THE SUGAR BEET HARVEST was in full swing here this week. The crop is reported to be one of the best in years with sugar content averaging 15 per cent. As the fall harvest season reaches a mid-point, grain sorghum harvest is about 90 per cent complete with cotton yet to reach gins in quantity. It is reported that cotton still needs a freeze before stripping can begin. (Staff Photo)

FALL HARVEST CLOSING

Milo Almost Done; Beets And Cotton Nearing Peak

One of the best fall harvest seasons in Deaf Smith County is reaching a peak here this week as grain sorghum, sugar beet, and cotton producers look toward one of the best harvests in years.

In brief, the harvest situation is this. Milo harvesting has continued at a rapid pace since cutting began about mid-September.

At present, it is estimated by grain elevator operators that combining is 90 per cent complete in the county. It is predicted that two weeks of good weather are still needed to complete harvesting of the crop.

However, it was pointed out, there are still some fields of late planted grain that will need a freeze before grain will be mature enough to harvest.

In the Dawn area, it is reported that about 85 to 90 per cent of the milo has been cut. But, harvesting of late planted grain to the north is only about 60 per cent complete.

Moisture content in that area is said to be running between 16 to 17 per cent. Yields are reported to be good and are said to be averaging between 6000 and 6500 pounds.

In the Easter area, grain sorghum harvest is complete for all practical purposes. However, a few producers are still finishing up.

It is reported, at Hereford that approximately 90 per cent of the milo has been combined. Yields have been good and will probably average about 5,000 pounds to the acre on irrigated land.

Moisture content of the grain is continuing to drop and is down between 13 and 14 per cent. The Deaf Smith County sugar beet crop is fast reaching a peak here as truck after truck filled with beets is hauled to the Hereford dump.

Last week it was reported that approximately 200 carloads had been shipped from here. (Continued on page 6)

Extend UF Drive To Assure Success

Deaf Smith County's annual United Fund drive has been extended for two weeks, according to campaign chairman Russell Carver.

The extension to Nov. 15 was announced in order that rural solicitors might have time to complete their work.

The early harvest hampered our efforts to visit with all the rural residents during the regular time of the drive," Carver said. "Much of the success of the drive will depend upon their support."

About \$13,000 in cash checks and pledges had been turned in by Wednesday, with several area captains still hard at work completing their assignments. Goal for the 1962 drive is \$25,000 to support eight local agencies.

Russell said that a "flying squad" of Key United Fund workers would probably be organized Friday to clean up some of the solicitation. This primarily will be cards of potential donors which were not worked for one reason or another.

"We feel that this drive will be successful, although it has taken longer than we hoped," the president Wayne Thomas commented. "Our goal should be reached when all the workers have completed the assignments and all of the following up work has been done."

Russell and Thomas both said they felt the drive would be successful this year, provided the following up work was completed.

Details for the special event were worked out by the high school administration and the Whiteface Booster Club Debbs Knox, booster club president, urged all club members and others to be on hand for the pep rally.

Let It Snow, Let It Snow, Let It Snow!

Hereford Police Chief Marshall Padgett is happily humming, "Let it snow, let it snow, let it snow," these days. For a time, though, he thought his theme song would be, "Baby, it's cold outside!" sung with great feeling.

Reason for his pleasure is that the City of Hereford decided to buy the Chief a new uniform jacket, assuring that their Number One lawman would be at least partially protected from the elements this winter.

For a time, Marshall had thought that he would have to brace winter's frigid blasts in his shirt sleeves.

Way back last April, when Padgett was a Sergeant on the force, he arrested two men, one of whom attacked the officer with a knife, slashing through one arm of the uniform jacket Padgett was wearing.

The coat was stashed away for evidence in the pending trial for resisting arrest and assaulting a police officer. When the case was heard in County Court last summer the last thought in Padgett's mind was warmth.

But the case was appealed to a higher court... and Padgett's jacket was put away again for possible use once more as substantiating evidence. That's where it is now, tucked away until it can again be tossed into the judicial mills that Padgett feels, grind fine but exceedingly slow.

Although he hasn't said so, if a similar situation arises again, Padgett is likely to take his jacket off before making the arrest. He is well aware that it can get mighty cold during a Panhandle winter.

Head coach Ray Hopkins is expected to start the following Rangers Friday night: John Ellzey, 161, and Larry McEntire, 179, ends; Kenny Watkins, 190, and James Fountain, 210, tacklers; Jackie Simmons, 160, and Byron Simpson, 144, guards; Mike McLain, 160, center; Roger Wright, 151, quarterback; Ronnie Good, 150, and Joe Champion, 182, halfbacks; and Gary Newcomb, 183, fullback. Several Changes Noted As Wheat Plan Sign-up Opens

Sign-up for the 1962 Wheat Stabilization Program in Deaf Smith County is expected to begin next week at the Agricultural Stabilization and Conservation Service office, according to Forest Collier, ASCS office manager here.

Farmers may begin signing up for the program, he continued, as soon as notices are mailed to individual farmers showing farm payment rates, productivity indices and normal conserving acres. Deadline for sign-up will be Dec. 14.

In discussing the new wheat program, Collier pointed out that several major changes have been made.

The program this year, he said, is voluntary. A farmer may plant within his allotment and still receive his loan payment rate, or he may divert a minimum 20 per cent, or a maximum of 50 per cent of his acreage.

He pointed out that the 20 per cent reduction was mandatory for a wheat producer signing up for the voluntary program.

Under the program, he commented, the farmer will receive a diversion payment, which will be half of the \$182 loan rate times normal production per acre on measured acreage.

In addition, the farmer will also receive an incentive payment of 18 cents per bushel. The total payment is computed by multiplying harvested acres of wheat on the farm times normal production times the 18 cent per bushel payment.

However, a wheat producer signing up with the program must comply with the contract he signs to divert a certain percentage of his wheat allotment, warned Collier.

If the producer wishes to change his diverted acreage, he must do so before the Dec. 14 deadline, he declared.

If the farmer withdraws from the program after that date, he loses the price support, diversion and incentive payments even though he plants within his allotment," stated Collier.

The ASCS office manager commented that a waiver is printed on the contract in regard to this provision.

It reads: "If there is not diverted from the production of wheat in accordance with the provisions of the program an acreage on the farm equal to the number of acres stated above, the producers on the farm (Continued on page 6)

Deadline Friday For Early Voting

Total count on absentee votes reached 47 by Wednesday morning. A large influx of early voters was expected by County Clerk B. F. Cain before the deadline Friday, Nov. 2, at 5 p. m.

Voters will be faced with a long ballot for the Nov. 6 General Election and Cain said that voters so desiring could come by his office and study a sample ballot.

He emphasized that voters must mark out all candidates or propositions except the one which they favor. For example, on the governor's race, with Jack Cox, John Connally and Jack Carswell the candidates, the names of two of the candidates must be scratched out in order for the vote to count.

In addition to a complete slate of state, district and local offices, the ballot includes a list of 14 proposed amendments to the state constitution.

Both Teams Eye A Victory As Hereford Hosts Rangers

Hereford and Perryton, a couple of teams trying to get out of the district cellar, will battle it out on Whiteface Field at 8 p. m. Friday.

The Rangers are apt to be a blood-thirsty crew this week. Without playing a conference game, they had been ranked tenth in the state. But Littlefield apparently didn't read the press clippings as they handed the Rangers a 33-0 defeat last week as Perryton made its debut in the rugged 1-AAA conference.

Prior to that game, Perryton had won five straight and will be out to get back on the victory trail again.

Hereford also fell in its district opener last Friday, being dropped 22-6 by Phillips.

According to the scouting reports, Perryton has a big, rugged team with enough speed to get by.

The Whitefaces will be trying to gain a win and improvement of its 2-4 record thus far. But the outlook isn't too good.

\$1000 Bond Set As Charges Filed In DWI Offense

Charges of driving while intoxicated, second offense, were filed here Monday against Santos Galvan, 38, 319 Ave. E, in Deaf Smith County Court, Judge H. C. Williams presiding.

The man is being held in the County Jail on a \$1000 bond set as charges were filed.

Galvan was arrested by a Texas Highway Patrol unit shortly after 7 p. m. Saturday about two miles east of Hereford on Dairy Road. He is also being held for allegedly violating his parole.

Plans are now being made for a Sabin Oral Polio Vaccine clinic scheduled to be held here on Sunday, Dec. 2. The clinic is to be jointly sponsored by Hereford Junior Chamber of Commerce and local physicians.

Hereford Jaycees are to handle the administrative details necessary for the Sabin Oral Vaccine inoculation such as scheduling a place for the clinic, supplying non-technical personnel to handle registration, and publicity on the drive.

Supplying the technical personnel needed — doctors, nurses, and pharmacists — will be the local physicians with Dr. A. T. Mims acting as Deaf Smith County drive chairman.

The number of doses of the polio vaccine needed for the mass inoculation of Deaf Smith County residents will be supplied through Tierra Blanca Medical Association.

It was announced that the medical association has ordered 25,000 doses of both Type I and Type II vaccine for clinics to be held in the Castro - Deaf Smith - Swisher - Parmer County areas. Of this, 10,000 doses are earmarked for this area.

Cost of the vaccine is to be underwritten by the medical association. However, a donation of 25 cents per person is being asked to offset the cost of the clinic.

No one, however, will be turned away for not making the donation.

Announcement that the oral vaccine clinic would be held here was made Tuesday at the regular noon meeting of the Hereford Junior Chamber of Commerce.

Bruce Fink, club president, told members that the organization had been asked to help sponsor the clinic.

He pointed out that the local physicians would handle the technical part of the clinic with the club handling registration, publicity and supplying the personnel needed to handle registration.

Named as over-all chairman for the drive was Bob Rott with Jerry Detweiler serving as organization chairman and Martin Moore as publicity chairman.

Committee members are, publicity committee, Dale Barkley and Wayne Fuller, organization committee, Jack Jones and Paul Schroeter.

As yet, only tentative plans were outlined at the first meeting of the committee held Tuesday.

The clinic is tentatively set to be held in Hereford. (Continued on page 6)

Lueb Wins Rough Weekly Contest

It was a rough week, moaned entrants in the Hereford Brand's football contest after getting results on weekend games. "That it was!" One game was inadvertently omitted from the contest list, which cut the possible score to 19. Then came three ties.

Texas and Rice, Oregon and Washington, and Kentucky and Georgia, that cut the possible score to 16.

But there were also some upsets to consider.

When the dust had cleared, and the teats were dried away, Raymond Lueb had the top score of 13, usually not enough to stay even with the pack.

But second and third place still was a complicated affair. Ten entrants picked 12 winners for the week and judges had to use the tiebreakers to determine the money winners.

Wendell Burdine placed second, just one point away from the total difference. George C. Loefer was third place winner.

Also picking 12 winners were Bobby Shelton, Mrs. Cawthon Bryant, Joe Blakney, Joan Hopper, Gloria Schroeter, W. B. Powell, Jerry Cannon, and Pleasant Baker. Baker, by the way, mails his entries in from Burbank, Cal., a far piece from Hereford, where he was a football coach-captain for the 1933 team.

Around Town

This is the time of year when days suddenly become six hours long and the things yet to do need at least 72 hours, each day. In speaking of, of course, political candidates and their hard-working associates. For as long as ten months, they have kept a steadily faster pace. But they now find they must have wasted some time somewhere, for they just can't get everything finished in the time before the polls close.

Sometimes I wonder how many voters make their minds up early and how are finally swung to a particular candidate at the last minute. Then there are a few who go inside the booth and vote in desperation. If the political pundits had this information, it surely would simplify their work.

All of Hereford and Deaf Smith County is invited to attend the downtown pep rally that will be held from 11-11:20 a. m. Friday, Nov. 2, in the 300 block of Main Street. Students and others will be doing their best to help assure a Hereford victory that night over Perryton.

More than 120 boys have finished workouts and will go into competition here this week for the second annual Pass, Punt and Kick contest. Sponsored locally by Stephens-Hudson Motor Company and handled by the Whiteface Booster Club, boys 7 through 11 will be competing for local honors. Contest for 7 and 8-year-olds will be held at Alkman School at 5:15 p. (Continued on page 6)

AUSTIN HIGHLIGHTS

Decision on Nomination By Constitution Party Date

By Vern Sanford
Attorney General Will Wilson issued an opinion that the Constitution Party of Texas cannot nominate members for district offices at its state convention. But the opinion came a bit late. Election ballots already have been printed, and the tardy nominations are listed. Secretary of State P. Frank Lake made the request for an opinion on Constitutional Party nomination procedure in September. The "third party" didn't release its list of a law that says candidates must announce by the second Monday of February.

According to Wilson, the same law applies to the Constitutional Party.

HIGH COST OF LEARNING
Tuition for Texas' 20 state universities and colleges may be doubled by the time members of the 1964 high school graduating classes are ready to enroll.

Texas Commission on Higher Education decided to ask the Legislature to double tuition — from \$50 to \$100 a semester — and increase appropriations by 55 per cent during 1964-65.

Commission approved a \$4,000,000 boost in the previously recommended biennial budget of \$162,000,000; agreed to

raise college presidents' salaries; and ordered its staff to look into the elimination of remedial writing and reading and tours from college curriculums.

Request for more money came after it was noted that this fall's enrollment of 110,000 students in 19 colleges was an increase of 9 percent over last year, and the "war babies" will soon be knocking at the doors.

DEFICIT RISES
Deficit in the State's General Revenue Fund increased by almost \$13,000,000 during mid-October, according to a report from State Treasurer Jesse James.

On October 9, the State was in the red to the tune of \$41,250,349. By October 24, the deficit was \$54,074,283.

MAP PROJECT PUSHED
Absence of topographic maps of the entire state may be holding us back in the nationwide race for new industries.

At a meeting of the Texas Mapping Advisory Committee, Harry Clark, director of the Texas Industrial Commission, said that topographic maps are very necessary to industries considering sites here. Chairman John J. Vandertulp said the maps are essential to industrial and agricultural planning.

Topographic maps are those that show the physical features of a region in minute detail.

When a mapping program of 73 counties is completed, Texas will be half-mapped.

ATTRACTIVE NUISANCES
State Health Department officials issued a warning against the use of arsenious acid containers for water bottles.

Field engineers recently found about 40 of the one-gallon size containers along the highway in Ollin County. One had about one and one-half ounces of arsenic left in it — enough to kill more than 100 people.

Death of three members of a Josephine farm family was attributed to accidental poisoning caused by drinking water out of a container which had been used for cotton defoliation.

"These plastic bottles are attractive nuisances . . . and deadly," an official said.

RADIATION DETECTION PLAN
An officer of the Texas Department of Public Safety soon should be able to help out at the scene of a radiation accident or incident anywhere in the State in about 30 minutes.

Col. Homer Garrison Jr. announced.

A stepped-up training program in radiation detection which began on October 29 is expected to provide enough trained men to handle any emergency.

Officers who have completed the course already are driving vehicles equipped with a Geiger Counter to measure very low amounts of radiation, a mid-range survey meter, and a high range meter.

Men also carry personal "dosimeters" on their persons so they periodically can determine the amount of radiation they have been subjected to during the survey of an area in which radio-active spillage has occurred.

Department's also helping to train members of city police departments, sheriffs' departments, rescue squads and other groups.

HIGHWAY HOME HELP
Property owners and tenants who become displaced by Interstate Highway right-of-way acquisition now are entitled to help from district engineers of the State Highway Department.

In compliance with the 1962 Federal Aid Highway Act, people who must give up their homes or property because of right-of-way acquisition can get relocation assistance. Assistance will include listings of available rental and sale properties, referrals to services

such as local housing bureaus and chambers of commerce, and similar advisory aid.

MOST SCENIC
Two Texas highways are finalists in Parade Magazine's Scenic Highway Award contest, and rank among the 20 "most scenic" in the U. S.

One is Interstate Highway 45, "The Way of the Pines," which runs through a wooded area southeast of Huntsville. The other is a section of F. M. Road 170, "El Camino del Rio," which traverses rough country along the Rio Grande between Lajitas and Redford.

A-G RULINGS
Sen. Louis Crump of San Saba asked the attorney general whether newspaper publication of a new State Constitution would be required before one could be adopted. "It would not," says Wilson.

A male juvenile, between 10 and 17, or a female juvenile, between 10 and 18, cannot be tried in a county court for negligent homicide in the second degree, Wellington County Attorney R. L. Templeton was informed.

A county court cannot commit a person to a mental hospital for temporary hospitalization for any longer than 90 days. A school district which does not teach high school grades cannot cancel or annul the transfer of one of its resident scholars to a school district which provides high school grades.

JOB TRAINING OFFERED
A plan to discourage high school "drop-outs" and retrain adult workers was implemented when the Texas Employment Commission and the Texas Education Agency appointed an advisory committee to assist in carrying out the terms of the 1962 Manpower Development and Training Act.

Act, which became effective on Aug. 1, was designed to provide occupational training in skills which can be learned in 52 weeks. Adult students who show satisfactory progress may be entitled to unemployment compensation while attending classes. State Vocational Agency will arrange for facilities and instructors for local schools, but training will be under the complete direction of local educational systems. Training programs for household appliance repairmen and for auto mechanics already are in operation, the former in Corpus Christi and the latter in El Paso.

CODE REVISIONS
Texas State Bar officers and directors have selected revisions in the Code of Criminal Procedure as number one on its 12-point legislative program for 1963.

Bar president Leon Jaworski said "There is particular need for criminal procedure reforms in our State."

Other proposals will include a statute regulating the execu-

tion of bail bonds in Texas, a Uniform Commercial Code, and amendments to the Texas Securities Act.

Bar also will propose a constitutional amendment calling for the local option abolition of justice of the peace courts and replacing them with courts of record.

Legislature also will be asked to repeal acts of its last regular session making jury findings, instead of court findings, conclusive in custody cases.

ENFORCEMENT FUND
Railroad Commissioner Bill Murray says an enforcement tax of 1 cent per barrel of oil is not needed.

According to Murray there would be enough money for oil and gas law enforcement if the legislature would allocate all the funds collected for the purpose. His comments were inspired by the enforcement tax of 1 cent per barrel of oil recommended by the Gregg County grand jury.

Legislature authorized the commission to take \$300,000 a year from the gas utilities fund to supplement oil enforcement tax income.

Chairman Murray feels that the commission's main need is for 15 more inspectors, to supplement its staff recently bolstered by 15 men.

PLEDGE "NOT BINDING"
A party primary pledge is not binding on a voter at the general election.

That is an opinion handed down by Gov. Price Daniel when he was attorney general of Texas.

State Republican chairman Tad Smith of El Paso, and other

Republican leaders, are using the "Democratic" decision as grounds to urge voters to vote however they please on November 6, regardless of party primary pledges.

Daniel's opinion noted that the courts of Texas have answered this question by holding "that the pledge . . . does not create a legal obligation."

MILITARY DUTY RULING
State employees requesting another year of active duty with the 49th Armored Division can have their jobs back when they get out.

So says Attorney General Will Wilson. He held that those staying on for another year "are entitled to restoration of state employment."

Many members of the 49th Division were recalled to active duty when the Berlin situation became tense last year. Most of the men were released in August. Some requested and were assigned another year of active duty.

LONG BALLOT
Texas' general election ballot will be about as long as a newspaper.

November 6 ballot will contain not only the lists of party nominees for congressional, state, legislative, district, county and precinct offices, but also "for" and "against" questions about 14 proposed constitutional amendments.

NO WAITING
There is no longer a waiting list of applicants for land purchase under the veterans' land program, says Land Commissioner Jerry Sadler.

Sadler said that 70,000 ve-

terans were given land-buying opportunities the past 21 months.

Commissioner reported a backlog of 40,672 veterans on Jan. 1, 1961. Many of them had been waiting their turn for three years. A total of 116,885 applications have been received since the program began operation in 1949.

VALUABLE MARKERS
Historical markers are worth their weight in gold according to the Texas Highway Department. Three tourist markers recently erected to mark significant historical sites are proving this.

THD says each of the markers earns nearly its original cost in added tourist revenues each month. Original cost was about \$630 each. They will earn this cost ten times in a year. Each marker is credited with earning an average of \$17.55 per day.

Markers — first of 25 to be erected during the next year — are at Camp Ford near Tyler; at Meteor Crater near Odessa; and at Castle Gap in Upton County.

LET'S COOK SOMETHING

Fix-Ahead Refrigerator Rolls A Family Delight

"Just love them and watch them grow" is Dorothy Clearman's philosophy on raising her three girls.

Dorothy is the wife of Hugh Clearman and mother of three delightful daughters, Carol, Kay and Lynette. In visiting with her one can feel the great love and pride she holds for her family.

Besides being completely contented in running her busy household, keeping a neat home and being chauffeur at the drop of a pin, she is active in the Hereford Garden Club, Veleada Study Club, 4-H and Bluebirds. Dorothy worked as co-chairman of staging in the recent flower show of her garden

club and was also a winner in the Horticulture Division.

Being an active member of the First Methodist Church, she believes that her church work is one of the most enjoyable and fulfilling activities of her week. She teaches a Junior II Sunday School Class and participates in other church activities.

One of the fine achievements in the Clearman's household that the whole family cheers her for are the hot rolls that she serves for her family's pleasure. Daughter Carol is becoming a fine hot bread cook too, with the biscuits that she loves to make. The whole family enjoys their hot breads even more

when served with some good Hereford honey or homemade jellies.

Dorothy's family believes there is no better meal served anywhere if they can have a broiled steak with a siding of potatoes and salad with some of her hot rolls.

This refrigerator roll recipe is good because it can be mixed and stored in refrigerator to be used at any time.

Refrigerator Rolls

- 1 3/4 cup warm water
- 2 packages active dry yeast
- 1/2 cup sugar
- 1 teaspoon salt
- 1 egg, unbeaten
- 1/4 cup soft butter
- 6 cups flour

Banana Nut Cake

- 2 sticks oleo
- 2 cups sugar
- Add:
- 4 whole eggs
- 1 cup bananas
- 2 1/2 cups flour
- 1/2 teaspoon soda
- 1/4 teaspoon salt
- 1 cup pecans

Mix all together and bake in a tube pan or two loaf pans at 325 degrees for 45 minutes to an hour.

Something good to serve to the children after school, for a bedtime snack or a treat for breakfast is this recipe for Banana Nut Cake.

Banana Nut Cake

Cream together: 2 sticks oleo 2 cups sugar Add: 4 whole eggs 1 cup bananas 2 1/2 cups flour 1/2 teaspoon soda 1/4 teaspoon salt 1 cup pecans

Mix all together and bake in a tube pan or two loaf pans at 325 degrees for 45 minutes to an hour.

MRS. HUGH CLEARMAN AND DAUGHTER Lynette take a peek at the rolls that will soon be ready to serve. These rolls are popular around the Clearman residence and so easy to make and keep on hand. (Staff Photo)

TWO HANDS AROUND HEREFORD halfback Austin Hodges were enough to bring him down after he picked up four yards in action Friday night against the Phillips Black-hawks. Hereford dropped the district 1-AAA opener to Phillips by 20-6, but the Hawks will be playing host to another loop opponent, Perryton, here Friday. Blocking for Hodges were end Mike Ferguson (87), guard J. Carter (60), and guard John Kovacs (68). Phillips defenders are Bob Wakefield (63) and Gary Winters (79). (Staff Photo)

shall not be eligible for price support or diversion payments with respect to wheat on the farm."
As he discussed the program, Collier used as an example a farm with a 100-acre allotment and a normal yield of 40 bushels to illustrate how the program works.
With a 20 per cent diversion, the diversion payment would be \$720. The incentive payment, based on number of acres in production times 40 bushels times 18 cents, would be \$376.
Collier also pointed out that under the new program farmers may now graze cattle on diverted acreage fall seeded in wheat and barley.
However, wheat on diverted acreage must be plowed under by May 1, 1963. It cannot be grazed from the May 1 deadline to Nov. 1, he added.
All acreage diverted under the Wheat Stabilization Program must be put to conservation practices, he concluded.

Plans called for 12 registration tables to be set up in the center with four tables for administering the doses of the Type 1 vaccine. It will be given on sugar cubes.
Only a brief registration form will be used, but children under 18 years of age will need the written consent of their parents or guardians to take the vaccine.
It is planned that release forms will be supplied to all school children before the clinic is held.
Planners anticipate that the clinic will handle between 1000 and 1200 persons per hour.

But, harvesting operations had yet to reach a peak.
First reports from the mill indicated that sugar content of the crop is averaging about 15 per cent. Odean Nixon, field representative of American Crystal Sugar Co., stated that this year's crop will "probably be one of the best in years."
The 1962 cotton — also labeled one of the best in years — has yet to reach Deaf Smith County gins in quantity. However, hand-pulled cotton is trickling into Hereford.
Stripping operations are not expected to begin until 10 days after the first freeze, it was reported by a gin operator here Wednesday.
One gin operator reported: "Quality of the cotton is very good — the best quality since 1956. Yields are good and we should gin as much as we did a year ago and maybe more."
He pointed out that maturity and grades of the hand-pulled cotton were good.
"The fiber is good and hard," he commented, "which shows more maturity than usual for this area."
Prices for the crop are reported to be good. Ginned cotton is bringing between 31 to 32 cents a pound.
All — grain elevator operators, beet dump operators and ginners — agree that this has been one of the best fall harvest seasons in recent years. Weather for harvesting operations in the county has been "excellent", they agree.

One of the funniest, and also one of the most sadistic, cartoons about Halloween we have noticed recently showed the following: A group of youngsters in costume at a Halloween party, standing in line to bob for apples while a deceptively kind-looking man stands behind the barrel and secretly empties a box into the water. The box says "Piranhas" — the tiny, flesh-eating fish from the Caribbean.
Wednesday, we bravely manned the ever-opening door, Assailed by soprano shouts, "Trick or Treat!" In small assault teams they came, then there were more. When all goodies, and goblins, were gone, were we beat! Unable to reach our easy chair, we simply collapsed on the floor!

By Donita Allred
Whiteface Reporter
Shouts of joy and tears of relief were ringing all over Buffalo Stadium at Canyon, Tuesday, Oct. 23, as the members of the Hereford High School Big Domino Band received a division one, "excellent," rating at the Interscholastic League Marching Contest.

Big Domino Band, which is one of four bands competing in class AAA competition received a rating of "I" and words of compliment and praise from all three judges.

Judges for the contest were J. R. McEnty, director of Permian High School Band, Odessa; Fred Prentes, band director at Wichita Falls High School; and Gene Brought, Oklahoma University, Norman, Okla.

Judges commented to Hereford director, Ben Gollehon, that the Hereford band was rated second of 32 bands at the contest. Pampa Harvesters Band was ranked as first.

There were only nine division one ratings given out of 32 bands competing in the contest. Twelve division two ratings and seven division three ratings were awarded.

In the class AAA competition, Dumas and Perryton High School bands received

division two ratings with Hereford and Phillips High School bands receiving division one ratings.

Stanton Junior High Band, directed by Clyde Wilson, also attended the contest and received a division two rating.

In the twirling competition, Hereford's six participants were as follows: Division I Solos - Patti Roarch and Merle Carmichael, I ratings; Jerre Bea Noland, II rating; Division II Solos - Lynn Sowell and Beverly Roberts, II ratings; and Ann Mercer, II rating. Bill Woods, director of Levelland High School band, was the judge for the event.

Vice president of F.N.A. this year is Judy Stone, while Martha Wiltshire will serve as secretary. Christine Skypala is the treasurer of the club.

Saturday, Oct. 20, the members made a trip to Amarillo to visit St. Anthony's Hospital. A report on the trip was given by Elizabeth Burrus.

Plans for a rummage sale, which was held Saturday, Oct. 27, were also discussed.

Junior Class Annual Supper Set For Friday

Members of the junior class will sponsor a pancake supper Friday, Nov. 2, as they try to earn the title of Annual Queen for Miss Pegene Cox.

Competing with the other two classes at Hereford High School, the juniors will be trying to raise the most money for the school annual.

Juniors invite everyone to be on hand for the supper, which will be served 5 - 8 p. m. Friday, in the high school cafeteria. Plenty of pancakes, as well as sausage, coffee, milk, and the trimmings, will be available.

A bake sale offering homemade pies and cakes will be held in conjunction with the supper at the cafeteria.

Tickets for the pancake supper are on sale from members of the junior class or may be purchased at the door.

Future Teachers Elect Officers

Ela Aikman Chapter of Future Teachers of America met in the high school auditorium on Thursday, Oct. 25.

Suzanne Higgins, president pro tempore, presided at the meeting which was conducted during activity period. She was assisted by Alyce McClain, temporary vice president, who called the membership roll.

Steve Coneway and Bob Huckert were chosen by the Hereford Chapter of FFA to represent Hereford at the National FFA Convention in Kansas City.

At this same convention, Charles Vasek was awarded Star American Farmer's Degree. This is the highest honor awarded in FFA by the state with the exception of president of FFA.

The boys left at 6 a. m. from Amarillo on the Santa Fe, on which two cars were reserved for the members of FFA going to the convention: Steve, Bob, and Charles followed a supervised program which consisted of lectures, meeting, and special entertainment. The boys returned Saturday, Oct. 13.

Sunday evening, Oct. 14, eight FFA boys left Hereford to attend the stock show at the State Fair in Dallas. The boys were Carl Meyers, James Corbett, Joel Lytal, Gary Royal, Steve Coneway, Tim Gearn, Earl Jackson, and James Burrus.

The boys each took either two or three pigs to show, which were purchased and fed especially for the show. There were about 1,000 entries, which were divided into 12 classes according to breeds and weights.

Day Off For Juniors, Sophs Is No Relief

Sophomores and juniors got a breather from regular classes Wednesday, Oct. 23. However, many of them did not seem to think it was much of a relief as they took standardized tests all day.

The Iowa Test of Educational Development was given to the juniors and the Differential Aptitude Test was administered to the sophomores.

Tests were given by Robert Thompson, student counselor at HHS.

Students were assigned to rooms in which they stayed all day. These tests lasted from 8:50 a. m. until 2:55 p. m.

Mascot's First Appearance Is During Pep Rally

Spirit at the pep rally before the Herd battled the Phillips Blackhawks was high. Cheerleaders led enthusiastic students in many of the favorite yells. David Dowell and Coach Jack Meredith gave speeches stressing the importance of the fans' support for the team at the game.

Beginning last year, the Whitefaces had a mascot, a bull named "Scat." Hereford now has a new mascot, Scat III. HHS's new mascot is a person dressed in the costume of a whiteface bull. The costume was made by Judy Kriegshauser, Sheri Carmichael, and Mrs. Viola Chisholm.

The body of the suit is made of maroon and white corduroy. The head is made from an old football helmet covered with painted, shaped wire and fur to form the bull's face.

The person acting as mascot was only temporary, as there was not time to elect one for the Phillips game. The person who will act as the permanent mascot will be elected in the near future. The mascot received its name from HHS principal, "Scat" Russell.

AN EDITORIAL

U. S. Needs Unity

By SANDRA GREEN
Whiteface Reporter

With Cuba 90 miles from the coast of the United States and hydrogen as well as atomic missiles aimed at a 2000 mile range, what other action could President Kennedy take? Countries other than the U. S. are in danger due to the greed Castro and the Soviet government have for total power over the world.

Khrushchev has stated, "We will bury you." Is his promise coming to life with missiles stationed in Cuba?

What will the action be by countries other than the U. S. against the aggression movement of the communists?

These questions and many others of the same nature must haunt the minds of people throughout the United States and other countries.

My opinion is based on what little information I've heard. Cubans, following the ideals of the Soviet puppet, Castro, are unable to realize the danger of atomic action against the U. S.

Russians as well as other communist nations want the world for a common purpose. War is a poor means of conquering a nation. Forcing a people to believe a way of life is, in my opinion, a mistake. Of course power, rather than a way of life, motivates the aggression against the U. S. War is possible. If so we must fight for freedom as we have before. This war, if there is war, will be destructive to large cities and military bases. I don't believe there will be mass army forces against one another. Small groups of men will fight and come from hidden places.

With millions of communist Chinese, a war could last for years. Yet, one blast could destroy the U. S., leaving the communists with nothing but ruins.

I believe we must unite political parties, different races, and different feelings to fight a common foe, communism. Whether it is by wise tactics or war, the end must justify the means.

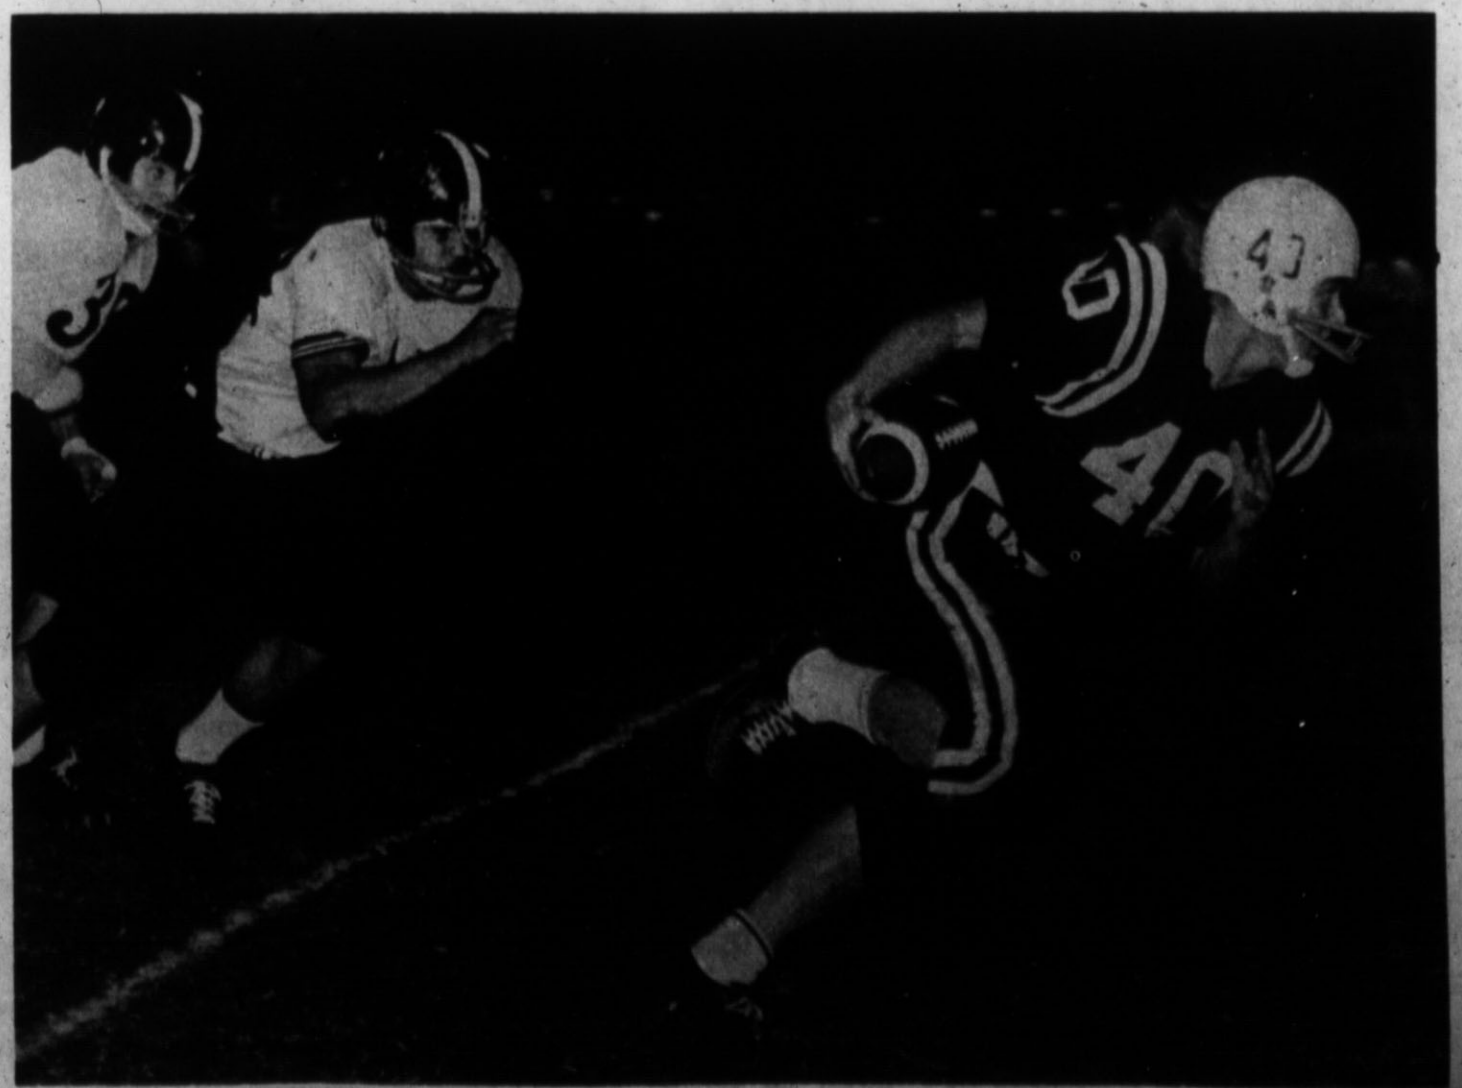

We must realize action against Cuba could affect West Berlin, South Vietnam, and India. Wisdom far greater than my miniature opinion must be used in deciding our course of action.

CONSTRUCTING A MASCOT for the Hereford Whitefaces are Judy Kriegshauser (left) and Sheri Carmichael. The head was constructed around a football helmet with horns and a wire framed face added. Model for

project was the Whiteface head in the hall of Hereford High School. The "mascot" made its first appearance during the pep rally held Friday.

ROTARY CLUB PROGRAM

Speaker Discusses Rural Development

Purpose and activities of the Rural Areas Development Program were explained at the Hereford Rotary Club meeting Monday by a Lubbock speaker. Coy McDougall of Lubbock, with the Rural Telephone Administration, told about the program which was established in 1956 by then - President Eisenhower.

"It was begun in an effort to stem the migration to the cities, which were already overtaxed for water, streets and sewer facilities," he explained. McDougall said the age - old problem of migration to congested areas caused problems of unemployment and an increase in crime.

"This is not a distressed-area program," he said. Its purpose is four - fold: First, to keep an area's economy high; second, to keep young people in the community by offering them opportunity; third, to encourage new businesses; and fourth, to add diversification to the economy through industry.

"We hope this program will assist rural areas in maintaining a strong economy and will equalize traffic between the rural and urban areas," McDougall pointed out.

He said that large industries were diversifying their holdings and that one's of the nation's largest manufacturers of electronic equipment now had a cattle feed lot, while a major manufacturer of synthetics had entered the grocery business.

Much of the work of the program centers around a survey made by County Agricultural Agents, which outlines community

resources, tools, financial needs and aids, special skills of residents, plus other community assets such as churches, schools and parks.

"I would estimate conservatively that there are more than 100 small business looking for locations now in West Texas," he stated. However, McDougall warned that communities should not try to buy businesses, but simply make local financing available for private businessmen. "This is not a loan

program," he emphasized. None of the businesses looking for locations are large ones, but are substantial. They include packing plants, pellet mills, shoes manufacturers, garment manufacturers and small assembly plants.

He also pointed out that communities should not minimize their shortcomings, such as a lack of water or skilled labor. In closing, he pointed out that recreation should become more important and that some recreational facilities, such as hunting and fishing lodges, should be developed.

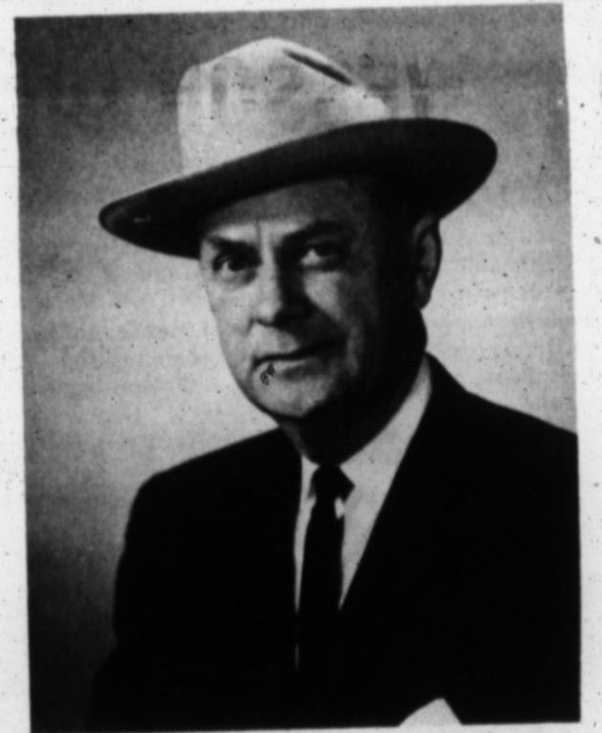

McDougall was introduced by Rotarian Leo Forrest.

Club president Jack Nunley announced that Hereford would host the District Governor on Sunday, for a club assembly, and at the regular meeting on Monday.

VISION

How far can you see? When you look, what do you see? Vision means more than just to see something with the eye. Actually, the deeper meaning of vision would be to perceive what is not seeable to the eye... a mental view or image. True, the eyes deliver 87% of all impressions to the brain. *But vision means seeing further than one can see with the eye.*

We know 20-20 vision of soul has deeper meaning than 20-20 vision of the eye.

Do you have vision? Have you seen God lately? Have you visioned His church on the corner and all it stands for? When you read His Word can you anticipate all the glories of His second coming? *May we develop 20-20 vision of sight, of mind, and of soul.*

May we have true vision.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that the young and old alike are showered with benedictions that form and influence for a better citizenship and a molding religious character. Statemen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. There we with our children should go to the church of our choice on Sunday. You in the Church and the Church in you form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

JoAnn Miller is Honored Sunday At Birthday Party

By Mrs. Richard Golden
A birthday party honoring Miss JoAnn Miller, seven-year-old daughter of Mr. and Mrs. Hershel Miller Jr., was held in her home on Sunday, Oct. 21.

A Halloween theme was carried throughout the party. An owl-shaped cake and drinks were served to the honoree and the following guests: Linda Ritter of Westway, Kathy Bell, Ricky Bell, and Dianne Godwin of Hereford, Sylvia Betzen, and Vickie, Debbie, Janet, and Hershel Miller III of Dawn.

The honoree's parents, Mr. and Mrs. Hershel Miller, Jr., grandparents, Mrs. H. E. Miller of Hereford and Mr. and Mrs. Charles Hood of Hereford, and great-grandmother, Mrs. Minnie Williams of Hereford, were also present.

H. D. Club met Friday, Oct. 19, in the home of Mrs. Rae Cox. Mrs. Jim McCabe presented the program on "Study of Election Laws."

Refreshments of corn chips, cherry pie, and coffee were served to mesdames Jim McCabe, Orval Galley, H. S. Fuller, Glyn Persons, J. B. Caraway, H. D. Fowler, Richard Golden, and the hosts, Mrs. Rae Cox.

Next meeting of the club will be Nov. 2 in the home of Mrs. H. S. Fuller. Mrs. Argen Draper will present the program about sewing-hems.

Dawn Music Club wishes to express appreciation to everyone who helped make the bake sale successful.

Mrs. H. H. Miller and Dion attended the all-school play, "The Silver Whistle", in Hereford Saturday night.

Audri Miller, daughter of Mr. and Mrs. H. H. Miller, was assistant director of "The Silver Whistle."

Mrs. H. C. Ricketts, a former resident of Dawn, died Sunday morning. Several from this community attended her funeral on Tuesday afternoon in Hereford.

Mrs. H. S. Fuller, along with 20 ladies from this county, was a guest of the Amarillo Chamber of Commerce last Thursday. It was the first of what may become an annual occasion for ladies from rural sections of the area.

Women met at the Amarillo Club for a get-acquainted coffee and art exhibit, then were taken by bus to the Amarillo Country Club for a luncheon, followed by a style show put on by the officers' wives at the air base. Each woman on the program wore clothes typical of those worn in countries where their husbands had been stationed. A film about Amarillo and the surrounding area was shown, and then the ladies were

taken on a bus tour of the city. Ladies from three states were on hand.

Lee Myers, student at West Texas State College, was a guest of H. S. Fuller Jr. Thursday night.

Mr. and Mrs. Robert Oglesby and children were week-end guests in the homes of Mr. and Mrs. B. Caraway, R. T. Stewart, and H. R. Stewart families. On Sunday, they all had lunch together with Mr. and Mrs. H. R. Stewart.

Week-end guests in the Ray Polan home were his parents, Mr. and Mrs. J. T. Polan, and his sister and family, Mr. and Mrs. Doyle Neal.

Maize harvest is about 70 per cent completed around Dawn. Harvest has been slow north of Dawn, however, as only an estimated 40 per cent has been cut.

Mr. and Mrs. Alfred Smith visited their daughter and family, Mr. and Mrs. Robert Jones, in Amarillo Sunday. They helped the Joneses move into their new home.

The Hereford Whitefaces opened district play on Friday, Oct. 26, and they were also handed their first district defeat at the hands of the Phillips Blackhaws. The Blackhawk flew past the Herd to the tune of 20-6.

The Blackhaws, always much tougher at home, had control almost all the way. With 3:45 left in the first period the Blackhaws scored on an 18-inch plunge by the right halfback. The Whiteface held on desperately until the fourth and 1/2 yard situation.

The Herd tied the score with 3:43 left in the second period on a one-yard keeper by quarterback Frank Cain. However, once again the try for point-after-touchdown failed and the Whitefaces missed a chance to go ahead.

The Whitefaces tried in vain to keep the Blackhaws from scoring in the remaining seconds of the half. Quarterback Eddie Dickey hit halfback Lynn Johnson for a 26-yard pass with only 24 seconds left in the half. From that time on it was the Blackhaws' show all the way. The Whitefaces fought all the way but they just could not

pull back into the game.

The Blackhaws closed out the scoring in the third quarter when Dickie kept for a two yard T. D.

There was very little for Hereford fans to cheer about. Junior fullback Jim Haney, already slowed by a neck injury, had to be taken out of the game midway in the second quarter when he reinjured his neck. Later in the game Arnold Powell also injured his neck and could not continue the game.

One of the bright spots of the game was the passing of sophomore quarterback Frank Cain. Cain completed most of his passes until late in the game when several desperation passes were unsuccessful for the most part.

In other games around the district Dumas trampled Leveland 34-0. Littlefield ran wild over Perryton by the score of 33-0. Perryton was previously ranked tenth in the state but many people felt at the time that the Rangers did not deserve such high standing. The

Littlefield victory proved that the Rangers are not quite so strong as they were thought to be.

The Whitefaces play next week against the Perryton Rangers. Despite the Rangers' loss, the Whitefaces will have to fight to win this one in order to stay in the district race.

Writes

An Open Letter to the Voters of Deaf Smith County, Precinct 2

I have stressed conservatism in my ads because I feel that it is important to our national survival that we begin to accept our own responsibilities. I was always taught that straightforwardness, honesty and integrity were virtues. Therefore, I say to you, the voters in this precinct:
IF you want men in public office who are circumspect;
IF you want men in public office who will not tell you the truth;
IF you want men who will waste your tax money and then cover it up with equivocation and insinuation
THEN DO NOT VOTE FOR ME.

I am willing to see money spent in a good cause.
I am completely opposed to seeing money wasted.
I have no use for a man who conducts a mud slinging campaign.
My opponent is a fine man and a good friend of mine, and I do not want anyone to think that the things written here are an indictment to him.
I feel it is my duty to tell you what I stand for and his duty to tell you what he stands for.
I intend to approach this job, if elected, with honesty and integrity. I feel that these two qualifications are more sorely needed by our public servants than any other.

Rules Committee Battle Is Probable In Congress

TO THE PEOPLE OF THE 18TH DISTRICT: From past experience, it is safe to assume that one of the

first tests facing the new Congress will be the age-old battle to change the membership of the Rules Committee. Some of the veteran lawmakers who knew of my fight against the change were already enlisting my support before I came home. Nearly everyone will recall the controversy in 1961 over the proposed increase in the membership of this important committee; a battle that caused a delay of several weeks before the Congress could commence its business. When the smoke had cleared, there were three additional members on the Rules Committee. The Resolution

which was adopted applied only to the 87th Congress, however, and unless the new 88th Congress takes action to continue the increased membership, the Rules Committee will revert to its original composition of 12 members. Although the additional membership did not accomplish all its advocates had counted on, it is expected that a determined effort will be made to convince the 88th Congress that its Rules Committee should have 15 members, and the controversy could very well reach the same proportions as before. Hence, I thought it would be of interest to again discuss the subject in a newsletter. The House of Representatives operates through committees. The bills introduced in the Congress by the Members on assigned subject matters are assigned by the Speaker to the respective committee having jurisdiction of that subject matter. These bills are considered by that committee, and, if approved, are referred to the House of Representatives with the recommendation that the bill become law.

country, but a large country with many varied and diversified interests. The National Congress is supposed to be representative of all of those several interests. It is supposed to pass laws that are fair and just to all of the people. Just as there must be laws for all of the people to live by in fairness and justice to each other, the lawmaking body itself must have rules and regulations in order to properly conduct its business. That is the primary reason for the Committee on Rules in the first place, its jurisdiction including "(a) the rules, joint rules and order of business of the House. . . . Good government requires a sharp division of opinion, sound presentation and expression of all facets of the problem or issue involved and a thorough screening of the proposed final result. This is the process that has made this country great, that has made it strong and will keep it strong. Any policy or process of permitting a simple majority to shove through any and all kinds of laws on emotional dictates or other pressures would soon result in the destruction of any government. There is no doubt that the Rules Committee has on occasion created frustration in the minds of those who would like to see their pet bill or project sail through unopposed. But it must be remembered that the sharp division of the Rules Committee constitutes an excellent safeguard against impractical or inadvisable successes by advocates of any extreme philosophy. It assures consideration for the will of the minority, whichever party that might be. The secret of good government is the balance that is struck in the final product of law after full, complete and exhaustive consideration and debate of the issues and problems involved. Some call it compromise; others call it the area of agreement between the many sides represented. But to me it is the balance that insures the justice guaranteed under our Constitution to all individuals. The Rules Committee in the House of Representatives as constituted prior to the 87th Congress is, in my opinion, the balance wheel that can preserve the good health of our government. La Madre Mia Club Hears Of Presidents

Pioneer Natural Gas Flame Room was the meeting place Thursday night at 8 p. m. for the La Madre Mia Study Club with Mrs. Jerry Landers serving as hostess. Committee reports were given during the short business meeting conducted by the president, Mrs. Buddy Pickens. Mrs. Joe Henry presented the program on politics, giving some humorous approaches to politics. She outlined the following outstanding events occurring during the terms of the various presidents: James Buchanan was called the "Old Buck" and "Northern Democrat." Next was Abraham Lincoln, who wasn't very popular with the people but did win the

election of 1864; Ulysses S. Grant was elected at the age of 39 and through his term of office proved to be a poor judge of character; Rutherford B. Hayes, a Republican, was of the puritan religion, a good Christian man, but his party stole the election

Pressing Aids Discussed At Club Meeting

Mrs. Joe Waggoner, president of the Westway Home Demonstration Club, called the meeting to order Oct. 25 in the home of Mrs. Paul Rudd. Mrs. Harold Rudd presented a timely program on "Pressing Winter Clothes." She spoke of different types of winter garments in reference to pressing. A demonstration was made by Mrs. Rudd on pressing pleated skirts, woolen sweaters and men's trousers, plus new aids to pressing. The types of hangers needed for a well ordered closet and some short cuts in everyday ironing were shown. A Thanksgiving Banquet has been planned for Nov. 19. Club members and families are invited to come and bring friends. A project has been chosen by the club, for a period of years, to renovate and furnish a club room at the Westway Community Center. A committee was appointed to work on this. For a short term project the club agreed to see about a 12 hour First Aid course to be taught at the Community Center. It will be open to all women and men of the community who wish to study the course. Fifteen members were present, one visitor, Mrs. Helen Sowell and two new members, Mrs. Mildred Odom and Mrs. Hargraves.
