City Tax Discount Bringing In Many Taxpayers Early

City Manager Cecil Massey reported to the City Commission Tuesday night that an unprecedented amount in city taxes has been paid this month, evidently as a result of the decision to allow a three percent discount during October for early payment of taxes. By Wednesday, the city had gotten \$29,948, compared to \$23,635 at this time a year ago, and "people are paying their taxes early who never paid them until the last minute before," Massey said.

Department Kept Busy
In studying the reports turned in by various city departments for last month, it was shown that all of the departments were kept busy.

Corporation Court handled 65 cases, the sanitation department made 14 sewer connections and the water department put in 26 new meter boxes, which meant 26 new houses in Hereford, and made a total of 80 water connections. They also repaired 124 meters which had gotten sand in them.

Inspections were made on 25 plumbing installations, eight electrical connections and 11 gas connections by the inspecting department, another sign of the building which has been going on in the city.

and a check into what sort of trade can be made is now in progress.

Charity Patients
Taking up the problem of charity patients which are handled by the county hospital, the commissioners voted to give the county hospital \$25 a month, to help take care of charity cases, as a number of these cases originate in the city. Payment for this work was made retroactive to June 1 by the commission.

Massey will leave this weekend for Beaumont where he will attend two meetings concerned with city management and city planning, and will return the latter part of next week. The commissioners agreed that his attendance at both of the meetings would prove advantageous to the city.

Those attending the commission meeting, which had been postponed from Monday until Tuesday night because several city officials were out of town, included Mayor Henry Sears, City Commissioners Wayne Edwards and D. C. Kinsey, Massey, and City Attorney Ray Cowser.

Most School Tax Money Is Used For Instruction

The major portion of every dollar collected in taxes for the Hereford Rural High School district last year went for instruction, according to a graph prepared by Fred W. Baird, tax assessor-collector for the district.

Instruction costs take \$3.66 cents out of the school tax dollar, care and maintenance of buildings and grounds is second with 9.60 cents, and bus transportation is third with 7.60 cents from the dollar for that purpose.

Remainder of Money
Debt service - bond and interest payments take 8.00 cents, while administration and business management take only 4.68 cents. The remainder of the money is divided between 1.46 cents for new equipment, and three cents in refund to taxpayers for early payment of taxes.

Baird reminded the taxpayers that a 3 percent discount is allowed all through October. Checks can be mailed to the district, P. O. Box 1542, if the taxpayer does not wish to visit the office, and a tax receipt will be mailed promptly.

HOWARD (JACK) MATHES, 16, son of Mr. and Mrs. R. L. Mathes, 203 Bonita, Amarillo, "bought" the pony at the Hereford Trade Improvement Day auction Monday night for \$2,000 in "auction money." "I just got money from everyone around me when they didn't have enough for what they wanted," Mathes said. Another auction is planned for some time after the first of the year, according to G. E. Mullins, Deaf Smith County Chamber of Commerce manager, who was standing behind Mathes and the pony. The TV set was bought by a group from the Presbyterian Church, and has been installed in the church manse. The Farm Bureau also bought a number of items which will be given away as door prizes at their barbecue Saturday. (Staff Photo.)

DWI Conviction Is Brought In By County Court Jury

The first county court jury to convict a man of drunk driving in Deaf Smith County in at least five years brought in a verdict of guilty against Claude Randolph McAdams Monday. McAdams was given 10 days in jail and fined \$150.

McAdams, who acted as his own attorney in the case, had legal counsel at the time he was first charged with the offense on June 15. He did not give any reason for his lack of counsel.

In drunk driving cases, the court is not required to ask an attorney to serve as defense counsel.

Witnesses Called
Three witnesses were called for the state. They were Mack Jackson, Highway Patrolman James R. Kirkwood, and Deputy Sheriff Neal Young. Their testimony showed that McAdams' car was involved

Sheriff Warns Merchants About Accepting Checks From Unknowns

Passing of hot checks and forged checks in Hereford is getting completely out of hand, according to a warning issued by Sheriff Lowell Sharp Wednesday.

"It is a physical impossibility for the local officers to run down all of these checks that are being turned in these days," the sheriff said. In about two weeks, he had received at least \$125 worth of bad checks, "and there is no telling how much more there is out that hasn't been brought in to us."

Grocery Store Reports
"Yesterday a grocery store called and reported \$87.50 worth of bad checks, and that was just two

General Rains Fall On County Tuesday Night

Rain, probably the best general rain in Deaf Smith County since 1950, fell Tuesday afternoon and Tuesday night, according to reports gathered by the Brand.

With the welcome rain there was some scattered hail, but that was not bad enough to cause general damage, though it did do damage in specific cases.

Began Tuesday Afternoon
The rain began late Tuesday afternoon east of Hereford when a tornado, which apparently did not touch ground anywhere in the county, made an angling sweep, and brought the rain and some hail with it. As the rain continued, it flooded about two miles of Highway 60, starting some 6 miles east of Hereford, but the road was never completely blocked to through traffic, though radio warnings were sent out.

At a time when the water was probably the worst, both truck and passenger car traffic was able to get through by driving very slowly, and only a few cars wandered off the road and got stuck. Highway Department trucks went out to get those cars back on the road toward midnight.

MRS. SARAH POTTER

New Car Caught
Mrs. Hall Beavers, who was driving a new car back from Amarillo Tuesday afternoon, got caught in the rain and hail and had the car muddied up, though it was not damaged to any extent.

Before the night was over, the clouds had dumped from one-and-a-half to four inches of moisture.

C. T. Guseman reported that his ranch northwest of Hereford received the best rain it has had since 1950, while Charlie Burk and Mrs. E. D. Watson, at the George Bramley Ranch, both in the Westway community, reported about 1 1/2 inches.

First Since August
Bill Dameron, at the Dameron Hereford Ranch, said that they received 1.2 inches of rain, the first rain since the last week of August. "Our wheat was just about to shrivel up," Dameron said.

To the northeast, there was some hail damage with the rain, Lester English on the Billingslea farm reported severe hail damage, but most of the area east of Hereford just reported from two to four inches of rain.

Bug Juice Cleaned
One of the good things about the rain is that it probably cleaned the bug juice off the grain sorghum, and that has been causing a considerable amount of trouble to men working with combines.

In town, where 2.12 inches fell, the rain flooded Dameron Park, and turned the parking area just south of the swimming pool into a miniature lake. Water also backed up some over the highway in town, but was not deep enough to cause any real trouble.

North Of Dawn
About three inches seems to have fallen north of Dawn. Miss Zelma Axe reported over three inches 10 miles north of Dawn, and William Wimberley, two miles north and one mile west of Dawn, also had about three inches.

Dryland wheat should get the most benefit from the rain, with grassland running a close second. The cool weather which came with the rain will help to tighten up the lettuce, which was in bad condition because of the hot days.

There were no reports of damaged cotton, so it is quite possible that the cotton stood the rain well, though there may be some tinges and stains as a result.

Funeral Service Scheduled Today For Mrs. Potter

Funeral services for Mrs. Sarah Potter, 92, will be held in the First Presbyterian Church today (Thursday) at 3 o'clock with Rev. Russell Wingert, pastor officiating, assisted by Rev. S. M. Dunnam, pastor of the First Methodist church.

Mrs. Potter died in a nursing home in Amarillo Tuesday evening.

Mrs. Potter was born in 1861 in Norris City, Ill., and came to Hereford with her family in 1908. In 1913 the family moved to Wichita Falls, but for the past 23 years she had been living with her daughter, Mrs. John McLean. Her husband preceded her in death in 1932.

Member Presbyterian Church
Mrs. Potter was a life-long member of the Presbyterian church and was active in all phases of church work.

Survivors include two daughters, Mrs. John McLean, and Mrs. Fannie Kaykendall of Wichita Falls.

Around Town

The Hereford Garden Club will meet in the home of Mrs. Harry Lomas Friday at 3 o'clock instead of meeting at Mrs. Glenn Boardman's, as was previously announced.

A meeting of the local committee and the solicitations group for the experiment station will be held at 7:30 o'clock Thursday evening in Hotel Jim Hill. Committee members are Howard Gault, E. B. Hedrick, Paul Harvey, Lyle Blanton, Charles Huston, Newt Harding, Jack Renfro and John Paetzold. Those who are working on solicitations are Clint Formby, V. E. Dodson, Pete Carmichael, Horace Vaughn, Ray Cowser, John Aikin, Raylan Evans and Larry Loerwald.

At least two Hereford men went antelope hunting Tuesday — and each made a kill. Bill Davis and Bill Davis, Jr., were the happy pair. They were hunting in the Dalhart country. Bill, Sr., got his antelope around 3 o'clock and Bill Jr., got his at about 3:15. They were mighty happy fellows Wednesday morning. Approximately 200 head of antelope were reported killed the first day out of around 380 permits issued.

Hereford Jaycees are sponsoring a dance Halloween night at Hotel Jim Hill. Both dress and masquerade are optional. Music will be furnished by Charlie Grimes orchestra, the dance committee has announced. Dancing will start at 9 o'clock. Charge will be \$1.00 per person.

THREE BROTHERS from Tucumcari were charged in justice court with driving without valid Texas operators' licenses and having faulty brakes on their cars after this accident Sunday afternoon about a mile south of Hereford on a county road. The brothers, Leitch, Cleo and Emmitt Heikor, were all going south, with the Chevrolet, foreground, pulling the Ford convertible when the other car, shown overturned on the other side of the bar ditch, started to pass and something went wrong. Each of the brothers was fined \$33 by Justice of the Peace A. L. Thomas. (W. H. Patton Photo.)

Hitting Woman Gets Man Jailed For 31 Days

Striking a woman isn't a very nice thing to do, and doing it in Deaf Smith County is likely to prove rather bad for the man who does the striking.

Max Randolph McDaniel, who pleaded guilty to the charge last weekend before County Judge Horace L. Schloss, has been given 31 days in which to think about that fact and, perhaps, remember that it wasn't a nice thing to do.

McDaniel was charged on a complaint signed by Mrs. Mary O. Smith, who said that he struck her with his fist last Thursday afternoon at the grain elevator where he was working.

Persistent Young Man
The trouble had started some time previously, when McDaniel persisted in trying to date a young woman who had a room at Mrs. Smith's home, and finally became quite annoying. When remarks which would tend to cause her trouble were circulated, Mrs. (Continued on Page 2)

Walcott School Plans Gala Halloween Carnival

A community Halloween Carnival, sponsored by the Walcott Parent-Teachers Association, will be held at the Walcott School beginning at 8 o'clock, October 31.

A queen will be chosen that night, and crowned with proper ceremony. Elizabeth Burrus is candidate from the first and second grades, and Mervy Kay Pruitt is candidate from the third, fourth and fifth grades.

There will be bingo, a cake walk, side show, and, out in the kitchen, hot dogs, pie and coffee.

The carnival committee is giving everything but a written guarantee that anyone who attends will have a good time, according to Mrs. J. V. Perrin, finance committee chairman.

Resolutions Discussion Is Set For Convention

Some of the more controversial questions on farm price supports, as well as other questions of local and national policy, will be brought up to a vote at the Deaf Smith County Farm Bureau convention Saturday, according to Virgil E. Dodson, county president. "We are going to let the members of Farm Bureau in this county really have their say about these resolutions, and whether or not they want to send them on to the state convention," Dodson said. Among the resolutions which have been prepared by the resolutions committee, which is headed by M. G. Caywood, after a number of small local meetings in the county, are the following: Percentage Basis That all vegetable brokers be paid on a percentage basis instead of a fixed package fee.

Three Traffic Accidents Causes About \$675 Damage

Damages totalling approximately \$675 occurred in three accidents here Monday, Tuesday and Wednesday.

Wednesday at noon a three car collision caused \$375 to three vehicles.

Homer Dale Hinds, driving a 1947 Plymouth, and Robert Stark Morgan, driving a 1953 Ford going south on F street, were both stopped in a lane of traffic when Richard Curtis, driving a 1950 Chevrolet, struck the rear of the Ford, driving it into the rear of the Plymouth.

Curtis was charged with driving without an operator's license and following too closely.

Damages Estimated Damages were estimated at \$200 to the Chevrolet, \$100 to the Ford, and \$75 to the Plymouth, according to police reports.

In the accident Monday, Wreathel Morrison Green, driving a 1951 Chevrolet, was going east on Third street and Murl Alonzo Parker, driving a 1949 Chevrolet was going south on Roosevelt when the cars collided at the intersection.

Windshield Fogged Parker, according to the driver, had the windshield fogged over and could not see. Parker's car struck the left rear fender of the '51 Chevrolet, spinning it completely around.

Damages were estimated at \$150 to the '51 Chevrolet and \$25 to the '49 Chevrolet by investigating officers.

Parker was charged with failure to grant the right-of-way.

Sudden Stop In the accident Tuesday, a 1953 Ford pickup, driven by J. Robert Bradley, was behind a 1952 GMC pickup, driven by Samuel Paul Woody, when another vehicle in front of Woody stopped suddenly and then made a right turn. Woody stopped to keep from hitting the other vehicle, causing Bradley to run into the rear of his car.

Bradley was charged with following too closely.

Damages were estimated at \$100 to the Ford and \$25 to the GMC by investigating officers.

Special guests who have been invited to attend include the presidents of adjoining county Farm Bureaus, and county agents and home demonstration agents.

Mr. and Mrs. W. E. Lane underwent surgery at St. Anthony's hospital in Amarillo last week. She returned home Tuesday and was doing fine.

Mrs. Joe Wagoner and Mrs. Elmer Combs were visitors Saturday afternoon in the W. B. Nunley home in Hereford.

Homer Rudd of Fort Bliss at El Paso spent the weekend with his parents, Mr. and Mrs. Paul Rudd. While here he attended the Texas Tech-College of Pacific football game in Lubbock Saturday night.

There were 72 at Sunday school and church services Sunday.

New Members

Mrs. Dorothy Thomason and Mrs. Glenn Waller were welcomed as new members of the Baptist church. Rev. R. D. Evans was

here to fill the pulpit. Visitors were Don Ray, Freida Inntan and Mrs. Della Ray of Bokchita, Okla.

Mr. and Mrs. Johnny Ballard and sons arrived at the C. A. Sauley home Sunday. Mrs. Ballard is Mrs. Sauley's sister and Teddy Alsup's mother. The Ballards are returning from duty in Germany.

Other visitors in the Sauley home were Mr. and Mrs. L. A. Mullins, Lester Allan and Bobby of Bovina, Mrs. Mullins of Roaring Springs,

Mrs. Joe Wagoner, Gayle, Ann and Joe Bob, Mr. and Mrs. Elmer Combs and sons, and Mr. and Mrs. Preach Merritt.

REDS CURTAIL POSTOFFICE
HONG KONG (AP)—Red China's communications are so inadequate because of military needs that general orders have gone out from Peiping sharply curtailing parcel post service, says the pro-Nationalist newspaper Wah Kiu Yip Po.

Conventions, regardless of where they originated, are as strictly American as Apple Pie. As a convention trotter of long standing, I believe I speak for the average business man in that sometimes I wonder if they are really worthwhile. This is more emphatic just after I get back from attending one. All conventions are well attended, however, which indicates something. Some business leaders say that American business excels all other nations primarily due to exchange of ideas at conventions. Anyway, it appears that they are here to stay. Even the school teachers have gone into the convention business pretty strong in recent years.

The National Editorial Association meeting in Chicago last week is unquestionably the most unique convention I ever attended. Approximately 400 small town publishers from all over the United States were registered. I think almost every state was represented. Wisconsin and Illinois, due to proximity of location, probably had the most. The speakers were, of course really outstanding. One of the most entertaining was Elmer Wheeler of "Fat Boy Diet" fame, who now specializes in "Sizzle Selling." "Ethics" was the topic of Norman Isaacs of Louisville, Ky., who is president of the Associated Press Managing Editors Association. Walter Williams, Under-Secretary of Commerce spoke on "It Happens Every Thursday" and Senator Frank Carlson of Kansas, who is Chairman of the Postal Committee on Revision of Postal Rates, discussed post office improvements. Incidentally, he predicted quite a few changes.

There were also quite a few technical talks. Mr. Isaacs, however, was my favorite. He really chewed the newspapers out—from start to finish—and didn't pull any punches. It was sort of like the old boy who sits on the "Amen Bench" in church all year—and gets rudely awakened by a visiting evangelist. Every publisher who heard the talk at least resolved to do a better job of accepting his responsibilities.

Sidelights of a convention, however, are probably the thing which keep people going from year to year. I got on a plane in Amarillo last Wednesday morning at 11 o'clock and stepped off in Chicago a little after 5 o'clock the same afternoon. It was plenty rough all the way. Sometimes we dropped 150 feet. I was a little bit jittery—and dog tired. I usually like to talk to taxi drivers, but this time I didn't give a hang if one uttered another word as long as he lived.

This one liked to talk. He finally wound up giving me a third degree.

"How'd ya like the World Series?" he wanted to know. I could see, as well as hear, the meter clicking away, so I made the mistake of telling him the honest truth. It was the wrong thing. Most emphatically.

"I was for the Dodgers," I said. "The Burns always get right up there and then get knocked off. I wanted the Dodgers to win."

He pulled clear off the road, came to a halt and said, "—And you from Texas, too!" He started back on the trip to town and, as we skimmed and scratched several hundred cars, it developed that he was against the Dodgers because they have Negroes on the team. The Negroes, according to this boy, were about to take Chicago. He says the population is around 4 million, 1 million of which he estimates to be Negroes. He said he was 46 years of age and, except for six years in the Marines, he has spent his entire life in Chicago—but wants to leave. "Them Niggers", he says, "have ruined the town—even more than them gangsters."

I later noticed that a big percentage (maybe 25 percent) of all taxi drivers in Chicago seem to be Negroes. The white drivers are most antagonistic in this regard. From other observations, too, it would appear that Chicago is in for some real, dynamic race troubles. Things are really seething and, within the next five years, it could have an effect parallel to the explosion of an atom bomb.

Also interesting to me was the "little strikes" which you encounter frequently on the streets. The two I saw were fair size department stores. In addition to picket lines, well patrolled by cops, there were also several dozen women in front of each store. Any time a

person started in the door, one of these women would grab his arm and scream about "Unfair Management" and "Scabs". It was quite impressive to a country boy—and I didn't try going into one of the stores, although the flow of traffic appeared to be fairly heavy. These strikes, I understand, are almost continual in various portions of Chicago—though we apparently never hear of them.

In the Morrison Hotel, where our convention was being held, there were four other conventions in progress. I understand it is not unlikely for Chicago to host as many as 12 to 15 conventions at the same time. Most Chicagoans are a little bit proud of being "the biggest convention city in the world", a slogan I always accredited to Atlantic City, N. J. Not one of these conventions, including hundreds of doctors, got a single little squib in the Chicago newspapers—at least, none that I noticed. The papers were full of crime and headlines in big, bold type.

After getting home I learned that Dr. and Mrs. C. E. High of Pampa, relatives, were in the same hotel two days while I was there. They were attending a medical session. Frankly, I wouldn't be surprised to learn that some of our own doctors were also there. It was one mad rush in the lobby—all of the time. The first four floors appeared to be cut into session rooms.

Everywhere you got the impression people were hell-bent after the almighty dollar—and cared for nothing else. However, when you had occasion to meet one of them, they were generally pretty nice. My glasses fell off during one of the sessions and when lunch hour rolled around, I went outside to see if I could get them fixed. I wandered into a large jewelry store and the clerk said maybe the jeweler could help me. The jeweler said, "It's out of my line, but maybe I can find a screw that will work." He did find a screw, he did fix the glasses—and then refused to accept a penny for his work, or even for the screw. "I was stationed in San Antonio, Texas," he said, looking over my badge (which was marked, Hereford, Texas) "and folks were so nice to me that it is a pleasure to be able to help a Texan in trouble."

Mostly, the sessions adjourned around 5 o'clock, but Friday night they included "Cinerama", one of these new-fangled movie developments which was part of the program. Never having even seen 3-D, it was real experience for me. We got the tickets as part of our registration, but they were individual seats in the Palace Theatre, and were priced at \$2.80 each. We also heard that they were being scalped out at even higher prices. Cinerama, it seems, is a Technicolor produced form of movies, and it is literally out of this world.

Roughly speaking, the screen is approximately 75 feet in width. It consists of three separate projectors, all synchronized to throw the three films in unison. I also understand the setup carries seven sound tracks. The picture was in two parts and was next to "being on the spot." The first section of the picture was random scenes. A roller coaster swung around a corner, lumbered up the incline and, just as it took off, I found myself with a tight grip on the chair arms. They also showed an aerial view of the Grand Canyon. There were a few technical flaws, such as where the three films met on the screen—but not too objectionable. The big trouble, naturally, appears to be the cost. The Cinerama people figure that this new process outdoes Cinescope and other previous developments.

This is Hollywood's answer to TV and, certainly, they do have something. Color "TV in 3-D" could not possibly begin to compare. However, it will likely be years before Cinerama comes to towns the size of Amarillo, due to costs. That is, of course, providing Cinerama lives that long. I personally thought it was wonderful—but I believe definitely that some other process will be developed and come nearer filling the bill. Maybe Cinescope. All of the newspaper folks seemed a little bit awed by the film. The grapevine had it that the Moving Picture Convention is to be held in Chicago within a few weeks—and that was why it was being screened there.

And, speaking of conventions, that's where I came in.

DAUGHTERS OF MRS. CAUDIE OLA BROWN of Hereford are well known on the West Texas State College campus at Canyon, but for different things, in most ways. Colline, left, WT senior, is senior reporter, Personality Princess, and candidate for Homecoming Queen, while her sister, Emma Jane,

a graduate student in industrial arts, is known for wood-working, photography and printing. Both girls are members of the Buffalo Band and Tau Beta Sigma, as well as being active in Methodist student work. (Photos Courtesy WTSC)

Two Hereford Girls Making Themselves Known At WTSC

Two daughters of Mrs. Caudie Ola Brown of Hereford are making themselves quite well known at West Texas State College, but in different fields.

Colline Brown has been elected as reporter for the senior class, and is one of five girls in a race for Homecoming Queen Saturday. By comparison, her sister, Emma Jane Brown, is an industrial arts major who made her own bedroom suite and plans to get a job with Civil Service as illustrator of technical equipment.

Still, the sisters aren't entirely dissimilar in their school activities. Both are members of the Buffalo band and belong to Tau Beta Sigma, band girls sorority, but from there their interests seem to spread farther apart.

Colline was elected Band Sweetheart in 1951, and Personality Princess in 1953. Emma Jane, in the meantime, has been photographer for the annual, has gone in for reupholstering chairs, and other furniture, has made and lettered plaques for an off-campus cafe, and does photographic work for the registrar's office.

She is also a good hand to help out in the WT print shop, where she is likely to be found helping put a football program together or working on some other odd print job.

Worked in Methodist Center Now a graduate student, Emma Jane was president of Cousin's Hall in 1950-51, and president of Tau Beta Sigma the same year. Last summer she was president and publicity chairman of the Methodist Student Center, and acted as assistant director and lived there for six weeks of the summer.

She is quite interested in wood-working, "because I like to build things," and is also very interested in art, which is her minor. Recently she sold one of her oil paintings to Clark Gurnsey, art teacher at Amarillo Center, for \$15. If her sister Colline does as well in her major, sociology, then they will both have enviable records for other students to follow.

ATTACK CAN VARY

Option Play Made Lions Champions

By BUDDY PARKER
Coach, Detroit Lions

DETROIT — If I had to pick out one single play that was most responsible for the Lions' 1952 World's Championship, I'd have to name the "option" play which Bobby Layne used so successfully.

We were hampered a great deal throughout the 1952 season by injuries to key players, Doak Walker, Pat Harder, and even rugged Bob Hoernschemeyer were sidelined during crucial stages of the season.

Former Halfback
Layne, whom I consider the game's best all-around quarterback, takes to the "option" play because he loves to run with the ball. He formerly was a left halfback in the single-wing at Texas, and has the size, speed, and shiftness needed to make the play work.

Just how well he succeeded can be shown in the Lions' rushing statistics. Layne ranked second to Bob Hoernschemeyer for the season and finished in ninth spot in the League. He was the only quarterback listed in the NFL rushing statistics among the first 16 ball carriers. He carried 94 times for 411 yards.

Slides To Right
On the play, Layne takes the ball from center and slides down the line toward his right end, with the left halfback and fullback also swinging wide and deep to the same side.

If the defensive end "floats" to cover the wide men, then Layne runs up inside, putting the pressure on the defensive halfbacks. On "crashing" situations, Bobby pitches out to the left halfback who then has interference from the fullback.

On the play, both guards go through the defensive line and block downfield, while our off-

sive right end blocks the left side linebacker "in" and the right tackle works on the defensive left tackle.

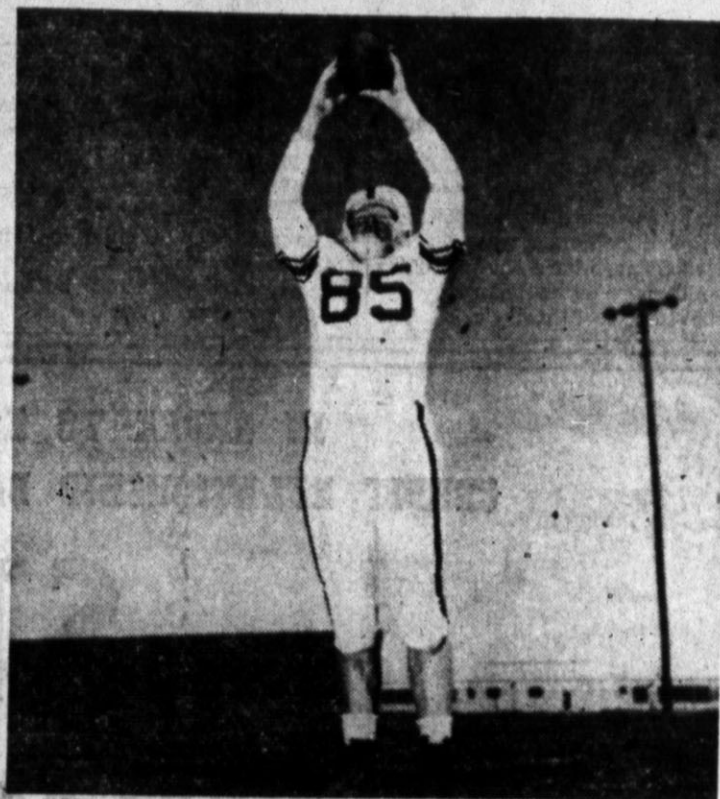

According to the various defenses we encountered, Layne would vary his attack, sometimes running, at others relying on his passing.

Conference Playoff
In the conference playoff against Los Angeles, which we were fortunate enough to win 31-21, Pat Harder enjoyed one of his greatest days so Layne only carried six times for 20 yards but when the chips were down in the title contest against Cleveland, Bobby again came through for us, gaining 47 yards on nine tries and scoring one key touchdown.

There is no doubt in my mind, it was the "option" play that saw us through the rough spots in 1952, with Bobby Layne either running or pitching out as the situation demanded.

Almost-Perfect Outfielder
DENVER — Except for one miscue on a ground ball, center-fielder Frank Rice of the Denver Bears would have had a perfect fielding average for the 1952 season. As it is, he holds a new record of .997 for Western League outfielders. Rice made his only error in May when he let a single get away from him. He recorded 763 putouts, 17 assists and participated in three double plays in 147 games.

NEW WAY TO CATCH DEER
EDEN, Idaho — A 200-pound buck deer, wounded by a hunter, lunged from bushes and pinned Mrs. Vern S. Schutte against a tree. She had no gun but grabbed the buck's antlers and yelled for her husband. Schutte shot and killed the deer. Mrs. Schutte showed a cut leg and bruises.

MEET YOUR TEAM—Francis Boyd, No. 85 on the Whiteface team, holds down the right end position for the herd with 175 pounds of bone and muscle. Holding down that position, he must be a combination runner, tackle, guard and sometimes a bit of a decoy. (W. H. Patton Photo.)

Both Wrestlers Are Disqualified For Long Stay Outside Of Ring

Both wrestlers of the main event of wrestling Saturday night were disqualified because they were outside of the ring longer than the time limit, which is 20 seconds.

Jack Curtis of Vicksburg, Miss., wrestled Ivan Kalmikoff of Rostov, Russia for a two out of three falls with a one hour time limit.

First Fall
Curtis won the first fall in 15 minutes with a body jackknife. Kalmikoff took the second fall in seven minutes with a body press followed with a turn buckle smash.

The third fall went for eight minutes when the two were disqualified.

After the disqualification, Curtis challenged Kalmikoff to a "winner-take-all" contest. Kalmikoff said, "If you think you are so good, Krauser and I will wrestle both you and your brother, George, for the tag team championship title next week." So fans, that will

be on the card for next week.

Krauser Vs. Weidner
In the first event, Karol Krauser of Poland wrestled Billy Weidner of Amarillo for the best two out of three falls with a one hour time limit.

Krauser took the first fall in 21 minutes with a body jackknife. Weidner took the second fall with a top body press following a series of body slams in 13 minutes.

Krauser took the third and deciding fall in five minutes with a body jackknife to end the match.

O'DOUL LIKES JAPAN
SAN DIEGO, Calif. — One of the most popular American baseball figures in Japan is Frank (Lefty) O'Doul, manager of the San Diego Padres in the Pacific Coast League. He has made many a barnstorming trip to Nippon. Now he and his wife have a Japanese maid, too.

Tag Team Title To Be At Stake At Bull Barn Wrestling Saturday

The Southwest States tag team wrestling championship will be at stake Saturday night in Hereford's "Bull Barn."

But there'll be no "bull" about it when the popular Curtis Brothers of Vicksburg, Miss., Jack and George, risk their recently won trophy against a couple of rough-house challengers, Ivan Kalmikoff and Karol Krauser.

Main Event
The match, scheduled as the main event, two best falls of three or to a one-hour time limit, probably will provide as diversified a wrestling card as Hereford fans have seen in some time.

To get in fighting fettle for the main event, the four athletes square off in two preliminary actions calculated to build up a fierce rivalry.

Curtis, Krauser Tangle
In the opener, George Curtis, former world's light heavyweight champion, tangles with the newcomer to this territory, Karol Krauser, a strong man from Poland who built powerful muscles

as a weight lifter and amateur wrestler in his native country. Jack Curtis, George's "big brother" and one of the better liked grapplers now operating in the Southwest States territory, meets the rugged and rough Russian, Kalmikoff, in the second event.

Exciting Maneuvers
Each of the two preliminaries is for one fall or 20 minutes, and each is destined to produce some exciting maneuvers. The Curtis boys will try to keep it clean, but they know in advance that it can't go on that way. Kalmikoff is one of the more unscrupulous wrestlers now in business, and the word is out that Krauser has adopted "ungentlemanly" tactics in order to keep pace with most of the opponents he meets.

All in all, it looks like a heavy evening at the wrestling arena here.

Michigan State quarterback Tom Yewick is a catcher on the baseball team and is considered a major league prospect.

Whitefaces Have Third Toughie Ahead

By Sleepy

Hereford's Whitefaces seem to have a conference schedule loaded with beef-eaters this year, most of whom take their meat raw and swallow it in gulps, at least if the way the schedule has gone to the present is a fair indication.

Looming up for this Friday night is the Dumas Demons team, which isn't likely to prove too nice a prospect for the herd, either. The Demons have chalked up four straight wins this season, taking Price College 39-6, Clovis 26-7, Littlefield 38-13, and Perryton 40-0.

Morale Probably Lower
Last week's debacle at Phillips probably left Whiteface morale a bit lower than it was before the game, and that isn't going to make them buck the line harder, run

faster or block better when they go up against the Demons.

Going up against the Blackhaws, the Whiteface runners too often paused when they should have kept on running hard, tackled high when they should have driven it low, and didn't put the extra push needed for strong blocking.

Team Gittery
Facing a heavier team, the herd perhaps had some reason to be jittery, but their apparent loss of self-confidence from the time the Hawks made their first touchdown certainly didn't add anything to the general stature of the team.

Even figuring that the Whitefaces will be back on home ground again this week doesn't mean that they will be any more likely to score more than the Demons do unless they do like the little engine in the story, and puff "I-think-I-can" steadily as they plow into the Demon line.

Demons Record
The Demons record from last year isn't going to help the feelings of the Whitefaces any, of course, and gives some indication of the kind of consistent competition they are on the turf.

Except for their 0-27 loss to Phillips, Dumas had a steady stream of wins last year, too. Included in the list were Price College, 51-13; Littlefield, 33-20; Perryton, 39-12; Hereford, 37-7; Dalhart, 28-0; Canyon, 53-0; and Shamrock, 26-0.

Somehow, the Whitefaces need to get unhappy enough to forget that they seem outclassed, keep extra in the light places, and they should make a better showing against the Demons than they did last week at Phillips.

The Syracuse-Colgate football battle on Nov. 14 will be the 54th game between these two old New York rivals.

Vaughn Alliston, sophomore guard on the University of Mississippi grid team, once blocked five punts during a high school game in 1951.

PHILLIPS BLACKHAWKS defeated Hereford 40-7 last Friday night with the type of playing shown here. Phillips, in dark uniforms, was trying for the point after touchdown by kicking (note ball) and they made it. Phillips was blocking in, and doing a quite effective job of stopping the Whiteface herd.

The man trying to go over the top of the heap was Aubrey Self. Other Hereford players are, from left, Logan Cummings, Arol Acton, Martin Moore, and on the extreme right, Keith Hodges. Identification of the others could not be positively made. (Staff Photo.)

City Goes Wild After Winning Football Game

CATLETTSBURG, Ky. — They call this the "Gate City" because it's the gateway to Kentucky from West Virginia.

But in the field of athletics neighboring Ashland — considerably larger — has been giving Catlettsburg the gate for years.

Not since 1921 had Catlettsburg High School beaten Ashland in football — until this season. When the local Wildcats defeated the rival Tomcats, 20-7, all the cats came out for the night.

The celebration lasted until early the next morning. The fire siren atop City Hall sounded a fired-up alarm. The city's fire truck answered the call to join in impromptu parades. Mayor Erwin Rice turned over the keys to the city to Coach Charlie Snyder and then whooped it up with the rest of the citizens.

Snyder, a hometown product, called the triumph the greatest thing that has happened to him in sports. Having played on Catlettsburg teams which tied Ashland in 1937 and 1938, Snyder had shared deeply in two of the city's most

Extra Good Deer Season Is Expected

FREDERICTON, N. B. — Deer hunters in the New Brunswick area should have their best season in years.

The deer population has increased and the U. S. ban on meat shipments from Canada has been lifted.

Last year practically no hunters came to New Brunswick because of the Saskatchewan foot-and-mouth outbreak. Hunters were not permitted to take their kill home with them.

The Fish and Wildlife Service recently announced that deer are more plentiful in all parts of the province due to mild weather last winter.

Hunters usually flock to this area because a hunter may kill two deer of either sex.

Don Penza is the fourth end in five years to be elected captain of the Notre Dame football team.

During the 1952 season the Detroit Lions led the National Football League in home attendance with 262,675 admissions for six home games.

AS LINDANE CARRIER Crude Cottonseed Oil Mixture Helps Control Spinose Ear Tick

COLLEGE STATION — A cheap, effective and fairly easy to apply formula for controlling the troublesome spinose ear tick has been developed by the USDA's Bureau of Animal Industry. Crude cottonseed oil, kerosene and lindane are used in the mixture.

According to Extension Entomologist Neal Randolph, one part of kerosene is added to two parts of crude cottonseed oil—use the oil as it comes from the mill. This mixture should be allowed to stand for at least 24 hours for the kerosene thins the oil and causes finely ground cottonseed hulls to settle. The liquid should be carefully drained off and to each 4 1/2 pints, 4 ounces of a 20 percent lindane emulsifiable concentrate should be added. This makes a solution containing approximately one percent lindane.

Mix Readily

The ingredients mix readily and the solution can be applied with a small garden sprayer—the type with a built in pump for maintaining air pressure. The spray nozzle should have a smooth, rounded tip, about a half inch in diameter, which will cause no injury when inserted in the cattle's ears, says Randolph.

Ranch tests show that the solution destroyed all the ear ticks which came in contact with it and that reinfestation in the treated ears was prevented for a period of at least 30 days. No blistering or injury to the ears was noted, says Randolph. Approximately 20 gallons of the mixture were required to treat 2,500 head of cattle—about an ounce per animal.

Cone Spray

In the tests, the nozzle tip was adjusted to discharge a cone spray with a diameter of about 2 inches at a distance of 3 inches from the nozzle. The nozzle tip was inserted into the ear and the spray immediately released.

The cone-shaped spray covered the interior surfaces of the ear and the necessity of handling the ears during treatment was eliminated.

WOMEN SCHOOL POLICE

BEVERLY, Mass. — Police Chief Edward Aucone wants six new special officers—all women—to handle school traffic. He told Mayor Clarence S. Wilkinson that he hasn't enough men to provide protection for children going to school.

Crash "Victim" Found Safe Asleep At Home

STEVENS POINT, Wis. — Stanley Rutta doesn't get excited. A Soo Line freight train smashed into his car. The trainmen frantically hunted through the wreckage, but couldn't find the victim's body. Police identified the car and woke Rutta at his home. He explained that his car stalled on the tracks, and he couldn't flag down the train with matches. He said he just watched the crash, then hitch-hiked a ride home and went to bed.

Church Bell Recovered From City Fire Station

GOSHEN, N. Y. — The bell which called members of the St. James Episcopal church to worship in the first edifice 150 years ago is ringing again.

Trace of it was lost after the parish built a new church building 100 years ago. But Miss Elizabeth Sharts, the town historian, succeeded in locating it—lying unused in the bell tower of the village firehouse, where it had served for a time as a fire alarm.

Just Like General Grant Lincoln Is Under Tomb

SPRINGFIELD, Ill. — Custodian George Cashman Abraham Lincoln's tomb lists as the most common question of the thousands of annual visitors: "Is Lincoln really buried here?"

The answer is yes. Lincoln's body is in a hermetically sealed casket enclosed in a 27-ton concrete vault 10 feet below the tomb's floor.

Even Guns Are Tested Backwards In The Army

WATERTOWN, Mass. — The Army's Watertown Arsenal believes in doing things backward to get results.

For example, it produces better guns by firing armor plate at projectiles.

Col. Benjamin S. Mesick, the commanding officer, explained that reversing the normal procedure resulted in the best way to measure the strain and impact on the shell.

Ed Lopat's three-hitter over Washington on May 27 started the Yankees on their 18-game winning streak during the 1953 season.

Nationalist Guerrillas Increasing In Red China

TAIPEH, Formosa — Chinese Nationalist reports say guerrillas "numbered in the thousands" now are active in the far west reaches of Red China, where few guerrillas have been reported before.

The Interior Ministry's Ta Tao

News agency says underground contacts report the guerrillas have staged a number of raids in Szechwan province and in Yunnan, in the far southwest.

OVERSIZED TRUNK

MECHANICSBURG, Pa. — Mr. and Mrs. A. V. Mac Quarrrie have arrived in Mechanicsburg with their three children and a 670-cubic-foot box of home belongings. The family, which came to the United States recently from the Isle of Man near England, said they had managed to squeeze

a living room suite, three bedroom suites and "some odds and ends" into the huge box. It took three men 30 hours each to pack, Mac Quarrrie explained.

SIGNAL CREDIT SYSTEM

Will Be In Operation Nov. 1st On October Accounts

This new system of credit control will be in operation November 1st. Signal credit operates on the same principal as the familiar traffic light and will assist in the extension of credit in the same manner as the light control vehicular traffic.

The purchasers' credit rating will be reflected in signals posted in the files at the credit association. Signal credit is not designed to work a hardship on anyone. Under this system, the purchaser is assured a fair and impartial credit rating—HE RATES HIMSELF.

Guard Your Credit—Pay Your Bills Promptly

Until the signal is changed, the green light (Go) is in operation. As long as the purchaser pays his bills promptly or makes satisfactory arrangements to pay, the way is open and he may expect a credit within his capacity to pay and in the judgement of the seller.

CAUTION Date: Feb. 1, 1953

Under the rules of the SIGNAL CREDIT SYSTEM, as adopted by the Credit Bureau, we are required to mail this notice to all whose account is past due. It has no bearing on your credit rating and is simply a reminder that payment has not been made.

John Doe Yours very truly,

FRIO NEWS

By Mrs. Owen Andrews
 Attending the Baptist Workers Meeting at Summerfield Thursday were Mesdames H. M. Mobley and Owen Andrews, Mr. and Mrs. J. H. Dobbs, and Rev. and Mrs. D. W. Ward and children.

The Home Makers club met at the community house Wednesday for a program on "Stain and spot removal from walls and rugs." Mrs. Owen Andrews talked on the subject and listed the various cleaners and chemicals to be used for different kinds of stains.

Mrs. H. E. Lindley demonstrated making house shoes from wash cloths.

Officers Elected
 Officers elected for the coming year were: Mrs. E. F. Vogler, president; Mrs. Glenn Gripp, vice-president; Mrs. Leonard Buttrill, secretary-treasurer; Mrs. E. H. Little, assistant secretary; and Mrs. Owen Andrews, reporter.

It was voted to change the regular meeting days to the second and fourth Tuesdays in each month but this change will not take effect until the first of the year as the dates are already planned for the remainder of this year.

Those present for the meeting were: Mesdames W. A. Springer, Owen Andrews, E. F. Vogler, Sam Lindley, T. L. Sparkman, E. H. Little, C. N. McClure, J. H. Dobbs, Leonard Buttrill, Jack Jones, Henry Andrews, H. E. Lindley and Miss Alma Andrews.

Mr. and Mrs. Virgil Roberts and Leta Myrtle of Littlefield visited his sister, Mrs. Robert Simpson, and family Sunday.

D. W. Ward, pastor of the Frio Baptist church, left Monday for the Statewide Baptist Convention at San Antonio. He accompanied Rev. Fields, pastor at Friona, on the trip. Mrs. Ward and daughters, Judy and Linda, and Mrs. Randy and her daughters, Sharon and Karen, also left Monday to spend this week visiting the Ward parents at Raton.

Abcess Drained
 Word has been received here that George Parker, brother of Mrs. Olin Parris, underwent brain surgery Saturday at Dallas. The operation was to drain an abcess which started from sinus. He was improving rapidly and by Monday night was able to talk from his bed over the phone to his nephew, Walker.

Mrs. Frank Robbins and daughter, Rugenia Jan, came home from the hospital at Hereford Friday. The baby was born October 14. Visitors at the Robbins home Sunday were her mother, Mrs. F. Y. Moreman and her sister, Mrs. Glenn Edwards and children, Mr. and Mrs. Bob Brotherton and Mrs. Jeanette Robbins of Canyon.

Charles Pennington underwent surgery at the Hereford hospital last week and was reported as doing fine Sunday.

Mr. and Mrs. Elbert Summers and children of Dimmitt visited her parents, Mr. and Mrs. W. A. Springs Sunday.

Attended WMU Clinic
 Women attending the WMU clinic at the Avenue Baptist Church

Tuesday were Mesdames W. H. Thompson, Owen Andrews, Henry Dobbs, H. C. Miller and H. M. Mobley.

Mr. and Mrs. W. H. Andrews and family attended the Hereford-Phillips football game Friday night and then spent the weekend visiting her parents and other relatives at Oklahoma City.

Mr. and Mrs. Jim Brooks spent the weekend visiting their relatives at Comanche.

They report that the cotton crop is better there than it has been in several years.

Visiting the W. H. Thompson's Sunday afternoon were Mr. and Mrs. Henry Andrews, Mr. and Mrs. J. B. Thompson and children, and Mr. and Mrs. Hiram Odum and family. Mrs. Eva Odum, who has been visiting the Thompsons went back with the Odom's.

Navy Man Home
 Mrs. Frank Dobson has had her son, Melvin Stewart, and his wife visiting in her home the past several days. Melvin, who is in the Navy and is stationed at San Francisco, Calif., expects to be going overseas soon.

Another family enjoying a visit from their son is the Sudduth's. Their son, John, who has been in Japan for over a year, is back in the States and has been visiting his parents. He is in the Air Force and expects to be stationed in South Texas.

Birthday Party
 A birthday party honoring Mrs. Raymond Mobley and Mrs. Brock of Burk Burnett was held at the A. R. Adams Monday night. Mrs. Brock is Mrs. Adams mother.

Those present were Mr. and Mrs. R. V. McMahon, Mr. and Mrs. Darrell Kenmore and family, and Mr. and Mrs. Johnny Powell all of Dimmitt; Mrs. H. M. Mobley, Austin; and Don Mobley, La Nette Mobley, Darwin Miller, Mr. and Mrs. Lee Renfro and family, Mr. and Mrs. Floyd Cole and family, Mr. and Mrs. Raymond Mobley and family and Mr. and Mrs. A. R. Adams.

Miss Connie Irwin, daughter of Mr. and Mrs. Lester Irwin, was ill and in the Dimmitt Hospital Sunday night and Monday. She had improved from the throat infection by Tuesday.

Mrs. H. M. Mobley and Mrs. Lee Renfro were shopping in Amarillo Monday.

Cecial Miller of Sunray visited his parents, Mr. and Mrs. H. C. Miller on Monday.

Patron With Own Coffee Is Too Much Cafe Man

OTTAWA, Kan. (AP)—In his many years as a cafe operator, Bruce Allison has come across numerous "lunchers"—persons who carry their own lunch into an eating place and merely order a cup of coffee.

So he wasn't too surprised when two women sat down in a booth and unwrapped lunches.

But a short time later, Allison noticed steam coming from the booth.

He investigated. The women calmly were brewing their own coffee with a canned heat percolator.

Friona P-TA Hears Program On Safety

The Parent-Teachers Association met Thursday afternoon at the Friona Auditorium.

The minutes of the last meeting were read and approved by the secretary, Mrs. Ray Landrum. A program on "Safety and Civil Defense" was given and a film on the tornado at San Angelo was shown. Glenn Reeve gave a talk on "Safety."

The next meeting will be November 19 when the superintendent, Dalton Caffey, will speak on "Educational What What."

Harvester ants store seed in summer for winter use and sometimes prove destructive to pasture lands.

Recovery From Polio Is Credited To Dog

BARRINGTON, Ill. — Brian Parker was 14 years old when he was stricken by polio in 1944. Paralysis gripped both legs and he spent a year in a hospital.

When the lad got out he started up the long road of slow and steady recovery. His companion was a Springer spaniel named Hurricane Lad.

Brian entered the dog in field trial competition at Lake Bluff, Ill. The boy, hobbling on a crutch, handled the dog and the dog placed high in the tests.

Exercise Helped
Boy and dog went out to the woods and hunting areas often thereafter. The exercise strengthened Brian's limbs to the point where he could walk without artificial props. And the hikes also strengthened the bond between them.

Brian, 23 now, has graduated this year by the Massachusetts Institute of Technology. He returned home and presented his diploma and cap to Hurricane Lad, now 15 years old.

Brian's mother, Mrs. Louise Parker, explained the gesture. "Brian felt he had earned it."

Auditor Doesn't Approve Carrying Of Town Funds

OLYMPIA, Wash. — Two officials of the town of Milton soon may be able to stop taking their work home with them.

An examiner for the state auditor has requested the town's mayor to have the city hall vault repaired immediately.

He said the vault has been "unusable and unused" since the building was constructed five years ago.

"It has been necessary for the treasurer and collector to carry the town funds with them at all times—a dangerous and undesirable practice," the examiner declared.

Elderly Brothers Make Switch To Bike Riding

HUNTINGTON, W. Va. — Elza Barrett, 72, and his brother Sam, 70, retired Chesapeake & Ohio railroaders, are unusual sights in this modern city of 85,000. They ride bicycles all the time—for business as well as pleasure.

Both used to drive cars but neither does any more.

Sam explained that he had an automobile more than 25 years ago but just "got tired of it" and switched to the bicycle.

Elza switched last year when an insurance company refused to write a liability policy on his car because he is over 70.

Automatic Transmission Now Has "Hill-Holder"

SOUTH BEND, Ind. — One automobile manufacturer (Studebaker) has installed an anti-creep device in its automatic transmission. The device includes a "hill-holder" that automatically holds cars on uphill stops.

This improvement, say the engineers, will permit a girl to powder her nose or a man to light his cigarette while waiting for the light to change without causing a catastrophe.

Many People Knew Where This Arrow Fell

SEDALIA, Mo. — A young archer shot a green willow stick into the air, and all kinds of trouble resulted.

Radio Station KDRO was cut off the air, a third of Sedalia residents were without electricity and it took three-quarters of an hour to get things back to normal.

The willow branch lodged across the wires of a 12,000 volt feeder line. Both the stick and the wires burned as the current shorted through the green stick.

Spanish Club Elects J. B. Will As President

New officers elected at a recent meeting of the Hereford High school Spanish Club include: J. B. Will, president; Lynn Jones, first vice-president; Charles Green, second vice-president; Beatrice Gander, third vice-president; Carroll Jones, secretary; Judy Jersig, treasurer; Ronald Zimmerman, reporter; Gary Southern, sergeant at arms; Lotus Root, critic and pianist; and Dolores Hernandez, musical director.

The group meets the first Tuesday night in each month at the high school. Their motto is "Poco

a Poco Se Va Lejos" meaning, "Little by little we go far." The club flower is Rosa Blanca de Castilla and colors are gold and purple. The song is "La Cucaracha" and the emblem "Quiquiritu" (Cockadoodle Doo).

Attending the meeting were: Larry Boston, Myrna Lou Coffin, Mary Rita Falcon, Thomas Falcon, Beatrice Gander, Charles Green, Freida Inman, Judy Jersig, Lynn Jones, Carroll Jones, Rejinaldo Olares, Gary Southern, Loy Gene Smith, Mary Ruth Oswald, J. B. Wills and Ronald Zimmerman. Mrs. Roy Calvert and Pat Sullivan are sponsors.

Golden Weddings Are Routine In This Family

LOUDON, Tenn. (AP)—Mayor and Mrs. E. E. Watkins recently celebrated their 50th anniversary but golden anniversaries are routine in the Watkins family—on hand for the celebration were three of the mayor's brothers and their wives who have been married a total of 169 years.

The dean of the clan, 79-year-old J. W. Watkins and his wife have been married 61 years while Mr. and Mrs. G. B. Watkins and Mr. and Mrs. W. S. Watkins have been wed 54 years.

And in four more years a fifth brother and his wife, Mr. and Mrs. James P. Watkins, will be eligible for membership in the family's "golden wedding club."

The mayor is a lawyer and his brothers are farmers.

Bowlers Will Find Way To Indulge In Hobby

RICHFIELD, Utah (AP)—When the bowling alleys in this town of some 4,000 occupants were dismantled and removed from the community, the bowlers came up with a plan for the new season.

They organized a mixed league of six teams and now travel 120 miles to Springville, Utah every second Sunday to bowl a double-header session of six games.

A rose petal is about five thousandths of an inch thick.

REV. FATHER BERTIN ROLL, Capuchin priest of Pittsburg, Pa., and National Director of the Arch Confraternity of Christian Mothers, addressed the Ladies of the St. Anthony's Catholic church Friday night at the school hall. Those seated from left are: Mrs. Ed Jesko, vice-president of the club; Mrs. Felix Urbanczyk, president; Mrs. Carl Luke, secretary-treasurer, and Father Bartholomeu Paytas, pastor of the church. EDIBLE TRAFFIC HAZARD

WEST HAVEN, Conn. (AP)—Police-man Alexander Duduku, investigating a sudden slow up in traffic on a busy highway, neatly took care of the offender. He hauled a 50-pound snapping turtle off the road and took it home—for turtle soup.

David Cohn Planning Book About Cotton

David Cohn, noted author, war correspondent and world traveler is writing a book on the modern cotton industry—its progress, its people and prospects. Designed for popular reading, the volume will be published by Random House.

The book, which it is expected will fill a long-felt need for a full-length treatment of the cotton story in a style for public sale, will be a little over 300 pages and will be illustrated. Publication is scheduled for January 1955 to coincide with the annual meeting of the National Cotton Council.

Mr. Cohn was born and raised in Greenville, Mississippi. The books he has written include, "God Shakes Creation," "Where I Was Born and Raised," "Picking America's Pockets," "The Good Old Days," "Love In America" and "This is the Story." He has contributed numerous articles to leading magazines.

Crime Took The Day Off For Policeman's Wedding

SALISBURY, Mass. (AP)—The entire police force took the day off for the wedding of Police Capt. Benjamin Sturgis—and crime took the day off, too.

There wasn't a single crime reported—not even an accident—while department members attended the chief's wedding to Miss Wanda Woron of Newburyport. State police filled in for the local force.

Long Memory For Faces Didn't Help With Sister

SALT LAKE CITY (AP)—Jack Kogut, a wrestler who doubles in glass behind a bar here, is trying to forget about his memory.

And his sister only smiles at the oldie about a needle in a haystack. The sister, newlywed Mrs. Estelle Lake of Los Angeles, passed through Salt Lake on her honeymoon, hoping to find her brother whom she hadn't seen in 12 years.

Arriving, her husband grew thirsty for a beer. So the pair stopped at—the bar Kogut was working in. Mrs. Lake recognized her brother right away.

But Kogut, who enjoys a local reputation as the "man who never forgets a face," was unable to recognize his sister.

A SMALL WORLD
CUSHING, Okla. (AP)—Four years ago Terry DeVilbess carved his initials on the back of a terrapin and turned him loose at his home here. He didn't see the turtle again until the other day. The terrapin crawled back to the DeVilbess home.

HE REMEMBERED THEM
NEW LONDON, Conn. (AP)—John T. Heard is now known as the policeman with "a camera eye." He got the title in city court from Prosecutor Aaron E. Eifenbein after he recognized and arrested in one day three motorists whose licenses he knew were under suspension. In one case, the suspension was four years old, but Heard remembered that the man had lost his driving permit.

Personals

Mr. and Mrs. Joe Harrison and baby of Dallas returned to their home Wednesday after a visit here with her parents, Mr. and Mrs. Leo Forrest, and his parents in Dimmitt.

Mr. and Mrs. Colby Conkright and son Jimmy, and Hugh Clearman left Sunday for Dallas to attend the State Fair. Jimmy will show a steer on Thursday. He is the only 4-H Club boy from Deaf Smith County to enter the Livestock show this year.

Mr. Johnny Dowell and children of Amarillo are spending this week with her parents, Mr. and Mrs. Sanford Smith.

Not Even Death Stops Tax Collectors Now

HARRISBURG, Pa. (AP)—Even the deceased will have to pay Pennsylvania's new sales tax when it takes effect Sept. 1.

It provides that 50 percent of the lump sum charged by funeral director is subject to the one percent levy.

If a vault is provided for the burial, that's a separate item—and its entire cost is subject to the levy.

JUVENILE DELINQUENCY
MADISON, Wis. (AP)—When Detective Frank Forster nabbed three boys taking tools from parked cars he didn't take them to jail. He turned them over to their mothers. They were two 4-year-old boys and their 2-year-old accomplice.

When Navy's guard, Steve Eisenhauer, was a student at Sheffield (Pa.) high school, his father was principal and his mother his math teacher.

KENT SNARE

Now is the beginning of the semester of the season when the blobs of ties and defeats really stand out on the formerly unblemished football records of the biggies and et cetera. Last week registered its telling licks, what with Stanford marking UCLA down by a point, SMU smearing Rice all over the Cotton Bowl, Army squeezing Duke out of the top ten, Navy sinking Princeton by 65-7, Harvard getting a demerit from Columbia, Yale tied by Cornell, Auburn took its first loss of the season from Georgia Tech, who face, this week, the high tide of this year, Notre Dame, and would they like to sack that'n, Wyoming got out of her class and got took by Iowa, North Carolina lost number one to the Terrapins, Kentucky hitting its stride, walked over Mississippi State and there will be more to come, probable this week, since it's nearly time for old man weather to begin dipping his presence in the football pot and hoo boy, how he can dood it.

Ole Miss at Arkansas—Those hawks got toothy this time and it won't be a 7-34 loss this lap. USC at California—The Bears just might copy the design from the Stanfords and do likewise. I understand now, why somebody put Bob Garrett's pic on the '53 NCAA Football Guide, they wuz had peeklet. Utah State at Colorado Ags—A neighborly brawl, closer than stamps in a roll. Oklahoma Ags at Detroit. The Okies took Houston, who sacked the Detroit, now, you can make something out of that or no.

LSU at Florida—Whiskers put the finger on the Gators fullback, Rick Casares, last week. Seemed like he had been a soph for 3 years and the institution was too valuable to burn down. North Carolina at Georgia—Of different leagues but of like calibre. Dartmouth at Harvard—The Ivy League now plays solely for the benefit of the old grads, little danger to anything save glassware. Oregon State at Idaho—Two havenots, who could have quite a tussle. Indiana at Iowa—There aren't near as many Hawkeys available, as footballers, as the Hoosiers found among the Spartans, but they is some quality, probable enough.

SMU at Kansas—Likely just a comparative score with the Okies, unless the Hawks is mad and have found some offensive claws. College of Pacific at Marquette—The Tigers started a 4-weeks foreign run at Lubbock Saturday last, disastrously. Milwaukee won't be no haven of happiness either. McMurry at Midwestern—That one's close enough that you should oughta get some local dope. Nebraska at Missouri—Old rivals but they don't mellow with age, if they have any weapons they'll out with, and use 'em. Michigan at Minnesota. Them Gophers, annually, rise up, blink their eyebones and bite somebody. Gotta hunch. Pittsburg at Northwestern—Imagine anybody getting away with a sucker shift on the Irish, two years handraining, they'll need armor next lap. Northwestern will need some talls. Georgia Tech at Notre Dame—Everybody loves to beat the Notre Dames, the Wrecks is figuring on it. Could be??? TCU at Penn State—Those Frogs left me at the mercy of local Texas Ags, as of now, but I don't wish them any extra special bad luck agin the Easterners. Navy at Pennsylvania—Pore Lil Princeton. What now for Quakers? Oblivion? After all the Bears set a mark of 40, might not be enough. I've been listing the Navy as one of the toughest for Notre Dame this time, don't snicker till the returns are in.

Baylor at Texas A&M—If the Keydets can do this one, they're made. And if Mr. Michalske can do it at his old boss, Sauer, rest assured that the Corps can crow.

Fancy and Plain

For my bit, the Aggie line, by Michalske, is the key to their present successful run. Rice at Texas—The Steers manpower will begin to show, right about here. North Texas at Texas Western—The Miners best wish for the wind to blow. Wyoming at Utah—If the Utes drop a league joust, this could be it. Hardin-Simmons-West Texas—Gone be close, geographically, better go. Ohio State at Wisconsin—Same league and nearly the same pace. If ten those Buoykeys don't begin hitting their forecasted pitch, Mr. Gomer Jones may be called in to run the next stanza, '54 that is. Unless some smart aleck ball club stumbles one of 'em in this regular season and it don't look too likely, now, it will be Oklahoma and Maryland in the Orange Bowl next January one.

Area Vegetables May Be Shown In San Antonio

Many samples of the fine onion, carrot, and lettuce crops from the Hereford area are expected to be displayed at the Second Annual South Texas Vegetable Day, in San Antonio October 31.

Better crops than ever are anticipated for this event, to be held at the San Antonio Produce Terminal Market, because of the recent good weather. Added stimulation for increased competition is the \$1,000 paid to last year's grand champion vegetable, with a total of over \$3,000 paid for other winning entries sold.

Hereford, famed for its excellent onions, lettuce and carrots, is expected to present keen competition in these classifications, Henry Van De Walle, general chairman of the program, said. And, to encourage entries from this area, free refrigeration storage and display containers will be provided by the show.

Other Events
In addition to the judging, display and auctioning of the prize vegetables, many other events to interest every member of the family are being planned for this year. Grand prize winners in the Vegetable Day Receipt contest will be presented their pressure cookers at the show, and a Halloween costume parade will be held for the youngsters with the prizes for the winners. Tours will also be conducted through the \$2,500,000 Produce Market, the largest and most modern facility of its kind in the nation.

Complete details on how to enter produce in the Second Annual South Texas Vegetable Day may be obtained from G. E. Mullins, Deaf Smith County Chamber of Commerce manager.

Plight Of World's Refugees Continues

Says the National Council of the Churches of Christ: "The emergency confronting the world's refugees is not finished; the plight of these refugees is the continuing Christian concern of our churches; our U.S.A. 'open door' policy toward the world's oppressed must be continued; there is urgent need for emergency legislation to permit our fair share of refugees to come to the U.S.A."

Concerning the new "Emergency Refugees Relief Bill of 1953", passed just before Congress ended, the Council adds: "The categories of refugees included in this Bill are very largely the categories which also had impressed our churches as those meriting our special concern and cooperation." —It is expected that Church World Service Immigration Services will be reestablished "to welcome refugees to church communities in the U.S.A."

RECEIVING INSTRUCTIONS from the aircraft commander before taking off on the Strategic Air Command (SAC) bombing and navigation competition are three key men of the B-29 medium bomber of which Lieutenant Colonel Jack R. Cox is a Radar Observer. The selected crew are members of the first Bomb Squadron of the Ninth Bombardment Wing at Mountain Home AFB, Ida. The Bombing and Navigation meet will be held at Walker AFB, N. M. Col. Cox, son of Mrs. E. M. Cox, 118 Jackson Avenue, Hereford, is standing second from left.

Long Time Ago

45 Years Ago
A new firm composed of H. H. Hawkins, C. P. Arthur and C. T. Dobbins have opened a meat market on Sampson Avenue across the street from Garrison's warehouse. They are fitting up an up-to-date market and have employed an expert cutter. After the first of the year, they will be located one door north of The Brand office. The market will also handle all kinds of vegetables in season and will carry a line of cured meats.

Rural Expert Is Working At University In Tokyo

Dr. David E. Lindstrom, rural expert from Urbana, Ill., who is giving some years of service in the organization of a department of rural work at the International Christian University, Tokyo, Japan, is the director of the University's new "Rural Welfare Research Institute." The Institute works in co-operation with an experimental farm which has been equipped and stocked by church people of Iowa and California.

Problems which are being faced by the Institute include the need for greater food production for a country which is greatly overpopulated (as is Japan), and the improvement of farming techniques and village living conditions in the rural areas of the nation. Co-operating with the Institute are the Japanese ministries of education, welfare, agriculture and forestry; farmers' cooperatives, 4-H club organizations, PTA's, rural health centers, and many Christian mission stations.

New Telephones From Old

NOTHING IS WASTED in the telephone business. No stone is left unturned in our efforts to hold down the price of good telephone service. Telephone instruments, for example, are used and re-used. When a telephone is removed from a home or office it is checked. If anything is wrong, it is repaired, cleaned, refinished before it is re-issued, every bit as good as new. Economies like this help us keep your telephone service high in value — low in cost. SOUTHWESTERN BELL ... A TEAM OF 27,400 TEXAS TELEPHONE PEOPLE ... AT YOUR SERVICE.

Something really Special -in power, room, ride, price

WE picture here a car that keeps our order book pages turning quicker than quick.

It is the 1953 Buick SPECIAL 4-Door Sedan—the bargain value that doesn't stay long on our showroom floor.

For this is the best-selling Buick in the land—snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL facts:

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL—plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflow.*

It has easy-sitting-room for six adults—as much room as you'll find in cars costing hundreds of dollars more.

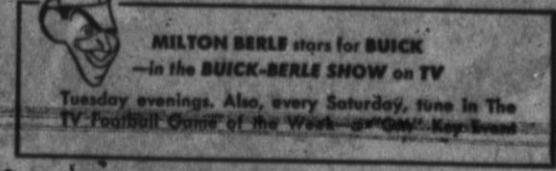

It has a ride unique among automobiles. The Buick Million Dollar Ride. The soft and steady and ever-level ride that comes of coil springs on all four wheels—a full-length torque-tube drive—a massive X-braced frame—a solid and substantial roadweight poised with meticulous balance on broadly spaced wheels.

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"—and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't you like to see, sit in and drive one of these great-powered Buicks—look into its beauty, its luxury, its handling ease—and judge for yourself how small a price tag it wears?

Phone us this week, or drop in, We'll be happy to arrange a demonstration.

MILTON BERLE stars for BUICK—in the BUICK-BERLE SHOW on TV Tuesday evenings. Also, every Saturday, tune in The TV Football Game of the Week—on the Buick-Berle Show.

Delegates To State THDA Meeting Give Report To County Members

The Home Demonstration women of Deaf Smith County met at the club house Monday to hear the reports of the delegates that attended the State meeting at Galveston, which was held in the Marine Room on Pleasure Pier.

Delegates who attended the meeting from Deaf Smith County were Miss Roberta Campbell, THDA, Mrs. J. B. Caraway, Mrs. Carlos Vaughn, and Mrs. W. R. Scarth. Approximately 800 women attended the three day State meeting.

Convention Theme
Mrs. Joseph M. Perkins spoke on the theme of the convention which was, "Home—the Cornerstone of Freedom", saying "everything begins in the home which makes it the key to the Archway of Life."

A. C. Wimple spoke on the "Dangers of Narcotics", stressing the fact that \$9,055,000 is spent yearly on narcotics.

Miss Iris Davenport spoke on "Mental Dreaming", saying "it is all right to have dishpan hands if you didn't have a dishpan mind."

Workshops
Mrs. J. B. Caraway served on the recreation workshop and Mrs. W. R. Scarth on Marketing.

The delegates were entertained with a banquet in the Marine Room. Those from District I also took a ferry boat trip from Galveston to Point Bolivar.

The Progressive Home Demonstration club had the largest attendance at the meeting Monday.

Freshmen Girls Planning Hereford Horizon Club

The Freshman girls of Hereford High School met Thursday afternoon in the high school to organize a Horizon club.

Jackie Brown was elected president of the club; Judy Jersey, vice-president; Carrol Walser, secretary; Gloria Walser, treasurer; and Mary Curtis, reporter. Mrs. E. W. Dettman is the sponsor of the club.

The next meeting will be Thursday night at 7 o'clock in the home of Mrs. Dettman to choose a name for the club and discuss the program for the coming year.

Arrange slices of tomato on rounds of toast; sprinkle with grated cheddar cheese and broil just until the cheese is melted. Serve at once.

Mrs. Gililland Spoke At West Hereford HD Club Thursday

Mrs. Marlin Gililland spoke on "High Blood Pressure" to the West Hereford Home Demonstration club when it met in the home of Mrs. P. H. Luck Thursday afternoon.

Mrs. Carlos Vaughn, president, presided at the business meeting. A special meeting was held Saturday afternoon to work on record books and craft designing.

Those present were: Mesdames Vern Witherspoon, Ulya Pierce, Carlos Vaughn, Roy Boyd, Ida May Vaughn, Ara Tarleton, A. L. Thomas, E. M. Cox and Miss Evelyn Bell.

Leathercraft Instruction Given At Sims Study Club

The study of leathercraft was given to the Sims Study Club when they met Thursday at a luncheon in the home of Mrs. Roscoe Pinnell.

Instructors were Mrs. Harold Rousser and Mrs. Kenneth Milner of Kress. Many projects were started under their directions.

Eleven members and eight guests answered the roll call. They were: Mesdames C. L. Bogle, Ruth Perrin, Marion Ferguson, Paul Lyons, Haley Shaw, J. A. Croford, Clarence Hollabaugh, Jim Cavin, Joe Lyons, Harold Rousser, Kenneth Milner, Mr. and Mrs. Cord Hammock, Mr. and Mrs. Glenn Hitzler, Mr. and Mrs. C. W. Edwards and the hosts, Mr. and Mrs. Roscoe Pinnell.

How Can I?

By Anne Ashley

Q. How can I repair a fireplace when the mortar has become loose around the brick or tile hearthstones?

A. Clean out the joints, wet them, and refill with cement mortar, which may be colored to match the stone. Mix the mortar by using five parts sand to one of cement.

Q. What can I do when white clothes have yellowed from washings?

A. Put them into a boiler, half full of water, to which a handful of salt and washing soda mixed has been added. Bring to a boil and keep simmering for a few hours. Rinse clothes in plenty of cold water and hang in the sun. They should come out perfectly white. Repeat a few days later if necessary.

Q. How can I keep sinks, drains and tubs clean from grease and disagreeable odors?

A. By pouring hot salt water through them once or twice a week.

Q. How can I remove stains from granite or earthenware?

A. Rub with salt applied on a cloth.

Q. How can I remove shine from a coat collar?

A. Sponge it with a cloth wrung out of hot vinegar. Press while still damp, using a black cloth for pressing.

Q. How can I prevent the window sills, on which earthen flower pots are placed, from becoming water-stained?

A. The pots may be made waterproof by putting a piece of paraffin in a saucer, setting this in the oven to melt, then dipping the pots into it so that the paraffin will sink into the pores and harden.

Q. What can I do if my sewing machine needle gets blunt and begins pulling the threads of the material I am stitching?

A. Just run the needle through ordinary steel wool a few times, and this will sharpen the point.

Q. How can I make a pair of shoes waterproof for outdoor use?

A. Melt together a dressing of two parts beeswax to one part mutton fat. Apply at night and in the morning wipe well with some flannel.

Q. How can I prevent cooked cake icing from graining and sugaring?

A. By just adding a pinch of salt while it is cooking.

Q. How can I remove rust from shelves and trays in my refrigerator?

A. Rub over them with steel wool; then wash with soap and water. When thoroughly dry, apply a thin coat of colorless nail polish or clear lacquer to the part subject to rust, to prevent future rust.

Q. How can I make easier the task of sewing patches on my canvas awnings?

A. Soak the fabric well and rub soap in, and this will make the needle slip through the canvas much more easily.

Wyche HD Club Meeting Met With Mrs. Reinart

Mrs. Ira Ott discussed the causes of "High Blood Pressure", and Mrs. E. C. Hewett Jr., discussed "Care of Yourself" to members of the Wyche Home Demonstration club when they met Thursday afternoon in the home of Mrs. Elmer Reinart.

Mrs. W. R. Scarth told of her trip to the 27th annual meeting of the Texas Home Demonstration Association which met in Galveston September 31 to October 2. The President told of the theme, "Home, the Cornerstone of Freedom."

Next Meeting
The next meeting will be a tour of three or four homes with kitchen improvements being emphasized.

Those present were: Mesdames C. R. Dameron, Duane Walker, George Olson, J. V. Pickens, N. L. Dewett, Edwin Flood, H. L. Ward, Walter Patzold, Gene Awtry, C. C. Ellis, Bob Baird and Mark Koenig, assistant hostess.

Holes in Wood
Small holes and small cracks on the exterior surfaces of wood houses may be filled in either with putty or caulking material, applied with a putty knife. When set hard, they can be painted over.

Lamp Shades
Paper on parchment lamp shade that develop cracks or tears can be patched with Scotch tape, that will be almost invisible when applied on the inside of the shade.

Clothes Shine
When a dress suit of dark serge becomes shiny with wear, sponge it with hot vinegar and press in the usual way. No color of vinegar will remain, no stain, and the shine will be gone.

Ruth Bible Class Held Coffee Last Thursday

The Ruth Bible Class of the First Baptist Church met for a morning coffee in the home of Mrs. Wayne Lawrence on Thursday, October 15.

Mrs. O. L. Bybee, class president, conducted a short business meeting during which programs for the coming year were discussed. Plans were made for the annual study course.

"Willing Service"
Mrs. Fritz Christman presented the devotional lesson on "Willing Service for the Lord".

Members attending the coffee were: Mesdames Tom Howard, M. A. Bettis, Christman, O. L. Bybee, J. B. Sowell, Malcolm Cassels, R. E. Caddell, Chas. Dones, Ralph Paul, George Suggs, J. Moore, H. D. Buse, Glenn Witherspoon and the hostess.

The Hereford Garden Club will meet in the home of Mrs. Glenn Boardman Friday afternoon at 3 o'clock.

Personals

Mr. and Mrs. Harold Gelin of Beaumont were looking up old friends in Hereford Saturday. Mrs. Gelin is the former Miss Irma Gough, whose parents were Panhandle pioneers.

Mrs. C. Ora Cockrell left Saturday for Springfield, Ill., where she will spend a week in the home of Mrs. W. G. Smith, the former Miss Grace Lucas, who taught school in Hereford for a number of years.

DAUGHTER BORN
Mr. and Mrs. T. V. Laird of Morton, Miss., have announced the birth of a daughter on Thursday, October 8. The baby, who weighed 8 lb. 10 oz., has been named Carol Kay. Mrs. Laird is the former Miss Wanda Jean Reed of Hereford.

Michigan State is a member of four inter-collegiate conferences—NCAA, CCC, ICA and the Big Ten.

Lack Of Work Is Aid To Moonshine Makers

CHARLESTON, W. Va. (AP)—West Virginia's Liquor Commission, looking for the reason for a drop in whiskey sales found it on the hills and under the hills.

The boys operating moonshine stills in the mountain glens had been over-active, while coal production from under the same mountains had slumped for lack of demand.

"No coal, no paychecks, no whiskey," the commission summed up, adding that moonshiners find the situation to their liking because they sell at lower prices than legal stores.

Insistent Bank Customer Really Had Good Reason

NEW YORK (AP)—Vice President Theodore Theban was making final plans for opening a branch office of his banking firm when there came an insistent rapping at the door.

Theban opened the door to find a woman carrying a shopping bag

topped by a head of lettuce. But the bag wasn't all lettuce. Insisting that she wanted to be the first to open an account, the woman dug under the lettuce and produced \$11,500 in cash. She got her wish.

Men Getting Raw Deal On Sales Tax Allowance

HARRISBURG, Pa. (AP)—There's discrimination between sexes under the new Pennsylvania sales tax. If a woman buys a garter belt for herself, it's exempt from the tax. But if a man buys garters for himself, he must pay the one percent levy.

Revenue Department officials won't give a reason for the distinction between the gadget used to hold up women's stockings and the gadget used by men.

Try a pinch of spice in summer vegetable dishes. Nutmeg teams well with spinach, carrots or corn; all-spice is wonderful with a mixture of tomatoes and celery and squash; marjoram is delicious with snap beans.

It means sharing the finer things of life. The husband is to love his wife as Christ loved the church. The wife is to be devoted to her husband as the church to Christ. It takes more than thrills in courtship to avoid spills in marriage. *Be he governor or gravel shoveller, he is happiest who finds his happiness in his home and in his church.* This is proof of a truly great partnership.

Paint Brushes
It is well to remember these points about cleaning paint brushes: One used with oil paint should be cleaned with turpentine, followed by soap and water. With varnish it should be cleaned with benzine or turpentine. With stain, clean with denatured alcohol. With shellac, clean brush with denatured alcohol or diluted ammonia, rinsed with water. With lacquer, clean with lacquer thinner.

Black Ribbon
When pressing black ribbon, put first in cold water, then straighten out and press immediately with a hot iron. The stiffening will remain in the ribbon.

Longer Life
Shoes subjected to hard wear will not look worn out on the toes if you give them a daily rub with petroleum jelly.

A Good Crease
A crease that is the equal of a tailor's crease can be made in the trousers by placing a dampened newspaper over the garment and then a dry one on top of it, and pressing with an iron.

Ants
If you are troubled with ants coming into the house, put the skin of a cucumber where they congregate and they will soon disappear.

The Basement
Large lumps of unslaked lime placed in dark corners of the cellar will greatly purify the air and absorb the moisture.

Stuck Stamps
If postage stamps have become stuck together, lay a thin paper over them and run a hot iron over them. The mullage will not be hurt.

Wall Paper
One good way to remove wall paper is to stir a quart of flour paste into a pail of hot water, then apply this mixture to the paper. Being thick, it will not dry quickly, but will saturate the paper, which can then be scraped or peeled off.

To remove the moisture from a bread box, place the electric bread

Commercial Bank Supplies Most Of Farm Credit

COLLEGE STATION, — "Commercial banks are a favorite source of credit for Texas Agriculture," says Prof. Harley Bebout of the Department of Agricultural Economics and Sociology, Texas A&M College.

"According to a recent report of the Agricultural Commission of the American Bankers Association all but 27 of the 877 insured commercial banks in Texas had loans outstanding to farmers as of January 1, 1953. These bank loans totaling \$352,000,000 were exceeded in dollar volume only by Iowa and California," Bebout declares. "In terms of dollar amount the largest proportion of the total or \$268,000,000 is for loans made for agricultural production, including the growing and marketing of crops and the breeding, raising, fattening and marketing of livestock.

The difference includes loans made by banks on farm land security and loans made to farmers on commodity security for the Commodity Credit Corporation.

toaster in the box for a few minutes and close the cover as far as the electric cord will permit. The heat will absorb every bit of the moisture and the box will be thoroughly dried.

When Painting
Try gluing a paper picnic plate to the underside of a paint can. It will catch all the drippings and stay right with the can when it is moved.

Ink Stains
You can easily remove ink stains from your hands just by rubbing the inside of a banana peel.

Swiss Steak

2 lbs flank or round steak
1/2 cup flour
3 teaspoons salt
1/2 teaspoon pepper
3 tablespoons shortening
2 cups canned tomatoes
2 tablespoons chopped onion
Mix flour, salt and pepper; pound into the steak with edge of a saucer. Brown steak in heavy iron skillet. Heat tomatoes and chopped onion together for five minutes. Pour over the steak, cover tightly. Cook about 1 1/2 hours, or until tender, in oven 350 degrees F, or over low heat on top of range. Serves from 6 to 8.

Timely Tips

1. Flank steak is generally cheaper than round steak. It is one of the tougher cuts of meat and moist heat is necessary to cook it tender.
2. Keep milk in refrigerator at all times for retention of food value and flavor. Sunlight destroys the Vitamin B content.
3. Serve a custard sauce over stale cake for a quick and easy dessert.

Fall Planting Discussions Held At Garden Club

Discussions of fall planting marked the meeting held by the Garden Beautiful Club Friday afternoon. Hostesses were Miss Frances Turrentine and Mrs. S. S. Easley. The meeting was held in the home of Miss Turrentine.

Mrs. E. W. Harrison told of the planting and care of bulbs, and Mrs. E. W. Hobson discussed shrubs and flowering trees best suited to this locality.

Project Discussed
During the business session, members discussed their project, which will provide a grouping of tables and benches in Dameron Park. Members also planned the planting of Bluebonnet seed in the

parks and on the Santa Fe Railroad grounds, if agreeable with the railroad officials.

Those attending the meeting were Mesdames Howard Armstrong, Tom Carter, O. M. Dickson, S. L. Easley, George Graham, J. B. Harlin, E. W. Harrison, E. W. Hobson, Charles Hood, D. C. Kinsey, F. P. Lyons, Dick Miller, G. P. Owen, Helen Pipkin, D. B. Roberson, B. E. Roberson, Mary Seigler, W. J. Stanford, J. M. Thomson, Carroll Whiteside, Robert Veigel, and the hostesses.

"I LIKE Everything ABOUT MY ELECTRIC RANGE" says MRS. C. A. GORDON OF 1923 HARRISON, AMARILLO, TEXAS

"It's so nice to be able to put a meal in the oven, go out and then return to find it all cooked and ready to eat," Mrs. Gordon says. "Another thing that always amuses my guests—I use the warmer drawer of my electric range to hold the plates and the home freezer top to hold the food. This gives me a regular serving center for buffet meals. At first some of my friends just couldn't believe that a kitchen could be clean enough to serve buffet luncheons. But when I explained about my clean-cooking electric range, they saw the point."

For roasting or broiling or cake baking, you can't beat an electric range. Like Mrs. Gordon says, "Everything I bake, roast or broil always turns out so good." Your roasts, cakes or broiled steaks would turn out the same way if you were cooking electrically.

Mrs. Gordon uses her wall cooker often. One thing she emphasizes, "My refrigerator never gets that wild look when I cook there in the wall cooker." Because so little water (just half a cup) is needed when cooking vegetables the electric way, you're sure of holding vitamins, too.

Cake baking is one of Mrs. Gordon's pleasures. She likes to bake cakes. Since cakes should have rings, Mrs. Gordon particularly likes the fact that her electric range requires no double boiler for 7-minute icing. The crustant, controlled even heat makes the difference.

There's no question about an electric range being modern. It has everything Mr. Gordon suggests. Plenty of storage space, too. Notice the large pan, think Mrs. Gordon uses in the top drawer. And, there's more storage in the bottom drawer, as well.

There's just one more thing to say, the modern electric cooking. And it's easy because it's so clean. Just look at this pan, there's no blackening of the bottom. Mrs. Gordon loves to tell folks about the cleanliness of electric cooking.

New Varieties Of Iris Available

COLLEGE STATION — The "white flag" was evidently one of the choice flowers brought to Texas by the early settlers. Even today it can be seen growing vigorously and blooming in competition with Bermuda grass around abandoned houses and in cemeteries.

Sadie Hatfield, homestead improvement specialist for the Texas Agricultural Extension Service says even though the "white flag" is still vigorously holding its own in the iris world, many new varieties are adapted to the state, especially the Texas panhandle. Here gardeners have experimented with breeding and introducing new varieties to beautify their landscapes.

85 Varieties

In colors ranging from yellow to plum, the list includes 85 recommended varieties of iris which cost from 50 cents to \$1.25 per rhizome or bulb. Winter Carnival, Snow Flurry, Jake, New Snow, and Southern Snow are white iris varieties listed, while Ola Kalá, Golden Spike, Cloth of Gold, and Arcadia Buttercup are varieties in yellow.

For a light yellow, one could select Treasure Island or Pale Primrose. In cream yellow the Misty Gold, Springtime Madonna are better than the Golden Fleece.

Pink varieties include the Pink Cameo, Twilight Sky, Cherie, Pink Sensation, and Pink Formal. These are still in the higher price range. If an orchid pink is desired, Harriet Thoreau, Pink Ruffles and Pink Bountiful varieties are best. For a rose pink blend, select China Maid, Tea Rose, Three Oaks, and Mlogem. The two suggested for a rose color are Lighthouse and Red Amber. For red, the Solid Mahogany, Red Douglas, Ranger and Relentless varieties are best.

Light Blue

For a light blue iris, select the Glorioso, Great Lakes, Helen McGregor of Cahokia varieties. Sierra Blue, Blue Rhythm and Chivalry are medium blue iris, while the Admiral and Danube Wave are darker. Mrs. J. L. Gibson, Nightfall, Sable and Indiana Night are blue-purple, and Indian Hills, Mulberry Rose and Elmohr are purple.

For a pleated, white or yellow ground with dots or markings, select from Tiffany, Firecracker, Fire Dance which have cream reddish markings; Los Angeles or Claribel which are white with blue edge; Blue Shimmer, a heavily dotted blue; Love Affair which is light pink with rose markings; or Marquita, cream with rose-red markings.

Yellow-bronze iris are Buckskin, Old Parchment, Aztec Copper, and Russet Wings. Brown and bronzed are Mexico, Bryce Canyon, and Plum Pretty.

"Don't worry, Stuffy, old boy, I'll have you up and ready to ride again next year!"

Smokers Blamed For Church Fires

AUSTIN — Smokers were blamed today by Acting State Fire Marshal Eugene Sanders for fires that burned five Texas churches last year.

Careless smoking habits ranked third in the causes of 85 major church fires in the state in 1952, Sanders' report said. Defective heating systems were blamed for 18 fires and defective wiring and other misuse of electricity caused another 12.

Lightning started three church fires, the causes of seven were unknown and the rest resulted from miscellaneous causes.

Church fires resulted in an insured fire loss of \$429,907, Sanders reported.

Hairless Bull Will Be Clad In Sheepskin Coat

ROCKY HILL, Conn. — Come winter, Pinky will be a bull in sheep's clothing. Pinky was born without hair, something that happens to one bull out of every 100,000. Experts say he will be hairless for good.

Said its owner, Harry Hayes: "We are planning to have a sheepskin coat made or him for the winter. He certainly can't go out in the cold like that."

Students Issued Last Warning, By Selective Service Director

The state director of Selective Service Friday issued what he termed his "last reminder" to students of draft age about application to take the college draft test on November 19.

"Application to take the test must be postmarked no later than midnight, Monday, November the 22nd," Brigadier General Paul L. Wakefield, the state draft director said. "This is the last reminder we'll give students."

Students were also reminded that they can pick up bulletins of information, application blanks, and envelopes in which to mail them at the office of any Texas draft board.

Eligibility

To be eligible to apply to take the test, the student must (1) intend to request deferment as a student, (2) be satisfactorily pursuing a full-time course of instruction, and (3) not previously have taken it.

General Wakefield said he wished to make it clear that making a satisfactory score on the test does not mean automatic deferment for the student.

It is not mandatory for local boards to defer students, even though they make scores equal or better than those outlined in the criteria of Selective Service regulations.

Purpose of Tests

"Purpose of the tests principally is to furnish scholastic information about individual students," General Wakefield commented. "It is a device to give added information about the individual."

More than 7000 Texas colleges students are currently deferred by draft boards, many of them on the basis of Selective Service test scores.

Students interested in taking the November test were urged by General Wakefield to apply at once.

GI's Are More Popular As They Behave Better

HONG KONG — American soldiers and sailors are more popular these days in British Hong Kong although more numerous than ever. That is because they are behaving better, says the British trade paper Far Eastern Economic Review.

A few months ago, the GI and the gob were popular mainly for the money they spent. Hong Kong was a constant leave port for men serving in Korea, Japan and Okinawa. Too many U. S. service men in second rate cabarets figured in fights, public affronts, quarrels and rudeness.

When the Korean truce was signed, the leave pace stepped up. But the services also stepped up efforts to impress their merit that the conduct of Uncle Sam's fighting men needn't improve.

Musical Groups From Hereford Will Attend Music Federation Convention In Lubbock

Musical groups of Hereford will be represented at the Seventh District, Texas Federation of Music Clubs convention which opens in Lubbock Thursday evening with a dinner for the board of directors and will last through Saturday.

Mrs. H. A. Close, president of the Music Study Club, Mrs. T. W. Roberson, delegate; Mrs. J. D. Neill, district treasurer; Mrs. A. O. Thompson, state auditor and chairman of education; and Miss Mattie Mae Swisher, director of junior festivals and manuscripts, will represent the Music Study Club.

Civic Chorus

Members of the Civic Chorus will be represented on the Fine Arts program Friday evening and junior clubs will take part in entertainment at the Saturday luncheon.

Among those from Hereford will be singers: Sue Nell Sumner, Fa-Wayne Murphy and Nancy Patterson.

Nancy Crawford will represent the Junior Piano Club with Mrs. J. H. Hinds, councilor, also attending. The Junior Etude Club will be represented by Patsy Childers. Representing The Musettes will be Sheila Williams, Nancy Parsons, Betty Jean Noland, Zel Crump and the councilor, Mrs. Ellis Coombes.

If you have a dress, skirt or stole that's trimmed with sequins, take extra care when pressing. Use only a moderately hot iron and work quickly, ironing on the wrong side of the material.

Renewed Rugs

When the pile of a rug has become matted down through pressure, it can be brought back to normal with a hot iron over a damp cloth, after which it should be brushed vigorously. Repeat this process several times if the pressure spots persist.

Scuffed Shoes

When shoes become scuffed and peeled, rub them with the white of an egg. This will paste down the broken pieces, and eliminate that scuffed look.

Rusty Bolt

To loosen a rusty bolt or nut, flush it with kerosene. Allow a few minutes to penetrate, then work on it with your wrench.

Water Spots

Water spots may be easily removed from a washable crepe dress if the inside of the dress hem is rubbed over the spots.

Scratched Silver

To remove scratches from silver, mix enough putty powder with a little olive oil to make a paste. Rub this paste on the silver with a soft cloth. Polish with chamois. The scratches should disappear.

Black Fireplace

If you wish to blacken your fireplace bricks, paint them either with ordinary black writing ink, or a solution made of nigrosine, an aniline dye which is soluble in water.

WEST TEXAS DUE A WET SPELL -- Rainfall in West Texas, below normal for the fourth straight year, should soon show a sharp increase if it follows the pattern established in the past four decades. The above chart is a composite of rainfall records at three key West Texas points—Amarillo, Lubbock and San Angelo. The average annual rainfall is about 20 inches, indicated by the

heavy horizontal line. Rainfall by inches is indicated at the left. While 1953 has a chance to better the 11.64 inches that fell in 1952, last year shown on the graph, it will probably end up far below the 20-inch mark. The four-year drought of 1950 through 1953 is one of the longest periods of sub-normal rainfall in the West Texas area. (Associated Press Graph)

Beauty at Home

By Lynn Carter

Q. How can I give my face a good beauty treatment while taking my tub bath?

A. A very good way while lolling in your tub is first to stroke a lubricating cream into your face and neck. The heat and steam from the water will persuade your skin to drink in the cream.

Q. What is an effective way to remove all traces of dirt from under my fingernails?

A. You can do this by applying a little cuticle remover to the dirt with an orange stick, and after a moment or so, scrub with a nail brush, soap and water.

Q. What treatment should a woman give to her hair after ether has been taken for an operation?

A. To combat the drying effects of the ether, she should give her hair some regular, good-sense scalp aids—massage, and much brushing. She should not have it "permanented" for several months.

Q. What coiffure is best for the girl who wears glasses?

A. The coiffure that gives soft outlines and waves and is full enough to make a frame for the face and for the projecting corners of the glasses is best. A softer effect is obtained if the hair is brought forward to hide at least part of the bows of the glasses.

Q. What is a good beauty "mask" treatment for the hands?

A. Mix two ounces of heated oil of sweet almonds into one-half ounce melted beeswax. After washing the hands well, use a paint brush to spread the mixture in a thin layer over the hands. This mixture should be applied warm and allowed to stay on at least 15 minutes.

Q. How should rather thick lips be rouged?

A. Apply lipstick carefully so that the color is well inside the edges of the lips. People's eyes are thus drawn to the higher-colored areas of the mouth, and the mouth looks smaller than it is.

Q. How can I make a smooth job of applying my cake makeup?

A. Dampen the sponge slightly before applying. Use smooth, even strokes over face and neck, making sure to avoid any sharp line of demarcation.

Q. What kind of exercise will encourage slimmer legs?

A. The stretching kind of exercise. You can do this nicely by pointing the heels in the following way: Sit flat on floor with legs apart and backs of knees close against floor. Then reach forward with the hands and grasp the toes firmly, pulling gently toward you.

Q. When one's nose is too tiny, how should one make up?

A. Powder the tiny nose a shade lighter than the rest of the face, and apply your rouge close to the nose.

Yale has played 69 football games with other colleges from Connecticut and never has been beaten by any of them.

Vic Raschi of the Yankees batted in seven runs in one game against Detroit in 1953—a major league record for pitchers.

The oldest five man team in American Bowling Congress competition was the Citizen's Bank team of Vermillion, S. D. The average age was 69.8.

WITH QUINN AS MEXICAN BANDIT

New Romantic Western Features Robert Taylor And Ava Gardner

Take a ruthless Mexican bandit leader, toss him into the territory around Brownsville right after the Civil War to terrorize the cattlemen, add a young ranch couple and a romantic triangle, and you have the general prescription for "Ride, Vaquero," which will show Sunday, Monday and Tuesday at the Star Theatre.

Taylor As Aide
Anthony Quinn as the Mexican bandit leader has as his aide Robert Taylor, playing the part of an orphaned American who was raised by Quinn's mother.

When newlyweds Howard Keel and Ava Gardner try to establish a large cattle ranch in the area, they become the focal point for bandit raids.

Gun Battle Solution
Taylor is captured, falls in love with the rancher's curvaceous wife, and joins the rancher's forces. Solution to both the romantic dilemma and bandit troubles come with a gun battle, and the newlyweds get a chance to settle down enough to build up their ranch.

Filmed in the best tradition of the romantic westerns, this one should provide enough "blood and thunder" entertainment for western fans, and gives Ava Gardner to improve the scenery as well.

Buddy Rosar holds the record for highest fielding percentage by a catcher in a season. In 117 games for the 1946 Athletics, he made no errors.

Missionary Family Going To Bolivia

Four new missionaries by the name of Lowry are getting ready to go to South America early in 1954. The first two of the quartet were accepted for service by the Board of Missions of the Methodist Church this year: the Rev. David T. Lowry, of Dallas, Texas, and his wife, Mary Sue Hart Lowry, M. D., of the staff of Parkland Hospital, Dallas.

The second two are identical twin sons recently born to the Lowrys at the Hospital where the mother is a resident in pediatrics—Carl Hart Lowry and Paul Ward Lowry. Next year the Lowry Quartet will sail for Bolivia where Mr. Lowry and Dr. Lowry will unite their skills to serve the physical and spiritual needs of the vast neglected Indian population in the hinterland.

Banana-Raising Problems Given More Interest In "Tropic Zone"

"Tropic Zone," an action movie built around the growth and export of a banana plantation, and Ronald da Fleming, as the pretty owner of a banana plantation, and Ronald Reagan as a soldier of fortune who has fled a political feud, Friday and Saturday at the Star Theatre.

For the suburban-haired Miss Fleming, business is in a perilous state because one man owns the only ship which can take her bananas out of the country, and he is refusing to take the bananas as he wants to get a monopoly on the industry.

Magic Petroleum
New sources for oil chemicals have been discovered through petrochemical expansion. New chemicals also are being developed by making them from that magic substance, petroleum. As an example, petrochemical, scarcely was known five years ago, but now is in great demand as a starting point for resins, adhesives and as a stabilizer for insecticides.

Texas Tech Helps Treatment Center For Cerebral Palsy

A co-operative program in speech correction between Texas Tech and the Lubbock Cerebral Palsy Treatment Center has made available to Tech equipment and a training program for speech therapists.

Dr. P. Merville Larson, head of the Tech speech department, announced this week that Tech has joined the treatment center in a program to help children with speech and hearing difficulties. The treatment center, housing much of the latest equipment in working with children with hearing, and speaking hurdles, will

serve as a laboratory for advanced speech therapy students. When organization of the program is completed, the Texas Society for Crippled Children and other organizations may refer persons to Tech to receive clinical training. The society has \$1,500 invested in equipment and in an auditory training room at the center.
