Around Town

"What's happened to all the grape arbors that used to be a common sight in Deaf Smith County?" asked Corinne Neely at the county Red Cross office this week. She said the only grape arbor she knows of is owned by L. J. Cooper about five miles west on Highway 60. A little imagination and a lot of grape vines used to make beautiful yard pieces and a bunch of good eating for youngsters and grown-ups about this time of year, she said.

There will be an open house honoring Miss Sadye Rigler, retired school teacher, Thursday night from 6:30 to 8:30 p.m. in the homemaking department at Hereford High School. All of Miss Rigler's friends are cordially invited to attend, according to the high school principal Bill Stanford.

Congratulations to Capt. Lloyd Manjeot, a former resident here, who will join the staff and faculty at West Point sometime in September. He will join the staff upon completion of a leave.

Hereford Garden Club will hold an installation dinner at 6 p.m. Friday in the Jim Hill Hotel. Hostesses will be Mrs. M. T. Rutter and Mrs. A. O. Thompson, and Mrs. H. D. Lewis. (Continued on Page 2)

YES Completes Summer's Work

Youth Employment Service closed its doors Thursday after completing its first summer's operation in Hereford.

The opening operation of the YES office has been a big success for young people seeking summer jobs and employers who sought young people to work for them.

During the summer YES has registered 116 young people and has found part-time jobs for 97 of them. There were 47 girls registered and three of them found full-time employment. Twenty-four part-time jobs were secured for girls.

Steady jobs were found for six out of 69 boys who were registered and 73 part-time jobs were secured for boys.

A problem of YES has been that employers have not taken advantage of the service to employ young people during the year. There was a strong backlog of potential labor registered for employment, but not enough employers called the YES office to use the young people.

Operating the office this year have been Linda Renfro and Jeanette Rayburn, who have registered the young people and kept files on them.

In view of the success of YES plans are to re-open the office next summer if support for the project can be secured from the community chest.

DRIVE APPROACHES TWO-THIRDS MARK

Nearly 200 Memberships Signed For Country Club

Membership drive for the proposed Hereford Country Club was estimated to be approaching the two-thirds mark toward completion this week as approximately 200 of the 300 members needed to make the project jell were believed to have made plans for membership.

A total of 156 families were on file for membership Wednesday morning, but drive officials believed that the figure is probably close to 200 as many memberships had not been formally placed on record.

Started July 22, the drive for 300 members was to be completed within 60 days.

If the membership goal is reached, the group plans construction of a club house, two tennis courts and a swimming pool south of the John Pitman Municipal Golf Course.

A BIG STICK is held by Hereford Little League coaches Roy Hartman and Duane Baize as they prepare to use the stick on opposition they will meet in Snyder this Friday. Heavy hitting and cannonball pitching have led the Hereford All-Stars to the state play-offs by winning over all batters and gave up only seven hits for the game. (Photo)

Nine Girls Compete Friday For Farm Bureau's Crown

Nine Deaf Smith County girls will compete for honors in the County Farm Bureau Queen Contest to be held Friday at 8 p.m. in Hereford High School auditorium. The public is invited to attend the contest and no admission will be charged.

Deadline for entries closed Monday.

Candidates, who will wear formal attire on the night of the contest, are Clarabeth Holt, 19, daughter of Mr. and Mrs. Earl Holt; Betty Waiser, 17, daughter of Mr. and Mrs. Guy Waiser; Phyllis Ward, 16, daughter of Mr. and Mrs. Harley L. Ward; Linda Renfro, 16, daughter of Mr. and Mrs. Lee Renfro; Judy Coffin, 17, daughter of Mr. and Mrs. H. B. Coffin; Bettye Snead, 18, daughter of Mr. and Mrs. J. B. Snead; Anna Rose Dziuk, 17, daughter of Mr. and Mrs. Ed Dziuk Sr.; Judy McGee, 16, daughter of Mr. and Mrs. Taft McGee; and Anna Martin, 16, daughter of Mr. and Mrs. A. G. Martin.

Enrollment Will Begin August 27

School enrollment in Hereford will begin Aug. 27, it was announced this week by school officials.

Enrollment for all grades will be held Aug. 27-29, and public schools begin Aug. 31. Proposed date for the pre-school workshop will be Aug. 24-26.

A breakdown of the schedule shows that enrollment for all elementary grades will be held all day Thursday, Aug. 27; ninth grade, all day Aug. 27; and kindergarten, all day Aug. 28. (Continued on page 2)

To be eligible for the contest, entrants must be the daughter or sister of a local Farm Bureau member actively engaged in agricultural production. They must be single and between the ages of 16 and 22 (16 by Sept. 1 and not over 22 on Sept. 1.)

According to Mrs. J. W. Thomas, contest chairman, Cotton John Smith, KGNC-TV farm editor, will serve as master of ceremonies for the contest. Two judges from Plainview and one from Amarillo will decide on the winner.

Contestants will rehearse in the high school auditorium Thursday night.

Contestants will be judged on their poise, charm, appearance and personality. A question outline will be prepared to be used by the masters of ceremonies in county and district contests.

Each contestant will be required to speak approximately one minute on some subject pertaining to Farm Bureau. The winner of the local contest will compete in the District I queen contest in Amarillo. Twelve district winners will compete in the state contest at the state convention to be held in San Antonio.

The state winner and national escort will receive an expense-paid trip to the American Farm Bureau Federation Convention in Chicago in December of this year.

Each district queen will receive a wrist watch, Mrs. Thomas said.

In other business, commissioners heard a petition, signed by 29 county residents, presented by John Paetzold. The petition requested that commissioners consider the construction of a bridge over Frio Draw, about three miles southeast of the city.

A study of the petition was made by commissioners, but no action was taken.

Application that Deaf Smith County Hospital employees be included under the Social Security Act was approved by the commission. Dr. R. R. Willis was reappointed county health officer for a two-year term at the meeting.

Owing to travel expense of the county agent, the commissioners approved a \$300 additional allotment for traveling.

J. W. Thomas, Leo Forrest and Francis Hardwick, all of Hereford, attended the meeting and asked that commissioners consider construction of an additional building at the county Bull Barn site.

During their discussion with the commissioners, the three men said they felt more space was needed for various activities held in the building. No action was taken, but a study of the request was made.

Eye World Series

Hereford Wins Sectional On Path To State Finals

BY LARRY ROSSER
BRAND STAFF WRITER

S. D. Baize came near to pitching a no-hitter game to blank Pecos 2-0 Saturday night in the final game of sectional play in Brownfield to advance the local Little League All-Stars to state play in Snyder this Friday.

The team will leave at 6 a.m. Thursday for Snyder, where they will be in state play Friday. If they are successful in the Snyder round of games, the Hereford Little League Leaguers will advance to Norfolk, Va.

After a round of games there, the team, if victorious, will go to the National Little League World Series at Williamsport, Pa.

Baize gave up one hit in the last inning of play Saturday when Ken Rocher of the Pecos team spoiled the no-hitter by slugging a double into center field. He advanced no further than second base. At that, he got farther than any other player on the Pecos team since the only other two players to get on base died on first.

The red-hot pitcher's duel ended with nine players struck out by Baize, while Junior Haynes struck out seven batters and gave up only five hits for the game.

The teams battled it out for three scoreless innings before Mike Ranspot doubled into left center field. A single by Steve Conaway followed.

A frustrated double play put Conaway out at second, but the throw to third hit Pecos third baseman C. Walker's head rather than his glove and Ranspot went on to score in the fourth.

The fifth inning retired both teams scoreless with no runs, hits or errors for either team.

The final stanza of the game saw Steve Hodges hit a single. Mike Ranspot, a hit batsman advanced to first and Hodges went on to second. A double by Conaway drove Hodges in for a run.

Hereford Girl Struck By Car On Highway 60

A 10-year-old Hereford girl was reported in good condition at Deaf Smith County Hospital Wednesday morning after being struck by a car on Highway 60, 140 feet east of Roosevelt, Monday evening.

Virginia De La Cruz, who lives at a Santa Fe Railroad section house, suffered a mild head concussion and abrasions of the body when she was struck by a car driven by Toby Doll Claborn, 16, of Friona.

Investigating police patrolman Ken Morris of Hereford said the child apparently darted out from behind a parked vehicle as she was crossing the highway from the south side. She stepped into the path of Claborn. (Continued on page 2)

Lubbock Tinner Injured In Fall

A 30-year-old Lubbock tinner was reported in good condition at Deaf Smith County Hospital Wednesday morning after he was admitted for treatment of injuries sustained when he fell more than 15 feet through a skylight at the new addition to Stanton Junior High Tuesday afternoon.

G. C. Bogle, 912 Purdue, of Lubbock received a large cut over his right eye, a broken left wrist and possible neck and shoulder injuries when he slipped from the roof through the open skylight at about 1:30 p.m. Tuesday.

Bogle is an employee of Plains Roofing and Supply of Lubbock, which is doing contract work on the building between Stanton Junior High and Hereford High School.

The injured man was taken to the hospital by Gilliland ambulance. The accident was investigated by Hereford patrolman Bobby Roberts.

MOTORIST SAFETY warnings were issued during a highway development meeting Tuesday in County Courtroom in connection with two current construction projects scheduled to begin Monday in Deaf Smith County. Among those attending the meeting were, from left, W. V. York Sr., resident engineer of the State Highway Department, Lt. Jack Higginbotham of the Amarillo Highway Patrol unit, Sg. Dan Duggan of the local Highway Patrol, and Hereford Police Chief Henry Aycock. (Staff Photo)

Warning Issued To Drivers As Highway Development Date Nears

Texas Highway Department, Hereford Police Department and Texas Highway Patrol were represented during a highway development meeting Tuesday afternoon in County Courtroom, where motorist safety warnings were issued in connection with two current construction projects in Deaf Smith County.

W. V. York Sr., resident engineer of the state Highway Department, explained that the bridge on FM 1259, east of the golf course, will be closed and through traffic will be detoured west to U. S. 385 when construction begins.

He said that traffic on FM Highway 1062, slated for 6.3 miles of construction, will be carried through the project. He added that motorists are requested to be extremely cautious and to obey all warning signs while passing through the construction area.

Ferrier Brothers of Seymour, contractor for the bridge project, said construction will begin Aug. 17 and be completed Oct. 30. Ivan Dement Inc. of Amarillo, contractor for the farm-to-market highway, will begin work Aug. 17 and be finished by Nov. 20.

York pointed out that adequate barricades and detour signs will be prominently displayed around the bridge construction site.

Contracts for construction were awarded to the Seymour and Amarillo firms in Austin last month.

Ferrier Brothers submitted low bid of \$74,348 for the bridge construction, 200 feet south of Highway 60.

Ivan Dement Inc. submitted low bid of \$78,954 for 6.3 miles of construction, from five miles east of U. S. 385 to FM Highway 1062. (Continued on page 2)

Lawyer Named For Who's Who

James W. Witherspoon, 410 N. Lawton St., local attorney at law, has again been included in the book, Who's Who In The South And Southwest, A. N. Marquis Co., Chicago, Ill.

The book is a biographical dictionary on noteworthy men and women of the southern and southwestern states and the edition naming Witherspoon is the sixth edition of 1959.

Witherspoon has been included in the biographical sketches several times previously.

He is a long-time resident of Hereford, having practiced law here since 1929. He is a former district attorney and has also served as district judge. He now practices law under the firm name of Witherspoon, Aikin, Thomas And Langley.

County Offices To Move Soon

Moving of the offices of the County Courthouse during renovation of the building will take place during the week of Aug. 17, according to County Judge Homer Henslee.

Two buildings south of City Hall on Miles Ave., known as the West Texas Feed and Seed Company building, will serve as temporary quarters for the county offices.

The first building is 75 by 120 feet in size, and the other building is 36 by 140 feet.

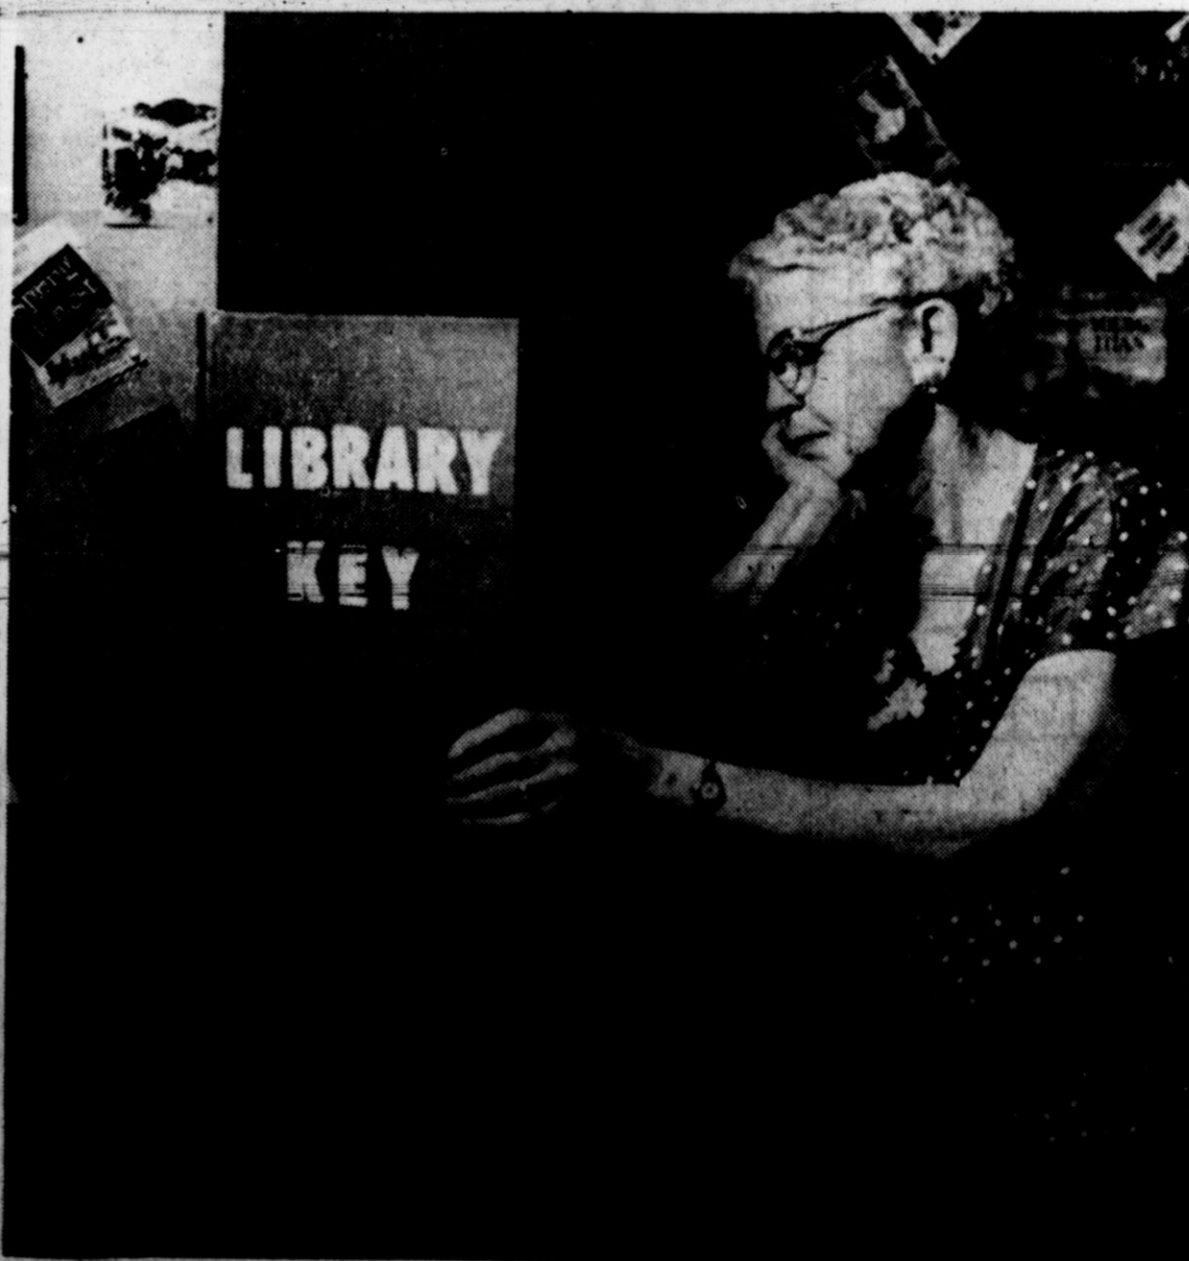

Occupying the south building will be the offices of the Sheriff, Highway Department, Employment Office, Justice of the Peace, Probation Officer and Drivers License Office.

Offices to be housed in the north building will be the tax offices, County Clerk, District Clerk, County Treasurer's Office, Home Demonstration Agent, County Agent, State Welfare, County Welfare, Red Cross, County Library and a courtroom.

County Clerk's records will remain in the Courthouse in the vault and will be open to the public at certain hours, to be announced later.

Mrs. J. J. Boydston, county librarian, has begun packing books already in order for the initial move to be made as quickly as possible.

Other county offices have also begun to make ready for the move.

"WHAT TO DO - what to do?" Mrs. J. J. Boydston, Deaf Smith County librarian, will move from the courthouse during the week of Aug. 17 during renovation of the building. (Staff Photo)

Pool Closes For Repair Of Pump

Hereford Municipal swimming pool was closed Wednesday due to circulation pump failure, according to City Manager Dudley Bayne.

The circulation pump is part of the pool's water filtering system, Bayne said, and the pool could not be opened until the filtering system was operating efficiently again.

The pool was to have been opened again as soon as repairs were made.

Organizers are seeking 300 family memberships at \$500 each. Those interested in joining are asked to deposit \$50 at this time.

At the end of the 60 days, the deposit will be considered as part of the membership fee or, if not enough members are secured, the deposit will be returned.

Country Club boosters have arranged a financing plan for the membership fee, with payments of \$26.21 for 18 months. If the club is built, family dues will be not more than \$10 per month, organizers say.

There are no officers in the present organization. Election will be held after the total membership is gained.

Those interested in joining, or getting more information about the proposed club, are asked to contact the temporary office at the Robinson-Decker Insurance Agency.

Final decision on location of the Country Club would be postponed until after the membership goal is reached and a board of directors elected.

Present plans indicate that the clubhouse and other facilities would be located on the south side of the municipal golf course, in the vicinity of the third tee.

The site, building and facilities will be completely paid off at the time construction contracts are let if the \$150,000 sought is pledged.

This feature, boosters say, would enable the monthly dues to be lower than many other country clubs which had to finance building programs.

The concrete block and stone club house would include 5,831 sq. ft. (Continued on Page 2)

GEORGE W. DODD and his family embrace the woman who thinks she is Annie Mae Dodd, the daughter who at the age of 17 disappeared from Houston in 1944 and whose fingerprints do not match with Annie Mae's. Left to right: Mrs. Edna Dodd, Dodd's second wife, Annie Mae, who has been living in Decatur, Ala., and doesn't remember her girlhood, Mrs. Edna Cook, Dodd's oldest daughter and Dodd. (AP Wirephoto)

CAROLGEAN DOUGLAS of Corpus Christi, boards a plane in Dallas in her way to Los Angeles to compete in the Miss Universe contest. When she arrives in California there will be no doubt in anybody's mind what state she's representing. Her western outfit, smile and beauty could only come from Texas. (AP Wirephoto)

GOOD ACTOR
JONESVILLE, Mich. — State troopers rushed to the scene after a freight train conductor tossed a note to a motorist at a crossing, saying there was a dead body on a strawstack along the track a mile back. On the strawstack, still motionless was 13-year-old Frank Manke, playing a "dead Redskin" in a game of cowboys and Indians with another boy.

KEEPING IT IN THE FAMILY
JANESVILLE, Wis. — Kenneth Leeder, 32, was charged with leaving the scene of an accident after his car smashed into a parked auto owned by his father.

FRIO NEWS

Home Makers Club Has Picnic In Hereford

By MRS. OWEN ANDREWS
The Frio Home Makers Club met Tuesday afternoon at Dameron Park in Hereford for a picnic, planned especially for the 4-H Club girls.

Picnic lunches were brought and the club served pops and watermelon.

Attending were Mrs. Edgar Vinson, Sammie Ann Carleta and Edlana, Mrs. Carlton Dobbins, Mrs. Commie Smith and daughters, Mrs. Weldon Stephan and daughters, Mrs. Glenn Gripp and children, Nancy Gripp, Mrs. Floyd Cole and daughters, Mrs. L. V. Cole, Joan, Barbara, Sherry and Lee.

The next regular club meeting will be held Sept. 8 at the home of Mrs. Clark Dobbs at 2:30 p.m.

The Frio Ladies met for their mission study Tuesday morning in the home of Mrs. Edgar Vinson. Those attending were Mesdames T. L. Sparkman Jr., Floyd Cole, Glen Andrews, B. H. Baldwin, Owen Andrews, Clark Andrews, Miss Alma Andrews and the hostess.

Mrs. H. M. Mobley, Mr. and Mrs. D. C. Miller and Mrs. R. V. McMahon and Keith of Dimmitt visited last week with other members of their family, the Raymond Mobleys, at Cortez, Colo. Mrs. Raymond Mobley and children came back with them to spend a few days here. They expected to do some canning while they visited the relatives here.

Rain fell in the community Friday evening. It varied from a little over one inch in the western portion of the community to more than three inches on the county line, south of Hereford.

The Glen Roberts and daughters, Janice and Barbara and son, Billie Dan, of Sacramento, Calif., were visiting their relatives, the Simpsons, Cortons and Campbells, in this area recently. They also visited the Floyd Coles one afternoon. The Roberts lived in this community prior to moving to California about three years ago.

Recent visitors of the Earnest Harders, Herb Schmidts and Leonard Schmidts were the Art Schmidt family of Weatherford, Okla., and the Ewald Schmidts of Clinton, Okla. The Art Schmidts were on their way home after an extended vacation trip through the Dakotas and to Yellowstone Park. The Ewald Schmidts were on their way to California to visit their relatives.

On Sunday Mr. and Mrs. D. P. Schmidt of Clinton, Okla., parents of Herb and Leonard Schmidt and Mrs. Earnest Harder, arrived to visit their children. The Schmidts have been

on a month-long tour, having traveled by train into Canada to visit brothers and sisters whom they had not seen in many years. They returned by way of here to spend a few days, to do some canning of beans and peas before proceeding home.

Nancy Gripp, daughter of the Spicer Gripps, spent a few days last week visiting her grandparents, Mr. and Mrs. A. G. Gripp, at Conway.

Mr. and Mrs. T. L. Sparkman Jr. took a group of Intermediate and Young People on a camping trip, Monday. They went to Cimarron, N. M., in a large truck, outfitted for chuck wagon and packing camping equipment.

Those accompanying them were Tommie, Bonnie and Darlene Sparkman, Joe Shultz, Carl Miller, Jimmie Barber, Gerald Harder, Larry Dobbs, Joe Andrews, Patsy Livesay, Linda Stephan, Nicki Nan Bradford and Carol Robbins.

Mr. and Mrs. Clark Andrews, Rocky and Kirk spent the weekend and through Wednesday on a trip into Colorado by way of Conchas Lake and other points of interest.

Mr. and Mrs. Lloyd Shultz and Joe went to Lugert Dam, near Altus, Okla., during the weekend. A homecoming of former residents of the Plainview community where Mrs. Shultz grew up, and a reunion of her relatives were events attended by the Shultz family. An all-day singing at the Plainview community building drew a large number of the former residents as a part of the homecoming festivities. Water skiing on the lake entertained many, including Lloyd and Joe Shultz. Spicer Gripp was among those

winning a first place in events in the Top O' Texas Rodeo at Pampa during the weekend. He was accompanied to the rodeo and also to the one at Dalhart by Mrs. Gripp and son, Kim.

Miss Nancy Gripp accompanied her grandparents, the A. G. Gripps, of Conway, on an outing to Red River, N. M., during the weekend.

Weldon Stephan, accompanied by Jackie and Johnnie Cheatham and Jackie Andrews, attended the Little League ball game at Brownfield Saturday night.

Rhondie Stephan was honoree at a party celebrating her fourth birthday. Guests came in grown up play dress clothes. Attending were Dianne and Debbie Smith, Vesa and Kevin Welch, Andrea Axe, Cheryl Mason, Beverly and Cheryl Cole, Edlana, Carleta and Sammie Ann Vinson.

Mr. and Mrs. Weldon Stephan and girls spent Monday night with his parents, the Moody Stephans.

DOUBLE FEATURE—Persons attending the Barksdale Theater get a meal before performance—served by actors. David Kilgore, one of the theater's founders and a co-owner, is waiter here.

Historic Tavern Regains Prominence As Theater

By MIKE SOFFIN

HANOVER COURT HOUSE, Va. — A rambling tavern that far outdates the American Revolution has come to life again in 20th Century Virginia as a theatrical center. The promising young attorney Patrick Henry, who married the owner's daughter, lived in Hanover Tavern, Cornwallis once made it his headquarters.

Now the tavern, 20 miles north of Richmond on U. S. 301, is known as the Barksdale Memorial Theater. Along with comedy, mystery and tragedy of a high quality the year round, it offers a dinner-theater package with the actors waiting on tables.

Architects of this transformation were half a dozen stock players who found little opportunity to perform on the New York stage.

"We decided the way to do it was by opening our own theater," says Muriel McAuley, 27.

Buoyed by the offer of a place to live in Virginia until they found a suitable playhouse, the six traveled South early in 1953, took what employment was available, began saving their pennies and looking for their theater.

"We ran through about three real estate agents before one drove us up here in the rain," recalls Miss McAuley. "What we saw was a dripping, rambling white frame building, built around 1723. Each of the 30-odd rooms was locked. While we waited for the agent to sort through a fistful of keys, we stared at cobwebs, falling plaster, peeling paint."

Though the tavern presented a variety of obstacles to untrained hands, the six were favora-

bly impressed. The agent clinched the deal when he swung open a door leading off the tap room in the basement. "There, hardly recognizable, was our theater," says Miss McAuley, publicist for the troupe. "Not that anyone with a spark of common sense would have recognized it as such. A bare room, about 40 by 60 feet, with a 7 1/2-foot ceiling that any mediocre theater technician could have said at a glance would prohibit adequate stage lighting."

The down payment on the \$25,000 property was \$5,000. "That month of July we saved \$1,000," Miss McAuley says. "We borrowed the rest and moved in Aug. 1."

"We lived here a whole year before we could do a show," Miss McAuley says. "There wasn't a toilet in the house that worked when we arrived. We spent the first year making the tavern livable."

The actors' needs were simple. They drew a dollar or two a week for personal items. The house bought and prepared the food and provided cigarettes.

Then came the first production, the Gay Nineties melodrama "Gold in the Hills," which played for three weeks in September, 1954.

In the spring of 1955, the troupe put on its first season, three plays in six weeks. There was a six-week fall season. The Barksdale Theater enjoyed moderate success. Its reputation grew.

The regular September-June season saw productions of such plays as "The Fourposter," "Arsenic and Old Lace," "O Mistress Mine," "Kind Lady," "For Love or Money," and "The Crucible."

OUTSTANDING ACCEPTANCE FOR THE CAR THAT STANDS OUT

THE LARK BY STUDEBAKER

Why are people flocking to The Lark in unprecedented numbers? Because The Lark is the only car that gives people all they really want in transportation today.

- **Outstanding price**—The Lark V-8 is the lowest-priced V-8 on the market.
- **Outstanding design**—three feet shorter than other cars, with room inside for six in spacious comfort. Classic Lark styling is designed to minimize year-to-year depreciation.
- **Outstanding performance**—in the Mobilgas Economy Run, The Lark V-8 topped all V-8's with an amazing 22.28 miles per gallon. The Lark 6 did even better.

By JIMMIE GILLENTEINE a man who had no feet."

Things are looking up for our Little League boys, who are now just two games away from the state title, which includes Mexico and New Mexico along with Texas in the Snyder play-offs. The winner at Snyder, as I get it, will go to Norfolk, W. Va. This is already one rung further up the ladder than any Hereford L-L team has ever climbed and — win, lose or draw — we can be mighty proud of the 1959 All Stars. Furthermore, if I figure things right, we are not more than 10 games away from the national championship. Nobody seems to know for sure, but I figure two games at Snyder, not more than four at Norfolk (maybe only two or three) and not more than four at Williamsburg, where the finals are played.

Winning all of these games is problematical, of course, but it does show that we have gone a long, long way — and have a good chance to go further.

Howard Brown and family are just back from Lake City, where they report "lots of people, lots of rain — and not too many fish." Howard, in fact, says he only caught seven fish during the week, and he is an old experienced hand. Most of the trouble he naturally attributed to excess rainfall.

"The Texas Courts at Lake City turned away more than 200 applicants for motel units in one day," said Howard, "which gives you a fair idea of how many people are going fishing these days."

Abe Martin and James Edmondson, on the other hand, reported good catches in the territory near Durango. Lots of rain, but not so much as to ruin all of the fishing. Urlin Streu, just back from the Gunnison area, likewise reported "lots of rain, but some nice catches."

Many old timers noted with a pang of grief the passing of Rex Tynes, former Hereford pharmacist and drug store operator. Mr. Tynes not only lived here for some half a century, but sold a lot of today's grown men their first ice cream cone. He was also noted for his ability as a chess player and, not too long ago, advanced a theory that the entire "cold war" situation was highly similar to chess. Many friends will miss their visits with this pioneer merchant. Personally, I often recall a sign he always kept above his prescription case. It read:

"I had not shoes and felt sorry for myself, until I met

Rain, Winds Damage Area Slightly Friday

By MRS. W. R. MOORE This community received a nice rain and plenty of wind Friday night which damaged a lot of the trees by breaking off the limbs.

The oil well drilling on the Joe Gill farm is coming along nicely.

Mrs. Jessie Hart from Pampa is visiting in the home of Mrs. Mamie Cogdell for several days.

Mrs. Zelma Axe made a business trip to Hereford Thursday. The Rev. and Mrs. Davis Harel and sons, Vaughn and Troy, from Baird visited in the home of Mr. and Mrs. J. T. McClain several days this last week.

Mr. and Mrs. Glenn Allred and children made a trip to Mexico this weekend.

C. Nix, who is working for W. R. Moore, spent several days in Portales, N. M., visiting with his sister.

Mr. and Mrs. Henry Grotgut were visitors in the home of Mr. and Mrs. Vernon Shneck Sunday.

Mr. and Mrs. Elroy Artho and children attended the ball game in Umberger Sunday afternoon, and also called in the home of Paul Artho.

Buster, Riekey and little Pamela Jane Brightonoc from Albuquerque are spending two or three weeks in the home of Mrs. Zelma Axe.

Mrs. Mamie Cogdell and Mrs. Jessie Hart attended the Old Timers' Round-up in Vega Saturday.

Mr. and Mrs. Dale Crist vis-

ited in the home of Mr. and Mrs. Keith Hodges in Hereford Sunday.

Mr. and Mrs. Jimmie Randle returned home Friday from California where they have been visiting the past two weeks.

W. M. U. met in the home of Mrs. Glenn Allred Thursday with 10 ladies present. Those present were Mrs. Dick Allred, Mrs. J. T. McClain, Mrs. T. C. Jones, Mrs. Bill Cleauenger, Mrs. Temple Jarnigan, Mrs. W. R. Moore, Mrs. Winters, Mrs. Burrows, Mrs. Buford Sparks, and Mrs. Glenn Allred, the hostess.

Visitors to the home of Mr. and Mrs. H. S. Sertuner over the weekend were Mrs. W. F. Sertuner and Jim Sertuner from Reydon, Okla., and Ralph Sertuner from Dallas. Mr. and Mrs. Harold Dean Moore and sons, Joe and Al, visited in the home of Mr. and Mrs. Billy Moore in Amarillo Sunday night.

Mr. and Mrs. Vernon Shneck made a business trip to Canyon Monday.

CARD OF THANKS

We would like to express our sincere thanks to our many friends who were so thoughtful and kind during the illness and death of J. W. Clark.

Mr. and Mrs. H. L. Stewart and family, Mrs. A. C. Withers and family

Have you read the classifieds?

By JIMMIE GILLENTEINE a man who had no feet."

Mayor W. B. Wilson says the newspaper business is "a pain in the back" to him. A reporter from Houston was here this week doing a story on vegetable production in the area, and posed "His Honor" in some pictures. Trouble was that Woody had to move some of the 100-pound sacks during the shooting and — and really did develop a "catch" or two. What's more, he extended an invitation, through the Houston press, for Krush-

chev to visit Hereford. "If he is the guest of the President, he can certainly be the guest of the community," said Woody, "but I don't think he will accept."

Henry Sears, on the other hand, figures that Krushchev actually might attend the opening Buffalo West Texas State game. "When the invitation was extended," says Henry, "there was less than one chance in 10,000. Right now, I would say there is probably one chance in 50. This isn't much chance, of course, but it is not so remote as many people seem to think."

People everywhere are extending invitations to the world's No. 1 communist. I can see where he would be a drawing card, but I sure don't care anything about seeing him — much less having him as a guest. It is probably a sorry attitude, but I would just as soon have him do his visiting in Yankeeeland.

The Russians are always

claiming to have invented everything from light bulbs to steam engines and fire crackers, and it would be fine if they sent their ace inventor over here. I understand his name is Comrade Reguspat-off, or literally translated: "Reg. U. S. Pat. Off."

Daughter (as radio grinds out latest rock and roll): "Did you ever hear anything so wonderful?"

Father: "Can't say I have. Next thing to it was the time I witnessed that collision between the truck loaded with milk cans and the car filled with ducks."

Clint Formby, I do believe, carries more keys to more places than anyone in town; even the banks — and that is the acme of something or other. If you ever lose your key, just call Clint. He probably has one that will fit. The reason is due mostly to his remote control broadcasts. Neil Cooper also carries a lot of keys. I saw him

the other day with a special board he had made to keep track of them. I guess there are lots of other people who are weighted down with keys.

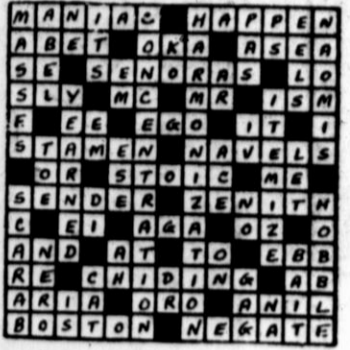

I always considered each key as another tribute to the dishonesty of mankind. Right now, I can't decide if people are becoming more dishonest — or if we merely have more people. Anyway, the transportation of keys is becoming more and more of a problem as the days pass.

School opening is just around the corner. A lot of folks are hustling to crowd in last-minute vacations in order to get back for registration Aug. 27. The other night someone mentioned that tinte really flies, whereupon Marcus Latham says the older you get, the faster it passes. These days, according to Marcus, times goes so fast there are only 10 months in the year.

This is the first time in ma-

ny years that Charley Bell hasn't been hustling around getting ready for band practice. Charley says it is a relief, but I think he actually misses it a bit, too.

Meanwhile, I figure another wet year for 1959-60. Elmo Fridley says I am getting this rain in downpours instead of nice gentle soakers, but I told him out in this country we take any kind of moisture we can get, anyway it falls — and we are usually happy about the whole thing.

Baby Animal Show Is New Addition To Fair

By ARGEN DRAPER
Something new and interesting has been added to the Tri-State Fair. It is a Baby Animal Show.

There will be facilities for as many baby animals and birds as the folks in this area will bring. The exhibit will include cows and calves, mares and colts, sows and pigs, ewe and lamb and others. From the bird family there will be baby quail, ducklings, chucker, geese, ducks, turkeys, chickens and the like.

There are families here who will have suitable exhibits and will want to exhibit at the fair. Those who are interested will write P. O. Box 1087, Amarillo or phone DRake 6-7767. If I get further details, I'll publish them. This exhibit should have tremendous appeal for both children and adults.

My current nomination for weather forecaster is Burney Northcutt. At noon Thursday he said he was expecting a big rain within the next three days. Anyway, Friday night most everyone got what could not be disputed as a big rain.

The following recipe is highly recommended by a good cook.

FRENCH BREAD

- 1 T salt
- 1 T sugar
- 1 T fat
- 1 c boiling water
- Stir and melt.
- 1 c cool water
- 2 pkg. dry yeast
- Stir and dissolve.
- 6 c flour

Work with hands; roll out 2 loaves of bread. Make them long and slender. Dampen top with water. Rise about 40 minutes. Brush top with egg white; grease pan and cook.

Twenty-three women attended the meeting of making plastic flowers. Eight of these women were from Friona. There were enough club women and others to serve as leaders to the clubs and 4-H clubs. The flowers are life-like and pretty.

My recommendation to the group was to study seed catalogues to learn more about flowers and then do some study of flower arrangement. The same principles of good and pleasing flower arrangement applies to artificial flowers as to real flowers.

There will be two committee meetings of council committees next week. Then on Sept. 1 the clubs will meet and the material for the program meetings has been ordered and will be sent to the clubs soon.

We'll be moving with the rest of the court house offices over to the Jack Wright building sometime soon. Jeanette Hadaway and I have been trying to get our work caught up so we can get some things packed ready to move but as to now have not gotten it done. I guess the day we are told we'll move the next you will see some action here in the office.

Some of you will take some days for vacation before school starts. Let me add my warning about accidents — know what to do and do it! Accidents are no respectors of time

MISS BETTY WALSER is a contestant in the Deaf Smith County Farm Bureau Queen Contest scheduled for Aug. 14. Miss Walser, 17-year-old daughter of Mr. and Mrs. Guy Walser of Summerfield, is a senior at Hereford High School. (Staff Photo)

or place. They just happen. Be on guard against them all the time. Emergencies can be nipped in the bud if you know what to do and have the necessary equipment.

It's good insurance to have these three "do's" done before accidents occur:

1. Have a first aid kit handy.
2. Know how to use it.
3. Visualize mishaps in advance and work out a plan of action.

Put your plan into action the instant disaster strikes and keep your head.

Delay might mean death. It's a good idea to learn First Aid, because you can never tell when you may need it.

Freezing is a quick, easy way to preserve fresh vegetables and fruits. . . Extension foods and nutrition specialists (Continued on Page 2)

AUSTIN HIGHLIGHTS

Texas Lawmakers Return To Normal Living Pattern

By VERN SANFORD
AUSTIN — Quiet has settled over Texas' Capitol Hill after 202 days of hubbub.

As legislators packed up to go home, directors and employees of state agencies were filling scratch pads with figures. For most state-supported activities, the new budget which goes into effect Sept. 1 will mean more funds. Altogether, \$300,000,000 more. There were some disappointments, of course, in the appropriations bill. Many programs got less than had been asked for, some salaries were cut, and there were riders and restrictions in other activities.

But, overall, there was more relief and rejoicing than tears and complaining. Most seemed to regard the new budget as the best that could be hoped for in such a "hard year."

For their parts, lawmakers were eager to get home and "mingle with the folks." Ahead lie probable showdowns on new spending for welfare and public schools, and, always, the inching up every two years in general spending.

Texas' new record, high budget of \$2,418,000,000 was reported out after 95 days of haggling in conference committee.

But once out, it zipped through both houses, with only 8 dissenting votes in the Senate and a 108-to-30 vote in the House. Spending from the general revenue fund, the state's multi-purpose housekeeping kitty, totals \$322,800,000. This is up \$42,000,000 from the present biennium.

To show how hard up the state was, more than 56 per cent of total general revenue spending — or \$185,000,000 — will have to come from the new tax bill

passed this session. Here's how the pie was finally sliced on major items:

PUBLIC SCHOOLS — Received an appropriation of \$774,904,500, an increase of about \$85,000,000, mostly because school spending has an "escalator clause" which ties it to enrollment.

HIGHER EDUCATION — Got the biggest increase from the general revenue fund of any program. It was boosted by more than \$12,000,000 to a total of \$130,933,424 for the state's 18 tax-supported colleges and universities. Increase was only about half what was asked by the Commission on Higher Education.

University of Texas officials saw one of their fondest dreams come true in that the "available fund" (income from the University's permanent fund) was left free for buildings and "excellence" programs.

HOSPITALS, S P T C I A L SCHOOLS, YOUTH COUNCIL — Allotted a total of \$90,456,554, an increase of \$6,348,252.

This is to be used to improve medical care in state hospitals and to build a new mental hospital at Denton, a new dormitory for delinquent boys at the Gatesville school and a new building at the Gainesville School for Girls. It will also cover some salary increases and cost of some repair and remodeling in the vast hospital and school systems. It does not allow for setting up the juvenile parole system ardently desired by the Youth Council and recommended by Gov. Price Daniel.

STATE EMPLOYEES — Lower-bracketed employees, from \$2,400 to \$6,000 annually, will get a \$180 a year raise. It's not

a lot — \$15 a month more in the employees' pay envelopes — but it will cost the state about \$14,000,000 for the two years.

JUDICIARY — Will receive \$9,336,769 from general revenue, a \$312,779 increase. Most of this goes for new district courts plus briefing attorneys and secretaries for the Supreme Court.

PRISON SYSTEM — Operating budget increased by \$2,800,000 plus \$7,720,000 to provide ad- (Continued on Page 2)

MISS CLARABETH HOLT, 19-year-old daughter of Mr. and Mrs. Earl Holt, Rt. 3, is entered in the Deaf Smith County Farm Bureau Queen Contest to be held in the high school auditorium at 8 p.m. on Aug. 14. Miss Holt is a junior student of Oklahoma State University. (Staff Photo)

REP. WALTER ROGERS WRITES:

Area Pastor Learns Of Bureau Efficiency

To the people of the 18th District:

There are so many stories about Bureau inefficiency and red tape, and so few commendations when a good job is done, that I wanted to pass on to you a story of outstanding co-operation and efficiency by the Bureau of Immigration and Naturalization. It concerned the location of a young lady for the Rev. and Mrs. Johnny Williams of Adrian, Texas. Rev. Williams is the Methodist pastor at that point. Here is the story:

Miss Brigitte G. M. Ziemann was an exchange student who lived with Rev. and Mrs. Williams and family at Plainview during 1954. She was processed through the Church of the Brethren Exchange Program, its headquarters being near Washington in Maryland. After her normal school year she returned to Germany, and on her 1957 vacation she came to visit the Williams in Texas again.

In the fall of 1958 they had a telephone call from her in New York advising that she was again in the country and would write them when she had an address. They never heard from her and were of the opinion that her letter to them was lost. They could not correspond with her since they didn't know where to write.

They simply assumed that she, having written and not heard from them, deduced they did not want to correspond with her.

Rev. Williams came to my office recently with the foregoing information, stating that he and his family were en route to New York and would like to find Miss Ziemann if there was any way of determining her location.

We contacted the Commissioner of Immigration and Naturalization, thinking that she would be a registered alien if she were still in the United States. He determined that

the painting of Indian life called "Death Whoop." The picture came with all the efforts which had been made to locate her, advised her business and home addresses and telephone numbers and that the Williams should contact her immediately upon arrival in the United States as a permanent resident alien on May 21, 1959, and that her records were in the Newark, New Jersey, District office of Immigration. The Commissioner telephoned the Newark office, requesting the District Director, Mr. William Wirsch, to find her and to determine if she would object to giving the Williams her address and telephone number — this information being considered confidential.

The Newark office had the address which she had reported last January when she registered, which was a Hackensack, New Jersey, address but had no telephone number. They got the telephone company to find the telephone number for the address, tried the number repeatedly, but got no answer.

Realizing the necessity for speed, they got telephone numbers of residences adjacent to the address, to see if any of the neighbors knew anything about her. The answers varied from "never heard of her" to "she's gone back to Europe." One neighbor advised he thought she worked for "some airline in Petersburg." They tried all the airlines in Petersburg, none of which knew her.

Meanwhile, all the neighbors they had called in Hackensack had conversed with all their

friends and neighbors and had commenced calling Mr. Wirsch at the District Immigration office to report small tidbits of information. One of these callers reported that they thought she had moved into New York City and was working at the German Consulate.

Upon calling the German Consulate, they were advised she did not work there, but that she might be located at the German-American Chamber of Commerce in New York City. Meanwhile, the telephone calls from friends and neighbors were still pouring in reporting small bits of information.

Miss Ziemann was located working at the German-American Chamber of Commerce in New York City, and was thrilled to learn that her friends, the Williams, were en route to New York. She was over-pressed and most grateful. We are sure they had a nice visit.

Since we are telling stories, let me tell you the one about was painted by Mr. Seth Eastman, who had been commis-

ed by the government to paint some Indian pictures. He was chosen because of his vast knowledge of many of the Indian tribes.

Several of his pictures are hanging in the Committee room of the Committee on Interior and Insular Affairs, of which I am a member. The picture "Death Whoop" portrays an Indian standing erect and holding at arms length the scalp of a white man. The white man is laying at the foot of the Indian and the place where the scalp was removed is plainly visible. Unless you appreciate this kind of art, you can readily understand that it might be abhorrent to some eyes. This seemed to be the case, because some years back when the Democrats were in control, the Republicans complained because the picture was hung opposite them and they had to sit and look at it all during Committee meetings.

Their complaint went for naught, but when they won an election and got into power, they promptly switched "Death Whoop" to the other wall where it stared the Democratic members in the face. This allegedly went on for two or three sessions of Congress until the 82nd session.

"Death Whoop" was removed entirely from the wall in the Committee room, supposedly because some of the Indian tribes complained that it put the Indian in a bad light. There is no doubt that the white man was never an all-out enthusiast behind the Indian past-time of scalping. However, most of us on the Committee had understood that this was a lost art. In any event, the request of the Indians was honored and the picture removed.

However, with the advent of the 83rd Congress the picture again found its way to the Committee room and now adorns the wall high above the spectator section of the room. No one needs look at it unless they want to. It might be added that the complaints from Committee members came from those with hair. Several of us felt no danger of being scalped by an Indian or anyone else and, therefore, made no complaint.

Our good friends, Mr. and Mrs. E. E. Shelhamer and their fine family were in Washington for a vacation visit last week. The Shelhamers were our neighbors in Pampa and it was certainly good to see them and their children, Pam, Gene and Jim. They saw many points of interest here in Washington as well as en route to and from Pampa. Also from Pampa were Lt. and Mrs. Ron Gooding, who were in Washington a few days for a visit and on business. Mrs. Gooding is the former Phoebe Carter and they are currently stationed with the Army at Ft. Bragg, North Carolina. Mr. Maurice Mitchell from Amarillo was in Washington last week and we enjoyed his visit.

WALTER ROGERS
Member of Congress
18th District of Texas

John H. Reece

Resident's Husband Completes Training

One of 333 Second Lieutenants who completed the eight-month officers' basic course at Marine Corps Schools, Quantico, Va., Aug. 1 was John H. Reece, son of Mr. and Mrs. J. H. Reece of Plainview, and husband of the former Miss Mildred A. Kelley of 111 Catalpa St. in Hereford. He is a graduate of Wayland College.

The course included indoor classes in personnel administration, first aid, map reading, weapons, field sanitation and leadership techniques.

In the field, practical map reading, live firing of weapons, drills and ceremonies, and the practical aspects of communication and employment of support weapons were applied.

The basic course is compulsory for all newly-commissioned Marine officers, including former enlisted men, college graduates or graduates of the U. S. Naval Academy.

Local Students On Honor Roll

Two students from Hereford are included on the dean's honor roll for outstanding scholarship during the summer session, which ended at Southwestern Oklahoma State College July 30.

They are John Robert Miller, son of Mrs. H. E. Miller, 428 Star, and James P. McDowell, son of Mr. and Mrs. Ansel McDowell, 106 Ave. I.

Both Miller and McDowell are enrolled in the school of pharmacy at Southwestern State.

Carl Wimberley Feted Monday

One of the most outstanding advocates of soil and water in the Texas Panhandle, Carl Wimberley was honored for his achievements in leadership last Monday by being awarded the most outstanding supervisor of the Tierra Blanca Soil Conservation District.

The award was presented to him by Gerald McCaskill, representing the Texas Bank and Trust Company of Dallas, sponsor of the award.

Wimberley, who farms near Dawn, has been a cooperater with the local soil conservation district for more than 15 years, during which time he has served as a district supervisor. Through his own decisive use of approved conservation methods on his 481 acre farm, he has practiced the conservation he promotes.

Among the many recognized practices which Wimberley has undertaken are bench levelling, field levelling, irrigation water management, conservation crop rotation, waterway development and proper range use.

Lily, Growing Difficult, But Don't Think It's Impossible

By ARGEN DRAPER
Growing lilies is a challenge. At least that is the way Mrs. A. A. Hare feels about the ones that she has.

The picture shows that she has been successful. At one time this lily had 14 blooms on it. It was given to Mrs. Hare by her sister who lives in Cleburne.

She was given detailed instructions by her sister about how to care for lilies. As most people who live in other parts of the state, she thinks our weather and growing conditions are worse than they really are.

In our gardens, the lilies often fail to adapt to our soil and climate. The late frozes, the hot winds, high temperatures at blooming time, lack of moisture and the alkaline soil make lily growing a bit difficult, but it can be done, and successfully,

as the Hares proved and rewarding it is.

The soil where lilies are grown should be neutral to slightly acid, and it must be fertile and loose, with a lot of humus. Never plant a bulb more than four to six inches deep. As a rule, bulbs find their own best level — the roots will adapt themselves to the proper level.

The roots pull the bulb down to the depth they prefer, but they cannot push up. A small amount of soil sulphur should be sprinkled over the soil and watered in well; commercial fertilizer can be used on the lilies and natural fertilizers are excellent.

The Hares have many kinds of plants, fruit trees and garden. They like their plants and most all of them have a story like the Christmas tree they bought one Christmas during

World War II. Christmas trees were expensive and scarce, and it always hurt the Hares, as well as the children, to burn a Christmas tree that had given so much happiness during the holiday season.

So the Hares decided to buy a small fir already rooted, use it for Christmas by placing it on a table, and then set it out in the yard. It has thrived and now is about six feet high.

It made a nicely-shaped tree and now serves as outside decoration during the holiday season.

Mr. and Mrs. Hare say that lilies are fascinating and tell you if at first you don't have blooms not to give up — they had this lily three years before it bloomed and you can see that they have been well-rewarded for their efforts.

GROWING LILIES in this section can be a hair-pulling task—but it can be done, as Mrs. A. A. Hare proved. It took the lily about three years to sprout blooms, but the Hares said it was worth it. At one time the lily had 14 blooms. (Staff Photo)

AMONG STUDENTS ATTENDING the 59th annual West Texas Music Camp at West Texas State College are these fourteen from the Hereford area. The camp will close Friday, Aug. 14, with a "grand finale concert," to which the public is invited. First row, left to right, are Sandra Inman and Shelby Armithe of Vega; second row, Joe Cash, Don Taylor, Ronnie DeWeas, all of Vega; third row, Dave Dziuk, Kathy Boston, Gloria Damon, Jenny Holt; fourth row, Ray Cole, Jerrie Noland, Sheri Damon, Royce Gilliland, Curtis Crowell.

Area Receives Various Amounts Of Moisture

By MRS. CARL WIMBERLEY
Two inches of rain fell at Jowell Switch Friday afternoon and evening. L. B. Drake, about three miles north, reported one inch.

The fall became lighter to the northeast, with most of the community receiving about .10 of an inch. South of Dawn, H. S. Fuller reported .90 of an inch of rain.

Wind accompanied the rain. A large tree was split into by the wind at the home of Mr. and Mrs. H. V. McCabe. Two plate glass windows were blown out of the Taylor-Evans building in Dawn. Jim McCabe's telephone was burned out.

At a meeting of the Tierra Blanca Soil Conservation Monday in Hereford Carl Wimberley was presented with a certificate of merit from the Texas Bank and Trust Company of Dallas as the most outstanding supervisor in the Tierra Blanca Association for 1958.

This award was to have been presented in April, but Wimberley was at Marlin taking hot mineral baths. He has served as a supervisor since the organization was under the Wind Erosion in the 1940's.

Mr. and Mrs. L. L. Airhart returned home Thursday from a visit with their daughter, Mr. and Mrs. Irving Pursley, at Miami, Okla. They went fishing in the ponds and river at the Pursley ranch.

Before going to Oklahoma the Airharts spent Saturday night in the home of their granddaughter and family, Mr. and Mrs. John Parker, at Pampa. Mr. and Mrs. White Griffith of Plainview visited Thursday in the home of Mr. and Mrs. R. A. Frye.

Mr. and Mrs. Herman Rowe of Hereford spent Sunday with her sister, Mr. and Mrs. Henry Heckman. The Rowes moved to Hereford Saturday from Lubbock.

A cook-out birthday supper for J. B. Caraway was held Saturday evening at the home of Mr. and Mrs. R. T. Stewart.

Other guests were Mrs. Caraway, and children, Mr. and Mrs. Reece Stewart and Rosemary and Mr. and Mrs. Robert Oglesby and children of Canyon.

Phyllis Ann Wimberley left by train Thursday for Houston where she will visit Mr. and Mrs. Neil Lambert and other friends. Mrs. Lambert and Phyllis Ann attended TWU at Denton last year.

Mr. and Mrs. Tony Benson and daughter of Lubbock visit.

of Texas A&M College say that freezing keeps the natural color, fresh flavor and food values of most vegetables and fruits better than other methods of food preservation. For best results, select fresh, tender vegetables right from the garden or market while they are at the right stage of maturity for eating.

Other factors that influence quality are preparation, packaging, freezer loading and length of storage. Latest information on how to freeze, and how to cook frozen foods is given in extension bulletin, FROZEN FOODS. Get a copy from the office now.

SCRATCH-ME-NOT WITH ITCH-ME-NOT
Apply ITCH-ME-NOT. In 15 minutes if the itch needs scratching, get your 48c back. You feel the medication take hold to quiet the itch in minutes; watch healthy, clear skin come on. Get ITCH-ME-NOT from any drug-gist for external skin irritations. NOW at ROGERS DRUG.

ditional buildings for a prison population soaring toward 11,000.

LIVESTOCK DISEASE — A new program to control brucellosis was tabbed for \$239,960, considerably under the \$2,170,000 requested.

STATE ADVERTISING — State Highway Department was authorized to use \$100,000 to lure tourists and the Texas Industrial

The Fogles lived here one year while she was teaching in the Dawn school.

Mr. and Mrs. Leo Hoffman and family are the owners of a new 17-foot motor boat.

Commission \$20,000 to seek new industries.

CONSTITUTION — Texas Legislative Council was given \$50,000 for a study of the State Constitution with a view to revising it.

INSURANCE DEPARTMENT — All the furor over top officials' salaries brought little change. Commissioner of Insurance William Harrison was cut from \$20,000 to \$15,000 a year; the three board members, from \$15,000 to \$14,000.

BUILDING PROGRAM — To further the Capitol expansion program, \$2,753,000 was appropriated for buying land, \$2,924,000 for a second state office building.

WATER PLANNING — Board of Water Engineers was allotted \$2,037,000, an increase of

\$200,000, but nearly \$800,000 less than requested. It will allow for some salary increases for board members and engineers and mapping to locate future damsites.

Sen. Abraham (Chick) Kazen Jr. of Laredo, Texas' fourth "governor for a day" this year, used his time in the spotlight to call attention to needs of his South Texas border country district.

As Senate president pro tempore, Kazen served as chief executive in the absence of the governor and lieutenant governor. He proclaimed Good Neighbor Day, created the Navy of the Rio Grande and urged Congressional approval for construction of Diablo Dam west of Del Rio.

Sen. Frank Owen III of El Paso succeeds Kazen as president pro tempore for the interim between sessions.

St. Martin's Lutheran Church, a beautiful, classically designed building one block north of the Capitol, was to be destroyed to make way for the state building program.

Texas Employment Commission's new building has already gone up within a few feet of it. But the Senate, in a resolution sponsored by Sen. Charles Herzing of Austin, has asked TTC to study the possibility of putting the church to some use, such as a non-denominational chapel, before deciding to level it.

SHORT SNORTS — Penalties up to \$200 and court costs can be assessed against operators of dual-wheeled vehicles without

45 Years Ago
Building Will be Put in Thorough Repair, Lights Water and Sewer Service to be Installed
Negotiations were completed this week whereby the Hereford School District becomes owner of the old Christian college building and six acres of ground.

Work will start immediately on putting the building in first class condition and converting it into a high school building. City water will be installed throughout the building, as will also electric lights and sewer service.

The grounds will receive immediate attention and made beautiful. We understand that over six thousand feet of concrete walks will be put down. A heating plant will also be put in the building and in this connection will be the most complete equipment for the domestic science department. The manual training department will also have a portion of the building properly fitted up for its work.

This is a step forward by the school board that is indorsed by every citizen of the town. The crowded condition of our schools for the past two years has really been a hindrance and a drawback to their efficiency. Now that they have plenty and to spare of room, we shall look forward toward a future of progress that will be truly remarkable.

25 Years Ago
The following bits of information were gleaned from the educational conference conducted by State Superintendent L. A. Woods last week at Canyon:

The compulsory school law was amended to require attendance of all children from seven to 16 inclusive, for 120 days each year. This change added four years to the compulsory school ages and also added 20 days to the number of school days of attendance required.

The legislature appropriated \$150,000 to continue hospitalization and surgical care of crippled children. This was an increase over the previous appropriation and when supplemented by funds raised by the Crippled Children's Council through the sale of lamps, and a possible federal contribution, should make it possible to do a great deal for the children of Texas who would be seriously handicapped in many cases without this care.

School gymnasiums may now be built and a mortgage given to secure the payment of bonds, notes or warrants, to be retired from revenues.

Taxes may be paid on the installment plan though no information was given as to the detail of the law, or the taxes to which it applies.

No license will be required on school owned busses, but a state license must be paid if the bus is privately owned, though it may be operated for the school district.

WEEKEND VISITOR

Miss Emma Jane Brown of Lamesa visited over the weekend in the home of her mother, Mrs. C. O. Brown.

Mace is a spice made from the outer coating of nutmeg; it is delicious in many cakes and cookies.

Moisture, Strong Winds Pound Community Friday

By MRS. HAROLD RUDD
Friday evening the community received some rain along with strong winds. Rain amounts varied from .7 on the W. F. Ponder farm to two inches received on John Kalka's farm, three miles north of the Westway Store. Paul Corbett received 1.7, Bob Hicks and P. B. Sowell received an inch and one-half; Merlin Kaul received one inch and R. L. Wilson received 1.8.

The women of the community have been busy freezing and canning fruits and vegetables. Another chore for this time of year is making preparations for the coming school term.

Mrs. Bess Werner attended funeral services for Rex A. Tynes in Hereford Saturday.

Mr. and Mrs. Ray Scott of Friona spent Sunday afternoon visiting with Mr. and Mrs. Buck Green.

Herman Paetzold of Hereford visited with Mr. and Mrs. Kenneth Rudd Wednesday morning.

Mr. and Mrs. Don Sigle are the parents of a baby boy, Steven Mark, born July 31 at the Friona hospital.

THANKS, FOLKS!

for your fine patronage over the past years that has made our business a success.

We have recently sold our business to Mr. Dallas Phillips in order that we may spend more time with other endeavors.

We would encourage each of you to continue to trade here. We know that you're going to like, and appreciate the fine service and quality goods that you will get here.

Again, may we say "Thanks" for your patronage and friendship. We have sincerely enjoyed the years that we have been able to serve you.

WHITE HOUSE MARKE

Mr. & Mrs. M. C. Causey

vis Saturday.

Mrs. Merlin Kaul and Mrs. Albert Kaul of Sabetha, Kan., returned last Thursday from their trip to California. They visited Mrs. Albert Kaul's sister, Mrs. May Hesslitt, at Ontario, Kan.

They also attended a reunion of relatives in Washington Park at Pasadena. Mrs. Merlin Kaul visited with former students, who she had taught in Sabetha, Kan.

Merlin Kaul left Sunday morning to take his mother, Mrs. Albert Kaul, to her home in Sabetha.

Mr. and Mrs. David Sowell, Diana and Davey of Amarillo spent the weekend with Mr. and Mrs. P. B. Sowell.

Mr. and Mrs. Vernon Wilson and sons of Pampa arrived Saturday to visit his parents, Mr. and Mrs. R. L. Wilson. Mr. and Mrs. Glenn Wilson and family joined the group for dinner on Sunday.

Mr. and Mrs. W. E. Combs of Plainview and Mr. and Mrs. G. C. Merritt ate dinner with Mr. and Mrs. Elmer Combs Sunday. Michelle Merritt of Hereford spent the afternoon with the group. Mr. and Mrs. G. C. Merritt Jr., visited in the Combs home that evening.

Mrs. D. L. Seal and Glenda of Childress spent Friday night with Mr. and Mrs. Joe Wagoner. David Seal arrived Friday evening to visit with the Wagoner family over the weekend.

Sunday afternoon Mr. and Mrs. Robert Wagoner of Hereford, Mr. and Mrs. Marlin Pierce, Deborah, Donna and Danny of Hereford, Mrs. Lester Mullins of Matador, Mr. and Mrs. Jack Simpson of Matador, Mr. and Mrs. C. A. Sauley and Ross Joe Landers visited in the Wagoner home.

Mrs. Mullins and the Simpsons spent Saturday night with the Sauleys.

Mrs. Jim Lindsey and Mrs. W. A. Campbell of Hereford visited with Mrs. Joe Landers Monday afternoon.

Mrs. George Turrentine visited with Mrs. Ed Loerwald Monday morning. Mrs. L. A. Beyer and children accompanied Mrs. Turrentine and children to Amarillo later that day.

Mr. and Mrs. Kenneth Rudd and Mr. and Mrs. Ed Dziuk Jr. were in Raton, N. M., Sunday to watch the races at La Mesa Park.

Mr. and Mrs. J. C. Morrison and Judith were hosts for a hamburger fry Friday evening. Among those present were Jim Gage of Idaho Falls, Idaho, Mr. and Mrs. M. C. Kaul and Walter, Mrs. Albert Kaul of Sabetha, Kan., Mr. and Mrs. G. C. Merritt, Mr. and Mrs. T. B. Thomas and Deborah and Mr. and Mrs. Don Heddins and Donna.

Mr. and Mrs. T. B. Thomas and Deborah met Mr. and Mrs. L. G. Thuet of Post and Dan Thomas in Plainview Sunday. Don returned home with his parents.

Mr. and Mrs. George Turrentine, Janice, Carol and Pat attended the Pancake Supper at St. Anthony's school Sunday night.

Mrs. Merlin Kaul and Mrs. Albert Kaul visited with Mrs. Jack McCracken and Mike in Hereford Saturday afternoon.

Mrs. R. L. Wilson and Mrs. G. C. Merritt visited with Mrs. Don Heddins in the Deaf Smith County Hospital Friday afternoon. Mrs. Heddins was dismissed that evening and is reported to be doing fine.

Mrs. G. C. Merritt and Mrs. Elmer Combs visited with Mrs. Albert Kaul of Sabetha, Kan., Saturday morning before she returned to her home.

Mrs. Kay Baker, and Danny of El Paso arrived Sunday to take Jimmy Baker home after

Donnybrook Fair Wrestling Card Held Saturday

A real donnybrook fair-type brawl was held Saturday night when Dory Funk and Enrique Spindola carried their fight against Ripper Leone and Tony Morelli outside the building to the parking lot during the tag team match.

Funk and Spindola won the first fall when Leone took a swing at Spindola. Spindola ducked and Leone kayoed Morelli.

a three-week visit with Mr. and Mrs. C. A. Sauley.

Mr. and Mrs. T. D. Booker of Lubbock also visited in the Sauley home Sunday. Mrs. Booker remained to spend the night. Mrs. Booker and Mrs. Sauley visited with Mrs. Joe Wagoner and Gayle Monday morning.

Mr. and Mrs. Ralph Durstine and Elmo Hall of Friona visited with Mr. and Mrs. Merlin Kaul Thursday evening.

Activity in the third fall was carried all over the county when Funk and Leone started action and fought through the ropes and out the back door to fight in the parking lot.

The fight was stopped and the referees made the attempt to eliminate both Funk and Leone on the grounds that both were counted out.

Unable to control either Funk or Leone, the fight continued with both of them in it. Leone and Morelli won the tag team match taking two falls out of three.

Leone won the first fall over Spindola when he came off the ropes for a flying tackle. Leone ducked, causing Spindola to miss and while he was at a disadvantage, Leone came in for the kill.

The second event was given to Funk when Morelli was disqualified for throwing Funk over the top rope.

An exciting card is slated for Saturday, Aug. 15, when Funk, Morelli, Leone, Spindola and Sonny Meyers will stage a five man battle royal. This plus three thrill promising prelimin-

aries will fill the card.

REP. WALTER ROGERS WRITES:

Type Of Labor Bill Is Big Question In This Country

To the people of the 18th District: The big question in this country is, "what kind of labor bill will the Congress pass?" The Senate has already adopted its version. Many have argued the Senate Bill is not strong enough, because it did not include the McClellan Amendments. On the other hand, it is being argued in many quarters that the Senate Bill is much stronger than the House Bill recently reported.

The House Bill will probably be the subject of debate in the Congress by the time you receive this letter or shortly thereafter. It is contemplated that several substitutes may be offered to take the place of the House Bill.

Whether or not any of these will be adopted is highly conjectural, but it can be expected there will be many amendments to the measure. What its final form will be, no one knows. But, when it is completed the contest between the House and the Senate will be in reconciling the differences between the two bills.

It is generally conceded that the American public demands the passage of legislation effectively prohibiting racketeering and gangsterism in the unions. This is a primary requirement by the people of this country, and rightfully so. The racketeering and gangsterism which has been exposed should never have been permitted in the first place. A great number of the acts alleged to have been committed in carrying on violence by many of these groups constituted violations of the criminal statutes of the states in which these acts occurred.

I am at a loss to understand why these violators were not prosecuted and sent to prison where they belong. Ex-convicts, racketeers, gangsters and every other kind of hoodlums, who have weaseled their way into these organizations, will surely destroy them unless they are removed. It is entirely unfair to the honest, sincere, law-abiding, laboring people of this nation to permit these practices to continue.

They bring honest union officials into disrepute and open the door to the corruption of whole communities. If these practices

are to be allowed to continue in labor unions, we must expect they will breed the same kind of activities in all segments of the economy and completely destroy the democratic processes upon which we stand. A corporation, a labor union, or an individual does not and should not have the right or the power to circumvent the Constitution and the laws of this country to its own benefit. Yet, we see attempts every day to do just that.

It is my hope that, in the final analysis, the Congress will adopt a labor reform bill which will be amply strong to cast fear into the hearts of all thugs and cut-throats, and will fully and clearly protect the constitutional rights of all parties to a labor-management contract.

It goes without saying that all of the controversies between labor and management, growing out of the many decisions of the National Labor Relations Board and the courts of this land, cannot be resolved and settled in one piece of legislation.

To try to do this would be to confuse the issue more than it has been in the past, provide the means for more litigation and bitter feelings; but the basic policy to be pursued in the future and to cure the basic ills which have plagued the management-labor negotiations for so long, can be clearly and concisely set forth. Once this is done it will constitute a beginning point from which we can find the solution to the many smaller problems which must be met.

We had a great number of visitors from the Panhandle last week, and it was good to see and visit with each of them.

From Amarillo we had our good friends Hugh Tull and Pete Gilvin. They were in Washington attending a meeting of the Associated General Contractors of America. Also from Amarillo Mrs. H. C. Sloan and her mother, Mrs. Edith Williams, and her two sons, Bill and Gary. They were in Washington visiting friends and vacationing.

A wonderful group of ladies from West Texas State College in Canyon were in Washington for a brief stopover on their

Household Scrapbook

Jelly

Add a teaspoon of glycerine to jellies fifteen minutes before they are finished and it will aid considerably in clearing the mixture. If shavings of paraffin are put in the bottoms of the jelly glasses before pouring in the jelly, the paraffin will melt and rise to the top, clarifying and sealing the jelly.

Water Bugs

The annoyance of water bugs can be eliminated by pouring a small quantity of kerosene, or a weak solution of turpentine (3 parts water to 1 part turpentine) down the drain pipe, once or twice a week.

New Clothesline

Soak the new clothesline in boiling water for a half hour before using it. This will prevent its stretching and tangling, and will prolong its life.

Scuffed Floors

If the hardwood floors are scarred with dark marks from furniture, rub the marks with very fine steel wool, dipped in quite soapy water. Rinse with clear water, and then apply a good furniture polish. They will be very much improved.

Insect Bites

If bitten by an insect, such as bee, mosquito, yellow jacket, etc., apply ammonia water, and later on, bathe with cloths that have been soaked in cold water.

Scratched Silverware

way to Nova Scotia. Most of them are teachers in our public schools all over the Golden Spread area, and they are summer students at West Texas State currently enjoying a geography tour under the guidance of Dr. Measmer, who annually arranges these fine trips. They are traveling by chartered bus, and they stopped over in Washington two days where they saw many points of interest, including both the House and Senate in session.

The group included Mrs. Lillian Mullinax, Miss Oleta Martin, Mrs. Roy Sullivan, Miss Pearl Spough, Miss Martha Montgomery, Mrs. Betty Boswell, and Mrs. Grace McDowell, all of Pampa; Mrs. G. Hall, Mrs. Velma Bennett, and Mrs. E. C. Pettigrew Jr., all from Borger; Mrs. Mary Ellen Robertson from Sanford; Miss Lonnie H. Garrison, Mrs. Kay Hungate, and Larry L. Hungate from Canyon; and Mrs. Mary Louise Blaine and Gloria Blaine from Amarillo. Mr. and Mrs. Carl D. Moorhead from Amarillo were in Washington for a short visit, and we appreciated them coming by the office.

From Adrian we had Rev. Johnnie Williams, who is pastor of the Methodist Church at Adrian, and his daughter, Marlene, and her friend, Paula Creitz. They were vacationing in and near Washington, and were going on to New York.

Mrs. W. R. Pratt and son, Billy, from Borger stopped by the office on their way to New York where they will be joined by Mr. Pratt and continue on to Europe for a five-weeks' visit. It was nice to see them.

WALTER ROGERS
Member of Congress
18th District of Texas

Remove the scratches from your silverware by applying with a soft cloth a paste made of putty powder and olive oil. Rinse and polish.

Moth Prevention

Moths in carpets can be prevented by scrubbing the floors with a strong solution of hot wa-

ter and salt just before laying the carpet. Sprinkling salt on the carpet before sweeping helps to destroy moths.

Scorched Pans

To clean pans that have been scorched by food adhering to them, sprinkle some baking soda into them and allow to stand

for a while. They can then be easily and quickly cleaned.

Fly Paper

Stickiness on the hands resulting from the handling of fly paper may be removed with a cloth saturated with kerosene or gasoline.

Straight-Hanging Pictures

Pictures which hang crookedly are always unsightly. To prevent this, have a cord long enough so that it may be hooked over the nail, and then twist the entire picture around. This will hold it in place with no danger of its slipping and becoming lopsided.

6 TEST QUESTIONS

THE Great Teacher painted a picture of the final Judgment. To the amazement of His hearers, He said *the test questions would be six:*

- Did you feed the hungry? Did you give drink to the thirsty?
- Did you welcome the stranger? Did you clothe the naked?
- Did you visit the sick? Did you help men in prison?

Had there been a seventh question, surely, it would have been —
 "Do you attend church regularly?" See the two faces . . .
 simple, but a great transaction is taking place. If you have been sick a week, or two, or three — then you understand. Living eyes are always hungry and to serve them is rich living. Why wait to give expensive wreaths and sprays until those eyes have closed in death? Attend church this week.

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

Text and Topic for Sunday Aug. 16: "The World's Fight Against Christianity." Text Acts 19:23-40.

Lest We Forget: "Christians are to be strong, but it must be in the Lord, and in the power of His might. We are to go forth armed, but not in armor framed by human skill. That would be as useless as Saul's armor was to David. There is a whole suit of armor provided for us by God; and in that we must be clothed; arrayed in that, especially taking with us the shield of faith, and the sword of the Spirit, we need not fear any foe."

Bel Air 4-Door Sedan with sleek Body by Fisher

smoothest ride!

One of the 7 big bests Chevrolet gives you over any other car in its field

Anyone who's ever taken a Chevy over a choppy country road can tell you how lightly Chevrolet's Full Coil suspension handles rough going—and coil springs never squeak, never need grease! Try this velvet way of going for yourself. Once you do, you'll find your own way of saying what MOTOR TREND magazine puts this way: "... the smoothest, most quiet, softest riding car in its price class." But the happiest part of it all is that this Full Coil ride is just one of seven big bests—all documented by published opinions of experts and on-the-record facts and figures.

BEST ROOM—Official dimensions reported to A.M.A.* show that Chevrolet sedans offer more front seat head room than all but one of the high-priced cars—more front seat hip room (by up to 5.9 inches) than the "other two" of

the leading low-priced three.

BEST ENGINE—Chevrolet engines have long won expert praise from virtually every automobile magazine, and, just recently, Chevrolet received the NASCAR† Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ECONOMY—A pair of Chevrolet sixes with Powerglide won their class in this year's Mobilgas Economy Run, topping every other full-sized car. And the winning mileage was a whopping 22.38 m.p.g.

BEST BRAKES—Chevy's bonded-lining brakes are the biggest in their field, built for up to 66% longer life. In a direct competition conducted by NASCAR, Chevy out-stopped both of the other leading

low-priced cars in a test of repeated stops from highway speeds.

BEST STYLE—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST TRADE-IN—A new N.A.D.A.‡ Guide Book can give you the figures on Chevy's extra value. You'll find that Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two." Your Chevrolet dealer will be happy to tell you about a whole host of other advantages besides these seven. Why not drop by his showroom?

people who are
at home with
quality...choose GAS
air conditioning!

Whether the day is blistering hot or cold and blustery, pass through a doorway that promises gracious living and you're likely to find an atmosphere made miraculously fresh and comfortable through the marvel of Arka-Servel GAS all-year air conditioning. Never before has there been an air conditioning system so technically simple, yet so compactly efficient. From the same space-saving unit, it heats and cools with a single fuel... a tiny Gas flame provides the energy for both winter heating and summer cooling. Because it operates on the absorption principle of refrigeration, there are no moving parts, your assurance of unrivaled quiet and years of trouble-free operation. And here's the Bonus Advantage of superior GAS air conditioning... operating costs are far below those of comparable units using other types of energy! All this with a five-year guarantee, too! Contact Pioneer Natural Gas Company tomorrow for all the facts on remarkable GAS air conditioning. It offers exciting proof that "where the finest is truly appreciated, Gas belongs!"

They Traded Comfort And Security For Hardship

By WATSON SIMS
KATMANDU, Nepal

The stout, motherly American woman replaced the bandage on the Tibetan patient's head and agreed that Katmandu is a long way from Wilmington, Del.

"It surprised some people when my husband and I offered to come to the mission hospital," says gray-haired Mrs. Elizabeth Miller.

Four years ago Edgar and Elizabeth Miller were comfortably established in the social and professional life of Wilmington. Both were doctors, and over 27 years of joint effort they had built up a large practice.

They had a modern, well equipped clinic, where the husband specialized in cardiology, the wife in internal medicine. They had raised two children to adulthood and marriage. They were in good health, things were going well, and they could look forward to a pleasant and comfortable old age.

Then with both in their middle fifties, they offered to sell their 16-room house, say goodbye to the children and grandchildren and become medical missionaries in one of the world's most primitive countries.

Had the Millers been running away from something? Were they fired by the zeal of a sudden "conversion" which might not last? Had they given too little thought to the handicaps of practicing medicine in Nepal?

"They were fair questions," says Mrs. Miller. "Don't think they weren't asked by the psychiatrists. But this was something we had thought of for years, and when the time came we made up our minds in two minutes."

The Millers are among the more unusual recruits to an equally unusual hospital.

Founded five years ago by Dr. Bethel Flemming, a college classmate of Mrs. Miller, the main building of the United Mission hospital is a rented palace on the outskirts of Katmandu. The building has marble floors, but its laboratories are of the improvised and even handmade variety.

The hospital is supported by 14 American Protestant denominations, yet is forbidden by law to try and convert its largely Hindu clientele. Hinduism is the state religion of Nepal, protected by the throne and the constitution.

Even political problems haunt the hospital staff, for the Russians have agreed to build a 50-bed hospital only a few miles away. A modern medical center with a highly trained Soviet staff could point up the deficiencies of an improvised hospital struggling to get by on church contributions. The Americans worry that this may bring a grim form of the cold war to Katmandu Valley.

The United Mission hospital nearly always has patients in each of its 65 beds and others on the floor. Last year it dealt with 3,899 patients, drawn from all over Nepal and many from across the mist shrouded border of Tibet.

Plastic surgery and other complicated operations must be performed by mission doctors on periodic visits from India, for none of the four doctors on the hospital staff are surgeons. Yet since leaving Wilmington, Mrs. Miller says, she and her husband have learned that in mission med-

THEIR PATIENTS—Drs. Elizabeth Miller and Edgar Miller, center, chat with Tibetan patients outside the United Mission hospital in Katmandu, Nepal, where the couple has been for four years.

ical work doctors must "do what they have to do."

An illustration was last year when the Millers visited an out-station clinic of the hospital, 60 miles and a six-day trek from Katmandu.

"Nurses from the clinic ran to meet us before we arrived," explains Mrs. Miller. "A man had accidentally shot away his hand and was bleeding to death."

The bullet had splintered the bone unevenly. It was essential that the bone be evened and bound off. But there were no surgical instruments to do the job. To make matters worse it was growing dark, and the only lights at the clinic were lanterns. Open flame is notoriously dangerous in the presence of either, which the patient would have to receive.

Still the operation could not wait, and Edgar Miller did what he had to do. From a carpenter, he borrowed and sterilized an ordinary saw. Then, by the flickering light of the lantern, sweating profusely and praying, Dr. Edgar Miller performed the first amputation of his career. The operation was successful and the patient survived.

"We've learned to do a lot of things we had never done before," says Mrs. Miller. "It has been a whole new school of medicine for us. Uptil we came to Nepal we had never seen a case of leprosy, smallpox, cholera, or many other diseases that we treat almost every day."

Between attending patients, struggling to master Nepali language and worrying that a medical form of the cold war may come to Katmandu Valley, Mrs. Miller finds much to occupy the few idle moments she might have been devoting to club and social life in Wilmington.

The United States maintains a large technical aid mission in Katmandu, with more than 40 American families living in the valley. There is no shortage of dinner invitations, which the Millers gratefully accept.

"We're delighted to have American friends and enjoy their company tremendously," says Mrs. Miller. "But I must admit that it's good to eat American food occasionally."

After four years of the struggle, loneliness and hardship that missionaries face, have the Millers found what they were seeking in Nepal?

"It hasn't always been easy," says Mrs. Miller. "An old woman misses her children and grandchildren. But you must re-

How Can I?

Q. How can I remove some white rings left on furniture tops by glasses or dishes?

A. Here's one often-effective cure: Sprinkle the stains with

salt, then rub gently with a cloth dipped into vegetable shortening. When the stain is removed, wash the surface immediately and re wax.

Q. How can I prevent the pictures on my walls from slipping to crooked positions?

A. When you are hanging pictures, hang them face to the wall. Then twist them around, making a cross in the wire.

Q. How can I stop the itching and smarting of insect bites?

A. Rub the affected parts with alcohol or a pinch of moistened baking soda.

Q. When laying an asphalt tile floor, how can I make the individual tile squares flatten out into place more easily?

A. Try ironing your new floor

with an iron set for medium heat. Not only does the heat soften the brittle asphalt tile and permit the pressing down of any curled edges, but it makes for a better adhesive bond underneath.

Have you read the classified?

VISITS PARENTS

Mr. and Mrs. J. E. Beyer Jr. and grandson Mike have returned to their home in Hutchinson, Kan., after a short stay here with his parents, Mr. and Mrs. J. E. Beyer Sr., and other relatives.

VISITORS HERE

Mrs. H. L. Earthman and her daughter, Mrs. Percy Ferguson and daughter, Miss Sylvia Ferguson, were in Hereford Saturday looking up old friends. Mrs. Earthman is the former Miss Lillie Mae Boone of Hereford.

member that this is something Edgar and I talked of doing when we were students at Dickinson College (Carlisle, Pa.). It took us a long time — some would say a life-time — to get around to it, but eventually we did what we always wanted to do. I'm sure that if the decision came up in the same way tomorrow we'd do it all over again."
