

Building Permits Set Record

A building boom that was not supposed to continue through the year showed the estimated value of new construction within the city for 1963 to a new, all-time record mark. This is the second consecutive year in which building permits have established records.

The previous record high for building permits was set in 1962. However, the new record mark, bettered the 1962 high by approximately \$1.7 million as total permits issued reached \$4,379,730.

A building boom in new housing began in the city during the latter part of 1962 and contributed to a record year for the city.

However, it was predicted that the boom in new housing would slow to a stop in 1963. However, construction for the year gained momentum as Holly Sugar Corp. announced plans to build a \$21 million sugar refinery southwest of the city.

With the exception of the past two years, the previous record mark set in Hereford was established in 1955 with total permits valued at \$2,028,095. Construction of new homes within the city also contributed to this record mark.

For the record a year ago, four institutional projects valued at more than a million dollars total accounted for almost half

of the total permits issued. However, the record mark for 1963 has come as one new subdivision after another has been opened to builders.

During the year 144 permits have been issued for the construction of residences, 17 for construction of duplexes, and 10 for apartments.

A year ago, total number of permits written reached 144 while 132 permits were written in both 1960 and 1961.

After a slow start in January, building in Hereford climbed to a pace resulting in the record construction figure for the city. During the period, according to Dudley Bayne, nine sub-divi-

sions were annexed into the city increasing the area of Hereford by 183.5 acres. He added that he only year with a greater amount of area increase was 1955 when 301 acres were annexed.

Of the 1955 total, for that year, he pointed out, only 75 acres was for residential growth within the city. The remainder — 207 acres — was commercial property along the Santa Fe tracks.

The increased growth of the city reflected by the added number of new residential and apartment units has also increased the city's water lines by 34,500 feet, he noted.

In order to take care of the

increased growth of the city, Bayne continued, sewer lines have been lengthened by approximately 42,000 feet.

Commenting on the outlook concerning building for coming year, the city manager said: "We will easily top \$4 million during 1964 and we anticipate that 300 new homes will be built within the city."

He noted that commercial and business construction usually lags a year or two behind residential expansion. Whether or not commercial construction begins to boom during 1964 will be the major factor as far as total building permits are concerned.

"If commercial building fol-

lows the pattern permits for this year should top \$6 million," he predicted.

While construction in Hereford showed a drop during January following the record year 1962, building for the first quarter of last year topped \$800,000 for the first quarter.

During February building activity within the city doubled as approximately \$119,000 worth of permits were issued. March, however, was the biggest month of the year as \$648,000 in permits were issued.

In April of last year, permits dropped but just slightly below a \$300,000 figure. Total estimat-

ed value of building again passed the \$600,000 mark in May as permits were issued for construction of 27 new homes, three duplex apartments and a \$65,000 apartment building.

As the quarter closed, construction in June dropped to a total of \$155,000, the second lowest figure reported during 1963.

During the next quarter, permits figures showed \$445,000 worth of construction in July, \$552,400 for August, and \$362,500 for September.

According to reports at the end of the nine-month period, a new all-time record had al-

ready been set for the year with the estimated value of building in the city placed at slightly more than \$3.7 million. With the record construction figure set, building in October dropped slightly below the \$200,000 mark.

However, in both November and December almost a million dollars worth of construction permits were written by the City of Hereford.

For November, total value of permits issued was placed at \$445,900 with the value of December's permits reported to be \$520,385.

AS ONE HOME NEARED completion in Hereford during the year another was started in a building boom that set a new, all-time high in building permits. Estimated value of construction during 1963 reached \$4.3 million, well above the record set a year ago. (Staff Photo)

Iron Workers Due Back On Jobs After 3-Day Walkoff

Sixty iron workers, members of Iron Workers Local 408, Amarillo, who walked off construction jobs at Holly's new sugar refinery project here, will be back on the job this morning, Jack Hall, business representative of the local, said Tuesday.

"Our men have agreed to go back to work," Hall said, "pending a meeting with an international representative and the labor representative of H. K. Ferguson Engineers and Construction Co."

The Ferguson firm is the general contractor for the huge \$21 million project.

Altogether, more than 125 workers at the Holly plant were idled by the walkoff. Hall said 30 to 35 carpenters, "and an equal number of laborers" were laid off when the iron workers walked off.

Efforts to reach construction company officials Tues-

day were unavailing, a secretary saying the head of the project, Bill Reid, was not at the site.

"We have been in contact with Mr. Reid all day, and have reached a temporary agreement," Hall said.

He said the dispute arose over work policies of the construction firm. "It was termed a jurisdictional dispute," he said, "but such was not the case. We objected to the way the contractor was handling labor rules, and felt that the firm was not meeting its labor obligations."

He did not elaborate on the issue involved, but expressed the belief that "our differences with (Continued on Page 2)

Wreck Injures County Resident; Damages Heavy

A Deaf Smith County man was injured here as his automobile collided with another parked in the 300 block of Sampson shortly after noon Saturday.

Injured in the accident was Carlos E. Hutchenson, 30. His injuries, however, were not serious and he was treated and released from Deaf Smith County Hospital.

According to Hereford Police Department, the 1958 model two-door sedan driven by Hutchenson hit a 1963 model sedan belonging to Mrs. T. W. Alderson, 72, 603 East Fifth.

According to the accident investigation report, the man told the investigating officer that he was momentarily blinded and did not see the parked automobile.

The vehicle hit the Alderson automobile at the right rear knocking it 22 feet.

Damages to Hutchenson's automobile were placed at \$500 with damages to the 1963 model sedan estimated at \$450.

Hutchenson was ticketed for the accident.

Banking figures reflecting the prosperity and growth of Hereford and Deaf Smith County during 1963 shattered all previous records set for both assets and deposits. The new records were set here in spite of an early bank call on Dec. 20.

Assets at the four institutions — First National Bank, Hereford State Bank, Hereford Texas Federal Credit Union, and Hi-Plains Savings and Loan — totaled \$32,204,036.88 for the year.

As the four institutions reported a record high for assets during the year, total deposits were also up and showed an increase during the final three months of 1963.

The new record total for the year stands at \$29,457,589.75 despite the early call. The increase is approximately \$4 million more than the total recorded at the end of 1962.

Assets of the two banks were reported to be \$24,725,259.40 while deposits at the close of business on Dec. 20 reached a high of \$23,716,989.15.

For the fourth and final quarter of the year, assets of the savings and loan association and the credit union here reached a high of almost \$7.5 million as the combined savings deposits neared a \$6.8 million figure.

Total assets reported by both institutions were \$7,487,787.48 with deposits reported at a record figure of \$6,740,880.60 for the fourth quarter.

Final figures on the financial status of all four of the county's financial institutions would have been even higher for the year if the bank call had come after the Christmas business season.

One banking official here stated that deposits at only one of the institutions had increased approximately \$400,000 since the bank call was issued.

In commenting on the record totals for both assets and deposits during the final quarter of 1963, the banking official noted that they reflect the prosperity of the county and the good crops as well as increased activity in sugar beet growing.

"This has been a good year for the county," he commented, "even though farmers in the area missed a wheat crop. We have, however, had good grain sorghum and cotton crops."

In noting the increases, he also pointed out that building within Hereford has been a factor in the increased deposits and assets of the four institutions.

During the year, the city posted a new all-time high record for construction. Permits were issued for new construction valued at approximately \$4.3 million.

Cement Firm Here Reports Theft Of \$100

Hereford Police Department investigated the apparent theft of almost \$100 from a filing cabinet at Crowe-Gulde Cement Co. here Saturday.

Reported missing from a filing cabinet by the manager of the firm was \$92.57. The theft, which is believed to have taken place sometime Friday night, was not discovered until 10 a.m. Saturday.

It was reported to the investigating officers that all doors into the building and the door to the supply room were locked when the office was opened for business.

'Back Door' Front Blankets Hereford, County With Snow

Hereford and Deaf Smith County received the second snow of the winter Sunday as a cold front sneaked in the "back door". Snow fell throughout the day, but accumulations reached only an inch in depth.

However, total moisture recorded from the snowfall totaled 13 of an inch during the day bringing the month's total to .31 of an inch.

With the added moisture, the year's total reached 22.48 inches, four more than was recorded in 1962.

Moisture began falling Sunday in the area about 9:30 a.m. in the form of a light drizzle. However, it turned to snow in about 30 minutes.

The snow did not start sticking on the city streets until late in the afternoon when temperatures dipped below the freezing mark.

Streets and highways in the area then became hazardous as the melt from snow began forming a thin coating of ice on the pavement. No accidents were reported either in the city or on county roads during the period.

The moisture has again halted the on-again, off-again cotton

harvest in the area and Deaf Smith County producers are trying to finish stripping operations.

Amount of snow and drizzle received over the area Sunday is not thought to be enough to have seriously damaged the remainder of the crop. Only a small percentage remains in fields.

The moisture, however, was welcomed by wheat producers in the area, especially in the dryland areas. It was also beneficial to pasturelands throughout the county.

Around Town

Hereford is to get still another industry, probably by mid-spring but name of the company is being withheld, pending final arrangements for land needed for the plant. A spokesman for the firm told The Brand Tuesday that "we will be able to announce our plans shortly — probably within 10 days."

Deaf Smith County will be well represented at the National Wheat Growers convention in Amarillo Jan. 7-10, when Secretary of Agriculture Orville Freeman will be a speaker. Among those going from here will be Leo Witkowski, president of the Texas organization, Andrew Karshen, Frank Zinser, R. G. Feeler, Edg Deuk, Jay Boston, Louis Woodford, Robert Strain and John Pitman.

A Brand DDD call to Amarillo this week went haywire. The very New England voice which answered the call said: "This is Horden & Co., Franklin N. H." Number in Franklin was the same as the one call.

Being held on a charge alleged illegal possession was a 39-year-old Latin American, Ramon Salas Celaya, 216 Catalpa.

Celaya was arrested at his home about 6:30 p.m. Saturday by officers from Deaf Smith County Sheriff's Office and Hereford Police Department.

Previously the Sheriff's Office had arrested a 67-year-old man. Charged with the alleged sale of alcoholic beverages is William McKinley Withaus, who is reported to live at the rear of 805 Grand.

He was arrested about 5:30 p.m. Saturday.

Whitefaces Meet Canyon Eagles Here Friday

Hereford Whitefaces play only two more non-locp games before the district basketball season starts on Jan. 10. The Herd is to meet Canyon on Friday with the last non-district game set in White Deer on Tuesday, Jan. 7.

Going into the game Friday, the Herd owns a record of seven wins and six losses. Two of the wins and one loss are results of three clashes between the Herd and the Eagles.

In the Roswell, N. M., tournament held last week, the Whitefaces were beat out of competition. The tournament was played Dec. 26-27.

The game between the B squads of both teams will get underway at Hereford High Gym at 6:30 p.m. with the varsity game scheduled to begin at 8 p.m.

Skinner Enters Sheriff's Race

Charles K. Skinner Wednesday authorized The Brand to announce his candidacy for sheriff for Deaf Smith county.

In his statement, Skinner said: "In announcing my candidacy for the office of sheriff of Deaf Smith County I would like to point out to those who are not personally acquainted with me that I have been a resident of Hereford since 1958, and have served as a Texas Highway Patrolman since that time with the exception of six months' active duty with the U. S. Marine Corps Reserve.

"I consider Deaf Smith County as my home.

"Feeling that the training and experience I have received during my years with the Department of Public Safety would help qualify me to do a good job as sheriff, I respectfully ask the citizens of Deaf Smith County to consider me for that position in the forthcoming Democratic primary election."

Amarillo Youth Escapes Injury In Freak Wreck

An 18-year-old Amarillo youth narrowly escaped serious injury here as the automobile he was driving and one he was towing became involved in a freak accident at the intersection of First and Main Streets.

The accident, which blocked two lanes of the divided highway for about 30 minutes, occurred about 1:45 p.m. Tuesday.

According to a Hereford Police Department accident investigation report, the youth, Melvin E. Phillips Jr., was approaching the intersection driving a 1961 four door sedan with a 1958 sedan in tow. He was headed west.

The driver stated, according to (Continued on Page 2)

In the pressure cooker combine the green pepper, celery, tomatoes, onion, okra, bay leaf, thyme, and water. Close the cooker, bring to 15 pounds pressure, and process 5 minutes. Cool and open the cooker. Add the crab meat and clam broth. Bring slowly to boiling point; season to taste with the cayenne, file powder, and Worcestershire sauce, and serve with crisp crackers.

Or to make the gumbo more substantial, line large soup bowls with a thin layer of rice, then ladle in the gumbo.

Won Ton
These Chinese dumplings served in a plain meat, chicken, or vegetable soup make a most satisfying and unusual main course. Prepare the pressured soup; two minutes before it will be done, cool and open the cooker, and add the Won Ton; cover the steam for 15 minutes, but do not bring up the pressure again. The following ingredients are needed for Won Ton.
1 1/2 cups all-purpose flour
1/2 t. salt
1 egg
2 T. cold water
1 cup minced cooked pork, shrimp, beef, veal, or poultry
1/2 T. minced scallion or onion
2 T. minced mushrooms (optional)

Won Ton are really made in two parts.
1. The Won Ton Dough: To make this sift together the flour and salt. Beat and add the egg and mix in the water. Turn onto a floured board and knead until smooth, as in making a noodle or strudel dough. Let stand 15 minutes. Then roll as thin as paper and cut in three-inch squares. These are then ready for the filling.
2. The Filling: To make this mix together the cooked pork, shrimp, beef, veal, or poultry with salt and pepper to taste, the scallions, and the mushrooms if used. Put a teaspoonful of this mixture in the center of each square of dough. Fold over diagonally to form triangles and press the edges together with a fork. Then cook for 15 minutes in boiling salted water or in thin meat, chicken, or vegetable soup.
(The Pot-au-Feu, the Crab Gumbo, and the Won Ton recipes are from Ida Bailey Allen's *Pressure Cooking*, published by Garden City Publishing Company, Garden City, New York, 1947.)

Bouillabaise
This recipe is from *The Can-Opener Cookbook*, by Poppy Cannon, who is "a leading exponent of the art of gourmet cooking with a can opener." She has written food articles for magazines, been on television, had a syndicated program on radio, and been consultant to *Life* magazine on food pieces. *The Can Opener Cookbook*, published by Thomas Y. Crow-

ell Company, New York, 1951, contains recipes for complete meals using canned or frozen foods. "At one time a badge of shame, hallmark of the lazy lady and the careless wife, today the can opener is fast becoming a magic wand..." notes the author.

Cook two medium-sized onions, thinly sliced, 1 or 2 crushed garlic cloves, and 2 small leeks in 1/2 cup olive oil until golden brown. If you can't get leeks in your market, use more onion. Thaw three pounds of quick-frozen fish fillets just enough to cut into serving pieces. Add pieces of fish along with 1 cup canned tomatoes, 1 bay leaf, 2 cups water. Simmer about 15 minutes. Add 1 cup oysters, clams, or mussels (these may be omitted if desired), and 1 cup shrimp, crab meat, or lobster, 1/2 cup canned pimiento, cut into small pieces. Season with 1/2 t. saffron, salt, pepper, and the juice of 1 lemon and/or 1 cup white table wine. Heat but do not boil.

Work, Play, Work, Play Give LBJ A Busy, Busy Holiday

By Associated Press Staff

The President's Christmas Eve holiday was a busy one, with work and play. He spent the day at the ranch near Stonewall, Texas, where he and Mrs. Johnson and the children were joined by a large group of friends and relatives.

church at Bethany Lutheran Church there Sunday. More than 200 turned out for a barbecue luncheon honoring the Chancellor at the Stonewall High School gymnasium three miles from the ranch.

When Erhard departed, Johnson turned immediately back to the national budget and went into a huddle Monday with Defense Secretary Robert S. McNamara and the joint chiefs of staff.

Christmas Day at the LBJ Ranch also didn't give the President much time for relaxation. He spent the day with the children and Mrs. Johnson, and with a group of friends and relatives. The day was spent in a relaxed atmosphere, with the family and guests enjoying the holiday.

So if it went as the President wound up his "holiday" and prepared to return to the regular schedule in Washington.

Officials of the Brotherhood of Locomotive Firemen and Enginemen believe a Texas law requiring "full crews" for trains will keep firemen here on the job in spite of a recent national arbitration board ruling aimed at elimination of some firemen from railroad crews.

Before dawn the next day, he and Mrs. Johnson, along with the children, were in the Little White House of a deer hunt. The hunt was a success, with several deer being taken.

At times, the news from Johnson's LBJ Ranch near Stonewall is delivered via a "press pool", in which four reporters are assigned to represent all their colleagues. Other times, the whole corps is bunched into buses for the trip to the ranch over U. S. 290 and the newly-designated Ranch Road No. 1.

But the Texas Railroad Association does not believe the state law will prevail. Furthermore, it estimates the ruling will not immediately affect more than 20 of the 1,900 railroad firemen in Texas.

Thomas C. Mann, assistant secretary of state for international affairs, and John A. McCone, general intelligence agency director, were among others called to confer with the President in his office at the ranch.

Some of the press-center set-up will remain intact in the Driskill Hotel for presidential visits in the future. This may be for the next year, or the next five years, or, perhaps, the next nine years, according to voters' reactions to the news that this army of reporters turn out.

SOURCE of VALUES

We can get them from *The Old Book*—values a-plenty to make the New Year really new. Of course the months, the weeks, the hours are much like the old ones. We should carry all the good things of yesteryears over into the New Year, and then add more.

Just how will your New Year be New?

We and others, like ourselves, will make the difference. Be more kind and patient in the home circle—then it will be a new house this year. Exhibit a better spirit as you do the old task—and the office, or shop, or kitchen will be a new place for the New Year. Worship God more sincerely and work more in His program of service—then you will have a new church for the New Year.

Only a new Person will make it a New Year.

Leaders Still Seek Divine Help In Guiding Nation

In this season bringing the Feast of Christmas, the celebration of the birth of our Lord and Savior, we who are Christians reaffirm our devotion to Jesus Christ and His way, and dedicate again the conduct of our lives to the precepts of His teachings.

In the destiny of our private lives—and in the public affairs of our Nation—we rely on Divine Providence to be our strength and our guide and our succor. If anyone needs a reminder that faith in The Divinity is a continuing powerful force in American life, the prayers, conduct, and statements of our citizens, public and private, in the wake of the assassination of President Kennedy, should indeed provide strong reassurance.

Through all of our history has run the theme of Christian faith. Our Constitution determined that there should be a separation in American life of Church and State, that one must not control or dictate to the other, and in so doing our forefathers gave to Americans one of our most precious freedoms—the right to worship God in the manner we find most fitting. From our earliest history, the men who were charged with the responsibility of governing this Nation sought to invoke the blessings of the Supreme Being on the conduct of their offices and on the continuance, in safety and prosperity, of the United States. And so it is today.

Inaugural addresses of the Presidents show that each has sought strength and direction from Above, and that the Grace of God is the dependence upon which our future rests.

I'd like to quote for you, as space allows, some deep expressions of faith by our Presidents:

George Washington, April 30, 1789 — "No people can be bound to acknowledge and adore the Invisible Hand which conducts the affairs of men more than those of the United States."

John Adams, March 4, 1779 — "And may that Being who is supreme over all, the Patron of Order, the Fountain of Justice, and the Protector in all ages of the world of virtuous liberty, continue His blessing upon this nation and its Government and give it all possible success and duration consistent with the ends of His providence."

Thomas Jefferson, March 4, 1805 — "I shall need, too, the favor of that Being in whose hands we are, who led our fathers, as Israel of old, from their native land and planted them in a country flowing with all the necessities and comforts of life..."

John Quincy Adams, March 4, 1825 — "I shall look for whatever success shall attend my

public service; and knowing that 'except the Lord keep the city the watchman waketh but in vain,' with fervent supplications for His favor, to His overruling providence I commit with humble but fearless confidence my own fate, and the future destinies of my country."

Franklin Pierce, March 4, 1853 — "It must be felt that there is no national security but in the nation's humble, acknowledged dependence upon God and His overruling providence."

Abraham Lincoln, March 4, 1865 — "With malice toward none, with charity for all, with firmness in the right as God gives us to see the right, let us strive on to finish the work we are in, to bind up the nation's wounds, to care for him who shall have borne the battle and for his widow and his orphan, to do all which may achieve and cherish a just and lasting peace among ourselves and with all nations."

William McKinley, March 4, 1897 — "Our faith teaches that there is no safer reliance than upon the God of our fathers, who has so singularly favored the American people in every national trial, and who will not forsake us so long as we obey His commandments and walk humbly in His footsteps."

Franklin D. Roosevelt, March 4, 1933 — "In this dedication of a Nation we humbly ask the blessing of God. May He protect each and every one of us. May He guide me in the days to come."

Harry S. Truman, Jan. 20, 1949 — "With God's help, the future of mankind will be assured in a world of justice, harmony, and peace."

Dwight D. Eisenhower, Jan. 21, 1957 — "Before all else, we seek, upon our common labor as a nation, the blessings of Almighty God. And the hopes in our hearts fashion the deepest prayers of our whole people."

John F. Kennedy, Jan. 21, 1961 — "Finally, whether you are citizens of America, or citizens of the world, ask of us the same high standards of strength and sacrifice which we ask of you. With a good conscience our only sure reward, with history the final judge of our deeds, let us go forth to lead the land we love, asking His blessings and His help, but knowing that here on earth God's work must truly be our own."

Yes, in God we do trust, and in God we must continue to place our trust, and that of our Nation. Recent visitors included Aaron T. Isacses, Houston Lust, and Calvin Petty, all of Dimmitt; Mr. and Mrs. C. L. Edwards of Panhandle; and Grady Fox of Amarillo.

Stiffer Car-Responsibility Law Goes Into Effect Jan. 1

The director of the Texas Department of Public Safety Tuesday reminded motorists that more stringent provisions of the state's safety responsibility law requiring drivers and owners to be able to pay for accidents to others in traffic accidents become effective January 1.

Col. Homer Garrison Jr., DPS director, emphasized that the law required the Department to suspend the driver licenses and vehicle registrations of drivers and owners who are not in compliance with the law at the time of accident involvement, if the accident comes under the Safety Responsibility Act.

"The law provides that drivers and owners of vehicles involved in traffic accidents occurring or originating on a public street, highway or thoroughfare resulting in \$100 or more property damage, injury or death must file written reports with the Department of Public Safety within 10 days, and its requirements must be met," he explained. "Accidents not involving death or injury but with \$25 or more damage involved still must be reported to the Department but will not come under the Safety Responsibility Law.

tration plates of both the operator and owner of vehicles involved in an accident coming under the Safety Responsibility Law, unless:

1. Evidence of liability insurance coverage in the minimum amounts of \$10,000 where one person was injured or killed, \$20,000 where more than one, and \$5,000 for property damage is reported to the Department.
2. A release signed by damaged or injured persons is filed with the Department.
3. A signed agreement to pay damages in installments is accepted by the damaged or injured persons, and filed with the Department.
4. The operator and owner are found not to be liable in a civil court of competent jurisdiction, and a copy of such finding is filed with the Department.
5. The operator and owner deposit with the Department cash or bond security in an amount sufficient to cover any judgment for damages resulting from the accident that might be obtained by damaged or injured persons, which is no case shall be less than \$200."

statement charge has been provided for restoration of suspended license and/or vehicle registration in those cases where proof of financial responsibility for the future must be filed.

Garrison listed these exceptions where the law does not apply:

1. The law does not apply to the owner of a vehicle if it is involved in an accident while being driven by another person without the owner's consent.
2. If the operator or owner involved in an accident is the only person damaged or injured.
3. If the vehicle was legally parked or stopped at a traffic signal at the time of the accident.
4. If the vehicle involved was being driven by an employee of the United States Government in connection with official duties.

4-H Girls Plan '64 Bake Show

Members of 4-H clubs in Deaf Smith county are to stage their annual bake show at community center next Saturday, starting at 9 a.m., Jean Beene, assistant home demonstration agent, announced this week.

Record books are to be submitted by noon today by the girls who are entering products in the show.

Awards for both outstanding records and food products are to be made at 2 p.m. Saturday, and the public is invited to attend and see the awards presented.

Winners will be announced by Mrs. A. J. Bezner, chairman of the 4-H Leaders' Council, Lou Ann Witkowski, 1963 bake show queen, and by Mrs. Beene.

The 1964 bake show queen to be crowned at the event, will represent Deaf Smith county at the district bake show, held each year in connection with the Tri-State Fair in Amarillo.

The county event has been planned by the bake show committee with Dorothy Marnell, chairman, and Billee Goetsch, member, advised by the leaders, Mrs. Leo Witkowski, and Mrs. Melvin Sumner.

Bake show products this year will be quick loaf breads and bar cookings. The girls have been baking these products for their families as holiday treats since county-wide demonstrations of the products were given by Mrs. Beene in November.

Each girl will make a display of each product and submit records of her cooking experience to be judged.

The following are recipes that have been popular with the girls and their families as the girls practiced their baking skills for the bake show.
