'FREE' POLL TAX RECEIPTS — Deaf Smith County Collector-Assessor Nell Miller has received the new "free" poll tax receipts for voters who will cast ballots only in federal elections. Except for the printed "Poll Tax Not Paid," across the face of the receipt, the new receipts are unchanged from the \$1.75 models. Here Deputy Billie Louise Herrington holds one of the new receipts. School Board Sets Election Date, Renames 4 Principals

Two Positions To Be Filled; Four Men File

Four school principals and the assistant superintendent of schools were renamed at a breakfast meeting of the Hereford school board Tuesday morning. Also re-named were two coordinators and the school nurse.

The board delayed action on two other principals' positions until May; both are serving their first year in executive jobs and it is customary for the board to delay rehiring of new staff members until the May session, it was explained by Paul Stevens, superintendent.

H. K. Williams, who had been with the school system three years Jan. 1, was re-elected as assistant superintendent. W. C. Quattlebaum, Stanton junior high principal, was re-elected. He has been with the city school system for 14 years.

Three elementary school principals also were re-elected. They include D. C. Martin, Alkman, who has been with the schools for 15 years, and Charles Duval, Northwest principal and a member of the school staff for nine years.

Roy Hartman, who has been with the system seven years, was re-named as principal at Shirley.

Action will be taken at the May meeting on the other two principals, Phillip Shook at Central, and Bill Michael, principal at senior high. Shook, a member of the school staff here for four years, has been Central head for the past year, and Michael became senior high principal at mid-term.

The board at its meeting Tuesday morning, also re-elected Miss Della Stagner, a staff member for 17 years, as elementary coordinator, and Bill Phillips, secondary school coordinator.

Phillips has been with the schools for 10 years.

The board also renamed Esther Springer as nurse, a position she has held here for eight years.

The board called the annual school election for Saturday, April 4 when two positions are to be filled, places now held by Labry Ballard and Tom Robinson. Ballard has filed for re-election.

Three other candidates also have filed with the school tax office for positions on the April 4 ballot. They include Dr. H.A. (Continued on page 2)

Commissioners Have Busy Session

Court Studies Tax Report, Approves Deputy Sheriff

Deaf Smith County Commissioners wasted little time Monday in disposing of a number of items on their packed court agenda, approving the payment of county bills to start the busy day. They quickly followed that action by approving the hiring of Zephyr Bingham as deputy sheriff, and setting his salary at \$375 monthly.

In other action of the court, Commissioners heard an oral report from H. A. Tuck Jr., assistant tax-assessor-collector; accepted bids on a new pickup for Precinct 1; approved the opening of a county road; approved report of Jewell Smith, County Welfare officer; appointed election judges for the November general election and heard proponents of H. B. No. 402, better known as the Herbiicide Act.

Assistant Tax-Collector H. A. Tuck reporting on his activities for the past year, told commissioners that he had added over \$159,000 to the tax roll by picking up businesses, homes and other property that had not been previously carried on the rolls. He estimated that the final total in this category might reach \$250,000 by the time his survey is completed. The above is based on 100 percent valuation.

Also included in Tuck's report was \$3,881,000 in new residential and commercial property within the city limits. This information was gathered from city building permits, and still needs to be evaluated by the tax office and representatives of Mer-

Morris Associates, a professional property evaluating firm of Amarillo that has been placed on retainer by the county.

The assistant collector-assessor also told commissioners that since Jan. 1, 1964, he had personally counted 44,828 head of livestock on pasture that would be placed on the tax roll.

This represented only 50 percent of the county covered to date, and does not include cattle in the numerous commercial feedlots scattered throughout Deaf Smith County. The total number of livestock reported last year for taxation was approximately 25,000, according to Tuck.

As the livestock is counted, rendition slips will be sent to the owners for proper action.

At the conclusion of the report, Commissioner Charley So-well presented a motion that Tuck supply the commissioners with a "contact report" at the conclusion of each 30-day period. The motion died for lack of a second.

Zephyr Bingham, a former city policeman, was officially approved by the County Commission and his starting salary set at \$375. Bingham, who was hired February 1 as deputy sheriff, replaces Elbert Vance.

According to the sheriff's department, the change was necessitated by the increased workload and the need for a more experienced deputy. Vance, employed by the department last May, has had no previous experience in law enforcement, and was not being used for outside work.

Commissioners also approved the low bid for a new pickup, submitted by Stephens-Hudson (Continued on page 2)

Strict Control On Herbicides' Use is Urged

"The placing of Deaf Smith County under the Herbiicide Law would make custom applicators more careful, and help determine, through adequate records, the responsibility for misuse of 2,4-D," John E. McCleskey, local winner of Deaf Smith County Commissioners Monday.

McCleskey, accompanied by Luther Lesly appeared before the county governing body appealing to the group to place the county under the provisions of H. B. No. 402, "regulating the sale and use of hormone type herbicides."

In making their appeal, the proponents of the plan referred to a petition signed by 100 Deaf Smith County farmers requesting the Commissioners Court to "take steps necessary to bring Deaf Smith County under the herbicide regulation authorized by the legislature (H. B. 402, 53rd Legislature) and administered by the Texas Department of Agriculture at Austin, Texas."

Speaking in behalf of the act, the two business men and farmers cited the wide misuse of herbicides, as evidenced by the extensive damage to susceptible crops, to substantiate their claim of its need.

Also meeting with the group in connection with the herbicide act, and appearing at the request of the Commissioners, was J. D. Michaels, Texas Agricultural Department representative.

Michaels explained the act to the court, stating that under the law, land owners and applicators were jointly responsible for (Continued on page 2)

Around Town

Directors of the Deaf Smith County chapter of the Red Cross are to meet at 10 a.m. today at the First National Bank's community room for a business and report session.

Hereford schools are making plans to observe Texas Public Schools Week March 2-6. Superintendent Paul Stevens said Wednesday. The week has been proclaimed by Gov. John Connally.

Hereford Pony League will be organized at a breakfast meeting at Raney's Restaurant at 7 o'clock next Monday, Feb. 17. The president of the League, B. F. Cain, will preside. All persons who are interested in helping with the 1964 Pony League are asked to attend.

Last week's snow, which held city schools to only one half-day for the entire week, eliminated senior high school's usual Thursday page, "The Whiteface" from this issue. Instead, pictures of elementary school Valentine activities appear this week.

Deaf Smith County Farmers Union is to meet at 7:30 tonight in the Community Center when an official of ASCS will talk on the feed grain program, County President Robert Strain, announced Wednesday. Refreshments will be served.

Mayor Ray Cowart of Hereford has designated the month of February as "American Music Month" and urges "all of our citizens to join in the observance and share the joy of music."

Two Hereford pupils at Sacred Heart College, Wichita, Kan., have enrolled for the spring semester. They are Arlene Diller, Route 3, and Janice Diller, Route 1, Hereford.

Westway community is to hold a Valentine and "45" party Friday evening, starting at 8 o'clock with the public invited.

David Brumley believes he has the best-behaved cattle in the country. When almost all range cattle fled helter-skelter before last week's snowstorm, Brumley's 51 cattle stayed put. Brumley's 51 cattle stayed put, much to his surprise, despite the fact that only a covered-up electric fence prevented them from escaping.

Two Hereford pupils attending Eastern New Mexico University (Continued on page 2)

Judges For Fall Elections Picked

Judges, to handle the big job of the general election balloting next November, were appointed Monday by Deaf Smith County Commissioners. With only a few exceptions, judges will be the same as those for the 1963 election, and location of ten of the eleven precinct voting boxes will probably be the same.

Voting Precinct 1 will draw one change with Clyde W. Russell replacing Earl Holt, who will be making a bid this year for the Democratic nomination, Commissioner Precinct 1; and Tom Robinson will replace Mrs. Robinson as a judge in Precinct 2 with the addition of Mrs. Garland Solomon to fill the fourth spot, while Robert Strain has been appointed to fill the second place as judge of Precinct 7.

Voting Precincts 1, 2 and 11, all within the City of Hereford, handle the bulk of the lots cast.

The approved list of judges, the voting precincts and the locations will be:

Voting Precinct 1: License Examiner's Room of the Courthouse; Frank Bezner, presiding judge; Clyde W. Russell, Mrs. R. L. Simpson and Mrs. W. C. Davis, judges;

Voting Precinct 2: Commissioners Court Room; Robert Veigel, presiding judge, assisted by J. L. Woodford, Tom Robinson, and Mrs. Garland Solomon;

Voting Precinct 3: J. E. McCathern, presiding judge assisted by Jack Weaver;

Voting Precinct 4: Simms Community House; J. G. Fort-

J. T. Gilbreath, 84, Pioneer Area Resident, Dies

Funeral services for Jeff Thompson Gilbreath, resident of Deaf Smith County since 1899, were held Wednesday at 4 p.m. at First Christian Church. The Rev. Eugene Brink, pastor, officiated. He was assisted by the Rev. B. L. Davis, pastor of First Baptist Church, and the Rev. Russell Wingert, pastor of the Presbyterian Church.

Mr. Gilbreath, 84, died at 3 a.m. Feb. 11 in Deaf Smith County Hospital after an illness of four weeks. He was born July 3, 1879, in Columbia, Tenn., and was married to Ruby Shirley in 1939 in Hereford. A retired farmer, he was a member of First Christian Church.

Survivors include his wife, 441 North Lee; three sons, J. C. Gilbreath, Dimmitt, J. T. Gilbreath, Hereford, and Woodrow Gilbreath, Hereford; five daughters, (Continued on page 2)

terberry, presiding judge and J. S. Stocks;

Voting Precinct 6: Ford School House; L. J. Strauss, presiding judge, Billie Hodges, judge;

Voting Precinct 7: Dawn School House; Mrs. H. V. McCabe, presiding judge aided by Robert Strain, judge;

Voting Precinct 8: Walcott School; S. N. Thweatt, presiding judge with Eldred Brown assisting;

Voting Precinct 9: Bippus Community House; Clint Hornfield, presiding judge and Melvin Henderson, assisting;

Voting Precinct 10: Palo Duro Church, Wildorado; Mrs. C. L. McBroom, presiding judge; Mrs. Zelma Axe, judge;

Voting Precinct 11: Central School House; Clinton Jackson, presiding judge; W. J. Messick, Mrs. Ed Wilson Jr., and W. H. (Bill) Gentry, judges.

Absentee balloting will be counted by Wayne Thomas (Continued on page 2)

There's a Slim Chance the Herd Could Get Title

There's a remote possibility — very remote school officials say — that Hereford Whiteface cagers will wind up the season this weekend in a three-way tie. But there are a lot of "ifs" in the situation, so don't start trying to buy tickets for the playoff series next week — not yet.

Perryton, the odds-on favorite 1-AAA team in the outfit, probably will walk off with the title, come Friday night. There's always the possibility, however, that the underdog team (Littlefield in this case) will play an inspired brand of ball to upset the giants of the district when the two teams meet tomorrow night at Perryton. The fact that it is a home game on the Rangers' home court is another factor in their favor, further lessening Littlefield's chance for a victory.

Then if Hereford is to be in the final counting, the Whitefaces must come out on the long end of the score in their setto Friday night with Phillips. And the Phillips' outfit, is no slouch of a ball club. Coach Cuby Kitchens said. Larry Lewis, for instance, is a goal-shooting whiz.

Hereford upped its rating slightly Saturday night when it took a 50-47 victory from Littlefield, but a last second shot that rolled around the rim and fell outside, gave Levelland a 51-49 victory over the Herd Tuesday night.

Lions Planning Variety Show; 12 Acts Booked

Hereford Lions club will stage its annual variety show in the senior high school auditorium next Thursday and Friday evenings. President J. F. Martin announced Wednesday. Ben Gollehon will be director.

The director said Wednesday 11 to 12 acts are to be presented in what he promised will be "the biggest show yet presented in our Lions club shows."

Earnest Langley will serve as emcee. Among the acts already booked is a trampoline act by the Maverick club of Amarillo. Two well-known singers are to be presented, Mrs. Dick Godwin and Roy Hartman.

A number of dance acts are planned, and a barber-shop quartet is to sing. A bango act and "Local Yokels" are to entertain. High School acts will include the school's stage band and the high school chorus. The Lions club will have a 100-man chorus, and a number of acts also are to be drawn from the club itself, Gollehon said.

Dress rehearsals will be held Tuesday and Wednesday nights. A door prize is to be given. Tickets are available from all members of the club.

ABOUT RIGHT FOR MOMMY — This should be about the right size, says Debbie Miller (or is it Vici?) as she reaches for a king-sized Valentine box of candy for her mother. They are the 4-year-old twin daughters of Mr. and Mrs. Robert Miller. (Brand Staff Photo)

by Melvin Young

"Economy," according to a report from Congressman Jim Wright...

And always faithful to the edicts of "the boss," we have noticed that Congressman Wright now uses both sides of the paper in making his report.

Apparently the President has also informed the heads of all Federal agencies that there are entirely too many "house organ" type publications in government...

These things of course, amount to only a drop in the bucket when it comes to the gigantic waste in federal government...

Naturally, when it comes to slicing off the "pork barrel" in the government, everyone wants the waste to be trimmed from some other area...

School...

(Continued from page 1) Cavness, Denzil Pulliam and Raymond White. The two candidates receiving the greatest number of votes will receive posts on the board.

Deadline for filing will be March 5, 30 days in advance of the election. Voting will be from 7 a.m. until 7 p.m. at the Dawn school and at the school tax office here, it was announced by the board.

To qualify to cast a ballot in the school election voters must have paid their 1963 poll taxes or have secured exemptions. "Free" poll tax receipts will not qualify a person to vote in the school election, it was explained.

As in past years, the dinner will be for all board members and their wives and for former board members and their wives. The program usually is devoted to a "progress report" on schools, designed especially to bring former members up to date on school affairs.

Dr. A. T. Mims, who becomes a member of the board March 1, was a guest at Tuesday morning's breakfast session. He will succeed Dr. L. B. Barnett who resigned recently.

Stevens reported attendance had shown a slight decline since a month ago when enrollment stood at 3444. Enrollment as of Feb. 11 was listed at 3380, the second month the schools had shown a slight decrease.

The annual seasonal autumn decline had been exceptionally late in coming this school year, and attendance had held well above the previous records for practically all the first semester.

Enrollment as of Tuesday in the various schools was as follows: Alkman, 452; Central, 418; Northwest, 667; Shirley, 508; Stanton Junior High, 542, and senior high, 793.

Enrollment at this same time a year ago was 2935.

Motor Company. The pickup would replace a similar model that had been demolished in a collision on January 30. Also involved in that collision was a tractor with front-end loader that was being towed by the pickup.

Bids on the tractor and loader were taken the day following the accident at an emergency meeting of the Commissioners Court. Low bid of \$3190 plus the wrecked tractor, was submitted by Kemp Tractor and Motors. Other bids were submitted by Case Power & Equipment, \$3392.75; Hays Implement, \$4444.08; B & B Oliver, \$4596.50; and Case Power & Equipment (alternate bid), \$3952.75.

The low bid for the 1964 Ford pickup, submitted by Stephens-Hudson Motor Company was \$1236 exchange, with Campbell Pontiac submitting a bid of \$1263 (GMC pickup); and Orsborn-Norwood, \$1294 (Chevrolet).

Opening of a one-mile stretch of county road was also approved by the court. The new road would extend one mile north from a point nine miles north on 385 and five miles west. It would connect the two county roads that are commonly known as the Higgins road and the 10-mile road, lying west of U. S. 385 north of Hereford.

program, open to the public, is being sponsored by the Hereford American Legion Auxiliary, Unit 192, for Tuesday, Feb. 18 at 7:30 p.m. in the Hereford Community Center. Mrs. Ira Ott, president, announced Wednesday. Speaker will be Miss Louise Evans, editor of the editorial page of the Amarillo News-Globe.

C of C...

The program for the April 16 banquet will be unchanged. Jeff Williams, well-known after-dinner speaker who hails from Chickasha, Okla., will be speaker, and Dr. H. A. Cavness will be master of ceremonies as originally planned, and the dinner will be catered by Walter Jetton of Fort Worth.

Mrs. R. C. Godwin is to sing and Mrs. John Sims will play dinner music on the organ. J. F. Martin, president of the Hereford Lions club, will present the "Citizen of the Year" award. The dinner is to be held in the senior high gymnasium.

Judges...

(Continued from page 1) and Jim Bob Allison.

The location of the polling place for Precinct 8 was changed from Garcia School to Walcott School, and it was indicated that two other polling places might be changed before the November elections, citing accessibility as the primary reason for the desired change. However, no action was taken on the proposed changes at this time.

Election judges, although appointed by the County Commissioners to serve during the general election only, in the past have also served as judges for the Democratic Primary. However, this is left to the discretion of the local County Committee.

Gilbreath...

Interment was in West Park Cemetery under the direction of Gilliland Funeral Home.

The family suggests that tokens of sympathy be sent to First Christian Church.

Strict...

(Continued from page 1) damages due to herbicide misuse, but also stated that many counties now under the act would like to "get out."

Any county can be placed under the provisions of the herbicide law by the Commissioners Court of said county, but, according to Michaels, it takes an act of the state legislature to remove the county from its jurisdiction.

The law not only regulates the sale and use of hormone type herbicides, but also provides for licenses, fees and records for those selling hormone type herbicides; requiring the inspection of affected crops; providing for permits for the application of hormone type herbicides and for records to be kept by those applying hormone type herbicides; requiring bonds or crop damage insurance in certain instances; providing for fees and permits for those using hormone type herbicides and for the exemption from such fees and permits in certain instances; prohibiting the use of dry type herbicides; providing for the inspection of equipment used in the application of herbicides and for fees to be paid for such inspection; providing for the licensing of equipment; prohibiting the use of certain equipment; providing for public hearings in certain instances; exempting certain bodies from the terms of this act; establishing a herbicides fund; providing for county herbicide inspectors; and fixing penalties for violation of this Act and the regulations hereunder.

Lesly indicated that damage to susceptible crops such as cotton and sugar beets last year alone probably exceeded \$200,000 pointing out that "one farmer has lost his cotton crop 2 out of 5 years due to misuse of 2, 4-D in neighboring fields." "We have tried the voluntary method" stated Lesly, indicating that this had worked well for a couple of years, but was currently proving ineffective.

Pre-emergence type weed control was cited as a possible future answer for the herbicide problem, but according to the backers of the herbicide act, something needs to be done now.

No action was taken by the Commissioners, pending further study of the proposal.

LAND SALE
DATE: February 28, 1964
TIME and PLACE: 2:00 P.M. in the offices of Linn & Helms, Spearman, Texas
TRACT ONE:
320 cultivated acres: 8" irrigation well with good water on natural gas, including one mile of natural gas line, on farm-to-market highway, 2 1/2 miles Northwest of Spearman, Texas; 1/2 mile of underground irrigation pipe. Allotments: cotton 15.9 acres, last year permitted 48.7; acres; wheat 195 1/2 acres; milo 108 acres. No minerals. A few improvements. Receive landlord's share (1-3) of growing wheat and possession of the balance delivered immediately.
Terms: CASH
TRACT TWO:
640 cultivated acres 13 miles North of Spearman, Texas; two 8" 1100 gal. irrigation wells, on natural gas; 8200 feet of underground irrigation pipe. Allotment: wheat 396 acres. No minerals. Possession of the land except planted to wheat can be obtained by paying tenant for work done the sum of \$4200.00 (220 acres plowed and fertilized). Bids should be submitted for land without wheat and alternatively with wheat and purchaser under either method will have option on taking possession of the balance of the land at consideration mentioned.
Terms: 29% cash, assume \$60,000.00 first lien and the balance to be paid in one year @ 6%. Each tract will be sold separately. Sealed bids are to be submitted prior to sale time to Linn & Helms, Box 38, Spearman, Texas, along with a cashier's check for 5% of the bid, payable to Linn & Helms, escrow agent. After all bids are opened bidders present may orally raise their bids. The highest bidder if accepted will enter into a contract of sale and place 10% of the selling price in escrow. Sellers may reserve the right to reject any and all bids. For additional information call 659-2568, Spearman, Texas or contact Linn & Helms, Box 38, Spearman, Texas.

Rev. W. E. Eckhardt
Lutherans Plan Banquet, Tullia Pastor to Speak
Immanuel Lutheran Church will have its "Sweetheart" banquet Friday night at 7:30 at the church when W. E. Eckhardt will be the speaker. It was announced Wednesday by the pastor, the Rev. Fred Beavendorf. Mr. Eckhardt is pastor of Christ-Lutheran Church in Tullia and of St. Paul Lutheran Church in Canyon. Mrs. Eckhardt will accompany him to Hereford for the banquet.
Mr. Eckhardt received his B. A. degree from Concordia Senior College, Fort Wayne, Ind., in 1959, and his B. D. degree from Concordia Seminary in St. Louis last year.
In addition to the churches at Canyon and Tullia, he is Lutheran campus pastor for West Texas State University. Mrs. Eckhardt is a graduate of Lindenwood College, St. Charles, Mo.

The world's largest unmounted globe is the centerpiece of the National Geographic Society's new Explorers Hall in Washington. The sphere weighs about a thousand pounds; it measures 11 feet from pole to pole and 34 feet around the equator.

WILL SPEAK SATURDAY — Mrs. Ken White, State Democratic Chairwoman of New Mexico, will be guest speaker Saturday, Feb. 15, at 3 p.m. at the Community Center for the Deaf Smith County Democratic Women during their membership tea. Mrs. Louis Woodford, president, stated that the public is invited to attend and that forms would be available for prospective members. (Personal Photo)

New Mexico Democratic Chairwoman To Speak

Mrs. Ken White, State Democratic Chairwoman of New Mexico, will be guest speaker at a membership tea for Deaf Smith County Democratic Women at 3 p.m. Saturday, Feb. 15, at the Community Center.

Mrs. Louis Woodford, president of the local chapter, stated that all persons interested are invited to attend. Forms will be available also for prospective members of the organization.
Mrs. White has been an active political worker for the Democratic party for many years. She is the daughter of Charles Albright, who was the late John F. Kennedy's coordinator during the 1960 election. A past Oklahoma senator and state representative, he is presently staff assistant to the administrator for the Farmer's Home Administration.

Ken White is a well-known cattleman and pastor of the Reorganized Church of Jesus Christ of Latter Day Saints. The Whites have five children. Mrs. White, in addition to her political activities, has been quite active with the Polio Foundation and has conducted a Crippled Children's Clinic every month since a daughter had a severe case of polio in 1951; she also teaches a class for senior high students each Sunday.

ADRIAN NEWS

Adrian Meetings Are Re-Scheduled

By Ann Beavers
Meetings and ball games which were postponed last week on account of the snow storm are being rescheduled this week. Parent-Teachers Association, which was to have met Monday of this week has been cancelled; next meeting will be March 9. The school board meeting which was to have been held Feb. 3, was held this past Monday instead. Ball games slated for last week are being played this week instead.
Mr. and Mrs. Chubby Sasser, Hereford, are parents of a son born Feb. 7 whom they have named Marion Kurt. He weighed 7 pounds, 10 ounces. Grandparents are Mr. and Mrs. Manuel Loveless and M/Sgt. and Mrs. Robert Larsen, Washington. Another grandmother is Mrs. Dorothy Sasser; Glenrio.
Mr. and Mrs. Zed Price are parents of a daughter, Nancy Suezette, born Feb. 1. She weighed five pounds.
M/Sgt. and Mrs. Bob Larsen and children were stranded in Adrian last week by the snow-storm.

Roberson Gets Noncom Honor
Staff Sergeant Julian R. Roberson of Chesapeake, Va., has been named the Outstanding Noncommissioned Officer of the month in the 310th Strategic Aerospace Wing here.

His wife, Nora, is the daughter of Mr. and Mrs. A. W. Shugar of Bridwell Ranch, Hereford.

Sergeant Roberson, a United States Air Force aircraft electrician, was selected for the honor in recognition of his exemplary conduct and performance of duty.

The sergeant is the son of Mr. and Mrs. Joseph M. Roberson of 1646 Kempville Road, Chesapeake. A graduate of Great Ridge School, he entered the service in July, 1953.

Mr. and Mrs. Sonny Sasser and children, Vega, visited Mrs. Frances Speed and children Sunday.

Mr. and Mrs. Alford Jobe and children visited in Endee, N.M., Sunday with the Lewis Jobe family.

Mr. and Mrs. Phillip Pinnell, Canyon, visited Sunday with the R. L. Pinnell family.

Charles Foster, Amarillo, visited over the weekend with Mrs. Frances Speed.

Mrs. Bert Kinsey, Clovis, N. M., formerly of Adrian, lost her father, Benjamin Evans, Amarillo, last week. He was 95.

Agnes Garner, 55, Adrian, died last week at the home of Jack Fincher. Mrs. Garner had been employed there for the past seven months.

A Randall county ranch hand, John Bourland, 49, was killed instantly Wednesday afternoon, Feb. 5 when a Santa Fe freight smashed into his pickup as he was backing it across a rural road two miles east of Amarillo Air Force base.

Three companions who had just helped him pull the truck out of a snow bank north of the crossing watched helplessly as he backed across the tracks, looking backward over his shoulder. The east-bound train hit the pickup from the left.

Congress Acts So Colleges Can Grow

By U. S. Sen. Frank E. Moss

For the first time in our history, Congress has voted general Federal financial assistance for construction of high education facilities. It is a "bricks and mortar" program to aid the expansion of our 2,100 colleges and universities.

After 175 years without it, why does America now need such a program? We need it because, ten years from this autumn, almost twice as many young men and women will don their new fall clothes, wave their families goodbye, and turn with high hopes to our college campuses.

And unless we make an extraordinary effort now, the classrooms, the laboratories and the libraries they need will simply not be there.

The states and the institutions themselves have made a strong effort to supply the facilities. But they must have help. And 1963 is a critical year.

A look at the "help wanted" columns of any daily newspaper makes clear why this is so. The biggest ads and the best offers are studded with phrases like these: "engineers and scientists," "graduate degree in physics," and "BS in engineering or related fields."

The education of 30 years ago is not adequate to our age of jet air travel, space exploration, and nuclear arsenals. The nation must have more scientists, engineers, administrators, technicians, doctors, lawyers, and many, many more teachers in every field.

To meet this need, the Higher Education Facilities Act of 1963 establishes a four-part program: construction grants for four-year colleges and universities; construction grants for two-year community colleges and technical institutes; construction grants for graduate facilities; and construction loans for undergraduate facilities.

Facilities eligible for Federal assistance are those necessary for instruction, research, or administration—classrooms, laboratories, libraries, and administration buildings.

Gymnasiums and other structures to house events for which admission is charged are excluded. And the bill limits Federal participation to buildings urgently needed to expand enrollment.

Particularly noteworthy is the bill's "equalization" feature. Grants for undergraduate structures are allocated to the States according to income per person and the number of high school graduates. This favors those states which now are making the greatest financial effort to put their students through high school.

In dollar terms, the bill authorizes for next year expenditures of \$230 million for grants for both four-year and two-year undergraduate schools, \$25 million for graduate facilities grants, and \$120 million for loans.

To illustrate what this means to individual states: to build four-year undergraduate structures and public community colleges; New York could receive \$18,940,454, Missouri \$5,484,284, and my state of Utah \$1,909,579.

In the four-year grant program, it leaves to our boards of trustees the responsibility for financing two-thirds of the structures built under it.

In the two-year grant program, 60 per cent must come from non-Federal sources.

The Higher Education Facilities act does not replace local with Federal responsibility. What it does do is give the administrators of our individual universities and colleges the tools they need to open wide the door of higher educational opportunity to young America.

The Maya of what are now the Yucatan, Guatemala and western Honduras, built great stone cities with lofty pyramids and temples, huge monasteries, vapor baths and astronomical observatories.

A marsupial is a pouched animal.

The Russian trained mongrel dogs to pioneer the way for manned space flight. Pedigreed dogs lacked the necessary stamina and resistance.

Sears' Nephew, WT Student, Dies in Dorm

Funeral services for 18-year-old Donald John Sears, who was found dead in his dormitory bed at West Texas State University shortly before noon Tuesday, are to be held in First Methodist Church, Pampa, at 3 o'clock today.

He was a nephew of Henry Sears, Hereford.

An autopsy, ordered Tuesday by Acting Coroner Bill Wilson at Northwest Texas Hospital in Amarillo, had failed to reveal cause of the death, but body fluids were being sent to Austin for analysis. Results of the tests may not be known for several days, authorities in Canyon were told.

A Canyon physician told Margo Williams of the Canyon News Wednesday results of the Austin tests might not be known for "two or three weeks."

The body was discovered by Sears' roommate, Jon Pitts, 18, also of Pampa. He said he and Sears had been to Amarillo on fraternity business and returned to Canyon at 1:30 a.m. Tuesday. Pitts awoke at 10 a.m. and said he noticed nothing unusual about Sears who appeared to be sleeping in an adjacent bed.

Another student knocked on the youths' door about noon Tuesday, and when he and Pitts attempted to awaken Sears they discovered he was dead. Pitts applied artificial respiration in a futile attempt to rouse Sears.

Sears was born Dec. 20, 1944 in Newton, Kan. He had lived in Pampa for 15 years and was a member of the Methodist Church. Sears was district lieutenant governor of the Key Club when he was a senior in Pampa High School last year. Survivors include his parents, Mr. and Mrs. Joe A. Sears, and

Hughes: All of Lot 12, Hare Addition.

Ruth Allison, et vir, to Bruce Burney: 643 acres, all of Section 24, Block K-4; 647.34 acres, all of Section 25, Block K-4.

E. B. Jacob to A. B. Jacob: The East 130 acres of the Southeast 1/4 of Section 48; The Northeast 1/4 of Section 48, both in Block K-3.

Floyd McGee to S. T. Loerwald, et ux: The North 80 feet of Lot 55, Hare Addition.

Harley R. Neal, et al, to Elcor Ray Owens: All of Lots 5, 6, 7, and 8, Block 28, Town of Dawn.

World Day Of Prayer To Be Observed Friday

World Day of Prayer will be observed in Hereford Friday, Feb. 14, during a service at 3 p.m. at Saint Thomas Episcopal Church. The worship service will be led by the Rev. Joel Treadwell, pastor.

Sponsored by United Church Women, World Day of Prayer is observed each year on the first Friday in Lent by women of the major Protestant and Orthodox communions. Basically the same service is used by groups in approximately 150 countries and areas of the world.

With a history of more than 75 years, World Day of Prayer has brought people together across denominational, racial, national, and cultural boundaries to pray for the needs of the world and to make an offering for carrying out the Church's mission around the world.

When it is true to its original purpose and meaning, the World Day of Prayer observance has a sister, Miss Carole Sears, Pampa.

The services will be conducted by the Rev. Jack Riley, pastor of St. Paul's Methodist Church in Pampa. Pallbearers will be Raymond Nance, Wayne Henson, John Holloway, Jon Pitts, Keith Swanson, Bill Mangham, Tommy Veale, and Donnie Rexroat with members of the Key Club as honorary pallbearers.

five elements: an awareness of and commitment to the reality and power of prayer, a concern for the need of all people for the message of the Christian gospel, openness—a service open to all people in the community, the use of the same theme and service as the basis for planning and observing the day everywhere in the world, and offerings made for the united outreach of the Church through inter-denominational cooperation in the mission divisions of the National Council of Churches.

Mrs. Jim Arney will welcome participants in the Hereford service, and Mrs. John N. Jacobsen Jr. will be the organist. The Rev. Eugene Brink, pastor of the First Christian Church, and the Rev. Herschel Thurston, pastor of First Methodist Church, will assist with the service.

LET'S COOK SOMETHING!

Valentine's Day-A Time For Hearts And Flowers

By Dale Stevens
Brand Foods Editor

Feb. 14 offers one of the year's best opportunities to prepare food, especially desserts, that is both delicious and decorative. It is also the traditional time to use cherries in all sorts of ways. Heart mold, heart-shaped cake pans, and valentine decorations are inexpensive and easy to procure. If a person is adept with a cake decorator, she can squish icing or whipped cream or softened cream cheese through the little tube to her heart's content. If the little gadget defeats her, there are many ways to decorate food without

One of the prettiest cakes can be made by baking it in a long pan and using three sizes of heart patterns, cutting the cake and layering it in three succeeding smaller hearts. The cake can then be iced and decorated as desired.

Pink Coconut Cake
1 1/2 cups Angel Flake coconut
1 3-ounce package strawberry gelatin
1 regular size package white cake mix

6 cups fluffy white frosting
Place coconut and IT gelatin in jar. Shake until coconut is evenly tinted. Prepare cake mix batter as directed on package, adding remaining gelatin

before beating. Pour into 2 greased, floured and paper-lined 9-inch layer pans. Bake until cake tests done. Cool in pans 10 minutes; finish cooling on rack. Split cakes horizontally, making 4 layers. Spread frosting between layers and over top and sides of cake. Sprinkle tinted coconut around sides and over edge of cake.

Quick Cherry Tortoni
1 pint vanilla ice cream
1/4 cup drained, chopped maraschino cherries
1/2 cup crushed vanilla wafers
1 t. almond extract

Scoop ice cream from package into mixing bowl; let stand while preparing ingredients. Reserve 2 T. crushed vanilla wafers for topping. Stir ice cream until softened, but not melted. Blend cherries, wafers, and almond extract into softened cream; quickly spoon into small mold or four-ounce paper or foil souffle cups. Sprinkle reserved crumbs over tops. Place filled cups directly on freezing surface or refrigerator. Decorate with whipped cream and additional maraschino cherries, if desired.

Queen's Jewel Cake
Black cherry, lime, strawberry, and raspberry gelatin (one 3-ounce package of each flavor)
1 cup pineapple juice
1/4 cup sugar
2 cups whipped cream, sweetened and flavored with vanilla to taste.

Prepare the first three flavors of gelatin separately, using 1 cup boiling water and 1/2 cup cold water for each. Pour into separate 8x8x2-inch pans and

SWEETHEART CAKE AND CHERRY TORTONI — Valentine's Day, a time for lace and hearty, sentimentality, and good eating, is one of the year's best opportunities to decorate and enjoy good food. Cherries, a tradition in February, are a basic ingredient of most confections, including the cake and tortoni. (Brand Photo)

chill until firm. Mix pineapple juice and sugar; heat until sugar dissolves. Remove from heat and dissolve raspberry gelatin in hot liquid. Add 1/2 cup of cold water. Chill until syrupy. Fold one cup of

whipped cream into syrupy mixture.

Cut the firm black cherry, lime, and strawberry gelatin into 1/2-inch cubes. Fold into the raspberry mixture. Pour immediately into an angel food cake pan or large mold. Chill 8 hours.

Unmold; spread top and sides with one cup whipped cream and sprinkle with coconut tinted pink if desired. Makes 14-16 servings.

Sweetheart Cherry Cake
2 cups plus 2 T. cake-flour, sifted
1 1/2 cups sugar
3 t. baking powder
1/2 cup soft shortening
1/4 cup maraschino cherry juice
1 t. salt
16 maraschino cherries, cut in eighths
1/2 cup milk
4 egg whites, unbeaten
1/2 cup chopped nuts
1/4 t. vanilla
1 t. almond extract

Sift dry ingredients into large mixing bowl. Add shortening, cherry juice, milk, and flavorings. Beat two minutes. Add egg whites. Beat two more minutes. Fold in cherries and nuts. Bake in greased and floured pans about 30 minutes at 350 degrees. Frost with white icing or:

Cherry Nut Frosting
1 box confectioner's sugar
8-10 maraschino cherries, cut in eighths
1/2 cup chopped nuts
Maraschino cherry juice as needed to make spreading consistency

PIONEER DIES — A pioneer resident of Deaf Smith County, J. T. Gilbreath, died Tuesday after a four-week illness. Funeral services were held Wednesday at 4 p.m. in the First Christian Church. (See story on Page 1) (Personal Photo)

year, according to Agriculture Commissioner John C. White.

Boll weevil counts were made at random over the state by Texas and federal entomologists with special attention to the most troublesome areas in Central Texas. The winter survival is expected to be about half of what it was in 1962, White said.

During the late fall of each year, Texas and U.S.D.A. research teams take samples of wood trash adjacent to cotton fields to determine the number of weevils in hibernation. The number surviving the winter, combined with weather condition during the early part of the cotton fruiting period, will determine potential boll weevil damage to the 1964 cotton crop.

Decrease Shown In Hibernation Of Boll Weevils

Texas cotton farmers can take some comfort in the fact that fewer boll weevils went into hibernation this winter than last

Couple to Run Auction Firm In Hereford

Mr. and Mrs. Norman Frank have recently moved here from Riverton, Wyo., and will operate the Livestock Auction in Hereford, it was announced Saturday.

The business will be known as the Hereford Livestock Market. Mr. and Mrs. Frank have two daughters, ages 6 and 14, and have purchased a home at 249 Beach. He is a veteran of World War II.

Frank is an auctioneer with 16 years' experience in the livestock and farm sale business, having sold livestock sales in Greeley, Colo., Riverton, Wyo., Worland, Wyo., Greybull, Wyo., Casper, Wyo., and has operated a livestock auction at Wheatland Wyo.

He has been associated with Jim Beckman at Riverton for the past seven years as Beckman & Frank auctioneers, selling farm sales and the Riverton auction. He has also sold purebred cattle sales.

Mrs. Frank has clerked at livestock sales for several years.

He says he got interested in the area and decided he would like to live here. "It is a very nice community with a lot of future and lots of nice people," he said.

He said he felt this community should have a livestock sale because there "seems to be enough livestock here to support it very well."

Hereford is developing into a real livestock center, he said.

EASTER NEWS

Snow Boosted Wheat Prospect In Easter Area

By Ruby Stone

Easter farmers were pleased by last week's snow which will be of great help to the wheat crop especially.

It left many farms practically isolated for a time, but the farmers are not grumbling about the situation; they were too pleased to get the moisture.

Clarence and Margaret Todd, Tulsa, were Saturday visitors in the Clyde Renfro home.

Clyde Renfro attended the irrigation workshop held in the Hereford Community Center last Thursday. He reported a good meeting with many interesting

with several good meat packers and feedlots, as well as the sugar mill. There's also plenty of feed.

Frank plans to open Feb. 20 and will operate a bonded auction with a weekly sale on Thursdays. He will handle all classes of livestock with the sale time at 1 p.m.

Facilities are being remodeled and improved so feeder pigs and fat hogs and all classes of hogs, sheep and cattle can be handled.

Some special horse sales also are being planned for the near future.

Frank said: "I would like to meet each and everyone personally who is in the livestock business or related business. Telephone number is EM4-3162."

speakers. The meeting was well attended.

Mr. and Mrs. Eddie Higwer, Dimmitt, were visitors in the W. A. Epperson home Saturday.

Mr. and Mrs. H. O. Markley left Sunday for Erick, Okla., to visit their daughter and family, the Hubert McWilliams.

W. O. Markley flew to El Paso on business Saturday.

Look Who's New!

Mr. and Mrs. Marion Harvey Sasser are the parents of a son, Marion Kent, born Feb. 7 at 4:37 p.m. He weighed 7 pounds and 10 1/2 ounces.

Mr. and Mrs. Richard Earl Connolly Jr. are the parents of a son, Richard Earl II, born Feb. 8 at 1:52 p.m. He weighed 6 pounds and 10 ounces.

Mr. and Mrs. Lowell D. Newmayer are the parents of a son, Rodney Cy, born Feb. 8 at 7:58 p.m. He weighed 8 pounds.

Session Planned To Study Midge Control in Area

Control of the sorghum midge will be the topic of a meeting to be held Saturday, Feb. 15, in Lubbock. C. E. Fisher, superintendent of the South Plains Research and Extension Center, says the meeting will start at 10 a.m. in the Mesa Room of the Texas Tech Student Union Building.

According to Lefty Thomas, County Agent, Deaf Smith County, the sorghum midge causes little damage to the county grain sorghum, although numbers of samples were found with low counts in practically all fields tested by several groups in the county. There were a few heavy counts picked up in late maturing fields—in September blooming.

Topics to be discussed are several, ranging from recommendations for controlling midge in the coming season to announcing plans for a coordinated sorghum midge control research program.

Elbert Harp, Abernathy, president of Grain Sorghum Producers Association, will be program chairman. Don Rummel, Area Extension Entomologist, will discuss recommendations for controlling the midge in the '64 season. Rummel will list recommendations as developed by a technical advisory committee consisting of professional entomologists and agronomists.

James Harding, new entomologist at the South Plains Research and Extension Center, will outline present and future sorghum midge control research

on the High Plains. Harding is expected to discuss chemical, cultural and biological methods that might be used to someday control the damaging insect.

Dr. H. O. Kunkel, Associate Director, Texas Agricultural Experiment Station, and Dr. Wayland Bennett, Acting Dean of Agriculture at Texas Tech, will announce plans for the coordinated sorghum midge control research program.

A report on the financial support received from the grain sorghum industry insecticide dealers and other private organizations in support of sorghum midge research will be made by Fisher.

Sponsors of the meeting are Texas A & M University, Texas Tech, and the Grain Sorghum Producers Association.

The Dominican Republic mills more than a million tons of sugar a year, in addition to growing huge crops of cacao beans, coffee, rice, peanuts and tobacco. Cattle raising also is a big industry.

The venom of the Australian tiger snake is considered the most toxic snake poison known.

SECTION TWO

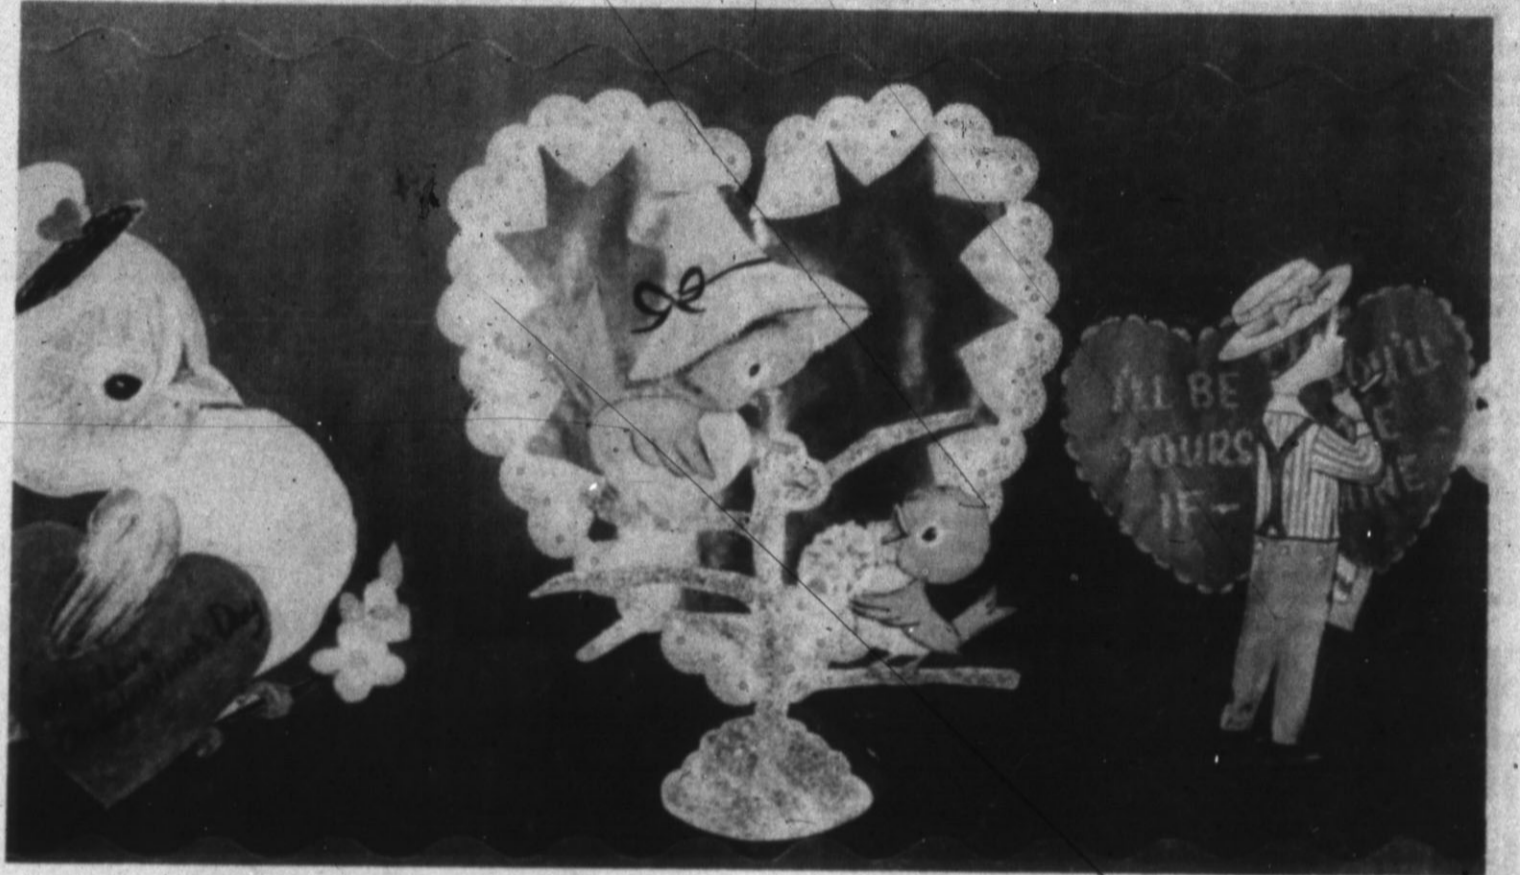

Will You

Be My Valentine?

TERRI CARTER, A fourth grade pupil at Shirley School, is putting up valentines on her classroom bulletin board. Her teacher is Mrs. George Warner. Students have done a lot of decorating for their parties in the classroom bulletin board. Her teacher is a few days before Feb. 14.

THIS SCENE GREETs students at Central School. The mail bulletin board (shown) is in harmony with many others out the school. Grade school pupils have been decorating their classrooms for their parties since the first of this week. decorated by the students in the valentine theme through-

Children in all Hereford elementary schools have been very busy this week, getting ready for tomorrow's love-and-kisses holiday — Valentine's Day.

So, Larry Fuhrmann took his camera to two of the schools and caught the children in action — making valentines and setting up sentimental displays in their various rooms.

Tomorrow will be the big day when the age-old "will you be my valentine" will be the theme of the day.

KATIE CELAYA IS DISTRIBUTING her valentines to all her classmates' valentine baskets. She is a first grader at Central School, and her teacher is Mrs. Smith. She and her classmates have been cutting and pasting decorations for their valentine party Friday afternoon.

STUDENTS IN MRS. FRITZ CHRISTMAN'S classroom at Shirley School are shown as they decorate their bulletin board for Feb. 14. From left to right, the third grade pupils are Bobby Carlton, Ricky Long, Shelia Lea, Monty Morton, and Alan Cornelius.

By Dale Stevens

For about 15 years I have read Marguerite Johnston's daily column in the Houston Post. About two of her columns each month are devoted to her family, Pooh, Scrap, Peter, Peggy, her husband, and, until recently, Muttik, the dog. It continues to be a pleasure to follow the growth of the children from babyhood to teenagers.

Mrs. Johnston writes of many other things—art, music, books, manners and customs of years past, her trips to the East and abroad, and her impressions of our changing world. On Jan. 30 this column, "Realism Has Crowded Out Romance in Lives of Youth," appeared in the Post. Because it concerns a problem faced by so many parents of teenagers, I would like to share it with you.

The word "romance" was given as the puzzle for competing teams on television's Password program the other evening.

And as soon as they began to play the game, you knew that this was one they might never guess.

The word has gone out of the language.

"Love," said one player. His partner groped. "Amour?" he guessed.

"Love," said the other player.

SECOND PLACE WINNER—This snowman, a beatnik, entered in the Jaycees' contest, won second place. It was entered by Larry and Mike Guinn, 105 Ave. B. Youngsters took advantage of the wet snow and snowmen could be seen all over town.

(Brand Staff Photo)

passion. Parents and a society which somewhere back in the 1920s or 1930s seized upon the Freudian concept of sex and inhibitions, have now raised a generation of young people to believe that sex is like food—something you must have to remain healthy.

The fact that a tremendous number of substantial men and women have lived healthy and intellectually creative lives throughout history without sex, whereas they couldn't have lasted a week without food, never seems to be included in the data.

WE HAVE ALSO PRODUCED a social setup whereby boys and girls of 14 are thrown into unchaperoned dating and are expected to have the judgment and self-discipline not expected of an earlier generation before 18 or 20.

Put these two factors together, and you have a situation in which decent young people with a sense of moral values see no alternative but to marry at 17 or 18.

But decent and logical though they be, they are—for the most part—too young for the lifetime career of marriage. So they fail at it, and must go through a premature marriage, perhaps premature parenthood, and divorce, before they find their way to maturity and marriage they are ready for.

Meanwhile, they have had no fun.

They never seem to write poetry or nonsense verse to each other. They have been taught little poetry, but given the en-

Games and Toys Demonstrated By Mrs. J. Gooch

tire biological vocabulary of sex. They don't have time to write love letters, because they are never separated. Going steady in high school, they refuse to be parted by the chance for a college education. They marry, and at an age when a girl should be having the fun of gay and romantic letters from two or three boys off at school, she is working in an office to help put her husband through college.

Romance—made up of violets and poetry, of uncertainties and swift certainty, lilting music and private jokes, oblique small gestures which can mean a world in an instant, and a soaring ideal of love, great love which will last a lifetime and beyond—there's not much of it around today.

It's all realistic, sociological, psychologically articulated, pedestrian and rather grim. The statistics on illegitimate birth, divorce and broken hearts are grim, too.

Sandi Says...

By Sandi Thomas

Well, how many sneezers and watery eyes are there since the snowy spell? Believe me, I sympathize with you. The weather didn't seem to hold up any parties. In fact, I think it promoted some.

Among those snow parties were Hedy Bailey's, Wednesday afternoon, Feb. 5; Beth Ballard's, Wednesday night; Barbara Langley's last Thursday afternoon; Ann Braddy's, Thursday night; and Jan Keeth's, last Friday afternoon.

I would name everybody but that would take just about a whole paper. These parties were open to anybody and everybody who liked Tripoley, cards, food, or just plain goofing off. They were real informal and "Everybody come!" was the password.

Pegene Cox became a birthday girl Tuesday afternoon, Feb. 4, when Steve Coneway gave her a party. Those attending were Barbara Langley, Larry Cooper, Steve Elliot, Hedy Bailey, Cynthia Leasure, Larry Hill, Royce Ann Gilliland, M and I Moore, David Block, Gary Royal, Judy Wiman, Carolyn Ayen, Linda Hart, and Mike Ferguson. At Steve's home, the group made snow ice cream, went sledding behind a jeep, and played Tripoley, cards, and dominoes.

Maybe you've noticed how quiet it's been lately. I think we can give the credit to Lewis Barnett's departure. Lewis, Beverly, and Jennifer (along with their mother) moved to Colorado Sunday, Jan. 26. I hope they like it up there and I'm sure Colorado will get used to Lewis if we give it time.

The Presbyterian kids are sponsoring a car wash next Saturday, from 7 a.m. to 6 p.m. The event will take place at J. P. Jones' Texaco Service Station and there will be pick-up and delivery offered. The charge is \$2 for a wash and cleaning on the inside. Good opportunity if you haven't cleaned your car since the snow and mud we've been having.

It sure is good to see Jo Ann Ferguson up and at 'em again. She entered the hospital Tuesday, Jan. 28, for an emergency operation and was released Monday, Feb. 3, just in time for the snow. While there, Jo Ann received many visits, cards, flowers, and candy. Seems she was a celebrity of some sort.

On the get-well list now is Mike Harvey. He and Edward Mims entered Saturday night, Feb. 1. Seems they ran into a Dead-end Street, Edward was released last Saturday afternoon. He wanted to stay 'till Sunday but the nurses begged him to go. No, I'm only kidding, but he did have them jumping when he buzzed. Mike, it'll be good to see you back so hurry up.

Might as well take advantage of our vacation. At least, that's what Dan Thomas seemed to think last Thursday when he and Jim Jeffroy, an Amarillo boy, left for El Paso, Jimmy was entered in the rodeo down there and he needed a driving partner so Dan was elected. The two returned last Sunday night after "quite a trip."

Stevens Given New Assignment

Marine Private First Class Dwane Stevens, son of Mrs. Ruby Stevens of 604 Schley, Hereford, has reported for duty at Camp Pendleton, Calif., following a 13-month tour of duty with the Third Marine Division on Okinawa.

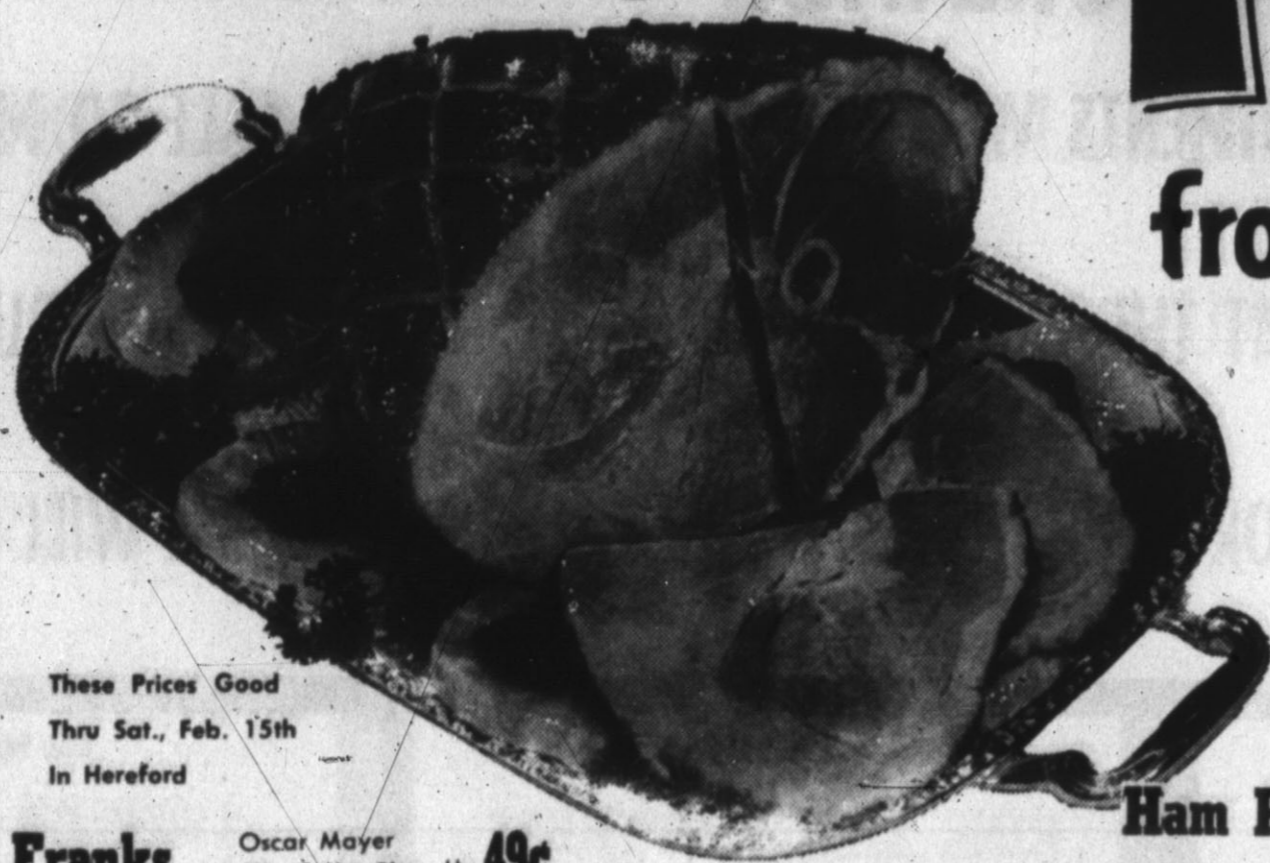

He is assigned to the First Marine Division currently undergoing continuous training ranging from amphibious assaults on the beaches of Southern California to mock desert warfare in the Mojave Desert.

Kimberley, birthplace of the diamond industry, is a neat, modern city of about 80,000 standing on open veld, 265 miles southwest of Johannesburg, in the heart of the Republic of South Africa.

Orangutans in zoos, where they are often restricted to cages and get little exercise, live for an average of about four years. Thus orangutans do not breed often in captivity. Life span of a free orangutan is estimated at 50 or more years.

Thompson Memorial Mexican Baptist Mission

Rev. Guillermo Bontez, Minister
215 Norton
Oracion De Cultos
Domingo Por La Manana, 10 a. m.; Escuela Dominical, 11 a. m.; Culto De Adoracion. Domingo Por La Noche, 7 p. m.; Union De Preparacion, 8 p. m.; Culto Evangelistico, Miercoles Por La Noche. Culto De Oracion Y Estudio Biblico. Union Femenil Y Union Varonil Un Lunes Y Otro No.

Almost every great teacher of morals or of religion has said just what Jesus of Nazareth proclaimed. In every land and in every age it is the basic rule of good living; you cannot improve on it. Therefore do not try to change it, but live it. It will work in the experience of every man and of all men; it will make for happiness for each man and for each society of men; it works in the home, in the school, in the business, and in the nation and world.

What do you really wish that men would do to you? Let you alone and allow you to go your own way? Try it, and you will have a lonely world. There could be no homes, no neighborhoods, no nation.

Do you wish other men to work for you and for your success, while you forget their welfare? What sort of a world would that make, if all the rest did the same? Strife and war, with bitterness and suffering and sorrow for all. If you toil only for your own good and every other man works only for himself, we shall have a poor sort of a world. If we help no one and no one helps us, we shall be poor together; we shall turn the whole universe into one vast poorhouse.

Do you wish others to be friendly and kind and generous in their dealings with you? Then join with the rest in making all life friendly and kind and generous. Homes and neighborhoods and nations will find happiness and prosperity together.

Do you wish others to be honest and truthful and trustworthy? Match them with the same high virtues and all of life becomes trustful and free and dependable.

Do you wish others to be courteous and appreciative of you? Then form the habit of speaking with grace and with good words for their efforts and their deeds. You will bring the glow of happy inner satisfaction for them and they will give your life a sense of worth; each thus becomes important to the other.

Do you wish others to be ready to lend a hand when you have a hard task to do? Then form the habit of helpfulness and we build for mutual prosperity and for a cooperative society.

They who keep "the Golden Rule" will discover that it is the "rule of God"; God helps those who help each other; He is the Father of love and of saving helpfulness; it is the divine way. The "Golden Rule" is still golden.

West Park Addition
ELDER JAMES MEADE, PASTOR
"The Promised Deliverer in Deuteronomy" is the subject for daily lesson study and class discussion Sabbath, Feb. 15.
Memory verse: Deut. 18:15.
Study Helps: "Patriarchs and Prophets," pages 287-290; 479-480.
Lesson Aim: To show that throughout the book of Deuteronomy the plan of redemption is held before the people both by direct prophecy concerning Christ and by the symbolism revealed in experiences of the Israelites themselves.
Lesson Outline: 1. Delivered from Egypt and guided in Canaan, Ex. 3:7-10, Deut. 1:8-21; 2. The Prophet Like Moses, Deut. 18:15, John 6:14, John 12:43-50; 3. The Decalogue and the Covenants, Deut. 5:1-29, John 15:10; 4. Surrender and obedience, Deut. 6:4-6.
Services: Sabbath school 9:45

Witnesses Here Attend Meeting In Levelland

The Hereford congregation of Jehovah's Witnesses are resuming all meetings this week after attending a three-day convention in Levelland, Feb. 7-9.

According to Lloyd Reddoch, presiding minister here, 593 heard their district supervisor, Harry A. Fetzik, give the Bible discourse, "The Bible Triumphs in a Scientific World."

Fetzik stated in his address that "The Bible does not conflict with facts, but with unproved theories. Unproved theories cannot stand alongside the convincing record of the Bible."

"Theories, to the uninformed, too often are accepted as proven fact. However, theory is not of that definition. An associate professor of Biochemistry at Boston University, quoted in the July, 1962 Science Digest, states: "No theory is considered more than, at best, an interesting speculation until it is backed by experimental evidence."

Hence, the Bible is at variance with unproved theory, but it is in direct accord with scientific fact.
"The Bible triumphs when put

a.m. Saturday, Worship Service, 11 a.m. Saturday.

to the test of facts in four basic issues for which there are a variety of theories:

(1) origin of life, (2) origin of man, (3) solution to life's problems, and (4) what the future holds."

"The evidence from observation and logic, from mathematics and from laws of nature confirms the Bible to be correct when it speaks of a First Cause that always existed."

"Man's origin by God is verified by fossils, the races of mankind, his language, earliest drawings and writings, his place or origin, time of origin and the testimony of Jesus, the apostle Paul and others."

"While science improves the living standards, it has created its by-products. Such by-products show up in the form of anxiety, tension and age of neurotics. This offsets the gains science has made through the years. On the other hand, the Bible provides the answers to life's problems. It improves the social, moral and spiritual life necessary for peace and happiness."

The purpose of the 16-congregation meet was to analyze the approximately 600 reporting minister's activity, and lay plans to eliminate existing weakness so that their activity will be brought up to national and district levels.

Mrs. Hromas Is Guest Speaker For Garden Club

Mrs. W. C. Hromas, who has maintained an interest in birds since she was a child; presented the program, "Our Feathered Friends," for members of Bud to Blossom Garden Club during their meeting Feb. 7.

Mrs. Hromas described the bird sanctuary she and her husband have built in their back yard. She spoke of the smallest hummingbird, who builds a nest no larger than a thimble, and the blue jay, who can throw his voice in all directions. She also stressed the need for protection of birds to prevent their being exterminated.

Mrs. Don Steele conducted the business meeting. Members voted to contribute to the Federation project to buy more dishes for the Community Center and to give a donation to the March of Dimes.

The club met at the Community Center, with Mrs. R. N. Yar-

bro as hostess. Others present were Mrs. W. H. Patton, Mrs. Steele, Mrs. Lloyd Sharp, Mrs. Calvin Edwards, Mrs. Bill Nelson, Mrs. Fran Bajenfield, Mrs. Pat Robinson, Mrs. E. R. Kendall, and Mrs. Hromas.

REP. ROGERS WRITES

Our Weather, Mostly Good, Says Rogers Emphatically

Washington newspapers devoted long articles (and a page one

photograph) to the blizzard that swept the Panhandle last week. The stories revived the well-known libel that only a barbed-wire fence separates the Panhandle from the North Pole. I wish the Eastern papers would say a good word for our weather when it's ideal—as it is most of the time. But the fact that the Panhandle receives such widespread attention as it did last week points up one of our regional advantages:

Although it's a part of Texas, the Panhandle is regarded by the rest of the country as a place so special that it has its own separate identity. Few other regional areas can make that claim.

Our 18th Congressional District is comprised of 28 counties totaling 27,500 square miles, an area large enough to contain 22 Rhode Islands with room to spare. The 18th District is an area larger than any of ten of the Union's 50 states (Connecticut, Delaware, Hawaii, Maryland, Massachusetts, New Hampshire, New Jersey, Rhode Island, Vermont, and West Virginia). Four of the 28 counties are each larger than the state of Rhode Island (the counties of Dallam, Deaf Smith, Hartley, and Oldham). Into the 18th Congressional District could be placed at one time the entire states of Delaware, Massachusetts, New Jersey, Rhode Island, and Connecticut—States represented in the House by a total of 36 Congressmen—with room left over for half of Hawaii.

The District is half as large as Georgia, one sixth the size of California, nearly as large as the State of Indiana.

The diversity of the Panhandle's rich agricultural productivity points up the variety of interests of the 18th District's people. In abundance we produce wheat, grain sorghums, vegetables, cotton, sugar beets, cattle and other livestock. The problems facing the producers of each are not identical. Approaches to the matter of government controls on agricultural production vary widely, even among producers of the same crop; in the wheat referendum last spring percentages of "yes" votes ranged from 20.5 in one county at the north end of the District (Sherman) to 80.2 in one county to the south (Cottle).

The challenges to our irrigation farmers are not the same as those faced by farmers dependent on rainfall. While population is increasing in the larger cities and towns of the District, population is declining in the rural areas and some smaller towns. Proposed solutions to the resultant economic problems are varied, as are the views on ways in which the Federal government should or should not be of assistance.

The Canadian River Project will help meet the municipal-industrial water needs of the District's three largest cities—Amarillo, Pampa, and Borger—but smaller cities, particularly those in the Eastern Panhandle, face water problems for which solutions are still being sought. The interests of big city wholesalers

and small town retailers are not necessarily the same in legislation affecting commerce. Railroad men and truckers often hold opposing views, as do men affiliated with labor organizations and men who are not.

On any given legislative issue coming before the Congress, it is possible to find within the 18th Congressional District of Texas sincere and vociferous advocacy on all sides.

The late, great Speaker of the House of Representatives, the honorable Sam Rayburn, told me many times that he knew of no District in the United States with such wide, varied, and divergent interests, and that very few pieces of legislation came before Congress that did not have some impact directly or indirectly on our area. I think this points up the fact that the Panhandle District could aptly be called "Little America"—a section in which the people are fiercely independent, desirous of being self-sufficient, but fully realizing because of the problems of their own neighbors the many different trials and tribulations that beset mankind in all walks of life.

Whether the matter before the Congress is a bill concerning the interests of the trucking industry along the Atlantic Seaboard, the building of a power dam in the far reaches of the Northwest; irrigation in the Imperial Valley of California, coal research and development in Pennsylvania, the citrus crop in Florida, the supply of gas in New York City, the texture of a steak in a Canadian restaurant, the supply of carbon black in England, the chicken problem in the Low Countries, the import question on beef, recreational facilities at a water hole, the moon program, outer space activities, and a thousand others, the Panhandle of Texas has a vital interest.

After these there are many local problems that daily affect the lives of our people—information needed for a school debate, assistance in getting word to a serviceman overseas of an emergency in his family, helping to get someone on the right track in applying for a Federal license, assisting in passports, small business loans, government contracts, housing, on and on, ad infinitum. In other words, the Panhandle has it all.

WALTER ROGERS
MEMBER OF CONGRESS
18TH DISTRICT OF TEXAS

Hennig Brand discovered phosphorus by mistake in 1669. He was heating distilled urine, hoping the residue would turn out to be a catalyst that would turn lead into gold. Instead the experiment produced a substance that glowed in the dark—pure phosphorus.
