C-C To Poll Members About County Road Manager Vote

County Hears Tax Protest, Building Plea, ROW Talk

Plans outlined Monday call for a contract to be let in December for widening of U. S. Highway 60 east from Hereford. Report was made by Knox Parr, right-of-way agent for the Texas Highway Department's Amarillo office.

Two of the Commissioners, J. T. Guinn and Donald Hicks, agreed that taxes on rural property might be too low but said they didn't feel that an outside appraisal firm was the answer.

was made by a group of seven members from the Hereford Rotary Club. The group, which made such a request last year, said it hoped that the Commission would be able to finance such a structure in the near future.

Members of the Deaf Smith County Chamber of Commerce will be polled soon about whether the Chamber should back a petition for endorsement of a county road engineer or manager election.

Directors of the Chamber voted unanimously during their regular meeting Wednesday morning to ask for opinions from the membership about the question.

Chamber president C. Palmer Norton and attorney Ernest Langley outlined provisions and advantages of in-

volving the "Optional County Road Law of 1947" for this county. The statute provides that a proper petition provides for a mandatory election.

The petition would have to contain 10 per cent of the qualified voters, taken from the last election for governor.

The County Commission would have to call for an election in not more than 60 days.

If the election passes, the County Commission would become a policy board only on county road matters. A county road engineer would be hired, at a salary not to exceed \$12,000 per year.

In the event a licensed engineer could not be hired, a qualified road manager would be hired. He would be called the county road administrator.

The appointment would be effective immediately for an indefinite period, with provision that the manager could be removed from office after 30 days' notice and a public hearing. The office would not be elective.

"We do not feel that this measure is within the realm of politics," Norton told his board. "This is being investigated solely in the interest of better government and more efficient operation of the"

Resident Unhurt In Crash Which Kills One Person

An Orlando, Fla., man living temporarily in Hereford Tuesday afternoon was involved in a two-vehicle accident in Clarksville, Tex., which claimed the life of a Clarksville woman.

Howard Lee McCoullum, 37, of Hereford was driving a truck van which was struck by a 1950 model pickup truck driven by Mrs. George Parks, 42, of Clarksville at about 3 p. m. Tuesday.

Mrs. Parks, who apparently backed out due to a physical ailment, lost control of her vehicle and struck the right side of the empty van driven by McCoullum, according to Red River County Sheriff R. A. Hutten of Clarksville.

McCoullum and his wife, who was a passenger in the truck, escaped injury. The accident occurred on the west side of Clarksville, which is located in the northeast part of Texas.

Appliance Fair Slated Two Days

An electrical appliance fair will be staged Friday and Saturday in Hereford. It will feature the latest types of electrical appliances available in the city.

Arrest Youth Carrying Pistol

Richard Madrid, 17, of Hereford Monday was charged with carrying a prohibited weapon, a misdemeanor, by Deaf Smith County authorities after arrest by Hereford police.

Madrid was arrested at 11:05 p. m. Sunday west of Hereford. Making the arrest was Hereford police patrolman Ed Roberson.

Roberson said the youth was carrying a .25 calibre automatic pistol at the time of arrest.

Dealers participating in the fair include: Buy-Rite Furniture, Jerry's Appliances, Roberts Appliances, Sears, Robuck and Co., McGee Furniture and Blue Bonnet Sales. Southwestern Public Service Co. and Deaf Smith County Electric Cooperative, Inc., are helping to sponsor the fair.

Self-Appointed Ambassador From Denmark Studies Milo

By DAN MUDD BRAND STAFF REPORTER Proof that this locality is fast gaining worldwide attention as a grain sorghum producing area is evident with the appearance of a 25-year-old self-appointed ambassador from Denmark this month.

He is Jorgen Vedde of Nykobing, Denmark, a young trainee studying grain sorghum production and handling under sponsorship of the American-Scandinavian Foundation.

The lanky Dane last week started working at Community Grain, Inc., in Easter as part of his nine-month stay in the United States.

"I plan to stay in this area at least a month to see how such fine quality sorghum is grown and handled," the personable young man said. "I was more than pleasantly surprised to see such fine grain growing in your fields."

On Oct. 3, Vedde arrived at Community Grain, where he is working through October under the supervision of Bill Waldrep, manager.

In Denmark, his family owns a farm which mixes feed for hogs and dairy cattle. For the past few years, the firm has used imported grain sorghum in feed rations.

"Denmark has too much rain and too short a growing season for the production of maize," he commented. "We will always have to depend on the importing of sorghums."

Ten years ago, he explained, livestock men in Denmark did not know that maize could be produced in their country.

Highway 60 Condemnation Proceedings Get Underway

Three condemnation suits were scheduled to be heard in Hereford this week. They are of right-of-way for an enlarged U. S. Highway 60 east from Hereford.

Scheduled for hearings this week are suits to condemn property belonging to Virgil G. Owens, on Wednesday; E. B. Hagar, on Thursday; and C. C. Stewart, on Friday.

One suit was heard last week, to condemn property owned by Leon Vinton. Deaf Smith County Monday filed suit for appeal of the judgment which was granted in this hearing.

Amount of settlements in the Vinton hearing was withheld in view of the appeal made by the county.

Five other condemnation suits have not yet been scheduled. These suits make up the last remaining tracts of land sought for the expansion of the highway from the Hereford city limits east to Randall County line, just east of Dawn.

A special County Commission of three persons is hearing the suits. This Commission, after listening to testimony presented by both sides, determines the fair and equitable value of the land and sets the judgment, or amount which is to be paid.

If either side, the property owner or the county, feels the judgment is not fair, it is allowed to appeal the decision of

\$500 Bond Made On DWI Charge

LeRoy Graves, 38, of Hereford Monday was released on \$500 bond after he was charged with driving while intoxicated, first offense, by Deaf Smith County authorities.

Graves was arrested in the 100 block of S. Jackson St. Sunday at 3:05 a. m. The arrest was made by Hereford police patrolman Clyde Roper.

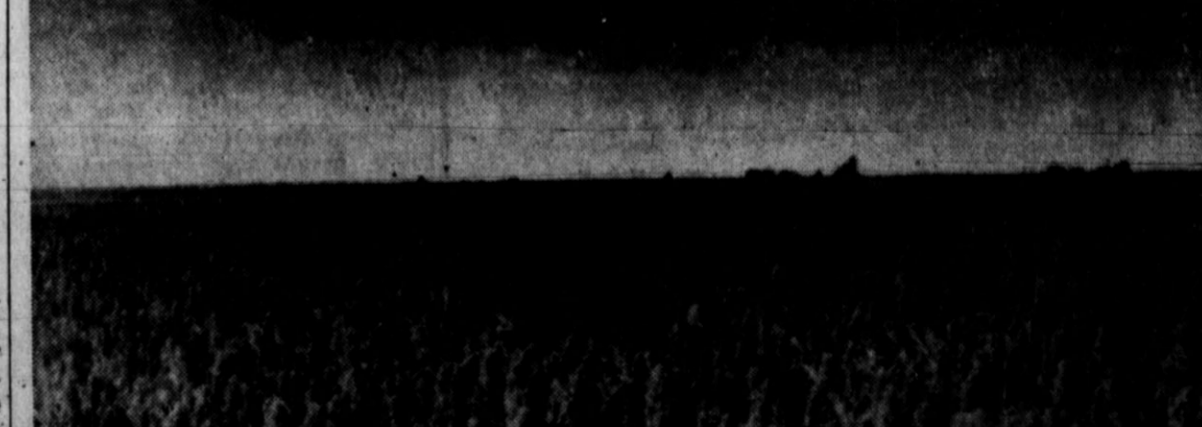

Teacher, School Proposals Named

Outlining a proposed legislative program before the Deaf Smith County Texas State Teachers Association Unit, TSTA state president Mrs. Mary Alexander of Palestine Monday evening said "much of the work will need to be done on the local level."

She explained a legislative program to be presented to the 57th Legislature, which convenes in January. Six bills

are included in the proposal. "We must understand the program ourselves," she explained. "Each one of you should know your representative and senators and inform each on the legislative program. And you must inform the citizens of your community on this proposed program."

CLOUDY SKIES over fields of nearly-ripened maize are becoming a common scene in Deaf Smith County this month. This photograph was taken only a couple of hours before a rainstorm hit in this area Tuesday afternoon. Harvest of maize is late in the county this year, due to unusually heavy rainfall earlier in the growing season.

Around Town

If this moisture keeps up for just a few more days, we might break all previous records for a year...and then what would the old-timers talk about? They can always recall the dust storms, the tall prairie grass, even the deeper snow of yesterday. But they'll sure have a hard time remembering a wetter year than this.

There are only seven spaces left for exhibitors in the annual Fall Fair, slated for Saturday, Oct. 22. Anyone wishing to put in a commercial display is asked to call

### Adams Best Individual In Final Golf Tourney Of Year

A hot foursome paced by Amarillo Country Club professional Warren Cantrell copped the final tournament of the year at John Pittman Municipal Golf Course in Hereford Monday.

Cantrell, Ted Haberer of Muleshoe, Larry Simmons of Lubbock and Al Carr of Dumas carded a low ball of 54 to win the West Texas Chapter, Texas P. G. A., Pro-Am held all day at the local links.

They took top honors over 68 who entered the tourney, including 14 professional and 54 amateurs.

Roland Adams of Lubbock again took top honors in the individual ranks by shooting a sizzling 63 on the 18-hole tour.

Posting a tie for second and third place honors were a team made up of Horace Moore, Plainview pro, Glen Render of Dimmitt, Joe Butler of Dimmitt and Frank Painter of Dumas, who had low ball of 56; and Cal Garrett, Lubbock professional, Roland Adams of Lubbock,

Jack Kaboth of Amarillo and Jane Kaboth of Amarillo, who also had a 56.

The tourney was played by the low ball system, with one half handicaps being granted all amateur golfers. All golfers in the West Texas area were eligible to enter.

Elwyn Stobaugh of Amarillo and Bert Watkins of Pampa captured the Pro-Pro division of the tournament with a 62. That pair was followed closely by Ray Hardy of Muleshoe and Chris Brashear of Floydada, who had a 63.

Third place, a tie, went to Jim Pruitt of Dalhart and Bud Posey of Hereford and Cal Garrett of Lubbock and John Austin of Amarillo, both with a 64.

C. L. Dunivan Jr. of Amarillo posted a 68 to take second place in low amateur honors. Low pro was Ray Hardy of Muleshoe, with a 64. Elwyn Stobaugh and Jim Pruitt tied for second with 65s.

Eighteen-hole low ball scores in the Pro-Am were as follows: Cantrell, Haberer, Simmons and Carr, 29-25-54; Moore, Render, Butler and Painter, 30-26-56; and Garrett, Adams, Kaboth and Kaboth, 27-29-56.

The three low foursomes in the tourney received merchandise prizes.

BY JIMMIE GILBERTINE

The United Nations during its existence has been subjected to much criticism, constructive and otherwise. Like most everyone else, I have probably said a few uncomplimentary things myself. Let's face it, though, the hope of the world pretty well rests with the organization, United Nations will mean more and more as the years roll past.

For this reason, it seems highly plausible that the august body needs to adopt some self-imposed rules on members. The recent actions of Nikita Khrushchev and Fidel Castro, for instance, would not be tolerated by any club or organization in Deaf Smith County—and they should not be allowed on the UN level. Any honky tonk or night club in the United States, in fact, would not tolerate such behavior without calling in the bouncer. I figure we need to turn the whole thing over to the Baseball Umpire's union, and let them handle it. Those guys would send Mr. K to the showers so quick it would make his head swim—and in my books he's not half as good as Mickey Mantle.

If you think all of the horse traders lived in the past generation, you should hear E. T. Brooks and Harry Caylor wrangle over the Yankees and the Pirates. They make Miles Robinson and Pat Wederbrook sound like a couple of spend-thrifts.

Quite a few letters on the tax equalization program, but all of them are unsigned. Mostly, they are from interested, sincere people; one old boy said, however, that I wasn't fooling him a little bit, he says he has my number, and he knows the only reason I would like to see the county re-districted is so I can get one of the precincts to vote "wet."

Meanwhile, most of the "wets" are still mad because The Brand took a "dry" stand during the last local opinion election. What I would like to know is how a fellow who manages to get both the "wets" and the "drys" mad at him, all at the same time, is going to out-manuever anyone?

Mrs. Monk Johnson's "Aunt Lanie," who lives in California, sent a circular from Monrovia, where a dairy company is handling Whole Wheat bread, made of 100 percent Deaf Smith County, Texas, hard whole wheat from the Town Without A Toothache.

Everybody, but everybody, all over the United States seems to get Deaf Smith whole wheat bread, except the folks in Deaf Smith County. One time Debbs Knox made a special loaf, but dropped the deal. I guess there wasn't enough demand. I wish Frank Ford and Henry Turner would promote someone in this territory into baking such a bread. Next thing you know, wheat bread will be available in Oklahoma—and that will be

the last straw. The appliance dealers are throwing another one of those fairs this week-end. They will be located in the Jack Wright building, until recently occupied by the court house gang, and will open at 5 p. m. Friday, and at 2 p. m. Saturday. Door prizes will be topped off with an electric dryer as grand prize. Last time, two or three years back, the crowds were heavy and most people got a bang out of looking over the new 1961 model gadgets. Factory representatives and the latest appliances will keynote the show this year.

Jack Brown was asking how severe this winter will be, and seemed quite happy when I predicted "not so bad" as 1959. However, if your overcoat is in hock, don't throw away the pawn ticket. You'll probably need the coat, because last winter was really a rough one. Even the old timers will admit that. Probably less rain than this year, but still enough to make a good to better wheat yield.

I see where my old friend, Ben Ezzell, is writing in the Canadian paper that visitors who come over to make the Fall Foliage Tour should do their sight-seeing early in the morning, or late in the afternoon.

"Have your guests stay over for these times," advises Ezzell, "even if it means feeding them supper or breakfast."

This will be interesting information for a lot of Hereford people, especially since the Ezzells lived here several years and still have many friends in this neck of the woods. No kidding, though, they say this is one of the most beautiful sights in the Panhandle—maybe even the whole Southwest. Ben further says:

"The leaves are beginning to turn, but there's nothing wrong with the landscape and it's a great relief from television. You'll be amazed at the sharpness of the picture... the size of the screen... and the variety of the program. Everything is in natural color, too."

Mont Baker will be missed around town a lot. Mont was an old timer who had as many friends as anyone I know. An early day merchant, Mont was retired in recent years, but spent a lot of time pinch hitting for friends in dry goods and hardware stores. Those who knew Mont will remember him most for his good humor and practical jokes; he and Bob Higgins probably pulled more practical jokes than any other two men who ever lived in Hereford.

Private schools are increasing by leaps and bounds in Dixie, chiefly as a result of federal integration efforts. In 1952, Bureau of Census figures showed 3.8 enrollment in private schools and the figure had jumped to 5 million in 1958. Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas and Virginia accounted for 146,000 of the increased and, since 1958, the figures are really zooming in the South.

Dr. Raymond G. Wilson, executive secretary of the Southern Association of Colleges and Secondary Schools recently issued a warning against sub-standards and "second generation carpet-baggers." Dr. Wilson says he is receiving a host of inquiries from retired northern school teachers who are looking for locations to set up more private schools in the South.

STRIKE IT RICH ZANESVILLE, Ohio — Three holes in the ground have enabled Hopewell School here to expand its campus area from 12 to 52 acres.

The holes are oil wells, drilled when a pool of oil was found. The first ceased production some time ago, the second was dry, and the third has now been capped. They brought the school district about \$3,000, enough to acquire additional land.

Heaviest man on the Detroit Tiger roster is first baseman Steve Bilko at 235 pounds.

Jockey Willie Shoemaker won 27 stake races at 11 race tracks in 1959.

SCHOOL CHILDREN Monday and Tuesday got the thrill of a lifetime for any youngster — they made tours of Hereford on fire engines. In observance of Fire Prevention Week, Hereford Volunteer Fire Department picked up elementary school children at their respective schools. Two fire engines were used throughout both days. ### WESTWARD, HO

KNOX, Ind. — State Trooper Delvie Masterson found a puzzled wrecker truck driver standing along U. S. 30 with a car he pushed for a mile in an attempt to help the driver start it.

The motorist blithely admitted his 1947 model didn't have an engine. He had been shoved by various cars, trucks and wreckers all the way from Cleveland and hoped to reach Joliet, Ill., the same way.

## Causes Of Color Blindness Are Discussed By Doctor

By Dorothy V. Whipple, M. D.

Roger was color blind, but nobody knew it, least of all Roger. Roger didn't complain, nothing hurt, nothing about him seemed strange. The way he saw the world was what he imagined everybody else saw — the way the world was, he thought.

When he was a little chap, if his socks were not carefully paired up in his drawer, he often picked out a red one and a black one to wear together, or a green one and a tan one. Roger was oblivious of dirt on his hands, and a high water mark around his wrists left him completely uninterested. But after all, thought his parents, these are the ways of small boys. Roger called the sky blue and he seemed especially fond of bright yellow. Nobody worried about how the world looked to Roger.

Then one day when Roger was almost 10 years old he was studying geography in school. The teacher had a big map of the United States, each state colored in bright clear colors. She gave the children a test, asked them to write down the name of each state colored red and make some remark about what were some of the cities in it, what industries it had, etc. She waited a while, then asked them to pick out the green states. Roger wasn't finished with the red states, half the ones on the map looked red to him.

Mrs. Peters watched Roger and at noontime that day she led him to her desk and asked him to help her straighten out a pile of color paper she had carefully mixed up. Roger accurately put the blue ones in the pile, the yellow in another,

but the greens, the reds, the grays, the tans all went together.

**Alert Teacher**

That evening Mrs. Peters joined Roger's mother, told her what had happened and suggested she take him to an eye doctor and have him tested.

Sure enough Roger was color blind — Roger could see some colors but not all. A good many things began to fit into place for his mother.

Color blindness is a hereditary condition in almost all cases. Once in a great while, color vision will be lost through disease or the over use of certain drugs but the vast majority of color blind people are born that way.

Color blindness is inherited in peculiar way. Suppose a man is color blind. He passes the possibility for this condition to his daughters, but they are not color blind. However, these girls can pass it on to their sons who may really be color blind. The sons of the original color blind man are free of the condition. Thus, color blindness is inherited by boys from the maternal grandfather. Girls only become color blind if both the maternal and paternal grandfather are color blind. Color blindness skips one generation.

There are many more color blind men than women. In the United States, there are about 7 1/2 million color blind men and only about a tenth as many women.

**Different Kinds**

All kinds of color blindness are not alike.

Normal people see the three primary colors — red, yellow and blue, and can therefore see all other colors which are combinations of the primary three. Normal people are called trichromate.

People who can see only two colors are dichromate. They see yellow and blue but red is the same as black to them. All colors with red in them produce shades of black. Green, though made from yellow and blue also looks similar to black to many dichromates. This is the most frequent kind of color blindness and the one Roger had.

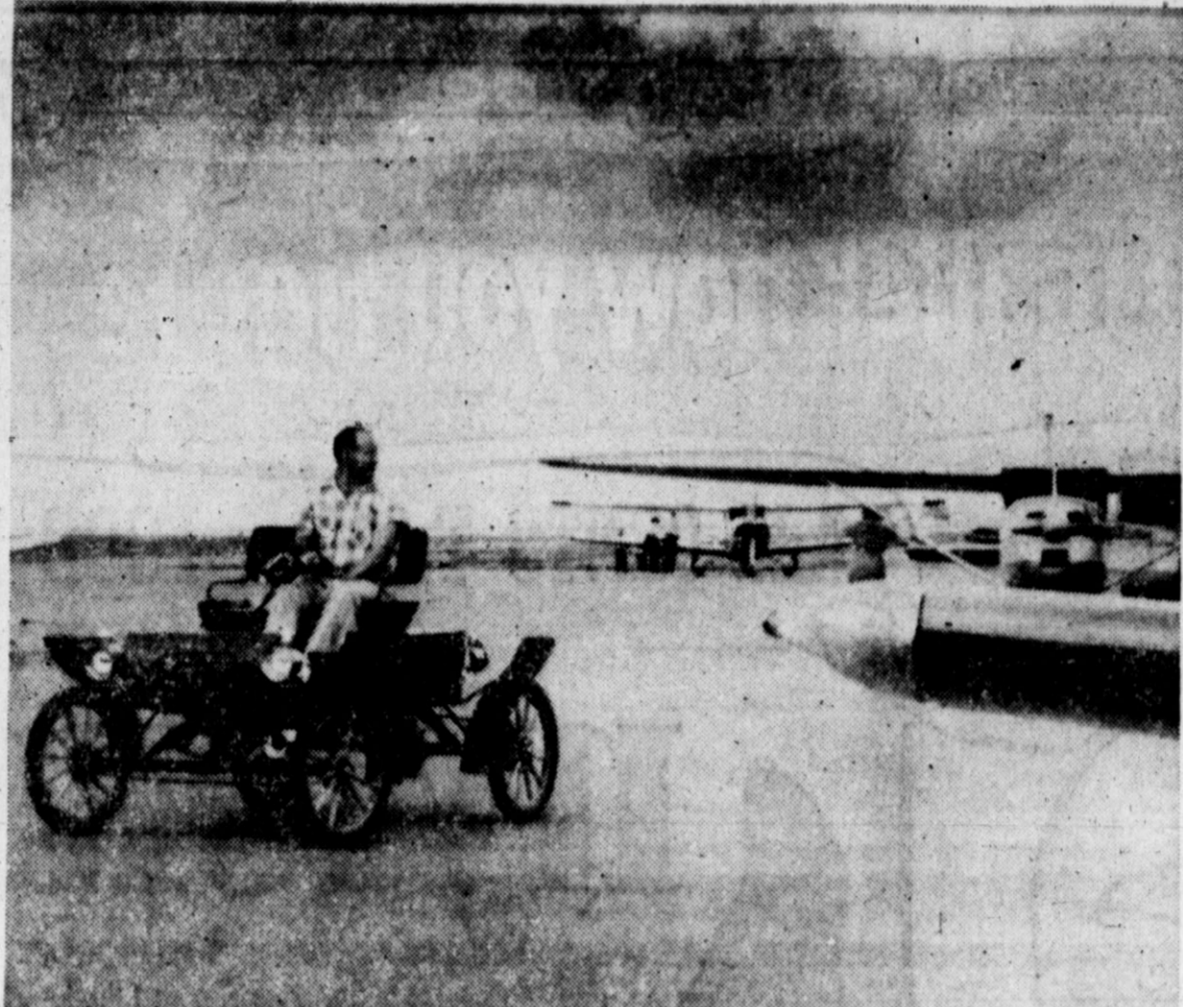

Then there is a small group of color blind people who see only one color — they are monochromate.

There is also a very small group of color blind people who apparently see no color at all. They are achromate.

**No Cure**

Color blindness cannot be cured. The special cells on the retina (the cone cells) just aren't there and there is no way to put them there. These cells are not present at birth — all babies are color blind for the first few months. But in normal people they develop at about 4 months of age. In color blind people, either none ever develop (the achromate) or only some (the monochromate and the dichromate). Man is the only species who has developed color vision. All other animals are achromate.

Although there is no cure for color blindness, it is a great help to a child if his parents know about it and can tell his teachers. Many games, many school devices depend on color as the cue. If it is known that a youngster cannot distinguish certain colors many a frustrating experience can be avoided.

about people and events around Hereford High School

Man, like pull up your stool and lend me your earring holders while I make like a phonograph and spin out the latest tappings from the community grapevine.

Hey, Sandra Moore, how did everything come out with your parakeet? Hear you sucked the poor defenseless transistorized music-maker up the vacuum cleaner. Now really, Sandra, what do you mean you think its funny because the feathers came out detached from the bird? He might catch cold!

Are Mr. Ritchie's announcements over the intercom at H. S. really that funny?

Carl Miller, everybody is wondering how that mustache got on that poster in the office practice room.

That's the way your Impala goes, isn't it, Jimmy Weathers?

It seems a body just isn't anybody anymore unless they are members of the local "Crash Club", which has its main membership at Hereford High. Charter members include Kathy Knox, Sammy Saul, Ronald Rayburn, and Louise Axe. Entrance requirements are simple, just transform the family car into any undesirable shape and pick up the application for membership at the nearest police station or traffic court.

Speaking of clubs, there seems to be another newly organized organization around high school these days. Gary Tannahill was elected president and Jim Barnett was appointed to take care of "vice." I say there boys, just what kind of organization is the "D. J. T. O.?"

Dennis Rickman, did you really get hurt by falling off a horse? I'm afraid it affected the poor lad's thinking, he says he wants to join a "sorority" at college. How quaint!

Carl Miller, Charles Burrus, Greg Combs, and Eugene Baldwin looked real sweet in

## Coffman Wins On Grid Picks

It took two of the three tie-breakers to decide that Thomas Coffman was the winner of the Brand football contest last week.

He tied with six other persons, who also had 15 correct answers. The choices he made earned him \$10 as the weekly winner.

Also picking 15 winners were Buddy Pickens, E. H. Loerwald, Bobbie Kitchens, Tyler Thompson, Dale Blakney and Fred Lookingbill. Another ten entrants were bunched together with 14 correct choices each.

Winner of the 12-week contest will be awarded two tickets to the Cotton Bowl contest, while second and third place winners will be given one Cotton Bowl ticket each.

Ann Sheppard, do you carry on that kind of conversation very often? By that, I mean the one you had with that certain boy while going down the highway near Hart, at 11 o'clock at night, while hanging out the band bus window?

The World Series seems quite profitable for some students around town, while others just aren't hungry at mealtime. It couldn't be that somebody bet on de'bay, now could it boys.

Beth Carthel, do you really think they would put an itty-bitty girl like you in the clink for not paying that ole' speeding ticket? Don't you know better than to go 90 in a 15 m. p. h. school zone?

The above stories were true, only the names remained the same to convict the guilty.

See you eats next week with more talk for teens, but until then, remember gossip from the people, about the people, and against the people shall not perish from the earth.

Drive carefully, the life you save may be Mr. McClurkan's.

EXTREME INFLAMMABILITY of aerosol sprays was demonstrated by Hereford fire marshal Clay Angelo during his talk on Fire Prevention Week to the Hereford Optimist Club Tuesday at noon. (Staff Photo)

## Angelo Talks On Fire Prevention

Clay Angelo, Hereford Fire Marshal, outlined Fire Prevention Week activities during a talk at the Optimist Club meeting Tuesday in the IOOF Hall.

In an eye-catching demonstration, he showed the inflammability of aerosol can mixtures, using bug spray and toothpaste sprays as examples.

He also talked briefly about the way in which firemen handled escaping ammonia gas here last week. "A water spray is about the only thing we can do," he commented. "Water will absorb about 15-20 per cent of the fumes, but if the wind had been from a different direction, we would have had to evacuate part of the town."

Fire losses in property in lives continue to climb throughout the nation, Angelo said, but have been dropping for the past five years in Hereford.

Rudy Kessler was introduced as a new member and installed by Optimist Lieutenant-Governor Harry Castle of Amarillo.

Charles Sheetz received a one-year perfect attendance badge. Roy Boyer was presented badges of achievement in attendance and boys work for the club as the president during 1959-60.

## Area Residents Attend Funeral

**By MRS. OWEN ANDREWS**  
A number of Frio people attended funeral services for Mrs. Thurman Mousner, at the Lemmons Funeral Home, in Plainview, Thursday, at ten a. m. Rev. B. H. Baldwin was one of those conducting the service. A choir from the Frio Baptist church, with Mrs. Weldon Stephen as soloist, sang for the service. Burial was at Wapanucka, Okla.

Mrs. Mousner died Wednesday morning after more than two years of illness. She died in the Dimmitt hospital, where she had been a patient for six and a half weeks.

The Mousner family lived in the Frio community during 1955 through 57, moving here from Wapanucka to the H. F. Benson farm, to help with the work. They had lived in the vicinity of Hart since January of 1958.

Mrs. Mousner was born in 1905 and married Thurman Mousner in 1927 at Wapanucka. She and Mrs. Benson were class-

mates all through school, graduating from high school at Wapanucka. Mrs. Mousner attended college at Tishomingo.

Mrs. Mousner is survived by her husband and three sons, Bill, who with his family lives in Germany, stationed there with the Air Force, Stanley, a senior student at Murray College at Tishomingo, and Johnny, of the home at Hart. Three daughters, Mrs. Sue Jones, of Gallup, N. M.; Nanette and Carol Jane, of the home. Also surviving are five grandchildren five sisters and two brothers.

W. M. U. met Thursday afternoon, Oct. 4 in the home of Mrs. Frank Robbins. A missionary program on "The Printed Word" was presented. Taking part were Mrs. Weldon Stephen, a program chairman, Mrs. Glenn Andrews, Mrs. Owen Andrews and Mrs. B. H. Baldwin. Others attending were Mesdames James Dobbs, Floyd Cole, Clark Do-

bbs, Earl Harkins, Clark Andrews, Henry Dobbs and the hostess.

Earnest Brooks, of Comanche, Okla., recently visited his brother, Jim Brooks and Mrs. Brooks.

Recently visiting the Harlan Barbers were her sister and family. Mr. and Mrs. James Ballard and children, of Lenorah.

Mrs. Arthur Betts and Jimmy helped her parents, the A. L. Logans, move their trailer home from Friona to Roswell, the first of last week. Arthur went to Roswell on Saturday, bringing his family home Sunday evening.

Clark Andrews went with Charles Stone of Packard Mill, at Hereford, and Bob Shaw, of Plainview, to a checkerboard company meeting at St. Louis, Mo. They left on Saturday and expected to be home Wednesday. The meeting featured new ideas, and achievements in the field of livestock feeding and was expected to be of special interest to dealers and anyone interested in livestock feeding.

Mr. and Mrs. J. E. Andrews and Miss Alma Andrews moved on Saturday to 421 Star in Hereford. Mr. and Mrs. Charles King, of Amarillo, came Friday night and stayed until Monday, to help them get settled. Their other children here also helped them. The Andrews moved to this community in 1927 and lived in the old house which was located there until 1936, when the house was torn down and rebuilt. The place is remembered by oldtimers as the Stanley place, settled at the beginning of the century by the Stanley family. The first Frio School was in a half dugout about a quarter mile east of the house. Miss Laura Hammer of Amarillo, recalls living with the Stanleys and teaching the first school in the building located at the present site of the Frio school. Mrs. Percy Estes of Dimmitt taught in the dugout and also boarded with the Stanleys.

It was with reluctance that the Andrews moved to town, but because it seemed best for their health and convenience, they decided to do so.

Veradelle Andrews and Loreta Fowler visited the Dean bishops, at Muleshoe on Sunday afternoon.

Mr. and Mrs. W. H. Andrews, Jackie and Robbie, visited his sister, Mrs. Allie Burris and family, at Texico, Sunday. Others of their relatives were also visiting there together.

Mrs. Bill Warrick and Raymond recently took Mr. and Mrs. J. P. Warrick to their home at Millerton, Okla., and visited her mother, Mrs. Ag-

die Bingham and other relatives at Vallant. J. P. Warrick is Bill's father and they have been visiting here for several weeks.

Mr. and Mrs. Bill Williams and family, of Abernathy, spent the week end visiting their relatives, the Harlan Barbers.

Recent dinner guests of the Johnny Robbins were the Olin Parrises and Walker, the David Yandells and Joe Mac Hale.

Mr. and Mrs. Weldon Stephen, Jill and Rhonda had Sunday dinner with his parents, the Moody Stephens and Linda. Others there were Mr. and Mrs. Dald Wright and daughter and the Bob Clark family.

Vicki Axe visited Sunday with Edlan Vinson.

The Anderson Axes recently visited Mrs. Axe's aunt, Mrs. B. R. Martin and Mr. Martin, and other relatives at Elk City, Okla.

The Frank Robbins family had Sunday dinner with the Clark Dobbs, in Hereford.

Mr. and Mrs. Charles Self are visiting relatives and vacationing in California. Among those being visited are Mrs. Self's grandmother, Mrs. Luella Sykes, at Bellflower, several uncles and aunts, and other relatives. They planned to be away two weeks.

The Junior Choir, of Frio Baptist Church, directed by Mrs. Bob Doughman, assisted by Mrs. Clark Dobbs, were presented in a special song Sunday morning at the service. The choir members wore their new robes, made of wine satin with white collars, for the first time. The Junior Choir occupies the choir loft each second Sunday in the month. The robes were made by Mrs. A. L. Hodges, for a choir of 31 children and the director, 28 Junior choir members were present Sunday.

**ENTERTAIN GUESTS**  
Mr. and Mrs. Don Steele of Hereford entertained guests in their home at 138 Aspen Saturday night. Guests were Mr. and Mrs. Cam Fannin, Steven and Richard, Mr. and Mrs. Lynn Rowan, Nina and Sonny, and Mr. and Mrs. Wendell Cromer and Wendy and Dane, all of Lubbock.

### Which Democratic Platform?

Which do you prefer: the socialistic, anti-Texas platform of Kennedy — or the Nixon Platform that more nearly conforms with Texas principles and ideals as expressed in the State Democratic platform?

The Kennedy platform is against nearly everything Texans are for — it is for nearly everything Texans are against.

What will be your choice? It is between a party label and the best interest of Texas and the Nation.

Allan Shivers says:

"I'LL TAKE TEXAS. I accept the Texas Democratic platform and will work for it. I repudiate the other — the Kennedy platform. I will join with my fellow Democrats to work and vote for men of maturity, experience, responsibility, and a fearless dedication to this country's best interests.

"I will vote for Richard M. Nixon and Henry Cabot Lodge."

## Beautifully proportioned to the CLASSIC FORD LOOK

An honor to be proud of, this is the medal presented by the international fashion authority, Centro per L'Alta Moda Italiana, to the 1961 Ford for functional expression of classic beauty.

## BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

You are looking at the trend-setting car of our times, the '61 Ford . . . a car whose clean and classic profile is unmatched by any other in the world. Just one glance at the Big Circle taillights and sculptured rear deck, one look at the crisp, fresh front-end design and you'll know the '61 Ford is the classic style of the Nineteen Sixties.

Here is a Ford that is not only new in looks and ride and comfort, but new in its entire concept. The '61 Ford is actually built to take care of itself! It lubricates its chassis . . . cleans its own oil . . . adjusts its own brakes . . . protects its own body.

Indeed, here is a car that will save you valuable time and money by doing away with many stops for service.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF . . . THE FIRST 1961 CAR DEALER-WARRANTED FOR 12,000 MILES OR ONE FULL YEAR

Lubricates Itself. You'll normally go 30,000 miles without a chassis lubrication.

Cleans Its Own Oil. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

Guards Its Own Muffler. Ford mufflers are double-wrapped and aluminized — normally will last three times as long as ordinary mufflers.

Adjusts Its Own Brakes. New Truck Size brakes adjust themselves automatically.

Protects Its Own Body. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath the doors.

Takes Care of Its Own Finish. New Diamond Lustre Finish never needs wax.

Warranty. The '61 Fords are built to meet three principal goals: finest quality, greatest durability, most reliable operation. Expressing their complete confidence that this has been accomplished, Ford Dealers led the industry in extending their warranty on '61 Fords to 12,000 miles or one full year, whichever comes first. See this warranty at your Ford Dealer's now.

Letter To The Editor

Dear Editor: Being born and reared in Texas I am traditionally a Democrat. However, I have voted for the Republican nominee for president in the last few elections. I had a reason, as all loyal Democrats have had for do-

ing so. I do not feel that I need a bath for doing so either, as the fanatics of the Democratic party charge. In the first place I voted this way because I found myself unable to stomach the men the Democrats endorsed for the highest office in our country. They have repeatedly endorsed men who are repulsive to Bible-believing christians, of which Kennedy is about the worst.

It almost looks as if the De-

mocratic party has declared war on the true, Bible-believing christians of America. Otherwise why should the Democrats endorse Truman who holds such little respect for christianity that he brazenly sprays his venomous blasphemy in public speeches, on the air and in the printed page? What kind of morals do people treasure who would sit and listen to farmers being cursed and told "they ought to go to Hell" for voting Republican last year, as they were told in San Antonio last night. This is the man the Democrats have brought to Texas to defame Mr. Nixon. I think someone would do this country a great service if they would poke a dirty rag in his vile mouth and shut him up until he leaves this country for the place he wants to see people go who will cross party lines rather than place unworthy men in the president's office who are rubber stamps for the Democratic party.

Let's see why patriotic Americans rejected Adlai Stevenson two successive times as our presidential leader. He had two defects that ought to disqualify any man from being president. The first was a religious disqualification. He is Unitarian, and as such denies the vicarious atonement of the blood of Christ. Secondly, he had a broken home. The Bible says a man should know how to rule his his own house even to hold an office in the church. How much more should this be required of our National leader. A third thing I could mention was his answer to Texans that he would veto the Tideland bill and deprive us of something rightfully belonging to us.

Now, the Democrats have endorsed Kennedy, a Roman Catholic whose religion condemns all Bible-believing christians (non-catholic) as "Heretics" and brazenly declares that they may be exterminated. (Catholic Encyclopedia, Volume XXIV, page 768). How could the Spirit of God be expected to continue to move in our land with such a leader sitting in the White House? Did the Democrats think God would overlook Truman's vile tongue and bless America? Did they think God would pour out on this Nation His blessings with Stevenson in the White House denying the saving qualities of Christ's blood?

Patriotic Americans will continue to measure the spiritual stature of any candidate for this high office by the Bible qualifications found listed in God's word, regardless of his party affiliation. David injected a warning about political candidates for high public office in his last recorded words. "He that ruleth over men must be just, ruling in the fear of God." (2 Sam. 23:3) We wonder whether Mr. Kennedy fears God or the Pope. We wonder how just a man will be who has embraced, and is supporting, a religion that has consistently opposed freedom of religion. It is hard for me to believe Mr. Kennedy can qualify for this high office.

REP. WALTER ROGERS WRITES:

Facts About Interstate Commerce Commission

Grover Cleveland, presiding over one of the more obscure eras in American history, signed an act on February 4, 1887 which established the first of the nation's independent regulatory agencies. For more than 20 years the country's railroad barons had wrapped themselves in a cloak of almost unparalleled arrogance and abuse. The existing mechanisms of both state and federal governments had failed to restrain exorbitant rates and ruthless monopolies. Public patience had thinned to the breaking point.

Thus the Interstate Commerce Commission was born. Long and diligent efforts had been made to solve the railroad problem in more traditional ways. Yet only in the

be just toward all subjects of his dominion whether they be Protestants or Catholics, knowing that he is aware of the role the Catholic church played during the "dark ages," the Inquisitions, the Reformation under Martin Luther, the arrest and persecution of Ministers in Italy, the Persecutions carried on in South American countries against "Evangelical" christians. To know these things, and still espouse the religious organization that has been responsible for them, can only mean that he endorses them. I want no such man as my president. Our religious freedom has cost too much for us to throw it away at the polls in November. Just to please the Democrats.

Also stressing righteousness and morals in political candidates as a necessity of peace is to be maintained is Proverbs 29:2 which says, "When the righteous are in authority, the people rejoice; But when the wicked beareth rule, the people mourn." Both parties should use this as a basis for determining the fitness of a candidate before endorsing him to run on the party ticket. There are still plenty of Americans like myself who are more interested in the qualifications of a candidate than in the party he represents. We will continue to cross party lines if necessary.

Sincerely, V. W. Marcontell

previous year had Supreme Court ruled, in the Wabash case, that the individual states could not interfere with the interstate railroads even within their own boundaries. And in every year since 1878 Congressman John H. Reagan of Texas had sought a bill to correct the more outstanding abuses without establishing a formal commission.

But when the Supreme Court decision had made the railroad situation even more demanding, Congress finally hammered out a compromise bill which added an organized commission to the Reagan proposals. Twenty states had already experimented with various types of regulatory bodies: It was believed that a federal group would offer experience, expert opinion, arbitration, and protection for the public. It was also felt that such a body would be incapable of discretion, subject to domination, immersed in politics and generally overwhelmed with the job.

In almost three-quarters of a century the ICC has seen its scope and its duties expanded many times, yet the arguments for and against its existence are essentially the same now as in 1877. The railroad carriers have been joined by trucks, busses, and other motor transports while the subtle understanding necessary for proper regulation has increased many fold. The original commission was weak and subject to the disfavor of courts and railroads. But through a long series of major revisions, the most recent in 1958, the ICC in many cases has become the final authority.

The forms of transportation under jurisdiction of the ICC today enjoy in many cases a highly responsible position. This is especially true in the smaller towns and cities where the transportation choices are severely limited or even non-existent. The commission watchdog this position and deals with such diverse matters as the establishments of time zones for the nation and the periodic inspection of locomotives.

But of foremost concern to every consumer are two major duties. The ICC can prevent a carrier from imposing an in-

crease in rates which is held to be unjust. Thousands of rates increases are made each year, of course, with no attention from the commission. But if a protest is made the raise can be blocked. The nation's transportation lines must also maintain reasonable through routes so that a trip between two large cities is not disrupted with unnecessary delays and changes.

In addition the ICC is expected to uphold the advantages of each form of transportation and to prevent any proposed merger which would be harmful to the public interest. It supervises the operation of the countless safety devices which have been invented over the years and administers railroad bankruptcy actions. Generally speaking, it has been handed the land and water transportation problems in one gigantic bundle, together with a gay note from the rest of the government asking it to do the best it can.

Eleven Commissioners are appointed by the President, and these in turn choose a chairman and other officials. The ICC is divided into four divisions and operates with about ten separate bureaus such as the bureau of rates and practices or the bureau of finance. A number of regional offices have been established by the Commission in many parts of the country, and the ICC can allow three or more eligible employees to conduct certain activities.

The Interstate Commerce Commission, like all of the other regulatory groups, must work under some rather severe situations. It is supposed to "apply" the law as written by Congress, but this activity is so detailed that it must ultimately exercise its own judgement in relation to that law. Whether this should or even could be done by the courts has been an unsettled question for many years and will likely remain one for many

more. There has been considerable agitation in recent years by the advocates of control who seek to "recognize" the ICC so as to extend its authority in various areas. It will be of interest to note that a Texas-Everett Hutchinson - may become the next chairman of the ICC in 1961.

It was good to see a number of Panhandle visitors in the office recently. They included: Capt. John A. Newsom of Hereford, who is now stationed at Dover Air Force Base in Delaware; Mrs. Henry Bechtold of Booker; Mr. Rocco De Salvo of Amarillo; Lt. and Mrs. Hugh Gracey, their daughter Leslie Ann, and Mr. and Mrs. Joseph W. Robinson of Pampa.

Bishop of Hereford the early part of last week; helping care for the Bishop's new baby. Over the weekend Mr. and Mrs. Mack Jackson of Fountain, Colo., visited them. Mrs. Jackson is Mrs. Bishop's sister.

Cub Scout Pack 51 was formally invested with its charter during a Pack meeting Thursday at the Akman School cafeteria.

Bill Thompson made the charter presentation, which was accepted by Kenny Gern, institutional representative. The Pack is sponsored by the First Presbyterian Church of Hereford. Thompson swore in Packmaster Palmer Norton, the Den Mothers and the Den Dads during the investiture. Norton introduced various volunteer workers in the Pack and explained that one or more new dens would be organized to provide Cub Scouting for more boys eight, nine and ten years of age. Den 8 provided songs for the opening and closing of the Pack meeting. More than 100 persons attended the meeting.

TELEPHONE TALK by Al Leach, Manager

FIRST PHONE CALL VIA SATELLITE! The day isn't too far off when you and your family, relaxing in your home right here in Hereford, may watch royal wedding in Europe or a tennis match in Australia live television. Or you may place a call to Singapore or Calcutta — by way of man-made satellites thousands of miles in the sky.

These things were only a dream a few years ago. Now they are much closer to reality, all because of "Project Echo." It was the first successful attempt to "bounce" a message off a satellite.

Perhaps you've seen the silvery "Echo" satellite orbiting the earth. To think of "bouncing" a phone call off it aggers the imagination. But that's what happened when Bell Laboratories engineer in New Jersey talked by way of outer space with an engineer in California. They did they could hear each other as clearly as if they were talking across town.

Project Echo relied heavily on telephone science and technology. Bell Laboratories scientists not only participated the first test of a voice communications via satellite, but all Labs provided the guidance system that directed the satellite into its select orbit.

This test opens a new era of worldwide communications. The Bell System has already proposed a plan for using satellites as relay stations to carry telephone calls and television programs throughout the world.

HOW TO "HOLD THE PHONE" You and your family may be among the many that believe the color wall phone is the handsomest thing in your kitchen.

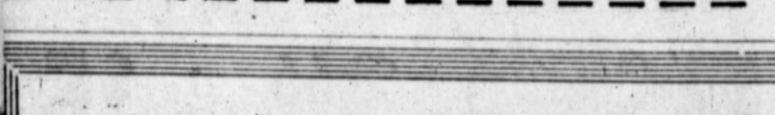

You probably realize how it brightens up your room and saves you time and steps. You probably like the way it saves space — doesn't take up valuable room on a kitchen counter table.

But did you know there is a handy way to keep the receiver from dangling if you are called away from the phone for a minute?

A number of people have told me they were surprised to learn they can hook the receiver over a notch on top of their color wall phones until they return to the phone. The illustration shows how it works.

I thought you might be interested in hearing about this added convenience of wall phones in color.

Call by number. It's twice as fast. SOUTHWESTERN BELL TELEPHONE COMPANY

## Father Of Local Woman Dies In Borger Home

William H. Frith, 80, 212 Weathery St., long-time resident of Borger and former employee of the Borger School system, died at his home at 5 a. m. Monday.

Surviving are the wife, Mrs. Minnie Frith, five sons, Roy and Henry, both of Amarillo, and J. C. and Tommy, both of Oklahoma City; a stepson, Roy Manes of Raton, N. M.; four daughters, Mrs. Johnny Boone of Hereford, Mrs. Lena Karr of Chillicothe, Tex.; Mrs. Eunice Wright of Austin and Mrs. Jesse Wing of Portland, Ore., a stepdaughter, Mrs. Margie Manes of Portland, Ore.; one brother, Ely, of Vernon, Tex.; 19 grandchildren and 19 great-grandchildren.

Funeral Services were held Wednesday, Oct. 12, at 2 p. m. in the Calvary Baptist Church in Borger under the direction of Ed Brown's Chapel of the Fountains.

Anti-pollution laws passed in 1957 have almost made Pittsburgh lose its trade mark of "Smoky City."

## School Assembly Conducted Friday

BY MRS. T. L. COLLINS

Walcott School held assembly on Friday morning, Oct. 7. T. L. Collins, principal, read Psalms 45. Songs were sung by the group of students and teachers, and Dianne Jack accompanied them at the piano.

A sample of "A Quick School Quiz at the Space Age" was given by the eight-grade class members. This short play along with "The Staff of Heroes," and "At the Hospital" will be presented by the seventh and eighth grade pupils for the Parent-Teachers Organization on Friday night, Oct. 14.

Those wishing to attend the P-T-O meeting are asked to bring a pie for refreshments.

First meetings of Walcott 4-H Clubs were held at the school on Tuesday afternoon, Oct. 4. Mrs. Glenn Burrus, leader of the girls' club, was present for their meeting. Mrs. Leland Burns and Mrs. Eldred Brown helped the girls start making pillow tops.

Mrs. J. V. Perrin and Mrs. Norman Minks were present for the boys' meeting, as was Miss Shirley Bourquin, teacher of the fifth and sixth grades.

The boys selected new officers. They are Larry Minks, President; Keith Henderson, vice-president; Kelly Tyler, secretary and treasurer; John Perrin, reporter, and Jimmy Roberts county council representative.

The group discussed 4-H projects for this year, and the year-books. The club mothers served refreshments to those present.

Mrs. Leland Burns, P-T-O finance chairman, held a meeting of her committee members, Mrs. Earnest Brown and Mrs. Waldron Melton, after school on Tuesday. Each now has materials to show the "line of Christmas and greeting cards" which will be sold for the P-T-O this year.

Minnie Denise is the baby girl born to Mrs. Lewis Womble on Tuesday, Oct. 4, in Northwest Texas Hospital in Amarillo. She is the granddaughter of Mr. and Mrs. Tom Hall of Hereford and the niece of Mrs. N. E. Tyler, Elmo and G. V. Hall, Denise has one brother, Dusty.

Mrs. Tom Hall and Mrs. Tyler went to Amarillo on Tuesday afternoon to be with the former Barbara Hall and her new baby.

An organizational meeting of the ladies interested in participating in an art class to be held in Walcott School Auditorium was held on Wednesday morning, Oct. 5. Those present were Mrs. John Hill, Mrs. Julian Perrin, Mrs. Jimmy Stocks, Mrs. Cliff Johnson, Mrs. Eldred Brown, Mrs. Mack Heavin and Mrs. Waldron Melton.

Mrs. Earnest McGee of Hereford will be instructor for this art class, which is scheduled to start early in November.

Bruce Collins, who has spent four months working in the Grand Teton National Park, telephoned his parents, Mr. and Mrs. T. L. Collins, from Jackson, Wyo., Friday. He stated that he had checked out of the park that day and would be starting home the next morning with stops in Colorado.

The first six-weeks closed for Walcott School on Friday, Oct. 7. Teachers are busy grading tests and working on registers. Report cards were due on Wednesday.

Mr. and Mrs. Joe Rader spent most of the weekend in Hereford with their daughter, Mr. and Mrs. J. M. Payne, Daria and Larry, with Mrs. J. F. Ward. The group visited the new, Spanish Church afterward.

# Tri-Hi-Y Strives For Extending Ideals Of Christian Character

Official Publication  
Of  
Hereford High School  
Hereford, Texas

## The WHITEFACE

Hereford, Texas, Thursday, October 13, 1960

Section Three

Tri-Hi-Y is composed of girls in the 10th, 11th and 12th grades of high school. It is affiliated with the Y.M.C.A. program. Tri-Hi-Y is "Christian in emphasis, interdenominational in character, and democratic in practice."

The purpose of Tri-Hi-Y is to create, maintain, and extend throughout the school and community high ideals of Christian character."

The four planks of the Tri-Hi-Y program are clean speech, clean sports, clean scholarship, and clean living.

The requirements for membership are regular church attendance, maintaining a Christ attitude throughout school and daily life, and living up to the four C's (clean living, clean sports, clean speech, and clean scholarship.)

Prospective members are nominated by the Tri-Hi-Y members. The members then discuss the qualifications of the prospective member. The Tri-Hi-Y girls vote on the nominees. New members are sent letters stating that they have been selected for membership in Tri-Hi-Y. Membership is necessarily limited, which makes for a stronger club.

All new members are required to secure a letter of recommendation from their Sunday School Teacher and minister. Parents' approval is also required. New members must attend three consecutive meetings before formal initiation. A girl must have passed three subjects the spring semester and is required to sign the Tri-Hi-Y pledge.

Members of the Tri-Hi-Y try to maintain their Christian character throughout their daily life. Clean speech, living, scholarship, and sportsmanship are the main objectives of the Tri-Hi-Y girl; also she is encouraged others to do so. Personal growth is also emphasized.

Tri-Hi-Y carries out many worthwhile school and community projects. Tri-Hi-Y plans to assist the March of Dimes, Red Cross, and Welfare Agency. Tri-Hi-Y is also responsible for the daily devotionals and special assembly programs on Christmas and Easter. The club contributes to the Y.M.C.A. World Service projects.

The programs of the club are worthwhile and varied. Outside speakers, panel discussions, and book reviews are some of the main programs. Programs are designed to help the members with their problems.

Emphasis is placed on service rather than social activities. The girls are proud of the organization and service and strive to uphold the high standards set by the national, state and local organization.

THIS YEAR THE football teams have chosen, ball queen; and Kylene Hodges, "A" team attendant. (Brand Staff Photo) team queen; Paula Moore, "A" team football.

### Miss Guess Who

This week Miss Guess Who is a junior and is in Mrs. Prowell's home room. She is five feet three inches tall, has green eyes, and blonde hair. Some of her favorites are food, macaroni; color, blue; subject, art; and movie, "The Ten Commandments."

Her favorite pastimes are writing notes in shorthand and talking on the phone.

"It is an honor and privilege being Miss Guess Who," states this girl.

### Swap Shop

An informal record dance on the tennis courts last Monday night launched "Get Acquainted Week" for West Texas State College students. Second night of the activity week found the students at the Randall Ballroom for another dance with music provided by a group of W. T. students. On Thursday night the church centers held individual parties.

Thursday, Sept. 15, the seniors of Levelland high school got their senior rings. Pride prevailed as the members of the class of '60' readily displayed their new symbols of "seniority." The rings are typical of those in recent years. They have red stones in a setting of yellow gold and are engraved with a picture of Levelland High School and a logo.

Farwell English Department recently received 36 new Merriam-Webster dictionaries. These have been put to good use by the English I and English II classes since they first arrived.

Mr. and Mrs. Orville H. Finch Sr. of Dalhart will present Boy's Ranch with a \$65,000.00 home scheduled to be opened Nov. 1.

### Question Of The Week

QUESTION: What do you think of boys who wear bermuda shorts?

- Eddie Skypala — I guess that they are all right.
- Eugene Baldwin — I think they make a boy look sissy.
- Jim Collier — I think they are not very good and I know that I would never wear them.
- Jerry Clark — I think they are good enough for other boys but not for me.
- Jenny Roberts — I think they look stupid.
- Nicky Nan Bradford — Man, like WOW.
- Lynn Thompson — I think that it would depend upon the boy in them.
- Sharon Farmer — I think that they look continental.
- Sandy Blythe — For the ones who can wear them o. k. but for the knobby knees, no thanks.
- Jerry Beard — I like them very much, I also think that they make a boy look cool.

### Whiteface Whims

I wasn't paying much attention to the late show until "Is it not a fact Mr. McClurk-an, that you knew Roger Blake was in love with your wife? That you hated him because of it? That you went to his home with a high-powered rifle and deliberately, in cold blood."

"You call my little .22 high-powered!"

"Well, Mr. Stone, our experiments are finished at last. Now we can find out if our serum really works. Bring that test tube over here and we shall see it."

"Oops—right out of my hand! Tube was too slippery, I guess."

"Trouble is, Tex, they'll be headin' for Silver City now. If they get there, a lot of law-abiding folks might be hurt real bad. Only one thing to do. You'll just have to head 'em off at Coyote Gulch."

"Where's that?"

Most of you have probably

### Chemistry Class Cleaning Money

Need to know how to clean money? Some of the chemistry classes have been cleaning certain nickels and pennies.

When nitric acid is poured on half dollars, quarters, and dimes it dulls them; whereas with Jefferson nickels, it cleans them. Jefferson nickels, other than 1943-1945, can be cleaned because during the war the composition was changed when silver was added to it.

The nitric acid causes a green liquid (copper nitrate) and a reddish brown gas (nitrogen dioxide) to be formed. This gas is heavier than air, smells horrible and is poisonous.

The students seemed to enjoy this experiment very much.

### Avoid Hurting A Person's Feelings

Someone has said the hardest but best lesson in life to learn is never to hurt anyone's feelings.

In everyday life, many people unintentionally say or do things that hurt others. It does not bother a person usually until the same thing is done to him. The period following an incident of this type can be harmful or helpful to a person. It can be helpful if the person realizes how others have felt when their feelings were hurt and then resolves to think before he speaks or acts.

The person who is harmed by this is the one who holds a grudge and is very bitter towards another person, who thoughtlessly said or did something unkind.

Our tone of voice is one thing which often causes hurt feelings. We sometimes say things harshly when we really don't mean it.

Friendly criticism is fine, but sarcastic criticism has no place in any phase of our lives.

### Cheerleader Sandy Blythe Says School Spirit Great

Sweet and sassy Blythe is another of this year's cheerleaders. She was born on May 1, 1943, in Hereford.

"The spirit the students are showing and the enthusiasm of the team is just wonderful this year," says Sandy. She enjoys leading yells at games and pep rallies.

Sandy has great hopes and confidence in the football team's winning games and going to state this year.

This past summer, Sandy went to cheerleading school and had a wonderful time. The rest of the summer she worked some and loafed as much as possible.

Miss Blythe hopes to better herself at cheerleading, plans to give her very best toward supporting the teams, not only football but also basketball, track, and baseball.

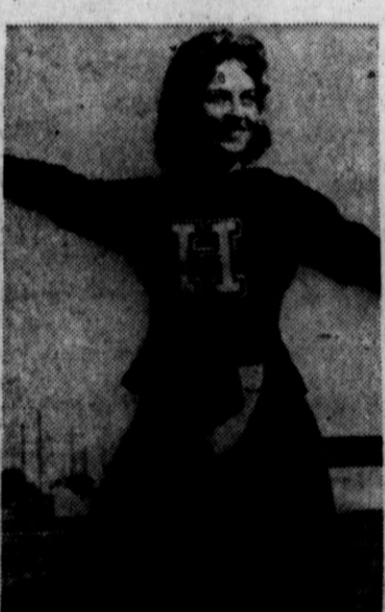

She says that it is just wonderful the way everyone is supporting the football team and the way everyone has been so helpful in every way to her.

"Hereford High is a great school," says Sandy.

She advises next year's

Sandy Blythe ... then

cheerleaders to be prepared for everything and anything, they must be able and willing to give up a lot, but she says it is surely worth it.

After graduation, Sandy plans

to attend college and to major in dress design and art. Sandy takes this opportunity to thank everyone for being so nice to her in the past years and this year.

The Future Homemakers of America is an organization of high school girls who band together to learn "to live better today in order that their lives and those of their families may be better tomorrow."

The colors of the organization are red and white, and the motto of the club is "Toward New Horizons."

The Hereford FHA Chapters have several important and worthwhile programs planned for the coming year. Some of these are the initiation and installation of the Junior High officers, a focus on the family, careers in home economics, a sweetheart and beau party, points on Civil Defense, and sending Christmas cards to the State Hospital.

The organization has three degrees of achievement. They are the Junior, Chapter, and the highest, State Degree. The girls receive their State Degree at the state meeting in Austin.

Officers of Chapter I are Patsy Loerwald, president; vice-president, Suzanne Langley, Merry Kay Pruitt, recording secretary; Sharon Hill, corresponding secretary; Audni Miller, parliamentarian; Terry Smith, treasurer; Phyllis Ward, degree chairman; Patsy Campbell, Civil Defense chairman; Judy Bradley, historian; Janis Higgins, recreation; Beth Carthel, reporter;

and Mar-Gwen Lackey, song leader.

Officers of the Royal Rose chapter are Cherry Holt, president; Elizabeth Broman, vice-

president; Cecelia Wilhelm, recording secretary; Judy Rowland, corresponding secretary; Nancy Edwards, treasurer; Jan Reese, parliamentarian; Kathy

Knox, historian; Ann Gentry, reporter; Nelda Botkin, Civil Defense chairman; Barbara Pulliam, degree chairman; and Glenda Furhmann, pianist.

## OFF THE Shelf

By H. A. TUCK

Almost everyone wishes at some time that he had more than one life to live. Teresa Lightwood of England led three.

Each of these lives was dedicated to the service of her fellow man.

A fairly short book from the Deaf Smith County Library, this is a dramatic story of faith and devotion.

As an innocent child of 16, Teresa Lightwood entered a Catholic order. She tells of the rigorous life she endured in order to become a nun. Almost on a whim, she volunteered for service in Bangkok.

As a missionary, she spent 14 years there in that primitive land. She came to love and understand the people of that country, where violent weather and startling animals were the rule.

But Sister Teresa was not strong. A childhood disease had left its mark, and the tropical climate sapped her strength.

She returned to London to recuperate. Superiors decided she was not strong enough to return to Thailand. After a long, agonizing mental and spiritual conflict, she asked to be released from her Order.

### To Have . . . And Too Old

The bride, white of hair, is stooped over her cane. Her faltering footsteps need guiding.

White down the church aisle, with a wan, toothless smile, The groom in a wheel chair comes riding.

Who waited till they could afford it.

### Organizational Meet Is Held By Group

The Sadye Rigler Library Club had its organizational meeting Oct. 4, 1960. It was announced that members must have a "C" average to remain in the club.

One of the topics discussed was the district meeting which will be held Oct. 29, at Monterey High School in Lubbock.

Those who plan to run for a district office should go by the high school library and give their qualifications to Mrs. Leggett before Oct. 15, 1960. A "B" average is necessary to qualify.

Also discussed at the meeting was the initiation of new members, to be held Oct. 20 at 7:30 p. m. in the high school library. All old and new members are urged to attend.

In 1942, her petition was granted. At the age of 36 she found herself trying to cope with a world she neither knew or understood. What was she to do with herself?

With courage and humor, she decided to become a nurse. Although her age was considered a handicap, she completed the training and returned to Thailand to improve the medical care available to the natives.

For years she labors with only concern for others as her pay. But abruptly she adopts two tiny twin girls, climax of her story comes when she meets and marries Peter, Blackburn to start a third life.

Teresa Lightwood has truly led a remarkable life, divided into three parts. And she writes an entertaining, inspiring story about herself.

## Bippus HD Club Holds Meetings

The Bippus Home Demonstration Club met with Mrs. Jim Perrin recently, with six club members present. Minutes were read and roll call was answered by First Aid hints.

Mrs. Corrine Neely talked to the group on First Aid Remedies and urged them to learn methods of First Aid for a time of emergency.

Those present were Mesdames Elmo Hall, C. F. Homfeld, J. G. Fortenberry, Jim Perrin and Miss Christine Fortenberry.

The club also met with Christine Fortenberry Sept. 28. The program was given by Mrs. Argen Draper on how to prepare quick meals and save time. She prepared fried chicken, green beans with mushrooms, potatoes with cheese and peach cobbler.

Election of officers highlighted the business session. New officers are Christine Fortenberry, president; Mrs. C. F. Homfeld, secretary; Mrs. G. V. Hall, council delegate.

Four members were present and Mrs. Glen Hetzler and Mrs. Claude Bogle were visitors.

and Dwight on Saturday.

# Now...your Chevrolet dealer offers one-stop shopping for your new '61 car!

Here's a better way to choose your new '61 car. Now your Chevrolet dealer offers a range of models to suit almost any taste or need—in a range of prices to suit any budget. It's the greatest show on worth! A full crew of low, low-priced new Chevy Corvairs, including four wonderful new wagons. New Chevy Biscaynes—offering big-car comfort at small-car prices. Beautiful Bel Airs, elegant Impalas, and the incomparable Corvette. Shown below are just 5 of the 30 different models you can pick from. Come on in and make your '61 car-shopping rounds the easy way—all under one roof!

**New '61 Chevrolet IMPALA SPORT SEDAN**  
You've got five Impalas to pick from—models that put the accent on luxury while offering all of Chevy's new ideas about comfort and convenience—like larger door openings, higher seats, and a low-loading deep-well trunk.

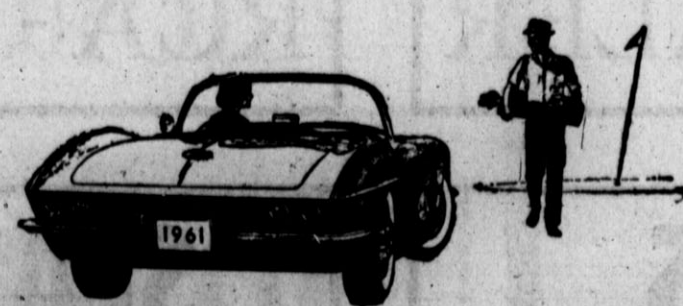

Presenting big-car beauty at small-car prices  
**NEW '61 CHEVY BISCAYNE 6**  
(2-Door Sedan, above) All Biscaynes, 6 or V8, give you a full measure of Chevy quality, comfort and proved performance. Yet they're priced right down with many smaller cars that give you a lot less!

New lower priced  
**'61 CORVAIR 500 4-DOOR SEDAN**  
Like all Corvaire coupes and sedans, this model costs less for '61. You get more spunk, space and savings—and now Corvaire has wagons, too!

**New '61 Chevrolet BROOKWOOD 9-PASSENGER STATION WAGON**  
All six Chevrolet wagons feature a cave-size cargo opening that's nearly five feet across!... plus a new concealed compartment (lock is optional at extra cost) for stowing valuables.

**NEW '61 CORVETTE**  
New form and fitness for America's only true sports car. New '61 Corvette offers more performance and more luxury equipment than any car in its class.

See the greatest show on worth at your Chevrolet dealer's!

## Subject to Law

Surely the eagle best represents the ideal of Liberty. But the picture shows him to be under restriction. He has duties to perform, young to rear and a home to protect. *Perhaps freedom is linked with responsibility.* From Alaska to the Gulf he ranges in freedom as monarch of the sky. Yet, how subject is he to the natural laws of God. You never see birds very high in the sky. Most birds do not risk much of height above the tree tops. When exhausted they need a branch on which to perch. They fly awhile and then earth calls them down. How clearly the eagle speaks to us Americans. *We are so free, yet so subject to God, so responsible to Him and ours.* May we limit our own freedom, support His church and realize how subject we are to God.

# 'Something's Got To Give' Say City Officials In State

AUSTIN—City officials of Texas are serving notice on the next Legislature that "something's got to give."

"Three-fourths of the people live in cities, and they should have three-fourths of the vote," said Deer Park Mayor Jimmy Walker after being elected president of the Texas Municipal League Mayors, Councilmen and Commissioners Association.

Walker referred to votes in the Legislature, due for re-districting since the 1960 census. In the past 10 years Texas has had a sharp population shift from rural to urban which is not reflected in the make-up of the present Legislature.

Given representation according to their populations, the city officials believe they can "cure many inequities."

One of the first things they

would like to have is broader taxing powers. State law now restricts cities to the property tax.

Many city officials believe that the pyramiding growth and expenses of urban areas make new revenue sources necessary.

ACCIDENTAL DEATH UPHOLD—State Supreme Court has reaffirmed its own earlier ruling of "accidental death" in the case of a man who died from a blood clot on his brain after watching his office records burn.

This means two insurance companies must pay double for policies on the man's life, which provided for double indemnity in case of accidental death.

Decision was 5 to 4 by the court.

Majority opinion said that the "viewing of the fire produced a wholly unexpected, unusual

and unforeseen catastrophe."

Dissenting opinion said that the case would bring up all sorts of confusion, such as whether a heart attack caused by excitement from watching a football game or TV show was "accidental death."

ANOTHER CHANCE FOR SA SUPREME—Court ruled that the City of San Antonio has the right to make another try in court for water from the Canyon Dam Reservoir.

San Antonio's effort to get some water from the dam being built by the Guadalupe-Blanco River Authority has been going on for years.

State Water Board turned down the city's request which is vigorously opposed by GBRA. San Antonio appealed the Water Board decision to district court which rejected the appeal, saying, in effect, that it was too late since construction of the dam already had begun.

Supreme Court held that San Antonio was entitled to a trial of the case on its merits in district court. If the district court should decide that the city should get some of the Canyon Dam Water, the case will go back to the Water Board to decide how much it should get.

"SALON CLUBS" UNDER FIRE—State Liquor Control Board has set a hearing Oct. 24 on proposed new regulations for private clubs selling liquor by the drink.

Bona-fide private, non-profit clubs are not the target of the proposed new rules, said Liquor Board Administrator Coke Stevenson Jr. It's aimed, he said, at "fly-by-night operators" who give

away membership cards or have only the flimsiest sort of organizational set-up as an excuse for selling liquor by the drink.

New rule would require all clubs to have a private club registration permit, to be renewed annually. To get the permit, the club would have to have dues or fees, exclusive or liquor charges, sufficient to pay rental, insurance, taxes, repairs, etc., on its premises.

Liquor dealers would be forbidden to deliver liquor to any club without a permit.

Stevenson said there are probably more than 1,000 clubs providing liquor by the drink in Texas.

TEXTBOOKS CHALLENGED—As the twig is bent, the tree's inclined—which led a group of citizens from over the state to come to Austin to challenge proposed public school textbooks they felt might incline youngsters the wrong way.

J. Evetts Haley of Canyon headed the group called the Texans' Committee for Education which appeared before the State Textbook Committee. Haley, an arch-conservative, ran for governor in 1956.

Haley's committee objected to references in the proposed texts to persons they regarded as "subversive" and to what they called "left-wing comment." Some books, they said, encouraged "government doles" by picturing farm subsidies in a favorable light.

Members of the State Textbook Committee, made up of teachers, said that any favorable reference to proven subversives would be taken out of any books recommended for state adoption.

TEXAS - ALASKA AGREEMENT—Texas and Alaska, the big two of the United States, have worked out a "visiting privileges" agreement for motorists from the two states.

Texas vehicle can operate in Alaska up to 90 days with charges, and Alaskan cars, trucks and buses may do the same in Texas.

## C of C SCOUT 'Deaf' Smith Says

TO: The Spirit of General Sam Houston  
FROM: The Spirit of Scout Erastus "Deaf" Smith  
SUBJECT: My County United Fund

Sam, I know that I am supposed to be scouting the activities of my Chamber of Commerce; but there is an activity, coming up next week so important that I must tell you about it. It seems that just a very few years ago every other time that a person looked up there was someone soliciting funds. The other times it was someone soliciting help to go on a fund-raising campaign.

ves the community's support for each of them serves all of the people of the County. In each of the youth activities there are as many children of rural families as there are Hereford children. And yet the United Fund has wisely provided so that those who for one reason or another wish to designate all of their gift to one agency may do so. For example, a family with no girls but several boys in the scouting program might wish to give all of their money to the scouting program—and they can do so.

I overheard one person saying that the United Fund had not stopped all of the drives, that he was still hit by many different groups so it had failed. A friend pointed out that other agencies only find it worthwhile to have separate drives because they can find workers to put on such separate drives and people who will contribute when they are asked. The implication of course, was that if the United Fund is to be truly a United Fund then it is everybody's responsibility to make it work—if workers and contributors just were not available for other drives then those agencies would have to submit their budgets and programs to the United Fund or receive no financial support from the people of this county.

The free giving of material wealth for causes and pro-

jects in which we believe is one of the things that makes Americans unique in the world. The United Fund is merely a device to save promotional and manpower costs. It deserves the united support of the people. It serves the United Fund County—all volunteers giving of their time as well as their material wealth.

Sam, I am whispering in the ear of all of my good people here in my county: "Have your contribution ready, and be generous, when the United Fund worker comes to call on you."

But in a fashion typical of my people they got together here about four years ago and organized a United Fund. They carefully screened all of the agencies seeking financial support in the community and the county; they looked at the budgets of those agencies and the good they were accomplishing with the funds that they received; they looked at the promotional cost of having so many separate drives and the waste of voluntary manpower and decided to do something about it.

Now one drive for funds takes care of eight agencies. Each of these agencies has submitted its request for funds to an impartial board for review. The findings of the budget board are incorporated into the final budget for the year. The drive this week will include funds for the Little League (\$1,050); the Commission on Alcoholism (\$400); the Pony League (\$2,600); the Salvation Army (\$2,600); the Boy Scouts of America (\$5,700); the Red Cross (\$8,380); the Campfire Girls (\$3,002.50); and the Youth Employment Service (\$150).

It would be hard to argue with the fact that each of these agencies' and programs deser-

With C. Greer announced the agreement. He said Texas now has reciprocal passenger car agreements with all other states and truck and bus agreements with all but six states.

SHORT SPORTS—Governor's Advisory Commission on Finance knocked down one of the favorite themes of the optimistic—that the state has enough money in special funds to offset the shortage in the general revenue fund. Month by month, the balances in the statutory special funds would not cover the general revenue fund deficit, said a commission report.

Land Commissioner Bill Alcorn has announced the appointment of Jack Giberson as chief clerk of the General Land Office. Giberson was serving as legal counsel for the land office. Howard L. Arno will become engineer of secondary roads for the State Highway Department beginning Oct. 15. He succeeds Percy S. Bailey who is retiring after 36 years with the Highway Department. Texas Employment Commission notes a drop both in job holders and job seekers. Unemployment dropped by 3,800 to a 176,700 total, says TEC, while total employment slipped by 23,600 to 3,564, 100.

## Fellowship In Music Awarded

Carl Johnson, a young Amarillo musician, has been awarded a Fulbright Fellowship to study music at the University of Freiburg in Germany during the coming year. Johnson taught music in Hereford for two years several years ago, before he went to Princeton to study.

He grew up in Amarillo and studied music privately with the late Grace Hamilton. He holds degrees from Westminster Choir College, Princeton and New York University.

He will study composition and do further research in musicology at the German University. He has published several compositions and his song cycle, "Peter Quince," recently was premiered in New York.

Johnson arrived in Germany about two weeks ago.
