

Experts Study Coming Year

DEPOSITS UP \$1.6 MILLION

Banks Post Record Figures—Again

'66 Holidays To Be Discussed At Friday Meet

A meeting to discuss a proposed list of business holidays for 1966 will be held at 10 a. m. Friday in the Hotel Jim Hill.

The session, sponsored by the Chamber of Commerce, is open to all merchants, businessmen, and professional men in the city.

Those present will attempt to reach an agreement on business holidays to be observed here during 1966 according to Bill Thompson, chamber manager, who said this is the sole purpose for the meeting.

Christmas and New Year's will both come on Sunday in '66 and Memorial Day July 4 and Labor Day all come on Mondays. The meeting will be to discuss which days, if any, businesses would be closed.

There has also been a suggestion that Veterans Day, Nov. 11, be observed.

The chamber has published business holiday dates in the past in order that residents may anticipate such closings.

Mobile Units Go Into Use For Bravo

Incorporation of National Smoking Fibers, Inc. to transport and cure lettuce leaves for the manufacture of Bravo Smokes, was announced this week by Bravo Smokes, Inc.

Puzant Torjan, president of Bravo, said the new firm headed by Walter Baetzold of Hereford was formed to insure continuous and adequate supply of lettuce leaves for year-round production in the Hereford Bravo plant.

THREE Cure-A Vans (especially equipped semi-trucks) left Hereford Tuesday for Uvalde where a permanent installation will be made.

ENTRY DEADLINE JAN. 11

Young Farmers Complete Plans For Stock Show

Officials of the Hereford Young Farmers Junior Livestock Show will meet at 12 noon today at the Red Rooster Cafe to finalize plans for their annual livestock show.

This will be the first year for the show under its new name. The event was formerly named the Golden Spread Western Junior Livestock Show, but was recently turned over to the Young Farmers of Deaf Smith County.

ENTRIES for the show will be received until Jan. 14 with the show getting underway Jan. 20 and continuing through Jan. 22.

Edwin Axe, chairman of the show, said earlier that cards have been mailed to agriculture teachers throughout the four-county area served by the show, as well as to the county agricultural agents. These cards must be returned to the Hereford Young Farmers Junior Livestock Show, Inc., Box 192, Hereford, by the Jan. 14 deadline.

The event will be divided into two major divisions, one for the entire four-county area and another with competition limited to Deaf Smith County entrants.

ENTRANTS in the four-county division will be limited to two calves, two lambs and two pigs. There will be no limit on the number of entries in the county division.

All other classes and subdivisions will follow the same regulations set forth in last year's show.

Accounts At \$26.2 Million

Hereford's two banks tabulated a new all-time high for accounts at year-end as deposits on Dec. 31, 1965, exceeded by more than \$1.6 million the figure posted at the end of 1964.

A "good year" for most of the county's farmers received credit for pushing deposits at First National Bank and Hereford State Bank over all previous totals.

Total on deposit in the two banks, as of the close of business for 1965, was \$26,229,698, officials announced Tuesday.

This total exceeds that of Dec. 31, 1964, by \$1,698,712.

In 1964 the total on deposit in the two banks was \$24,530,986.

BANK officials credited the deposit increase to continued steady growth in the city, plus exceptionally good crop returns for most area farmers.

Summing up the reason for the deposit increase, J. H. Sears, president of the First National Bank, said the climb was brought about by "good crops."

HE POINTED out that farmers as a whole saw better — and that means wetter — weather during the year.

Livestock prices were up considerably during the year, adding to returns for area farmers, which he said remain the key factor in area economy.

Continued steady growth throughout the area was credited for the increase by Joel Hodges, executive vice president of the Hereford State Bank.

BUSINESS, as well as farming, posted gains during the year as prosperity prevailed, Hodges said.

Both bankers said they could foresee no drastic changes ahead for 1966 which would curtail the steady growth which banks here have experienced during recent years.

See BANKS Page 2

SIGNS OF BOOM — New houses being built virtually in the shade of each other, and construction crews working at the city's newest school addition are signs of a booming economy in Hereford as 1966 gets underway. Bank deposits — as usual — are at an all time high, and new construction here set records for the fourth straight year. Story above, right, outlines prospects for the coming year. (Staff Photos)

'Normal Year' Seen As Encore For '65

Expansion 'Slow-Up' Predicted, But Industry Prospects Factor

By WAIN MILLER
News Editor

Those in the know about local economy discussed the future for the Hereford area in 1966 and predicted continued prosperity — but perhaps a slacking off in building — in talks with a Brand reporter Wednesday.

Bankers, chamber of commerce officials, and city and school spokesmen anticipated another good year for the area but commented that the city's five-year building boom may have caught up with the mushrooming population.

But that cannot be foreseen for sure, said one official, as prospects are still pending which might bring industrial expansion to rkindle the area's growth explosion.

Those interviewed by the Brand were reasonably sure about one thing, however... that the currently prevailing economic winds show no hint of anything which would damage the admittedly confident atmosphere in which Hereford revels.

Although the boom which has been registered for the past four years in building and bank deposits may level off during the coming 12 months, this does not mean the economy will be subsiding, the experts say.

The city has apparently reached a leveling off stage in building as housing and commercial structures — which were two few in number at the outset of the boom — have apparently reached sufficient proportions to accommodate the city's needs for a spell.

Stories at right on building permits and on bank deposits in column 2 at the left of the page outline strides made in these areas during 1965.

Concerning 1966, the following comments were picked up in Wednesday's check with local officials.

City manager Dudley Bayne pointed out that building subsided somewhat during the last half of 1965 and predicted a continued lull during the opening months of 1966.

HE RECALLED that at this time last year, the city's water department was some 30 to 40 taps behind as new outlets were in demand faster than the city could supply them.

"We're just now getting caught up," he said, "but it is still keeping the department busy to make the connections as they occur. Normally, we would be doing routine maintenance at this time of the year, but we haven't had a chance to get to that yet."

He pointed out that a "must" for 1966 is vast expansion of the city's water and sewer systems to accommodate the new connections. These needs are being eyed in plans for an \$800,000 bond issue currently being considered by the city commission.

Hereford schools have just completed a new elementary school, an addition to another, and an addition at high school. The district is also in the midst of constructing another junior high school.

See EXPERTS Page 2

New Housing Slacks Off In Record Year

Construction in Hereford in 1965 shattered the all-time high established in 1964 with total new building for the year hitting \$5,313,010. It was the fourth consecutive record setting 12-month period for the city.

But a slack-off in new housing construction was virtually unnoticed in the wake of wide-scale commercial expansion for the city, it was noted at Monday's city commission meeting as the council reviewed its year-end building permits report.

A TOTAL of 134 new residences went up in the city during 1965, as compared to more than 200 in 1964.

Average value listed on building permits for new homes in the city during 1965 was \$12,590.

In addition, twelve permits for duplexes and two for apartment houses boosted the total number of new living units in the city to 188, the report showed.

This brought the total figure for residential construction to \$2,051,950.

MEANWHILE, 33 permits for new commercial buildings had a See NEW Page 2

Beet Sign-Up Closing Date Set Jan 21.

The closing date for sugar-beet farmers in Deaf Smith County to file requests for farm proportionate shares for the 1966 crop is Jan. 21, 1966, Frank J. Bezner, Chairman, Agricultural Stabilization and Conservation County Committee, has announced.

Farm operators desiring proportionate shares should file such requests on special forms available through the ASCS County Office and fieldmen of beet sugar companies.

FOR FARMS generally, the 1966 sugar beet acreage will provide proportionate shares at about the same level as for 1965. While the national acreage requirement for the 1966 crop of sugar beets has been established, See BEET Page 2

TABLES HISTORICAL MARKER PROPOSAL

City Passes Zone Changes

Two requests for changes in zone designations drew approval of the city commission in a brief session Monday night.

Approved were changes from residential districts to "D restricted" areas for local retailing outlets.

THE ZONING matters highlighted a session which also saw the commission table a request for a historical marker describing the history of the city of Hereford, review annual water and sewer and building permits reports, and discuss several other topics.

Commissioners accepted the petition submitted by Jack Bradley, changing zoning designation of a lot on the northeast corner of the intersection of 13th St. and Ave. B from A residential, to D restricted.

The request drew no opposition at Monday's meeting.

Several weeks ago, a petition for rezoning of the same property from A to E drew opposition from adjoining property owners and the commission had rejected the request at that time.

THE OTHER zone change approved Monday night concerned property owned by Bill Angel in the 300 block of West Park. That property was also changed from B residential to D restricted retailing.

In other business, commissioners for the second time

tabled a request presented by the Deaf Smith County Historical Survey Committee.

The request sought a historical marker to be placed on U. S. Hwy. 60 tracing the history of the city.

Commissioners said they liked the idea of the marker, but tabled action for lack of a proposal for a suitable site for the marker.

Turned down by the commission was a plan presented by Jack Messer for a South Centre St. subdivision. The plan was rejected because of the lack of the signature of one property owner on streets and alleys dedication.

The commission also approved See CITY Page 2

CALLS HEREFORD HOME

He Do-Si-Do's With Vietnamese When Not Hupting The Viet-Cong

A nationally-known square dance caller, who calls Hereford home, was spotlighted last week by Bob Schieffer, Fort Worth Star Telegram writer who is now in Viet Nam.

Schieffer interviewed Dusty Randall concerning his activity in teaching square dancing to Vietnamese students in his off time.

Randall, whose wife and children live at 120 S. Centre in Hereford, reported a slow start due to the language barrier, but the kids seem to be catching on good now.

Randall has called dances all across the world, from towns

in California, Florida, Georgia, Texas. He organized a rodeo in Turkey in 1957 and ramrodded a special rodeo show in Libya which resulted in \$9,000 in profits being donated to local charity.

Mrs. Randall told the Brand that she had just canceled a tour planned in March and April to Georgia and Florida because See CALL Page 2

DUSTY RANDALL do-si-dos in Viet Nam

Fracas Results In Assault Charge, One Hospitalized

One man has been charged with assault with intent to murder, and another is hospitalized with injuries as the result of a brawl New Year's night 16 miles west of Hereford.

CHARGED by the Deaf Smith County Sheriff's office was Dondie Rhea Thompson, 27, who lives 14 miles west of Hereford. A \$5,000 bond was posted by Thompson and he was released.

The arresting deputy sheriff reported a total of eight persons were involved in the fracas, which sent four people to the hospital for treatment.

INJURIES received by R. W. Dillard, 53, resulted in the charges being filed against Thompson.

The fight was reported to have occurred at the home of Dillard.

Dillard is reported to be in fair condition at the Deaf Smith County Hospital, suffering from lacerations about the face and internal injuries.

Dillard's wife was treated and released from the Deaf Smith County Hospital, while two other men were treated and released from the Parmer County Hospital in Friona.

Those who were treated at Friona were identified by hospital officials as Guy Williamson, 47, and Howard Williamson, 23. No address was available for the Williamson's. They were treated for lacerations and bruises, and the elder Williamson for possible back injuries.

CofC Banquet Ticket Sales At Halfway Mark

Chamber of Commerce officials reported Wednesday that 41 tickets had been sold to the annual Chamber of Commerce banquet which will be held Jan. 20 at 7:30 p. m. in the high school gym.

Featured speaker for the event will be comedian Pete Pederson. Included on the program will be naming of Hereford's outstanding citizen. The dinner will be catered by Walter Jetton of Ft. Worth.

Tickets are still available for the event at the chamber office for \$4.50 per person. Some 800 persons are expected for the event.

Job Placements At Employment Office Here Show Sharp Rise

An active year has been posted on the books for the Hereford office of the Texas Employment Commission.

In a yearly report filed this week by manager Joe Bradley, figures showed an increase of 15,933 total job openings filled over a comparable period in 1962.

The 1962 report showed a total of 3,133 workers placed on farm jobs, and 1,133 workers placed on non-farm jobs. The 1965 report shows a total of 18,531 placements in farm work, and 1,668 workers placed on non-farm jobs.

IN THE MONTH of January, 1962, a total of 68 persons made new applications for jobs in the Hereford area. In the same month in 1965, a total of 221

new applications were filed. Bradley stated that these applications are new applications that are added to the files of an estimated 300 or over that are carried on an active basis.

"Although the Hereford office is listed as a farm employment office," Bradley said, "jobs ranging from yard work to managers of various local businesses have been filed."

ALSO included in this figure are some 422 workers that were placed on jobs out of state, some as far as Michigan, Ohio, Indiana, and Colorado. Bradley said these workers are seasonal workers who work from the lettuce fields to the cranberry fields.

"HI-MOM" CALL AWARDED — Mrs. J. A. Jones receives a certificate from Bob Spaulding, representative of the Local 6128, which will enable her to talk to her son, CWO Derral Jones, stationed in Viet Nam. Mrs. Jones will make the call as soon as arrangements can be made with the Saigon USO. (Staff Photo)

CALL GOES TO BATTLE ZONE

'Hi-Mom' Call Winner Has Son 'In Thick of Things'

By TOM WINGO
Staff Writer

"They and your's and their's freedom is why I am here, so I'm not complaining."

This quote was taken from a letter recently written by a service man who will receive the "Hi-Mom" call given by the local 6128 Communications Workers of America.

THE CALL was awarded to Mr. and Mrs. J. A. Jones of Walcott. The call will be made to their son, Chief Warrant Officer Derral C. Jones, stationed with the First Cavalry Air Mobile Unit in South Viet Nam.

Jones, a 1949 graduate of Claude High School, served nine years in the U. S. Navy, before entering the Army four years ago.

His parents have lived in the Hereford area for six years, and they now farm near the Walcott community.

A sister of Jones, Mrs. Bobby Byers, lives at 402 Long.

IN THE last letter to his parents written Dec. 19, Jones told of the high mountains in the area, the tall elephant grass "that compares a little with Johnson grass, except its very dense and taller than any man."

He also told of the death of an enlisted man who had worked with him in maintenance, also an acquaintance of his father. His friend, who he termed "a good soldier with a wife and three children," died while he attempted to aid the rescue of another man.

Jones, whose wife Barbara,

and three children, Tony, 11, La Wanna, age four, and John, age two, live at Fort Benning, Georgia, also declined an offer to keep a diary, saying "Some of these things will be a little trouble forgetting as it is, without having written it down I can tell you anything you would care to know when I return, for each battle is vivid in one's mind for a long long time. That also helps one stay alive during the next when close (very close) calls are survived."

IN TELLING of eating canned hamburger for Thanksgiving, Jones said "wish I could dig in to that butter, fresh eggs, milk, and meat, and that sort of thing we never see."

Bob Spaulding, representative of the Local, said that arrangements are being made with the Saigon USO to complete the call between Jones and his parents as soon as possible.

CWO DERRAL JONES

Income Tax Instruction Session Set

A free course in basic income tax form preparation, sponsored by the Panhandle Chapter of Certified Public Accountants and the Internal Revenue Service, will be held Jan. 13 at the Hereford High School Auditorium, Hereford.

THE CLASS will begin at 7 p. m. and will be two hours long, featuring an actual working session where sample income tax forms 1040 and 40A will be filled in with the help of experts.

All material for the course is being provided by the Internal Revenue Service. The course is designed to help taxpayers in the basic income tax form preparation and will not deal with unusual tax problems.

Topics to be covered include preparation of tax forms for the typical family with income primarily from salary, dividends and interest, and with typical deductible expenses such as charitable contributions and medical classes.

The classes are being held as a public service to give the typical taxpayer enough background to prepare his own tax return with confidence that he is paying neither too little nor too much tax.

Panelists scheduled to handle the free tax course are: E. L. Waldrop, Certified Public Accountant; Edwin Axe, Certified Public Accountant; and Joe Pruitt, Internal Revenue Agent.

Panelists scheduled to handle the free tax course are: E. L. Waldrop, Certified Public Accountant; Edwin Axe, Certified Public Accountant; and Joe Pruitt, Internal Revenue Agent.

Area Officers Aid In Search For Suspects

Local law enforcement officers were called out Saturday night, in an area dragnet that was issued after the holdup of a service station in Adrian.

Two Indiana youths were arrested a short time after the robbery in San Jon, N. M., and charged with the robbery. Oldham County Sheriff Harold Wheeler said the two youths were returned to Vega Sunday morning after they waived extradition, and were arraigned before Oldham County Justice of the Peace Jim Sprouse.

The pair allegedly took an estimated \$77 at gun point from station attendant Carroll Weidner, 17. The gun used, a 22 caliber pump action rifle, was believed taken by the pair in a burglary earlier in the evening in Amarillo.

The two youths, identified as David Lee Rhoads, 19, Auburn, Ind., and Dennis P. Ryan, 17, Freeman, Ind., were arrested after a high-speed chase with New Mexico State Police, after one of the tires of the youths' auto was shot.

The auto was reported to have been stolen last week in Angola, Ind.

State Classroom Teachers Officer Speaks Monday

A meeting featuring the state vice president of the Texas Classroom Teachers Association will be held at 7 p. m. Monday in the Hereford High School Auditorium, with the public invited to attend.

Miss Betty Buford, Plainview, the state CTA officer, will present a talk entitled "Understanding a Profession."

The meeting is sponsored by the Deaf Smith County Classroom Teachers Association, which now includes some 150 members, according to Roy Harris, chairman.

Miss Buford has been a classroom teacher for the past 17 years and for the past four years has served as a counselor at Plainview High School.

Wheat Program Offers Options

The 1966 voluntary wheat program offers several options to farmers so they can best plan their individual operations, according to Frank J. Bezner, Chairman of the Agricultural Stabilization and Conservation County Committee.

The options include planting wheat on all allotment acres, diverting allotment acres from production to conserving uses for payment, overplanting the allotment by up to 50 percent and storing the excess production for bad crop years, substituting wheat for feed grains or feed grains for wheat, and substituting wheat for oats and rye.

Bezner said the signup period extends from Jan. 24, 1966 to April 1, 1966 in Texas, Deaf Smith County.

Firemen Study First Aid At Regular Drill

In the regular meeting of the Hereford Volunteer Fire Department Tuesday night, a film on mouth to mouth resuscitation was shown to the firemen and members of their families.

The film and a demonstration was presented to the department by Max R. Comer, Amarillo personnel, safety supervisor for the Southwestern Public Service.

Comer, a member of the American Society of Safety Engineers, used a life size model, "Resia Ann", to demonstrate the method of mouth to mouth resuscitation. Each of the firemen were able to practice on the model.

It was also announced by Bob Spaulding, training officer for the department, that in the future, several meetings are scheduled on the practice of first aid which will be for the families of the members.

lished at 1,435,000 acres, compared with a 1965 national requirement of 1,375,000 acres, the increase in the 1966 acreage includes acreage for two new localities in Maine and Arizona.

Most 1966 farm bases will be established at the level of the 1965 shares. However, a farm that includes different land than it had in 1965 will receive a new base. Farm proportionate shares are determined from the bases.

As under past programs, the ASC State Committee has latitude in making adjustments in shares, including consideration of increased 1965 plantings by some farmers because other farms did not fully use all of their proportionate shares.

Banks...

(Continued from Page 1)

cent years. The growth of the area has been recorded at virtually every bank call for the city's two banks in more than five years.

In 1962, banks had on deposit at the close of business on Dec. 31 a total of \$23,716,909 — more than \$2.5 million less than Tuesday's announced total.

Banks also announced Tuesday a new high for loans and discounts totalling \$18,916,978. This surpasses the 1964 figure by \$1,920,958. At that time in 1964, total loans and discounts for the two banks was \$16,996,020.

WE CAN CHEW AND CHEW AND CHEW

COBAN, Guatemala (AP)—Jaws won't lack for exercise during the coming season. Guatemala's chicle production promises to break all records.

With near-perfect weather, 128 contractors are working in El Peten, Guatemala's jungle province and location of most of its chicle trees. Last year there were 94 contractors working.

Navy submarines traveling under polar ice were not able to use magnetic compasses and had to depend on newer navigational devices.

City...

(Continued from Page 1)
city manager Dudley Bayne's request that authorization be given to take bids on a new pick-up for the city inspector.

Commissioners reviewed annual reports concerning building permits in the city and new water and sewer connections.

THE REPORT showed a total of 336 new water taps in the city during 1965. Additional water lines and taps cost more than \$41,000 during the year, Bayne said, pointing out that this cost was higher than had been anticipated due to the unprecedented growth seen in the city during 1965.

More than 17,000 feet of new sewer line was installed, at a cost exceeding \$33,186.

Bayne also reported that an estimate of \$9,000 had been received on the cost to enclose the large hangar recently completed at the Hereford Municipal Airport.

Commissioners for some time have wished to enclose the hangar, which is presently open.

The commission thinks it received a "bum steer" when building the hangar, designed to protect twin-engine aircraft from sun and weather.

AT THE time the hangar was being considered, the commission was convinced that a roof alone would interest many airport users, but so far have been unable to rent the hangar space.

Aircraft owners say they would use the hangar if it were enclosed, commissioners said.

The commission is now wondering where to get the funds to "complete" the hangar.

CofC Installs New Officials At Dinner Today

Annual Installation Dinner for the Deaf Smith County Chamber of Commerce will be held at 7:30 p. m. today in the Hereford County Country Club.

The affair, held annually for the chamber directors and their wives, will feature guest speaker Caroll Davidson, executive vice president of the Big Spring Chamber of Commerce.

His wife, Alice, will also speak on the program, addressing her remarks to chamber directors' wives.

New officers and directors of the local chamber will be officially installed. Presiding will be outgoing president Wayne Thomas. New terms become effective Feb. 1.

New...

(Continued from Page 1)

total value of \$2,193,300.

This meant an average price-tag of \$66,466. Largest permit issued was \$1,350,000 for Sugarland Mall in March. In November, a permit for \$200,600 was issued to Southwestern Bell Telephone Co. for addition to its Fourth and Miles office.

And a \$171,300 permit was issued in August to Hereford Medical and Surgical Clinic for the expansion which is currently underway there.

FOUR permits to tax-exempt organizations totaled \$830,000. Largest was \$670,000 for La Plata Junior High School in northwest Hereford.

The \$5,313,010 total for building permits issued in 1965 compares with \$4,498,800 in 1964, \$4,379,730 in 1963, and \$1.7 million in 1962.

The year 1962 ushered in the four-year construction boom here. Prior to that, construction in Hereford had seldom surpassed a million dollars in a 12-month period.

Former City Man Seriously Hurt In Mishap

A 47-year-old former Hereford resident, now living in Amarillo, is reported to be in "extremely critical condition," in Northwest Texas Hospital as the result of a pickup — train collision in Amarillo Sunday.

John H. Jones, who is currently a caretaker at the Will Rogers Ranger Riders Arena in Amarillo, suffered severe head injuries in the accident which occurred within the city limits of Amarillo.

The pickup was reportedly driven by his son, Johnnie Ray Jones, 17, who was not injured. Witnesses said Jones was thrown from the pickup and skidded several feet on the pavement before hitting a car stopped on the south side of the crossing.

Wheat, Cotton And Feed Grain Signup Slated

The signup for the 1966 programs for wheat, feed grains, and cotton will start on Jan. 24, 1966, Frank Bezner, Chairman, Agricultural Stabilization and Conservation County Committee, announced today.

The signup deadline will be April 1, 1966. FOR THE long-term Cropland Adjustment Program (CAP), the signup will begin on the same date as for the commodity programs Jan. 24, 1966. The signup deadline for CAP will be announced later.

Producers who file intentions under CAP but do not enter into final agreements will have 15 days to file applications to take part in one or more of the annual commodity programs after applicants withdraw or after the County Committee notifies them that no agreement will be available.

The Chairman explained that, for 1966, a flexible schedule of signups has been adopted throughout the country, with the ASC State Committee determining the most appropriate period for the activity. In most States, the signup period is uniform in all counties.

In general, both the commodity programs and CAP call for diversion of crop acreage into an approved conserving use. By meeting provisions of the programs, farmers become eligible for various benefits in the form of payments — and also for loans under the commodity programs.

However, Bezner reminded farmers that participation in the various diversion programs is not automatic — filing an application which shows the operator's program intentions is the first necessary step in qualifying for program benefits.

Experts...

(Continued from Page 1)

But officials can already foresee the need for additional facilities before the beginning of the 1967-68 school year to house the ever-increasing enrollment.

Farming was unusually good in 1965, and observers can foresee little change for the coming year — if the weather continues good, as it did during most of 1966.

Livestock prices, at a heart-breaking low early in 1965, are at least back to a profitable level and show no signs of declining this year.

SOME FARMERS have complained that recently-enacted farm programs will mean a cut in returns for 1966, but full impact of the farm bills remain to be seen.

These are among signs which add up to a stable economy locally in 1966, observers say.

Added to these are possibilities for further industrial expansion, according to Wayne Thomas, president of the Deaf Smith County Chamber of Commerce.

"WE HAVE several industrial prospects which should materialize during the coming 12 months," Thomas told the Brand.

Included in prospects which are currently in the negotiating stage are a large meat packing plant "and several other industries related to agriculture," Thomas said.

"The building story depends on industrial growth," Thomas continued, "and if this area moves out as fast as we think it could, it will be just as phenomenal in 1966 as it has been this year."

Mobile...

(Continued from Page 1)
is being established to cure lettuce leaves for the Hereford plant.

The vans, which are equipped with lettuce dryers and shredders, will make possible year-round production for the Hereford plant by moving with lettuce harvests throughout the southwest.

Leaves processed in the vans will be shipped back to Hereford, where they will eventually become Bravo Smokes.

Drying capacity of the three vans will equal that of the present Hereford plant, Torigian said.

The Uvalde installation is currently being completed. At the present, vans are being used there, but soon a permanent installation will go into operation.

THIS AND the vans — six more are currently being manufactured — will more than triple the capacity of the Hereford plant, by handling a portion of the curing, then sending the lettuce fibers to Hereford for processing.

National Smoking Fibers, the corporation recently established joins the Bravo team which also includes Tobaccoless Smokes, Inc., the research and development organization; Deaf Smith County Development Co., local financing corporation; and Bravo Distributors of Texas, the distribution company.

Bravo has also announced the expansion of its marketing area to Lubbock, where first shipment of the product was made Tuesday.

Bravo and its affiliate companies now employ some 80 persons, Torigian said. At the Hereford plant, 50 are employed.

He emphasized that the Uvalde installation is merely a receiving and curing station for the Hereford plant, and that several more such installations are currently being negotiated in other lettuce growing areas.

He said increased capacity and reduced handling costs will be gained from the curing stations and Cure-A-Vans operations in other lettuce producing areas.

Jaycees Stage Annual Work Forum Saturday

Hereford Jaycees will sponsor their annual Work Forum Saturday, beginning at 7 p. m. at the Community Center.

Each year every region of the Panhandle area is required to hold the forum to outline Jaycee activities to new members as well as the old ones.

THE MEETING will begin with a dinner and then will feature various speakers at the event.

Elvon Delaney, of Muleshoe, will be the featured speaker and will conduct the forum with the majority of talks being on chapter management.

Pat Newell, of Hereford, will also be one of the featured speakers for the event and will be discussing chapter management. Newell is the area chairman on chapter management.

Hereford Jaycees are a part of the Region 1-B of Area I. The local club is expecting approximately 50 members from the region as well as various members from Amarillo and Pampa and surrounding areas.

Jaycees from Lubbock will also be present to create an interest in the Area Winter Convention, which will be held in the Koko Palace in that city, Jan. 21-23.

Bob Rott is the local chairman of the forum.

ONE MINUTE, PLEASE

"Blessed are ye when men shall reproach you, and persecute you, and say all manner of evil against you falsely, for my sake. Rejoice and be exceedingly glad: for great is your reward in heaven: for so persecuted they the prophets before you." Matt. 5:11, 12.

We should understand this correctly. Not every one who is persecuted is promised a blessing and reward in heaven. The Apostle Peter writes, "For let none of you suffer as a murderer, or a thief, or an evil-doer, or as a meddler in other men's matters: but if a man suffer as a Christian, let him not be ashamed, but let his glorify God in this name." (1 Peter 4:16, 17)

The Apostles of the Lord rejoiced that they were counted worthy to suffer dishonor for the Name of Christ." (Acts 5:41)

So to all Christians we say, "Keep the chin up; keep smiling; and keep walking in the path of righteousness with Christ."

YOU ARE ENCOURAGED TO STUDY

GALA NEW YEAR'S EVE — One of the parties welcoming the New Year in Hereford was the annual Country Club dance where members and their guests were entertained in a gala holiday setting. In a quartet at the refreshment table are Mr. and Mrs. Ross Latham, Mr. and Mrs. Douglas Reeves, top photo. Reeves is a club director, Latham is a former director. A Party arriving chairman of the Entertainment Committee. Latham is former director. A party arriving at the clubhouse from the Easter community includes, from left, Raleigh Rule, Mrs. Douglas Adams, Mr. and Mrs. George Frye.

'66 Is Welcomed At HCC

Hereford Country Club members and their guests danced the year in at the club's annual New Year's Eve party Friday. Some 150 persons were at the party in the ballroom which has been the scene of a number of gay holiday parties.

Still in its seasonal decor with red-curtained windows and garlanded lights, the room had added symbols of New Year festivity. Colorful balloons, streamers, hats and the noisemakers traditional for welcoming another year, were all in evidence.

The hors d'oeuvre table was circled with a red skirt and decked with red and white gladiolus, mums and candles.

Dancing was to the music of Sam Baker's orchestra from Lubbock.

Mix a little sugar with enough orange juice to moisten and spread over baking biscuit dough before baking. Pretty topping!

Registration For Free Workshop On Leadership Urged This Week

Return of registration sheets for a Leadership Workshop to be held here under auspices of the Deaf Smith County Program Building Committee is requested this week by the Hereford Business and Professional Women's Club.

The B&PW Club is sponsoring the workshop at the request of the Program Building Committee and recently mailed-out 150 letters with registration sheets, to heads of organizations and business firms.

The workshop is open to all interested residents, without charge. Mrs. J. K. Baker, B&PW president, emphasizes.

It will be conducted on two evenings, on dates to be fixed when the number of possible registrants is determined, by organization and program specialists from the Texas Agricultural Extension Service.

Purpose of the workshop is training for personal development as well as leadership. It is designed to aid officers and members of all organizations, salespeople, workers with personnel and others who deal with people in business or as individuals.

Mrs. Baker explains that signing the registration sheet does not obligate a person to attend the workshop, but does indicate an intention to attend.

Each sheet has space for one registration, with a note that the back may be used to write in names of others in a business firm or club.

Club members hope to have all sheets returned this week because a representative from the Extension Service will be here Jan. 11, to complete plans for the workshop. Place and dates will be announced after that day.

Red Cross Class Starting Today

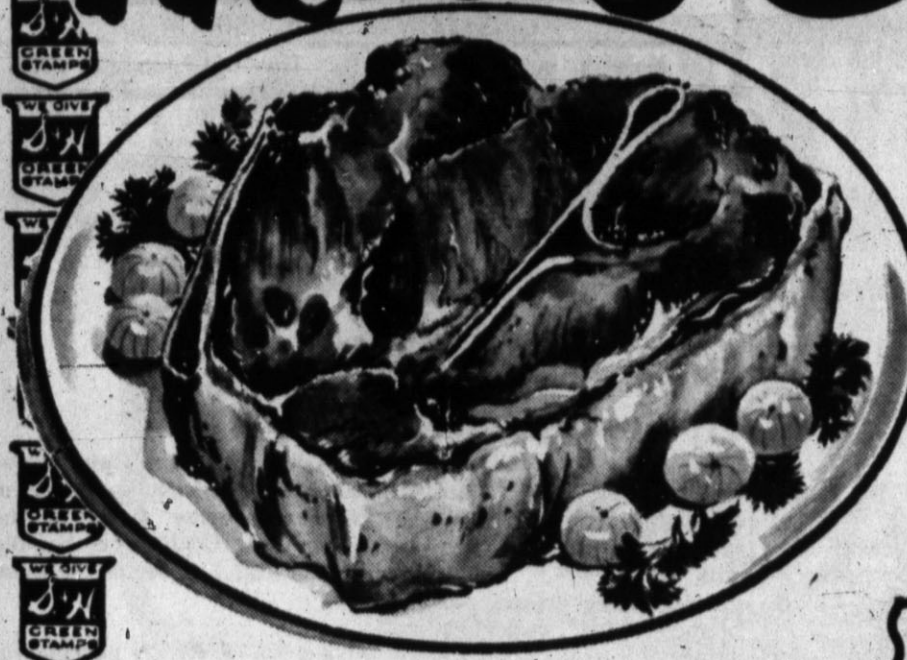

The Mother and Baby Care course to be sponsored by Deaf Smith Red Cross Chapter will begin at 7 p. m. today in Hereford High School Homemaker Department, Mrs. Genevieve Miller, executive secretary, announces.

The standard Red Cross course will be taught by Mrs. Esther Springer, who was instructor for the same course for a class of senior boys in high school. That series was completed just before the winter holidays and certificates were presented to the boys.

The class starting this evening is for adults and is especially planned for expectant parents, both men and women.

FIRST MEET FEB. 26

'Face Thinclads Begin Early Workouts Monday

Hereford thinclads began working out for their season Monday afternoon at the high school track.

LOCAL CINDERMEN will travel to their first meet at Fort Stockton Feb. 26, according to head coach Joe Brooks.

Brooks said it will be difficult to make any predictions about the team until after basketball season when his team will be completed by some of the cagers.

Monday, 11 men worked out on the track, doing slow sprints intermingled with walking.

Ricky Fangman, Billy Frank, Gary Goodin, Bill Coffin, Roger Suttle, Ronny Henderson, Karl French, Mark Golden, Charles Inman, Charlie Mickleson and Johnnie Cornelius are all participating in the early track workouts.

Other meets for the track team will include Brownfield, Levelland, Wayland College in Plainview, Hereford Invitational in Amarillo relays, and the conference meet.

GOODING WAS a thinclad standout last season for the Whitefaces on the hurdles. Fangman also showed a great deal of promise at hurling the discus, taking second in district.

Mark Hicks, who is now participating in basketball, was another standout on the cinder team last year on the high jump.

The Whitefaces sent its largest delegation in the past decade to the regional track and field competition after a record-breaking day at the district meet last year.

Hereford topped the field in two events and took second places in five others, earning 83 points.

BROOKS SAID he expects more to come from the basketball team to participate on the cinder team.

Mark Hicks is now participating on the Whiteface basketball B-team.

Brooks said he expects to see Bill Coffin develop into one of the team's top runners.

Dumas is the defending champion for the district title after taking 160 points in the conference meet last spring.

GETTING IN SHAPE—Gary Goodin gets in shape during the first session of track workouts Monday afternoon. Coach Joe Brooks said he expects a good year, but will not be able to make predictions until after basketball season is finished. (Staff Photo by David Butler)

Sports

footnotes

by david butler

We take back everything we said Sunday about that XZ-9 Computer which predicts games. We said it "usually predicted with accuracy" well it sure got its wires crossed when it predicted the weekend's ball games.

In the Rose Bowl the computer said Michigan State would win 27-7 over UCLA. It seems UCLA had plans of their own when they took the Bruins 14-12.

THE COTTON Bowl was another upset as far as the machine was concerned. It predicted Arkansas to win that game by a slim 14-8 score, but once again the underdog pulled an upset with LSU defeating the Hogs, 14-7.

Sugar Bowl spectators watched another upset. The machine picked Florida over Missouri by a 23-14 score, but the Missouri team pulled ahead of Florida 20-18.

In Friday's games the computer picked Texas Tech over Georgia Tech by a 30-21 score. It seems the machine mixed the teams because the Georgians downed the Techs 31-21.

THE FINAL UPSET for the machine was the Sun Bowl. It picked TCU to win this game by a 20-6 score, but the Texas Western players downed the Frogs by a 13-12 score.

We do have to give the machine credit for predicting one of the bowl games right. In the Orange Bowl the computer picked Alabama to win. And they did... they downed Nebraska 39-28.

All this just goes to show that when an event with as many variables as a football game is at stake, only the players can decide the outcome.

New York City residents are quickly working off the weight gained during the holidays as they walk to work in the mornings and home again in the evenings.

OF COURSE, according to the late President Kennedy's plan of physical fitness, this is good for the people even though they do have sore feet and aching muscles.

Kennedy suggested that some physical exercise every day would make a person feel better and make him more able to face each day's conflicts.

Most New York residents will probably disagree with his philosophy. Since they have been walking to work we really doubt that they are feeling better or facing problems easier.

Physical fitness is important in our daily lives. According to statistics, the American people are among the "softest" in the world.

FOR INSTANCE, very few high school or college students in other countries have automobiles. Most of these students commute about on busses, motor scooters and bicycles. One of the main reasons for this situation is not physical fitness, but in some of these countries gasoline cost as much as \$1 per gallon.

"Win a few... lose a few" this is how we felt after the weekend of bowl games. We were disgruntled when we heard the results of the Texas Tech-Georgia Tech game since our Alma Mater lost out when Georgia defeated them 31-21.

Of course we were glad when LSU upset the Hogs in the Cotton Bowl... we think it does a team good to lose a game or two every now and then.

AND OF COURSE we were rooting for the Green Bay Packers all the way Sunday when they downed the Cleveland Browns.

For all those who were complaining about the tremendous costs to the taxpayers to send the group of people from Texas Tech to the Gator Bowl, we uncovered some interesting figures.

The cost to send the band to the game was \$32,000 of which the band raised half. On top of this was the cost of sending the team to the game which was slightly less than this.

A calculated guess would set the cost to the school at about \$50,000. The school received

\$161,000 from the Gator Bowl association. Of course \$61,000 of this money was given to the South West Conference, but the school kept \$100,000 of the money.

WE HAVE BEEN hearing rumors from Canyon way that the school has received a petition with over 100 signatures asking that the school start a baseball team soon.

If they do it will make three schools in district 1-AAA who have baseball teams.

As of now Hereford and Dumas are the only two schools with the teams.

We would surely like to see a team organized in Canyon and we wish them the best of luck if and when they start to organize.

We recently were told of a town near Hereford which told the Hereford baseball coach that they were not scheduling many games this year because they needed more time to keep their football players in shape.

THIS, TO US, is a bad sign... when a school feels any one sport is more important than another. There may be some spectators who do not enjoy baseball as much as football, but this is no reason to deprive a young man who enjoys playing baseball from entering sports.

We are certainly glad that Hereford schools stress all sports and not just one. We say hats off to Hereford coaches.

STANDOUT SPRINTER

BRISBANE — Surprisingly, some track records set 50 years and more ago still stand today. They are: 05.2 for 50 yards set in South Africa in 1908 and in Queensland in 1911; 06.0 for 60 yards in South Africa in 1913; 07.2 for 75 yards in Western Australia in 1908 and in New Zealand in 1912.

They are professional records over distances rarely run these days.

The man who established them, Arthur Postle, died recently aged 84. In his day, Postle, known as "The Crimson Flash," was unbeatable in races up to 75 yards.

Whitefaces Clash With 'Cats Friday In Dimmitt

Hereford Whiteface cagers will wind up their non-conference schedule Friday when they clash with the Dimmitt Bobcats in the 'Cats' Gym at 8 p. m.

THE BOBCATS will have their minds set on revenge after the Whitefaces defeated them in the locals' first game of the season 66-57.

This will be the first game for the Whitefaces in more than a week, with the locals playing their last game against Phillips Dec. 28 in Phillips.

Hereford will be going into this game with a 6-5 season record after dropping the game to the Blackhaws.

Thus far in the season, statistics show that the local quint is having about an average year with Robby Lemons leading in scoring for the team.

BOB BRADFORD and Robbie Lindsey handled most of the scoring chores for the Bobcats with Lindsey scoring 14 points and Bradford scoring 11.

Gene Duvall was high man for the locals scoring 21 points in the game with Robby Lemons and Gary Payne taking second place with 11 points each.

The Bobcats outscored the Hereford five in the first quarter, but then the Whitefaces came back to lead with a 35-29 score at the end of the first

A CONSISTENT LEAGUE BOULDER, Colo. — Each of the top four finishers in the Big Eight Football Conference last season lost to the team immediately below it in the final standings.

Nebraska's champions lost 17-7 to Oklahoma which lost 15-14 to Kansas. Kansas lost 34-14 to Missouri which was beaten 10-7 by Oklahoma State.

Oklahoma State lost 17-14 to Kansas State although the twofold for fifth place. Colorado in seventh place defeated the cellar team, Iowa State, 14-7.

AGAIN IN THE third quarter the Bobcats outscored the Whitefaces, but it was not enough to put them ahead. Hereford still lead, 51-47.

Hereford players hit 46 per cent of their shots in the game with the Bobcats hitting a slightly less 38 per cent.

The Whitefaces will begin their conference schedule Tuesday when they clash with the Tulsa Hornets in Whiteface Gym, following a short rest, the locals will again clash with a conference rival when the meet the Perryton Rangers in Whiteface Gym next Friday Jan. 11.

IN FUND RAISING PROJECT

Hereford Gunners Take On Dribblers

The Hereford Gunners will clash with the KIXZ Dribbling Drips in a basketball game sponsored by the Hereford High School Student Council today in Whiteface Gym at 7:45 p. m.

MEMBERS of the Gunners are Young men of the community. They are David Henderson, Earl Keese, Harvy Pinner, Jerry Curtsinger, David Dowell, Doug Proffer, Dr. Howard Johnson, and Johnny Henderson.

Curtsinger and Dowell are both seniors at West Texas State and played ball in high school. Proffer is a math instructor at WT.

The KIXZ team is comprised of employees of the Amarillo radio station. One of the players, Sammy Smith, was an All-State center on the Borger High School Cage team when he was in high school.

Jerry Coleman, who is program director for the station, is also an outstanding player. Other players are Rick West, Jay Benson and Stan Ventnor.

The game will be played according to University Interscholastic League rules.

LOCAL team members have a 4-1 record playing games with such teams as the Carver High School varsity team in Amarillo, the Price College team, St. Lucian's Seminary High School team in Amarillo, and other church league teams in the YMCA in Amarillo.

Funds from the game will be divided between the local Student Council and the Amarillo Radio Station.

Those funds going to the radio station will go into a scholarship fund which will provide a scholarship for some Amarillo area student.

The student will be selected from a list of students submitted by each town in which the team has played and from each school or organization which has contributed half of its game receipts to the scholarship fund.

Admission to the game will be \$1 for adults and 50 cents for children.

•• PUBLIC NOTICE ••

The Holly Sugar Corporation Beet Slicing Campaign is drawing to an end and all public tours of the Merrill E. Shoup Plant will be discontinued effective January 17, 1966.

We appreciate the large numbers of people who have visited our plant during the 1965-1966 processing period and the interest they have shown in this new Texas enterprise.

HONOREE AND HOSTESSES—Mrs. Roy F. Calvert, seated, in whose home the informal party was held, seated, was complimented with a given. Mr. and Mrs. Calvert recently moved coffee Monday morning by Mrs. Elmer Patterson, left, and Mrs. O. H. Culpepper, right.

Coffee Courtesy To Mrs. Calvert

Mrs. Roy F. Calvert, visiting in Hereford for a few days after her recent move to the Gulf Coast, was complimented with a coffee Tuesday morning in the home of Mrs. O. H. Culpepper. Mrs. Elmer Patterson was co-hostess.

After 22 years residence here, the Calverts left last month for a home just four blocks from the beach at Ingleside, near Corpus Christi. They returned to complete details of the sale of their home just east of Hereford, and have enjoyed a holiday visit with friends.

Many of Mrs. Calvert's friends called at the Culpepper home for the informal coffee. Mrs. J. E. McCathern assisted the hostesses in serving from the lace-covered dining table.

Guests included associates of the honoree in organizations in which she was active here. They include the Hereford Garden Club, First Baptist Church, and clubs related to ceramic arts—one of her hobbies.

Mrs. Calvert resigned as corresponding secretary of the garden club, and as a Sunday School teacher and head of the night circles of First Baptist Church, when she left Hereford. She had taught the class of women 20 years.

Membership in Hereford Ceramic Arts Club and the Amarillo Club of Amarillo reflected her interest in creative work with ceramics.

She is a past Noble Grand of Hereford Rebekah Lodge, and has served as mother adviser of Theta Rho girls club. She served two years as treasurer of Deaf Smith County Federation of Women's Clubs.

While she was a teacher in Hereford High School, where at various times she was instructor in English, science, Latin and Spanish, she helped organize the National Honor Society and was sponsor of the Tri-Hi-Y. This was in addition to duties as class sponsor and assistance with extra-curricular activities of the students.

Auxiliary Sees Slides With Legion

American Legion Auxiliary members joined the Legionnaires at their meeting Tuesday evening, to see a showing of slides of latest weapons used in aerial warfare, picturing the testing and evaluating of results in use of various weapons.

A public information officer from Cannon Air Force Base, Clovis, showed the slides and explained use of the weapons in current fighting in Viet Nam. Gene Fooks, Legion Post chaplain, introduced the speaker.

Before the joint program, the Auxiliary held its business session in the Rock Clubhouse with Mrs. Bill Gilliland presiding. Mrs. Florence Wilkins announced that the group will be hostess for a hospital party at the Amarillo Veterans Hospital next Monday evening, and asked the help of all members in entertaining the veterans.

Mrs. Ira Ott, representative from this unit on the gift shop project at the Veterans Hospital, reported that value of gifts from the Hereford Auxiliary was well over \$100, and that 16 units in the 18th district sent gifts from which the hospitalized veterans chose Christmas presents for their families.

Membership here now totals 90. Mrs. Alice Swigert, membership chairman, reported, adding that deadline for renewing membership for 1966 is Jan. 31.

Mrs. Hazel Sparks, Americanism chairman, reported sale of a large U. S. flag to the Knights of Columbus.

Mrs. Dick Fry of Dawn was a guest. Other members present included Mmes. W. J. Frost Leroy Williamson, Fred Higgins Frank Smith, Lawrence Carlsson, J. E. Young, Carl Schroeder, R. E. Drager and Grant Hanna.

W. B. Higgins, County Pioneer Dies In Arizona

Funeral services for William Burns Higgins, member of a pioneer Deaf Smith County family who lived here until the mid-1920's, were conducted at Yuma Ariz. Jan. 3. He died Dec. 31 at Yuma, which had been his home for a number of years.

A brother, Fred Higgins, lives here and another brother, Rex, at Amarillo. Surviving sisters are Mrs. F. W. Williams of Corpus Christi and Mrs. Lillie Lockner of Gainesville. He is also survived by his wife, a daughter and a son.

Born in 1892 at Whitesboro, Higgins came to this county when he was four years old. He was the son of the late Mr. and Mrs. John Higgins. Some members of the family had settled north of Hereford in the 1880's and were among residents when the county was organized.

HUSBAND OF HEREFORD GIRL RECEIVES AWARD

Airman First Class Ned G. Smith was presented the PRIDE (Professional Results in Daily Efforts) Man of the Month award at Travis AFB, Calif. Airman Smith, an aircraft mechanic, was recognized for his outstanding efforts in the PRIDE program designed to reduce U. S. Air Force operational costs and increase unit efficiency and combat readiness.

He is a member of the Military Air Transport Service which provides global airlift, air rescue, aeromedical evacuation, air weather and air photographic and geodetic services for U. S. forces.

Airman Smith, formerly of Lamesa, attended Lamesa High School. His wife is the former Doris Barnett of Hereford. Colonel Roger L. Howard, commander, 5th Bomb Wing, Travis, made the presentation.

Hereford Man In Viet Nam

A Hereford graduate and former WTSU student is now serving in Viet Nam.

L/CPL Larry F. Dutton, son of Mr. and Mrs. W. P. Dutton, Rt. 5, is reportedly now serving in Da Nang, Viet Nam.

Dutton, a 1961 graduate of Hereford High School, joined the United States Marine Corps in November of 1963, and received his boot training at San Diego, Calif., and advanced training at Camp Pendleton, Calif.

Dutton has served in Aitague, Japan, Iwakum Japan, and is scheduled to enter Aviation Structural Mechanics Class A School at the Naval Air Technical Training Center in Memphis, Tenn. in May of this year.

MEETING CALLED

A called meeting of Hereford Garden Club is announced for 2:30 p. m. Friday in the home of Mrs. A. L. Manjeot, 111 Westhaven, Mrs. Ray Johnson, president, asks that all members attend this special session.

LAE Study Club Elects Officers

Mrs. B. F. Markham heads the slate of new officers by La Afflatus Estudio Club at a meeting Tuesday afternoon in the home of Mrs. Walter Johnson. She was advanced to the presidency from her present office, vice president, to succeed Mrs. A. N. Hopson.

Mrs. Johnson was elected vice president, Mrs. George Suggs secretary-treasurer, Mrs. Sam Morgan reporter, Mrs. T. W. Roberson representative to the County Federation of Women's Clubs and Mrs. Hopson parliamentarian.

LAE Club is the first study group here to report election of 1966-67 officers. A number of others will choose officers this month and in coming months, for installation at the end of the club year in May.

The program Tuesday featured a review of the book, Red China as a World Power, Fessler, by Mrs. Emmett Hale. The review was supplemented by a discussion by Mrs. Markham of The Menace of China, based on current news reports.

Other members present for this first meeting of a new calendar year were Mmes. A. B. Higgins, A. H. Cook and C. E. Beauford.

Luncheon Begins New Club Year For Progressive H.D. Members

Beginning a new year with new officers in charge, Progressive Home Demonstration Club met for a covered dish luncheon in Mrs. H. L. Hershey's home Tuesday.

Mrs. Dale Hallows, the 1966 president, was not able to be present so Mrs. T. J. Parsons, vice president, was in charge of the business session. Mrs. Floyd McGee was elected assistant reporter to complete the list of officers.

Announcement was made of Deaf Smith program build the Leadership Training Course to be sponsored here by Hereford Business and Professional Women's Club under auspices of the committee, and interested members were asked to enroll this week.

Mrs. Argen Draper, county Home Demonstration Agent, presented the program on Tea Tables. She said that a tea may be formal or very informal, for many guests or few, but should always have a pleasant, comfortable atmosphere with no stiffness.

Table settings for this type of social event were described. Mrs. Draper said the tea table is the place to use pretty linens, which are the base for whatever decorations are wanted.

She mentioned points of etiquette in serving tea, saying that cups should never be stacked on the table and that spoons should be placed on a saucer with handles pointed parallel to the cup handles.

A new member, Mrs. Roy Hayes, was welcomed. Other members present were Mmes. J. D. Gilbert Jr., Taft McGee, Alvis Jolly, E. C. Hammett, Dean Stallings and P. L. Carmichael.

Wives Will Aid Jaycees To Be Hosts

Serving supper to out-of-city visitors here for an area Jaycee Work Forum Saturday evening will be the major contribution Hereford Jaycee-Ettes for the event. Plans were made at the monthly Jaycee-Ette business meeting Monday.

Mrs. John Meador presided for the session in Community Center. Bob Rott of the Hereford Jaycees, general chairman for the work forum, outlined plans for entertaining visitors and asked the wives' group to be responsible for the meal. The area meeting will be held in Community Center beginning at 7 p. m. Saturday.

Mrs. Mike Wilson and Mrs. Jerry Shipman were appointed to serve as registration chairmen. Mrs. Wayne Hawlett will be coordinator for the Jaycee-Ettes' work; Mrs. Jerry Fowler and Mrs. Don Haynes will form the telephone committee.

Mrs. Dick Kendrick and Mrs. Hawlett were hostesses who served refreshments at the Monday evening meeting. Other members present were Mrs. Kent Turner and Mrs. Benny Cooper.

Wash the tips from your decorating set as soon as you use them so the frosting mixture won't clog them.

XEA Chapter Program Includes Taped Talk

Buying habits of the American housewife were discussed on a tape recording presented by Mrs. R. J. Cramer as her part on the program of Xi Epsilon Alpha Chapter, Beta Sigma Phi, Tuesday evening in Community Center.

Mrs. Cramer's topic was The Consumer, and she played the recording on which her husband was the speaker.

Another program section was in charge of Mrs. Doc Carter, who spoke of newspapers, radio and television as the principal media of news transmission in the world today.

An invitation to chapter members to attend the sorority's state convention in Corpus Christi June 26 was read in the business session. Mrs. Howard Gore, president, directed the period of routine business.

Refreshments were served by Mrs. Carter and Mrs. Charles Bell, hostesses, to Mmes. Harold Beauchamp, Cramer, Gore, Carl Hollingsworth, Bob Huddleston, Van Nichols; Hicks Roberson, Max Stipe and Ollene Williams.

AID MARCH OF DIMES—Hereford Business and Professional Women's Club members spent their meeting hour and some extra time Monday addressing envelopes for the local March of Dimes campaign, an annual task for the group since 1946. Della Stagner and C. Ora Cockrell are in charge of the project. Avis Northcutt and Ruby Lee Hickman were hostesses Monday, serving sandwiches and coffee to the group which worked through the supper hour. Clockwise around the table, they included, Marie Sears, Marian Davis, Gwen Leatherman, Ursalee Jacobsen, Mrs. Cockrell, Bea Barrett, Janie Northcutt, Mrs. Northcutt, Mrs. Hickman, Erma Walker, Jean Ferguson, Lucille Park, Miss Stagner and the club president, Kathleen Baker. Doris Ravizza was the photographer; Eunice Petersen and Nancy Richie were also among the workers.

SAM SELF bank representative (Staff Photo)

First National Names Farm And Ranch Official

A former area farmer and rancher, Sam Self, has been named farm and ranch representative for the First National Bank of Hereford.

Self, who assumed duties with the bank Monday, comes to Hereford from Las Vegas, N. M., where he was associated with the First National Bank there.

Born and reared in Lubbock, Self farmed two sections of land near Bovina from 1953 until 1955. FOR THREE and a half years, he managed the R. H. Fulton Ranch and for the past seven years has been in the sheep and cattle ranching business on his own.

A graduate of Texas Tech with a degree in animal husbandry, Self and his wife Barbara are parents of four children, two boys and two girls.

Two Accidents Start New Year

Two accidents were reported to city police Saturday, resulting in an estimated \$1,150 in damage to four autos.

Police reported the first accident in the city at 2:25 p. m. Saturday afternoon, when an auto driven by John Conyers, Box 109, Hereford, and an auto driven by James O. Miller, 216 N. 25 Mile Ave., collided at the intersection of Park Ave. and East Fourth St.

Investigating officers estimated damage to the Conyers auto at \$150 and \$100 to the Miller auto.

The second accident for the day was reported at 9:50 p. m. at 308 Lake, when a parked auto was struck by a car driven by Thomas Trivino, 505 Grand.

Officers identified the owner of the parked auto as Romero Salazar, 308 Lake.

Damage was estimated at \$500 to the Trivino auto, and \$400 to the parked auto.

BIBLICALLY SPEAKING

JOHANNESBURG, South Africa (AP)—The Day of Judgment seemed at hand as the orderly called the roll at Klerksdorp Magistrates Court.

Jeremiah and Jericho took the oath as Detective Thomas testified against a man called Solomon.

Zachariah and Zenhemiah followed them into the witness box giving evidence in a case where John Peter was accusing Israel of stealing his cattle.

There was a half-hour delay while the building was searched for someone called Handbrake; Habakkuk, helping in the search, eventually realized it was him.

The day finished with Isaac and Elias being accused of assaulting Luke. They had been arrested by a policeman called Adam.

Letter To The Editor

Sir:

While not claiming to be fully informed on conditions at the Labor Camp, I personally deplore the seemingly uninformed, exaggerated publicity Hereford has received about it. The Amarillo paper has carried several articles about the camp, all giving the impression that the citizens of Hereford couldn't care less about the residents there. I would suggest to the instigators of this publicity that they visit some of our local welfare agencies, our schools, churches, or our hospital and see where most of our available funds and provisions for charity go.

One thing that I have learned by dealing and visiting with these people is that many of them have nicer homes in other communities and come to Hereford temporarily for the sole purpose of earning money. They want the lowest possible housing expense to enable them to realize more net income. Often times the entire family works as many hours as possible, leaving no one to care for the house. When they return from work exhausted, they have little interest in cleaning house.

You remember some time ago when pictures of the camp were publicized here, how rightfully indignant many residents of the camp were because of our ignorance of the reasons for conditions there. And as for the permanent residents of the camp, I agree with Dr. Rush that only education and a change of attitude will contribute toward any lasting solution.

Before our state and/or federal governments are asked to squander large sums of tax money on the camp, I would offer simple proof to the investigating officials that their efforts, for the most part, are wasted. All they need do is simply tour our new "Colonia De Buena Vista" addition in west Hereford and see the garbage and trash heaps and general run down condition. This area is completely modern, has all sanitation facilities, utilities, paved streets and so on, but it is already nearly as dirty as is the labor camp. The fellows that invested in this thing did so that these people might have adequate, low cost, sanitary housing, designed for maximum durability and minimum upkeep. As many times as the public has been given proof over the years that people change only when they want to change, I wonder why we allow so many wasteful, so-called "welfare" projects. We must first instill the desire for betterment within these people.

No matter how honorable our objectives, money programs alone won't, and never have, worked.

It is completely unfair to the citizens of Hereford and Deaf Smith County to lay all of the blame for this condition on us. After all, the camp is privately owned and operated and makes no profit, I understand. We have the type of local government that doesn't try to force itself upon private landowners. I'm very proud of our community and believe we're as civic minded as people anywhere if not more so. The people in other cities such as Amarillo, Austin, and Dallas, have enough problems without worrying about ours — I'd say more.

Respectfully yours,
Eugene Campbell

TWO OF 134 — Hereford's construction boom continued during 1965 to establish new all-time high, although residential construction dropped some. City officials issued 134 building permits for residential houses — with an average value of \$12,590. Shown are two houses under construction in one of several new housing developments now mushrooming in the city. (Staff Photo)

Mr. and Mrs. Ky Lawrence
wedding photo, 1916

Summerfield Couple To Celebrate Anniversary

A golden wedding reception will honor Mr. and Mrs. Ky Lawrence Sunday in the fellowship room of Summerfield Baptist Church. Their daughter, Mrs. J. B. Noland, and grandchildren, Mrs. Paul Higgins, Mrs. Joe Shultz and Larry Noland, will be hosts.

Friends of the couple as well as relatives are invited to call at any time between the hours of 2 and 4 p. m. Sunday.

Ky Lawrence and Miss Winnie Kendall were married 50 years ago at Eldorado, Okla. and came from there to Summerfield late in 1918. Both have been active in community affairs, clubs and church work.

For more than 40 years Mrs. Lawrence taught a class in Summerfield Baptist Sunday school, and gave it up only because of failing health. Mr. Lawrence has served the church 33 years

as a deacon. They are charter members of Hereford Riding Club and have often entertained the club at their ranch near Ragland, N. M. Other groups which remember their hospitality at the ranch include the Camp Fire Girls, GA and RA groups and Sunday School classes from their church, study clubs and just friends.

Family reunions have been held at the ranch also. Usually the highlight of the entertainment was a campfire meal.

Mrs. Lawrence's mother, Mrs. Lee Kendall, lives in Hereford, as does her brother, Joe Kendall. They are expected to attend the anniversary observance with other relatives, and with members of Mr. Lawrence's family which includes nephews living in this county.

Small Talk

By SUE COLEMAN
Women's Editor

Wonder what's happened to the sentimental old custom of a bride wearing her mother's wedding gown? That's one of the several differences in weddings, a change that came about the time of World War II.

BEFORE THEN, almost any girl whose mother had married in traditional satin and lace, expected to shake the roseleaves out of the hallowed garment and wear it up the church aisle — unless she was built on a scale entirely unlike her mother.

Sometimes a bride even appeared in the gown worn by her grandmother. Of course not so many brides of that period wore elaborate white gowns — only the relatively few who had big church weddings.

It was much more common for a wedding to be conducted in the minister's home or study, or at the bride's home, with the girl wearing the suit or dress in which she was going on her honeymoon. Before the marry-now-pay-later plan, only well-to-do families could afford the church ceremony with six brides, maids and organ.

THEN BEGAN THE current era when brides feel that they are hardly married at all unless they have the big wedding and the heirloom dress. They began putting dresses away carefully for their daughters to wear, and now the daughters don't wear them; but buy their own — possibly to pack away for their daughters.

Come to think of it, brides' lack of interest in wearing mama's dress stems from the 1940's when mama had been a bride in the 1920's, when knee-high shifts were the style. Pictures of some brides of that period would discourage anyone from wanting to wear the dress.

With dresses short again, brides have been clinging to long gowns but it may not be for long. Which brings up the best-dressed Miss Ford and her three-inch-above-the-knee wedding dress, but you go ahead and discuss that: I don't feel up to it.

MOST OF THE HOLIDAY visiting is over now and the comings and goings will be less hectic for a while. But there are still some travels to talk about.

Mrs. J. A. Pitman is returning this week from the West Coast, where she spent the holidays with her sister, Mrs. Jack Gould, and other relatives. She was there for a wedding Dec. 18, when Jack Gould Jr. was married.

Guests in the E. C. Hammett home this week are his brother, W. H. Hammett, and Mrs. Hammett of Livingston, and his mother, Mrs. J. N. Hammett of Rails. The Hammetts live northwest of Hereford, in the Progressive community.

Mr. and Mrs. Ben Childers spent New Year's weekend visiting friends, the Charles Monroes, in Oklahoma City.

THE POST-HOLIDAY feeling was summed up rather well, I thought, by Mrs. Joe Easley, during a round of phone calls I made last weekend to list club meeting dates on the calendar after the December changes.

"Is Tuesday the third?" she queried as she obviously shuffled through calendar leaves. "Oh, the fourth! Yes, the Golf Association luncheon is on that day — but I didn't expect it to be so quick!"

Antonion Circle Announces Date Of Talent Show

The second annual talent show sponsored by the Antonion Circle of St. Anthony's Church will be held Feb. 6. Mrs. James T. Clark, chairman of entries, announces that participation is open to any who wish to present music, dramatic numbers or other stage entertainment.

Mrs. Allen Evers is general chairman for the show, with Mrs. William Kahlich and Mrs. Tommy Albracht on her committee. Mrs. Leander Reinart is Circle president.

A successful talent show was sponsored by the Circle last year, with entries only from the church membership. This year entry is open, and there is no age limit. Mrs. Clark emphasized. Prizes will be given several categories.

The talent show is a major fund-raising project for the Antonion Circle.

HEAD NURSES ORGANIZATION—Officers of the newly-formed Professional Nurses Organization posed at their meeting Monday evening in Deaf Smith County Hospital dining room, which they have chosen as their regular meeting place. Standing from left are Anna Stindt, treasurer; Azalee Hodges, president; Sydney Ann Owens, secretary. Seated are Ella Mae Childers, reporter, and Jo Solomon, vice president.

Nurses Present Chapter To Initial Program Meet Here At Luncheon

Details of organization were completed by the recently-formed Professional Nurses Organization at a meeting Monday evening in Deaf Smith County Hospital dining room, and the first program was presented by a member, Jo Solomon. She stressed the part played by the emotions of fear, misguided love and its correlative hate, inferiority feelings and the defense mechanisms of compensation, rationalization, regression, projection of blame as an alibi, displacement and identification. Summing up the point of her paper was a quotation from Dr. Carl Meninger, noted psychiatrist, "Love is the medicine for the sickness of the world." Mrs. Hodges, who presided for business, and Sydney Ann Owens were hostesses. Other members present were Anna Stindt, Laura Gibson, Martha Wiltshire, Ella Mae Childers and Vida Grady.

WEIGHS \$1,200

TALLADEGA, Ala. — Alabama tackle Dag Kearley's hometown folks thought so much of him that they presented him with his weight in nickels. It amounted to a tidy \$1,200. Teammate Tommy Tolleson said "Old Dan must have known. He ate like a horse the week before the ceremony, but wouldn't say a word."

colorful

extension telephones are a practical way to brighten up your home. Smart decorator colors complement any room setting. Choose from pink, white, blue, green, turquoise, yellow or beige. And the cost is just a fraction of your regular service. Be colorfully practical. Call the telephone business office or ask any telephone serviceman.

LET'S COOK SOMETHING!

Cookies Easily Made

Back in Texas after living seven years in a Denver suburb, Mrs. Sam Ogan says she feels right at home in the Frio Baptist parsonage, to which the Ogan family moved in July.

With two of her children in Hereford schools and the older daughter in her freshman year at Wayland Baptist College, Plainview, Mrs. Ogan has devoted her efforts to getting acquainted, first in the congregation, of which her husband is pastor, then in the community as a whole.

SHE TEACHES the class of young married couples in the Sunday School and is acting as program chairman for the Women's Missionary Union. To widen her friendships, she has joined the Frio Homemakers Club and now she plans to apply for a substitute teacher's place in Hereford schools.

While she lived at Arvada, Colo., near Denver, she and her

husband both were on the public school's substitute teacher list. He was a teacher when they married, before he entered the ministry. He has been a minister 19 years, and prior to the pastorate in Colorado had been at Berger ten years.

Mrs. Ogan grew up and attended school at Stephenville, where she studied at John Tarleton College after graduation from high school. Born at Tye, near Abilene, she was reared by relatives at Stephenville after her mother's death when she was a baby.

THE OGANS' CHILDREN are Anna Ruth, the college freshman; Debbie, a sophomore in Hereford High School, and Sammie, an avid sports fan in the sixth grade at Bluebonnet. Another fixture in the household is Sadie, an amiable dachshund.

Mrs. Ogan says her hobby is sewing, and she makes her own clothes as well as those for both daughters. A sample of

her work was the dress she was wearing as she talked in the parsonage living room, a deep-gold frock cut on slim lines, with low waistline indicated by bands of orange and brown. The colors make her eyes, which are hazel at close view, look dark brown to match her hair.

Because she spends a good deal of time sewing, and likes to read whenever she can manage more time, and feels that she cannot neglect her church work, and has been a part-time teacher, Mrs. Ogan has learned to use methods of house-keeping and cooking which save time.

She calls herself a short-cut cook, and likes to prepare dishes which are appetizing without needing lengthy attention — and which do not leave stacks of dishes to be washed. Thus she recommends a cookie recipe which was given her by a friend, Mrs. Floyd Cole.

SKILLET COOKIES

Put into a large skillet (an electric skillet is fine) 1 stick margarine. Let it melt and add 1 well-beaten egg, 1 cup sugar and 1 cup dates cut into fine pieces. Cook 3 to 5 minutes, un-

Mrs. Sam Ogan she is short cut cook

til the mixture thickens and turns dark brown. Then add 2 1/2 cups rice krispies, 3/4 to 1 cup pecans, 1 teaspoon vanilla and mix well. Form into balls and roll in coconut.

Linda Rickman Chosen For Good Citizen Award

Miss Linda Rickman wins DAR Award

Miss Linda Rickman, Hereford High School senior, has been announced as local winner of the Daughters of the American Revolution Good Citizens Award for 1966. The announcement was made by Mrs. W. K. McCaskill, regents of the Mary McCay Baines DAR Chapter, Plainview. With winners from other area high schools, Miss Rickman will be honored at a luncheon March 9 in Plainview, where two district winners will be named. They are selected for church, community and school participation and their qualifications of dependability, service, leadership and patriotism.

Miss Rickman, daughter of Mr. and Mrs. Leroy Rickman, is president of the National Honor Society in Hereford High School, has received the Best Citizen award and is FFA Sweetheart. She is a member of the Baptist Church, a choir member, teacher and Young Women's Auxiliary president.

After graduation from high school, she plans to attend West Texas State University and major in business education.

Adrian News

By ANN BEAVERS Brand Correspondent

Capt. and Mrs. Kenneth Loveless and children from Canyon spent Wednesday night with the Manuel Loveless family. Kenneth Loveless is just back from Korea and being transferred to Ft. Rucker, Alabama, for two years as a helicopter instructor.

Mr. and Mrs. Alford Jobe and children were in Midland over the weekend attending the funeral of Alford's uncle, Floyd Jobe.

Connie and Mitchell Lively of Amarillo visited the Manuel Loveless family Thursday thru Sunday.

Tommy Loveless, Davy Grunkley and Jackie Loveless attended a movie Wednesday night in Amarillo.

Mr. and Mrs. Hershel Tomlinson of Cisco, Mrs. Gladys Preston of Amarillo, Mr. and Mrs. Ed Pinnell and children of Rovers visited Mr. and Mrs. R. D. Sisk and children at Steed, N. M. Sunday.

Mr. and Mrs. Manuel Loveless and children and Dexter and Kurt Sasser were in Lawton for Christmas Eve with Mr. and Mrs. J. G. Loveless. J. G. returned from Korea Dec. 9. They all went to Hartshorne and visited the T. L. Loveless, Earl Loveless and Homer Collins families. They all returned home Monday but Manuel Loveless and Larry, who remained for a longer visit and returned Saturday.

Louise, Carol Ann and Lana Gail Royal visited in Dumas during the holidays with Mr. and Mrs. Alvin Argenbright.

Mr. and Mrs. Pat Maupin of Gruver visited Mrs. Millie Maupin, the Earl Browns and the Calvin Peters family during the weekend.

Mr. and Mrs. Junior Pulliam of Amarillo visited the Charlie Pulliam family over the weekend.

Thursday Jackie Loveless had a slumber party in her home.

Look Who's New

Mr. and Mrs. Guadalupe Ramirez are the parents of a daughter, born Dec. 31. She weighed 5 lbs. 10 ozs.

Mr. and Mrs. Ernesto B. Martinez are the parents of a daughter, Ernestina Lourdes, born Dec. 30. He weighed 8 lbs. 1 oz.

Mr. and Mrs. Ernesto B. Martinez are the parents of a daughter, Ernestina Lourdes, born Dec. 31. She weighed 6 lbs. 13 ozs.

Mr. and Mrs. Gary Wayne Jones are the parents of a son, Gary Kevin, born Dec. 30. He weighed 8 lbs. 1 oz.

Patty Zaring, Mary Glass, Betty Whitten and Connie Lively attended.

Bob Lane is in Scott and White Hospital in Temple, where he underwent surgery last week and is reported in good condition.

Mr. and Mrs. D. P. Doherty, the Rev. and Mrs. Dave Sellars attended military graveside rites for Capt. Stanley Sapp in Amarillo Monday.

Patty Zaring spent the weekend with Mr. and Mrs. Tommy Slocum and children in Amarillo.

Mr. and Mrs. Sonny Fincher and children of Bivins, visited the Finchers here Monday.

Mrs. Julia Fincher spent the Christmas holidays with her son, and family, the Sonny Finchers at Bivins.

Monday night in the Adrian gym, the jr. high basketball teams played Bivins jr. high with Adrian winning both games. Girls score was 28 to 28 and the boys score was 39 to 40.

AUSTIN HIGHLIGHTS

Control Of Demo Party 'Sleeper Battle' In '66

By VERN SANFORD
Texas Press Association

AUSTIN — One of the big sleeper battles on the Texas political scene during 1966 will be for control of the state Democratic party machinery.

Some observers think this brewing struggle is behind the fuss between U. S. Sen. Ralph Yarborough and Gov. John Connally. Few think Yarborough has any intention of running against Connally for governor, as some have suggested.

BUT THERE is every reason to believe that Yarborough will be the key figure in any all-out liberal Democratic effort to wrest control of the State party committee from hands of the governor's friends.

Shifting population patterns and legislative redistricting tend to shorten long odds against a liberal victory in this year's conventions. Half the 6,000-plus delegates to the September state Democratic convention will come from 12 major counties where liberals are gathering strength.

Furthermore, the big counties will have more members on state party committees. This because of the Senate redistricting act, which adds senatorial representation in Bexar, Dallas and Harris Counties.

A personality clash at the top leadership level is necessary to whip up enthusiasm for convention warfare. The feud between Connally and Yarborough most likely will provide the spark that sets off the 1966 version of a familiar state Democratic fight.

STAKES are high, for not only is the party committee an effec-

tive power base but a powerful instrument in the process by which delegates are selected to the future (1968) presidential nominating convention.

Not since the administration of Coke Stevenson has a Texas governor lost control of the state Democratic party machinery.

BIG SAVING AIDED State Finance Commission has adopted new regulations, effective January 1. Rules allow higher interest to depositors with big savings accounts and an interest break for late depositors in Texas chartered savings and loan associations.

Old rules required uniform interest rates for all savings accounts in the associations. This new variable interest order, still partially subject to approval by the Federal Home Loan Bank Board, is aimed at placing the state-chartered savings associations in a better competitive position with banks and federally-chartered savings associations.

ONE provision would allow "time account certificates" for investors who will keep \$1,000 or more in savings for at least a year.

Other regulations would provide for paying a full month's dividend on money deposited by the 20th of the month instead of the 10th and for a full month's dividends on money withdrawn during the last three business days of a dividend period. Under state regulation, associations have no ceiling on the dividends they may vote. However, interest returns have been running about 4-1/4 to 4-1/2 per cent.

Federal regulations adopted in December have boosted allowed dividends up to 5-1/2 per cent on time deposits.

GIANT PARKS PLAN IN OFFERING

Most extensive state parks and recreation plan in Texas history may be submitted to the Legislature next year, says Governor Connally.

He may ask the lawmakers to approve a 25,000,000 to 50,000,000 land purchase program for parks during the next biennium.

Total budget for parks this biennium is only \$5,400,000. However, that is more than has been spent on the system for the past 10 years.

In mid-December Connally said he will tour the state during 1966 discussing needs and plans including an "expansive and ambitious" parks-recreation development.

State Parks and Wildlife Department announced recently that additional facilities are being planned for all types of outdoor recreation including boating, fishing, water skiing, canoeing, swimming, sailing, bicycling, sightseeing, horseback riding, golf, hunting, "rock hounding" and nature study.

CONNALLY APPOINTS

Governor Connally has appointed A. L. Dear, executive vice president and general manager of the Palestine Savings and Loan Association, as a member of the Upper Neches Municipal Water Authority.

Dear, 54, succeeds Eugene Fish of Palestine, for a term expiring Jan. 1, 1971. Fish was one of the men who pushed Lake Palestine to a reality, but died before it could be completed.

BOAT REGISTRATIONS DUE SOON

More than 200,000 motorboats are subject to registration by April 1 under Texas' new Water Safety Act, so warns State Highway Engineer D. C. Greer. Present certificates expire on March 31.

New law authorizes the motor vehicle division of the Texas Highway Department to issue certificates for boats operating in state waters. Same division handles license and title procedures for autos.

Renewal notices covering boats already registered now are being mailed out, along with a brochure outlining the Water Safety Act. Under its provisions, state game wardens now have full authority, for the first time, to enforce water safety statutes.

New registrations will cover a two-year period. Fees range from 3 for boats less than 16 feet long, to 12 for those 40 feet and larger.

SNOW CHAINS—SUNDRESS? — Pert Lynn Sowell, decked out in a spring sun dress, caused many to shed their heavy winter clothes in favor of something a little lighter. (Staff Photo by Tom Wingo)

Safety equipment requirements include lighting, horns, bells, fire extinguishers and flame arresters. Also required are rear view mirrors on boats towing skiers.

BUILDING GAINS November building throughout Texas increased seven per cent, despite a traditional decline during the 11th month.

A report from the UT Bureau shows total construction for the month came to \$133,631,000, a figure exceeded only during August and in November, 1964. Texas building during 1965 did not set a record. Record belongs to 1964.

U. S. Department of Commerce sees a nationwide 11 per cent increase in non-residential building for 1966, but only a "small advance" in private housing construction.

COUNTIES ATTACK PROBLEMS

Texas counties now may get busy planning to solve their complex problems on a regional scale with state and federal aid.

Atty. Gen. Waggoner Carr paved the way with an opinion saying the State Health Department is authorized by a 1961 act to "arrange planning assistance" when counties request it.

Cities and counties may pool problems and resources in a broad planning program under an act passed last spring.

Health Department has served as the administering agency for small cities in the past, and will continue this function. Federal funds are available for part of the cost — normally two-thirds for cities and up to three-fourths for cities in depressed areas.

Although no Texas county has a mater plan in effect, some have been awaiting the green light from the attorney general so the federal agencies could provide the needed money.

Bexar, El Paso, Ector, Grayson, Jefferson, Nueces, Harris, Tom Green, Orange, Tarrant, Dallas, Denton and several other counties with rapidly changing areas are expected to join the program. Applications are made to the Health Department.

GATESVILLE BUILDINGS Architectural drawings have been made for a 497,370 train-

ing unit for 240 boys at Gatesville School for Boys. A second construction project hasn't reached the architectural stage. This is a \$41,180 addition to the Academic Building at the school.

ATTORNEY GENERAL RULES

Attorney General Carr has ruled that the Texas Water Development Board may pay the tuition fees of two employees to attend an eight-day course in Earth Control and Investigation conducted by the Bureau of Reclamation, Denver Laboratories. Tuition total would be \$300.

In other rulings, Carr stated: Firemen who participate in firemen's relief and retirement fund can draw out all payments made prior to August 23, 1963, when leaving fire department employment.

SPECIAL service charges and penalties assessed against small accounts by depositories cannot be considered in determining whether deposits are dormant and subject to escheat by state.

FEDERAL ROLE INCREASES

Federal government has become a virtual dictator over management of Texas Employment Commission's operation of unemployment compensation and job placement programs, a new Texas Research League study maintains.

Bureau of Employment Security of U. S. Department of Labor has tightened controls over expenditures, administration and program leadership, study reports.

"The federal-state partnership which congress intended to prevail . . . has deteriorated to the point where the federal agency tends to dictate the details of day-to-day management," says the League.

A real federal-state partnership concept can be restored, the study observes, only if congress: (1) restores to states responsibility for allocating earmarked administrative funds on a workable formula and (2) provides for judicial review of issues between a state and federal agency.

SHORT SNORTS Governor's budget office has

compiled an excellent summary of state services, spending and trends . . . U. S. Department of Agriculture reports citrus movements from the Rio Grande Valley during Christmas week were heaviest of the season.

North Forty Stable's Sadair was a supplementary entry in the 1964 Pimlico Futurity. It cost \$7,500 to make him eligible and it was a wise investment. Sadair won the race and earned a purse of \$110,912.

Beautification Project Includes Signs, Junkyards

The second phase of Texas' initial plan of compliance with the recently-enacted Federal Highway Beautification Act will get under way Monday January 3) when field parties from the Texas Highway Department begin the actual count for inventories of billboards and junkyards along Texas highways.

The act, as approved by Congress and signed into law by the President, envisions the control of billboards and junkyards and scenic enhancement along the nation's federal-aid highway systems.

IN TEXAS this will cover more than 3,000 miles of Interstate highway system and more than 14,500 miles of the primary system.

The Texas inventories were ordered last month by State Highway Engineer D. C. Greer.

AT THAT time Greer said information obtained in the inventories will be used in studies that will be made relative to possible state legislation to implement the provision of the act, including the zoning of industrial and commercial areas along the State highway system.

A Highway Department spokesman said May 15, 1966, has been set as a target date for completion of the inventories.

The Highway Department field parties will travel over every mile of federal-aid highways in Texas gathering information for the inventories.

The number of junkyards in the state is considerably smaller than that of billboards.

On billboards, Highway Department personnel will record such information as size, ownership, subject displayed and location.

The signs will be classified as in rural, industrial or commercial areas.

Signs directly related to the property on which they are located, such as "for sale" signs, will not be surveyed.

THE FIRST project in Texas' plan of action under the Federal act was launched earlier this month when the Texas High-

way Commission approved plans for the first landscape planting project to be financed in Texas under the act.

This project is to be on a section of Interstate Highway 45 adjacent to the downtown business district of Houston.

The Federal act calls for an expanded program of landscaping and scenic enhancement.

'Let Us Smoke Lettuce' Garners Story Honors

Mrs. Rafe Rodgers of White-harrel has been named a winner in the "Writer's Digest" annual article writing contest, placing fourth with an article "Let us Smoke Lettuce!"

The article is about the new lettuce smokes, the nicotine-free Bravos being produced in Hereford. Mrs. Rodgers interviewed Puzant Torigan, president, developer and chemist of Bravo Smokes in September.

As one of the top ten winners, national publications will be interested in the article and she has a better than average chance to sell the article to a magazine with a large circulation.

Mrs. Rodgers was associate editor of the Levelland Daily Sun News until her resignation in mid-July. She has had several magazine articles published and writes features and is correspondent for the Lubbock Avalanche-Journal.

FLORIDA BREDS STAR HIALEAH, Fla. (AP) — Florida-bred horses turned in their best record in the history of Hialeah racing last winter.

Sixty-two races were won by Florida-breds, compared to 49 in 1963 and only 16 in 1962.

Rep. Rogers Reports

US Posts New Records For Minerals

For the seventh straight year, the United States in 1965 set new records for the value of its minerals production. Continuing advances may be expected next year. It is encouraging to note that growth rates in the values of all three major groups of minerals — fuels, metals, and nonmetals — closely paralleled those of 1964, with fuels showing a value gain of 3 percent, metals a gain of 10 percent, and nonmetals a gain of nearly 4 percent.

The strength of segments of the minerals industry, including the very important oil and natural gas industry, is a key factor in the country's general economic well-being. Of special interest to residents of the Texas Panhandle are 1965 figures related to oil, natural gas, and helium production. Some of the key points are as follows:

The production of crude petroleum in the United States this

year totaled 2,846 million barrels, valued at \$8.2 billion. The total demand for petroleum products averaged 11.5 million barrels daily, up 4.1 percent from 1964.

MARKETED production of natural gas in 1965 was 16,432 billion cubic feet with an average wellhead value of 15.5 cents per thousand cubic feet, representing a 5.7 percent gain in production and a 1 cent increase in average wellhead value.

Helium consumption in the United States increased by more than 30 million cubic feet (a gain of approximately 4 percent) to an estimated 743 million cubic feet during 1965. The price from Bureau of Mines plants and the single commercial producer remained at \$35 per thousand cubic feet.

Since most of the Free World's supply is concentrated in the Panhandle area, helium is of special interest to us. In addition to the helium sold, more than 3.5 billion cubic feet of "crude" helium was supplied during 1965 by five privately owned plants for purchase by the Bureau of Mines under the helium conservation program.

THIS program was set up under legislation I had introduced

in order to conserve helium that would otherwise be wasted when natural gas containing it is burned as fuel. After being removed from natural gas being piped to market, the helium is piped to the Cliffside gasfield northwest of Amarillo and stored for use later, as needed. Helium is vital to projects involved in our national security; about 75 percent of helium consumed this year was purchased by the Department of Defense, the National Aeronautics and Space Administration; the Atomic Energy Commission, and other Federal agencies.

Helium is becoming increasingly important as technological and scientific progress advances the frontiers of weaponry and peaceful space exploration. It is expected that the helium stored at Cliffside will one day be essential to continued progress.

OTHER minerals are winding up the year as follows: Bituminous coal and lignite production was up 4 percent; anthracite continued a decline, down-10 percent below the 1964 figure; sulfur and fertilizer minerals showed gains, with recovery of elemental sulfur from natural gas and crude oil exceeding 1 million tons for the first time; clays, refractories, and other industrial minerals showed moderate gains; aluminum production was up sharply, rising 8 percent to a new high of approximately 2.74 million short tons; the industrial demand for lead and zinc exceeded the new supply; copper faced continuing mounting demands and was in short supply despite increased production; gold production was the highest since 1960 and silver output was the largest since 1956; iron and steel were produced at record rates, with ore production rising 2 percent.

Good economic news — and a good start for the New Year. **WALTER ROGERS** MEMBER OF CONGRESS 18th DISTRICT, TEXAS

ACES AFTE R20 YEARS

WHITE SULPHUR SPRINGS, W. Va — Dr. William B. Redmon of Midland, Mich., scored his first hole-in-one in 20 years of golf when his 205-yard tee shot dropped into the cup on the seventh hole at the Greenbrier course.

Dr. Redmon was in a threesome with Mrs. Redmon and Ray Kaye of Harrison, N. Y.

GRADUATE—Cecil Stehr, son of Mr. and Mrs. J. T. Stehr, Rt. 2, was graduated recently from the Palmer College of Chiropractic at Davenport, Iowa. Dr. Stehr graduated from Dimmitt High School, and attended Texas Tech before enrolling in the Palmer College. Dr. and Mrs. Stehr and son Daniel are visiting in the home of his parents.

COUNCIL ON ALCOHOLISM CONSIDERS NEW CHAIRMAN

A three-member nominating committee will name their choice for a new chairman from the Deaf Smith County Council on Alcoholism at its monthly meeting Jan. 22.

The new chairman will replace The Rev. Joel Treadwell who recently moved to Louisiana.

Members of the committee are Mrs. Jewell Smith, Mrs. J. E. Springer and Lowell Sharp. These members were selected by Mrs. O. G. Hill Sr., vice-chairman of the council.

Another part of the meeting will feature a film entitled "Verdict 32" which is designed to help understand the problem of alcoholism.

The meeting will begin at 7:30 a. m. in the La Cafe Hacienda with Mrs. Hill in charge of the meeting.

Mrs. Hill extended an invitation to the public to attend this meeting.

DRY GRASSHOPPERS

CANBERRA — Tourists in this Australian capital city are called grasshoppers because it is said, "They eat everything in sight and never have a drink."

New Nationwide Number for Out-Of-Town "INFORMATION"

With a single telephone number—555-1212—and the proper Area Code, you can now dial the Information operator for most any town in the United States. There is no charge for calls to obtain out-of-town telephone numbers.

Here's How It Works

Dial the Area Code for the city you want, then 555-1212. For example, to reach Information for Chicago, you would dial:

312	555-1212
Area Code	Telephone Number

When the Information operator answers, give her the name of the town you want, then the name and address of the person or business.

By writing your out-of-town numbers in your own personal directory, you'll save time in the future when you call.

This is a new service of the telephone company to make it convenient for you to get out-of-town numbers.

What's The Weather?

This is a New Year and only God knows how much of good or bad will blow our way. The weather vane knows no difference between the points of the compass. Her job is to look straight ahead into whatever winds that blow... and the more severe the wind pressure the greater her accuracy. That's our lesson. *God also tries us by pushing strong winds into our face, by laying blocks in our path and by shoving temptations before us.* Then let us face up to His test. This way He finds out those who love Him; those who seek Heaven; and those who support His Church. Like the weather bird... *resign your will to God.*

You In The Church
The Church In You — form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

Southwestern Public Service Plans For '66

A 1966 construction and improvement program which calls for the investment of an additional \$19,353,000 in new facilities throughout the company's service was announced today by A. R. "Lon" Watson, president and general manager of Southwestern Public Service Company.

"Comparing our construction plans with a military operation, 1966 could be described as a year when we are going to strengthen and consolidate our position. In other words, this is a year when we are going to build into an already strong interconnected electric system new facilities which will provide even greater service dependability for our customers," Watson said.

NEW transmission lines, and related equipment, are the largest single investment in the 1966 program, with nearly \$7,500,000 of the total construction program designated for the construction and improvement of the electrical highways which bring the power from the generating stations to the areas served by the electric company.

A principal result of this new construction will be that the "backbone" transmission line, or principal electric artery linking the three largest generating stations will become a 230,000 volt line: Nichols Station, northeast of Amarillo, Plant X, in Lamb County, and Cunningham Station, west of Hobbs, New Mexico are the three generating stations.

This means that early next year, it will be possible to move four times more power than we are able to now transmit between these three major plants. "LET ME emphasize that this conversion to 230,000 volts

of the 'backbone', or main, line is an addition to existing facilities, and means there will be one more way to move power throughout our system. In other words, there are other transmission routes, in addition to this new one, which can transport the power between all of our 11 generating stations and carry the load in the event of an emergency," Watson reported.

Watson went on to point out that the generation and transmission of electric power is controlled automatically insofar as the principal transmission lines are concerned, and that the changeover to an alternate route is accomplished instantaneously in most cases.

Major construction will begin during 1966 on another 210,000 kilowatt steam-electric generating unit at Nichols Station, northeast of Amarillo. This will be the third generator installed since 1960 at this location and will increase the capability of the plant to 435,000 kilowatts. Completion of the new unit is scheduled for mid-1968.

"The continued installation of major electric generating units is, of course, the best kind of evidence of our confidence in the future of our service area. There are many opportunities to attract small industries to this region and a number of communities are actively engaged in well-planned industrial development programs. The advantages of this area are obvious, with our excellent climate, the optimism of our people, and good local governments. All of these will lead to new progress for the region," Watson said.

Electric power's role in meeting the municipal water needs of the region are a part of the 1966 improvement program. A 115,000 volt transmission line will be completed during the year to provide the power to pump the water from Lake Meredith to a storage reservoir near Amarillo. The Lake Meredith water is scheduled to be distributed to the 11 member cities of the Canadian River Municipal Water Authority, beginning in late 1967.

"1965 was another year in which the average cost of our service to all of our customers was lower than the previous year. As a matter of fact, it was the 13th consecutive year for a decline in the average cost of electricity used in our customers' homes. Our customers have helped make this possible by using more of our service. This enables us to install new and more efficient equipment, the type that will go into service as a result of this 19-million dollar improvement program in 1966. Reddy Kilowatt is still the servant who charges less for each hour the more hours you work him," Watson concluded.

Deadline For Paying Poll Tax, Filing For Elections Nears

With the Jan. 31 deadline for paying poll tax drawing near, a total of 1040 poll tax receipts had been issued as of Wednesday morning in the county tax assessor-collector's office.

The poll tax is required for voting in local and state elections and this year promises several contested elections on the state level and at least one election choice on the local level.

DEADLINE for paying poll

tax is Jan. 31 at 5 p. m. Also upcoming are deadlines for filing for election in several posts.

Up for election locally during 1966 will be three positions on the Hereford school board, two county commission seats, two county commission spots, and several other county, district, and state positions.

Included are the office of county judge — in which incumbent Judge H. C. Williams is being opposed by L. B. Rus-

sell — plus the offices of county clerk, county treasurer and justice of the peace.

Also up for election are the offices of district judge and county district court clerk. Judge Harry Schultz and county district court clerk, Mrs. Lucille Posey, have announced intention to seek re-election to those offices.

COUNTY commissioners Marcus Latham and R. Donald Hicks are, so far unopposed in

their announced intention to seek re-election in precincts two and four, respectively.

State Representative Bill Clayton's term expires this year, as does the term of U. S. Congressman Walter Rogers. Neither have announced their intentions as yet.

And statewide offices of governor, Lt. Governor, attorney general, and U.S. senators are added to the list of "important" choices to be decided at the polls

by qualified voters — and a valid poll tax receipt is required to vote in all elections, with the exception of the federal office balloting.

DEADLINE for filing for the May 7 primary which will pick candidates for county and state offices is Feb. 7.

Three incumbents — Bill Gentry, Olin Parris, and Hugh Clearman — announced Tuesday night their intention to seek re-election to the seven-man Here-

ford Independent School District Board of Trustees.

Final date for placing names on the ballot for the April 2 school trustee election is March 3 in the office of the school tax assessor-collector.

TWO CITY commissioners' terms also expire this year. Expiring are terms of commissioners Lloyd Sharp and Albert Maxwell.

No candidates have been announced for the upcoming city election, which will be held early

in April. Date of that election and filing deadline has not yet been announced.

Last year, when county citizens voted for both city and school elected officials, plus proposed amendments to the state constitution, only 1971 poll tax receipts were issued in Deaf Smith County.

Poll tax receipts were reported coming in at a faster clip this year, although still behind last year's total with the deadline just 17 days away.

Bull Barn Comes Into Its Own As Work Progresses

By WAIN MILLER
News Editor

The county-owned Bull Barn is getting a sprucing up on the inside.

And Monday the county commissioners went out to look over the progress of the \$10,000 improvement project.

So impressed were they with the change in appearance of the Bull Barn brought about by the current work of installing an acoustical ceiling, new lighting,

and other beautifying touches, the commissioners immediately began thinking about adding further improvements at the spacious facility.

LIKE AN UNNOTICED pretty girl who never went to the beauty shop until she was 18, the county Bull Barn in its new interior attire is drawing many a second look — as a setting for community meetings and conventions.

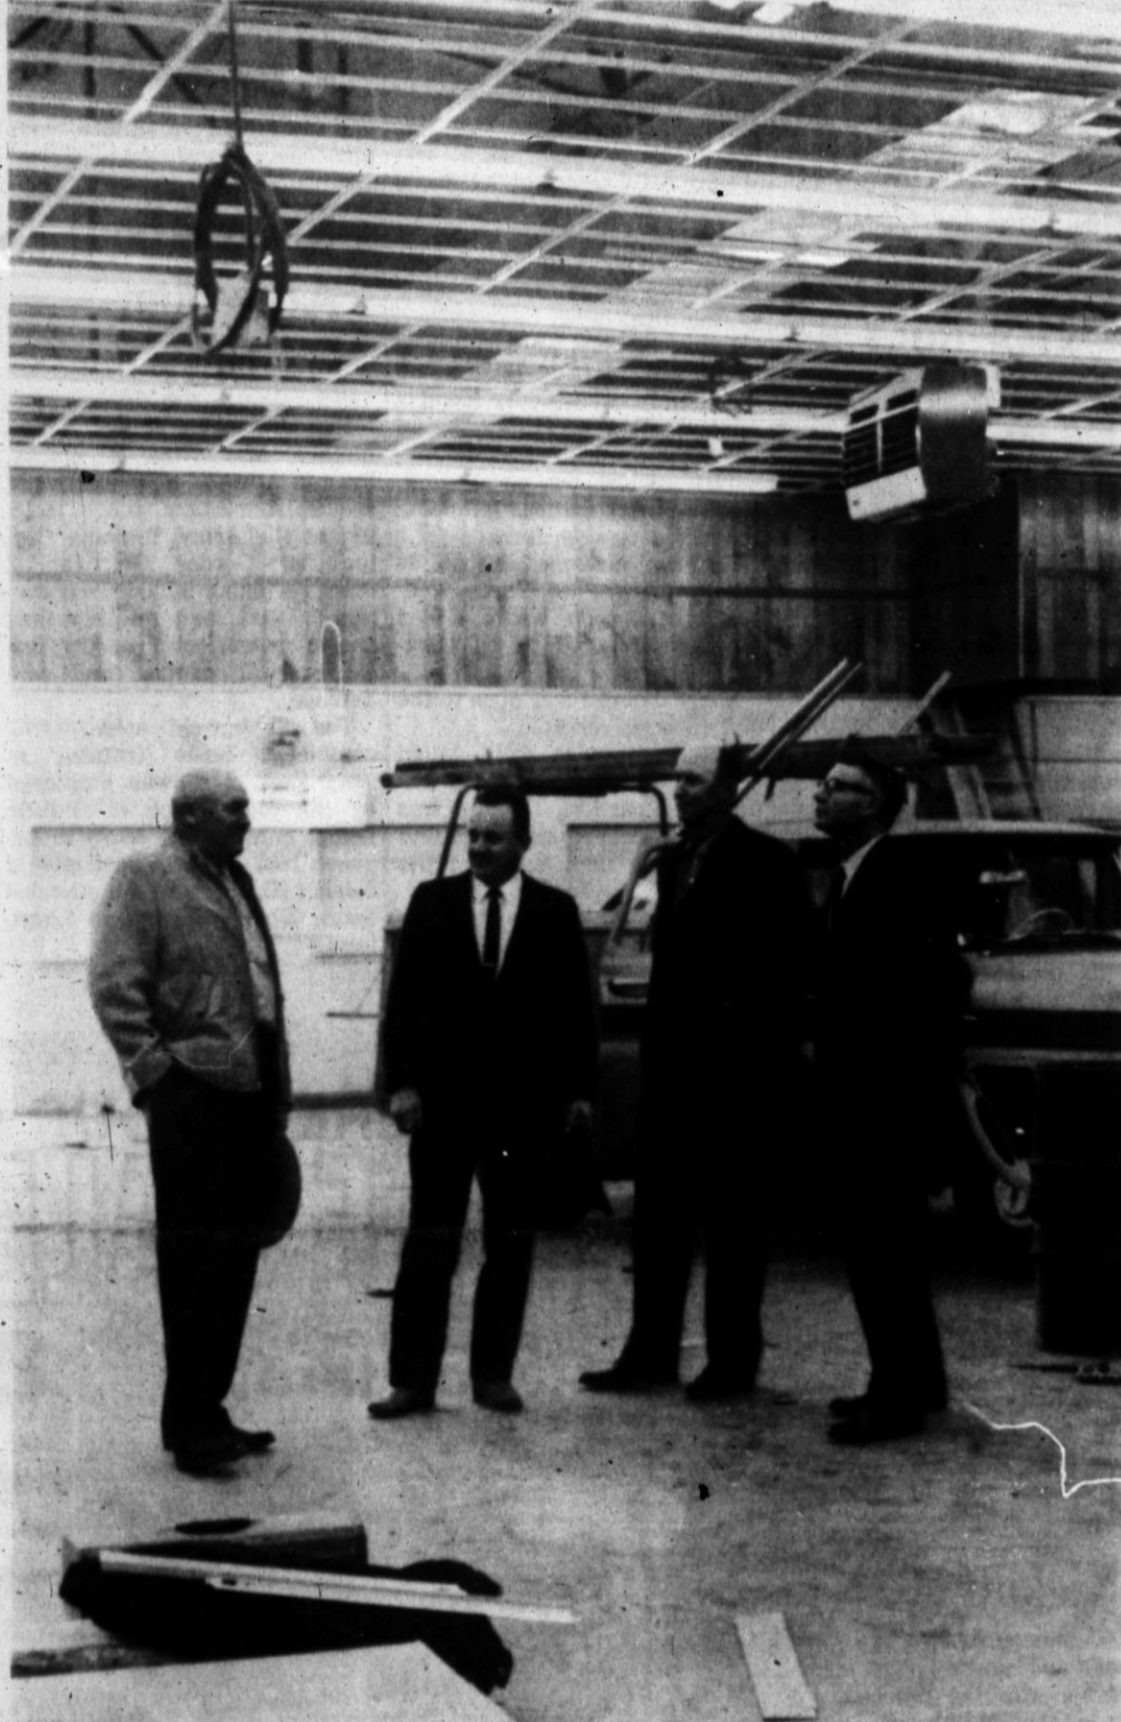

Commissioners at Monday's meeting expressed the opinion that the Bull Barn project now underway is perhaps adding more beauty to the center than had been anticipated.

And so it was that the commissioners met with the contractor Wednesday morning to look into cost of improving the Bull Barn even more. No action was taken, but the contractor was asked to prepare an estimate on other improvements.

AS ONE commissioner put it while looking at the facility Monday, "We could spend a little more money out here and have a convention center to rival anybody's."

The spacious barn, built a decade ago, was planned as a meeting place and livestock exposition center, but the facility has not been fully utilized due to its unattractiveness, plus difficulty in controlling

See BULL Page 2

VIEW BULL BARN—County commissioners Earl Holt, Bruce Coleman, Marcus Latham, and Donald Hicks (from the left) surveyed the new look of the county-owned Bull Barn during their Monday commission session. See story at left. Workmen are fast completing installation of panelling, in the background, and an acoustical tile ceiling, plus fluorescent lighting. After seeing the vast change in appearance these innovations are making in the Bull Barn, further improvements are being considered. (Staff Photo)

548 TICKETS SOLD

Dinner Seats Going

A total of 548 tickets to the Deaf Smith County Chamber of Commerce Annual Meeting and Banquet had been sold as of Wednesday morning, with some 300 tickets still available.

Tickets, on sale at the chamber office and from chamber board members, are going at a faster-than-usual clip and chamber officials are looking forward to one of their largest crowds in years at the affair which highlights the chamber's year.

Price of tickets is \$4.50.

FEATURED at the banquet, slated for 7:30 p. m. Thursday, Jan. 20, in the high school gymnasium, will be Dallas entertainer Pete Pedersen, presentation of the Hereford Lions Clubs "Citizen of the Year" award, and dinner catered by nationally known Walter Jetton of Fort Worth.

Pete was educated in Chicago and attended Carl Schurz High School. During his teenage years, Pete became interested in water sports, developed into an outstanding swimmer, and contributed greatly to his high school swimming team by winning the City Championship. Also during his high school years, Pete became interested in playing the harmonica, and by 1942 had developed this talent to

such perfection that he was engaged by the famous Borrah Minevitch Harmonica Rascals.

On Schedule . . .

Deadline is Friday, Jan. 14, for receipt of entries in the Hereford Young Farmers Junior Livestock Show, which gets underway a week from today.

A **FREE** class in basic income tax form preparation, sponsored by the Panhandle Chapter of Certified Public Accountants and the Internal Revenue Service, will be held tonight (Thursday) in the Hereford High School Auditorium. See story inside.

The Deaf Smith county Chapter of the Farmers Union will meet at 7:30 p. m. tonight in the Pioneer Natural Gas Co. Flame Room. Purpose of the meeting is to elect a new president for the organization. See story inside.

Friday, Jan. 21, is the deadline for sugar beet farmers in Deaf Smith County to file requests for farm proportionate shares for the 1966 crop. Forms may be obtained from the local ASCS office or field representatives for Holly Sugar Corp.

where after a short time, he was made the leader of the group upon Minevitch's withdrawal.

Pete is also a true pioneer in the TV industry which is exemplified by his first TV broadcast from New York in 1943, as

Extend Contract For Supt. Clark

Three School Board Members To Run Again

Three members of the Hereford Independent School District Board of Directors authorized the school tax assessor Tuesday night to place their names on the ballot for the April 2 school district election.

Present board president Bill Gentry and board members Olin Parris and Hugh Clearman said they would seek re-election to the seven-man board.

The three men's terms expire this year. No other candidates have announced for the board election. (See story at top of page.)

Kickoff Set For Annual March Of Dimes

The Deaf Smith County March of Dimes drive will get underway Monday as local B&PW volunteers will send out mailers to Hereford residents.

Campaign chairman, Dr. Noble Ballard, said the committee is hoping to raise more than the \$3,000 which was raised last year.

A PART of the traditional campaign will be the mothers march, which will be held during the next two weeks with Mrs. Wheeler Sears and Mrs. David Gibson in charge.

Miss Patti Roach is in charge of the student activities for the March of Dimes and has scheduled many events for earning money for the campaign.

THE ANNUAL Candy Day will be held Jan. 22 with volunteers selling candy downtown and at the shopping centers.

Miss Linda Price and Miss Carole Coffee will be in charge of the candy sale.

Miss Juliana Gomez and Miss Jane Wilhelm will be in charge of passing out money folders to students Jan. 24.

THE HIGH school student council will take charge of the high school fund drive.

Junior high school students are planning a talent show to raise funds to contribute to the drive.

A dance will be held for high

See KICKOFF Page 2

Junior High Zones Set By Board

Hereford school trustees gave Superintendent Johnny Clark Jr. a hearty vote of confidence and complimented this with a 12-month extension of his contract and \$50 raise in his monthly expense check during a busy board session Tuesday night.

Expressing "utmost confidence" in the man who handles the school district's top administrative post, the board unanimously approved a three-year contract for Clark and the \$600 yearly increase in expenses pay.

The actions highlighted a board session which saw several decisions and reports before and after a two-hour break to attend the high school basketball game.

Other business included the zone division of the city for determining which students will attend the new junior high school now under construction in northwest Hereford.

APPROVED zones will put students living west of U. S. Hwy. 85 and south of U. S. Hwy. 60 in the new La Plata Junior High School — beginning the fall of this year — and those living east of 385 and north of 60 in Stanton Junior High.

Enrollment in the two junior highs will be some 344 students at La Plata and 341 Stanton, with near-equal enrollment of Anglo, Latin, and Negro students in the two schools, current enrollment studies indicated.

Tuesday's meeting also saw the board:

—**AGREE** to remove drivers education from the long-term school schedule, but retain the course for after-school and/or summer participation.

—Approve an unchanged rate of 40 percent actual value for tax assessment for 1966.

—Hear an enrollment report by Clark, showing a current enrollment of 4,068 students, which is 347 more than the 3,721 total enrollment at this time last year.

—Set April 2 as the date for the school trustee election.

—Approve a change in the district's contract with Colum-

See CONTRACT Page 2

Vacant House Burns, Fireman Probe Cause

A house which had been vacant since early 1962 was gutted by flames in one of five calls answered by the Hereford Firemen this week.

Firemen were called to the 300 block of Ave. D, at 10:33 p. m. Tuesday where a small frame house was found engulfed in flames.

ONE FIREMAN suffered a broken wrist, and another was slightly injured in a fall while fighting the blaze.

Earl Phillips was treated for a broken wrist when he fell while attempting to secure a hose. Tom Wingo was treated at Deaf Smith County Hospital for minor bruises also suffered in a fall.

O. L. King, owner of the house, said the house was broken into and torn up shortly after it had been vacated in 1962, and that he had intended to tear it down.

THERE WERE no electrical or gas connections to the house, See VACANT Page 2

NEW PRESIDENT — Hereford Riders Club announced the election of new officers for the coming year this week. Andrew J. Shoval (above) was elected as president. Al Lee was named as vice president; Charlie Hill, secretary; and Lowell Sharp, treasurer. Directors for the club were named as Charlie Hill, J. A. Crawford, and Fred Ruland. The Riders Club will meet tonight at 8 p. m. at the Community Center.

Chamber Board Approves Record \$31,000 Budget

Deaf Smith County Chamber of Commerce Board of Directors approved a \$31,000 budget for the fiscal year beginning Feb. 1 at their regular meeting Wednesday morning.

The approved budget exceeds by a thousand dollars the 1965 chamber budget and is the largest in history for the local chamber.

Increased expenditures were made possible by a \$2,100 gain in anticipated revenue during the fiscal year ending Feb. 1, 1967, brought about by the Chamber's recent membership drive.

1965 CROP YIELDS LISTED

Holly Technicians Meet Slated Here

Holly Sugar Corporation officials have announced plans for a company-wide technologists' meeting to be held Jan. 19, 20, and 21 at the company's plant here.

Some 70 high-ranking company employees and officers from five states will attend the sessions at Holly's Merrill E. Shoup plant.

INCLUDED will be production and agricultural supervisors from Holly's eleven refineries located in California, Montana, Wyoming, Colorado, and Here-

ford.

Hereford area manager for Holly, Dexter Lillie, said the session is being held here in order that Holly officials may view the company's newest installation and see new innovations in the Hereford plant.

Many out of town officials, including Holly president Dennis O'Rourke of Colorado Springs, will attend the Deaf Smith County Chamber of Commerce Banquet on Jan. 20. Holly re-arranged its meeting schedule in order that guests may attend the chamber event.

The technologists' meeting will feature clinics showing procedures here and will no doubt point out the phenomenal success of beef growers in the Hereford area, Lillie said.

AVERAGE TONNAGE produced by growers in Holly's 29,695 acre Hereford district was 22.22 tons in the 1965 campaign, Lillie pointed out.

This surpasses the 1964 average of some 20 tons per acre. Sugar content on the 1965 crop averaged 15.8 percent, somewhat lower than the 17 percent average in the 1964 crop.

BUT THE increased tonnage will more than make up for the

See HOLLY Page 2

Bill Gentry Receives Post On Water Group

Hereford farmer Bill Gentry was elected to the five-man county committee of the High Plains Underground Water District in balloting here Tuesday.

With only 31 votes cast, Gentry was elected to replace Larry Ballard, who retires from the committee.

Gentry was favored over Charles Hoover, the other candidate for the county post.

RETAINED on the five-man county committee for the coming year are Billy Wayne Sissons, J. E. McCathern Jr., Billy B. Moore, and Charles Packard.

In other voting in the district's annual election, three incumbents were re-elected to serve on the district board. They are Russell Bean of Lubbock, Weldon Newsom of Morton, and Chester Mitchell of Lockney.

Voters also approved the annexation of a portion of Cochran County to the 13-county water conservation district.

AT LIONS MEET

Eye Bank Success Cited By Speaker

By TOM WINGO Staff Writer

In a speech given by Mrs. Jack Bullock to the Hereford Eye Bank in Amarillo...

Mrs. Bullock is the secretary of the eye bank, which is supported by the member Lions Club of District 2 T-1.

"EIGHT persons can be benefited by one pair of eyes," related the secretary...

The Hi-Plains Eye bank is an independent function of the Lions Club in the area...

"We do not sell eyes, nor do we buy eyes," said Mrs. Bullock...

ALL EYES can be used, regardless of the visual condition, as there are several parts that are needed...

Since the charter of the eye bank in September of 1961, a total of 30 eyes have been received.

The 58 eye banks in the United States have a network set up with "Ham" radio operators across the nation...

THE EYES can be used anytime within a 72 hour period.

provided they are packed properly.

In one case, noted Mrs. Bullock, the eyes of an Amarillo donor were used in a transplant in Phoenix, Ariz., within 24 hours after the donor's death.

There are four doctors in the panhandle of Texas who can perform transplants.

WHEN A case is found where a transplant is needed, but the patient cannot pay for it, it is then referred to Lions clubs in order that no one will be turned down because of lack of funds.

The Hi-Plains Eye bank has 2,200 donor cards on file in the Amarillo office at the present time, which represents 4,400 eyes that will be donated.

Any one wishing to donate their eyes to the eye bank are asked to contact any member of the Hereford Lions Club.

SOME COMUTE

LOUISVILLE (AP) — When R. G. Wilson retired, the airlines lost one of their most faithful customers.

He commuted between Louisville and New York every week for 16 years.

The routine started when Wilson was transferred to New York so he decided to fly back and forth between the two cities.

The airline game him a good-bye party on his last flight.

The contracts provide rotating collections of materials to member libraries, central purchasing of books and central processing of all materials.

bian Securities of San Antonio, the school's financial advisor. —Hire several new teachers, including Jerry Meyer, who is now Dimmitt Junior High School band director.

—And, hear several reports concerning curriculum, finances, and other matters.

—LEARNED that the Hereford Jaycees Club has agreed to furnish a large 1,200 scoreboard for the La Plata Junior High School Gymnasium, which will be used by high-school varsity teams beginning next year.

In opening the discussion concerning Clark's contract, board president Bill Gentry said that he had previously visited with all board members "and we all feel strongly that you are strengthening our school program and we are proud of the way you are handling things."

HE THEN called upon board members to voice their views. Hugh Clearman began by making the motion that the board rehire Clark and raise the superintendent's expense stipend \$50 monthly.

Labry Ballard seconded the motion. Trustees L. B. Russell, Raymond White, and Olin Parris in turn expressed their pleasure with Clark's work.

Dr. A. T. Mims, who had been called out of the meeting earlier to attend a patient, was quoted by Gentry as having said he concurred with the feeling of other board members when the matter was discussed earlier.

CLARK assumed duties as superintendent of the Hereford schools in July, coming here from the Olton school system.

State law limits the terms of a school superintendent's contract to three years. Tuesday's action renewed the three-year term.

CONCERNING the zoning of the district for the addition of the new junior high school this fall, a proposal was presented by Clark showing near-equal distribution of students by dividing the district with the two main highways.

Using seventh, eighth, and ninth grade enrollment figures, La Plata and Stanton would appear to be near-equal in total enrollment, as well as in race division and number of students enrolled in extra-curricular activities such as band, choir and athletics.

MAIN difference will be in the number of bus students attending the two schools. Some 192 of the 344 anticipated students at La Plata will ride buses, while only 43 of the predicted 341 Stanton students will ride buses.

The move to eliminate drivers education from the regular term course offering in the system was made to reduce expenditures and relieve a scheduling problem.

THE BOARD voted to remove drivers ed from the long term schedule, but offer the course after school, on Saturday, or during the summer for students who wish to take it.

An enrollment fee for the course was also approved to defray cost of autos used and instructor's salary.

This was done largely because of difficulties in scheduling students for the one-semester course. Many problems result when students attempt to schedule another one-semester course to fill up the remainder of the year, plus the fact that students often must "waste" a period while a few students in the class at a time complete the behind-the-wheel training portion of the course.

ELECTION date for balloting to fill three school board terms

which will expire this year was set as April 2. Final date for filing will be March 3. Absentee voting will be March 14-29. Election officials were appointed.

Bob Davis of Amarillo, representative for Columbian Securities of San Antonio — the school's contracted financial advisor — told the board that a recent appeals court ruling placed a provision in the school's contract with the bonding company in jeopardy.

A new contract, deleting the provision that the financial advisor's fee could be deducted when the company negotiated for school bonds, was approved.

The board accepted resignations of two teachers, Emalee Lewis and Marilyn Swindle, who resigned for personal reasons effective mid-term.

Hired AS teachers were Tom Harkey, Audine Dettman, Ola Gene West, Sandra Miligan, Marlene G. Watson, Mrs. Coleman Mosley, Dixie Bell Sims, and Mrs. Beth Gable.

In other business, the board visited with Roy Hartman, former Bluebonnet Elementary principal who recently resigned to assume duties as district coordinator for the Panhandle Educational Services Organization.

Hartman told the board that the PESO remedial reading program would get underway soon in the Hereford elementary schools.

Holly ...

(Continued from Page 1) drop in content, meaning equal good cash returns for most farmers in 1965 as were received on the 1964 crop.

Lillie said the Hereford refinery should wrap up beet slicing early next week, probably about Tuesday.

But the around-the-clock shifts at the plant will continue for another 30 to 40 days until thick juice is finished.

He commented that weather conditions brought about the reduction of sugar content on the 1965 crop. Dry weather prevailed during the 1964 beet growing season, and above average moisture hit the 1965 crop.

"WE ARE very happy with the Hereford area production during these two years as we encountered two 'extremes' in factors affecting beet crops," Lillie said, pointing out that the Hereford area has been a pacesetter for beet producers throughout the nation on both crops.

He said that tonnage here for the 1965 crop was phenomenal and that sugar content, although down from last year, continued to keep pace with averages posted by Holly's eleven growing areas.

It was also noted that handling of the 1965 harvest campaign was much smoother than during 1964, due largely to fewer problems with machinery at the plant.

Kickoff ...

(Continued from Page 1) school and junior high school students with the proceeds going to the March of Dimes. Miss Retha Kelly is in charge of the dance.

Hereford Jaycees will stage a basketball game with the KIXZ Dribbling Drops in the high school gym on Jan. 24 at 7:30 p. m.

THE JAYCEES' half of the proceeds will go to the March of Dimes campaign.

A film titled "An Extra Measure" will be shown to various community clubs by Dr. Ballard. The film is a 15-minute color feature with a sound track. Ballard said the film explains the work of the March of Dimes.

Ballard added that he or any member of the committee can show the film at club meetings.

An estimated \$455 million will be spent by the Department of Health, Education and Welfare in 1966 to combat and cure mental illness and retardation.

Jaycees Hear March Of Dimes Drive Plans

The Deaf Smith County Chairman for the March of Dimes, Dr. Noble Ballard, was featured as the guest speaker for the Hereford Jaycees at their regular meeting Tuesday.

Dr. Ballard spoke to the group about the plans for this year's drive, which is scheduled to begin Jan. 16 and continue until Jan. 30.

The Jaycees, headed by president John Meadors, voted to participate in the drive this year, and are currently trying to arrange a basketball game with the KIXZ Dribbling Drops of Amarillo, from which the proceeds will go to the drive.

The Board of Directors for the local Jaycees held a board meeting last night to map further plans for the drive.

If these improvements can be accomplished, the Bull Barn would probably end up being one of the most pleasant meeting places in the area, but would still retain its versatility, commissioners envisioned.

Vacant ...

(Continued from Page 1) and the cause of the fire was not known.

King estimated that he would be able to salvage about half of the lumber in the house.

Twenty-two firemen spent some two hours at the scene of the fire.

Later, firemen were called to 819 25 Mile Ave., at 12:28 a. m. Wednesday, where they found a mattress and grass burning in the front yard.

THIS HOUSE was also vacant, and an investigation is being conducted on both fires.

Firemen answered a call to the Hereford Feed Yards Wednesday afternoon, where a feed bin was reported to be burning.

Slight damage was done to the bin, firemen reported.

Sunday, firemen were called to Park Ave. and Ave. C, to extinguish a car fire. The auto was owned by Dale Rinhart. One unit and five firemen answered the call.

Tuesday, firemen extinguished a grass fire on Bradley Street.

Seven firemen and one unit answered the 12:09 p. m. call.

Bull ...

temperature in the concrete block and metal-skinned building.

The county commission recently approved expenditure of some \$10,000 to install a "false ceiling" of attractive acoustical tile, fluorescent lighting, air conditioning ducts, and panelling above concession stand and office spaces. Air conditioners were installed recently.

THIS WORK is nearing completion.

Monday, the commission decided to look into the feasibility of such additional improvements as installing wainscoting around the lower portion of all walls; converting the east entrance of the building to a lobby, ticket office, and coat room; giving the remainder of the interior a new paint job; sealing off the area beneath the bleachers and repainting the bleachers in a rainbow of colors.

After six years with the Harmonica Rascals, Pete left to form a duo known as the Harmonic-Aires. He felt that this arrangement would give him more freedom to work on comedy routines and incorporate ideas into his presentation other than strictly music.

In 1957, Pete's partner consented to the wishes of his wife to quit traveling and Pete set out for himself as a "single."

Since this time, in addition to his personal appearances, he has also written comedy material for the biggest names in show business — among them

Banquet ...

(Continued from Page 1)

there were only about 30 sets in use and a TV broadcast had a range of about 10 miles. Since this initial experience, Pete has been much in demand for local and national TV shows, as his credits reflect many performances on national recognized shows such as Ed Sullivan, Gary Moore etc.

AFTER SIX years with the Harmonica Rascals, Pete left to form a duo known as the Harmonic-Aires. He felt that this arrangement would give him more freedom to work on comedy routines and incorporate ideas into his presentation other than strictly music.

In 1957, Pete's partner consented to the wishes of his wife to quit traveling and Pete set out for himself as a "single."

Since this time, in addition to his personal appearances, he has also written comedy material for the biggest names in show business — among them

Victor Borge and George Gobel. Even today, he is constantly changing his presentation with new thoughts and ideas he feels might tickle the funny bone.

Along with his many personal appearances throughout the United States, Pete is also President of the Peder Frank Corporation, whose interests include a recording company, music publishing company and public relations firm. He is also connected with Columbia Records as music arranger for the Harmonic-Aires, whose recording of "Peg of my Heart" has sold over 14 million copies to date.

Since 1958, Pete's home base has been Dallas, where he resides with his lovely wife, Barbara Sue, his daughter age 9, and his two sons ages 10 and 7. Unbelievable as it may seem for a man with such a time consuming schedule, Pete is an avid devotee of several hobbies, which include golf, swimming, camping, and his most favorite of all — telling jokes.

ONE MINUTE, PLEASE. "Ye are the light of the world." Matt. 5:14. "As light dispels darkness from the world, and enables men to see how to journey and labor, so the Christian, by their example, dispel ignorance and prejudice, and enable men to see the way of eternal life. In this way they are the light of the world." J. W. McGarvey. Since God is light and in Him is no darkness, His children receive enlightenment from Him who is the source of all light. "If we walk in the light, as he is in the light, we have fellowship one with another, and the blood of Jesus his Son cleanseth us from all sin." 1 John 1:7. So long as we derive the eternal light from the Lord, we are able to enlighten the world which is in darkness of ignorance, of sin, of gloom. Christians, as the light, neither makes a fuss, nor does it try to hide. And the darker the night the more easily seen is the light. YOU ARE ENCOURAGED TO STUDY. PLANS & SPECIFICATIONS. AT BOARD MEETING

Red Cross Sees Capping Ceremony, Slates Plans

Four Hereford women received their caps as Gray Ladies in ceremonies at the board of directors meeting of the Red Cross Tuesday morning at the Community Room of the First National Bank. Mrs. Bill Dameron presented the certificates of award and caps to Mrs. Nell Culpepper, Mrs. Mildred Lewis, Mrs. Annis Corbett, and Mrs. Aleane West. Vice chairman Steve Bavousett, conducted the board meeting due to the absence of Chairman Melvin Jayroe.

GRAY LADIES RECEIVE CAPS—Four Hereford women were awarded their caps and certificates of achievement Thursday in a meeting of the Board of Directors of the local Red Cross. Mrs. Bill Dameron presented the caps to (left to right) Mrs. Aleane West, Mrs. Mildred Lewis, Mrs. Annis Corbett, and Mrs. Nell Culpepper. (Staff Photo)

Mrs. Dean House reported that the financial report reflected the United Fund had gone over the goal.

Mrs. Paul Engler gave a report to the board on the ditty bags that have been sent to Viet Nam to be used in the hospitals and on the battle field.

Mrs. Engler also reported that the gray ladies had given an estimated 606 hours of work from July 1, through Dec. 17, at King's Manor and West Gate.

Mrs. Clint Formby, Red Cross Youth Chairman, reported that the nine local schools had given \$550 to be used for local youth projects separate from the regular chapter's funds.

THE YOUTHS were reported to have sent 77 friendship kits to Viet Nam, contributed to needy families for Christmas, and provided Thanksgiving mats and nut cups to Kings Manor. The students also contributed to the Christmas needs for the Amarillo Air Force Base Hospital, and the VA Hospital, and sent money for one suit for a boy at Cal Farley's Boys Ranch.

An orientation meeting has been set for Friday, Feb. 4, to be held at the Community Center in the Scout Room.

This meeting will be held for the benefit of all board members, volunteers, and interested people in the county, and all are urged to attend.

Bavousett presented Don Chaney, of KPAN Radio, with a certificate of appreciation for the station's cooperation in Red Cross activities.

The next board meeting will be the annual meeting which will be held in April.

Miss Hersley Honored At Pre-Nuptial Shower

A bride-elect who plans to leave immediately after her marriage Jan. 15 for Germany, where her fiance is stationed with the U. S. Army, Miss Rosemary Hersley was honored with a shower in the Pioneer Flame Room Monday evening.

She and Sgt. Timothy J. Leatherman are to be married Saturday in St. Anthony's Catholic Church here. He is on leave from duty in Germany and the couple will establish a home there.

Shower guests were received by Mrs. Ray Wilhelm, the honoree and her mother, Mrs. Harold Hersley, and the mother of the prospective bridegroom, Mrs. James L. Leatherman, Miss Jeanette Walterscheid was at the guest registry.

The lace-laid table was centered with crystal candelabra. A dessert course was served.

Hostesses were Mes. Norbert Skypala, John Betzen, Walter Kuper, Joe Brorman, Andrew

Pictures Shown In Illustration Of Club Talk

Pictures were displayed to illustrate Mrs. Argen Draper's discussion of tea table settings, a meeting of West Hereford Home Demonstration Club Tuesday afternoon in Pioneer Flame Room.

The County Home Demonstration Agent spoke of table arrangements for varying degrees of informality in serving tea and gave suggestions for suitable china, linens and decorations.

Mrs. John Jacobsen Sr. was in charge of the program, which opened with reading of a verse titled Be What You Am, by Mrs. Blanche Hardin, Mes. W. H. Autry and W. A. Waters were hostesses.

The next meeting will be on Jan. 25 in the home of Miss Mary Brady, 505 W. Fourth, with Miss Evelyn Bell as co-hostess.

Others present Tuesday were Mes. Alice Cox, Vern Witherspoon, Verna Schroeder, Bell Grimes and N. L. Wesson.

Kershen, W. J. Lueb, A. H. Husmann, Henry Kuper, Alfred Reinart, Joe Schulte, F. J. Walterscheid, Arnold Betzen, Ed Hoffman, Leo Witkowski, Jerry Albracht and Wilhelm.

EXCEPTION FOR DUTY

ROHTA K India — The Punjab state government enforces prohibition, but recently agreed to an exception. In response to requests from citizens groups the government said soldiers returning home from duty along the Pakistan border would be permitted to have liquor in their baggage.

COLOR CODED CAR KEYS

CLEVELAND — Car keys in color — to match your car — are being introduced in retail stores. The keys are aluminum, with the color processed in, not painted on. They are expected to appeal to two-car families.

By MELVIN YOUNG

The New York City transit strike is apparently causing more concern throughout the country than is the war in Viet Nam. To begin with, the negative economic impact caused directly and indirectly, by the strike is tremendous.

New York City merchants will never be able to tabulate the losses.

Faced with the prospect of either walking into the city or fighting the gigantic traffic snarl would-be customers are staying home by the droves. In other words, customers for the mammoth Manhattan stores are few and far between, and it may well be sometime after the strike ends before store owners will see the kind of customer flow they have been accustomed to. Many rank and file New Yorkers have been left without

pay checks, and most will be rather short on cash until they have had an opportunity to "catch-up."

But the effects of the strike are beginning to be felt in the hinterlands too. Some merchants in our own city report lack of shipments of spring goods from New York suppliers. The garment industry in that city, and almost all businesses related to it, will be hurt tremendously, even if the strike ends today.

It's fantastic. Almost impossible for a country boy to believe that so many people could be touched by the dictates of one Michael J. Quill — president of the Transit Workers Union.

And it makes us wonder too — why our administration in Washington can be so concerned over the "welfare of the people" when it comes to managing steel or aluminum prices, but allow an organization such as the Transit Workers to throw an entire city into chaos. Somehow, we fail to see the justice in it.

VACANT HOUSE GUTTED—Fireman answered a call to the 300 block of Ave. D late Tuesday night, where a vacant house was gutted by flames. Origin was undetermined. Twenty-three fireman answered the call. (Staff Photo)

should be the finest we've ever had.

—HB—
Jo Ann Grady, 11 year old daughter of Mr. and Mrs. Nolan Grady, has, in past years, been a firm believer in Santa Claus, but her faith in the existence of the jolly old gentleman began to wane after the young lass entered school and particularly after she passed the third and fourth grades.

But there are times when everyone wonders a little about the existence of Santa Claus, and last Christmas, Miss Grady was left speechless when she returned (with her entire family) from Midnight Mass at St. Anthony's to find the Christmas tree loaded down with gifts that had not been there prior to leaving the house. And of course, the Grady's were not giving out any information as to "how" the toys and gifts suddenly appeared. That was a secret of the family — and after all, maybe, just maybe there was a Santa Claus.

Jo Ann's only comment was: "Well, maybe I had better have a talk with my teacher?" To this day, she still doesn't have the deal completely figured

out. But one thing for sure; she's a little hesitant about knocking old Santa. He might be listening.

—HB—
And the following was contributed by a "Subscriber":
"God gave us two ends, — one to sit on, and the other to think with. Man's success depends on which one he uses most—just a case of HEADS you win, and TAILS you lose."

—HB—
It's remarkable the way a college football player today graduates with high marks in economics, and finance.

—HB—
And speaking of economics, money may not bring happiness but it does improve the environment between the finance company and the borrower.

SWEET SMELING HOGS
URBANA, Ill. (AP) — University of Illinois engineers plan to conduct experiments with a built-in aerobic aeration, treatment plant that has promise of removing odors from hog houses.

An experimental hog house provides slotted floors acting as an oxidation ditch. A paddle wheel circulates oxygen in the waste. Bacteria acts on the organic matter and produces carbon dioxide, water and stabilized sludge.

GET IN ON THE RUN FOR THE BUICKS

Buick Special
2332

Manufacturer's suggested retail price for Special V-6 3-dr. coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge (transportation charges, accessories, other optional equipment, state and local taxes additional).

Compare Special's looks and performance with anything else in this price range. There. You really can afford to own a Buick. In fact, you can't afford not to. See your Buick dealer now while he's in the mood to give you the very best deal in town. Hurry.

See your local authorized Buick dealer

WOULDN'T YOU REALLY RATHER HAVE A BUICK?

What's the best 5-letter word for fertilizer?

And for wheat — NIPAK 45.

Get better wheat crops and earn bigger profits. Topdress your wheat with Nipak 45 right now — for greater yield and higher protein. Nipak 45 — 45% nitrogen fertilizer from Urea — gives you one-third more nitrogen per pound than any other form of solid nitrogen fertilizer — which enables you to handle less fertilizer and cover

more ground in less time. Nipak 45 is uniformly prilled, too. It flows easily, won't cake, clog — or corrode your equipment. Nipak also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power, ask your local Nipak dealer about Nipak 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.

GERMAN VISITORS—Mr. and Mrs. Karl Kissel of Hanau, Germany, aunt and uncle in whose home Mrs. E. G. Hill was reared, have been visitors since November in the Hill home at 521 Irving, their first visit to the United States. Seated at the table where cake and coffee were served Tuesday, as friends called to bid them bon voyage on their return trip, they are pictured with Mrs. Hill and her small son.

Guest From Germany Ending Visit In City

Visitors from Germany who here spent two months here in the home of a niece, Mrs. E. G. Hill, and Mr. Hill at 521 Irving, were complimented at an informal party Tuesday afternoon when Mrs. Hill invited several friends they have met in Hereford to see them again before they leave.

Mr. and Mrs. Karl Kissel are ending their first visit to the United States this week; they will leave Saturday for their home in Hanau, near Frankfurt. Their niece has lived in Hereford seven years and has made one trip back to Germany, in 1962. She and Mr. Hill were married when he was stationed in Germany in the U. S. Army.

She is the foster daughter of her aunt and uncle, as she grew up in their home after her parents were both killed during World War II.

Neither Mr. nor Mrs. Kissel speaks English but they have not found the language barrier a handicap in feeling the friendliness of West Texans. With Mrs. Hill as interpreter, both

emphasized their liking for Hereford.

"They remind me to say that they like it here very much, and like the people who are so friendly," Mrs. Hill said. During their stay in Hereford they have been invited to a number of homes and have visited nearby cities and interesting spots.

Trips to Carlsbad Caverns and Palo Duro State Park impressed the German couple. Mr. Kissel enjoyed especially the views of large farming operations, cattle feeding lots and agricultural processing plants on which Charlie Sowell acted as guide.

They found German-speaking residents here to help make them feel at home, several like Mrs. Hill who had married American men in military service.

They were included in the list of guests Tuesday afternoon. Mmes. Douglas Kelley, Ludwig Kovacs, Elov Valdez, Thomas Christ, Erica Durham, William Wulff, Mary Stapp and G. E. Brashear.

Bible Highlights Related To Club

For Pioneer Study Club and guests, Mrs. Earl Humphrey of Lubbock told her own story of the Bible, Dawn to Dusk, Tuesday of the club's annual program with emphasis on religion. She was the speaker at a luncheon in the Cason House.

Dramatizing key incidents, Mrs. Humphrey sketched highlights of the entire Bible to form a connected story from the account of the creation in Genesis to final prophecies of Revelation. Through the entire story ran the Messianic theme, foretold in the Old Testament and fulfilled in the New.

In keeping with the subject, Mrs. H. E. Miller gave the devotional talk on the topic, "True Religion and Undeified." Mrs. Carl Mountz, another program guest, told the story of the hymn of the month selected by the Federation of Music Clubs, Awake My Soul, and sang the hymn with her daughter, Mrs. B. Y. Crosthwait, as accompanist.

Mrs. A. L. Manjeet introduced Mrs. Humphrey. Mrs. L. H.

Lookingbill presided at the luncheon, at which Mrs. Ralph McCullough, Mrs. J. M. Gilliland and Miss Roberta Campbell were hostesses. Club business was postponed to give full time to the special program.

Tables were decorated in a winter theme, with snow-man figurines surrounded by evergreen branches as centerpieces.

Guests welcomed by the club included Mmes. Vivian Majors, Herschel L. Thurston, Robert Veigel, O. H. Culpepper, T. W. Alderson, J. T. Gilbreath Jr., Pat Webb, John Douglas Pittman, S. O. Wilson, Alex Thompson, Charlie Holt and G. D. Caisson.

OFFICIAL TEST

HOPKINSVILLE, Ky. (AP)—The first test for the new fire engine at nearby Lafayette was on official business, so to speak.

The fire was in a 60-year-old frame building once used as the town jail. The building was abandoned several years ago and the town didn't even carry insurance on it.

STATE OFFICER SPEAKS

Professional Pride Urged At Teachers' Meeting

By WAIN MILLER, News Editor

The state vice president of the Texas Classroom Teachers Association, addressing the members of the Deaf Smith County CTA and guests from area towns, called upon listeners to take pride in their profession to school with them each day.

"We must have pride in our profession," she continued, emphasizing that teaching truly is a profession, "not just a job, as it was considered in the by-gone days of the Little Red Schoolhouse."

AGAIN on the need for professional pride, Miss Buford said, "The ideas people have about education and the teaching profession come from their experience with teachers, and in many instances these experiences have not been renewed since their school days."

MISS BETTY BUFORD addresses teachers (Staff Photo)

RECEIVES SCRAPBOOK — Mrs. M. C. Kaul, DSCCTA president Roy Harris at a meeting of the group Monday night. The book depicts Mrs. Kaul's work as a teacher and citizen of the community. (Staff Photo)

Adwards Are Presented, Officers Elected In Camp Fire Council

National Awards were presented to two members of Hereford Camp Fire Girls Council, Mrs. Vance Crume and W. D. Gibson, at the Council's annual meeting Monday evening at Community Center.

A ceremony conducted by girls of the Junior High Camp Fire Cabinet, made up of all the groups of members in junior high school, installed the officers for 1966.

She served as an assistant leader six years, then as Horizon Club advisor to the same group of girls four more years. This group graduated from high school last May, and this year Mrs. Crume became advisor to another group of sophomore Horizon Club girls.

Lone Star Club Has Program On Ancient Scrolls

An account of the discovery in recent years of the Dead Sea Scrolls, and the contents of these ancient manuscripts, was given to Lone Star Study Club members by Mrs. Ed Warren in a program Tuesday afternoon at the home of Mrs. Virgil Dodson.

Students Speak To Dawn Club

Dawn Music Club had as guest speakers Tuesday afternoon the American Field Service exchange students in Hereford High School, Teresita Parba of the Philippines and Leif Nellenman of Denmark.

Members present included Mmes. Ray Polan, Alfred Smith, Edgar Sowell, R. T. Stewart, Robert Strain, Carl Wimberley, William Wimberley, Steve Bavousett, J. B. Caraway, Paul Engler, Melvin May, H. E. Miller Jr. and H. V. McCabe.

Young H.D. Club Opens New Year

Yearbooks for 1966 were distributed in Young Homemakers Home Demonstration Club at the first meeting of the year, held recently in the home of Mrs. Jesse Jackson.

There are more than 28 million Americans now enrolled in adult education courses, Dr. Paul A. Miller, president of West Virginia University, reported at the first national conference on adult education, held in New York City.

**BBB Warns
Of Gas Saving
Device Racket**

The Amarillo Better Business Bureau, of which the Deaf Smith County Chamber of Commerce is a member, has released some information through its monthly bulletin which should be noted by Hereford area businessmen and consumers.

Area residents are being offered the opportunity to "Save hundreds of dollars on all name brand products" but, like most offers of this kind, it is too good to be true. Consumers Digest, Chicago, Illinois, is sending direct mail literature which gives the impression that a wide variety of merchandise can be purchased at large discounts.

However, the firm does not sell merchandise. BBB investigation indicates that Consumers Digest sells catalogs at an annual membership fee of \$7. Most of the items in the catalog can be bought at local stores for the same price or less.

Note: Consumers Digest is not Consumer Reports, which is a reputable buying guide.

THE BUREAU continues to receive calls from persons who have been contacted by a representative of the Southwestern Law magazine selling advertising in their publication. The Southwestern Law magazine is a monthly publication for law enforcement officers. The magazine has a limited circulation and the organization has a limited membership in this area.

Brown and Root, Inc., of Houston, Texas, advised that a person using the name of Paul C. Strange is making unauthorized purchases, primarily on fool's, from supply houses. Any "emergency orders" should be verified by calling the Accounts Payable Department, Brown and Root, Inc., Houston, Texas, Phone Area Code 713, CA 8-8811, Extension 346. Additional information may be obtained by calling the Amarillo Better Business Bureau.

SALES TRAINING

Due to positions and company expansion, will train 2 men who will work hard to earn above \$400 per month. Complete training with expenses paid while training.

**Funeral Is Held For Mrs. Guinn,
Longtime Hereford Area Resident**

Funeral services for Mrs. J. T. Guinn, 69, who died Monday night in Farmer County Hospital at Friona, were conducted Wednesday afternoon at the Presbyterian Church here. Mrs. Guinn, whose home was on Route 2, Friona, had lived in this area 45 years.

Her husband was a Deaf Smith County Commissioner for 20 years. They came to this county in September of 1921 from Higgins, where they were married in July, 1917, and lived in the Messenger Community.

The former Florence Elizabeth Daily, Mrs. Guinn was born Dec. 13, 1896 in Stillwater, Okla. She was a member of the Presbyterian Church and of the Order of Eastern Star, which she had served as Worthy Matron in both the Hereford and Friona

Chapters. Her death followed a lengthy illness.

Survivors in addition to her husband are three daughters, Mrs. Ben Skidmore of Shamrock, Mrs. Bryan Morgan and Mrs. Robert Blackwell of Houston; a son, James T. Guinn Jr. of White Deer; her mother, Mrs. Nellie Daily of Hereford; a sister, Mrs. Paul Creal, who lives in Arizona; a brother, Francis W. Daily of California; ten grandchildren and one great-grandchild.

The Rev. Russell Wingert, Presbyterian pastor, conducted the funeral rites. Burial in West Park Cemetery was directed by Gilliland funeral home. Pallbearers were Donald Hicks, Joe Merrell, Hoytt Smith, John D. Pitman, Pete Burke and Bill Nunn.

**New Post Office
Approved For
City Of Dimmitt**

Rep. Walter Rogers, Pampa, made the announcement last week that a contract has been awarded to an Austin firm for the construction of a new post office for Dimmitt.

The low bid of \$75,000 was awarded to the Laco Rentals Inc., Austin, for the construction of a new building which will have 4,710 square feet of inside floor space, and a 450 sq. ft. loading platform. The new plant will also have 17,296 sq. ft. of paved parking space.

The new building will have 743 rental boxes, compared with 601 boxes in the present building.

The present building is located at 117 W. Jones, and is on a 25 x 148 foot lot.

Postmaster Ernest Jones reported the new building is expected to be completed in December.

The new post office will be located near the City Hall, at the corner of Second and Belcher.

Development of the telegraph created a demand for wire in long pieces and led to the invention of new wire-making machinery in 1862.

**Easter Lions
Install Three
New Members**

Three new members were added to the newest civic club in the area at its regular meeting Monday night.

The Easter Lions Club installed Pete Jack, Wayne Waiser, and Richard Price as new members, bringing the total to 65 members for the newly organized club.

THE MONDAY night meeting of the Easter Country Club featured Castro County ASCS Manager Charlie Hill as guest speaker.

Hill explained in detail the new 1966 Cotton Program and the members.

Roy Botkin, president, presided over the meeting. Botkin arrived at the meeting wearing a tie, but this was ended with much laughter when club tail-twister Buster Thompson cut the tie off with his pocket knife in lieu of a fine imposed on Botkin.

SOME 65 members and guests attended the meeting, which was also attended by club sweetheart Kita Struve.

Botkin announced that the proceeds of the last turkey shoot just before Christmas, had completely paid for the new tables for the meeting hall.

PLANS WERE announced for a Community Sale, with the proceeds to be used for building a new community building in the Easter Community.

This sale will consist of implements, tools, and odds and ends that will be donated to the sale.

The next meeting is planned for Jan. 24 at the "Country Club" in Easter.

**Three Sentenced In County Court,
Resisting Arrest Draws \$200 Fine**

Three men entered pleas of guilty to various charges Monday in County Court, before Judge H. C. (Hank) Williams.

Two deputy sheriffs arrested Julian Ybarra, who lives at the Labor Camp, on charges of drunk and resisting arrest.

Ybarra was fined \$200 plus costs in County Court on the resisting arrest charge and \$49 in justice of the peace court on the drunk charge.

Isaac Santz, Summerfield, plead guilty to a charge of driving while intoxicated and was given a 90 day sentence, and 30 days sentence on a one year probation.

Santz was arrested by the Highway Patrol two miles west of Hereford.

A 17-YEAR-old Arkansas youth was given a \$75 plus cost

fine and a 30 day sentence on charges of driving while intoxicated stemming from a wild auto chase through Hereford.

Willie Lee Lawson was arrested at the intersection of Ave. I and Lafayette by a Highway Patrolman after a chase with state and city officers that started at Second and Schley, continued zig-zagging through the residential section, going north to 13th St. and then coming back to Park, where he reportedly passed several cars on the right, while driving without his lights, then turning north on Ave. I to Lafayette, where he lost control of the pick-up he was driving and the arrest was made.

Officers reported that the pick-up had been stolen on Second Street moments before the chase.

MARCH OF DIMES RESEARCH HELPS — chairman, Brenda Jane was born with a spinal cord defect and cannot use her legs, but through braces and crutches developed by March of Dimes Research she will be able to walk. See story on page one. (Staff Photo)

Tax Instruction Slated Tonight By CPA, IRS

A free course in basic income tax form preparation, sponsored by the Panhandle Chapter of Certified Public Accountants and the Internal Revenue Service, will be held tonight at the Hereford High School Auditorium. The class will begin at 7 p. m. and will feature panelist E. L. Waldrop, Certified Public Accountant; Edwin Axe, Certified Public Accountant; and Joe Pruitt, Internal Revenue Agent. The class is being held as a public service to give the typical taxpayer enough background to prepare his own tax return with confidence that he is paying too little nor too much tax. All material for the course is being provided by the Internal Revenue Service. This class will not deal with unusual tax problems, but will cover the forms as used by the average taxpayer.

SUCH IS FAME
TUSCALOOSA, Ala. — Joe Namath, the New York Jets \$400,000 bonus baby, keeps the University of Alabama athletic office busy answering his fan mail.

The ex-Crimson Tide star has received more than 100 letters a week seeking pictures, letters and advice after Namath landed the juicy professional football contract. University sports officials said that every request was filled.

Water District Lists Depletion Procedure

Numerous inquiries have been pouring into the High Plains Water District office from Texas taxpayers and accountants across the High Plains as to how and when they can begin figuring tax deductions for 1965 income tax returns for water used in the business of irrigation farming. Also, the question of refunds for the taxable years 1962, 1963, and 1964 has arisen. Russell Bean, Chairman of the Board of Directors of the Water District stated that the District office recently received a published technical information release from the United States Treasury Department which states that the Internal Revenue Service would follow the decision of the United States Court of Appeals in United States v. Shurbet.

The Shurbet case held that landowners in the Southern High Plains are entitled to a cost depletion deduction for ground water from the Ogallala formation used by them in their business of irrigation farming. The release emphasized the deduction would be allowed to any taxpayer who could prove, first, a decline of his ground water during the taxable year; second, the thickness of water formation under his farm at the time of purchase; and third the actual cost basis in his water.

Dates Are Fixed For Leadership Training Course

March 21-22 was set as the date for a Leadership Workshop to be held here under auspices of the Deaf Smith County Program Building Committee, it was announced after a meeting of local representatives Tuesday with Miss Claudia Williams of the Texas Agricultural Extension Service. Attendance at the workshop is open to all county residents, at no cost. Enrollment is invited now by the Hereford Business and Professional Women's Club, which is in charge of preliminary arrangements. Names of those wishing to attend may be sent to Mrs. J. K. Baker, club president, or to any member. Organization and program specialists from the Extension Service will conduct the workshop with the assistance of local residents qualified in each of the subjects. Training in personal development, as well as in leadership phases of club and committee work are included. Sessions will be held at Hereford Community Center, beginning at 7:30 p.m. on each of the two days. General sessions are planned to open the meetings, then separate workshops on the various topics.

Coop Announces Competition Rules

All expense paid trips to the nation's capitol city will be awarded to winners of an oratorical contest, it was announced this week by Leo Forrest, manager of Deaf Smith County Electric Cooperative, Inc.

THE CONTEST is open to any boy or girl at least 16 years of age but not 18 years of age prior to Sept. 1, 1966. Forrest said. Winners will join winners of similar contest sponsored by other electric cooperatives across Texas on the second annual Texas Electric Cooperatives Government Action Youth Tour to Washington, D. C. All expenses of the 13 day trip beginning June 2, will be paid by Deaf Smith County Electric Cooperative, Forrest said. Each entrant will be required to give a 5 to 8 minute talk about electric cooperatives and rural electrification and answer one or more of 50 questions asked by the judges.

The oratorical contest will be judged on the basis of (1) knowledge of subject — 40%; (2) (3) poise — 10%; (4) per speaking ability — 30%; (5) sonality — 10%; (5) appearance — 10%. **INTERESTED** young people may obtain an official entry blank from their school or the offices of Deaf Smith County Electric Cooperative, The deadline for submitting entries will be February 15, 1966, Mr. Forrest said.

THE FIRST two factors can be easily determined by the taxpayer if his land lies within the bounds of the Water District. Contour maps showing the saturated thickness for various years, together with maps showing the annual decline of the water table, have been prepared by the Water District from a vast amount of data collected in the field by county and district offices over a period of 14 years.

The second factor requires the taxpayer to prove the purchase price of his land and allocate part of that purchase price to the ground water. The Water District has caused a study to be made so that guidelines can be published indicating the amount of the purchase price that can be allocated to water under ordinary conditions.

CURRENT discussions have been held with the Internal Revenue Service so that the contour maps and the cost guidelines will probably be accepted when completed. The factors described above can be set out by the following formula: Decline of water table in taxable year divided by thickness of water formation when purchased multiplied by the cost of water.

FOR EXAMPLE if a farmer paid \$300 an acre for irrigated land and similar dry land was selling for \$100 per acre, then \$200 per acre is the cost of the water; if there was 100 feet of water formation under the land at the time of purchase, and if the water table declined three (3) feet during the taxable year, then the cost depletion deduction is \$6 per acre. (\$200 x \$200 — \$6.00).

The information necessary for taking the water depletion deduction on 1965 income tax returns will not be completed by February 15, 1966, (the date some farmers ordinarily file their income tax returns), but will be completed before April 15, 1966.

THE SECOND alternative is for the taxpayer to file his return as usual on February 15, 1966 without taking the deduction, and at some later date he can file refund claims for 1962, 1963 and 1964.

THE SECOND alternative is for the taxpayer to file his return as usual on February 15, 1966 without taking the deduction, and at some later date he can file refund claims for 1962, 1963 and 1964.

Bean also announced that a tax institute under the auspices of Texas Technological College will be held on March 11, 1966. At this tax institute final details for the calculation of the water depletion deduction will be published and discussed. Under present plans, representatives of Texas Technological College, the Internal Revenue Service, and the High Plains Water District will participate in the tax institute. In addition, a representative of the Texas Water Development Board will present the position of taxpayers whose irrigated land lies outside of the High Plains Water District. The tax institute will be open to the public. Reservations can be obtained by writing Haskell Taylor, Box 4129, Tech Station, Lubbock, Texas, and enclosing a check in the amount of \$5.00 to cover the cost of the luncheon and a copy of the proceedings.

Rep. Rogers Reports Congress Lists Committee Assignments

Congress will have reconvened by the time you receive this newsletter. Fresh from visits with constituents in home Districts and States, Members of the House and Senate foresee another rigorous Session, one that will be marked by historic controversies over fiscal management as Congress and the Administration seek a proper balance between defense and domestic expenditures.

A few months ago it appeared that this second Session of the 89th Congress might be able to concentrate, as a principal task on seeking corrections in programs enacted in past sessions and which need to be improved. However, the priority of Congressional attention has shifted to problems associated with the war in Viet Nam.

WITH ONE exception, my committee assignments will be the same as they were during the First Session of this Congress. The new responsibility was imposed by my appointment as Chairman of a special House subcommittee to investigate the recent electrical power "blackout" in the Northeastern United States and other such power failures occurring elsewhere in the Country.

The subcommittee held meetings in December to plan the investigation and to receive testimony from the chairman and members of the Federal Power Commission following their initial study. I feel that our subcommittee's assignment is one of the most important projects of this Congress. It is vital to national security as to the health of the Country, that the cause of these power failures be determined with certainty and that steps be taken to see that they can not happen again. The last phase of our subcommittee's work may be to shape legislation to accomplish this goal.

I WILL again in this Session preside as Chairman of the Subcommittee on Communications and Power, one of the five subcommittees of the House Committee on Interstate and Foreign Communications, including the Nation's radio and television industry and telephone and telegraph systems; petroleum and natural gas, including the interstate oil compact; interstate electric power; and the U. S. Weather Bureau. A problem of continuing interest before the Communications and Power Subcommittee is the extent and nature of regulation that should properly be applied to community antenna television (CATV) systems. Hearings begun in the first Session of this Congress will be resumed this year.

AGAIN THIS year I will serve as chairman of the Subcommittee on Irrigation and Reclamation, one of the six subcommittees of the House Committee on Interior and Insular Affairs, and the subcommittee which during my tenure of service has shaped such important legislation as the Texas Panhandle as that providing for the Canadian River Dam and Aqueduct and the recreation development at Lake Meredith.

The jurisdiction of the Subcommittee includes multiple purpose development of the Nation's water resources and related policies; the saline water program; water rights; and interstate compacts relating to apportionment of irrigation waters. I will also be serving this year on the newly formed Public Land Law Review Commission, a 19-member body composed of Members of the House and Senate and citizens appointed by the President. The Commission was established by Act of Congress to study Federal laws and policies affecting our vast public land holdings and to determine policies for the future that will insure wise utilization and development. I'm looking forward to the challenges and work of the year ahead.

WALTER ROGERS MEMBER OF CONGRESS 18th DISTRICT, TEXAS

Farmers Union To Elect New Prexy Tonight

Due to the resignation of Andrew Kershen president of the Farmers Union, a meeting will be held at 7:30 tonight in the Flame Room of Pioneer Natural Gas Co. to elect a new president.

Kershen, who was forced to resign due to a schedule conflict with other activities and his desire to devote more time to his post on the High Plains Water District Board of Directors.

Local Farmers Union representative Clinton Jackson said a fellowship hour and refreshment are also included for the meeting.

Meeting Set To Organize Car Club

A meeting will be held Sunday night at 10 p. m. at Floyd's Restaurant to consider organizing an auto club in Hereford. A large number of youths in this area reportedly are interested in an auto club to promote safety, as well as provide recreation for the young people.

A number of businesses have been contacted by the boys, and have expressed their support of a well-organized club. All interested persons are invited to attend the coffee to discuss the plans.

Locals Drop District Opener

ON HOME COURT

Bees Down Tulia In District Opener

Hereford High School Bees were victors Tuesday evening in Whiteface Gym as they downed the Tulia Hornets 72-53.

The Whitefaces jumped ahead of Tulia at the beginning of the game as they took a first quarter lead with a 13-10 score.

TULIA STAYED in the game and held the Whitefaces to a close margin as the half ended with Hereford possessing only a 29-24 advantage.

But as the second half began the Whitefaces began to widen the margin and by the end of the third stanza the locals had a 41-28 lead over the Hornets.

In the fourth stanza the Herd scored 31 points while limiting the Hornets to only 15 giving them the final runaway lead.

The locals were shooting well in the game with a 42.3 per cent average from the floor and a 75 per cent average from the charity line.

TULIA HIT even better from the floor netting 43.6 per cent of their shots, but failed to do as well at the charity line, hitting only 42 per cent.

Hereford took every advantage to shoot in the game with the players shooting 78 times as compared to Tulia's 55 times.

The Whitefaces also led in rebounding over the Hornets 48-34 during the clash.

Tulia players lost the ball 25 times in the game while the Whitefaces lost it only 14 times.

SCORING FOR the Whitefaces was evenly spread with Larry Noland taking high man honors with 14 points.

Bill Watts and Dale Smith tied for second place honors with 13 points each. Barry Johnson was third with 10 points.

Mark Hicks and Tony Malouf led the team in rebounds with both of them taking six each.

Hereford Bees will see action again Friday when they clash with the Perryton Rangers at 6:15 p. m. in Whiteface Gym.

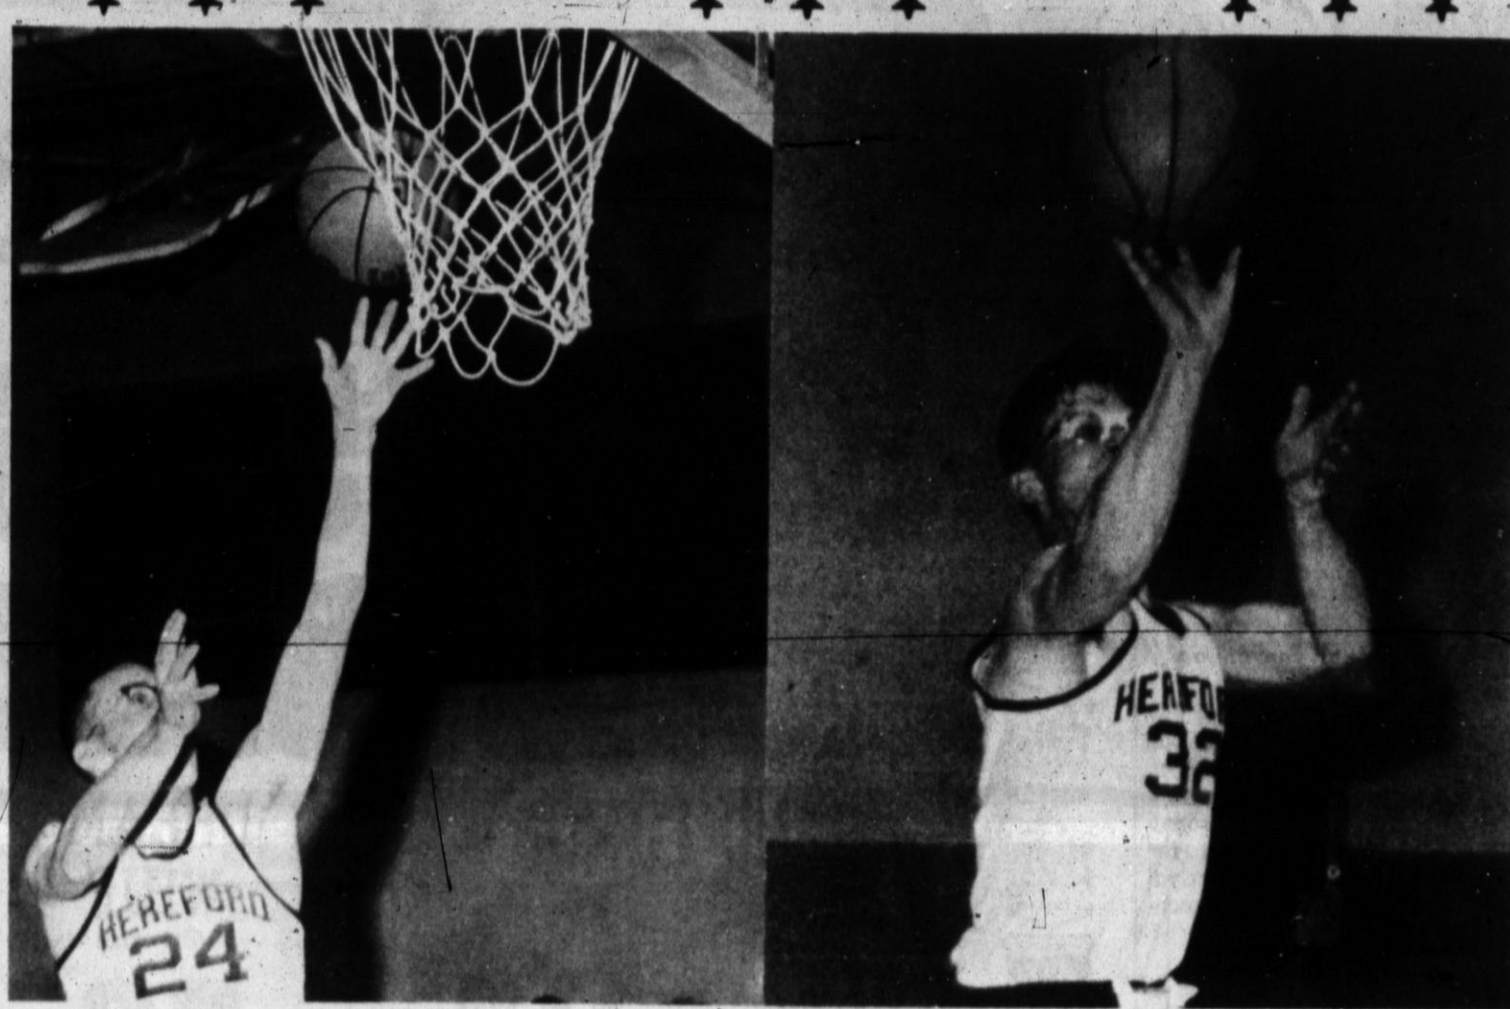

Dumas Drops To Caprock Tuesday

The Dumas Demons dropped a non conference basketball game to Caprock High School Tuesday evening, 60-53, after winning their first conference game over the Muleshoe Mules.

CANYON ALSO dropped a non conference game to the Dimmitt Bobcats Tuesday 52-52.

Muleshoe took a lopsided victory over Morton when they downed them 80-47 in Tuesday night action.

Other teams in district 1-AAA took a rest from action during the early part of the week.

TWO UNSUCCESSFUL SHOTS—Robby Lemons, left, tossed the ball in the basket just as the buzzer sounded Friday in the Hereford-Tulia game, but the referees ruled the goal "no good". Gene Duvall shot just as the buzzer sounded in the first overtime, but the ball fell short and

the Whiteface's attempts ended as they tried to defeat the Tulia Hornets in their conference opener. Tulia took the game by a heartbreaking 57-55. (Staff Photos by Tyler Vance)

SECOND CONFERENCE TILT

Locals Try For Win Friday, Meet Perryton Rangers Here

Hereford Whitefaces will try to even their conference record to 1-1, Friday when they will be matched against the Perryton Rangers at 8 p. m. in Whiteface Gym.

THE LOCALS will be trying for their first conference win after dropping a heartbreaker

to the Tulia Hornets Tuesday 55-57.

Perryton also dropped their season opener to the Canyon Eagles last Friday, giving them an 0-1 record also.

The Rangers are short in experience this year with only one starter and two lettermen returning this season.

C. RIS BYRLEY, a senior, is the only returning starter, Mike Mitchell was a spasmodic starter last year and Kenneth Deike played several games last year.

Coach Roy Pennington said the team was also short on men who can shoot from the outside for a basket.

Ranger Jim Goben, who in the past has been the playmaker for the team, has been hospitalized recently with an infection which paralyzed his legs.

PENNINGTON used most of the non conference season to "feel out" his men's techniques and try to perfect a team which can work well together.

Perryton was plagued earlier in the season by a large number of mechanical errors on the court, but the team members have been showing rapid development.

The Rangers managed to win only two of their first 10 games

out in the early season.

MITCHELL, Perryton's tallest man, is six feet six inches tall and has been responsible for

many rebounds. Gametime for the B-team game will be 6:15 p. m. in Whiteface Gym.

Sports

by david butler

Now that the conference basketball season is in full swing we will soon see how the teams in 1-AAA conference are shaping up against each other.

DUMAS AND CANYON, as expected, took their first games of the season with victories over Perryton and Muleshoe.

Some officials say they expect Canyon to take the District title, although all the teams are showing some good promise as top notch basketball teams.

The Whitefaces have had some trouble getting over the "holiday slump," but we expect them to come out of it and make conference showing.

Canyon's coach, Tom Buchanan, wasn't quite as optimistic about the outcome of the district as some of the onlookers.

HE SAID HE has the material to win the district, but it needs a lot of developing. So it looks as if the district will be a wide open situation this year.

sidering Eastern New Mexico University.

Coach Meredith said he will be traveling with these men to some of these schools before they make a final decision.

Hereford fans made a good showing last Friday at Dimmitt when a good number of them turned out for the out-of-town game.

We feel this support is important to the men on the team as well as the coaching staff.

As the conference slate progresses we hope that the Hereford people will continue to give the athletes the same strong support they offered during football season and earlier in the basketball season.

ALTHOUGH IT is high school ball, we feel it important to the community to support the school events.

Mrs. A. T. Mims, who is head of the Football Mother's football banquet committee, has been working hard in the past few weeks with her committee to finalize plans for the banquet Jan. 22.

The banquet will be held in the high school cafeteria for all the football players, their dates and their parents.

ALTHOUGH Hereford has experienced unusually mild weather this winter, some of the athletes who have begun training for the spring sports tell us that it gets pretty cold in the afternoons.

But the coaches have found a way to remedy the problem.

Monday when we visited the baseball field, we saw the baseball players running around the field. When they finished their laps they were plenty warm.

Hereford tracksters are beginning to get into shape for their season which will begin Feb. 26 in Fort Stockton.

Coach Joe Brooks said he expects the thinclads to show well this year in district.

Herd Battles Tulia To Tie, Lose In Overtime

By DAVID BUTLER
Sports Editor

"Wild basketball," would best describe Hereford's first conference tilt with the Tulia Hornets Tuesday in Whiteface Gym.

Hereford and Tulia battled to a 51-51 tie at the end of the regular ball game and then Tulia took a two point lead in the first overtime to give them a 57-55 win.

Seventh Grade Takes Win Over Dimmitt Cagers

Stanton Junior High seventh grade cagers walked away with a victory over the Dimmitt seventh grade Saturday 27-21.

THIS WAS THE first time in numerous games that the Dimmitt five have been defeated.

Coach Ray Don King said the "boys looked good all through the game."

The locals jumped ahead of the Bobcats, but the Dimmitt team managed a one point 5-4 lead by the end of the first quarter.

Hereford cagers retaliated in the second quarter to take a 11-9 lead by the halftime intermission.

THE DIMMITT team did not threaten again throughout the remainder of the game. Hereford led 21-17 by the end of the third quarter and took the final seven point lead as the game ended.

King said the team had been improving during the season and is now showing some "real good playing" in their games.

Greg Chisholm was the high man scoring 14 points for the Dogs. Allen Dunning scored five points; Allen Harden, four; Donnie McDermitt and Gary Lemons, two each, in the game.

HARDEN LED the team in rebounds picking off 18 rebounds during the clash.

Hereford players were able to hit approximately 30 per cent of their shots from the charity line.

The seventh graders will go into action again this afternoon at 5 when they clash with the Plainview Coronado team here in the Stanton Junior High School Gym.

Kitchens Heads District Golf For '66 Season

Coach Cuby Kitchens has been selected chairman of the district golf teams by the district athletic director.

EACH SCHOOL in the 1-AAA conference has indicated to Kitchens that they will field a team; and each will host an 18 hole tournament at their places.

Kitchens said he would follow last year's policy to use five boys on each team and count the four best scores in the tournaments.

He also said that he would like to limit each school to two teams, because of crowded course conditions.

AT THE PRESENT time Kitchens is working with each school to set up a meet in their towns. With the weather being a big factor in the tournaments, he is trying to schedule tournaments at the southernmost schools first.

All meets will begin at 10 a. m. with a shotgun start for the players.

Frosh Drop Two In Tulia Tourney

Hereford freshmen cagers dropped two games Saturday in the Tulia Tournament. In the first game the Frosh were downed by the Phillips Blackhawks 53-42 and in the second the Dimmitt Bobcats defeated the locals 45-43.

HIGH MAN for the Frosh in the Phillips game was Dusty Duncan, Allen Clark and Brice Hunter were close behind, with Clark scoring 10 and Hunter scoring seven.

Jim Scott and Hunter were tied for high man honors in the Dimmitt game, scoring nine points each. Jerry Russell was second high man with seven points.

The Frosh will see action again this evening when they clash with the Plainview Coronado Junior High School freshmen in Whiteface Gym at 8 p. m.

Bees Win, Lose In Tulia Event

Hereford Bees dropped a game to Phillips and took a victory from Dimmitt in Saturday action in the sophomore tournament at Tulia.

IN THE FIRST game the Bees lost to the Blackhawks 56-38. Jimmy Childers was high man in the game.

Hereford had six players in the game and two fouled out in the fourth quarter leaving only four cagers to finish the game.

SATURDAY NIGHT the Bees downed the Dimmitt Bobcat team by a lopsided 60-39.

This was the same team that defeated the Hereford Bees Friday evening.

EYE DISTRICT TITLE

Whiteface Baseballers Begin 1966 Workouts

Hereford baseballers began working out for their 1966 season last Thursday with an eye peeled for their third consecutive district championship.

THE WHITEFACES took the district title last year when they downed the Dumas Demons in a playoff game in Amarillo last year 4-1.

Team members then traveled to Kermit for the first of a two of three series and lost. Kermit then came to Hereford and the locals took a victory over the Kermit nine.

In the third and final game the Kermit team staged a comeback and downed the Whitefaces for bi-district honors.

During the 1964 season, the Whitefaces won the district title over the Dumas Demons with ease and downed the Seminole Indians for bi-district honors, but were defeated by Brownfield in the regional playoffs.

THE DEMONS and Whitefaces are the only teams competing in baseball in district 1-AAA and the two teams will clash on eight different occasions during the conference play.

Thus far 10 men have begun working out with the team but Coach Don Dorman said Monday that he expects about that many more to come out when the semester schedule changes go into effect. He also said he expects to pick up two or three players from the basketball team when its season ends.

This will be the first year for Dorman who replaces coach Ronald Speed.

THE WHITEFACES started their season off with two wins last year and then after two weeks hibernation due to cold weather and snor the team took game number three from the Caprock Longhorns.

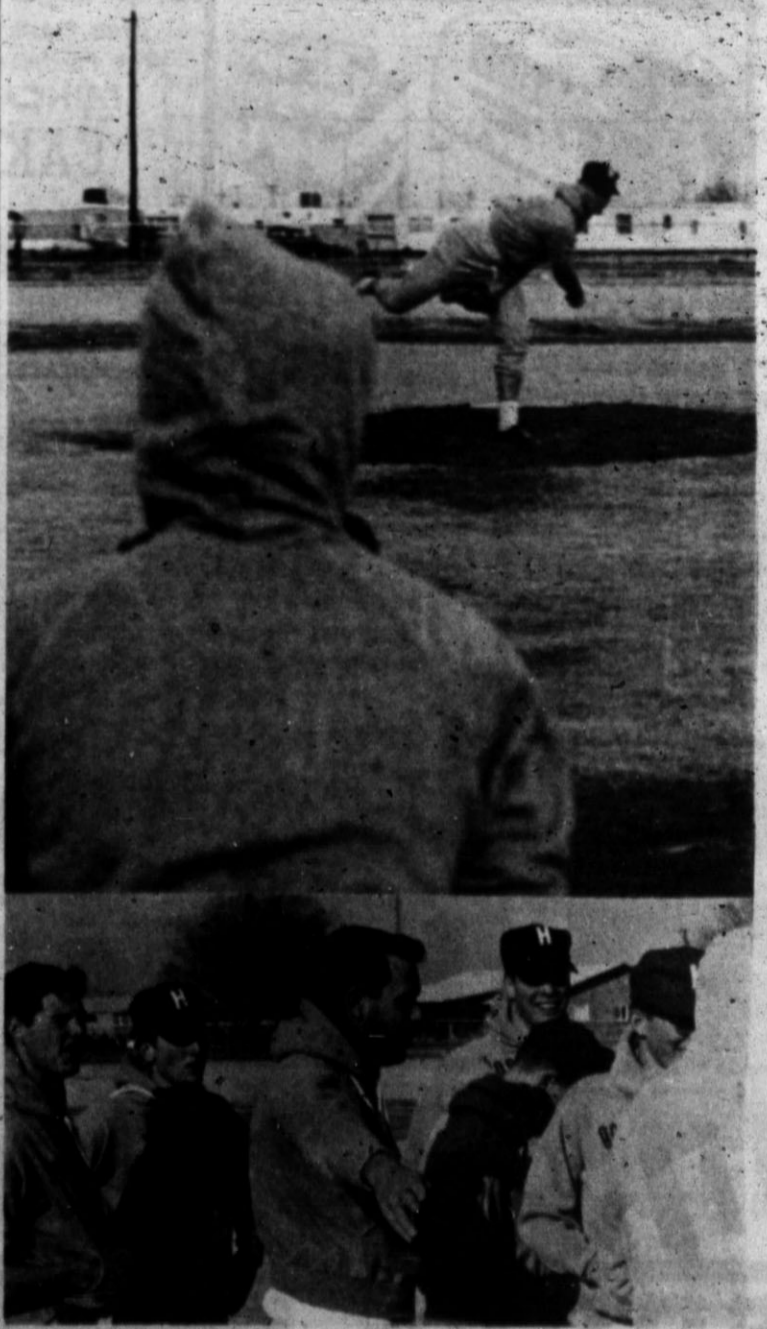

Local players started last year's conference play off on the wrong foot when they dropped their district opener to the Dumas Demons 11-3, but made a comeback to tie the Demons for District honors.

Hereford will have a number of returning players including Ed Mims, Greg Richards, Gary

Victor, Ralph Loerwald and Phillip Cain.

ALEX DIAZ, Kelly Tyler, Kenny Hager, Mike Davis and Johnny Gilbert are also participating in the early workouts.

Dorman said the outlook for the season is bright and he expects the men to make a good showing this year, even though it is too early to make any definite forecasts.

BEGIN WORKOUTS—Whiteface baseballers began workouts last week with 10 players reporting for duty. In the top photo pitcher Ed Mims exercises his arm and in the bottom coach Don Dorman gives some instructions to the players. Dorman said he expects about 10 more players to turn out following semester schedule changes. (Staff photos by David Butler)

OFF TO CONVENTION — Preparing to leave for the state convention of Young Homemakers and Young Farmers of Texas in Austin this weekend, some of the Deaf Smith County delegation puts luggage into a car. From left are: Jana Cole, the YHT Chapter's Little Sister; Mrs. Clark Andrews, president of the local YHT, Pete Plank and David Brumley of the YFT Chapter. Four couples from the local organizations, and Miss Cole, Hereford High School home-making student, are expected to be among the 1200 visitors to the annual convention.

Hereford High-Jinks

by Randy Hopson

Finally! I guess I'm just one of those types that take longer to get back into the swing of things after a long holiday. I hope you all had a good time and haven't broken all of your New Year's resolutions just yet.

There are a lot of people around school with newer or new cars and they aren't only boys. Barbie Rhodes has "put

"Shasta" out to grass" and is roaming around town in a newer model. I understand Edith Davis' new car can out-run any one else in town... so look out fellas.

Boys are generally known for having rejuvenated older model cars but two members of H. H. S. have got them beat by far: Gwen Cargo has her own car

in the school colors of maroon and white and then there is Cynthia Leasure in "Leaping Lena," so women have obtained something else that once was for men only. I even believe Cynthia to be a pretty handy mechanic.

... THIS IS THE week that is, in other words today and tomorrow are the days for semester finals. It's hard to believe that the year is actually that far along.

On occasions I have mentioned what good workers, how loyal to school, and etc., Freshman class is. Freshman John Stagner seems to be wanting to hold on to the image, he goes out of his way to be a perfect gentleman.

Conference basketball got underway Tuesday when we played the Tulla Hornets. Friday night the Herd will host the Perryton Rangers here so let's support the team and show what sportsmanship is off the court and on.

REMEMBER WHAT I said about Granny Dresses? Well, it seems that Hereford girls are getting braver and wearing the things in public. I still can't imagine wearing one in some situations arising in every day life.

Several of the members of H. H. S. will be heading for the ski slopes this week-end, so a word of warning to the wise

BE CAREFUL, I understand it's hard to climb the school stairs in a cast. It is my belief that water skiing is a much safer sport, but then it is supposed to be winter—is it not? In small proportions we just beauties see, And in short measures life may perfect be. —Ben Jonson —Randy

LET'S COOK SOMETHING

Club Head Gives Recipe

By SUE COLEMAN
Women's Editor

Beginning a second year as chairman of Deaf Smith County Home Demonstration Council this month, Mrs. E. C. Hammett defines it as "a job I worked my way up to." A longtime H. D. Club member, the young-looking grandmother has filled every office in the Council as well as in her own club, progressive H. D.

SHE MAKES CLUB work her hobby and enjoys it for the friendships it creates as well as the educational aspects. Saying that it is difficult to

choose the phase of work she likes best, she admits that "I might be partial to the clothing program, because I like to sew, and home management study. But there's food preservation, and I'm certainly interested in that. I canned 600 jars of food in 1965 in addition to what I froze, and that is a typical year."

Asked what happens to all that food, she reported that her family and her married children's families use most of it. "A lot of it is eaten right here," she said, gesturing around the comfortable farm home northeast of Hereford.

"We often have visitors in crowds, and my husband does custom combining so there are sometimes crews to feed."

MRS. HAMMETT is a lifelong farm resident, a member of a family that lived near Spade, where she attended school from the time the school building was constructed when she was in the third grade. She was Lena Lee Powell, a 4-H Club girl when she was in elementary school and then active in Future Homemakers after she reached high school.

After their marriage, the Hammetts lived on a farm in nearby Hale County. They moved here in 1954 and she joined Progressive H. D. Club the next year. In addition to service as an officer, she was twice a delegate to the Texas H. D. Association meeting and twice to district meetings.

The only other organization in which she is a member is First Baptist Church. She is not active in church work now, but has worked many years with junior-age children, especially in Vacation Bible Schools.

HER ONLY DAUGHTER, Carolyn, is a farmer's wife, Mrs. Brendan Gallagher of Walsh, Colo. The older son, John Kenneth, lives in a nearby house on the home farm and the younger, Edward, is a Hereford High School freshman. Mrs. Hammett likes the arrangement which puts her three grandchildren in a home next door to her own.

Right now she is planning to refinish and upholster several pieces of furniture and is proud of the new stove and refrigerator added to her kitchen at Christmastime.

"It's simple to reupholster a worn chair," she avers, "but I don't know much to do about a worn refrigerator."

With all her activity, she needs something to do in her spare time. "While I watch TV," she explains — so she makes needlepoint.

She likes to cook, and to supplement all the ready-to-use food from her canned goods shelves, she whips up salads, desserts and often a casserole dish. This recipe for an unusual cake is from her file:

VANILLA WAFER CAKE
1/4 lb. (1 stick) margarine
1 cup sugar
3 eggs
1 box vanilla wafers,

Mrs. E. C. Hammett club is her hobby

- 1 tsp. baking powder
3 tbsp. flour
1 cup nuts
1 cup coconut.

Mix all other ingredients together, add crushed wafers, bake in greased and floured pans at 325 degrees.

ICING

Melt 1 stick margarine, add 1 1/2 cups sugar, cook until light brown, stirring constantly. Slowly add 1 cup scalded milk. Cook to soft ball stage and add 1 tsp. vanilla, 1 cup nuts and 1 cup coconut.

Do not beat. Cool and spread on cake.

Dates may be used instead of nuts to either cake or icing, Mrs. Hammett adds, and the icing is just as good on a banana-nut cake.

PATROLMAN SPEAKS
Safety Stressed
At Key Club
Meet Monday

Members of the Texas Department of Public Safety were the guest speakers for the regular meeting of the Key Club, Monday night at the Caison House.

Patrolman Dick Birchfield Amarillo of the Safety Education Service, presented a film prepared by the Ohio State Police on "Signal 30" accidents.

Patrolman Birchfield gave a short talk both before and after the film, as the narrator of the film pointed out what could have prevented the fatal or serious accidents shown.

"MORE ARRESTS, stronger DWI laws, defensive driving, and better safety education," were pointed out as remedies, as well as more caution exercised in bad weather conditions.

The meeting was also attended by Sheriff Lowell Sharp, Highway Patrolman Joe Waggener, and Highway Patrolman Ed Richards.

Some 40 club members and their guests attended the meeting. Jimmy Young presided as president, and sweetheart Sandy Thomas was a guest.

The Key Club is sponsored by the Kiwanis Club of Hereford.

Four Bandsmen
Earn Chance At
All-State Honors

Four Hereford High School bandsmen took honors at the all-state tryouts at Canyon Saturday, according to Ben Gollehon, band director.

Jerry McCathern was named the top cornet player of the Panhandle area in the contest and will play in the All-State band in February.

Jack Aikin, Chris Hutcheson, and Kerry Thompson also won

the right to compete in the area tryouts in Lubbock Jan. 22.

These persons won in their division, but must compete again in Lubbock with the winners from the El Paso and Odessa areas before they can take positions in the honor band.

Firms are expected to spend \$54.87 billion on new plants and equipment next year, a McGraw-Hill survey has disclosed. This is an 8 per cent rise over 1965 planned expenditures.

Do You Want \$1,000 Month In 1966 Marketing and investment savings plan. Qualified prospects furnished. Must have resided in Hereford area over two years. Accustomed to above average earnings. We train, no experience needed. Phone, write or contact. W. L. LEWIS 1217 West 10th DR 3-7495, Amarillo, Tex.

News About
Area Men
On Duty

A former Hereford High student, now a member of the U. S. Navy, stopped in Hereford for a visit with his father Monday while on his way back to Norfolk, Va.

Seaman Floyd Cline, 19, now serving aboard the USS Waller DD466, entered the Navy in June, 1964, and received his basic training at San Diego, Calif. Cline spent nine months aboard the USS Hornet, before entering Fleet ASW school at San Diego.

After completing ASW school, Cline attended Oceanography (Shore Defense System) school at Key West, Fla. Cline is the son of Marple Cline, 404 Ave. I.

Robert D. Baker, son of Mr. and Mrs. Buster Baker, Star Route, Vega, was promoted to

specialist four in Germany Dec. 27, while assigned to the 18th Artillery.

Specialist four is an enlisted rank equivalent to the rank of corporal.

Specialist Baker is assigned to Headquarters Battery, 4th Battalion, of the 18th near Hanau. He entered the Army in July 1964, received basic training at Fort Polk, La., and was stationed at Fort Bliss, Tex., before arriving overseas in May 1965.

The 22-year-old soldier is a 1960 graduate of Vega High School and attended Fullerton Junior College.

Card Of Thanks

We would like to express our gratitude to our friends of Hereford for the loving kindness at the death of our Mother, Nannie Ruby Young Waldrop.

We very much appreciate the food, flowers, and prayers. Children and families of Nannie Ruby Young Waldrop: Leila Reber, Leonard Waldrop, Earl Waldrop, Eugene Waldrop, Ruby Duncan, James Waldrop, Della Kite.

Small Talk

By SUE COLEMAN
Women's Editor

For several weeks those sad words, "I have an awful cold (or flu)" have been heard more and more frequently from acquaintances and office associates. Sympathy has been duly expressed and it was so, sincere sympathy, too, but it has a new reality today.

The bug caught up with me and as usual I'm much sicker than anybody else in the same circumstances. I'd love to tell

you about it, but since you have to listen to the medicine ads on TV, it would be a waste of time. I've got all those symptoms, and none of the pills does a bit of good.

AS A LONG-TIME black coffee drinker, it interests me to note a change of fashion in the way the drink is served, and a sort of strange food snobbery related thereto.

Not too many years ago, when you ordered coffee in a cafe,

with a meal or alone, the sugar and cream was brought along without any question. In fact, if one in the crowd drank his coffee straight, it was usually a matter of comment, adverse.

Somebody would always grimace and remark, "I don't see how you stand it that way," and the waitress often looked down her nose.

Maybe it was because you could get attention by refusing sugar and cream, and maybe it was chiefly because more people began weight-watching, that black coffee became popular. Some folks refused sugar and

cream with rather a flourish, as though it were something remarkable.

THAT ATTITUDE PERSISTS, although it is a mystery to me why a taste-for sweetening in your coffee should stamp you as decadent.

Another thing, black coffee has been labeled "western style" or "Texas style," but the old-time West Texans in my early memories usually poured in the sugar and insisted on "canned cow" for the coffee in case the ranch did not boast milk cows. Of course the coffee wasn't mountain grown, fresh roasted and vacuum packed then; maybe

it needed diluting. Anyhow, the style has some full circle and my taste is approved rather than sneered at. But friends who still like their coffee with cream and sugar tell me that they almost always have to ask for the trimmings, and the waitress often looks down her nose.

AN EVEN MORE striking example of food style snobbery is beef cookery, but don't get me started on that. Personally, I'm a civilized man and no amount of alleged gourmet writers' propaganda is going to convince me that I ought to be ashamed

to order meat cooked done. Just a little more patience, and maybe the rare steak fad will run its course, too, and it will be possible to get a well-cooked piece of beef without upsetting the chef too greatly.

Card Of Thanks

I will take this means of saying thank you to our many friends who sent cards and made visits to the hospital while my husband was there. We thank those who made telephone calls and inquiries. Most of all we thank every one for their prayers. We especially thank Dr. Hicks and the nurses for their patient and efficient service.

The Hereford Brand, Hereford Texas, Thursday, Jan. 13, 1966

May our Lord richly bless each one of you is our prayer.

THE WAY

... the New Way. "In those days came John the Baptist, preaching... 'Repent.' " A simple statement that means so much. The man who speaks looks strange. His clothing is unattractive, his face unshaven, his body lean from fasting and prayer. But his eye is clear, his voice strong, his spirit challenging. He knows a wonderful secret and would share it. John's first word is, "Repent." *Stop working against God and yourself. He appears to be warning... sons and daughters of God, quit living like children of the Devil. Attend Sunday school, worship in church and associate yourself with good.*

You In The Church
The Church In You
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

PROGRAM LEADERS — When Hereford members entertained Delta Xi Chapter, Delta Kappa Gamma Society, at luncheon here Saturday, these four women had important places on the program. From left standing are Miss Hazel Merritt, Dimmitt, chapter president, and Mrs. Joe Cowen, who directed a skit at the luncheon; seated, Mrs. Claude McDougal, who conducted an initiation ceremony, and Mrs. Earl Holt, who commented on the afternoon film program.

INITIATES — New members initiated into the area Delta Kappa Gamma chapter here Saturday are, from left standing, Esther Springer of Hereford, Joy Marton of Friona, Norma Gripp of Hereford, Grace Strother of Dimmitt; seated, Lauretta Pool of Farwell, Nancy Pannell of Hereford, Kathylene Walsler of Farwell, Johnnie Hughs of Dimmitt and Elizabeth Huckabay of Dimmitt.

Nine Are Added To Chapter Roll

Nine new members were initiated into Delta Xi Chapter of Delta Kappa Gamma, national women teachers' society, at a luncheon in Community Center Saturday with Hereford members as hostesses. Three of the initiates came from each of the three counties making up the chapter, Deaf Smith, Castro and Parmer.

Mrs. Claude McDougal conducted the ceremony before luncheon, receiving to membership Esther Springer, Norma Gripp and Nancy Pannell of Hereford; Joy Marton of Friona, Kathylene Walsler and Lauretta Pool of Farwell, Grace Strother, Johnnie Hughs and Elizabeth Huckabay of Dimmitt.

Vocal solos by Mrs. M. C. Kaul were part of the initiation program. Miss Esta Vandiver sang the club collect. Mrs. Joe Cowen conducted a skit with music titled Individual Participation in Creativity.

For the afternoon program a film, A Time for Talent, was presented to illustrate the topic, Nature of Creativity and the

Creative Cycle. Mrs. Earl Holt gave the introductory comment. The committee on personal growth and services, with Ms. Charles Bell as chairman, was in charge of the program.

Mrs. J. D. Neill headed the hostess committee, with Mrs. Tolbert Painter and Mrs. Lottie Wertemberger as other members.

Hereford members present also included Mmes. J. J. Durham, H. V. Crawford, Wallace Combest, Fritz Christman, Jim Bookout, Fred Mercer, K. T. Legg, Eleanor Hudspeth, Sam Ratcliff, Frank Prowell, Fred Welch, V. P. Walker; Misses Madeline Bell, Lucille Park, Della Stagner and Erma Waker.

Miss Hazel Merritt of Dimmitt, chapter president, was in charge of the business session when committee reports were heard.

Go slow in adding food coloring to holiday cookie dough or cake batters! Pastel coloring is much more attractive in baked foods than is bright or dark coloring.

Guest Gives Program For Garden Club

Pruning methods were illustrated by a guest speaker, Mrs. Tom Draper, for a recent Garden Beautiful Club program in the home of Mrs. G. S. Solomon. Mrs. Charlie Noland, program chairman, introduced her.

She advised gardeners not to prune without a reason such as removal of deadwood, damage from weather, insects or disease to make transplants, to rejuvenate older plants, develop desired form or secure more flowers. Pruning should be done with courage, moderation and confidence, she added, and showed how the cut should be made.

Mrs. E. W. Young and Mrs. Noland explained methods of antiqueing artificial flowers and showed arrangements. Mrs. Young and Mrs. B. E. Roberson displayed crystal crazed glassware and told how to make it.

Mrs. Roberson was appointed chairman of table decorations for the County Club Federation luncheon at Community Center Jan. 29, when Garden Beautiful will be one of the host clubs.

Mrs. Young will assist her. Mrs. Ray Cowser was hostess with Mrs. Solomon. Mrs. Will S. Kert presided for business. Mrs. W. H. Gentry and Mrs. Draper were guests. Members present included Mmes. V. O. Hennen, L. H. Lookingbill, Ansel McDowell, Homer Newton, Charles Hood, Roy Smith, W. J. Stanford, Leo Witkowski, J. L. Woodford, Howard Walker and T. E. Sigler Jr.

Age Divisions For Talent Show Prizes Listed

Cash prizes will be awarded in three age groups at the talent show which the Antonion Circle will sponsor in St. Anthony's School auditorium Feb.

16. This will be the second annual such talent show conducted by the Circle, and this year entry is open to anyone interested, whether or not he is a member of St. Anthony's Parish.

Age divisions for the competition will be children, under 12; teens, to age 20, and adults. In addition, a separate classification for skits and playlets will have its own prizes. Charlie Bell is to be master of ceremonies.

Entries are being received now by Mrs. James T. Clark. Individuals or groups are invited to present various types of stage entertainment in the show, to which the public will be invited.

It is a fund-raising project to replenish the Circle treasury, to be used for the organization's regular work. Mrs. Allen Evers is general chairman.

AUSTIN HIGHLIGHTS

Group Begins Full Study Of Texas Public Schools

By **VERN SANFORD**
Texas Press Association

Austin — Most comprehensive and best-financed study ever undertaken of the Texas school system is about to get under way.

Gov. John Connally has appointed a 15-member committee to make an intensive three-year study of Texas schools.

Committee will draw up guidelines to aid the Legislature in drafting new laws to strengthen the traditional system of education in the state. It has \$250,000 (plus federal funds) with which to make the study.

BY AUGUST 31, 1968, it must prepare a long-range plan "that will enable Texas to emerge as a national leader in educational aspiration, commitment and achievement."

Committee will study buildings; books, equipment, teachers; teaching methods and teaching aids. It also will propose ways to strengthen our public schools.

This Public School Study Committee, authorized by the Legislature, is composed of school and college educators, employers and employees, farmers and businessmen.

Members are Leon Jaworski, Houston; Joe E. Chapa, San Manuel; Kermit Dyche, Alvin; and Paul Haas, Corpus Christi. Also M. K. Hage, Austin; Mrs. George Hawn, Corpus Christi; and Harold Hitt of Midland.

Others are Frank W. Hubert, College Station; June Hyer, Houston; Morgan Jones Jr., Abilene; Mrs. Savannah Cross Locke, Troup; James McCrocklin, San Marcos; Loyd Turner, Fort Worth; Dick West, Dallas; and Mrs. Helen A. Wright of Nacogdoches.

ROAD NOW CLEARED
State Board of Education has paved the way for private schools to obtain federal funds for training students under the manpower training program. This was done with the adop-

tion of a 15-point plan applicable to non-public school participants. Included in the plan were seven recommendations by the federal government and eight dealing with state policies.

Board also approved plans to add international flavor to public schools and to promote fuller understanding of education. They set up a public information committee to distribute articles on the educational program.

Texas Education Agency staff will be enlarged to handle the increased work load.

REDISTRICTING UPHELD
The 59th Legislature's version of congressional redistricting has been upheld by a special three-judge federal court — and candidates for the 23 places are starting to emerge.

Act gives Dallas two and Houston three congressmen. Bexar County shares a second and third representative with areas to the north and south; and Tarrant will share a second congressman with surrounding territory.

A brand new 23rd district is created in south Texas, extending as far north as southern San Antonio.

Court said that in carving districts with a maximum 9.7 per cent population from average, the Legislature made "a good, safe effort toward achieving substantial numerical equality." However, the judges maintained jurisdiction of suit at tacking redistricting (until August, 1967), and asked the Legislature to try to make districts even more equal next year.

State Sen. Abraham (Chick) Kazen of Laredo said he will be a candidate for the 23rd district race. Randolph A. Sherwood of Von Ormy also announced.

State Sen. Martin Dies Jr. of Lufkin is expected to try for one of the expanded East Texas districts. Congressman Jack Brooks of Beaumont and Clark

Thompson of Galveston will be in the same district.

Congressmen Ray Roberts of McKinney and Lindley Beckworth of Gladewater are also in one district.

COURTS SPEAK
Texas finance companies are subject to both banking and small loan regulation when they make loan of more than \$1,500 the State Supreme Court held.

Over objections of two judges, the court again upheld the 22-year-old doctrine of "charitable immunity." Under this doctrine churches are not liable for negligence in personal injury suits.

LATEST test of the doctrine came in a suit against Southcrest Baptist Church of Lubbock by a woman who slipped on the church floor.

Court of Criminal Appeals upheld the death sentence assessed Melvin Lee Nixon of Houston in the fatal shooting of a grocery store owner.

Same court cites statistics showing a 27 per cent increase last year in the number of cases filed with it for review. Also a 34 per cent increase in cases disposed of and a 93 per cent jump in the number of writs denied.

Court is expected to press for increased membership next year.

NYC PROJECTS APPROVED
Governor Connally has announced the approval of a Neighborhood Youth Corps Project for Galveston County, Texas City, Dickinson and La Marque, carries a \$139,520 federal grant and \$33,590 in local support.

OFFICIALS TAKE TOOK
Texas Welfare officials want to look at other states' plans for taking advantage of increased federal aid for medical care for the aged on welfare rolls.

Because the criteria for applications under the 1965 Social Security Act haven't been established, officials want to see how

other states handle the situation. Increase in assistance grants extends the existing Kerr-Mills medical aid for the aged to others on public welfare. It involves a national total of \$238,000,000 in medical aid for the poor.

TREASURY BILLS LOST
A total of \$30,000 in U. S. Treasury bills is missing from the State Treasury, reports State Auditor C. H. Caveness.

How they disappeared is a mystery. According to Treasurer Jesse James, "nobody will lose a cent" as the loss is covered by insurance.

Duplicate treasury notes are being issued, and the U. S. Treasury has agreed to stop payment on the notes.

James, who learned of the bills' disappearance three months ago, said he thinks they simply were misplaced — not stolen.

James said he didn't tell the public of the mysterious disappearance of the bills because he thought they would turn up at any time.

CAN THEY OR CAN'T THEY?
State Democratic Chairman Will D. Davis is studying the law to determine whether or not Sens. Franklin Spears of San Antonio and Galloway Calhoun Jr. of Tyler may run for attorney general this year.

Question arises out of a legislative act last spring giving the attorney general a pay raise.

Texas' constitution provides that a member of the Legislature can't be a candidate for an office, the emoluments of which have been increased by the Legislature, "during the term to which he is elected."

Calhoun and Spears hope to replace the present attorney general who will be campaigning for the U. S. Senate.

AG RULINGS
Waggoner Carr has ruled that county tax assessor-collectors may keep only one-half of one per cent in collecting taxes for rural high school districts.

Carr also said that a state employee who rents a mobile home, while away from his designated headquarters overnight on state business, may be reimbursed \$12. But only \$7 if the employee merely rents a space to park his own mobile trailer.

APPOINTMENTS
Governor Connally named E. G. Hamilton of Dallas and James D. Witt of Waco to the State Board of Architectural Examiners. They succeed E. Davis Wilcox of Tyler and Joe G. Smith Jr. of Corpus Christi.

House Speaker Ben Barnes has made several appointments, including: Reps. David Crews, Conroe; James E. Klager, Corpus Christi; A. C. Atwood, Edinburg; David Finney, Fort Worth and Charles Wilson, Lufkin, to the interim committee to study problems confronting education in Texas.

Also Reps. Carl A. Parker and J. D. Weldon, both of Port Arthur and Rufus U. Kilpatrick of Beaumont, to a committee to study the feasibility of Pleasure Island State Park in Jefferson County.

And Reps. Menton Murray of Harlingen, Bill Clayton of Springlake, Pat Cain of Austin, Chester M. Grogan of Atlanta and Harold Hinn of Plainview and Dallas to the inter-mWater Committee of the House.

Charles Meadows has been appointed Fire Prevention Coordinator to succeed Eugene Sanders who retired after 38 years of service with the State Board of Insurance. Meadows, an Odessa native, was appointed by the State Board of Insurance.

Meadows, an Odessa native, was appointed by the State Board of Insurance and the Commissioner of Insurance.

George W. Busby, chief of the Inspection and Planning Division of the Texas Department of Public Safety is new chairman of the American Association of Motor Vehicle Administrators Committee on Engineering and Vehicle Inspection.

Harry Johnson of Manor succeeds George Pendergrass who retires this month as Texas Highway Department director of finance.

INDUSTRY, BANKS GROWING
Last year was a record year for industry and bank growth. Texas Industrial Commission reported 327 new manufacturing plants opened and 483 expansions of existing plants during 1965.

Governor Connally said the growth "is the result of public and private organizations to encourage industrial expansion."

Easter News

By **Ruby Stone**
Brand Correspondent

Shirley Garrison was elected President of the Texas-New Mexico Beet Growers Association at the January meeting of the board of Directors. He has just returned from a meeting at San Antonio, where he and other members of the board heard testimony from labor and gave testimony on behalf of the beet growers concerning wage determinations for hand labor, used in beet production for 1966.

Mr. and Mrs. D. H. Hutchins returned this week after a visit in San Francisco with Mr. and Mrs. Howard Johnson.

Mrs. W. A. Epperson, Mrs. R. B. Medley and Mrs. Pat Webb shopped in Amarillo Thursday.

Joe Cowan of Dimmitt left for Pensacola, Fla. January 4 to enter Naval Aviation Officers Candidate School. His wife, Mary, will remain with her mother, Mrs. L. E. Haislip till he finishes his basic training.

Mr. and Mrs. Alvin Jones are the parents of a baby boy. Congratulations!
Anna Mae Burnett and Mrs.

Banks throughout Texas reported record high deposits in response to the latest call for statements of condition. Bankers said indications are 1966 will be third consecutive year of new record business activity.

CARR, CONNALLY OPPOSE TAX BILL
Atty. Gen. Waggoner Carr and Governor Connally urged delay in congressional hearings on a bill which they charge would assert federal control and jurisdiction over many taxes levied by state.

Carr claimed the federal proposal might lead to a state income tax in Texas. And an "oppressive increase in property taxes." Also, it would "constitute a serious threat to fiscal independence to state and local governments." Furthermore, it would change the base of franchise taxes on interstate corporations to property and payroll factors rather than on the percentage of business done in the state.

Texas officials asked postponement of the Washington hearings, set for January 26, to permit time to prepare a case against the bill.

Lana Downing were in Earth Friday antique shopping.

Mrs. Shirley Garrison, with her mother, Mrs. Will Welch, Mrs. Cleon Ivey, a sister, and her aunt, Mrs. Lee England, all of Levelland, attended the funeral of an uncle, Wallace King of Sentinel Okla., while in Oklahoma they visited another sister, Mrs. M. H. Wilmore of Mountain View.

Mrs. Dale Maxwell resumed her art classes at the art gallery Thursday night. The classes were suspended for the holidays.

Mr. and Mrs. Shirley Garrison, Sharon and Pam, spent last week in Santa Fe. Going with the group were Mr. and Mrs. Bill Gentry, Bob and Ann; Mr. and Mrs. Labry Ballard, Amy and Laura; Mr. and Mrs. Richard Winget, Pam and Wyone, of Hereford; and Mrs. Gentry's brother and family from Dallas. They spent one day in Red River enjoying the scenery and ski slopes there.

Mrs. W. A. Epperson visited Mrs. Eldon Howell in Hereford Wednesday afternoon.

Fire Department Answers 14 Calls In December

A total of 14 calls were answered by the Hereford Fire Department during the month of December, the regular report presented to the county commission showed Monday.

Nine of the calls were to locations inside the city limits, with cost to be paid by the city. Five calls outside the city were charged to the county in the city-county cost-sharing contract concerning fire department operating expenses.

Calls were as follows:
Highway 60 and Progressive Road on Dec. 1 for truck fire; Paul Bowser residence on South Main, Dec. 2; two calls to Veterans Park on Dec. 4; Grand and Ave. E., and Ward Gin, Dec. 5; railroad right-of-way in city, Dec. 6; north 385 in city, Dec. 8; C. R. Anthony, Dec. 9; Ward Gin, Dec. 10; Deaf Smith County Gin, Dec. 11; two calls to 511 Grand, Dec. 16; and a grass fire near Dawn, Dec. 29.

PUT ON THE BRAKES
NEW DELHI — It's been a bit jerky on the Northern Railroad system at times in the past 12 months. Officials say emergency brake chains on moving trains were pulled 25, 772 times, mostly by "fun-loving students."

Dogies Drop Road Game To Dimmitt

Stanton eighth grade Dogies dropped a road game to the Dimmitt Bobcats Saturday 39-28 after leading during most of the game.

HEREFORD JUMPED to a 11-6 lead during the first stanza of the game and were ahead 17-11 during the halftime intermission.

But as the third quarter began the Dimmitt five began shooting from the outside and the locals were unable to set up a defense to protect the goal.

By the end of the third quarter the Bobcats had closed the gap and had taken a 25-22 lead, scoring 14 points to give them the final 11 point advantage.

COACH RAY Don King said the boys looked good in the game and showed a great deal of improvement over past games.

Marsh Pittman was high man

for the Dogies scoring eight points in the game. Jackie Meredith scored seven; John Frank Martin, six; Keith Anderson, five; and Paul Hendon, two. Martin lead the team in rebounds.

THE EIGHTH graders averaged 57 per cent on free throws. Dogie cagers will see action again tonight at 6 in Stanton Junior High School Gym when they clash with the Plainview Coronado eighth grade.

ATTENTION FARMERS

To those who are now drilling and planning on irrigation wells — We are the closest pump factory to you! We invite you to come see us and talk with the farmers of this area see why most all of the pump companies are not now represented in this area. See why the light, cheap construction pumps have been thrown away and have been replaced by better pumps.

We repair all makes of pumps. When you need to repair your pump you can bring it here, it can usually be rebuilt in one day service at less cost. We are selling direct to the farmer at a dealers cost. You should save 20 to 25% on the pump cost. Provided all work and material is paid for with cash before it leaves the shop.

We manufacture 13 types of pump bowls. We are building an 11" OD pump with lifts of 968 GPM, 68 ft. We are building 12" OD pump with wall thickness of 5/8" to 3/4" for bad water. We are building an 11 1/2" OD pump with 1,000 GPM, 75'.

Think how much money you save on parts! Other pump parts would cost you 2 to 5 times our price.

A PAID POLL TAX RECEIPT
or an valid exemption

Many important state and local issues will come before the voters in 1966, including a state senatorial election, as well as contested local races, tax bond issues, etc. You will not be able to participate in these elections without a paid poll tax receipt or a valid exemption in the case of older citizens.

Be Sure That You'll Be Able to Voice Your Opinion in '66

PAY YOUR POLL TAX

before the deadline, Jan. 31st
Nell Miller, Tax Assessor -- Collector
Deaf Smith County
