Scott, Lewis Get Awards As County's Best Farmers

Two Deaf Smith County farmers, Ira Scott and John T. Lewis, received awards Wednesday noon for their outstanding accomplishments in agriculture. The awards were presented during the noon meeting of Hereford Lions Club.

RECOGNIZED AS OUTSTANDING farmers in Deaf Smith County for 1960 are Ira Scott, left, and John Lewis. Both were given awards during the Hereford Lions Club meeting Wednesday at noon. Scott was recognized for his outstanding agricultural work and Lewis for his conservation efforts. (Staff Photo)

Scott was presented an award as the outstanding farmer for 1960 by the Lions Club. Lewis was honored by the Tierra Blanca Soil Conservation District as its outstanding conservation farmer for the past year.

Lewis will compete against conservation award winners from other districts for the state award.

Scott has one section of irrigated farmland and a section of grassland on his home place and seven sections of grassland in the northwest part of the county.

Among the accomplishments cited for his home place were reseeded and chiseling native grass, using tail water on grassland, managing grazing properly, installing stock tanks, controlling Johnson grass and weeds in fields, pastures and fence rows and using underground irrigation pipe.

On his ranch, Scott has long been an advocate of proper range usage and brush control. On this place he has seven stock dams and profuse wildlife cover. He has chiseled his range land and reseeded some farmland back to native grass. (Continued on Page 2)

Machinist Dies From Shock At Grain Company

Funeral services for Leo Whittaker, 26, of Hereford, who was accidentally electrocuted Tuesday afternoon at an area grain company, were pending with Marcum - Scott Funeral Home in Hereford Wednesday morning.

Whittaker, a machinist at Community Grain Co. at Easter, suffered electric shock after he reportedly plugged a grain-removal auger cord into a 440-volt outlet. Witnesses said there apparently was a short in the connection.

Standing near Whittaker at the time was Charles Russell, 31, 202 Grand Avenue, also an employee at the Easter grain company. Russell was held overnight at Deaf Smith County Hospital for observation.

Whittaker was pronounced dead on arrival at the Hereford hospital. Both men were taken to the hospital by Marcum - Scott ambulance.

Other company employees at the scene administered artificial respiration and Whittaker was given oxygen while being taken to the hospital.

The accident occurred at about 3 p. m. Community Grain Co. is located about 12 miles south of Hereford in the Easter Community.

Funeral services are pending the arrival of Whittaker's parents, who live in Lebanon, Mo. Whittaker lived at 105 W. Ninth St. with his wife, Gwendolyn, and eight - month - old son, Randy Brent.

Whittaker had been living in Hereford since May this year. He was a resident of Hereford when he married Miss Gwendolyn Marchman in 1956 in Clovis, N. M.

The couple then moved to St. Louis, where he worked in an aircraft factory. He was born April 27, 1934. (Continued on Page 2)

36 YEARS OF SERVICE with the Hereford Volunteer Fire Department by Onias Carroll, left, was recognized Tuesday. Carroll was presented with a framed certificate by W. E. Zorn of Del Rio, second vice-president of the Texas Firemen and Fire Marshals Association. The presentation was made during the 53rd semi-annual convention of the Panhandle Firemen's Association in Hereford. (Staff Photo)

County Shuts Door On Study Of Property, Okays Budget

Deaf Smith County Commissioners closed the door Monday on any outside property valuation study with a 3 - 1 vote. In another dissenting move, they voted on how much of the courthouse square should be devoted to parking.

Finally they approved the proposed county budget for 1961. A motion not to join with other taxing units in hiring a property valuation study made drew a split vote. Motion was made by Commissioner J. T. Guinn and seconded by Commissioner Donald Hicks that the county not participate in such a study. Voting with Guinn and Hicks was Commissioner Charles Sovell. Voting against the motion was Commissioner Otto Massie.

The motion further stated that the county tax assessor begin at once to try to correct any inequities now on the county's tax rolls.

A question of how much paving should be done on the courthouse square also was sharply debated. Massie and Sovell voted to pave the northeast and

northwest quarters of the square with Guinn, Hicks and County Judge Homer E. Henslee voting against the motion.

A compromise move made by Hicks and seconded by Massie to pave only the northeast quarter was approved unanimously.

Only a few persons appeared for the budget hearing. The budget, as adopted, calls for ex-

Youth Shot During Fight With Police

A young Latin - American man was shot in the leg by a Hereford police officer who early Tuesday morning was

attacked while attempting to make an arrest.

Two Hereford men this week in Deaf Smith County Court entered pleas of guilty to charges of driving while intoxicated, first offense, and received jail sentences and fines.

Treated for a bullet wound and released from the emergency room of Deaf Smith County Hospital Tuesday morning was Juan Cordero, 24, of Hereford. He was scheduled to be arraigned before Justice of the Peace C. B. Miles Wednesday afternoon on charge of simple assault.

Ricardo Vasquez, 29, 211 Kibbe St., Tuesday was fined \$100 and court costs and sentenced to five days in County Jail. He was arrested at 2:10 a. m. Tuesday in the 100 block of Miles St. Making the arrest was Hereford police patrolman Don Metcalf.

The young man was shot in his right thigh by Hereford police patrolman Don Metcalf at about 2:30 a. m. Tuesday in the yard of a residence at 507 E. Second St.

Richard White Frye, 23, 131 W. Third St., Wednesday morning was fined \$150 and court costs and sentenced to 10 days in County Jail. He was arrested at 8:58 p. m. Tuesday at Third and McKinley. Making the arrest was Hereford police patrolman Bobby Roberts.

Metcalf said he was answering a routine disturbance report in the back yard of the residence when one of the men, Crescencio, cursed the officer from the house. Metcalf said Crescencio warned him (Metcalf) to get off the property or he would get shot.

Metcalf summoned the aid of another Hereford patrolman, Walter Briles, and went up to County Judge Homer Henslee presided in the court sessions. (Continued on Page 2)

Mexican Fiesta Underway Here

The crowning of the 1960 Fiesta Queen and the reading of the Declaration of Mexican Independence Thursday night in Deaf Smith County Bull Barn will highlight a huge three - day Latin - American celebration in Hereford this week. A street parade will be held Friday.

The Mexican Independence Day celebration began in the city Wednesday with a dance in the Bull Barn. Thousands of Latin - American residents from Hereford and the surrounding area are expected to take part in the celebration. The celebration, the first field in Hereford since 1958, will end Friday night. Mexican Independence Day is Thursday.

Queen Rosa Maria Ramirez will be crowned at about 11 p. m. Thursday at a dance scheduled in the Bull Barn. Music will be furnished by the nine - piece Mariachi Potosino orchestra from Monterey, Mexico.

At 2 p. m. Friday, a parade will be held on Main St. The queen and her princesses, Paula Galan, Silvia Tijerina and Maria Marroquin, will ride in the parade. The Hereford High School band also is tentatively scheduled to appear in the parade.

Activities of the celebration are under direction of St. Joseph's Club, according to Ramiro Ramirez, president of the club.

Queen Ramirez will be crowned by Rosa Garcia, local announcer for a Spanish radio program. The Mexican consul from Lubbock is expected to attend the celebration.

The St. Joseph's Club announced that booths would be set up outside the Bull Barn each night of the celebration. (Continued on Page 2)

Expect Old Folks Home As Fund Drive Goes Over Top

Deaf Smith County residents came through with flying colors once again on a vital community project. Finance chairman Henry Sears announced Wednesday that the drive for \$100,000 for securing a golden age home in Hereford had been successful.

The 20 - member board of the Homes for Older Adults in the Northwest Texas Conference, Inc., is expected to quickly name Hereford as the site for the home.

"We now have slightly more than \$100,000 in donations and pledges on hand," Sears said. With the amount raised, a delegation of five persons was to attend a meeting in Lubbock Thursday night at which Hereford is expected to be finally named as the site of the first of four homes for the aged to be built by the Northwest Texas Methodist Conference.

Ernest Langley will head the delegation and present the formal notification that Hereford has secured a suitable site and a community goodwill gift of \$100,000 for the home.

The \$100,000 mark was passed this week to conclude an intensive campaign which started a month ago. Sears pointed out that none of the money will be turned over to the Methodist Church until construction is started and that most of the money will not be given until the home is completed.

Present plans call for blueprints to be drawn and bids made by contractors within the coming year. It is hoped that construction can start in September, 1961, and completed by September, 1962. The home will cost about half (Continued on Page 2)

Around Town

The firemen are gone. And so is the circus. If things don't slow down we'll soon go berserk - us.

Really, it isn't so bad as all that. It just seems like everything broke loose at once this week and Hereford was really jumping. Plans for the air tour, football in the air, visiting firemen and their energetic wives, a circus, fiesta and what not. But we don't mind, since that gives us something to write about.

We think everyone in Hereford deserves a pat on the back for putting up more than \$100,000 to get an old folks home located here. That may turn out to be the best investment ever made in this community. There are so many that did so much work on the project that we wouldn't (Continued on Page 2)

Contests Provide Lighter Side To Convention Here

Firemen and their wives had a full day in Hereford Tuesday during the 53rd annual convention of the Panhandle Firemen's Association.

One of the highlights of the meeting was the presentation of a special certificate to Onias Carroll of Hereford for his 36 years of service with (Continued on Page 2)

Herd Hosts Rough Bobcats On Friday

Trying to get a winning streak going, the Hereford Whitefaces will host the potent Dimmitt Bobcats at 8 p. m. Friday.

Most observers rate the game a toss - up with defense expected to decide the victors.

The AA Bobcats, as usual, are going strong this season with an 18 - 6 victory over Abernathy and a 22 - 6 decision over Lockney for their two outings.

Coach J. D. Covington's strong weapon is no secret. Fullback Junior Coffey, a rambaging 185 - pound battering ram, leads the Dimmitt offense. . . and leads it well. The All - everything Coffey is a senior and well on his way to another great season. During the 1959 game, Coffey became a decoy against the Hereford defense while a host of speedy Bobcats zipped around the ends and passed over the close - in defensive backs.

But Covington's crew this year doesn't have all the experience in the backfield that he had last year.

In the Lockney game, Coffey scored on a 65 - yard play and again on a short plunge that capped an 80 - yard drive. But halfback Donnie Nelson also added eight points as he ran for a two - point conversion and lunged three yards.

Hereford, with a strong taste of victory after beating Canyon 28 - 0 in its only outing, will be out to prove that the victory was no fluke.

Coach Bobby Williams reported Tuesday afternoon that his entire squad would be in condition and ready for action Friday night at Whiteface Field. He also indicated two changes (Continued on Page 2)

School Board Tables Three Identical Milk Bids Again

Identical bids for the supplying of milk to local schools were tabled Tuesday evening during the regular meeting of Hereford Rural High School District Board.

The bids, submitted by Cream O' Plains, Sealtest and Borden's, each offered milk at 6 cents per half - pint container, with refrigeration boxes furnished by the school district. The trustees, after tabling

the bids for the third time, agreed to continue asking for bids until a low bid were received. Sealed bids have been opened at two previous meetings of the board.

Currently, milk is being supplied by Borden's, which had the milk contract for Hereford schools last year. The board members turned down a suggestion that the milk contract be split up among the

three companies, maintaining that they would stick by their policy of taking low bid for a contract of that type. The trustees recently purchased refrigeration boxes for the storage of milk in the schools, which cut the cost of milk a half - cent per half - pint container.

Sealed bids for the contract will be opened at the next meeting of the board. (Continued on Page 2)

District Awards To Five In 4-H

Five Deaf Smith County 4 - H Club members have been named winners of district awards given annually through Texas Agricultural Extension Service, it was announced by County Agent J.W. "Lefty" Thomas Tuesday.

The winners are Dick and Pete Plank, sons of Mr. and Mrs. Earl Plank of Dawn; Jody Bezner, son of Mr. and Mrs. A. J. Bezner of Dawn; Jim Higgins, son of Mr. and Mrs. Carroll Higgins of Hereford; and Lu Anne Higgins, daughter of Mr. and Mrs. A.B. Higgins, Route 4, Hereford.

Dick Plank, 15, won the district Electric Award, and his brother Pete, 19, won the Leadership Award, which is graded on the basis of work in club, community and states.

Bezner, 19, is winner of the Santa Fe Award, based on his total club activity during the past year.

Higgins, 13, is winner of the district's Range Management division, based on records of work he has done in that field. Miss Higgins is winner of the Recreation Award, based on family, club and community recreation planning and leadership.

The four boys are all winners of Gold Stars, given in November each year during Achievement Night held by 4 - H clubs in this county.

Higgins is a member of Hereford 4 - H Club, and Miss Higgins is a member of the Willing Workers 4 - H Club.

Bezner and the Plank brothers are members of the Dawn (Continued on Page 2)

Seek Products For Fair Booth

Deaf Smith County Agriculture Agent J. W. "Lefty" Thomas said all county residents are invited to enter products in a county booth to be set up at the Tri - State Fair in Amarillo next week.

The entries, he said, must be submitted at his office in the County Courthouse by Friday afternoon or at his home, 117 Aspen, Saturday.

Last year local residents won 20 ribbons for products entered in the booth, and residents took 14 ribbons in 1958. Entries will be judged Sunday, and the products will be on exhibit the remainder of the week.

First, second, third and fourth place winners will be awarded \$3, \$2, \$1 and 50 cents. Thomas especially urges entries by vegetable gardeners and 4 - H and Future Farmers of America members. Names must be attached to submitted products, he said. Adults and youth are invited to enter products. (Continued on Page 2)

Rotary Fellowship Student Tells Of Year With Swiss

European education at the university level and America's place in foreign affairs were primary topics for Donald Katz Monday night at a Hereford Rotary Club ladies night program.

Donald Katz

About 100 persons attended the special dinner meeting in the First Christian Church fellowship hall. Katz has just returned to the United States from a year of post-graduate study at the Swiss Federal Institute of Technology in Zurich. His year of advanced study and travel was arranged after he was selected as the Rotary Foundation Fellow from District 573. Every other year a student who has graduated from college is selected by the district for a year of study in another country.

A native of Amarillo, Katz was graduated from Rice Institute, Houston, with a BS degree in chemical engineering just prior to his selection. From the first grade through the sixth, Katz said, education is about the same in the U. S. and Switzerland. After that time, some students enter the equivalent of our junior and senior high school program.

Some of these attend college, where the changes are more pronounced. All of the students are fluent in German, French and most in English or Italian. English, he said, is the common language in Europe and rapidly is replacing French as the international language of diplomacy and commerce.

European students, after being subjected to a strict regime earlier, are unlimited by rules in universities. There are no written examinations and professors seem to care little of whether students learn or not. Oral exams cover 12 - 18 months of work and are very difficult.

The student-faculty relationship seems strange, Katz says, in comparison with methods here. No questions or interruptions are allowed and even after class it is almost impossible to have conference, since the instructors are shielded by two or three graduate assistants.

Katz told of visiting almost all of the Western European countries and their Rotary Clubs. "If you want to meet royalty while in Europe," he commented, "attend the Rotary Club meeting in Copenhagen, since the King of Denmark is a member there."

One of his most interesting experiences came when he and another foreign student took a night ferry from Denmark into the northern part of East Germany and then drove down small country roads to Berlin.

At the conclusion of a talk about America and particularly Texas at a Swiss Rotary Club, Katz said he was amazed when all of the questions concerned segregation in the United States. "It's hard enough to talk about segregation in English, but to answer such questions in German was almost impossible," he declared.

Americans, he felt, were liked as individuals, but not as a nationality. Europeans agree that we have money and power but think we are quite naive in foreign affairs. He also commented on the movement toward a European unity. By 1970 the trade alliance there plans to have tariffs only on goods from other nations, with free trade among the member nations. Such a union, he feels, has definite political overtones.

On Europe's perimeter, a free association is being formed between the British Isles and the Scandinavian nations. He concluded with his two conclusions as to how the current stalemate between Russia and her satellites and the free

nations will be resolved. First, he feels, would see one side triumph by force. The alternative to this would be a gradual equilibrium reached as opposite sides adopt ideas and ideologies of

By JIMMIE GILLENTE
Many things have changed in recent years, but I often wonder if people are as kind and thoughtful as they once were. Like, for instance, friends and relatives would gather around to look over a new baby and, pretty soon, someone would allow as how the kid might grow up to be president. Everybody knew it was an extremely remote possibility, but the remark made the mother feel mighty good - and that's probably how fathers first got into the rut of passing out cigars.

You seldom hear the presidential tag these days, and it's a shame. Instead, folks talk about the tremendous sacrifice required by the office; about how a president's health and vitality are sapped to the utmost, and some people will tell you they wouldn't want their child to be president even if it were handed to him on a silver platter. Of course, when the fellow has a ghost of a chance, like Mr. Nixon or Mr. Kennedy, parents change their tune. We are overlooking a real bet. This is the only nation where the average kid has even an outside chance to grow up and run the country - and if we keep repeating it from time to time, it makes us realize what a fine country we have. Chances for the average youngsters to be President of the United States are remote, and that's for sure! In Russia, though, even that outside chance

difference. What really got me off on this jag was a "Presidential Handbook" which Russell Carver game me. Statistics show that folks who want Junior to grow up and be president, should encourage him to become a lawyer. Since G. Washington took office back in 1789, we have had 34 presidents - and 23 of them have been lawyers.

Among the other 11, we had three farmers: George Washington, William H. Harrison and Harry S. Truman; three soldiers: James K. Polk, Ulysses S. Grant and Dwight Eisenhower; one tailor, Andrew Johnson; one publicist, Theodore Roosevelt; one school teacher, Woodrow Wilson; one editor, Warren G. Harding, and one engineer, Herbert Hoover.

Never a doctor, merchant, baker or candlestick maker. This 23 - 3 odds in favor of lawyers is certainly overwhelming. (Note to Jim Witherspoon and Ray Cowser: I did NOT say this was what is wrong with the country.) The firemen were whooping

things up for their annual convention here Tuesday, and angled - parked the Hereford fire trucks in front of the hotel. Someone mentioned it might be a good time to have a fire with 200 firemen on the job, whereupon 4-year-old Ronald Streu objected:

"No. That's the truck for 'cool kids ride on.'"

The Area Foundation rest home drive seems to be over the top. This is one of the few things in a long time which has been accomplished without substantial assistance from the Jim Hill Estate. I understand they were waiting to help out in the final rounds, but we fooled them and went over locally. The matching funds policy of the estate still deserves part of the credit, though. Without their generous assistance and firm demands of local participation in the past, we would probably never had nerve to tackle the project. If every town had a prod of this type, I firmly believe the American people might ultimately throw off the shackles of federal control.

And speaking of people who have contributed much to their community, I was happy indeed to hear that the Panhandle Firemen honored Onias Carroll for his long years of service to the department. Since 1924 - 36 long years - Onias has worked and sacrificed to help protect the buildings in this area from fire.

the other. This, he feels, is possible, since a middle class is beginning to evolve in Russia while the United States rapidly is embracing socialistic, welfare state programs.

Optimist Growth Told At Meeting

Harry Castle of Amarillo told the Hereford Optimist Club Monday that it has good reason to grow. Castle is a district officer of Optimist International.

We have no choice but to stand still or move forward, unless we die, Castle pointed out. The club can grow only if it can sell the Optimist program to fellow citizens.

He broke the problem down into a basic question of selling: To be salable, an item must be needed or desired. And if the product is better than another, the public will seek it.

"You first must convince yourself that Optimism is worthwhile," he said. Castle traced the civilization of man from his first anti-social days until the present. Much change occurred during the latter part of the 19th Century and the first part of the 20th Century. Programs developed to strengthen various phases of American life.

With leisure time and settled conditions, Americans began to feel a need to aid others. "Most of us feel so helpless. We don't have much money, or many talents or much time. Individually, we're a pretty weak thing," he said.

But a unified effort can make such individuals strong by pooling their resources for public good in many fields. "A service club is designed to make its members people - conscious," he concluded.

Hereford Group Attends Institution At Pampa Friday

Several Hereford Patriarch's Militant No. 36 Canton and Auxiliary members attended the Institution of a new Canton and Auxiliary at Pampa Friday night.

Those attending were Past Captain Ben Conklin, Captain A. R. Rogers, Chevalier Ruben Mayfield, Ladies Past President Anna Conklin, President Cora Lee Loving, vice-president Ruth B. Rogers and Roberta Combs.

Hereford members assisted with the Institution of Pampa Patriarch's Militant No. 43 Canton and Auxiliary.

headed for Stockholm, where they worked for M. Save, a Swedish industrialist. Just for good measure, they lived in the Save home during their visit. It all started more than a year ago when Dr. and Mrs. McKay were touring Europe and met the industrialist. They happened to mention their son, and Mr. Save suggested the arrangement.

Jimmy now speaks Swedish fairly well, thank you! He also knows a lot about the country and the people, having lived and worked with them. The boys terminated their jobs in July, then went on a walking tour in Lapland, covering some 90 miles on foot.

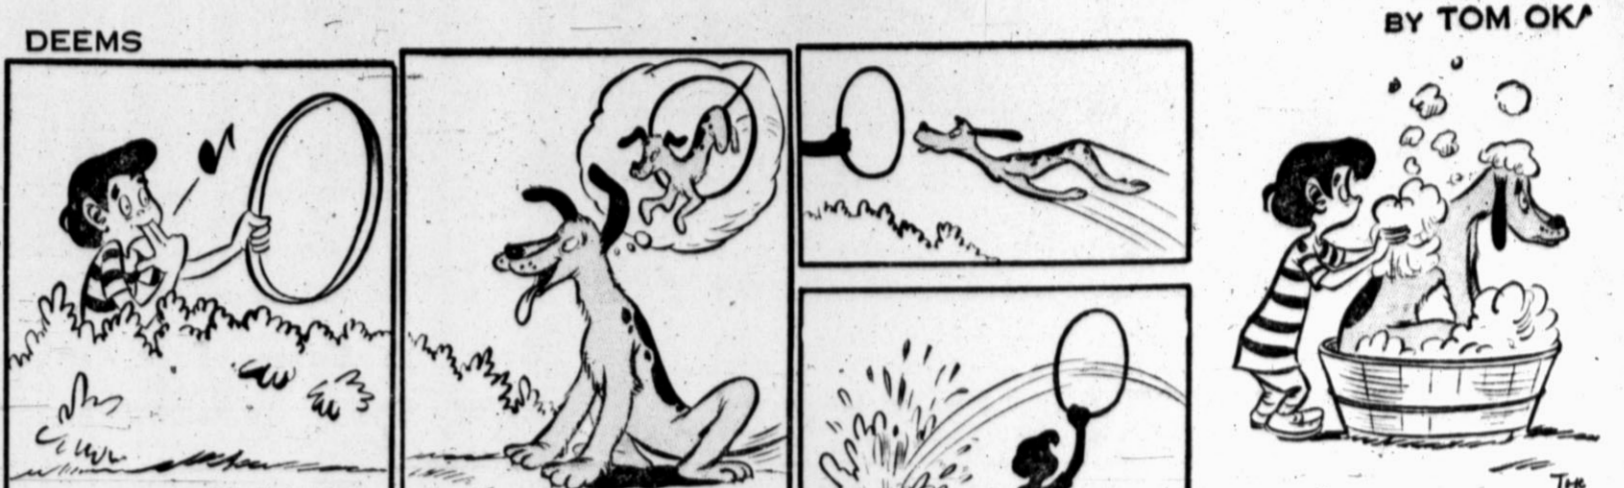

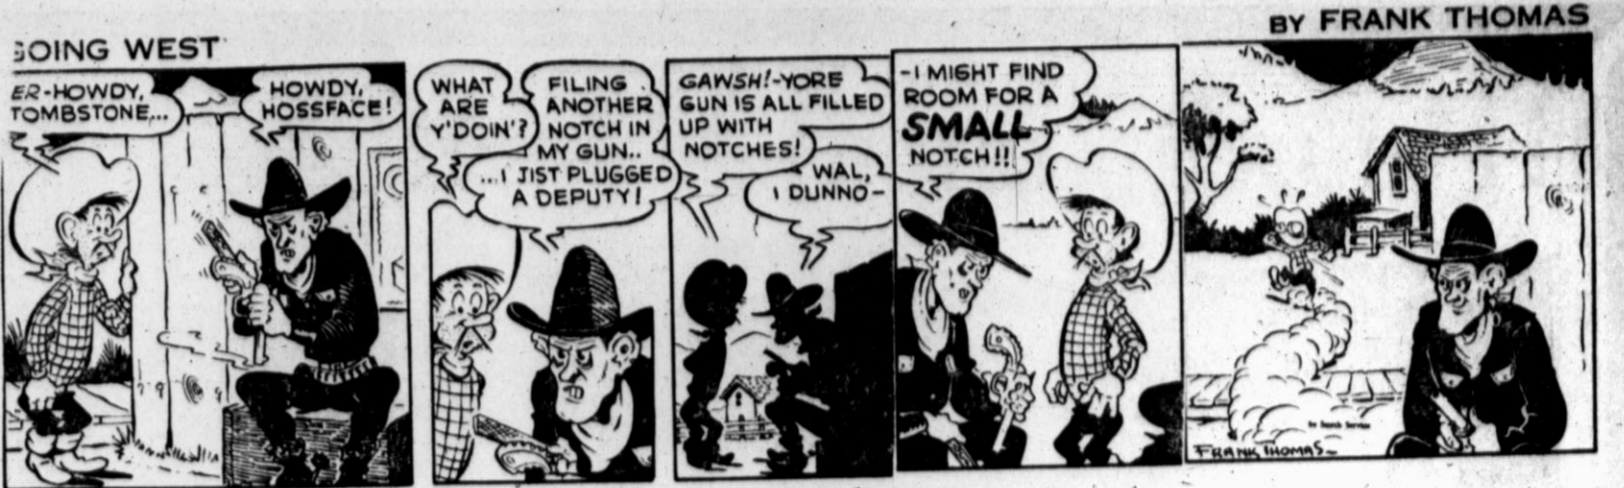

Ezra Norton used to tell about selling vaccine in the early days and, if no one was at home, how you cooked and made yourself comfortable. That's how Jimmy says they manage the rest huts in Lapland. The hiker goes in cooks, sleeps and uses all facilities. When he gets ready to leave he replaces the wood and water he may have used. He says this is an unwritten law of the country. Ezra always said it meant that the "latchstring hung outside the door."

Jimmy also managed to get in a nice visit with Buddy Jowell, son of Mr. and Mrs. George Jowell, who is now stationed with the American forces in Germany. The boys visited Switzerland and Italy before returning to the U. S., and both of them say that it is a summer they will never forget, no matter how long they may live.

Football is looking up. If you don't believe it, just ask Jim Wiman, Labry Ballard, Ed Skypala, or any other member of the Booster Club. The club has a wonderful program outlined for the season but, most of all, the boosters are getting honest and truly acquainted with the youngsters - and everyone loves it, including the boys. A program of this type makes athletics more worthwhile than any program I have ever seen. If you like sports, and haven't joined the boosters, you are missing a bet. Watch for the next meeting. They will be glad to have you, and you will say it is the best time you ever spent.

Governor Daniel Walking Tightrope To Convention

By VERN SANFORD
AUSTIN — He will not try to muzzle anyone who wants to complain about the National Democratic Party platform, says Gov. Price Daniel.

But the state Democratic convention in Dallas Sept. 20 is not the place, said the governor, to debate the pros and cons of the national platform. This conven-

tion, he said, is traditionally for the purpose of writing a state platform and certifying democratic nominees for state office.

Edward J. Drake, chairman of the Dallas County delegation, wrote the governor that the Dallasites would like to have a "full and factual" discussion of the national platform at the Sept. 20 meeting.

Governor Daniel said there are planks in the National Democratic platform to which he is definitely opposed. But he said he didn't feel there was enough difference between the Democratic and Republican platforms to justify criticizing one without applying the same criticisms to the other.

Governor Daniel said he was definitely opposed to freeing the Texas Democratic electors, as proposed by some, to vote for whom they please. He said he felt it was a matter of "simple integrity" for the Democratic electors to vote for the Democratic candidates if the party carries the state.

Since the Los Angeles convention, the governor's position has been to work for the Democratic ticket without endorsing the total platform.

A ruling by Atty. Gen. Will Wilson has provided a way out for Texas schools faced with conflicting state and federal orders regarding integration.

State law provides that a school system which integrates without approval of local voters loses state aid. Wilson ruled that this does not apply if the school is complying with a federal court order to integrate.

However, the ruling did not knock down the state law in question, Wilson said that schools that are not under federal court order and integrate without approval in a local election would still lose state aid and accreditation.

Immediately affected were two large school systems — in Houston and Dallas — both of whom are under court order to begin gradual integration plans.

Next year's money need will be so staggering the Legislature will have to resort to sales taxing, general or selective, to keep the boat afloat.

This prediction is made by Sen. William S. Fly of Victoria, chairman of the Texas Commission on State and Local Tax Policy. Fly was defeated in his race for re-election last May but contended his tax stand had nothing to do with it.

Those who do come back, said Fly, may face the need to raise as much as \$108,000,000 in new money. This is the estimated new revenue need if the Legislature enacts bills to raise teacher pay and provide medical aid for oldsters — both programs with wide popular support.

Latest report by the tax study group shows that Texas families are now paying less state taxes than the national average. Annual state tax bite on a theoretical "average" Texas family pays a state tax bill of \$235.51 a year.

Legislation to provide state federal payments for medical care for Texans on old age assistance has near top priority on his list, says Governor Daniel.

He noted that there are in state mental hospitals some 3,000 oldsters who are not really mentally ill, but who have no other place to go.

Meat Promotion Meeting Slated For Amarillo

A meeting to discuss meat promotion in Texas and the nation will be held Friday, Sept. 30, at the YWCA building, 1006 Jackson St. in Amarillo, according to J. H. West of Bishop, chairman of the Texas Meat Industry Committee, the sponsoring organization.

West, who is also president of the Texas Farm Bureau, said the meeting is one of 10 being held over the state to stimulate interest in meat promotion and to explain the work being done by the National Live Stock and Meat Board in this field. The state committee was organized last year to advise and assist the national board in promotional activities in Texas.

Jay Taylor, Amarillo rancher, will be in charge of the local meeting which will begin at 10 a. m. and be concluded by about 3 p. m.

Participating in the area educational meeting will be representatives of the state committee, national board, and the Texas Extension Service. A film, "Meat Cookery" produced and distributed by the NLSMB will be shown in the morning session, and representatives of the national board will discuss industry-wide promotional and research activities. Extension officials will explain the educational and promotional work being done in Texas. High-lighting the afternoon session will be demonstrations on meat selection, cutting, preparation and cookery. Lamb, beef and ham will be used.

The Texas Meat Industry Committee is a state co-ordinating agency for the National Live Stock and Meat Board which was founded by the livestock and meat industry some 36 years ago as a non-profit industry service organization. It is financed by voluntary contributions from livestock growers and feeders and meat packers on the following per-head basis: cattle, 2 cents; hogs, 2/3 cents; calves 2/3 cents; and lambs, 2/5 cents per head.

Contributions are collected from livestock growers and feeders by livestock marketing interests at the time the animals are marketed, and these are matched on a per-head basis by the participating packers when the animals are slaughtered.

The Meat Board collects over one million dollars a year in this manner. Expenditures include funds for research and nutrition, information and publicity, home economics, meat merchandising, homemakers' service, industry relations, motion pictures, meat contests, meat and nutrition exhibits, and meat clinics.

Normally, the Meat Board reaps a dollar's worth of free publicity for every dime it

of these people in nursing homes or their own homes would be "a great step forward," said the governor.

Enactment of such a program, he told the statewide Conference on Aging, is "near the top of the list of unfinished business of the administration."

He noted that a constitutional amendment to make such a program possible was approved by Texas voters nearly two years ago.

State Board of Education will ask the next Legislature to pass a law allowing investment of some of the permanent school fund in corporate stocks and bonds.

Object would be to obtain higher earnings from the \$400,000,000 trust and provide a hedge against future inflation.

Area Churches Slate Meeting Here Tuesday

Messengers representing 25 area churches and 5 missions will attend the annual meeting of the Tierra Blanca Baptist Association here Sept. 20.

Slated at the Avenue Baptist Church of Hereford, the Association will approve the annual missions budget, outline plans for the coming year's mission program, elect associational officers and hear inspirational messages.

Dr. C. Wade Freeman, director, division of evangelism, Baptist General Convention of Texas, will bring the annual state mission address.

Dr. Freeman will outline the denomination's state missions program and pinpoint plans for future growth in the state Baptist missions effort.

REP. WALTER ROGERS WRITES:

Danger Of Red China; Part III

To the people of the 18th District:

Brave New World.

China is the homeland of civilization's most enduring dictatorship — the very Alpha and Omega of despotism. Its hand of oppression reaches back from the Atomic Age and touches the ancient patriarchs who walked in the pre-dawn twilight of history. Its allegiance to totalitarian doctrine outlives the Pyramids, the Code of Hammurabi, or the Laws of Moses. And when Mao Tse-tung's triumphant army marched into the Forbidden City of Peiping on February 3, 1949, five thousand years of dignified but tortured Chinese looked down with profound silence. The communists are thus not the first masters of China, but they may well be the last. The degree of regimentation and repression of the people, planned or already afoot, is one of the truly revolutionary developments in all of man's experience. For life in China today seeks nothing less than the destruction, in large measure, of a part of human instinct itself. Indeed, the image which this land has presented in the past few years calls to mind a passage from Aldous Huxley's book of the 1930s, *Brave New World*:

"People are happy; they get what they want, and they never want what they can't get. They're well off; they're well off; they're safe; they're never ill; they're not afraid of death; they're blissfully ignorant of passion and old age; they're plagued with no mothers or fathers; they've got no wives, or children, or lovers to feel strongly about; they're so conditioned that they ing as they ought to behave..."

None of this, of course, has quite come true for China today. But as one sees more and more of the incredible upheavals within Chinese society, the picture which Huxley has painted appears less and less imaginary. The people who live under the Peiping regime are not only subjected to the familiar naked power of a police state. Something new, a more positive factor, has been added. The people cannot merely endure, they must appreciate; they cannot simply parrot communist doctrine, they must actively endorse it; they cannot even hope to die, but must publicly and

convincingly expound the glories of life in the mass.

What are the outlines of this life? Pack five thousand families onto a 10,000-acre farm. Work them ruthlessly for an annual salary of about \$35. Place their children in remote nursery centers. Shuttle them about ceaselessly, without regard to separations of husband and wife. Brainwash them daily in small "study groups." Drill them incessantly under full military discipline. Feed them at a common trough in gigantic mess halls. Develop an extreme emotional insecurity with an intolerance for and hatred of all other social and political beliefs. The result is roughly equivalent to commune life.

Four hundred million Chinese — three of every four rural dwellers — live in such a nightmare every day. And the movement is aiming toward the eventual envelopment of the entire population. It is more than the physical terror of a Stalin or a Hitler. It is a purge of the mind and the past; a systematic blotting out of virtually all loyalties except to the regime. Patriotic songs, street corner skits, fanatic slogans, and official ideology all penetrate to the most remote homes with all the endless pitter-patter of a carnival huckster.

More than half a billion people are neatly divided into "voluntary" study groups containing no more than a dozen members. Here the Psychology of the Herd is employed with insidious efficiency. Silence is impossible. Regular meetings require not only a thorough understanding of official doctrine, but an application of this doctrine calculated to discredit one's own ideas in light of the orthodox version. A crusading fervor combines with an understandable urge to belong and produces an irresistible and positive conformity unprecedented in human experience.

China, when the communists took over in 1949, had but one trump card: the most abundant population in the world. Mao and his followers have played that card with all their might and at every conceivable opportunity. The people were China's only natural resource, and they have been refined and molded far beyond the limits of reality. For all its horrible achievement, there is a sort of permanent danger of failure bound up with the entire process. As Winston Churchill once said in relation to another power, "Dictators ride to and fro upon tigers they dare not dismount. And the tigers are getting hungry." The stress of China's mental as well as physical diet may keep the tigers hungry for many years to come.

All-School Play Slated At HHS

Try-outs for the all-school play were held at Hereford High School Friday, Sept. 2. The play, sponsored by the Spanish Troop 896 of Hereford High, will be "Our Town," by Thornton Wilder.

This play is unusual in that it uses no settings in the normal sense of the word. The story is concerned with life and death in a small New England town, Grover's Corners, Mass., and since its first production on Broadway 20 years ago has attained the stature of a modern classic.

Cast in the play are Bob Barkley as the Stage Manager, John Buck as George Gibbs, Suzanne Langley as Emily, Troy Don Moore as Doc Gibbs, Jerry Cowart as Joe Crowell Jr. and Joe Stoddard. Dick Plank as Howie Newsome, Edward Allison as Wally Webb, Sharon Hill as Mrs. Webb, Audri Miller as Mrs. Gibbs.

Kay Seamonds as Rebecca Gibbs, Shirley Thompson as Mrs. Soames, Glen Nelson as Professor Willard, Fred Henry as Simon Stimson, Joe Shultz as Constable Warren, Fred Martin as Si Crowell, Dan McDowell as Sam Craig, Jimmy Reinauer as Mr. Webb.

The Dead will be portrayed by Betty Sue Lockhart, Shari Carmichael, Joyce West, Eugene Baldwin, Ken Betzen and Carl Miller.

The technical staff will consist of Judy Bradley, assistant director; Linda Edwards, stage manager; Joyce Ann Johnson, costumes; Mar-Gwen Lackey, props, and Carole Snead, house and publicity.

The play is directed by Burney McClurkin, high school drama and speech teacher.

The play will be presented Monday and Tuesday, Sept. 26 and 27, in the Hereford High School auditorium. Curtain time is 8 p. m.

"DOESN'T HURT a bit," contends young Randy Jones, son of Mr. and Mrs. J. P. Jones of Hereford, as he gets a polio inoculation at Hereford Clinic Friday afternoon. A local physician said Friday morning that all persons who have not taken the series of Salk polio vaccine shots should begin the series. He said those who have taken the series of three shots and if it has been longer than a year since they had their third shot, they should get a booster shot. Those who have had their series of inoculations and a booster shot and if it has been more than a year since they received a booster shot, they should get another booster shot, he said. All persons under the age of 50 years should arrange to complete the series of vaccinations, he added. (Staff Photo)

C OF C SCOUT

'Deaf' Smith Says

TO: THE SPIRIT OF GENERAL SAM HOUSTON
FROM: THE SPIRIT OF ERIC RASTUS "DEAF" SMITH
SUBJECT: THE FIREMEN COME TO HEREFORD

Sam, I was listening to Dub Reeves and Earl Phillips discuss the plans for the big 53rd semi-annual convention of the Panhandle Firemen's Association. Heard someone ask Dub if the firemen were just here for a good time since that was what "convention" meant to him, and Dub and Earl just about exploded.

"This convention was a very important training session," they insisted. All of the new techniques of fire fighting, of salvage, and of fire prevention were taught, they explained. There also were displays of new equipment. A representative of the State Department of Insurance was here to discuss factors affecting the fire insurance key rate.

"But what about the pumper races and the water polo matches? Aren't they just a lot of horseplay?" the inquisitive one queried.

"No siree" Dub and Earl said. The pumper races provide real practice in developing the skills necessary to get the hoses coupled to the hydrant and to the pumper, to get the hose stretched out to where it can be played on the fire, they explained. The races are to deter-

mine which department in the area has developed their skill the most.

Hereford won the championship at the last meeting held in Dumas. As the host department they were not eligible to compete for the awards but they did give a demonstration run, called "wetting the hose" to start the event off. There also were three teams of women competing in this event, too.

At this, the curious one jumped in again: "Women! Now don't tell me that they have women fire departments in the Panhandle of Texas! I know now that this is just all for fun."

After a slow court to ten Dub patiently explained that the women were invited to compete so that they would get some understanding of the problems their husbands would have to face.

"Well, what about this water polo? How did you play water polo when the pool was closed? Don't tell me that they even opened up the city pool just so y'all could play games!" "And what about this challenge that the Mayor of Dumas issued to our Wootie Wilson — I don't think Wootie can even swim let alone play water polo!"

After recovering from a slight stroke, complicated by apoplexy, Earl pointed out the error (Continued on Page 2)

Hereford Garden Club Has Meet

Mrs. A. L. Manjeot was hostess for a meeting of the Hereford Garden Club Friday morning in her home. Mrs. C. C. Ferguson assisted as co-hostess for the coffee.

The meeting was called to order by the president, Mrs. W.C. Hromas. Mrs. R. L. Wilson presented yearbooks to the group. The course of study for the coming year will be "Culture of Delphinium, the curing of dried material and design in flower arrangements."

The yearbook was dedicated to Mrs. Manjeot, who is a national judge, certified instructor and friend of all gardeners and arrangers.

Mrs. E. Ramey presented the introduction to Delphinium. She said in part, "Any kind of soil that will grow radishes will grow Delphiniums. You may grow either from plants or fresh hybrid seed — but put the seed in the refrigerator or home freezer two weeks before planting."

Mrs. M. T. Rutter gave a review of Eleanor Reed Volton's book on "Dried Flowers with the Fresh Look."

She said in part, "Flowers must be crisp and at their peak of beauty with the leaves stripped, to dry successfully. Collect a dozen stems at a time and put them in warm water to condition. Dry the stems to dehydrate quickly."

"Shake-off the dew drops and allow to dry. Spray with an insecticide. Very small flowers dry best. Then put them in a dry, dark closet to preserve color and encourage quick dehydration. The mixture for drying is two-thirds part of 20-Mule-Team Borax and one-third part corn meal."

"For preserving leaves, beat the stems and put in a jar of two parts glycerin and one part water. Leave them until they are shiny — sometimes two weeks. Oak leaves preserve well under this method. For berries, gourds, squash and cacti, coat with equal parts of alcohol and shellac, then hang them up to dry."

Life membership certificates were presented to the following members, who have been elected life members for some time: Mrs. Frank Brinkman, Mrs. E. E. Fridley, Mrs. F. M. Kester, Mrs. Jeff Gilbreath, Mrs. J. P. Slaton and Mrs. A. O. Thompson.

The club voted to contribute to the Community Center china, to the Christmas lighting fund and to the Golden Age Home fund. They also voted to contribute to the Texas Garden Club permanent headquarters fund in Fort Worth.

Those present for the meeting were Mesdames Jennie Clark, C. C. Ferguson, W. J. Hacker, Emmett Hale, O. G. Hill Jr., W. C. Hromas, John N. Jacobsen Jr., R. W. Mitchell, G. W. Newsom, E. Ramey, M. T. Rutter, S. S. Williams, R. L. Wilson, E. E. Fridley, A. O. Thompson, Frank Brinkman, C. D. Kelton and the hostess.

Mrs. Hugh Clearman and Mrs. J. V. Perrin were welcomed into the club as new members.

 in the ignorant one's comment. Water polo is not played in the pool. "A cable is stretched out between two trucks about ten feet off the ground - no, the cable is ten feet off the ground, not the truck - and an iron ball is attached to the cable. The two competing teams then try to direct the stream of water from their high pressure hose at the ball and drive it down the cable towards their opponent's end. This is practice in controlling a high-pressure water stream and in getting the water where it will do the most good. The teams are made up of two men - Gid Brown will help our Mayor Woodie beat this braggart bunch from Dumas."
 "Well, you firemen had a buffet and dance at the hotel afterwards and the ladies had to be entertained with a style show, so that proves I'm right and it is all for fun!"
 "Direct that hose right over here boys!"
 "That guy Thompson can ask the stupidest questions," said Dub as they watched him float down the bar ditch. "Here we worked hard to bring 300 money-spending firemen into town, and with their wives, and all he worries about is whether they just came to have fun or not. Come to think of it, I guess it was fun, too."

ities has already been allowed under the law for the University of Texas permanent fund, but the public school fund is limited to government bonds.

Board of Education also went on record as favoring salary raises for Texas teachers, noting that teachers trained here are being lured away by higher salaries in other states. No specific amount was suggested for the raise.

With past differences smoothed over, the Texas Youth Council is now in accord over the executive director's purchase of government surplus buildings.

Earlier, Council Chairman W. C. Windsor Jr. of Dallas had declared that Dr. James Turman did not have authorization

to purchase the two buildings for \$230. Other two Council members backed up Turman. Windsor called a special meeting to look into the matter.

After conferences, which Governor Daniel also attended, Windsor announced he was completely satisfied.

Turman said he had been offered \$25,000 for one of the buildings purchased for \$150 but that the contract with the government forbade such a resale.

One building is to be used to provide a classroom for Negroes at the Gatesville School for Boys and the other a lunchroom for the Gainesville School for Girls.

August collections for the

state wine, liquor and cigarette taxes totaled \$9,611,005, reports State Treasurer Jesse James. This is an increase of \$2,473,188 over August collections a year ago which was before tax increases went into effect. State general revenue fund ended the fiscal year last month with a deficit of \$34,572,407. Revenue for the year was \$1,252,298,961 - an all-time high; but not enough. State Department of Agriculture has announced the beginning of a demonstration livestock auction market news program beginning Oct. 16. Two livestock auction reporters are now being trained under the direction of the U. S. Department of Agriculture.

Class Officers And Sponsors Elected At Local High School

By MRS. R. L. PINNELL
All class officers and sponsors were elected this week at Adrian High School. These include: Senior President, Twilla Story; Vice President, Betty Frasier; Secretary, Linda Gruhlkey; and Treasurer, Kippy Morgan. Superintendent A. P. Jones will sponsor the group.

Junior President is Glenda Homfeld; Vice President, Sidney Blankenship; Secretary, Michael Hayes; and Treasurer, Peggy Sifford. Sponsors are Coach and Mrs. Don Johnson.

Sophomore President is Donna Brownlee; Vice President is Madeline Weidner; Secretary, Paula Creitz; and Cathy Kromer was elected Treasurer.

The freshman class elected Harvey Bronniman as president, Gary James, Vice President, Coralie Fortenberry, Secretary, and Phyllis Peters, treasurer. Sponsor is Coach Jim Clark.

Dens I and II of the Cub Scouts had a joint meeting Thursday afternoon at the A. P. Jones home immediately after school. Den Chief George Harwood met with the group. The boys enjoyed making plaster casts as a craft. "Citizenship" is the theme of the month. Mrs. Earl Brown served watermelon to the following boys: Jim Cavin, Johnnie Lewis, Raymond Jones, Jimmy Clark, Mike Perry, Charles Harwood, Dwane Gruhlkey, Jim Bob Perrin, Bobby Wayne Brown and Mrs. Jones and guest Wayne Bronniman.

An opening coffee was enjoyed Thursday morning at the home of Mrs. James Cavin. Yearbook committee members headed by Mrs. Leland Burns, presented the year's work to Mesdames Glenn Hetzler, Jim Sessions, Jim and Josie, Mrs. Ainsworth, R. L. Pinnell, and the hostess, Mrs. Cavin. First meeting will be Sept. 22 in the home of Mrs. Glenn Hetzler.

The two circles of the Womens Society of Christian Service joined for the first meeting of the year Wednesday evening at the Methodist Fellowship Hall. The group enjoyed a salad supper at 7 p. m. followed by a Twentieth Anniversary celebration program. Opening prayer was by Mrs. A. P. Jones. The birthday party for unification was under three heads. Presentation by Young Member, Mrs. James Craig. New Member, Mrs. Kenneth Milner and old member, Mrs. Anna Witt. Lane Fires Hot Hundred To Keep Champion's Title

Determined to keep the title he won last year, Ben Lane Jr. of Amarillo turned on the pressure Sunday afternoon to win the Hereford Invitational Tournament championship.

Lane had a 100 total for 27 holes of medal play to win over Charles Seed of Hereford, Russell Haberer of Muleshoe and Arthur Payton of Clovis, N. M.

Seed won a tense playoff to take runner-up honors over Haberer. Both had carded 102 scores at the end of 27 holes, and Seed won the fourth hole of a sudden-death playoff. Payton had a 111 at the end of medal play.

Lane put on a tremendous showing before a gallery of about 50 persons when he shot seven 3's on holes 19 through 25. He parred holes 26 and 27. "Holes 19 and 20 turned the tide in my favor," the Amarillo linkster said, referring to a birdie and eagle on the two holes.

Hereford golfer Joe Kerr took the first flight title over Aaron Carthel of Floydada, 5 and 4. Second flight went to Gordon Cooper of Austin over Hoyett McCloud of Plainview, 1 up.

Dan Manley of Amarillo took a 3 and 2 win over Donald Bridges of Hereford for third flight honors, and fourth flight went to Buddy Hutson, who defeated Hubert Vernon of Dumas 1 up on 19 holes.

Sam Albracht of Hereford scored a 5 and 4 win over T. J. Roberson of Olton to win the fifth flight, and sixth flight was won by Frank Cornelius of Olton, who downed Leroy Hackler of Olton 2 and 1.

In the championship consolation, Danny Elliston of Lubbock took an extra hole in downing Brad Wilson of Canyon, 1 up. Both had 107 scores in 27 holes of medal play. Others in the consolation finals were John Renner of Friona, 119, and Jerry Barrett of Amarillo, 112.

Other consolation matches went to: Reece Manning of Amarillo, 2 and 1 win over Buddy Hamilton of Amarillo, first flight; Grady Walker of Amarillo, 2 up win over Wendell Burdine of Hereford, second flight; Bill Walker of Floydada over Raymond Merriweather of Plainview, 3 and 2, third flight; John McCleskey of Hereford, 2 up win over Dr. Bill Ballard of Amarillo, fourth flight consolation; Clint Formby of Hereford over Elton Singer of Dimmitt, 1 up on 19 holes, fifth flight consolation; and Ed Schroeter of Hereford over G. L. Mings of Friona, 2 and 1, sixth flight consolation.

Local linkster Seed pressured Lane, Haberer and Payton in the first nine Sunday morning by shooting a three-under-par 33. His other scores, 37 and 33, gave him a total of 102. Lane had a 35-35-30 for 100; Haberer had a 34-34-34 for 102; and Payton had 35-39-37 for 111.

Seed won applause from the gallery several times and drew their sympathy at other times when long putts stopped within inches of the hole. He was within range of a championship win through the first 25 holes.

The Hereford Invitational was played Friday, Saturday and Sunday. A total of 104 golfers entered the six flights and championship bracket.

In the championship flight Friday Lane won over Bill St. Clair of Muleshoe, 3-2; Jimmy Johnson of Levelland won over John Renner of Friona, 4-3; Haberer won over Jimmy Craig of Canyon, 4-3; Irvin St. Clair of Muleshoe won over Danny Elliston of Lubbock, 1 up on 19; Roland Adams of Lubbock won over Jerry Barrett of Amarillo, 5-4; Seed won over Bob Childers of Canyon, 5-4; Bob Lindsey of Dimmitt won over H.D. Cogburn of Amarillo, 1 up on 19; and Payton won over Brad Wilson of Canyon, 3-2.

On Saturday, Lane won over Johnson, 2-1; Haberer won over Irvin St. Clair, 1 up; Seed won over Adams, 2-1; and Payton won over Lindsey, 1 up.

In the first flight, Friday results included: Dale Timin of Hereford over Reece Manning of Amarillo, 1 up on 19; Joe Butler of Dimmitt over Ben McCleskey of Hereford, 3-2; Bill Melton of Tulla over Roy Hartman of Hereford, 1 up; Joe Kerr of Hereford over Paul Jones of Clovis, 2-1; Loyd Mings of Friona over Don Fritz of Lubbock, 2-1; T. F. Vaughn of Lamesa over Russell Carver of Hereford, 3-1; Wimpy Walker of Dimmitt over Buddy Hamilton of Amarillo, 3-2; and Aaron Carthel of Floydada over Glen Render of Dimmitt, 5-4.

Saturday results in that flight were Butler over Timin, 2-1; Kerr over Melton, 3-2; Mings over Vaughn, 2-1; and Carthel over Walker, 1 up on 20 holes.

Second flight results Friday were: Hoyett McCloud of Plainview over F.M. Cogdell of Hereford, 2-1; Don Bryant of Muleshoe over Grady Walker of Amarillo, 3-2; Max Harrington of Anton over Henry Aycock of Hereford, 3-2; Dick Garner of Plainview over Loyd Childers of Canyon, 1 up; Gordon Cooper of Austin over Sam Gilbreath of Dimmitt, 3-2; Russell Bryan of Muleshoe over Paul Jette of Hereford, 3-2; Bill Watson of Tulla over Harold Newsom of Muleshoe, 1 up on 19 holes; Ted Haberer of Muleshoe over Wendell Burdine of Hereford, 1 up.

Saturday, McCloud won over Bryant, 4-3; Garner won over Harrington, 4-3; Cooper defeated Bryan, 2-1; and Watson won over Haberer, 4-3.

Third flight results Friday included: Al Yeager of Hereford over Buck Hickerson of Floydada, 1 up; Don Manley of Amarillo over Doc Cawan of Here-

ford, 5-3; Don Little of Hereford over Mickey Baucum of Lubbock, default; C. L. Wilson of Canyon over Raymond Merriweather of Plainview, 5-4; Donald Bridges of Hereford over A. C. Carthel of Floydada, 2-1; Carl Rushing of Olton over Dick Ross of Hereford, de-

fault; H. B. Thomas of Dimmitt over L. L. Reece of Lockney, 4-3; and Earl Springer of Hereford over Bill Walker of Floydada, 4-3.

On Saturday, Manley won over Yeager, 2-1; Wilson beat Little, 1 up on 19; Bridges won over Rushing, 1 up; and Thomas defeated Springer, 2-1.

Friday results in the fourth flight were: David Christopher of Amarillo over J. W. Robinson Jr. of Hereford, 1 up on 19; Jim Graves of Plainview

over Dee Brown of Muleshoe, 1 up; Hubert Vernon of Dumas over Jimmy Curtis of Amarillo, 2-1; Glen Mings of Friona over Dr. Bill Ballard of Amarillo, 1 up; Tubb Roach of Amarillo over John McCleskey of Hereford, 1 up; Curtis Tate of Dimmitt over J. W. "Lefty" Thomas of Hereford, 4-3; Chester Jones of Anton over Ray Godwin of Amarillo, 3-2; and Buddy Hutson of Hereford over Harold Hamilton of Amarillo, 2-1.

Saturday, Christopher won over Graves, 5-4; Vernon won over Mings, 1 up on 19; Tate defeated Roach, 1 up on 19; and Hugson beat Jones, 1 up.

Fifth flight results Friday included: Jake Watson of Floydada over Woodrow Whitaker of Friona, 2-1; Archie Sorley of Olton over Palmer Norton of Hereford, 2-1; Kenneth Bebo of Vega over Elton Singer of Dimmitt, 2-1; Sam Albracht of Hereford over Joe Noland of Floydada, 2-1; Jim Curtsinger of Hereford over Tooter Layland of Lubbock, default; Neil Herrin of Anton over Harold Loerwald of Hereford, 2-1; C. J. Albracht of Hereford over Clint Formby of Hereford, 1 up on 19; and T. J. Roberson of Olton over Lee Renner of Friona, 3-2.

Saturday results in that flight were: Sorley over Watson, 6-5; Sam Albracht over Bebo, 6-5; Curtsinger over Herrin, 1 up on 19; and Roberson over C. J. Albracht, 6-5.

Sixth flight results on the first day were: H. B. Carson of Olton over G. L. Mings of Friona, 3-1; Leroy Hackler of Olton over George Richards of Olton, 4-3; Frank Cornelius of Olton over Ed Schroeter of Hereford, 1 up; Herb Owen of Olton over Shorty Silcott of Olton, 1 up on 20 holes. In finals, Hackler won over Carson, 4-3, and Cornelius won over Owen, 2 up.

In championship consolation match play, results included: John Renner over Bill St. Clair, 2-1; Dan Elliston over Jim Craig, 2-1; Jerry Barrett over Bob Childers, 2 up; and Brad Wilson over H. D. Cogburn, 3-2.

Semi-finals in other consolation play included:

First flight consolation — Reece Manning over Ben McCleskey, 2-1; Paul Jones over Roy Hartman, 1 up; Russell Carver over Don Fritz, 3-2; and Buddy Hamilton over Glen Render, 2-1.

Second flight consolation — Grady Walker over Frank Cogdell 2-1; Loyd Childers over Henry Aycock, 1 up; Sam Gilbreath over Paul Jette, 3-2; and Wendell Burdine over Harold Newsom, 1 up.

RUNNING WIDE, Hereford fullback Eddie Skypala tallied a pair of extra points against Canyon Friday night. Skypala scored three touchdowns and these extra points as the Herd moved into the victory column with a 28-0 win over Canyon. Defending on the play is Eagle halfback Harry Lisle. (Staff Photo)

How Can I?

By Anne Hubley

Q. How can I cure a window shade that persistently flies up out of reach?

A. Roll the shade up tightly, remove from the window, and bind with a rubber band. Pour any good spot remover into a bowl and insert the end of the shade with the flat projection that controls the windup mechanism and the grooves that hold the shade at any desired position. Move from side to side quickly to wash the oil and dust from the grooves, and your shade should work more efficiently.

Q. How can I clean wrought iron?

A. Wrought iron fixtures and ornaments can be cleaned very efficiently by rubbing with a woolen rag, moistened with any thin oil, such as paraffin or kerosene.

Q. How can I renovate a pot lid that has lost its knob?

A. A sharp, pointed screw thrust up through the hole and into a cork will put it back into the knob class. The cork is heat-proof, too.

Beauty At Home

Q. What is a formula for a "homemade" hair-curling fluid?

A. One very good one consists simply of the white of an egg beaten with an equal quantity of water.

Q. How can I remove some mascara stains from one of my unwashable dresses?

A. Sponge with carbor tetrachloride, or work in an absorbent (fuller's earth, cornstarch, or talcum), let stand, and then brush out.

Q. What is it the character analysts have to say about the various colors of eyes?

A. Black eyes are believed to indicate wit and ambition for power. Brown eyes are supposed to show affection and sincerity. Hazel eyes are mischievous and go with a happy and active nature. Blue eyes denote the optimist and dreamer. Gray eyes mark wisdom and perseverance. Green eyes are associated with talent and a shrewd mind.

Q. How can I make my own fingernail polish remover?

A. Buy two ounces of acetone from your druggist, and you'll have a supply that will last two months at a fraction of the usual cost.

Question Of The Week

If you were running for President of the United States, what would your platform be?

Jan Reese — Close all schools! Raise salaries!
Ann Lance — I would import more boys and have more hillbillies with their private chauffeurs.
Sharon Farmer — More single boys, and more married girls.
Kay Thompson — I would have higher salaries, fewer hours in school and longer weekends.
Lynn Thompson — I really hadn't given it much thought because I'm not planning on running in the very near future.
Kay Cole — I would get rid of all high-classed snobs.
Sandra Wester — I promise to get rid of all laws against lake plugs.
Kay Lemons — I promise to have school only three months a year.
Nancy Green — I promise more pay for less work.
Nicky Nan Newton — I promise to help Coach Hodges grow his hair back.
Jenny Roberts — I would have thirty-minute classes and two-hour lunch periods.
Sandra Hodges — I would abolish all schools.
Coach Kitchens — Cut taxation.
R. V. Young — I would have a world-wide offensive against communism.

Exchange Student Adapts To Hereford High Quickly

Miss Guess Who

A junior who has light green eyes, light brown hair and is five feet, one inch tall is our Miss Guess Who. She worked for Consumers Fuel all summer and is still working there under the Distributive Education program.

She wants to go to business college and then be a secretary or bookkeeper after she graduates. One of her hobbies is riding around with Kenneth.

When asked how she felt about being Miss Guess Who, her reply was "I appreciated it very much and would like to take this as a means of thanking my homeroom for selecting me."

Mr. Penner is her homeroom teacher.

One of the newest additions to our Hereford High student body this year is Heidi Rutishauser. Heidi, an exchange student, comes to us from Pfungen, Switzerland. She is staying with the Don Moore family.

Her American sister, Sandra, is a senior at Hereford High.

Heidi boarded the ship, "Seven Seas," at Rotterdam, Netherlands, and arrived in New York City Aug. 17. While on board ship, Heidi recalled there were several dances and various other activities sponsored by the American-Field Service personnel.

Heidi plans to become either a primary or secondary school teacher. She attended a private school for six years, then transferred to a "gymnasium," which she attended for two years. Heidi will attend Lehrantschule, a school for future teachers, for four and one-half years. Upon graduation, she will attend a teaching seminary for one-and-a-half years in order to receive her teaching diploma.

Heidi stated that she attended classes with the same group of students all through secondary or high school. Also, they had no choice concerning their subjects in the most part. However, she did take Latin and Greek in addition to her regular subjects. Heidi was a member of the mixed choir.

Heidi explained that there were not so many outside activities as we have here. She said she had never been to a slumber party or gone "snipe hunting" before coming to the United States.

Heidi also thought the girls seem much older here; maybe because of the use of so much make-up. She added also that the girls seemed to confide in each other more here than in Switzerland.

Another difference she observed was that in Switzerland the students usually wear the same garment a whole week, while here every one wears a different garment each day.

When asked her opinion of the students in Hereford, Heidi replied, "The students are being friendly and already seem like comrades to me. The first day of school I was somewhat afraid, but I was surprised to see how friendly the students really were!"

Whitefaces Down Canyon Eagles Friday Night, 28-0

Friday, Sept. 9, the Hereford Whitefaces rolled over the Eagles from Canyon 28-0 at Buffalo Stadium in Canyon. The Whitefaces, led by senior Eddie Skypala, fullback and half-back Mack Cansler, showed great ability and determination as they fought hard every second of the game.

As the game opened, a cold mist was falling but it lasted only until the end of the first quarter or so. Eddie and Mack almost monopolized all the scoring by themselves.

At the end of the first half, the score stood at 22-0 for the Herd, as a result of a very fast second quarter. Half-time per-

formances were exhibited by the bands from Canyon and Hereford.

Little Dennis Hodges and Jim Collier proved themselves and their ability as they greatly

helped the Herd's running yardage. The big Hereford line, led by All-State guard Edwin Thomas, provided many thrills throughout the game as they opened the Canyon defensive line for the backs to crash through.

Last year the Whitefaces were defeated by the Eagles, 38-8, but this year the tide was turned. This was the first victory for the Hereford "A" team against Canyon since 1955. Hereford, now 1-0 for the season, will meet the Dimmitt Bobcats Friday, Sept. 16, in Whiteface Stadium. A large crowd is expected to attend the game.

Mr. Thompson Takes Advanced Guidance Work

Next weekend Mr. Robert Thompson will leave for San Diego, Calif., where he will be enrolled in three courses in advanced counseling and guidance. He will be there for eighteen weeks. In addition to these courses he will be assigned to a senior high school in San Diego, where he will administer psychological tests in the fields of vocational guidance, personal problems, and educational planning.

Mr. Thompson has been granted a scholarship of \$105 a week for 18 weeks. It is a continuation of the courses he took at Austin this past summer. There will be 25 in the class from all over the United States.

Mr. Thompson said his purpose in taking this training in the field of counseling and guidance is to be able to render a greater service to the young people with whom he works. He said he was very fortunate to be awarded this scholarship.

Roses . . . And Thorns

Roses to the students who are at school on time.
Thorns to those who are late to class.
Roses to the school authorities for getting the lunch hours arranged.
Thorns to those who are loud in the halls.

A farmer went to the barn to see how the new hired man was coming along with the milking.

When he got there he found the man had finished milking and was letting the cow drink the milk from the pail. When the farmer asked what he was doing, the hired man said "Well, you see she stuck her foot in the pail of milk and I thought I better run it through again."

Hi! We hope everyone had a wonderful summer and that you were looking forward to the new school year. We've been seeing a lot of new faces around school this year, so we would like to give a hearty welcome to the new sophomores and new teachers. We know you will enjoy HIS and we hope to make this year more enjoyable for you by publication of the best school paper ever.

LAST APPEARANCE for the 1960-61 edition of the Big Domino Band was during the band's performance as successful halftime of the Hereford-Canyon football game. Directed by Mr. Ben Gollehon, the band's performance was as successful as the football team's. (Staff Photo)

Big Domino Band Puts Its Best Foot Forward Friday

Members of the Hereford High School "Big Domino" band put their best foot forward at the football game at Canyon Friday night, as they made their first public appearance of the season under the direction of Mr. Ben R. Gollehon, newly-acquired band director for both Hereford High and Stanton Junior High bands.

Mr. Gollehon moved here from Pampa, where he was band and choir director for Pampa Junior High. Both the Pampa Junior High band and choir won the "Sweepstakes" award by winning three first division ratings at the University-Interscholastic League contests at Canyon last year.

The director's home town is Dimmitt. He was graduated as a music major from West Texas State.

"I'm trying to develop a spirited, well-disciplined, sweepstakes band," stated Mr. Gollehon.

The band will play for all football games. They will go to the Tri-State Fair Sept. 19, and to contests at Canyon during their 1960-61 year. All band members are looking forward to going to contest at Corpus Christi this year.

Twirlers for the season will be Jerre Bea Noland, Pam Clay, Cherry Holt, and Jenny Holt. Robert Bell will lead the band as drum major.

Mr. Gollehon is planning to have the stage band play for assemblies, other school functions, and possibly at the basketball games.

Harvey Penner New Teacher

Harvey Penner is the new mechanical drawing and crafts teacher at Hereford High. He teaches five classes with a total of 55 students. His home town is Corn, Okla. He graduated from Southwestern State College in Weatherford, Okla. with a major in industrial arts. He is single and he lives at 600 Union.

He thinks Hereford has a nice school system, a beautiful building and is a friendly school. He might continue his schooling by working for his master's degree. He is all for small classes.

Staff members are: Molly Davis, Kay Packard, Nicky Bradford, Kay Woolery, Judy Price, Judy Smith, Nicky Newton, Ann Lance, Carl Miller, Vicki Worley, Charlie Thomas, Dianne Clearman, Sharon Farmer, Nancy Green, Eugene Baldwin, Wayne Stevens, Audrie Self, Patsy Livesay, Jimmy Collier, Carolyn Hammett, and Phyllis Ward. Our sponsor is Mrs. Martha Laceywell.

Senior Class Personalities

Lanky Carl Miller plans to be a basketball coach after he finishes his career as a star in Hereford High School. He doesn't have any special girl; he just plays the field.

Some of his favorite foods are Mexican food and shrimp. He spends his time goofing off and his hobby is playing basketball. Carl's height is very helpful to him in his ball playing. He is looking forward to the time when basketball season will start; and the students are looking forward to seeing him as one of our stars to lead the mighty Herd to State.

He plans to attend college after graduation, or he may join the Navy.

Charlie Thomas is up next. He, too, is one of Hereford High's basketball stars. He doesn't have any special girl friend; He seems to like them all, too.

Some of his favorite foods are Mexican food and cherry pie. He spends his time doing things and going places.

He would like to go to college and play basketball. He is acknowledged as one of our outstanding players and would be a great addition to any college team.

His advice to underclassmen is to enjoy it if you can.

Miss Thompson Enjoys Teaching

(By Whiteface Staff)
Miss Wanda Thompson teaches three classes of typing and two shorthand classes this year at Hereford High. She chose these particular subjects because she enjoyed them so much in high school and college. She thinks that these courses will benefit students in the future and hopes to prepare them. Miss Thompson had wanted to be a teacher since was a little girl. She "played teacher" to her dolls and the children in her neighborhood. When she entered Hardin-Simmons University her decision was set for teaching and her goal was to be a good teacher. Miss Thompson's hobby is keeping scrapbooks. She enjoys it because she likes to collect

Max Washington Teacher, Coach

(By Whiteface Staff)
Max Washington teaches English I and II this year at Hereford High School. He chose English because he enjoys it and thinks it is a necessity. Mr. Washington attended West Texas State College, where he played football. He enjoys athletics of all kinds. Mr. Washington's hobby is things; therefore, she preserves them in her scrapbooks. As a pastime, she likes to play the piano. When asked what she thought of Hereford High and its students, Miss Thompson replied, "I like the school and am pleased with my classes. The students have been courteous and cooperative."

hunting, which is relaxing and is good exercise; since he doesn't have much time for it, he is interested mostly in football. Mr. Washington thinks the football team will have a very successful season because there are many capable boys on the team. Mr. Washington was born in Flomont in 1937. His parents are Mr. and Mrs. G. E. Washington. He is married but has no children. Mr. Washington enjoys being in Hereford High and likes the people.

Spotlight On Band Director

(By Whiteface Staff)
Mr. Ben R. Gollehon, new Hereford High band director, resides at 336 Ave. B. He and his wife, Virginia, have a son, John, 19 months old. He came to Hereford from Pampa, where he taught band and choir for two years. Mr. Gollehon likes Hereford just fine. "In fact," he stated, "it's just like coming home, I grew up in Dimmitt." He has always like band and "kids." He started in band in the fifth grade at Dimmitt and is still playing. Mr. Gollehon plays woodwind instruments, but likes the clarinet best. He has 60 band students now, but would like to have 90 or 100. Mr. Gollehon's hobbies are water skiing and boats. He is also interested in choral work and is choir director at the First Christian Church in Hereford.

Loy Stone New Biology Teacher

(By Whiteface Staff)
Mr. Loy Stone is another new teacher in Hereford High School this year. His field is biology. Mr. Stone says he attended college at West Texas State this spring to "learn something new." He teaches biology because he studied it in college and wants to get to know teenagers. Mr. Stone was born in Pampa, and his hobbies are shooting and electronics. About Hereford High he says: "I think it is a good school with fine students."

What Is The National Honor Society?

(By Whiteface Staff)
Last year, for the first time, a National Honor Society was organized in our school; is composed of the top 15 per cent of the senior class and the top 10 per cent of the junior class. To gain membership in NHS, a student must have at least a B - plus average and be outstanding in citizenship. Selections are made by a teacher council composed of one teacher from each class, the club sponsors, the principal, and the assistant principal. Each semester the student is re-evaluated and, if he has dropped below the standards, he is dropped from the roll. Sophomores in the top five per cent of their class are probationary members. They do not have an active part but will become members the next year if they keep their grades up. There are four guiding principles of the NHS: leadership, scholarship, citizenship, and service. It is the duty of the member to uphold these and set an example for the other students. Next month, senior members will be taking tests in order to apply for \$150,000 in scholarships given annually through the society. Upon graduation, members' diplomas have the emblem on them certifying membership in the society.

Thoughts
(By Whiteface Staff)
When I can make my thoughts come forth
To walk like ladies up and down,
Each one puts on before the glass
Her most becoming hat and gown.
But oh, the shy and eager thoughts
That hide and will not get then dressed
Why is it that they always seem
So much more lovely than the rest?

Sophomores Are Impressed

(By Whiteface Staff)
The following question was asked of a few new sophomores: How do you like HHS and how have the upperclassmen been treating you?
Jim Grubbs — It's a lot better than I expected. The upperclassmen have given me very little trouble.
Shari Carmichael — The school itself. Everyone is wonderful! Terry Smith — I love the school for the upperclassmen, I've had it!
Kay Seamands — The school is fine and the upperclassmen are sort of - - - uh - - - unbelievable.
Janie McBroom — I don't like the street cars in the hall!
Audni Miller — The upperclassmen have been very friendly. I especially like being in "Our Town."
Charles Kelly — So far I like HHS fine, although I can't find time to breathe! The thing that surprises me is that all the upperclassmen treat me so nice.
Jim Barnett — I like HHS better than I did any other school I have been to. As for the upperclassmen they have treated me fine.

... And School Has Begun

Doors open. The students - eager, sad, frightened quickly fill the halls. Lost sophomores rush fiercely about trying to find classes. Seniors stroll leisurely down the halls noticing the changes. Juniors are back, eager for the year that will put them 11 down-one to go. Schedules are changed, students switch classes, and then finally settle down to the daily routine. No one is lost or frightened anymore. Everyone

Letter To The Editor

Hereford, Texas
September 9, 1960
Dear Mr. Gillentine,
I was glad to see the little memo to candidates on the editorial page of Sunday's Brand. This opinion is so good but so seldom found. It seems that most people are interested in voting for the candidate who can offer them the most and asks the least from them. Nearly every magazine in print today carries an article in each copy about security of the personal kind. We must raise our children just so or they won't feel any, we must possess so much or we won't feel any, and we must help others so much or they won't feel any. As a result of all this our ideas of security have certainly gotten out of hand, and now it seems to boil down to the fact that the only way to know security is to make more money.

have more or live it up. This year will be a crucial one with regard to all of our security whether we like it or not. Each of us needs to remember that our nation was founded for the people's security in the only way that brings it - by freedom. There and there alone lies our security, for security is a state of mind that cannot be bought or manufactured. We tend to shun this idea because it carries with it a responsibility not only of preserving our own freedom but also of preserving everyone else's, too. We might have to choose a gainst our personal wants some time, but our nation's builders did, too. Many of them had to leave their families in the wild back country in order to go to the polls or assemblies to vote to keep the freedom they treasured. How glad we should be that they were that dedicated to the principles of our government. We can only hope that the voters will vote for the candidates who in no way threaten any of our freedoms, that do not promise something for nothing, and who will help our entire nation. Our greatest danger may not be in communism or threats of war, but with our own lack of concern for keeping our government and our nation working for the principles on which they were founded. May we all think wisely before we vote.
Yours truly,
Mrs. W. C. Davis

Graham Gets New Position At HSU

George L. Graham, former superintendent of Hereford schools, has been named executive vice president of Hardin-Simmons University.

The position is a new one created as one of the last major steps toward an administrative organization laid out by Dr. Evan A. Reiff, H-SU president, and Walton has been vice president and dean of student affairs.

Dr. Reiff said the changes in Graham's and Walton's assignments are the final step in establishing a university administration designed for expansion of H-SU to an enrollment of 3,000 to 3,500 students and the continuation of development of the university's graduate and professional program and other services.

Graham will hold full authority from the president's office for the general management of student affairs, business activities and public relations, Dr. Reiff explained. His judgment will be considered final in those fields except in matters of policy or advice wherein he seeks counsel from the president, or in matters which the university president specifically requests be referred to himself.

Dr. Reiff will maintain direct authority over personnel, long range development and general policy for the university. In the future, H-SU will have no dean of student affairs, but the dean of men and dean of women will report directly to Graham.

Graham, who holds bachelor of science and master of education degrees from West Texas State College, was associated with various public school systems in the Panhandle for 25 years before joining the H-SU staff in 1927, first joined the Hardin-Simmons staff in 1927 as associate professor of religious education. He left the university to serve as superintendent of Kirkland schools from 1932 to 1935, and as president of Ranger Junior College and superintendent of public schools at Ranger from 1935 to 1941, when he returned to H-SU.

He is a former president of Panhandle School Leaders Association and vice president of District IX, Texas State Teachers Association.

IN TEXAS... You pay 90¢ tax on 10 gallons of gasoline

Everywhere in Texas, car owners pay 90¢ tax on every 10 gallons of gasoline they buy.

Does a tax this high—on a basic commodity like gasoline—really make sense? Gasoline taxes across the nation amount to a 50% sales tax—and that's five times as high as the tax rate on luxuries like diamonds and mink coats.

How did gasoline taxes get so high? Well, since World War II, there have been three increases in the federal gasoline tax alone. This brought the Federal tax to 4 cents a gallon, in addition to the State tax of 5 cents a gallon.

Looking at it another way, in the last ten years gasoline taxes have skyrocketed 51%—yet the price of gasoline itself has risen only 5.5% during the same period.

\$78 a year for gasoline taxes! Gallon by gallon, these taxes add up to a lot of money. Each year the average motor vehicle owner in this state pays \$78 for gasoline taxes alone. That's just a few dollars less than the average week's pay for most people!

Your gasoline dealer—who must collect these taxes from you—feels that gasoline taxes are much too high. More and more, thinking people are coming to agree. What do you think?

HIGHWAYS AND GASOLINE TAXES
Your gasoline retailer, naturally, favors construction of the roads that the motoring public needs. He believes in fair and reasonable taxation for this purpose but feels that taxes on gasoline have now reached unreasonably high levels. He also believes that all special taxes on the motorist should be used only for highway purposes. Yet last year, out of every automobile tax dollar collected by the Federal Government from highway users, more than 40 cents went for non-highway purposes. If these automotive tax revenues were dedicated for highway purposes, there would be no need for the latest increase in the federal gasoline tax.

every hour

... should be everybody's theme song. Time is a graph or chart which measures what we are. We have no time to kill. "Whatsoever thy hand findeth to do, do it with thy might," Eccles. 9:10. Constantly strive to be a better father, mother, husband, wife, son, daughter... a better church member. There is always a friend or neighbor less fortunate than you. "He that knoweth to do good and doeth it not, to him it is sin. James 4:17. If you have had a kindness shown, pass it on; 'twas not meant for you alone... pass it on.

ABOVE ALL, "every hour" is God's gift. Wasting time is wasting God's Bounty. Keep on killing time and time will kill you. "Every man must give an account of himself to God," Romans 14:12. Spend your spare time at home, at Church or on errands of mercy... "I Need Thee Every Hour."

WHO is this man?

He's your man. He is one of the large staff of experienced A.B.C.* circulation auditors who are working constantly to provide you and other advertisers with the FACTS you need to protect your advertising dollars. He visits our office at regular intervals to make exacting audits of our circulation records. He has access to all of our books and records in obtaining the FACTS about our circulation—for your information. The circulation facts obtained by the A.B.C. auditor—your man—are condensed in easy-to-read A.B.C. reports which tell you: How much circulation we have; where the circulation goes, how it was obtained and many other FACTS about the audience this newspaper provides for your messages about your merchandise and service. Ask for a copy of our A.B.C. report. See for yourself why your advertising in this newspaper is a sound business investment, made on the basis of FACTS.

*The Audit Bureau of Circulations, of which this newspaper is a member, is a cooperative, nonprofit association of 3450 advertisers, advertising agencies and publishers. Organized in 1914, A.B.C. established a definition for paid circulation, rules and standards for measuring circulations and methods for auditing and reporting circulation FACTS.

Community Receives Rains That Delay School Buses

By MRS. T. L. COLLINS on Thursday night, Walcott received 1.6 inches. Most people here had about that amount on their places. School buses had slick, muddy roads to travel on Friday morning, but all made it to school, although a bit late.

Friday remained dark and cloudy with a lot of moisture falling throughout much of the chilly day.

Walcott's P. T. O. program chairman this year is Mrs. Floyd Brown. She received a telephone call on Saturday afternoon from Mr. and Mrs. George Heard of Amarillo. The Heards said they would be here for this Friday night's PTO meeting at Walcott School.

The Heards have lived and travelled in Iraq, Jordan, Iran, the Holy Lands and Europe. They will show their films of their travels. Everyone is invited to come and bring a freezer of homemade ice cream or a cake to be served as refreshments.

It is hoped the new yearbooks of PTO programs will be ready to distribute at the meeting.

Mr. and Mrs. J. M. Payne, Darla and Larry came out Friday evening to visit and eat supper with her parents, Mr. and Mrs. Joe Rader. Larry Payne stayed that night with his grandparents.

On Saturday the Raders and Larry went to Hereford. Except for a short trip out that afternoon by Joe, they spent the week end with Mr. and Mrs. Marvin Payne and children in Hereford.

Mr. and Mrs. Tom Hall of Hereford visited Mr. and Mrs. N. E. Tyler on Sunday afternoon. N. E. Tyler went to Clovis, N.M. that night.

Miss Paula Green and Miss Shirley Bourquin were surprised on Saturday afternoon when Mrs. Florence Gragg and Bobby of Butler, Okla. came to visit them. Mrs. Gragg is an aunt with whom Miss Bourquin made her home for several years.

On Sunday they rode around across the line in New Mexico, seeing the country before the Graggs left for home.

Mr. and Mrs. Jim Hudson, Becky and baby Lina from Hereford came Sunday night to visit with Mr. and Mrs. B. E.

"WETTING DOWN THE HOSE" was the pacesetting task of this team of firemen's wives Tuesday afternoon. Taking over from their husbands, all members of the Hereford Volunteer Fire Department, they have learned the speed and timing that are involved in a pumper race. As hostesses, they went through the first run Tuesday afternoon before ladies' teams from other cities started competing. Such action was one part of the Panhandle Women's Association convention in Hereford Tuesday. Sitting atop the truck are Mary Nelson and Mary Anna Laing. Standing, from left, are Marie Maxwell, Mary Hale, Bobbie Riddle and Hope Loerwald. (Staff Photo)

Harris Evans and family also were there for a family visit. Mr. and Mrs. Leland Burns, Vicki, Marsha and Chris drove to Plainview on Saturday afternoon to visit friends: Mr. and Mrs. Dan Peek and two sons, Mr. and Mrs. Ervin Clark and family and Mr. and Mrs. Calvin Brow and children.

On Sunday most of the Burns family attended St. John's Methodist Church there, but Marsha went to Parkview Baptist Church.

All of the group had a picnic lunch in the park at noon. Later the Burns family came home.

Mrs. Coy Tice, Marilyn, Lee Tice and Bobby went to Plainview on business and to Lubbock on Saturday where they visited Mr. and Mrs. P. E. Hooser, Greg and Kelly and Mr. and Mrs. F. D. Dewbre. They came back home Saturday night.

Mr. and Mrs. Norman Minks, Nancy, Margaret and Larry took Mr. and Mrs. Thomas Ferrero and baby Reana to Roswell, N. M., last Sunday morning. The Ferreros will spend their two-week vacation visiting his parents in Roswell.

The Minks family visited the Bottomless Lakes near Roswell before returning home late in the afternoon.

Mr. and Mrs. H. D. Buse, Ronnie and David drove to Wellington on Saturday afternoon to visit her parents, Mr. and Mrs. Pete Jones. They came home on Sunday.

Mr. and Mrs. L. Q. Meador and Greg Amarillo, and Marsha Pittman of Hereford came on Friday night to the home of Mr. and Mrs. Harold Bass and Charles. All of them left early Saturday morning for Conchas Dam in New Mexico, where they fished and boated. They got home Sunday evening, tired and sunburned.

Mr. and Mrs. Obed Caraway and children went to Hereford to visit her parents, Mr. and Mrs. Reynolds, on Sunday. They ate dinner there with other relatives who were also visiting.

Mr. and Mrs. Jim Monroe, Thorton, Paul and Tom, Mr. and Mrs. Dan Guseman went to Clovis, N. M., on Saturday afternoon. Thorton came home with the Gusemans. The Monroes went on to Ruidoso, N.M., where they attended the horse races Saturday and Sunday.

Mr. and Mrs. Porter Wily and three children from Lubbock visited his mother, Mrs. Alta Wily, in Friona Sunday afternoon. Mr. and Mrs. Elton Wily and children and Mr. and Mrs.

LONG MEMORY

LYNDHURST, N. J. (AP) — When Dr. Lambert Klopman was a young soldier on a World War I troop train in Philadelphia, he gave a dollar to a boy to get him some bread and sardines. He never saw the boy again.

More than 40 years later, the dentist says, he got a letter from C. O. Perkins of Philadelphia, apologizing and offering to return the dollar. Perkins said he still had the change and the key to the sardine can.

Dr. Klopman replied that Perkins could keep the change and offered him free dental work.
