Woman Dies Following Wreck

Two Injured In Collision

By GARDNER COLLINS
Deaf Smith County recorded its fifth traffic fatality of the year as an 81-year old Muleshoe woman, Mrs. Lillie Smith Wimberley, died here Tuesday from injuries received in a two-car collision.

The accident occurred at 10:45 a. m. about two miles southwest of Hereford on U. S. Highway 60 near the A&P vegetable sheds.

Mrs. Wimberley was rushed to Deaf Smith County Hospital by a Gilliland Funeral Home ambulance. Death occurred here about 2:30 p. m. Services are pending with Singleton Funeral Home in Muleshoe.

When the woman was first admitted to the hospital, her injuries were not believed to be serious. However, her condition steadily worsened.

In the accident, Mrs. Wimberley sustained a broken hip and received head injuries as her head slammed into the vehicle's windshield, according to a hospital spokesman.

The fatal accident occurred as the Wimberley vehicle, driven by a daughter-in-law, Mrs. Gladys Brown Wimberley, 43, also of Muleshoe, rammed into a 1969 model hardtop apparently pulling out on to the highway.

Driver of the second vehicle involved in the highway crash was Jose Gaudalupa Mata, 19, general delivery, Hereford.

The Mata vehicle apparently pulled out of a private drive in front of the oncoming American-made compact sedan in which two women were riding, according to the Texas Highway Patrolman investigating.

According to Mata, stated the investigating officer, he was entering the highway from the drive of a highway cafe and did not see the Wimberley vehicle.

It is reported that the two automobiles collided almost head on.

The force of the collision spun the 1961 model hardtop around allowing the Wimberley vehicle to glance off. It traveled another 100 yards down the highway before coming to a stop.

Also injured in the accident were Mrs. Gladys Wimberley and Margarito Ramirez, 19, General Delivery, Hereford.

Mrs. Gladys Wimberley was hospitalized in satisfactory condition following the accident while Ramirez was treated and released.

Damage to the vehicle driven by Mata and owned by Ramunda Rodriguez was estimated at \$700 by the investigating officer. Damages to the Wimberley sedan were placed at \$800.

The fatal accident occurred near here as a rash of accidents broke in Hereford. The crash was the third of four occurring during a 24-hour period.

A rash of accidents broke out in the Hereford area during a 24-hour period beginning Monday. Property damage was excessive, a Muleshoe woman was fatally injured, and two other persons were hurt.

First of the four accidents in the area occurred at 4 p. m. Monday with the fatal crash happening southwest of Hereford at about 10:45 a. m. Tuesday.

Also injured in the accident which took the life of the Muleshoe woman was Mrs. Gladys Brown Wimberley, 43, also of Muleshoe, and Margarito Ramirez, 19, General Delivery, Hereford.

According to a hospital spokesman, Mrs. Gladys Wimberley was released from the hospital Tuesday night.

The first accident during the period occurred here as a 1955 model sedan, driven by Ellis Coombes, 707 Lee, rammed into the rear of another automobile at 611 Miles.

At the time of the accident, Coombes was driving north on Miles and apparently pulled too far over the right side of the street, according to a police report.

Jaycees Collect Grain Sorghum For Boys Ranch

Hereford Junior Chamber of Commerce launched a drive here this week to collect grain sorghum for Boys Ranch and announced its goal as 45,000 pounds of grain.

Grain is being collected through donations as an Area I project with Larry Kaul of Hereford as project chairman. The area includes the entire Texas Panhandle.

Goal of the area for the drive which ends on Dec. 9, is 400,000 pounds of grain sorghum, stated Kaul.

"Purpose of the drive," said the project chairman, "is to collect enough grain to supply Boys Ranch during the winter months."

He pointed out that farmers are asked to give between 500 and 1000 pounds of grain each, but commented that they can give as much as they desire.

Grain is to be deposited at area elevators in the Jaycee account and will be trucked to the ranch after the drive ends, he said.

Deaf Smith County farmers may contribute to the drive by (Continued on page 6)

Guest speaker was Earnest Langley who spoke on humor in politics in the present and in the past.

Langley pointed out that there were only two kinds of political jokes — bars at the winners and sneers at the losers in the election.

He commented that political jokes and cartoons have been essential in American politics and have created such characters as Uncle Sam, John Q. Taxpayer, and the Tammany Tiger.

Following the after dinner speech, awards were presented. Mrs. J. J. Durham, chapter sponsor, presented Young Home- (Continued on page 6)

When, if ever, will he give answers instead of generalities?

**Anniversary Party
Honors Croffords**

Friends surprised Mr. and Mrs. J. A. Crofford with a party recently in honor of their 25th wedding anniversary. The party was held in the Community Room of the First National Bank.
A wedding cake, decorated in pink and white, was presented to the couple. The cake was centered with a silver 25 and a miniature bride and groom. Pink punch was served from a table laid with a lace cloth over pink. The centerpiece was made of pink candles and pink ice roses. Ribbon streamers, with Jay and Evelyn in silver, were fastened to the tablecloth. The Croffords live on South Main Street, Hereford, and are the parents of two sons, Dean and Roy.
Mrs. Dan Wall presided at the guest register.
The evening was spent visiting and playing games.
Those attending were Messrs. and Mesdames Jack Gilliland, Dan Wall, N. K. Jones, Roy Evans, Frank Pannell, Henry Thomas, E. M. Green, Gaylon Bryan and Johnnie Newton, and Mrs. Doug Bryan.

you dancers not having a rockin', swingin' good time this weekend!
LET'S GO MIGHTY HERD! WIN THIS HOMECOMING GAME! WE'RE BEHIND YA ALL THE WAY - GO GO GO FOR A VICTORY, WHITEFACES!! F-I-G-H-T! F-I-G-H-T! FIGHT! WIN! WIN! WIN!

And hello again - all of you earth people! After last week's column, I'm practically "fired into outer space" - so there'll be no "rhyming race" - I'd rather not be an astronaut without the benefit of a space capsule!
The event attracting the most attention this last week has been the TRI-HI-Y informal initiation. New members were certainly "put through it" on Thursday night, Oct. 4! After being compelled to a local drive-in, the girls had to walk down Main Street, stopping every few feet to heed "air raid" warnings and say "Allah! Allah!" to their "big sisters." Several of the pledges were smeared with make-up and more make-up during the initiation process. What a sight!

Then, as if Thursday night's ritual weren't harrowing enough, TRI-HI-Y initiates were required to come to school on Friday "all dressed up!" All of the girls wore high heels - some, like Shari Jo Carmichael and Heather Gordon, were wearing muh-muus with belts. Heather wore not a single dab of make-up, but Shari was really "painted." Linda Higgins' face was all spotted, while Penny Johnson looked quite nice dressed in a suit and hat.

Becky Duncan was attired in a "sack" - literally so, since it was a gunny sack! Her outfit was completed with some huge glasses' frames - needless to say, the frames belong to Janie McBroom. Louise Axe was wearing a becoming dress - but, oh, that hat and that tie! Just for the record: "Weezy," carrying a tin cup, begged for funds.

Each pledge wore a card stating whose "little sister" she was - in some cases, the pledges were referred to as "stooges." Congratulations to all you new TRI-HI-Y members - you came through the ordeal in fine style! And what an ordeal!

It was a pleasant surprise to see Brenda Beasley, Shari Prowell, Eldon Howell, and Bonnie Sparkman home from Hardin-Simmons last weekend. They brought the glad tidings that Hereford's own Lynton Allred has been elected president of the freshman class! Isn't that fabulous? Really. However, it comes as no shock since Lynton has always been a most successful "character!" Heartiest congratulations to ya, Lynton, from all of us!

In case you're wondering why Ann Gentry is always talking about going to Plainview, her trips are for a very good reason. Gary Burnett from Dimmitt, a good friend of Ann's, is hospitalized in Plainview suffering from two broken legs - the result of an automobile accident. Although not all of us know Gary, here's wishing him a very speedy recovery.

Merle Carmichael accompanied her mother Mrs. W. T. Carmichael, and Mrs. Alex Schroeter to a National Baton Twirlers' Association twirling contest in Lubbock on Saturday, Sept. 29. Merle entered the contest, with Mrs. Schroeter acting as judge of one of the contest's divisions. Among the Whiteface fans attending the game in Muleshoe

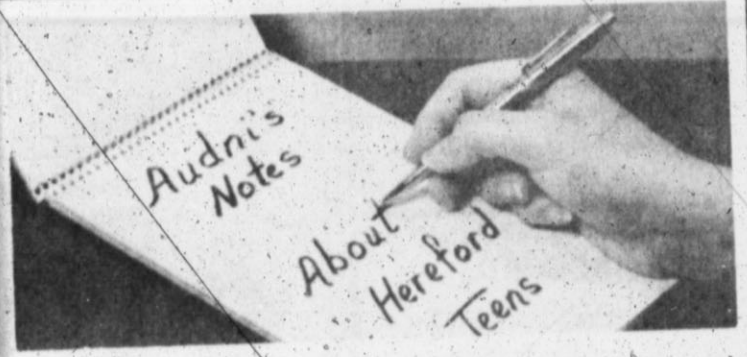

last Friday night were Beth Ballard, Debbie Beene, Sharon Tinnin, and Barbara Langley, who rode with Beth's parents, the Labry Ballards; Larry Noland, Gary Story, and Jimmy Allison went with the Jim Bob Allisons; Mr. and Mrs. M. P. Vaughn were kind enough to take Sandra and Janis Higgins with them, while Gary Stagner, Lynn Cook, David Block, Ron Gray, Wayne Edwards, Johnny Wayne Willoughby, Dwight McGee, Earl Dean Jackson, Dick Combs, Peggy Neff, Royce Ann Gilliland, Pegene Cox, and Judy Wiman were also there cheering for the Herd.

The Horizon Club, a senior branch of Campfire, held its formal installation ceremony for new officers on Sunday afternoon, Sept. 30, at the Community Center. Officers for the coming year are Barbara Langley, president; Gail Witherspoon, vice-president; Charlotte Williams, secretary - treasurer; Vickie Inman, historian; and Sharon Tinnin, pianist. Sponsoring the group are Mrs. Vance Crume, Mrs. Pete Gooch, and Mrs. Hank Williams.
Hark! Hark! Everyone purchase your tickets for the senior chili supper this Friday night, Oct. 12! Chili, tuna casserole, brown beans, tied salad, and homemade pies comprise the menu. Tickets can be obtained from any HHS senior. Get them NOW! It's vitally important that the seniors win this Annual Queen Race - it's their last chance! Jerre Bea Noland is the senior queen candidate. Of course, you all know that every penny made by the classes' fund raising projects counts as a vote in the contest; therefore, the class that raises the most money wins! Come on seniors, let's get on the ball and crown Jerre Bea Queen of the 1963 Roundup!

Incidentally, Johnny Pool is a city boy once again - last week he moved with his family, the J. B. Pools, to 513 Ave. J. The Pools formerly lived in a lovely country home three miles west of Dawn.

Everyone's practicing for something! There's band practice for the Big Domino Band on Tuesday and Thursday nights; rehearsals for the All-Nights; "The Silver Whistle School Play," "The Silver Whistle" are conducted five nights a week; cheerleaders Judy, Kay, Jenny, Susie, Ronda, and Connie practice and practice and practice, make signs and more signs, and rehearse skits for pageants - there's hoping Susie is leading cheers again during after-spraying an ankle sore at cheerleading practice - at least, she's thrown those crutches away; and "The Messiah" participants rehearse every Sunday afternoon from 3-4:30 in the high school auditorium. Everyone should be so busy that they don't have time to perpetrate any mischief! Right, gang? Well, er-errrr-err, ah - errrr -

ATTENTION ALL HIGH SCHOOLERS: There will be a record dance at the community center immediately after the big Herd's homecoming game with Lamesa Friday night. Come on out to the game and then to the dance! And - on Saturday night, Oct. 13, there'll be another record dance at the Community Center. So, there's no excuse for

A CLOSE LOOK at the grain of a new variety of grain sorghum occupies county agent Lefty Thomas and other onlookers during the annual Deaf Smith County Field Tour sponsored by the Program Building Committee of the County Chamber of Commerce. More than 75 farmers, businessmen, and others interested in the county's agriculture were on hand for Monday afternoon's tour. First of five stops on the tour was the Lester English farm, where 44 test varieties of grain sorghum were examined by the guests. Not just casual onlookers, those on the tour paid close attention to the characteristics of the various varieties, some of which are still in the experimental stages. (Staff Photo)

HALFBACK ARNOLD POWELL skirts around left end for a 3 yard gain to the Muleshoe 47, but is tripped up by an unidentified Mule defender. On the third down play, the Herd failed to make the necessary yardage for a new series and Bill Steele punted on the next play. As Powell was tackled, he was injured on the play. (Staff Photo)

AFTER A FOUR YARD GAIN, Hereford halfback Arnold Powell is trapped by two Muleshoe defenders at the 45-yard line. Tacklers for Muleshoe are Clifford Gray (42) and Kenny Heathington (10). Coming in trying to move tacklers out of the way is Hereford tackle Neal Lueb, 73. (Staff Photo)

COMBINES AND GRAIN TRUCKS were knee-deep in maize this week as the 1962 Deaf Smith County grain sorghum continued due to warm, dry weather. The harvest peak is not expected to be reached for another week to 10 days by operators of area elevators. Yields are expected to be good this year, but a cut in total production is anticipated due to the grain sorghum program. (Staff Photo)

AFTER ALL OF THIS WORK, one would hardly think that members of the Hereford High School Key Club would want people to beat up their freshly-painted car — but that's exactly what they want! The Key Club will let anyone take a smash at the car with a sledge hammer for a nominal fee. The annual project is held in order to raise money for the club and also to raise school spirits. The car is located on the east side of the high school building. Both young and old are invited to exercise on the vehicle. Key Clubbers putting finishing touches on the car are, from the left: Dick Combs, Mike Robinson, Arvell Williams, Ronnie Gray, and Dwight McGee. (Staff Photo)

was low bidder on electrical work with a base bid of \$41,570, with additional alternates of \$395 for the larger kitchen and \$700 for work on the auditorium.
Trustees decided to take all alternates.
Included in the project will be a large addition to Northwest Elementary School and another for Hereford High School.
Trustees decided that additional kitchen equipment to make Northwest Elementary a central kitchen for other school cafeterias would not be purchased at this time, pending further study. They said they could use the larger kitchen for central food supply storage at present.
Architect Herb Brasher was approved for payment of fees for the recently-completed fieldhouse and for partial payment on work done in advance of the two major additions.
Trustees talked at some length with J. R. McMorries of Amarillo about his tax evaluation work for the school district, expressing some dissatisfaction. After some questioning and discussion, the board decided that it would wait until later to decide whether McMorries would be retained for the coming year for keeping property tax rolls up to date.
A bid of \$675 from Clinton West for one-half acre of land owned by the school on North Avenue K and used by the Future Farmers of America was accepted.
The board also accepted a bid of \$700 from Gertrude Probasco of Hereford for an unused wooden building, formerly used for classrooms at Parkview Elementary School.
More than an hour was spent watching Fred Cunningham and Douglas Evans demonstrate a "language laboratory" being sold by American Desk Company of Temple. The system includes a teacher's console and student stations. It could be used not only for language instruction, but for other classes, it was explained. It also would be possible to teach more than one language at one time through the system. Evans also pointed out that pre-recorded lessons for languages which are not now taught could be used in order to provide more variation in the instructional program.
The new high school addition will include one "language lab" classroom. Trustees said that a final decision would be made later.
Cost for a 30 - pupil system installed would be about \$8,00.00

TWO AUTOMOBILES WERE HEAVILY damaged here early Tuesday as they collided at the Hereford High School parking lot entrance on Union Street. Damage to a 1950 model sedan, driven by John Wayne Hubbard, 16, of Route 2, was estimated at \$250. A 1957 model sedan, driven by Gary Lynn Wheeler, 17, 112 Douglas, received an estimated \$400 in damages. The accident is reported to have occurred as Hubbard turned in front of the Wheeler sedan. He was headed east. (Staff Photo)

blank on names? We did that the other day when we walked up to J. D. Kirkland and very confidently called him by the name of a fellow we used to know in another town. The same thing happened last week when we carried a picture of the GOP headquarters here and said that the lady shown was Mrs. Mims. It wasn't! It was Mrs. M. C. Adams, which the photographer-captionwriter knew quite well. Anyhow, we apologize.
Central School PTA meeting, originally slated for Thursday, Oct. 11, has been postponed a week. It will be held at 7:30 p. m. Thursday, Oct. 18, with Dr. Lena Edwards talking on mental health.
We are wondering if Lamesa's unbeaten football record can be attributed to Superman? It was startling to note that one of the team's starting ends was named Kent Clark. Now, as we recall, Clark Kent is the meek reporter for the World newspaper until called upon to assume his Superman role. Hmmm? Wonder if anyone has checked out his eligibility?
Superman or no, Hereford will have its hands full Friday night against the Golden Tornadoes from Lamesa. Hereford High will observe its annual homecoming that night while the team will be trying hard to knock off the No. 7 team in the state before entering district play.
Tickets may be purchased in advance for the annual Tour of Homes and Fall Flower Show, sponsored by the Garden Beautiful Club. The Tour and Show will be held from 2-6 p. m. Friday, Oct. 12, with proceeds used to help beautify grounds at the Community Center. Mrs. Howard Walker is club president and general chairman for the show.
County Farm Bureau convention will be held Thursday, Oct. 11, at 7:30 p. m. in Hereford Community Center. All

members are urged to be present. The group will elect new directors and pass resolutions on local, state and national issues.
Joyce West of Hereford, daughter of Mr. and Mrs. Clinton West, has been named to the very select (and very lovely) Angel Flight drill team at Texas Tech. Joyce is a freshman, and a former Hereford High beauty. The Angel Flight is sponsored by the Air Force ROTC and includes girls chosen "on the basis of poise, ability to greet people, personality, posture, marching potential and general appearance". Only 18 girls were selected from a field of 125 applicants, and part of these will not enter the unit until next spring.
And not so incidentally, Lynton Allred, another 1962 HHS graduate, has been selected as president of the freshman class at Hardin-Simmons University. He is the son of Mr. and Mrs. Jimmie Allred. Joyce and Lynton were two of the leads last year when the school presented "South Pacific".
By Wednesday noon, a strange malady had struck the 1963 class here, as all seniors seemed to have unnaturally stiff fingers. Attached to same were glittering new class rings, which are being shown to all who show even a casual interest... and to some who express absolutely no interest at all.

Commissioners discussed the proposed Hill Road and asked that the petitioner seek easements from another direction in order to lower construction cost of the proposed road.
Walter Kuper, who is seeking a county road, was asked to meet with the court on Oct. 22.
County Judge H. C. Williams requested a truck and driver be made available from either Precinct One, or Two in order to clean up the Bull Barn area. The clean-up is to be handled by County Jail prisoners.
At the close of the short meeting, Commissioners had a closed door discussion on proposed salary adjustments for county employees. Proposed salary increases were included in the budget recently approved for 1963. Such adjustments are to be made in January, when the new budget becomes effective.

Damage to the Coombs automobile was estimated at \$400 with damages to a 1959 sedan, belonging to Irene Ledford Rudd, listed at \$150 by the investigating officer.
The second accident occurred early Tuesday morning as two automobiles collided nearly head-on at the entrance to Hereford High School parking lot on Union Street.
According to a police report, a 1950 model sedan, driven by John Wayne Hubbard, 16, of Route 2, collided with a 1956 model sedan driven by Gary Lynn Wheeler, 17, 112 Douglas.
At the time of the accident, the Hubbard vehicle was traveling east, Hubbard, attempting to turn into the parking lot, was apparently blinded by the sun, according to investigating officers.
Damage to the Wheeler vehicle was listed at \$400 with other Whiteface rooters.
In order to provide as large a bonfire as possible, all three classes at Hereford High School joined in a contest to see which could furnish the most wood for the affair.
Climaxing Homecoming activity, a record dance will be held following the game Friday evening in the Hereford Community Center.
A chili supper and bake sale sponsored by the senior class will be held before Friday night's game. Tickets for the meal, which will be served 5-8 p. m. in the high school cafeteria, may be obtained from seniors or at the door. Chili or tuna casserole will be the main course, and the seniors will also sponsor a bake sale featuring home-made pies.
Held as the senior class Annual Queen contest money-raising project, proceeds from the supper and bake sale will be used to help pay for high school annuals.

Guests at the regular noon luncheon meeting of the Hereford Lions Club included Lynn Nelson of Lubbock, Frank Ford Jr., Bill Thompson, Clint Formby, Dr. Dale Wynn, Frank Hegert, L. J. Hoffman, and Cub Lion Noland Grady, all of Hereford.

President Ed Skypala announced the District Cabinet Meeting to be held in Hereford on Oct. 27 and 28. He also announced that Omar Hermesmyer of Amarillo, chairman of the Hi-Plains Eye Bank Project, will be the guest speaker at the club meeting next Wednesday, Oct. 10.

Neil Cooper, October program chairman, introduced Harry W. Clark, Executive Director of the Texas Industrial Commission. He spoke on the industrial problems of the community, stating that, "In order to do something about a situation, one must have a motivating force and a burning desire to do the job at hand." Five motivating reasons given to the listeners included increasing one's growth and the might of the community for self-preservation as the greatest facet for peace; economic well-being; that a shifting of gears in Texas for economic growth, saying that "In order to get industry you have to get 'hungry'"; competition and love of home, community and state as a necessary motivating force; and in conclusion, Clark said, "The Master put us here for a reason and if only a small percentage of our peoples are dedicated to solving the problems at hand, we would be the most dynamic group in the world." He urged residents of Hereford to be a part of the team working for industrial development and for each individual to find his own personal reason for being a part of the development for local industry.

Harry Clark is a nationally-known industrial developer and became executive director of the Texas Industrial Commission in January, 1962. He has been active in this work since 1938, having served in several capacities in Mississippi and North Carolina before coming to Texas. He was affiliated with utility companies and railroads before taking up his present duties.

Recognition of his work in the industrial development field is indicated by his service as pre-

Former Resident Killed In Crash

Services for Everett Waldo Hobson, 59, of Lubbock, a former resident of Hereford for 11 years, will be at 3 p. m. Thursday, Oct. 11, in Boise, Idaho. He was killed Sunday, Oct. 7, when his light, private plane crashed nosedown while attempting to land at a San Antonio airport.

The body was transferred Tuesday to Summers Funeral Home in Boise. Burial will be in Cloverdale Memorial Cemetery near Boise.

Hobson left Lubbock Sunday morning, stopped in Dallas to leave a friend, and continued to San Antonio.

He failed in a first landing attempt at San Antonio and took off again for a second try, according to airport officials. Hobson's plane approached the field low the second time, chopping off part of a tree before the plane hit a fence and plunged nose first into the runway. Hobson was pronounced dead at the scene by Bexar County medical examiner, Dr. Robert Hausmann.

A Lubbock resident four years, Hobson moved there from Hereford where he had lived for 11 years. He was a native of Idaho.

Hobson, a tool distributor, was a member of the Forrest Heights Methodist Church and the Masonic Lodge. He was a Shriner and a veteran of World War II.

Surviving are his wife; two brothers, Harold of Gooding, Idaho; and Chester of Buhl, Idaho; and a sister, Mrs. Marjorie Milner of Idaho Falls, Idaho.

resident in 1954 of the Southern Industrial Development Council. This organization earlier this year awarded him a "Fellow", one of the first three ever given to its members for outstanding distinctions in the industrial development field. Clark is the only one in the South to receive this honor. He was one of the founders of Texas Industrial Development Council and in 1961 was Chairman of the Dallas Area Industrial Development Association. Immediately prior to coming to Texas, he was vice president of the Fantus Area Research, Inc., a part of the Fantus organization which specializes in finding plant locations for industry.

Other major activities have included service as state president of the Mississippi Jaycees and national vice president of the Jaycees. He also has been a Lion for 22 years and district governor of the Lions Clubs and in 1950 was recognized by the Jaycees as "Mississippi's Outstanding Young Man".

Survey Shows Student Views About Integration Dispute

The Whiteface staff has recently completed a survey dealing with the junior and senior students' feelings about the "Oxford Mississippi" situation. The staff drew up seven questions which were directly related to the happenings in Mississippi at that time.

Students were not asked to sign their names to the questionnaires given to them. There was space left for any opinions on individual questions, and instructions also stated that if the student wished he could state his opinion on the whole matter.

First question was, "What would you do if you were in Meredith's situation?" These answers, of course, varied greatly. Seventeen students plainly stated: "Get out of there!" Thirty-nine said, "Go to another college", and 14 said, "I'd quit." Thirty-three students stated, "I wouldn't give up. I'd stay and protect my rights."

Second question was, "Do you feel as though someone is pushing Meredith? If so, who?" Seventy-six answered "No." Seventy-two answered "Yes". Twelve said it was the NAACP, while 30 said the Communists; and seven, the Negro race. One student wrote, "He

Noland, Story Are Sweethearts For Civic Clubs

Jerre Bea Noland and Jan Story have been elected sweethearts of two local civic clubs.

Jan Story, a senior student this year, is Lions Club Sweetheart for 1962-1963. Necessary qualifications for this position are knowing how to play the piano and how to cut stencils for Lions Club bulletins. Although her job consists of playing the piano at the meetings and typing, duplicating, stapling, stamping, and mailing the bulletins, which number 150 each week, Jan says she "just loves it."

When asked how she felt the night the Lions Club president, Ed Skypala, informed her of the honor, Jan replied, "I was moved to tears."

AN EDITORIAL

Do Seniors Deserve Special Privileges?

BY JIMMY WEATHERS
Whiteface Co-Editor

There are many views expressed in regard to senior privileges. These views revolve around three departments. These three departments consist of the sophomore, junior, and senior classes.

The majority of the sophomores feel that upperclassmen should enjoy no more privileges than themselves. They feel that they should be entitled to do anything that a senior does in relation to the same rights.

The juniors seem to be immaterial about the whole problem. For the most part they feel that if the seniors are fortunate enough to enjoy more privileges, the more power to them. The juniors definitely understand and are very tactful about the entire situation.

Naturally, the viewpoints of the seniors are entirely different. They feel that after attending school for 11 years in order to become a senior, one should be entitled to special privileges during his or her last year in high school.

Seniors have not asked to be allowed to do anything outrageous; they only want minor privileges. For instance: we would like to chew gum whenever we wish, sit where we want to in assemblies, and enjoy applying a modified form of hazing on underclassmen.

We would like to set these standards in school policy now so that they could be enjoyed by the senior classes to come. These requests are not irregular since they are typical in high schools and colleges throughout the entire nation.

Please help us to establish the foundations of senior rights now so that you may enjoy them in the future.

A 'WILD' TIME

Tri-Hi-Y Members Undergo Initiation

Thursday, Oct. 4, saw wild things taking place as the new members for the 1962-1963 year were initiated into Tri-Hi-Y.

The "disaster" took place at Ruth Ann Allison's house and then proceeded to Main Street where the new members were seen doing everything from parading through parking meters to proposing to manikins, to falling flat when the words "air raid" were yelled.

The new members were dressed in their finest and seemed to go to some trouble to achieve their appearances with the help of their "big sisters".

Thursday wasn't the end of the initiations, however, and Friday, the new members could be seen without much difficulty — because their appearance was somewhat different than usual. Outfits ranging from burlap sacks to suits and heels could be seen in the halls.

Those initiated were Merle Carmichael, Pegene Cox, Carolyn Watkins, Lani Rush, Carolyn Aven, Becky Duncan, Martha Wiltshire, Louise Axe, Jo Ann Carlson, Shari Jo Carmichael, Rhonda Neff, Linda Tooley, Myrna Botkin, Linda Higgins, Penny Johnson, Anna Evans, Gloria Covington, and Heather Gordon.

Mules Outlast Whitefaces

The Muleshoe Mules outlasted the Hereford Whitefaces to win 13-6 on Friday, Oct. 5. Although the Herd scored first the Mules "pulled" back to win an upset victory.

The Whitefaces scored first in the first quarter on a 42-yard scamper by halfback Arnold Powell. As in previous games the Herd could not score on the try for point-after-touchdown. Bill Steele was set to kick the P. A. T. but he never got a chance to try as a bad snap from center cost Hereford that chance. Austin Hodges tried to run with the ball but slipped on the wet turf.

The Mules scored their first touchdown in the second quarter when a Mule punt was downed on the Hereford one. On first down quarterback Frank Cain tried the quarterback sneak. He reached the seven yard line but the gain was nullified by an off side penalty against the Herd. This put the ball on the Hereford 18 inch line. Again Cain tried the keeper but there was a fumble on the snap from center and the Mules recovered on the Whiteface three yard line. On the first play they scored and went ahead 7-6 after the extra point was kicked. The score remained the same until halftime.

Arnold Powell added six points to run his season total to 38 points. He also carried 16 times for a 4.9 yard average per carry. Jim Hahey carried 19 times for a 4.3 yard average.

It was a stubborn group of Mules that took the field in the

HERE And THERE

With Mrs. Merlin Kaul
A dinner honoring the 87th birthday of R. M. Gunn was held Sunday at the IOOF Hall at 1 p. m. and was attended by 62 relatives and friends. Hostesses for the occasion were his daughters, Mrs. Joe Landers and Mrs. Guy Lawrence and his granddaughters Mrs. W. B. Nunley, Mrs. Forrest Ricketts, and Mrs. Benny Cooper.

After the dinner, Gunn opened many birthday gifts; pictures were made of those present and all enjoyed visiting. R. M. Gunn, who makes his home with his daughter, Mrs. Guy Lawrence on Avenue F, is a native of Oklahoma. He grew up at Schoolton in Seminole County. He and his family left Oklahoma in 1920 and moved to Hollene, N. M., and in 1925 to Hereford. In 1929 they moved to

rence, Mr. and Mrs. John B. Cooper and Chris, Mr. and Mrs. Elmer Combs, Mr. and Mrs. Merlin Kaul, Mrs. Bess Werner, Mr. and Mrs. Roy Landers, Glynda, Gary and Larry, Mrs. W. B. Nunley, Ronnie and Ricky, Mr. and Mrs. Jackie Ray McNeese, Larry and Walter Kaul, and Ralph Morrison, all of Hereford.

A dinner held recently in the home of Mr. and Mrs. Robert H. Trowbridge honored Kenneth May, who has gone into the Navy, and Foister Rector of Friona, father of Mrs. Trowbridge, who was celebrating his birthday.

Those attending included Mr. and Mrs. Foister Rector, Mr. and Mrs. Floyd Rector, Gary and Donna of Friona, Mr. and Mrs. Elmer Oldham, Darrell and Jimmy of Amarillo; Mr. and Mrs. Kenneth May, David and Teena May, and Mr. and Mrs. Trowbridge. Mrs. Oldham and Mrs. Trowbridge are sisters and Floyd Rector is a brother.

KENNETH MAY

Kenneth May left last Friday for San Diego, Cal., where he will be stationed for 10 weeks for his Naval Boot Camp Training. He is the son of Mrs. Robert H. Trowbridge.

The Rev. E. L. Naugle and Mr. and Mrs. Merlin Kaul accompanied Mr. and Mrs. Robert Boyd to Amarillo Sunday night where they visited with Don Ray Evans and his four-year-old daughter Rhonda Kay at the home of his parents, the Rev. and Mrs. R. D. Evans.

It was Don Evans' wife, Mabel Burnham Evans, 26, who was killed in a freak automobile accident, in Los Angeles, Cal., last week. The family lived at the City Motel which was operated by Don's sister, Mrs. Mildred McCandless. A woman who was on her way to work at a pottery plant tried to apply her brakes behind a stopped car only to find that they were out. To avoid hitting the car she swerved to the side of the street. Losing control she jumped from the car which crashed into the side of the motel. Mrs. Evans had been up late with

Rhonda who had been ill, and was sleeping beside her on the divan which was placed against the outside wall.

The car crushed the divan and its occupants against the opposite wall. The mother was killed instantly but her body shielded little Rhonda so that she escaped with only bruises.

Mrs. Evans is survived by her mother, Mrs. Stella Burnham of Amarillo and several brothers and sister besides her husband and daughter.

Funeral services were held Monday afternoon at Blackburn-Shaw Funeral Home and interment was in Memory Gardens Cemetery.

The Evans family is well known in this area. The Rev. Evans is pastor of the Baptist Church at Bippus and was formerly pastor of the Baptist Church at Westway.

Those enrolled in the Laubach course for teaching adult reading at the Good Will Center this week included Mr. and Mrs. Harold Meachem, Mr. and Mrs. Don Moore, Vida Hicks, Mrs. Leo Forrest, Mr. and Mrs. V. Fredrick Beversdorf, Mrs. W. C. Beene, Clinton Massie, Vernon Innon, Mrs. Walter Lemons, Mrs. Bill Ware, Mr. and Mrs. Clayton Watkins, and James A. Banks who works in Literacy in the Friendship Baptist Church in Amarillo. The course was taught by Mrs. O. G. Hill, Sr. with the books being obtained from the Literacy center of Baylor University. Texas leads the nation in illiteracy with a total of 800,000 illiterates. The motto of the course is: Each one teach one. Baylor University is pioneering in Literacy Courses which includes correspondence teaching.

Mrs. J. J. Durham has returned home after spending three weeks in Alpine where she was called by the serious illness and subsequent death of her sister, Mrs. Stather Thomas. Mrs. Thomas had been a teacher at Sul Ross College at Alpine for many years. A member of Delta Kappa Gamma, honorary teachers society, she was honored with an Achievement Award at the State Delta Kappa Gamma Convention in Austin last June.

Olean Leggett, former librarian at Hereford High School, is employed at Carver City Library in Clovis, New Mexico.

Debbie Ferguson, freshman student at West Texas State College, spent the weekend here with her family, the Rev. and Mrs. John Ferguson.

A note from Mrs. J. T. Stehr, Route 2, and another Penwoman of Deaf Smith County

says: "Am sending the Brand clipping about Muri May to my son who is in college in Iowa. Kenneth (May) rode the bus with our children when they attended school at Dimmitt and he told us about his brother. Our oldest daughter lives in Alaska and her husband fishes for crab, salmon, etc. She sent us "wood floats" in 3 colors and they look like rubber. She also sent some glass floats (green ones), one of which I sent to my daughter in the Rhea Community." (Mrs. Stehr must have read our story of our trip to the Northwest). Our thanks for her nice letter.

Mrs. Claude McDougal, who is Deaf Smith County Cancer Crusade Chairman, attended the 1962 District Annual Meeting which was held last Tuesday, Oct. 2, at the First Baptist Church in Amarillo.

The address for the meeting was given by Richard P. McGrath, Deputy Executive Vice President American Cancer Society, New York City. His topic was: "Man Against Cancer". Crusade Awards and recognitions were given. Deaf Smith County was one of the nine counties out of 20 which reached or went above its quota. The quota for this county was \$2,200 and the total amount reached was \$2,263.45.

Mrs. Byron Durham, Mrs. Kent Snare, Mrs. Merlin Kaul, and Lucille Park accompanied Della Stagner to Plainview Saturday night where they attended the birthday banquet of the Gamma Iota Chapter of Delta Kappa Gamma. Mrs. Ethel G. Sloan, Alpha State President of Houston, gave the address of the evening. She spoke on "Challenging Women in a Changing World." Special music was given by Mrs. Donna Cruce accompanied by Mrs. Bill Stanford. Bill Stanford, now principal of Plainview High School, also was a special guest at the meeting. The Stanfords are former Hereford residents.

Mr. and Mrs. Russell Hupp of Long Beach, Cal., were guests last week in the home of her parents, Mr. and Mrs. William McGehee. They also visited her sister, Mr. and Mrs. Ross Stark. On Tuesday the Hupps took Mrs. McGehee to Lockney where they are all guests for lunch in the home of Mr. and Mrs. Art Barker. Election Laws Studied At Club

Tuesday, Oct. 2, members of the Young Homemakers Home Demonstration Club met in the First National Bank's Community Room for a program on "Study of Election Laws".

Mrs. Dean Paul conducted the program, giving qualifications for voting, and how and where to vote.

Roll call was answered by those present by telling "Why I pay my poll tax and vote", "Something about our senators and congressmen", "Why I would like to see Texas have voting machines", and "My feelings toward poll taxes".

At the business session, Mrs. Melvin Shaw, the president, presided. Pamphlets were distributed on a variety of subjects. Minutes of the last meeting were read and approved. Reports of the standing committees were heard. Mrs. Roy Evans, council delegate, gave a report of the last council meeting. Mrs. Barbara Bryant read the club by-laws and standing rules for approval of the members.

Mrs. Jerry Brown will be hostess for the next meeting on Oct. 16 at her home.

Mrs. Charles Brown, hostess, served refreshments to Mesdames Pat Shaw, F. D. Bryant, Dean Paul and Roy Evans.

through New Mexico going through Santa Fe and then on into Colorado to Durango, Silverton, Ouray, and then on to Montrose. Mrs. Moore shared some beautiful leaves with Alkman first grade teachers and pupils this week.

Mr. and Mrs. Jack Renfro returned home Monday night from Abilene where they were called by the sudden death of Jack's cousin, Mrs. Boyd Wisdom. Mrs. Wisdom, who managed a dress shop in Abilene, suffered a heart attack at her home Thursday night. Memorial service was held for her at a funeral home in Abilene Saturday morning. Following the service, the Renfros took his parents, Mr. and Mrs. Jimmy Renfro, back to their home in Frederick, Okla.

Mr. and Mrs. George Turrentine took her sister, Major Alma Paetzold, to Amarillo last Friday where she took a plane

to return to her army base in Fort Ord, Cal. Major Paetzold, a nurse, had been sent by the Army to attend a civilian medical convention in Chicago where many new devices for use in hospitals and clinics were shown. She was especially interested in noting the many articles now made in plastic which are disposable and in the new operating table—the first improvement in 100 years.

While here she visited her parents, Mr. and Mrs. Joe Paetzold, on Blevins Street; her sister, Mrs. Turrentine and family, and other relatives. Major Paetzold will retire from Army duty in May, 1963, and plans to make her home in Hereford.

RUNNERS, RUNNERS EVERYWHERE!

B-Teamers Skyrocket Over Plainview In 58-6 Orbit

Several breathtaking runs by Hereford backs and a lot of defensive artistry occurred on the field as the Hereford High School B-Team skyrocketed to a 58-6 win over Plainview here Thursday evening.

Hereford commanded a 46-0 lead before Plainview finally managed its lonesome score, while the Whitefaces averaged better than a point per minute during the game.

Hereford was up against Plainview's B-team reserves during the game, as the Plainview regulars played in Amarillo. With a total of 55 sophomores out for football at Plainview this year, the young Bulldogs still had a larger bench-warming delegation than the Whitefaces, however.

A small halfback by the name of Dan Thomas did a big job of carrying the pigskin for the Herd as he carried some 165 yards and scored 26 points during the game. But he wasn't the only Whiteface who went a long way for the Herd, as Larry Minks, Gary McKee, Gary Stagner, and Jerry McCaslin gained at will.

Starting his second game as quarterback, Gary Stagner carried 93 yards for Hereford while completing one pass good for a score and intercepting a pass.

Fullback Larry Minks averaged four yards per carry and scored extra points following touchdowns three times, while passing to Thomas for two more points.

Highlight of the game came late in the fourth period when halfback Gary McKee picked up a kick-off on his own five yard line and streaked through the middle of the field for a 95-yard touchdown. The action was aided by phenomenal blocking as he went the entire distance untouched. During the game, Hereford was forced to punt only twice,

and gave up possession on downs once while scoring all other times it got the ball.

Hereford was forced to punt from its 40 in the first quarter, and then Plainview returned the

Club Study Is Election Laws

Mrs. Gaylon Bryan presided at the business meeting of the North Hereford Home Demonstration Club when they met in her home for the Thursday, Oct. 4, meeting.

"Why should we pay poll tax?" was the question used in calling the roll.

Mrs. O. L. Williams conducted a "Study of Election Laws" as the program for the afternoon. Next meeting will be Oct. 18 in the home of Mrs. A. A. Hair, 600 Plains.

Members present were Mesdames O. C. Williams, Doice Nivens, J. R. Watson, Tony Hoffman, Gaylon Bryan, Clinton Ward, C. L. Whitehead, O. L. Williams, R. A. Fullwood, Allen Klein, J. M. Gooch, W. C. Davis, Clyde Smithers, Fred Barrett, Otto Massie, Mary Bodkin, and Miss Roberta Campbell.

Mrs. Otto Olson was welcomed as a new member. Mrs. Loyd Smith was a visitor.

VISITING IN HEREFORD
Mrs. Jim Wood, the former Jan Reese of Hereford, was a visitor in Hereford last week with her parents, Mr. and Mrs. J. C. Reese, and her sister, Mrs. Bob Hicks, and friends.

favor four plays later. Stagner returned the ball 22 yards to the Plainview 42.

Carries by Thomas, McCaslin, and Minks moved the ball to the four, and then Thomas scampered through left tackle for the scores. Minks dived over to make it 8-0 with only four minutes gone.

Plainview ran three more plays and then punted from its 27. Larry Duncan got through to block the punt for Hereford, and the Whitefaces started their second scoring effort from the Bulldog 23.

Minks carried three times to eat up 14 yards, and then Thomas ran untouched for the score. Minks tossed to Thomas for the two extra.

David Stevens' kick-off got by Plainview backs, but the Bull-

dogs managed to return to the 19. Three plays later they booted from their 25. Stagner returned the punt 15 yards to the Plainview 25.

Thomas and McCaslin carried for a total of nine yards, and then Stagner hurled one to end Lynn Cook, who stood all alone in the end zone. Minks came through once more with the two points and Hereford led 24-0 early in the second period.

Plainview then launched its only sustained drive of the night, which accounted for five of the Bulldogs' seven first downs.

Starting from their own 20, they marched 70 yards in 14 plays while claiming five first downs. But the drive was chopped to an abrupt end as Larry Minks and Steve Selger threw the Bulldogs for a ten-yard loss on a fourth down effort and Hereford took over on their 38.

Stagner was caught for a 15-yard loss on a pass attempt, but Gary McKee quickly regained the yardage with a 20-yard scamper. Minks picked up five yards and a first as the half ended.

Hereford had its only mishap

of the game early in the third quarter. Plainview lost yardage on a pass try, and was forced to punt. Thomas was hit hard as he caught the ball and Plainview recovered the fumble.

But the Bulldogs were forced to punt, and the ball went only seven yards before going out of bounds. Starting on the 35, McCaslin gained 13 yards and a first for Hereford, and then McKee added 15. Minks plunged five and McKee powered the remaining distance to make it 30-0. Minks scored the two extra.

Plainview was able to move only one yard in three plays, and punted from their 25. The punt went only 3 yards. After an off-sides call against Hereford, Thomas scooted 31 yards to make it 38-0, and then McKee added the two extra.

Plainview completed only one play before losing the ball to Hereford on a fumble, and the Herd took over on the 47. One pass went astray for the Whitefaces, and then Danny Thomas dodged 53 yards for another score. For the first time, Hereford failed on the extra points attempt, but lead 46-0 seven seconds deep into

the final period. The Bulldogs returned the kick 22 yards to the Herd's 44, and then added 14 on a completed pass. Another pass completion carried the ball to the Herd's 20, and the Bulldogs managed their only score two plays later.

Danny Thomas chased the Bulldog quarterback back eight yards before bulldogging him on the try for two extra. On the kick-off, Gary McKee hauled in the ball on the five and streaked through a well-fashioned hole to make it 58-6 with 4:33 left.

Plainview advanced to the 47 before a Bulldog aerial was hauled in by Hereford's Gary Stagner, who was downed on the Plainview 40. But Hereford lost the ball on downs for the first time of the game, and Plainview took over with only three seconds left. Their pass attempt fell untouched.

BUSINESS VISITORS

Among business visitors to Hereford on Monday, Oct. 8, were Tom Thatcher, J. D. Smith, and Ray Balen, all of Amarillo, and Alvin Stokes of Plainview.

Plain Talk

Here is Life's romance... a father and son in plain talk. We hear the father admonish his son — "You are building a life, a career. You need all the wisdom I have acquired through experience. Son, you should take along the Bible's blueprint for better living. Don't make the mistake some of your friends do... you need the church. You need the fellowship of church people to gain inspiration for conquering difficulties you must face. You must be cautious, honest and sincere. Your ambition must be worthy, your aim high, your heart pure. Quoting the Golden Rule is not enough, son — it must be lived. Finally, my boy, I hope you will regularly read Jeremiah 42:3 and keep faith with all of this plain talk."

REP. ROGERS WRITES

Ideal Program Established By Helium Conservation Bill

TO THE PEOPLE OF THE 18TH DISTRICT: H. R. 10548 was the number of the legislation which I introduced on Feb. 18, 1960. This measure was the result of much study, research and discussion. It was designed to bring about a partnership operation between the government of the United States and private enterprise, to the end that our philosophy of private enterprise would be fully carried out.

The entire matter was heard by the Mines and Mining Subcommittee of the House Interior Committee, of which I was a member. We made it clear to the Congress that action was essential. But one strong faction advocated the take-over of all helium, wherever found, by the government under the right of eminent domain.

development of helium resources can come through the same route.

This experience has refuted irrevocably those who malign the natural gas industry as self-interested and profit-hungry. The program has been started more rapidly, more efficiently and at less cost than if the government had tried to go it alone. The dynamic capabilities of a free industry in a free economy have come into full play.

Those of us who have long supported the basic free enterprise theory waged a vigorous battle against this idea and won. The oil and gas business reached its present world leadership position through private initiative; it is logical to assume that proper

Earl Tinnin Services Conducted Wednesday

Services for Earl Tinnin, 60, brother of Dale Tinnin of Hereford, who died Monday morning, Oct. 8, at Methodist Hospital in Lubbock, were held at 3 p. m. Wednesday, Oct. 10, in the Ralls First Methodist Church.

The Rev. Conrad Ryan, pastor of the Ralls First Methodist Church, and the Rev. W. R. Beaird, retired Methodist minister, officiated.

Masonic graveside rites were conducted at the Ralls Cemetery. Arrangements were directed by Carter Funeral Home of Ralls.

Tinnin, a Ralls resident, since 1926, had been a partner in the Lynch-Tinnin Department Store in Ralls since 1945.

Tinnin, Mayor of Ralls, and a former city council member, was past president of the Ralls Rotary Club, past master of Emma Lodge No. 931, a 32nd degree Mason, a member of the El Paso Consistory No. 3, and past patron of the Ralls Chapter of Eastern Star No. 169.

Active in scouting work, Tinnin had served as pack committee man, cubmaster, institutional representative, explorer advisor and as district chairman and South Plains Council executive board member.

He was a member of the First Methodist Church of Ralls, active in the choir and served on the board of stewards.

He is survived by his wife, Leland; three grandchildren; three brothers, Henry and Bill, both of Ralls, and Dale of Hereford; two sisters, Mrs. T. S. Parks of Cleburne, and Mrs. Emmitt Lynch of Ralls; and his mother, Mrs. Demmie Tinnin of Ralls.

And, any risk inherent in new methods is borne by the companies; the government agrees only to pay the negotiated price for the helium it receives.

Current agreements give private companies maximum incentive to reach their greatest helium-producing capability, thus encouraging the fullest possible conservation.

Hundreds of new jobs have been created, in participating companies and supplier industries. Technical advances will greatly benefit the entire natural gas industry.

Removal of helium from gas automatically increases pipeline capacity for transporting burnable hydrocarbons. And, consumers will no longer pay for a substance with no fuel value.

Had the government conducted this program alone, the Bureau of Mines would have had to expand its staff enormously, far more time would have elapsed, far more helium would have been lost.

Through cooperation with industry, it has been possible to conserve even more helium than first considered possible, at extremely low cost.

There is work still to be done, but we have achieved our objective — maximum conservation at minimum cost

AUSTIN HIGHLIGHTS

Side Currents Developing From Slant Hole Scandals

By Vern Sanford With 12 indictments already returned in the East Texas slant-hole investigation, there are strong side-currents growing out of the East Texas scandals.

Rep. Charles Ballman of Borger and his fellow House investigators sent a preliminary report to Speaker James A. Turman and Gov. Price Daniel. They urged "immediate action" on eight changes in or additions to the criminal laws.

They also proposed that a procedure be set up to replace state officials who become ill and unable to handle their duties. This obviously is a reference to Railroad Commissioner Ernest O. Thompson, who has been ill at his home in Amarillo for several months.

A major policy change would be revision of the old "marginal well law" which could be very important to many Texans, particularly in old oil areas.

Present law says that if an oil well cannot make as much as 20 barrels a day, it is a "marginal well" which must be exempt from shut-down days. Thus, a well producing 19 barrels a day will get an allowable of 570 barrels a month. But a well capable of making 1,000 barrels a day will be held to 160 barrels a month — 20 barrels a day times eight producing days.

Committee recommended that marginal wells be held to the same monthly allowable as a non-marginal well in the same field.

Governor Daniel has been noncommittal on the possibility of calling a special session of the Legislature to act on this and other current problem areas.

COMMISSION SHAKEUP Texas Railroad Commission is under a reorganization study by the Texas Research League. Already changes in procedures are being put into effect.

Commissioners William J. Murray Jr. and Ben Ramsey named a committee of oilmen headed by James E. Russell of Abilene to advise on revision of rules and procedures which most admit had become too cumbersome and slow.

PADRE AND MADRE Land Commissioner Jerry Sadler continues his battle against creation of the Padre Island National Seashore.

He has charged that oilmen bidding on state school leases in Laguna Madre did not make big cash bonus offers to the state because of passage of the Padre Island bill. Sadler intends to oppose legislation to authorize sales of state land in Laguna Madre to the U. S. for the recreation area.

He has hired Captain William C. Russell of Fort Worth, recently retired as director of the Southwest Division of the Coast and Geodetic Survey, to survey the area along the Gulf.

Although the so-called "tidelands" law was passed in 1953, there has not been a settlement between Texas and the U. S. as to where the exact boundary lies. Russell, whose life work has been in coastal surveying, will undertake that chore.

It is made doubly hard because the line is supposed to be three marine leagues off the shore, as it was in 1848 when Texas entered the union. The shoreline has changed considerably in the intervening years.

BUSINESS PERKS UP Texas business activity rose seven per cent in August over July. And eight per cent above that of August, 1961.

Bureau of Business Research of the University of Texas found this rosier picture in August, after two bad months of decline.

CASH ON HAND While there has been lots of talk about the state government being in the red, it really never has been.

On August 31, when the fiscal year ended, the State Treasury had a cash balance of more than \$219,000,000.

Deficits have been recurring in one of the state's 380 or so funds — the General Revenue Fund. But the others always have cash balances.

Comptroller Robert Calvert gave Texans some charts. They show where \$1,300,000,000 went last year. Education took 41.01 cents of each dollar, highways took 28.50 cents, public welfare cost 16.29 cents, state hospitals and prisons cost 5.16 cents, and all the rest — Legislature, courts, administrative agencies and everything else — cost 9.94 cents of every dollar.

LAND SENTENCE A third man's conviction from the veterans land scandals of the mid-1950's was affirmed by the Texas Court of Criminal Appeals.

He was B. R. Sheffield of Brady, who was found guilty by a Hill County jury of "uttering a false instrument" in the case of one of the 54 veterans whose rights were put together to buy a 10,000-acre ranch in Kinney County.

Previous convictions were on former Land Commissioner Bascom Giles and J. T. McLarty. Sheffield recently paid back the Veterans Land Board, with interest, the money he received for the land.

LOST PARK Back in 1933, Joe Espy of Fort Davis gave the state 169 acres in the Davis Mountains, with a provision that if it were not developed for public recreation he would get it back.

The state failed to develop the land, so Espy sued to get it back.

Trial court held that he was entitled to the land, and ordered it returned. The State Parks Board is appealing. Espy said he would give it to the Parks Board again. . . . if

the Board will develop it as a park.

FEDERAL AID Texas has received \$317,920 from the U. S. Forest Service to be allocated to East Texas counties where four national forests are located.

Counties and schools in the forest areas get 25 per cent of the Forest Service's income from the forests, to help maintain roads and school programs.

BOOK DEFENDERS The men and women who run the public schools came out in strong support of the present method of selecting textbooks in Texas.

Plan has been under attack by some witnesses at recent legislative hearings.

Texas Association of School Boards, meeting in Austin, found no fault in the system by which a textbook committee selects as many as five books for each course, and then local textbook committees decide which of the five they will use.

School board members also took no action on an Ector County proposal that central state purchasing of school buses be ended.

COLLEGE TAX ILLEGAL? Texas Supreme Court action is expected soon on a case which could upset the junior college set-up in Texas.

Taxpayers' suit from Harris County contends that the Legislature had no constitutional authority to allow the levying of taxes by junior college districts.

Supreme Court has been studying the case since April. Should it agree with the taxpayers, it would take a constitutional amendment to legalize the college districts. Meanwhile, state money might be needed to keep the 32 junior colleges going until the voters have a say on the subject.

OLD BADGES Texas Rangers have gone back to the old days and old ways.

Old-time Rangers carved their own badges out of Mexican pesos. It was a star within a circle.

A fancy new-style badge was adopted in 1936 when Rangers were put under the Department of Public Safety.

Now they are going back to the old-type badge. But they won't carve their own. All 62 Rangers were issued shiny new ones, ready-made.

SLOW PICKING Texas Department of Agriculture reports a slow-down in cotton picking. Harvest slowed to 29 per cent, which is the same as this time last year.

Damp weather kept bolls from opening in the South Plains and rains slowed the picking in other areas.

Wet fields also have slowed the sorghum harvest.

SUMMER READING Nearly 21,000 school-age children in 285 cities earned certificates from the Texas State Li-

brary for summer reading. Boys and girls who read 12 books during the summer got the awards.

STUDY COMMITTEE A citizens' advisory committee has been named to help the Texas Legislative Council study the problems of emotionally disturbed children. Rep. C. W. Peary Jr. of Temple is chairman.

The study committee was set up after experts advised that Texas has few facilities for curing such disorders.

GOVERNOR NAMES Governor Daniel named Mack Wallace of Athens as district attorney, to replace Jack Hardee of Athens, who resigned because he is the Democratic nominee for district judge. District is composed of Henderson, Anderson and Houston Counties.

He also named Boyd Hilley of Lamesa to the Egg Marketing Advisory Board, and reappointed Jack Dubose of Gonzales and Marvin Gilbreath of Weimar on that board.

B. H. Dewey of Bryan and Rep. George Hinson of Mineola were named to the Southern Regional Education Board.

BALLOT ROSTER Secretary of State Frank Lake has certified 24 candidates for statewide office.

Names appearing on the November 6 general election ballot will include 14 Democratic nominees, eight Republicans and two from the Constitution Party.

In addition, the fate of 14 proposed constitutional amendments will be decided by the voters.

TWO WITHDRAW Two Constitution party candidates have notified the Secretary of State to withdraw their names from the November election.

They are Ruben Lozano of San Antonio, candidate for Congressman-at-Large and Roy R. Brown of Bonham, candidate for Lieutenant Governor.

JOBS ON RISE Figures released in Austin by the U. S. Department of Labor show the Texas employment picture to be twice as good as the national average.

Texas' nonagricultural employment increase from 1947 to 1961 was 45.4 per cent, almost double the national average of 23 per cent.

NEW ERA PREDICTED Maurice Turner, chairman of the State Parks Board, believes a surge of public interest, pre-empted by a "mighty effort to modernize Texas" neglected state parks system.

He credits this new interest to a sizable movement to develop tourism in Texas.

Affluence at Texas state parks increased by some 500,000 persons during the last fiscal year.

In keeping with the national trend, overnight campers increased by more than 100,000.

Total visitation for the fiscal year ending August 31, 1962, was 7,099,672, compared with 6,614,332 for the preceding year.

SHORT SNORTS Governor Price Daniel attended his last Southern Governors Conference in Hollywood, Fla., and brought out a report challenging national import policies on oil, saying that the domestic oil industry is hit hard by imports from foreign lands

Just has enough courage and fortitude to push himself." Question three was, "Do you think the federal government is interfering with states' rights." Seventy-two said "Yes" and 78 said "No".

Next question was "Since Meredith has been admitted to the school, do you think it will be a step toward intergration in the South?" Seventy-eight stated, "No", while 65 said "Yes." Many of these affirmities were backed by "I hope so" or "We can only hope so for the sake

of the people." Number five brought a vote of 97 "No's" to 52 "Yes's" to the question, "Do you feel that the people who are objecting to Meredith's entrance are justified in their actions?" Question six brought the best response of all of the seven questions. It was, "Do you think Meredith should be admitted?" One hundred six voted "Yes" and 45 "No". The main comment was "I believe he should because all people are created equal." Seventh question was "Do you think that during this first term President John F. Kennedy has done enough to get him re-elected for a second term." Sixty-six answered

"Yes", with the explanation of "I believe Kennedy has done the best that could be expected with this kind of situation." There were 82 who answered, "No", with the comment, "I think Kennedy has done enough!" A few of the students did go on to explain why they felt the way they do, concerning intergration. One said, "I think Meredith, and any other Negro that wants to, should be allowed to go to the school where he desires."

"It states in the Declaration of Independence, 'All men are created equal, with certain inalienable rights, that among these are life, liberty, and the pursuit of happiness.' Thus, Negroes have the right to happiness and freedom. So why can't people come down off their high pedestals and give them a chance to better themselves in the same manner as all people should be able to do."

B-Team...

(Continued from page 1)
The Herd received the opening kickoff but could not move the ball and punted on a fourth and two situation. Immediately the defensive squad went to work. They held the Bullpups on three tries and forced them to punt. Then the unstoppable Herd offense went to work. They marched to their first of eight touchdowns.

The Calves scored three T. D.'s in the first fifteen minutes of the game to capture a 24-0 lead before halftime. After the intermission, they went to work. They built up the lead to 46-0 before the Bullpups finally scored in the fourth quarter. The Calves came back with two touchdowns to make the final score 58-6.
