56TH YEAR — NO. 12

DEATH CAR—This is the car in which Mrs. Nora McLallen Dobbs, 23, was fatally injured Tuesday evening in a two-car collision .4 of a mile south of Hereford on Highway 51.

Service Today for Accident Victim

Funeral services will be held at 2:30 p.m. today for Mrs. Nora McLallen Dobbs, 23, of the Frio community, who was fatally injured in a two-car collision near Hereford Tuesday evening.

Scott, First Baptist pastor, will officiate.

Mrs. Dobbs was born July 19, 1933 in Fowler, Colo. She came to Deaf Smith County with her parents, Mr. and Mrs. Sam McLallen, 14 years ago.

Surviving are her husband and parents; a brother, Dan; and a sister Sammie Lu.

Burial will be in West Park Cemetery. Gilliland Funeral Home is in charge of arrangements.

Around Town

Local telephone calls at pay stations in Hereford are going up. After hearing a request from Southwestern Bell Telephone Co. officials on Monday night, the city commission approved a rate increase for the pay phones which will provide a 10 cent rather than a nickel ante.

There is a new entry in the list of candidates for election to the Hereford Rural High School board of trustees. W. H. Andrews, a Frio community farmer, entered the race on Tuesday. Dub Hair, seeking reelection, Ralph Hastings and B. F. Cain are others in the race for the three posts to be contested in the April 6 election.

Three officials of the Hereford Texas Federal Credit Union left Wednesday to attend a meeting of the Texas Credit Union in San Antonio. Mr. and Mrs. Henry Benson and Mrs. Pauline Howard made the trip and are expected back home Monday. Mrs. Benson is the state director of the group. The other two went as delegates.

The Hereford Garden Club will meet Friday at 3 p.m. at Central School. "Everyone is urged to attend," said Mrs. Ralph McCullough.

Hutcheson Brings Campaign Here; Foerster Visits

Thad Hutcheson, Republican candidate for the U. S. Senate, will be in Hereford today at the Jim Hill Hotel ballroom from noon to 3 p.m.

Dutch dinner will be served. Hutcheson will discuss his views with anyone interested, according to Ken Rudd, county Republican chairman.

Another senatorial candidate, C. O. Foerster Jr., of Elma, was in Hereford Monday distributing brochures about himself. Foerster is a Democrat.

Dimmitt Man Is Asking New Trial

A ruling by County Judge H. E. Henslee on a motion for a new trial for James C. Rawlings of Dimmitt is expected the latter part of this week.

Rawlings, who was found guilty of driving while intoxicated by jury trial March 5, is alleging jury misconduct in his motion.

Rawlings was fined \$500 and sentenced to 30 days in jail. It was a first offense case.

Mr. and Mrs. Arlie Dean of Nara Visa, N. M., were in Hereford on Monday and Tuesday looking after ranch interests 20 miles northwest of Hereford.

Annexation Hearing Clouds Future of South Hereford

Differing Views Expressed During City Hall Meet

The prospect that part of the South Hereford area will be annexed by the City of Hereford appeared remote Monday evening at the end of a public hearing in City Hall.

To start the discussion of annexation, Mayor Henry Sears had outlined the reason for the meeting: A number of residents of the area are hard-pressed to maintain private wells and sewage disposal facilities and have asked city officials to annex the area and provide these services. He said the commission is aware that while some home owners want annexation, others do not.

And Sears outlined the city's position: "We have bond money to provide water lines and sewage facilities to a limited number of blocks in South Hereford. But we want the residents to dedicate streets and alleys to the city. We do not have the money to undertake property condemnation in order to provide streets and alleys."

THE MAYOR added that the commission wanted to hear both sides of the question.

In the discussion that followed, a majority of the South Hereford residents present said they would favor annexation. And near the close of the meeting, a hand count — for and against annexation — showed that 17 of 25 residents voting favored annexation.

Thirty persons attended the hearing, but the commission's outlining of the area to be considered for annexation apparently ruled out a number of potential voters. And individual commissioners noted that not all of the area's residents who have expressed opposition to annexation were present.

AT LEAST two property owners said they would be unable to dedicate alleys to the city without receiving compensation. The location of houses and outbuildings was cited as a deterrent to the voluntary dedication requested by the commissioners.

Ownership and possession of livestock and poultry, a not uncommon practice in South Hereford, was outlined as another objection.

1,000 Fans See Amateur Boxers

Amateur boxing received a rousing welcome back to Hereford Monday night as 25 bouts were staged before more than 1,000 noisy fans at the Bull Barn.

Boxers from Hereford, Pampa, Floydada, Amarillo, and Plainview swapped leather in the first fights held here in more than 18 years. The program was sponsored by the Hereford Athletic club, and the Hereford boxing team was host.

HEREFORD FIGHTERS scored seven wins in 19 bouts. The boxers ranged in size from 70 pounds to 200 pounds. Ring skill varied in similar amounts.

Two technical knockouts highlighted the program, both coming toward the end of the evening. All the other fights were won by decisions.

Each winner received a bronze cup and Kenny Powell, a 98-pound slugger from Pampa won the sportsmanship trophy.

Gene Waits, 175, of Hereford, registered the first TKO of the night. He floored his opponent, Gerry Froya, also of Hereford, in the third round.

WAITS STUNNED Froya with a right to the head and Froya went down but was up at the count of eight. The methodical Waits moved in again, clubbing Froya several times with rights, and Froya crumpled. The referee stopped the fight, not counting Froya out.

Tom Richards, a hulking 200-pounder from Pampa used superior skill and hard punches to topple Keith Hodges of Hereford in the next to last fight. Hodges

City Budget Is Adopted Monday After Hearing

A \$401,000 budget for the fiscal year beginning May 1 was approved by unanimous vote of the three city commissioners attending Monday night's regular session and public budget hearing at City Hall. Although it is the largest budget ever adopted for the City of Hereford, it provides for property tax reduction of almost eight per cent.

Three new city services are provided for in the budget, including operation of the nine-hole golf course, a city recreation department with a full-time director, and operation of the proposed \$500,000 airport.

Other budget increases for various city facilities will provide routine raises in salaries for some city employees, purchase of a new fire truck and other fire fighting equipment.

Persons not members of the city commission who attended the hearing included Earnest Lansley, city attorney; Dudley

Funeral Rites for Pioneer Woman, Mrs. Mae Hudson

Funeral services for Mrs. Mae Hudson, 85, one of Deaf Smith County's pioneers, will be held at 10 a.m. today in the First Methodist Church.

Mrs. Hudson died Tuesday night in the home of a daughter, Mrs. Forrest Minton, 601 Grand.

The Rev. Alby Cockrell and the Rev. Eugene Naugle will officiate at the services. Burial will be in West Park Cemetery under direction of Gilliland Funeral Home.

Mrs. Hudson came to Deaf Smith County in 1907 from Crockett. She was born May 22, 1871 in Rockmart, Ga. She came to Texas in 1900 and married the late E. J. Hudson July 22, 1905 at Crockett.

Survivors include Mrs. Minton, another daughter, Mrs. Eleanor Hudspeth, 405 W. 3rd, Hereford; a sister, Mrs. T. P. Clements of Rockmart, two nephews, four grandchildren and two great-grandchildren.

Trustees Continue School Building Needs Program

After formally accepting a citizens' committee report on school building needs during a special session Tuesday evening, school trustees took another step toward offering voters a definite proposal for expansion of the Hereford Rural High School facilities.

Principal provisions of the committee report, prepared during a three month study period by 19 citizens, call for constructing 12 additional classrooms at the high school, planning a change to a three year high school about 1961, and a change in the school district's financial structure through adoption of Senate Bill 116.

Additional study of the physical education facilities was also indicated as needed, and the need of a cafeteria to serve both high school and junior high students was cited.

TO PUT the general recommendations into concrete form, the trustees directed the school administration to appoint faculty members and a group of students to work with members of the school board and a new group of students in preparing specific plans for consideration at the next regular board meeting on April 9.

The board members expressed particular interest in adopting less expensive construction methods than are used in the high school building for construction of any additional physical education and cafeteria facilities. (Continued on Page 2)

GOOD NEWS FOR JOHNNIE—"Best news since the accident," exclaimed Johnnie Haney, 200 Grand, as he and his wife accepted a \$2,543.12 check Monday from Mrs. Dyalitha Benson, manager of the Hereford Texas Federal Credit Union. The check resulted from permanent disability insurance, carried through the union on a new car loan in force on June 23, 1955, the day a butane tank explosion

shattered his legs. Johnnie twice this year had bad news: First, that complete recovery from his injuries appeared impossible, and then, his \$25 weekly disability pay checks stopped coming when the ICT Insurance Co. went bankrupt. He now operates an appliance and gun repair shop in his garage. Mrs. Haney works as a telephone operator. (Staff Photo)

\$100 and 30 Days Is Sentence on DWI Charge

J. L. Green, 39, of Hereford was found guilty of driving while intoxicated, second offense, by a 68th District Court jury Monday afternoon.

Green was fined \$100 and sentenced to 30 days in county jail.

Members of the jury, selected from a panel of 60, were Everett McIntosh, J. C. Morrison, Lester English, Jack Brown, Robert W. Lemons, Anthony J. Hoffman, Lester Simms, Harvey Dook, Mrs. E. A. Wright, Clarence Betzen, M. G. Duvall and S. F. Clements.

The jury is to report to the district court room at 10 a.m. today for a scheduled civil case.

TURNERS VISIT HERE

Visitors in the Jack Hudson home, 209 Catalpa, recently were Mr. and Mrs. Joe Turner and family of Dalhart.

SOAKING RAIN OVER COUNTY

Steady, soaking rain dampened most of Deaf Smith County Wednesday, the second moisture to fall this month.

At 3 p.m., downtown Hereford had registered 1.12 inches of moisture and rain was falling again.

Amounts varied over the county, but all points reported moisture. Mrs. Dan Thompson, who lives six miles north and one mile west of Hereford, measured .60 of an inch at 10 a.m. Wednesday.

"It's soaking wet out here," said Mrs. T. W. Perrin, 45 miles northwest of Hereford. Mrs. Perrin reported .30 and said rain was still coming down hard and had been since 1:30 a.m.

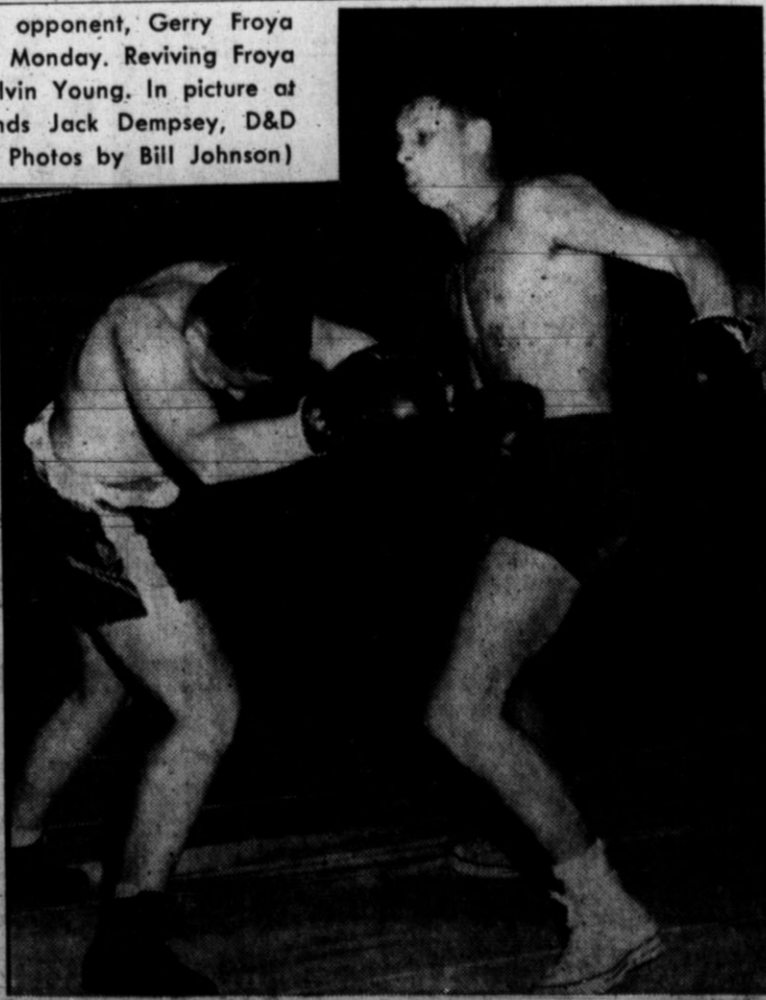

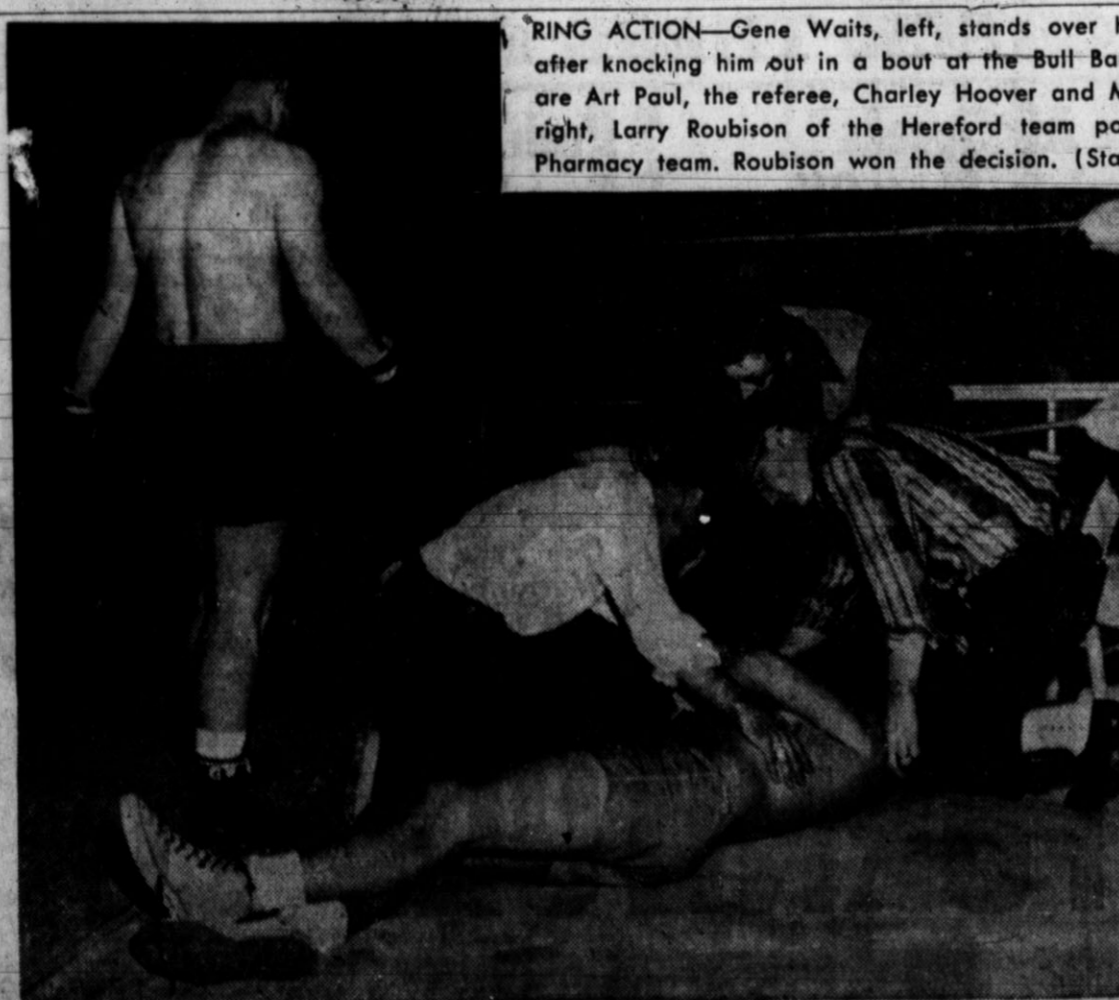

Mrs. Ira Ott, in the southeast corner of the county reported .60 and more falling. J. C. Clearman, 3 1/2 miles south of Summerfield had not measured

the rainfall on his place but said it had been raining steadily since early morning.

Samie West, who lives 12 miles north and three miles west of Hereford, estimated half an inch on his farm.

G. A. Childress, two miles south of the Ford road in the northeast section of the county, estimated .75.

RING ACTION—Gene Waits, left, stands over his opponent, Gerry Froya after knocking him out in a bout at the Bull Barn Monday. tossle. Vaughn swarmed all over the ring-wise Ramirez, but the Amarillo fighter landed repeatedly with stiff jabs and hooks to take the decision which was booed by the partisan audience.

**CLYDE WHITAKER**, in the ring for the first time, used a looping overhand right to defeat Billy Stewart, 130, of D&D Pharmacy, Amarillo. Whitaker knocked Stewart

down in the first round, and once knocked his foe's mouthpiece into the third row of ringside seats. Whitaker, winding up like a baseball pitcher, landed frequently with his right hand.

Blood flowed immediately in Jeff Gomez' toe-toe slugging match with Frank Potts of Floydada. Both boys had bloody noses shortly after the opening bell. Potts took the bout.

Dean Webb of Amarillo and Art Paul of Tulla alternated as referees and both served as judges. Johnny Hernandez, former Golden Glover, was the third judge.

Les Kilgore of Amarillo handled the public address system.

**EACH ROUND** was one minute long, with a one minute rest period between rounds.

The fights were the first local promotion on the part of the Hereford Athletic club. No other fights are planned for this spring.

jection to annexation. Possession of livestock within the city is prohibited by ordinance.

Residents of the area agreed, however, at the meeting's close, to circulate petitions in their respective blocks to determine the desires of their neighbors. City attorney Earnest Langley said that the petitions should be simply worded, designating the block and stating that the signers wish to be in the city and are willing to dedicate streets and alleys.

Mayor Sears said that with just \$100,000 available for laying water lines, a sewage lift station and sewer lines, a six to eight block area could be considered for annexation by the city.

**THE BLOCKS** would have to be in the area just southeast of the S. Main St. - Austin Rd. "Y" and would include the area extending from the present city limits along Main to the "Y." There would probably be no provision for leaving blocks out of a designated area, due to the complications this would present in the laying of service facilities.

The mayor emphasized that while the city officials feel obligated to offer annexation and the city services it would afford to South Hereford residents, the city commission definitely is not forcing annexation.

He declared that the taxes, water and sewer revenue from the area would certainly represent more of a liability than an asset to Hereford and estimated that revenue from the area would not equal the expenses incurred for a period of 15 to 20 years.

Answering detailed questions took up much of the time devoted to the hearing.

### THAD SAYS . . .

"I see where the Texas Commissioner of Agriculture (who is campaigning on the voter's time when he should be on the job in Austin) is against the President's program for drought relief. He says that the great state of Texas' finances are not geared for greater aid now and the legislature must have more time to plan for future participation." It seems to me that if this man had been doing his job properly the years he has been in Austin, an effective drought relief program would now be in effect and our farming and ranching populations would not be in such a desperate condition as they are today.

"I ask your support in the April 2nd Senate election. Farmers and ranchers need immediate emergency relief through State and Federal partnership and long range, government backed, low interest credit. Thad Hutcheson will work for you on these programs."

By Jimmie Gilentine  
 Police have had the "daylight burglar" in jail for more than a week, but results of his escapades continue to crop up from time to time. Mrs. Ace Martin, 404 East Main Street, lost around \$25 when the fellow entered the Martin home during her absence. She learned her lesson, though, and started locking the house each and every time she left. Tuesday just before noon she returned home and everything was fine — except she couldn't find her house key. After some little confusion throughout the neighborhood she managed to gain entry and, up to this point, is still unable to decide just what is the best policy.

Enforcement of regulations on motor scooters is one of the best things the City of Hereford has done in a long time in my opinion. I have this conviction after barely missing a youngster who made an unexpected left turn in the middle of the block just west of Fairley School. These sub-teen kids seldom have the judgment of more mature drivers and I am firmly convinced that the regulations are going to prevent several accidents and maybe a life or two. In addition, it takes the heat out of the parents who do not want their children manipulating scooters until they become of age to qualify for drivers licenses. It's pretty rough to deny a boy the right to have an argon or a scooter when all younger children in his crowd are sporting them. Where one youth might be an exception to the rule, there are ma-

ny others who would not handle the vehicles properly. I know of several people who won't agree, but I think the City police and the City Commission deserve a pat on the back and a word of encouragement for their stand.

Conversation Tuesday centered around the boxing matches Monday night. From the spectator standpoint they were a huge success. It was also surprising how the "carriage trade" turned out for the bouts. I haven't seen anyone who didn't enjoy them to the fullest extent.

Hub Homer, according to Pick Harman, Gaylord Newell and Monk Johnson, was unquestionably the poorest judge of winners. Frank Cyles and I ran him a close second, though. We went through seven matches before we ever picked one that agreed with the decision of the judges.

Duke Nally, the Amarillo Gold on Gloves man, seemed most amazed of all about the Hereford exhibition. He kept wandering a round murmuring: "I don't believe it. I just don't believe it." The thing that got Duke was the crowd, of around 750 people who turned out for the fights.

Duke said that they recently sponsored a similar exhibition in the San Jacinto center and had a turnout of only 37 spectators. He was also surprised and highly elated to find that three civic clubs were working together on a joint project for mutual community benefit. "This is the way it should be," said Nally. He is right, too. Everyone owes the Kiwanis, Optimist and Rotary Clubs a vote of thanks.

It takes a lot of people to put a deal like this over, but special thanks are due Rev. Les Jones and Melvin Young. These two fellows acted as seconds in some 20 or more matches — and probably got more exercise than any of the boys during the evening. Both were a lot slower getting into the ring toward the last of the bouts than at first. You might even say that their bounding leaps had turned into slow motion.

Commissioner Charley Sowell can take about as much kidding as any fellow I ever saw. When you get to pouring it on Charley always comes up with that slow grin of his — and generally leaves everyone laughing.

The latest and newest thing around town is a bonafide corporation entitled, "Hereford Speculators, Inc." There are 25 members who are starting out with assets of \$5,000 in money and will maintain an income of \$500 (\$20 each member) each month. Different members of the group will serve as an investment committee from month to month and, at the end of two years, they will have a meeting and dissolve the corporation, dividing up the proceeds — if any. This has been done in several other places with success. The corporation generally shows a good profit, too. Just what they will do with the members don't know. The best answer, they say, is "it all depends on what shows up."

I was wrong again. J. F. Martin and Bill Yarbro got that boat out without a hitch. Everything went just like they had it figured out on paper. I still can't believe it, but they sure did the job.

### Rotarians Select Officers for Year

New officers for the Hereford Rotary Club were named during the group's regular meeting Monday noon at the Jim Hill Hotel. Officer candidates selected by a nominating committee were elected by acclamation. Henry Benson, retiring president, will be succeeded by Melvin Young, vice president of the club for the past year. Francis Hardwick will succeed Young as vice president, and Leo Forrest will replace Lloyd Widdifield as secretary. Gerald McCaskill will serve a second term as club treasurer. Kenneth Coker and John Sims were named to the board of directors.

### Letters To The Editor

Dear Sir:  
 We wish to compliment the Hereford Brand on its very fine picture of Miss Ella Marie Williams. It was of special value due to the doubts of a few of our fellow students as to whether or not Hereford really had any cute girls. Needless to say, this convinced them that their doubts were groundless.

Many American firms are locating in Cuba, due to tax advantages these days, and it is creating somewhat of a problem, according to Cuba's Gov. Luis Munoz Marin. The big companies, many of which produce wearing apparel, are hiring thousands of Cuban women, but only few of the men. As a result, the men are tending the children, washing the dishes and bringing lunch pails to their wives at the factories at noon. The men complain bitterly that the women are taking over the country which, heretofore, was a man's world all of the way — despite the fact that there were no jobs. Some officials even fear a revolt. All in all, it is quite a unique problem, and it is far from being settled.

Frank Daniel is a stickler for details. He says there is no such thing as a "baked fried pie." I guess he is right, but they sure do taste good. Especially the apricot kind.

They tell the following story on a certain Hereford swain who, I predict, is going places. This young man, although he seldom travels by plane, each month or so goes to the Amarillo airport and feeds 10 or 15 quarters into one of those machines which automatically issue flight insurance. "It sounds a little screwy," but the kid says it is a real good investment. He mails one of the \$5,000 policies to each of his girl friends, naming her as beneficiary. What's more, says he:

"You'd be surprised how well I make out with these gals later on when I take them out on dates."

ABOUT THE WEATHER — Being a modest, retiring sort of fellow, I won't even bring up the subject.

PONCA CITY, Okla. (AP) — A Ponca City housewife scraped the bottom of the flour canister to get enough for a recipe and found a dollar bill.  
 The next day, she called the grocer, all excited about the flour company putting dollar bills in the flour sacks, and she ordered some more of the same brand.

 "I'm drunk — lock me up," the man demanded.  
 He was. Morris did.

# FACES AND FOOD AT LIONS' PANCAKE SUPPER

LIONS' CHIEF COOK—Dub Reeves, once an Army mess sergeant, serves as chief cook for the Lions Club's pancake supper. Operator of a clothing store and immediate past president of the club, he is still skilled at the art of using griddle and oven and can deftly flip cakes from the stove to the plate.

HOT OFF THE GRIDDLE—Serving 1,176 persons at the third annual Lions Club pancake supper was done with a minimum of waiting in line—just enough to whet the appetite—and Mrs. Earl Springer appeared pleased with the pancakes

placed on her plate by Jiggs Elstun, Jim Hill Hotel chef, who aided civic club members in the kitchen and on the serving line. Dub Reeves, at left, supervises the operation.

PROOF IN THE TASTING—A satisfied customer, County Clerk Ralph Smith, went after the pancakes and sausages with enthusiasm.

## 3 H. D. Clubs Study Canning, Freezing

The next meeting will be a quarterly luncheon, March 26 at the home of Mrs. Wes Bradley, 404 W. 3rd.

**Westway.** Members of the Westway H. D. Club heard a program on freezing and canning fruits and vegetables at a meeting held March 14 in the home of Mrs. Harold Rudd.

Mrs. G. C. Merritt and Mrs. R. L. Wilson had charge of the program. Mrs. Merritt gave a number of pointers on freezing vegetables, and Mrs. Wilson told about fruit. A round-table discussion was held.

Mrs. Paul Rudd gave a report on the upholstery workshop held last week. Mrs. T. B. Thomas had a white elephant exchange after

**CAE WASHING CURTAILED.** BERLIN, Conn. (AP)—Police today banned the practice of washing automobiles in brooks in outlying sections of this city.

The practice was started some time ago when car washing was curtailed because of a water shortage in nearby New Britain.

In addition to polluting the streams, police say, the brookside car washers are cluttering the stream banks with unsightly debris.

the meeting adjourned. Mrs. Herbert Owen was a visitor.

Members present were Mesdames Ken Rudd, G. C. Merritt, R. L. Wilson, T. B. Thomas, J. B. Odom, Charles Owen, C. A. Saulcy, B. B. Northcutt, Roy Neaves, Joe Landers, Earnest Flood, Paul Rudd, George Turrentine, Morris Easley, Waldron Melton and the hosts.

**Messenger.** The Messenger H. D. Club studied clothing and pressing at a recent meeting held in the home of Mrs. N. A. Brown.

Mrs. Brown also gave the program. She showed the group how to press a seam. She demonstrated five pieces of pressing equipment.

Club members voted to sell Christmas cards as a fund-raising project.

Mesdames Floy Brown, Ernest Brown, Bruce Coleman, and W. D. Howard will take a sewing course in Hereford and teach other members of the club.

Mrs. Ruth Coleman won a floating prize. Mrs. Elmer Northcutt was elected as council alternated delegate.

Members present were Mesdames Elmer Northcutt, Ernest Brown, Floy Brown, Ruth Coleman, S. N. Thewatt, Bruce Coleman, Bob Howard, W. D. Howard, and J. E. Rouse.

Next meeting will be held Friday at the home of Mrs. Elmer Northcutt.

BEHIND THE SCENES—Jiggs Elstun paused while on a trip to the ovens for a new supply of sausage for the pancake serving line to exclaim, "Sure they're hot!"

SOCIAL OCCASION—Napkins came in handy after the pancakes were gone. Mrs. Jim Bob Allison used one to remove the "sticky" as she and Mrs. Bill Lawrence chatted with a friend across the table, Robert Veigel, left, and Jim Bob Allison were engrossed in a story with gestures—related by Veigel. ### SOIL CONSERVATION NEWS

## Plans Planting a Section In Grama, Buffalo Grass

By MAX K. SCHRADER

Grass planting under the conservation reserve program is now getting underway. George Gable is having nearly a section of cropland planted to blue grama and buffalo grass. Charles Hoover is doing the planting for George. Charles has purchased grass seedling equipment and plans to do custom work as time permits.

Gable's land had been planted to maize last year. One timely rain and he would have likely made a crop. As it turned out the crop made only enough growth to provide him with a fair cover.

George felt he would gain a year by planting in his present cover. He realized that replanting in an effort to obtain better cover might result in even poorer results this year. Our weather the next few years is going to govern the amount of grass seed planted in the dryland part of the district.

WE'VE ALL heard a great deal about sorghum alnum grass. It has been grown for seed production in the Texas Panhandle for several years. Most of this production has been on irrigated land.

Until recently information regarding this grass has been largely lacking. We understand that several Oklahoma and Texas experiment stations have experienced different results in their experimental trials.

### LOST HIS BUCKS

McALESTER, Okla. (AP)—Robert Stevenson, a deer hunter from Shawnee, Okla., was red faced because he forgot his red shirt. Game Ranger Marion Geter arrested Stevenson for being without the Oklahoma required hunting color. He was fined \$10.

At Stillwater it appears to have been frozen out. Its yields were also lower than that found at the Texas stations. They point out that the seed of Johnson grass and sorghum alnum are nearly identical and that the two plants will cross very readily.

The conflicting reports from different experiment stations and growers tend to make me feel that they reflect the adaptability of the grass to different soils and climatic conditions. We understand that it has been grown successfully on dryland and that it does not need to be planted in a cover crop. We do know that at Wellington and Vernon it did very well. It has proven itself to be a good forage producer in many localities around here.

IT USUALLY takes a good many years to find out just how well a crop will do in different localities. We'll never know until a good many farmers and ranchers give it a try. It is supposed to be very palatable and readily eaten by stock. How it will withstand grazing over a period of several years can't be answered at the present.

We hope to see many of the farmers planting it this year. We suggest regular width rows for old cropland. You may want to cultivate it a couple of times the first few years.

## Recipe Given for Sausage Casserole

By ARGEN DRAPER

Mrs. O. A. Southern gave me the recipe for sausage casserole. I had heard many compliments on this dish from people who had eaten it. It was real good. It is made by putting cooked sausage cakes in the bottom of a casserole, adding a can of whole kernel corn. Pour one can of tomato soup over this and cover the top with slices of American cheese. Bake at 350 degrees for 25 minutes.

Several have asked for a recipe for sausage seasoning. If you are interested in this, call or write the office.

At the Dawn Club last week to celebrate National Music Week, a quintet sang a composition by Houston Bright. He had written the words and music. Those helping with the song were Arliss Stewart, Glenn Tooley, Shirley Poland, Jessamine Galley and Shirley Alston.

The nominees for the outstanding club woman of the year will be presented at council on March 25. We hope that all the nominees will

be able to attend. This has been changed from the original plan as we had planned to have the nominees in the April Council.

The club women are really busy this month. For club programs the clothing demonstrator is giving a demonstration on "Pressing Equipment." The other club program is on food production "Getting Ready To Start Gardening." They are emphasizing varieties of vegetables for canning and freezing.

The upholstery workshops continue. The Dawn workshop is being held this week and next.

The upholstery demonstration which was held in the Ford Community House on Friday was attended by nine people. This was the only meeting that was a demonstration rather than a workshop.

You should make an effort to see the Ford community house. It is really a very beautiful building. The community will have a get-together sometime soon and you should make every effort to go and see what a nice building they have.

The vegetable farmers surely could use some pretty days for the onion setting and for the potato planting that began Monday. Some farmers are planting spuds already. The wind and dust Wednesday and Wednesday night made outdoor activity disagreeable.

Mrs. Merlin Kaul was among the teachers attending the meeting in Amarillo recently.

The Abraham Dragers got a thrill on Wednesday night. Their son, George, had returned to the states and called his family from California. Wednesday was his birthday and will be long remembered. The Dragers will meet him in Clovis Friday morning when he will start his furlough.

**YOUNG MODERNS**

**Girl Must Work Hard for Success**

By VIVIAN BROWN  
AP Newsfeatures  
"Why can't I be popular?" That is the anguished cry of many a student, tired of being "left out of things."  
If only someone would invent a popularity capsule that eager types could take to insure their social success in a jiffy. But it doesn't work that way. It's hard work that requires stick-to-itiveness to the project at hand. You just can't dream yourself to popularity, if it doesn't come naturally.  
How to go about it?  
**ONE WAY** is to be analytical to discover why you are not the little magnet another is in coralling friends. Study the most popular girl you know to discover how she wins friends. (a) Do people gravitate to her naturally or (b) does she make a real effort to win them over.  
How does she hold her friends. Is she witty? Kind? Brilliant? Sympathetic?  
Is her attractiveness due to material things? Clothes? A big allowance? Sporty car? Important friends?  
**HOW DO** you stack up against her as a type? You may find out you have nothing in common. But you may find the key to your own personality in the process. It is

little things that contribute to popularity. Put a number of them together and there you have it. Here are some pointers suggested by other girls who find they really work if you'll just give yourself a chance:  
1. Be a cheerful earful. Put on your brightest face in adversity. Avoid a dour countenance, a whiny manner that announces you "haven't a real friend in the world."  
2. Consideration helps. Don't be available just when someone asks you to help. Go out of your way to lend a hand to others (a new classmate may be won over at once, merely by offering to assist her.)  
3. You may scare your would-be friends away. Include others around you "in" on small conversation. Whispered chatter frequently makes others suspect that you prefer to be aloof.  
4. Play up your best point. And make 'em laugh, entertain at the piano or harp or just be a jolly good audience without putting hero worship into your eyes.  
5. Get your own dates. Don't depend on other girls to get you dates and don't get a "boyfriend snatcher" reputation. That will ruin you with other girls.  
6. Be a busy type. Avoid that "moping appearance that shivers for a kind word. Look interested in life, even if some days seem darker than others.  
7. Snob technique doesn't work in choosing friends. Many a girl has learned to her sorrow the girl she singled out to snub becomes the most popular girl in the entire crowd.

### FRIENDLY PERSUASION

MILWAUKEE, Wis. — Hotels and motels apparently can get along with each other, after all.

At least that's the impression given by several delegates to the annual convention of the Wisconsin State Hotel Assn. here.

"If you mentioned motels at a hotel convention five years ago, you would have been thrown out, one hotel man said. 'But there's an excellent relationship between us today, when the motels are in they've been sending us their business, and vice versa. We accept calls from all neighboring motels and they accept ours.'"

### EXTRA WORK

DECATUR, Ill. — The Board of Local Improvements of the City Council was presented with a bill for \$3,020 for downtown street lighting by a local contractor.

The \$20 was for excavating in Central Park.

## Household Tips

Blend butter or margarine with brown sugar and cinnamon and use as a spread for toast. Nice for an after-school snack.

Add dry mustard and paprika to the butter or margarine (melted) with which you are basting broiled chicken. Good flavor and color!

Heat leftover cooked carrots with butter and a little sugar.

Ever serve canned figs and fresh orange segments together for a fruit compote? For company, top with whipped cream.

Nutritious and delicious: Apple-sauce or baked apple served with vanilla ice cream.

Add a bay leaf, a few whole cloves and whole allspice, celery leaves and thin carrot slices to the water in which you are cooking shrimp. Save the cooking liquid, after you've drained the shrimp; strain it and use as the base for a delicious shrimp bisque.

Good topping for an open sandwich: grated cheddar cheese mixed with a little mayonnaise; diced canned pimiento and chopped walnuts. Serve as is or broil.

Nice for an appetizer: drained Brisling sardines sprinkled with lemon juice and grated Parmesan cheese and broiled. Serve on toast.

Ever cut large oranges in half and serve, like grapefruit, for breakfast? To be eaten with a teaspoon! Be sure to cut the fruit away from the dividing membranes.

Try cooking your scrambled eggs over very low heat and stirring only as eggs set if you want a delightfully creamy dish.

Be sure to add paper-thin slices of orange or lemon when you are cooking prunes. The citrus gives just-right flavor.

For a really good-tasting plain muffin, use four tablespoons each of butter (or margarine) and sugar for two cups of flour.

Cooked rice, to be served with meat or fish, will look attractive and taste good if you fold a little finely grated raw carrot and minced parsley into it.

Unexpected company? Heat a

can of pears in their syrup, then drain. Sprinkle cavities of pears with grated orange rind and surround with chocolate sauce. The three flavors favor one another.

Friday special: hot corn sticks served with fish (broiled or cooked in butter or margarine in a skillet).

Preserve the flavor of shelled nutmeats by keeping them in a tightly-covered jar in the refrigerator.

Green lima beans (fresh or frozen) are a good source of vitamin C (ascorbic acid).

A little fresh lemon or lime juice perks up bottled apple juice.

Dice syrup-preserved ginger and sprinkle it over orange or lemon sherbet, but remember a little ginger goes a long way.

If you have ripe bananas on hand that are not firm enough for a salad or fruit cup, mash and blend them with vanilla or chocolate pudding for a flavorful dessert.

Syrupy juices left over from draining canned fruit are often suggested—as a base for ham. But have you used them with pork chops and spare ribs?

Grilling a frankfurter for a quick lunch? Melt a slice of cheddar cheese over the top of it for a flavor change.

Want a fish sauce with zip to it? Add capers or pimientos to white sauce and serve over fish—so's pretty, too.

Cold leftover snap beans — spiced with a few pieces of crumbled crisply cooked bacon and some pickle relish — make a tasty salad; serve with French dressing.

Putting chocolate frosting on a chocolate cake? For a variation on this classic treat, stir a dash of mint flavoring into the frosting.

Tomato sauce, with meat added, is delicious on spaghetti; but don't forget that tuna fish, minced canned clams or anchovies may substitute for the meat for flavor changes.

Bottles of champagne and other wines are stored on their sides to keep the corks from drying out.

**COSTLY GIRL-WATCHING**  
ELGIN, Ill. (AP)—Girl-watching sometimes can be costly. Jacobon Rodriguez lost control of

his car when he took his eyes off the road to look at two girls he was passing. The vehicle went over the curb, traveled up the bank for 94 feet, then continued on its side for 205 feet before it hit a tree.

His car was demolished, and he went to the hospital with a back injury.

CLARKSVILLE, Ark. (AP)—John Dean, 32, was fined \$166 after pleading guilty to killing a deer out of season.  
Dean's home is at Deer, Ark.

**Robert Davis Is Pledging Club**

Robert Davis, son of Mrs. Gladys Davis of 113 Ave. E, has been invited to pledge a social club at McMurry College, Abilene.

Davis is pledging Ko Sari, men's social club at the Methodist College.

He is among the more than 100 McMurry students who received invitations to pledge the nine clubs for men and women during the current spring semester.

Purpose of these clubs, according to Dean Joe C. Humphrey, is "to promote social and cultural growth among their members, and to boost school spirit among McMurry students."

A 1956 graduate of Hereford High School, Davis was a member of the debate team, band, and boys' choir.

**WOMAN'S PEROGATIVE**  
WACO, Tex. (AP)—Officers Sam Aday and C. M. Watson were rather startled when they investigated an upside down car at an intersection. A woman crawled out and began pointing her finger at them. "I was driving the car," she said indignantly. "This is my prerogative to turn it over where and when I pleased."

She was jailed on a charge of drunkenness.

**REAL HUNGRY**  
CARLISLE, Ky. (AP)—When the thieves broke into Parks School, they took everything edible in sight except a turkey. The next day the big Tom was cooked for the children's lunch. That night the same thieves returned and made off with the bird.

At McMurry he is an officer of the Chanters, mixed choral group.

**WHEAT AND SMALL GRAINS NEED NITROGEN!**

For the nitrogen your crops need, apply Phillips 66 Ammonium Nitrate. The nitrogen and other plant foods removed by last year's crops must be replenished to maintain higher yields and profits per acre. Wheat and other small grains respond quickly to nitrogen to help stimulate early growth . . . produce and support bigger heads per plant and more plants per acre.

For fall-seeded small grains, apply nitrogen this spring before plants reach the jointing stage. For spring-seeded small grains, apply nitrogen before seeding or as a top dressing early in the season.

This one's had them rubbing their eyes ever since it landed smack in the middle of the "low-price" field! It's pricing a big 122-inch wheelbase right down with cars from four to seven inches shorter! It's adding a big bonus of extra road-hugging lift—and powering it with an all-new 347 cu. in., 10 to 1 compression ratio Strato-Strak V-8 for highest horsepower per pound in the field! A lot of might and muscle for sure—but it's gentled, like nothing else on the road by Pontiac's exclusive Level-Line Ride and Precision-Touch Controls. And remember—the Chieftain's standards of luxury and quality were set by the same men who gave America the incomparable Custom Star Chief Catalinas. # "Why Me?"

"What did I do to deserve this?"

Often adversity is a blessing in disguise. Enforced idleness has led many men to think . . . to face the future with an honest appraisal of their past accomplishments.

From that appraisal has come purpose, desire and dedication to worth-while accomplishments.

It is important to realize that the calamity of today may prove to be, in the light of tomorrow, the flame that tempered the metal.

Opportunity wears many disguises and God knows truth is best recognized when misfortune forces humility.

She told of the various types and colors and distributed leaflets of the care and culture of the flower.

## The Handicapped Child Discussed for Calliopians

Calliopian Club met Thursday evening in the Friendship Room at the Hereford State Bank with Mrs. L. B. Russell serving as hostess.

Mrs. J. T. Gilbreath Jr., program leader, introduced the guest speaker, Mrs. Leroy Aven, who spoke on "Special Education in Public Schools."

The speaker cited the great change in the care and education of the handicapped child which has progressed from that of complete intolerance to the present day view that the handicapped child has the same needs and desires as the normal child.

She pointed out that through special education it has been determined that in most cases the handicapped child has the ability to adjust to his handicap, and to become economically independent.

In conclusion she told of individual cases where handicapped children have been known to excel.

## INSTALLMENT TAXES

SAULT STE. MARIE, Mich. (AP)—A Pay-as-you-go installment plan for school taxation has been proposed by the Soo's school superintendent.

Hugh H. Holloway says his plan would "take the pain out of supporting schools." The present system of paying the year's bill in December is "outmoded and not the least in style," he says.

The USS Saratoga can change her position as much as 600 miles in one day.
