One-Day UF Drive Starts With \$25,000 Goal For Ten Agencies

Plane Crash Kills Four Returning From Wedding

A two-day search for a former Hereford couple and a Houston couple ended Tuesday afternoon when the wreckage of a single-engine plane was found northwest of Houston...

Found dead in the private plane crash were Kenneth Wheat, 25, and his wife, Clara Jean, 22, formerly of Hereford. The couple was enroute home from Hereford, where they attended the Saturday wedding of Mrs. Wheat's sister, Theresa Lesko, and Duane Albracht, who were honeymooning in New Mexico or Oklahoma.

JOHN C. WHITE, Texas Commissioner of Agriculture, left, talks about Deaf Smith County agriculture with Jack Renfro, center, and Virgil Dodson, both of Hereford, before he spoke at an open meeting of Hereford Optimist Club here Tuesday noon.

Faced with a larger budget, Deaf Smith County United Fund solicitors will seek to make the \$25,000 goal in one day. The volunteer workers will get an early start with a meeting at 7:30 a. m. Thursday, Nov. 5, in the Jim Hill Hotel ballroom.

The kick-off meeting will be one of two on Thursday, according to drive chairman George McLean. Results of the advance gifts drive headed by Neil Cooper and Mark Woodall, will be announced at the meetings.

Business area solicitation will be conducted all day Thursday with results turned into the campaign headquarters in the Community Room of the First National Bank.

At 6:30 p. m. Thursday, civic club members will report to the Hereford High School auditorium before starting an intensive evening campaign in residential areas.

Upon completion of their assigned areas, workers will report back to the auditorium. Coffee and doughnuts will be served at both meetings.

Ten agencies have been approved for United Fund allocations next year. All the participating groups are local in nature.

"All we ask is that each person give a fair share," McLean said. "Since all the agencies included in the United Fund operate locally, we feel they are justified in receiving your full support. Since these groups have given up individual fund-raising drives, we feel that they should be supported fully by the United Fund. We urge that you give to the United Fund, a single fund-raising effort, as you would support each organization individually."

Woody Wilson headed the first United Fund effort while Bill Decker was drive chairman for second. Last year's campaign was organized to complete all canvassing in a single, intensive day of work. This was successful and formed the pattern for the campaign this year.

Cooperating agencies in the 1959 United Fund are: Hereford Athletic Club, \$1,000; Salvation Army, \$2,000.

City Approves New Water, Sewer Line

Approval for installation of a water and sewer line east of the city, placement of a patrolman at a highway crossing for schoolchildren and purchase of an air compressor for street and waterline repairs highlighted the meeting of Hereford City Commission Monday night.

The commissioners gave the go-ahead for construction of 4,000 feet of water and sewer line between the area around Deaf Smith County Electric

Cooperative to Benefield's Corner along east Highway 90.

It was recommended that the eight or 10-inch line be installed before proposed widening of the highway begins. Furthermore, City Manager Dudley Bayne said, facilities of the lines will be needed in the immediate future.

No estimate of pipe cost was made at the meeting. Installation will be by Hereford city employees.

With the recent opening of Northwest Elementary School, Superintendent of Schools Fred Cunningham submitted a request that commissioners consider approving the placement of a city patrolman at a crossing on U. S. 385 for safety of schoolchildren.

Bayne estimated that 30 students of the school live east of the highway and recommended for the safety of the children that a patrolman be placed at the crossing, probably near the intersection of the highway with Moreman Ave.

The commission also approved the purchase of a used air compressor when one becomes available. Bayne explained that the city currently has access to a compressor but that it is not always available when needed and that rental is un-

The two couples arrived in Hereford Friday for the wedding, where Mrs. Wheat served as matron of honor of her sister. After leaving Hereford Sunday afternoon, the plane was last seen as it took off from Waco after refueling. The craft was expected at a private field in Houston Sunday night. Most of the downstate area was shrouded in fog and rain at the

Kitchens Best In Grid Contest

It was a squeaker, but Cuby Kitchens took first place money in the seventh weekly football contest, sponsored by the Hereford Brand.

Kitchens edged out seven other opponents with the closest score on the first tie-breaker. He had picked 16 winners to get into the circle on top grid guessers.

Also choosing 16 winners during last week's football fantasy were Marshall Wilson, David Miles, Jerry Murphy, Darrrell Dirks, L. J. Clark, Cliff Arnold and Betty Pickens. It was the largest group in the top spot so far this year.

Only three more weeks remain in the contest for weekly prizes and chances for Cotton Bowl Tickets.

Youngsters Trick-Treat To Set CROP Record

Collecting the largest total for a town this size in the United States last year, Hereford youngsters participating in the house-to-house Halloween night drive for donations to Christian Rural Overseas Program topped their previous record by \$78 when they collected \$1,332.68 for needy children overseas Saturday night.

About 125 Hereford High and Stanton Junior High school students met at the First Methodist Church at 7 p. m. Saturday night to launch the drive.

"Those youngsters really worked hard this year," said Virgil Dodson of Hereford, Tri-County CROP chairman, "although 75 fewer participated in the drive than last year, they succeeded in topping last year's mark."

A total of 200 youngsters participating in the campaign last year collected \$1,254 in a porchlight campaign, which was the largest total collected in any United States town of this size,

Heading the drive this year was Donnie Marcontell, general chairman; Jimmy Conkright, vice chairman; Margaret Boomer, secretary-treasurer; Twilla Springer, food chairman; Beth Lemons, map chairman; Linda Renfro, publicity chairman; and Jan Reece, material chairman. Helping in outlining the drive were high school and junior high faculties, the Rev. H. L. Thurston, pastor of the First Methodist Church of Hereford and a state director of CROP and the Rev. V. W. Marcontell, president of Hereford Ministerial Alliance.

Participants in the campaign were served refreshments in the dining hall of the First Methodist Church during the drive.

Dodson said that added to the collections of the youngsters there would be \$60 worth of wheat donated last summer by Dr. C. Q. Smith, W. B. Phillips and WAC Seed Inc. of Hereford.

AT OPTIMIST CLUB MEETING

John C. White Blasts Against Steel Strike

By DAN MUDD BRAND STAFF REPORTER

Taking a hard swing at the steel strike in the United States, Texas Agriculture Commissioner John White emphasized here Tuesday "it's about time we started speaking out for agriculture, the ultimate loser of the current struggle between labor and management."

The young commissioner spoke before more than 50 Deaf Smith County agricultural leaders and Optimist Club members Tuesday noon during an open meeting in the I. O. O. F. Hall in Hereford. His appearance here was one

of a series he plans to make in the state in the next several weeks.

"Being a minority group," White pointed out, "we who are engaged in agriculture must face the fact that a minority group does not exist long unless we take a leadership. I plan to start speaking out now, and I'm starting here in Hereford."

His speech here was first of a group of visits he initiated this week to Panhandle and West Texas towns and cities.

White explained that no matter which side is the ultimate winner in the current steel

strike there seems to be little doubt that the delays caused by the strike will be passed on to the consumer, and agriculture is the largest consumer of steel production.

"And if the steel companies win," he went on, "there is little doubt that the delays caused by the strike will be passed on to the consumer."

Baseball, Youth Jobs Help Many

(Editor's Note: This is the fifth, and last, in a series of articles outlining the activities of the ten agencies which are included in the 1960 United Fund budget in Deaf Smith County. Goal for the drive, which starts Thursday, Nov. 5, is \$25,000, all of which will go to local agencies.)

Two well-established youth groups and another which was started just last summer are included in this year's United Fund budget.

Little League, which also operates a Minor League and pee

wee baseball, has been allocated \$1,050, the same as last year.

A baseball program for older boys is incorporated in the Hereford Pony League. This

Suspended Term, 5 Years In Pen Follow Trials

A Danville, Ky., man charged with theft by bailee was found guilty by a 12-member jury Tuesday in 69th District Court and was sentenced to five years in the state penitentiary. A Hereford man who pleaded guilty to statutory rape before another jury Monday received a five-year suspended sentence. District Judge Harry Schultz of Dalhart presided over both trials.

Ray Weatherford, 52, of Danville, was found guilty of theft by bailee after a jury heard testimony in the case in an all-day session Tuesday.

Weatherford was accused of taking a 1952 model automobile from Hereford on or about July 11, 1953, and failing to return with the car.

Dr. Beene Heads Newly Organized Cancer Chapter

The Deaf Smith County chapter, Texas Division, American Cancer Society, was organized in a meeting Tuesday night in the Flame Room of Pioneer Natural Gas Building of Hereford.

Dr. Bruce Beene was elected chapter president, and he will be assisted by Wayne Stark as vice president, Mark Woodall, treasurer, and Mrs. Glen Nelson, secretary.

With an outside chance of at least tying for the District 1-AAA championship, the Dumas Demons this week were looking forward to the key tilt in Dumas Friday night with the Hereford Whitefaces.

Demon fans are still riding

high after the Demons successfully knocked off the Phillips Blackhawks last Saturday for the first time in 20 years. They edged the Hawks 24-22.

The decision eliminated Phillips from title hopes and zoom-

ed the Demons back into the league fight. But to remain in the picture, Dumas must take victories over the Hereford and Littlefield on consecutive weeks.

Dumas now stands with a fine 6-1-1 record, including one win and a loss in conference battles.

Coach Burl Bartlett brought his Demons through the first six games with five wins and a

Slate Talks On Right-Of-Way For U. S. 385

Deaf Smith County Commissioners will be in session all day Thursday, Nov. 5, to talk with persons who have not agreed to right-of-way purchases along U. S. Highway 385.

There are about 14 parcels which are needed by the county in order to have the needed right-of-way for expansion of the highway to four lanes from Hereford east to the Randall County line.

This will be the final time that land owners may discuss county appraisals with the commissioners Court. All parcels which are not settled after Thursday's meeting will be turned over to the Texas Highway Department for a final appraisal and eventually condemnation suits.

County Judge Homer Henslee also announced that the commission had ordered the purchase of a 1960 model Ford for the Sheriff's Department. Charles Seeds Motor Company was low bidder at \$1,402.80, including the trade-in allowance for a 1957 model car.

Osborn-Norwood bid \$1,775 exchange on a 1960 Chevrolet.

MRS. DUB MADDOX, 225 Ave. K., Chairman of the local "Poppy Drive," places a poster in a store window for all passers-by to see. The drive is directed toward support of the disabled and needy veterans of war. Poppies will be sold in downtown Hereford on Saturday. The annual Poppy Drive is sponsored by the local VFW Auxiliary.

 derstandably expensive.  
 He pointed out that purchase of the compressor would include purchase of an air hammer and other accessories. The unit, mainly, would be used for repair of water leaks underground.  
 Attending the meeting as a representative of Deaf Smith County Chamber of Commerce's Aviation Committee was Bill Decker of Hereford.  
 Decker and the commissioners discussed operation of Hereford Airport at length and Decker explained the committee felt that operation of the airport should remain under the management of Bob Hill, who commissioners agreed was fulfilling terms of his original contract with the City of Hereford.  
 During the meeting, the com-

missioners were presented a financial report of pledges and donations toward Hereford Community Center, which is currently under construction.  
 The amount paid to date, the report showed, totaled \$62,000 of the \$108,000 total bid for construction.

 group also has been budgeted for \$1,050, the same as 1959.  
 YES - Youth Employment Service - is a new agency, which began operating last summer. It was allocated \$314 by the United-Fund Budget and Admissions Committee.  
 About 200 boys, from 8 to 12 years of age, are included in Hereford's Little League baseball program.  
 There are 13 boys on each of the four major league teams, and 20 boys on each of the min-

or league teams. These boys play a regular round-robin series to determine the league winner. An All-Star team chosen from the Major League players represents Hereford in the district play-offs at the end of the season.  
 Last summer, Hereford's All-Stars advanced to the state play-offs before being eliminated.  
 In addition, all boys who are not chosen for major or minor league squads are organized into teams and play baseball in the pee-wee program.  
 Allocation of United Fund moneys is used to help replace uniforms, equipment, bats and balls for the entire baseball program. This money also is used to help defray costs of utilities and park maintenance. Only supplement to the United Fund allocation comes from the small amount of money made from the concession stand and from the annual Little League

candy sale.  
 Similar in operation is the pony league operation, which includes boys 13 and 14 years old. The Hereford Pony League encompasses four teams with 16 players each.  
 Allocations from United Fund are used by the Pony League for the same items as the Little League.  
 Youth Employment service started in Hereford last summer at the urging of both children and parents. A temporary office in the City Hall provided a clearing house for youngsters 12 to 18 who were seeking jobs and employers looking for summer or part-time help.  
 Two high school girls managed the office, taking applications and calls and maintaining files and follow-up reports.  
 Allocation from the United Fund will be used to pay salaries of the office help, telephone, printing and other minor expense.  
 Last summer, Youth Employment Service was financed by civic club and private donations.

 The chapter was organized as a group interested in educating the public to the disease and to help in research of the problem by collection of donations in this county annually.  
 Also elected were committee chairmen, including: Dr. A. T. Mims, professional education; Mrs. Ester Springer, service; and Howard Ritchie, public education.  
 Marlin Gilliland of Hereford was selected to head next

year's drive for funds.  
 Helping in organization of the chapter was Tom Williams of Amarillo, field representative for the Texas Division.  
 Williams said, "In order to protect Deaf Smith County citizens from the dangers of cancer, we need our citizens to

take an active interest in the program of the American Cancer Society to save lives from this vicious and silent killer disease."  
 The Sorbonne, famed college of the University of Paris, was founded in 1252.

 Wake Up And GIVE!

Police Chief Henry Aycock is looking for a man to serve as night radio dispatcher. Anyone interested in applying is asked to contact Chief Aycock during regular daylight business hours at the police station. Present dispatcher Ed Roberson is being promoted to patrolman, Aycock said, as soon as a replacement is found.

Wake Up And GIVE!  
 During his talk on first aid, and other subjects, at Rotary Club Monday, Chief Aycock was highly complimentary of the conduct of children on Halloween. He said there were no injuries, no serious property damage and no malicious pranks. A minor sanitation problem resulting from overturned garbage cans was about the only thing noticed, Aycock grinned.

Wake Up And GIVE!  
 This is the final reminder about the American Legion Auxiliary - sponsored dinner Friday, Nov. 6, from 11:30 a. m. until 1:30 p. m. The general public is invited to the meal, which will be served in the American Legion building. Proceeds from ticket sales will be given to the Community Center.

 Testimony presented in the case charged Weatherford with borrowing the car, which was listed for sale, to try it out and failing to return with it to make final transactions. The car was owned by Frank Lee, Bill and John Warren of Hereford.

Approximately nine months after the car was reported missing by the owners, the car was recovered near Mount Pleasant, Tex., prosecuting attorney Frank McKown said.

Weatherford was arrested May 19 this year by Deaf Smith County Deputy Sheriff Bill McCarver in Peoria, Ill. Andrew Glenn Mauldin, 21, of Hereford, pleaded guilty to charge of statutory rape in a District Court session here Monday and received a five-year suspended sentence.

The offense, involving a 13-year-old Hereford girl, was alleged to have occurred near Hereford on or about Sept. 17. McKown recommended to the jury that Mauldin receive a five-year suspended sentence. Defense attorney was Earnest Langley of Hereford.

Mauldin was arrested Sept. 23 at his home north of Hereford by Deputy Sheriff L. R. Cherryhomes.

Jurors in the Weatherford case included J. H. Fish, Mrs. William J. Howard, Mrs. Meredith Ireland, Mrs. Ben Childers, J. R. Johnson, Mrs. Ralph Sears, Steve Clements, A. L. Yeager, Mrs. Taft McGee, J. V. Perrin, L. L. LeGrand and Frank Cogdell.

Jurors in the Mauldin trial were J. H. Fish, Mrs. Howard V. Beasley, Neill Cooper, Mrs. William J. Howard, Paul Harvey, Mrs. Meredith Ireland, Mrs. Ben Childers, J. R. Johnson, Herbert Bellar, Mrs. Ralph Sears, Steve Clements and A. L. Yeager.

"The most efficient farming method methods in the world are found right here in Hereford," said John C. White, Texas Commissioner of Agriculture when he addressed members of the Optimist Club Tuesday.

This is pretty much what I have been saying all of the time -- and I am not even running for office. However, it sounds better coming from an outsider, although Mr. White did later drag the entire High Plains area into his statement. Remember, it was not the production of factories or assembly lines which astounded Mr. Khushchev on his visit to the United States. Instead, the only real envy he showed on the trip concerned American agricultural production. This achievement is something all Americans, including ourselves, take for granted -- and it is the one phase of modern living in which we excel most.

White, an apparently close friend of Jack Reutro, blithely side-stepped questions concerning his 1959 candidacy Tuesday. However, some political observers may consider his talk here as the opening wedge in the race for the office of governor. Future developments will, of course, depend to a large extent upon his acceptance from place to place.

Floyd Tucker visited his son in Austin recently and, among other things, looked over the big "mechanical brain" machine at the University. Floyd tried to explain the thing to me, but I am afraid I could not fully comprehend all of the finer points. It sounded a lot like one of those old-fashioned player pianos to me, but I am sure there must be a difference somewhere along the line.

I hear that Cliff Arnold is going into the lumber selling business in a week or so, having accepted a post in the Robert Thompson organization. Cliff has been selling men's clothes for so long, Main Street won't seem the same without him.

R. C. McGilvary and R. L. Ethridge were the two most "stuck up" men in Hereford Saturday night. They were operating a new-fangled cotton candy machine for the first time at the Lions wrestling -- and seemed to get just about as much of the fluffy stuff in their hair, on their glasses and faces as on those cardboard sticks. However, they made more than 250 sales in a crowd of 600 people, which is not bad at all.

Dr. Milton Adams is still talking about going fishing, which is just about as far as it will likely get. His first time out, Doc wants to snag a marlin or a sailfish, which is comparable to a boy who expects to bag an elephant on his first hunting trip. Anyway, if he ever does go, he will probably be disappointed.

All of my night owl friends keep telling me that the atmosphere is so near the dew point these nights that you have to turn on your windshield wipers if you are driving after 10 o'clock. Is this right? If so, it doesn't sound like West Texas.

Lots and lots of people are still talking about Charles Van Doren's confession and the rigged TV shows. I notice where he was cued by the university, and NBC as well. However, I keep wondering about the Tennessee preacher, Rev. Charles E. Jackson, who made such a spectacular climb, along with some service men and lawyers. The Rev. Jackson has also admitted to "rigged" answers; will he, too, be booted out? Are these reparations a result of the publicity, or of the crimes committed? Are our schools and networks more conscientious than our churches?

Hallowe'en window marking was at a minimum this year. The boys were too busy gathering "treats", or perhaps it was the cold weather. Anyway, it was a welcome change for those merchants who have a lot of glass in their store fronts. Like other things, Hallowe'en customs have changed with the times. If you don't believe it, just ask Scotty Buckner, Bill Kerr, George Stambaugh or some of the other old boys who spent their youth in this com-

munity 30 or 35 years back.

New Mexico is drawing a lot of quail hunters these days. J. P. Jones and Ross Latham came back with some wild stories early in the week and every one I see is planning on a trip to the Logan country. Even Hap Cavness was around checking up.

### Dumped...

(Continued from page 1) tie before dropping a cliff-hanger to Levelland, 30-22. The Demons whipped Enid, Okla., 20-0, then they tied 14-14 by Ector of Odessa. The Demons then cranked up for a 16-6 defeat over Canyon, took a 32-6 victory from Dalhart, dropped Perryton 3-0 and beat Southeast Oklahoma City, 32-8.

This was to have been a rebuilding year for the Demons, but Bartlett's sophomores and juniors have come through in remarkable fashion.

Three sophomores and a senior comprise the starting Demons backfield. Quinton Eppinette, 163-pound senior, calls the signals from the T formation. Eppinette is particularly dangerous since he played fullback last year.

Hard-running Charlie Dean is expected to be ready for action Friday after having been injured last week. The 145-pound sophomore carries the ball about half the time and has been averaging almost 100 yards per game. Almost as dangerous is left half Ray Casas, a 154-pound sophomore. Filling out the foursome is fullback Dale Vick, another sophomore, who weighs 155.

The Demons have more experience up front. Missing their mammoth tackles from last year, they are considerably smaller than the 1958 edition.

Probable starting line for Demons includes: John Simmons, center, senior, 168; Jimmy Wells, guard, senior, 170; Warren Smith, guard, senior, 155; David Baldwin, tackle, junior, 153; Bill Shaha, tackle, senior, 190; Charles Hodges, end, senior, 155; and Bill Smith, end, senior, 168.

### Plane...

(Continued from page 1) time of the flight.

Funeral services for the two couples will be held in Houston either Thursday or Friday.

Mrs. Wheat is the daughter of Mr. and Mrs. Matt Jesko of Hereford. She and Kenneth Wheat were married in Hereford Dec. 28, 1957, at St. Anthony's Catholic Church. The couple had been living in Genoa, Tex., since their marriage.

Surviving Mrs. Wheat, besides the parents, are a 10-month-old son, Gregory; six brothers, Paul, Rudy and Richard Jesko, all of Muleshoe; Herman Jesko of Hereford; Anthony Jesko of Clovis, N. M., and Bernie Jesko of Austin; and two sisters, Mrs. Joe Crachead of Amarillo and Mrs. Albracht.

The couple's son, Gregory, stayed with his father's parents in Houston while his parents made the flight to Hereford.

Wreckage of the four-place plane was found by Thomas Dwyer, 30, of Houston. The location of the wreckage climaxed an extensive two-day air and ground search by the Civil Air Patrol and the Department of Public Safety.

Investigating officers said the pilot may have been attempting to make a forced landing Sunday night when the plane crashed.

There was no fire in the wreckage. The exact cause of the crash had not been determined Wednesday.

Press reports said the plane cut a wide swath through the brown grass of the field and came to a stop about 400 yards behind a small vacant farmhouse just off Hempstead highway in Harris County.

The three occupants of the plane were, torn from their seats by the impact of the crash, but one of the men was still strapped to his seat and was sitting upright when the wreckage was found.

Both Wheat and Young were employees of the United States Gypsum Co. Wheat was a quality supervisor for the firm and Young was a project engineer.

Funeral arrangements were incomplete Wednesday.

White stated that today, food prices are cheaper than they have ever been in the history of the country in regard to manpower hours toward buying power. General misconceptions the American population has today, he said, include: (1) food prices are too high, (2) farmers receive large government hand-outs, (3) farmers are paid for unnecessary soil conservation practices and (4) farmers and agriculture are not important.

# Residents In Area Attend Annual Halloween Carnival

By MRS. T. L. COLLINS  
Walcott's annual Halloween Carnival, sponsored by the P.T.O., was attended by a big crowd on Friday night, Oct. 30. General chairman for this year's carnival was Mrs. Bob Wyly, who announced on Saturday that a profit of \$200.25 was made this time.

This amount was placed in the treasury of P.T.O. Mrs. Wyly wishes to thank all people of the community who helped with donations, time and spending. Also, thanks to visitors for their presence and patronage.

In spite of a blustery, cold, damp wind that night, and quite a bit of sickness among our residents, the carnival proved entertaining and fun to a good many folks, some of which came in typical Halloween costumes - especially the children - which added to the already decorated auditorium and classroom. Black and orange was color of decorations.

Mrs. S. N. Thweatt and Mrs. B. E. White greeted everyone at the doorway with a "Foot Entrance" fee of one penny per foot of height. Then a stamp was placed on each one to show he had entered "legally."

The kitchen odors attracted most people at once. Those attending were served hot dogs with chili, all kinds of home-made pie, coffee, and pops. Mrs. N. A. Brown was the kitchen boss for the first or "working shift" of the evening.

Helping her were Mrs. Ernest Brown, Mrs. Floyd Brown, Mrs. Obed Caraway, Mrs. Har-

old Bass, with Mrs. Joe Merrill as their cashier. The last and "clean-up" shift in the kitchen was headed by Mrs. Jack Weaver, with Mrs. G. V. Hall, and Mrs. George Jones to help her. Cashier was Mrs. Melvin Henderson. A table was provided at the front of the auditorium for customers this year.

The fishing pond was operated by Mrs. Buel Monroe and Mrs. Jim Monroe, with Mrs. Bob Wyly assisting later. This is always fun for the little ones.

Weight guessing was done by N. E. Tyler, an expert in the business. He had a good number of customers, many chuckles and some went away wearing funny little hats to prove he'd missed.

Grab Bag - the mystery of "what's in it?" - proved good business, which Mrs. Elton Wyly took care of.

Some preferred to visit and play dominoes part of the evening. Space was provided for their pleasure. Ernest Brown collected a small fee for this.

Later, just the losers paid. The Girls' 4-H Club had a fancy bed doll, for which they had busy selling "chances." Their sponsor, Mrs. Glenn Burrus, kept record of sales, which cleared close to \$25 this time. A drawing was made near the end of the evening, and winner was Mrs. Marie Cogdell of Hereford.

The "Batty Country Store" was run by Mrs. J. V. Perrin, Mrs. G. W. Downing and Mrs. T. L. Collins. They had nearly anything for sale, from greeting cards to pine cones, house plants to ladies' hats, games to jack-o-lanterns, canned goods, aprons, sweet potatoes, e.g.s., popcorn balls, fresh eggs, sweet cream, jelly, caramel apples, material, etc.

Progressing down the hallway, the Cake Walk was a "main attraction". As music played, all ages walked on numbers in a circle, hoping they'd stop on the right number called. Happy faces were seen as they were handed the prize of a homemade cake. Mr. and Mrs. Eldred Brown, Mr. and Mrs. Herschel Burrus and Joe Merrill were operators.

A full room of fun and excitement was to be found on down the hall. Doll Chuck - where balls were thrown a good distance to knock off stuffed weighted dolls - always proves a try at one's skill. G. W. Downing ran the stand with the help of Ronnie and David Buse and Sheldon White to reset the dolls that fell.

Darts thrown at various-colored blown-up balloons never fails to be fun for youngsters as they hear the "pops", which mean they've won a prize. Jack Weaver and Floyd Brown took charge of this booth.

"Keep Your Beans Dry", a new feature added this year, where one pitches beans in a pie tin floating in a tub of water, was operated by Mr. and Mrs. Waldron Melton and B. E. White.

Legg Toss is played by plastic rings being tossed over the legs of an upturned chair. Leland Burns took charge of that.

An auction was held at the conclusion of the evening to dispose of things left which did not sell from the Country Store and kitchen, including some canned goods, material, pies, onions, sandwiches, etc. N. E. Tyler was the auctioneer. He held out for higher bids. Merry Kay Pruitt was bookkeeper, who saw that all paid off (some \$36 worth).

Visitors attending the carnival from Hereford were Mrs. J. F. Messer, Sharon Kay, Jackie, Jimmy and Roy, Mrs. William M. Thompson and Johnny, Mr. and Mrs. Loy Gene Smith, Mr. and Mrs. Frank Cogdell and Chuck, Mr. and Mrs. John Douglas Pitman, Jaime, Kirk and Marsh, Roy Pruitt and Merry Kay. Those attending from Amarillo were Mrs. L. W. Meador and Gregory. New residents who came from Walcott for the

first time were Mr. and Mrs. Jim West, Sherrie, Bart and Carmen, and from this area, J. T. Guinn and Mr. and Mrs. Elmo Hall and Kerry.

Several Walcott men attended a Democratic Committee Meeting held in the Friendship Room of the First National Bank in Hereford Friday night. Attending were Glenn Burrus, J. V. Perrin and Elmo Hall.

High school students were

kept busy with nine-week tests this past week. Now, it's report card time.

Mrs. Minnie Miles of Pampa came Friday afternoon for week end visits in the homes of her daughters, Mr. and Mrs. Jack Weaver and family and Mr. and Mrs. Jim Stocks.

The area had a change in weather, a freeze, cold, damp days and a welcome .65 inch of rain fell Thursday and Friday.

Frank Bittle of Lamesa made a business visit to Walcott School Wednesday afternoon.

Mr. and Mrs. G. W. Downing were guests for dinner Sunday in the home of Mr. and Mrs. J. V. Perrin and boys.

Mr. and Mrs. Thomas L. Collins ate Sunday dinner with Mrs. J. F. Ward in Hereford Sunday. In the afternoon they

attended a class session held in the old sanctuary on "Methodist Education", taught by the Rev. Doyle Ragle of Canyon.

Sick folks made a long list: Sharon Tice was in Deaf Smith County Hospital from Sunday morning until Tuesday afternoon, when she suffered tonsillitis, throat trouble.

Mrs. Roy Pruitt (recently moved from here) has been in Deaf Smith County Hospital for nearly a week. She is somewhat improved.

Mrs. Jack Buse is home now recovering from recent surgery in Deaf Smith County Hospital.

Mrs. Bertram Jack went to Community Hospital in Friona Tuesday night where she stayed with Mr. and Mrs. E. M. Jack.

Mrs. C. F. Lockhart was admitted to the Community Hos-

pital in Friona Thursday morning.

Jerry Tyler is home with strep throat. He has had high temperature.

Mrs. G. W. Downing missed school on Wednesday because of the flu. Mrs. J. V. Perrin taught in her place.

Scott Norman Hall, son of Mr. and Mrs. Elmo Hall, has tonsillitis and abscessed ear for the second time recently. His parents took him to be checked by a doctor in Amarillo Friday.

Mrs. T. L. Collins has had several days siege of laryngitis again. Thomas Collins had the flu with high temperature on Sunday night.

Janell Weaver had infection in her body and has been ordered by the doctor to stay home from school. On Saturday she entered Community

Hospital in Friona due to a reaction of the medicine she had been taking.

Mr. and Mrs. Glenn Burrus and Elizabeth attended the formal initiation of Kathryn into F.H.A. at the Hereford High School auditorium on Thursday night.

Mr. and Mrs. Don Kirby, Diane and Larry were in Plainview last week to transact business and visit her mother, Mrs. Watkins. Diane stayed for a longer visit.

Mr. and Mrs. LeRoy Cupell and children went to Amarillo on Thursday evening. He attended the wrestling matches there that night.

Mr. and Mrs. George Jones and family and Loy Gene Smith drove to Brownfield Sunday to visit his sister, Mr. and Mrs. Henry Bates and children.

Mr. and Mrs. Al Myers had company this week end, on Saturday night. They were Mr. and Mrs. Chester Minyen, Gale Kay and Denny, James Moody, Mrs. Cliff Patton, Jay and Steve of Westway. On Sunday, her mother, Mrs. Bessie Peddicord, and Mr. and Mrs. W. L. Myers of Amarillo visited.

Mr. and Mrs. Buel Monroe, Kathy and Jimmy went to Clovis Saturday and visited Mr. and Mrs. Neely Monroe. Here, the children had fun "trick or treating."

Sunday dinner guests in the N. E. Tyler home were Mr. and Mrs. Tom Hall, Mr. and Mrs. Lewis Womble and Dusty of Amarillo, Mrs. Loy Reynolds of Canyon, Mr. and Mrs. Elmo Hall, Kerry and Scott, and Mr. and Mrs. G. V. Hall, John and Danny.

## Letter To The Editor

Hereford, Texas  
October 28, 1959

Dear Sir:  
We're certainly proud of the people in our community for showing the fine spirit of support and cooperation in connection with the recent Chili Supper held at Central School and the Open House at Northwest School. It seemed as if the whole town turned out. We served nearly a thousand people.

The Parent-Teacher organization is not fundamentally a fund-raising organization but, commemorating the 50th anniversary of P-TA in Texas and with our new Northwest School made a reality, we felt justified in helping to formulate libraries for both Central and Northwest Schools. Surely our children will benefit from this project.

After all expenses were paid, the profit was approximately \$350. The expenses were high but we tried to serve good food and hope that everyone enjoyed the supper.

Personally, we have never witnessed such perfect cooperation in any project in P-TA in Hereford. Central and Northwest Schools are grateful to all who helped in any way to make this project a success.

(The letter went on to express thanks and appreciation to all of the firms and individuals who contributed or aided in the Chili Supper and Open House.)  
Sincerely,  
Name Withheld by request

**CARD OF THANKS**  
We wish to express our appreciation to the many friends and neighbors for their expression of sympathy during the death of our loved one.

# Collection Of Taxes Shows General Business Slump

By **TEX EASLEY**  
 Washington, (AP) - Federal tax collections in Texas during the year ending June 30 amounted to \$2,682,478,000 (B), which was about 14 1/2 million less than in the preceding year.  
 The drop, the Internal Revenue Service said, paralleled that for the nation as a whole, and reflected the general business slump which occurred in 1957-58. Total collections for the U. S. in fiscal 1959 was \$79,797,973,000 (B), which IRS said was a drop of 180 millions from the previous year.  
 Actually, while Texas corporations were paying in less money in fiscal 1959, individuals were contributing slightly more.  
 Corporate profit taxes from the state amounted to 545 mil-

lion dollars, 80 million under fiscal 1958. Individual income taxes paid in during fiscal 1959, excluding those which had been withheld from paychecks, amounted to 687 million dollars; in like 1958 the amount was 657 million. Individual income taxes withheld, along with withholdings for old age and disability insurance, amounted to \$1,090,000,000 for the preceding 12 months.  
 Capitol Hill's weekly newspaper "Roll Call" tells how the office of House Republican Leader Charles Halleck of Indiana came to the rescue of Speaker Sam Rayburn (D-Tex) when the Texan had to get some shoes polished in a hurry.  
 A pair of new shoes that Rayburn had bought for an embassy reception were deli-

vered shortly before he left for the affair. But the shoes had white stitching on the soles - not appropriate for such a formal affair.  
 "The office (Rayburn's) went into a dither," said Roll Call. "No polish was on hand. One secretary tried to dye the seams with cola. It didn't work. Instant coffee was applied, and a mixture of hot tea. Still the white string wouldn't fade, and the hour of the reception was near."  
 "As a last resort, a staff member called on the next-door neighbor, pleaded for help. A can of shoe polish was turned over by the neighbor. Minority Leader Charles Halleck, a bipartisan gesture which enabled Mr. Sam to attend his reception in sartorial splendor." Alaskan congressman R a l p h

Rivers (D) tells the story of a Texan who sent an eight pound cucumber to the editor of an Alaskan newspaper with a note that it was a Texas gherkin (a small size pickle). The editor responded a few days later, sending the Texan a 40-pound Alaskan cabbage (The Alaskan gave that estimate) along with a note "that the Texas might like to see an Alaskan Brussels sprout."

## How Can I?

By **Anne Ashley**

Q. How can I easily and effectively "patch" some bare spots on my lawn?  
 A. One good way is to form a mixture of one part grass seed to four parts of peat moss, and fill in your bare spots with this. The peat moss holds moisture, which is necessary to the germination of the seed. Also the dark color of the peat moss will warn people not to step on your freshly seeded areas.

Q. How can I stiffen organdy curtains?  
 A. Mix up a tub of very thin starch water, and let the curtains soak in this for quite a while. Then hang up and iron when they are dry.

Q. How can I prevent black spots from appearing on boiled potatoes?  
 A. Add a teaspoonful of vinegar to the water while the potatoes are boiling.

Q. How can I retard the rusting of the bottom of a step-on garbage pail?  
 A. Line the bottom of the pail with a paper picnic plate. This will absorb any leakage from the bag of garbage and is easily replaced when necessary.

Q. What can I do when a dress pattern becomes so wrinkled that it is difficult to work with?  
 A. Place the pattern under some wax paper and iron over the wax paper. This stiffens the paper of the pattern, and smooths out the wrinkles as well.

Q. How can I quickly and easily silence some squeaking floorboards?  
 A. Often effective for this is some graphite dust, sifted between the guilty boards. This dust is available at hardware stores in tubes.

Q. How can I help eradicate the blackheads from my skin?  
 A. Take a tablespoon of oatmeal and one of cornmeal, and mix this with some soap and water. Rub this over the blackhead-infested area of your skin, and scrub with a complexion brush.

Q. How can I pull out the stuck drawer in a chest or bureau when one of the knobs has come off and disappeared?  
 A. Try using the rubber suction cup of a plumber's force pump against the drawer. It should give you the needed pull to open the drawer.

Q. How can I make a neat and easy job of watering my house plants?  
 A. Just by setting one or more ice cubes in each planter. Placed on top of the soil, the cubes will water the plants as the ice melts.

Q. Is there something I can do to help preserve some important documents against the ravages of time?  
 A. You can try giving them a once-over with a gutta-percha solution, obtainable at most drugstores.

# Road To Writing Fame Rough

By **W. G. ROGERS**  
 NEW YORK, (AP) - Advice to a prize-winning story-writer from his practical wife:  
 "Don't forget that at least one writer who didn't amount to much won this before."  
 "Don't let this go to your head, the whole business is aimed at man's vanity."  
 "Don't forget that you didn't win for your best writing, for that is still to come."  
 That was Bernard Malamud's answer when I told him that I supposed his wife, who stayed home in Corvallis, Ore., to mind the two children, was pretty tickled about his winning the National Book Awards honor for the "most distinguished" fiction of 1958.  
 "Yes, with qualifications, she was," said Malamud, a Brooklyn-born novelist and short-story writer whose "The Magic Barrel" picked up for him \$1,000 and the coveted NBA scroll as the culmination of a long series of honors.  
 Runner-up for the NBA fiction award last year with the novel, "The Assistant," Partisan Review fellowship; Rosenthal award of the National Institute of Arts and Letters; Jewish Book Council award; Rockefeller Grant; and most remunerative of all, one of the first 11 Ford Foundation grants to creative writers, which supports him for two years of writing.  
 Slight, short, bespectacled, with few gestures, a matter-of-fact speaker, a man with a clearly thought out purpose and direction, Malamud is unusual in a couple of respects:  
 As far as I can remember, he's the only author ever to re-

fuse to pose for news and TV cameras holding up conspicuously a copy of his own book - too corny, he decided.  
 And he's probably the only one for all his common-sense attitude about money, who had to have his NBA check presented twice: He forgot it on the podium at the NBA party and mistress of ceremonies Virginia Peterson had to retrieve it and give it privately a second time.  
 Born in 1914, Malamud began to write about 1922. When I prodded him into digging far back to find out the origin of his creative urge, he remembered:  
 "It was in the third grade. I made up a story about Roger Williams, about a bear encountering him; and a girl, too. I came to class early one morning with it. The teacher was there alone and took it over by the window, read it, and said: 'It's very nice.'"  
 He went on: "I had the kind of childhood that has disappeared from New York. I enjoyed a lot of freedom. My father was a grocer (that grocery store and its environment have been invaluable as background or setting for some Malamud fiction.) My parents didn't worry about my running into gangs of boys armed with knives. I'd be gone all day. I was independent. I might sneak under the turnstile of the El and go to Coney Island and enjoy the rides there. If I got lost, a policeman would start me homeward."  
 But his future began to assume a distinct shape in Erasmus Hall high school in Brooklyn, and from the first he aspired to write for the *Erasmian*,

Bernard Malamud

a monthly and later a quarterly. He recalled:  
 "Dorothy Kilgallen, the writer, journalist and TV star, was the editor and turned down my first story. She said 'It's too morbid for the *Erasmian*.' So I tried stories with some comic aspect, in particular dialect pieces about a farmer named Josh visiting the city."  
 There seems to have been creative urge in the air at Erasmus. Micky Spillane was an Erasmus boy, and the school gave the theater both Clara Bow and Jane Cowell.

An essay, "Life from Behind a Counter," won Malamud the school's Richard Young medal, and was reprinted in *Scholastic Magazine*. From then on the author said, "I was very desirous of writing."  
 He entered the College of the City of New York. He thought he might be a lawyer, but enrolled in English and studied mainly to teach; that was depression and he must earn money soon. Two teachers helped especially: Earle Fenton Palmer, for encouraging him and Theodore Goodman for restraining a tendency to fake or over-write.

After this it was a case of finding time. He did odd jobs, worked with the Census Bureau in Washington and sold short pieces to the *Washington Post*, and at last got a night-school teaching appointment at his old Erasmus Hall High and for 10 years taught at night and wrote by day. His first success was a short-story sale in 1943-44.  
 In the Oregon State College job which he is leaving for an exclusive writing career, he was assistant professor and taught composition, creative writing and literature.

Chief Justice Earl Warren of the United States Supreme Court has a salary of \$35,000 a year.

# Dr. Hope Owen To Speak At Services

By MRS. OWEN ANDREWS  
Dr. Hope Owen, president of Wayland College, will be guest speaker at the Frio Baptist Church next Sunday. A noon meal will be held after the services, with everyone bringing basket lunches. Paper plates, coffee and silver will be supplied by the ladies of the church.

Mr. and Mrs. T. L. Sparkman Jr. visited Sunday with her sister, Mrs. W. I. Johnson, and their daughter, Mr. and Mrs. Luther Griffin. They also visited with Mrs. G. W. Sparkman and Grville, all of Amarillo.

The Rev. and Mrs. B. H. Baldwin visited a friend, the Rev. Marion Baker, pastor of the Temple Baptist Church at Burk Burnett, at the home of the Rev. Baker's brother, Elmer Baker, Wednesday night.

Mrs. B. H. Baldwin visited her sister, Viola Keene, at Levelland Thursday through Saturday. An aunt, Mrs. Hilda Vernon of Ontario, Calif., was visiting in the Keene home.

A dinner at the G. W. Parker home Sunday honored the birthdays of Mrs. Parker and Olin Parris. Attending were Mr. and Mrs. David Yandell, Mr. and Mrs. Johnny Robinson, Mr. and Mrs. D. C. Miller and Olin Parris and Walker.

Sunday dinner guests in the home of the Henry Dobbs were Mr. and Mrs. Clark Dobbs and children, Tommy Sparkman and Lynn Cox. Afternoon visitors were Mr. and Mrs. D. F. Gosner of Melrose.

Two Halloween parties were held over the last week end. Friday night, the Intermediate and Juniors were entertained by their teachers, Mrs. Weldon Stephan and Mrs. Barton room of the Frio Baptist Church. Those attending were Jana Cole, Kent Glenn, Kerry Struce, Ramona Hall, Norman Dean Harder, J. D. Harder, Carol Robbins, Dar-

lene Sparkman, Vicki Axe, Nancy Axe and Eilana Vinson. Mrs. T. L. Sparkman Jr., Mrs. Earnest Harder, Weldon Stephan and Rhonda and Jill Stephan were also present.

Mr. and Mrs. D. C. Miller were host and hostesses to a Halloween party at the community building Saturday evening. Mrs. Miller and Mrs. Weldon Stephan sponsored the group. Candy, apples, and coffee were served to those present.

Attending were Mr. and Mrs. Earnest Harder and family, Mr. and Mrs. T. L. Sparkman Jr. and family, Mr. and Mrs. James Dobbs, Mr. and Mrs. Clark Andrews and sons, Mr. and Mrs. Olin Parris, Mr. and Mrs. Frank Robbins and children, Floyd Cole, Jana and Bill, Mr. and Mrs. Herb Schmidt and sons, Mr. and Mrs. Weldon Stephan, Jill and Rhonda, and Alma Andrews.

Among those attending the Pancake Supper at Shifley School recently were Mr. and Mrs. D. C. Miller, Mr. and Mrs. Weldon Stephan, Mr. and Mrs. Walter Hodges, Mr. and Mrs. Olin Parris.

W. H. Andrews went to Mexico Tuesday morning to accompany his sister, Mrs. Allie Burrus, his brother, W. F. Andrews, and Mrs. W. F. Andrews to attend funeral services for their brother-in-law, Wiley Littrell, who died in an Orange Hospital Monday night.

Relatives from the Frio community are W. H. Andrews and J. E. Andrews, both brothers-in-law. The Littrells visited with relatives in the community three weeks ago. They were residents of the Frio community from 1942 to 1950.

Visiting Mr. and Mrs. E. B. Berryman Saturday night were Mr. and Mrs. France Holly and James of Wellington, Mrs. Holly is Mr. Berry-

man's sister. The Hollys also visited another brother, Sam Berryman and family, of Dimmitt.

Mr. and Mrs. Clark Andrews and children visited Mr. and Mrs. Jim Gwyn at the home of Gwyn's parents, the Lovelless, at Adrian on Sunday afternoon.

Mr. and Mrs. E. B. Berryman visited their daughter and family, Mr. and Mrs. Wallace White in Amarillo Sunday.

### ATTEND FUNERAL

Relatives attending the funeral for J. L. McFarling were Mr. and Mrs. Leonard Bamwell and family from Houston, Mrs. Lee Mullin, Yakima, Wash., Capt. and Mrs. J. L. McFarling from Roswell, N. M., Mr. and Mrs. W. E. McFarling, Bowie, Mr. and Mrs. Curtis McFarling, Dallas, Mr. and Mrs. E. W. McFarling and daughter, Lubbock, Mr. and Mrs. D. K. Hall and family, Panhandle, Mrs. Jerry Boston, Pampa, Mrs. Paul Johnson from Bryant, Mr. and Mrs. W. A. Fronberger, Fort Sumner, N. M., Mr. and Mrs. Ben Andis, Mr. and Mrs. Ralph Andis and son, all of Amarillo, and Mr. and Mrs. Guy Andis from Pampa.

### ATTENDS MEETING

Mrs. Betty Rice has returned from a recent business and pleasure trip to Colorado. She attended a meeting of the Sagwache Smelter Company at Sagwache as a delegate from the stockholders from this area then visited with a son, William Rice and family in Gunnison. Before returning she also visited in the home of the Ralan Evans in Mopac, Colo. The Evans are former Hereford residents.

### COFFEE CUE

Coffee for the bunch: Do they all like cream in their java? Then you'll need a half-pint of cream for eight cups of coffee.

## Beauty At Home

Q. Please tell me what I can do about a flabby throatline.

A. First of all, cultivate good posture, with shoulders back and chin up, whether walking, standing, working, or just sitting. To strengthen those throat muscles, try this: Stand erect, hands at sides, and inhale slowly, counting 1-2-3-4, while you slowly tilt back your head, stretching throat as much as possible until the back of your head touches your upper shoulders. Then exhale slowly to same count, as you raise your head and bring back to an erect position. Repeat this at least five to ten times daily.

Q. Just what is the way of determining one's correct shade of face powder?

A. It should match your skin tone, or be the slightest shade darker. Lighter powder is permissible only under artificial lighting in the evening.

Q. What can I add to my bath water to promote greater body skin beauty?

A. Add a pound of epsom salts to your hot water bath. This is a fine skin tonic!

Q. I have a very round "moon" face. How should I rouge to help counteract this?

A. Blend your rouge high on the cheeks, close to your nose, close under the eyes. Fade it out at the edge of the cheeks, and this will keep the color highlights in the center of your face, and will thus impart an illusion of thinness to your features.

Q. How is a corsage properly worn?

A. Wherever you like -- on the shoulder, at the waist, in the hair, pinned to your purse. You may wear it with the heads of the flowers pointed up (the usual way) or pointed down. For darning, your right shoulder is best, since the flowers aren't so apt to be crushed against your partner.

Q. Do you recommend mineral oil for removing old make-up from the skin?

A. Although some women like this, mineral oil can be somewhat heavy for certain kinds of skin, especially thin, dry ones. Baby oil works out very nicely for this purpose.

## A Guide to the Point of Sale

Our local stores are the display rooms and warehouses for the world's finest products. Efficient banking, insurance, real estate and other business services are also available to the people in our community. The readers of this newspaper find our advertising columns a dependable guide to the point of sale—a useful source for up-to-date news and information about these goods and services.

In order that advertising expenditures may be made with us on the basis of known values, as required for any sound business investment, this newspaper is a member of the Audit Bureau of Circulations.

Every advertiser should know about A.B.C. The Bureau is a cooperative, non-profit association of 3,450 publishers, advertisers and advertising agencies. Working together, these buyers and sellers of advertising establish standards

for paid circulation, rules and methods for auditing and reporting the circulations of newspapers and periodicals.

At regular intervals one of the Bureau's large staff of experienced circulation auditors visits us to make a thorough audit of our circulation records. The FACTS established by his audit are published by the Bureau in A.B.C. reports which are available to you, our advertisers. These reports tell you how much circulation we have, where it goes, how it is sold and other FACTS essential to the profitable use of newspaper advertising. Ask us for a copy of our A.B.C. report.

# Teachers' Pay Hike Hot Topic

By VERN SANFORD  
AUSTIN — Should all Texas public school teachers receive a raise, or should higher pay be a reward for being a better teacher?

This is one of the questions being debated as teachers flood Gov. Price Daniel's office with letters asking for a special session of the Legislature next year to hike their salaries.

Other points of controversy: (1) How would you decide which are "better" teachers? (2) How do teachers' salaries compare with those of other college graduates? Texas State Teachers Association is asking for a \$405 per year boost in the present \$3,204 minimum annual salary. R. W. Byram, State Board of Education member, has suggested giving teachers examinations to determine which should receive raises on the basis of merit. A bachelor's degree, Byram noted, is not a mark of "exceptional learning" in these days.

Choice, in Byram's view, is either better pay for the more competent teachers or a uniform scale pegged at a lower level.

Byram declared that teachers' salaries in the larger Texas cities which pay more than the statewide minimum already compare well with those of other professions. He said a beginning teacher in Houston gets \$444 a month, while a new geologist or petroleum engineer may start from \$375 to \$425 with the necessity of living "where the job is."

A University of Texas job placement official challenged Byram's figures. Joe L. Bruns contended the Houston school pay is tops, not typical, for the state and reminded that teacher pay is for only nine months

a year. On a 12-months basis, said Bruns, most Texas teachers average \$267 a month. He said UT's engineering graduates last year started at an average of \$490 per month.

In Austin, he said, the average starting teacher has about \$220 a month take-home pay — not enough "to lure an able young man — particularly a married man."

Lt. Gov. Ben Ramsey has passed out between sessions study jobs to 29 of the Sen-

ate's 31 members. Key posts went to members who have made up the Senate's conservative leadership for a decade or more. Omitted from committees were Sens. Henry B. Gonzalez of San Antonio and Andy Rogers of Childress, both regarded as liberals.

Named by Ramsey to the panels which will do advance research affecting 1961 legislation are:

LEGISLATIVE BUDGET BOARD: Sens. William S. Fly of Victoria, Wardlow Lane of

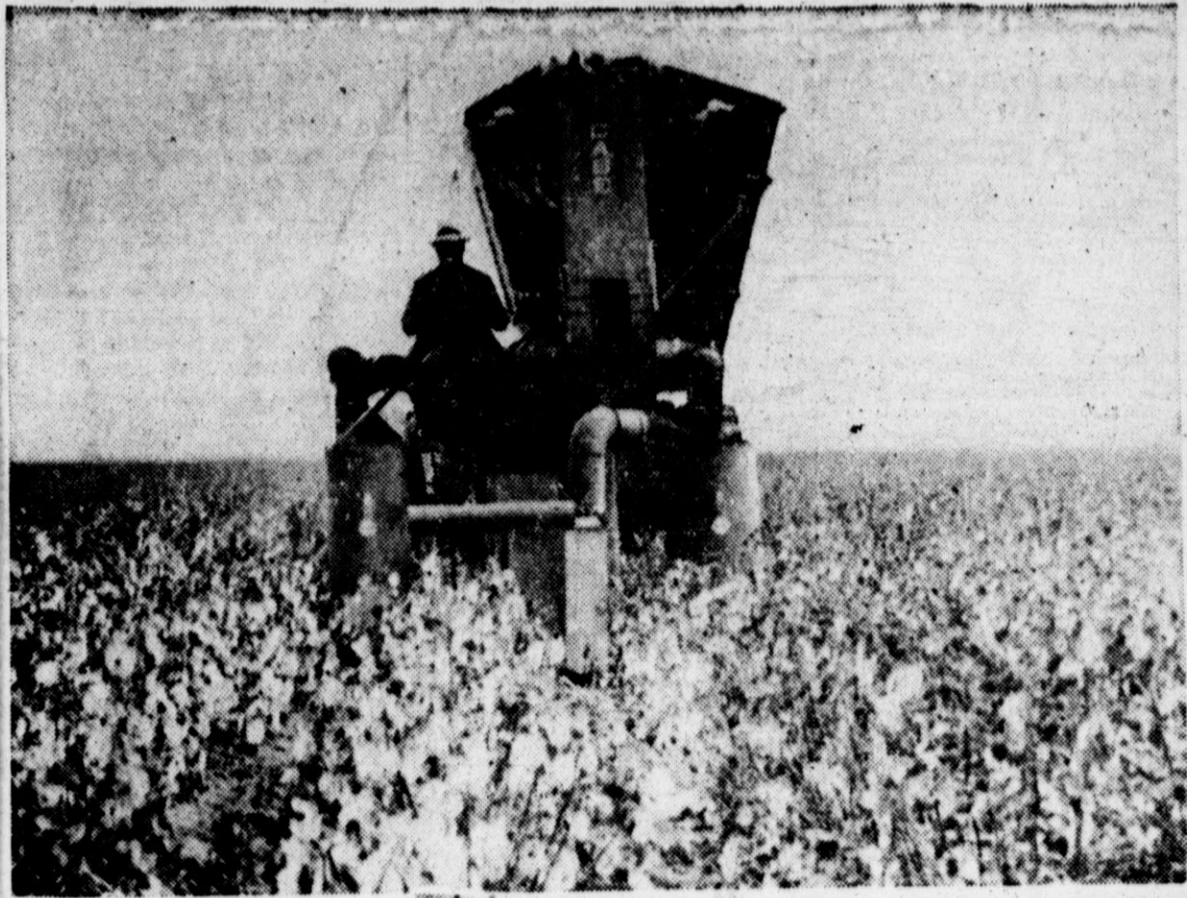

Center, Crawford C. Martin of Hillsboro and Dorsey B. Harde-man of San Angelo.

TEXAS LEGISLATIVE COUNCIL: Sens. George Moffett of Chillicothe, Preston Smith of Lubbock, Nevelle Colson of Navasota, Bruce Reagan of Corpus Christi and Abraham Kazen of Laredo.

COMMISSION TO STUDY STATE AND LOCAL TAX POLICY: Sens. Fly, George Parkhouse of Dallas and Jimmy Phillips of Angleton. However, Phillips has announced his resignation from the Senate, effective Nov. 2. He will join the legal department of Dow Chemical Company in Freeport.

COMMITTEE TO STUDY COST OF GOVERNMENT: Sens. Floyd Bradshaw of Weatherford, David Ratliff of Stamford, Ray Roberts of McKinney, Louis Crump of San Saba and Culp Krueger of El Campo.

ONE MAN picks a lot of cotton when he uses a machine. Porter Wiley of Tucumcari, N. M., last week was using his machine on cotton grown by Curtis Traweek southeast of Hereford. The wet-spindle machine picks about one bale per hour, stripping one row at a time. Traweek says the machine enables him to harvest with far less time and labor, while growing a long-staple variety. At right, Wiley cleans the spindles, while the top picture shows the machine in operation.

## REP. WALTER ROGERS WRITES:

# The Tripod's Extended Leg

To the people of the 18th District:

Most of us have observed a surveyor at work along the streets and roads of communities and rural areas. Many of us have also noted a movie-cameraman at work. Both of these professions often employ a device called a tripod upon which rests the instrument to be used.

In order for the surveyor and the cameraman to accurately draw their sights, it is necessary that the tripod be adjusted so that the instrument presents

a level and steady view. If one of the legs of the tripod is too short or too long, the surveyor gets an inaccurate sight and the cameraman a distorted picture.

This is the same principle upon which our Federal Government functions, and it is the embodiment of principles incorporated in our Constitution by its framers. When on branch of our tripartite system — either the executive, legislative or judicial — either falls short or extends itself, an inaccurate or distorted situation exists and an imbalance of constitutional powers occurs.

Many believe that recent decisions handed down by the Supreme Court — the Judicial branch of our government — indicate an extension of the powers granted to body constitutionally. The analogy is that one leg of the tripod is extended. Certainly, many of these recent decisions of the Court have produced an inaccurate or distorted sight or view of the system of checks and balances which we enjoy as our governmental heritage.

The imbalance results from present vestment of the Supreme Court with powers based upon precedent which tend to constitute it a dictatorial tribunal from which there is no appeal. Some of these powers have been exercised recently, and it is this exercise of power which is causing great alarm.

Many suggestions and remedies as to how to deal with this situation have been offered. They range from "complete abolishment of the Court" to "complete acknowledgment of this judicial power and the underwriting of it by statute."

Certainly, neither of these two extremes would serve the

best interests of our country, and the true answer rests in spelling out the original intent of the framers of our Constitution so the judiciary shall not have the right or power to override the intent of the Congress. The Supreme Court has the power and the exercise of power to determine whether law passed by the Congress and signed by the President violates our Constitution.

It would seem to me, therefore, the key to the problem lies in the limitation of that power. This being the present (Continued on page 2)

## GOP Chairman Slates Speech

Republicans will gather in Amarillo at the Herring Hotel at noon Tuesday, Nov. 10, to hear a message from the Chairman of the Republican National Committee, Senator Thurston B. Morton.

Reservations for the noon luncheon are being received here by County Chairman Kenneth Rudd of Hereford.

All interested persons are urged to be present, according to an announcement made by GOP District Committeeman, G. Glynn Morris and GOP District Committeewoman, Mrs. G. N. McDaniel.

Senator Morton, a veteran Congressman, will make Amarillo one of his six stops in Texas on a thirty-thousand mile junket of the nation.

## ALT Schedules Romantic Play

The Broadway comedy, hit, called "The Time of the Cuckoo", that tells of the rueful romantic interlude of an American business - girl during a European vacation, is being presented by the Amarillo Little Theatre, Nov. 11 through 14.

Phyllis O'Keefe will be seen in the role of the ingratiating super-secretary whose loneliness becomes so acute when she finds she must ride alone in gondolas when she comes to Venice, that she is ready to encourage the attentions of a somewhat seedy, middle-aged shopkeeper.

The action of the play takes place in the garden of a pension (or tourists' boarding-house) on the edge of a Venetian canal, and the other characters include an American painter and his wife, a commonplace pair of elderly tourists pathetically pretending to enjoy their rigid schedule of sightseeing, a cynical landlady of no morality whatever, and an Italian street-urchin with a shrewd gift for "taking" the tourists.

In this background the author, Arthur Laurents (who wrote "Home of the Brave") records the poverty, opportunism, world-weariness, duplicity and stealthy dishonesty of post-war Europeans who are dependent on American tourists for their livelihood.

His main story, however, is concerned with the disillusion (Continued on page 2)

## WAYLAND COLLEGE PRESIDENT

# Dr. Owen Slates Address At Frio

Dr. A. Hope Owen, president of Wayland Baptist College, Plainview, will be guest speaker at Frio Baptist Church at 11 a. m. Nov. 8.

Frio church ladies will serve lunch and guests will be welcomed. Sunday School begins at 10 a. m. and morning worship at 11 a. m. Also scheduled is special music from Wayland College student body.

Since becoming president of Wayland in 1953, Dr. Owen has seen a "Five Year Program of Progress" completed with many goals being exceeded and has projected "Bold Venture: Design for a Decade", which calls for increased enrollment, increased salaries for teachers, a building program of more than \$3 million, and an increase in capital endowment.

During the past summer, Dr. Owen was one of 16 college presidents invited to take part in an Intellectual Life Conference in Miami, Fla., sponsored by the American Association of Colleges of which Wayland was made a member in 1957. Since Dr. Owen became president, Wayland has also been fully accredited as a four year liberal arts college by the Southern Association of Colleges and the Association of Texas Colleges.

In addition, Wayland is a approved by the Texas Education Agency for teacher certification with more than half of the class of 1959 qualifying for teaching certificates. Wayland is also

approved by Veterans Administration.

Under Dr. Owen's leadership Wayland faculty salaries have almost been doubled and the number of faculty has increased 25 per cent to care for the increased enrollment for the past three years. More emphasis is constantly being placed on academic standards and an increasing number of scholarships based on high scholastic records are being awarded.

Wayland's loan funds have been increased considerably since Dr. Owen came to the presidency so that worthy students may be aided.

In the building program for the second half century Wayland has during the 1959 remodeling of historic Administration Building for greater classroom and office efficiency. This work will be continued through 1960. Ground will be broken in 1959-60 for a series of married student apartments. Two 8-unit apartments are expected to be ready for occupancy before the close of the session and others underway.

Dr. Owen, a West Texan by background and experience, set as a goal for Wayland Baptist College "a liberal arts college second to none" in the Great Plains Area. In 1958-59 Wayland drew student from 12 foreign countries, and 25 states but the majority came from a 150 mile radius of Wayland campus.

# Buddy Poppy Day Proclaimed Here

WHEREAS, the annual sale of Buddy Poppies by the Veterans of Foreign Wars of the United States, has been officially recognized and endorsed by the President of the United States and Veterans Administration; and

WHEREAS, V. F. W. Buddy Poppies are assembled by disabled veterans, and the proceeds of this worthy fundraising campaign are used exclusively for the benefit of disabled and needy veterans, and the widows and orphans of deceased veterans; and

WHEREAS, the basic purpose of the annual sale of Buddy Poppies by the Veterans of Foreign Wars is eloquently reflected in the desire to "Honor the Dead by Helping the Living"; therefore,

I, WOODROW B. WILSON, Mayor of the City of Hereford, do hereby urge the citizens of this community to recognize the merits of this cause by contributing generously to its support through the purchase of Buddy Poppies, on the day set aside for the distribution of these symbols of loyalty, and I do hereby declare Saturday, November 7, 1959, as Buddy Poppy Day in Hereford, Texas, and urge all patriotic citizens to wear a Buddy Poppy as mute evidence of our gratitude to the men of this country who have risked their lives in defense of the freedoms which we continue to enjoy as American citizens.

## P-TA Unit Has Meeting Oct. 27

The Hereford High School Parent - Teachers Association met Tuesday, Oct. 27, in the auditorium at the high school.

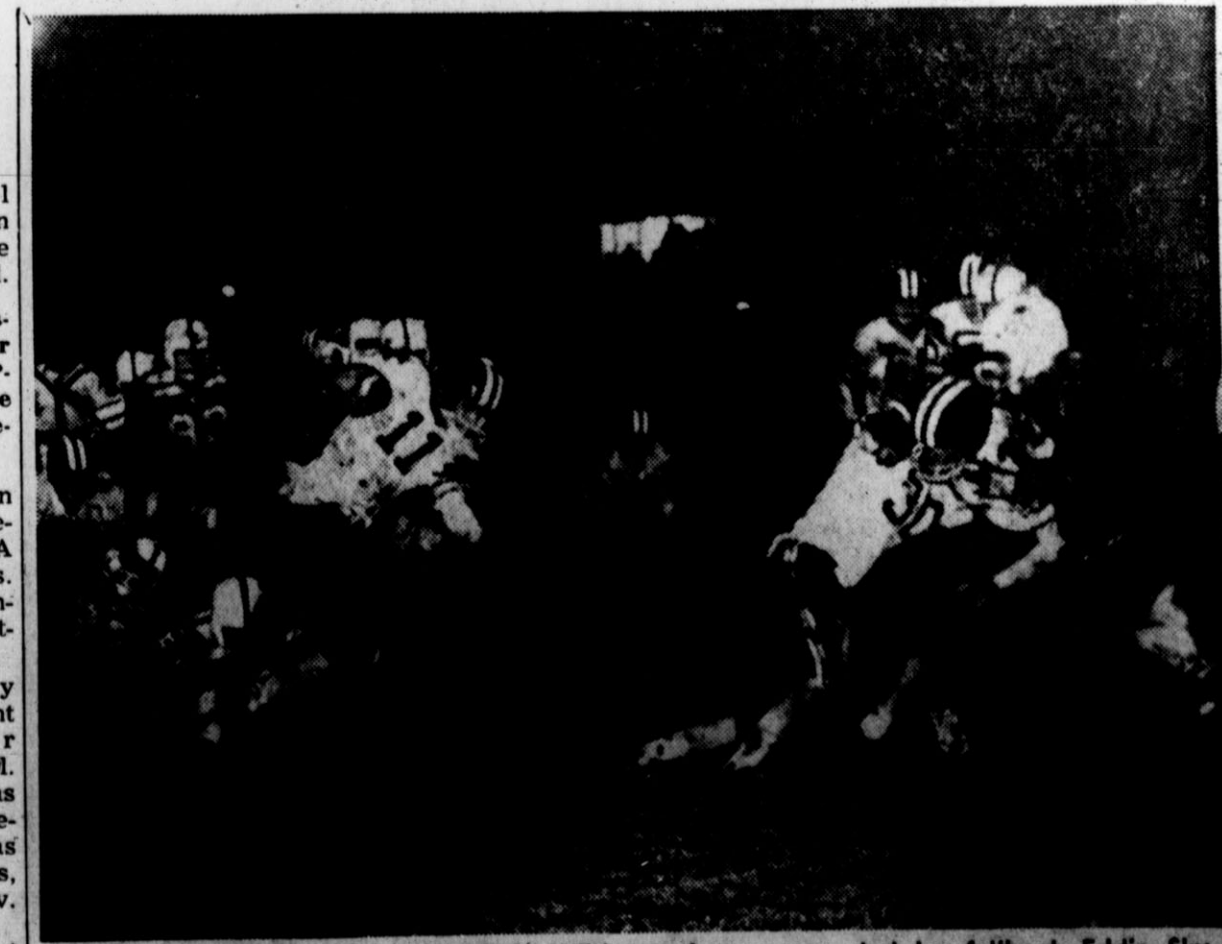

A workshop and buzz session was led by Mrs. Elmer Patterson. Discussed were P-TA responsibilities in the home, community and in religion.

The discussion was taken from a panel discussion presented at a recent area P-TA meeting in Amarillo, which Mrs. Patterson and School Superintendent Fred Cunningham attended.

High school student Jerry Hodges reported on the student handbook distributed earlier this year at the high school.

Held during the meeting was visitations in various home-rooms. A social period was headed by Mrs. Kenny Kearns, and invocation was by the Rev. Gilbert Davis.

Mrs. Joe Reinauer, president of the unit, was elected to attend the state P-TA convention to be held in Dallas Nov. 18-20. Mrs. D. C. McWhorter was elected as alternate.

A SHOESTRING TACKLE by Littlefield Wildcat Bo Roberts failed to bring Hereford quarterback Bill Dirks down in the second quarter of Friday night's game here. Dirks gained four yards on the play, and his in-

terference was led by fullback Eddie Sky-pala, who blocks out Wildcat guard James Blackwell at right. Littlefield won the clash, 14-6.

### Early Applications Requested By Amarillo Social Security Office

Panhandle residents should contact their social security office one or two months before they actually retire and start drawing social security payments, according to Hal Geldon, Manager of the Amarillo Social Security Office. An application filed early will help the first social security check arrive on time.

Geldon pointed out that to speed the mailing of the first retirement check, the person filing the application should bring certain important documents with him when he files his application. These papers include: the social security card; an old record that shows the claimant's correct age or date of birth; and if he is self-employed, he should bring a complete copy of the last tax return he filed. There may be other papers needed, depending upon the situation, but no one should delay filing his claim just because he doesn't have all the evidence he believes he may need.

Persons interested in filing an application for monthly retirement payments, Geldon said, should write their social security office. The address is: Social Security Administration, 324 New Post Office Building, Amarillo, Texas.

"The Amarillo Social Security office is prepared to handle the increase in applications for social security cards due to coming holiday employment," said Geldon.

"Many youngsters will be

working at their very first job over this holiday season; and many women will be working as extras for the first time since they have married," Geldon stated. He pointed out that there would also be people working for the first time in several years. "It is very important," he continued, "for these youngsters to contact their social security office to apply for a social security account number; and for women who are working for the first time since marriage to contact the office in order to get their social security account changed over to their new names."

Geldon said, "unless youngsters had a social security num-

This warm-hearted and good-humored woman at first is overwhelmed with the happiness of realizing the handsome shopkeeper is really interested in her.

But then, as this impoverished suitor lets her pick up a variety of tabs and gives her a necklace that isn't precisely paid for - as she learns that he is in fact a married man and has the shocking cynicism summed in the phrase, "In Italy there is no divorce, only discretion" - she decides she will be better off to pass this last chance at affection and go back to America with her postcards and souvenirs.

"The Time of the Cuckoo" derives its title from a definition in the Encyclopedia Britannica: "The cuckoo is a summer visitor to the whole Europe. It proclaims its arrival by a cry heralding the season of love."

"The Time of the Cuckoo", which was one of the great successes of the notable Shirley Booth, who played it for forty weeks in New York, is being directed by Bob Antrim of West Texas State College, for the Amarillo Little Theatre presentation. The box office in the Amarillo Little Theatre will open for reservations Sunday, November 8, 2 p.m., and will be open through the 14th.

I have, therefore, introduced legislation in the House of Representatives which would provide for a Constitutional Amendment limiting the power of the Supreme Court. This Resolution provides that the declaration by the Supreme Court of the unconstitutionality of any public law passed by the Congress may be overridden by the Congress in the same manner that presidential vetoes of laws passed by the Congress are overridden.

Since it is a Constitutional Amendment, it must be ratified by the legislatures of 3/4 of the several states. It is my feeling that such procedure will provide a true voice and feeling of the people as well as arrest the trend toward further con-

Court of Criminal Appeals has now reversed three convictions because property owner did not testify that he had not given consent for the defendant to take property from the site. In one case the defendant confessed that he cut a hole in the ceiling of an office and stole a safe. However, in the appeals court opinion, it must be proven that the defendant was going against the wishes of the property owner.

Texas motorists are being urged to observe the law to the letter when they encounter a school bus on the streets or highways.

Ten children have been killed and 86 injured in school bus accidents since Sept. 1, the Department of Public Safety reports.

Texas law requires that a car must come to a full stop when approaching from either direction a school bus that is taking on or letting off passengers. After a complete stop, the motorist may pass the bus at not more than 10 miles per hour.

Penalties for violation range up to a \$200 fine. "But the real penalty," said Highway Patrol Captain E. K. Browning Jr., "is the possibility of killing or hurting a child."

- 1 cup hot mashed pumpkin
  - 1 teaspoon soda
  - 2 cups sifted flour
  - 1/2 teaspoon salt - 1 teaspoon salt
  - 1 teaspoon cinnamon
  - 1/2 teaspoon allspice
  - 1/2 teaspoon cloves
  - 1 cup raisins (optional)
  - 1 cup chopped nuts (optional)
- Cream shortening and sugar, add egg blending thoroughly. Stir soda into warm pumpkin and add to creamed mixture. Sift dry ingredients together and add to first mixture. Add raisins and nuts and pour into a well greased and floured loaf or stem cake pan and bake in a moderate oven (350) approximately one hour or until it springs when pressed with finger. May be served plain or iced with a caramel frosting.

- Pumpkin Pie**
- 1 cup sugar
  - 1 1/2 teaspoon cinnamon
  - 1/2 teaspoon cloves
  - 1/2 teaspoon allspice
  - 1/2 teaspoon nutmeg
  - 1/2 teaspoon ginger
  - 1/2 teaspoon salt
  - 2 eggs
  - 1 1/2 cup pumpkin
  - 1 2/3 cup carnation milk.
- 9 inch pie shell, combine all ingredients until smooth. Place in pie shell; bake in hot oven (425) 15 minutes. Lower temperature to moderate oven (350). Continue baking 35 minutes until custard forms. Cool and top with cream. Oven meals make for wise

use of time because the entire meal, except for the salad, can be prepared and placed in the oven to cook, thus eliminating watching the food. This gives the homemaker time to do other tasks while the meal is cooking. In planning oven meals these factors should be considered: all foods should cook at the same temperature and for the same period of time. However, in some instances, the main course may be placed in the oven for a longer period and vegetables added later; for example, Swiss steak and broccoli.

**Menu**

- Texas Hash
  - Tossed Green Salad
  - Garlic Bread
  - Fudge Pie
  - Milk
- Baking time: 30 minutes  
Baking temperature: 350 degrees Fahrenheit

**Texas Hash**

- 1 cup chopped onion
  - 2 tablespoons shortening
  - 1 pound ground beef
  - 1 cup chopped green pepper
  - 2 teaspoons salt
  - 1/4 teaspoon pepper
  - 1 1/2 teaspoon chili powder
  - 1/2 cup uncooked rice
  - 1 12-ounce package frozen English peas
  - 1 No. 2 1/2 can tomatoes.
- Saute onions in shortening in a 10-inch skillet until brown. Stir in green pepper, salt, pepper, chili powder and rice. Place peas in center of mixture. Pour tomatoes over mixture. Cover and bake. Serves 6.

**Garlic Bread**

- 1 loaf French bread
  - 1/2 cup butter or margarine
  - 1/4 teaspoon garlic powder or 1 small clove garlic, crushed
  - Paprika.
- Cream together butter or margarine and garlic. Slice French bread into 1/2-inch slices, spread 1 side of each slice with butter mixture. Sprinkle with paprika. Place on ungreased baking sheet and bake during last 15 minutes with Texas Hash. Makes 12 slices.

**Fudge Pie**

- 2 1-ounce squares unsweetened chocolate
  - 1/2 cup butter or margarine
  - 1 cup sugar combined with 1/4 cup sifted flour
  - 2 eggs
- Melt chocolate and butter or margarine over low heat. Add sugar and flour and 2 eggs. Mix well. Pour into a greased 8-inch pie pan. Bake with Texas Hash. To serve: Cut in wedges and top with whipped cream. Serves 6.

**She Serves As Sammy's Link With World Of Sound**

A QUIET TALK — Patsy Rivers and Sammy Oates, deaf and mute football star, carry on animated conversation between classes at Hardin-Simmons University. The freshman coed who learned the sign language because her parents are deaf is Oates' self-assigned interpreter. Both are majoring in education. He is from Austin and Miss Rivers is from Houston. (AP Photo)

ABLENE, (AP) — Patsy Rivers, a freshman at Hardin-Simmons University, is helping the school's football team almost as much as its coach.

Patsy who uses sign language as easily as other persons can speak, acts as an official interpreter for a deaf and mute football star, Sammy Oates of Austin.

The girl learned the sign language before she learned to speak because both her mother and father Mr. and Mrs. C. D. Rivers, Houston, are deaf and mute. Patsy has no speech or hearing problem of her own.

Fingers fly at the speed of speech when Patsy and Oates get together in the classroom, the university chapel or the student union. Their conversations range from a problem in elementary education to a shopping excursion in downtown Abilene.

Sophomore Oates, an end on the football team, has been mentioned as an All-American possibility this year. He has had to rely on the sign language and the written word; at times the going has been rough, both in and outside the classroom.

This year Patsy stepped in and has been helping Oates with his studies. She also translates for him at chapel and during services at First Baptist church.

Patsy has served as translator for her parents for most of her 18 years and has worked regularly as interpreter in the Silent Department of Houston's First Baptist Church for many years.

The girl has a mission scholarship in recognition of her work with the deaf at Houston and has received the E. C. Head scholarship of the

Women's Missionary Union and of the Jesse H. Jones and Mary Gibbs Jones scholarship awarded by Houston Endowment Inc. Patsy is majoring in education and plans to make her career in the field of special education for the deaf. Her father is a veteran Linotype operator for the Houston Chronicle.

**HER BIG MOMENT**  
COLUMBUS, Ohio (AP) — June Kristof, one of the finest women bowlers in the country, was asked about the most thrilling game in her 22-year bowling career. "Oh, it wasn't one of my games," she said. "It was the night my husband Joe bowled a 300 game on television on our fourth wedding anniversary." Husband Joe is also a champion bowler.

**Get ready for the Freezin' Season!**

To get your car ready for winter, Phillips 66 Dealers offer guaranteed anti-freeze service. It works like this:

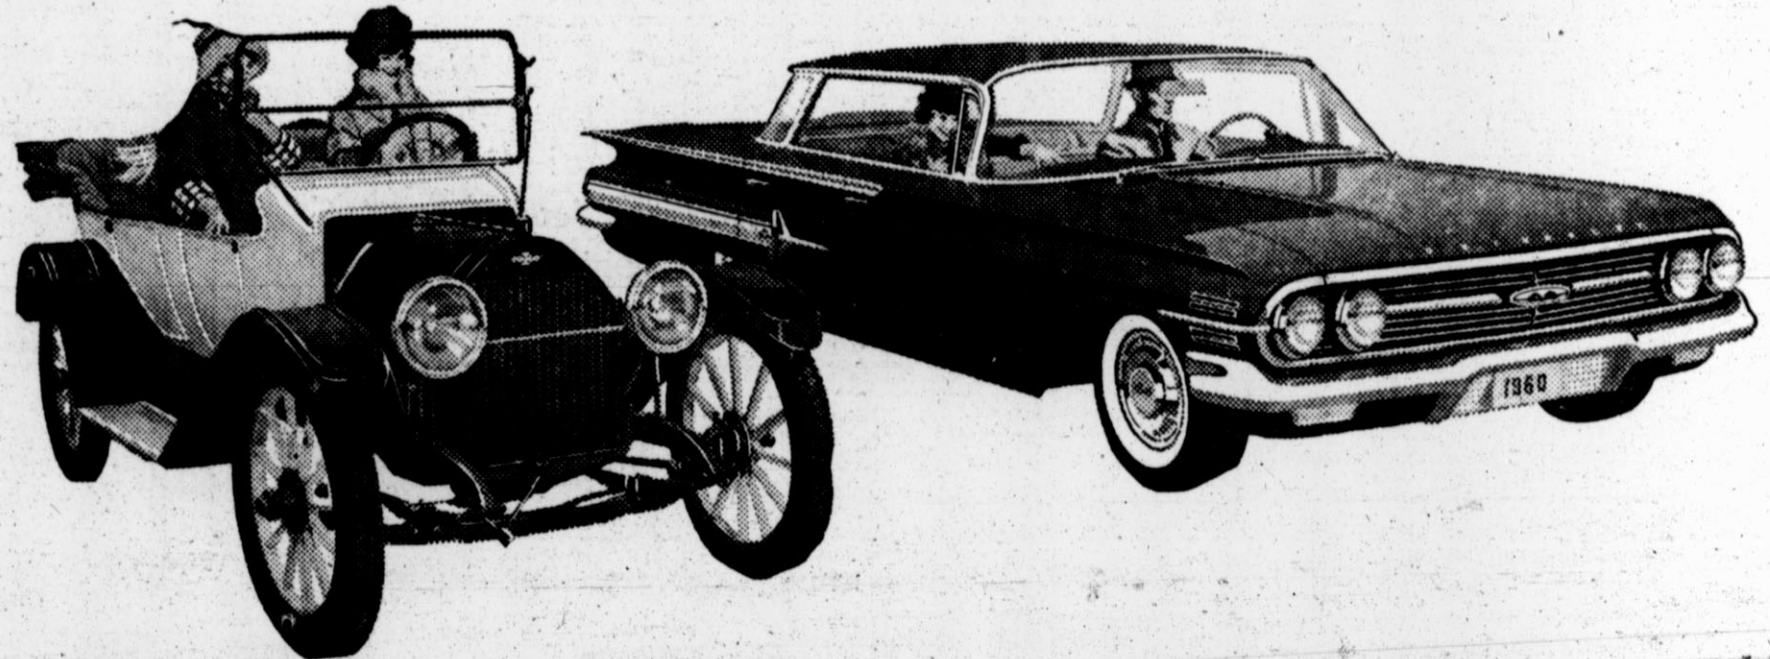

Tell your Phillips 66 Dealer the degree of protection you want (even down to 50 below) and he'll put in the proper amount of Phillips 66 Anti-Freeze—permanent type. Then if at any time this winter you need more anti-freeze to maintain this level of protection, your Phillips 66 Dealer will add it with no additional charge.

Sounds like a fair proposition, doesn't it? Come to your Phillips 66 Dealer for guaranteed anti-freeze service.

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

**TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS**

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world.

We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by continuing to offer more of the things you want, by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

**To Build the Kind of Products You Want and Need.** Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more

economical, roomier, more quiet and comfortable, easier to handle and maneuver. Introduced the compact and revolutionary Corvair, the result of nine years' development. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done. Each of these products is the best of its kind we have ever made. Each, we believe, reflects your wishes, your desires and your needs to an exceptional degree.

**To Build Them the Way You Want Them Built.** But it isn't enough to design and build the kinds of products you want.

They must be built right. Solidly. Carefully. Built to serve you long and faithfully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more of our engineering and manufacturing people, and by more checks and

inspections and tests, than ever before. We are determined that your new Chevrolet shall reach you with everything looking and fitting and working the way it should look and fit and work. And we're determined that, if you give it any reasonable kind of care at all, your Chevrolet shall stay that way for a long, long time.

**To Provide Better Care Through Your Chevrolet Dealer.** Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities.

That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend improved service equipment and techniques. Maintain the industry's most complete parts warehouse system to provide your Chevrolet dealer with the parts you need in the quickest possible time. And that is why we have, together with your Chevrolet dealer, initiated a comprehensive new program designed to

make available even finer service at any time you want it.

**A New Department—Your Department.** Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. Our interest in you and your satisfaction continues as long as you own one of our products. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family... and to welcome a growing number of new members.

...THE BAR OF JUSTICE IN MY COURT.

"Man must pay for the error he makes, the sin he commits... he must reap what he sows." Surely God tempers justice with mercy in His judgments upon us every day. It is that way too, in this judge's court, because he thinks principally of salvation for the man before him. Too often transgressors, both young and old, resent the kindly-intended judge. He sits in court to serve his country and the will of God. It would be well to remember that God shall bring every work into judgment. And that people who go to church more, go to court less.

## 'Maid Of Cotton' Entry Blanks Available Here

Once again — for the tenth consecutive year — the search is on for a young lady, who on Nov. 24, will be named 'South Plains Maid of Cotton' who will represent 23 counties of the Texas South Plains in the National Maid of Cotton Contest in Memphis, Tenn.

Entry blanks may be obtained at the Deaf Smith County Chamber of Commerce office. Applications must be submitted not later than midnight on Nov. 10.

The South Plains Maid of Cotton Committee of the Lubbock Chamber of Commerce, in cooperation with the National Cotton Council, is conducting the search for this very special young lady, a lady who has beauty and charm, personality and poise, who likes to travel, to meet people and to win friends at home and abroad for the American Cotton Industry.

Weldon Gibbs, chairman of the 1960 South Plains Maid of Cotton Committee, in announcing the opening of the contest this year, stated, "The Maid of Cotton, as a representative of the 13 million people in the American Cotton Industry, has a very important public relations job to do. She is chosen not on the basis of beauty alone, but on poise, personality and background as well."

An applicant for the South Plains Maid of Cotton must have her home residence in one of the following South Plains counties: Bailey, Borden, Briscoe, Castro, Cochran, Crosby, Dawson, Deaf Smith, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Howard, Lamb, Lubbock, Lynn, Motley, Parmer, Swisher, Terry, and Yoakum. Applicants must be between the ages of 19 and 25; be at least 5 feet five inches tall; never have been married; not wear glasses; and have been born in a cotton producing state.

Applications, together with photograph, must be submitted to the South Plains Maid of Cotton Committee, P. O. Box 561, Lubbock, not later than 12:00 Midnight, Nov. 10. Official entry blanks may be obtained at the Lubbock Chamber of Commerce, 902 Texas Avenue, or at the local Chamber of Commerce in any of the South Plains Counties, or through the directors of the Plains Cotton Growers Association.

The South Plains Maid of Cotton Contest includes two full days of activity on November 23-24, 1959. Preliminary judging will begin at 9 a.m. on Monday, Nov. 23, continuing throughout the day. At 9 p.m., the Fourth Annual Maid of Cotton Ball will open with music provided by the Jimmy Dorsey Orchestra under the direction of Lee Castle. Dancing will continue until 1 a.m.

Judging will continue on Tuesday, climaxed by the sparkling finals at 7:30 p.m., Nov. 24, in the Lubbock Municipal Auditorium.

The young lady selected as the South Plains Maid of Cotton becomes an automatic finalist in the National Maid of Cotton contest in Memphis, Tenn., in January. She will be presented with a \$1,000 all-cotton wardrobe and receive an all expense paid trip to Memphis for herself and the chaperone of her choice. This year, which marks the end of a decade of this great event, the first and second alternates in the finals will be presented with gift certificates of \$200 and \$100 respectively.

Speaking for the South Plains Maid of Cotton Committee, Chairman Gibbs said, "There is no reason why, with the abundance of attractive, charming girls to be found on the South Plains, that the 1960 National Maid of Cotton should not come from this great cotton producing area. We urge participation in this most exciting, interesting and rewarding experience."

## TEXANS IN WASHINGTON

# Tom Connally, 'He Looks Like A Senator', Still On Scene

By TEX EASLEY  
Washington, (AP) — Every other morning, almost without fail, a tall and elderly man comes through the big brass revolving door into the Senate wing of the Capitol. Then he slowly makes his way to the Senate barbershop, that very private institution which only senators, present or past, are privileged to use.

The man is Tom Connally, 82 last Aug. 19, and from Texas. Retired since Jan. 3, 1953, after serving in the Senate 24 years and for 10 years before that in the House of Representatives, he lives here with his wife in a lovely brick home not far from the fashionable Shoreham Hotel.

man often described as, "the senator who looks most like a senator should look." Most of today's sightseers probably don't recognize him. But, in his usual suit and black string tie and a broad brim hat over a silvery mane, he still draws attention.

There, however, ends the similarity between the Connally who once held the Senate galleries spellbound with his oratory and the old gentleman who now plods his way down the corridor toward the Senate barbershop.

"It's a shame, it's a shame," commented one of the Negro barbers who has tended the senator for more than a score of years.

call such personal participation in world events over the past half century as the man who was christened Thomas Terry Connally.

He reached the zenith of his influence when he served as chairman of the Senate Foreign Relations Committee prior to and during the World War II and then in the postwar period as one of the guiding forces in the creation of the United Nations.

An example of the humor he injected into Senate debates was the response made to those who would have prohibited shipments of poison gas, flame throwers and similar equipment to the British before the U. S. got into the war. He told the story of a Southern senator in the pre-Civil War period who

boasted "we can whip the Yankees with cornstalks."

After the war, the joke ran, the senator again was a candidate and during a campaign speech he was interrupted by someone in the audience who reminded him: "You told us before this war that the South could whip the North with cornstalks. What about that?"

"Well, my friend, I did say that," the candidate replied, "but the trouble was the damn-yankees wouldn't fight with cornstalks."

The senator's great interest these days, he lets you know, is watching the career of his federal jurist son and hearing about his grandchildren. The son is U. S. Dist. Judge Ben Connally of Houston.

"I expect I'll go down and visit them this fall," he said.

With that he got into the blue upholstered sedan and headed across town toward home. Later in the day he took his usual daily drive through Rock Creek Park with Mrs. Connally, the widow of Texas Sen. Morris Sheppard, whom he married in 1942. Connally's first wife died in 1935.

CAMDEN, N. J. (AP) — Ever wonder what's in a horse's name?

Well, consider Tompion. A tompon is a large stopper used by the Navy to keep water and sunlight out of a warship's big guns when they are not in use.

And why Tompion? The horse is by Tom Fool, out of sunlight, by Count Fleet.
