know of several towns that would gladly build courthouses and jails in order to have the county seat location.

Possibly most important, though, are the reasons which caused the passage of minimum state requirement—and they are the health, welfare and safety of prisoners involved. Quite often prisoners are acquitted, which means that not all of them are guilty. Guilty or not guilty, we are sure that none of them go to jail through personal choice. Since inhabitation of our jails is not voluntary, the least we can do is provide our prisoners with healthful, sanitary, fireproof housing. In addition, financial condition of Deaf Smith County certainly justifies the expenditure.

All in all, our commissioners are recommending the jail improvement. It seems to us that we should either follow their recommendations—or get some commissioners in whom we have a reasonable amount of confidence.

Water District Needs Your Vote

Hitler, about the time he reached the peak of his career in the Nazi regime, once declared our democratic form of government to be decadent as the result of public indifference. The same thought, no doubt, has many times occurred to our public officials and political leaders—and today it might well apply to the situation in the High Plains Water District.

The district, so far as we know, operates on democratic principals as outlined through its constitution and by-laws. With thousands of people involved, however, the votes cast in this area seldom total into the hundreds. Some directors, in fact, have been elected with as few as 18 votes to the important office.

Next Tuesday voters will have another opportunity to vote on the operating policies of the district and, in the minds of the few who have studied the situation, the outcome of the election could be important to all residents of the area.

Running from Deaf Smith County is T. L. Sparkman, Jr., a man who has been an irrigation farmer since 1933 in this area. Opposed to Mr. Sparkman and backed by sponsors in Randall and Potter County is G. A. Dietz of Happy.

The contention of interested farmers in this immediate area, however, is that Deaf Smith County operates 65 per cent of the irrigation wells in the district and, therefore, should have the district committee on the board to set the rules and governing policies of the organization. Assuming both men to be well qualified, it does make sense that this area should be represented.

Theoretically, the water district voting would work out on a democratic basis, since more people and more territory in Deaf Smith County lies in the district than do the portions of Randall and Potter counties. This, unfortunately, depends on how many people turn out to vote—and heavy balloting has never been recorded in this area of the district.

All tax payers in Deaf Smith County pay taxes to the district on the basis of 5 cents per \$100 valuation. For this reason any qualified voter who pays taxes in this county is eligible. Whether the citizens of the county will exercise this franchise or not is another question.

We feel that all persons who study the situation even briefly will find it worthwhile to take the time to vote; especially in view of the Commissioners Court declaration that an effort will be made to more carefully enforce some of the rules in months to come.

The POWER of FAITH by Howard Brodie

"Every time I hear of any child drowning I cry, for this could have been avoided if the youngster had been taught to swim."

These are the words of Gertrude Ederle, who 32 years ago became the first woman to swim the English Channel and now spends her time teaching children how to swim, trying to give back a measure of the triumph that life has given to her.

In her famous swim, training, courage and faith made her carry on when a storm suddenly erupted in the channel, churning up 15-foot waves. The red ball of warning went up for small craft. Her father bargained with the captain of the escort tug to continue. But her trainer asked her to give up.

"Quit?" she answered. "I came here to swim the channel, not to attempt it."

As the storm raged and fatigue racked her body, Gertrude Ederle silently prayed: "Please, God, if it be Thy will, give me the strength and courage to carry on."

Small Business Forms Backbone Of Hereford

The spirit of individual enterprise in the Hereford area, judging by the rate at which new businesses have been springing up,

Local residents, with the urge to be on their own, have raised the non-farm business population to a new high in Deaf Smith, Castro, Oldham, Parmer and Swisher Counties.

QUESTION OF THE WEEK

Community Center Is Favored Top Project

What do you think should be the number one civic project for Hereford and the county during 1959?

MRS. KENNETH COWAN—I think the community center should be the outstanding project for the year because people like to get out and do something in the afternoons and evenings after work, and I think it always makes a community and its people much closer if they do something together.

LARRY PASCHEL—Well, I definitely think we need some main arteries through the town of Hereford. What I mean is more through streets leading to major points in the town that are free from stop signs and dips. I think that would free a lot of traffic and it's always so annoying to have to stop on a main street at every corner.

JESS RUSSELL—I think it would be nice if they would get some action in on this community center this year. Every town needs a center of interest and entertainment for the older people as well as the young people. There are lots of other things that the town and county could use, but I think that the community center is the most important point right now.

DAVID WERTENBERGER—I think we need a new or improved sewer system. I don't know too much about sewage disposal, but it seems to me that the one we have here could stand quite a few improvements.

JOE LOCKE—I think the community center is a real good idea. The kids have a lot of extra time and it would be a lot better for them if they could spend that extra time in a place like that. It might also tempt them away from the television sets. People can get narrow-minded if they are all the time watching a little narrow screen. They ought to spend a little more time among people instead of watching them.

MRS. UVA HARGETT—Well, I've always thought the community center was a wonderful idea. I think the young people should always come first in any community and a recreation center is certainly a wonderful place to give the young folks lots of good, clean fun.

JOE L. HAMILTON—I think that bond issue that is coming up at the end of the month is an awfully important thing. It covers two of the most important things for the county at this time—the jail and the right-of-way for the highway. If that right-of-way happens to go the wrong way a lot of people are going to get sore.

MRS. JERRY MALONE—Well, the community center is a wonderful thing for the young people of the town. Not only could it help keep kids in town and off the roads, but it could bring a lot more people together and make them a little prouder of their town.

FIRE DESTROYS GRASSLAND

Fire, pushed by a 30-mile wind, burned 75 to 100 acres of grass on the Kate Binford Ranch seven miles east of Vega. About 50 volunteers and three units from the Vega Fire Department were called into action to fight the blaze that started about 4:30 p.m. The fire was brought under control in about 1½ hours.—VEGA ENTERPRISE

FARMERS JOIN CONSERVATION

More than 500 Lamb County farmers were in Littlefield at sun-up Friday morning to sign up for \$125,000 worth of Government conservation practices aid at the ASC office in the courthouse. Although the \$125,000 ran out before they had all signed up, ASC office manager Lamar Aten said everyone was signed in case some of the farmers did not use the allotment in the first quarter, as this is the time period for this amount of money for the county. The assistance is available under the ACP Program for practices such as underground tile, deep plowing, terracing, strip cropping, listing and chiseling (dryland only), waterways and land leveling, Aten said. The federal government will share 50 per cent of the cost on these practices and 70 per cent on grass practices, the ASC manager said.—COUNTY WIDE NEWS (Littlefield)

STUDENT FUND STILL ON

More than \$500 has been contributed to the Exchange Student Fund, according to T. L. Fore, treasurer. Still needed is \$136. Fore said several individuals and groups had indicated they planned to contribute but have not yet turned in their donations. He is asking that all contributions be made within the next few days. A foreign student will be brought to Tulia next year to attend Tulia High School for his or her senior year. Purpose of the program is to interpret the American way of life to foreign youth so that they will go back home with a clear conception of Americanism and democracy. It has been said that this program has done more to create goodwill towards America than the diplomatic corps. Many communities, including Hereford and Amarillo, have been participating in this program for several years. The \$650 needed is to pay the cost of bringing the student to Tulia. A Tulia student can attend school in a foreign country under the same program if he desires.—TULIA HERALD

BUILDING BOOM IN DUMAS

The year 1959 is likely to become a record year for commercial and retail construction and expansion in Dumas, especially if January announcements are indicative of things to come. Setting the construction pace for 1959 will be two ultra-modern motels, both complete with dining facilities and swimming pools, a new super service drug store; establishment of a new Savings and Loan Association; and other new construction and expansion which cannot be announced at this time. Announced projects are scheduled for completion at various times throughout 1959 and into the Spring of 1960.—MOORE COUNTY NEWS (Dumas)

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm takes another look at the new year this week. Can't tell what he sees.

Dear editor:

During the first week in January of this new year I have been reading predictions from the experts and have come to the conclusion they all make one serious mistake that undercuts the value of their prophecies.

It's easy for example to predict that man will conquer space, that he'll perfect a guided missile so powerful it'll circle the earth and hit him in the back of the head if he doesn't duck, that he'll perfect an automobile that doesn't need oiling and a frying pan that doesn't require grease, and such similar mechanical things. In fact, there's probably not a single thing mechanical that man can't finally figure out, except maybe the need for plowing or maybe perpetual motion, although the latter may be around, at least the earth keeps moving in orbit without any visible engine, but where the experts make a mistake is in trying to predict a solution for people. There's no way.

You take Sec. Dulles. The more he flies, and the faster he gets there the more problems he runs into without any solutions. The world isn't any worse today than it was 50 years ago, it's just better reported. You can see what alert journalism has led us into. There were just as many problems 100 years ago as there are now, and if we'd known about them we'd have thrown up our hands in the face of them just as fast as we do now.

And the reason there's not any solution to people is that they're too much like you and me. We keep changing. A man's problem can be solved today, and it may last a week, or a month, or a year, but that doesn't mean it's solved forever. As long as there are people in the world, there are going to be problems without any answers at hand, as anybody who ever was a member of a family knows. Most people expect nations to get along better than families.

I know also that there are people who say it's problems that make life interesting, and that's right, except that there are some problems that make life a whole lot more interesting than others, but lots of times there aren't enough of these kinds to go around. Just because a man's got problems, it doesn't mean he's drunk with happiness.

Consequently, I predict that in 1959, regardless of how many problems man solves, the supply of unsolved one will still be about the same. But I don't blame him for seeking new problems. I've got some old ones myself I haven't been able to figure out, and had just as soon change the subject.

Yours faithfully,
J. A.

MILLION DOLLAR CRAFT

'Gooney Bird' In Mothballs

HOUSTON (AP) — Oilman Glenn McCarthy's "Gooney Bird," the nation's largest private plane, is ailing.

McCarthy says the bird could fly again after a \$40,000 dollar treatment but, for the moment at least, the one million dollar aircraft has outlived its usefulness.

He bought the Boeing Stratoliner from Howard Hughes in 1949.

McCarthy then owned the Shamrock Hotel and had radio, television and movie interests. And purchase of the Gooney Bird was strictly business.

and daughters and Mr. and Mrs. J. B. Noland and family attended the Brownfield tournament last weekend.

Mr. and Mrs. Roy Botkin and Mr. and Mrs. C. J. Lance visited in Lubbock and Tahoka Monday.

Since then the gray and white plane with the Kelly green stripes has rested be-

side a former National Guard hanger now occupied by a charter air service. McCarthy says he is still fond of the aircraft.

Deals made above the clouds were later executed on the ground. The plane "was less a plaything than most people thought," says Fred Nahas, advertising executive and former president of the oilman's Houston radio station.

The four-engine bird seats 17 passengers in its plush swivel chairs. Much of the space inside the ship is taken up by lounge facilities, including a mammoth paneled bar.

Stars of the entertainment world, press agents, business associates and friends of the owner were whisked across the country by the Gooney Bird during its heyday.

But the bird took a beating during a flight through a tropical storm over the Gulf of Mexico about 18 months ago. Engineers found about 80 cracks in its right wing.

Since then the gray and white plane with the Kelly green stripes has rested be-

side a former National Guard hanger now occupied by a charter air service. McCarthy says he is still fond of the aircraft.

"It's a fine one and it had its purpose," he says. "If some day we have occasion to use it, the

repairs will be made." Chief pilot Ray McNeese says the plane has logged about 700 hours and cruises at about 235 miles per hour.

P-TA Meet Is Postponed

By MRS. CARL WIMBERLEY
With the return of almost balmy weather things are getting back to normal here after the severe cold of last week. Some field work has been resumed.

The January meeting of the Dawn School P-TA has been called off because of a joint meeting of all the P-TA organizations will be held in Hereford at the high school Jan. 15 at 7 p.m. A workshop will be held at that time.

On Feb. 6 an all-day conference on education will be held at Hereford. There will be no school and all parents are urged to plan to be present.

N. R. Miller was brought some Tuesday from the hospital in Hereford. He will have to be in bed for three weeks.

Mrs. Gladys Miller of Hereford visited in the Miller home Thursday afternoon.

Mr. and Mrs. L. L. Airhart left Tuesday on the noon train at Hereford for Los Angeles where they will visit their son, Mr. and Mrs. Billy Airhart, and other relatives.

Mr. and Mrs. Jessie Sisco and children, Cheryl and Bret, moved Monday to Black. They will live on a farm a few miles north.

E. M. McDill entered the hospital in Canyon for observation and tests. He is expected to undergo surgery next week.

Manuel Beavers is driving the school bus for him while he is ill.

The Rev. and Mrs. Alvin G. Smith and son, Cecil, of Hereford were guests New Year's Day in the home of Mr. and Mrs. L. W. Tooley. The Rev. Smith is the pastor of the Wesley Methodist Church.

Mrs. Tooley's brother, Richard Moore, and his friend, Bob Smith of Mineral Wells,

were guests here part of the recent holidays.

Mrs. L. M. Harris has gone to Edmonson to visit Mr. and Mrs. Cecil Benton. Mrs. Harris fell recently and sprained her ankle but did not break any bones.

NO EQUIPMENT WORRY

BUCHANAN, Va. (AP) — Jesse D. Buky, 80, isn't worried about technical changes in newspaper publishing. Buky, in the business for 71 years, still sets the type for his 124-year-old Buchanan News by hand. He has a printing business on the side and says his paper is doing well.

L. A. E. Study Club Holds Meet

Mrs. Jim Loving was hostess for the L. A. E. Study Club meeting held Tuesday afternoon in her home. Roll call was answered by members telling of family highlights of the Christmas holidays.

Mrs. Gordon Elliott was in charge of the program for the afternoon on "How to End The Post Office Mess". She explained why the system is misunderstood by the public and why it always operates in the red, mentioning the fact that there are eleven government functions included in the system, besides the delivery of mail.

Mrs. Gordon gave four policies that might help if adopted: 1-Establish a definite postal policy. 2-Raise rates rationally. 3-Modernize the whole department and 4-Increase efficiency.

Mrs. J. D. Caison spoke on "Statehood of Alaska" discussing its size, opportunities and drawbacks to statehood. She mentioned the increased expense to the state, low monetary values as compared to the other states and said "There is no second generation money in Alaska".

Members present were—Mesdames C. E. Beauford, J. D. Caison, Gordon Elliott, Emmett Hale, Joe Johnson, B. A. Reddell, T. W. Roberson, Leroy Suttle, Edgar Sowell, Altus Higgins and the hostess.

Army golf coach Walter Browne is the youngest of four brothers. All are golf professionals.

Nation Capitol Discussion Topic

Mrs. M. C. Adams presented the program for the LaPlata Study Club when a meeting was held Tuesday evening in the home of Mrs. Ansel McDowell.

Mrs. Adams told something of Washington, D. C., capitol of the United States, its beautifully landscaped buildings, the executive mansion, and many monuments. She gave intimate stories of some of the presidents and their wives, telling how the women aid their husbands and gave a brief outline of diplomatic social life.

Films of the city of Mount Vernon and of Williamsburg, and of Canadian cities were shown by Mrs. Leroy Aven. One of the highlights of the film was the showing of the inaugural dresses worn by women of the White House.

Mrs. Jay Boston presided over a short business session, when the date of the next meeting was changed from Jan. 20 to Jan. 27.

Those present were Mesdames M. C. Adams, Leroy Aven, N. D. Bartlett Jr., Jay Boston, Jack Brown, Chris Clark, J. R. Johnson, Claude McDougal, Frank Prowell, A. J. Schroeter, T. E. Seiger Jr., Urlin Streu, Louis Woodford and the hostess.
