### Around Town

BY H. A. TUCK Days like Tuesday and Wednesday make me glad that I didn't pack up and leave Monday. Most of our weather is quite pleasant and even the bad part doesn't last too long. Actually, there are few places in the world where the general climate could match that of the Panhandle. It was interesting to note that the overnight low to note that the overnight low in Corpus Christi Tuesday was 63, about the same as our high. But think what it will be like down there this summer. We'll take the high baldies, thank

Hereford Young Farmers, and all other interested persons, will attend the annual Young Farmers Fleid Day at Texas Tech on Saturday, March 23. The group will leave the high school agriculture building at 7 a. m.

Hereford Booster Club presented a victory bell and trail-er to the Hereford High School student body in a special out-door assembly Wednesday. The shiny maroon trailer was built by John Haney and Bill Powers at Poarch Brothers with materials furnished at cost by Ja-cobsen Brothers, Orsborn - Nor-wood Chevrolet furnished the tires and paint job and M. L. Means painted a sign and Whit-face emblem for the trailer. The project got started last fall when Charlie Hill donated a huge brass bell to the Boos-ter Club.

a meeting of the group's com-

with appearances at all the schools and at King's Manor. She will be featured Thursday when the Lions Club meets in the Jim Hill Hotel. Needless to say, Lions Club members will be happy to sell you tickets for the Pancake Day . . . all three meals, if you wish.

In conjunction with Pancake Day, Lions will have a booth at the cafeteria to explain their Panhandle . wide Eye Bank operation and to seek eye donors for the project.

Texas beef finally is coming into its own, We understand that Armour & Co. is marketing a "Texas Cut Steak" from its Houston plant for use in

#### **Deadline Friday** For Sign-up On 1963 Feed Grains

Farmers who are interested in taking part in the 1963 Feed Grain Program are reminded that an "Intention to Partici-

pate" must be signed not later than Friday, March 22. To date, 775 farms have been signed locally, which is about 65 per cent of the eligible feed grain farms in the county. It appears that the total sign-up will equal or exceed the sign-up for 1962, according to Faust Collier, ASCS office manager. So far, agreements to divert 51,475 acres have been signed.

In a change from 1962, the number of acres indicated will not be subject to change if the operator wishes to remain in compliance with the program, Collier said.

#### **Choirs Compete** In TIL Contests

Stanton Junior High School choirs competed in the Region II Texas Interscholastic League meetins in Canyon Tuesday. The Hereford High School choirs were scheduled to compete on Wednesday.

Stanton competed in Class C-C. Following ratings were given to Stanton: Girls Concert, 2; Girls sight - reading, 2; Boys Concert, 2; Boys sight-reading, 3; Mixed Choir Concert, 2; and Mixed Choir sightread-

ing, 4.
Wesley Hopp is director of choirs at Stanton Junior High. Judges for the contest were Marjorie Magnass, Lubbock; Mrs. Augustus Spratt, 'Artesia, N. Outstanding defensive play and Robert Michner, Midland. Don Moore is director of high

# Legion Marks 44th Birthday Tuesday

History of the American Le- Patterson. gion was traced Tuesday night when members of the Hereford Post marked the 44th anniversary of the organization's found-

Guest speaker for the meeting, which was held in the Legion Hall, was Charlie Mason of Amarillo, Past 18th District Commander.

Legion members were feted at a salad supper prior to the meeting. Legion Auxiliary members were hostesses of the event. Marvin Kearns, Post Com-mander, was master of ceremonies. Introducing the guest speaker was Grant Hanna, 18th District Vice Commander.

Mason pointed out that the organization was formed in March, 1919, in Paris, France, and planned by Lt. Theodore Rossevelt Jr. and Lt. William

Officially, the plates must be on cars and trucks operating on public roads before April 1. However, this date falls on Sunday and so the plates must be purchased at the county tax office during the preceding week.

ed that only slightly over onehalf of the expected number of plates had been purchased as of

Total receipts so far show 2,296 sets of passenger car tags have already been purchased, while 1,039 truck plates have the Peace C. B. Miles. been sold.

Sales are about 300 ahead of the total sold by this time last year, it was pointed out. A tags were sold for 1962.

Tax office personnel urged county residents to get their plates before the traditionthe deadline approaches.

First meeting of the American Legion in the United States was in St. Louis, Mo., in September, 1919. Original purpose of the group, Mason said, was to provide comradeship for

those who had served together the American Expeditionary Force. As time passed, it became necessary to take care of other needs, such as rehabilitation, welfare for widows, children and hospitals.

The Legion was instrumental in securing the first Veteran's Hospital, which was located in Texas.

American Legion now sponsors 182,000 Boy Scout Troops. There were 4 million youngsters in its oratorical contests last of the money. year and 180,000 boys and girls sponsored for Boys State and Girls State.

"The American Legion is the world's largest veterans' organization, with 2,814,000 members presently," Mason point-In conclusion, he told the aud-

ience that the American Legion Time is rapidly vanishing for Auxiliary was formed in 1921 car and truck owners to buy and now has 14,000 units. This 1963 license plates, which must group spent \$8 millions in 1962

tor of Hereford First Methodist leasing such a great amount of Church, Dr. Carruth is presently conducting revival services at the church.

In his talk, Dr. Carruth asked; "Can we live with people we don't understand? Can we go on living under the sustained tension facing us today?"

In Korea, it is possible to see the affects of such tension as South and North Koreans face each other across a fortified boundry line, he continued.

"Rotary and other organizations have to find the answer to this great question," he declared. "Someday, somehow we must build a bridge to friendship to other peoples."

As he spoke, Dr. Carruth pointed out that the greatest strides in the 20th Century have been made in the field of human nature and studies of human behavior.

They went to A- try to Hereford and one moved marillo to skate and see a show. from Hereford to the country. One family that moved to the other two simply changed

residences. After the tabulation of the questionnaires, programs will be planned to keep improve business practices. It is real exciting to see the good business practices most families use and also it is a challenge to see where they need help. With the incomplete tabulation, it seems that the majority of families would like to have their children taught money management early in their lives.

Soon you will be hearing of one of our real fine club women and her family moving. I repeat: I wish people would stay in Hereford.

Saturday is a big day in 4-H as has been many days this month. It is county eliminations and will be held at the Stanton Junior High. Oleta Hoffman and I went to

Vega Friday to help with the Oldham County Clothing Consumer Day. The agents exchange work. We are glad to cooperate as other agents help in Deaf Smith County.

The sub - committees of the Program Building Committee are meeting making long - time plans for accomplishments in the future. Every organization in Hereford seems to be thinking of the most that can be accomplished in various advancements. Progress is made one step at a time and the committees are foresighted in planning. These plans will be given at our regular meeting on April

Thanks to KPAN for the tape of the 4-H program on Money Management. This is added to our library of tapes and talks. Two requests have been received the last week for our talks on Family Finance.

Miss Betty Martin, director of the Women's Division of the Institute of Life Insurance, called Dyalthia Benson last week

and talked to her about half an hour in regard to the work of tee and the plans for the future. You members of the sub-

committees and the over-all committee should be proud to have a voice in planning for the progress of this area. The Deaf Smith County Home Demonstration Council meets on Monday, March 25, in the Community Center. We are having town changed occupations and a salad luncheon with half the clubs entertaining the other half. Council will be held as soon as the luncheon is finished. probably about 2 p. m. Pins will be awarded to the members who have served home demonstration clubs for 25 years. These 13 women have great records of accomplishments in home improvement, family relations and skills. They have helped in telling others in

> The 13 who have served at least 25 years are: Mrs. C. V. Burges Sr., Mrs. R. J. Coleman, Mrs. Lester English, Mrs. R. A. Fullwood, Mrs. A. A. Hare, Mrs. M. C. Kaul, Mrs. R. W. Mitchell, Mrs. Otto Olson, Mrs. George S. Parker, Mrs. T. J. Parsons, Mrs. W. H. Russell Mrs. Carl Schroeder and Mrs. Joe Wagoner.

MOTELS

By Melvin Young Clara Trowbridge, bookkeep-er at Buy - Rite Furniture, resent us a copy of "The Lone Star", a bi - monthly publication of the Texas School for the Deaf, located in Austin. for the Deaf, located in Austin.

It is quite interesting to read of the many things being done for our deaf - mute citizens, and of the many things that they are doing for themselves. Each person leaving the school is trained in a trade whereby they can make their own way and lead a normal, productive life in the community in which they live.

However, as the publication points out, the State of Texas has been infested with a horde calling attention to his deafness with a pitiful note hoping to obtain favor through pity. These peddlers often pocket \$50 to \$100 a day by capitalizing on their handicap and selling worthless wares for all they can get. Apparently, we, have had some of these people visit Hereford recently. Members of the Association the Deaf have requested that

of the Deaf have requested that the hearing public help them combat the degrading peddling racket and ignore the unscrup-

racket and ignore the unscrup-ulous racketeers who deserve nothing, not even sympathy. Certainly, the deserving deaf people of Texas should be com-mended for their efforts in try-ing to stop this racket, conceiv-ed and promoted by a very few who are totally devoid of ethi-cal standards and wholly undecal standards and wholly unde-serving of either partonage or

Mr. and Mrs. Ray Barber of Amarillo were in Hereford recently on a cattle buying trip. Mr. Barber is one of the early day auctioneers in this area, having conducted quite a number of farm sales throughout the high plains area, dating back to the early thirtys.

O. R. Sanders is interested in promoting a Navy League Chapter for Hereford, O. R. says the only requirements are that you are a citizen of the United States and have the \$5.00 from a cruise aboard the aircraft carrier Lexington sponsored by the Lubbock Chapter of the Navy League. The minimum requirement for a local Chapter is 20 members. If you're interested, you might contact Mr. Sanders and let him know.

- HB -Meanwhile, the political pot is beginning to boil a full year before the 1964 election; and again, lines apparently will be drawn between the liberal and conservative groups rather than

the usual party lines.

A group of Hereford con-servatives met this week for the purpose of forming an or-ganization to work towards securing a political platform and a candidate for the 1964 presidential election that conservatives could work for effectively. The group named Jess Carter as permanent chairman, Dr. M. C. Adams, secretary - treasurer, and J. C. McCracken as chairman of

Speaking of organizations, we understand that they have a new teachers organization in our local High School. It's known as TGIF, or "Thank Goodness It's Friday."

Which reminds us of the air-line pilot who walked through the passenger compartment with his parachute on and informed the paying customers that thay had engine trouble, no place to land, and he was going for help.

Saturday, March 23, is the big day for the Lions' an-mual pancake feed. This year Aunt Jemima will be present in person, In fact, she will arrive Wednesday night, giving a program at Kings Mad at all the local schools Thursday and Friday, She also be present at the School cafeteria all day Saturday during the big event, If you haven't picked up your tickets, better do so soon. The report is, they're selling like hotcakes.

Identical bills (H.B. 307 & S. B. 30) have been introduced in the Texas Legislature to create a class of motor vehicle car-riers to be known as "Restricted Motor Express Common Carries". The purpose of these bills is the creation of highway express carriers and to place these carriers under the regulation of the Railroad Commission of Texas, including jurisdiction over their certification and their rates. The primary purposes their rates. The primary pur-pose of the carriers is to fill he gap between the parcel post es, railway express, etc., and

tain a strict time - table on deliveries. These would include moyle theatres and in some cases, daily newspapers. At the present time, the Rail-road Commission has issued

certificates to some companies to operate this service in areas where general common carrier truck service is inadequate between cities and towns involved in the application, but has made little or no distinction between general truck service and the proposed motor freight service.

If the House and Senate Bills are enacted into law, it will create an additional service with special emphasis on small shipments, still operating under the regulation of the Railroad Commission of Texas.

It is the feeling of the pro-ponents of the motor express service that there is a definite need in this field.

- HB -It is interesting to note that the vote by members of Central School P-TA to withdraw from the state and national P-TA congresses was unanimous. Of course, there will still be an organization of Parents and Teachers at Central School, but it was the feeling of the group that state and national P-TA congresses no longer represented the view of the local members and and had ceased to serve any practical purpose.

Perhaps this is the beginning of a trend away from centrali-

#### AUSTIN HIGHLIGHTS

# Legislators Wrangle Over Agency Budget Requests

By Vern Sanford
A \$3,000,000,000 budget bill
has been passed by the House

fore it cleared the House and went on to the Senate, the bill elicited several cries of anguish from some who protested agency bequests as too small and some who claimed certain allotments were too

Rep. Forrest Harding of San Angelo claimed appropriations for the State Armory Board and the State Board of Control were too big, since they involved \$1,000 salary raises for executive directors of those agencies.

Rep. Terry Townsend of Brady claimed deputy commission-ers in the Texas Education Agency draw a total of \$14,800 more than the Legislature au-

Townsend also tried to cut out a \$250,000 appropriation to improve the newly-donated Wheatly Ranch in Blanco County as state park. He claimed the money was needed for established parks. But this move failed.

HIGH COST OF FLYING Another attempt to cut a specbudget bill almost was success-

Rep. James Cotten of Weatherford tried to get the House to "ground" the State Land Ofairplane. He pointed out that \$100,000 is appropriated annually for operation and mainenance of a high - powered and Office plane.

Cotten showed a photostatic copy of the plane's flight log for the year ended October, 1962. He stated, "In a year's time, only 68 flights were recorded Sixteen were test flights to familiarize the pilot with the plane before he broke the propeller when he collided with another plane-in hangar and then he had to take eight more test flights to familiarize himself with the

Rep. Joe Chapman of Sulphur Springs disagreed. He said that the plane is necessary for aerial surveys and photographs to confirm the 1941 state land survey. Cotten insisted that the Land Office should hire commerical

aerial photographers, as the Texas Water Commission does. ke out the plane appropriation failed by a narrow 72 - 68 vote. LOW COST OF EDUCATION Complaints about too - low

appropriations came from members who said allotments for higher education in 1964-65

Brand-New V-8!

The last legislature appropriated \$159,600,000 from the proposed legislation to simplifytate General Revenue Fund fy sales tax bookkeeping for

for higher education in 1962-63. State college administrators requested \$245,000,000 for the coming two years. Former Gov. Price Daniel and the Gov. John B. Connally recom-mends \$225,000,000. Paducah Rep. Bill Heatly's appropria-tions bill allows for \$187,600,-000 to educate the bumper crop of war bables that is expected to begin to flow into state colleges next year. Rep. Hugh Parmer of Fort

Worth claimed the Heatly committee had slashed Arlington State College's library budget so drastically, the school might not be accredited next year.

So, Parmer and Rep. Gladden of Fort Worth begged for an amendment to raise Arlington's appropriation. It failed by a vote of 94-41.

The \$172,000 needed to make the Texas Maritime Academy in Galveston a reality was absent from the appropriations bill. But Governor Connally said, "I have real hope of getting the Legislature to restore the maritime money." He didn't say whether he had any hope of gett-ing the allotment for higher education boosted.

COUNTY BUYING MAY BE EASIER

Rep. Vernon Beckham of Denison got a green light from the House Committee on Counties on his bill to raise the amount a county purchasing a-gent may spend on emergency purchases without advertising for competitive bidding.

Since 1925, the amount that may be spent without com-petitive bidding has been \$150. Beckham said this is unrealistic in the view of rising costs. He proposed it be raised to \$500. However, the subittee set it at \$300

Reps. Henry Grover and J. C. Whitfield of Houston won approval from the House State Affairs Committee on their bill to require competitive bidding on public school purchases above \$1,000.

SALES TAX FREEZE FAILS An attempt by Rep. John Allen of Longview to pass a con-

However, food may remain safe from the sales tax if a measure by Rep. Ben Atwell of Dallas and Rep. Charles Wil-

grocers. Since grocers have been the ones fighting for a blanket tax, this bill may satisfy

TUITION RAISES PROPOSED Representative Atwell picked up a recommendation by the Commission on Higher Education to double state college tuition, and filed a bill to raise It from \$50 to \$100 a semester. Governor Connally has ignor-

ed the commission's suggestion. Rep. Dick Morgan, Republican from Dallas, chose "a good compromise." He introduced a bill to raise tuition to \$75 a semester.

Children of members of the Texas National Guard who have been killed in the "cold war crisis" since 1950 will be provided free tuition in state colleges, if a bill by Representative Par-

mer is passed. STATES RIGHTS STAND The House passed a resolution to ask Congress to call a constitutional convention to lealegislative reapportionment state legislatures. Rep. Bill J. Parsley of Lubbock said, "This may be the last time the state can take a stand on what be the last of state's

If the proposed amendment is adopted by a sufficient number of states, Texas could insure a rurally - dominated legislature, despite urban growth.

Look Who's New!

Mr. and Mrs. Claris Henry High are the parents of a daughter, Teresa Diane, born March 18 at 12:10 a. m. She weighed 6 pounds and 7 ounces.

NAMED TO FRATERNITY Edwin Thomas, Oklahoma State University sophomore from Hereford, is among 18 new members of Delta Sigma Pi. Delta Sigma Pi is a professional business fraternity for men. It promotes close affiliation between members and the business world.

COMPLETES TRAINING

Mrs. Janell Clarke, daughter the state sales tax at two per of Mr. and Mrs. Jack Weaver, has completed her three months of psychiatric training at San Antonio State Hospital. She is now in Abilene at Hendrick Hospital to finish her

The Tascosa Rebels trampled the Whitefaces last Friday by a runaway score of 24 - 1.

The first Reb got on by an error and the track meet started. Tascosa got four runs in the first inning on the error, two singles, and a homer. In the second inning the Rebs got three runs when Bill Defee hit a pop fly with the bas-es loaded. The ball drifted behind second base and four Whitefaces played "Ladies first" and let the ball drop.

Tascosa got six runs in the third inning, four in the fourwith the help of the band direc- th, two in the fifth, one in the tor, chooses a solo composition sixth, and four in the seventh

first runner.

In the fourth Johnny Willoughby got the first Hereford hit. line shot double.

In the sixth Hereford finally scored on back-to-back doubles by Ronny Duncan and Willoughby.

The Whitefaces got the last of their four hits in the seventh inning when Lynn Cook hit a

single. Bowman pitched four innings before being relieved by Bruce Magness. Bowman gave up only one hit as he walked none and struck out ten Whitefaces. The Herd got to Magness for three hits and one run but he also walked none while striking out

The Whitefaces used six pitchers, who gave up 24 runs on 15 hits, including three home runs. The hurlers struck out five and walked 14. Hereford was charged with ten errors.

AN EDITORIAL

### Whiteface Opens Traffic Safety **Drive On Campus**

By LINDA HIGGINS WHITEFACE EDITOR

The three main problems at HHS are: (1) the parking situation, (2) the careless driving seen around the school, (3) and confusion in the halls.

Beginning last Monday, March 18, the Whiteface staff drove head-on into all of these problems. By setting up a safety program and keeping safety slogans before the students for two weeks, establishing certain safety regulations, and penalities, the staff hopes to lead toward solving these problems through the cooperation of the students. At the first of the year, because of excessive skipping

and misbehavior in assembly, seats were assigned. By semester the students had joined into one voice, represented by the Student Council, and through agreements worked up by the Council the students may now sit anywhere in their assigned class divisions. This is a good example of what we wish to accomplish. Only through cooperation like this can the students ever gain enough responsibilities so as they will be able to receive certain privileges regulated by their desires.

Since there has been construction during almost all of the school year, the students have been deprived of some of their parking space. This has caused a great panic in the parking situation and the students seem to have grown into the habit of leaving their cars almost anywhere. At some times it is not as bad as at others, yet the situation always exists in some form around the school.

Also excessive speeding, failure to stop for pedestrians, and simple careless driving before and after school and during the lunch hours have turned the streets around HHS into a disaster area.

The Whiteface staff hopes to be able to represent the students in solving this problem. Since the construction will still restrict the parking places until the end of this school year, we hope to be able to help prevent another scramble in the parking lots next year by helping to plan and mark off the best and most available parking places for the students.

One plan, now under consideration, is the selling of parking places. The space will be sold for a period of a semester at a time for a small charge. Each space will be numbered and a car sticker will be issued to the owner. If a car without a number or corresponding number is found in this space a severe penality will be enforced.

But the above are future plans and before these can be set to a drawing board and final polishing done, the student body must first accept some other regulations before privileges will be given. This is the purpose of the

plan now under way.

The Whiteface staff, in conjunction with the office, has set up a system, somewhat similar to a police force, whereby any students disobeying certain regulations are issued tickets. Penalities are serious but the cost of preventing an accident can not be higher than the accident itself. If during a two-week period, two tickets are obtained, suspension of driving privileges will be enforced. If three tickets are obtained, there will be indefinite suspension, subject only to repeal by the principal. These tickets will be issued for speeding, failure to stop for pedestrians, improper parking, careless driving, and breaking major city ordin-

By enforcement of these regulations and cooperation by the students, the Whiteface staff hopes to be able to promote safe driving around the school and a more suitable arrangement of parking places for this year and next.
