Voters OK Bonds; City Seeks Aid

PASSER-BY — Showers and snow up to four inches fell in portions of the Panhandle late Monday night after apparently passing through Deaf Smith County with only token offerings to the area moisture total, which remains at .9 inch thus far this year. 242 Votes Cast

Sharp, Maxwell
Win Re-Election

What may be a record-low turnout of voters in a municipal election for the city of Hereford approved a \$610,000 tax bond issue Tuesday and re-elected two city commissioners.

Just 242 votes were cast in the election, which saw bonds favored by a 3-1 margin.

PROPOSAL to issue \$438,998 in bonds for water department expansion and improvement carried by a 180-62 decision.

Also approved, by a 181-61 vote, were sewer system projects totaling \$173,002.

City officials said the 242-vote total may be a record low election turnout since the incorporation of the city, and certainly is the smallest number of ballots cast in a municipal election during recent years.

INCUMBENT city commissioners Albert Maxwell and Lloyd Sharp were re-elected to commission posts three and four, respectively.

Sharp received 240 votes and Maxwell received 229 votes.

ELECTION judges said there were a few random write-in votes for the two commission seats, but apparently no organized write-in balloting.

Projects approved by voters will begin virtually as soon as engineering can be completed.

JUST HOURS before the election, commissioners approved Monday night by a 4-1 vote a step towards applying for \$334,000.

Council Divided On Grant Request

Hereford City Commissioners approved Monday night by a vote of 4-1 a resolution giving the go-ahead for making application for a \$334,000 federal grant for water and sewerage systems improvements and expansion.

Timing of the move to seek federal funds was apparently geared to have as little effect as possible on the outcome of Tuesday's city election, in which voters approved \$610,000 in city tax bonds for municipal water and sewer expansion.

The commission had contemplated the application for federal funds to help finance the projects for some time, but the somewhat controversial issue was not put to a vote until the eve of the bond election.

Commissioner Joe Easley cast the "nay" vote in opposition to votes in favor of the resolution by commissioners Lloyd Sharp, Albert Maxwell, and Dick Banard, and Mayor Ray Cowser.

The resolution clears the way for the \$334,000 request, to be filed with the Housing and Urban Development Committee.

IF APPROVED, the grant would supplement the \$610,000 in local bond money to expand and improve City of Hereford water and sewer systems.

Commissioners who voted in favor of the resolution said they felt the federal aid is warranted in order to help keep up with the city's mushrooming needs and hold local tax burdens as low as possible.

THOSE VOTING in favor of the resolution said in the lengthy discussion preceding the vote that they felt it would be penalizing local residents to ignore the federal funds available to provide improvements which would otherwise require local tax money.

Expanding federal programs, they pointed out, leave local governing authorities not utilizing federal money in a minority.

LOCAL RESIDENTS who pay federal taxes should receive direct benefit.

Zoning Changes, Other Business Heard At Meet

City commissioners heard several requests for zoning changes and acted on a number of routine items during Monday night's meeting in City Hall.

After approving two zoning requests and rejecting two others, the commission took other action aimed at stimulating the collection of delinquent taxes.

SEVERAL CITIZENS appeared to voice disapproval of requests to change zoning at Avenue B and Thirteenth streets from a residential and church zone to a restricted business zone.

The first request was by Roy Oswald to change property at the intersection from "B" to "D" zoning, but this met opposition from a handful of residents of the neighborhood on hand to protest the change at Monday's meeting.

A second request concerning property at the same intersection by C. T. Simmons was rejected for the same reason.

In other zoning action, commissioners tabled a request by B. M. Wiltshire for a change from "B" to "E," central business zoning. Commissioners said they wished to look at the property, located in the 100 block of Norton, before making a decision.

Set Historical Society Organization Meeting

A county museum which has been long in the talking stages may see its official groundwork laid soon as a meeting has been called to form an organization to work towards such a goal.

In letters addressed to Deaf Smith County clubs and interested citizens, plans for bringing the museum into being were outlined this week by Mrs. Elmer Patterson, chairman of the Deaf Smith County Historical Survey Committee.

Joyce Bezner Earns DSCEC Speech Win

Joyce Bezner, 16-year-old daughter of Mr. and Mrs. A. J. Bezner of Rt. 1 Hereford, was named winner of an all-expense-paid trip to Washington, D. C., in the annual Deaf Smith County Electric Cooperative Oratorical Contest held Wednesday.

The Hereford High School sophomore topped ten finalists representing six area towns in judging to determine the representative at similar competition in the national capital.

MISS BEZNER'S winning speech was entitled "Rural Electrification — A Dynamic New Force in Rural America."

Winner of the boy's division was Jerry Aberant of Nazareth. He is a 16-year-old sophomore at Nazareth High School.

SCHEDULED MAY 14

Children's Clinic Rules Listed By Oasis Shrine

Plans are now underway for the 11th annual Shrine Children's Clinic which will be held in Hereford May 14, beginning at 8 a. m.

The clinic is sponsored annually by the Oasis Shrine Club of Hereford.

IN THE PAST 11 years the local club has spent more than \$100,000 in maintaining the clinic for the crippled children.

During the clinic, a number of specialists in various fields of medicine will examine an anticipated 150 children from 38 counties and three states.

SPECIALISTS will be in the fields of orthopedics, neurology, plastic surgery, ear, nose and throat, audio-speech, ophthalmology, oral surgery, cardiology, radiology, laboratory and pediatric consulting.

Children to be examined must be recommended to the clinic by their family doctor. To do this the family must visit their personal doctor and get him to fill out the proper papers, which will be turned over to the Shrine Clinic.

The pre-registration blank will give the history of the child as well as the results of a physical.

THE DOCTOR will give a summary of the child's history and any abnormalities found during the physical.

All of the children will be examined at no charge to the family and if further treatment is required by the patient, and the family is not able to bare the financial burden, the Shriners will provide for the necessary treatment.

Many of the local doctors and physicians will participate in the annual clinic.

Shrine Club members will assist the doctors and nurses in conducting the clinic for the children.

Many of the local doctors and physicians will participate in the annual clinic.

THE OASIS Shrine Club is the sponsor of the clinic.

RAMSEY SENTENCED

Grand Jurors OK 14 True-Bills

Deaf Smith County grand jurors returned 14 indictments, no-billed two charges, and passed action on three others in a two-day session here this week.

In other action, 69th Judicial District Court Judge Harry Shultz sentenced four persons previously indicted by the grand jury.

SENTENCED to three and a half years in the state penitentiary was Garret Milton Ramsey, 31, of Fort Worth, who had entered a plea on Feb. 26 of guilty to a burglary charge in connection with a 1961 \$9,000 theft from Cooper's Market.

Ramsey will serve the term concurrently with a six-year sentence he received recently in Weatherford.

HE HAD BEEN tried by jury here and found guilty in 1961 of the rooftop burglary and safe-cracking at the local supermarket, but a new trial was ordered as the result of an error.

Before being returned to Hereford for re-trial, Ramsey was sentenced to prison in California.

Returned to Texas in December, he was face the burglary charge here again, but was arrested while out on bond in Weatherford and charged with burglary.

He finally returned to plead guilty to the Cooper's burglary in February and was then sentenced Wednesday.

SENTENCED to two years in prison was Curtis Keeton, 33, of Plainview, who was arrested by Sheriff's deputies on Jan. 27 and charged with forgery and passing a forged instrument. He was sentenced Wednesday after pleading guilty to the charge.

A plea of guilty to a charge of driving while intoxicated, second offense, resulted in a one-year sentence for Emilio Ranol, 38, of 207 Jackson. He was sentenced Wednesday.

Fake \$20-Bills Believed Passed In Local Stores

Deaf Smith County Sheriff's Office is investigating the discovery of a counterfeit \$20-bill apparently passed in a local department store Tuesday.

THE BILL was discovered at a local bank among currency deposited Tuesday night by the store.

A sheriff's deputy told the Brand Wednesday that it is believed several of the bills have been passed here, although only one has been identified thus far.

He said the counterfeit bill bears the serial number K26317 504A and is "a very good" copy, except for the texture of paper and color of ink on the bill. Ink on the bill is somewhat lighter in color than the government's green ink used for currency.

It was pointed out that counterfeit bills generally bear the same serial number, but serial numbers sometimes vary slightly.

IN SERIES OF SERVICES

Community Good Friday Observance Slated Here

Interdenominational Good Friday services will be held in the Chapel of the First Christian Church from 12 noon until 3 p. m.

The service will be divided into six 30-minute services which will be conducted by a number of Hereford ministers. The observance is sponsored by the Hereford Ministerial Alliance.

There will be a break between the services so that those attending services can come and go during the afternoon.

SERVICES WILL be based on the seven last words of Jesus, and were planned by Rev. Eugene Brink, host pastor; Rev. Staley Hackley, vicar of St. Thomas' Episcopal Church; and Rev. Noah Arprieister, minister of Wesley Methodist Church.

The first period will begin at 12 noon and will continue through 12:30 p. m.

Rev. Eugene Brink will give the sermon, Rev. Ronald Harpster will be the worship leader, Mrs. Grace Combes will be the pianist and Jimmy Brink will sing a solo.

DURING THE second period, which will be held from 12:30 until 1 p. m., Rev. Noah Arprieister will be the minister.

Worship leader for the service will be Rev. H. V. Fields and Mrs. Roberta Wilson will be the pianist.

V. W. Marcontell will deliver the sermon during the third period which will be 1 p. m. until 1:30 p. m. Rev. Tommy Phelps will be the worship leader for this period, Mrs. J. C. McCracken will be the pianist and Mrs. Robert Wert will provide the special music.

Friday New Deadline For Farm Sign-Up

Sign-up for USDA farm programs for cotton, wheat, and feed grains has been extended until Friday, April 8, local officials of the Agricultural Stabilization and Conservation office have pointed out.

DEADLINE for filing for the programs was April 1 originally, but passage of new support legislation for soybeans brought about the extended sign-up period which ends tomorrow.

Faust Collier, head of the local ASCS office, said that the extended sign-up period allows farmers to file new applications or make any changes in previously signed applications for 1966 programs, including acreage adjustments.

Passage of the new price support levels for soybeans brought the need for the extended sign-up period on a nationwide level, but has caused no sizeable changes in applications by local farmers, Collier said.

TOP SPELLERS — Alicia Hubble, 12, daughter of Mr. and Mrs. Renford Hubble of 425 Ave. J and a seventh grader at Stanton Junior High, won the Deaf Smith County Spelling Bee held Tuesday, which entitles her to compete in the regional competition of the National Spelling Bee, sponsored by the Amarillo News-Globe on April 23 in Amarillo. Runner-up in the county contest was David Thomas, 12, son of Mr. and Mrs. Wayne Thomas of 206 Sunset and a sixth grader at Northwest Elementary. At right is Steven Leasure, 12, son of Mr. and Mrs. C. E. Leasure Jr. of 511 Star and a sixth grader at Aikman Elementary, who won the county Junior Spelling Bee held Monday. Runner-up in the Junior Bee was Thomas, who the following day defeated Leasure and four Stanton and St. Anthony's School students for the runner-up title. (Staff Photos)

 vidends for the money they send to Washington, and if the money does not come back to Hereford it will be utilized elsewhere, commissioners said.

Commissioner Easley said that he was not in favor of federal aid, particularly to a community which has been able to pay its own way, and voted against the resolution.

City Manager Dudley Bayne told the commissioners that although the application would be made for the grant, there is no guarantee that the funds would be approved.

Bayne said that the act which authorizes federal participation in municipal water and sewer projects is not a part of the federal urban renewal program.

AUTHORIZATION was set up last year to aid cities in improving water and sewer departments to meet needs brought about by continued growth.

Commissioners pointed out that capital outlay for such projects placed a considerable burden on the city, since there is usually a lag between the time the expenditures are made and the time the city begins to receive revenue from extended water and sewer lines.

If the federal participation in Hereford water and sewer expansion receives approval, it would postpone the need for future bond issues, thus helping to maintain low city tax levies.

THE \$334,000 being sought represents "nearly half of the operating expenses of the city for an entire year," Bayne pointed out.

The federal funds, if received by the city, would go for new water wells, booster stations, and other projects.

It was emphasized that the resolution seeks only funds for water and sewer projects which will be specified in detail on the final application, and mentions no other federal aid of any type.

PROVISIONS of this particular federal program offer up to 50 percent participation in certain municipal undertakings.

It was pointed out that the city

utilized similar programs in construction of the municipal airport and in installing a filter system at the sewer plant.

"There were no strings attached to those federal funds the city has used in the past and their use has proved satisfactory," Bayne commented.

 000 in federal funds, bringing the possibility of federal participation in projects afforded by the bonds approved Tuesday.

Approved in Tuesday's balloting were five water wells, a million-gallon ground storage tank, a booster station, extension of water and sewer lines to South Hereford, and construction of new lines to serve La Plata Junior High.

City manager Dudley Bayne said that if the city's application for the federal funds receives approval, that money would be used to supplement the bond money for these and future projects.

HE SAID that approval of the federal aid would allow the city to drill additional wells and an additional booster station at the same time as these projects are undertaken.

City officials announced this week that the City of Hereford has received an option to buy a 60-acre tract southwest of the city to develop as a water well field.

TESTS ARE currently being run there to determine availability of water and, if tests are favorable, the city will purchase the land at a price of \$1,000 per acre.

Several wells would be drilled there, Bayne said, and this would forestall any municipal water supply shortage for some years to come.

June proved to be the best month for the Dodgers' Sandy Koufax last year. During that month the Cy Young Award winner completed six games in seven starts, pitched a shutout, won six without a loss and had a 1.77 earned run average.

Funeral Held For John Kelly, Past Resident

Funeral services were held recently in Wichita, Kan., for John Kelly, former Hereford man, who died unexpectedly in Baptist Memorial Hospital in Oklahoma City.

A RESIDENT of Bethany, Okla., at the time of his death, Kelly had been in farm equipment sales in Hereford from the late 1940's until about 1958.

He had lived in Wichita for some five years prior to moving to Oklahoma.

His first wife, Mrs. Billie Valentine Kelly, preceded him in death in 1961.

SURVIVORS include the widow, Mrs. Mildred Kelly of Bethany; a son, John Michael Kelly, a student at Wichita University; a stepson, Billy Joe Kelly; and a sister-in-law, Mrs. Alton Fraser of Hereford.

Services were conducted in St. John's Episcopal Church and burial was in Divorss Gardens Cemetery in Wichita.

8 Students Place In UIL Contest

Eight Hereford High School students placed Saturday in the University Interscholastic League Literary Contest in Canyon.

THE CONTEST is an annual event held on the campus of West Texas State University in Canyon.

Some 25 students from the local high school competed in the 15 events of the contest.

Events cover a large area of talents on the part of students who enter.

Science and math inclined students can enter in number stance, figuring problems in their head, slide rule usage and the science category.

LITERARY students can enter into the recital of poems, extemporaneous speaking and a number of other connected events.

Business students can enter in typing, shorthand and bookkeeping events.

Awards are given to the first, second and third place winners, while honorable mention is given to those placing fourth.

Those winning from Hereford are:

Randy Tooley, first place in number stance; Tommy Betzen and Richard Brown, first, Jerry Kendrick, third place in slide rule competition; Linda Brooks, third place and Jim Myers fourth place in typing; Tyler Thompson, second place in general science, and Jane Wilhelm, second place in extemporaneous speaking.

Drama Students Enter One-Act Play Contest

Members of the Hereford High School drama department, under the direction of Mrs. Frances Jones, participated in the district one-act play contest in Muleshoe.

THE GROUP presented "John Doe" by Bernard Victor Dryer at the contest.

Only two places are given in the contest and first was taken by Muleshoe and second place was taken by Tulla.

Seven students in the play cast and two stage hands participated in the contest.

THOSE participating were Kenneth Eastman, Kathy Pool, Gary Clements, Larry Clements, Ralph Knox, Richard Gonzales and Jon David Miller.

Nancy Smith and Gerald Witkowski were the stage hands for the event.

 Joel Williamson of Hereford was named alternate in the contest.

Other finalists were Randy Robertson, Farwell; Dwaine Davis and Roxie Hutte, Bovina; David Smith, Friona; Garland Jarvis and Sandra Coffman, Dimmitt; and Beth Wetherinton, Nazareth.

THE TWO winners will be among 150 young people from all over the state participating in the second annual Texas Electric Cooperative Government Action Youth Tour to the nation's capitol city, June 2 to June 14. Expenses of the Youth Tour are shared by other electric cooperatives sponsored by Deaf Smith Electric Cooperative.

The youth group will travel to and from Washington, D. C., by chartered bus. Participants will be chaperoned by six adult couples.

DURING THE four days in the nation's capitol, the young people will visit various governmental agencies and sites of historical significance. They also will visit the headquarters of the National Rural Electric Cooperative Association, national service organization for about 1,000 electric cooperatives across the nation.

The idea of sending young people to Washington was originated by President Johnson in the early 1950's when as a senator, he selected outstanding young people and offered them the chance to visit Washington.

In 1958 the first statewide contest was initiated by the Iowa Electric Cooperative Association. From 1955 until 1965, the group grew from a mere handful to more than 700 young people. They gathered in Washington to learn more about their government and to see it in action.

EXPLOSION VICTIM TO OKLAHOMA CITY
 Muri Parker, Hereford man injured recently in an explosion at a local implement house, was transferred from Deaf Smith County Hospital to St. Anthony's Hospital in Oklahoma City, Okla. Tuesday.

LET'S COOK SOMETHING!

Salad Is Pretty, Tasty

By SUE COLEMAN
Women's Editor

Some of the furniture in Mrs. Marcus L. Bell's apartment at 904 Miles was carried by Mississippi River steamboat to Pine Bluff, Ark., away back in the nineteenth century when river traffic was the fastest way to ship cargo from the east.

A HANDSOME SETTE, chairs and a marble-topped chest are among the pieces which were used in the home of her late husband's parents at Pine Bluff, then a thriving river port.

The furniture later came into the possession of the Bells, who had a home in New York City and a country place at Darien, Conn. after they moved east from Chicago in 1919.

Mrs. Bell was born in Chicago, grew up and married there. She was educated in her native city and at Monticello in Southern Illinois, then a secondary school for girls but not a junior college.

When she moved to Hereford 11 years ago, after a number of visits here in the home of her daughter, Mrs. Bruce Miller, she selected only enough furniture for an apartment, choosing mostly the family heirloom pieces, favorite pictures, books, rugs, and decorative items. Other household effects she divided among her four children.

A VISITOR to her home is aware at once of her distinctive taste, and senses that each piece of fine old furniture is treasured for its associations as well as its intrinsic worth.

Mrs. Bell says she enjoys life in West Texas, and feels that she is "almost an old-timer" of Hereford because she has been so much of the city's growth.

She spends about two months of each year with her other daughter and two sons, in New York and Washington, D. C., and says she loves both those cities although she calls Hereford home.

She remains on the non-resident list of a club in New York of which she was long a member, and she still holds associate membership in Bellvue Hospital Center Auxiliary and enjoys reading its annual reports recalling her years of activity in the women's auxiliary to that noted charity hospital.

PARTICIPATING IN the program of women in St. Thomas' Episcopal Church here, she formerly was active in Hereford Council of Church Women.

One of her contributions to the annual bazaar and luncheon at St. Thomas' Church last fall was a delicious salad, for which she gives the recipe. The quantity is enough for a church or club luncheon, or a big family dinner, but Mrs. Bell says the salad will keep well in a refrigerator, and may be served a week after it is made.

It should be made a day before serving, so it will be thoroughly set before it is unmolded, she adds. It is attractive when made in an 8-inch ring mold (1½ quarts) or is nice in individual molds, especially pretty when garnished with water cress.

PINEAPPLE-CARROT MOLD

- 1 No. 2 can crushed pineapple
 - 1 package lemon flavored Jello
 - ½ cup granulated sugar
 - ¼ teaspoon salt
 - 2 tablespoons lemon juice (fresh)
 - 1 cup finely grated carrots
 - ½ pint whipping cream
- Drain crushed pineapple keeping the juice. Add water to pineapple syrup to make 1½ cups — heat this. Add gelatin and stir in sugar, salt and lemon juice.
- Chill until slightly thickened. Fold in crushed pineapple and grated carrots. Whip cream stiff and fold into gelatin mixture. Pour into mold you may prefer. Chill until firm.

Annual Meeting Of Red Cross Board Slated

The annual meeting of Deaf Smith County Red Cross Chapter will be held at 10 a. m. Tuesday in First National Bank Community Room, Melvin Jay-

roe, chapter president, announces.

Election of directors to fill vacancies on the board will be a part of the meeting, and reports will be heard on various phases of chapter activity.

The public is invited, and Jayroe urges county residents to attend the meeting, with a reminder that all who contribute to the Red Cross are members.

Congratulations to those who came out with a first place in the recent Interscholastic League competitions. Randy Tooley took first in Number Sense, Tyler Thompson in Science, and Tommy Betzen and Richard Brown tied for first in the Slide Rule competition.

Nerves are starting to bother several of the sophomore and junior girls. The reason for all of the shakiness is the fast approaching of tryouts for the 1966 cheerleaders. Tryouts have been set for April 15. So that's something to look forward to.

BASKETBALL players were nearly unrecognizable Tuesday as they paraded up and down the halls in their new basketball jackets. The jackets are a deep maroon with cream sleeves. Very nice, and something to be proud of.

Something else to be proud of is the H. H. S. track team. These boys put in hours of hard work and they do a good job, so support them every chance in order to make their work worth while.

SLAVE DAY has come and gone adding a few hilarious memories to the year. Some of the slaves were really something to behold, discomfort and all. Anyone wishing to know what it feels like to walk around in cooked oatmeal all day should ask sophomore Penny Young. Penny received some of the roughest treatment but she was a good sport about it.

Saturday night there will be a dance at the Community Center featuring the fabulous "V.I. counts." Be sure to attend. "Ma" is good enough to try and provide good bands so show her your appreciation.

THIS IS the dreaded week, six weeks test are in full swing. At least we have the luxury of facing only one more six weeks and then enjoy the summer.

Members of the High Brown Gals who performed in the Lions Club Minstrel really enjoyed themselves until it came to removing all of the stage make-up. But removing the make-up was the least of their worries. It seems there was a camera

AFS Board Has Report Session

At a meeting of the local American Field Service board Tuesday afternoon, members heard reports that applications from local families have been sent to national headquarters for choice of host families for students from foreign countries who will attend Hereford schools next term under the AFS program.

Plans were discussed for final services to the current AFS students here, Teresita Parba of the Philippines and Leif Nellenman of Denmark, also for formation of a student committee in Hereford High School to aid next year's foreign students in becoming oriented to the school routine.

News About Area Men On Duty

Staff Sergeant Robert D. Byrd son of Mr. and Mrs. Demsey L. Smith who reside in Hereford, has been graduated from the course at Pope AFB, N. C., for U. S. Air Force on-the-job training supervisors.

Sergeant Byrd, qualified to supervise specialized training of personnel to higher skill levels in their Air Force career fields, is remaining at Pope for duty. He is a member of the Tactical Air Command which supports U. S. ground forces with air strikes, aerial delivery of troops and equipment and other combat airpower.

bug named Jo Ann Ferguson prowling around backstage. Also on the program for the Lion's were the Acapella Choir from H. H. S. They presented a medley from Oklahoma Dressed in long "western" dresses and cowboy outfits they really fit their music. However Director Richard Jackson hadn't expected for all of the cowboy hats to fly off into the air at the end. It went over so well they repeated it the second night.

The counselor's office will be quieter for about a week. Mr. Thompson has gone to Washington, D. C. to attend a convention and has left Mrs. Braddy to take care of things.

It's very good to be generous but generosity can go too far. Thanks anyway Wynn, but you can keep you "Candy" to yourself.

Merchants Stage Easter Egg Hunt

Youngsters from throughout the area are invited to participate in the first annual Sugarland Mall Shopping Center Free Easter Egg Hunt, slated for 9 a. m. Saturday in Sugarland Mall.

Some 4,000 candy Easter eggs will be hidden in the mall. INCLUDED will be dozens of special prize eggs entitling finders to gifts from merchants at the center.

A grand prize egg good for the giant stuffed rabbit shown below will also be included.

Children through age eight may participate in the event — and those below three years of age will have a ten-minute head start in the search for the eggs. Prizes will range from toys to a year's supply of popcorn, candy, and ice cream.

Meeting Set For Plumbing, Heating Assn.

Members of the newly-organized Plumbing, Heating and Cooling Association of Hereford will meet tonight at 8 p. m. to discuss the possibility of a more rigid city code.

THE ORGANIZATION was started two months ago and now has nine members. Members include, Nelson Plumbing Co., Barrett Plumbing, Jim's Plumbing, Smitty's Refrigeration, Airco Heating and Sheet Metal, Walker Refrigeration, Hager Plumbing, Jim Pavelicek Co. and Victor Plumbing Co.

IN THE PAST meetings the association has had speakers from different associations in other cities.

One of the main points the organization is asking in the new

Sen. Tower Pushes Two Key Measures

Senator John Tower has joined as a sponsor of two key measures being presented to Congress for consideration this spring.

He is co-sponsor of a bill to extend the deadline for Medicare registrations from March 31 until August 31, and he is co-sponsor of a bill to allow voluntary student prayer in schools.

"A POSSIBLE crisis is developing under current Medicare restrictions," Senator Tower said. "The law requires registration for certain benefits by March 31, yet it appears some five million older American may be unable to register in time.

"The inability of these persons to register for Medicare has in large part been caused by red tape and clumsy bureaucratic administration. Some Texans have written to me of their bewilderment at the cumbersome technical requirements. They must not be penalized because of their government's shortcomings; therefore, a longer registration period is in order."

Addressing the Senate on the prayer question, Senator Tower said:

"THE QUESTION is whether pupils who desire to join in a prayer at the beginning of each school day may do so. Recent decisions of the Supreme Court have prevented many pupils who want to exercise their Constitutional religious right from doing so.

"It is my hope that the Senate will quickly pass the proposed Constitutional amendment so that religious freedom will be permitted again in our schools. This right of Americans must remain a part of our national strength and heritage."

city code is better venting of gas appliances.

Members are also asking for the formation of a board composed of a plumber, architect, engineer and the chief plumbing inspector to help carry out the new code.

RECEIVE CHARTER NO. 25 — Members and officials of Boy Scout Troop 25 received the troop's 25th Annual Charter in a ceremony Monday night, marking its quarter-century birthday. Roy Faubion, fifth from left in front row, presents the charter to Jap Dickerson, the troop's institutional representative. Among those on hand were, from the left: Front row, Assistant Scoutmasters Bill Phillips, Gid

Brown, and Ted Higgins; Dickerson, Faubion; Scoutmaster Frank Ford; the troop's first Scoutmaster, Orpha Click, who headed the troop when it was founded in 1941; and Assistant Scoutmaster Al Hunter. Back row, troop committee members: Doug Ruland, Domingo Pesina, Ernest Roberts, Cleo Corlis, Dale Young, and Baxter London. (Bradly Photo)

Boy Scout Troop Marks 25th Year

Boy Scout Troop 52 was presented its 25th Annual Charter Monday night at its regular meeting by Roy Faubion, Organization Chairman for the Tierra Blanca District. The charter was presented to J. W. Dickerson, Jr., Institutional Representative for the First Methodist Church, the troop's sponsor.

J. Frank Ford, Jr., Scoutmaster of Troop 52 for the past five years, stated that there are 50 boys active in the troop at the present time, of which 15 are training for a special emergency service unit, under the direction of Mr. Dickerson, who is also the Hereford Fire Chief. This "Emergency Service Corps" will be available to assist the Hereford Fire Department in case of natural disaster or other emergency. This group receiving training in first aid, firemanship, safety, life-saving, and electricity.

Six boys in Troop 52 have received the Eagle Award, scouting's highest rank, during the past five years. They are Richard Brown, David Grubbs, Steve Conaway, Arvell Williams, Lawrence Warner, and Ricky Grubbs. Three of these boys, with several others from Hereford, made a 120 mile canoe trip in Canada this past summer. Troop 52 goes camping every two months, generally where the fishing is best. The troop recently made a two night encamp-

ment at Ute Lake, near Logan N. M., and also makes camping trips to Tres Ritos, N. M. and Camp Don Harrington, near Canyon.

Ted Higgins, Gid Brown, Dale Gibson, and Al Hunter serve Troop 52 as Assistant Scoutmasters, and Bill Phillips Cleo Corlis, Dale Young, Ernest Roberts, and Baxter London are on the Troop Committee. "We had nine of these men, along with 41 boys at our recent camp at Ute Lake," said Scoutmaster Ford, "so we not only have ample adult support for the scouting efforts of these boys but we enjoy these outings as much as the boys do."

Troop 52 meets Monday nights at 7:30 at the Fellowship Hall of the First Methodist Church.

HUMOR

Bill Davison, and wife are both authors, but he is the one who writes about their 18th century farm house in Connecticut. This ownership grew out of a visit which she made to an antique show and bought an old sign "Braebury Inn".

Thus begins a book entitled "The Crickets All Look Alike" stemming from the first night's stay in the house by the writer, wife and young daughter before their furniture arrived. They camped out. The noise of the many crickets, to which they were unused, brought a request from the wife to do something about those noisy insects. She demanded that he at least obliterate the loudest one. He brought back the word that all crickets looked alike and he could not find the big one.

These are only two of the many episodes which fill the gay and amusing book. The tale is of sophisticated people and their friends; as well as the natives who are more varied than one might suppose. Among the latter were: friendly Arabs — of all people taciturn Yankees, whom they had expected; the volunteer fire department, which formed a part of the social background of the community; local politicians; very unusual antique dealers; and some unclassified odd characters all of whom have a part in the story.

THEY SOON made friends of near-by neighbors, who took them under their wing to help learn the ways of the area. These included manners of dress cooking and entertaining and how to adapt to the local customs. While the author's wife was exchanging recipes with one woman, she learned to entertain New England style and the food and methods.

The problems of keeping the old house were many, and again the neighbors came to their rescue. Even the Panamanian cook adds spice to the story when she makes a friend of the yard-man, a native who adopted each other with tall tales.

But the time came when one problem seemed insolvable and the family sadly prepared to sell the old house and put out a sign. Again the neighbors came up with a solution so that they might remain. By this time the Davisons had been admitted to the magic circle and were loved by the natives as one of their own kind. They have been here only two years — and already they are just like US!

—Corinne J. Neely

B&PW Emblem Breakfast Held

Seven members added to Business and Professional Women's Club roll in the past year were formally welcomed at the annual Emblem Breakfast Sunday morning in La Hacienda Cafe, when guests presented a special program.

A large replica of the B&PW Club emblem, made by Bruce Rose, was placed on the mantel with a bronze emblem plaque. Tables were decorated in blue and gold, international club colors.

Ruby Lee Hickman, immediate past president, explained the significance of emblem and colors to the new members, then presented each a jonquil corsage. The honorees are Jean Ferguson, Alexine Garlitz, Marian Davis, Gwen Leatherman, Nancy Richie, Lucille Edwards and Doris Ravizza.

Della Stagner, program director, gave the club's welcome to the new members. She introduced Miss Gladys Setliff, whose talk suited to the Palm Sunday occasion was on Women in the Life of Christ.

In the same theme was the vocal solo, The Wonder Of It All, by Mrs. Zack Pannell, who sang to piano accompaniment from an adjoining room. The invocation and welcome to guests was given by Kathleen Baker, club president.

Candles in low holders were arranged with jonquils on the buffet table from which breakfast was served. Spring flowers centered the T-shaped table where members and their guests were seated, and Easter eggs were spaced at intervals down the blue and gold center runners.

In 1737 New York City's first fire department was organized made up of 42 strong, able, discreet, honest and sober men.

CLUB EMBLEM FEATURED — A plaque with insignia of the National Business and Professional Women's Club is displayed by Ursalee Jacobsen, president-elect of the Hereford club, as officers chosen March 21 for the coming year pose at the annual Emblem Breakfast Sunday morning. From left they are Marian Anderson, second vice president; Gwen Leatherman, corresponding secretary; Mrs. Jacobsen; Avis Northcutt, first vice president; Lucille Park, treasurer; Nancy Richie, recording secretary.

ONE MINUTE, PLEASE

THE CHURCH I LOVE GLORIES IN THE RESURRECTION OF CHRIST (21st in a series).

"If Christ has not been raised, your faith is futile and you are still in your sins." I Corinthians 15:17.

The most wonderful thing in all history has happened. Christ has arisen. "Now after the sabbath, toward the dawn of the first day of the week, Mary Magdalene and the other Mary went to see the sepulchre. And behold, there was a great earthquake; for an angel of the Lord descended from heaven and came and rolled back the stone, and sat upon it. His appearance was like lightning, and his raiment white as snow, and for fear of him the guards trembled and became like dead men. But the angel said to the women, 'Do not be afraid, for I know that you seek Jesus who is crucified. He is not here; for he has risen, as he said. Come, see the place where he lay. Then go quickly and tell his disciples that he has risen from the dead, and behold, he is going before you to Galilee; there you will see him. Lo, I have told you!' So they departed quickly from the tomb with fear and great joy, and ran to tell his disciples. And behold, Jesus met them and said, 'Hail!' And they came up and took hold of his feet and worshiped him. Then Jesus said to them, 'Do not be afraid, go and tell my brethren to go to Galilee, and there they will see me.'" Matthew 28:1-10.

Home Treasures Shown In La Plata Program

Home Treasure Show was the subject of La Plata Study Club's program Tuesday evening, and each member showed and told about some object she values.

Mrs. Louis Woodford was hostess in her home.

Mrs. Jack Brown was the speaker, who defined a treasure as something put away for future use. She spoke of the tendency, in this age of abundant material possessions, to discard things only to replace them with new models, saying that "today's purchase" is tomorrow's garbage.

Trophy Is Won By LaNita Herr

LaNita Herr won the speaking trophy at this week's session of the 4-H Club Public Speaking Group. Other speakers at the meeting were Grace Vasek and Gary Dillard, who also served as topic master. The evaluator was Joyce Bezner, senior public speaker.

Also present were Mary Ann Vance, Patsy Paetzold, Mary Ann Wagner, Martha Ann McBride, Mary Linderman, Margie Paetzold and Larry Justice.

Money Is Topic In Club

Touching on economic theories and the current state of international finance as well as familiar problems of individuals and nations, Mrs. A. B. Higgins discussed the program subject, Money, for La Afflatus Estudio Club members Tuesday afternoon.

Local Thinclads To Host Home Tourney

Hereford thinclads will host Canyon and Tulia this afternoon in the Hereford Invitational Track Meet, with the action getting underway at 2:30 p. m.

FIELD EVENTS will get underway at 2:30 p. m. and will be finished by 4:30 p. m. The gun will go off for the beginning of the finals at 7:30 p. m.

All three schools will enter both varsity and freshman teams to compete in the field events.

Coach Joe Brooks, of Hereford, is the coordinator for the annual event.

Brooks said that he expects some close races in many of the events with all three schools sporting some good runners.

FEW CHANGES will be made in the Hereford lineup of thinclads on both the varsity and freshman teams.

Coach Clyde Coleman, freshman track coach, said he expects some tough competition in the frosh events also.

Donnie Fangman, who broke the freshman record at the Hereford meet only two weeks ago will be trying to better the 148 foot mark on the discus.

Frosh Thinclads To Compete In Local Tourney

Freshmen thinclads will be at home this weekend as they take part in the Hereford Invitational Track Meet this afternoon.

The Frosh traveled to Springlake last weekend and came home with second place.

Freshmen cindermen took second place a week earlier at Hereford Junior High track meet.

Both Tulia and Canyon will be running against the local frosh in the meet at Whiteface Stadium.

The old record was set only a year ago by his brother Ricky Fangman at 145 feet.

BROOKS said that his varsity team has been improving consistently in the past weeks with the whole team looking better each week.

Charlie Inman is looking good on the mile and has narrowed his time down considerably in the past few weeks.

Gary Goodin, a Hereford sophomore, is doing an excellent job on the low hurdles.

JIM CHILDERS is improving each week on both the low and high hurdles.

David Kelley took a bad spill at the Amarillo Relays last weekend, but is back in shape and will be running in the events Thursday.

Steve Hodges To Sign With U of H Cougars

Hereford High School head football coach and Whiteface quarterback Steve Hodges traveled to Houston last week-end where Hodges talked to football officials there.

HODGES committed himself to the college for a football scholarship and will sign with them in May, following the end of baseball season.

Hodges was named to both teams on the all-district football list and was named to the all-district basketball team.

The talented arm of Hodges along with the receiving of Roger Owen led the Whitefaces through many tight places in the 1965 football season.

Hodges was presented the Fighting Whiteface award by the coaches for his outstanding work on the football squad.

Baseballers Win Over Bovina 14-7

Whiteface baseballers took their third win of the season Wednesday afternoon when they defeated the Bovina nine 14-7 in non-conference action.

HEREFORD was originally scheduled to clash with the Bovina team Tuesday in Bovina, but snow on the ground at the nearby city caused the postponement of the game.

The locals scored one run in the first inning, eight in the second and two in the third to put them out in front 11-0 at the end of the third inning.

Bovina scored its first runs of the day in the fourth inning and brought the score to 11-3.

HEREFORD scored three runs in the fifth inning. Bovina scored four runs in the seventh inning to put the icing on the cake.

Ed Mims handled the pitching duties for the Whitefaces until the end of the fifth inning when Leaton Noyes took over.

Jesse Stone pitched one inning for the Bovina team and Scotty Rundell took over in the second.

Gary Tucker caught for the Whitefaces and Kent Stanberry for the Bovina team.

GENE DUVALL hit two doubles for the Whitefaces and Watts hit one double.

Barry Johnson hit a triple for the local nine.

Rundell hit a double for Bovina.

Hereford will go into action again Tuesday when they play Farwell here in Whiteface Field at 4 p. m.

Tag Team Set For Friday's Main Event

Dory Funk Jr. and Dandy Dan Miller will be matched against Butcher Jardine and Dutch Savage in the tag team main event Friday in the Bull Barn.

Activity will get underway at 8:30 p. m. with two other wrestling events scheduled on the card.

Terry Funk will take on Alex Perez, and Dandy Dan Miller will be matched against Butcher Jardine.

The event is sponsored by the local Lions Club.

Admission is \$1.75 for ringside seats, \$1 for general admission and 50 cents for children.

Local School Officials To Attend Meeting

Hereford High School head football coach, Jack Meredith and superintendent, Johnny Clark will travel to Austin in May.

Clark was selected, with 20 other superintendents, from all the states' schools to attend this meeting.

During the meeting Clark and Meredith will meet with the University Interscholastic League committee and discuss the present athletic policies.

Meredith said the group would try to outline better rules for high school athletics.

Frosh Take 2nd In Springlake

Hereford freshmen thinclads took second place in the Springlake Field and Track Meet Saturday at Springlake.

LITTLEFIELD was the winner in the meet taking 123 points. Hereford runners collected 96½ points in the events.

This was the second meet of the season for the group and the second number two place also. Hereford took a second place in the Hereford Junior High School Track Meet two weeks ago.

In that meet Donnie Fangman broke the local discus record when he hurled the weight some 145 feet.

AL CLARK won first place Saturday in the High and low hurdles.

Fangman did a repeat performance and took first place in the discus competition.

Members of the sprint relay team took third place and the mile relay team took second place.

Jim Scott won third place in the discus event and Larry Crume won third place in the 880-yard dash. Ollie Williams and Jim Victor placed fifth and sixth respectively in the low hurdles.

WILLIAMS also placed sixth in the high hurdle, competition and placed fifth in pole vaulting.

Neil Kelly won sixth place in both the 660-yard dash and the 880-yard dash.

Bill Russell took fourth place in the 220-yard dash.

Frosh thinclads will go into action again this afternoon when they participate in the Hereford Invitational Track Meet at Whiteface Stadium.

Golfers Rest Over Holidays

Hereford High School golfers will take a rest Saturday after seven straight weeks of golf tournaments.

THE LAST five weeks the locals have been competing in the district golf round and are now sporting a 48 stroke lead over second place Muleshoe.

Hereford won the first meet at Muleshoe, but had a bad day the next week at Dumas taking third place and managing only a three point district lead.

The following week the locals gained two strokes for a five stroke lead and then the next week took a 40-stroke lead on their own course.

LAST WEEK the Whitefaces traveled to Canyon where they added another eight strokes to the tally.

Saturday Apr. 16 the Whitefaces will travel to Perryton where they will play the last regular scheduled meet of the season.

At the end of the meet if the locals still have the lead then the district trophy will be presented to them.

The regional golf meet will be held in Odessa Apr. 21, 22 and 23.

MULESHOE is the only team close to the Whitefaces, Dumas is third and Tulia is fourth.

Jimmy Young is leading the district for medalist honors only a few strokes over Sam Johnson of Muleshoe.

Young was the medalist for two of the meets. He took medalist honors at the Tulia tournament and at the Hereford tournament.

Other players on the Hereford team are Andy Channer, Mike Horton; Steve Hendon and Roger Owen.

Owen, Young and Channer are all seniors, Horton is a junior and Hendon is a sophomore.

Slate Changes Give Baseball Players Rest

A last minute schedule change will give Whiteface baseball players an uninterrupted Easter Vacation.

Coach Don Dorman said this week that the game which was originally scheduled at Nazareth for Friday will be postponed and the locals will travel to Nazareth Apr. 15 for a double header.

Tuesday the team will clash with Farwell here at 4 p. m. at Whiteface field.

The game with Nazareth scheduled Apr. 15 was set for the home field, but in the schedule change the location was moved to Nazareth.

Kansas City is headquarters for the National Collegiate Athletic Association and the National Association of Intercollegiate Athletics.

It is specifically states, according to the Texas Parks and Wildlife Department, that occupants of the non-motorized craft "shall have ready at hand a lantern showing a white light which shall be temporarily exhibited in sufficient time to prevent a collision."

It is further stated: "Rafts, or other water craft not herein provided for, navigating by hand power, horsepower or by the current of the river, shall carry one or more good white lights" visible up to two miles.

A PARKS AND Wildlife Department spokesman said proper illumination of the slow moving craft is vital to safety, particularly in areas where fishermen normally run their lines after dark.

Lighting motor boats will follow uniform Inland and International Rules of the Road, with white, red and green lights precisely located with red to port and green to starboard, and with a white light at the stern located higher than any other part of the boat.

THE DEPARTMENT spokesman said the lighting requirements are so exacting and vary so much according to boat types, that exact specifications should be obtained from the Motor Vehicle Division of the Texas Highway Department which administers the law. It's address is 40th and Jackson Avenue, Austin, Texas.

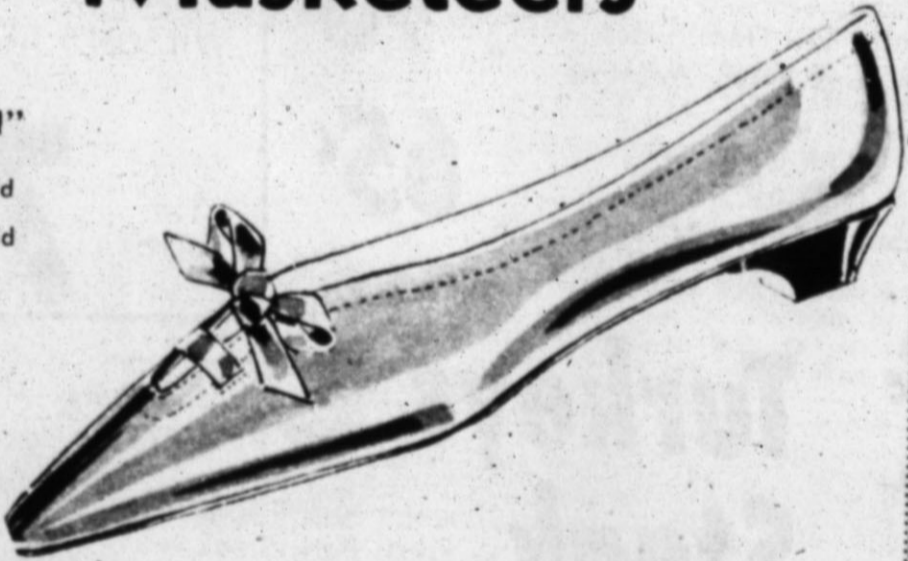

"Rules of the Road, International - Inland," CG-169, may be obtained from the U. S. Government Printing Office in Washington, D. C.

"Proper lighting" is indispensable," said the spokesman. "There simply cannot be any guesswork after dark what with the speed of modern pleasure boats and the increasing congestion of our waterways."

Small Talk

By SUE COLEMAN
Women's Editor

When the Jess Stanfords traveled, in past years, they did it on their own and they figured they wouldn't care at all for a guided tour, but they tried one to Mexico and are enthusiastic about the results.

MR. AND MRS. STANFORD lately returned from the jaunt, a bus tour which began and ended at Phoenix, Ariz.

They went down through the mountains on the eastern side of Mexico to the capital, then back up the west coast, a leisurely trip which included numerous side trips to villages or scenic spots which they are sure they never would have found if they had been driving their own car down the highways.

Six days were spent in Mexico City, with a guide whom they found well qualified and interesting to direct them on sightseeing excursions. They also had free time when they wanted to look about by themselves, so they avoided the feeling of being "herded" which afflicts some tour-party members. And most important, says

Mrs. Stanford, they found congenial acquaintances among the 29 persons in their party, whom they were reluctant to leave at the end of the tour.

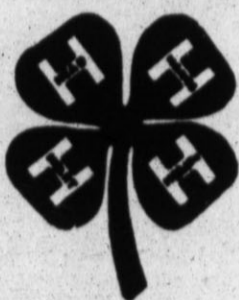

AMONG THE OFFICERS installed for the Daughters of the Nile at Amarillo Saturday was Kathleen Baker of Hereford as one of the princesses of Avihk Temple 70. Mrs. Claude Miller took the head office as queen. Daughters of the Nile is a women's organization associated with Shrine groups.

A GOOD MANY PEOPLE still say they haven't seen the newly-glamorized Bull Barn, and those who haven't just aren't familiar with all Hereford's assets. Lots of much bigger cities would be happy to have a meeting place so versatile and so good-looking.

Its possibilities grow on you as you look around; looks like a wonderful place for conventions, square dances, floyer shows, banquets, potical speakings, band concerts old settlers, reunions and other sociable occasions. And it is still suitable for its

former uses, stock shows and wrestling matches. One thing could make it even nicer, especially for events like conventions where lots of out-of-town people visit it. That is some planting on the grounds, with due regard for parking room, and also on the approaches.

Of course the latter involves private property and would be a matter strictly up to the owners, but it would be nice. That's evident when you notice the trees and shrubs on the Allred Oil Co. yard on one side of the road after you cross the railroads.

NEWS

Four-H Club events for spring and summer months were announced in a meeting of Deaf Smith County 4-H Council in Community Center recently. Of immediate interest is the Science in 4-H program, set for 7:30 p. m. Apr. 12 in Community Center ballroom.

A record book workshop will be held Apr. 22, and Livestock subject matter group meetings will be resumed in April or May. The Council recommended to the Leaders Council that the annual Bake Show be held June 17.

Summer meetings of subject matter groups were discussed and tentative plans were made for a 4-H Club party in mid-summer, the details to be decided by the summer activities committee.

It was announced that Deaf Smith County delegates, Dorothy Marnell and Gerald Witkowski, have been named to the miscellaneous committee of the District 4-H Council.

Miss Marnell presided for the meeting. Others present were Jane and Gerald Witkowski, Joyce Beizer, Cynthia Hanna, Diana Hickman, Cynthia Beene, Pam Winget, Jackie Woodward, Janice Turrentine, Charles Atchley and Joel Williamson.

Adults present were Mrs. Rita Huckert, assistant Home Demonstration agent, Mrs. Leo Witkowski and Mrs. Robert Hickman.

DRIVEN TO HER GOAL

DECATUR, Ill. (AP) — Mrs. Robert W. Schonert estimates she drove 27,000 miles for the sake of acquiring a master's degree. She has been commuting from home to the University of Illinois, Champaign, for three years from one to six times a week.

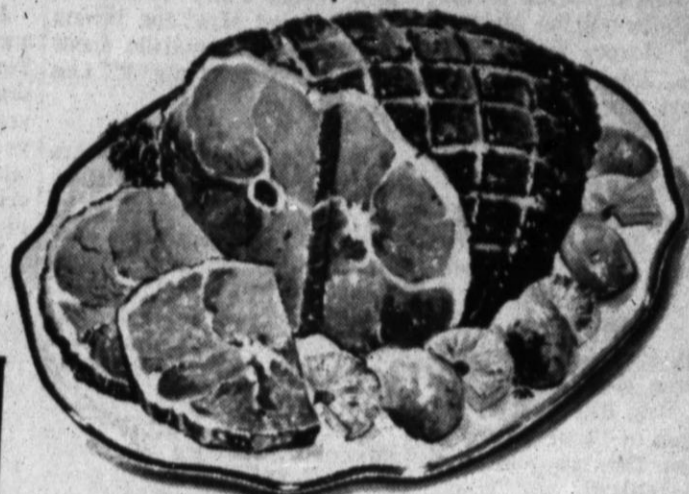

A local librarian, she got her sheepskin by mail because there was no official ceremony at the time of her graduation.

Texas Calendar Lists Events Across State

Although there's something colorfully "fishy" about its cover, both Texan and non-Texan are going to find it virtually impossible not to be hooked on one or several of the events listed in the latest edition of the "Texas Calendar of Events."

Just published by the Travel and Information Division of the Texas Highway Department, in separate English and Spanish versions, the calendar offers travelers almost 400 events from which to sample the historic, recreational and scenic attractions of "Texas: Land of Contrast."

NOT THE LEAST of which are the nautical doings at Searama in Galveston, whose finny denizens are the cover subject for this calendar that lists events occurring between April and September 30, inclusive.

The big events are there — Fiesta San Antonio, Six Flags Over Texas, and the Texas Cowboy Reunion — as well as such tempting entertainments as the brand new Longhorn Jazz Festival at Austin, the unique Queen Ooola Day and Miss Stone Age Contest at Iraan, and the historic Motorcade Caravan from Cuero to St. Joseph, Mo., along the approximate route of the original Old Chisholm trail.

BECAUSE OF its wide diversity of listed subjects, travelers will find themselves with any number of choices to describe the "Texas Calendar of Events."

Such as:

"It's the berries" — Strawberry Festival at Potet. (April 15-16)

Or "Texas surely knows its onions" — Onion Fiesta and Musical Festival at Raymondville. (April 14-16)

And even "See Texas First," the official title of a flower show to be held in Wharton. (April 21)

That flower show, incidentally, is only one of some 25 floral events calling attention to the Bluebonnet, state flower of Texas, as well as azaleas, dogwood — and even crimson clover.

THE ENGLISH version of the "Texas Calendar of Events" will be distributed through customary channels — Highway Department's Tourist Bureaus and District Offices throughout the state, as well as chamber of

Mr. and Mrs. E. E. Allen visited Sunday in Hereford with Mr. and Mrs. Johnny Townsend and Terri.

commerce, air and bus terminals, and other outlets.

Its Spanish version will be distributed primarily through major travel offices in Mexico.

Copies of either translation may be obtained free by a stop at one of the Highway Department's eight Tourist Bureaus, or by directing an inquiry to the Travel and Information Division P. O. Box 5064, Austin, Texas 78703.

POLICE PRIDE

DAR-ES-SALAAM, Tanzania — Two thieves who stole the bar money from the Mikumi Game Lodge, Tanzania, have a pride of lion to thank for their capture.

The lions barred their escape along the road to a nearby village. The frightened thieves got a lift back the way they had come, from a passing truck.

But a game warden traveling in the same vehicle became suspicious and reported the incident to the police. His description of the two men led to their speedy capture.

Club Has Book Review Election

Officers for next year were elected in a brief business period at a guest day meeting of Garden Beautiful Club in the home of Mrs. Bruce Burney Friday afternoon, when a member, Mrs. Ansel McDowell, was presented in a book review.

Mrs. Charlie Noland heads the officers-elect for next season, with Mrs. L. H. Lookingbill Sr., Mrs. Ray Cowser and Mrs. McDowell as vice president, Mrs. Leo Witkowski recording secretary, Mrs. Roy Smith treasurer, Mrs. Tom Carter corresponding secretary and Mrs. E. W. Young reporter.

Mrs. Will S. Kerr presided for the election and welcomed guests.

Mrs. McDowell gave a dramatic review of Taylor Caldwell's historical novel, Pillar of Iron. This story unfolds as Roman democracy faces its own decay,

she said, and it points up many parallels with American democracy.

She mentioned that the novel is based on a prodigious job of research; the writer traveled to Rome and Greece to study locations, and pored through numerous volumes in the Vatican Library.

The review closed with the quotation, "Those nations which ignore history are doomed to repeat its tragedy."

Hostesses with Mrs. Burney were Mrs. V. O. Hennen, Mrs. Roy Smith and Mrs. Marlin Gilliland. They served refreshments to 17 members and their guests.

The latter included Mrs. D. C. McWhorter, R. B. Miller, Richard Barnard, Richard Winget, Owen Stagner, Howard Scott, J. T. Gilbreath Jr., Howard E. Johnson and Staley Hackley.

Former Hereford Man Completes Pilot School

Alvin L. Williams, Jr., formerly of Hereford, has completed pilot training with Trans World Airlines. He is the son of Mr. and Mrs. A. L. Williams, Sr., Route 1, Hereford.

Williams, who is married and the father of three children, recently moved his family to Los Angeles where he is domiciled by the airline. He presently is assigned as a pilot/engineer on TWA StarStream jetliner flights from Los Angeles International Airport.

Williams began his aviation career with the U. S. Air Force and has logged extensive flight experience in military aircraft. He is a graduate of the Central Bible Institute, Springfield, Mo.

Before being assigned to flight duty, Williams was graduated from TWA's Jack Frye Inter-

national Training Center in Kansas City, Mo. The center is named in honor of the late Jack Frye, aviation pioneer and one-time president of TWA.

H.D. Agent Is Club Speaker

Purchase of fabrics was discussed by Mrs. Argen Draper, County Home Demonstration Agent, on the program of Dawn H. D. Club Friday afternoon in Mrs. Jim McCabe's home. Two guests, Mrs. H. V. McCabe, and Mrs. Arthur, were present with five members.

Mrs. Draper advised the women to learn generic names of fabrics and their characteristics, in order to know which to buy for specific purposes. Fabric content of garments is shown on labels, she added, and these labels should be read carefully and then saved for reference when the garments are cleaned, dyed or remodeled.

The next club meeting will be Apr. 15 with Mrs. Dick Golden

Cancer Control Program Given For RHV Club

A salad luncheon for Rural Home Variety Club in the home of Mrs. Boyd Foster was followed by the showing of an educational film on cancer, pointing out early signs of the disease and the importance of regular check-ups to detect it.

Mrs. Edwin Axe of the Deaf Smith unit of American Cancer Society showed the film, stressing the value of education in the fight against cancer, to inform the public so the disease may be detected and treated early. The program was in observance of April as Cancer Control Month.

Mrs. Jack Coleman was hostess with Mrs. Foster. Guests of the club were Meses. Ola Dennis, Bud Thomas and Axe.

Members present included Meses. Fred Boren, Woodrow Dutton, Bryce Finley, Arthur Howe, Dale Hallows, Gary McQuigg, Bill Roberts, Bill West, Lewis West, Jack Williams, Clancy Worthan and Cliff Hutson.

After the film showing, some of the group remained to play bridge through the afternoon.

Super Q isn't a miracle fertilizer.

No matter what anybody says.

We will admit, though, that the farmers who use Super Q as part of a sound management program get some pretty spectacular results.

Take A. E. Cappoferri of Cherry Hills, N.J. With the help of Super Q for Tomatoes he harvested 41½ tons of tomatoes per acre in an area where 18 tons is considered average.

Then there's Luther Edington of Shelbyville, Kentucky, who's been using Super Q for Tobacco for three years. Last year he averaged an outstanding 3,154 pounds of tobacco per acre.

How about corn? Last year our Super Q for Corn helped set an all-time yield record of 161 bushels an acre in the National Corn Picking Contest in Eastern Michigan.

And we could go on and on with yield records in wheat and barley and oats and cotton and potatoes... Spectacular? Yes. Miraculous? No.

Most farmers can never hope to approach production levels like these. But if you're the kind of outstanding farmer whose land is fertile enough, whose cropping and fertilizing methods are progressive enough, and whose goals are high enough, Super Q can offer you a product and a program which together can bring you larger returns than you could ever hope to gain with conventional premium fertilizers.

To find out more about Super Q—the product, the concept, and the program—see your Super Q supplier now.

AUSTIN HIGHLIGHTS

New Voter Registration Periods Sought By Feds

By **VERN SANFORD**
Texas Press Association

AUSTIN, Tex. — Federal authorities think Texans should get two more chances to register for voting in this year's elections.

Department of Justice motion before a three-judge U. S. court requests supplemental registration periods of April 8-19 for primaries; and August 22-October 8 for the November general election.

Justice Department attorneys consider the March 3-17 registration period "inadequate." Although federal attorneys commended Texas officials for "diligence and good faith" in meeting their responsibilities under the initial free registration, they made these complaints:

FORTY-FOUR per cent of county registration offices did not remain open at night; and 47 per cent of counties added no deputy registrars.

Most of the 635,600 voters who registered last month, the Justice Department calculated, signed up during the second week of the March 3-17 period. Many more would have signed up in another week, the motion contended.

Although there are now 2,975,000 Texans registered (or 56 per cent of total potentially eligible adults), about 2,000,000

more remain unregistered, the Justice Department said.

"Frustrating harassment" or an attempt by the federal agency to destroy all state authority over voting procedures, said Gov. John Connally.

"A deliberate, shocking attempt to abuse Texas," charged Atty. Gen. Waggoner Carr. He plans to challenge the right of the Justice Department to delve into such details of election operation as registration dates.

ROAD BEAUTY BILL HIT — Outdoor advertisers, motel owners, tourist attraction operators and salvage dealers at a public hearing here vigorously attacked standards for implementing new federal legislation aimed at beautifying highways by policing billboards and junkyards.

In two days of testimony before Paul E. Warren, U. S. Bureau of Public Roads Examiner, 61 witnesses hammered at the detailed standards, although many said they supported the original intent of the bill.

Most said the regulations proposed by the U. S. Department of Commerce would destroy or seriously damage their businesses.

In addition to witnesses' testimony, the examiner received 84 written statements.

Final regulations will not be adopted until hearings have been concluded in all 50 states

COURTS SPEAK — State Supreme Court will review on May 4 a suit to force reapportionment of Midland County Commissioner's precincts to require substantially equal population in each. A district court ordered the reapportionment, but El Paso Court of Civil Appeals reversed the decision.

Supreme Court refused for second time to hear an appeal from a judgment against the S. W. Richardson estate for failure to pay state, county and school property taxes on 32,750-acre St. Joseph Island in 1960 and 1961.

Austin District Court temporarily enjoined operations of Marketmakers Inc. of Beverly Hills, Calif., three Texas-organized corporations and eight individuals Attorney General Carr described the operations as a "pyramid club scheme" (similar to old chain-letter clubs) which has defrauded hundreds.

TEXAS GROWS — Texas is 13,151 miles bigger than anyone thought. New acreage was discovered after the first detailed study of Texas' area in 20 years was completed by Land Commissioner Jerry Sadler. Report shown the state contains 177,062,700 acres, or 278,600 square miles. However, Alaska's 571,065-square-mile-area still makes

Texans live in the second largest state in the Union.

BRUCellosis — Texas Animal Health Commission reports 11 more counties are testing for initial certification as control counties in the drive to eradicate brucellosis among Texas cattle.

Atascosa, Brooks, Corye 11, Falls, Hamilton, Hood, Jack, Limestone, McLennan, Milam and Roberts Counties are the latest to test. No counties qualified in February but four — Comanche, Moore, Sherman and Deaf Smith — did qualify for recertification.

U. S. Department of Agriculture and the Texas Commission list 55,676 cattle backtagged in markets during the month. There were 12,997 tagged cattle originating in Texas at slaughter and 18,326 cattle tested at markets for return to county with 258 brucellosis reactors discovered.

BUSINESS ACTIVITY UP — Texas business activity index resumed an upward trend in February after three months of "approximate stability," UT's Bureau of Business Research reports.

Hand-in-hand with business gains, non-farm employment soared to new heights with South and West Texas out in front. Overall, the state showed the smallest jobless percentage for February in 14 years — 3.6 per cent.

Construction industry scored a big 16 per cent increase in February over January. Total construction for the first two months of 1966 was 24 per cent above the same period in 1965, a record year.

Major cities showing sharpest growth rates were Dallas, Beaumont, San Angelo and Amarillo.

OIL DISCOVERY PERIOD EXTENDED — Onshore oil discovery allowable period has been extended from 18 to 24 months by order of State Railroad Commission.

Commission will hear proposals to increase the number of onshore wells which are given discovery allowable status. Limit now is five wells in any one reservoir.

A commission spokesman said the agency is trying to encourage exploratory drilling to increase oil and gas reserves.

In Washington, Attorney General Carr told Federal Power Commission that a proposal to import Canadian natural gas to U. S. would create unfair competition with Texas gas, particularly in the state's Permian Basin area.

Student Aid Received — Federal grants totaling 2,476,728 to assist 9,244 Texas college students at 70 institutions have been approved by U. S. Office of Education.

Grants are part of the work-study program under which Federal funds provide 90% of payrolls for student jobs, with local colleges and agencies providing 10%.

SHORT SNORTS — Governor Connally has appointed these five members-at-large to a state Election Law Study Committee to serve with five senators and five representatives previously appointed: Secretary of State John Hill, State Democratic Executive Committee Chairman Will D. Davis, Republican State Chairman Peter O'Donnell, Walter Sterling of Houston and Walter County Democratic Chairman Mike-Volpe of Laredo.

Securities Commissioner William M. King, in issuing an order prohibiting sale of \$2,500,000 in securities of Golden Circle Gospel Foundation Inc., Austin, said proceeds would have gone not to religious purposes but to oil speculation.

New Texas Calendar of Events is available from State Highway Department.

Sen. Culp Kreuger of El Campo, chairman of the Pollution-Multiple Use Study, Texas Waters Committee, called an April 4-7 meeting here to review progress of its work to date and to plan future hearings.

Governor Connally announced approval of these nine projects under the Economic Opportunity Act: Limestone County, \$47,230; San Antonio, \$11,600; Cameron County, \$44,686; Snyder, \$1,493; Uvalde, Kinney and Real Counties, \$19,755; Coleman County, Callahan, McCulloch and Rannels Counties, \$28,813; Tarrant County, \$34,290; Franklin, Hopkins Titus, and Rains Counties, \$19,910; and Laredo and Webb County, \$39,018.

Lt. Gov. Preston Smith named Sen. Jack Hightower of Vernon to the Interim Committee to Study the Nursing Profession. Secondary trading exemption of Saturn Industries, Inc., Dallas, was revoked by the State Securities Board.

Easter

It is now three days after that terrible Dark Friday when God said unto them, "Thus it is written, and thus it behooved Christ to suffer, and to rise from the dead the third day; and that repentance and remission of sins should be preached among all nations." The weighty stones are being rolled away from the grave doors and the Spirit is becoming triumphant over death. The Old Rugged Cross and Christ's tomb are both being snatched, forever, from their association with death. Now,—just then, Heavenly love turned the gloomiest Dark Friday in the annals of human history into a very Good Friday. All that Christmas ever meant to the world is now wholly sanctified in Easter. Christ's promise that He would build the Temple again in three days, has been fulfilled. Easter is the springtime of the soul and Crucifixion has more radiant beauty and deep meaning when we see it through the fragrant glory of the snow white lily. Easter symbolizes the Crucifixion, Burial and Resurrection of our True Leader. The event is packed with all the drama of human emotion we can withstand. Hallelujah, it is Easter. A-men.

NEWS SERVICE SAYS

Inflation, Higher Taxes In Sight As Government Plans Spending

By Washington News Service

If the Federal government continues its "rifles and ruffles" program, informed Republicans are saying on Capitol Hill, the result can only be runaway inflation and a rash of increased taxes.

Many economists, favoring no political party, are saying the same thing. They note that for the first time in six years, the cost-of-living has begun to break through the overhead. They expect higher and higher prices, particularly in such items as food and clothing — the necessities of life. Restoring the taxes which the Johnson Administration cut with so much fanfare in 1964 election year will not do very much good to stop the upward zoom of living costs, they say.

POLITICAL observers here point out that, whereas the President signed the civil rights bill at the Lincoln Memorial and the new immigration bill at the Statue of Liberty — all with considerable fanfare — he put his name on the new tax bill in his office at the White House, with no publicity whatsoever.

The solution being proposed by those with no political axe to grind is a halt in the multi-million dollar programs being pushed by the White House. It is argued that the President got enough "handout legislation" passed in the last session of Congress to hold him for the next year's or at least until the bill for the Vietnamese war has been presented. There can be no cut-back there if the United States is to stem the tide of Red aggression and protect her flanks in Southeast Asia.

But businessmen, big and

small — as well as farmers and those with limited earnings or fixed pensions — feel that expanding the Great Society's programs can only lead to further shrinkage in the purchasing power of the dollar, with hardship to the vast majority of Americans. Foreign aid, they believe, has run its course and is only helping the perennial "gimmies" of countries whose sole interest is in the Yankee dollar, not the Yankee well-being.

"THE BIG businessman always makes out," one Republican congressman recently remarked, "but when inflation hits it's the housewife who has to cope with higher prices at the market and shop, plus a family pay envelope which gets lighter every week."

If taxes are to remain down and inflation curbed, Federal expenditures must be cut. The Administration hopes to hold the line against GOP attempts to break through with a 10 percent cut on authorizations and appropriations for new and expensive projects. In the past, the most effective method has been to ask for more than was wanted, in the formal White House requests to Congress, thereby getting what the heads of departments and agencies had sought in the first place.

This technique may work again this year. But if congressional mail continues to run as it does, overwhelmingly anti-spending the House of Representatives and the Senate may seriously hone their knives for deflating the new "inflation budget."

Veterans Tax Rules Listed

The Veterans Administration said today that practically all veterans' benefits are tax-free and need not be reported on income tax returns.

However, interest earned on GI life insurance dividends left on deposit with the VA, is not classed as a benefit but as earned income, and must be reported on tax returns. Proceeds of the GI policy and the dividends themselves are tax-free and need not be reported, according to the VA.

Other VA benefits which are not taxable include education and training allowances, subsistence payments to disabled veterans in vocational rehabilitation training, compensation and pension payments, grants to seriously disabled veterans for "wheelchair" homes and motor vehicles, and all benefits to families of deceased veterans.

Jaycee-Ette Trips Made Over Area

Reports of trips over this area in the past month were made by Hereford Jaycee-Ettes at their meeting in Community Center Monday evening.

Eight members traveled to Canyon, one to Muleshoe and four to Happy for Jaycee installation banquets, two to Clarendon for a Jaycee-Ette tea.

Plans were made for a meeting Wednesday evening to prepare campaign material for Mrs. Ann Homel of Clarendon, candidate for state Jaycee-Ette president. A membership drive was also planned, and announcement was made that a film concerning cancer will be shown at the April 18 meeting.

Mrs. Wayne Houlette presided in the absence of Mrs. John Meador, president. Others present were Mmes. Dick Kendrick, Troy Vinson, Janice Vines and Jerry Shipman.

Camp Fire Girls Set Date For Fathers' Fete

Wa-Cun-Ya Horizon Club met Monday at the John Gooch residence to plan for the Father-Daughter banquet. Mary Sue Gooch presided.

The program was given by Leif Nellemann, exchange student from Denmark at Hereford High School. After telling of his home, family and school, he played records of popular American songs sung in the Danish language.

Carolyn Hernandez served refreshments. Others present were Becky Bell, Jeanne Ann Gore, Mary Robinson, Ginger Gholson, Lanny Buck, Sue Easley and Kay Golden.

BASIC BLACK IS OUT

AKRON, Ohio, (AP)—The Women's Service Bureau of Good-year has discovered at least one place where basic black is no longer in fashion — automobile tires. Four out of five tires made today are whitewalls. This compares with one of four as recently as 1952.

Rep. Rogers Reports Congressman Praises Work Of Observers

Spring in the Texas Panhandle brings an onslaught of threatening weather as well as wild flowers, green pastures, and warm sun and winds. As every resident of our area knows, spring is the season of the year's most violent weather. With weather so much on everyone's mind, this is an appropriate time to pay tribute to the men and women who serve their neighbors and their country as "cooperative weather observers" for the U. S. Weather Bureau.

The cooperative observers program dates back more than 100 years, but amateur meteorologists have been keeping watch on the skies and maintaining records far longer than that. Benjamin Franklin, using reports from postmasters, traced a hurricane along the Atlantic Coast — the first man to do so — in 1743. Thomas Jefferson maintained an almost continuous record of the weather from 1776 to 1816. Early settlers in Texas maintained weather data, as did soldiers stationed at pre-Civil War stations in Texas, more than three-fourths of which were manned by volunteer civilian observers.

There are now several hundred cooperative observers in Texas, and most Panhandle points are represented in this fine corps of citizens who give

unselfishly of their time in service to their communities. The Weather Bureau does not hesitate to say that the entire climatological program for Texas is dependent upon the cooperation of these volunteer weather observers for its success. Receiving no monetary compensation and using instruments furnished by the Weather Bureau, the cooperative observers maintain and report daily observations.

The Panhandle is honored to claim as a native son the cooperative observer who has served longer in his post than any individual in Texas, past or present. He is Mr. J. J. McMicken of Memphis who began as an observer in April, 1907, and has now served continuously for 58 years. The Cooperative weather station at Memphis was established at the Fort Worth & Denver Railway station at Memphis in July, 1905, and Mr. McMicken — then 16 years old — went to work at the station office in December, 1906. Four months later the station agent gave him the job of keeping the weather records — which he has done ever since. Mr. McMicken is the holder of a 50-year service pin from the Weather Bureau, a 50-year pin from the Masonic Lodge, and a 57-year pin as a Burlington Lines employee. He retired in 1963.

Another well-known Panhandle resident with a long record of service as a cooperative observer is Edwin (Goose) Ramey of Dimmitt. Mr. Ramey has been the official weather observer at Dimmitt since January, 1923. However, as far back as 1911 he was keeping unofficial records

of the rainfall on his ranch.

At Muleshoe is Judge R. J. Klump, who has served as the cooperative observer there since the station was established in 1921. Judge Klump served for four years as county judge of Bailey County and also served for a number of years as city clerk at Muleshoe. There are many others in the Panhandle; Mr. McMicken, Mr. Ramey and Judge Klump are the three with 30-year records. The Weather Bureau says that its more than 12,000 cooperative observers devote more than one million hours a year to observing and recording the weather. Without their observations, our knowledge of our country's climate would indeed be incomplete. All of us in business and industry, agriculture and aviation — people in every walk of life — owe a debt of gratitude to them.

Card Of Thanks

We are most grateful for all the expressions of sympathy from our friends at the illness and recent death of Edward Spurgeon. The many comforting messages, visits and flowers were deeply appreciated by all members of the family. We particularly thank our neighbors for sending food and rendering other acts of kindness to assist us.

The family of Edward Spurgeon.
