Dawn School Will Be Closed Study Proposal On Precinct Lines

A proposal to re-align precinct lines was tabled by Deaf Smith County Commissioners during their regular meeting Monday.

The proposal, in the form of two marked maps, was submitted for the court's consideration by County Judge H. C. Williams.

He explained that the alignment would equalize voting strength in the two "town precincts", numbers One and Two, and would more nearly equalize votes in the two "rural precincts", numbers Three and Four.

A city map showed how the line between Precincts One and Two could be moved to make their voting strength nearly equal. Judge Williams said that the move would change about

600 votes, moving them from Precinct Two to Precinct One.

In the 1959 General Election, there were 2681 votes cast in Precinct Two and 885 in Precinct One. During the 1958 presidential election, the ratio was 1959 to 778 and in the 1957 General Election it was 1889 to 485. All of these figures are exclusive of absentee votes.

The proposed alignment would put about 1461 votes in Precinct Two and 1405 in Precinct One.

Using a large county map, the move would change about

Dawn Elementary School will not operate in the future, trustees of the Hereford Independent School District finally decided Tuesday night. Unanimous approval was given by the board to a motion to close the only rural school in the district. The two-teacher Dawn School is located about 15 miles northeast of Hereford in the Dawn community.

Action came late Tuesday night after trustees had heard a plea from Dawn residents that the school be kept open. The vote came after more than an hour of discussion by the board. The matter has been a frequent subject for discussion in school board meetings for more than six years.

Board members said the primary factor was the problem of providing the best educational program at the school. The cost per student also was a subject for discussion. Following their action, board members drafted the following statement for publication:

"After a thorough study of several important factors, we feel that it is in the best interest to close the Dawn School. It is also our feeling that the per capita expenses of maintaining the school were excessive and constituted an undue burden upon the patrons of the entire school district. This action was taken after a great deal of thought and study, with the feelings and desires of the Dawn School patrons carefully considered. The final decision was based on what we felt would ultimately provide the best education for the children from Dawn."

All members of the board concurred in the statement.

Trustees also voted that the Dawn School Building be turned over to the residents of that area for a community building. The decision is contingent upon the property deed and any restrictions upon it. Steve Bavousette was spokesman earlier in the meeting for a group of 13 Dawn residents who appeared to ask that the school be operated again. The group stressed the community closeness that centered around the school and the convenience of the school, particularly for those in the younger grades. Bus transportation also was discussed by the group in an amiable session.

During their study period, trustees reviewed an analysis of operational costs for the Dawn School and the remainder of the Hereford School system. The 1962-63 expenses totaled \$816.40 per student at Dawn, based on the average daily attendance of 20 students. Cost per student in Hereford was \$463.75, or a difference of \$352.65. (Continued on Page 8)

Forgery Charges Are Filed Here; \$1000 Bond Set

Forgery charges were filed here Tuesday against a Hereford man following his alleged attempt to pass a worthless check at a local grocery store.

The manager of the firm complained to Hereford Police Department that the man, Robert Leon Loftin, 18, 307 N. Lee, passed a check for \$46.72 at the store. The check was said to be worthless.

Loftin was taken into custody by a patrolman soon after he had lost a Sheriff's Office unit in traffic. He was arrested about 2:05 p. m. at Park Ave. and Ave. B.

As the man was arraigned before Justice of the Peace C. B. Miles, he entered a plea of not guilty. Bond was set at \$1000.

2 Women Hurt In Auto Wreck Here Saturday

Two women were injured and two automobiles were very heavily damaged in a collision at Ave. and Park Ave. about 2:30 p. m. Saturday.

The injured were Mrs. Pauline M. Hewitt, 58, of Seymour, and Mrs. Florence McDorman of Hereford, a passenger in the Hewitt automobile. Both were taken to Deaf Smith County Hospital for treatment.

According to a hospital spokesman Wednesday morning, both women were in good condition.

The accident occurred as the Hewitt automobile, headed west, was struck at the right rear by a southbound vehicle driven by Mrs. Bernice Renfro Watson, 51, of Hart.

An accident investigation report stated that the Watson vehicle ran a red light at the intersection before the two automobiles collided. Mrs. Watson was ticketed.

No one in the Watson car was injured in the accident. Damages to the 1961 model sedan driven by the Hart women were listed at \$500. Damage to Mrs. Hewitt's 1963 model sedan was placed at \$750. Neither vehicle was equipped with seat belts. (Continued on Page 8)

Around Town

BY H. A. TUCK

Combines are now beginning to edge into wheat fields for test runs of both grain maturity and machines. The moisture content is getting low again and most of the harvest should be underway within the week, although some will be slightly longer. As my dog once said after watching a hail strip his wheat field, "That's not the kind of harvest I had in mind." Since I was just a small totler then, I imagine that he didn't really say what he felt. In deference to the harvest, I'll not make any prediction at all about the weather, although I'm secretly hoping for clear skies, low humidity and hot days.

A service station fire is one of the most dangerous to fight, and firemen live in dread of such calls. But the Hereford Fire Department came through such a call Tuesday night without an injury... almost. We (Continued on Page 8)

Three Students At Boys, Girls State Gatherings

Three Hereford High School students are in Austin this week, learning how government operates. They are delegates to Boys State and Girls State. Ronnie Duncan and John Fowlkes left last Saturday to attend the annual Boys State convocation. Miss Kay Coffman left Tuesday to attend Girls State.

Duncan is the son of Mr. and Mrs. G. W. Duncan. Fowlkes, the son of Mrs. Lorraine Fowlkes, was a last-minute alternate after delegate Mike Ferguson was hospitalized. Both boys will be high school seniors this fall.

Miss Coffman is the daughter of Mrs. Helen Coffman and will be senior at Hereford High School.

They will gain first-hand experience in the operation of a government while they construct the governmental system for an imaginary state. Not only will they learn of the government through their own activities, but they will also be able to observe the state government in operation.

These students were elected on the basis of scholastic record, character, and leadership by the American Legion and the American Legion Auxiliary. Their goal is sending the representatives in bonding the understanding for all levels of government through participation.

House Burglar Lifts Collector's Coin Collection

A house break - in here Monday netted a burglar \$36.07 plus additional change, but a coin collector lost a portion of his valuable collection.

Reporting the break - in to Hereford Police Department was Dale Henson, 788 N. Miles. The burglary is believed to have occurred between 9:30 and 11:30 a. m.

An investigation report stated that approximately \$12 was taken from his children's piggy bank as well as some loose change taken from the kitchen.

Greatest loss was reported from Henson's coin collection. Face value of the missing coins was reported to be \$36.07, but the collector's value was not known.

Missing from the collection were several proof sets, half dollar, quarters and silver dollars.

\$10 - 12,000 LOSS

Flames Damage Service Station

Damages resulting from a fire Tuesday which gutted the office and a store room of East Park 66 Service Station were estimated to be at least \$10,000 to \$12,000.

The building was owned by Jimmie Allred with the station being operated by Rocky Stewart.

According to Fire Marshall Clay Angelo, the fire broke out in a store room of the building about 10:30 p. m. Cause has not been determined, he commented Wednesday.

Even though the blaze did not break out of the building, heavy smoke hampered attempts to locate the fire. It was confined mainly to the store room.

Angelo stated that it was "hard to get to" since thick, oily smoke from burning tires and oil had filled the office.

At one point, the fire broke out into the office of the station but was quickly brought under control by Hereford volunteer firemen.

Damage was confined to the office and the storeroom. Walls and partitions as well as the ceiling were charred and blackened by smoke.

As the fire was being brought under control, it went into the walls and to the ceiling of the building. Firemen tearing away portions of the roof and walls extinguished the flames before they went through the roof.

Angelo stated that flames did burn through the wall of the

storeroom into the portion of the building where the grease and wash racks were located.

However, he added, that part of the building was not damaged by the fire.

Damage was confined to the office of the building, the store room and contents.

After clearing the office of smoke, firemen quickly located the blaze and brought it under control. Two hours after receiving the alarm, the fire was completely out.

Heavy Rains Hit County Saturday; Wheat Damaged

Deaf Smith County weather is beginning to cooperate with county wheat farmers as wheat is starting to mature in area fields.

However, heavy storm clouds lashed out again Saturday with rains and hail damaging still more of the area's short 1963 crop. Heaviest damage is reported to be in an area north and west of Farmer's Corner.

Damage to the area hit hardest by the storm is said to range from 20 per cent loss to a total loss.

The storm which lashed at sections of the county slowed the beginning of the harvest and washed out efforts by farmers in the southwestern section of the county to help damaged crops.

Cotton in that section has been severely damaged by heavy rains and hail. As fields dried, farmers were again replanting, some for the third time.

Loss of wheat in the area was also heavy.

With dry, warm weather—the first in several weeks—some wheat was being cut. However, it was just a trickle.

Harvesting operations are not expected to reach a peak in the Hereford area for at least a week or two. Much depends on the weather since the maturing date was set back by heavy rains and cool days.

During a brief but heavy storm which struck about 4 p. m. Saturday, .50 of an inch of moisture was dumped on the city. Total moisture for Hereford now stands at 8.64 for the year.

The official figure is exactly three inches more than was recorded here a year ago.

A FIRE STARTING IN this store room is an hour after the station closed. Volunteer firemen battled heavy smoke from burning tires and oil in order to extinguish the blaze. The blaze was reported about 10:35 p.m. (Staff Photo)

Hospital Bond Issue Passes In Light Vote, 299 To 243

In a light turn-out, voters approved the issuance of \$350,000 in county bonds for the expansion of Deaf Smith County Hospital.

Only 542 votes were counted in the election Tuesday, with 299 giving approval and 243 voting against. A simple majority was required for approval.

The bonds will finance the addition of a 20-room addition and renovation of the present medical facilities. It was the first bond issue election called for hospital expansion since 1947. Two additions have been added since that time, but they were financed by savings, gifts and time warrants.

Only two of the 16 voting boxes, and absentee votes, in the county gave approval to the bonds, but these were almost sufficient to carry the election. The remainder of the support came in a third large box which narrowly turned down the proposal.

Following are the results by voting places:

Precinct 1, license examiner's office, 42 in favor and 47-a-

gainst Precinct 2, commissioners' courtroom, 128 for and 49 against; Precinct 3, J. E. McCathern residence, 3 in favor and 10 against;

Precinct 4, Simms Community House, 4 for and 5 against; Precinct 5, Ford School House, 2 in favor and 4 against; Precinct 7, Dawn School House, 5 (Continued on Page 8)

TEMPLETON IS PROMOTED

Award Milk And Gas Bids; Hire Teachers For 1963-64

In addition to closing Dawn School, trustees of the Hereford Independent School District took up a number of other matters Tuesday night. They awarded milk and gas-bids contracts, hired new teachers, reviewed their faculty losses, announced a promotion and studied finances.

Representatives of the Walcott Common School District appeared to talk with the board about

transferring students into Hereford High School. The Walcott system included eight grades and furnishes transportation to students to attend Hereford High School.

Approval was granted on the same basis as in past years. Walcott will be charged on the actual cost per student, exclusive of transportation.

The board approved bids and made a detailed study of the

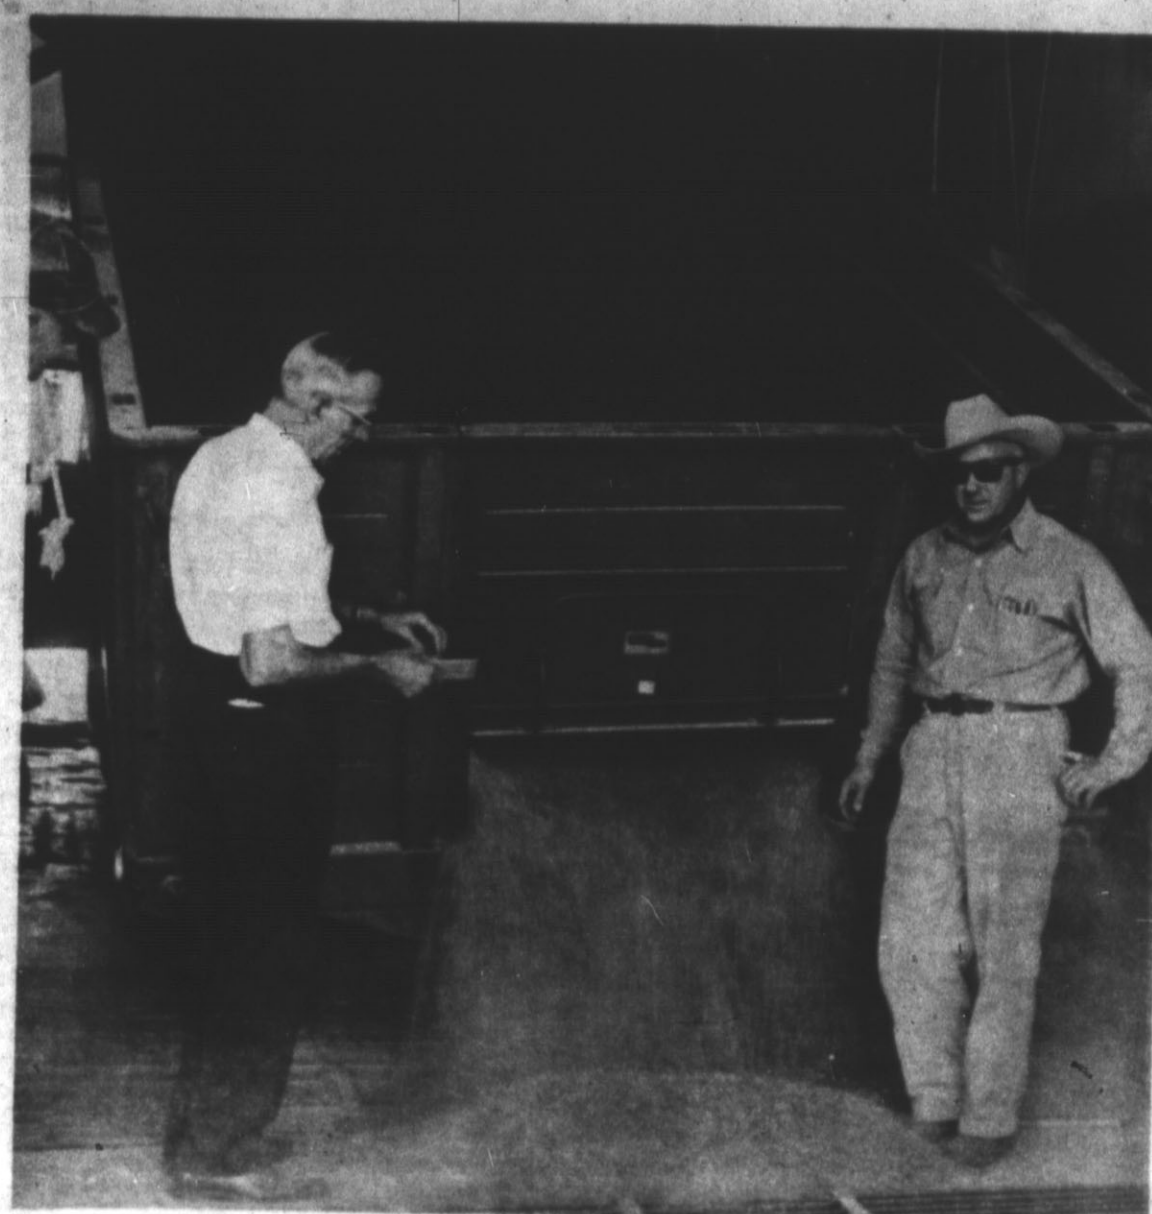

financial report.

In June, the board annually takes bids on bread, milk and gasoline for the next school year.

Bids on bread for the school cafeteria were tabled pending a further study. Fresh Bread Co. bid 22 cents for 1 1/2-pound white bread, 20 cents for 1-pound white bread; 21 cents on 1-pound whole wheat bread; and (Continued on Page 8)

TWO WOMEN WERE INJURED in a two-car collision at the intersection of 25 Mile Ave. and Park Ave. about 3 p.m. Saturday. The injured were Mrs. Pauline M. Hewitt, 58, of Seymour, and a passenger in her automobile, Mrs. Florence McDorman of Hereford. The Hewitt vehicle and an automobile driven by Mrs. Bernice Renfro Watson, 51, of Hart, collided in the middle of the intersection. Damage to the Watson car was placed at \$750 with damage to the second automobile placed at \$500. (Staff Photo)

THE FIRST LOAD OF WHEAT from the 1963 Deaf Smith County harvest was delivered in Hereford to Pitman elevator on Friday by L. C. Hewitt for Hewitt Brothers farm, and was yielding about eight bushels per acre. Moisture tested at 14 per cent. Studying a grain sample is E. Ward (left). At the right is Hewitt. (Staff Photo)

White Sox Sweep 8-0, 8-6 Doubleheader From Tribe

In a doubleheader Monday night, the White Sox shut-out the Indians 8-0 in the first game and then swept the series with a come-from-behind 8-6 win in the nightcap.

Gene Duvall pitched a two-hit performance for the White Sox in the opener while his mates garnered eight runs on the same number of hits.

Five runs in the first inning was more than enough for the White Sox to win. Two walks were followed by two singles and doubles by Robert Wagner and David Daniels.

In the third, the White Sox tacked two more scores to their total with a pair of singles and an error. Their last run came in the fifth on a single, a double by Ronny Houston and a passed ball.

Only serious threat for the Indians was made in the second when they loaded the bases on a single, a fielder's choice and a walk. But a play to the plate cut off the run.

Gene Duvall got credit for the

win by allowing just two hits. He walked three and struck out nine in the five-inning tilt. Bill Watts was the loser. He allowed eight runs on eight hits, walked two, and struck out nine.

The Indians had one error and the White Sox none.

It was a slightly different story in the second game. The Indians scored first as Felix Albiar powered the season's first home over the left field fence in the second inning. But the White Sox tied it up in the last of the second on two walks and a passed ball.

Again the Indians went in front as they marked up two runs in the third. A single, two errors and two stolen bases accounted for the run.

But the score was knotted 3-3 in the last of the third as the White Sox got a pair of runs on a single, three walks, three stolen bases, a wild pitch and a passed ball.

The tribe tried once more in the fourth, scoring three runs on two walks, a single and an

error.

But errors came back to haunt the Tribe in the bottom of the fourth as they allowed the White Sox to score five runs and take an 8-6 lead. With two out, a walk was followed by a single and a double by Duvall, two more walks, and another single sandwiched among these were two errors by the catcher that allowed runs to score.

The Indians made a valiant effort in the fifth as the first batters got singles. But a pop fly and a strike-out made it two away. The next batter got a walk but the catcher caught the lead runner trying to score and that ended the game.

Ronny Houston went the distance to gain credit for the victory. He allowed six runs on six hits, walked four and struck out six. Felix Albiar went the route for the Tribe. He allowed eight runs on four hits, walked ten and struck out nine.

The White Sox had three errors and the Indians two.

Six-Run Inning Gives 6-5 Win By Dodgers Over Cards

A six-run outburst in the fourth enabled the Dodgers to edge by the Cardinals 6-5 in Little League action Monday night.

Neither team could score in the first, although each had a runner on base. First run came in the top of the second as the Cardinals put together three walks and a passed ball.

In the last of the second, even two singles and a walk failed to score a run for the Dodgers. The Cards loaded the bases in the fourth, but couldn't move them around.

Then came the big move by the Dodgers in the bottom of the fourth. They made the most of five walks, a single by Mark Woodward and two fielder's choices.

The Cards battled back in the fifth for two runs on two walks, a single, an error and a hit batter, but left the bases loaded. They tried again in the top of the sixth after holding the Dodgers. The Cards used four singles, a hit batter and a fielder's choice for two runs but again left the bases loaded.

David Vines started for the Cardinals, with relief by David

Alvarado and John Page. Tommy Pool and Ishmael Urias shared mound duties for the Dodgers.

In one of the minor games, the Yankees broke a 20-day losing streak for a surprising 9-3 victory over the Braves.

The outcome gave the Dodgers undisputed second place and moved the Braves to third.

Hurrier Tim Thurman struck out the first three to retire the Braves. Then the Yankees used a single by Sheldon Alexander to score on wild throws.

The Braves tied it up in the second on an error and wild throws to make it 1-1. However, the Yankees exploded for seven runs in the second, including hits by Alexander, Loy Wylie and Cliff Higgins. The Yankees added their last one in the third on an error and a double by Wylie.

In the top of the sixth, the Braves scored two runs on an error and two hits.

Thurman went the route for the win, striking out ten. Nine of the strike-outs came in the

first three innings. Steve Vines and Greg Chisholm pitched for the Braves.

In the other minor league game, the Dodgers were nailing down their claim to second place with a convincing 16-4 romp over the Orioles.

The Orioles scored three runs in the first on three hit batters and two walks. But the Dodgers roared back for six runs on five walks, a single and a double by Robert Grady.

The Dodgers picked up seven more in the second on three walks and seven hits, including a double by Fredm Nannings.

Final run for the Orioles came in the fourth on walks and hit batters.

The Dodgers tallied three times in the fourth to win easily.

Kenny Rogers and Kenneth Lasing pitched for the Orioles. Paul Hamilton and Daniel Beversdorf pitched for the victory.

Legal Notice

THE STATE OF TEXAS COUNTY OF DEAF SMITH CITY OF HEREFORD

NOTICE OF HEARING ON CITY PAVING ASSESSMENTS Notice is hereby given to all abutting property owners and persons interested in the portions of the hereinafter mentioned portions of Avenue D in the City of Hereford, Deaf Smith County, Texas, that on the 3rd day of June, 1963, B. R. Morris and Associates, City Engineers, have filed with the City of Hereford, the estimated amounts per front foot proposed to be assessed against the owner or owners of abutting property and said property on each portion of Avenue D to be paved and improved by the City of Hereford, Texas, as well as the total cost of improvements on said street, and that the same has been duly approved by the City Commission and the same was ordered filed and same shall remain on file with the City Secretary in the City Hall in Hereford, Texas, as well as all the plans and specifications pertaining to all of such proposed improvements. Notice is further given that any and all property owners and persons interested therein within the City of Hereford and elsewhere, may inspect the same; and further, that the City of Hereford, by a resolution duly adopted by the City Commission thereof on June 3, 1963, has fixed the first day of July, 1963, at 7:30 o'clock p. m. in the City Hall in Hereford, Deaf Smith County, Texas, as the time and place for all of such owners and persons interested in such paving, and in such properties, to appear and make objections thereto, if any there be, and to contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits to the abutting property and owners thereof by means of the improvements for which assessments are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings, and contract in connection with such improvements, and proposed assessments, if it is so de-

sired; and this notice is given as is provided in Section 9 of Article 1105b of the Revised Civil Statutes of the State of Texas, in that the City proposed to levy such costs against respective properties as are shown in said proposed paving assessments as so filed by the City Engineers with the City of Hereford, and as hereinafter set forth. Said streets to be paved and portions costs of improvements on such hereinafter set forth. Said streets to be paved and portions of streets to be paved and the costs of improvements on such portions thereof, with the amount per front foot proposed to be assessed for such improvements against abutting property and the owners thereof, of each such portion, is as follows: UNIT NO. SEVEN, on Avenue D, from the present existing paving at the North line of Grand Avenue to the South property line of 13th Street, width of 37 feet, triple asphalt surfacing on six inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof, for improvements exclusive of curb and gutter is \$2.55; the amount per front foot proposed to be assessed against abutting property and the owner thereof for curb and gutter is \$1.25; the total amount per front foot proposed to be assessed against the abutting property and the owners thereof is \$3.80; the estimated costs of the improvements is \$8,520.18. This notice is issued this 3rd day of June, 1963, pursuant to the resolution of the City Commission of the City of Hereford, Texas, and under authority of the Statutes of the State of Texas. CITY OF HEREFORD, TEXAS Mary V. Watts, City Secretary (SEAL) T-24-3c

12-4 AND 19-1 VICTORIES

Latinos Take Wins From Muleshoe, Friona Sunday

Catching up from a rain-out, the Hereford-Latinos won two games here Sunday afternoon. They downed the Muleshoe Hawks 12-4 and then trounced the Friona Tigers 19-1. In the first game, the Hawks jumped out front 2-0 in the first on three singles and a walk. But that was the only time they led. In the bottom of the first, the Latinos scored four runs. A walk was followed by Shorty Salinas' triple, another walk, a single and a double. It was three up and down for the Hawks in the second before the Latinos went to work for three more runs on two errors, a fielder's choice, two singles and a hit batter. In the fourth, the Latinos scored two more on a walk, an error and a double by Chinto Suarez. Muleshoe got one run in the sixth on a single, a stolen base and two ground balls. But the Latinos picked up two runs in the sixth on a single and doubles by James Otts and Jose Rodriguez. Final score for Muleshoe came in the eighth on an error, a fielder's choice and a ground ball. The Latinos got their last run in the eighth on a double by Suarez and a single. Lape Ramirez went the distance for the Latinos. He allowed four runs on four hits, walked two and struck out 14. Jacinto Barra and Beto Gallegos pitched for the Muleshoe Hawks. The Latinos got 12 hits, 12 runs, with two walks issued them. In the game with Friona, it took even less time for the Latinos to win as the game was called after half of the seventh. But as the game started, it looked a little different. The

lead-off hitter for Friona got a single, but the next three were retired. Then the Latinos turned on the pressure. Joe Hernandez led off with a home run, Shorty Salinas got a triple and James Otts homered for a 3-0 lead. That 3-0 score remained until the last of the fourth, when the Latinos romped for 11 runs on eight hits including a double and a triple by Joe Hernandez. Three Friona errors also helped the Latinos. Only run for the Tigers was in the top of the sixth as Troy Crush doubled and came in on Pancho Castillo's single. The Latinos got two runs in the last of the sixth, but a double play shut off any more scoring for them. Juan Garcia got credit for the victory. He got some help late in the game from fireballer Gary Kendrick, who struck out the last five batters in succession. The Latinos hurlers gave up one run on five hits, walked one and struck out 12. Juan Ramos pitched the distance for the Tigers. He gave up 19 runs on 17 hits, walked five and struck out six. ATTENDS CONVENTION W. T. "Bill" Thompson, manager of the Deaf Smith County Chamber of Commerce, attended the 57th annual conference of the Texas Chamber of Commerce managers earlier this week. The three-day conference was held June 9-11 in Corpus Christi. About 250 delegates attended. Radford, Mrs. Cleo M. Wade, Mrs. Louis C. Lee, Harold L. Hundorf, 6-9. Mrs. Jim L. West, William D. Senior Class Returns From Its Trip To Colorado

By Ann Beavers
The 1963 graduates from Adrian went to Colorado Springs on their senior trip. While there they visited such interesting places as the Cave of the Winds, the Cliff Dwellings, the Seven Falls, Will Rogers Memorial House, and the Miracle House, where you either lean forward or backward.

They then went to Cheyenne Mountain, Color and attended a performance of the Grand Ole Opry on Friday night. In Denver, the graduates went swimming — clothes, boots and all. That night they saw the movie *Mad*.

The next day they took a trip on the Trail Ridge Road. At times they were at an altitude of over 13,000 feet. Back in Denver, they toured the United States Mint, attended the stock car races and shopped for western wear.

On the way home they visited the oldest well in the United States at Giorretta, N. M., and at Las Vegas, N. M., they saw Montezuma and toured a Catholic Seminary for young men.

The trip was climaxed by a Mexican food supper in Tucumcari, N. M., before returning to Adrian.

All seemed glad to be back where everything was green.

They said all the country they had seen was very dry. Mr. and Mrs. Joe Browlee and Mr. and Mrs. Rex Masley were sponsors for the trip. Friday, June 7, in the First Baptist Church of Adrian, Vacation Bible School students held their commencement program. Certificates were presented to 26 children and to their teachers. A program showing what the students had seen during their vacation Bible school was presented by the children. Then all went to Fellowship Hall where they saw the handwork of the children and were served refreshments.

A going-away party was held in honor of Donna Seay by her Sunday School Class. Mrs. Hazel Chilton took the class to Amarillo Tuesday afternoon where they all enjoyed a show and supper. Attending were Kathy Garrison, Jackie Loveless, C'ell Morgan, Jim Cavins, Larry Fridmore, Jimmy Clark, Charles and Bobby Harwood and Johnny Lewis.

Mrs. Francis Eagle went to Big Spring Friday, June 7, to bring home her daughters, Linda and Nina, who had been visiting their grandparents.

Mr. and Mrs. Alford Jobe and children attended the Thomas family reunion, Sunday, June 9, at Elwood Park in Amarillo. There were about 90 relatives attending.

Mr. and Mrs. Bob Clawsell visited in Hodges, Okla., last weekend with her mother, Mrs. William Watson.

Mr. and Mrs. Tom Tyler left Monday, June 10, for Oklahoma City, Okla. where they picked up Daria and Donna Tyler. They plan to spend the summer in Adrian.

Mr. and Mrs. Roy Long from Globe, Ariz., were weekend guests of the Bobby Speeds.

Mr. and Mrs. Harver Hill from Nocona visited Friday, June 7, in the Carroll Grublikey home.

Mr. and Mrs. Loren Crietz and family and Karen Nilsen were recently guests of Mrs. Hazel Chilton.

Mr. and Mrs. Thomas Weaver and children from Mesa, Ariz., visited his mother Mrs. Mary Weaver last week. They also visited Mrs. Grace Baker and Mrs. Nellie Davis.

Jess Fincher and Dub Edmonds went to Trinidad, Colo., to pick up Jackie Kidder and Ted Broten, who plan to spend the summer here.

Mrs. Clara Hale and children visited in Floydada with her parents, Mr. and Mrs. Roe Jones and family.

Mr. and Mrs. John Whaley and children visited in Claude with the Fred Robinson family. Raymond Whaley remained for a longer visit.

The Rev. and Mrs. Bernard Seay and daughters, Donna and Sharon, moved to McAdo where he will be the pastor of the Methodist Church. They moved Thursday.

Mrs. Sue Pulliam from Amarillo was a weekend guest of the Charlie Pulliam family. Mrs. Pulliam and Charlene went home with her for a week's visit.

Mrs. Anna Ash and son, Danny, from San Diego, Cal., visited the Ernest Franks family last week. They all spent the night at Conchas Lake, Friday June 7, and returned home Saturday.

Sunday, June 9, dinner was served for the Rev. J. B. Foster and family in Fellowship Hall of the Methodist Church. They moved to Adrian Thursday, Steven, 16, is a junior in high school; Danny, 13, is an eighth grader and Cindy, 8, is in the third grade.

The Rev. Foster is a graduate of McMurry College in Abilene. He was formerly pastor of Cape Methodist Church in Abilene.

Six of the Caprock 4-H Boys of Adrian went to Red River, N. M., on a camping trip with the Boy Scout Troop from Vega. They were, Davy Grublikey, Dude Speed, Dwight Hays, Kirk Garrison, James Whaley, and Harvey Whaley. They enjoyed fishing, hiking, and trips to Red River to skate. They also visited gold mines and climbed 13,000 feet up Gold Mine Mountain. They returned Sunday, June 9.

Mr. and Mrs. M. A. Ferguson visited in Lubbock Sunday, June 9, with his parents.

Mrs. Gladys Wagner visited last week in Eastland with Mr. and Mrs. Claude Hammitt and in Okra where she lived. She visited in Rising Star with Mr. and Mrs. Ross Hammitt and in Abilene with Mr. and Mrs. A. D. Fincher. She was picked up there by Artist Fincher. He took her to Odessa and then to Big Spring where she visited Mrs. Elmo McKinley and Addie Mae Jones. They returned to Odessa before coming home.

Mr. James L. Spinks, 56, of Adrian died Thursday, June 6,

FOR THE MOST OUTSTANDING report, of Hereford Rotary Club was Lefty Thomas Dick Plank, son of Mr. and Mrs. Earl Plank, was awarded an engraved watch by the Chicago Board of Trade. Making the presentation of the Monday noon meeting concerning the tour. (Staff Photo)

in St. Anthony's Hospital in Amarillo. He had been an Adrian resident for the past three years. Mr. Spinks was born Nov. 14, 1907, in Fredonia. He was a member of the Non-Denominational Church. Surviving are his wife, Nina, of the home, a son, Lewis, of Girard, two daughters, Mrs. Marian Sue Hays, of Houston and Mrs. Jimmie Hill, of Madrid, Spain, and two grandchildren.

The funeral was held Tuesday at 2 p. m. in the First Baptist Church of Adrian. Officiating was the Rev. Ross Blasingame. He was assisted by the Rev. Dave Sellers, pastor of the church. Burial was in the Vega Cemetery, under the direction of Blackburn-Shaw Funeral Home of Amarillo. Pallbearers were Bud Heaton, Bill Bryson, Bob Lane, Chester Wilhite, Jess Hammer, and Jimmie Porter.

The Caprock 4-H Girls clothing group met last week in the home of Mrs. John Horton. There were seven members present. There was also one new member, Sheril Patterson. Guests were Mrs. Elbert Whitte and Mrs. Russel Patterson. The program was on "The Right Color for the Girl". They will make pleated skirts and Crop Tops to be modeled this year in the 4-H style show.

Mrs. Joe Brownlee was in Allenreed to attend the funeral of Mrs. Beulah Fish last Monday.

Mr. and Mrs. John Lewis and son Johnny moved to Amarillo last Tuesday.

Mr. and Mrs. Mike Webster from Houston visited Thursday with Grassy Shaw. Friday they all went to Colorado Springs, Colo., to attend a family reunion at Mrs. Tede Magnusson's home.

Mr. and Mrs. Wade Hedgecock from Amarillo visited the Alford Jobe family Wednesday night.

Mr. and Mrs. Chubby Sasser and son from Waco were weekend guests of the Manuel Loveless family.

Mrs. Bob Bolin and children from Edmonds, Okla., are vi-

Messenger Club Has Discussion Of House Plants

As Mrs. Elton Sorrells called the roll of the Messenger Home Demonstration Club recently, members answered with the names of their favorite house plants. Later they had a round table discussion of house plants.

After the meeting was called to order by the president, Mrs. Elmer Northcutt, Mrs. S. N. Thweatt gave the treasurer's report. The recreation committee discussed their plans for an ice cream supper and cook-out on May 31. Mrs. Northcutt appointed Mrs. S. N. Thweatt, Mrs. N. A. Brown, and Mrs. H. D. Buse to the nominating committee.

Mrs. Thweatt won the opening exercise gift and Mrs. Sorrells the floating prize. A gift

Father Of Local Resident Dies

Final rites for C. C. Henry, father of Mrs. H. A. Cavness, were conducted Tuesday, June 11, in Houston. He died of a heart condition Sunday morning in a Houston hospital.

Mr. Henry, 62, is survived by Mrs. Cavness, a son, Billy Henry of Houston, two brothers, one sister, and four grandchildren.

sitting the Norman Jacobsons and the Robert Jacobsons for the next two weeks.

Mr. and Mrs. Troy Lemley and children from Lockney are weekend guests of the John Horton family.

Mr. and Mrs. Bert Kinsey from Clovis, N. M., were Saturday night guests of the Joe Speed family.

Pat Maupin spent the past week in Santa Rosa, N. M. visiting the Nolan Maupin family and Pat Maupin, Jr.

PLACING SECOND in a model airplane contest held Sunday in Lubbock is Key Crawford of Hereford. Crawford won four matches before being defeated in the finals of the open division of the contest. Sponsoring the meet was the Slaton Balsa Bugs, a model airplane club in Slaton. Trophies for the event were donated by merchants. (Staff Photo)

OFF THE Shelf

BY H. A. TUCK
 Stories of bears and bulls aren't always wild animal tales, or so readers of *The Speculators* will find out.
 But the author of this novel, John Gerstine has written of wild action in the business world and of people who often act like jungle animals.
 This book could do for the stock market what *Executive Suite* did for business or *Man in the Grey Flannel Suit* did for public relations. It isn't a pretty book, but it is revealing.
 George Morganstern was a quiet, modest, and respected, representative in a conservative brokerage house on Wall Street.
 Abruptly he is approached to join a combine that is promoting a land development company in Florida. After some hesitation, he makes the plunge and becomes partners with Bruno Borges. His wife and daughter are both eager for him to do better and fearful that he won't.
 Once in the group, George finds that he will be expected to promote the bond issue for the land company. Since its liabilities far outweigh its as-

sets, that will be a problem.
 Through private issue, George raises the money and starts the deal through the rigid controls of the Securities and Exchange Commission. He promises his friends they will double their money, but doesn't let them know that he and Bruno will be supporting the stock price until the proper time.
 That deal, and several others, make George a millionaire and the bright new genius of the fickle New York financial crowd. He finds that he can undertake mammoth proxy fights and manipulate the fortunes of others with the magic of his name.
 But with the compromises that he makes to his own honesty comes amoral decay. He becomes involved in two clandestine romances, his reputation of lifelong integrity is nibbled away.
 George calls a half-million-dollar bluff over a low-cholesterol lunch, makes a dummy play for one company and starts a proxy fight for another.
 Along Wall Street, the little fellows try to ride along with the winner... or they try to cut him down to his former stature.
 This is exciting reading, with millions riding on every move that the suddenly - suave George Morganstern makes.
The Speculators is a new fiction release available at the Deaf Smith County library.

(Continued from page 1)
Judge pointed out how he proposed that the north boundary line of Precinct Three be moved about three miles north. He said this would help bring the voting strength of these two areas closer into line and would also take about 15 miles of county road from the scope of Precinct Four and place it in Precinct Three.

He said that he did not know exactly how that would affect the voting strength in the two

areas. In the 1960 General Election, there were 116 votes cast in Precinct Three and 259 in Precinct Four. The ratio in the 1960 presidential election was 104 to 240 and in the 1962 General Election was 67 to 200. All figures are exclusive of absentee ballots.

Judge Williams agreed that, because of the location of Hereford, the major population concentration, there was no practical way to equalize voting strength among all four of the precincts.

Commissioners, near the close of the meeting, convened as the County Board of Equalization and recessed until 2 p. m. Thursday, June 13. At that time, the group will set its tax rate for 1963.

In other action, the court approved a blanket agreement with Pioneer Natural Gas Co. for customer service lines. Previously, Pioneer had to get a permit from the county each time it needed to cross a county road to tie in customers. A permit still will be needed by Pioneer when it crosses county roads with pipelines and other new construction.

A request was approved to close the Old Avenue G, never opened, and the opening of a new Avenue G north of Hereford. The request was submitted for J. B. Sewell.

The court also approved a request to abandon any claim to road rights along the west edge of a proposed sub-division north of 15th Street and east of Avenue K. This was done to keep from preventing the title to the proposed residential lots, but would not prevent the county from exercising its right to parts of the property in the event the road needed to be widened.

One mile of county road was ordered opened northwest of Hereford between Sections 10 and 11.

Oskar Schwertner appeared to request larger culverts be installed along a county road for flood water control northwest of the city. Commissioner Marcus Latham said he would investigate the situation.

Bond for Charles R. Stone as a public weigher was approved. A request from Al Smith to lease 11 acres of county property for hay storage was denied.

Commissioners agreed to purchase a Remington semi-calculator from Connell Stationary Co., Amarillo, for a difference of \$330 with the trade-in of a 1955 model machine.

Judge Williams briefed the court on the district-wide meeting held last week in Channing at the request of District Judge Harry Schmitz. Commissioners decided that they would consider participating in the program to hire a district juvenile officer if sufficient other counties take part and if the cost is not excessive.

Commissioners also spent some time discussing their fire protection contract with the City of Hereford. Judge Williams was authorized to talk with the city commission again about another financial proposition.

Look Who's New!

Mr. and Mrs. Miguel Gomez are the parents of a daughter, Cynthia, born June 9 at 2:21 a. m. She weighed 8 pounds and 9 ounces.

Mr. and Mrs. Raul Gutierrez are the parents of a daughter, Yvonne, born June 10 at 6:20 a. m. She weighed 4 pounds.

Mr. and Mrs. E. A. Fincher are the parents of a daughter, born June 11 at 2:09 a. m. She weighed 7 pounds and 3 ounces.

Award...

(Continued from page 1)
15 cents for a paragon six hamburger buns. All prices are less five per cent.

Mead's Bakery bid 22 cents and 20 cents on white bread, 21 cents on whole wheat and 17 cents on hamburger buns. All prices are less five per cent.

Hereford Bakery bid 23 cents and 19 cents on white bread, 19 cents on whole wheat bread and 16 cents on buns.

The school uses more hamburger buns than other bakery products, according to Kendall Williams, who handles cafeteria purchases.

Trustees tabled the bids pending a detailed study of which would be the least expensive according to types used.

Continental Oil Company was awarded the gasoline contract for 1963 - 64. The company made a firm price bid for the contract duration of 12.60 cents per gallon, plus applicable taxes.

Gulf bid 13 cents on a firm price. All other bids were on "tank wagon prices" and were subject to fluctuation during the year. Other bidders were: Tip - Top Oil Company, 12.7 cents per gallon; Phillips 66, 13.15 cents; Mobil Oil Co., 12.65 cents; and Texaco, 12.7 cents.

Ed Skypala, Borden's distributor, was awarded the milk contract for the year. He bid 6 cents per half-pint carton and 6.1 cents per half-pint glass bottle. The school uses only carton milk to avoid danger from breakage.

Other bidders were: Sealtest, 7 cents with 7 per cent discount; and Cloverlake, 8.25 cents.

Resolutions of appreciation for their services were passed and signed by board for L. C. Thomas, retiring principal of Central School, and Mrs. Thelma Chisum, retiring Aikman School teacher.

Tom Templeton, science teacher at Stanton Junior High for the past two years, was promoted to assistant principal of Central Elementary School.

Seven teachers were hired for the 1963 - 64 school year upon recommendation of the superintendent and principals. Included are Ronald Speed, high school physical education; Miss Robbie Mullins, English and Spanish; Miss Minnie Jo Atkins, high school Spanish; Mrs. Gary Haseloff, high school English and journalism; Roy Harris, high school biology;

Hospital...

(Continued from page 1)
for and 26 against; Precinct 8, Garcia School House, 5 for and 8 against;

Precinct 9, Bippus Community house, none in favor and 9 against; Precinct 10, Palo Duro Church, 3 for and 6 against; Precinct 11, Central School, 103 for and 76 against; Absentee voting counted 4 for and 3 against.

The bond issue will be carried for a 15-year period and will necessitate an increase of about two per cent on the actual value carried for tax purposes. That is, the county now assesses property at 17 1/2 per cent of actual value, but planned to increase this to 20 per cent of actual value for the coming year. Approval of the bond issue probably will make the assessment rate 22 per cent of actual value.

The \$350,000 requested by the hospital board includes all costs of construction, architect's fees, needed furnishings and equipment, plus renovation. Major renovation is planned for the original section of the present hospital facilities.

Mr. and Mrs. Leonard Schmidt are the parents of a son, David Arthur, born June 11 at 2:44 p. m. He weighed 9 pounds.

Miss Caroline Suzanne Loerwald, Northwest elementary; and Mrs. Jimmy Smelcer, Shirley elementary.

Paul Stevens, superintendent, reported on the loss of 20 faculty members. He said that rumors had said 41 teachers had resigned from the system since school ended.

The list submitted shows four teachers going to other school systems, two retired, five resigned; one drafted, three whose contracts were not renewed; two who were on temporary assignment; one non-degree teacher; and one not qualified in field being taught.

He said that replacements were being found rapidly for the vacancies.

Dawn...

(Continued from page 1)
about \$350.

Trustees also spent some time reviewing a study made a few years ago of the performance of students who attended six elementary grades at Dawn and a like group which had been in Hereford schools. Basically, it shows that all students from Dawn tended to have lower grades after they transferred. The best students from Dawn then began to raise their grades until they were up with the best Hereford students. However, the average and below-average students from Dawn never did catch up with Hereford students of like background and ability.

Dr. L. B. Barnett, board president, also stated that he felt such small schools handicapped students in some areas by not offering them such programs as conversational Spanish and public school music. He said that conversational Spanish, tried experimentally during the 1962-63 school year, would be introduced in all elementary grades during the 1963 - 64 year.

Around...

(Continued from page 1)
understand that the firemen went out for breakfast after they had whipped the fire. And one of the firemen managed to get his thumb in a car door, mashing said thumb pretty badly.

All charter members of the Wesley Methodist Church are invited to attend the congregation's 10th anniversary and homecoming. Events will start at 6 p. m. Friday, followed by a covered dish supper. Members are expecting all of the former pastors to be on hand.

The Panhandle Cutting Horse Association will hold a contest on Sunday, June 16, at 2 p. m. It will be at the O. G. Hill place six miles west of Hereford on Harrison Highway. The public will be admitted free. Bill Morris of Canadian is association president.

The Hereford Garden Club will meet Friday, June 14, at 3 p. m. in the home of Mrs. Jeff Hoberson, rather than the place previously announced.

Results of the hospital bond election were close. The thing that always pains me is how few people care enough to turn out for a vote of any kind. But they don't hesitate to halter their heads off about the money they didn't vote to spend or the officials they didn't bother to elect.

The Hereford American Legion baseball team will play at Tulsa on Saturday at 2 p. m. and be at home to Palo Duro at 2 p. m. on Sunday. They also may make an appearance on Friday night, but that hasn't been settled yet.

My sympathy is with the Hereford school board. They had a real rough decision to make Tuesday night in regard to Dawn School. Most of the trustees had gone to a country school once upon a time and could understand how much sentiment was attached to it as a community rallying point. But all of them felt that they had been penalized later for having gone to such a small school. The teaching generally is excellent, but it just can't offer the variety of a larger school. So it is that there is just one rural school left in the county. That is Walcott, which is outside the Hereford district boundaries. Walcott is large enough to offset some of the disadvantages, but even it may someday disappear from the scene.

Days of the small, rural school,

H. D. CHATTER

Sugar Substitutes Basic Conversion Rules Listed

By Argen Draper
Sugar prices have had the spot light for a few weeks and from the news releases, we can expect the advanced prices for a few more months. That will probably take in fruit canning season.

Here's some late information that was compiled by our extension foods and nutrition specialists. Clip these basic rules for your canning and cooking for the next few weeks.

Conversion Table for Sugar
For 1 cup of sugar in baking use:
Honey
1 cup honey and reduce liquid 1/4 cup for each cup of honey used.

To insure a quality product, about half the sugar should be retained in a recipe and honey substituted for the other half. In baking, use 1/4 teaspoon soda for each cup of honey used, this is in addition to baking powder in recipe when honey is substituted.

4-H Members Have Program For Dawn HD Club Meeting

The Dawn Home Demonstration Club met in the Dawn School House on Friday, June 7 with four - H club members presenting the program. Robert Galley and Gary Richardson gave a demonstration on poultry and poultry products. Jon David Miller and Jack Thomas gave a program on Grass judging and permanent pastures. These boys are from the Dawn 4-H Club.

Girls from the Guys and Gals 4-H Club gave a program on foods. On the program were Judy Klueskens, rolls; Legnetta Thomason, tuna salad; Janice Arthro, peanut butter cookies; Trudy Jackson, fudge; Judy Ward, cottage cheese salad; Diana Golden, chicken salad; Sheila Olson, peach delight; Cecilia Reinauer, fruit cup; Kathy Smith, instant vanilla pudding; Kay Jackson, coconut pudding; Kay Ward, sandwiches and Linda Hallows, apple celery salad.

Mrs. H. H. Miller is the leader of the Dawn Boys 4-H and Mrs. Ansil Jackson is leader of the Guys and Gals 4-H. Subjects matter leaders for the girls are Mrs. Eloy Arthro, Mrs. Dick Golden, Mrs. Darrell Thomason, and Mrs. Carl Klueskens.

Following the program, refreshments were served to ten club members and 24 guests. The next meeting will be held in the home of Mrs. J. B. Caraway.

Hereford Man's Mother Dies In Canyon Monday

Funeral services for Mrs. Jettie Iona Jones, 86, were conducted June 11 at 3 p. m. in the First Baptist Church, Canyon, by the Rev. Strauss Atkinson, pastor, and Bro. Bob Ware, minister of the Central Church of Christ. She was the mother of Frank M. Jones, teacher at Stanton Junior High School.

Mrs. Jones died at her home at 7:30 a. m. Monday. She was born June 23, 1876, in Dallas County and was married to Sam H. Jones May 4, 1900, in Mangum, Okla. They moved to Canyon from Borden County in 1920.

Survivors include her husband; two sons, W. Mitchell Jones of Canyon and Frank M. Jones of Hereford; one daughter, Mrs. John Bishop, Spearman; a brother, two sisters, two grandchildren, and five great-grandchildren.

Interment was in Dreamland Cemetery under the direction of LaGrone Funeral Home.

Those days of the Golden Rule: Are fond memories, but I'm afraid That their kind must always fade!

syrup is to replace all the sugar, use 3/4 cups syrup to 1 cup water.

Preserves, Jams, Jellies
Jelly — One - fourth of the sugar required for making jelly may be replaced by corn syrup.

Preserves — One-half of the sugar required for making preserves may be replaced by corn syrup.

Jams — One - fourth of the sugar required for making jam may be replaced with corn syrup.

Honey may replace up to one-half the sugar in jams and preserves.

Freezing Fruits with Corn Syrup
Use 1 1/3 cups corn syrup to 3 1/2 pounds of fruit. Treat for discoloration.

Canning Fruit with Non-calorie Sweetener (not saccharin)
In home canning procedures, you use the non-calorie sweetener in much the same way you would use sugar, adding it during the preparation for processing. Either the liquid or tablet form may be used for this purpose.

Fruit put up with non-calorie sweeteners will taste sweet, but since it provides only the sweetness and not the bulk or other properties of sugar, the fruit will not have the heavy syrup characteristic of fruit put up with sugar.

Allow from 3/4 to 1 cup liquid for every 2 pints (or 1 quart) of fruit. Sweeten according to the table below, depending on personal taste preference and the natural sweetness of the fruit.

For each cup of liquid use: for moderate sweetening 12 to 16 tablets, or 1 1/2 to 2 teaspoons solution. For tart fruit or greater sweetening 20 to 24 tablets, or 2 1/2 to 3 teaspoons solution.

If tablets are used, always be sure they are completely dissolved.

CLOSED ALL DAY SUNDAY - GO TO THE CHURCH OF YOUR CHOICE!

By Melvin Young
 "Don't complain! What do you think Harry James sounded like at my age..." That Saturday afternoon when we returned home from the office, a cornet had entered our home.

We have no idea how Harry James sounded at 13 years of age, and furthermore we don't care to know. What we do know, is that the peace and tranquility of our happy home has been broken. Shades of the walls of Jericho!

We understand that this is true all over town, since the summer band program has attracted an unusual number of children. If we strike a sour note in this column, think nothing of it. We're taking our cue from the cornet.

The recent train wreck drew spectators like honey draws flies. At least one of the spectators, Ray Ogleby, found an opportunity to boost his dad's business while viewing the mass of twisted steel.

Ray observed Brand Circulation Manager Frankie Bell taking a few snapshots of the wreckage, and thinking perhaps she was taking the pictures for publication in the Brand, he said, "Mrs. Bell, if that's going to be used in the paper, be sure to say they are using International trucks to clean up the mess."

Ray's father, Cecil Ogleby, is manager of Hays Implement Company in Hereford. We're predicting that Ray will grow up to be an excellent businessman himself.

You just can't satisfy everybody. Of course, with weather as versatile as we have in West Texas, you'd think that folks wouldn't complain. After all, if they just wait a day or two it will surely change. Sometimes not for the better, but nevertheless, it will change. However, this year has been somewhat of an exception, and maybe that is what's causing all the trouble. First it was dry for over six months, with barely enough moisture to wet your whistle. Then the rains came... and they won't stop.

We had not given the thing too much thought until we stopped to drink coffee recently, with Ray Suit, owner - manager of Suit's Auto Supply. Right out of the clear blue sky, Ray comes up with a request for a good old-fashioned dust storm. Well, we're sure that Ray will get his wish, but we're not saying when. Apparently mother nature has her weatherstat stuck on "rain".

Being a little on the "tight" side, we're always looking for new places to mooch free coffee. There are a number of such places around town, including the local banks, but we believe Carl McCaslin Lumber Company has the best deal of all. They not only have free coffee but also sell nickel Cokes. All the kids along McKinley Street have discovered the windfall.

And speaking of Cokes, we were indeed fortunate in visiting briefly Monday with Mr. Nichols of Amarillo Coca Cola Bottling Company. Mr. Nichols, as well as other Amarillo wholesalers and suppliers, is quite interested in the Hereford area; more specifically, its potential for growth in the coming years.

We were surprised that the folks up Amarillo way were so well informed concerning conditions in this area. A 11 seem quite interested in the sugar mill.

This year, the area farmers will not have far to carry their grain from the combines to the elevators. Like the fertilizer dealers, the grain men are competing for every load by making it more convenient for the customer to trade at their particular elevator. We have noticed with interest, the trend that has developed in the past two or three years. One local grain dealer has three county locations... none more than 15 miles from the central plant. Fertilizer dealers have done the same... and at nearly every location, a small grocery store has appeared. We're wondering if there isn't going to be a revival of the old community groups that were common throughout the area before the advent of good roads and high-powered automobiles?

The Lions Club will sponsor another Auction Sale this Saturday night at 8 p. m. (June 15). The first sale was beset by torrential rains, but in spite of the weather, a number of people turned out for the event and the fellows sold all the times co-signed. This time, they will pick up items that you wish to consign to the sale. If you're interested, and have something that you want to get rid of, then call Debs Knox at the Hereford Bakery before noon Saturday and someone will pick up the articles. All articles are sold on a commission basis.

Conflicting with the auction will be the annual Lions Club and JayCee Donkey Softball game to be played at the Hereford Riders Rodeo Arena, 8 p. m. Certainly, if they can get Dub Reeves and R. C. McGilvary aboard a donkey, it should be well worth the admission fee. Of course, we're predicting that youth will prevail, and the JayCees will win by a large margin. We plan to attend. There should be a laugh - a minute at this affair.

The ultimate in intergration: When dos plus two equals fo.

Displaying her wedding gifts, the bride came to one from the bridegroom's Army buddy. "I just adore these personalized gifts," she said. "We received towels and washcloths with HIS and HERS on them, but" - and she blushed - "this is even more personal." She held up an olive-drab blanket with the letters US stamped in the middle.

there were in Canyon for the Play - day activities for the Hereford Junior Riders and then there was also a rodeo in Dumas and one in Clovis which some of the riding fans attended.

Contestants in the rodeo were David Hill, Pat Smith, Stan Metcalf, David Sorrels, and Sandy Thomas. Sandy won a western hat and David Sorrels won a pair of Wranglers.

Janis Hagans is visiting in the show - me state of Missouri, vacationing there with her family.

Wednesday night, June 5, Jerry Bea Noland and Charles Kelly had a farewell patio supper at the home of Jerry Noland. This was for the Highlanders and Frank Hergert, and their dates. The tables were spread with red checkered tablecloths, the place cards were decorated with little German boys and girls and "Auf Wiedersehen" on the cards to give emphasis to the purpose of the get - together. The entertainment was provided by the Highlanders (probably the last time the group will perform together). Frank will be leaving on the nationwide tour the latter part of the month and Charles Mims is making preparations for his trip to Sweden to visit with his Swedish brother, Peter Lantz.

Jerry Bea Noland left Sunday, June 9, for Austin to accompany Jerry McCathern's trumpet solo. Ronnie Gray and Wayne Edwards went to sing. These three boys are competing in the state finals. Clyde Wilson, assistant band director, accompanied the group to Austin.

The F. H. A. girls are helping again this year with Play-school at the First Methodist Church. The girls take care of the pre - schoolers at the workers in Church school.

Jim Uselton has assumed his duties as summer youth director at the First Methodist Church in Tulla. He is a ministerial student at McMurry College in Abilene.

The Sigma Rho dance was held at the Hereford Country Club on Friday night with the Nitrons from Canyon providing the music. The music was good, the right size crowd attended and refreshments were set up on the buffet. Chaperons were Mr. and Mrs. Jack Wagner.

VISITING MRS. RANEY
 Mrs. J. W. White, her daughter, Amanda Jane, and Miss Audrey Burgess are visiting this week in the home of Mrs. White's mother, Mrs. Sank Raney, 300 Avenue B. They are from Houston.

Deedee's Doodlings

By Deedee Thomas
 To begin with, I would like to extend a get - well wish to Mike Ferguson. Mike is in the Deaf Smith County Hospital. He has been there a week and his stay is sorta indefinite. Gary Stagner left the hospital before I could send him a cheery note, so I will send it to him at home. Gary, I hope your arm is feeling better. Mike and Gary were roommates at the county hospital.

Vacationing time has come and Dickey Bob Mason and Edward Allison took advantage of the rain to take off. They left Monday, June 3, for Boulder, Colo. Their trip was short and sweet but fun for they returned Thursday, June 6.

Summer also seems to be a rodeo season for the kids of Hereford. Friday, two sessions on Sunday (because the arena was too wet), June 7 and 9, the 3rd annual Amarillo Junior Rodeo was held at the Rolling Hills Riders Rodeo Arena. I think half the teenage population of Hereford attended the performance. Those who weren't

day and someone will pick up the articles. All articles are sold on a commission basis.

Conflicting with the auction will be the annual Lions Club and JayCee Donkey Softball game to be played at the Hereford Riders Rodeo Arena, 8 p. m. Certainly, if they can get Dub Reeves and R. C. Library Variety Appeals To Many

The reading room fills a summertime void for Randy McGuire, Danny Peters, Randy Leing and Jim White.

Not restricted to bibliophiles, the library also may be used for other purposes upon request. Mrs. B. F. Markham and Mrs. A. N. Hopson use the music room to work up a club program for next fall.

Mrs. H. L. Newman, assistant librarian, spends much of her time returning books to their proper places and cataloging new books as they arrive.

The Hereford Brand

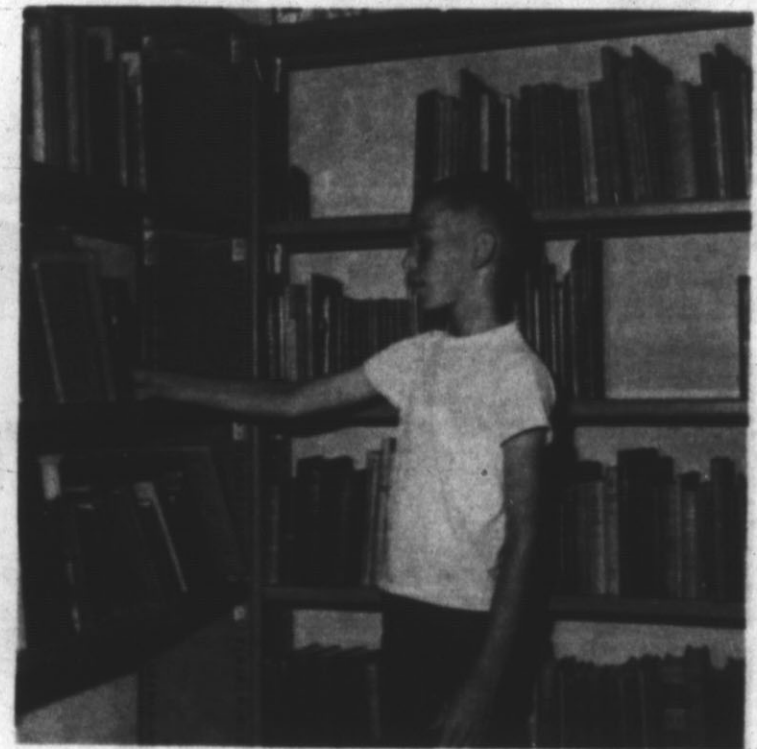

The Hereford Brand, Hereford, Texas, Thurs., June 13, 1963
SECTION TWO

Librarian Marie Boydston looks over the Memorial Shelf, filled with books given in memory of others. Most of the selections are on Southwest history, with many others on a wide range of non-fiction fields.

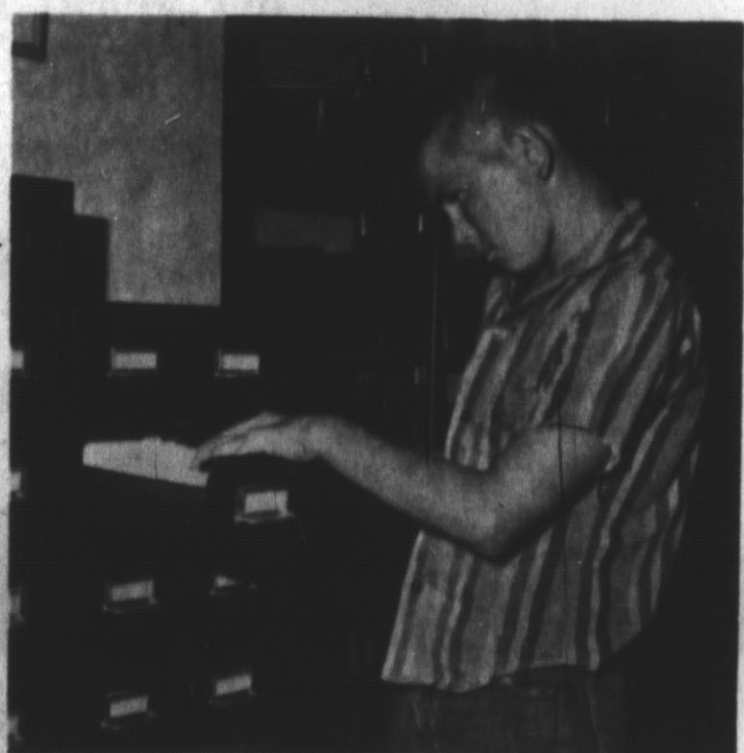

The center of activity for the library is the check counter, where books are charged out and returned. Left is Sidney Davis, student librarian, Mrs. Boydston and Paul Hamilton.

Danny Peters looks for something interesting among the graded books that are separated according to reading ability.

Staff Photos by Sara Gillentine

Jim White uses the card file for quick location of books on a special subject.

The south doors of the library swing open many times each weekday as residents seek information, recreation or relaxation. And for those who are delayed, there is a book-return stand outside the library doors.

Redbirds Win 8-2 In Season Opener

Slamming out 15 hits, the Hereford American Legion Redbirds downed Childress 8-2 there Sunday afternoon. It was the season opener for the Birds, who had seen two practice games and a Saturday tilt at Nazareth washed out.

Both teams hit the ball well, but tight defenses kept the score from mounting. It was a scoreless ballgame until the top of the third. John Willoughby opened for the Birds with a double and came in on Joe Coffman's two-bagger.

Childress tied the score at 1-1 in the bottom of the fourth on a double by Teddy Barnes, a sacrifice and a single by Anthony Shires.

Then the Birds exploded for four runs in the fifth inning. Larry Minks, Frank Cain, Eugene Green and Coffman singled, interrupted only by one strike-out. Mickey Stevens laced a double and Steve Hodges singled. Gary Smith got on by fielder's choice and Danny Loerwald was safe on an error.

In the top of the sixth, the Birds added another run on Eugene Green's homer over left field. Charles Mitchell put one in the same place for the Childress team in the last of the

sixth. After two straight singles, Danny Loerwald was relieved by Mickey Stevens, who retired the side without a score.

Gary Smith, a brawny southpaw outfielder for the Birds, batted righthanded because of a shoulder injury. But that didn't cut his power as he slashed a home run over left field in the seventh.

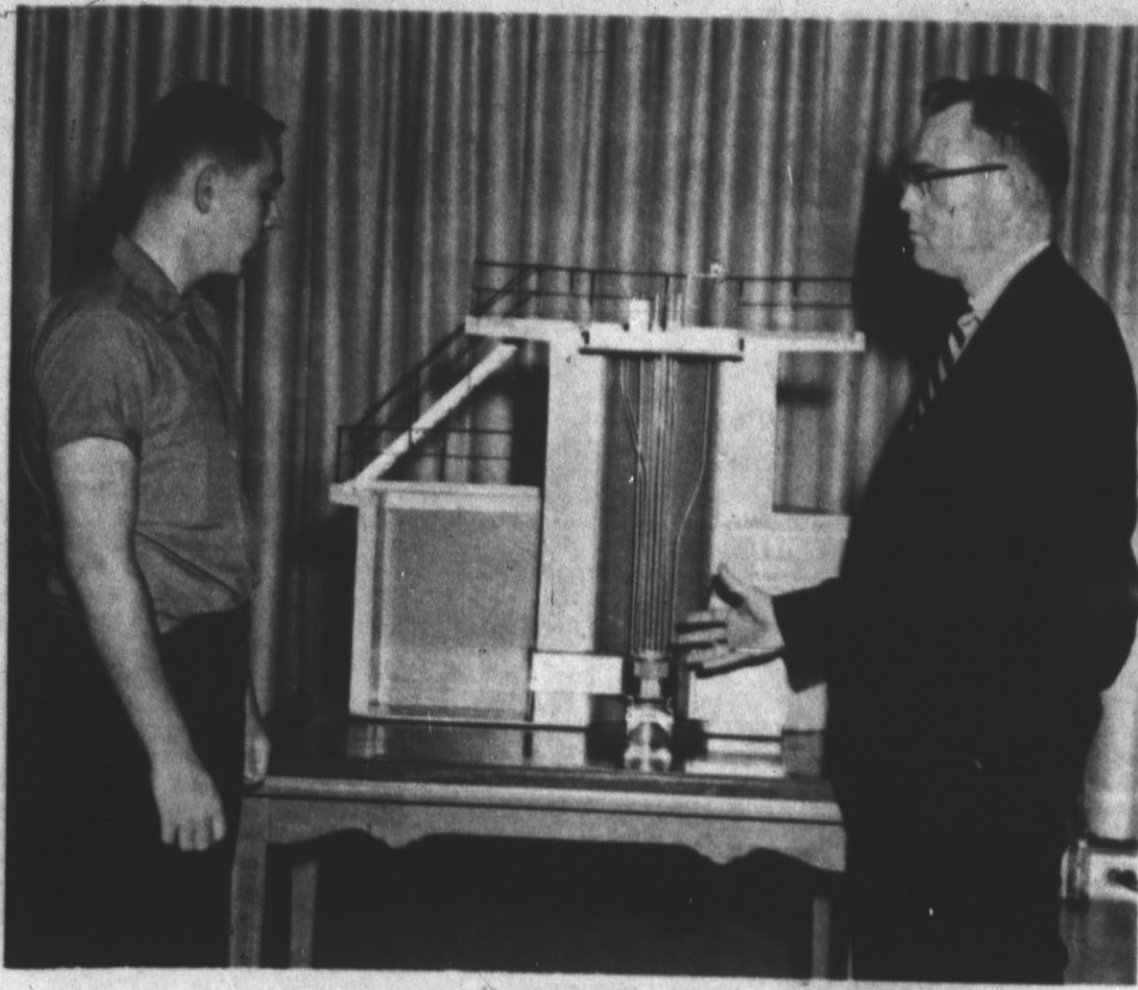

Final run for the Birds came in the eighth as Minks got a walk, went to second on a sacrifice bunt and scored on Green's single.

Five strike-outs in the last two innings kept Childress from starting a rally.

Loerwald got credit for the win with five innings - plus on the mound. He gave up two runs on eight hits, walked two and struck out six. Stevens worked four innings. He allowed no runs, one hit, walked two and struck out seven.

Johnny Thornton went the distance for Childress. He was tagged for eight runs on 15 hits, walked two and struck out nine. Childress was charged with one error, while the Birds had none.

A MODEL ATOMIC REACTOR and its operations are explained to Buz Gillentine, Hereford High School student, by Howard Drew, executive vice president of the Texas Atomic Energy Foundation, during the third Texas Nuclear Science Symposium in Austin June 9-12. About 500 students and teachers attended the four-day meeting on the University of Texas campus. (Personal Photo)

Childers, Watts Toss No-Hitter For Indian Win

Jimmy Childers and Bill Watts combined to throw a no-hitter Friday night as the Indians defeated the Red Sox 14-3. The Tribe struck for three runs in the first on a double by Felix Albiar, a single and two errors.

on three errors and three walks. But that was to be all for the Reds that night. The Indians went in front with a pair of runs in the second on one hit, one walk, two errors, two hit batters and a balk.

They got five more in the fourth on four singles, two walks, a passed ball, and two errors. They added a pair of scores in the fifth on two singles and another error. And to cap their efforts, they tacked on two runs in the sixth on an interference call, a double by Brad Johnson, a walk and another costly error.

The Red Sox were charged with ten errors while the Indians had just two. Childers and Watts walked four and struck out 11. The Indians blasted out 10 hits off Cruz Chavarria and Jim Maroum. The Red Sox pitchers allowed four walks and struck out four.

BORN IN BURMA AND EDUCATED in India, Mrs. Gene Parsley, 308 Western, specializes in cooking curries. Pictured with her children, Janie 7, and Steven Paul, 14 months, Mrs. Parsley has come to Hereford from India via London and California. Her husband is an accountant with Holly Sugar Company. (Staff Photo)

LET'S COOK SOMETHING!

Childhood In India Gives Resident A Way With Curry

By Dale Stevens
Brand Society Editor

Once upon a time there was a group of little girls who looked out their boarding school windows and wondered why all those people came from all over the world just to look at that snow.

Now it so happens that the boarding school was located near Darjeeling in India. From the various windows of the school could be seen the vast Plain of Assam, the terraced hills where the most prized tea in the world is grown, and the towering peaks of the Himalayas just over the border in Nepal.

A new resident of Hereford was once one of those little girls. Now, of course, she understands why all those people came so far to see "all that snow." She recalls vividly and with delight the Himalayas by moonlight and in the constantly changing colors of sunlight on the snow. Sunsets there are beautiful beyond description, she remarks with awe.

Mrs. Gene Parsley, 308 Western, arrived in Hereford from India via London, England, and Laguna Beach and Redwood City, Cal. Her husband has been an accountant with Holly Sugar since 1956. They have two children, Janie, 7, and Steven Paul, 14 months.

meeting the young navy officer, she had applied for and received permission to come to the United States. After coming to Knoxville, Tenn., to live for a short time, she returned to England, got married, and then came back to the United States once more.

When asked about the tremendous contrast in scenery here and other places they have lived, Mrs. Parsley's immediate and enthusiastic response is that the people here are "so big-hearted and friendly." She and her family have been very impressed with the warmth of their welcome here.

Having spent so much of her life in India, Mrs. Parsley's specialty is cooking in curries. Scorning the western custom of putting apples and raisins in curries, she tries to keep her main and side dishes as typical of India as possible. The problem is acquiring the correct ingredients. Some of these are sent to her from London by her mother. The custom of currying meats began in India many centuries ago because of the preservative qualities of the spices used. Incidentally the health benefits of these spices have been recognized since the earliest history of medicine.

In India the cooking of a curry is still an all-day process. Using a bowl and mallet similar to the American Indian mallet, the women begin early in the morning to grind very fine the many spices necessary. Occasionally they add a little water to make a paste, the base of all curries, regardless of what food or combination of foods is to complete the dish.

One of Mrs. Parsley's prized cookbooks, *Curries of India*, explores the history of curries, their medicinal value, and recipes for various curries and accompanying dishes and breads.

The author of the book, Harvey Day, whom Mrs. Parsley once met at a cricket club in London, is a member of a group who moved from Persia to the area around Bombay many years ago. Very occidental in appearance and dress, they have adapted themselves to life in India.

As do most young brides, Mrs. Parsley tried her specialty for her husband soon after they were married. A native of West Virginia, he reacted to that first curry in a very disappointing manner. Soon though he became enthusiastic and willing gourmet of curries.

As a base in which to cook roast, chicken, meat balls, vegetables, fish, eggs, or leftovers, Mrs. Parsley prepares her favorite curry more by the way it smells than any fixed recipe. She prefers prepared curry paste to powder, but it is difficult, if not impossible, to find in America. The curry powder is supposed to contain all necessary spices, but she finds it more satisfactory to add some additional spices.

For the basic paste, saute one large chopped onion and two pods minced garlic in 2-3 T. shortening. Add 2 T. curry powder, 1/4 t. ground turmeric, 1/4 t. ground cumin, a pod of cardamom, a large bay leaf, and 1 cup water. Let simmer, stirring constantly, for about five minutes. Add an 8-oz. can of tomato sauce for flavor and color.

For a chicken curry, cook chicken pieces in prepared sauce. Add a potato cut in one-inch chunks and about 1/2 cup frozen peas. Cook until chicken and potatoes are tender. Add enough water to make a thick gravy.

The variations of curried dishes are limited only by the cook's ingenuity and imagination. Certain foods accompany curries by reason of custom and taste. Rice, chutney, certain breads, pickled fish, gherkins, pickled onions, yogurt—these are matters of individual taste.

For the basic paste, saute one large chopped onion and two pods minced garlic in 2-3 T. shortening. Add 2 T. curry powder, 1/4 t. ground turmeric, 1/4 t. ground cumin, a pod of cardamom, a large bay leaf, and 1 cup water. Let simmer, stirring constantly, for about five minutes. Add an 8-oz. can of tomato sauce for flavor and color.

How Does Your Crop Look?

GIVE IT A BOOST WITH Golden URAN

Realizing that the weather in recent weeks hasn't been conducive to "tops" in crop growth, we would like to offer a suggestion. Heavy moisture and cool weather have slowed young cotton growth considerably—to counteract this condition in the face of a shortened growing season, we recommend an application of from 5 to 7 gallons per acre of **GOLDEN URAN**. The nitrate content of this excellent nitrogen fertilizer will provide a quick boost of growth power to the dormant plant. This small amount of nitrogen will in no way affect the maturing of the crop, but will give it added leaf and root growth. **IF YOU ARE ONE OF THE MORE UNFORTUNATE WHO HAVE TO REPLANT—WE WOULD LIKE TO SUGGEST THAT YOU APPLY A BOOSTER SHOT WITH YOUR SEED!**

Park Ave. Church Of Christ

On Harrison Highway
Worship Services 10:30 a. m. m. Wednesday.

Thanks, Dad!

It is Father's Day! May we honor the guy whose heart is as tender as a woman's... the fellow whose respect is as genuine as that of a mother. This nationally celebrated day for Father didn't come too soon. For Dad is the guy who dared the wiles of the forest and the death-dealing miseries of the prairie, to insure added comforts for Mom, and Sue, and Dan. The taming of the west is actually the story of gruff ole 'Pop' in his triumph over difficulty and danger to make a finer future for those he loved. He was the hardy pathmaker for our feet.

Gifts for Father? Yes, but much better would be a gracious, kind word of thanks for all his sacrifices through the year. On this celebrated day, say a prayer to the great Father God, for happiness and comradeship that will soften the burdens of the remaining years, and make the last ones truly his most Golden Years.

You In The Church
The Church is You — form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

Braves Score 13 In First Enroute To 22-7 Victory
 A 13-run first inning was more than enough Saturday afternoon as the minor Braves defeated the Orioles in a make-up game. The Braves coasted to a 22-7 win on the strength of timely hitting and Orioles pitching weakness.
 The Orioles put runners on second and third in the first inning, but couldn't move them around. In the bottom of the first, the Braves scored 13 big runs, most of them on walks and errors.
 In the second, the Orioles got two runs while the Braves got one more in their part of the inning.
 Three more runs scored for the Orioles in the third, but the Braves increased their lead by striking for five tallies. In the fourth, the Orioles got their last two runs and then held the Braves scoreless.
 The Orioles were unable to score in the fifth, while the Braves got three more runs to put the game away.
 Kenny Rogers and Robert Holmes pitched for the Orioles with Greg Chisholm and Rusty Babione hurling for the winners.

CARD OF THANKS
 I wish to take this opportunity to express by heartfelt thanks to the many friends and neighbors who sent cards and letters while I was in the hospital. Both my wife and I have greatly appreciated each and every one of them.

AUSTIN HIGHLIGHTS

Research League Reports On Oil Commission Study

By Vern Sanford

Texas Research League, a nonprofit government study organization that does many administration studies at the request of the state, has issued a report on its year - long probe of the Railroad Commission. Many of its recommendations on agency management and oil and gas conservation already are being programmed.

One scheduled change involves the staffing and management of Railroad Commission district offices. Commission now has 12 such offices. Responsibilities with respect to wells and staff members are so varied that the League believes the system unfairly imbalanced.

District 8 in Midland, for example, has approximately four times as many wells as District 4 in Corpus Christi, but each office is staffed with only four engineers. Wichita Falls has more than twice as many wells as Houston, but two less field men.

Four field men watch over 62,148 operating wells in the Midland district, yet 21 men oversee 26,036 wells in the Kilgore area.

League's answer to the problem is to redistrict and cut the districts from 12 to 10. The huge Midland district would be divided into three areas with new offices at Lubbock and Fort Stockton.

San Angelo, Refugio, Mount Pleasant and Palestine offices would be absorbed by other districts under the new operation plan.

PADRE ISLAND PARK PLANS UNDERWAY

If and when Congress approves a \$1,500,000 appropriation to meet the land-buying needs of Padre Island National Seashore park, newly-named park superintendent William L. Bowen will begin to acquire land for the proposed 99.5-mile coastal park.

U. S. Secretary of the Interior Stewart Udall said Bowen will open an office in Corpus Christi some time after July 1 with a small staff. Bowen, Kansas - born veteran of the national park service, took part in preliminary studies leading to the establishment of the new national seashore area on Padre Island.

COMMITTEE OF 25 AT WORK

Gov. John B. Connally entertained his "Committee of 25" with a coffee, then set them to work. Committee has the year-long task of studying education beyond the high school.

Connally told them Texas needs a "total policy to guide all institutions, all segments of our higher education enterprise." He said this included state, church and private schools, junior and senior colleges and academic and technical institutions.

Committee met and decided to send their chairman, H. B. Zachry of San Antonio, suggestions on how to approach the challenge. They meet again in August.

SPECIAL SESSION TALK DWINDLES

Rumors of a special session to get an appropriations bill more to Governor Connally's liking still are going around. But new predictions are being made about a January session, rather than one in the summer or fall.

Connally said he didn't like the one passed by the Legislature in the regular session because it "short - changed" higher education.

HOME-BUILDING ABUSES

Reported abuses of home building practices and loans were the subject of a recent conversation between Governor Connally and Lubbock District Attorney Alton Griffin, president of the state district and county attorneys association.

Connally said, "It may be that additional legislation will be necessary to get at the heart of the matter."

One reported abuse that concerns them is the alleged practice of "double contracting" wherein 100 per cent home financing is achieved by cushioning appraisals and other real estate sales documents.

APPOINTMENTS

Connally appointed three new members to the State Finance Commission, including S. R. Johns Jr., president of the First Pasadena State Bank in Pasadena, and Rex Baker Jr., president of Southwestern Savings Association of Houston. He also reappointed Taylor attorney Roman J. Bartosh.

Bert Fields, Dallas oil operator, was reappointed and named chairman of the Texas Turnpike Authority, on which he has served since 1953. A new appointee is J. M. Haggard Jr. of Dallas, vice - president of the company that manufactures Haggard slacks for men.

Haggard replaced Armistead

CARR'S CHORES LIGHTENED

After August 23, the governor will have to make 15 more state board appointments. These 15 citizens named will take the place of just one man - Attorney General Waggoner Carr.

Switch was made possible by a bill, supported by the attorney general, which passed during the recent legislative session. End result will be to peel down the pile of "ex officio" jobs, which have

Morning Wedding
Mrs. James Roy McCoy III
...nee Barbara Fayrene Evans

Morning Wedding Vows Exchanged In Canyon Church

Miss Barbara Fayrene Evans and James Roy McCoy III were married in a morning ceremony on June 8 in the First Baptist Church of Canyon. The Rev. Straus Atkinson read the double ring vows.

Attending the bride as maid of honor was her sister, Ann Evans, and bridesmaid Betty Brown of McAdoo. Best man was John Abernathy.

Parents of the bride are Mr. and Mrs. Clyde Evans, Route 2, Hereford. A graduate of Hereford High School, she is a commercial art student at West Texas State University.

The bridegroom is the son of Mr. and Mrs. Roy McCoy of Lubbock. A graduate of Monterey High School, he is a pre - medical student at West Texas.

Mr. and Mrs. McCoy are making their home at 2001 First Avenue, Canyon.

Joe Notter won the first race he rode. He was aboard Hydrangea in 1904 at the old Morris Park track in New York. The odds were a 100 to 1.

Clude Cawley, a sophomore from Sharon, Mass., is the only Syracuse University golfer who comes from outside New York state.

burdened attorneys general in the past, and give Carr more time for his main job as the state's bond lawyer.

POST MORTEM

About 300 state labor leaders came to Austin to reflect on the accomplishments - or lack of accomplishments - of the 58th Legislature.

Speakers at the seminar included Rep. Dick Cherry, Waco Democrat, and Rep. Ike Harris, Dallas Republican, and Sen. A. R. (Babe) Schwartz of Galveston.

"The 58th could turn out better than the 57th," Cherry said. "Next time, you'll have the problems of a big tax session and a second - term speaker (Speaker Byron Tunnell, supposedly) running for Attorney General."

As session achievements, Cherry listed the Padre Island bill, Municipal Annexation bill, Tourist Development program, Water Storage expansion and provisions for teacher retirement.

Measures for rural development, which did not pass, were among what he considered failures of the Legislature.

GOOD NEWS

Although state and federal animal health officials reported that 72 Texas counties are now tagged "screwworm infested" the report was good news, said Dr. R. G. Garrett, executive director of the Texas Animal Health Commission.

Garrett said that 333 samples confirmed as screwworms in the March 31 - April 27 period represented a decrease of 95 to 98 per cent in the number of cases in years before the screwworm eradication project went into effect.

"We're real happy with the success of the program," Dr. Garrett said. "We hope to be completely successful in wiping out the screwworm by the end of the three - year program."

He said livestock producers were responsible for the stamping out of the costly pest in at least two ways: Through their \$2,000,000 contributions and through "excellent" cooperation in reporting cases and sending samples.

"It's strictly a producers' pro-

gram... initiated by livestock producers and wholeheartedly supported by producers."

The three - year, \$12,000,000 producer - federal - state program almost has reached the mid - year point in its progress.

'STATES' RIGHTS' BILLS IN AIR

The 58th Legislature passed two proposed 'states' rights' amendments to the U. S. Constitution. But both are a long way from changing the law of the land.

One would make it simple for the states to initiate other amendments to the constitution; the other would prevent federal courts from ruling on states redistricting as population shifts occur.

To make the grade, both would have to be adopted by 34 states. So far, only 11 have approved the first proposal, and 12 have affirmed the second.

A Great Emblem Monarch Homes

● **MONARCH HOMES** are not ordinary Shell Homes. Finest shell homes built in Texas. Custom built on your lot. No down payment. 20 years in shell house building.

● 8 ft. sidewalls; sub-floor; lifetime aluminum windows; windproof roof; 2"x8" floor joists; 2"x6" rafters and ceiling joists. All framing on 16" centers. Sheetrock furnished with each home. Outside (or exterior walls) in the new 90X lifetime siding.

REP. ROGERS WRITES

Balance Of Power Doctrine Provides Checks, Balances

TO THE PEOPLE OF THE 18TH DISTRICT:

Our U. S. Constitution separates the power of government among its three great branches — the legislative, the executive, the judicial. Behind the very sound "separation of powers" doctrine is the theory that by keeping the three branches independent of one another, and by keeping their authority in balance, a concentration of tyrannical power is made impossible.

Man has yet to devise a better system of government than that by which we are governed. A keystone of our system is this "separation of powers." And, despite some stir recently over a "Fund for the Republic" pamphlet entitled "The Elite and the Electorate," there is not the slightest consideration being given in the Congress to changing the Constitutional balance of power.

The pamphlet is not a government publication. The "Fund for the Republic" has no connection with government. The pamphlet argues that some authority now vested in the Congress should be transferred to the President in order that the United States might act more swiftly to meet sudden challenges at home and abroad.

I'm strongly opposed to any such change — to any move to reduce the power of the Congress, the people's most direct voice in their government. I'm certain the great majority of Congressmen and Senators share my conviction, as does the great majority of the American people.

From time to time in our history, one branch or another has been dominant in the exercise of power granted under the Constitution's broad outlines. In some periods, the Congress has acted most forcefully.

Occasionally the U. S. Supreme Court has acted so strongly as to be accused (and I have raised the point) of exercising powers properly resting with the legislative branch, the Congress. We have had strong-willed Presidents who wielded their powers so vigorously that they were accused in their day of being near-dictators.

Of all our Presidents, Abraham Lincoln (whom we now all revere but who was a bitterly controversial President in his own time) cornered more power for the executive than any other. Consider these actions of Lincoln: Under the war power he proclaimed the slaves of those in rebellion emancipated. He devised and put into execution his own plan of reconstruction. He increased the Army and Navy beyond the limit set by statute.

The privilege of the writ of habeas corpus was suspended wholesale and martial law de-

clared. Public money in the sum of millions was spent without Congressional appropriation. Lincoln knew his Constitution. He did none of these things innocently. He knew how far he could go in taking for his office the powers of a divided, weak Congress.

Thus, through history, one branch or another of our government has been in a position somewhat more powerful than the other branches. Today, in my view, Congress must be extremely wary about extending any further delegations of the executive branch.

Because Congress has sometimes not been specific enough in its delegations of statutory authority to executive departments, or too generous in the powers it has passed along, the departments (constituting the government bureaucracy) have assumed larger responsibilities than legislators envisioned. Occasionally the Congress seeks to return to itself grants of authority.

As an example, I have introduced a bill to bar the Federal Communications Commission from collecting license fees, a step the FCC said it was preparing to take. I submitted a bill to require that no fees be charged without the express Congressional consent.

Generally it can be shown that the "separation of powers" doctrine has been respected, that fluctuations in the exercise of power have through history been contained within the broad confines established by our Founding Fathers in the Constitution.

A sweeping, drastic change in the balance of legislative, executive, and judicial powers could not be made without the adoption of a Constitutional amendment. So fundamental to the work is the separation doctrine that, in my firm view, no major change could be made short of the outright repeal of the Constitution — and such a

VISIT RELATIVES
Mr. and Mrs. Bruce Fink and family left Saturday, June 8, for Wichita, Kan., where they will visit relatives. They expect to return in about two weeks.

YOUTH DIRECTOR
Jim Ueslon of Hereford has been named summer youth director for the First Methodist Church at Tulsa. He will aid in church camps at Ceta Glen and in Colorado during the summer. He is a ministerial student at McMurry College in Abilene.

VISITING FAMILY
Mr. and Mrs. R. B. Vinson and four children from Columbia, Mo., are visiting in the home of his parents Mr. and Mrs. Stanley Vinson. He is a student at the University of Missouri.

step is beyond any possibility. Even an amendment is most difficult to obtain. Only 13 amendments have become part of the Constitution since the original ten, the Bill of Rights, were adopted. To amend the Constitution, resolutions so providing must be approved by the judiciary committees and then by majorities of the full House and Senate — and then by majorities in at least three-fourths of the 50 state legislatures. Right now, resolutions calling for amendments on 25 different points of the Constitution are pending before the House Judiciary Committee. It is extremely unlikely that any of these proposals will emerge for House floor consideration this year.

The road is long and hard for any Constitutional change. Altering the Constitution is a serious step not to be undertaken without great and prolonged deliberation — and not without a clear call from the American people saying that the change is needed.

WALTER ROGERS
MEMBER OF CONGRESS
18TH DISTRICT OF TEXAS

IN NCO COURSE
Marine Corporal Howard R. Godwin Jr., son of Mr. and Mrs. Howard R. Godwin of 519 Star, is a student in the Non-Commissioned Officers Leadership course at the Third Marine Division School, Camp Hansen, Okinawa. The course trains Marine personnel in leadership, mapping, close order drill, basic infantry weapons, infantry tactics, techniques of military instruction and related subjects.

COME TO HEREFORD
Mr. and Mrs. James Tucker and children: Eddie, 18; Jerry, 16; Garry, 14; Kay, 10; and Gail, 6, have recently moved to Hereford from Amarillo. He is employed at Case Power and Equipment.

GRADUATE STUDY
Mrs. Dorothea Prowell is working toward her master's degree in home economics at Texas Women's University. Her summer work here in Hereford is being done with the advice and supervision of the college and will give credit toward the advanced degree.
