

Business men around town are generally agreed that the telephone service is better than ever... since the operators went out on strike. Mrs. Sears and her assistant supervisors at the local exchange are doing a great job of giving service on local calls. Posties and such.

The Hereford Ministerial association, having received a large shipment of unordered and unwanted fans, each bearing advertising sold under false pretenses to local merchants by out of town solicitors, has advised The Brand that the shipment of fans has been returned to the sender, and than any other such shipments received here will get the same treatment. Solicitors sold advertising under the unauthorized banner of the local churches. Hereford churches will not sponsor any such scheme, and want local merchants to know it.

The local veterans associations are planning another big celebration on April 26... another X-Day in Hereford. A friendly warning has been issued to all veterans by VFW Commander Earl Stagner to wear uniforms on that day. There are rumors of a Kangaroo Court proceeding against violators.

The aviation ground school, which got off to a so-so start this week, partly because The Brand failed to mention the time of the first class, will be (Continued on page 8)

City Commission Orders Special Bond Election

Hereford's City Commissioners, after an all-day session with engineers and bond buyers yesterday, issued orders for a special bond election to be held on Tuesday, April 29, at which time voters of the city will pass on the issuance of a total of \$391,000 in bonds.

Four bond issues are to be submitted. They are \$112,000 in revenue bonds for water works extensions; \$96,000 in revenue bonds for sewer improvements and extensions; \$50,000 in tax bonds for park improvements; and \$133,000 in tax bonds for street paving.

The interest rate, as specified in the election order, is not to exceed two and three quarters per cent per annum on any of the bond issues.

The actual interest rate on the bonds will be somewhat lower than that figure, Mayor W. E. Dameron reports. Contracts have been entered by the city with bond buyers to purchase all bonds in event the issues are approved, and the rates of interest have been contracted.

Herman Ford has been appointed judge, with A. C. Thompson as election judge and Mrs. Ven Witherspoon and Mrs. Earl Phillips as clerks.

The election order specifically provides in case of the \$50,000 parks bond issue, that if the new issue is approved by the voters, the old \$50,000 Parks Improvement bond issue which was voted last April "shall never be issued or sold."

The original Parks bonds were voted at a rate of interest too low to be sold, and have never been issued by the city.

New Substation And 216 Miles Line Slated

Notice of approval of a \$350,000 appropriation for the Deaf Smith County Rural Electric Cooperative, for the construction of a new substation and approximately 216 miles of additional power line in Castro, Farmer, and Deaf Smith counties, has just been received from Washington.

In a telegram to Leo Forrest, project manager, Congressman Gene Worley advised the local cooperative of approval of the loan yesterday afternoon.

"REA advises approval loan of \$350,000 to extend electric service in Castro, Deaf Smith and Farmer Counties and to make improvements," Worley wired.

The new loan will cover construction of the "N" section of the local project, Forrest advised, and will include the construction of a new substation to be located northwest of Hereford, and 216 miles of single phase line covering areas in three counties.

The 216 miles of line will be largely short extensions. The longest extends from a point north of Hereford to the Ford Community. Other extensions will be in the Rhea community area in Farmer county, in vicinity of Easter and Frio communities in Castro County, in the Westway and Ward areas in Deaf Smith, in the Rance area in Castro, in an area north of Nazareth in Castro, east of Hereford to Kelley's Ranch, and (Continued on Page 8)

Mr. Needles disappeared on March 23 at Wichita Falls. When last seen he was wearing a square-cut gold-mounted ruby on the ring finger of his left hand, and probably carried a silver pocket watch mounted in a tire, with "B. F. Goodrich Rubber Co." engraved on the back. He wore gold-rimmed glasses, is 57 years old, 5 feet 7 inches tall, weighed 175 pounds, had thinning gray hair (originally reddish brown), and two upper front teeth loose.

Claims for the reward, which will be paid to the discoverer of Needles (dead or alive) must be made to Sheriff Harrist not later than July 30. His telephone is 5555 at Lubbock. Collect calls will be accepted.

Funeral Rites for E. D. Fox Are Held Monday Afternoon

Last rites for E. D. (Doug) Fox, pioneer Hereford business man, were conducted last Monday afternoon from the First Presbyterian Church.

Rev. Russell Wingert, pastor, was in charge of the services, assisted by Rev. J. R. Sharp, Presbyterian ministers of Canyon. Interment was in West Park Cemetery.

Mr. Fox died at his home in Hereford at six o'clock Saturday morning. He had been in ill health for nearly a year, and had returned home two weeks ago after spending several weeks in a Dallas hospital.

Mr. Fox came to Hereford from Mangum, Oklahoma, in 1913, and had been in business here since that time. With Mrs. Fox, he had owned and operated the Vogue Dress Shop until July of last year, when ill health forced his retirement. He was a native Texan, having been born on May 13, 1885, at Navarro Mills.

Mr. Fox was a member of the Presbyterian Church, and the Masonic Lodge. A Shriner, he was a member of the local Shrine Club and of Khiva Temple, Amarillo.

He is survived by his wife, Mrs. Bess M. Fox of Hereford; two brothers, Homer K. Fox and Ollie Fox of Hereford; and three sisters, Mrs. T. M. Key of Corsicana; Mrs. J. A. Bowman of Amarillo; and Mrs. G. S. Webster of Brownfield; and three step-children, Mrs. Frank Cogdell, Mrs. Waldron Melton and Walter Seed, all of Hereford.

Pallbearers at the services on Monday were Cliff Estes, Frank Marrs, John McLean, J. A. Pittman, E. S. Ireland and Homer Hensley.

Local business houses closed their doors Monday afternoon during the funeral services.

Deaf Smith Red Cross Chapter Appeals for Food, Clothing

A tornado struck the Texas Panhandle late yesterday afternoon, leaving a trail of death and destruction in its wake from White Deer in Texas to Woodward in Oklahoma.

Fragmentary reports from the tornado area this morning listed at least 125 dead, with the toll expected to run much higher, and thousands injured.

Towns of White Deer, Glazier, Higgins, Canadian, and Woodward, Okla., were in the path of the storm, and tales of terrific destruction have come pouring out of the affected area.

The Deaf Smith County Red Cross chapter swung into action early this morning to speed aid to the tornado victims.

Mrs. Dyalthisa Bradley, local Red Cross field supervisor, told The Brand this morning that she had been in telephone contact with Red Cross headquarters in St. Louis, and had been informed that corps of doctors and nurses and rescue workers were being flown into the area, but food, tools, and clothing were needed desperately.

The Red Cross has designated the vacant lot south of the Hereford Implement company building as a collection area, and is appealing to the people of Hereford for donations of good clothing, canned goods and staples, and tools of all kinds to be used in the rescue and clean-up operations.

All people who have transportation are urged to bring their donations to the site. For others, the Red Cross is operating a pick up service, and will call for any items you may have to turn in. Telephone numbers of the Deaf Smith Red Cross chapter are 335 and 52.

As soon as a truck load is assembled, a truck will be dispatched to Amarillo, and the flow of goods will continue as long as there is need.

Other Red Cross chapters all over the Panhandle are responding to the disaster call.

The tornado reportedly originated near White Deer, striking that city first, then swept across the Panhandle, wrecking Glazier, Higgins, Canadian and other communities along the route. Destruction at Woodward, Oklahoma, eastern terminus of the storm, is reported as unbelievable.

Glazier community in Hemphill county was virtually wiped out, according to early reports. Destruction at White Deer on a vast scale.

All highways in the tornado area are blocked, and only ambulances and emergency vehicles are permitted to enter.

Friena Girl Is Killed in Wreck Friday Night

Betty Delores Jones, 14-year old Friena girl, daughter of Mr. and Mrs. Sam Jones, was killed instantly, and Clyde Busby of Hereford was injured, in an automobile accident near Friena last Friday night.

Bobby Perry and Wayne Creed both of Hereford, the other occupants of the car, escaped without serious injury.

The accident occurred at about nine o'clock Friday night. The car, which was driven by young Busby, overturned when something went wrong with the steering gear, according to reports and was badly damaged.

The Jones girl was killed instantly. Busby received a fractured clavicle and painful cuts and bruises about the head and face.

The party of youngsters had driven to the G. D. Hand home near Friena, where they were to pick up another girl. The Hand girl was ill and unable to accompany them, and they had started back to Friena to attend a show when the accident occurred.

Johnny Hand, who lives near the scene of the accident, arrived at the wreck a few minutes after it happened, and brought the three boys and the body of the Jones girl to Friena.

The boys received emergency treatment at the Farmer County Community Hospital in Friena.

Funeral rites for Betty Jones were conducted at the First Baptist Church in Friena Monday afternoon. Rev. Clayton Day was in charge of the rites. Interment was in Friena Cemetery.

BULLETINS

Major Schroeter, disaster chairman for the local Red Cross chapter, is in charge of the local emergency relief organization.

W. B. Wilson and Lyle Blanton took off this morning by plane to survey the area and report to the local chapter.

Ralph Smith is assembling a crew to aid in the clean-up in the disaster area. Men will be required to stay for several days. Volunteers are wanted.

Herman Ford, Henry Sears, Jim Kirby and Buck Owen left this morning with emergency equipment and food from the local Red Cross and Boy Scout organizations for Glazier.

Santa Fe railway service was disrupted when the tornado struck and wrecked a Santa Fe train near White Deer. No trains have arrived in Hereford since yesterday afternoon.

Word has just been received that Ida M. Farrell and brother at Glazier were killed. They were friends of Mr. and Mrs. Jim Robinson of Hereford. Mrs. Robinson left this morning for the scene.

Nurses Aids may be needed, Mrs. Bradley reports. All who can serve as nurses aids are requested to contact the Red Cross here.

Forty hospital planes have been dispatched from Saint Louis to evacuate wounded.

Telephone Strike Slows Emergency Aid in Disaster

Striking Southwestern Bell Telephone workers were reported this morning to have offered to return to duty in the tornado area for the duration of the emergency.

At latest report, the company had not officially accepted the offer, but repair crews and emergency operators were reported at work in the devastated areas already.

Local operators, who have been on strike since Monday, had not returned to duty this morning, but Mrs. Sears, local supervisor, reported to The Brand, that the Hereford exchange is cooperating to the fullest possible extent in aiding the local Red Cross chapter in the present emergency drive for disaster aid, and is handling all calls.

O. G. Hill Children In Tornado Area

Mr. and Mrs. O. G. Hill left this morning for Higgins to search the tornado-swept town for a son and daughter and their families. Mrs. Dyalthisa Bradley, local Red Cross Supervisor, reported.

The Hill's daughter, Mozelle, and her husband were at a hotel in Higgins, and a younger son and his wife were on a ranch a few miles from town.

No word has been received from either this morning.

Over 300 Apartments Opened at POW Camp by Hereford Housing Project

More than 300 apartments were opened for occupancy this week at the former Prisoner of War Camp by the Hereford Housing Project, Inc., J. E. Baker, corporation secretary, announced yesterday.

Intended primarily for housing transient farm labor for this area, the three-room apartments are available to any families in the area requiring housing, Baker said.

Final transfer of the former prisoner-officers compound at the POW Camp has been completed by War Assets Administration, Baker reports, and the project is now open and ready for use.

The compound was purchased by the Housing Project, incorporated through the City of Hereford, for approximately \$20,000, in an effort to find a solution for Hereford's critical labor housing problem. Eighty-three buildings are in (Continued on Page 8)

Veigel And Wagoner Are New Members; Rural Vote Heavy

Five of the seven members appointed by the County Board of Trustees to the temporary board of the Hereford Rural School District were re-elected in the school balloting last Saturday.

Of the remaining two, Merlin Kaul of Westway was not a candidate, and R. B. Hutson of Ward was defeated in the election. Replacing them are Robert Veigel of Ford and Joe Wagoner of Westway.

Others elected to the board are H. H. Miller of Dawn, Leo Forrest, Major Schroeter, and Lyle Woodford of Hereford, and W. T. Kelly of Wyche.

Voting was heavy in the rural boxes, light in Hereford. A total of approximately 237 ballots were cast in the election, with only 84 votes being polled in the Hereford box.

A slate of thirteen candidates appeared on the official ballot, with seven to be elected to the board. Defeated for election were J. C. McCracken, Sylvester Slagle, Henry Sears, and Jimmie Gillentine of Hereford all former members of the board of trustees of the Hereford Independent school district, and R. B. Hutson of Ward and A. R. Bateman of Westway.

H. H. Miller of Dawn was top man in the balloting, polling a total of 188 votes. Robert Veigel ran a close second with 183.

The other five men elected to the board trailed in the following order: W. T. Kelly with 171; Joe Wagoner with 159; Leo Forrest with 140; and Schroeter and Woodford tied with 122 votes each.

A temporary board of trustees, composed of Forrest, Schroeter, Woodford, Hutson, Miller, Kelly and Kaul, was appointed by the County board of trustees following the election in which the Rural High school district was formed two months ago.

Temporary board members were to serve until a regular election should be held. Kaul withdrew his name as a candidate for the board, since he was ineligible to serve, as Mrs. Kaul is a teacher in the Hereford schools.

2 New Members Named on County Board of Trustees

Two new members were elected to the county school Board of Trustees in Saturday's election, with one old member re-elected.

N. R. Miller of Dawn was elected to succeed his brother, H. E. Miller of Hereford, as trustee from Precinct one.

C. G. Richardson was elected to succeed E. W. Womble as member from Precinct four.

J. C. Morrison was re-elected to the board from Precinct two.

Voting for the county board members was light. Miller, whose name was on the ballot in the Precinct one election, received 69 votes, with a few scattered write ins.

Morrison was re-elected with 62 votes in Precinct two; and Richardson polled 60 votes in Precinct four.

In the Common school district elections, B. E. Roberson was re-elected as trustee for District one (Sumnerfield) without opposition. Thirty votes were polled.

In district six (Walcott) Buck Brownlow was re-elected as trustee with only seven votes polled.

In district ten (Messenger) George Messenger was elected to the board to succeed N. A. Brown, whose term expired. Messenger received nine votes.

Evening Coat

Paris designers are splurging with all their prewar pomp and splendor in getting spring collections before the public eye. One creation is this evening coat by Mad Carpenter, fashioned of steel gray taffeta with outside rib print in white.

Contributions From Deaf Smith Aid Polio Work

W. B. (Woody) Wilson, chairman of the Deaf Smith county chapter of the National Foundation for Infantile Paralysis, said today that local contributions to the March of Dimes had helped make possible a huge new program aimed at expanding the reservoir of scientists trained to carry on the fight against polio.

He said the program had just been announced by national headquarters of the Foundation and the national research council, of Washington, D. C. It will be financed with \$200,000 in March of Dimes funds and will be administered by the Research Council.

The Foundation grant, Wilson said, continues support of fellowships for young physicians of exceptional promise in virology, orthopedics and pediatrics, and will make possible new senior fellowships in neurology and epidemiology.

Asserting the new grant supplements \$170,000 previously allocated by the Foundation for Similar Research Council fellowships, Wilson said the funds were derived from the 50 per cent of March of Dimes sent to national headquarters by local chapters.

The fellowships provide up to \$5,000 annually per Fellow and up to \$1,000 annually for laboratory expenses. Most Fellows will study for three years at various universities throughout the country and some will have the opportunity to continue for another three years.

The local chairman said the Fellows would devote much of their time to work in the field and in laboratories, and would be available during polio epidemics for special assignments on behalf of chapters of the National Foundation.

The end of the war, he said, had released many promising young scientists to civil pursuits, and the Foundation is expanding its support of the fellowship program so as to harness their talents in fighting disease.

The next meeting will be an all-day quilting in the home of Mrs. A. T. Jones on April 16.

Pioneer Club Has Meeting

Pioneer Study club met in the home of Mrs. F. M. Kester Tuesday afternoon. Gifts were brought for Boys Ranch which later will be packed by the Aowakiya Camp Fire girls under the supervision of Mrs. A. B. Christian.

After a short business session Mrs. Ray Johnson gave Garden Tips on Spring Planting. Mrs. O. C. Hill told of the history legends connected with the dogwood, mentioning trees which are adaptable to local soil con-

ditions and climate. After the meeting the group was entertained at a tea given by the Lone Star Study club at the Baptist church.

Miss Fern Carlyle of Dallas spent the week end here with Mr. and Mrs. J. R. Allison. Miss Carlyle is a former member of the Hereford high school faculty.

Mr. and Mrs. A. E. Collier and Mrs. Mae Skelton of Prairie Grove, Ark., have been visiting Mrs. Skelton's and Mr. Collier's sister, Mrs. Mont Baker, and family.

Youth Rally At Baptist Church Saturday Night

Climaxing Youth Week at the First Baptist Church in Hereford there will be a youth rally at the church Saturday evening, to which all young people of Hereford and surrounding territory are invited. Sam Allen, education director for the church, announced this week.

A period of fun and recreation will begin at seven o'clock Saturday evening, Allen said. At eight o'clock, in the church auditorium, gospel singing will be led by "one of the best singers in West Texas," and a message for youth will be delivered by an outstanding speaker from one of the Baptist Churches on the Plains.

"Names of these men are being kept secret until Saturday night," Allen reported. "They are the best in their field of work, and are travelling several miles to be here for the Youth Rally."

All during this week the youth of the First Baptist Church have been in charge of all church activities. Monday night there were some 50 youths who rode the hay rack out to T. E. Cox's farm where games and song and food were the order of the day.

Wednesday at noon there were 77 who attended the luncheon given by the WMU organization. Thursday the group will meet at the church at 6 p. m. for devotional services before going to Amarillo for a skating party. Friday evening the adult department of the Sunday School is sponsoring an old-fashioned county fair in the basement of the church.

69 Boy Scouts Attend Camp At Palo Duro

Sixty-nine district scouts and scout leaders attended a four-day Scout camp at Palo Duro canyon last week end. District Commissioner Urlin Streu reported yesterday.

Scouts got a real taste of outdoor life, experiencing weather that ranged from 80-degree summer heat to 32-degree temperature on Sunday morning, and included rain, sleet and snow.

There were no accidents or injuries, however; although the camp was robbed of a quantity of food one night. The marauders, whom the pioneering scouts identified from tracks as probably being a man and woman, slashed the supply tent open with a knife and removed some supplies.

The boys did all their own cooking over campfire. Tents were provided for sleeping.

Games and contests covered Scoutcraft skills, and the program included instruction in first and second class scout requirements.

Easter services were conducted at the canyon Sunday afternoon by Sam Allen.

A Campfire Saturday night featured songs and story-telling; and a Council Fire was conducted Sunday night, with stunts and initiation of tenderfeet.

Attending the Camp were Scoutmaster Bill Phillips and 15 members of Hereford Troop 50; Scoutmaster M. C. Adams, Assistant Scoutmaster W. M. Brandon, and 25 members of Hereford Troop 52; Scoutmaster Harold Lillard, Assistant Scoutmaster Mac Baum, and 17 members of Friona Troop 55; and Post Advisor David N. Beavers, Assistant Ben R. Plummer, and four members of Hereford's Explorer Post 50.

District Commissioner Urlin Streu was camp director, assisted by Scoutmaster Bill Phillips of Troop 50.

Field Executive Harry DeLashmott of Amarillo was at the Camp Friday and Saturday, and returned Monday afternoon, accompanied by W. J. Hlatt.

1 PROMPT, FRIENDLY LOCAL SERVICE—No red tape—confidential.

IT WAS MOVED by Commissioner Blanton, and seconded by Commissioner McCracken, that there be submitted to the qualified voters of the City of Hereford, Texas, who are property taxpayers therein, and who have duly rendered their property for taxation, propositions for the issuance of revenue and general obligation tax bonds of said City, in the following amounts and for the following purposes, to-wit:

That all bonds of the two revenue series hereinabove mentioned in Proposition Numbers 1 and 2 are to be ratable secured in such manner that no one bond shall have priority of lien over any other bonds, it being the intent hereof to provide for the creation of an indebtedness against the City's combined Waterworks and Sanitary Sewer System for the purposes hereinabove stated, and which bonds, if approved by the qualified voters, voting at the election herein and hereby ordered, are to be issued as one series, to be known as "CITY OF HEREFORD, TEXAS, WATER AND SEWER REVENUE BONDS," aggregating the principal sum of TWO HUNDRED EIGHT THOUSAND DOLLARS (\$208,000).

These new extensions, Forrest said, will, with some exceptions, cover mostly those members who signed up for service during the year and a half prior to September 30 of last year, when the application for the project was submitted to Washington.

It will be about three months before the final loan papers will be received, Forrest stated, and

after that, the cooperative will have to secure materials for the construction.

"It will take time," he warned, "but the extensions will be built."

The Cooperative now has 237 miles of line under construction in these three counties. Construction, which is being handled by Walco Construction Company, started early this year.

About 32 miles of new line have already been energized, and poles and transformers are set on an additional 125 miles, but completion of this line is awaiting the arrival of materials.

Bids have been advertised this week for concessions at the camp, to include a grocery store, restaurant, barber shop, and possibly other establishments.

Mayor Dameron has announced that he will proclaim a half holiday on the 22nd, and urge every citizen to take part in the clean-up drive.

Whitefaces Repeat as District Champs In 1-A Track Meet at Canyon Last Saturday

Win Eight Of Fourteen First Places in Meet

For the third straight year, the Hereford Whiteface track team has captured the District 1-A track and field championship.

Showing unexpected strength, the Whiteface thirty-gate squad triumphed at the state meet at Buffalo Stadium in Canyon last Saturday afternoon and walked away with the title by a decisive margin in points.

The Hereford team up a team total of 82 points to win the pennant with Canyon high school scoring second with 57 1-5 and Dabhart third with 24. Dumas trailed with 16 points in fourth place, Dismuntz scoring 13 2-5 and 77-11 1-5.

Local grid fans may get a preview of the 1947 edition of the Whiteface football team this week, as the gridderies begin their annual spring training stint at Whiteface field.

First session was held on Tuesday, and daily practice sessions will continue for the next thirty days, Coach H. V. Shannon and Dalton Christwell have announced.

Between 40 and 60 youngsters are expected to report for spring training by the end of the week, Coach Christwell reported yesterday.

Only five lettermen, including just two regulars, will be on the roster next fall, however, Whiteface prospects will depend largely on the crop of youngsters who have been graduated from the junior high school squads of last year, plus a handful of squaddies from last year's veterans.

Returning regulars are O'Connell, Johnson, and Johnson, and fourth place among Close and Parsons of Hereford and Miller of Tulla, 5 feet, 8 inches.

Pole vault: Abbott, Canyon; Hereford; Dismuntz; (tie for third) and fourth among Parks, Dismuntz; Abbott, Canyon; Radd, Canyon; and Olsen and Ramsey of Tulla). Heights: 9 feet, 9 inches.

Legionnaires to Hear National Guard Chief At 18th District Convention in Childress

Lieut. General Fred L. Walker, war time leader of Texas' famed 34th division which made military history at Salerno and the Rapido river crossings, will be the principal speaker at the annual convention of the 18th American Legion district on Saturday and Sunday, April 12-13, at Childress.

High lighting the business session of the convention will be the election of a new district commander. Moore having announced his intention of resigning due to health conditions in his family in a recent letter to all posts in his district.

A meeting of the 40 and 8 Legion fun and honor organization, has been called to meet Saturday by district Chief de Gare G. F. Benison, of Pampa. A 40 and 8 staff will be held in connection with the meeting at

Butane Users Are Urged to Stock Up This Summer

A call to stock up on butane gas during the spring and summer for "winter heating" was issued this week to homeowners of the gas by William J. Lawson, secretary of the Texas Butane Dealers Association.

"If you tank cannot furnish you with gas to last through the winter months without re-filling, you may find yourself without heat in the coldest season of the year," Mr. Lawson warned. "But, you can assure yourself of adequate winter supply if you store gas in summer, and in turn you will help your butane dealer serve you more efficiently."

Pointing out that many industries developed during the war use great amounts of the fuel consistently each month of the year, Mr. Lawson explained that home users burn from four to seven times more gas in winter than in summer. He continued: "Industry buys the fuel on a year-round basis, but homeowners are prone to wait until they

Announces Details of \$20,000,000 Price Reductions

Details of the recently announced International Harvester policy of making price reductions to save users of our products approximately 20,000,000 a year have now been worked out.

We have reduced prices on 163 models. These cover 12 basic models of farm tractors, 123 basic models of farm machines, 16 basic models of industrial tractors and engines, and 12 models of motor trucks, as well as certain motor truck attachments. The new lower prices are effective as of March 10, 1947.

These reductions were made not because of any decline in demand, but because we believe nothing is more important to this country than to lower the prices of the goods people buy.

While prices have not been changed on all products, we have made reductions wherever possible, in the amounts possible. Prices of any of our most popular products have been substantially lowered.

Altogether, more than half of the company's customers will be benefited by the reductions, which range from 1% to 23.8% and from \$2.50 to \$300 per item, based on list prices, F.O.B. Chicago.

Since the people have demanded that the government withdraw from price control in wartime, the responsibility to keep prices in check is back where it should be—in the hands of business and industry. The business outlook makes it possible for us to move toward the goal of lower prices, and we have felt a duty to act as promptly as possible.

Our ability to maintain these lower prices will depend on the supply and price of materials, buy from others and on uninterrupted production at reasonable wage levels.

The prices listed here carry out our announced policy that "Any price is too high if it can be reduced."

Tech to Stage All-Western Days Friday, Saturday

LUBBOCK, April 7. — Romantic traditions of pioneer days will live again at Texas Techno-

logical college April 11 and 12 during the second annual All-Western days.
All college-ropes are slated at 8 p.m. Friday and 2 p.m. Saturday, with a large number of students entering the contests. A chuck wagon breakfast at 6 o'clock Friday morning at the college cafeteria and street dancing will open festivities, and a down town parade is scheduled

for Friday afternoon. Rodeo contest winners will be announced at a Western dance in the gymnasium Saturday night and the winner of the girls' sponsor contest will be crowned rodeo queen.
A chuck wagon with coffee and doughnuts will make the rounds of the campus at intervals on both days. All students and faculty members must wear cowboy clothes during the days under penalty of being thrown into "jail" for failure to comply. James Reed, co-captain of the Red Raider grid squad, has been named sheriff to enforce law, order and tradition.

Rodeo performances will be held at Edwards arena, 42nd street and Avenue U. Events scheduled include bareback bronc riding, calf roping, saddle bronc riding, girls' sponsor contest, bell calf roping, mad scramble, ribbon roping and Brahma bull riding.

Accompanied by an eight-piece string band, dance team and vocalists, a number of Tech students will go on booster trips early next week. Monday they will visit Idalou, Lorenzo, Ralls, Crosbyton, Floydada, Plainview, Hale Center and Abertathy. On the list for Wednesday are Littlefield, Muleshoe, Morton, Levelland, Brownfield, Tahoka and Slaton.

Assault to Murder Charged in Attack on Flour Mill Foreman

Jiggling In

M. E. Thompson, who finally got into the Georgia governor's chair when the State Supreme Court ruled against Herman Talmadge, looks determined as he rolls up his sleeves to dig into a stack of work at Atlanta.

Charges of assault with intent to murder have been filed against Robert Sevier, discharged employee of Fraser Milling company, as a result of an alleged attack on F. E. Gray, mill superintendent, last Friday afternoon, Sheriff J. C. Reese reports.

Sevier allegedly threatened to kill Gray, showing a .38 calibre revolver into the miller's stomach, following an altercation at the plant Friday.

Gray, moving quickly, managed to get his finger behind the trigger of the gun in such a manner that it could not be fired. Jerry Ward, another employee at the mill, helped Gray to take the gun away from Sevier. Sheriff Reese was summoned and arrested Sevier, lodging him in the Deaf Smith county jail to await grand jury action. Charges of assault with intent to murder, carrying concealed weapons, and drunk and disorderly conduct were filed against Sevier, Reese said.

Sevier had been discharged by Gray earlier in the day, when he had reported for work after several days absence from the job. After an argument, Sheriff Reese said, he left the plant and returned later with the revolver, with which he threatened the supervisor.

The gun, a .38 calibre Smith and Wesson Special, was taken over by the Sheriff's office. It was fully loaded at the time it was taken from Sevier, Reese said.

Sevier is a brother of W. B. Sevier, who made the headlines last week when he was severely beaten by two men whom he identified as Russ Downs of Amarillo and an Indian known only

Potato Program (Continued from Page 1)

tionable because of disease, insect infestation, frost, or other damage; (3) All growers must declare the maximum quantity of potatoes they expect to offer for price support and to pay a nominal service fee on potatoes so declared; (4) No grower will be eligible who plants potatoes on land officially designated by a state or federal agency as unfit for potato production because of disease or insect infestation; (5) Growers who plant less than 3 acres, and therefore have no assigned acreage goal, may

be required to make their declaration before harvest time so that their compliance with the small farm goal may be determined (such goals must not exceed 2.9 acres);

(6) Growers may be required to enter into written agreement with the department of agriculture covering such matters as compliance with acreage goals, withholding from market and disposition of potatoes as directed by the department, and orderly offerings to the department of suitable time periods beginning about October 1.

While government loans will not be the principle means of price support for the late potato crop, loans will be available to growers on much the same basis as for the 1946 crop. Eligible growers may take advantage of the other price-support operations whether or not they obtain such loans.

The program will seek to assure fullest price support benefits to eligible growers. The government is required to support prices of potatoes during 1947 and 1948 at not less than 90 per cent of parity.

Easter guests of Mr. and Mrs. W. A. Teter were her sister, Mrs. J. E. Shellhart and son, Bill, of Woodward, Okla., and their daughter, Mrs. J. T. Bell and children of Edmund, Okla., and their son, Robert, a student at Oklahoma A. & M. college at

Stillwater. Mrs. Leta Barnett has returned to her home in Wichita Falls after spending the Easter holidays here with her mother, Mrs. J. M. Boone.

FROM THE TEXAS BUTANE DEALERS ASSOCIATION—

An Important Message TO THOSE WHO USE OR PLAN TO USE BUTANE or PROPANE

The Texas Butane Dealers Association urges you to check up on your present system. If your tank is not capable of serving you through the four winter months, you may find yourself without heat in the coldest season of the year.

New industries developed during the War—plastics, synthetics and chemicals—now demand tremendous amounts of butane and propane. These industries use gas in equal amounts all year 'round. Meanwhile, domestic gas users burn four to seven times more in winter than in summer; but your dealer will be able to furnish you very little more in winter than in summer. To ease this high winter demand, users must spread that demand over the warmer months as well. The solution

is a tank which will hold a four-month supply.

For "Winter-insurance" the farmer stores his grain early, just as housewives do their canning early. For your "Winter-insurance" you'll have your four-month supply in your tank when you need it most. And by taking less time for your dealer's services, he can supply you and your neighbors more efficiently and economically at the very time when road conditions are worst for gas delivery.

The Texas Butane Dealers Association urges you to drop in to see your local gas dealer as soon as possible. Consult him before you buy any system. He knows butane and propane, and he will do everything he can to cooperate with you for next winter—Now!

See Your Local Butane Gas Dealer Today!

MARKETS

Southwest farm markets paid firm to higher prices for livestock, eggs and poultry last week, according to the production and marketing administration, U. S. department of agriculture. Cotton and grains dropped; while other products showed mixed trends.

New crop onions began to move in volume from Lower Rio Grande Valley last week, and prices had dropped Thursday to mostly \$2.25 per 50 pound sack of U. S. commercial yellow Bermudas. New potato shipments picked up, too, at steady prices of \$2.00 to \$2.25 for 50 pound sacks of U. S. No. 1 Bliss Triumphs. Continued heavy movements of carrots lowered prices to \$1.75 to \$2.00 per Los Angeles crate; but lighter loadings of Winter Garden spinach sold much higher at \$1.15 to \$1.25 per bushel.

Easter demand for eggs and poultry kept prices firm. Eggs sold around 37 to 39 cents per dozen at most points; heavy hens 36 to 28 cents per pound; fryers 30 to 32.

Cotton declined around \$3.25 to \$4.50 per bale last week. Spot markets remained rather quiet but more active than in recent weeks. All sources bought mainly to take care of immediate needs only.

Grain markets described a steady downward trend last week, as demand slowed, and offerings became more plentiful. Wheat closed Thursday at around \$2.75 per bushel for No. 1 hard at Fort Worth and Galveston; white corn \$1.88; yellow corn \$1.94; barley \$1.54 and oats \$1.01 to \$1.03. Yellow milo closed \$3.06 to \$3.09 per hundred.

Rice held firm last week, with supplies still tight. Price ceilings and export controls and allocations were extended, but assistance requirements were suspended for the time being. Bran, shorts, and cottonseed meal fell about \$4 per ton, but meat scraps and gluten feed and meal advanced an equal amount. Hay quotations moved up \$2 per ton. Seed peanut demand picked up in all major peanut areas. Soured Texas and pulled fine wools found some demand, but price uncertainty retarded buying.

Cattle commanded steady to higher prices last week. Medium and good cows brought \$12.50 to \$16.25 at San Antonio; and \$13 to \$15 at Fort Worth. Good cows moved at \$14.50 to \$15.50 at Houston; \$15 to \$16 at Wichita; and \$16 to \$17 at Oklahoma City. Medium to good yearlings cashed at \$18 to \$19 at Houston; and \$17.50 to \$21.65 at San Antonio.

This Month We Commemorate Our First

Twenty years in west Texas

Counting from the founding of our company, we mark our twentieth birthday this month—on April 14, to be exact.

We mention our birthday, not because we feel deserving of any particular acclaim for having attained twenty years of age, or for having served well for nearly that long. Rather, we mention it because these twenty years have witnessed such a tremendous development of the territory we serve. We believe it's the fastest-growing part of the nation. And we sincerely believe, too, that the availability of good Natural Gas Service is contributing substantially to this rapid development.

We express our appreciation for the thousands of fine friendships that have grown up between us and the people of west Texas. We shall strive to hold and deepen these friendships, and to make many more, during our next twenty years.

West Texas Gas Company

\$10,000 of Income Insurance will provide a monthly check of \$100, as long as you live. If you don't want the checks when you reach retirement age, an attractive cash settlement can be arranged. Should death interrupt your plans, protection for a beneficiary is provided. Rates depend upon your age. At age 30, for example, you can put this program in effect by setting aside \$6 a week.

Just a Drop IN THE BUCKET

That's the way Jim always referred to the cost of his Southwestern Life Insurance. "From my pay check," says Jim, "I set aside ten per cent every month. It was just a drop in the bucket. I never missed it—less than a dollar a day—less than I'd spend on something I didn't need. But it created something real for me!"

Jim is retired now. He quit work at 65. And now he's "living the life of Riley," playing a bit of golf now and then, hunting, fishing—doing the things he always wanted to do, and never found enough time to do before. His Southwestern Life policy made that possible.

You can get the same kind of insurance through Southwestern Life, and you can start your program today. It will take care of your family, should you suddenly be taken out of life's picture—and it will take care of you when you are ready to quit work. You can retire at 55, 60, 65, or at any age of your choice. Now, while you are earning, is the time to start your program. You'll never miss the funds you set aside out of the surplus income for this protection. Some day, they'll seem like "a drop in the bucket." Without obligation, ask for a descriptive outline covering your needs.

Woods and brush are gangsters in the grass. They literally steal your cattle and sheep by robbing the carrying capacity of grazing land or pastures. They rob your soil of moisture and min- erals. They choke the life out of your grass.

Once woods are under control, pastures benefit by liming, fertilizing, reseeding with recommended pasture mixtures, by harrowing or discing to break up manure. Few crops give as great return for a little attention as does grass. A good starting point in an improved grass program is to take steps to control woods and brush.

SULPHUR CUTS LAMB LOSSES
Report of a Colorado A & M Experiment
Good news for lamb producers comes from Colorado A & M. In an experiment with 2,000 lambs, they found that death losses from "overwintering" can be greatly reduced by merely adding 2% sulphur to the grain mixture being fed.

Price balances
There is always a demand for meat. Now, at some price. But that price is not set by the consumer. It is set by what the consumer is willing to pay for the meat and by producers. That is something which must be known and remembered if one is to understand the meat business.

RAINBOW GIRLS CELEBRATE 1ST ANNIVERSARY

Pictured above are the charter members of the Hereford Chapter of the Order of the Rainbow, organized here last spring.

Hereford Assembly, Order of Rainbow For Girls Celebrate Anniversary

A 25th anniversary is being celebrated this week when the Hereford Assembly of the Order of Rainbow for Girls will join with the national organization in recognition of the order's founding.
 Four girls were given initiation rites at a meeting held at the Masonic hall Monday night. They were Patsy Jean Hammock, Florence Goldston, Ruby Pate Barkley and Georgia Thompson.
 Sunday, April 13, the anniversary will be observed with the entire group accompanied by members of the advisory board, will attend the First Methodist church morning worship hour program, and the day will be highlighted with a silver tea given in the afternoon at the home of Cecelia Guesman. Members of the order of Eastern Star are in charge of arrangements and a program will be presented by members of the Assembly. Funds from the tea will go to the Chapel fund of the Masonic home and school at Fort Worth.
Local Order Founded
 The attributes of citizenship and the desire for spiritual guidance have long been paramount among the members of the order of Eastern Star, and when Mrs. Gilliland became worthy matron of the local order she immediately set forth her plan of organizing an assembly of the order of Rainbow for Girls in Hereford. It took several months of hard work but finally on May 11, 1946, the local group was instituted with 62 girls as members. Constitution came in January, 1947, with Mrs. Martha Whitfield, supreme deputy in Texas, in charge. Now the organization counts 75 girls whose aim is building girlhood into womanhood through better citizenship, better homemaking and more effective spiritual guidance.
 Since its organization the Hereford assembly has received special recognition at the state assembly and has been asked to make a demonstration of floor work at the Grand Assembly of the State of Texas, Order of Rainbow for Girls which will be held in Fort Worth, June 23, 24, 25.
 Four girls have been recommended to sing in the grand choir and three are being recommended as designates for the Grand Cross of Colors, which is the highest honor that can

come to members of the order.
 Mrs. A. L. Manjeot is mother advisor and Cherry Ann Forrest is worthy advisor. Other elective officers include: Patsy Slagle, associate worthy advisor; Marlan Longbottom, charity; Linnea Franch, Hope; Virginia Lyons, Faith; Mary Jo Mathis, treasurer, and Barbara Burney, recorder.

Gridders Open

 The coaches are making no prediction for next fall. The Herd will face a tough schedule minus nearly all of the starting line-up from the 1946 edition.
 Greatest consolation for the Whiteface lies in the fact that most other District 2-A teams have also been hard-hit by graduation. While the Herd will be more or less an unknown quantity when the season opens this fall, most opponents will probably find themselves in the same boat.
 Coach Stanton plans intensive work outs during the spring training sessions, with lots of special attention given individual players, in an attempt to weld a potent grid offensive for the fall campaign.

THE LEAST YOU CAN DO

★ The early Greek physicians believed that it was not possible for a man to enjoy perfect health unless he carefully organized his life to accomplish this single objective. This meant the meticulous ordering of each day. Proper nutrition, exercise, and rest were perfectly balanced. Physical constitution, age, and even the seasons of the year were considered.
 For a man of affairs, such a regimen is out of the question. When your work is done, you play and exercise when you can. But this little you can do. See your family physician at least once a year. Follow his advice. In case medication is required, we are prepared to serve you, promptly and economically.
