A. Shaking the toaster, of course, will get a good many of these crumbs out -- but be sure you shake gently, so as not to break any of the filaments! A chicken feather is very handy for brushing the crumbs out of a "pop - up' toaster and, if used carefully, it won't damage the filaments.

As THE DAWN of this THANKSGIVING DAY approaches, millions of Americans will pause to express gratitude for the Health, Prosperity and Happiness of our nation and give Thanks for the Freedom we Americans enjoy.

The year 1959 has been a good one. We folks of the Hereford area have concluded a most bountiful harvest. Our granaries are bulging. Our livestock is fat and plentiful and our homes radiate peace and comfort. We think back to the experiences of the Pilgrims and we too set aside a day for Thanks, for God has been most generous.

AND ON THIS THANKSGIVING DAY, speaking in behalf of myself and the entire personnel of Hereford Grain Corporation, we pause to Give Thanks for the bountiful harvest, and extend our sincere wishes to you and your family for a HAPPY THANKSGIVING DAY.

Thanksgiving HHS Football Personalities

Just what is Thanksgiving? When you try to find the words to describe it, you just can't.

We always think of it as when we eat that delicious turkey and dressing dinner with cranberry sauce and then top it all of with an enormous pumpkin pie. Most of us have forgotten what Thanksgiving Day really means. Abraham Lincoln set the fourth Thursday of November as a holiday way back in 1863 and it has been a tradition

A long time ago, everyone in America celebrated this day. It started off with prayer and to thank God for all of the many wonderful things he has given us. If we would stop and think, we could realize just how much he has done for us. It just goes to show that we're too thoughful of ourselves and not enough for someone else. In Hereford, every year most of the civic clubs find a needy family and take them a Thanksgiving Dinner. That proves that we really ought to be thankful for what we have. Most of us have plenty of food every day, but what about the poor little children who starve or freeze to death? Put yourself in their shoes and see if you change

When you get up in the morning, won't you thank God for everything he has made possible for you? If so, I'm sure you will feel better the whole Thanksgiving Day!

The first period Civic class sponsored by Mrs. Billye Buck. consisting of senior students, took a poll several weeks ago. The poll concerned items they would consider important in their daily life.

The students were given 11 items and then instructed to put a check mark by three of the items they would consider more important than the others and after doing so the students were instructed to draw a circle around one of the three items that they would consider the most important.

The poll consisted of the fol-
