PUBLISHED EVERY THURSDAY

WELCOME TO HERFORD... ALL 7,000 OF YOU! — Representatives of various events unfolding simultaneously in Hereford this week posed on the courthouse steps Wednesday to illustrate the various items on the agenda for an unusually busy weekend here. More than 7,000 out-of-town residents are expected to be in the city at various times between today and Sunday — and additional events for homefolks will see another thousand or so county residents getting together. Shown are Hereford High School Band members Jack Aikin and Linda Dillard with trophies to be presented at the Region Band Con-

test; American Legion Post Commander Leroy K. Williamson and Treasurer Cecil Wilkins (right), among hosts for the District American Legion Convention; Camp Fire girl Rajean Block, who will attend the annual Camp Fire Father-Daughter Banquet; attorneys Earnest Langley and Wayne Thomas, (right) co-chairmen for the Mid-Plains Legal Institute; and Deaf Smith County Electric Cooperative servicemen G. R. Smith and M. E. Dean (right), who will be on hand for the DSECEC annual meeting. Stories about all the events are featured in this issue of the Brand. (Staff Photo)

Emergency Planning Takes Shape At Meet

Expect 300 At Legion District Convention

Two-Day Meet Hosts Members From 46 Posts

American Legion and Auxiliary members from throughout the Panhandle — some 300 of them — will convene in Hereford for the annual 18th District Spring Convention Saturday and Sunday.

Representatives from 46 Posts and 32 Auxiliary Units will begin to arrive at 1 p. m. Saturday in time for a 7 p. m. banquet in the Hotel Jim Hill.

Highlighting the convention will be presentation of awards to 21 Posts and 13 Auxiliary units during various portions of the convention.

Early arrivals at the convention will be extended a guided tour of the city at 4 p. m.

Auxiliary members will get the convention off to an early start with their opening session at 2 p. m. in the hotel ballroom, however.

FIRST JOINT general session comes following the banquet meal Saturday night. This will be followed by a dance at the hotel ballroom and bingo in the Community Room of the First National Bank.

District Commander Grant Hanna of Hereford will call a Sunday afternoon business session to order at 1:00 p. m.

HIGHLIGHTING the convention will be a speech by Department Commander Clayton Mann of Wichita Falls. Also speaking will be Jack Flynt of Dimmitt, Department Vice Commander.

Hanna completes his term of office with the session and a successor will be elected.

MEANWHILE, the Auxiliary members will be meeting in the Community center, with Mrs. Grant Hanna, district president, presiding. Her term also expires.

Mrs. J. A. Lakeman, Department Vice President, 4th Division, from El Paso, will be featured on the program.

Hereford Post N. 192 and Auxiliary Unit serve as hosts for the convention.

Commander of the post is LeRoy Williamson. Mrs. Bill Gilliland is Auxiliary president.

General convention chairmen are Mr. and Mrs. Ira Ott.

Cancer Crusade Reaches \$2,600

More than a hundred volunteers for the American Cancer Society local chapter collected \$1,946.76 in a house-to-house drive here Monday night.

The contributions pushed the local Cancer Crusade total to \$2,625.15, officials said. Goal for the effort during Cancer Control Month (April) is \$3,000 locally.

41 BALLOTS CAST

Three Days Left In Absentee Vote

Apparent high interest locally in the May 7 Democratic Primary is showing up in absentee balloting as 41 votes had been cast through Wednesday afternoon.

The absentee poll for next week's primary will remain open through Tuesday in the county clerk's office in the courthouse.

MEANWHILE, candidates have been active in visiting county citizens to solicit votes in three contested county races, as well as candidates for district judge.

And the same is true throughout the state as vote-seekers stage an all-out final push for support in races, the outcome of which remains uncertain for some posts.

CANDIDATES for county judge, justice of the peace, and district judge appeared at Walcott school Friday night, where a sizeable crowd participated in an old-fashioned political rally.

Locally, few "issues" have been advanced in campaigns for county offices, but the race for district judge has developed to the fullest.

Incumbents seek re-election to all offices, with opposition only in the elections for county judge,

justice of the peace, precinct four commissioner, and district judge.

Service Award Goes To Local Radio Station

Radio station KPAN of Hereford was named outstanding Community Public Service station in Texas Monday at the Texas Association of Broadcasters Convention in McAllen.

The Pitluk award for outstanding community public service was awarded to KPAN in the radio category and to KRGV-TV at Weslaco in the television category.

Jack N. Pitluk, chairman of the board of the Pitluk Advertising Co., San Antonio, made the presentations Monday morning at the beginning of the business session of the convention.

The awards, one each to the radio and television stations having the best record on a year-long basis, for public service, are considered the high point of

Tornado Warning Outlined

Definite plans for an all-encompassing community-wide emergency action network to be thrown into gear in case of tornado or other danger — or disaster — began to take shape here Tuesday.

Law enforcement, civil defense, fire department, medical and other officials met in the form of the chamber of commerce Civil Emergency Planning Committee to set up a chain of command and duties to be implemented virtually instantaneously should a tornado be seen threatening the city of Hereford.

While the anticipation of turbulent weather in the area during the coming months and the memory of last summer's Hale Center disaster still vivid, the committee gave the go-ahead on a comprehensive tornado emergency plan developed by the local Civil Defense director and other officials.

APPROVED was an outline describing actions to be taken (a) when the area falls under a tornado alert, (b) when the danger of tornado is immediate — (when a tornado appears heading for the city), and (d) after the advent of a tornado disaster in Hereford.

The tornado emergency plan deals for the most part with duties of law enforcement, fire department, medical and other "officials"; however, several items concerning the actions of the general public were outlined.

HONORS PAST DIRECTORS

Electric Coop Business Meet Unfolds Here Today

Issuance of patronage checks totaling more than \$147,000, paying tribute to past directors and electing two new board members, and a program presented by four area young people highlight the agenda for the 28th Anniversary Meeting of the Deaf Smith County Electric Cooperative.

Activity gets underway today at 10 a. m. in the Bull Barn and will continue through the afternoon following a noon barbeque served by the Hereford Rotary Club.

PATRONAGE checks totaling \$147,070.98 will be presented to members of the cooperative who utilized cooperative service during 1955.

The checks will be picked up during registration, beginning at 10 a. m.

The capital credit payments bring the total of patronage refunds made by the cooperative since 1963 to \$756,394.

A HIGH POINT of the program will come when past members of the board are honored. Presentations will honor 24 directors who have served since the formation of the cooperative in 1938.

Two directors will be elected during the afternoon business session.

C. C. (Bill) Ellis and Eldred Brown have been nominated to replace Mr. A. T. Frye, who died recently.

A DIRECTOR for the Nazareth area will also be elected. Joe Birkenfield, who currently holds the post, and Raymond Annen have been nominated.

Other nominations would be entertained from the floor.

PRESENTING the program will be four area youths selected by the cooperative to participate in the "Government in Action Youth Tour."

Maura McAndres of Hereford and Tommy Sherley of Friona,

who traveled to the national capitol as the 1965 representatives, will describe their trip.

Joyce Bezer of Hereford and Jerry Aberant of Nazareth, will present the speeches they made to earn the trip this summer.

Student Receives Merit Scholarship

A Hereford High School senior, Tyler Thompson, son of Mr. and Mrs. W. T. (Bill) Thompson, 518 Avenue J, has accepted a National Merit Scholarship of \$6,000 to attend Massachusetts

Institute of Technology, it was announced Wednesday by the National Merit Scholarship Corporation.

One of 500 students selected throughout the nation for National Merit Scholarships Thompson plans a career in research chemistry.

THE SCHOLARSHIPS are awarded on the basis of an annual academic competition conducted in cooperation with secondary schools and are four year undergraduate awards.

Of some 280,000 high school students taking the test during their junior year, Thompson was one of 500 selected for scholarships granted by the NMSC.

Hundreds of other high-ranking students throughout the nation receive scholarships from other organizations, schools, and firms based on the results of the competitive tests, but only 500 from the 14,000 semi-finalists who rank in the top one-half of one percent of the applicants receive the stipends.

WYNN BUCK, son of Mr. and Mrs. W. W. Buck of Hereford, received a letter of commendation from the NMSC, which has aided him in obtaining a scholarship to attend Southern Methodist University.

Thompson has received a separate scholarship from M. I. T. for a similar amount.

THE NATIONAL Merit Schol-

arships are based on need and vary from \$100 per year to \$1,500 per year. Thompson will receive the maximum amount.

Thompson, who works after school as a radio announcer for KPAN, serves this year as vice president of the National Honor Society at HHS, has been named to the All-Region Band as a drummer for four consecutive years and in 1965 won the right to try-out for the All-State Band.

He has placed first in district University Interscholastic League science contests for the past two years.

consultant for the AID/NRECA. One of the main goals is to aid in management-director relations in the 14 Chilean electric cooperatives, which are just now beginning to reach out of the cities; to serve the rural areas, Forrest said.

He will have headquarters in modern Santiago, but will visit the undeveloped regions of the country.

In the program which sponsors his work there, Forrest's position, with the local cooperative remains unchanged, except while out of the country.

The AID/NRECA project is designed to help check the spread of communist leanings in South America by helping to supply there.

World War I Barracks And Auxiliary Meets

World War I barracks and Auxiliary members attended their regular monthly supper and business meeting Monday night in the Community Center, where delegates to the district convention in Amarillo on May 15 were selected.

J. E. Young, Mrs. J. E. Young and Mrs. Bertha Hood were named to represent the local chapter at the district meet.

anyone sighting a tornado in Deaf Smith County or nearby should immediately contact the Deaf Smith County Sheriff's Office or the Hereford Police Department.

However, it was equally stressed that after Civil Defense emergency warning sirens are sounded, no calls should be made to either agency.

IT WAS also emphasized that any reported tornado or funnel will not set off the emergency plan until confirmed by a law enforcement officer.

Noted was the fact that during operating hours, local radio station KPAN will be able to provide instantaneous data concerning such emergencies, and its service during such an emergency will be aided by the officials in charge of the tornado emergency plan. Amarillo radio and T. V. will receive the same information.

AN EMERGENCY operating center is being arranged, where auxiliary communications and government agency headquarters will be established to direct operations during and after a tornado, should the need arise. Officials noted the inadequacy of present warning sirens to alert residents in outlying portions of the city, but at present no additional sirens are in sight.

However, it was revealed that Hereford Fire Department loud-speaker trucks would cruise such sections and attempt to warn residents whenever an alert is sounded.

The plan would begin to go into effect anytime the area comes under a weather bureau severe weather warning forecast, and would progress as the need arises.

So you're buying your husband a cordless tape recorder...

will he still love you when the batteries die?

Yes...if he gets a V.M. "Charger" ...it's rechargeable.

Batteries that die on the job will never spoil the gift of a V.M. "Charger." This ultra-compact-tape recorder runs on a space-age nickel-cadmium Power Cell that can be recharged hundreds of times. Fully transistorized, the "Charger" is ideal for salesmen on the road, reporters, students, public speakers, and businessmen everywhere. Compact, and weighing only five pounds, the recorder fits easily into suitcase or brief case. Four hours is normal running time on a single charge. Combination recording-level and charge meter gives you a quick reading of Power Cell condition and proper recording levels. Rugged, die-cast aluminum construction and old-fashioned American craftsmanship make the V.M. MODEL 760 "Charger" a lifetime investment.

Grain Sorghum Processing Plant Construction Slated

Three years of careful engineering and marketing studies were climaxed Monday with the announcement that the stockholders of the Dimmitt Wheat Growers, Inc., voted overwhelmingly to construct a Wet Grain Sorghum Plant with a total capital investment to exceed \$20 million.

The plant will be 100 percent cooperative owned by Dimmitt Wheat Growers, Inc., comprised of 700 Castro County area farmers, whose grain sorghum production capacity exceeds the expected needs of the proposed

mill. CONSTRUCTION time is estimated at about two years. Objective of the move is to secure the highest available price for the farmer members' crop after it became apparent that a new market should be found in light of declining farm income.

Base products to be derived from the plant are starch, grain sorghum sugars, dextrose, glucose, grain sorghum oil, Gluten feed, meal, and grain sorghum oil meal. These substances will in turn be used in manufacture of a host of products ranging from rayon to explosives.

THE PLANT, to be constructed adjacent to the present Dimmitt Wheat Growers Elevators, is designed to bring 20 thousand bushels per day, approximately seven million bushels per year, operating around the clock.

Union Starch & Refining Co., Inc., of Columbus, Ind., will design, supervise, and oversee construction of the plant, manage operations, and market the product.

The building and area utilized for the facility will cover two million square feet over a 30-acre tract.

The planned facility is described as the most modern, automated grain processing plant in the world today.

EVANGELISM PROGRAM IN BRAZIL — Gaither Vanderveer, right, and his family will leave May 10 for Sao Paulo, Brazil where they will work in a five-year evangelism program in that city. Gene Fooks, minister of the Central Church of Christ in Hereford, left, looks on as the two discuss the project which will be sponsored by the local church at a cost of approximately \$800 a month to local members. (Staff Photo)

IN SAO PAULO, BRAZIL

Local Church Sponsors Missionary Program

Gaither Vanderveer and his family will sail May 10 from the United States to Brazil where they will spend the next five years working in a missionary program with the people there.

THE VANDERVEERS along with 13 other families will be traveling to the South American country to teach the Bible and do mission work with residents of Sao Paulo, Brazil.

Funds for the program will be furnished by the Central Church of Christ of Hereford and will be completely financed by the people of that church.

Cost of the trip to Brazil has been shared among a number of other congregations, but the actual cost of the mission program will be paid for by the local people.

Gene Fooks, minister of Central Church of Christ, said that the cost of the program would be approximately \$800 per month while the Vanderveers were in Brazil.

THE MISSION program will include visitation in the homes of the residents of Sao Paulo along with teaching Bible study. Vanderveer has been working

in the position of personal work minister in the local congregation for the past year.

He worked in Hereford before, but worked in Lazbuddie for a while and then return to Hereford.

The work here is much the same as he will be doing when he arrives in Brazil only he will have to learn the language of the people before the program can get started.

"WE HAVE ALREADY begun to learn the Portuguese language, but we will have to learn how to use it among the residents," he said.

"Some have said that about 75 per cent of the residents in Sao Paulo speak English," he added, "but I doubt that there are that many who speak the language fluently."

Sao Paulo has a population of six and one-half million people and they all are very much like the American public. Their skin is not much darker than the Anglo and they wear the same type of clothing as most Americans.

Vanderveer has studied at Abilene Christian College, Lubbock

Christian College and Eastern New Mexico University in the Bible departments.

DURING THE five years while the Vanderveers are in Brazil they will become accustomed to the ways of the people there and after two years they will return to Hereford for three months and then travel back to Brazil for another three years.

Vanderveer and his wife Lavern have four children; LaGay, nine; Lynn, seven; Greg, four, and Jena, three.

There are six Church of Christ congregations in the city and the Vanderveers will work out of one of these churches.

The 14 families will be divided into groups and they will all work out of one of these six churches, giving all the churches a good evangelism program.

TWO IN A ROW — The 105-member Stanton Junior High School Band earned its second consecutive Sweepstakes Award in University Interscholastic League competition Saturday in Amarillo.

Stanton Band Gets Sweepstakes

Hereford's Stanton Junior High School Band brought home the second Sweepstakes Band Award in the history of the school Saturday after topping competition at the Region University Interscholastic League concert and sight-reading contest held in Amarillo.

The 105-member band, comprised of eighth and ninth graders and directed by Clyde Wilson, won the award by taking first division ratings in concert and sight-reading performances Saturday after having also claimed a "one" at marching events last fall.

IT WAS THE second such honor for the band, which also turned the trick last year for the first time in the history of the school.

The Stanton band was the only band at the contest to receive unanimous choice by judges for the award.

Playing music classed for call AAA high school bands, the junior high group's performance brought the following written comments from judges' rating sheets:

"Fine band, and a real fine job of teaching. You make the music sound easy... the best performance of any number by any band I've heard today. Truly outstanding work by director and students. A real pleasure to hear your group. You people should take great pride in your musical accomplishments."

L. A. Maddox Jr., animal husbandman for the Texas Extension Service and Dr. C. M. Patterson, Veterinarian for the Texas Extension Service will be the featured speakers.

BY BEAUTIFICATION GROUP Residents Asked To Unite In Summer Flower Project

Planting of one variety of flower in all Hereford yards this summer — A showy, colorful hybrid petunia — is a project adopted by the Beautification Committee of Deaf Smith Chamber of Commerce, Mrs. Milton Adams, chairman, announces.

Patterned on a similar promotion several years ago, when red geraniums were planted, this plan has as its object a display of bright petunia blooms in every yard, to make the county a beautiful spot during the summer months.

"THIS COMMITTEE had such willing cooperation from businesses, individuals and groups in the geranium promotion that none of us has forgotten how attractive it was," Mrs. Adams says. "Let us all plant all one or more colors of petunias just everywhere we can find a place to make this a summer wonderland."

She adds that local nurseries are stocking red, white, blue and pink petunias priced at 15 cents each and less by the dozen. Those who prefer to plant the seed and grow their own plants are advised to mix the tiny seed with fine sand or talc to help distribute them evenly, and plant them in flats, later transplanting them to the yard.

Petunias are versatile flowers and favorites everywhere out. They will grow in full sun or partial shade, with a kind and color for every need. Gardeners are advised to select dwarf varieties for edging.

In addition, petunias are recommended for window boxes, perhaps mixed with vinc a major; for accent color in bare spots between shrubs, for masses of color anywhere, for novelty or for pattern, if the new bi-colored varieties are chosen; for "understudies", when something goes wrong with a spot in the garden and it is left bare and needs a quick-growing substitute.

Recommended varieties for this area include: White, magic; pink, ballerina, cameo and magic; red, fire chief, red satin and Comanche; blue, blue mist, General Robbs; bi-color, star fire and Calypso.

HHS Senior Wins Journalism Event

"Writing and riding, those are things I enjoy most in my spare time," says pretty Miss Sandi Thomas.

During the contest which involved students from high schools in all of Region I, the students were required to write a feature story, a news story, an editorial, to copyread, and to write a number of headlines for prepared stories.

WILL GO TO AUSTIN — Hereford High School senior Sandi Thomas will represent her school in the state University Interscholastic League Literary Contest May 5-7.

She will enter the journalism division after winning first place in the region Saturday at Odessa Junior College in the AAA Region I Literary Events Contest.

Facts for the stories were all printed on a sheet of paper and the contestants had to choose the most important ones and write a good story from them.

Miss Thomas also has a horse and enjoys riding in her spare time. "I really haven't had a great deal of spare time during my senior year," she said, "but I do get in some riding when I can."

The senior first became interested in journalism during her junior year and thought the field might be exciting. She joined the "Whiteface" staff and has covered just about all kinds of events for the high school newspaper.

NO ACTION TAKEN

County Discusses Several Topics

County commissioners covered a light agenda in their regular meeting Monday, highlighted by discussions concerning the proposed county museum, opening a road, and tax assessments.

that officials look into the possibility of establishing a coliseum and fairgrounds near Summerfield, in cooperation with supporters from Dimmitt and Friona.

Citing previous inter-community action elsewhere to develop such projects, the letter suggested that a meeting be called to look into such a possibility.

Commissioners had previously granted the society permission to use the former Catholic school building north of the courthouse to house collections until such time as the means become available to make other arrangement for a museum building.

THE SOCIETY will meet again May 10 to work further towards establishing a local museum and Norton appeared to advise the commission concerning the society's work thus far.

County tax consultant Donald Hensell reported on tax assessment work for the 1966 tax roll, and commissioners began consideration of a date for the annual board of tax equalization hearing, but no action was taken.

A GROUP of citizens owning property near the former. Bipus church appeared to seek the opening of a two-mile public road in the area. Commissioners agreed to look further into the matter.

In other business, the commission read a letter proposing

Six Students Place In Region Literary Events

Six students from Hereford High School placed in the Region I University Interscholastic League Literary Events Contest Saturday at Odessa.

One of the students took a first place and will be eligible to travel to Austin May 5-7 for the state contest.

Sandi Thomas won first place in the number sense contest. This contest tests the student's ability to figure difficult math problems without the aid of paper or a pencil.

Linda Brooks took third place in typing competition at the contest.

Susan Bradley was the fourth place winner in the journalism event.

Richard Brown and Tommy Betzen won fifth and sixth places respectively in the slide rule competition. This contest tested the student's ability to use a slide rule effectively.

The contest was held at Odessa Junior College with students from AAA schools competing in some 15 different events, all trying for a chance to travel to the state contest in May.

Garden Club Members Hear Meeting Reports

Reports on both the district and state garden club and conventions and district garden club awards were given by members at a recent meeting of the Hereford Garden Club in the home of Mrs. R. E. Lance Jr. Mrs. Alfred Smith was co-hostess.

Mrs. O. G. Hill Sr. presented the awards won by the Hereford Garden Club at the recent convention in Lubbock.

They included: a blue ribbon for the President's report; a blue ribbon for the History of the Club; and a red ribbon for the yearbook.

STATE AWARDS presented at the same time were in Horticulture, Yearbook, Honor club rating, Scrapbook, and the Gov-

ernor's Citation for first for the largest attendance at the district meeting.

Mrs. Hill also told some of the highlights of the State Garden Club convention in Dallas. Several members of the club discussed the District Convention in Lubbock.

During the business session, Mrs. W. C. Hromas reported on plans for Kings Manor and Mrs. Ralph McCullough on the replanting to be done at the Rose Garden at the high school.

Twenty members were present for the meeting.

New Cropland Adjustment For Farmers Cited

Frank Bezger, Chairman of County Agricultural Stabilization and Conservation Committee, reminded farmers today that sign-up for the new Cropland Adjustment Program is still open, even though sign-up dates for the wheat, feed grain and upland cotton programs have already closed.

The program is designed to fill a need not quite met by the annual acreage allotment and diversion programs in achieving and maintaining supply-demand balance for farm products. It is also expected to provide more hunting, fishing, and other opportunities for outdoor recrea-

tion. CAP is especially attractive to farmers who want (1) to shift from production of surplus crops to other activities, (2) to retire gradually from farming while continuing to live on the farm, (3) to continue working off the farm, or (4) to take advantage of other local employment opportunities.

Farmers participating in CAP will receive adjustment payments on the land diverted.

The Chairman reported that so far 43 of farm operators in Texas, Deaf Smith County, have applied for agreements under CAP and no agreements have been signed.

Farmers who are interested in diverting acreage under a long-term rather than an annual agreement is May 13th, 1966. There is also a limitation on the total acreage within a county or trade area which may be placed under such agreements.

Piano Students Slate Recital

Piano students of Mrs. Jamie Clearman will be presented in recital Sunday afternoon, May 1, at the Summerfield Baptist Church at 3 p. m.

Classical and modern compositions will be performed by Beverly White, Kim Wilson, Susan Watson, Deborah Latham, David York, David Wiggins, Daria Springer, Diana York, Olinda Baird, Jenene Herrington, Kandy Newman, Vickie Kendall, Jimmy Arnold, Mary Jo Clearman and Pam Campbell.

A special guest, Miss Cynthia McMinn, will conclude the program with an organ solo.

All interested persons are invited to attend.

REP. ROGERS REPORTS

Redistricting Bill Termed 'Not Dead'

There is still a chance for Congress to act favorably on the proposed Constitutional amendment to permit States to apportion one of two houses of their legislatures on factors of representation other than population. Although the Senate failed in recent days to muster the two-thirds majority necessary to approve the amendment, the issue will continue to be with us — and I, for one, will do my best to keep Congress informed of the damaging consequences of rigidly imposing the "one man, one vote" rule. In my view, the amendment is badly needed to correct the effect of the 1964 Supreme Court decision on legislative apportionment.

AT THE CRUX of the matter is this question: Should not a State have the right to take into account the particular economic, social, and political composition of the State in determining the proper apportionment of seats in one House of its State legislature?

The Supreme Court declared that the Equal Protection Clause of the Fourteenth Amendment required that the States compose both bodies of their legislatures so that every member of each house represents substantially the same number of people.

The Fourteenth Amendment was never intended to prevent a State from choosing the legislative structure it felt best served its citizens. In addition, it is clear from the record of the debate in Congress on the amendment that its provisions were not intended to take from a State "any right that ever pertained to it." However, the policy of apportioning at least one body of State legislatures on factors other than population long preceded the enactment of the Fourteenth Amendment.

SEVERAL HAD established legislative bodies along these patterns before the Constitution reflected the same theory of representation. As you know, the Congress is made up of Members of the House of Representatives from Districts set up on lines of more or less equal population while the Senate is composed of two members from each State, regardless of the population of the State. The States should have the right to the same type of government structure as has the Federal government.

The principle set forth in the Constitution for the national legislature is denied now to the States by the effect of the 1964 Supreme Court decision. Just as States have characteristics differing one to another, so have counties and geographical areas

the night with Miss Nancy Biddle.

A luncheon honoring Mrs. Charles Berry was held Saturday by Mrs. Allen Ehresman. Attending were Mrs. Charles Crouch and Mrs. Don Harwell of Vega, Mrs. Russell Miller and Miss Billie Gruhley of Amarillo and Mrs. Billy Brown.

L. H. Brotherton, C. F. Homfeld, Billy Briggs and Loren Creitz were in Amarillo on school business Thursday.

C. F. Homfeld attended the school board members and superintendent workshop in Canyon last Thursday.

within States. We in Texas understand this problem clearly; the problems of the Gulf Coast are often different from the problems faced by the Panhandle. PEOPLE in some areas are, in the main, dependent upon agriculture. In others, shipping, or mining, or lumbering or some other activity constitutes the dominant economic factor. Just as a legislator represents people and their social interests, he must also represent their economic interests.

The effect of the "one man, one vote" rule will be the reapportionment of legislatures to the detriment of more or less rural areas whose people will be left without adequate representation. Representation in the State legislatures will be concentrated from high-density population areas — from the cities — bringing the threat of boss-dominated political machines, of callous disregard for the needs of large geographical areas within States, of political corruption in many States, legislatures drawn strictly on population line will be able to ride roughshod

over the rights and interests of the minority who, because they do not live in cities, can not make their voices heard.

THIS PROCESS is now taking place in many States. The lessons may soon be learned, making possible a renewed interest in enacting a Constitutional amendment to restore legislative apportionment to proper, proven patterns. I am going to continue to do my best to further such legislation.

And I shall continue to urge passage of an amendment to the Constitution to permit Congress to set aside Supreme Court decisions which two-thirds majorities in each house of Congress believe to be at odds with the Constitution. I've again introduced such a measure. Had this provision been in effect, an error as was made in the legislative apportionment decision could have been corrected by Congress.

Hereford To Open District Play

Debut Game Set With Canyon In Local Field

Hereford Whiteface baseball players will make their conference debut this afternoon when they clash with Canyon at Whiteface field at 3:30 p.m.

This will be the second game of the conference slate for the Eagles who dropped their first game to the Dumas Demons Tuesday 11-0.

Canyon will be entering the contest with a 1-1 record for the season. The team is short on experience since they organized just as the season opened and were too late to schedule any non conference competition.

The win over the Eagles Tuesday gave the Demons a 20-1 record for the season, which is the best in the conference.

ONLY THREE schools in district 1-AAA are sporting baseball teams with the addition of Canyon this year.

In the past Hereford and Dumas had to battle for the title with each team meeting each other on the field eight times.

Now Hereford will play their conference contenders only four times during the district slate. Last year the Whitefaces won the district crown in a sudden death playoff with the Demons and lost to Kermit the next

week in regional play.

ED MIMS, Hereford ace pitcher, will be out of action for the district opener with an injury to his left eye.

Mims, Bill Watts and Steve Hodges are the only returning starters on the 1966 version of the team.

Coach Don Dorman said that most of the boys on the team had never had any high school experience until this season. Most of the boys had played up through the Little League and Pony League ranks.

ALEX DIAZ will be the probable starting pitcher for the opening game of the district.

Steve Hodges will be at the home plate catching. Hodges missed the first of the season after having surgery to remove bone splinters from his right arm which he incurred during basketball season.

Dorman said Hodges' arm is still stiff, but he is beginning to work the soreness out and is showing signs of progress at the plate.

HEREFORD will return the match with Canyon Tuesday when they travel to Eagle field for the second district game.

Officials are picking the Dumas Demons to take the conference crown this year. The Demons are sporting a strong team with young players.

TAGGED OUT AT THIRD — Phillip Cain tagged out Danny Vaughn of Silverton in Tuesday's lopsided Whiteface 31-1 victory over Silverton. This was the last non conference game of the season for the Whiteface baseball team. Hereford will enter into district competition today at 3:30 p.m. when they clash with the Canyon Eagles. Canyon will enter the contest with a 1-1 record. This is the first year for the Canyon team in 1-AAA baseball competition. (Staff Photo)

Irrigation League Ball Schedule Starts May 1

LL Officials Plan For Pee Wee Teams

Little League officials are planning a meeting for fathers and others who are interested in beginning a pee wee league for those boys who are not in the present Little League program.

The meeting will be held at 5 p. m. Friday at the Little League ball park.

Plans are for four more teams to accommodate these boys. These teams will play two games a week and each game will go four innings.

Little League rules will be used for the games and the boys will come under Little League insurance.

The teams will involve approximately 100 boys and officials said fathers of the boys are being asked to assist.

Mims Out Of Action With Eye Injury

Hereford ace pitcher Ed Mims will be out of action this afternoon when the Whitefaces open their conference season against the Canyon Eagles.

Mims incurred an injury to his eye last week when a particle of concrete hit him in the left eye causing hemorrhaging.

The senior athlete missed three days of school earlier this week with the injury, but officials said he will be in shape next week.

Canyon Wildlife Count Described

CANYON — They're counting heads, tails, signs in the sand and assorted indications of habitation in the annual spring wildlife census.

But the most spectacular nose count is really a rump-count by the Texas Parks and Wildlife Department to check on the VIP aoudad sheep herd in the wilds of Palo Duro Canyon.

THE SECOND phase of the census, being made by a method as distinctive as the much sought after species, is scheduled for early in May.

Then a leased helicopter will again prowl the rugged area, ducking in and out of remote recesses, bearing a straight-shooting wildlife biologist armed with a handgun loaded with paint-marking capsules.

The first run into the wild, canyon region otherwise rather inaccessible was not conclusive since only slightly more than half of the number of the prized sheep seen last year were counted. The actual count was 40 as compared to 72 last spring.

THE HERD census is vital to game management. It determines movement trends and other herd habitats and influences whether the limited controlled harvests shall be held come fall. Sixteen of the 70 specially licensed hunters last fall got their trophies.

The marking device is a harmless CO2 powered handgun that splashes bright colors on the haunches of the wary aoudads. Here's part of the report sent to Austin headquarters by Biologist Phil Evans who handles this rare shooting-gallery assignment from the nose of the probing helicopter:

"First day saw 34 sheep, marked six of them. The green paint capsules may be thicker as they would bounce off the sheeps' back. Finally marked one with a green capsule. In the afternoon changed to orange and marked five more sheep.

"Saw 54 deer, one coyote, two goats, Wednesday was better, saw six sheep, marked four. Saw a great deal more deer this year than last year. Have no real explanation why we didn't see more sheep. We only saw two sheep on the west side of the canyon where last year most of the sheep were seen."

Seven Runners Place In Regional Meet

Seven Hereford High School track athletes participated in the Region I track meet Saturday at Odessa High School.

MEMBERS of the spring relay team placed fourth in the region. The team is comprised of Larry Champ, Greg Richards, Billy Frank and Robby Lemons.

Weightman Ricky Fangman took a fifth place in the discus competition.

Mark Hicks jumped his way into fifth place in the high jump event at the meet.

LARRY CHAMP ran for sixth place in the 440-yard dash and Gary Goodin placed sixth in the low hurdles competition.

The team accumulated 13 points for seventh place in the

meet. These members of the team qualified for the regional meet in Perryton at the district meet. None of the runners qualified for the state track meet in Austin.

Joe Brooks and Willie Williams are the track coaches.

Wrestling Canceled This Week

Weekly wrestling matches held at the big Bull Barn have been canceled this week due to a conflict in activities in the barn.

BUTCH WALTERSCHEID

Hereford Gridder Gets Sport Award

Butch Walterscheid, veteran defensive end from Hereford, won all the football honors in sight at West Texas State's annual All-Sports Banquet last night.

Walterscheid received the Kleinschmidt Award, the President's Award and was also named Honorary Captain of the 1965 squad which finished the season with a 6-4 record.

IN CONTRAST to the football kudos, the basketball awards were split among four players who started nearly every game for the Buffs. Mickey Fitts, Canyon junior, won the Kleinschmidt Award; Joe McWilliams, Lubbock senior, received the Canyon Rotary Club's Fighting Heart Award and McWilliams and seniors Gail Simson of Borger and Cal Taylor of Pittsburgh Pa. were named Honorary Tri-Captains for the 1965-66 season.

The Kleinschmidt Awards are presented by J. Wesley Kleinschmidt, local businessman, to the most valuable players in each sport as selected by a committee headed by Kleinschmidt.

The President's Award was created in 1955 by Dr. James P. Cornette, president of the university, and he established the criteria of "citizenship, leadership, loyalty and cooperation, improvement in ability and general attitude." The Fighting Heart Award goes to the player who shows the greatest hustle, desire, teamwork and spirit.

THE NAMING of Walterscheid marked the second consecutive year a lineman had won the football MVP and Fitts is the third straight junior to receive the basketball honors. Butch was the leader of the Buffalo defensive unit, "The Unfriendly Society," which set

school records in rushing defense last season.

He recently signed a professional contract with the Washington Redskins of the National Football League. One of Butch's most talked about feats came in 1964 when he blocked punts in consecutive games.

He was named MVP for the Ohio University game last year, but was so consistent that he could have received the award almost any given Saturday.

FITTS, A 6-5 strongman who never played high school basketball, led the West Texas basketballers in field goal percentage (.519) and scoring (16.1 point per game.) He hit his career high of 30 points last season against highly rated Oklahoma City University.

McWilliams was the smallest member of the basketball squad at 5-9 but was easily the Buffs' most exciting player. Pogo scored 33 points against Southern Colorado, best total of the year by any Buff.

His 17 free throws that evening has been bettered only once in school history and his 78.3 per cent from the foul line topped the squad this past season.

There was no featured speaker at the affair and Warren Hasse of Pampa served as Master of Ceremonies.

PARTY, DANCE AFTERWARDS

Hereford High Slates Junior-Senior Banquet

Hereford High School's Annual Junior-Senior Banquet will be held Saturday night in the high school cafeteria as members of the junior class honor upperclassmen.

Some 400 students, sponsors, and guests are expected to attend the banquet — theme of which is a closely-guarded "secret," juniors say.

FOLLOWING the banquet, students will be guests at a dance at Sugarland Mall and a party at the Community Center.

During the banquet, junior awards to a boy and girl elected by the juniors to receive "Outstanding Senior" awards and will also make presentations to the exchange students at HHS.

Following the banquet, two other events take place to honor seniors.

AT SUGARLAND Mall, three out-of-town musical groups will provide dance music until 1 a. m. in a strictly formal event

LL Mothers To Select New Officers Monday

Little League Mothers will meet Monday at 5 p. m. in the Community Center for a business meeting.

Officers for the coming year will be elected and the team mothers will be selected.

This meeting will be for both major and minor league mothers. During the meeting the mothers will also map out plans for the annual running of the concession stand at the ball park.

sponsored by Sugarland Mall Shopping Center, Inc.

Neither the dance nor the party at the community center are school-sponsored, but members of the junior class will serve as hosts at both events.

AT THE COMMUNITY Center, a party featuring games and entertainment will be held.

Students are invited to attend either the dance or the party for those not wishing to dance.

Entertainment at the Community Center event will be presented by the Phil-Originals, a

CHURCH THEME — This display in the sanctuary of the Avenue Baptist Church denotes the theme of a four-week emphasis to members of the church to "prove our love through loyalty to Christ and to His Church," in contrast to recent national focus on the spreading theory that "God is dead." In conjunction with the series, a goal of 225 in attendance at Sunday School has been set. (Staff Photo)

7th Graders End Season With 4 Wins

Seventh grade thinclads from Stanton Junior High School took their fourth first place for a perfect record this season. Eighth graders won third in the meet at Plainview last week.

RUNNERS IN — the seventh grade won the meet by only two points over Estacado of Plainview.

The Plainview school led the meet through the day until the last event when the Dogies took first place and Estacado failed to place giving Hereford a two-point advantage.

Gattis of Clovis took third place in the seventh grade competition. Coronado Junior High School

of Plainview took first place in the eighth grade competition with 124 points. Estacado won second place with 122 and Hereford eighth graders took third with 88 points.

Pat Privett, Ray Don King and Don Taylor are the coaches for the seventh and eighth grade track teams.

Funeral Today For Former Resident Here

Funeral services for Oscar Crawford, 68, son of a pioneer Santa Fe railroad employee in Hereford and a longtime resident here, will be conducted at 2 p. m. today in Rose Chapel of Gilliland Funeral Home.

A resident of Canadian, he died in his home Tuesday.

Son of the late D. W. Crawford, he was born June 28, 1898 in Oklahoma and came here with his family at a young age.

He married Lena Solomon on Oct. 8, 1945, in Hereford. He moved from the city in 1949.

A member of the First Methodist Church, he is survived by his wife, Mrs. Lena Crawford of Canadian; four daughters, Wanda Hensell of East Moline, Ill., Edna May Stores of Amarillo, Virginia Howard of Big Spring, and Neca Ortega of Clovis; a brother, Frank; two sisters, Pauline Crawford and Mrs. L. L. Lester.

Officiating at the funeral today will be the Rev. Herschel Thurston, pastor of the First Methodist Church. Burial will be in West Park Cemetery under direction of Gilliland Funeral Home.

The duties of my office keep me from seeing each of you personally as this office has grown from gross paid to the County in 1955 of less than \$9,000.00 to fines and costs paid to the County in 1965 of more than \$46,000.00. So I take this means as a solicitation for your vote. I am running on my past record — no promises. I have tried to be fair, honest, impartial and courteous, and I have tried to enforce the law of this state and the United States as I swore to do when I took office. The experience of the last 10 years makes me qualified, so on May 7, 1966, I hope that you will cast your vote for me as your Justice of the Peace of Deaf Smith County.

By MELVIN YOUNG
 Congratulations to Clint Formby and the folks at KPAN. We understand the station copied the big John Pittuk Community Service award at the annual Texas Broadcasters Association meeting held this week at McAllen, Texas.

This is the first time that a non-metropolitan radio station has ever been the recipient of this award — one of the most coveted in the broadcasting field. Clint Formby was on hand to accept the award.

One of the most interesting talks that we have heard in recent years was delivered this past weekend at the Panhandle Press Association in Amarillo by Lt. Col. John C. Hughes concerning the war in Vietnam. Col. Hughes has served in the Southeast Asia theater and is now on a speaking tour of the nation, trying to enlighten the people of the United States to the facts of the "War in Vietnam." Col. Hughes is also a combat veteran of both World War II and Korea, and has been wounded and decorated on numerous occasions.

This seasoned soldier held his audience spell-bound for almost an hour, bringing into focus a war that has not been generally understood by the folks back home.

"We're winning," Col. Hughes told the audience, but indicated that it was going to be a long, hard fight militarily, combined with an economic and social program to help the Vietnamese people.

Certainly the situation in Vietnam is strange. Veterans of World War II and Korea find it hard to understand why our superior power and resources cannot bring the enemy to its knees, but as Col. Hughes pointed out, "there is no front in Vietnam." The enemy is nowhere — he is everywhere. He will not fight unless he is numerically superior and has a pretty good chance of winning, according to the Colonel, and you have to "box him in on all four sides, top and bottom," in order to engage him in a fire-fight.

Col. Hughes also praised the work of the Special Forces (Green Beret) troops in Vietnam and told a couple of stories concerning these men and their efforts to uplift the economic standing of the people.

It seems that the Special Forces men have introduced a better breed of chicken to the Vietnamese farmers — ironically, it's the Rhode Island "red." Wouldn't you know it.

Another incident that happened concerned a young soldier who had gotten disgusted with

life in the little Southeast Asian country and had gone "over the hill." That's AWOL (Away Without Leave) in the event you don't understand service jargon. But to have a long story short, this young man came upon a group of Vietnamese students getting ready for a demonstration. They had a pile of signs reading "Yankee Go Home." The student joined the group, picked up a sign and wrote at the bottom on both sides — "Send Me First" — and took his place with the demonstrators.

Apparently almost all of the students there speak English and the soldier's placard broke up the demonstration.

The young man did not get to go home. However, he apparently wasn't prosecuted for being AWOL either.

Only an American service man could have pulled off such a deal as that.

Had you ever stopped to consider why manhole covers are round? Quite simple. A round manhole cover is the only kind that won't fall through, no matter which way it is turned.

Hereford is going to be a busy place this weekend. The Legal Institute, the Band Contests, the American Legion Convention and the Deaf Smith County Electric Cooperative barbecue and annual meeting.

Have we missed anything? Oh yes, Saturday night is the date for the annual Junior-Senior banquet at Hereford High School, and if our information is correct, Friday night is the time for the Camp Fire father-daughter banquet.

Wow! Anyhow — Welcome to all the out-of-town visitors. We're happy you came our way.

If Little Red Riding Hood lived today, the modern girl would scorn her.

She only had to face one wolf, Not one on every corner.

FIRST LIBRARY CONVERTED
NEW YORK — The building that housed New York's first public library is being converted into headquarters for an expanded schedule of activities by the theatrical enterprise that began as a free summer Shakespeare Festival.

The management of the festival, which began with a \$150 budget in 1963, plans to raise \$2.3 million over the next three years for the capital program.

Two theaters, seating 800 and 200 spectators, are to be constructed within the former John Jacob Astor Library, and a year-round production schedule established. Prior to acquisition by the festival, the 113-year old structure in downtown Manhattan was scheduled for demolition.

THE CHURCH I LOVE... IS SAVED BY GRACE. (27th. in a series).

"For by grace you have been saved through faith; and this is not your own doing, it is the gift of God." (Ephesians 2:8). "For the law was given through Moses; grace and truth came through Jesus Christ." (John 1:17).

"For the grace of God has appeared for the salvation of all men... (Titus 2:11). A way must be found for us sinful men to receive God's saving grace and to have access to the grace of God. Therefore, since we are justified by faith, we have peace with God through our Lord Jesus Christ. Through Him we have obtained access to this grace in which we stand, and we rejoice in our hope of sharing the glory of God." (Romans 5:1,2).

... but when the goodness and loving kindness of God our Savior appeared, he saved us not because of deeds done by us in righteousness, but in virtue of his own mercy, (How?) by the washing of regeneration and renewal of the Holy Spirit, (born of water and the Spirit, John 3:3-5), which he poured out upon us richly through Jesus Christ our Savior, so that we might be justified by his grace and become heirs in hope of eternal life." (Titus 3:4-7).

"Since all have sinned and fall short of the glory of God, they are justified by his grace as a gift, through the redemption which is in Christ Jesus." (Romans 3:23, 24).

Small Talk

By SUE COLEMAN
Women's Editor

While all the spring flower trails are asking for attention over the state, Hereford is finishing a floral display that certainly would have justified a lilac trail. Don't know that I've ever seen so many in any one town.

THE PAST TWO WEEKS you couldn't drive down any street without seeing a lavender mist over a fence, or a hedge with

pure white or deep purple clusters of flowers. Huge bushes in the older parts of town now have rivals in smaller bursts of bloom from lately-planted yards.

There are sentimental overtones to lilac blooms, just as for roses, and nearly everyone loves them. Without any personal association to reinforce the feeling, practically anybody can get homesick at a whiff of their distinctive scent.

The Hereford Brand

SECTION TWO

HEREFORD, TEXAS, 79045, THURSDAY, APRIL 28, 1966

Probably the verse-makers have something to do with it, with their lines about "I dream of lilac time" and "When lilacs last in the dooryard bloom'd." But when a stray breeze blows

that perfume toward you, it isn't hard to get into a nostalgic mood.

IT WAS SO DAMP and chilly Sunday afternoon that many of

the listeners at the Music Nub's organ concert had crawled back into wintry togs, but there were some bright spots. Like Mrs. Bill Brady, the club president who spoke a cordially brief welcome dressed in the sunniest yellow jacket dress.

And dainty Mrs. Louis Woodford, just the type to wear her flower-covered hat, Mrs. Carl Mountz in a coat the color of wild roses and Mrs. Jesse Stanford in a pastel floral print. And the organist, Margaret Heiny of Amarillo, in beige eyelet with insets of gold-threaded lace.

PART OF THE decorations

at the shower given last week for Vicky Urbanczyk consisted of a quartet of young ladies who assisted at the gift table. They were the bride-to-be's sister, Julia and Evelyn; her fiancé's sister, Peggy Schmucker, and Rosemary Fangman. The shower was a prelude to the wedding of Vicky and Robert Schmucker.

A SERVICE at Beautiful Saviour Lutheran Church in Amarillo Sunday was conducted by youth of the congregation, with the sermon by Jon David Miller of Dawn, a Hereford High School student.

Messenger Club Talks Business

A business meeting to complete arrangements for the political rally they sponsored that evening at Walcott School was held by members of Messenger Home Demonstration Club in the home of Mrs. John Jones Friday. Mrs. N. A. Brown presided.

Mrs. S. N. Thweatt gave the financial report. Letters were read from candidates who had been invited to the rally. The floating prize was awarded to

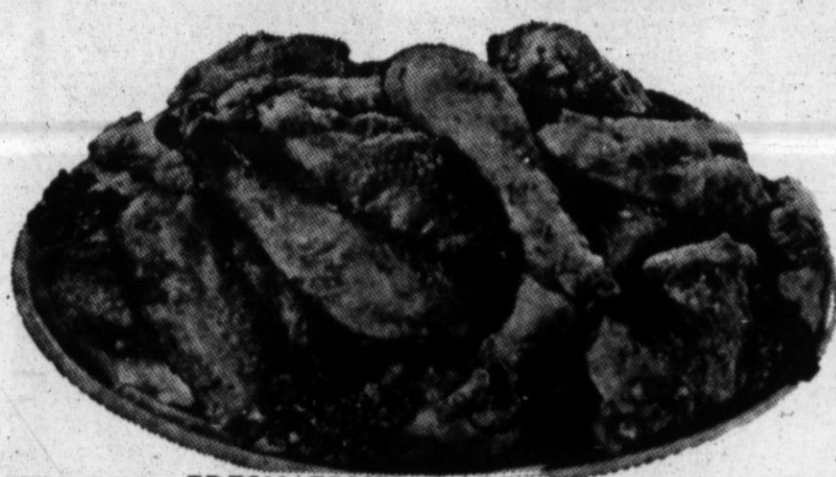

Mrs. J. E. Sorrells. Mrs. Bruce Coleman was a guest and other members present were Mmes. Elmer Northcutt, G. E. Pinkerton and Lloyd Sevier.

LET'S COOK SOMETHING!

Newcomers 'Back Home'

By SUE COLEMAN
Women's Editor

When the Rev. and Mrs. Staley Hackley moved to Hereford from Kansas City last winter as he became vicar of St. Thomas' Episcopal Church, it was a homecoming for Mrs. Hackley, who is happy to be back in the Texas Panhandle after several years in the middlewest.

SHE IS THE FORMER Jean Duvall of Amarillo, who grew up and was graduated from high school there, and whose parents

still live there. She attended West Texas State University and then Mary Hardin-Baylor College, where she received her degree.

After her marriage she lived in Omaha five years and then Kansas City; since her husband is also a former West Texan, they were happy to take the opportunity of coming to a new assignment in this area.

In addition to getting settled in her home at 113 Elm and getting acquainted with the

church congregation and her other neighbors in Hereford, Mrs. Hackley has been busy a great deal of the time as a substitute teacher in elementary schools here.

She had begun a teaching career last year in Kansas City, after her younger son, Stevie, started to school. Enjoying the work, she hopes to continue as a regular faculty member.

SHE HAS HELD membership in the PEO Sisterhood, an educational and social organization

Mrs. Staley Hackley
sews for relaxation

and in professional associations related to teaching as well as in the women's activities of her church.

The Hackleys' older son, Charles, is nine years of age and like his brother is already well acquainted in Hereford. The boys liked living in the northern states, Mrs. Hackley says, especially when snow piled deep in the winters.

Snow which remained on the ground for weeks was a fascinating novelty to the parents also, but Mrs. Hackley admits that she prefers our less severe winters. Cleaning house, during periods of thaw is too much a chore, she says.

ONE THING SHE misses in her home here is the basement which is a standard part of almost every house in the midwest.

"It was such a good place for tasks like re-upholstering furniture," she says wistfully. "I like to do over a piece of furniture occasionally, but it is messy to have it around the house. If there is a basement, you can just leave it in any condition, and work when you have time for it."

Pretty Mrs. Hackley calls sewing her hobby, something she does for relaxation, and she makes many of her dresses.

Cooking is another household duty which appeals to her, with her efforts aimed at pleasing the men's appetites in her family.

One of her favorite main-dish recipes is especially well liked by her husband and sons, and is the sort most busy women like because it can be prepared quickly and put in the oven to cook by itself.

BARBECUED PORK CHOPS
Combine the following and pour over six to eight pork chops in a baking dish:

- 1 cup catsup
- 1 cup water
- 1/2 cup vinegar
- 1 tsp. salt or garlic salt
- 1 tsp. celery salt or seed
- 1/2 tsp. nutmeg
- 1 bay leaf
- 2 tsp. or more flour, enough to thicken sauce to taste.

Bake two hours in 350-degree oven.

Easter News

By RUBY STONE
Brand Correspondent

The most welcome news for Easter community in some time is the nice rain that fell Friday morning and continued over the weekend.

Plans are being carried out to organize a local Camp Fire girls group for girls 6 through 13 years. Any girl in this age group interested in joining may call Mrs. Loy D. Stone or Mrs. Bill Potts, leaders, or Mrs. Bruce Taylor, Registrar, Denise Stone, Sharon Stone, Shery Barton and Kelly Fields are the new members from Easter community.

Mr. and Mrs. Wilber Leonard and two daughters of Snyder, Okla. were Sunday visitors of the John H. Burnetts before going on to Dalhart to visit the Gary Burnetts, and to pick up some combine equipment left there last fall after harvest.

The Sam Scarboroughs have been visiting his brother, Joe Scarborough, in the Littlefield Hospital. Joe Scarborough suffered a heart attack and is reported to be in critical condition.

Gary Moss went to Canyon with the Dimmitt seniors Saturday to take the Capitol A.T.C. test.

Mrs. Louise Stone and Mrs. Ruby Stone were in Clovis Friday on business.

Mrs. William Moss visited Wednesday with Mrs. Doris McClenny in her home. Mrs. McClenny returned home recently from a stay in the hospital.

Word was received here that one of our former Easter community neighbors had been quite ill. Mrs. G. H. Laplant visits here often. We are glad to report that she is much improved.

EYES PROJECT — The names of the First National Bank of Hereford and the Hereford State Bank will appear on the dedicatory plaque for the new Campus Entranceway at West Texas State University. Major donors will be thusly honored. Now under construction, the Entranceway will be completed by August 1. The first lighting of the flames on the center pillars will be during Homecoming 1966. The Entranceway is a project of West Texas Ex-Students, Inc. Wayne E. Thomas, Hereford attorney, is president of the sponsoring organization.

Hereford High-Jinks

by Randy Hopson

Activities are filling every night and most of the afternoons as the end of school nears. This past weekend was nearly as busy as the coming one promises to be.

Congratulations to Sandi Thomas, Sandi, editor of "The Whiteface," placed first in the regional UIL journalism activities. Sandi will travel to Austin for the state meet. Susan Bradley took fourth in journalism. Others also placing were Tommy Betzen, sixth, and Richard Brown, fifth, in slide rule; Randy Tooley, third in number sense; and Linda Brooks, third in typing. All of these people are worthy of recognition.

THE JUNIORS have done it. The theme of the Junior-Senior Banquet is still a big secret, unless word slips out between now and Saturday.

Saturday evening will be the busiest of the year more than likely. First on the agenda is, naturally, the banquet. Following the banquet there will be a variety of things on hand to entertain the high school group. There will be a dance with three bands and there will be activities for all who don't care to dance. Sugarland Mall and the Community Center will be where the action is. So be prepared for a full evening.

Responsible for the activities concerning those who don't care to dance are a very industrious committee. Members of the committee are: Sandra Huckabee, Ray Oglesby, Jani Cole, Sharon Lamb, Shirley Simpson, Sharon Betts, and Tommy Reeves. So, there will be something for everyone to do Saturday night.

Tuesday the Senior Class received their graduation announcements. Well, this is really it, graduation is even less than a month away.

Mrs. J. D. Love Is Hostess To Cultural Club

Use and care of new fabrics, included the bonded materials which are literally two fabrics put together, was the subject of a program by Mrs. Argen Drapion Agent, for Cultural H. D. club recently in the home of Mrs. J. D. Love.

Her topic was Clothing — Action, and she discussed identification of natural and man-made fibers.

Members voted to assist in a county Red Cross project of making layettes to be sent to Viet Nam. The next meeting was announced for May 13 in the home of Mrs. Grady Parsons, with Mrs. Pat Robinson and Mrs. R. A. Scott in charge of a demonstration on sandwich meals.

Others present were Mmes. G. W. Parker, Louie Olson, G. J. Gandy, Art Lewis and Viola Williams.

Hereford tracksters put on a good show at the regional meet in Odessa. The sprint relay team came in fourth, Ricky Fangman took fifth with the discus, Gary Goodin took sixth in the low hurdles, Mark Hicks placed fifth on the high jump, and Larry Champ was sixth in the 440. The boys had 13 overall points, placing them about seventh in the meet.

CHOIR members returned to Hereford early Sunday morning, tired but happy. They really enjoyed themselves even though they faced the same rainy weather they would have had here at home. All in all, nothing unusual or exciting happened. Some of the students did seem a little surprised that Principal Bill Michael can be so funny.

Physician Guest On Program Of Antonion Circle

A guest speaker, Dr. C. E. Rush, presented the program for the Antonion Circle of St. An-

thony's Catholic Church at its recent meeting in the parish school auditorium. He spoke of some new trends in medicine, discussed the doctor-patient relationship and answered questions.

Hostesses, Mmes. Allen Evers, Robert Gerke and Ralph Detten, served refreshments to 30 members and the guest before the program.

Mrs. Leander Reinart presided for business, which included plans for assisting with the annual spring picnic for pupils in St. Anthony's School. Announcement was made that the next meeting, May 19, will close a year's programs and the circle will recess until September. New officers are to be elected at the May session.

What About The Records Made Possible By Experience?

For more than nineteen years, Judge Harry Schultz has presided in the trials of thousands of civil and criminal cases. ONLY FOUR HAD TO BE RETRIED BECAUSE OF BEING REVERSED by the Appellate Courts!

A baseball player, with a batting average like that could name his own salary!

During these nineteen years there has come a rapid increase in the population of this district and a similar increase in the case load. Yet the aggressive use of pre-trial procedures and closely timed scheduling of cases for trial, Judge Schultz has been able to keep current with the cases on the docket that are ready for trial!

500 PERSONS EXPECTED

Camp Fire Banquet Friday

It will be Father's night out with his favorite Camp Fire girl when the annual Father-Daughter Banquet is held Friday night at 7:30 at the Bull Barn.

This annual affair provides Hereford's 340 Camp Fire girls a chance to show their fathers what they can do. Some 500 persons are expected.

A SPECIAL presentation of awards for candy sales, membership, etc., will be held prior to the program, which will be a

tableau entitled "A Day at Camp." Mrs. Bill Dameron, Mrs. John Gooch and Mrs. Lewis Lea are on the committee in charge of the program. Charlie Bell, president of the Hereford Camp Fire Council, will serve as Master of Ceremonies for the program.

The Horizon Clubs are in charge of background scenery for the tableau and the fifth and sixth grade Camp Fire girls will present demonstrations of sports enjoyed at camp each

summer.

GIRLS FROM the fifth grade up will give Indian dances and what they have learned of Indian Lore at camp and the Horizon clubs will give a demonstration of lashing. Each group of Bluebird, Camp Fire and Horizon Club has been responsible for making its own table decorations.

The annual affair is directed by the Camp Fire Leaders Association, with Mrs. Earnest Langley serving as chairman this year.

Club Elects Officers

Mrs. Jesse Gerron was elected to lead the El Llano Study club during the next year at a recent meeting of the club in the home of Mrs. A. C. Hudson.

Chosen to serve with her were: Mrs. Labry Ballard, vice president; Mrs. Elmer Kimball, secretary; Mrs. R. C. Winget, treasurer; Mrs. Boyd Foster, historian; Mrs. Olen Caviness, corresponding secretary; Mrs. Cecil Hart, reporter; and Mrs. Jack Meredith, parliamentarian.

Mrs. Jim Bookout reviewed the book "A Gift of Prophecy," the story of the life of Jean Dickson by Ruth Montgomery.

A salad supper will be held on May 16 at the home of Mrs. Labry Ballard, at which time the new officers will be installed.

Members attending were: Mmes. Labry Ballard, Ivan Block; Jim Bookout, G. D. Carlson, Pete Caviness, R. A. Daniel, Boyd Foster, Jesse Geron, O. G. Hill, Jr., John Jacobsen Jr., Jack Meredith, Bill Michael, Don Paris, R. C. Winget and A. C. Hudson.

Club Welcomes New Member, Sets Election

A new member, Mrs. Bill Warwick, was welcomed by the L' Allegra Study Club at its meeting with Mrs. Jimmy Conkwright this week.

Mrs. Bobby Viegel gave the program on Greta Garbo, telling of her film career and how several of her 24 films were considered classics. Miss Garbo retired from films during the war with the intention of coming back, according to Mrs. Viegel, but never did.

Next meeting of the club will be with Mrs. Dwayne Walker on May 5 and will be the election of officers for the coming year.

Those attending the meeting were: Mmes. John Smith, Jim Carnahan, David Gibson, Dennis Lomas, Pat Robbins, Alex Schroeter, Viegel, Dwayne Walker, and Conkwright.

Sunday Organ Concert Pleases Large Crowd

An audience which filled the sanctuary of the Presbyterian Church applauded the Sunday afternoon organ concert by Margaret Heiny of Amarillo, presented by Hereford's Music Study Club with the public invited.

Club members were hosts for a reception afterward in the fellowship hall, giving those who had enjoyed the music an opportunity to meet the charming artist.

Mrs. Heiny gave a varied program of organ selections, with samples of the modern as well as some classic compositions. She caught the audience's attention with two short and bright pieces by Pachelbel, Toccato in E Minor and Chromatic Fugue, then went on to Bach standards.

She played his Fantasy in A Minor, a whimsical and melodic work, and the Little Fugue in G Minor, which though brief is solid in substance. Next was a group in religious note, ranging in mood from contemplative to joyous. Her closing numbers were

Dreams (Stoughten), in impressionistic style, and the toccato from Widor's Symphony No. 5, a lively ending to a well-balanced concert.

Mrs. Bill Brady, Music Study Club president, received guests and introduced Mrs. Heiny at the reception. Mrs. W. E. Dameron and Mrs. Steve Clements poured coffee and tea at the lace-covered table where a bowl of pink carnations formed the central decor.

Assisting in serving were Mmes. Jesse Stanford, Lowell Sharp and Joe Hacker. Mrs. Bill Dameron is chairman of the hospitality committee which was in charge of arrangements.

"Hank" Williams MEASURES UP

to the job of Deaf Smith County Judge

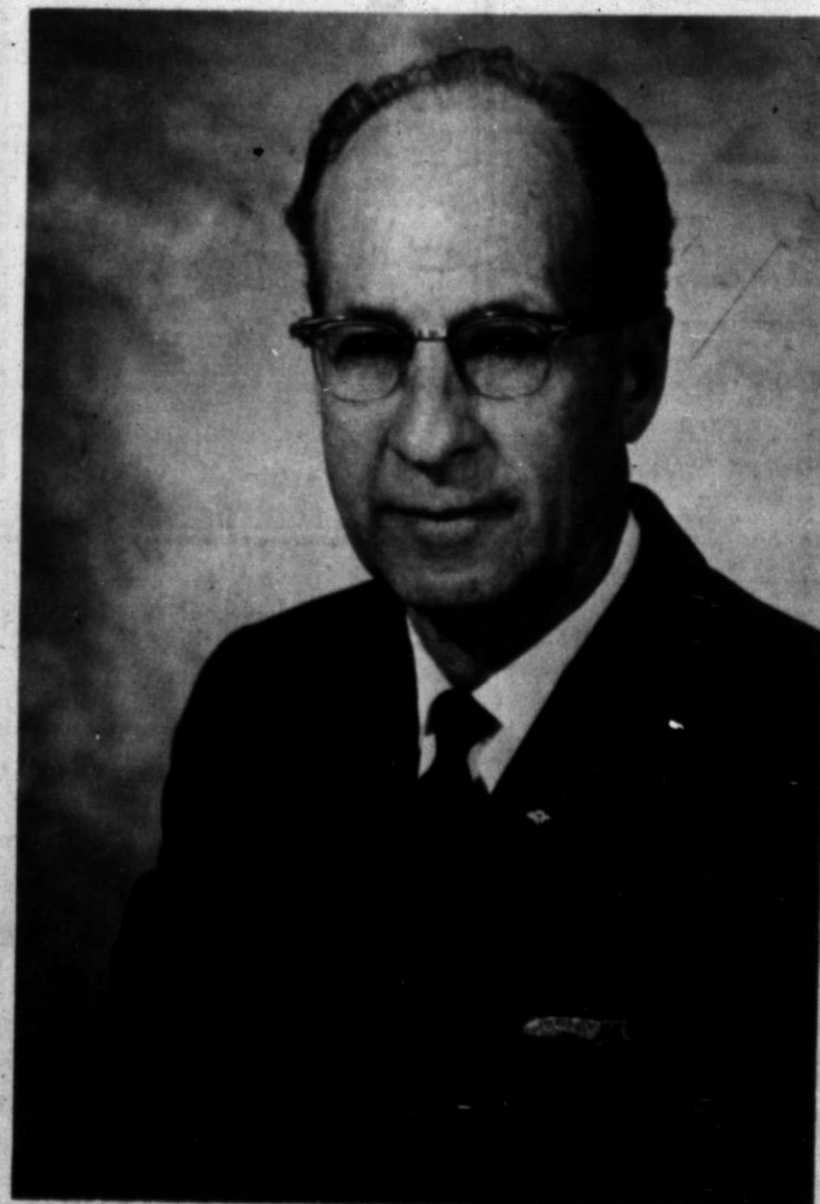

The job of County Judge is not to be taken lightly. This office must be responsible for the operation of the county, subject to the wishes of the Commissioners Court; it must handle criminal cases coming under the jurisdiction of the county court, and at last but not least, the County Judge of this county is also the juvenile court judge — a post that demands utmost care and understanding on every decision.

Judge H. C. "Hank" Williams has demonstrated his ability to handle the juvenile problems in this county. He has a remarkable record over the past five years in helping rehabilitate misguided youngsters, heading them down the road to good citizenship. Juvenile problems must be handled with firmness and with fairness to all concerned.

JUDGE WILLIAMS is dedicated to the task of aiding these youngsters, regardless of race, color or creed. His council is available at any time, day or night, in an effort to help. He is deeply interested in this field of endeavor.

REGARDLESS of this interest however, he does not neglect the other duties of the office. He is interested in furthering good governmental practices as pertaining to Deaf Smith County.

JUDGE WILLIAMS is a successful farmer and business man. His interest in the post of Deaf Smith County Judge comes from a genuine desire to help fight the juvenile delinquency problems of this county, and to serve the citizens of a county that has been kind to him.

We've Got A Capable Leader in office -- Let's Keep Him There!

Stand Up!

...it makes the "counting of heads" much easier. But when one stands one should be sure he stands for something. No need waiting for tomorrow. It may be too late to register a vote. It is quite easy to persuade one's pooch to stand, to register his want.

It is quite a different thing when we ask a friend, a neighbor to vote an issue.

Perhaps we should be more anxious to make a choice. God said, "Choose ye this day whom you will serve." It would be a better world if we would bounce to our feet to be counted, when God, the church, friends or family are in jeopardy. Sound footing will help when vital issues are at stake. May we hold fast to right, to God, and when we come to stand up in judgment, before the "book of life" we shall not be afraid.

We shall be standing for something.

AUSTIN HIGHLIGHTS

Primary Candidates Start Final Surge Of Campaigns

By VERN SANFORD
Texas Press Association

AUSTIN — Candidates for statewide offices are getting set for the final week of their campaign.

Democrats will vote at their May 7 primary for seven statewide offices.

SPOTLIGHT has been on the race for attorney general. Candidates are Galloway Calhoun of Tyler, Crawford Martin of Hollisboro and Franklin Spears of San Antonio.

Spears pledges efforts to improve law enforcement. Martin is emphasizing his 27 years' experience as a lawyer and his long service as state senator and secretary of state. Calhoun identifies himself as the "only real conservative" in the race.

ALL THREE candidates are eyeing the large number of voters who apparently still are undecided despite their long campaigns.

Gov. John Connally, seeking

a third term, virtually has ignored attacks on his administration by Stanley Woods of Houston. The third candidate for governor, Johnnie Mae Hackworth of Brenham, has not actively campaigned.

Bill Hollowell of Grand Saline, running as Woods' ticketmate, is opposing Lt. Gov. Preston Smith.

Paul B. Haring of Goliad is waging a spirited campaign against incumbent Railroad Commissioner Byron Tunnell of Tyler.

Atty. Gen. Waggoner Carr is opposed by political newcomer John R. Jack) Willoughby of Houston for the U. S. Senate nomination.

Land Commissioner Jerry Sadler has opposition from Fred Williams of Del Rio.

ONLY CONTESTED statewide judicial race is between incumbent Court of Criminal Appeals Judge W. T. McDonald of Bryan and District Judge John F. Onion of San Antonio.

Light voter interest is expected to be reflected in a predicted 50 per cent voter turnout.

POPULATION

Texas is growing at the rate of 1.5 per cent a year, UT's Population Research Center reports.

An estimate of population show that there were 10,336,141 Texans on April 1, 1965. This is a gain of 756,464 over the 1960 census.

IRRIGATED FARMING areas in the High Plains produced the two fastest growing counties—Randall and Deaf Smith. Respective growth rates are 7.7 and 7.1 per cent a year. Hartley County, in the top of the Panhandle, has gained 7 per cent a year.

But Texans still are moving to town. Study shows that the 21 metropolitan counties, which contain cities of 50,000 and more, gained 637,374 of the total. Only three of the 21 failed to gain. They are Midland, Ector and Cameron Counties.

POLLUTION

Population growth essentially is to blame for growing problems of stream pollution. For example, the State water plan, soon to be released, predicts that Fort Worth and Dallas will be discharging 750,000 acre feet of waste water a year into the Trinity River.

This prediction has the Texas Water Pollution Control Board looking for ways to require cities and industries to treat their wastes so they will not cause pollution. Board must adopt a plan for maintaining good quality water in all Texas streams by June 30, 1967, or Federal Agencies will take over the job.

Coordinating Board, Texas College and University System, has appropriated \$25,000 to be used, with matching money from the Pollution Control Board, to devise a work plan for a \$4,000,000 study of how to keep the Galveston Bay System Clean.

COLLEGES

Population growth produces more college students. Coordinating Board forecasts that enrollments in 17 state colleges and universities will double by 1978 & from 115,015 to 260,097.

This determination was made for the purpose of splitting up the \$156,000,000 Texans will pay in the next 12 years on the 10-cent per \$100 ad valorem tax to finance college buildings at the 17 schools. Schools in the University of Texas and Texas A&M Systems get their building money from their permanent fund endowment.

A \$20,000,000 bond issue to finance the first two years of student loans under an overall \$85,000,000 state program was approved by the Board.

TOURISTS

Texas Highway Department reports that 12,688,000 tourists visiting Texas by car in 1965 spent \$613,148,000—16.4 per cent more than in 1964.

Governor Connally, pushing for tourism, pointed out that when air, train and bus visitors are added to the total, it shows that \$907,000,000 was spent by the visitors.

He also emphasized the need for more recreational facilities at major reservoirs during the dedication of Canyon Dam on the Guadalupe River.

AG RULINGS

A county sheriff or his deputies may not contract with an incorporated city to provide it police protection which are performed regularly by city police officers or city marshals. Atty. Gen. Waggoner Carr so advised Galveston County District Atty. Jules Damiani Jr.

In other opinions Carr concluded that:

In order to obtain a Texas license to practice chiropractic, it's immaterial whether an applicant has passed an examination conducted by the National Board of Chiropractic Examiners.

ONLY THE territory that was in Justice Precinct No. 2 of Denton County, when voters legalized sale of beer in 1935, legally is wet. Precinct was enlarged in 1948, taking in part of a dry precinct.

Lamar County Hospital District has no authority to convey any of its land to the county as site for a building to house welfare agencies.

EMERGENCY PLAN ACCEPTED

A committee named to draw up a plan for management of natural resources in the event a nuclear attack knocked out federal controls presented its report to Governor Connally.

Areas covered by the plan include construction, economic stabilization, electric power, food, petroleum and gas, health, transportation, water, industrial production, housing and manpower. Connally requested the Emergency Resources Planning Committee to remain in operation 60 days longer.

COURTS SPEAK

Texas Supreme Court agreed with lower courts that A&M Consolidated Independent School District (Brazos County) tax assessments are not arbitrary though district does not levy on personal property like bank deposits, autos and furniture.

High court declined to review a damage judgment favoring a Lubbock area farmer who said his hogs were killed by aerial spray.

Third Court of Civil Appeals upheld a 1965 permit allowing a Bexar County concern to discharge 696,000 gallons of treated sewage into Salado Creek near San Antonio.

Court of Criminal Appeals ordered new trial for C. L. McCaleb who had been convicted of selling securities without registering with state securities commissioner.

OEO APPROVALS

Governor Connally has announced approval of seven projects under the Economic Opportunity Act.

Projects are: Jim Wells County, \$69,198; Matagorda, Brazoria and Fort Bend Counties, \$64,560; Harrison-Panola Counties, \$24,217; Victoria, \$13,459; Cottle, Foard, Hardeman and Wilbarger Counties, \$11,046; Nacogdoches, \$7,692; and Castro County, \$27,477.

OIL OUTPUT BOOSTED AGAIN

Texas Railroad Commission raised the limit on oil production to 35 per cent of potential—highest point for the month of May in seven years.

Allowable was boosted due to increasing demand and decreasing stocks on hand.

New allowable is an increase of 75,700 barrels a day over April.

SHORT SNORTS

Grayson County officials received a Highway Department survey recommending a new route for U. S. 75 from Sherman to the Red River.

Texas veterans are paying up well on their farm and ranch loans, with only 4.44 per cent of the 28,199 active accounts, due November 1, late on their payments, reports Land Commissioner Sadler.

State Health Department advised local health units of the new Federal aid policy making birth control information available to all who seek it.

Governor Connally named Frank W. Mayborn, Temple newspaperman, to the Texas State Historical Survey Committee, succeeding the late W. R. Beaudier.

Luncheon Is Set By UCW

The annual May Fellowship luncheon of United Church Women of Hereford will be held at 12:30 p. m. Friday in Wesley Methodist Church. Special guests will be ministers of the various churches and their wives.

All church women of this area are invited to the luncheon, at which women of Wesley Methodist Church will be hostesses. Theme of the program is People, Poverty, Plenty—Discover, Plan, Act. The Rev. Don Davidson will give the address.

Leaders for the worship program will be Mrs. Ted Panciera and Mrs. R. B. Miller. The Rev. Noah Arnpriester, pastor of the host church, will give the benediction.

Agent Speaker To Young H. D.

An office vacancy was filled in Young Homemakers Home Demonstration Club with the election of Mrs. Carl Armstrong as council delegate at a recent meeting in Mrs. Huey Lowrie's home. Mrs. Dane Bryant and Mrs. Kenneth Hammett were selected to attend a training demonstration on outdoor cookery this week.

Mrs. Argen Draper, County H. D. Agent, gave the program on identification of fabrics and the study of garment labels to determine proper care of the fabric.

Mrs. Lloyd Smith, vice president, presided.

GI Loan Bill Allows Current Soldier Benefit

Servicemen still on military duty may take advantage of the educational and loan guaranty programs of the new GI Bill, Jack Coker, Manager of the Veterans Administration Regional Office in Waco said today.

The servicemen must have at least two years service to be eligible.

Participation in the GI loan program is available immediately. Educational programs cannot be started until June 1, 1966.

Under the GI education program, servicemen with more than two years of military service will be eligible for one month of college, vocational, business, high school or correspondence school courses for each month or fraction of a month they have been on active duty, with 36 months as the maximum period no matter how long their length of service.

THESE servicemen will receive either payments to cover institutional charges for tuition and fees or \$100 per month for full-time courses whichever is the lesser, Coker said.

Under the VA loan guaranty program they may negotiate a home loan with a private lender, or, in areas where direct loans are permitted, they may negotiate directly with the Veterans Administration.

The VA will guaranty up to 60 percent or \$7,500 (whichever is the lesser) of a home loan

made by a private lender. The maximum direct home loan has been set at \$17,500.

All guaranteed or direct loans will bear interest of 5-3/4 percent per annum.

In addition, a one-time, non-receiving fee not to exceed one-half of one percent of the loan amount, must be paid to the VA. This can be included in the loan but, in the case of a direct loan, it cannot increase the amount to more than the maximum figure of \$17,500.

Servicemen previously entitled to GI loans under the World War II or Korean Conflict programs now have their previous entitlement cancelled if their discharge date is subsequent to January 31, 1955. However, for the period during which they would have been eligible under the prior law they will not have to pay the one-time, half of one percent non-recurring fee.

Full information on either the educational or the loan guaranty benefit may be obtained from the office of the commanding officer at any military or naval base or by writing, telephoning or visiting the Veterans Administration Regional Office at 1400 North Valley Mills Drive, Waco, Texas; or Veterans Administration Offices located at 2208 Main Street, Dallas, Texas, and 1612-20 19th Street, Lubbock, Texas.

Some early printing-ink makers got pretty experimental with their products. Wine was added to the ink. One Frenchman also, tossed in a pound of bread crusts and a dozen onions to absorb grease from the boiled oil.

Wei Tan, a 3rd Century Chinese inkman, reputedly beat the ingredients in his ink 30,000 times. His recipe called for an ounce of pearls and a half-ounce of musk, among other things. The musk masked the unpleasant odor. The pearls probably were thrown in for show.

Young married couples who are parents and grandparents can read with understanding and appreciation several little books in the library slanted to their interest in the small fry. "How to Win Your Children" by Mary Bolts and cartoonist Bill Mauldin has this winning combination of cleverness and humor. Presented in a one-page writing by the author and an accompanying one-page cartoon by the cartoonist, it might be classed as light satire.

ANOTHER new book in this class, recommended by Librarian Newman, is "Hay Mom" by Mary D. Bowman, a mother of three. It has a more serious approach. It is based on the scriptures, with Proverbs 1:10-31 as a guide for daily living. It is a seriously written book with a light touch.

With one line a day from the quoted scripture she works out her own interpretation for the love and care of her family. She adds a little prayer for the end of the day. The book is supplemented with a cartoon-like illustration by Don Sampson, to add gaiety to the scene.

Another book in this group is a favorite husband-wife team, Stanley and Janice Berenstein. Their book, Baby Makes Four, is based on their own experiences and gives it authenticity. It has cartoons which express better than words some of the incidents in their life, with their children in leading roles. Included are other people who make up the children's world and there is more writing in this one than the ones mentioned above.

Also fitting into this group are books of Dr. Seuss. Written with tongue-twisting words and delightfully illustrated, it can be read to the children, and at the same time, be enjoyed by the adult-reader.
