CHERRY HOLT, center, Tuesday night was selected queen of the 1960 Harvest Festival during a contest sponsored by Hereford Junior Chamber of Commerce. She will reign over all festival activities with her two attendants; Sharon Hill, left, and Judy Fowlkes, right. Miss Holt, 16, is the daughter of Mr. and Mrs. Elmer L. Kimball, 521 Star, and Miss Fowlkes is the 16-year-old daughter of Mrs. Lorraine Fowlkes, Harrison Highway. (Staff Photo)

Miss Cherry Holt Selected Queen Of Harvest Festival

Cherry Holt, 17-year-old daughter of Mr. and Mrs. Earl Holt, was chosen to reign over the 1960 Harvest Festival at the queen contest held Tuesday night at the Hereford High School Auditorium. Miss Holt, who will be a senior in high school this fall, was sponsored by Pittman Grain Company. She was presented with a bouquet of American Beauty Red Roses and a gold trophy inscribed with the event and date. The Junior of Commerce, which sponsored the queen's contest, presented Miss Holt with a gift certificate.

Little League Faces Berger Thursday Night

Still defending their titles, the Hereford Little League All-Stars will play Berger at 6 p. m. Thursday in Plainview. The game will be in the first round of district competition, matching winners of four area tournaments last week. In the second game Thursday, Littlefield will play Pampa. Winners will be matched at 8 p. m. Friday for the district championship.

Around Town

Harvest Festival activity is all around us for the rest of this week. The appreciation dinner and Queen contest have been unwound and are now history. The carnival is going full blast and the Lions are getting more hoarse by the minute. In its second year, the Festival has become the largest single event of the year in Hereford. And when you attend the events, you're making a good investment since the proceeds in all cases go for various civic club projects.

As a special attraction the American Legion Auxiliary will sponsor a homegrown dinner at the Legion hall Thursday. Serving hours will be 11 a. m. until 2 p. m. All the vegetables and meat will be local, which should make them taste even better.

In the future, be sure to tip your hat to Bill Decker when he passes. He bought controlling interest of the Farmers National Bank of White Deer Monday and became president. However, Bill will continue to live and operate his business in Hereford; his partner, J. W. Robinson Jr., was named a director of the bank. Bill bought out the stock of J. C. Freeman.

Due to a delay of two or three weeks in delivery of new shelving, the county library will be closed until further notice. Persons who have books due during that time are asked to keep them until an opening date is announced.

Dinner Speaker Warns Of More Demand For Livestock

Describing potentials of increased cattle feeding in Deaf Smith County, Loyan H. Walker, manager of the Agriculture and Livestock Department, West Texas Chamber of Commerce in Abilene, Monday evening asked area cattlemen if they were prepared to meet a challenge which will result from a predicted "population explosion" in the next 15 years. A member of the WTCC staff since 1952, Walker, of Waco, spoke to an audience of more than 100 who attended an appreciation dinner, sponsored by local businessmen to honor livestockmen in this area. The dinner program was planned by the Livestock Committee of the Deaf Smith County Chamber of

County, School In Paving Agreement

Final steps to get paving to and around Northwest Elementary School were taken Monday as the County Commission agreed to participate with the school board in paving 485 feet on two sides of the school. Last week, the City of Hereford and the Deaf Smith County Commission had agreed to cooperate in paving Moreman Avenue from U. S. 385 west to the intersection of Ranger Drive. The county also agreed to pave the intersection. Trustees of the Hereford Rural High School District met Monday afternoon. Trustees said they would pay for curb, gutter and paving to the center of the streets east and south of the school campus. The county Commission Court agreed to pave the other half of the two streets, exclusive of curb and gutter. Owners of the property opposite the school will be asked to pay curb and gutter cost in order to provide finished paving on both sides. Plans call for the school and county to participate on paving 200 feet west from the intersection on the south of the school property and 285 feet north from the intersection on the east side of the school. Exact cost will be determined after bids are let.

Set Dedication For Labor Camp Center Sunday

The community center for the Hereford Labor Camp, which is being built by the Migrant Ministry workers, will be dedicated Sunday, July 30 at 3 p. m. at the site. The speaker for the occasion will be Dr. Harold Kilpatrick, executive secretary of the Texas Council of Churches in Austin. Other Austin visitors will be Mrs. Wanda Baughn, director of Religion and Public Education for the Texas Council of Churches and Mrs. Connie Powell, office secretary for the Texas Council of Churches.

Police Check Injuries Of Boy Found In Yard

Police are attempting to put together bits of information about a young Hereford boy who was found injured Tuesday afternoon. Joe Kimball, 12, is in satisfactory condition at Deaf Smith County Hospital. The attending physician said the boy was suffering from a concussion and multiple abrasions of the head and arms. E. B. Harris, 131 Avenue D, told officers he heard moans and discovered the boy stumbling across his back yard, nearly unconscious. Harris called the police. He was taken to the hospital, treated and held for further observation and treatment. Police Captain L. B. Bartlett, investigating officer, said the youth at first was unable to relate anything about himself, but later gave his name. Police said the boy related leaving a movie Tuesday afternoon but could remember nothing after that time. The youth lives with his grandmother, Mrs. Annie Braden, on North Avenue C.

Arrest Murder Suspect After 7-Year Search

A Hereford negro man wanted by Plainview authorities on charge of murder for seven years was arrested by Hereford Police Department Tuesday afternoon. Hershel Gene Davis, 38, was turned over to Hale County authorities by Hereford police Tuesday evening after arrest at 3:45 p. m. Hereford Police Chief Henry Aycock said Davis is known as "George Evans" in Hereford. In 1953, he said, Davis was charged with murder in Hale County (Plainview) and since that time has gone under an alias. Chief Aycock said true identity of the man was established by fingerprint submissions through Hereford police to the (Continued on page 2)

Rogers Drug Hit Again; Nothing Taken This Time

Hereford police Saturday night investigated a burglary attempt at Rogers Drug, 241 N. Main, after a nightwatchman on a routine check found a door at the rear of the building nearly pried from its hinges. On July 1, more than \$300 in cash and a large quantity of narcotics were taken from the prescription department of the (Continued on page 2)

Hereford and Deaf Smith County residents will be gulped into a whirlwind of activity when the second annual Harvest Festival officially gets underway Thursday.

The three-day celebration, under coordination of the Deaf Smith County Chamber of Commerce, will include a rodeo each night of the festival, a gigantic Farm and Home Show, a Western barbecue, a colorful street parade, a luncheon of fresh locally-grown vegetables, a special Go-Kart race and continuation of the six-day Lions Carnival.

Schedule of events includes: THURSDAY: Luncheon of county-grown vegetables at noon in American Legion Hut; Farm and Home Show, 2-10 p. m. in County Bull Barn; carnival 7:30 to midnight; rodeo starts at 8 p. m. at Hereford Riders, Inc., arena; FRIDAY: Farm and Home Show, 2-10 p. m.; rodeo at 8 p. m.; carnival from 7:30 p. m. to midnight; SATURDAY: Festival parade at 11:30 a. m.; Rotary-Kiwanis barbecue from 11:30 a. m. to 1:30 p. m. at Dameron Park; Farm and Home Show, 2-8 p. m.; carnival, from 2 p. m. to midnight; Go-Kart race, 2 p. m. at Kart track in Veterans Park; and rodeo at 8 p. m.

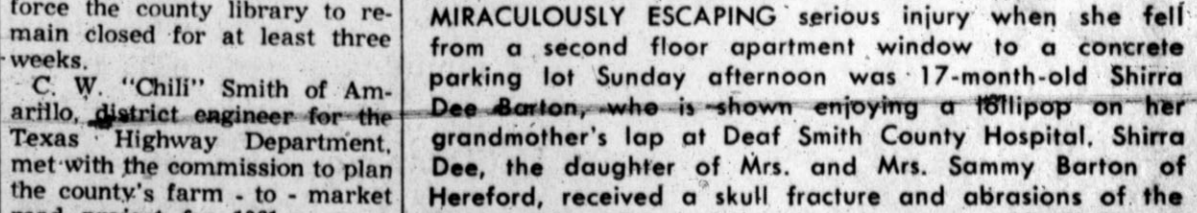

Police Nab Trio Stealing Auto

Hereford police Monday afternoon charged three men with theft over \$50, a felony offense, in connection with theft of an automobile. Charged were: Jerry Alvin Rust, 18, of Lindale, Tex.; Herbert Eugene Counterman, 23, of Peoria, Ill.; and Robert Darrell Coyner, 18, of Denton.

Big Agenda For County Forces Extra Meetings

After struggling with a crowded agenda for about seven hours, Deaf Smith County Commissioners voted Monday to meet each Monday until all the major items have been cleared. Monday's meeting included a decision to call for bids, hiring two night jailers - dispatchers for the Sheriff's Department and a variety of other subjects. The meeting was held in the courthouse, first such gathering since the county moved into the renovated building over the week end.

MIRACULOUSLY ESCAPING serious injury when she fell from a second floor apartment window to a concrete parking lot Sunday afternoon was 17-month-old Shirra Dee Barton, who is shown enjoying a hippopotamus on her grandmother's lap at Deaf Smith County Hospital, Shirra Dee, the daughter of Mrs. and Mrs. Sammy Barton of Hereford, received a skull fracture and abrasions of the chest in the 15-foot fall. Fall From Second Floor Not Serious For Infant

A 17-month-old girl escaped serious injury Sunday afternoon when she fell 15 feet from a window of her parents' apartment home, located on the second floor of the Oberthier Apartment building in Hereford. Reported in satisfactory condition at Deaf Smith County Hospital Tuesday was Shirra Dee Barton, daughter of Mr. and Mrs. Sammy Barton. She received a skull fracture and abrasions of the chest, her attending physician said. The child reportedly climbed on a bed, unlocked a window screen and fell from the ledge of the window to a concrete parking lot on the west side of the building. The accident occurred at about 3:50 p. m. Mr. and Mrs. R. Q. Knight, who also reside in the apartment building, heard the child crying and ran to her aid. Knight took the child and her parents to the hospital. The baby's father is a barber at Wilkins Barber Shop. The apartment building is located in the 100 block of W. Third St.

Hire New Meter Maid For City

Mrs. Camella F. Dameron, 503 Blevins, will begin her duties Monday as meter maid with Hereford Police Department. Mrs. Dameron, a graduate of Hereford High School in 1945, will fill the post vacated by the resignation of Mrs. Fred West last month. She was hired Monday by Police Chief Henry Aycock. Jack Renfro, chairman of the registered cattle division of the Livestock Committee, gave a brief history of the cattle industry in this county. Master of ceremonies was Dr. L. B. Barnett of Hereford.  
Dr. Barnett paid special tribute to livestockmen, now deceased, who helped give the cattle industry its start here. They include: H. G. Conkright, Luther Steele, Elmer Dameron, Cecil Guseman, O. G. Hill Sr., G. W. Brumley, John Pitman and Rat Jowell.  
Furnishing entertainment after the meal was Burney McClurkan of Hereford, who gave a satire of television production problems during a national political convention.  
The speaker was introduced by Bill Thompson, manager of the Deaf Smith County Chamber of Commerce.  
Walker joined the WTCC staff in April, 1952. Since being on the staff, he has assisted in the formation of the Texas Beef Council, helped organize several county agricultural workers councils, and inaugurated agriculture chemical conferences at Texas Tech and Tarleton State College.  
He is immediate past president of the Texas Commercial Agricultural Council and is a member of the five-man West Texas Agriculture Research Committee.  
The appreciation dinner, which started at 7:30 p. m., was held in connection with the Harvest Festival, which will begin in Hereford Thursday.

in agony, just tell a funny story to Gerald Hale. Seems he was involved in a head-on boat collision at Buffalo Lake Sunday and got some sore ribs out of the deal. Gerald says he can't even cry when it hurts. What's more, some ribs on his boat are also kinda bunged up.  
Crowds have been very good for the games played so far in the District 7 Pony League baseball tourney here this week. These youngsters, 13 and 14, are turning in some creditable performances. We saw two neat double-plays Tuesday night. If you haven't attended yet, you have a chance Thursday night when Lubbock Southwest takes on the winner of Wednesday's tilt between Hereford and Lubbock Dixie. If Southwest loses, the meet won't end until Friday night.

With three wins under their belt, Hereford Little League All-Star team will enter district action at Plainview at 6 p. m. Thursday, facing Berger. Winner will play the victory of the Littlefield - Pampana contest on Friday at 8 p. m.  
Members of the Hereford Riders Club have been working every night this week, getting ready for the three rodeo performances. At least they shouldn't be in quite the rush as last year when they finished construction of the arena moments before the first Grand Entry. I still remember the sight of Harold Beauchamp struggling out of his work shirt and into his Riders Club shirt while the parade was entering the arena.  
Schools superintendent Paul Stevens is a solid Herefordite now. After just a month here he returned from a trip to Austin and Galena Park, his former home, mumbling about the coastal heat and humidity. His remark about the temperature being 82 at 2 a. m. in Austin really made us appreciate these cool nights.  
We'll see you at the Harvest Festival this week.

# Hereford And Southwest Win Second Round Games

In the second round of action in the District 7 Pony League baseball tournament here Tuesday, Childress was dropped 9-6 by Hereford while Lubbock Southwest trimmed Lubbock Dixie 6-2.

This eliminated Childress, put Southwest into the finals and matched Hereford and Dixie Wednesday.

Both Hereford and Dixie have been defeated once while Southwest has won a pair. On Monday, the Dixie team beat Hereford 18-3.

**Winner will face Southwest Thursday.** Should Southwest win, the tournament will be finished. If Southwest loses, the winner will not be determined until Friday night.

Hereford jumped on two Childress pitchers and took advantage of seven miscues to gain their victory.

Hereford got two runs in the top of the first. S. D. Baize singled and Ronnie Duncan got on by fielder's choice that didn't get Baize. Gaylon Otts got on by error. Baize came in on a wild pitch and Duncan on a ground ball.

Childress tied it up as Ronnie Lawrence singled, Anthony Shires got on by error, Terry Barnes got on by error and Bill Pounds singled.

In the second, Hereford got in front 3-2. Chuck Callaway doubled and came in on a single by Frank Cain.

And in the third, Hereford really cut loose with a six-run outburst. Otts singled, Billy Hill got on by error, Callaway singled, Garv Royal walked, Cain singled, Baize walked and Duncan got on by error.

Anthony Shires homered for Childress in the third.

Childress added one run in the fourth as John Ferrell singled, moved to third on a walk and an error and came in on a ground ball.

Barnes added one more for Childress in the fifth. He singled, went to second on a wild pitch and romped home on Bobby Meason's single.

Still trying to stay alive, Childress scored one more in the seventh. Bill Pounds went around on an error, two wild pitches and another error.

Gaylon Otts started for Hereford and was credited with the win. S. D. Baize came on to put out a fire in the fifth

and finish the game. Jerry Canur started for Childress, gave way to Dale Sexton with Teddy Barnes finishing the game.

In the second game Tuesday, Allen Johnson homered in the first inning to give Southwest a lead it kept over Dixie. Southwest got two more in the second as Jimmy DeShirra doubled and came in on a single by Byron Branscom. Chris Galonas drove in Branscom with another single.

Dixie got close in the third, scoring two runs. Gene Graham walked and went to second on Steve Simmons' bunt that was fumbled. Gary White drove in Graham with a single and John McIntyre singled Simmons.

In the fifth, Southwest got two more runs. Vic Correll singled and moved to third on an error and a passed ball, Branscom's

hot grounder scored Correll with Shaddy Jones on first by fielder's choice. Jones moved around on a stolen base, a wild pitch and a passed ball.

Correll scored Southwest's final run in the sixth after singling. He went to second on an error and to third on a passed ball. Branscom's ground pushed in Correll.

Galonas was the winning pitcher and Gary White was the loser. Galonas went all the way, while White was relieved by Rudy Foster in the third.

TUCSON, Ariz. (AP) — The topic at a recent meeting of a mathematics club at the University of Arizona was:

"Perturbation of the classical beam equation over a semiinfinite interval."

The group, a spokesman explained, discussed "convergence of the perturbation solution to the problem of transverse vibration of a beam resting on an elastic foundation."

## School...

(Continued from page 1) Also invited to attend next Tuesday's meeting is the school board of equalization, A representative of McMorries, a D Company of Amarillo will discuss with the three governmental bodies his firm's method of conducting a study, a proposed program for a valuation study and he may be prepared to make a cost proposal.

Also on the agenda for the next meeting will be the setting of a tax rate for the coming school year. The current tax rate is \$1.70 per \$100 valuation. The trustees also made a study of the proposed school operating budget for the 1959-61 year. The study will be continued at next week's meeting.

Acting on a recommendation submitted by Hereford Schools Superintendent Paul Stevens, the new band director was hired by unanimous approval of the trustees.

Gollehon, 23, for the past two years has been band and choir director at Panna Junior High. His band and choir won sweepstakes honors at University Interscholastic League regional contests during the past year.

Effective at the beginning of the fall school term, Gollehon will be band director at the junior high and high schools. He replaces George Hill, band director during the 1959-60 school year, who resigned the post June 21.

Gollehon graduated from Dimmitt High School in 1954 and received his bachelor of music education degree from West Texas State College in 1958. He is now doing graduate study. He is married and has one child.

The trustees also approved granting the new school cafeteria facilities for a meal which will be served during the second annual Hereford Cattle Tour later this month.

A MIGHTY SWING that missed ended Monday's game for Hereford as it fell before Lubbock Dixie in the first round of District 7 tourney action for Pony League baseball here. ## Lubbock Dixie, Southwest Win Openers In Pony Meet

A pair of Lubbock Pony League baseball teams, Dixie and Southwest, earned first round victories in the District 7 play-off Monday in Hereford. Dixie lowered the boom on Hereford, 18-3, in a game that was called after five innings. In the nightcap, Lubbock's Southwest pulled a thriller in dropping Childress 4-3 in the last of the seventh.

This placed the two Lubbock teams in Tuesday's feature contest with Hereford and Childress matched in the other game. The double-elimination tourney is bracketed through Thursday and could last until Friday. Fireballing Rudy Foster allowed just one Hereford runner on base during the three innings he pitched. Sole runner got on after being hit by a pitch.

Meanwhile, Lubbock was scoring almost at will. After John McIntyre opened up the game with a home run, the Dixie squad was never in trouble. It marked up six runs on four hits and two errors in the first stanza, including doubles by Gary White and Gene Graham.

Mike Ranspot pitched the fourth inning and started the fifth. Frank Cain's relief failed to retire a man. Gaylon Otts came on and finished the game. The game was called after five innings because of the 12-run rule in Pony League baseball.

Lubbock Southwest and Childress played a crowd-pleaser that saw Lubbock push across two runs in the last of the seventh to grab the victory.

Byron Branscum homered for Lubbock in the second. In the third Lubbock Southwest added one more. Chris Galinas singled, stole second and scooted home on a single by Bill Gee. Childress went ahead in the fifth with a three-run attack. Johnny Thornton singled and Ronnie Lawrence doubled to start the rally. Mike Reeves got on by error as Thornton scored.

Reeves stole second and 2 runs came in on a single by Anthony Shires.

That was all the scoring until the last of the seventh. Jimmy DeShirra drew a walk and scored on a double by Shaddy Jones. Pinch-hitter David Schlauses grounded out, moving Jones to third. Gallinas laid down a hard bunt between the mound and third base as Jones scampered for home. The play went to first base for the second out, but Southwest had snatched a win from defeat.

Alan Johnson was the winning pitcher, going all the way. He walked four and allowed five hits, striking out 12. Johnny Thornton also worked the entire game for Childress. He allowed four hits, gave up two walks and struck out 13.

C OF C SCOUT

'Deaf' Smith Says

TO: THE SPIRIT OF GENERAL SAM HOUSTON  
FROM: THE SPIRIT OF ERASTUS "DEAF" SMITH  
SUBJECT: SCOUTING REPORT ON MY CHAMBER OF COMMERCE

Sam, I was right proud of a lot of our folks Monday night. The Chamber of Commerce sponsored a dinner in recognition of and appreciation for the livestock industry in my county. The business men of Hereford hosted the ranchers, many of whom helped to build this area of Texas. Dr. Barnett payed tribute to those leaders of the industry who have passed on in recent years.

Jack Renfro did a real fine job relating the history of the cattle business in this area, naming the famous blood lines that have originated here. He also covered the recent work of the Hereford breeders association and their upcoming tour. Loyan Walker of the West Texas Chamber of Commerce challenged the cattlemen present to get their share of the rapidly developing cattle feeding opportunity.

All in all the evening achieved its purpose in bringing about a closer relationship between the business men on Main Street and the business men on the farm and ranch. And that is really the purpose of the whole Harvest Festival that is keeping everyone so busy this week. The Lions Club carnival drew a good crowd Monday night and will continue to draw crowds throughout the week. Each of the events is built around some phase of community interest and the various service clubs that are sponsoring the events will plow all of their profits back into the community.

Sam, with the Republican convention in full swing and the Democratic convention still fresh in our memory, I would like to comment on some issues that will face many of the well-known political names within the next month. These issues which concern us here at home very much and on which we can have some say.

The sugar beet issue is still of vital interest. Jimmie Witherspoon and the others who have continued to put in so much time and effort to secure a fair distribution of the sugar production acreage for our area feel that it is essential that this be acted upon in the August session of Congress. Local growers will be unable to plan for their 1961 planting if action is not taken until the session starting next January. The committee needs another barrage of letters from Hereford and other interested areas to back up Walter Rogers' efforts to get this legislation put through now.

Another issue on which my people need to take a stand is the Minimum Wage legislation. That has turned up as a "must" in both parties apparently in an attempt to win the votes of the labor bosses. The house has already passed a bill. The Senate will act in August and will have three apparent choices: (1) pass S. 3758, raising the minimum to \$1.25 and extending coverage to some 5 million more workers, mainly in retail and service; (2) pass a weaker bill, similar to H. R. 12677 which passed the House; or (3) pass nothing, leaving the law just as it is now.

Choice No. 1 will be pushed hard by unions and Senate liberals, determined that the Senate shall not accept a weaker bill.

Choice No. 2, if House action is repeated, will be the goal of other Senators who are willing to give a little in the hope they won't have to give a lot.

Choice No. 3, it's up to the people to convince a majority of Senators that there is this third choice of passing nothing. It didn't appear in the House debate. There, the only question was which bill; the strong one or the weaker version? The weaker bill won by the narrow margin of 211 to 203.

My Chamber of Commerce is not trying to tell anyone how they should feel about these issues; the minimum wage law will have a definite effect on many people in Deaf Smith County, some directly - others indirectly. The Chamber of Commerce is asking that people look beyond the emotional appeal of raising wages to a certain minimum by government decree and consider some of the other effects of such action.

The Chamber of Commerce says that it, too, like the Amarillo Chamber of Commerce, will word and send a wire or letter for you and send you a copy, the cost of a wire to be billed to your phone; but the personal letter on your letter

head or in your words and in your handwriting will carry more weight in Washington. Sam, that's my report for Harvest Festival week in Hereford.

Telephone Tips  
Film Topic For  
Optimist Club

A film from Southwestern Bell Telephone Company entitled "In A Manner Of Speaking" provided the program for the Optimist Club, Tuesday.

The film tried to show that it pays to be courteous over the telephone.

The film pointed out 11 ideas to remember when using the telephone. They include answering promptly, identifying yourself, transferring calls properly, keeping pad and pencil handy, leaving a message when leaving the telephone, placing and receiving your own calls.

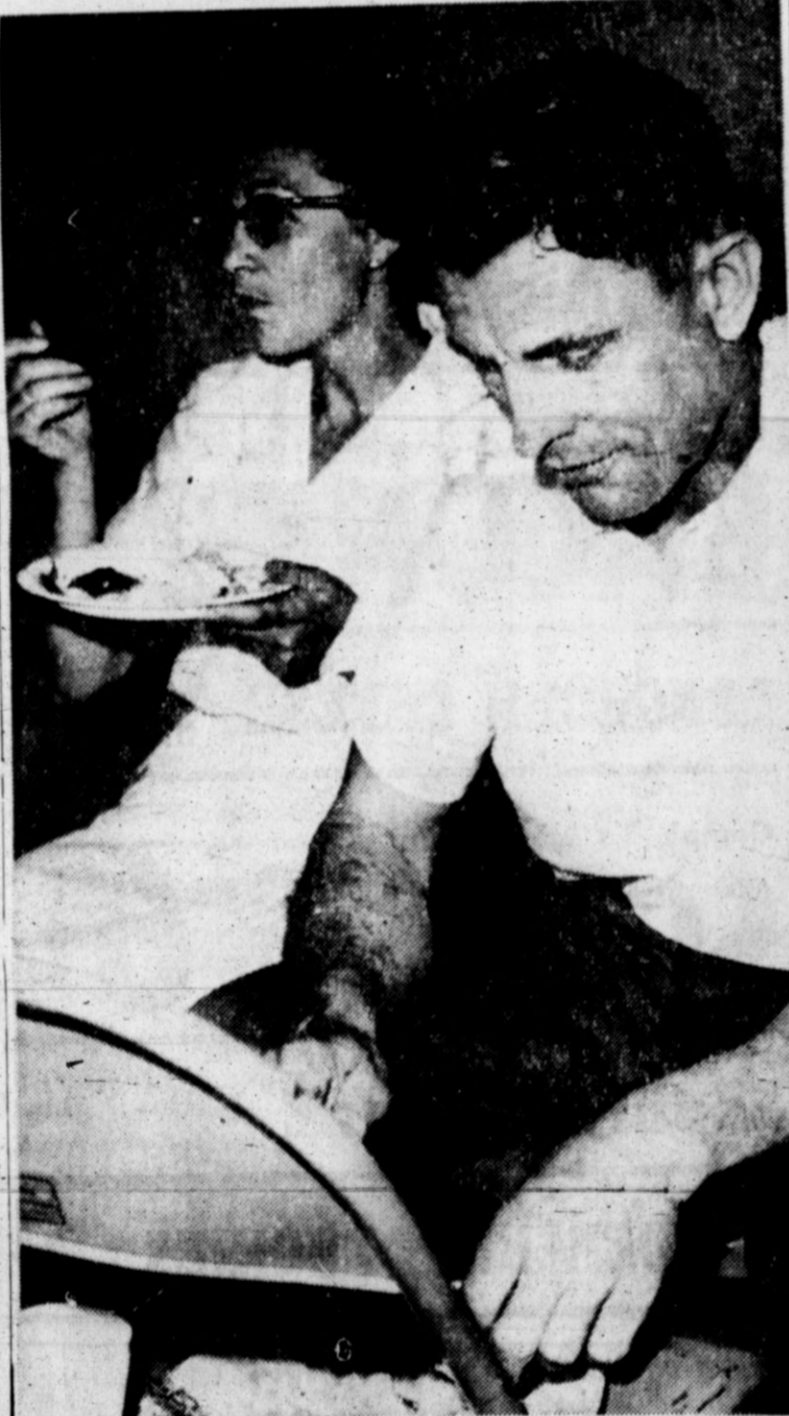

Also mentioned were listing frequently called numbers, omitting the "Who's calling" when answering, explaining why when you leave the line, indicating you understand and terminating calls courteously.

One other point to keep in mind: "Telephone, as you like to be telephoned to."

Eight of the Optimist members received perfect attendance pins; Bill Bradley, five year perfect attendance; Bill Phipps, five year perfect attendance; Roy Boyer, four year perfect attendance; Marvin Coffey, four year perfect attendance; Gene King, two year perfect attendance; Wayne Williams, two year perfect attendance and Charles Scheetz, one year perfect attendance.

By JIMMIE GILLENTE

Hereford's banquet in salute to the cattleman was quite an affair Monday night, and I thought Dr. L. E. Barnett did an outstanding job as emcee. He had some interesting personal memories concerning "Rat" Jowell, H. G. Conkwright, Luther Steele and some other old timers who helped him along the way when he was a 4-H boy. The thing that perhaps impressed me most of all, though, was the large number of young men who are following in their dad's footsteps in the cattle business. Just glancing around the room, in addition to Doc, I noticed

Bill Dameron, Jim Easley, Jack McCracken, Jimmy Bradley — and I am sure there were many others.

Hereford has a lot of things of which we can well be proud, but one of the unusual and finest things about this community is the large number of youngsters who grow to manhood, then choose to return here to make their home.

Floyd Walton was telling me earlier in the week that I should have had a picture of Miles Robinson shoeing a horse. I asked Miles about it, but he says Floyd is wrong; this is one thing he cannot do, Miles did give me some interesting dope on the gentle art of shoeing horses, however. He says Jacobsens used to do all of this work and, since they closed the department J. L. Rogers is being drafted on an off-duty basis. He thinks Rogers learned the business while in the army during World War II, but is not absolutely sure. Miles says he is a fair "trimmer", but has never shot a horse in his life, then adds:

"They used to charge \$2.50 and furnish the shoes, which made it almost too cheap to learn. Now they charge \$7, and sometimes I wish I knew the business."

Thursday, 11 a. m. to 2 p. m., the Legion Auxiliary will serve as near a 100 per cent home-grown lunch as humanly possible. Everything will have been grown in Deaf Smith County except the coffee, tea, salt and pepper, according to Mrs. Ira Ott. If anyone wants to drink milk and do without the seasoning, they can go 100 per cent home-grown. For meats they will have a choice of chicken or ham, along with cabbage, beans, peas, beets, okra, onions, cucumbers, yellow squash, two kinds of potatoes and cornbread. The lunch is part of the Harvest Festival celebration and will be served at the Legion Hut. No advance ticket sales, but everyone is invited.

If you don't have other plans, go out today at noon and give them a try. Those gals can really cook. I think I'll choose milk and no seasoning — and go all the way with old Deaf Smith.

Bill Decker is giving me trouble. He says I am a backslider — and worse than Wes Izzard when it comes to being a Republican. Maybe he is right. Anyway, I sure fell out with the Democrats when they decided to put the schools and highways under federal jurisdiction, then turned around and made a pass at medicine. If the Republicans do the same, I guess I will reserve a room at this proposed Old Folks home, and let the world go to the dogs. Only trouble.

HOST TEAM for the Pony League District 7 tournament here this week have been the Hereford All-Stars, who captured the Area 4 title. From left, front row, are: Lynn Warren, Joe Hernandez, Jerry Don McCaslin, Mike Ferguson and Jim Gutierrez;

second row: Gary Royal, Ronnie Duncan, Frank Cain, Mike Ranspot, S. D. Baize and Anthony Mays; back row: Gaylon Otts, Chuck Callaway, Billy Hill, Wayne Edwards and Arvell Williams. (Staff Photo)

Mr. and Mrs. Robert Fillpot have had their three nieces visiting them from Artesia, N. M. They are Sherry, Sheldie and Shelley Austin. Also Virgil Weir, Virgil Weir, Jr. and Jack Bluterback, all of Dayton, Ohio, will be visiting them this week.

SUNDAY VISITORS

Mr. and Mrs. Elroy Artho of Dawn visited Mr. and Mrs. Elmer Reinart of Frio on Sunday afternoon, July 24.

ble is I don't know if I can hold out that long or not.

No doubt, as my younger acquaintances tell me, I am getting old and set in my ways, while everything else is changing.

"You are basically a pretty nice fellow," said one friend in his 20's, "and I think your heart is in the right place — but you just don't understand things as they are. You want them to be like they were 25 years ago."

I thought maybe he was right until I counted back 25 years, which was 1933, and I couldn't exactly go along on that one. Everybody who recalls 1932 and 1933 will know what I mean. Besides, I know two or three young men who have the same stupid ideas I have.

The Democrats still carry a lot of weight around here, though. If you doubt it, just ask County Chairman Louis Woodford's neighbors in the second block of Star. At the wee hours of 2:30 the other morning some prankster called the Dale Tinnins and asked:

"Would you mind going to the front window and see if

the Woodford's light is still on? I want to talk to him, but wouldn't care to wake him up if he has already gone to bed."

When Mrs. Tinnin woke up enough to realize what was happening, the party abruptly hung up the telephone. The same request was made of Buford Crosthwait, and several other neighbors. So far, the victims haven't been able to isolate the mysterious caller — but they are working on it, and that's for sure.

Pack London was telling me he doubts if Buffalo Lake will ever again be an ideal fishing spot, regardless of how many fish they plant. Pack says there are too many boat, too many skiers, and too much commotion. The lake, he figures, is too small to accommodate both factions of sportsmen. Pack prophesies it will sooner or later be taken over by one group or the other.

Mayor Woody Wilson is getting real sharp these days. Sunday he was driving back to Hereford with Palmer Norton, C-C president, who was spinning some tall tales for bene-

fit of a visitor who was seeing this country for the first time. The further they went, the more elaborate became Norton's praises. When the group neared the Norton Ranch west of town, Parmer politely asked: "Would you folks mind stopping at the ranch a minute or two? I have a little herd of Registered Herefords of which I am mighty proud," then added, "and I sure want you to see my bull."

"Yeah. Stop," allowed Woody. "We haven't heard anything else since we left Amarillo — and I'd like to see one, for a change!"

Note to inventors: What this country needs most is a package opening gadget that will get into those elaborately gift-wrapped packages with the same dexterity which the modern opener slices the lid off of a can.

OUR HOME FOR SALE

On account of my age and failing eyesight, I find it necessary for me to move closer to downtown to look after my business. I will therefore, offer our home at 127 Ave. F for sale. It is a five bed room house with two baths on a large lot. Any family wanting a comfortable home, please contact me at home, or phone me at EM 4-0152, Hereford.

MRS. BESS WERNER still depends on the White sewing machine when she sews for her daughter, Mrs. Mary Roach, teacher in El Paso. It originally belonged to her grandmother, Mrs. Annie Belle Ridgeway, who used it for many years. She had bought it second-hand. It then went to Mrs. Werner's mother, who lived in Missouri, and when Mrs. Werner was married, it came to her in Texas. It has been in use for more than 50 years and still sews well. (Staff Photo)

MRS. GEORGE TURRENTINE is proud of these attractive bookshelves and cabinets which have replaced the bunk beds which were once a part of this room in the old Camp House at the E. W. Harrison Wagon Yard at Hereford. (Staff Photo)

COOKING with this modern built-in oven, which is one of the conveniences of the attractive, practical kitchen of the remodeled former Camp House of Hereford, is a pleasure to Mrs. George Turrentine. (Staff Photo)

### Three Attending SWT Workshop

Three high school students from Hereford are among 52 from all over Texas attending a speech-drama workshop at Southwest Texas State College, San Marcos. They are: Judy Kay Coffin, daughter of Mr. and Mrs. H. B. Coffin, 297 Roosevelt St.; John Buck, son of Mr. and Mrs. M. R. Buck, 116 Ranger Dr.; and James Gentry, son of Mr. Bill H. Gentry, Route 1. The workshop which began July 18 and will end on July 30, emphasizes laboratory sessions in acting, stagecraft, declamation, extemporaneous speaking and other speech skills.

### Local Students On Honor Roll

Two Hereford students have received recognition for their high scholastic achievements during the 1959 spring semester at Hardin-Simmons University. They are Carolyn Joyce Virden and Linda Lucille Hair. Miss Virden qualified for the Dean's List by carrying a semester load exceeding 12 hours and earning a "A" in each course. A graduate of Hereford High School, Miss Virden is majoring in chemistry and minoring in biology. The daughter of Mr. and Mrs. W. R. Hair, Miss Hair was named on the University Honor Roll. Carrying a minimum of 12 semester hours, she earned a grade point average of 3.58. A graduate of Hereford High School, Miss Hair is majoring in elementary education and minoring in home economics.

WHEN MRS. BESS WERNER moved into her present home, which was built a few years ago by her son, George Turrentine, she took with her this relic of the old Camp House which stood in the E. W. Harrison Wagon Yard at Hereford in the twenties. Used in the dining room of her former house, she now finds that it fits into this convenient spot in her kitchen. (Staff Photo)

### BUILT IN 1918

## Camp House, A County Landmark, Remodeled

By MRS. MERLIN KAUL. When the George Turrentines changed houses with George's mother, Mrs. Bess Werner, last fall and remodeled the larger house where she had been living, another mark of Hereford's past succumbed to modernization. The house was originally known as the Camp House and was a part of the wagon yard that was connected with the E. W. Harrison Elevator in the twenties. It was built in 1918 — four rooms with sinks and several bunks and a caretaker's room (now the Turrentines dining room) — and of course, no bathroom. The Camp House was a convenience for ranchers of that period. Mr. Harrison said cottonseed cake, meal, salt, etc., to the ranchers and many of the ranches were 60 to 100 miles from Hereford. When the rancher drove to Hereford (horses and wagon), he stayed at the Camp House and from there returned home with his ranch necessities. The caretaker was a man known as "Dad" Carter. He was peg-legged. No one knew where he came from, anything about any of his relatives, and he worked at the Camp House until he died. Mrs. Werner bought the Camp House in 1925 when the Harrison Elevator Company dissolved. She paid \$1,000 for it; moved it to its present location on Harrison Highway (named for E. W. Harrison, of the same Harrison Elevator). Through the years it has been changed a number of times — a kitchen and bedroom added as well as a front porch. Then last fall the latest additions and remodeling transformed it into a beautiful, modern home with three bedrooms, kitchen, dining room, large living room because the former front porch was incorporated into it, and one more new room built — the family room.

The George Turrentines, with daughters Janice, Carol and Patty, love their spacious, new home and Mrs. Turrentine was proud to "show it off" to her neighbors and friends who gave her a housewarming last Monday. The pottery which was presented to the family will make a pleasing blend with the soft blue and brown colors used in the big spacious kitchen.

### REP. WALTER ROGERS WRITES:

### Some Important Bills Will Demand Decision

To the people of the 18th District: With Congress in recess until next month, national attention has shifted from legislative activity to the Democratic and Republican National Conventions being held this month in Los Angeles and Chicago. Nevertheless, when the Senate convenes Aug. 8 and the House follows it into session one week later, some of the most important bills of the session will demand a decision. The leadership has indicated that among these measures will be the controversial proposals to increase and extend the minimum wage, to provide some medical care plan for the aged, to offer federal aid for school construction, and to encourage housing assistance and urban renewal. Several appropriation bills, including foreign aid and public works, also remain to be dealt with and it is likely that another arm bill will be introduced. The Hellum Bill, which is of particular importance to the people of the Panhandle, has

been reported from committee in the Senate, and will presumably come before that body during the coming deliberations. The bill was, of course, passed in the House of Representatives last May. It will prevent much of the present waste of a most vital (Continued on Page 2)

### AUSTIN HIGHLIGHTS

## De-Mineralization Testing Project Receives Approval

By VERN SANFORD. AUSTIN — If the brackish "hard as bricks" water common to many parts of West Texas can be made suitable for domestic use, Texas' available water supply would be materially increased. To this end, the State Water Board has approved a de-mineralization research project to be carried out by the board, University of Dallas and Texas Electric Service Co. Board will put \$20,000 into the work. Board engineers say total de-mineralization is not necessary and that it is possible the process can be accomplished at an economically feasible cost. In another move to increase available water, the Board has set a series of hearings on cancellation of water appropriation permits that have not been used. First 10 of the permits to be reviewed are scheduled for hearing Sept. 22. Some of the permits date back as far as 1918. With more traffic to patrol and more crime to fight, the Department of Public Safety will ask the next Legislature for money to increase 6th staff. Col. Homer Garrison R., DPS director, has presented a budget calling for \$16,461,260 for 1962 and \$17,720,166 for 1963. This compares to \$12,420,490 allocated

### Hints Listed On Keeping Cattle Shrinkage Low

College Station — The heavy fall livestock marketing period is only a few months away, and producers are beginning to think about the returns they will get on their investments. Lloyd Bergsma, extension livestock marketing specialist, points out that selling price alone does not determine whether or not the producer will show a profit. A combination of selling price and pounds sold determines how much money a producer can put in the bank — or how much he must borrow to continue operations for another year. Cattle shrinkage can cut down on profits, or in some cases, it can even mean the difference between profit and loss. Bergsma offers the following tips for keeping shrinkage low: Keep physical activity of cat-

four intelligence agents. Supporting his request, Garrison made this grim forecast: 29,000 more major crimes will be committed in Texas in 1963 than in 1959. This is apparently a continuation of the trend which saw major crimes rise 45 per cent in the past five years, rising to 175,851 in 1959. Texas Board of Pardons and Paroles has a plan for saving the state some money. But to do so, the Board says it will need some more money to invest in enlarging the state's staff of parole supervisors. Since the paid parole system got under way in 1958, the Board says it has saved the state \$3,000,000. It costs that much less to pay a supervisor to keep tab on a parolee than it costs to board and clothe a prisoner and make relief payments to his family. The Board feels it needs a 70-man parole staff, rather than the present 40 — to do the job. For this, the Board is asking an appropriation of \$1,466,819 for the next two years. This is an increase of \$480,863, or nearly a half-million dollars, over the present biennium's appropriation. Board contends this extra investment will save the state \$2,500,000 in prison costs, plus offering a better chance of returning more men to useful, law-abiding places in the com-

## Stone-Ground Grain Outlet Incorporating, Expanding

An incorporation and expansion program has been announced for the only local outlet of stone-ground wheat and other grain products. Rodgers Grain Company is being reorganized as Arrowhead Mills. The announcement was made by Henry Turner, owner and operator of Rodgers Grain, and J. Frank Ford Jr., who will become sales and promotion manager. Construction of wheat storage facilities is now underway. Deaf Smith County wheat will be stored ready for shipment either as flour or as cleaned grain. There is a large demand for Deaf Smith County wheat in many small stone grinding mills and bakeries across the nation which use only local wheat. Ford also announced the company plans to expand sales into food markets, health food stores and bakeries. "Within the next few months, we hope to introduce a frozen roll for sale in the tri-state area," Ford commented. "We also will continue to ship rye, millet, oats and soybeans, as well as the cornmeal which Arrowhead markets." An expansion of the physical plant is to be completed by the middle of August. A 1955 graduate of Texas A&M, with a major in agronomy, Ford was formerly with Southwestern Equipment Company of Dallas and has just completed a tour of active duty as a Captain in the Artillery. Ford plans to move his wife and two children from Fort Sill, Okla., to Hereford in the next week. Turner and Ford said they hoped to increase the market which has been established for Deaf Smith County wheat and other grains through expansion into the markets on the East and West Coasts. "Our promotion will be aided by the many articles and books written during the past 20 years about the quality and health value of food raised here," Ford said. "There is also an increasing demand for stone-

ground whole wheat flour which we feel can be best served from Deaf Smith County."

### Annual Rodeo Opens Monday

The shut gates for the 16th annual Top o' Texas Rodeo will swing open Monday, Aug. 1, with the Kid Pony Show scheduled for that afternoon and night in Pampa. The Rodeo proper will begin Tuesday-night, August 2, at 8 p. m. preceded by a giant street parade at 3 p. m., led by the Amarillo Air Force Band under the direction of Capt. E. S. Bridges. Other bands appearing in the parade line-up will be Pampa High School Band under the direction of Bell Tregoe and the Miller Bros., Western dance band of Wichita Falls. Bill Tidwell, parade marshal, has issued an invitation to the Riding Clubs, Ranch entries, Civic Club entries and commercial divisions to place entries in the parade which will form on West Foster Street at 2:15 p. m. Prizes totaling more than \$5,000, supplemented with many handsome trophies to winners in the respective events, will be the target of some three hundred cowboys and cowgirls expected for the big event. An official American Quarter Horse Show is scheduled for Thursday and Friday, Aug. 4 & 5, with a record number of horses from the Southwest expected to be entered.

 resource. Although the number of bills is quite large, I am glad that the Congress did not make an effort to rush them through in a frenzied attempt to dispose of all legislation and adjourn before the Conventions. The last minute push has occurred before, and doubtless will occur again, but almost always as a liability to the taxpayer and an asset to the advocates of big government. Still, Congress will not have unlimited time to pass the judgment of the American people on these various legislative measures. For soon we must all begin the compelling task of choosing the next President of the United States, and as so many convention speeches indicate, it will certainly be one of the most important elections in our history. The fact that this importance has been recognized countless times by party orators does not make it any less

 tie at a minimum during marketing. An overnight stand, or at least a few hours, off feed and water before loading results in less shipping shrink. Make full use of the feed and rest stops for cattle shipped long distances. Plan the loading job so that there are no unnecessarily long delays. Feed hay before shipping. Animals accustomed to hay will not only shrink less en route, but will take hay at the sales yards or rest stops much quicker than those not used to hay. If you are shipping long distances, make sure your animals have a chance to feed and rest before sale time. It will pay to allow from 24 to 36 hours for a refill. Plan your marketing job so that you can avoid conditions that increase shrinkage. Exposure to wet, cold weather and really hot weather, and improper bedding and footing increase shrinkage. Avoid excitement. Don't rush and crowd cattle into cars and through gates. Don't overload or underload shipments. Attend your cattle at the market. Make sure they have fresh hay and plenty of clean water.

 munity. Texas Railroad Commission has announced an eight-day producing pattern for the Texas oil industry in August -- the same as for July. Daily allowable will be 2,630.

With apparently no other purpose than to further world chaos and fear, the Russians shot down an American airplane over international waters. Their influence in Cuba has been extended so as to suddenly pose the greatest danger in the Western Hemisphere during this century. And with all the impudence of a spoiled child, they are presently trifling with the grave situation in the Congo.

In the face of all this, perhaps it is fortunate that a nationwide election is in the offing. The American people will have the opportunity for reeducation, and I hope that in making their will felt it will be realized that the times do not call for wishful thinking. We not only cannot afford a tranquilizer in the White House, but we also cannot indulge in any self-conscious hoopla or reckless experimentation.

Our purposes seem clear. We must place a man in our highest office who will find traditionally American solutions to some very untraditional problems. He must be one who does not feel awkward when speaking of vision, determination, or imagination. He must understand that much of our economy thwarts the laws of supply and demand, that our present military strategy has largely been grafted onto World War II concepts, and that too often our diplomacy lives in the faded dream world of an atomic monopoly we no longer possess.

So I think that whether we are actively working in the Congress or waiting to participate in the forthcoming campaign, we all have the opportunity to think over the future's demands. Tough-mindedness, obviously, will have its usual and important place. But we owe it to ourselves and to our children not to get stumped into positions that are merely comfortable or viewpoints that are merely stuffy. Our high and unchanging principles of government have stood with us through good times and bad, and they have certainly demonstrated that we need not fear enthusiasm or be intolerant of fresh air. Our lives and our position in the world today demonstrate the same thing. WALTER ROGERS, Member of Congress, 18th District of Texas

669 barrels a day. A majority of producers appearing before the Commission said there is still an oil glut in Texas and continued restriction is needed to protect the market. Commission action came in the wake of a declaration by UT's Bureau of Business Research director that oil is no longer king in Texas. Even with foreign import limits, said Dr. John Stockton, supply outruns demand so that production has had to be held down to 8 to 12 days a month for the past two years. Stockton foresees no improvement, Texas, he said, must develop new industries to bolster its economy or lose out to more dynamic areas.

State Parks Board has announced the Texas Research League will make a study of its operations and report to the next Legislature. League is a privately financed, non-profit government research organization which studies state agencies at their own request. State Auditor C. H. Cavness has recommended the Parks Board hire an auditor to keep track of the receipts from concessions operated in the state parks. Cavness also urged that the next Legislature act on a Legislature Council report presented the 1959 session making recommendations for the continuing, expanding and abandoning of various parks. Parks Board has designated

a new state park, to be known as San Marcos State Park to be located near the proposed Canyon Dam site on the Guadalupe River. State Commission on School Accreditation has weighed Texas public schools against state standards and found 54 wanting. Inspection teams recommended schools with full credit. Commission recommendations will be reviewed by the State Board of Education at its September meeting. While nationally the drop in traffic deaths for this year is one per cent, Texas has improved by nine per cent. Texas traffic deaths up to mid-July of this year totaled 1049, compared to 1152 for the same

THIRD OF A SERIES

# Third Most Serious Health Problem A 'Hidden Malady'

(Editor's note: This is the third of six articles on the growing menace of alcoholism and steps being taken to combat it in Texas. The series is distributed by the Texas Commission on Alcoholism through the Deaf Smith County Council on Alcoholism, which aids the state organization on the community level.)

"If alcoholism were a communicable disease, a national emergency would be declared!"

This jolting statement by a renowned psychiatrist, Dr. William C. Minninger, points up both the great seriousness of the disease and the atypical ignorance engulfing it.

Without communicability to dramatize it and prod the public to outraged investigation and action, the nation's third most serious public health problem remains a "hidden malady." It lies concealed beneath a complex myth, prejudice, misinformation, and misdirected righteousness.

Authorities agree that a successful attack on alcoholism must be preceded by the clear, cool light of facts - and that fact-dispersion must take place at the grass roots.

Thus "Target One" of the Texas Commission on Alcoholism's offensive is the formation of community "Councils on Alcoholism" to launch programs of public education and informative service at the local level. The Commission has two field representatives working full time initiating Council formation and assisting in their operation. It also has an appropriation to help new Councils open "Alcoholism Information Centers" in their communities.

A council on Alcoholism is a state-chartered, non-profit, charitable, self-governing, locally supported organization of public-spirited volunteer citizens. It is neither "wet" nor poses the sale or consumption of alcoholic beverages. It recognizes Alcoholics Anonymous as a highly effective avenue of recovery for the alcoholic, but has no official connection with AA.

An Alcoholism Information center with permanent quarters and a paid executive in charge is the heart of Council activity. Through it the Council carries on a program of public enlightenment and offers a consultation and referral service for the individual.

In its educational campaign, the Council enlists the aid of press, radio and television. It initiates, plans, and assists with meetings designed to increase understanding of alcoholism - particularly among those like ministers, doctors, and social workers, who are confronted with the problem in their work. It administers a bureau of qualified speakers and arranges appearances before civic clubs and similar groups. It seeks to coordinate alcoholism-related activities of governmental, welfare, and similar agencies. It is a repository for authoritative literature which it distributes free or at cost.

The objective of all this effort is to:

fort is deceptively simple: to create general acceptance of alcoholism as a disease and the atmosphere of public opinion

alcoholic as a sick person who can and should be helped - an atmosphere of public opinion

favorable to the control and prevention of the illness. Even in the present relative-

ly hostile atmosphere, troubled people seek guidance at Information Centers from the day their doors open. The Center is able to discuss their problems sympathetically, confidentially, and intelligently. members of alcoholics' families, close friends, or business associates. Wives frequently see k advice and are usually greatly relieved merely to learn that their husbands are sick men and not hopeless moral deviates. This knowledge alone often has a markedly stabilizing and therapeutic effect on such distraught, long-suffering women.

When the Commission was activated in September 1957, four

Councils or Committees on Alcoholism existed in Texas - in Austin, Dallas, Houston, and Orange. By comparison, there were 105 cancer societies and 95 tuberculosis associations in the state. Through Commission encouragement, seven additional Councils have been organized and have opened Information Centers in Abilene, Beaumont, Corpus Christi, Fort Worth, Midland, San Antonio and Wichita Falls.

Already, thousands of Texans have received eye-opening, accurate information about alcoholism as a result of this new Council activity. Through guidance received at their Information Centers, hundreds of sufferers have been diverted from the inevitable doom of active alcoholism and set on the road to permanent recovery, thus resulting in a new and productive life.

# Icelander Talks On Native Land

Kristjan Bauson, Lutheran minister from Iceland, gave a short survey of his country for the Hereford Rotary Club Monday.

Bauson is a member of the Rotary Club in Iceland and is vice president of his club.

Iceland is a large Northern island with bays and cliffs along the coast. It is a mountainous country covered with glaciers and volcanoes, he said.

The hot springs are used for central heating in many of the towns, he explained. The summers are cool and the winters are usually mild. In July the temperature in the capital is about 52 degrees, and in January the temperature is about 30 degrees, he said.

There are many birds but no reptiles or frogs and no dangerous insects. The fish are plentiful around Iceland, cod and herring being the most important, Bauson said.

Iceland has a population of

about 170,000, with 80 per cent of the people living in towns or villages and 20 per cent liv-

ing in the country, he explained.

The country became an independent republic in 1944 and the present government is based on democratic principles, Bauson said.

The fishing industry is the most important industry in Iceland. Iceland ranks second in fish exports. The industry employs 17 per cent of the population, he explained.

Agriculture is second to the fishing industry. The Soviet Union and the United States are the best markets, he said.

### RELATIVE DIES

Mr. and Mrs. J. C. McCracken received word Saturday of the death of his brother - in-law, J. Don McCorkindale of Odeboit, Ia. Mr. McCorkindale, 68, died after a long illness. Burial was Monday in Odeboit. The couple were well-known in Hereford, having visited her brother and his family here on many occasions.

During World War II German submarines were refueling in hidden fjords (an arm of the sea with high rocky banks) in Greenland.

The  
**HARVEST**

IT WAS SAID in the long ago that we brought nothing into this world and that we shall take nothing out. That is true for all material goods. It is false in the realm of the spirit. *You and I are writing day by day the story that must forever be our history.* We are garnering the harvests of the years and storing them in the granaries of heaven. As women and men come to the closing hours of life on the earth, they gather up the "fruit of the spirit." *Love and joy and peace and longsuffering are not material.* They are eternal goods.

HOW RICH ARE WE? When we stand before the heavenly cashier and ask for a statement, what will the little card carry as our record? *Shall we hold in our hands a blank white card, with a dark background?* Will the servant of the Most High say that our account stands at zero? How dreadful, when we discover we have been working and living for naught! But why wait? Most of us can guess what the bank account really is. *Let's face that question now, for tomorrow we must know the final statement.* Shall I make sure of my holdings in the divine treasure house? What is my harvest?

### Conduct Services For J. R. Russell

Funeral services for James Roy Russell, 52, of 202 Grand in Hereford, were held at 2 p.m. Tuesday in the Avenue Baptist Church. The Rev. Clarence F. Powell, pastor, and the Rev. H. V. Fields, pastor of the Grace Gospel Church, officiated.

Mr. Russell was pronounced dead on arrival at the Deaf Smith County Hospital at 12:12 a. m. Sunday, July 24, after being stricken with a heart attack at his home.

He was a warehouseman at the grain elevator in Easter community and had lived in Hereford since 1943. He was born Dec. 13, 1907, in Farmersville, and was married to Miss Annie Mae Brown in November of 1928, at Emory, Tex.

Survivors include his wife, Mae; two sons, Charles of Compton, Calif., and James Russell of Bovina; one daughter, Mrs. Carroll Gillenwater of Hereford; three brothers, Hampton of Amarillo, Paul of Dallas and Almie Russell of Emory; two sisters, Mrs. Jack Landrum and Mrs. Kenneth Johnston, both of Dallas, and five grandchildren.

Interment was in Palo Duro Cemetery, north of Dawn. Arrangements were under direction of Marcum - Scott Funeral Home.

H. E. Mencken described a historian as "an unsuccessful novelist."

### Legal Notice

#### Notice to Bidders

Sealed proposals for paving and guttering of approximately 4 blocks of city streets and Youth Center parking area will be received by the city of Hereford, Texas, at the office of the City Manager, City Hall, Hereford, Texas until 2:00 P. M., August 1, 1960, and then publicly opened and read.

Bidders must submit a bond of five (5%) percent of the total amount of the bid as a guarantee that the bidder will enter into the contract under the conditions set forth within ten (10) days after notice of award of contract. After award of contract the Contractor will be required to post 100% performance and material payment bonds which will be for performance of contract with a one year guarantee against faulty material and workmanship. The attention of bidders is called to the special provisions concerning minimum wage rates and hours of employment included in House Bill No. 115 of the Forty - fourth Legislature of the State of Texas. Compliance with the above wage and hour bill is required.

The City reserves the right to reject any or all bids, to waive informalities and to accept the bid deemed to be the most advantageous to the City. All bids received after the above closing hour will be returned unopened. Plans, Specifications and Contract Documents may be inspected or obtained at the of-

ice of McMorries & Associates, Canyon Highway, Route 1, Box 826, Amarillo, Texas, upon a deposit of ten (\$10.00) dollars. This deposit will be refunded to each actual bonafide bidder upon return of the documents.
