65TH YEAR — NO. 11

HEREFORD, TEXAS 79045, THURSDAY, MARCH 17, 1966

PUBLISHED EVERY THURSDAY

CAN'T PINCH ME! — It was awfully tempting for four-year-old Pam McIver (left) to apply the traditional St. Patrick's Day pinch to older sister Tammy, age 8, Wednesday as they practiced up for the required wear-in of the green today. Here Pam was dressed almost from top to bottom with dazzling green, while Tammy displayed only a green derby. But Tammy made her point and saved her skin — and besides, it was a day early for the formality, she insisted. They are the daughters of Mr. and Mrs. J. H. McIver of 308 Jowell. (Staff Photo)

Potato Planting Underway As Farmers Eye Outlook

Balmy Weather Marks Nearness Of Spring

Deaf Smith County's biggest business begins to near its early-spring peak of activity this week as potato planting gets into full swing and preparation for other crops is in high gear.

Farming brings county residents some \$40 million a year and work is progressing amid balmy weather — but oldtimers in the area predict "another cold snap and maybe even some snow" before summer sets in for sure.

District Court Hears Suit Over Purchase

A U. S. District Court jury in Amarillo was expected to decide Wednesday whether an 80-year-old man who signed a contract to sell a tract of land across the street from Sugarland Mall Shopping Center will be required to perform the contract.

James H. Bradley of Hereford filed the suit, which seeks the title to the land or \$40,000 for loss of earnings.

Bradley was to have purchased the land at \$20,000 last June from Eugene D. Duncan of New Hampshire. Duncan alleges he remembers nothing of the sale.

The 300x175 foot tract fronts U. S. Hwy. 385 across the highway from the recently-opened shopping center, which Bradley claims has raised the value of the land to \$60,000.

The first day of spring is Sunday and most any day this week could have been mistaken for Spring's arrival as farmers began planting some 5,000 acres of potatoes and neared the wrap-up stage for onion planting.

Meanwhile, the more than 150,000 acres of wheat in the county is lending a promising green cast to the countryside.

THE BIGGEST percentage of the county's 3,000 acres of onions has been planted, observers said Wednesday.

Temperatures soared past the 80-degree mark during the past few days, but weather records show that normal date for the last freeze in the Hereford area is yet to come.

It was pointed out that acreage for most crops in the county sees little change from last year.

County ASCS officials reported this week that base acreage for crops in the county this year is as follows:

Grain sorghum, 244,698; cotton, 10,498; wheat, 169,360; corn, 1,362; and barley, 33,395.

However much of the corn and barley acreage will be diverted or substituted.

ACREAGE total for sugar beets is expected to be about the same as last year's 14188 acres.

Vegetables will be planted on an estimated 16,000 acres, with 5,000 in potatoes, 3,000 in lettuce, 3,000 in onions, and 4-5,000 in carrots.

It was also pointed out that farm livestock numbers in the county may be up somewhat over last year, with wheat pastures containing a near-record number of cattle.

However, observers also pointed out that number of range cattle may be down somewhat due to dry pasture conditions.

ALTHOUGH dry weather has persisted, irrigated farm operators are eyeing excellent farming conditions thus far this year.

The county boasts a total of some 377,430 acres of irrigated cropland, and an estimated 234,781 acres of non-irrigated cropland.

With scant moisture thus far, dryland prospects are not quite so bright.

SPRINGTIME SCENE — Potato planting was in full swing on some 5,000 acres of Deaf Smith County land this week as farm activity begins to reach its early-spring peak amid balmy weather. (Staff Photo)

Migrants' Problems Discussed At Meeting

Several persons representing a wide variety of community organizations and interests meet today to discuss possible improvement of the environment surrounding Latin American migrants in the Hereford area.

The meeting, which convenes at 9 a. m. in the Community Center, has been called to formally establish a wide-based committee with the goal of investigating advisability of establishing programs aimed at helping improve migrants' living conditions.

Known unofficially at present as the Hereford Community Council, the group will particularly study possibilities of upgrading the Hereford Labor Camp.

EYED WILL be suggestions from the Texas Office of Economic Opportunity proposing programs offering both physical housing improvements and plans for educational, medical care, and recreation innovations.

On hand for the meeting will be Tony Guzman, a community Development Worker for the migrant division of the OEO.

Guzman directs a self-help type program for migrants in the Corpus Christi area and will outline possibilities of developing a similar program for local migrants.

His discussion is just one of several items to be considered by the group.

APPROVAL of by-laws and

name for the community council, and election of officers are also scheduled today, according to Virgil Dodson, chairman of a smaller group which has laid the groundwork for today's organizational meeting of the council.

A seven-point plan suggested by Texas OEO director Walter Richter will also be discussed. Richter outlined several possibilities for improvements at the camp and for the Latin American migrant worker in the Hereford area in general in a letter to Dodson last week.

The plan was suggested following several visits by Richter and members of his staff to the Hereford area.

MARKS REMODELING COMPLETION

Open House Slated Sunday At Refurbished Bull Barn

The revitalized Deaf Smith County Bull Barn will be viewed by area residents in an open house from 2 until 5 p. m. Sunday, marking the completion of extensive interior remodeling.

During the open house, those on hand will see the result of improvements totaling some \$30,000 as the interior of the ten-

year-old county-owned structure has been completely redecorated and otherwise improved.

DECKED OUT in a bright array of colors and materials, the until-now dismal Bull Barn is being pointed to as Hereford's most attractive publicly-owned meeting place.

Hereford Lions Club will serve as hosts for the open house and voted the improvements — will be on hand.

ENTERTAINMENT during the three-hour showing will be provided by the Hereford High School Stage Band.

The county commission directed the remodeling project and voted funds totaling more than \$20,000 for the improvements to the facility, which was built originally in 1956 at a cost of more than \$50,000.

ALSO HELPING to bring about the recent improvements was the Hereford Lions Club. See OPEN Page 2

Poultry Barn Burns, Losses Termed Heavy

A fire of unknown origin destroyed a chicken house and killed some 400 laying hens on the J. T. Guinn farm six miles southwest of Hereford Monday night.

Total loss was estimated by Guinn at more than \$12,000.

The 38x120-foot poultry house burned sometime during the night, but the fire was not discovered until early Tuesday morning, Guinn said.

Hospital Paving Approved By County Commissioners

County commissioners accepted the bid of \$6,329.94 for paving of additional parking space at the Deaf Smith County Hospital in their Monday meeting.

The bid, the only offer received, was submitted by T. J. Hodges Construction Co. of Lubbock.

THE PAVING was recommended by the hospital's board of directors to help solve a parking shortage and also alleviate a drainage problem on the Fourth Street side of the facility.

This action highlighted a session which saw little other business.

Commissioners approved a request from Downtown Variety Park merchants that they be allowed to erect a sign on the

paved county-owned parking lot across the street north of the courthouse.

THE SIGN will point out that downtown shoppers may use the lot for parking.

Commissioners visited the Bull Barn and okayed some final finishing touches for the extensive remodeling of the facility, including painting of kitchens.

A REPORT submitted by the Hereford Fire Department showed cost of fire protection in the county climbed during 1965.

Total expenses of the department was \$18,423, as compared to \$14,591 for 1964.

There were a total of 172 fire calls during the year, 68 of which were out of the city limits.

In the city-county cost sharing arrangement for fire department operation, the county's share of fire department cost was \$7,369 during the year, as compared to \$5,544 for the year before.

4-H Clubs Set Annual Contest, Name Royalty

Deaf Smith County 4-H Club members stage their annual method demonstration contests here Saturday, which will be climaxed with the Share-The-Fun show and the coronation of the 4-H King and Queen for the county.

County competition for 4-H demonstration contests get underway at 9 a. m. Saturday in the Stanton Junior High School.

4-H CLUB teams and individuals will compete for honors in demonstrations ranging from money management to entomology to public speaking during the day to pick winners who will travel to the April 2 dis-

HOST OPEN HOUSE — The Hereford Lions Club will serve as hosts for an open house Sunday at the Deaf Smith County Bull Barn from 2 until 5 p. m. The occasion marks the completion of a \$25,000 remodeling project in the county-owned facility. Among Lions on hand will be, from left, O. Z. Golden, president; Roy Moore, treasurer; Don

Chanby, Lions Tamer; Hilrey Aven, first vice president; Tom Robinson, director; Raymond White, immediate past president; Charlie Bell, director; W. C. Russell, secretary; Bill Gentry, second vice president; and directors Tommy Braddy and R. C. McGilvary. (Staff Photo)

240 SIGN SO FAR

Last Chance For Voter Registration Is Today

With 240 Deaf Smith County citizens already having signed up during the special 15-day voter registration period, today is the last day in which residents may register for 1966 elections.

But citizens will have until midnight tonight to do so, the Texas attorney general has decreed.

AND THE Deaf Smith County Tax Assessor's Office will remain open until midnight tonight to make sure every regulation of the voter registration law is met, according to county tax assessor-collector Nell Miller.

Local officials were advised by the attorney general to hold the tax office open until midnight to afford any last-minute registrants the opportunity to qualify for voting in elections to be held in 1966.

Mrs. Miller pointed out that any registration certificates postmarked prior to midnight today will also qualify voters. A registration form appears in this issue of the Brand.

At 5 p. m. Wednesday, a total of 240 persons had registered to vote in the county tax office, Mrs. Miller said.

THIS BRINGS the total of qualified voters in the county to some 3,507 — including those who paid poll taxes or obtained exemptions prior to Jan. 31 before the poll tax was ruled out by the Supreme Court.

Persons who obtained poll tax exemptions or paid the poll tax remain qualified to vote in 1966 elections and do not need to register.

Anyone who met voter requirements under the poll tax law is eligible to qualify to vote by registration, free of charge, it was pointed out.

Chamber's Board Okays Proposals

Several projects and recommendations from three committees of the Deaf Smith County Chamber of Commerce drew approval of the chamber's board in its Wednesday morning meeting.

THE CHAMBER went on record in support of the upcoming city bond election for sewer and water system expansion by approving the governmental affairs committee's recommendation that the following resolution be adopted by the board:

... that the Chamber of Commerce approve and support the passage of the forthcoming city tax bond election for the pur-

pose of making improvements to the city's water and sewer services.

THE BOARD also approved plans of the Industrial Subcommittee to sponsor local observance of Texas Industrial Week.

The committee will develop a story which gives full recognition to the industry of the Hereford area with statistical data of general interest to be public during the week.

In other action, the board commended the agriculture committee for several projects and goals which it has outlined for the coming year.

Emergency Plans Discussed By Chamber Group

The Civil Emergency Planning Committee of the Chamber of Commerce met Wednesday morning to discuss the need for an overall plan to cope with disaster or other emergencies in the area.

COMMITTEE members heard suggestions from medical, Department of Public Safety, Civil Defense, and government officials concerning planning needed to cope with any general emergency which might present itself.

The committee took steps towards designating an emergency operating center to which responsible authorities could go during emergency situations.

A subcommittee was appointed by chairman Nolan Grady to emergency plan.

Dr. Bruce Beene, who told the committee that the local medical staff has a complete disaster plan lined out, was named to

serve as Civil Defense Medical Officer to direct further planning.

Also discussed were plans to formulate a complete communications network among local amateur and citizens band radio operators to serve in time of emergency.

Deadlines Near For Car Owners

Less than two weeks remain for motorists to register their vehicles before the Apr. 1 deadline in the state of Texas.

And less than a month remains before all vehicles will be required to have 1966 vehicle inspection stickers.

Officials are urging residents to go ahead and get their autos inspected to avoid the last minute rush just prior to the two deadlines.

In the past, law enforcement officers have been allowing two days leeway for motorists to get their inspection stickers.

But this year anyone caught driving without the new sticker after the deadline will be fined.

A NIGHT IN VENICE — This was the theme as a capacity crowd filled the hall to enjoy the semi-annual Spaghetti Dinner at St. Anthony's Auditorium last Sunday evening.

which donated funds totaling some \$7,000 for painting of bleachers and floors and purchasing tables and chairs for 800 persons to be used in the facility.

The building was constructed on land donated by the Veterans of Foreign Wars and the American Legion.

NUMEROUS other county groups have helped to furnish and improve the facility since it was constructed.

Hereford Lions donated some \$30,000 to furnish the facility after the building was constructed by the county.

Deaf Smith County Rural Electric Cooperative installed a \$1,200 sound system soon after the building opened, and improved the sound system during the current remodeling.

Among improvements in the Bull Barn are new paint through out, extensive decorative paneling and wainscoting, sprucing up restrooms, installation of forced air conditioning and heating, installation of an acoustical tile ceiling and new fluorescent lighting, and changes in entrances to the spacious facility.

ONE MINUTE, PLEASE

THE CHURCH I LOVE ... IS CATHOLIC BY VIRTUE OF ITS NATURE (16th in a series).

Webster defines the word catholic as: "Universal or general; affecting mankind as a whole, or affecting what is universal in human interest." The church I love is world wide in scope, and for all men. This church does not commit itself to the narrow confines of a sect or denomination; to a race or section of the world. It knows no political or geographical boundaries, yet operates within the limits of civil law. Jesus commanded, "Go forth to every part of the world, and proclaim the Good News to the whole creation." (Mark 16:15 NEB). Also: "You will bear witness for me in Jerusalem, and all over Judaea and Samaria, and away to the ends of the earth." (Acts 1:8 NEB).

Peter stated, "I now see how true it is that God has no favorites, but that in every nation the man who is godfearing and does what is right is acceptable to him."

"For the grace of God had dawned upon the world with healing for all mankind; and by it we are disciplined to renounce godless ways and worldly desires, and to live a life of temperance, honesty, and godliness in the present age, looking forward to the happy fulfillment of our hopes when the splendor of our great God and Savior Christ Jesus will appear." (Titus 2:11-13 NEB)

"For all alike have sinned, and are deprived of the divine splendor, and all are justified by God's free grace alone, through his act of liberation in the person of Christ Jesus." (Rom. 3:23, 24 NEB).

"But in fact we do not yet see all things in subjection to man. In Jesus, however, we do see one who for a short while was made lower than the angels, crowned now with glory and honour because he suffered death, so that, by God's gracious will, in tasting death he should stand for us all." (Heb. 2:9 NEB).

"The next day he saw Jesus coming towards him. Look," he said, "there is the Lamb of God; it is he who takes away the sin of the world." (John 1:29 NEB).

"What I mean is, that God was in Christ reconciling the world to himself, no longer holding men's misdeeds against them, and that he has entrusted us with the message of reconciliation." (II Cor. 5:19 NEB).

THIRD OF SEASON

Thinclads Travel To Levelland Track Meet

Hereford Whiteface thinclads will travel south to Levelland Saturday morning to enter the Levelland Track and Field Meet at South Plains College.

This will be the third meet for the squad this season. COACH JOE BROOKS said that most of the same men would be running in the same events as in the Brownfield meet two weeks ago.

Hereford cindermen clashed with the Friona Chiefs last week in a duo meet here and the locals took 11 first places in the event.

TRY TO HOLD LEAD

Golfers Travel To Tulia Saturday

Hereford golfers will try to hold their first position Saturday when they travel to Tulia for the third conference meet of the season.

SATURDAY THE Whitefaces took third place at Dumas, but still kept a three-point lead in the conference race for the title.

Dumas took first place and Muleshoe took second. Muleshoe took second place in the first meet on the Mule course, but the Whitefaces managed a wide margin for first place at the opening conference meet.

Rules for the winner of the title were changed this year. In the past only one district meet was held and the winner of that meet was the winner of the title.

THIS YEAR each team is hosting a meet on its own course and the scores from each of these six meets will be added

cus 145 feet for the Whitefaces. Bill Coffin is also coming along nicely on the shot putt. GARY GOODIN, hurdles man for the Whitefaces, has shown some real talent in the past few weeks. He took first place in both the low and high hurdles event against Friona and in Saturday's meet will be running the 100-yard dash.

Until the past two weeks the Whitefaces had been plagued with bad weather and had not been able to get in many good practice sessions.

Hereford Whiteface baseballers dropped their second game of the season when the Amarillo Sandies took a 4-2 decision over the local squad.

AMARILLO STARTED the game off in the first inning with two runs taking a 2-0 lead over the locals.

In the top of the second inning the Whitefaces were unable to get into the scoring. Barry Johnson was thrown out at second and the next batter, Ray Martinex took a base on balls and then stole to second.

And at the recent Brownfield meet the locals ran into cold winds and some tough competition from some 3-A schools in south Texas which had more practice time behind them. COACH BROOKS said that the team is looking much better since the weather has been more cooperative.

Following the Levelland event the track squad will travel to Plainview and Wayland College where they will participate in a meet for high schools and colleges.

Phillip Cain struck out for the second cut and Gary Tucker went down for the third leaving Martinez on second.

The Sandies came back in the second inning for two more runs, putting them out in front 4-0.

The Whitefaces in the third inning, had no luck at all with three batters up and three down. BUT AS THE fourth inning began the tide changed for the locals as Bill Watts hit a single following an out by Gene Duvall.

Barry Johnson struck out on the next attempt, but Martinez hit a double down through right field.

The double advanced Watts in for the Whitefaces' first score of the afternoon. Martinez stole to third and then came home on an error on the part of the short

stop. During the remainder of the game Alex Diaz failed to give up any more hits. Ed Mims was substituted in during the final inning and gave up only one hit.

HATHCOCK OF THE Sandies gave up six hits and two runs. He pitched the full seven innings for the Sandies.

Diaz gave up eight hits and four runs. He walked two and struck out nine players.

This was the first of a busy week for the Whitefaces with a game scheduled Friday here with Plainview at 4 p. m. Saturday the locals will travel to Plainview where they will play a double header with the 4-A Bulldogs.

COACH DON DORMAN said that the Plainview team is sporting a rough team this year and will give the locals some tough competition.

Dorman said that the Whitefaces did a good job on defense Tuesday and their offense is looking better each game.

Stanton To Run Saturday In Springlake

Thinclads from Stanton Junior High School will travel to Springlake Saturday for their first meet of the season. The event was scheduled for Apr. 2, but was moved to the earlier Saturday date. Runners from both the seventh and eighth grade will run in the event Saturday.

Coaches Pat Privett, Don Taylor and Ray Don King have been working with the young men during the past three weeks since the end of basketball season at that school.

The following week the locals will return to home territory where they will host the Hereford Invitational meet here.

Guest Program Specialists Will Assist In Leadership Workshop

Two program specialists from Texas A&M University Extension Service will work with local leaders in conducting the Leadership Workshop to be held Monday and Tuesday in Community Center under auspices of Deaf Smith County Program Building Committee.

Miss Claudia Williams is scheduled to speak at the first general session Monday at 7:30 p. m. on the subject, How To Get Audience Participation. She will direct the workshop on How To Get Committees To Work for the Organization, on both evenings.

Larry J. Burleson's topic at the general session Tuesday is What Constitutes an Effective Organization? and his workshop will deal with Planning Programs for Interest and Variety.

Registration for the workshops is being completed by the Hereford Business and Professional Women's Club. Mrs. J. K. Baker B&PW president, will open the evening with welcome and introductions.

Wayne Thomas, immediate past president of Deaf Smith Chamber of Commerce, will give the keynote address. Meeting the Challenge to Serve Well. Three of the five workshop groups will be conducted by Hereford residents who are experts in the various subjects.

Miss Williams who has been a program specialist on the Extension Service staff since 1962, was formerly district Home Demonstration Agent in South Central Texas. She had served as Titus and Lamar County H. D. Agent, taught homemaking at Mount Vernon and was home management supervisor with Farmers Home Administration in Dallas.

Born in Grandbury, she has a BS degree from Texas Woman's University and an MS degree from the University of Wisconsin, and has done other graduate study at the University of Arizona and Texas A&M.

Burleson is a native of Navarro County and grew up at Mart. He holds both bachelor and master degrees from A&M and has done post-graduate work at Peabody College in Tennessee.

After working as county agricultural agent and one the faculty of Wharton County Junior College, he was named to his present position in 1959. He works with county agents to make their program more effective in organization, and provides training for them and their 4-H Club leaders.

He served in the U. S. Army Corps of Engineers during World War II with 32 months of combat service, and now holds the rank of major in the inactive reserve.

METS DO BETTER ST. PETERSBURG — The New York Mets do better than most teams in spring training, travel wise. They share Al Lang Field here with the St. Louis Cardinals. The teams will play five exhibition games here this spring. That means the Mets travel as much as most clubs during the training games.

Besides five tests with the Red Birds, the Mets have 10 games here with other major league teams. Four of their exhibition games will be under lights.

Hereford Drops Second Baseball Game Tuesday

Hereford Whiteface baseballers dropped their second game of the season when the Amarillo Sandies took a 4-2 decision over the local squad.

AMARILLO STARTED the game off in the first inning with two runs taking a 2-0 lead over the locals.

In the top of the second inning the Whitefaces were unable to get into the scoring. Barry Johnson was thrown out at second and the next batter, Ray Martinex took a base on balls and then stole to second.

Barry Johnson struck out on the next attempt, but Martinez hit a double down through right field.

The double advanced Watts in for the Whitefaces' first score of the afternoon. Martinez stole to third and then came home on an error on the part of the short

Tech Coach To Be Featured At Cage Banquet

Gene Gibson, head basketball coach for the Texas Tech Red Raiders, will be the featured speaker at the Annual Hereford High School Basketball Banquet.

THE BANQUET will be held at the Casion House Friday Mar. 25 at 7:30 p. m.

Events will include the honoring of all the freshmen, b-team and varsity basketball players.

Also the Hereford Brand will present a special award to some outstanding player on the varsity team.

TICKETS FOR the banquet are available at the high school to basketball players, basketball parents and booster club members. Price of the tickets is \$1.75 per person.

The banquet is sponsored by the Basketball Mother's Club.

Freshmen To Enter Second Meet Saturday

Freshmen thinclads will travel to Springlake for their second meet of the season Saturday morning.

FRESH RUNNERS completed in their first meet earlier this week when they ran against the Friona Chiefs.

Hereford thinclads won all but one event in the duo meet with the Friona squad.

Coach Clyde Coleman said that with the good weather which has allowed some excellent practice sessions this week, he feels his team is shaping up well.

DONNIE FANGMAN hurled the discus over 150 feet in the meet with the Friona group and is showing some good promise as a weight man.

The following week the freshmen will host a meet of their own here in Hereford.

Hereford Man Attends Jaycee National Meet

Jerry Fowler of Hereford left Wednesday for the annual Board of Directors meeting of the United States Jaycees in Tulsa, Oklahoma, March 17-19. Fowler, a National Director, is a member of the 324-man Board made up of Jaycees from all 50 states and the District of Columbia. 200 more Jaycees will be on hand as observers.

During the three-day Tulsa meeting, the Board will consider proposed national programs and projects for subsequent adoption and availability to the 6,300 member chapters of the organization.

An important item of business to be handled will be the selection of the Jaycees 1968 national convention site from among three bidding cities: Atlanta, Georgia; Phoenix, Arizona; and Honolulu, Hawaii. Tulsa is the site of the national Jaycee headquarters building and the Jaycee White House, home of the national president during his year term of office.

During the Board meeting, eleven different planning groups recommend a course of action for their specific area of programming during the 1966-67 Jaycee year. Fowler will serve on the Civic Activities planning group which reviews the proposals and plan of action for the coming Jaycee year in that specific area and makes recommendations to the full Board.

Decisions of the Board are subject to confirmation by the general membership at the Jaycees 46th annual National Convention in Detroit, Michigan, June 27-30.

Fowler, who serves the 15,000 member Texas Jaycees as State Vice President, is employed by Hi-Plains Savings and Loan Association in Hereford.

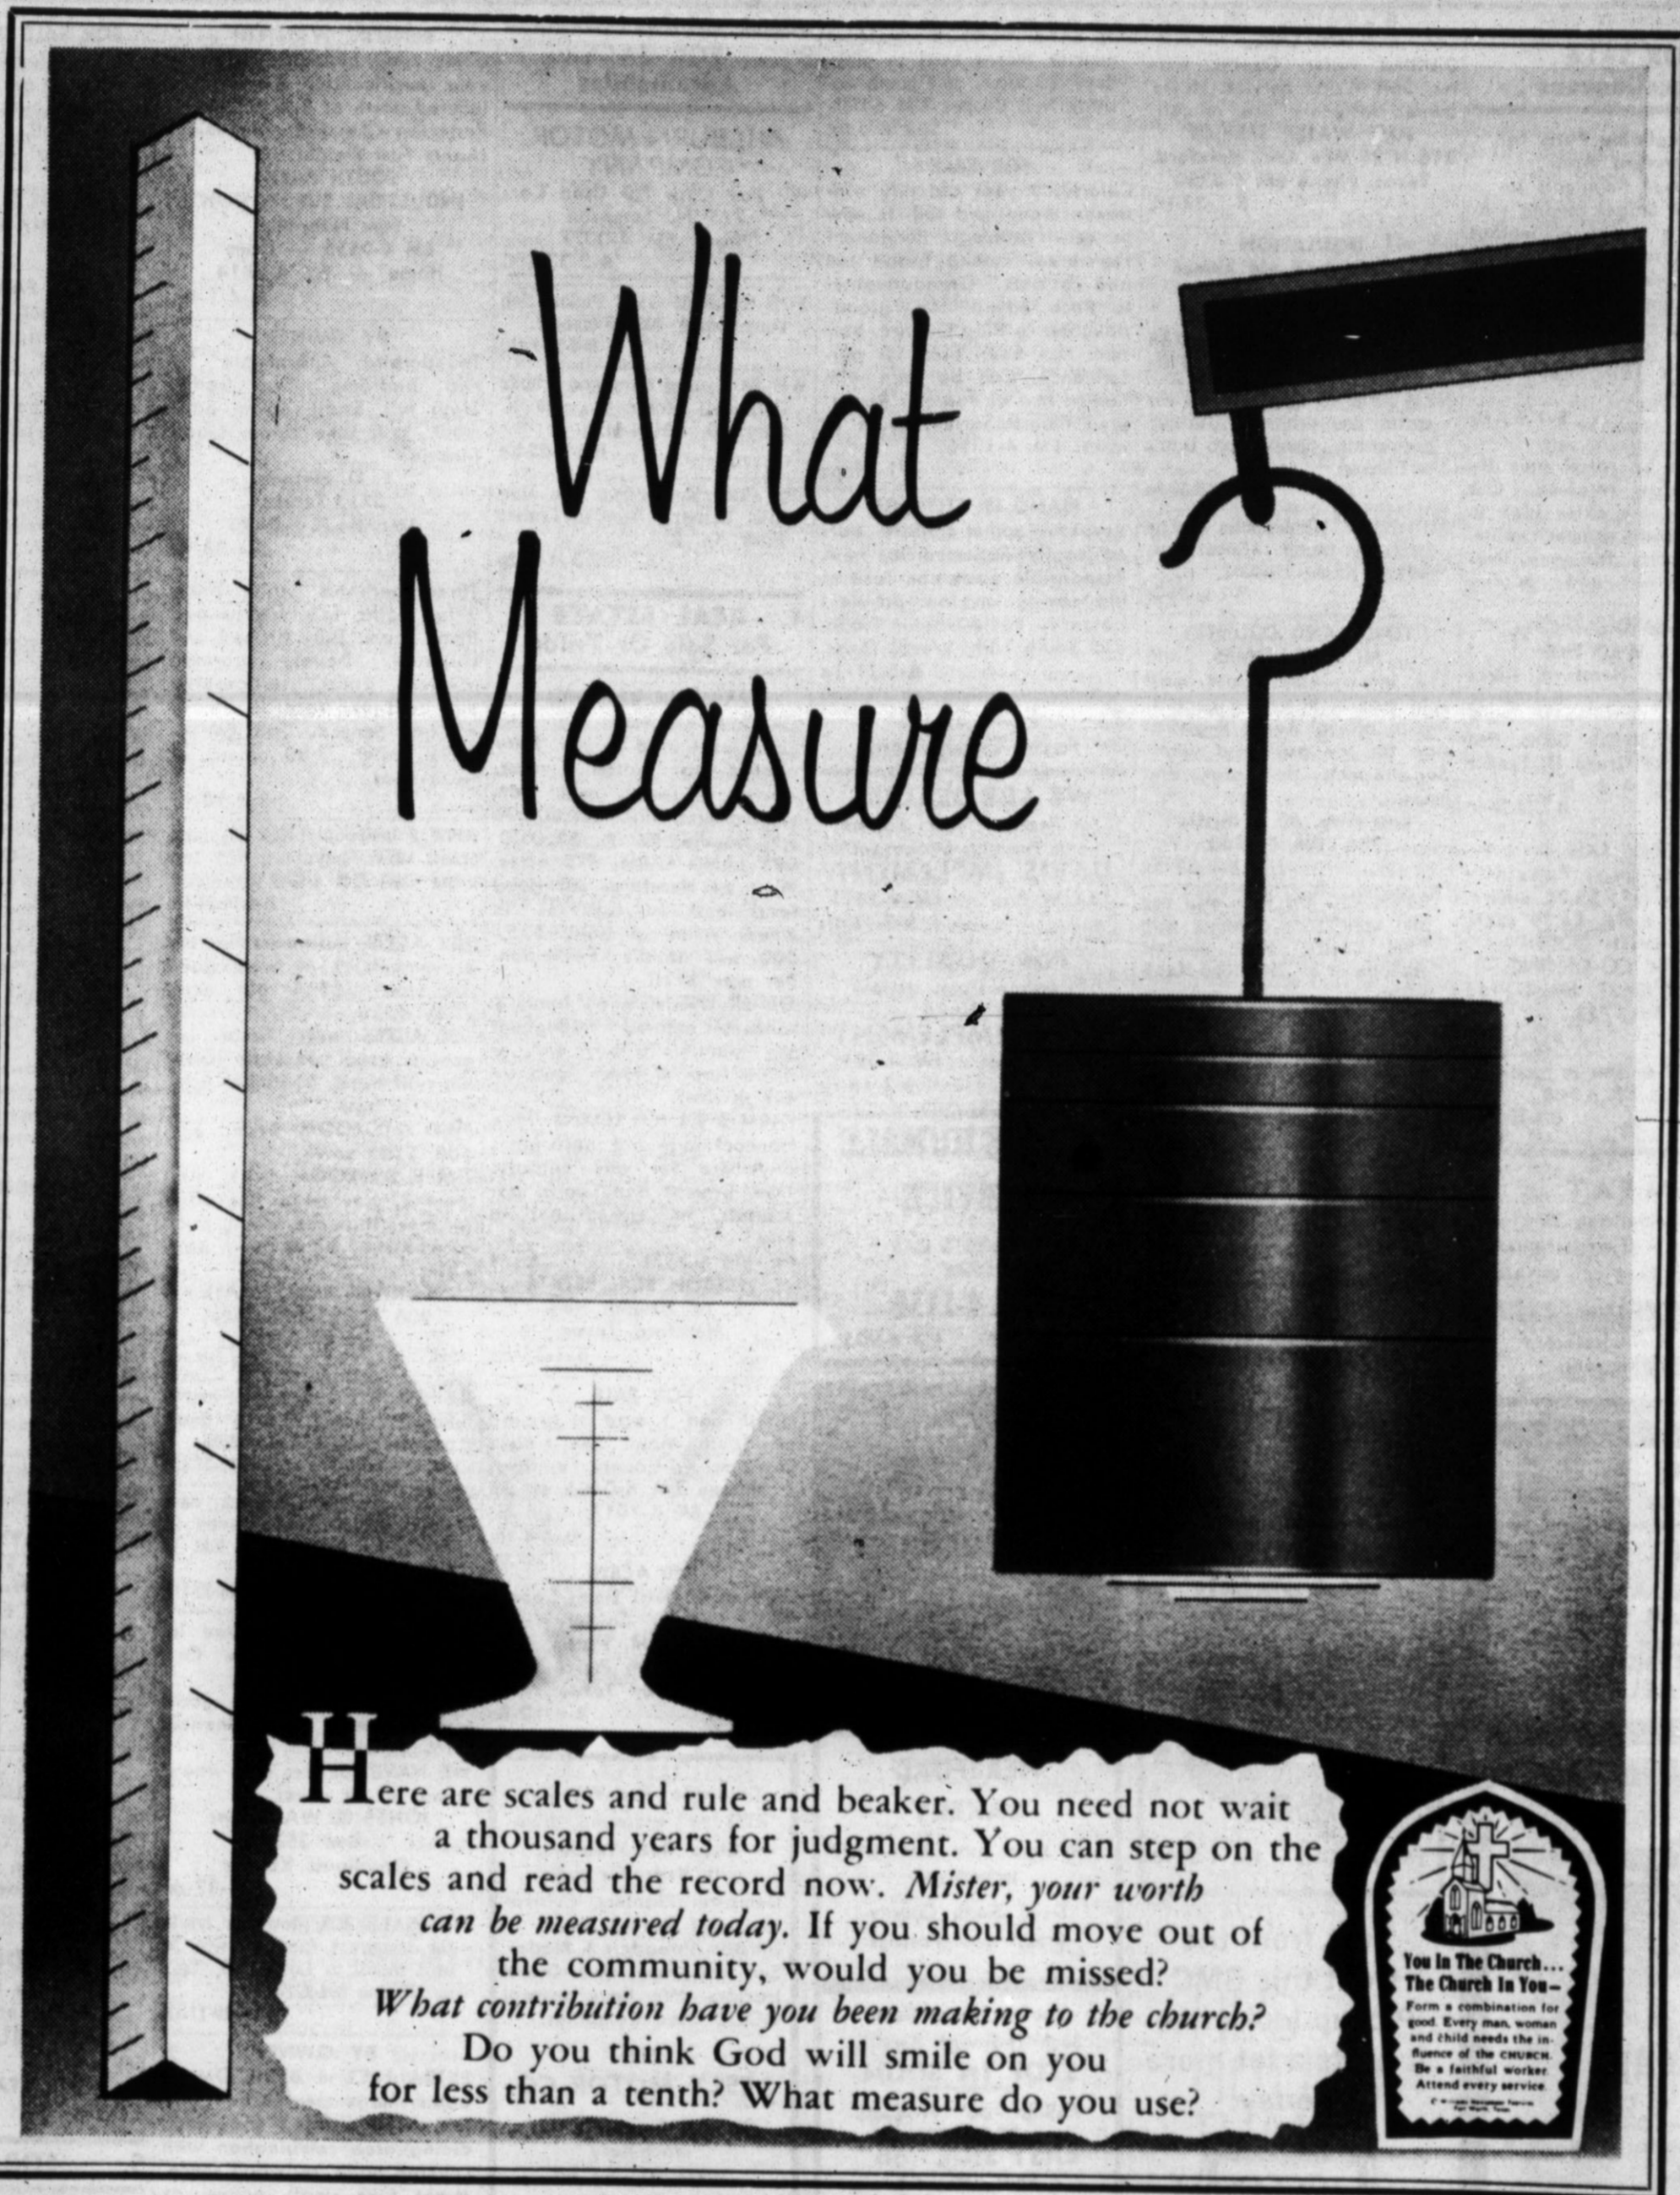

Nightly wagering on the 1965 winter-spring harness racing session at Yonders, N. Y., Raceway average \$2,179,984.

LL Officials Set Meeting Monday Evening Officers and managers for the Little League program in Hereford will meet Monday evening at 7:30 in the Pioneer Natural Gas Company building.

Don't forget. Just a few days left to buy license plates for the old automobile. And not many more in which to get the jalopy inspected either.

By MELVIN YOUNG The Deaf Smith County Commissioners Court is making plans now to show-off the newly remodeled Bull Barn this Sunday from 2 to 5 p. m., complete with entertainment and refreshments, according to Judge H. C. (Hank) Williams.

On hand for the Open House will be the High School Stage Band directed by Ben Gollehon. Refreshments will also be available for all present.

This is your opportunity to see the remodeled barn while it's still sparkling - so come on out. Everyone is invited.

Hereford should be proud of the newly remodeled barn. It's really nice. Remarkable what can be done with a little remodeling.

For the first time since the beginning, Hereford is now equipped to handle about any size convention that might come our way. Without a doubt, the new barn is as nice as any convention hall anywhere, and can seat (for a banquet) up to 1500 people.

We understand also, that the commissioners are now considering expanded kitchen facilities at the barn which would include an automatic commercial dishwasher. When this is done, and dishes and silverware secured, the facility will be ready to take care of the larger banquets.

But this is just one of the many uses of the Bull Barn. Now that the place has a ceiling, and can be heated in the winter time (and cooled in summer), we're betting that it will be in demand almost constantly.

And why not? The building represents many dollars in tax payers money, along with some spent by local clubs on the interior not including land donated by the Veteran's organization. Let's use it to good advantage.

And by the way. While at the barn Sunday, you might let the Commissioners know that you appreciate their efforts. They usually hear about the things you don't like, so let's tell them about the things we do like.

There is a group in England, we understand, that still maintains that the earth is flat, and looking at it strictly from a financial point of view the theory has considerable merit.

Spring is about here, and it's time to get out the old shovel and dig up the garden. And Sunday afternoon was an ideal afternoon to get out in the yard and do some work.

Although we don't particularly care about digging in the garden, we are ready for warm weather to arrive.

If the four-day work week becomes a reality, people will find out how little they knew about the week-end guest menace.

And many a husband will find out how little he knew about gardening in the first place.

Don't forget. Just a few days left to buy license plates for the old automobile. And not many more in which to get the jalopy inspected either.

LL Officials Set Meeting Monday Evening Officers and managers for the Little League program in Hereford will meet Monday evening at 7:30 in the Pioneer Natural Gas Company building.

THE MEETING will be held to continue the organizational plans for the coming season. Most of the managers have been assigned to teams and try-outs are set for Apr. 21 and 22 at the Little League baseball parks.

Players will be selected from the tryouts for the eight major and eight minor league teams. A MEETING has also been set for Umpires at the Community Center Monday Apr. 4 with Jack Powell from Dumas in charge of the event.

Powell is the head umpire for the Hereford area district.

Pitcher Hoyt Wilhelm of the Chicago White Sox has relieved in 718 major league games, a record.

BY LOCAL DOCTOR

Cancer Society's Position Cited

"Why is so much emphasis placed on teen-agers in combating the problem of cigarette smoking and health?"

Dr. A. T. Mims, Medical Advisor for the Deaf Smith County Unit of the American Cancer Society answered the question by emphasizing that the longer people put off starting to smoke the better their chances of a long life.

He explained that in 1960 the American Cancer Society began what is now a national teen-age smoking program. It was a well coordinated program of working with schools, teachers, other health agencies, youth groups, counselors, etc.

The Society started this program because a pioneering ACS study in 1958 revealed that the rate with which youngsters took up smoking could probably be cut in half by an effective education program.

It learned that youngsters whose parents, mentors, idols, peers smoke are more likely to acquire the smoking habit than others.

STUDIES of the death rates and physical complaints among smokers and ex-smokers demonstrate that the longer one stays away from cigarettes, the more closely life-span and general health approach that of those who have never smoked cigarettes.

In men 40-49 years of age, a recent study showed that for those who started smoking under the age of 15, the death rate of 1,859 per 100,000 population. It was 1,741 for those who started smoking between the ages of 15 and 19; 1,347 for those who started smoking between the ages of 20 and 24, and 1,130 per 100,000 for those who started after age 25.

The Gilbert Youth Research Inc., a nation wide research organization, made a survey in 1958, which showed that 33 per cent of American high school students smoked cigarettes. A second survey made by the same group in 1963, showed that the percentage of teen-agers who said they smoked had dropped significantly - to 29 per cent.

Another survey in 1964 indicated a further drop to 17 per cent. "APPARENTLY most of the decline was due to youngsters putting off starting to smoke; it seems, those who once start to smoke, continue to smoke; but beginning to smoke is far less fashionable."

Dr. Mims did some speculating. "The reduction and eventual elimination of cigarette smoking among youngsters could greatly change the whole picture of the nation's health and eliminate many unnecessary premature deaths. This goal would markedly reduce the carnage caused by heart disease, emphysema, lung cancer, and other sites of cancer in years to come.

Perhaps one of the most promising events in the program against smoking among young people as well as adults was the formation last year of the National Interagency Council on Smoking and Health, which is coordinating the education activities of 19 voluntary and governmental agencies involved in the smoking problem.

The Society has developed many tools for its "Teen-Age Smoking Program" and for even younger smokers. In the High School here in Hereford, and also in the Junior High, there has been a mass distribution of the teen-age pamphlet "Shall I

Smoke." Also, two films are being shown to the physical education classes: "Cancer Challenge to Youth," and "To Smoke Or Not To Smoke."

The Society says: "If you don't smoke, don't start. If you do smoke, stop" The Society's promise is, if one never starts smoking, one will not miss it, according to Dr. Mims. The longer you smoke the harder it is to give it up.

Cancer Society Cites Progress In Diagnosis

Is progress being made in the control of cancer?

The Deaf Smith County Unit of the American Cancer Society says statistics show that one-out-of-three stricken with cancer is now being saved. A decade ago one-out-of-four was saved.

"The difference between the rate of one-out-of-four and the rate of one-out-of-three when applied to current cancer incidence amounts to the saving of about 30,000 additional lives each year," Mrs. Armon Lauderback, County Crusade Chairman for Deaf Smith County, said.

A RECENT sample study, the ACS spokesman said, indicates the following advances in cure rates including both men and women: the cure rate was 25 per cent for 1935-49; 29 per cent for 1941-46; and 32 per cent for 1947-51.

The improvement in the cure rate for women is higher than the over-all rate: 29 per cent for 1935-40; 35 per cent for 1941-46; and 35 per cent for 1947-48; and 38 per cent for 1947-51.

"One of the major factors in this increase in the cancer cure rate among women," Mrs. Lauderback said, "is the improvement in the cure rate for uterine cancer. In twenty-five years, the over-all death rate for uterine cancer declined more than 40%. More than half of those with uterine cancer are now being saved.

"Several factors have contributed to the increase in the cure rate for uterine cancer:

"The improvement in the cure rate for women is higher than the over-all rate: 29 per cent for 1935-40; 35 per cent for 1941-46; and 35 per cent for 1947-48; and 38 per cent for 1947-51.

more women are having pelvic examinations and more cancers are being found early when they are most curable; better diagnostic techniques have been developed; methods of treatment have been improved.

"We have reached the point when we believe that if the cell examination for uterine cancer could be applied to all adult women, loss of life from uterine cancer could be virtually eliminated," Mrs. Lauderback said.

"Because of this belief - a belief based on research and experience - the American Cancer Society is urging all women in Hereford to have a pelvic examination, including the cell examination, once a year. It is a simple, painless procedure that can be done in your doctor's office in a short time. Often very early cancer is revealed that can be treated effectively.

"A two-year experimental program of mass testing in Memphis, Tennessee for uterine cancer has indicated the possibilities of vast improvement in the cure rate. It showed a case-finding rate in the community 40 times greater than it was before the project was undertaken.

Among the first 106,000 women having a uterine cancer cell test, 766 cancers of the womb were discovered.

"Half of the cancers found were extremely early and of these 88.3 were wholly unsuspected. The other half were somewhat more advanced, but of this second group, nearly a third of the women were entirely unaware that anything was wrong at the time the disease was detected in them."

There will be a film at the Star Theatre on March 22nd at 2:00 P. M. on Uterine Cancer. The name of the film is "Time and Two Women," and the admission is free. Anyone interested is urged to attend his very informative showing.

Chapter Names Mrs. Straw Head

Mrs. Jack Straw was elected president of Kappa Iota Chapter, Beta Sigma Phi, for next season, an advancement from the vice-president's office, at a meeting in Community Center Tuesday evening. She will succeed Mrs. Harold Kids.

Others to take office at the close of this year are Mrs. Pat Parker, vice president; Mrs. Bobby Shelton, recording secretary; Mrs. Houston Frye, corresponding secretary; Mrs. Wendell Maloney, treasurer; Mrs. John Gilliland, extension officer.

Elected as representatives to BSP City council were Mmes. Max Goforth, Duke Powell, David Hamblen and Kids, with Mrs. Bob Kinsey as alternate. Mrs. Maloney and Mrs. Shelton were hostesses Tuesday evening and served refreshments from a table decorated in the springtime colors of St. Patrick's

Day. Mrs. Jim Bookout was introduced as the program guest. A teacher in Hereford elementary schools, she discussed the new math which is being taught in all grades now.

She explained its basic concepts and asked the chapter members as mothers to encourage their children to understand it even though it is unfamiliar to most parents today.

Plans were made for members to meet at 1 p. m. Sunday at Community Center and leave together for Amarillo, to attend a Little Theatre performance of the Tennessee Williams play, Summer and Smoke.

Present in addition to the officers-elect were Mmes. Pat Cowell, Arliss Edwards, Pat Ferguson, C. D. Fitzgerald, Jerry Fowler, Preston Hagans, Joe Neely and Mike Wilson.

SPRING STYLE MODELS — Fashions for teens and subteens as well as for milady, will be presented in the benefit style show which L'Allegria Club is sponsoring this evening in Hereford Country Club. Tickets will be on sale at the door, priced at one dollar. Two of the younger models are Deann Coison, daughter of the G. D. Coisons, wearing here a crisply pleated skirt and middie by Kate Greenway with a pert turned-up hat of rough straw; and Lynda Jacobsen, showing the new silver look in swimwear, sleek as a mermaid. Over the V-necked suit with cut reminiscent of the 1930's she wears a CPO jacket of the same nylon material. The clothes are from Gaston's Popular Store.

La Plata Club Has Guest Event

Guests shared with La Plata Study Club members a program titled Literature Comes Alive, presented by five Hereford High School students Tuesday evening in the ballroom of Community Center.

Book reviews, a presidential address and dramatic readings were given by the students, Carmen Betzen, Cindy Jones, Gary Paetzold, Kenneth Eastman and Jon David Miller, to make up a program of interesting variety.

They were introduced by Ted Swindle, an English teacher who told how he and Mrs. Ron Jones, speech teacher, were working together in a team-teaching project to make literature a more vivid subject.

Mrs. Jones, Mr. and Mrs. Swindle were among the guests introduced by members at roll call to make up an audience of about 40 persons.

After the program they were served spiced tea, green and white cookies and salted nuts from a table centered with daffodils in a milk glass bowl. Nap-

kens were in St. Patrick's Day motif. Mrs. Bill Michael, club president, poured tea.

Revival Series Scheduled At Avenue Baptist

Avenue Baptist Church will host a week-long series of revival services, beginning Monday and continuing through Sunday, March 27.

Evangelist for the revival will be the Rev. Bob Jenkins, pastor of the Temple Baptist Church of Amarillo.

Services will be held nightly at 7:30 p. m.

Morning worship services will be held at 6:30 a. m. and 9:30 a. m.

The public is cordially invited to attend all services, according to the Rev. Ron Harper, pastor of the church, which is located at 128 N. 25 Mile Avenue.

YHT Tea Honors 'Little Sisters'

Presentation of their Little Sister of the Year, Carol Robbins, was the climax of a tea at which the Young Homemakers of Texas entertained girls of Hereford High School Future Homemakers Chapter Monday evening in the school homemaker-rooms.

Mrs. Clark Andrews, YHT Chapter president, announced the choice of Miss Robbins who has an outstanding record as a home making student, and who will be a senior next year. She presented a gift to the honored student.

Also, a gift was presented to HHS homemaker department.

in which most of the YHT members were students only a few years ago. A handsome cut glass and bronze epergne with candles and fruit was given as a decorative piece for the dining room.

It was used to center the table where refreshments were served to the "little sisters." Mrs. Raymond Gerk and Mrs. Howard Hunter were hostesses, assisted by all the YHT members.

Afterward, Mrs. Tommy Sparkman and Mrs. Larry Dobbs were complimented with a pink-and-blue gift shower.

Other members present were Mmes. Lewis Block, David Brumley, James Dobbs, Layton Sawyer and the chapter advisors, Mrs. J. J. Durham and Mrs. Joe Bradley.

FHA To Honor Hereford Mother

Participation in the meeting of Area I, Future Homemakers of America, at Amarillo this weekend was planned by Hereford High School FHA members at a meeting Monday evening when new officers were elected.

At Amarillo Mrs. Ed Loerwald, a chapter mother here for the past eight years, will be one of three persons granted honorary membership. Only three adults are thus honored in the area each year, and Mrs. Loerwald will be presented at the state meeting next month.

Her daughter, Claudia, was elected president of Chapter I Monday. She is the fifth of Mrs. Loerwald's daughters to serve as a chapter president here.

Wanda Fuhrmann was chosen president of the Royal Rose Chapter. Elected as voting delegates for the area meeting were Anna Johnson, Roberta Albracht and Donna Olson.

Carolyn Boynton of the Hereford Chapter is area historian, and will preside for the first general session of the meeting Saturday morning.

New area officers are to be elected when the House of Delegates meets Friday evening at Tascosa High School. Claudia Loerwald, Lynda Lynch and Edlana Vinson are local nominees for offices.

Miss Boynton is in charge of registration, and with Mrs. J. Durham, HHS homemaker teacher, will assist in conducting a talent show which will be a Friday night entertainment feature. The HHS Stage Band will be program guests Saturday morning, playing just before the lunch hour.

Retha Kelly, Jana Cole, Ann Mercer, Jane Wilhelm and Miss Boynton are Hereford members who will be recognized at the area level as state FHA degree winners.

A choir made up of members from over the area, directed by James D. Gram, associate professor of Music at Wayland College, will sing Friday afternoon. Members from Hereford are Judy Hollingsworth, Jan Turrentine, Connie Bryant, Susan White, Margaret Adams, Misses Cole, Olson and Wilhelm.

Others who plan to go from HHS are Charlotte Hill, Kandi Hill, Billie Goetsch, Deborah Rickman, Judy Ward, Christi Loerwald, Ann Priddy, Karen Walker, Lanny Buck, Renette Hubble, Terry Townsend, Sharon Lamm, Shirley Simpson, Pat-sy Bowers, Sharon Garrison, Teresa Parba, Glenda Landers, Susan Bradley, Sharon Hagans and Rita Anderson.

The homemaker teachers, Mrs. Frank Prowell, Mrs. Joe Bradley and Mrs. Durham, will accompany them, as will Mmes. O. G. Hill Jr., Alton Hollingsworth, George Olson, Ed Loerwald, Floyd Cole and James Mercer.

Officers elected by Chapter I Monday evening, in addition to

the president, are Susan Price, Carol Robbins, Judy Hollingsworth, Jan Turrentine and Lynda Lynch, vice presidents; Jane Witkowski, secretary; Anna Johnson, corresponding secretary; Christi Loerwald, treasurer; Joyce Bezner, historian; Donna Olson, pianist; Kandi Hill, parliamentarian.

Club Hears Australian Travel Talk

Travel to "the land down under," Australia and New Zealand, was described for Progressive Home Demonstration Club members Tuesday afternoon by Mrs. N. D. Bartlett who with her husband spent several weeks on a trip this winter.

The Bartletts recently returned by way of Hong Kong, Manila and Japan, and Mrs. Bartlett recounted some events of each stop, showing slides of the friendly people, the cities and homes of Australia.

Mrs. Floyd McGee was hostess in First National Community Room. Each member named the foreign country she would most like to visit, at roll call. Mrs. Dale Hallows presided as committee reports were made. Mrs. Dean Stallings led the opening exercise and Mrs. H. L. Hershey the recreation period.

Others present were Mmes. Tom Morgan, Taft McGee, T. J. Parsons, Charles Gresham, E. C. Hammett and Pete Carmichael. The next meeting, on April 5, will be with Mrs. Taft McGee.

Hereford Man's Mother Is Dead

Funeral services in Perryton for Mrs. Grace E. Kent, mother of Lee Kent of Hereford, were conducted Wednesday afternoon and burial was in Ochiltree Cemetery.

Mrs. Kent, 82, died in a convalescent home at Amarillo, and has been a resident of that city the past 20 years, but formerly lived in Perryton. She is survived by a daughter, two sons, six grandchildren and nine great-grandchildren.

Look Who's New

Mr. and Mrs. George R. Rowe are the parents of a daughter, Gayla Evelyn, born March 15. She weighed 6 lbs. 5 ozs.

Mr. and Mrs. Bobby S. Sims are the parents of a daughter, Vanessa, born March 14. She weighed 7 lbs. 11 ozs.

Mr. and Mrs. Silvestre G. Trevino are the parents of a son, Ricardo Gonzales, born March 14. He weighed 7 lbs. 6 ozs.

Mr. and Mrs. Roy L. Carter are the parents of a daughter, Charlotte Ann, born March 12. She weighed 6 lbs. 11 ozs.

RELATIVES VISIT

We wish to extend our sincere appreciation to everyone who has been so kind during the illness and at the loss of our father and grandfather. Mr. and Mrs. Carl Last and family

Club Hears Review Of Historical Novel

Set in the most splendid period of the Roman Empire, a novel by Taylor Caldwell, Pillar of Iron, was reviewed by Mrs. Ansel McDowell for Calliopean Club members at a recent meeting in Mrs. B. F. Cain's home. A fictionalized account of a period in the life of Cicero, the book presents a picture of the Rome of Caesar and Pompey. Mrs. McDowell evoked the drama of its setting as well as the character study which is an integral part of the novel.

She quoted the author, "Any resemblance between the Republics of Rome and of the United States is purely historical." Mrs. McDowell, whose book reviews are in demand for programs in this area, is a Calliopean Club member.

The hostess served refreshments to a guest, Mrs. T. E. Braddy, and 18 club members.

Small Talk

By SUE COLEMAN
 Women's Editor

It isn't the forsythia blooms breaking out in pale gold, or the two black butterflies fluttering around the front door, or the really green color coming back into the evergreens, or even a whole row of hyacinths blooming purple on the south side of a building.

All those are good spring-is-here signs, but mine is better. Spring fever!

OF COURSE THERE are other things, like Nell Cuipepper strolling into the office in a patriotic-colored ensemble, scarlet sweater and shoes with a blue-and-white plaid dress and blue purse, a color combination that always looks fresh as a daffodil.

And real daffodils, massed in a bouquet on the table at the Hereford Garden Club's program the other evening. Mrs. Ben Childers, pouring coffee, looked like part of the table decorations. She wore a sheath of pastel gold-green, a difficult shade for most people to wear, but most becoming to her fair skin and burnished bronze hair.

WHEN MENTION was made a few weeks ago of the probability that violin instructors would be in demand here since the public schools are working toward an orchestra, I didn't know the National Federation of Music Clubs designates a period each year as a Crusade for Strings.

Mrs. Steve Bavousett, president of Dawn Music Club, tells me about it, and says Mrs. Craig H. Stone of Amarillo is the district chairman. Furthermore, she says Mrs. Stone has notified the Dawn Club that she will arrange class instruction in strings for pupils desiring it.

Mrs. Stone, who formerly taught music in Amarillo schools holds a masters degree in music and has been a violinist with the Amarillo Symphony, advocates group instruction for beginners in small classes.

Mrs. Bavousett says that anyone interested in violin, viola, cello or string bass instruction may get more information by writing Mrs. Stone at 2808 Barbara Lane, Amarillo.

Sorrells Thursday night for 42 games.

Debbie Sorrells celebrated her tenth birthday with a party at Walcott School March 4, and a slumber party at her home the next night. Guests were Sharon White, Cindy Coleman, Kerry Hall and Yvonne Duggan. Her mother took the girls to Hereford for a movie Saturday afternoon.

Mrs. Elwyn Hartman of Rea visited her daughter, Mrs. Elmer Northcutt, last week.

Mr. and Mrs. Elmer Northcutt attended the funeral of James Fryer at Broadview, N. M., Friday afternoon.

Kenneth Duncan and children and the Frank Ford Jr. family, all of Hereford, were guests of the John Jones Saturday afternoon.

Mr. and Mrs. Ernest Brown, Barbara and Dennis, and Mrs. N. A. Brown visited in the Roy Potts home at Bellview, N. M., Sunday.

Mrs. M. C. Kelly of Mesa, Ariz., visited her sister, Mrs. G. E. Pinkerton, Thursday.

Mr. and Mrs. J. E. Sorrells, Linda and Debbie recently spent a day in Amarillo with Mrs. Sorrells' mother, Mrs. I. D. Fisher, on her 89th birthday. Mrs. Fisher was in a hospital, but has since returned home.

Mr. and Mrs. J. E. Sorrells were in Clovis, N. M., on business Monday.

Mr. and Mrs. S. N. Thweatt were in Clovis Tuesday to sell some cattle.

Mrs. Cecil Cowell of Los Angeles is visiting her mother, Mrs. Jessie King, of Rosedale, N. M. and other relatives in this vicinity. With Mrs. Eldred Brown, they visited Mrs. Billie Brown in West Gate Hospital at Hereford Saturday.

Frank Ford Sr. was a patient in a Lubbock hospital the first of the week.

LOOTERS MISS THE LOOT?

ENNA, Sicily — The Sicilian superintendency of antiquities has authorized new excavations at Montagna Di Marzo — Mountain of March. Scientists want to see whether grave looters who illegally dug up 2,500 ancient tombs there many years ago may have overlooked other finds of archaeological value.

Mrs. J. E. Sorrells was hostess at a 42 party Saturday evening, when Messenger H. D. Club members entertained their husbands and other guests. Attending were Messrs. and Mmes. S. N. Thweatt, John Jones, Elmer Northcutt, W. T. Kiser of Hereford, and Sorrells.

Mr. and Mrs. Thomas L. Collins and Miss Paula Green of Canyon visited Mr. and Mrs. S. N. Thweatt Sunday afternoon, and also visited teachers at Walcott School.

Mr. and Mrs. James Roy Coleman and family are moving from Amarillo to Hereford, where he is employed with Bravo Smokes.

Music Club Sets Student Award

A cash award to assist in the further musical education of a 1966 Hereford High School graduate is announced by the Music Study Club, which Monday evening named a committee to select the recipient.

The Monday meeting was in the high school choir room, where a number of guests joined members to hear an International Day program of songs by HHS Acappella Choir and Girl's Choir, both directed by Richard Jackson.

Mrs. Eugene Brink was appointed chairman of the selection committee for the award, which the club plans to make annually. The cash grant will apply on expenses of music study for a graduate who will choose music as a college major.

Also on the committee are Mrs. Paul Lyons and Mrs. Lowell Sharp. Nominees for the award have been made by high school choir and band directors. Mrs. Bill Bradley presided for

the brief business period Monday evening and welcomed guests. Mrs. A. O. Thompson introduced Jackson and the choir members, whose program featured selections they will sing in spring interscholastic contests.

The Girls' Choir, with members dressed in bouffant pink skirts and maroon velvet bodices, sang Come Holy Spirit, by Bach; excerpts from Benjamin Brittain's Ceremony of Carols, and, from the musical comedy Mary Poppins, Supercalifragilistic. Kathy Fooks was accompanist.

Numbers by the Acappella Choir were The Words of Mary, by Victoria; Grieg's choral piece How Fair Is Thy Face, with Jimmy Allison as soloist; Ye Shall Have a Song, by Thompson, and a gay medley from the musical Oklahoma Cheryl Williams played piano accompaniment for the last number.

Club members planned to assist as hostesses for the final luncheon for the Top of Texas Federated Club convention here next week. Music Study Club is affiliated with Deaf Smith County Federation of Women's clubs which is the luncheon hostess group.

ATTEND CONCERT

Mr. and Mrs. Cawthon Bryant and son, John David, went to Amarillo Monday evening for the concert presented by pianist Liberace. Miss Della Roderick of Amarillo accompanied them to the program.

Tourism Spiral Continues In State Of Texas

AUSTIN — A preliminary Travel Industry Report by the Texas Highway Department reveals its Tourist Information Centers played host to a record 753,350 travelers last year. This total is an impressive 133,000 greater or a 17% increase over 1964.

The Department's information centers are located at key points-of-entry and in the rotunda of the State Capitol in Austin to provide professional travel counseling to the public. Visitors are provided with current travel information, literature on points of interest, travel maps and information about Texas' attractions. Current road condition reports are also available to motorists stopping at the centers.

THE IMPORTANCE of the travel industry to the State's economy has long been recognized by the Texas Highway Department. Through its Travel and Informagim Division it strives to bring visitors to Texas in ever increasing numbers. This is accompanied by publicizing the State's many attractions and providing information and description literature to prospective visitors.

Last year alone, the Travel and Information Division, in addition to assisting 3/4 million visitors in its Tourist Information Bureaus, also received and processed 224,092 mail inquiries for information and literature on Texas. Of this number 16% or 35,574 were coupons received by the Texas Tourist Development Agency as a result of its media advertising program.

A RECORD 3,575,000 pieces of travel materials were distributed by the Travel and Information Division during 1965. Of this total, 2,000,000 were published by the Texas Highway Department and the rest provided by chambers of commerce and allied groups.

The Department points out that businesses catering to the basic needs of the traveler are the first to feel the impact of the travel dollar. However, every segment of the Texas economy soon benefits as the dollars flow throughout the State in a demand for more services, supplies and labor.

The Department is presently

completing its annual Travel Industry Survey which is scheduled for publication within a few weeks. Preliminary indications point to 1965 as a record year for the industry which many feel

is destined to become one of the State's leading, if not top, industries.

Rep. Rogers Reports

Irish Clans And Others Meet Mar. 17

Just below the last escarpment of the Rocky Mountains in the great Panhandle Plains country of Texas, lies an Emerald Isle. Its name is Shamrock (Texas, that is). Every year on March 17th there is a tremendous gathering of the clan (spelled, of course, with a "c") — The O'Tooles, the O'Shaughnessys, the O'Worleys, the O'Bonsteins, the O'Pavlovskys, the O'Garmons, the O'Pakans, the O'Macinas, the O'Torgersons, the O'Lewis, the O'Lummes, the O'Adkins, the O'Joneses, the O'Zeiglers, the O'Wedons, the O'LeBlancs, the O'Rogerses, the O'Byans, and the O'Kellys, just to name a few of the most Irish-sounding names. It makes no difference whether you are Jew or Gentile, Mohammedan or Christian, green, pink, black, or white, on March 17th in Shamrock, Texas, you're Irish, and you'd better believe it.

Anything might happen and usually does, but whatever it is, the color of it will be green, whether it be a horse and rider in the parade or the stew at the local cafe. On this day, the crowds that gather at Shamrock will do most anything with in the law short of blowing up Lord Nelson's monument, and they might even do this if they

Six Flags Open Soon

Six Flags Over Texas, the 115-acre theme amusement park located in Arlington, Texas, midway between Dallas and Fort Worth, will open its 1966 season on Friday, April 15 at 2 p. m.

The announcement came from Angus C. Wynne, Jr., president of Great Southwest Corporation, owner operators of Six Flags, which will be celebrating its fifth anniversary this year.

During the spring season (April 15-May 27) the park will be in operation on Friday afternoon and all day Saturday and Sunday. Beginning May 28 and extending throughout the summer months until September 5 (Labor Day), Six Flags will be open seven days a week from 10 a. m. to 10 p. m. Following September 5 until closing day, November 27, the park will be in operation on Saturdays and Sundays only.

Six Flags, which was built at a cost of \$10,000,000, has attracted over 6.5 million visitors from all over the United States since opening in 1961. This figure includes the record 1,713,000 visitors last year.

The Texas Tourist Development Agency now ranks Six Flags Over Texas as the most popular single tourist attraction in the Lone Star State.

had one. The wit and charm which permeate the air would equal what one could hear in any celebration in the Old Country, and there are plenty of snappy comebacks — like the one where the waitress was asked by a customer if the glass of milk was fresh. She replied, "If it was any fresher, it'd be grass."

AND THERE are plenty of Irish jokes, like the one about the Irishman who walked into the bar one morning with a bulge in his pocket. The bartender said, "MacGillicuddy, what is it you have in your pocket?" MacGillicuddy replied, "A stick of dynamite." "And what," said the bartender, "are you going to do with it?" To which MacGillicuddy replied, "Every day when O'Houlihan sees me he belts me in the side and breaks me pipe. Today, I'm telling you, he's goin' to blow his hand off."

Or the one about the widow whose husband had fallen into the river and drowned. The insurance company gave her a fortune of 10,000 pounds. A friend, consoling the widow, said "Poor Paddy, he was a fine man, even though he never did learn how to read nor to write." The widow interrupted her weeping to reply, "Nor how to swim; thanks be to God."

And then there's the one about the Irish nobleman who was suspected of being in the IRA. The British regiment invaded his castle and literally ransacked it looking for him or some evidence. As the soldiers were leaving empty-handed, the Irish butler said to them, "Whom shall I say called?"

AND THEN there's the one about the will contest. The contestants claimed that the deceased's signature had been forged. The opposing counsel said that the testament was signed while the deceased was on his death bed and "while he still had life in him." To which the contestants' counsel replied, "Yes, he had a fly in his mouth."

And, of course, the one about the errant Irishman whose life had not been entirely sinless, who was about to depart this life and was being given the last rites by the Father, who said, "And, Pat, do you renounce the Devil and all his works?" To which Pat replied, "Father, the shape I'm in, I'm in no position to offend anyone."

It is a well-known fact that

Film On Cancer Is Shown For Young HD Club

Mrs. Armon Lauderback, chairman of Dear Smith County Unit of the American Cancer Society, presented a film on self-examination to detect breast cancer, at the meeting of Young Homemakers Home Demonstration club Tuesday morning in First National Community Room Mrs. John Hammett was hostess.

Dr. Howard Johnson was also a program guest, who explained the film's warning about neglect of cancer symptoms, and answered questions.

Mrs. Huey Lowrie spoke afterward, on Control of Litter. She said the nation's annual bill for litter removal amounts to \$500,000,000; and stressed the duty of every citizen to keep his own property clean and to avoid littering public places.

The next club meeting was set for 9:30 a. m. April 5 in the Community Room.

Other members present were Mmes. Jesse Jackson, Bell Page Lloyd Smith, Leroy Burges and Carl Armstrong.

the Irish can do more with work than a crooked confidence man with three walnut shells and a dried pea. It is said that the average European has a vocabulary of approximately 500 words, while the Irish employ at least 5,000 in their everyday conversation. It isn't always the words but the way they put them together and the meaning that comes out. An example of this is my favorite Irish toast, "May you be in Heaven one hour before the Devil knows you're dead."

The Hereford Brand, Hereford, Texas, Thursday, Mar. 17, 1966. So, if you want a real taste of Ireland, you can get it without resorting to the method suggested by the Irish tourist attendant when the Englishman asked her the cheapest way to get to Ireland. Her reply: "Swim." You can get to Ireland by walking, riding, or flying, if you will go to Shamrock, Texas, on March 17th of any year. WALTER ROGERS MEMBER OF CONGRESS 18 TH DISTRICT OF TEXAS

Camp Fire Girls Set Open House

Camp Fire Girls of Hereford invite all their friends to open house Saturday in the Camp Fire Hut, corner Ninth and Park Ave., to launch the observance of Camp Fire Birthday Week.

The 26 members of the CFG Leaders Association will be hostesses at the hut from 11 a. m. to 5 p. m. Mrs. Ernest Langley is chairman of the association.

Displays of work from the various Camp Fire, Bluebird and Horizon Club groups of the city, who comprise the different age divisions, are being arranged at the hut to show visitors during open house hours.

Also on view will be literature and posters depicting the whole program of Camp Fire Girls in America. Tea will be served to callers.

The public is urged to visit the hut and see the displays, announces Mrs. Philip Barkley, administrative secretary of the Local Camp Fire Council.

Downtown store windows will feature displays during next week in another phase of the birthday observance.

On Camp Fire Sunday, March 20, the girls will attend church in groups, each group to decide where it will go.

Essay Contest Winners Named

Winner of first place in an essay contest sponsored by Tierra Blanca Soil and Water Conservation District is Patsy Paetzold. Second place went to Gerald Paetzold and third to Carol Ann Turrentine.

All three are students at St. Anthony's School. The essays concerned the importance of soil and water conservation.

HD Agent Attends State THEA Meeting

Dallas — Mrs. Argen Draper of Hereford joined nearly 500 home economists attending the Texas Home Economics Association Convention at the Statler Hilton Hotel, March 11-12. The members of the Texas Home Economics Association are college and high school teachers, home demonstration agents and 4-H Club leaders, home economists in business, home economists in homemaking, and dietitians for schools and hospitals.

Mr. Draper was particularly interested in the Holly Sugar display, which featured the only sugar grown and manufactured in Texas.

Holly's multi-million dollar Merrill E. Shoup plant at Hereford, now in its second year of operation, produced over 1,300,000 hundred-pound bags of sugar during its first year of operation in 1964, and it is expected that production will be increased for the 1965-66 campaign. The average slice at the Shoup plant exceeded 6,000 tons of sugar beets per day.

The Hereford plant produces a variety of liquid, bulk and packaged sugars for industrial and home use throughout the southwest. Beets for the Here-

AT CONVENTION — Mrs. Argen Draper Cliff Mulder at Texas Home Economics Association Convention in Dallas.

OBSERVE SPECIAL WEEK — Among girls of the Camp Fire program in Hereford who will celebrate Camp Fire Birthday Week beginning Saturday are these from Shat-U-Aya Horizon Club, the high school branch of the girls' organization. Open house at the Camp Fire Hut Saturday from 11 a. m. to 6 p. m. will begin the week. In this group, with books collected for youngsters at the Labo: Camp, are, seated, Theresa Robinson and Jan Scott; standing from left, Mary Stoy and Cathy Young, wearing colorful ceremonial jackets, Susan Ballard and Camille Pavlicek.

STILMEADOW COOK BOOK

Anybody can cook if he really wants to — and cooking can be fun. So says Gladys Taber in her new cook book of recipes. The title is Gladys Taber's Stillmeadow Cook Book. "Everyone who has read and enjoyed her Stillmeadow books in the past will want to read her latest. It is now on the non-fiction shelf of Deaf Smith County Library.

When we had completed reading it we were reminded of the following quotation: "We may live without friends, we may live without books. But civilized man cannot live without cooks."

THE BOOK came up to our expectations in recipes, old and new. She has used and tested them all, adapted and improvised on some, and included some of her own originals.

Some of the most helpful hints she has given us, is the preparation ahead of time when expecting guests. And for an unexpected company she has a

special shelf of quickly prepared foods, along with reserve foods in the deep freeze.

The book is indexed from Appetizers to Spices rather than the usual Soup to Nuts. Appetizers should remain simple if they precede a meal and more elaborate if they are served at a party.

THIS RULE applies to soups and salads with meals or if they are to be used as a complete meal. Soups must be served very hot, or, if cold, ice cold. Salads should always be cold and crisp and served on cold plates, although she prefers small bowls.

Under recipes for eggs and cheese she stresses freshness of both for best results. This also applies to fish. The freshest fish is the one you have just caught. So cook him right there if possible.

Although she lives near the New England coast she states when she needs a pick-up physically there is nothing like a big steak.

Vegetables are the most poorly prepared and neglected of all foods on our tables today and are especially poorly prepared in restaurants. If we would cook this food with imagination we could convert people who hate vegetables. She gives many fine examples of how to do this.

Although she does not care for desserts, she does give some substitutes in the way of preparing fruit to take their place. These can also be used for people who are on sugarless diets.

We do agree with her that cooking is an adventure and fun

—Corinne J. Neely

Guest Shows Hair Styles In RHV Club

Mrs. Ralph Beatty was the guest speaker introduced by Mrs. Bill Roberts at a recent meeting of Rural Home Variety Club in Mrs. Bryce Finley's home. The topic was New Hair Styles.

Flattery to the face is the one aim of a hair style, Mrs. Beatty said, and the basis of a style is good cutting and shaping. She used a wig belonging to one of the club members, trying it on that member and two others to show its effect on different faces.

Hair should be clean before setting, she said, discussing types of shampoos, rinses and tints. She combed Mrs. Bill Roberts' hair, which she had set earlier, then rolled and combed Mrs. Woodrow Dutton's, showing how to back-comb and arrange the hair.

A gift from the club was presented to Mrs. Beatty. Mrs. Boyd Foster presided for business. The next club meeting, a fifth-Thursday salad luncheon, will be in her home March 31 with Mrs. Jack Coleman as co-hostess. Mrs. Edwin Axe will show a film from the American Cancer Society.

Others present were Mmes. Maude Howe, Fred Boren, Arthur Howe, Dale Hallows, Davis Sawyer, Clancy Worthan and Cliff Hutson.

LET'S COOK SOMETHING!

Real German Favorite

By SUE COLEMAN
Women's Editor

"Some people like more sugar, some more vinegar or spices, so this recipe calls for more or less of some ingredients and it can be changed to suit the taste," Mrs. Thomas Christ explained as she gave her version of a famous German dish, sauerbraten.

MRS. CHRIST and her family have lived in the United States less than two years and she cooks many of the traditional foods of their native Germany for her husband and two sons. This recipe she translated from a German "School Cookbook," which she said gives recipes in simple form.

Principal task of the translation was changing the European decimal-system measurements into our familiar cupful and spoonful.

Although some Americans when they learn that two or three days are required to prepare sauerbraten, the dish is not complicated and most of the time passes with the meat in a marinade, requiring no more attention than an occasional turn.

Here is Mrs. Christ's recipe:
GERMAN SAUERBRATEN
3-pound rump or Pikes Peak roast

Marinade made of 1 onion, 1 or 2 cups vinegar, 1 or 2 cups water, 4 pods black pepper, 2 whole cloves and 2 bay leaves.

Place meat in a large bowl, and enough marinade to cover meat, cover tightly. Place in the refrigerator and let stand 2 or 3 days, turning occasionally.

Remove meat, dry on paper towel, brown uncovered in 1 tbs hot fat on all sides, then salt to taste. Add 1 cup of the marinade, cover and cook slowly 3 or 4 hours or until tender. Turning occasionally. Add more marinade if necessary.

When meat is done, remove and arrange on a warm platter.

Blend 1 or 2 tbs. cornstarch with 8 gingersnaps, crumbled finely, and 1 cup sweet cream. Add to the gravy in the pan and cook until thickened. Season with brown sugar to taste.

Serve meat and gravy with noodles or whipped potatoes. This recipe makes four to six servings.

THE CHRISTS CAME to Hereford in August, 1964, a few months after their arrival in the United States. They came because they thought opportunities in this country would be better for themselves and their sons.

Two of Mrs. Christ's sisters, already in America, sponsored their entry into the country. Her mother came with them, but returned to Germany. One sister lives at Clovis, the other in New Jersey.

Their home was in Ansbach, a city of some 45,000 near Nuremberg. Both grew up and attended school there, and Christ worked as a lineman for a power company. After college study in a nearby city, Mrs. Christ had worked as a secretary and also for a time was employed by the American government as a bookkeeper at a military supply point.

HERE SHE SERVES as manager of the Thunderbird Apartments; where the family lives, while her husband is employed with an electrical contracting firm. The boys are Robert, 5, in kindergarten this year, and Norbert, who will be 3 years old next month.

Differences between her home here and in Germany which most impressed Mrs. Christ are the lack of trees in the countryside here, and the summer heat.

Also she was surprised when she learned there were 29 churches in Hereford, of varied denominations, when her larger home city boasted only three, two Lutheran and one Catholic.

Other denominations are practically unknown in Germany, she says. The Christs attend Immanuel Lutheran Church here.

They like to ski, swim and dance, recreation they enjoyed as they grew up, and Mrs. Christ misses the forest at the city's edge where she could hike and picnic.

There are compensations here, though, and she is like most Hereford newcomers in praising the city's friendliness. For her the warmer, dry winters make up for the hot summers and even for the springtime dust.

Catholic Women Will Meet Here For Deanery Session March 30th

Catholic Women of the Plainview Deanery will convene at St. Anthony's Church here March 30, with women of the Bovina Parish as hostesses, it was announced at a recent meeting of St. Anthony's Parish Council.

Mrs. Werner Koelzer, president, announced that Bishop Lawrence DeFalco of Amarillo will celebrate the jubilee mass during the meeting, and there will be workshops on Youth, Public Relations, Rural Life and the Order of Martha.

Delegates who will officially represent the Hereford Council are Mmes. Leander Reinart, Ed Schillings, Alfred Reinart and Alfred Husemann. Catholic parishes in several nearby counties are included in the Plainview Deanery.

Book Review On Program

Review of a book titled *Hands*, by Mary Katherine Smith, was presented by Mrs. Bernard Robertson as the program at a luncheon meeting of the Past Matrons Club of Hereford Eastern Star Chapter Monday.

The author is a past Grand Matron of the Eastern Star in Texas. The review was given at the club's quarterly luncheon in the Red Rooster Cafe. The next meeting will be on June 13.

Places were laid Monday for Mmes. Pearl Gass, Vern Witherpoon, L. C. Thomas, Lee Curry, C. P. Worthan, Nora Lawhon, Vivian Major, Charlie Noland, Alex O. Thompson, W. C. Hromas, O. G. Hill Sr., A. L. Manjeot, H. L. Hershey and Robertson.

Mrs. Tom Draper, Deaf Smith County Home Demonstration Agent, was the program guest at the Council meeting. She spoke on care of yards, saying that each person should decide how much time he can put into a yard and how much help is available, then "plant to suit yourself and give it loving care."

She advised planning home landscapes to fit the family, its needs and tastes, and she gave some basic pointers in yard planning.

Application cards were completed by members who will attend the Leadership Workshop in Community Center next week, a training course sponsored by Hereford Business and Professional Women's Club to give practical help to officers, committee workers and members of all types of organizations.

Hostesses, Mmes. C. T. Guseman, Owen Seamonds, Ray Wilhelm and Leo Witkowski, served refreshments to Mrs. Draper and 30 members. Mrs. Walt Warper received the door prize.

Mrs. Vinson Is Shower Honoree

Five hostesses entertained in Mrs. Ed DeLozier's home Monday afternoon with a layette shower honoring Mrs. Troy Vinson. Mmes. Lewis Lea, Bruce Coleman, Albert Cherry and Ben Cooper were co-hostesses.

Gift packages were heaped about a large stork figure on a table appointed in pink and blue. A series of games were played after tea was served.

Guests included Mmes. Bob Lohr, Bob Viegel, Dick Kendrick, Buri Fish, Holloway, Don Haynes, John Meador, Gene Brink, Clyde Wilson and Robert Hickman.

DISCUSS READING — Discussing points to cover in a teachers' reading workshop conducted here are Hereford schools superintendent Johnny Clark Jr., Miss Dorothy Filgo, reading consultant from Texas Tech, and Roy Hartman, district director for the Panhandle Educational Services Organization (PESO). (Staff Photo)

AT TEACHERS' WORKSHOP

Importance Of Reading Program Studied Here

For the second time within a month, Hereford primary teachers met Monday for a reading workshop, conducted by Miss Dorothy Filgo. The reading consultant is associated with Texas Technological College, Lubbock. Monday afternoon's session dealt with specific areas the teachers will encounter next fall when they begin using the revised McKee-Durr basal reading program. The earlier meeting dealt with reading principles in general.

Supplemental materials, designed to strengthen children in phonics, understanding, and reading enjoyment were stressed by Miss Filgo as being a major part of supplementary readers in grades 1-3 have been adopted along with basal readers and will be in use this fall. During this week, book displays may be seen in some of the elementary buildings in Hereford, principals said.

"CHILDREN NEED FREE choice of library books and some time to enjoy them," Miss Filgo said. "Pleasure plays an important part in the learning of reading."

To enjoy reading, the consultant said, a child must have a good feeling about himself, his school, his teacher and his home as well as materials available

that he is academically equipped to handle. This gives Hereford teachers a challenge in assisting the Spanish children to have self-respect while they are being taught a new language and changes in their culture necessary for adjustment in the local way of life.

DURING A BREAK in session, Johnny Clark Jr., Superintendent, who presided at the meeting, said that he would like to stress the idea being developed by Miss Filgo that each child have some type of individual attention and be made to feel that he is a worthwhile individual.

After the workshop, administrators discussed follow-up study. Principals decided to discuss and informally evaluate

with the teachers the follow-up needs. Miss Filgo commented at the planning session that "A good look at the (reading) program will make for growth and understanding throughout the system."

PRIOR TO THE MEETING; Miss Filgo visited areas of the town and observed an actual classroom situation as part of her plan to assist Hereford teachers in meeting some of their specific problems. One of the major problem areas — that of teaching children whose first language is Spanish — was under consideration by the consultant.

At one point in her discussion, Miss Filgo congratulated the school board, several of whom were present at the workshop, on the selection of the particular series of readers adopted for use in Hereford for next year.

SHE GAVE TWO REASONS for considering the McKee-Durr texts as a wise choice for this system. First, the strong need for a program incorporating a good language readiness program and a program strong on phonetic principles.

"The basic assumption of most reading programs," she said, is that the child has a speaking vocabulary (in English) as yours. She explained the purpose of a basal reading program as being first, designed to make an independent reader — ideally a child independent of his present teacher, his parents and his next year's teacher, in using written material. A second goal is to build a strong and continuing interest in a wide variety of reading.

"The series you will be using will introduce 18 consonant sounds with word association before the children even begin to attempt actual reading," she said.

SHE URGED TEACHERS to use their manuals and teacher's guides since these have been carefully written by experts and tried and tested in classrooms. She mentioned some of the strong points in reading methods such as Economy's voiced, and voiceless consonant instruction, and McKee's guided questioning for understanding.

During the afternoon, she outlined the basic steps the teachers would be developing as they teach a day's reading lesson. Word attack and understanding will be stressed in several ways, she explained.

AT HALFWAY FOUNDATION

Grain Sorghum Varieties Tested

Fifty-three grain sorghum varieties and hybrids were included in the Official High Plains Test under optimum irrigation at the High Plains Research Foundation in 1965.

Dr. Earl Collier, Executive Vice-President of the Foundation in releasing the research data for publication said, "this test was conducted as a part of the Foundation's continuing efforts to determine the grain sorghum hybrids best adapted to the particular type of irrigation practiced in the High Plains of Texas."

Howard Malstrom, Associate

Soil Scientist, who conducted the tests in 1965, reported that the grain yields varied from a high of 7,237 pounds per acre to a low of 5,710 pounds per acre, with an average yield of the 53 entries at 6,582.

THE RELATIVELY narrow yield range of 1,503 pounds per acre was due to the initiation of a limited irrigation test of 35 varieties and hybrids in 1965 in which many of the shorter-season hybrids were included.

Twenty grain sorghum hybrids and varieties were included in both the optimum and limited irrigation tests in 1965. A total of 76 different hybrids and varieties were used in both

of the Official High Plains Tests. The five-year average yield of the six top hybrids ranged from a high of 7,237 to a low of 6,966 pounds per acre. These hybrids were Lindsey 788, Excel B52, TE 77, NK 310, PAG 665, Apache, and Texas 660. An average yield over a period of years is a more accurate evaluation of a hybrid than one year since it encompasses many variations in climatic conditions.

In the 1965 optimum irrigation test all 53 hybrids were planted on May 18, on land that had been planted to soybeans in 1964. All entries were given a pre-plant fertilization of 124 pounds of 11-48-0 per acre, and a side-

dress application of 80 pounds of nitrogen from anhydrous ammonia on June 30.

A TOTAL of 18.96 inches of irrigation was applied as follows pre-plant April 12, 6 inches; July 4, 3.98 inches; July 17, 4.37 inches, and August 20, 4.61 inches. Rainfall received between May 1 and October 1 amounted to 12.83 inches. The distribution in inches was as follows: May, 1.30; June 6.53; July, 0.70; August, 1.50; and September, 2.80. The total amount of water received from rainfall and irrigation was 31.79 inches.

The complete record on the Official High Plains Test under optimum irrigation is in report

No. 163 of the Foundation's 1965 Annual Research Report Book. This report gives the average yield of all varieties tested in the past five years at the Foundation, at Halfway. It also includes agronomic data for 1965, such as plant height, percent stand, percent lodging, head length, exertion, head compactness, early vigor, bloom data, and percent moisture in the grain at harvest.

Also shown is the crude protein, crude fat, and mineral matter for each of the 53 hybrids. These chemical analyses were conducted by Mr. Foster Yeager of the Harvest Queen Mill and Elevator, Plainview, Texas.
