Music Department Stages Hit Show 'South Pacific'

The curtain opens, and a tropical setting is viewed by the audience. An orchestra sounds the first thrilling chord in "South Pacific Overture," and the Hereford High School music department's presentation of another Broadway hit is underway.

"South Pacific" brings to mind an intriguing romance which is just as beautiful as the tropical surroundings where James A. Michener penned his best seller, from which the musical was adopted.

Curtain time Thursday, Friday, and Saturday is 8 p.m. in the Hereford High School auditorium. The two-hour play is produced by the mixed choir and band.

Directed by Don Moore, the large cast is comprised of members of the high school mixed choir. For the first time in recent years, a live orchestra is featured in the

Escapee Faces More Charges After Capture

A Lovington, N. M., man was back in the Deaf Smith County jail again Saturday facing a stiffer charge than the two sentences totaling 120-days he had been serving before his escape.

Facing a felony indictment as an habitual criminal is J. D. Adams, 37. The indictment was handed down by a Grand Jury meeting shortly after the man escaped on June 9.

Adams has been arrested by law enforcement officers in Greenwood Springs, Colo. on Nov. 25. An extradition hearing was held there Friday as Adams chose not to waive extradition procedures.

Deaf Smith County Sheriff Lowell Sharp returned Adams to the county following the hearing.

Adams allegedly escaped from (Continued on page 6)

FM Road Work Began Monday

Work began Monday on six miles of construction on Farm-to-Market Road 1057 in Castro and Deaf Smith Counties, announced William V. York Sr., resident engineer, Texas Highway Department.

Completion of the project which consists of grading, structures, foundation course and two course surface treatments is scheduled for May 1, 1962.

Recently the State Highway Commission let a contract to Cooper and Woodruff Inc., Amarillo, for the \$100,924 project.

The project begins six miles west of Hereford at the junction of Farm - to - Market Highways 1058 and 1057 and extends south six miles to connect with U. S. 60 at Summerfield in Castro County.

Traffic will be routed through the project, explained York. Motorists are urged to please obey all warning signs and barricades which will be prominently displayed at all times.

When 10,000 sailors and soldiers are left with nothing to do in the middle of the Pacific ocean, they come to the conclusion that "There is Nothing Like A Dame" to cure their boredom.

From there on out, boredom is forgotten as a romantic drama unfolds, complete with quarrels, love triangles, and patching things up with a kiss.

The team of Richard Rodgers and Oscar Hammerstein II combined drama, comedy, romance, and tears in the script, which is to be presented Thursday, Friday, and Saturday.

Eight Bandsmen Will Compete For All-Region

Eight members of the Hereford High School band will compete for places in the All-Regional Band at tryouts in Borger Saturday.

Competing with musicians from all area AAA and 4-A high schools, bandsmen will vie for membership in the 80-piece band. Only first chair players in the various schools are allowed to try out for the regional band.

Musicians from Hereford trying out for the honor are Beverly Boyer, Jackie Nunley, Louise Axe, Kathy Knox, Glen Nelson, Glenda Fuhrmann, Joyce Linderer, and Charles Mims.

First chair players in the all-regional band will have a chance to try for membership in the all-state concert band.

Boys and girls in the Hereford area had better heed the warning expressed in the traditional pre-Christmas song because Santa Claus is coming to town Saturday, Dec. 2.

The opening of the Christmas shopping season will be highlighted by the annual Christmas parade beginning at 2:30 p.m. through the downtown section of the city.

Since snow is not in the forecast for the weekend, Santa will arrive riding on the Oasis Shrine Club fire truck instead of his sleigh pulled by eight tiny reindeer.

Santa will be met at Damon Park by the Stanton Junior High School band as the parade starts down Main St. With the band in the lead, it will move south to Second Street.

The parade will turn on Second Street and go to Sampson, then march north to Third Street. Santa will leave the Parade there and go to the parking lot of the First National Bank.

Santa and his helpers — members of the Rotary, Lions and Kiwanis Clubs of Hereford — will hand out 4,000 sacks of candy to area children.

Afterwards he will be along Main talking to children in the downtown area. The following Saturday, Dec. 9, he will be along Park Ave.

On the remaining Saturdays before Christmas, Santa will make one more appearance on both Main and Park Ave.

The Christmas lights in Hereford will also be turned on for the first time Saturday evening as part of the day's festivities.

Hereford's Junior Chamber of Commerce strung the lights across Main St. and Park Ave. on Sunday, Nov. 26, after re- (Continued on page 6)

Marcus Latham this week announced his candidacy for the post of County Commissioner, Precinct Two, subject to the Democratic primary.

Latham became the first person to file for a county office. Deadline for filing is Feb. 5. A resident of Hereford for the past ten years, Latham is a farmer in the county. He and his family reside at 112 Aspen.

He has served as a member of the Hereford Rural High School District board of trustees for three years, including one year as secretary. He also served one year as president of the Deaf Smith County Chamber of Commerce. He is a member of the First Baptist Church and a Master Mason.

"If elected, it would be my wish to serve all the people of the precinct and of the county," he said. "My only goal in offering myself as a candidate is to make this community a better one in which to live."

Court Okays DA Follow-Up For Ramsey's Trial

County Commissioners agreed Monday that this county should pay travel and other incidental expenses for District Attorney Bill Hunter to argue a criminal case in Austin on Dec. 11.

Hunter had asked that the county pay his expenses so that he can appear in Austin when the Garrett Milton Ramsey burglary case is heard by the Court of Criminal Appeals.

Ramsey was sentenced here this summer after being convicted of burglarizing Cooper's Market in Hereford. He appealed the sentence.

County Judge H. C. "Hank" Williams told the court he felt the county should follow up on the case. The District Attorney, he said, was not given regular payment for travel such as would be involved here.

In other action, the court tabled any action to buy a motor grader attachment to clean out wet ditches on county roads. (Continued on page 6)

Four School Study Groups Formed, Call Meet Dec. 4

Denzil Pulliam was elected permanent chairman Tuesday night when a group of more than 40 persons met to begin a close study of the Hereford Public School system.

He immediately organized four specialized committees, each charged with a study of one phase of the school system. The committees include elementary schools, junior high school, high school and Latin - American education.

Pulliam called a meeting for Monday, Dec. 4, at 7:30 p.m. in the high school cafeteria to lay additional groundwork for a two-month study. He asked that each club president in the county appoint one member each to each of the four committees and have those persons present at Monday's meeting.

Elected as secretary of the group was Mrs. W. H. London Jr.

Committees elected the following chairmen and secretaries to serve during the study: Latin - American will be headed by Mr. and Mrs. Abe Davis as co-chairmen with Mrs. Ralph McCullough the secretary; Elementary Schools will be directed by the Rev. Gilbert Davis Jr., with Mrs. John Douglas Pitman as secretary; Junior High study group has Raymond White as temporary chairman and Mrs. John Jacobsen Jr. as temporary secretary; High School committee is headed by Cleo Meharg with Mrs. Ed Wilson the vice chairman and Mrs. Jay Boston the secretary.

Two persons were injured, one seriously, about 12:15 p.m. Wednesday when a grain truck and a pick-up collided six miles north of Hereford. The accident occurred at the intersection of U. S. Highway 385 with a dirt road.

Believed to be seriously injured was Michael Hordnyckye, about 38, of Hereford. He was driver of the empty truck, and was working for Bob Lindsey.

Bob Burk of Hereford, 27, received lacerations in the collision. He was a passenger in the pick-up driven by Sammie Bradford of Hereford. Bradford was not injured.

According to Sgt. Roger Sosebee, Investigating Highway Patrolman, the wreck occurred when the truck driven by Hordnyckye pulled across the highway in front of Bradford, who swerved to his left but failed to miss the truck.

The pick-up overturned, slamming into a utility pole. The pick-up was almost a total loss, while damage to the truck was estimated at \$500.

A Highway Patrol unit, trying to get to the wreck, was involved in a wreck at the intersection of U. S. Highways 385 and 60 in Hereford but no one was believed to have been hurt.

it is the board's responsibility, but we want your help."

Superintendent Paul Stevens then outlined some of the problems which have been considered by the board during the past few months. He asked what the new "bracero" law would mean and how these workers would be replaced on county farms. We know that a sugar beet mill would mean 500 employees and could figure out about how much it would increase our school enrollment, (Continued on page 6)

Herd Faces Tulia After 46-55 Loss

If high school basketball games were just 16 minutes instead of 32 minutes, Hereford's 0-3 record would be reversed.

It was the same story again Tuesday night as the Whitefaces pulled out to a lead in the first and second periods, then faltered as Plainview rallied for a 55-46 victory over the Herd. (Continued on page 6)

This is the third time this has happened in as many games against 3-AAAA opponents.

On Friday night, a pair of teams with identical records, 0-3, will face off when the Herd will be in Tulia to play the Hornets. Tulia has lost to Lockney, 39-35. (Continued on page 6)

HANDS, HANDS EVERYWHERE, and M. T. Knowles (25) of Palo Duro finally ended up with the ball during this scramble under the basket during Hereford's game with the Dons Friday night. LET'S COOK SOMETHING

'Constantly Hungry' Young People Will Go For These

Isn't it fun to bake for your friends and neighbors at any time, especially in the weeks before Christmas? The joys of giving are yours when "things made with hands" are given to those nearest and dearest to you. Several of these delicious confections are listed here for you.

The two recipes below are especially filling for the "constantly hungry" young people, like the college student who wrote home for his mother to send food packages! "All they serve

here," he complained, "are breakfast, lunch and dinner."

Magie Fruit Cake
1 pound dates
1 pound nuts
1 1/2 pound of coconut
1 large can of Eagle Brand Milk
Chop nuts and dates; mix dates and nuts. Add coconut. Pack all in a buttered pan and bake in a moderate oven (350 degrees) for 30-40 minutes. Leave in the pan until cool.

This cake can be baked in small individual aluminum pans, available in local stores, for miniature fruit cakes.

Hershey Pound Cake
2 sticks of oleo (1 cup)
2 cups sugar
4 eggs
8-5c Hershey bars
1/4 teaspoon soda
1 cup buttermilk
2 1/2 cups flour
1 cup nuts
2 teaspoons vanilla

Line loaf pans with waxed paper. Cream oleo and sugar. Add eggs and Hershey bars, melted. Dissolve soda in the buttermilk. Add flour, nuts and vanilla. Bake 1 1/2 hours at 350 degrees.

Stone's Hillbilly Cake and Vanilla Wafer Cake are quick recipes; easily prepared for guests dropping in for the evening.

Stone's Hillbilly Cake
Boil together for one minute:
1 cup sugar
1/2 cup butter
1 cup cold water
1 cup raisins
1/2 cup nut meats
1 teaspoon cinnamon
1/2 teaspoon salt
1/2 teaspoon allspice
1/2 teaspoon cloves
Allow to cool. Add 2 cups sifted flour - mixed with 1 tea-

spoon soda. Bake 1/2 hour at 350 degrees F. in a small sheet cake pan. Top with broiled icing.
Broiled Icing:
1/3 cup melted butter
2/3 cup brown sugar
3 tablespoons cream
1/2 cup coconut
Blend all ingredients and spread over hot cake - broil under slow broiler for 10 minutes or until coconut is toasted.

Vanilla Wafer Cake
1 pound package vanilla wafers, crushed
1 cup white sugar
3 eggs
1 stick oleo
2/3 cup milk
1 cup pecans
1 cup coconut
1/2 teaspoon baking powder.
Cream oleo and sugar. Add unbeaten eggs. Beat. Add crush-

ed wafers, milk, pecans, coconut and baking powder. Beat until thoroughly mixed. Pour into a well greased and floured pan. Bake at 350 degrees for 40 minutes until done.

The gift cake suggestions are festive, yet moderately inexpensive.

Graham Cracker Fruit Cake
48 graham crackers (1 box)
2 cups sugar
6 eggs, beaten separately
1 cup butter or shortening
1/2 teaspoon baking powder
2/3 cup milk
1 pound pecans
1/2 pound candied cherries
1/2 pound candied pineapple
1 cup moist coconut
Cream sugar, butter; add egg yolks, baking powder and milk. Stir in the graham crackers (that have been rolled until fine) and add cherries, pineapple, pe-

cans and coconut. Mix well. Fold in beaten egg whites. Bake 1 1/2 to 2 hours at 300 degrees.

Maple Crunch Cake
1 cup sifted enriched flour
1/4 cup plus 2 tablespoons granulated sugar
1/4 cup plus 2 tablespoons brown sugar
1 1/2 teaspoons baking powder
1/2 teaspoon salt
1/4 cup salad oil
3 egg yolks
1/4 cup plus 2 tablespoons cold water
1 teaspoon maple flavoring
1/2 cup (4) egg whites
1/4 teaspoon cream of tartar
1/2 cup finely chopped walnuts or pecans
Sift dry ingredients into mixing bowl; make a well in dry ingredients. Add salad oil, egg yolks, water and flavoring in the order given. Beat until satin

smooth.

Combine egg whites and cream of tartar in a large mixing bowl. Beat until they form very stiff peaks (stiffer than for meringue or angel cake). Fold egg-yolk batter gradually into egg whites with down-and-up-and-over motion, turning bowl gradually. Fold in the nuts.

Bake in ungreased 10 x 5 x 3-inch loaf pan in a slow oven (325 degrees) 50 to 55 minutes. Invert and cool.

Spread cool cake with Browned Butter Icing: Melt 1/4 cup butter; keep over low heat until golden brown. Blend in 2 cups sifted confectioners sugar, 2 tablespoons cream, 1 teaspoon salad oil, 1 1/2 teaspoons vanilla and 1 tablespoon hot water. Stir until frosting is cool and of the consistency to spread easily.

OFF THE Shelf

BY H. A. TUCK

Stephen Morris is a refreshing change in the novel field. The hero isn't psychotic, he doesn't use gutter language and sex isn't all-important. Yet, without these dubious qualities that seem to appear constantly in current novels, it is an interesting, entertaining book.

When Nevil Shute, author of *On The Beach*, died in 1960 he left unpublished the manuscripts of two stories, *Stephen Morris and Pilotage*. Since both were built around the same central figure and had some inter-relationship, they were combined into one volume.

The first part of the book is concerned with Stephen Morris in the early 1920's when English aviation was in limbo. It had come of age to many during World War I, yet wasn't in any demand for civil and commercial use.

Morris spent some time with the fringe part of business aviation, flying sightseers, charter trips and barnstorming. When this failed, he joined the struggling aviation firm, Rawdon Aircraft, as test pilot and design engineer.

It was hand-to-mouth existence that precluded his marrying for a time. Despite the loss of his good friend, Riley, in the crash of a racing plane, he continued to struggle on as a pilot, trying to grow out of infancy.

As the firm begins to prosper, there is a lapse before Stephen meets young Peter Dennis, who has been turned down after proposing marriage.

Morris takes a liking to Dennis and signs up the young maritime lawyer as navigator for a dangerous experiment. They will be catapulted off the deck of a freighter halfway between England and the United States and try to reach land a thousand miles away.

Stephen Morris is good reading with the typical Nevil Shute touches: clean, suspenseful narrative; skill in conveying technical information; clarity; and quiet excitement.

It is now available from the Deaf Smith County library.

O. W. "Bill" Hayes of Temple, one of two Republican candidates for Lt. Governor, will be guest of honor at a dinner in Hereford at noon on Friday, Dec. 1. The meeting will be held in the Jim Hill Hotel ballroom. GOP county chairman Kenneth Rudd said that the public was invited to attend. You do not need reservations. Hayes is a former major league baseball player and manager and served in the Texas legislature, as did his brother and mother. He is now vice president of the Continental Belton Company.

Charlie Seeds Motor Company is sponsoring a basketball team in a league with teams from Friona, Bovina, Muleshoe, Farwell, Springlake, Tulia, and Cotton Center. Players range from exuberant youths to the aged and infirm and should provide entertainment, if not an exhibition of athletic prowess. First home game is set for Monday, Dec. 4, at 8 p.m. in the high school gymnasium with no admission charge. Charlie said he wanted it made clear that the condition of the players had nothing to do with the condition of his new cars. Roster, until bruises and sprains catch up with them, includes: Jim Arney, Harlan Voyles, Rob Groves, Donnie Renfro, Bobby Shelton, W. C. Russell, Ray Selick, Dave Hopper, Chick Hicks, Joe Kerr and Charles Skinner.

Hi-Plains Alumni Association of Oklahoma State University will have its annual Founder's Day dinner at the Chicken Inn in Plainview on Friday, Dec. 1, at 7:30 p.m. All former OSU and Oklahoma A&M students are urged to attend. Program will include films on the university's athletic program.

Jim Wiman and I are advocating 16 - minute basketball games for Hereford, so the team's leads won't be chewed up in the second half. But coach Cuby Kitchens isn't chicken. He's pumping for a 32-minute first quarter, at which time the game would end. It sounds valid, since Hereford has always been ahead at the end of the first quarter in each of its three games. Seriously, the team is learning a lot and should come along strong at the end of the season... if fans will continue to support them. They play in Tulia Friday night.

UNIT HAS BEEN BUSY
BOISE — The Idaho Mountain Search and Rescue Unit, organized this season to cope with Idaho's rugged country and heavy snow conditions, already has participated in nine search and rescue efforts.

In the most extensive operation thus far, unit members spent nearly a week in October searching for lost or stranded deer hunters after a heavy snow swept southern Idaho.

The new organization is headed by a 35 - year - old dynamite engineer, Swiss - born Fred R. Weber. Weber and David Sarvis, both of Boise, conceived the idea of an Idaho rescue unit last year, when they were part of the Ski Patrol at the Squaw Valley Winter Olympics.

Weber said the unit is an organization of volunteers which can be called upon and directed by county sheriffs. It makes no charge for any of its services.

he said, but we need to find out what type of industries would likely follow construction of such a plant here.

He pointed out that in the 1955-56 school year, the first in which such records were kept, there were 385 Latin - American children in school. On Oct. 9, he said, there were 771 enrolled, including 602 in elementary schools, 141 in junior high and 28 in high school. They comprise 25 per cent of the school enrollment now, he said, and it is estimated that they may be 50 per cent of the population in the state by 1977.

He outlined three major areas which need to be studied: First, are you satisfied with the school program? Second, what things are needed? Third, do some trills need to be trimmed?

Particular areas of study, he

PLEA FOR ECONOMICS

WASHINGTON — A leading educator has entered a plea for more study of economics in high schools.

Dr. Galen Jones, director of the council for advancement of Secondary Education, says less than 600,000 of the more than 10 million high school youngsters in the United States receive as much as one semester of economics.

Broader study of economics, says Dr. Galen, is essential if young people are to understand the economy and learn to analyze, appraise and make decisions on economic matters.

and would appreciate a large Hereford delegation to root for them.

If the reverse play has been outlawed Tuesday night, the junior high girls' football game would have ended in a scoreless tie instead of the ninth graders winning, 34-16. All the touchdowns, and most of the extra points, were scored on reverses. Anyhow, it was a lot of fun for the players and the spectators alike despite the cool weather.

We have seen about five rehearsals for "South Pacific," which will be presented by the high school Thursday, Friday and Saturday. We can recommend it heartily as good entertainment. The musical is surprisingly difficult, both for the actors and the orchestra, not to mention the stage crew, but everyone connected with it has devoted countless hours to it. Hereford is one of the few AAA schools in this part of the state to even attempt such productions as it has staged each year: Oklahoma, Brigadoon, Carousel, just to mention a few. We appreciate their efforts and think it gives them a broad background for good music and theatre. Curtain time is 8 p.m. each evening.

RATTILING GOOD RECORD
RESUCE, Calif. — Halley Wing thinks he got a record of 15 rattlesnakes to a gallon of gasoline.

Wing was chasing a large rattlesnake near this community in the gold mining country of the Sierra Nevada foothills when the snake disappeared into a burrow.

Recalling advice that gasoline fumes would bring snakes out, he poured a gallon into the burrow. Out came the big snake three feet long — and 14 little rattlers. Wing killed them all.

top - rated show among millions of theater goers, the music department has chosen "a really big show" for this year's production.

Joyce West plays the lead role of Nurse Nellie Forbush, who finds a very changeable love in the Frenchman, Emile Debecque, who is characterized by Mickey Bonasio.

Bloody Mary, the lady with the business sense which turns the Navy into chaos, is enacted by Mary Albracht and Donna Rogers during the three-night presentation. Liat, her love's daughter who welcomes soldiers in a very cordial way, is played by Kay Lemons.

Every drama must have a hero, and in "South Pacific" it turns out to be Walker Parris, who appears as Lt. Joe Cable.

One of the more enterprising young sailors who capitalizes on the lack of local conveniences is Luther Billis, a comical type played by Lynton Allred. Stewpot, his assistant, and also a loyal all - American boy who has heeded the call of Uncle Sam, is portrayed by Jay Boynton. Charles Kelly appears as Professor, their sidekick and distinguished college graduate.

Officers in charge of "Operation Alligator" include Ronnie Gray, Dick Combs, Ken Loerwald, and Jim Dziuk. Soldiers aiding in the operation are Waldon Scott, Ted Wimberly, Roger Albracht, Waa Dee Hudson, Troy Gandy, Arvell Williams, and Mike Roberson.

Children of the French plantation owner are played by Regina Hampton and Daniel Granada. Jerry Cowart has the part of Henry, the native servant.

No romance is complete without girls, and in the play nurses

furnish almost the only supply of the item to be found in the Pacific. Appearing as nurses are Mar Gwen Lackey, Judy Price, Janet Patterson, Don a Rogers, Laverne Bezner, Joyce Ann Johnson, Gillian McArthur, Lavonne Thompson, and Joy Story.

Stage manager for the production is Bill Miller. All mixed choir members appear in the presentation or work back stage.

Orchestra members for "South Pacific" are Jim Grubbs, Glen Nelson, Rondal Long, Charles Mims, Brenda Beasley, Avie Justice, Beverly Boyer, Jackie Wadley, Jerre Bea Noland, Louise Axe, Kathy Knox, Royce Ann Gilliland, Carol Watkins, Johnny Wayne Brownlow, Janie McBroome, Jerry Don Whitaker, and Carolyn Aven.

Four members of the Amarillo Symphony are included in the orchestra. Playing violin are Helen Gerald and Charlotte Brantley. Featured on the cello will be Melinda Dalley, while Richard Kidwell appears with the string bass.

Only one bid was received, that from Plains Machinery Co. of Amarillo.

The County Home Demonstration Club Council appeared to make a report of what its member clubs had been doing during the past year. Members also served cake and coffee to the court and visitors. Mrs. Bess Werner acted as spokesman for the group in introducing the other speakers.

Court members decided that Stan Knox should inspect the sound system in the Bull Barn and make recommendations as to any repairs deemed necessary.

Assistant county tax collector Markham Waddill was given permission to attend a statewide tax institute.

Commissioners voted to pay Homer E. Henslee \$300 for his 12 days work in preparing the county budget for 1962.

The court decided that the courthouse would close at 5 p.m. Dec. 22 and remain closed until 8 a.m. Dec. 26 for the Christmas holidays.

It was voted to pay Corinne Neely \$35 per month for part-time work in the county welfare office.

Bill Patton met with the court to discuss insurance on the new Bull Barn. He is to report back to the court with his findings on rates and recommendations for insurance coverage for the building.

BANG - UP DELIVERY
MANKATO, Minn. — Alfred Nelson hadn't ordered any soybeans — but he got 'em. A truck loaded with 75 bushels of beans crashed into his house, coming to rest entirely inside the living room, pouring beans by the bushel in an area Nelson had left a few minutes earlier.

Heavy Damage But No Injuries In Wreck Sunday

Two pick - up trucks were heavily damaged by a collision three-quarters of a mile east of Aikman School on a county road about 4:40 p.m. Sunday, but both drivers escaped injury.

Drivers of the two pick-ups were C. L. Collins, 54, 601 Bleivins, and Stanley Lin Metcalf, 16, Dairy Road.

The accident occurred as both trucks began turning off of the highway into a pasture, according to the Highway Patrolman Charles Skinner.

Collins slowed down, and was hit in the rear by the second truck. Metcalf reportedly looked off as the truck ahead began slowing and did not have time to stop, according to Skinner.

Damages to Collins' truck were placed at \$200 and approximately \$400 in damages was done to the Metcalf pickup.

73, to Phillips, 55-63, and to White Deer, 49-56.

Coach Don Nentwig's team racked up a 24-7 record last year and took district co-champion honors with Dimmitt. Returning starters are Max Swinburn, 5-11, and Paul Caraway, 5-11. Backing them up will be Jerry Sarchet, 6-1; Mac Mitchell, 6-1; Tim Tucker, 5-7; Gary Don Haught, 5-6; and Richard Bales, 5-9.

A scoring drought in the third period proved disastrous for the Whitefaces at Plainview Tuesday. The Herd took a narrow lead in the first minutes and held it for a 10-9 margin in the first quarter.

Some good shooting in the second quarter gave them as much as nine points, 26-17 but Joe Childers personally narrowed the margin to 28-24 at halftime.

Dennis Hodges hit a pair of field goals and Mack Cansler added another two-points as Hereford led 34-27. Then, with 5:43 left in the third quarter, the Bulldogs slammed in 16 straight points while Hereford failed to score. Hodges finally got a field goal with 37 seconds in the period to break a five - minute scoring drought.

Plainview went into the final quarter leading 45-36. That was too much, as the teams swapped out evenly during the last eight minutes, getting ten points each.

Hodges was high for Hereford with 16 points while Jerry Curtsinger netted 12. Jack Swanner paced the Bulldogs with 19 and Joe Childers added 13 for Plainview in its opener.

LOOK FOR THIS BOY!

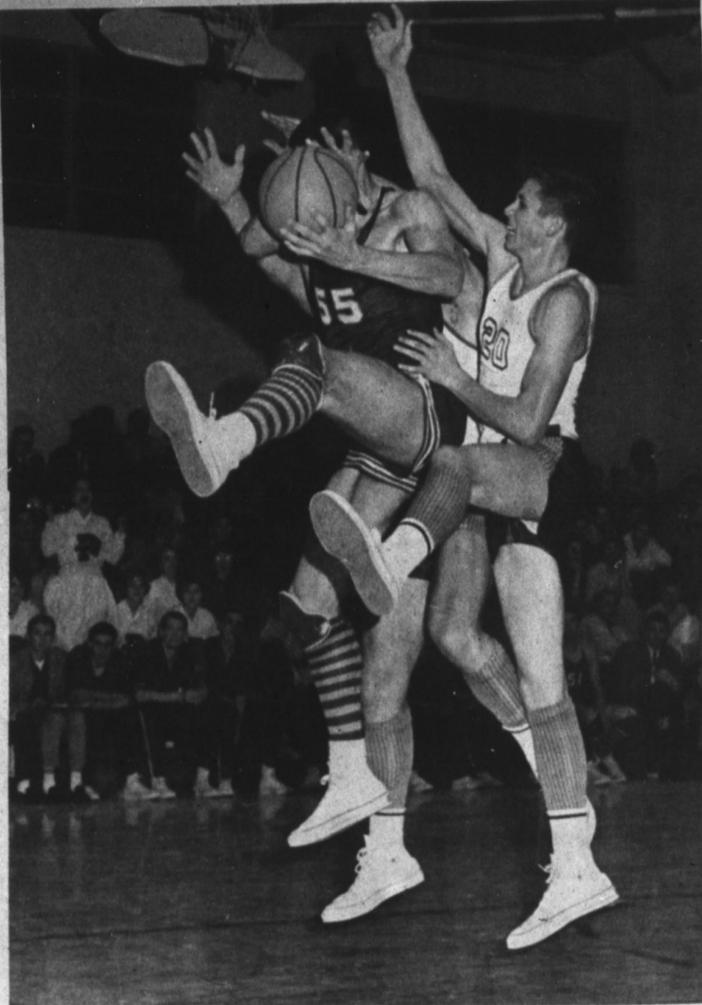

Maybe you haven't noticed him lately! Perhaps you haven't thought of him beyond the fact that he carries out your order, or clerks behind our counters, or stocks the shelves you so quickly empty.

Next time you shop, look at this boy, and the others like him—from their ranks sprang the world's largest industry—food retailing, and they are its leaders for tomorrow.

Chances are he works part-time—after school and on Saturdays, and now because of Shurfine Foods, he has the opportunity to compete for a two-and-one-half year fully-accredited college scholarship in food distribution.

This Shurfine Scholarship Grant will be made to worthy young men in our stores—maybe the one who carried your order last.

'Indian Summer' Enables Farmers To Work Outside

BY MRS. S. N. THWEATT
"Indian Summer" has prevailed over the community during the past four days and residents are very pleased to see it after two weeks of snow and rain.

There is lots of fence building and maize cutting going on now. Coleman White has been busy fencing for wheat pasture, the Brown brothers are cutting maize and the Thweatts are working on their new house. Wheat is looking good since the moisture came.

Thanksgiving guests of the Bill Whites were Mr. and Mrs. Charles Wright and family, Mr. and Mrs. Jack Hudson and daughter, Donova, Mr. and Mrs. Jim Hudson and family, all of Hereford, and Mr. and Mrs. Jeff Langford and children of Amarillo.

Bruce Collins, of Fort Collins, Colo., spent Thanksgiving at home in Walcott with his parents, Mr. and Mrs. Thomas L. Collins. They attended the Christmas parade in Amarillo on Friday night. Bruce returned to Colorado Sunday for his examinations. He plans to return to Walcott about Dec. 15.

Mrs. H. W. Barton, her sister and two brothers, spent Thanksgiving visiting on the Perrin Ranch. They returned to Wichita Falls and Haskell Saturday.

The Walcott PTO met recently for a regular meeting. It started with a Community Thanksgiving dinner, with the invocation by Mrs. N. A. Brown. Mrs. Jim Monroe presided at the business meeting. Next meeting of the group is slated for Dec. 15, when the Community Christmas Tree program will be given by the school children.

The program was given by the seventh and eighth grade students, directed by Thomas L. Collins, the principal.

Guests in the Ruth Coleman

home for Thanksgiving dinner were Mr. and Mrs. James Coleman and their three sons, Ted, Rex and Joe; Mrs. D. E. Coldiron and sons, Ronnie and David, all of Amarillo; Mr. and Mrs. Bruce Coleman and children, Cinda, Gary and Jeff of Garcia; Mr. and Mrs. Melvin Carter and family of Oklahoma City, Okla., friends of the Bruce Colemans.

Negro Woman Is Fined \$200 For Prostitution

A Negro woman was fined \$200 here Tuesday on charges of prostitution by Justice of the Peace C. B. Miles. Arrested on the charge was Dorothy Ann Simmons, 18, 119 Virginia. She was arrested Tuesday by Deputy Sheriff Ed Roberson.

Mr. and Mrs. N. A. Brown were hosts to their three sons and their families for Thanksgiving dinner. Mrs. C. W. King of Roswell, N. M., was also a guest in the Brown home during the day.

Messenger Home Demonstration Club will have its annual supper on Dec. 1 in the Walcott School cafeteria. It will be a "pot luck" meal.

The meeting scheduled for Nov. 24 was called off because of bad weather. The next meeting will be the club's Christmas party in the home of Mrs. Bertram Jack on Dec. 8. All members are to come and bring gifts.

Those on the program for the Christmas party include: "Christmas Card," Mrs. Bertram Jack; "Christmas Story," "Scripture Reading," Mrs. Jack Buse. Cookies and candy are to be brought for the Council Christmas party on Dec. 9.

"SOME ENCHANTED EVENING, you may find a stranger . . ." is only one of the many hit songs featured in the high school music department's presentation of "South Pacific" this week. Many and varied ro-

mances are also featured in the Broadway hit, such as the one budding out in the hearts of Nellie Forbush (Joyce West) and Emile Debecque (Mickey Bonesio).

"IT'S ABOUT THAT FRENCH PLANTATION (Joyce West) sits quietly as Brackett, Lt. owner, Miss Forbush," states Dick Combs, who acts as Captain Brackett in the musical "South Pacific." Nurse Nellie Forbush, Harbison (Ken Loerwald) question her.

"SHE'S GONNA WASH THAT MAN RIGHT outta her hair," wails the chorus line in the musical "South Pacific" which is being presented by the Hereford High School music department. Set for Thursday, Friday and Saturday nights

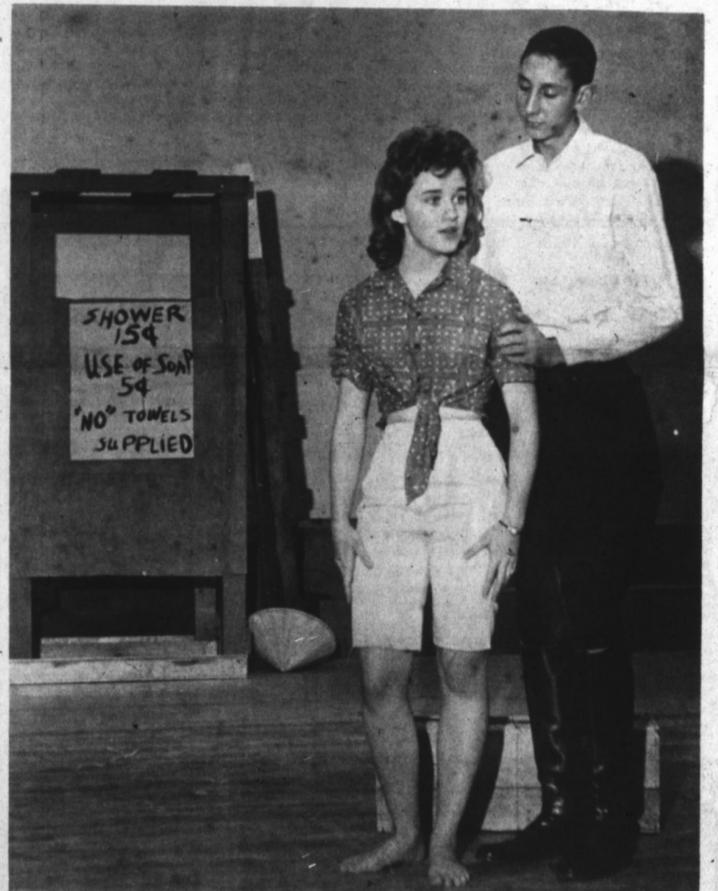

in the high school auditorium, the Rodgers and Hammerstein Broadway hit opens at 8 p.m. with tickets on sale at the door.

A 21-PIECE ORCHESTRA IS FEATURED in the musical production of "South Pacific," which is set for a three-night run this week-end. Four string players from the Amarillo

Symphony Orchestra round out the group comprised of members of the Hereford High School band.

"HAVE YOU THOUGHT IT OVER?" asked Emile Debecque played by Mickey Bonesio. Nurse Nellie Forbush, portrayed by Joyce West, ponders the Frenchman's romantic-type question in a scene from "South Pacific," to be presented Thursday, Friday, and Saturday at 8 p.m. in the high school auditorium.

"NOW WHEN YOU GET READY to take a shower, just pull this string like you was pullin' down the shade," Luther Billis (Lynton Allred) demonstrates to Nellie Forbush, as other patrons to his enterprise look on. Directed by Don Moore, the high school music department production of "South Pacific" promises many hilarious scenes such as the one above.

REP. WALTER ROGERS WRITES

Tribute Paid to Mr. Sam For Long Term As Speaker

TO THE PEOPLE OF THE 18th DISTRICT:

"It is now my sole purpose here to help enact such wise and just laws that our common country will by virtue of these laws be a happier and a more prosperous country. I have always dreamed of a country which I believe this should be and that is one in which the citizenship is an educated and patriotic people, not swayed by passion and prejudice, and a country that knows no East, no West, no North, no South, but inhabited by a people liberty-loving, patriotic, happy, and prosperous with its lawmakers having no other purpose than to write such just laws as shall in the years to come be of service to humankind yet unborn."

These words, in Sam Rayburn's handwriting, appear on a portrait which hangs in my office. They were penned in March, 1913, shortly after the author's election to the United

States House of Representatives from the Fourth District of Texas. To me, they allow a clear vision into the integrity and unchanging character of the man who wrote them, Sam Rayburn of Bonham.

Last week Mrs. Rogers and I attended the services for Speaker Rayburn at Bonham as a nation mourned the passing of a great Texan and an outstanding American. Tributes to the Speaker have been offered from every corner of the land—by the great and the small throughout the free world. They will form part of a memorial, the greater part of which will be an eternal monument in the annals of American government where the imprint of Mr. Sam's character will long be felt.

I shall always count it a privilege to have served in the greatest legislative body in the world with Mr. Rayburn. We sometimes did not see eye to eye on a given issue, but I never doubted that his sole motivation was to serve America and the cause of freedom with every ounce of his energy and strength, which attitude he always reciprocated.

Last summer the House observed the long tenure of Mr. Rayburn as Speaker, after 16 years, 273 days, — more than twice as long as any other Speaker in the history of the United States. The compilation of tributes paid Mr. Rayburn on that occasion form a booklet entitled "The House will be in order." I have obtained a limited number of these booklets and will be happy to forward copies upon request until the supply is exhausted.

I quote from the foreword of this publication a particularly appropriate characterization: "Those of us who served with Speaker Rayburn and under his guidance for the whole of a political — and often a natural — lifetime, never for a moment

lost the feeling of being in the presence of a great and a good man whether we had his agreement or his opposition, or whether he had ours. Where he sat here was authority and dignity, highly warranted seniority, but never the adamant or arrogant manifestations of naked power. For perhaps a quarter of a century, his was one of the strongest, and not infrequently the strongest single voice in Congress. But always Speaker Rayburn accepted for himself with reverence and punctilio what may be called the rule of the democratic process. Above all there was the Constitution of the United States and for him personally the clearly defined and correct outposts of unaggrandized command. It was he, at the peak of his legislative eminence, who said:

"You can't be a leader, and ask other people to follow you, unless you know how to follow, too."

One fact of the greatness of Speaker Rayburn is that neither opportunity nor invitation by circumstance to the abuse of an immense power ever tempted him on a single day, in a single hour of his unprecedented tenure in the Speakership.

The benevolence of his leadership is written — we hope forever — in the statute books of a free people. It speaks in the toll and the sweat lifted from the shoulders of tens of millions of his fellow Americans by legislation he authored from the beginning and saw voted into law, or legislation that he espoused, helped, personally fashioned, or negotiated through its many trials to success, and to unwise legislation that he negotiated into extinction.

Congressmen see in Speaker Rayburn what they most want to see in themselves — the sublime expression of the true patriot."

Charge Accounts Management Studied

The Young Homemakers Demonstration Club met Tuesday, Nov. 21, in the Community Room of the First National Bank with the president, Mrs. Pat Clark, presiding.

Roll call was answered by nine members on "How we plan our family spending; how we teach our children to save money; and the mistakes I have made in buying."

Jeanne Jackson opened the program with the reading of a humorous poem, "Ma and Her Checkbook" by Edgar A. Guest. Mrs. Argen Draper spoke on "Managing Your Charge Accounts."

Louise Stutts was elected vice president and Jeanne Jackson was chosen secretary to replace members who had resigned. A turkey dinner and Christmas party, honoring the husbands of the members, is slated for Dec. 16 in the Flame Room of the Pioneer Natural Gas Company. A collection of clothing and toys for a needy family will be made as the Christmas project.

The hostess, Francis Zetsche, served the refreshments to Alice Burgess, Pat Clark, Della Ruth DeHart, Pat Shaw, Jeanne Jackson, Janet Lowrie, Sandra Brown, Christine Evans and Mrs. Argen Draper.

Needle Club Hosts For Annual Dinner

The business meeting included the setting of the date, Dec. 19, at 7 p. m., for the Christmas party in the Flame Room with the husbands as guests. Names were drawn by the husbands for a gift exchange. Each member will bring a gift for her pollyanna friend to the Christmas party.

Those present were Messrs. and Mesdames Earl Cole, L. J. Jones, C. N. McClure, H. E.

One of 994 undergraduate students at the college, she is the daughter of Mr. and Mrs. Friz Christman of 114 Ave. A, and a 1960 graduate of Hereford High School.

SPACE-SICK MEDICINE

WASHINGTON — Drugs are a vital unit in the medical kit of the astronauts.

Medicine at Work, publication of the Pharmaceutical Manufacturers Association, said that astronauts Alan Shepard and Virgil Grissom each took along four vials of drugs with hypodermic needles attached — handy for prompt self-administration.

The publication noted that these drugs are designed to help offset uncomfortable sensations in flight, injuries, and to counteract physical and psychological disabilities resulting from gravitational differences or atmospheric variations.

SOUTH GOES TO TOWN
CHATTANOOGA AP — The South is going to town, a North Carolina sociologist declares.

In a lecture, Dr. Reuper B. Vance, the university's Kenan professor of sociology, said the South is still the least urban of the nation's large regions, but it recently passed the halfway mark in rural-urban balance.

Now 51.6 per cent of its residents live in towns and cities.

FACT or FABLE

(Test your current event I.Q.)

True

False

The Fable

A recent nation-wide public opinion survey revealed that 52 per cent of the nation's influential citizens think rural electric systems are directly subsidized by our Government.

The Facts

Rural electrification isn't a government give-away program! Cost of operating our rural electric system is borne by people in this area—the people who own it and use their electric service.

Monthly electric bills paid by these member-consumers cover cost of electricity, wages, equipment, and other operating costs. Also included is an additional amount which is used to pay interest and principal on Rural Electrification Administration loans. Already, approximately 1,000 rural electric systems have repaid \$1½ billion on their \$3½ billion REA loans used to electrify rural America.

New Medical Care Program Called Significant Solution

BY VERN SANFORD

With nearly 30 per cent of the state's population over 65 years old, the State Welfare Department's tandem medical care program for Old Age Assistance recipients will be a significant solution to the problem of providing nursing service and medical treatment for all aging oldsters.

Welfare Department institutes its program of nursing home care for OAA recipients Jan. 1. Program will affect every old person who has to rely on nursing-home care, whether he be indigent or financially self-sufficient. Rating of nursing homes which apply for payments under the plan should result in a general upgrading of nursing home standards.

Despite efforts of nursing home operators' associations and Health Department officials to define this difference, there has been some public confusion about the difference between nursing care and custodial care. Relatives seeking home for old folks are not always able to determine whether nursing care offered is sufficient for their kin's needs.

Introduction of state and federal money — about \$8,000,000 a year — is certain to result in more and better homes for the aged.

The \$23,000,000 Blue Cross policy for Texas' 220,000 OAA recipients — also effective Jan. 1 — may pave the way for more thorough medical protection for old folk.

Policy sets a precedent, as no other insurance company has ever provided such extensive coverage for people over 65. If it does not prove too costly, other companies may offer similar coverage for elderly people on an individual basis.

More Mileage From Tourists Gov. Price Daniel's "Texans for Tourists" group will get together to discuss passage of a legislative appropriation for advertising the State's numerous attractions. Although the Legislature passed a voter-approved Constitutional amendment to allow for tourist promotion

in 1958, no funds were allotted for this purpose.

While the Texas Highway Department distributes attractive brochures through its eight state border stations, nothing has been accomplished on a national basis.

Meanwhile the state is losing money on tourism. The 8,600,000 out-of-staters who came here last year contributed \$23,000,000 to the state's tax till. They spent \$427,000,000 while here. This was a drop of one million visitors from 1960 and a drop of almost two million from 1959.

Other states consider tourist advertising a sound investment — figuring they get hundreds of dollars in return for each dollar spent on advertising.

Cheat or Escheat Governor Daniel told the special House Committee investigating escheat laws that emphasis in his fight to include banks "has been in the wrong place."

He said that instead of battling to get banks to turn over money in dormant accounts, emphasis should be on passing legislation to help find unknown heirs of missing depositors.

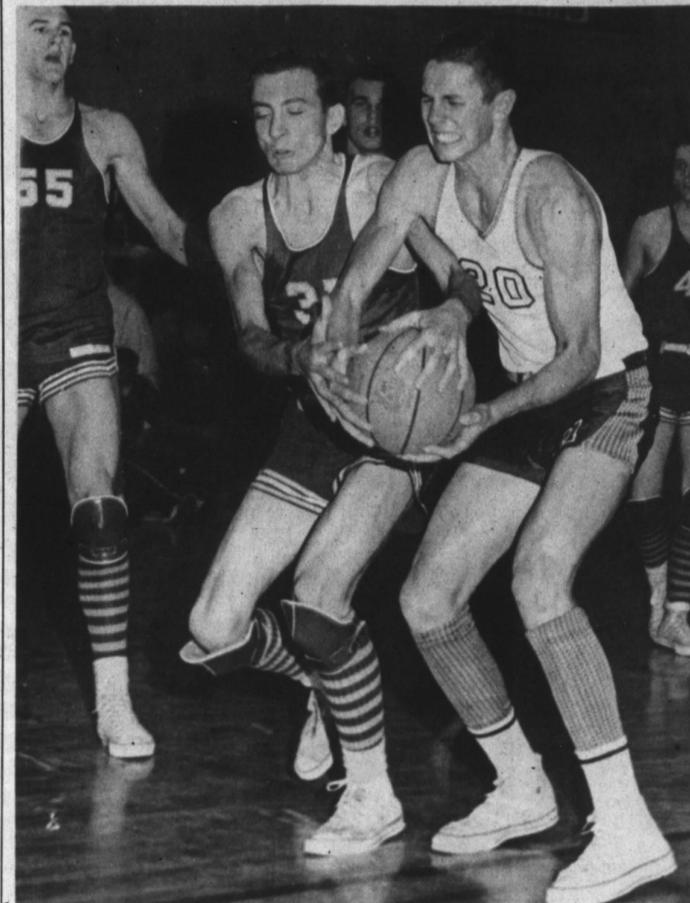

Statement was made after State Banking Commissioner J. M. Falkner testified that dormant and inactive accounts "make it easier" for would-be embezzlers. He said it's easy for bank officers or employees to manipulate dormant accounts. Falkner stated that "a few" state banks have even tried to make charges against dormant accounts, converting the money to profit, but that his department has been successful in stopping such procedures.

The State Commission has no jurisdiction over the practices of national banks within the state. It is his understanding, however, that many national banks do make service charges against inactive accounts.

Falkner estimates that between \$3,000,000 and \$4,000,000 lie dormant in state banks, and from \$12,000,000 to \$14,000,000 in the national banks located in Texas.

Veterans Land Suits Up State attorneys still are trying to recover more than \$500,000 paid for land under the Texas Veterans Land Program some seven years ago.

Austin District Judge Herman Jones heard pre-trial arguments in four civil suits from State Assistant Attorney General J. Arthur Sandlin and John D. Cofer, Austin attorney who

represents Brady land dealers B. R. Sheffield and L. V. Ruffin. In addition to the land dealers, 54 Brady veterans have been named as defendants. Jones took the motions under advisement.

Juvenile Parole Program Underway Now that the five most populous counties — El Paso, Dallas, Tarrant, Bexar and Harris — have agreed to provide office space, travel expenses and secretarial help for regional officers working in the Texas Youth Council's Juvenile Parole program, the council is ready to consider hiring a state director to coordinate the program.

Council hopes to hire five officers in time to pick a director when its board meets Dec. 14. Bexar County parole director James Lewis has been mentioned frequently as a possible prospect for the post, which combines heavy responsibility with a \$7,200 annual salary.

Building on the Rise Residential permits issued in October ran 42 per cent above the 1960 figure for the same month. Apartment construction is largely responsible for this rise. A total of 101,079 construction permits was issued last month: 60,658 for residential; 40,421 for alterations and repairs. Alterations and repairs on residences were up 19 per cent.

ETERNAL LIFE THROUGH JESUS CHRIST

"The Path of the Just"

... is as the shining light, that shineth more and more unto the perfect day." Prov. 4-18.

Are you dimming that light? Is your shadow deepening earth's gloom? Our world is in peril; and the soul, the immortal spirit which gives us power to think and reason, is all that will survive. If you are God's light, set in the midst of darkness to show someone the way to church, the way to usefulness, the way to help others, then your living is worthwhile. We may know our light is showing the way when the cause of our hour, our church, our community, our world are advanced. God knows the hour is late and the way is dark, but He is the one who spoke, "Let there be light, and there was light."

You In The Church
The Church In You — form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

WINONA, Minn. — Three days before the Minnesota deer season opened, a yearling buck leaped a nine-foot fence to gain the safety of a city park enclosure where tame deer are kept.

HERE'S WHERE YOU GET THE GOOD WORD ABOUT THE '62 JET-SMOOTH CHEVROLET

Jet-smooth ride 542 front fender undershirts
Jet-smooth ride, n. 1. The cloud-9 feeling of comfort that people in Chevrolets enjoy wherever they go. 2. A supple Full Coil spring flexing at each wheel of a Chevrolet to absorb road shock. These are teamed with over 700 noise and vibration filters throughout the automobile to help eliminate the noise and vibration ordinarily transmitted by metal-to-metal contact. The total effect is a ride of supreme quiet and smoothness. 3. The reason why so many Chevrolet-owning families leave home ever so happily. 4. A habit-forming pleasure for which no cure is known, wanted or sought.
new V8-skedaddle, n. 1. The result of touching an accelerator that's linked to one of Chevrolet's new V8 engines (also known as "six-skedaddle" when engine is Chevrolet's trusty 135-hp. Six). 2. The moving power of Chevrolet's 1962 V8 engines. There are five of them, ranging from a standard 170-hp. version up to an optional-at-extra-cost 409-hp. powerhouse.

Body by Fisher craftsmanship, n. 1. The closest that a body manufacturer has come to the care and skill of the jewelry maker. 2. The art and science of forming metal into the strong, solid body structure of the 1962 Chevrolet. 3. Something you won't find in any other car in Chevrolet's field.
deep-well trunk, n. 1. The giant warehouse built into the rear of a 1962 Chevrolet. 2. A trunk that loads at the bumper level and has a capacity of 29.7 cubic feet. It is built with an extra-deep recession in its floor so that it can easily accept odd-shaped outside objects.
comfort-high seats, n. Thought by many to be the most comfortable things to happen to the bottom side of the human lap since dad's overstuffed armchair.
front fender undershirts, n. 1. Sturdy steel linings that are under the front fenders of 1962 Chevrolets to add extra protection against flying stones, mud, slush, road salt and that old bugaboo, corrosion. 2. One of many ways the Chevrolet is built to stay beautiful.

rich new interiors 543
rich new interiors, n. One of the principal reasons why people step into the 1962 Chevrolets and promptly feel luxurious all over.
One-Stop Shopping Center, n. 1. Where people go to get the most car for their money and get exactly the kind of car they want. 2. A concentration point for the 33 cars Chevrolet offers for 1962. These come in three lines: The elegant new Jet-smooth Chevrolet, the new-size Chevy II, the sporty new Corvair, and the new Corvette, with new refinements, new V8 power. 3. Where '62 values are way up but prices are the same—or less—on comparably equipped models. 4. The place where you enter a new world of worth in automobiles. 5. Where most Americans cure for a pleasant, instant cure the moment the new-car bug bites them.
