## Around Town

National Boy Scout Week is being observed February 6-13 by Hereford Scouts as well as others throughout the nation. A special story on how the local Scouts will observe the week will appear in The Brand on Thursday.

Two Hereford residents — or former Hereford residents — are listed in the government's list of taxpayers due refunds from 1943-44 taxes. Named were Mr. and Mrs. W. C. McQuarter, Hereford, and John G. and Bessie Mae Morris, General Delivery, Hereford.

Deaf Smith county's January mystery farm, which appeared in the Dollar Day Brand on January 6, was the Ramey Elliston farm 10 miles southeast of Hereford in the Wyche community. The first person to identify the place was Leaton Clark, who stopped at The Brand at 6:50 p.m. January 5 to make the identification. He receives \$5 from The Brand. Frank Bezner and Bill Davis tied for second place, call \$45 p.m. January 5. Both will get a free wrestling ticket.

All parents are urged to attend the P-TA meeting to be held in the Hereford high school auditorium on Monday night at 7:30. The meeting will be for the purpose of greeting all the new members signed up during the recent membership drive. Mayor W. E. Dameron will speak on the subject, "Looking Back—Looking Forward." Entertainment will feature the high school mixed choir under the direction of Don Moore. A social hour and refreshment will follow the business meeting.

Pete Cowart was guest speaker at the Hereford Rotary club Friday.

It was announced that the Hereford Camp Fire Girls would have charge of food concessions at the Junior Livestock and

### Expect Over 200 At REA School Mon.

More than 200 farmers are expected to attend the "Irrigation Short Course School" at Hotel Jim Hill on Monday, beginning at 9:30 a.m.

The day-long school is being sponsored by the Deaf Smith County REA. A free barbecue will be served at noon for all attending the school.

On the program will be: Fundamentals of pump irrigation; electric motors and controls; crops that can be economically irrigated in Deaf Smith, Parmer and Castro counties; soil conservation through use of permanent pasture, legumes and improved practices; conservation of water and improved irrigation methods; irrigation pumps; special rates for winter irrigation; and a panel discussion of local problems.

A NEW CHARGING DESK for the Deaf Smith county library was installed Thursday morning. Frank Jones, high school English teacher, did all the work on the desk during his spare time. Rockwell Brothers Lumber company sold the materials at half the cost. Mrs. J. J. Boydston, county librarian and Corrine Jennings, assistant librarian, are shown as they change the library cards from the old charging desk to the new one. The desk, which is made of plywood, is 19 feet long. The top is finished with masonite. —Staff Photo

### Williams Funeral Services Will Be Held Sunday

Funeral services for Carie Jennigan Williams will be held Sunday afternoon, Feb. 3, at the Gilliland Funeral chapel at 3 p.m. Rev. Roy Ford will be in charge of the services.

Mrs. Williams died on January 31 in the Northwest Texas hospital in Amarillo following a short illness.

Mrs. Williams was born on June 4, 1867 in Mississippi and was married to J. L. William on January 15, 1885 in Greenville, Texas.

They came to Deaf Smith county in 1919 from Wichita county.

Mrs. Williams was a member of the Methodist church.

Survivors include: three sons, A. R. Williams, Amarillo; J. C. Williams, Hereford; J. G. Williams, Denard, Ark.; five daughters, Mrs. Johnny Kemp, Tucumcari, N. M.; Mrs. C. B. Kendeat, Globe, Ariz.; Mrs. Bada Key, Amarillo; Mrs. B. G. Brigrance, West Point, Miss.; Mrs. Fannie Smith, Amarillo; 24 grandchildren and 15 great grandchildren.

### Buford Graham New Manager Of Hotel Jim Hill

Buford Graham of Big Spring assumed duties as manager of Hotel Jim Hill on January 25.

Graham, who has had 15 years of experience in the hotel business, came to Hereford from Big Spring, where he was the manager of Settles hotel.

Tom Pendergraft, former manager of the hotel has bought a ranch near Hereford but will continue to supervise the operation of the hotel.

Graham served 4½ years with the infantry during World War II. Two years of this time was spent on an island in the Pacific.

### Robinson Rites Will Be Sunday In Dimmitt

Funeral services for Mrs. Olive Etta Robinson of Dimmitt will be held on Sunday afternoon, Feb. 3, at 3 p.m. at the First Methodist church in Dimmitt.

Rev. Lee Stanford will conduct the services.

Interment will be in the Dimmitt cemetery under the direction of Gilliland Funeral home.

Mrs. Robinson died Saturday morning in the Plains Memorial hospital in Dimmitt following an illness of about two months.

Mrs. Robinson was born in Michigan. They came to Texas in August 1950 from Halbrook, Ariz. She was a member of the Christian Science church.

Survivors include: one son, Preston A. Robinson, San Diego, Calif.; two daughters, Mrs. Allee Eaton, Chicago; and Mrs. R. M. Murphy, Oak Run, Calif.; eight grandchildren and 6 great-grandchildren.

Pall bearers will be: Glen Ratcliff, Lawrence Buckmaster, Leonard Hyatt, Lester McDurmett, E. A. Wyre, Homer Hyatt.

Mr. and Mrs. Douglas Groom visited in the home of Mr. and Mrs. Don Little last week-end.

## Pioneer Days Set For May 30 - June 1

Hereford's 1952 "Pioneer Day" celebration will be held for three days this year — Friday, Saturday, and Sunday, May 30, June 1 — according to Tom McFarland, secretary-manager of the Deaf Smith County Chamber of Commerce.

Dates for the annual homecoming affair were set at a meeting of the Chamber's board of directors held Wednesday night.

Definite plans have already been made for a professional rodeo troupe, under the direction of Bob Estes of Baird, Texas, to appear in Hereford for the "Pioneer Day" celebration.

Amateurs are being invited to participate in the rodeo if they so desire, according to Faust Collier, president of the Hereford Riders.

Present plans are to have about the same type of celebration that was staged last year, only a little longer. Delaying the celebration two weeks to the end of May was done to keep from interfering with the busy time of the spring for farmers.

Further planning for the event will start at a called meeting sometime during February, McFarland said. Tentative outline for the three-day celebration

calls for more contests, parades and "probably beard-growing."

Other business conducted by the board of directors Wednesday night included the appointing of three directors — Ben Childers, Paul Harvey and T. J. Clay — to meet with the city commission in an effort to work out plans for setting aside a section

of the city for selling low-cost lots to Latin-Americans wishing to build their own homes.

Refinishing of the highway signs at the county line east and west of Hereford on Highway 60 was also discussed. Sketches of the finished signs were shown members of the board. The work will be done in the near future.

## March of Dimes Raises \$4500 Here

An estimated total of \$4500 was raised during the month-long "March of Dimes" drive in Deaf Smith county, according to Gib Howard, drive chairman.

The two biggest promotions in the drive were the Mothers March Thursday night and the Jaycee radio program on Sunday afternoon.

A total of \$1225 was donated during the two-hour Mothers March, which was sponsored by the Child Study club. The club plans to make the March an an-

nual event to aid the "March of Dimes".

The Jaycee radio program brought in \$1479.61 and two loads of scrap metal.

The three dances, which were held on Friday night netted \$45 for the drive. These dances were sponsored by the VFW.

The schools contributed \$114.97 and \$34 came in from the business scrolls.

A total of \$328.65 came in from the mail campaign.

## Hereford Clinic Staff Expansion Is Outlined

Plans for an expansion program which will staff the Hereford Clinic with seven doctors, five of whom will be on active duty by July 1, 1952, were outlined today by Dr. R. R. Wills.

Dr. L. B. Barnett and Dr. M. W. Nobles, both of whom are now doing advanced work as staff members at Parkland hospital, Dallas, will also return to Hereford on July 1, 1952, to again rejoin the clinic staff.

Staff additions next July 1, will include two general practitioners and one surgeon; all three will come here from Parkland hospital in Dallas. A consulting specialist will also be added to the staff in July.

Dr. William Lawrence originally from Iowa, will join the staff for general practice and obstetrics. Dr. Lawrence is married and has one child.

Dr. Fletcher Glendenny will also join the staff for general practice. He is likewise married and has one child.

Dr. A. T. Mims will join the clinic staff for surgery and consultation. In addition to his medical degree, Dr. Mims has spent five years in Parkland hospital and was a Diplomate of American Board of Surgery.

The other new staff member in July will be Dr. James E. Loveless of Lubbock. Dr. Loveless is a Diplomate of American Board of Orthopedics. He will reside in Lubbock but will be on call to assist the clinic staff at

any time, Dr. Wills said.

In addition to these new staff members, Dr. Wills and Dr. R. J. Grubbs will continue as staff members until the return of Dr. Barnett and Dr. Nobles in July, 1953. At this time Dr. Wills and Dr. Grubbs will go to Parkland hospital for additional work. Dr. Wills will have a senior residence in Urology and Dr. Grubbs in Pediatrics. Both plan to return to Hereford in 1954, when the additional training is specialized work will qualify them to take the American Board examinations.

"After our return, Dr. Lawrence and Dr. Glendenny will start studying toward their American Board specialties," Dr. Wills said.

"This will give us seven staff members and one consultant at the clinic," Dr. Wills pointed out, but for the next few years at least two of the doctors will be on leave to study specialized work, thus leaving five staff members on duty in Hereford.

"We have studied this program carefully in order to give the community the best possible program, and only this week were we able to work out the complete plans in detail. In this manner we feel that we can best serve the community and at the same time keep abreast with developments in the world of medicine."

### Funeral Rites For Mother Of Paul Harvey

Funeral services for Mrs. G. A. Harvey of Denison, Texas, mother of Paul Harvey of Hereford, were held Friday afternoon at 3 p.m. at the Bradford - Moore Funeral Home in Denison.

Mrs. Harvey, who has been in the hospital at Denison for about a month, died Wednesday night.

Further details are not available as Paul Harvey is still in Denison.

Mr. and Mrs. Roy Boyd and daughter Royda went to Huntsville over the weekend to be with their daughter and sister, Mrs. W. D. West who was ill in the hospital there. Mr. Boyd and daughter have returned home and Mrs. Boyd remained for a week's longer stay with Mrs. West.

GOOD AT IDENTIFYING MARINE life? What are these specimens? Charley Holt found them on the Schellhagen lake west of Hereford on Thursday and brought them to Packard Mill. Most people who have seen them called them some sort of water dog. Holt brought in six of the "water dogs", the biggest of which were about 14 inches in length. The Brand is interested in knowing what they are. Another picture inside this issue. —Staff Photo

### Marion Rutter Announces For Commissioner

M. T. (Marion) Rutter this week authorized The Brand to announce his name as a candidate for re-election as commissioner of precinct one.

"It has been a privilege as well as a pleasure to serve you as your county commissioner for the past year. If re-elected I will continue to serve you in the same efficient way."

"My intentions have been to help you with some of your problems at the same time working for the good of our county. With this in mind I have performed my duty to the best of my ability. I will appreciate everything you do for me in the coming election"

## Meat

As soon as the meat comes from the store, unwrap and place on clean platters in the refrigerator. When wrapped a certain amount of warm air from the meta shop is enclosed, and if the paper is not removed, the cold air of the refrigerator has no chance of reaching the meat to protect it from spoiling. Paper also drains out the juices of a freshly-cut piece of meat.

## Glass Cement

A transparent cement for glass can be made by digesting together for about a week, one ounce of india-rubber, 67 ounces of chloroform, and 40 ounces of mastic.

## Refrigerator Trays

If a piece of waxed paper is incerted under the trays in the refrigerator, they will come out much more easily.

## Dirty Curtains

If the curtains are very soiled do not attempt to wash them as soon as they have been taken down. Place in cold water to which as generous handful of borax has been added and let them remain soaking overnight. This will loosen the dirt and the washing will be much easier.

## Ice on Cement Steps

Sprinkle several handfuls of saltpeter on cement steps or walks that have ice on them. Ice will not form if washed with hot water in which a handful of salt is dissolved. This is better than sprinkling with salt.

## The Saucepan

Never scrape a saucepan with a knife. This tends to make the pan burn quickly the next time it is used, to say nothing of injuring the knife.

## A Ring Mold

An excellent substitute for a ring mold can be effected as follows: Fill a glass jar with chopped ice, seal, and set into a bowl. Pour the mixture to be molded

around the jar. Remove the jar when the mixture is well frozen.

**Cream of Tartar Substitute**  
When mixing cake that calls for cream of tartar, a good substitute is buttermilk. If the buttermilk is not sour enough, add a little vinegar.

**Long-Burning Candles**  
Place candles on ice for about twenty-four hours before using, and they will burn for a much longer time.

**Washing Shields**  
To keep dress shields fresh and make them wear longer, place them flat and brush them with tepid soap suds on both sides. Souse up and down in clear rinsing water to which a little ammonia has been added, but do not wring. Hang over a line and allow to drip dry. Do not iron.

## County Agent Reports

By Hugh Clearman  
County Agent

Looks like Leo Forrest and his assistants have planned a good program for the irrigations school on February 4. They are expecting about 200 farmers to be in attendance, which sure sounds like folks are interested.

Had a call from Hansford county this week requesting help in a similar school to be held in Spearman on February 14. They wanted a farmer who was qualified to talk about irrigated pasture and legumes in an irrigation program. When they were told about Jay Boston and his experience they said he was the man they would like to have. Mr. Boston has agreed to help them and will appear on the program during the afternoon.

shown in the stores recently released about anthrox outbreaks in the Amarillo area. It is a very dangerous disease which isn't always limited to attacks on cattle. In the event you think you have an animal affected with this disease you should contact a veterinarian immediately. Above all be very careful that you do not expose yourself to possible infection.

Boys who are planning to exhibit animals at the stock show on February 22 and 23 should check insects now so that any infestation can be eliminated before show time. Infested animals do not look good and the judge

will certainly be looking for things like that in the show ring. There will be three showmanship prizes again this year. Good grooming is a part of showmanship. Insect control is a part of good grooming.

Cpl. William Leo Hicks, son of Mr. and Mrs. John Hicks, returned home Friday from Fort Sill, Okla. where he has been stationed with the U.S. Army. He will report to Fort Lawton, Wash. for overseas duty on February 19. Leo attended Hereford high school and entered the service in December 1950.

Mr. and Mrs. Hicks have an-

# Earl Cole Finds Ladino Clover Profitable Crop

Earl Cole, whose farm is in the northwest part of Castro county, believes in taking every opportunity to make his farm pay more. When Cole bought the farm in 1946, it had been irrigated for 12 years without any attention to improving the soil. The yields were not what they should be. No matter how the land was irrigated the yields were not as high as a good farm like Cole expected. Something had to be done and soon.

Commercial fertilizer was tried and it helped. It still helps, but Cole is not satisfied that it is the complete answer.

Legumes of different kinds were tried and among them was a seven-acre field of Ladino Clover. Ladino is a low growing shallow rooted plant that will live several years. The stem gets about two feet long and when a joint comes in contact with most soil it takes root. This soon forms a dense turf. Most of the roots are in the top six inches of soil, and none were found below 16 inches when the plants were about 18 months old. Nodules are plentiful on the roots. This means that the clover is taking nitrogen from the air and fixing it in the soil building up the fertility for future crops.

### Balmy Weather Continues Despite Predictions And The Calendar

By Mrs. R. C. Childers

Weather predictions by the weather bureau at the Amarillo air-field were "mild to Wednesday", but here it is Friday and still mild wonderful weather. The birds are singing, they also think it is spring. The January high was 83 degrees. Another warm day on January 25 it was 77 degrees. This is wonderful weather for farming operations.

Bruce Burney of Levelland who has been seriously ill was in this community this week. He owns the farm on which Marti Mason lives.

Mr. and Mrs. George Hogland and their two children of Fort Worth Texas have moved into this community. They are living on the Raymond Higginbotham place, which is the old Earnest Hardman place. They are employed by Higginbotham.

Mr. S. J. Barclay and son Curtis left Friday morning for Missouri where they will visit Jim Barclay, who lives at Carthage, Mo.

Debra Jo Wilson, small daughter of Mr. and Mrs. Glen V. Wilson, has the chicken pox. She is about five months of age.

G. C. Hartman of Dove Creek, Colo. arrived in Hereford Wednesday to visit his children, Mr. and Mrs. Buddy Witherspoon, Mr. and Mrs. Bill Simpson, Mr. and Mrs. Jiggs Hartman and Mr. and Mrs. E. Hartman.

Mr. S. J. Barclay, Mr. and Mrs. R. C. Childers, Austin Johnson and Mrs. A. H. Inman of Plainview were dinner guests in the C. S. Barclay home on Wednesday.

George Hogland is now employed on the R. C. Childers farm for a few days.

Mrs. P. S. Corbett, Ronald and James were callers in the Lyle Rickman home Thursday.

Art Lewis spent almost a week in Ringwood, Okla., visiting relatives. He returned home this week.

Two new members have been added to the First Aid Training Course which is being held in the Louie Olson home each Tuesday and Friday afternoons. They are Mrs. Carlos Vaughn and Mrs. I. Ricketts. To date the class has had six lessons of the course.

Hal Inman of Plainview spent Thursday night in the home of Mr. and Mrs. R. C. Childers.

The health inspector for the City of Amarillo was in the community inspecting dairies this week. There are only three grade A dairies left in the valley now. They are the dairies of M. G. Caywood, Robert Kerschen, and R. C. Childers.

Mrs. Oscar C. Knowles of Wellington, Kans. is spending about two weeks in the home of her son-in-law and daughter, Mr. and Mrs. Kent Snare.

The final potato acreage goal for Texas calls for an increase of seven per cent above the 1951 acreage. B. F. Vance, Chairman of the State Agricultural Mobilization Committee, has announced. This acreage is a little less than the tentative potato acreage goal announced last November. The production goal, however, remains the same — 2.1 million bushels.

The 1952 potato acreage goals have been adjusted downward in line with 1950 census figures and revised estimates of 1950 and 1951 potato acreages. Indications are that potato acreage has shifted from lower yielding non-commercial farms to commercial

# How Can I?

By Anne Ashley

**Q. How can I renew the oil in dustless cloths?**

A. Apply a few drops of kerosene or light lubricating oil on one corner, rolling the cloth, and letting it stand until the oil has spread evenly. Or, a little oil may be added to the rinsing water after washing the dust cloth. One tablespoon of kerosene or one-half tablespoon of light lubricating oil to one quart of water gives good results.

**Q. How can I keep plaster of Paris softer for a longer time,**

and thus give myself a longer time to work?

A. Using vinegar, instead of water, when mixing the plaster of Paris will keep the plaster soft for a longer time.

**Q. How can I remove the smoky appearance often acquired by highly polished furniture?**

A. Wash the furniture with a sponge and tepid water, and dry with a chamois that has been wrung out in cold water.

**Q. How can I bleach silk, wool, linen, or cotton?**

A. The best bleaching process for these materials is to use one teaspoon of peroxide of hydrogen to 1/2-tub of cold water. Let the clothes soak in this overnight; then rinse and wash as usual. This does not injure the fabric and imparts a pure white.

**Q. How can I make a polish for patent leather?**

A. Sweet oil forms a good dressing for patent leather. Ap-

ply it with a small piece of flannel, then polish with a soft cloth.

**Q. How can I preserve the flavor of roast meat that is to be served cold?**

A. By wrapping the meat in a damp cheesecloth while it is still hot.

**Q. What is the reason for the difficulty sometimes experienced in removing fried eggs from the pan without breaking the yolk?**

A. It usually means one has not had sufficient butter in the pan, or has coked the eggs too rapidly and the butter cooked away, allowing the eggs to stick to the surface.

**Q. How can I remove rust from iron and steel?**

A. A touch of kerosene, applied with powdered bath brick to give it the proper roughage, will remove rust from iron and steel.

**Q. How can I clean soiled wall paper quickly?**

A. Dip a clean duster into dry powdered borax and rub it all over the soiled parts.

**Q. How can I clean smeary mahogany furniture?**

A. First sponge with a cloth dipped in a solution of hot water and vinegar, and then with a cloth dipped in a pint of warm water to which one teaspoon each of linseed oil and turpentine has been added. Follow this by polishing with a soft, dry cloth.

## Class Group Entertained

Fidelis Matrons Class of the First Baptist church met for a business and social meeting in the home of Mrs. J. F. Martin Tuesday evening. The devotional lesson on vanity, good name, patience and wisdom, was presented by Mrs. Jimmie Mercer.

Plans were made for the departmental tucky party which will be held in the church next week.

Refreshments were served to: Mesdames Edna Beavers, A. L. Manjeot, M. G. Caywood, Hollis Rainey, Frank Prawell, Earl Stagner, Jimmie Allred, Jimmie Mercer, Clarence Schulz, Herbert Haseloff, Ernest Kendall, W. R. Hair, J. B. Brown, Jack Johnson, W. H. Patton, Edgar Skypala and the hostess.

## Marjorie Muse Feted At Party

Marjorie Sue Muse was honored on her ninth birthday Wednesday afternoon when her mother, Mrs. Kellar Muse, entertained with a party.

Bingo games entertained the group and favors were given. Prizes were heart shaped boxes of candy.

The red and white birthday cake and other appointments carried out the Valentine theme.

Those attending were: Sara Gillentine, Mary Lois Coker, Carol Kent, Sondra Brumley, Helen Sears, Patsy Wooddell, Zell Crump, Patsy McGuire, Sara Ann Hudspeth, Lu Ann Higgins, Judy Ann Dodson, Nickey Noland, Ann Wingert and the honoree.

## County Hits New Poll Tax High, 3,296 Are Sold

Deaf Smith county set another record this week with a new high of 3,296 poll taxes having been sold before the January 31 deadline.

J. C. Reese, sheriff and tax collector, said the previous high was in 1950 when 2,460 persons paid the \$1.75 levy for their privilege to vote.

Selling went on until about 9 p.m. Thursday in the tax collector's office, Reese said. Some poll taxes were sold by Reese even after he left the office that night.

From the record sale, the tax collector estimated that the coun-

ty has from 4,031 to 4,201 qualified voters. That figure is arrived at by adding the poll tax sales to the number of exemptions for being disabled or underage, (81 were claimed here) and finally adding from 20% to 50% of the paid polls which would represent the voters over age 60 who must not pay the poll tax.

A new grand jury will also be sworn in. A 16-man panel has been notified. From this list, 12 will be chosen for duty.

Called were: Ivan Block, N. D. Bartlett, Troy Moore, Virgil Walker, Charles Burke, M. W. Blankenship, David Rodgers, J. R. Allison, Frank Bezner, P. B. Sowell, Cecil Lady, J. R. Overstreet, Louis L. Smith, Leroy Aven, Homer Brumley and Dudley Green.

## District Court Opens New Term Monday Morning

District Judge Harry Schultz will be in Hereford on Monday at 10 a.m. to open a new term of district court, according to Robert Thompson, district clerk. Judge Schultz will set cases now docketed for trial.

## OPS Meeting To Explain CPR-7 Thursday Night

An important meeting to discuss pricing for consumer durable goods under the Office of Price Stabilization CPR 7 will be

held in the Hotel Jim Hill ballroom Thursday, Feb. 7 at 7:30 p. m.

This meeting is of primary importance to variety, hardware, ready-to-wear, department, furniture and appliance and jewelry store owners and managers. The meeting will be principally to explain how to apply the rules under the list date pricing chart.

C. M. Erickson, consumer durable specialist from the Lubbock OPS office, will have charge of the meeting.

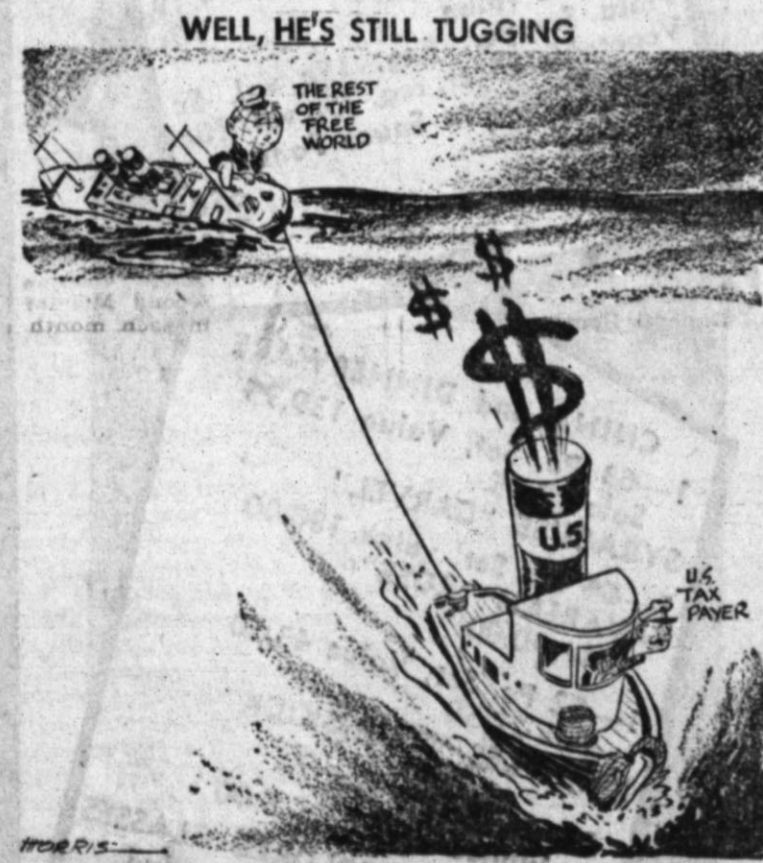

The Deaf Smith County Chamber of Commerce is co-sponsoring the meeting with the OPS.

Maryland is called the "Free State of Maryland" because it was the first and for many years the only state definitely to proclaim religious toleration.

TEXAS FOR EISENHOWER, a non-partisan movement asking General Eisenhower to become a candidate for President, has organized a chapter at the University of Texas. Dee Griffin, seated, was named head of the group by Robert Doss, right, young Denison lawyer and chairman of Texas For Eisenhower which has already secured pledges of support from more than 40,000 Texans. Headquarters for Texas For Eisenhower are in Denison, Eisenhower's birthplace.

## Grandstand Gropings

By Kent Snare

Some big name coaches are shrewd characters, and that cannot be likened to the small Brooklyn tad who wanted to know, "Is 'empires' people" . . . I was thinking of the good doctor at Kansas U., "Phog" Allen and believe it or not, some of his antics hark back to my younger, participating days . . . To me, the smoothest guard combination, with one exception, was the old Jawhawk combo of Paul Endspott and Charlie Black . . . And to date, that one, Black's son Charles Jr., has come and gone at K.U. leaving a very big A-A footmark of his own . . . The other pair didn't go to college together but they did play high school and AAU ball, in unison, believe me. You probably never heard of them, but some of the bald poles of KC, Wichita and environs will regale you if you deign to disparage Dick Shacklette and Bill Holleicke, they were big-uns but smooth . . . To slip back to Phog, who has been at Kansas U since 1908 and until the K-Aggies ruined his '52 clubs spotless record Saturday last, he had won 695 and lost 290 in his coaching career . . . One season, 1909, he coached KU and Haskell Indian Institute, both in Lawrence and Baker U, at Baldwin, only a surrey runaway and wound up with a 74-10 season's record . . . His great ball clubs and players have been legion and, of course, his record attests many outstanding young players, because of the demand for Allen-trained players as coaches . . . Rupp of Kentucky is one . . . Others that will never be forgotten are: Dutch Lomborg of Northwestern, John Bunn of Stanford, "Frosty" Cox of Colorado . . . Much of the good doctor's coaching savvy has been in print and passed out through coaching schools and while he has never gone in for ball control to the extent of Iba, Schabinger and Doc Reilly, he can turn it out and you can look for at least one low scoring joust this year between the Jawhawks and Okie Ags in their two scheduled contests. A lot of his long-standing coaching axioms still hang high . . . His smooth pivot and passout . . . His

high hook pass and catcher's peg to the postman . . . I recall when Kenny Jastrow brot the peg to Denver Mountains with the com-mo-tion he stirred up with it . . . With Phog, a playing crouch with bent knees and quick footwork is a must . . . He refers questioners of this tact, by alluding to any animal, stressing that whether on the defense or attack, it drops into a crouch for quick reaction. . . . The good doctor points out that the only springs in the human mechanism are the knees, bend them slightly and you're ready for any quick move . . . And Phog rides with the fundamentals, stating that when every-thing is equal, the team with the better fundamentals prevails and that any athlete under pressure reverts to his basic playing habits . . . If the Dimmitt girls follow their recent course and top the Texas teams and return for a go with the lowa' gals they may face a scoring ace in one Norma Schoulte of Monona, Iowa . . . She's 6'4" and the other night tallied 111 points, 34 fielders, when her team clobbered Harpers Ferry, 132-12 . . . Last week Notre Dame's Frank Leahy delivered an accolade and a sporting gesture in one breath on a Harry Wismer sportscast . . . Asked if he favored resumption of the Army-Notre Dame classic, Leahy replied, "We at Notre Dame like to play the best and as long as Earl Blaik is coach at West Point, Army will be among the best and so, we would like to renew foot-ball relations with the Army." Minion (finally, but why in the last paragraph?) did your getting all tangled up in that thread of dreams upset your innate sense of light footed caution . . . I cannot conceive your bold move in risking that enormous outlay of self-possessed coin of the realm by any other cause than sheer joy in any other cause than sheer joy! Just mad-money! . . . However, I'll name the time and place . . . No room allowed for skullduggery (we'll make it if we have to cut the heart out of this squib) you lose, you know, the Terre Haughty kid only canned 18 pernts.

## Eleven Called In February Draft

The induction call for the local draft board was for 11 men to report on February 14, according to Mrs. A. Peterson, clerk.

Those included in the February call were: Edwin Duane Allred, Windsor; William Keith Kromer, Morton; Morris Wayne Massey, Friona; David Lloyd Lindsey, Canyon; Leo Curtis Bellows, Vega; Herbert Keith McGregor, Amarillo; Steven Ray Cobe, Happy; Larry Gene Sanford; William Ray Haire, Donmitt; Fay Hand, Canyon; Charles William Gresham, Hereford.

The state draft call for March—1,858 men—was received at state Selective Service headquarters today. Brigadier General Paul L. Wakefield, state draft director, announced.

The March figure compares with February and January induction quotas of 2,027 and 1,471 respectively. These quotas are considerably less than the same months a year ago. Quotas the first three months of 1951 averaged more than 4,100 a month. Local board quotas for March have not been figured. General Wakefield said. State headquarters expects to have the local board quotas in the mail on February 8th.

The March call will be filled with the same age groups that are being used to fill the February call—men 20 years old and above. General Wakefield estimated that half the March call can be filled with men 21 years old and above.

A total of 4,328 men 21 years old and above are scheduled for the armed forces mental and physical tests in February.

There will be no re-examination of 4-Fs in February, in accordance with instructions from Selective Service national headquarters. General Wakefield said.

A total of 2,391 4-Fs are being re-examined in January. Texas has a total of 13,211 4-Fs to be re-examined.

## Livestock Fairs Must Apply To OPS Before Show

Organizations promoting livestock fairs, shows or exhibits must apply to the district office of the Office of Price Stabilization for their area before such shows are held, OPS officials said today.

Prior to the dates for such a livestock exhibit, the president, secretary or manager of the organization promoting the show must apply for permission to have the "club" or "show" stock sold at the fair and slaughtered.

In turn the OPS district office will authorize the officials of the organization to issue certificates permitting non-slaughtering purchasers to have the stock they purchase slaughtered for them whenever it finds that the sale at the fair is held under the auspices of the 4-H clubs. Future Farmers of America, or other recognized youth organization.

The Lubbock district OPS office, 1202 Texas Avenue, Lubbock, Texas, is the headquarters for 69 West Texas counties, and organizations in this area should direct their applications or requests for information to this office.

## Chart Red Cross Drive

Plans for the 1952 Red Cross drive, which will be launched on Tuesday, Jan. 26, were laid at a meeting of division chairmen Friday night.

Discussion and study of the Red Cross services and setting up territory coverage for the various chairmen was the main order of business.

Each chairman will now contact personally those he wished to have assist him in the various fields of collection, Drive Chairman Ben Childers said.

Special guests at the meeting were Joe Racz, Red Cross field representative. Chairmen of the various divisions are:

Jim Kirby, publicity; Dick Lucas, business; Leland McMurray, industrial; Wayne Evans, advanced gifts; Mrs. Cecil Williams, representing Mrs. Cecil Guseman in residential; Argen Draper, rural; and Don C. Martin, special gifts.

The drive kick-off will be held at 10 a.m. on February 26. At the meeting, Mrs. Dyalitha Brady, Red Cross executive secretary, explained the situation on the need for whole blood for the armed forces.

Blood IS BEING RECEIVED in sufficient quantities now, she explained, so that there is no longer a shortage. Regarding lo-

## Kerosene-Drinking Tot Almost Fully Recovered Now

The units have now covered 65% of the United States. The press and radio pleas for whole blood were directed to crowded areas where blood banks were located or where mobile units could be obtained easily.

Fort Worth is the nearest blood bank for this area, she explained. There is no LACK of facilities for collecting blood, because the Red Cross has four times the amount of coverage now than there was during World War II. There are 44 blood centers throughout the entire United States.

Linda Larmer, 18-month-old daughter of Mr. and Mrs. R. N. Larmer of Hereford has almost recovered from drinking some kerosene just before noon Tuesday.

Linda discovered the kerosene in a bottle in the back yard, Mrs. Larmer, who had her back turned at the time, heard Linda make a choking sound and thought that the child had swallowed something.

When she saw the bottle of kerosene, she realized what had happened and rushed Linda to the Deaf Smith county hospital.

## F-M Decision In 30 Days: State

Deaf Smith county will know in about 30 days where the 1952 allotment of 5.3 miles of Farm-to-Market road will be awarded—on the Adrian road or on the Wyche road—according to correspondence received this week by County Judge Leonard H. Foster.

D. C. Greer, state highway engineer, wrote on January 30 that considerable attention has been given to the presentation made

by Foster and two commissioners before the commission on January 17 in regard to changing the state's official designation of the 1952 farm-to-market road.

The state will hold up further engineering work on the "Adrian" road— which the state approved— until the commission can study the comparable merits of the two projects.

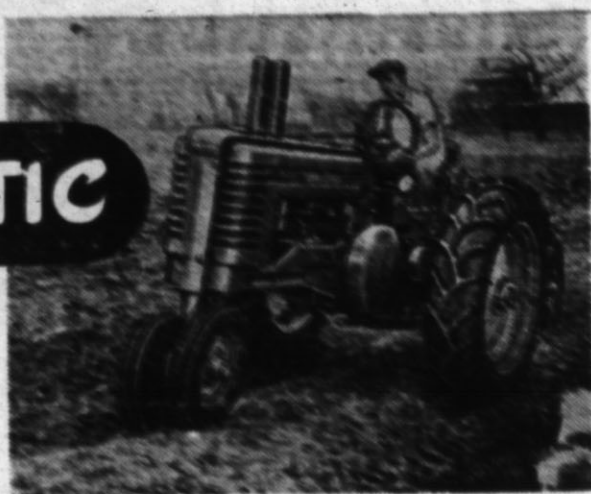

Greer said he would notify the county within 30 days.

## ROLL-O-MATIC

One more reason why John Deere is first choice of the tractor-wise!

One trip across the field behind the wheel of a John Deere Tractor equipped with Roll-O-Matic "knee-action" front wheels and you'll agree—there's nothing like it for driving ease... riding comfort.

It's easier steering... smoother, sure-footed operation all the way—over rough ground, on top of beds, along contours, in practically every operating condition. There's no fighting the wheel, no creeping or weaving from side to side.

Roll-O-Matic reduces front-end bounce because up-and-down movement of the front end is cut exactly in half. Front tire life is prolonged because the load is shared equally by both front wheels.

Roll-O-Matic is but one of many John Deere Tractor features. Ask us for a free demonstration the next time you're in town.

In addition, John Deere Tractors offer:

- OUTSTANDING ECONOMY
- GREATER DURABILITY
- LONGER LIFE
- GREATER COMFORT
- OUTSTANDING QUALITY
- EASIER HANDLING
- EASIER MAINTENANCE
- COMPLETE INTEGRAL EQUIPMENT
- UNRIVALED VIEW
- GREATER ADAPTABILITY

# "Leap Year" Bachelors

MILES ROBERSON, vice-president of the First National Bank, was born February 9, 1895. Moving to Summerfield in 1901, he later came to Hereford in 1915. He has been in the banking business since 1920. "I never have been accused of being a banker," he says. "I've always been called a trader." His main hobby is still trading livestock.

Going into the second month of Leap Year, there are still plenty of bachelors in the community. Nine of them are shown on this page. Who knows? February MIGHT be their month! Whatever else can be said for Hereford's single men, they're good sports for taking part in this feature. They've got nerve, too!

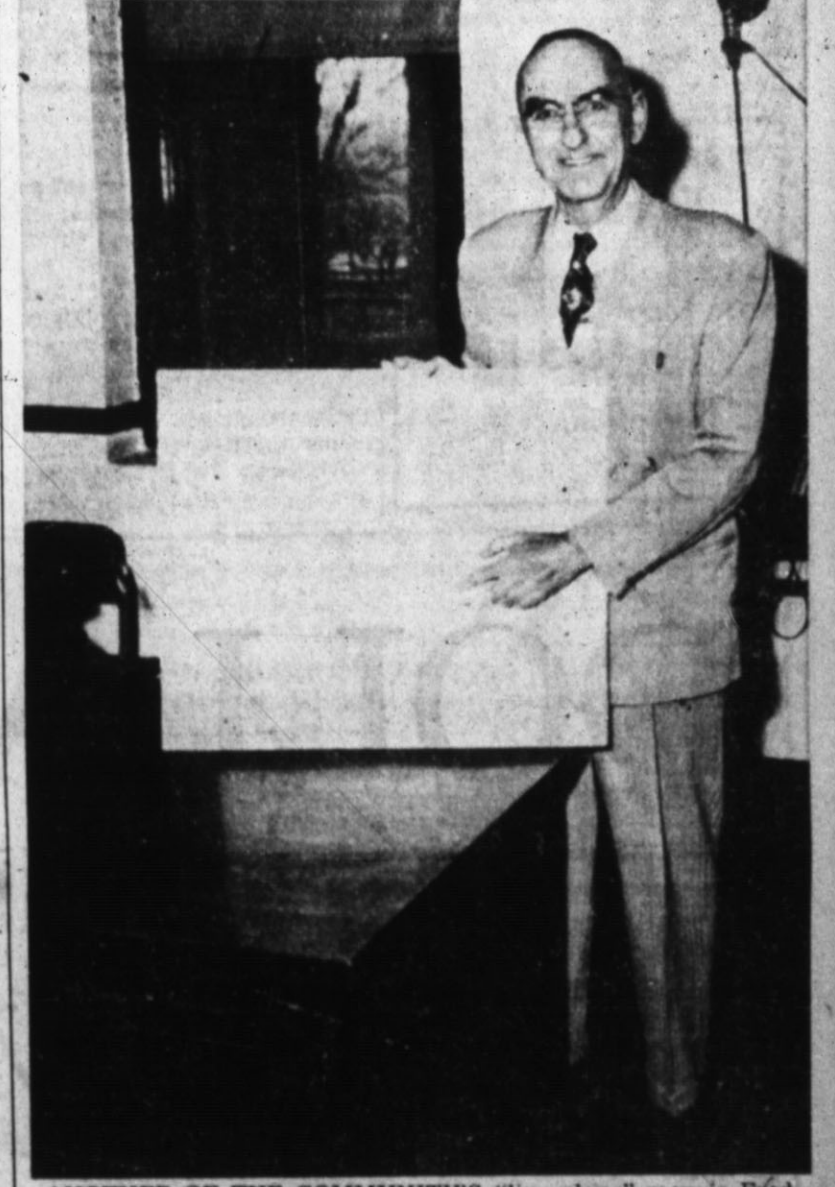

BILL PHILLIPS is another single man that is heading into Leap Year without a mate. Bill, cashier at the Hereford State Bank, was born in Hereford on January 28, 1917. His entire life—with the exception of four years in Castro county and his service during World War II—has been spent in Deaf Smith county. Phillips is a Texas Tech grad in business administration, where he received his B.B. His hobbies are now confined to Scouting work and various phases of it. Bill is the District Commissioner for the Boy Scouts. He used to play quite a bit of golf. On changing his single status, Bill says, "That all depends. I've got an open mind but I'm in no hurry."

COUNTY AGENT Hugh Clearman is one of the county's best-known bachelors. Born August 27, 1910, Clearman has been in Deaf Smith county since February, 1946. He was also here the year of 1940. Hugh graduated from Texas A&M in 1940 as an entomologist. His favorite pastime, he says, is feeding cattle. He's a little partial to Whitefaces, he admits.

COUNTY JUDGE Leonard H. Foster, who "supposes" he is a confirmed bachelor, was born April 13, 1888. A veteran of World War I, Judge Foster has had a long record of serving the county in various capacities. Hereford has been his home since 1915. He has served as county judge since 1947. A former printer, Judge Foster owned Whiteface Printing company.

ANOTHER OF THE COMMUNITY'S "live alone" men is Fryd Baird, school tax collector for the Hereford Rural School district. Born November 1, 1889, Baird came to Deaf Smith county from Grayson county at the age of 11. He has had an imposing career of county service having served as county judge, tax collector in the sheriff's office, and county auditor. He has been school tax collector for four years. His only hobby is keeping more accurate and neater records.

MANAGING PERRY'S department store takes a lot of Bachelor Jay Sullivan's time. Sullivan was born in Marshall on December 12, 1924, coming to Hereford in January 15, 1951. His hobby used to be collecting chalk dogs, but department store takes all his spare time. Jay spent a year at North Texas and two years in the Navy. He said he didn't intend to remain a bachelor, but it looks as though he will. He was supposed to have been married February 15 to a young lady from Orange, Texas, (His home town before Hereford) but there were "too many miles" between them.

ROY PEET, owner of the Western Flower shop, is another of Hereford's eligible bachelors. Peet was born in Denver, Colo. on April 25, 1916. He lived in Amarillo since he was five years old but has been a Hereford resident for the past 3½ years. His hobbies are flowers, color photography, travel and tennis. He is not a confirmed bachelor. "The door is always open," he reluctantly said.

ONE OF HEREFORD'S youngest bachelors is Kenny Wilson, born January 5, 1929. A salesman for the Hereford Lumber company, he came to Hereford from Amarillo about five years ago. Kenny's hobby is fishing—for fish, that is. As to marital bliss? "No prospects, still looking hard."

HEREFORD HIGH SCHOOL harbors one of the community's most eligible bachelors. He is Pat Sullivan, assistant principal. Pat was born February 5, 1924. Sullivan has been in Hereford for six years, coming here from Lubbock where he graduated from Texas Tech. "All sports" are Pat's hobbies. Although not a "confirmed" bachelor, he doesn't own up to any prospects, either.

# Begin Paying \$200,000,000 GI Dividend About March 1

The Veterans Administration today announced it will pay a regular dividend of \$200,000,000, beginning in March, 1952, to approximately 5,000,000 holders of National Service Life Insurance.

Policy holders who wish to receive their 1952 dividend in cash must so notify VA, under Public Law 36, 82nd Congress.

Policy holders who do not so notify VA, under this law, will not receive their dividend in cash. Instead, it will be used by VA to pay the premiums becoming due after the dividend is payable, if the policy holder fails to pay such premiums.

VA said it is making a special form to all eligible policy holders which they may use to request cash payment, if that is their desire. However, any type of written request for cash payment will be acceptable, VA said; but, in such cases, the policy holders are cautioned to give their full name and address and their insurance numbers so that their accounts may be identified easily and quickly.

The dividend is payable to policy holders whose policies were in force under premium-paying conditions for three months or longer between the 1951 and 1952 anniversary dates

of their policies. Policies of persons in active service since April 25, 1951, which are under waiver of premiums under Public Law 23, 82nd Congress, will not earn dividends for the period of the 1952 dividend that their policies are in such waiver status.

The same dividend rates that were used in computing the special three-year 1951 dividend will apply to the 1952 dividend. This schedule involves approximately 3,000 different unit rates for the computation of dividend payments.

Generally speaking, those who receive the full three-year payment of the special 1951 dividend will receive approximately one-third of that amount in the regular 1952 dividend, provided their insurance was in force for the full 1952 dividend year.

It is expected that the first payments will be made in March 1952. Future payments are planned to be made as soon after the anniversary date as is administratively possible, VA said.

The 1952 dividend for policy holders who are not in active military service and who apply for payment in cash will be paid by the VA District Offices to which these policy holders pay premiums.

Eligible policy holders in active military service who request the dividend payment in cash will be paid by Central Office in Washington, D. C.

This represents a further change in the manner of paying dividends because the first two dividends were paid entirely by Central Office. VA said it believes the change will speed payments to eligible applicants.

Although Public Law 36 requires only that policy holders

who wish to receive their dividend in cash must so notify VA, the NSLI Act of 1940, as amended, provides policy holders with two other options:

1. On permanent plans only (such as ordinary life, 20-pay life, 30-pay life, and endowment policies), policy holders may request VA in writing to place their 1952 dividend on deposit at interest, with the aggregate to be included in the calculation of cash value at time of lapse.

2. Any policy holder may request VA in writing to apply his 1952 dividend as an advance payment on premiums falling due after the 1952 anniversary date of his policy.

The latter two options apply for the first time because the 1952 dividend is the first regular dividend declared on NSLI. The two previous dividends were special dividends.

In all of these options, VA stressed that policy holders should write to the VA office to which they are paying their premiums.

The first special dividend (known as the 1948 dividend) covered an 8-year span. It amounted to 32.8 billion and was payable to nearly 16,000,000 policy holders who held some 20,000,000 policies.

The second special dividend (known as the 1951 dividend) covered a 3-year span. When all payments under this dividend have been made, the total will amount to \$685 million. This dividend is payable to about 6,000,000 policy holders who held some 7,200,000 policies.

The 1952 dividend, which is the first regular dividend, covers a one-year span. The 5,000,000 policy holders, who are entitled to the \$200 million dividend,

have nearly 6,000,000 policies.

Where uninsured has no insurance in force, any 1952 dividend becoming payable on a lapsed or an expired policy will be paid in cash, with or without an application.

### Little Time To Resume Training On GI Bill Following Separation

Former GI Bill veteran-trainees who returned to active military duty were reminded today by the Veterans Administration that they have little time to lose, in case they want to resume their GI studies after discharge.

Under VA regulations, they must resume their training within a reasonable period after their release from active duty. That "reasonable period," VA said, will be based on the circumstances of each veteran's case, and will depend on the kind of training he is taking and a number of other factors.

These regulations apply to veterans affected by the July 25, 1951, cut-off date for entering training, who had previously been in training under the GI Bill, but who were unable to be enrolled at that time because of re-entrance into military service.

Veterans were advised to make their training plans early, rather than wait for the last minute. This way, VA said, they may avoid the disappointment of missing out altogether.

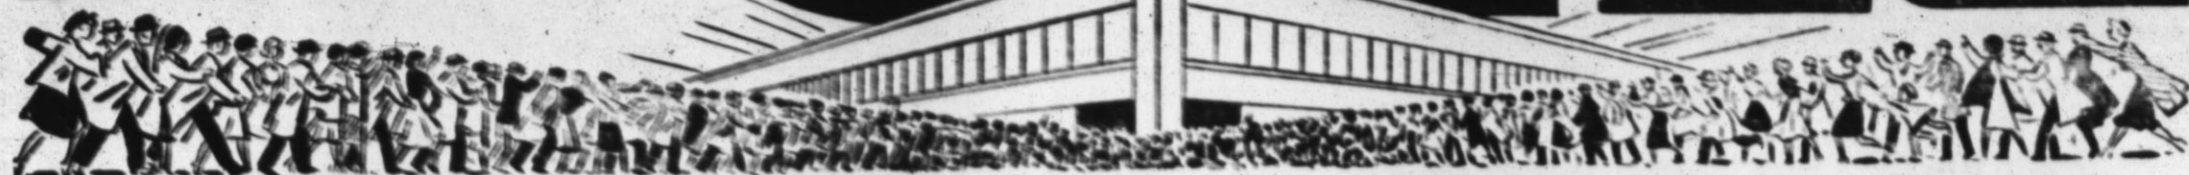

VA also reminded veterans of three requirements that must be met in order to take post-cut-off date training after military service:

1. Conduct and progress of their previous GI Bill courses must have been satisfactory.
2. The amount of training they may get after discharge will be limited by their remaining GI Bill entitlement.
3. And their courses may not extend beyond the wind-up of the GI Bill program on July 25, 1956.

According to the law, the July, 1951, cut-off date applied to World War II veterans discharged before July 25, 1947. For those few discharged afterwards, the cut-off date is four years from their date of discharge.

# Herd Loses Cage Opener Friday

Hereford's cagers lost their first venture into conference scuffles Friday night at Floydada when they dropped a slow-moving 31-23 decision to the Whirlwinds.

The Herd was cold under the bucket Friday and Floydada wasn't much better, but the Whirlwinds did salvage their first loop go.

Bob Mathers again pointed the way for his mates with 10 points. Allen, from the same spot while filling in for Mathers, hit for nine.

Floydada's Teague, left forward, high pointed his mates

with 12 counters. The Herd's field shots were slight, indeed, with the White-face marksmen slumping to 23% of the attempts and dropping that in half to 11% in the last half. Floydada got 34% in the first half and 21% in the second half.

It wasn't because the White-faces weren't charging under the Whirlwind basket. To the contrary. Only two out of 22 shots in the first half were behind the free throw line and only two of these weren't under the basket.

The same was true in the last half. Out of 18 shots, only six

**MAYBE IT'S PSYCHOLOGY**

**More Repairs Are Needed for Farm Machinery in '52**

Twenty per cent more repair parts than farms received in 1949 will be needed to meet this year's high crop goals, N. E. Gass chairman of the county PMA committee warned today.

He urged that all farmers make a special effort to maintain in good repair and running order the equipment they now have. He appealed, too, that the farm scrap collection effort be kept up. "If the million ton goal is reached," he said, "it will contribute more than 3/4 of the scrap required to produce the steel that goes into on year's output of farm machinery."

New farm equipment has been declining since mid-1951. Allotments of raw materials to defense industries for the first three months of 1952 will further restrict production of farm machinery below the needed rate. We are now in the process of setting in motion the Agricultural Mobilization Committees to organize a wide spread drive to point up the vital importance of the maintenance of machinery now on the farms of Deaf Smith county.

"Every farmer sees the sense of this practice because," he said, "when his farm machinery is gone it will be difficult to get more and if he does it will be a long pull," warned Chairman Gass.

"All this situation comes about," he explained, "because, nationwide, several million acres would be needed to fill our country's food and fibre needs. These acres are not available. We have to make up for them by better cultivation of the land we have. That means farm machinery in good repair."

**Letter To The Editor**

In your December 30, 1951 paper some one in "I'll Never Forget" referred to a Miss Moffitt being buried in La Plata cemetery. That was Mrs. Minnie Mercer Moffitt, Dow Mercer's oldest sister — Minnie's daughter.

ter, Leira had Minnie's remains moved to the Hereford cemetery around 1916. She is in the plot with Dow. She was the oldest daughter of L. D. Mercer, one of the organizers of Deaf Smith county. I sent a clipping by Vern Witherston to my sister Fannie, L. D. Mercer's third daughter and she sent me the following memories of old La Plata. I do not know if she would care to have it published. If you care to use it you would have to ask her permission. Her address: Mrs. Fannie Mercer Sigles, 7305 5th Ave., Los Angeles 43, Calif.

## Class of '31 Reunion Held Sat. Night

Twenty one members of the 1931 class of Hereford high school were feasted and entertained Saturday night when the first class reunion was held at Hotel Jim Hill.

It was a happy company of 45 including husbands and wives of class members and teachers and guests, that assembled for the occasion. The class colors of lavender and green were used for memory and the class president, Lt. Col. Robert Bell now stationed with the armed forces in California, was master of ceremonies.

Laughter rang through the ball room throughout the evening as members answered roll call with brief outlines of hap-

penings during the intervening years since graduation, concerning themselves, and filled in accounts given by others if important sidelights were left out.

Members were allowed to display pictures of their children and Mrs. Alberta Higgins displayed and read excerpts from the class scrap book. Class pictures were on view and the toastmaster announced that Mrs. Pauline Smart Wilson was the first of the class to marry and G. T. Higgins the last. Mrs. Myra Hartman Witherspoon was the only grandmother present.

Six members present had started in Mrs. Isabel Garrison's

first grade together. They were Mrs. Lois Moore, Homer Brumley, Robert Bell, Marvin Knox, Alberta Higgins, and Woodrow Ireland. Mrs. Mary Ellen Parker Redfield of Duarte, Cal. and Wm. D. Hawkins of Las Vegas, N. M. also started with the class.

**Telegrams Read**

Telegrams were read from Mrs. Virginia Bowman Bussell of Springfield, Colo., and Mrs. Opal McMahon Dixon of Lubbock, members of the class, and Miss Fern Carlisle, class history teacher who now teaches history in Dallas.

Members of the choir include: Daleine Tinnin, Norma Grace Gray, Lu Durham, Carolyn Kester, Marlene Gilliland; Marlene (Continued on page 2)

## Wayne Thomas El Niño Club Guest Speaker

El Niño Study club met with Mrs. Byron Durham Monday evening with Mrs. Darrell Blanton as chairman of the program.

Mrs. Blanton arranged the program presented by attorney Wayne Thomas who spoke on "Legal Relationships Between Parent and Child".

Mr. Thomas outlined features of protection Texas gives to minors and the liabilities and responsibilities parents assume by law. He discussed trust funds for children and conducted an open forum with members presenting questions of particular interest to them. In conclusion he urged parents to study Texas laws especially those concerning teenagers driving.

During the business session plans were made for a husband's party which will be given at the home of Mrs. O. G. Hill Jr. on February 11.

Members present were: Mesdames J. W. Barnett, Ivan Block, Jim Bookout, Ben Childers, T. J. Clay, Paul Cooney, John Jacobsen Jr., John Kelly, R. B. Lindsey, Sam Nelson, W. H. Patton, W. J. Reeves, Edgar Skypala, Bruce Wooddell and the hostess.

## Plan Valentine Party Feb. 11 For Husbands

Young Mothers Study club was entertained in the home of Mrs. Pat Robinson Monday evening with Mrs. Earl Stagner in charge of the program. Preceding the program a business session was held when plans were made for a Valentine Party with husbands as honor guests. The party is scheduled for February 11.

Mrs. Stagner presented Miss Della Stagner, co-ordinator for the Hereford Public Schools, as guest speaker who reviewed the book "Stop Annoying Your Children" by Dr. W. A. Bauer.

Theme of the book centers around the thought that a happy child is not a delinquent child, and Miss Stagner cited instances showing how children who are at cross-purposes with their parents may become delinquent children.

Members of the club attending the meeting were: Mesdames Wayne Phillips, C. E. Leasure Jr., Bill Brady, W. L. Davis Jr., W. B. Dowell, Charles Dye, Charles Hill, Donald Hesse, Don T. Martin, Earl Stagner, John Winkler, Neal Young, and the hostess.

## "Civic Interests" Lone Star Club Topic

Mrs. Louie LeGrand was hostess for the Lone Star Study Club session held in her home Tuesday afternoon. Mrs. W. S. Fuitt served as co-hostess.

The theme for the days' study was built around "Civic Interests" and roll call was answered by members naming local outstanding civic workers.

Mrs. Earl Phillips gave a review of "Behind the Black Robes" which is the story of the courts and corruption on the bench.

Mrs. Berry Jacobsen discussed "What's Wrong With Our Public Libraries". She stated that

the Deaf Smith County Library ranks high among county libraries of the state.

During the business session plans were made for the annual husbands party which will be a Valentine affair at the home of Mr. and Mrs. Robert Thompson on February 12.

Those in attendance were Mesdames: R. G. Blue, V. E. Dodson, Leo Forrest, Jack Grady, H. E. Henslee, Jim Higgins, Berry Jacobsen, John Jacobsen Jr., C. D. Kelton, Joe Kendall, Vivian Major, Coy Phillips, Earl Phillips, J. E. Springer, C. O. Wilkins, L. L. Womble and the hostess.

## "Western Gibraltar" Won't Protect American Shores

Because American foreign policy is going to play such a major role in the coming presidential election, former President Herbert Hoover's remarks on that subject are the topic of this week's "Question of the Week."

To our minds, President Hoover's recent pronouncements on behalf of a "Western Gibraltar" come too close to sounding the death knell of something the American people have been fighting for through every war since the Revolutionary War.

This line of thinking, in our humble opinion, goes down the line too closely with the views of the antiquated midwestern isolationists.

With all due respect for their honest convictions, these proponents of "guarding our own shores" are not placing enough emphasis on the fact that America must live with the brotherhood of nations.

That includes sharing their problems and trying to seek a permanent solution for and with them.

This writer is not arguing in behalf of the foreign policy of Truman's administration. There are phases of it with which we have disagreed in the past and with which we will probably disagree with in the future.

The BASIC PRINCIPLE of the present foreign policy, however, cannot be disputed. Whether you agree with it in its entirety or not depends upon how far you think we'd ought to go.

Building a "Western Gibraltar" is not enough. In this day and age of guided missiles, atomic war and jet bombers we can't sit secure on this side of the Atlantic or Pacific. We cannot rely on an American version of the Maginot Line.

This world is too small for us to put all our eggs in one basket.

Were America to become involved in another world-wide conflict, how would we ever attack a continental enemy without bases in England? Could we fly 2000 miles from our "American Gibraltar" and bomb Russian targets and then fly back?

No! Whether we like the idea or not, we, as world leaders, are going to have to help strengthen our allies in the face of mounting Russian pressure all around the globe.

If it is necessary for us to keep American soldiers on the other side of the Atlantic to keep peace in the world, it is no more than right.

Nobody in this nation wants World War III fought on American soil any more than we wanted World Wars I and II fought here.

The best way to prevent this is to build up our strength in our allies on either side of us and form a "steel ring of defenses" in both oceans.

Of course, it can't be done without money. Perhaps not all of the money used by our government for building a "steel ring" has been spent as wisely as could be de-

sired. But the fact still remains that it is difficult to find fault with the PRINCIPLE of strengthening America by strengthening our Allies.

How would the Normandy landing been accomplished without a fortified England to use as a stepping stone? Would a neutralized England help or hinder America in defending our own shores in any possible future war?

By the same token, we need our string of outposts in the Pacific to form a protective net for our western shore.

This writer hopes the American people will never succumb to the fallacious formula of withdrawing our troops in an attempt to form an "American Gibraltar."

The isolationist element of the Republican party would have us do this. They would have us feel that we have no business with troops overseas. They would have us feel that the affairs of the world are no cause for us to dispatch forces in far-reaching parts of the globe.

Two world wars have taught us that we can't live on this globe with that kind of thinking. And now, more than ever, with America wearing the mantle of world leadership, we have to think in terms of global, rather than national, consequences.

We do not have to agree with the way the Korean War is being limited to realize that our only course—if we really wanted to stop aggression—was to step in. A conquered Korea could be a springboard to invade Japan. From Japan, any enemy of America could devour the other Pacific outposts like a creeping paralysis.

Then, without Pacific bastions, where would we be with supply lines 3000 miles long as well as 3000 miles away from the enemy?

Whether we like it or not, America is going to have to contend with helping preserve international law and order wherever trouble appears—if we hope to achieve a lasting peace sometime.

To pull our heads into our shell won't solve a thing. We can babble about letting other nations take care of themselves, but it leaves us with a decision:

Either we take care of the free nations and help them in whatever way is necessary or the Russians will do it for us. And you can be sure they won't consult us on how to do it.

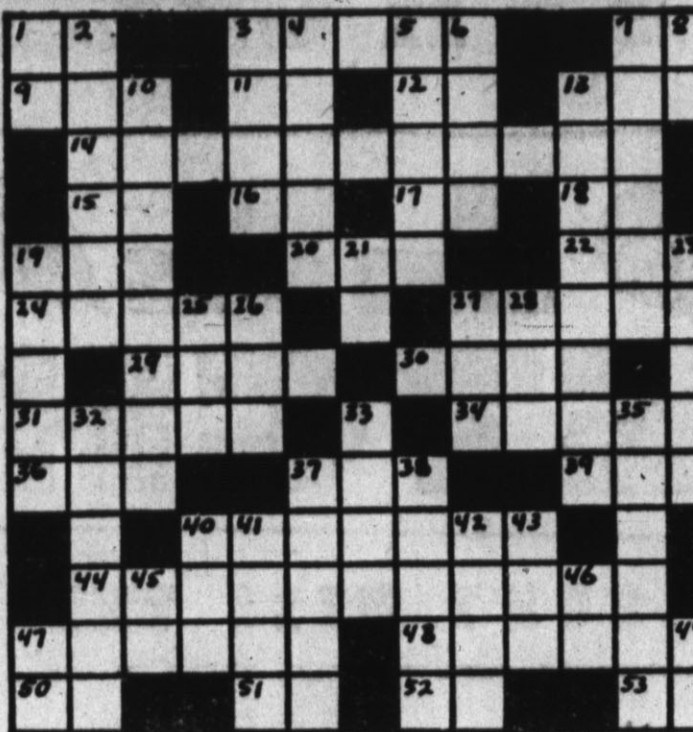

No one wants war, least of all those who have seen it in the past. But we're not going to TALK it to death.

The American people are not going to buy the isolationism advocated by the Tafts and the Hoovers.

Our next administration, whichever party it comes from, MUST and WILL realize that internationalism is the only life insurance for 160,000,000 American citizens.

Isolationism is a word that departed from the American scene along with gas lights and high button shoes. Rock-ribbed isolationists haven't kept up with the change.—W. W. K.

## I'll Never Forget

I've been around Hereford for about 51 years. I moved here in October, 1901. Hereford was mostly windmills then and all the business district was down in the first block.

Goodness, the things we had to go through then. The kids nowadays couldn't take what we did then—or at least they think they couldn't.

When we first came to the Plains we got off the train at Summerfield. All there was then was a boxcar. We had to go a mile and a half across the prairie to the N. A. Laughlin place. There were eight of us kids and Mom and Dad and we all strung out across the prairie for the Laughlin dugout. They weren't expecting us though Dad had been out in the summer and paid the forfeit on some land.

On the way to the Laughlins we came to his five-acre watermelon patch and Mom and Uncle Dick tried to keep us kids out of it but we swarmed over in it anyway. The watermelons were all ripe and so thick that you could cross the field just jumping from one watermelon to the next.

Laughlins had a 20 feet square half dugout and 16 of us lived in it for about a month. We stayed with the Laughlins while we hauled lumber from Hereford to build our house.

Mom and we kids arrived about three days ahead of Dad who was coming on an immigrant train. All we had with us were our suitcases. Laughlin said we could probably make out all right. We just made pallets down for everyone.

There weren't very many settlers around Summerfield then. Miller had a dugout where Cannon lives now and Lee Wilson lived where Walters are. McMinn arrived from Childress and built about a mile west of Laughlins.

JACK ROBESON

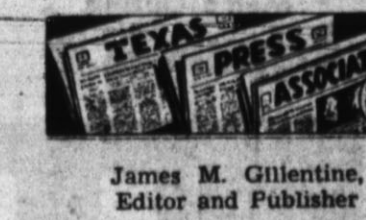

Every year the whole family except me would go east and pick cotton to run us until the next fall. They would stay and pick cotton until Christmas and I stayed at home and took care of the cattle.

Dad, Old Man Odel and Bill Sain plowed the fireguard from Amarillo to Kennen, N. M.

Our house was headquarters for preachers in those days. We had to take care of their horses naturally. One preacher came there all the time that we didn't like. We would always ride his horse—it was loco anyway. One time Dad and the preacher caught us with that horse lathered. It tickled Dad but he had to get after us. It kind of

The **BOOTLEG** Philosopher

Editor's note: The Bootleg Philosopher on his farm near Bootleg is tackling a big problem this week, his letter reveals.

Dear editor:

A north wind which was sandwiched in between two south winds turned up a newspaper out here yesterday and the first thing I noticed in it after I pulled out of earshot of my wife and her constant proposals for improvin this place which suits me like it was an article saying the House Agriculture Committee in Washington is wantin some advice on how the Agriculture can forecast the annual cotton crop a little more accurately.

As I understand it, the Department guessed wrong on cotton production last year, with the farmer, as usual, takin a beatin. The Department started out in August estimatin a crop of 17 million bales, then raised it to 18 million in September. In September of course a lot of farmers are sellin cotton, and this forecast of a big crop caused prices to drop. As a matter of fact, they dropped from 40 cents to 34 cents, then in December, after a big portion of the cotton, except that in far West Texas, was sold, the estimate dropped back to 15 million, and as you know the price of cotton then went up to 43 cents or more.

This played havoc with a lot of farmers, as it ain't no easy thing to sell your cotton for 34 cents a pound on a month or two later see somebody else who never touched a cultivator in his life sell it for 43 cents, a gain of nearly \$50 a bale. Most farmers I know, includin myself, had just as soon have that \$50 themselves.

At any rate, Congress wants some advice on how to make the government crop estimate more accurate, and since I don't have anything else to do this mornin I will be glad to oblige.

If's easy to make the crop estimate come out correct. All you have to do is first find out what the weather is gonna do; how much it's gonna rain and when, don't need no rains in pickin time, how much hail we gonna have, what the insects are gonna do, which way the wind is gonna blow your poison, and then get an accurate estimate of how hard farmers are gonna work, how many tractors are gonna break down in the plantin season, in the cultivatin season, etc., how many flat tires there'll be on tractors throughout the South, how many cotton pickers will be available, how much each acre ought to produce on every single farm in the South, and the rest ought to come out easy.

Believe if I had all this information I could do it myself, but until it is available, crop estimates are liable to miss, and the only way I know to off-set the losses farmers suffered last year because the estimate was too high and prices consequently fell off unnecessarily, is to under-estimate it this year, so we can recoup our losses. This might require a law requirin the stock market to react correctly, but I'm in favor of that too.

Yours faithfully,  
J. A.

### SUNDAY'S CURRENT QUESTION

#### Readers Debate Advisability Of Creating "Western Gibraltar"

Last week, Herebert Hoover advocated that America build a strong naval and air force, withdraw our troops to America and build a last "Gibraltar" in the Western Hemisphere. Do you think that is possible—or advisable—in the light of the current world situation?

DON T. MARTIN—I think that it would be possible but I don't think that it would be advisable.

HUB HOMER—I don't think that it would be advisable. We have to keep in consideration—could the United States exist without foreign sources—food and materials and other things—or them without ours. It has been talked and talked and proven that it is not a good thing.

RAY DOWNEY—I think that he is just as wrong as he can be. Only God and force can preserve peace according to my way of thinking. I don't think that Hoover is in a position to judge what should be done. I have all the confidence in the world that our military leaders know what should be done and they will do it to the best of their ability. I believe they will do the right thing. This force that I was talking about will have to be stationed in the most essential spots in the world to preserve peace. Our most vulnerable spot to be attacked is through Europe and not Asia. It is almost impossible for Russia to attack the United States through Asia. I think that they will needle us from Asia but the only thing they can do from that direction is bomb us. They can't bring troops through that way.

BILL STANFORD—No I don't. I don't believe that it is possible to fence ourselves in from the attack of the present air force from Russia or any other country. Nor do I think it is advisable from a standpoint of controlling Communism in Europe or Asia. I do believe it would be impossible for the Western Hemisphere to set itself up as a modern fortress without the help and assistance of the manpower and finances of other friendly nations outside our own hemisphere.

## "Tater Peelin's"

By Roberta Campbell

Well, we feel kindier toward Mr. Ethridge and the Bell Telephone Company now that they have set a post for our telephone line because we can't imagine anything much meaner than installin' a phone for all of our neighbors and leavin' us silent and uninformed.

At least with this new set up you can't eavesdrop.

Maybe its a good thing that the Golden Gloves like Christmas comes once a year—especially since such a mob of people besides us wait to buy tickets at the door.

By the time we finally reached the ticket window Saturday night, Amarillo's Municipal Auditorium was almost stuffed to the limit with people eager to see somebody get his head pounded and some of the youngsters did a pretty fair job of it too.

## Hereford P-TA Solicits Support Of All Parents

This past week was "P-TA Membership Week" in Hereford.

While this one week was set aside to focus attention of the community on the Hereford P-TA, joining the group is a year-round responsibility for a parent and not limited to any day, week or month.

Benefits of the membership in the Parent-Teacher movements are numerous. In addition to presenting us with an intelligent picture of what the school system is doing, it gives us a constant appraisal of the academic welfare of our children.

Our parents and teachers combining forces not only nurtures our children's academic development, but also entreats them to become more valuable citizens.

Other goals that can be achieved through a cordial parent-teacher relationship include:

Helping build a nation of homes in which the children are loved and parents and children alike enjoy a satisfying home life.

Good home-school relations;

Sharing in the determination of the kind of school program that inspires good teaching and effective learning;

Taking an active part in the combatting of juvenile delinquency, not only its treatment but its prevention;

Making a strong and successful attack on all influences that tend to destroy children's happiness and security;

Keeping informed on the findings of those who have made a life work of understanding young people and see that these findings are put into practice; and

Striving with like-minded men and women to hasten the advent of a world peace.

The above are not lofty ideals subscribed to by an elite council of detached persons. They are the down-to-earth goals of the local P-TA, accepted by your friends and neighbors who realize the need for parents' RESPONSIBILITIES being borne by the parent.

The P-TA goal—better homes, better schools, better communities—needs YOUR support. Join today!—W. W. K.

NAMES OF INTERNATIONAL importance, Churchill, Truman and Stalin, have been given to baby triplet goats at Westfield, Texas, near Houston by their owner, C. W. Mueschke, once known as the "goat king." The one in the center, which is slightly "off color," is Stalin. Churchill (left), is more active than he looks, according to Mr. Mueschke, and Truman (right), keeps his eye out for favor or disfavor of others. (AP Photo).

**I'll Never**

(Continued from page 4)

One man said that the kids wouldn't get in his watermelon patch. He set shotguns and tied strings to them so that we would trip on the strings and cause the guns to fire. We didn't know what to expect but we had enough sense to take

a flashlight with us. We took all the watermelons out to the end of the row and burst them. They were all green. That sure cured him of saying he could keep the boys out of his watermelons. We built the first school at Summerfield the winter after we moved there.

Before that they had school in a dugout. About four kids attended this school. Miss Leona Greer was the first teacher in the school. Every Friday night we held Kan-garoo courts. One boy who was about a year older than the rest of us liked to be bossy so one day when he had been extra smart we all ganged up on him. We caught him on the road and held him up. We took his horse, his money and everything and made him walk in. He never did know who it was that did it.

The old folks always ganged up at one place for Sunday dinner so all of the boys would go to some other place and round up all the livestock and ride it. It's a wonder we didn't kill ourselves. We had one old gentle burro that anyone could ride unless someone got on him and jumped off a few times. There was an old red bull that threw Hubert Odell over the corral about once a month. Right after we moved to town Mom had a dinner for the young folks. I had just got back a day or so before from Memphis. I had gone to Memphis and started to work with a bridge company about two years before and didn't intend to come back to Hereford at all.

Anyway all the boys were having dates with the different girls who were at the dinner. They asked me who I wanted to go with. I told them to go ahead—I'd take what was left. I've still got her. We all went to the commencement that night. I did all kinds of things—built fence, farmed, ranched, worked in a blacksmith shop, worked on the highway—then I decided to start trucking. I paid \$15 for my first truck, a Model T with solid tires. I've been trucking ever since that time.

MRS. O. L. BYBEE

**February Presents Varied Themes For Entertaining**

February is the month for parties — there are two distinct decorative themes giving the hostess a chance to be sentimental with frills and fancy suggestions, or patriotic on Lincoln's or Washington's birthdays.

Whatever the occasion, the February party becomes complete with a beautiful white coconut cake decorated to suit the hostess's ambitions and the theme of the party itself. Coconut adapts itself to many moods as it may be colored in lovely pastel shades and it is good used both inside the confection and as a topping. In all instances fresh coconut is by far the favorite among experienced cooks, but the moist canned variety is also used with success.

Mrs. O. L. Bybee makes a luscious coconut cake that is tempting to look at and delicious to eat. Fancy cakes in shapes of hearts may also be made from this recipe. Here is her recipe:

- 1 cup butter or 2/3 cup Crisco
  - 2 cups sugar
  - 3 cups sifted cake flour (sifted 3 times)
  - 1 cup sweet milk
  - 2 level teaspoons baking powder
  - whites of 5 eggs
  - vanilla extract
- Cream shortening and sugar and add milk alternately with flour, to which has been added the baking powder. Beat egg whites stiff and add a teaspoon of vanilla. Fold into cake mixture. Grease and dust with flour two large or three small cake pans and bake in 350 oven for 30 minutes.

**Filling**

- 1 medium size coconut grated in large grater
- 1 1/2 cups sugar
- 2 egg whites
- pinch of salt
- 1 tablespoon white Karo
- 1/3 cup coconut milk or 1/3 cup water if canned variety is used

Mix all together and cook in top of double boiler 5 or 6 minutes, beating with rotary egg beater, until it forms a stiff peak. Spread between layers and on top of cake, sprinkling generously with the grated coconut.

Mrs. Bybee says she finds it hard to get her family to eat salads. Her family consists of one husband and three sons so it takes more or less a man's salad to please. She has one stand-by which she obtained from her mother-in-law and if it is as good as it sounds it should please any member of the family.

- Apple-Pineapple Salad**
  - 2 apples peeled and chopped
  - 1 small can crushed pineapple (drained)
  - 1/2 cup grated Velveeta Cheese
  - 1/3 cup chopped pecans
  - 5 marshmallows cut fine
- Mix all together. Add 1 tablespoon of flour and 1 tablespoon sugar to juice drained from pineapple slowly and cook over slow flame until it thickens. Allow to cool and pour over ingredients.

Mr. and Mrs. Bill Lawrence of Tyler have announced the birth of a son on Monday, Jan. 25. The newcomer has been named Frederick for his great-grandfather, F. H. Oberthier of Hereford, who is in an Amarillo hospital following an accident here at Christmas.

Mr. Lawrence is the son of Mr. and Mrs. Dewey Lawrence of Tyler. She was the former Miss Elizabeth Oberthier. The Lawrences have one other son, David, two and a half years old.

Irving Alexander, from the Popular Store has just returned from market in several eastern cities.

**EDITOR'S NOTE:** The following is a liberal quotation from the letter of Corporal William F. Cox, Headquarters Company, 555th Field Artillery Battalion, as he wrote it from 'about 52 miles north of the 38th Parallel'. "We have been a front line outfit since August and never even under the worst of circumstances have we had to go without at least five movies a week. Imagine that, doesn't it stir your blood a little? We are just one battalion there are thousands of battalions and the same story fits all of them.

"When darkness sets in thousands of movies start to roll, in tents, ground dugouts, on a hillside, in hand constructed buildings, in bombed out buildings, in rice paddies and in many other places. I have stood on top of a high hill at night and looked down in a valley and have seen nine movies going at once. From every mountain you can see the same scene. From one section you can hear hot jazz music from 'The Strip' and from another you can hear Lana Turner, and another a mystery thriller and on and on.

"These 300,000 American men are movie fans. These movies are their touch of home. The movies, and I have heard many a high officer say it, are the morale of the troops in Korea. "These men sit at these movies with loaded

weapons at all times, at least the frontline outfits. Guards patrol the areas where they are being shown. In my own case, I and my

buddies have sat watching the movies with 105 and 155 artillery rounds within 200 yards and there wasn't one guy that would leave the movie. "Tired, fatigued, and sometimes completely exhausted; young soldiers stop to see a movie and then as if by a miracle they become less tired, less fatigued, and their exhaustion seems to pass by the couple of hours relaxation given to them through a movie.

"It takes hundreds of young projectionists to show these

movies and the Army takes great care in training these inexperienced young men for this job. Other hundreds of young men learn to handle the moving of the moving of the film prints. Each division has a film print center and they are busy 24 hours a day. Right here in Korea we have a whole movie industry.

"Well, these are the things that I wanted to pass on to you. Just possibly they might be of some use in some way. They can never be exaggerated enough, believe me."

**Streu's Diary**

DEAR DIARY:

It has been something over a year since I have written to my "Dear Diary", and in that time many things have transpired. I have aged about five years—my golf game is improved—income taxes have been raised—groceries have gone up some more—several of my old friends have passed away — many babies have been born—in fact the world has gone on, it's way unheeding the fact that Streu was not penning his "Diary". Such is Fame—or lack of it.

And in that year possibly some of you have forgotten the fact that you can find more things in the hardware lines at Streu's than in any hardware store in the Panhandle!! We have continued to carry more and more items in every day demand — until we have the most complete stock since the war (or perhaps I should say 'during the war').

I might mention that due to our "Police Action" in Korea and various other preparedness programs that Magnalite cooking utensils will soon be in the limbo of the past—and it would appear that Revere is scheduled to follow along. It is possible that we may be out of many items in another year—or we may just be too broke to buy them—same difference.

To those who are waxing so enthusiastic about the advent of television in Amarillo — may we recall about two or three years ago when "F-M" was going to revolutionize the radio listening in Hereford just as soon as a station was built in Amarillo. It is true that "F-M" can be received in Hereford—if you have the proper antenna — but it is marginal reception — and it might be best not to become too enthusiastic about television until we find out just how well it may be received. In other words, I wouldn't blow \$500 to \$700 on a television set just yet. Rest assured that I am more interested in television than you—since it will affect my pocketbook for several years — whereas it only means entertainment for you.

Almost forgot to mention that Monday through Wednesday is our 28th Anniversary and Clearance Sale — both in Hereford, and in Dimmitt. You can check some of the bargains elsewhere in this issue of The Brand and Dimmitt bargains in the Castro County News. I have finally achieved a realistic attitude toward merchandise — if I can't sell it for what it is worth — I'll just give it away — almost.

It would seem that local politicians learn from the big boys in Washington — do you remember which local politician who claimed that the last election would be his last race — and who has announced again — for the same office — alas for campaign promises.

**OLD-FASHIONED LIVING**

**MODERN LIVING**

**MODERN LIVING IS ELECTRIC LIVING!**

Sometimes the modern, easy way of doing things "sorta sneaks up on us". Take clothes drying, for example. There was a time when there was only one clothes drying method — hanging them on the line. Hanging them on the line meant a long walk to the line, bend down, pick up, stretch to hang, waiting for the right day — all sorts of inconveniences that had nothing to do with getting the clothes dry. But those days are gone for those ladies who dry their clothes the modern way, the fluffly way, the electric way. These ladies choose their own drying day — and any day, regardless of the weather, is a good drying day. And every drying day is a good day, too, for gone are the long walk, the bend down, the pick up, the stretch to hang. See your electric appliance dealer now and see how you can make any day a good drying day — and your drying day a good day — with an automatic electric clothes dryer.

### Westway HD Club Meets

Westway Home Demonstration club met Wednesday, Jan. 23, in the home of Mrs. Joe Wagoner with Mrs. Paul Rudd as hostess. Mrs. P. B. Sowell presented the program on "Civil Defense" in which she outlined many precautions to be taken in the event of an air raid. The next meeting will be held with Mrs. Mac Jackson on Feb-

ruary 13. Members present were: Mesdames W. B. Nunley, M. G. Caywood, L. J. Ohlig, C. M. Phipps, Carl Schroeder, Kenneth Rudd, Bess Werner, C. A. Sauley, Harold Rudd, Abraham Drager, George Turrentine, Bernie Northcutt, P. B. Sowell, R. L. Wilson, E. T. Tumlinson, a guest, and the hostess. Mr. and Mrs. Douglas, formerly of Hereford and now off Amarillo, were transacting business in Hereford Wednesday.

## Beauty at Home

By Lynn Carter

**Q. My face is very thin. How can I make it look rounder with my rouge application?**

A. Apply your coloring farther out on your cheeks, on the outer curve of the cheekbones, beginning outside the point of the iris of the eye. These widely separated areas of rouge will seem to define the width of your face and give your cheeks more apparent fullness.

**Q. What can I do about calluses on my feet?**

A. Rub a piece of raw pumice stone over the toughened skin each day, but only when the skin is perfectly dry, substituting refined pumice stone after bathing the feet.

**Q. How can I take special care of my new permanent wave?**

A. Brilliantine, used sparingly, is very good. You can insure even distribution by spraying it on the hair with an atomizer.

**Q. What do you consider the proper routine for making up the face?**

A. First, wash the face thoroughly, removing all soap, and apply skin tonic or lotion, and let dry. Then apply a foundation cream or vanishing cream, rubbing in lightly and evenly. While the face is still damp, blend your rouge into the cheeks toward the front. Then apply powder evenly and carefully, making sure not to use too much.

**Q. Is it true that an unhealthy scalp condition can contribute to complexion defects?**

A. Most certainly it is. The oil from the scalp trickles down to the face and carries its impurities. Many blemishes are due entirely to unclean scalp. Scrupulous cleanliness of the scalp is the answer.

**Q. Please suggest a good home remedy for excessive freckles.**

A. One recommended treatment consists of one ounce of lactic acid, one ounce of glycerine and six ounces of rosewater, mixed together and applied with a bit of fresh cotton two or three times daily.

**Q. What beauty mask can I mix at home that will also act as a bleach to my skin?**

A. Try adding the juice of one lemon and enough powdered oatmeal to the beaten white of one egg to make a paste. Apply in the usual manner.

**Q. How should eyeshadow be applied if the eyelids are heavy or thick, or if they droop?**

A. Apply beneath the eyebrows and blend downward toward the eyelashes.

**Q. How can I remove warts from my hands?**

A. Try washing the hands in a solution of a liberal quantity of washing soda dissolved in a pan of water. Allow to dry without wiping. Castor oil rubbed on the warts is good, too.

### Mrs. J. R. Allison Guest Speaker For Calliopian Club on Thursday

Mrs. J. R. Allison was guest speaker at the Calliopian Club session held in the home of Mrs. J. T. Gilbreath Jr., Thursday evening.

After a short business session conducted by the president, Mrs. W. L. Davis Jr., Mrs. P. F. Carr, program chairman, introduced Mrs. Allison who reviewed "The Whole Armour" by Faith Baldwin.

"This is the story of an average American who came out of World War II with confidence in himself and in his future. As a minister he was able to give help to many but found it hard to find the right way for himself. When he became a victim of politics his faith left him and it was

only when he realized he must walk humbly with God that he was able to recover and find happiness in his life work again", Mrs. Allison revealed.

Members attending the meeting were Mesdames; Richard Barnard, B. F. Cain, J. T. Carroll, Clyde Cave, Paul Conaway, W. L. Davis Jr., G. W. Edwards, Alton Fraser, J. E. Kirby, N. E. Milburn, Carl Perrin, W. J. Messick and the hostess.

Ted Houston who is attending the University of Colorado at Boulder is spending the mid-term vacation here with home-folks. He is visiting with his mother, Mrs. Frances Houston and sister Jane.

### R. L. Etheridge Birthday Honoree

R. L. Etheridge was named honoree Tuesday night at a party given by his mother, Mrs. Cordia Etheridge. Conversation provided diversion for the group and Dr. Roy Grubbs created some interesting fun recording conversations and playing them back for participants to hear.

Refreshments were served to Dr. Grubbs, Mr. and Mrs. Roy Bosley and children, Mary Bradley, Mrs. Ruby Daubs, Mr. and Mrs. Ralph Sears, Mrs. Leta Curtsinger, Virginia Curtsinger, Mr. and Mrs. Joe Huckert, Reuben Strong, Mrs. Preston West, Marvin Webb, Mrs. John Pleasants, Loraine Morton, Mrs. Opal Elliston, the honoree and the hostess.
