Hereford, Deaf Smith County, Texas, Sunday, January 9, 1949

A meeting of the youth and education department chairman of all clubs in the County Federation has been called for Tuesday, Jan. 11, in the District Court Room at 2 p. m.

When the firemen entertained with a pheasant dinner and the city officials were honor guests, Commissioner J. C. McCracken said he was certainly going to enjoy this dinner for the same reason Jim Bob Allison quit casually considering the pheasants on his back porch and began treating them with respect until they hit the kitchen.

Bob Wear is back at a school teaching job these days. He's temporarily filling the vacancy created when High School History teacher D. C. Martin, became principal of Central School with the opening of classes.

And Lillye London Hendrick is back at her job in the county clerk's office, also temporarily. She will work for a week or so while husband Jimmy, who is in the Marine Corps, is being transferred from San Diego to North Carolina.

Four-H sponsor Hugh Clearman has announced the date for the annual spring 4-H Show open to contestants from the four-county area of Castro, Farmer, Oldham and Deaf Smith.

Police Chief F. S. Buckalew says his department has put up a telephone-light innovation to enable patrolling night policemen to be contacted by phone.

It happened in the theater-in-the-movies: We overheard a woman describing the following incident at the show. It seems a family of seven came in and sat down in front of her.

This Modern World: A group of A and M students left Hereford early during their holidays and went to Dallas hoping to see the Cotton Bowl game.

There's big doings afoot for V F W members and the men who played baseball for them this year. The club is going all out on a big dinner celebration, formal and everything.

Red Cross Head

E. Roland Harriman, New York banker and railroad executive, will head the Red Cross' 1949 campaign which will be held next March.

Report Shows Slump in '48 Bank Deposits

Decline in Total Is Blamed on Agriculture Drop During Year

Although Main Street businesses reported a normal-and-up volume of trading during the past year, deposits in Hereford's two banks were down \$928,501.09 according to reports made by cashiers this week.

V. O. Hennen, cashier of the First National Bank, said their deposits were down from \$7,245,000 for 1947 to \$6,295,000 for 1948, off \$950,000.

William R. Phillips, cashier of the Hereford State Bank, reported their 1948 total of \$1,594,388.32 was up \$21,498.91 from the previous year when deposits were \$1,572,889.41.

However, the Hereford State Bank was not organized until June 16, 1947.

Both of the banks made their reports on a December-to-December basis. Total deposits in local banks as of Dec. 31 reached \$7,889,388.32.

Reason for the decline, was explained by the two men, in the drop in agriculture. 1947 was a bumper year for wheat when both big yields and big prices brought in plenty of money to the wheat farmers. Deposits stacked up, but this year greatly decreased yields, plus increased expenses did little to add to the farmer's income.

"People are beginning to spend their 1947 wheat money," Hennen said.

In addition to the wheat-bubble that burst this year, farmers paid income taxes early in 1948 on returns from their 1947 crop. This took a big slice out of this year's bank deposits, Phillips pointed out.

Also city funds, the majority of the \$600,000 bond issue voted last year, was sitting unused in the banks last December, but a lot of the money has been spent this year in the paving project and the water sewerage construction.

School Safety Will Get Boost

The school safety campaign gets another boost this week when the Jaycees, assisted by a member of the State Highway Patrol from Amarillo inaugurate their school patrolmen.

Big, shiny school safety patrol badges and white Sam Brown belts arrived this week from the American Automobile Association and organization of school patrolmen will begin this week, Bud Bradley said.

To Choose 38 Children Thirty-eight children will be chosen to serve in this work, qualifications being good scholastic standing, good citizenship records and knowledge of the safety rules. A Jaycee committee will work with school officials in selecting these people.

At St. Anthony's parochial school, ten children will be used, a captain, a lieutenant and a squad of eight.

At Central School they will appoint a captain, three lieutenants with eight men to a squad. The duty of the junior patrolmen will include overseeing the youth-pedestrian traffic at all times when activities take children across the street.

No Jaywalking They will enforce the no-jaywalking rule, help with loading and unloading buses and direct traffic. They will not be in charge of vehicular traffic, which is under the control of city patrolmen.

Derby Winner and Mom

This young fellow is the first baby reported to have been born in Deaf Smith County in the new year and therefore is winner of the stork derby staged by local merchants. He is the son of Mr. and Mrs. Charles Evans, Hereford, and was born in Deaf Smith County Hospital at 5:30 a. m., Jan. 1.

Jan. 24 Deadline for Turning in Choice for 'Best Citizen of 1948'

January 24 has been set as the deadline for turning in nominations to the Lions Club-sponsored "Best Citizen of 1948" contest, Wayne Evans, president of the club, said Friday.

"We'd like to remind all Hereford townspeople that choice of the citizen of the year will be made exclusively from the nominations and that if they have a particular candidate they think should be named, nomination of that person should be turned in to qualify him in the contest," Evans explained.

Rules Clarified

He also clarified contest rules by explaining that the candidate would not be elected simply by receiving the largest number of nominations, and anyone receiving one nomination would get the same consideration as someone receiving several.

Parley Scheduled By Health Official

Consultant of the Texas State Health Department, will be in Hereford January 11 to speak with members of the local public health committee, county and city commission and other interested citizens on formation of a public health unit.

The announcement was made by Mrs. Dyalthisa Brady, county welfare officer, in the absence of A. J. Schroeter, chairman of the committee.

A letter from L. P. Walter, director of the state board was received Thursday, confirming Mitchell's arrival. The group will meet in the County Court Room at 7 p. m. Tuesday to discuss the plan for drawing up a health unit.

Mitchell's visit is in answer to a request made last month by the local committee. Dr. George W. Cox of the state board was contacted then and promised to send someone who could help them with the formation of this work.

Man Held in Sacramento Admits Part in Looting Of John Wood Company

The local sheriff's office was notified by the Federal Bureau of Investigation Thursday morning that a man being held by Sacramento, California police, had admitted having a part in looting the John Wood Equipment Company here last November.

A man who identified himself as William Ketsman Keller, 24, alias, Ernest Keller, was caught in the California city while attempting a burglary, and upon questioning told of being involved in the Hereford job, authorities here said.

Ketsman's accomplice in the ill-fated Sacramento looting eluded police. He was identified by the arrested man as Emil Bence, alias Emil Venz, alias Monzona Woodward.

Bence, Ketsman said, was an accomplice also in the John Wood Equipment Company burglary, one of a series staged over the nation.

Sheriff J. C. Reese said their information had been obtained from the FBI, the police department in Sacramento, and police in Portland, Oregon. In a signed statement to Sacramento police, Keller said he and Bence had stolen the 1948 green Studebaker demonstration car in Hereford and driven it to the East Coast, then back to the West Coast. The car was abandoned in Portland, Oregon December

26, after the men were involved in a minor traffic collision. They had driven the car some 7,000 miles.

Keller said he and Bence had met while both were inmates in the penitentiary at Walla Walla, Washington in 1945. They met again in October, 1948 in California. They had traveled over the states, financing their way by

a series of burglaries and passing hot checks and forged checks. They admitted having stolen three other automobiles, but said this car was the only one transported over state lines.

The men have been charged here with theft of the auto, but must answer to two charges of burglary in Sacramento before being sent here for trial, Reese said.

Pappy O'Daniel's Daughter Marries

Molly O'Daniel, daughter of former Sen. W. Lee (Pappy) O'Daniel, of Texas and Harold J. Moffatt, a stock broker, cut their wedding cake after being married in Los Angeles. The ceremony was at the home of the bride's brother, Mide O'Daniel. (Associated Press Photo).

BOYS TOP LIST

Year's Bumper Baby Crop Puts Pre-War Birth Rate High in Shade

Along with the price of butter and postal receipts, even the birth rate in Hereford is going up now. It more than doubled the pre-war high of 120 births when records for 1948 listed 246 babies registered as born in the county.

The first child registered was Holly Lee Landers, son of Mr. and Mrs. Orvil Landers, born January 2. That young fellow set the pace for the year, and in the following twelve months almost half again as many boys were born in the county as girls.

An even 100 girls were born during 1948, and if numbers are an indication they are all destined to be belles in 16 years for there will be 146 boys to squire them around.

June topped the months with the most births. There were 32 recorded then, and 17 of them were boys. August tied June in the number of boys born during one month, but June also had 15 girls born during that 30 day period whereas August only had 13 in the 31 days of the month.

December was low-birth month with only 15 recorded. January only had 16.

No births were registered and recorded in this county after Dec. 21, 1948 so there were probably even more children than the 246 registered.

At any rate, statisticians can draw their own conclusions from these year-end totals.

Installation of Street Markers May Start Monday, Dameron Says

Weather permitting, the city street crew will begin Monday to set up the street markers at road intersections, Mayor W. E. Dameron said Saturday.

A few "trial markers" had been set up along Miles Avenue at the intersections of Fifth Street, Sixth Street and Seventh Street to determine best distances for setting up the markers, and they will be put in the ground two and a half feet from the curb.

Markers in the downtown area will be set in a cement base, but they may not use this foundation in the residential area, Dameron said.

Vehicle cement markers with lettering painted on all four

sides, the columns also have the block numbers painted on each one to enable motorists to locate street addresses easier.

No definite date was set for completing installation of the 287 markers.

THE WEATHER

High and low temperature readings Wednesday through Friday were recorded as follows:

Wednesday—High at 33, low at 1.
Thursday—High at 33, low at 15.
Friday—High at 59, low at 29.

Fertilization Program Produces 21.7 Per Cent More Grain

On an experiment plot of land on the Colby Conkright farm a fertilization experiment with a combination of ammonium nitrate and super phosphate produced 21.7 per cent more grain per acre than unfertilized land.

This is the first time this particular combination of fertiliz-

ers had been tried in this county, Hugh Clearman, county agent, pointed out. One hundred pounds of ammonium nitrate per acre and 200 pounds of super phosphate per acre, Clearman said.

On one plot of ground only ammonium nitrate alone was

applied at the rate of 100 pounds per acre and production of that plot averaged 14.8 per cent more grain than the unfertilized plots, he added.

The experiment was made in co-operation with the Amarillo Experiment Station who threshed

the samples and drew up the report.

Fertilizer was applied before planting time and the land was plowed one time before it was planted, Clearman explained. It was irrigated.

The Conkright farm is 34 miles north of Hereford.

SEC TOP MAN

BIRMINGHAM, Ala.—(AP)—The 117 yards Georgia's Johnny Rach lost from scrimmage in 1948 did not keep him from being the top total offense back of the Southeastern Conference. Rach passed for 1,307 yards for a net of 1,190. He nosed out Tulane's Eddie Price, who picked up 1,178 yards, all by the foot route.

**YOU CAN HAVE
PLENTY OF BUTANE
ALL WINTER
IF
YOU HAVE
ADEQUATE STORAGE**

Will you be sure of having all the LP-Gas you will need this winter? Or will you be at the mercy of bad roads, bad weather and possible gas shortages? There is only one way in which your Butane-Propane dealer can promise you all the gas you'll need and that is for you to have adequate storage now!

So if you want to enjoy all the advantages of gas next winter — without any empty-tank worries — let your dealer explain how you can be guaranteed of having dependable, year-round gas service. Write, phone or see him today.

HERE'S THE PICTURE
The refrigerators which produce LP-Gas (Butane or Propane) have the same capacity all the year around. They produce the same amount of gas in the summer as they do in the winter. Yet there is four times as much gas used during the four winter months as there is during the other eight. That means LP-Gas produced in the summer must be stored for use in the winter. The refrigerators have increased their storage facilities. Your local dealer has increased his. But there's still not enough. Even more gas must be stored.

HERE'S THE ANSWER
The only solution to this problem is for you to have a tank to store your LP-Gas. That's the only possible way in which your dealer can assure you of having a dependable, year-round supply of LP-Gas. Remember — your storage tank is like the gas tank in your car. If it's too small you're always running out of gas. So get a tank. Get a tank for winter by getting adequate storage NOW!

HOW BIG A TANK DO YOU NEED?

You'll have adequate storage when you have a tank big enough to hold a supply of gas that will carry you through the four winter months. A tank that size will enable you to have it filled now while plenty of gas is available. Then, this fall, you can have it refilled and start off the winter with enough gas to see you through.

GAS IN THE TANK IS MONEY IN THE BANK!

**Firemen Extinguish
Blaze Atop Pitman
Elevator Saturday**

Firemen were called about 6 a. m. Saturday to extinguish a blaze atop Pitman Elevator where workmen were busy with the construction of concrete storage tanks.

J. A. Pitman, owner, said a negligible amount of damage was done. The canvas covering caught fire and some of the forms used in construction were scorched but volunteer firemen succeeded in putting out the fire before it spread.

The blaze occurred on the building which is being constructed to replace the grain elevator destroyed by fire last summer.

Reform of Probe Group Said to be Long Overdue

Reform in methods and procedures of congressional investigations has long been needed, even before the House Committee on Un-American Activities was conceived. The contention is strengthened by the recommendation of two Republican members of the un-American committee, Representatives Mundt and Nixon, for material revision of the course followed by that committee in the past.

A salient recommendation favored by the two congressmen is that all witnesses before the House Un-American Committee have the right to counsel in open or closed hearings. The privilege is fundamental and should not have been ignored in the past.

Another vital proposal is that all witnesses be accorded the right to make a written or oral statement after answering all questions pertinent to the inquiry. This should be in open hearing to permit the public to gain the witness' side of the case. The right should have been extended to Dr. Edward U. Condon, head of the Bureau of Standards, after he was criticized by a committee member as being the "weakest link" in our chain of atomic security.

Another just safeguard is a proposed rule that no subcommittee report be made public until approved by a majority of the full committee. The restriction would limit the one-member investigations which damage reputations of persons who are presumed to be innocent until proved guilty. Another shield to the rights of the individual, which is basic in democracy, would be to screen certain witnesses in a closed hearing before they publicly impugn others. Likewise, witnesses should upon

request be supplied with a record of hearings against them.

Open testimony by accused witnesses in event the witnesses have been exposed to blame previously is an equitable proposal. Likewise, it would be fair to allow the accused to be confronted in the open by the accuser and to have the right to question the accuser. These Mundt-Nixon recommendations, though belated, attest the spirit of fair play of their framers, for which they may be commended. Coverage of committee hearings by newsreels, television and radio is a dubious means for many.

The two representatives creditably conceded that the recent spy investigations "may have justified some honest criticism." At the same time, some attacks on the House un-American Committee have shown bias as was ascribed to the committee by critics. In illustration, the committee has been assailed for holding secret sessions and for seeking "headlines" in open sessions.

The program of committee reform, offered by two Republican members of the House Committee, should have the full consideration of the 71st Congress, and the fundamental rights espoused by the report should be embodied in the rules of committee procedure. The rules should be mandatory for all inquiries conducted by both house of Congress.

Thereby, Congress will perform a signal service in defending the fundamental rights of the individual in a democracy and will strengthen the investigative function of Congress. The Democratic majority in the next Congress has a clearest task laid out for it by the Mundt-Nixon proposals.

Another Letter from

The Bootleg Philosopher

Editor's note: The Bootleg Philosopher on his farm makes a few predictions for 1949, his letter this week reveals.

Dear editor:

I notice this is the time, with the new year just getting underway, for the experts to predict, and most of the papers I've been getting out here lately are filled with carefully analyzed predictions which tell what to expect in 1949 down to two decimal points. I even read where one fellow predicted the amount of cattle which will be on hand next spring, but I don't believe he had a lock inside by hay barn. Four bales of Johnson grass hay ain't much to stand between a cow and spring.

In this vein, and figurin anybody with a pencil can qualify as an expert on the future on account of nobody knows what's comin tomorrow and very few even know what happened yesterday. I wish to make a few predictions for 1949.

I predict my production in 1949 will be off at least 15 per cent, as I expect to loaf at least 15 per cent more than I did in 1948, with an extra fifteen per cent thrown in if my wife will hold her tongue and use her skillet for fryin instead of throwin.

I predict my crops will be off twenty per cent, on account of lack of rain or too much rain or insects, plus the fact I'm twenty per cent behind in my work already and the year ain't even one-twelfth over yet.

I predict Congress will pass a lot of laws.

I predict Russia will be obnoxious.

I predict every country that figures it has half a chance will offer to borrow some money from the United States.

I predict the United States will accommodate them.

I predict England will get the most and spend it the soonest.

I predict the world situation will continue unsettled, as it has for the last four million years.

I predict cost Americans will do pretty well, but not as well as they would like, and that next Christmas most of them will eat too much again and that the New Year will find the world still holdin together, even though a good many experts said it wouldn't.

The predictions are merely a confirmation of the "J. A. System of Stayin In A Rut, which Most People Like or They'd Get Out and Try Another One."

Yours faithfully,

J. A.

Panhandle Plains Museum Gets Rare Silver Collection

Special to The Brand CANYON—A large collection of rare and beautiful silver was given to the Panhandle-Plains Museum Jan. 1 by Judge James D. Hamlin of Farwell. Judge Hamlin has given numerous gifts of art to the museum in the past.

The exhibit will not be on display for several weeks until other exhibits are moved to make room.

The collection includes ladles with whalebone handles, forks made in Dublin in 1790, marrow scoops, pistol handle knives and forks, muffleiner for powdered sugar and other spoon sets.

There are two tall Sheffield candlesticks, a silver chamber candlestick, and snuffer and a Sheffield chamber candlesticks and snuffer. Waterford glass of five pieces with stand dated London, 1784. Besides cream pitchers, tea caddy, mustard containers and loving cup dated London, 1790, there are two vinaigrettes made in 1785 and 1790, wine strainers and coolers, snuff box, a Sheffield plate milk jug dated 1775.

Included in the donation was a collection of bells. One bronze bell, on a teakwood frame, was made of ancient metallic ore during the Han dynasty, 206 B. C. to 208 A. D. It was a temple piece for musical instruments.

Other bells in the collection are an Egyptian cow bell dated 1500; a Burma Buddhist bell, 1700; Spanish monastery bell, 1800; early Spanish monastery bell, 1500; bronze monastery bell from Flanders, 1520; Italian Renaissance ecclesiastical bell designed as a church steeple with a cross, 1450.

Physical education is as essential as a good athletic team, and will reach many, many more boys and girls who might be saved by intelligent action on the part of the public.

It will cost! Sure it will cost a lot of money, but the youth of today who will be the leaders of tomorrow are worth the cost.

The largest increase recommended was one of more than four million dollars for the Texas State University for Negroes. The current appropriation for this school is \$1,050,000 dollars as compared to \$5,714,500 recommended by the board.

New Officers

(Continued from page 5 sec. 2)

Clippings From Our Exchanges

The income tax folks, something of a pain in the neck to most of us, seem to have received smiles approval from millions of little guys in America recently when they threw a monkey wrench into the plans of Jack Benny to do a bit of income tax dodging, at least that's the way it looks to The Amarillo Daily News:

"It isn't often that the little fellow gets a bang out of the efficiency of tax-collectors, but the overwhelming majority of people are happy at the ruling of the Bureau of Internal Revenue on the Columbia Broadcasting System-Jack Benny deal. The bureau holds that Benny's incorporation of his services into an amusement company means nothing. He merely transferred his services from one boss to another, at a higher salary and with a bonus thrown in—both taxable under the law as personal income.

From the amount of squawking Benny has done over the ruling, one is fooled to conclude that the alleged humor he has built around his 'stinginess' is more truth than comedy. Benny is not only stuck with a 77 per cent tax on the two million dollar deal, he is subject to a still higher criticism for his ingratitude in walking out on the National Broadcasting Company.

NBC had developed Benny over the years, had given him the Number One spot in radio, had given him top billing and privileges far beyond the most sanguine hopes of other radio stars. In appreciation, Benny sold out to NBC's competitors. To the fans who had constituted his following over the years, he tried to pass his part of the tax burden. Fortunately, he was stopped in the tax dodge; what his punishment for base ingratitude will be, only time can tell."

The Ochiltree County Herald paints a bright marketing picture for wheat farmers in this section:

"The year-end report of the Oklahoma-Texas Wheat Improvement Association received this week, gives an encouraging report on the progress made in 1948. This year, the percentage of undesirable wheat was reduced con-

siderably, but much more farmer-education needs to be done.

Last year this nation shipped overseas 480 million bushels of wheat. This year, the nation is shipping even more. That means good variety wheat is a bargain today. Mills are demanding 80 to 90 per cent good varieties at market price or occasionally are paying one or two cents over. They will not accept undesirable types at any price, except for export.

One and two cent premiums are still available locally but the day we quit giving our wheat to starving people abroad is the day varieties will start to mean real cash. When will that be?

No one can tell for sure, but whenever this day does arrive county dealers will want to know how to tell varieties apart. Most millers have two or three varieties analysts at every plant. The majority of terminals have their own variety pickers so they can offer their wheat intelligently to mill buyers. Variety analysis is here to stay.

It's a cinch to become more and more important because mills today want bakers wheat or family flour wheat.

Wheat growers will do well to remember this increasing trend toward milling varieties. It means hard cash."

Millions for sports and hero worship for the few fortunates who make the team.

But what about the millions of American youngsters who can't make the team—youngsters whose physical disabilities and poor health may doom them to a life of hardship.

The Canyon News has pondered this question and thinks something should be done about it:

"It seems to us that the public lacks much in the way of education on that all important subject of health.

We go crazy about athletics, and the few men who make the team. But we are neglecting the health of the millions who cannot make the first string, or play in the big athletic contests.

We are taking it for granted that such and such a per cent of our boys and girls will be cripples; that they will have diseases which incapacitate them for their lives; that they will either be blind or sufficiently defective in sight as to be handicapped; that a large part of them will never be physically strong.

This is the wrong attitude. Yet it is hard to convince the public that they owe an obligation to youth, and to see to it that they get the proper training which will make it possible for them to be physically strong and alert.

Physical education is as essential as a good athletic team, and will reach many, many more boys and girls who might be saved by intelligent action on the part of the public.

It will cost! Sure it will cost a lot of money, but the youth of today who will be the leaders of tomorrow are worth the cost.

Camp Fire Council Members Plan To Entertain Miss Louise Fargher

New officers were named at the Camp Fire Council Tuesday night and plans were drawn up for the entertainment of Miss Louise Fargher, regional field advisor for the Camp Fire Council, who will be in Hereford January 17-20.

During the business session of the called meeting held at the Camp Fire Hut, Earl Phillips was re-elected president.

His fellow officers for the year will be Bob Lewis, first vice-president; Howard Gault, second vice-president; Mrs. O. H. Culpepper, secretary; Mrs. Berry Jacobsen, treasurer; and Robert Veigle, regional representative.

The annual visit of the field director, who will be here next month, will be inaugurated at a meeting of the Board of Directors of the Camp Fire Council on Monday, the first day of her visit.

Concluding her activities, and highlighting the four days work, the council will hold its annual dinner in the Lions Rotary Hall, Miss Fargher will be the main speaker.

Garden Clubs Demonstrate Use of Winter Materials for Decoration

Hereford garden clubs resumed scheduled sessions after the holiday vacation, Friday.

Garden Beautiful Club met in the new home of Mrs. D. C. Kinsey with Mrs. N. D. Bartlett, president, conducting the business session.

Mrs. E. O. Jordan gave a paper on trees mentioning a variety of trees that do well in this locality. Mrs. S. L. Easley spoke on that popular addition to the garden or yard, the flowering shrub. She also told of varieties that thrive in the Panhandle.

The annual problem exchange will be featured at the next meeting and individual problems were distributed for the discussions. Members will bring the problem and its solution to the next club meeting.

Mrs. A. O. Thompson was a guest and members attending were Mesdames N. D. Bartlett, George Graham, R. B. Miller, S. L. Easley, J. M. French, Norris Larmer, Forrest Minton, Helen Pipkin, Mary Seigler, Carroll Whiteside, J. W. Thomas, E. O. Jordan, O. M. Dickey, Lisle Woodford and the hostess.

Bud-to-Blossom Club
Mrs. Norman Gray was hostess for the Bud-to-Blossom Club Friday afternoon.

A short business meeting was held and a program on "Winter Bouquets" was presented by Mrs. Clyde Russell who discussed materials and arrangements. She demonstrated an arrangement of apples combined with evergreen and nandina, and told of painting tumbleweeds and cockleburs for use in effective and attractive winter bouquets. An open discussion of winter materials for decorations followed the demonstration.

Members present were Mesdames H. H. Caraway, Ben Childers, R. A. Daniel Jr., Paul Harvey, E. D. Hopson, Tom Howard, William Hull, J. D. Neill, W. H. Patton, George Olson and the hostess.

Officer Elections Held by Various Organizations at Business Sessions

Elections of officers feature the past week's club activities as various organizations hold annual first-of-the-year business sessions.

In a business meeting of the Bay View Club held Thursday afternoon in the home of Mrs. Wayne Eans, Mrs. Paul Mathers was elected president for a two-year term.

Other officers chosen for another term were Mrs. A. M. Jones, vice-president; Mrs. Howard Gault, recording secretary; Mrs. Bob Wilson, corresponding secretary; Mrs. Essie Cardwell, treasurer. All officers will be installed in May at the last meeting of the club for the current club year.

Committee Appointed

During the business session Mrs. Colby Conkright, president, appointed the year book committee for the 1949-50 session. They include Mrs. Henry Benson, chairman; Mrs. Roy Ford and Mrs. A. M. Jones. Reports from all committees were heard.

A program on "Federation" with Mrs. J. W. Spradley as chairman, was presented. She told of the growth of federation, first out of women's need for companionship in study and later as a means of united effort in civic enterprise, for a better health program and in the interest of better homes.

Mrs. J. P. Slaton gave a review of the Texas Federation of Women's Clubs discussing its aims and objectives. She told of its two-fold purpose, 1. Closer relationship of the clubs of the state through the eight district organizations and departmental work, and 2. To provide the facilities, such as conventions, outstanding speakers and panel programs, for unified effort on the part of club women. She also outlined the broader view for club women through federation with the General Federation of national organization

which unites the women of the world.

Tells of Cancer Work

Mrs. Phillip Barkley, chairman of the club's cancer program, told of the work of the American Cancer Society, its drive for funds and its purpose which is the education of the general public on the subject of cancer. Mrs. Barkley also told of the Cancer Clinic in Amarillo which is conducted by the American Cancer Society and which will complete one year of service in Amarillo on January 20.

Members present were Messdames D. H. Alexander, Phillip Barkley, H. L. Benefield, Henry Benson, Colby Conkright, T. M. Dameron, Roy Ford, Howard Gault, J. W. Harrison, A. M. Jones, Paul Mathers, John McLean, R. B. Miller, J. P. Slaton, J. W. Spradley, Bob Wilson and the hostess, Mrs. Lula Gault of Buhl, Idaho, was a guest.

Mrs. Leroy Aven Is Welcomed into B&PW

Mrs. Leroy Aven was welcomed as a new member when the Business and Professional Women's Club met in the home of Mrs. Velma Hodges Monday night. After a short business session conducted by the president, Mrs. Ursalee Jacobsen, a round-table discussion of statistics on working girls in Hereford and the available jobs to suit their capabilities. Forecasted activities of the club for 1949 also provided interesting discussions.

Those attending were Ursalee Jacobsen, Cecil Williams, Della Stagner, Mary Lou Allmon, Alwyn Savage, Eunice Mathies, Zula Gilliam, Frances Young, Tilly Miller, Virginia Hartman, Mary Dyer, Jean Williams, Besie Smith, Pauline Loerwald, the hostess and Mrs. Jimmy Hendrick, the former Miss Lily London and a former member of the club.

Mrs. Crump Gives Party for Daughter

A birthday party was given Tuesday afternoon by Mrs. C. J. Crump who entertained for her daughter, Zell, honoring her sixth birthday.

Musical games with Mrs. J. D. Neill at the piano, entertained the youngsters and Golden Hour story books were presented to each child.

A winter theme was noted in party appointments with a huge snowball holding six pastel candles as the table centerpiece. Individual cakes held lighted birthday candles and plate favors with tiny snowman figurines.

Refreshments were served to Dorothy Williams, Patsy Fowler, Paula Sue Moore, Troy Don Moore, Jimmie Conkright, Sara Gillentine, Carl George and Jerry Don McCaslin, Margie Sue and George L. Muise, Sandra Childers, Helen Sears, Nick Milburn, Joy and Jan Story, and the honoree.

Pictures of the happy group around the birthday table were made.

Blanche Poff To Wed

Announcement has been made by Mr. and Mrs. Blanche Poff of the engagement of their daughter, Blanche Poff, to Mr. J. R. Venable of Fort Worth.

The wedding will take place Tuesday, January 11, in New Orleans, La. After a brief honeymoon in Louisiana the couple will go to Columbia, Mississippi where he is employed with United Geophysical Company.

Miss Poff has been in Los Angeles for the past two and a half years where she has been employed with the Pacific Telephone and Telegraph Company.

Philip, Leslie, and Shirley Sharp, sons and niece of Mr. and Mrs. Lloyd Sharp, were among those young people from Hereford who attended the Gene Autry show in Amarillo Tuesday.

Installation Rites for Officials Conducted at Rebekah Lodge Meet

An installation service for officials of the Hereford Rebekah Lodge was conducted at a meeting held at the IOOF Hall Tuesday night. Mrs. Velma Kendall, district deputy president, conducted the rites assisted by Ursalee Jacobsen, deputy marshal; Hazel Sparks, deputy warden; Leona Sowell, deputy secretary; Julia Sowell, deputy chaplain; Lottie Roberson, deputy inside guardian; and Samantha Hopson, deputy outside guardian. Virgie Sparks and Pauline Lady served as the installing team supporters and Jo Lingenfelter was the musician.

Officials installed were Nannie Mae Mauk, junior past noble grand; Alice Sparks, vice-grand; Charlotte Calvert, recording secretary; Mildred Renfro, financial secretary; Pauline Burns, treasurer; Catherine Russell, conductor; Aline Lomenick, chaplain; Jo Lingenfelter, musician; Ethel Fridley, RSVG; Hazel Sparks, LSVG; Lydia Hopson, RSVG; Pauline Lady, LSVG; Ruby Smith, inside guardian and Orpha Nickerson, outside guardian. Florence Wilkins will be warden and Betty Pendleton, color bearer.

Mrs. Nannie Mauk, retiring noble-grand was presented with a past-noble grand pin and Mrs. Ethel Fridley, who had

served as recording secretary for the past eight years was presented with an appreciation gift.

Mrs. Nannie Mauk was in charge of the social hour which followed the meeting when about fifty members and four guests from the Dimmitt Rebekah Lodge, were served.

CARD OF THANKS

We wish to take this means of expressing our sincere thanks for all the cards, letters and gifts sent Tommie Kay during her stay in the Dallas hospitals. To each individual who contributed in any way to her happiness, we say thank you.

You can't help but keep a McCormick-Deering Milker pail spotlessly clean. Every part of the surface that milktouches is readily seen for quick cleaning.

Besides, the completely stainless steel construction makes rusting impossible. Just take a look at this modern machine and you'll agree that the easy-to-clean McCormick-Deering helps produce more profitable milk.

And the 9-inch pail opening . . . how can that mean better milk for you? Because it simplifies your cleaning job, thus keeping bacteria at a minimum, and speeds up drying.

There's a good way to prove these facts. Stop in and look over this great milker or, better yet, arrange for a demonstration. Find out for yourself just how the McCormick-Deering Milker turns out cleaner, healthier milk.

Pork is an item that housewives may well consider during January, for pork can't be kept in storage long, as it spoils rapidly, and indications are that prices will be lower. From a nutritive standpoint pork ranks high and any number of savory dishes may be featured from the various pork cuts.

Let's Cook Something

A crown roast of pork with apple sauce stuffing is suggested with Mrs. W. S. Flutt providing an old-fashioned recipe used by her mother when she was rearing a large family on the farm. Prepared in this manner pork roast is delicious and at hog butchering time it is a thrifty way of using up the bony pieces.

Crown Roast of Pork With Apple Sauce Stuffing

Ask the butcher to prepare a crown roast allowing two chops per person. The roast is cut from the pork loin, commonly known as the pork chop section. Sixteen ribs — (about six pounds—will serve eight).

Three cups apple juice.
Three cups apple sauce.
Salt and pepper.
Salt pork or bacon.
Remove the excess meat from the ends of the rib bones and shape length of loin into a crown with ribs up. Tie with string around the middle to hold in shape.

Place in pan on rack with the three cups of apple juice, cover and let come to boil. Remove from fire at once and season with salt and pepper. Place a cube of salt pork or bacon on end of each of the rib bones, as great care must be taken to keep the rib ends from burning, and then place the roast on rack in open roaster and bake in slow oven (250 degrees F) about three and a half hours or until tender. While the roast is baking, cook

enough apples in the apple juice used for the quick boil in the beginning of the preparations, to make the required amount of thick apple sauce and season with 1/2 teaspoon cinnamon, 1 cup of brown sugar and enough red cake coloring to make it deep red.

When the roast is ready to serve remove bacon or pork from ribs and replace with paper frills. (These add a decorative touch and serve as a handle which the carver will appreciate). Place the roast on a large chop dish of platter and fill the center with the apple sauce. Garnish with apple rings which have been glazed in red sugar syrup, or sauteed pineapple rings, and a few sprigs of parsley.

To glaze the apple rings, allow one-half cup of sugar and three tablespoons of water, to which has been added a few drops of red cake coloring, to come to a boil, drop in the apple rings and cook slowly until done. Place pecan halves or a green cherry in the center of the rings for added attraction.

Albracht-Kriegshouser Wedding Is Solemnized at St. Anthony's

St. Anthony's Catholic Church was the setting here, Tuesday morning for the marriage of Miss Jeanette Albracht, daughter of Mr. and Mrs. C. J. Albracht to Allen Dean Kriegshouser, son of Mr. and Mrs. C. E. Kriegshouser of Edina, Mo. Reverend Father Albert Heald performed the double-ring ceremony as the couple knelt on a white satin kneeling bench before an altar decorated with poinsettias and lighted by white tapers held by branched candelabrum.

Fews were marked by white chrysanthemums and ribbon bows.

Mrs. Robert Kerschen presided at the organ and accompanied the choir as the "Mass of the Shepherds," by Pietro Yon, was sung, and Miss Adeline Koelzer who sang "O Perfect Love," and "Ave Maria" (Rosewig).

The bride's sister, Miss Juanita Albracht, wore a floor-length dress of chartreuse taffeta made with fitted bodice and full skirt with bustle back for her role as maid of honor. Here corsage was of pink carnations tied with showers of pink ribbon and her headdress was a small veil of bronze net held by a wreath of carnations caught with sequins.

The bridesmaid, Miss Rosella Albracht, aunt of the bride, wore a Kelly green taffeta, fashioned along the same lines as that worn by the honor maid.

Her flowers and headdress also matched those worn by the maid of honor. Little Deanna Rose Kriegshouser, niece of the bridegroom, was flower girl and carried a colonial basket of pink carnations. She wore a rose taffeta dress made with scalloped yoke edged with self material ruffle. Master Roger Albracht, brother of the bride, was ring bearer and carried the rings on a white satin pillow.

Harold Kriegshouser, brother of the bridegroom, served as best man and Thomas Albracht, brother of the bride, was groomsman. Gerald Banner and Johnny Albracht, uncles of the bride, were ushers.

Given in marriage by her father, the bride wore a gown of white satin made with a fitted bodice buttoned up the back, long pointed sleeves and a full skirt, extending into a chapel length train. The deep lace yoke was dramatized by a wide ruffle of lace, and the full skirt was set off by deep insets of lace at either side of the front, accentuated by shirred folds of the satin.

Her three-tiered veil of illusion was finger-tip length and was attached to a bandeau of white satin embellished with clusters of apple-blossoms. Her only ornament was a double strand of pearls which the bridegroom had brought her from Japan.

The bridal bouquet was a single white orchid arranged with clustered carnations and white lace with wide satin rib-

bon wired in loops and folds. The wedding breakfast which followed the ceremony was held at the home of the bride's parents and was attended by the entire bridal party. A reception in St. Anthony's School Hall honored the couple in the afternoon with the three-tiered wedding cake being cut by the bride and bridegroom. After the dance given at the club house Tuesday evening, the couple left on a wedding trip to bridegroom's home in Edina, Mo. For traveling the bride wore a black ensemble with black feather-trimmed hat. She had the orchid from her wedding bouquet pinned to her shoulder.

Upon their return from the wedding trip they will reside in a new home in West Hereford.

The bride was graduated from Hereford High School and from St. Anthony's School of Nursing in Amarillo. She is also a graduate of Amarillo Junior College. Until the time of her marriage she was employed at Deaf Smith County Hospital.

Mr. Kriegshouser graduated from Edina, Mo. High School and served with the United States Marines in Japan during the war. He is employed here at the Hereford Locker and Cold Storage Plant.

Out of town guests at the wedding were Mr. and Mrs. Mel Kruse, Mr. and Mrs. Honen and Miss Bob Ellen Dalluge, all of Amarillo and Mrs. Jimmie McGuire and children of Roswell, New Mexico.

North Hereford HD Club Elects Officers

Mrs. Alice Cox conducted installation rites for new officers of the North Hereford Home Demonstration Club when a meeting was held at the home of Mrs. Frank Brinkman Thursday afternoon. New officers included Mrs. Mrs. Fred Saltzman, president; Mrs. Frank Brinkman, ice-president; Mrs. Paul Hoff, secretary; Mrs. H. E. Pettyjohn, assistant secretary; Mrs. Otto Olson, treasurer and Mrs. Mary Bodkin, reporter. Council members are Mesdames Paul Hoff, Dick Barrett and R. A. Fullwood.

During the business meeting a letter from Germany was read in response to Christmas packages sent by the club. Members voted to send another box to a needy family in Germany. Reports were heard and new year books were distributed. The next meeting will be in the form of a one o'clock luncheon at the home of Mrs. Dick Barrett.

Other members of the club attending were Mesdames W. H. Russell, Frank Wilde, C. L. White, head, Miss Dorothy Wilde and the hostess.

Mrs. Lula Gault of Buhl, Idaho, is visiting in the home of her son, Howard Gault.

LaPlata Club's Hobby Show Will Benefit Nursery at County Hospital

At a meeting at the home of Mrs. Clyde Cave Tuesday night, LaPlata Club members voted to aid in securing more equipment for the nursery at Deaf Smith County Hospital.

Plans now are complete for a "hobby show" to be staged by sometime in February. Need for added equipment in the nursery prompted the club to arrange the show as a benefit.

That the nursery is not adequately equipped, is largely a matter of finance and Mrs. Homer Brumley and Mrs. Cave, co-chairman of the show, report the hospital staff "quite elated" for another incubator, cribs and even layettes are needed. Elmer Mathies, administrator at the hospital, reports that service clubs of the city are also planning to give further aid to the nursery.

Show Divisions Outlined
The Hobby Show committee announced that there will be two main divisions of the show, one for adults and one for juniors, with a creative and a collective section in each. Entries will be open to the general public and cash prizes will be awarded in each section. Judging will be done by popular vote.

Begins New Program
The second half of the club's study course which is built around Texas ranches was be-

gun at the Tuesday meeting with Mrs. Harry Cayler introducing a series of programs with a brief history of ranching in the state. She quoted "Other states were made or born but Texas grew from hide and horn" and told of early day ranch life in Texas.

Mrs. Milton Adams told of the White ranch in Texas, which is still maintained by members of the James Taylor White family. The ranch which is located in South Texas near Liberty, has been in the hands of the Whites for five generations and a letter was read from Mrs. Roy White a member of the present family, who told of the ranch as it exists today.

"The first James Taylor White is credited with bringing the first longhorn cattle to Texas, and with opening the trail from Southeast Texas to New Orleans," Mrs. Adams said.

The next meeting of the club will be held in the home of Mrs. J. R. Johnson on January 18. Members present were Mesdames Milton Adams, Clie Best, Homer Brumley, Harry Cayler, Pete Cowart, Dalton Criswell, Emil Dettman, Willis Edelman, J. R. Johnson, Palmer Norton, Elmer Patterson, A. J. Schroeter, Urlin Streu, Morris Thomson, Liston Wilson, Marshal Formby, Miss Genevieve Eberle and the hostess.

Robert E. Teter Marries Sooner Girl at Woodward in December

Nuptial vows were solemnized December 26 for Miss Mildred Figley of Woodward, Okla. and Robert E. Teter, son of Mrs. W. A. Teter and the late Mr. Teter of Hereford, in the home of the bride's parents, Mr. and Mrs. J. M. Figley.

Rev. D. Allen Polin, pastor of the First Methodist Church of Woodward, officiated at the double-ring ceremony as the couple and their attendants stood before the fireplace with mantel decorations of holly, white poinsettias and white tapers in gold candelabra. An arrangement of "Ave Maria" was played as Miss Julia Ann Figley, sister of the bride, lighted the tapers and as soft musical background for the ceremony.

Mrs. Jack Calmes Hobart, was sister's matron of honor. She wore a green suit with sapphire mist accessories and a corsage of gardenias. William E.

Shellhart, cousin of the bridegroom, served as best man. Given in marriage by her father, the bride was attractive in a beige gabardine suit worn with navy accessories. Her flowers were pink camellias. At the reception which followed the bridegroom's sister, Mrs. J. T. Bell of Edmund, served the wedding cake and Mrs. Walter Whitcomb, sister of the bride, poured coffee.

Later Mr. and Mrs. Teter left by plane from Oklahoma City for a week's wedding trip to Havana, Cuba. They will establish residence in Stillwater where Mr. Teter is a senior student at Oklahoma A&M College.

Mrs. Teter was graduated from the University of Oklahoma where she was a member of Delta Gamma sorority. Mr. Teter, a member of Kappa Sigma fraternity, served three years in the Army Air Force.

Paper Advertiser For an Advertiser

Athens, Texas (AP)—When a newspaper advertiser for an advertiser its news.

The Athens Daily Review did it. The man was a classified advertiser. He walked into the Review office and took out an ad, offering to rent his house, rent-free, to anyone who would take care of it.

But he failed to leave his name, address or phone number. Result: the Review office was deluged with applicants.

And they were irritated and even somewhat angry when we couldn't produce the name of the advertiser, "H. M. Kemp, publisher of the newspaper, smiled.

"As the days wore on," the

clamor increased. We are getting pretty desperate."

So the Review ran a three-column, front page story, headlined:

"Wanted: One advertiser." The story outlined the paper's predicament. "We would like to know who he is, too."

An the story fetched the advertiser. He came in grinning. Next day, the Review ran a triumphant front-page note, announcing that its advertisement for an advertiser had succeeded.

Bill and Pat Hollabaugh and daughter Lois spent New Year's day in the home of Mr. and Mrs. Clarence Hollabaugh. They returned in the afternoon to Amarillo where they are both employed with the Bell Telephone Company.

West Texas C of C President Stresses Importance of Water Rights Protection

Special To The Brand
ABILENE—Protection of the domestic water rights of West Texas recently was termed by President John Mitchell of the West Texas Chamber of Commerce, as the most important task for 1949. Mitchell, president of the First National Bank of Odessa, stopped in Abilene for a conference with General Manager D. A. Bandeen.

"We are launching on all fronts a very comprehensive and constructive program as worked out by our executive board, eight district meetings and board of director action during October and November," Mitchell said.

"Our first and most important task is to protect our municipal and domestic water rights now being seriously threatened by legislation requiring that all big power dams be first filled with water before our West Texas towns can get water."

"My town of Odessa would be foolish to participate in a \$12 million tri-city water project if our water supply on the Colorado is first dependent on the big power dams around Austin being filled before we can have water. The same applies to all West Texas towns."

To assure action on this before the legislature the Municipal Legal Rights and Defense Committee meeting has been

called for Amarillo 10 a. m. Monday, Jan. 17, in the office of Mayor Lawrence Hagy, who is co-chairman with Charles S. South of Coleman of this important committee. Other members are Preston Kora, manager of the Odessa Chamber of Commerce, secretary; Charles E. Coombes, Stamford, legal consultant; Mayor Lance M. Davis, Rotan; Mayor A. C. Humphrey, Stamford; Mayor A. F. Little, Jackboro and R. M. Wagstaff, Abilene, who was one of the authors of the WTCC-Wagstaff-Woodward act, is the law which now gives domestic users prior rights to water.

Proposed new legislation would place a vested right to water that falls on West Texas water sheds with present appropriation holders, which include power dams, thus depriving municipalities of their rights to recapture this water for domestic use, under the present law, according to Mitchell.

At the same time he pointed to the importance of another committee, which will meet in San Angelo, Jan. 10. This is the legislative enactment committee of the Soil Conservation Commission, and is headed by W. R. Cusenbery of Sonora and Wendell Mayes, Brownwood. Other members are Paul Counts, Fort Stockton Chamber of Commerce manager, secretary; Ster-

ling Williams, Snyder; Judge L. M. West, Channing; Judge Robert Herring, Breckenridge and J. Walter Hammond Tye.

It is the duty of this committee to assist in passage by the 51st session of the legislature an enabling act prescribing terms and conditions of use by the respective counties of the state general fund ad valorem as constitutionally diverted to the counties. Under this bill the counties are assured the maximum of local self government in the expenditure of these funds within the counties for soil conservation, farm-to-market roads and water conservation purposes.

TO HAVE FIRST GOLDEN GLOVES

VIENNA (AP)—Austria's young amateur pugilists will compete in the first Golden Glove tournament ever held in this country this winter, under sponsorship of American military installations.

The tournament will be part of the Austrian Youth Activities program and entrants will be accepted from Vienna and the American occupied zone of Austria. Preliminaries will be held in Vienna, Salzburg and Linz, with the finals in Vienna. A silver cup will be awarded the winners of each weight class in the championship events, which will be operated under international amateur boxing rules.

M/Sgt. Virgil D. Evans, of 1500 E. Street, Big Springs, Tex., heads the committee in charge of the tournament.

LEAVES FOR COLLEGE
Charles Frye left last weekend for Fort Collins, Colorado, where he will enroll at Colorado A & M College for the coming semester.

Others attending the meeting were Rosemary Young, Marilyn Lewis, Ida Rae Brunson, Betty Culpepper, Marian Jo Wilson, Patsy Cates, Gayle Gault and Sue Savage.

Severe Wind is Whipped Up After Light Snow Falls Monday

By MRS. W. R. MOORE

A light snow fell in the community Monday, followed by a severely cold wind.

Mr. and Mrs. C. R. Hughes and little daughter have moved to their new home near Amarillo, but Mr. Hughes will stay on the farm most of the time.

Miss Neta Jo Moore returned to Plainview Saturday after spending the holidays in the home of her parents.

Mr. and Mrs. Paul E. Myers from King City, Mr. and Mrs. Kenneth Dygert and daughter, Iona, from Raton, N. M., Mr. and Mrs. Don Bartlowe from Amarillo, Mr. and Mrs. Cecil Roark, Mr. and Mrs. Roy Lee Jones from Wildorado were visitors in the W. R. Moore home during the Christmas holidays.

Little Gary Dale and Connie Jo Sweatt have returned to their home in Plainview after staying a week in the home of their grandparents, Mr. and Mrs. F. E. Finney.

Wyndell Martin of Hereford called in the home of Wilma Moore Sunday afternoon.

W. R. Moore was a visitor in the Jack Reynolds home in Amarillo Monday evening.

Mr. and Mrs. Belton Finney and sons, Dickie and Clarence Weldon spent Tuesday night in the home of Edd Sharp near Wildorado and visited Tuesday and Wednesday.

Mr. and Mrs. Jimmie Brutt of Fort Worth and Mr. and Mrs. John Farmer from Ryan, Okla. were holiday guests in the C. C. Whitaker home.

Miss Wilma and Billy Moore entertained a group of young people Sunday with a birthday dinner in honor of Betty Jo Cretsing of Wildorado and Oliver Ray Finney of this community. Attending the party were Rita and Billy Tapscott, Betty Jo, Georgia Anna and Royce Cretsing, Atha Boeling and Coneta Parsons of Wildorado, Mr. and Mrs. Belton Finney, Dickie, Clarence, Billy Jack and Oliver Ray Finney.

Mr. and Mrs. C. Kemp of Pro-

gressive were visitors in the W. R. Moore home Sunday.

Mr. and Mrs. Belton Finney and boys are moving to the Box-Car Ranch northwest of Hereford. Their friends and neighbors regret having them move away.

Mr. and Mrs. F. E. Finney made a business trip to Hereford Wednesday.

Rev. Baird Slated To Talk at Amarillo

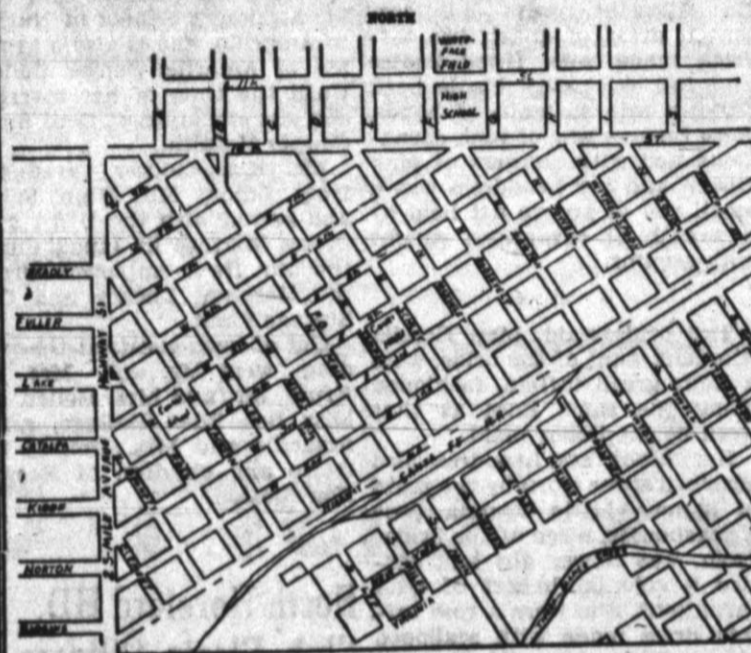

Rev. Jesse Hays Baird, D.D., L.L.D., Moderator of the 100th General Assembly of the Presbyterian Church in the U. S. A., will be the guest of the Presbytery of Amarillo at the First Presbyterian Church of Amarillo Sunday, Jan. 9.

Dr. Baird will speak at regular morning an evening services, in addition to a special address for men of the Presbytery at 4:30 p. m. Mrs. Baird will address a meeting of women at the same hour. At 6 p. m. a buffet supper will be served to those who attend the afternoon and evening services.

Since his graduation from McCormick Theological Seminary in 1917, Dr. Baird has been active in the work of the Presbyterian Church, serving as moderator of the Synod of Idaho, moderator of the Synod of Utah, member of the General Council of the Presbyterian Church in the U. S. A., and, more recently, has been president of San Francisco Theological Seminary in San Anselmo, Calif.

POISON AIDS THIEVES

SIMLA, India (AP)—Thieves in the East Punjab Railway were operating on a new technique before they were found out and 14 of them arrested. Dressed in military uniform, they used to offer poisoned food to traveling military officers. After the victims became unconscious, the thieves stole their belongings.

CHICAGO (AP)—Two painters—brothers—came to repaint a home in suburban Deerfield.

The older brother told the lady of the house the decorative railing on the roof of the sunporch should be torn down. "One strong wind," he said, "and pooooo!"

The railing was removed. The next day the younger brother came to the woman, pointed to the discarded railing and said:

He did, too. "May I have it? I'd like to put it on my house."

REDUCES SILICOSIS

MOSCOW (AP)—The newspaper "Medical Worker" announces progress in the battle with silicosis.

The paper states that experiments in the Urals in "wet drilling" have resulted in reductions below the danger norm of dust in the respiratory area of miners examined. It was announced that the largest mine in the Kisel coal basin had now adopted the "wet drilling" system.

Advertisement for electrically done work. Features a woman sitting at a desk with a typewriter and a safe. Text: 'WOMAN'S WORK IS EASILY DONE Electrically'.

REMEMBER when grandmother sighed over the wisdom in the old saying "Man works from sun to sun... woman's work is never done?" It's not like that today... thanks to electricity. In a home where electricity is used, woman's work can be done much more easily, and rapidly than in the old days. Too, it's done economically, because the cost of dependable electrical service is so low. Look around your home and notice in how many ways electric service is making it easier for you to be a real homemaker. You'll be surprised and pleased, and odds are you'll soon be shopping for more electrical appliances to take even more work off your hands.

Annual New Year's Event is Held in Reed Williams Home Saturday Night

The New Year's party given by Mrs. O. L. Click and Mrs. Reed Williams was a gay event, replete with black-eyed peas, cornbread and all the other traditional Texas foods. The annual supper event was given at the Williams home this year and carrying out a custom established several years ago, each guest drew a number upon arrival which automatically assigned this task in the preparation for the meal. Everybody cooked.

After the supper, bridge was enjoyed and movies taken last year at the party held at Mrs.

Click's home were shown. Movies of Saturday night's party were made by Jesse Click and Dwayne Christian.

Those attending were Mr. and Mrs. J. M. French, Mr. and Mrs. Jim Lipscomb, Mr. and Mrs. Frank Gyles, Mr. and Mrs. Jim Black, Mr. and Mrs. Click and Mr. and Mrs. Williams.

David Rizzio, secretary and favorite of Mary, Queen of Scots, was born in Turin, Italy, and came to Scotland in the train of the ambassador from Piedmont.

Present were Mesdames Orin Russell, Nowell Shockley, Steve Williams, Lowery Walker, John Draper, Clarence Hallabrough, Ronald Matthews, Harry Schultz, John P. Slaton and Miss Evelyn Bell.

Cultural HD Club Has Holiday Party

Cultural Home Demonstration held its annual holiday party in the home of Mr. and Mrs. R. E. Childers with forty-two games providing entertainment. Seasonal appointments and decorations added a festive touch to the affair.

Those present were Messrs. and Mesdames J. I. Findley, Grady Parsons, J. T. Richardson, A. F. Hargett, and children, E. F. Duckworth and boys, Mesdames R. N. Cook and children, Childers and son, of Tulla, Pool of California and the hosts.

SAVES A SHELL

MANDAN, N. D. (AP)—Jack Murray, Mandan, N. D. postmaster, was in a party that agreed to shoot only bucks. A deer bounded into view. "Don't shoot, it's a doe," yelled Murray.

The deer swerved, hit a tree, and fell dead of a broken neck. It was a buck.

Hunter Got Deer With Automobile

SUTTON, N. D. (AP)—Most North Dakota hunters kill their deer by the conventional method—with a gun. But not Kenneth Leininger of Sutton.

He was enroute to a friend's home in a nearby town to pick up a rifle on the opening day of the season when a deer suddenly scampered in front of his car.

The deer slipped on the icy road. Leininger's car also slipped, plunging into the animal. Leininger whisked out a hunting knife and slit the deer's throat.

Air Lift Communications Headed by Adopted Texan

adopted Texan, Col. Jess Guthrie of San Antonio, heads air communications in "Operation Vittles." The airlift to Berlin over the Russian blockade.

Guthrie, described admirably by Lieutenant Eustace, an information officer, as "one of the biggest Texas blowhards you ever heard," has just issued to his subordinates eight commandments couched in Biblical language.

Counseling his officers to "commend, reprimand, promote and demote as justified by the acts of thy disciples," Guthrie comments:

"Blessed are the merciful, but

promotion to colonel will be slow."

He caps off his instructions with:

"Harken not my words and be reprimanded, for sad is the life of the Eightball."

Guthrie, who served 19-years as an enlisted man, mostly at Kelly Field, calls himself a "Texan by choice, not by accident of birth." Eustace did not disclose Guthrie's native state.

When war hit, Guthrie was commissioned and in six years he became a colonel. He commanded air communications over the "Hump" in the China-Burma-India Theater during the war.

PFAUGH! STARB'D THE HELM...RESUME COURSE!

WHAT! YOU'RE NOT PICKING HER UP?!? MAYBE SHE'S STILL ALIVE!

THEN I HOPE SHE LIVES TILL SHE MAKES PORT! AND THE BLACK GULL REMAINS EFFICIENT FOR THE JOB AHEAD!!

WHEN A WOMAN COMES ABOARD... TROUBLE COMES ABOARD WITH HER! ... STOP HIM!

YOU MAGGOTY SWABS! WHY DIDN'T YOU STOP HIM? WHAT CAN WE DO WITHOUT A FLYER!

WH...!! TONI! HOW DID YOU GET HERE?!?

SCORCHY! HI! JUST TRYING TO RETURN A FAVOR, PAL!

HUH?!? YOU'VE HAD TOO MUCH SUN AND PRIVATION, TONI! TAKE IT EASY! YOU'LL BE SAFE NOW!!

JOHN HENRY'S SHIP 'LOLANDA' MAKES A PRETTY PICTURE CUTTING THROUGH THE WATERS OF THE GULF STREAM--

THIS IS LIVING, WAGS--SAILS, SUN AND SEA--AN' WITH TH' GULF STREAM, WE EVEN HAVE RUNNIN' WARM WATER!

JOHN HENRY AND DAN ARE STILL GABBIN'-- GUESS THEY'LL NEVER GET CAUGHT UP ON WHEN THEY WERE SHIPWRECKED ON TH' ISLAND OF LOLANDA AN' JOHN AN' HIM WERE SPOSED TA GO BACK SOME DAY!

BELOW--

FOR EIGHT YEARS I DREAMED OF FINDING YOU, DAN-- YOU'RE THE ONLY ONE THAT COULD FIND UNCHARTED 'LOLANDA' AGAIN-- AND NOW IT STILL SEEMS LIKE A DREAM.

YES, BUT A DREAM WE'RE GOING TO MAKE COME TRUE, JOHN-- A DREAM COME TRUE FOR DICKIE AND ME, TOO-- WE WERE GOING 'LAND-STALE'--

LOLANDA-- I CAN REMEMBER HER SMILE, HER DARK EYES AND SOFT LIPS AS IF IT WERE YESTERDAY--

HEY, SNAP OUT OF IT, JOHN!-- WHO EVER HEARD OF AN' ISLAND WITH EYES!--?

BUT LOLANDA IS ALSO MY WIFE'S NAME--

WHEN YOU SEE THEM BOTH TOGETHER-- SO CALM-- SERENE-- SO BEAUTIFUL-- YOU WILL SEE WHY THE ISLAND'S NAME WAS THE ONLY ONE FOR MY WIFE.

MUSH

CALM, SERENE, UNTRoubLED BY THE BITTER WINDS AND CURRENTS OF THE OUTSIDE WORLD-- A SHANGRI-LA.

I AM TIRED BY MY FORCED ABSENCE AND WANDERING-- THE PEACE AND CALM OF THE LOLANDAS WILL BE INDEED WELCOME!

HALF WAY AROUND THE WORLD, ON THE TINY PACIFIC LAND-SPECK NAMED 'LOLANDA'--

THE LONELY LOLANDA WALKS OFTEN BY THE SEA.

STILL HOPING FOR HER HUSBAND-- AS IF HE COULD DO ANYTHING NOW!

HOWER HOOPER

by RAND
TAYLOR

WOULDN'T YOU
LIKE TO TAKE A
WALK WITH US,
DEAR?

YOU GO
ON, M'LOVE-
I'LL JUST SIT
BY THE FIRE!

OLD HOOPER CAN'T FOOL
ME - HE DOESN'T
WANT TO GO WITH
US BECAUSE WE
WALK SO SLOW!

AS SOON
AS WE'RE OUT
OF SIGHT HE'LL
DUCK OUT THE
BACK WAY AND
TAKE A STROLL
BY HIMSELF!

LET'S GO AROUND
AND CATCH HIM
SNEAKING THRU
THE ALLEY!
